## 2022 Pocket Exhibition

**Theme: "Surviving COVID"**

- First Place Youth Category Winner:  
Khushi Kolti  
"We Are All In This Together"  
My artwork shows that to survive COVID-19 and find a vaccine that will help all of us, we need to work together: the doctors, government, and scientists trying to solve the issue, while people like us staying at home & staying safe.

## 2022 Pocket Exhibition

Theme: "Surviving COVID"

- Second Place:  
Mythili Kattapalli  
"Trapped"

This art reflects my feelings and emotions in 2020. I felt trapped by Covid-19, lightning, gusty winds, wildfires, evacuation orders and multiple earthquakes. Life was uncertain with all these around and I was disturbed emotionally. Nature is always beautiful, but we cannot stand against its wrath. In spite of the dangers around I felt safe and comfortable at home with my family.

## 2022 Pocket Exhibition

Theme: "Surviving COVID"

- Honorable Mention:  
Bennett Roth-Newell  
"When The Party Goes Away"  
(spoken word/mp3)

Are we really that excited to go back to packed malls?  
 Are we really still craving to be out 'til last call?  
 It might have been your jump-off back in the day  
 But that vibe ain't lit when the party goes away...  
 Board meetings on Zoom  
 Kickin' it via Google  
 If these are the only options, then resistance would be futile  
 Since any social gatherings met with disapproval  
 If you're not falling in line that might call for your removal...  
 All my 1099 folks wondering when the gigs will come back  
 It's looking like we'll have to pivot and revamp  
 Since the ways we were used to ain't returning in a hurry...

- Requires partnership between a local government entity (City of Santa Clara) & nonprofit organization
- Identified SCU as potential partner, but now waiting for new SCU President to review and commit resources to draft the grant application
