Subject: Cultural Commission

Hi Folks,

It's with great sadness that I must say goodbye to the Cultural Commission and Santa Clara. I've accepted a new position for work in Southern California, and I am in the throes of moving. I'll miss your energy and support for all things art and culture in this great city. My hope is to return to the Bay Area within a few years, so you've not seen the last of me. In the meantime, I'll keep tabs on arts and cultural progress, I wish you all the best success. It's been an honor serving with you, thank you for the opportunity.

Sincerely,

Paul
