April 28, 2023

Honorable Mayor, City Council and Residents of Santa Clara,

The Proposed Biennial Operating Budget for fiscal years (FY) 2023/24 and 2024/25 is presented for consideration and continues the biennial budget process that alternates between an operating and capital budget. This year's budget focuses on our day-to-day operations that support vital City services. Amendments to the FY 2023/24 capital budget are also included.

As part of the budget deliberation process, two City Council study sessions are scheduled for May 9, 2023 and June 6, 2023 before the public hearing and planned budget adoption on June 27, 2023.

For FY 2023/24, the Proposed Operating Budget totals \$1.1 billion. The enterprise funds that are used to manage the City's utilities (Silicon Valley Power, water, sewer, and solid waste) represent the largest share of the budget at 54.3%. The General Fund budget totals \$280.8 million, or 17.5% of the budget, and is used to fund many direct services, such as police and fire public safety services, libraries, parks, community centers, and streets maintenance.

Over the past few years, there have been significant financial challenges stemming from COVID-19. This necessitated General Fund budget balancing actions starting in FY 2020/21 and continued over the past three years. A combination of strategies has been used to address the budget deficits, including the use of one-time reserves and federal stimulus funds, new revenues, and expenditure reductions. This multi-pronged approach has balanced the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community. It has also allowed time for General Fund revenues to recover.

This strategy has positioned the City well for the FY 2023/24 and FY 2024/25 Proposed Biennial Budget that solves a smaller projected General Fund deficit.

Budget Milestones:

April 28: Release of Proposed Budget

May 9: City Council Study Session on Proposed Budget

June 6: City Council Study Session on Proposed Budget

June 27: Public Hearing and Adoption of FY 2023/24 and FY 2024/25 Biennial Operating Budget and Amendments to the FY 2023/24 Capital Budget

July 1: Start of Fiscal Year 2023/24

The City's financial position has significantly improved since the adoption of the FY 2022/23 budget. The latest Ten-Year General Fund Forecast shows smaller deficits of \$8.0 million and \$8.9 million in FY 2023/24 and FY 2024/25. This is well below the \$27 million deficit projected in June 2022 and reflects stronger revenue growth in several areas as summarized in the *Ten-Year Financial Forecast and Economic Outlook* discussion below and described in further detail in the *Ten-Year Financial Forecast* section of this document. While the financial picture is much better, it is important to note that significant economic uncertainty and the risk of a recession persists.

General Fund Budget Balancing Strategy

The Proposed Budget continues the multi-pronged approach to solve the deficit with new revenues, one-time and ongoing expenditure savings, and use of reserves. Based on the improved financial position, this budget preserves services with fewer reductions necessary. The expenditure reductions limit direct service impacts, with the goal of stabilizing the services residents access on a regular basis as the organization continues to recover from the COVID-19 service disruptions. As part of this recovery, the City continues to fill vacant positions, which will result in an overall improvement to the services the City provides with the funding included in this budget.

Total Budget Overview

The expenditures in the FY 2023/24 Proposed Budget total \$1.5 billion and reflect an increase of 12% from the FY 2022/23 Adopted Budget. In FY 2024/25, the budget decreases to \$1.2 billion as a result of one-time Electric Utility and Sewer Utility debt issuances anticipated in FY 2023/24 for capital projects. The issuance of debt financing is also the primary reason the FY 2023/24 Proposed Budget is above the FY 2022/23 Adopted Budget of \$1.33 billion. Table 1 summarizes the total proposed budgets by fund group.

Table 1: FY 2023/24 and FY 2024/25 Proposed Budget

Table 1: FY 2023/24 and FY 2024/25 Proposed Budget			
Fund Type	FY 2022/23 Adopted Budget	FY 2023/24 Proposed Budget	FY 2024/25 Proposed Budget
General Fund	\$272,355,355	\$280,773,558	\$287,458,968
Special Revenue Funds	28,469,289	38,411,889	37,111,226
Enterprise Funds	815,864,620	872,344,414	968,035,945
Internal Service Funds	42,429,153	38,850,861	41,629,602
Debt/Other	19,846,647	374,983,049	40,658,134
Less (Transfers, Contributions, and Reserves)*	(203,142,482)	(509,709,569)	(247,780,561)
Subtotal Operating Budget	\$975,822,582	\$1,095,654,202	\$1,127,113,314
Capital Funds	\$357,380,666	\$396,879,114	\$108,385,754
Less (Transfers, Contributions, and Reserves)*	(1,454,000)	(1,588,205)	(1,454,000)
Subtotal Capital Budget	\$355,926,666	\$395,290,909	\$106,931,754
Total Budget	\$1,331,749,248	\$1,490,945,111	\$1,234,045,068

* Adjusts for transfers, contributions and reserves to avoid double counting of the same funds (e.g., internal service funds are excluded)

The FY 2023/24 and FY 2024/25 Proposed Budget incorporates actions to bring the budget into balance, particularly in the General Fund that represents approximately one-fifth of the total budget. Staff has carefully analyzed all department budget proposals, considering the fiscal year projected resources, anticipated service impacts to Santa Clara residents and businesses, and City Council goals, principles and priorities. The Proposed Budget also factors in recommended changes to FY 2023/24 capital projects, including a street trees replacement project funded by the General Fund Capital Projects Reserve as well as those funded by other funds.

Guiding Framework

The City Council has adopted the following Council Strategic Pillars:

1. Promote and Enhance Economic, Housing and Transportation Development
2. Deliver and Enhance High Quality Efficient Services and Infrastructure
3. Enhance Community Sports and Recreational and Arts Assets
4. Enhance Community Engagement and Transparency
5. Ensure Compliance with Measure J and Manage Levi's Stadium
6. Manage Strategically Our Workforce Capacity and Resources
7. Promote Sustainability and Environmental Protection

The City Council adopts a set of Budget Principles each year. These Budget Principles provide a general framework and approach for developing the City's budget, ensuring fiscal stability by considering both the short and long-term impacts of any funding decisions. These principles are generally consistent with those approved last year with the Budget Stabilization Reserve (BSR) continuing to be set at a minimum of 15% of expenditures; this is an exception to the Council policy that would set the BSR at 25% of expenditures. These principles are incorporated as part of the actions considered in this Proposed Budget. The FY 2023/24 Budget Principles can be found in the ***Budget and Fiscal Policies*** section of this document.

Summary of Budgeted Positions

The FY 2023/24 Proposed Budget reflects a net addition of 22.25 positions from the FY 2022/23 Adopted Budget level as shown in Table 2 below. Almost all of the changes are Base Budget adjustments, which reflect position changes previously approved by the City Council at a separate City Council meeting. The FY 2023/24 Base Budget adjustments include the following: the addition of 18.0 Firefighter positions funded by the SAFER grant during FY 2022/23; the addition of 10.0 positions funded by SVP, including 8.0 in the Electric Utility Department, 1.0 in the Human Resources Department, and 1.0 in the Finance Department; the addition of 5.0 development funded positions, including 3.0 in the Community Development Department and 2.0 in the Fire Department; the change of an Office Specialist position in the Library from 0.5 to 0.75 FTE and the change of two part-time (0.5 FTE) Librarian positions to one full-time (1.0 FTE) Librarian position; and the freezing of 7.0 positions funded by the Related development based on discussions with Related.

The FY 2023/24 Proposed Budget includes the reduction of 4.0 positions (3.0 frozen positions and 1.0 elimination). In FY 2024/25, the addition of 4.0 positions in the Community Development Department is proposed to support development activity.

The changes by department are described in further detail in Table 2 below and in each department section of this document.

Table 2: Summary of Position Changes (All Funds)

Summary of Position Changes (All Funds)	
FY 2022/23 Budget	1,127.00
Base Budget Changes (Fire SAFER Grant firefighter positions)	18.00
Base Budget Changes (SVP Funded)	10.00
Base Budget Changes (Development Fee Funded)	5.00
Base Budget (Other Changes)	0.25
Base Budget Changes (freeze Related-funded positions)	(7.00)
Proposed Budget Changes - General Fund Reductions	(4.00)
FY 2023/24 Budgeted Positions	1,149.25
FY 2024/25 Proposed Additional Positions (Building Fee Funded)	4.00
FY 2024/25 Budgeted Positions	1,153.25

The following table below summarizes the budgeted position changes by department. A detailed summary of Base Budget position changes can be found in the Department sections of this document.

Table 3: Summary of Funded Positions by Department

Department	FY 2021/22 Adopted	FY 2022/23 Adopted	FY 2023/24 Proposed	Change	FY 2024/25 Proposed

Water and Sewer Utilities	73.00	73.00	73.00	0.00	73.00
Total	1,095.00	1,127.00	1,149.25	22.25	1,153.25

¹The IT Department partners with a service provider to meet citywide technology needs.

²The City Manager's Office also oversees the Non-Departmental functions (e.g., citywide administration, Stadium Authority support, communications, community/special programs and initiatives, economic/real estate development, State and federal legislative coordination, etc.).

Ten-Year Financial Forecast and Economic Outlook

The Ten-Year General Financial Forecast (Forecast) provides policy makers and the public an updated assessment of the City's fiscal health and serves as a strategic planning tool to assist the City Council, staff, and the public with decision-making as they work to adopt the budget and consider long-term financial strategies for the City. The Forecast also identifies known risk factors and vulnerabilities, and it provides a foundation for evaluating priorities and understanding trade-offs moving forward.

The Forecast compares anticipated ongoing General Fund revenues with base expenditures, which include the projected costs of providing the current level of service. Individual projections of revenues and expenditures are developed based on trend analyses, input from available economic reports, consultant recommendations, departments, updated salary and benefit information, and non-personnel costs. The most current information available is incorporated into the Forecast.

As shown in Table 3 below, this Forecast shows a General Fund shortfall of \$8.0 million in FY 2023/24 and \$8.9 million in FY 2024/25, with the projected deficit reaching a high of \$15.0 million in FY 2028/29 and a low of \$7.5 million in FY 2033/34. The projected shortfall of \$8.0 million in FY 2023/24 is equivalent to 2.8% of forecasted expenditures.

Table 4: Summary of Funded Positions by Department

FY 2024-2034 General Fund Ten-Year Financial Forecast (\$ in millions)											
	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32	2032/33	2033/34
Projected Revenues	\$272.6	\$284.9	\$297.3	\$309.0	\$321.2	\$333.3	\$346.5	\$359.7	\$373.5	\$387.8	\$402.7
Projected Expenditures	\$280.6	\$293.8	\$308.2	\$320.8	\$332.7	\$348.3	\$360.5	\$373.9	\$383.3	\$396.4	\$410.2
Cumulative (Shortfall)/ Surplus	(\$8.0)	(\$8.9)	(\$10.9)	(\$11.8)	(\$11.5)	(\$15.0)	(\$14.0)	(\$14.2)	(\$9.8)	(\$8.6)	(\$7.5)
% of Expenses	2.8%	3.0%	3.5%	3.7%	3.5%	4.3%	3.9%	3.8%	2.5%	2.2%	1.8%

Note: The Forecast does not include the cost to address unmet/deferred infrastructure needs, the cost to fully fund public safety equipment replacement, additional contributions to reserves (Budget Stabilization Reserve, Capital Projects Reserve, Pension Reserve), one-time funding sources, and one-time expenditure needs.

This Forecast reflects a significant improvement from the \$27 million General Fund deficit projected in June 2022. This improvement is due to stronger revenue growth in areas such as Property Tax (\$6 million), the SVP Transfer (\$6 million), the voter approved Business Tax update (\$5 million), and the Transient Occupancy Tax accelerated recovery (\$2 million). While a structural deficit remains, long-term revenue and expenditure growth are in closer alignment as a result of this stronger revenue performance.

The Forecast, however, does not address significant one-time capital infrastructure needs. Historically, the City

has funded many of capital infrastructure and equipment needs with one-time funds on a pay-as-you-go basis. The use of one-time funds as the funding mechanism for capital improvements and various equipment that rely on the General Fund creates challenges. The lack of sufficient one-time funding has resulted in a backlog of unmet/deferred infrastructure needs. Staff will continue to evaluate potential options to create capacity to address those funding needs.

While the Forecast has improved, there are various factors that could have potential positive or negative impacts on the Forecast. These include:

- Economic slowdown/recession;
- Re-assessment of properties for property tax purposes;
- State/federal legislative changes and legal challenges;
- Labor costs outside the budget assumptions;
- CalPERS actuarial changes or reform actions;
- Unanticipated critical capital/infrastructure needs; and
- Maintenance impacts and timing of development projects.

Economic Outlook

The budget is presented in a time where significant economic instability is forecasted for the second half of 2023. The assumptions incorporated into the City's budget factor in the analysis provided by the UCLA Anderson Forecasts. These Forecasts are issued quarterly and provide national and State economic outlooks. Economic indicators are mixed, and there is a tremendous amount of uncertainty forecasted for later this calendar year. Given this level of uncertainty, both the December 2022 and March 2023 UCLA Anderson Forecasts presented a two-scenario approach: recession scenario and no recession scenario. The recession scenario predicts a recession occurring at the end of 2023, where "inflation would have continued to run hot if not for aggressive Federal Reserve action. In this scenario, the Federal Reserve forces a mild recession and accepts an economic contraction and higher unemployment to combat inflation." In the no recession scenario, "economic growth slows but remains positive, inflation ebbs, labor markets remain robust, and the Federal Reserve takes a less aggressive approach to monetary policy tightening".¹

Real GDP Levels, US\$ Trillions, Chained 2012 Prices, Seasonally Adjusted Annual Rates

Source: UCLA Anderson Forecast and U.S. Bureau of Economic Analysis

¹ UCLA Anderson Forecast, March 2023, Recession or No Recession? That is the Question

This uncertainty is also reflected in the February 2023 National Association for Business Economics (NABE) Outlook Survey, which found significant divergence regarding the outlook for the U.S. economy. “Estimates of inflation-adjusted gross domestic product or real GDP, inflation, labor market indicators, and interest rates are all widely diffused, likely reflecting a variety of options on the fate of the economy – ranging from recession to soft landing to robust growth.”²

Given this uncertainty, there is greater risk for variances in the economically sensitive revenues, such as Sales Tax, Transient Occupancy Tax and Property Tax. This Forecast assumes moderate economic growth in these areas, with Transient Occupancy Tax continuing to improve from the severe COVID-19 impacts. Adjustments may be necessary in future Forecasts depending on actual economic performance.

Employment data has remained positive with low unemployment rates. On a national level, the unemployment rate was 3.6% in February 2023. This rate was well below the record setting high of 14.7% in April 2020, and slightly above the pre-pandemic unemployment rate of 3.5%.

U.S. Civilian Unemployment Rate, seasonally adjusted

Note: shaded area represents recession, as determined by the National Bureau of Economic Research
Source: U.S. Bureau of Labor Statistics

In the fourth quarter 2022 second estimate, the Gross Domestic Product (GDP) increased at an annual rate of 2.7%, following a GDP increase of 3.2% in the third quarter. The GDP decelerated in the fourth quarter compared to the third due to downturns in exports, State and local government spending as well as a slowing in consumer spending.³

² February 2023 Outlook Survey Summary (nabe.com)

³ https://www.bea.gov/sites/default/files/2023-02/tech4q22_2nd.pdf

While recent local news continues to report layoffs at many of the technology companies in the region, employment indices continue to remain strong. The unemployment rates at the state and local level also remain low, with this region outperforming both the nation and California as shown in Table 5 below.

Table 5: Summary of Unemployment Rates

Unemployment Rate (Not Seasonally Adjusted)				
	Dec 2019	Dec 2020	Dec 2021	Dec 2022
Nation	3.4%	6.5%	3.7%	3.3%
California	3.9%	8.9%	5.0%	3.9%
San José-Sunnyvale-Santa Clara Metropolitan Statistical Area	2.4%	6.2%	2.9%	2.4%
Source: California Employment Development Department, U.S. Bureau of Labor Statistics				

Property values in Santa Clara remain high. In 2022, the median price of a single-family home was \$1.8 million, which was up from the 2021 level of \$1.64 million as shown in the Single-Family Residential Home Sales chart. The number of single-family closed sales, however, was down from 659 in 2021 to 515 in 2022. With the rise in interest rates from the historic lows experienced over the last several years, there is risk to this sector. In the first quarter 2023, the median single-family home price was \$1.6 million and there were 68 closed sales.

Data Source: Santa Clara County Association of Realtors

There are significant development projects underway in Santa Clara that will bring new revenues as well as new costs. While the full financial impacts of these developments have not been factored into the Forecast given the uncertainty regarding the timing, the Forecast assumes the continuation of additional development activity in the City. Roughly \$700 million to \$1 billion in new valuation is assumed annually in the Forecast. To the extent growth is experienced beyond this assumption, this will have a positive impact to the City's future budget forecast.

General Fund Budget Balancing Strategy

With the projected General Fund shortfall of \$8.0 million in FY 2023/24, the budget balancing strategy for the FY 2023/24 and FY 2024/25 Biennial Operating Budget incorporates a combination of increased revenues, one-time and ongoing expenditure reductions, and use of reserves as shown in Table 6 below. This table also includes an ongoing shortfall figure that reflects the average of the projected shortfalls in years three through five of the Ten-Year General Fund Forecast along with the ongoing balancing actions.

Table 6: FY 2023/24 and FY 2024/25 General Fund Balancing

FY 2023/24 and FY 2024/25 Biennial Operating Budget General Fund Balancing (\$ in millions)			
	FY 2023/24	FY 2024/25	Ongoing
Forecast Shortfall	(\$8.0 M)	(\$8.9 M)	(\$11.4 M)
Increased Revenues			
• Increased TOT Rate (phased 2%)	0.9	1.7	3.4
• Fee Adjustments	0.5	0.8	0.8
• One-Time Revenues	0.2	0.0	0.0
Total Revenue Solutions	1.6	2.5	4.2
Expenditure Reductions			
• Fire SAFER Grant	1.0	3.1	0.0
• Police Vacancy Savings	1.6	1.7	0.0
• Other Departmental Proposals	2.7	2.7	2.0
Total Expenditure Solutions	5.3	7.5	2.0
Use of Reserves/(Contribution to Reserves)			
Budget Balancing Reserve/Other Reserves	1.1	(1.1)	5.2
Total Use of Reserves/(Contribution to Reserves)	1.1	(1.1)	5.2
General Fund Balancing Total	\$8.0 M	\$8.9 M	\$11.4 M

The budget balancing strategy is intended to preserve services while also maintaining the City's fiscal stability. Following is a summary of the budget balancing components that are also discussed in more detail in the individual department sections of the budget document:

- **Revenue Solutions:** Part of the balancing strategy is to factor in increases to specific revenue sources. In November 2020, Santa Clara voters approved to increase the Transient Occupancy Tax rate by up to 4%, and the first two percentage point increase went into effect on January 1, 2022. The Proposed Budget assumes that the City Council will phase in the remaining increase in FY 2023/24 (1 percent in January 2024) and in FY 2024/25 (1 percent in January 2025), which would increase the rate from 11.5% to 13.5%. The rate increases would generate additional revenue of approximately \$0.9 million in FY 2023/24 and increasing to \$3.4 million ongoing. These increases will bring the City's rates slightly above mid-point when compared to other cities in the County. Outreach regarding this proposal occurred with

several large City hotels earlier in March 2023. Fee adjustments have also been factored into this proposed budget. The fee increases were brought forward and approved by the City Council on April 18, 2023 as part of the adoption of the FY 2023/24 Municipal Fee Schedule. An anticipated increase to the Storm Drain Environmental Compliance fee is also reflected in the FY 2024/25 fee adjustments above.

- **Expenditure Reductions:** one-time expenditure savings in both the Fire and Police Departments are expected to be realized in this biennial budget with no service delivery impacts. In FY 2022/23, the Fire Department was awarded a three-year SAFER grant, which will generate annual net overtime savings (\$1.0 million to \$3.1 million) during the grant period. In the Police Department, an increase to the Department's vacancy factor is recommended to align with the historical staffing rates over the past decade. This results in no position reduction and provides the General Fund with approximately \$1.6 million and \$1.7 million in savings in FY 2023/24 and FY 2024/25, respectively. The vacancy factor adjustment will allow the continuation of recruitment or hiring efforts as currently experienced in the Fire and Police Departments. Other departmental reductions limit direct service impacts, and the 4.0 position reductions are in strategic support areas (City Attorney's Office, City Manager's Office, City Auditor's Office, and the Human Resources Department).
- **Use of Reserves:** In FY 2022/23, the City Council approved the establishment of a Budget Balancing Reserve as part of the FY 2021/22 Budgetary Year-End Close process. This Proposed Budget uses \$1.1 million of this reserve in FY 2023/24 and replenishes the amount in FY 2024/25. After the biennial budget period, the use of additional reserves may be necessary depending on the fiscal situation at that time and the budget balancing solutions brought forward.

The proposed budget balancing strategy addresses approximately half of the budget deficit with ongoing solutions. This continues the use of one-time and ongoing actions to bring the budget into balance, allowing time for the City's finances to recover. This strategy, however, does not provide capacity to restore services or to address the significant backlog of unmet and deferred capital needs.

Proposed Budget Highlights

Budget proposals are recommended to address a portion of the General Fund shortfall, to meet development services needs through fee-funded additions, and to support special and enterprise fund activities.

Highlights of these proposals are provided below and are aligned to the City's strategic pillars:

Promote and Enhance Economic, Housing and Transportation Development

- **CDBG and Housing Funds** – The City remains committed to maintaining its housing programs to provide aid to its most vulnerable residents. As recommended in the City's Annual Action Plan, the FY 2023/24 budget includes over \$2.0 million of CDBG funds for various public service activities (e.g., including family therapy and advocacy, educational services, senior adult legal assistance, and providing meals to seniors and adults with disabilities) along with funding also set aside for capital projects for affordable housing and public facility improvements. One-time funding from the HOME American Rescue Plan is also programmed in FY 2023/24 to provide additional funding for Tenant-Based Rental Assistance and homelessness outreach.

- **Convention Center** – The Convention Center continues to increase its activity levels compared to the two prior fiscal years given the continued recovery from the pandemic. In FY 2023/24, the Convention Center is projected to have 220 events, with approximately 246,196 in attendance, which reflects over 100% growth in attendance when compared to FY 2022/23 projected attendance. In FY 2024/25, the Convention Center is projected to have 255 events, with approximately 260,846 in attendance.

Deliver and Enhance High Quality Efficient Services and Infrastructure

- **City-Wide Services** – As hiring continues and vacancies are filled, the City will be able to enhance the services to the public using the funding provided in this Proposed Budget. Improvements are expected in areas such as library services with the expansion of service hours, public safety, maintenance activities, development services, and support for the City's utilities. The pandemic seriously disrupted the City's service delivery and the City is still recovering from those impacts.

- **Community Development** – Fee-supported budget proposals are recommended to improve service and efficiency and support the high volume of development activity. These additions include one-time funding for various software and hardware upgrades focused on bringing efficiencies for staff and flexibility to customers. Also recommended are the addition of 1.0 Permit Technician, 1.0 Office Specialist II, 1.0 Office Specialist III, and 1.0 Office Specialist IV to help manage the workload in both the Building Division's administrative team and Permit Center.
- **Electric Utility** – Proposals are recommended to increase substation maintenance and outage response and repair to ensure the reliability of substations as the number of substations increases and related technology implementations advance, augment underground maintenance and tree trimming services directed at reducing power distribution system outages, enhance generation maintenance so that in-town generation assets are in peak operating condition, and provide a managed training portal software for staff to ensure that all compliance requirements related to system operations tasks are met.
- **Water and Sewer** – In the Water and Sewer Funds, resources are aligned with the expected activity, including adjustments to water purchases, expected contributions to the Regional Wastewater Facility operating and maintenance costs, including the issuance of additional debt in FY 2023/24. The revenue estimates in the water and sewer enterprise funds are also aligned with the expected activity levels and reflect anticipated rate increases.
- **Capital Improvement Program** – Work will continue on improving the City's infrastructure through the implementation of capital projects approved as part of the FY 2022/23 and FY 2023/24 Biennial Capital Budget. Amendments to the FY 2023/24 capital budget are also included with this document as described in more detail below.

Enhance Community Sports and Recreational and Arts Assets

- Parks and Recreation Capital Improvements** – Based on age, condition and Council established priorities, the City is rehabilitating and expanding its park facilities, amenities and playgrounds for all ages and abilities at Warburton Park, Henry Schmidt Park, Westwood Oaks Park playground, Montague Park and Central Park Magical Bridge Playground. The Department is acquiring, developing and opening new community buildings at Lawrence Station Area (Nuevo Community Buildings) and a community arts center at Patrick Henry Drive Specific Plan Area. The Parks and Recreation Department will begin outreach on a City-wide Parks & Recreation Master Plan and community input on the Community Park North in the Related City Place project. Mitigation Fee Act and Quimby Act funds are also being allocated for potential parkland acquisition and will be identified in the City-wide Master Plan.

Enhance Community Engagement and Transparency

- Using funding from FY 2022/23, the Library will initiate strategic planning efforts to identify community-based goals for service and to align with City Council priorities.
- The Community Development Department will continue to engage with the Santa Clara community to inform and involve community members in both long-range and current land use planning activities.

Ensure Compliance with Measure J and Manage Levi's Stadium

- The Stadium Authority's stand-alone Fiscal Year 2023/24 Operating, Debt and Capital Budget was adopted by the Stadium Authority Board on March 7, 2023. The \$81.3 million budget provides the necessary funding to administer the duties of the Stadium Authority, including support for operating the Stadium for Non-NFL events through a management company, advancement of the FY 2023/24 work plan, payment of debt service obligations, and maintenance of a five-year capital plan. The Adopted Budget included funding for the Neighborhood Stadium Relations Committee and funding of \$27.8 million for debt service expenses. The capital budget totals \$20.5 million and includes funding for general building, security, furnishings and equipment, and public safety investments.

Manage Strategically Our Workforce Capacity and Resources

- Community Development** – Two funding shifts are proposed in this budget, including the shift of 0.25 Associate Planner from the General Fund to the Building Development Services Fund and the use of the Advanced Planning Fee Reserve to fund 1.0 Senior Planner that is currently General Fund-funded. The Associate Planner shift will provide more capacity for the Building Division to perform conformance reviews. The Senior Planner position will result in increased ability for the Planning Division to perform long-range planning.

- **Police** – While there are no position reductions that are being proposed within the Police Department, an increase to the vacancy factor from 3% to 7% is included in this budget. The new proposed vacancy factor aligns with the historical average vacancy factor the Department has experienced over the past decade. The Department is currently operating at an approximate 12% vacancy factor; therefore, no service level impacts result from this proposal, and the budget allows for the pace of department hiring to continue as experienced before the pandemic.
- **Fire** – The Proposed Budget reflects changes associated with the Staffing for Adequate Fire and Emergency Response (SAFER) grant, a three-year \$11.3 million grant. The grant will partially fund 18 firefighter positions, which included unfreezing 12 positions and adding 6 new positions as approved by the City Council on February 7, 2023 (RTC 23-170). The positions will provide additional relief to help maintain daily minimum staffing of emergency response apparatus and reduce overtime due to absences caused by vacation, sick and disability leaves, resulting in one-time General Fund savings.

- **Parks and Recreation** – A one-time proposal is recommended to reduce the General Fund subsidy to the Cemetery Fund in FY 2023/24 and FY 2024/25 due to increased Cemetery revenues received.
- **Library** – Proposals are recommended to reduce funding for the purchase of library books and materials as well as funding for overtime, utilities, supplies and miscellaneous services, and advertising and community promotion. Library hours are not reduced as a result of these reduction proposals.
- **Public Works** – Ongoing position allocation shifts for Environmental Program staff and the Compliance Manager will align workloads and shift funding out of the General Fund. Proposed removal of underutilized Streets vehicles and equipment provides ongoing reductions in General Fund vehicle amortization and maintenance and operations. The sale of those underutilized vehicles will provide one-time revenues to the General Fund. To continue to support the development planning and building application review, an increase to the Storm Drain contractual services budget is included and offset by additional revenues.
- **City Manager and Non-Departmental** – A proposal to freeze 1.0 Assistant City Manager is recommended in this budget in addition to the ongoing reduction of the Santa Clara Golf Course maintenance budget, which is no longer needed with the continued Related development on that property.
- **Strategic Support** – The ongoing elimination of 1.0 position and the freezing of funding for the Santa Clara Leadership Program are recommended in the Human Resources Department. The one-time freezing of the City Auditor position and 1.0 Assistant City Attorney position are also recommended. Budget proposals in the Information Technology Department include a reduction to the cost-of-living

adjustment for the IT services contract and a reduction in utilities expense. Non-personnel reductions are also recommended in the Finance Department, the Clerk's Office, and the City Auditor's Office.

Promote Sustainability and Environmental Protection

- **Electric Utility** – Additional funding is proposed to support the Large Customer Renewable Energy Program (LCRE) which was approved by City Council on November 16, 2021. Proposals are recommended to expand the electric transportation acceleration initiatives to ensure Santa Clara is an EV Ready Community by 2030. And lastly, several initiatives funded by the Greenhouse Gas Program are brought forward in an effort to expedite Greenhouse Gas (GHG) emission reduction. These programs could include new solar installations, solar installations combined with battery storage, and solar projects combined with electric vehicle (EV) infrastructure for City facilities and neighborhood school locations.

General Fund Revenues and Fees

As discussed in the Budget Balancing section above, the Proposed Budget assumes the continued phase-in of the TOT rate increase. In November 2020, Santa Clara voters approved to increase the Transient Occupancy Tax rate by up to 4% from the rate of 9.5%. In FY 2021/22, 2 percent of the 4 percent potential rate increase was implemented effective January 1, 2022. The Proposed Budget assumes that the City Council will implement the remaining 2 percent of the 4 percent potential rate increase in FY 2023/24 (1 percent in January 2024) and in FY 2024/25 (1 percent in January 2025). A separate resolution to bring this forward is expected to be brought forward to the City Council later this calendar year. Outreach of this proposal was conducted in March 2023 with the large hotels in the City.

Fee adjustments have also been factored into this proposed budget. The fee increases incorporated into the FY 2023/24 were brought forward and approved by the City Council on April 18, 2023. This includes additional revenue assumed for the Parks & Recreation Sports Field Reservations Program, Public Works engineering fees, and Community Development fees. The anticipated increase to the Storm Drain Environmental Compliance fee is also reflected in the FY 2024/25 fee adjustments above.

The funding sources also include a one-time transfer of \$149,000 from the Vehicle Replacement Fund for the sale of vehicles that will be retired as a budget proposal.

Utility Rate Changes

For the City's Utility funds, the Proposed Budget is built on the assumption of various rate changes, with some of the key rates highlighted below.

Table 7: Select Rate Changes for Utility Services

Utility Service	FY 2022/23	FY 2023/24	% Change
Water - Residential per HCF	\$7.33	\$8.01	9.2%
Recycled Water - Irrigation per HCF	\$4.12	\$4.54	10.2%
Sewer - Residential Single Family per month	\$46.82	\$48.34	3.2%
Solid Waste - 32 Gallon Cart (Includes recycling and yard waste charges, and Annual Clean-up Campaign)	\$52.46	\$55.40	5.6%
Solid Waste - 3-Cubic Yard Bin (Serviced one time per week)	\$398.92	\$431.81	8.2%
Electric - Residential per KWH (Effective January 1, 2024) Based on average usage of 420 kwh/month under D1 rate	\$0.14298	\$0.1553	7% (Jan 2024)

The water and sewer rate increases represent Water and Sewer Utility staff estimates. Rates are approved by the City Council annually with the 2023 Rate Hearing scheduled for June 6, 2023. Proposed Solid Waste rate increases and a Public Hearing are scheduled to be brought forward to Council on May 23, 2023. The Electric rate displays the average rate for the fiscal year. For FY 2023/24, the rate assumes an increase of 5% effective July 1, 2023, which will be brought forward to Council in May 2023, and a 7% increase starting January 1, 2024 that is expected to be brought forward for City Council consideration by December 2023.

Future Revenue Opportunities

While not incorporated into the budget figures presented in the Proposed Budget, the Administration will continue to evaluate future revenue opportunities that can help address a portion of the remaining ongoing General Fund shortfall, better position the City moving forward, address capital infrastructure needs, and align the City's revenues when compared with other jurisdictions.

Other potential measures include but are not limited to: 1) addition of a General Obligation Bond to fund capital infrastructure needs; 2) establish a library or community services Parcel Tax; 3) increase to the Property Documentary Transfer Tax; and 4) establish a Utility Tax. Staff will seek direction from the City Council on those measures to potentially pursue.

Amendments to the FY 2023/24 Adopted Capital Budget

The City Council approved the FY 2022/23 and 2023/24 Biennial CIP Budget in June 2022. This action approved a two-year capital budget and presented a five-year capital improvement plan. While the focus of this year's budget is operations, several budget amendments to the FY 2023/24 Adopted Capital Budget are also recommended. Further detail can be found in the **Appendices** section of this document. Some of the key budget amendments are summarized below:

- Silicon Valley Power Electric Utility projects (\$167.5 million) – funding adjustments to several projects are recommended to reflect current project timelines and necessary project augmentations. Funding will support improvements to transmission systems, transformers, transmission lines, receiving stations, as well as other infrastructure needs. Funding is also removed for projects that are not expected to move forward in FY 2023/24 based on the current project timelines. A majority of the increase in funding is due to debt financing for the SRS Rebuild and Replacement, KRS Rebuild and Replacement, NRS-KRS 115kV Line, and the NRS Transformer and Breaker Upgrades projects
- 
- A photograph of a high-voltage electrical substation with several large metal structures and power lines under a clear blue sky.
- Stationary Standby Generators (-\$80,000) – decreases funding to reflect the advancement of some funding from FY 2023/24 to FY 2022/23 as described in RTC 23-1463 approved by Council on February 21, 2023.
 - Related Permit Work (-\$2.0 million) – eliminates this project appropriation as it is directly related to the staffing costs for the 8.0 City positions created to support work on the Related Santa Clara project. Of the 8.0 positions, 1.0 has been shifted to the Building Development Services Fund and the remaining 7.0 have been frozen.
 - Streets and Highways (\$2.0 million) – adds revenue from other agencies and appropriates project funding of \$1.5 million to align with the North San Jose Settlement agreement for the Tasman Complete Streets Plan 2021 Improvements Phase 1 project and allocates General Fund Capital Project Reserve funding to fund emergency street tree services, tree removals, and tree plantings in FY 2023/24.
- 
- An aerial photograph of a large wastewater treatment facility with numerous circular and rectangular tanks, surrounded by green grass and some buildings.
- Sewer projects (-\$4.6 million) – reduces the contributions for the San José/Santa Clara Regional Wastewater Facility based on the latest budget allocation figures provided by the City of San José and an elimination of funding for the Sanitary Sewer System Improvements project to reflect an advancement of that funding to FY 2022/23.

The carryover of unexpended capital project funds from FY 2022/23 to FY 2023/24 is necessary in order to continue or complete projects beyond the current fiscal year. As appropriations lapse annually on June 30th, recommendations to carryover funding will be brought forward under separate cover for City Council consideration as part of the budget adoption in June 2023.

Status of Reserves

The Proposed Budget incorporates reserves in various funds as reflected in the Source and Use Statements.

General Fund Reserves

- **Budget Stabilization Reserve (BSR)** – This reserve is used as an allocation for weathering economic downturns, emergency financial crises or disaster situations. Per Council policy, the Budget Stabilization Reserve (BSR) target is equal to the cost of the City’s General Fund operations for three months, or 25% of the expenditure budget. Given the significant impacts of COVID-19 on the City’s budget, the City Council adopted the FY 2022/23 budget principles that allowed this reserve to drop to 15% of budgeted expenditures. The FY 2023/24 proposed budget principles would also allow the BSR to remain at a minimum of 15% given the City’s continuing fiscal challenges. In the Proposed Budget, the BSR is set at \$45.8 million in FY 2023/24 (16.3% of expenditures) and FY 2024/25 (15.9% of expenditures).
- **Land Sale Reserve** – The City Council established the Land Sale Reserve with net proceeds from the sale of City-owned land, with interest earned on these funds being available to be appropriated for General Fund operating expenditures. The Land Sale Reserve has a projected ending balance of \$18.5 million for FY 2023/24 and FY 2024/25 and is available for appropriation by City Council action. This reserve balance reflects the full repayment of the loan for the Reed Street-Grant Street Sports Park Project (\$5.6 million) in FY 2022/23.
- **Capital Projects Reserve** – The Capital Projects Reserve (CPR) earmarks funds for the Capital Improvement Program (CIP). The minimum target for this reserve is \$5.0 million. This reserve has a projected ending balance of \$6.1 million in FY 2023/24 and FY 2024/25. The use of \$463,050 from the Capital Projects Reserve is recommended for the Street Tree Services project to fund the third and final year of the Modesto Ash tree removals plan.

Utility Fund/Other Reserves

The Utility Funds incorporate various reserves to cover shortfalls in operating revenues, maintain strong bond ratings, cover day-to-day operating costs, and ease the burden on ratepayers associated with large rate increases. These typically include an Operations and Maintenance Reserve (generally set at three months of operations), a construction reserve and a rate stabilization reserve. The Utility Funds also include a Pension Trust Reserve. Select other reserves are set aside in various funds as necessary, such as debt reserves and workers’ compensation and general liability reserve for claims.

Stadium Authority

The Stadium Authority exists as a public body, separate and distinct from the City, and is established to provide for development and operation of Levi’s Stadium. It is structured so that the City will not be liable for debts or obligations of the Stadium Authority. The Stadium Authority’s stand-alone Fiscal Year 2023/24 Operating, Debt and Capital Budget was adopted by the Stadium Authority Board on March 7, 2023 and can be found at <https://www.santaclaraca.gov/our-city/santa-clara-stadium-authority/financial-reports#Stadium-Budget>. This budget reflects the revenues and expenditures related to the support of the Stadium; expenditures related to the Stadium Authority can also be found in the **General Fund Non-Departmental** section of this document.

Next Steps

As part of the budget deliberation process, two City Council study sessions are scheduled for May 9, 2023 and June 6, 2023 before the public hearing and planned budget adoption on June 27, 2023.

An overview of the Proposed FY 2023/24 and 2024/25 Biennial Operating will be presented at the May 9th Study Session.

Summary

The Proposed Fiscal Year 2023/24 and 2024/25 Biennial Operating Budget uses a combination of strategies to balance the budget, including new revenues, one-time and ongoing expenditure reductions, and the use of reserves. This document is intended to provide the City Council and the community with a transparent plan that facilitates discussion of City services and the alignment of proposals with City Council and community priorities.

With the use of one-time and ongoing solutions to address the General Fund shortfall, this budget balances the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community. This continues the gradual budget balancing approach that has allowed time for the City's fiscal condition to improve. This budget also presents balanced budget for the City's many other operating and capital funds. This includes the City's utility funds that represent the majority of the City's budget and are primarily supported by user fees.

City departments worked together as a team to prepare this fiscally responsible, balanced budget. The hard work and dedication of City's Department Heads and employees are greatly appreciated as we continue to recover from the COVID-19 induced impacts. As part of this recovery, the City is working to fill vacant positions, which will result in an overall improvement to the services the City provides with the Proposed Budget funding.

In closing, I want to thank the City Council for our continued strong partnership in supporting vital City services while also ensuring the fiscal health of the City. It is through this strong partnership that we have already overcome significant budget deficits and continued to provide a wide range of public services that our community enjoys.

Respectfully submitted,

SANTA CLARA AT A GLANCE

The City of Santa Clara (City) has always reflected the progressive, bellwether nature of California. It is one of the oldest cities in the state, an agricultural powerhouse in the 1800s, and the birthplace of many of the technology innovations that created Silicon Valley in the 1900s. Today, it maintains its leading-edge status as a community that is nationally recognized for its livability and a city that has a sustainable, bright future powered by the private investment of billions of dollars in new development and growth opportunities.

History

Santa Clara was incorporated in 1852 as a Charter City with a Council/Manager form of government although it existed as a community for hundreds of years prior to that as a village for the Ohlone and their ancestors. European explorers came to the area in the mid-1700s and settled it as a military and religious outpost. It is called the “Mission City” in reference to the Mission Santa Clara de Asis, which opened in 1777 as one of 21 Spanish missions established by Franciscan padres along El Camino Real in California.

Size

Santa Clara encompasses 18.28 square miles in the heart of Northern California’s Santa Clara County, also known as Silicon Valley, in recognition of the region’s leadership in technology innovations that changed the way the world lives, works, learns and plays. It is part of the burgeoning South Bay metropolitan area that includes the City of San José, the 10th largest city in the U.S., and the wider nine-county San Francisco Bay Area that is the fastest growing region in the state.

Population¹

The 2022 population of the City of Santa Clara is estimated at 130,127 and is one of the most diverse in the nation with about 44% of residents born outside the U.S. The City’s residents are highly skilled and educated, with approximately 63% of adults holding a bachelor’s degree or higher. The median age is 34 years and the median household income is reported at \$150,244.

Business¹

Businesses in City of Santa Clara range from entrepreneurial start-ups, to longstanding family owned firms, to the international headquarters of Fortune 500 corporations. Millions of square feet of new office and retail projects are under development or in planning stages, greatly expanding the City's capacity to accommodate businesses that want to start, relocate or expand in a high energy, dynamic environment. Some of the largest employers within the City include Advanced Micro Devices Inc., Applied Materials Inc., California's Great America, Intel Corporation, and Nvidia Corp. In both 2021 and 2022, Silicon Valley (San Jose-Sunnyvale-Santa Clara metropolitan statistical area) was ranked the most dynamic metro area in the United States by Heartland Forward.

City Services

Santa Clara is a full-service city with its own police and fire departments and electric, water and sewer utilities. Other core services include libraries, parks, award winning services and recreational programs for seniors and youth, neighborhood beautification, free citywide outdoor Wi-Fi, special events and support of history and art museums. The City also provides development and planning services, housing programs, and maintenance of the City's transportation infrastructure. In January 2023, the San Francisco Chronicle used 11 metrics to rank the 25 largest cities in the Bay Area with the best quality of life and Santa Clara was ranked 11th.

Housing¹

There are approximately 46,000 households in the City and housing stock continues to expand through new transit-oriented developments that offer lifestyle alternatives to the City's traditional single-family neighborhoods and carefully preserved historic homes. The City is in a metropolitan area that is one of the highest priced housing markets in America. As of January 2023, the median price of a single-family home was \$1,487,500. As of March 2023, the average rent for a one-bedroom apartment is \$2,713. Santa Clara has invested millions of dollars in affordable housing projects that provide 1,849 units for low income seniors, families, homeless and disabled residents.

Transportation

In addition to approximately 610 lane miles of City-owned roadways, Santa Clara is crisscrossed by State Highway 101 and El Camino Real (Highway 82) and two regional County of Santa Clara expressways. Public transit services in the City include Santa Clara Valley Transportation Authority buses and light rail, Caltrain, Altamont Corridor Express (ACE), Capitol Corridor, and Amtrak. A future extension of BART into the South Bay is underway and will terminate in Santa Clara, and the Norman Y. Mineta San José International Airport borders the City. Santa Clara has also placed a priority on enhancing multi-modal transportations for residents and

businesses by providing additional bicycle facilities throughout the City, adopting a Pedestrian Masterplan, creating a Shared Mobility Program (bicycle and scooter share), and is in the process of completing a Creek Trail Network Expansion Masterplan for future expansion of trail facilities to complement the existing San Tomas Aquino/Saratoga Creek Trail.

Education¹

Public schools serving residents of Santa Clara are under the authority of independent school districts. The City works closely with the school districts to provide quality educational opportunities for grades K-12 and students attending Mission College for a two-year degree or professional development. Santa Clara University, the oldest institution of higher learning in California, is in the historic Downtown Quad area of the City and enrolls 5,895 undergraduate students and 3,023 graduate students.

Infrastructure¹

Each year, the City makes significant investments in maintaining, expanding, and improving civic infrastructure for the benefit of residents and businesses. The City has the lowest combined water, sewer, and electric rates in the nine Bay Area counties. The City-owned electric utility, Silicon Valley Power (SVP), is recognized as a Smart Energy Provider from the American Public Power Association for demonstrating a commitment to and proficiency in energy efficiency, distributed generation and environmental initiatives that support the goal of providing safe, reliable, low-cost and sustainable electric service. It is also recognized by the Environmental Protection Agency (EPA) for its Green Power program, which is included on the nation-wide Green Power Communities List. Over the past few years,

the City's water storage and delivery system has been upgraded and it is one of the most successful purveyors of recycled water with 33 miles of recycled water pipelines within Santa Clara's city limits and about one billion gallons each year. The City is a partner in the San José-Santa Clara Regional Wastewater Facility and is investing approximately \$121 million over the next 10 years to update the aging facility and expand capacity. The Water & Sewer Utilities is a past recipient of the California Municipal Utilities Association (CMUA) Resource Efficiency Award for its recycled water program – retrofits for developments. In 2021, the Water & Sewer Utilities system received the Santa Clara Valley Section of the Clean Water Environment Association's Sewer Collection System of the Year-Medium Size.

Economic Development

The City of Santa Clara welcomes business, and that strategic attitude is paying off with billions of dollars in private investment currently under construction or in the pipeline. As projects come online, the City's economic base is broadened and diversified, ensuring greater fiscal stability in the future as well as increased revenues to the City's budget.

Development projects approved over the past fiscal year include several housing and mixed use projects: 1601 Civic Center Drive, which included a General Plan Amendment and Rezoning for a 100% affordable multi-family, 106 unit project; and the Greystar mixed use project in the Freedom Circle Focus Area including 1,100 multi-family residential units, up to 2,000 square feet of amenity space and a 2.0-acre public park at 3905 Freedom Circle. A new data center at 2590 Walsh Ave. is underway, including demolition of a 115,000 square-foot office and warehouse building, and construction of a 468,170 square-foot four-story data center consisting of eight data center

halls and a substation More information on new development projects can be found on the City's website <https://www.santaclaraca.gov/business-development> under the "Development Projects" link.

SANTA CLARA COMPARISON TO OTHER LOCAL CITIES IN THE LOCAL REGION

The following graphs compare FY 2022/23 per capita revenues from key sources and total budgeted expenditures for FY 2022/23 in the City of Santa Clara to other cities in the local region. Sales tax, property tax, and transient occupancy tax categories are included as they are the largest economically sensitive General Fund revenue sources for the City.

Expenditure data for selected city budgets in relation to their respective population is included for all funds and the General Fund for FY 2022/23. The assets per capita for FY 2021/22 are also shown. It is important to note Santa Clara and Palo Alto include City-owned utilities that result in relatively higher budgets and assets per capita.

BUDGET AND FISCAL POLICIES

We present the relevant policies and practices that define specifically the way the City manages its budget, reserves, interfund loans, investments, and debt with the goal of long-term fiscal sustainability. The City Council reviews and approves budgetary policies as part of the annual budget process. Investment and debt policy statements are referenced in this section; however, reviewed and approved by the City Council under separate cover.

Appropriation Control

The City Council is responsible for approving the appropriation of fiscal resources to cover estimated expenditures for each fiscal year. Expenditures are appropriated in each fund to departments, offices, and agencies for various goods, services, and capital projects described in the budget. The legal appropriation control is established at the department level in each fund. For select funds where expenditures are not allocated to a specific department, the appropriation control is established at the fund level. For capital funds, the appropriation control is at the project level. Transfers of funding between budgetary funds require City Council appropriation and approval. City Council approval is required for a budget amendment during the fiscal year which may include the use of reserves or fund balances, and approval of appropriations of grant monies. Per Article XIII, Section 1305 of the City Charter, appropriations lapse at the end of each fiscal year; therefore, unencumbered funds allocated for specific projects, donations, and grants require City Council appropriation for use in the following fiscal year.

Budgetary transfers between accounts or expenditure category may be done through Finance Department or City Manager's Office approval as long as they are conducted within the legal appropriation control limit set by the City Council.

Balanced Budget

The City Council considers General Fund budget decisions with long-term implications based on information from the Ten-Year Financial Forecast. One-time sources are used to cover one-time uses. The budget is structurally balanced when forecasted ongoing sources cover ongoing uses. Budgets shall be structurally balanced to the extent possible. Reserves should be considered to balance a budget only in the context of a plan to return to a structural balanced budget.

Budget Monitoring and Reporting

Financial reports on actual performance in relation to budget are prepared by the Finance Department through monthly financial statements. These reports are prepared and presented to the City Council, per City Charter requirements (Section 802) the City Manager shall be required to keep the City Council advised of the financial condition and future needs of the City. City Departments are responsible for reviewing these monthly financial reports and identifying potential budget problems and recommending corrections through budget amendments.

Long Term Financial Forecast

The Finance Department prepares a Ten-Year General Fund Financial Forecast which is incorporated into the budget planning process and presented to the City Council annually. This forecast is updated annually and considers current and future economic conditions, revenue projections, and spending scenarios based on the

latest available assumptions. Capital improvement plans are created and published on a five-year basis to provide a long-term plan of the City's capital funding plan.

Municipal Fees and Charges

User fees are reviewed and adjusted for on an annual basis with the goal of maximizing cost recovery. The City Council may consider and approve any fee that is below 100% cost recovery, requiring a General Fund subsidy if it is in the public's best interest. User fees are adopted by the City Council annually through the Municipal Fee Schedule. Utility fees and certain other fees and assessments can also be approved separate from the Municipal Fee Schedule. Parks and Recreation fees are established by the Parks and Recreation Director and published in the Activity Guide.

Capital Planning

The City Council reviews and adopts a two-year Capital Improvement Program Budget which includes a five-year capital improvement program. Projects included in the capital improvement program are to be consistent with the City's General Plan. Per State Government Code Section 65401, the Planning Commission reviews the capital improvement program for conformance to the City's General Plan and proposes recommended considerations for the City Council. Funding sources are identified for all projects included in the capital improvement plan.

The Capital Improvement Program (CIP) is submitted by City departments and reviewed by the City Manager's Office, the Finance Department, and the Public Works Department. The review process considers City priorities and identifies the most urgent projects for capital funding by program area, master plans, or needs assessments which identify the most critical projects for repair and replacement.

Department of Public Works staff reviews project estimates and evaluates the current bidding environment. Project contingency reserves are established based on the type of project and the project estimate type (engineering or preliminary estimates). Operating and maintenance costs are identified for planning purposes when projects are completed and come online.

General Fund Reserves

The City Council allocates available resources to General Fund contingency reserves through various reserves designated for emergency use or restricted future uses. Restrictions are established by policy, or through legally segregated development-related fee reserves collected from users.

- Budget Stabilization Reserve – is used as an allocation for weathering economic downturns, emergency financial crises, or disaster situations. The reserve target is equal to the cost of the City's General Fund operations for three months (90-day working capital reserve).
- Capital Projects Reserve – is used to support the City's CIP. The minimum target is \$5.0 million with a goal of having sufficient funds to fund capital projects included in the City's biennial capital budget and five-year CIP.
- Land Sale Reserve – this reserve allocates proceeds from the sale of City-owned land
- Advanced Planning Fee Reserve – this reserve allocates a portion of user fees for the update and amendment of the City's General Plan. Individual user fees are included and approved under separate cover as part of the Municipal Fee Schedule.

Utility Funds Reserves

The City is responsible for operating and maintaining several utilities, including electric, potable water, recycled water, and sewer. Regular cost of service studies are performed to evaluate rates and charges for each utility with forecasted revenue requirements and projected expenditures. One component of this analysis is the determination of adequate reserve levels to cover shortfalls in operating revenues, address unforeseen operating and capital expenditures, cover day-to-day operating costs during emergency situations, maintain strong bond ratings, and ease the burden on ratepayers associated with large rate increases. The following reserves address these needs:

- Operations and Maintenance Reserve – this reserve is used to cover day-to-day expenses, address unforeseen cost increases or revenue shortfalls, and protect against emergency financial crises or disaster situations. The reserve target is equal to the cost of the individual utility's operations for three months (90-day working capital reserve). Due to large fluctuations and variability in the energy market, the Electric Utility Operations and Maintenance Reserve has a target ranging from 90 to 180 days of operations. For the Electric Utility, the Operations and Maintenance Reserve, together with the Rate Stabilization Reserve (as described below), comprise the Electric Utility Rate Stabilization Fund established and maintained by the Electric Utility for purposes of its bond indenture.
- Infrastructure Reserve – this reserve is used to support each utility's CIP or fund unforeseen and unbudgeted capital costs. The reserve target is equal to an average annual CIP budget, as calculated over a 48-month period of budgeted CIP expenses as presented in the Biennial Capital Improvement Program Budget. At minimum, the target is to reserve 20% of the average annual CIP budget amount. For the Electric Utility, this reserve is based on an analysis of critical infrastructure, the likelihood for replacement, and the estimated replacement costs, evaluated regularly by SVP.
- Rate Stabilization Reserve – this reserve is used to absorb short-term revenue shortfalls and is designed to stabilize utility rates and avoid wide swings in rates charged to utility customers over time. The minimum reserve target is a balance equal to 10% of each utility's projected current year rate payer revenue. For the Electric Utility, the Rate Stabilization Reserve, together with the Operations and Maintenance Reserve (as described above), comprise the Electric Utility Rate Stabilization Fund established and maintained by the Electric Utility for purposes of its bond indenture.
- Special Projects Reserve – this reserve sets aside funds for large or longer-term CIP projects or other special purposes to lessen fluctuations in rates and support long-term planning efforts. While no general target is established for this reserve, the amounts will be established by each utility based on need.

In addition to the reserves cited above, reserves may be established to address specific needs or requirements of an individual utility. This may include required reserves in restricted funds, such as the reserves in the Electric Operating Grant Trust Fund for public benefits, low carbon fuel, and greenhouse gas.

Other Reserves

The City may include additional reserves set aside for specific purposes based on legal, policy, or budgetary purposes. Some of these include reserves for historical preservation, pension costs, vehicle or fleet replacement, workers' compensation costs, or to fund potential future general liability claims against the City.

- Pension Stabilization Reserve – this reserve sets aside funds to address the City's pension unfunded accrued liability. The targeted annual funding contribution is 1% of the City's unfunded pension liability.

Interfund Loans and Advances

Interfund loans are loans from one City fund to another City fund for a specific purpose, with a requirement for repayment. Interfund loans should be short-term in nature and shall not be used to solve ongoing structural budget deficits. The department managing the borrowing fund should complete the interfund loan agreement. The agreement should include the amount requested, loan period, description of the loan, and repayment terms. Interest shall accrue at the City's pooled investment rate at the time of the loan approval. A summary of any outstanding loans is included in the City's Annual Comprehensive Financial Report and Biennial Budget. In addition, advances from the General Fund that have been approved by the City Council may be paid back by other revenue sources.

Investment Policy

The City undertakes investment related activities that are made with prudence. On an annual basis, the City formalizes these activities in the Investment Policy Statement which is adopted by a resolution of the City Council (<https://www.santaclaraca.gov/home/showdocument?id=66753>). The policy is to invest public funds, including bond proceeds, reserves and other special City funds, in a manner which will provide maximum security while meeting the daily cash flow demands of the City and providing the highest investment return and conforming to all state and local statutes governing the investment of public funds.

The City of Santa Clara Charter gives the Director of Finance the authority and responsibility to deposit and invest all City funds. It authorizes the Director of Finance to invest the City's idle cash in allowable investment vehicles with a maximum remaining maturity of five years by settlement date. The City Council may grant express authority either specifically or as part of an approved investment program to invest in vehicles with remaining maturity that exceeds the five-year restriction. Authority must be given to the Director of Finance at least three months prior to the investment. California Government Code also allows the City to invest in the same investment vehicles as authorized by the City Council. The Director of Finance establishes written depository and investment policy procedures for the operation of the investment program consistent with the City Investment Policy, establishes a process of independent review by an external auditor, and provides monthly investment reports to the City Council.

Debt Policy

The City believes that debt is an equitable means of financing projects and represents an important source of meeting fiscal responsibilities. The City obtains and maintains long-term debt for large capital improvement projects. The Finance Department manages the City's debt with prudence, diligence, and attention to prevailing economic conditions and applicable laws. It manages issuance of debt, administers debt proceeds, prepares ongoing disclosure, handles debt and tax compliance, and makes debt service payments. City departments with debt-financed capital programs coordinate with the Finance Department in implementing and handling debt related transactions. Semiannual updates are prepared by the Finance Department on outstanding debt for the City of Santa Clara, its Agencies, and Corporations. This report is presented as a standard management practice that provides a valuable overview of the current status of the City's long-term debt obligations. The current City Council approved debt policy can be found online at: (<http://santaclaraca.gov/home/showdocument?id=63748>).

Donation Policy

Donations may be offered in the form of cash, real or personal property. "Designated" donations are donations where the donor specifies intended use by a particular City department, location, or purpose. "Undesignated" donations are given to the City as a whole, for an unspecified use. Donations of any kind which might be perceived or interpreted as an attempt to influence actions of the City Council or City Administration will not be accepted. All donations are presented to the City Manager for compliance with the policy. As part of the annual budget process, for anticipated monetary donations, staff will bring forward for Council consideration a balanced appropriation for revenue and expenditures to facilitate the acceptance of donations throughout the fiscal year. Donations valued at \$100,000 or greater require City Council acceptance and appropriation of funds. Donations valued less than \$100,000 may be accepted with the monetary donations available to departments for expenditure as part of the adoption of the annual budget. A report of all donations received by the City is presented to City Council as part of the Monthly Financial Report. The appropriation of anticipated donations can be found in each respective City department and corresponding Source and Use of Funds Statement in this document.

Community Grants Policy

The budget includes an allocation of \$100,000 for Community Grants to offset the cost of City fees in support of the Council approved Community Grants Policy. Annually, and subject to availability of funds, the City Council shall establish grant appropriations as part of the approval of the budget. Community grants, subject to availability of funds, shall not exceed \$10,000 per applicant, per year. To receive grant funds, grant applications must be submitted at least 90 days before the planned event/activity being funded, regardless of the form of the grant, and will be evaluated by the City Manager's Office on a case-by-case and "first come-first served" basis, throughout the fiscal year. Applicants are encouraged to submit their applications at the beginning of the fiscal year, for events or activities occurring at any time during that fiscal year, to maximize opportunity for availability of funds. The City Manager's Office shall approve or deny an applicant's request based upon eligibility criteria, and subject to funding availability as approved by the City Council through the adoption of the annual budget. Grants for community events shall not be provided for waiver of or reimbursement for already discounted permit fees. Grants for attendance at youth state, national, or international competitions or performances shall be limited to costs of registration, hotel, transportation, and food for participants and coaches/chaperones only. Due to short notice, to advance to state, national, or international competitions, applicants shall submit an application within one week of advancing to such competitions. In all cases, the City reserves the right to reject any and all applications in the event the City Manager's Office identifies a potential conflict of interest or the appearance of a conflict of interest. Submission of an application in no way obligates the City to award a grant and the City reserves the right to reject any or all applications, wholly or in part, at any time, without penalty.

Stadium Authority Policy

The Stadium Authority exists as a public body, separate and distinct from the City, and is established to provide for development and operation of Levi's Stadium. It is structured so that the City will not be liable for debts or obligations of the Authority. The governing board duties and the fiscal policies that govern the Stadium Authority are included in the stand-alone Operating, Debt, and Capital Budget that is adopted by the Stadium Authority Board. This can be found at <https://www.santaclaraca.gov/our-city/santa-clara-stadium-authority>. This budget reflects the revenues and expenditures related to the support of the Stadium and can also be found in the General Fund Non-Departmental section of this document titled Stadium Operations.

Policy Development

Staff has established this Budget and Fiscal Policies section in an effort to improve governance, transparency, and establish policies to govern the budget. These policies will be reviewed annually and enhanced as capacity allows.

OUTSTANDING LOANS AND ADVANCES

Interfund loans are loans from one City fund to another City fund for a specific purpose, with a requirement for repayment. A detailed listing of outstanding loans and advances is included in the following table:

Receiving Fund	Originating Fund	Loan/Advance Details (Payback Source, Term, Interest Rate)	Outstanding Amount (as of June 30, 2022) *
Parks and Recreation Capital Fund	General Fund (May 22, 2018, RTC 18-124) Loan for the Reed Street – Grant Street Sports Park Project from the Land Sale Reserve	This loan bears interest based on the City's weighted average portfolio rate. This loan will be repaid in annual installments from Mitigation Fee Act revenue (25% of the revenue is allocated for loan repayment) until the loan is paid in full.	\$ 5,539,540
Total Interfund Loans and Advances			\$ 5,539,540

* The loan was fully repaid on March 21, 2023 (Report to Council 23-316) from Mitigation Fee Act revenue received in FY 2022/23.

Budget Guide

The following information is presented to help the reader understand the way the City allocates budgets and accounts for the operations of the City. Explanations are presented in two categories: Budget Book Details and Fund Accounting.

UNDERSTANDING THE OPERATING BUDGET

Budget Definition

The budget of the City is a detailed operating plan that identifies estimated costs and program benefits in relation to estimated revenues. The budget is prepared in accordance with Generally Accepted Accounting Principles (GAAP), except encumbrances which are recognized as expenditures when legal contracts or commitments are entered into. The budget for governmental funds has been prepared on a modified accrual basis, recognizing revenue when they are measurable and available to be used to finance expenditures in the fiscal year. Expenditures are recognized when they occur, regardless of when cash is received or disbursed. The budgets for proprietary funds are prepared on a full accrual basis, recognizing revenue and expenditure activity for the fiscal year for which the activity occurred. The budgetary accounting basis and the consolidated annual financial reports include the reconciliation between GAAP modified and/or full accrual accounting for the financial reports and the budgetary basis budget. All of the year-end financial reports are kept on the basis of modified or full accrual accounting. The budget includes the adopted services to be provided during the fiscal year and the associated appropriations to cover the costs of the adopted programs, projects, services, and activities. These are funded by the estimated revenue and/or fund balance available to finance the adopted service levels.

Budget Process

The budget process is the mechanism through which policy decisions are made, implemented, and controlled. The City Charter requires that the City establish a budgetary system for general operations and prohibits expending funds for which there is no legal appropriation. The City is required to adopt an annual operating budget on or before June 30 for the ensuing fiscal year that begins July 1.

The procedures to establish the budget are as follows:

1. In October and November, departments review their annual budget to determine what their base budget needs to be for the following year, in order to keep the City Council-approved level of service currently provided. Once these adjustments are identified, base budget requests are submitted to the Finance Department for review.
2. After receiving all base budget requests and corresponding back-up documentation to support the requests, the Finance Department meets with the City Manager's Office to review all department requests. Once these meetings take place, the base budget is established for each department.
3. The City Manager's Office, along with the Finance Department, coordinate a citywide presentation to kick off the budget process to provide a brief overview to departments of what is expected in their submissions as well as a timeline of due dates for service level change requests.

Budget Process

4. In February/March, there is typically a City Council operating and strategic priority setting retreat. Any recommendations that come forward during this retreat are incorporated into service level change requests. During this retreat, the Ten-Year General Fund Financial Forecast is also presented to City Council.
5. Departments submit to the Finance Department all service level change requests for the operating budget, as well as any critical needs for adjustments in their Capital Improvement Program budget. The Finance Department reviews all submissions, working with departments to resolve any questions or outstanding issues.
6. Budget meetings are held between the City Manager's Office and the Finance Department to review all service level change requests in both the operating and capital improvement program budgets. After these meetings have taken place, decisions are finalized based on the items presented, balancing each fund's budget and incorporating City Council priorities.
7. The City Manager submits to the City Council a proposed operating budget for the two following fiscal years, as well as any capital adjustments for the following fiscal year, commencing July 1. Submission to City Council is at least thirty-five (35) days prior to the beginning of each fiscal year.
8. Public hearings are conducted to obtain City Councilmembers' and residents' comments. Copies of the proposed budget shall be available for inspection by the public in the office of the City Clerk at least ten days prior to these hearings.
9. The budget is legally enacted through passage of a minute order.

From the effective date of the budget, the amounts stated therein as expenditures/expenses, become appropriations to the applicable funds. In order to amend the budget during the year, departments must submit a Report to Council, explaining the need for the change and budget implications. Upon review and approval of the City Council, the budget may be amended. For the Operating Budget, the legal level of budgetary control is at the fund and department level. For funds that do not have an associated department, the legal level of budgetary control is at the fund level.

In addition to the biennial appropriated operating budget, every other year a Capital Improvement Program (CIP) Budget is adopted and a five-year capital needs plan is updated and accepted by the City Council for the City's anticipated capital projects to be funded over the next five years. For the CIP Budget, the legal level of budgetary control is at the project level.

Budget Book Details

The Operating Budget includes a ***City Manager’s Transmittal Letter*** that provides an overview of the organization, the short- and long-term issues facing the City, City Council priorities and the changes to the budget as they align to strategic initiatives.

The ***City Profile and Organization Chart*** section provides basic facts about the City, a detailed roster of elected officials including Boards and Commissions, the City’s executive team, comparison of key revenue and expenditure data to other local cities and the City organization chart.

The ***Budget and Fiscal Policies*** section provides detailed policy framework driving the development of the budget, including a glossary and acronym index.

The ***Budget Summary*** details the total City budget across all funds, with adjusting entries reconciling to a total net City budget.

The ***Summary of Budgeted Positions by Department*** details the City’s budgeted positions and reconciles changes throughout the year.

The ***Statement of Sources and Uses of Funds*** section details revenues, expenditures and fund balance position including prior year actual activity, current year budget and estimated revenue and expenditures, and two-adopted budget years. This section is organized by accounting fund type detailed later in this section.

The ***Debt Service*** section details the City’s debt policies, current long-term debt obligations, legal debt margin, and the ten-year debt service schedule for all outstanding debt issuances.

The ***Ten-Year Financial Forecast*** section includes overviews of the General Fund and selected other funds forecasts. These overviews include revenue and expenditure assumptions.

Department sections detail each department mission and objectives broken into divisions and programs. A summary of accomplishments from the past year, objectives for the next two years and budget highlights are included. A table summarizing Dollars by Division and Program, Dollars by Fund, and Dollars by Category provide multiple views of the budgeted dollars. Position budgets are developed initially in the fall of the preceding year with an interface of salary and benefits data with the Human Resources/Payroll system. These positions are reviewed and amended based on Council-approved service levels with allocations reflected by fund, division, and program. A summary of positions by division and program, by fund, and by job classification are included in each department. Budget reconciliations are included in each department section. This section summarizes changes from the prior Adopted Budget, including one-time and ongoing changes to the Base Budget and Service Level Changes. After the budget reconciliation are the service level change items. This portion of the department section includes a description of the action, the dollar amount in each adopted year and any associated position change. Each service level change discusses the performance impact and notes the alignment to the City Council priorities represented in a strategic pillar.

Categories of Expenditures

Salaries – Includes regular salaries, overtime pay, vacation pay, holiday, separation payouts, and premium pays such as out-of-class pay, night differential pay, hazard pay, evidence tech pay, and paramedic pay. These costs are primarily driven by the number of positions budgeted within the program.

Benefits – Includes Medicare, social security, health allocation, other post-employment benefits (OPEB), and CalPERS retirement costs. Other benefits such as Voluntary Employee Beneficiary Association (VEBA), dental, life insurance, uniform allowance, meal allowance, employee assistance program, auto allowance, mobile phone allowance, and professional development are included, if applicable.

Materials/Services/Supplies – Includes all expenditure items that the department has direct control over such as contract costs, supplies, equipment purchases, and utility charges. For the second year of the Biennial Operating Budget, a 2% increase to costs has been applied to most line items.

Resource and Production – Consists mainly of costs related to the purchasing or generating of electricity, water, or recycled water as well as disposing of solid waste matter and sewage effluent for the respective City utilities.

Services from Other Funds – Cost Allocation Plan – Includes central services costs (e.g., Human Resources, Finance, City Manager's Office, City Attorney's Office) that are allocated to funds as calculated in the Cost Allocation Plan. The Cost Allocation Plan costs, which are typically termed "citywide overhead", are allocated to departments and funds receiving the support based on an allocation factor, such as employee count or budgeted expenditures. The Cost Allocation Plan is typically updated by a third-party consultant every two or three years and include modest increases between updates.

Interfund Services – Includes allocated charges for services provided by various departments or central costs as budgeted in the City's internal service funds. Citywide liability claims costs, vehicle maintenance and replacement, unemployment insurance, workers' compensation costs, communications equipment, and information technology costs are reflected in internal service funds and the costs are apportioned to departments or funds in the City based on an appropriate allocation factor for each internal service fund.

Capital Outlay – Includes small capital expense purchases not budgeted within the Capital Improvement Projects budget. Most individual capital purchases with a cost of less than \$5,000 are expensed in this category.

Transfers to Other Funds – Includes all money moving to other funds. Transfers can be between the operating and capital improvement program budget to provide funding for capital projects or between different operating funds. Transfers to other funds are included in the department budget sections.

Debt Service – Funding provided to pay for the City's Debt Service obligations. These costs have been excluded from department budgets and detailed in a separate Debt Service section in the document.

Strategic Pillars

The following are the strategic pillars established by the City Council to provide a framework for this budget document. In each department section, service level changes and performance and workload measures aligned to one of the Council-approved pillars below:

Enhance Community Engagement and Transparency

Deliver and Enhance High Quality Efficient Services and Infrastructure

Manage Strategically Our Workforce Capacity and Resources

Promote and Enhance Economic, Housing and Transportation Development

Promote Sustainability and Environmental Protection

Enhance Community Sports and Recreational and Arts Assets

Ensure Compliance with Measure J and Manage Levi's Stadium

Performance and Workload Measures

In program budgeting, Performance and Workload Measures are used to measure the performance of the department. These measures align budget dollars allocated to provide services with City Council priorities through Strategic Pillars in an effort to drive budgetary decision making. These measures provide insight into how efficiently or effectively the City is providing services in each major program. They are the measures through which the value of services can be assessed by Council and the public. Workload measures provide insight into the volume of effort that is required to provide each service. Performance and Workload Measures tend to remain the same year after year to provide longitudinal data which allows trends to be evaluated. There are, however, some programs which do not have performance measures. These are in areas where quantifiable results are either not appropriate or where it would be too costly to gather the information. Additionally, there are programs where there are no results/budget for particular years, as noted by "N/A". This typically indicates that the measure was: (1) new for the budget year, (2) the program is closed/closing for the budget year, or (3) the measure moved to another program due to a department reorganization of structure. All measures are tied to a strategic pillar, displayed by the icons in the Performance and Workload Measures tables. Performance and Workload Measures proposed for addition or deletion are noted on each measure.

Fund Accounting

The accounts of the City are organized and operated on the basis of funds, each of which is considered a separate accounting entity. Government resources are allocated to and accounted for in individual funds based upon the purposes for which the resources are to be spent. A general description of each follows:

Governmental Fund Types

Governmental funds are those through which most governmental functions of the City are financed. The following are the City's Governmental Fund Types:

General Fund - Used to account for the general operations of the City.

Special Revenue Funds - Used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes. Examples of Special Revenue Funds include the Downtown Parking Maintenance District Fund and the Housing Authority Fund.

Debt Service Funds - Used to account for the accumulation of financial resources to be used for the payment of principal and interest on General Government Operating and Capital long-term obligations, which are not accounted for in proprietary funds.

Capital Improvement Program Funds - Used to account for financial resources to be used for the acquisition or construction of General Government major capital facilities. Capital projects funds are organized by the following fund groups: Enterprise, Streets and Highways, General Government, and Authority funds. Further information on these fund groups and the capital improvements they support can be found in the adopted Capital Improvement Program Budget book.

Proprietary Fund Types

Proprietary funds are used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. Proprietary Fund Types include Enterprise Funds and Internal Service Funds and are described as follows:

Enterprise Funds - Used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs and expenses, including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Examples of Enterprise Funds include the Electric Utility Fund and the Water Utility Fund.

Internal Service Funds - Used to account for the financing of goods, services or facilities provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis. Services provided include vehicle replacement, vehicle maintenance and operations, information technology, communications equipment, public works capital projects management, special liability insurance claims, workers' compensation insurance and claims, and unemployment insurance. Examples of Internal Service Funds include the Special Liability Fund and Workers' Compensation Fund.

Fiduciary Fund Types

The City has three types of Fiduciary Funds: Agency Funds (e.g., Employee Benefit and Liability Clearing, Deposits), the Other Post Employment Benefit (OPEB) Plan Trust Fund; and the Private Purpose Trust Funds (e.g., Successor Agency). These funds are excluded from the budget because the City cannot use these resources to finance its own operations.

While each department section provides for a budget breakdown by fund, this budget document also includes statements of sources and uses for all of the City's funds, categorized by the type of fund as described above. Each of these financial statements includes the 2021/22 Actuals, 2022/23 Amended Budget, 2022/23 Estimate, and the 2023/24 and 2024/25 Proposed Budget. The 2022/23 Amended Budget is the adopted budget in addition to any budget amendments that were approved by City Council throughout the fiscal year, while the Estimate column shows what the expected revenue and expenditures will be for 2022/23. The Proposed Budget columns take into account the base budget plus all service level changes included in this document.

BUDGET CALENDAR

DRAFT BUDGET PRINCIPLES FOR FY 2023/24

1. Make decisions within the context of the City's Code of Ethics and Values, especially being Fiscally Responsible, Communicative, and Service-Oriented.
2. Consider budget decisions with long-term implications taking into account data from the Ten-Year Financial Forecast.
3. To the extent possible, align ongoing expenditures with ongoing revenues to avoid negative impacts on future budgets and maintain the City's high financial management standards.
4. When addressing General Fund shortfalls, use a combination of ongoing and one-time solutions to balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community.
5. Continue cost control measures until the ongoing General Fund revenues and expenditures are in alignment.
6. Approve an exception to the Council Policy that dictates setting the General Fund Budget Stabilization Reserve at or above 25% of adopted budget expenditures; set the Reserve level at a minimum of 15% of expenditures.
7. Focus on projects and services that benefit the community as a whole.
8. Pursue economic development objectives and strategies to foster new public and private investment within Santa Clara, and to create employment opportunities.
9. Balance between compensation adjustments to retain and attract employees and funding for positions.
10. Use one-time unrestricted revenues (e.g., annual General Fund surplus) for one-time uses such as increasing reserves, funding capital or Information Technology projects, paying off debt, and/or paying off unfunded pension or other post-employment benefits liabilities.
11. Inform and communicate clearly and broadly to residents, businesses and employees regarding the City's fiscal position and budget; schedule hearings to promote active participation in the City Council's budget deliberations.
12. With limited exceptions, establish fees based on full cost recovery where individuals/businesses rather than the community at-large are benefitting from City services. This preserves limited unrestricted resources for providing services that benefit the community as a whole.
13. Focus on business process redesign in order to improve employee productivity and the quality, flexibility, and cost-effectiveness of service delivery (e.g., streamlining, simplifying, reorganizing functions, and reallocating resources).
14. Explore expanding existing revenue sources and/or adding new revenue sources.
15. Engage employees to contribute new and innovative ideas during the department budget development process.
16. Use the General Plan as a primary long-term fiscal planning tool and link ability to provide City services to development policy decisions.

GLOSSARY

The following explanations of glossary and terms are presented to aid in understanding the information included in this document:

Abatement - A complete or partial cancellation of a levy imposed by a government and usually applied to tax levies, special assessments and service charges.

Accounting System - The total structure of records and procedures which discover, record, classify, summarize and report information on the results of operations and the financial position of a government or any of its funds, fund types, balanced account groups, or organizational components.

Accrual Basis of Accounting - A method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

Adopted Budget - The annual City budget as approved by City Council on or before June 30 for the fiscal year beginning July 1. This adopted budget establishes the legal authority for the expenditure of funds. This formal action by the City Council sets the spending path for the year.

Agency Fund – To account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds.

Allocation - To divide or share out financial resources or expenditures for a specific purpose to particular funds or departments.

American Recovery and Reinvestment Act (ARRA) - An act established by the federal government in February 2009 whose intent is to create and save jobs, spur economic activity and focus on long term growth through the funding of various projects and initiatives.

Annual Comprehensive Financial Report (ACFR) - The official annual report of the City's financial condition at the conclusion of the fiscal year, June 30. The report is prepared to conform to Generally Accepted Accounting Principles (GAAP) for governmental units and provides a quantitative look at the operating success, financial health, and compliance of the City's reporting units.

Appropriation - A legal authorization granted by the City Council to make expenditures and to incur obligations for specific purposes. For purposes of the Capital Improvement Program (CIP) budget, appropriations are automatically renewed, for the life of the project, unless altered or revoked. For the operating budget, appropriations lapse at the end of the fiscal year to the extent they have not been expended or encumbered.

Appropriations Limit - The California State Constitution limits a city's appropriations growth rate to two factors: changes in population, and either the change in California per capita income or the change in the local assessment roll due to non-residential new construction.

Assessed Valuation - A valuation set upon real estate or other property by a government as a basis for levying taxes. In California, the assessed valuation subject to ad valorem tax levy is governed by Proposition 13 and AB8 (1978).

Assets - A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events. This includes financial resources such as cash, receivables, inventory and plant and equipment, net of depreciation.

Audit - A formal examination of the City's accounts by an independent audit firm to determine whether the City's financial statements fairly present the City's financial position and results of operations in conformity with Generally Accepted Accounting Principles.

Authorized Positions - Regular positions authorized in the budget to be employed during the fiscal year.

Balanced Budget - The budget for a fund is balanced when total budgeted resources, including revenues, transfers in from other funds, and available fund balance from the previous year, meets or exceeds total budgeted uses of resources, including expenses and transfers out to other funds.

Base Budget - The ongoing expense level necessary to maintain service levels previously approved by the City Council.

Basis of Accounting - The timing of recognition, that is, when the effects of transactions or events are recognized for financial reporting or budgeting purposes. The three bases of accounting for governmental agencies are: (1) cash basis (when cash is received or paid), (2) accrual basis (when the underlying transaction or event takes place), and (3) modified accrual basis (revenues are recognized in the accounting period in which they become available and measurable and expenditures are recognized in the accounting period in which the fund liability occurred).

Beginning Fund Balance - The amount of prior year's unappropriated funds used to finance appropriated expenses in the current budget year.

Biennial Budget - A consolidated budget document presented on a biennial basis that includes the City's Operating Budget and CIP Budget. The Operating and Capital Budgets are presented in alternating years to the City Council for approval.

Bond - A city may raise capital by issuing a written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, together with periodic interest at a specific rate.

Bond Rating - An evaluation of a bond issuer's credit quality and perceived ability to pay the principal and interest on time and in full. Three agencies regularly review city bonds and generate bond ratings: Moody's Investors Service, Standard and Poor's and Fitch Ratings.

Budget - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the estimated financial resources available to finance them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

Budget Public Hearing - A public meeting at which any member of the community may appear and be heard regarding any item in the proposed budget as presented by the City Manager to the City Council.

Budget Transmittal Letter - A general discussion of the budget as presented in writing by the City Manager to the City Council. The message contains an explanation of principal budget items and summaries found in the budget.

Budgetary Control - The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenses within the limitations of authorized appropriations.

Capital Asset - Land, buildings, equipment, improvements to buildings, and infrastructure (i.e., roads, bridges and other immovable assets). The City's policy is to capitalize equipment with a cost exceeding \$5,000 and building, improvements and infrastructure with costs exceeding \$20,000. A capital asset is defined as an asset with a useful life extending beyond a single accounting period.

Capital Improvement - A permanent addition to the City's assets, including the design, construction or purchase of land, buildings, or facilities, or major renovations of same.

Capital Improvement Program (CIP) Budget - A plan of annual appropriation for capital improvements and various kinds of major facility maintenance. These projects are often multi-year in length, which requires funding beyond the two-year period in the biennial budget.

Capital Outlay - A budget category which includes all equipment having a unit cost of \$1,000 or more, and an estimated useful life of over one year or capital improvements costing less than a certain dollar amount. Capital Outlay is budgeted in the operating budget in the Other Operating Expenditure Category.

Certificates of Participation (COPs) - This financing technique provides long-term financing through a lease, installment sale agreement or loan agreement. Certificates of Participation (COPs) allow the public to purchase participation in a stream of lease payments, installment payments or loan payments relating to the acquisition or construction of specific equipment, land or facilities. The lending agreement is secured by a lease on the acquired asset or other assets of the City.

Charges for Services - Fees and charges levied by City departments for services rendered (example: utility charges to customers, recreation program fees, engineering fees, etc.).

Community Development Block Grant (CDBG) - Provides eligible metropolitan cities and urban counties with annual direct grants to revitalize neighborhoods; expand affordable housing and economic opportunities; and/or improve community facilities and services, principally to benefit low- and moderate-income persons.

Community Facilities District (CFD) - A special district that can issue debt for the planning, design, acquisition, construction, and/or operation of public facilities, as well as provide public services. Special tax assessments levied by the district are used to repay the debt. A CFD can be formed only if approved by the majority of affected property owners.

Consumer Price Index (CPI) - A statistical measure of a weighted average of prices of a specified set of goods and services purchased by wage earners in urban areas.

Contingency - A budgetary reserve set aside for emergency or unanticipated expenditures, revenue shortfalls, and/or unknown expenditures.

Debt - Obligations of the City to repay, with or without interest, in installments and/or at a later date, some amount of money utilized resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, notes and COPs.

Debt Financing - Issuance of bonds and other debt instruments to finance municipal improvements and services.

Debt Service - Payment of the principal and interest on an obligation resulting from the issuance of bonds, COPs or other debt instruments.

Deficit - An excess of expenditures or expenses over revenue (resources).

Department - An organizational unit comprised of divisions and/or programs. It is the basic unit of service responsibility encompassing a broad mandate of related activities. Department directors generally report directly to the City Manager's Office, for instance, Fire and Finance.

Depreciation - An allocation of the cost of fixed assets (buildings, plant or equipment) over the estimated useful life of the asset.

Designation - A portion of fund equity set aside by Council Action for a specific purpose.

Dissolution Act - Also known as Redevelopment Dissolution Act; on December 29, 2011 the California Supreme Court found the Dissolution Act (ABx1 26) constitutional in the California Redevelopment Association vs. Matosantos case. The Act continued the suspension and prohibition of most redevelopment activities in effect since late June 2011; dissolved RDAs as of February 1, 2012; created successor agencies and oversight boards; and established roles for the County-Auditor Controller, the Department of Finance and State Controller's Office in the dissolution process and satisfaction of enforceable obligations of former RDAs.

Division - An organizational unit within a City department. For instance, Fire Field Operations, Fire Community Risk Reduction, and Fire Training.

Encumbrance - Obligations in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid.

Enterprise Fund - Used to account for operations: a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs and expenses, including depreciation or capital replacement, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Environmental Impact Report (EIR) - An assessment of the likely influence a project might have on the environment.

Equity - The net assets of a fund (i.e. the assets less the liabilities on a fund balance sheet).

Expenditure - Actual cash disbursements for the cost of goods delivered or services rendered to the City in a Governmental Fund.

Expenditure Object Category (Expenditure Category) - Expenditure categories are a group of similar expenditure objects.

Expense - The cost incurred from providing goods or services related to the City's operations in Proprietary Funds.

Fee - The payment for direct receipt of a public service by the party who benefits from the service.

Fiscal Year - The time period designated by the City signifying the beginning and ending period for recording financial transactions. Consistent with all cities and counties in the State of California, the City of Santa Clara has specified July 1 to June 30 as its fiscal year.

Franchise - A special privilege granted by a government, permitting the continued use of public property, such as city streets and usually involving the elements of a monopoly or regulation, for example cable TV, gas, refuse, and others.

Full-Time Equivalent - Refers to one full-time equivalent position, which equals 40 hours per week, 52 weeks per year.

Fund - An independent fiscal and accounting entity with a self-balancing set of accounts recording its assets, liabilities, fund equity, revenues and expenditures or expenses and other changes in residual fund equity or balances, segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, limitations or public policy.

Fund Balance - The amount of financial resources immediately available for use. Generally, this represents the difference between unrestricted current assets over current liabilities.

Fund Type - A category into which funds with similar characteristics are grouped. The fund types used in the City budget are General, Special Revenue, Capital Projects, Enterprise, Internal Service and Debt Service funds.

Gas Tax – State tax received from gasoline sales utilized solely for street related purposes, such as new construction, rehabilitation or maintenance.

General Fund - The primary fund of the City used to account for all revenues and expenditures of the City not accounted for in another fund. Examples of departmental operations accounted for in the General Fund include the City Council, Police and Fire Departments, Library, Parks and Recreation, and others.

Generally Accepted Accounting Principles (GAAP) - Uniform minimum standards and guidelines for financial accounting and reporting that govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to State and local governments is the GASB (Governmental Accounting Standards Board).

Governmental Accounting - The composite activity of analyzing, recording, summarizing, reporting, and interpreting the financial transactions of governments.

Governmental Accounting Standards Board (GASB) - The authoritative accounting and financial reporting standard-setting body for government entities.

Governmental Fund - A fund type to account for tax-supported activities. There are four different types of governmental funds: the General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds.

Grant - Contributions of cash or other assets from another government entity to be used or expended for a specific purpose, activity or facility. An example is the Community Development Block Grant given by the federal government.

HOME Program – Federal housing assistance program that provides funds to low- and very low- income families for both rental units and privately-owned dwellings.

Housing and Urban Development (HUD) - The Federal agency whose mission is to increase home ownership, support community development and increase access to affordable housing free from discrimination.

Housing Authority - The City of Santa Clara Housing Authority was established by Resolution 11-7827 on February 22, 2011 to ensure the provision of safe and sanitary housing for persons of low income.

Indirect Cost Allocation Plan - The City uses an indirect cost allocation plan to ensure that enterprises and certain special revenue supported operations pay for themselves and are not subsidized by City taxpayers. General Fund supported central services costs such as payroll, accounting, data processing, personnel, city management and facilities maintenance are allocated to those funds benefiting from these services based on statistical data reflecting use of these support services.

Infrastructure - Facilities on which the continuance and growth of a community depend on such as roads, water lines, sewers, public buildings, parks and airports.

Interest and Rent - Interest income on investments and rental income received on property owned by the City.

Interfund Services - Services provided by one fund within the City for the benefit of another fund for which the benefitting fund is charged a fee (e.g., payroll services for the Electric Utility Department).

Interfund Transfers - With Council approval, resources may be transferred from one City fund to another. The purpose of the majority of transfers is to reimburse a fund that has made expenditures on behalf of another fund. Less often, a transfer may be made to open or close a fund.

Intergovernmental - Revenue received from other government entities (e.g., grants).

Internal Service Funds - These funds account for special activities and services performed by a designated department for other departments in the City on a cost reimbursement basis.

Legal Debt Limit - Per section 6.07 of the City Charter, bonded indebtedness of the City may not exceed 10% of the total assessed valuation of property within the City, exclusive of any indebtedness incurred for the purpose of water supply, sewers or storm drains.

Levi's Stadium - The stadium is located at 4900 Marie P. DeBartolo Way, Santa Clara and is the home of the San Francisco 49ers professional football team. It has a permanent seating capacity of approximately 68,500 seats with expansion to approximately 75,000 seats for larger events, such as an NFL Super Bowl. The stadium was built based on the City of Santa Clara approved Measure J, the Santa Clara Stadium Taxpayer Protection and Economic Progress Act, on June 8, 2010.

Levy - An amount of taxes, special assessments or service charges imposed by a government for the support of government activities.

Liability - Probable future sacrifices of economic benefits arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events. That is, a financial obligation or claim of financial resources of a specific fund to be liquidated at a future date.

Long-term Debt - Debt with a maturity of more than one year after the date of issue.

Mission - The overriding purpose of the department, division, or program.

Modified Accrual Basis of Accounting - Revenues are recognized in the accounting period in which they become available and measurable; expenditures are recognized in the accounting period in which the fund liability is incurred (if measurable), except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Municipal Code - A compilation of City Council approved ordinances currently in effect. The Code defines City policy in various categories, for example, Civil Service rules, traffic regulations, sanitation and health standards, building regulations and planning and zoning regulations.

Object Category - See Expenditure Object Category.

Operating Budget - The portion of the budget that pertains to the City's daily operations and activities engaged in to provide services to the community. The operating budget contains appropriations for such expenditures as personnel (salaries, wages and benefits), supplies and materials, utilities, travel and fuel.

Ordinance - A formal legislative enactment by City Council. It has the full force and effect of law within City boundaries unless pre-empted by a higher form of law (State or federal). An ordinance has a higher legal standing than a resolution. Revenue raising measures, such as the imposition of taxes, special assessments and service charges are some examples of actions that would require the enactment of an ordinance.

Other Financing Sources - Changes in residual fund equity or balances not arising from revenues or expenditures/expenses. Includes governmental fund general long-term debt proceeds, amounts equal to the present value of minimum lease payments arising from capital leases, proceeds from the sale of general fixed assets and operating transfers in.

Performance Measures - This is a non-financial measurement of activity such as number of meters read, number of bills sent, number of customer service calls handled and response time to emergency calls. Performance-based budgeting incorporates performance measures into the budget process.

Program - A program is a specific service or activity that falls under departmental divisions. Programs provide for a lower level of detail regarding a Department's function. For instance, the Traffic Program under the Police Field Operations Division.

Property Tax - An ad valorem (based on value) tax on real property and tangible personal property levied by the local government on the property located within the City's jurisdiction. Property tax is determined by two factors: the assessed value of the property and the tax rate for the area in which the property is located.

Public Facilities Financing Corporation (PFFC) - The City of Santa Clara Public Facilities Financing Corporation (PFFC) was formed in 1997 for the purpose of issuing Certificates of Participation (COPs) to provide financing for the construction of major City facilities. Members of the City Council are also members of the PFFC Board. Debt service on the COPs is secured by lease payments made by the City's General Fund to the PFFC for the use of the constructed facilities for public purposes. In accordance with lease agreements, the PFFC assigns lease payments received from the City to the trustee for payment to the certificate holders.

Redevelopment Dissolution Act - See Dissolution Act.

Reimbursement - Repayments of amounts remitted on behalf of another party, or interfund transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it but properly applied to another fund.

Reserve - An account used to earmark a portion of fund balance to indicate that it is not available for expenditure or legally segregated for a specific future use.

Resolution - A special or temporary legislative order of the City Council/Agency/Authority. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the City. A resolution requires less legal formality and has a lower legal status than an ordinance.

Revenue - Resources received by the government available for use in supporting services including such items as taxes, fees, permits, licenses, grants and interest.

Risk Management - An organized attempt to protect a government's assets against accidental loss in the most economical method. The City is exposed to various risks of losses related to torts, errors and omissions, general liability, injuries to employees and unemployment claims. Claims, expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated using actuarial methods or other estimating techniques. These losses include an estimate of claims that have been incurred but not reported.

Sales Tax - A tax imposed by the government on retailers at the point of sale for the privilege of selling tangible personal property. It is usually calculated as a percentage of the selling price and collected by the retailer from the consumer. The rate in the City of Santa Clara is 9.125%.

Silicon Valley Power (SVP) - The City's Electric Utility Department provides electricity to City residents and businesses under the name Silicon Valley Power.

Special Assessment – A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

Special Revenue Fund – A fund in which revenue collected is restricted by the City, State or federal government as to how the city might spend its resources.

Sports and Open Space Authority (SOSA) – The City of Santa Clara Sports and Open Space Authority (SOSA) was created by the City Council in 1974 for the acquisition and development of open space within the City. The members of the City Council are also members of SOSA's Board of Directors and, as such, are authorized to transact business and exercise power to purchase, lease or otherwise obtain and dispose of real and personal property, to acquire, construct, maintain, repair, manage and operate real and personal property, including leasing to private operators for commercial purposes, surplus space which is not economical to use for open space planning.

Stadium Authority – The Stadium Authority was established by the City Council in 2011 to provide for the development and operation of Levi's Stadium. The Stadium Authority's governing board is the seven members of the City Council. The Stadium Authority will own, develop, construct, operate and maintain the Stadium, and have all powers granted to it by the City. The Stadium Authority is a separate and distinct legal entity, and the City is not liable for the debts or obligations of the Stadium Authority.

Strategic Pillar – The City Council adopted seven focus areas for City operations: 1. Promote and Enhance Economic, Housing and Transportation Development; 2. Deliver and Enhance High Quality Efficient Services and Infrastructure; 3. Enhance Community Sports, Recreational and Arts Assets; 4. Enhance Community Engagement and Transparency; 5. Ensure Compliance with Measure J and Manage Levi's Stadium; 6. Manage Strategically our Workforce Capacity and Resources; and 7. Promote Sustainability and Environmental Protection.

Subsidy – A grant by a government entity to another government entity to pay all or a portion of an activity of the government deemed advantageous to the public.

Successor Agency to the Former Redevelopment Agency of the City of Santa Clara – Pursuant to State legislation ABx1 26, the "Dissolution Act," the Redevelopment Agency (RDA) of the City of Santa Clara was dissolved effective February 1, 2012. The City has elected to become the Successor Agency for the RDA non-housing functions, responsible for paying off the former Redevelopment Agency's existing debts, disposing of the former Redevelopment Agency's properties and assets to help pay off debts, returning revenues to the local government entities that receive property taxes, and winding down the affairs of the former Redevelopment Agency. The City has also elected to retain the former Redevelopment Agency's housing functions, including retaining all of the housing assets, rights, power, duties, obligations and functions previously performed by the Redevelopment Agency in administering its Low and Moderate Income Housing Fund.

Surplus – An excess of revenue (resources) over expenditures or expenses.

Taxes – Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. The term does not include specific charges made against particular persons or property for permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges as, for example, water service charges.

Ten-Year Financial Plan – A strategic planning document showing the estimated results of operations and capital improvement project requirements over the next ten years. This plan is reviewed and accepted by Council and no appropriations result from that acceptance.

Theme – The capital budget is aligned to twelve categories (Administrative Facilities, Community Facilities, Convention Center, Electric Utility, Other Community Projects, Parks and Trails, Sewer Utility, Solid Waste, Storm Drain, Technology and Equipment, Transportation, and Water and Recycled Water Utilities).

Tourism Improvement District (TID) – The Santa Clara Tourism Improvement District was established in 2004 as a marketing revenue supplement to assist the Santa Clara Convention and Visitors Bureau (CVB) with marketing the City of Santa Clara to hotel and convention center groups and visitors. The activities to be provided to the district will be funded by the levy of assessments.

Transient Occupancy Tax (TOT) – A locally controlled tax imposed on travelers who stay in temporary lodging facilities for stays thirty days or less. The rate in the City of Santa Clara is currently 11.5%.

Trust Fund – Used to account for assets held by the City in a trustee capacity.

User Charges – The payment of a fee for direct receipt of a public service by the party benefiting from the service.

BUDGET SUMMARY | SUMMARY OF FUND ACTIVITY

***Explanations for FY 2023/24 Beginning Fund Balance and Ending Fund Balance Changes Greater Than 10%**

1. The accumulation of surplus revenues and/or expenditure savings is being used for budget balancing purposes.
2. The beginning fund balance includes carryover of the prior year's budget. If these carryovers are removed, the change in fund balance is less than 10% (except in the Electric Capital Fund where the change in fund balance is above 10%)
3. The accumulation of savings is being used for various one-time uses.
4. This fund's expenditure budget is determined using rates, fees and charges estimates for cost recovery; reflects the ramp up of activity
5. The accumulation of savings is being used to support future years' uses and/or to establish recommended reserve levels.
6. The establishment or elimination of the fund.
7. The planned draw down of accumulated fund balance and/or reserves
8. The revenue and expenditure activity are provided and managed by an outside agency; reflects planned use of fund balance to support expenditures.
9. Changes in expenditure levels related to timing changes in capital expenditures.

Total Budgeted FTE by Department/Office	1,095.00	1,127.00	1,149.25	22.25	1,153.25

¹The positions above represent all funded positions. This excludes 30.5 positions that are frozen including: the remaining 22.50 positions frozen on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402), the 5.0 positions frozen on June 22, 2021 (Agenda Item 5.0 – Report to Council 21-526), and the 3.0 positions recommended to be frozen in this Proposed Budget.

²The positions include 3.0 positions added during FY 2022/23 to support development related activity (Report to Council 22-1222) and 4.0 development-related positions recommended in FY 2024/25 as part of this Proposed Budget.

³This reflects 8.0 positions added during FY 2022/23 (3.0 positions added through Report to Council 22-1145 and 5.0 positions added through Report to Council 22-1772).

⁴The position counts exclude 7.0 positions that were originally funded by Related but are frozen beginning FY 2023/24 based on discussions with Related including 1.0 Senior Inspector in the Community Development Department, 1.0 Deputy Fire Marshal II and 1.0 Fire Protection Engineer in the Fire Department, and 1.0 Associate Engineer, 1.0 Principal Engineer, 1.0 Senior Civil Engineer, and 1.0 Public Works Inspector in the Department of Public Works.

⁵The positions include 18.0 Firefighters added from the SAFER grant (Report to Council 23-170, February 7, 2023), including 12.0 that were originally frozen on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402) and an additional 6.0 positions. This also includes 2.0 development-related positions added during FY 2022/23 (Report to Council 22-1145).

⁶This reflects the increase of an Office Specialist from 0.50 FTE to 0.75 FTE.

⁷The FY 2022/23 Adopted position count includes positions that were restored with the \$1.7 million added to the Police Department budget on June 21, 2021. This funding restored 10.0 FTE to the Police Department, approved by the City Council on January 11, 2022 (Report to Council 22-1595).

DEBT SERVICE

Overview

Under the authority of the City Manager, the City executes debt instruments, oversees the accounting and reporting of debt, administers debt proceeds, manages continuing disclosure and debt compliance requirements, and makes debt service payments, while acting with prudence, diligence, and attention to prevailing economic conditions.

The City of Santa Clara uses debt financing as a tool to maintain its long-term financial stability by paying for certain expenditures over time. Debt financing is also a tool for managing cash flow when large, one-time outlays are required as in the case of constructing a new building or large-scale upgrades to infrastructure. This section provides a summary of the City's debt service for the ten-year forecast period. Included is the Computation of Legal Debt Margin, which calculates the City's debt limit as defined by the City Charter. Also included is a debt service schedule representing the currently outstanding debt of the City. The City does not currently have any outstanding general obligation debt.

Debt Policies

The Santa Clara City Charter, Section 1309, limits the allowable bonded indebtedness of the City at 15% of the total assessed valuation of property within the City, exclusive of revenue bonds or any indebtedness that has been or may be incurred for the purposes of acquiring, constructing, extending, or maintaining municipally owned utilities, for which purposes a further indebtedness may be incurred by the issuance of bonds, subject only to the provisions of the State constitution and the City Charter.

Section 1321 of the City Charter further provides for the issuance of revenue bonds when authorized at an election as provided therein. The City Charter also gives City Council the power to issue revenue bonds to finance the generation, production, transmission and distribution of electric energy, including the acquisition and/or construction of lands and facilities therefor, without authorization at an election.

The City's Debt Management Policy provides guidance for the issuance of bonds and other forms of indebtedness to finance land acquisition, construction, equipment, and other capital requirements of the City. While the issuance of debt is an appropriate method of financing capital projects and major equipment acquisitions, such issuance shall be carefully monitored.

The issuance of debt shall be closely aligned with the cash flow requirements of the projects being financed. Within the limitations of the City Charter, determining the amount of indebtedness the City can afford begins by assessing the sufficiency of future revenues. The amount of debt issued is based on the requirements of the approved Capital Improvement Program, subject to the condition that sufficient revenues are projected to be available to pay debt service. Factors such as debt service coverage requirements outlined in the bond indentures, the impact on the citizens (tax rates), and any impact on the bond ratings will be carefully considered. Different factors are considered for each type of credit. For example, electric, water or sewer bonds will take into consideration the impact on customer utility rates. Other factors such as providing debt capacity for future programs and existing and forecasted fund balances, including reserves, will also be taken into consideration.

The City believes that debt is an equitable means of financing projects and represents an important source of meeting fiscal responsibilities. The City obtains and maintains long-term debt for large capital improvement projects. The Finance Department manages the City's debt with prudence, diligence, and with attention to prevailing economic conditions and applicable laws. It manages issuance of debt, administers debt proceeds, prepares ongoing disclosure, handles debt and tax compliance, and makes debt service payments. City departments with debt-financed capital programs coordinate with the Finance Department in implementing and handling debt related transactions. Semiannual updates are prepared by the Finance Department on outstanding debt for the City of Santa Clara, its Agencies and Corporations. This report is presented as a standard management practice that provides a valuable overview of the current status of the City's long-term debt

obligations. The current City Council approved debt policy can be found online at: <http://santaclaraca.gov/home/showdocument?id=63748>.

Long-Term Debt Planning

The City employs a comprehensive multi-year, long-term capital improvement planning program that is updated every two years. Debt management is a major component of the financial planning model which incorporates projected financing needs for infrastructure development that is consistent with the City's growth, while at the same time measuring and assessing the cost and timing of any debt issuance.

Credit Rating

The City seeks to obtain and maintain the highest possible credit ratings for all categories of short- and long-term debt. The City's bonds are rated favorably by major bond rating agencies, Fitch and Standard and Poor's (S&P Global Ratings). S&P Global Ratings assigned City of Santa Clara its 'AA+' issuer credit rating (ICR) in June 2022 and affirmed City's Certificates of Participation 'AA' long-term rating in May 2022. The City's Electric Revenue Bonds are rated 'AA-' by Fitch and its 'A+' rating was affirmed by S&P in November 2022. Maintaining high bond ratings has resulted in a broader market for the City's bonds and lower interest costs to the City.

Public Facilities Financing Corporation

The City of Santa Clara Public Facilities Financing Corporation (PFFC) was formed in 1997 for the purpose of issuing Certificates of Participation (COPs) to provide financing for the construction of major City facilities. Members of the City Council are also members of the PFFC Board. Debt service on COPs is secured by lease payments made by the City's General Fund to the PFFC for use of the constructed facilities for public purposes. In accordance with lease agreements, the PFFC assigns lease payments received from the City to the trustee for payment to the certificate holders.

Long-Term Debt Obligations

Certificates of Participation (COPs) are a debt instrument evidencing a pro-rata share in a specific pledged revenue source, usually lease payments. These lease payments are typically secured by an installment sale or leaseback agreement. Revenues are pledged to pay lease payments, and such lease payments are used to pay debt service on the COPs. The lessor typically assigns the lease and the payment to a trustee, which distributes the payments to certificate holders. These obligations do not constitute indebtedness under the State constitutional debt limitation and are not subject to voter approval.

Lease Revenue Bonds are a lease obligation secured by a leaseback arrangement with a public entity, where general operating revenues are pledged to pay the lease payments, and in turn are used to pay debt service on the debt. These obligations do not constitute indebtedness under the State constitutional debt limitation and are not subject to voter approval.

In connection with COPs and Lease Revenue Bonds, payments to be made under valid leases are payable only in the year in which use and occupancy of the leased property is available, and lease payments may not be accelerated. Lease financing requires the fair market rental value of the leased property to be equal to or greater than the required debt service or lease payment schedule. The governmental lessee is obligated to place in its annual budget the rentals that are due and payable during each fiscal year the lessee has use of the leased property.

Installment Sale Agreements are debt obligations secured by the assignment of installment payments required to be paid by the City from certain pledged revenues, such as revenues from an enterprise, in an amount sufficient to pay the installment payments, including interest. The City's outstanding Installment Sale Agreements are payable solely from the City's Sewer Utility and is not secured by any pledge of ad valorem taxes or General Fund revenues of the City. These obligations do not constitute indebtedness under the State constitutional debt limitation and are not subject to voter approval.

Revenue Bonds are obligations payable from revenues generated by an enterprise, such as electric, water, or wastewater utilities. The City's outstanding utility Revenue Bonds are payable solely from the City's Electric Utility and Sewer Utility Enterprise Funds and are not secured by any pledge of ad valorem taxes or General Fund revenues of the City.

Summary of FY 2023/24 and 2024/25 Debt Service

The Biennial Operating Budget Operating Budget includes \$59,723,048 in debt service for FY 2023/24 and \$40,647,934 in debt service for FY 2024/25. A ten-year debt service schedule is shown herein.

2010 City of Santa Clara Lease Agreement (Police Administration Building Project)

On July 13, 2010, the City entered into an agreement with the PFFC in order to provide funds to refund outstanding 1997 Certificates of Participation, which were originally issued to provide financing to build a new Police Administration building. The PFFC entered into a separate agreement with the assignee, Bank of America, N.A. Debt service on the Lease Agreement is secured by lease payments made by the City to the assignee for use of the Police Administration site. On March 22, 2012, Bank of America sold and transferred the Lease Agreement to Capital One Public Financing, LLC with no change to the terms, covenants, or conditions of the contract or the payment schedule. Lease payments were due semiannually beginning February 1, 2011 through February 1, 2022 with a coupon rate of 3.65%. This debt was paid in full at the end of FY 2021/22.

2013 Refunding Certificates of Participation (Central Park Library Project)

On March 28, 2013, the PFFC issued \$18.54 million of Refunding Certificates of Participation (2013 COPs) to provide funds to refund outstanding 2002A Certificates of Participation, which were originally issued to provide financing to build a new Central Park Library. The 2013 COPs mature annually beginning February 1, 2014 through February 1, 2032 and bear coupon rates ranging from 2.00% to 3.75%. Debt Service is secured by lease payments to be made by the City to the PFFC for use of the library site. The PFFC assigns the lease payments to the certificate owners.

Installment Sale Agreement, Series 2016 (Trimble Road Sewer Project)

On March 8, 2016, the City entered into a \$12.0 million Installment Sale Agreement with the PFFC in order to provide funds for the Trimble Road Trunk Sanitary Sewer Improvement Project. The PFFC entered into a separate Assignment Agreement with DNT Asset Trust, a wholly owned subsidiary of JPMorgan Chase National Association (the "Agreement"), to assign its rights under the Installment Sale Agreement to DNT Asset Trust. The Agreement has an interest rate of 2.14% and semiannual payments beginning August 1, 2016 through February 1, 2031. Installment payments on the Agreement are secured by a pledge of net revenues of the Wastewater System.

Installment Sale Agreement, Series 2020 (Regional Wastewater Facility)

The City co-owns the Regional Wastewater Facility with the City of San José. The facility is being rebuilt, with the City's portion of the costs budgeted as a separate project in the current Capital Improvement Program budget. The Water and Sewer Utilities Department oversees it. On June 11, 2020, the City entered into an Installment Sale Agreement (the "ISA") with the PFFC to provide funds for the San Jose/Santa Clara Regional Wastewater Facility Project (the "Project"). The PFFC entered into a separate Assignment Agreement with JPMorgan Chase Bank, N.A. (the "Assignment Agreement"), to assign its rights under the ISA to JPMorgan Chase Bank, N.A. The ISA in the amount of \$50.0 million carries a variable rate of interest equal to 80% of Term SOFR (Secured Overnight Financing Rate) plus SOFR adjustment of 0.10%, and plus 0.95% per annum.

The City may draw on the Installment Sale Agreement as necessary with an initial \$20.0 million drawn on the date of closing. Interest is due each January 1 and July 1, commencing January 1, 2021. Principal on outstanding advances is due on or before July 1, 2024. In addition, the PFFC shall pay an undrawn fee on any amount not yet drawn at a rate of 0.325% per annum on each interest payment date. Installment payments on the Agreement are secured by a pledge of net revenues

of the Wastewater System on a subordinate basis to the Trimble Road Installment Payments. No additional draw-downs were made nor planned.

Electric Revenue Refunding Bonds, Series 2013A

On April 24, 2013, Silicon Valley Power (SVP), City's Electric Department, issued \$64.38 million of Electric Revenue Refunding Bonds, Series 2013A (Electric 2013A Bonds), to provide funds, together with other available moneys, to refinance outstanding Electric 2003A Bonds. The Electric 2013A Bonds mature annually beginning on July 1, 2014 through July 1, 2028 and bear coupon rates ranging from 3.00% to 5.00%. Debt service on the Electric 2013A Bonds is secured by a pledge of net revenues of the Electric Utility Enterprise Fund.

The Electric 2013A Bonds maturing July 1, 2023 through July 1, 2028 were refunded on April 10, 2020 by the Subordinate Electric Revenue Refunding Bonds, Series 2020-2 described below. The refunding of a portion of the Electric 2013A Bonds resulted in overall savings of \$1,706,384.

Electric Revenue Refunding Bonds, Series 2018A

On December 18, 2018, SVP issued \$48.80 million of Electric Revenue Refunding Bonds, Series 2018A (Electric 2018A Bonds) to refinance \$54.58 million outstanding principal amount of Variable Rate Demand Electric Revenue Bonds, Series 2008B and terminate a related interest rate swap transaction. The Electric 2018A Bonds mature annually beginning on July 1, 2019 through July 1, 2027 and bear coupon rates of 5.00%. Debt service on the Electric 2018A Bonds is secured by a pledge of net revenues of the Electric Utility Enterprise Fund.

Subordinate Electric Revenue Refunding Bonds, Series 2020-1, 2020-2, and 2020-3

Series 2020-1 Bonds

On April 10, 2020, SVP issued \$52.985 million of Subordinate Electric Revenue Refunding Bonds, Series 2020-1 (Electric 2020-1 Bonds) to refinance \$54.83 million outstanding principal amount of Electric Revenue Refunding Bonds, Series 2011 A. The Electric 2020-1 Bonds bear 1.74% coupon rates, mature annually beginning on July 1, 2028 through July 1, 2032, and were sold at an All-In True Interest Cost of 1.43%.

On April 2, 2021, the Electric 2020-1 Bonds were converted to tax-exempt basis, which now bear 1.36% coupon rates. Debt service on the Electric 2020-1 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

Series 2020-2 Bonds

On April 10, 2020, SVP issued \$34.315 million of Subordinate Electric Revenue Refunding Bonds, Series 2020-2 (Electric 2020-2 Bonds) to refinance \$30.725 million of outstanding Electric Revenue Refunding Bonds, Series 2013 A. The Electric 2020-2 Bonds bear 1.31% coupon rates, mature annually beginning on July 1, 2023 through July 1, 2028, and were sold at an All-In True Interest cost of 1.21%.

On December 28, 2022, the Electric 2020-2 Bonds were converted to tax-exempt basis, which now bear 1.02% coupon rates. Debt service on the Electric 2020-2 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

Series 2020-3 Bonds

On April 10, 2020, SVP issued \$16.72 million of Subordinate Electric Revenue Refunding Bonds, Series 2020-3 (Electric 2020-3 Bonds) to refinance \$19.413 million outstanding principal amount of Subordinated Electric Revenue Bonds, Series 2014. The Electric 2020-3 Bonds bear 0.58% coupon rates, mature annually beginning on July 1, 2020 through July 1, 2024, and were sold at an All-In True Interest Cost of 0.70%. Debt service on the Electric 2020-3 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

Regional Wastewater Facility Debt Planned

It is the Water and Sewer Utilities Department's intention to issue debt in FY 2023/24, in the amount of \$30.0 million, to refinance Series 2020 (Regional Wastewater Facility) Installment Sale Agreement of \$20.0 million principal outstanding, as described above, and borrow an additional \$10.0 million of new debt for the final phase of this capital project. This new issuance and preliminary debt service amounts are reflected in the City's Debt Service Schedule.

Electric Debt Planned

Silicon Valley Power (SVP), City's Electric Department, intends to issue new debt in FY 2023/24, in the amount of \$305.3 million to finance several of its capital projects in the System Expansion Plan. These projects include Kifer Receiving Station (KRS) rebuild, Scott Receiving Station (SRS) rebuild, Northern Receiving Station (NRS) transformer and breaker upgrades, and NRS/KRS 115kV transmission line construction. KRS was constructed in 1975 and the project will expand capacity to 900MVA from 372 MVA plus other associated work. SRS was constructed in 1968 and the project will also expand capacity to 900MVA from 372 MVA plus other associated work. NRS was constructed in 2004 and the project includes installing additional transformers and reconfiguring/expanding associated air insulated switchgear to increase station reliability and capacity. The NRS/KRS new transmission line construction will help balance and redistribute energy between the receiving stations. This new issuance and preliminary debt service amounts are reflected in the City's Debt Service Schedule.

DEBT SERVICE FUNDS

Under the authority of the City Manager, the City executes debt instruments, oversees the accounting and reporting of debt, administers debt proceeds, manages continuing disclosure and debt compliance requirements, and makes debt service payments, while acting with prudence, diligence, and attention to prevailing economic conditions.

The City of Santa Clara uses debt financing as a tool to maintain its long-term financial stability by paying for certain expenditures over time. Debt financing is also a tool for managing cash flow when large, one-time outlays are required as in the case of constructing a new building or large-scale upgrades to infrastructure.

Public Facilities Financing Corporation (431)

The City of Santa Clara Public Facilities Financing Corporation (PFFC) was formed in 1997 for the purpose of issuing Certificates of Participation (COPs) to provide financing for the construction of major City facilities. Members of the City Council are also members of the PFFC Board. Debt service on COPs is secured by lease payments made by the City's General Fund to the PFFC for use of the constructed facilities for public purposes. In accordance with lease agreements, the PFFC assigns lease payments received from the City to the trustee for payment to the certificate holders.

Electric Utility Debt Service Fund (491)

The Electric Utility Debt Service Fund is used to pay principal, interest, and related service charges on obligations resulting from the issuance of debt by the Electric Utility. Bond proceeds are used to pay for capital costs associated with the Electric Utilities' generation, transmission and distribution facilities. Debt service is payable from Adjusted Net Revenues of the Electric Utility.

Sewer Utility Debt Service Fund (494)

The Sewer Utility Debt Service Fund is used to pay principal, interest, and related service charges on obligations resulting from the issuance of debt by the Sewer Utility. Bond proceeds are used to pay for capital improvements associated with the Sewer System, including the Trimble Road Trunk Sanitary Sewer Improvement Project and the San José-Santa Clara Regional Wastewater Facility Project. Debt service is payable from Net Revenues of the Sewer Utility.

The following section details the City of Santa Clara's Debt Service Funds' Statements of Sources and Uses and the Proposed Budget for Fiscal Year 2023/24 and Fiscal Year 2024/25.

Ten-Year General Fund Financial Forecast 2024 - 2034

March 2023

PURPOSE

The Ten-Year General Financial Forecast (Forecast) provides policy makers and the public an updated assessment of the City's fiscal health. The Forecast includes projections of ongoing General Fund revenues and expenditures for a ten-year period beyond the adopted biennial budget.

The Forecast serves as a strategic planning tool to assist the City Council, staff, and the public with decision-making as they work to adopt the budget and consider long-term financial strategies for the City. The Forecast also identifies known risk factors and vulnerabilities, and it provides a foundation for evaluating priorities and understanding trade-offs moving forward.

GENERAL FUND OVERVIEW

The Forecast compares anticipated General Fund revenues with base expenditures, which include the projected costs of providing the current level of service. Individual projections of revenues and expenditures are developed based on trend analyses, input from available economic reports, consultant recommendations, departments, updated salary and benefit information, and non-personnel costs. The most current information available is incorporated into the Forecast and refined on a moving forward basis.

This Forecast shows a General Fund shortfall of \$8.0 million in FY 2023/24 and \$8.9 million in FY 2024/25, with the projected deficit reaching a high of \$15.0 million in FY 2028/29 and a low of \$7.5 million in FY 2033/34. The projected shortfall of \$8.0 million in FY 2023/24 is equivalent to 2.8% of forecasted expenditures.

FY 2024-2034 General Fund Ten-Year Financial Forecast (\$ in millions)

	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32	2032/33	2033/34
Projected Revenues	\$272.6	\$284.9	\$297.3	\$309.0	\$321.2	\$333.3	\$346.5	\$359.7	\$373.5	\$387.8	\$402.7
Projected Expenditures	\$280.6	\$293.8	\$308.2	\$320.8	\$332.7	\$348.3	\$360.5	\$373.9	\$383.3	\$396.4	\$410.2
Cumulative (Shortfall)/ Surplus	(\$8.0)	(\$8.9)	(\$10.9)	(\$11.8)	(\$11.5)	(\$15.0)	(\$14.0)	(\$14.2)	(\$9.8)	(\$8.6)	(\$7.5)
% of Expenses	2.8%	3.0%	3.5%	3.7%	3.5%	4.3%	3.9%	3.8%	2.5%	2.2%	1.8%

Note: The Forecast does not include the cost to address unmet/deferred infrastructure needs, the cost to fully fund public safety equipment replacement, additional contributions to reserves, one-time funding sources, and one-time expenditure needs.

The Forecast compares ongoing revenues and expenditures. It does not factor in one-time funding sources or items funded on a pay-as-you-go method with one-time sources. To the extent the biennial budget is balanced using one-time funding, such as reserves, that portion of the ongoing deficit would remain to be addressed in a future budget.

The City also has a significant backlog of unmet and deferred capital infrastructure needs that are not factored into this forecast. Historically, the City has funded many capital infrastructure and equipment needs with one-time funds on a pay-as-you-go basis. The use of one-time funds as the funding mechanism for capital improvements and various equipment that rely on the General Fund creates challenges. Staff will continue to evaluate potential options to create capacity to address those funding needs.

The forecast also does not include additional contributions to Reserves (Budget Stabilization Reserve, Capital Projects Reserve, Pension Reserve). Allocations to those reserves typically occur at the close of the fiscal year from excess revenues and expenditure savings. The forecast also does not factor in the additional revenue and associated expenses from future development projects given the uncertainty of those project schedules.

In addition to the elements described above that are not factored into the Forecast, the City has identified various risk factors that could have a potential impact on the Forecast. These include:

- Economic slowdown/recession (continued high inflation, federal reserve actions, and banking disruptions)
- State/federal legislative changes and legal challenges;
- Labor costs outside the budget assumptions;
- CalPERS actuarial changes or reform actions; and
- Unanticipated critical capital/infrastructure needs.

As the City has experienced in the past and with the latest COVID-19 pandemic, General Fund revenues may exceed or fall below expectations based on changes in economic or non-economic conditions. This type of volatility has been seen in the City's largest General Fund revenues, Property Tax, Sales Tax, and Transient Occupancy Tax (TOT). TOT receipts were the most severely impacted by the COVID-19 pandemic. Various cost elements can also vary from year to year, such as retirement costs that are impacted by the earnings assumptions and performance of the California Public Employees Retirement System (CalPERS).

ECONOMIC OUTLOOK

Economic indicators are mixed, and there is a tremendous amount of uncertainty. Given this level of uncertainty, both the December 2022 and March 2023 UCLA Anderson Forecasts presented a two-scenario approach: recession scenario and no recession scenario. The recession scenario predicts a recession occurring at the end of 2023, where “inflation would have continued to run hot if not for aggressive Federal Reserve action. In this scenario, the Federal Reserve forces a mild recession and accepts an economic contraction and higher unemployment to combat inflation.” In the no recession scenario, “economic growth slows but remains positive, inflation ebbs, labor markets remain robust, and the Federal Reserve takes a less aggressive approach to monetary policy tightening”.¹

Real GDP Levels, US\$ Trillions, Chained 2012 Prices, Seasonally Adjusted Annual Rates

Source: UCLA Anderson Forecast and U.S. Bureau of Economic Analysis

This uncertainty is also reflected in the February 2023 National Association for Business Economics (NABE) Outlook Survey, which found significant divergence regarding the outlook for the U.S. economy. “Estimates of inflation-adjusted gross domestic product or real GDP, inflation, labor market indicators, and interest rates are all widely diffused, likely reflecting a variety of options on the fate of the economy – ranging from recession to soft landing to robust growth.”²

Given this uncertainty, there is greater risk for variances in the economically sensitive revenues, such as Sales Tax, Transient Occupancy Tax and Property Tax. This Forecast assumes moderate economic growth in these areas, with Transient Occupancy Tax continuing to improve from the severe COVID-19 impacts. Adjustments may be necessary in future Forecasts depending on actual economic performance.

¹ UCLA Anderson Forecast, March 2023, Recession or No Recession? That is the Question

² [February 2023 Outlook Survey Summary \(nabe.com\)](https://www.nabe.com/February-2023-Outlook-Survey-Summary)

Employment data has remained positive with low unemployment rates. On a national level, the unemployment rate was 3.6% in February 2023. This rate was well below the record setting high of 14.7% in April 2020, and slightly above the pre-pandemic unemployment rate of 3.5%.

U.S. Civilian Unemployment Rate, seasonally adjusted

Note: shaded area represents recession, as determined by the National Bureau of Economic Research
Source: U.S. Bureau of Labor Statistics

In the fourth quarter 2022 second estimate, the Gross Domestic Product (GDP) increased at an annual rate of 2.7%, following a GDP increase of 3.2% in the third quarter. The GDP decelerated in the fourth quarter compared to the third due to downturns in exports, State and local government spending as well as a slowing in consumer spending.³

³ https://www.bea.gov/sites/default/files/2023-02/tech4q22_2nd.pdf

The unemployment rates at the state and local level also remain low, with this region outperforming both the State and the nation.

Unemployment Rate (Not Seasonally Adjusted)				
	Dec 2019	Dec 2020	Dec 2021	Dec 2022
Nation	3.4%	6.5%	3.7%	3.3%
California	3.9%	8.9%	5.0%	3.9%
San José-Sunnyvale-Santa Clara Metropolitan Statistical Area	2.4%	6.2%	2.9%	2.4%
Source: California Employment Development Department, U.S. Bureau of Labor Statistics				

Property values in Santa Clara remain high. In 2022, the median price of a single-family home was \$1.8 million, which was up from the 2021 level of \$1.64 million as shown in the Single-Family Residential Home Sales chart. The number of single-family closed sales, however, was down from 659 in 2021 to 515 in 2022. With the rise in interest rates from the historic lows experienced over the last several years, there is risk to this sector. In the first quarter 2023, the median single-family home price was \$1.6 million and there were 68 closed sales.

Data Source: Santa Clara County Association of Realtors

There are significant development projects underway in Santa Clara that will bring new revenues as well as new costs. The financial impacts of these developments have not been factored into this Forecast given the uncertainty regarding the timing. However, it is anticipated that this additional development activity will have a positive impact on the Forecast.

GENERAL FUND REVENUES

There are several General Fund revenue sources supporting the City's activities as shown in the table below.

FY 2024-2034 General Fund Revenue Sources (\$ in millions)											
	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32	2032/33	2033/34

% Change from Prior Yr		4.5%	4.4%	3.9%	3.9%	3.8%	4.0%	3.8%	3.8%	3.8%	3.8%

Sales tax and property tax comprise the largest individual sources of General Fund revenues, representing a combined \$146.3 million in FY 2023/24, or over 50% of the total. These categories along with Transient Occupancy Tax are economically sensitive and account for approximately 60% of the General Fund revenues.

FY 2023/24 General Fund Revenues (\$272.6 million)

Following is a discussion of the major General Fund revenue categories:

Property Tax

The Property Tax category includes Secured and Unsecured Property Taxes. The County of Santa Clara Office of the Assessor and the Controller-Treasurer Department meets quarterly with cities to review property tax revenue allocated to Santa Clara County cities. The Controller-Treasurer Department provides projections on the current year property tax receipts, including updates on the assessed valuation and estimates on anticipated adjustments made from property tax appeals. The current year estimates are used as the starting point in the Forecast. The County Assessor's Office also provides information to cities on a monthly basis on the status of the assessment roll for the upcoming year. In FY 2022/23, property tax receipts are estimated at \$81.9 million.

In FY 2023/24, property tax revenue is projected at \$85.8 million and includes secured property tax of \$82.9 million and unsecured property tax of \$2.9 million. Assessed valuation growth on secured property is projected at 6.0% and reflects the annual inflation factor based on Consumer Price Index (2% increase in FY 2023/24), growth due to property sales, and a general allowance for new construction projects being added to the tax rolls. In the remaining years of the forecast, annual assessed valuation growth of 4.5% - 5.5% is projected. In order to meet these growth projections, developments with assessed

valuation between \$700 million to \$1 billion would need to continue annually. By the end of the forecast period, Property Tax receipts are projected to reach \$141.5 million.

Secured Property Tax receipts include general secured property tax along with supplemental property tax (retroactive collections back to the point of sale for reassessments of value due to property resale), residual Redevelopment Agency (RDA) receipts (starting in FY 2022/23, the residual receipts ceased and the funds are allocated directly to the taxing entities' secured property tax roll), and excess Educational Revenue Augmentation Fund (ERAF) funds. Under Proposition 98, a portion of property tax receipts are allocated to the ERAF beginning in 1992 and once there are sufficient funds in ERAF to fulfill the obligation to the school districts, excess funds are returned to the taxing entities that contributed the funding. The Forecast assumes \$3.8 million from ERAF in FY 2023/24, which is lower than prior years as the County of Santa Clara has indicated that approximately 30% of the ERAF receipts are considered high risk due to disputes regarding the allocation of these funds.

Secured Property Tax receipts are expected to increase 4.9% in FY 2023/24, and 4.5% in FY 2024/25. Annual growth ranging from 4.9% to 5.5% is projected for the remaining years of the Forecast. Unsecured Property Tax receipts are projected to increase 1% annually over the forecast period. Overall, property tax receipts are expected to grow at an average annual rate of 5.1% over the forecast period.

Note: FY 2013/14 includes one-time \$6.1 million due to Redevelopment Agency dissolution

Sales Tax

Santa Clara's sales tax collections are directly influenced by local, regional, national and international economic and business cycles. Because of this, sales tax collections are one of the most economically sensitive General Fund revenue sources. These collections, which were impacted by COVID-19, are expected to experience modest growth in FY 2023/24 and continue to grow throughout the forecast period.

As shown in the chart below, sales tax collections are expected to total \$60.5 million in FY 2023/24 and increase approximately 3% annually. Based on these projections, annual collections will reach \$81.3 million by FY 2033/34. These projections are based on a review of sales tax receipts and information provided by the City's sales tax consultant, Avenu Insights & Analytics. Their estimates incorporate individual category/segment projections with adjustments for known individual business anomalies such as missed payments or misallocations.

Note: FY 2016/17 includes a one-time true-up payment due to the unwinding of the State's Triple Flip.

To provide context on how the City generates its sales tax revenues and the performance in recent years, the chart below from Avenu Insights & Analytics, the City's Sales Tax consultant, breaks out the sales tax per capita for the fourth quarter of each calendar year for the past five years, adjusted for inflation. The COVID-19 related impacts are reflected starting in the fourth quarter 2020 data with declines in General Retail, Food Products (includes restaurants), Transportation, and Business-to-Business. As shown in the chart, the City's largest sector is Business-to-Business, which continues to provide the foundation for the City's tax base.

Transient Occupancy Tax

Transient Occupancy Tax (TOT) is calculated as a percentage of City hotel/motel room charges. The City's current TOT rate is 11.5%. This rate increased from 9.5% to 11.5% effective January 1, 2022 as approved by the City Council on October 19, 2021. This implemented one-half of the up to four percentage point increase approved by the voters in November 2020. As with sales tax, TOT is sensitive to business cycles and can vary greatly from year to year based on occupancy levels and room rates. Prior to COVID-19, this category had experienced tremendous growth as shown in the TOT chart on the following page. With the COVID-19 safety restrictions, TOT receipts plummeted at the end of FY 2019/20 and through FY 2020/21. Collections began improving in FY 2021/22 and continue to experience strong growth in FY 2022/23 but remain below pre-COVID levels.

TOT receipts are projected to continue to improve over the forecast period with an increase to \$20.4 million in FY 2023/24 as this sector continues to recover from the COVID-19 impacts, followed by growth ranging from 4% to 7.5% annually over the forecast period. By the end of the Forecast period, TOT receipts are projected to reach \$31.6 million.

Other Taxes

Other Taxes include the Franchise Tax and Documentary Transfer Tax. The Franchise Tax revenues are projected at \$5.2 million in FY 2023/24 with annual 3% increases in the out years of the Forecast. The Documentary Transfer Tax, which is imposed on the transfer of the title of real property, is projected at \$1.6 million in FY 2023/24 with 2% annual increases in the out years of the Forecast.

Licenses and Permits

Licenses and Permits are projected to total \$8.6 million in FY 2023/24, including business licenses taxes at \$6.0 million, fire permits at \$2.0 million, parking permit at \$525,000, and encroachment and miscellaneous permits at \$69,000. This reflects the voter-approved change to the Business License Tax effective July 1, 2023 that updated the structure of the business tax and increased the amount of revenue expected to be generated. The Business License Tax can be increased annually by the Consumer Price Index with a maximum of 5% annually. For the Licenses and Permits category, average annual growth of 2.5% is projected in the out years of the Forecast, with revenues reaching \$11.0 million in FY 2033/34.

Fines and Penalties

Fines and Penalties are projected to total 1.2 million in FY 2023/24 and increase to \$1.3 million by FY 2033/34. This Forecast assumes late charge collections will resume in F 2022/23.

Interest Income

The City invests all funds not needed for current cash requirements in accordance with the City Council-approved Investment Policy. The factors that directly influence General Fund interest income include prevailing interest rates, the size of the portfolio and the relative percentage of the portfolio allocated to the General Fund. Based on the projected interest rates and cash balances, the General Fund is expected to receive \$3.5 million in interest in FY 2023/24. In the remaining years of the Forecast, interest earnings are projected to range from \$3.7 million to \$5.4 million.

Rents

The Rents category includes property rents and leases as well as right-of-way rental fees charged to the water sewer and utilities. In FY 2023/24, rent revenue is estimated to total \$13.4 million, including \$8.0 million from property rents and leases and \$5.4 million from right-of-way rental fees. This category factors in projected lease revenue from the Related project (increasing from \$761,000 to \$5.2 million) as well the Commerce and Peddlers Plaza (revenue of \$500,000 through FY 2027/28). Growth projections for the out years of the Forecast are based on individual lease agreements. Rent revenue is projected to reach \$22.5 million by FY 2033/34.

Other Services Fees

The Other Services Fees category includes fees charged for various City services provided by the departments of Community Development, Police, Fire, Park and Recreation, and Public Works as well as cost allocation plan reimbursements and stadium-related reimbursements. The Fire development-related fees have been moved to a new Fire Development Fund. This category is estimated to generate \$37.7 million in FY 2023/24 and increase to \$48.4 million by FY 2033/34.

Transfers from Other Funds

The Transfers from Other Funds totals \$2.0 million in FY 2023/24 and includes the following: a transfer of \$1.5 million from the Storm Drain Capital Fund to support storm drain operations; a transfer of \$0.3 million from the Electric Utility Fund to support 1.0 position in the Finance Department and 1.0 position in the Human Resources Department added during FY 2022/23 (these positions will be factored into the cost allocation plan starting in FY 2025/26); a transfer of \$0.2 million from the Building Development Services Fund to cover a portion of the Code Enforcement costs that support development activity. In the out years of the Forecast, the transfers total \$1.7 million and include the transfers from the Storm Drain Capital Fund and the Building Development Services Fund.

Silicon Valley Power Transfer

In accordance with the City's charter, Silicon Valley Power pays 5.0% of gross revenues to the General Fund. Contributions are projected to total \$32.0 million in FY 2023/24 and \$34.0 million in FY 2024/25. It is anticipated that revenues will reach \$48.4 million by FY 2033/34, increasing at an annual rate of approximately 4%. Growth in this category is primarily driven by market projections for electric consumption, resources costs, and any rate increases assumed for the Electric Utility.

GENERAL FUND EXPENDITURES

General Fund expenditures are projected to grow from \$280.6 million in FY 2023/24 to \$410.2 million by the end of the forecast period. The FY 2023/24 expenditures are 3% above the FY 2022/23 Adopted Budget of \$272.4 million.

FY 2024-2034 General Fund Expenditures (\$ in millions)											
	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32	2032/33	2033/34

FY 2023/24 General Fund Expenditures by Type (\$280.6 million)

Labor Costs

Labor costs, which include salary, retirement and other benefit costs, are projected at \$212.0 million in FY 2023/24. These costs are derived from a position-level analysis of City staffing, including actual salary and benefit information, negotiated salary and benefit adjustments for bargaining groups that have current Memorandums of Understanding with the City, projected adjustments for the out years of the forecast, and retirement information from the California Public Employees Retirement System (CalPERS) and the City's actuary.

Over the Forecast period, these costs are projected to increase an average of 3.8% annually and reach \$307.0 million by FY 2033/34.

Retirement Costs

Retirement costs represent one of the largest components of labor costs. The City contributes to CalPERS, which provides a defined benefit plan for participating public entities within the State of California. CalPERS offers a menu of benefit provisions that are established by State statutes within the Public Employee Retirement Law. The City selected its benefit provisions from the benefit menu by contract with CalPERS and adopted those benefits through local ordinance, following negotiations with employee bargaining groups.

CalPERS retirement costs rose sharply over the past decade as a result of the market losses in the early 2000s followed by benefit enhancements in the mid-2000s. In FY 2011/12, General Fund pension costs

were \$18.9 million; by FY 2023/24, pension costs are projected to be \$55.2 million. Retirement costs are expected to continue to rise with increases in salaries, downward revisions to investment return assumptions, adjustments to account for investment losses, and other demographic assumption changes. By the end of the Forecast period, PERS expenditures are projected to reach \$83.0 million and will account for an estimated 20% of General Fund expenditures.

On December 21, 2016, the CalPERS Board approved lowering the investment earnings assumption (discount rate) downward from 7.5% to 7.0% over a three-year period. This change increased rates beginning in Fiscal Year 2018/19, with the full impact to be realized in FY 2025/26. In February 2018, the CalPERS Board approved shortening the period over which actuarial gains and losses are amortized from 30 years to 20 years for new pension liabilities. This policy became effective as of the June 30, 2019 CalPERS actuarial valuations. On November 21, 2021, the board adopted new actuarial assumptions that impact the required contributions for FY 2023/24. This included lowering the discount rate to 6.8%. Additional actions will likely be implemented in the future as part of a risk mitigation strategy to move to more conservative estimates over time to reduce volatility, including additional downward revisions to the discount rate.

Year-by-year pension rate projections are shown below. These projections incorporate rates provided by CalPERS for FY 2023/24. In the remaining years of the Forecast, the retirement costs are based on rates provided by the City's actuary.

General Fund PERS Costs

Materials, Services and Supplies

The materials, services and supplies estimate for FY 2023/24 is \$34.7 million, which is above the FY 2022/23 Adopted Budget level of \$31.0 million and reflects anticipated increases in costs as well as those that occur every other year, such as election costs. Expenditures are projected to reach \$54.1 million by FY 2033/34.

Interfund Services

Interfund services include the General Fund contribution to several internal service funds, including Communications Acquisitions, Fleet Operations, Information Technology Services, Special Liability Insurance, Unemployment Insurance, Vehicle Replacement, and Workers' Compensation. In FY 2023/24, these costs are estimated at \$28.1 million and increase to \$38.8 million by FY 2033/34. These estimates are based on an evaluation of the activity levels in each internal service fund.

Loans and Transfers

This category includes debt service payments; transfers to the Cemetery Fund, Solid Waste Fund, Parks and Recreation Operating Grant Trust Fund (Senior Nutrition) and Sports and Open Space Authority Fund to ensure sufficient funding is available to provide services or meet obligations; transfers to capital funds for Public Works Capital Project Management; and the City's required contributions to Downtown Parking Maintenance District and Convention Center Maintenance District. These costs are estimated at \$5.8 million in FY 2023/24 and total \$10.3 million in FY 2033/34.

RESERVES

Reserves have generally been established with one-time funds and, with the exception of funding set aside in the Technology Reserves to maintain 100% cost recovery, are not reflected in the Forecast figures. Reserves, however, are an important component of the budget. Following is a discussion of the major General Fund Reserves.

Budget Stabilization Reserve: During FY 1985/86, the City Council established a policy regarding use of the City's General Contingency Reserve funds. Under that policy, two separate reserves were established, a Budget Stabilization Reserve (BSR) and a Capital Projects Reserve. The BSR is set aside to protect vital General Fund services through economic downturns, emergency financial crisis, or disaster situations. The reserve target is equal to the expenditures of the City's General Fund operations for three months (90-days or 25% of budgeted appropriations). When the FY 2022/23 and FY 2023/24 Operating Budget was adopted, the City Council approved an exception to the 25% BSR target level to address the impacts associated with COVID-19, allowing the reserve to drop to 15% of expenditures. The draft Budget Principles for FY 2023/24 would also allow the Reserve level to continue to be set at a minimum of 15% of expenditures while the City continues to financially recover. The BSR reserve level currently totals \$40.8 million. To meet the 15% reserve target, the reserve will need to be increased to an estimated \$44 million by FY 2024/25. It is anticipated that excess revenues and expenditure savings from FY 2022/23 will be available to increase the BSR to meet the 15% target level.

Capital Projects Reserve: This reserve is set aside to fund the portion of the City's Capital Improvement Program (CIP) that has no other funding sources to support it. The projects funded from this critical reserve provide basic City infrastructure and quality facilities. The Council adopted a policy in FY 1996/97 to maintain a minimum of \$5.0 million in the Capital Projects Reserve. The Capital Projects Reserve currently totals \$6.6 million.

Land Sale Reserve: This reserve sets aside proceeds from land sales to be used for land-related purposes or other General Fund needs as determined by the City Council. This reserve currently totals \$18.5 million.

Pension Stabilization Reserves: These reserves in the General Fund and other City funds have targeted contributions that would fund 1% of the City's unfunded pension liability annually to address the City's pension unfunded accrued liability. For the General Fund, this reserve currently totals \$21.4 million.

FY 2023/24 BUDGET PRINCIPLES

Below are FY 2023/24 Budget Principles that provide a framework for the budget process.

Draft Budget Principles for 2023/24

1. Make decisions within the context of the City's Code of Ethics and Values, especially being Fiscally Responsible, Communicative, and Service-Oriented.
2. Consider budget decisions with long-term implications taking into account data from the Ten-Year Financial Forecast.
3. To the extent possible, align ongoing expenditures with ongoing revenues to avoid negative impacts on future budgets and maintain the City's high financial management standards.
4. When addressing General Fund shortfalls, use a combination of ongoing and one-time solutions to balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community.
5. Continue cost control measures until the ongoing General Fund revenues and expenditures are in alignment.
6. Approve an exception to the Council Policy that dictates setting the General Fund Budget Stabilization Reserve at or above 25% of adopted budget expenditures; set the Reserve level at a minimum of 15% of expenditures.
7. Focus on projects and services that benefit the community as a whole.
8. Pursue economic development objectives and strategies to foster new public and private investment within Santa Clara, and to create employment opportunities.
9. Balance between compensation adjustments to retain and attract employees and funding for positions.
10. Use one-time unrestricted revenues (e.g., annual General Fund surplus) for one-time uses such as increasing reserves, funding capital or Information Technology projects, paying off debt, and/or paying off unfunded pension or other post-employment benefits liabilities.
11. Inform and communicate clearly and broadly to residents, businesses and employees regarding the City's fiscal position and budget; schedule hearings to promote active participation in the City Council's budget deliberations.
12. With limited exceptions, establish fees based on full cost recovery where individuals/businesses rather than the community at-large are benefitting from City services. This preserves limited unrestricted resources for providing services that benefit the community as a whole.
13. Focus on business process redesign in order to improve employee productivity and the quality, flexibility, and cost-effectiveness of service delivery (e.g., streamlining, simplifying, reorganizing functions, and reallocating resources).
14. Explore expanding existing revenue sources and/or adding new revenue sources.
15. Engage employees to contribute new and innovative ideas during the department budget development process.
16. Use the General Plan as a primary long-term fiscal planning tool and link ability to provide City services to development policy decisions.

CONCLUSION

The Forecast provides policy makers, the public, and City staff an updated assessment of the City's financial condition that considers the latest projections of economic conditions. It serves as a starting point in the budget development process by providing the necessary context for making budget decisions. The Forecast also identifies known risk factors and vulnerabilities, and it provides a foundation for evaluating priorities and understanding trade-offs moving forward.

The City's financial condition has improved since the release of the last forecast, but a General Fund deficit remains. A shortfall of \$8.0 million - \$8.9 million is projected for FY 2023/24 and FY 2024/25. By the end of the Forecast period, revenues are projected at \$402.7 million while expenditures are estimated at \$410.2 million, resulting in a deficit of \$7.5 million. When put into context of the size of the General Fund budget, the shortfall in FY 2023/24 is 2.8% of General Fund expenditures. In the out years of the Forecast, the annual margins are relatively narrow, ranging from 1.8% to 4.3% of the projected annual expenditure budget. The Adopted FY 2021/22 and FY 2022/23 Biennial Operating Budget included a budget balancing strategy that relied on a combination of expenditure reductions, revenue solutions, and use of reserves. The use of ongoing and one-time solutions balanced the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community. This also allowed for time to evaluate the post COVID-19 recovery and for conditions to improve. A combination of budget balancing actions is again expected to be brought forward in the FY 2023/24 and FY 2024/25 Biennial Operating Budget that will be adopted in June 2023.

In addition to the projected General Fund shortfall identified in this Forecast, there are elements of the City's budget that are not included in the Forecast as they have been funded pay-as-you-go with one-time sources. These include the costs to fund capital improvements that rely on General Fund funding, address unmet/deferred infrastructure needs, fully fund public safety equipment replacement, and make additional contributions to reserves. The Forecast also does not incorporate the financial impacts of new developments that may have a positive impact given the uncertainty regarding the timing. This Forecast serves as a strategic planning tool to meet the City's long-term goal to plan for additional fiscal capacity and bring forward sustainable funding strategies to address these unmet cost elements. This may include new and/or revised revenue options in the future.

Statements of Sources and Uses of Funds

This page is intentionally left blank.

General Fund

This page is intentionally left blank.

GENERAL FUND

The General Fund is the primary fund of the City that is used to account for all revenues and expenses that are not restricted by law or policy to be accounted for in another fund. The General Fund supports many of the most visible and essential City services including libraries, parks, police, and fire protection. The General Fund also includes many departments that provide central services including the City Manager, City Attorney, City Clerk, Mayor and City Council, Finance, and Human Resources offices and departments.

General Fund Sources

General Fund sources total \$385.1 million in the Proposed FY 2023/24 budget and consist of \$110.8 million in fund balance estimated to be carried over from FY 2022/23, \$272.1 million in revenue, and \$2.2 million in transfers from other funds. The total sources are down \$3.1 million from the FY 2022/23 amended budget. This change reflects a decline in the beginning fund balance (\$28.4 million) and an increase in revenues and transfers (\$25.3 million). The drop in the beginning fund balance is primarily due to the use of unrestricted fund balance resulting from the close out of FY 2021/22 and use of the Budget Stabilization Reserve and the Land Sale Reserve as part of the FY 2022/23 budget balancing. The growth in revenues primarily reflect increases in Property Tax, Transient Occupancy Tax and the SVP Transfer. As part of the budget process, estimates are developed for each line item, taking into consideration activity projections, historical trends, and the economic environment.

The table below summarizes the projected sources of General Fund revenues and transfers in this budget.

Funding Source	FY 2021/22 Actual	FY 2022/23 Amended	FY 2022/23 Estimate	FY 2023/24 Proposed	FY 2024/25 Change	FY 2024/25 Proposed
Property Tax	74,630,557	75,261,000	81,635,000	85,800,000	3,745,000	89,545,000

Transfers From	9,642,979	10,015,948	10,015,948	2,200,044	(184,750)	2,015,294
Total Revenues/ Transfers	242,183,546	248,921,058	253,925,058	274,263,600	13,078,381	287,341,981

The largest economically sensitive revenue categories (property tax, sales tax, and transient occupancy tax) account for approximately 60% of General Fund revenues. Following is a discussion of these categories as well as other major General Fund revenue categories.

Property Tax

Property tax is the largest revenue source for the City, representing approximately 30% of revenues. Under Proposition 13, the assessed valuation of properties held by the same owner from year to year is adjusted each year by the lesser of 2.0% or the percent change in the annual California Consumer Price Index (CCPI). For FY 2023/24, the adjustment factor based on CCPI is 2.0%. Beyond the inflation adjustment, growth in property tax receipts is driven by reassessments upon the sale of properties and new construction projects being added to the tax rolls. Overall, property tax revenue is expected to continue its solid growth with projected receipts \$85.8 million in FY 2023/24, and \$89.5 million in FY 2024/25.

Property Tax Distribution per \$100 Collected

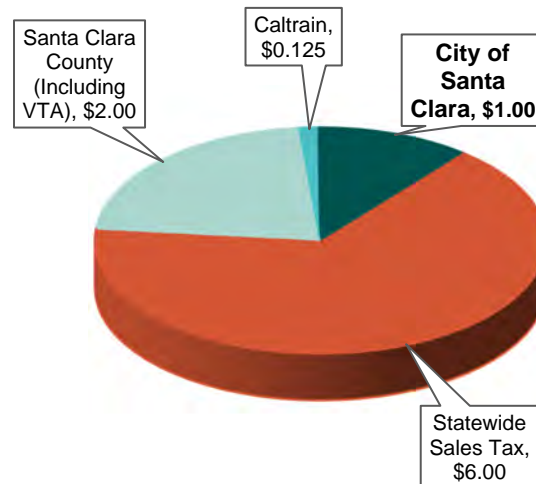

Secured property tax receipts are projected to total \$82.9 million, an increase of 4.9% from the FY 2022/23 year-end estimate of \$79 million. The category includes general secured property tax (tax on real property that includes the land and the improvements attached to it, such as a home or building) along with supplemental property tax (retroactive collections back to the point of sale for reassessments of value due to property resale), residual Redevelopment Agency receipts, and excess Educational Revenue Augmentation Fund (ERAF) funds (under Proposition 98, a portion of property tax receipts are allocated to the ERAF and once there are sufficient funds in ERAF to fulfill the obligation to the school districts, excess funds are returned to the taxing entities). General secured property tax for FY 2023/24 is based on the assessed value as of January 1, 2023. Assessed valuation growth on secured property is projected at 6.0% in FY 2023/24 and reflects 2.0% annual inflation, growth due to property sales, and an allowance for new construction projects. In FY 2024/25, secured property tax receipts are estimated at \$86.6 million.

Unsecured property tax is assessed on personal property that is tangible or moveable and is not attached to real estate (e.g., office equipment, planes, boats). Unsecured property tax receipts are projected to total \$2.9 million in FY 2023/24 and FY 2024/25.

Sales Tax

Sales tax is the General Fund's second largest revenue. The City's current sales tax rate is 9.125%, of which the City of Santa Clara receives 1%. Santa Clara's sales tax collections are directly influenced by local, regional, national, and international economic and business cycles and are therefore one of the most volatile General Fund revenues. These collections, which were impacted by COVID-19, are expected to experience modest growth in FY 2023/24 and FY 2024/25. Sales tax receipts are estimated at \$60.5 million in FY 2023/24 and grow 3% in FY 2024/25 to \$62.4 million.

Sales Tax Distribution per \$100 Collected

Transient Occupancy Tax

Transient Occupancy Tax (TOT) is calculated as a percentage of City hotel/motel room charges. The City's current TOT rate is 11.5%. This rate increased from 9.5% to 11.5% effective January 1, 2022 as approved by the City Council on October 19, 2021. This implemented one-half of the up to four percentage point increase approved by the voters in November 2020. As with sales tax, TOT is sensitive to business cycles and can vary greatly from year to year based on occupancy levels and room rates. Prior to COVID-19, this category had experienced tremendous growth. With the COVID-19 safety restrictions, TOT receipts plummeted at the end of FY 2019/20 and through FY 2020/21. Collections began improving in FY 2021/22 and continue to experience strong growth in FY 2022/23 but remain below pre-COVID levels.

The FY 2023/24 and FY 2024/25 Proposed Budget assumes a phase-in of the remaining rate increase approved by the voters in 2021 as well as continued recovery in this category. In FY 2023/24, TOT receipts are estimated at \$21.3 million, and includes an additional \$850,000 from a one percentage point increase in the TOT rate assumed in January 2024. In 2024/25, the revenue estimate increases to \$23.7 million and includes \$1.7 million from the full year of the one percentage point increase. The remaining one percentage point increase is expected to be implemented in January 2026.

Franchise Tax and Documentary Transfer Tax

The Franchise Tax revenues are projected at \$5.15 million in FY 2023/24 and increase 3% to \$5.3 million in FY 2024/25. The Documentary Transfer Tax, which is imposed on the transfer of the title of real property, is projected at \$1.6 million in FY 2023/24 and increase 2% to \$1.63 million in FY 2024/25.

Licenses and Permits

Licenses and Permits are projected to total \$8.6 million in FY 2023/24, including business licenses taxes at \$6.0 million, fire permits at \$2.0 million, parking permit at \$525,000, and encroachment and miscellaneous permits at \$69,000. This reflects the voter-approved change to the Business License Tax effective July 1, 2023 that updated the structure of the business tax and increased the amount of revenue expected to be generated. The Business License Tax can be increased annually by the Consumer Price Index with a maximum of 5% annually. In FY 2024/25, revenues in this category are projected to increase to \$8.8 million.

Rents and Leases

The Rents category includes property rents and leases as well as right-of-way rental fees charged to the water sewer and utilities. In FY 2023/24, rent revenue is estimated to total \$13.6 million, including \$8.2 million from property rents and leases and \$5.4 million from right-of-way rental fees. This category factors in projected lease revenue from the Related project (increasing from \$761,000 to \$5.2 million) as well the Commerce and Peddlers Plaza (revenue of \$500,000 through FY 2027/28). This category also factors in additional rental income of \$200,000 from sports fields reservations. In FY 2024/25, Rents revenue is projected to reach \$15.2 million.

Other Services Fees

The Other Services Fees category includes fees charged for various City services provided by the departments of Community Development, Police, Fire, Park and Recreation, and Public Works as well as cost allocation plan reimbursements and stadium-related reimbursements. The Fire development-related fees have been moved to a new Fire Development Fund. This category is estimated to generate \$38.1 million in FY 2023/24. This includes an additional \$348,000 from fee adjustments brought forward in the FY 2023/24 Municipal Fee Schedule. In FY 2024/25, revenues in this category are projected to reach \$39.3 million.

Silicon Valley Power Transfer

In accordance with the City's charter, Silicon Valley Power pays 5.0% of gross revenues to the General Fund. Contributions are projected to total \$32.0 million in FY 2023/24 and \$34.0 million in FY 2024/25. Growth in this category is primarily driven by market projections for electric consumption, resources costs, and any rate increases assumed for the Electric Utility.

Transfers From

The Transfers from Other Funds totals \$2.2 million in FY 2023/24 and includes the following: a transfer of \$1.454 million from the Storm Drain Capital Fund to support storm drain operations; a transfer of \$349,749 from the Electric Utility Fund to support 1.0 position in the Finance Department and 1.0 position in the Human Resources Department added during FY 2022/23 (these positions will be factored into the cost allocation plan starting in FY 2025/26); a transfer of \$175,725 from the Building Development Services Fund to cover a portion of the Code Enforcement costs that support development activity; a one-time transfer of \$149,600 from the Vehicle Replacement Fund to reflect the sale of vehicles that are being removed from the fleet (FY 2023/24 budget proposal), and a transfer of \$69,205 from the Patrick Henry Drive Infrastructure Improvement Fund to repay the Capital Projects Reserve for funding expected to be advanced in FY 2022/23 to cover administrative costs. In FY 2024/25, the transfers total \$2.0 million and include the transfers from the Storm Drain Capital Fund, the Electric Utility Fund, and the Building Development Services Fund.

General Fund Uses

Overall, General Fund uses total \$385.1 million in FY 2023/24. Of this amount, \$269.1 million accounts for operational expenditures, \$11.6 million are transfers to other funds, and \$104.3 million represent fund balance and reserves. The total General Fund uses increase to \$391.7 million in FY 2024/25, due to an increase in operational expenditures. The following table summarizes the General Fund expenditures and transfers.

The following table summarizes the General Fund expenditures and transfers.

Expenditures	FY 2021/22 Actual	FY 2022/23 Amended	FY 2022/23 Estimate	FY 2023/24 Proposed	FY 2024/25 Change	FY 2024/25 Proposed
Salaries	94,846,522	132,378,106	132,378,106	128,502,867	4,380,764	132,883,631

Capital Outlay	63,339	321,900	321,900	0	37,000	37,000
Total Expenditures	209,225,358	267,641,941	267,641,941	269,128,397	10,609,699	279,738,096
Transfers To*	48,969,098	14,658,172	14,727,377	11,645,161	(3,924,289)	7,720,872
Total Expenditures and Transfers To	258,194,456	282,300,113	282,369,318	280,773,558	6,685,410	287,458,968

* In FY 2021/22, the Transfers Out category includes a one-time transfer of the Building Inspection Reserve to the newly established Building Development Services Fund.

As a public service organization focused on delivering high-quality services to our community, labor costs reflect the highest level of investment at 74% of the expenditure budget. Following is a discussion of the General Fund expenditure categories.

Salaries and Benefits

The expenditures in this category account for full-time and part-time salaries, retirement, health, social security, other employer benefits, and overtime costs. The FY 2023/24 Proposed Budget factors in the latest negotiated salary adjustments known at the time the budget was developed and updated retirement and benefit costs. Salaries and benefits total \$207.6 million in the FY 2023/24 Proposed Budget and increase 4.3% in FY 2024/25 to \$216.5 million. Note that \$26.2 million in public safety costs were shifted to the American Rescue Plan Act Fund in FY 2021/22 to account for the one-time federal stimulus funds received to help offset the COVID-19 impacts on the City 's budget.

The City of Santa Clara participates in the California Public Employees' Retirement System (CalPERS) under the Miscellaneous Retirement Plan and the Safety Retirement Plan. In FY 2023/24, retirement costs in the General Fund are budgeted at \$36.5 million for Safety employees and \$18.6 million for Miscellaneous employees. In FY 2024/25, these costs increase to \$38.8 million and \$19.7 million, respectively.

Materials, Services, and Supplies

The FY 2023/24 Proposed Budget totals \$34.1 million for materials, services, and supplies. This budget reflects Base Budget adjustments to account for the updated cost of providing existing services in FY 2023/24, the removal of one-time funding approved for FY 2022/23, and the FY 2023/24 budget actions proposed in the FY 2023/24 and FY 2024/25 Biennial Operating Budget. The Proposed Budget does not yet reflect any carryovers from FY 2022/23 to FY 2023/24. In FY 2024/25, these costs are projected to increase 3.1% to \$35.1 million.

Interfund Services

Interfund services are citywide in nature and funded through internal service funds (Information Technology Department services, special liability fund, workers' compensation, Public Works capital project management, vehicle equipment and maintenance, fleet purchases, and communications equipment) that are apportioned to City Departments and funds. This category totals \$27.4 million in the FY 2023/24 and \$28.1 million in FY 2024/25.

Capital Outlay

This category includes small capital expense purchases not budgeted within the capital budget. This category has no budget in FY 2023/24 and \$37,000 in FY 2024/25.

Transfers to Other Funds

This category includes transfers to other funds to support capital projects, the City's share of assessment district costs, other services, and debt payments. The FY 2023/24 Proposed Budget for this category totals \$11.6 million, including \$7.3 million for capital projects, \$1.4 million for debt payments, \$0.9 million for assessment district payments, \$0.8 million for the Cemetery Fund (this reflects a decrease from the previously assumed transfer level as a proposed budget balancing strategy), \$0.6 million to the Fire Operating Grant Trust Fund to pay for a portion of the positions funded by the Fire SAFER grant (the SAFER grant generates net General Fund savings due to Fire overtime savings), \$0.5 million to the new Fire Development Services Fund (this is offset by the Development Fee Reserve), and \$0.1 million for other services.

The Transfers figure drops to \$7.7 million in FY 2024/25 and includes \$3.7 million for capital projects, \$1.4 million for debt payments, \$0.9 million for assessments district payments, \$0.8 million for the Cemetery Fund, \$0.8 million to the Fire Operating Grant Trust Fund, and \$0.1 million for other services.

General Fund Reserves

The General Fund includes several reserves established by City Council policy or to segregate restricted revenues. Additional detail regarding reserve policies can be found in the Budget and Fiscal Policies section of this document.

Budget Stabilization Reserve

This reserve is used as an allocation for weathering economic downturns, emergency financial crises or disaster situations. Per Council policy, the Budget Stabilization Reserve (BSR) target is equal to the cost of the City's General Fund operations for three months, or 25% of the expenditure budget. Given the significant impacts of COVID-19 on the City's budget, the City Council adopted the FY 2022/23 budget principles that allowed this

reserve to drop to 15% of budgeted expenditures. The FY 2023/24 proposed budget principles would also allow the BSR to remain at a minimum of 15% given the City's continuing fiscal challenges. In the Proposed Budget, the BSR is set at \$45.8 million in FY 2023/24 (16.3% of expenditures) and FY 2024/25 (15.9% of expenditures).

Capital Projects Reserve

The Capital Projects Reserve (CPR) earmarks funds for the Capital Improvement Program (CIP). The minimum target for this reserve is \$5.0 million. This reserve has a projected ending balance of \$6.1 million in FY 2023/24 and FY 2024/25. The use of \$463,050 from the Capital Projects Reserve is recommended for the Street Tree Services project to fund the third and final year of the Modesto Ash tree removals plan.

Land Sale Reserve

The City Council established the Land Sale Reserve with net proceeds from the sale of City-owned land, with interest earned on these funds being available to be appropriated for General Fund operating expenditures. The Land Sale Reserve has a projected ending balance of \$18.5 million for FY 2023/24 and FY 2024/25 and is available for appropriation by City Council action. This reserve balance reflects the full repayment of the loan for the Reed Street- Grant Street Sports Park Project (\$5.6 million) in FY 2022/23.

Advanced Planning Fee Reserve

The advanced planning fee is collected as a portion of planning and building fees. These funds are set aside for future long-range planning activities. The Advanced Planning Reserve has a projected ending balance of \$2.6 million in FY 2023/24 and \$2.4 million in FY 2024/25. This reflects the funding of 1.0 Senior Planner from this reserve beginning in FY 2023/24.

Technology Fee Reserve

The Technology Fee Reserve sets aside the technology fee revenue collected with the development fees and other applicable fees. This reserve is used to fund Accela licensing costs and other technology improvements for the fee programs that assess this fee. The Technology Fee Reserve has a projected ending balance of \$1.9 million for FY 2023/24 and FY 2024/25.

Other Reserves

By Council Policy, other reserves are set aside in the General Fund including the Pension Stabilization and Historical Preservation Reserves. For FY 2023/24 and FY 2024/25, the Pension Stabilization Reserve is projected to total \$21.4 million and the Historical Preservation Reserve is projected to total \$92,754. Contributions to the Pension Stabilization Reserve are typically recommended as part of the Year-End Report to allocate interest earnings and other funding, if available. No additional contributions are assumed as part of this Biennial Budget. The Proposed Budget also includes a Development Fee Reserve (\$1.5 million in FY 2023/24 and FY 2024/25) that was established in FY 2022/23 to transition new development funds. In FY 2023/24, \$500,000 of this reserve is used to support the new Fire Development Services Fund. A Budget Balancing Reserve was also established at the \$2.0 million level in FY 2022/23; this reserve totals \$0.9 million in FY 2023/24 (\$1.1 million was used to balance the budget in FY 2023/24) and \$2.0 million in FY 2024/25.

Special Revenue Funds and Other Funds

This page is intentionally left blank.

SPECIAL REVENUE FUNDS AND OTHER FUNDS

Special Revenue Funds are established to account for specific revenue sources that are legally restricted or committed to particular purposes. The City of Santa Clara has various revenue sources that require separate Special Revenue Funds to be set up. The Other Funds relate to special assessments funds.

American Rescue Plan Act (ARPA) Fund (102)

The American Rescue Plan Act (ARPA) Fund was established in FY 2021/22 to account for Fire Department and Police Department expenditures that are eligible to be funded via federal ARPA funds. As this was one-time funding, there is no further activity recorded in this fund.

Bridge Maintenance District #2 Fund (463)

The Bridge District #2 Fund sets aside revenue received through the apportionment of secured property tax as well as the RDA revenue distribution. This funding is then transferred to the Streets and Highways Capital Fund to cover costs associated with the Bridge Maintenance Program project.

Building Development Services Fund (155)

The Building Development Services Fund was established in FY 2021/22 to account for building development-related fee revenue and associated building development services costs. The Building-related revenues and expenditures were previously reflected in the General Fund.

Building Special Programs and Training Fund (220)

This fund was formerly the Certified Access Specialist (CASP) Certification and Training Fund but was retitled to incorporate additional changes to the fund starting in FY 2021/22. The fund now incorporates Building Seismic/Strong Motion Fees and Building Standard Fees, in addition to CASp fees. All three revenue streams are related to state-mandated building permit fee surcharges (Building Standard and Seismic) or from the City's business license tax (CASP) and are for specific uses such as updating building code manuals or training related to updates in accessibility designs.

City Affordable Housing Fund (165)

The City Affordable Housing Fund accounts for the City's Below-Market Price Purchase Program, which helps low- and moderate-income families achieve the goal of homeownership. This fund promotes and facilitates the construction and retention of affordable housing, fulfilling State mandates to produce housing for all income levels. Revenues in the City Affordable Housing Fund are received from developer in-lieu fees, principal, and interest repayments on housing loans, as well as interest income on pooled investments.

Community Facilities District No. 2019-1 (Lawrence Station) Fund (027)

A resolution was adopted by Council in March 2019 to form a new Community Facilities District Fund (CFD) to finance maintenance of roadways, parks, parking spaces and enforcement, landscaped parkways and medians, trails, a highway overpass and a community clubhouse and garden to be located within the development at Lawrence Station. In accordance with the resolution, a special tax is levied on the properties located within the CFD. These special taxes will be used to fund the authorized public services. Pursuant to Report to Council 19-249, the Fund will also maintain additional funding necessary to replace facilities near end-of-service life (straight line depreciation of 15 years) in a capital reserve of 20%. The property assessments increase annually by Consumer Price Index (CPI).

Convention Center Maintenance District Fund (026)

This fund provides maintenance and landscaping to the common grounds within the Santa Clara Convention Center Complex. Funds are received by means of a Special Benefits Assessment levied against the property owners in the respective districts. This fund's expenditure budget is determined using fee estimates for cost recovery.

Developer Traffic Payments Fund (124)

Previously named the "Traffic Fair Share Fund," this fund was established in FY 2020/21 and is managed by the Department of Public Works. The Developer Traffic Payments Fund is funded by developer contributions collected for specific jurisdictions and locations. Funding is allotted to non-City agencies for eligible projects or transfers to a capital project.

Downtown Parking Maintenance District Fund (025)

The purpose of the Downtown Parking Maintenance District is to maintain the grounds of the Franklin Square complex. The Franklin Square complex is bounded by Monroe Street to the west, Jackson Street to the east, Benton Street to the north, and Homestead Road to the south. Maintenance of the landscape infrastructure is paid for by the General Fund. Extraordinary repairs to the asphalt parking lot and concrete walkways are funded by property owner assessments that are capped at \$14,200 per year.

Endowment Care Fund (077)

This fund holds the non-expendable account of the fees collected from cemetery patrons. Interest earned from the cash maintained is contributed for the current maintenance of the cemetery.

Engineering Operating Grant Trust Fund (144)

This fund accounts for revenues received from other governmental agencies that are designated for specific uses in the Community Development Department. Grants are appropriated as they are received by the Department and approved by the City Council.

Expendable Trust Fund (079)

The Expendable Trust Fund accounts for assets held in a trustee capacity where the principal and income may be expended in the course of the fund's restricted/designated operations. Funds are appropriated as they are received by departments and approved by the City Council.

Fire Development Services Fund (158)

The Fire Development Services Fund is proposed for FY 2023/24 to account for fire development-related fee revenue and associated fire development services costs. The Fire-related revenues and expenditures were previously reflected in the General Fund.

Fire Operating Grant Trust Fund (178)

This fund tracks revenues from other governmental agencies received by the Fire Department for fire safety and medical services activities. The grants are provided by federal, state and County agencies. Grants are appropriated as they are received by the Fire Department and approved by the City Council.

Gas Tax Fund (121)

The Gas Tax Fund accounts for revenues and expenditures received from the State of California under Street and Highway Code Sections 2105, 2106, and 2107. Gas tax is imposed by the State as a per-gallon excise tax on gasoline and diesel fuel. Cities and counties receive an allocation from the State based on population and the proportion of registered vehicles. This funding is restricted for street maintenance, construction, and a limited amount for engineering.

Housing and Urban Development Fund (562)

The City of Santa Clara receives annual funds from the U.S. Department of Housing and Urban Development (HUD) to administer the Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) programs. The CDBG program funds various nonprofit agencies and other City departments to implement services that benefit low- and moderate-income persons. The HOME program funds a wide range of activities including building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people. Grantees are generally selected through a competitive process and provide such services as senior services, homeless outreach, housing rehabilitation, accessibility improvement and code enforcement. The City currently dedicates HOME funds for the Tenant-Based Rental Assistance (TBRA) program.

Housing Authority Fund (164)

The Santa Clara Housing Authority (SCHA) was established by the City Council to assume responsibility for managing and monitoring housing assets from the dissolution of the Redevelopment Agency (RDA). SCHA also assumes the responsibility for housing loans, which provide affordable housing and were made under various programs, for qualifying individuals and groups. The SCHA receives its main source of revenues from program income, which is used to support loan monitoring, administration, and other programs and projects of the Housing and Community Services Division of the Community Development Department.

Housing Successor Agency Fund (169)

All California Redevelopment Agencies (RDA) were dissolved on February 1, 2012. Following the dissolution, the City of Santa Clara was designated as the Housing Successor to the former RDA, responsible for paying off the former RDA's existing debts, disposing of the former RDA's properties and assets to help pay off debts, returning revenues to the local government entities that receive property taxes and winding down the affairs of the former Redevelopment Agency. The City has also elected to retain the former RDA's housing functions, including retaining all of the housing assets, rights, power, duties, obligations and functions previously performed by the RDA in administering its Low and Moderate Income Housing Fund.

Library Donations Trust Fund (072)

This fund accounts for donations that are received and accepted by the City of Santa Clara's Library Department. These donations are for designated uses. Donations are appropriated as they are received by the Library Department and approved by the City Council.

Library Operating Grant Trust Fund (112)

This fund accounts for revenues received from other governmental agencies that are designated for specific uses in the Library Department. Grants are appropriated as they are received by the Library Department and approved by the City Council.

Other City Departments Operating Grant Trust Fund (101)

The Other City Departments Operating Grant Trust Fund accounts for any financial award given by the federal, State, or other local government to the City for Citywide eligible operating programs. Grants that are designated for department-specific functions are deposited into the respective departments' operating grant trust fund. Grants are appropriated as they are received by departments and approved by the City Council.

Parks and Recreation Operating Grant Trust Fund (111)

The Senior Nutrition Program provides a congregate meal setting where seniors can improve their health through balanced meals and socialization and is funded through a grant from the Santa Clara County Social Services Agency's Senior Nutrition Program and Community Development Block Grant funds. Seniors are encouraged to access the many services available at the Senior Center while on site and are given the opportunity to engage in Health & Wellness programs at the Senior Center. Grants are appropriated as they are received by the Parks and Recreation Department and approved by the City Council.

Perpetual Care Fund (076)

This fund accounts for current fees collected from cemetery patrons for maintenance in perpetuity of the Mission City Memorial Park when the facility reaches full capacity. Interest earned from the cash maintained is contributed for the current maintenance of the cemetery.

Police Operating Grant Trust Fund (177)

This fund tracks revenues from other governmental agencies received by the Police Department for law enforcement activities. The grants are predominantly provided by the State with a smaller portion received from the federal government. Grants are appropriated as they are received by the Police Department and approved by the City Council.

Prefunded Plan Review Fund (157)

Before any major real estate development project moves forward to construction, extensive studies are conducted (environmental, economic, and traffic) to ensure that the project's impact on the community is well understood. The cost of these studies is generally paid for by developers with the funding provided to cities to ensure proper oversight of this process. This fund, established in FY 2020/21, accounts for this activity.

Public Donations Fund (067)

The Public Donations Fund accounts for various donations the City receives from the public that are designated for specific uses. Per the City's Donation Policy, the City Manager is authorized to make funding available to departments for donations valued under \$100,000. Donations of \$100,000 or greater are appropriated as they are received by departments and approved by the City Council.

Public, Educational, and Governmental Fee Fund (221)

This fund accounts for the Public, Educational, and Governmental (PEG) fees the City receives from telecommunication companies in accordance with the Cable Communications Act of 1984 and the Digital Infrastructure and Video Competition Act of 2006. PEG channels broadcast public meetings, news conferences and educational programming about City departments and programs as well as government-sponsored community events. PEG fees can be used for capital-related expenses including video production and streaming equipment as well as television monitoring technology and technical support. These funds can also be used for the renovation and construction of facilities such as Council chambers, public meeting rooms and recording spaces.

Road Maintenance and Rehabilitation (SB1) Fund (122)

The Road Repair and Accountability Act of 2017 (Senate Bill 1) is a significant investment in California's transportation system which was signed into law on April 28, 2017. The funding from this investment must be used to fix roads, freeways, and bridges in communities across California, putting more dollars towards transit and safety. The majority of this revenue is from the Road Maintenance and Rehabilitation Account (RMRA), where cities have to prioritize repairing their existing infrastructure before addressing other transportation needs.

Traffic Mitigation Fund (123)

The Traffic Mitigation Fee is levied to fund improvements or programs to mitigate the City's traffic problems that result from development projects.

The following section details the City of Santa Clara's Special Revenue Funds and Other Funds' Statements of Sources and Uses and the Proposed Budget for Fiscal Year 2023/24 and Fiscal Year 2024/25.

Enterprise Funds

This page is intentionally left blank.

ENTERPRISE FUNDS

Enterprise funds are used to finance and account for operations and activities performed by designated departments in the City or through third party agreements. The operating revenues and expenses result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Principal operating revenues of the City's enterprise funds are charges to customers for services. Operating expenses for the City's enterprise funds include the costs of sales and services, administrative expenses and maintenance of capital assets.

Cemetery Fund (093)

This fund is managed by the Parks and Recreation Department and provides planning, development, operation, and maintenance of the City's two cemetery properties with one located on North Winchester Boulevard and one on Hope Drive. This fund is supported by charges for these services and transfers from the General Fund.

Convention Center Enterprise Fund (860)

This fund was established in 1984 to account for the operations of the City's Convention Center through third-party agreements. In February 2019, the City entered into an agreement with Global Spectrum, LP, dba Spectra Venue Management (Spectra). Spectra was subsequently acquired by Oak View Group (OVG360) and now manages the Convention Center. As part of the agreement, OVG360 provided the City with an operating budget for FY 2023/24 and FY 2024/25. These submittals have been incorporated into the source and use documents.

Electric Operating Grant Trust Fund (191)

The City's Electric Utility Department, known as Silicon Valley Power (SVP), initially established the Electric Operating Grant Trust Fund for the Public Benefits Program. For the Public Benefits Program, SVP is required to collect and spend 2.85% of its electric sales revenues (customer service charges from Electric Utility Fund) in accordance with assembly bill AB 1890 on cost-effective energy efficiency, new renewable power generation, low-income energy programs, and new electric technologies research and development.

In FY 2019/20, two programs were added to this fund - the Low Carbon Fuel and Greenhouse Gas (GHG) programs. These programs also use restricted revenue and have annual reporting requirements. The Low Carbon Fuel program is aimed at participating and complying with the California Air Resources Board (CARB) Low Carbon Fuel Standard (LCFS) Program to develop, educate and foster the adoption of electrification as transportation fuel. Program expenses are allocated and required to be spent within three primary groups: Clean Fuel Rewards Program, Equity Projects, and Customer Programs. The Greenhouse Gas Program's purpose is to comply with Cap-and-Trade Regulation requirements to spend proceeds from allocated allowances consistent with the goals of AB 32 and to provide benefit to retail ratepayers in the form of GHG reduction.

Electric Utility Fund (091)

The Electric Utility Fund is managed by SVP and is the primary operating fund for electric utility service provided to City customers. SVP provides these services on a user charge basis to residences, businesses, and industrial customers, including large data centers.

The primary revenue source in the Electric Utility Fund is electric rates which are approved by the City Council. SVP typically submits a recommendation for rate increases annually. The rate increase recommendation is based on SVP's ten-year forecast which includes SVP's revenue and expenditure projections to cover operating costs, reserve requirements, debt service, capital improvement projects, and other legal obligations. Electric rate increases have been relatively stable historically, so customers, both large and small, have been able to budget their electric usage to support their long-term operations. At the same time, for low-income customers who have difficulty absorbing the rate increases, SVP continues to offer financial assistance and also offers energy conservation programs and rebates to help all customers reduce their electricity usage. For purposes of the FY 2023/24 budget, SVP assumed a rate increase of 5% on July 1, 2023 and an additional rate increase of 7% on January 2024. For FY 2024/25, a 7% rate increase on January 2025 is estimated and will be reevaluated during FY 2023/24. Any proposed rate increase will be brought to City Council and, based on information available at that time, will include consideration of the expense drivers further described below.

SVP has over 59,000 customer accounts in the City: 85% residential, 11% commercial, 3% industrial, and <1% other. The proportion of revenue contribution is reversed: 92% of revenues are generated by industrial customers, 6% from residential customers, 2% from commercial customers, and < 1% from others. Industrial customers include many publicly listed technology companies headquartered in the City and data centers hosting servers for these companies. Load growth and forecasted energy sales are based on a combination of historical data and forward-looking opportunities, especially from large key industrial customers. Additional revenues are generated through wholesale energy sales, capacity sales, Congestion Revenue Rights (CRR), Renewable Energy Credits (RECs), and ancillary services. Given the high concentration of revenue generated from industrial customers, SVP's revenue growth prospect is highly correlated to Silicon Valley's economic growth.

SVP's primary expense drivers are electric supply and distribution costs. For FY 2023/24, 25% of power supply, after netting SVP's generation resources against SVP's load, is expected to be purchased from the California Independent System Operator (CAISO) market. Market purchase prices have a very high positive correlation with natural gas prices and are subject to the same volatility. If natural gas prices spike, higher than forecasted prices to procure power from the market would be expected. The transmission access rates that applies to electric energy that SVP receives via the PG&E transmission system are expected to increase year over year. PG&E needs to collect the transmission fees to fund the growing cost of maintenance and infrastructure improvements to the transmission grid. In addition, a significant part of SVP's electric distribution cost is the capital improvement needed for the aged system. These capital costs are also expected to increase due to higher commodities costs caused by supply chain issues across the world.

Per the budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, Infrastructure, Special Projects (as needed), and Pension Stabilization.

Sewer Utility Fund (094)

This fund is managed by the Water and Sewer Utilities Department and accounts for the maintenance of the City's sewer lines and related facilities. The Department provides these services on a user charge basis to residences and businesses.

Each operating budget cycle, the Department develops a ten-year forecast based on their revenue and expenditure projections. Revenue in the Sewer Utility Fund are dictated by the utility rates approved by the City Council and the actual water usage by residences and businesses. An annual rate study is conducted by a third-party consultant selected by the Water and Sewer Utilities Department; this information is then used to determine both revenue and expenditure projections in the forecast. Revenue projections are based on a trend analysis and take into consideration historical data and anticipated activity and reflect proposed rate increases. The Department will be bringing forward the proposed rates for City Council approval on June 6, 2023. If approved, the rates will be effective beginning July 1, 2023. Anticipated expenditures also play a role in the development of the revenue projections. Expenditure projections are based on historical data and the capital project needs approved in the City's Capital Improvement Program budget. Additionally, the City co-owns the Regional Wastewater Facility with the City of San José. Estimates are provided by the City of San José for Santa Clara's share of the facility rebuild, and these estimates are also used in determining the expenditure projections in the Sewer Utility Fund.

Per the budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, Infrastructure, and Pension Stabilization. It also includes a Replacement and Improvement Reserve.

Solid Waste Fund (096)

This fund is managed by the Public Works Department and accounts for the administration of the City's garbage and rubbish collection service, including street sweeping, household hazardous waste, and Clean-Up Campaign services. The revenue projections are based on anticipated increases in garbage rates due to increases in agreements for exclusive franchise garbage and yard waste collection and solid waste processing services. The department brings rate increases forward to Council and, once approved, rates will be effective beginning July 1, 2023.

Per the budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, and Pension Stabilization.

Water Recycling Fund (097)

This fund is managed by the Water and Sewer Utilities Department and accounts for the ongoing maintenance and operations of the City of Santa Clara's wastewater reclamation system. The Department provides these services on a user charge basis from the sale of non-potable water for irrigation and landscaping.

Each operating budget cycle, the Department develops a ten-year forecast with their revenue and expenditure projections. Revenue in the Water Recycling Program Fund are dictated by the utility rates approved by the City Council and the actual water usage by residences and businesses. An annual rate study is conducted by a third-party consultant selected by the Water and Sewer Utilities Department; this information is then used to determine both revenue and expenditure projections in the forecast. Revenue projections are based on a trend analysis and take into consideration historical data and anticipated activity and reflect proposed rate increases. The Department will be bringing forward the proposed rates for City Council approval on June 6, 2023. If approved, the rates will be effective beginning July 1, 2023. Anticipated expenditures also play a role in the development of the revenue projections. Expenditure projections are based on historical data and capital projects needs approved in the City's Capital Improvement Program budget.

Per the budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, Infrastructure, and Pension Stabilization.

Water Utility Fund (092)

This fund is managed by the Water and Sewer Utilities Department and accounts for the operation of the City's water utility services. The Department provides these services on a user charge basis to residences and businesses.

Each operating budget cycle, the Department develops a ten-year forecast with their revenue and expenditure projections. Revenue in the Water Utility Fund are dictated by the utility rates approved by the City Council and the actual water usage by residences and businesses. An annual rate study is conducted by a third-party consultant selected by the Water and Sewer Utilities Department; this information is then used to determine both revenue and expenditure projections in the forecast. Revenue projections are based on a trend analysis and take into consideration historical data and anticipated activity and reflect proposed rate increases. The Department will be bringing forward the proposed rates for City Council approval on June 6, 2023. If approved, the rates will be effective beginning July 1, 2023. Anticipated expenditures also play a role in the development of the revenue projections. Expenditure projections are based on historical data and capital projects needs approved in the City's Capital Improvement Program Budget.

Per the adopted budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, Infrastructure, and Pension Stabilization. It also includes a Replacement and Improvement Reserve and a Water Conservation Reserve.

The following section details the City of Santa Clara's Enterprise Funds' Statements of Sources and Uses and the Proposed Budget for Fiscal Year 2023/24 and Fiscal Year 2024/25.

Internal Service Funds

This page is intentionally left blank.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to finance and account for special activities and services performed by a designated department for other departments in the City on a cost reimbursement basis.

Communication Acquisitions Fund (048)

This fund is managed by the Police Department and accounts for the maintenance and replacement of communication equipment used by various City departments. The source of revenue for this fund is fees charged to the departments that require this type of maintenance and replacement. The City's current inventory of radios will no longer be serviceable by the end of December 2023. In order to address the critical replacement needs, the City is evaluating funding solutions and a potential phase-in approach, which will prioritize the replacement of all public safety radios initially, and other citywide radios as funding becomes available.

Fleet Operations Fund (053)

This fund is managed by the Department of Public Works and accounts for the maintenance of City-owned vehicles and equipment used by all departments. The source of revenue for this fund is fees charged to the departments requiring vehicle maintenance.

Information Technology Services Fund (045)

This fund was established in FY 2019/20 and managed by the Information Technology Department (ITD). This fund accounts for citywide costs associated with computer and telephone equipment replacement as well as other services including new or upgraded software, additional licenses for new users, and general information technology services provided to all City departments. The source of revenue for this fund is fees charged to the departments that require information technology services. There are several CIP projects managed by ITD that have been shifted from the General Government Capital Fund to this internal service fund, which include funding for cybersecurity and the replacement of network equipment and computers.

Public Works Capital Projects Management Fund (044)

This fund was established in FY 2019/20 and is managed by the Department of Public Works. This fund accounts for the Public Works staff time and non-personnel costs utilized to manage and work on specific capital improvement programs of the City. The source of revenue for this fund is fees charged to the departments requiring Public Works capital project services.

Special Liability Insurance Fund (082)

This fund accounts for liability exposures to the City, including general liability, errors and omissions, and employment practices. The Special Liability Fund covers claims costs and excess liability insurance costs. The source of revenue for this fund is charges to the departments citywide as well as transfers from the General Fund and Enterprise Funds.

Unemployment Insurance Fund (087)

This fund is managed by the Human Resources Department and accounts for the cost of unemployment insurance claims. The source of revenue for this fund is fees charged to the departments citywide.

Vehicle Replacement Fund (050)

This fund is managed by the Department of Public Works and accounts for the lifecycle, replacement, procurement, up-fit, and disposal of all vehicles used by City departments. The source of revenue for this fund is fees charged to the departments requiring these services.

Workers' Compensation Fund (081)

This fund is managed by the Human Resources Department and accounts for the costs of premiums, claims administration, and claims expenses related to injuries or illnesses sustained by members of the City's workforce. The source of revenue for this fund is fees charged to departments citywide. Department allocations are determined using actual workers' compensation claims history.

The following section details the City of Santa Clara's Internal Service Funds' Statements of Sources and Uses and the Proposed Budget for Fiscal Year 2023/24 and Fiscal Year 2024/25.

CAPITAL IMPROVEMENT PROGRAM FUNDS

Capital Improvement Program Funds are established to account for specific revenues and expenditures that are earmarked for major improvements to the City's infrastructure, replacements and upgrades to City assets, and improvements and upgrades to the City's utilities. The City of Santa Clara has various capital funds set up for different types of capital projects.

Cemetery Capital Fund (593)

The capital projects included in this fund are related to construction, engineering, repairs, and design of the two City-owned cemeteries.

City Affordable Housing Capital Fund (565)

As part of the Report to Council 20-804 approved by the City Council on September 1, 2020, \$1.6 million was set aside for a low-income housing development at 1601 Civic Center Drive. This fund tracks all activity related to that development.

Convention Center Capital Fund (865)

This fund was established in FY 2020/21 through Report to Council 21-1176 approved by the City Council on January 12, 2021. This fund accounts for the capital improvements to the Convention Center. Improvements to the Convention Center are funded by the initial City capital contribution from the General Fund in addition to developer contributions from the Convention Center operations management team, OVG360, and the food and beverage operator, Levy.

Electric Utility Capital Fund (591)

This fund accounts for projects pertaining to system improvements, substation construction, and technology projects. Customer service charges, developer contributions, debt financing, and transfers from other enterprise funds are the primary sources of revenue for these projects.

Fire Department Capital Fund (536)

This fund tracks projects that include the replacement of firefighting equipment, defibrillators, personal protective equipment, firehouse safety systems, and fire station improvements. The General Fund provides the funding for these projects.

General Government Capital Fund (539)

This fund accounts for projects primarily related to the implementation, maintenance, and upgrades for the various applications in Citywide departments. The funding sources are mainly from grants and transfers from the City's enterprise funds and the General Fund.

Library Department Capital Fund (537)

This fund tracks projects associated with the capital maintenance, construction, safety, and appearance of library facilities, funded by the General Fund.

Parks and Recreation Capital Fund (532)

This fund accounts for the projects associated with the acquisition, development, and capital improvement of neighborhood and community parks, recreation facilities, and open space to meet the needs of the City residents. Funding sources for these projects include developer contributions, grants and donations, parks Mitigation Act fees (MFA), and Quimby Act fees.

Patrick Henry Drive Infrastructure Improvement Fund (542)

This fund was established in FY 2021/22 through the Report to Council 22-90 approved by the City Council on March 22, 2022, and is managed by the Department of Public Works. This fund accounts for impact fee revenues and project expenditures related to the Patrick Henry Drive Specific Plan.

Public Buildings Capital Fund (538)

The projects in this fund are associated with repairs and capital maintenance for public buildings, including mechanical and electrical systems, primarily funded by the General Fund.

Recycled Water Capital Fund (597)

This fund tracks projects related to the installation of recycled water mains, including extensions to existing service and for new developments, supported by recycled water customer service charges.

Related Santa Clara Developer Fund (540)

This fund tracks the financial resources from the Developer to fund City staff in pre-development and permit processing efforts and third-party consultant work for the Related Santa Clara project.

Sewer Utility Capital Fund (594)

This fund tracks projects related to the construction and upkeep of the City's sewer system including sewer mains and the City of Santa Clara/San José wastewater treatment facility. These projects are funded through customer service charges, connection charges, debt financing, and the sewer conveyance fee.

Solid Waste Capital Fund (596)

The capital projects included in this fund are related to the construction of wells, well abandonments, erosion and settlement repair and prevention, maintenance of landfill gas, and miscellaneous landfill monitoring requirements. Funding sources for these projects include lease revenues, customer service charges, and developer contributions.

Storm Drain Capital Fund (535)

The projects in the Storm Drain Capital Fund contribute to the expansion, construction, and rehabilitation of the City's storm drain system. Primary funding sources include the General Fund and developer-funded storm drain charges.

Street Lighting Capital Fund (534)

This fund accounts for projects related to the replacement and installation of citywide street lighting to provide adequate lighting for streets, new developments, and parking lots. These projects are funded via customer service charges, developer contributions, and electric public benefits charges.

Streets and Highways Capital Fund (533)

This fund tracks the City's projects that are related to the maintenance of local transportation facilities, traffic infrastructure, street rehabilitation, sidewalk, curb, and gutter improvements. Primary funding sources for these types of projects include traffic mitigation fees, gas tax, and Road Maintenance and Rehabilitation Account proceeds.

Tasman East Infrastructure Improvement Fund (541)

This fund was established in FY 2020/21 through the Report to Council 20-787 approved by the City Council on November 17, 2020 and is managed by the Department of Public Works. This fund accounts for impact fee revenues and project expenditures related to the Tasman East Specific Plan.

Water Utility Capital Fund (592)

The projects in this fund pertain to the construction and upkeep of the water system including water mains, hydrants, wells and pumps, storage tanks, and the asset management system. Customer service charges and developer contributions are the primary funding sources for these projects.

The following section details the City of Santa Clara's Capital Improvement Program Funds' Statements of Sources and Uses and their Amended Biennial Capital Improvement Program Budget for Fiscal Year 2023/24.

OTHER AGENCY FUND

The Sports and Open Space Authority (SOSA) of the City of Santa Clara was created by the City Council in 1974 to establish a separate entity to acquire and develop open space within the City of Santa Clara. The members of the City Council are also members of SOSA's Board of Directors and, as such, are authorized to transact business and exercise power to purchase, lease or otherwise obtain and dispose of real and personal property. This includes the ability to acquire, construct, maintain, repair, manage and operate real and personal property, including leasing to private operators for commercial purposes and surplus space which is not economical to use for open space planning.

Sports and Open Space Authority Fund (801)

This fund accounts for the acquisition and preservation of open space within the City and the development of local sports activities.

The following section details the Other Agency Fund's Statement of Sources and Uses and the Proposed Budget for Fiscal Year 2023/24 and Fiscal Year 2024/25.

Mayor and City Council Offices Description

The City Council consists of a Mayor who is elected at-large and six Councilmembers that are elected by district and serve staggered four-year terms. The Council, as the legislative body, represents the residents of Santa Clara and is empowered by the City Charter to formulate Citywide policy, enact local legislation, adopt budgets, and appoint the City Manager, City Attorney and City Auditor. The Council conducts City Council meetings and study sessions as required.

The Mayor and Councilmembers serve on county, regional, and State organizations representing the City's interests. The Mayor and Councilmembers also serve as Agency and Authority Board Members, Commissioners or Directors of the Bayshore North Project Enhancement Authority, Housing Authority, Industrial Development Agency, Joint Financing Authority, Public Facilities Financing Corporation, Sports and Open Space Authority, Stadium Authority, and Oversight Board for Successor Agency to the City of Santa Clara Redevelopment Agency.

Divisions and Services

The Mayor and Councilmembers are supported by the Mayor and City Council Offices staff. The Mayor and City Council Offices are organized under the Mayor and City Council Division.

Mayor and City Council Division Mission	Assist the Mayor and Councilmembers with implementation of established policies, goals, and objectives.
	Assist Mayor and Councilmembers in scheduling appointments, making travel arrangements, and corresponding with legislators, constituents, and members of the community.
	Assist with the coordination of meetings for several City committees and several area wide/outside agency committees.
Division Objectives	Coordinate concerns from members of the community in an effort to increase transparency and responsiveness.
	Provide support to Mayor and City Council on all administrative needs and research needs, including support for Council Committee and intergovernmental assignments.
	Provide general administrative support to the Mayor and Councilmembers.

Significant Accomplishments

- Supported the City Council with its policy priorities.
- Maintained compliance with applicable requirements, e.g., calendar disclosures, public records requests, and other government transparency requirements.
- Provided direct support to the Mayor and City Council on all administrative needs and research needs, including administrative support for Council Committee and intergovernmental assignments.
- Supported the reinstatement of the Governance and Ethics Committee and overseeing the priorities and meetings as part of Council Committee support.
- Managed, reviewed, and analyzed a high volume of Public Record Act (PRA) requests assigned to the Mayor and Council Offices.
- Coordinated with appropriate departments for review and coordination of legislative requests and legislative advocacy positions.
- Provided administrative support to the Governance and Ethics Committee, Economic Development, Communications, and Marketing Committee.
- Responded to constituent concerns and inquiries in a timely manner and within three business days.
- Approved and processed proclamations, commendations, and recognition requests in time for events.
- Responded to requests for Mayor and/or Council's appearance within three business days.
- Provided logistical support for various City and public events including the Pride flag raising ceremony.

Budget Highlights

- Reduces the operating supplies budget to help address the General Fund deficit.
- Reallocates 1.0 Assistant to the City Manager from the City Manager's Office to reflect actual workload.

Mayor and City Council Travel

In accordance with the City's administrative policy on official travel by elected officials, Council Policy 043, official travel is approved in advance annually with the Mayor and City Council Offices' Operating Budget. The following are the conferences, meetings and events that are anticipated for Mayor and Councilmembers' attendance:

Conference	FY 2023/24 Budget	FY 2024/25 Budget
National League of Cities Annual Conference	4,687	4,781
League of California Cities Annual Conference	13,194	13,590

Program: 1611 – City Council Program					
This proposal reduces the Mayor and City Council Offices operating supplies budget from \$31,887 to \$29,887. The remaining supplies budget is anticipated to be sufficient for the Department.					
Performance Impact					
This reduction is anticipated to have minimal impact to service delivery.

City Attorney's Office

This page is intentionally left blank.

City Attorney's Office Description

Section 908 of the City of Santa Clara Charter provides:

The responsibilities of the City Attorney's Office consist of the following: represent and advise the City Council and all City officers in all matters of law pertaining to their offices; represent and appear on behalf of the City and any City officer or employee in all legal actions or proceedings which the City or any such officer or employee, in or by reason of his/her official capacity is a party; provide the City Council with information and advice regarding ongoing litigation and legislation affecting the City; attend all meetings of the City Council and give advice or an opinion in writing whenever requested to do so by the City Council or officers of the City; staff board and commission meetings as necessary; approve the form of all bonds given to and all contracts made by the City, endorsing approval thereon in writing; review and approve all ordinances and resolutions and amendments thereof; prosecute cases for violation of the Charter and City ordinances; and assist and provide training on current issues in the law and City policy as needed.

The City Attorney's Office will continue to provide legal advice and support on matters initiated by the City Council, City Manager's Office, and City departments, including managing all of the claims and litigation of the City, conducting legal research and providing advice to decision-makers, and drafting, reviewing, and negotiating contracts, leases, licenses, policies, resolutions, ordinances, Public Records Act requests responses, Council reports, and a variety of other documents.

Divisions and Services

The City Attorney's Division is organized under the City Attorney's Office. There are several areas which the Division is split amongst including Court and Trial, Contract and Transaction, Research and Opinion, and Library and Clerical.

City Attorney Division Mission	Provide professional municipal legal services to the City Council, policy makers, boards, commissions, and staff in their official capacities.
	<p>The Court and Trial Division shall provide hearing and trial counsel services, handle discovery and other necessary proceedings incident to hearings and trials.</p> <p>The Contract and Transaction Division shall assist various City departments in negotiating and preparing complex agreements, legal documents, etc.; prepare correspondence and answer complex inquiries from City departments, other agencies, and third parties; with special assistance, participate in preparing civil cases and administrative cases in utility matters.</p>
Division Objectives	<p>The Research and Opinion Division shall interpret the law, prepare legal opinions, and prepare and review resolutions, ordinances, bonds, invitations for bids and proposals, contracts, deeds, and related instruments; prosecute actions involving City ordinances; prepare correspondence and answer routine inquiries from City departments and other agencies.</p> <p>The Library and Clerical Division shall maintain the law library and perform all secretarial and clerical duties required in support of the City Attorney and divisions of the City Attorney's Office as are assigned or directed, and other related work as is assigned.</p>

Significant Accomplishments

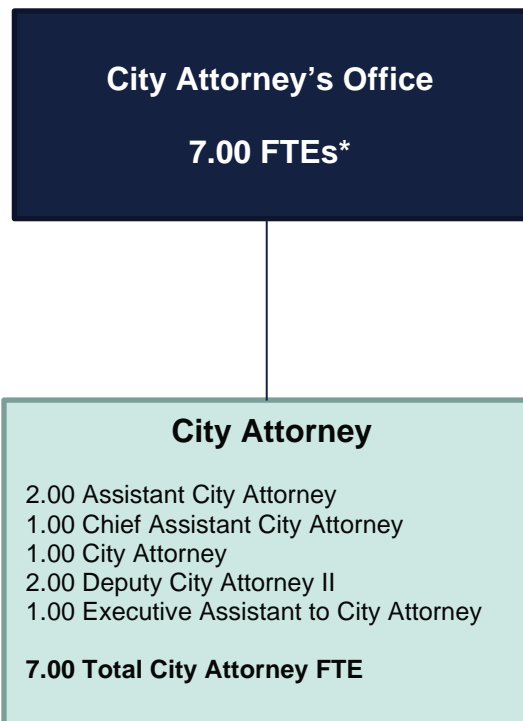

- A sample of significant accomplishments during FY 2022/23 includes the implementation of:
 - New police transparency laws
 - Updating of Stadium procurement regulations
 - Resolution of numerous significant litigation matters
 - Two revenue generating ballot measures
 - City Place Project ground lease for Phase 1
 - Close of four affordable housing projects (Mainline, Monroe, Kifer and Calabazas conversion)
 - Drafting and environmental review of two specific plans (Patrick Henry Drive and Freedom Circle)
 - Completed review draft of zoning ordinance update
 - City-wide purchasing code update ordinance
 - MOU with County for Psychiatric Emergency Response Team program in Santa Clara
 - Management and oversight of 194 claims and litigation matters
- Implemented new case management system, Advologix, to accurately manage and track transactional and litigation matters for City departments and Stadium Authority to provide more efficient legal services and better reporting to City Council and City Staff.
- Completed approximately 1,677 legal service requests, which included legal advice, review and negotiations of contracts, leases, licenses, policies and many other documents related to the day-to-day operations of the City of Santa Clara, including all major projects and policy initiatives, while maintaining full City Attorney operations during the COVID-19 pandemic under reduced staffing and budget.

Significant Objectives

- Assist with Stadium issues including major event planning
- Assist with comprehensive Zoning Ordinance Update
- Assist with governance and election issues
- Assist with City Administration improvements in various policies and programs
- Continue with internal CAO process improvements
- Enhance training programs, including an expanded in-house AB 1234 training program

Budget Highlights

- Freeze 1.0 Assistant City Attorney to help address the General Fund shortfall.
- Add funding for outside legal services to alleviate service delivery impacts of proposed freeze of the 1.0 Assistant City Attorney.

* 1.0 Assistant City Attorney position is proposed to be frozen for FY 2023/24 and FY 2024/25

Program: 2411 – Program Administration
2412 – Program Litigation

This proposal freezes 1.0 vacant Assistant City Attorney position that supports the Public Works and Water and Sewer Utilities Departments. It is anticipated that response and review times for departments citywide will be impacted as the City Attorney's Office works to absorb some of this position's duties. This proposal also increases the outside legal counsel budget in the amount of \$114,831, from \$260,100 to \$374,931, in order to mitigate some of these anticipated work delays, particularly for the Public Work and Water and Sewer Utilities Departments.

Performance Impact

While the City Attorney's Office staff works to take on some duties performed by this position, delays in response and review time are still anticipated. The Department will work to alleviate delays through the use of outside legal counsel.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

City Clerk's Office

This page is intentionally left blank.

Elected City Clerk's Office

The Elected City Clerk duties are to (a) be the custodian of the seal of the City and (b) have charge of all City Elections. The Elected City Clerk would maintain sole responsibility for administering all aspects of City elections (e.g., Mayor, City Council, and Chief of Police).

Divisions and Services

The Elected City Clerk's Office is a division organized under the City Clerk's Office.

Elected City Clerk Division Mission	Ethically serve the needs of the citizens of the community by facilitating all aspects of City elections in accordance with the City Charter, Municipal Code, California Elections Code and Political Reform Act.
Division Objectives	To develop and execute strategies to broaden outreach throughout the community to increase transparency and education.
	To design and implement new City initiatives related to Measure N, which changed the method of elections from at-large to by-district voting for City Councilmembers, excluding the Mayor.
	To increase voter registration in the City through effective community engagement programs such as citizens outreach.

Significant Accomplishments

- Successfully completed the November 2022 General Municipal Election, which encompassed two council district seats, the Mayor, and two ballot measures.

Significant Objectives

- Continue to focus on redistricting efforts in FY 2023/24.

Budget Highlights

- Reduces the elections and initiative outreach budget on an ongoing basis to help address the General Fund deficit.

Elections and Initiative Outreach Reduction	0.00	0	(66,120)	0	(67,442)

Program: 2314 – Elections

This proposal reduces the Elected City Clerk's initiatives and elections outreach budget by \$66,120, from \$106,120 to \$40,000. This budget provides funding for the development and implementation of strategies to increase voter outreach and participation as well as promote community engagement. Based on historical spending, it is anticipated that the remaining funding will be sufficient to cover any expenses related to these items.

Performance Impact

The City Clerk’s Office is anticipating no service delivery impact with this reduction.

Assistant City Clerk's Office Description

The Assistant City Clerk oversees the day-to-day operations of the City Clerk's Office. The Office of the Assistant City Clerk processes the agendas for and attends all meetings of the Council and Authorities Concurrent and Stadium Authority meetings, maintains accurate and up-to-date records of the proceedings of those meetings and makes those records open for public inspection. The Office of the Assistant City Clerk processes and maintains copies of City contracts, ordinances, resolutions and other official documents. The Office of the Assistant City Clerk manages and compiles City records in accordance with the Records Retention Schedule and in response to Public Records Act requests. The Office of the Assistant City Clerk administers campaign and disclosure laws, the Campaign Finance Ordinance, Regulation of Lobbying Activities program and the Calendars of Certain City Officials program. The Office of the Assistant City Clerk also administers oaths of affirmation pertaining to the affairs and business of the City and certifies copies of official records.

Divisions and Services

The Assistant City Clerk's Office is organized under the City Clerk's Office.

Assistant City Clerk Division Mission	Maintain and ensure that all official records and documents are accessible to the public; ensure timely publication, posting and/or mailing of ordinances, resolutions, calendars of certain City Officials, lobbyist registration forms and semi-annual reports, and other notices; attend and keep an accurate record of Council meetings; and respond to all requests for information efficiently and courteously.
Division Objectives	<p>To continue to work with all City departments to ensure accuracy of the Records Retention Schedules with emphasis on electronic records and historical and vital records.</p> <p>To continue to work with the Information Technology Department and the City Attorney's Office to ensure integrity and compliance with the Records Retention Program, including updating the Records Retention Schedules.</p> <p>To continue the records management software training for City staff and work with departments to inventory and classify records.</p> <p>To continue to track agreements for all City departments to ensure that active agreements are readily available and inactive agreements are retained according to retention schedules.</p>

Significant Accomplishments

- Transitioned and supported all public meetings (Council, Stadium Authority, Boards, Commissions, and Committees) to hybrid meetings via Zoom and in-person meetings.
- Increased Lobbyist Fees for full cost recovery of the program.
- Assistant City Clerk worked closely with the City Clerk to implement and conduct the November 2022 General Municipal Election.
- Collaborated with departments citywide to enter and retain City records through Electronic Document Management system – Laserfiche.
- Collaborated with IT and Human Resources on digitalizing employee records and open enrollment forms through the city's electronic document management Laserfiche.

Significant Objectives

- Implement and support enhanced functionality for the enterprise document management system as a citywide resource for records management, the use of forms, compatibility with mobile devices and other functionality as appropriate.
- Identify and focus on key elements of the enterprise document management systems that will enhance productivity and increase transparency through the public meeting process and access to information. Continue to provide prompt and thorough responses to requests for public records and to assure that all official records and document are accessible to the public.

Budget Highlights

- Eliminates funding for the City's old records management software that is no longer needed as the City has upgraded to a different software.

Program: 2312 – Public Information/Legislation Records Management

This proposal reduces the Assistant City Clerk's contractual services budget by \$10,000. This amount reflects funding for the City's previous records management software. As the City has upgraded to a different software, this funding is no longer necessary and no service level impact is expected.

Performance Impact

The City Clerk's Office is anticipating no service delivery impact with this reduction.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

City Auditor's Office

This page is intentionally left blank.

City Auditor Division Description

The City Auditor’s Office is an independent office that reports to the Audit Committee and City Council. The Office conducts performance audits and reviews of City departments, programs and services, and makes recommendations to strengthen accountability and improve efficiencies and effectiveness of City programs and business processes. The audits may assess internal controls over financial reporting and evaluate the adequacy of system of internal controls, and compliance with applicable laws, rules, regulations, and City policies and procedures.

The Office prepares an annual audit work plan for the City Council’s approval and issues semi-annual audit status reports and annual follow-up reports on outstanding audit recommendations to the City Council for review.

The Office provides oversight of external auditors regarding the City’s annual financial audit, single audit, annual compliance review with the City’s Investment Policy, performance audits and related financial audits. The City Auditor’s Office is also responsible for the Stadium Authority’s annual financial audit.

Additionally, the Office administers the City’s Fraud Hotline program and performs investigations for all material complaints received related to fraud, waste, and abuse.

Divisions and Services

The City Auditor Division is organized independently from operations.

City Auditor Division Mission	The City Auditor’s Office mission is to promote honest, efficient, effective and fully accountable city government through accurate, independent and objective audits.
Division Objectives	Establish performance audits within the organization to better understand how our programs are performing in comparison with neighboring jurisdictions.
	Conduct in-depth financial and performance audits.
	Oversee the City’s performance management system, auditing and approving all bills, invoices, payrolls, demands or charges against the City before payment.

Significant Accomplishments

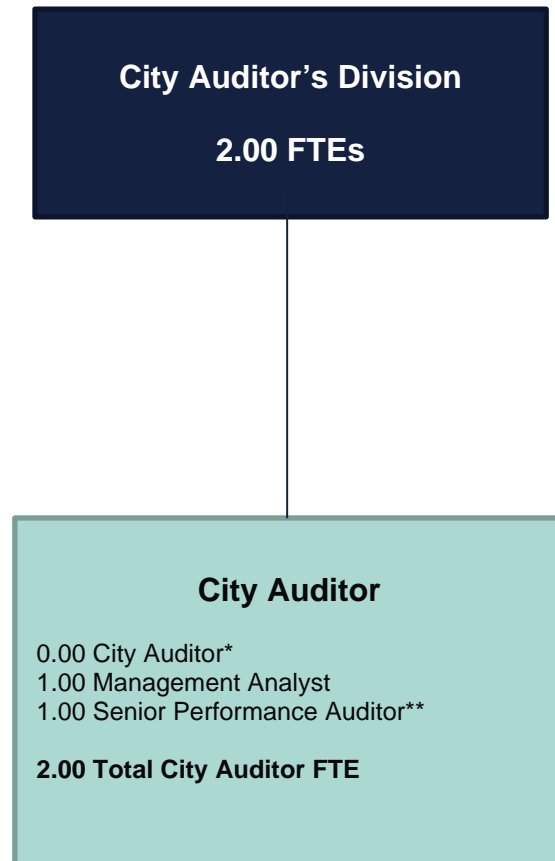

- Completed the annual cash disbursement review for the City of Santa Clara.
- Completed procurement and continuous oversight of the annual financial audit contracts for the City and Santa Clara Stadium Authority.
- Completed a comprehensive fraud, waste, and abuse policy to establish controls that will aid in the detection of fraud, waste, and abuse against the City.
- Completed the first City-wide risk assessment and developed a two-year audit plan based on those results.
- Established a whistleblower hotline for internal reporting of fraud, waste, and abuse or other ethical issues.
- Completed a review of City employee travel and reimbursement policies and procedures.
- Completed semi-annual audit status reports to provide status of projects contained in the annual workplan.

Significant Objectives

- Continue to advance audit work based on results of the City-wide risk assessment for the City in an effort to promote greater accountability.
- Increase the economy, efficiency, effectiveness, and accountability of City government through audits and their recommendations.
- Maintain an effective follow-up process to monitor and evaluate the adequacy, effectiveness and timeliness of actions taken by management to address audit recommendations and report to the City Council on the actions taken.
- Administer the whistleblower hotline and perform investigations for all material complaints.
- Provide oversight of external auditors regarding the City and Santa Clara Stadium Authority's financial and performance audits.
- Update the city's annual risk assessment report to effectively evaluate city functions and respond to any changes in risk identified in the City.
- Prepare the City's Annual Audit Work Plan for FY 2023/24 and FY 2024/25.

Budget Highlights

- Freeze the City Auditor position for two years; the office will continue to be managed with two professional staff and the use of consultants.
- Reduce the training and travel budget.

* The City Auditor position is proposed to be frozen for FY 2023/24 and FY 2024/25

** Currently overfilled as an Audit Manager

Freeze City Auditor Position	(1.00)		(297,881)		(314,418)

Program: 3352 – City Auditor Administration

This action freezes the City Auditor position for the FY 2023/24 and FY 2024/25 operating budget period. Long-term, the goal would be to consolidate the City Auditor and Senior Performance Auditor positions, resulting in an ongoing reduction of one position. Both the City Auditor and Senior Performance Auditor positions would need to be vacant to bring forward this ongoing change. The proposed reduction would not impact the current service delivery as the City Auditor position has been vacant. The existing staff (1.0 Senior Performance Auditor and 1.0 Management Analyst) and consultant services would continue to deliver audit services for the City.

Performance Impact

The number of audits that can be performed by the City Auditor's Office would continue to be impacted by the loss of capacity. City audits provide valuable information to improve City operations and address issues independently identified as part of the audit process.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Training and Travel Reduction			(3,000)		(3,000)

Program: 3352 – City Auditor Administration

This proposal reduces the training and travel budget by \$3,000 (from \$6,742 to 3,742). Staff would need to rely more heavily on online training opportunities versus in-person training. This reduction is expected to have minimal impacts given the shift to online training post COVID-19 and the proposed reduction in the staffing level.

Performance Impact

The reduction to the training and travel budget is not expected to impact service delivery.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure

City Manager's Office

This page is intentionally left blank.

City Manager's Office Description

The City Manager's Office is responsible for providing strategic direction and support to all City departments for day-to-day operations and planning, as well as support to the City Council with its policy making. In this capacity, the City Manager's Office resolves complex administrative matters, performs City-wide policy analysis, directs city-wide emergency preparedness efforts; drives strategic planning and organizational development; oversees employee relations; directs the preparation of the budget in conformance with the Council's approved priorities and Budget Principles; and advises the Council of the City's financial outlook. In addition, the City Manager's Office has direct responsibility for economic development, community outreach and engagement, property and contract management, special projects, and legislative research and advocacy.

The City Manager's Office also provides general administration for the Sports and Open Space Authority, Housing Authority, and Successor Agency of the former Redevelopment Agency.

Divisions and Services

The City Manager's Office is organized into two Divisions: City Council Support; and Leadership and Management Services.

City Council Support Division Mission	Support the City Council with its policy decisions and assist with establishing and implementing goals, objectives, and planning strategies to maintain a thriving community with efficiently delivered City services.
Division Objectives	Provide policy support for decision making by assisting Council in establishing policies and priorities, advancing the City's position on regional, State, and federal legislative issues, and executing its legislative responsibilities.
	Build intergovernmental relations and promote a strong, effective advocacy voice for legislation that will benefit the City.
Leadership and Management Services Division Mission	Support the Santa Clara community through strategic planning, day-to-day oversight of operations, policy development, and fiscal planning. This Division also leads economic development, organizational development, community outreach and engagement, and the implementation of key policies and programs.
Division Objectives	Implement Council direction while overseeing City operations and department resources, economic development, management of City-owned properties, and the development and implementation of key policies.
	Plan and execute highly complex, citywide projects while strategically developing a more effective and efficient organization.
	Enhance the City's community outreach and engagement efforts by updating the City's communications plan and informing residents and businesses about issues through press releases, Community Letters, the City Hall News online, Inside Santa Clara (the City newspaper for residents and businesses), the City's website and social media channels.

Significant Accomplishments

City Council Support

- Coordinated the preparation and timely distribution of meeting agendas, Council briefings and the day-to-day operations of the Mayor and Council office.
- Facilitated and staffed the transition to hybrid/in-person City Council and Planning Commission meetings.
- Guided the transition back to in-person/hybrid boards and commission meetings in alignment with new noticing and legislative body requirements.
- Provided communications support for City Council and staff for State of the City, community events, groundbreaking and ribbon cutting events and speaking engagements.
- Hosted first in-person State of the City event after two years of virtual events due to the pandemic, where community awards from all districts were highlighted via prerecorded video and integrated into the multimedia presentation; the event was recorded and subsequently shared via social media and City News.

Leadership and Management

- Successfully led organization through leadership transitions while challenging the organization to maintain high-quality, cost effective services responsive to the needs of Santa Clara residents in alignment with Council priorities.
- Worked with City departments to implement a three-prong budget balancing approach of cost containment, new revenues and the use of reserves to address a significant structural budget deficit while minimizing impacts to front-line public services.
- Coordinated efforts across City departments to process over 32,000 Public Records Act requests during FY 2021/22 and approximately 22,000 requests in FY 2022/23.

Community Outreach and Engagement

- Migrated the City's bi-annual newspaper, "Inside Santa Clara" to a digital format, with printed copies available at City facilities, resulting in annual budgetary savings of approximately \$90,000 and aligning with environmental sustainability goals and mandates by saving over one million sheets of paper per year.
- Launched a new redesign for "City Hall News" in February 2022, including Mayor and Council District messages (when available) to provide Citywide and district-specific news and updates to the community.
- Maintained a robust presence on social media through Instagram, Twitter, Facebook, Nextdoor, and LinkedIn.
- Developed, designed, and facilitated mailers and utility bill insert content to keep the community apprised of special events, initiatives, and community meetings.
- Developed a series of video messages from the City Council on cultural and holiday events including Eid al-Fitr, Kwanzaa, 4th of July, Black History Month, Diwali and more.
- Collaborated with Water & Sewer Utilities on a "Save Our Water" campaign to educate the public on ways to conserve water during periods of prolonged drought and how to develop a "Water Conservation Mindset" to face future challenges.
- Conducted a robust community outreach effort with business and community leaders to discuss possible revenue measures for the November 2022 election. Efforts included a community survey, focus groups, dedicated webpage, direct mail and community presentations. Voters approved Measure G by over 84% (5% Utility transfer) and Measure H (Business License Tax Update) by 60% on the November 2022 ballot.
- Facilitated Council and community discussion regarding high-profile projects such as the acquisition of 1601 Civic Center Drive for parkland and the operations of the BMX park.

- Developed and produced high-quality videos for City departments, including officer profiles for SCPD's recruiting website, a featurette on Mission City Memorial Park, a Sneak Peek at Raymond G. Gamma Dog Park, Mayor@Noon and highlight videos of special events (Annual Tree Lighting, LGBTQ+ Flag Raising).
- Responded to over 200 media inquiries annually.

Special Projects

- Led efforts to prepare the City's FY 2021/22 Community Project Funding request application that resulted in the award of \$2.725 million in funding for the De La Cruz Blvd, Lick Mill Blvd, and Scott Blvd Bicycle Projects with Representative Ro Khanna's recommendation. The projects will enhance safety, improve mobility, reduce vehicle emissions, and connect local residential communities, schools, libraries, and major employers within Silicon Valley.
- Led efforts to prepare the City's FY 2022/23 Community Project Funding request application that resulted in the award of \$3 million in funding for the Anna Drive Neighborhood Flood Protection Project based on Representative Ro Khanna's submittal and \$500,000 in funding for the Fire Station Microgrid Project based on Senators Dianne Feinstein and Alex Padilla's submittals. The Anna Drive Neighborhood Flood Protection will benefit and provide flood protection to hundreds of residents and businesses. The Fire Station Microgrid Project will accelerate microgrid technologies that provide community benefits through decarbonization and climate resiliency.
- Coordinated the City's FY 2023/23 State Budget funding request which resulted in the award of \$800,000 for the Magical Bridge All-Inclusive Playground based on Assembly Member Alex Lee's submittal.
- Renegotiated Memorandum of Understanding with the Santa Clara Unified School District for the continued use and operation of the Youth Activity Center, Teen Center and Skate Park on the Cabrillo Middle School Campus.

COVID-19 Response and Relief Efforts

- Distributed regular COVID-19 updates to the community with the latest information on the COVID-19 pandemic as well as the City's response efforts.
- Maintained the drive-through window at City Hall for safe, in person utility bill payment, and other financial transactions.
- Incrementally increased City services to provide "in-person" beginning in July 2021 up to five days a week.
- Terminated the City Proclamation of Emergency for COVID-19 on February 7, 2023.

Significant Objectives

City Council Support

- The City Manager's Office will provide strategic leadership, policy analysis, and communications in support of Council priorities.
- The City Manager's Office will facilitate and support a mix of in-person and virtual meetings including the coordination of policy priority setting initiatives.
- The City Manager's Office will plan, coordinate and oversee the operations of the Mayor and Council office staff including the coordination of timely responses to Council and constituent inquiries.
- The City Manager's Office will provide staff and communications support for the State of the City, community events, groundbreaking/ribbon cutting events and speaking engagements.

Leadership and Management

- The City Manager's office will maintain excellence in the City's service delivery by helping to resolve complex administrative matters in support of Council priorities and the day-to-day operations of City Departments.
- The City Manager's office will strive to maintain effective working relationships with stakeholders and community partners to advance the best interests of the City.
- The City Manager's office will develop and oversee strategies to enhance civic engagement using a range of social media and other platforms to promote inclusion and diversity of thought in the development of public policy initiatives.
- The City Manager's Office will continue efforts to mitigate deficits projected in the City's Ten-Year General Fund Financial Forecast through development of revenue strategies, implementation of alternative service delivery models and expenditure reductions.
- As required by the California Public Records Act, the City Manager's office will continue to develop and implement strategies to address the increasing volume of public records requests in a manner that is both timely and responsive with the goal of enhancing public transparency while balancing City resources.

Legislative Advocacy

- The City Manager's Office will assist departments in identifying and pursuing federal and State funding opportunities for key City projects in coordination with the City's legislative consultant.
- The City Manager's Office will continue to build intergovernmental relations and promote a strong, effective advocacy voice for State and federal legislation that will benefit the City.

Community Outreach and Engagement

- The City Manager's Office will develop, execute and lead the City's external and internal communications and outreach strategy using a broad range of communications channels and Citywide communications initiatives.
- The City Manager's Office will continue to manage City's Customer Relationship Management System, MySantaClara, to provide a more effective and user-friendly experience to Santa Clara residents, businesses, and visitors.
- The City Manager's office will act as a City liaison to, and coordinate with, various community groups, non-profit organizations and intergovernmental partners to address the needs of Santa Clara residents.

Special Projects

- The City Manager's Office will continue to work with various stakeholders to advance the land use planning and development of Santa Clara's downtown.
- The City Manager's Office will continue to work with regional partners to develop and implement goals and measures that reduce aircraft noise.
- The City Manager's Office will continue to work with stakeholders to advance economic development efforts to promote Santa Clara tourism and businesses.
- The City Manager's office will continue to work with local schools and community partners to leverage community assets and enhance the educational, recreational and social outcomes of students and the most vulnerable of Santa Clara residents.
- Allocate financial resources to acquire software that will improve staff's document review process for Public Records Act requests.

Budget Highlights

- Recommends a carefully balanced FY 2023/24 and 2024/25 Biennial Operating Budget that reflects the City Council priorities and continues to build on the foundation of financial sustainability.
- With a combination of strategies to address the General Fund shortfall, the budget balances the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community, including freezing 1.0 FTE Assistant City Manager position; this is in addition to the 1.0 Assistant City Manager and 1.0 Senior Management Analyst positions that were frozen as part of the last operating budget cycle.

**The positions above represent all funded positions. This excludes the 1.0 Assistant City Manager position that was frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402), and 1.0 Senior Management Analyst position that the City Council approved to freeze on September 28, 2021 (Report to Council 21-1299). The position count also excludes 1.0 Assistant City Manager position that is proposed to be frozen for FY 2023/24 and FY 2024/25.*

Budget Summary

Program:	1021 – Policy Support for Decision Making 1031 – Day to Day Operations 1032 – Strategic Planning 1033 – Community Outreach & Engagement				

This proposal freezes 1.0 vacant Assistant City Manager position. This position was intended to provide overall responsibility for City real estate and transactional matters (including Stadium, Related Santa Clara and Successor Agency properties) and Convention Center and Destination Marketing Organization organizational and operational matters. It was also anticipated that this position would support the development and implementation of economic development program and policy work such as local minimum wage, worker retention, worker recall, smoking/tobacco policies, regulations, worker cooperative, small business grants, cannabis regulations and food delivery fees. As a staff lead, efforts on broad policy and special initiatives were reported out to the Council's Economic Development, Communications, and Marketing Committee.

Performance Impact

The previous incumbent retired from the City in October 2021 and has since come back in an as-needed capacity to assist on a limited scope of overall responsibilities of the vacated Assistant City Manager position. While some gaps have been bridged in terms of services and duties, as-needed work hours are limited resulting in some duties being absorbed by other staff in other City departments and other duties are yet to be fully reassigned.

⁶ Staff time is required to facilitate the grant award, as such this measure definition was edited to specify the 30 days as 30 business days.

⁷ This was revised to include Parade of Champions and Showtime in addition to Community Grant Program awards.

⁸ For FY 2022/23, the number was zero due to a shortage in staff resources. This activity will resume during the next budget cycle; however, at a lower rate.

⁹ Santa Clara Source was discontinued in 2021. The need for videos increased during COVID, but now that we are back in person, the need has shifted.

Community Development Department

This page is intentionally left blank.

Community Development Department Description

The Department consists of three divisions: Planning, Building, and Housing and Community Services. The Director, Assistant Director and a Management Analyst support the activities of the Department as a whole. The Department's primary purpose is to guide the ongoing physical development of the community, which includes long range land use planning, review of new development proposals and construction to ensure that it conforms to the standards of the City and State and the provision of affordable housing within the City of Santa Clara. The Department acts as an advisor to the City's decision-makers in these areas and carries out the policies of the City Council. Santa Clara's policies and standards are contained in the General Plan, Zoning Ordinance, California Building Codes and adopted City Council policies. Plans for all new structures are reviewed and construction inspections are made to verify the safety and basic quality of work. Maintenance of the City's General Plan, proactive land use planning to meet the future needs of the community, and the delivery of high-quality professional services, including the enhancement and streamlining of the development permit process, and forging partnerships to provide housing services to lower income members of the community are primary objectives of the Department.

Divisions and Services

The Community Development Department is organized into three Divisions: Planning, Building, and Housing and Community Services.

<p>Housing and Community Services Division Mission</p>	<p>The Housing and Community Services Division administers the City's federal Community Development Block Grant (CDBG) and HOME Investment Partnerships Act Program (HOME) entitlement grant programs. The federal entitlement grants are used to promote affordable housing, rehabilitate substandard housing, provide neighborhood improvements and remove barriers to persons with disabilities, and fund public services for low- and moderate-income residents. Additionally, the Housing and Community Services Division administers the City's inclusionary housing program, which requires that a percentage of new development units be dedicated to low and moderate-income residents. Also, the Housing Division continues to manage its Redevelopment Agency legacy assets which include land and cash available for development, loans to first-time homebuyers, and other new affordable development projects.</p>
<p>Division Objectives</p>	<p>Complete an Annual Action Plan and administer grants using federal funding received by the City. The plan identifies community development and affordable housing needs and determines activities to be implemented that will assist low- and moderate-income people and prevent homelessness.</p> <p>Administer our two core federally funded programs: Tenant Based Rental Assistance (TBRA) and Neighborhood Conservation and Improvement Program (NCIP) and partner with the County on State Permanent Local Housing Allocation (PLHA) funding implementation.</p> <p>Complete in a timely fashion those budgeted capital improvement projects receiving funds from the federal CDBG Program and HOME Investment Partnership Act Program.</p> <p>Achieve the community service goals required of City-funded public service agencies.</p>

	<p>Encourage and finance the construction and maintenance of housing affordable to lower- and moderate-income households utilizing the revenues from the following three housing funds: Housing Successor, City Affordable Housing and Housing Authority. Provide opportunities for affordable home ownership to moderate-income households. Implement the City's inclusionary housing policy, which requires 15% of all new residential developments be set-aside for a mix of very low, low, and moderate-income households.</p>
Building Division Mission	<p>To provide high quality and efficient services for the design, construction, use, occupancy, and maintenance of all buildings and structures in order to safeguard the public health, safety and general welfare in the built environment.</p>
Division Objectives	<p>Provide excellent customer service and efficient plan review and permitting services at the Permit Center via walk in over the counter or through the online permit system.</p> <p>Provide effective, reliable field inspection services for the community by ensuring Building Code safety regulations are met during construction and code enforcement concerns.</p> <p>Continue streamlining the building permit process through new technologies and the internet. Continue improving and enhancing the permit information system to expand utilization to its fullest potential.</p> <p>Continue to improve customer satisfaction by providing more staff and new innovative software to better assist Permit Center visitors.</p> <p>Apply and implement new building codes and new State legislation.</p> <p>Continue to coordinate plan checks and inspections statuses of the four development functions: Building, Fire Prevention, Planning and Public Works/Engineering.</p>
Planning Division Mission	<p>To enhance the community's safety, welfare, quality of life, and economic opportunities by providing advanced planning and development review services.</p>
Division Objectives	<p>Review proposed development projects for consistency with City policies, ensure compliance with the California Environmental Quality Act (CEQA), and confirm construction complies with development approvals.</p> <p>Continue streamlining the development process and facilitate public access to information through new technologies and the internet.</p> <p>Prepare and implement long range plans; in coordination with consultants, update the Zoning Ordinance, prepare the Downtown Precise Plan and Form Based Zoning Code and the El Camino Real and Santa Clara Station Area Specific Plans.</p> <p>Support the City's historic preservation efforts, provide code enforcement to respond to community concerns, implement the Climate Action Plan, and work with the Valley Transportation Authority (VTA) on planning for transit services.</p> <p>Provide support for CEQA/National Environmental Policy Act (NEPA) review of City capital, affordable housing, and other public projects.</p>

Significant Accomplishments

- City approved Santa Clara's Draft 2023-2031 Housing Element that was also previously submitted in a timely manner to the California Department of Housing and Community Development (HCD) for review.
- Adopted the Patrick Henry Drive Specific Plan to implement the City's General Plan goals and policies for the area by providing detailed guidance for future land uses and urban design elements to accommodate new residential dwelling units, office space and other new neighborhood-serving retail and public facilities.
- Adopted the Climate Action Plan Update (CAP) that sets new targets for reaching aggressive emissions reductions. Subsequently, staff has created a CAP checklist for the applicants to track and implement CAP Targets.
- Adopted the Freedom Circle Focus Area as a part of the City's General Plan for future growth and which establishes the future capacity and an overall vision for a new, high-density mixed-use community.
- Posted the Downtown Precise Plan and Form Based Zoning Code Review Drafts for public review.
- Planning Division Code Enforcement staff proactively performed code enforcement efforts in the Mission Town neighborhood to improve the quality of life for the residents through effective community outreach and abatement of graffiti, trash, and inoperable vehicles. Staff also worked diligently to address issues with vacant properties along El Camino Real. Properties were cleared of trash and junk cars, buildings were secured, and numerous illicit and unpermitted advertising signs that plagued the boulevard were addressed.
- Kifer I (Calabazas Apartments) and St. Anton Apartments were completed & Kifer II Senior, Agrihood, and Monroe Apartments are under construction. These projects will create 646 new affordable housing opportunities.
- Invested approximately \$1.5 million in the City's Neighborhood Conservation and Improvement Program (NCIP) and minor repair programs.
- Invested approximately \$2.0 million in the City's Tenant Based Rental Assistance Programs and convened a Homelessness Taskforce.
- Assisted four families in purchasing Below Market Purchase homes, approximately 2,450 residents through public service programs, and 35 homeless or at-risk Santa Clara residents through the County's Supportive Housing Case Management Program.
- Emergency Rental Assistance: 261 households (approximately 780 people) received assistance through the City's Emergency Rental Assistance Program (ERAP) using \$600K of CDBG funds and over \$580K CDBG-CV funds.
- Implemented innovative customer software program to enable virtual, over the counter, phone call appointments and services which alleviate uncertainty with wait times and provide customers with important informational updates.
- Implemented mass communication tools (Gov Delivery) to provide general information to the community and its customers such as the 2022 CA Building Code Adoption and Reach Codes.
- Fiscal Year 2021/22 data shows accomplishments in various Building Division areas including the Permit Center, Plan Review, Inspections and Administrative team:
 - Number of permits under review: 1,008 records
 - Number of issued permits: 1,634 records
 - Number of inspections performed: 45,354
 - Number of finalized permits: 3,029 records
 - Number of housing units under review or construction: 3,276 units (23 Single Family + 136 Accessory Dwelling Units (ADU) + 3117 Multifamily)
 - Total square footage of nonresidential development under review or construction: 5,507,529 sf
 - Number of PRAs processed: 307

- Received and responded to 18,593 emails and 16,548 phone calls to Admin and Permit Tech teams
- Created virtual over-the-counter plan review process to help expedite plan review time for projects with smaller scopes.
- Created handouts and process to help guide the public and internal staff in understanding Reach Code All-Electric related regulations.
- Created Electronic Plan submittal guide to help with plan submittal quality and consistency.
- Staff put forth tremendous effort to do a comprehensive update for all customer handouts and guides on the Building Division website, ensuring the community has access to only the most current code regulations.

Significant Objectives

- Continue to engage with the Santa Clara community to inform and involve community members in both long-range and current land use planning activities.
- Enhance economic development by meeting service demands; providing more timely development review and permit processing timeframes and inspections; keeping critical services in-house; providing consistency and continuity; and staying current with technology.
- Complete significant advanced planning efforts, including the Zoning Ordinance update, Housing Element Update, Tasman East Area Plan Amendments, Downtown Precise Plan and Form-Based Zoning Code, El Camino Real Specific Plan revisions, and Santa Clara Station Area Specific Plan.
- Continue to implement the permit system replacement to streamline permit processes with online, electronic access, and integration with a geographic information system.
- Work to expand the affordable housing pipeline, execute Disposition and Development Agreements and loan closings for the current pipeline.
- Continue to administer the Below Market Rental Program (BMR) and Below Market Purchase Program (BMP).
- Develop and implement policies and programs to reduce displacement and homelessness .
- Continue to work towards full cost recovery model by increasing staff size to meet work volume.
- Develop and expand organizational structure by creating more attainable entry level positions in plan review and inspection programs which will also result in more balanced distribution of workload.
- Increase customer satisfaction levels by providing responses for Permit Center within one to two days.
- Increase customer satisfaction levels by providing appointments for inspections within one to two days.
- Complete release of 'Simple Permit' online services so customers can achieve permit issuance for routine construction activity in a more streamlined, expeditious manner.
- Provide more user-friendly online portal services by implementing OpenCities, a new website service which enables customers to navigate permit and fee processes much more easily and efficiently.
- Implement new customer relationship management software, QMatic, to provide customers with more visibility about Permit Center wait times, options for booking appointments as well as providing staff with accurate, reliable performance measure data about customer activity.
- Continue to improve upon data accuracy and reporting measures for state and county agencies by furthering knowledge and use of Accela Permit Information system's reporting capabilities while also continuing to provide assistance to other departments' requests for data.
- Create regular checks and balances to manage the budget, ensuring that staff size is proportionately aligned with available funds.
- Align the Division's consultant agreements by creating new agreements with updated terms and funding so effective

dates and end of term dates are in sync, which will result in easier, clearer tracking in contract management.

Budget Highlights

- The Proposed Budget includes the following budget actions to more appropriately align position funding to the work performed and to help address the General Fund shortfall:
 - Shift the funding source for 1.0 Senior Planner from the General Fund to the Advanced Planning Fee Reserve
 - Shift the funding source for 0.25 Associate Planner from the General Fund to the Building Development Services Fund
- Significant resources are recommended to support the Building Division to help address current pace of development activity in the City:
 - One-time funding of \$0.3 million for various software and hardware upgrades to enhance customer service and gain efficiencies for inspection staff
 - Addition of the following positions in FY 2024/25:
 - 1.0 Office Specialist II
 - 1.0 Office Specialist III
 - 1.0 Office Specialist IV
 - 1.0 Permit Technician

**The positions above represent all funded positions. This excludes the 1.0 Associate Planner and 0.75 Office Specialist II positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402). The positions also exclude 1.0 Senior Inspector that was originally funded by Related but is frozen beginning FY 2023/24 until funding is confirmed. The positions above also include the 4.0 positions recommended in FY 2024/25 as part of this Proposed Budget.*

Program: 5532 – Plan Review and Permit Services
5533 – Field Inspection

This proposal adds \$0.3 million in one-time funding for various software and hardware improvements and additions. The Building Division is planning to use this funding for improvements to the City's current online permitting portal. The Division submitted a survey to customers rating their experience using the online portal, resulting in an average customer rating of 5/10. This funding would allow for the Division to purchase a content management system or receive professional services to implement custom scripts to enhance the ease of use of the permitting online portal.

Additionally, the Division is seeking a queue management system. The Division continues to see increasing levels of demand, resulting in longer wait times when customers come into City Hall. A queue management system would allow for customers to join the queue virtually and come into City Hall when their time has arrived, providing much more flexibility for customers. The system would also integrate with the Division's current appointment booking portal and would enable a seamless, self-help web portal to schedule appointments, check-in for walk up services, and reschedule their place in the queue.

Funding is also planned to be used for new software and hardware for the Inspections team. Inspections are a critical service for residents and customers and providing the staff with modern technology and tools will create efficiencies and improve functionality.

The Building Division is also planning for a cloud-based Contact Center as a Service (CCaaS). The Building Division handles thousands of phone calls with only a handful of staff at any given time to provide the high-level customer service our community expects. With an influx of calls, it becomes difficult to answer the volume, provide consistent answers, and dive deep into trends and data that could enable better customer service. A CCaaS would allow for automation of call routing and provide customers with flexibility on how they prefer to be contacted.

Performance Impact

The Building Division has experienced an incredibly high level of activity in recent years and these various system enhancements would allow for an overall better customer experience, including more scheduling flexibility and better response times. This would also provide current staff with tools to be more efficient with inspection reporting.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Building Division Administrative Staffing	3.00	0	0	0	516,417

Program: 5532 – Plan Review and Permit Services

This proposal adds 1.0 Office Specialist II, 1.0 Office Specialist III and 1.0 Office Specialist IV to the administrative team within the Building Division in FY 2024/25. The administrative team is staffed with seven full time employees and eight as-needed employees. The Office Specialist IV is intended to act as a supervisor across the administrative team, with the Office Specialist III serving in a senior lead capacity to the team, with emphasis on training. The Office Specialist II will provide support across all administrative tasks including business correspondence, scheduling inspections, customer service, and payroll duties.

Performance Impact

The Department anticipates that adding these 3.0 positions will increase efficiencies across the administrative team and streamline processes.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Building Division Permit Center Staffing	1.00	0	0	0	177,819

Program: 5532 – Plan Review and Permit Services

This proposal adds 1.0 Permit Technician to the Permit Center within the Building Division in FY 2024/25. The Permit Center handles all permit application submittals and collection of fee revenue. Over the years, the Permit Center's activity level and workload have consistently increased and are continuing to increase. The Permit Center is currently staffed with nine full time positions. This staffing level has proven to be insufficient, given the higher activity levels and the changing expectations of the customers served. The Division's targeted response time is one to three business days for all services; however, the current turnaround time to process new applications and issue permits is one to two weeks. Currently, the Division is augmenting this workgroup to maintain reasonable processing and response times for the average of 700 emails and 500 phone calls received, in addition to the hundreds of permit applications and resubmittals are processed on a weekly basis.

Performance Impact

This position will provide the additional capacity needed for the Permit Center to maintain our processing and response time goals without pulling administrative staff from their important responsibilities.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Funding Shift of Associate Planner	0.00	0	0	0	0

Program: 5532 – Plan Review and Permit Services

This proposal shifts the funding of 0.25 FTE of an Associate Planner position from the General Fund to the Building Development Services Fund. Currently, the Building Division has 1.0 Associate Planner completing conformance review. As the workload continues to increase in the Building Division, the Department has determined that there is the need for additional capacity to complete these types of reviews. This funding shift is anticipated to result in General Fund savings of approximately \$56,004.

Performance Impact

This funding shift will increase support in the Building Division, which has faced high volumes of activity in the past several years.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Funding Shift of Senior Planner	0.00	0	0	0	0

Program: 5522 – Development Review
5523 – Advanced Planning

The Planning Division has 1.0 Senior Planner position that is funded by the General Fund. This proposal changes the funding source of this position to be fully funded by the Advanced Planning Fee Reserve. The change in funding source will result in approximately \$230,400 in General Fund savings. The change in funding for this position will result in less capacity in the general Planning program and more capacity in long-range planning.

Performance Impact

The Department expects this shift to result in increased processing and review times of Planning permit applications as well as longer response times to general inquiries. However, with this funding shift, the Department anticipates higher staff capacity to review and work on long-range planning projects, including various City Council requests.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

Performance and Workload Measures

Planning Division							
Performance Measures							
	Strategic Pillar	2020/21 Actual	2021/22 Actual	2022/23 Target	2022/23 Estimate	2023/24 Target	2024/25 Target
Complete Project Clearance Committee (PCC) Review within 30 days of application submittal and fees fully paid – <i>Modified for FY 2023/24</i>		N/A	N/A	90%	90%	90%	90%

Number of Moderate Household Income (80% to 120% of AMI)		80	14	22	60	110	110

Electric Utility Department

This page is intentionally left blank.

Electric Utility Department – Silicon Valley Power (SVP) Description

Since 1896, Silicon Valley Power (SVP) has provided electricity for residents and businesses in Santa Clara. The Electric Department has a budgeted staff of 222 employees who provide diverse services such as operating, maintaining and dispatching electric service including power plants, substations, transmission and distribution lines; engineering; system planning; administrative and financial management; marketing; customer services; power trading; outdoor Wi-Fi services; and dark fiber leasing services. All of these critical services work together to make SVP successful for the City and its businesses and residents.

Divisions and Services

Functionally, SVP is organized into four Divisions: Administrative & Business Services; Customer Development and Project Management; Resource Planning and Engagement; and Utility Operations. For budget tracking purposes, SVP has one additional division, Revenue and Resources. Beginning in FY 2023/24, the Administrative Services and the Business Services Divisions were combined into one division to better reflect the organizational structure.

Administrative & Business Services Division Mission	Plan, develop, coordinate and support the administrative activities of the Department and fiduciary responsibility for the benefit and safety of the community and the employees.
Division Objectives	Develop plans using the Strategic Plan to achieve goals and objectives of the City of Santa Clara.
	Develop staff training plans to meet the growth opportunities within the City.
	Manage budget, contracts, payments, debt and maintain fiduciary controls to maintain financial health.
Customer Development and Project Management Division Mission	Be an agile and trusted partner in connecting our customers and leveraging SVP fiber optic and technology assets. Focus on execution to complete new capital investments for increased infrastructure, substations and system capacity expansion.
Division Objectives	Enhance SVP's collaboration and connection with our customers and stakeholders leveraging transmission and distribution planning to facilitate electrification and decarbonization goals.
	Enhance data driven decision making to innovate, design and develop plans to optimize and expand the utility's physical assets. Maintain and update engineering design standards with GIS based maps and readily available digitized as-builts.
	Focus on our core work and electric utility capital improvement projects with program management to streamline processes, remove barriers and lower our costs.

Resource Planning and Engagement Division Mission	Retain and attract customers to the Santa Clara electric system by supporting environmental improvement programs, customer services, and implementing a sound marketing and communication strategy to accomplish the goals of the City. Manage the adequacy and cost of fuel and electric resources in a competitive market.
Division Objectives	<p>Ensure adequate generation resources for reliable, economically competitive services to all SVP customers and meet all State and federal reliability and environmental compliance requirements.</p> <p>Optimize value of assets through power trading and scheduling and procure cost-competitive fuel resources for power production.</p> <p>Actively seek understanding of customers' valuation of energy service needs and amend the marketing plan as necessary to meet the needs of a dynamic marketplace, including technologies responsive to customer needs.</p> <p>Work with other public power agency partners to explore new generation and transmission resources to service growing sales and reduce SVP's risks and average costs.</p>
Revenue and Resources Division Mission	Provide centralized location to receive revenue and monitor expenses for resource and production to procure energy.
Division Objectives	<p>Manage all Joint Powers Authorities (JPA) costs.</p> <p>Record and receive revenue.</p>
Utility Operations Division Mission	Provide safe and reliable electrical energy to the City of Santa Clara by maintaining and enhancing infrastructure to meet energy demands for our customers.
Division Objectives	<p>Maintain continuous efforts to improve system reliability by targeting system improvements, through scheduled maintenance of equipment according to its useful life cycle, and ongoing inspections.</p> <p>Strengthen the system through improved design, research of new technologies and systems, and implementation of new system and equipment.</p> <p>Maintain safety at the highest priority and a culture of compliance with all regulatory requirements.</p>

Significant Accomplishments

- Launched an energy education program for fourth graders in FY 2021/22, which served 8 schools and 15 classes (a total of 462 students enrolled in the first year).
- Launched a hands-on induction cooking demonstration and education program in partnership with Santa Clara Unified School District Adult Education Program. Offered one class per month with 80-100% enrollment in each class.
- Launched the online SVP Marketplace for energy efficient products and electric yard care equipment with instant rebates including higher incentives for income-qualified customers.
- Received the CMUA 2021 Resource Efficiency and Community Service Award for SVP's Energy Efficiency Grants for Small Businesses impacted by COVID-19.
- Enrolled five customers in the Demand Side Grid Stability program. These customers assist in stabilizing the grid by shedding load during high peak demand periods.
- Launched a new Large Customer Renewable Energy (LCRE) Program with two options. Option A - SVP procures renewables in excess of the Renewable Portfolio Standard requirements for the customer, and option B - Bringing the customers' owned renewables into SVP to feed the customer facilities. Completed the retirement of the residential Green Power program and initiated retirement of the commercial Green Power program.
- Developed a CIP Dashboard for new development projects to better manage and monitor capital project status.
- Completed 83.14 miles of new dark fiber connections to six electric sites, eight water and sewer sites, seven stormwater sites, one Santa Clara Unified School District site, and one smart park supporting the communications needs of key City services, and added 31.36 miles for external customers.
- Rolled out SVP Fiber standards and a fiber task template for new and rebuilt substations.
- Expanded the SVP Fiber network by adding a new data center connection point. This provided a new opportunity for SVP Fiber to better support dark fiber lease customers' business needs and attract new business.
- Expanded City-owned Electric Vehicle Supply Equipment (EVSE) infrastructure - installed Level 2 Electric Vehicle (EV) chargers for public and City fleet use.
- As part of fleet electrification program, replaced old combustion vehicles with all-electric vehicles for Police, Fire, Public Works, and other City departments. In FY 2021/22, 46 all-electric vehicles and electric forklifts were purchased.
- Continued the California Electric Vehicle Incentive Program (CALeVIP Program) with \$8 million dollars earmarked over 4 years: EV charger rebates for commercial & multifamily properties and technical assistance resulting in three (3) applications with 16 connectors installed and \$498,515 rebate funds issued, of which \$40,000 has gone to the disadvantaged community (DAC) identified areas in Santa Clara; two (2) projects have received a milestone payment and are still under construction with \$414,515 funds issued; twelve (12) applications have funds reserved (\$3,924,000).
- Launched new EV Charging Technical Assistance Program for multifamily and businesses customers and hosted three (3) educational webinars focused on EV charging for multifamily properties and EV charging for businesses.
- Transferred mandated funds for the California Clean Fuel Rewards (CCFR) resulting in 1,929 rebates totaling over \$1.8 million to customers between July 2021 through April 2023.
- Successfully completed 2021 and 2022 National Electric Reliability Company (NERC) annual paper audits (Self-Certifications).
- Managed utilities' response to COVID-19 by implementing recommended protocols, providing training and helped organized first round of vaccines for critical staff.
- Worked with SVP Safety Committee to create an online anonymous safety suggestion portal and created magnet QR codes to Hazardous Materials Safety Data Sheets for easier access by employees.
- Reduced downtime between system failures for replacement of gatekeeper, a device used to pull meter data from the field back into the Advanced Metering Infrastructure (AMI) system for billing purpose, from several days to less than a

day on average.

- Prevented an average of over 10,000 penetration attempts per hour throughout the year. Made early discovery of City information being made available on Darknet and notified appropriate authorities prior to major risk.
- Executed and commenced South Feather Water and Power Agency Power Purchase Agreement (PPA), Aquamarine Solar PPA; and Camp Far West PPA with a capacity 78.0MW, 75.0MW, and 6.8MW respectively to meet clean energy goals.
- Obtained a 50-year hydro license issued by Federal Energy Regulatory Commission (FERC) for the Bucks Creek project which includes the Grizzly Powerhouse.
- Created a curtailment-tracking tool for SVP's renewable resources, aiming to improve SVP's trading floor's management of contractual limits so that staff can make changes to bidding strategy if needed.
- Completed the SVP System Expansion Plan for CAISO Transmission Planning Process for FY 2023/24 to project SVP's load growth over the next decade for inclusion in the CAISO modeling.
- Established SVP Project Management Office to implement an integrated strategy for the planning, design, construction, and commissioning of the Kifer Receiving Station (KRS) and Scott Receiving Station (SRS), nine (9) substations, and related 60KV transmission line improvements in the next five years.
- Completed field audit of internal documentation of Bulk Electric System (BES) and 60kV assets in support of NERC FAC-008 program to better manage assets conditions and further increase system reliability.
- Completed communication upgrade between Orland Junction and Black Butte, resolving a long-standing leased line reliability issue and Phase 1 of substation control and communication system replacement.
- Completed digital scanning of 1,500 drawings for system expansion projects at Northern Receiving Station (NRS), SRS and KRS to facilitate engineers' review and increase efficiency.
- Completed PG&E projects including: CalTrain at KRS 115kV for the PG&E KRS-FMC line and Los Esteros Shunt Reactor 230kV Bus Differential Protection Upgrade.
- Completed Statement of Qualifications (SOQ's) for critical substation services including electric equipment repair, maintenance, and testing and electric utility engineering services to allow contracts with consultants to support communication, protection, and power quality engineering.
- Improved efficiency and effectiveness of the Job Hazard Analysis Program.
- Performed more than 35 switchgear major maintenance activities for customers.
- Implemented Lucy system for work order and centralized and digitized asset record management, facilitating availability of equipment operation/maintenance records for all stakeholders at any location and improving workflow efficiency, and equipment performance assessments.
- Implemented substation preventative programs including: on-line monitoring of Transformer Dissolved Gas Analysis (DGA) units, including real-time remote monitoring capability; quarterly Heating, Ventilation, and Air Conditioning (HVAC) maintenance program; monthly weed abatement program; and increased frequency of equipment health monitoring program.
- Integrated substation inventory into the City's inventory system, reducing the amount of time substation personnel spend on procuring proprietary substation inventory, and avoiding delays in repairs due to lead-time to procure product.
- Completed underground projects with multiple pad mount switches and transformers for Santa Clara Square and Lawrence Station ahead of customer schedule.
- Completed 124 estimates for new business; completed 18 estimates for the upgrade or installation of new conductors, transformers, and switches; completed 512 maintenance work orders for pole, crossarm, transformer, and switch repair or replacement to improve reliability.
- Phase 2 deployment of EV infrastructure has been constructed (35 connections) at primary City fleet locations including Parks Service Center, Utilities Operation Center, Public Works Corporation Yard and the Police Building.

Significant Objectives

- Complete SVP System Expansion Plan Report Transmission Planning Process FY2024/25 with discrete short- and long-term plans to meet 1,100 MW peak system demand to accommodate 20% increase in electric system load growth in the next ten years.
- Continue monthly engagement on the CAISO planning process so that direction is provided to Pacific Gas & Electric to develop and construct projects to increase bulk electric system transmission capacity to serve Santa Clara's electric load growth.
- Initiate SVP's 50 MW Kifer Battery Energy Storage System Project (BESS) located on City-owned property next to the DVR power plant. The project will provide multiple benefits in serving peak loads, increase the use of renewable energy and improve system resiliency. The project has a goal of commercial operation in mid-2025 and will include an Energy Storage and Lease Agreement.
- Proactively maintain SVP's fleet of turbines and generators according to Original Equipment Manufacturer (OEM) recommendations.
- Provide leadership to support the department's resources by implementing staff development and succession planning to develop skills and enhance knowledge.
- Provide construction and commissioning support of multiple substation construction projects.
- Develop communications design standards for use in Substations.
- Provide enhanced vegetation management and maintenance of transmission lines in the City of Santa Clara and remote locations, including Glenn and Tehama Counties.
- Test and perform preventative maintenance on 1,000 protection relays.
- Identify and execute replacement strategy for the JungleMUX SONET Multiplexer optical network.
- Continue to ensure wholesale trading activities comply with Council-approved policy and regulations, minimize SVP's credit exposure, monitor counterparty credit risk, and ensure compliance with CAISO tariff and regulations.
- Continue to provide energy efficiency education and programs to customers to help them reduce their energy use and lower their electric bills, promote renewable energy options, investigate emerging technologies, and provide assistance to qualified low-income customers to reduce the burden of their electric bills.
- Participate and comply with the California Air Resources Board (CARB) Low Carbon Fuel Standard (LCFS) Program to develop, educate, and foster the adoption of electrification as the transportation fuel.
- Meet state regulatory requirements for renewable resources and carbon reduction targets while keeping SVP cost competitive.

Budget Highlights

- Enhance substation maintenance to support the transition from time-based and reactive maintenance to preventative and predictive maintenance necessary to ensure the reliability of substations as the number of substations increase and related technology implementations advance.
- Augment funding for maintenance of underground systems and tree trimming directed at reducing power distribution system outages. In 2022, this activity resulted in a reduction in outages from 298 outages in 2021, to 135 outages in 2022. This funding will also provide for the purchase of additional inventory and the rental of additional equipment for distribution maintenance programs that will continue to support the reduction of equipment outages.
- Increase funding to support an enhanced preventative maintenance approach at the City's power plants. SVP will continue implementing best in class predictive and preventative maintenance practices throughout the generation fleet including identifying additional equipment for scheduled preventative overhaul. As a result of this enhanced maintenance approach, Generation has achieved a 50% reduction in backlogged work and improved the on-time completion of preventative maintenance activities from less than 20% in FY 2019/20 to over 90% consistently in FY

2020/21 and FY 2021/22. Maintaining in-town generation assets in peak operating condition both reduces costs to the utility and improves reliability during periods of peak demand.

- Add funding for an online training portal software application for Electric Utility Operations staff as a whole, and specifically to provide initial, onboarding, and continuing education requirements for system operators. In addition to delivering self-paced training to employees, this platform will be used to track and support Electric Utility Operations employee's task qualification, training cadence, and skill sets, ensuring that all compliance requirements related to system operations tasks are met by each employee resulting in a consistently trained and highly skilled workforce.
- Support a new customer program to procure Renewable Energy Certificates (RECs) primarily for large customers. This is voluntary program called Large Customer Renewable Energy Program (LCRE) which was approved by City Council on November 16, 2021. This action includes funding for Silicon Valley Power to procure renewable energy in excess of the current Renewable Portfolio Standard (RPS) requirements for customers that subscribe to the LCRE. SVP recovers the cost of the program on the customer's monthly utility bill.
- Expand the electric transportation acceleration initiatives to ensure Santa Clara is an EV Ready Community by 2030. This includes ongoing funding for the Fleet Advisory/Technical Assistance program and educational webinars that target multifamily housing, non-profits and small commercial customers.
- Implement Greenhouse Gas (GHG) programs that could include new solar installations, solar installations combined with battery storage, and solar projects combined with electric vehicle (EV) infrastructure for City facilities and neighborhood school locations. This includes continued program support for DC fast charging infrastructure in combination with potential of an award of \$500,000 through California Energy Commission's EnergIIZE grant funding for fleet infrastructure.

¹ In FY 2023/24, Administrative Services and Business Services Divisions were combined into one Division

² In FY 2023/24, Program 1311 Rates and Budget was renamed to Financial Services

³ In FY 2023/24, Program 1324 Electric Compliance was moved from the Business Services Division to the Utility Operations Division

⁴ In FY 2023/24, Program 1313 Key Accounts was moved from the Customer Development and Project Management to the Resource Planning & Engagement Division

⁵ In FY 2023/24, Program 1317 Fiber Program was moved from the Customer Development and Project Management to the Resource Planning & Engagement Division

⁶ In FY 2023/24, Program 1358 Risk Management was moved from the Business Services Division to the Resource Planning & Engagement Division and was renamed to "Risk Management and Settlements"

⁷ New Program in FY 2023/24

⁸ The Green Power Program was replaced with the Large Customer Renewable Energy (LCRE) Program beginning in January 2023 as described in RTC 21-1487

Substation Maintenance and Outage Response & Repair	0.00	0	2,632,000	0	1,705,000

Program: 1372 – Substation Maintenance

This proposal includes ongoing funding to support the transition from time-based and reactive maintenance to preventative and predictive maintenance necessary to ensure the reliability of substations as the number of substations increase and related technology implementations advance.

This item includes resource augmentation for the routine testing and maintenance of protective relays that is necessary until an appropriate number of in-house relay technicians are hired. The additional resources will provide maintenance and original equipment manufacturer (OEM) support for a variety of real-time maintenance monitoring equipment and software installed for power transformers, circuit breakers, and switchgear; and unplanned critical substation equipment repair.

Performance Impact

Adding outside resources and contracts to support the transition of the substation maintenance program during the rapid substation expansion and technical evolution occurring currently will mitigate reliability and compliance risk by providing additional resources and expertise.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure.

Service Level Changes

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Augment Underground Maintenance and Tree Trimming Services	0.00	0	1,966,000	0	1,910,000

Program: 1376 – Transmission & Distribution

This proposal augments funding for maintenance of underground systems and tree trimming directed at reducing power distribution system outages. In 2022, this activity resulted in a reduction in outages from 298 outages in 2021, to 135 outages in 2022. This funding will provide for the purchase of additional inventory and the rental of additional equipment for distribution maintenance programs that will continue to support the reduction of equipment outages.

Tree-related outages decreased by nearly 50% from 2021 to 2022 (42 outages in 2021 compared to 20 in 2022). This was achieved through analysis and prioritization of systematic trimming and the application of additional resources for the removal of conflicts between tree and overhead distribution lines. This action is anticipated to continue with the following activities: patrolling all distribution circuits maintaining tree/circuit clearances over a 3-year cycle while including adequate resources applied to address emergent tree complaints.

Performance Impact

Adding additional outside resources, additional inventory, and additional equipment will support the downward trend in distribution system outages.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure.

Service Level Changes

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Generation Maintenance	0.00	0	732,000	0	796,000

Program: 1377 – Generation

This proposal increases funding to support an enhanced preventative maintenance approach at the City's power plants. SVP will continue implementing best in class predictive and preventative maintenance practices throughout the generation fleet including identifying additional equipment for scheduled preventative overhaul. As a result of this enhanced maintenance approach, Generation has achieved a 50% reduction in backlogged work and improved the on-time completion of preventative maintenance activities from less than 20% in FY 2019/20 to over 90% consistently in FY 2020/21 and FY 2021/22. Maintaining in-town generation assets in peak operating condition both reduces costs to the utility and improves reliability during periods of peak demand.

Costs of procuring power outside of the City and demand for power inside of the Santa Clara have increased significantly. These activities will increase the availability of SVP's generation fleet, reducing the amount of net market power purchases needed to support SVP's load.

Performance Impact

Increased proactive maintenance activities will ensure the reliability of equipment during critical peak months when SVP relies on City-owned generating assets the most. Increased use of predictive and preventative maintenance strategies will provide for additional long-term reliability improvements, as equipment is monitored and maintained based on data-driven decisions.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure.

Service Level Changes

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Managed Training Portal (Software Application)	0.00	0	290,000	0	290,000

Program: 1362 – Power System Control

This proposal includes funding for an online training portal for Electric Utility Operations staff as a whole, and specifically to provide initial, onboarding, and continuing education requirements for system operators. In addition to delivering self-paced training to employees, this platform will be used to track and support Electric Utility Operations employee's task qualification, training cadence, and skill sets. The platform will also be utilized to ensure that all compliance requirements related to system operations tasks are met per employee. Overall, this portal will facilitate the production of a consistently trained and highly skilled workforce.

Performance Impact

The utilization of this platform will ensure that SVP Utility Operations employees receive a well-managed, consistent, high level of training, conducive to the development of highly qualified and skilled employees.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure.

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Bundled Renewable Energy Certificates (RECs)	0.00	0	750,000	0	1,000,000

Program: 1315 – Large Customer Renewable Energy (LCRE) Program

This proposal includes funding for the voluntary bundled Large Customer Renewable Energy Program (LCRE) program which was approved by City Council on November 16, 2021. The current Green Power program will shift from an unbundled renewable energy credit (REC) program to a voluntary bundled Large Customer Renewable Energy Program (LCRE). This action includes funding for Silicon Valley Power to procure renewable energy in excess of the current Renewable Portfolio Standard (RPS) requirements for customers that subscribe to the LCRE. SVP recovers the cost of the program on the customer's monthly utility bill.

Performance Impact

This program provides a way for the customer to meet their sustainability goals when the Customer's goals are higher than the SVP's current RPS.

Strategic Pillar:  Promote Sustainability and Environmental Protection

Service Level Changes

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Electric Vehicle Programs and Rebates	0.00	0	1,828,000	0	1,728,200

Program: 1319 – SVP Electric Vehicle Program

This proposal includes funding to continue and expand the electric transportation acceleration initiatives to ensure Santa Clara is an EV Ready Community by 2030. This includes ongoing funding for the Fleet Advisory/Technical Assistance program and educational webinars that target multifamily housing, non-profits and small commercial customers. **Residential Program Expansion:** Understanding that not all community members want or have the ability to drive electric, SVP proposes to expand its programs beyond vehicle rebates and proposes to fund programs that support all modes of transportation via a Community Transit Program and an Electric Ride Share Program in partnership with VIA and the City of Cupertino. To support an innovative electric grid, SVP proposes a managed electric vehicle (EV) charging program and an EV Submeter Program. **Business Program Expansion:** SVP plans to continue to provide EV charging infrastructure technical assistance and proposes to expand this assistance by offering Fleet Advisory / Technical Assistance to commercial and industrial customers operating fleets in Santa Clara. SVP also plans to improve its existing multifamily, nonprofit and commercial EV charging rebate program by increasing rebate incentives for level 2 EV chargers and expanding eligible equipment to include level 1 and low-level 2 outlets. **Public Agency Program Expansion:** SVP plans to expand its support of public agencies and the school district by offering an EV School Bus Program and offering subsidized public charging for low-to-moderate income (LMI) customers via a new direct-install program.

Performance Impact

In conjunction with maintaining and expanding existing EV programs such as vehicle rebates, EV charging rebates, and EV charging technical assistance, this funding will expand potential third-party programs. Procuring third-party program administrators and consultants to support staff in this effort will help to address the operational constraints while allowing staff to direct focus on supporting a number of growing initiatives that enhance overall city operations and support the City's Climate Action Plan.

Strategic Pillar:

Promote Sustainability and Environmental Protection

Service Level Changes

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Greenhouse Gas Program Updates	0.00	0	2,650,000	0	3,950,000

Program: 1325 – Greenhouse Gas Program

This proposal includes funding to implement new programs that could include new solar installations, solar installations combined with battery storage, and solar projects combined with electric vehicle (EV) infrastructure for City facilities and neighborhood school locations. This funding includes continued program support for DC fast charging infrastructure in combination with potential of an award of \$500,000 through California Energy Commission's EnergIZE grant funding for fleet infrastructure. This funding also allows for the continued purchase of Zero Emission Vehicles to replace fossil fuel vehicles.

Performance Impact

The deployment of renewables and expanded deployment of EVs and EV charging result in quantifiable greenhouse gas (GHG) reductions.

Strategic Pillar:

Promote Sustainability and Environmental Protection

Finance Department

This page is intentionally left blank.

Finance Department Description

The Finance Department administers the financial affairs of the City, including City-owned public utilities. These functions include: budget administration and control; maintaining a general accounting system and the preparation of annual comprehensive financial reports; collection of taxes, fees, special assessments and utility charges; investment of City funds; procurement of supplies, materials, equipment, and services; operating the City Warehouse; issuance of bonds and debt management; and financial management of contracts, including leases.

Divisions and Services

The Finance Department is organized into five Divisions: Accounting; Administrative Services; Budget; Municipal Services; and Purchasing.

Accounting Division Mission	Provide relevant, accurate, and timely transaction processing and financial reporting services in compliance with laws, regulations, City policies and professional standards.
Division Objectives	<p>Continue to enhance and utilize the Finance/Human Resources Management System (FHRMS) in support of relevant, accurate and timely accounting processes.</p> <p>Continue training of Accounting staff and citywide end-users in FHRMS financial modules and process workflow.</p> <p>Identify areas for improvements and streamlining of accounting processes in support of work product efficiencies. Continue to utilize new technology enhancements to empower end users to access financial information.</p>
Administrative Services Division Mission	Be a proactive participant in Citywide strategic planning and decision-making, adding value as a provider of financial advice, analysis, and investment and debt management.
Division Objectives	<p>Manage the outstanding debt of the City and its agencies in compliance with established policies and bond covenants.</p> <p>Manage cash flow and invest cash in accordance with established policies and procedures. Prepare monthly reports for the City and its agencies.</p> <p>Monitor the financing needs of the City and its agencies. Manage negotiated and public-bid bond issuance.</p> <p>Manage special projects as assigned.</p> <p>Manage production of the City's annual financial reports, general-purpose financial statements and annual comprehensive financial report (ACFR).</p>

Budget Division Mission	Be the primary source of financial analysis in the City's continuing effort to maintain and strengthen its fiscally responsible core value.
Division Objectives	Manage and produce the biennial operating and capital budgets.
	Manage and produce the Ten-Year Financial Forecast for the City and prepare periodic and annual revenue forecasts.
	Analyze budget performance during the year and prepare Monthly Financial Reports.
	Monitor and report the City's appropriations limit and general contingency reserves.
	Monitor the State budget and related legislative activities with economic implications.
	Develop strategies to balance the budget.
	Assist and provide support for negotiations with employee bargaining groups.
	Work collaboratively with departments on any necessary budget amendments during the year.
Municipal Services Division Mission	Provide customer service to our utility and business certificate customers, manage the activities of the Municipal Services division in accordance with the City's rules and regulations, code, and policies consistent with professional and ethical standards, and be proactive in developing and delivering currently available automated features and conveniences to our customers.
Division Objectives	Provide customers with courteous, accurate and timely solutions to their inquiries and requests.
	Promote and enhance customer self-service options and electronic payment offerings for customers
	Continue upgrading the functionality and underlying business processes of the Utility Management Information System (UMIS).
	Promote and enhance on-line Business License enrollment and renewal.
	Provide customers with safe, reliable self-service options for improved customer satisfaction.
	Process and oversee custody of all cash and checks received over the counter or in the mail.

Purchasing Division Mission	Support and facilitate the timely and efficient procurement of supplies, materials, equipment, and services required by City Departments while ensuring compliance to City Policies, applicable government regulations, and best practices in public sector procurement to obtain the lowest cost while maintaining appropriate internal controls. Oversee Central Warehouse operations to ensure that the City's electric and water utilities are stocked with parts to support their operations and process outgoing mail for the City. Facilitate the disposition of surplus property to ensure a fair and transparent process is followed and maximum value is recovered.
Division Objectives	Provide internal customers and vendors with courteous, accurate and timely solutions to their inquiries and requests.
	Negotiate and recommend execution of contracts or blanket purchase agreements for the purchase of supplies, materials and equipment.
	Act to procure for the City the needed quality and quantity of supplies, materials and equipment at the least expense to the City.
	Prepare and recommend to the City Manager rules governing the purchase of supplies, materials, equipment, and services for the City.
	Keep informed of current developments in the field of purchasing, prices, market conditions and new products.
	Competitively procure inventory items for the Central Warehouse to ensure inventory is maintained at levels sufficient to support field operation requirements.

Significant Accomplishments

- Provided staff support and analysis for the Business Tax ballot measure that was approved by the voters in November 2022.
- Updated Chapter 2.105 of the Santa Clara City Code to increase bid thresholds to \$250,000 for materials and general services and increase the City Manager's signature authority to \$250,000 to reflect current practices as benchmarked against both federal and local agencies purchasing practices.
- Updated the City's Procurement Card Policy to improve the reconciliation process and audit procedures of the program to reduce risks associated with inappropriate or fraudulent use of P-Cards.
- Upgraded the Business Tax and License system enabling new E-Check payment option for Business Tax Customers.
- Upgraded Utility Customer Service Call Center software enabling Call Center staff to answer incoming calls remotely.
- Implemented new Utility Meter Reading Software/Hardware with enhanced security features utilizing a hosted platform.
- Enrolled City of Santa Clara in the State of California Low Income Household Water Assistance Program (LIHWAP)
- Supported the Emergency Operations Center including procurement and cost accounting functions. Reviewed FEMA requirements and accounted for citywide COVID-19 expenditures in order to maximize federal funding.
- Updated the City's Investment Policy to reflect the most recent allowable investment types mandated by the State.
- Transitioned banking and merchant services to a new service provider, JP Morgan Chase, to generate cost savings while enhancing customer experience and technology efficiencies.
- Introduced a Procurement Guide to provide clarity around processes to create faster procurement cycles to obtain goods and services.
- Expanded access to employee self-service capabilities to empower more users to manage aspects of their own employee profile online.
- Received the Government Finance Officers Association (GFOA) award for excellence in financial reporting for fiscal year 2021/22. This is the thirty-first consecutive year receiving the award.
- Implemented an online budget tool that connects stakeholders to the City's annual budget to promote transparency and accountability.
- Provided departmental trainings on the various phases of budget development.
- Received the Capital Budget Excellence Award for FY 2022/23 and FY 2023/24 and the Operating Budget Excellence Award for FY 2021/22 and FY 2022/23 from the California Society of Municipal Finance Officers (CSMFO) and the Distinguished Budget Presentation Award from the Government Finance Officers Association (GFOA) for the FY 2021/22 and FY 2022/23 Biennial Operating Budget.

Significant Objectives

- Continue to upgrade the Finance and Human Resources Management System (FHRMS) products gain City-wide efficiencies, deliver updated reporting capabilities and features in the Accounting Division.
- Implement automation for payroll and timekeeping functions across the City and coordinate with the Human Resources Department on the automation of benefits administration.
- Update the accounts receivable and accounts payable modules in the FHRMS to provide decentralized entry and electronic approval workflows.
- Implement capital assets module in FHRMS to provide greater asset accountability.
- Conduct audits of external facilities; provide cashier training to staff in outside facilities.

- Replace end of life CORE Onestep Cashiering System.
- Implement a new online utility billing platform to enhance customers' reporting and payment capabilities.
- Implement new Business Tax Ordinance approved by voters in November 2022 and upgrade the software and customer self-service portal to support the new Business Tax Methodology.
- Develop and implement processes, administrative policies, and procedures with the goal of streamlining and improving the procurement and contracting process.
- Conduct citywide trainings on updated cash handling processes resulting from new technology.
- Continue to enhance the City's budget development practices that connect to the City Council's priorities and policy direction.
- Establish a series of on-demand purchasing training materials addressing a wide variety of topics related to procurement and contracting.
- Implement a new contracts management system to automate the process of tracking agreements.

Budget Highlights

- Reduces non-personnel funding for training and travel, printing of budget books, and supplies.

**The positions above represent all funded positions. This excludes the 1.0 Office Specialist III position that was frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).*

Program: 3315 – Budget & Financial Analysis
3322 – General Accounting
3343 – Purchasing

This proposal reduces the training and travel budgets for the Budget (\$10,000 – from \$11,096 to \$1,096) and the Accounting (\$3,000 – from \$4,813 to \$1,813) divisions. Staff would need to rely more heavily on online training opportunities versus in-person training. This reduction is expected to have minimal impacts given the shift to online training post COVID-19. This action also reduces the budget for printing budget books by \$2,000 (from \$6,208 to \$4,208). Departments have reduced the requests for printed books and are relying more heavily on the online versions. Budget will work with departments on scaling back the printed budget books. General supplies will also be reduced by \$4,000 in the Budget (\$1,000 – from \$3,247 to \$2,247), Accounting (\$1,000 – from \$17,891 to \$16,891), Purchasing (\$1,000 from \$10,912 to \$9,912), and the Municipal Services (\$43,905 to \$42,905) divisions.

Performance Impact

This proposal will have minimal impacts on service delivery.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure.

Fire Department

This page is intentionally left blank.

Fire Department Description

The Fire Department responds with highly trained and well-equipped personnel to all types of emergency incidents, maintaining a citywide response time of less than six minutes to at least 90% of all Code 3¹ emergency calls. Response time is measured from the time of dispatch to the time of arrival and includes two minutes turnout time and four minutes travel time

Divisions and Services

The Fire Department's mission is to protect and enhance the quality of life of the community. The Fire Department is organized into six divisions: Field Operations, Emergency Medical Services (EMS), Community Risk Reduction, Training, Administration, and Office of Emergency Services.

The Field Operations Division is comprised of first responders to provide emergency response to residents, visitors, and businesses within the community. The Division is made up of eight fire engines, two fire trucks, one Hazardous Materials response unit, one Rescue response unit, one Battalion Chief, and one Shift Training/Safety Officer, per shift.

The Emergency Medical Services (EMS) Division provides first responder medical services (including Advanced Life Support) to all residents and visitors within the guidelines determined by the Santa Clara County EMS Authority. Using existing fire station staffing, the division also supports limited ambulance transport while authorized under special circumstances approved by Santa Clara County Emergency Medical Services agency when the County's contractor is unable to arrive on scene and provide transport services within the contracted time. The division maintains paramedic and emergency medical technician (EMT) licensure and certifications, maintains emergency medical equipment caches, works closely with the County EMS Authority to ensure County protocols, ensures training and programs are deployed to personnel, and acts as the agency's Designated Infection Control Officer (DICO).

The Community Risk Reduction Division (CRRD) protects our community through coordinated efforts in community education and outreach, fire engineering plan review and inspection services to maintain code compliance for new construction, emergency planning, hazardous materials enforcement, code enforcement, fire and hazardous materials investigations, and vegetation management. The CRRD oversees the Certified Unified Program Agency (CUPA) program on behalf of the City of Santa Clara. The City has been certified by the Secretary of the California Environmental Protection Agency to enforce the six environmental-based code enforcement programs. The CRRD coordinates the Santa Clara County Fire Chief's Association, Youth Firesetter Prevention and Intervention Program (YFPIP). The program is a County of Santa Clara, Juvenile Court Division-recognized diversionary program that gives youth offenders throughout the County an opportunity for a second chance.

The Training Division conducts and evaluates a wide variety of activities from simulated emergency incidents to assessments and classes, to ensure Fire Department personnel are performing at the highest levels of the profession. The Division maintains documentation to support State and Federal certification programs and develops and implements local and regional response/mitigation exercises focused on large-scale community events. The Training Division also assists the Human Resources Department in developing and administering Fire Department promotional examinations.

The Administrative Division provides management, organization, and support for the various divisions of the Fire Department. The primary duties that fall under this division include budget development and management, recruitment, grant management, accounts payable and payroll processing, fire station maintenance, workers' compensation coordination, strategic management and planning, data management, emergency / non-emergency photography and data analysis. The division manages the department web page, social media outlets, federal and state grants, annual department open house, creation and management of department maps including pre-incident planning, as well as the development, management and implementation of department policies and procedures.

¹ Code 3: Immediate response using red lights and siren; Code 2: No red lights or siren—expedited response adhering to all regular traffic laws.

The City's Office of Emergency Services provides emergency services training and coordination for the City in large-scale incidents requiring Emergency Operations Center activation and is also responsible for the City's emergency preparedness activities, hazard mitigation and disaster management plans. The division coordinates with the County and the State for large scale emergency preparedness.

Field Operations Division Mission		To enhance the quality of life for the community by providing caring, community-oriented service to protect life, property, and the environment.
Division Objectives		Maintain a citywide emergency response standard to all Code 3 incidents of six minutes from time of fire crew notification to first unit's arrival on scene at least 90% of the time.
		Provide an effective response force (ERF) of 17 personnel on scene of a structure fire in less than ten minutes from dispatch of alarm, at least 90% of the time.
		Provide hazardous materials response to protect the community from hazards associated with uncontrolled release of hazardous and toxic materials and respond to technical rescue emergencies efficiently and effectively.
		Provide special event (Fire and EMS) services to Levi's Stadium and all other significant special events held in the City of Santa Clara.
Emergency Medical Services Division Mission		Deliver quality emergency medical services to citizens and visitors of Santa Clara. All Santa Clara Firefighters are certified EMTs, and all fire engines and fire trucks are staffed with at least one paramedic.
Division Objectives		Provide first responder paramedic services to at least 90% of Code 3 medical emergencies citywide within 7:59 minutes/seconds from fire crew notification (per County EMS Authority standard).
		Process medical certifications and licenses for all Fire Department personnel and monitor for compliance with State and local government regulations.
		Provide quality assurance/quality improvement processes for treatment-based EMS delivery.
		Monitor and maintain custody and security of protected health information.
		Provide high quality EMS/EMT training and equipment to all Fire Department personnel and local stakeholders, as needed.
		Manage fire department ambulance transportation of patients to hospitals on a limited basis while authorized under special circumstances approved by Santa Clara County Emergency Medical Services agency.

Community Risk Reduction Division Mission	To protect life, property, and the environment through education, engineering, enforcement, economic incentives, empowerment, and emergency response.	
	Utilize community-specific data to reduce risks and injuries through focused community education and outreach programs.	
	Perform a wide array of plan reviews and construction inspections from planning and building permits, to fire-life safety systems, hazardous materials, and special events structures.	
	Investigate intentionally set fires and unauthorized hazardous materials releases. Work collaboratively with the Santa Clara Police Department and the County District Attorney's Office on both criminal and civil prosecutions.	
	Ensure ongoing compliance through focused training in fire safety, emergency drills, state hazardous materials reporting, and many more areas.	
Division Objectives	Enforce the six environmental-based code enforcement programs as designed by California Environmental Protection Agency (CalEPA).	
	Manage the operational permits and conduct inspections of existing community businesses and facilities to ensure compliance with applicable fire, life safety, and environmental protection regulations.	
Training Division Mission	Deliver high quality education and training in public safety to the members of the Santa Clara Fire Department and to the employees and citizens of the City of Santa Clara.	
	Provide annual, semi-annual, and quarterly drills in the disciplines of firefighting, hazardous materials response, and rescue operations to members of the Fire Department to promote skill development and continuous improvement.	
	Maintain records to support State and federal training certifications required for specific disciplines.	
	Perform Respiratory Protection Program self-contained breathing apparatus (SCBA) and respirator fit testing to maintain compliance with State and federal regulations.	
	Coordinate and schedule public education programs, school site visits, station tours, and other public outreach activities.	
Division Objectives		

Administrative Division Mission	Provide management, organization and support for the various Fire Department divisions that are actively engaged in the protection of life and property.
Division Objectives	Provide the community with information on Fire Department programs and services.
	Establish the vision and mission of the Department and communicate to all Fire Department personnel.
	Provide administrative and managerial support to all Fire Department divisions.
	Coordinate with other departments in the City as needed to support City projects and programs.
Office of Emergency Services Division Mission	Create a biennial budget that meets department needs and supports Council goals and objectives.
	To prevent, prepare for, mitigate, respond to and recover from all hazards.
	Provide emergency services coordination in the City of Santa Clara Emergency Operations Center (EOC) in the event of a large-scale incident requiring activation.
	Maintain the EOC in “response-ready” condition to serve as the City’s hub for emergency management activities in support of large-scale emergencies or planned events.
Division Objectives	Engage in hazard mitigation activities with the goal of reducing or eliminating long-term risk to people and property from future disasters and identifying long-term solutions that reduce the impact of disasters in the future.

Significant Accomplishments

- Completed update to the Santa Clara Fire Department Strategic Plan, including internal and external stakeholder participation.
- Established department photography team to capture images of Fire Department emergency response and daily events and activities.
- Successfully completed firefighter recruitment campaign and firefighter recruitment process.
- Awarded the 2021 Assistance to Firefighters Grant for annual wellness exams for sworn personnel and new LUCAS automatic chest compression devices.
- Awarded the 2021 Staffing for Adequate Fire and Emergency Response (SAFER) grant that will allow for the hiring of 18 firefighters.
- Purchased Type 1 engine, utilizing Mutual Aid reimbursement funding, with expected delivery date of August 2023. The engine will replace a front-line apparatus that will be moved to the reserve apparatus fleet.
- Successful launch of the Accela platform for fire construction permitting and inspection, taking the Community Risk Reduction division (CRRD) into a fully digital permitting process.
- CRRD took over the management of the Santa Clara County Fire Chief's Association Youth Firesetter Prevention & Intervention Program.
- Record attendance and participation at the 2022 Firehouse Family Fair in honor of the National Fire Protection Association Fire Prevention Week each October.
- Awarded CUPA Forum Trust Grant for a mercury meter for the Hazardous Materials Response Team.
- Successfully promoted 17 Firefighters to Driver Engineer.
- Hosted a multi-agency State Fire Training Firefighter 1 and 2 Fire Academy, including seven recruits from Santa Clara.
- Deployed 11 new LUCAS automatic compression devices on the front-line engines, trucks and ambulance to assist responders to perform CPR more efficiently and effectively.
- Provided infrastructure and procedures to staff the fire department ambulance in order to maintain patient care while transporting the City's medical patients to local hospitals authorized under special circumstances approved by Santa Clara County Emergency Medical Services agency when the County's contractor is unable to arrive on scene and provide transport services within the contracted time.
- Partially activated Emergency Operations Center, supporting the City's response to the January 2023 Atmospheric River event and remained poised in monitor mode throughout the winter storm season.
- Provided the 6th Annual Prepare Santa Clara EOC functional exercise to EOC staff.
- Resumed EOC training activities after a pause during the COVID-19 pandemic.

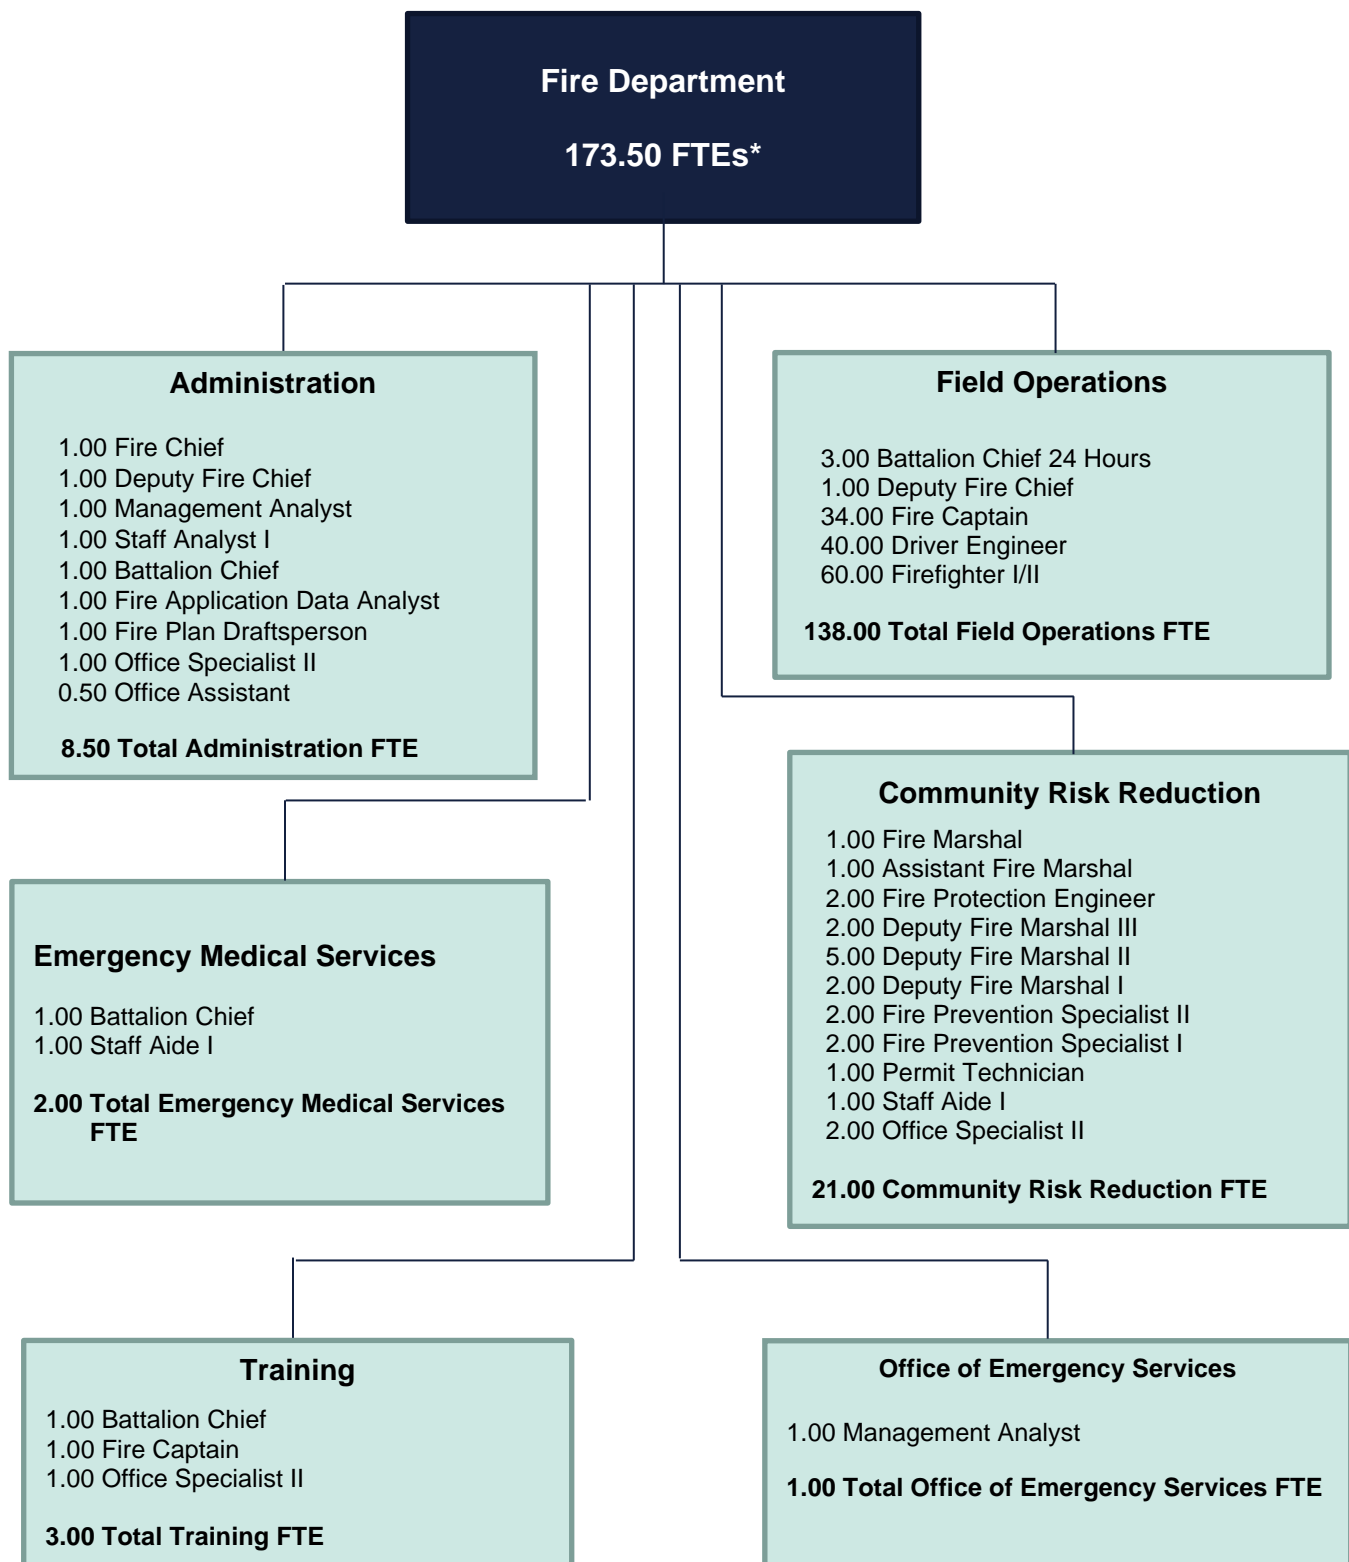

Significant Objectives

- Improve workflow and efficiencies with administrative staffing.
- Ensure policy and procedures are current and up to date.
- Continue to advance Fire Department initiatives in Inclusion, Diversity and Equity through community outreach, firefighter recruitment and public relations.
- Manage hiring and reimbursement process for the SAFER grant award.
- Maintain CalOES Type 2 certification for Hazardous Materials and Urban Search and Rescue.
- Obtain and integrate a live, find, search canine into operations capabilities in partnership with California Task Force 3; fully funded by FEMA and the National Disaster Search Dog Foundation.
- Complete the HdL transition to Accela for operational permit inspections in order to have a single database for Fire development and annual operational permits, which will provide real-time data for inspectors and emergency responders.
- Explore the implementation of the National Fire Protection Association CRAIG 1300 system. The program is used to collect community incident data effectively, and better enable the Department to identify, assess and share local demographic, geographic, and economic needs in developing community risk reduction programs.
- Expand the Firefighters in Safety Education (FISE) program to provide more classes to public and private schools in the community.
- Integrate data system with State CERS Next Gen Project in 2025.
- Host a State Fire Training Firefighter 1 and 2 Fire Academy for Santa Clara Recruit Firefighters hired under the SAFER grant award.
- Improve Fire and Life Safety Inspection documentation for Field Operations personnel.
- Develop training to ensure personnel are prepared for evolving building trends in City, including high-rise emergency drills for all Field Operations personnel.
- Staff Fire Department ambulance with existing fire station personnel while Santa Clara County is operating under Standard Dispatch Order 3, giving fire agencies the authority to provide transportation within the County.
- Lead a citywide Multi-Jurisdictional Hazard Mitigation Plan update project, in collaboration with the County and jurisdictional partners and stakeholders, to enable the City to apply for hazard mitigation grants, complete mitigation projects, and maintain the Federal Emergency Management Agency's (FEMA) Community Rating System (CRS) points.
- Continue implementing a training program for City EOC staff with regular trainings such as the Annual Prepare Santa Clara full-scale or functional exercise.
- Adopt a suicide prevention policy compatible with the Santa Clara County Suicide Prevention Strategic Plan.
- Reinvigorate the Community Emergency Response Team (CERT) program after a pause during the COVID-19 emergency response.

Budget Highlights

- The Proposed Budget incorporates budget actions related to the three-year SAFER grant award that generates General Fund savings:
 - Reduce the overtime budget to account for minimum staffing overtime savings generated through the SAFER grant award.
 - Establish General Fund transfers to the Fire Operating Grant Trust Fund where the SAFER positions are budgeted to subsidize the remainder of the staffing costs that were not covered by the SAFER Grant.
 - Increase the materials/services/supplies budget to fund the costs of the Fire Academy and other onboarding costs related to the SAFER grant-funded positions.

*The positions above represent all funded positions. This excludes the 2.0 FTEs that were originally funded by Related but are frozen beginning FY 2023/24 based on discussions with Related: 1.0 Deputy Fire Marshal II and 1.0 Fire Protection Engineer.

SAFER Grant Implementation and Overtime Reduction	0.00	(1,659,000)	0	(3,822,000)	0

Program: 7822 – Field Operations

This proposal reflects changes associated with the Staffing for Adequate Fire and Emergency Response (SAFER) grant, a three-year \$11.3 million grant. The grant will partially fund 18 firefighter positions, which includes unfreezing 12 positions and adding 6 new positions as approved by the City Council on February 7, 2023 (RTC 23-170), with the remaining position costs covered by the General Fund (\$626,000 in FY 2023/24 and \$770,000 in FY 2024/25). The positions will provide additional relief to help maintain daily minimum staffing of emergency response apparatus and reduce overtime due to absences caused by vacation, sick and disability leaves. The \$1.66 million net reduction in FY 2023/24 includes a \$1.88 million overtime budget reduction to reflect six months of overtime savings after the firefighter positions are fully onboarded and a one-time increase of \$221,000 in the materials, services and supplies budget for Fire Academy and other onboarding costs. The \$3.82 million net reduction in FY 2024/25 includes a \$3.84 overtime budget reduction to reflect a full year of overtime savings and a one-time budget increase of \$15,000 for training and certification costs.

Performance Impact

The additional staffing will provide the personnel needed to maintain the current daily staffing for emergency response throughout the City, while also reducing the number of personnel on overtime each day. In turn, the reduction in overtime to meet minimum daily staffing is expected to decrease the number of absences caused by sick and disability leaves for Field Operations personnel. The additional firefighters will also provide the opportunity to improve the department's overall emergency response by evaluating staffing models that will improve compliance with NFPA 1710 staffing standards.

Human Resources Department

This page is intentionally left blank.

Human Resources Department Description

The Human Resources (HR) Department is responsible for several areas: Benefits, Recruitment, Classification and Compensation, Employee and Labor Relations, Equal Employment Opportunity, Workers Compensation/Safety, and Employee Development.

The Department manages a variety of employee benefits, including health, dental, vision and retirement benefit programs, life insurance, Flexible Spending Accounts, VEBA, Retiree Medical Reimbursement Program, and a City Employee Assistance Program. The Department is also responsible for providing state-mandated benefits for employees injured on the job.

HR integrates job analyses into the selection process for each vacant position to ensure the accuracy of job specifications and the validity of examinations. Considerable time, labor, and expense are involved with each recruitment, especially for public safety positions where the process includes large pools of applicants, written exams, performance exams, and oral exams in addition to polygraph, psychological, comprehensive medical exams, and background investigations.

The Director of Human Resources (HR) is delegated as the Municipal Employee Relations Officer (MERO). The Employee Relations function is a direct function of the City Manager's Office that is delegated to the Director of HR. Employee Relations includes negotiating with Bargaining Units and Labor Unions to negotiate successor Memoranda of Understanding (MOU's) for each of the 10 specific represented groups, as well as receiving and reviewing grievances filed by employees or unions.

The City's Equal Employment Opportunity (EEO) Officer is responsible for oversight of equal employment opportunity laws. The EEO Officer reviews, investigates and/or oversees investigations of complaints filed by applicants or employees alleging discrimination or hostile work environment, including sexual harassment. The City has zero tolerance policy on discrimination and harassment. HR will continue to investigate and resolve grievances and discrimination complaints in accordance with federal and State laws, City policies, and in close coordination with the City Attorney's Office.

The City strives to work on best practices related to safety, including proper ergonomics. We encourage all departments to invest in their staff, specifically related to occupational safety.

HR provides State-mandated harassment prevention training for all regular City employees and offers training programs in areas such as supervision, employment law, and other areas of interest.

Divisions and Services

The Human Resources Department is organized into two Divisions: 1) Employee Benefits and Records and 2) Recruitment, Classification, and Staff Development.

Employee Benefits and Records Division Mission	Provide quality service to employees and retirees in the responsible, cost efficient development and administration of City compensation, benefits, and related programs.
	Administer current Memoranda of Understanding (MOU) with the City's ten bargaining groups. Represent the City in various labor relation issues and negotiate, in collaboration with internal and external counsel, on wages, hours, and other terms and conditions of employment.
	Administer benefits for City employees.
	Manage employee relations matters for the City; advise and assist departments with grievance resolution and disciplinary action.
	Strive to ensure equal employment opportunity and provide a work environment free of discrimination and harassment.
Division Objectives	Manage benefit programs for employees, retiree medical reimbursement programs, and process retirements.
	Provide city-wide Human Resources Management and Records Management.
Recruitment, Classification, and Staff Development Division Mission	Provide centralized hiring services by developing and administering City recruitment and selection processes; administer and update the City's Classification Plan; and promote the advancement of ethical and sound human resources policies and practices in accordance with Civil Service Rules and Regulations, federal and State guidelines and industry standards.
	Develop and implement valid selection examinations designed to select and promote the most qualified candidates.
	Ensure that positions are properly classified, described, and aligned to support the organizations' effectiveness and efficiency.
	Manage recruitment, assessment, and hiring processes to meet the City's staffing needs. Review, streamline, and update human resources policies and procedures to improve efficiency and reflect current employment laws and industry best practices.
	Make available to the public and employees employment information such as job opportunity announcements, job descriptions and salary and benefit data.
Division Objectives	Provide training and development for employees City-wide to develop essential skills like analysis and reporting, leadership, customer service, and public presentations.
	Provide coordination and delivery of emergency services and recovery activities in response to the COVID-19 pandemic.

Significant Accomplishments

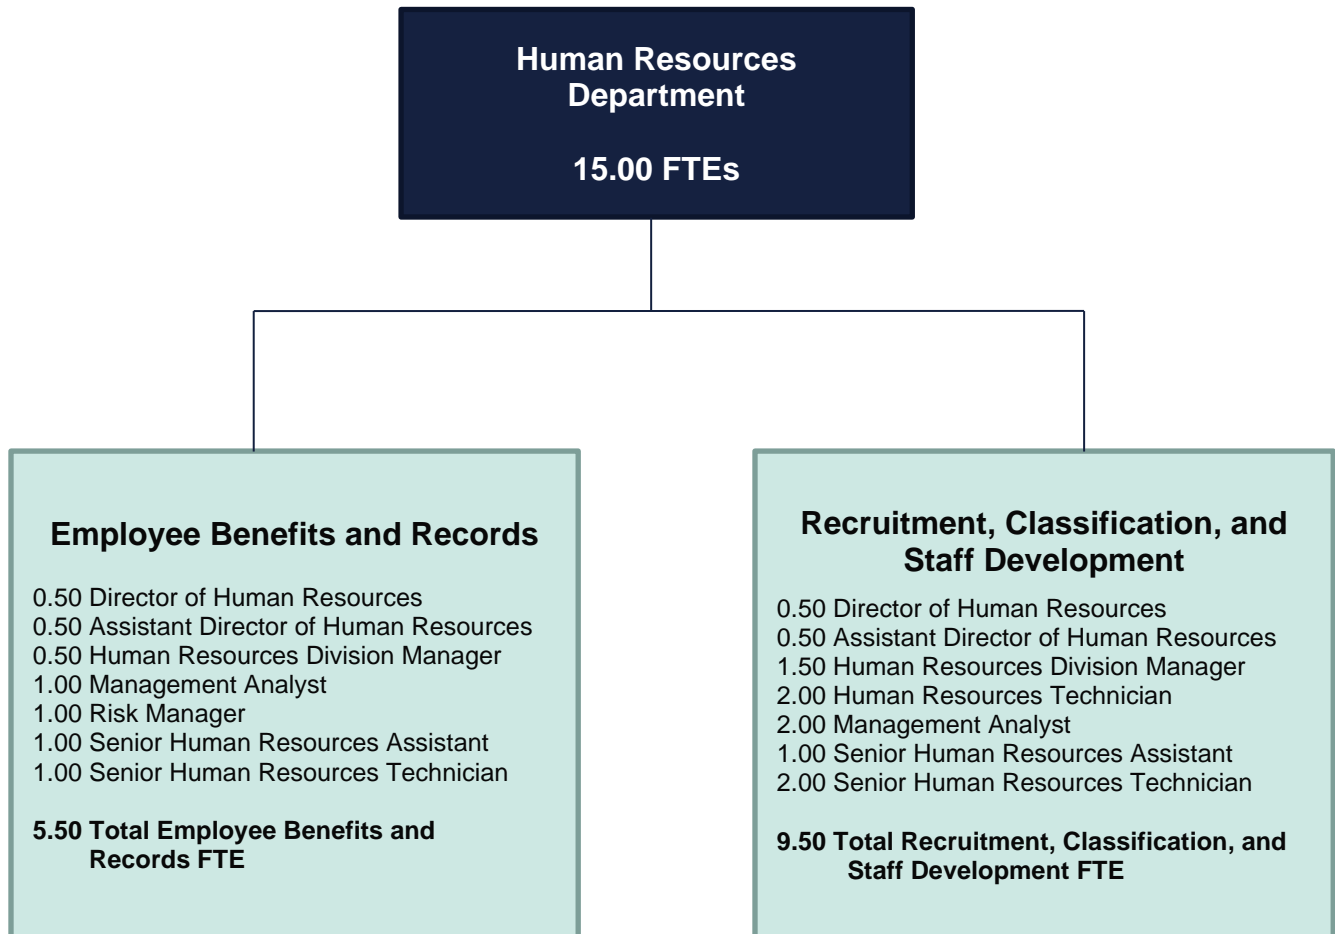

- Due to the COVID-19 pandemic, the Human Resources Department continued to promptly develop and implement various programs and policies including, but not limited to, COVID-19 safety training; leaves mandated by State and federal laws; FAQs; COVID-19 Prevention Program; management of all COVID-19 employee-related matters and cases, including mandated reporting requirements; and city-wide safety protocol measures in compliance with State and local orders. The HR Department was also the primary distributor of Personal Protective Equipment (PPE) to City Departments and staff.
- Created and converted Human Resources forms to fillable forms for efficiency.
- Transitioned from paper-copy to electronic employee personnel and benefits records, including moving to electronic submission of documents for the annual Benefits Open Enrollment, utilizing the City's Laserfische system.
- Since 2022, reached successor Memoranda of Understanding agreements with seven of the City's bargaining units, including side letter agreements with two bargaining units.
- Implemented a learning and training management system, Vector Solutions, which offers many courses of various topics, for employees city-wide.
- Provided supervisory and non-supervisory harassment/discrimination online mandated training.
- Supported approximately 1,625 regular and as-needed employees in regard to benefits, wage adjustments, workers' compensation, leaves and retirements.
- Performed full-cycle recruitment, including classification studies, and appointed/promoted 115 regular employees during the last two fiscal years.

Significant Objectives

- Conduct recruitments and manage effective, efficient, and defensible hiring processes to attract and retain qualified employees.
- Continue negotiations with Bargaining Units.
- Develop additional supervisory training opportunities for current employees.
- Maintain the Sexual Harassment Prevention State Mandated training for all City employees, including the training of Elected Officials and City Commission and Committee members.
- Work closely with the Finance Department to analyze and implement best practices in implementation, control, and audit of pay and benefit entries.
- Review and update various citywide policies, including the Employer-Employee Relations Resolution, the Personnel and Salary Resolution, and various City Manager Directives and coordinate these updated policies with each bargaining unit for implementation.

Budget Highlights

- The Proposed Budget includes the following budget reductions to help address the General Fund shortfall:
 - Eliminate 1.0 Office Specialist IV position in the Employee Records and Benefits Division
 - Freeze the City of Santa Clara Leadership Program for two-years
 - Eliminate non-personnel funding for Police pre-employment testing (funding is included in the Police Department budget)

Eliminate 1.0 Vacant Office Specialist IV	(1.00)	0	(136,017)	0	(145,243)

Program: 2514 – Records and Compensation

This action eliminates 1.0 vacant Office Specialist IV position in the Records and Compensation program. This position is primarily responsible for providing general office and administrative support, along with coordination of the Civil Service Commission and Salary Setting Commission.

Performance Impact

The general office and administrative support workload would be absorbed by other staff. The day-to-day office and clerical duties have been absorbed by all the existing staff. Staff has been cross trained on the various duties that have been reassigned. The support for the two Commissions is absorbed by Senior Human Resources Technicians and Human Resources Technicians on a rotational schedule, who have been cross trained to support coordination of both Commissions.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Freeze City of Santa Clara Leadership Academy for Two Years		(40,545)	0	(41,356)	0

Program: 2521 – Selection and Classification

Leadership Santa Clara is a four-month program that is available to City of Santa Clara residents and managed by the City of Santa Clara. The City holds an application period, in which primarily residents (35-50) and City employees (2-4) may apply and be selected to participate in the program. The focus of the program is preparing residents for leadership roles in the community. Topics include the following: Santa Clara's Past, Present and Future; Governance (federal, state, and local including City board and commissions); Public Services; Media's Impact on Silicon Valley; Business Climate; Transportation; Arts & Culture; Community Diversity; Environment; Health Care; Human/Community Services; and Volunteerism.

Due to the COVID-19 pandemic, this program was frozen in FY 2021/22 and FY 2022/23. Given the City's fiscal situation, this proposal continues to freeze the program for FY 2023/24 and FY 2024/25.

Performance Impact

There is no impact, as this program has been suspended for the last two fiscal years.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Eliminate Background Examination Funding		0	(38,000)	0	(38,760)

Program: 2521 – Selection and Classification

This action eliminates non-personnel funding of \$38,000 for Police background examinations. Candidates that move forward in the recruitment process and receive a conditional offer of employment are required to complete several examinations. The cost of these exams will be shifted to the Police Department, as they handle the background process. This is consistent with the Fire Department. The Human Resources Department separately pays for the cost of fingerprinting.

Performance Impact

There is no impact anticipated as a result of this reduction.

Information Technology Department

This page is intentionally left blank.

Information Technology Department Description

The Information Technology Department (ITD) strives to provide superb affordable services and be the partner of choice for City information technology initiatives to improve the quality of life and strengthen the community through technology and innovation.

The award-winning ITD provides a full range of IT services through its Enterprise Services, Infrastructure and Support, Telecommunication Services and Contract Services Divisions, providing help desk, desk side support, data center and network management, cybersecurity, application consulting and support, training, technology project/program management and Geographic Information Service (GIS) capabilities.

Focus areas include:

- Improve government services - efficient, effective, & transparent
- Enable self-service - anytime, anywhere, access to government digital citizen centric services, customer request management
- Enhance citizen engagement and community participation
- Assist City departments with their IT business requirements in support of delivering city services
- Maintain Project and Portfolio Management practices to ensure successful implementation of technology projects
- Maintain and strengthen the City's enterprise-wide technology infrastructure in support of City departments
- Protect and strengthen the City network and information security capabilities
- Cybersecurity risk mitigation & compliance
- Manage IT vendors to control costs, drive service excellence, and mitigate risks to gain increased value throughout the product lifecycle

Divisions and Services

The IT Department is organized into four Divisions: Enterprise Services; Infrastructure and Support; Contract Services; and Telecommunication Services.

Enterprise Services Division Mission

To plan and implement applications leveraging technology to enhance citywide and departmental capabilities. Maintain a high availability digital presence providing relevant information and quality on-line services to the residents and businesses of Santa Clara. Empower City employees to effectively serve the public using digital technologies.

Division Objectives

Provide application support for mission and business critical departmental applications. Manage business process improvements and vendor compliance updates. Maintain an Application Portfolio Management System and Enterprise Roadmap to provide for better planning. Work with department business owners to rationalize and modernize the current applications in line with City goals and objectives, plan for enhancements and upgrades to provide greater functionality and business value for city applications.

Manage the City's websites, providing timely updates to citizens through the use of the City's expanding digital presence. Ensure equal access to the City website for people with disabilities by providing websites that comply with accessibility requirements.

Provide enhanced support for business applications used within the City driven by a Structured Project Methodology and Project Management Office.

Through GIS data, provide trustworthy operational information, organized by location, and delivered in a timely manner to decision-makers for both tactical and strategic planning efficiency.

Infrastructure and Support Division Mission

Provide a reliable and secure citywide computing infrastructure to enable departments to accomplish business goals and provide City services and information to the community.

Division Objectives

Provide services to ensure the reliability, continuity, and sustainability of network, server, storage, and desktop systems.

Maintain, support, and enhance the City's enterprise-wide technology infrastructure in support of City departments.

Enable business continuity and delivery of essential services through remote workplace capabilities

Ensure security and strengthen the reliability of the internal City systems and network.

**Contract Services
Division Mission**

To provide superb professional, responsive, and cost-effective information technology services to the City.

Manage the City technology contracts to ensure the adherence to scope and deliverables.

Division Objectives

Implement information technology best practices and drive operational and continuous improvements with our technology providers.

Provide governance and oversight for the City technology vendors to ensure performance meets/exceeds contractual obligations. Ensure remediation plans are developed and adhered to as needed.

**Telecommunication
Services
Division Mission**

Provide support for general communications services for City staff, including telephony services, mobile, wireless communications, and cable services.

Provide and maintain high quality telephony and mobile services to all City staff and departments. Assist in the planning and implementation of telecommunications services at City facilities.

Division Objectives

Review and process billing for all telecommunication services.

Provide cable franchise oversight and monitoring.

Significant Accomplishments

- The City has a robust application portfolio of 160 line-of-business applications that are core to City operations and delivering services to the public. The Department implemented, upgraded, or replaced approximately 20 applications in 2022.
- Supported the Finance Department to transition the City's general banking to JPMorgan Chase.
- Implemented asset management for Storm Drain, Traffic Signs and Trees to improve reliability of assets, regulatory compliance, and decision-making capabilities.
- Deployed a mobile application for the public for the 40th Anniversary of the Santa Clara Art & Wine Festival.
- Deployed Speak Up Santa Clara enabling employees to report incidents about workplace issues.
- Continued expansion of the Document Management System and digitization of City records.
- Improved City Website Search functionality.
- Upgraded the VOIP telephone system for enhanced security and cost savings.
- Replaced the end-of-life Field Collection system (Utility Meter Reading) resulting in saving staff time, ease of access and flexibility.
- Enhanced Audio/Visual capabilities throughout the City for improved citizen engagement and collaboration.
- Enterprise GIS accomplishments include:
 - Overhaul of the Enterprise GIS Infrastructure.
 - City of Santa Clara's streets tree inventory mapping close to 18,000 trees.
 - Integration with Enterprise Asset Management for traffic signs, city trees and storm drains.
 - Mapping of recent Parks & Recreation facilities added to the City.
- Improved the maturity of the City's cybersecurity posture, safeguarding resident and City sensitive data.

Significant Objectives

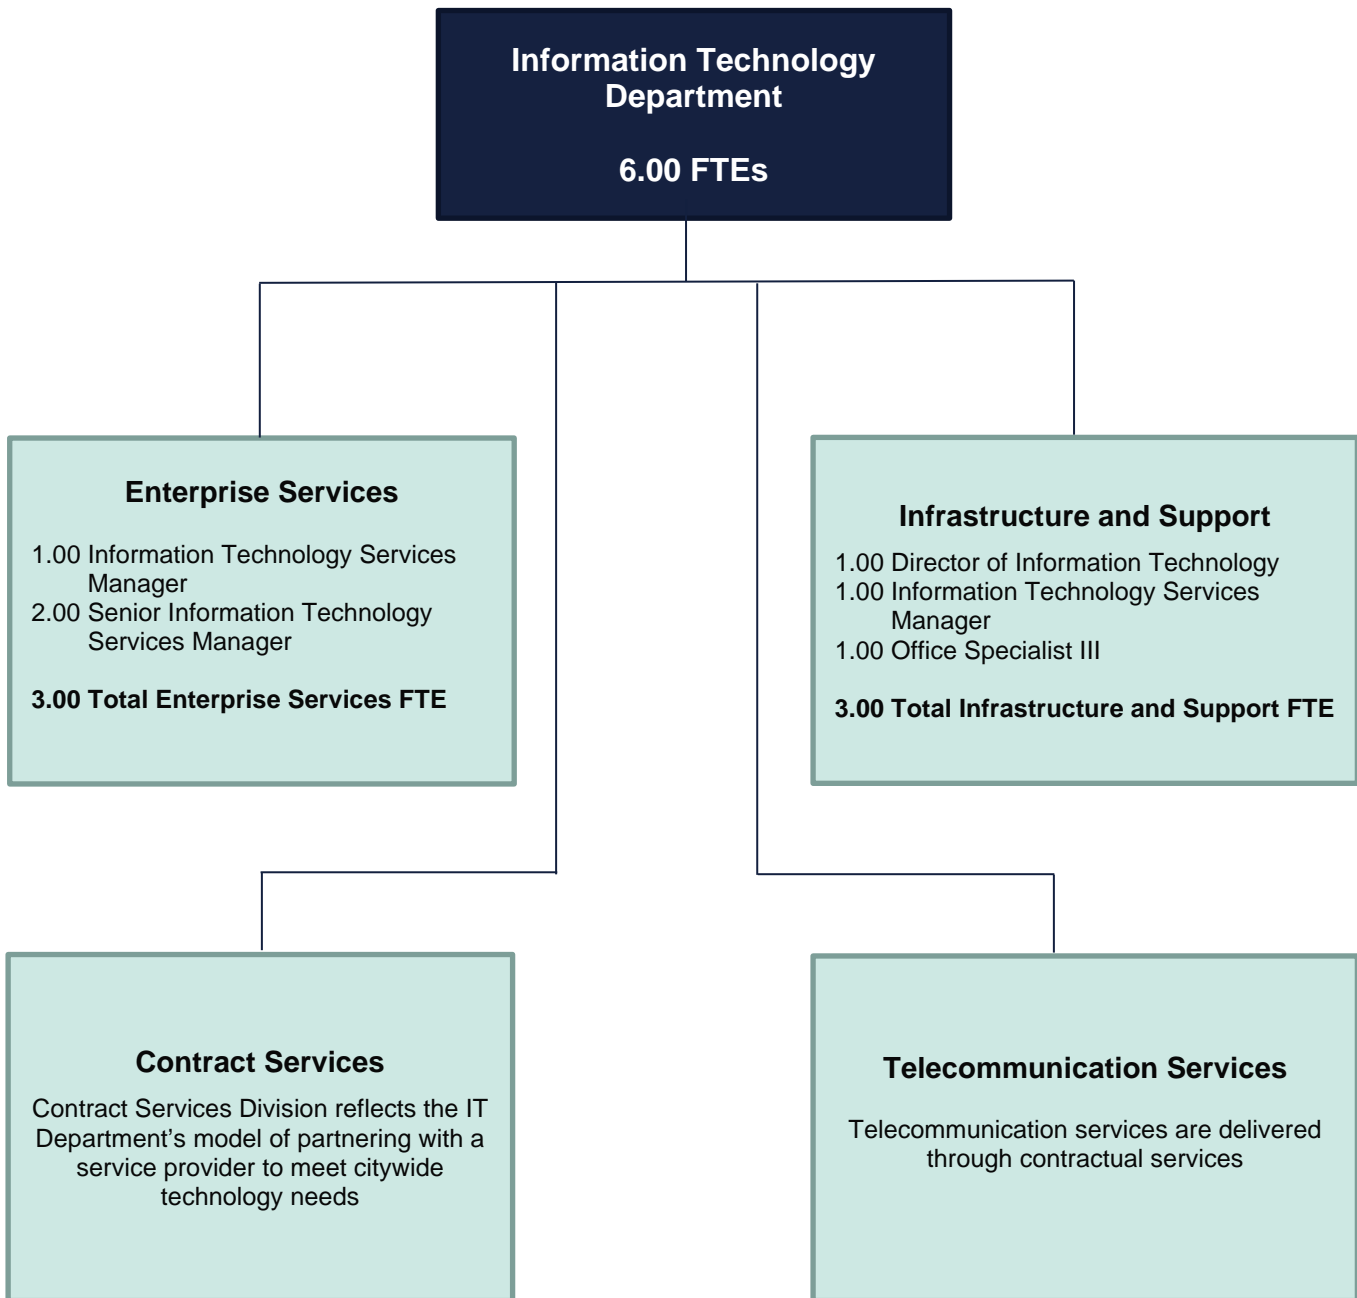

- Application Modernization: Support citywide and departmental business process transformation, system replacements and upgrades – Utility Billing Customer Self Service Portal, Utility Billing Customer Information System, Records Management, Financials and HR Management System, Work Order Management.
- Implementation of updated Business License Tax system.
- Public Safety Dispatchers rely on the fire station alerting system to notify and alert fire stations. This project replaces a 20-year-old system that is end-of-life.
- Improve search experience on City websites.
- Enterprise GIS: work plan for the year includes projects to further citizen engagement, decision making, and effective infrastructure information lifecycle management. An integration with the sewer video inspection system is underway, an update of the Water & Sewer Block books as well as plans to update Parks & Recreation assets to bring them current and make parcel information available on InfoMap on the City website.
- Improve collaboration capabilities by leveraging technologies such as the Microsoft 365 platform to enable anytime, anywhere access to City systems and resources.
- Technology Infrastructure: Architect and replace aging technology infrastructure in a strategic and phased manner in support of increased digital, mobile and cloud solutions for anytime, anywhere device access in a secure manner.

- Enhance technology capabilities in the City Parks and Recreation facilities for improved user experience.
- Cybersecurity and Risk Mitigation: Strengthen the City's cybersecurity posture by providing a proactive defense against threats via intrusion prevention/detection systems and security information and event management systems and response protocols.
- Enhance Audio/Visual capabilities throughout the City for improved Civic engagement, collaboration and staff productivity.

Budget Highlights

- Ongoing budget reductions to help address the General Fund shortfall:
 - IT Services contract reductions related to the Cost-of-Living Adjustment.
 - Reduction in utilities expense to reflect efficiencies gained through telephone upgrades.

Reduction in Information Technology Services Contract (COLA)	0.00	0	(192,000)	0	(195,840)

Program: 1931 – Contract Services

The Information Technology Department contracts with Unisys to provide the City with various information technology services. This contract includes cost-of-living adjustments (COLA) based on the CPI; however, the contract also includes language allowing the City to revisit to COLA should the City be met with budget constraints. In the current environment, ITD has reached out to Unisys to discuss the annual COLA increase, which is estimated to be \$384,000. Unisys, in good faith, has agreed to waive 50% of the COLA, resulting in a General Fund reduction of approximately \$132,320 and other funds reduction of \$59,680.

Performance Impact

The Department does not anticipate any impact to service delivery.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Reduction in Telecommunications Utilities Budget	0.00	0	(100,000)	0	(102,000)

Program: 1941 – Telecom Services

This proposal reduces the Information Technology Department's telecom utilities budget by \$100,000, from \$526,436 to \$426,436. This reduction will result in \$71,000 in savings to the General Fund and \$29,000 in savings in all other funds.

Performance Impact

The Department anticipates no service level impacts as this reduction reflects savings that can be recognized with the optimization of the City's telephony program.

Strategic Pillar:

Deliver and Enhance High Quality Efficient Services and Infrastructure

Library Department

This page is intentionally left blank.

Library Department Description

The Santa Clara City Library has positioned itself as a dynamic community hub, providing access to information, literacy resources, educational programming, and civic engagement opportunities for the Santa Clara community. The Library advances the Council's Priorities by delivering high quality, efficient services in the following core areas:

- **Collections** – Provides a relevant physical and digital collection of books, movies, music, magazines and research tools for a diverse community with wide-ranging interests and needs.
- **Technology and Information Access** – Introduces and provides access to technologies that support community innovation, employment opportunities, entrepreneurship and bridges the digital divide.
- **Literacy and English as a Second Language (ESL)** – Provides high quality adult and family literacy instruction and access to English as a Second Language support and resources.
- **Programming** – Delivers high impact programming that supports early literacy through story times and other pre-school age events. Offers teen and young adult activities that promote youth development and engagement. Provides cultural enrichment and promotes inclusion via outreach and programs for new immigrants. Supports community engagement, well-being, health and lifelong learning through educational programming and services such as State Park Passes for free check-out, free technology resources, local history and genealogy collection, and sustainable practices with the Seed Exchange Library and tool lending program.
- **Community Partnerships** – Pursues innovative partnerships with City departments, local educational institutions, local businesses and non-profits to enhance service delivery that promote reading, literacy and community building.
- **Facilities** – Maintains buildings that are a source of civic pride, provide opportunities for placemaking, encourages community engagement and provide a clean, safe and welcoming place to study, learn and connect.

Divisions and Services

The Library Department is organized into seven Divisions: Administration, Adult Services, Branch Services, Customer Services, Facilities, Technical and Technology Services and Youth Services.

Administration Division Mission	Plans, directs, organizes, and manages the Library Department educational and recreational activities for the Santa Clara community; provides staff support for the Department's central and administrative services.
Division Objectives	Manages the operational oversight of the Santa Clara City Library system including strategic planning, budgeting, personnel, facility management and community relations. Also provides support to the Library Board of Trustees and serves as liaison to the Santa Clara Library Foundation and Friends.
	Identifies and implements creative solutions to ensure access to technology to bridge the digital divide and enhance service delivery to library patrons.
	Establishes partnerships with community organizations to leverage resources and ensure a diverse portfolio of library programs and services.
	Collaborates with internal and external stakeholders in the implementation of programs that advance the City Council's Priorities through a strategic planning process.
	Provides strategic leadership on the development of new library facilities and necessary improvements to ensure clean, safe and welcoming facilities.

Adult Services
Division Mission

Provides information, research, and reader advisory services through effective reference and information delivery systems; select, evaluate, and deselect Library materials for adults, including books, periodicals, audio-visual materials, and materials in electronic formats; provide special programs, collections, and services, such as the local history genealogy collection, classes and workshops on new technologies, and the delivery of library materials to homebound residents.

Provides effective and efficient reference and reader advisory services for adults as well as technical assistance in the use of Library resources and technologies.

Division Objectives

Selects and curates the Library's extensive collection of print, media and digital resources as well as develops and implements programming for adults to support lifelong learning and community engagement.

Delivers programs and services that promote literacy including Career Online High School, the READ Santa Clara Program and English as a Second Language programs.

Maintains and supports the development of the City's local history and genealogy collection.

Branch Services
Division Mission

Provides access to collections, programs and space to distinct neighborhoods and communities throughout the City.

Provides relevant physical and digital collections of books, movies and music that appeal to diverse users.

Creates community through popular, informative and cultural programming that engenders lifelong learning.

Division Objectives

Drives economic and entrepreneurial growth by offering free Wi-Fi, computers and group study rooms.

Provides Bookmobile service to outlying, underserved and corporate communities where they work, play, create, learn and live regardless of physical, economic, social and geographic barriers.

Provides clean and safe facilities that enhance the neighborhood

Customer Services Division Mission	Provides and manages procedures for the circulation of Library materials with an emphasis on customer-centered services, including circulation of materials, reserves, patron registration, shelf maintenance and collection of fines and fees. Provide and manage general patron advisory, referral and assistance.
	Develops systems to ensure the timely and effective circulation of Library materials and resources.
	Acts as the initial point of contact for patron inquiries, aids in-person, delivers customer service via telephone and online on issues related to library accounts, circulation of materials and the availability of resources. Processes financial transactions related to patrons' use of materials.
	Coordinates the activities of the Interlibrary Loan and Link+ programs which allow patrons to secure materials from a consortium of academic and public libraries.
	Maintains the orderliness of the Library's collections by ensuring timely and efficient sorting, shelving and retrieval of materials for circulation.
Division Objectives	Provides logistical and operational support for special events and library programs.
Facilities Division Mission	Manages Library facilities to maintain safe, accessible and functional facilities for all Library visitors.
	Develops and manages contracts related to the safety and security of the Library's three physical locations: Central Library, Northside Branch Library and Mission Branch Library.
Division Objectives	Coordinates capital improvements and building maintenance activities with other departments.
	Facilitates the use of the Library's facilities by outside partners such as the Registrar of Voters and the County of Santa Clara for approved civic-related activities.
Technical and Technology Services Division Mission	Manages the acquisition, cataloging, processing, and repair of all types of library materials and the organization of these materials into collections for the use of library customers. Manages operations and systems which support Library services, provide access to Library collections, electronic resources, and information sources beyond the Library, by utilizing current technologies for the benefit of the community and the delivery of customer-centered services.
	Implements cost-savings benefits by purchasing pre-processed Library materials.
Division Objectives	Purchases and processes new library materials for delivery to customers in a timely fashion.
	Synchronizes Library data with other City departments for procurement and maintaining data and statistics.
	Sets up and maintains all public and staff computers and hardware, including workstations, laptops and printers throughout the Library system.
	Implements new library software and upgrades to existing applications to maintain functionality and security.
	Designs and supports technology-based programming.
	Designs, updates, and maintains content for Library website.

**Youth Services
Division Mission**

Provides relevant materials, programming, and services for children, young adults, and their families to support youth development and lifelong learning. Provides the Santa Clara community with opportunities to serve the City and the Library through volunteer activities.

Division Objectives

Supports the role of parents as their child's first and most important teacher through collections, programs, and resources; targeted to children ages 0 to 5.

Recognizes and honors Santa Clara's diverse community through programming multilingual story times and improved foreign language and bilingual collections for children and their families.

Provides equitable and high-quality programming, reference and reader's advisory services for all children and teens.

Publicizes the Library's resources, services and programs to elementary, middle and high schools within the City of Santa Clara, and positions the Library as a community educational partner.

Significant Accomplishments

- Held Comic Con 2022 at the Central Park Library Branch, hosting approximately 6,000 visitors and featuring multiple panels, cosplayers, games and contests; rated 4.68 out of 5 stars by attendees.
- Held 495 library programs across all age groups, with 26,351 people attending.
- Read Santa Clara provided 3,418 hours of free literacy instruction to 82 adult learners, enabling 77% of them to achieve the goals they had set as family members, workers, community members and lifelong learners.
- Implemented a new Homework Help Center with \$89,551 in grant funding from the California State Library. The program, Stronger Together: Teens Lead and Learn supported school children in Grades 2-6, while teens gained first job tutoring experience, with 12-15 families regularly seeking help.
- Published all Summer Reading program materials in both English and Spanish and distributed to all Santa Clara Unified School District students. A total of 2,884 participants read a total of 69,885 hours, with 99% of survey participants indicating they were encouraged to read more over the summer, and every participating child selecting a new book to take home at the end of the summer.
- Transitioned from mostly virtual programming during COVID-19 closures to in-person and hybrid programming in response to changing community needs, with many patrons cheering and clapping at the resuming of in-person programs and expressing how much they missed the library.
- Drew over 1,600 attendees for the Storytimes program every month.
- Provided Dial-a-Story 24/7 virtual programming, featuring weekly stories in English and Spanish, used 680 times since April 2022.
- Championed intellectual freedom and diversity, equity and inclusion in the community, both in collection development and programming, which included: hosting the traveling exhibit “Coming Out: 50 Years of Queer Resistance and Resilience in Silicon Valley;” creating a “We Welcome All” poster to display at all branches in nine languages; Ramadan story times and crafting activities; Pride story times and displays to celebrate Pride Month, Juneteenth, and Asian Pacific Heritage Month.
- Added \$100,000 worth of materials to the Chinese, Spanish, Hindi, Korean, Vietnamese and Persian collections.
- Created State Parks Pass collection used by the public nearly 700 times, pairable with hiking poles, bear canisters and hiking backpacks, to encourage community outdoor adventures.
- Reached out to local groups and seed sellers to support the Seed Share seed library, increasing the collection by over 15 varieties of flowers and vegetables, including seeds from Asian and Indian cuisines.
- Added a Lucky Day collection to the e-books platform, providing no wait for 231 of the most popular titles, which has been used over 1,900 times.
- Added 15 Early Literacy Kits designed to help children ages 3-5 prepare for Kindergarten readiness, which were checked out 76 times between September 2022 and March 2023.
- Developed a Technology Plan to upgrade existing technology, facilitate increased and improved public access, and plan for the next five years of anticipated technological needs and priorities.
- Obtained 90 updated public access computers to improve technological services to the public. Obtained 11 Chromebooks with hotspots for checkout. Replaced 30 public PC catalogs with Google Chromeboxes, providing both updated technology as well as \$16,000 in savings. Provided skilled Tech Help services in addition to upgraded technology, fostering digital equity in the community.
- Maintained and stabilized Open to the Public hours from 24 hours per week to 88 hours per week across all facilities and the Bookmobile.
- Obtained multiple grants with assistance from the Santa Clara City Library Foundation and Friends to support public programming, including the Kaiser ‘Healthy Me, Healthy You’ grant, the California State Library ‘Lunch at the Library’ grant to support outreach to community members seeking food assistance, \$91,766 in California Library Literacy

Services grant funding for Adult and Family Literacy, and \$55,500 in California Library Literacy Services funding for ESL programming to serve adults with very limited English-speaking skills.

- Maintained regular Board of Library Trustees Meetings virtually and successfully transitioned to hybrid meetings.
- Partnered with St. Justin's School, collected approximately 3,700 pounds of food donations on behalf of Second Harvest Silicon Valley Food Bank.
- Served as a COVID testing site in Santa Clara, providing 19,266 COVID tests between August 2020 – October 2022.
- Coordinated with Stanford Blood Mobile for blood drives, collecting over 259 units of blood between 2020-2022.
- Served as the Number 1 out of 103 voting centers in Santa Clara County in 2022, with 1,908 votes processed in-person, and over 4,500 drop off ballots.

Significant Objectives

- Develop and implement a phased in approach to create a “new normal” for library services that balances access to critical library services with patron safety and employee wellness.
- Continue to support the City's respite services such as providing a Cooling and Warming Center and Blood Bank donation services.
- Re-establish Library's role as a service center for community engagement and outreach, using data analysis to strengthen opportunities for stronger Santa Clara resident use and participation.
- Evaluate the Library's current service delivery to accommodate lessons learned from the COVID-19 pandemic to maximize resources and improve services such as a rebalancing of physical and digital resources, continuation of hybrid in-person and virtual programming, opportunities for mobile service delivery and increased community collaborations to foster and support economy recovery efforts.
- Build the Library's capacity to serve by focusing on opportunities for staff recruitment, development, and engagement.
- Initiate Strategic Planning efforts to identify community-based goals for service and to align with City Council priorities.

Budget Highlights

- The Proposed Budget includes the following ongoing budget reductions to help address the General Fund deficit:
 - Reduce the printing, binding and books budget
 - Reduce the non-personnel budget for conference, travel and training; miscellaneous services, supplies and materials; and advertising and community promotion
 - Reduce the utilities budget
 - Eliminate the overtime budget

Reduction of Printing, Binding and Books Budget	0.00	0	(250,000)	0	(250,000)

Program: 1251 – Library – Technical Services

This proposal reduces the printing, binding and books budget ongoing by \$250,000 (from \$758,930 to \$508,930). This budget provides for library collection materials (print, media, online) that are utilized by the community.

Performance Impact

This proposal will reduce the number of new items added to the collection, as well as replacements for collection items that become worn out from heavy use. Staff will purchase fewer copies of new and popular titles, and materials in other languages. The reduction of newly purchased bilingual collection items and materials in other languages impacts offerings to a subset of community members, including adults and families who are English language learners and refugees, many who currently participate in the Read Santa Clara literacy program. Library staff will reduce purchases for low-demand items, making referrals through the interlibrary loan LINK+ service and to neighboring community libraries. Staff will work with the Foundation and Friends to write grants and fundraise for materials.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Reduction of Overtime and Materials/Services/Supplies Budgets	0.00	0	(52,379)	0	(53,575)
Program:	1233 – Mission Library 1234 – Read Santa Clara 1235 – Northside Branch 1236 – Bookmobile & Mobile Library Services 1241 – Reference and Adult Collections 1245 – Customer Services 1251 – Technical Services 1271 – Facilities 1272 – Technology				

This proposal reduces funding for overtime, conferences and trainings, programming and cataloging supplies, office supplies, and advertising and community promotion supplies. This proposal eliminates the overtime budget of \$2,073 (from \$2,073 to \$0) and reduces the materials/services/supplies budget by \$50,306, ongoing. The materials/services/supplies budget reductions include a reduction of \$11,395 in the conference, travel & training budget (from \$19,429 to \$ 8,034), \$12,082 in the miscellaneous services & supplies budget (from \$12,082 to \$0), \$26,764 in the operating supplies budget (from \$79,855 to \$53,091), and \$65 in the advertising & community promotion budget (from \$65 to \$0).

Performance Impact

Staff will utilize other resources to offset the reductions including internal trainings, low-cost trainings, and shifting advertising and community promotion activity to more electronic and low-cost means such as social media platforms to minimize service level impacts. The reductions to operating and miscellaneous services and supplies budget will impact the materials available for distribution at library programs. The reduction in supplies for cataloging and processing materials, paired with the reduction in the printing, binding and books budget, will reduce new and replacement collection materials offered at the libraries.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Reduction of Utilities Budget	0.00	0	(50,000)	0	(51,450)
Program:	1233 – Mission Library 1235 – Northside Branch 1271 – Facilities				

This proposal reduces the utilities budget for library facilities on an ongoing basis. Current utilities funds are slightly inflated and can be reduced by \$50,000 with low anticipated impact as library hours and programming have reduced over the previous years due to COVID-19 and a decrease in the number of after-hours meeting reservations.

Performance Impact

There is little to no anticipated performance impact.

Parks & Recreation Department

This page is intentionally left blank.

Parks & Recreation Department Description

The Parks & Recreation Department provides planning, development, operation, maintenance, and rehabilitation of the City's twenty-nine (29) neighborhood parks, fourteen (14) mini parks, two (2) community parks, three (3) open space sites, ten (10) recreation buildings, four (4) trails, joint use facilities, and eleven (11) bodies of water at five sites. Facilities include community centers, neighborhood park buildings, community gardens, playgrounds, pools, restrooms, picnic areas, turf, trees, vegetation, athletic fields, and joint use facilities. Service levels are set to promote the use of safe, clean, and attractive facilities for enjoyment and quality of life for all ages and abilities. The Department assists the public with facility rentals, community services, cultural programs, special events, enhanced natural environments, fitness and wellness programs, as well as sports and aquatics opportunities. The Senior Nutrition Program provides a congregate meal setting where seniors can improve their health through balanced meals and socialization and is funded through a grant from the Santa Clara County Social Services Agency's Senior Nutrition Program and Community Development Block Grant (CDBG) funds. Seniors are encouraged to access the many services available at the senior center while on site and are given the opportunity to engage in health and wellness programs at the senior center. The Parks & Recreation Department also provides planning, development, operation and maintenance of the City's two cemetery properties to support families before, during and after their time of need. The Cemetery Division maintains 33,000 interment sites in a peaceful public park and provides customer service in a professional and respectful manner, while demonstrating sensitivity to our diverse community.

Divisions and Services

The Parks & Recreation Department is organized into five divisions: Administration, Parks, Recreation, Cemetery, and Senior Nutrition Program.

Administration Division Mission	Provide leadership, resource development and administrative support to Parks, Recreation, Cemetery, and Senior Nutrition Program Divisions; plan and develop new parks and recreation facilities to support the City's programs, activities and special events; review new housing development plans for provision of new parkland dedication and recreation amenities.
Division Objectives	Plan and implement design, development, construction, and maintenance of new parks; rehabilitation of older facilities and infrastructure, including public outreach and Parks & Recreation Commission review and recommendations.
	Research and develop partnerships, sponsorships, and grants from private, corporate, and other public agencies to supplement funding of facilities, projects, programs, and other services.
	Provide leadership to four Commissions (Parks & Recreation, Senior Advisory, Cultural, and Youth).
	Conduct plan reviews and prepare comments for new housing developers to optimize park and recreation amenities in new developments and to ensure compliance with City Code 17.35 (Park and Recreational Land).
	Activate Mass Care & Shelter Function of the Emergency Operations Center (Commodity Points of Distribution, Heating Center, Cooling Center), as needed.
	Plan and implement multiple citywide special events annually.
	Support the Park Impact Fee program. Initiate annual land valuation study used to update the fees in the municipal fee schedule, initiate City park projects, evaluate developer-initiated park projects and calculate park in lieu fees, ensure that all projects meet the needs of the community, facilitate community input.

Parks Division Mission

Maintain, acquire and rehabilitate Santa Clara's parks, community centers, playgrounds, pools, athletic facilities and neighborhood park buildings including restrooms, picnic areas, turf, trees, vegetation, athletic fields, pools, and sports venues at defined levels of service that promote the use of safe, clean, and attractive facilities for the enjoyment of the public.

Division Objectives

Provide administrative direction, updated training, and technical support for Parks Division staff; contract operators of facilities and public users; plan for parks and facility maintenance rehabilitation needs, including volunteer projects to enhance natural habitat and urban forestry.

Maintain nine clean, safe, attractive municipal swimming pools at four sites (International Swim Center, Mary Gomez, Warburton, and Senior Center). Maintain and support the use of clean, safe, fully functional, and attractive Community Recreation Center, Senior Center, Youth & Teen Center, Reed & Grant Sports Park and six neighborhood park buildings. Maintain and support community gardens and natural areas. All facilities and grounds are maintained on a year-round schedule of turf care, irrigation, facility maintenance, vegetation, tree care, litter control, and graffiti removal.

Provide physical and logistical support for citywide special events for planning, mapping, set up, safety and cleanup; ensure that all City and Public Agency permit requirements are met for public events.

Recreation Division Mission

Provide recreation opportunities for all residents of Santa Clara at the Community Recreation Center, Youth & Teen Center, Senior Center, Youth Soccer Park, Reed & Grant Sports Parks, City parks and athletic facilities and City pools.

Division Objectives

The Sports, Aquatics and Athletic Facilities Program coordinates use of the Youth Soccer Park, Reed & Grant Sports Park and some Santa Clara Unified School District (SCUSD) fields; and manages Santa Clara Tennis Center and Gymnastics Center. The Aquatics Program offers year-round access to lap swim for adults and seniors, aquatic fitness programming and a variety of summer swim lessons for all ages; safely supervises seasonal recreational swimming. It partners with the field and pool user groups for consistent use and policy implementation and coordinates with recreation vendors to offer developmental sports programs and adult sports leagues.

Youth & Teen Center offers drop-in afterschool programs for children in K-12 grade, teen volunteer and leadership development, seasonal programs, summer day camp session and serves middle and high school youth with specialized events and programs, including Skate Park programs.

The Performing Arts Program provides a variety of afterschool dance, music, art, creative drama and theater programs, including summer drama and arts camps, dance and musical recitals, performances and exhibitions. Coordinates City use of the Mission City Center for the Performing Arts.

The Senior Center offers a variety of health and wellness, fitness, arts and culture, and special interest classes and volunteer opportunities for individuals over 50 years of age, including programs in the fitness area and natatorium at the Senior Center.

The Enrichment program provides art and expression classes, recreation vendor programs, coordinates membership and sustainability/garden programs at the City's community gardens, and implements preschool enrichment programs, classes and summer camps.

Senior Nutrition Program Division Mission	Provide a congregate meals program to improve senior health and ability to live independently.
Division Objectives	<p>Offer a Monday through Friday senior nutrition program.</p> <p>Encourage participation in Health and Wellness Program, resources, case management referrals, fitness, and social activities at the Senior Center to enhance quality of life.</p> <p>Offer access to information about senior issues and current events.</p>
Cemetery Division Mission	The Mission City Memorial Park provides exemplary cemetery services in a well maintained, park-like setting with a customer-oriented atmosphere. The Agnew Historic Cemetery maintains space for reflection and interprets historical artifacts.
Division Objectives	<p>Mow and trim turf areas weekly; pruning and planting of trees as needed for safety and maintenance of existing canopy.</p> <p>Maintain cemetery buildings daily, in keeping with City standards.</p> <p>Coordinate interments and burials with people in their time of need.</p> <p>Maintain accurate documentation, use best practices and depending on the availability of resources, use current technology to map and record all transactions and burials in the cemetery.</p> <p>Develop in-ground and niche bank spaces to provide additional interment options for families in need.</p>

Significant Accomplishments

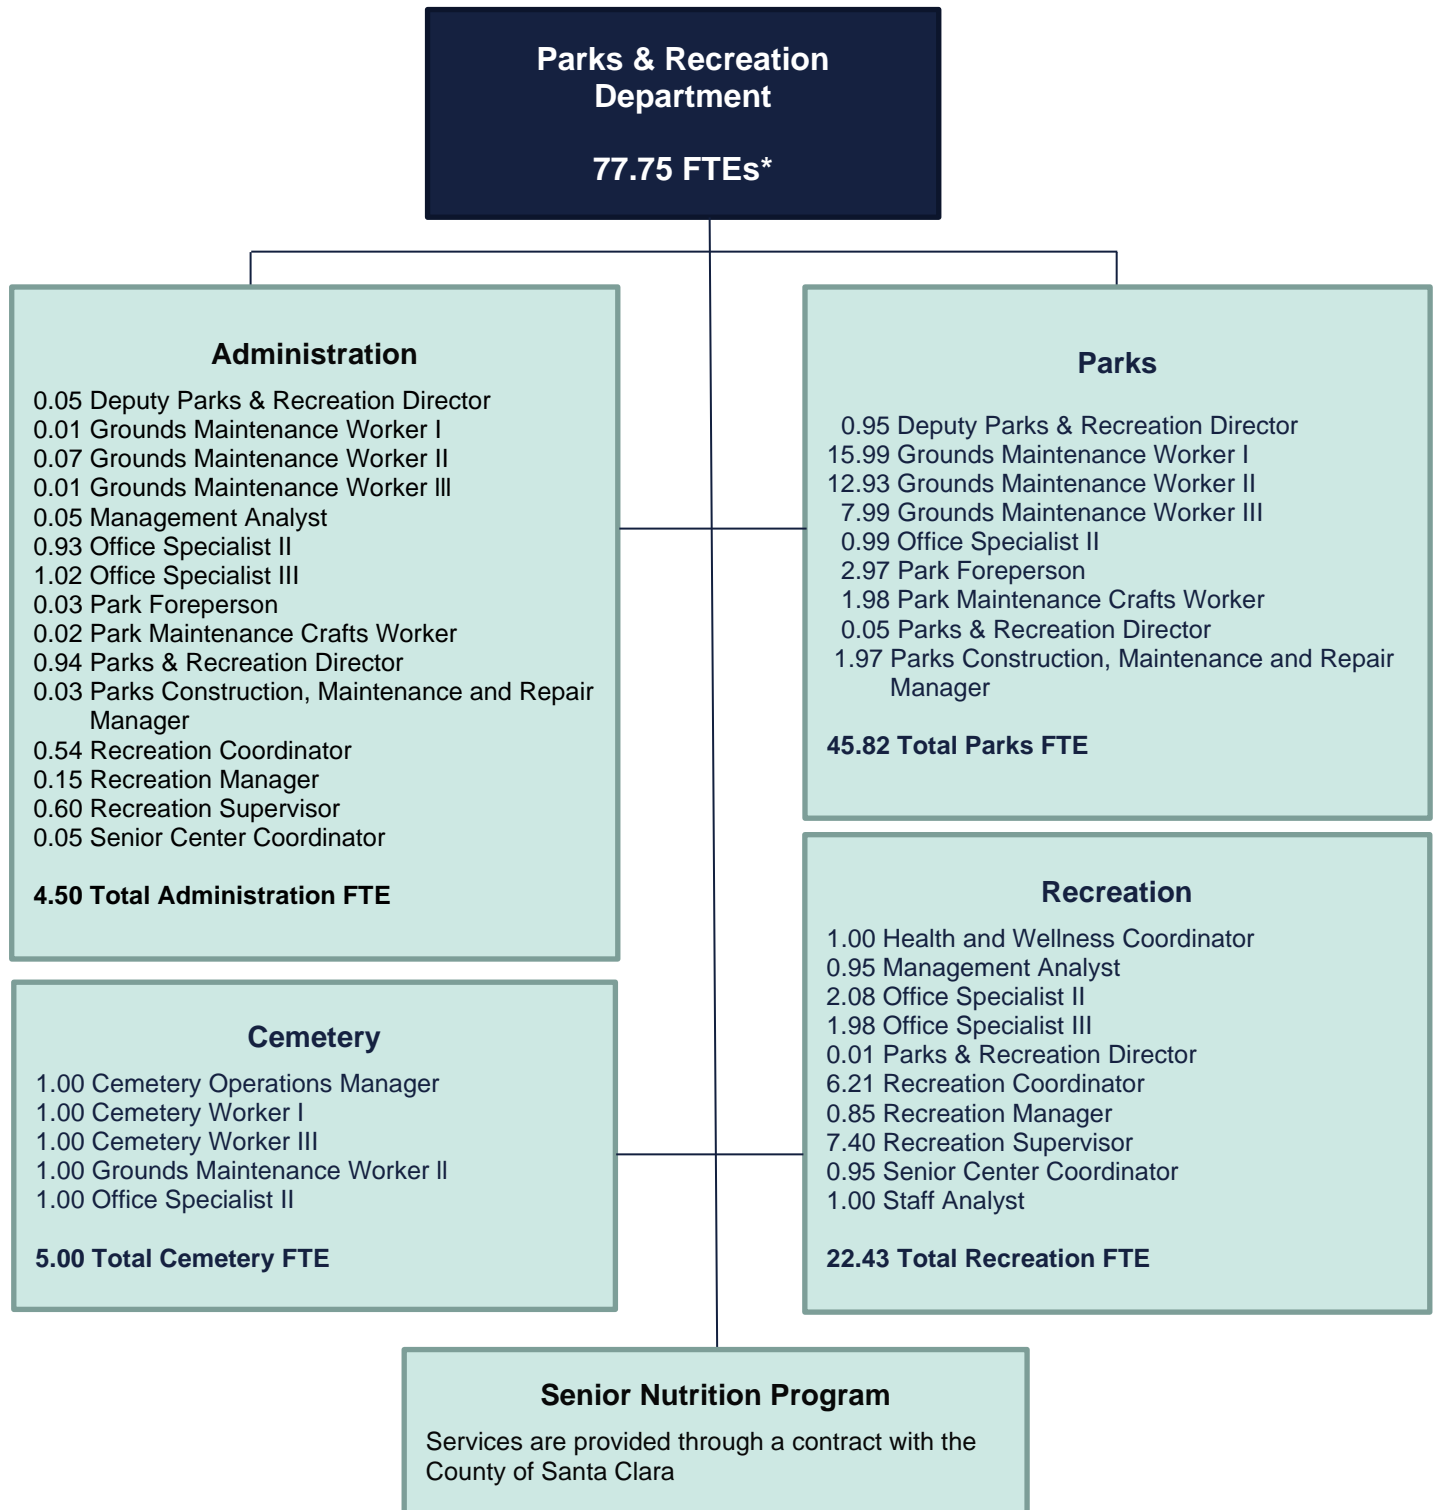

- Created and implemented a cost recovery policy for the Department.
- Began design of playgrounds at Warburton Park and Henry Schmidt Park.
- Initiated a Facility Condition Assessment Report.
- Initiated a Citywide Parks & Recreation Master Plan Study.
- Began rehabilitation of the Westwood Oaks Park playground.
- Began construction on the Montague Park Rehabilitation Project.
- Initiated the Integrated Goose Management Plan (IGMP) at Central Park.
- Initiated International Swim Center Forensic Engineering Study.
- Certified thirty-eight (38) Forklift Operators to be able to move and transport supplies and equipment.
- Certified three (3) International Society of Arboriculture (ISA) Certified Arborists for inspection, and care of City trees.
- Certified twenty-six (26) Green Gardeners for sustainable and responsible landscape design and care.
- Certified three (3) Qualified Water Efficient Landscapers for responsible use of irrigation.

Significant Objectives

- Develop a land acquisition program for parkland.
- Complete construction at Montague Park.
- Onboard Neuvo Community Buildings at Lawrence Station Area Plan.
- Develop Arts Center design at Patrick Henry Drive Precise Plan site.
- Begin Design of Community Park North in the Related Project.
- Complete construction of the Magical Bridge Playground in Central Park.
- Continue to provide approximately 15,800 nutritional meals to seniors in the Monday - Friday Senior Nutrition Program
- Continue to explore options for supporting long-term health of cemetery maintenance endowment

Budget Highlights

- Reduce the General Fund subsidy to the Cemetery Fund by \$100,000 in FY 2023/24 and FY 2024/25 due to recent cost-recovery fee increases to 100% cost recovery, or market rate, for residents and non-residents and an increase in marketing and outreach to the community which has yielded higher average services annually (this change is reflected in the Non-Departmental section of the budget). Cemetery revenues come from the components of burial, such as fees for interment rights, labor charges, and interest on the Cemetery endowment fund principal. Historically, the Cemetery operations have been subsidized by the General Fund by approximately 50%.
- Increase Facility Rental revenues by \$200,000 in FY 2023/24 and an additional \$25,000 starting in FY 2024/25 (this change is factored into the General Fund revenue estimates). The revenue increase is based on the new demand for commercial use reservations and non-profit youth sports field rentals, current revenue trends, and the anticipation of two new community rooms at Lawrence Station in FY 2024/25. The revenue trends reflect the application of the Parks & Recreation Cost-Recovery Policy and associated fee changes, additional marketing of field rentals for commercial use, and new fees for Santa Clara based youth sports organizations.

*The positions above represent all funded positions. This excludes the 1.0 Grounds Maintenance Worker I, 2.0 Grounds Maintenance Worker II and 1.0 Office Specialist II positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).

Police Department

This page is intentionally left blank.

Police Department Description

The Police Department provides law enforcement and other policing services to the City of Santa Clara. The Police Department is organized into four Divisions: Administrative Services; Field Operations; Investigations; and Special Operations.

The Administrative Services Division (Services) is made up of the Chief's Office, Property and Evidence, Professional Standards Unit (Recruiting/Hiring, Internal Affairs, and the Training Unit), Communications Center, Records Unit, and the Community Services Unit.

The Records Unit is responsible for maintaining all crime reports, producing statistical crime information to the Department of Justice and the Federal Bureau of Investigations, providing radio support to officers in the field, and preparing the release of information to the public. The Records Unit also performs customer service functions at the front desk at the Police Building and Northside Substation.

The Communications Center receives and processes emergency and non-emergency calls for the City.

The Community Services Unit has many public facing functions, including acting as the liaison to private and public schools, Adult Crossing Guards, 5th Grade Safety Patrol, instruction related with crime trends (e.g., Run, Hide & Fight trainings).

The Professional Standards Unit handles recruiting, training, and internal affairs.

The Chief's Office manages local, State and federal grants, the Chief's Advisory Committee, the Diversity, Equity and Inclusion Police Subcommittee, and the Department's community engagement efforts (e.g., webpage, social media outlets, print media, Citizens' Police Academy, Chat with the Chief, Coffee with a Cop, Leadership Santa Clara, National Night Out, Talk and Tour, Department Open House, etc.). This office also facilitates major projects, the Department's budget, legislative advocacy positions, policy management, the community volunteer program, and responses to developer inquiries.

The Field Operations Division (Patrol) is comprised of first responders who respond to the vast majority of calls for service. The Division is made up of patrol teams, a motorcycle traffic unit, a traffic/hit-and-run investigator as well as community service officers to manage parking control and abandoned vehicle abatement.

The Community Response Team (CRT) is also part of the Field Operations Division. The CRT addresses quality of life issues in the City (e.g., homelessness, RV parking, mental health issues, drug activity, conflicts with neighbors, blights, abuse of the 911 system, referrals to programs, services and housing, etc.). The CRT is also the liaison to Santa Clara University and oversees the permits unit (e.g., food trucks, bingo, tow companies, and massage), facilitating inspections and investigations. The CRT includes Crisis Intervention Specialists to coordinate and support beneficial outcomes for vulnerable populations, such as the City's unhoused residents and the mentally ill.

The Investigations Division (Detective Bureau) is responsible for conducting follow-up investigations, particularly for major crimes. Detectives are assigned by type of crime, which includes homicide, assaults, robbery, theft, burglary, sexual assault, financial crimes, arson, and juvenile crimes. The Investigations Division keeps track of and continues to pursue "cold cases." The Investigations Division houses the Department's Forensic Coordinator and Crime Analyst and serves as the liaison to specialized task forces.

The Special Operations Division serves as the liaison between the City and outside entities for special event permits (e.g., walk/run, parade, festival, etc.), provides security support for dignitary visits and demonstrations, and develops operational orders for law enforcement, traffic and neighborhood protection needs associated with Levi's Stadium, Santa Clara Convention Center, California's Great America, and Santa Clara University. The Reserve Police Officer program complements the work of the Department and is supported by this Division. This Division is the home to a number of specialized teams within the Department, such as the K-9 Unit, Hostage Negotiation Team, and the Special Response Team (SRT). This Division manages the Temporary Holding Facility at the Police Building and Levi's Stadium, as well as the Jail Service Officers.

Divisions and Services

Administrative Services Division Mission

The Administrative Services Division (Services) is made up of the Chief's Office, Property and Evidence, Professional Standards Unit (Recruiting/Hiring, Internal Affairs, and the Training Unit), Communications Center, Records Unit, and the Community Services Unit.

The Communications Center receives, and processes emergency and non-emergency calls for the Police and Fire Departments, as well as non-business after hour response for other Departments throughout the City.

The Community Services Unit has many public facing functions: liaison to private and public schools, Adult Crossing Guards, 5th Grade Safety Patrol, instruction related with crime trends (e.g., Run, Hide & Fight trainings).

The Chief's Office manages local, State and federal grants, the Chief's Advisory Committee, the Diversity, Equity and Inclusion Police Subcommittee, and the Department's community engagement efforts (e.g., webpage, social media outlets, print media, Citizens' Police Academy, Chat with the Chief, Coffee with a Cop, Leadership Santa Clara, National Night Out, Talk and Tour, Department Open House, etc.). This office also facilitates major projects, the Department's budget, legislative advocacy positions, policy management, the community volunteer program, and responses to developer inquiries.

The Records Unit is also part of the Administrative Services Division. The Records Unit is responsible for maintaining all crime reports, producing statistical crime information to the Department of Justice and the Federal Bureau of Investigations, providing radio support to officers in the field, and preparing the release of information to the public. The Records Unit also performs customer service functions at the front desk at the Police Building and Northside Substation (should this facility reopen).

Division Objectives

This budget cycle, the Communications Center will update its Viper phone system and NICE phone recording system. Doing so, will also allow for enhancements to the city's Next Generation 911 (NG911) system. This highly reliable, secure system will have enhanced tools for more effective and efficient response, increased ability to interoperate or transfer all functionality in the event of a major disaster. With these upgrades, citizens in need of emergency assistance will be able to transmit photos, videos and other existing and future forms of broadband data and applications, in addition to voice, to Public Safety Dispatchers which can be passed along to first responders and incident commanders.

Communication
Acquisitions
Division Mission

Replace amortized electronic equipment within the City.

Division Objectives

Provide continued funding for communications equipment replacement as necessary. All departments with radios are charged annually; at the end of eight years, replacement radios are expected to be fully funded.

Make adjustments to the Fire Department's radios to address State Load channels prior to wildfire season.

Field Operations
Division Mission

Protect and serve with honesty, fairness, professionalism, and integrity. Maintain a community atmosphere that will provide our citizens with a quality of life that will enable them to enjoy our community to the fullest.

The Field Operations Division (Patrol) is comprised of the "first responders" who provide immediate services to residents, visitors, and businesses within our City. The Division is made up of patrol teams, a motorcycle traffic unit, a traffic/hit-and-run investigator as well as community service officers to manage parking control and abandoned vehicle abatement.

The Community Response Team (CRT) works towards goals of crime reduction and promoting community wellness, often among vulnerable populations. In 2020, SCPD established two Crisis Intervention Specialist positions as part of the CRT. The Specialists coordinate and support beneficial outcomes for persons with mental illness who have come to the attention of the Department. The CRT's function has many community benefits, including addressing long-term public safety issues, allowing patrol officers to focus on in-progress events, community engagement, and proactive police work.

The Traffic Enforcement Unit monitors traffic violations and enforces laws at identified problem areas and intersections.

With data from the Investigations Division, Field Operations personnel are being deployed by Public Safety Dispatchers to locations on specific days and times, using a matrix of factors, in an effort to prevent crime.

Division Objectives

Field Operations personnel will continue to address alcohol related crimes and disturbances, particularly in the Santa Clara University footprint.

Look ahead at training and equipment needs in the coming 18-36 months and develop a strategic plan that addresses those needs, factoring in the impacts of the recent and pending budget reductions as well as new legislative requirements.

- Enhance the use of FLOCK in identifying stolen vehicles
- Transition select fleet vehicles to zero emission electric vehicles

Investigations Division Mission

The Investigations Division receives reports of crimes that have occurred in our community and conducts follow-up investigations, utilizing statements, physical evidence, crime analysis, and deductive reasoning to identify perpetrators of crime. Detectives are assigned by type of crime, which includes homicide, assaults, robbery, theft, burglary, sexual assault, financial crimes, arson, and juvenile crimes. The Investigations Division keeps track of and continues to pursue “cold cases.” Subpoenas for trial witness are processed and delivered from this Division.

The Special Enforcement Team (SET) will continue to operate as a proactive unit dedicated to the suppression of crime in our community.

Division Objectives

Proactively serve the City's residents by combatting crime and identifying those responsible.

Continue to aggressively track and monitor registered sexual offenders and gang registrants.

Investigate and seek out criminals resulting in a high volume of prosecutable cases.

Special Operations Division Mission

The Special Operations Division includes the Homeland Security and Special Events Unit. It serves as the liaison between the City and outside agencies for special event permits (e.g., walk/run, parade, festival, etc.), provides security support for dignitary visits and demonstrations, and develops operational orders for law enforcement, traffic and neighborhood protection needs associated with Levi's Stadium, the Santa Clara Convention Center, California's Great America, and Santa Clara University. This Division is the home to a number of specialized teams within the Department, such as the K-9 Unit, Hostage Negotiation Team, and the Special Response Team (SRT).

The Reserve Police Officer program complements the work of the Department in many ways and is supported by this Division.

This Division manages the temporary holding facility at the police building and Levi's Stadium, as well as the jail service officers.

Division Objectives

Utilize technology to provide real-time updates during events to provide complete situational awareness and improve public safety capabilities.

Maintain critical information sharing and partnerships with federal, State and local law enforcement agencies to ensure the safety and security of the community.

Significant Accomplishments

- Developed a policy, conducted the required public meetings and gained City Council approval to comply with AB 481, which requires California law enforcement agencies to obtain approval of a Military Equipment Use Policy by their governing body prior to taking certain actions related to the funding, acquisition or use of military equipment.
- Implemented a two-year, 12-camera pilot program with automated license plate reader technology to aide in locating stolen vehicles.
- Upgraded the recording system within the 9-1-1 phone system.
- Transitioned the City's estimated 950 radios to encrypted channels to comply with Department of Justice mandates by December 31, 2021.
- Partnered with the Diversity, Equity and Inclusion Task Force in the review of department policies.
- Implemented a confidential database with crucial information about individuals with special needs that may be useful for responding public safety personnel.
- Provided the community with the opportunity to voluntarily participate in a Special Needs Awareness Program.
- Transitioned to a new Records Management System and converted from Uniform Crime Reporting Program to National Incident Based Reporting System by January 2022.
- Implemented AB 953, Racial and Identity Profiling Act, policy mandates by April 1, 2022.
- Facilitated a Study Session with City Council related to recreation vehicle parking in the City.
- Selected, trained and launched the Directed Aerial Response Team.
- Re-implemented the Resident Permit Parking program with a third-party vendor managing the virtual permit process.

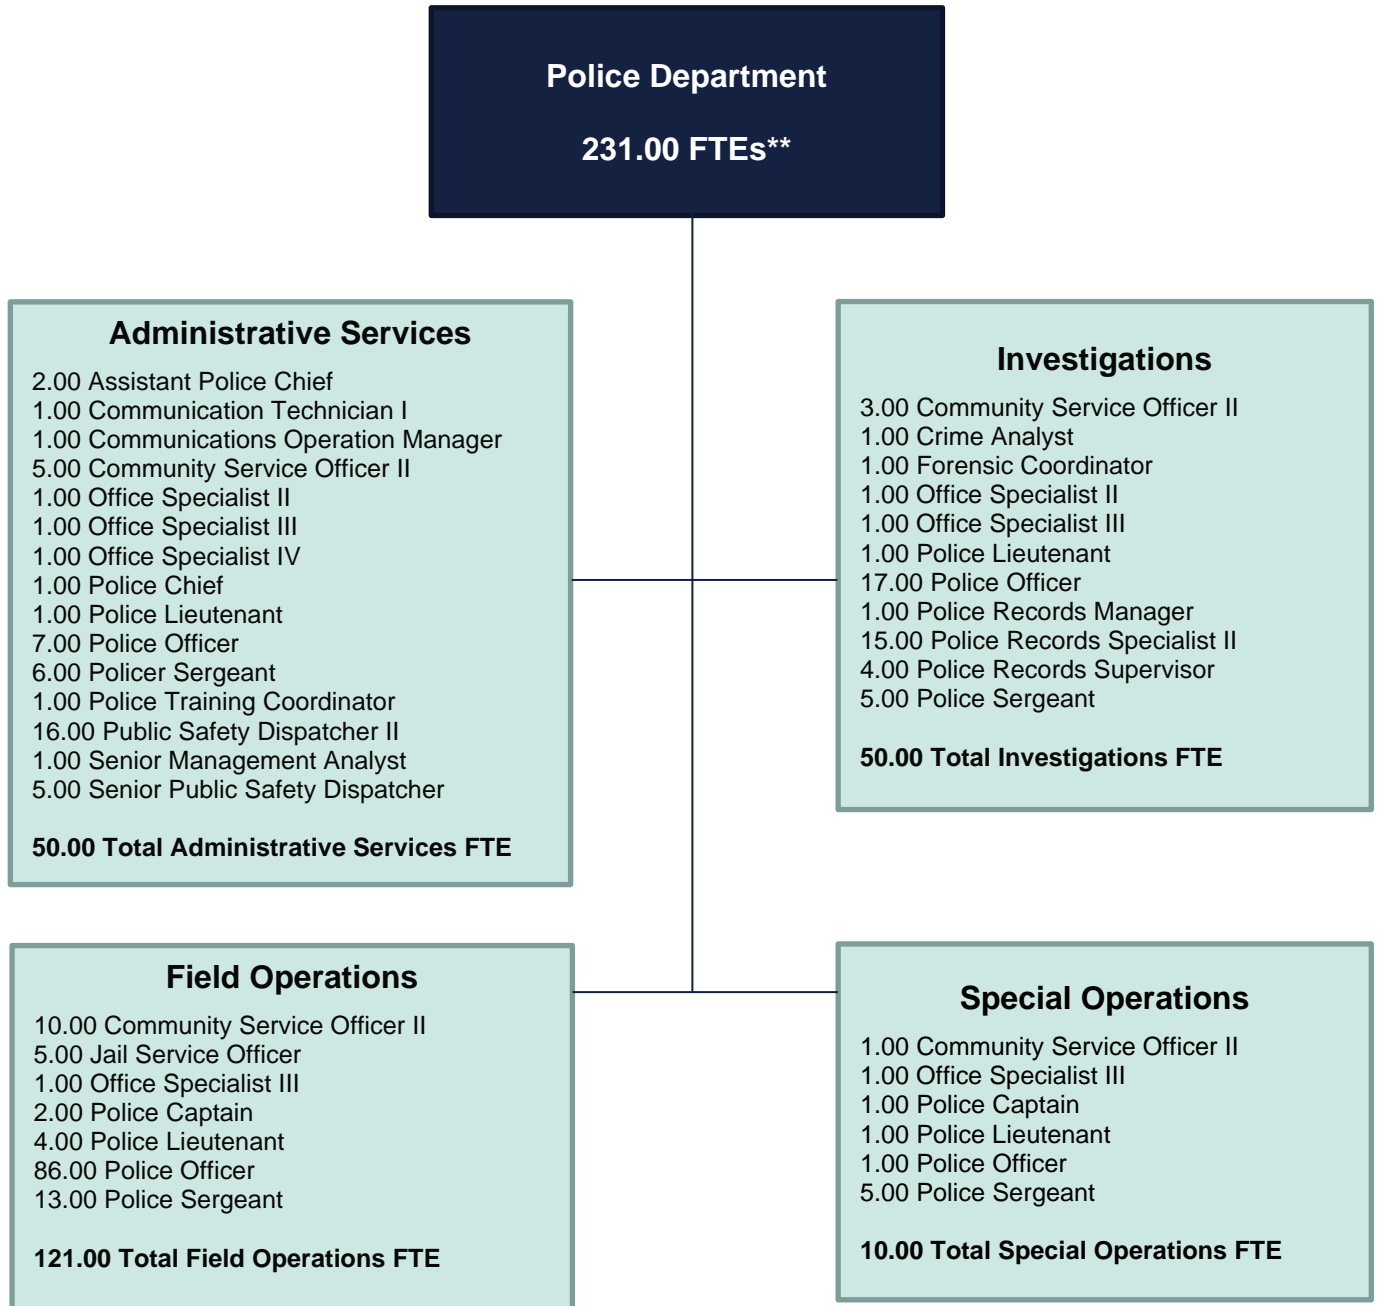

Significant Objectives

- Conduct a ceremony for the naming of the Temporary Holding Facility in honor of Carla Munoz, who had a distinguished career with the Police Department and was the City's first ever Jail Service Officer.
- Restore programs, services and facilities to pre-pandemic levels, including but not limited to:
 - Parks patrol
 - School Resource Officer(s)
 - Traffic/motorcycle Unit
 - Northside Police Substation
 - Reconvene the Diversity, Equity and Inclusion Police subcommittee
- Continue to utilize the 15-member Chief's Advisory Committee to advise the Police Chief on issues, matters and public policies which influence or impact the ongoing relationship between the Police Department and the community.
- Develop a comprehensive, multi-phase strategy to recruit highly qualified, motivated applicants and facilitate the hiring of full-time and part-time employees in sworn and civilian professional capacities.
- Develop a policy, municipal fee schedule and corresponding checklist to accept Conceal Carry Weapon permits.
- Develop first AB 481 Annual Report and conduct the associated public meeting.
- Complete the upgrade to 9-1-1 phone system to include updated version of Next Generation 911 compatibility.
- Conduct the Hexagon Computer Aided Dispatch 9.4 version upgrade.
- Improve Public Safety Dispatcher applicant process by replacing Dispatch POST Testing with the CritiCall testing software.

- Migrate Communications Training Daily Observation Reports (DOR) from in-house Excel documents to LEFTA program.
- Install LAWNET/REDNET talk groups on Motorola Consoles.
- Coordinate with Hexagon and the Department of Justice regarding proposed changes by the Racial and Identity Profiling Act (RIPA) Board for additional data point collection by January 1, 2024.
- Explore replacement of radios (hand-pack).
- Implement Mark43 record management system.
- Evaluate the upgrade of equipment in the Communications Center that provides fire station alerting.
- Utilize one-time grant funds to seek out a mental health clinician to support the efforts of Crisis Intervention Specialists.
- Seek City Council guidance on the Bingo Ordinance in connection with State law.
- Recommend adjustments to the City Code in connection with Senate Bill 946 Sidewalk Vendors Soliciting.
- Amend the Police Department's Retention Schedule.
- Determine the future for the Northside Police Substation, potentially including a lease extension.
- Transition select fleet vehicles to zero emission electric vehicles.
- Work with law enforcement partners to address local (e.g., abandoned vehicles, recreational vehicle (RV) parking, neighborhood parking) and regional issues (e.g., property crimes, homelessness, traffic, mental illness, street racing).
- Develop a community engagement program utilizing the state-of-the-art use of force simulator to provide a realistic, yet safe, environment for education with induced stimuli.
- Staff the Gun Violence Prevention Task Force.
- Expand the Crisis Intervention Specialist program from two to four police officers to provide better coverage for 24/7, 365 operations.
- Develop a real-time Crime Center.
- Secure grant funds to purchase front-line law enforcement equipment, conduct specialized operations, and offer officer training (e.g., evidence vehicle, use of force simulator).
- Implement new ways to staff all special events with highly trained and committed public safety personnel to ensure the safety of all attendees, control traffic and pedestrian movement, and reduce the impact on surrounding residents and businesses.
- Proactively serve the City's residents by combatting crime and identifying those responsible.

Budget Highlights

- The Proposed Budget reflects the following:
 - No cuts to positions within the Department
 - Ongoing reduction in operating supplies to help address the General Fund shortfall

***The positions above represent all funded positions. This excludes the 4.0 Police Officer and 2.0 Police Sergeant positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402). This position count, however, includes positions that were restored with the \$1.7 million added to the Police Department budget on June 22, 2021. This funding restored 10.0 FTE to the Police Department, approved by the City Council on January 11, 2022 (Report to Council 22-1595).*

Budget Summary

Service Level Changes

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Departmental Vacancy Factor Increase	0.00	(1,580,000)	0	(1,670,000)	0

Program: 7742 – Administration

This action increases the Police Department's budgeted vacancy factor (from 3% to 7%) to more closely reflect savings the Department has recognized in prior years. Over the last decade, the Police Department has experienced an average vacancy rate of over 7%, and the current vacancy rate is 12.5%. The higher vacancy rate would apply to the next two fiscal years but would revert to the 3% level on an ongoing basis as the City works to reduce the vacancy rate. While the Department has made efforts in recruitment, the vacancy rate has still remained high.

Performance Impact

The Department is currently operating at an approximate 12% vacancy factor; therefore, no service level impacts result from this proposal, and the budget allows for the pace of department hiring to continue as experienced before the pandemic.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Reduction in Operating Supplies	0.00	0	(90,000)	0	(90,000)

Program: 7745 – Department Support

This action reduces the Administrative Services Division operating supplies budget from \$189,425 to \$99,425. This reduction item is specifically for recruitment expenses and aligns more closely to historical spend.

Performance Impact

The Department does not anticipate any impact to recruitment or service delivery with this reduction.

¹ The Police Department transitioned from the Uniform Crime Reporting System to the National Incident Based Report System (NIBRS). With this transition, crime categories have changed, with NIBRS reporting crimes (e.g. fraud, counterfeiting, forgery) as separate categories, while the previous system reported them as one category. Due to this change in reporting, reasonable targets are not yet known.

Department of Public Works

This page is intentionally left blank.

Department of Public Works Description

The Department of Public Works (DPW) constructs, maintains and improves various components of the City's infrastructure and provides quality, cost-effective, timely services to the residents and businesses of Santa Clara. DPW is responsible for a wide variety of programs throughout the City which include design, construction management, stormwater pollution prevention, inspection and maintenance of City streets, bridges, traffic signal systems, building facilities, street trees, landscaping, sidewalks, and the closed landfill. These responsibilities include the engineering aspects of the sanitary sewer system, which is maintained by the Water and Sewer Utilities Department, and maintenance of storm drain pipelines and trash racks for pump stations which are maintained and operated by the Water and Sewer Utilities Department. The Department oversees the coordination and management support for the Convention Center Maintenance District, which consists of Hyatt Regency, Techmart, and the City, and maintains the grounds of the Franklin Square complex under the Downtown Parking Maintenance District. DPW manages solid waste contracts which provide services such as garbage, yard waste, recycling, street sweeping, household hazardous waste and the annual Clean-Up Campaign. Another significant component of DPW includes overseeing the procurement and maintenance of the City's fleet of vehicles and equipment. The Fleet Management program manages the lifecycle, replacement, procurement, upfit, and disposal of all vehicles and equipment within the City. This program also supports the City's diverse fleet operations, ensuring safe, cost-effective, and sustainable maintenance, repair, fueling, replacement, and compliance of City-owned vehicles and equipment.

Divisions and Services

The Department focus areas include Engineering Services and Operations and Maintenance. Engineering is comprised of five divisions: Administration, Traffic, Design, Land and Property Development, and Field Services. Operations and Maintenance is comprised of three divisions: Facility Services, Streets, and Fleet Management. The Streets Division is further subdivided to operate in the following areas: Administration, Traffic Maintenance, Street Maintenance (streets and storm drains), Environmental Programs, Solid Waste, Landscape, and Code Enforcement. The Facility Services Division manages the Convention Center Maintenance District, the Street Division manages the Downtown Parking Maintenance District, and the Fleet Management Division manages the Vehicle Replacement and Fleet Operations Funds.

Engineering - Administration Division Mission	Provide administrative support services which meet the needs of the division, departments, and community.
Division Objectives	Manage and oversee all Department activities, represent the Department at the City Council meetings, and represent the City at various agency meetings.
	Develop and manage an efficient, cost effective department operating budget and capital improvement program (CIP) budget. Provide management and assistance in the development and delivery of the City's CIP.

**Engineering – Traffic
Division Mission**

Provide safe and efficient movement of pedestrian, bicycle, transit, and vehicular traffic.

Enhance safety and mobility for pedestrians and bicyclists through implementation of new or improved facilities such as bike lanes, pedestrian beacons, and intersection improvements consistent with the City's Bicycle Plan and Pedestrian Master Plan.

Enhance safety, increase operational efficiency, and reduce delays for all users of the City roadway system through implementation of improvements, innovative technologies, and engineering designs.

Division Objectives

Maintain, operate, and upgrade traffic infrastructure in an efficient and timely manner.

Apply for and administer transportation grants to augment the City's finances for improving traffic, pedestrian, and bicycle-related infrastructure.

Review proposed private development projects for consistency with City transportation policies and the California Environmental Quality Act (CEQA).

Review, investigate, and respond to resident and business inquiries/complaints regarding City traffic and roadway parking operations.

**Engineering – Design
Division Mission**

Provide high quality services to the community through efficient and effective delivery of capital improvement projects and management of the City's infrastructure.

Manage infrastructure and the capital improvement project programming for pavement management, storm drain facilities, and capacity improvements for the sanitary sewer system.

Provide capital project administration, engineering, and management services for a variety of projects including transportation, roadways, pedestrian and bicycle, storm drains, sanitary sewers, buildings, libraries, and parks to implement the City's capital improvement program.

Division Objectives

Coordinate the Community Rating System (CRS) program with Federal Emergency Management Agency (FEMA) to maintain the City's Class 7 rating. This provides a reduction in flood insurance premiums for the property owners with flood insurance in the City of Santa Clara.

Maintain engineering design standard documents and maintain infrastructure record information such as as-builts and base maps.

**Engineering – Land
and Property
Development
Division Mission**

Assist customers and the community by providing effective and efficient services during project development and public improvement design phases.

Facilitate the issuance of timely reviews and permits for residents, developers, and utilities in compliance with land use and development standards.

Division Objectives

Provide developers, residents and permittees with information related to fees, general engineering, City utilities, property lines and design standards.

Develop new procedures to streamline processes and use new technology to facilitate current procedures.

Engineering – Field Services Division Mission	Serve all City departments and the community through effective and efficient construction management, construction inspection, materials testing, surveying, and administration services of public improvement projects.
Division Objectives	<p>Provide effective construction management, construction inspection, materials testing, surveying, and administration services for capital improvement projects, such as transportation, roadways, pedestrian and bicycle, sanitary sewers, storm drains, buildings, libraries, and parks.</p> <p>Deliver effective construction inspection, material testing, surveying and administration services for private developments that involve the City's infrastructure.</p>
Facility Services Division Mission	Perform cost effective repair and maintenance procedures to ensure City-owned buildings remain safe, attractive, and energy efficient. Provide a safe, clean, and well-maintained public space in support of the Santa Clara Convention Center Maintenance District ensuring a safe environment while enhancing the property value.
Division Objectives	<p>Maintain approximately 1,100,000 square feet of City-owned buildings in a safe, functional, and clean condition for all users. Oversee vendor contract to provide janitorial services to most City buildings and numerous service contracts to support the Facilities repairs and maintenance operations.</p> <p>Provide oversight of the Convention Center Maintenance District for the upkeep of equipment, signs, landscaping, pavement, concrete curb, gutter and sidewalks, service roads, pedestrian bridges, including the garage at the Santa Clara Convention Center complex and the Tasman Parking Garage.</p>
Streets Division Mission	Maintain streets, sidewalks, signs, markings, storm drain pipeline infrastructure, trees, and other landscape in the public right-of-way. Implement reliable, cost-effective solid waste programs that maximize landfill diversion.
Division Objectives	<p>Repair street potholes and sidewalk tripping hazards.</p> <p>Clean and maintain the storm drain collection system and implement the City's Urban Run-off Pollution Prevention Program.</p> <p>Maintain landscapes in the public right-of-way and remove graffiti.</p> <p>Prune City trees and plant new trees to replenish the City forest.</p> <p>Maintain traffic signs, striping, curb markings, and pavement messages.</p> <p>Repair damaged City-owned parking lots and walkways.</p> <p>Provide regular street sweeping services.</p> <p>Implement solid waste collection and disposal diversion programs to achieve cost recovery and maintain compliance with regulations.</p> <p>Manage solid waste collection contractors to ensure a high level of customer service and that agreement provisions are being followed.</p> <p>Complete the annual Clean-Up Campaign swiftly and safely.</p>

**Fleet Management
Division Mission**

Provide and maintain safe and reliable vehicles and equipment essential for the delivery of City services. Optimize fleet services through timely and cost-effective procurement, compliance, maintenance, fueling, and disposal services.

Implement the City's Green Fleet Policy.

Monitor the City's fleet usage and remove under-utilized vehicles and unfunded retained assets from the fleet.

Perform manufacturer's recommended preventative maintenance on fleet assets to increase reliability and reduce costs associated with repairs.

Division Objectives

Procure equipment and vehicles identified for replacement.

Collaborate with departments on replacement equipment and vehicles before each purchase.

Evaluate alternative fuel options before purchasing new vehicles or equipment.

Ensure purchases of vehicles and equipment meet the highest air quality standards set by California Air Resources Board.

Significant Accomplishments

Administration:

- Managed Council priorities and reprioritized department workload to accomplish tasks while maintaining significantly lower staffing levels from previous budget reductions to help resolve the City's budget deficit.
- Prepared numerous Council reports and presentations to support Council decision making and City priorities.
- Managed department budgets, staffing, work plans and performance measures to ensure work was being completed within approved budgets.
- Provided customer service support to residents to ensure all inquiries, work requests, and information requests were being addressed.
- Completed the FY 2021/22 & FY 2022/2023 Biennial Operating Budget and the FY 2022/23 & FY 2023/24 Biennial Capital Improvement Program Budget.
- Completed updates to the Municipal Fee Schedule for FY 2023/24.
- Coordinated and managed the distribution of any COVID-19 related safety supplies as requested (reusable and disposable face masks, hand sanitizer, sanitizing wipes, etc.).

Design:

- Completed design work for the following capital improvement program projects/studies: 2021 Annual Street Maintenance and Rehabilitation - Washington Street Storm Drain Improvement Project; 2022 Annual Street Maintenance and Rehabilitation; 2023 Annual Street Maintenance and Rehabilitation; Annual Curb Ramp Installation 2022; Annual Curb Ramp Installation 2023; Public Right-of-Way ADA Improvements Construction Contract Packages 1, 2, 3 & 4; High-Intensity Activated Beacon on Scott and Harrison; Lick Mill-East River Parkway Crosswalk Improvement, Santa Clara School Access Improvements; Public Parking Lot Pavement Condition Assessment; Lafayette Street Underpass at Subway Storm Drain Pump Station Evaluation; Sanitary Sewer Hydraulic Model support – Patrick Henry Specific Plan; Calabazas Creek Sanitary Sewer Deficiency Study/Evaluation; Northside & Rabello Pump Station Firm Capacity Evaluation; Sanitary Sewer Condition Assessment Repair Package 1; Sanitary Sewer I/I Evaluation, Citywide Data Center Sewer Discharge Study; Citywide Stationary Standby Emergency Generators Replacement - Phase 2; Fire Station 2 Training Tower Repair Assessment; Northside Branch Library Photovoltaics System Installation; Utility Corporation Yard Field Service Center Renovation; Raymond G. Gamma Dog Park Improvements; Harris-Lass Museum Repairs; Montague Park Rehabilitation; Fairway Glen Park Restroom Construction Project; Magical Bridge Play Ground Improvement; and Westwood Oak Playground Improvement Project.
- Managed, maintained, and provided Sanitary Sewer Hydraulic Modeling support services for approximately 20 Land Development Projects.
- Implementation of Pavement Moratorium requirements, prepared five-year pavement program with list of streets, coordinated the five-year program with all utilities in the City, and made the information available on City's website.
- FEMA's CRS program: Coordinated with relevant City departments during the annual recertification process and provided Elevation Certificate & Letter of Map Amendment (LOMA) assistance to permit center & planning staff on an ongoing/as needed basis.
- Effectively implemented and coordinated use of BidSync for Request for Proposals and Bids and online bid submittal.
- Provided core team support through active participation for the continued implementation of the City's CIP Management Database, e-Builder.

Field Services:

- Received a Project of the Year Award from the American Public Works Association for the Reed & Grant Sports Park Project.
- Received a Project of the Year Award from the American Public Works Association for the Raymond G. Gamma Dog Park Improvements Project.
- Completed coordination, inspection, and activation of traffic signals at Juliette Lane and Mission College Boulevard, Corvin Drive and Kifer Road, and Olcott Street and Scott Boulevard.
- Completed construction of the following capital improvement projects: Scott Boulevard Traffic Signal Interconnect & Coordination; Lick Mill - E. River Parkway Crosswalk Improvement; Bicycle Lane Improvement on Pruneridge Avenue at Lawrence; 2021 Annual Street Maintenance & Rehabilitation; Harris Lass Museum Repairs; Santa Clara Access School Improvement Project; Public Right-of-Way ADA Improvements Packages 1 & 2; 2022 Annual Street Maintenance and Rehabilitation Project; 2022 ADA Upgrade project; Montague Park Rehabilitation; Laurelwood Pump Station Rehabilitation Project; Mission Branch Library Gazebo Project; and Citywide Generator Project Phase 1.
- Provided effective construction management, construction inspection, surveying, materials testing, and administration services for approximately 51 capital improvement projects and approximately 948 encroachment permits.

Land and Property Development:

- Issued approximately 930 encroachment permits over the last two fiscal years. Major encroachment permits for some notable development projects include: 2323/2343 Calle Del Mundo (SummerHill Apartment - Tasman East Specific Area Plan); 2300 Calle Del Luna (Related - Tasman East Specific Area Plan); 2230 Calle De Luna (Holland - Tasman East Specific Area Plan); 2240 Calle de Luna/5123 Calle Del Sol (Ensemble - Tasman East Specific Area Plan); 3312 Kifer/2904 Corvin (Allied Housing - Lawrence Station Area Plan); 1205 Coleman Avenue (Hunter Storm – Gateway Crossings); 2780 El Camino Real – complete package (KB Homes - Moonlite Lanes Residential); 1200 Memorex (Data Center); 2905 Stender Way (Data Center); California High Speed Rail (SF-SJ) Environmental Impact Report/Environmental Impact Statement; Caltrans US 101 / De La Cruz Street Improvement; 2305 Mission College Blvd (Data Center); 737 Mathew (Data Center); 651 Walsh Avenue (Data Center); and 2330 Monroe Street (Apartments).
- Processed approximately 800 development site clearances for building permits and collected fees.
- Processed 10 subdivision maps and approximately 130 land title documents which includes processing, reviewing, approving, and recording the title documents.
- Continued to lead and support private development throughout the City including large developments such as Related Santa Clara, Tasman East, Patrick Henry Drive, Freedom Circle, Lawrence Station, etc.
- Provided dedicated support for the high-priority Related Santa Clara project by:
 - Leading, coordinating, and facilitating the relocation of third-party utilities to support the City's vacation of Centennial Boulevard and a portion of Stars and Stripes Drive.
 - Providing technical support for the City's approval of the Vesting Tentative Subdivision Map for the Development Area Plan (DAP)1 for the project.
 - Actively coordinating and providing technical review of the DAP 1 public improvement package for streets and utilities improvements.
 - Participating in weekly project coordination meetings with the Related Santa Clara team.
 - Providing project management and technical engineering support to the City Manager's Priority Project Manager for the project.

Traffic:

- Completed coordination, construction, and inspection of bicycle lane improvements on Monroe Street (Chromite Drive to San Tomas Expressway) and Lafayette Street (Calle de Luna to Agnew Road), Walsh Avenue (Bowers Road to San Tomas Expressway), The Alameda (Market Street to El Camino Real), Great America Way (Lafayette Street to Great America Parkway), Mission College Boulevard (Freedom Circle West to Montague Expressway), and Scott Boulevard (Central Expressway to Olcott Street).
- Completed a two-year community outreach and study process for the Pruneridge Avenue Complete Streets Plan. On August 30, 2022 City Council adopted the Pruneridge Avenue Complete Streets Plan and selected a preferred design concept for staff to pursue outside funding opportunities such as grants, etc.
- Obtained \$1.9 million of regional grant funding for Citywide Traffic Signal LED Lighting Upgrades; High Priority Curb Ramps; Bike Safety Equipment; Bike Corridor Planning Studies for Walsh Avenue, Monroe Street, and De La Cruz Boulevard; Mission College Class IV Bike Lane Implementation; Pruneridge Avenue Signal Timing; Vision Zero Study; and Multijurisdictional Intelligent Transportation Improvements.
- In partnership with the City of Cupertino, obtained \$8.5 million in State Transit and Intercity Rail Capital grant funding to expand Cupertino's on-demand shuttle program into Santa Clara over the next four years.
- In 2021, secured Federal Community Project funding of \$2.75 million for the De La Cruz Boulevard, Lick Mill Boulevard, and Scott Boulevard Bicycle Projects submitted by Congressman Ro Khanna.
- Received, investigated, and responded to 692 traffic requests from the public during FY 2021/22.
- Supported traffic operations for 11 events at Levi's Stadium in FY 2021/22.

Facility Services:

- Worked with Santa Clara County on obtaining a Historical Grant for the Harris Lass property improvements project.
- Processed approximately 1800 facility work orders for internal City customers and facilities with 95% satisfaction rate.
- Completed the Facility Capital Improvement Project for Harris Lass Historic House Tank House and Porch Repair.
- Worked closely with the City's Historical Advisor on a five-year plan to improve maintenance and repair on the Berryessa Adobe, Headen Inman, Jamison Brown, Morse Mansion, and Harris Lass Historic Properties.
- Provided core team support through active participation for the continued implementation of the City's safety monthly training program, Target Solutions which also included topics on annual specific training and stress related trainings.
- Provided oversight and management at Maintenance District #183 Santa Clara Convention Center Complex. Goals include Water Management and Turf Conversion in addition to working with Silicon Valley Power on eventual EV Charger Installation throughout the site.
- Supported garage operations at Tasman Garage to support Convention Center and Levi's Stadium Events.
- Supported Parks and Recreation Department with major repairs to their H.V.A.C. systems and fire alarm systems at Senior Center and Community Recreation Center in addition to assisting with the turnover of the Youth Activity Center to the Santa Clara Unified School District.
- Supported 35 critical City facilities with emergency generator preventative maintenance and monthly operational inspections.

Streets:

- Maintained Tree City USA certification for the 36th consecutive year and received the Growth Award for 2021.
- Removed turf and installed water-wise landscaping at the City Hall complex using Valley Water rebate funds.
- Completed and implemented enterprise asset management applications for City Street Trees, Parkways & Boulevards Trees, Sidewalk, Curb & Gutters, Storm Drain, and Traffic Divisions.

- Completed contamination minimization lid-flip audits within all exclusive franchise hauler routes as required by SB 1383.
- Updated the Santa Clara City Code chapters pertaining to Trees and Shrubs. Developed and implemented a grid system to schedule City trees for preventative maintenance pruning.
- Developed a compost give-away program for residents and businesses.
- Installed over 500 new full trash capture devices.
- Completed a solid waste rate study that equitably calculated each rate based on the cost of service.
- Completed the 2022 Cleanup Campaign on schedule and studied alternatives to current CUC format.
- Migrated stormwater related compliance inspections over to Accela.
- Completed audits of non-exclusive franchise hauler quarterly franchise fee payments and compliance with mandatory commercial recycling and organics recycling requirements.

Fleet Operations:

- Utilized renewable diesel exclusively in the City's diesel fleet in FY 2021/22.
- Obtained "Blue Seal of Excellence" recognition from National Institute of Automotive Service Excellence (ASE) in 2021 and 2022.
- Placed 28 new vehicles in service in FY 2021/22 of which 15 were Electric or Hybrid.
- Retired and sold at auction 31 fleet assets yielding approximately \$200,000 in revenue for FY 2021/22.
- Maintained approximately 760 fleet assets with a 90% Preventive Maintenance (PM) Compliance rate.
- Updated City Manager's Directive 45 for Vehicle and Equipment Accident Review.

Significant Objectives

Design:

- Provide Infrastructure Management Services for the storm drain system and pavement maintenance program, and engineering planning for the sanitary sewer system.
- Provide effective capital improvement project management for a wide variety of projects city-wide including: Annual Street Maintenance and Rehabilitation Program Management and related projects; Annual ADA Curb Ramps; Bassett and Laurelwood Bike Lanes; MCB/GAP Intersection Improvement Project; Monroe Street-Los Padres Boulevard Traffic Signal Modification; Lick Mill Boulevard Pedestrian Beacons Upgrade; GAP and Tasman Drive Traffic Signal Interconnect; Santa Clara Citywide ITS Project 2; Creek Trail Pavement Maintenance and Rehabilitation Project - Package 1; Miscellaneous Asphalt and Concrete Maintenance and Repairs Project - Package A; Bowers Avenue Storm Drain Pump Station Improvement; Storm Drain Slide Gate Rehabilitation; Sanitary Sewer Master Plan Update 2023; Annual Sanitary Sewer Repairs and Sanitary Sewer Capacity improvements; Stationary Standby Generator Replacement Phase 3; Utilities Corporation Yard Renovation; Bowers Park Building Improvements and Parking Lot Rehabilitation; Sarah E. Fox Memorial Mausoleum Roof Replacement; Central Park Master Plan - New Entrance, Access and Parking Improvements; Westwood Oaks Park Playground Rehabilitation; and Parks Service Center Roof Replacement.
- Provide Sanitary Sewer Hydraulic Modeling Support for Land Development Projects.

Field Services:

- Provide effective construction management, construction inspection, surveying, materials testing, and administration services for capital improvement projects and private development projects that construct City infrastructure.
- Provide on-time and on-schedule completion of projects for transportation, roadways, parks, buildings, traffic signals,

pedestrian-and bicycle improvements, sanitary sewer and storm drain rehabilitation, and other capital projects.

- Provide construction inspection and coordination for private development-built City infrastructure, such as: 575 Benton Street Mixed Use; 1850 El Camino Real Residential; 3200 Scott Boulevard Office; 3607 Kifer Road Office; Mission Park (2305 Mission College Boulevard); 1900 Warburton Avenue Residential; 1834 Worthington Circle- Agrihood Mix use Development; 641 Walsh Ave. Data Center; 3045 Stender Way Data Center; Stevens Creek Boulevard Office Campus (5403/5405 Stevens Creek Boulevard); Gateway Crossing (Coleman); Gateway Village (3700 El Camino Real); Lawrence Station - Kifer Road Multi-Family (Toll Brothers); Lawson Lane Office; Santa Clara Square Residential; Summerhill Lawrence Station (3505 Kifer Road); 3311 Kifer Road (Cahill Contractors); 1100 Memorex Drive - New Data Center; 3035 El Camino Real- Mixed use; Westfield Valley Fair Expansion; Tasman East – 2200 Calle De Luna Residential; Tasman East – 2300 Calle De Luna Mixed Use; 2302 Calle Del Mundo Mixed Use; 2343 Calle Del Mundo Residential; and 5123 Calle Del Sol Mixed Use Vantage Data Center II.

Land and Property Development:

- Facilitate significant private development projects by providing effective and efficient processing of site clearances, subdivision maps, land title documents, public improvement plan checks, and development fee collection. Some significant projects include Lawrence Station Area Plan at Kifer Road, Lawrence Expressway and Central Expressway; Tasman East Specific Area Plan at Lafayette Street, Calle del Mundo, Calle de Luna, and Calle del Sol; Related Santa Clara (formerly City Place) at Tasman Drive, Lafayette Street and Great America Parkway (on City's closed golf course); Patrick Henry Specific Plan at Patrick Henry Drive, Great America Parkway and Mission College Boulevard.
- Upcoming or in process notable development projects include: 2200 Calle Del Luna (Holland - Tasman East Specific Area Plan); 2232 Calle Del Mundo & 2225 Calle De Luna (Greystar – Tasman East Specific Area Plan); 2263/2273 Calle Del Mundo (Ensemble - Tasman East Specific Area Plan); 3517 Ryder Street (Westlake Urban – Lawrence Station Area Plan); 3335 Kifer Road Street (Allied Housing – Lawrence Station Area Plan); 2055 Lafayette Street (Data Center); 3710 El Camino Real (Gateway Village Phase 2); 2600 De La Cruz Boulevard (Data Center); 2805 Mission College Boulevard (Data Center); VTA – BART Phase II; Developments within the Lawrence Station Area Plan; Developments within the Tasman East Specific Area Plan; Developments within the Patrick Henry Drive Specific Area Plan; and Related Santa Clara (City Place – Related Project).

Traffic:

- Complete the following Traffic Engineering Projects: Creek Trail Expansion Master Plan; Traffic Signal Management Software Upgrade/Replacement and Adaptive Signal System; Traffic Pre-emptors; Changeable Message Signs; 15 miles per hour School Zones; and Travel Demand Model Update.
- Make significant progress on 2016 Measure B funded bike corridor planning studies for Walsh Avenue, Monroe Street, and De La Cruz Boulevard.
- Make significant progress on Federal Community Project funded bike corridor planning studies for De La Cruz Boulevard, Lick Mill Boulevard, and Scott Boulevard.
- Work collaboratively and make progress on the joint jurisdictional Stevens Creek Visioning Study with the City of San Jose, City of Cupertino, County of Santa Clara, and Valley Transportation Authority.
- Complete the Uncontrolled Crosswalks Project, Lick Mill Blvd Pedestrian Beacons Upgrade Project; Lafayette Class IV Bicycle Lanes Project, and Bassett/Laurelwood Bicycle Lane Project.
- Continue to operate an annual Shared Mobility Permit Program for the City.
- Launch and operate an on-demand shuttle program with the City of Cupertino.
- Begin work on a Vision Zero Study.
- Continue to implement recommendations in the approved Bicycle Plan Update and Pedestrian Master Plan.
- Continue to support the Community Development Department with traffic engineering and traffic impact analysis support (i.e., Level of Service and Vehicle Miles Travelled Analysis) for proposed development projects and specific and precise plans.

- Continue to make progress responding to traffic calming and traffic safety related public inquiries.

Facility Services:

- Provide outstanding service to customers, which includes all types of requests such as janitorial repair needs and new infrastructure requirements with the objective to respond to every customer in a timely manner on projects and repairs.
- Provide upkeep and repairs to the Tasman Parking Garage.
- Continue with regular maintenance and improvements to the Convention Center Maintenance District grounds, surfaces, and garage structure and begin planning and designing for parking lot repairs and maintenance. Provide building and mechanical maintenance services for all City buildings.
- Operate and maintain the City's elevators.
- Assist the City Manager's Office with maintenance at properties such as Morse Mansion, Gianera House, and Commerce & Peddlers Plaza.
- Maintain preventative maintenance compliance with manufacturers recommended intervals on Facilities equipment which includes replacement of air filters on a scheduled basis.

Streets:

- Update the Santa Clara City Code chapter pertaining Storm Drains.
- Maintain recently developed asset management systems for traffic signs and storm drain infrastructure.
- Enter into an agreement to purchase electricity derived from organic material to comply with SB 1383 procurement requirements. Inventory Landscape Maintenance Division assets to facilitate the future implementation of asset management system use to more effectively schedule and track maintenance activities.
- Ensure reliable garbage, yard trimmings, and residential recycling services.
- Enter into new agreements for landfill disposal and composting services.
- Continue to implement organic waste reduction programs to reduce methane emissions from landfills and comply with state legislation.

Fleet Operations:

- Maintain preventative maintenance compliance with manufacturers recommended intervals.
- Continue work with City departments engaged in fleet electrification activity by supporting electric vehicle (EV) acquisitions, expanding EV charging infrastructure, and seeking related funding opportunities.
- Continue to monitor and report evolving regulatory requirements for medium and heavy-duty fleets required by California Air Resources Board that impacts City compliance, services, and budgets.

Budget Highlights

The Public Works Budget includes the following changes:

- Position shifts of Environmental Program staff and Compliance Manager (shift partial positions to Solid Waste).
- Reduction of Vehicle Amortization and O&M to remove 17 underutilized vehicles/equipment.
- Sale of underutilized vehicles/equipment.
- Increase to the Storm Drain contractual services budget that is offset by revenues for development planning and building application review.

Public Works Department

119.50 FTEs*

Engineering –Administration

0.75 Director of Public Works
1.00 Assistant Director of Pub Works/City Engineer
1.00 Management Analyst
0.50 Office Specialist II
1.00 Office Specialist III
1.00 Office Specialist IV

5.25 Total Engineering-Administration FTE

Engineering – Design

2.00 Associate Engineer (Civil)
1.00 Principal Engineer
4.00 Senior Engineer (Civil)

7.00 Total Engineering-Design FTE

Engineering – Field Services

1.00 Account Clerk II
1.00 Chief of Party
1.00 Principal Engineer
4.00 Public Works Inspector
1.00 Senior Engineer (Civil)
1.00 Senior Engineering Aide

9.00 Total Engineering-Field Services FTE

**Engineering – Land and Property
Development**

4.00 Associate Engineer (Civil)
1.00 Principal Engineer/City Surveyor
1.00 Senior Engineer (Civil)
1.00 Senior Engineering Aide

7.00 Total Engineering-Land and Prop Dev FTE

Engineering – Traffic

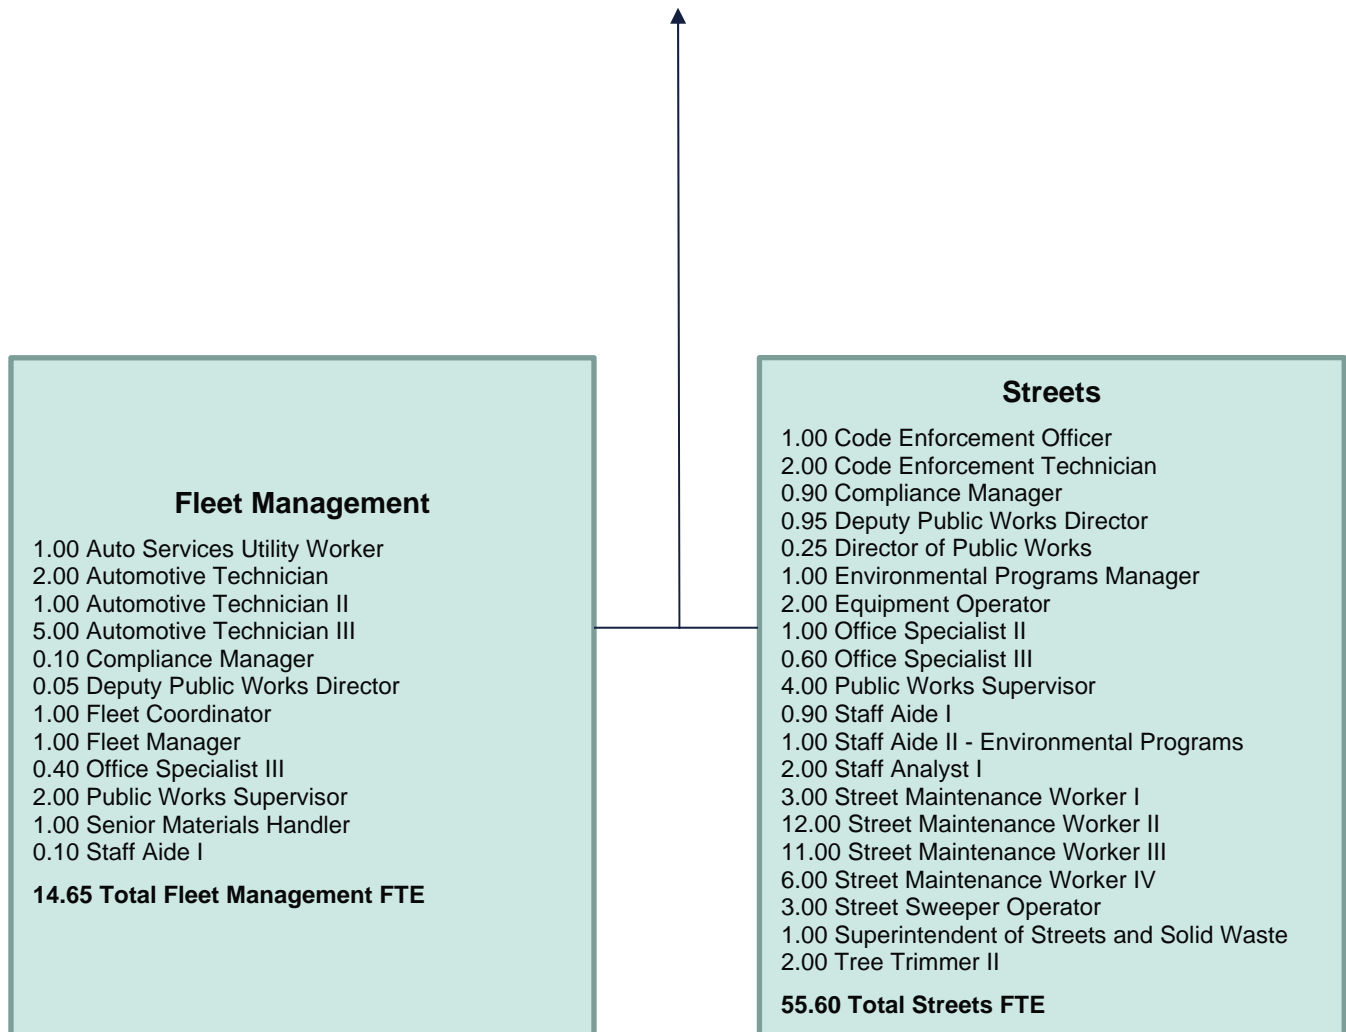

3.00 Associate Engineer (Civil)
1.00 Principal Planner
2.00 Senior Engineer (Civil)
1.00 Traffic Operations Engineer
1.00 Transportation Manager

8.00 Total Engineering-Traffic FTE

Facility Services

1.00 Building Maintenance Manager
5.00 Building Maintenance Worker
3.00 Mechanical Maintenance Worker
1.00 Office Specialist II
2.00 Public Works Supervisor
1.00 Utility Worker

13.00 Total Facility Services FTE

**The positions above represent all funded positions. This excludes the 1.0 Associate Engineer, 1.0 Assistant Engineer (Civil), and 1.0 Automotive Technician positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402). This also excludes 5.0 vacant FTEs (1.0 Street Maintenance Worker IV, 3.0 Street Maintenance Worker III, and 1.0 Street Maintenance Worker I/II) that were frozen, as approved by the City Council on June 22, 2021 (Agenda Item 5.0 – Report to Council 21-526). Lastly, this excludes 4.0 FTEs that were originally funded by Related but are frozen beginning FY 2023/24 based on discussions with Related: 1.0 Associate Engineer (Civil), 1.0 Principal Engineer, 1.0 Public Works Inspector, and 1.0 Senior Engineer (Civil).*

¹ 1.0 Principal Engineer was approved for reclassification to 1.0 Principal Engineer/City Surveyor in RTC 19-750 on August 20, 2019. The FY 2021/22 Adopted Operating Book did not incorporate the reclassification so it is updated in this Proposed budget book.

² The FY 2022/23 Adopted Capital Budget Book added 1.0 Public Works Inspector for FY 2022/23 funded by Related which was previously frozen.

³ 1.0 Traffic Engineer was approved for reclassification to 1.0 Transportation Manager in RTC 20-219 on February 25, 2020. The FY 2021/22 Adopted Operating Book did not incorporate the reclassification so it is updated in this Proposed budget book.

* The positions above represent all funded positions. This excludes the 1.0 Associate Engineer, 1.0 Assistant Engineer (Civil), and 1.0 Automotive Technician positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402). This also excludes 5.0 vacant FTEs (1.0 Street Maintenance Worker IV, 3.0 Street Maintenance Worker III, and 1.0 Street Maintenance Worker I/II) that were frozen, as approved by the City Council on June 22, 2021 (Agenda Item 5.0 – Report to Council 21-526). Lastly, this excludes 4.0 FTEs that were originally funded by Related but are frozen beginning FY 2023/24 based on discussions with Related: 1.0 Associate Engineer (Civil), 1.0 Principal Engineer, 1.0 Public Works Inspector, and 1.0 Senior Engineer (Civil).

Budget Reconciliation

Environmental Program Staff Allocation Shifts	0	0	0	0	0
Program:	2924 – Storm Drain – Non-Point Source 2931 – Solid Waste – Garbage Collection 2934 – Solid Waste – Residential Recycling				

This proposal updates position allocations of Environmental Program staff to reflect the amount of time currently spent between the Solid Waste and Urban Runoff Pollution Prevention Programs (URPPP). Both programs are funded by customer rates, although the URPPP is budgeted in the General Fund. This proposal will shift a net of 0.30 FTE into the Solid Waste Fund which is supported by customer refuse rates and result in ongoing savings to the General Fund of \$57,834.

Performance Impact

This proposal helps reduce costs to the General Fund, maintains services, and does not have an impact to the department performance.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Compliance Manager Allocation Shift	0	0	0	0	0
Program:	2123 – Fleet Operations				
	2911 – Streets - Street Maintenance				
	2921 – Storm Drain – Storm System Maintenance				
	2924 – Storm Drain – Non-Point Source				
	2951 – Parkways & Blvds - Landscape				

This proposal shifts funding sources for the Compliance Manager position to better align with distribution of workload. The Compliance Manager will be shifting 0.15 FTE from the Fleet Management and General Fund into the Solid Waste Fund. The effect by fund is an ongoing savings of \$11,371 in the General Fund, ongoing savings of \$22,725 in the Fleet Management Fund, and an ongoing increase to the Solid Waste Fund in the amount of \$34,096. Of the ongoing savings of \$22,725 to the Fleet Maintenance and Operations Fund, \$15,262 is funded from the General Fund and the remaining amount is distributed across other funds which is built into the interfund services amount. The total net ongoing savings to the General Fund is \$26,633.

Performance Impact

This proposal helps reduce costs to the General Fund, maintains services, and does not have an impact to the department performance.

Strategic Pillar:

Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Streets Equipment Reduction of Vehicle Amortization and O&M	0	0	(113,764)	0	(116,867)

Program: 2123 – Fleet Operations
2111 – Fleet Acquisitions

This proposal removes 17 underutilized vehicles/equipment in the Streets division. One sedan will be shifted from the General Fund to the Solid Waste Fund. This proposal will reduce the General Fund equipment amortization and maintenance and operations costs by \$46,174 ongoing. An ongoing reduction of \$67,590 to the Fleet Maintenance and Operations Fund in Non-Personnel costs is included to account for the reduction of vehicles/equipment. Of this, \$45,391 is reduced from the General Fund funded portion and the remaining amount is distributed across other funds. The total net ongoing reduction to the General Fund is \$91,565. Both the vehicle amortization and maintenance and operations reductions are built into the interfund services allocations for all funds.

Performance Impact

This proposal helps reduce costs to the General Fund, maintains services, and does not have an impact to the department performance.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2023/24		FY 2024/25	
		One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Transfer to the General Fund for the Sale of Underutilized Streets Vehicles	0	149,600	0	0	0

Program: 2111 – Fleet Acquisitions

This proposal transfers \$149,600 one-time from the Vehicle Replacement Fund to the General Fund for the sale of underutilized vehicles/equipment in the Streets division.

Performance Impact

This proposal maintains services and does not have an impact to the department performance.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

		FY 2023/24		FY 2024/25	
Title	Positions	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)	One-Time Expenditures (All Funds)	Ongoing Expenditures (All Funds)
Storm Drain Development Planning & Building Application Review	0	0	198,360	0	204,310
Program:	2924 – Storm Drain – Non-Point Source 2931 – Solid Waste – Garbage Collection 2951 – Parkways & Blvds - Landscape				

This proposal increases the contractual services budget, which is offset by revenues, for development planning and building application review. DPW no longer has the in-house expertise to review various planning and building application plans following the retirement of the previous Compliance Manager. The department has transitioned to using a consulting engineering firm to provide the necessary plan review services in the stormwater, solid waste and parkways and boulevards landscape areas. The cost will be funded by revised fees collected through the FY 2023/24 Municipal Fee Schedule.

Performance Impact

This proposal allows the department to continue providing development planning and building plan reviews.

Water and Sewer Utilities Department

This page is intentionally left blank.

Water and Sewer Utilities Department Description

The Water and Sewer Utilities Department provides planning, design, construction, maintenance, and operation of the City's water distribution system, sewer collection system, and recycled water system. The three utilities, water, sewer, and recycled water, operate independently and charge rates to recover the costs of providing these services to Santa Clara residents and businesses, including capital investment in City infrastructure and funding of needed reserves.

In 2022, the Water Utility produced and distributed 6 billion gallons of water to approximately 26,000 service connections, delivered through approximately 335 miles of water main. Of the total water supply 50.7% is obtained from the City's wells; 32.4% is treated water purchased from two wholesale potable water agencies; and 16.9% is from recycled water delivered through the South Bay Water Recycling system. The Department oversees:

- Design, construction, distribution, metering, quality monitoring, and system maintenance for both potable and recycled water
- Collection and conveyance of wastewater for approximately 26,000 accounts and assessment, maintenance, or repair for more than 288 miles of sewer mains as required
- Construction, operation, and maintenance of the recycled water system within the Santa Clara city limits. This recycled water system distributes highly treated wastewater for non-potable use

Other activities include:

- Promote water conservation and environmental sustainability through outreach to the community
- Contract management for the construction of new South Bay Recycled Water pipelines
- Coordinate planning efforts for the future expansions of recycled water systems in Santa Clara County (County)
- Maintain compliance with State regulations through development plan reviews and site inspections

The Sewer Utility operates and maintains a sanitary sewage collection system that collects and conveys wastewater to the jointly owned San José-Santa Clara Regional Wastewater Facility (RWF) for treatment and disposal. The Sewer Utility maintains sewer pump stations and assists the Department of Public Works in the operation and maintenance of the storm pump stations. Additional services are: property line clean-outs installed for access to maintain residential sewer laterals; maintain seven sanitary and twenty-one stormwater pump stations to ensure reliable service; assist the industrial waste inspectors from the RWF with investigations of City industries; and implement the Sanitary Sewer Management Plan as submitted to the State and Regional Water Quality Control Board.

Bonds are issued to mitigate rate increases while allowing for the repair and replacement of critical infrastructure. Proceeds from debt were used to pay for repairs and rehabilitation of the Trimble Road Sanitary Sewer main trunk and will be repaid over the next eight years.

Divisions and Services

The Water and Sewer Utilities Department is organized into five Divisions: Solar Utility; Water Construction, Maintenance, Operations; Water Engineering; Recycled Water Program; and Sewer.

Solar Utility Division Mission	Provide installation and maintenance of solar heating systems for commercial, residential, and pool water heating.
Division Objectives	Maintain more than 147 swimming pool systems. Maintain one domestic solar hot water system.
Water Construction, Maintenance, Operations Division Mission	Operate and maintain the Water Utility in the most efficient manner and ensure that the approved levels of service are met.
Division Objectives	Increase reliability of the water system through the replacement of mains and appurtenances at the end of their useful life. Complete the construction, and installation of approximately 10,000 linear feet of water main. Construct, repair, and/or rehabilitate at least two groundwater wells each budget cycle to continue to provide reliable water service.
Water Engineering, Compliance, Conservation Division Mission¹	Provide Engineering services that improve and protect the water supply and distribution system while planning for future expansion and upgrades to infrastructure to ensure future reliability.
Division Objectives	Continue to improve the seismic safety of the water utility system. Continue the use of innovative technology to optimize the management of City water assets and appurtenances. Support citywide development through plan check review and inspection. Undertake engineering studies of the condition and reliability of water system assets.

¹ Previously titled Water Engineering Division

Recycled Water Program Division Mission	Provide for the safe, efficient, and reliable distribution of sustainable and high-quality recycled water which meets all requirements of State regulations and local codes. Deliver services in a cost effective and efficient manner with a focus on outstanding customer service.
	Increase connection of recycled water services for landscape irrigation of commercial and industrial sites, City parks, and school fields.
Division Objectives	Increase the use of recycled water for approved uses.
	Coordinate planning efforts with South Bay Water Recycling (SBWR) for the future expansions of recycled water systems in the County, and coordinate and compile annual site inspections as required by the State.
	Maintain compliance with State regulations through development plan reviews and site inspections.
	Design, construct, and maintain recycled water pipelines.
Sewer Division Mission	Collect, treat, and dispose of wastewater in an efficient, cost-effective, and environmentally safe manner. Provide for maintenance of stormwater pump stations. Deliver services at approved levels in a cost effective and efficient manner with a focus on outstanding customer service.
	Install property line clean-outs for access for the provision of a courtesy service of maintaining lower laterals for residential sewer customers.
Division Objectives	Maintain seven sanitary sewer and twenty-one stormwater pump stations to ensure reliable service.
	Assist the pre-treatment program staff from the RWF with investigations of City industries.
	Implement Sewer System Management Plan (SSMP) as submitted to the State and Regional Water Quality Control Board.
	Clean, conduct condition assessment, and repair or rehabilitate sanitary sewer collection system.

Significant Accomplishments

- Continued outreach, inspection, and code enforcement of Food Serving Establishments (FSEs) as part of the administration of the Fats, Oils, and Grease (FOG) Program.
- Completed the annual Water and Sewer Rate Study to inform customer service charges for upcoming fiscal years and the Municipal Fee Schedule as well as the 10-year financial plan.
- Finalized amendments to cell tower leases at two Water and Sewer Utilities locations, with revenues to fund the low-income rate assistance program.
- Completed engineering and compliance plan check reviews to facilitate new development.
- Substantially completed Phase 1 and began Phase 2 of Supervisory Control and Data Acquisition (SCADA) replacements and process control improvements (over 40 sites).
- Substantially completed Phase 1 of work to receive approval of the O&M Plan and potable water design for the City Place Santa Clara development.
- Continued work on well rehabilitation and replacement to help ensure supply reliability.
- Completed amendments to the San Francisco Public Utilities Commission (SFPUC) Water Supply Agreement related to the minimum purchase contract.
- With Drought Emergency Declaration including Water Shortage Contingency Plan Stage 2, met conservation goals during historic drought.
- Achieved water conservation goals and mandates from Valley Water, SFPUC, and the State of California including developing rebate programs and working with City departments to reduce water use.
- Fully complied with all water quality regulations, protecting public health by enhancing potable water quality in the distribution system, including per-and polyfluoroalkyl substances (PFAS) monitoring and compliance.
- Replaced lead service line connections at approximately 70 residential locations in coordination with the State Division of Drinking Water (DDW).
- Completed \$10 million rehabilitation of Serra Tanks, refurbishing and seismically retrofitting the three 4 million-gallon reservoir tanks.
- Completed updates to the Water Service and Use Rules and Regulations.
- Completed hydraulic model for fire flows and fire service analyses to support new development.
- Completed water supply assessments (2901 Tasman Drive, Tasman East Specific Plan, 960 Central Expressway, Downtown Precise Plan, & Mission Point) to support water demand and supply planning for City specific plans and new development.
- Created new position of Utility Conservation\Efficiency Coordinator from existing vacancies to focus on implementation of water conservation-related programs.
- Completed emergency sewer repair at Great America Parkway, Union Pacific Railroad (UPRR), and Lafayette Street.
- Completed the assessment by closed-circuit television of approximately 270,000 linear feet and jet flushed approximately 360,000 linear feet of sewer main.
- Completed the annual in-house design, construction, and installation of approximately 7,000 linear feet of water main.
- Finalized Sewer Ordinance updates to comply with the City of San Jose Pretreatment Program.
- Completed the sewer condition assessment for the entire sewer collection system of approximately 288 miles, which took almost eight years to complete.

- Continued to develop recycled water supply and infrastructure improvements with South Bay Water Recycling, and increase recycled water use from new developments, including requiring extension of recycled water system by developers.
- Finalized repair of recycled water line.
- Connected Magical Bridge Playground at Central Park to recycled water
- In cooperation with regional partners (Valley Water, City of San Jose, SFPUC), completed Notice of Intent and Memorandum of Understanding for purified water expansion, including funding a feasibility study and a draft feasibility report.

Significant Objectives

- Complete update of Emergency Response Plan to coordinate response planning with regional partners and better mitigate known hazards by participating in the County Multi-Jurisdictional Hazard Mitigation Plan.
- Complete conversion of Sewer and Water AutoCAD (block book maps) to Geographical Information System (GIS) in coordination with Information Systems Department.
- Increase outreach regarding water conservation and overall environmental sustainability and work to lower per capita water use in the City.
- Complete annual updates to the Water, Sewer, and Recycled Water rates and 10-year financial plans for the three utilities.
- Conduct Automated Meter Infrastructure (AMI) pilot project.
- Continue efforts to seek alternative funding for infrastructure improvements, including the application for grant opportunities.
- Complete the in-house design, construction and installation of approximately 10,000 linear feet of water main annually.
- Complete substantial work on the Lead and Copper Revised Rule (LCRR) inventory of customer service lines by October 2024 to comply with regulatory requirements.
- Implement US Environmental Protection Agency UCMR5 program for potable water sampling, including PFAS monitoring
- Utilize findings of Well Feasibility Study to complete the construction process for two new water wells and complete the rehabilitation of four existing wells.
- Complete substantial work on the One Water Santa Clara – Sustainable Water Supply Master Plan that includes a utility wide asset management program and review of development impact fees.
- Continue comprehensive sampling and cross-connection programs to ensure water quality meets state and federal standards and utilize proactive operational controls to improve the water quality in the distribution system.
- Finalize approval from the State Division of Drinking Water for the Operation and Maintenance Plan for the Related Santa Clara project Phase 1.
- Complete the work on the Tier 2 Water Shortage Allocation Plan, being updated by Bay Area Water Supply and Conservation Agency (BAWSCA) for use during droughts as required by the SFPUC Water Supply Agreement.
- Complete updates to the Sewer System Management Plan (SSMP) to comply with revised Statewide Waste Discharge Requirements.
- Continue to repair or rehabilitate the most severely impacted sewer mains, based on accepted rating criteria.
- Clean and assess the condition of over 600,000 linear feet of sanitary sewer main during the budget cycle.
- In coordination with the Finance Department and financial consultants, finalize existing debt financing for the Regional Wastewater Facility CIP and analyze possible new borrowing, as necessary.

- Complete the approval of the Santa Clara University Campus Wide Plan for recycled water including conversion of three major buildings (FINN South Residence Hall, Athletic Excellence Center, STEM and the North Campus Franklin Pedestrian Mall) to recycled water.
- Optimize the recycled water system and increase the recycled water supply while focusing on expansion opportunities with regional partners.
- Continue alternative water supply planning with BAWSCA, SFPUC, and the City of San Jose, including completion of a purified water feasibility study and continued negotiations regarding making Santa Clara a permanent customer with SFPUC.

Budget Highlights

- The budget reflects updates to the City of Santa Clara's contribution to the Regional Wastewater Facility, co-owned with the City of San José, as well as revised revenues and costs to continue to effectively deliver water, recycled water, and sewer services.
- This budget also reflects the resources necessary to comply with regulations that affect all three utilities and changing climate conditions as well as the commitment of the Department and the City to long term sustainability, both environmental and fiscal.

Water and Sewer Utilities Department

73.00 FTEs

Sewer

0.50 Assistant Engineer (Civil)
0.35 Assistant Director of Water and
Sewer Utilities
1.00 Assistant Sanitary Sewer
Superintendent
0.50 Associate Engineer
1.00 Code Enforcement Officer
0.70 Code Enforcement Technician
0.40 Compliance Manager
0.40 Director of Water and Sewer
Utilities
1.00 Equipment Operator
0.80 Facilities Technician
0.80 Management Analyst
0.80 Office Specialist II/III
0.25 Principal Engineer
1.00 Pump Maintenance Technician
2.00 Sewer Inspection Technician
0.25 Senior Civil Engineer
0.25 Senior Engineering Aide
0.40 Staff Aide I

Non-Departmental

This page is intentionally left blank.

Non-Departmental Description

The Non-Departmental budget provides a way to report expenditures that are not attributable to a single department, but rather, are citywide in nature such as inter-departmental transfers for capital projects and community grants. This budget also houses key positions with citywide functions and responsibilities.

Divisions and Services

Non-Departmental has three primary program areas: Citywide Programs; Citywide Strategic Planning and Initiatives; and Stadium Operations. The Debt Service budget information is reflected in the Debt Service section of this document.

Citywide Programs Division Mission	Provide strategic direction and management of community investments and citywide expenses not attributable to a single department.
	Coordinate the timely award and distribution of community grants to qualifying individuals, groups and community organizations for events, activities and competitions that provide a public benefit to the City of Santa Clara and its residents.
Division Objectives	Invest in the community's cultural, economic and social vitality in collaboration with community organizations and business partners
	Oversee the efficient and cost-effective management of utilities in Citywide facilities.
	Facilitate the accounting and efficient transfer of funding in support the City's Capital Improvement Program.

**Citywide Strategic
Planning and
Initiatives
Division Mission**

Provide strategic leadership and resolve complex administrative matters performing City-wide policy analysis, overseeing contract and venue management and leading community engagement processes.

Provide professional expertise and support to lead strategic planning and economic development initiatives

Division Objectives

Provide general and administrative oversight of and support to the Convention Center, the Santa Clara Tourism Improvement District (SCTID), and Silicon Valley/Santa Clara DMO, Inc. dba Discover Santa Clara®, Santa Clara's Destination Marketing Organization (DMO). As a critical economic development strategy, leads collaborative efforts with key stakeholders to implement a comprehensive tourism strategy focused on providing elevated destination, convention, and visitor services in Santa Clara; while ensuring alignment of marketing and booking goals between the Convention Center, SCTID and DMO which collectively enhance economic growth and city revenues.

Provide management of the City's real estate portfolio, promote economic development, and generate revenue for the General Fund.

Promote an organizational vision for sustainability through the development and oversight of current initiatives and the development of a comprehensive citywide sustainability program that advances local climate and sustainability targets and complies with State environmental regulations.

Stadium Operations Division Mission

Provide general and administrative support to the Santa Clara Stadium Authority in its oversight of Levi's Stadium and deployment of public safety resources at National Football League (NFL) games and non-NFL games held at Levi's Stadium to ensure safety and to minimize impacts to the surrounding residential and business community.

All General and Administrative, and Police, Fire, and Public Works Department expenditures related to the Stadium are included in this division.

The reimbursements from the Santa Clara Stadium Authority and the Forty-Niners Stadium Management Company, LLC (Stadium Manager) and other Stadium-related revenues such as ground and performance rent, are reported in this division but displayed separately in the General Fund revenues section of this document.

Ensure compliance with Measure J.

Maintain a productive and functional business relationship with Forty-Niners SC Stadium Company, LLC as the tenant of Levi's Stadium.

Develop and implement oversight initiatives consistent with public entity organizations.

Division Objectives

Provide support from the Police, Fire, and Public Works Departments and work collaboratively with the Stadium Manager to maintain a safe environment in and around Levi's Stadium during NFL games and Non-NFL events.

Uphold the Santa Clara Stadium Authority's fiduciary responsibilities and debt obligations.

Ensure that Levi's Stadium is maintained in good condition and operated as a quality NFL and multi-purpose public sports, exhibit, and entertainment facility by the Stadium Manager.

Significant Accomplishments

Citywide Projects

- On November 8, 2022, voters approved Measure G – No Tax Increase, Services Protection Measure, continuing the current practice of the transfer of the revenue generated from the city's 5% utility tax from the utilities budget to the General Fund. Measure G will protect essential services without raising taxes, anticipated to generate approximately \$30,000,000 annually to support City service such as police, fire, street repairs, parks, libraries, and senior services.
- On November 8, 2022, voters approved Measure H – Business License Update/Tax Equity Measure, increasing Santa Clara's 1992 business license tax on businesses to \$45 per employee and \$15 per rental unit on landlords. Measure H will generate approximately \$6,000,000 annually in unrestricted fund that will be used to maintain essential City services.
- Completed multi-year settlement agreement with San José for the North San Jose Area Development Policy resulting in an additional \$9 million for the City of Santa Clara.

Community Partnerships

- Worked collaboratively with Triton Museum to extend the term of its Lease and Operation Agreement for an additional five years to continue providing free public access to art exhibitions and educational programs.
- Worked collaboratively to provide in-kind support for the Parade of Champions (\$65K) and Showtime events (\$12K).
- Effectively administered funding to non-profit community organizations that provide services to the Santa Clara community. Since July 2022, seven grants have been awarded for a total of \$55,479.

Real Estate Management

- Executed approximately 45 leases and 15 Purchase Orders for operations and maintenance for Commerce and Peddlers Plaza.
- Coordinated with the Downtown Community Task Force for downtown city properties (over 35 task force meeting multi-year process).
- Started surplus land process for the property at 2319 Gianera Street (vacant single family home).
- Completed surplus land process for the Loyalton property.
- Renegotiated lease extension for Morse Mansion and initiated discussions regarding possible new vision.
- Started analysis to determine feasibility to relocate SVP offices to Commerce Plaza.
- Completed selection of a realtor to support the City on the sale of City property and other services.

Santa Clara Convention Center and Economic Development Strategy

- Completed the Santa Clara Tourism Improvement District conversion process to establish the District under the Property and Business Improvement District Law of 1994 which provides for a dedicated funding stream to support Destination Marketing Organization efforts and operations. This included the modernization of the assessment formula from \$1.00 per occupied room night to 1.5% of gross short-term room rental revenue for FY 2021/22 and 2.0% for FY 2022/23 and beyond.
- Worked collaboratively with the Destination Marketing Organization in the creation of a new destination brand and the successful trademark of Discover Santa Clara®.
- Contracted by the Destination Marketing Organization to provide fiscal sponsorship services in addition to professional staffing services to support the further development and implementation of the organization.

- Completed updates/renovations to the Santa Clara Convention Center including new paint and flooring/carpet, addition of new décor and furniture in common space areas; addition of the Vintage Valley Marketplace, a “grab and go” retail location; addition of new autonomous food offerings of ramen, warm baked goods, and smoothies; and pop-up Mashgin self-check-out markets.
- Completed the development and launch of a new online Santa Clara Convention Center Customer Satisfaction Survey Program in FY 2022/23.

Sustainability

- Adopted an update to the City Climate Action Plan (CAP) after over two years of community and stakeholder outreach that set targets of a 40% reduction in GHG emissions by 2030, an 80% reduction in GHG emissions by 2035 and carbon neutrality no later than 2045.
- Actively participated in regional climate collaboration efforts and policy development through partnerships such as the Santa Clara County Climate Collaborative, the Silicon Valley Urban Forest Alliance, Joint Ventures Silicon Valley, Santa Clara Valley Water, the Building Decarbonization Coalition, and other neighboring jurisdictions.
- Implemented new purchasing practices around required paper procurement to comply with SB 1383 organics mandate which requires jurisdictions (cities, counties, cities and counties, or special districts that provide solid waste collection services) to purchase paper that has a minimum of 30% post-consumer recycled-content (PCRC) paper products that are recyclable.
- Water Conservation:
 - Expanded water rebate offerings such as greywater and landscape conversion.
 - Launched a multi-pronged water conservation community outreach campaign to promote landscape conversion rebates and more, resulting in over 90,000 square feet of lawn conversions to water wise landscapes.
 - Continued various messaging campaigns focused on the drought and associated water conservation and water rebates.
- Electrification:
 - Implemented all-electric building electrification reach codes including robust EV charging across all building types.
 - Electrification outreach and rebates:
 - SVP partnered with the Santa Clara Unified School District to build out an induction cooking classroom and co-sponsored a twelve-part induction cooking class series to support kitchen electrification.
 - SVP launched a new Smart Panel Rebate program.
 - Added over 100 public EV charging connectors with an equity lens as SVP increases charging service to residents and visitors.
 - Implemented the City Fleet Electrification Program with the purchase of 46 all-electric vehicles as part of the vehicle replacement program and initiated a robust EV fleet charging infrastructure project.
- Clean Mobility:
 - Implemented e-bicycle and e-scooter share program through vendors Veo and Bird.
 - Partnered on the grant funded expansion of the zero emissions Via-Cupertino On-Demand Shuttle service to provide alternative and cleaner modes of transportation.
- Investing in a Sustainable Future:
 - Launched a new SVP Sustainable Futures Scholarship Program in partnership with Santa Clara University focused on building the future leaders in climate and sustainability.
 - Initiated discussions with Mission College to develop a SVP sustainability scholarship program modeled after SVP’s SCU scholarship, scaled, and fit to the community college landscape.

- Provided mentorship opportunities in sustainability to students from high school through university levels, including supporting a team of SCU fellows in their capstone projects and providing mentorship to SVP Sustainable Futures scholarship recipients in research projects that align with City climate action goals.

Stadium Operations

- Coordinated City services, including the deployment of public safety resources, to meet the service needs required to support NFL games for the 2021 and 2022 NFL Seasons and seven (7) major Non-NFL events, including Coldplay, Red Hot Chili Peppers, and Elton John concerts, held in 2022.

COVID-19 Response and Inclement Weather Relief Efforts

- Provided COVID-19 verbal updates to Council monthly beginning in July 2021 and updates every 60 days from April 2022 through January 2023.
- Terminated the local Proclamation of Emergency for COVID-19 on February 7, 2023.
- Deactivated the City's Emergency Operations Center (EOC) for COVID-19 response on February 2, 2023.
- Activated libraries and recreational facilities to provide care and shelter during inclement weather incidents.

Significant Objectives

Community Partnerships

- Effectively administer funding to non-profit community organizations that provide services to the Santa Clara community.

Santa Clara Convention Center and Economic Development Strategy

- Continue to provide strategic oversight of the management of the Convention Center and ensure alignment of marketing and booking goals between the Convention Center, Santa Clara Tourism Improvement District, and the Destination Marketing Organization.
- Continue to work closely with the Convention Center, the Santa Clara Tourism Improvement District and the Destination Marketing Organization (DMO) to evolve the tourism strategy and ongoing development of the DMO.
- Completion of Convention Center Capital Improvement Projects to update internal digital signage and renovations to the Main and Mission kitchens.
- Launch of the Levy's Teaching Kitchen at the Convention Center focused on workforce development and training opportunities for community members in the industry.
- Continue to lead and support the Related development, as well as other significant development projects within the community.

Stadium Operations

- Continue to build and maintain a productive and functional business relationship with Forty-Niners SC Stadium Company, LLC as the tenant of Levi's Stadium in accordance with the applicable agreements.
- Continue to work with the Stadium Manager to ensure safe events at Levi's Stadium with minimal impacts to the surrounding residential and business community.

Real Estate Management

- Continue to develop and implement a comprehensive real estate program to manage City-owned properties, promote economic development, and generate revenue for the General Fund.

Sustainability

- Work with the appropriate City departments to implement near term priorities identified in the 2022 approved City Climate Action Plan (CAP) Update to meet local goals and state regulatory targets.
- Continue to utilize regional partnerships to implement CAP priorities.
- Identify a CAP monitoring system across all departments including conducting an annual greenhouse gas inventory to measure and report progress on adopted targets.
- Ensure continued alignment of the City's CAP with other relevant plans including, but not limited to, Fleet Electrification Plan, SVP Electric Vehicle Blueprint, Bicycle Master Plan, the Santa Clara Urban Water Management Plan (UWMP), and any reach codes that are adopted and meets the goals of state regulatory requirements in the areas of water, solid waste, transportation, and energy.
- Continue to provide mentorship and career growth opportunities for students at the high school, college and university levels including scholarship recipients.
- Explore the development of a sustainability apprenticeship/green jobs program in partnership with local trades or existing apprenticeship programs with an emphasis on energy related careers.
- Continue to implement the City's Fleet Electrification Plan and community Electric Vehicle Charging Program.
- Launch City employee EV charging pilot program.
- Continue to implement and provide staff training on waste reduction best practices and policies within City operations to comply with SB 1383 Organics state mandate.
- Launch an SVP Sustainable Futures Scholarship Program in partnership with Mission College.

Budget Highlights

- The Proposed Budget reduces the golf course maintenance budget to help address the General Fund shortfall. The City's operating lease of the golf course expired, with operations ceasing in FY 2019/20. The former golf course will be developed as part of the Related Santa Clara project; however, the City is currently still responsible for the maintenance of the site until it is turned over completely to the developer. The City anticipates that the remaining funds will be sufficient to cover all maintenance expenses associated with the site.

Summary of the Santa Clara Stadium Authority Budget¹

Revenue	FY2023/24 Adopted
NFL Ticket Surcharge	12,178,000
SBL Proceeds	12,589,000
Interest	1,249,000
Net Revenues from Non-NFL Events	4,500,000
Naming Rights	7,602,000
Sponsorship Revenue (STR)	475,000
Rent	24,762,000
Senior and Youth Program Fees	234,000
Non-NFL Event Ticket Surcharge	1,296,000
Total Revenue	64,885,000

Expenditures	FY2023/24 Adopted
Stadium Operations	4,550,000
Engineering	2,694,000
Guest Services	645,000
Groundskeeping	650,000
Security	1,564,000
Insurance	3,327,000

Reduction in Golf Course Maintenance	0.00	0	(445,311)	0	(454,217)

Program: 3611 – Citywide Programs

This proposal reduces the Non-Departmental golf course maintenance budget from \$519,311 to \$74,000. The City's operating lease of the golf course expired, with operations ceasing in FY 2019/20. The former golf course will be developed as part of the Related Santa Clara project; however, the City is currently still responsible for the maintenance of the site until it is turned over completely to the developer. The City anticipates that the remaining funds will be sufficient to cover all maintenance expenses associated with the site.

Performance Impact

As the golf course ceased operations in FY 2019/20, there is no service delivery impact anticipated with this reduction.

Strategic Pillar:

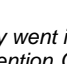

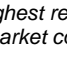

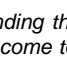

Manage Strategically Our Workforce Capacity and Resources

¹ Updates to the Convention Center Booking Strategy went into effect April 1, 2023. Adjustments were made to the booking windows as well as the event type criteria (number of room nights and total Convention Center spend). The adjusted booking windows now provide a greater emphasis on P1 – P3 groups and events to ensure there is room for the highest revenue producing groups for the DMO, hotels, Convention Center, Levy, and the City. Groups are evaluated based upon priority number, current market conditions, day-of-week pattern, type of group (i.e., industry), Center revenue, and needs of all parties on a case-by-case basis.

² Economic impact is the amount of additional spending that occurs in the community by visitors while attending events at a Convention Center. For example, when Convention Center event attendees come to Santa Clara, they create economic activity that ripples throughout the area: stay at hotels, eat at restaurants, buy at retail stores, visit attractions, etc.

³ Priority 1 (P1) event – Large multi-day convention and/or conference that utilizes all venue space at the Convention Center, utilizes significant venue services such as food and beverage, audio-visual and information technology, and draws a substantial number of out of town visitors that stay in multiple Santa Clara hotels. Based on projected combined building spend and peak hotel room nights booked, has an 18+ month booking window.

⁴ Priority 2 (P2) event – Primarily large multi-day convention and/or conference that utilizes most of the venue space at the Convention Center, utilizes venue services such as food and beverage, audio-visual and information technology, and draws out of town visitor that stay in multiple Santa Clara hotels. Based on projected combined building spend and peak hotel room nights booked, has a 13 – 18 month booking window.

⁵ Priority 3 (P3) event – Multiple or single day event that utilizes space at the Convention Center. Attendance and out of town visitors are less than for a P1 or P2. Examples of P3 events may include trade shows, consumer shows, smaller conventions/conferences, and sporting events. Based on projected combined building spend and peak hotel room nights booked, has a 0 – 13 month booking window.

⁶ Priority 4 (P4) event – Typically a one- or two-day event that utilizes space at the Convention Center. Attendees are primarily local. Special events (e.g. graduations), smaller meetings and/or smaller trade and consumer shows are examples of P4 events. Based on projected combined building spend and peak hotel room nights booked, has 0 -12 month booking window.

⁷ Priority 5 (P5) event – Usually a single day event. Examples of P5 events are banquets, galas, other social type events and meetings. Based on projected combined building spend and peak hotel room nights booked, has a 0 - 6 month booking window.

Performance and Workload Measures

⁹ The listed targets are only associated with the projected number of P1 and P2 events for FY 2025/26.

¹⁰ The way that this indicator is calculated has been changed. While the goal is for Levy to have a zero waste operation, they will report on the percent of waste production. The goal would be see this percentage decrease year after year until they reach zero percent waste production.

¹¹ Levy worked with non-profit partners who were experiencing difficulty in finding students for the program. Levy is currently researching alternative avenues to recruit students for the program.

¹² A prospect is a potential customer who has been contacted and qualified by the sales team as having desirable criteria for an event in Santa Clara such as: size of event fits in the venue, there is a history of hotel needs that can be provided by Santa Clara hotels, and they have expressed interest in holding an event in Santa Clara.

Sports and Open Space Authority

The Sports and Open Space Authority of the City of Santa Clara (Authority) was created by the City Council in 1974 to establish a separate entity to acquire and develop open space within the City of Santa Clara. The validity of the Authority and its legal existence was established in 1975 by final judgment of the Santa Clara County Superior Court. The Santa Clara Golf and Tennis Club (SCGTC) was developed by the Authority on City-owned land and operated under a management agreement with a private company and a private restaurant facility at the Golf and Tennis Club leased to a private operator. In 1997/98, the City Council set aside approximately 40 acres of the former golf course site to be preserved and maintained as open space, and, in calendar year 1999, the Authority approved the sale of 4.3 acres of the former golf course property to the City's Redevelopment Agency to be disposed of as a site for development of affordable housing.

The Authority terminated operations of SCGTC in late calendar year 2019 and the land will be redeveloped into a mixed-use commercial/residential project. There is minimal funding budgeted in Fiscal Year 2023/24 and Fiscal Year 2024/25 for the Open Space Authority.

Outside Group Funding

The City considers funding non-profit community organizations to meet significant community needs or address concerns of Santa Clara residents. Funding in any case is made on an individual basis dependent upon City budget limitation, past performance and services provided.

Community Organization	Department	Description	FY 2023/24	FY 2024/25
Bill Wilson Center	Community Development	Provides family and individual counseling and youth crisis intervention at local schools and grief support services, including individual and group counseling	30,000	30,000
Catholic Charities Long Term Care Ombudsman	Community Development	Monitors quality of care to elderly and disabled residents of long-term care facilities	10,000	10,000
Firehouse Fun Run	Electric Utility	A Santa Clara community walk/run event established to support Santa Clara Unified School District and local Military Veterans	1,000	1,000
Health Trust – Meals on Wheels	Community Development	Provides seniors and adults with disabilities hot, nutritious meals five days a week	30,000	30,000
Heart of the Valley	Community Development	Provides transportation for seniors and disabled persons who are unable to travel by bus or other public transportation, collect demographic information on new paratransit clients and to coordinate and train volunteers for service delivery	30,000	15,000
HOPE Services – Educational Services	Community Development	Provides educational services to people with developmental disabilities	30,000	30,000
Live Oak Adult Day Services	Community Development	Provides adult day care for dependent and disabled seniors	15,000	15,000
Next Door Solutions	Community Development	Provides case management for residents at HomeSafe Santa Clara, a transitional housing program for victims of domestic violence	30,000	0
Parade of Champions (In-Kind Services)	Non-Departmental	Provides in-kind City resources for the parade to celebrate community champions including civic and community leaders	60,000	61,200
Project Sentinel – Rent Mediation	Community Development	Provides advice, referrals, counseling, and mediation services to tenants and landlords to resolve disputes regarding rental arrangements	67,803	67,803

Community Organization	Department	Description	FY 2023/24	FY 2024/25
Santa Clara Ballet	Non-Departmental	Provides cultural, music, dancing, entertainment and performances	10,000	10,000
Santa Clara Senior Nutrition	Parks and Recreation	Provides daily delivery of meals to severely disabled and homebound seniors	24,000	24,000
Santa Clara Sister Cities Association	Non-Departmental	Funding for the cultural exchange program for the City of Santa Clara's three sister cities, Coimbra, Portugal, Limerick, Ireland and Izumo, Japan	5,659	5,659
Santa Clara Swim Club	Parks and Recreation	Host swim meets which bring national and international visitors to our city	20,000	20,000
Santa Clara Unified School District STEAM Symposium	Electric Utility	Celebration by the Santa Clara Unified School District of Science, Technology, Engineering, Art and Math (STEAM) learning within and out of the classroom	5,000	5,000
Senior Adult Legal Assistance	Community Development	Provides free legal services for seniors that include advice and referrals, document writing and legal representation	30,000	30,000
Women's League – Showtime	Non-Departmental	Raises funds in support of the Senior Center Health and Wellness Program	20,000	20,000
State of the Valley Conference	Electric Utility	Silicon Valley's annual "town meeting" convenes stakeholders from the entire region to discuss the Valley's challenges and opportunities. The Silicon Valley Index is shared and discussed	30,000	30,000
Triton Museum	Non-Departmental	Provides artistic exhibitions and educational programs	295,927	296,054
United Way Silicon Valley – 2-1-1 Phone System	Community Development	Non-emergency information and referral for health and human services	5,000	5,000
Total Outside Group Funding			749,389	705,716

FY 2023/24 Capital Improvement Program Budget Amendments

Cemetery Capital Fund (593)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund / PW Capital Projects Management - Cemetery	(9,597)	(9,597)	Eliminates funding for the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also eliminated.
Total Cemetery Capital Fund	(9,597)	(9,597)	

City Affordable Housing Capital Fund (565)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	5,760,576	5,760,576	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total City Affordable Housing Capital Fund	5,760,576	5,760,576	

Convention Center Capital Fund (865)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	(69,029)	(69,029)	Decreases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total Convention Center Capital Fund	(69,029)	(69,029)	

Electric Utility Capital Fund (591)

Project	Source of Funds	Use of Funds	Explanation
Beginning Fund Balance - Unrestricted	10,622,092		Increases the Unrestricted Beginning Fund Balance to reflect the estimated FY 2022/23 Unrestricted Ending Fund Balance.

Electric Utility Capital Fund (591) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Other Revenue (Developer Contributions)	4,992,000		A net increase to Developer Contributions, including: decrease of \$225,000 for the Fiber Development, Design, and Expansion project, increase of \$3.35 million for the New Business Estimate Work project, increase of \$1.1 million for the Transmission and Distribution Capital Maintenance and Betterments project, increase of \$2.8 million for the Memorex Junction Substation project, and a decrease of \$2.0 million for the Transmission Loop 2 project.
Other Revenue (Load Development Fees)	16,865,000		A net increase to the Load Development Fee revenue to support capital projects based on revised capital project needs and funding shifts.
Transfer from the Electric Debt Service Fund	184,300,000		Establishes the transfer from the Electric Debt Service Fund to fund the SRS Rebuild and Replacement, KRS Rebuild and Replacement, NRS-KRS 115kV Line, and the NRS Transformer and Breaker Upgrades projects.
Transfer from the Electric Utility Fund	(27,924,239)		Reduces the transfer from the Electric Utility Fund to support capital projects based on revised capital project needs and funding shifts. This change has been incorporated in the base budget for the Electric Utility Fund.
Substation Physical Security Improvements		(33,223)	Eliminates the project budget for FY 2023/24 to remove associated salary project costs to align with update project timeline. This action is offset by a reduction to the transfer in from the electric utility fund - customer service charges.
Transmission and Distribution Capital Maintenance and Betterments		1,100,000	Increases the project budget to reflect requested work from a developer to perform infrastructure improvements near Fairview Substation. This project is developer funded and an offsetting action is included to increase developer contributions revenue.
Substation Capital Maintenance & Betterments		1,034,000	Increases the project budget to reflect substation capital improvements including a transformer rebuild, transformer control upgrades, switchgear monitoring, and dissolved gas analysis equipment. This increase is funded by a transfer in from the Electric Utility Fund, customer service charges.

Electric Utility Capital Fund (591) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
NRS 230kv Spare Transformer		(15,000,000)	Eliminates the project budget to close out the project and consolidate it into the NRS Transformer and Breaker Upgrade Project, formerly the NRS Transformer Replacement project. The project scope will be incorporated into the NRS Transformer and Breaker Upgrades project.
Replace Balance of Plant Control System (DCS)		(2,025,000)	Decreases the project budget to align with updated project timeline. Funding will be reappropriated in future budget actions as needed.
Northwest Loop Capacity Upgrade		2,600,000	Increases the project budget to reflect an updated schedule and coordination of the design for several transmission projects. An increase to the Load Development Fee revenue is recommended to offset this increase.
NRS Breaker 392 Addition		(176,000)	Eliminates the project budget to close out the project and consolidate it into the NRS Transformer and Breaker Upgrade Project, formerly the NRS Transformer Replacement project. The project scope will be incorporated into the NRS Transformer and Breaker Upgrades project.
Memorex Junction Substation		2,767,000	Increases the project budget to align with the updated project schedule and substation agreement. This project is developer funded and an offsetting action is included to increase developer contributions revenue.
60KV Breaker Upgrades		(9,608,000)	Eliminates the project budget for FY 2023/24 to align with the most recent System Expansion Plan Study accepted by Council. Additional details can be found in the system expansion plan report for the California Independent System Operators Transmission Planning Process 2023/24 accepted by the City Council on November 15, 2022 in RTC 22-1172.
SRS Rebuild and Replacement		29,000,000	Increases the project budget to reflect updated costs primarily due to higher material costs. Funding for the increase will be provided by a transfer from the Electric Utility Debt Service Fund.

Electric Utility Capital Fund (591) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
KRS Rebuild and Replacement		30,700,000	Increases the project budget to reflect updated costs primarily due to higher material costs. Funding for the increase will be provided by a transfer from the Electric Utility Debt Service Fund.
NRS Transformer and Breaker Upgrades - Formerly the NRS Transformer Replacement project		76,283,394	Increases the project budget to include the addition of two new transformers, 115kV and 60kV bus work, and breaker configuration upgrades at the Northern Receiving Station (NRS). Additional details can be found in the system expansion plan report for the California Independent System Operators Transmission Planning Process 2023/24 accepted by the City Council on November 15, 2022 in RTC 22-1172. This increase also consolidates the scope and budget of the NRS 230kv Spare Transformer and NRS Breaker 392 Addition projects. Funding for the increase will be provided by a transfer from the Electric Utility Debt Service Fund. This action also renames the project from "NRS Transformer Replacement" to "NRS Transformer and Breaker Upgrades".
NRS-KRS 115kV Line		29,258,000	Increases the project budget to reflect an updated schedule to align with design work and easement acquisitions. Funding for the increase will be provided by a transfer from the Electric Utility Debt Service Fund.
Transmission Loop 1 Formerly the Reconfigure Northwest & Center Loops project		3,500,000	Increases the project budget to reflect an updated schedule to align with design work. An increase to the Load Development Fee budget is recommended to offset this increase. This action also renames the project from "Reconfigure Northwest & Center Loops" to "Transmission Loop 1" as was stated in RTC 22-1172 approved by Council November 15, 2022.
Battery Energy Storage System		(58,246)	Decreases the project budget to remove associated salary project costs. This action is offset by a reduction to the transfer in from the electric utility fund - customer service charges.
Duane-Scott 115kV Reconductor		1,620,000	Establishes a new project to upgrade a 115kV transmission line as brought forward in the recent system expansion plan report for the California Independent System Operators Transmission Planning Process 2023/24 accepted by the City Council on November 15, 2022 in RTC 22-1172. An increase to the Load Development Fee budget is recommended to offset this increase.

Electric Utility Capital Fund (591) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
South Loop Reconductor		18,610,000	Establishes a new project to upgrade a transmission line to serve additional customer loads as brought forward in the recent system expansion plan report for the California Independent System Operators Transmission Planning Process 2023/24 accepted by City Council on November 15, 2022 in RTC 22-1172. An increase to the Load Development Fee budget is recommended to offset this increase.
Unrestricted Ending Fund Balance		19,282,928	Increases the Unrestricted Ending Fund Balance to offset the actions above.
Total Electric Utility Capital Fund	188,854,853	188,854,853	

Fire Department Capital Fund (536)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund / PW Capital Projects Management - Fire	(1,683)	(1,683)	Eliminates funding for the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also eliminated.
Total Fire Department Capital Fund	(1,683)	(1,683)	

Library Department Capital Fund (537)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund / PW Capital Projects Management - Library	(9,187)	(9,187)	Eliminates funding for the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also eliminated.
Total Library Department Capital Fund	(9,187)	(9,187)	

Parks and Recreation Capital Fund (532)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance	17,060,294		Increases the Unrestricted Beginning Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.

Parks and Recreation Capital Fund (532) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund	258,941		Increases the Transfer from the General Fund to partially support the Public Works Capital Project Management allocation.
PW Capital Projects Management - Parks & Recreation		1,020,457	Updates the Public Works Capital Management allocation based on the recalculated project distribution.
Unrestricted Ending Fund Balance		16,298,778	Increases the Unrestricted Ending Fund Balance to offset the action above.
Total Parks and Recreation Capital Fund	17,319,235	17,319,235	

Patrick Henry Drive Infrastructure Improvement Fund (542)

Project	Source of Funds	Use of Funds	Explanation
Patrick Henry Infrastructure Impact Fee / Transfer to the General Fund - Capital Projects Reserve	69,205	69,205	Increases the Revenue estimate and establishes a transfer to the General Fund Capital Projects Reserve (CRR). In FY 2022/23, the CPR will advance funding to this fund for administration costs. This action repays the CPR for these costs in FY 2023/24.
Total Patrick Henry Drive Infrastructure Improvement Fund	69,205	69,205	

Public Buildings Capital Fund (538)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund / PW Capital Projects Management - Public Buildings	148,699	148,699	Updates the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also increased.
Transfer from the General Fund - Capital Projects Reserve / Stationary Standby Generators	(80,000)	(80,000)	Decreases the Stationary Standby Generators budget and the associated transfer from the General Fund Capital Projects Reserve as \$80,000 of funding was advanced from FY 2023/24 to FY 2022/23 as described in RTC 23-1463 approved by the City Council on February 21, 2023.
Total Public Buildings Capital Fund	68,699	68,699	

Recycled Water Capital Fund (597)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	(1,253,540)	(1,253,540)	Decreases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total Recycled Water Capital Fund	(1,253,540)	(1,253,540)	

Related Santa Clara Developer Fund (540)

Project	Source of Funds	Use of Funds	Explanation
Developer Contributions	(2,073,178)		Decreases the developer contribution estimate from \$3,041,508 to \$968,330 to reflect changes to the project appropriations that will be reimbursed.
Related General Admin Project		(51,853)	Decreases the Related General Admin Project from \$370,183 to \$318,330 to reflect updated FY 2023/24 salary costs.
Related Permit Work Project		(2,021,325)	As part of the Developer Agreement with Related, 8.0 City positions were created to work on the Related Santa Clara project; however, these positions are now unfunded. Of these 8.0 unfunded positions, 7.0 are recommended to be frozen and 1.0 is recommended to be shifted to the Building Development Services Fund.
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	(3,000)	(3,000)	Decreases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total Related Santa Clara Developer Fund	(2,076,178)	(2,076,178)	

Sewer Utility Capital Fund (594)

Project	Source of Funds	Use of Funds	Explanation
Beginning Fund Balance - Unrestricted	(9,344,249)		Decreases the Unrestricted Beginning Fund Balance from \$9,404,214 to \$59,965 to reflect the breakout of the restricted sewer conveyance fee portion of the fund balance that was previously accounted for in the unrestricted balance.
Beginning Fund Balance - Restricted Sewer Conveyance Fee	22,128,559		Increases the Restricted Beginning Fund Balance - Sewer Conveyance Fee from \$0 to \$22,128,559 to reflect the breakout of the restricted sewer conveyance fee portion of the fund balance that was previously accounted for in the unrestricted balance.

Sewer Utility Capital Fund (594) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the Sewer Utility Fund	(7,651,713)		Decreases the transfer from the Sewer Utility Fund from \$11,518,935 to \$3,867,222. This reflects a change in the funding source for the S.J. - S.C. Regional Wastewater Facility project from the Sewer Utility Fund to the Sewer Utility Debt Service Fund. This decrease also accounts for an advancement of funding for the Sanitary Sewer Capacity Improvements project from FY 2023/24 to FY 2022/23.
Transfer from the Sewer Utility Debt Service Fund	10,000,000		Establishes a transfer from the Sewer Utility Debt Service Fund for the S.J. - S.C. Regional Wastewater Facility project. The Water and Sewer Utilities Department intends to issue debt in FY 2023/24 in the amount of \$30.0 million to refinance the Series 2020 (Regional Wastewater Facility) Installment Sale Agreement of \$20.0 million principal outstanding and borrow an additional \$10.0 million of new debt for the Regional Wastewater Facility project.
S.J. - S.C. Regional Wastewater Facility		(2,551,713)	Decreases the S.J. - S.C. Regional Wastewater Facility project appropriation from \$14,968,166 to \$12,416,453. This reduction reflects the latest estimate from the City of San Jose, the co-owner of the Regional Wastewater Facility. A corresponding decrease to the transfer from the Sewer Utility Fund is also recommended to offset this reduction in the project appropriation.
Sanitary Sewer System Improvements		(2,000,000)	Eliminates the Sanitary Sewer System Improvements project appropriation in FY 2023/24 to reflect an advancement of this funding to FY 2022/23.
Sanitary Sewer Capacity Improvements		5,426	Updates the Public Works Capital Management allocation based on the recalculated project distribution.
Sanitary Sewer Hydraulic Modeling As Needed Support		3,120	Updates the Public Works Capital Management allocation based on the recalculated project distribution.
PW Capital Projects Management - Sewer		(347,704)	Updates the Public Works Capital Management allocation based on the recalculated project distribution.
Ending Fund Balance - Restricted Sewer Conveyance Fee		21,913,644	Increases the Restricted Beginning Fund Balance - Sewer Conveyance Fee from \$0 to \$22,913,644 to reflect the breakout of the restricted sewer conveyance fee portion of the fund balance that was previously accounted for in the unrestricted balance.

Sewer Utility Capital Fund (594) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Ending Fund Balance - Unrestricted		(1,890,176)	Decreases the Unrestricted Ending Fund Balance from \$2,310,477 to \$420,301 to reflect anticipated activity in FY 2023/24.
Total Sewer Utility Capital Fund	15,132,597	15,132,597	

Solid Waste Capital Fund (596)

Project	Source of Funds	Use of Funds	Explanation
Beginning Fund Balance - Landfill Corrective Action Costs	22,899		Increases the Ending Fund Balance - Landfill Corrective Action Costs Reserve to account for changes from the FY 2023/24 Adopted CIP budget.
Unrestricted Beginning Fund Balance	(260,134)		Decreases the Unrestricted Beginning Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Ending Fund Balance - Landfill Corrective Action Costs		29,619	Increases the Ending Fund Balance - Landfill Corrective Action Costs Reserve to align with updated estimates.
Unrestricted Ending Fund Balance		(266,854)	Decreases the Unrestricted Ending Fund Balance to offset the action above.
Total Solid Waste Capital Fund	(237,235)	(237,235)	

Storm Drain Capital Fund (535)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund / PW Capital Projects Management - Storm Drain	(117,185)	(117,185)	Updates the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also decreased.
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	40,244	40,244	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total Storm Drain Capital Fund	(76,941)	(76,941)	

Street Lighting Capital Fund (534)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the Electric Utility Fund	(2,050,000)		Decreases the transfer of customer service funds from the Electric Utility Fund for the Street Lights Replacements - Great America Parkway project.
Great America Street Light Replacement		(2,050,000)	Decreases the project budget to align with updated project timeline. Funding will be reappropriated in future budget actions as needed.
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	48,629	48,629	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total Street Lighting Capital Fund	(2,001,371)	(2,001,371)	

Streets and Highways Capital Fund (533)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund - Capital Projects Reserve / Street Tree Services	463,050	463,050	This proposal provides one-time funding for the third and final year of the implementation of the Modesto Ash tree removals plan. In FY 2021/22, funding was placed in this CIP to supplement the operating budget for maintaining City Street Trees. Funding will be used for programmed pruning, tree removals, tree planting and responding to emergency tree work. Of the requested amount, \$322,000 will be allocated for the multi-year tree mitigation plan that was approved by Council on February 23, 2021 which brought forth amendments for the City's tree service agreements to increase funding to move forward with the initial phases of the Modesto Ash risk mitigation measures. Additional funding was approved as a Budget Amendment in the form of a new Capital Improvement Project through the FY 2021/22 & 2022/23 Operating Budget process to continue implementing the risk mitigation measures identified in the Plan-It assessment. The remaining \$141,000 will be allocated for emergency tree work, which is utilized throughout the year for storm response and after hour tree calls, as well as for planting new replacement trees. In 2022 the City adopted the City of Santa Clara Municipal Code, Chapter 12.35 Trees and Shrubs stating "if a vacant site where a street tree was removed is suitable to support a new street tree, the site shall be replanted with a suitable tree species from the City tree list." To maintain the 1 to 1 removal planting ratio sufficient funding is required for planting.

Streets and Highways Capital Fund (533) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Other Agencies Revenue / Tasman Complete Streets Plan 2021 Improvements Phase 1 – North San Jose Settlement Project	1,500,000	1,500,000	Increases the estimate for Other Agencies Revenue and the Tasman Complete Streets Plan 2021 Improvements Phase 1 – North San Jose Settlement project in the amount of \$1.5 million to recognize payment from the City of San Jose for the Tasman Complete Streets Plan 2021 Improvements Phase 1 project as part of the North San Jose Settlement, approved by the City on June 28, 2022. This is the second installment of the total payment of \$9,330,000 from the City of San Jose according to the schedule outlined by the settlement. Previously, \$1.5 million has been collected. These funds are to be used for complete street improvements on Tasman Drive.
Transfer from the General Fund / PW Capital Projects Management - Streets and Highways	(223,770)	(223,770)	Updates the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also decreased.
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	370,072	370,072	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total Streets and Highways Capital Fund	2,109,352	2,109,352	

Tasman East Infrastructure Improvement Fund (541)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	3,592,564	3,592,564	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total Tasman East Infrastructure Improvement Fund	3,592,564	3,592,564	

Water Utility Capital Fund (592)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	5,136,007	5,136,007	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2023/24 Adopted CIP budget.
Total Water Utility Capital Fund	5,136,007	5,136,007
