- B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in

this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.
- D. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The

Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

- E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.
- F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and

injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

- G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). A. Prevailing Wage Requirements

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.
2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.
3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.
4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.
5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq.*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.
7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].
8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than \$15,000 for maintenance work or less than \$25,000 for construction alternation, demolition or repair work, registration is not required.

All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.
10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.
11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.
2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.
3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.
4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to \$200 per day per worker for each wage violation identified; \$100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and \$25 per day per worker for any overtime violation.
