Please accept the study and select the BPAC-recommended design concept. I would also like to see ADA compliant sidewalks implemented along this entire corridor even though that was not part of the study for some reason. Currently, there are sections with substandard or missing sidewalks. The street is wide enough to have good sidewalks.

Agenda Item: eComments for 6. 24-515 Action on Resolutions Accepting the De La Cruz Boulevard/Coleman Avenue Bikeway Planning Study, Selecting a Preferred Design Concept and, as Appropriate, Taking Related Actions Regarding Parking and Curb Modifications

Please accept the study and select the BPAC-recommended design concept. This corridor is a critical part of Santa Clara bicyclists' access to parts of San Jose north and east of the airport, including the Guadeloupe Trail.
