Dear Planning Department,

This is regarding development review hearing for 1783 Berna Street. File : PLN25-00150.

We are living next to 1783 Berna Street at 2078 Warburton Ave. We have some comments on the windows placement on the new construction' s second floor 's windows .

We have a big living room window facing this house site (marked in red in attached picture). So for privacy reason, we would like to request the new construction' s second floor windows placement can avoid facing our living window.

I will attend tomorrow' s hearing too.
