

Written Petition

I, Vivek Khandelwal, hereby request that the following item be placed on the City of Santa Clara Council and Authorities Concurrent Meeting Agenda:

Opposition to the proposed traffic lights at the intersection of Pruneridge and Cronin. I am the homeowner of 3191 Pruneridge Ave. Santa Clara. I am directly impacted by this project. The first notice, or any information about city's plans to do this project was received on March 27th 2018, as a letter from Mr. Pratyush Bhatia. I have since then met Mr. Bhatia to express my concerns and provide suggestions in-person. In brief : - I support addressing traffic issues at Pruneridge-Cronin intersection but do not support the proposed traffic lights - The traffic light is a point solution that does not address the bigger traffic flow issues on Pruneridge Ave - Some of the problems observed will remain un-addressed even after completing the proposed project - Alternative's proposed in my attached presentation should be evaluated - City did not consult impacted residents - No flyers have been received, no boards have been put at the project site prior to this decision I have attached the reasons for my opposition in the attached PDF slides I hope the city allows me to have my voice heard and suggestions/opinions evaluated.

By submitting this form, I am confirming that I am the requestor herein listed and that the information provided is truthful and correct to the best of my knowledge. I understand that it is important that I attend the meeting in the event there are any questions the Mayor and/or Council wishes to ask me. I also understand that the City may not place my item on the Agenda if it is not verifiable and within the subject matter jurisdiction of the City.

Pruneridge – Cronin Traffic Lights

Vivek Khandelwal

Homeowner: [REDACTED] Pruneridge Ave. Santa Clara

I support
addressing the traffic issues

I don't support
the current proposal

Traffic Issues at Pruneridge-Cronin Intersection

Single lane after/till Pomeroy intersection – traffic backs up Lawrence to Pomeroy

Right lane abruptly becomes right only. Abrupt left merge

Traffic backs up from Pomeroy to Cronin

Speeding heavy traffic in all four lanes

Most vehicles don't stop at pedestrian crossing

Pedestrian hidden to vehicle in second lane by vehicle stopped in first lane

Confusion/stall/impatience for left turns every way

Proposed Traffic Light – Incomplete Solution

What we need:

- ✓ Safe left turns – every way
- ✓ Safe pedestrian crossing
- ✓ Easy flowing traffic

City Did Not Reach Out to Residents

- City official claims “committee meeting discussed the matter”
 - No flyers were received
 - No notice was put at the project site ever
- No residents directly impacted invited or informed
- No feedback taken from residents
- No study of traffic done that was visible to residents

Suggestion:

Two Lanes + Turning Lane + Stop Signs

- Turning lanes for left turns from Pruneridge a must
- Three-way stop signs at intersection will suffice
- Blinking on-road lights when pedestrians crossing
- Uniform two lanes all thru' for better traffic flow
