   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum

insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be e-mailed to ctsantaclara@ebix.com:

Or by mail to:
EBIX Inc.
City of Santa Clara – Finance Department

P.O. Box 100085 – S2
Duluth, GA 30096
Telephone number: 951-766-2280
Fax number: 770-325-0409

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representative

21-1078 **Agenda Date: 5/25/2021**

REPORT TO COUNCIL

SUBJECT
Action on Agreement for Services with NAZ & CO., doing business as True Blue Automation Services, for Electrical Support Services for the City's Water, Sewer and Storm Assets

COUNCIL PILLAR
Deliver and Enhance High Quality and Efficient Services and Infrastructure

BACKGROUND
The Water & Sewer Utilities Department (Department) is responsible for maintaining 26 water well sites, four water storage tank sites, seven sewer pump stations, and 22 storm pump stations. The associated equipment supporting the operation of the utility sites includes control panels, generators, motors, pumps, communication equipment, breakers, relays, and various electrical components. The Department lacks expertise in the area of electrical service required to maintain the safe operation of the utility sites. A licensed electrical contractor would assist staff in troubleshooting, testing, calibrating, repairing, and installing site equipment and controls as required.

DISCUSSION
On February 9, 2021, staff published a Request for Proposal (RFP) for electrical support services using BidSync, the City's e-procurement tool, and reached out directly to known companies that provide electrical support services to encourage proposal submissions. A total of 43 companies viewed the RFP, and one proposal was received from NAZ & CO., doing business as True Blue Automation Services, by the proposal due date of March 16, 2021.

After a thorough review and evaluation of the sole proposal from True Blue Automation Services, staff determined that the proposal satisfied all the requirements set forth in the RFP and that the proposed rates are fair and reasonable based on the prevailing wage rates set by the Department of Industrial Relations for electricians. True Blue Automation Services has proven experience in providing as-needed electrical support services with similar scopes to the City and other private and public utility businesses.

The initial term of the proposed agreement is one year starting on or about July 1, 2021 and ending on June 30, 2022, with a maximum compensation of $300,000. The City has the option to exercise four one-year renewals to extend the term through June 30, 2026. Contractor may request adjustments to its hourly rates starting July 1, 2024. Any rate adjustments must be tied to the Consumer Price Index.

Contractor's compensation under the agreement is based on fixed hourly rates. Prior to commencement of any work, the contractor will be required to provide the City with a not-to-exceed estimate cost of the work. The contractor is required to receive pre-authorization from the City if they exceed their estimate. The City will be invoiced in arrears at the fixed hourly rates for the services. The hourly rates are fully loaded and include wages, overhead, general and administrative expenses, profit, tools, and most equipment required for the work. Any specialty equipment or materials will be invoiced at contractor's actual cost plus a 10% markup.

ENVIRONMENTAL REVIEW

The action being considered is exempt from formal environmental review under the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15301(b) (Class 1 - "Existing Facilities") as the activity consists of the operation, repair, and maintenance of existing public structures, facilities, and mechanical equipment, including publicly-owned utilities, involving negligible or no expansion of the existing use.

FISCAL IMPACT

The cost of the proposed work shall not exceed $300,000 during the initial one-year term. The not to exceed amount was established based on budgeting projections developed from historical spend and future needs for work of similar nature. There is sufficient funding in the Water & Sewer Utilities adopted operating budget to cover $209,700 of the contract. This will be split with $66,000 funded by existing appropriations in the Sewer Utility Fund and $143,700 covered by the Water Utility Fund. The remaining $90,300 will be funded with the existing appropriations in the Storm Pump Motor and Control Maintenance, Repair and Replacement project in the Storm Drain Capital Fund. The allocations dedicated to each utility fund was coordinated between the Water and Sewer Utilities and Public Works Department.

COORDINATION

This report has been coordinated with the Finance Department, the Department of Public Works, and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov><mailto:clerk@santaclaraca.gov> <mailto:clerk@santaclaraca.gov>or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to execute an agreement with NAZ & CO., doing business as True Blue Automation Services, for electrical support services for the City's water, sewer, and storm assets, for an initial one-year term starting on or about July 1, 2021 and ending on June 30, 2022, with maximum compensation not-to-exceed $300,000 and to make minor adjustments to the agreement to facilitate execution; and
2. Authorize the City Manager to exercise up to four one-year options to extend the term of the

agreement after the initial one-year term through June 30, 2026, subject to the annual appropriation of funds.

ATTACHMENTS

1. Agreement for Services between the City of Santa Clara and NAZ & CO., dba True Blue Automation Services

EBIX Insurance No. S200004552

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND NAZ & CO. DBA TRUE BLUE AUTOMATION SERVICES

PREAMBLE

This Agreement is entered into as of the City's execution date (Effective Date) between the City of Santa Clara, California, a chartered California municipal corporation (City) and NAZ & CO., doing business as True Blue Automation Services, a California corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum

Exhibit E – Notice of Exercise of Option to Extend Agreement Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. **Initial Term.** Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on the Effective Date and extend through June 30, 2022 ("Initial Term").

B. **Options to Extend.** After the Initial Term, the City reserves the right, at its sole discretion, to extend the term of this Agreement for up to four (4) additional one-year terms through June 30, 2026 ("Option Periods"). See Exhibit E for Notice of Exercise of Option to Extend Agreement Form.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is set forth in Exhibit B, which is subject to budget appropriations and includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees

to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees or persons contracting with Contractor to perform any portion of the Scope of Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement

shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Water & Sewer Utilities Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at NLui@santaclaraca.gov, and
Water@santaclaraca.gov

And to Contractor addressed as follows:

NAZ & CO. DBA True Blue Automation Services
Attention: Berk Gurkan
3987 First St., Suite L
Livermore, CA 94551
and by e-mail at sales@tbautomationservices.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and

following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

1. INTRODUCTION

The City's Water & Sewer Utilities Department is responsible for maintaining 26 water well sites, four water storage tank sites, seven sewer pump station sites, and 22 storm pump station sites. Under this Agreement, Contractor shall provide all necessary equipment, tools, materials, labor, and supplies to assist the City on as-needed in troubleshooting, testing, calibrating, and repairing/replacing site equipment and controls to ensure proper operation.

2. GENERAL REQUIREMENTS

2.1. Contractor shall be solely and completely responsible for the conditions of the job site, including safety of its workers and all persons and property during performance of work. Any hazardous conditions noted by Contractor shall be reported immediately to the City.

2.2. Contractor shall effectively partner with other sub-contractors, vendors, or suppliers as required to complete projects and as directed by the City.

2.3. Contractor shall provide a Health and Safety and Injury and Illness Prevention Plan prior to commencing work.

2.4. Contractor (including subcontractors) shall be an individual or firm licensed to do business in California and shall obtain at Contractor's expense all license(s) and permit(s) required by law for accomplishing all work required herein.

3. WORKMANSHIP AND MATERIALS

3.1. All materials and work shall be in accordance with the rules and requirements of the National Electrical Code (NEC), Occupational Safety and Health Administration (OSHA), and any other applicable federal, state, and local laws and regulations. If Contractor experiences difficulty in achieving strict compliance with all such applicable laws and regulations, Contractor must contact the City and submit an acceptable alternative plan to achieve conformance.

3.2. Contractor must warranty all workmanship and materials for a period of one (1) year from the date of acceptance by the City.

3.3. Completed work shall be to the entire satisfaction of the City. The City shall be the sole judge as to whether the materials or workmanship is acceptable. Contractor shall immediately replace, at its own expense, all unacceptable materials and services. Contractor shall correct unacceptable materials and services within five (5) business days after notification by the City. The City will review and inspect all work completed by the Contractor which must be deemed as acceptable prior to payment.

4. PROJECT MANAGEMENT

4.1. Contractor shall work closely with City staff, including technicians, utility crew leaders, and supervisors, to determine work requirements.

4.2. Contractor shall designate an Account Manager/Representative as the point of contact for the City. In addition and to the extent possible, Contractor shall dedicate the same technicians and crew to service the needs of the City to allow for familiarity of the system and stations.

5. WORK ORDERS

5.1. When work under the contract is required, the City shall notify Contractor regarding the location and general nature of work, and will issue the proper work orders and instructions for the execution of work.

5.2. For non-emergency work, prior to the commencement of work, Contractor shall provide City with a not to exceed estimated cost of the work. Contractor shall notify City, with as much advanced notice as possible, if it is determined that the estimate will be exceeded.

5.3. Contractor must obtain written authorization from the City prior to commencement of work.

6. SCOPE OF SERVICES

The scope of services includes all work to perform electrical services related to the City's water, sewer, and storm assets. Work includes but are not limited to:

6.1. Generators

6.1.1. Perform minor electrical testing, wiring or gauge replacement.

6.1.2. Test, remove, and/or reinstall various styles of block-heaters or any components thereof.

6.1.3. Ground short trace downs.

6.1.4. Obtain voltage, amperage, hertz or other needed quantitative electrical measurements.

6.1.5. Diagnose and troubleshoot electrical problems or failures relating to electric generation on large diesel generators and manual/automatic transfer switches.

6.2. Control Panels: Electric and Motor Controls

6.2.1. Install, maintain, and repair new and existing equipment.

6.2.2. Install, maintain, troubleshoot, and repair electrical and electronic control systems.

6.2.3. Test voltage, amps, ohms, hertz, and other quantitative measurements on power sources from 12VDC up to 600VAC (for up to three phases).

6.2.4. Test and troubleshoot switches, contactors, relays, motor control units, hour meters, panel lighting, gauges, instrumentation, panel indicator lights, and related panel features.

6.2.5. Wire new switches, contactors, breakers, relays, soft starters, Variable Frequency Drives (VFD), plugs, meters, Programmable Logic Controllers (PLC), and other control related features.

6.3. Pumps

6.3.1. Check rotation, phase change, phase loss, insulation testing, and overloads.

6.3.2. Measure amps, volts, hertz, and other quantitative measurements relating to proper pump operations.

6.3.3. Inspect, remove, and reinstall power cables, cannon plug heads, sensors and other pump related electrical issues.

6.4. Site

6.4.1. Install, program, troubleshoot, and maintain existing electrical infrastructure at utility stations. The electrical infrastructure includes conduit and wiring, monitor and control of instrumentation, pumps and motors, panelboards, generators and the like.

6.4.2. Install and maintain new or existing electrical fixtures (such as lights, receptacles, conduit (EMT and Rigid)), pulling wire into new or existing conduits, service panel repair or installation, floats, transducers, sonic level equipment and all related site equipment needed for proper station operation in an indoor or outdoor application.

6.5. Valves

6.5.1. Adjust, maintain, troubleshoot, and repair automatic hydraulic control valves.

6.6. Special Projects/Other

6.6.1. Repair low voltage control circuits of all types, including motors and motor controls, SCADA equipment, communication equipment, and pump station equipment.

6.6.2. Install electrical circuit conduit and wiring in accordance with the National Electric Code (NEC).

6.6.3. Repair, and troubleshoot PLCs, and VFDs, soft starts, and solenoid control valves.

6.6.4. Repair, and troubleshoot instrumentation such as pressure sensors, tank level sensors, flow meters, and tank mixers.

6.6.5. Install conduit and wiring. Land wiring to various different electrical components connecting to input, outputs, relays, contacts and terminations.

6.6.6. Install and program Human Machine Interface (HMI) for various types of instrumentation displays.

6.6.7. Report work order assignment results, including project blue-print and schematic discrepancies.

6.6.8. Conduct Meggering test to various different types of electrical and mechanical equipment.

6.6.9. Conduct other electrical work, tasks or projects as requested by the City.

6.6.10. Provide annual electrical preventative maintenance which includes general cleaning, inspection, thermal imagining, connection re-torque, etc.

6.6.11. Test and replace station main service disconnects for up to 900 Amps main breakers.

6.6.12. Provide support services related to start up and inspection services.

7. SERVICE CALL AND RESPONSE TIMES

7.1. Contractor shall be available at any time, twenty-four (24) hours per day, seven (7) days per week, three hundred sixty-five (365) days per year.

7.2. Regular scheduled work assignments shall be executed during normal business hours from 7:00 AM to 5:00 PM Pacific Standard Time. Response time for regularly

scheduled work assignments or tasks shall be within three (3) working days after notification by the City.

7.3. In the event of an emergency, Contractor shall respond and commence work within four (4) hours from receipt of the call. After hour emergencies that may occur at night, weekends, and holidays shall also be addressed with a response time within four (4) hours after notification by the City.

7.4. It is intended that the vast majority of this work will be routine in nature and scheduled during regular business hours. However, emergency situations can occur. Failure to initiate service within the allocated response times will be grounds for cancellation of the contract, at the sole discretion of the City.

7.5. Contractor agrees to provide the City with telephone numbers and addresses for key personnel, so that seven (7) day per week, twenty-four (24) hour per day contact can be made in the event of an emergency situation.

EXHIBIT B
SCHEDULE OF FEES

1. MAXIMUM COMPENSATION

The maximum amount payable for all materials and services provided under this Agreement shall not exceed **Three Hundred Thousand Dollars ($300,000)** during the Initial Term of the Agreement, subject to the annual appropriation of funds. Any additional services or materials requested by the City that would exceed the preceding maximum amount will be addressed in an Amendment to the Agreement.

2. RATES

Compensation shall be paid to Contractor on a time and material basis in accordance with the rates listed below.

Description	Regular Hours Monday – Friday 7:00 a.m. - 5:00 p.m.	Overtime Hours Monday – Friday after 5 p.m.	Saturday/Sunday/ Holiday
Electrician	$145	$160	$189
Electrical Engineer/Foreman	$200	$210	$225
Material Handler	$55	$80	$90

2.1. Prior to the commencement of work, Contractor shall provide City with a not to exceed estimated cost. Contractor shall notify City, with as much advanced notice as possible, if it is determined that the estimate will be exceeded.

2.2. Contractor-purchased parts or materials will be based on the Contractor's price from a wholesale supply house plus a mark-up of no more than 10%. Contractor's invoices will clearly show the manufacturer's part number, description, supply house cost and percent mark-up cost. A copy of the supply house invoice shall be submitted with Contractor's invoice.

2.3. Upon prior approval by the City, Contractor may rent specialty equipment for specific projects authorized under the contract. Payment shall be in accordance with the actual invoice for the rental plus the approved markup of a maximum of 10%.

2.4. Hourly rates are fully loaded and include wages, overhead costs, general and administrative costs, travel, and profit. Overhead costs shall include all tools, equipment, and related items (excludes specialty equipment) that may be required to perform the work.

3. RENEWAL PERIOD COMPENSATION

After the Initial Term, the City reserves the right, at its own sole discretion, to extend the term of this Agreement for up to four (4) additional one-year terms (“Option Periods”) pursuant to Section 2.B of the Agreement.

The rates set forth above in Section 2 are fixed for three years through June 30, 2024. For rates effective July 1, 2024, Contractor may request adjustments 60 days prior to the date and on each anniversary thereafter. Price adjustments will be made in accordance with the percentage change in the Consumer Price Index (CPI-U) for All Urban Consumers for the San Francisco-

Oakland-Hayward area, published by the U.S. Bureau of Labor Statistics. The price adjustment will be determined using the 12-Month Percent Change with a base period of 1982-1984=100.

4. INVOICING

4.1. At the conclusion of each work, the City shall pay Contractor in arrears within thirty (30) days of a properly completed invoice in a form acceptable to the City.

4.2. The invoice shall itemize the number of employees assigned to the work, the actual hours worked for each employee, the hourly rates in accordance with the rates set forth herein, and the extended cost which is the hourly labor rate times the total hours worked. Actual hours worked shall only include electrical services, and shall not include time for travel to the job-site, or any incidental time that is not directly related to the work. If any additional tools, equipment, and/or third-party services were required for the work, then supporting documentation must be provided with the invoice to document the cost to the Contractor.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $2,000,000 Each occurrence
   $2,000,000 General aggregate
   $2,000,000 Products/Completed Operations aggregate
   $2,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of two million dollars ($2,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office

endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. General Aggregate. The general aggregate limits shall apply separately to Contractor's work under this Agreement providing coverage at least as broad as Insurance Services Office (ISO) Endorsement CG 2503, 1985 Edition, or insurer's equivalent (CGL);

4. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice

shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

5. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be e-mailed to: ctsantaclara@ebix.com

Or by mail to:

EBIX Inc.
City of Santa Clara - Water & Sewer Utilities Department
P.O. Box 100085 – S2
Duluth, GA 30096
Telephone number: 951-766-2280
Fax number: 770-325-0409

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et

seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

REPORT TO COUNCIL

SUBJECT
Action on an Agreement and Covenant Running with the Land to Allow Private Improvements within the Public Right-of-Way at 801 Martin Avenue

COUNCIL PILLAR
Promote and Enhance Economic, Housing and Transportation Development

BACKGROUND
On January 3, 2019, the Gahrahmat Family Limited Partnership II (Owner) submitted for a building permit for tenant improvements (Project) located at 801 Martin Avenue (Property). The Project is required to install public improvements along the frontage of the Property including sidewalk, driveways and pedestrian ramps for ADA compliance. The existing condition of the Property frontage required that a private keystone retaining wall (Private Improvements) be installed in the Public Right-of-Way to protect existing redwood trees.

DISCUSSION
The Private Improvements were reviewed, permitted and constructed as a part of the encroachment permit issued for the Project and the attached Agreement and Covenant Running with the Land (Attachment 1) is required for the property owner to maintain the Private Improvements. In the event the Private Improvements are ever required to be removed in the future, per the Agreement, the property owner must remove them (or portions thereof) at their sole cost within 60 days after written notification from the City. The Private Improvements support the preservation of existing redwood trees on the Property at no cost to the City for maintenance.

ENVIRONMENTAL REVIEW
Council action on this item is exempt from CEQA review under Section 15303 of the CEQA Guidelines, construction of small structures.

FISCAL IMPACT
There is no additional cost to the City other than staff time and expense. The Owner is responsible for all installation and maintenance costs.

COORDINATION
This report has been coordinated with the City Attorney’s Office and the Finance Department.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City’s website and in the City Clerk’s Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a

Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Approve and authorize the City Manager to execute the Agreement and Covenant Running with the Land allowing the installation and maintenance of private improvements within the public right-of-way at 801 Martin Avenue [APN 224-04-090 SC 19,351];
2. Authorize the City Manager to make minor, non-substantive modifications to the Agreement, if necessary; and
3. Authorize the recordation thereof.

AGREEMENT AND COVENANT RUNNING WITH THE LAND TO INSTALL AND MAINTAIN A RETAINING WALL WITHIN THE PUBLIC RIGHT-OF-WAY

[Restriction on 801 Martin Avenue, Santa Clara, CA]

This Agreement and Covenant Running with the Land ("Covenant") is made and entered into on this ____ day of _____, 20 ("Effective Date"), by Gahrahmat Family Limited Partnership II, a California Limited Partnership ("Owner"), and the City of Santa Clara, California, a chartered California municipal corporation ("City").

RECITALS

a. WHEREAS, Owner is the sole and exclusive owner of real property commonly known as 801 Martin Avenue in the City of Santa Clara, California, and is shown on the 2020-21 Santa Clara County Property Tax Roll as Assessor's Parcel Nos. 224-04-090 ("Property"). Property is also known as Parcel 2 as shown on that Parcel Map filed for record in Book 599 of Maps, at Page 50, Santa Clara County Records.

b. WHEREAS, City is the owner of Martin Avenue, a public right-of-way.

c. WHEREAS, Owner wishes to install and maintain two keystone retaining walls within said public right-of-way.

d. WHEREFORE, the Parties enter into the following Covenant:

COVENANT

1. Owner proposes to install and maintain and City agrees to permit certain existing private improvements ("Improvements") in the street right-of-way described and limited to the following:

Two 1.5-foot high keystone retaining walls. The locations of the walls are

shown on Exhibit "A", attached hereto and incorporated herein by this reference.

2. Owner shall maintain, at Owner's expense, Improvements in a safe condition in compliance with City ordinances, rules, regulations, and such terms and conditions as all of the aforesaid are required by City from time to time. City approval of Improvements does not constitute approval on behalf of public utility companies. Approval of public utility companies shall be obtained separately by Owner. If, in the future, Improvements are removed, the area they are removed from shall be left in a safe condition. Removal shall be at Owner's expense and performed under an Encroachment Permit issued by City. Upon removal of Improvements, confirmation by City that the site has been returned to its original or better condition, and payment of applicable processing fee, City shall release Owner's obligations under this agreement by recording a Release of Interest at the County of Santa Clara Recorder's Office.

3. Owner shall permit public utility companies, the City, and their respective officers, employees, and agents to enter upon Property so that there is access to the street right-of-way for the purpose of installation, modification, repair, maintenance, removal or replacement of utility companies and City owned public improvements, facilities or properties situated in the street right-of-way. Owner waives any and all claims for damages or liabilities in connection therewith for property damages incurred as a result of City operations.

4. Owner shall pay City for any damages to City owned facilities caused by the construction or maintenance done by Owner in the street right-of-way. Payment to City shall be made within sixty (60) calendar days of said demand.

5. Owner shall modify, maintain, repair, or remove within sixty (60) days of a written demand of the City Engineer (or designee) at no cost to the City, Improvements (or portion thereof) which prohibits or interferes with the City's ability to maintain, repair, or replace its public facilities located in the street right-of-way. If owner fails to modify, maintain, repair, or remove Improvements (or portion thereof) within the time frame stated in the written demand of City, City shall cause the work to be done and bill Owner for any and all costs, fees, and expenses related to said work. Payment to City shall be made within sixty (60) calendar days of said demand for payment.

6. If Owner fails to pay City for damage to City facilities or for City caused work the Owner failed to perform upon City demand, City may enforce this Covenant in any manner allowed by law including a levy against the Property.

7. Owner shall defend, indemnify and hold harmless the City, its council, officers, employees, agents, successors and assign from any claims, demands, loss, liability, injury, damage, expense or cost (including reasonable attorney's fees) however same may be caused, which may be sustained, incurred, or asserted against City because of and/or arising from this Agreement, including but not limited to claims for design defect and/or dangerous condition of public property. Provided, however, that in no event shall Owner's obligations in this Section apply to any such claims, demands, losses, liabilities, injuries, damages, expenses, or costs to the extent arising out of City's sole negligence or willful misconduct.

8. As used herein, street right-of-way includes not only the roadway traveled by vehicles but the curb and gutter, sidewalk and area between and beyond the sidewalk, if any, to the private property lines or exterior line of right-of-way easements.

9. Each and every covenant made by Owner and/or City in this Covenant is made for the direct benefit of the respective lands described above or the interests in such lands held by the Parties, their heirs, assigns and/or successors in interest, and shall run with said respective lands or interest in lands, and if applicable, the responsibilities and burdens thereof are imposed on and shall run with said respective lands or interest in lands held by the Parties, their heirs, assigns and successors in interest.

10. The land of Owner which is burdened by this covenant and which will have the responsibility and burden for the modification, maintenance, repair, or removal of the Improvements is the above mentioned Property.

11. The land of City which is benefited by the covenants included in this Agreement is Martin Avenue, a public street owned by City.

12. Enforcement, either to restrain violation or to recover damages, shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant created through this Agreement.

13. Invalidation of any one of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

14. Owner represents and warrants to City that they are the owner(s) of Property at the time of their signature hereto, and have the authority to enter into this Covenant and the covenants contained herein, and grant such interests as are necessary to effectuate this Covenant.

15. Wherever the term "Owner" is used, it shall refer collectively to the Owner(s) signing this Covenant, and/or Owner's assigns and successors in interest. City and Owner may be referred to herein collectively as the "Parties" or individually as a "Party". It is the express intent of the Parties hereto to have the benefits and burdens of this covenant run with the land.

[The last paragraph, Paragraph 16, concerning recordation of this Covenant, and the signature blocks are on page 4]

\\\

\\\

\\\

\\\

\\\

16. This Covenant shall be recorded by City in the Office of the County Recorder of Santa Clara County.

The Parties acknowledge and accept the terms and conditions of this Covenant as evidenced by the following signatures of their duly authorized representatives. It is the intent of the Parties that this Covenant shall become operative on the Effective Date first set forth above.

REPORT TO COUNCIL

SUBJECT
Action on an Agreement with Business Recovery Services, Inc., dba Bank Up Corporation, for Remittance Lockbox Processing Services for Utility Payments

COUNCIL PILLAR
Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND
The Finance Department (Department) is responsible for collecting and processing all utility bill payments. While the majority of the City's utility customers receive and pay their bills online through the City's e-Bill Program, the City still receives approximately 10,000 utility remittance payments per month by mail. As an alternative to manual check processing performed by staff, the Department uses a third-party service to receive and process payments received by mail.

On January 10, 2017, City Council approved the award of contract to Business Recovery Services, Inc., dba Bank Up Corporation, following a competitive process. This agreement expires on June 30, 2021.

DISCUSSION
In January 2021, staff issued a competitive Request for Proposals (RFP) for Remittance Lockbox Processing Services utilizing the City's e-procurement system. A total of 33 companies viewed the RFP, and two proposals were received from the following firms:

- Business Recovery Services, Inc., dba Bank Up Corporation (Alameda, CA)
- JPMorgan Chase Bank, N.A. (San Francisco, CA)

A three-member evaluation team with representation from the Finance Department and Information Technology Departments evaluated and scored the written proposals against the criteria and weights published in the RFP. The proposals were evaluated on experience, technical capability, and fee schedule.

Staff recommends award of contract to Business Recovery Services, Inc., dba Bank Up Corporation (Bank Up) as the most advantageous and best value proposal based upon the final evaluation ranking. Bank Up understands and is able to meet the City's lockbox process, work types, and payment processing requirements. The Department is confident that Bank Up will continue to deliver quality lockbox services and provide excellent customer service.

Bank Up's cost proposal is approximately 30% lower than the cost proposal submitted by JPMorgan Chase Bank, demonstrating the values of the competitive process. Bank Up maintained its current

fees through June 30, 2024, which represents an average savings of 3% per year when compared to Consumer Price Index (CPI) adjustments over the past three years.

Bank Up's compensation under the agreement includes fixed monthly fees for lockbox maintenance, electronic file transmission, and online portal access, and per item fees for check scanning and processing. The fee schedule also includes daily courier pick-up, check intercept services, and professional services as may be required. The initial term of the proposed agreement is three years with the option to extend the agreement for up to two additional one-year terms. Subject to the City's approval, Bank Up may request adjustments to its fees after the initial term.

Based on past usage, the estimated cost for lockbox services is $40,000 per year. This amount may fluctuate depending on the number of payments processed.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT

Staff is proposing a three-year agreement at a total not-to-exceed cost of $120,000 or approximately $40,000 annually. This funding is expected to address existing service needs. In addition, staff is requesting City Manager authorization to execute amendments to the agreement in an amount not-to-exceed $20,000 over the three-year period as contingency to cover any unanticipated service requirements including additional checks for processing. Annual funding for this contract is included in the General Fund Operating Budget for the Finance Department, however, the majority of these costs are recovered from utility funds through the City's Cost Allocation Plan.

COORDINATION

This report has been coordinated with the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to execute an agreement with Business Recovery Services, Inc., dba Bank Up Corporation, for Remittance Lockbox Processing Services with an initial term starting on July 1, 2021 and ending on June 30, 2024 for a total maximum not-to-exceed amount of $120,000, subject to the appropriation of funds;
2. Authorize the City Manager to execute amendments over the initial term of the agreement, not-to-exceed $20,000 as contingency to cover any unanticipated service requirements including additional checks for processing, subject to the appropriation of funds; and
3. Authorize the City Manager to execute up to two (2) additional one-year options to extend the term

through June 30, 2026, subject to the appropriation of funds.

1. Agreement for Services with Business Recovery Services, Inc., dba Bank Up Corporation

EBIX Insurance No. S200002532

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND BUSINESS RECOVERY SERVICES, INC., DBA BANK UP CORPORATION

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Business Recovery Services, Inc., doing business as Bank Up Corporation, a California corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Notice of Exercise of Option to Extend Agreement Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings,

whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. **Initial Term.** Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on July 1, 2021 and terminate on June 30, 2024 ("Initial Term").

B. **Options to Extend.** After the Initial Term, the City reserves the right, at its sole discretion, to extend the term of this Agreement for up to two (2) additional one-year terms through June 30, 2026 ("Option Periods"). See Exhibit D for Notice of Exercise of Option to Extend Agreement Form.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum

compensation of this Agreement is set forth in Exhibit B, which is subject to budget appropriations and includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury,

liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees or persons contracting with Contractor to perform any portion of the Scope of Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Finance Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at meglesia@santaclaraca.gov

And to Contractor addressed as follows:

Business Recovery Services, Inc., DBA Bank Up Corporation
Attention: Michael Santimauro
1301 Marina Village Parkway, Suite 250
Alameda, CA 94501
and by e-mail at msantimauro@bank-up.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and

following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

See next page.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

1. INTRODUCTION

1.1. Contractor shall provide a comprehensive Remittance Lockbox Processing Services solution to the City as described herein. Contractor will act as a non-depository agent for the City for the purpose of acceptance and processing of utility remittance payments.

1.2. To the extent not inconsistent with this Agreement between the City and Contractor including this Scope of Services, the City's RFP# 20-21-43 (including subsequent updates) and Contractor's proposal response dated February 19, 2021 are hereby incorporated by reference herein, and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

2. SCOPE OF SERVICES

2.1. Contractor shall provide a full lockbox processing solution wherein the City will direct payments to a pre-assigned lockbox at the Lundy Avenue Post Office in San Jose, CA contracted to the City (current PO Box # for the City's payments: 49067). All mail delivered to San Jose will be picked up by authorized and insured, TSA-approved courier every day, M-F, excluding Federal holidays, and delivered each day for processing to Contractor's HQ and California Lockbox Processing Center at: 1301 Marina Village Parkway, Suite 250 in Alameda, CA 94501.

2.2. Contractor shall extract, scan and process all coupons/checks and electronically process each payment according to the parameters assigned by the City. Contractor shall utilize its proprietary payment processing solution, FLEXRPS, a proven, comprehensive remittance processing platform. Contractor shall prepare and deliver a daily electronic cash letter (ECL) deposit to the City's depository bank no later than 3:00 p.m. (Pacific time zone). Deposits are guaranteed to be made the same day that the work is processed by Contractor. An image of each check and coupon associated with each remittance will be captured by Contractor before it is deposited.

2.3. Contractor shall provide a daily Batch Summary Report and ECL Export Report to the City upon completion of each day's processing. The exception file along with images of checks/stubs of the exception file will be sent to the City no later than 3:00 p.m. (Pacific Time zone). At that time, the City will make necessary corrections/additions to exception file for processing in next day's remittance processing. Banking for the exception file will be done with the next day's processing. Other reports available from the Contractor's system will also be made available to the City.

2.4. Contractor shall provide file transmissions of required information in order to create an X9.37 Image Cash Letter in a format required by the City's depository bank.

2.5. Contractor shall also prepare a daily output posting file and transmit that file in the required format to the City in order to update the City's Utility Billing System. The daily output posting file will be delivered to a secure FTP site or made available from Contractor's secure FTP immediately upon completion of each day's processing by 3:00 p.m. (Pacific time zone).

2.6. Contractor shall accept payments for the City and review and perform required reject/reentry to the MICR information as required by the processing standards associated with the Check Clearing for 21st Century Act (Check 21). Contractor shall resolve exception items through its online Exception Decisioning module and process the corrected exception items next business day. The resolved exception item payments will be deposited on the same day that Contractor receives the corrected information from the City. Contractor will present for deposit exception items listed on the appropriate reports or files, in accordance with instructions, either in writing or orally, by the City. All rejected items will be returned as directed by the City or handled through an alternative method established by the City for such rejected items.

2.7. Contractor shall provide the image archive file thru the internet to the City in order for the file to be merged with their current image archive file stored in-house, on the same day that work is processed by Contractor. Contractor shall email a daily confirmation to the City of the daily deposit, which will include date, dollar amount and number of items processed.

2.8. Contractor can also provide the eLockbox solution to the City. This solution will aggregate automated bill pay remittances from the City's customers' home banking systems. The solution will consolidate electronic bill payment checks by combining thousands of electronic sources into a single posting file that will be uploaded daily by the Contractor's lockbox platform into the City's Financial Management System. The City will receive deposits of home banking payments directly from the RPPS (MasterCard) network of financial institutions via ACH and receive a daily report of all payments received through this channel.

2.9. Contractor shall provide Tier 1 toll-free support for the City. Level 1 support includes assisting the City with all reasonable problem determination and troubleshooting over the phone, as well as engineering support for changes to the processing services or resolution of technical problems. Contractor will provide a dedicated support individual and customer support to Client weekdays from 8AM until 6PM Pacific Time, excluding Federal holidays. Customer support at other times will be based on the severity of the problem. Contractor maintains support after regular business hours as needed via its

24x7 toll free support number in the event the City needs to invoke incident management resources.

2.10. Contractor shall assign a Senior Technical Support Manager to the City. This individual will provide ongoing technical support as required. Contractor will also provide any training and installation support for City staff as required.

2.11. Contractor shall provide the City with a Monthly Client Management Report to include items and dollars processed by Contractor.

2.12. Contractor shall invoice the City monthly in arrears for all monthly processing fees. Payment will be due within thirty days of the City's receipt of an undisputed invoice.

2.13. Service levels will be evaluated periodically throughout the term of the agreement to ensure that Contractor and City have developed measurement standards acceptable to both parties.

EXHIBIT B
SCHEDULE OF FEES

1. MAXIMUM COMPENSATION

The maximum amount payable for all services provided under this Agreement shall not exceed **One Hundred Twenty Thousand Dollars ($120,000)** during the Initial Term of the Agreement, subject to the annual appropriation of funds. Any additional services requested by the City that would exceed the preceding maximum amount will be addressed in an Amendment to the Agreement. All services under this Agreement shall be paid in accordance with the fees set forth in Section 2 below.

2. SERVICE FEES

City shall compensate Contractor for remittance processing and lockbox services according to the following fee schedule.

DESCRIPTION	BASIS	SERVICE FEES EFFECTIVE FROM JULY 1, 2021 THROUGH JUNE 30, 2024
Lockbox Maintenance Fee	Monthly	$51.0000
Transaction Fee – automated with OCR scan line	Per transaction	$0.2346
Check Only	Per check	$0.2346
Check & List	Per check	$0.2346
Exception Items – non-automated without OCR scan line	Plus transaction fee	$0.0000
Electronic Check Deposit	Per check	$0.0204
Safekeeping & Secure Destruction	Per item	$0.0031
Fax/Copy/Email	Per page	$1.0200
Electronic File Transmission	Monthly	$76.5000
Archive Access (3 users)	Monthly	$153.0000
Courier/mail	At Cost	At Cost
Additional Courier for Santa Clara Pick-up	Daily	$7.1400
Implementation Fee	One-time	$510.0000
Check Intercept	Per check	$0.1020

DESCRIPTION	BASIS	SERVICE FEES EFFECTIVE FROM JULY 1, 2021 THROUGH JUNE 30, 2024
Optional Services		
Professional Services (for outside the scope of the initial implementation and for any custom implementation and programming)	Per hour	$200.0000
Implementation Fee for Optional E-Lockbox Services	One-time	$510.0000

3. RENEWAL PERIOD COMPENSATION

After the Initial Term, the City reserves the right, at its own sole discretion, to extend the term of this Agreement for up to two (2) additional one-year terms ("Option Periods") pursuant to Section 2.B of the Agreement.

Contractor may request adjustments to its service fees 60 days prior to an option term. Contractor must demonstrate to the satisfaction of the City that a price increase is justified.

4. INVOICING

Contractor must submit monthly invoices and account analysis statements to the City no later than thirty-days (30 days) after the close of the reporting month. Service charge items should be clearly and uniquely identified and should conform to the pricing set forth in this Exhibit B.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies,

satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be e-mailed to: ctsantaclara@ebix.com

Or by mail to:

EBIX Inc.

REPORT TO COUNCIL

SUBJECT
Action on Agreements with the County of Santa Clara for the Countywide AB 939 Implementation Fee and Countywide Household Hazardous Waste Collection Program

COUNCIL PILLAR
Deliver and Enhance High Quality Efficient Services and Infrastructure; Sustainability

BACKGROUND
In 1989, Assembly Bill (AB) 939 was passed, which required jurisdictions to develop plans to implement source reduction, recycling, composting, public education, and household hazardous waste (HHW) programs to achieve 50 percent waste diversion by the year 2000. Known as the California Integrated Solid Waste Management Act of 1989, AB 939 provided local fee authority to cities and counties to impose fees to fund the development and implementation of waste diversion activities. The jurisdictions in Santa Clara County developed and approved the Countywide AB 939 Implementation Fee in 1992 to help fund waste reduction efforts.

The Countywide AB 939 Implementation Fee agreement imposes a $4.10 per ton fee on each ton of waste generated within the County that is destined for disposal in a landfill. Landfills are required by the state to allocate all disposal tonnage to specific jurisdictions. All disposal facilities located within the County and solid waste haulers that transport waste outside of the County for landfill disposal are required to pay the AB 939 Implementation Fee on each ton of waste.

The $4.10 per ton AB 939 Implementation Fee is composed of a Program Fee of $1.50 per ton and a HHW Fee of $2.60 per ton. The County of Santa Clara collects and distributes the AB 939 Implementation Fee on behalf of all jurisdictions. The Program Fee revenues are distributed to the City on a quarterly basis and reduce the City programs cost element of the residential recycling rate charged to all residential customers. This agreement has been renewed upon each successive expiration. The current agreement, effective July 1, 2018 through June 30, 2021, was approved by Council on May 22, 2018.

The County of Santa Clara retains the revenue generated by the HHW Fee to fund the City's participation in the Countywide Household Hazardous Waste Program (CoHHWP). The CoHHWP provides HHW drop-off services and collects abandoned hazardous waste during the annual Cleanup Campaign under the agreement for the Countywide Household Hazardous Waste Collection Program. City Council originally authorized this agreement in 2002 and has renewed it upon each successive expiration. The current agreement approved by Council on May 22, 2018 is effective July 1, 2018 through June 30, 2021.

DISCUSSION

Countywide AB 939 Implementation Fee Agreement

The Santa Clara County Board of Supervisors approved reimposing the AB 939 Implementation Fee at $4.10 per ton of waste disposed, effective July 1, 2021 through June 30, 2024. The successor AB 939 Implementation Fee agreement (Attachment 1) authorizes the County of Santa Clara to continue to collect and distribute a landfill disposal fee that is imposed on each ton of waste generated in the County on behalf of the City. The AB 939 Implementation Fee will remain flat, with the Program Fee and HHW Fee components remaining at $1.50 and $2.60 per ton, respectively.

The $1.50 per ton Program Fee component of the AB 939 Implementation Fee is distributed by the County to the City on a quarterly basis to help fund the weekly curbside residential recycling program, which qualifies as an AB 939 landfill diversion program. The Program Fee revenues are projected to generate approximately $240,000 in FY 2021/22. This revenue is applied to the City programs cost element of the residential recycling rate charged to all residential customers. In order to continue to receive the AB 939 Implementation Fee revenues the City must approve the agreement.

Countywide Household Hazardous Waste Collection Program Agreement

Under the Countywide Household Hazardous Waste Collection Program Agreement, the CoHHWP provides residents several opportunities throughout the year to properly dispose of hazardous waste. Multiple convenient disposal opportunities reduce the potential for improper disposal and illegal dumping of hazardous waste. Santa Clara residents can use any of the CoHHWP scheduled drop-off events to dispose of their hazardous waste at no charge. Each year the CoHHWP typically schedules two temporary collection events at the City's Public Works Corporation Yard (April and September); however, due to COVID-19 restrictions, all temporary collection events have been cancelled since March of 2020. The permanent collection sites in San Jose and San Martin continue to schedule drop-off appointments and have added additional days of operation to accommodate appointment requests.

Participation in the CoHHWP is funded by the $2.60 per ton HHW Fee component of the AB 939 Implementation Fee, which is projected to generate $417,000. All participating public agencies must agree to provide service for a minimum of 4 percent of their respective households in the baseline agreement. The baseline 4 percent participation for the City of Santa Clara is 1,959 households. The City must agree to augment funding for additional households to continue to use the program at the variable cost per household, which is projected to be $58.20 per participant.

The successor three-year term Countywide Household Hazardous Waste agreement provides for the augmentation of $107,157 in fiscal year 2021/22 to enable approximately 3,672 households to utilize the HHW services, if needed. Amendments to the agreement will need to be processed for each of the subsequent fiscal years to augment funds beyond the baseline 4 percent participation.

The County will retain all revenues generated by the HHW component of the AB 939 Implementation Fee. At the end of each fiscal year, the County prepares a final report that details the City's disposal tonnage, HHW fees collected, participation, revised variable cost per car that reflects actual expenditures, and calculation of the cost to provide services. If the cost to provide service is greater than the revenues generated by the HHW fees collected, the County will invoice the City for the balance. If the cost to provide service is less than the revenues generated by the HHW fees

powered by Legistar™

collected, the County forwards the City the difference.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT

The AB 939 Implementation Fee is projected to generate approximately $657,000 of revenue in fiscal year 2021/22. The $1.50 per ton Program Fee component is projected to generate $240,000 and the $2.60 per ton HHW Fee component is projected to generate $417,000. AB 939 Implementation Fee revenue collected and distributed by the County will be allocated to the City's Solid Waste Fund and would contribute additional funding that is needed beyond the HHW Fee component revenue.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Approve and Authorize the City Manager to execute the Agreement for Countywide AB 939 Implementation Fee to collect and distribute the AB 939 Implementation Fee over the three-year term of the agreement;
2. Approve and authorize the City Manager to execute the Agreement for Countywide Household Hazardous Waste Collection Program with the County of Santa Clara to enable residents to participate in the Countywide Household Hazardous Waste Collection Program for a three-year term;
3. Authorize the City Manager to execute future amendments to the Agreement for Countywide Household Hazardous Collection Program with the County of Santa Clara to adjust the annual augmentation over the baseline 4 percent participation level; and
4. Authorize the City Manager to execute future license agreements with the County of Santa Clara that enable drop-off events to be conducted on the Public Works Corporation Yard premises.

AGREEMENT FOR COUNTYWIDE
AB939 IMPLEMENTATION FEE

This Agreement is made by and among the Cities and Towns of Campbell, Cupertino, Gilroy, Los Altos, Los Altos Hills, Los Gatos, Milpitas, Morgan Hill, Monte Sereno, Mountain View, Palo Alto, San Jose, Santa Clara, Saratoga, and Sunnyvale (CITIES) and the County of Santa Clara (COUNTY) on the _____ day of _____ 2021. The term CITIES may refer to CITIES collectively or individually.

RECITALS

WHEREAS, pursuant to Public Resources Code Section 41901, a city, county, or city and county may impose fees in amounts sufficient to pay the costs of preparing, adopting, and implementing a countywide integrated waste management plan;

WHEREAS, State law, Public Resource Code Section 41750, requires that the countywide integrated waste management plans contain a household hazardous waste ("HHW") element for each city within the county as well as for the unincorporated area of the county;

WHEREAS, the County of Santa Clara Board of Supervisors ("Board") has imposed a Countywide AB939 Implementation Fee ("Fee") since July 1, 1992 to pay for the costs of preparing, adopting, and implementing integrated waste management plans and programs, including HHW program elements;

WHEREAS, the Board has approved reimposing the Fee for Fiscal Years 2022, 2023, and 2024 (July 1, 2021 through June 30, 2024) at $4.10 per ton of waste landfilled or incinerated in the County; received at any nondisposal or collection facility located within the County and subsequently transported for disposal or incineration outside of the County; collected from any location within the County by a solid waste hauler operating pursuant to a franchise, contract, license, or permit issued by any local jurisdiction and subsequently transported for disposal or incineration outside of the County; and removed from any location in the County by any person or business for disposal or incineration outside the County;

WHEREAS, HHW programs provide household hazardous waste management services to residents of Santa Clara County and are necessary to meet HHW planning and management requirements under State law;

WHEREAS, jurisdictions in Santa Clara County desire to provide safe, convenient, and economical means for residents to properly dispose of household hazardous wastes in an environmentally safe manner in order to avoid unauthorized or improper disposal in the garbage, sanitary sewer, storm drain system, or on the ground or in any other manner which creates a health or environmental hazard. These wastes include, but are not limited to, common household products such as household cleaning products, spot remover, furniture polish, solvents, oven cleaner, pesticides, oil based paints, motor oil, antifreeze, fluorescent lamps, and batteries; and

WHEREAS, the County will collect the Fee on behalf of the fifteen cities and for the unincorporated area of the County and will apportion the Fee according to the terms of this Agreement.

NOW THEREFORE, CITIES and COUNTY AGREE AS FOLLOWS:

1. PURPOSE

The purpose of this Agreement is to state the terms and conditions under which the COUNTY will collect and distribute the Fee of $4.10 per ton of waste to be disposed in Fiscal Years 2022, 2023 and 2024. The Fee is divided into two parts: 1) a Program Fee of $1.50 per ton to assist in funding the costs of preparing, adopting, and implementing the integrated waste management plan in the fifteen cities and the unincorporated area of the County; and 2) a Household Hazardous Waste Fee of $2.60 per ton to provide funding to implement the Countywide HHW Program. The Program Fee will be allocated among the CITIES and COUNTY as described in Exhibit B, attached hereto and incorporated herein. The HHW Fee will be allocated to the COUNTY, CITIES, and Countywide HHW Program as described in Exhibit C, attached hereto and incorporated herein. The Fee shall be imposed on each ton of waste landfilled or incinerated within the County; received at any non-disposal or collection facility located within the County and subsequently transported for disposal or incineration outside of the County; collected from any location within the County by a solid waste hauler operating pursuant to a franchise, contract, license, or permit issued by any local jurisdiction and subsequently transported for disposal or incineration outside of the County; or removed from any location in the County by any person or business for disposal or incineration outside the County. Non-Disposal Facilities are defined as those facilities included in the County of Santa Clara Non-Disposal Facility Element (and subsequent amendments to that Element) and are listed in Exhibit A, attached hereto and incorporated herein.

2. SERVICES PROVIDED BY COUNTY

COUNTY will collect and distribute the Fee. COUNTY will collect the Fee from landfills and non-disposal facilities listed in Exhibit A, and any landfill or non-disposal facility subsequently permitted, on a quarterly basis using data from tonnage reports filed by landfill and non-disposal facility operators with the County Recycling and Waste Reduction Division. COUNTY shall require each landfill and non-disposal facility to submit required payment, documentation of tonnages disposed, and state-mandated Disposal Reporting System Reports on a quarterly basis, within 45 days of the end of each calendar quarter. Late submissions and/or payments shall be subject to a late filing penalty and delinquent penalties. COUNTY will research Santa Clara County tonnage reported to COUNTY by landfills outside the COUNTY in significant amounts to determine the identity of the hauler. That hauler will subsequently be billed in the same fashion subject to the same penalties as mentioned above. Collected funds and any late filing payments and delinquency penalties shall be distributed to CITIES and Countywide HHW Program based on the formula set forth in Exhibits B and C. COUNTY shall not be obligated to distribute funds that COUNTY has been unable to collect from landfill or non-disposal facility operators.

/ /

3. ROLE OF CITIES

CITIES shall review the Disposal Reporting System Reports as prepared and submitted by the COUNTY and within 30 days of receipt shall report to COUNTY, with appropriate documentation, errors in waste allocations among jurisdictions.

4. COLLECTION AND USE OF FEE

Each ton of waste will be subject to the fee if it is landfilled or incinerated in the County; received at any non-disposal facility or collection facility in the County and subsequently transported for disposal or incineration outside the County; collected from any location within the County by a solid waste hauler operating under franchise, contract, license, or permit issued by a local jurisdiction and subsequently transported for disposal or incineration outside the County; or removed from any location in the County by any person or business for disposal or incineration outside the County. Best efforts will be made to prevent tonnage from being assessed a double fee (for instance, once at a non-disposal facility and again at a landfill within Santa Clara County). The Program Fee funding share paid to CITIES shall be used to assist in funding the CITIES' costs of preparing, adopting, and implementing the integrated waste management plan of each of the CITIES and the unincorporated area of the COUNTY. The HHW Fee portion shall be applied to fund the costs of CITIES' share of Countywide Household Hazardous Waste services; any HHW fees directly disbursed to CITIES as provided in this Agreement shall be used to fund the costs of preparing, adopting, and implementing the jurisdiction's HHW element of the Countywide integrated waste management plan, including providing HHW services to residents.

5. INSURANCE

Each party shall maintain its own insurance coverage, through third party insurance, self-insurance or a combination thereof, against any claim, expense, cost, damage or liability arising out of the performance of its responsibilities pursuant to this Agreement. CITIES agree to provide evidence of such insurance to COUNTY via Certificate of Insurance or other documentation acceptable to the COUNTY upon request.

6. INDEMNIFICATION

In lieu of and not withstanding the pro rata risk allocation which might otherwise be imposed between CITIES and COUNTY pursuant to Government Code Section 895.6, the parties agree that all losses or liabilities incurred by a party shall not be shared pro rata but instead the parties agree that each of the parties hereto shall fully indemnify and hold each of the other parties harmless from any claim, expense or cost, damage or liability arising out of, or in connection with, performance of its responsibilities pursuant to this Agreement and as described in Exhibit D.

Additionally, CITIES shall indemnify, hold harmless, and defend COUNTY, its officers, agents, and employees with respect to any loss, damage, liability, cost or expenses, including attorney fees and court costs, arising from any misuse of the Fee distributed to CITIES. COUNTY shall indemnify, hold harmless, and defend CITIES, its officers, agents, and

employees with respect to any loss, damage, liability, cost or expenses, including attorney fees and court costs, brought by third parties based on COUNTY's sole negligence in the collection or distribution of said Fees.

7. DISTRIBUTION OF FEE

COUNTY shall distribute the AB939 Program Fee to CITIES and the HHW Program Fee to the Countywide HHW Program pursuant to the formulas described in Exhibits B and C within 45 days of receipt of landfill and non-disposal facility payments and disposal documentation required for calculation of Fee distribution amounts. Distributions shall begin December 15, 2021, and continue quarterly through October 15, 2024.

8. PARTICIPATION IN THE COUNTYWIDE HHW PROGRAM

CITIES, at their option, may individually participate in the Countywide HHW Program by entering into the AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM.

9. LATE PAYMENTS

If Fee payments and disposal documentation are not received from landfill or non-disposal facility operators prior to scheduled distribution of payments to CITIES and the Countywide HHW Program, payment distribution shall be calculated on a pro rata share of monies received. Upon collection, late payments and accrued delinquent penalties, if any, shall be distributed among CITIES and the Countywide HHW Program according to the formula in Exhibits B and C.

10. ACCOUNTING

COUNTY shall maintain records of all transactions related to collection, use and distribution of the Fee for at least five (5) years after the termination date of this Agreement, unless otherwise required by law to retain such records for a longer period. Such records will be available for inspection upon written request by CITIES, and will include but not be limited to tonnage reports submitted by landfills and non-disposal facilities, waste stream documentation provided by cities, payments made by the landfills and non-disposal facilities to the COUNTY and by the COUNTY to CITIES, and expenditures for programmatic and overhead costs.

11. REQUEST FOR REVIEW

In the event CITIES have a dispute regarding the calculation of its share of the Fee or the distribution or use of the Fee, CITIES may request in writing a review by COUNTY within 10 days of receipt of their Fee allocation. The review shall be performed within 30 days of request and results shall be reported to CITIES in writing.

12. EFFECTIVE DATE OF AGREEMENT

This agreement is effective upon approval by all fifteen CITIES and the COUNTY.

13. AMENDMENT

This Agreement may be amended only by an instrument signed by all fifteen CITIES and the COUNTY.

14. INDEPENDENT CONTRACTOR

Each party shall perform responsibilities and activities described herein as an independent contractor and not as an officer, agent, servant or employee of any of the parties hereto. Each party shall be solely responsible for the acts and omissions of its officers, agents, employees, contractors and subcontractors, if any. Nothing herein shall be considered as creating a partnership or joint venture between the parties.

15. TERM OF AGREEMENT

The term of this Agreement shall be from July 1, 2021 to June 30, 2024, or until all funds from the last quarter's Fee payments have been distributed, whichever is later. COUNTY shall bill the operators of the landfills and non-disposal facilities listed in Exhibit A for the Fee commencing with the Quarter ending September 30, 2021. Said landfills and non-disposal facilities will be billed for the Fee through June 30, 2024.

16. NOTICES

All notices required by this Agreement will be deemed given when in writing and delivered personally or deposited in the United States mail, postage prepaid, return receipt requested, addressed to the other party at the address set forth below or at such address as the party may designate in writing in accordance with this section.

18. ENTIRE AGREEMENT

This document embodies the entire Agreement between the parties with respect to the subject matter hereof. No modification of this Agreement shall be effective unless and until modification is evidenced by writing signed by all parties or their assigned designees.

19. COUNTERPARTS

This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument.

20. CONTRACT EXECUTION

Unless otherwise prohibited by law or County policy, the parties agree that an electronic copy of a signed contract, or an electronically signed contract, has the same force and legal effect as a contract executed with an original ink signature. The term "electronic copy of a signed contract" refers to a transmission by facsimile, electronic mail, or other electronic means of a copy of an original signed contract in a portable document format. The term "electronically signed contract" means a contract that is executed by applying an electronic signature using technology approved by the County.

FORMULA FOR DISTRIBUTION OF AB939 PROGRAM FEE

Each of the CITIES, and the COUNTY for its unincoporated area, will receive $1.50 per ton of solid waste disposed of in landfills or taken to non-disposal facilities located in Santa Clara County that originates from that jurisdiction, as documented in quarterly reports submitted by the County to the State Disposal Reporting System.

Fees collected from undocumented disposed tonnage, or tonnage originating outside of Santa Clara County, will be distributed according to each jurisdiction's percent of countywide population, according to the latest available population report issued by the California Department of Finance.

EXHIBIT C

COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE PROGRAM FEE (HHW Fee)

1. PROGRAM FUNDING SOURCE

HHW Program services are mandated by State law, Public Resources Code Section 41500 et seq. Public Resources Code Section 41901 authorizes imposition of a fee to support planning and implementation of integrated waste management programs, including their HHW elements. The HHW Fee, of $2.60 per ton, collected as part of the AB939 Implementation Fee, will be the primary source of funding for Countywide Household Hazardous Waste Collection Program (CoHHW Program) services.

Funds derived from the HHW Fee will be allocated among five types of CoHHW Program service costs as follows:

A. Fixed Program Costs will be apportioned based on the number of households in each participating jurisdiction. The number of households will be determined at the beginning of each Fiscal Year by statistics compiled by the California Department of Finance, Demographic Research Unit from their most recent Report, "Population Estimates for California Cities and Counties."

B. San Jose Facility Use Surcharge will be apportioned based on CITIES' anticipated participation at the County Household Hazardous Waste Collection Facility located at 1608 Las Plumas Avenue, San Jose.

C. Variable Cost Per Car is the cost associated with labor, waste disposal, transportation, and other services provided to residents at the County HHW Collection Facilities and at temporary HHW collection events. The Variable Cost Per Car is based on the estimated cost of providing a base level service to 4% of households in all participating jurisdictions. The number of households will be determined at the beginning of each Fiscal Year by statistics compiled by the California Department of Finance, Demographic Research Unit from their most recent Report, "Population Estimates for California Cities and Counties."

D. Available Discretionary Funding is allocated based on tonnage generated per participating jurisdiction, and after allocation of Fixed Program Costs, San Jose Facility Use Surcharge, and Variable Cost Per Car allocation.

E. Abandoned Waste Disposal Costs will fund disposal of HHW illegally abandoned at Nonprofit Charitable Reuser organizations as defined in Public Resources Code Section 41904.

/ /

/ /

2. FIXED PROGRAM COST

Funds shall be allocated on a per household basis for Fixed Program Costs at the conclusion of each Fiscal Year. This portion of the funds shall be distributed directly to the Countywide HHW Program to pay for HHW Program costs. Fixed Program Costs funding shall be calculated shall not exceed $3.75 per household in Fiscal Years 2022, 2023, and 2024. Fixed Program Costs may include, but are not limited to eleven (11) CoHHW Program staff members, facility leasing costs, vehicle lease costs, office rent, office supplies, county administrative overhead, county legal counsel, training costs, equipment and facility maintenance, and union negotiated salary and benefit changes.

3. ABANDONED WASTE DISPOSAL COST

The Abandoned Waste Disposal Cost will fund disposal of HHW illegally abandoned at Nonprofit Charitable Reuser organizations. The Abandoned Waste Disposal Cost is based on the cost to the County to dispose of abandoned waste allocated among participating jurisdictions based on their proportional share of the County population and shall not exceed $0.05 per household. Projected Abandoned Waste Disposal Costs to the CITY based on a charge of $.05 per household are set forth in Attachment A, attached hereto and incorporated herein.
Any existing unexpended non-profit abandoned waste fund balance may be allocated toward funding of disposal of HHW illegally abandoned at nonprofit charitable reuser organizations as defined in Public Resources Code Section 41904.

For the purposes of this agreement, a nonprofit charitable reuse organization has the definition provided in Public Resources Code Section 41904 as follows: "Nonprofit charitable reuser" means a charitable organization, as defined in Section 501(c)(3) of the federal Internal Revenue Code, or a distinct operating unit or division of the charitable organization, that reuses and recycles donated goods or materials and receives more than 50 percent of its revenues from the handling and sale of those donated goods or materials.

4. SAN JOSE FACILITY USE SURCHARGE

The total San José Facility Use Surcharge for CITY will be based on CITY residents' proportional participation at the County Household Hazardous Waste Collection Facility located at 1608 Las Plumas Avenue, San José. The San José Facility Use Surcharge will vary depending on facility usage but will not exceed $8.29 per car for Fiscal Years 2022, 2023, and 2024. The total San Jose Facility Use Surcharge for CITY will be based on CITY's participation at the County Household Hazardous Waste Collection Facility located at 1608 Las Plumas Avenue, San Jose.

5. VARIABLE COST PER CAR

The Variable Cost Per Car is the cost associated with actual labor, waste disposal, transportation and other services provided to the residents at the County HHW Collection Facilities and Temporary Events. This portion of the funds shall be distributed directly to the Countywide HHW Program. The Variable Cost Per Car is estimated to be $58.20 per car for

Fiscal Years 2022, 2023, and 2024. The estimated cost per car will be adjusted annually to reflect actual service costs. After fixed costs and San Jose Facility Use Surcharge are allocated on a per household basis, the variable cost per car will be used to calculate the costs to service 4% of households across all participating jurisdictions. If the level of 4% of households is not reached, the Countywide HHW Program will use the remaining balance of funds, in cooperation with the CITIES, to increase public outreach and/or provide additional services in that jurisdiction where the level of 4% is not reached the following year.

6. AVAILABLE DISCRETIONARY FUNDING

The Available Discretionary Funding portion will be allocated based on the tons of waste generated within each jurisdiction and after allocation of Fixed Program Cost, San Jose Facility Use Surcharge, and Variable Per Car Cost. Available Discretionary Funds must be used for HHW purposes. Options for how to spend these funds include, but are not limited to, increasing the number of residents served in the jurisdiction by the Countywide HHW Program, universal waste collection, emergency HHW services, funding HHW public education, the support of capital infrastructure projects to accommodate HHW drop-off and collection events, or providing special programs such as retail collection of certain waste and/or door-to-door collection of HHW for the elderly and/or persons with disabilities and neighborhood clean-up events. CITIES authorize the COUNTY to determine appropriate uses of available discretionary funding and to use CITIES' Available Discretionary Funding portion of the AB939 HHW Fee to provide for additional HHW services requested by the CITIES.

7. PROGRAM FUNDING PASS-THROUGH

Annual funding calculations include HHW Fees collected on behalf of all jurisdictions in the County. CITIES, at their option, may participate in the Countywide HHW Program by entering into the AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM. If CITIES elect to participate in the Countywide HHW Program, their pro-rata share of the HHW Fee shall be retained by the County to utilize for HHW Program costs, as provided in this Agreement and the Agreement for Countywide Household Hazardous Waste Collection Program. The COUNTY will distribute to CITIES not participating in the Countywide Household Hazardous Waste Collection Program their pro-rata share of funding received by the COUNTY from the HHW Fee, except that the COUNTY may retain and expend that portion of the non-participating CITIES' fee attributable to Abandoned Waste Disposal Costs.

If CITIES not participating in the AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM desire to allow residents to participate in HHW Program services on an emergency basis, then services to these residents will be provided on a cost recovery basis. A charge equal to the established rates charged by the Countywide HHW Program to Conditionally Exempt Small Quantity Generators will be billed to the CITIES. A CITIES' representative must call the Countywide HHW Program appointment line to schedule an appointment for the resident. Liability shall be apportioned as provided in Exhibit D to this Agreement.

EXHIBIT D

SECTION 28 OF AGENCY AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM

HOLD HARMLESS AND INDEMNIFICATION

In lieu of and not withstanding the pro rata risk allocation which might otherwise be imposed between CITY and COUNTY pursuant to Government Code Section 895.6, the parties agree that all losses or liabilities incurred by a party shall not be shared pro rata but instead COUNTY and CITY agree that pursuant to Government Code Section 895.4, each of the parties hereto shall fully indemnify and hold each of the other parties, their officers, board members, employees and agents, harmless from any claim, expense or cost, damage or liability imposed for injury (as defined by Government Code Section 810.8) occurring by reason of the negligent acts or omissions or willful misconduct of the indemnifying party, its officers, employees or agents, under or in connection with or arising out of any work, authority or jurisdiction delegated to such party under this Agreement. No party, nor any officer, board member, employee or agent thereof shall be responsible for any damage or liability occurring by reason of the negligent acts or omissions or willful misconduct of the other parties hereto, their officers, board members, employees or agents, under or in connection with or arising out of any work authority or jurisdiction delegated to such other parties under this Agreement.

Additionally, CITY shall indemnify COUNTY for CITY's apportioned share of any liability incurred and attributed to the Countywide HHW Program for the transportation, treatment, or disposal of the household hazardous waste, once the waste has been accepted by a licensed hazardous waste hauler. Apportionment for disposal liability shall be determined by each participating jurisdiction's pro rata proportion of household participation in the Program. Apportionment for transportation and treatment liability shall be determined by each participating jurisdiction's pro rata household participation at the event where the waste was generated. COUNTY will use reasonable efforts to obtain recovery from all available resources, including insurance, of any liable hauler or liable disposal facility operator. No liability shall be apportioned to CITY for transportation, treatment or disposal in any case where COUNTY has contracted for such services and has failed to require the contractor to maintain the insurance requirements set forth in Section 23 of the AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM.

CITY shall further indemnify COUNTY for CITY's apportioned share of liability incurred and attributed to the Countywide HHW Program for the transportation, treatment or disposal of household hazardous waste at corporate sponsored events where non-county resident employees of the corporate sponsor are authorized to participate in the event. Liability for the nonresident portion of the disposal of waste shall be shared by the cities and the county as described above. The nonresident portion shall be determined by calculating the percentage of nonresidents participating in the event. This percentage will then be subtracted from the total liability for the household hazardous waste prior to assessing CITY's apportioned share of any liability for the household hazardous waste.

COUNTY shall require Conditionally Exempt Small Quantity Generators ("CESQG") and Nonprofit Charitable Reusers to indemnify COUNTY for, at minimum, their apportioned share of any liability incurred and attributed to the Countywide HHW Program for the transportation, treatment, or disposal of their hazardous waste, once the waste has been accepted by a licensed hazardous waste hauler. The CESQG and Nonprofit Charitable Reuser portion of the waste shall be determined by calculating the percentage, by weight, of the total household hazardous waste accepted by the CoHHW Program. This percentage will be used to calculate the portion of liability attributed to CESQGs and Nonprofit Charitable Reusers and will be subtracted from the total liability prior to assessing CITY's apportioned share of any liability for household hazardous waste.

AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM

This Agreement is made by and between the City of Santa Clara (CITY) and the County of Santa Clara (COUNTY) on the _____ day of _____ 2021.

RECITALS

WHEREAS, the County Board of Supervisors has approved a Countywide Household Hazardous Waste Collection Program whereby residents of the County and cities and towns participating in the Countywide program will have an opportunity to safely dispose of household hazardous wastes (HHW), regardless of the specific location at which the collection has been scheduled; and

WHEREAS, CITY desires to provide residents with convenient opportunities to safely dispose of their HHW in order to encourage the proper disposal of toxic products, and avoid unauthorized or improper disposal in the garbage, sanitary sewer, storm drain system, or on the ground, in a manner which creates a health or environmental hazard; and

WHEREAS, CITY desires to provide a safe, convenient, and economical means for residents to dispose of HHW. These wastes include, but are not limited to, common household products such as household cleaning products, furniture polish, solvents, oven cleaner, pesticides, oil based paints, motor oil, antifreeze, car batteries, mercury thermostats, fluorescent lamps, household batteries, and electronic waste; and

WHEREAS, CITY desires to schedule Household Hazardous Waste Collection Events (Events) for residents for FY 2022 through FY 2024 (July 1, 2021 – June 30, 2024); and

WHEREAS, CITY desires to provide household hazardous waste collection services to a minimum of 4% of the households per fiscal year in its jurisdiction; and

WHEREAS, CITY desires to participate in the Countywide Household Hazardous Waste Collection Program to meet these objectives; and

WHEREAS, pursuant to Public Resources Code Section 41901, the County Board of Supervisors has approved the collection of a $4.10 per ton Countywide AB939 Implementation fee, including a $2.60 per ton Household Hazardous Waste Fee (AB939 HHW Fee), for FY 2022 through FY 2024 (July 1, 2021 – June 30, 2024) on all wastes landfilled or incinerated within the County, received at any non-disposal or collection facility located within the County and subsequently transported for disposal or incineration outside of the County, collected from any location within the County by a solid waste hauler operating pursuant to a franchise, contract, license, or permit issued by any local jurisdiction and subsequently transported for disposal or incineration outside of the County, or removed from any location in the county by any person or business for disposal or incineration outside the County; and

WHEREAS, the AB939 HHW Fee is allocated to the Countywide Household Hazardous Waste Program and participating jurisdictions to fund HHW program costs in accordance with the terms of the Countywide AB939 Implementation Fee Agreement; and

WHEREAS, CITY desires for COUNTY to utilize CITY's share of the AB939 HHW Fee to provide HHW services for CITY residents.

NOW THEREFORE, CITY and COUNTY AGREE AS FOLLOWS:

1. PURPOSE

The purpose of this Agreement is to state the terms and conditions under which CITY will participate in the Countywide Household Hazardous Waste Collection Program (CoHHW Program) available to its residents. Participating jurisdictions are those jurisdictions that enter into an AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM with the County.

2. PROGRAM FUNDING SOURCE

HHW Program services are mandated by State law, Public Resources Code Section 41500 et seq. State law authorizes cities and counties to impose fees in amounts sufficient to support planning and implementation of integrated waste management programs, including HHW elements. The AB939 HHW Fee, of $2.60 per ton, imposed by the County as part of the AB939 Implementation Fee and collected and distributed in accordance with the AGREEMENT FOR COUNTYWIDE AB939 IMPLEMENTATION FEE will be the primary source of funding for CoHHW Program services. CITY agrees that COUNTY may utilize CITY's share of the AB939 HHW fee to provide HHW Program services in accordance with the terms and conditions of this Agreement.

Funds derived from the AB939 HHW Fee will be allocated among five types of CoHHW Program service costs as follows:

A. Fixed Program Costs will be apportioned based on the number of households in each participating jurisdiction. The number of households will be determined at the beginning of each Fiscal Year by statistics compiled by the California Department of Finance, Demographic Research Unit from their most recent Report, "Population Estimates for California Cities and Counties."

B. San José Facility Use Surcharge will be apportioned based on CITY residents' participation at the County Household Hazardous Waste Collection Facility located at 1608 Las Plumas Avenue, San José, CA 95133.

C. Variable Cost Per Car is the cost associated with labor, waste disposal, transportation, and other services provided to residents at the County HHW Collection Facilities and at temporary HHW collection events. The Variable Cost Per Car is based on the estimated cost of providing a base level service to 4% of

households in all participating jurisdictions. The number of households will be determined at the beginning of each Fiscal Year by statistics compiled by the California Department of Finance, Demographic Research Unit from their most recent Report, "Population Estimates for California Cities and Counties."

D. Available Discretionary Funding is allocated based on tonnage generated per participating jurisdiction, and after allocation of Fixed Program Costs, San Jose Facility Use Surcharge, and Variable Cost Per Car allocation.

E. Abandoned Waste Disposal Costs will fund disposal of HHW illegally abandoned at Nonprofit Charitable Reuser organizations as defined in Public Resources Code Section 41904.

The projected AB939 HHW Fee Allocation by jurisdiction is set out in Attachment A, attached hereto and incorporated herein.

3. FIXED PROGRAM COST

Estimated HHW Fixed Program Costs are projected in Attachment B, attached hereto and incorporated herein. Fixed Program Costs are allocated to CITY at the conclusion of each fiscal year based on CITY's proportional share of the County population and will not exceed $3.75 per household for Fiscal Years 2022, 2023, and 2024. Fixed Program Costs may include, but are not limited to, up to eleven (11) County HHW Program staff members, facility lease costs, vehicle lease costs, office rent, office supplies, county administrative overhead, county legal counsel, training costs, equipment and facility maintenance and union negotiated salary and benefit changes.

4. ABANDONED WASTE DISPOSAL COST

The Abandoned Waste Disposal Cost will fund disposal of HHW illegally abandoned at Nonprofit Charitable Reuser organizations. The Abandoned Waste Disposal Cost is based on the cost to the County to dispose of abandoned waste allocated among participating jurisdictions based on their proportional share of the County population and shall not exceed $0.05 per household. Projected Abandoned Waste Disposal Costs to the CITY based on a charge of $.05 per household are set forth in Attachment A, attached hereto and incorporated herein.

For the purposes of this Agreement, "Nonprofit Charitable Reuser Organization" is defined in accordance with Public Resources Code Section 41904 as follows: a charitable organization, as defined in Section 501(c)(3) of the federal Internal Revenue Code, or a distinct operating unit or division of the charitable organization, that reuses and recycles donated goods or materials and receives more than 50 percent of its revenues from the handling and sale of those donated goods or materials.

5. SAN JOSÉ FACILITY USE SURCHARGE

The total San José Facility Use Surcharge for CITY will be based on CITY residents' proportional participation at the County Household Hazardous Waste Collection Facility located

at 1608 Las Plumas Avenue, San José. Estimated San José Facility Use Surcharges are projected in Attachment A, attached hereto and incorporated herein. The San José Facility Use Surcharge will vary depending on facility usage but will not exceed $8.29 per car for Fiscal Years 2022, 2023, and 2024.

6. VARIABLE COST PER CAR

The Variable Cost Per Car is the cost associated with actual labor, waste disposal, transportation and other services provided to the residents at the County Household Hazardous Waste Collection Facilities (CoHHWCF) and at Temporary Events. The Variable Cost Per Car is estimated to be approximately $58.20 per participating resident car for Fiscal Years 2022, 2023 and 2024. The estimated cost per car will be adjusted to reflect actual service costs. After Fixed Program Costs and San José Facility Use Surcharge are allocated on a per household basis, the Variable Cost Per Car will be used to calculate the costs to service 4% of households across all participating jurisdictions. If the level of 4% of households is not reached in the CITY, the CoHHW Program may use the remaining balance of funds, in cooperation with the CITY, to increase public outreach and/or provide additional services in that jurisdiction the following year.

7. AVAILABLE DISCRETIONARY FUNDING

The Available Discretionary Funding portion of the AB939 HHW Fee will be allocated based on the tons of waste generated within each jurisdiction, and after allocation of Fixed Program Costs, San José Facility Use Surcharge, and Variable Cost Per Car allocation. Available Discretionary Funds must be used for HHW purposes. Options for how to spend these funds include, but are not limited to, increasing the number of residents served in that jurisdiction by the CoHHW Program, subsidizing curbside used motor oil collection, electronic waste (e-waste) collection, universal waste collection, emergency HHW services, funding HHW public education, the support of capital infrastructure projects to accommodate HHW drop-off and collection events, or providing special programs such as retail collection of certain waste and/or door-to-door collection of HHW for the elderly and/or persons with disabilities and neighborhood clean-up events. COUNTY has discretion to determine appropriate uses of Available Discretionary Funding in accordance with the terms and conditions in this Agreement, and to apply the funding toward those uses.

8. ADMINISTRATION AND PAYMENT OF THE AB939 HHW FEE

The County of Santa Clara Recycling and Waste Reduction Division will administer the AB939 HHW Fee, as part of the existing online disposal reporting and payment system. Administration and payment will be made in accordance with the AGREEMENT FOR COUNTYWIDE AB939 IMPLEMENTATION FEE and this Agreement. Notwithstanding the foregoing, the COUNTY shall maintain records of the amount, use, and distribution of Fixed Program Cost expenditures for at least five (5) years after the termination date of this Agreement, unless otherwise required by law to retain such records for a longer period. CITY may request in writing a review by COUNTY of the Fixed Program Cost records. The review shall be performed within 30 days of request and results shall be reported to participating cities in writing.

9. PROGRAM PUBLICITY

The CoHHW Program shall produce and make available to the public an HHW brochure for distribution. The brochure will be made available at various events, including but not limited to, environmental events and community fairs. The brochure may also be distributed, upon request, to cities within the County and to County residents and businesses. The CITY shall be responsible for developing and coordinating citywide awareness of the HHW Program. The CoHHW Program shall be responsible for Countywide public education for used oil recycling. CoHHW Program public awareness responsibilities shall include, but not be limited to, the following activities:

- Serving as the formal contact to the local media such as local newspapers and television news stations;
- Providing participating jurisdictions with educational materials developed for the CoHHW Program;
- Promoting oil and oil filter recycling by developing, purchasing, and distributing educational materials, media relations materials, basic art work and camera ready advertising materials for distribution countywide and for use by jurisdictions;
- Representing the program through educational presentations at schools and businesses and attendance at community events such as local fairs and festivals; and
- Providing participating jurisdictions opportunities to review and comment on the development of countywide outreach materials.

CITY's public awareness responsibilities, at the sole discretion of the CITY, shall include, but not be limited to, the following activities:

- Providing a copy of HHW promotional materials to the CoHHW Program for review for accuracy and completeness, prior to publication;
- Developing and distributing HHW promotion communications to residents for local and CITY newsletters, newspapers and to the electronic media;
- Providing the CoHHW Program with a copy of HHW promotion materials produced by the CITY; and,
- Conducting and supporting outreach and publicity to attain the goal of 4% of households in the CITY participating in the CoHHW Program.

10. TEMPORARY HHW EVENTS

COUNTY shall conduct Temporary HHW Events at various sites located in Santa Clara County. COUNTY shall obtain all necessary permits and licenses required for the Temporary HHW Events and shall provide or contract for the services of properly trained, qualified personnel and hazardous waste haulers, and shall provide or secure suitable equipment and supplies to properly receive, package, label, haul, recycle and dispose of the household hazardous wastes collected at the Temporary HHW Events.

/ /

11. HOUSEHOLD HAZARDOUS WASTE COLLECTION FACILITIES

COUNTY shall conduct collection operations at two County Household Hazardous Waste Collection Facilities (CoHHWCF).

The CoHHWCF are located at:

- ***San Martin, 13055 Murphy Avenue, San Martin, CA 95046***
- ***San José, 1608 Las Plumas, San José, CA 95133***

The COUNTY shall obtain all necessary permits and licenses required for the CoHHWCF and shall provide or contract for services, equipment, and supplies to properly receive, package, label, haul, recycle and dispose of wastes collected.

12. SMALL BUSINESS RECYCLING AND DISPOSAL PROGRAM

COUNTY will provide services to accept hazardous waste from Conditionally Exempt Small Quantity Generators (CESQG) in accordance with California Health and Safety Code Section 25218.3, as amended from time to time. Eligible businesses within the County will be allowed to bring their hazardous waste to CoHHWCF. These services to businesses located within the CITY will be provided on a cost recovery basis, which will include program administration, on-site collection, transportation, and disposal costs. COUNTY will assume responsibility for fee collection from participating businesses. The CITY may choose to pay for services for CESQG's within the City of San José and will notify the COUNTY in writing with 30-day advance notice in order to exercise this option. If the CITY exercises this option, the COUNTY will invoice the CITY for all costs associated with CSQG's within the CITY. If CITY has available Discretionary Funding, COUNTY may use this funding to pay for CESQG costs. For purposes of this Agreement, CESQG has the meaning provided by Health and Safety Code Section 25218.1.

13. ABANDONED HOUSEHOLD HAZARDOUS WASTE

The CoHHW Program will allow for the disposal of abandoned HHW by government agencies and qualified nonprofit charitable reusers. Abandoned HHW means HHW left at a property by an unknown party. Abandoned household hazardous waste does not include waste generated by a known organization or agency in the course of normal business operations such as, but not limited to, the assembly or manufacture of products from new or used materials or the provision of charitable services such as classroom education, meal preparation, and shelter, or the provision of services for a fee.

A) **GOVERNMENT AGENCIES**
Government agencies shall be charged for disposal of abandoned HHW according to the CoHHW Program's published rates for CESQGs.

/ /

B) **NONPROFIT CHARITABLE REUSER**

In order to qualify as a Nonprofit Charitable Reuser, the business must submit to the County Executive a request to be so designated. The County Executive shall review the request and supporting documentation and shall make a final decision on the designation. COUNTY will accept abandoned HHW from Nonprofit Charitable Reusers and will waive disposal fees on the cost of disposal of the abandoned HHW in an annual amount not to exceed funds available from the existing unexpended abandoned waste fund. Funding for disposal available to Nonprofit Charitable Reuser shall be on a first come first serve basis. Once the cost for disposal of the abandoned HHW from Nonprofit Charitable Reusers is equal to the available funds, disposal fees shall no longer be waived, and Nonprofit Charitable Reusers shall be charged for disposal of abandoned HHW according to the CoHHW Program's published rates for CESQGs. No additional costs shall be applied to the budget of the CITY or any other participating jurisdiction.

14. HOUSEHOLD HAZARDOUS WASTES ACCEPTED

HHW accepted by the CoHHW Program shall be limited to those materials that qualify as Hazardous Waste under Health and Safety Code Section 25218.1, as amended from time to time. These materials include, but are not limited to, automotive fluids, automotive and other types of batteries, latex and oil paint, oil filters, garden chemicals, household cleaners, pool chemicals, mercury thermostats, fluorescent lamps containing mercury, household batteries, e-waste and other common hazardous consumer products.

15. WASTES NOT ACCEPTED

Certain hazardous wastes shall not be accepted for collection and disposal. These include, but are not limited to, compressed gas cylinders larger than 5 gallons, radioactive materials, and explosives. Other wastes not accepted by the CoHHW Program are wastes generated as part of operating a business, including a home operated business, except that waste from CESQGs as provided for in Section 12 of this Agreement shall be accepted.

16. ADDITIONAL SERVICES UNDER THIS AGREEMENT

CITY must augment funding provided under this Agreement to cover the cost of a minimum participation level of 4% of CITY households; CITY may also elect to augment funding to provide additional services to increase CITY participation beyond the 4% minimum participation level. Additional services shall be made available upon written agreement between the CITY's authorized representative and the County Executive Officer or designee. Additional services may include, but are not limited to, additional appointments (charged at the Variable Cost Per Car rate), door-to-door HHW collection, used oil filter collection, universal waste collection, electronic waste collection, and abandoned waste collection.

CITY agrees to augment up to an additional $ $107,157 to the Countywide HHW Program during Fiscal Year 2022 for the purpose of attaining or increasing CITY household participation above the 4% minimum participation level at the scheduled collection dates listed in Attachment C, attached hereto and incorporated herein. Augmentation will be calculated, where applicable, at the Variable Cost Per Car rate. Other services will be charged based on a cost recovery basis. CITY authorizes the COUNTY to use CITY'S Available Discretionary Funding portion of the AB939 HHW Fee, if available, to offset the above agreed additional augmentation amount.

At the end of each fiscal year, a final annual cost statement shall be prepared by COUNTY and issued to CITY by November 30th. The annual cost statement will take into consideration costs incurred on behalf of CITY for additional services and all payments made by CITY to COUNTY. If any balance is owed to COUNTY, it will be due within 30 days following receipt of the annual cost statement. If any credit is owed to CITY, COUNTY will refund that amount to CITY within 30 days following delivery of the annual cost statement.

17. INFORMATION AND APPOINTMENT LINE

COUNTY will operate a telephone information and appointment desk Monday through Friday, from the hours of 9:00 a.m. to 5:00 p.m. The information service will register residents for the Temporary HHW Events and the collections at CoHHWCF. The information service will provide information about hazardous household materials. CITY will be notified immediately if resident participation approaches a level of service that may not be supported by available funding.

18. SCHEDULING AND SITE SELECTION

COUNTY shall work with CITY to determine the date(s) of Temporary Events and collections at the CoHHWCF. CITY shall coordinate with COUNTY in locating and securing sites for Temporary HHW Events. It is recognized that some of the jurisdictions participating in the CoHHW Program may not have appropriate sites available. A proposed HHW schedule for Fiscal Year 2022 of Temporary Events and collections at CoHHWCF is included as Attachment C. COUNTY will schedule an adequate number of collection days to serve the 4% level of service. The COUNTY determines the adequate number of collection days by tracking attendance at each event.

19. OUTSIDE FUNDING

During the term of this Agreement, COUNTY may seek outside funding sources for services that would supplement existing HHW services such as permanent collection sites, equipment, retail take-back collection and operational funding. If outside funding is obtained, the CoHHW Program will, at COUNTY's discretion, proceed with development of additional programs using that outside funding without drawing on CITY's funding provided under this Agreement.

/ /

20. REGIONAL GRANT AND OIL PAYMENT PROGRAM PARTICIPATION

The CITY authorizes the CoHHW Program to apply for lead agency grants, including but not limited to Used Oil Payment Program grants, from the California Department of Resources Recycling and Recovery (CalRecycle), on behalf of participating jurisdictions. The CoHHW Program will act on behalf of all participating jurisdictions, as the lead applicant and administrator. The CoHHW Program will oversee how the moneys are used and work in cooperation with CITY as to how the funds will be spent. Nothing in this section shall preclude the COUNTY or a participating jurisdiction from applying for grant funds in any case where the CoHHW Program does not apply for the grant opportunity.

21. EMERGENCY SERVICES

Participating jurisdictions, at their option, may desire to provide residents with convenient emergency opportunities to safely dispose of their HHW in the event of a disaster. The purpose of this emergency planning for HHW is to minimize potential public health and safety impacts, as well as to minimize costs and confusion. Attachment D sets out CITY and COUNTY responsibilities for the collection of household hazardous wastes in response to an emergency. CITY shall make good faith efforts to provide the public with information related to the problems associated with HHW. Upon the decision to hold an emergency collection event, it is CITY's responsibility to make a good faith effort to prepare and disseminate the necessary outreach to notify the public of an emergency collection event. An emergency collection event shall be initiated by a written request from CITY to COUNTY. Emergency collection events can be scheduled in as little as ten (10) working days of CITY's written request or at an agreed upon date thereafter. The emergency collection plan is set out in Attachment D, Household Hazardous Waste Emergency Collection Plan.

COUNTY agrees to conduct the Emergency Collection Event at a mutually agreeable site and time. The COUNTY will obtain the necessary permit from the State Department of Toxic Substances Control and will handle wastes in accordance with State law. COUNTY will bill CITY for all Emergency Collection Events on a cost recovery basis and all payments shall be due COUNTY within thirty days following the receipt of the invoice.

22. PRIVATE SPONSORED EVENTS

COUNTY may also secure funding from corporations or agencies to conduct HHW Collection Events for corporate employees and residents of participating jurisdictions and to pay for special programs such as Universal Waste collection at retail locations. The transportation, treatment and disposal liability for nonresident employee participation in these events shall be shared by all participating jurisdictions, including the CITY, and the COUNTY, as described in Section 26 of this Agreement. Summary information concerning these corporate sponsored events, if any, will be included in the CoHHW Program's annual report to the participating jurisdictions.

/ /

23. INSURANCE REQUIREMENTS

Contractors who provide hazardous waste transportation, treatment, or disposal services shall have the required insurance as outlined in Attachment E, Exhibit B-2D (revised) Insurance Requirements for Environmental Services Contract. Other contractors shall have insurance in amounts to be determined by COUNTY Insurance Manager, after consultation with CITY. COUNTY shall obtain insurance certificates from each of the contractors prior to the contractor providing service to the program naming the COUNTY as an additional insured.

24. WASTE TRACKING AND REPORTING

COUNTY will provide a mid-year report to CITY regarding participation rates from each participating jurisdiction by March 15 of each year. Mid-year and year end reports will outline the types and quantities of waste collected, the amount of waste diverted for reuse or recycling and the waste management method for each waste stream and associated costs for services. COUNTY will prepare a report summarizing program activities which will be delivered to the participating jurisdictions no later than six months after the end of COUNTY's fiscal year.

It will be assumed for cost and reporting purposes that each participating jurisdiction is contributing to the waste stream in proportion to the number of its residents who directly participate.

COUNTY shall take steps to assure that the bi-annual statements to jurisdictions reflect the funds necessary to cover costs for CITY participation in services scheduled during the next quarter.

25. PARTICIPATION REPORTING

COUNTY shall employ means necessary to verify the place of residence of all participants in the CoHHW Program.

26. HOLD HARMLESS AND INDEMNIFICATION

In lieu of and not withstanding the pro rata risk allocation which might otherwise be imposed between CITY and COUNTY pursuant to Government Code Section 895.6, the parties agree that all losses or liabilities incurred by a party shall not be shared pro rata but instead COUNTY and CITY agree that pursuant to Government Code Section 895.4, each of the parties hereto shall fully indemnify and hold each of the other parties, their officers, board members, employees and agents, harmless from any claim, expense or cost, damage or liability imposed for injury (as defined by Government Code Section 810.8) occurring by reason of the negligent acts or omissions or willful misconduct of the indemnifying party, its officers, employees or agents, under or in connection with or arising out of any work, authority or jurisdiction delegated to such party under this Agreement. No party, nor any officer, board member, employee or agent thereof shall be responsible for any damage or liability occurring by reason of the negligent acts or omissions or willful misconduct of the other parties hereto, their officers, board members, employees or agents, under or in connection with or arising out of any work authority or jurisdiction delegated to such other parties under this Agreement.

Additionally, CITY shall indemnify COUNTY for CITY's apportioned share of any liability incurred and attributed to the Countywide HHW Program for the transportation, treatment, or disposal of the household hazardous waste, once the waste has been accepted by a licensed hazardous waste hauler. Apportionment for disposal liability shall be determined by each participating jurisdiction's pro rata proportion of household participation in the Program. Apportionment for transportation and treatment liability shall be determined by each participating jurisdiction's pro rata household participation at the event where the waste was generated. COUNTY will use reasonable efforts to obtain recovery from all available resources, including insurance, of any liable hauler or liable disposal facility operator. No liability shall be apportioned to CITY for transportation, treatment or disposal in any case where COUNTY has contracted for such services and has failed to require the contractor to maintain the insurance requirements set forth in Section 23 above.

CITY shall further indemnify COUNTY for CITY's apportioned share of liability incurred and attributed to the Countywide HHW Program for the transportation, treatment or disposal of household hazardous waste at corporate sponsored events where non-county resident employees of the corporate sponsor are authorized to participate in the event. Liability for the nonresident portion of the disposal of waste shall be shared by the cities and the COUNTY as described above. The nonresident portion shall be determined by calculating the percentage of nonresidents participating in the event. This percentage will then be subtracted from the total liability for the household hazardous waste prior to assessing CITY's apportioned share of any liability for the household hazardous waste.

COUNTY shall require CESQGs and Nonprofit Charitable Reusers to indemnify COUNTY, at minimum, for their apportioned share of any liability incurred and attributed to the Countywide HHW Program for the transportation, treatment, or disposal of their hazardous waste, once the waste has been accepted by a licensed hazardous waste hauler. The CESQG and Nonprofit Charitable Reuser portion of the waste shall be determined by calculating the percentage, by weight, of the total household hazardous waste accepted by the CoHHW Program. This percentage will be used to calculate the portion of liability attributed to CESQGs and Nonprofit Charitable Reusers and will be subtracted from the total liability prior to assessing CITY's apportioned share of any liability for household hazardous waste.

27. TERMINATION

This Agreement may be terminated by either the COUNTY or CITY upon thirty (30) days written notice given by the terminating party.

28. TERM OF AGREEMENT

The term of this Agreement shall be from July 1, 2021 to June 30, 2024, or until all revenue from the last quarter's AB939 fee payments have expended and/or distributed, whichever is later.

/ /

29. INDEPENDENT CONTRACTOR

Each party shall perform responsibilities and activities described herein as an independent contractor and not as an officer, agent, servant or employee of any of the parties hereto. Each party shall be solely responsible for the acts and omissions of its officers, agents, employees, contractors and subcontractors, if any. Nothing herein shall be considered as creating a partnership or joint venture between the parties.

30. EXECUTION BY COUNTERPART

This Agreement may be executed in any number of counterparts, each of which shall for all purposes be deemed an original and all of which shall together constitute one and the same instrument.

31. CONTROLLING LAW

This Agreement shall be governed and construed in accordance with the laws of the State of California.

32. ENTIRE AGREEMENT

This document embodies the entire Agreement between the parties with respect to the subject matter hereof. No modification of this Agreement shall be effective unless and until modification is evidenced by writing signed by all parties or their assigned designates.

33. NOTICES

All notices and communications herein required shall be in writing to the other party as follows, unless expressly changed in writing:

CITY of Santa Clara

City Representative Dave Staub
Representative's Title Deputy Director of Public Works
City Address 1700 Walsh Avenue
Santa Clara, CA 95050

Santa Clara County

Director
Consumer and Environmental Protection Agency
1553 Berger Drive
San José, California 95112

34. CONTRACT EXECUTION

Unless otherwise prohibited by law or County policy, the parties agree that an electronic copy of a signed contract, or an electronically signed contract, has the same force and legal effect

as a contract executed with an original ink signature. The term "electronic copy of a signed contract" refers to a transmission by facsimile, electronic mail, or other electronic means of a copy of an original signed contract in a portable document format. The term "electronically signed contract" means a contract that is executed by applying an electronic signature using technology approved by the County.

IN WITNESS WHEREOF, the parties have executed this AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM on the dates as stated below:

Date: _____

COUNTY OF SANTA CLARA

_____
JEFFREY V. SMITH
County Executive

Date: _____

"CITY"

_____
CITY/TOWN OF SANTA CLARA
Title City Manager
A municipal corporation

APPROVED AS TO FORM AND LEGALITY:

_____
STEPHANIE SAFDI
Deputy County Counsel

*SUBJECT TO CHANGE					

ATTACHMENT D:

COUNTY HOUSEHOLD HAZARDOUS WASTE EMERGENCY COLLECTION PLAN

1. PURPOSE

The purpose of the Household Hazardous Waste Emergency Collection Plan is to minimize potential public health and safety impacts, as well as to minimize costs and confusion during an emergency or disaster. This Attachment describes the services the County can provide and the responsibilities of each party for the collection of household hazardous wastes (HHW) in response to an emergency as defined by the local jurisdiction.

Jurisdictions should contact local emergency agencies, the Governor's Office of Emergency Services (OES), and the Department of Toxic Substances Control (DTSC) for more specific information on hazardous materials emergency response.

2. Timing of HHW

While it is important to have special collection opportunities for disaster-related HHW as soon as possible to avoid illegal disposal or harm to people and/or the environment, having an event or service too soon after a disaster may result in low participation. Sufficient public notification, assessment and monitoring of the disaster and cleanup process by the designated City HHW Coordinator(s) is essential.

3. Public Information/Notification:

Cities should be prepared to provide the public with information related to the problems associated with HHW along with information about special collection events and services. Upon the decision to hold an emergency collection event, it is the City's responsibility to prepare and deliver the necessary public outreach to notify the public of an upcoming event. A City's public outreach program should evaluate all forms of media including: newspaper ads, posters, flyers, press releases, banners, door-to-door notices, roadside signs, signs on dumpsters, radio public service announcements, social media outlets and television public access stations. Be aware of communities where multiple language outreach efforts will be necessary.

4. State HHW Collection Permits

The State Department of Toxic Substances Control (DTSC) is responsible for issuing the necessary state permits for HHW collection facilities. During an emergency, the County will obtain the necessary emergency permit for special collection of household hazardous waste from DTSC through their expedited approval process.

5. Collection Events

Temporary collection events can be set-up at various sites including parking lots, city maintenance yards, within neighborhoods needing service, and at landfills or a centralized location to service larger segments of the population. Waste collected will be transported with a transportation vehicle provided by the HHW Program. In addition, events can be scheduled at the two existing Countywide Household Hazardous Waste Collection Facilities (CoHHWCF). The following options are available to each participating City.

- Neighborhood Drop-off Events: The County is able to provide localized service to specific areas in need of household hazardous waste collection services. The County will work with City Solid Waste Coordinators to conduct coordinated efforts to residents in the affected area. After a specific event, waste will be transported by County staff or a hazardous waste contractor to an appropriate facility.

- Mobile HHW Event: The County conducts Household Hazardous Waste Collection Event (Events) at various sites located in Santa Clara County throughout the year. Events will be expanded to give priority to disaster victims when requested by the City. The County shall obtain all necessary permits and licenses required for the events and shall provide and/or contract for the services of properly trained personnel and hazardous waste haulers. The County shall also provide or secure suitable equipment and supplies to properly receive, package, label, haul, recycle and dispose of the household hazardous wastes collected at events.

- CoHHWCF: The County operates two permitted HHW collection facilities for the collection and storage of HHW. The County shall provide or contract for services, equipment, and supplies to properly receive, package, label, haul, recycle and dispose of wastes collected at the CoHHWCF.

  The CoHHWCF are located at:
  - ***San Martin, 13055 Murphy Ave, San Martin***
  - ***San Jose, 1608 Las Plumas, San Jose***

6. Costs, Documentation, and Reimbursements

Cities will be billed on a cost recovery basis. Costs of emergency events will be tracked and billed separately. Emergency funding applications pending from the State or Federal government for reimbursements in no way relieves the City of responsibility to make timely payment to the County in accordance with the terms of the AGENCY AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM.

The County agrees to provide the City with a detailed accounting of services provided for an emergency collection. Documentation will track the time and materials of staff, outside contractor expenses, and quantities and types of waste collected to demonstrate that the wastes were generated above and beyond existing collection programs.

Services to businesses will be provided on a cost recovery basis and according to Section 12 of the AGENCY AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM, which includes program administration, on-site collection,

transportation, and disposal costs. The County will assume responsibility for collecting fees from participating businesses.

7. State and Federal Assistance and Funds

It is the City responsibility to pursue reimbursement from State or Federal agencies.

State Office of Emergency Services (OES)

The OES is responsible for requesting assistance on behalf of local jurisdictions for resources beyond the capability of the jurisdiction. State assistance may include assistance available from State, Federal, or private sources. If a local jurisdiction is declared a state disaster area, and the local jurisdiction deems that the needs of the disaster response are beyond its capabilities, then the local jurisdiction can request assistance and reimbursement of costs from OES.

Follow Standardized Emergency Management System (SEMS)

All requests and emergency responses must be in accordance with the SEMS. The State Department of Toxic Substances Control may have funding available for hazardous waste response and collection.

Federal Assistance

If a state disaster area is declared a federal disaster, then federal funding assistance may be available through the State OES. Funding and assistance may be available from Federal agencies such as FEMA and the U.S. EPA.

Damage estimates: The city should provide to the State OES estimates of damages and a "scope of work requested." It is recommended that the local HHW coordinator meet ahead of time with local emergency agencies or State OES contacts regarding the proper procedures and wording of requests for assistance.

Funding Process: The funding process may vary depending on the unique circumstances of the disaster. The process can either be the traditional FEMA reimbursement process, or by direct assistance from EPA.

Chemtrec is a public service established by the Chemical Manufacturers Association. The Center was developed as a resource for obtaining immediate emergency response information to mitigate accidental chemical releases, and as a means for emergency responders to obtain technical assistance from chemical industry product safety specialists, emergency response coordinators, toxicologists, physicians, and other industry experts to safely mitigate incidents involving chemicals.

EXHIBIT B-2D (revised)

INSURANCE REQUIREMENTS FOR
ENVIRONMENTAL SERVICES CONTRACTS
(Hazardous Waste Disposal, Remediation Services, Environmental Consulting, etc.)

Indemnity

The Contractor shall indemnify, defend, and hold harmless the County of Santa Clara (hereinafter "County"), its officers, agents and employees from any claim, liability, loss, injury or damage arising out of, or in connection with, performance of this Agreement by Contractor and/or its agents, employees or sub-contractors, excepting only loss, injury or damage caused by the sole negligence or willful misconduct of personnel employed by the County. It is the intent of the parties to this Agreement to provide the broadest possible coverage for the County. The Contractor shall reimburse the County for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the Contractor contests its obligation to indemnify, defend and/or hold harmless the County under this Agreement and does not prevail in that contest.

Insurance

Without limiting the Contractor's indemnification of the County, the Contractor shall provide and maintain at its own expense, during the term of this Agreement, or as may be further required herein, the following insurance coverages and provisions:

A. Evidence of Coverage

Prior to commencement of this Agreement, the Contractor shall provide a Certificate of Insurance certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, a certified copy of the policy or policies shall be provided by the Contractor upon request.

This verification of coverage shall be sent to the requesting County department, unless otherwise directed. The Contractor shall not receive a Notice to Proceed with the work under the Agreement until it has obtained all insurance required and such insurance has been approved by the County. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

B. Qualifying Insurers

All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- V, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the County's Insurance Manager.

C. Notice of Cancellation

All coverage as required herein shall not be canceled or changed so as to no longer meet the specified County insurance requirements without 30 days' prior written notice of such cancellation or change being delivered to the County of Santa Clara or their designated agent.

D. Insurance Required

1. Commercial General Liability Insurance - for bodily injury (including death) and property damage which provides limits as follows:

   a. Each occurrence - $1,000,000

   b. General aggregate - $2,000,000

   c. Products/Completed Operations aggregate - $2,000,000

   d. Personal Injury - $1,000,000

2. General liability coverage shall include:

   a. Premises and Operations

   b. Products/Completed

   c. Personal Injury liability

   d. Severability of interest

3. General liability coverage shall include the following endorsement, a copy of which shall be provided to the County:

   Additional Insured Endorsement, which shall read:

   > "County of Santa Clara, and members of the Board of Supervisors of the County of Santa Clara, and the officers, agents, and employees of the County of Santa Clara, individually and collectively, as additional insureds."

   Insurance afforded by the additional insured endorsement shall apply as primary insurance, and other insurance maintained by the County of Santa Clara, its officers, agents, and employees shall be excess only and not contributing with insurance provided under this policy. Public Entities may also be added to the

additional insured endorsement as applicable and the contractor shall be notified by the contracting department of these requirements.

4. Automobile Liability Insurance

For bodily injury (including death) and property damage which provides total limits of not less than one million dollars ($1,000,000) combined single limit per occurrence applicable to all owned, non-owned and hired vehicles. Coverage shall include Environmental Impairment Liability Endorsement MCS90 for contracts requiring the transportation of hazardous materials/wastes.

4a. Aircraft/Watercraft Liability Insurance (Required if Contractor or any of its agents or subcontractors will operate aircraft or watercraft in the scope of the Agreement)

For bodily injury (including death) and property damage which provides total limits of not less than one million dollars ($1,000,000) combined single limit per occurrence applicable to all owned, non-owned and hired aircraft/watercraft.

5. Workers' Compensation and Employer's Liability Insurance

a. Statutory California Workers' Compensation coverage including broad form all-states coverage.

b. Employer's Liability coverage for not less than one million dollars ($1,000,000) per occurrence.

6. Contractors Pollution Liability Insurance

Coverage shall provide a minimum of not less than five million dollars ($5,000,000) per occurrence and aggregate for bodily injury, personal injury, property damage and cleanup costs both on and offsite.

7. Professional Errors and Omissions Liability Insurance (required for contractors providing professional services, such as through a professional engineer, registered geologist, etc.)

a. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per occurrence/aggregate.

b. If coverage contains a deductible or self-retention, it shall not be greater than fifty thousand dollars ($50,000) per occurrence/event.

c. Coverage as required herein shall be maintained for a minimum of two years following termination or completion of this Agreement.

8. Claims Made Coverage

If coverage is written on a claims made basis, the Certificate of Insurance shall clearly state so. In addition to coverage requirements above, such policy shall provide that:

a. Policy retroactive date coincides with or precedes the Consultant's start of work (including subsequent policies purchased as renewals or replacements).

b. Policy allows for reporting of circumstances or incidents that might give rise to future claims.

E. Special Provisions

The following provisions shall apply to this Agreement:

1. The foregoing requirements as to the types and limits of insurance coverage to be maintained by the Contractor and any approval of said insurance by the County or its insurance consultant(s) are not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Contractor pursuant to this Agreement, including but not limited to the provisions concerning indemnification.

2. The County acknowledges that some insurance requirements contained in this Agreement may be fulfilled by self-insurance on the part of the Contractor. However, this shall not in any way limit liabilities assumed by the Contractor under this Agreement. Any self-insurance shall be approved in writing by the County upon satisfactory evidence of financial capacity. Contractors obligation hereunder may be satisfied in whole or in part by adequately funded self-insurance programs or self-insurance retentions.

3. Should any of the work under this Agreement be sublet, the Contractor shall require each of its subcontractors of any tier to carry the aforementioned coverages, or Contractor may insure subcontractors under its own policies.

4. The County reserves the right to withhold payments to the Contractor in the event of material noncompliance with the insurance requirements outlined above.

F. Fidelity Bonds (Required only if contractor will be receiving advanced funds or payments)

Before receiving compensation under this Agreement, Contractor will furnish County with evidence that all officials, employees, and agents handling or having access to funds received or disbursed under this Agreement, or authorized to sign or

countersign checks, are covered by a BLANKET FIDELITY BOND in an amount of AT LEAST fifteen percent (15%) of the maximum financial obligation of the County cited herein. If such bond is canceled or reduced, Contractor will notify County immediately, and County may withhold further payment to Contractor until proper coverage has been obtained. Failure to give such notice may be cause for termination of this Agreement, at the option of County.

21-667 **Agenda Date: 5/25/2021**

REPORT TO COUNCIL

SUBJECT

Authorize the City Manager to execute an Amendment to the Agreement with Wallace Roberts & Todd, LLC for Downtown Precise Plan Consultant Services pending funding proposed as part of the FY 2021/22 and FY 2022/23 Proposed Operating Budget

COUNCIL PILLAR

Promote and Enhance Economic, Housing and Transportation Development

BACKGROUND

The City of Santa Clara's 2010-2035 General Plan identifies focus areas throughout the City, including the Downtown area, to promote the City's diverse economic base and meet the demand for housing that addresses job growth in the City and region.

In response to the Community's goal of revitalizing the City's historic Downtown area, the City Council approved $400,000 in the FY 2018/19 and FY 2019/20 Adopted Biennial Capital Improvement Program Budget to support the preparation of a Precise Plan. From this budget, $90,000 was spent on a non-refundable deposit for an option on the acquisition of the Franklin Street Right-of-Way easement. Working closely with a community Task Force, including organizations such as Reclaiming Our Downtown and the Old Quad Resident's Association, the City commenced preparation of the Precise Plan that will provide guidance for new development within the Downtown area through policies, guidelines, and illustrations that implement the community vision and objectives for a vibrant, pedestrian-oriented destination. As part of this effort, the City engaged a consultant to assist in the preparation of the Precise Plan.

In February 2019, the City issued a Request for Qualifications (RFQ) for Downtown Precise Plan Consultant Services, using the City's e-procurement system. On October 8, 2019, the City Council authorized the City Manager to execute an agreement with Wallace Roberts & Todd, LLC (WRT) to provide Downtown Precise Plan Consultant Services for an initial three-year term ending September 30, 2022 (with an option to extend the Agreement for an additional three-year term through September 30, 2025), for a maximum compensation not to exceed $578,346, subject to the annual appropriation of funds. As part of Council action, additional funding of $268,346 was also approved to fully fund the agreement.

The agreement is fixed price with payments tied to the successful completion of the milestones listed in the table below. The cost elements include the tasks from the scope of work that were identified in the RFQ, as well as the optional tasks identified by the Consultant in their RFQ response.

COST ELEMENTS:	
Project Initiation	$67,025
Issue Identification and Vision	$58,270
Financial Analysis	$31,260
Development Scenarios/Conceptual Plans	$74,740
Workshops	$22,121
Draft Precise Plan Chapter Development	$68,380
Public Services and Implementation	$10,520
Draft Precise Plan Refinement	$12,880
CEQA Clearance	$72,880
Planning Commission & City Council Public Hearings	$20,000
Reimbursable Expenses	$14,295
Services Subtotal	***$452,371***
Optional Services *(Consultant Team Charette; Phase 1 Environmental Assessment; Environmental Impact Report; Stakeholder, Developer, and DCTF Added Meetings; Financial Feasibility of Land Use Options; Context Study; Financial Memo Addendum to Existing Conditions Report)*	***$125,975***
GRAND TOTAL	**$578,346**

Work to date has focused on preparation of the Precise Plan's preferred land use plan placemaking and urban design. Upcoming key tasks in the Precise Plan process include developing the draft chapters of the Precise Plan and preparation of the environmental clearance for the Precise Plan.

DISCUSSION

The Downtown Community Task Force (DCTF) was approved by the City Council, and is an advisory, non-voting body that meets over the course of the Downtown Precise Plan planning process to provide input on the vision, land use, circulation, and urban design aspects of the Plan, as well as key policy issues. The DCTF has met 17 times since the start of the planning process in December 2018.

At the April 6, 2021 City Council meeting, the Chair and Vice Chair of the DCTF provided an update on the progress of the Precise Plan Work to date and requested that Council seek an amendment to the Consultant scope of work for the Precise Plan to add services. The DCTF has been pro-actively contemplating the next steps towards implementation of the Precise Plan with the goal of making sure that those steps lead to the best possible outcomes for a successful downtown. As the DCTF looks towards implementation, they requested the following services be added to the scope of work for the Precise Plan. The Consultant has provided a description and scope for each of these tasks in the attached "DCTF-Requested Additional Services Memorandum".

powered by Legistar™

- Form-Based Zoning Code - prepare a form-based zoning code for the Plan area to be adopted as a part of the City's Municipal Code.

- Downtown Sign Ordinance - prepare a sign ordinance to be adopted as a part of the City's Municipal Code to establish the criteria for future developers and tenants to develop and implement exterior building signage.

- Development Impact Fee - prepare the technical documentation necessary for approval of an area development impact fee to cover the "fair share" cost of new infrastructure and public improvements serving the Precise Plan area.

- Downtown Management Entity - Define the role of a Downtown management entity including its role, among other things, programming/curating uses.

- Additional Downtown Community Task Force (DCTF) meetings with the Consultant Team -Facilitate two additional meetings of the Task Force, helping to retain a strong link between Task Force discussion and Plan outcomes. The consultant would also support the review of any current development projects within the Plan Area to evaluate design consistency with the Plan vision and to make recommendations.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT

Funding for the existing agreement with Wallace Roberts & Todd, LLC for Downtown Precise Plan in the amount of $578,346 was previously budgeted in the Downtown Master Plan project (#6559) in the General Government Capital Fund. These funds have been spent or encumbered for this project.

An amendment to the agreement is requested to provide additional services as discussed above. Funding of $300,000 is requested to cover the additional services estimated at $251,600 as well as contingency funds that would cover any unforeseen added DCTF meetings, community outreach, or additional analysis. The FY 2021/22 and FY 2022/23 Proposed Operating Budget includes a FY 2021/22 capital project amendment to add funding of $300,000 for this additional work from the General Fund Capital Projects Reserve to cover the total cost of the amendment to the Agreement. The Proposed Budget scheduled for adoption on June 22, 2021.

COORDINATION

This report has been coordinated with the Finance Department and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a

Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>

RECOMMENDATION

1. Authorize the City Manager to execute and amend the agreement with Wallace Roberts & Todd, LLC to provide added Downtown Precise Plan Consultant Services, subject to modifications as agreed to by the City Manager in coordination with the City Attorney; increase the maximum compensation not to exceed amount by $300,000 (from $578,346 to $878,346), subject to the annual appropriation of funds; and
2. Authorize the City Manager to execute an amendment to increase maximum compensation in the event that additional services are required, subject to the annual appropriation of funds.

1. DCTF-Requested Additional Services Memorandum

MEMORANDUM

To: Lesley Xavier
Principal Planner, City of Santa Clara
Via email

Date: May 10, 2021

From: Peter Winch
Project Manager, WRT

Ref. No.: 08334.01

Project: Santa Clara Downtown Precise Plan

Re: DCTF-Requested Additional Services

CC: Jim Stickley
Principal, WRT

Dear Lesley,

The Downtown planning process has reached an exciting stage where the shape of the future downtown is coming into focus and excitement is building to create something that is a true reflection of this unique community. The Task Force and City are showing leadership in starting to think pro-actively about the next steps towards implementation and making sure that those steps lead to the best possible outcomes for a successful downtown.

At DCTF direction, the Consultant team described ten potential tasks that could augment and strengthen the Precise Plan. The Task Force considered these options, and decided to recommend five of these for additional City funding. On April 6, City Council asked for the Task Force and Staff to return with more a more detailed proposal for these scope items:

- Form-based Code
- Sign Ordinance for Downtown
- Area Development Impact Fee Program
- Project Design Review (1-2)
- Additional DCTF Meeting (1-2)

Subsequently, DCTF also requested that an additional task, "Downtown Management Entity," be included.

These additional services are presented here; the form-based code and sign ordinance are presented as one combined effort. The total Consultant fee for these proposed tasks is $251,600, including labor and reimbursable costs. The tasks are expected to be completed within a 7-month

WRT

MEMORANDUM

timeframe. We recommend these scope items can proceed as soon as funding is available, and all will benefit from occurring in tandem with the Precise Plan itself. It is not essential for outcomes of these tasks to be included in the Precise Plan. However, we do recommend that the Task Force make themselves comfortable with the level of oversight needed for tasks running concurrently, to allow the Task Force to be fully involved in each part of the process. A project schedule showing the potential alignment between existing and proposed scope items is included as an attachment.

Summary of Proposed Additional Services

Task		*Fee*	*Timing*
1	Form-based Zoning Code	$118,600	7 months
2	Precise Plan Financing Analysis	$103,700	4 to 6 months
3	Downtown Management Entity	$21,000	2 months
4	Project Design Review	$3,900	Ongoing
5	Additional DCTF Meetings	$4,400	Ongoing
Total		$251,600	7 months

WRT

MEMORANDUM

Santa Clara Downtown Precise Plan
Potential Additional Services, May 10, 2021

1. FORM-BASED ZONING CODE

David Sargent Town Planning (DSTP) and WRT will collaborate with the Downtown Community Task Force (DCTF) and the City in preparing a form-based development code for the Plan area. Such a code could be adopted as part of the Precise Plan document, or could be adopted as new form-based zones that are integrated into the City's municipal code.

One advantage of adopting the standards as new form-based zones is that if one or more of the zones proved useful in other parts of town – for instance in some segments of El Camino Real – that zone could simply be applied to that area with a zoning map amendment.

We attach for reference the most recent Code we have prepared, for a plan in Claremont that has many characteristics in common with the SCDPP area. The area is around 20 acres and the Plan seeks to make "more downtown" on a more or less vacant site that is adjacent to low-density residential neighborhoods. The Code we propose to make for Santa Clara would be similar to this code in many ways, but of course customized as necessary to implement the intentions of the SCDPP, and integrated with Santa Clara's policy and regulatory framework.

The document will be prepared using Adobe InDesign and delivered in PDF format. We strongly recommend that the Code be published online as a PDF and not disassembled to be hosted on an online publishing platform (like Municode or Code Publishing). We have a lot of experience with this, and unless these services have made significant advancements in their technology in the past year, the way they organize codes as running text and occasional pictures renders a form-based code nearly unusable. The state of the art is still simply having a link wherever the municipal code is hosted that connects to a web server (likely the City's website) where the PDF is viewable and downloadable as a competently formatted document.

The DSTP/WRT Team ("the Team") proposes to organize this work into the following tasks:

Task 1.1: Project Initiation and Scope Confirmation

WRT

MEMORANDUM

1.1a - Kick-off Meeting: To initiate this phase of work, the Team will meet with City staff to confirm major tasks and deliverables, discuss overall schedule, establish communication protocols between DSTP, WRT, City Staff and the DCTF, and discuss/confirm any other relevant administrative protocols needed to progress this work efficiently.

1.1b - Vision Confirmation: The Team will work collaboratively with the DCTF and City staff to refine and confirm the vision for the SCDPP Area (Plan Area); as it relates to street types, public space types, building massing schemes, frontage types, and parking configurations. We are confident that this effort can be integrated seamlessly into the ongoing Precise Plan work. We believe that the rigor and organized decision making required to build the framework for such a Code will be very helpful clarifying the range of possibilities for each block, street, and open space in terms of the height, use, massing, and frontage character of new development.

As shown in the proposed budget (attached), the Team anticipates that Task 1 would occur in three iterations, including calls with City staff and then meetings with the DCTF at the end of each iteration. It will be very important to reach consensus with the DCTF at this stage, confirming the vision and agreeing upon regulatory parameters and typologies. We also suggest that the Committee's role in subsequent tasks/stages of Code preparation be diminishing from task to task, as the work from here forward shifts from the general vision to the making of a rather technical document to communicate that vision and those intentions to design professionals and ensure its realization.

We strongly recommend that this task commence as soon as practical, and run concurrently with the confirmation of the Vision and Plan in the Precise Plan.

1.1c - Code Format/Technique Confirmation: Concurrently with Task 1.2, and based on our other recent code work, DSTP will prepare style sheets and a Code outline for review by WRT and City staff. DSTP will conduct meetings with WRT and City staff. Topics addressed will include the structure, content and format of the Code, the schedule for coordination with the Plan and EIR, and the method by which it would be adopted.

DSTP often also prepares Design Guidelines that are coordinated and integrated with but distinct from the Code, addressing topics that are better addressed with parameters and clear intentions rather than hard numerical standards. Decisions regarding which topics would be so addressed, and

WRT

MEMORANDUM

in what degree of detail will be important in this task. This should be presented to the DCTF only at a high level, not in detail for their input. Keeping the standard/guideline distinction clear is also helpful in meeting new State requirements for Objective Design Standards.

As the DCTF has shown interest in a Sign Ordinance for Downtown, we propose that such standards and guidelines be included in the Code, as is our standard practice (see the attached Claremont Code). Rather than incorporating sign standards and guidelines for Downtown into the City's existing sign ordinance, we recommend that succinct language be added to the existing ordinance which states that the Downtown Code supersedes any City-wide standards for properties within the Downtown Plan Area.

We strongly recommend that Task 1.1 – and also Task 1.2 if possible – be completed prior to, or concurrently with, the finalization of the Project Description for the EIR, for reasons described in the Rationale for Concurrent Plan and Code Preparation section below.

1.1d - Scope Confirmation / Adjustments: Based on direction confirmed in Tasks 1.1b and 1.1c, DSTP, WRT and City Staff would agree upon any necessary adjustments to the overall scope, schedule, and budget, which would be finalized (as/if needed) by an amendment to this proposed scope and fee.

Task 1.2: Code Preparation & Adoption

1.2a - Administrative Draft Code Preparation: Based on the confirmed vision and form parameters from Task 1, and decisions regarding code structure and format and method of adoption in Task 1.1, DSTP will prepare a first administrative Draft Code. DSTP will be in close touch with WRT and City staff as we prepare and calibrate the Draft Code, and will submit it to WRT and City staff concurrently. DSTP will make revisions as requested by WRT and the City based on their review. The Draft Code can also be presented to the DCTF, but we recommend they not be asked to provide detailed comments on the techniques of the Code.

After City staff have had the chance to review the Draft Code in detail, we recommend a working session of 2 or 3 hours in which we can engage a number of staff to review the process by which projects will be evaluated in relation to the Code.

WRT

MEMORANDUM

At a time agreed upon with City staff, WRT and the DCTF, STP will prepare for and help to lead a community workshop in which the intent, structure and standards of the Draft Code will be presented for questions and comments and community input. The PowerPoint presentation prepared for this workshop will weave together the community vision and preferred alternative as documented in the ongoing Precise Plan process, and focus on how the Code will help to ensure that new private development and public realm improvements are well-coordinated, designed and calibrated to deliver that vision, one project at a time.

We suggest that this Workshop might also be, perhaps, a Planning Commission Study Session, perhaps jointly with the DCTF and/or City Council rather that simply a community workshop. Such sessions can be more effective if chaired by the Mayor or Planning Commission Chair rather than led only by City staff and consultants. STP attendance at the workshop is expected to be virtual rather than in-person.

1.2b - Public Review Draft Code Preparation: Based on the comments received from WRT and City staff, DSTP will refine and complete the Draft Code, so that it may be available for public review concurrently with the Precise Plan and EIR. We will deliver a "Screencheck Draft" to WRT and City staff and make minor refinements or corrections prior to its release for public review.

If requested, the Team will participate in a Planning Commission workshop or joint Commission/Council study session to present the Code and answer questions. DSTP will then make a final round of refinements to the Code based on public and decision-maker input and City staff direction.

At a time agreed upon with City staff, WRT and the DCTF, STP will prepare for and help to lead a community workshop in which the Public Review Draft Code will be presented for questions and comments and community input. We suggest that a joint study session of the City Council and Planning Commission could be a good format for this Workshop. STP attendance at the workshop is expected to be virtual rather than in-person.

1.2c - Code Adoption: The Team will participate in one Planning Commission and one City Council hearing to assist City staff in presenting the Plan and Code. DSTP will make final minor revisions to the Code in response to comments and deliver the final document in PDF format – a high-resolution file for double-sided color printing and a hyperlinked web-ready file of the spreads.

WRT

MEMORANDUM

If the City determines to adopt the new zones (we anticipate one to three zones, depending on decisions reached in Task 2) within the Santa Clara Municipal Code (SCMC) it is likely that some City staff time will be required to complete the integration of procedures and general standards with other section of the SCMC.

Potential Reimbursable Expenses

Due to the uncertainty of travel during this time, we assume that attendance at meetings and workshops will be virtual rather than in-person. As/if travel protocols change during the course of this work, and physical attendance is requested, we provide an estimated cost-per-trip (for travel and lodging) which are not included in the base budget.

Proposed Professional Fees

We propose to provide the services outlined above on a time and materials basis, per the estimates shown on the attached spreadsheet. We will not exceed those fees without providing the City with advance notice in writing of the potential for additional time and fees, and an explanation of the reasons such appear likely. The time required for preparation of the Code is quite predictable based on our extensive experience, but the time required for meetings with City staff, the DCTF and others is much less predictable. And it has been our observation to date that the ratio of meeting time to plan preparation in this situation is quite high. Our fee proposal is intended as a "realistic/efficient" process projection, not a "worst case" estimate.

More could be provided if necessary and public health conditions permitting, at an additional cost. We will bill such expenses at our actual cost with no administrative markup.

Rationale for Concurrent Plan and Code Preparation

DSTP strongly recommends that the Code be prepared concurrently with the completion of the Plan. To do otherwise, based on many years of experience in this area, would be at the least to miss an opportunity, and could also add significantly to the time and cost while significantly reducing the quality of the documents and confusing City staff, DCTF, and the public.

WRT

MEMORANDUM

Listed below are the top few advantages of preparing the Plan and Code concurrently, iteratively, and collaboratively.

Support the Precise Plan Completion: The process of breaking down the "vision" that we have been sneaking up on for so long into a system (a.k.a., Plan and Code) could be greatly helped by helping the City and DCTF in thinking of the Plan as a "kit of parts" from which the once and future downtown should be made. And those "parts" are of course typological – building/massing types, street types, frontage types, use types, parking configurations, etc. – not "predesigned buildings." That is what making a code is all about. We always describe the process as "reverse engineering the vision into a kit of parts, and a process for assembling them into a place." That is what needs to be done, now, even just to finish clarifying the vision for the Plan, and might as well also be used to establish the Code also.

Support Predictability and Cohesion: The process of making a code compels all parties to consider the options, and to make choices that rule certain things in, rule certain things out, and clarify the range of potential outcomes within which they'd be happy, and outside of which they would not be. Most general and many specific plans in California have for far too long stopped at the fuzzy "vision" level, which then leaves it up to each person's own imagination what those nice words might mean – "neighborhood scale", "sustainable", "high quality design", etc. (Except for the things that can be easily quantified, like building height, setbacks, FAR, DUA, see below.) So then in some later discretionary review process, whoever happens to be the director or on the Planning Commission or City Council makes decisions based on what those words mean to them at that time in that context. The result is a very unpredictable process that discourages highly qualified developers, adds time and cost to the process, and yields inconsistent results, such that two buildings which were each deemed "ok, let's approve it" next door to one another just look odd next to one another.

Avoid "Planning Fatigue": The precise plan process has been underway for a long time already. If it were brought to a conclusion without the Code, the process of gaining consensus on the Code would seem to most like déjà vu all over again. All the same topics would be re-covered, bringing up all the same concerns, requiring all the same decisions to be made, and leading to a lot more DCTF meetings rehashing the same things and perhaps second-guessing some, leading to amendments to the new Plan.

WRT

MEMORANDUM

Avoid Conflicting Metrics/Environmental Analyses: As I mentioned to Jim – and to Manuel and Andrew as well when they wanted to speak with me – regulation by building form is not the same thing as regulating by FAR and DUA. And as is so clear from all the DCTF discussions to date, what the committee is most concerned about – and appropriately so – is the form and character of the blocks, buildings, and streets. The form-based code is a tool that operates directly on what they care about the most. FAR and DUA are very useful metrics at the general plan level, or even at a large specific plan level for CEQA analysis. But at the scale of the building and the block they are worse than useless. For instance:

- A 4 and 5-story mixed-use project on a 2-acre site (a 300 x 300 foot block) might yield 150,000 gross square feet of habitable building area. That would be an FAR of about 1.7.
- If the ground floor (which would be smaller in usable area than upper floors due to parking) were 15,000. S.f., the non-residential FAR would be 0.10. And if the remaining 135,000 s.f. were housing, and the average gross square feet per dwelling were 1,000 s.f. parked at 1.75 spaces per unit that would be 135 units with 236 parking spaces and 67.5 DUA.
- If the exact same building and parking were organized with smaller units at 700 g.s.f. per unit, that would be 193 units parked at a ratio of 1.22 spaces per unit, and 96.5 DUA.
- It would be reasonable to anticipate that the number of residents in the smaller unit scenario would be about the same in both cases, with the same number of cars. And very likely LESS traffic generated, as the smaller units with less parking per unit would tend to attract a demographic more interested in using transit and active transportation and enjoying a pedestrian-oriented urban lifestyle.
- In our plans and codes we do NOT regulate by DUA. The EIR project descriptions are based on well-reasoned assumptions regarding average DUA and numbers of units. The Plans sometimes stipulate a cap on total units in the district – which if exceeded at some point might require further CEQA review – but the standards do not regulate by DUA per building or per block. They regulate by building size, scale, massing, form, use, and frontage, which is what we've been discussing with the DCTF for so long.
- The specific intention of a Plan for a downtown is to "pack as much development as possible into a compact area without making a mess." Whereas all the plans they have made for decades intend to spread development out to avoid localized "congestion", under the suburban/CEQA assumption that "the solution to pollution is dilution".

WRT

MEMORANDUM

> Regulation by DUA is very good at that, and that is what has sprawled cities out over the region and is killing the planet.

Of course, we know that you understand these metrics and principles as well as or better than we do, and we're focusing here on the linkage between these metrics as they may be present in the Plan and the EIR, and the development standards. Our concern is that if the Precise Plan and EIR were completed ahead of the Code work – regulating "density" by DUA as most suburban cities do – and then we came in suggesting that it be regulated by building mass and volume, it could cause great concern and consume large amounts of time and political capital. And might very well require amending the EIR or arbitrarily limiting DUA, as many people would assume such a change was to let developers "get away with something." If fact, if you limit DUA, what you get is large units, which may or may not foster the housing catering to urbanites who want to use transit and local businesses more and drive less.

Meetings

- Kick-off meeting
- Meetings with DCTF (up to 3)
- Staff working session on Admin Draft Form-based Code
- Planning Commission workshop or joint Planning Commission/City Council study session
- Check-in calls with Staff as needed

All meetings are assumed to take place remotely.

Deliverables:

- Admin Draft Form-based Code
- Screencheck Draft
- Public Review Draft
- Final Form-based Code

Cost: $118,600

WRT

MEMORANDUM

Timeframe: Approximately 7 months

2. PRECISE PLAN FINANCING ANALYSIS

This task will provide the analytic basis for identifying the appropriate financing strategy and implementation tools for the Precise Plan. The key subtasks are described below.

Task 2.1 Infrastructure Needs Analysis

The WRT team will identify the backbone utility and transportation infrastructure plan to accommodate buildout of the Plan Area and associated costs. The analysis will also determine the nexus between infrastructure improvements and planned development in the event that infrastructure improvements address an existing deficiency or new demand from growth outside the plan area. The work will build off the infrastructure program developed in the Precise Plan and will introduce new, more detailed infrastructure needs and cost analysis. The WRT team will interview Public Works and Utility Agency representatives as needed to verify planned capital improvement projects that will be necessary to support development in the plan area.[1]

The first step in this task, to be led by **WRT**, will be to refine the development plan to establish land use mix and density for each block in the Precise Plan area. This may require setting a low and high range by use type to account for land use flexibility. This will serve as the basis for establishing transportation and utility demands. WRT will also refine the conceptual design of planned streets to a level that will allow reasonable cost estimation.

To establish transportation needs, **Kimley-Horn** will:

(1) Identify roadway and traffic improvements necessary for the site based on the recommendations of the Precise Plan
(2) Prepare a cost estimate for each roadway improvement. This will include:

---

1 The budget estimate assumes regional utility studies and modeling, utility design, surveying, and plan production are not included in this scope.

WRT

MEMORANDUM

- Estimating the number of AM peak hour, PM peak hour, and daily trips to be generated by the proposed project. A trip distribution and trip assignment for the use will be estimated based on information provided by the City, historical traffic counts in the area.
- Determining the background volume at intersections and for roadway segments being improved.

(3) Develop Fair Share calculations for each improvement project identified. This will include:
- Calculating the fair share proportion for the project based on the number of daily vehicle trips that utilize the future intersection. This will be calculated based on the approach specified by the City in their Impact Fee Nexus Study – Fair share % = project trips/(background + project trips).
- Determining the fair share cost estimate using the fair share percentage by the total project cost.

(4) Prepare a technical memorandum for preliminary review. The draft memorandum will include text, charts, and figures describing our process, assumptions, and results. The memorandum will specifically detail impacts directly connected with project traffic and recommended improvements, if needed. Based on comments received on the draft memorandum, the memorandum will be revised and a final traffic memorandum will be prepared and submitted.

To establish utility infrastructure needs, CSW/ST2 will:

(1) Re-engage the City staff to confirm the infrastructure needs beyond the development area. This could require running of computer models related to water and sewer service, which are often managed by third parties.
(2) Support WRT in developing 10% plans for the public streets which will reflect above and below-ground infrastructure necessary to support the development.
(3) Based on the plans and improvements required outside the plan area, update the cost analysis.

The task will result in a memo defining projected development by land use type and by block and establishing transportation and infrastructure needs.

WRT

MEMORANDUM

Task 2.2: Analysis of Financing Options and Strategy

EPS will identify and evaluate a variety of funding and financing mechanisms that would be appropriate to fund the required improvement costs and/or defray up-front or advance-funding costs associated with these facilities. EPS will consider currently available sources of funding for capital improvements, though these existing mechanisms are not expected to cover the unique costs of planned downtown improvements. Accordingly, EPS will consider a variety of other Project-specific financing mechanisms that may include the following options:

- Area-specific development impact fees (and related reimbursement agreements).
- Special assessments and taxes (e.g., Mello-Roos Community Facilities Districts).
- Private contributions and exactions.
- Tax increment financing mechanisms (e.g., Enhanced Infrastructure Finance District or Community Revitalization and Investment Authority).

EPS, with the assistance of the WRT team and the City, will select financing mechanisms and strategies for the Precise Plan that are based on financing principles; statutory and legal considerations; and industry standards regarding who typically pays for what, the timing of public improvements relative to private development, commitments regarding the availability of public-sector funding, and other relevant factors.

EPS will prepare a financing strategy that describes the implementation steps required to use existing and to create new proposed financing mechanisms. The financing strategy will specify the financial responsibilities of the public and private participants in implementation of the Plan. The financing strategy will be circulated to City staff and Project participants to ensure their understanding and to obtain their comments and suggestions. EPS will also prepare a Financing Strategy memorandum incorporating one round of consolidated City comments.

This task will culminate in a financing plan that describes the various financial resources and tools needed to pay for infrastructure and amenities. Note that the specific elements of the Financing Plan cannot be known with certainty at this time, but this proposal anticipates that an Area Development Impact Fee is a likely outcome.

Task 2.3: Area Impact Fee Program (Optional, included as Contigency)

WRT

MEMORANDUM

EPS will prepare the technical documentation necessary for approval of an area development impact fee to cover the "fair share" cost of new infrastructure and public improvements serving the Specific Plan. The "Nexus Report" will be prepared consistent with AB 1600 and related requirements.

EPS will develop a preliminary fee schedule based on the total costs attributable to the Downtown Precise Plan program, based on the cost estimates and cost allocations described above. EPS will net out other likely potential funding sources and include a fee program administrative charges, as appropriate. The fees will be derived by dividing the capital facility costs by the projected development in each land use category. EPS will summarize the fees by improvement type and land use for the City's review. Based on comments received and EPS will finalize the fee schedule for inclusion in the Nexus Report.

EPS will take primary responsibility for preparing the Development Impact Fee Nexus Report that will document the study assumptions and methodology and establish the required nexus findings consistent with AB 1600 and reporting requirements of Government Code 66000 et. seq. EPS will first provide an administrative draft for review by City staff. Based on one round of comments, EPS will then prepare a Public Review Draft for broader release. Again, based on one round of consolidated public comments and direction from City staff, EPS will prepare a Final Report for presentation to the City Council for approval.

The budget includes representation and participation, as needed, from appropriate EPS team members at two public meetings or presentations, including at City Council approval. Additional meetings and/or report iterations beyond those described herein may require a budget amendment. The proposed budget does not include multiple iterations of the fee analysis or EPS participation in any landowner meetings or negotiation sessions that may be required.

Meetings:

- Up to two meetings with key project stakeholders, including property owners and/or City staff. The goal of these meetings will be to vet the financing strategy and assumptions.

WRT

MEMORANDUM

Deliverables:

- Development Program and Infrastructure Needs Memorandum
- Financing Plan (Draft)
- Financing Plan (Final)

The specific elements of the Financing Plan cannot be known with certainty at this time, but this proposal anticipates that an Area Development Impact Fee is a likely outcome.

Optional Deliverables:

- Development Impact Fee Nexus Report (Admin Draft, Public Review Draft, Final)

Cost: $103,700, including $33,600 contingency for Area Development Impact Fee Nexus Study

Timeframe: 4-6 months.

3. DOWNTOWN MANAGEMENT ENTITY

WRT, with support from MJB Consulting and Greensfelder Real Estate Consulting (GRES), will define the role of a management entity to help achieve success for Downtown. The entity's roles may include curating retail, programming public spaces, and marketing. Defining the right approach will include the following subtasks.

Task 3.1 Stakeholder Interviews and DCTF Meeting

The Team will interview key stakeholders to better understand the capacities, resources, mandates and political dynamics of each, to determine how the new entity would best fit. We will draw on existing findings about market and real estate dynamics.

Task 3.2 Analysis and Recommendations

The Team will craft the foundation for a regulatory rubric with the goal of seeing a diverse array of desired uses (by NAICS code) and desired mix of independent, regional, and national occupiers. The

WRT

MEMORANDUM

foundation will outline plusses and minuses of suggested approaches, define the Downtown Management Entity and its roles, and discuss implementation process and procedures. Recommendations will also include identification of partners and best practices in event management and marketing.

Task 3.3 Incorporation into Precise Plan

The analysis and recommendations will be incorporated into the Implementation chapter of the Santa Clara Downtown Precise Plan.

Meetings:

- The Team will present findings at one meeting of the DCTF.

Deliverables:

- Stakeholder interviews (remote)
- Presentation to DCTF (remote)
- Memo: Defining the role of a Downtown management entity

Cost: $21,000

Timeframe: Approximately 2 months

4. PROJECT DESIGN REVIEW

DSTP, supported by WRT, can review current development projects within the Plan Area to help Staff evaluate design consistency with the Plan vision and to make recommendations.

Meetings:

- One meeting with Staff

WRT

MEMORANDUM

Deliverables:

- Design review memo

Cost: $3,900 per project submittal

Timeframe: Ongoing

5. ADDITIONAL DCTF MEETINGS

The Santa Clara Downtown Precise Plan schedule currently has five remaining Task Force meetings, of which the WRT Team is scoped to attend and present at one. WRT and DSTP could be available to facilitate additional meetings of the Task Force, helping to retain a strong link between Task Force discussion and Plan outcomes.

Note: where Task Force meetings are anticipated as part of additional scope items above, they are covered within that task.

Meetings:

- Meeting presentation and attendance (WRT, DSTP)

Deliverables:

- Presentation materials

Cost: $4,400 per meeting, assuming meeting is virtual and does not require travel or production.

Timeframe: Ongoing

WORK PLAN AND ENGAGEMENT STRATEGY (AMENDED MAY 2021 WITH ADDITIONAL SERVICES)

21-545 **Agenda Date: 5/25/2021**

REPORT TO COUNCIL

SUBJECT
Action to Amend the Agreement Between TruePoint Solutions, LLC, and the City of Santa Clara

COUNCIL PILLAR
Deliver and Enhance High Quality Efficient Services

BACKGROUND
The City's permit system allows permit, plan review and inspection activities to be managed by staff and provides accessibility to information for the general public. A permit information system is necessary as it facilitates the careful review and approval process for land development projects which can span across numerous City departments. Various City departments rely on the usage of the permit system software to support citywide economic development and the collection of fee generating revenue.

The City has been using the "Tidemark" permit system since the 1990's. The software was last updated in 2000. In September 2017, the Community Development Department's Building Division (Division) procured the Accela permit software system. In August 2018, the implementation process of integrating the software to align with the Department's business practices began. As part of this effort, the City conducted a Request for Proposals (RFP) process. The City selected and executed an Agreement with TruePoint Solutions (TPS), LLC (Agreement) to provide consultant services to assist with the implementation of the new Accela permit software system.

DISCUSSION
Transitioning away from a system the City has used for over twenty years with hundreds of thousands of cases and migrating to an entirely new software platform makes for a very sizable and timely project. Implementation of the new software system involves numerous deliverables and various scopes of work for all participating departments. Furthermore, because the Accela system will be used by numerous departments, TPS' consultation, testing, training and configuration time has been devoted to providing services to more than just the Community Development Department (Planning and Building Divisions); specifically, Finance, Water and Sewer, Police, Fire, IT's GIS team, Public Works, Parks and Recreation and the Electric departments have also been using TPS' implementation services.

Through the multi-department implementation process, the City has identified and implemented expansions to the Accela implementation. The implementation process has also been extended in part as the City has adapted work procedures in response to COVID-19. The City is nearing the end of the implementation process with a scheduled "go live" date in late June. The current Agreement with TPS is nearing the end of its allotted budget. Staff is proposing to amend the Agreement via 'Amendment No. 1, Agreement for Design Professional Services Between the City of Santa Clara,

California and TruePoint Solutions, LLC' to allow for continued use of TPS services during the crucial "go live" process and over the course of the next year as the City fully implements the Accela system. TPS has become very familiar with the City's various departments and work activities so that the continued use of their services will support an efficient, cost-effective and successful roll-out of the new software system.

Staff is seeking approval for the following:

1) Extension of the Agreement terms making the new expiration date June 30, 2022;
2) Additional services for data conversion, continued system configuration, project management consultation hours; and
3) An increase to the overall not to exceed amount.

Staff anticipates conducting a new RFP for consultant services in the future to provide continuing consultant support following the initial Accela implementation.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT

Based upon the estimate for the proposed additional services between the City and TPS, an increase to the maximum compensation of $215,436 is requested. Of this amount, funding of $105,500 is available in the Building Division's General Fund operating budget and $53,820 is available in the Permit Information System capital project (#6075) budgeted in the General Government Capital Fund to cover the majority of the increased cost. The remaining funding of $56,116 is recommended to be added in the Proposed Budget as part of the new Fire Department Accela Implementation project in the Fire Department Capital Fund. This new capital project is included in the proposed amendments to the FY 2021/22 Capital Budget that are described in an appendix to the Proposed FY 2021/22 and FY 2022/23 Biennial Operating Budget.

With the increase in the maximum compensation, the overall not to exceed amount of $885,082 will increase to $1,100,518 for the current TPS Agreement.

COORDINATION

This report has been coordinated with the Information Technology Department, Finance Department, Fire Department, and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Approve and authorize the City Manager to execute Amendment No. 1 to the Agreement between TruePoint Solutions, LLC, and the City of Santa Clara to extend the term of the agreement ending on June 30, 2022, and increase the maximum compensation amount by $215,436 for a total maximum compensation of $1,100,518 to provide additional services for data conversion, continued system configuration, and project management consultation hours, subject to the appropriation of funds; and
2. Authorize the City Manager to exercise the option to extend the term of the Agreement between TruePoint Solutions, LLC, and the City of Santa Clara for one year after June 30, 2022; and increase the not to exceed amount by $50,000, if necessary, subject to the appropriation of funds.

ATTACHMENTS

1. Amendment No. 1 to the TruePoint Solutions, LLC Agreement

Ebix Insurance No. S200003778

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRUEPOINT SOLUTIONS, LLC

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TruePoint Solutions, LLC, a California limited liability company ("Contractor"). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for the Performance of Services by and Between the City of Santa Clara, California, and TruePoint Solutions, LLC" with an effective date of August 26, 2018 (Agreement); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide implementation and technical support for Accela Permit and Land Development software system, and the Parties now wish to amend the Agreement to extend the termination date, include an additional task in the scope of services, and increase the maximum compensation.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 2 of the Agreement, entitled "Term of Agreement," is hereby amended to delete the existing termination date of December 31, 2020 and replace it with the following:

   "June 30, 2022."

2. Exhibit A of the Agreement, entitled "Scope of Services," is hereby amended to add the following text after the first sentence of the Exhibit:

   "The Services to be performed for the City by the Contractor under this Agreement shall also include additional Data Conversion(s) and System Configurations for the City's Tidemark database, as well as Hdl and CUPA for the

Santa Clara Fire Department. Project Management Hours by a TruePoint Consultant for 'post Go-Live' support shall continue until the amended term expiration date of June 30, 2022. Additional details are provided below"

3. Exhibit A of the Agreement, entitled "Scope of Services," is hereby amended to delete the following text from the top of page 4:

   "PROJECT TIMELINE
   The estimated term of this project is 13 to 14 months for the initial deployment with the estimated start date in August 2018 and an estimated completion date in November 2019."

   and replacing it with the following:

   "PROJECT TIMELINE
   The estimated term of this project is 13 to 14 months for the initial deployment with the estimated start date in August 2018 and an estimated completion date in November 2019 for Deliverables 1 through 17. Deliverables 18 through 20 shall commence in May 2021 and be completed in June 2022."

4. Appendix C ("Detailed Scope") of Exhibit A ("Scope of Services") of the Agreement is hereby amended to add Deliverables 18 – 20 after existing Deliverable 17:

   "DELIVERABLE 18: ADDITIONAL DATA CONVERSIONS

   Due to the unavailability of certain information during the prior data conversions (including, but not limited to, address parcels, GIS data, and fee information), it is necessary to repeat the previously completed data conversions.

   DELIVERABLE 19: FIRE DEPARTMENT HDL AND CUPA CONVERSION & CONFIGURATION.

   Deliverable 8A covered the conversion of Hdl Fire Occupancy data; this deliverable 19 will provide configuration of the Hdl data for Fire Department usage. In addition, TruePoint will provide integration to CUPA.

   <u>TruePoint Responsibilities:</u>

   - Project Management for the duration of the project
   - Fire Occupancy Record Annual Inspections and Operational Permits
   - EnvHealth CUPA configuration
   - Occupancy Data and Inspections from Hdl. (Funds included in Phase 1.)
   - Live and post go-live support

Agency Responsibilities:

- City will need to provide data to TruePoint

DELIVERABLE 20: ADDITIONAL PROJECT MANAGEMENT

Consultant Michele Niccore will provide additional project management hours as requested by City through June 30, 2022 at the rate of $157.00/hour, approximately 20 hours per week for 12 months."

5. Exhibit B of the Agreement, entitled "Fee Schedule," is hereby amended by deleting the first sentence of the Exhibit:

   "In no event shall the amount billed to City by Contractor for services under this Agreement exceed eight hundred eighty-five thousand eighty-two dollars ($885,082), which reflects the proposed cost plus a ten percent (10%) contingency, subject to budget appropriations."

   and replacing it with the following:

   "In no event shall the amount billed to City by Contractor for services under this Agreement exceed one million, one hundred thousand, five hundred eighteen dollars ($1,100,518.00), subject to budget appropriations."

6. Exhibit B of the Agreement, entitled "Fee Schedule," is hereby amended by adding the following eight lines to the bottom of the table on Page 2:

Deliverables 18, 19 & 20		
Additional Data Conversions	60	Repeat of previously completed conversions with additional data
Fire Dept HDL & CUPA – Project Management	80	Project management for the duration of the project
Fire Dept System Configuration – Occupancy Record	0	Fire Occupancy Record Annual Inspections & Occupancy Permits
Fire Dept System Configuration – CUPA	260	EnvHealth CUPA configuration
Fire Dept data conversion	0	Occupancy data & inspections from Hdl
Fire Dept – move configuration to PROD	16	Go Live and post go-live support
Additional project management hours	960	June 2021 – June 2022

7. Exhibit B of the Agreement, entitled "Fee Schedule," is hereby amended by adding Deliverables 18, 19, and 20 to the table on Page 3 after Deliverable 17 to read as follows:

18	Additional Data Conversions	$8,000
19	Fire Dept Hdl and CUPA Conversion & Configuration	$56,116
20	Additional Project Management	$151,320

8. Exhibit B of the Agreement, entitled "Fee Schedule," is hereby amended by replacing the final three lines of the table on Page 3 with the following five lines:

	Total, Tasks 1 – 17	$768,620
	Travel Expense Estimate, Tasks 1 – 17	$36,000
	10% Contingency on Tasks 1 – 17	$80,462
	Total, Tasks 18 - 20	$215,436
	Total Travel & Service	**$1,100,518**

9. Exhibit B of the Agreement, entitled "Fee Schedule," is hereby amended by deleting the following text from page 4:

   "CUPA: The pricing above does not include integration to CUPA. Accela is creating a generic CUPA import/export routine that has not been fully released. As an estimate integration to CUPA could add as much as $20,000 to $50,000 in services to the SOW. It is recommended that any further discussion on CUPA is put on hold until we can determine if a standard integration from Accela can be used."

10. Exhibit B of the Agreement, entitled "Fee Schedule," is hereby amended by deleting the following text from page 4:

    "CONTRACT SUM:
    The total amount payable under this Agreement is therefore $804,620 including travel expenses and travel time."

    and replacing it with the following:

    "CONTRACT SUM:
    The total amount payable under this Agreement is therefore $1,100,518 including travel expenses and travel time."

11. Contractor further acknowledges that there are no minimum usage requirements and no commitment for a minimum number of hours.

12. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

REPORT TO COUNCIL

SUBJECT
Action on 2021 Q1 Legislative Update and Proposed Amendments to the 2021 Energy Legislation, Regulations, and Issues and Public Safety Legislative Advocacy Positions

COUNCIL PILLAR
Enhance Community Engagement and Transparency

BACKGROUND
On October 9, 2018, the City Council adopted Resolution No. 18-8611 to approve a Legislative Advocacy Position (LAP) Policy (Attachment 1). The purpose of the LAP Policy is to establish clear guidelines for advancing City goals and positions through legislative review and advocacy at the regional, State, and federal levels of government and to provide guidance for City officials who serve on regional, State, and national boards, committees, and commissions when they are asked to review public policy matters and issues. The LAP Policy requires Council to adopt or update the LAPs at the beginning of the calendar year to identify specific legislative priorities outside of the legislative guiding principles listed below:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara
- Protect local revenue sources and prevent unfunded mandates
- Protect and/or increase funding for specific programs and services
- Protect and/or increase local government discretion
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan

On February 9, 2021, the City Council adopted twelve (12) 2021 LAPs (Attachment 2) on the following key issues:

- COVID-19 Legislation
- Energy Legislation, Regulations, and Issues
- Engagement with Federal Aviation Administration Regarding Airplane Noise
- Housing
- Human Resources and Public Sector Employment
- Local Authority over Wireless Telecommunications Facilities and Cable Services
- Public Safety
- Regional and State-wide Water Supply and Conservation
- Regional Issues and Collaboration

- Regional Transportation Issues
- School Mitigation Fees
- Sustainability and Environmental Legislation, Regulations and Issues

In addition to requiring the City Council to adopt or update LAPs annually to identify specific legislative priorities, the LAP Policy also requires staff to provide quarterly legislative updates on public policy items of interest to the Council and provide Council copies of letters or summaries of actions on legislative items.

The City has an existing agreement with Townsend Public Affairs for legislative advocacy services, which includes tracking and monitoring legislation and advocating the City's position on various legislation at the State and federal levels of government.

DISCUSSION

As part of the February 9, 2021 2021 LAP agenda item, Councilmember Jain requested to add additional position statements to several LAPs (Energy Legislation, Regulations and Issues LAP, Public Safety, Regional and State-wide Water Supply and Conservation, Regional Transportation Issues, and Sustainability and Environmental Legislation, Regulations and Issues). While staff was able to review and recommend adoption for most of the proposed position statements, there were several that required more review and analysis for their potential impacts to the City.

Based on additional research and discussion with Councilmember Jain on energy-related items, staff recommends Council approval to add the following position statements to their corresponding LAPs so staff and Townsend can advocate for the City in these key policy areas:

Energy Legislation, Regulations and Issues LAP

- Monitor and support transmission related activities focusing on enhancing the reliability and deliverability of clean energy resources and advocating for greater transparency and assurance that transmission access charges are allocated equitably between the various beneficiaries

Public Safety LAP

- Support background checks and training requirements for gun sales

A copy of the red-lined proposed amendments to the 2021 Energy Legislation, Regulations and Issues and Public Safety LAPs is attached for reference (Attachment 3).

Since the adoption of the 2021 LAPs, staff and Townsend Public Affairs has been tracking and monitoring various legislative items, which are highlighted and summarized in the 2021 Q1 State Legislation document (Attachment 4). The legislative items are grouped by their aligned LAP, guiding principle for legislative advocacy, or approved City policy (e.g. City Council Goals and Priorities). Each bill contains a summary and its status in the legislative process.

The City has acted on some of the bills that are included in the 2021 Q1 Legislation document (e.g. submitted a letter of support or opposition). Those actions are documented in the 2021 Q1 Summary of Legislative Actions attachment (Attachment 5).

State Legislative Update

Over the course of the last two months, the Legislature has been focused on conducting policy committee hearings, so that bills can advance ahead of the policy committee deadline. Assembly and Senate policy committees are required to consider bills with a fiscal impact to the State and advance them to the Appropriations Committees prior to April 30th. The policy committees have an additional week to consider bills without a fiscal impact to the State. Any bill that fails to meet the policy committee deadline will become a two-year bill and cannot be considered again until January. Typically, the first policy committee deadline results in one-third of introduced bills becoming two-year bills.

After the policy committee deadlines pass, the Legislature will turn its focus to moving bills through the Appropriations Committees prior to the fiscal committee deadline on May 21st. Many of the bills that will go before the Appropriations Committee will be referred to the Suspense File, which indicates that the bill is likely to have a fiscal impact to the State greater than $50,000. The Assembly and Senate Appropriations Committees will each consider all bills on the Suspense File at a single hearing just before the committee deadline. At that hearing, the committee will announce which bills are advancing out of committee and which are being held. Those bills that are held in committee will become two-year bills.

Assembly and Senate Budget Priorities

In anticipation of the Governor's May Revise, both the Assembly and Senate Leaders announced their budget priorities for the FY 2021-22 budget. Both sets of priorities leverage significant funding from the anticipated State budget surplus, federal COVID-19 pandemic response funding, cap and trade auction revenues, and other sources to invest in the State's economy. The plans outlined by both Houses touch on a number of economic sectors, as well as local governments, businesses, and individuals.

The Senate prioritizes items such as:

- Providing debt free college
- Expanding universal access to early education
- Investing in homelessness, housing affordability, and homeownership
- Protecting against wildfires and droughts
- Improving healthcare access and affordability

The Assembly prioritizes items such as:

- Preserving state services while preparing for future economic downturns
- Responding to essential services needs
- Protecting Californians most impacted by the pandemic
- Recover the economy through stimulus funding

Both the Assembly and Senate will need to work together, with the Governor's Office, to develop the FY 2021-22 State Budget. The Governor is scheduled to release his May Revise in early-mid May which will include the Administration's priorities for the upcoming fiscal year and how the Governor proposes to administer state resources. Once the May Revise is released, the Legislature will have until June 15th to approve the budget and send it to the Governor for his consideration.

Additionally, many of the proposals found in the Senate and Assembly budget priorities would require implementing legislation, if they are included in the final state budget. To that end, many of the proposals listed above may require additional legislation that would be considered through the traditional legislative path and not on the accelerated budget timeline.

Recall Election

While the Legislature has focused on moving bills through the committee process, many were focused on the political dynamics in Sacramento. On April 26th, Secretary of State Shirley Weber announced that the threshold of verified signatures has been met to trigger a recall election of Governor Newsom. Once the threshold of signatures was met, it triggered a 30-business-day period in which voters may submit written requests to their County Registrar of Voters to remove their names from the petition. Assuming that there are not enough signatories who elect to remove their names from the petition, the Department of Finance and Legislature are then required to assess the potential costs of a recall election. Once that step has been completed, the Lieutenant Governor will announce the date for the recall election, which will likely be in late-October or November.

To date several Republicans have indicated that they intend to run in the recall election. The most high-profile individuals that have expressed their intent to challenge Governor Newsom are former Republican gubernatorial candidate John Cox, former San Diego Mayor Kevin Falconer, former Congressman Doug Ose, and former Olympian and reality TV star Caitlyn Jenner. As of yet, no Democrats have indicated that they intend to run in the recall election. Those that wish to run as a candidate to replace Governor Newsom will have until 59 days before the election to pay the filing fee, around $4,000, or submit signatures from 7,000 voters.

New California Attorney General and Secretary of State

In April, Governor Newsom announced that he was submitting to the State Legislature the nomination of Assembly Member Rob Bonta as the next California Attorney General. On April 23rd, Governor Newsom swore Rob Bonta into office as the California State Attorney General, after being confirmed to the position by the State Legislature. Bonta was selected to fill the position vacated by Xavier Becerra, who was recently sworn in as Secretary of the US Department of Health and Human Services. Prior to becoming the Attorney General, Bonta served nine years as a Deputy City Attorney in the San Francisco City Attorney's Office, before running for local office in Alameda County and eventually being elected to the State Assembly in 2012. Bonta becomes the first Filipino American in the State's history to serve as Attorney General.

Attorney General Bonta was the second constitutional officer that has been appointed by Governor Newsom this year. Earlier in the year, the Governor nominated, and the Legislature confirmed, Dr. Shirley Weber as the new Secretary of State. Weber filled the vacancy that was created when former Secretary of State Alex Padilla was appointed to California's vacancy in the US Senate. Prior to being appointed as Secretary of State, Dr. Weber served in the State Assembly for eight years and had previously served as President of the San Diego Board of Education and as a professor at San Diego State University.

State Coronavirus Response

Over the last several months, Governor Newsom and his Administration have continued to provide regular updates on the State's progress in dealing with the coronavirus pandemic. Most recently, the has Governor traveled throughout the State to promote COVID-19 vaccines while also focusing the

Administration on safely re-opening the state's economy. The Governor announced June 15th as the projected reopening date of the State's economy while still requiring masks and encouraging Californians to receive the vaccination. Additionally, the Governor has worked closely with the Legislature to approve legislation to provide resources to businesses and individuals impacted by the pandemic.

Federal Legislative Update

During the first months of the Biden Administration, the President has been focused on increasing the number of Americans receiving the COVID-19 vaccine and putting the nation's economy on the path to recovery.

Coronavirus Aid Package

In March, Congress passed, and the President signed into law, the "American Rescue Plan Act" (H.R. 1319), a $1.9 trillion coronavirus relief and stimulus bill. This bill contained funding aimed at increasing public health and assisting those that have been financially impacted by the pandemic. Provisions of note, include:

- State and Local Funding: $360 billion for state and local government funding, including a $10 billion infrastructure fund to be controlled by the state. Eligible uses of funds include COVID-19 response, revenue loss, premium pay to essential employees, and broadband, water, or sewer projects. Language was also included in this funding that specifically allows state and local governments to grant a portion of these funds to special districts. Additional clarification and guidance will be issued from the Department of Treasury prior to the distribution of the funding.
- Homeless Grants
    - Cities are slated to get $5 billion in homelessness grants. Permitted expenditures would include acquiring non-congregate shelter units, such as hotel rooms, that could be converted to permanent housing.
    - The bill also has an additional $5 billion for emergency Section 8 Housing Choice Vouchers. The Housing and Urban Development Department would have to provide the vouchers through public housing agencies to individuals and families who are currently or recently homeless, and to those who are fleeing domestic violence, sexual assault, or human trafficking. Public housing agencies can't reissue the vouchers after Sept. 30, 2023.
- Restaurant Support
    - $29.6 billion for a Restaurant Revitalization Fund to be administered by the SBA.
    - Eligible recipients would include restaurants, bars, food trucks, and caterers, including businesses in airport terminals and tribally owned entities.
- Homeowner Assistance
    - $9.96 billion to establish a Homeowner Assistance Fund at the Treasury Department.
- Airport Support
    - $8 billion for public agencies and private owners of public-use airports.
- Employee Retention
    - The measure would extend an employee retention credit established by the CARES Act through the end of the year.
- Child Care
    - $24 billion for grants to childcare providers to use for payroll, rent, personal protective

equipment, mental health support, and other needs
    - $15 billion to the Child Care and Development Block Grant
    - $600 million increase to the Child Care Entitlement to States
    - An additional $1 billion to Head Start
- Broadband
    - Creates an "Emergency Connectivity Fund" in the U.S. Treasury and appropriate $7.17 billion into it to cover the purchase of broadband service and devices by schools and libraries for use by students, staff, and patrons at other locations.
- Child Tax Credit
    - Expands the Child Tax Credit from $2000 per child to $3,600 for each child younger than 6 and $3,000 for other children.
    - Makes the CTC fully refundable
    - Allows the CTC to be received on a periodic basis
- Shuttered Venues: Congress eliminated the provision that forced eligible venue operators and museums to choose between the PPP and the Shuttered Venue Operators Grant (SVOG). They could now apply for both and just have their PPP deducted from the larger SVOG.
- Firefighter Grants: $300 million in grants to assist firefighters.
- Disaster Relief
    - The measure would provide $50 billion for the Federal Emergency Management Agency's Disaster Relief Fund to respond to Covid-19 and other major disasters and emergencies declared by the president. Funding would remain available through September 30, 2025.
    - The funding could also be used to provide financial assistance for pandemic-related funeral expenses with a 100% federal cost share.
- Health Insurance: The bill would allow individuals who receive unemployment compensation in 2021 to qualify for reduced cost-sharing under the ACA, and would subsidize 100% of premiums for individuals eligible for COBRA continuation coverage if they lose their job.

After the passage of the American Rescue Plan, the Biden Administration unveiled two forward looking proposals that would invest an additional $4 trillion into the economy.

American Jobs Plan

In late March, President Joe Biden introduced a $2 trillion jobs and infrastructure plan referred to as the American Jobs Plan. The Plan seeks to address some of the country's most pressing problems including overhauling the nation's infrastructure and bolstering economic recovery efforts in the face of the COVID-19 pandemic.

Key elements included in the American Jobs Plan proposal are:

- Transportation Infrastructure: President Biden has long been a proponent of increased spending on transportation, especially public transportation and passenger rail, and this Plan brings to fruition part of that vision. It includes $621 billion aimed at upgrading, improving, repairing the nation's infrastructure such as:
    - $115 billion for the construction and repair of highways, bridges, and roads
    - $85 billion for public transit
    - $80 billion for passenger and freight rail modernization

  - $174 billion to support research, development, and deployment of electric vehicles
  - $42 billion aimed at building and improving airports, water transit, and ports
  - $45 billion to rectify transportation inequities
  - $50 billion to fortify infrastructure and make it resilient to climate change and wear and tear
  - $30 billion for other transportation-related initiatives
- Infrastructure at Home: The Plan sets aside $650 billion for non-transportation infrastructure, also known as home-based infrastructure, including:
  - $111 billion for clean drinking water
  - $100 billion for high-speed broadband support and expansion
  - $100 billion for electrical infrastructure
  - $213 billion for affordable and sustainable housing
  - $137 billion for public schools, early-learning centers, and community colleges
  - $28 billion for other various projects
- R&D, Workforce Development, and Manufacturing: The Plan includes $580 billion for workforce development and manufacturing:
  - $180 billion for research and development
  - $300 billion for manufacturing and small businesses
  - $100 billion to develop a next generation workforce
- Caretaking Economy: The Plan is also set to include $400 billion for home and community-based care for the elderly and individuals with disabilities.
- How will it be paid for: President Biden plans to fund the proposal through an increase in the corporate tax rate to 28% and as well as other measures designed to prevent offshoring profits by corporations to avoid paying taxes.

American Families Plan

In April, the Biden Administration unveiled another ambitious spending package aimed at expanding access to education and childcare, referred to as the American Families Plan. Altogether, this $1.8 trillion collection of spending increases and tax cuts along with the previously mentioned infrastructure package comes with a price tag of just over $4 trillion. President Biden spoke at length about the Plan during his speech at a joint session of Congress on April 28th.

Some of the key provisions of the American Families Plan include:

- The primary goal of the Plan is to expand access to preschool, community colleges, childcare, and other healthcare benefits. “Part two” of President Biden’s two-part spending package seeks to overhaul the nation’s social infrastructure.
- The proposal includes $1 trillion in new spending:
  - Free Pre-K and Community College: The Plan promises universal Pre-K for all three- and four- year-olds and two years of free community college. Included in the Plan are $200 billion to build up the infrastructure to support universal Pre-K and another $109 billion over 10 years for community college enrollment.
    - $85 billion is also set aside to increase Pell Grant award amounts
  - Funding for Minority-Serving Institutions: President Biden’s Plan calls for $39 billion over the next decade to fund two years of subsidized tuition at HBCUs for families making less than $125,000.

  - Affordable Child Care: $225 billion is set aside to make childcare more affordable.
    - Under the Pan, families earning 1.5 times their state median income would pay no more than 7% of their income on childcare.
    - The Plan would also give childcare providers funding to maintain small class sizes and classrooms to help children with disabilities.
  - Paid Family and Medical Leave: The Plan includes $225 billion invested over 10 years to create and maintain a nationally mandated parental, family, and personal illness leave program.
    - It seeks to provide up to $4,000 a month for workers on leave
  - Unemployment Insurance Reform: In his proposal, President Biden announced his intention to introduce legislation to reform unemployment insurance so that it would automatically adjust the length, and amount, of benefits unemployed workers receive based on the condition of the economy
- $800 billion in new tax credits:
  - Child Tax Credit Extension: With a cost of up to $400 billion, the proposal seeks to extend the Child Tax Credit and make it permanently fully refundable. This was expanded in ARPA.
  - The Child and Dependent Care Tax Credit expanded from ARPA would be made permanent.
  - Earned Income Tax Credit Expansion for childless workers would also be made permanent.
  - ACA Premium Tax Credits: Expanded Affordable Care Act premium tax credits passed under ARPA would be expanded, as well.
- While the American Jobs Plan would be paid for through a corporate tax increase, the American Families Plan would roll back the 2017 Trump tax cuts and increase the top individual tax rate from 37% to 39.6% for those in the top 1% of income.
  - Also included is an increase in the capital gains tax for households making more than $1 million

Both spending packages proposed by the Biden Administration are ambitious and will face tough roads to passage with slim Democratic majorities in the House and Senate. The President has indicated that he is willing to work with Republicans and Democrats to develop a proposal that can receive bipartisan support. At the same time, the President has indicated that if Republicans are not willing to work to address issues related to infrastructure and economic recovery, he will work with congressional Democrats to find a path forward that does not require bipartisan support.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

The City has an existing agreement with Townsend for a not-to-exceed amount of $252,000. There is no additional cost to have Townsend provide these quarterly legislative updates as they are included as part of the monthly scope of work that the City is billed for.

COORDINATION

This report has been coordinated with Townsend Public Affairs and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Note and file the 2021 Q1 Legislative Update; and
2 Approve the amended 2021 Energy Legislation, Regulations, and Issues and Public Safety Legislative Advocacy Positions.

Prepared by: Christine Jung, Assistant to the City Manager
Approved by: Deanna J. Santana, City Manager

ATTACHMENTS

1. Legislative Advocacy Position Policy
2. 2021 Legislative Advocacy Positions
3. Amended 2021 Energy Legislation, Regulations, and Issues and Public Safety LAPs
4. 2021 Q1 State Legislation
5. 2021 Q1 Summary of Legislative Action

LEGISLATIVE ADVOCACY POSITION POLICY

PURPOSE

To establish clear guidelines for advancing City goals and positions through legislative review and advocacy at the regional, state, and federal levels of government and to provide guidance for City officials who serve on regional, state, and national boards, committees, and commissions when they are asked to review public policy matters and issues.

POLICY

To attain a comprehensive review of legislation affecting cities, to obtain the Council position on proposed legislation, to make the City's position known, and to maintain a record of pertinent information, the following guidelines shall be followed.

All legislative reviews are to be made on the basis of the effect on the City and citizens as a whole, and taking into account existing City positions, policies, or goals, rather than on the individual's personal feelings.

The guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Annually, Legislative Advocacy Positions (LAP) shall be adopted or updated by the City Council at the beginning of the calendar year to identify specific legislative priorities outside of the legislative guiding principles listed above and posted on the City's website.

PROCEDURE FOR EVALUATING AND SUPPORTING LEGISLATIVE ADVOCACY

Legislation and issues of interest are brought to the City's attention through several means: the League of California Cities, the National League of Cities, the Cities Association of Santa Clara County, Council Members, city staff, citizens, and professional or governmental organizations and legislators. All legislation or issues of interest are to be referred to the City Manager's Office.

1. City Manager's Office (CMO) reviews the proposed legislation and, if warrants, requests assistance from one or more departments.

2. CMO/Department evaluates the bill for its impact upon Santa Clara, recommends a position and potential action, and drafts a position statement or support/opposition letter.

3. If Council has previously adopted a policy directly relevant to the legislation or the proposed legislation is generally consistent with the City's overall guiding principles for legislative advocacy or LAP, the Mayor or City Manager may sign a letter supporting or opposing legislation on behalf of the city as further detailed below.

4. If a Council policy relative to the legislation does not exist, the issue is politically controversial, or there is significant local interest in the issue, the proposed legislation including a recommendation to support, remain neutral, or not support the legislation is brought to Council for consideration.

5. Letters and other communications expressing the City's position on legislation will customarily bear the signature of the Mayor in accordance with City Charter Section 704.2 – 704.3. If the legislation's principal impact affects the City's operation, the communication may be signed by the City Manager.

6. In order to keep the Council informed of all City communications on legislation, copies of the letter or summary of actions will be distributed to the City Council as information items in the Council Meeting Agendas.

7. Staff will provide and/or coordinate quarterly legislative updates on public policy items of interest to Council and departments.

COVID-19 LEGISLATION

Overview

The outbreak of a respiratory illness caused by a novel coronavirus was first identified in Wuhan, Hubei Province, China in 2019. The disease, now commonly known as COVID-19, has since spread globally, resulting in the 2019–2020 coronavirus pandemic. The first case in the United States was announced on January 21, 2020. Since then, there has been much effort at the local, state and federal levels of government to stop the spread of the disease. Additionally, the state and federal governments have been working to provide economic relief to individuals, businesses, and local and state governments that have been impacted by COVID-19-related disruptions.

The City of Santa Clara proclaimed a local state of emergency on March 11, 2020 and continues to closely monitor county, state and federal orders, guidance and legislation to see how they apply to Santa Clara. City resources and personnel are working to continue to provide essential governmental functions to residents and businesses, while navigating the response necessary to contain the COVID-19 outbreak, providing assistance to individuals and businesses that have been negatively impacted by the pandemic, and complying with the requirements for social distancing and self-quarantining/isolating.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities' and National League of Cities' positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

In order to adequately protect the public health and safety of the COVID-19 outbreak, the City of Santa Clara:

- Supports efforts to provide direct relief funding to local jurisdictions, especially small and medium-sized cities, which can be utilized in response to the COVID-19 pandemic, including to offset lost revenue.
- Supports the temporary suspension of certain time-specific statutory requirements.
- Supports federal and state efforts to help mitigate the economic impacts from the coronavirus on the City's businesses and residents,
- Supports public health efforts to help mitigate the spread of COVID-19, including providing access to personal protective equipment.
- Opposes efforts to shift responsibility, to the City, of programs that have traditionally been carried out, or funded, by federal, state, or county governments.

Approved by Council on February 9, 2021

- Supports efforts to assist small businesses, tenants, and landlords through eviction moratoriums, and other assistance programs, during the pandemic. These efforts should consider the needs of all stakeholders, including tenants, landlords, and those with unstable housing situations.
- Supports efforts to establish protocols, and provide funding, that will allow schools to resume in-person instruction in a safe manner.

Approved by Council on February 9, 2021

ENERGY LEGISLATION, REGULATIONS AND ISSUES

Overview

The City's electric utility, Silicon Valley Power (SVP) has a mission to be a progressive, service-oriented utility, offering reliable, competitively priced services for the benefit of Santa Clara and its customers. Additionally, SVP has an adopted Strategic Plan that is intended to address the challenges facing the utility over a ten-year period. The Strategic Plan contains over thirty strategic initiatives in four distinct areas: Utility Performance Excellence; Customer Engagement and Satisfaction; Progress and Innovation Focus; and Community and Environmental Stewardship. The Legislative Advocacy Position works to further the objectives outlined in the Strategic Plan, and complements the other Legislative Advocacy Positions adopted by the City.

Guiding Principles

The City follows the below guiding principles for all areas of legislative advocacy:

- Support the positions of the League of California Cities, and National League of Cities, on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services that benefit the City of Santa Clara and its residents.
- Protect and/or increase local government discretion.
- Advance approved policies, such as the City's Statement of Values, the General Plan, and the Climate Action Plan.

Legislative Advocacy Position

In order to ensure the City can provide safe, reliable, and affordable energy to ratepayers, while operating in an environmentally and fiscally conscious manner, the City will:

- Monitor PG&E's rate-making and regulatory activities to ensure it meets its obligations and agreements and advocate for changes that would mitigate adverse impacts to SVP and other publicly owned utilities (POUs).
- Support policies that will help ensure that transmission level Public Safety Power Shut-offs (PSPS) events do not unnecessarily burden local communities that are dependent on investor owned utility (IOU) transmission infrastructure.
- Support legislation that would provide local public agencies with financial resources to prepare for, and mitigate the impacts from, planned power outage events.
- Support efforts to align wildfire-related liability with fault, safeguarding public utility customers against exorbitant rate increases when their utility acts prudently.
- Monitor the development of new market initiatives from state and regional grid operators which may result in new energy-related products and changes to electric grid operations. Staff will advocate for changes that would benefit or protect SVP ratepayers.
- Monitor and participate with federal, state and local governments and stakeholders in the development of new regulations and advocate for changes that enhance system reliability and mitigate operational and ratepayer impacts.

Approved by Council on February 9, 2021

- Support transitioning from diesel backup generators to battery-based backup generators.

ENGAGEMENT WITH THE FEDERAL AVIATION ADMINISTRATION REGARDING AIRPLANE NOISE

Overview

In Santa Clara, the source of air noise comes from various activities from regional international airports, general aviation airports, and Moffett Federal Airfield. Ultimately, the Federal Aviation Administration (FAA) is primarily responsible for air traffic control, and our region continues to advocate for air noise mitigation.

In June 2017, the Cities Association of Santa Clara County (CASCC) received a Congressional request from Representatives Eshoo, Khanna and Panetta asking the CASCC to take a leadership role in forming a regional aircraft noise roundtable. The CASCC formed an Ad Hoc Committee to build the framework of forming a roundtable that works for the region. Since 2018, the Santa Clara/ Santa Cruz Roundtable, which includes local jurisdictions of Santa Clara and Santa Cruz Counties, has been working together with San Francisco Airport, Minéta San José Airport, and the FAA to address the growing concern of aircraft noise.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

In order to mitigate the impacts of air noise on the residents and businesses of the community, the City:

- Continue to support regional efforts to work with local agencies and federal representatives to mitigate the effects of aircraft noise.
- Support efforts to engage local public agencies, and members of the community, prior to any changes in flight paths, or airport operations, that may impact surrounding areas.
- Support legislation that provides funding to assist with the mitigation of impacts from aircraft noise.

HOUSING

Overview

The lack of affordable housing in the State and region continues to have an increasingly profound impact on the City of Santa Clara. In January 2019, Santa Clara County conducted its biennial Point-in-Time Count and found that there were over 9,700 individuals were living on the streets, in shelters, or in transitional housing across the county, reflecting a more than 200% increase in the homeless population over a two year period. As cities across the state struggle to address the growing affordable housing and homelessness crisis as housing prices continue to soar, housing continues to be a key legislative priority for the State Legislature and regional agencies.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

The City of Santa Clara is committed to being a leader at the local level in providing affordable housing, as well as making a fair share contribution to the overall need for housing production within Silicon Valley, and will continue to proactively take concrete steps to realize new housing production within the City. Santa Clara is also prepared to participate in broader regional efforts that are collaborative, recognize the unique characteristics of local jurisdictions, and provide opportunities for local representation.

The City is concerned about potential measures imposed at the State or regional level that reduce local control, recognizing that in some instances such measures can be necessary or helpful to advance common goals across multiple jurisdictions, but is also aware that such efforts may have unintended consequences, limited effectiveness, or create inequities due to a lack of accountability to localized circumstances.

In an effort to achieve these goals, the City will:

- Support legislation and efforts that provide resources to address the needs of the most vulnerable residents through shelter, supportive housing, and homelessness prevention services.

- Support efforts to collaborate with the County, local jurisdictions, the business sector, and non-profit and philanthropic partners to leverage available resources and bring in new funding streams to expand the reach of the supportive housing system.
- Oppose efforts to reduce federal funding for federal entitlement programs that are used to promote affordable housing, rehabilitate substandard housing, build new park facilities, provide neighborhood improvements, and fund public services.
- Advocate for more state and federal resources (e.g., funding, legal authority, technical support, streamlining administrative processes) to address local housing needs.
- Support federal efforts to preserve and strengthen the low-income housing tax credit program and federal tax exemptions for private activity bonds.
- Support legislation preserving and expanding, federal tax exemptions for state and local taxes, including state and local property, sales, and income taxes, and maintaining federal tax exemptions for mortgage interest payments on primary residences.
- Support legislation that provides local jurisdictions with authority over land use decisions and fully incorporates the involvement of local community members and an understanding of the conditions unique to the community.
- Oppose measures that reduce local control and are punitive in nature.
- Support efforts to streamline California Environmental Quality Act provisions to facilitate the production of affordable housing and reduce delays due to unmerited litigation.

HUMAN RESOURCES AND PUBLIC SECTOR EMPLOYMENT

Overview

The City of Santa Clara provides a myriad of services to the community, including Police, Fire, Public Works, Electric Utility, Planning, Parks and Recreation, and Library Services. The City employs over 1,100 part-time/seasonal and full-time employees that provide these and other services to the community. These services provide opportunities and careers for all types of interests, and the City should endeavor to leverage the rewards and benefits that come with working for the City.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

In order to ensure that the City can compete with other local municipalities, and the private sector, to attract, hire and retain a talented workforce, the City:

- Supports efforts to preserve local government's ability to manage its own employment issues, including, but not limited to, hiring, evaluating, disciplining, and negotiating collective bargaining agreements.
- Supports working with City bargaining units in finding solutions to address the service delivery needs of the community while being mindful of the City's revenue and expenditures, and recruitment and retention of the City's workforce.
- Supports efforts to increase the long-term financial stability of CalPERS.
- Opposes new federal or state unfunded mandates that would increase the City's post-employment obligations.
- Supports federal and state efforts to create a more informed, engaged, and welcoming experience for immigrants.
- Supports comprehensive immigration reform which provides opportunities to achieve economic and educational success and contribute to our community.
- Supports and increase in work visas allowing employers to hire foreign workers that require advanced technical skills, as well as support programs that stimulate the economy through job creation and capital investment by foreign investors.

Approved by Council on February 9, 2021

- Supports efforts that protect children, including undocumented children, with the continuation of the Deferred Action for Childhood Arrivals (DACA) Program and the Dream Act.

LOCAL AUTHORITY OVER WIRELESS TELECOMMUNICATIONS FACILITIES AND CABLE SERVICES

Overview

The wireless telecommunications industry has made efforts to limit or preempt local control over placement of wireless facilities and supporting structures in and outside the rights of way. Over the past several years, actions by federal and state lawmakers have resulted in the adoption of regulations and orders controlling local authority over placement of wireless facilities, including the adoption of "shot clocks" requiring local agencies to complete review of projects within a specified time period.

Additionally, through the Federal Communications Commission's proposed rulemaking, there have been efforts in recent years to address whether local franchising authorities (LFAs) can regulate incumbent cable operators and cable television services. The City has its own government access channel (Santa Clara City Television on Comcast cable channel 15 and AT&T U-verse 99), which may be negatively impacted by such rulings and similar legislation and activities. Santa Clara City Television is used to provide important information to the public, such as live and recorded airings of Council meetings, City special events, programs, and public service announcements.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

The City believes that it should maintain local authority over the placement of wireless telecommunications facilities, in order to ensure that a balance is reached between the infrastructure needs and the needs of the community. As such, the City:

- Opposes federal or state efforts to preempt local authority of the placement of wireless telecommunication facilities.
- Supports efforts to provide for local control of permitting wireless telecommunications and non-cable services facilities in the public-right-of-way.
- Supports legislation that provides opportunity for public input on the placement of wireless telecommunications facilities.
- Opposes efforts to limit the amount of time, or scope, of local review of the placement of wireless facilities.

Approved by Council on February 9, 2021

- Monitors legislation related to distributed energy generation via back-up power at wireless telecommunications facilities.
- Supports efforts to increase access to broadband, while ensuring the placement and installation of needed equipment does not undermine local permitting authority and does not pose an undue nuisance for residents.

Approved by Council on February 9, 2021

City of Santa Clara
The Center of What's Possible

Legislative Advocacy Position

PUBLIC SAFETY

Overview

As a city that is consistently named one of the safest cities in the country, Santa Clara is committed to promoting a living and working environment that allows for the best quality of life. The City believes that crime prevention and enforcement efforts are integral to creating and maintaining a safe environment for residents and visitors. At the same time, the City recognizes that crime prevention and enforcement efforts alone cannot foster community safety and wellness; education, intervention and prevention efforts on various public safety topics, such as gun violence, gang activity, alcohol and tobacco use, pedestrian, driver and bicycle safety, and driving under the influence, are equally important.

As the State and region continues to experience civil unrest and an unprecedented number of natural and man-made disasters, the City recognizes the importance of a comprehensive risk management approach to emergency preparedness.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

In order to maintain public health and safety, and promote the best quality of life, the City will:

- Support legislation that seeks to impose stricter gun violence laws and/or requires the safe storage of unattended firearms.
- Support legislation that toughens penalties for chronic criminals.
- Support efforts to reduce the list of who can seek early parole and re-classify some theft crimes from misdemeanors to felonies by reforming Assembly Bill 109 (approved by the Legislature in 2011), Proposition 47 (approved by voters in 2014) and Proposition 57 (approved by voters in 2016).
- Support the expansion of the number of crimes where DNA is collected, a list that was limited when some crimes were reclassified from felonies to misdemeanors.
- Support legislation that preserves, or expands, funding levels for public safety programs, services, and equipment, such as the Edward Byrne Memorial Justice Assistance Grants.
- Support legislation that addresses crime trends and attempts to curb illegal activity, including but not limited to, illegal street racing and sideshow activity and thefts from automobile burglaries, all of which are growing trends in our region.

- Support efforts to test speed enforcement cameras and corresponding legislation to mitigate traffic-related injuries and deaths.
- Oppose public safety legislation that imposes unfunded mandates on local agencies for new programs or increased service levels.
- Support legislation that identifies new funding sources for fire and law enforcement agencies to promote public safety, wellness and employee training.
- Support legislation that recognizes the importance of a comprehensive risk management approach to emergency preparedness, fire prevention, fire suppression, and emergency medical services.
- Support legislation that provides funding for emergency preparedness, including community risk reduction strategies like community education programs (e.g., CERT, CPA), staff training, interagency cooperation, and enhanced equipment and technology.
- Support legislation that expands the implementation and testing of emergency alert systems.
- Support legislation that enhances public safety professionals' ability to respond to all types of emergencies and communicate within, and across, jurisdictions.
- Support measures that aim to return revenue generated from the enforcement of crimes back to the originating agency to sustain their efforts.
- Support the local regulation of Unmanned Aircraft Systems (UAVs), including the right to authorize use of UAVs by public safety agencies and the right to restrict or prohibit UAV use that interferes with, or poses a threat to, emergency operations or public safety.
- Support legislation that aims to assist individuals in crisis, including those who may be homeless, be the victim of human trafficking, domestic violence victims and survivors, and other vulnerable populations.
- Support legislation and efforts that recognizes the importance of developing a comprehensive preparedness strategy (e.g. mutual aid, unified command, interoperability, cyber disobedience, critical infrastructure, social media, etc.) to respond to civil unrest with input from emergency responders and allied stakeholders for local response.
- Support more funding for mental health and substance abuse.
- Support training of public safety to handle mental health issues.
- Support background checks for gun sales.

REGIONAL AND STATE-WIDE WATER SUPPLY AND CONSERVATION

Overview

The City of Santa Clara operates 26 wells that tap the underground aquifers and make up about 62% of the City's potable water supply. The underground aquifers are replenished from local reservoirs by the Santa Clara Valley Water District (SCVWD) water recharge program. The remaining water is supplied by water imported from the SCVWD and the San Francisco Public Utilities Commission (SFPUC) through the Hetch-Hetchy Reservoir.

For certain approved non-potable uses, recycled water from the San Jose/Santa Clara Regional Wastewater Facility's South Bay Recycled Water (SBWR) facility is used. This highly treated water delivered through separate pipelines makes up about 19% of the water sales in the City. Recycled water offsets the use of potable sources in drought-prone California and is a reliable source for conservation of potable sources. The City continues to work closely with SBWR in order to increase recycled water supplies in order to meet existing demands within the City. Currently, SBWR is updating the Recycled Water Master Plan.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

In order to ensure that the City is able to maintain an affordable and reliable supply of quality water, the City maintains the following advocacy positions:

- Support and implement water conservation measures for businesses and residents including state regulatory efforts which build on ongoing efforts to "make water conservation a California way of life."
- Support regional water conservation including potable and recycled water supply efforts in cooperation with agencies such as Santa Clara Valley Water District, City of San Jose, San Francisco Public Utilities Commission (SFPUC), and the Bay Area Water Supply and Conservation Agency.
- Monitor federal, state, and regional activity related to the Bay-Delta Plan Phase 1 & 2. Support a comprehensive Bay-Delta watershed voluntary settlement agreement between stakeholders that includes SFPUC.
- Oppose legislative efforts to impose new taxes or fees on drinking water.
- Support efforts to establish alternative funding sources for water infrastructure and improved water quality projects.

Approved by Council on February 9, 2021

- Support state and regional efforts to delivery water to Santa Clara customers using clean energy and other environmentally sustainable practices.
- Support legislation and funding to protect the health of children who might be exposed to lead in drinking water at school facilities.
- Support legislation with regional partners that allows purified recycled water to be added to the potable water supply through indirect and direct applications that improve local water resiliency for residents and businesses.

Legislative Advocacy Position

REGIONAL ISSUES AND COLLABORATION

Overview

While the City of Santa Clara is unique in many ways, it experiences many of the same issues that other cities in the region experience. The City works closely with other jurisdictions to address a variety of issues that impact residents in the San Francisco Bay Area, such as affordable housing, transportation, and water conservation.

Guiding Principles

The City follows the below guiding principles for all areas of legislative advocacy:

- Support the positions of the League of California Cities, and National League of Cities, on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services that benefit the City of Santa Clara and its residents.
- Protect and/or increase local government discretion.
- Advance approved policies, such as the City's Statement of Values, the General Plan, and the Climate Action Plan.

Legislative Advocacy Position

The City recognizes the importance of regional collaboration and, as such, the City:

- Contribute to, and support the efforts of, regional organizations such as Santa Clara County Cities Association, Silicon Valley Economic Development Alliance, and the Santa Clara/Santa Cruz Airport Community Roundtable to advance the regional goals.
- Monitor regional issues, and new legislation, to ensure that they benefit the region and its residents.
- Support federal and state legislation to provide funding for regional solutions to problems, such as housing, homelessness, emergency response, and transportation.

REGIONAL TRANSPORTATION ISSUES

Overview

The City of Santa Clara believes that a robust transportation network, and related infrastructure, is a critical element to a successful and thriving community. The City works with the federal government, state government, and regional stakeholders to ensure that residents and businesses have access to traditional modes of transportation and promote alternative modes to alleviate traffic congestion and pollution. Additionally, it is important for the City's transportation network to continue to evolve to best serve the future needs of the community. To that end, local efforts are underway to promote and provide funding for alternative modes of transportation, such as updates to the City's Traffic Impact Fee program, the City's Multimodal Improvement Plan, Bicycle Master Plan Update 2018, Pedestrian Master Plan, and Creek Trail Network Expansion Master Plan. Additionally, City staff is working with other transportation agencies to support their significant regional projects, including BART Phase II (VTA), Caltrain Electrification and Caltrain Business Plan, and the High Speed Rail.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

To ensure that the City, and greater region, are able to meet the current transportation needs of the community, as well as plan for future needs, the City is advocating for the following positions:

- Support legislative, regulatory, and regional efforts to reduce the amount of traffic congestion on area freeways and County expressways.
- Support legislation that provides regional and local funding for diverse transportation projects, such as local streets and roads improvements, public transit, bicycle and pedestrian projects, intelligent transportation system improvements, corridor capacity improvements, and highway interchange improvements.
- Oppose efforts to reduce local government access to SB 1 local streets and roads funding.
- Support efforts to ensure accountability and fairness during the implementation of regional transportation ballot measures such as the VTA's 2016 Measure B program.
- Support regional efforts that will alleviate traffic congestion and promote alternative modes of transportation that benefit Santa Clara residents and businesses and that support the City's commitment to environmental sustainability.
- Monitor efforts to place regional transportation funding measures on the ballot for consideration by voters.

Approved by Council on February 9, 2021

- Promote incentives to work from home.

City of Santa Clara
The Center of What's Possible

Legislative Advocacy Position

SCHOOL MITIGATION FEES

Overview

State law authorizes school districts to levy development fees to pay for new school facilities and establishes the maximum fees that can be charged to developers that are building new residential and non-residential projects. This fee is updated every two years, as adjusted for inflation. Once the maximum rate is set by the State, it is the responsibility for each school district to establish its own rate.

The school fees are earmarked for improving and expanding school facilities to serve the school-age population that would be generated from new development. Land values and construction costs have dramatically increased since 1986 and the current adjusted maximum rate does not adequately mitigate the school impacts from new development.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

Santa Clara is committed to the ongoing production of needed housing within the City and ensuring the ability of school districts to meet the facility needs for a growing school-age population. As such, the City:

- Supports flexibility to consider increasing the allowable school mitigation fee level.
- Supports efforts by the State Legislature, and/or the State Allocation Board, to increase the rates to more realistically reflect current school facility costs.
- Supports efforts to index school mitigation fees, to ensure that the funding remains at a stable level.
- Supports other provisions to allow school districts to effectively mitigate the impacts of new development.

Approved by Council on February 9, 2021

Legislative Advocacy Position

SUSTAINABILITY AND ENVIRONMENTAL LEGISLATION, REGULATIONS AND ISSUES

Overview

The City of Santa Clara is committed to creating a sustainable city for residents and businesses. The City strives to conduct its operations in a way that is environmentally conscious and promotes sustainability. The City is dedicated to collaborating with regional stakeholders to improve the air quality, water quality, and overall environmental quality of life for the residents and businesses of the City.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

Interest in sustainability and environmental issues, at both the state and federal levels, will likely result in new legislation and regulation changes that could significantly impact the City. Monitoring and advocacy efforts will be geared towards ensuring that emerging legislation and regulations align with the City's interests in providing sustainable services to its residents and businesses through the following:

- Support opportunities to further reform the California Environmental Quality Act process that support greater efficiency and transparency and alignment with objective environmental goals while protecting local land use authority.
- Monitor legislation related to vehicle miles traveled, in lieu of level of service, in relation to transportation impacts of projects.
- Monitor legislation related to energy related issues including renewable energy, energy efficiency and conservation, resiliency, smart grid solutions, energy storage, distributed energy and transportation electrification, among other things.
- Advocate for goals and policies that remain technology agnostic and commercially available, and avoid policies that choose specific technologies or energy procurement mandates that can lead to increased customer costs while discouraging innovation.
- Support legislation that removes barriers to the electrification of buildings and transportation and legislation that provides regulatory streamlining of reporting and other actions that also preserves local decision-making authority.

- Monitor legislation that may have a regional and local impact on greenhouse gas (GHG) emissions and advocate for effective and equitable approaches to emissions reduction.
- Support a comprehensive approach to climate policy that optimizes GHG reductions across multiple sectors (transportation, electricity, buildings, etc.)
- Advocate for the flexibility to optimize the portfolio of GHG emissions reduction opportunities identified in the City's Climate Action Plan and includes but not limited to new renewable energy and storage procurement, water conservation and energy efficiency, smart grid solutions, increase waste diversion, sustainable land use, increase tree canopy, building decarbonization, transportation electrification among other actions in the portfolio.
- Monitor legislation and water quality regulations related to contaminants of emerging concern.
- Monitor research and regulations on Per-and Poly-fluoroalkyl Substances (PFASs) and their impacts on the environment, drinking water, and firefighting foam.
- Oppose federal or state efforts to permit additional oil drilling off the California coast.
- Monitor legislation and regulatory efforts related to recycling and solid waste and advocate for legislation and regulations that enable mixed waste processing and composting to remain viable pathways for waste compliance.
- Support legislation and regulatory efforts that aid the City's Pretreatment Program, Fats, Oils & Grease (FOG) Inspection Program, and Operations and Maintenance of the sanitary sewer collections system.
- Support urban runoff pollution regulations, water conservation and recycling, and pollution controls that benefit the City.
- Monitor legislation and regulations related to the National Pollutant Discharge Elimination System and support efforts that are attainable and reflect local conditions and circumstances.
- Track the progress of the South Bay Salt Ponds Restoration Project and its proximity and potential impacts to the Regional Wastewater Facility, which Santa Clara jointly owns with the City of San Jose.
- Track the progress of the South San Francisco Bay Shoreline Study and support associated regional resiliency planning efforts to ensure that Santa Clara's infrastructure and community assets are considered and protected as the Bay Area plans and constructs resiliency projects.
- Support legislation, regulations, and funding to strengthen forest management and fire prevention activities and improve emergency preparedness and response. These include, but are not limited to, the modernization of vegetation and forest management practices for wildfire prevention and carbon sequestration and biomass production for energy, forest thinning, and other activities to improve the health of forests damaged by infestation of bark beetles, plant pathogens, drought, or other hazards that exponentially increase wildfire dangers.
- Work with regional partners to maintain the reliability of the water supply and water sustainability to support current customers and to allow for expected growth in the near future and beyond.
- Monitor legislation and regulations related to the San Jose/Santa Clara Regional Wastewater Facility (RWF) being the largest discharger to the San Francisco Bay. The RWF is regulated by the National Pollutant Discharge Elimination System permit under the Clean Water Act administered by San Francisco Bay Regional Water Quality Control

Board. New regulations are focused on Contaminants of Emerging Concern, Toxicity, and Nutrient Reduction.

- Support California Energy Commission (CEC) and California Public Utilities Commission (CPUC) to accelerate building and transportation decarbonization in the 2022 Title 24 part 6 (CalGreen) code.
- Support Work from Home Policies.
- Increase support for forest management to reduce wildfires which are increasing in numbers and destruction due to climate change.

ENERGY LEGISLATION, REGULATIONS AND ISSUES

Overview

The City's electric utility, Silicon Valley Power (SVP) has a mission to be a progressive, service-oriented utility, offering reliable, competitively priced services for the benefit of Santa Clara and its customers. Additionally, SVP has an adopted Strategic Plan that is intended to address the challenges facing the utility over a ten-year period. The Strategic Plan contains over thirty strategic initiatives in four distinct areas: Utility Performance Excellence; Customer Engagement and Satisfaction; Progress and Innovation Focus; and Community and Environmental Stewardship. The Legislative Advocacy Position works to further the objectives outlined in the Strategic Plan, and complements the other Legislative Advocacy Positions adopted by the City.

Guiding Principles

The City follows the below guiding principles for all areas of legislative advocacy:

- Support the positions of the League of California Cities, and National League of Cities, on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services that benefit the City of Santa Clara and its residents.
- Protect and/or increase local government discretion.
- Advance approved policies, such as the City's Statement of Values, the General Plan, and the Climate Action Plan.

Legislative Advocacy Position

In order to ensure the City can provide safe, reliable, and affordable energy to ratepayers, while operating in an environmentally and fiscally conscious manner, the City will:

- Monitor PG&E's rate-making and regulatory activities to ensure it meets its obligations and agreements and advocate for changes that would mitigate adverse impacts to SVP and other publicly owned utilities (POUs).
- Support policies that will help ensure that transmission level Public Safety Power Shut-offs (PSPS) events do not unnecessarily burden local communities that are dependent on investor owned utility (IOU) transmission infrastructure.
- Support legislation that would provide local public agencies with financial resources to prepare for, and mitigate the impacts from, planned power outage events.
- Support efforts to align wildfire-related liability with fault, safeguarding public utility customers against exorbitant rate increases when their utility acts prudently.
- Monitor the development of new market initiatives from state and regional grid operators which may result in new energy-related products and changes to electric grid operations. Staff will advocate for changes that would benefit or protect SVP ratepayers.
- Monitor and participate with federal, state and local governments and stakeholders in the development of new regulations and advocate for changes that enhance system reliability and mitigate operational and ratepayer impacts.

- Support transitioning from diesel backup generators to battery-based backup generators.
- Monitor and support transmission related activities focusing on enhancing the reliability and deliverability of clean energy resources and advocating for greater transparency and assurance that transmission access charges are allocated equitably between the various beneficiaries.

PUBLIC SAFETY

Overview

As a city that is consistently named one of the safest cities in the country, Santa Clara is committed to promoting a living and working environment that allows for the best quality of life. The City believes that crime prevention and enforcement efforts are integral to creating and maintaining a safe environment for residents and visitors. At the same time, the City recognizes that crime prevention and enforcement efforts alone cannot foster community safety and wellness; education, intervention and prevention efforts on various public safety topics, such as gun violence, gang activity, alcohol and tobacco use, pedestrian, driver and bicycle safety, and driving under the influence, are equally important.

As the State and region continues to experience civil unrest and an unprecedented number of natural and man-made disasters, the City recognizes the importance of a comprehensive risk management approach to emergency preparedness.

Guiding Principles

The City of Santa Clara's guiding principles for legislative advocacy include and are not limited to:

- Support the League of California Cities and National League of Cities positions on priority bills that benefit Santa Clara.
- Protect local revenue sources and prevent unfunded mandates.
- Protect and/or increase funding for specific programs and services.
- Protect and/or increase local government discretion.
- Advance approved policies such as the City's Statement of Values, the General Plan, or the Climate Action Plan.

Legislative Advocacy Position

In order to maintain public health and safety, and promote the best quality of life, the City will:

- Support legislation that seeks to impose stricter gun violence laws and/or requires the safe storage of unattended firearms.
- Support legislation that toughens penalties for chronic criminals.
- Support efforts to reduce the list of who can seek early parole and re-classify some theft crimes from misdemeanors to felonies by reforming Assembly Bill 109 (approved by the Legislature in 2011), Proposition 47 (approved by voters in 2014) and Proposition 57 (approved by voters in 2016).
- Support the expansion of the number of crimes where DNA is collected, a list that was limited when some crimes were reclassified from felonies to misdemeanors.
- Support legislation that preserves, or expands, funding levels for public safety programs, services, and equipment, such as the Edward Byrne Memorial Justice Assistance Grants.
- Support legislation that addresses crime trends and attempts to curb illegal activity, including but not limited to, illegal street racing and sideshow activity and thefts from automobile burglaries, all of which are growing trends in our region.

- Support efforts to test speed enforcement cameras and corresponding legislation to mitigate traffic-related injuries and deaths.
- Oppose public safety legislation that imposes unfunded mandates on local agencies for new programs or increased service levels.
- Support legislation that identifies new funding sources for fire and law enforcement agencies to promote public safety, wellness and employee training.
- Support legislation that recognizes the importance of a comprehensive risk management approach to emergency preparedness, fire prevention, fire suppression, and emergency medical services.
- Support legislation that provides funding for emergency preparedness, including community risk reduction strategies like community education programs (e.g., CERT, CPA), staff training, interagency cooperation, and enhanced equipment and technology.
- Support legislation that expands the implementation and testing of emergency alert systems.
- Support legislation that enhances public safety professionals' ability to respond to all types of emergencies and communicate within, and across, jurisdictions.
- Support measures that aim to return revenue generated from the enforcement of crimes back to the originating agency to sustain their efforts.
- Support the local regulation of Unmanned Aircraft Systems (UAVs), including the right to authorize use of UAVs by public safety agencies and the right to restrict or prohibit UAV use that interferes with, or poses a threat to, emergency operations or public safety.
- Support legislation that aims to assist individuals in crisis, including those who may be homeless, be the victim of human trafficking, domestic violence victims and survivors, and other vulnerable populations.
- Support legislation and efforts that recognizes the importance of developing a comprehensive preparedness strategy (e.g. mutual aid, unified command, interoperability, cyber disobedience, critical infrastructure, social media, etc.) to respond to civil unrest with input from emergency responders and allied stakeholders for local response.
- Support more funding for mental health and substance abuse.
- Support training of public safety to handle mental health issues.
- Support background checks and training requirements for gun sales.

City of Santa Clara
2021 Q1 Legislative Update

AB 14 **(Aguiar-Curry D) Communications: broadband services: California Advanced Services Fund.**

Current Text: Introduced: 12/7/2020 html pdf

Introduced: 12/7/2020

Status: 4/29/2021-From committee: Do pass and re-refer to Com. on APPR. (Ayes 5. Noes 2.) (April 28). Re-referred to Com. on APPR.

Location: 4/28/2021-A. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law establishes the State Department of Education in state government, and vests the department with specified powers and duties relating to the state's public school system. This bill would authorize local educational agencies to report to the department their pupils' estimated needs for computing devices and internet connectivity adequate for at-home learning. The bill would require the department, in consultation with the Public Utilities Commission, to compile that information and to annually post that compiled information on the department's internet website.

Position

AB 15 **(Chiu D) COVID-19 relief: tenancy: Tenant Stabilization Act of 2021.**

Current Text: Introduced: 12/7/2020 html pdf

Introduced: 12/7/2020

Status: 1/11/2021-Referred to Com. on H. & C.D.

Location: 1/11/2021-A. H. & C.D.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would extend the definition of "COVID-19 rental debt" as unpaid rent or any other unpaid financial obligation of a tenant that came due between March 1, 2020, and December 31, 2021. The bill would also extend the repeal date of the act to January 1, 2026. The bill would make other conforming changes to align with these extended dates. By extending the repeal date of the act, the bill would expand the crime of perjury and create a state-mandated local program.

Position

AB 16 **(Chiu D) Tenancies: COVID-19 Tenant, Small Landlord, and Affordable Housing Provider Stabilization Act of 2021.**

Current Text: Amended: 1/12/2021 html pdf

Introduced: 12/7/2020

Last Amend: 1/12/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was H. & C.D. on 1/11/2021)(May be acted upon Jan 2022)

Location: 4/30/2021-A. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would establish the Tenant, Small Landlord, and Affordable Housing Provider Stabilization Program. The bill would authorize the Director of Housing and Community Development to direct an existing office or program within the Department of Housing and Community Development to implement the program. The bill would establish in the State Treasury the COVID-19 Tenant, Small Landlord, and Affordable Housing Provider Stabilization Fund, and, upon appropriation by the Legislature, distribute all moneys in the fund to the department to carry out the purposes of the program.

Position

AB 17 **(Cooper D) Peace officers: disqualification from employment.**

Current Text: Amended: 1/12/2021 html pdf

Introduced: 12/7/2020

Last Amend: 1/12/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was PUB. S. on 1/11/2021) (May be acted upon Jan 2022)

Location: 4/30/2021-A. 2 YEAR

Desk	2 year	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would disqualify a person from being a peace officer if the person has been discharged from the military for committing an offense that would have been a felony if committed in California or if the person has been certified as a peace officer and has had that certification revoked by the Commission on Peace Officer Standards and Training.

Position

AB 21 **(Bauer-Kahan D) Forestry: electrical transmission and distribution lines: clearance: penalties.**
Current Text: Amended: 4/5/2021 html pdf
Introduced: 12/7/2020
Last Amend: 4/5/2021
Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was JUD. on 3/24/2021) (May be acted upon Jan 2022)
Location: 4/30/2021-A. 2 YEAR

Desk	2 year	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires a person that owns, controls, operates, or maintains any electrical transmission or distribution line upon any mountainous land or forest-covered land, brush-covered land, or grass-covered land to maintain around and adjacent to any pole or tower that supports a switch, fuse, transformer, lightning arrester, line junction, or dead-end or corner pole a firebreak, as specified. Current law requires a person that owns, controls, operates, or maintains any electrical transmission or distribution line upon any mountainous land or in forest-covered land, brush-covered land, or grass-covered land to maintain a clearance between all vegetation and all conductors that are carrying electric current, as specified. This bill would impose a civil penalty of up to $100,000 for each violation of the above-described provisions after the person that owns, controls, operates, or maintains any electrical transmission or distribution line is offered a reasonable opportunity to cure.

Position

AB 26 **(Holden D) Peace officers: use of force.**

1st House				2nd House							

Summary: Would require those law enforcement policies to require those officers to immediately report potential excessive force, and to intercede when present and observing an officer using excessive force, as defined. The bill would additionally require those policies to, among other things, prohibit retaliation against officers that report violations of law or regulation of another officer to a supervisor, as specified, and to require that an officer who fails to intercede be disciplined in the same manner as the officer who used excessive force. By imposing additional duties on local agencies, this bill would create a state-mandated local program. This bill contains other related provisions and other existing laws.

Position

AB 34 **(Muratsuchi D) Broadband for All Act of 2022.**
Current Text: Amended: 4/6/2021 html pdf
Introduced: 12/7/2020

Summary: Current law establishes various default speed limits for vehicles upon highways, as specified. Current law authorizes state and local authorities to adjust these default speed limits, as specified, based upon certain findings determined by an engineering and traffic survey. Current law defines an engineering and traffic survey and prescribes specified factors that must be included in the survey, including prevailing speeds and road conditions. This bill would require local authorities to consider other factors, including pedestrian and bicycle safety, that are allowed but not required to be considered under existing law. The bill would also allow local authorities to consider additional factors, including the current or immediately prior speed limit, as specified.

Summary: Would require the Strategic Growth Council, by July 1, 2022, to establish guidelines for the formation of regional climate adaptation planning groups. The bill would require the council, by July 1, 2023, and in consultation with certain state entities, to develop criteria for the development of regional climate adaptation plans.

Position

AB 59 **(Gabriel D) Mitigation Fee Act: fees: notice and timelines.**
Current Text: Introduced: 12/7/2020 html pdf
Introduced: 12/7/2020
Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was L. GOV. on 1/11/2021) (May be acted upon Jan 2022)
Location: 4/30/2021-A. 2 YEAR

Desk	2 year	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law authorizes any party to protest the imposition of a fee, dedication, reservation, or other exactions imposed on a development project within 90 or 120 days of the imposition of the fee, as applicable, and specifies procedures for those protests and actions. The Mitigation Fee Act imposes the same requirements on a local agency for a new or increased fee for public facilities. Current law, for specified fees, requires any judicial action or proceeding to attack, review, set aside,

void, or annul an ordinance, resolution, or motion adopting a new fee or service charge or modifying an existing fee or service charge to be commenced within 120 days of the effective date of the ordinance, resolution, or motion. Current law also provides that, if an ordinance, resolution, or motion provides for an automatic adjustment in a fee or service charge and the adjustment results in an increase in the fee or service charge, that any action to attack, review, set aside, void, or annul the increase to be commenced within 120 days of the increase. This bill would increase, for fees and service charges and for fees for specified public facilities, the time for mailing the notice of the time and place of the meeting to at least 45 days before the meeting.

1st House				2nd House				Conc.			

Summary: Current law establishes the California Statewide Housing Plan, which serves as a state housing plan for all relevant purposes, that incorporates a statement of housing goals, policies, and objectives, as well as specified segments. Current law requires the Department of Housing and Community Development to update and provide a revision of the plan to the Legislature every 4 years, as provided. This bill would revise and recast those provisions related to the California Statewide Housing Plan. The bill would, starting with any update or revision to the plan on or after January 1, 2023, require the plan to include specified information, including, among other things, an inventory number of affordable units needed to meet the state's affordable housing needs and an identification of strategies to help individuals experiencing homelessness.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law establishes, within the Unemployment Compensation Disability Fund program, a family temporary disability insurance program, also known as the paid family leave program, for the provision of wage replacement benefits for up to 8 weeks to workers who take time off work to care for a seriously ill family member or to bond with a minor child within one year of birth or placement, as specified. Current law defines "weekly benefit amount" for purposes of both employee contributions and benefits under this program to mean the amount of weekly benefits available to qualifying disabled individuals pursuant to unemployment compensation disability law, calculated pursuant to specified formulas partly based on the applicable percentage of the wages paid to an individual for employment by employers during the quarter of the individual's disability base period in which these wages were highest, but not to exceed the maximum workers' compensation temporary disability indemnity weekly benefit amount established by the Department of Industrial Relations. This bill would revise the formula for determining benefits available pursuant to the family temporary disability insurance program, for periods of disability commencing after January 1, 2022, by redefining the weekly benefit amount to be equal to 90% of the wages paid to an individual for employment by employers during the quarter of the individual's disability base period in which these wages were highest, divided by 13, but not exceeding the maximum workers' compensation temporary disability indemnity weekly benefit amount established by the Department of Industrial Relations.

Desk	Policy	Fiscal	**Floor**	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law provides that a tenant is guilty of unlawful detainer if the tenant continues to possess the property without permission of the landlord in specified circumstances, including when the tenant has violated the lease or rental agreement by defaulting on rent, and requires the tenant be served a 3 days' notice in writing to cure the default, as specified. Current law provides that an unlawful detainer action is subject to the COVID-19 Tenant Relief Act of 2020, which provides tenants with specified temporary protections from eviction, if the default in the payment of rent is based upon COVID-19 rental debt, as defined. This bill, the COVID-19 Emergency Small Business Eviction Relief Act, would, until July 1, 2025, require a landlord, who receives a statement signed by a commercial tenant, as defined, and supported by documentary evidence that evidences that the tenant requests emergency rent relief because the business of the commercial tenant has experienced a decrease in average monthly gross revenue of at least 50%, which is reasonably attributable to public health regulations adopted to address the COVID-19 pandemic, during the qualifying time period, as defined, as compared with the 12 months immediately preceding the qualifying time period, to conduct a good faith negotiation to form a plan to allow the commercial tenant a reasonable opportunity to repay COVID-19 lease debt while minimizing the hardship to the landlord.

Introduced: 1/28/2021

Last Amend: 3/9/2021

Status: 4/14/2021-In committee: Set, first hearing. Referred to APPR. suspense file.

Location: 4/14/2021-A. APPR. SUSPENSE FILE

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily residential zones and requires a local agency that has not adopted an ordinance to ministerially approve an application for an accessory dwelling unit, and sets forth required ordinance standards, including that the ordinance prohibit the sale or conveyance of the accessory dwelling unit separately from the primary residence. Current law, notwithstanding the prohibition described above, authorizes a local agency to, by ordinance, allow an accessory dwelling unit to be sold or conveyed separately from the primary residence to a qualified buyer if certain conditions are met.This bill would require each local agency to allow an accessory dwelling unit to be sold or conveyed separately from the primary residence to a qualified buyer if the above-described conditions are met.

Position

AB 348 **(Villapudua D) Affordable housing: annual expenditure report.**

Current Text: Introduced: 1/28/2021 html pdf

Introduced: 1/28/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was H. & C.D. on 1/28/2021)(May be acted upon Jan 2022)

Summary: Current law defines shared mobility device to mean an electrically motorized board, motorized scooter, electric bicycle, bicycle, or other similar personal transportation device, except as provided. Current law requires a city or county that authorizes a shared mobility device provider to operate within its jurisdiction to adopt operation, parking, and maintenance rules, as provided, regarding the use of the shared mobility devices in its jurisdiction before the provider may offer shared mobility devices for rent or use. This bill would require a shared mobility service provider to affix to each shared mobility device a tactile sign containing raised characters and accompanying Braille, as specified, to identify the device for the purpose of reporting illegal or negligent activity.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would require, by January 1, 2023, the State Water Resources Control Board and regional boards to prioritize enforcement of all water quality standard violations that are causing or contributing to an exceedance of a water quality standard in a surface water of the state. The bill would require the state board and regional boards, by January 1, 2025, to evaluate impaired state surface waters and report to the Legislature a plan to bring all water segments into attainment by January 1, 2050. The bill would require the state board and regional boards to update the report with a progress summary to the Legislature every 5 years. The bill would create the Waterway Recovery Account in the Waste Discharge Permit Fund and would make moneys in the Waterway Recovery Account available for the state board to expend, upon appropriation by the Legislature, to bring impaired water segments into attainment in accordance with the plan.

Location: 4/30/2021-A. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Housing Authorities Law authorizes the establishment of a functioning housing authority within a city or county by enactment of a resolution by the city or county declaring that there is need of a functioning housing authority in the city or county. Current law authorizes a housing authority of a city or county to, among other things, prepare, carry out, acquire, lease, and operate housing projects and housing developments for persons of low income, as provided. This bill, the Social Housing Act of 2021, would establish, in the Business, Consumer Services, and Housing Agency, the California Social Housing Council to develop policy proposals that would promote the development of social housing, as defined, to hold public meetings throughout the state to educate participants on the history and purposes of social housing, and to solicit input on the policy proposals from stakeholders.

Position

AB 415 **(Rivas, Robert D) Employment: workers' compensation.**

Location: 2/12/2021-A. INS.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of the employee's employment. This bill would define "injury," for certain employees of a city, county, city and county, district, or other municipal corporation or political subdivision regularly exposed to active fires or health hazards directly resulting from firefighting operations, to include cancer that develops or manifests during a period in which the individual demonstrates that they were exposed to a known carcinogen while in the employment of the city, county, city and county, district, or other municipal corporation or political subdivision. The bill would establish a presumption that the cancer in those cases arose out of, and in the course of, employment, unless the presumption is controverted by evidence that the primary site of the cancer has been established and that the carcinogen to which the person has demonstrated exposure is not reasonably linked to the disabling cancer.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: On August 28, 2020, the executive branch implemented a 4-tier "Blueprint for a Safer Economy," which identifies a county's COVID-19 risk level for business operations on a scale from widespread risk to minimal risk. On October 20, 2020, the State Department of Public Health and the Division of Occupational Safety and Health issued a guidance document, "COVID-19 INDUSTRY GUIDANCE: Amusement Parks and Theme Parks," which authorizes a small amusement park to operate at limited capacity when its county is in the moderate tier, and authorizes any other amusement park to operate at 25% capacity when its county is in the minimal tier. This bill would express the intent of the Legislature that the executive branch adjust the "COVID-19 INDUSTRY GUIDANCE: Amusement Parks and Theme Parks" document and place all amusement parks, regardless of size, within the moderate risk tier, rather than the minimal risk tier.

Summary: Would require a city or county with a population of more than 400,000 people to permit the building of cohousing buildings, as defined, in any zone where multifamily residential buildings are permitted. The bill would require that cohousing buildings be permitted on the same basis as multifamily dwelling units. The bill would set minimum standards for the construction of cohousing buildings, including floor-space ratios and setback requirements. The bill would require that specified percentages of cohousing buildings be set aside for affordable housing, as specified.

Position

AB 684 **(Fong R) Hazardous waste: treated wood waste.**

Current Text: Introduced: 2/16/2021 html pdf

Introduced: 2/16/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was E.S. & T.M. on 2/25/2021)(May be acted upon Jan 2022)

Location: 4/30/2021-A. 2 YEAR

Desk	2 year	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law regulates the control of hazardous waste, but exempts from the hazardous waste control laws, wood waste that is exempt from regulation under the federal Resource Conservation and Recovery Act of 1976, as amended, if the wood waste is disposed of in a municipal landfill that meets certain requirements imposed pursuant to the Porter-Cologne Water Quality Control Act for the classification of disposal sites, and the landfill meets other specified requirements. A violation of the state's hazardous waste control laws, including a regulation adopted pursuant to those laws, is a crime. This bill would define the term "treated wood" and would require treated wood

waste, as defined, to be disposed of in either a class I hazardous waste landfill or in a composite-lined portion of a solid waste landfill unit that meets specified requirements.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law, by Executive Order N-29-20, suspends the Ralph M. Brown Act's requirements for teleconferencing during the COVID-19 pandemic, provided that notice requirements are met, the ability of the public to observe and comment is preserved, as specified, and that a local agency permitting teleconferencing have a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, as specified. This bill would remove the notice requirements particular to teleconferencing and would revise the requirements of the act to allow for teleconferencing subject to existing provisions regarding the posting of notice of an agenda, provided that the public is allowed to observe the meeting and address the legislative body directly both in person and remotely via a call-in option or internet-based service option, and that a quorum of members participate in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the jurisdiction.

Position

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires the Governor to create the Homeless Coordinating and Financing Council and to appoint up to 19 members of that council, as provided. Current law specifies the duties of the coordinating council, including creating partnerships among state agencies and departments, local government agencies, and specified federal agencies and private entities, for the purpose of arriving at specific strategies to end homelessness. This bill, upon appropriation by the Legislature or upon receiving technical assistance offered by the federal Department of Housing and Urban

Development (HUD), if available, would require the coordinating council to conduct, or contract with an entity to conduct, a statewide needs and gaps analysis to, among other things, identify state programs that provide housing or services to persons experiencing homelessness and create a financial model that will assess certain investment needs for the purpose of moving persons experiencing homelessness into permanent housing.

Location: 4/15/2021-A. THIRD READING

Desk	Policy	Fiscal	**Floor**	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law prescribes various requirements for the organization and administration of public retirement systems, which typically provide pension, disability, and death benefits to their members. Current law provides that participants in certain membership categories may be entitled to special benefits if death or disability arises in the course of employment. The California Public Employees' Pension Reform Act of 2013 (PEPRA) generally requires a public retirement system, as defined, to modify its plan or plans to comply with that act and establishes, among other things, limits on defined benefit formulas and caps on pensionable compensation. This bill, until January 1, 2023, would create a presumption, applicable to the retirement systems that PEPRA regulates and to specified members in those systems, that would be applied to disability retirements on the basis, in whole or in part, of a COVID-19-related illness. In this circumstance, the bill would require that it be presumed the disability arose out of, or in the course of, the member's employment. The bill would authorize the presumption to be rebutted by evidence to the contrary, but unless controverted, the applicable governing board of a public retirement system would be required to find in accordance with the presumption.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Integrated Waste Management Act of 1989, which is administered by the Department of Resources Recycling and Recovery, requires each city, county, and joint powers authority formed under the act, referred to as a regional agency, to develop a source reduction and recycling element of an integrated waste management plan. The act requires the source reduction and recycling element to divert from disposal 50% of all solid waste subject to the element through source reduction, recycling, and composting activities, with specified exceptions. This bill would make the export out of the country of a mixture of plastic wastes "disposal" for purposes of the act, unless the mixture includes only certain plastics destined for separate recycling and satisfies other specified requirements, in which case that export would constitute diversion through recycling.

1st House				2nd House				Conc.			

Summary: Current law declares the policy goal of the state that not less than 75% of solid waste generated be source reduced, recycled, or composted by the year 2020, and annually thereafter. Existing law requires each jurisdiction to implement a solid waste recycling program appropriate for that jurisdiction designed to divert commercial solid waste from businesses subject to specified commercial solid waste recycling requirements. Current law also requires each jurisdiction to implement an organic waste recycling program appropriate for the jurisdiction and designed to specifically divert organic waste generated by businesses subject to specified organic waste recycling requirements. This bill would express the intent of the Legislature to enact subsequent legislation to provide relief from those solid waste recycling, composting, and source reduction requirements and organic waste recycling requirements, for no more than one year, to cities and municipalities struggling due to the impacts of COVID-19.

Position

AB 1029 **(Mullin D) Housing elements: prohousing local policies.**
Current Text: Introduced: 2/18/2021 html pdf
Introduced: 2/18/2021
Status: 4/29/2021-From committee: Do pass and re-refer to Com. on APPR. (Ayes 6. Noes 2.) (April 28). Re-referred to Com. on APPR.

1st House				2nd House				Conc.			

Summary: Would require the Department of Housing and Community Development to create a model plan for the use of alternative forms, as defined, of developing affordable housing for the purpose of substantially reducing the cost of a unit of affordable housing. The bill would require the model plan to be used in state agency decisions in all state-subsidized housing loan and grant programs. The bill would also require a local agency, nonprofit affordable housing sponsor, private entity, or individual that receives surplus state real property from the state to use the model plan to guide any housing development on that property. The bill would make findings and declarations in this regard.

Summary: Would require the Natural Resources Agency, in coordination with specified state agencies, and in consultation with stakeholders and relevant permitting agencies, to prepare and submit to the Legislature, by January 1, 2023, a report that provides an implementation strategy to achieve the state's organic waste, and related climate change and air quality, mandates, goals, and targets. The bill would authorize the Natural Resources Agency to, by July 1, 2022, contract with outside entities, including the California Council on Science and Technology and the University of California, to prepare the report. The bill would require the implementation strategy to include, among other things, recommendations on policy and funding support for the beneficial reuse of organic waste.

Location: 3/4/2021-A. L. GOV.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law creates the Santa Clara Valley Transportation Authority (VTA) with various powers and duties relative to transportation projects and services and the operation of public transit in the County of Santa Clara. Current law vests the government of the VTA in a 12-member board of directors whose terms of office are two years. Under existing law, only members of the county board of supervisors and city council members and mayors of cities in the county are authorized to serve on the board. Current law provides for the appointment of the board members by those local governments, as specified. This bill, on and after July 1, 2022, would reduce the size of the board to 9 members, increase their terms of office to 4 years, and provide for residents living in the county, rather than local officials, to serve on the board, as specified.

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law, until January 1, 2031, prohibits the imposition, increase, levy and collection, or enforcement by a local agency of any tax, fee, or other assessment on groceries, except as provided, and allows a local agency to continue to levy and collect, enforce, or reauthorize any tax, fee, or other assessment on groceries imposed, extended, or increased on or before January 1, 2018. Current law also requires the California Department of Tax and Fee Administration to cease administering the Bradley-Burns local sales and use tax of a local agency that is found by a court, as provided, to have violated the grocery tax prohibition. This bill would repeal the prohibition on the imposition, increase, levy and collection, or enforcement by a local agency of any tax, fee, or other assessment on groceries, including the requirement that the department cease administering a local sales and use tax.

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Under current law the Department of Housing and Community Development, in consultation with each council of governments, determines each region's existing and projected housing needs. Under existing law, upon making that determination, the council of governments may object to the determination, and the department is required to respond to an objection by making a final written determination. Current law requires that, based on the determination of the department, a council of

governments, or for cities and counties without a council of governments, the department, adopts a final regional housing need plan that allocates a share of the regional housing need to each locality in the region. This bill would subject the department's final written determination of a region's housing needs to judicial review in an action brought by the council of governments. The bill would also subject the final regional housing need plan adopted by the council of governments or the department, as the case may be, to judicial review.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law, requires a county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other things, a housing element. Current law requires that the housing element include, among other things, an inventory of land suitable and available for residential development. If the inventory of sites does not identify adequate sites to accommodate the need for groups of all household income levels, as provided, current law requires that the local government rezone sites within specified time periods. If the local government fails to adopt a housing element within 120 days of the applicable statutory deadline, existing law requires that the local government (A) complete this rezoning no later than 3 years and 120 days from the statutory deadline for the adoption of the housing element and (B) revise its housing element every 4 years until the local government has adopted at least 2 consecutive revisions by the statutory deadline. This bill would require that a local government that fails to adopt a housing element that the Department of Housing and Community Development has found to be in substantial compliance with state law within 120 days of the statutory deadline to complete this rezoning no later than one year from the statutory deadline for the adoption of the housing element.

Summary: The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other mandatory elements, a housing element. For the 4th and subsequent revisions of the housing element, current law requires the Department of Housing and Community Development to determine the existing and projected need for housing for each region. Current law requires the appropriate council of governments, or the department for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each city, county, or city and county, as provided. Current law requires that the final regional housing plan adopted by a council of governments, or a delegate subregion, as applicable, be based on a methodology that includes specified factors, and similarly requires that the department take into consideration specified factors in distributing regional housing need, as provided. This bill would require that a council of governments, a delegate subregion, or the department, as applicable, additionally consider among these factors emergency evacuation route capacity, wildfire risk, sea level rise, and other impacts caused by climate change.

Summary: Thee California Coastal Act of 1976 establishes the California Coastal Commission and provides for planning and regulation of development in the coastal zone, as defined. The act requires the commission, within 90 days after January 1, 1977, to adopt, after public hearing, procedures for the preparation, submission, approval, appeal, certification, and amendment of a local coastal program, including a common methodology for the preparation of, and the determination of the scope of, the local coastal programs, as provided. This bill would also include, as part of the procedures the commission is required to adopt, recommendations and guidelines for the identification, assessment, minimization, and mitigation of sea level rise within each local coastal program, as provided. The bill would delete the timeframe specified above by which the commission is required to adopt these procedures.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would require the State Department of Education to develop, on or before January 1, 2022, a local control and accountability plan portal that will allow comprehensive analysis by policymakers of actions, expenditures, and progress on metrics included within local control and accountability plans adopted by local educational agencies. The bill would require the portal to include a tracking mechanism for school districts, county offices of education, and charter schools to use to report the types of services on which they spend their supplemental and concentration grant funds. Commencing July 1, 2022, the bill would require each local educational agency, as a condition of receiving supplemental and concentration grant funds, to annually report to the department the types of services on which it spends its supplemental and concentration grant funds using the portal developed by the department.

Summary: Would require the Governor's Office of Business and Economic Development to coordinate with other relevant state and local agencies and national organizations to explore ways to facilitate streamlining of local land use approvals and construction permit processes for projects related to broadband infrastructure deployment and connectivity.

Position

SB 5 **(Atkins D) Affordable Housing Bond Act of 2022.**

Current Text: Amended: 3/10/2021 html pdf
Introduced: 12/7/2020
Last Amend: 3/10/2021
Status: 3/18/2021-Re-referred to Coms. on HOUSING and GOV. & F.
Location: 3/18/2021-S. HOUSING

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would enact the Affordable Housing Bond Act of 2022, which, if adopted, would authorize the issuance of bonds in the amount of $6,500,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds would be used to fund affordable rental housing and homeownership programs. The bill would state the intent of the Legislature to determine the allocation of those funds to specific programs.This bill would provide for submission of the bond act to the voters at the November 8, 2022, statewide general election in accordance with specified law.

Position

SB 6 **(Caballero D) Local planning: housing: commercial zones.**

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. This bill, the Neighborhood Homes Act, would deem a housing development project, as defined, an allowable use on a neighborhood lot, which is defined as a parcel within an office or retail commercial zone that is not adjacent to an industrial use. The bill would require the density for a housing development under these provisions to meet or exceed the density deemed appropriate to accommodate housing for lower income households according to the type of local jurisdiction, including a density of at least 20 units per acre for a suburban jurisdiction.

Position

Desk	Policy	Fiscal	Floor	Desk	Policy	**Fiscal**	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would enact the Jobs and Economic Improvement Through Environmental Leadership Act of 2021, which would reenact the former leadership act, with certain changes, and would authorize the Governor, until January 1, 2024, to certify projects that meet specified requirements for streamlining benefits related to CEQA. The bill would additionally include housing development projects, as defined, meeting certain conditions as projects eligible for certification. The bill would, except for those housing development projects, require the quantification and mitigation of the impacts of a project from the emissions of greenhouse gases, as provided. The bill would revise and recast the labor-related requirements for projects undertaken by both public agencies and private entities. The bill would provide that the Governor is authorized to certify a project before the lead agency certifies the final EIR for the project.

Location: 4/22/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would, notwithstanding any local restrictions on adopting zoning ordinances, authorize a local government to adopt an ordinance to zone any parcel for up to 10 units of residential density per parcel, at a height specified in the ordinance, if the parcel is located in a transit-rich area, a jobs-rich area, or an urban infill site, as those terms are defined. In this regard, the bill would require the Department of Housing and Community Development, in consultation with the Office of Planning and Research, to determine jobs-rich areas and publish a map of those areas every 5 years, commencing January 1, 2023, based on specified criteria. The bill would specify that an ordinance adopted under these provisions, and any resolution to amend the jurisdiction's General Plan, ordinance, or other local regulation adopted to be consistent with that ordinance, is not a project for purposes of the California Environmental Quality Act.

Position

SB 11 **(Rubio D) The California FAIR Plan Association: basic property insurance: exclusions.**
Current Text: Amended: 4/12/2021 html pdf
Introduced: 12/7/2020
Last Amend: 4/12/2021
Status: 4/22/2021-Read third time. Passed. (Ayes 38. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.
Location: 4/22/2021-A. DESK

Desk	Policy	Fiscal	Floor	**Desk**	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California FAIR Plan Association is a joint reinsurance association in which all insurers licensed to write basic property insurance participate in administering a program for the equitable apportionment of basic property insurance for persons who are unable to obtain that coverage through normal channels. Current law defines "basic property insurance" for these purposes, and excludes from that definition insurance on automobile or farm risks. Current law authorizes the governing committee of the association to establish separate classifications of written premiums for the purpose of equitable distribution of basic property insurance, but prohibits those classifications from including premiums from automobile or farm risks. For purposes of the above-described provisions, this bill would exclude from "farm risks" a farm's equipment or permanent structures, other than a private garage, used primarily for the production of commercial agricultural commodities or livestock.

Position

SB 12 **(McGuire D) Local government: planning and zoning: wildfires.**

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	**Floor**	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law prescribes requirements for the disposal of surplus land by a local agency, as defined. This bill, except in the case of specified property, would additionally provide that the surplus land disposal procedures as they existed on December 31, 2019, apply if a local agency, as of September 30, 2019, has issued a competitive request for proposals that seeks development proposals seeking development proposals for the property that includes a residential component of at least 100 residential units and 25% of the total units developed comply with specified affordability criteria, provided that a disposition and development agreement, as defined, is entered into not later than December 31, 2024. If the property is not disposed of pursuant to a qualifying disposition and development agreement before March 31, 2026, or if no disposition and development agreement is entered into before December 31, 2024, the bill would require that future negotiations for and disposition of the property comply with the surplus land disposal procedures then in effect.

Position

SB 52 **(Dodd D) State of emergency: local emergency: planned power outage.**

Desk	Policy	Fiscal	Floor	**Desk**	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law sets specific monetary limits on the fines that may be imposed by city or county authorities for any violation of local building and safety codes that is an infraction, as prescribed. Current law requires a city or county levying fines pursuant to these provisions to establish a process for granting a hardship waiver in certain cases. This bill would, notwithstanding those provisions and with certain exceptions, raise the maximum fines for violation of an ordinance relating to a residential short-term rental, as defined, that is an infraction and poses a threat to health or safety, to $1,500 for a first violation, $3,000 for a 2nd violation of the same ordinance within one year, and $5,000 for each additional violation of the same ordinance within one year of the first violation. The bill would make these violations subject to the process for granting a hardship waiver.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: This bill, the Community Energy Resilience Act of 2021, would require the commission to develop and implement a grant program for local governments to develop community energy resilience plans and expedite permit review of distributed energy resources. The bill would authorize a community choice aggregator or other regional energy collaborative to apply for funding and prepare a community energy resilience plan on behalf of one or more of the local governments it serves upon request of that local government. The bill would set forth guiding principles for plan development, including equitable access to reliable energy, as provided. The bill would require plans to be consistent with the city, county, or city and county general plan and other local government planning documents.

Position

SB 102 **(Melendez R) COVID-19 emergency order violation: license revocation.**

Current Text: Amended: 3/17/2021 html pdf

Introduced: 12/30/2020

Last Amend: 3/17/2021

Status: 4/5/2021-April 5 set for final hearing. Failed passage in committee. (Ayes 6. Noes 7.) Reconsideration granted.

Location: 1/28/2021-S. B., P. & E.D.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would prohibit the Department of Consumer Affairs, a board within the Departmentof Consumer Affairs that does not regulate healing arts licensees, and the Department of Alcoholic Beverage Control from revoking a license or imposing a fine or penalty for failure to comply with any

COVID-19 state of emergency orders or COVID-19 stay-at-home orders, unless the board or department can prove that lack of compliance resulted in transmission of COVID-19. The bill would specify that the provisions do not preclude issuance of fines, penalties, or revoking a license for any action that is not related to the issuance of any COVID-19 state of emergency orders or COVID-19 stay-at-home order.

Position

SB 109 **(Dodd D) Office of Emergency Services: Office of Wildfire Technology Research and Development.**

Current Text: Introduced: 1/6/2021 html pdf

Introduced: 1/6/2021

Status: 3/22/2021-March 22 hearing: Placed on APPR suspense file.

Location: 3/22/2021-S. APPR. SUSPENSE FILE

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would establish the Office of Wildfire Technology Research and Development within the Office of Emergency Services under the direct control of the Director of the Office of Emergency Services. The bill would make the office responsible for studying, testing, and advising regarding procurement of emerging technologies and tools in order to more effectively prevent and suppress wildfires, and serving as the central organizing hub for the state government's identification of emerging wildfire technologies, as provided.

Position

SB 222 **(Dodd D) Water Rate Assistance Program.**

Current Text: Amended: 5/3/2021 html pdf

Introduced: 1/14/2021

Last Amend: 5/3/2021

Status: 5/3/2021-Read second time and amended. Re-referred to Com. on APPR.

Location: 4/29/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: This bill would establish the Water Rate Assistance Fund in the State Treasury to help provide water affordability assistance, for both drinking water and wastewater services, to low-income ratepayers and ratepayers experiencing economic hardship in California. The bill would require the Department of Community Services and Development to develop and administer the Water Rate Assistance Program established by the bill.

Position

SB 223 **(Dodd D) Discontinuation of residential water service.**

Current Text: Amended: 5/3/2021 html pdf

Introduced: 1/14/2021

Last Amend: 5/3/2021

Status: 5/3/2021-Read second time and amended. Re-referred to Com. on APPR.

Location: 4/29/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law requires an urban and community water system to have a written policy on discontinuation of residential service for nonpayment, including, among other things, specified options for addressing the nonpayment. Current law requires an urban and community water system to provide notice of that policy to customers, as provided. This bill would apply those provisions, on and after July 1, 2022, to a very small community water system, defined as a public water system that supplies water to 200 or fewer service connections used by year long residents.

Position

SB 230 **(Portantino D) State Water Resources Control Board: Constituents of Emerging Concern Program.**

Current Text: Introduced: 1/19/2021 html pdf

Introduced: 1/19/2021

Status: 3/22/2021-March 22 set for first hearing canceled at the request of author.

Location: 3/15/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would require the State Water Resources Control Board to establish, maintain, and direct an ongoing, dedicated program called the Constituents of Emerging Concern Program to assess the state of information and recommend areas for further study on, among other things, the occurrence of constituents of emerging concern (CEC) in drinking water sources and treated drinking water. The bill would require the state board to convene, by an unspecified date, the Science Advisory Panel to review and provide recommendations to the state board on CEC for further action, among other duties. The bill would require the state board to provide an annual report to the Legislature on the ongoing work conducted by the panel.

Position

SB 259 **(Wilk R) Public Utilities Commission: oversight of electrical corporations.**

Current Text: Introduced: 1/26/2021 html pdf

Introduced: 1/26/2021

Status: 2/22/2021-Art. IV. Sec. 8(a) of the Constitution dispensed with. (Ayes 32. Noes 4.) Joint Rule 55 suspended. (Ayes 32. Noes 4.)

Location: 1/26/2021-S. RLS.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would state the intent of the Legislature to enact legislation to strengthen the Public Utilities Commission's oversight of electrical corporations' efforts to reduce their fire risk and use of deenergization events.

Position

Spot

SB 261 **(Allen D) Regional transportation plans: sustainable communities strategies.**

Current Text: Introduced: 1/27/2021 html pdf

Introduced: 1/27/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 3/15/2021) (May be acted upon Jan 2022)

Location: 4/30/2021-S. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: current law requires certain transportation planning agencies to prepare and adopt a regional transportation plan directed at achieving a coordinated and balanced regional transportation system. Certain of these agencies are designated under federal law as metropolitan planning organizations. Existing law requires that each regional transportation plan include a sustainable communities strategy developed to achieve greenhouse gas emission reduction targets for the automobile and light truck sector for 2020 and 2035 established by the State Air Resources Board. This bill would require that the sustainable communities strategy be developed to additionally achieve greenhouse gas emission reduction targets for the automobile and light truck sector for 2045 and 2050 and vehicle miles traveled reduction targets for 2035, 2045, and 2050 established by the board. The bill would make various conforming changes to integrate those additional targets into regional transportation plans.

Position

SB 273 **(Hertzberg D) Water quality: municipal wastewater agencies.**

Current Text: Introduced: 1/29/2021 html pdf

Introduced: 1/29/2021

Status: 4/22/2021-Read third time. Passed. (Ayes 38. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.

Location: 4/22/2021-A. DESK

Desk	Policy	Fiscal	Floor	**Desk**	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would authorize a municipal wastewater agency, as defined, to enter into agreements with entities responsible for stormwater management for the purpose of managing stormwater and dry weather runoff, to acquire, construct, expand, operate, maintain, and provide facilities for specified purposes relating to managing stormwater and dry weather runoff, and to levy taxes, fees, and charges consistent with the municipal wastewater agency's existing authority in order to fund projects undertaken pursuant to the bill. The bill would require the exercise of any new authority granted under the bill to comply with the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. To

the extent this requirement would impose new duties on local agency formation commissions, the bill would impose a state-mandated local program.

Position

SB 274 **(Wieckowski D) Local government meetings: agenda and documents.**

Current Text: Amended: 4/5/2021 html pdf
Introduced: 1/29/2021
Last Amend: 4/5/2021
Status: 4/22/2021-Read third time. Passed. (Ayes 38. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.
Location: 4/22/2021-A. DESK

Desk	Policy	Fiscal	Floor	**Desk**	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Ralph M. Brown Act requires meetings of the legislative body of a local agency to be open and public and also requires regular and special meetings of the legislative body to be held within the boundaries of the territory over which the local agency exercises jurisdiction, with specified exceptions. Current law authorizes a person to request that a copy of an agenda, or a copy of all the documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. This bill would require a local agency with an internet website, or its designee, to email a copy of, or website link to, the agenda or a copy of all the documents constituting the agenda packet if the person requests that the items be delivered by email. If a local agency determines it to be technologically infeasible to send a copy of the documents or a link to a website that contains the documents by email or by other electronic means, the bill would require the legislative body or its designee to send by mail a copy of the agenda or a website link to the agenda and to mail a copy of all other documents constituting the agenda packet, as specified.

Position

SB 278 **(Leyva D) Public Employees' Retirement System: disallowed compensation: benefit adjustments.**

Current Text: Amended: 3/23/2021 html pdf
Introduced: 1/29/2021
Last Amend: 3/23/2021
Status: 4/20/2021-April 19 hearing: Placed on APPR suspense file.
Location: 4/20/2021-S. APPR. SUSPENSE FILE

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California Public Employees' Pension Reform Act of 2013 (PEPRA) generally requires a public retirement system, as defined, to modify its plan or plans to comply with the act. PEPRA, among other things, establishes new defined benefit formulas and caps on pensionable compensation. This bill would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPRA and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal remedies. At the threshold, after determining that compensation for an employee member reported by the state, school employer, or a contracting agency is disallowed, the bill would require the applicable employer to discontinue the reporting of the disallowed compensation.

Position

SB 290 **(Skinner D) Density Bonus Law: qualifications for incentives or concessions: student housing for lower income students: moderate-income persons and families: local government constraints.**

Current Text: Introduced: 2/1/2021 html pdf
Introduced: 2/1/2021
Status: 5/4/2021-May 3 hearing: Placed on APPR suspense file.
Location: 5/3/2021-S. APPR. SUSPENSE FILE

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law requires the amount of a density bonus and the number of incentives or concessions a qualifying developer receives to be pursuant to a certain formula based on the total number of units in the housing development, as specified. This bill would require a unit designated to satisfy the inclusionary zoning requirements of a city or county to be included in the total number of units on which a density bonus and the number of incentives or concessions are based. The bill would

require a city or county to grant one incentive or concession for a student housing development project that will include at least 20% of the total units for lower income students.

Position

SB 314 **(Wiener D) Alcoholic beverages.**

Current Text: Amended: 4/13/2021 html pdf

Introduced: 2/4/2021

Location: 5/3/2021-S. APPR. SUSPENSE FILE

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would prohibit the authorization of a catering permit for use at any one premises for more than 52 events in one calendar year, except as specified. The bill would, until July 1, 2023, authorize the Department of Alcoholic Beverage Control to, for 365 days from the date the COVID-19 state of emergency order is lifted, or longer if the licensee has a pending application for permanent expansion of their premises, allow licensees to continue to exercise license privileges in an expanded licensed area authorized pursuant to a COVID-19 temporary catering permit, as provided.

Position

SB 318 **(Melendez R) Land use: development fee or charge: audit: auditor standards.**

Current Text: Introduced: 2/4/2021 html pdf

Introduced: 2/4/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was GOV. & F. on 2/17/2021)(May be acted upon Jan 2022)

Location: 4/30/2021-S. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Mitigation Fee Act authorizes a local agency to retain an independent auditor if requested to conduct an audit to determine whether a fee or charge is reasonable, provided, among other conditions, that the person who requests the audit deposits with the local agency the amount of the local agency's reasonable estimate of the cost of that audit, except as provided. This bill would require that the independent auditor be a certified public accountant, as defined, or a firm, as defined, of certified public accountants. The bill would prohibit the local agency from retaining an independent auditor that the local agency contracted with for any reason during the preceding 10 years, as provided. The bill would also prohibit an independent auditor that is retained by a local agency to conduct the audit from soliciting or accepting employment from the local agency for 5 years following the completion of the audit and all subsequent challenges related to the audit.

Position

SB 323 **(Caballero D) Local government: water or sewer service: legal actions.**

Current Text: Amended: 3/17/2021 html pdf

Introduced: 2/5/2021

Last Amend: 3/17/2021

Status: 4/22/2021-Read second time. Ordered to third reading.

Location: 4/22/2021-S. THIRD READING

Desk	Policy	Fiscal	**Floor**	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law prohibits a local agency from imposing fees for specified purposes, including fees for water or sewer connections, as defined, that exceed the estimated reasonable cost of providing the service for which the fee is charged, unless voter approval is obtained. Current law provides that a local agency levying a new a water or sewer connection fee or increasing a fee must do so by ordinance or resolution. Current law requires, for specified fees, including water or sewer connection fees, any judicial action or proceeding to attack, review, set aside, void, or annul an ordinance, resolution, or motion adopting a new fee or service charge or modifying an existing fee or service charge to be commenced within 120 days of the effective date of the ordinance, resolution, or motion according to specified procedures for validation proceedings. This bill would apply the same judicial action procedure and timelines, as stated above, to ordinances, resolutions, or motions adopting, modifying, or amending water or sewer service fees or charges adopted after January 1, 2022, except as provided.

Position

SB 336 **(Ochoa Bogh R) Public health: COVID-19.**
Current Text: Amended: 5/3/2021 html pdf
Introduced: 2/8/2021
Last Amend: 5/3/2021
Status: 5/3/2021-Read second time and amended. Re-referred to Com. on APPR.
Location: 4/28/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would require that before the State Department of Public Health or a local health official takes measures to prevent the spread of COVID-19, as defined, or takes measures to reopen the state, they publish the measures and the date that a change or closure would take effect on their internet website, unless there is an immediate danger or an imminent threat to the public requiring immediate action. The bill would also require the department or local health officials to create an opportunity for organizations, communities, nonprofits, and individuals to sign up for an email distribution list relative to changes in related public health orders. By imposing these duties on local officials, the bill would create a state-mandated local program.

Position

SB 364 **(Skinner D) Pupil meals: Free School Meals For All Act of 2021.**
Current Text: Amended: 4/14/2021 html pdf
Introduced: 2/10/2021
Last Amend: 4/14/2021
Status: 4/30/2021-Set for hearing May 10.
Location: 4/20/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would enact the Free School Meals For All Act of 2021. The bill would express the finding and declaration of the Legislature that no child in California should experience hunger and that every public school pupil should benefit from access to a healthy, locally procured and freshly prepared meal during the schoolday.

Position

SB 378 **(Gonzalez D) Local government: broadband infrastructure development project permit processing: microtrenching permit processing ordinance.**
Current Text: Amended: 5/4/2021 html pdf
Introduced: 2/10/2021
Last Amend: 5/4/2021
Status: 5/4/2021-Read second time and amended. Re-referred to Com. on APPR.
Location: 4/26/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would require a local agency to allow, except as provided, microtrenching for the installation of underground fiber if the installation in the microtrench is limited to fiber. The bill would also require, to the extent necessary, a local agency with jurisdiction to approve excavations to adopt or amend existing ordinances, codes, or construction rules to allow for microtrenching. The bill would provide that these provisions do not supersede, nullify, or otherwise alter the requirements to comply with specified safety standards.

Position

SB 389 **(Dodd D) Alcoholic beverages: retail on-sale license: off-sale privileges.**
Current Text: Amended: 4/21/2021 html pdf
Introduced: 2/11/2021
Last Amend: 4/21/2021
Status: 5/5/2021-Read second time. Ordered to third reading.
Location: 5/5/2021-S. THIRD READING

Desk	Policy	Fiscal	**Floor**	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law authorizes the Department of Alcoholic Beverage Control to issue various types

of licenses and prohibits a person from exercising the privilege which a licensee may exercise or performing under the authority of a license unless the person is authorized to do so by a license. TThis bill would authorize the holder of a retail on-sale license or a licensed beer manufacturer that operates a bona fide eating place to exercise additional off-sale rights and privileges, subject to specified requirements. In this regard, the bill would authorize the licensee to sell alcoholic beverages for off-sale consumption for which their license permits on-sale consumption if the beverages are in manufacturer prepackaged containers.

Position

SB 397 **(Jones R) Emergency powers: essential services: religious services.**

Current Text: Amended: 3/15/2021 html pdf

Introduced: 2/11/2021

Last Amend: 3/15/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was JUD. on 3/15/2021) (May be acted upon Jan 2022)

Location: 4/30/2021-S. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California Emergency Services Act authorizes the Governor to proclaim a state of emergency, and local governments to proclaim a local emergency, when specified conditions of disaster or extreme peril to the safety of persons and property exist, and authorizes the Governor or the local government to exercise certain powers in response to that emergency. Current law grants immunity to the state and its political subdivisions for any claim based upon the exercise or performance, or the failure to exercise or perform, a discretionary function or duty on the part of a state or local agency or any employee of the state or its political subdivisions in carrying out the California Emergency Services Act. This bill, the Religion is Essential Act, would, during a state of emergency or local emergency, require the Governor or the local government to deem religious services to be an essential service and to be necessary and vital to the health and welfare of the public.

Position

SB 418 **(Laird D) Sea level rise planning: database.**

Current Text: Amended: 3/17/2021 html pdf

Introduced: 2/12/2021

Status: 4/30/2021-Set for hearing May 10.
Location: 4/28/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law designates 8 agencies in state government and requires the secretary of an agency to be generally responsible for the sound fiscal management of each department, office, or other unit within the agency. Current law further requires the secretary of an agency to, among other duties, continually seek to improve the organization structure, the operating policies, and the management information systems of each department, office, or other unit. This bill would, until January 1, 2029, establish the Immigrant and Refugee Affairs Agency as an agency within state government, to be headed by a secretary who is appointed by the Governor and subject to Senate confirmation. The bill would specify that the purpose of the agency is to reduce obstacles and enhance immigrant integration, as defined, into the social, cultural, economic, and civic life of the state.

Position

SB 477 **(Wiener D) General plan: annual report.**

Current Text: Introduced: 2/17/2021 html pdf
Introduced: 2/17/2021
Status: 4/5/2021-April 5 hearing: Placed on APPR suspense file.
Location: 4/5/2021-S. APPR. SUSPENSE FILE

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the planning agency of a city or county to provide, by April 1 of each year, an annual report to, among other entities, the Department of Housing and Community Development that includes, among other specified information, the number of applications submitted, the location and total number of developments approved, the number of building permits issued, and the number of units constructed pursuant to a specific streamlined, ministerial approval process. This bill would, commencing January 1, 2023, require a planning agency to include in that annual report specified information on costs, standards, and applications for proposed housing development projects and specified information on housing development projects within the jurisdiction.

Position

SB 478 **(Wiener D) Planning and Zoning Law: housing development projects.**

Current Text: Amended: 4/12/2021 html pdf
Introduced: 2/17/2021
Last Amend: 4/12/2021
Status: 5/4/2021-Set for hearing May 10.
Location: 4/29/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Planning and Zoning Law requires the Department of Housing and Community Development to notify the city, county, or city and county, and authorizes the department to notify the Attorney General, that the city, county, or city and county is in violation of state law if the department finds that the housing element or an amendment to that element, or any specified action or failure to act, does not substantially comply with the law as it pertains to housing elements or that any local government has taken an action in violation of certain housing laws. Would prohibit a local agency, as defined, from imposing a floor-to-area ratio standard that is less than 1.0 on a housing development project that consists of 3 to 7 units, or less than 1.25 on a housing development project that consists of 8 to 10 units. The bill would prohibit a local agency from imposing a lot coverage requirement that would preclude a housing development project from achieving the floor-to-area ratios described above.

Position

SB 490 **(Caballero D) Housing acquisition and rehabilitation: technical assistance.**
Current Text: Amended: 4/22/2021 html pdf
Introduced: 2/17/2021
Last Amend: 4/22/2021
Status: 5/4/2021-May 3 hearing: Placed on APPR suspense file.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would, upon appropriation by the Legislature, establish the Housing Acquisition and Rehabilitation Technical Assistance Program, with the purpose of providing technical assistance to qualified entities engaged in acquisition-rehabilitation projects. The bill would defined "acquisition-rehabilitation project" as a project to acquire and preserve unsubsidized housing units and attaching long-term affordability restrictions on the housing units. The bill would define "qualified entity" to include an eligible nonprofit corporation, community land trust, public housing authority, a nonprofit, limited-equity, or workforce housing cooperative, a resident association or organization, and a local or regional government agency administering an acquisition-rehabilitation project funding program.

Position

SB 499 **(Leyva D) General plan: land use element: uses adversely impacting health outcomes.**
Current Text: Introduced: 2/17/2021 html pdf
Introduced: 2/17/2021
Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was GOV. & F. on 2/25/2021)(May be acted upon Jan 2022)
Location: 4/30/2021-S. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would prohibit the land use element from designating land uses that have the potential to significantly degrade local air, water, or soil quality or to adversely impact health outcomes in disadvantaged communities to be located, or to materially expand, within or adjacent to a disadvantaged community or a racially and ethnically concentrated area of poverty. By expanding the duties of cities and counties in the administration of their land use planning duties, the bill would impose a state-mandated local program.

Position

SB 526 **(Min D) Community water systems: lead user service lines.**
Current Text: Introduced: 2/17/2021 html pdf
Introduced: 2/17/2021
Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was E.Q. on 2/25/2021) (May be acted upon Jan 2022)
Location: 4/30/2021-S. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law requires, by July 1, 2020, a community water system with known lead user service lines in use in its distribution system to provide a timeline for replacement of those lines to the State Water Resources Control Board. Current law requires the state board to review and approve an established timeline, and requires, if the state board fails to act within 30 days of the submission of the timeline, the timeline to be deemed approved. Current law authorizes the state board to enforce these requirements, as specified, and a violation is considered a violation of the California Safe Drinking Water Act, subjecting the violator to specified civil and criminal penalties. This bill would, until January 1, 2025, require a community water system to remove or replace the full lead user service line, if the community water system disturbs, removes, or replaces a portion thereof. The bill would apply the above-described enforcement provisions to a violation of the requirements of the bill, thereby creating a state-mandated local program by expanding the scope of crimes under the California Safe Drinking Water Act.

Position

SB 533 **(Stern D) Electrical corporations: wildfire mitigation plans: deenergization events: microgrids.**
Current Text: Amended: 4/29/2021 html pdf

Introduced: 2/17/2021
Last Amend: 4/29/2021
Status: 4/29/2021-Read second time and amended. Re-referred to Com. on APPR.
Location: 4/28/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would require that an electrical corporation's wildfire mitigation plan identify circuits that have frequently been deenergized to mitigate the risk of wildfire and the measures taken, or planned to be taken, by the electrical corporation to reduce the need for future deenergization of those circuits, including replacing, hardening, or undergrounding any portion of the circuit or of upstream transmission or distribution lines, or the installation of microgrids.

Position

SB 555 **(McGuire D) Local agencies: transient occupancy taxes: short-term rental facilitator: collection.**

Current Text: Amended: 4/12/2021 html pdf
Introduced: 2/18/2021
Last Amend: 4/12/2021
Status: 5/4/2021-May 3 hearing: Placed on APPR suspense file.
Location: 5/3/2021-S. APPR. SUSPENSE FILE

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would authorize a local agency, defined to mean a city, county, or city and county, including a charter city, county, or city and county, to enact an ordinance exclusively delegating its authority to collect any transient occupancy tax imposed by that local agency on short-term rentals to the California Department of Tax and Fee Administration and to enter into a contract with the department for purposes of registration, rate posting, collection, and transmission of revenues necessary to collect and administer any transient occupancy tax imposed on a short-term rental as specified in this bill.

Position

SB 556 **(Dodd D) Street light poles, traffic signal poles: small wireless facilities attachments.**
Current Text: Amended: 5/4/2021 html pdf
Introduced: 2/18/2021
Last Amend: 5/4/2021
Status: 5/4/2021-From committee with author's amendments. Read second time and amended. Re-referred to Com. on APPR.
Location: 4/22/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would prohibit a local government or local publicly owned electric utility from unreasonably denying the leasing or licensing of its street light poles or traffic signal poles to communications service providers for the purpose of placing small wireless facilities on those poles. The bill would require that street light poles and traffic signal poles be made available for the placement of small wireless facilities under fair, reasonable, and nondiscriminatory fees, as provided. The bill would authorize a local government or local publicly owned electric utility to condition access to its street light poles or traffic signal poles on reasonable terms and conditions, including reasonable aesthetic and safety standards. The bill would specify time periods for various actions relative to requests for placement of a small wireless facility by a communications service provider on a street light pole or traffic signal pole.

Position

SB 557 **(Wieckowski D) Hazardous waste: treated wood waste.**
Current Text: Introduced: 2/18/2021 html pdf
Introduced: 2/18/2021
Status: 4/20/2021-April 19 hearing: Placed on APPR suspense file.
Location: 4/20/2021-S. APPR. SUSPENSE FILE

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law regulates the control of hazardous waste, but exempts from the hazardous waste control laws, wood waste that is exempt from regulation under the federal Resource Conservation and Recovery Act of 1976, as amended, if the wood waste is disposed of in a municipal landfill that meets certain requirements imposed pursuant to the Porter-Cologne Water Quality Control

Act for the classification of disposal sites, and the landfill meets other specified requirements. A violation of the state's hazardous waste control laws, including a regulation adopted pursuant to those laws, is a crime. This bill would define the term "treated wood" and would require treated wood waste, as defined, to be disposed of in either a class I hazardous waste landfill or in a composite-lined portion of a solid waste landfill unit that meets specified requirements.

Position

SB 581 **(Atkins D) General plan.**

Current Text: Introduced: 2/18/2021 html pdf

Introduced: 2/18/2021

Status: 5/5/2021-Read second time. Ordered to consent calendar.

Location: 5/4/2021-S. CONSENT CALENDAR

Desk	Policy	Fiscal	**Floor**	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Planning and Zoning Law, requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the planning agency of a city or county to provide by April 1 of each year an annual report to, among other entities, the Department of Housing and Community Development. The law requires that the annual report include, among other specified information, the number of housing development applications received and the number of units approved and disapproved in the prior year. This bill would additionally require the planning agency include in the annual report whether the city or county is a party to a court action related to a violation of state housing law, and the disposition of that action.

Position

SB 612 **(Portantino D) Electrical corporations and other load-serving entities: allocation of legacy resources.**

Current Text: Amended: 5/4/2021 html pdf

Introduced: 2/18/2021

Last Amend: 5/4/2021

Status: 5/4/2021-Read second time and amended. Re-referred to Com. on APPR.

Location: 4/26/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would require an electrical corporation, by July 1, 2022, and not less than once every 3 years thereafter, to offer an allocation of certain electrical resources to its bundled customers and to other load-serving entities, including electric service providers and community choice aggregators, that serve departing load customers who bear cost responsibility for those resources. The bill would authorize a load-serving entity within the service territory of the electrical corporation to elect to receive all or a portion of the vintaged proportional share of those legacy resources allocated to its end-use customers and, if it so elects, would require it to pay to the electrical corporation the commission-established market price benchmark for the vintage proportional share of the resources received.

Position

SB 619 **(Laird D) Organic waste: reduction regulations.**

Current Text: Amended: 4/13/2021 html pdf

Introduced: 2/18/2021

Last Amend: 4/13/2021

Status: 4/29/2021-From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 0.) (April 29). Re-referred to Com. on APPR.

Location: 4/29/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Curent law requires the Department of Resources Recycling and Recovery, in consultation with the state board, to adopt regulations to achieve those targets for reducing organic waste in landfills, and authorizes those regulations to require local jurisdictions to impose requirements on generators or other relevant entities within their jurisdiction, to authorize local jurisdictions to impose penalties on generators for noncompliance, and to include penalties to be imposed by the department for noncompliance. Current law provides that those regulations shall take effect on or after January 1, 2022, except that the imposition of penalties by local jurisdictions pursuant to the regulations shall not take effect until 2 years after the effective date of the regulations. This bill, until January 1, 2023,

would require the department to only impose a penalty on a local jurisdiction, and would require a penalty to only accrue, for a violation of the regulations if the local jurisdiction did not make a reasonable effort, as determined by the department, to comply with the regulations.

Position
Support

SB 621 **(Eggman D) Conversion of motels and hotels: streamlining.**
Current Text: Amended: 4/5/2021 html pdf
Introduced: 2/18/2021
Last Amend: 4/5/2021
Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was GOV. & F. on 4/15/2021)(May be acted upon Jan 2022)
Location: 4/30/2021-S. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would authorize a development proponent to submit an application for a development for the complete conversion, as defined, of a structure with a certificate of occupancy as a motel or hotel into multifamily housing units to be subject to a streamlined, ministerial approval process, provided that development proponent reserves 10% of the proposed housing units for lower income households, unless a local government has affordability requirements that exceed these requirements. The bill would require the structure proposed to be converted be vacant for at least 6 months prior to the submission of the application, except as provided. The bill would require the development proponent to comply with specified requirements regarding the payment of prevailing rate or per diem wages for construction work related to the part of the development that is a public work and the use of a skilled and trained workforce on the development, except as provided.

Position

SB 649 **(Cortese D) Local governments: affordable housing: local tenant preference.**
Current Text: Amended: 4/19/2021 html pdf
Introduced: 2/19/2021
Last Amend: 4/19/2021
Status: 5/5/2021-Read second time. Ordered to third reading.
Location: 5/5/2021-S. THIRD READING

Desk	Policy	Fiscal	**Floor**	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would establish a state policy supporting local tenant preferences for lower income households, as defined, that are subject to displacement risk, and, further, permit local governments and developers in receipt of local or state funds, federal or state tax credits, or an allocation of tax-exempt private activity bonds designated for affordable rental housing to restrict occupancy by creating a local housing preference for lower income households subject to displacement risk. The bill, subject to certain requirements and limitations, would authorize a local government to allow a local tenant preference in an affordable housing rental development to reduce displacement of lower income households with displacement risk beyond local government boundaries by adopting a program that allows preferences in affordable rental housing acquired, constructed, preserved or funded with state or local funds or tax programs.

Position

SB 728 **(Hertzberg D) Density Bonus Law: purchase of density bonus units by nonprofit housing organizations.**
Current Text: Amended: 4/15/2021 html pdf
Introduced: 2/19/2021
Last Amend: 4/15/2021
Status: 5/4/2021-Set for hearing May 10.
Location: 4/29/2021-S. APPR.

Desk	Policy	**Fiscal**	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law, commonly referred to as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development within the city or county with a density bonus and other incentives or concessions, as specified, if the developer agrees to construct, among other options, specified percentages of units for moderate-income or, lower, or very low income households and meets other requirements. Current law requires the developer and the city or county to ensure that the initial occupant of a for-sale unit that qualified the developer for the award of the density bonus is a person or family of very low, low, or moderate income. This bill, as an alternative to

ensuring that the initial occupant of a for-sale unit is a person or family of the required income, would authorize the developer and the city or county to ensure that a qualified nonprofit housing organization that is receiving the above-described welfare exemption purchases the unit pursuant to a specified recorded contract that includes an affordability restriction, an equity sharing agreement, and a repurchase option that requires a subsequent purchaser that desires to sell or convey the property to first offer the nonprofit corporation the opportunity to repurchase the property.

Position

SB 735 **(Rubio D) Vehicles: speed safety cameras.**

Current Text: Amended: 3/10/2021 html pdf

Introduced: 2/19/2021

Last Amend: 3/10/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 3/18/2021) (May be acted upon Jan 2022)

Location: 4/30/2021-S. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would authorize a local authority to use a traffic speed safety system, as defined, to enforce speed limits in a school zone. The bill would prescribe requirements for the operation of a traffic speed safety system, including, among other things, notice to the public, issuance of citations, and confidentiality of data. The bill would create an administrative proceeding for persons to pay or contest a citation captured by a traffic speed safety system and a procedure to appeal an adverse decision. The bill would impose a civil penalty for a violation. The bill would require the use of the online adjudicatory tool to determine a person's ability to pay that penalty and require that fees be collected pursuant to the process created in the pilot program described above.

Position

SB 765 **(Stern D) Accessory dwelling units: setbacks.**

Current Text: Introduced: 2/19/2021 html pdf

Introduced: 2/19/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was HOUSING on 3/3/2021)(May be acted upon Jan 2022)

Location: 4/30/2021-S. 2 YEAR

Desk	**2 year**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Planning and Zoning Law, among other things, provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law prohibits a local agency's accessory dwelling unit ordinance from imposing a setback requirement of more than 4 feet from the side and rear lot lines for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure. This bill would remove the above-described prohibition on a local agency's accessory dwelling unit ordinance, and would instead provide that the rear and side yard setback requirements for accessory dwelling units may be set by the local agency. The bill would authorize an accessory dwelling unit applicant to submit a request to the local agency for an alternative rear and side yard setback requirement if the local agency's setback requirements make the building of the accessory dwelling unit infeasible.

Position

SCA 2 **(Allen D) Public housing projects.**

Current Text: Introduced: 12/7/2020 html pdf

Introduced: 12/7/2020

Status: 4/29/2021-From committee: Be adopted and re-refer to Com. on E. & C.A. with recommendation: To consent calendar. (Ayes 9. Noes 0.) (April 29). Re-referred to Com. on E. & C.A.

Location: 4/29/2021-S. E. & C.A.

Desk	**Policy**	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California Constitution prohibits the development, construction, or acquisition of a low-rent housing project, as defined, in any manner by any state public body until a majority of the qualified electors of the city, town, or county in which the development, construction, or acquisition of the low-rent housing project is proposed approve the project by voting in favor at an election, as specified. This measure would repeal these provisions.

February 3, 2021

The Honorable Ro Khanna
U.S. House of Representatives
306 Cannon House Office Building
Washington, DC 20515

Dear Representative Khanna:

I am writing to request that you advocate and vote for critical funding for libraries in the upcoming COVID-19 emergency relief bill. Every day, there are many who are unable to work, learn, and access critical resources because they lack broadband connectivity, digital resources and related services. In Santa Clara, our libraries have continued providing services to our patrons in adherence to the State and County's Stay at Home Orders, while enhancing our online resources and serving as a COVID-19 testing site during the pandemic.

As such, we recognize that libraries are a critical partner in keeping our citizens safe and our economy thriving. America's libraries must be included in the next COVID-19 relief bill. Specifically, the City of Santa Clara is asking for the following:

- Please include $200 million for the Library Services and Technology Act (LSTA) to be distributed through the Institute of Museum and Library Services.
- Please provide every state library a minimum of $2 million in base funding to ensure access to broadband connectivity, digital resources and related services to support distance learners and job seekers.

Communities in California are relying heavily on libraries for a wide range of services to survive the pandemic, especially in hard-hit rural and under-served communities. Library staff have mobilized their resources to keep students learning and workers earning throughout the pandemic, and we need this crucial relief funding to keep going. Our communities are depending on us in this turbulent time.

Thank you for your efforts on this issue.

Sincerely,

Lisa M. Gillmor

Re: Request for COVID-19 Assistance to Maintain Affordable Energy Costs for Customer

Dear Governor Newsom, Chair Skinner, and Chair Ting:

On behalf of City of Santa Clara, we would like to express our appreciation for the quick and decisive leadership and action in providing relief for Californians who are struggling the most during this COVID-19 pandemic. However, additional support is needed to ensure that residents and businesses in Santa Clara are not faced with rising utility costs as a result of the pandemic. The City of Santa Clara supports the request submitted by the California Municipal Utilities Association (CMUA), which seeks at least $1 billion in assistance for publicly-owned water, wastewater and electric utilities.

The City of Santa Clara provides water, wastewater, electricity, and waste collection services at cost and has implemented initiatives that complement the important work of the state and federal governments. Since March 2020, Santa Clara has adopted a wide array of customer assistance measures. These include, but are not limited to, voluntarily suspending residential customer disconnections due to non-payment, waiving late fees on past due bills, working with customers to establish payment arrangements, offered $30 bill credit towards energy efficiency, expanding program offerings to support low-income residential customers through rate assistance programs for customers impacted by COVID-19, launched an energy efficiency grant program for small businesses impacted by COVID-19 up to $10,000 and re-establishing the "Help Your Neighbor" program that allows residents to contribute to a fund that assists customers that are having trouble paying their utility bills due to COVID-19 or other

economic hardships. As a City, we take great pride in our responsibility to provide safe, reliable, and affordable services to our residents and businesses during this difficult time.

Unfortunately, Santa Clara is experiencing a mounting debt of over $12M from customer non-payment or payment deferrals. If the debt exceeds our reserves, we will be forced to increase all customers' electricity rates during these already very challenging times, an outcome we are working hard to prevent.

There have been several efforts to date to provide utility bill relief to customers, but unfortunately those efforts have fallen far short of overall need. For instance, while utility payments are an eligible category in the distribution of funds through the SB 91 Rental Assistance Program, the core focus is rightfully on ensuring Californians can stay in their homes without the fear of eviction. Additionally, California's portion of specific federal funding for water and wastewater utility bills is expected to cover only a very small portion of the entire amount of unpaid bills. And the federal government has only been able to provide an additional $49 million in LIHEAP funding, a federal program aimed to assist low-income households meet their energy needs. This means that further assistance is needed to help customers with their past-due water, wastewater and electric utility bills. As such, we strongly urge the Legislature to allocate at least $1 billion in additional and dedicated funding for publicly owned utilities and water/wastewater agencies to work with their customers on arrearages, preferably as an early budget action so assistance can be provided as soon as possible.

Thank you for your consideration and continued leadership. We welcome a discussion on this topic along with our fellow publicly owned utilities on this topic and the opportunity to provide more information on how funds can best be targeted to address POU customer challenges. If you would like more information about our Santa Clara's electric or water utility, or to discuss this further, please contact Basil Wong at (510) 566-3500 or email bwong@santaclaraca.gov.

RE: Request for $36.5 Million in a One-Time Investment for Worker Ownership Transitions to Protect Small Businesses - SUPPORT

Dear Legislative and Budget Leadership:

The undersigned organizations listed below write in support of Assemblymember Kalra's request for a one-time investment of $36.5M to fund outreach, education, technical assistance, and forgivable loans or other forms of favorable financing to small businesses undergoing worker ownership transitions. This budget request was co-signed by Assemblymembers Bonta, Chiu, Gonzalez, Villapudua, and Wicks.

The City of Santa Clara takes very seriously the need to support our small business community; we are a community built on the successes of small businesses. We see worker ownership as a way of providing additional options for business owners thinking about their future, and in 2019 we took deliberate action to advance this cause. Through unanimous action by the City Council, we created the Worker Cooperative Initiative focused on bringing these ownership models to our city and funded the program with $100,000. We have since passed a formal and unanimous Resolution (#20-8823) entitled, "A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA SUPPORTING THE DEVELOPMENT AND GROWTH OF WORKER COOPERATIVES IN THE CITY" and have engaged the leading experts in this field to educate our business community about worker ownership and help the City build a sustainable worker cooperative program.

Building on provisions in the 2020 Budget Act, and recent recommendations from The Little Hoover Commission and Public Policy Institute of California, we urge you to continue your integral leadership in protecting small businesses and their workers so we can rebuild the economy with inclusion and equity at the forefront.

Recommendation #1: Employee Ownership Outreach Campaigns through State Agencies
Working with an advisory group from the worker ownership field, launch a three-year, $1.5M worker ownership awareness campaign through GO-Biz, IBank, and LWDA targeting California's small business owners, workers, lenders, economic development stakeholders, and consumers. These campaigns would educate California's small business owners about worker ownership as a succession plan and exit option; workers about the job-saving and wealth-building potential of worker buyouts; lenders and economic development stakeholders about the viability and mechanics of these business transitions; and consumers about the community-level benefits of shopping worker-owned.

Recommendation #2: Expand Capital for Worker Ownership Transitions through IBank Loan Guarantees, Incentives, and Other Financial Supports
Allocate $35M to support IBank guarantees to facilitate worker ownership transitions across rural and urban communities statewide, in alignment with LWDA-initiatives like Social Entrepreneurs for Economic Development (SEED), and IBank's CA Rebuilding Fund. Recommended components include 95% IBank guarantees on loans for worker buyouts, favorable terms such as below-market interest rates, extended maturities, and other financial supports such as provisions for full or partial forgiveness of loan principal or interest under specified, equity-driven conditions. This could also be implemented through grant funding or a special trust that would pay off loans when specified conditions are met, including generally removing regulatory barriers (e.g. unnecessary personal guarantees), and raising awareness among IBank's participating lenders regarding worker ownership.

Recommendation #3: Feasibility Study Subsidies
Provide direct funding to subsidize feasibility studies for worker ownership transitions to worker cooperatives and 100% Employee Stock Ownership Plans (ESOPs). Existing funding streams may be available for this purpose (e.g. WIOA Rapid Response dollars for layoff aversion and High Road Training Partnerships) but require administrative clarity from the State.

Making owners out of employees will create opportunities for wealth-building and community stability and help California to not just survive COVID-19, but to create a more inclusive, equitable, and stable economy fit for the 21st century.

Sincerely,

Mayor Lisa Gillmor

RE: Request for $36.5 Million in a One-Time Investment for Worker Ownership Transitions to Protect Small Businesses - SUPPORT

Dear Legislative and Budget Leadership:

The undersigned organizations listed below write in support of Assemblymember Kalra's request for a one-time investment of $36.5M to fund outreach, education, technical assistance, and forgivable loans or other forms of favorable financing to small businesses undergoing worker ownership transitions. This budget request was co-signed by Assemblymembers Bonta, Chiu, Gonzalez, Villapudua, and Wicks.

The City of Santa Clara takes very seriously the need to support our small business community; we are a community built on the successes of small businesses. We see worker ownership as a way of providing additional options for business owners thinking about their future, and in 2019 we took deliberate action to advance this cause. Through unanimous action by the City Council, we created the Worker Cooperative Initiative focused on bringing these ownership models to our city and funded the program with $100,000. We have since passed a formal and unanimous Resolution (#20-8823) entitled, "A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA SUPPORTING THE DEVELOPMENT AND GROWTH OF WORKER COOPERATIVES IN THE CITY" and have engaged the leading experts in this field to educate our business community about worker ownership and help the City build a sustainable worker cooperative program.

Building on provisions in the 2020 Budget Act, and recent recommendations from The Little Hoover Commission and Public Policy Institute of California, we urge you to continue your integral leadership in protecting small businesses and their workers so we can rebuild the economy with inclusion and equity at the forefront.

Recommendation #1: Employee Ownership Outreach Campaigns through State Agencies
Working with an advisory group from the worker ownership field, launch a three-year, $1.5M worker ownership awareness campaign through GO-Biz, IBank, and LWDA targeting California's small business owners, workers, lenders, economic development stakeholders, and consumers. These campaigns would educate California's small business owners about worker ownership as a succession plan and exit option; workers about the job-saving and wealth-building potential of worker buyouts; lenders and economic development stakeholders about the viability and mechanics of these business transitions; and consumers about the community-level benefits of shopping worker-owned.

Recommendation #2: Expand Capital for Worker Ownership Transitions through IBank Loan Guarantees, Incentives, and Other Financial Supports
Allocate $35M to support IBank guarantees to facilitate worker ownership transitions across rural and urban communities statewide, in alignment with LWDA-initiatives like Social Entrepreneurs for Economic Development (SEED), and IBank's CA Rebuilding Fund. Recommended components include 95% IBank guarantees on loans for worker buyouts, favorable terms such as below-market interest rates, extended maturities, and other financial supports such as provisions for full or partial forgiveness of loan principal or interest under specified, equity-driven conditions. This could also be implemented through grant funding or a special trust that would pay off loans when specified conditions are met, including generally removing regulatory barriers (e.g. unnecessary personal guarantees), and raising awareness among IBank's participating lenders regarding worker ownership.

Recommendation #3: Feasibility Study Subsidies
Provide direct funding to subsidize feasibility studies for worker ownership transitions to worker cooperatives and 100% Employee Stock Ownership Plans (ESOPs). Existing funding streams may be available for this purpose (e.g. WIOA Rapid Response dollars for layoff aversion and High Road Training Partnerships) but require administrative clarity from the State.

Making owners out of employees will create opportunities for wealth-building and community stability and help California to not just survive COVID-19, but to create a more inclusive, equitable, and stable economy fit for the 21st century.

Sincerely,

Mayor Lisa Gillmor

RE: SB 9 (Atkins) – OPPOSE

Dear Pro Tem Atkins,

On behalf of the City of Santa Clara, I am writing to express our opposition to SB 9, which would require cities and counties to permit ministerially either a housing development of up to two units, or the subdivision of a parcel into two equal parcels, as long as they meet specified conditions.

The City of Santa Clara is a leader in providing much needed housing for the region. We have thousands of new housing units in the entitlement process and under construction and are planning for thousands more through new Specific Plans. We strongly advocate that local cities be given the opportunity to responsibly plan for new housing growth in a manner that allows for the development of new neighborhoods that are both attractive and provide a full range of amenities to their residents, rather than the unplanned insertion of units where they can disrupt the established neighborhood character. Accordingly, we assert that the approach taken by SB 9 is counter-productive to the goal of providing a quality living environment for future residents and will ultimately result in increased community opposition to new housing production.

Specifically, SB 9 requires a housing development on an eligible single-family zoned parcel containing two units to be considered ministerially. SB 9 also requires a city or county to ministerially approve or deny a parcel map for an urban lot split that meets specified requirements.
While SB 9 does allow a local government to adopt an ordinance to implement its duplex and lot split provisions, the bill otherwise eliminates public review and input on these projects and undermines comprehensive land use planning documents, such as the City's General Plan. Because SB 9 would override local land use plans and regulations, it ignores the careful planning that has been undertaken at the local level. Local planning efforts encourage public engagement and provide a collaborative process by which a local agency can determine what housing solutions are most appropriate for communities and how to appropriately plan for future growth.

SB 9 and similar legislation to streamline permit review processes reduce public engagement and eliminate the opportunity for input on pending developments. Public comments by local residents often bring to light a potential adverse impact of a proposed development, or elements that the community would like to see incorporated into the project. Consideration of such public input during the permit review process leads to higher quality development and should not be eliminated.

It is for these reasons that the City of Santa Clara has taken an oppose position on SB 9.

Sincerely,

Lisa Gillmor
Mayor, City of Santa Clara

Santa Clara County Board of Supervisors
70 West Hedding Street
East Wing, 10th Floor
San Jose, CA 95110

RE: Laura's Law in Santa Clara County

Dear Santa Clara County Board of Supervisors,

On behalf of the City of Santa Clara, I am writing to encourage the County not to opt out of offering Assisted Outpatient Treatment (AOT), as required under Assembly Bill (AB) 1976. Signed into law last year, AB 1976 removes the sunset date of AOT, commonly known as Laura's Law, and provides a tool for treating the mentally ill through court-ordered assisted outpatient treatment. In approving AB 1976, the State Legislature broadly recognized the need for solutions that help individuals receive the care they need to live safely in their communities.

Mental illness and substance use are prolific problems nationally, throughout the state, and in our local communities. In 2018, the California Health Care Foundation reported that 62.8% of California adults with mental illness did not receive mental health services. The California Department of Health Care Services (DHCS) reports that the majority of individuals in AOT have co-occurring diagnoses, meaning that they have both a mental health and substance use disorder. Locally, the 2019 North County Homeless Census and Survey found that 38% of respondents reported psychiatric or emotional conditions and 26% of respondents reported that mental health services might have prevented them from becoming homelessness.

A 2020 DHCS report on Laura's Law implementation in 19 counties showed a reduction in violent behavior by 64%, homelessness by 30%, hospitalization by 33%, and contact with law enforcement by 46%. In addition, a 2020 California State Auditor Report found that AOT is an effective community-based approach to mental health treatment to help prevent future involuntary holds and conservatorships. This data reflects the importance of having AOT available and its impact to individuals with mental illnesses and their communities.

As we work to address these important issues within our community, the City of Santa Clara recognizes the need for a diverse set of options for residents in dire need of community-based outpatient care and supports efforts to assist individuals in crisis. For these reasons, we urge you to adopt Laura's Law as a tool that will help close gaps in behavioral health care. Thank you for your consideration.

Sincerely,

Lisa M. Gillmor
Mayor, City of Santa Clara

April 20, 2021

The Honorable Dianne Feinstein
United States Senate
331 Hart Senate Office Building
Washington, DC 20510

The Honorable Alex Padilla
United States Senate
B03 Russell Senate Office Building
Washington, DC 20510

The Honorable Ro Khanna
United States House of Representatives
306 Cannon House Office Building
Washington, DC 20515

Dear Senator Feinstein, Senator Padilla, and Congressman Khanna,

On behalf of the City of Santa Clara, I write to express my strong support for the City of Santa Clara's Great America Parkway Traffic Improvement and Traveler Information Project, El Camino Real Class IV Bikeway & Pedestrian Improvements, and De La Cruz Blvd, Lick Mill Blvd, and Scott Blvd Bicycle Projects.

The City requests funding for these three projects as they will enhance safety, improve mobility, and reduce air pollution, greenhouse gases, and vehicle miles traveled. The Great America Parkway Traffic Improvement and Traveler Information Project will install buffered bicycle lanes, widen roadways, install additional travel lanes, modify traffic signals, reconstruct pavement, and construct seven (7) permanent changeable message signs in North Santa Clara. The project improves Great America Parkway, a major arterial that connects the US-101 freeway to regional land uses such as Levi's Stadium, the Santa Clara Convention Center, Great America Theme Park, and Mission College. The El Camino Real Class IV Bikeway & Pedestrian Improvements is a high priority project in the Santa Clara Bicycle Plan Update 2018 and Santa Clara Pedestrian Master Plan 2019. The project will provide protected bicycle lanes and pedestrian improvements to enhance safety at three priority locations along El Camino Real which is State Highway 82 and a regional thoroughfare that connects San Jose and San Francisco through the City of Santa Clara. The De La Cruz Blvd, Lick Mill Blvd, and Scott Blvd Bicycle Projects are three high priority bicycle projects also identified in the Santa Clara Bicycle

Plan Update 2018. This project will provide dedicated bicycle facilities to many school and parks within the City. Both projects will greatly benefit residents and businesses in the region.

The City of Santa Clara is home to nearly 130,000 residents. Without the implementation of these projects, the community will continue to face existing challenges to walk, bike, and drive safely throughout the City. These requested funds will ensure that the Santa Clara residents and businesses have access to transportation facilities that enhance safety and reduce traffic congestion for the region.

For these reasons, I ask that you give the City's request for funding full and fair consideration. These funds would transform the City of Santa Clara and have long term impacts on the Silicon Valley region.

Sincerely,

Lisa M. Gillmor
Mayor, City of Santa Clara

The Honorable Ro Khanna
United States House of Representatives
306 Cannon House Office Building
Washington, DC 20515

The Honorable Alex Padilla
United States Senate
B03 Russell Senate Office Building
Washington, DC 20510

Dear Senator Feinstein, Senator Padilla, and Congressman Khanna,

The California Transportation Commission (CTC) 2020 STIP Guidelines and Metropolitan Transportation Commission (MTC) state that any capital project, including a new bike path as well as improved bicycle and pedestrian accessibility and safety, may be programmed in the STIP to receive federal funding. The City of Santa Clara Great America Parkway Traffic Improvement and Traveler Information Project, El Camino Real Class IV Bikeway & Pedestrian Improvements Project and De La Cruz Blvd, Lick Mill Blvd, and Scott Blvd Bicycle Project all meet these criteria and are eligible to be included on the STIP.

As the local government agency that would be responsible for implementing the project, the City will be working with the CTC and MTC, as well as other local stakeholders such as the Valley Transportation Authority (VTA), as the process for developing the 2022 STIP begins later this year.

These projects will enhance safety, improve mobility, and reduce vehicle emissions while connecting local residential communities, schools, libraries, and major employers within the Silicon Valley. The requested funds will ensure that Santa Clara residents and businesses have access to safer bicycle facilities that provide alternative modes of transportation to reduce traffic congestion as well as increase bicycle and pedestrian safety for the region.

These projects are all identified in the Santa Clara Bicycle Plan Update 2018. The El Camino Real Class IV Bikeway and Pedestrian Improvement project is also included in the Santa Clara Pedestrian Master Plan 2019. Each of these projects meet the criteria of the STIP.

Please let me know if you have any questions.

Sincerely,

Lisa M. Gillmor

The Honorable Bill Quirk
Chair, Assembly Environmental Safety and Toxic Materials Committee
State Capitol, Room 2163
Sacramento, CA 95814

RE: AB 332 (Committee on Environmental Safety and Toxic Materials) – SUPPORT

Dear Assembly Member Quirk:

On behalf of the City of Santa Clara, I am writing to inform you of our support of AB 332, your committee's measure related to treaded wood waste. This bill would ensure that your constituents are protected from toxic treated wood waste, and that businesses have sufficient guidelines and resources to properly dispose of the waste they produce.

The statute and regulations that authorized treated wood waste to be handled with alternative management standards expired on December 31, 2020. As a result, treated wood waste that exhibits the hazardous waste characteristics of toxicity will be fully regulated hazardous waste and will no longer be eligible for disposal in Class II or Class III landfills. The sunset of this statute and regulations means that hazardous treated wood waste must now be transported to a Class I hazardous waste landfill, or to an authorized out of state landfill, for disposal.

AB 332 will reinstate the provisions that were allowed to sunset at the end of 2020, empowering the Department of Toxic Substances Control to adopt and revise, as necessary, management standards for treated wood waste, ensuring businesses have clear direction for safely disposing of their waste. AB 332 further states these protections will remain in place unless actively appealed, rather than putting in place a sunset clause similar to that which characterized past legislation. As an urgency statute, AB 332 will lead to the expedient implementation of the necessary guidelines.

Preserving the safety and well-being of the people of Santa Clara requires proper disposal of treated wood waste. It is for these reasons that the City of Santa Clara is glad to support AB 332.

Sincerely,

Lisa M. Gillmor

The Honorable Ben Allen
Chair, Senate Environmental Quality Committee
State Capitol Building, Room 2205
Sacramento, CA 95814

RE: SB 619 (Laird) – SUPPORT

Dear Senator Allen,

On behalf of the City of Santa Clara, I would like to express our support for SB 619 (Laird), which would help local governments implement SB 1383 (Lara, 2016) and the subsequent CalRecycle regulations. Specifically, SB 619 would allow, until January 1, 2023, for CalRecycle to only impose a penalty for non-compliance with the SB 1383 regulations if it finds that the jurisdiction did not make a reasonable effort to comply with the regulations.

Over the past several years, CalRecycle has been developing sweeping regulations to implement statewide organic waste diversion goals set forth in SB 1383 by Senator Lara in 2016. SB 619 seeks to help local governments implement SB 1383 by allowing for additional time and flexibility to comply with the regulations.

Currently, local governments have until January 1, 2022, to implement the sweeping requirements outlined in the Regulations. Additional time and flexibility to comply with the Regulations is needed to take into account when the Regulations were finalized, the outbreak of COVID-19, and the effects these Regulations will have on city residents and businesses. Although the Regulations had been in development for several years, they were not finalized until November 2020, only giving local governments thirteen months to fully implement various facets of the Regulations.

The timelines contemplated in SB 1383 and the Regulations also do not take into account the COVID-19 pandemic and the associated shifting of city staff and resources to protect public health and safety. Cities have been on the front lines helping ensure that our residents are safe and critical city operations remain operational.

Lastly, given that the Regulations do not have a source of state funding to implement, the burden of paying for the costs associated with implementing the program will fall to our residents and our businesses. With all of the economic hardships facing cities, residents, and businesses, more time and flexibly implementing the Regulations will be needed to soften the blow of increased solid waste rates.

Cities are working diligently to implement SB 1383 and are committed to fully implementing the program. However, given the reasons outlined above, additional time and flexibility is needed in order to avoid our serious challenges. SB 619 will ensure that cities are not penalized for non-compliance as we work to implement programs pursuant to the recently enacted regulations.

For these reasons, the City of Santa Clara supports SB 619.

Sincerely,

Lisa M. Gillmor
Mayor, City of Santa Clara

cc: Senator John Laird
Members, Senate Environmental Quality Committee

U.S. PIRG
Standing Up To
Powerful Interests

Dear President Biden and Members of Congress:

We, the undersigned local elected officials, urge you to boldly invest in the kinds of infrastructure that will help put our nation's communities on a visionary and sustainable path. For far too long, our nation has allowed infrastructure to deteriorate - from crumbling roadways to broken sewage systems. Some infrastructure - including unnecessary highway expansions, lead service lines, combined sewers, giant landfills, power plants and pipelines - created new problems. As a result, our communities face far more pollution than we should tolerate while their core needs are often unmet.

The COVID-19 pandemic brought several of these problems into stark relief. Safe drinking water is essential to handwashing and staying hydrated while at home. Air pollution has worsened COVID outcomes. Our natural yearning for open space is intensified when indoor gatherings are limited. And yet, COVID-19 has also battered the finances of state and local governments, making it even harder for us to repair and invest in infrastructure on our own.

To address these challenges, we need a transformative national infrastructure plan that addresses communities' 21st century priorities. We must invest in infrastructure that makes us healthier and safer, and prioritizes "fix it first" over flashy new structures. By focusing on projects that are truly shovel-worthy (not just shovel-ready), we can meet our communities' key needs efficiently and use taxpayer dollars wisely.

We ask that the following be included in your infrastructure plans to help the country get back on its feet in the wake of a challenging year and build a better future:

- Clean Water: Invest an additional $11.5 billion per year in water infrastructure that prevents runoff pollution and sewage overflows; and keeps our drinking water safe from lead, PFAS, and other contaminants.

- Clean Transportation: Expand and electrify public transportation by increasing funding for Capital Investment Grants, and support community deployment of electric buses with new funding for the Low or No Emissions Vehicle program.

- Clean Energy: Invest in renewable energy infrastructure by expanding and modernizing tax credits for wind, solar, and energy storage projects, and by providing grants to help communities reduce energy use and deploy clean energy projects.

- Natural Infrastructure: Invest in protecting and restoring America's wetlands, forests, rivers, and coastlines with the goal of protecting 30 percent of our lands and oceans by 2030.

- Reducing waste: Support efforts to reduce waste generation, and promote composting and recycling (excepting any chemical waste conversion) and move towards "zero waste."

- Healthy schools: Provide funding to transition to zero-emission electric school buses and to ensure safe drinking water by replacing fountains and other lead-bearing parts and installing filters.

- Accessible broadband: Expand broadband internet access to support distance learning and remote working during COVID-19 and beyond.

While our nation remains divided on many issues, public support for infrastructure investment is overwhelming and transpartisan. As just one example, 84 percent of Americans support increased federal spending on infrastructure to ensure clean water.

Thus, creating and supporting a bold vision to address our infrastructure provides a rare opportunity to bring our nation together to address real and significant challenges facing our communities and our nation as a whole. Please use this opportunity to make bold investments in projects and approaches that deliver lasting benefits for our communities and for future generations.

Sincerely,

MAYORS UNITED AGAINST ANTISEMITISM

AN INITIATIVE OF AMERICAN JEWISH COMMITTEE AND THE U.S. CONFERENCE OF MAYORS

MAYORS UNITED AGAINST ANTISEMITISM

Five years ago, U.S. mayors from all fifty states issued a call to action to combat antisemitism in Europe. Not alone in their concern, mayors from across Europe joined in the fight and signed onto the pledge.

Since then, vicious attacks on American soil have demonstrated that antisemitism must be confronted with the same urgency in the United States. In October 2018, eleven Jews were killed in the deadliest attack against the Jewish community in U.S. history at the Tree of Life Synagogue in Pittsburgh, Pennsylvania. Jews have also been murdered in Poway, California; Jersey City, New Jersey; and Monsey, New York simply for being Jews. We witnessed chants of "Jews will not replace us" in Charlottesville and "Camp Auschwitz" and other antisemitic messages displayed during the assault on the U.S. Capitol.

According to the FBI 2019 Hate Crimes Statistics, American Jews—who make up less than 2% of the American population—were the victims of 60.2% of anti-religious hate crimes.

And so we gather again, as leaders of our cities and communities, to jointly say:

"Enough."

We, the undersigned Mayors, express our deep conviction that antisemitism is not only an attack on Jews but an assault on the core values of any democratic and pluralistic society.

In a world of global communications, where antisemitic ideas spread rapidly, a concerted and principled response is required to raise awareness, to educate, and to ensure decency prevails. As Mayors and municipal leaders, we have a unique responsibility to speak out against the growing menace of antisemitism by affirming the following:

We, the undersigned,

- Condemn antisemitism in all its forms, including hatred and prejudice directed toward Jews, stereotypes or conspiracy theories about Jews, Holocaust denial or distortion, and denying the Jewish people's right to self-determination and/or the Jewish state's right to exist;

- Support national, state, and local government efforts directed at eradicating antisemitism and preventing extremist indoctrination and recruitment; and support expanded education programs, including Holocaust programs, to counter intolerance and discrimination;
- Reject the notion that opinions about the policies, actions, or existence of the State of Israel can ever justify or excuse antisemitic acts;
- Recognize the ever-present need to be vigilant about efforts to prevent and report acts of antisemitism and other hate crimes; and
- Affirm that a climate of mutual understanding and respect among all citizens is the bedrock of pluralistic communities.

We therefore commit to working within and across our communities to advance the values of respectful coexistence. We call upon mayors, municipal leaders, and other elected officials in the United States and around the world—and all people of good faith—to join us in declaring unequivocally that antisemitism is incompatible with fundamental democratic values.

THIS IS AN INITIATIVE OF AMERICAN JEWISH COMMITTEE (AJC) AND THE U.S. CONFERENCE OF MAYORS (USCM).

250+ Mayors Have Spoken Out Against Growing Antisemitism

American Jewish Committee (AJC) and The U.S. Conference of Mayors call on mayors and municipal leaders in the United States and around the world—and all people of good faith—to join us in declaring unequivocally that antisemitism is incompatible with the democratic values that are at the very bedrock of our society.

The joint initiative calls on mayors across the country to **sign a statement** about the need to combat antisemitism.

For more information, please contact **mayors@ajc.org**.

REPORT TO COUNCIL

SUBJECT
Informational Report on COVID-19 Legislative Updates from Townsend Public Affairs for April 5 - May 9, 2021

COUNCIL PILLAR
Enhance Community Engagement and Transparency

BACKGROUND
The City of Santa Clara engages in a variety of legislative efforts, including developing an annual legislative platform through its Legislative Advocacy Positions (LAPs), advancing the City's goals and policy positions with regional, state, and federal elected officials and agencies, participating in regional and state committees, boards, and commissions, responding to requests for legislative support or comments for bills, ballot measures, and initiatives, identifying budget opportunities and applying for grant funding to support City programs and infrastructure.

The City has an existing agreement with Townsend Public Affairs, LLC (Townsend) for state and federal legislative advocacy services, which includes tracking legislation and providing progress reports as part of the firm's scope of work.

DISCUSSION
Townsend has been keeping staff apprised of state and federal COVID-19-related legislative activity since the beginning of the pandemic. These pertinent updates have helped guide the implementation of City COVID-19 programs, including meal distribution and small business assistance, and were previously included as part of the City Manager's verbal COVID-19 updates to the Council.

Attached is a summary of Townsend's updates for the period between April 5 - May 9, 2021. Staff shares these updates on a monthly basis.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT
The City has an existing agreement with Townsend for a not-to-exceed amount of $252,000. There is no additional cost to have Townsend provide these COVID-19 legislative updates as they are included as part of the monthly scope of work that the City is billed for.

COORDINATION
This report has been coordinated with the City Attorney's Office.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION
Note and file the Informational Report on COVID-19 Legislative Updates from Townsend Public Affairs for April 5 - May 9, 2021.

Prepared by: Christine Jung, Assistant to the City Manager
Approved by: Deanna J. Santana, City Manager

COVID-19 LEGISLATIVE UPDATE FOR APRIL 5 – MAY 9, 2021

April 6, 2021 Update

- **California to Move Past the County Tier System:** Earlier today, Governor Newsom announced that the State's next step in the COVID-19 pandemic recovery includes moving beyond the Blueprint for a Safer Economy, which is the system that places counties into colored tiers. This move is based on that fact that California has administered 20 million vaccines, including 4 million to the hardest-hit communities.
    - **The State aims to fully reopen on June 15**, and will continue to require wearing masks and encourage all Californians to get vaccinated. Two criteria must be met in order to fully reopen the economy, which the entire state would do as a whole:
        - Vaccine supply must be sufficient for Californians 16 years and older who wish to be inoculated; and
        - Hospitalization rates must be stable and low
    - There are still Cal/OSHA standards and requirements that exist. The Governor's administration has stated they will coordinate with Cal/OSHA to try and have regulations as aligned as possible.
    - The state is still considering whether high risk activities/venues will need to require vaccination for attendees if they increase to full capacity. However, there will be a pathway for non-vaccinated people to attend high risk activities/venues via testing.
    - The 2 exceptions to full re-opening will be:
        - Conventions, which will be held to 5,000 people, unless there is a system to testing attendees.
        - Large outdoor events (that do not have fixed seating) such as music festivals. Guidance is still being formed on this and similar events.
    - Additional information and updated guidance/FAQs will be put out in the coming days.
    - For more information on the state's move beyond the Blueprint, click HERE.

- **Federal Infrastructure and Stimulus Plan:** This week, the **Senate parliamentarian ruled** that the annual budget resolution can be revised to include new reconciliation instructions, which frees up Democrats to pass more than one bill under reconciliation rules each year.
    - As a reminder, these bills can't be filibustered but they are guided by a set of restrictions, most notably the Byrd Rule, which prohibits non-budgetary policies from being included.
    - This was used to pass the first stimulus bill under the Biden Administration, the American Rescue Plan Act (ARPA)
    - **If the annual budget resolution can be revised once, it can be revised again.** So theoretically, Democrats may choose to use the tool as often as they

want, which allows them to not need Republican votes as long as the party all votes in favor.

- **FEMA COVID-19 Funeral Costs:** FEMA announced it will provide financial support to offset the cost of funeral services for COVID-19 victims.
    - The financial support is available for individuals who died in the US from COVID-19 (documented on the death certificate) after January 20, 2020, and while applicants must be US citizens or residents, there is no citizenship or residency requirement for the deceased individuals.
    - FEMA is offering up to $9,000 per funeral, and applicants can submit requests for multiple COVID-19 victims, up to $35,500 per application.
    - Some of the funding for this program was allocated in the December 2020 federal COVID-19 relief package, which provided $2 billion to FEMA to cover funeral costs for COVID-19 victims in 2020.

April 9, 2021 Update[1]

- **ARPA State and Local Funding:** TPA participated in a call with the White House and the Department of Treasury this week to discuss the state and local funding contained within the American Rescue Plan Act (ARPA). Treasury indicated that they are working to publish final funding allocations, as well as the implementation guidance, by the end of April.

- **American Families Plan:** The White House said that Biden will propose an American Families Plan as soon as this month. This Plan would be in addition to the infrastructure proposal, the American Jobs Plan, released by the Biden Administration last week.
    - Among other provisions, the American Families Plan will include expanded benefits for child care, as well as health-related measures.
    - Some Democrats have called for both proposals to be wrapped into one large package, as there is a concern that there will not be enough time, and political capital, to pass two multitrillion-dollar pieces of legislation so recently after the passage of the $1.9 trillion ARPA.

- **HOME Supplemental Funds:** Yesterday, HUD announced the allocation of $5 billion in American Rescue Plan funds to help communities across the country create affordable housing and services for people experiencing or at risk of experiencing homelessness.
    - The City of Santa Clara will receive $1,604,104
    - The supplemental funding is allocated through the HOME Investment Partnerships Program to 651 grantees, including states, insular areas, and local governments. A full list is attached, including allocations to the state and counties[2].
    - Funding can be used for development of affordable housing, tenant-based rental assistance, supportive services, and acquisition and development of non-congregate shelter units.
    - Funds must be spent by 2030.
    - HOME-ARP funding is the first of two homelessness-related funding opportunities from the American Rescue Plan that HUD will release.

[1] Townsend's Weekly Update can be found after the legislative updates.

[2] American Rescue Plan HOME Supplemental Allocations can be found after the legislative updates.

- In the coming weeks, HUD will announce the allocation of funding for emergency vouchers for people experiencing and at-risk of homelessness.

- **Governor Newsom and Legislative Leaders Announce Early Budget Action for Wildfire Prevention:** Yesterday, Governor Gavin Newsom, Senate President pro Tempore Toni G. Atkins (D-San Diego) and Assembly Speaker Anthony Rendon (D-Lakewood) announced a $536 million funding plan to help improve California's resilience to wildfires.
  - The $536 million funding packaging includes $125 million from Greenhouse Gas Reduction Funds and $411 million from the General Fund. The Administration and Legislature also hope to draw federal disaster prevention grants to match money spent on home hardening.
  - Key parts of the Administration's initial proposal have been supplemented by legislative ideas that will pay dividends over the years, such as greater investments in forest health projects, improvements on defensible space, home hardening against fires, fire prevention grants, and prevention workforce training.
    - The plan includes public and private lands vegetation management, community-focused efforts for prevention and resilience and economic stimulus for the forestry economy.
  - The funding package's fiscal and programmatic details are outlined in Senate Bill 85 and Assembly Bill 79, respectively.

April 13, 2021 Update

- **Governor Newsom Signs Early Budget Action Package on Wildfires:** Today, the Governor signed a $536 million wildfire package enabling the state to take urgent action on projects that support wildfire suppression, improve forest health, and build resilience in communities to help protect residents and property from catastrophic wildfires in diverse landscapes across the state.
  - Today's package, which was signed into law via Senate Bill 85, invests in wildfire resilience projects including forest management, fuel breaks, and hardening infrastructure in high-risk communities, amongst other critical areas.
  - This package builds on the Governor's announcement last week of an expanded state task force to deliver on key commitments of the Wildfire and Forest Resilience Action Plan. Additionally, the package builds upon the $80.74 million in emergency funds for 1,399 additional firefighters with CAL FIRE to bolster fuels management and wildfire response efforts which Governor Newsom authorized in March.

- **State Lifts Capacity Limits on Places of Worship:** In response to recent judicial rulings, the California Department of Public Health has revised the state's restrictions on church worship during the coronavirus pandemic, changing the capacity limits from mandates to recommendations.
  - Under the revisions, the State recommends that counties in the purple tier should strongly discourage indoor activities and should be limited to 25%; in the Red Tier indoor activities should be limited to 25% capacity; in the Orange and Yellow Tiers indoor activities should be limited to 50%.

- **Child Tax Credit Portal**: The IRS is on track to open an online portal to manage recent changes to the Child Tax Credit by July 1

- The latest pandemic relief package (Public Law 117-2) temporarily expanded the Child Tax Credit and directed the IRS to deliver advanced payments of the 2021 credit beginning July 1, instead of having individuals claim a lump sum on their tax return next filing season.
- It also tasked the agency with developing an online portal that would allow people to opt out of the advanced payments and update information that can affect credit eligibility and amount.

- **Meals for the Homeless:** This week, the USDA announced that young adults under the age of 25 experiencing homelessness will now be able to receive meals at emergency shelters participating in the Child and Adult Care Food Program (CACFP).
  - CACFP is a federal program that provides child care centers, day care homes, and adult day care centers reimbursements for nutritious meals and snacks they serve to eligible children and adults enrolled at their facilities. CACFP also provides reimbursements for meals served to children and youth participating in afterschool care programs, children living in emergency shelters, and adults over the age of 60 or living with a disability and enrolled in day care facilities.
  - Under normal circumstances, USDA only reimburses shelters for meals served to children, through age 18, but the American Rescue Plan (ARP) Act expanded several nutrition assistance programs to reach the most vulnerable populations experiencing food hardship due to the pandemic, including homeless young adults.

April 23, 2021 Update

- **California Law Passed to Rehire Workers Laid Off During COVID-19:** Last Friday, Governor Newsom signed Senate Bill 93, which will require certain employers including hotels, large event centers and airports, as well as janitorial, security and maintenance workers at commercial buildings, to offer jobs first to the former workers they laid off during the coronavirus pandemic when rehiring.
  - In order to qualify, one would have to have been employed by their employer for at least six months in 2019. If multiple workers qualify for one position, the bill would require companies to rehire based on seniority.
  - Companies would have to offer jobs within five business days of establishing a position. Once offered, workers would then have five business days to decide whether they want to accept it.

- **CDC Advisory Committee Recommends Resuming use of J&J Vaccine:** Earlier today, a federal advisory panel of health experts voted to recommend the CDC resume use of the Johnson & Johnson single use vaccine, 10 days after federal health officials recommended the pause.
  - The CDC and FDA must still issue their own decision on whether to life or continue the pause. That guidance could come at any time, and several experts have recommended that the CDC and FDA act quickly now that a thorough review has shown that clotting complications are exceedingly rare.
  - Governor Newsom did not immediately respond to the advisory panel recommendation; however, his Administration has been quick to follow the guidance of the CDC and FDA. Should those bodies permit for the resumption of use of the Johnson & Johnson vaccine, it is likely that California would act in a similar fashion.

- California currently has approximately 1.2 million doses of the J&J vaccine in inventory that could be immediately administered if the pause is lifted.

- **GOP Infrastructure Plan:** This week senior Senate Republicans proposed a $568 billion infrastructure plan to counter President Biden's $2.25 trillion jobs package.
  - The overall plan is significantly narrower than the President's plan, focusing mostly on transportation infrastructure, broadband, and water projects.
  - Their plan includes:
    - $299 billion for roads and bridges
    - $61 billion for public transit
    - $20 billion for rail
    - $44 billion for airports
    - $7 billion for water ports
    - $65 billion for broadband
    - $13 billion for safety agencies like NHTSA, FMCSA, and PHMSA
  - The plan describes the principles about how the bill should be paid for but is sparse on specifics.
    - It calls for repurposing unused federal funding from previous Covid relief bills, using "financing tools" and spending from the private sector, and unspecified user fees.
    - It specifically opposes rolling back 2017 GOP tax cuts and/or adding to the national debt.

- **School Lunches:** USDA announced this week that it would extend pandemic flexibilities for schools and daycare facility lunches, making all K-12 lunches free through spring 2022.
  - The effort attempts to reach more than 12 million youths experiencing food insecurity.
  - Child nutrition program waivers were implemented at the beginning of the pandemic and have allowed schools to adapt programs to better meet the children's needs.

- **Summer School:** Educators nationwide are planning for huge boosts in summer school enrollment this year. ARPA set aside $1.2 billion that states, districts, and schools must use to facilitate summer programming for students.
  - This comes after more than a full school year of pandemic learning that saw students uprooted from the classroom and onto computer screens.
  - Attracting qualified teachers remains as perhaps the most challenging hurdle in getting these programs up and running. Some states and school districts have proposed increasing hourly pay by significant amounts.

- **Rural Broadband:** Earlier this week, House Agriculture Committee Chairman David Scott (D-GA) has called for comprehensive rural broadband legislation to come to fruition by the end of 2021.
  - Rural expansion could cost anywhere from $60 billion to $150 billion. President Biden proposed $100 billion for rural broadband in his infrastructure plan.

April 28, 2021 Update

- **American Families Plan:** Today, the Biden administration announced the details of the $1.8 trillion America Families Plan. President Biden will address a joint session of Congress tonight and is expected to speak about the plan at length.
    - Its primary goal is to expand access to preschool, community colleges, childcare, and other healthcare benefits
    - Here some of the key provisions:
        - $225 billion for the creation of a national paid family and medical leave program
        - $225 billion for investments into childcare
        - $200 billion for universal pre-k
        - $109 billion for tuition-free community college to all Americans, including Dreamers
        - $85 billion to increase maximum Pell Grant awards by $1,400
        - $62 billion to support evidence-based completion and retention strategies at community colleges
        - Child tax credit and earned income tax credited expanded during the pandemic will be made permanent
    - The White House indicated that such a proposal will be paid by increasing the capital gains tax, implementing a higher top income tax rate, and increased IRS auditing enforcement on high-income businesses/individuals

- **CDC Eases Outdoor Mask Guidance for Vaccinated:** The Center for Disease Control announced on Tuesday that it would be easing its guidelines on the wearing of masks outdoors.
    - Fully vaccinated Americans do not need to cover their faces unless they are in a big crowd of strangers, according to the CDC
    - More than half of all US adults have received at least one does of coronavirus vaccine
        - CDC Director Rochelle Walensky pointed to the decline in COVID-19 cases, hospitalizations, and deaths and research showing that less than 10% of transmission happened outdoors
    - President Joe Biden and other experts have used the relaxing of restrictions as a reward and motivator for more individuals to receive vaccinations

- **Federal Reserve Holds Rates Near Zero:** In a statement released after its two-day policy meeting, the Fed identified vaccination progress and “strong policy support” as key factors in improving economic activity and employment.
    - While they expressed optimism about future economic recovery, they said they were not yet ready to scale back pandemic support.
    - Federal Reserve Chair Jerome Powell held a press conference today to discuss the decision with the media.

- **Senate Budget Plan on Water:** Earlier today, the Senate released their Budget Plan on Drought, Safe Drinking Water, Water Supply Reliability and Ratepayer Assistance. This proposal includes $3.41 billion in one-time state and federal funds for a number of water, drinking water, and water supply programs.
    - Included in the Senate Plan is a proposal to appropriate $1 billion in American Recovery Act funds to the Department of Community Services and Development

to help utility customers and utilities address backlogged bills and arrearages associated with COVID economic impacts. This action will include trailer bill language (not yet released) that designates the agency and process for disbursement of ratepayer relief funds.
    - The Senate Budget Committee will consider the proposal, not yet contained in a bill, at a hearing tomorrow morning.
    - Neither the Governor's Office, nor the Assembly, have yet weighed in on the Senate proposal.

- **Assembly Budget Priorities:** Earlier today, Assembly Budget Committee Chair, Phil Ting, provided an update on the Assembly Democrats' budget priorities as the June 15th constitutional deadline to approve next year's budget approaches. As expected, recovery from the coronavirus pandemic continues to be a key priority moving into next year. Specifically, the Assembly Democrats' Budget Priorities call for the following COVID-19 recovery items:
    - Funding to vaccinate Californians and prepare for new variants
    - Re-opening schools for the fall
    - Provide transitional resources to families and businesses to help with the State's re-opening
        - Early care and education: 1 million slots by 2025, and universal TK starting in 2021
        - $20 billion over five years for homelessness prevention
        - Expand the Golden State Stimulus, which was approved earlier this year, and increase grant levels
        - Expand job training opportunities to help re-engage the workforce in high paying jobs
        - Increase the production of affordable housing

- **California Alignment on CDC Outdoor Mask Guidance:** Yesterday, Governor Newsom and the California Department of Public Health (CDPH) highlighted their alignment and support of the CDC's new recommendation that those fully vaccinated are not required to wear masks in certain outdoor settings.
    - The decision to align with CDC guidance on relaxing masking requirements is further reinforced by the fact that California has administered more than 28 million vaccine doses, including almost 6 million to those who live in our hardest-hit communities.
    - CDPH is working to align California regulations and sectoral guidance to reflect this.

- **California Small Business Relief Grant Round 6:** Today marks the opening of Round 6 of the California Small Business Relief grant, which provides funding to eligible small businesses and non-profits. The program will be accepting applications until May 4th at 5:00pm.
    - Round 6 represents the final round of funding, unless the Legislature and Administration allocate additional funding to the program through the State Budget.
    - Eligible applicants that were waitlisted in a previous round do no need to reapply, as their applications will automatically roll-over and be eligible for funding.

- **California Business Tax Breaks on Forgiven PPP Loans:** On Monday, the State Legislature approved another piece of the COVID-19 economic recovery package, which will provide up to $6.8 billion in state tax breaks for California businesses.
    - Assembly Bill 80, which was negotiated between the Legislature and the Governor's administration, will allow businesses to avoid paying state taxes on forgiven loans from the federal Paycheck Protection Program and to deduct expenses paid for using the loan funds.
    - Tax breaks will apply to up to 85% of the more than 1 million California businesses that received a combined $97 billion in federal loans, averaging about $96,700 each.
    - The bill is currently awaiting the Governor's consideration. He is expected to sign AB 80 into law.

May 5, 2021 Update

- **Paycheck Protection Program (PPP) Funds Exhausted:** The federal PPP, run by the Small Business Administration, has run out of money for most borrowers before its planned May 31 end.
    - Going forward, the program will only accept new applications from Community Financial Institutions.
        - Roughly $8 billion in funding was set aside for such businesses.
    - The SBA will continue to fund outstanding approved PPP applications from other lenders but will not accept any new applicants.
    - There are other relief programs available through the SBA, including some that also give grants to businesses, including:
        - The SBA's Restaurant Revitalization Fund, which began accepting applications on Monday.
        - The program was established in March and was allocated $28.6 billion in funding. In the first 21 days, the SBA will only approve applications from small businesses owned by women, veterans or socially and economically disadvantaged people. Subsequently, it will open up to all eligible applicants.

- **California Courts Uphold Governor's Emergency Powers:** A California appeals court today affirmed Governor Newsom's use of emergency powers when he issued an Executive Order laying forth the procedures for conducting an all-mail election. The decision by the 3rd Court of Appeals overturned an earlier ruling by the Sutter County Superior Court.
    - The Court of Appeals found that the Governor's Executive Order complied with the state's Emergency Services Act, which gives the Governor expanded powers in extreme circumstances.
    - The original case against the Governor was brought by Republican Assembly Members Kevin Kiley and James Gallagher who claimed that the Governor had unconstitutionally used executive action when determining how the state would conduct elections. The Assembly Members contended that a Governor, even in times of emergency, is not allowed to create legislation.

- **Judge Rules Against National Eviction Moratorium:** Earlier today, a judge at the US District Court for the District of Columbia ruled that the Centers for Disease Control and Prevention's national eviction moratorium, aimed at helping those impacted by the

coronavirus pandemic stay in their homes, exceeds the agency's authority and should be vacated.

- It is unclear what the impact of today's ruling will be. The current national eviction moratorium is scheduled to remain in place until June 30th.
- The Justice Department has already issued a statement indicating that they disagree with the judge's opinion. Additionally, the Justice Department has already filed a notice of appeal of the decision and has indicated they intend to seek an emergency stay of the order pending the appeal.
- The national eviction moratorium was first put into place in the CARES Act, signed by President Trump last March. The moratorium then expired in July and was put back into place by an order from the CDC in September. The order has been further extended by the CDC to its current June 30th date.

- **CDPH Updates Mask Guidance:** On Monday, the California Department of Public Health (CDPH) updated its November 16, 2020 face coverings guidance to align with the latest CDC guidance.
  - Face coverings are not required outdoors except when attending crowded outdoor events when physical distancing is not possible.
  - For small outdoor gatherings, fully vaccinated persons are not required to wear face coverings while unvaccinated persons do.
  - Regardless of vaccination status, face coverings are required indoors with a few exceptions.

- **Updated Guidance for Fully Vaccinated Persons:** CDPH also updated the April 15, 2021 guidance for fully vaccinated persons.
  - The new guidance clarifies that Cal/OSHA COVID-19 Prevention Emergency Temporary Standards related to the quarantine of fully vaccinated individuals applies to workplaces that are not healthcare settings.
  - Fully vaccinated people can spend time with other fully vaccinated persons from a single household who are at low-risk for severe COVID-19 disease, including indoors, without wearing a face covering or physically distancing.

TOWNSEND
PUBLIC AFFAIRS
EST TPA 1998

COVID-19 WEEKLY UPDATE: FRIDAY, APRIL 9

During these uncertain times, Townsend Public Affairs is committed to keeping you informed of the unprecedented activity coming out of Sacramento and Washington, DC. The information below is intended to summarize the current actions that have been taken during this state of emergency.

STATE

APRIL 8

Early Budget Action for Wildfire Prevention: Governor Gavin Newsom, Senate President pro Tempore Toni G. Atkins (D-San Diego) and Assembly Speaker Anthony Rendon (D-Lakewood) announced a $536 million funding plan to help improve California's resilience to wildfires. The $536 million funding packaging includes $125 million from Greenhouse Gas Reduction Funds and $411 million from the General Fund. The State also hopes to draw federal disaster prevention grants to match money spent on home hardening.

APRIL 7

Outdoor and Indoor Youth and Recreational Adult Sports Guidance Update: The California Department of Public Health updated their Outdoor Seated Live Events and Performances guidance for youth and recreational adult sports to reflect that spectators and observers are now permitted. Additionally, inter-team competitions, meets, races, or similar events are permitted to occur, but only with other teams within the state.

APRIL 6

California's Next Step in the COVID-19 Pandemic Recovery: Governor Newsom outlined the state's next step in the COVID-19 pandemic recovery, which includes moving beyond the Blueprint for a Safer Economy. This, following California's administration of more than 20 million vaccine doses, including 4 million in the state's hardest-hit communities, and a continuing steady decline in hospitalizations throughout the state. The Governor indicated that California will fully open its economy on June 15th if two criteria are met: 1. Vaccine supply is sufficient for Californians 16 years and older who wish to be inoculated and 2. Hospitalization rates are stable and low.

FEDERAL

APRIL 8

President Biden to Announce Second Stimulus Plan: The White House said that President Biden will propose an American Families Plan as soon as this month, in addition to the American Jobs Plan unveiled last week. The second bill will include expanded benefits for childcare, as well as health-related measures. Some Democrats have called for both proposals to be wrapped into one large package, as there is a concern that there will not be enough time, and political capital, to pass two multi-trillion-dollar pieces of legislation after the passage of the $1.9 trillion American Rescue Plan Act.

APRIL 6

Pathway for Federal Infrastructure and Stimulus Plan: The Senate parliamentarian ruled that the annual budget resolution can be revised to include new reconciliation instructions, which will allow Democrats to pass more than one bill under reconciliation rules each year. Reconciliation bills cannot be filibustered, but they are guided by a set of restrictions, most notably the Byrd Rule, which prohibits non-budgetary policies from being included. This was used to pass the first stimulus bill, the American Rescue Plan Act.

FEMA Announced Financial Support for COVID-19 Funeral Costs: FEMA announced it will provide financial support to offset the cost of funeral services for COVID-19 victims. The financial support is available for individuals who died in the US from COVID-19 (documented on the death certificate) after January 20, 2020, and while applicants must be US citizens or residents, there is no citizenship or residency requirement for the deceased individuals. FEMA is offering up to $9,000 per funeral, and applicants can submit requests for multiple COVID-19 victims, up to $35,500 per application.

UNDERSTANDING CRITERIA FOR RE-OPENING

Each county's current tiered status can be **found here**, and an outline of each industry and their operating status under the Blueprint to a Safer Economy tiered system can be **found here**.

31,006,952
Confirmed Cases in the United States

3,588,152
Confirmed Cases in California

32 of 58
Counties with Moderate Risk

LOOKING AHEAD: TPA is continually updating a comprehensive funding matrix that identifies all available local, state, federal, and private COVID-19 related funding opportunities. We are prepared to work with you immediately to submit applications to access that funding and establish a program to provide support services to the small businesses in your community.

REPORT TO COUNCIL

SUBJECT

Written Petition submitted by Amrit S. Kulkarni requesting the City Council hear appeals regarding permit and environmental process determinations regarding three Use Permit Applications for Bloom Fuel Cell Power System projects filed for 2960 Corvin Drive, 2970/3000 Corvin Drive, and 2200 Mission College Boulevard

COUNCIL PILLAR

Enhance Community Engagement and Transparency

BACKGROUND

Council Policy 030 - *Adding an Item on the Agenda* (Attachment 1) sets forth the procedure for written petitions. Any member of the public may submit a written request raising any issue or item within the subject matter jurisdiction of the Council. Per the policy, the written request will be submitted on the agenda, in the form substantially provided by the requestor, without any staff analysis, including fiscal review, legal review and policy review. If a majority of the City Council supports further study of the request, then a full staff analysis shall be prepared within thirty (30) days, unless otherwise directed by the City Council.

The City Clerk's Office received three Written Petitions for Council consideration from legal counsel for Bloom Energy, Mr. Amrit S. Kulkarni, each dated April 27, 2021 (Attachments 2-4) requesting the City Council hear appeals of "the City's April 1, 2021 letter" regarding Bloom's three Use Permit applications filed for 2960 Corvin Drive, 2970/3000 Corvin Drive, and 2200 Mission College Boulevard.

DISCUSSION

The appeals concern three use permit applications filed by Bloom Energy to install natural gas fuel cells at 2960 Corvin Drive, 2970/3000 Corvin Drive, and 2200 Mission College Boulevard. On April 25, 2019 and October 17, 2019, Bloom Energy applied for building permits to install fuel cells at two of the three locations listed above. On several occasions between February 2020 and May 2020, the City informed Bloom that it would be unable to grant the requested building permits, because conditional use permits are required by the City Code. The proposed natural gas fuel cells meet the definition of electric power plants in the City Code, and the relevant zoning districts of each site require use permits for electric power plants.

Bloom has repeatedly objected to the City's determination that a use permit is necessary for the fuel cell installations, beginning with a letter dated February 18, 2020 and again in a letter dated September 24, 2020. In response, the City Attorney's Office provided a letter dated November 18, 2020 (Attachment 5), which shared the specifics of the permit process determination with Bloom's

legal representation.

Bloom submitted applications for the required conditional use permits on February 23, 2021; however, the requisite processing fees were not received until March 17, 2021. Upon receipt of the processing fees, the City commenced review of the materials provided by Bloom and determined that Initial Studies were required to be prepared for the Use Permits in accordance with the California Environmental Quality Act (CEQA). On March 19, 2021, the City's Outside Counsel, Thomas Law Group, provided a letter (Attachment 6) informing Bloom that the projects were not categorically exempt from review under CEQA, and that the City would need to prepare Initial Studies and potentially Mitigated Negative Declarations to process the applications.

Pursuant to the City's standard processing procedures, the Project Clearance Committee reviewed the applications for completeness, and on April 1, 2021, in three separate letters (one for each project site), City staff informed Bloom that the applications were incomplete (Attachment 7). (This is the "April 1, 2021 letter" to which Mr. Kulkarni's written petitions respond.)

The written petitions are accompanied by two separate letters from Mr. Kulkarni, dated April 27, 2021. The first, addressed to Planning Manager Reena Brilliot, largely makes the same assertions that Bloom's legal counsel made on September 24, 2020: that Bloom should not have to obtain a use permit, and that no CEQA review should be required. The second, addressed to City Clerk Hosam Haggag, states that the written petitions are being filed pursuant to CEQA, pursuant to California Building Code Section 1.8.8.3, and pursuant to City Code section 15.15.010.

Scattered across these various documents, Bloom Energy raises four grounds for their petitions:

1. **Appeal of the April 1, 2021 incompleteness determination**: The written petition states, "we submit this written petition and the supporting April 23, 2021 letter (with attachments) to the City in response to the City's April 1, 2021 letter." The April 1 letters, again, were a determination that each of the use permit applications were incomplete; those letters were accompanied by an exhaustive list of the missing details. The Permit Streamlining Act (PSA), Government Code § 65943, authorizes appeals of such incompleteness determinations, but only after the developer responds to the incompleteness letter and the City again finds it complete. Here, Bloom has not done so. Moreover, neither the petitions, nor the letter to City Clerk Hosam Haggag, nor the letter to Planning Manager Reena Brilliot, make any claims that the incompleteness determination was in error. Because Bloom has not complied with PSA procedures and has not provided any evidence or even a claim that the incompleteness determination was erroneous, the appeal should be denied.
2. **Appeal pursuant to California Building Code section 1.8.8.3 and City Code section 15.15.010**: these provisions authorize appeals by anyone adversely affected by a City decision, order, or determination relating to the application of Building Code requirements. Here, the only action has taken under the Building Code was the denial of the building permits in February, April, and May, 2020, when the City informed Bloom that a CUP would first be required. Under City Code § 2.115.050, the time to challenge the denial of a permit is 30 days, and that period expired more than a year ago.
3. **The February 11, 2020 determination that a use permit would be required:** City Code interpretations are administrative determinations, not subject to appeal. The relevant city review process determined for the work proposed by Bloom, the Use Permit, has an appeal

process as specified in Sections 18.110.060 & 18.110.070 of the Santa Clara City Code. Use Permits are decided upon by the Planning Commission and the Planning Commission decision is appealable to the City Council.

4. **The March 19, 2021 determination that an Initial Study would be required**: City staff have determined than an initial study (IS) and an anticipated mitigated negative declaration (MND) are required for the projects. Neither CEQA nor the Santa Clara City Code permit City staff's determination regarding the appropriate level of CEQA review for a project to be appealed separately from applicable decisionmakers' decision on a proposed project. Where a project is subject to approval by a nonelected decisionmaker (here the projects are subject to Planning Commission approval), the Planning Commission's decision on the project, including the CEQA action, will be appealable to the City Council pursuant to Section 18.110.070 and Public Resources Code section 21155(c).

The subject Written Petitions for Council requesting the City Council agendize hearings for the appeal of the City review and environmental review process determinations are an improper attempt to advance appeals to City Council. Due process requires potential appellants to follow the administrative procedures in place for the sequencing and hearing of appeals. Therefore, invocation of Council Policy 030 is improper, and staff advises Council to not agendize these requests for appeal for discussion at a future City Council meeting.

ENVIRONMENTAL REVIEW

The action being considered, whether to agendize Bloom's appeal on a future agenda, does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational policy making or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

There is no fiscal impact associated with considering the request to be placed on a future agenda except for staff time.

COORDINATION

This report was prepared in coordination with the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

Staff recommends that no action be taken.

ADDING AN ITEM ON THE AGENDA

PURPOSE

To establish a clear, effective, and easily understood process for members of the City Council and the public to have items, within the jurisdiction of the City Council, placed on the City Council agenda for consideration.

POLICY

Members of the City Council:

The Mayor or any individual Councilmember may submit a written request by using the Council Item Request Form to the City Manager's Office for inclusion of an item on a City Council agenda, provided the request is received two (2) days prior to the public release of the agenda packet. At the meeting where the request is heard, discussion should be limited to whether the item should be added to an agenda and a date, not the merit of the item.

Referral from a Council Committee:

Council Committees may submit a written request to the City Manager's Office for inclusion of an item on a City Council agenda, provided the request is received two (2) days prior to the public release of the agenda packet.

Council Committees may bring forward a recommendation to the full City Council by way of the Committee minutes, which are typically prepared within three weeks following the Committee meeting.

Items Referred During a Council Meeting:

By Council action, an item may be referred to the City Manager for inclusion on a City Council agenda. If the request requires further study of the item from staff, a full analysis shall be prepared at the direction of the City Manager with at least thirty (30) calendar days prior to the meeting, unless otherwise directed by the City Council. If the request requires more than thirty (30) calendar days to prepare, status updates will be provided to the City Council every sixty (60) days as an informational memo.

ADDING AN ITEM ON THE AGENDA

Written Petitions and Public Presentations:

Any member of the public may submit a written request raising any issue or item within the subject matter jurisdiction of the City Council to be heard under the **"Written Petition"** section of the City Council's regular agenda within two (2) Council meetings after received. After the initial Written Petition is placed on the agenda, a majority vote of the City Council may add the item to a future Council meeting for action. Any member of the public may address the City Council under the **"Public Presentations"** section of the agenda. If the presentation includes a request of the Council, a majority vote of the City Council may refer the item to the City Manager to be properly added to a future meeting, in compliance with the Brown Act.

PROCEDURE FOR WRITTEN PETITIONS

1. All requests to address the City Council shall be submitted in writing. Written Petition forms are available for the petitioner's convenience on the City's website and in the City Manager's Office, City Clerk's Office, and the Mayor and Council Offices. Alternatively, an email may be submitted to clerk@santaclaraca.gov.
2. Once the Written Petition is received by the City Clerk's Office, it should immediately be forwarded to the City Manager for placement on an agenda within two (2) Council meetings after receipt of the original request from the City Clerk's Office. All written material (request and any support material) will be submitted on the agenda in the form substantially provided by the requester without any staff analysis, including fiscal review, legal review and policy review, until the City Council has had the opportunity to provide direction to the City Manager.
3. At the meeting where the item is first considered, if a majority of the City Council supports further study of the item, then a full staff analysis shall be prepared within thirty (30) days, unless otherwise directed by the City Council. Discussion should be limited to whether an item should be added to an agenda and a date, not the merit of the item.

ADDING AN ITEM ON THE AGENDA

PROCEDURE FOR WRITTEN REQUESTS FROM CITY COUNCIL

1. Members of the City Council shall use the Council Item Request Form to submit a written request for inclusion of an item on a future City Council agenda.
2. Once the Council Item Request Form is received by the City Clerk's Office, it should immediately be forwarded to the City Manager for placement on an agenda within two (2) Council meetings after receipt of the original request from the City Clerk's Office. All written material (Council Item Request Form and any support material) will be submitted on the agenda in the form substantially provided by the requester without any staff analysis, including fiscal review, legal review and policy review, until the City Council has had the opportunity to provide direction to the City Manager.
3. At the meeting where the item is first considered, if a majority of the City Council supports further study of the item, then a full staff analysis shall be prepared within thirty (30) days, unless otherwise directed by the City Council. Discussion should be limited to whether an item should be added to an agenda and a date, not the merit of the item.

COUNCIL ITEM REQUEST FORM

The Council Item Request Form is for members of the City Council to submit written requests to the City Manager's Office for inclusion of an item on a future City Council meeting agenda. At the meeting where the initial written request is heard, discussion should be limited to whether the item should be added to an agenda and a date, not the merit of the item. A majority vote of the City Council is required for the item to be added to future Council meeting agenda for action.

CITY COUNCIL WRITTEN PETITION

Please provide the information requested below. When complete, please submit to the City Clerk's Office, 1500 Warburton Avenue, Santa Clara, CA 95050.

Date: April 27, 2021

I, Amrit S. Kulkarni, am hereby requesting to be placed on the Santa Clara City Council Agenda for the following purpose: On behalf of Bloom Energy, we submit this written petition and the supporting April 23, 2021 letter (with attachments) to the City in response to the City's April 1, 2021 letter regarding permit application (PLN2021-14845) for the Bloom Fuel Cell Power System project at 2960 Corvin Drive. Pursuant to the California Environmental Quality Act (CEQA), 2019 California Building Code, sec. 1.8.8.3, and Municipal Code sec. 15.15.010, we request the City Council hear Bloom's appeal regarding that application at its meeting scheduled for May 25, 2021.

I understand that it is important that I attend the meeting in the event there are any questions the Council wishes to ask me.

Subject: Proposed Bloom Fuel Cell Power System Projects at the Intel, Inc., and Equinix, Inc., Facilities in the City of Santa Clara

Dear Mr. Wilkins:

This letter is in response to your letter addressed to me dated September 24, 2020 (Bloom's Letter), which included two CEQA Class 29 Categorical Exemption Memoranda (Bloom's Exemption Memos) dated the same. Bloom's Letter asserts that the 2.5 megawatt (MW) fuel cell power system (Equinix Project) that Bloom proposes to install at 2960 and 2970/3000 Corvin Drive (Equinix Facility) and the 10.5 MW system (Intel Project) that Bloom proposes to install at 2200 Mission College Boulevard (Intel Facility) (collectively, the "proposed Projects") do not require use permits. Bloom's Exemption Memos further assert that the proposed Projects are exempt from California Environmental Quality Act (CEQA) review.

As explained further below, the proposed Equinix and Intel Projects require use permits pursuant to the Santa Clara City Code (City Code). The City informed Bloom of this fact over six months ago. Nevertheless, to date, a use permit application has not been submitted for either the proposed Equinix or Intel Projects.

With respect to CEQA, City staff will not make a final recommendation regarding the proper scope of CEQA review for these Projects until after complete use permit applications have been submitted to the City for review. However, as discussed below, based on City staff's review of Bloom's Letter and attachments, City staff does not anticipate that the proposed Projects will qualify for the CEQA exemptions identified in Bloom's Exemption Memos.

DISCUSSION

1. The proposed Projects constitute Electric Power Plants pursuant to the City Code.

In Bloom's Letter, Bloom states that City Code section 18.06.010(e)(1), which defines "electrical power plants", is clear and unambiguous. (Bloom's Letter, pp. 3-4.) The City agrees with Bloom that the plain language of City Code section 18.06.010(e)(1) is clear and unambiguous. However, Bloom continues to misinterpret this clear and unambiguous language.

Bloom acknowledges that Bloom Fuel Cells use both thermal heat and steam energy in the process of producing electricity. (Bloom's Letter, p. 4.) Bloom argues that, while Bloom Fuel Cells use thermal heat and steam energy, only the "chemical reaction" step[1] produces the electricity within a Bloom Fuel Cell and, therefore, the use of thermal heat and steam energy in other steps is irrelevant.[2] Based on the plain language of City Code section 18.06.010(e)(1), the City disagrees that this distinction matters.

The City's definition does not require, or permit, the City to isolate the various elements of the equipment, fixtures, and personal property used to produce electricity in determining whether the equipment, fixtures, and personal property meet the definition of an electrical power plant. As the Equinix and Intel Projects will be operated or maintained in connection with the production of electricity and use a source of thermal, steam, wind, or solar energy, Bloom Fuel Cells meet the City's definition of an "electric power plant." (City Code, § 18.06.010(e)(1).)

The City's interpretation of its definition is fully supported, indeed compelled, by the plain language of the City Code. For this reason, extrinsic aids are not required to determine the meaning of section 18.06.010(e)(1). However, as City staff previously explained to Bloom, City staff's interpretation of section 18.06.010(e)(1) is fully supported by the 2019 California Electrical Code definition of a "fuel cell system" which includes "[t]he complete aggregate of equipment used to convert chemical fuel into usable electricity and typically consisting of a reformer, stack, power inverter, and auxiliary equipment." (2019 California Electrical Code, § 692.2, incorporated by City Code, § 15.15.010.)

---

[1] / To date, Bloom has not provided the City with sufficient information regarding the internal operations of the proposed Projects to confirm Bloom's claim that the "chemical reaction" step does not use thermal heat or steam energy. However, as provided herein, given that the proposed Projects use thermal heat and steam energy in the process of producing electricity, the validity of Bloom's claim does not impact City staff's determination that the proposed Projects meet the City's definition of an electric power plant.

[2] / It should be noted that, in arguing that the proposed Projects are "cogeneration facilities," Bloom suggests the City should consider the complete aggregate of equipment. City staff believes the inconsistency between how Bloom claims its equipment should be viewed for the purposes of the definitions of an "electric power plant" and a "cogeneration facility" illustrates the disingenuous nature of Bloom's argument that the proposed Projects are not electric power plants pursuant to the City Code.

Additionally, Bloom's own description of its Fuel Cell systems supports City staff's conclusion that the proposed Projects meet the City's definition of an electric power plant. Specifically, as explained by Bloom, "[a]bsent this beneficial use of heat and steam for the industrial process of producing hydrogen, *SOFC's cannot generate electricity* directly from natural gas." (Bloom's 2020 FERC Petition, p. 8 (emphasis added).) In other words, Bloom admits that use of heat and steam is necessary for the proposed Projects to produce electricity. For this reason, it is indisputable that the proposed Projects are "operated or maintained in connection with production of electricity using any source of thermal, steam, wind, or solar energy...." (City Code, § 18.06.010(e)(1).)

Because the proposed Projects meet the City's definition of an "electric power plant", City staff informed Bloom in February of 2020 that use permit applications would need to be submitted in order for the City to proceed with its review of the proposed Projects. If Bloom would like City staff to proceed with its review of the proposed Projects, City staff again requests that Bloom submit use permit applications for the proposed Equinix and Intel Projects.

2. The proposed Projects are not allowed by right.

a. The Equinix Project

The Equinix Facility is located in the Lawrence Station Area Plan (LSAP) area. Regulations for the LSAP are set forth in Chapter 18.23 of the City Code and not Chapter 18.54 as suggested in Bloom's Letter. Pursuant to sections 18.23.030 and 18.23.040 of the City Code, neither electric power plants nor fuel cells are permitted or conditionally permitted in the LSAP. However, the LSAP allows the continuation of existing non-conforming industrial uses. (City Code, § 18.23.050.) Specifically, "[f]or parcels with legal uses of buildings existing prior to the adoption of ... [the LSAP], conditional uses of the ML light manufacturing district are conditionally permitted...." (City Code, § 18.23.050(c).) Within the ML light manufacturing district, electric power plants are conditionally permitted subject to issuance of a use permit. (City Code, § 18.60.050.) Therefore, pursuant to the City Code, the Equinix Project is permitted subject to issuance of a use permit approval.

b. The Intel Project

The Intel Project is located in the PD-Planned Development district. In Bloom's Letter, Bloom argues that, in the PD district, "any and all uses" are allowed except those "limited to [heavy industrial] (MH) zoning districts or involving outdoor storage on more than ten percent of the lot area." (Bloom's Letter, p. 2 citing City Code, §§ 18.54.030, 18.54.040.) This is incorrect. As explained in City Code section 18.54.030, for a use to be allowed in the PD district, "such use or uses and their location shall be shown in the development plan of the applicant for the particular planned development zoning district as approved." Where a use is not shown in the approved development plan, the use is not allowed without a rezone. (City Code, § 18.54.030; see also City Code, § 18.54.060(a).)

The PD district applicable to the Intel Project does not identify electric power plants generally, or fuel cells specifically, as a permitted use. Instead, the PD zoning for the site authorizes only "the construction of a 6-story 550,000 square foot office building and 2 parking structures on property located at 2250 Mission College Boulevard currently developed with research and development facilities."[3] As electric power plants are authorized in the MP, ML, MH, or B zoning districts with issuance of a use permit and the applicable PD district permits some uses included in these districts, and the subject property was zoned ML prior to being rezoned to PD, City staff has concluded that the proposed Intel Project does not require a rezone and, pursuant to City Code section 18.60.050, is permitted subject to issuance of a use permit.

As an alternative to obtaining a use permit for the proposed Intel Project, Intel could submit an application to amend the PD district pursuant to Chapter 18.112 of the City Code in order to propose that fuel cells be permitted as a matter of right within the PD district. If Bloom and Intel were interested in pursuing such an amendment to the PD district, City staff recommends that Bloom and Intel set a pre-application meeting with City staff to discuss this proposal further.

3. The City must review complete permit applications to determine the necessary level of CEQA review.

As Bloom has not yet submitted a use permit application for either the Equinix or Intel Projects, City staff has not yet made a final determination regarding the appropriate level of CEQA review. Once Bloom submits use permit applications, City staff will review the applications for completeness and will inform Bloom if additional information is needed in order to determine the appropriate level of CEQA review. However, as discussed further below, based on City staff's current understanding the proposed Projects, City staff does not anticipate that it could reasonably conclude that the proposed Projects qualify for the exemptions identified in Bloom's Exemption Memos.

a. Categorical Exemptions

i. The Class 29 exemption does not appear to apply to the proposed Projects.

It does not appear the proposed Projects fit within the Class 29 exemption. The Class 29 exemption does not exempt entire cogeneration facilities, but rather the installation of cogeneration equipment at existing facilities. As discussed in greater detail below, the proposed Projects do not appear to fit within this exemption for two reasons. First, the proposed Projects are not limited to the installation of additional *equipment* to an existing facility but consist of standalone fuel cell facilities. Second, even if the exemption were interpreted to allow construction of a cogeneration *facility*, rather than simply the installation of cogeneration equipment, the proposed Projects do not meet the City's definition of cogeneration and, thus, do not appear to fit within the exemption.

---

[3] / City Council Minutes, September 11, 1990.

1. **The proposed Projects do not appear to meet the plain language or intent of the Class 29 exemption.**

The CEQA Guidelines specify that "Class 29 consists of the *installation of cogeneration equipment* with a capacity of 50 megawatts or less *at existing facilities* ...." (Guidelines, § 15329, emphasis added.) Per its plain language, this exemption does not exempt the development of an entire cogeneration facility, but merely exempts the installation of the *equipment* necessary to allow cogeneration at an already existing facility. (*Ibid.*)

In addition to the plain language of the exemption, this interpretation is supported by the rulemaking history. (See *Butts v. Board of Trustees of California State University* (2014) 225 Cal.App.4th 825, 839 ["When interpreting statutes, courts may turn to the legislative history for enlightenment and the same applies to regulations promulgated by administrative agencies."]; see also *People v. Cruz* (1996) 13 Cal.4th 764, 775 ["The words of a statute [or regulation] are to be interpreted in the sense in which they would have been understood *at the time of the enactment*."] (emphasis added).) The Summary of Comments and Responses to Comments regarding the adoption of the Class 29 exemption clarifies that: "[c]ogeneration involves the addition of a steam-powered electric generating turbine to an *existing* boiler which is producing steam for another purpose or the replacement of an existing boiler by a new boiler with a steam-powered turbine generator." (California EIR Monitor (Jan. 8, 1982) vol. 9, no. 2, p. 19 (emphasis added).) Additionally, the Adopted Amendments to the State CEQA Guidelines with Updated Statement of Reasons explains:

> This section [section 15329] responds to the increased interest in installing cogeneration equipment at *existing* facilities where large boilers are producing steam for other purposes. The installation normally involves retrofitting an existing boiler to use the steam to generate electricity before the steam is used for its originally intended purpose or constructing a new, replacement boiler better adapted to powering a steam turbine for generating electricity before the steam is used for the original purpose.

(Adopted Amendments to the State CEQA Guidelines with Updated Statement of Reasons, Resources Agency of California (Jan. 27, 1982), p. 21 (emphasis added); see also California EIR Monitor (Jan. 8, 1982) vol. 9, no. 1, p. 31.)

Thus, the rulemaking history demonstrates that the intent of the Class 29 exemption is to allow existing facilities to install the equipment needed to create cogeneration capacity in order to increase the energy efficiency of the existing facilities. The exemption does not exempt the construction of entirely new cogeneration facilities.

Here, Bloom does not propose to increase the efficiency of an existing facility by installing cogeneration equipment. Instead, it seeks to install standalone fuel cell systems, which exceed the scope of the exemption (and, as discussed below, also do not meet the definition of a cogeneration facility themselves). Additionally, the proposed Projects will result in a significant

overall increase in natural gas use at the Equinix and Intel Facilities[4] and will do nothing to improve the efficiency of the existing fuel cell systems. Accordingly, it does not appear that the proposed Projects qualify for the exemption.

2. The Class 29 exemption does not appear to apply to the proposed Projects because the proposed Projects are not cogeneration facilities.

Bloom alleges that the proposed Projects consist of cogeneration equipment. However, as noted above, the proposed Projects do not involve the mere addition of equipment to existing facilities but consist of standalone fuel cell systems and, thus, appear ineligible for the exemption on that basis. Moreover, even if the exemption were interpreted to encompass new cogeneration facilities as a whole, it appears the exemption would not apply to the proposed Projects because they do not meet the City's definition of cogeneration as explained below.

Cogeneration "produces both electricity and thermal energy on-site, replacing or supplementing electricity provided from a local utility and fuel burned in an on-site boiler or furnace."[5] "Every CHP application involves the recovery of thermal energy that would otherwise be wasted."[6] A key characteristic of cogeneration facilities is the production a thermal output for use in heating or cooling applications in addition to the production of electricity.[7] In other words, cogeneration facilities produce electricity and thermal energy for independent and unrelated applications.[8]

---

[4] / For instance, SVP has calculated that the Intel Project would result in an increase of 65,946.12 cubic feet of natural gas per hour flowing through the site.

[5] / See, e.g., U.S. Dept. of Energy, Combined Heat and Power Technology Fact Sheet Series: Overview of CHP Technologies (2017), p. 1, available at https://www.energy.gov/sites/prod/files/2017/12/f46/CHP%20Overview-120817_compliant_0.pdf (DOE CHP Overview).

[6] / *Ibid.*

[7] / See *id.*, p. 1 fig. 2, p. 2 fig. 3, p. 3 table 1; Dept. of Energy, Combined Heat and Power Technology Fact Sheet Series: Fuel Cells (2016), p. 1 & table 1, available at https://www.energy.gov/sites/prod/files/2016/09/f33/CHP-Fuel%20Cell.pdf (DOE Fuel Cells) [explaining thermal output is used "to produce hot water, low pressure (<30 psig) steam, and chilled water" and distinguishing between "fuel cells used for distributed generation (electricity only)" and those "configured for combined heat and power"]; see also EPA Combined Heat and Power Partnership, Catalog of CHP Technologies, Section 6, Technology Characterization – Fuel Cells (2015), p. 6-3, available at https://www.epa.gov/sites/production/files/2015-07/documents/catalog_of_chp_technologies_section_6._technology_characterization_-_fuel_cells.pdf (EPA CHP Technologies) [distinguishing between Bloom Fuel Cells used for "pure electrical generation" and fuel cells used in CHP applications]; *id.* at p. 6-13 table 6-3 [depicting fuel cell net electrical efficiency separately from net efficiency as part of a CHP application].

[8] / See DOE CHP Overview, *supra*, at p. 1 fig. 2, p. 2 fig. 3, p. 3 table 1; DOE Fuel Cells, *supra*, at p. 1 & table 1; e.g., 40 CFR, § 60.5580 [defining "useful thermal output" as "the thermal energy made available for use in any heating application (*e.g.,* steam delivered to an industrial process

Heat and/or steam are commonly released during the production of electricity by an electric power plant. Many electric power plants, such as combined cycle gas turbine generating facilities, are designed to capitalize on this thermal energy in some manner. Recycling such thermal energy back into an electric power plant can improve efficiency, but doing so does not reclassify the power plant as a cogeneration facility. To meet the City's definition of a cogeneration facility, as stated above, the facility must produce both electricity and a thermal output for a beneficial purpose independent from the production of electricity. If an electric power plant is recycling thermal energy within the plant and the only output is electricity, the electric power plant does not meet the definition of cogeneration.

For example, the production of electricity at the Donald Von Raesfeld Power Plant (DVR) generates steam. DVR takes full advantage of this thermal energy by using the steam to run a secondary turbine, thereby creating more electricity. However, DVR is not a cogeneration facility. There is no thermal output that is used in an application or process independent of the production of electricity.

Much like DVR, the proposed Projects solely function to produce electricity. There is no thermal output providing thermal energy to an independent process or application. Instead, as proposed, Bloom's Fuel Cells rely on the heat and steam *in order to* produce electricity. Specifically, Bloom documents explain that in producing electricity, heat and steam are also generated, which are used, within Bloom's Fuel Cell system, to reform natural gas into hydrogen fuel stock; Bloom further admits that the generation of electricity from natural gas is *dependent* on the heat/steam feedback loop. (Bloom's 2020 FERC Petition, p. 8 ["Absent this beneficial use of heat and steam for the industrial purpose of producing hydrogen, SOFCs cannot generate electricity directly from natural gas."].) Thus, the proposed Bloom Fuel Cells need the thermal energy produced, meaning they are not taking advantage of heat that would otherwise be wasted. Because the thermal energy produced by the proposed Projects is exclusively relegated to the production of electricity and would not "otherwise be wasted," they do not satisfy the City's definition of cogeneration. For these reasons, City staff disagrees that the proposed Projects qualify as cogeneration facilities.

Furthermore, pursuant to the canons of statutory and regulatory construction, "[t]he words of a statute [or regulation] are to be interpreted in the sense in which they would have been understood *at the time of the enactment*." (See, e.g., *People v. Cruz*, *supra*, 13 Cal.4th at p. 775 (emphasis added).) As shown above, at the time the California Natural Resources Agency adopted CEQA Guidelines section 15329, it viewed cogeneration as "the addition of a steam-powered electric generating turbine to an existing boiler which is producing steam *for another purpose* or the replacement of an existing boiler by a new boiler with a steam-powered turbine generator." (California EIR Monitor, *supra*, vol. 9, no. 2, p. 19 (emphasis added).) Thus, consistent with the City's definition, the California Natural Resources Agency understood that

---

for a heating application, including thermal cooling applications) *that is not used for electric generation*"] (emphasis added).

cogeneration involved producing thermal energy and electricity for separate and independent processes.

The Federal Energy Regulatory Commission's (FERC's) definition of cogeneration in place at the time that the exemption was adopted is also consistent with the City's definition of cogeneration and illustrates that Bloom's Fuel Cells do not qualify as cogeneration facilities because the thermal energy produced does not, and cannot, support an independent process or application. For example, as explained by FERC in 2005, to meet the definition of cogeneration: "the thermal output of a facility must be used in a process that *is independent of the power production process; the ultimate use of the thermal output cannot be power production.*" (See 111 F.E.R.C. P61,174, 61848, 2005 FERC LEXIS 1188, *15-16 (F.E.R.C. May 6, 2005) (emphasis added); see also 1981 FERC LEXIS 1931, *6, 16 F.E.R.C. P61,060 (F.E.R.C. July 23, 1981 [concluding "in a *bona fide* cogeneration system, the use of thermal energy must be completely independent of the power production process"].) As shown above, Bloom's Fuel Cell power systems cannot meet this requirement because the thermal energy is used exclusively for electricity production, not an independent process.

In addition, in 2017, in response to Bloom's petition for FERC to revise its regulations to allow Bloom Fuel Cells to meet the definition of cogeneration, the California Public Utility Commission (CPUC) expressly rejected Bloom's argument that Bloom Fuel Cells serve a cogeneration function. (CPUC Protest, p. 3.) The CPUC further explained Bloom's Fuel Cell power systems are more comparable to combined cycle gas turbine generating facilities (like DVR), which recapture steam exhaust from the electric generation process for reuse in self-contained electrical generation but lack a bone fide associated industrial or commercial process. (*Id.* at p. 4.)

In a separate protest to Bloom's FERC petition, the Combined Heat & Power Industry Association (CHPA) more bluntly explained that:

> Bloom's efforts to conflate the internal steam-methane reformation process with the cogeneration function defined by the Commission's regulations is mere subterfuge, which is made clear not only by Bloom's own contradictory assertions but also by the physical reality that Bloom's Energy Servers are designed and operated exclusively to produce electricity. Moreover, the fact that there is an international market for the sale of hydrogen gas and that, completely internal to the Energy Servers, thermal energy is used to produce hydrogen and is then promptly consumed as a necessary step in the generation of electricity, in no way supports a conclusion that the thermal energy is "useful", as contemplated by the Commission. Bloom neither makes use of, intends to make use of <u>*nor could it make use of*</u> the hydrogen or thermal output for any business purpose independent of the electric production process. Thus, despite Bloom's assertions to the contrary, its Energy Servers do not produce "useful thermal output" within the meaning of 18 C.F.R. § 292.202(h) or for purposes of complying with 18 C.F.R. § 292.205(a).

(CHPA Protest, pp. 3-4 (emphasis original).)

Additionally, the City's definition accords with CEQA's intent to promote energy efficiency, renewable resources, and decreased greenhouse gas (GHG) emissions. When cogeneration equipment is added to a facility that is already producing electricity, the energy efficiency of the facility increases (and net GHG emissions decrease) because the heat or steam that would otherwise be wasted is channeled into a useful application such as space or water heating. Accordingly, such a class of projects warrants a categorical exemption because it *improves* baseline conditions. (See, e.g., California EIR Monitor, *supra*, vol. 9, no. 2, p. 19 [adjustments to enable cogeneration require "only minor increases in fuel consumption"].) In contrast, where a stand-alone natural gas-based electric power plant is proposed, it does nothing to increase the efficiency of existing facilities, but rather creates a new and increased demand for natural gas over baseline conditions.

It is this demand for new and increased quantities of natural gas that distinguish projects, such as Bloom's proposed Projects, from the types of equipment exempt under the Class 29 exemption. This additional natural gas demand must be evaluated pursuant to CEQA in the context of energy impacts, use of nonrenewable resources, and GHG emissions. (See CEQA Guidelines, §§ 15064.4, 15126.2 & Appendix F.) If the Class 29 exemption was interpreted to exempt fossil fuel energy production from CEQA by virtue of an electric power plant recycling thermal energy to boost electricity production, then the exemption would allow many fossil fuel power plants to avoid CEQA review, in direct conflict with CEQA's goals as set forth in Appendix F and CEQA Guidelines sections 15064.4 and 15126.2.

Last, while not controlling for CEQA purposes, materials by the Environmental Protection Agency (EPA) and Department of Energy (DOE) further clarify that fuel cells which only serve to produce electricity do not constitute cogeneration. While both agencies recognize that fuel cells may be used for cogeneration applications, they clearly distinguish between fuel cells used for the production of electricity alone and those "configured for combined heat and power," i.e., cogeneration.[9] Their documents show that configuring fuel cells for cogeneration increases the efficiency of fuel cells over their baseline condition, just as with other electric power plants.[10] They additionally show that configuring fuel cells for cogeneration reduces carbon dioxide emissions significantly.[11] Further, the EPA specifies that Bloom produces "a pure electric fuel cell (i.e. no waste heat is captured)" as distinguishable from fuel cells in CHP applications.[12] Thus, the EPA and DOE documents illustrate that fuel cells, in of themselves, do not constitute cogeneration facilities, and the EPA explicitly distinguishes Bloom's proposed "pure electric fuel cells" from those capable of being configured for cogeneration.

---

[9] / See EPA CHP Technologies, *supra*, at p. 6-3; DOE Fuel Cells, *supra*, at p. 1.

[10] / See DOE Fuel Cells, *supra*, at p. 2 table 2 [compare electric efficiency to overall efficiency for fuel cells configured for CHP]. Also compare EPA CHP Technologies, *supra*, at p. 6-11 table 6-2 [showing pure electric fuel cell efficiency] with p. 6-13 table 6-3 [depicting efficiencies of fuel cells configured for CHP].

[11] / EPA CHP Technologies, *supra*, at p. 6-19 table 6-5; DOE Fuel Cells, *supra*, at p. 4 table 4.

[12] / EPA CHP Technologies, *supra*, at pp. 6-3 & fn. 91, 6-12.

Thus, City staff concludes that Bloom's interpretation of CEQA Guidelines section 15329 is inconsistent both with the City's definition of cogeneration as well as the commonly understood definition of cogeneration at the time the California Natural Resources Agency adopted the exemption because Bloom's Fuel Cells do not, and cannot, use thermal energy for a beneficial purpose independent from the production of electricity. This conclusion is further supported by CEQA's intent as well as EPA and DOE materials that address cogeneration applications with respect to fuel cells specifically. Accordingly, the proposed Equinix and Intel Projects do not appear to constitute cogeneration facilities for the purposes of CEQA Guidelines section 15329. Therefore, while City staff will consider this issue further once Bloom has submitted complete use permit applications for the proposed Equinix and Intel Projects, City staff anticipates that it will conclude that the proposed Projects are not subject to the Categorical "Class 29" CEQA Exemption.

ii. The Class 1 exemption does not appear to apply to the proposed Projects.

The CEQA Guidelines exempt minor projects related to existing facilities. Guidelines section 15301 provides: "Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use." It further specifies that "**[t]he key consideration is whether the project involves negligible or no expansion of use**." (CEQA Guidelines, § 15301 (emphasis added).)

The proposed Projects do not appear to fall within this exemption because, as quoted above, the exemption requires the Project to, *at most*, be a negligible expansion of use. As proposed, the Projects would develop Bloom Fuel Cell systems at the Equinix and Intel Facilities with 2.5 MW and 10.5 MW capacities respectively. The City Code provides a clear demarcation as to what constitutes a negligible expansion in electricity production in the City. Specifically, where an electric power plant will generate over 0.5 MW of electricity, the City has determined that the power plant is of a sufficient size to require a use permit. (City Code, §§ 18.06.010(e)(1), 18.60.050.) The Equinix and Intel Projects will generate 5 and 21 times this amount respectively. Given that both of the proposed Projects will generate substantially more electricity than required to meet the City's definition of an electric power plant that requires a use permit, City staff does not believe the proposed Projects, as currently proposed, constitute a negligible expansions of a use.

World Business Academy v. State Lands Com. (2018) 24 Cal.App.5th 476 provides a helpful counterpoint to projects, such as Bloom's proposed Projects, which propose to expand existing uses. In that case, the existing facilities exemption was applied to a replacement lease extension for the Diablo Canyon nuclear powerplant. The court found the project fit squarely within the exemption because it was "undisputed that PG&E has leased the same land from the Commission for nearly 50 years, and that *the lease replacement maintains rather than expands the plant's current operational capacity*." (*Id.* at p. 497 (emphasis added).) Similarly, in *Bloom v. McGurk* (1994) 26 Cal.App.4th 1307, the court emphasized the undisputed fact that there would

be no change in operations at a medical waste treatment facility in finding that the project "falls squarely within the [] language of the class 1 categorical exemption." (*Id.* at p. 1312; see also *North Coast Rivers Alliance v. Westlands Water Dist.* (2014) 227 Cal.App.4th 832, 868 [interim water supply renewal contracts, which did not result in an any changes to the use and operation of existing CVP water facilities, clearly "came within the scope of the categorical exemption for existing facilities"].)

The court's analysis in *Erven v. Board of Supervisors* (1975) 53 Cal.App.3d 1004 further illustrates the distinction between maintaining an existing use and expanding that use for purposes of the existing facilities exemption. There, the county adopted a resolution regarding intent to provide improvements and maintenance to existing county roads. The court found the project fell within the existing facilities exemption because "the only activity contemplated by the Board was the maintenance and repair of public roads already existing in the area." (*Id.* at p. 1013.) However, the court specifically stated that a decision to widen the roads or acquire additional roads for improvement purposes "would not qualify for exemption and compliance with the CEQA would be required either by the preparation and consideration of an environmental impact report or by a negative declaration." (*Id.* at p. 1014.) Thus, as shown by case law, the exemption is inapplicable when there is more than a negligible expansion of an existing use.

Bloom also argues that the proposed Projects will not change existing commercial uses at the Equinix and Intel Facilities. However, the critical question is whether anything more than a negligible expansion is proposed, and not whether the expansion is proposed at an existing commercial or industrial facility. (See *County of Amador v. El Dorado County Water Agency* (1999) 76 Cal.App.4th 931, 966-967 (*County of Amador*) [rejecting the framing of a project as the mere acquisition of an existing hydroelectric facility where the project would also add substantial consumptive use and finding the change in use "removes the project from the scope of the existing facilities exemption"].) It is clear that the proposed Projects at issue here are not the ongoing commercial use of the sites but rather the installation of new fuel cell power systems producing either 2.5 MW or 10.5 MW of electricity. Therefore, while City staff will consider this issue further once Bloom has submitted complete use permit applications for the proposed Equinix and Intel Projects, based on the materials provided by Bloom to date, City staff does not anticipate that it could reasonably conclude that the proposed Projects constitute a negligible expansion of an existing use.

iii. The Class 3 exemption does not appear to apply to the Equinix Project.

The Class 3 exemption exempts "construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure." (Guidelines, § 15303.)

Bloom specifically relies on the following subdivisions in claiming that the Equinix Project is eligible under the Class 3 exemption:

> (d) Water main, sewage, electrical, gas, and other utility extensions, including street improvements, of reasonable length to serve such construction.
>
> (e) Accessory (appurtenant) structures including garages, carports, patios, swimming pools, and fences.

With some exceptions, subdivision (d) applies to specified "utility extensions" serving up to three-single family residences, apartments or duplexes with up to six dwelling units, or up to four store, motel, office, restaurant or similar commercial buildings not exceeding 10,000 square feet. (CEQA Guidelines, § 15303, subds. (a)-(d); see also *Voices for Rural Living v. El Dorado Irrigation Dist.* (2012) 209 Cal.App.4th 1096, 1109 (*Voices for Rural Living*) ["This categorical exemption thus applies when the project consists of a small construction project *and the utility and electrical work necessary to service that project.*"] (emphasis added).) The proposed Projects are not proposed to serve up to three-single family residences, apartments or duplexes with up to six dwelling units, or up to four store, motel, office, restaurant or similar commercial buildings not exceeding 10,000 square feet. Furthermore, the proposed Projects propose the construction of electrical power plants and not "utility extensions." For both of these reasons, the proposed Projects do not appear to qualify for the Class 3 categorical exemption pursuant to subdivision (d).

Subdivision (e) appears equally inapplicable. It exempts common accessory structures — "garages, carports, patios, swimming pools, and fences" — none of which have any similarity to fuel cells. While City staff will consider this issue further once Bloom has submitted complete use permit applications for the proposed Equinix and Intel Projects, based on the materials provided by Bloom to date, City staff does not believe it would be reasonable to conclude subdivision (e) covers a 4,900 square foot electrical power plant that would generate electricity sufficient to power the equivalent of 3,231 homes. (*Voices for Rural Living*, *supra*, 209 Cal.App.4th at pp. 1109-1110 [explaining the fact that the project would provide 216 equivalent dwelling units worth of water "is a fact that distinguishes the project from the type of projects contemplated by the class 3 categorical exemption"].)

Furthermore, while Bloom's Exemption Memo for the Equinix Project[13] does not assert that the Equinix Project is a structure similar to a store, motel, office, or restaurant under subdivision (c), as a general matter, City staff does not believe fuel cells are similar to a store, motel, office, or restaurant use. However, City staff will consider this issue further after Bloom has submitted complete use permit applications for the proposed Equinix and Intel Projects. In undertaking this evaluation, City staff will require detailed information on the types, and quantities, of hazardous substances used and/or produced by the proposed Projects to determine if the proposed Projects "involv[e] the use of significant amounts of hazardous substances...." (CEQA Guidelines, § 15303, subd. (c).)

---

[13] / Bloom's Exemption Memo for the Intel Project does not address the Class 3 exemption.

While City staff will consider this issue further once Bloom has submitted complete use permit applications for the proposed Equinix and Intel Projects, based on the materials provided by Bloom to date, City staff does not anticipate that it could reasonably conclude that the proposed Projects qualify for the "Class 3" categorical exemption.

iv. While the City has not identified any categorical exemption that may be applicable, if a categorical exemption was applicable, the City would also need to evaluate whether any exceptions to the categorical exemptions prevent the City from relying on the categorical exemption.

An agency may not apply a categorical exemption without considering whether an exception to the exemption applies. (*Berkeley Hillside Preservation v. City of Berkeley* (2015) 60 Cal.4th 1086, 1103.) Once Bloom has submitted complete use permit applications for the proposed Equinix and Intel Projects, City staff will evaluate whether any of the exceptions to the categorical exemptions are applicable.

Among the issues that will need to be considered by City staff is whether the proposed Projects have the potential to result in cumulatively considerable energy impacts. Specifically, Appendix F to the CEQA Guidelines demonstrates that a lead agency should consider whether a proposed project will: (1) decrease overall per capita energy consumption, (2) decrease reliance on fossil fuels such as coal, natural gas and oil, and (3) increase reliance on renewable energy sources. It does not appear that the proposed Projects are consistent with any of these energy conservation goals. However, City staff will consider this and other issues relevant to CEQA's exceptions to the categorical exemptions further once Bloom has submitted complete use permit applications for the proposed Equinix and Intel Projects.

b. The common sense exemption does not appear to apply to the proposed Projects.

The common sense exemption requires certainty that that there is no possibility that the activity may have a significant effect on the environment. (Guidelines, §15061(b)(3); *Davidon Homes v. City of San Jose* (1997) 54 Cal.App.4th 106, 117 ["If legitimate questions can be raised about whether the project might have a significant impact and there is any dispute about the possibility of such an impact, the agency cannot find with certainty that a project is exempt [pursuant to the common sense exemption]."].)

As Bloom is aware, the superior court previously held that substantial evidence demonstrates that Bloom's Fuel Cells emit approximately twice the CO_2e as Silicon Valley Power's (SVP's) grid. (Case No. 19CV348838, Judgement, p. 14.) SVP has aggressively procured substantial renewable and carbon-free energy sources to reduce its portfolio's GHG emissions. And SVP's GHG emissions will continually decrease in the future pursuant to its 2018 Integrated Resource Plan and to meet state mandates such as Senate Bill 100 (2018). In stark contrast, Bloom's Fuel Cell power systems lock in reliance on natural gas for a period of 15-20 years and, as a

result, will cause significant GHG emissions as compared to SVP's grid.[14] Therefore, while City staff will consider this issue further once Bloom has submitted complete use permit applications for the proposed Equinix and Intel Projects, the GHG emission impacts of the proposed Projects alone likely preclude the City from relying on the common sense exemption.

4. City staff recommendations regarding information to include with the use permit applications for the proposed Projects.

The information listed below will assist City staff in reaching a determination regarding the appropriate level of CEQA review for the proposed Projects. While City staff typically makes requests for additional information after a developer has submitted a complete land use application, City staff understands that Bloom would like the use permit application process to proceed as quickly as reasonably possible. To help facilitate that goal, City staff requests that Bloom provide the following information to the City when it submits its use permit applications for the proposed Projects:

- Documentation from the Bay Area Air Quality Management District (BAAQMD) confirming that the Equinix and Intel Projects are exempt from new source review regulations;
- BAAQMD certified source test data for criteria pollutants for Bloom Fuel Cell systems;
- Health and safety plans and/or emergency preparedness plans or studies related to Bloom Fuel Cell systems;
- Information related to whether any natural gas pipelines will need to be replaced, upsized, or newly installed on- or off-site in order to accommodate the additional natural gas demand created by the proposed Projects;
- All information related to any safety rating provided to Bloom Fuel Cell systems;
- All information related to the disposal of Bloom Fuel Cell batteries and filters; and
- All information regarding the quantity of the following substances created (both per megawatt hour of energy production and parts per million):
    - Arsenic;
    - Benzene;
    - Chromium VI;
    - Hydrogen;
    - Hydrogen sulfide;
    - Lead;
    - Toluene;
    - Volatile organic compounds; and
    - Xylene.

CONCLUSION

As discussed in this letter, the Equinix and Intel Projects each require a use permit. In Bloom's Letter, Bloom suggests that "[t]here has been nearly a year's delay in the installation of the

[14] / Bloom has repeatedly asserted that the use of biogas is not possible.

Bloom Energy Servers...." (Bloom's Letter, p. 2.) As early as February of this year, City staff informed Bloom that use permit applications would need to be submitted and stated that Reena Brilliot, Planning Manager, could assist in the application process. To date, Bloom has not filed a planning application to apply for the required use permits or contacted Ms. Brilliot for assistance in preparing the applications. Therefore, the City is not the cause of any perceived delay in the processing of necessary permits for the Equinix and Intel Projects.

As City staff did in February, the City again recommends that Bloom submit planning applications should Bloom want to pursue use permits for the proposed Projects. Planning applications are complete once all required documentation has been received and approved by Planning staff and payment of all applicable planning fees has been made. (City Code, § 18.110.020.) Should Bloom have any questions regarding the application process or the fees required, please contact Ms. Brilliot, Planning Manager (RBrilliot@santaclaraca.gov).

Once Bloom has completed planning applications, City staff will proceed with its review of the proposed Projects including a determination regarding the appropriate level of CEQA review. As discussed in this letter, based on City staff's initial review of Bloom's Letter and attachments, City staff does not anticipate that the proposed Projects will qualify for a CEQA exemption. However, City staff will make its official recommendation regarding the appropriate level of CEQA review after it has received and reviewed the complete project applications. Thereafter, the final determination regarding CEQA compliance will be made by the City's decisionmaker as part of its consideration of the proposed Projects.

If you have any further questions, please let me know.

Sincerely,

Alexander Abbe

Re: Environmental Review for Proposed Bloom Fuel Cell Power System Projects at the Intel, Inc., and Equinix, Inc., Facilities in the City of Santa Clara

Dear Mr. Wilkins:

I am writing on behalf of the City of Santa Clara (City) in response to your letter, dated February 16, 2021 (Bloom's February Letter), regarding the proposed Bloom Fuel Cell Power System at 2960 and 2970/3000 Corvin Drive (Equinix Facility) and 2200 Mission College Boulevard (Intel Facility) (the proposed installations at the Equinix Facility and Intel Facility are referred to individually as the "Equinix Project" and the "Intel Project" and collectively as the "Projects").

The City has concluded that an initial study must be completed for the Intel Project and for the Equinix Project. For the reasons discussed in the City's November 18, 2020 letter, the Projects do not fall within the scope of an exemption to CEQA. Additionally, even if an exemption were applicable—which the City finds is not the case—the City is unable to conclude that no exception applies, as explained below. Accordingly, an initial study must be prepared for each Project.

ANALYSIS

I. CEQA requires preparation of initial studies.

The City has determined that the Projects are not eligible to proceed under any CEQA exemption. Further, even assuming *arguendo* that an exemption applied, the City is obligated to consider whether an exception precludes reliance on the exemption. (*Berkeley Hillside Preservation v. City of Berkeley* (2015) 60 Cal.4th 1086, 1103 ["[A]n agency may not apply a categorical exemption without considering evidence in its files of potentially significant effects, regardless of whether that evidence comes from its own investigation, the proponent's

submissions, a project opponent, or some other source."]; *Committee to Save the Hollywoodland Specific Plan v. City of Los Angeles* (2008) 161 Cal.App.4th 1168, 1187.)

As discussed below, based on a review of the currently available evidence, the City finds that the Projects will have cumulatively considerable impacts related to GHG emissions and energy. Additionally, based on the evidence, the City cannot conclude that the Projects will not contribute to significant cumulative impacts related to air quality emissions or transportation of hazardous waste. Similarly, it cannot conclude that the Projects' release and emission of hexavalent chromium (CR+6) will not result in a significant impact, triggering the unusual circumstances exception. Therefore, even if the Projects qualified for a categorical exemption, the City is unable to find that the evidence supports a determination that no exception would apply. As a result, initial studies are required to provide the City with information to use as the basis for deciding whether to prepare a Negative Declaration or an EIR for the Projects. (CEQA Guidelines, § 15063(c)(1).) As required by the Supreme Court in *Sierra Club v. County of Fresno* (2018) 6 Cal.5th 502, the initial studies will need to include sufficient detail regarding project-specific and cumulative emissions associated with the Projects to connect any identified air quality effects to human health consequences.

A. Cumulative Impacts

The cumulative impacts exemption states: "All exemptions for these classes are inapplicable when the cumulative impact of successive projects of the same type in the same place, over time is significant." (Guidelines, § 15300.2(b).) "A 'cumulative impact from several projects' is defined in the Guidelines as 'the change in the environment which results from the incremental impact of the project when added to other closely related past, present, and reasonably foreseeable probable future projects.'" (*North Coast Rivers Alliance v. Westlands Water Dist.* (2014) 227 Cal.App.4th 832, 874, citing CEQA Guidelines, § 15355(b) and Pub. Resources Code, § 21083(b)(2).) "'[T]he purpose of the requirement that cumulative impacts be considered … is to ensure review of the effects of the project in context with other projects of the same type. Thus the Guidelines expressly provide that "[c]umulative impacts can result from individually minor but collectively significant projects taking place over a period of time."'" (*Robinson v. City and County of San Francisco* (2012) 208 Cal.App.4th 950, 956-957, citing *Save Our Carmel River v. Monterey Peninsula Water Management Dist.* (2006) 141 Cal.App.4th 677, 703-704.)

Thus, the City must evaluate the cumulative impacts of Bloom's Fuel Cell Power Systems. Currently, there are approximately 14.9 MW of Bloom Fuel Cell Power Systems installed in the City, and the Projects would add another 13 MW. As discussed below, the City has determined that the cumulative impacts of Bloom's Fuel Cell Power Systems within the City demonstrate that the cumulative impacts exception applies.

1. Air Quality

The City is concerned that the methodologies used to quantify emissions from Bloom Fuel Cell Power Systems do not properly capture and account for all emissions. Thus, the City is unable to rely on Bloom's reported emission rates because they may underrepresent the quantity of air pollutants released by the fuel cells. Additionally, the Projects may emit significant quantities of benzene. Accordingly, initial studies are needed to further evaluate these issues.

a. It is not clear the methodologies capture all emissions.

It is not clear that Bloom's testing methodologies account for the entire system of operations within its energy servers or capture all fugitive emissions. For instance, the methodology for measuring particulates emissions specifies how it factors emissions from several key system components—it specifically includes six power modules, one fuel module, and one electrical module per energy server. In contrast, the methodologies for NOx, CO, and VOCs fail to account for these key components. Further, it is not clear whether any of the testing methodologies fully capture fugitive emissions. Any system operating at high temperatures will have evaporative emissions; testing must be performed in a sealed environment to capture these fugitive emissions. The methodology states that an artificial stack was created in which a probe measured emissions. Bloom's documentation does not explain if and how this methodology accounts for fugitive emissions. If the methodologies do not account for emissions from each component of the system or capture all fugitive emissions, the results may be misleading.

Bloom's SEC Annual Report underscores the City's concerns that Bloom has selected methodologies that fail to properly capture emissions. For example, in discussing CR+6 emissions—which Bloom's February Letter failed to disclose—the SEC filing admits that had Bloom used a traditional testing methodology "similar to what the air districts have used in other large scale industrial products, it would show that we would need to reduce the emissions of CR+6 from our Energy Servers to meet the most stringent [California] requirements."[1] However, Bloom developed a modified test, and based on its modeling, results, and analysis, Bloom has concluded that it believes that it is in compliance with California air regulations. Bloom's SEC Annual Report additionally states that "our technology is moving faster than the regulatory process in many instances."[2] This indicates that Bloom's alleged regulatory compliance with respect to emissions may be more attributable to the absence of federal, state, and local permitting and/or oversight than to the level of its emissions. Based on these disclosures, the City finds that air quality emissions must be evaluated in initial studies.

---

[1] Boom Energy Corporation, *Annual Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the fiscal year ended December 31, 2020* (Feb. 26, 2021), p. 30, available at http://d18rn0p25nwr6d.cloudfront.net/CIK-0001664703/76f03605-a1e3-4fce-9a24-556d291a923b.pdf

[2] *Ibid*.

b. Any error due to faulty methodology would be significant when scaled up.

Bloom's emissions data is based off of tests on a single power module of approximately 50 kW in size. The Equinix Project would install 50 times that much power, and the Intel Project would be 210 times larger. On a City-wide basis, 27.9 MW would be 550 times the size of the test module. Thus, even errors that may be small at the 50 kW scale could be substantial, and collectively amount to a significant impact, when considered at Project-level and City-level scale. Thus, initial studies are needed to further evaluate appropriate methodology for calculating the Projects' project-specific and cumulative air quality impacts.

c. Bloom's data fails to account for the increase in emissions due to the steady and significant loss in efficiency.

Bloom Fuel Cell Power Systems decrease in efficiency over time. Publicly available data show that the amount of fuel used per MWh steadily grows as the system efficiency declines. Bloom's advertising materials state that GHG emissions may get as high as 833 lbs/MWh and that the fuel input (heat rate) may range up to 7,127 Btu/kWh. Actual data from the State of New York for Bloom's installations at Queens Mall show that efficiency decayed below the advertised levels and that after only one year of operations, emissions exceeded 950 lbs/MWh on numerous occasions.[3] Additionally, data from the U.S. EPA eGrid database for 2019 show Bloom operating 43 plants nationwide, and 35 of these plants operated at a nominal heat rate greater than 7,127 Btu/kWh. This data indicate a significant decrease in efficiency beyond Bloom's advertised upper limit. Presumably, this decreased efficiency would also result in a corresponding increase in emission levels for other air pollutants along with GHG emissions. Bloom fails to address this issue, which requires further evaluation in initial studies.

d. Benzene

Based on the information provided, the Projects may contribute to significant benzene emissions. Benzene is carcinogenic and can cause birth defects. Initial studies are needed to analyze this issue.

2. Greenhouse Gases

The Projects will emit significant GHG emissions, contributing to a cumulative impact. Even using the lower range emission factor for Bloom Fuel Cell Power Systems, the Intel Project alone will generate over 28,000 $MTCO_2e$ per year. This exceeds the BAAQMD's threshold of significance for GHG emissions. The Projects, taken together, will generate over 35,000 $MTCO_2e$ per year. With the Projects, Bloom's cumulative GHG emissions across the City would

[3] New York State, *Distributed Energy Resources: Queens Mall* (2021), available at https://der.nyserda.ny.gov/reports/view/performance/?project=738.

be at least 75,000 $MTCO_2e$ per year.[4] These significant GHG emission levels need to be evaluated further in the initial studies.

3. Energy

CEQA recognizes that wasteful, inefficient, and unnecessary consumption of energy may result in environmental impacts. Appendix F of the CEQA Guidelines illustrates that such impacts may be avoided or reduced by decreasing per capita consumption; decreasing reliance on fossil fuels, including natural gas; and increasing reliance on renewable energy resources. Appendix F suggests consideration of the degree to which a project complies with existing energy standards, its effect on energy resources, and its projected transportation energy use requirements. It further recommends consideration of how a project preempts future energy conservation and how short-term gains compare to long-term impacts.

The Projects would not further the goals promoted by CEQA or Appendix F with respect to preventing or minimizing energy related impacts. Bloom's Fuel Cell Power Systems are entirely reliant on natural gas, a fossil fuel. Further, they run on natural gas 24 hours a day, seven days a week, in contrast to other energy suppliers, such as SVP,[5] which can reduce natural gas consumption when excess renewables are available on the grid. Currently, the existing Bloom Fuel Cell Power Systems in the City consume at least 734,956 mcf of natural gas annually. The Equinix and Intel Projects would respectively consume at least 123,312 mcf and 517,912 mcf of natural gas annually, bringing the total to, at minimum, 1.37 million mcf. This is equivalent to the annual natural gas demand of over 36,000 City residents, and the Projects' share would be equivalent to that of over 17,000 City residents. The Projects are projected to last 15-20 years. Thus, they will induce long term, constant dependence on fossil fuels at the Intel and Equinix Facilities. Because Bloom's Fuel Cell Power Systems will not achieve reductions in fossil fuel dependence, but will lock in dependence on natural gas, the currently available evidence supports the conclusion that the Projects will have cumulatively considerable impacts related to wasteful, inefficient, and unnecessary consumption of energy.

Further, the Projects do not comport with current energy policies which emphasize the need to decarbonize the grid. SB 32 mandates that California reduce GHG emissions to 40 percent below 1990 levels by 2030. SB 100 includes requirements and targets related to increased renewable

[4] These figures are based on an emission factor of 0.308. A more conservative analysis would use an emission factor of 0.378, which would indicate that the Projects plus existing Bloom Fuel Cell Power Systems in the City would emit over 92,000 $MTCO_2e$ per year. And as discussed in section A.1.c, this may not account for Bloom's Fuel Cell Power Systems' true degradation in efficiency. The City will determine the appropriate emission factor to use in preparing the initial studies.

[5] In compliance with SB 100 and other California plans and policies, the City's grid will continuously reduce reliance on fossil fuels until it is 100 percent carbon-free (meaning no fossil fuel-sourced energy) by 2045.

energy procurement and achieving 100 percent carbon free energy. BAAQMD's 2017 Clean Air Plan likewise focuses on reducing Bay Area GHG emissions to 40 percent below 1990 levels by 2030 and 80 percent below 1990 levels by 2050. It further explains that the use of fossil fuels in buildings needs to be eliminated and industries must be powered by carbon-free electricity and biofuels. In fact, decarbonizing the energy system is a specific priority of the 2017 Clean Air Plan. An energy project that locks in natural gas dependence cannot contribute to achieving the State's goals to reduce GHG emissions and shift electricity demands from fossil fuels to renewable and GHG-free sources. Thus, the Projects would not comply with existing energy standards. Initial studies are needed to analyze the Projects' energy impacts.

4. Hazardous Substances

Desulfurization canisters are connected to Bloom's Fuel Cell Power Systems to remove impurities from natural gas before it is reformed into the hydrogen fuel. When "spent," these canisters contain sufficient benzene to qualify as hazardous waste. Bloom previously alleged its canisters were exempt under 40 § C.F.R. 261.4(c).[6] The EPA ruled this was improper and sought to fine Bloom $1 million for the violation. Subsequently, Bloom entered into an arrangement to have its canisters recycled at a facility in Indiana, so the canisters could be deemed exempt from hazardous waste requirements pursuant to 40 C.F.R. § 261.2(e)(1)(i).

Though the canisters may be deemed exempt from hazardous waste requirements under RCRA, the City is concerned with potential impacts that may arise from the storage and transportation of the canisters. The City has not been provided any information necessary to evaluate cumulative impacts to local streets, such as the volume or number of canisters to be removed from each site, how frequently this would occur, or proof of Bloom's compliance with all applicable laws in transporting the canisters. Including the Projects, there would be five sites in the City from which these canisters must be gathered and transported. Additionally, transporting the canisters to the recycling facility would have air quality, GHG, energy, and VMT impacts. These issues require further evaluation in initial studies.

B. Unusual Circumstance due to release or emission of hexavalent chromium

To date, the City has not received sufficient information to demonstrate the Projects will not result in a significant impact related to the release or emission of hexavalent chromium (CR+6). If the Projects will have a significant impact due to the release or emission of CR+6, it would constitute an unusual circumstance, precluding reliance on an exception. (*Berkeley Hillside Preservation v. City of Berkeley* (2015) 60 Cal.4th 1086, 1105 ["[A] party may establish an

[6] According to a complaint filed by Unicat Services, LLC (Unicat), Bloom represented that it had disposed of the highly toxic contents of the canisters in public landfills. (Third Amended Complaint at pp. 9-10, 15-16, *Unicat Services, LLC & Unicat Catalyst Technologies, Inc v. Bloom Energy Corporation*, No. 3:16-cv-32 (S.D. Tex 2016). The complaint further alleges that Bloom penalized Unicat for seeking to comply with hazardous waste laws in recycling and disposing of the spent canisters. (*Id*. at pp. 18, 21.)

unusual circumstance with evidence that the project will have a significant environmental effect."].)

As discussed above, Bloom's February Letter claims emissions of CR+6 are not available though it is clear from Bloom's SEC Annual Report that its Fuel Cell Power Systems do emit CR+6, potentially in significant quantities. Exposure to CR+6 is known to cause lung cancer and may also cause cancers of the nose and nasal sinuses; chronic exposure can also cause damage to the skin and respiratory systems and may harm reproductive systems as well as cause birth defects. CR+6 could be inhaled by workers and residents near the Projects. Additionally, CR+6 may accumulate on surfaces or seep into the soil and contaminate groundwater. Exposure via any of these pathways may pose serious health impacts.

Given Bloom's response to the City fails to disclose what quantity of CR+6 is emitted or the methodology used in making that determination, the City cannot find that the Projects will not result in significant impacts related to emission of highly toxic CR+6. Accordingly, the City is unable to conclude that the Projects will not result in an unusual circumstance, and this issue must be evaluated in the initial studies.

II. The City has determined Aspen Environmental will prepare the initial studies.

Pursuant to CEQA, a lead agency may use any of the following methods to prepare an initial study:

1. Preparing the initial study directly with its own staff.
2. Contracting with another entity, public or private, to prepare the initial study.
3. Accepting a draft initial study prepared by the applicant, a consultant retained by the applicant, or any other person.
4. Executing a third party contract or Memorandum of Understanding with the applicant to govern the preparation of an initial study by an independent contractor.
5. Using a previously prepared initial study (where appropriate).

(See CEQA Guidelines, §§ 15084(d), 15063(a)(4).)

The City's decision to contract with Aspen Environmental (Aspen) complies fully with CEQA. The City acknowledges that it often allows a developer to select a consultant from the City's Preferred Environmental Consultant List. However, the City chose not to use this process for two reasons. First, Aspen has significant experience consulting on Energy and Power Plant projects, and therefore, the City believes that Aspen is particularly qualified to prepare the initial studies required for the Projects. Second, it is unusual for a dispute to exist between the City and a project applicant concerning potential environmental impacts of a project before environmental review of a project has even commenced. Here, however, as you are aware, in *Bloom Energy Corporation v. City of Santa Clara, Santa Clara Superior Court Case No. 19CV348838*, Bloom argued that development of additional fuel cells within the City would reduce GHG emissions in the City. Bloom's position was inconsistent with the City's data, and the court ultimately held

that substantial evidence supported the City's conclusion that "CO_2e emissions for the SVP energy portfolio are approximately half of those from NG Fuel Cells." (Order re: Petition for Writ of Mandate and Complaint for Declaratory Relief, p. 14.) The City believes this prior disagreement between Bloom and the City regarding GHG emissions associated with Bloom's fuel cells provides further support for its decision to independently select the environmental consultant.

In Bloom's March 12 email transmitting the PCC Checklists to the City, Bloom requested that the City provide Bloom an opportunity to discuss the applicability of CEQA categorical exemptions for the Projects with Aspen. As outlined in this letter, City staff has determined that the Projects do not qualify for a categorical exemption. City staff made this determination in consideration of the evidence and arguments submitted by Bloom. The City's determination is final, and therefore, to avoid delays the City suggests that the focus shift to preparing the initial studies for the Projects. However, if Bloom would like to set a call to further discuss the City's determination that initial studies are required, please let us know.

As the City has determined that initial studies are required for the Projects, the City has asked Aspen to prepare a scope of work to complete the initial studies. The City will share the scope of work with Bloom once it is received from Aspen. Should Bloom have any questions regarding Aspen's proposed scope of work once provided, the City is happy to set a call to discuss the scope of work.

While the City has selected the environmental consultant, the City will allow, and indeed expects, that Bloom will participate in preparation of the CEQA documentation for the Projects by, for example, providing environmental documentation requested by the City. All environmental documentation submitted by Bloom, including the materials already submitted to the City, will be provided to Aspen to assist it in completing the initial studies for City review pursuant to CEQA Guidelines section 15063(b). Further, as part of Aspen's preparation of the initial studies, the City will schedule a virtual meeting with Bloom, Aspen, and the City to discuss the Projects and the environmental analysis further.

CONCLUSION

The City has found that the Projects are not eligible for an exemption from CEQA, so an initial study is required for each Project. Further, even if the Projects were eligible for an exemption, based on the above, the City finds that cumulative GHG and energy impacts would preclude reliance on an exemption. Additionally, the City is unable to conclude that exceptions would not be triggered due to cumulative impacts related to air quality or transportation of hazardous materials, or due to unusual circumstances related to the Projects' release and emission of CR+6. Accordingly, the City will have Aspen prepare the required initial studies.

The City will coordinate with Bloom regarding the initial study fees, Aspen's scope of work, and to obtain additional information and data that may be necessary for Aspen to complete the initial studies.

If you have any further questions, please let me know.

Sincerely,

Christopher J. Butcher

I. INTRODUCTION

California's leadership with regard to climate change law and policy is well recognized. Due to the social, economic, and environmental costs of delayed action, the City of Santa Clara (the City) has likewise chosen to be a leader in the fight against climate change. As part of its sustainability efforts, it adopted a Climate Action Plan (CAP) in 2013 and is committed to meeting or exceeding State mandated greenhouse gas (GHG) reduction targets including the State's recently enacted goal to eliminate reliance on natural gas and, to instead, rely 100 percent on renewable energy and zero-carbon resources by 2045.

The City owns and operates Silicon Valley Power (SVP), a publicly owned power utility with generation, transmission, and distribution capabilities to provide electricity to City residents and businesses. To further align with State GHG reduction targets and its commitment to sustainability, the City passed Resolution no. 19-8701 (the Regulations), which updated SVP's Rules and Regulations to require that new self-generating energy facilities[1] (excluding back-up generators) installed by its customers in the future qualify as renewable electric generation facilities if the owner also wishes to interconnect to SVP's electrical grid.

Fuel cell projects are one type of self-generating energy facility. Fuel cells may run on either natural gas or biogas; biogas is derived from renewably sourced methane produced, for example, by dairies, landfills, or waste water treatment facilities. As Petitioner Bloom (Bloom) acknowledges, fuel cells that run on non-renewable natural gas emit both GHGs and criteria air pollutants whereas fuel cells that run on biogas are "carbon neutral." (AR 8601.)

Fuel cells, once installed, generally operate for 15-20 years. Therefore, natural gas fuel cells that are installed in the City in the future will potentially emit GHGs and criteria air pollutants for decades to come. As these emissions are inconsistent with both the City's and State's GHG and green energy goals, the City adopted the Regulations, in part, to encourage development of biogas fuel cells instead of natural gas fuel cells in the City.

---

[1] Self-generation facilities are private electrical generation systems that an electrical customer installs on its own property for its own use. (AR 84.)

Contrary to the arguments advanced by Bloom in its Opening Brief, substantial evidence in the record demonstrates that Bloom can operate fuel cells using biogas. While doing so may reduce Bloom's profit, impacts to Bloom's profit margin do not constitute potentially significant impacts for the purposes of CEQA. As demonstrated below, Bloom's challenge is premised on a misunderstanding of how alleged indirect environmental impacts are evaluated pursuant to CEQA as well as on a series of unreasonable and unforeseeable assumptions. Each of these flaws in Bloom's challenge constitute an independent basis for this Court to deny the Petition for Writ of Mandate and enter judgment in favor of the City.

II. STATEMENT OF FACTS

California is a global leader with respect to climate change law and policy. Reducing GHG emissions requires actions on numerous fronts, including energy, transportation, land use, waste disposal, and water resource planning. (See, e.g. AR 17366.) This litigation concerns an action taken by the City to align energy production in the City with both the State's and City's GHG emission reduction goals.

A. State legislative emissions goals and targets

1. SB 350

The Legislature has declared that "[s]upplying electricity to California end-use customers that is generated by eligible renewable energy resources *is necessary* to improve California's air quality and public health … ." (Sen. Bill No. 350 (2015-2016 Reg. Sess.), § 17 [Pub. Utilities Code, § 399.11, subd. (e)(1) (emphasis added)].) In 2015, the Legislature passed the Clean Energy and Pollution Reduction Act (SB 350), which established new clean energy, clean air, and greenhouse gas reduction goals through 2030 and beyond. Specifically, as part of the effort to achieve the State's GHG reduction goals, SB 350 directs "electrical corporations to file applications for programs and investments to accelerate widespread transportation electrification to reduce dependence on petroleum, meet air quality standards, achieve the goals set forth in the Charge Ahead California Initiative . . . , and reduce emissions of greenhouse gases to 40 percent below 1990 levels by 2030 and to 80 percent below 1990 levels by 2050." (Sen. Bill No. 350 (2015-2016 Reg. Sess.) § 32 [Pub. Utilities Code, § 740.12, subd. (b)]; see also AR 84.)

2. SB 100

In 2018, the Legislature passed the California Renewables Portfolio Standard Program: Emissions of Greenhouse Gases (SB 100) to transition the State to a 100 percent "zero-carbon electric system … ." (Sen. Bill No. 100 (2017-2018 Reg. Sess.) § 5 [Pub. Utilities Code, § 454.53, subd. (a)].) Specifically, SB 100 declares that it is "the policy of the state that eligible renewable energy resources and zero-carbon resources supply 100 percent of all retail sales of electricity to California end-use customers and 100 percent of electricity procured to serve all state agencies by December 31, 2045." (*Ibid.*; see also AR 84.) To achieve the 2045 zero-carbon goal, SB 100 also establishes new targets for renewable energy production for 2026 and 2030. (Sen. Bill No. 100 (2017-2018 Reg. Sess.) § 2 [Pub. Utilities Code, § 399.11, subd. (a)] [establishing a target for total retail sales of electricity in California from eligible renewable energy resources of "50 percent by December 31, 2026, and 60 percent by December 31, 2030 … ."].)

B. Availability of renewable energy on the California energy market

In part due to California's aggressive GHG reduction goals, the California energy market has become markedly cleaner and more sustainable in recent years. (AR 1159.) The California energy market is operated by the California Independent System Operator (ISO). Renewable generation in California has made such strides that, at times, the supply of clean, renewable energy exceeds demand. (See AR 1157, 9685.) When this occurs, the California ISO is forced to curtail production of this clean and GHG-free energy. (AR 1157, 9685.)

As discussed further below, at times when clean and GHG-free energy is available in excess on the California energy market, SVP has the ability to rely on that available clean energy instead of on natural gas whereas Bloom's fuel cells cannot ramp up or down their reliance on natural gas to take advantage of available clean energy.

C. The City's energy framework

Since 2013, the City has been working aggressively to meet or exceed the goals set forth in its CAP. Its CAP calls for reducing GHG emissions to 15 percent below 2008 levels by 2020, and 55 percent below baseline levels by 2035 through a continuing increase in reliance on renewable and GHG-free electrical generation facilities. (AR 17363, 17369, 17392.) In recent years, SVP has

diversified its energy portfolio to meet these goals and presently supplies power to the community through a mix of large and small hydro, wind, geothermal, landfill gas, solar, and natural gas sources. (AR 16362-16363.) Pursuant to the CAP, the City closed its coal-fired power plant well ahead of schedule to support sustainability and fight climate change. (AR 233, 1150, 17277.)

For the last 10 years, the City has been committed to only adding renewable or GHG-free electricity to its portfolio. (AR 9167.) Accordingly, the City's energy portfolio has become substantially more sustainable. Additionally, SVP's portfolio approach enables it to ramp down or turn off its natural gas power production completely if additional renewable energy supplies are available on the California energy marketplace. (AR 1160, 9685.)

Since the City adopted its CAP in 2013, SVP's reliance on natural gas fell from nearly 45 percent of its portfolio to 16 percent in 2017. (AR 16361, 17278.) In that same timeframe, SVP's reliance on renewable and GHG-free energy increased significantly to 36 percent renewable and 72 percent GHG-free.[2] (AR 152-153, 9740, 17278.) Since adopting its CAP, SVP has also achieved 100 percent GHG-free energy for residential customers. (AR 17277.)

The City's 2018 Integrated Resource Plan (IRP) for SVP demonstrates that reliance on natural gas will continue to substantially decrease in the future: for instance, in 2018, SVP's Donald Von Raesfeld (DVR) natural gas power plant produced 899,242 megawatt hours (MWh) of energy. (AR 303; see also AR 85 [discussing GHG impacts of natural gas fuel cells compared to baseline emissions associated with SVP's 2018 electric load], 158 [discussing SVP's 2018 baseline emissions].) By 2038, DVR energy generation is projected to decrease by nearly 50 percent to 470,000 MWh. [3] (City's RJN,

---

[2] Under California law, hydroelectric facilities larger than 30 megawatts do not qualify as renewable energy. (Public Resources Code, § 25741.) However, they are characterized as GHG-free. (See AR 16359.) SVP's use of hydroelectric power accounts for the difference in percentage between its renewable and GHG-free portfolio.

[3] SVP currently obtains energy produced using natural gas from four sources: Donald Von Raesfeld (DVR), Gianera Generating Station, Lodi Energy Center (NCPA Joint Powers Agency Resource), and Santa Clara Cogeneration. (AR 8533; City's RJN, Exhibit A, p. 8-8.) In 2019, these facilities are projected to produce 835, 8, 394, and 48 gigawatt hours (GWh) of electricity respectively (or 1,285 GWh collectively or 1,285,000 MWh). (City's RJN, Exhibit A, p. 8-8.) By 2038, these facilities are projected to produce 470, 0, 195, and 48 GWh of electricity respectively (or 713 GWh collectively or 713,000 MWh). (*Ibid.*)

Exhibit A, p. 8-8.)

D. Resolution No. 19-8701's update to SVP's Rules and Regulations

In keeping with its commitment to reduce GHG emissions and align its policies with those of the State of California and its CAP, the City proposed the Regulations. The Regulations require any customer that decides to seek future permits to develop a new self-generation energy facility, and desires to remain connected to SVP's grid, use a renewable electric generation facility as defined by the State.[4] (AR 77, 159-160.) With respect to fuel cells, this means that they must be powered by California Energy Commission (CEC) approved renewable generation and fuel sources rather than by natural gas. (See AR 77.)

Importantly, the Regulations only apply to self-generation facilities modified or installed *after* the passage of Resolution No. 19-8701. (AR 86.) Therefore, all preexisting fuel cells, including Bloom's, may continue operating without any changes whether they are currently operating on natural gas or biogas. (AR 86.)

Requirements such as those implemented by the Regulations are not uncommon within the State. For example, "cities like the cities of Pasadena and Burbank … have each adopted similar requirements which are already in place -- which is indicative of cities trying to advance … [the] mutual goal of advancing renewable energy policy." (AR 83; see also AR 137, 151-152, 9367, 9368-9373 [agenda for Pasadena's Regulations], 9372 [Pasadena concluded the Regulations "would not cause either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment."].)

E. Bloom fuel cells

Bloom is an energy corporation that produces fuel cells which generate electricity through an electrochemical reaction. (AR 1226.) Bloom's fuel cells are generally used by larger industrial operations (like data storage operations) or institutional clients (like hospitals and universities). (See, e.g., AR 173, 181, 9579.) Bloom's promotional material state that the company has approximately 100

[4] The Regulations do not apply to emergency back-up generators. (AR 84, 160.) Therefore, both before and after the Regulations were adopted, emergency back-up generator projects could be developed in the City.

customers and, in total, operates fuel cells rated for approximately 300 MWh of energy. (AR 144, 209 [Bloom fuel cells are operating at approximately 80 sites around the world].)

While fuel cells can operate on biogas, Bloom's fuel cells generally utilize natural gas, which means they are 0 percent renewable and 0 percent GHG-free. (AR 85, 153.) *As a result, Bloom's fuel cells emit twice as much GHG as SVP's portfolio.* (AR 137 ["when SVP power content is compared to a natural gas fuel cell, the natural gas fuel cell will produce approximately 100% more GHG emissions than SVP during an annual time frame"], 9683.)

Furthermore, Bloom overstates the efficiency of its natural gas fuel cells. Bloom's Opening Brief and its expert claim their emission factor is 756 lbs/MWh. (Bloom's Opening Brief, p. 26; AR 16428.) However, in an application submitted to the State of Delaware, Bloom reported its emission factor was 884 lbs/MWh (a difference of nearly 17 percent), and one expert has reported the actual emission factor may exceed 900 lbs/MWh. (AR 11364, 17433; see also AR 1156 [noting Bloom's information lists CO_2 emissions of 735-849 lbs/MWh but "analysts have speculated that emissions are higher in actual operation"], 1174 [showing decrease in fuel cell efficiency over time].) Moreover, unlike SVP's electrical grid, natural gas fuel cells cannot ramp up or down, but rather run continuously 24 hours a day, 365 days a year, constantly emitting GHGs. (See AR 85, 1150.) Thus, because natural gas fuel cells – once installed – typically operate for 15-20 years, their dependence on natural gas is generally locked in on a continuous basis for well over a decade. (AR 217.)

In addition to GHG emissions, fuel cells generate NO_x, CO, VOCs, and hazardous solid waste. (See AR 155, 1156, 1172, 11364, 16361.) Sulfur compounds from natural gas must be filtered out, and other toxins such as benzene, toluene, xylene, lead, chromium, and arsenic also become trapped. (AR 11364.) The filtering material together with the trapped toxins becomes hazardous solid waste. (AR 11364.)

Bloom has aggressively lobbied for years for government subsidies to further its business interests notwithstanding the environmental impacts associated with fuel cells operating using natural gas. (AR 16355-16357, 17315-17316.) Initially Bloom's lobbying efforts were tremendously successful, resulting in hundreds of millions of dollars in subsidies. (See AR 16355-16357, 17316.) Specifically, Bloom has obtained over $400 million in rate-payer subsidies from the State's Self-

Generation Incentive Program (SGIP). (AR 1156.)

In 2015, after the Legislature renewed the SGIP until 2021, State Assemblymembers sent a letter to the Public Utilities Commission criticizing the existing SGIP eligibility criteria, which "maintain[ed] eligibility for existing technologies operating on 100 percent conventional natural gas." (AR 17316.) The letter urged that such technologies are not "consistent with the state's long term climate and energy goals." (*Ibid.*) The letter also noted that these existing natural gas technologies would emit significantly less GHGs if they used renewable biogas. (*Ibid.*) For these reasons, the letter concluded that if the SGIP eligibility criteria are not updated "SGIP will continue the increasingly absurd practice of subsidizing natural gas consumption, supporting existing technologies that have already taken hundreds of millions of dollars from SGIP and other public subsidies without producing substantial efficiency improvements, cost reductions, or general benefits to ratepayers … and undermining our collective efforts to clean the grid and transition away from fossil fuels." (*Ibid.*)

F. Summary of the administrative process

On May 7, 2019, the City Council held a hearing on the Regulations. Manuel Pineda, Interim Chief Electric Utility Officer, discussed the City's sustainability achievements and goals going forward and detailed why the Regulations would not cause significant environmental impacts. (AR 147-171, 220-230.) Three additional members of the public spoke in strong support for the Regulations, citing the need to advance energy policies in favor of renewable energy and pointing out the inefficiency of Bloom's fuel cells. (AR 212-214, 216-219.) Bloom employees spoke in opposition to the Regulations (AR 172-186, 191-193, 199-203), and several other speakers, including representatives of businesses that use Bloom's fuel cells, opposed the Regulations citing economic concerns. (AR 193-199.) Several comment letters were also submitted in opposition to the Regulations, including letters by Professor Catherine Sandoval and Professor James Sweeney, stating generally that federal and State subsidies have incentivized directing biogas towards transportation use, thereby artificially inflating its market value. (AR 16411-16414.) At the conclusion of the public comment period and after City Council deliberation, the City Council voted unanimously to adopt the Regulations. (AR 51.)

On May 8, 2019, the City issued a Notice of Exemption (NOE). (AR 48.) The NOE explains that the Regulations are exempt from CEQA pursuant to CEQA Guidelines section 15061(b)(3), which

is commonly referred to as the commonsense exemption, based on the City's determination that the Regulations do not have the potential to result in any significant effect on the environment as defined by CEQA. (*Ibid.*) Bloom filed suit under CEQA, alleging that the Regulations are not exempt from CEQA pursuant to the commonsense exemption.

III. STANDARD OF REVIEW

Bloom's Opening Brief mostly ignores the applicable standard of review.[5] Instead, Bloom compares its product to the natural gas component of SVP's grid. As explained below, this is a misleading and false comparison as SVP's grid relies substantially, and increasingly, on renewable and GHG-free energy sources; natural gas is but a small, and decreasing, component of SVP's grid. Moreover, CEQA's evaluation of environmental impacts is not based on false comparisons of alleged future scenarios, but instead mandates analysis of a project (here, the Regulations) against the existing environmental baseline. In evaluating whether the City complied with CEQA when it concluded that the Regulations do not have the potential to result in any significant environmental impacts, the Court must determine whether substantial evidence supports the City's determination.

A. The commonsense exemption is subject to the substantial evidence standard of review and SVP met its burden of demonstrating that the exemption applies.

The commonsense exemption applies "[w]here it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment . . . ." (Guidelines, §15061(b)(3); *Muzzy Ranch Co. v. Solano County Airport Land Use Com.* (2007) 41 Cal.4th 372, 385-386 (*Muzzy Ranch*).) "[W]hether a particular activity qualifies for the commonsense exemption presents an issue of fact, and . . . the agency invoking the exemption has the burden of demonstrating it applies." (*Muzzy Ranch*, *supra*, 41 Cal.4th at p. 386.) "[T]he agency's exemption determination must [rely on] evidence in the record demonstrating that the agency considered possible environmental impacts in reaching its decision." (*Id.* at pp. 386-387, quoting *Davidon Homes v. City of San Jose* (1997) 54 Cal.App.4th 106, 117 (*Davidon*).) However, "[d]etermining whether a project

[5] Bloom appears to concur that the substantial evidence standard of review applies since Bloom argues that "the City did not produce substantial evidence supporting its reliance on the common sense exemption…." (See Bloom's Opening Brief, p. 21:3-6; see also *id.* at pp. 16:22-23, 20:13-15, 22:6-8.)

qualifies for the commonsense exemption need not necessarily be preceded by detailed or extensive factfinding. Evidence appropriate to the CEQA stage in issue is all that is required." (*Muzzy Ranch*, *supra*, 41 Cal.4th at p. 388.)

As explained in *Muzzy Ranch*, when legitimate questions are raised about a project's possible environmental impacts, the lead agency has "the burden to elucidate the facts that justified its invocation of CEQA's commonsense exemption." (*Muzzy Ranch*, *supra*, 41 Cal.4th at p. 387.) As a result of this required factual inquiry, the lead agency serves as "the finder of fact," and the appropriate standard of review for the reviewing court is substantial evidence. (*Berkeley Hillside Preservation v. City of Berkeley* (2015) 60 Cal.4th 1086, 1114 (*Berkeley Hillside*); see also 2 Kostka & Zischke, Practice Under the Environmental Quality Act (2d ed. Cal. CEB 2018) § 5.129 ["In the authors' view, the statements in the *Muzzy Ranch* decision implicitly indicate that the court was applying the substantial evidence standard…."].)

To the extent *Muzzy Ranch* leaves any ambiguity about the standard of review applicable to the commonsense exemption, *Union of Medical Marijuana Patients, Inc. v. City of San Diego* (2019) 7 Cal.5th 1171 (*Union*) and *CREED-21 v. City of San Diego* (2015) 234 Cal.App.4th 488 (*CREED-21*) resolves the ambiguity. In *Union*, the Supreme Court distinguished the standard of review applicable to determining whether a government approval constituted a "project" pursuant to CEQA from the standard of review applicable to the commonsense exemption. (*Union*, *supra*, 7 Cal.5th at pp. 1195-1197.) Interpreting *Muzzy Ranch*, the Supreme Court stated that the question whether a government approval constitutes a "project" is a "an issue of law… ." (*Id*. at p. 1196.) Whereas, the commonsense exemption "presents an issue of fact" and, therefore, even where a project may result in a "*possible* environmental impact[,]" the commonsense exemption may still apply. (*Ibid*. (original emphasis).)

Consistent with the Court's holding in *Union*, the court in *CREED-21* rejected the petitioner's argument that the city improperly relied on the commonsense exemption in approving a revegetation project. (*CREED-21*, *supra*, 234 Cal.App.4th at pp. 497-498.) In doing so, the court explained that, based on its review of the administrative record, "there is substantial evidence to support [c]ity's determination that the revegetation project was exempt from CEQA pursuant to the commonsense exemption under Guidelines section 15061, subdivision (b)(3)." (*Id*. at p. 511; accord. *Committee to*

Save the Hollywoodland Specific Plan v. City of Los Angeles (2008) 161 Cal.App.4th 1168, 1187 [stating "courts apply the substantial evidence test to the agency's factual determination that the exemption applies in the first instance"].)

Substantial evidence is an "extremely deferential standard of review." (*Doe v. Regents of University of California* (2016) 5 Cal.App.5th 1055, 1073.) Substantial evidence is "enough relevant information and reasonable inferences from this information that a fair argument can be made to support a conclusion, even though other conclusions might also be reached." (*Association of Irritated Residents v. County of Madera* (2003) 107 Cal.App.4th 1383, 1391 [quoting CEQA Guidelines, § 15384, subd. (a)].) Substantial evidence "includes fact[s], a reasonable assumption predicated upon fact[s], or expert opinion supported by fact[s]" (Pub. Resources Code, § 21080, subd. (e)), such as the "expertise of [an agency's] planning staff in determining whether a project will not have a significant impact on the environment." (*Citizens for Responsible Equitable Environmental Development v. City of San Diego* (2011) 196 Cal.App.4th 515, 529-530.)

"In applying the substantial evidence standard, the reviewing court must resolve reasonable doubts in favor of the administrative finding and decision." (*Laurel Heights Improvement Assn. v. Regents of University of California* (1988) 47 Cal.3d 376, 393 [quotation marks omitted].) "[T]he question is not whether substantial evidence would support a different decision from the one the agency made; the question is whether the agency's decision is supported by substantial evidence." (*Committee for Re-Evaluation of T-Line Loop v. San Francisco Municipal Transportation Agency* (2016) 6 Cal.App.5th 1237, 1255.) In other words, "[t]he court must 'accept all evidence which supports the successful party, disregard the contrary evidence, and draw all reasonable inferences to uphold the [administrative decision].'" (*M.N. v. Morgan Hill Unified School Dist.* (2018) 20 Cal.App.5th 607, 616 [quoting *Doe v. Regents of University of California* (2016) 5 Cal.App.5th 1055, 1074]; see also *Friends of College of San Mateo Gardens v. San Mateo County Community College Dist.* (2016) 1 Cal.5th 937, 953 [courts do not to weigh conflicting evidence].)

B. Because substantial evidence supports SVP's use of the commonsense exemption, the exemption must be upheld.

Bloom suggests that this Court must grant Bloom's petition because the City's staff report and

findings do not set forth the substantial evidence that supports the City's decision to rely on the commonsense exemption. (Bloom's Opening Brief, pp. 13:24-26, 16:18 – 18:20.) However, as illustrated by *Muzzy Ranch*, the relevant question is whether the record *as a whole* supports the commonsense exemption. There the lead agency "merely invoke[d] section 15061, subdivision (b)(3)" in its notice of exemption. (*Muzzy Ranch*, *supra*, 41 Cal.4th at p. 386.) Nevertheless, the Court explained that "[d]etermining whether a project qualifies for the commonsense exemption need not necessarily be preceded by detailed or extensive factfinding. Evidence appropriate to the CEQA stage in issue is all that is required." (*Id.* at p. 388.) In consideration of substantial evidence in the administrative record, the Court held that the lead agency "reached the correct result" when it relied on the commonsense exemption. (*Ibid.*)

Moreover, in *Rominger v. County of Colusa* (2014) 229 Cal.App.4th 690 (disapproved on another ground in *Union*, *supra*, 7 Cal.5th at p. 1194, fn. 10), the court held that even without invoking the commonsense exemption during the administrative process, a lead agency may nevertheless rely on the exemption (if applicable) during CEQA litigation. (*Id.* at pp. 700-701.) Therefore, the relevant question is only whether substantial evidence in the administrative record supports the City's reliance on the commonsense exemption and not, as Bloom would seem to believe, whether all the evidence was expressly set forth in the City's staff report or findings.

As demonstrated below, Bloom's challenge is not only based on a misunderstanding of the law, but substantial evidence in the administrative record demonstrates both that Bloom's argument is premised on a series of unreasonable and unforeseeable assumptions and that the Regulations do not have the potential to result in any significant environmental impacts pursuant to CEQA.

IV. ARGUMENT

Focusing on a handful of statements in the administrative record and ignoring the extensive evidence, Bloom suggests SVP adopted its Regulations for the purpose of stifling competition. (Bloom's Opening Brief, p. 5:12-18.) Not true. The record is replete with evidence that the City adopted the Regulations because self-generation projects that rely on fossil fuels are inconsistent with the City's and State's goals that future energy production qualify as renewable or GHG-free. (AR 86, 139, 159, 224-225, 227, 1150, 1574, 9584.) The Regulations help the City achieve these goals while

reducing future carbon emissions from self-generation projects that rely on fossil fuels within the City. (AR 84, 152, 154, 217, 1150.)

As it relates to fuel cells, the Regulations would generally require fuel cells to run on biogas (which is carbon neutral) instead of GHG-emitting natural gas. (AR 167-168, 8601, 9652; see also AR 77, 162, 1151.) And the evidence, including Bloom's own promotional materials, demonstrates that fuel cells operating on biogas are better for the environment than fuel cells running on natural gas. (AR 1156, 8601.) Moreover, Bloom's allegation that SVP adopted the Regulations to protect its business interests is not only wrong but it is irrelevant to this litigation. The sole legal question raised in this litigation is whether the City complied with CEQA in adopting the Regulations.

As demonstrated below, Bloom's CEQA challenge is meritless for multiple reasons. First, Bloom's entire challenge is premised on a speculative and – for the purposes of CEQA – irrelevant analysis. Bloom compares hypothetical future fuel cells running on natural gas to SVP's natural gas power plants, rather than advancing evidence or arguments concerning any potentially significant impacts of the Regulations as compared to SVP's existing baseline conditions. (See *infra* Section IV.A.) Second, substantial evidence in the record demonstrates that the Regulations do not have the potential to result in any potentially significant environmental impacts as compared to baseline physical conditions. (See *infra* Section IV.B.) Third, contrary to Bloom's allegations, substantial evidence in the record demonstrates that the Regulations do not ban the future development of fuel cells in the City. (See *infra* Section IV.C.1.) Fourth, even if the Regulations could lead to a future reduction in the development of fuel cells in the City, other renewable self-generation options are available as alternatives to fuel cells. (See *infra* Section IV.C.2.) Fifth, even if future development of renewable self-generation projects decreased in the future and SVP energy production increased as a result, substantial evidence in the record demonstrates that energy produced by SVP's electrical grid is better for the environment than Bloom's natural gas fuel cells. (See *infra* Section IV.C.3.) Each of these five reasons constitute an independent basis for this Court to deny Bloom's Petition.

A. Bloom fails to identify any potentially significant impact of the Regulations as defined by CEQA.

Instead of identifying any potential direct environmental impacts of the Regulations, Bloom

implicitly argues that the Regulations will result in indirect environmental impacts in the future. "An indirect physical change in the environment is a physical change in the environment which is not immediately related to the project, but which is caused indirectly by the project . . . ." (CEQA Guidelines, § 15064, subd. (d)(2).) "An indirect physical change is to be considered only if that change is a reasonably foreseeable impact which may be caused by the project. A change which is speculative or unlikely to occur is not reasonably foreseeable." (CEQA Guidelines, § 15064, subd. (d)(3).)

Here, the Regulations are several steps removed from the indirect and clearly speculative environmental impacts raised by Bloom in its Opening Brief. Specifically, Bloom alleges that, as a result of the Regulations, Bloom will not be able to develop future fuel cells in the City and that, if Bloom does not develop future fuel cells in the City, then SVP will be required to increase production at its natural gas power plants in the future and such future increases in production at SVP's natural gas power plants would result in greater environmental impact than Bloom's potential operation of additional natural gas fuel cells in the City in the future. As discussed *infra* Section IV.C, Bloom's attenuated indirect impact argument is implicitly based on a series of speculative and unreasonable assumptions. However, this court does not need to address the unreasonable and speculative nature of Bloom's assumptions to deny Bloom's Petition because all of Bloom's arguments are premised on a misunderstanding of how environmental impacts are evaluated pursuant to CEQA.

Pursuant to CEQA, a petitioner cannot establish that a regulation adopted by a city has the potential to result in a significant impact cognizable under CEQA by comparing future scenarios that it believes would exist with and without a regulation in place. For example, in *Wal-Mart Stores, Inc. v. City of Turlock* (2006) 138 Cal.App.4th 273 (disapproved on other grounds by *Hernandez v. City of Hanford* (2007) 41 Cal.4th 279) (*Wal-Mart*), the city adopted an ordinance that prohibited the future development of discount superstores within the City after determining that the ordinance was exempt from CEQA. (*Id.* at pp. 283-284.) Wal-Mart filed a lawsuit alleging, in part, that the ordinance was not exempt from CEQA. To advance its argument, Wal-Mart asserted that the ordinance prevented it from developing a planned store in the city and indirect environmental impacts would result either from "the possible development of a multitenant shopping center where Wal-Mart initially planned to build its supercenter . . . [or from] the possible construction of a Wal-Mart Supercenter outside the boundaries of

[c]ity . . . ." (*Id*. at p. 289.) In rejecting this false dichotomy, the court aptly explained:

> Fundamentally, a physical change is identified by comparing *existing* physical conditions with the physical conditions that are predicted to exist at a later point in time, after the proposed activity has been implemented. (*City of Carmel-by-the-Sea v. Board of Supervisors* (1986) 183 Cal.App.3d 229, 246–247 [effects of rezoning are evaluated against existing physical conditions, not against hypothetical conditions permitted by land use plan].) The difference between these two sets of physical conditions is the relevant physical change.
>
> Using the idea of photographic snapshots to illustrate our point, the baseline environment can be depicted in a snapshot of the physical conditions that exist at the time when the environmental review of the proposed activity begins. Next, an array of snapshots is created by picturing the physical conditions that one can reasonably foresee existing in the future. The physical changes that are reasonably foreseeable are the differences between the baseline snapshot and any one of the snapshots depicting future conditions.
>
> One can identify an error in Wal-Mart's analysis of physical change by using this photography illustration. Wal-Mart argues that "the Ordinance will likely result in alternative developments that will have worse environmental effects than the banned Discount Superstores." By comparing alternative developments on one hand with the discount superstores prohibited by the Ordinance on the other hand, Wal-Mart has compared two snapshots of future conditions and failed to use the snapshot of existing baseline conditions. This comparison by Wal-Mart fails to identify the relevant change. Instead, it identifies *changes to the changes* in the physical environment, which is a step removed from the inquiry relevant to CEQA. (See *Environmental Planning & Information Council v. County of El Dorado* (1982) 131 Cal. App. 3d 350, 358 [error to compare population capacities designated under existing general plan with population capacities designated in two-area plan proposed as amendments to general plan; the impact of development associated with proposed area plans must be determined by comparing that development with existing physical conditions].)
>
> The correct analysis of the relevant physical change in the environment involves a comparison of (1) the physical conditions that existed at the time the Ordinance was proposed or approved with (2) forecasts of reasonably foreseeable future conditions that may occur as a result of the adoption of the Ordinance.

(*Wal-Mart*, *supra*, 138 Cal.App.4th at pp. 289-291 (original emphasis, footnotes omitted).)

Similarly, in *Save the Plastic Bag Coalition v. City of Manhattan Beach* (2011) 52 Cal.4th 155, 162 (*Manhattan Beach Plastic Bag*),[6] a coalition of plastic bag manufacturers and distributors submitted letters and evidence to a city opposing a ban on grocery store plastic bags and an associated mitigated negative declaration. During the subsequent litigation challenging the plastic bag ban, the city

[6] See also *Save the Plastic Bag Coalition v. County of Marin* (2013) 218 Cal.App.4th 209, 227-228 [upholding county's determination that its grocery store plastic bag ban was categorically exempt from CEQA]; *Save the Plastic Bag Coalition v. City and County of San Francisco* (2013) 222 Cal.App.4th 863, 883 [same].

conceded that the evidence submitted by the business coalition demonstrated that "the manufacture, transportation, recycling, and landfill disposal of paper bags entail more negative environmental consequences than do the same aspects of the plastic bag 'life cycle.'" (*Id.* at p. 172.) The California Supreme Court, however, rejected that this constitutes evidence of a potentially significant impact as defined by CEQA. (*Id.* at p. 175.) In doing so, the Court recognized that CEQA did not require the City to compare the alleged global impacts of a future where plastic bags were banned in the city to one where they were not; instead, the Court explained that the inquiry "*shall be limited to substantial, or potentially substantial, adverse changes* in physical conditions which exist within the area as defined in [Public Resources Code] Section 21060.5." (*Id.* at p. 172 (original emphasis), quoting Pub. Resources Code, § 21151, subd. (b).) In consideration of the relevant question for the purpose of CEQA, the Court held that "the city acted within its discretion when it determined that its ban on plastic bags would have no significant effect on the environment." (*Ibid.*)

Here, Bloom has committed the same error as the petitioners in *Wal-Mart* and *Manhattan Beach Plastic Bag*. Rather than comparing the "reasonably foreseeable . . . differences between the baseline snapshot and any one of the snapshots depicting future conditions" after the Regulations are implemented, Bloom is comparing two hypothetical snapshots of what it believes future conditions would be with and without implementation of the Regulations. (*Wal-Mart*, *supra*, 138 Cal.App.4th at p. 290.) In other words, Bloom's entire argument is premised on comparing a future scenario where Bloom develops future natural gas fuel cells in the City to a future scenario where it does not and – as a result – SVP increases energy production at its natural gas power plants. (See, e.g., Bloom's Opening Brief, pp. 22:18-20 [arguing that the impact of the Regulations is that "the *electricity that fuel cells would have otherwise provided* would have to come from other sources of electricity" and not that the regulations would result in any increase in environmental impacts over baseline conditions] (emphasis added); see also *id.* at pp. 19:8-10 [arguing the "Fuel Cell Ban would increase NOx emissions *when comparing a fuel cell* to the City's Donald Von Raesfeld ('DVR') Power Plant"] (emphasis added), 21:15-20 [arguing DVR noise impacts are greater than fuel cell noise impacts], 22:1-5 [arguing DVR water demands are greater than fuel cell water demands], 22:27-28 [arguing "a fuel cell would substantially reduce emissions . . . compared to the DVR power plant"], 26:1-2 [arguing GHG impacts

are greater "when comparing a fuel cell to SVP's power plants"].) But, this comparison between a hypothetical world with more of Bloom's natural gas fuel cells and a hypothetical world with fewer of Bloom's natural gas fuel cells and increased energy production at SVP's natural gas power plants is "a step removed from the inquiry relevant to CEQA." (*Wal-Mart*, *supra*, 138 Cal.App.4th at p. 291.)

As illustrated in *Wal-Mart* and *Manhattan Beach Plastic Bag*, for the purposes of CEQA, the relevant question is only whether the Regulations have the potential to result in increased environmental impacts compared to baseline environmental conditions. But, Bloom's Opening Brief does not include any arguments or evidence to suggest that the Regulations will result in any potentially significant impacts as compared to baseline conditions. Instead, Bloom simply alleges that its fuel cell technology is better than SVP's natural gas power plants and, thus, Bloom believes the environment would be better off in the future with more of its fuel cells. Because Bloom's Opening Brief fails to advance any evidence or arguments relating to the relevant question pursuant to CEQA, Bloom's CEQA challenge necessarily fails for this reason alone. (See, e.g., *North Coast Rivers Alliance v. Kawamura* (2015) 243 Cal.App.4th 647, 679 [arguments not raised in a petitioner's opening brief are "forfeited"]; *South of Market Community Action Network v. City and County of San Francisco* (2019) 33 Cal.App.5th 321, 343, fn. 13 [court ordinarily will not consider issues raised for the first time on reply].)

B. The Regulations do not have the potential to result in any significant environmental impacts as compared to baseline conditions.

Even if Bloom's Opening Brief argued that the Regulations have the potential to result in a potentially significant environmental impact as compared to baseline environmental conditions, the argument would fail. For a project to have the potential to result in a significant environmental impact as defined pursuant to CEQA, the project must result in environmental impacts that *exceed* baseline conditions. (*CREED-21 v. City of San Diego* (2015) 234 Cal.App.4th 488, 512 (*CREED-21*) [upholding city's reliance on the commonsense exemption because an approved revegetation plan did not have the potential to result in any environmental impacts as compared to baseline conditions].)

Here, two facts must be assumed in order for the Regulations to have the potential to result in any significant impacts as defined by CEQA: (1) energy demand within the City must increase into the

future, and (2) the amount of energy produced by SVP using its natural gas power plants must also increase into the future.[7] (See, e.g., *North Coast Rivers Alliance v. Westlands Water Dist.* (2014) 227 Cal.App.4th 832, 872 ["noting 'the physical impacts of established levels of a particular use have been considered part of the existing environmental baseline …'; thus, the agency needed only to analyze proposed *increases in intensity or rate of use*"], quoting *Lighthouse Field Beach Rescue v. City of Santa Cruz* (2005) 131 Cal.App.4th 1170, 1196 (emphasis added).) Bloom's Opening Brief advances no evidence or argument concerning either future increases in energy demand in the City or SVP's reliance on energy produced using natural gas. As demonstrated herein, SVP's reliance on natural gas is limited and declining.

The City's adopted energy projections are set forth in the 2018 IRP for SVP. (See City's RJN, Exhibit A, p. 8-8.) The IRP establishes that energy demand in the City is projected to increase into the future. (*Ibid.*) However, it also demonstrates that the City's reliance on the production of energy using natural gas will continue to *decrease* in the future as compared to baseline conditions. (*Ibid.*) For example, as discussed *supra* Section II.C, in 2018, the DVR natural gas power plant produced 899,242 MWh of energy. (AR 303; see also AR 85, 158.) By the end of 2019, DVR energy generation is projected to decrease to 835,000 MWh and, by 2038, it is projected to decrease to 470,000 MWh. (City's RJN, Exhibit A, p. 8-8.) Therefore, as compared to baseline energy production at DVR in 2018, future energy production at DVR is anticipated to decrease by approximately 64,000 MWh[8] in 2019 and by 420,000 MWh[9] in 2038.

This substantial projected decrease in SVP's reliance on production of energy using natural gas

---

[7] All of the indirect environmental impacts of the Regulations claimed by Bloom are associated with the environmental impacts allegedly caused by SVP producing additional energy in the future using natural gas.

[8] 899,242 MWh (baseline DVR natural gas energy production [AR 303]) – 835,000 MWh (2019 projected DVR natural gas energy production [City's RJN, Exhibit A, p. 8-8]) = ~64,000 MWh reduction in DVR natural gas energy projection as compared to the baseline level.

[9] 899,242 MWh (baseline DVR natural gas energy production [AR 303]) – 470,000 MWh (2038 projected DVR natural gas energy production [City's RJN, Exhibit A, p. 8-8]) = ~420,000 MWh reduction in DVR natural gas energy projection as compared to the baseline level.

is supported by extensive evidence in the record. For example, for the last 10 years, the City has only acquired renewable and GHG-free energy sources. (AR 9167.) Moreover, the City fully divested from its coal-fired power generation two years ahead of schedule, despite financial losses, because divestment aligned with its environmental and sustainability goals. (AR 167, 225, 233, 243, 1150, 1574, 17277.) Actions like these resulted in the City's GHG emissions decreasing, even in sectors where energy demand increased. (AR 17272; see also AR 1151.)

Furthermore, in the last five years, the City has acquired the following assets to further reduce its reliance on fossil fuels: 124 megawatts from tri-dam hydroelectric power; 19 megawatts from Rooney Ranch wind power; 30 megawatts Sand Hill A & B wind power; 40 megawatts Central 40 solar power; and 200 megawatts Viento Loco wind power. (AR 159, 16363.) The wind and solar acquisitions will come online in 2020 and 2021. These additional renewable resources will be added to SVP's portfolio and will further reduce the City's reliance on its natural gas power plants in the future.

Additionally, independent of the City's commitment to sustainability, State mandates require that SVP's energy supply become even cleaner and more sustainable in the future. As discussed further above (*supra* Section II.A.2), SB 100 requires energy providers such as SVP to provide 50 percent renewable energy by 2026, 60 percent renewables by 2030, and 100 percent GHG-free energy by 2045. To meet these goals and mandates, SVP must reduce and entirely phase out natural gas and expand the renewable and GHG-free energy components of its portfolio. In direct contrast, Bloom fuel cells powered by natural gas are, and will remain, 0 percent renewable and 0 percent GHG-free for their entire useful life — approximately 15-20 years — while the rest of the grid moves to 100 percent GHG-free energy. (AR 217, 239.)

Put simply, while substantial evidence in the record clearly shows a dramatic and increasing shift by SVP to renewable and GHG-free energy sources consonant with State policy (see AR 17278 [SVP energy portfolio chart showing a substantial increase in renewable and GHG-free energy and a steep decline in natural gas reliance]), no evidence supports the argument – even if not forfeited by Bloom (see *supra* Section IV.A) – that the Regulations will cause SVP's natural gas energy production to increase above existing baseline levels. Thus, as in *CREED-21*, because the Regulations do not have the potential to result in any adverse change in physical conditions as compared to baseline conditions,

"the administrative record shows 'with certainty that there is no possibility that the activity in question . . . may have a significant effect on the environment' (Guidelines, § 15061, subd. (b)(3)), . . . [and, as a result,] there is substantial evidence to support City's determination that the… [Regulations are] exempt from CEQA pursuant to the commonsense exemption (i.e., Guidelines, § 15061, subd. (b)(3)) . . . ." (*CREED-21*, *supra*, 234 Cal.App.4th at p. 512.)

C. Bloom's arguments are premised on a series of unreasonable assumptions.

As demonstrated above, Bloom has not argued that the Regulations have the potential to result in any significant environmental impacts as compared to baseline conditions. (See *supra* Section IV.A.) Moreover, even if Bloom had advanced such an argument, substantial evidence demonstrates that it is not reasonably foreseeable that the Regulations will result in any potentially significant environmental impacts as compared to baseline conditions. (See *supra* Section IV.B.) Either one of these reasons is sufficient to deny Bloom's CEQA challenge. However, as discussed below, the argument advanced in Bloom's Opening Brief is also premised on a series of unreasonable assumptions. Each unreasonable assumption constitutes an additional reason why Bloom's CEQA challenge is meritless. (See, e.g., CEQA Guidelines, §§ 15064, subd. (d)(2), 15358, subd. (a)(2) [a lead agency is only required to consider reasonably foreseeable indirect effects of a project].)

1. Bloom misrepresents that the Regulations create a "Fuel Cell Ban."

Bloom's Opening Brief repeatedly misrepresents that the Regulations constitute a "Fuel Cell Ban." The Regulations, however, do not prohibit the development of fuel cells in the City. Instead, the Regulations only require that SVP customers that develop self-generating energy facilities in the City in the future, and that want to remain connected to the SVP electrical system, must use renewable self-generating facilities. (AR 77, 1150.) With respect to fuel cells, the Regulations would require that fuel cells installed in the City in the future run on biogas instead of natural gas. (AR 1151.) Therefore, the Regulations do not ban fuel cells; the Regulations only require future fuel cells to run on biogas if a

customer wants to remain connected to the SVP electrical system.[10]

Bloom does not dispute that fuel cells that run on biogas are better for the environment than fuel cells that run on natural gas. Indeed, Bloom's own promotional materials highlight the environmental benefits of fuel cells that use biogas. (AR 8601 [stating its fuel cells running on natural gas generate 679-883 lbs of CO2 per MWh whereas fuel cells running on biogas are "carbon neutral"].) Thus, the intended effect of the Regulations is to require that fuel cells used in the City in the future *reduce* environmental impacts. Fuel cells that run on natural gas do not.

Nevertheless, in an effort to establish that the Regulations will result in potentially significant indirect environmental impacts, Bloom alleges that the environmental benefits of requiring fuel cells to run on biogas should be ignored because Bloom claims that it is not possible to install fuel cells that run on biogas. (See, e.g., Bloom's Opening Brief, p. 9:5-22.) For example, Bloom cites two letters submitted on its behalf that suggest use of "biomethane is prohibitively expensive if used for electricity generation." (AR 16411-16414.) However, these comments cannot be reconciled with the evidence in the record demonstrating that biogas is currently being used to generate electricity and, specifically, is being used to operate fuel cells. Moreover, these comments do nothing to further Bloom's obligation to demonstrate an impact of the Regulations on the existing environmental baseline.

For example, Bloom acknowledges that "Bloom's Energy Server is capable of running on biogas." (AR 1225.) Bloom also admits that it is "pioneering new on-site biogas projects across the state . . . ." (*Ibid.*; see also AR 9637 [Bloom "signed a bio-gas deals with Mountain View and have started operating their equipment on biogas"], 9435 (City's RJN, Exhibit C) [Emeryville IKEA uses

---

[10] Bloom alleges that the Regulations require that the biogas come from an in-State source. (See, e.g., Bloom's Opening Brief, pp. 8:24 – 9:2, citing AR 17997 [SVP Rules & Regs. § 11.A.1(i)].) This is not correct. The Regulations require that fuel cells qualify as renewable electrical generation facilities as defined by the California Energy Commission. (AR 77.) Therefore, the Regulations do not establish any sourcing criteria; instead, the Regulations defer to State requirements concerning what qualifies as a renewable electrical generation facility. The City also notes that the State's discretion in establishing and updating its requirements for renewable electrical generation facilities, including the origin of biogas, is not unlimited. For example, the State cannot adopt requirements that violate the dormant Commerce Clause. (*Am. Trucking Ass'ns v. Mich. PSC* (2005) 545 U.S. 429, 432 [the dormant Commerce Clause "prevents a state from 'jeopardizing the welfare of the Nation as a whole' by 'plac[ing] burdens on the flow of commerce across its borders that commerce wholly within those borders would not bear'"].)

fuel cells that run on biogas].) "However, [Bloom asserts that] because available supplies of this feedstock are limited and very costly, only a few of Bloom's customers are currently running on directed biogas." (AR 1225; see also AR 16450 [asserted without any supporting economic data that biogas is "prohibitively costly"].)

The City acknowledges that operating fuel cells using biogas will likely be more expensive than using natural gas. But, despite the added costs, Bloom admits that it operates fuel cells that run on biogas. This fact alone supports the conclusion that it is possible for Bloom to operate fuel cells on biogas in the City. If it were not possible, then Bloom's existing biogas fuel cell projects would not likely exist. (*Uphold Our Heritage v. Town of Woodside* (2007) 147 Cal.App.4th 587, 600, citing *Maintain Our Desert Environment v. Town of Apple Valley* (2004) 124 Cal.App.4th 430 ["No proponent, whether wealthy or not, is likely to proceed with a project that will not be economically successful."].) Moreover, Bloom proposed operating fuel cells running on biogas to SVP. (AR 11458 [biogas project summary], 11456 [email from Bloom executive stating Bloom was excited to work with SVP on a potential biogas project].) If Bloom was unable to operate fuel cells running on biogas, Bloom presumably would not have submitted a proposal to the City to do just that. Thus, rather than demonstrating that the Regulations render fuel cells economically infeasible, the administrative record merely suggests that requiring fuel cells to run on biogas may reduce Bloom's profit. While it is certainly understandable that Bloom desires to ensure its fuel cells are as profitable as possible, economic impacts to Bloom do not constitute environmental impacts pursuant to CEQA. (CEQA Guidelines, § 15382 ["An economic or social change by itself shall not be considered a significant effect on the environment."].) Bloom's argument is a policy argument; not a CEQA argument.

Moreover, even if it is assumed that Bloom's business model is not efficient enough to generate profit operating fuel cells that run on biogas, that would not establish that new fuel cells will not be developed in the City in the future by other companies. (*Joshua Tree Downtown Business Alliance v. County of San Bernardino* (2016) 1 Cal.App.5th 677, 691 [concluding that, if a project drives a store out of business, "a more efficiently run store of the same type . . . might move in"].) Thus, Bloom's claim that the Regulations constitute a "Fuel Cell Ban" is not borne out by either the evidence in the record or CEQA case law concerning economic impacts.

In summary, the evidence in the record supports the conclusion that new fuel cells can operate in the City after implementation of the Regulations; only now new fuel cells will need to be cleaner biogas fuel cells. As fuel cells may continue to be developed in the City in the future, Bloom's CEQA challenge must fail because it is premised on an assumed future scenario where a purported "Fuel Cell Ban" prohibits the future development of fuel cells in the City.

2. Bloom fails to acknowledge the availability of alternative renewable self-generation options.

The environmental impacts alleged by Bloom are premised on the theory that, if fuel cells are not developed in the City in the future, then the energy will instead come from SVP's gas power plants. However, even if Bloom's allegation that neither it nor any other company could develop fuel cells using biogas in the City in the future is – for the sake of argument – assumed to be a reasonably foreseeable outcome, substantial evidence in the administrative record demonstrates that alternative renewable self-generation options are available. For example, renewable self-generation technologies such as solar and wind power, combined with battery storage, are available as alternatives to fuel cells. (See, e.g., AR 9604-9605.) In light of this evidence, it is reasonably foreseeable that SVP customers that want to both use a self-generation facility in the future and remain connected to SVP's grid will use other available renewable self-generation options (like wind or solar with battery storage) if biogas fuel cells are unavailable. (See *Manhattan Beach Plastic Bag*, *supra*, 52 Cal.4th at p. 174 [holding that the "actual increase in paper bag use as a result of the ordinance is necessarily uncertain, given that some percentage of local residents may be expected to turn to the city's favored alternative, reusable bags"].) Therefore, no evidence in the record supports the conclusion that a reduction in fuel cell use will lead to a decrease in self-generation projects in the City in the future. As it is reasonably foreseeable that other self-generation options would be available to replace fuel cells in the future, Bloom's CEQA challenge fails because it is premised on an assumed future scenario where a decline in fuel cell development is replaced by an increase in SVP's natural gas energy production.

/ / /

/ / /

/ / /

3. Even if renewable self-generation is not developed in the future and reliance on SVP's energy grid increases in the future as a result, substantial evidence demonstrates that use of SVP's energy grid would result in a reduction in environmental impacts as compared to use of Bloom's natural gas fuel cells.

Even if a comparison between Bloom's natural gas fuel cells and SVP energy production was somehow relevant to this litigation (as Bloom argues throughout its Opening Brief), the comparison provided by Bloom is premised on the false assumption that every 1 MWh of fuel cell power replaces 1 MWh of energy produced at SVP's natural gas power plants. (Bloom's Opening Brief, pp. 19:8-27:18.) Bloom has presumably taken this approach because, when Bloom's natural gas fuel cells are compared to SVP's diversified energy portfolio, the evidence demonstrates that Bloom's natural gas fuel cells result in greater environmental impacts than energy from SVP's power grid. SVP's portfolio consists of wind, solar, geothermal, hydroelectric, landfill gas, and natural gas. (AR 17277.) In 2017, SVP's power content was 36 percent renewable and 72 percent GHG-free. (AR 152, 9740.) Its energy portfolio emits approximately half the GHG emissions per megawatt hour as fuel cells do. (See AR 137, 9683.)

Additionally, SVP's portfolio approach to energy procurement enables it to ramp down or completely shut down its natural gas plants to take advantage of renewable energy available on the California marketplace. (AR 1157, 9685; see also AR 85.) **Figure 1** (below) reflects such circumstances. SVP's use of natural gas is represented in light orange on top of the dark blue for large hydro. Over the two-week period recorded in the graph, natural gas production is almost imperceptible because SVP needed to generate very little energy from natural gas due to the abundant renewable energy supplies on the marketplace including large and small hydro, wind, geothermal, landfill gas, and solar energy production. (AR 16362-16363.)

Unlike SVP's natural gas power plants, Bloom's fuel cells are technologically incapable of ramping down to take advantage of a surplus of renewable, clean energy on the marketplace; rather, Bloom's fuel cells operate 24 hours a day, 365 days a year on natural gas. (AR 85, 9167.) This means—unless they run on biogas as incentivized by the Regulations—they are permanently 0 percent renewable and 0 percent GHG-free facilities. (AR 85-86, 153.)

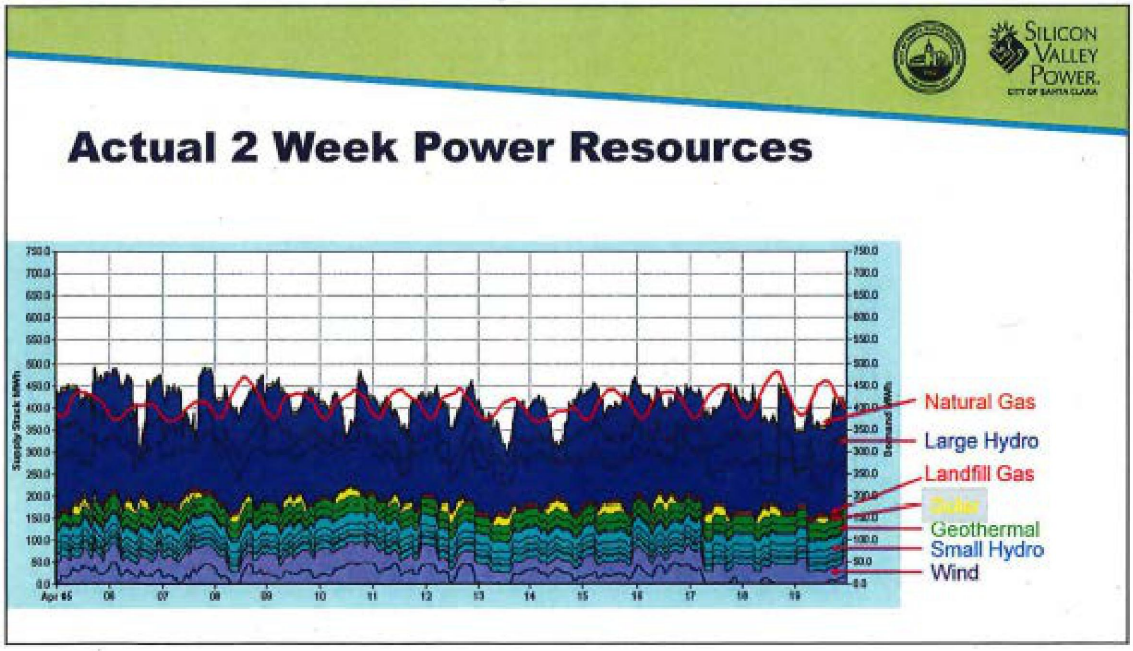

Figure 1: SVP Two-Week Actual Procurement – April 5, 2019 to April 20, 2019. (AR 16362.)

As a result of the City's vast renewable energy portfolio, it is apparent that the majority of the City's energy production emits 0 pounds/MWh of NOx, SOx, CO, or VOCs. (AR 155, 16361.)

Thus, Bloom presents a false dichotomy by suggesting that in the future either Bloom must develop additional natural gas fuel cells in the City or SVP will need to provide an equivalent amount of energy using its natural gas power plants. In truth, under baseline conditions only about 16 percent of SVP's power comes from natural gas. (AR 155-156, 1291, 16361, 17278.) For these reasons, even if the Regulations lead to increased energy production by SVP, Bloom ignores that, at most, only a small percentage of that production would be generated by SVP's natural gas power plants.

In addition, Bloom's allegations that the Regulations will result in increased water use[11] and noise[12] impacts are likewise baseless because they rely on the assumption that the Regulations will

---

[11] As discussed, alleged differences between water use required to operate natural gas fuel cells and natural gas power plants do not address the relevant question for purpose of CEQA: whether the Regulations have the potential to increase water use leading to water use impacts compared to "existing environmental baseline conditions, which baseline conditions include[] the impact of established levels of annual water use." (*North Coast Rivers Alliance v. Westlands Water Dist.*, *supra*, 227 Cal.App.4th at p. 875.)

require SVP to supply additional energy from its natural gas power plants. (See Bloom's Opening Brief, pp. 21:14 – 22:10.) As discussed, substantial evidence in the administrative record supports the conclusion that the Regulations do not constitute a "Fuel Cell Ban" and that alternative renewable self-generation options are available. Moreover, even if the Regulations lead to a future reduction in fuel cell development in the City, SVP has, and will have, abundant renewable energy sources to meet demand without increased reliance on its natural gas plants. Accordingly, Bloom's allegation that the Regulations will cause increased water use and noise impacts associated with an alleged increase in natural gas power generation is meritless.

Contrary to Bloom's claims, the record reflects SVP's energy portfolio is cleaner and more sustainable than fuel cells running on natural gas. (See also *supra* Section IV.B [demonstrating that the City's reliance on its natural gas power plants will continue to decrease in the future].) For a project such as the Regulations, this constitutes substantial evidence supporting the conclusion that the Regulations will result in no impact for the purposes of CEQA. (See, e.g., *Manhattan Beach Plastic Bag*, *supra*, 52 Cal.4th at pp. 172, 174 [holding that, in evaluating the impacts of the plastic bag regulations, "the city could evaluate the broader environmental impacts of the ordinance at a reasonably high level of generality[,]" and, based on such an evaluation, conclude the regulation "would have no significant effect on the environment"].) In light of this evidence, the City reasonably concluded that the commonsense exemption applies to the Regulations.

D. The case law relied on by Bloom is readily distinguishable.

Each of the cases cited by Bloom in its Opening Brief are readily distinguishable for at least two reasons. First, in each of the cases the petitioners argued that the lead agency approved a project that would result in significant impacts as compared to existing physical conditions. (See *Cal. Farm Bureau Fed. v. Cal. Wildlife Conservation Bd.* (2006) 143 Cal.App.4th 173, 195 [holding the project involved

---

[12] It should also be noted that, for purposes of CEQA, where a lead agency has an enforceable noise ordinance, general accusations that a project will result in noise impacts does not satisfy a petitioner's "burden of showing that the noise generated by the project actually will have a significant environmental effect." (*Walters v. City of Redondo Beach* (2016) 1 Cal.App.5th 809, 824 [rejecting petitioner's noise argument and upholding a city's approval of a car wash based on a categorical exemption].)

"the physical reshaping of the land"]; *Cal. Unions for Reliable Energy v. Mojave Desert Air Quality Management Dist.* (2009) 178 Cal.App.4th 1225, 1244 [holding the project was intended to result in paving at least some new roads]; *Davidon Homes v. City of San Jose* (1997) 54 Cal.App.4th 106, 118 [holding invasive soil testing requiring sample borings and installation of monuments would "necessarily result in *some* physical changes in the environment"] (original emphasis); *Dunn-Edwards Corp. v. Bay Area Air Quality Management Dist.* (1992) 9 Cal.App.4th 644, 657-658 [holding a regulation would "lead to a net increase in VOC emissions"]; *Myers v. Bd. of Supervisors* (1976) 58 Cal.App.3d 413, 425 [holding the project involved "the possible construction of 2 dwellings on adjoining [undeveloped rural] lots"]; *Rominger v. County of Colusa* (2014) 229 Cal.App.4th 690, 704 [holding a project to subdivide four existing agricultural parcels resulted in the "property [being] more amenable to development by creating smaller parcels"].) Here, Bloom fails to advance any arguments or evidence alleging that the Regulations will result in increased environmental impacts as compared to baseline physical conditions. Instead, unlike the cases cited in Bloom's Opening Brief, Bloom simply compares the Regulations to two alleged future scenarios with and without the Regulations, which as discussed *supra* Section IV.A is not the proper inquiry pursuant to CEQA.

Second, in each of the cases cited in Bloom's Opening Brief, the administrative record lacked substantial evidence showing that the projects would not result in reasonably foreseeable environmental impacts as defined by CEQA. (See *Cal. Farm Bureau Fed. v. Cal. Wildlife Conservation Bd.* (2006) 143 Cal.App.4th 173, 195-196 [holding that the agency did not point to "any evidence" demonstrating that a project "requir[ing] the use of heavy earth moving equipment" and involving the creation of "[l]evees, ditches, swales, loafing bars, and other [physical] features" would not result in potentially significant environmental impacts]; *Cal. Unions for Reliable Energy v. Mojave Desert Air Quality Management Dist.* (2009) 178 Cal.App.4th 1225, 1231 [holding that it was reasonably foreseeable that "road paving [projects] would tend to have adverse environmental effects" as compared to existing conditions]; *Davidon Homes v. City of San Jose* (1997) 54 Cal.App.4th 106, 117-119 [holding the agency produced no evidence to support the conclusion that invasive soil testing would not result in potentially significant environmental impacts]; *Dunn-Edwards Corp. v. Bay Area Air Quality Management Dist.* (1992) 9 Cal.App.4th 644, 658 [holding agency failed to identify evidence

demonstrating an increase in air quality impacts was not reasonably foreseeable]; *Myers v. Bd. of Supervisors* (1976) 58 Cal.App.3d 413, 430 [holding the administrative record lacked evidence refuting the environmental impacts associated with developing the rural properties]; *Rominger v. County of Colusa* (2014) 229 Cal.App.4th 690, 704 [holding the record did not include evidence demonstrating future development of four agricultural properties would not result in significant effects on the environment].) Whereas, here, the record demonstrates it is not reasonably foreseeable that the Regulations will result in any environmental impacts in excess of existing baseline conditions. (See *supra* Section IV.B.) Moreover, Bloom's argument is premised on a number of assumptions that are not supported by the record and are unreasonable. (See *supra* Section IV.C.) Thus, each of the cases relied on by Bloom is readily distinguishable.

V. CONCLUSION

As demonstrated above, Bloom has failed to advance a cognizable CEQA challenge and, instead, has posited alleged environmental impacts comparing two hypothetical future scenarios. Moreover, substantial evidence in the record demonstrates that the Regulations will not result in any reasonably foreseeable indirect environmental impacts as compared to baseline conditions. Therefore, the City complied fully with CEQA in determining that the commonsense exemption applies. For these reasons, the City respectfully requests this Court deny Bloom's Petition and enter judgment in favor of the City.

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT
Informational Report on Dates and Purpose of Stadium Authority and Stadium Manager Meetings and Corresponding Minutes for the Period January 1, 2021 to March 31, 2021

BOARD PILLAR
Enhance Community Engagement and Transparency

BACKGROUND
On August 24, 2017, the Stadium Authority approved the Harvey Rose Audit titled “Comprehensive Audit of Stadium”. Audit recommendation 1.Q states that “the Stadium Authority Board should direct the Executive Director to require that all meetings, including the date and purpose of the meetings, between Stadium Authority staff and Stadium Manager be documented and reported quarterly or annually to the Stadium Authority Board.” Staff has implemented this audit recommendation on a quarterly basis.

Furthermore, at the August 25, 2020 meeting, the Stadium Authority Board directed staff to prepare minutes for all future Stadium Authority/Stadium Manager staff meetings.

DISCUSSION
In accordance with the Board approved audit recommendation, meetings between Stadium Authority staff and Stadium Manager for the period of January 1, 2021 to March 31, 2021 are listed below.

Date	Meeting Purpose
1/7/21	Discussed YTD Rent Payments, Public Safety Liability and AD&D Invoices, Trust Budget (phone call)
1/14/21	Discussion of Stadium Builder License (SBL) Issues (via Zoom)
1/21/21	Stadium Authority/Stadium Manager Monthly Coordination Meeting (via Zoom)
1/21/21	Discussed Lender Budget, Public Safety Liability Insurance, Repair Invoice Payment Status, FY19/20 Non-NFL Event review questions, Revolving Loan Credit, Rent Status (phone call)
1/27/21	Discussed Lender Budget, Public Safety Liability Insurance, Repair Invoice Payment Status, FY19/20 Non-NFL Event review questions, G&A Invoice (phone call)
1/28/21	Discussed Shared Expenses (FY2019-20) (in-person meeting)
1/29/21	Discussed Shared Expenses (FY2019-20) (in-person meeting)
2/1/21	2021 Operational and Public Safety Documents (in-person meeting)
2/9/21	Levi’s Signage Procurement Meeting (via Zoom)

2/12/21	Discussed Lender Budget, 20/21 Rent, Naming Rights, Equipment/Asset Listing, SBL Amortization, Bank Balance, Stadium Signage (via Microsoft Teams)
2/25/21	Discussed Naming Rights Receipt, SBL Receipt Timing, FY2020/21 Rent (via Microsoft Teams)
3/4/21	Discussed CFD Payment, Monthly O&M Invoice, SBL Payment (via Microsoft Teams)
3/11/21	Discussed Monthly O&M Invoice, SBL Proceeds, Bank Incumbency Certificate, Timing of year end distributions (via Microsoft Teams)
3/16/21	Budget Meet and Confer Meeting (via Zoom)
3/17/21	Discussed Year-end distributions (via Microsoft Teams)
3/18/21	Stadium Authority/Stadium Manager Quarterly Status Meeting (via Zoom)
3/19/21	Discussed Year-End distribution, Budget Amendments in Q3 posted report, March O&M Invoice (via Microsoft Teams)
3/24/21	Discussed Financial Management System Phase I Implementation (phone call)
3/25/21	Discussed CFD Scheduled Payment, Excess Revenue Distribution Timeline, April O&M Invoice, FY2019/20 Non-NFL Event Review (via Microsoft Teams)
3/26/21	Discussed April O&M Invoice (via Microsoft Teams)
3/30/21	Shared Stadium Expenses Review Meeting (in-person meeting)

The minutes for the meetings are attached. Discussions concerning confidential items have been redacted from the minutes per the request of the Stadium Manager or direction from the Stadium Counsel or Executive Director.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

There is no fiscal impact related to this report other than the staff time to prepare this report.

COORDINATION

This report has been coordinated with the Treasurer and Stadium Authority Counsel’s Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City’s website and in the City Clerk’s Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk’s Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

Note and file the quarterly report on Stadium Authority and Stadium Manager Meetings and Corresponding Minutes for the period of January 1, 2021 to March 31, 2021.

Prepared by: Kathi McGraw, Executive Assistant to the Executive Director
Approved by: Deanna J. Santana, Executive Director

ATTACHMENTS

Christine Jung, Assistant to the Executive Director
Rachel Copes, Senior Management Analyst

A G E N D A

1. COVID Update from Stadium Manager

a. Levi's Stadium – Vaccination Site Update

ManCo's Executive Vice President & General Manager Jim Mercurio shared that ManCo offered Levi's Stadium as a potential vaccination site to Santa Clara County (County). ManCo conducted a walkthrough of the Stadium with the County, which Assistant City Manager Ruth Shikada and Fire Chief Ruben Torres participated in. ManCo is currently working through a list of questions that the County sent them and hope to respond back later that day. Executive Director Santana asked if ManCo was planning to execute an agreement with the County for the use of the facility. Mr. Mercurio responded that they planned on making it an NFL event but there has not been any confirmation yet whether the stadium would be used as a vaccination site. Ms. Santana shared that when the Santa Clara Convention Center was a COVID-19 medical site, there was an assumption that public safety resources would be provided, which the City did not agree to. Stadium Authority Counsel Brian Doyle asked if the vaccinations would occur indoor or outdoor to which Mr. Mercurio responded that the ManCo and the County were looking to provide the vaccinations indoors.

(The following discussion regarding Item 1 occurred later during the meeting.)

Ms. Santana noted that the County is asking cities if they can provide logistical resources to support the vaccination sites. If public safety resources from the City are discussed/brought up, she would like to be part of that conversation along with Ms. Shikada. Mr. Mercurio said that any assumptions would be captured in the agreement and that he doesn't see public safety in his list of questions received from the County. He also reiterated the vaccinations will likely be indoors so there might be less of a need for police support, but he would let the City know if public safety is needed. Ms. Santana brought up the need for post-event disinfection and the need to document those services so that it's clear who is responsible. Mr. Mercurio noted that the Stadium Manager has cleaning procedures that they will use.

Ms. Santana noted that the City had experience with working with the County on similar efforts for the COVID-19 treatment site at the Santa Clara Convention Center. There was general discussion on what may be required from the City such as public safety resources or City staff to assist with administrative tasks for the vaccination site. Mr. Mercurio said that he would notify and include Ms. Santana and Ms. Shikada in the discussion with the County if the need for City resources comes up. Ms. Santana reiterated that the City and Stadium Authority fully support vaccination sites, but details, logistics, and costs need to be very clearly laid out.

2. Stadium Builder Licenses (SBLs)

a. Paper Copy SBL Project: Status on requested SBL index/tracking documents

(Executive Director Santana had to take an urgent call during this part of the meeting)
ManCo's Vice President, Deputy General Counsel Jihad Beauchman said that the Stadium Manager didn't have an index for paper copy SBLs; however, they do have a list of all current SBL Holders. Mr. Doyle said without getting into what the Board said during Closed Session, the general feedback was that the Stadium Manager was demonstrating incompetence by not having this information organized and by not providing copies of Stadium Authority's records. Mr. Beauchman said there was a misunderstanding because he thought that the Stadium Authority previously requested for an index of the hard copy SBLs, which the Stadium Manager doesn't have. He said the Stadium Manager provides a thorough quarterly report to the Stadium Authority. Mr. Doyle said there was no misunderstanding, the Stadium Authority does not have SBL records and any changes made to the terms of those agreements because the Stadium Manager kept those records from the Stadium Authority. Mr. Beauchman said the Stadium Manager has made one bucket of changes to the SBLs and those were related to the construction of the Stadium. Mr. Doyle said the Stadium Authority was spending a lot of money to find out the terms for SBL Holders. Mr. Beauchman said that they could provide a list of Owner's Club but obligations to the Stadium Authority was the same. Mr. Doyle said that the Stadium Authority was looking for a spreadsheet that contained hyperlinks to SBLs and a matrix that would list out the different SBL types, and each set would have these terms and exhibits, what has been paid, and what's remaining in payments. Mr. Beauchman said that the Stadium Manager may have a list of SBL Holders who have paid.

Ms. Shikada asked what data the Stadium Authority can receive from the Stadium Manager at this time. She asked about the list of SBL Holders and their seats that Mr. Beauchman brought up earlier in the conversation - would the list contain information about how much payment is left, what has been paid, and the value of the SBL. Mr. Beauchman answered that he was almost certain the Stadium Manager could provide that information. Ms. Shikada said it would be helpful to start with bite-size chunks of data so that the Stadium Authority could have a better understanding of what there is. Mr. Beauchman said the list would provide the Stadium Authority with a better understanding of who owns an Owner's Club seat, regular seat, and club seat. However, the list would not contain parking information so the Stadium Authority would still have to go into the actual agreement to look for that information, [redacted] Ms. Shikada confirmed that the Stadium Authority would need that type of information, but the other information was more critical at this time. Mr. Beauchman said that they could put together a list that contains SBL Holders' names, seat numbers, SBL account numbers, SBL price, and how much is left to be paid on their SBL. He mentioned that the information would be live until that date because the Stadium Manager was still collecting payments. Ms. Shikada noted that the Stadium Authority understood that the status of payments was a snapshot in time and that this information may updated later, but it would be helpful to have something now. Mr. Beauchman said that the Stadium Manager would provide that list and that he assumed the Stadium Authority wanted to build its own SBL system. Mr. Doyle said that's what the Stadium Authority Board is asking for and they're disappointed with the previous administration because the

Stadium Authority should have always had those SBL records because they belonged to the Stadium Authority.

b. Digital SBLs: Status on transferring files to SCSA for proper archiving

Mr. Beauchman shared that the Stadium Manager is looking for a way to export the digital SBLs that were executed in Docusign. One option is to click on each Docusign agreement and download them individually. However, their preference is to perform a mass download and they're looking at what they can do. Assistant to the Executive Director Christine Jung clarified that she accessed the Docusign account and tried the click and download approach but the account only contained agreements dating back to a few months and not to the 2018 date when the Stadium Authority started utilizing Docusign to execute the agreements.

c. **SCSA to provide direction to Manco on SBL's – CONFIDENTIAL (if follow up required from scheduled meeting on 1/14/2021)**

[redacted]

[redacted]

[redacted]

3. **Status Update on Insurance Claim Filed on Behalf of SCSA – CONFIDENTIAL**
Assistant City Attorney Su Reuter and Risk Manager Greg Bych participated in this confidential discussion.

[redacted]

4. Follow up on Non-NFL Event Documentation Questions

Treasurer Kenn Lee stated that the Stadium Authority had sent a letter to the Stadium Manager to get clarification on questions and additional details on supporting documentation that the documentation lacked. Mr. Lee asked for an update of when the Stadium Manager would be responding to the December 1 letter that the Stadium Authority sent to the Stadium Manager, which outlined questions regarding Non-NFL Event documentation the Stadium Manager has previously submitted. Mr. Beauchman said that he wasn't sure about the request but that he would look into the status of the Stadium Manager's request. Mr. Lee noted that he just shared the letter with Mr. Beauchman via email.

5. Status Update on Existing Projects

a. ADA Improvements on Red Lot

i. Space count

Mr. Mercurio noted that he received 3-4 options for the lot. He said that the Stadium Manager's team was still going out to the lot to check out the space counts, and should have that completed on Wednesday, January 27. Mr. Mercurio also proposed having Ms. Shikada in future meeting discussions with Cedar Fair.

ii. Potential plans for consideration – CONFIDENTIAL

Assistant City Attorney Su Reuter participated in this confidential discussion.

[redacted]

b. HVAC Emergency Repair

Mr. Mercurio shared that the HVAC repair was still in progress.

c. Concessionaire Project and status on requested Levy Innovation and Investment Funds balances and summary of previously funded projects

Mr. Beauchman noted that he sent the Innovation and Investment Funds balances and projects over to the Stadium Authority. Ms. Shikada confirmed that staff received Mr. Beauchman's fund balance summary but still needed to review the information. Mr. Mercurio shared that the Stadium Manager was working with the City's Fire Department to schedule inspections for the concessionaire project and Mr. Beauchman said that the project would likely come under budget.

6. SCFD Outstanding Violations and Resolutions

Deputy Fire Chief Jeremy Ray participated in the following discussion.

Mr. Mercurio stated that he received the City's Fire Department's response letter regarding Stadium fire violations and saw that some items were still outstanding. He noted that Fire Chief Ruben Torres and Ms. Shikada looked at the H2/H3 storage room at the Stadium when they came by to examine the Stadium as a potential vaccination site. Deputy Chief Jeremy Ray said that there were 32 fire violations for the Stadium and the Stadium Manager closed out 14 violations so that there

are 18 left. He noted that many of those open items can be resolved by the Stadium Manager submitting documents.

Chief Ray shared that the biggest area of concern for the City's Fire Department was the smoke system that has not been certified and that travel for construction is allowed by the County order so the out-of-area contractor should be able to travel to Santa Clara and inspect the smoke detector. Mr. Mercurio was happy to hear that the out-of-area contractor could travel into Santa Clara under the current County order and said that he would communicate that information to the contractor. Chief Ray said that the Fire Department's other concern was the Stadium Manager's proposal to change the H2/H3 storage occupancy. Specifically, there had not been any good solutions in the past when the Stadium Manager previously stored hazardous materials at the Stadium and Chief Ray brought up the example of how the Stadium Manager inappropriately stored propane in the past. He communicated the need for a solution for storing hazardous materials, especially flammable materials, at the Stadium. Mr. Mercurio shared that the Stadium Manager has been getting feedback from different inspectors. He noted that the Stadium Manager will store propane offsite since they didn't need as much onsite and that he wanted to work with the Fire Department to work out a resolution. Chief Ray agreed to have the Fire Department and Stadium Manager get back together to discuss the issue.

7. **Naming Rights Signage Replacement (Levi's)**
   a. **Specific request to meet directly with City Planning Division & City of Santa Clara's Procurement Team regarding process, scope and contract preference and requirements. City to provide an acceptable template.**
   Confidential discussion about Levi's Signage.

8. **Application to City Building Dept. & SCFD – H2/H3 to S1 storage submitted**
   a. **Submitted classification change from H3/H2 to S1 storage to building dept.**
   This item was discussed during Item 6. SCFD Outstanding Violations and Resolutions.

9. **Status Update on RFP for Electrical Services**
   Mr. Mercurio provided an update that the Stadium Manager anticipated concluding the electrical services RFP the last week of January or early February.

SCSA Board Direction for Stadium Manager Follow Up

- Compliance Plan and Oversight of Corrective Action (including Validation)
- Number of public riders for large stadium events
- Analysis regarding Event Day Parking Costs
- Stadium Manager Report to Board Summarizing Contracts Let on Behalf of Stadium Authority
- May 27, 2020 Letter regarding COVID-19 Plan for the Stadium, revolving loan, the buffet invoice, maintenance of the Stadium, and event parking/public transportation.
- Stadium Manager Presentation to the Board on Transparency Efforts/Enhancements

Upcoming SCSA Board Meeting Dates

3. Bank Incumbency Certificate
4. Timing of year end distributions

MINUTES FROM
STADIUM AUTHORITY/STADIUM MANAGER
BUDGET MEET AND CONFER MEETING
March 16, 2021 | 2:30 – 4:00 p.m.
Zoom Meeting

ManCo/Stadium Manager Attendees:
Jeff Fong, Vice President, Finance
Jihad Beauchman, Vice President, Deputy General Counsel
Jas Sajjan, Senior Manager, Public Affairs & Strategic Communications

Stadium Authority Attendees:
Deanna J. Santana, Executive Director
Brian Doyle, Stadium Authority Counsel
Kenn Lee, Treasurer
Christine Jung, Assistant to the Executive Director

Introductions were made since Manco's Vice President, Finance, Jeff Fong, hasn't met everyone before. Treasurer Kenn Lee started the meeting by thanking ManCo for meeting and stating that while the Stadium Authority was meeting with ManCo and hope that the conversation would be fruitful, the meeting itself did not change the positions that the Stadium Authority have taken in the litigation or the Stadium Authority's position that the Board has the final say on the Stadium Authority budget.

Mr. Lee said ManCo asked for areas of proposed budget disagreement that required discussion so he thought that the Stadium Authority and ManCo staff could go through each one together. The first topic was the Stadium Manager's expenses. Mr. Lee referenced his budget presentation from March 9, 2021 and stated, as you saw in the presentation, the Stadium Authority has allocated a portion of Stadium Manager's expenses in legal contingencies and that was based on our Board's action from 2019. He said from his perspective as Treasurer, he had to make sure that the Stadium Manager's expenses all aligned with state laws. Mr. Lee noted that as he responds to the Board's direction, he has to make sure from a cost allocation position that there is no double charging. He restated that was the direction that he received from the Board.

Mr. Lee said that he was very interested in Mr. Fong's offer to review the documents and back up documents that he had been tasked to review. He noted that in the past there has been varying levels of review and that the current process where Linh Lam and Rachel Copes (from the Stadium Authority) went over to Levi's Stadium to review documents with Esther (from ManCo), while helpful was not efficient. He asked if there could be a monthly review or some other review on a regular basis where Stadium Authority staff can go down to the stadium to review documents so that the Stadium Authority could release payments. Mr. Lee said that he didn't know if Mr. Fong's offer included those conditions that he shared but if that it was a possibility, that would help the Stadium Authority move everything forward.

Mr. Fong thanked Mr. Lee for his feedback. He stated that when he looks at the budget, he sees it in two pieces. Mr. Fong noted that if we look at the payroll piece, what he would be interested in is what Mr. Lee was looking from a budget perspective to release the $4.2M shared manager expenses related to payroll.

Mr. Lee acknowledged that the Stadium Manager has expressed concern about personal ID confidentiality. He stated that he would be interested in being able to verify Stadium Manager staff through position classification, position numbers, and other information. He used his position as an example of being allocated 20% to Stadium Authority and 80% to City. He said having a similar breakdown from Stadium Manager for these classifications and how they are allocated to Shared Stadium Expenses, Shared G&A costs, Non-NFL costs, SBL Sales and Marketing, see employee information, and any area that Stadium manager charges that would be helpful to validate how those charges are allocated across those areas or any other areas, e.g., vaccination site. Mr. Lee noted that the Stadium Authority would keep the names confidential, and that having position numbers and job classifications would be helpful. Additionally, if the Stadium Manager has multiple positions in the same job classification they could just number off the positions. Mr. Lee explained that was how things were done on the City side.

Mr. Fong said that starting with the $4.2M was the simplest because the split for all of the departments is 50/50, with grounds keeping splitting 70/30. He said the Stadium Manager gave the Stadium Authority a list of jobs for that are shared with the Stadium Manager, so they can use that or put something together to show how it will tie to the budget. Mr. Fong said that they can review everything with Stadium Authority staff virtually or as a small group in a large conference room with everyone wearing a mask so that staff can test whoever they wanted to test. He noted that there are 45 full time employees and that those are the options that they would be open to.

Executive Director stated that Stadium Authority staff has tried the virtual review in the past but it didn't work. Stadium Authority Counsel Doyle asked Mr. Lee if Mr. Fong had answered his question. Mr. Lee responded that with respect to COVID, he wants to respect the COVID rules in place. He stated that it would be helpful to have information in a very similar way of how the Stadium Authority shares a spreadsheet with that information with the Stadium manager. He said for example, Mr. Fong's position would be broken down by areas. The Stadium Authority's spreadsheet shows salaries, overhead, benefits. Mr. Lee said that with that information broken down into that detail, he would be able to vouch that that information ties back to the budget. He noted that was just one example of the details he was looking for but a spreadsheet showing Shared Expenses, G&A, SBL sales and services, and any other allocation that the Stadium Manager is charging to Non-NFL, NFL or vaccine. He said that the spreadsheet can add up the allocations and show that a position adds up to 100%. Mr. Lee also said a spreadsheet would be a lot more helpful than going down to look at the records and asked Mr. Fong if that information is helpful in terms of demonstrating what he was trying to figure out. Mr. Fong confirmed that what Mr. Lee said made sense. He said the split is fine so you can tie out the total. He bought up that certain positions have the same title so some people can be easily identified. Mr. Lee asked if position numbers would address that issue, for example listing them out like Position 1, Accountant, etc.

Mr. Doyle stated that on the topic of confidentiality, it is normal to see consultants' pay and that the idea that as a consultant, the Stadium Manager gets to hide how much they get paid by public funds doesn't make sense. ManCo's Vice President, Deputy General Counsel Jihad Beauchman responded that the Stadium Manager disagreed with making that information public. He noted that there are various vendors being used by the City, and other public entities. Mr. Doyle said the Stadium Authority was not trying to know their salaries and that the Stadium Authority just wants to know how much Stadium Authority was paying for the time that they were working on Stadium Authority's behalf. He provided the example of Sam Singer [a City and Stadium Authority consultant], which the Stadium Manager requests public records for. Mr.

Doyle noted that the invoices only show the rate of what the consultant is being paid but not his overall salary.

Mr. Beauchman stated that some of that information is there and sometimes it's not. He said that the Stadium Manager doesn't have an issue of showing the Stadium Authority salary information, but they don't want that information becoming public information. He asked if there can be some system to provide indemnity for that information. Mr. Doyle responded that as we have said before, the Stadium Authority believes that records of public funds spent on the Stadium Manager are public records. He noted that it was not up to the Stadium Manager to decide whether something is a disclosable public record, just like the Stadium Authority/City couldn't hide their public salaries. He referenced a Supreme Court case that requires that disclosure of public information. Mr. Doyle said that we heard that you'd like to keep it confidential, but we can't promise that we won't disclose that information if someone requested it.

Mr. Beauchman responded that that is why the Stadium Manager doesn't want to disclose that information. He referenced back to the Stadium Manager employees and said that the staff are split 50/50. He said that we don't understand the idea of double billing for these positions since this is the general operation of the stadium. He said these are not employees who charge their time to different events. Mr. Beauchman stated these are 50/50 employee who are splitting their time with the Stadium Authority because there isn't any time allocation.

Ms. Santana said it is known what is needed from the Stadium Manager based on the Board's discussions and actions. She noted that staff have already shown the Stadium Manager's charges and the lack of documentation publicly to the Board and public. She said it is the Stadium Authority's position that until those charges are reviewed, we cannot reimburse the charges, and that the Stadium Authority has been clear about what is needed in terms of transparent and easy to trace information. She also stated that the responses to the December 1 letter are unclear so if the Stadium Manager changes that information to something that would be easy for staff to verify, then we could release the public funds for payment. She restated that no one wants to not pay workers.

Mr. Beauchman clarified that the documentation that Stadium Authority staff shared was Non-NFL expenses, not shared expenses. Ms. Santana responded that all staff has is a document with a bunch of numbers and that we needed supporting documentation that is easy to trace to make sure that staff that is being charged for shared expenses is not double billing to non-NFL events: which, at this point, based on documentation is not easy to confirm.

Mr. Beauchman provided a specific example of one of their Stadium Operations staff whose time is 50/50 [split between Stadium Authority and Stadium Manager] and makes $100,000 salary. Mr. Beauchman clarified that his time is not allocated to a specific event and that it would truly be a 50/50 split between the two parties. Mr. Beauchman stated that we're willing to show their employee numbers and other benefits information, which will give you an idea of what they will be paid.

Ms. Santana said that she wants to make sure that based on his tracking information it's easy to show that he's not going to show up as numerical numbers (that don't make sense) in the non-NFL expenses. She stated that staff has to be able to trace the expenditures so that they could validate the numbers in both shared expenses and Non-NFL expenses. Mr. Beauchman noted that these individuals don't track their time. He said they are shared [between the Stadium Manager and Stadium Authority] and split 50/50.

Mr. Doyle stated that you have a universe of people who are split 50/50 and others who would show up similar to the in the lump sum $156,000 of expenses in the example of the Redbox Bowl documentation provided by Mr. Lee last week, show that universe of people who are split 50/50 in the spreadsheet and show people who charge their time to other allocations. Mr. Lee added that based on Mr. Beauchman's example, the exercise should be easy. He said, in a spreadsheet, show employees who work on G&A, shared expense, SBL sales and marketing and obviously if a position does not show up in other areas there is no double billing. Mr. Lee said, it would be great if the Stadium Authority can check this information on regular basis. He further stated, if we can validate how those people get charged then we can vouch for these expenses and get this paid. He noted that all he was looking for was a spreadsheet that would have information that ties back to the budget, which would be more efficient.

Mr. Beauchman asked if the Stadium Manager was able to produce this spreadsheet to be reviewed on site, would the Authority be able to do that. Mr. Lee confirmed that the Stadium Authority could do that on the regular basis, which would allow staff to validate the positions and expenses. He also said that it would be helpful if the information is all compiled so that it can help speed things up. He reiterated that it would be helpful to review the information on a regular basis, whether that is monthly or something else, that the information is all prepped and ready for review. Mr. Lee noted that this was his suggested process given the Board's direction.

Mr. Beauchman stated that he didn't think we were too far apart. He asked if Stadium Authority staff had seen any examples of double billings and to provide an example because he was unaware of any. Mr. Lee answered that it's more of what the Stadium Authority doesn't have so we are unable to confirm their expenses. Ms. Santana added that the best example is the bunch of numbers on the document that we showed to the Board that included a handwritten amount of $156,000 (Redbox Bowl example provided by Mr. Lee last week). She said the information might be clear to the Stadium Manager but not to the Stadium Authority so we are looking for a way to validate those expenses.

Ms. Santana also inquired about the status of the Stadium Manager's response to the December 1 letter that the Stadium Authority sent regarding questions for the supporting documentation that was submitted. Mr. Beauchman answered that there will be a response to the December 1 documentation. He noted that their fear was that there was a specific example of people double billing, but it appears that it was speculation because of what the Stadium Authority doesn't know. Ms. Santana clarified that the Stadium Authority was worried that it was being double billed. She noted that neither Mr. Lee or her could release public funds without supporting documentation and that the Stadium Authority's fears are valid based on what has recently happened. She also said that it has been nearly four months since the December 1 letter was sent and the documents that were submitted were woefully insufficient.

Mr. Beauchman said the shared expense payroll is very easy to tie out to show the 50/50 split. He noted that they have enough information to go back to their team and have Kenn go to the Stadium to review, starting with the shared stadium staff who are split 50/50 and 70/30 split and not allocating time to events.

Mr. Lee brought up the G&A chart that Mr. Fong showed during his budget presentation, which lumped departments together. He noted, when we talk about cost allocation, it's helpful to know where they are. He provided some examples and said when it comes to budget and actuals, it's very clear where things are charged. Mr. Lee restated that we could move on once we have that

information and are able to validate it. He said he hoped the Stadium Authority and Stadium Manager could get there based on this conversation.

Mr. Fong said he appreciated the feedback and that they would take it back and see if they could come up with something that meets the Stadium Authority's needs and still keeps the Stadium Manager's confidentiality. Mr. Lee responded that if they can provide position names, position numbers, and other information then he could make correlate the information. He restated that the information that he's looking for is position number, job titles, no names, and the allocations of the positions so he can validate their actuals and where they're budgeted. Mr. Lee said that Rachel from his team provides that information to Darren Wong (from ManCo) as part of the budget process. He stated that what he's asking for is a very similar process that can be in a spreadsheet or packet that would help make the review process efficient. Mr. Fong said they would take Mr. Lee's feedback and clarification and come up with something that can work for everybody.

CONFIDENTIAL DISCUSSION ABOUT LEVI'S SIGNAGE. [redacted]

Mr. Lee said the third and last item for discussion was G&A costs. Mr. Beauchman said he didn't think that we touched on the pie chart of G&A costs, which was made up of payroll and contracts that were approved. He stated that the Stadium Manager was trying to find areas where there is agreement. Their understanding is that there are areas agreement, e.g., ABM, which was a Shared Stadium Expense that was brought to the Board and approved by the Board. He asked why Stadium Authority needed to review something that was previously approved by the Board. Mr. Lee answered that in a very similar way, there is a need to validate

their expenses to ensure that state and regulations were followed. He said it would be helpful to see the contracts and see how they were procured. He noted that by having that detail, all he needed was just a spreadsheet of contracts, their dollar amounts and supporting documents including contracts and how they were procured. Mr. Lee said that he felt that the Board's direction to him was very clear and he hoped that the Stadium Authority could review those documents expeditiously and get those bills paid.

Mr. Beauchman said that they see that pie chart of additional expenses and it seemed that the concerns were in terms of expenses that needed some level of public works procurement, some level of state law compliance, bidding requirements and prevailing wage. He suggested carving out the expenses related to public works/prevailing wage and where there is dispute between the parties. Mr. Beauchman said it seems as if there should be a way to budget the other non-public works related items. He said there are items that concern prevailing wages, procurement requirements, public bidding, compliance with state laws, and that you don't have an issue with. He asked if the Stadium Manager could segment funds on those things that the Stadium Authority are concerned about and include the things that there are no concerns about, e.g., people attending conference, as part of the budget. He envisioned those to be day to day expenses.

Ms. Santana said part of what we've been talking about in the last couple weeks is that there are opportunities to advance Purchase Orders and travel expenses and bundled authority. She provided an example that the Stadium Manager could send a contract for uniforms and get that ready for Board approval and when they have expenditures for that item, they would send the appropriate documents to Kenn to get paid. She also provided an example of how to advance the release funds for payment for travel expenditures. Ms. Santana noted that the Stadium Manager could submit a list of all the conferences that they were planning to attend for the year and to ask for approval to send their staff to those conferences, without further Board action.

Mr. Beauchman said the Board's concern was about public works and prevailing wage. Ms. Santana clarified that there is a concern about how the Stadium Manager was procuring things, in general. She reminded him that when Stadium Authority was looking at prevailing wage, staff found that there were no bidding or legal contracts in place. She also reminded him that at one point the Stadium Authority discovered that the Stadium Manager was manufacturing documents to create the illusion of compliance. Mr. Beauchman said that they are trying to segment things that are about the disputes but that there was a difference between setting the budget and getting things approved.

Mr. Beauchman said there are no concerns in certain areas so it doesn't make sense to not set a budget. He stated that the budget is the budget and when you want to utilize it, you get approval for it. He noted that the current set up where they're put in a litigation reserve is a departure from regular practice. Mr. Beauchman said they're trying to see if there's an ability to set the budget and they'll still do the things that they're required to do, but that he just wanted to get them in a position where there are all these disputed areas in the budget when it's not a dispute.

Mr. Lee said that the budget was submitted at a very high level and the Stadium Authority has asked for more detail. He said when the Stadium Manager talks about segmenting areas for approval, none of those details were submitted with the budget. He noted that if there are areas that are not related to public works procurements, the Stadium Authority would need to see an itemized list of vendors. Mr. Beauchman said if you look at some of the other line items, there

are things that don't touch public works at all. He started referring different line items that would or wouldn't have public works.

Ms. Santana clarified that the Board's action was focused on removing contract authority for Executive Director because it wasn't just about prevailing wage, it was also about contracts and their legal practices overall. She asked Mr. Beauchman to bring their contracts forward to get them approved. She noted that the Stadium Manager can look at the contract reports that SVP has done to bring 5-6 contracts at a time to get Council approved, noting that this was an efficient approach.

Mr. Beauchman said he agreed but noted that the Board action was about contract authority so they're wondering why it is tied into the budget. He stated the contract authority is separate from budget. Ms. Santana responded that we don't know about the legal compliance of the contracts. Mr. Beauchman clarified that there are ones that are not for public works. He said you have things like ABM which is still a valid contact process. He said this is the budgeting process and asked why things were being carved out.

Ms. Santana asked if that was part of the Stadium Manager's budget responses. She told him that he had today to respond because everything goes public on Thursday. Ms. Santana said that she was open to hearing proposals about the general types of services that the Board can approve but noted that the Stadium Manager would have to do the carve out and show the Stadium Authority the contracts.

Mr. Beauchman said there is a line item on outside service. He pointed out for that segment, they are planning to carve out ABM and budget for that item. but everything outside of that line item, has the ability to be public works related. He asked that the Stadium Authority set the budget for those non-public works items so there is some sort of direction on those items. Mr. Beauchman confirmed that everything related to the signing authority would still apply but at least the Stadium Manager would have direction from Board on those items.

Ms. Santana asked if he submitted something for the Stadium Authority to review. Mr. Lee also clarified that when Mr. Beauchman said look at outside services, there is equipment that might have public works components. Mr. Beauchman said purchase of equipment would not be public works-related but services may. Mr. Lee and Mr. Beauchman discussed possibilities of what could or couldn't be carved out due to their nature of being potentially public works related. Ms. Santana clarified that sometimes combining services and equipment can be more cost efficient. She asked Mr. Beauchman that if he had some information by way of proposal because it feels like the Thursday deadline won't be met. She noted that the Stadium Authority can form some sort of recommendation that we will work through these items and come back to the Board for action.

Mr. Beauchman stated that he would just recommend that the Stadium Authority would carve out what is clearly not public works, e.g. uniforms, travel and expense. He asked Mr. Lee to look at things to carve out. Ms. Santana asked Mr. Beauchman to submit those requested carve outs so that Mr. Lee doesn't have to guess what those items are.

On a separate topic, Ms. Santana followed up with Mr. Beauchman regarding questions that Assistant to the Executive Director Christine Jung sent about the electrical repairs. She told him that the agenda reports are close to being finalized and that the plan was to include the Stadium Manager's responses to the agenda report. Mr. Beauchman confirmed that he received the email but had not reviewed the questions yet. There was agreement to move the electrical

repairs service agreements to the April 6 meeting if the Stadium Manager didn't meet the March 17 deadline to submit their responses.

Ms. Santana requested Mr. Beauchman to send Mr. Lee what they needed. She reiterated the importance of having the Stadium Manager respond to the December 1 letter. Mr. Beauchman answered that he didn't have a timeline, but he would bring that information back to the team.

Mr. Lee redirected the conversation to G&A costs. He said the Stadium Authority submitted a G&A budget of $5.1M to the Board, while the Stadium Manager proposed to lower that amount to $3.1M. Mr. Lee stated that Measure J does not allow City to subsidize the Stadium Authority's costs and that the Stadium Authority's position is that the $5.1M is needed to provide oversight as needed and to perform the work required. He noted that the Board has discretion has over its own budget.

Ms. Santana shared that the Board directed some additional work items to staff as part of the study session. She noted that in addition to the financial management system, new referrals, Stadium Builder Licenses, there is a lot of work and that new resources are needed. Mr. Beauchman said they understood Measure J and Stadium Authority requirement to cover its cost. He stated that one of their responsibilities is to make sure that the Stadium Authority is being responsible. He said, you saw our comparison where your G&A costs are up 67%. Mr. Beauchman said that he was going to keep the legal costs completely separate from the numbers he is talking about. He said that the Stadium Manager is seeing that staffing costs go up close to 80% during pandemic.

Mr. Doyle responded that the costs are going up because of ManCo's mismanagement and lawsuits. He said if you want to cut those lawsuits and we can cut the costs drastically. Mr. Beauchman stated that they were discussing that internally and are taking it back to see what that looks like. He asked Mr. Doyle to have the same conversation with the Board.

Mr. Beauchman asked what proposal or settlement Mr. Doyle would suggest. Mr. Doyle stated that the Stadium Authority asked that there would be a disinterested manager to manage Non-NFL Events, who did not have self-dealing, and that abided by state laws. Mr. Beauchman responded that the proposal can't be what you're asking for. He noted that was what the Stadium Authority was looking to achieve, but what they're trying to do is see if there is reasonable negotiation about settling the continuing legal disputes.

Ms. Santana said that she thought that the presentation went back and forth. She clarified that the Stadium Authority has not hired a Deputy City Manager and Management Analyst to purposely keep costs down. She acknowledged that the Stadium Authority cut those major positions and with the more initiatives that the Board has assigned, the workload has increased, and the Stadium Authority has artificially kept vacancies to keep the costs low and absorbed the workload with existing staff.

Mr. Beauchman said that the Stadium Manager doesn't have that information yet. He said from their perspective they see that a year when there were no events, why would we see an increase in staffing? Ms. Santana provided an example that Stadium Authority was still spending significant resources to review FY 19/20 documents this fiscal year due to the Stadium Manager's late submittal and incomplete documentation. Ms. Santana told Mr. Beauchman that the Stadium Authority would discuss additional initiatives during Thursday's meeting. There was agreement that both parties were open to what that looks like and that it may take an additional meeting. Ms. Santana clarified that Stadium Authority staff are receiving documents later from

the Stadium Manager so they are reviewing them in a different fiscal year. She said Stadium Authority can explain that as part of its March 23 report to demonstrate where the expenditures are spent.

Date: 3/17/2021
Teams meeting: Rachel Copes (SCSA) and Darren Wong (ManCo)

1. Year-end distributions

MINUTES FROM
STADIUM AUTHORITY/STADIUM MANAGER
QUARTERLY STATUS MEETING
March 18, 2021 | 9:00 – 10:30 a.m.
Zoom Meeting

ManCo Attendees:
Jim Mercurio, Executive Vice President & General Manager
Jihad Beauchman, Vice President, Deputy General Counsel
Jas Sajjan, Senior Manager, Public Affairs & Strategic Communications

Stadium Authority/City Attendees:
Ruth Shikada, Assistant City Manager
Manuel Pineda, Assistant City Manager (for Items 6 and 7b)
Brian Doyle, Stadium Authority Counsel
Kenn Lee, Treasurer
Rachel Copes, Senior Management Analyst
Christine Jung, Assistant to the Executive Director

A G E N D A

Assistant City Manager Shikada shared that Executive Director Santana had an emergency and would not be participating in the meeting.

1. Board Referrals and Other Follow Up Items

a. **Public Safety Costs Per Event**
Ms. Shikada shared that SCSA placed this item on the agenda to let the Stadium Manager know the Board asked for those numbers, which staff was preparing. She said due to deployment numbers being involved that the information would be presented in Closed Session. ManCo's Executive Vice President & General Manager Jim Mercurio agreed with the decision to present the information in Closed Session due to the sensitivity surrounding deployment numbers.

b. Marketing Plan Questions from Board as Transmitted on March 11, 2021
Ms. Shikada asked if Mr. Mercurio's email that was received by SCSA that morning included the Stadium Manager's responses to the SCSA's Marketing Plan questions. Mr. Mercurio stated that he did share the Marketing Plan responses as well as other items. Ms. Shikada said that staff was still reviewing the documents. Assistant to the Executive Director Christine Jung said that she briefly reviewed the responses and understood that there were two separate Marketing Budgets for two different types of events but she did not see staff costs as part of the budgets. Mr. Mercurio first responded that the staff costs were Shared Expenses then asked ManCo's Vice President, Deputy General Counsel Jihad Beauchman to confirm whether staff costs were included. Mr. Beauchman confirmed that the Marketing Budgets did not include staff costs because they were budgeted separately, which should be documented in the responses.

c. Third-party Assessment of Marketing Plan as Transmitted on March 11, 2021
Ms. Shikada shared that the Board expressed interest in having a third-party assessment of the Marketing Plan. She noted that the Board wanted someone else to look at it and provide an overall picture and critique of what that we're looking for. Mr. Beauchman responded that he would refer back to the Stadium Manager's response in the Marketing Plan response but that they were open to the idea.

d. Status of Final Stadium Operation and Maintenance Plan (SOMP)

Ms. Shikada asked if Mr. Mercurio sent the final SOMP that morning. Mr. Mercurio responded that SCSA had two points that it had asked the Stadium Manager to review: one where SCSA agreed with their proposed change and another where SCSA asked the Stadium Manager to incorporate Stadium Engineers into the maintenance schedule. He clarified that sometimes the Stadium Engineers oversaw contractors doing the work so they will incorporate that information and send the redacted version sometime mid next week. Ms. Jung asked for clarification whether the copy the SCSA previously received was redacted. Mr. Mercurio answered that anything that is sensitive remained in the Stadium office. He noted that they sent the version they provided to SCSA was redacted because anything that could compromise the stadium remains at the office for viewing. Ms. Jung thanked him for the clarification.

e. Parking Research and Data for Transportation Management and Operations Plan (TMOP) and Parking Plans

Mr. Mercurio provided an update that the Stadium Manager sent the parking information that the SCSA requested for the Parking Plans that morning as part of his email. He also mentioned that they were working to finalize the other operational and public safety documents that the SCSA was working with the Stadium Manager on. He shared that they would send the SCSA the refreshed copies once they compiled the rest of the information.

Ms. Shikada asked for clarification on the information contained in each column. Mr. Mercurio clarified that the Stadium Manager didn't control the "outside lots" column, but they received that information from the City/Stadium Authority based on the permit fee. He said that they broke down the different types of parking so that the City/Stadium Authority could understand them and totaled the numbers on the bottom and provided an average and average by year which should give the City/SCSA information requested.

2. Updates from Stadium Manager: Quarterly Status Meeting (First Amendment to Stadium Management Agreement)

a. Financial performance of past Non-NFL Events

i. Non-NFL Events P&L for quarter end 12/31/2020

Mr. Mercurio said there weren't any events, but they sent the P&L.

b. Status of future Non-NFL Events

i. Booked Events

ii. Pipeline Events

Mr. Mercurio provided a brief update that the Stadium Manager had two events in the pipeline, which were contingent on county restrictions. He said that he could start to see more activity and people are anxious for events but that's all the Stadium Manager has at this moment.

c. Private Parking Agreements

i. Executed private parking agreements

ii. Ongoing negotiations for private parking agreements

Director of Community Development Andrew Crabtree participated in this discussion.

Mr. Mercurio shared that the Stadium Manager added back Yellow 2 and Yellow 3 lots based on news from Related would not start construction during the 2021 NFL football season. He also shared that there were discussions on Blue Lots 1, 2, and 3.

Ms. Shikada asked Director Crabtree if there was any additional information needed. Mr. Crabtree said he didn't have anything right now but there might be questions in the future. He said that his department was always in constant communication with the Stadium Manager. Mr. Crabtree noted that based on what Mr. Mercurio described, it sounded like the information they needed.

There was discussion about the ADA improvements, which is documented under Item 7(a).

3. Stadium Builder Licenses (SBLs)

a. Paper Copy SBL Project: Status on requested SBL index/tracking documents

Mr. Beauchman said for Item 3a, the Stadium Manager sent over a tracking document that had a list of all active SBLs as SCSA requested. Ms. Shikada confirmed that staff received it but was still reviewing the information. CONFIDENTIAL DISCUSSION ABOUT A SUBSET OF SBL HOLDERS. [redacted]

b. Digital SBLs: Status on transferring files to SCSA for proper archiving

Ms. Jung shared that SCSA staff checked their Docusign account with their IT Department and found that they are only able to access SBLs that were executed up to a couple months ago. Mr. Beauchman said that he didn't think there was a Docusign time limit. He suggested another option was referencing the emails that SCSA should have received emails from Docusign whenever an SBL was executed. He said that the issue with Docusign was that they could go in

to search for someone but that they weren't able to do a bulk download of all the executed SBLs because that's not a feature that Docusign has. He said that they would have to have someone click through each SBL to download them and they want to try the bulk download before they go to that option. Mr. Beauchman referred SCSA staff back to the SCSA's SBL emails from Docusign.

Ms. Jung clarified that she was unsure whether any emails had been deleted from the SCSA's email account and that the Stadium Manager should have those files downloaded as the manager of the SBLs. Mr. Beauchman responded that the Stadium Manager didn't really go back to the contracts often because most of them had standard benefits. The key information that they need is seat numbers, which they pull, so they don't refer to the actual SBLs a lot. He noted that if for some reason they needed to refer to the actual SBLs, they just look them up in Docusign. He said that he would look into whether there was some sort of repository. Ms. Jung thanked him and asked him to please check whether they did have a repository because SCSA did not have the same retention in Docusign. Mr. Beauchman said he would.

c. Expired SBLs from 2019

Mr. Beauchman provided an update that the tracking spreadsheet also included a list of SBL contracts that expired. He said that the Stadium Manager was working to get those SBL Holders to resign their original SBLs. Ms. Jung referenced Larry MacNeil's (from ManCo) letter which said those SBLs holders were not notified that their SBLs were not executed and asked for clarification about the delay for getting the SBLs signed if the SBL Holders were unaware that their SBLs were not executed. She noted that there were twenty SBL Holders with expired SBLs and that the SCSA had signed four already and two pending in Docusign which SCSA planned to sign, and asked for the plan for the remaining 14 SBL Holders. Mr. Beauchman confirmed that they identified the SBL Holders and are reaching out to get them to resign their SBLs. He noted that people are a little confused but we're working on the SBLs.

d. Status on Confidential follow up items

[redacted]

[redacted]

[redacted]

4. **Confidential Update from Stadium Manager on Insurance Claim Filed on Behalf of SCSA**
Risk Manager Greg Bych participated in this confidential discussion.

[redacted]

[redacted]

5. **Follow up on Non-NFL Event Documentation Questions**
Mr. Lee said followed up on the letter he sent letter to the Stadium Manager on December 1, 2020 with questions and follow up items. He said, as part of our March 16 Meet and Confer meeting Mr. Beauchman said it would come soon. Mr. Beauchman confirmed that their response should come in the next few business days.

6. **Response from Stadium Manager for SCSA Questions Regarding On-call Electrical Maintenance and Repair Service Agreements**
Mr. Beauchman said that this item was discussed during the March 16 Meet and Confer meeting and that they would move the item to early April. He said the Stadium Manager would respond to the SCSA's questions later this week or early next week. Mr. Doyle shared that his reaction for the agreements was that was a high dollar value. He said he wanted to make sure that the Stadium Manager understood that repair is different than a capital project. He restated that he thought the agreements amounts were an extraordinary amount. Mr. Mercurio confirmed that the agreements would not be used for CapEx. Mr. Doyle asked him to provide more details. Mr. Mercurio agreed to put that together for the SCSA and that an entire review of the system was coming up.

7. **Update from Stadium Manager on Existing Projects**
   a. **ADA Improvements on Red Lot**
   Assistant City Attorney Su Reuter and Director of Community Development Andrew Crabtree participated in this confidential discussion.

[redacted]

[redacted]

[redacted]

[redacted]

b. HVAC Emergency Repair

Mr. Mercurio shared that the Stadium Manager would have something for SCSA sometime in next couple of business days as they go through the work associated with the project. He said they will provide an update next week.

Ms. Shikada referenced the list of Board referrals on the agenda and said that we need to start working on those. Mr. Mercurio responded that the Stadium Manager has addressed some of these items. He referenced Larry MacNeil (from ManCo) providing information on public ridership and parking costs months ago. Mr. Doyle said that the easiest thing would be if the Stadium Manager sent SCSA a copy of what they've previously submitted and staff would see if the referrals have been addressed. Mr. Mercurio answered that he guess the Stadium Manager could do that.

SCSA Board Direction for Stadium Manager Follow Up

- Compliance Plan and Oversight of Corrective Action (including Validation)
- Number of public riders for large stadium events
- Analysis regarding Event Day Parking Costs
- Stadium Manager Report to Board Summarizing Contracts Let on Behalf of Stadium Authority
- May 27, 2020 Letter regarding COVID-19 Plan for the Stadium, revolving loan, the buffet invoice, maintenance of the Stadium, and event parking/public transportation.
- Stadium Manager Presentation to the Board on Transparency Efforts/Enhancements

Upcoming SCSA Board Meeting Dates

- March 23, 2021
- April 13, 2021
- May 11, 2021
- June 8, 2021
- July 13, 2021
- August 24, 2021
- September 21, 2021
- October 19, 2021
- November 16, 2021
- December 14, 2021

Date: 3/19/2021
Teams meeting: Rachel Copes (SCSA) and Darren Wong (ManCo)

1. Yearend distribution
2. Budget Amendments in Q3 posted report
3. March O&M Invoice

Date: 3/24/2021
Phone Call meeting: Rachel Copes (SCSA), Esther Chi (ManCo), Larry MacNeil (ManCo), Linh Lam (SCSA)

- Financial Management System Phase I Implementation
    - Ms. Lam will work with Armanino to schedule the kickoff meeting for the first week of July and will clarify if the kickoff meetings are with both parties (ManCo/SCSA) or separate
    - Mr. MacNeil will provide the Non-Disclosure Agreement to Armanino the week of March 29, 2021
    - Both parties are confident in the timeline to implement Non-NFL and Shared Expenses in the new FMS by the end of FY21/22. However, the SBL portion may be more complicated but will be discussed further with Armanino.
    - ManCo created a separate company code in their system to enter SBL's and will kick it off April 1, 2021

Date: 3/25/2021
Teams meeting: Rachel Copes (SCSA) and Darren Wong (ManCo)

1. CFD Scheduled Payment
2. Excess Revenue Distribution Timeline
3. April O&M Invoice
4. FY2019/20 Non-NFL Event Review

Date: 3/26/2021
Teams meeting: Rachel Copes (SCSA) and Darren Wong (ManCo)

1. April O&M Invoice

MINUTES FROM
STADIUM AUTHORITY/STADIUM MANAGER
SHARED STADIUM EXPENSES REVIEW MEETING
March 30, 2021 | 1:00 – 5:00 p.m.
Levi's Stadium

Stadium Manager Attendees:
Jihad Beauchman, Vice President, Deputy General Counsel
Esther Chi, Vice President & Controller
Alex Acton, Finance Manager

Stadium Authority Attendees:
Kenn Lee, Treasurer
Linh Lam, Assistant Director of Finance
Christine Jung, Assistant to the Executive Director

The meeting started with introductions between staff. Treasurer Kenn Lee stated that the two groups had a shared goal of trying to validate the $4.2M of Shared Expense salaries. Vice President, Deputy General Counsel Jihad Beauchman described the process of how ManCo staff would share information for Stadium Authority staff's review during the meeting, which was through the TV screens hooked up to staff's laptops. He said the documents would show names, salaries and other information that ManCo staff hoped that Stadium Authority staff would keep confidential. He said the information will be relevant for FY 2021 and there wouldn't be any information for past fiscal years since they were concentrating on the $4.2M. He reemphasized the importance of keeping their employees' information confidential.

Mr. Lee agreed and said that when Stadium Authority and ManCo staff talked during the March 16 Meet and Confer Meeting, Stadium Authority staff said that they were interested in keeping ManCo's employee names confidential. He said if there were employee numbers, we're happy to take notes of that fashion. Mr. Beauchman responded that they can decide on what that looks like and that they're trying to get Stadium Authority staff the information they need. Mr. Lee stated that Stadium Authority staff wanted to make sure that they were being efficient. He noted that Assistant Director of Finance Linh Lam has visited the stadium in the past to validate expenses and that having employee numbers would keep things efficient for future reviews.

ManCo's Finance Director Alex Acton began showing the Draft FY 2021 budget which included the 45 positions that were charged to Shared Expenses. He then shared a spreadsheet on the screen that included those positions' salaries, overtime, bonuses, taxes and benefits and their corresponding allocations split between StadCo and the Stadium Authority (50/50 split for all positions except for groundskeeping staff who are split 70/30). The bonuses and taxes are grouped at usual allocation rates. We have a bonus pool for employees showing 50/50. Part-time allocation for Procurement, Stadium Ops, and Guest Services staff. Mr. Acton stated that the data being presented in total rolled up to the $4.2M in the budget.

Mr. Lee asked if Stadium Authority staff could get a copy of the document that was being shared on Mr. Acton's screen. Mr. Beauchman denied the request and said that ManCo could not send the document but that they were happy to have Stadium Authority staff view the information. Ms. Lam asked if ManCo staff would be able to provide the same information (annual salary,

overtime, and bonuses) with employee IDs instead of employee names. She stated that having some sort of unique identifier that would maintain the confidentiality of employee identities while allowing Stadium Authority to be able to cross reference information would be helpful. Mr. Beauchman responded that they're not in the position right now to share that information but they could discuss that option. He said they were still trying to figure out the best way to get the information to Stadium Authority staff and that they were happy to have Stadium Authority staff view it but as of right now they didn't have a plan to show the identifier.

There was discussion about what that unique identifier information may look like. Mr. Lee noted that at some point, Stadium Authority staff want to have that information so that they're able to provide details on how to get back to the $4.2M and we can validate. Mr. Beauchman stated that ManCo provided the salary information rolled up and that the information they will provide will show the underlying details that the Stadium Authority wants to see. He clarified that ManCo's concern was maintaining confidentiality and whether Stadium Authority staff's notes would tie back to the identifier. Mr. Lee said the level of detail that Stadium Authority staff was looking for was like the list of Stadium Authority positions, classifications, salaries, benefits, and overhead that they had provided to ManCo during the budget process. He said from a note taking perspective, Stadium Authority staff were trying to validate information from a budget position, so things like positions and job functions. Mr. Lee noted as staff validated the information, they might have some follow up questions. He explained that he was trying to validate the information in a way that he would be able to present to the Board the details behind the $4.2M through his notes.

Mr. Beauchman explained that ManCo staff was trying to figure out how to do the same thing. He provided the example of groundskeeping and said the information that Stadium Authority staff view was same as what was totaled in the budget. He clarified that ManCo didn't want specific information tying back to position numbers, which they wanted to keep confidential.

Mr. Beauchman acknowledged that he understood what Stadium Authority staff was saying from public entity's perspective, but ManCo didn't think the information being shared was public information. He said the information would provide Stadium Authority staff back up for what they needed, and he thought that could be done without putting the specifics in the notes. Mr. Lee agreed that made sense but provided a couple points of clarification. He stated that ManCo knew what the Stadium Authority's position on what was considered public information. He also stated that it has also been made clear that the Stadium Authority wanted to respect the confidentiality of ManCo. Mr. Lee said Stadium Authority staff thought they could respect the confidentiality on what was being presented on the screen. He noted however, staff's notes were just notes if someone asked for more supporting documentation. Mr. Beauchman stated that the idea is that the information would not be directly tied to employees and that the information would be sufficient for the Stadium Authority staff to view the roles and confirm the backup. He noted that there was a concern about double billing, that people weren't doing what they're paid to do so today's supporting backup should address those concerns. He acknowledged that he understood the Stadium Authority wanted copies of the information and that while ManCo couldn't meet that request, they hope that the Stadium Authority's concerns would be addressed by reviewing the specific roles and duties.

Ms. Lam asked if we were able to look at the positions and roles could ManCo provide employee IDs so at the end of the year when Stadium Authority staff looks at Shared Expenses,

they can cross reference and can trace back the employees. Mr. Beauchman answered to the extent that Ms. Lam was asking for the rolled-up amounts for the positions that was something they could provide. Ms. Lam confirmed that total positions rolled up with employee information was sufficient. Mr. Beauchman asked for clarification and provided an example of labeling employees with sample identifiers (e.g., G1, G2, G3) and providing their salary information rolled up as a department. Ms. Lam agreed that was what she was asking for, along with the employees' ID numbers. Mr. Beauchman provided another example of how the information could be verified when Stadium Authority staff reviewed everything for budget purposes, such as the positions identified as G1, G2, G3 and their total actuals for the groundskeeping budget item. Ms. Lam shared that it would be even easier to just provide the employees' ID numbers so that Stadium Authority staff can trace those positions and tie back the costs when they look back in the budget. Mr. Beauchman asked if Stadium Authority staff would do that on site, which Ms. Lam confirmed. Mr. Beauchman said that he was generally comfortable with that process and asked if Ms. Lam would leave with the G1, G2, G3 matching with the identifier. Ms. Lam said that she hoped to get the employee ID as the unique identifier. Mr. Beauchman said to the extent that the total salaries are rolled up by department they should be comfortable with providing that information. Mr. Lee said that information would be helpful so Stadium Authority staff could validate how much was spent out of the amount budgeted.

Mr. Beauchman stated that shouldn't be a concern since he didn't think there were any departments with only one person. Mr. Acton shared that there was a department with two people. Vice President & Controller Esther Chi added that ManCo does use employee IDs numbers to log in. Ms. Lam restated that having employee ID information would be very helpful as an identifier to help Stadium Authority staff validate and tie back information to Shared Expenses next year when preparing the budget. Mr. Beauchman stated that ManCo would need to figure out the best way to signify employees and they should be able to create something to tie back to the roll up which was what the need. He noted that the focus for today's meeting was to look at the budgeted items and that the focus on tying back the actuals could take place later, and that it generally seems like they could do it but they wanted to make sure that its done in a way that is rolled up. Mr. Lee agreed and said the unique identifier would be helpful because we want to be efficient. He noted that anything that the group does now would expedite the verification process later on. He also said that in the Stadium Authority's notes, staff would respect the confidentiality.

Ms. Lam and Mr. Lee requested Mr. Acton to start going through the data in the spreadsheet which contained names and salary information for the 45 full-time ManCo employees who make up the Shared Expense salaries that are allocated between Stadium Authority and ManCo. Mr. Lee asked to start with the Engineering Department staff, which has 15 positions. Mr. Acton stated that the Engineering Department had 11 Stationary Engineers, one Assistant Chief Engineer, one chief engineer, one Vice President, Stadiums Operations, and one Administrative Engineering Coordinator. Ms. Lam asked whether the staff are salary or hourly. Mr. Acton answered that all the positions are unionized, so hourly, except for the Vice President and Administrative Engineering Coordinator positions. Mr. Lee asked about the average salaries, and Mr. Acton provided sum of the staff's hourly rates, overtime, and taxes and benefits. ManCo staff stated that only one position received a bonus. Mr. Lee also asked questions about one Engineering position's salary to clarify whether the amount shown was 100% of their salary, which ManCo staff confirmed that it was.

Mr. Lee asked ManCo staff to provide more detail about Stationary Engineers' responsibilities. Mr. Acton answered that ManCo sent over the positions' job descriptions and pulled up the document for everyone's review. Mr. Lee noted that all the positions looked filled and asked if the staff were still going in without events at the stadium. Mr. Beauchman answered that the Stationary Engineers are still there for routine work around the stadium. Mr. Acton noted that the number of Engineering staff has been pretty static over the years. Mr. Beauchman noted that the number of staff was the basic level of what was needed to operate the building. Mr. Lee asked if there is a bigger workload when there are events. Mr. Acton noted that if the Stadium Authority wanted to know what the Engineering staff did during events, they could work towards getting staff that information. Ms. Lam asked if the Engineering staff charged their times to events. Mr. Acton answered that all of the employees whose information was being shown were split 50/50 so they do not charge to specific events.

Mr. Lee referenced the ongoing vaccination site at Levi's Stadium and the engineers keeping the building running. He asked whether ManCo did a cost allocation to charge the Engineer's time back to the vaccination site. Mr. Beauchman answered that in past years there were up to 300 days when people are in the building and no matter what, those expenses are split 50/50. He noted that Stadium Authority and ManCo did that when they put the contract together so that amount is split and that the number of events would not impact the split amount. In reference to the vaccination site, Mr. Beauchman said that Guest Services Representatives were working on the vaccinations and their costs would not be charged to Shared Expenses.

Mr. Lee asked about security at the Stadium and whether they were also helping with the vaccination site. He also asked if the security staff would be working whether or not there were events. Mr. Beauchman responded with an example of someone sitting in the command center, which was needed regardless of events. He noted that there's going to be one even if there is extra security for vaccination site, which they did have and the extra security would not be reflected in Shared Expenses.

Mr. Lee asked about the security dog that sniffed staff's cars prior to the entering the stadium and whether that security was for both Levi's Stadium and the practice facility. Mr. Beauchman answered that the security dog and security person was just for Levi's Stadium and the process that was being used when Stadium Authority staff came into the building was the Levi's Stadium check in process regardless whether people were here for Stadium Authority of NFL work. He noted those people are still being charged 50/50 and that will continue even though the day to day may vary. He said there used to be more Stadium Authority events than NFL events so the 50/50 split wasn't based on number of events. Mr. Lee asked how the Shared Expense staff filled out their timesheets and whether they charged to events. Mr. Beauchman confirmed that they did not charge to events. Mr. Lee asked whether the Shared Expense groundskeeping staff also worked on the practice facility. Mr. Acton answered that he believed there are separate people for the practice facility.

Mr. Lee referred to the spreadsheet and asked if ManCo staff could sum up all the totals for salary, overtime, bonuses, and taxes and benefits, which Mr. Acton obliged. Stadium Authority staff reviewed the totals for salary, overtime, bonuses, and taxes and benefits for each department (Engineering, Stadium Operations, Guest Services, Groundskeeping, and Security). Ms. Lam and Mr. Beauchman discussed whether this is the type of information that the Stadium Authority would need rolled up for validation.

Mr. Lee asked whether the Engineering staff were responsible for CapEx projects. Mr. Beauchman answered that they assisted and advised what needs to be done. Mr. Lee asked if

there was a different team that would work on CapEx projects. Mr. Beauchman answered that the Engineering Department was the primary group responsible for that work, with ManCo's Executive Vice President & General Manager Jim Mercurio overseeing the projects. Mr. Beauchman noted that there may be nuances that he was not communicated but what he communicated was based on his understanding.

Ms. Lam asked how the Shared Expense staff's taxes and benefits were determined. Mr. Acton answered that those numbers were based on what benefits employees elected last fiscal year. He noted that the budget was put together back in January so if ManCo anticipated any staff having merit increases then they grew their benefits by 3%. He also noted that employees could elect for different benefits (e.g., insurance one year and not the next year) so the actual number is dependent on what people elect. Ms. Lam asked if that benefit amount also included overhead. Mr. Acton confirmed that overhead was not part of Shared Expenses.

Mr. Lee said that when he looked at taxes and benefits, he noticed that they varied between the departments. Mr. Acton said the biggest difference is for Engineering and that is because they're unionized. Mr. Lee asked for clarification if the benefits included health insurance and other items, which Mr. Acton confirmed. Mr. Lee asked for the matching contribution amount. Ms. Chi answered that it's 50% employee contribution, 2.5% of employee salary or $3,750, whichever one is lowest. Mr. Beauchman added that the maximum amount of contribution was $3,750. Mr. Lee whether the taxes portion was just standard payroll tax and social security, which Ms. Chi confirmed.

Ms. Lam asked Mr. Acton to go to the section in the spreadsheet that showed the Stadium Authority's allocation (50/50 split for all staff except those in groundskeeping, which have a 70/30 split). Mr. Lee asked to go back to the Engineering positions on the spreadsheet and asked whether the number of Engineering staff was the same over the years. Mr. Acton said that the number was mostly the same, but the Vice President of Operations used to be in the Stadium Operations Department so that is the only difference.

Mr. Lee moved on to the Groundskeeping Department, which had three staff. Stadium Authority staff reviewed each individual's salary as well as the average salary. Mr. Lee asked if promoters for events, e.g., Monster Jam, had their own groundskeeping staff. Mr. Beauchman answered that promoters would have their own groundskeeping staff but ManCo's groundskeeping staff would work with them to figure out what they need. Mr. Lee referred to the budget document that contained the job descriptions for the groundskeeping staff's responsibilities, which included water management and prepping the surface for games and events. He asked whether the groundskeeping staff would oversee piping too, like the broken recycled water line. Mr. Beauchman didn't think that the groundskeeping staff would be involved with that. Mr. Acton noted that what they were sharing was based on what they knew about the positions. Mr. Lee said that he understood and that he just wanted to get a good understanding of what the staff were responsible for. Mr. Beauchman added that the groundskeeping staff were responsible for everything natural above the concrete and stated again that he did not think that they were involved with irrigation. Mr. Lee asked whether the groundskeeping staff were also responsible for the turf around the rim of the field. Mr. Beauchman said yes, it was because the staff's purview was within the green boundaries.

Mr. Lee noted that the meeting was about staff's salaries but asked if ManCo used other contracts for groundskeeping. Mr. Beauchman answered that the groundskeeping staff were responsible for the majority of the work, but they had contractor for when the sod got damaged. He said their staff would be responsible for the day to day operations and management.

Mr. Lee asked if Mr. Beauchman anticipated letting Stadium Authority perform a similar type of this review for contracts and other items in the future. Mr. Beauchman referenced the annual audit and stated that they expected that things would be audited through that process. He noted, in terms of breaking down every single budget, they haven't discussed that internally because that's not something that they've ever done for the budget process. He shared that their position was that reviewing items individually was part of the end of the year audit which has been done. Mr. Beauchman noted that ManCo would continue bringing new agreements forward for the Stadium Authority Board to approve but they haven't talked about outside services. Mr. Lee shared that having that information would be helpful in planning ahead for next year's budget.

Mr. Beauchman said that ManCo would follow what is required by agreements. He acknowledged that Mr. Lee received direction from the Stadium Authority Board but said that is separate from what the agreements state. He referenced back to the agreements and ManCo's focus on what is required by the agreements. He noted, that as far as they knew, the agreements didn't require them to be that forward looking. Mr. Beauchman added that they wanted to get to a point where there is a good understanding what is spent and that they were open to having those discussions but they understood what the previous direction from 2019 looked like. He said that they were looking for middle ground to move beyond the position of what the agreement required if both parties agreed.

The next department that was reviewed was Guest Services, which had two positions. Ms. Lam asked, in reference to the low number of staff, if most of the staff were outsourced. Mr. Acton answered that there were a lot of part-time people, who are involved with training and that the two full time staff managed all those people. Mr. Beauchman asked Stadium Authority to be discreet with the information related to Guest Services and Groundskeeping due to those departments' only having a few staff.

Mr. Lee asked if other Guest Services staff were contractors. Mr. Beauchman answered they were and they charged to specific events that they worked. He noted that general training time got charged 50/50. He said that the two Guest Services staff were responsible for making sure that there are enough Guest Services staff, that they got their training, and that there were enough people on site for events. The two full time Guest Services staff were charged 50/50. Mr. Acton added that the part-time contractors were hired by 49ers. Mr. Lee asked if the two staff were managing all the part time people who were working the vaccination site, which Mr. Beauchman confirmed. Mr. Lee asked what the staff did during the pandemic when there were no events. Mr. Acton shared that there used to be 4-5 people in Guest Services. Mr. Lee asked whether the headcount for Guest Services would increase as events picked up. Mr. Beauchman said for discussion purposes, there would be changes to the Guest Services department but that applied generally for all departments. He noted that the change wouldn't happen this year but especially for this group there was a drop and they anticipated seeing more events for FY 2022/23.

Security was the next department that was reviewed. Mr. Beauchman noted that this department was responsible for operating security. Mr. Lee asked for clarification whether these staff would be the ones at events. Mr. Beauchman clarified that there is separate event day security provided through their contractor, Landmark. He noted that Landmark's 2017 contract was approved by the Stadium Authority Board so Stadium Authority staff should have a copy. Landmark works with the City's Police Department and the Security Department is the group that works with Landmark to manage that operation. Mr. Lee asked if during COVID-19, whether

the Security staff were onsite or working remotely. Mr. Acton and Mr. Beauchman answered that some staff work offsite but some do go in, such as ManCo's Director of Security. Mr. Beauchman added that some of the Security staff managed the technology, so they had to be on site to make sure those things were operating. Mr. Lee asked whether Guest Services and Groundskeeping staff have been working offsite during the pandemic. Mr. Beauchman answered that the Guest Services staff have been mostly remote but Groundskeeping have working on site.

Stadium Operations was the next department to be reviewed. The department contained a variety of positions that were responsible for things from A/V, warehouse, to procurement, etc. Stadium Authority staff reviewed departmental staff's salaries.

Mr. Lee and ManCo staff discussed IPTV (internet on screen) and whether the Manager had his own crew. Mr. Beauchman explained that the IPTV was a big system that you need expertise to manage the system. Ms. Lam asked questions about a management position and whether it was hourly. Mr. Acton said that he believed the position was non-exempt. Ms. Chi shared that staff's management titles did not automatically meant that they're exempt.

There was discussion about whether the assumption was that things would go back to normal by 2022. Mr. Acton answered that some of budgeted costs may be reduced from some of the actuals for 18/19 but if the stadium is busy then they may need more resources.

Mr. Lee asked whether the Stadium Operations staff were offsite during COVID-19. Mr. Acton answered there was a healthy mix. Mr. Beauchman added that staff worked offsite when they could but came in when they are needed onsite. Ms. Lam noted that there was one vacancy on the Stadium Operations team. Mr. Lee asked for clarification whether the stadium operations applied to only Levi's Stadium or other 49ers facilities as well. Mr. Beauchman answered that the stadium operations were only for Levi's Stadium. There was discussion about the SAP practice facility and associated staff.

Going back to the spreadsheet, Mr. Lee asked about the bonus pool amount that was on the bottom of the worksheet. He asked how the bonus figures were determined. Mr. Acton clarified that bonus pool was just for full time staff. He explained the process for bonuses, which were recommended by Mr. Jim Mercurio, approved by HR and then approved by the president. Mr. Lee asked whether the bonuses were based on salary or contracts. Mr. Acton answered that the bonus pool itself was determined by historic bonus amounts. Mr. Lee asked if during a COVID environment, there would be less bonuses distributed. Mr. Beauchman responded that he didn't think the amount would be a lot less. Mr. Lee asked for more clarification about the process for recommending bonuses at the end of the year, which Mr. Beauchman provided.

Mr. Lee noted that Finance staff were not included in the spreadsheet. Mr. Beauchman answered that was correct because the spreadsheet only dealt with Shared Expenses under the Lease. The positions in the spreadsheet were split 50/50 and 70/30 as defined by the Lease. Mr. Lee asked if Finance staff ever charged as Shared Expenses, which Mr. Beauchman said no, they would have never charged to Shared Expenses. He referenced the graph in ManCo's budget presentation and said that those are staff below the line and don't charge 50/50. Mr. Lee asked him to confirm that Stadium Builder Licenses staff were also below the line, which Mr. Beauchman confirmed. Mr. Lee asked whether the G&A invoice included Finance staff's time. Mr. Acton responded by providing his position as an example – his position was G&A and not Shared Expenses, so he charged his time when he worked on Stadium Authority work. Mr. Lee

asked if information was reflected on staff's timecards. Mr. Acton answered that they did charge the time in their payroll system, ABI Mastermind.

Mr. Lee asked if Ms. Lam wanted the unique identifier for these people whether they would see the same people in the system. Mr. Beauchman answered that these people are only in Shared Expenses. Mr. Lee asked if at some point later that day, whether Stadium Authority could see how a Shared Expense staff tracked their time. Ms. Chi responded that Shared Expense staff did not track their time. She said that they used ABI Mastermind for management staff to track their time on Stadium Authority work. She provided an example of Stadium Builder License staff, who are exempt, indicating how much time they spent on Stadium Builder Licenses work. Mr. Lee asked who pays for the staff who charge directly to an event. Mr. Acton asked for more clarification, which Mr. Lee used Ms. Chi's time as an example of how she would potentially charge her time based on time spent on Stadium Authority and non-Stadium Authority work. Ms. Chi said she would document the hours spent on Stadium Authority work in the ABI Mastermind payroll system. Mr. Acton added that those costs would be reflected in the "Other G&A" line item. Mr. Beauchman said that the Other G&A line item was tied to Stadium Authority and not specific items and events.

Mr. Lee asked if planning for events were charged to an event. Mr. Beauchman answered that was a general expense and not charged to an event. Mr. Lee asked how general event costs are allocated. He noted that the Shared Expenses allocations were clear and he understood how costs to NFL events and Non-NFL events were charged. Mr. Beauchman noted that he didn't want to get too far into that topic because they are a part of the loss for this upcoming year. He said that no events occurred in 2021 but there was still prospecting that occurred so there were costs. He noted that it was clear to ManCo staff there were separate buckets but he understood that those might not be as clear to Stadium Authority staff.

Mr. Lee stated that having the spreadsheet of the different buckets would help Stadium Authority staff explain the numbers to the Stadium Authority Board. He said that the type of review that Stadium Authority and ManCo went through made it a little less efficient. He noted that he was trying to learn and understand the information as much as he could and to avoid misinformation.

Ms. Lam asked if exempt employees had to enter their time, which Mr. Acton answered they did not have to track their time. Ms. Lam asked about ManCo's procurement staff, which she understood to be a Procurement Manager and a part time person. Mr. Acton told her that the Procurement staff were part time and that they had two open positions and one person just joined.

Mr. Lee asked to do some salary sampling from the spreadsheet and reference their salaries against what was in the system, which ManCo staff agreed to. Mr. Acton noted that the actuals may not match up because the budgeted amounts were estimates. Stadium Authority staff reviewed the salaries for 13 staff (5 in Stadium Operations, 2 in Security, 1 in Guest Services, 1 in Groundskeeping, and 4 in Engineering) against their bi-weekly pay in ManCo's payroll system.

There was discussion about how inflation was accounted for and then staff moved on to a position that received a bonus but the net difference was $0 because that position did not receive a salary increase. There was discussion about that person's offer contract included the bonus. Mr. Lee asked ManCo staff to show the pool of bonuses again on the spreadsheet. The bonus potential for full time staff was $305,000.

Mr. Lee asked for more detail about the procurement staff. Mr. Acton answered that the part time positions would help the Procurement Manager and would be split 50/50. Ms. Lam asked Mr. Acton if he could scroll back so Stadium Authority staff could see how many people were sampled. Mr. Acton noted that the sampled positions were: 5 in stadium ops, 2 in security, 1 in guest services, 1 in groundskeeping, 4 in engineering. Mr. Beauchman asked Stadium Authority staff to maintain ambiguity of the people who got selected for Guest Services and Groundskeeping.

Mr. Lee asked for the breakdown for part-time staff. Mr. Acton shows an updated spreadsheet that includes the rate for the guest services people, number of staff and number of trainings. Mr. Lee noted that there were no employee names on the sheet and asked if the sheet was something that ManCo could provide. Mr. Beauchman acknowledged that the information did look very general but he would have to check with the team.

Mr. Lee asked for more information about the different types of training for part-time Guest Services staff, which ManCo staff answered (rookie training for new staff and veteran training for staff who have been there a while). The spreadsheet contained multiple types of training: rookie training, veteran training, ADA training, TEAM & Conflict Resolution training, and CPT. He noted that when Mr. Beauchman brought the request back to the team, it would be helpful to add that the part-time information was more generalized and that it would be more efficient to have a copy of the detail so he didn't have to take down all the notes. Mr. Beauchman said he would.

Mr. Lee asked for more information on the scheduling process for part-time staff during the pandemic. Mr. Acton there were still costs because the stadium was open; however part-time people will come back once events return. Mr. Lee asked if the training costs were coordinated to events. Mr. Acton answered yes, so the training costs were way down last year. He noted that didn't mean that they didn't do any trainings, because they did, but there was just less. Ms. Lam asked Mr. Acton to clarify whether Guest Services staff charged to events when there were events, which he confirmed.

Mr. Lee asked to look at the Stadium Operations part-time staff. The Stadium Ops part-time staff spreadsheet reflected 8 positions: Logistics Supervisor, Logistics staff, Loading Dock Warehouse Supervisor, Loading Dock Warehouse Staff, A/V Staff, Office Staff, Command Post Manager, and Medical Risk Staff. ManCo staff noted that these are day to day staff who are not tied to training. Mr. Lee asked about anticipated 10 hours worked per week for two positions (Command Post Manager and Medical Risk Staff) and asked what those positions were responsible for. Mr. Acton responded that he didn't know exactly but that generally, the logistics staff were in the stadium everyday doing everything. Mr. Beauchman asked his team whether the part-time staff were included in the job descriptions that ManCo provided the Stadium Authority. Mr. Acton answered that ManCo only provided the descriptions for full time staff. Mr. Lee asked if the part-time staff would use the ABI Mastermind payroll system to track their time, which Mr. Acton confirmed.

Mr. Lee asked whether any of the people would charge to events. Mr. Acton answered that if they work on an event, then they will charge their time to that event. Mr. Lee asked whether all the part-time positions were filled during COVID. Mr. Acton shared that the Command Post Manager and AV staff positions were not filled now. He noted as things get going at the stadium, ManCo planned to bring those staff back.

Mr. Lee asked whether ManCo used a scheduling software to track the part-time staff's time. Ms. Chi answered that would be ABI Mastermind. Mr. Lee asked whether ABI could produce summarized reports that doesn't contain employee information so that Ms. Lam could tie back the part-time staff costs charged during an audit. Mr. Chi said that they could probably run reports by totals, departments, and monthly in ABI. She shared that they had an ABI cost report that was sent monthly for Guest Services staff that they used to reclass to specific amounts. Ms. Lam asked whether the part-time staff were allocated in ABI. Ms. Chi responded that she hasn't looked at that but it wouldn't be fixed. She noted that she didn't know how the Guest Services Director/Manager scheduled the staff and that the schedules could look very different week to week. There was more discussion about how part-time staff's time was tracked in the ABI Mastermind system. Mr. Acton noted that he was not in the system all the time but the reports should be able to pull the breakdown of what was charged to events (e.g. $20 to rolling stone, $80 to something else).

Stadium Authority staff then requested to look at the part-time Procurement positions, which included three positions and had a total budget of $190,175. Mr. Lee asked for clarification as to why two of the procurement part-time positions were anticipated to work 39 weeks instead of 52. Mr. Acton answered that ManCo was planning to bring those positions on after Q1 of this fiscal year. Mr. Lee asked him to confirm that moving forward the two positions would be anticipated to work 52 weeks out of the year, which Mr. Acton confirmed. Mr. Lee asked for more detail about the procurement staff's responsibilities. Mr. Beauchman answered that those positions would help with procurement like sourcing and bidding.

Mr. Lee noted Mr. Beauchman brought up uniforms and contracts during a previous meeting. Mr. Beauchman said that they were just discussing the $4.2M for salary that day. Mr. Lee asked ManCo staff to confirm that the $4.2M was totaled by adding everything such as bonuses, salaries, etc. Mr. Acton confirmed that they got that number by adding up the gross amounts and multiplying it by 50%.

Mr. Lee and Ms. Lam listed the outstanding items that were requested from ManCo: Part-time details, offer letter for the management position that was discussed regarding salary and bonus, and the list of the FTEs with the unique identifier. Mr. Beauchman said the last item was part of a larger conversation but that they should be able to get back to Stadium Authority staff about the other two items fairly quickly. Ms. Lam shared that the unique identifier information was something was very helpful. Mr. Beauchman said he understood but that he saw the meeting as the first step towards verifying the $4.2M in Shared Expenses. He noted that the most important thing was Stadium Authority staff being comfortable about what they reviewed that day. He said that he hoped that Stadium Authority staff could use that information to tie back the numbers. Mr. Lee agreed that the meeting and information shared through the screen was very informative and it was to good to know and understand the information. Mr. Lee said he would check in with the Stadium Authority team to build out what was needed to check out the information. He noted that while they did sampling for the employees, and he took some notes on the part-time staff, it would be helpful to have more documentation as more back up and to help with the validation that Ms. Lam would come back for later for the actuals. Mr. Lee said from a process cycle it makes sense all the way through to speed things through. Ms. Lam added that it would be very helpful to cross walk the unique information for NFL events.

Mr. Lee stated that Stadium Authority staff have not seen a lot of detail for G&A costs, including who's charging what. He said that's also where we're trying to validate the different pools and some of those details are needed. Mr. Lee provided examples of City departments and Spectra, a City contractor that manages the Santa Clara Convention Center, and requiring details from a

due diligence standpoint. Mr. Beauchman noted that ManCo was different from the City's department but he acknowledged that the two groups got a lot done during the meeting and that would lead to working together more in the future. He ended the meeting by stating that the two groups could have an open conversation about how to progress from there.

21-662 **Agenda Date: 5/25/2021**

INFORMATIONAL REPORT TO COUNCIL

SUBJECT
Informational Report Regarding Bi-yearly Project Status Report of the GIS Services Program

COUNCIL PILLAR
Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND
On October 29, 2019, Arini Geographics was awarded a contract for Enterprise GIS Consulting Services. The contract was awarded as a three-year professional services agreement for the initial term of the contract, with the option of one additional two-year renewal term. Council has requested a bi-annual project status report of GIS services. This is the third report.

DISCUSSION
With location a common attribute across numerous city services and assets, the City's Enterprise GIS Program is a framework of people, process and technology enabling geospatial and asset information across departments to be managed in a single system. Integrating this information and making it available to staff and the public enables operational effectiveness, data driven decision making, cross departmental and regional coordination, citizen engagement and transparency.

Efforts are focused on both projects and day-to-day operations. Despite challenges encountered by shelter-in-place regulations, there is significant progress for the current reporting period.

Projects - Highlighted project accomplishments during this reporting timeframe:

Project	Current Reporting Period	Next Reporting Period
infoMap Upgrade	✓ **Completed**	
Streets Sign Inventory	✓ **Completed**	
Streets Trees Inventory	In Progress	Completion Planned
PD Records Mgmt System	In Progress	Completion Planned
Mobile Map for PD	In Progress - *Note below	Completion Planned

- Launched the new and significantly improved infoMap 3.0, available to City staff, providing maps and location-based information such as address, parcels, streets, ownership, property reports, zoning, FEMA floods designations, council districts, etc., plus a wide variety of mapping, redlining, querying, and reporting capabilities. In addition to migrating from obsolete underlying technology, the new infoMap is now hardware and web browser independent and can be used on both desktop computers and mobile devices connected to the City network. Productivity

improvements include the ability for maps to be saved and shared online, controlled access, and ability to upload other mapping layers (such as Google Earth/Maps) for custom geospatial analysis and cartography. Supported by a new help system specific to the City and regularly scheduled training, the upgrade is expected to increase the usage of GIS information as part of everyday business and improve decision-making citywide.

- Completed citywide street signs inventory: located and photographed 9,064 signposts holding 13,885 signs, together with specifically designed digital cartography to be integrated with the City's EAM, featuring a comprehensive sign symbol library of more than 450 representations to the federally established standard (Manual on Uniform Traffic Control Devices, MUTCD).

- GIS inventory of sidewalks and trees lining the City streets started on April 12, 2021 and upon completion will be integrated with the City's EAM.

- Created the Mobile (Multi-source) Map for 911 field operations and tested on a first responder Mobile Data Computer (MDC). This is to be synchronized with the Computer Aided Dispatch (CAD) system. *This activity is being continued into the next reporting period to allow for issue resolution with the vendor and additional testing.

- In preparation for the new Enterprise Permit Management System, significant effort went into providing map-based productivity enhancements such as several ways of searching and mapping sites of interest, as well as optimal routing for inspections. Location validation was completed for more than 500,000 permit records to be migrated to the new citywide Enterprise Permitting System.

Planned activities over the next six months:

- Overhaul of the City Enterprise GIS Infrastructure with significant technology improvements to ensure higher availability and security, optimize performance and better support transactional GIS through multiple integrations. This major update will replace end of life underlaying technology, preventing potential business interruptions to the Enterprise GIS system and mission critical applications currently integrated with GIS (permitting, 911 dispatch, records management, publicly available apps and story maps, etc.).

- Complete GIS inventory of sidewalks and City trees, providing the Department of Public Works with first ever comprehensive inventory of trees along City streets. This is necessary for computerized maintenance management.

- Complete the testing and deployment of the Mobile Map for Mobile Data Computers in Police vehicles, synchronized with the Computer Aided Dispatch system.

- Update the speed limit attribute of the City Streets layer, based on the data from the new traffic signs inventory. The refresh will improve the optimal routing functionality being used in public safety, traffic engineering, building inspection and code enforcement applications.

- Integrate the 2020 high-resolution aerial imagery into the City Enterprise GIS Basemap. This

new natural color image is the result of the ongoing partnership with the County of Santa Clara and the Cities and special districts, which will enable the City to refresh its aerial imagery yearly at a very affordable price.

- Implement a new Operations Dashboard, which offers a near real-time visualization of edits done to the City Enterprise Basemap. The Operations Dashboard will be available internally to all City staff.

- Begin implementation of Mobile GIS for Silicon Valley Power's field operations, which will enable field crews to access and edit critical utility information right from where they work.

- Enterprise GIS integration and location awareness for new records management system (RMS) for the Police Department.

Day-to-Day Operations - Quality assurance and critical data updates are continually being performed in several areas:

Statistics and information related to Enterprise GIS activities can be found in the attached infographic (Attachment 1), indicating the number of addresses updated in the City Basemap since November 1, 2019 and the dynamic number of records in the Enterprise Geospatial Repository (EGR) by department. Enterprise GIS Web-based Applications, infoMap and MapSantaClara usage statistics are also shown both by functionality and geography. It should be noted that numbers are trending up, reflecting an easing back towards normal activity as we worked through the pandemic and restrictions lifted.

- **City Enterprise GIS Basemap** - specialized mapping system keeping track of the City's foundational map layers (includes addresses, streets, parcels, ownership, general plan and zoning designations, flooding and noise delineations, multiyear aerial imagery) and key-related attributes. From October 1, 2020 through April 30, 2021, nearly 9,000 addresses were updated, ensuring that residents, businesses, and government officials operate with the most current data. This is a 37% increase over the previous reporting period, likely reflecting increased development activity as the pandemic restrictions are gradually lifted, data updates in conjunction with the cleanup, and updates needed for the upcoming Permit Management System implementation.

- **MapSantaClara** - this web-based application provides tailored access and reporting functionality to the public at large: <https://map.santaclaraca.gov>. From October 1, 2020 through April 30, 2021, over 27,000 visits were made representing an increase of 52% over the previous reporting period, likely due to the ongoing citywide clean-up campaign since the residents are using MapSantaClara to check their address / property status and pick-up timing.

- **Open Data Geospatial Portal** - this web-based repository provides the business community, other agencies, City contractors and the public at large with up-to-date common GIS data layers such as streets, addresses, parcels, voting districts, census blocks, etc. without the need to request such information, saving City staff time and enabling applications to direct-read and process GIS information. Providing the public with updated authoritative data is a core aspect of the GIS program, thereby increasing confidence, transparency and trust: <https://map.santaclaraca.gov/data>

- **Story Maps -** six publicly-available, web-based applications that facilitate information dissemination and increase the level of service to the public, including Development Projects and Live Traffic Cameras: <http://santaclaraca.gov/devprojects> and <http://santaclaraca.gov/trafficcam>

- **Public Safety** - remains one of the City's top priorities and has many GIS interconnections. Dedicated datasets, maps, map services, applications, and integrations, for both Fire and Police Departments, are being maintained and map updates to the Computer-Aided Dispatch (CAD) system are being done at scheduled intervals; successfully completing two planned updates in the past six months. The reliability and importance of keeping the data current has several implications including officer safety, response times/routing and more.

- **Enterprise Asset Management (EAM)** - key focus area enabling more effective management of City's assets to improve their utilization and performance, reduce capital costs, reduce asset-related operating costs, extend asset life and subsequently, increase return on assets and quality of service. EAM also helps improve environmental compliance as well as meet occupational safety regulations.

- **Regional GIS Collaboration and Coordination** - the City continues to collaborate with neighboring cities, the County of Santa Clara, and other government agencies to ensure regional timely and quality data acquisition and sharing. Through an ongoing effort, we have acquired new high-resolution aerial imagery, which will become an integral part the Enterprise GIS Basemap before the end of the current fiscal year. High resolution imagery helps locate things on the ground without field visits, location awareness and coordination. Additionally, the imagery is used for identification and extraction of discrete objects, which are City assets. With the increased development activity in the City, this is especially helpful. Other regional activities include seamless countywide Basemap GIS layers sharing and upkeep, as well as emergency response preparedness.

- **Steady State GIS** - fulfilled numerous requests from various City departments, including producing mailing lists for specific areas requested, improved Council Districts map, with higher resolution and better legibility, plus new individual maps for each district, now publicly accessible on the City's website <https://www.santaclaraca.gov/our-city/government/mayor-and-council/council-districts>. Change of addresses, parcels and streets are being tracked on a weekly basis and property ownership is being updated monthly through reports received from the County of Santa Clara Assessor's Office. A non-exhaustive list of other GIS layers that are being regularly updated includes: FEMA Flood Zones and LOMA notifications, Annual Clean Up Campaign locations and dates, and the addition of new developments throughout the City.

ENVIRONMENTAL REVIEW

This is an informational report only and no action is being taken by the City Council and no environmental review under the California Environmental Quality Act ("CEQA") is required.

FISCAL IMPACT

There is no cost to the City associated with this report other than administrative time and expense.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov.

RECOMMENDATION

Note and file the Informational Report regarding the Bi-yearly Project Status Report of the GIS Services Program.

REPORT TO COUNCIL

SUBJECT
Action to Approve/Ratify Agreement with Management Partners for Executive Evaluation Facilitation

COUNCIL PILLAR
Enhance Community Engagement and Transparency

BACKGROUND
The City Attorney has an employment agreement with the City. The employment agreement contains the following:

> 4. Performance Appraisal: The City Council shall formally review and evaluate Employee's performance by December of each year.

It is recommended that a professional facilitator be retained to mediate the process and provide a comprehensive summary of the results.

DISCUSSION
On April 21, 2021, the City Council met in closed session to interview a candidate to serve as the performance evaluation facilitator for the City Attorney's annual performance evaluation process. Following the closed session, the council reported out that the Council had authorized the Mayor to negotiate an agreement to retain the candidate's consulting firm. The Mayor conducted the negotiation and reached an agreement with the candidate's firm.

The facilitator is Jan Perkins, Vice President of Management Partners. Jan has worked with the City before and has over 30 years of local government management experience. She works with senior local government managers and elected officials to conduct performance evaluations, develop budget policy, conduct organizational assessments, and more. She has worked with cities and counties across California and beyond. Her experience and professionalism, as well as her familiarity with the City, makes her particularly qualified to facilitate the City Attorney's annual evaluation process. The timing of the performance evaluation will be in the Summer of 2021.

It is recommended that the Council approve the contract between the City and Management Partners, attached for the Council's consideration.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(4) in that it is a fiscal activity that does not involve any commitment to any specific project which may result in a

potential significant impact on the environment

FISCAL IMPACT

The total cost of the Agreement for Services with Management Partners for facilitation of the performance evaluation process for the City Attorney is $12,900, which includes individual interviews with City Councilmembers, administration of a confidential questionnaire, and a final memorandum summarizing the agreements and results of the performance evaluation. There are sufficient funds in the City Attorney's budget to cover this cost.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Approve/ratify the agreement with Management Partners for facilitation of the City Attorney performance evaluation process.

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND MANAGEMENT PARTNERS, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Management Partners, Inc., a Ohio corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services;"

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions

of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on the date of contract execution by all parties and terminate six months later. At the sole discretion of City, the Agreement may be extended for up to an additional six months with no change in rates.

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

This is a fixed price contract, subject to monthly invoicing by the Contractor. In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, "Schedule of Fees." The maximum compensation for this Agreement is Twelve Thousand Nine Hundred Dollars and Zero Cents ($12,900) which includes all costs and expenses including but not limited to supplies, labor, materials and equipment required to perform the Services. All work performed or materials provided in excess of this maximum compensation

DocuSign Envelope ID: 3CFC34CF-C086-4B75-A247-50B3A25363D8

shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

The fees and payment schedule for furnishing services under this Contract shall be based on the rate schedule which is attached hereto as **Exhibit B** and by this reference incorporated herein. Said fees shall remain in effect for the entire term of the Agreement. Contractor shall provide City with his/her/its/their Federal Tax I.D. number prior to submitting the first invoice. Payment shall be made within 30 days of receipt of invoice.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

D. City shall have the right to temporarily suspend Contractor's performance in whole or in part, by giving a written notice of suspension to Contractor. If City gives such notice of suspension, Contractor shall immediately suspend its activities under this Agreement, as specified in such notice.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. ASSIGNMENT OF PERSONNEL

The Contractor shall not substitute any personnel for those specifically named in its proposal unless personnel with substantially equal or better qualifications and experience are provided, acceptable to the City, as is evidenced in writing.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement. Contractor shall be solely responsible to pay all required taxes, including but not limited to, sales, possessory interest, withholding, social security, and workers' compensation.

12. CONFIDENTIALITY OF MATERIAL

During performance of this Agreement, Contractor may gain access to and use City information including but not limited to inventions machinery, products, prices, apparatus, costs, discounts, future plans business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright, data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the City. Contractor agrees to protect all City Information and treat it as strictly confidential, and further agrees that Contractor shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to a third party without the prior written consent of City.

In addition, Contractor shall comply with any City policies governing use of City's network and technology systems.

A violation by Contractor of this section shall be a material violation of this agreement and shall justify legal and/or equitable relief.

13. WORK PRODUCT/PRE-EXISTING WORK PRODUCT OF CONTRACTOR

Any and all work product resulting from this Contract is commissioned by the City of Santa Clara as a work for hire. The City of Santa Clara shall be considered, for all purposes, the author of the work product and shall have all rights of authorship to the work, including, but not limited to, the exclusive right to use, publish, reproduce, copy and make derivative use of, the work product or otherwise grant others limited rights to use the work product.

To the extent Contractor incorporates into the work product any pre-existing work product owned by the Contractor, Contractor hereby acknowledges and agrees

DocuSign Envelope ID: 3CFC34CF-C086-4B75-A247-50B3A25363D8

that ownership of such work product shall be transferred to the City of Santa Clara.

Contractor shall fully defend, indemnify and hold harmless City, its officers, agents employees and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or part of the information prepared, produced, or provided by Contractor pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights. This obligation shall survive any termination of this Agreement.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

15. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees or persons contracting with Contractor to perform any portion of the Scope of Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

The existence or acceptance by City of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of City's rights under this section, nor shall the limits of such insurance limit the liability of Consultant hereunder. The provisions of this section shall survive any expiration, assignment or termination of this Agreement.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

Except as otherwise provided in this Agreement, any notice, submittal or communication required or permitted to be served on a party, shall be in writing and may be served by personal delivery to the person or the office of the person identified below. Service may also be made by mail, by placing first-class postage, and addressed as indicated below, and depositing in the United States mail. Any notice or other communication provided for or required by this Agreement to be in writing shall be deemed received upon the earlier of actual receipt or three business days after proper posting.

City of Santa Clara
Attention: Mayor Lisa Gillmor
1500 Warburton Avenue

By e-mail at LGillmor@SantaClaraCA.gov

And to Contractor addressed as follows:

Jerry Newfarmer, President and CEO

1730 Madison Road
Cincinnati, Ohio 45206
By phone at (513) 861-5400
By email at jnewfarmer@managementpartners.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

The Contractor shall maintain the appropriate licenses throughout the life of this Contract. Contractor shall also maintain any and all permits which might be required by the work to be performed herein.

In performing services under the Agreement during a declared statewide or local emergency, Contractor shall comply with all recommendations issued by federal, state and/or local health officials to protect the health and safety of Contractor's employees and agents, the City's employees and agents, volunteers and the general public.

In addition, the following NOTICES may apply:

1. Pursuant to California Franchise Tax Board regulations, City will automatically withhold 7% from all payments made to vendors who are non-residents of California.

2. Contractor agrees to meet all applicable program access and physical accessibility requirements under State and Federal laws, as amended from time to time, that may apply to services, programs or activities for the benefit of the public.

20. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 1090 as well as California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

22. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement. Requests for enhancements or additional work shall require written modification of the Agreement prior to provision of any additional service.

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

27. RELEASE

Contractor and its officers, employees and agents hereby waive and release, without limitation, City and its predecessors, successors, subsidiaries, related entities, and current and former officers, directors, trustees, agents, attorneys, employees, volunteers and assigns from any and all liabilities, claims, demands, damages, acts or omissions, obligations and causes of action of every nature, kind and description, in law, equity, or otherwise, arising from or related to any injury or illness sustained due to exposure to COVID-19.

28. ELECTRONIC TRANSMISSION OF CONTRACT AND SIGNATURE

The Parties agree that this Agreement may be transmitted and signed by electronic mail by any of the Parties, and that such signatures shall have the same force and effect as original signatures, in accordance with California Government Code section 16.5 and Civil Code section 1633.7.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

Exhibit A – Scope of Services

Contractor shall perform the following services to facilitate a performance evaluation of the Santa Clara City Attorney.

Contractor's services shall be conducted remotely. The Project Manager, Facilitator and City contact for these services shall be Jan Perkins, Vice President. She will be assisted by another Contractor employee as required. References to Contractor employees below ("Contractor" or "Jan"). The City contact shall be the Mayor. References to outside legal counsel refer to Jenica Maldonado of the Renne Public Law Group ("Outside Counsel").

The following describes the plan of work anticipated for this engagement.

Activity 1 – Gather Information and Provide Report

All Activity 1 Deliverables shall be completed no later than three (3) days prior to the date set for closed session on the subject matter of this Agreement, which shall be noticed for no later than July 18, 2021. Date of closed session is subject to change. Contractor shall be provided notice of change in closed session date if applicable. Extension of time for completion of deliverables may be adjusted by agreement between the Mayor and Contractor for a period not to exceed one month to accommodate Council schedule and delays outside the control of Contractor. Any additional extensions shall require an amendment to this Agreement.

To begin the project, Jan will first talk with the Mayor and Outside Counsel to review the steps and schedule.

- ***Council Interviews.*** Jan will provide draft interview questions to the Mayor and Outside Counsel for review. These questions are intended to elicit feedback about the City Attorney's performance from Council members. Jan will conduct confidential individual interviews with each member of the City Council.

- ***City Attorney's Self-Assessment.*** The City Attorney will be responsible for preparing a self-assessment. If requested, by the City Attorney, Jan will provide examples of forms and standard information to the City Attorney about preparing a self-assessment. Contractor shall not review, revise, or advise the City Attorney regarding the specifics of the self-assessment. The City Attorney will be directed to provide the completed self-assessment to the Mayor and the Council.

- ***360°Feedback.*** Contractor will design and administer a confidential questionnaire to the City Attorney's direct reports and to members of the City's executive team to obtain feedback on the City Attorney's performance. Contractor will prepare a draft of the survey questions and provide them to the Mayor prior to finalizing and administering the questionnaire. Based on the Mayor's input, Contractor will finalize the questions and then place them into Survey Monkey for distribution to staff who will be invited to

DocuSign Envelope ID: 3CFC34CF-C086-4B75-A247-50B3A25363D8

participate. Responses will be returned to Management Partners and will be anonymous and confidential. Once the survey closes, Contractor will summarize the results.

- ***Confidential Report.*** After Jan has interviewed each member of Council and gathered the feedback from the questionnaires, she will summarize the results in a written confidential report. She will review the consolidated confidential report with the Mayor, Outside Counsel and City Attorney.

Activity 2 – Facilitate Closed Session

Jan will meet with the Mayor and Outside Counsel in advance of the closed session to discuss the process for the meeting. The Closed Session shall occur no later than July 18, 2021 and, if later, subject to the requirements regarding extension, as addressed under the heading regarding Activity 1. Jan will then facilitate all or part of the closed session with the Council, in Council's discretion. Outside Counsel will attend the closed session as well. The City Attorney will be present for a portion of the session, in Council's discretion.

During the closed session, Jan will provide an overview of the process to date, present the confidential report and highlight key issues for discussion. Jan will facilitate a discussion about expectations and goals for the City Attorney, with the outcome being consensus by the Council.

The closed session will be facilitated in such a way that there is an open and productive discussion by all Council members.

DocuSign Envelope ID: 3CFC34CF-C086-4B75-A247-50B3A25363D8

Exhibit B – Schedule of Fees

Contractor will complete the plan of work described above for a total fixed fee of $12,900 which includes all costs and expenses. Payment shall be made as set forth in Section 6 of the Agreement. If more than one closed session is needed, Contractor will charge $1,000 for each additional session. Any additional services or charges in excess of $12,900 must be approved in advance by amendment to this Agreement. Contractor shall invoice City upon successful completion of each milestone as follows:

Milestone 1	Conduct interviews and 360° feedback.	$7,000
Milestone 2	Prepare report.	$5,900
	TOTAL	$12,900

DocuSign Envelope ID: 3CFC34CF-C086-4B75-A247-50B3A25363D8

EXHIBIT C

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

C. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office or outside counsel.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the

DocuSign Envelope ID: 3CFC34CF-C086-4B75-A247-50B3A25363D8

indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara, Office of the Mayor
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

DocuSign Envelope ID: 3CFC34CF-C086-4B75-A247-50B3A25363D8

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

21-729 **Agenda Date: 5/25/2021**

REPORT TO COUNCIL

SUBJECT

Report from the City Attorney on California Voter Rights Act (CVRA) Litigation

BACKGROUND

The Council has requested a report on the City's expenditures with respect to defending the **Yumori-Kaku v. City of Santa Clara** litigation (CVRA litigation). Because the reasonableness of the expenditures cannot be assessed without a completely transparent disclosure of the events that occurred throughout the litigation, I have attached to this report a Chronology of the key dates that are tied to the expenditures of the City and of the plaintiffs, respectively.

In order to draw conclusions about when litigation costs could have been avoided in the course of a lawsuit, it is critical to understand the difference between lawsuits in which the City is a defendant and lawsuits in which the City is the plaintiff.

Most of the time that the City becomes a party to litigation, it is the result of another party filing a complaint against the City as a defendant. When this happens, the City cannot terminate the litigation unilaterally. It must either participate in the litigation through trial in an effort to obtain a verdict in its favor, or convince the plaintiffs to settle the case and dismiss the complaint against the City.

When the City takes the very rare step of suing another entity or person, it serves and files a complaint on a defendant. In such cases, the City can unilaterally terminate such litigations by simply filing a dismissal of the complaint. Usually, this step will only occur if there is some type of settlement with the defendant. This was ***not*** the case in the CVRA litigation. Therefore, once the plaintiffs sued the City, the City was not in control of terminating the litigation.

The CVRA was a lawsuit that was brought against the City as defendant. Thus, the plaintiffs had the upper hand as to when and how the litigation could be terminated. As will be explained in detail in this report, until February 2021 the CVRA plaintiffs never offered to dismiss their case or otherwise enter into a settlement that was acceptable to the City Council. Thus, despite two separate ballot measures proposed by the two Charter Review Committees to end the at-large by-seat voting system, plaintiffs opposed these solutions to end the litigation.

DISCUSSION

The City of Santa Clara has been addressing the issue of changing the way it elects its Council members since as early as 2011 when it first received a letter from Robert Rubin, one of two lawyers in California who has extensively threatened litigation under the provisions of the California Voter Rights Act (CVRA). Attached to this report is a Chronology of the events regarding the City's efforts.

In reaction to the receipt of Mr. Rubin's 2011 letter, the Council empaneled the first of what would grow to be **four** Charter Review Committees to conduct a public process to consider ballot measures to amend the City Charter. Although there was sentiment to move away from the numbered seat system in the City Charter and explore a ranked-choice voting system, the 2011 Charter Review Committee ultimately did not propose charter amendment to put on the 2012 ballot.

The next consideration of changing the City Charter began in October of 2015 when, after a recommendation from the Ethics Committee, the City Council convened another Charter Review Committee to consider amendments. The 2015 Charter Review Committee recommended 4 charter amendments all of which passed, but did not recommend an amendment to change the City's system for electing council members. It is unclear what the impetus for the creation of this Committee was because there is no record of a letter from Mr. Rubin until October of 2016, just before the November 2016 election.

After the election, which failed to elect Asian American candidates in city-wide elections, Mr. Rubin inexplicably withdrew his threat to sue to prevent the seating of the white candidates who had opposed the minority candidates that lost.

The next Charter Review Committee to take on conducting a public process to consider amendments to the City Charter was created by the City Council on April 11, 2017.

The 2017 Charter Review Committee consider several different possible charter amendments. There was virtually no public input indicating a desire to keep the at-large by-seat election process. In a unanimous recommendation, the Charter Review Committee unanimously recommended Measure A which the City Council unanimously approved putting on the June 2018 ballot. Measure A would have created two council districts represented by 3 council members each to be elected using a ranked-choice system of voting.

In October 2017, Mr. Rubin sent another letter to the City Council demanding that City Council members be elected by a district system rather than the at-large system in the City Charter. Despite the fact that there was a clear indication that Santa Clarans were interested in moving away from the current numbered-seat city-wide Charter provisions for electing its council, in December 2017 Mr. Rubin, GDBH and the Asian Law Alliance filed a complaint against the City of Santa Clara demanding a judicial change to the City's at large election system and seeking attorney fees under the CVRA. The judge in the CVRA case, Superior Court Judge Thomas Kuhnle, bifurcated the litigation into two phases. The first phase was to determine liability, i.e. whether the City's at-large Charter provisions denied protected classes of voters of Asian ancestry from electing representatives of their choice. The liability phase of the trial proceeded in parallel with the campaign period for the June 5, 2018 election at which Measure A was on the ballot.

It was believed that if Measure A would have passed, there was a substantial possibility that Judge Kuhnle would decide that the CVRA lawsuit was moot because the charter provision at issue in the case would no longer be in effect. Indeed, Judge Kuhnle held off on finalizing his Statement of Decision on the liability phase of the trial until June 6, 2018, the day after the election on Measure A. It also appeared that plaintiffs also believed that the passage of Measure A would have ended their lawsuit because during the campaign, their representatives reportedly urged a "no" vote "so that they would win the lawsuit."

During the motions regarding the award of attorneys' fees for the case, it was revealed that plaintiffs' law firm expended approximately $50,000 in unreported campaign in-kind services against the passage of Measure A. If the judge had declared the plaintiffs' case moot by reason of the charter having been amended, the litigation would have ended, limiting both the City's costs, as well as creating the very real possibility that the City would have not be obligated to pay plaintiffs' fees and costs. In this case, the City's costs might have been limited to the $500K to 700K range.

After receiving the election results indicating that Measure A had not passed, the CVRA litigation proceeded to the "remedies" phase. Judge Kuhnle ordered the City to engage in a "districting" process that involved a series of public hearings that paralleled the provisions of the state Elections Code. Recognizing that there would not be sufficient time to adhere to the strict provisions of the Code, the judge's order imposed a series of public hearings on a very tight time frame in July 2018 in order to have an order mandating district elections in time for the November 2018 election.

In compliance with the judge's order the City Council convened a districting committee to draw up alternative maps for the judge to consider in creating a by-district voting system. Ultimately the court ordered the City to adopt the six-district map that the districting committee had recommended, and the 2018 and 2020 elections were held using this map.

On August 15, 2018, the City filed an appeal of Judge Kuhnle's decision.

The Council also placed Measure N on the November 2018 elections. Measure N was an advisory measure that asked the voters the following question:

> Shall the City of Santa Clara engage the voters in a public process to draft a Charter Amendment ballot measure to elect its Council Members, other than the Mayor, by district?

Measure N received a 70% yes vote. In response to the voters' approval of Measure N, the City Council convened a Charter Review Committee to conduct robust public outreach to determine what type of district election system should be proposed for a Charter Amendment. The Charter Review Committee recommended that the Charter be amended to proceed with the six-district system for the 2020 election, but then transition to a three-district system with two council members to represent each district to be elected at alternating elections.

In January 2019 plaintiffs moved for an award of their fees and costs as prevailing parties in the litigation. The City moved to reduce their requested award of $4.1 million. The City's outside counsel spent approximately $163K in successfully reducing the amount of the fees to $3,164,955.61, producing a net savings of $1,073,100.14.

Following the filing of the appeal, plaintiffs moved for a calendar preference in the Court of Appeal which issued an order stating the it would decide the case by March 10, 2020.

It was believed that if Measure C had passed, it would have rendered the appeal moot, ending the litigation. On February 1, 2019, Richard Konda sent a letter to the 49ers asking them to fund a

campaign against Measure C. A copy of Mr. Konda's letter is attached to this report. Ultimately, Jed York spent almost $700K to defeat Measure C, which would prevent the possibility of the Court of Appeal dismissing the case on the grounds of mootness. A dismissal of the case on the ground of mootness could have resulted in limiting the City's expenses to its own outside counsel expenses, as well as gaining substantial leverage in settling with the plaintiffs on the question of paying their costs.

Although the Court of Appeal had issued an order that it would rule on the appeal by March 10, 2020, it was not until November 2020 that it set December 17, 2020 as the date for oral argument.

The November 2020 election was held in accordance with the trial court order with four council members elected from districts under the court-ordered map.

The Court of Appeal held oral argument in the case on December 17, 2020 and issued its ruling on December 30, 2020. The Court upheld the trial court's decision that the City Charter sections providing for a city-wide numbered-seat election system for council elections to be in violation of the CVRA.

On February 12, 2021, the City paid plaintiffs' fees and costs in the amount of $3,830,090.21 that had been awarded in Amended Judgment for the trial phase of the litigation.

On April 21, 2021, the City and plaintiffs entered into a settlement agreement requiring the City to pay the plaintiffs an additional amount of $712,500 for their fees and costs on appeal. The settlement agreement requires the City to place a charter amendment on the June 2022 ballot to change its charter provisions from the city-wide system to a six- district system for the election of its council members.

Expenditures

The City's total expenditures to outside counsel in connection with the CVRA matter was approximately $1.5 million. Those expenditures included approximately $105K in prelitigation advice with respect to potential charter amendments (Measure A), $750K in litigation costs through trial, $163K in expenditures to reduce plaintiffs' attorneys fees award; $12K in expenditures for advice associated with Measure C; $430K in fees and costs on the appeal; and $40K expended on post-appeal settlement efforts.

The total amount of payments to plaintiffs to satisfy the judgments that City Council agreed to was $4,542,590.21. This included payment of $3,830,090.21 in satisfaction of trial court judgment inclusive of fees and costs and interest, and an additional $712,500 for plaintiffs' fees and costs on appeal.

CONCLUSION

Several false narratives advanced against the City Council's decision-making process in defending the CVRA lawsuit warrant correction:

- In defending against the litigation, the Council was motivated by its desire to defend the voters of Santa Clara against the claim that they had elected council members in a racially polarized manner under the at-large provisions of the City Charter. The Council was not attempting to

preserve the at-large system in the Charter; it had consistently taken the position that it would ask the voters to amend the Charter to move away from an at-large system to a district-based system.

- Measures A, N and C are all evidence of the City Council's position that it was not seeking to preserve the Charter's at-large election system.

- The City Council was also committed to an inclusive public process in the form of convening two Charter Review Committees to hear from the public about what type of election system to transition to. The Council adopted the recommendations of each of the Committees as to how the Charter should be amended; the Council did not assert its political preferences over the Committee recommendations in placing these measures on the ballot.

- Finally, with the intervention of $50K in opposition to Measure A, and $700K in opposition to Measure C by outside parties in alignment with plaintiffs, one could easily draw the conclusion that it was plaintiffs, rather than the City Council, that achieved preservation of the Charter's at -large voting system. Ironically, plaintiffs now concede that a vote of the people is required to amend the Charter provisions in order to bring Santa Clara in alignment with the requirements of the CVRA.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Note and file report.

	All— Attorney Robert Rubin contacted me yesterday evening to inform me that he and his client will no longer seek to get an injunction against certifying the 2016 election results. Instead, they will focus on the 2018 election and file their lawsuit early next year. The effect of this is not totally clear yet, but it paves the way for the new council to be sworn in on December 13th.We will keep you advised of further developments. Call me if you have any questions.			
04/11/2017	City Council directs the creation of a Charter Review Committee to include review of the City's election method with a focus on district and other methods of electing members to the City Council in time for the June 2018 primary election.	Charter Review Committee Members: Tino Silva (Chair) Keith Stattenfield (Vice Chair), Chris Horton, Hosam Haggag, Hazel Alabado, Steve Lodge, Markus Bracamonte, Jodi Muirhead, Saskia Feain, Beverly Silva, Mary Hanna-Weir, Teresa Sulcer		
07/18/2017	Charter Review Committee makes *unanimous* recommendation for 2 Districts with 3 Councilmembers each with Single Transferable Voting system	MOTION was made by Davis, seconded and unanimously carried (Kolstad absent), that the Council approve the 2017 Charter Review Committee's recommendations as itemized; direct the City Manager and Interim City Attorney to draft a Charter Amendment to submit to the 2017 Charter Review Committee for review; and direct the City Manager and Interim City Attorney to bring a report to the Council by December 2017

Mr. Rahul Chandhok
San Francisco 49ers
4900 Marie P DeBartolo Way
Santa Clara, CA 95054

Dear Mr. Chandhok:

First, we'd like to wish the team good luck tomorrow. What a great accomplishment to reach the Super Bowl this year. Congratulations.

My purpose in writing is to request the 49ers organization help to defeat Measure C in Santa Clara placed on the ballot for the March election. I write on behalf of Reverend Jethroe Moore II of the San Jose- Silicon Valley NAACP, Victor Garza of La Raza Roundtable and former State Assemblyman Paul Fong.

As a valued community organization in Santa Clara, we know the 49ers share our collective and steadfast belief that we can build strong and healthy communities when all of our voices are heard and represented. For that reason, we urge you to join us in our fight to defeat Measure C.

Measure C would amend the Santa Clara city charter to reduce City Council districts from six to three, with the consequence of disenfranchising minority and underserved communities. To be clear, if passed, Measure C would institutionalize anti-democratic elections in Santa Clara that would deny many in the community equal representation on the City Council—a fact that has been affirmed by the Santa Clara County Courts.

In 2018, the Santa Clara County Superior Court ruled that the city's at-large election system was a direct violation of the California Voting Rights Act. Furthermore, the Court mandated Santa Clara adopt a six-district election system that guarantees that members elected to the City Council live and reflect the needs of the communities they serve.

In nearly 40 years, Santa Clara has only elected one non-white City Council member. And that member was elected under the new system of six council districts. Santa Clara's economic and cultural vibrancy is enhanced by its rich diversity. There is no doubt that there is a better democracy and a better Santa Clara when that diversity is reflected and represented in local government.

Measure C is bad for democracy and bad for Santa Clara. Nevertheless, there are those who want to maintain the antiquated and illegal system of government for political power motives. These individuals are invested in the passage of Measure C. We simply cannot allow that to happen.

We hope that you will join us publicly and with resources to reach the voters in ensuring Measure C is defeated on March 3, 2020.

We look forward to discussing this further.

Sincerely,

Richard Konda

REPORT TO COUNCIL

SUBJECT
Action on a Written Petition submitted by Robert Mezzetti, II Requesting to Discuss Amendment No. 3 to the Exclusive Negotiation Agreement by and between the City, VTA and Republic Metropolitan an LLC for the proposed project located at 500 S. Benton Street (APN 230-08-061 and 230-08-078)

COUNCIL PILLAR
Enhance Community Engagement and Transparency

BACKGROUND
Council Policy 030 - *Adding an Item on the Agenda* (Attachment 1) sets forth the procedure for written petitions. Any member of the public may submit a written request raising any issue or item within the subject matter jurisdiction of the Council. Per the policy, the written request will be submitted on the agenda, in the form substantially provided by the requestor, without any staff analysis, including fiscal review, legal review, and policy review. If a simple majority of the City Council supports further study of the request, then a full staff analysis shall be prepared within thirty (30) days, unless otherwise directed by the City Council.

DISCUSSION
The City Clerk's Office has received a Written Petition for Council consideration from Robert Mezzetii, II, dated April 28, 2021 (Attachment 1) requesting to discuss Amendment No. 3 to the Exclusive Negotiations Agreement (ENA) by and between the City, VTA and Republic Metropolitan an LLC for the proposed project located at 500 S. Benton Street (APN 230-08-061 and 230-08-078).

The ENA for the proposed project was a no-bid three-party agreement between Republic Metropolitan (Developer), Santa Clara Valley Transportation Authority (VTA), and the City of Santa Clara. The ENA was entered into on February 26, 2018 and expired as of August 5, 2020. As the ENA is expired and there is no longer an effective contract, an amendment is not possible. In addition, any next steps for the development site would require the concurrence of VTA as a partial owner of the overall project site.

If Council is interested in pursuing development of this property, the next step would be for the Council to analyze potential uses of the site given the location of active City well, as well as an appropriate public and competitive process for offering the development opportunity. VTA staff have advised City staff that VTA is pursuing a study of the Station area as well, and believes the prudent course of action is for VTA to complete the study prior to any further discussion of a long term development of its property. Following any Council policy decision to change the existing use of the property and pursue development, the City would be required to follow the procedures described in the California Surplus Land Act (Government Code section 54220 et seq.).
Because amendment of the previous ENA is not possible, staff does not recommend placing this item

on a future agenda.

FISCAL IMPACT
There is no fiscal impact associated with considering the request to be placed on a future agenda except for staff time.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a “project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(5) in that it is a administrative activity that will not result in direct or indirect physical changes to the environment.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City’s website and in the City Clerk’s Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any report to council may be requested by contacting the City Clerk’s Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

ALTERNATIVES
1. Set a future Council meeting date to take action on the Written Petition received.
2. Take no action on the petition and do not place this item on a future agenda.
3. Any other City Council Action, as determined by the City Council.

RECOMMENDATION
That Council take no action on the petition and do not place the item on a future agenda.

RESOLUTION NO. 20-8895

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA TO REPEAL RESOLUTION NO. 20-8809, AMEND COUNCIL POLICY 030 ENTITLED "ADDING AN ITEM ON THE AGENDA," AND APPROVE THE COUNCIL ITEM REQUEST FORM

BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, amending the policy on adding an item on the agenda to establish a clear, effective and easily understood process for members of the City Council and the public to have items within the jurisdiction of the City Council placed on a meeting agenda;

WHEREAS, the amended version of the Adding an Item on the Agenda policy expands on the current policy language by clearly stating that, when a written request is first considered, discussion should be limited to whether an item should be added to an agenda and a date, not the merit of the item; and,

WHEREAS, the amended Adding an Item on the Agenda policy, attached hereto as Attachment 1, includes a Council Item Request Form for the City Council's use when requesting an item for inclusion on a Council meeting agenda and adds the procedure for written requests from members of the City Council.

NOW THEREFORE, BE IT FURTHER RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That Resolution No. 20-8809 is hereby rescinded in its entirety.

2. That amended Council Policy 030 entitled "Adding an Item on the Agenda" with the Council Item Request Form, attached hereto as Attachment 1, is hereby approved and adopted, and the City Manager is directed to number (and renumber, as appropriate) the Council Policy Manual such that they are organized in a logical fashion.

1. Council Policy 030 entitled "Adding an Item on the Agenda"

ADDING AN ITEM ON THE AGENDA

PURPOSE

To establish a clear, effective, and easily understood process for members of the City Council and the public to have items, within the jurisdiction of the City Council, placed on the City Council agenda for consideration.

POLICY

Members of the City Council:

The Mayor or any individual Councilmember may submit a written request by using the Council Item Request Form to the City Manager's Office for inclusion of an item on a City Council agenda, provided the request is received two (2) days prior to the public release of the agenda packet. At the meeting where the request is heard, discussion should be limited to whether the item should be added to an agenda and a date, not the merit of the item.

Referral from a Council Committee:

Council Committees may submit a written request to the City Manager's Office for inclusion of an item on a City Council agenda, provided the request is received two (2) days prior to the public release of the agenda packet.

Council Committees may bring forward a recommendation to the full City Council by way of the Committee minutes, which are typically prepared within three weeks following the Committee meeting.

Items Referred During a Council Meeting:

By Council action, an item may be referred to the City Manager for inclusion on a City Council agenda. If the request requires further study of the item from staff, a full analysis shall be prepared at the direction of the City Manager with at least thirty (30) calendar days prior to the meeting, unless otherwise directed by the City Council. If the request requires more than thirty (30) calendar days to prepare, status updates will be provided to the City Council every sixty (60) days as an informational memo.

ADDING AN ITEM ON THE AGENDA

Written Petitions and Public Presentations:

Any member of the public may submit a written request raising any issue or item within the subject matter jurisdiction of the City Council to be heard under the **"Written Petition"** section of the City Council's regular agenda within two (2) Council meetings after received. After the initial Written Petition is placed on the agenda, a majority vote of the City Council may add the item to a future Council meeting for action. Any member of the public may address the City Council under the **"Public Presentations"** section of the agenda. If the presentation includes a request of the Council, a majority vote of the City Council may refer the item to the City Manager to be properly added to a future meeting, in compliance with the Brown Act.

PROCEDURE FOR WRITTEN PETITIONS

1. All requests to address the City Council shall be submitted in writing. Written Petition forms are available for the petitioner's convenience on the City's website and in the City Manager's Office, City Clerk's Office, and the Mayor and Council Offices. Alternatively, an email may be submitted to clerk@santaclaraca.gov.
2. Once the Written Petition is received by the City Clerk's Office, it should immediately be forwarded to the City Manager for placement on an agenda within two (2) Council meetings after receipt of the original request from the City Clerk's Office. All written material (request and any support material) will be submitted on the agenda in the form substantially provided by the requester without any staff analysis, including fiscal review, legal review and policy review, until the City Council has had the opportunity to provide direction to the City Manager.
3. At the meeting where the item is first considered, if a majority of the City Council supports further study of the item, then a full staff analysis shall be prepared within thirty (30) days, unless otherwise directed by the City Council. Discussion should be limited to whether an item should be added to an agenda and a date, not the merit of the item.

ADDING AN ITEM ON THE AGENDA

PROCEDURE FOR WRITTEN REQUESTS FROM CITY COUNCIL

1. Members of the City Council shall use the Council Item Request Form to submit a written request for inclusion of an item on a future City Council agenda.
2. Once the Council Item Request Form is received by the City Clerk's Office, it should immediately be forwarded to the City Manager for placement on an agenda within two (2) Council meetings after receipt of the original request from the City Clerk's Office. All written material (Council Item Request Form and any support material) will be submitted on the agenda in the form substantially provided by the requester without any staff analysis, including fiscal review, legal review and policy review, until the City Council has had the opportunity to provide direction to the City Manager.
3. At the meeting where the item is first considered, if a majority of the City Council supports further study of the item, then a full staff analysis shall be prepared within thirty (30) days, unless otherwise directed by the City Council. Discussion should be limited to whether an item should be added to an agenda and a date, not the merit of the item.

COUNCIL ITEM REQUEST FORM

The Council Item Request Form is for members of the City Council to submit written requests to the City Manager's Office for inclusion of an item on a future City Council meeting agenda. At the meeting where the initial written request is heard, discussion should be limited to whether the item should be added to an agenda and a date, not the merit of the item. A majority vote of the City Council is required for the item to be added to future Council meeting agenda for action.

CITY COUNCIL WRITTEN PETITION

Please provide the information requested below. When complete, please submit to the City Clerk's Office, 1500 Warburton Avenue, Santa Clara, CA 95050.

Date: April 28, 2021

I, Robert L. Mezzetti, II, am hereby requesting to be placed on the Santa Clara City Council Agenda for the following purpose:

At the next City Council meeting I would like to agendize Amendment No. 3 to the Exclusive Negotiation Agreement by and between the City, VTA and Republic Metropolitan LLC for the proposed project located at 500 S. Benton Street (APNs 230-08-061 and 230-08-078)

I understand that it is important that I attend the meeting in the event there are any questions the Council wishes to ask me.

Attn: Robert Mendelsohn

Re: Exclusive Negotiations Agreement
500 S. Benton, Santa Clara, CA

Dear Mr. Mendelsohn:

The purpose of this letter is to advise that the City of Santa Clara considers the February 6, 2018 Exclusive Negotiations Agreement as amended to have expired as of August 5, 2020. The Santa Clara City Council has directed staff to cease efforts to further Republic's proposed project at 500 S. Benton.

City staff will be rescinding its authorization on Republic's Planning application for environmental review and entitlements. The City is collecting the outstanding third-party invoices from VTA and following the reimbursement of these expenses, will process a refund of any remaining deposits to Republic.

We appreciate Republic's effort to pursue a development in Santa Clara.

Best regards,

Ruth Mizobe Shikada
Assistant City Manager

City of Santa Clara v. Yumori Kaku, et al., California Sixth District Court of Appeal Case No. H046105

Convene to Closed Session

Council/Stadium Authority Board convened to Closed Session at 3:38 PM and reconvened at 5:19 PM.

STADIUM AUTHORITY/SPECIAL COUNCIL MEETING

Pledge of Allegiance and Statement of Values

Council/Stadium Authority Board recited the Pledge of Allegiance.

Council/Boardmember Hardy recited the Statement of Values.

Assistant City Clerk/Secretary Pimentel recited the AB23 Announcement and Behavioral Standards.

Mayor/Chair Gillmor expressed condolences to the Callejon Family for the recently passing of Don Callejon. **Mayor/Chair Gillmor** noted the impact Don Callejon had on Santa Clara and requested a moment of silence in his memory.

Council also expressed condolences to the Callejon Family and the gratitude they have for his service to Santa Clara.

Public Speaker(s): Donna Callejon
Rick Callejon

21-411 Moment of Silence in honor of Don Callejon Post Meeting Material

REPORTS OF ACTION TAKEN IN CLOSED SESSION MATTERS

City Attorney/Counsel Doyle noted that there was no reportable action from Closed Session.

CONTINUANCES/EXCEPTIONS/RECONSIDERATIONS

Mayor Gillmor requested Item 7 be heard prior to Item 4 as members of the public requested this item be heard sooner.

A motion was made by Councilmember Watanabe, seconded by Councilmember Becker, to move Item 7 up before Item 4.

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

CONTINUANCES/EXCEPTIONS/RECONSIDERATIONS

Councilmember Jain requested Item 6 be heard following Item 7 as it was continued from the previous meeting and high school students joined this meeting to comment on that item.

A motion was made by Councilmember Jain, seconded by Councilmember Becker, to move Item 6 up to be heard following Item 7.

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

SPECIAL ORDER OF BUSINESS

2. 21-342 Verbal Report from City Manager regarding COVID-19 Pandemic

City Manager Santana introduced this item and **Chief Emergency Services Officer Schoenthal** provided the following PowerPoint Presentation on the COVID-19 Pandemic:
- Santa Clara County will move into the Red Tier beginning March 3, 2021;
- Encouraged everyone to continue to get tested;
- In-door dining can reopen while complying with the County of Santa Clara and State of California guidelines;
- County of Santa Clara noted to continue remote work if possible;
- In-door Worship Services can open at 20%;
- County of Santa Clara continues with Vaccination efforts; and
- Libraries providing drive-up and walk-up lobby services.

Chief Emergency Services Officer Schoenthal addressed Council questions.

City Manager Santana played a video on Big Foot on continuing Social Distancing.

CONSENT CALENDAR

A motion was made by Boardmember Jain, seconded by Boardmember Watanabe, to approve the Consent Calendar.

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

3.A 21-274 Action on Stadium Authority Bills and Claims for the Month of January 2021

Recommendation: Approve the list of Stadium Authority Bills and Claims for January 2021.

A motion was made by Boardmember Jain, seconded by Boardmember Watanabe, to approve staff recommendation.

3.B 21-327 Action on Agreement with DemandStar Corporation for E-procurement Services

Recommendation: Authorize the Executive Director to execute an agreement with DemandStar for procurement services, at no cost to the Stadium Authority.

A motion was made by Boardmember Jain, seconded by Boardmember Watanabe, to approve staff recommendation.

PUBLIC PRESENTATIONS

None.

CONSENT ITEMS PULLED FOR DISCUSSION

None.

PUBLIC HEARING/GENERAL BUSINESS

7. 21-370 Continuance of FY 2020/21 Budget Rebalancing Actions to Address COVID-19 Pandemic Impacts (Continued from February 23, 2021)

Recommendation: 1. Approve the FY 2020/21 budget amendments detailed in Attachment 1 for all Departments and Offices, except the Mayor and Council and the City Auditor's Office and City Attorney's Office appointees, as recommended by the City Manager (five affirmative Council votes required for revenue actions only); and
2. Consider and approve the FY 2020/21 budget amendments detailed in Attachment 2 for the Mayor and Council, the City Auditor's Office, and City Attorney's Office appointees.

City Manager Santana introduced this item and addressed **Council** questions.

Director of Finance Lee gave a PowerPoint Presentation and addressed **Council** questions.

Public Speaker(s): Patrick Walsh
Chris Jackson
Rob Jerdonek
Anthony Pascoal
Gail Carter
Michael Aken
Alex Torke
Carlos Lamas (e-Comment)
Jesse Kerns (e-Comment)
Laura Fanelli (e-mail)

Council discussion and questions continued.

A motion was made by **Councilmember Hardy**, seconded by **Vice Mayor Chahal**, to accept staff recommendation 1 and 2: (1) approve the FY 2020/21 budget amendments detailed in Attachment 1 for all Departments and Offices, except the Mayor and Council and the City Auditor's Office and City Attorney's Office appointees, as recommended by the City Manager (five affirmative Council votes required for revenue actions only); and (2) consider and approve the FY 2020/21 budget amendments detailed in Attachment 2 for the Mayor and Council, the City Auditor's Office, and City Attorney's Office appointees with the amendments to (a) freeze all vacant positions instead of eliminating; and (b) do not brown out of the Fire Engine in Phase 1 and return with the possible brown out of the Fire Engine in Phase 2.

Council discussion continued.

Councilmember Watanabe proposed the following friendly amendment to the motion made by **Councilmember Hardy:**
Add to the original motion as proposed by Councilmember Hardy to include additional funding from the reserves to fund the Police Department with the Police Field Training Staff, Community Service Officer, and Task Force through June 2021.

Councilmember Hardy declined the friendly amendment.

Councilmember Watanabe proposed the following amended motion:
A motion was made by Councilmember Watanabe, seconded by Mayor Gillmor, to accept staffs recommendation 1 and 2 with two changes: freezing all positions instead of elimination and to put off the brown out of the fire engine and place it in phase 2 and add additional funds from the reserves to cover the police field training staff, CSO and Task Force to get us through June 2021.

A motion was made by Councilmember Watanabe, seconded by Mayor Gillmor, to add to the original motion as proposed by Councilmember Hardy to include additional funding from the reserves to fund the Police Department with the Police Field Training Staff, Community Service Officer, and Task Force through June 2021.

Aye: 3 - Councilmember Watanabe, Councilmember Becker, and Mayor Gillmor

Nay: 4 - Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, and Councilmember Jain

Motion Fails.

A motion was made by Councilmember Hardy, seconded by Vice Mayor Chahal, to accept staff recommendation 1 and 2: (1) approve the FY 2020/21 budget amendments detailed in Attachment 1 for all Departments and Offices, except the Mayor and Council and the City Auditor's Office and City Attorney's Office appointees, as recommended by the City Manager (five affirmative Council votes required for revenue actions only); and (2) consider and approve the FY 2020/21 budget amendments detailed in Attachment 2 for the Mayor and Council, the City Auditor's Office, and City Attorney's Office appointees with the amendments to (a) freeze all vacant positions instead of eliminating; and (b) do not brown out of the Fire Engine in Phase 1 and return with the possible brown out of the Fire Engine in Phase 2.

Aye: 4 - Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, and Councilmember Jain

Nay: 3 - Councilmember Watanabe, Councilmember Becker, and Mayor Gillmor

Motion Fails.

After discussion regarding the Charter Amendment requirement needing Five Affirmative Votes for budget revenue and expenditures, **Councilmember Watanabe** proposed to continue this item to the next meeting for further discussion.

A motion was made by Councilmember Watanabe, seconded by Mayor Gillmor, to continue this item to March 9, 2021.

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

Mayor Gillmor called for a recess at 8:05 PM and reconvened the meeting at 8:15 PM.

6. 21-371 Actions for Target Setting and Priority Strategies for Climate Action Plan (CAP) Update (Continued from February 23, 2021)

Recommendation: The goal of this meeting is to get Council's confirmation on the recommended GHG target for the CAP update. The staff also seek the Council's input on strategies and the initial action list to indicate their top priority actions and to indicate if there are actions that should not be included in the CAP Update.

Director of Community Development Crabtree, **Andrea Martin** and **Walker Wells (Consultant from Cascadia Consulting Group)** gave a PowerPoint Presentation

Director of Community Development Crabtree addressed Council questions.

Public Speaker(s): Jeff Houston, Josie Gaillard, Carolyn Zhao, Alexis, Bruce Karney, Dashiell Leeds, Betsy Megas, Vanessa S., Kristel Wickham, Bruce Naegel, Sindhu Saggeri, Suzanne Emerson

A motion was made by Councilmember Watanabe, seconded by Mayor Gillmor, to confirm the recommended Green House Gas target for the Climate Action Plan update and set the city's target to be more aggressive than the State of California Guidelines including the all electric reach code and add the following: intermediate goal target of 80% emissions reduction by 2035 while keeping the proposed 100% by 2045 target, and 25% VMT reduction from Active Measures aside from proximity to public transit, one secured biking parking spot per unit with electrical outlets for charging electric bikes, City to adopt a policy for City buildings to replace gas furnace with an electric equivalent on burnout, implement an Emissions Tracking Dashboard, facilitate Work-From-Home by improving the City's internet access & fiber, and to adopt an all Electric Reach code and changing the proposed EV charging 75% Level 1 requirement to Level 2 light at 3.8 Kw using an automatic load management software to balance the loads. (update it from proposed 25% level 2 and 75% level 1 to 25% level 2 and 75% light level 2 at 3.8kW).

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

REPORTS OF MEMBERS AND SPECIAL COMMITTEES

Councilmember Becker noted his attendance at the Caltrain Modernization Local Policymaker Group meeting.

CITY MANAGER/EXECUTIVE DIRECTOR REPORT

City Manager Santana noted that Council Committee meetings begin on March 3, 2021 with City/School Liasion Committee Meeting and Economic Development, Communications, and Marketing Committee Meeting.

4. 21-50 Study Session: Draft 2021 Non-NFL Events Marketing Plan for Levi's Stadium in Accordance with Section 4.10 of the Stadium Management Agreement

Recommendation: Stadium Authority Board discussion and possible action on ManCo's draft 2021 Marketing Plan.

Public Speaker(s): Jeff Fong

A motion was made by Councilmember Becker, seconded by Councilmember Hardy, to continue Item 4 and Item 5 to a future meeting.

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

5. 21-44 Discussion of the Proposed Santa Clara Stadium Authority Fiscal Year 2021/22 Budget, Compliance and Management Policies

Recommendation: Review and provide input, or possible Board action, on the Santa Clara Stadium Authority Fiscal Year 2021/22 Operating, Debt Service, and Capital Budget and Stadium Authority Budget, Compliance and Management Policies.

A motion was made by Councilmember Becker, seconded by Councilmember Hardy, to continue Item 4 and Item 5.

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

ADJOURNMENT

The meeting was adjourned at 10:13 PM in memory of **Don Callejon**.

A motion was made by Council/Boardmember Becker, seconded by Council/Boardmember Hardy, to adjourn the meeting.

Aye: 7 - Council/Boardmember Watanabe, Vice Mayor/Chair Chahal, Council/Boardmember Hardy, Council/Boardmember Park, Council/Boardmember Jain, Council/Boardmember Becker, and Mayor/Chair Gillmor

The next regular scheduled meeting is on Tuesday evening, March 9, 2021.

MEETING DISCLOSURES

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

AB23 ANNOUNCEMENT: Members of the Santa Clara Stadium Authority, Sports and Open Space Authority and Housing Authority are entitled to receive $30 for each attended meeting.

Note: The City Council and its associated Authorities meet as separate agencies but in a concurrent manner. Actions taken should be considered actions of only the identified policy body.

LEGEND: City Council (CC); Stadium Authority (SA); Sports and Open Space Authority (SOSA); Housing Authority (HA); Successor Agency to the City of Santa Clara Redevelopment Agency (SARDA)

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. The City of Santa Clara will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities including those with speech, hearing, or vision impairments so they can participate equally in the City's programs, services, and activities. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities.

Agendas and other written materials distributed during a public meeting that are public record will be made available by the City in an appropriate alternative format. Contact the City Clerk's Office at 1 408-615-2220 with your request for an alternative format copy of the agenda or other written materials.

Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

Pursuant to Gov. Code § 54956.9(d)(1)
Sommers, et al., v. City of Santa Clara, et al., United States District Court, Northern District of California Case No. 5:17-cv-04469-BLF

Convene to Closed Session

Council convened to Closed Session at 4:04 PM and reconvened to Open Session at 5:38 PM.

5:30 PM COUNCIL/SPECIAL STADIUM AUTHORITY MEETING

Pledge of Allegiance and Statement of Values

Council/Board recited the Pledge of Allegiance.

Council/Boardmember Hardy recited the Statement of Values.

Assistant City Clerk/Secretary Pimentel recited the AB 23 Announcement and Behavioral Standards.

REPORTS OF ACTION TAKEN IN CLOSED SESSION MATTERS

City Attorney Doyle noted that there was no reportable action from Closed Session.

CONTINUANCES/EXCEPTIONS/RECONSIDERATIONS

2. 21-413 Action to Continue the Public Hearing Originally Set for March 9, 2021 and Set a New Hearing Date for March 16, 2021 to Consider the Appeal Submitted by Santa Clara Citizens for Sensible Industry c/o Legal Counsel for 1111 Comstock Street (PLN2019-13941; CEQ2020-01079)

Recommendation: Set March 16, 2021 for a Public Hearing to consider the Appeal submitted by Santa Clara Citizens for Sensible Industry c/o Legal Counsel of the Development Review Officer's November 4, 2020 adoption of the Mitigated Negative Declaration and Mitigated Monitoring and Reporting Program and approval of the Architectural Review and Minor Modifications to increase the building height to 87 feet and reduce parking space requirements for the Comstock Data Center Project at 1111 Comstock Street.

Vice Mayor Chahal recused himself from this item as he has property within 1000 ft. of 1111 Comstock Street.

A motion was made by Councilmember Jain, seconded by Councilmember Watanabe, to set March 16, 2021 for a Public Hearing to consider the Appeal submitted by Santa Clara Citizens for Sensible Industry c/o Legal Counsel of the Development Review Officer's November 4, 2020 adoption of the Mitigated Negative Declaration and Mitigated Monitoring and Reporting Program and approval of the Architectural Review and Minor Modifications to increase the building height to 87 feet and reduce parking space requirements for the Comstock Data Center Project at 1111 Comstock Street.

Aye: 6 - Councilmember Watanabe, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

Recused: 1 - Vice Mayor Chahal

Council/Boardmember Jain requested Items 5, 6, 7 be heard prior to Items Pulled from the Consent Calendar.

Executive Director Santana recommended hearing the Stadium Authority Budget (Item 7) prior to the Draft Marketing Plan (Item 6).

Geta Dev requested to pull Item 4.E from the Consent Calendar for further discussion.

SPECIAL ORDER OF BUSINESS

3.A 21-278 Proclaim March 2021 as Red Cross Month

Joe Siecinski and **Kay Ammon (American Red Cross - Silicon Valley Chapter)** gave a Powerpoint Presentation on American Red Cross Silicon Valley.

Mayor Gillmor proclaimed March 2021 as Red Cross Month.

3.B 21-396 Proclaim March 2021 as Women's History Month

Mayor Gillmor proclaimed March 2021 as Women's History Month.

3.C 21-343 Verbal Report from City Manager regarding COVID-19 Pandemic

City Manager Santana introduced **Chief Emergency Services Officer Schoenthal** who then gave a PowerPoint Presentation on COVID-19 with the following highlights:
- Santa Clara County remains in Red Tier;
- State of California released relaxed restrictions in all tiers;
- Data on Santa Clara County testing and case rates;
- CDC released guidance for vaccinated individuals;
- State of California released guidance's on contact and non-contact sports activities; and
- Data on the number of COVID-19 vaccinations that are being administered and the challenges of the vaccine allocations.

Chief Emergency Services Officer Schoenthal addressed **Council** questions.

CONSENT CALENDAR

A motion was made by Councilmember Becker, seconded by Councilmember Chahal, to approve the balance of the Consent Calendar (except Item 4.E and Item 4.L).

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

4.A 21-06 Board, Commissions and Committee Minutes

Recommendation: Note and file the Minutes of:

Santa Clara Tourism Improvement District Advisory Board - April 9, 2020
Santa Clara Tourism Improvement District Advisory Board - April 16, 2020

Board of Library Trustees - February 8, 2021
Cultural Commission - February 1, 2021

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to approve staff recommendation.

4.B 21-896 Approval of Budget Amendment for the TDA20-21 Bicycle Facilities Upgrade Project funded by Fiscal Year 2020/21 Transportation Development Act Funds

Recommendation: Establish a new TDA20-21 Bicycle Facilities Upgrade capital project and approve a FY 2020/21 budget amendment in the Streets and Highways Capital Fund to establish an appropriation for the new CIP project - TDA20-21 Bicycle Facilities Upgrade Project in the amount of $94,054 and increase the revenue estimate in the amount of $94,054 to recognize the Transportation Development Act Article 3 grant (five affirmative Council votes required for revenue actions only).

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to approve staff recommendation.

4.C 21-1259 Action to Approve a Municipal Law Enforcement Services Agreement between the Santa Clara Stadium Authority, City of Santa Clara and Monterey County Sheriff's Office

Recommendation: Approve a Municipal Law Enforcement Services Agreement between the Santa Clara Stadium Authority, City of Santa Clara, and Monterey County Sheriff's Office for support services associated with special events at Levi's Stadium.

A motion was made by Council/Boardmember Becker, seconded by Vice Mayor/Chair Chahal, to approve staff recommendation.

4.D 21-244 Action on Amendment No. 1 to the Steam Sales Agreement with The Newark Group, Inc. to Purchase Steam from the City's Cogeneration Facility to Renew and Extend the Agreement Until October 31, 2021 to Allow Staff to Continue Negotiations for a New Steam Sales Agreement

Recommendation: Authorize the City Manager to execute Amendment No. 1 to the Steam Sales Agreement with The Newark Group, Inc. to renew and extend the Agreement until October 31, 2021 to allow staff to continue negotiations for a new Steam Sales Agreement.

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to approve staff recommendation.

4.F 21-37 Action on Approval of the Spending Plan for Supplemental Law Enforcement Services Fund and Related Budget Amendment

Recommendation:

1. Approve the spending plan for funds received from the Citizen's Option for Public Safety Programs Supplemental Law Enforcement Services Fund;
2. Approve a FY 2020/21 budget amendment in the Police Operating Grant Trust Fund to recognize revenue in the amount of $196,119 for the anticipated Fiscal Year 2020/21 revenue and establish the Citizen's Option for Public Safety FY 2020/21 appropriation in the amount of $196,119 (five affirmative Council votes required for revenue actions only); and
3. Approve a FY 2020/21 budget amendment in the Police Operating Grant Trust Fund to recognize revenue in the amount of $110,659 for revenue received in excess of the previously approved allocation for the COPS program from Fiscal Year 2019/20 and establish a Citizen's Option for Public Safety FY 2019/20 appropriation in the amount of $110,659 (five affirmative Council votes required for revenue actions only).

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to approve staff recommendation.

4.G 21-100 Action on Resolutions Dedicating Portions of City-Owned Land for Use as an Overhead Electric Easement, Underground Electric Easement and Sidewalk Easement Located at the Raymond G. Gamma Dog Park

Recommendation:

1. Adopt a Resolution Dedicating a Portion of City-owned Land located at the Raymond G. Gamma Dog Park for use as a sidewalk easement [APN 224-02-001 (2020-21); SC 19,332];
2. Adopt a Resolution Dedicating a Portion of City-owned Land located at the Raymond G. Gamma Dog Park for use as an underground electric easement [APN 224-02-001 (2020-21); SC 19,333];
3. Adopt a Resolution Dedicating a Portion of City-owned Land located at the Raymond G. Gamma Dog Park for use as an overhead electric easement [APN 224-02-001 (2020-21); SC 19,334]; and
4. Authorize the recordation of the Resolutions.

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to 1) adopt Resolution No. 21-8944, dedicating a portion of City-owned land located at the Raymond G. Gamma Dog Park for use as a sidewalk easement [APN 224-02-001 (2020-21); SC 19,332]; 2) adopt Resolution No. 21-8945, dedicating a portion of City-owned Land located at the Raymond G. Gamma Dog Park for use as an underground electric easement [APN 224-02-001 (2020-21); SC 19,333]; 3) adopt Resolution No. 21-8946, dedicating a Portion of City-owned Land located at the Raymond G. Gamma Dog Park for use as an overhead electric easement [APN 224-02-001 (2020-21); SC 19,334]; and 4) authorize the recordation of the Resolutions.

4.H 21-160 Approval to Participate in the California Integrated Information Network (CALNET) State Contract with AT&T, Verizon, Sprint and T-Mobile for Telecommunication Services

Recommendation: 1. Authorize the City Manager to execute all required documentation for continued participation under the CALNET 3 Contract with AT&T, Verizon, Sprint and T-Mobile for voice and data telecommunication services through December 31, 2021, subject to the appropriation of funds; and
2. Authorize the City Manager to execute all required documentation under the next generation CALNET Contract with AT&T, Verizon, Sprint, and T-Mobile for all telecommunication services during the term of the next generation CALNET contract ending on May 22, 2028, subject to the appropriation of funds.

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to (1) authorize the City Manager to execute all required documentation for continued participation under the CALNET 3 Contract with AT&T, Verizon, Sprint and T-Mobile for voice and data telecommunication services through December 31, 2021, subject to the appropriation of funds; and (2) authorize the City Manager to execute all required documentation under the next generation CALNET Contract with AT&T, Verizon, Sprint, and T-Mobile for all telecommunication services during the term of the next generation CALNET contract ending on May 22, 2028, subject to the appropriation of funds.

4.I 21-206 Action on the Award of Purchase Orders with Valley Oil and Western States Oil Company for the purchase of Gasoline and Diesel Fuel

Recommendation: Authorize the City Manager to execute purchase orders for gasoline and diesel fuel with Valley Oil and Western States Oil Company pursuant to the County of Santa Clara's cooperative fuel agreements, for a term ending on or around January 11, 2026 and subject to the annual appropriation of funds.

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to approve staff recommendation.

4.J 21-179 Action on Historical Preservation Agreement (Mills Act Contract) for 904 Madison Street

Recommendation: Authorize the City Manager to execute a Mills Act contract and adopt the Ten-Year Restoration and Maintenance Plan associated with the Historic Property Preservation Agreement for the property at 904 Madison Street with applicants Quenton Diduck and Marlene Diduck; PLN2020-14670.

Mayor Gillmor abstained from this item as she owns property in close proximity to 904 Madison Street.

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to authorize the City Manager to execute a Mills Act contract and adopt the Ten-Year Restoration and Maintenance Plan associated with the Historic Property Preservation Agreement for the property at 904 Madison Street with applicants Quenton Diduck and Marlene Diduck; PLN2020-14670.

Aye: 6 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Councilmember Becker

Abstained: 1 - Mayor Gillmor

4.K 21-217 Action on Award of Purchase Orders to Reed & Graham, Inc. and Granite Construction Company for the purchase of Hot Mix Asphalt

Recommendation: 1. Authorize the City Manager to execute purchase orders with Reed & Graham, Inc., and Granite Construction Company for the purchase of hot mix asphalt, for an initial term ending June 30, 2022, with an aggregate maximum compensation not-to-exceed $362,981, subject to the annual appropriation of funds; and

2. Authorize the City Manager to execute up to five one-year options to renew the purchase orders after the initial term, with the final term ending on June 30, 2027, subject to the annual appropriation of funds.

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to approve staff recommendation.

4.M 21-225 Action on Various Agreements for Silicon Valley Power (SVP), Authorizing the City Manager to:

1. Execute Amendment No. 1 to an Agreement for Services with e-Builder, Inc. for License and Support Fees for Capital Project Management Software;
2. Execute Amendment No. 1 to an Agreement for Services with Efficiency Services Group, LLC to administer the Commercial Parking Lot & Exterior Lighting Program to Silicon Valley Power's (SVP) small and mid-sized business customers; and
3. Add or delete services consistent with the scopes of the agreements, and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds

Recommendation:

1. Authorize the City Manager to execute Amendment No. 1 to an Agreement for Services with e-Builder, Inc. for License and Support Fees for Capital Project Management Software to cover the cost of the Annual Software Subscription as well as Enterprise Implementation, Setup, Deployment, Training, and Enhancements or Integrations for e-Builder, Inc. to increase the maximum compensation from $1,015,449 to $1,150,000;
2. Authorize the City Manager to execute Amendment No. No. 1 to an Agreement for Services with Efficiency Services Group, LLC to administer the Commercial Parking Lot & Exterior Lighting Program to Silicon Valley Power's (SVP) small and mid-sized business customers; and
3. Authorize the City Manager to add or delete services consistent with the scope of the agreements and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds.

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to approve staff recommendation.

PUBLIC PRESENTATIONS

Kirk Vartan (e-mail) expressed comments of concern regarding Councilmembers having their video on throughout the duration of a meeting.

21-661 Public Presentations Post Meeting Material

AGENDA ITEMS CONTINUED FROM MARCH 2, 2021

5. 21-402 Action on the FY 2020/21 Budget Rebalancing Actions to Address COVID-19 Pandemic Impacts (Continued from February 23, 2021 and March 2, 2021)

Recommendation: Alternatives 1 and 2 (net reduction of expenditures) and 3 (adjustments to transfers of unused balances to other uses and revenue), as follows:

(A) Council action on the following budget amendments resulting in a net reduction of expenditures and **requiring four affirmative votes**:

1. Approve the budget amendments detailed in Attachment 1 that result in a net reduction in expenditures of $19,118,695 in various funds for all Departments and Offices, except the Mayor and Council and the City Auditor's Office and City Attorney's Office appointees, to offset corresponding revenue reductions in Transient Occupancy Tax, Charges for Services, Interest Earnings, Fines and Penalties, and Interdepartmental Revenue in various funds **(four affirmative Council votes required)**;
2. Consider and approve the budget amendments detailed in Attachment 2 for the Mayor and Council, the City Auditor's Office, and City Attorney's Office appointees that reduce expenditures in the General Fund by $440,372 to offset a corresponding revenue reduction in Transient Occupancy Tax revenue **(four affirmative Council votes required)**.

(B) Approve the following FY 2020/21 budget amendments in various funds requiring five affirmative votes and consistent with **City Charter Section 1305**, **"***At any meeting after the adoption of the budget, the City Council may amend or supplement the budget by motion adopted by the* ***affirmative votes of at least five members*** *so as to authorize the transfer of unused balances appropriated for one purpose to another purpose, or to appropriate available revenue not included in the budget*":

3. Approve the budget amendments that recognize additional revenue, including the transfers to the General Fund of $204,857 from the Streets and Highways Capital Fund and $6,000 from the Parking Maintenance District Fund as detailed in Attachment 1 to offset a corresponding revenue reduction in Transient Occupancy Tax revenue **(five affirmative Council votes required to appropriate additional revenue)**.

City Manager Santana made introductory comments on this item continued from March 2, 2021.

Director of Finance Lee gave a PowerPoint presentation and addressed **Council** questions.

City Manager Santana addressed Council questions.

Chief of Police Nikolai gave a PowerPoint Presentation on Violent Crime stats.

A motion was made by **Councilmember Hardy**, seconded by **Vice Mayor Chahal** to approve Alternatives 1, 2 and 4: (1) approve the budget amendments detailed in Attachment 1 that result in a net reduction in expenditures of $19,118,695 in various funds for all Departments and Offices, except the Mayor and Council and the City Auditor's Office and City Attorney's Office appointees, to offset corresponding revenue reductions in Transient Occupancy Tax, Charges for Services, Interest Earnings, Fines and Penalties, and Interdepartmental Revenue in various funds (four affirmative Council votes required); (2) consider and approve the budget amendments detailed in Attachment 2 for the Mayor and Council, the City Auditor's Office, and City Attorney's Office appointees that reduce expenditures in the General Fund by $440,372 to offset a corresponding revenue reduction in Transient Occupancy Tax revenue (four affirmative Council votes required); and (4) freeze rather than eliminate positions, amend the actions included in Attachments 1 and/or 2 to reflect this change (four affirmative Council votes required).

Public Speaker(s): Linda
Bob O'Keefe
Anthony Pascoal
Alex Torke
Debbie Algieri

Council discussion continued.

Councilmember Watanabe proposed a friendly amendment to the motion on the table to include Alternative 6 - to exclude the Fire Department Minimum Staffing Overtime Reduction/Engine Company Brown-Outs proposal, replace the FY 2020/21 General Fund budget reduction proposal detailed in Attachment 1 with a lower reduction in Transient Occupancy Tax revenue by $705,174 (four affirmative Council votes required) and Alternative 8 - to exclude the Police Department Police Field Operations Division - Field Training Officer Program/Academy ($649,738) proposal, Police Administrative Services Division - Task Force Unit ($470,556) proposal, and Police Field Operations Division - Community Service Officers ($534,655) proposal, replace the FY 2020/21 General Fund budget reduction proposals detailed in Attachment 1 with a lower reduction in Transient Occupancy Tax Revenue by $1,654,949 (four affirmative Council votes required).

Councilmember Hardy declined the proposed friendly amendment to the motion and requested that proposal be taken separately.

Mayor Gillmor seconded **Councilmember Watanabe's** amended motion.

Chief of Police Nikolai expressed comments of concern regarding comments made by Councilmembers.

Council discussion and questions continued.

A motion was made by Councilmember Watanabe, seconded by Mayor Gillmor, to amend Councilmember Hardy's motion to include Alternative 6 - to exclude the Fire Department Minimum Staffing Overtime Reduction/Engine Company Brown-Outs proposal, replace the FY 2020/21 General Fund budget reduction proposal detailed in Attachment 1 with a lower reduction in Transient Occupancy Tax revenue by $705,174 (four affirmative Council votes required) and Alternative 8 - to exclude the Police Department Police Field Operations Division - Field Training Officer Program/Academy ($649,738) proposal, Police Administrative Services Division - Task Force Unit ($470,556) proposal, and Police Field Operations Division - Community Service Officers ($534,655) proposal, replace the FY 2020/21 General Fund budget reduction proposals detailed in Attachment 1 with a lower reduction in Transient Occupancy Tax Revenue by $1,654,949 (four affirmative Council votes required).

Aye: 3 - Councilmember Watanabe, Councilmember Becker, and Mayor Gillmor

Nay: 4 - Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, and Councilmember Jain

Motion Fails.

Council proceeded to consider the original motion by **Councilmember Hardy** on the table.

A motion was made by Councilmember Hardy, seconded by Vice Mayor Chahal to approve Alternatives 1, 2 and 4: (1) approve the budget amendments detailed in Attachment 1 that result in a net reduction in expenditures of $19,118,695 in various funds for all Departments and Offices, except the Mayor and Council and the City Auditor's Office and City Attorney's Office appointees, to offset corresponding revenue reductions in Transient Occupancy Tax, Charges for Services, Interest Earnings, Fines and Penalties, and Interdepartmental Revenue in various funds (four affirmative Council votes required); (2) consider and approve the budget amendments detailed in Attachment 2 for the Mayor and Council, the City Auditor's Office, and City Attorney's Office appointees that reduce expenditures in the General Fund by $440,372 to offset a corresponding revenue reduction in Transient Occupancy Tax revenue (four affirmative Council votes required); and (4) freeze rather than eliminate positions, amend the actions included in Attachments 1 and/or 2 to reflect this change (four affirmative Council votes required);

Aye: 4 - Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, and Councilmember Jain

Nay: 3 - Councilmember Watanabe, Councilmember Becker, and Mayor Gillmor

Motion Passes.

Vice Mayor Chahal proposed to consider Alternative 3: approve the budget amendments that recognize additional revenue, including the transfers to the General Fund of $204,857 from the Streets and Highways Capital Fund and $6,000 from the Parking Maintenance District Fund as detailed in Attachment 1 to offset a corresponding revenue reduction in Transient Occupancy Tax revenue (five affirmative Council votes required to appropriate additional revenue)

Councilmember Jain requested to include Alternative 5: exclude the Fire Department Minimum Staffing Overtime Reduction/Engine Company Brown-Outs proposal, replace the FY 2020/21 General Fund budget reduction proposal detailed in Attachment 1 with the use of $705,174 from the General Fund Budget Stabilization Reserve (five affirmative Council votes required for the use of unused balances).

Vice Mayor Chahal agreed and **Councilmember Jain** seconded the motion.

A motion was made by Vice Mayor Chahal, seconded by Councilmember Jain, to approve Alternatives 3 and 5: (3) approve the budget amendments that recognize additional revenue, including the transfers to the General Fund of $204,857 from the Streets and Highways Capital Fund and $6,000 from the Parking Maintenance District Fund as detailed in Attachment 1 to offset a corresponding revenue reduction in Transient Occupancy Tax revenue (five affirmative Council votes required to appropriate additional revenue) and (5) exclude the Fire Department Minimum Staffing Overtime Reduction/Engine Company Brown-Outs proposal, replace the FY 2020/21 General Fund budget reduction proposal detailed in Attachment 1 with the use of $705,174 from the General Fund Budget Stabilization Reserve (five affirmative Council votes required for the use of unused balances)

Aye: 4 - Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, and Councilmember Jain

Nay: 3 - Councilmember Watanabe, Councilmember Becker, and Mayor Gillmor

Motion Fails.

Vice Mayor Chahal made a motion, seconded by **Councilmember Hardy**, to approve Alternative 3: approve the budget amendments that recognize additional revenue, including the transfers to the General Fund of $204,857 from the Streets and Highways Capital Fund and $6,000 from the Parking Maintenance District Fund as detailed in Attachment 1 to offset a corresponding revenue reduction in Transient Occupancy Tax revenue (five affirmative Council votes required to appropriate additional revenue).

A motion was made by Vice Mayor Chahal, seconded by Councilmember Hardy, to approve Alternative 3: approve the budget amendments that recognize additional revenue, including the transfers to the General Fund of $204,857 from the Streets and Highways Capital Fund and $6,000 from the Parking Maintenance District Fund as detailed in Attachment 1 to offset a corresponding revenue reduction in Transient Occupancy Tax revenue (five affirmative Council votes required to appropriate additional revenue).

Aye: 4 - Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, and Councilmember Jain

Nay: 3 - Councilmember Watanabe, Councilmember Becker, and Mayor Gillmor

Motion Fails.

Councilmember Becker requested to reconsider his vote on the previous motion (Alternative 3).

City Attorney Doyle noted that **Councilmember Becker** can see if there is a unanimous consent to reconsider his vote.

Councilmember Becker asked the Council for unanimous consent to reconsider his vote.

Mayor Gillmor asked if there were any objections. **Councilmember Watanabe** objected.

A motion was made by **Councilmember Becker**, seconded by **Vice Mayor Chahal**, approve Alternative 5: to exclude the Fire Department Minimum Staffing Overtime Reduction/Engine Company Brown-Outs proposal, replace the FY 2020/21 General Fund budget reduction proposal detailed in Attachment 1 with the use of $705,174 from the General Fund Budget Stabilization Reserve (five affirmative Council votes required for the use of unused balances).

City Attorney Doyle addressed **Council** questions.

Councilmember Watanabe requested a friendly amendment to the motion on the table to include Alternative 7: to exclude the Police Department Police Field Operations Division - Field Training Officer Program/Academy ($649,738) proposal, Police Administrative Services Division - Task Force Unit ($470,556) proposal, and Police Field Operations Division - Community Service Officers ($534,655) proposal, replace the FY 2020/21 General Fund budget reduction proposals detailed in Attachment 1 with the use of $1,654,949 from the General Fund Budget Stabilization Reserve (five affirmative Council votes required for the use of unused balances).

Councilmember Becker agreed. **Vice Mayor Chahal** (seconder) did not agree and requested Alternative 7 be taken separately.

Mayor Gillmor seconded the amendment from **Councilmember Watanabe** to add Alternative 7 to the motion on the table.

A motion was made by Councilmember Watanabe, seconded by Mayor Gillmor, to amend Councilmember Becker's motion to include Alternative 7: to exclude the Police Department Police Field Operations Division - Field Training Officer Program/Academy ($649,738) proposal, Police Administrative Services Division - Task Force Unit ($470,556) proposal, and Police Field Operations Division - Community Service Officers ($534,655) proposal, replace the FY 2020/21 General Fund budget reduction proposals detailed in Attachment 1 with the use of $1,654,949 from the General Fund Budget Stabilization Reserve (five affirmative Council votes required for the use of unused balances)

Aye: 3 - Councilmember Watanabe, Councilmember Becker, and Mayor Gillmor

Nay: 4 - Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, and Councilmember Jain

Motion Fails.

A motion was made by Councilmember Becker, seconded by Vice Mayor Chahal, to approve Alternative 5: to exclude the Fire Department Minimum Staffing Overtime Reduction/Engine Company Brown-Outs proposal, replace the FY 2020/21 General Fund budget reduction proposal detailed in Attachment 1 with the use of $705,174 from the General Fund Budget Stabilization Reserve (five affirmative Council votes required for the use of unused balances).

Aye: 7 - Councilmember Watanabe, Vice Mayor Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Becker, and Mayor Gillmor

Motion Passes.

A motion was made by **Councilmember Watanabe,** seconded by **Mayor Gillmor**, to approve Alternative 7: exclude the Police Department Police Field Operations Division - Field Training Officer Program/Academy ($649,738) proposal, Police Administrative Services Division - Task Force Unit ($470,556) proposal, and Police Field Operations Division - Community Service Officers ($534,655) proposal, replace the FY 2020/21 General Fund budget reduction proposals detailed in Attachment 1 with the use of $1,654,949 from the General Fund Budget Stabilization Reserve (five affirmative Council votes required for the use of unused balances).

A motion was made by Council/Boardmember Becker, seconded by Council/Boardmember Hardy, to adjourn the meeting to Wednesday, March 10, 2021 at 4:00 PM.

Aye: 7 - Council/Boardmember Watanabe, Vice Mayor/Chair Chahal, Council/Boardmember Hardy, Council/Boardmember Park, Council/Boardmember Jain, Council/Boardmember Becker, and Mayor/Chair Gillmor

The next scheduled meeting is on Wednesday, March 10, 2021.

MEETING DISCLOSURES

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

AB23 ANNOUNCEMENT: Members of the Santa Clara Stadium Authority, Sports and Open Space Authority and Housing Authority are entitled to receive $30 for each attended meeting.

Note: The City Council and its associated Authorities meet as separate agencies but in a concurrent manner. Actions taken should be considered actions of only the identified policy body.

LEGEND: City Council (CC); Stadium Authority (SA); Sports and Open Space Authority (SOSA); Housing Authority (HA); Successor Agency to the City of Santa Clara Redevelopment Agency (SARDA)

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. The City of Santa Clara will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities including those with speech, hearing, or vision impairments so they can participate equally in the City's programs, services, and activities. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities.

Agendas and other written materials distributed during a public meeting that are public record will be made available by the City in an appropriate alternative format. Contact the City Clerk's Office at 1 408-615-2220 with your request for an alternative format copy of the agenda or other written materials.

Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

21-485 **Agenda Date: 5/25/2021**

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT
Action on Stadium Authority Bills and Claims for the Month of March 2021

BOARD PILLARS
Enhance Community Engagement and Transparency
Ensure Compliance with Measure J and Manage Levi's Stadium

BACKGROUND
Disbursements made by the Stadium Authority are based on invoices submitted for payment. Prior to payment, staff reviews all disbursement documents to ensure that they are in compliance with the goods or services provided.

The Bills and Claims listing represents the cash disbursements required of normal and usual operations during the period. Budget control is set by the Stadium Authority Board through the budget adoption process.

DISCUSSION
On April 30, 2019, the Stadium Authority Board directed staff to stop payment of any Stadium Authority invoices for services unless there is substantial documentation of services rendered, which must also be in compliance with State law and City Code. Since April 30, 2019, staff received direction to pay Stadium Authority invoices related to SBL sales and services, insurance, and utilities.

Significant expenses in March 2021 include:

- Payments totaling $134,629.47 to the City of Santa Clara for the following:
  - $131,238.40 for reimbursement of General and Administrative (G&A) City payroll costs (e.g.: City Manager's Office, City Attorney's Office, and Finance Department)
  - $3,391.07 for reimbursement of CapEx Stadium Authority Expenses
- Payments totaling $5,874,288.99 to Forty Niners SC Stadium Co, LLC for the following:
  - $77,577.27 for CFD Advance Payment - Interest
  - $5,796,711.72 for the Subordinated Loan Payment - Principal & Interest
- Payment totaling $447,000.00 to Forty Niners Stadium Management Co, LLC for the following:
  - $247,000.00 for March 2021 Stadium Manager Expenses - Insurance
  - $200,000.00 for March 2021 Stadium Manager Expenses - Utilities
- Payments totaling $89,714.14 for Legal Services
- Payments totaling $2,136.00 to Santa Clara Weekly for Public Hearing Notice

Names of law firms that provide legal services to the Stadium Authority have been redacted from the Bills and Claims report. The Supreme Court of California in *Los Angeles County Board of Supervisors*

v. Superior Court, (2016) 2 Cal.5th 282, held that invoices specifying the amounts billed by a law firm to a client fall within the scope of the attorney-client privilege while the matters are active. In accordance with the Supreme Court's ruling, the names of law firms retained by the Stadium Authority have been redacted to maintain confidentiality of billing records for legal services.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(4) in that it is a fiscal activity that does not involve any commitment to any specific project which may result in a potential significant impact on the environment.

FISCAL IMPACT

There is a $6,548,599.96 fiscal impact to the Stadium Authority.

COORDINATION

This report has been coordinated with the Stadium Authority Counsel's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

Approve the list of Stadium Authority Bills and Claims for March 2021.

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT
Action on an Agreement with KPMG LLP to provide auditing services for the Santa Clara Stadium Authority

BOARD PILLAR
Ensure Compliance with Measure J and Manage Levi's Stadium

BACKGROUND
The Credit Agreement, entered into between the Santa Clara Stadium Authority (Stadium Authority), Stadium Funding Trust (FinanceCo), and Goldman Sachs Bank USA on March 28, 2012, requires that the Stadium Authority file audited annual financial statements within 180 days after the end of each fiscal year. It further requires that the financial statements be audited by a nationally recognized independent certified public accounting (CPA) firm (also known as the "Big Four") selected by the Stadium Authority.

Section 8.3.3 of the Amended and Restated Stadium Lease Agreement (Stadium Lease) between the Stadium Authority and Forty Niners SC Stadium Company LLC (StadCo) dated June 19, 2013 requires the Stadium Authority to furnish (or cause the Stadium Manager to furnish) to the Tenant a Statement of Operations within 90 days following each lease year. The Statement of Operations shall be prepared by a qualified, third party independent certified public accountant selected by Landlord and approved by Tenant, of the following: Stadium Authority Revenue, Tenant's Proportionate Share, Shared Stadium Expenses, the amount of Tenant's payments for Estimated Shared Stadium Expenses, Stadium Authority Expenses, Capital Expenditures, Net Income from Non-NFL Events, and distributions to and from the Operating Expense Reserve, Stadium Capital Expenditure Reserve and Renovation/Demolition Reserve. This reporting requirement was also noted in the Harvey Rose Measure J Audit under audit finding item 1.I.

In addition, Section 8.6.3 of the Stadium Lease allow for the Stadium Authority to conduct an audit of the Stadium Records within 180 days following the Stadium Authority's receipt of any Annual Statement of Stadium from the Tenant. The Stadium Authority desires to have an independent CPA review of the Shared Stadium Expenses between the Stadium Authority and StadCo.

DISCUSSION
Staff issued a formal Request for Proposal (RFP) in June 2020 for the annual external audit services and the agreed upon procedures (AUP) on the Statement of Operations and Shared Stadium Expenses. The RFP specifically requested that the auditing firm performing the audit to verify the transaction balances against supporting source documents for all items selected for testing based on the firms' audit procedures. The Stadium Authority wants to ensure that all the recorded transactions have proper source documentation and are fully supported. To ensure that the accounting firms

received the RFP, staff contacted each of the Big Four accounting firms to determine if they would be interested in submitting a proposal for audit services. Staff also extended the RFP due date by two more weeks to provide firms with more time to respond. All of the firms respectively declined except for KPMG LLP (KPMG).

Staff recommends that the Stadium Authority enter into a five-year contract with KPMG for audit services. Staff also recommends retaining KPMG to perform certain AUP to satisfy both the Statement of Operations requirement and Shared Expenses review. This work is in addition to the annual financial statement audit. The engagement letters containing the specific procedures to be performed for these services are attached within the agreement.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of a California Environmental Quality Act ("CEQA") pursuant to the CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT

The proposed Agreement is for a five-year term. KPMG will conduct the external financial audit and both Agreed Upon Procedures in the fiscal year ending March 31, 2021 for a not to exceed amount of $142,120 with fixed contractual increases for the following fiscal years. The total cost of the contract over the five years will not exceed $754,554. The cost of the fiscal year 2020/21 audit is budgeted in the fiscal year 2021/22 Stadium Authority Operating Budget. Appropriations in future year will be requested and approved through the annual budget process.

COORDINATION

This report has been coordinated with the Stadium Authority Counsel and Executive Director.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

Approve and authorize the Executive Director to execute an agreement with KPMG LLP to provide auditing services for the Santa Clara Stadium Authority for FY 2020/21 through FY 2024/25 in the amount not-to-exceed $754,554.

1. Professional Services Agreement with KPMG LLP

EBIX Insurance No. *S200002724

AGREEMENT FOR SERVICES BETWEEN THE SANTA CLARA STADIUM AUTHORITY AND KPMG LLP

PREAMBLE

This Agreement is entered into between the Santa Clara Stadium Authority, a joint powers agency created pursuant to Section 6532 of the California Government Code, with its primary business address at 1500 Warburton Avenue, Santa Clara, California 95050 ("Authority"), and KPMG LLP, a Delaware registered limited liability partnership, with a place of business located at 55 Second Street, Suite 1400, San Francisco, California 94105, (Contractor). Authority and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. Authority desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of Authority; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between Authority and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on the Effective Date of this Agreement and terminate on March 31, 2026.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be performed in accordance with the applicable professional standards.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the experience in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and Authority expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, Authority shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is seven hundred fifty-four thousand five hundred and fifty-four dollars, subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services.

7. TERMINATION

A. Termination for Convenience. Authority shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, Authority may terminate this Agreement immediately upon written notice to Contractor, after providing reasonable notice and opportunity to cure.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services in accordance with professional standards. Contractor may retain a copy of all information necessary to comply with its applicable professional standards and contractual obligations. Upon termination, Contractor shall discontinue further services as of the effective date of termination, and Authority shall pay Contractor for all Services satisfactorily performed up to such date.

8. ASSIGNMENT AND SUBCONTRACTING

Authority and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of Authority. Contractor shall not hire subcontractors without express written permission from Authority.

Contractor shall be as fully responsible to Authority for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of Authority. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and, except as permissible under applicable professional standards or use other permitted by this Agreement, shall not, without the prior written consent of Authority, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected

with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All deliverables under this Agreement shall be the property of Authority but Contractor may retain and use copies thereof. Authority shall not be limited in any way or at any time in its use of said material. No ownership rights of the Authority's information shall transfer to the Contractor. Contractor's working papers shall remain the Contractor's exclusive property. Contractor retains ownership rights of all its pre-existing property.

13. RIGHT OF AUTHORITY TO INSPECT RECORDS OF CONTRACTOR

Authority, through its authorized employees, representatives or agents, who are subject to our consent, shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the timekeeping and expense records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient timekeeping and expense records to establish the correctness of all charges submitted to Authority. Any expenses not so recorded shall be disallowed by Authority. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the Authority.

Contractor shall submit to Authority any and all reports concerning its performance under this Agreement that may be requested by Authority in writing. Contractor agrees to assist Authority in meeting Authority's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify Authority, its governing board, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and reasonable attorney's fees in providing a defense to any such claim arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subcontractors, or agents in the performance or non-performance, of services under this Agreement. The Contractor is not required to provide indemnification under this section where doing so would violate the Contractor's independence requirements or other applicable professional standards.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full Authority and Authority's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against Authority (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless Authority for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to Authority, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by Authority of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither Authority's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to Authority addressed as follows:

Santa Clara Stadium Authority
Attention: Finance Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at finance@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

KPMG LLP
55 Second Street, Suite 1400
San Francisco, CA 94105
or by facsimile at (415) 963-8100

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

This Agreement does not prevent either Party from entering into similar agreements with other parties. To prevent a conflict of interest, Contractor certifies that to the best of its knowledge, no Authority officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the performance of this Agreement in accordance with applicable professional standards. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise Authority if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF AUTHORITY NAME OR EMBLEM

Contractor shall not use Authority's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of Authority.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California. In the event of a dispute, the parties agree to use non-binding mediation prior to commencing litigation in a court of competent jurisdiction.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

Attention: Finance Director

Ladies and Gentlemen:

This letter (Engagement Letter) confirms our understanding of our engagement to provide professional services to the Authority.

Objectives and Limitations of Services

Audit Services

You have requested that we audit the Authority's financial statements as set forth in Appendix I.

We have the responsibility to conduct and will conduct the audit of the financial statements in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (Government Auditing Standards), with the objectives of obtaining reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to error or fraud, and issuing an auditor's report that includes our opinion as to whether the presentation of the financial statements conforms with U.S. generally accepted accounting principles.

Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit. We also will:

- Identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion on the financial statements.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall financial statement presentation, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatements, fraud, and noncompliance with laws and regulations may exist and not be detected by an audit of financial statements even though the audit is properly planned and performed in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Also, an audit is not designed to detect matters that are immaterial to the financial statements.

We will also perform certain limited procedures to the required supplementary information as required by auditing standards generally accepted in the United States of America. However, we will not express an opinion or provide any assurance on the information. Our report relating to the financial statements will include our consideration of required supplementary information.

We also understand that the financial statements will include supplementary information which is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information will be subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America with the objective of expressing an opinion as to whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Subject to the remainder of this paragraph, we will issue a written report upon completion of our audit of the Authority's financial statements addressed to the Board of Directors of the Santa Clara Stadium Authority. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, add an emphasis-of-matter paragraph or other-matter paragraph to our auditor's report, or, if necessary, withdraw from the engagement. If, during the performance of our audit procedures such circumstances arise, we will communicate to the audit committee our reasons for modification or withdrawal.

Internal Control over Financial Reporting and Compliance and Other Matters

We will obtain an understanding of the Authority's internal control relevant to the audit in order to determine the nature, timing, and extent of our audit procedures for the purpose of expressing an opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control.

The objective of our audit of the financial statements is not to report on the Authority's internal control and we are not obligated to search for material weaknesses or significant deficiencies as part of our audit of the financial statements. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of

deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Authority's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, our objective is not to provide an opinion on compliance with such provisions.

In accordance with *Government Auditing Standards*, we will prepare a written report, *Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards* (GAGAS report), on our consideration of internal control over financial reporting and tests of compliance made as part of our audit of the financial statements. This report will include any material weaknesses and significant deficiencies identified during the audit. This report will also include any of the following that we identify or suspect:

- Instances of noncompliance with provisions of laws, regulations, contracts, or grant agreements that have a material effect on the financial statements or other financial data significant to the audit objectives;
- Instances of fraud that are material, either qualitatively or quantitatively, to the financial statements or other financial data significant to the audit objectives.

The report will describe its purpose and will state that it is not suitable for any other purpose.

In accordance with *Government Auditing Standards*, we will also communicate in writing when:

- Identified or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements comes to our attention during the course of our audit that has an effect on the financial statements or other financial data significant to the audit objectives that is less than material but warrants the attention of those charged with governance, or
- We obtained evidence of identified or suspected instances of fraud that have an effect on the financial statements or other financial data significant to the audit objectives that are less than material but warrant the attention of those charged with governance.

In accordance with *Government Auditing Standards*, we are also required in certain circumstances to report identified or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements, or instances of fraud directly to parties outside the auditee.

Offering Documents

In the event the Authority requests our involvement with a future exempt filing that will include or incorporate by reference these financial statements and our audit report(s) thereon, professional standards require us to be separately engaged. The specific terms of our future services with respect to future exempt offerings will be determined at the time the services are to be performed and will be subject to the negotiation, agreement, and execution of a specific engagement letter or contract.

In the event the Authority does not engage us to be involved with the offering document, then the Authority agrees to include the following language in the offering document:

> "KPMG LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. KPMG LLP also has not performed any procedures relating to this official statement."

Our Responsibility to Communicate with the Audit Committee

We will communicate our planned scope and timing for our audit with the audit committee, including significant risks identified in planning our audit.

We will report to the audit committee or those charged with governance the following matters:

- Material, corrected misstatements that were brought to the attention of management as a result of audit procedures.
- Uncorrected misstatements accumulated by us during the audit and the effect that they, individually or in the aggregate, may have on our opinion in the auditor's report, the effect of uncorrected misstatements related to prior periods, and that uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even if the auditor has concluded that the uncorrected misstatements are immaterial to the financial statements under audit.
- Our views about qualitative aspects of the Authority's significant accounting practices, including accounting policies, accounting estimates, and financial statement disclosures.
- Significant unusual transactions, if any.
- Significant difficulties, if any, encountered during our audit.
- Disagreements with management, if any.
- Circumstances that affect the form and content of our auditor's report, if any.
- Matters that are difficult or contentious for which the auditor consulted outside the engagement team and that are, in the auditor's judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.
- Other matters required to be communicated by auditing standards generally accepted in the United States of America and *Government Auditing Standards*.

We will also read minutes, if any, of relevant committee meetings for consistency with our understanding of the communications made to the audit committee and determine that the audit committee has received copies of all material written communications between ourselves and management. We will also determine that the audit committee has been informed of i) the initial selection of, or the reasons for any change in, significant accounting policies or their application during the period under audit, ii) the methods used by management to account for significant unusual transactions, and iii) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

To the extent that they come to our attention, we will inform the appropriate level of management about any instances of noncompliance or suspected noncompliance with laws and regulations, unless they are clearly inconsequential, material errors in the financial statements and any instances of fraud. Further, to the extent they come to our attention, we also will communicate directly to the audit committee any instances of noncompliance or suspected noncompliance with laws and regulations, unless they are clearly inconsequential, material errors in the financial statements, and any instances of fraud that involve senior management or that, in our judgment, cause a material misstatement of the financial statements.

Management Responsibilities

The management of the Authority acknowledges and understands that they have responsibility for the preparation and fair presentation, in accordance with U.S. generally accepted accounting principles, of the financial statements and all representations contained therein. Management also is responsible for identifying and ensuring that the Authority complies with laws, regulations, contracts, and grant agreements applicable to its activities, and for informing us of any known instances of noncompliance or suspected noncompliance with laws, regulations and provisions of contracts and grant agreements. Management also is responsible for the design, implementation, and maintenance of programs and controls to prevent, deter, and detect fraud, for adopting sound accounting policies, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements and to provide reasonable assurance against the possibility of misstatements that are material to the financial statements whether due to error or fraud. Management is also responsible for informing us, of which it has knowledge, of all material weaknesses and significant deficiencies in the design or operation of such controls. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

The management of the Authority also acknowledges and understands that they have responsibility for the preparation of the supplementary information in accordance with the applicable criteria. Management is also responsible for providing us written representations regarding the supplementary information. Management is also responsible for including our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information, and for including the audited financial statements with any presentation of the supplementary information that includes our report thereon or making the audited financial statements readily available to intended users of the supplementary information no later than the date the supplementary information is issued with our report thereon.

Management of the Authority also acknowledges and understands that it is their responsibility to provide us with: i) access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation, and other matters; ii) additional information that we may request from management for purposes of the audit; and iii) unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence. As required by auditing standards generally accepted in the United States of America, we will make specific inquiries of management about the representations embodied in the financial statements and the effectiveness of internal control, and obtain a representation letter from management about these matters. The responses to our inquiries, the written representations, and the results of audit tests, among other things, comprise the evidential matter we will rely upon in forming an opinion on the financial statements.

To facilitate our audit planning, in accordance with *Government Auditing Standards*, management agrees to identify and provide copies of reports, if applicable, of previous audits, attestation engagements, or other studies that directly relate to the objectives of the audit, including whether related recommendations have been implemented, prior to April 1, 2021.

Management is responsible for adjusting the financial statements to correct material misstatements and for affirming to us in the representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements being reported upon, taken as a whole. Because of the importance of management's representations to the effective performance of our services, the Authority will release KPMG LLP (KPMG) and its personnel from any claims, liabilities, costs and expenses relating to our services under this Engagement Letter attributable to any misrepresentations in the representation letter referred to above. The provisions of this paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss asserted, whether in contract, statute, tort (including but not limited to negligence) or otherwise.

Management is also responsible for providing us with written responses in accordance with *Government Auditing Standards* to the findings included in the GAGAS report within 10 days of being provided with draft findings. If such information is not provided on a timely basis prior to release of the report, the GAGAS report will indicate management did not provide written responses.

Management is responsible for the distribution of the reports issued by KPMG.

Non-audit service - Assistance in Preparing Financial Statements

We will assist management in preparing the financial statements and related notes in accordance with U.S. generally accepted accounting principles. We will use information from the trial balance and/or other source documents provided by management to assist management in preparing the financial statements and related notes.

We may also provide advice and recommendations to assist management of the Authority in performing its responsibilities. We will not assume management responsibilities on behalf of the Authority.

The Authority agrees to:

- Assume all management responsibilities, including determining the accuracy and completeness of the financial statements and notes.
- Assign a suitable employee with appropriate skills, knowledge and/or experience to oversee the financial statement preparation assistance and evaluate the adequacy and results of the services.
- Accept responsibility for the results of the financial statement preparation assistance.

Dispute Resolution

The parties agree that any dispute or claim arising out of or relating to the Engagement Letter and the related contract or the services provided thereunder shall first be submitted to non-binding mediation as a prerequisite to litigation. Mediation may take place at a location to be designated by the parties using the Mediation Procedures of the International Institute for Conflict Prevention and Resolution, with the exception of paragraph 2 (Selecting the Mediator). If, after good faith efforts, the parties are unable to resolve their dispute through mediation within ninety (90) days after the issuance by one of the parties of a request for mediation, then the parties are free to pursue all other legal and equitable remedies available to them. Nothing herein shall preclude a party from filing a timely formal claim in accordance with applicable California law provided, however, that the party shall, if permitted, seek a stay of said claim during the pendency of any mediation. Either party may seek to enforce any written agreement reached by the parties during mediation in any court of competent jurisdiction.

Other Matters

In the event that any term or provision of this Engagement Letter shall be held to be invalid, void or unenforceable, then the remainder of the Engagement Letter shall not be affected, and each such term and provision shall be valid and enforceable to the fullest extent permitted by law.

This Engagement Letter shall serve as the Authority's authorization for the use of e-mail and other electronic methods to transmit and receive information, including confidential information, between KPMG and the Authority and between KPMG and outside specialists or other entities engaged by either KPMG or the Authority. The Authority acknowledges that e-mail travels over the public Internet, which is not a secure means of communication and, thus, confidentiality of the transmitted information could be compromised through no fault of KPMG. KPMG will employ commercially reasonable efforts and take appropriate precautions to protect the privacy and confidentiality of transmitted information.

In an effort to facilitate efficient communication between KPMG and the Authority related to the audit and to track engagement progress during the course of the engagement, KPMG may provide the Authority with access to certain online tools. If such access is provided to the Authority, the Authority shall be responsible for: (i) its users' access and use of such tools (including the information its users may upload to such tools and compliance with all laws and regulations applicable to use or access by the Authority's users outside of the United States (e.g. export control and data privacy laws and regulations)), and (ii) protecting the security of the account credentials in its possession for each user including timely informing KPMG when the Authority individuals' access should be removed. The Authority acknowledges that it shall not provide third parties (agents or contractors) with access to such tools without KPMG's written consent, use such tools as a system of record, nor use such tools other than for purposes of the audit engagement.

Except as permitted by law or as set forth in this paragraph, neither party shall acquire hereunder any right to use the name or logo of the other party or any part thereof, and any such use shall require the express written consent of the owner party. The Authority agrees that KPMG may list the Authority as a client in KPMG's internal and external marketing materials, including KPMG websites and social media, indicating the general services rendered (e.g., "[*the Santa Clara Stadium Authority*] is an Audit client of KPMG LLP"). Further, for purposes of the services described in this Engagement Letter only, the Authority hereby grants to KPMG a limited, revocable, non-exclusive, non-transferable, paid up and royalty-free license, without right of sublicense, to use all logos, trademarks and service marks of the Authority solely for presentations or reports to the Authority or for internal KPMG presentations and intranet sites.

The Authority and KPMG acknowledge and agree that each shall comply with all applicable United States export control laws and regulations in the performance of each party's respective responsibilities under the Engagement Letter. Unless requested by KPMG to allow it to complete its audit, the Authority will not provide KPMG, or grant KPMG access to, (a) information (including technical data or technology), verbally, electronically, or in hardcopy, (b) software or (c) hardware, that is controlled for export by the United States government under the Arms Export Control Act of 1976, Export Control Reform Act of 2018, the International Traffic in Arms Regulations ("ITAR"), Export Administration Regulations ("EAR"), Department of Energy Part 810 Regulations or Nuclear Regulatory Commission Part 110 Regulations, except information, software or hardware that is classified as EAR99 under the EAR ("Export Controlled Information"). If KPMG requests Export Controlled Information from the Authority, the Authority shall provide KPMG with notice of provision of Export Controlled Information at least 48 hours prior to providing such Export Controlled Information to KPMG.

KPMG is a limited liability partnership comprising both certified public accountants and certain principals who are not licensed as certified public accountants. Such principals may participate in the engagements to provide the services described in this Engagement Letter.

The audit documentation for this engagement is the property of KPMG. If KPMG receives a subpoena; other validly issued administrative, judicial, government or investigative regulatory demand or request; or other legal process requiring it to disclose the Authority's confidential information ("Legal Demand"), KPMG shall, unless prohibited by law or such Legal Demand, provide prompt written notice to the Authority of such Legal Demand in order to permit it to seek a protective order. So long as KPMG gives notice as provided herein, KPMG shall be entitled to comply with such Legal Demand to the extent required by law, subject to any protective order or the like that may have been entered in the matter. In the event KPMG is requested or authorized by the Authority, or is required by law, rule, regulation or Legal Demand in a proceeding or investigation to which KPMG is not a named party or respondent, to produce KPMG's documents or personnel as witnesses or for interviews, or otherwise to make information relating to the service under the Engagement Letter available to a third party, or the Authority, the Authority shall reimburse KPMG for its professional time, at its then-current standard hourly rates, and expenses, including reasonable attorneys' fees and expenses, incurred in producing documents or personnel or providing information pursuant to such requests, authorizations or requirements.

Pursuant to *Government Auditing Standards,* and subject to applicable provisions of laws and regulations, we are required to make appropriate individuals and certain audit documentation available in a timely manner to others, including Regulators, upon request. In addition, we may also be requested to make certain audit documentation available to Regulators pursuant to authority provided by law or regulation. If so requested, access to such audit documentation will be provided. Furthermore, Regulators may obtain copies of selected audit documentation. Such regulators may intend, or decide, to distribute the copies or information contained therein to others, including other government agencies.

KPMG, as an accounting firm, has an obligation to comply with applicable professional standards. Certain professional standards, including AICPA Code of Professional Conduct Section 1.700, "Confidential The Authority Information Rule," adopted by the American Institute of Certified Public Accountants and similar rules adopted by the boards of accountancy of many states, prohibit the disclosure of the Authority confidential information without the Authority consent, except in limited circumstances. KPMG represents to the Authority that KPMG will treat the Authority's confidential information in accordance with applicable professional standards.

KPMG may work with and use the services of other members of the international KPMG network of independent firms and entities controlled by, or under common control with, one or more KPMG member firms (together with KPMG, the "KPMG Firms") to provide services to the Authority. The KPMG Firms, together with the entities comprising KPMG International, shall be referred to herein as the "KPMG Parties." In connection with the performance of services under this Engagement Letter, the KPMG Firms may, in their discretion, utilize the services of third party service providers within or outside of the United States to complete the services under this Engagement Letter. KPMG Parties and such third parties may have access to your confidential information from offshore locations. In addition, KPMG uses third party service providers within and outside of the United States to provide, at its direction, back-office administrative and clerical, or analytical services to KPMG and these third party service providers may in the performance of such services have access to your confidential information. In particular, KPMG's audit technologies, software productivity tools and certain technology infrastructure and, necessarily, your confidential information, may be hosted in cloud environments operated by KPMG Parties or such third party service providers. In addition, for purposes of fulfilling our professional responsibilities, such as maintaining independence and performing conflict checks, the Authority will be listed as a client in internal KPMG Parties' systems accessible on a need to know basis to KPMG Parties. KPMG represents that it has technical, legal and/or other safeguards, measures and controls in place to protect your confidential information from unauthorized disclosure or use.

You also understand and agree that the KPMG Parties, with the assistance of third parties as outlined above, may use all the Authority information for other purposes consistent with our professional standards, such as improving the delivery or quality of audit and other services or technology to you and to other clients, thought leadership projects, to allow you and other clients to evaluate various business transactions and opportunities, and for use in presentations to you, other clients and non-clients. When your information is used outside of the KPMG Parties or such third parties assisting them as outlined above, the Authority will not be identified as the source of the information.

It may be necessary or convenient for the Authority to use KPMG-owned or -licensed software, software agents, scripts, technologies, tools or applications (collectively "KPMG Technology") designed to extract data from The Authority's electronic books and records systems or other systems (collectively, "Systems"), in connection with the audit. The Authority understands and agrees that it is solely responsible for following appropriate change management policies, processes and controls relating to use of such technology (including without limitation appropriate backup of the Authority's information and Systems) (collectively, "Change Management Processes") before such KPMG Technology is utilized to extract data from the Systems. In the event the Authority fails to use such Change Management Processes or if such Change Management Processes prove to be inadequate, the Authority acknowledges that the Systems and/or KPMG Technology may not function as intended. In consideration of the foregoing, KPMG hereby grants the Authority the right to use KPMG Technology solely to facilitate the Authority's necessary or convenient provision of information to KPMG in connection with the audit, and this grant does not extend to any other purposes or use by third parties outside of your organization without our prior written approval, provided that third party contractors of the Authority having a need to know in order to perform their services to the Authority are permitted to use KPMG Technology to the extent necessary for such parties to perform such services, so long as the Authority exercises the same level of care to protect such KPMG Technology and KPMG confidential information as it uses to protect its own confidential information, but in no event less than reasonable care. Other than as expressly permitted hereby, the Authority agrees to keep KPMG Technology confidential, using no less than a reasonable standard of care to protect it from unauthorized disclosure or use, and to notify KPMG of any legal compulsions to disclose it, in accordance with the provisions governing legal demand of confidential information which appear in this engagement letter with respect to which the KPMG Technology is being used, *mutatis mutandis*. If the KPMG Technology is subject to any third party license terms and conditions before being provided to the Authority, the Authority may be required to accept such terms and conditions before using the KPMG Technology, in which case KPMG will provide such license terms and conditions to the Authority in writing before the Authority elects to use the KPMG Technology.

Except as otherwise provided for in this Engagement Letter, neither party may assign, transfer or delegate any of its rights, obligations, claims or proceeds from claims arising under or relating to this Engagement Letter (including by operation of law, in which case the assigning party will, to the extent legally permissible, give as much advance written notice as is reasonably practicable thereof) without the prior written consent of the other party, such consent not to be unreasonably withheld. Any assignment in violation hereof shall be null and void.

As required by *Government Auditing Standards*, we have attached a copy of KPMG's most recent peer review report.

Reports, Services and Associated Fees

Appendix I to this Engagement Letter lists the reports we will issue and the services we will provide as part of this engagement and our fees for professional services to be performed under this Engagement Letter.

In addition, fees for any special audit-related projects, such as research and/or consultation on special business or financial issues, will be billed separately from the audit fees for professional services set forth in Appendix I and may be subject to written arrangements supplemental to those in this Engagement Letter.

* * * * * * *

Our engagement herein is for the provision of annual audit services for the financial statements for the periods described in Appendix I, and it is understood that such services are provided as a single annual engagement. Pursuant to our arrangement as reflected in this Engagement Letter we will provide the services set forth in Appendix I as a single engagement for each of the Authority's subsequent fiscal years until either those charged with governance or we terminate this agreement, or mutually agree to the modification of its terms. The fees for each subsequent year will be annually subject to negotiation and approval by those charged with governance.

We shall be pleased to discuss this Engagement Letter with you at any time. For your convenience in confirming these arrangements, we enclose a copy of this Engagement Letter. Please sign and return it to us to indicate your acknowledgement of, and agreement with, the arrangements for our audit of the financial statements including our respective responsibilities.

Very truly yours,

KPMG LLP

Reports, Services and Associated Fees

Based upon our discussions with and representations of management, our fees for services we will perform are estimated as follows:

Audit of financial statements and related notes to the financial statements of the Authority as of and for the year ended March 31, 2021 and Agreed-Upon Procedures Reports	$142,120

The above estimates are based on the level of experience of the individuals who will perform the services. Circumstances encountered during the performance of these services that warrant additional time or expense could cause us to be unable to deliver them within the above estimates. We will endeavor to notify you of any such circumstances as they are assessed.

Where KPMG is reimbursed for expenses, it is KPMG's policy to bill clients the amount incurred at the time the good or service is purchased. If KPMG subsequently receives a volume rebate or other incentive payment from a vendor relating to such expenses, KPMG does not credit such payment to the client. Instead, KPMG applies such payments to reduce its overhead costs, which costs are taken into account in determining KPMG's standard billing rates and certain transaction charges which may be charged to clients.

All fees, charges and other amounts payable to KPMG under the Engagement Letter do not include any sales, use, excise, value added, income or other applicable taxes, tariffs or duties, payment of which shall be the Authority's sole responsibility, excluding any applicable taxes based on KPMG's net income or taxes arising from the employment or independent contractor relationship between KPMG and its personnel.

KPMG LLP

March 29, 2021

Santa Clara Stadium Authority
1500 Warburton Avenue
Santa Clara, California 95050

Attention: Finance Director

PRIVATE

This Engagement Letter (Engagement Letter) sets forth our understanding of the terms and objectives of our engagement and the nature and limitations of the services KPMG LLP ("KPMG") will provide.

We will apply the following agreed-upon procedures to the Shared Stadium Expenses and Statement of Operations of Santa Clara Stadium Authority (the Authority) for the year ended March 31, 2021. The Authority is responsible for the Shared Stadium Expenses. The sufficiency of the procedures is solely the responsibility of the specified users of the report: the Santa Clara Stadium Authority. Consequently, we make no representation regarding the sufficiency of the procedures either for the purpose for which our report is being prepared or for any other purpose. Execution of this Engagement Letter will signify the Authority's agreement to the procedures and to its responsibility for the sufficiency of the procedures for its purposes.

1) Obtain the *Stadium Lease Agreement by and between the Santa Clara Stadium Authority and Forty Niners Stadium Company LLC dated as of March 28, 2012, as amended and restated as of June 19, 2013* (Lease Agreement).

2) Obtain the following Shared Expense categories utilized by ManagementCo and agree them to the Lease agreement in Procedure 1.

    a. Day to day expenses (StadCo's share of 50%)

    b. Capital repairs and capital expenditures (StadCo's share of 50%)

    c. Stadium management fees (StadCo's share of 50%)

    d. Other specified shared expenses (StadCo's share of 50%)

    e. Groundskeeping services (StadCo's share of 70%)

    f. Insurance expenses (1st lease year $2,550,000, 2nd lease year onwards $2,550,000 increased by 3% each year, tenant expansion period 0%)

3) Determine if SCSA properly charged StadCo for its proportionate share of the Shared Stadium Expenses by obtaining the final Shared Stadium Expenses reconciliation prepared by ManagementCo and comparing it against the Estimated Shared Stadium Expenses paid by StadCo. If there is a difference between the estimated and final amount, then ensure that ManagementCo properly credit or invoice StadCo for the difference on behalf of SCSA.

4) Agree the Stadium Authority's Revenues, Expenses, Capital Expenditures, and Net Income (Loss) from Non-NFL Events to the Stadium Authority's March 31, 2020's general ledger

KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

5) Recalculate the distributions to and from the Operating Expense Reserve, Stadium Capital Expenditure Reserve and Renovation/Demolition Reserve and agree it to the general ledger.

The Authority acknowledges its responsibility for determining the scope of the engagement, including the subject matter and criteria used in evaluating the subject matter, agreeing to the procedures and the sufficiency of such procedures for the Authority's purposes. At the conclusion of the engagement, the Authority agrees to supply us with a representation letter that will include the Authority's assertion about the Shared Expenses based on the criteria and will include:

a. a statement that all known matters contradicting the subject matter or assertion and any communication from regulatory agencies or others affecting the subject matter or assertion have been disclosed to us including communications received between the end of the period addressed in the written assertion and the date of our report,

b. a statement acknowledging its responsibility for the subject matter and the assertion, selecting the criteria, when applicable, and determining that such criteria are appropriate for its purposes,

c. a statement that it has provided us with access to all records relevant to the subject matter and the agreed-upon procedures, and

d. other matters as we may deem appropriate.

If such a representation letter is not provided, which includes the aforementioned assertion, it may be necessary for us to withdraw from the engagement.

Our engagement to apply agreed-upon procedures will be performed in accordance with the attestation standards established by the American Institute of Certified Public Accountants. Because the agreed-upon procedures referred to above do not constitute an examination or review, we will not express an opinion or conclusion on Shared Expenses of the Authority. Our report will include a statement to that effect. In addition, we have no obligation to perform any procedures beyond those referred to above.

Our written independent accountants' agreed-upon procedures report will include a list of the procedures performed (or reference thereto) and the related findings. Our report will also contain a paragraph indicating that had we performed additional procedures, other matters might have come to our attention that would have been reported to you. We have no responsibility to update our report for events and circumstances occurring after the date of such report.

Our report is intended solely for the use of the Authority, and is not intended for use by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Our report will include a statement to that effect. If you request that additional specified users of the report be added, we will require that they acknowledge, in writing, their agreement with the procedures and their responsibility for the sufficiency of the procedures for their purposes.

If we are unable to complete the agreed-upon procedures referred to above, we will discuss the matter with you during the engagement. In such circumstances, we may conclude that we will not issue a report as a result of this engagement.

Because of the importance of management's representations to the effective performance of our services, the Authority hereby releases KPMG and its personnel from and against any and all claims, liabilities, costs, and

KPMG LLP is a Delaware limited liability partnership and the U.S. member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.

expenses relating to our services under this Engagement Letter attributable to any misrepresentations in the representation letter referred to above. The provisions of this paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss asserted, whether in contract, statute, tort (including but not limited to negligence) or otherwise.

The Authority will indemnify, defend, and hold KPMG and its personnel harmless from and against any and all claims, liabilities, costs, and expenses asserted against KPMG by any third party to the extent resulting from or attributable to (i) that party's use or possession of, or reliance upon, KPMG's report or reference to KPMG's services hereunder as a result of the Authority's disclosure of such report or reference thereto other than to the specified user(s) or (ii) any misrepresentations in the representation letter referred to above. The foregoing indemnification obligation shall apply regardless of whether the third party claim alleges a breach of contract, violation of statute or tort (including without limitation negligence) by KPMG.

The Authority hereby releases KPMG and its personnel from and against any and all claims, liabilities, costs, and expenses relating to our services under this Engagement Letter, except to the extent determined to have resulted from the gross negligence of KPMG personnel.

The Authority will indemnify, defend, and hold KPMG and its personnel harmless from and against any and all claims, liabilities, costs, and expenses asserted against KPMG by any third party to the extent resulting from or attributable to that party's use or possession of, or reliance upon, KPMG's report or reference to KPMG's services hereunder as a result of the Authority's disclosure of such report or reference thereto.

Dispute Resolution

The parties agree that any dispute or claim arising out of or relating to the Engagement Letter and the related contract or the services provided thereunder shall first be submitted to non-binding mediation as a prerequisite to litigation. Mediation may take place at a location to be designated by the parties using the Mediation Procedures of the International Institute for Conflict Prevention and Resolution, with the exception of paragraph 2 (Selecting the Mediator). If, after good faith efforts, the parties are unable to resolve their dispute through mediation within ninety (90) days after the issuance by one of the parties of a request for mediation, then the parties are free to pursue all other legal and equitable remedies available to them. Nothing herein shall preclude a party from filing a timely formal claim in accordance with applicable California law provided, however, that the party shall, if permitted, seek a stay of said claim during the pendency of any mediation. Either party may seek to enforce any written agreement reached by the parties during mediation in any court of competent jurisdiction.

Other Matters

In the event that any term or provision of this Engagement Letter shall be held to be invalid, void or unenforceable, then the remainder of the Engagement Letter shall not be affected, and each such term and provision shall be valid and enforceable to the fullest extent permitted by law.

This Engagement Letter shall serve as the Authority's authorization for the use of e-mail and other electronic methods to transmit and receive information, including confidential information, between KPMG and the Authority and between KPMG and outside specialists or other entities engaged by either KPMG or the Authority. The Authority acknowledges that e-mail travels over the public Internet, which is not a secure means of communication and, thus, confidentiality of the transmitted information could be compromised through no fault of KPMG. KPMG will employ commercially reasonable efforts and take appropriate precautions to protect the privacy and confidentiality of transmitted information.

KPMG LLP is a Delaware limited liability partnership and the U.S. member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.

In an effort to facilitate efficient communication between KPMG and the Authority related to the attest engagement and to track engagement progress, KPMG may provide the Authority with access to certain online tools. If such access is provided to the Authority, the Authority shall be responsible for: (i) its users' access and use of such tools (including the information its users may upload to such tools and compliance with all laws and regulations applicable to use or access by the Authority's users outside of the United States (e.g. export control and data privacy laws and regulations)), and (ii) protecting the security of the account credentials in its possession for each user including timely informing KPMG when the Authority individuals' access should be removed. The Authority acknowledges that it shall not provide third parties (agents or contractors) with access to such tools without KPMG's written consent, use such tools as a system of record, nor use such tools other than for purposes of the attest engagement. The KPMG online tools include technology licensed from Microsoft, and the Authority's use of such Microsoft technology is subject to the Microsoft End-User Terms available at http://www.kpmginfo.com/NDPPS/media/docs/144210-1A_NAS_MicrosoftEnd-UserTerms.pdf.

Except as permitted by law or as set forth in this paragraph, neither party shall acquire hereunder any right to use the name or logo of the other party or any part thereof, and any such use shall require the express written consent of the owner party. The Authority agrees that KPMG may list the Authority as a client in KPMG's internal and external marketing materials, including KPMG websites and social media, indicating the general services rendered (e.g., "[*the Santa Clara Stadium Authority*] is an Audit client of KPMG LLP"). Further, for purposes of the services described in this Engagement Letter only, the Authority hereby grants to KPMG a limited, revocable, non-exclusive, non-transferable, paid up and royalty-free license, without right of sublicense, to use all logos, trademarks and service marks of the Authority solely for presentations or reports to the Authority or for internal KPMG presentations and intranet sites.

The Authority and KPMG acknowledge and agree that each shall comply with all applicable United States export control laws and regulations in the performance of each party's respective responsibilities under the Engagement Letter. Unless requested by KPMG to allow it to complete its audit, the Authority will not provide KPMG, or grant KPMG access to, (a) information (including technical data or technology), verbally, electronically, or in hardcopy, (b) software or (c) hardware, that is controlled for export by the United States government under the Arms Export Control Act of 1976, Export Control Reform Act of 2018, the International Traffic in Arms Regulations ("ITAR"), Export Administration Regulations ("EAR"), Department of Energy Part 810 Regulations or Nuclear Regulatory Commission Part 110 Regulations, except information, software or hardware that is classified as EAR99 under the EAR ("Export Controlled Information"). If KPMG requests Export Controlled Information from the Authority, the Authority shall provide KPMG with notice of provision of Export Controlled Information at least 48 hours prior to providing such Export Controlled Information to KPMG.

KPMG is a limited liability partnership comprising both certified public accountants and certain principals who are not licensed as certified public accountants. Such principals may participate in the engagements to provide the services described in this Engagement Letter.

The documentation for this engagement is the property of KPMG. If KPMG receives a subpoena; other validly issued administrative, judicial, government or investigative regulatory demand or request; or other legal process requiring it to disclose the Authority's confidential information ("Legal Demand"), KPMG shall, unless prohibited by law or such Legal Demand, provide prompt written notice to the Authority of such Legal Demand in order to permit it to seek a protective order. So long as KPMG gives notice as provided herein, KPMG shall be entitled to comply with such Legal Demand to the extent required by law, subject to any protective order or the like that may have been entered in the matter. In the event KPMG is requested or authorized by the Authority, or is required by law, rule, regulation or Legal Demand in a proceeding or investigation to which KPMG is not a named party or respondent, to produce KPMG's documents or personnel as witnesses or for interviews, or

KPMG LLP is a Delaware limited liability partnership and the U.S. member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.

otherwise to make information relating to the service under the Engagement Letter available to a third party, or the Authority, the Authority shall reimburse KPMG for its professional time, at its then-current standard hourly rates, and expenses, including reasonable attorneys' fees and expenses, incurred in producing documents or personnel or providing information pursuant to such requests, authorizations or requirements.

KPMG, as an accounting firm, has an obligation to comply with applicable professional standards. Certain professional standards, including AICPA Code of Professional Conduct Section 1.700, "Confidential Client Information Rule," adopted by the American Institute of Certified Public Accountants and similar rules adopted by the boards of accountancy of many states, prohibit the disclosure of client confidential information without client consent, except in limited circumstances. KPMG represents to the Authority that KPMG will treat the Authority's confidential information in accordance with applicable professional standards.

KPMG may work with and use the services of other members of the international KPMG network of independent firms and entities controlled by, or under common control with, one or more KPMG member firms (together with KPMG, the "KPMG Firms") to provide services to the Authority. The KPMG Firms, together with the entities comprising KPMG International, shall be referred to herein as the "KPMG Parties." In connection with the performance of services under this Engagement Letter, the KPMG Firms may, in their discretion, utilize the services of third party service providers within or outside of the United States to complete the services under this Engagement Letter. KPMG Parties and such third parties may have access to your confidential information from offshore locations. In addition, KPMG uses third party service providers within and outside of the United States to provide, at its direction, back-office administrative and clerical, or analytical services to KPMG and these third party service providers may in the performance of such services have access to your confidential information. In particular, KPMG's audit technologies, software productivity tools and certain technology infrastructure and, necessarily, your confidential information, may be hosted in cloud environments operated by KPMG Parties or such third party service providers. In addition, for purposes of fulfilling our professional responsibilities, such as maintaining independence and performing conflict checks, the Authority will be listed as a client in internal KPMG Parties' systems accessible on a need to know basis to KPMG Parties. KPMG represents that it has technical, legal and/or other safeguards, measures and controls in place to protect your confidential information from unauthorized disclosure or use.

You also understand and agree that the KPMG Parties, with the assistance of third parties as outlined above, may use all the Authority information for other purposes consistent with our professional standards, such as improving the delivery or quality of audit and other services or technology to you and to other clients, thought leadership projects, to allow you and other clients to evaluate various business transactions and opportunities, and for use in presentations to you, other clients and non-clients. When your information is used outside of the KPMG Parties or such third parties assisting them as outlined above, the Authority will not be identified as the source of the information.

Except as otherwise provided for in this Engagement Letter, neither party may assign, transfer or delegate any of its rights, obligations, claims or proceeds from claims arising under or relating to this Engagement Letter (including by operation of law, in which case the assigning party will, to the extent legally permissible, give as much advance written notice as is reasonably practicable thereof) without the prior written consent of the other party, such consent not to be unreasonably withheld. Any assignment in violation hereof shall be null and void.

* * * * * * *

Our engagement herein is for the provision of annual audit services for the financial statements for the periods described in Appendix I of the financial statement audit engagement letter, and it is understood that such

KPMG LLP is a Delaware limited liability partnership and the U.S. member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.

services are provided as a single annual engagement. Pursuant to our arrangement as reflected in this Engagement Letter we will provide the services set forth in Appendix I of the financial statement audit engagement letter as a single engagement for each of the Authority's subsequent fiscal years until either those charged with governance or we terminate this agreement, or mutually agree to the modification of its terms. The fees for each subsequent year will be annually subject to negotiation and approval by those charged with governance.

Based upon our discussions with and representations of the Authority, we estimate that fees for these services is $15,000. This estimate is based on the level of experience of the individuals who will perform the services. In addition, expenses are billed for reimbursement as incurred. Circumstances encountered during the performance of these services that warrant additional time or expense could cause us to be unable to deliver the services within the above estimates. We will endeavor to notify you of any such circumstances as they are assessed.

Our fees and expenses will be billed every two weeks as charges are incurred. All invoices shall be paid within 30 days after the date thereof. In the event any invoice is not timely paid as set forth herein, then upon five days prior written notice to you, KPMG may terminate its performance hereunder and will not be responsible for any loss, costs, or expense thereby resulting. It is understood that neither our fees nor the payment thereof will be contingent upon the results of our engagement.

Where KPMG is reimbursed for expenses, it is KPMG's policy to bill clients the amount incurred at the time the good or service is purchased. If KPMG subsequently receives a volume rebate or other incentive payment from a vendor relating to such expenses, KPMG does not credit such payment to the client. Instead, KPMG applies such payments to reduce its overhead costs, which costs are taken into account in determining KPMG's standard billing rates and certain transaction charges which may be charged to clients.

All fees, charges and other amounts payable to KPMG under the Engagement Letter do not include any sales, use, excise, value added, income or other applicable taxes, tariffs or duties, payment of which shall be the Authority's sole responsibility, excluding any applicable taxes based on KPMG's net income or taxes arising from the employment or independent contractor relationship between KPMG and its personnel.

KPMG LLP is a Delaware limited liability partnership and the U.S. member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.

We shall be pleased to discuss this Engagement Letter with you at any time. For your convenience in confirming these arrangements, we enclose a copy of this Engagement Letter. Please sign and return it to us.

Very truly yours,

KPMG LLP

Santa Clara Stadium Authority
1500 Warburton Avenue
Santa Clara, California 95050

Attention: Finance Director

PRIVATE

This Engagement Letter (Engagement Letter) sets forth our understanding of the terms and objectives of our engagement and the nature and limitations of the services KPMG LLP ("KPMG") will provide.

We will apply the following agreed-upon procedures to the Shared Stadium Expenses of Santa Clara Stadium Authority (the Authority) for the year ended March 31, 2021. The Authority is responsible for the Shared Stadium Expenses. The sufficiency of the procedures is solely the responsibility of the specified users of the report: the Santa Clara Stadium Authority. Consequently, we make no representation regarding the sufficiency of the procedures either for the purpose for which our report is being prepared or for any other purpose. Execution of this Engagement Letter will signify the Authority's agreement to the procedures and to its responsibility for the sufficiency of the procedures for its purposes.

1. Obtain the Stadium Lease Agreement by and between the Santa Clara Stadium Authority and Forty Niners Stadium Company LLC dated as of March 28, 2012, as amended and restated as of June 19, 2013 (Lease Agreement).

2. Obtain the following Shared Expense categories utilized by Management Co, select 100 non-labor expenditures, and agree them to the original source documents (i.e. vendor invoice, agreements, etc.) and to the Lease agreement in Procedure 1.

    a. Day to day expenses (the Authority's share of 50%)

    b. Capital repairs and capital expenditures (the Authority's share of 50%)

    c. Groundskeeping services (the Authority's share of 30%)

3. For SBL Sales and Services, select 20 Commission and 10 Bonus payouts, trace and agreed the amount to the payroll report, employment agreement or payout approval, and verify that the expenditure was reasonable and properly allocated to the Stadium Authority as agreed in Procedure 1.

4. For non-SBL Sales and Services transactions, select 20 Bonus and/or Commission payouts, trace and agreed the amount to payroll report, employment agreement or payout approval, and verify that the expenditure was reasonable and properly allocated to the Stadium Authority as agreed in Procedure 1.

5. For fulltime labor transactions, select 30 payouts and 10 accruals, trace and agree the sample to the original source documents, verify that the expense was properly charged and allocated to the Stadium Authority as agreed in Procedure.

KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

6. Review the Shared Expense details and determine if there are any Related Party transactions. If so, then select 10 samples, trace the payout to the original source documents or agreements, verify that there is no conflict of interest and that the expenditure was reasonable and properly allocated to the Stadium Authority as agreed in Procedure 1.

The Authority acknowledges its responsibility for determining the scope of the engagement, including the subject matter and criteria used in evaluating the subject matter, agreeing to the procedures and the sufficiency of such procedures for the Authority's purposes. At the conclusion of the engagement, the Authority agrees to supply us with a representation letter that will include the Authority's assertion about the Shared Expenses based on the criteria and will include:

a. a statement that all known matters contradicting the subject matter or assertion and any communication from regulatory agencies or others affecting the subject matter or assertion have been disclosed to us including communications received between the end of the period addressed in the written assertion and the date of our report,

b. a statement acknowledging its responsibility for the subject matter and the assertion, selecting the criteria, when applicable, and determining that such criteria are appropriate for its purposes,

c. a statement that it has provided us with access to all records relevant to the subject matter and the agreed-upon procedures, and

d. other matters as we may deem appropriate.

If such a representation letter is not provided, which includes the aforementioned assertion, it may be necessary for us to withdraw from the engagement.

Our engagement to apply agreed-upon procedures will be performed in accordance with the attestation standards established by the American Institute of Certified Public Accountants. Because the agreed-upon procedures referred to above do not constitute an examination or review, we will not express an opinion or conclusion on Shared Expenses of the Authority. Our report will include a statement to that effect. In addition, we have no obligation to perform any procedures beyond those referred to above.

Our written independent accountants' agreed-upon procedures report will include a list of the procedures performed (or reference thereto) and the related findings. Our report will also contain a paragraph indicating that had we performed additional procedures, other matters might have come to our attention that would have been reported to you. We have no responsibility to update our report for events and circumstances occurring after the date of such report.

Our report is intended solely for the use of the Authority, and is not intended for use by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Our report will include a statement to that effect. If you request that additional specified users of the report be added, we will require that they acknowledge, in writing, their agreement with the procedures and their responsibility for the sufficiency of the procedures for their purposes.

If we are unable to complete the agreed-upon procedures referred to above, we will discuss the matter with you during the engagement. In such circumstances, we may conclude that we will not issue a report as a result of this engagement.

Because of the importance of management's representations to the effective performance of our services, the Authority hereby releases KPMG and its personnel from and against any and all claims, liabilities, costs, and expenses relating to our services under this Engagement Letter attributable to any misrepresentations in the representation letter referred to above. The provisions of this paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss asserted, whether in contract, statute, tort (including but not limited to negligence) or otherwise.

The Authority will indemnify, defend, and hold KPMG and its personnel harmless from and against any and all claims, liabilities, costs, and expenses asserted against KPMG by any third party to the extent resulting from or attributable to (i) that party's use or possession of, or reliance upon, KPMG's report or reference to KPMG's services hereunder as a result of the Authority's disclosure of such report or reference thereto other than to the specified user(s) or (ii) any misrepresentations in the representation letter referred to above. The foregoing indemnification obligation shall apply regardless of whether the third party claim alleges a breach of contract, violation of statute or tort (including without limitation negligence) by KPMG.

The Authority hereby releases KPMG and its personnel from and against any and all claims, liabilities, costs, and expenses relating to our services under this Engagement Letter, except to the extent determined to have resulted from the gross negligence of KPMG personnel.

The Authority will indemnify, defend, and hold KPMG and its personnel harmless from and against any and all claims, liabilities, costs, and expenses asserted against KPMG by any third party to the extent resulting from or attributable to that party's use or possession of, or reliance upon, KPMG's report or reference to KPMG's services hereunder as a result of the Authority's disclosure of such report or reference thereto.

Dispute Resolution

The parties agree that any dispute or claim arising out of or relating to the Engagement Letter and the related contract or the services provided thereunder shall first be submitted to non-binding mediation as a prerequisite to litigation. Mediation may take place at a location to be designated by the parties using the Mediation Procedures of the International Institute for Conflict Prevention and Resolution, with the exception of paragraph 2 (Selecting the Mediator). If, after good faith efforts, the parties are unable to resolve their dispute through mediation within ninety (90) days after the issuance by one of the parties of a request for mediation, then the parties are free to pursue all other legal and equitable remedies available to them. Nothing herein shall preclude a party from filing a timely formal claim in accordance with applicable California law provided, however, that the party shall, if permitted, seek a stay of said claim during the pendency of any mediation. Either party may seek to enforce any written agreement reached by the parties during mediation in any court of competent jurisdiction.

Other Matters

In the event that any term or provision of this Engagement Letter shall be held to be invalid, void or unenforceable, then the remainder of the Engagement Letter shall not be affected, and each such term and provision shall be valid and enforceable to the fullest extent permitted by law.

This Engagement Letter shall serve as the Authority's authorization for the use of e-mail and other electronic methods to transmit and receive information, including confidential information, between KPMG and the Authority and between KPMG and outside specialists or other entities engaged by either KPMG or the Authority. The Authority acknowledges that e-mail travels over the public Internet, which is not a secure means of communication and, thus, confidentiality of the transmitted information could be compromised through no

fault of KPMG. KPMG will employ commercially reasonable efforts and take appropriate precautions to protect the privacy and confidentiality of transmitted information.

In an effort to facilitate efficient communication between KPMG and the Authority related to the attest engagement and to track engagement progress, KPMG may provide the Authority with access to certain online tools. If such access is provided to the Authority, the Authority shall be responsible for: (i) its users' access and use of such tools (including the information its users may upload to such tools and compliance with all laws and regulations applicable to use or access by the Authority's users outside of the United States (e.g. export control and data privacy laws and regulations)), and (ii) protecting the security of the account credentials in its possession for each user including timely informing KPMG when the Authority individuals' access should be removed. The Authority acknowledges that it shall not provide third parties (agents or contractors) with access to such tools without KPMG's written consent, use such tools as a system of record, nor use such tools other than for purposes of the attest engagement. The KPMG online tools include technology licensed from Microsoft, and the Authority's use of such Microsoft technology is subject to the Microsoft End-User Terms available at http://www.kpmginfo.com/NDPPS/media/docs/144210-1A_NAS_MicrosoftEnd-UserTerms.pdf.

Except as permitted by law or as set forth in this paragraph, neither party shall acquire hereunder any right to use the name or logo of the other party or any part thereof, and any such use shall require the express written consent of the owner party. The Authority agrees that KPMG may list the Authority as a client in KPMG's internal and external marketing materials, including KPMG websites and social media, indicating the general services rendered (e.g., "[*the Santa Clara Stadium Authority*] is an Audit client of KPMG LLP"). Further, for purposes of the services described in this Engagement Letter only, the Authority hereby grants to KPMG a limited, revocable, non-exclusive, non-transferable, paid up and royalty-free license, without right of sublicense, to use all logos, trademarks and service marks of the Authority solely for presentations or reports to the Authority or for internal KPMG presentations and intranet sites.

The Authority and KPMG acknowledge and agree that each shall comply with all applicable United States export control laws and regulations in the performance of each party's respective responsibilities under the Engagement Letter. Unless requested by KPMG to allow it to complete its audit, the Authority will not provide KPMG, or grant KPMG access to, (a) information (including technical data or technology), verbally, electronically, or in hardcopy, (b) software or (c) hardware, that is controlled for export by the United States government under the Arms Export Control Act of 1976, Export Control Reform Act of 2018, the International Traffic in Arms Regulations ("ITAR"), Export Administration Regulations ("EAR"), Department of Energy Part 810 Regulations or Nuclear Regulatory Commission Part 110 Regulations, except information, software or hardware that is classified as EAR99 under the EAR ("Export Controlled Information"). If KPMG requests Export Controlled Information from the Authority, the Authority shall provide KPMG with notice of provision of Export Controlled Information at least 48 hours prior to providing such Export Controlled Information to KPMG.

KPMG is a limited liability partnership comprising both certified public accountants and certain principals who are not licensed as certified public accountants. Such principals may participate in the engagements to provide the services described in this Engagement Letter.

The documentation for this engagement is the property of KPMG. If KPMG receives a subpoena; other validly issued administrative, judicial, government or investigative regulatory demand or request; or other legal process requiring it to disclose the Authority's confidential information ("Legal Demand"), KPMG shall, unless prohibited by law or such Legal Demand, provide prompt written notice to the Authority of such Legal Demand in order to permit it to seek a protective order. So long as KPMG gives notice as provided herein, KPMG shall be entitled to comply with such Legal Demand to the extent required by law, subject to any protective order or the like that may have been entered in the matter. In the event KPMG is requested or authorized by the Authority, or is

required by law, rule, regulation or Legal Demand in a proceeding or investigation to which KPMG is not a named party or respondent, to produce KPMG's documents or personnel as witnesses or for interviews, or otherwise to make information relating to the service under the Engagement Letter available to a third party, or the Authority, the Authority shall reimburse KPMG for its professional time, at its then-current standard hourly rates, and expenses, including reasonable attorneys' fees and expenses, incurred in producing documents or personnel or providing information pursuant to such requests, authorizations or requirements.

KPMG, as an accounting firm, has an obligation to comply with applicable professional standards. Certain professional standards, including AICPA Code of Professional Conduct Section 1.700, "Confidential Client Information Rule," adopted by the American Institute of Certified Public Accountants and similar rules adopted by the boards of accountancy of many states, prohibit the disclosure of client confidential information without client consent, except in limited circumstances. KPMG represents to the Authority that KPMG will treat the Authority's confidential information in accordance with applicable professional standards.

KPMG may work with and use the services of other members of the international KPMG network of independent firms and entities controlled by, or under common control with, one or more KPMG member firms (together with KPMG, the "KPMG Firms") to provide services to the Authority. The KPMG Firms, together with the entities comprising KPMG International, shall be referred to herein as the "KPMG Parties." In connection with the performance of services under this Engagement Letter, the KPMG Firms may, in their discretion, utilize the services of third party service providers within or outside of the United States to complete the services under this Engagement Letter. KPMG Parties and such third parties may have access to your confidential information from offshore locations. In addition, KPMG uses third party service providers within and outside of the United States to provide, at its direction, back-office administrative and clerical, or analytical services to KPMG and these third party service providers may in the performance of such services have access to your confidential information. In particular, KPMG's audit technologies, software productivity tools and certain technology infrastructure and, necessarily, your confidential information, may be hosted in cloud environments operated by KPMG Parties or such third party service providers. In addition, for purposes of fulfilling our professional responsibilities, such as maintaining independence and performing conflict checks, the Authority will be listed as a client in internal KPMG Parties' systems accessible on a need to know basis to KPMG Parties. KPMG represents that it has technical, legal and/or other safeguards, measures and controls in place to protect your confidential information from unauthorized disclosure or use.

You also understand and agree that the KPMG Parties, with the assistance of third parties as outlined above, may use all the Authority information for other purposes consistent with our professional standards, such as improving the delivery or quality of audit and other services or technology to you and to other clients, thought leadership projects, to allow you and other clients to evaluate various business transactions and opportunities, and for use in presentations to you, other clients and non-clients. When your information is used outside of the KPMG Parties or such third parties assisting them as outlined above, the Authority will not be identified as the source of the information.

Except as otherwise provided for in this Engagement Letter, neither party may assign, transfer or delegate any of its rights, obligations, claims or proceeds from claims arising under or relating to this Engagement Letter (including by operation of law, in which case the assigning party will, to the extent legally permissible, give as much advance written notice as is reasonably practicable thereof) without the prior written consent of the other party, such consent not to be unreasonably withheld. Any assignment in violation hereof shall be null and void.

* * * * * * *

Our engagement herein is for the provision of annual audit services for the financial statements for the periods described in Appendix I of the financial statement audit engagement letter, and it is understood that such services are provided as a single annual engagement. Pursuant to our arrangement as reflected in this Engagement Letter we will provide the services set forth in Appendix I of the financial statement audit engagement letter as a single engagement for each of the Authority's subsequent fiscal years until either those charged with governance or we terminate this agreement, or mutually agree to the modification of its terms. The fees for each subsequent year will be annually subject to negotiation and approval by those charged with governance.

Based upon our discussions with and representations of the Authority, we estimate that fees for these services is $20,000. This estimate is based on the level of experience of the individuals who will perform the services. In addition, expenses are billed for reimbursement as incurred. Circumstances encountered during the performance of these services that warrant additional time or expense could cause us to be unable to deliver the services within the above estimates. We will endeavor to notify you of any such circumstances as they are assessed.

Our fees and expenses will be billed every two weeks as charges are incurred. All invoices shall be paid within 30 days after the date thereof. In the event any invoice is not timely paid as set forth herein, then upon five days prior written notice to you, KPMG may terminate its performance hereunder and will not be responsible for any loss, costs, or expense thereby resulting. It is understood that neither our fees nor the payment thereof will be contingent upon the results of our engagement.

Where KPMG is reimbursed for expenses, it is KPMG's policy to bill clients the amount incurred at the time the good or service is purchased. If KPMG subsequently receives a volume rebate or other incentive payment from a vendor relating to such expenses, KPMG does not credit such payment to the client. Instead, KPMG applies such payments to reduce its overhead costs, which costs are taken into account in determining KPMG's standard billing rates and certain transaction charges which may be charged to clients.

All fees, charges and other amounts payable to KPMG under the Engagement Letter do not include any sales, use, excise, value added, income or other applicable taxes, tariffs or duties, payment of which shall be the Authority's sole responsibility, excluding any applicable taxes based on KPMG's net income or taxes arising from the employment or independent contractor relationship between KPMG and its personnel.

We shall be pleased to discuss this Engagement Letter with you at any time. For your convenience in confirming these arrangements, we enclose a copy of this Engagement Letter. Please sign and return it to us.

Very truly yours,

KPMG LLP

EXHIBIT B
SCHEDULE OF FEES

Contractor will bill Authority on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by Authority and subject to verification and approval by Authority. Authority will pay Contractor within thirty (30) days of Authority's receipt of an approved invoice.

Fee Schedule is per Appendix I in the Contractor's proposal entitled, "Engagement Letter" dated March 30, 2021, which is attached to this Exhibit B and incorporated by this reference. In no event shall the amount billed to Authority by Contractor for services under this Agreement exceed seven hundred fifty-four thousand five hundred and fifty-four dollars (including expenses) for audit services for fiscal year ending March 31, 2021 thru March 31, 2025. All fees are subject to annual budget appropriations.

EXHIBIT C
INSURANCE REQUIREMENTS

INSURANCE COVERAGE REQUIREMENTS
FOR PROFESSIONAL SERVICES

Without limiting the Consultant's indemnification of the Santa Clara Stadium Authority ("Stadium Authority"), and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the Stadium Authority, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the Stadium Authority so that any other coverage held by the Stadium Authority shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This General Liability policy must include a Waiver of Subrogation in favor of the Stadium Authority, its governing board, subordinate boards, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the Stadium Authority General Counsel's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. The Santa Clara Stadium Authority, its governing board, officers, employees, and agents ("Indemnified Parties") are hereby added as additional insureds in respect to liability arising out of Consultant's work for the Stadium Authority.

2. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnified Parties may possess, including any self-insurance or self-insured retention they may have. Any other insurance that the Indemnified Parties may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to the Stadium Authority at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to the Stadium Authority at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and the Stadium Authority agree as follows:

1. Consultant agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by the Stadium Authority, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to the Stadium Authority for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge the Stadium Authority or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to the Stadium Authority. It is not the intent of the Stadium Authority to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against the Stadium Authority for payment of premiums or other amounts with respect thereto.

3. The Stadium Authority reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to the Stadium Authority and as described in this Agreement. Consultant shall file with the Stadium Authority all certificates and blanket endorsements for the required insurance policies for the Stadium Authority's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage, and be delivered to the Stadium Authority through its representative as set forth below, at or prior to execution of this Agreement. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to the Stadium Authority pursuant to this Agreement shall be mailed to:

Santa Clara Stadium Authority [Finance Department]
c/o Ebix, Inc.
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the Stadium Authority or its insurance compliance representatives.

21-740 **Agenda Date: 5/25/2021**

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT
Request from the Stadium Manager for Authority to Execute Amendment No. 1 to Concessions Operating Agreement with Levy Premium Foodservice Limited Partnership

BOARD PILLAR
Ensure Compliance with Measure J and Manage Levi's Stadium

DISCUSSION
Through the existing Concessions Operating Agreement, Levy Premium Foodservice Limited Partnership (Levy) has rights to provide food, beverage, and catering services at Levi's Stadium. On May 10, 2021, the Stadium Manager submitted a request to amend its current Concessions Operating Agreement with Levy by extending the term of the agreement by one year and modifying several financial investment fee and fund amortization schedules so they align with the new term.

The existing agreement has a 12-year term and is effective until April 15, 2030. If Amendment No. 1 is approved, the Concessions Operations Agreement with Levy will be effective through April 15, 2031.

ATTACHMENTS
1. Stadium Manager's Email Request

From: Mercurio, Jim
To: Christine Jung; Compliance Manager; Deanna Santana

First Amendment to Concessions Operating Agreement Levy Premium Foodserv....pdf
2021 Field Seats SCSA Revenue.pdf

Deanna:

As we discussed in our most recent quarterly meeting, Stadium Manager is seeking approval from the SCSA of (1) the setting of SBL pricing for field seating in the north and south endzones of Levi's Stadium and (2) an amendment to the Stadium's Concessions Agreement as a result fewer than 8 games being played at Levi's Stadium during the 2020 NFL season.

For the Field Seats, these seats continue to be popular with fans and present a significant financial opportunity to drive additional revenue directly to the SCSA. Although we have not yet received final approval for the seats from the NFL for the 2021 season, we would like to proceed with finalizing the price point so that when approval is received, we are prepared to go to market with the seats.

While in the past we have presented multiple options for pricing, we believe that the optimal price point for these seats is an SBL of $10,000 per seat. At this price level, we anticipate full sell-through of the field seating within 18 months, generating a projected $1,172,980.00 in total revenue to the SCSA over the life of the seats.

Further, as we discussed in the quarterly meeting, the 49ers have committed to covering any food and beverage credits associated with these SBLs. Thus, the SCSA will not be obligated to fund any buffets associated with the seats.

I have attached our revenue projections for the seats to this email. The projections assume pricing approval at the May 25 SCSA Board meeting, and approval from the NFL prior to June 1.

The other item that requires approval at the May 25 SCSA Board meeting is the attached First Amendment to the Stadium's Concessions Agreement. Under Section 3.3 of the original Concessions Agreement, the parties agreed to the extension of the term of the agreement by one year in the event that fewer than 8 home games are played at the Stadium in any fiscal year. Because only 5 home games were played in Levi's Stadium during the 2020 NFL season, the parties are obligated to extend the term for one additional year.

In addition to extending the term of the agreement, the attached amendment contains limited financial housekeeping to ensure Levy's back-end accounting aligns with their investment commitment and the new 13-year term. These modifications have no impact on the revenues or costs to the SCSA.

We are happy to answer any additional questions that you or your staff may have ahead of the May

25 meeting.

Thanks,

JIM

Subject: Field Seats and Levy Agreement

Hi Jim,

We have not yet received any information from the Stadium Manager on the proposed field seats and amendment to the Levy agreement which were discussed during our April 15 staff meeting. At this point, the Stadium Authority will not have sufficient time to review and analyze information the Stadium Manager submits and draft corresponding agenda reports on its behalf for the May 11 Stadium Authority Board meeting.

We can plan on bringing these two items forward for the Board's consideration at the May 25 meeting if the Stadium Manager is able to submit the written requests and supporting information/documentation by Monday, May 10, 2021. As requested during our April 15 meeting, we ask that the Stadium Manager send whatever information it currently has on the two items as soon as possible so that staff can start preparing the agenda reports and plug in the missing information/documents when received (e.g., NFL approval of the field seats).

Thank you,
Christine Jung | Assistant to the Executive Director

21-742 **Agenda Date: 5/25/2021**

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT
Report from the Stadium Authority Regarding the Stadium Manager's Request to Execute Amendment No.1 to Concessions Operating Agreement with Levy Premium Foodservice Limited Partnership

BOARD PILLAR
Ensure Compliance with Measure J and Manage Levi's Stadium

BACKGROUND
On October 8, 2019, the Stadium Authority Board (Board) approved Ordinance No. 2005 amending Chapter 17.30 of the City Code (Stadium Authority Procurement Policy), which rescinded the delegation to the Executive Director to enter into agreements without prior Board approval. As the Stadium Manager's authority to enter into contracts was through delegated authority from the Executive Director, as a result of Ordinance No. 2005, the Stadium Manager is now also required to request Board approval before entering into agreements on behalf of the Stadium Authority. As of the effective date of the Ordinance (November 8, 2019), all Stadium Authority agreements for services, supplies, materials, and equipment require the approval of the Stadium Authority Board.

Through the existing Concessions Operating Agreement, Levy Premium Foodservice Limited Partnership (Levy) has rights to provide food, beverage, and catering services at Levi's Stadium. The Stadium Manager is requesting authority to amend the agreement to extend the term by one year and modify several financial investment fee and fund amortization schedules so they align with the new term.

The existing agreement has a 12-year term and is effective until April 15, 2030. If Amendment No. 1 is approved, the Concessions Operations Agreement with Levy will be effective through April 15, 2031.

DISCUSSION
Below is Stadium Authority staff's analysis of the proposed amendments:

1. **Amending Section 3.3 to extend the term of the agreement by one year, until April 15, 2031.**

Staff Analysis: The amendment is required by Section 3.3 in the Concessions Operations Agreement which states, "If fewer than eight (8) Home Games occur in any Fiscal Year, the Term shall be extended by one (1) year for each such season." The 49ers played less than the required number of Home Games during Fiscal Year (FY) 2020/21 (April 1, 2020 - March 31, 2021) due to the COVID-19 pandemic and resulting regional and state Stay at Home Orders. Stadium Authority

staff have no concerns with this proposed amendment.

2. **Updating the Investment Use Fee Schedule outlined under Section 5.1(k) to 1) zero out the fee for Fiscal Year 3 (FY 2020/21), 2) include a Fiscal Year 13, and 3) adjust the fee amounts for the other Fiscal Years.**

Staff Analysis: Section 5.1(k) states that the Investment Use Fee amounts shall be deducted from NFL Events and retained by Levy as the fee for the Stadium Manager's use of the concepts developed and/or equipment purchased utilizing the Initial Capital Investment, Innovation Fund, and Refresh Investment. Through the agreement, Levy is obligated to provide different sources of financial contributions to the Stadium Manager which are used for capital investments and updates, including the following:

- Capital Investment Fund ($5M): To be utilized for the Food and Beverage Facilities.
- Innovation Fund ($12M over the span of 12 years): To be used to support the implementation of modern concepts and fan experiences at the Stadium.
- Refresh Investment Fund ($5M prior to sixth year of the Agreement): To be used for ROI-producing improvements to the Food and Beverage Facilities.

The original Investment Use Fee Schedule totals $22M over the span of 12 years while the proposed schedule totals the same but over the span of 13 years. The proposed amendments to the Investment Use Fee Schedule will not impact the Stadium Authority as the Stadium Manager is responsible for those fees. Stadium Authority staff have no concerns with this proposed amendment.

3. **Pausing Levy's annual $1M contribution to the Innovation Fund for FY 2020/21 (April 1, 2020 - March 31, 2021).**

Staff Analysis: Through the agreement, Levy is obligated to contribute $1M every fiscal year to the Innovation Fund for a total of $12M. Stadium Authority staff have no concerns with pausing the contribution for one year so that the total $12M contribution aligns with the new term.

4. **Modifying the following amortization schedules through the following actions outlined under Section 4 of Amendment No. 1:**

- **Stopping the amortization for the Capital Investment and Innovation Funds from April 1, 2020 through March 31, 2021. The amortization for these two funds will resume on April 1, 2021 on a straight-line basis through the extended Term;**
- **Requiring the Refresh Investment Fund to amortize on a straight-line basis through the extended Term; and**
- **Requiring the amortization of the Hub for Next Generation Sports Entertainment Fund to re-spread and continue on a straight-line basis through the end of the extended Term.**

Staff Analysis: There are four funds that are impacted by the proposed amendment above: (1) Capital Investment Fund; (2) Innovation Fund; (3) Refresh Investment Fund, and 4) Hub for Next Generation Sports Entertainment Fund. In addition to the three funds defined in the section above, Levy is also obligated to contribute $2M to a Hub for Next Generation Sports Entertainment Fund to be used by the Stadium Manager.

In August 2020, Stadium Authority staff began requesting for the remaining balances for the different funds and the projects that they funded. The Stadium Manager provided the requested report in January 2020, which showed that the Capital Investment, Innovation and Refresh Investment Funds had funded the Concourse Line Project, kallpods, pizza ovens, griddle, dessert carts, Concessions Refresh Project, and Stadium Terrace Project. No projects had been funded by the Hub for Next Generation Sports Entertainment Fund yet. Additionally, the report showed that the Stadium Manager received the full $5M from Levy for the Initial Capital Investment Fund, which was spent on dessert carts, Stadium Terrace, and Concessions Refresh Project.

Straight line amortization is a method of recognizing the cost of assets or loans equally throughout their life or the contract term. While only the Hub for Next Generation Sports Entertainment Fund amortizes on a straight-line basis in the existing agreement, there are no concerns with the proposed changes to the Capital Investment and Innovation, Refresh Investment, and Hub for Next Generation Sports Entertainment Funds' amortization schedules as they are needed to align with the proposed term extension. Stadium Authority staff have no concerns with this proposed amendment.

For the reasons outlined above, staff recommends Board approval of the Stadium Manager's request to execute the Amendment No.1 to the Concessions Operating Agreement with Levy.

ENVIRONMENTAL REVIEW

The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment or pursuant to CEQA Guidelines section 15378(b)(4) in that it is a fiscal activity that does not involve any commitment to any specific project which may result in a potential significant impact on the environment.

FISCAL IMPACT

There are no direct financial impacts to the Stadium Authority. However, this agreement continues to be of interest to the Stadium Authority as the quality of Levy' concessions services and their capital investments are important to Levi's Stadium's operations and standard of care.

COORDINATION

This report has been coordinated with the Stadium Authority Counsel and Treasurer's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov.

ALTERNATIVES

1. Approve the Stadium Manager's request for authority to execute Amendment No. 1, with the redlined changes outlined in Attachment 3, to the Concessions Operating Agreement with Levy which will extend the term of the agreement by one year and modify the Investment Use Fee Schedule and the amortization schedules for the Capital Investment, Innovation, Refresh Investment, and Hub for Next Generation Sports Entertainment Funds to align with the new agreement term, at no cost to the Stadium Authority;
2. Do not approve the Stadium Manager's request for authority to execute Amendment No. 1 to the Concessions Operating Agreement with Levy; or,
3. Any other direction from the Board.

RECOMMENDATION

1. Approve the Stadium Manager's request for authority to execute Amendment No. 1, with the redlined changes outlined in Attachment 3, to the Concessions Operating Agreement with Levy which will extend the term of the agreement by one year and modify the Investment Use Fee Schedule and the amortization schedules for the Capital Investment, Innovation, Refresh Investment, and Hub for Next Generation Sports Entertainment Funds to align with the new agreement term, at no cost to the Stadium Authority;

CONCESSIONS OPERATING AGREEMENT

THIS CONCESSIONS OPERATING AGREEMENT (this "**Agreement**") is made as of February 20, 2018 ("**Effective Date**"), and is by and between **FORTY NINERS STADIUM MANAGEMENT COMPANY LLC**, a Delaware limited liability company ("**Manager**"), and **LEVY PREMIUM FOODSERVICE LIMITED PARTNERSHIP**, an Illinois limited partnership ("**Concessionaire**").

WITNESSETH:

WHEREAS, the CITY OF SANTA CLARA, a municipal corporation ("**City**") and the SANTA CLARA STADIUM AUTHORITY, a joint exercise of powers entity, created through Government Code sections 6500 *et seq*. (the "**Authority**"), have entered into a certain Ground Lease dated as of March 28, 2012 (as the same may be amended from time to time, the "**Ground Lease**"), pursuant to which the Authority leases certain real property from the City upon which the Authority has constructed a multi-purpose stadium (the "**Stadium**").

WHEREAS, the Authority and FORTY NINERS SC STADIUM COMPANY, LLC, a Delaware limited liability company (**"StadCo"**), have entered into a certain Amended and Restated Stadium Lease Agreement dated as of June 19, 2013 (as the same may be amended from time to time, the "**Stadium Lease**"), pursuant to which StadCo is granted the right during the term of the Stadium Lease to use and occupy the Stadium for the operation of an NFL franchise, subject to, and on the basis of, the terms, covenants and conditions set forth in the Stadium Lease.

WHEREAS, StadCo and FORTY NINERS FOOTBALL COMPANY LLC, a Delaware limited liability company ("**Team**") have entered into a certain Amended and Restated Sublease Agreement dated as of June 19, 2013 (as the same may be amended from time to time, the "**Team Sublease**"), pursuant to which, during the term of the Team Sublease, the Team plays its NFL home games at the Stadium, subject to, and on the basis of, the terms, covenants and conditions set forth in the Team Sublease;

WHEREAS, the Authority, StadCo and Manager have entered into a certain Stadium Management Agreement dated as of March 28, 2012 (as the same may be amended from time to time, the "**Stadium Management Agreement**"), pursuant to which the Manager manages the operation of the Stadium year-round on behalf of the Authority and StadCo for the term and on the basis specified in the Stadium Management Agreement;

WHEREAS, pursuant to the Stadium Management Agreement, the Manager is required to provide for the sale of food and beverages at the Stadium through concessionaires selected by StadCo and the Authority or the Manager at the request of StadCo and the Stadium Authority;

WHEREAS, Concessionaire is engaged in the concession and catering business and is experienced in (i) selling food, Alcoholic Beverages and non-Alcoholic Beverages and other products, and (ii) providing premium quality concession and catering services at arenas, stadiums and other sports entertainment facilities throughout the United States;

WHEREAS, by their acceptance and acknowledgment of this Agreement where indicated below, the Authority and StadCo have selected Concessionaire to provide certain food, beverage, and catering services at the Stadium, and have authorized the Manager to enter into this Agreement;

WHEREAS, in furtherance of the Concessionaire's selection by the Authority and StadCo as indicated herein, and the authorization given to the Manager to enter into this Agreement, the Manager and Concessionaire desire to enter into this Agreement whereby Concessionaire shall have the right to provide, and Concessionaire agrees to provide, certain food, beverage, and catering services at the Stadium, subject to the terms and conditions of this Agreement, the Stadium Lease and the Stadium Management Agreement.

NOW, THEREFORE, in consideration of the premises hereto and the mutual covenants hereinafter set forth, the Manager and Concessionaire agree as follows:

ARTICLE I

Definitions

The following terms shall have the meanings set forth below:

Accounting Period: shall mean a calendar month, of which there must be twelve (12) within each full Fiscal Year.

Additional Indemnitees: shall mean the Authority's Affiliates (including without limitation, the Authority's Board of Directors, the City, its City Council, and all City or Agency commissions, officers, employees, volunteers and agents), StadCo and its Affiliates, the Team, DeBartolo Corporation, Manager's Affiliates (if not any of the previously mentioned Persons), each other tenant of the Stadium and each Event promoter, and any mortgagee, bond trustee or other financial institution from time to time holding a lien or indenture upon Manager's interest in the Stadium, the Stadium Lease or the Stadium Management Agreement.

Affiliate: shall mean any Person directly or indirectly controlling or controlled by or under direct or indirect common control with a Person. For purposes of this definition, "**control**" when used with respect to any entity means the power to direct the management and policies of such entity, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms "controlling" and "controlled" have meanings correlative to the foregoing.

Agreement: shall have the meaning set forth in the recitals to this document.

Alcohol Laws: shall have the meaning set forth in Section 6.4(d).

Alcoholic Beverage Policy: shall mean the rules, policies and procedures established from time to time by Manager in respect of the sale, distribution, promotion and consumption of Alcoholic Beverages at the Stadium.

Alcoholic Beverages: shall mean all alcoholic drinks, including liquors, beers and wines and other malt or brewed beverages.

All-Inclusive F&B Services: shall have the meaning set forth in Section 3.1(d).

All-Inclusive F&B Service Areas: shall have the meaning set forth in Section 3.1(d).

Annual Management Fee: shall have the meaning set forth in Section 5.1(c).

Annual Preference Payment: shall have the meaning set forth in Section 5.1(b).

Architectural Drawings: shall mean certain design and architectural drawings for the Stadium, including the Food and Beverage Facilities, the Leasehold Improvements and Equipment, as more fully identified on **Exhibit A**, and as amended by the Authority, Manager, or their respective Affiliates.

Authority: shall have the meaning set forth in the recitals to this Agreement.

Authority's Commissions: shall have the meaning set forth in Section 5.1(a).

Authority Events: shall mean Non-NFL Events and Catered Events.

Authority Operating Costs: shall mean, collectively, Concessionaire's costs directly attributable to Authority Events, including (i) cost of goods sold at Authority Events (less any discount/rebate received by Concessionaire for such items); (ii) labor costs incurred in connection with Concessionaire's operation of the Food and Beverage Services at the Stadium and the Outside Areas at Authority Events in accordance with the terms of this Agreement, including, but not limited to, payroll taxes, employee parking and shuttle costs; (iii) uncollectible amounts at Non-NFL Events from the Food and Beverage Services and any cash bar at a Catered Event, including, but not limited to, uncollectibles from credit/debit card activity, provided that such amounts shall not exceed .35% of revenues from such event; (iv) the laundering of uniforms for Authority Events; (v) equipment rentals for Authority Events; (vi) cost of pest control, trash removal, janitorial service, cleaning expenses, including, but not limited to, the cost of supplies, that can be attributed to Authority Events; (vii) items specifically identified elsewhere in this Agreement as an Authority Operating Cost; (viii) insurance costs incurred by Concessionaire in connection with providing the insurance required pursuant to this Agreement that can be attributed to Authority Events; and (ix) any other costs actually and reasonably incurred by Concessionaire in connection with the Food and Beverage Services directly attributable to Authority Events, all as reported by Concessionaire to Manager on a monthly basis in substantially the form attached hereto as **Exhibit B** (as the same may be modified from time to time by mutual agreement). The Parties acknowledge and agree that costs from Cost F&B Services requested by Authority or in connection with Authority Events shall not be included as an Authority Operating Cost.

Branded Products: shall mean food or beverage products identified by a unique brand which are specifically required by Manager (for example, a brand such as "**Pepsi**").

Budget: shall have the meaning set forth in Section 5.3(j).

Catered Event(s): shall mean any event or activity, including but not limited to events or activities held before, during and after Events, that is not open or available to the general public and where services are to be paid for on a group basis by a Person (provided that Gross Receipts from Catered Events shall include receipts from any cash bar associated with such event), including activities such as weddings, parties, receptions and meetings, to be held in one or more areas within the Stadium such as conference, banquet, bar, lounge, meeting, catering and event facilities as Manager or its designee shall deem appropriate under the circumstances.

Celebrity Chef and **Celebrity Chef Program**: shall have the respective meanings set forth in Section 3.1(k).

City: The City of Santa Clara, Santa Clara County, California.

Club Areas: shall mean the premium areas identified in the Architectural Drawings as the "Club Level" (as may be modified or updated by Manager in its sole discretion) or any named "Club" areas within the Stadium.

CMMS: shall have the meaning set forth in Section 6.8(f).

Commencement Date: shall mean April 16, 2018.

Common Areas: shall mean all loading docks and facilities, freight elevators, common passage areas, employee locker rooms, employee rest rooms, and appurtenant easement and access areas thereto in the Stadium, provided such Common Areas are reasonably necessary for Concessionaire's operation of the Food and Beverage Services, but shall not include any Excluded Areas.

Concessionaire: shall have the meaning set forth in the recitals to this Agreement.

Concessionaire Preference Payment: shall have the meaning set forth in Section 5.1(c).

Concessionaire Surveys: shall mean Manager surveys, the secret shopper surveys, "voice of the fan" surveys, and third-party customer surveys developed and implemented in accordance with Section 3.1(h).

Cost F&B Services: shall have the meaning set forth in Section 3.1(d).

Customer Information: shall have the meaning set forth in Section 5.3(k).

Default Rate: shall mean a rate per annum equal to the lesser of (i) fifteen percent (15.0%) and (ii) the maximum non-usurious rate permitted by applicable law, with adjustments in that varying rate to be made on the same date as any change in that rate.

Discounts: shall mean any reduction in standard sales price offered through a coupon, code, or other method, as determined by Manager in its sole discretion, for the purchase of Refreshments or other Food and Beverages Services offered by Concessionaire.

East Legacy Club: shall mean the Club Area identified as the "East Legacy Club" in the Architectural Drawings.

Effective Date: shall have the meaning set forth in the recitals to this Agreement.

Employee Meal Program: shall have the meaning set forth in Section 3.1(b).

Employee Training Programs: shall have the meaning set forth in Section 6.2(c).

Environmental Laws: shall mean any and all federal, state and local statutes, laws, regulations, ordinances, rules, judgments, orders, decrees, permits, concessions, grants, franchises, licenses, agreements or governmental restrictions relating to pollution and the protection of the environment or the release of any materials into the environment, including those related to hazardous substances or wastes, air emissions and discharges to waste or public systems.

Equipment: shall mean all equipment, machinery, furniture, Point of Sale Devices, cash registers, security equipment, major appliances, Portables, and other tangible property, other than Smallwares, Leasehold Improvements and Office Equipment, used or needed to receive, store, freeze or refrigerate, transport, prepare, cook, display, sell and account for Refreshments at the Stadium.

Event(s): shall mean any event open to the public at large held at the Stadium. For purposes of calculating the Manager's Share of Net Receipts and the Authority's Commissions, Events operated by the Team or StadCo (or by Manager on behalf of the Team or StadCo) shall be "NFL Events," and Events operated by the Authority (or by Manager on behalf of the Authority) shall be "Non-NFL Events."

Excluded Areas: shall mean Team and visiting team locker rooms, offices of the Authority, Manager or any of their respective Affiliates or agents, back of house dressing rooms and staging areas, restaurant areas, merchandise retail areas including all "49ers Team Stores", and other similar areas designated from time to time by the Manager, in its sole discretion.

Excluded Expenses: shall mean costs not to be included in Authority Operating Costs, StadCo Operating Costs, or Joint Operating Costs, such costs being the sole responsibility of Concessionaire, and shall include (i) any legal fees not incurred in the normal course of business (i.e., litigation costs, settlement costs); (ii) insurance deductible payments; (iii) uncollectible amounts at Events from the Food and Beverage Services, including, but not limited to, uncollectibles from credit/debit card activity, provided that such amounts exceed .35% of revenues from such event; (iv) Transitional Expenses incurred by Concessionaire; (v) amortization of debt or other tax-deductible write-offs; (vi) corporate software or services costs incurred by Concessionaire not directly attributable to the Stadium; and (vii) any other costs incurred by Concessionaire that are not directly attributable to the Food and Beverage Services offered by Concessionaire at the Stadium.

Fiscal Year: shall mean the twelve (12) month period commencing April 1 of each year after the execution of this Agreement, except that the first Fiscal Year will commence on the Commencement Date and end on the next following March 31. If this Agreement expires or

terminates on a date other than March 31 of a particular year, there shall be a partial last Fiscal Year ending on the date of such termination.

Food and Beverage Facilities: shall mean all of those areas within the Stadium or the Outside Areas to be occupied and used by Concessionaire in connection with the performance of its obligations hereunder relating to Food and Beverage Services, including Concessionaire's kitchen and commissary and food and beverage service storage areas, food and beverage wash areas, pantry areas, food preparation and food and beverage cleaning areas, cafeterias, concession stands, bars, buffets, vending areas, portable stands, condiments stands, cooking, preparation, display and other back-of-house areas for Club Areas and lounges, administrative offices, money counting and record-keeping rooms dedicated to Concessionaire's operations located within the Stadium, all as shown as Concessionaire's areas on **Exhibit A** (as the same may be modified from time to time by the Authority or StadCo pursuant to the Stadium Lease, or the Manager on their behalf), but shall not include any Service Areas (except for purposes of properly controlling the sale and consumption of Alcoholic Beverages within such Service Areas), Common Areas or Excluded Areas; and all Leasehold Improvements constructed as part thereof in accordance with the Architectural Drawings.

Food and Beverage Services: shall mean the procurement, preparation, transportation, storage, service and sale of Refreshments by Concessionaire at the Stadium and Outside Areas in accordance with this Agreement, including club level concessions, services provided in lounges, Suites and restaurants, In Seat Delivery, and all game day and non-game day catering at the Stadium and Outside Areas.

Force Majeure: shall mean an act of God, riot, invasion, fire, flood, earthquake, tornado, storm, accident, strike, employee lockout or walk-out, or government interference, regulation, appropriation or rationing or any other event or condition similar to those enumerated above, that would render impossible a party's ability to perform hereunder; provided, that any NFL strike or other NFL work stoppage shall not be considered a "Force Majeure" event as applied to Manager.

General Concessions Sales: shall mean the sale of Refreshments, including all food, Alcoholic Beverages and non-Alcoholic Beverages, by Concessionaire at the Stadium and Outside Areas in accordance with this Agreement, excluding (a) In Seat Delivery, (b) the sale of Refreshments in the Club Area(s), Suites and restaurants, and (c) game day and non-game day catering at the Stadium and Outside Areas.

Governmental Authority: shall mean any and all applicable courts, boards, agencies, commissions, offices or authorities of any nature whatsoever of any governmental or quasigovernmental unit (federal, state, county, district or municipal), whether now or hereafter in existence.

Gross Receipts: shall mean the total amounts received or charged by Concessionaire or any agent or employee of Concessionaire from operations conducted throughout the Stadium and the Outside Areas hereunder, less Sales Taxes, gratuities, Service Charges paid out to Concessionaire's employees, Concessionaire employee meals, Cost F&B Services, credit card fees, Licensed Product Charges, amounts not received from bad debts associated with Catered

Events, and items sold at cost with the prior approval of Manager, including Cost F&B Services; "Gross Receipts" shall include the net amounts received by Concessionaire from third-party subcontractors, but not the amount of gross receipts generated by such subcontractors at the Stadium.

Hazardous Substance: shall mean, as of any date: (a) any petroleum or petroleum products, flammable explosives, radioactive materials, asbestos in any form that is or could become friable, urea formaldehyde foam insulation, and transformers or other equipment that contain dielectric fluid containing polychlorinated biphenyls (PCBs); (b) any chemicals or other materials or substances which as of such date are defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," "extremely hazardous wastes," "restricted hazardous wastes," "toxic substances," "toxic pollutants," "contaminants," "infectious wastes," "pollutants" or words of similar import under any Environmental Law; and (c) any other chemical or other material or substance, exposure to which or use of which as of such date is prohibited, limited or regulated under any Environmental Law.

Home Game: shall mean those NFL games (preseason, regular season, or post-season, excluding any SuperBowl) played at the Stadium by the San Francisco 49ers professional football team (such San Francisco 49ers players not to constitute "replacement players" or similar players).

House Charges: shall have the meaning set forth in Section 3.1(c).

Hub for Next Generation Sports Entertainment Fund: shall have the meaning set forth in Section 5.1(g).

In Seat Delivery: shall mean the sale and delivery of Refreshments ordered via portable electronic application and delivered to the customer's seat or premium area.

In Seat Delivery Fees: shall mean any fees added to orders placed for In Seat Delivery apart from the prices of the individual Refreshments and any gratuity provided to the delivery person, as determined in the Manager's sole discretion.

In Seat Delivery Product Sales: shall mean the gross In Seat Delivery sales, less In Seat Delivery Fees, Sales Taxes, and any gratuity paid to the delivery person.

Industry Member: shall have the meaning set forth in Section 6.4(d).

Initial Capital Investment: shall have the meaning set forth in Section 5.1(e).

Innovation Fund: shall have the meaning set forth in Section 5.1(f).

Investment Use Fee: shall have the meaning set forth in Section 5.1(k).

IPTV: shall have the meaning set forth in Section 6.11(b).

Joint Operating Costs: shall mean, collectively, Concessionaire's (i) non-attributable costs incurred in connection with Concessionaire's operation of the Food and Beverage Services

at the Stadium and the Outside Areas in accordance with the terms of this Agreement, including, but not limited to, cost of office supplies, postage, computer software, network connections, information systems infrastructure, telephone service, accounting and reporting, mutually agreed upon background checks of employees and vendors, payroll costs, including reasonable fringe benefits, employee benefits, and training costs; (ii) costs incurred for pest control, trash removal, janitorial service, cleaning expenses, including, but not limited to, the cost of supplies that cannot be attributed to Authority Events or NFL Events; (iii) cost of Utility Services; (iv) the cost of uniforms if provided by Concessionaire; (v) cost of governmental charges, such as the cost of obtaining and maintaining all necessary or required licenses or permits; (vi) cost of Smallwares and Customer Surveys; (vii) items specifically identified elsewhere in this Agreement as a Joint Operating Cost; and (viii) any other costs actually and reasonably incurred by Concessionaire in connection with the Food and Beverage Services not directly attributable to an Authority Event or NFL Events, all as reported by Concessionaire to Manager on a monthly basis in substantially the form attached hereto as **Exhibit B** (as the same may be modified from time to time by mutual agreement).

Leasehold Improvements: shall mean all equipment, fixtures, finishes, cabinetry, and construction results that are included in the Food and Beverage Facilities and attached to the physical building structure by more than an electrical or gas connection and all necessary and adequate Utility Systems for the Food and Beverage Facilities.

Legal Requirements: shall mean any and all applicable present and future laws, statutes, ordinances, decisions, decrees, rulings, rules, codes, procedures, orders, regulations, permits, certificates, licenses, and any other requirements of any Governmental Authority including, but not limited to, the City of Santa Clara Worker Retention Ordinance and Minimum Wage Ordinance, any safety laws, health laws, Environmental Laws and laws regarding the rights of and obligations of the handicapped and disabled, including the Occupational Safety and Health Act and the Americans with Disabilities Act, each as amended from time to time.

Licensed Products: shall mean any products that Manager requires Concessionaire to sell or services Concessionaire is required to use and for which Concessionaire is required to pay a Licensed Products Charge. Only such products or services which Manager specifically requires shall qualify as Licensed Products. For the avoidance of doubt, Alcoholic Beverages shall not qualify as Licensed Products.

Licensed Products Charges: shall mean the royalty, franchise and/or license charges and advertising contributions and other similar charges actually paid by Concessionaire to the holder of any intellectual property rights (such as a trademark owner) in connection with the sale or use of any Licensed Products required by Manager.

Losses: shall have the meaning set forth in Section 7.1(a).

Manager: shall have the meaning set forth in the recitals to this Agreement.

Manager Assignee: shall have the meaning set forth in Section 8.2.

Manager's Share of Net Receipts: shall have the meaning set forth in Section 5.1(a).

Management Team: shall mean the management team employed by Concessionaire at the Stadium, which as of the Commencement Date is contemplated to include (but will not be limited to) a VP Hospitality, Director of Operations, Assistant Director of Operations – Concessions, Assistant Director of Operations – Premium, Director of HR, Staffing/Scheduling Manager, Controller, Accounting Manager, Executive Chef, Executive Sous Chef, Sous Chef – Premium, Sous Chef - Premium (seasonal), Sous Chef - Concessions (seasonal), Sous Chef – Concessions, Director of Purchasing, Two (2) Purchasing Managers, Director of Concessions, GM Concessions, Two (2) Sr. Concessions Managers, Two (2) Concessions Managers, Concessions Manager (seasonal), In Seat Service Manager (seasonal), GM Suites, Senior Suites Manager, Two (2) Suites Managers, Director of Corporate Sales, Two (2) Catering Managers, GM Clubs, Sr. Club Manager, Club Manager, Two (2) Club Managers (seasonal), E15 Manager. Beverage Manager. . The job description for each of the foregoing employees will be subject to Manager's approval, provided that the parties acknowledge that the scope of job responsibilities and titles may vary by mutual agreement from time to time.

Marketing Fund: shall have the meaning set forth in Section 3.1(x).

Mortgage: shall have the meaning set forth in Section 11.12.

Naming Rights Suite: shall mean the Suite designated by Manager from time to time as the "Naming Rights Suite".

Net Receipts: shall mean the total amount of Gross Receipts from NFL Events less StadCo Operating Costs, fifty-one percent (51%) of the Joint Operating Costs, the Annual Preference Payment, the Renewal and Replacement Amount for Gross Receipts from NFL Events, the Annual Management Fee, the Concessionaire Preference Payment, and the Investment Use Fee.

NFL: shall mean the National Football League.

Office Equipment: shall mean all office furnishings, equipment and other personal property, including all computers, software, security equipment, fax machines and copiers, that are necessary or desirable to enable Concessionaire to fulfill its obligations under this Agreement.

Outside Areas: shall mean those areas surrounding the Stadium, including plazas, parking lots and Stadium grounds, shown on **Exhibit C**, excepting Excluded Areas.

Owners Club: shall mean the Club Area identified as the "Owners Club" in the Architectural Drawings.

Owners Suites: shall mean those Suites identified as the "Owners Suites" in the Architectural Drawings.

Person: shall mean any individual, corporation, partnership, limited liability company, association, trust or other entity whatsoever.

Point of Sale Devices: means the specific technological devices used to receive payment for Food and Beverage Services as provided by Manager for use by Concessionaire throughout the Term; it being understood that such devices may include, without limitation, computerized cash registers, credit/debit card swipe terminals and tags, hand held wireless transponders, radio frequency identification devices and any other type of device (current or future) that can track and store sale data at a point of sale.

Portables: shall mean any portable concession stands and bars, carts and kiosks used for the Food and Beverage Services, as applicable.

Premium Concessions Services: shall have the meaning set forth in Section 3.1(e).

Refresh Investment: shall have the meaning set forth in Section 5.1(h).

Refreshments: shall mean all food and Alcoholic and non-Alcoholic Beverage products, including meals, snacks, confections, candies and all other food and beverage products.

Renewal and Replacement Account: shall have the meaning set forth in Section 5.1(l).

Renewal and Replacement Amount: shall mean, on an annual basis during each Fiscal Year of the Term, two percent (2%) of Gross Receipts from both NFL Events and Authority Events, to fund periodic repairs and replacements of Equipment and Smallwares and other ongoing improvements of the Food and Beverage Services at the Stadium, as determined by Manager.

Sales Taxes: shall mean any and all taxes assessed based on the sales price of Refreshments or services rendered hereunder (other than any income or franchise taxes), whether assessed against the customer and collected by Concessionaire for the government or otherwise, including but not limited to any and all value added taxes that may be assessed hereafter.

Service Areas: shall mean the Common Areas in which Food and Beverage Services are provided to customers in accordance with this Agreement, including the Suites, Club Areas, lounges, bars and areas in which Catered Events are held, but excluding the Excluded Areas.

Service Charges: shall mean the amounts charged for Catered Events and the sale of Refreshments in the Suites or Club Areas or in other areas where such charges are deemed to be commercially reasonable by Concessionaire and Manager; provided, that any such charges that are greater than twenty-one percent (21%) of the amount of the invoice or the amount of the sale shall require Manager approval. Such charges shall be included in Gross Receipts and subject to Authority Commissions, except as paid out to Concessionaire's employees. The parties acknowledge and agree that a percentage of such charges shall be paid out to Concessionaire's employees in accordance with any applicable collective bargaining agreement or Legal Requirements, and as mutually agreed upon by the parties.

Smallwares: shall mean the kitchen tools of the trade, table top appliances, and chafing dishes, serviceware, portable fixtures, utensils, pots, pans, crockery, glassware, dishware, linens, display carts, table skirting, cutlery and recycling and composting containers used or reasonably necessary for use in providing the Food and Beverage Services under this Agreement.

StadCo: shall have the meaning set forth in the recitals to this Agreement.

StadCo Operating Costs: shall mean, collectively, Concessionaire's costs directly attributable to NFL Events, including (i) cost of goods sold at NFL Events (less any discount/rebate received by Concessionaire); (ii) labor costs incurred in connection with Concessionaire's operation of the Food and Beverage Services at the Stadium and the Outside Areas at NFL Events in accordance with the terms of this Agreement, including, but not limited to, payroll taxes, and employee parking and shuttle costs; (iii) uncollectible amounts at NFL Events from the Food and Beverage Services, including, but not limited to, uncollectibles from credit/debit card activity, provided that such amounts shall not exceed .35% of revenues from such event; (iv) the laundering of uniforms for NFL Events; (v) equipment rentals for NFL Events; (vi) cost of pest control, trash removal, janitorial service, cleaning expenses, including, but not limited to, the cost of supplies, that can be attributed to NFL Events; (vii) cost of new uniforms if Manager requests changes to the uniforms as a result of a Stadium naming rights change during the first eight (8) Fiscal Years; (viii) items specifically identified elsewhere in this Agreement as a StadCo Operating Cost; (ix) insurance costs incurred by Concessionaire in connection with providing the insurance required pursuant to this Agreement that can be attributed to NFL Events; and (x) any other costs actually and reasonably incurred by Concessionaire in connection with the Food and Beverage Services directly attributable to NFL Events, all as reported by Concessionaire to Manager on a monthly basis in substantially the form attached hereto as **Exhibit B** (as the same may be modified from time to time by mutual agreement). The Parties acknowledge and agree that costs from Cost F&B Services requested by StadCo or Team or in connection with NFL Events shall not be included as a StadCo Operating Cost.

StadCo Suite(s): shall mean Suites designated by Manager from time to time as Suites to be used for marketing, promotional or other internal purposes by StadCo and its Affiliates, including any unsold Suite(s) utilized for such purposes. The Food and Beverage Services to be provided to one such StadCo Suite shall be provided on a complimentary basis. Any other StadCo Suite(s) shall be charged at cost.

Stadium: shall have the meaning set forth in the recitals to this Agreement.

Stadium Lease: shall have the meaning set forth in the recitals to this Agreement.

Stadium Management Agreement: shall have the meaning set forth in the recitals to this Agreement.

Stadium Rights: shall mean all intellectual, industrial and other proprietary rights in and to (1) the design, structure or image of the Stadium or any entertainment facility therein; (2) Events held at the Stadium, including the right to copy, reproduce or otherwise utilize the same, and the copyrights and trademarks related thereto; and (3) the naming, sponsorship or other rights for the Stadium, the Team, or Events.

Stadium Safety and Security Plan: shall mean the Public Safety Plan for the Stadium, as defined in the Stadium Lease.

Suites: shall mean the private viewing boxes located in the Stadium and identified as "Suites" in the Architectural Drawings.

Team: shall have the meaning set forth in the recitals to this Agreement.

Team Suites: shall mean the Suites designated by Manager from time to time as the "Home Team Owners' Suite", the "Visiting Team Owners' Suite" and the Suites utilized by Team employees and their guests, Team sponsors and prospective sponsors, and as reasonably designated by Manager on behalf of Team.

Term: shall have the meaning set forth in Section 3.3.

Third Party Caterer: shall have the meaning set forth in Section 3.1(e).

Transitional Expenses: shall have the meaning set forth in Section 2.3(d).

Transitional Period: shall have the meaning set forth in Section 2.3.

Trophy Club(s): shall mean the Club Area(s) identified as the "Trophy Club(s)" in the Architectural Drawings.

Trophy Suites: shall mean the Suites identified as the "Trophy Suites" in the Architectural Drawings.

Utility Systems: Any water, sewage (including but not limited to all permit fees and tap fees), gas, plumbing and general lighting, electrical service, sprinkler and fire safety, telephone and telecommunication and security facilities (including telephone and telecommunications equipment), piping (including storm and waste drains and all lines, drops and heads for sprinklers), ductwork, grease extraction ductwork, conduit, wiring (including all electrical panel boards and transformers), outlets and connections and mechanicals (as applicable); heating, ventilating, and air conditioning equipment, ductwork, fans and electrical components; all applicable elevators and escalators; all Alcoholic Beverage and non-Alcoholic Beverage conduit; and all chases and drains, and electrical lines related thereto.

Utility Services: shall mean water, gas and electricity services directly related to Food and Beverage Services. As used herein, water shall mean water fit for human consumption and in compliance with all applicable laws, rules, regulations and orders.

Waste Reduction and Recycling Plan: shall have the meaning set forth in Section 6.8(b).

West Legacy Club: shall mean the Club Area identified as the "West Legacy Club" in the Architectural Drawings.

ARTICLE II

Leasehold Improvements; Transitional Services

2.1 **Manager's Responsibilities**.

(a) On or before the Commencement Date and throughout the Term, the Stadium, including all Food and Beverage Facilities and all Service Areas and the Leasehold Improvements therein, shall have been made ready for use, substantially as described in the Architectural Drawings and related construction specifications, with such changes or amendments thereto as the Authority, Manager and their respective Affiliates shall deem necessary or advisable.

(b) On or before the Commencement Date, any additional inventory of Equipment and Smallwares shall have been purchased and installed at the Stadium so that such Equipment and Smallwares will be available for their intended use by Concessionaire on the Commencement Date. Concessionaire agrees to advise and participate in the selection of the Equipment and Smallwares above and beyond the current inventory at the Stadium.

(c) Manager agrees and acknowledges that it will provide or cause to be provided, during the Term, designated office and storage space within the Stadium for use by Concessionaire, with such initial space being depicted in **Exhibit D** to this Agreement. The location of such office and storage space shall be in the sole discretion of Manager, and Manager may direct that the office and storage space be moved to a new location within the Stadium from time to time as it deems necessary. Should Manager exercise its right under this Section 2.1(c), Manager shall find suitable substitute alternate space for the office and storage space then occupied by Concessionaire. Concessionaire shall be responsible for dismantling Office Equipment and storage equipment, packing, carting, unpacking, re-assembly and all similar aspects of any move, with oversight and reasonable assistance from Manager.

2.2 **Concessionaire's Responsibilities**.

(a) On an ongoing basis during the Term, as requested by Manager, Concessionaire shall, and shall cause its consultants, architects and other advisors to, regularly consult, actively participate with, and assist the Authority, Manager and their respective Affiliates, architects, consultants and other advisors with respect to updating the design, construction and equipping of the Food and Beverage Facilities and other alterations to the Stadium developed from time to time after the Effective Date, including by participating in Stadium construction and improvement design reviews and related work streams.

(b) Subject to the terms of this Agreement, Concessionaire shall pay for all costs and expenses necessary to fulfill its obligations under this Agreement. Prior to the Commencement Date, Concessionaire and Manager shall determine any updates or changes necessary to the uniforms, Office Equipment and warehouse and transportation

equipment as required to perform the Food and Beverage Services pursuant to this Agreement, and Concessionaire shall be responsible for providing such mutually-approved uniforms, Office Equipment, and warehouse and transportation equipment, the cost of which shall be a Joint Operating Cost.

2.3 **Concessionaire's Transitional Services.**

During the period from the Effective Date through the Commencement Date (the "**Transitional Period**"), in order to facilitate a proper and orderly transition of the Food and Beverage Services at the Stadium to Concessionaire, Concessionaire shall perform the following services (collectively, the "**Transitional Services**"):

(a) ***Active Consultation***. Concessionaire shall, and shall cause its consultants, architects and other advisors to, actively participate and consult with Manager with respect to updates and changes to the design, construction, and equipping of the Stadium, including by participating in Stadium improvement design reviews and related work streams; attend all conferences (in person or by telephone) and teleconferences as requested by Manager; assist with and comment on (but not produce) criteria, studies, analyses, reports, comments, drawings and other documents as requested by Manager; resolve any problems that may arise concerning Concessionaire's responsibilities and work, provide clarifying details as required by Manager; and make recommendations regarding changes or updates to the design and location of areas of the Stadium for which services will be provided by Concessionaire under this Agreement. When necessary, and to the extent requested by Manager, Concessionaire shall consult with public agencies and other organizations. Concessionaire shall attend all Stadium design, development, interface and coordination meetings which may be required by the City or other governmental entities and their departments to review matters related to the Stadium, promote the mutual understanding of the work in progress, and expedite the completion of the work.

(b) ***Operating Standard.*** Concessionaire shall: (i) take all actions reasonably necessary to cause the Food and Beverage Services at the Stadium to be ready by the Commencement Date in accordance with such standards, policies, and programs as the Authority and StadCo may, in their sole discretion, choose to implement, including standards and policies applicable to all phases of operation and programs such as purchasing programs, sales, marketing and promotion programs, accounting programs and methods, and quality improvement programs; and (ii) comply with all rules, regulations and policies implemented, from time to time, by the NFL, related to use or operation of the Stadium, that is consistent with practices of Manager, StadCo, and the Authority.

(c) ***Personnel.*** Concessionaire shall perform the following responsibilities to allow the Concessionaire to satisfy its obligations hereunder:

(i) identify a Management Team and such other Concessions personnel as are necessary or advisable for the proper staffing of the Food and

Beverage Services prior to the Commencement Date in accordance with the terms and conditions of this Agreement;

(ii) obtain the prior, written consent of Manager for any and all changes to the Management Team; and, within fifteen (15) business days of the removal of a Management Team member, provide Manager with the resume of a qualified, proposed replacement, the appointment of which Manager may in its sole discretion, reject; and

(iii) if requested by Manager, arrange for other personnel with stadium experience to assist with the transition of the Food and Beverage Services at the Stadium to Concessionaire.

(d) ***Expense Reporting.*** Concessionaire shall submit a report to StadCo detailing all costs and expenses actually incurred by Concessionaire in the fulfillment of its obligations under this Section 2.3 (collectively, "**Transitional Expenses**") that are categorized as an Authority Operating Cost, a StadCo Operating Cost, or a Joint Operating Cost. Such report shall be in a form to be agreed between StadCo and Concessionaire.

(e) ***Initial Inventory; Equipment.*** Concessionaire shall cooperate with Manager to prepare an inventory of Equipment (including Portables) and Smallwares located in the Stadium, and will, as requested by Manager, develop a plan for any updates or changes thereto within sixty (60) days of the Effective Date. In addition, Concessionaire shall, as and to the extent requested by Manager, assist Manager in the acquisition of the new or updated inventory of Equipment and Smallwares, which will allow for the full operation of the Stadium by the Commencement Date. New or updated Portables, Smallwares, Point of Sale Devices, and menu boards may be purchased as required, utilizing the Renewal and Replacement Account, for the efficient performance of the Food and Beverage Services, as determined by Manager or as determined by Concessionaire and approved in writing by Manager.

(f) ***Licenses and Permits.*** Concessionaire shall apply for and procure (in the name of the party designated by Manager, unless otherwise required by the applicable governmental authority) prior to the Commencement Date all licenses and permits for providing Food and Beverage Services as required by the Santa Clara County Health Department, other governing agencies, and/or at the request of Manager. The cost to apply for and procure the licenses and permits shall be a Joint Operating Cost notwithstanding the fact that the cost is incurred during the Transitional Period.

(g) ***Computer Services***. To the extent that any of the computer services required to be provided under this Agreement are needed to be implemented, installed and/or tested during the Transitional Period to accommodate the timely and orderly transition of the Food and Beverage Services at the Stadium, Concessionaire will, as and to the extent requested by Manager, provide such services not less than thirty (30) days prior to the Commencement Date.

(h) ***Initial Budget.*** Within ninety (90) days of the Effective Date, Concessionaire shall prepare and deliver to the Manager for review, a proposed operating plan and budget for Concessionaire's initial Fiscal Year, including financial and operational goals for the Branded Products, Catered Events, Club Areas, All-Inclusive areas, General Concessions Sales, In Seat Delivery, Suites and vending machines market segments, service fees, commissions, and itemized tactics directed at meeting each such goal.

(i) ***Development of Unique Food and Beverage Services.*** Concessionaire shall use its best efforts to develop (in cooperation with Manager and such other designees and consultants for Manager that may be engaged in their discretion, including third-party chefs and food and beverage product providers) unique Stadium-specific food and beverage offerings and Food and Beverage Services concepts (collectively, "**Proprietary Stadium Concepts**"). All Proprietary Stadium Concepts shall be sufficiently documented by Concessionaire in such detail (descriptive and graphical) as shall be satisfactory to Manager, with copies filed with Manager. To the extent the Proprietary Stadium Concepts incorporate a design or slogan developed specifically for Manager or any Proprietary Stadium Concept that is unique to the Stadium, Concessionaire shall not use such design or slogan, or recreate such Proprietary Stadium Concept, for use in any other venue managed by Concessionaire. By way of example, if Concessionaire develops a speciality hot dog product called a "Faithful Frank," which such specialty hot dog contains an ingredient not typically associated with hot dogs, Concessionaire shall not recreate such speciality hot dog or use the term "Faithful Frank" in any other venue managed by Concessionaire. Notwithstanding the foregoing, nothing herein shall limit Concessionaire's right to (x) serve hot dog products at other venues or (y) serve a substantially similar speciality hot dog if (and only if) such specialty product is being reproduced, in whole or in part, legally by other similar food and beverage providers (wherever located), *provided* in no event shall Concessionaire serve a substantially similar specialty hot dog in the northern California during the Term, unless authorized by Manager. Subject to the foregoing sentence, Concessionaire hereby grants to each of the Authority and StadCo an exclusive, perpetual, transferable, sub-licensable, royalty-free and fully-paid up license to utilize, implement, copy or reproduce the Proprietary Stadium Concepts, create derivative works based on the Proprietary Stadium Concepts ("**Derivative Concepts**"), utilize and implement the Derivative Concepts, and incorporate the Proprietary Stadium Concepts and Derivative Concepts into one or more collective new concepts and reproduce the Proprietary Stadium Concepts and Derivative Concepts as incorporated into such collective concepts, in their sole discretion. The Authority, StadCo and Concessionaire further acknowledge and agree that their respective obligations set forth in the immediately preceding sentence shall survive the termination of this Agreement.

2.4 **Transitional Payments; Audit Rights.**

(a) **Payment of Transitional Expenses.** Except as provided herein, Concessionaire shall be responsible for all of its expenses and related costs necessary and advisable for Concessionaire to fulfill its obligations under Section 2.3 of this Agreement during the Transitional Period, as detailed in **Exhibit L** to this Agreement.

(b) **Audit Rights**. Manager shall, at any time prior to the Commencement Date and during the six (6) months following the Commencement Date, have the right upon reasonable prior written notice to Concessionaire, for the purpose of verifying Transitional Period expenses, to audit and verify all books and records of Concessionaire pertaining to Transitional Period expenses that are categorized as Authority Operating Costs, StadCo Operating Costs, and Joint Operating Costs. Any audit and verification pursuant to this Section shall be conducted in such a fashion as to interfere as little as reasonably practicable with Concessionaire's normal business operations and during normal business hours. Concessionaire shall cooperate with Manager and its auditors in connection with such audit and shall promptly make available to Manager and its auditors any and all information relating to the Stadium that they may reasonably request in connection with such audit.

ARTICLE III

Grant of Operating Rights and Obligations; Term

3.1 Scope of Operating Rights and Obligations; Reservation of Rights.

(a) Subject to the terms of this Agreement, Manager hereby, on behalf of the Authority and StadCo, grants Concessionaire the exclusive rights to provide, and Concessionaire hereby agrees to provide, the Food and Beverage Services in the Stadium and throughout the Outside Areas for all Events and Catered Events held at the Stadium during the Term at the levels of service identified in **Exhibit F**; and Concessionaire acknowledges that such agreement includes the requirement that, on or before the Commencement Date, Concessionaire shall have procured and secured all personnel, Refreshments, and any additional Smallwares and Equipment necessary to provide Food and Beverage Services in the Stadium and, as applicable, throughout the Outside Areas for an Event and/or Catered Event(s) occurring on the Commencement Date in a first-class manner. Notwithstanding the foregoing or anything else to the contrary in this Agreement, the grant to Concessionaire shall not (i) include any right to provide Food and Beverage Services in any Excluded Area, unless otherwise requested by the Manager or, with the consent of Manager, authorized promoters of Events or licensees or lessees of the Stadium; (ii) preclude the Authority, Manager, any of their respective Affiliates or, with the consent of Manager, other licensees or lessees of the Stadium or their sponsors from providing, from time to time, reasonably-sized free samples of Refreshments; (iii) include the right to receive any membership dues or other similar payments collected at the Stadium in respect of Club Areas, Suites, or any other services or activities; (iv) preclude or inhibit Manager from ordering Refreshments to any location in the Stadium or Outside Areas from any Third Party Caterer (as defined below), including the sale of such Refreshments to guests within such area by Manager or such Third Party Caterer at any time; and (v) preclude or inhibit, in any manner, Manager's exercise of its rights under this Section 3.1.

(b) Concessionaire shall provide a mutually agreed Event-day meal service to those employees and contractors of Concessionaire, the Authority, Manager and any of their respective Affiliates engaged in work at the Stadium (the "**Employee Meal**

Program") in a location(s) as mutually agreed upon by the parties. The Employee Meal Program shall consist of entrées and sides, which shall be prepared in an economical and efficient manner consistent with the reasonable expectations of Manager. Concessionaire shall charge the employees and contractors the fixed per-customer price for the Employee Meal Program of the cost of such meal, as mutually agreed upon the Concessionaire and Manager. In addition, Concessionaire shall provide officers and executives of Manager and any of its Affiliates Refreshments and any services in respect of a Catered Event requested by any of them at cost and shall provide Refreshments and any services in respect of a Catered Event for Team partners or sponsors at a mutually agreed upon discounted rate, and the amount of such discount will be excluded from Gross Receipts. All charges for the Employee Meal Program and Refreshments under this Section 3.1(b) shall be payable by the applicable employees and contractors by an agreed upon unique identifier (with payment assurance reasonably acceptable to Concessionaire), cash or credit card (or by such other method of payment that is then commonly accepted for any retail sale), and not the Authority, StadCo, Manager or any of their respective Affiliates (unless they elect to pay for their employees or contractors or other designated Persons). Concessionaire's charges for a Catered Event that was requested by Authority, StadCo, Manager or any of their respective Affiliates shall be invoiced to the requesting Person within two (2) days following such Catered Event; any such invoice shall set forth in reasonable detail all food and beverage items provided and the costs of each, including labor, and such invoice shall be paid within thirty (30) days of receipt. Except as may otherwise be approved by Manager, Concessionaire shall not sell Refreshments to Manager's Event-day employees or contractors at a concession stand or public outlet during any time that the Stadium is open to the general public.

(c) Concessionaire shall provide Food and Beverage Services: (i) in the Team Suites and StadCo Suite(s), (ii) for members of the media on Event days in media areas and media dining areas selected by Manager, and (iii) to the Authority, Manager, and their respective Affiliates at meetings, events and functions conducted by any of them at the Stadium. Except as otherwise provided in the definition of StadCo Suite(s) above, the Food and Beverage Services to be provided in each case under clauses (i) through (iii) shall be charged at cost. Such Food and Beverage Services shall be provided as requested by the Authority, Manager or their respective Affiliates, as the case may be, and shall be billed to (A) Manager, in the case of the Team Suites and StadCo Suite(s) and the media on the date of the Team's game following such Event, and (B) the applicable party (the Authority, Manager or the applicable Affiliate of either) conducting the meeting, event or function under clause (iii) above. All revenues received by Concessionaire pursuant to this Section 3.1(c) shall be deemed "**House Charges**" for purposes of this Agreement and shall not be included in Gross Receipts or charged separately to StadCo Operating Costs, Authority Operating Costs, or Joint Operating Costs. Manager and Concessionaire shall jointly develop a system to ensure the correct accounting for such House Charges. House Charges shall be payable to Concessionaire by the applicable Person to whom they are billed as indicated above, within thirty (30) days after billing. Concessionaire shall not offer any discounts (other than those reflected in House Charges or as part of the Discounts) to customers at the Stadium without the prior written approval of Manager.

(d) Concessionaire shall provide Food and Beverage Services in the Owners Club, West Legacy Club, East Legacy Club, and in such other areas as Manager may designate from time to time in its sole discretion (collectively, when used on an all-inclusive basis, the "**All-Inclusive F&B Service Areas**"), on an "all-inclusive" basis for designated NFL and/or Authority Events (the "**All-Inclusive F&B Services**"). Concessionaire shall, with input from and the approval of Manager, develop the menus and determine the product selection (but not Brand selection with respect to Alcoholic Beverages) and service setup for such all-inclusive services. Concessionaire and Manager shall mutually agree on the price per person for all-inclusive services at All-Inclusive F&B Service Areas operated by Concessionaire; provided, that such pricing shall be sufficient to cover Concessionaire's reasonable, direct costs of providing Food and Beverage Services to the All-Inclusive F&B Service Areas and the pricing for such All-Inclusive F&B Services shall include a profit-margin substantially similar to Concessionaire's profit-margin for the other Food and Beverage Services provided by Concessionaire at the Stadium. A separate invoice shall be rendered for such all-inclusive services after each Event, which invoice shall include such back-up cost documentation as Manager may reasonably request. Manager may elect to exclude certain Refreshments (such as Alcoholic Beverages) from the all-inclusive services, in which event Concessionaire shall provide for direct payment by customers, by cash, credit card or an agreed upon unique identifier (with payment assurance reasonably acceptable to Concessionaire), for those Refreshments specifically excluded from the all-inclusive services. Incremental revenues from all sales of Refreshments in All-Inclusive F&B Service Areas, and all revenues from sales of excluded items, shall be included in Gross Receipts. For All-Inclusive F&B Service Areas, the Employee Meal Program, House Charges, and any other "at cost" Food and Beverage Services to be provided by Concessionaire hereunder (collectively, "**Cost F&B Services**"), Concessionaire shall provide for Manager's approval, in advance of the designated Event, a proposed menu for such Cost F&B Services, detailing the specific items to be served, portion size, type and quality of product, type and level of service and Concessionaire's price for such items. The parties shall agree on the method of calculation for Concessionaire's price and reimbursement of the foregoing menu items prior to the start of each NFL season; provided, that such pricing shall be sufficient to at least cover Concessionaire's reasonable, direct cost. The parties agree and acknowledge Cost F&B Services shall not be included in Gross Receipts or subject to commissions. For purposes of illustration and clarification of the foregoing, Concessionaire's pricing of Cost F&B Services shall be calculated based on (i) the actual costs of goods sold, (ii) Concessionaire's direct on-site hourly payroll expenses, including taxes, fringe and benefits, relating to the employees providing the Cost F&B Services, (iii) a mutually agreed upon reasonable allocation of the direct on-site salaried payroll expenses for the Management Team, including taxes, fringe and benefits, to the extent directly relating to the provision of Cost F&B Services; (iv) other direct costs of providing Cost F&B Services, such as the cost of linens, napkins, flowers and other decorative items, cleaning supplies, utilities and equipment rental utilized in the provision of such Cost F&B Services. Concessionaire's pricing of Cost F&B Services shall not include any of Concessionaire's insurance costs, selling, advertising or marketing costs, depreciation or amortization or Concessionaire's general and administrative expenses. Manager shall have the right to add or change items to be

sold in Concessionaire's providing Cost F&B Services, and Concessionaire shall use commercially reasonable efforts to accommodate such additions and changes. The parties shall work in good faith to establish a written schedule and process for prior approval of the pricing of Cost F&B Services which will permit Concessionaire to operate in a commercially reasonable manner. Upon approval of Manager, including with respect to the allocation of the salaried payroll expenses for the Management Team as described in clause (iii) above, which approval shall not be unreasonably withheld, conditioned or delayed, the proposed pricing of Cost F&B Services shall be the basis for all the amounts that are billed by Concessionaire to Manager or other applicable person or entity, and Concessionaire shall provide Manager with detailed reporting of all Cost F&B Services on a monthly basis in substantially the form attached hereto as **Exhibit K** (as the same may be modified from time to time by Manager). Following each NFL season, the parties will meet and confer on the particulars of the Food and Beverage Services, including the Cost F&B Services, and shall discuss in good faith whether any adjustment in the amount paid by Manager in the menu or service provided by Concessionaire in each area is warranted for the following NFL season.

(e) Concessionaire shall, at the request of Manager and with respect to any Event or Catered Event, establish and maintain premium Food and Beverage Services ("**Premium Concessions Services**") in one or more of the Club Areas and in such other areas of the Stadium as may be designated by Manager from time to time. In connection with the provision of Premium Concessions Services, Concessionaire shall take all actions necessary to train its personnel, create menus and provide such other services as may be necessary or useful in connection therewith, including the development and ongoing operation of the Celebrity Chef Program described in Section 3.1(k). Concessionaire may be reasonably required by Manager to, or may elect to with the consent of Manager, utilize the services of a third-party catering service approved or designated from time to time by Manager ("**Third Party Caterer**") in connection with providing Premium Concessions Services; provided, that, in the event Manager requires Concessionaire to utilize a Third Party Caterer, Concessionaire shall not be held liable for the acts or omissions of such Third Party Caterer, except as such acts or omissions occur under the direction or supervision of Concessionaire. Manager may book Catered Events itself or through other Persons and may utilize (or cause to be utilized) the services of Concessionaire, Third Party Caterer, either or both of them, or any other service provider for such Catered Events or other Events at the Stadium. As necessary under the agreement for any such Event or Catered Event, Concessionaire shall provide, by renting from a third party (which rental costs may be passed on to customers), all Smallwares (not otherwise provided pursuant to this Agreement) and other supplies and equipment reasonably necessary to provide Food and Beverage Services at each such Event or Catered Event, any costs of which shall be an Authority Operating Cost or StadCo Operating Cost, as appropriate. Concessionaire shall be entitled to receive from each customer holding an Event or Catered Event fees for Food and Beverage Services provided by Concessionaire based upon a pricing schedule agreed upon by Manager and Concessionaire, which fees shall be included in Gross Receipts for purposes of this Agreement if not in connection with Cost F&B Services. All other amounts payable by the customer with respect to the Event or Catered Event to the Third Party Caterer or Manager directly, including any facility use fee, shall be determined by and payable

exclusively to Manager, Third Party Caterer, and/or approved third-party, as determined by Manager, and shall not be included in Gross Receipts.

(f) After the Commencement Date, Concessionaire shall, on an annual basis on or before February 1 present to Manager a program containing a specific proposal for financial and operational goals for the Branded Products, Licensed Products, Catered Events, Club Areas, General Concessions Sales, In Seat Delivery, Suites and vending machines segments, and such other segments as Manager may from time to time identify and designate, as well as itemized tactics directed at meeting each goal identified within a one-year period from the date designated by Manager under this Section 3.1(f). While the parties shall negotiate in good faith in establishing agreed-upon pricing for each market segment, Manager shall have the ultimate right of approval or disapproval of each and every pricing term.

(g) Concessionaire shall provide the Food and Beverage Services in a professional, first class and innovative manner and in accordance with (i) the terms of this Agreement, (ii) all applicable Legal Requirements, (iii) all standards implemented, from time to time, by Manager relating to health, safety, quality and operating issues (subject to Section 6.2 with respect to employment matters), and (iv) all rules, regulations and policies implemented, from time to time, by the NFL, related to use or operation of the Stadium, and Concessionaire acknowledges that, without limiting any other provision of this Agreement, the foregoing requirement is a "material obligation" for purposes of Section 9.1. All Refreshments served in connection with any Food and Beverage Services shall be of premium quality and freshness and shall be prepared, stored and served in a healthful and gracious manner, with due regard for providing a premium level of service. Concessionaire shall use commercially reasonable efforts in locally sourcing all Refreshments and products utilized in connection with any Food and Beverage Services.

(h) Concessionaire's performance shall be subject to review by Manager based on various forms, including surveys and customer feedback which measure the customers' satisfaction with the quality of the Refreshments and Food and Beverage Services provided at the Stadium ("**Concessionaire Surveys**"). The cost of such Concessionaire Surveys shall be a Joint Operating Cost. The content, implementation, timing, location, data gathering methodology and other terms and procedures of such Concessionaire Surveys shall be mutually agreed upon by the parties each Fiscal Year. Concessionaire and Manager shall review the Customer Surveys on an annual basis to determine whether performance level requirements mutually agreed upon by the parties have been met by Concessionaire during the previous Fiscal Year. The hard and soft copies and results of all Concessionaire Surveys shall be the property of Manager and shall be promptly surrendered to Manager upon request.

(i) All Food and Beverage Services shall be conducted from the Food and Beverage Facilities and in a manner which is consistent with the Stadium Lease and Stadium Management Agreement. In connection therewith, Concessionaire acknowledges that the use of the Stadium and Outside Areas are subject to the terms and conditions of, and Concessionaire agrees to conduct all Food and Beverage Services in

accordance with, the Stadium Lease, Stadium Management Agreement and any other applicable agreements, but only to the extent Concessionaire has been notified of the applicable provisions of such agreements.

(j) Concessionaire shall, at all times, abide by the Alcoholic Beverage Policy. The decision as to whether or not Alcoholic Beverages may be sold at an Event, at any time during the conduct of an Event, or in any particular area or areas of the Stadium shall be at the sole discretion of Manager or Manager's designee for a particular Event. Chewing gum and tobacco products, except those products sold with Manager's approval as part of a themed smoking area such as a "cigar bar", may not be sold by Concessionaire in the Stadium or Outside Areas, and Manager reserves the right during the Term to specify other products and services which may not be sold by Concessionaire and agrees to provide notice to Concessionaire of any such prohibition.

(k) Manager, and any Affiliate thereof, may from time to time during the Term, require Concessionaire to engage a chef and/or other cooking and food products and beverage personnel (each designated Person, for purposes of this Agreement, a "**Celebrity Chef**") designated by Manager to prepare meals or provide Refreshments (including Alcoholic Beverages) in the Owners Club or other Club Area (e.g., as part of a special culinary or beverage experience program; each, a "**Celebrity Chef Program**"). The Celebrity Chef Program shall be designed as a marketing and amenity program to deliver signature dishes of the Celebrity Chef's making and/or wine or other specialty beverages, as the case may be, to patrons in the designated areas. The costs of such Celebrity Chef and other personnel shall be an Authority Operating Cost if Concessionaire agrees to engage such Celebrity Chef for Authority Events or a StadCo Operating Cost if such Celebrity Chef is engaged for NFL Events, unless Manager elects to pay such costs directly, and Concessionaire shall provide kitchen facilities, implements, support personnel, and ingredients as required by Manager to facilitate said Celebrity Chef Program and such other related services. Concessionaire shall be entitled to receive fees for Food and Beverage Services provided by Concessionaire in the designated area during a Celebrity Chef Program based upon a pricing schedule agreed upon by Manager and Concessionaire, which fees shall be included in Gross Receipts for purposes of this Agreement if not in connection with Cost F&B Services. All other amounts payable by the customer/patrons with respect to the Celebrity Chef Program, including any facility use fee, shall be determined by and payable exclusively to Manager, Celebrity Chef, and/or approved third-party, as determined by Manager.

(l) Manager expressly reserves the right to reasonably require Concessionaire to modify its Food and Beverage Services (including the normal selection of and pricing for Refreshments) on an Event by Event (and Catered Event) basis or during an Event or Catered Event, and Concessionaire shall make such modifications as reasonably requested.

(m) Concessionaire shall provide to Manager, prior to every Event for Manager's approval, its proposed plan for In Seat Delivery based upon data specific to such event. Concessionaire and Manager shall meet prior to each event at which In Seat Delivery is available to discuss Concessionaire's proposed plan, provided that Manager

shall direct Concessionaire with respect to appropriate staffing levels for In Seat Delivery Sales for NFL Events and Non-NFL Events.

(n) Concessionaire shall use exclusively permanent Smallwares in the Owners Club and, to the extent reasonably practicable, in other Club Areas and Suites designated by Manager from time to time where private dining areas may be established, including, without limitation, the Team Suites, StadCo Suite(s), Naming Rights Suite and, unless specified by Manager, for all Catered Events. Concessionaire may use disposable Smallwares in the general concession areas and in all other Suites and Club Areas. All Smallwares (permanent and disposable) must be approved by Manager, and Manager may require higher quality items in certain areas. All disposable items shall meet the intent and policy of the Stadium recycling, sustainability and composting program. All items not considered permanent Smallwares will be recyclable or compostable items. Concessionaire shall provide and at all times maintain a sufficient stock of all Smallwares inventory. Concessionaire shall be responsible for setting up and tearing down Smallwares and Equipment for all Events and Catered Events, including any work tables supplied or requested by Manager.

(o) Concessionaire shall be responsible for all Food and Beverage Services operating costs, including, but not limited to: (i) the costs of Refreshment items and staffing, including all managerial and Event staff (which shall be Authority Operating Costs or StadCo Operating Costs); (ii) items used in preparation and service of food and beverages, replenishing the supply of uniforms, payment of applicable taxes not included in Sales Taxes, and the training of Concessionaire's employees (which shall be Joint Operating Costs; and (iii) replenishing the supply of Smallwares, the maintenance and repair of Equipment as described herein (which may utilize the Renewal & Replacement Account or allocated as a Joint Operating Costs, as determined by Manager in its sole discretion). As described in greater detail in Section 6.8, Concessionaire agrees to fully abide by all sustainability and reuse programs established for or applicable to the Stadium, as each may be modified from time to time following the Effective Date.

(p) Without limiting the generality of any other provision in this Agreement, Concessionaire's provision of the Food and Beverage Services shall be subject to the reasonable prior approval of Manager acting in conjunction with Concessionaire, including but not limited to staffing, number of Service Areas, menu portions, pricing, food and non-alcoholic beverage products sources of supply and brand selection, manner of Concessionaire's performance, selection of subcontractors and Concessionaire's execution of any contract or agreement with a subcontractor. Concessionaire shall not offer exclusivity to any supplier without the prior written approval of Manager. Each and every subcontractor utilized by Concessionaire in connection with the Food and Beverage Services at the Stadium shall be subject to the prior approval of Manager in writing.

(q) In order for Concessionaire to provide Manager with high quality Refreshments and in order for Concessionaire to maintain the high standards of operations that it requires, Concessionaire shall purchase inventory, equipment, and services from various sellers and vendors selected by Concessionaire (each, a "**Vendor**"), subject to Manager's prior approval through the Budget approval or other written

approval. Purchases from Vendors shall be made under such terms Concessionaire deems acceptable ("**Vendor Terms**"). The parties agree that if Concessionaire uses its usual Vendor programs, then the rebates that Concessionaire receives as part of such programs will be allocated to the applicable operations based on Concessionaire's allocation percentages, which is a percentage of food cost of goods purchased in Concessionaire's usual purchasing programs. Concessionaire covenants that the Vendor Terms will not: (i) impair the quality of the Refreshments served by Concessionaire (as compared to comparable items served at other similar venues in which Concessionaire or its affiliates provides food and beverage service), or (ii) increase the costs for such items (as compared to the Concessionaire's pricing for comparable items of similar size served at other similar venues in which Concessionaire or its affiliates provides food and beverage service). The foregoing shall be in accordance with any applicable federal, state, or local statute, law, code, regulation, or ordinance, including without limitation those pertaining to Alcoholic Beverage service. Excluding Alcoholic Beverage purchases, Alcoholic Beverage service, and upon good-faith consultation with Concessionaire, Manager shall have the right to assume responsibility of the purchase of specific inventory, equipment, and services required under this Agreement for the Food and Beverage Services that Manager determines may provide operational efficiencies or other cost savings as a result of such assumption, and shall have the right to bill Concessionaire for such items as a Joint Operating Cost, Authority Operating Cost, or StadCo Operating Cost, as appropriate.

(r) If at any time, Concessionaire fails or is otherwise prevented from providing all or any portion of the Food and Beverage Services whether due to a suspension or termination of any licenses or permits, Force Majeure or otherwise, then, in addition to any other right of Manager, Manager shall have the right, in its sole discretion, without the payment of any kind to Concessionaire, to provide through any available means the Food and Beverage Services, or any portion thereof, until such time as Concessionaire has resumed its provision of the Food and Beverage Services, or a portion thereof. In the event Manager exercises its rights pursuant to this Section 3.1(q), Concessionaire shall, and shall cause its employees and the Management Team, to cooperate and assist Manager in providing the Food and Beverage Services.

(s) Subject to Section 3.1(a), Concessionaire shall not interfere with the free distribution of reasonably-sized samples of Refreshments as authorized under this Agreement.

(t) Concessionaire shall provide a written report twenty-four (24) hours prior to each Event and Catered Event of any Equipment that will not be fully operational during such Event or Catered Event. Each report shall provide the potential mitigation programs and the estimated time that it will take for such Equipment to once again become operational.

(u) Upon the request of Manager, Concessionaire shall provide unique Food and Beverage Services which may or may not be prepared by Concessionaire and may be provided by other mutually agreed vendors or caterers, including kosher, Indian or other

ethnic and specially prepared foods, as regular specialty menu items or with respect to specified Events, Catered Events, or functions.

(v) Manager expressly reserves the right to pursue, develop, and establish a reasonable number of arrangements relating to the sale of Refreshments through select third parties within the Food and Beverage Facilities, as follows: (i) a limited number of established local/regional restaurants which in the aggregate provide for not more than twenty (20) points of sale, (ii) not more than six (6) branded franchises in connection with Stadium sponsorship arrangements, and (iii) a limited number of providers of Refreshments in which the Manager or an Affiliate has financial equity, which in the aggregate provide for not more than fifty (50) points of sale within the Food and Beverage Facilities. Manager shall have the right to select the location of such points of sale in its sole discretion. There shall be no limitation relating to the sale of Refreshments in any third-party lease space programmed on the exterior of the Stadium building. Manager may establish such third-party arrangements on its own or may require that Concessionaire accept as a third-party subcontractor any such Person, and such third-party subcontractor shall enter into a subcontractor agreement with Concessionaire that is acceptable to Manager and Concessionaire. However, Concessionaire shall not be forced to enter into franchise agreements with third parties. No off-site or subcontracting of any Food and Beverage Services shall be undertaken or permitted by Concessionaire without the prior written approval of Manager.

(w) For any third-party arrangement directly contracted between Manager and the third-party Refreshment provider for point-of-sale space with the Food and Beverage Facilities during Events, any revenues from the third-party's sale of Refreshments at the Stadium shall not be included in the calculation of Gross Receipts. Concessionaire shall provide back office support, payment processing, accounting, financial reporting to Manager, and janitorial services for the third party, and shall provide such other concessions support services as mutually agreed upon by the parties. As compensation for such services provided by Concessionaire under this section, Concessionaire shall receive seven and a half percent (7.5%) of revenues collected from the third-party's Refreshments, less Sales Taxes, gratuities, and credit card fees.

(x) Concessionaire shall establish a complete inventory of all Equipment and Smallwares and shall at all times maintain an accurate inventory of the location of these items within the Stadium. As a part of its ongoing responsibility for maintenance and repair of the Equipment, Concessionaire shall at all times maintain full and complete electronic records of maintenance and repair activities with respect to each piece of Equipment. Copies of these inventory and maintenance records shall be provided to Manager on as requested.

(y) Prior to the commencement of each Fiscal Year of the Term, Concessionaire shall coordinate in good faith with Manager to develop a marketing plan to promote Concessionaire's catering services for Catered Events at the Stadium for such Fiscal Year. Both Concessionaire and Manager (on behalf of the Authority) shall each contribute Twenty Five Thousand Dollars ($25,000.00) per Fiscal Year towards mutually agreed upon revenue-generating initiatives to improve Catered Events at the Stadium (the

"**Marketing Fund**"). The Marketing Fund shall be used exclusively for such purposes and all proposed expenditures of the Marketing Fund shall be mutually agreed upon by Concessionaire and Manager. Any unused portion of the Marketing Fund shall be rolled over into the subsequent Fiscal Year.

(z) Concessionaire shall perform such other responsibilities ancillary to Manager's operating of the Stadium as reasonably requested by Manager, to the extent permitted by applicable law and provided such performance does not result in a material and substantial increase in Authority Operating Costs. By way of example, in the event lottery ticket machines are installed at the Stadium, Concessionaire shall provide sale and redemption services for customers utilizing such machines at the Stadium, within the vicinity of such machines.

3.2 **Permission to Occupy and Use Facilities and Equipment**.

(a) Subject to the terms and conditions of this Agreement (including, without limitation, Section 3.1), and subject to any restrictions imposed by the Authority, StadCo, or any of its Affiliates, including pursuant to the Stadium Lease and Stadium Management Agreement, Manager hereby grants Concessionaire permission to occupy and use during the Term (and at such earlier time prior to the Commencement Date as Manager deems necessary) all Food and Beverage Facilities and Equipment, whether now existing or hereafter constructed or located within the Stadium, in conjunction with Concessionaire's exercise of its right to operate the Food and Beverage Services, as applicable. Concessionaire agrees to distribute the vertical transportation of the Food and Beverage Services so as to reduce and limit the transport of items through a public or premium area. Manager also hereby grants Concessionaire permission to occupy and use, during the Term and at such earlier time following the Effective Date as Manager deems necessary, all Common Areas and Service Areas, and appurtenant easements and access areas thereto, to the Food and Beverage Facilities to the extent necessary for the customary and reasonable operation of the Food and Beverage Services. Notwithstanding such use of the Service Areas, the parties hereto acknowledge that Concessionaire shall have control over such areas during Events to the extent required to enforce all laws, rules and regulations of the State of California, and the California Department of Alcoholic Beverage Control related to the service of Alcoholic Beverages, all as more particularly described in Section 6.4 below. The use by Concessionaire of all Common Areas shall be subject to all Legal Requirements and any rules, regulations and policies established by the Authority, StadCo, and/or Manager from time to time, including scheduling rules, regulations and policies.

(b) Notwithstanding the foregoing, and subject to any restrictions imposed by the Authority or StadCo, including pursuant to the Stadium Lease and Stadium Management Agreement, Manager and its designated agents reserve the right of access to all areas Concessionaire is permitted to access, use and occupy hereunder for purposes of operating, inspecting, maintaining and repairing the Stadium (and all improvements therein or thereon and all Utility Systems related thereto) and for the purpose of determining whether the terms, covenants and conditions contained in this Agreement are being fully and faithfully observed and performed by Concessionaire. Use of any space

or property Concessionaire is permitted to access, use and occupy hereunder for purposes other than the operations to be conducted under this Agreement, without prior written approval of Manager in its sole discretion, is prohibited. Concessionaire shall not interfere with any other contractor, licensee or employee of the Authority, StadCo, Manager or any other Person working at the Stadium.

(c) The location(s) of all movable or temporary tables, carts, servers or other Equipment and any auxiliary storage space required by Concessionaire, from time to time, must be approved by Manager in writing. Concessionaire shall acquire no rights to such locations if assigned, and Manager reserves the right to require Concessionaire to move such tables, carts, servers or other Equipment and to relocate items to or from any auxiliary or common storage space when Manager determines that the needs of Events, Catered Events or similar matters require the use of same. Concessionaire shall be solely responsible for packing, carting, unpacking, re-assembly and all similar aspects of any move of such tables, carts, servers or other Equipment and all costs related thereto, and each such move shall be executed within the time period reasonably prescribed by Manager and without damage to any portion of the Stadium or any Leasehold Improvements or Equipment, excepting normal wear and tear.

(d) Subject to the rights of Concessionaire as set forth in Section 3.1(a), the other Sections of this Agreement and the terms and conditions of the Stadium Lease (including the lessee's rights thereunder) and Stadium Management Agreement, the Authority shall at all times own the Leasehold Improvements constructed, installed or placed in the Stadium as specified in the Stadium Lease, regardless of when or by whom such Leasehold Improvements were constructed, placed or installed, and all Equipment, Smallwares and uniforms provided by Manager (or any Affiliate thereof), by Concessionaire or otherwise pursuant to this Agreement and/or as required by the Stadium Lease or Stadium Management Agreement. Upon the termination or expiration of this Agreement, Concessionaire acknowledges and confirms that it shall have no permission to access, occupy or use the Stadium or any part thereof and no right, easement, license, lien or other interest, by implication, constructive or otherwise, in the Stadium generally, any Leasehold Improvements, or any Equipment, Smallwares or uniforms provided by Manager (or any Affiliate thereof) or by Concessionaire and must immediately return any such property to the Manager.

3.3 **Term**.

The "**Term**" of this Agreement shall commence on the Commencement Date and terminate without the need for notice or other action by either party on the day immediately preceding the twelfth (12th) anniversary of the Commencement Date, unless sooner terminated under Article IX. Although the Term does not commence until the Commencement Date, this Agreement shall be effective, and the parties hereto shall have certain rights and obligations, from the Effective Date. Manager shall have the option, in its sole discretion, to extend the Term of the Agreement for five (5) additional two (2) year periods by notifying Concessionaire in writing of its desire to exercise said option(s) not more than one hundred twenty (120) days prior to the expiration of the then-current Term. If fewer than eight (8) Home Games occur in any Fiscal Year, the Term shall be extended by one (1) year for each such season.

ARTICLE IV

Certain Responsibilities of Manager and of Concessionaire

4.1 **Maintenance; Repair; Replacement.**

Concessionaire shall be responsible for (a) all maintenance and repair of the Food and Beverage Facilities (including Leasehold Improvements) and associated Service Areas and Equipment, and (b) the replenishment of Equipment and Smallwares in the ordinary course of providing the Food and Beverage Services, and the costs of such maintenance and repairs and of replenishing Equipment and Smallwares shall be pre-approved by Manager and payable out of the Renewal and Replacement Account. If Concessionaire determines in its reasonable judgment that the Equipment, Smallwares, or any item of Equipment, Office Equipment or warehouse or transportation equipment require replacement, it will seek Manager's approval to replace such items. With the approval of Manager, Concessionaire or Manager shall purchase such replacement items out of the Renewal and Replacement Account.

4.2 **Access.**

Concessionaire's authorized personnel who are scheduled to work at Events and Catered Events shall be provided with ingress to and egress from the Stadium through a gate or gates designated for such purpose by Manager, without charge, during all days on which Events are held and Catered Events are scheduled and at all other times necessary to enable Concessionaire to prepare for Events and Catered Events and fulfill its other responsibilities under this Agreement. Concessionaire shall be bound by and comply with all rules, policies and procedures relating to security and access rights, including requirements related to screening and identification of Concessionaire's personnel, established from time to time by Manager. Concessionaire's authorized personnel shall utilize Manager's access control systems, as implemented at the Stadium by Manager, and the costs of such use shall be a Joint Operating Cost approximately proportionate to Concessionaire's personnel utilizing the access control system. Nothing herein contained shall be held to limit or qualify the right of the Authority or Manager to a free and unobstructed use, occupation and control of the Stadium and ingress and egress for itself, its lessees and the public.

4.3 **Security.**

(a) Manager's Responsibility. Subject to Concessionaire's obligations set forth below and elsewhere in this Agreement and the obligations of the Authority and StadCo under the Stadium Lease and Stadium Management Agreement, Manager shall be responsible for implementing the Stadium Safety and Security Plan.

(b) Concessionaire's Responsibility. Concessionaire shall be responsible for (a) developing an emergency preparedness plan and a safety and security plan to secure the Food and Beverage Facilities, Equipment, Refreshments, its cash room and the transporting of all cash thereto and therefrom and its bank deposits, which security measures shall be in line with the standards and regulations set by the Department of Homeland Security and Santa Clara Police Department requirements, and which security

measures Manager may require Concessionaire to coordinate with Stadium security, and (b) the security of its own sales locations and for monitoring the acquisition, movement, storage and sale (including properly identifying customers as legal purchasers) of Alcoholic Beverages to comply with all applicable Legal Requirements and the Alcoholic Beverage Policy. All security services provided by Concessionaire pursuant to the immediately preceding sentence shall be subject to, and Concessionaire shall comply and otherwise abide by, all emergency and security procedures and protocols of the Manager, the Team, the NFL and promoters of Events as the Manager or such other Persons shall adopt from time to time. Such procedures and protocols may include, without limitation, (i) employee pat-down and screening, (ii) presentment by Concessionaire's employees of identification cards or badges issued by Manager, which may include reporting criteria such as bar codes, "Mag Stripes", "RFID" or other identifier systems; (iii) restricting access to certain parts of the Food and Beverage Facilities to employees of Concessionaire as reasonably approved by the Manager (with respect to security clearance standards); and/or (iv) conduct by Concessionaire, as a Joint Operating Cost, of mutually agreed upon background or other security screening checks on all of Concessionaire's employees as the Manager shall request from time to time, which checks may vary as to job function, to the extent allowable by law or any applicable collective bargaining agreement. The Manager shall have the right to enter the Food and Beverage Facilities at will to install any Equipment or other device designed for the purpose of protecting the Food and Beverage Facilities from theft, burglary or vandalism or for any other purpose deemed appropriate by the Manager.

4.4 **Utility Services; Telecommunications**.

(a) Utility Services to Be Provided. Concessionaire shall be provided with the use of all Utility Systems and Utility Services, including, but not limited to gas for cooking, electricity, water, heat, ventilation, air conditioning and sewer service as necessary for Concessionaire's Food and Beverage Services at the Stadium.

(b) Concessionaire's Responsibility for Utility Services. Concessionaire shall be responsible to pay, and hereby agrees to pay as a Joint Operating Cost, for Utility Services directly relating to its operations, and shall be invoiced monthly for such usage of the Utility Services. Beginning after the second Fiscal Year, in the event that the actual cost of Utility Services directly relating to Concessionaire's operations in any Fiscal Year increases at an average annual rate that exceeds ten percent (10%) over the then-completed years of the Term (from a base cost of $550,000.00) or increases by more than sixty percent (60%) in any Fiscal Year from the previous Fiscal Year (that are not attributable to additional Events at the Stadium in any such Fiscal Year in each case), the parties agree to meet and discuss, in good faith, a reasonable solution to offset the financial impact to Concessionaire. Subject to Manager's prior approval, Concessionaire shall purchase any and all special and other equipment necessary for its operations to be connected to the Utility Systems, provided that all such equipment must be compatible with the Stadium's Utility Systems, the costs of which shall be a Joint Operating Cost. Concessionaire agrees to support, promote and abide by all programs and measures implemented by Manager from time to time (including programs and measures promulgated by the Authority, the City and Santa Clara County) to reduce waste and

increase the efficiency of the Stadium. Concessionaire acknowledges that neither the Authority, StadCo nor Manager can control the availability of any Utility Service to the Stadium at any given time, and in no event shall the Authority, StadCo or Manager be liable or responsible to Concessionaire, in damages or otherwise, including for any indirect, consequential or special damages or economic or property losses, for any interruption of such services. Concessionaire shall, and shall cause its employees, agents, subcontractors and invitees to, at all times utilize prudent energy and water management. Concessionaire shall be responsible for the cost to repair or replace any Utility Service or lines damaged to the extent due to the negligence or an act or omission of Concessionaire or any of its employees or contractors under the insurance policies maintained or required to be maintained by Concessionaire under this Agreement. Grease traps used by Concessionaire within the Food and Beverage Facilities shall be maintained by Concessionaire to the satisfaction of Manager, the cost of which shall be a Joint Operating Cost. Concessionaire shall (i) take all precautionary measures necessary to assure that no grease, residue, Hazardous Substance or other by-product resulting from the provision of Food and Beverage Services is discharged into the sewer lines within the Stadium and (ii) be responsible for the removal and remediation of any grease, residue, Hazardous Substance or other by-product resulting from the provision of Food and Beverage Services discharged through the sewer lines within the Stadium notwithstanding such precautionary efforts.

(c) Telecommunications. Concessionaire shall have access to the Stadium's telephone and connectivity or broadband service. Concessionaire shall be responsible to pay, as a Joint Operating Cost, all charges for connection services and shall be invoiced monthly for usage of the Stadium's telecommunications and broadband systems, including long distance charges, loss or replacement of equipment and special services. Concessionaire shall purchase handsets and other equipment connected to the Stadium telephone service that is compatible with the Stadium system.

4.5 **Parking**.

Manager will provide parking at a rate of $30.00 per space (which amount may be reasonably increased by Manager in its sole discretion) for Concessionaire's employees scheduled to work at an Event in designated off-site parking locations. If walking time from a particular parking area (or areas) designated for Concessionaire's employees scheduled to work at an Event is reasonably estimated by Manager to exceed twenty (20) minutes, transportation to and from the site from such locations, and the cost of such transportation shall be includable in the parking rate charged for use of such area(s). Concessionaire shall adopt and enforce policies requiring its employees to park only in employee parking facilities designated by Manager and to otherwise comply with the Stadium's parking rules and regulations. Any costs for transportation shuttles for Concessionaire's employees shall be a StadCo Operating Cost or Authority Operating Cost, as appropriate.

ARTICLE V

Payments & Investments; Reports

5.1 **Payments & Investments.**

(a) In consideration of the rights granted to it under this Agreement, Concessionaire shall pay to Manager (or its designee(s)), in accordance with Section 5.1(i), for the benefit of the Authority and StadCo, as the case may be, the amounts resulting from the percentage calculations set forth on **Exhibit G** hereto (the "**Manager's Share of Net Receipts**," and the "**Authority's Commissions**").

(b) Concessionaire shall pay to Manager (for the benefit of StadCo) each Fiscal Year (or as adjusted for any partial Fiscal Year) during the Term an annual preference payment in the amount of One Million Dollars ($1,000,000.00) (the "**Annual Preference Payment**") on or before February 1 of such Fiscal Year. If fewer than ten (10) Home Games occur in any season, the Annual Preference Payment shall decrease by ten percent (10%) for each such missed Home Game.

(c) Manager shall pay to Concessionaire each Fiscal Year during the Term an annual management fee in an amount equal to the greater of (i) four percent (4%) of Gross Receipts from NFL Events, or (ii) Five Hundred Thousand Dollars ($500,000.00) (the "**Annual Management Fee**"), which shall accrue monthly and be paid by Manager to Concessionaire on or before February 1 of such Fiscal Year. Further, Manager shall pay to Concessionaire each Fiscal Year during the Term an annual preference payment in the amount of Two Hundred Thousand Dollars ($200,000.00) (the "**Concessionaire Preference Payment**"). The Concessionaire Preference Payment shall increase by two and one half percent (2.5%) per Fiscal Year and shall be paid by Manager to Concessionaire on or before February 1 of each such Fiscal Year.

(d) In the first Fiscal Year of the Term, Concessionaire shall be eligible to receive an incentive bonus payment in the amount of One Hundred Fifty Thousand Dollars ($150,000.00) if Concessionaire achieves certain mutually agreed upon performance level thresholds in the Concessionaire Surveys, such incentive bonus payment to be paid to Concessionaire within thirty (30) days after the end of the first Fiscal Year. In the second Fiscal Year and in each Fiscal Year of the Term thereafter, Concessionaire shall be eligible to receive an incentive bonus payment in the amount of One Hundred Thousand Dollars ($100,000.00) if Concessionaire achieves certain mutually agreed upon performance level thresholds in the Concessionaire Surveys, such incentive bonus payment to be paid to Concessionaire within thirty (30) days after the end of the applicable Fiscal Year.

(e) Concessionaire shall pay to Manager an initial capital investment in the amount of Five Million Dollars ($5,000,000.00) (the "**Initial Capital Investment**") after the Commencement Date, which shall be utilized for the Food and Beverage Facilities by Manager in consultation with Concessionaire.

(f) Concessionaire shall provide Manager an innovation fund of One Million Dollars ($1,000,000.00) per Fiscal Year over twelve (12) years, which totals Twelve Million Dollars ($12,000,000.00) in the aggregate, to be used to support the implementation of modern concepts and fan experiences at the Stadium (the "**Innovation Fund**"), as determined by Manager in consultation with Concessionaire.

(g) Concessionaire shall provide Manager a fund in the amount of Two Million Dollars ($2,000,000.00) (the "**Hub for Next Generation Sports Entertainment Fund**") to be used by Manager in consultation with Concessionaire for a Hub for Next Generation Sports Entertainment. The Hub for Next Generation Sports Entertainment Fund shall be depreciated and/or amortized on a straight-line basis over the Term at Concessionaire's expense, beginning once the investment is made, with such timing being after the Commencement Date and mutually agreed upon by the parties.

(h) Concessionaire shall pay to Manager, prior to the sixth (6^{th}) year of this Agreement, a refresh investment in the amount of Five Million Dollars ($5,000,000.00) (the "**Refresh Investment**"), which shall be used for ROI-producing improvements to the Food and Beverage Facilities, as determined by Manager in consultation with Concessionaire.

(i) Not later than the fifteenth (15^{th}) day after the end of each Accounting Period (including the last Accounting Period in each Fiscal Year), Concessionaire shall (i) pay Manager (or its designee(s)) by wire transfer of immediately available funds, to the account(s) designated to Concessionaire in writing by Manager, an amount equal to the Manager's expected Share of Net Receipts for the NFL Events in such Accounting Period (as mutually agreed upon in the Budget) and Authority's Commissions for Authority Events in such Accounting Period payable to Manager for such Accounting Period under Section 5.1(a); and (ii) contemporaneously deliver to Manager the accounting reports described in Section 5.3(e)(iii) below. Not later than the sixtieth (60^{th}) day after the end of each Fiscal Year (including the last Fiscal Year of the Term), Concessionaire shall contemporaneously deliver to Manager the accounting reports described in Section 5.3(c) below and shall pay Manager any outstanding balances of the Manager's Share of Net Receipts and Authority's Commissions. Concessionaire acknowledges and agrees that it shall not withhold, offset, or otherwise delay payment of the Manager's Share of Net Receipts, the Annual Preference Payment, the Authority's Commissions, or any other payments due to Manager, Authority, or StadCo hereunder in connection with any amount owed to Concessionaire by Manager, its Affiliates, or any third-party contractor of Manager or for any other reason.

(j) If Manager does not receive any undisputed payment when due, it shall have the right, in addition to its other rights and remedies as a result of non-payment, to assess a late payment charge equal to the amount of such payment multiplied by the Default Rate for the period from and including the due date through the payment date.

(k) Any and all purchases or other disbursements made utilizing the investments contained in this Section 5.1 shall be subject to the prior approval of

Manager in writing. The following amounts shall be deducted from Gross Receipts from NFL Events and retained by Concessionaire as the fee for Manager's use of the concepts developed and/or equipment purchased utilizing the the Initial Capital Investment, Innovation Fund, and Refresh Investment (the "**Investment Use Fee**"):

(i) Fiscal Year 1 – $1,416,667.00

(ii) Fiscal Year 2 – $1,416,667.00

(iii) Fiscal Year 3 – $1,416,667.00

(iv) Fiscal Year 4 - $1,416,667.00

(v) Fiscal Year 5 - $1,416,667.00

(vi) Fiscal Year 6 - $2,130,952.00

(vii) Fiscal Year 7 - $2,130,952.00

(viii) Fiscal Year 8 - $2,130,952.00

(ix) Fiscal Year 9 - $2,130,952.00

(x) Fiscal Year 10 - $2,130,952.00

(xi) Fiscal Year 11 - $2,130,952.00

(xii) Fiscal Year 12 - $2,130,952.00

(l) Manager shall establish and maintain an account for the deposit and disbursement of amounts to be deposited for the periodic repair and replacement of Equipment and Smallwares (the "**Renewal and Replacement Account**"). For each Accounting Period, Concessionaire shall deposit into the Renewal and Replacement Account the applicable portion of Renewal and Replacement Amount of Gross Receipts. If at any time the amount in the Renewal and Replacement Account is not sufficient to pay all presently incurred costs of repair and replacement of Equipment and Smallwares, Manager shall have the right to demand immediate payment from Concessionaire of the amount of such difference (and Concessionaire may be reimbursed such amount from future monthly accruals of the Renewal and Replacement Amount), and Concessionaire shall immediately make such payment (which in no event shall be greater than the projected deposits of the Renewal and Replacement Amount remaining in the then current Fiscal Year). Any funds remaining in the Renewal and Replacement Account at the end of a Fiscal Year shall be rolled forward through the Term. Monies shall be disbursed from the Renewal and Replacement Account for repair and replacement of Equipment and Smallwares, in Manager's sole discretion. Upon the termination of this Agreement, all funds remaining in the Renewal and Replacement Account shall be the property of Manager (for the benefit of the Authority and StadCo, as more particularly provided in the Stadium Management Agreement).

5.2 **Collection Responsibility.**

(a) Concessionaire shall have sole responsibility for the collection of all revenues and charges resulting from the Food and Beverage Services provided at Events and, if Concessionaire has been designated to collect therefor, Catered Events, including, without limitation, all Gross Receipts and all sales and/or use taxes attributable thereto, for the timely payment of all such taxes to the appropriate Governmental Authorities, and for the invoicing and collection of all charges for Food and Beverage Services provided to the Suites. All collection methods and procedures shall be consistent with such standards as may be established (and modified) from time to time by the Manager. Concessionaire shall not, and shall have no obligation to, extend credit to any party. Neither Concessionaire nor any of its employees, contractors or other individuals subject to its control, shall actively solicit any gratuities from customers in the Stadium (e.g., through the use of signage, tip cups or otherwise) or any other charges of any type on account of the Food and Beverage Services except the Service Charges. Except for the Service Charges, Concessionaire shall not charge a tip, gratuity, labor charge, service charge or similar charge without Manager's prior written approval. Concessionaire acknowledges and agrees that Manager shall in its sole discretion determine whether Service Charges will be reduced, waived or otherwise modified for (i) any particular Event or Catered Event, (ii) any Service Area or Service Areas or (iii) any Excluded Area or Excluded Areas where Food and Beverages Services have been requested, and Concessionaire shall abide by each such determination of Manager. Concessionaire acknowledges and agrees that it shall accept and honor all Discounts provided by or approved by Manager.

(b) Concessionaire shall use Point of Sale Devices in connection with all sales relating to the Food and Beverage Services, including, without limitation, non-stationary sales of Refreshments. Manager and Concessionaire shall periodically consult with each other about technology changes and technology-based upgrades and replacements to existing Point of Sale Devices for purposes of enhancing customer service and improving financial results, with Manager having the final right in determining the Point of Sale Devices used by Concessionaire in connection with the sale of Refreshments. Concessionaire must accept cash, all major credit cards, loyalty cards, gift cards, ApplePay, Visa Checkout, NFC, Discounts, as well as such other methods of payment that are then commonly accepted or any other methods instituted by the Manager (including payments through physical, digital, or mobile application code for loyalty point payment, member benefits, stored value and loaded value tickets), for any retail sale of Refreshments, whether at portable or permanent locations in the Stadium or Outside Areas. Concessionaire must also accept all Discounts for Refreshments (digital or otherwise) provided by Manager, StadCo, the Authority, Team, or Event promoter and approved by Manager. Concessionaire shall be responsible for the operation and maintenance of the Point of Sale Devices utilized in Food and Beverage Services.

(c) At all times during the Term, Concessionaire shall utilize the payment processing company selected by Manager in consultation with Concessionaire (taking into consideration such company's compatibility with Concessionaire's reporting systems

and any administrative burden on Concessionaire) for the Stadium for credit card, debit card, gift card and/or other digital payment transactions.

5.3 **Records; Accounting; Audits; Budgets.**

(a) Concessionaire will keep at the Stadium true and complete accounting books and records prepared in accordance with GAAP of all business and transactions conducted under this Agreement, for all periods included within the Term. Such records shall include, without limitation, the daily receipts, the daily bank deposits, the daily sales and business done by Concessionaire, the point of sale and staffing reports, and details of and documentary support for all amounts deducted in calculating Gross Receipts or included in calculating Authority Operating Costs, StadCo Operating Costs, and Joint Operating Costs, and shall preserve and make available for audit and examination by Manager all records relating to Gross Receipts, and Authority Operating Costs, StadCo Operating Costs, and Joint Operating Costs. All sales and accounting records and management reports shall be prepared and kept in mutually agreeable paper and/or electronic format directed by Manager. Such records will be maintained for a period of seven (7) years after the Fiscal Year to which they relate or such longer period as may be required to enable Manager and Concessionaire to comply with applicable Legal Requirements.

(b) Concessionaire shall maintain such accounting records on a fiscal year basis consistent with the definition of "**Fiscal Year**" in this Agreement.

(c) Concessionaire shall submit to Manager, within sixty (60) days after the end of each Fiscal Year, a report in mutually agreeable paper and/or electronic formats showing in reasonable detail all Gross Receipts and all Joint Operating Costs, StadCo Operating Costs, Authority Operating Costs, any and all expenditures or other amounts, the Annual Preference Payment, the Concessionaire Preference Payment, the Renewal and Replacement Amount, the Annual Management Fee, the Manager's Share of Net Receipts, and the Authority's Commissions. In addition, within ninety (90) days after the end of each Fiscal Year, Concessionaire shall provide a similar report of the same information to Manager, which report shall be reviewed and certified by the Chief Financial Officer of Concessionaire.

(d) The Authority, StadCo and Manager shall have the right from time to time to audit Concessionaire's books and records related in any way to Gross Receipts, Authority Operating Costs, StadCo Operating Costs, and Joint Operating Costs, Manager's Share of Net Receipts, Authority's Commissions, and any other amounts payable by or to Manager under this Agreement for the immediately preceding five (5) Fiscal Years, including full profit and loss line items of the Food and Beverage Services as applicable and reasonably requested by Manager in its sole discretion. Such audit shall be conducted by the Authority, StadCo or Manager with its internal staff or outside auditors. If a deficiency or deficiencies in payments is detected for any period, pursuant to such audit or otherwise, Concessionaire shall pay to Manager the amount of any payment deficiency, with interest thereon at the Default Rate from the date the monies were originally due until the date paid, within thirty (30) days following receipt of notice

thereof from Manager. If such payment deficiency is in excess of four percent (4.0%) of the aggregate amount reported for any Fiscal Year, the cost of the audit shall be immediately due and payable by Concessionaire.

(e) In addition to its other information obligations under this Agreement, Concessionaire must submit the following information to Manager, each in mutually agreeable paper and/or electronic formats and to the persons directed by Manager:

(i) A flash report of Gross Receipts by 12 p.m. (California time) on the day following each Event and, if Concessionaire has been designated to collect therefor, each Catered Event. Such report shall include, but not be limited to: total sales, sales by location, sales by product type, itemization of total cash, credit card and alternative method of payment sales.

(ii) A summary of each Event and, if Concessionaire has been designated to collect therefor, each Catered Event, daily sales, headcounts and estimated staffing payroll reports and a copy of deposit slips of Gross Receipts for each Event and Catered Event, within 48 hours following completion of the Event.

(iii) An Accounting Period summary showing Gross Receipts (by category and by Event and, if Concessionaire has been designated to collect therefor, by each Catered Event), Joint Operating Costs (by category), Authority Operating Costs or StadCo Operating Costs, any House Charges (by category and Event and Catered Event) or Cost F&B Services incurred by Manager, and a summary of the Renewal and Replacement Account on or before the fifteenth (15^{th}) day after the end of each Accounting Period.

(iv) All Sales Taxes paid to the State of California as a result of sales conducted at the Stadium, and all taxes paid to the State of California related to the sale of Alcoholic Beverages, in each case on a Fiscal Year basis. All such information shall be submitted to Manager on or before the sixtieth (60^{th}) day following each Fiscal Year (or, as applicable, partial Fiscal Year) during the Term. The Authority, StadCo and Manager shall have the right to audit such tax records with auditors selected by them, provided such audit is performed within thirty-six (36) months following receipt of such information.

(v) Such other daily, monthly, annual or other periodic budgets, reports or summaries as the Manager may reasonably request.

(f) Concessionaire shall at all times on and following the Commencement Date and throughout the Term (i) utilize hardware and software approved by Manager as compatible with Manager's systems and technology and fully importable into Manager's software formats, and accounting software approved by Manager as compatible with Manager systems and technology in preparing and maintaining accurate records relating to sales, inventory, costs of goods sold, shrinkage, advance sales, premium catering and Suite sales records, proposals, contracts and invoices, and for all accounting functions

relating or incidental to the Food and Beverage Services to the extent that reporting is electronic; (ii) provide Manager with near real-time computer access to accurate sales and ordering transactions with respect to Events (which shall account for any "offline" systems) and shall include dynamic updating for pricing and item names; and (iii) implement such systems and technology as are deemed necessary by Manager to afford the acceptance of any payment system reasonably directed towards providing a more efficient and expedient transactional experience, whether in existence at the Effective Date or thereafter developed, including, but not limited to systems and technology supporting loyalty programs, gift cards, loaded tickets, and payment via mobile device. Concessionaire shall also work in good faith with Manager's partners, sponsors, and other contractors to provide reasonable access to applicable data/records, at all times subject to Manager's written approval.

(g) Concessionaire shall work with due haste and in good faith with Manager to develop and implement real-time data and inventory management systems with the capacity for instantaneous inventory and pricing decisions and execution, whether in existence at the Effective Date or thereafter developed.

(h) Concessionaire shall maintain a separate depository bank account in a Manager-approved bank for all sales deposits, all credit or debit card transactions and all transactions made through other means of payment.

(i) All obligations of Concessionaire under this Article V regarding payments and reporting shall survive the expiration or termination of this Agreement with respect to periods prior to such expiration or termination.

(j) Concessionaire shall submit to Manager a minimum of sixty (60) days prior to the start of each Fiscal Year, a projected budget in mutually agreeable paper and/or electronic formats showing in reasonable detail all projected costs, expenditures or other amounts to be incurred in the operation of the Food and Beverage Services for the forthcoming Fiscal Year at the Stadium, which shall be approved by Manager in its sole discretion (the "**Budget**") as further described in Section 6.13. For the avoidance of doubt, the Budget shall include a minimum level of detail as attached hereto as **Exhibit B** and shall be separated by Authority Operating Costs, StadCo Operating Costs, Joint Operating Costs, and Excluded Expenses, if any. Any and all costs not originally included in the Budget or thereafter approved by Manager during the Fiscal Year shall be subject to approval by Manager in its sole discretion in accordance with Section 6.13 of this Agreement. The Budget shall also include reporting to Manager of any outstanding balances of the Initial Capital Investment, the Innovation Fund, the Hub for Next Generation Sports Entertainment Fund, and the Refresh Investment, and the remaining unamortized portions of the Hub for Next Generation Sports Entertainment Fund.

(k) Notwithstanding anything in this Agreement to the contrary, unless otherwise expressly agreed to in advance in writing by Manager, Concessionaire shall make no use or disclosure of any customer data, including personally identifiable information, histories and preferences generated in connection with the provision of the Food and Beverage Services (collectively, "**Customer Information**"), other than as

directed by Manager in connection with the performance of Concessionaire's obligations under this Agreement. As used herein, "personally identifiable information" shall mean any information, as regulated by the standard on credit transactions set forth in the then applicable requirements of the PCI Security Standards Council, regarding or that identifies (or that could be used to identify) any individual, including, for example and without limitation, any individual customer name, postal address, email address, age, credit, debit or other payment card information, social security numbers and any other information or combination of information that would make the identity of the individual easily traceable or that would allow for contact of that individual. Concessionaire shall store and process the Customer Information in conformance with any and all commercially reasonable policies, procedures and instructions or direction provided by Manager from time to time. As between the parties, all Customer Information shall be owned solely and exclusively by Manager (on behalf of the Authority, StadCo, their tenants and any Event promoter) and shall be deemed proprietary to, and the confidential information of, Manager, the Authority, its tenants or Event promoters, as the case may be.

ARTICLE VI

Additional Duties of Concessionaire

6.1 **Management of Operations.**

(a) Concessionaire shall manage and operate all of its operations in a first class, professional manner so as to ensure that it will provide consistent, prompt and courteous Food and Beverage Services to the public in accordance with all Legal Requirements, this Agreement, the policies and procedures issued by the Manager relating to Food and Beverage Services, the general operating procedures of the Authority, and all applicable rules, regulations and policies implemented, from time to time, by the NFL. Concessionaire shall at all times maintain a sufficient number of qualified personnel at the Stadium for the performance of all of Concessionaire's obligations under this Agreement, including but not limited to the obligations expressly set forth in this Article VI. Concessionaire shall cause the members of the Management Team to attend meetings to be scheduled by Manager at the Stadium from time to time during the Term to review the Food and Beverage Services operations at the Stadium and to implement Manager's reasonable recommendations and directives for improving such operations.

(b) Without limiting any other obligation of Concessionaire under this Agreement, for each Event, Concessionaire shall ensure that points of service are open and fully staffed as determined by Manager in consultation with Concessionaire. In the initial Fiscal Year, the parties acknowledge the anticipated staffing levels for Events at the Stadium shall include, at a minimum, (i) no less than one (1) attendant in each Owners Suite, (ii) no less than one (1) attendant for every two (2) remaining Suites, (iii) such number of attendants in the Club Areas as reasonably directed by Manager, (iv) no less than one (1) vendor selling Refreshments for every one thousand guests in the seating bowl at all Events, and (v) a ratio of total forecasted attendance to number of

open points of sale, including Clubs, of no less than one hundred ten (110) in the lower bowl and one hundred twenty (120) in the upper bowl of the Stadium. In each subsequent Fiscal Year, Concessionaire may propose to Manager modifications of such staffing levels as part of the Budget approval process. Concessionaire shall submit in writing to Manager a completed "checklist" (see **Exhibit J**) that includes the anticipated staffing levels and active points of service for each Event not less than one week prior to such Event and an updated schedule of the staffing levels not less than twenty-four (24) hours prior to such Event. Manager shall have the exclusive right to approve specific staffing levels at each location of the Stadium for Events, and Concessionaire shall make such modifications to its staffing levels as Manager may reasonably request. Staffing levels in the all-inclusive areas will be subject to mutual agreement between the parties, with regular reviews of the appropriateness of the staffing by Event by Manager.

(c) Concessionaire shall pay promptly all authorized bills, payroll and other expenses incurred in connection with its operations and pursuant to this Agreement as StadCo Operating Costs, Authority Operating Costs, or Joint Operating Costs, as applicable.

(d) Concessionaire shall pay when due all license fees, taxes and all retail Sales Taxes on the products or services which Concessionaire provides hereunder or Concessionaire's rights or interest hereunder, including all federal, state and local taxes, workers' compensation payments, social security, unemployment insurance, payroll and other taxes with respect to products or services provided under this Agreement as StadCo Operating Costs, Authority Operating Costs, or Joint Operating Costs, where applicable.

(e) Concessionaire shall provide all necessary working capital and perishable and non-durable inventory required for the Food and Beverage Services, including but not limited to Refreshments, and paper products. Notwithstanding the foregoing, if Manager requires that Concessionaire provide an inventory of premium wines in the Owners Club, other All-Inclusive F&B Service Areas or other portions of the Stadium, Concessionaire shall only be required to provide a reasonable amount of such inventory in light of the expected sales volume.

(f) Concessionaire shall comply with Stadium operating policies and directives established and as modified from time to time by the Authority, Manager, the designees of either of them, or the NFL.

6.2 **Personnel**.

(a) Concessionaire shall hire, employ, train, supervise and discipline any and all persons necessary to operate the Food and Beverage Facilities and to provide the Food and Beverage Services in accordance with the terms of this Agreement and shall use its best efforts to ensure that its employees continually practice the high standards of cleanliness, safety, courtesy and service customarily followed in the conduct of a first-class operation. Concessionaire shall use its best efforts to select qualified, competent and trustworthy employees. Any and all persons who furnish Food and Beverage Services under this Agreement, whether or not employed by Concessionaire prior to the

Effective Date, are exclusively employees, subcontractors and/or non-affiliated third parties of Concessionaire as it pertains to their furnishing of Food and Beverage Services and are not employees of the Authority, StadCo or Manager. Such persons furnishing services under this Agreement shall be subject to appearance standards mutually acceptable to the parties hereto and as permitted by Legal Requirements, and shall wear, at all times while working at the Stadium, neat and clean uniforms provided by Concessionaire and approved by Manager. Such uniforms shall bear such lettering and insignia (including the name and logo of the Stadium, the Stadium naming rights sponsor, if required, and the location of the employee's assignment (e.g., a Club Area or Suite area)) as Manager may require and shall be of a design reasonably satisfactory to Manager. Concessionaire shall cause its employees to conduct themselves in a professional and courteous manner, and not to unreasonably disturb or interfere with Events. Manager and Concessionaire acknowledge that Concessionaire is an independent contractor for all services required to be performed under this Agreement. Manager shall not have control over the method or manner in which Concessionaire's employees perform the services required under this Agreement. All liabilities that may arise as a result of Concessionaire's status as an employer shall be borne exclusively by Concessionaire, including liability relating to payments required to be made under, and documents to be filed with respect to, the Federal Insurance Contribution Act and the Federal Unemployment Tax Act or any similar federal, state, City or local legislation or other Legal Requirements. Concessionaire shall at all times maintain accurate records of the names, addresses, employment history and other legal identification of those to whom Concessionaire issues employee badges, uniforms or other identifying items to ensure the proper identification and legal working status of Concessionaire's employees at the Stadium. Concessionaire shall conduct mutually agreed upon background checks or other security screening checks on its employees as Manager shall reasonably request from time to time prior to such employees being hired for work at the Stadium, any costs of which shall be a Joint Operating Cost. Concessionaire shall not knowingly hire any person who has been previously terminated by the Authority, StadCo, Manager or any of their known respective Affiliates, contractors, or previous concessionaire. Upon Manager's reasonable request, and so long as any such action shall not be contrary to law or any applicable collective bargaining agreement, Concessionaire shall immediately remove from the Stadium any employee, agent, contractor or invitee of Concessionaire and permanently revoke such person's access credentials.

(b) Concessionaire shall employ the Management Team on a full-time, year-round basis and shall cause the members of the Management Team to perform their duties from workspaces located at the Stadium. Concessionaire shall cause the members of the Management Team to be at the Stadium during all Events and during reasonable business hours. All changes in the Management Team shall require the prior written approval of Manager. Concessionaire shall, within fifteen (15) business days of the removal of a Management Team member, provide Manager with the resumes of not less than three (3) suitable candidates to replace the removed employee. The Management Team shall, on and following the Effective Date and during the Term, be exclusively responsible for the provision of services under this Agreement and shall hold no job-related responsibilities relating to any other venue or site without Manager's prior written approval.

(c) Concessionaire shall conduct regularly scheduled employee training programs for all of its employees, including charitable or similar groups, working in the Stadium (the "**Employee Training Programs**"), a detailed summary of which appears as **Exhibit E** hereto, and any costs of which shall be considered Joint Operating Costs. The Employee Training Programs will be mandatory for all employees, agents and subcontractors of Concessionaire and, at a minimum, will include alcohol management techniques (TiPS, TEAM or state certification programs), customer service, guest interaction, cash handling, security procedures and specific job skills training, and will be conducted in such frequency as may be approved or directed by Manager. Concessionaire shall develop additional modules for each premium area position, including, at a minimum, banquet and serving technique, buffet and display arrangement, and wine and beverage service. The programs shall be prepared and conducted by personnel specialists and must be approved by Manager in advance. Concessionaire shall cause all Employee Training Programs to be periodically reviewed (no less frequently than annually) and updated to the extent necessary to maintain the standard of service required hereunder. All employees of Concessionaire shall also be required to attend such policy and procedures training sessions as may be held by the Manager, as well as the Stadium orientation tour and training conducted by the Manager. Concessionaire shall ensure Concessionaire's employees attend guest services training held by Manager and such costs shall be Joint Operating Costs. Concessionaire shall not permit any employee, agent or subcontractor to work at an Event prior to his or her completion of the prescribed training sessions and Employee Training Programs approved by Manager. Concessionaire shall also ensure that all of its employees working at the Stadium shall attend mandatory training sessions for Stadium employees conducted by Manager, Authority, StadCo, or their agents. Additional supplemental training programs may also be required by Manager for employees of Concessionaire upon the introduction or modification of Stadium programs or promotions (i.e., Rewards programs, coupons, or discount programs) by Manager. The Parties shall work in good faith to ensure all Concessionaire employees receive supplemental training on such programs and promotions prior to their introduction at the Stadium.

(d) In performing under this Agreement, Concessionaire shall comply with all applicable Legal Requirements in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical conditions, disability, or any other reason.

(e) Concessionaire shall promptly notify Manager upon voluntary or involuntary termination of employment of its employees or contractors and ensure that each such terminated individual is immediately denied further access to the Stadium. In no event shall the Authority, StadCo or Manager be liable, and Concessionaire shall indemnify and hold the Authority, StadCo and Manager harmless, for Concessionaire's record keeping (or lack of record keeping), including records pertaining to the legal identification and working status of the Concessionaire's employees and subcontractors, or for any other matters relating to Concessionaire's employees or subcontractors.

(f) Manager, in its sole discretion, shall have the right (but not the obligation) to provide members of the Management Team additional compensation or other

consideration at the end of a Fiscal Year or other operating period as determined by Manager for Concessionaire's high performance on Concessionaire Surveys, on-time payments of amounts owed to Manager by Concessionaire, and mutually agreed upon key performance indicators.

6.3 **Licenses and Permits.**

(a) Concessionaire shall obtain on or before the Commencement Date and shall thereafter maintain throughout the Term, in its name, all licenses and permits necessary for the operation of the Food and Beverage Services and the sale of Refreshments and Alcoholic Beverages at the Stadium, and any and all other licenses and permits required to be obtained by Concessionaire by the terms of the Stadium Lease. Throughout the Term, Manager shall, at its sole cost and expense, maintain all other licenses and permits which may be required for the operation of the Stadium, and Owner shall comply with the restrictions, rules and conditions of all such licenses and permits.

(b) Manager shall cooperate with Concessionaire in connection with applications submitted by Concessionaire for any and all licenses and permits and renewals thereof. Concessionaire shall not submit any application for a permit or license without first providing Manager a reasonable opportunity to review it.

(c) Concessionaire shall furnish Manager with copies of such licenses and permits and renewals thereof as are physically maintained at the Stadium, and all other licenses or permits otherwise required under Legal Requirements or this Agreement, and shall transfer or surrender, as applicable, all licenses and permits to Manager upon termination of this Agreement.

(d) Concessionaire shall cooperate in good faith with Manager, Manager's subcontractors, and any third-parties (at Manager's direction) for the operation of food and beverage service, including distribution of alcoholic beverages, at the Stadium under the licenses and permits obtained by Concessionaire.

(e) At Manager's request, and only where allowed by applicable law, Concessionaire shall: (i) permanently surrender and/or carve out the applicable portion of its license to sell alcohol for specified concession stands or area within the Stadium, as needed, to provide a third-party the ability to sell Alcoholic Beverages from such area; or (ii) temporarily surrender its license for a specified concession stand or area within the Stadium operated by a third-party for a limited time or number of events in which the third-party chooses to sell Alcoholic Beverages.

(f) Subject to all Legal Requirements, wine provided to Concessionaire by Manager for the purpose of being served in Club Areas, certain Suites, and other mutually agreed upon spaces within the Stadium, shall be distributed by Concessionaire without charge to patrons of such spaces or Manager.

6.4 **Compliance with Laws, Policies and Programs.**

(a) In connection with the exercise of its rights and the performance of its obligations hereunder, Concessionaire shall in good faith comply and faithfully observe all Legal Requirements (including all fire, building, health, sanitation and environmental codes and regulations and liquor control laws and regulations).

(b) With respect to the sale of Alcoholic Beverages, Concessionaire shall:

(i) enforce all Legal Requirements, including all State of California, County of Santa Clara and City of Santa Clara laws, rules, regulations or orders relating to the premises licensed pursuant to this Agreement and enforce all rules, regulations or orders of the California Department of Alcoholic Beverage Control or other regulatory agencies relating to the licenses; and

(ii) take any and all actions necessary to enable and to ensure compliance with all Legal Requirements concerning the sale and consumption of Alcoholic Beverages in the Service Areas and Food and Beverage Facilities.

(c) The decision to serve or refuse service of Alcoholic Beverages to any individual at an Event and in an area at which Alcoholic Beverages may be served in accordance with the terms of this Agreement shall be the sole responsibility of Concessionaire.

(d) Notwithstanding anything contained in this Agreement to the contrary, Concessionaire shall be solely responsible for the determination of brands, quantities, pricing, shelving and display for sale of any and all Alcoholic Beverages that Concessionaire may buy or sell at the Stadium. Concessionaire acknowledges and agrees that Manager and its affiliates require all retailers, distributors/wholesalers and distillers/brewers of Alcoholic Beverages (each an "**Industry Member**") that Manager and its affiliates conduct business with, including, but not limited to, Concessionaire, to strictly comply with all local, state and federal, laws and regulations, which may be applicable to the Concessionaire and the purchase, marketing, promotion, advertising and sale of Alcoholic Beverages, including, but not limited to: Title 27 of the Federal Alcohol Administration Act (Title 27 of the United States Code) and Title 27 of the Code of Federal Regulations, and other related provisions governing "intoxicating liquors" (collectively, "**Alcohol Laws**"). Further, Manager and its affiliates shall not conduct business with any Industry Member in violation of the Alcohol Laws, and Manager shall indemnify and hold Concessionaire harmless as to any action or conduct which may be imputed to Concessionaire as a result of Manager or its affiliates' actions or conduct with Industry Members which may give rise to any alleged violation of the Federal or State laws by Concessionaire. Manager further agrees that it shall not require as a condition for the continuation of this Agreement or exercise an early termination rights or failure to renew, Concessionaire to engage in conduct which Concessionaire reasonably believes would be in violation of the Alcohol Laws.

6.5 **Failure to Maintain Licenses and Permits.**

In the event that Concessionaire fails to obtain or maintain in full force and effect any material license or permit necessary for the operation of the Food and Beverage Services (including the service of Alcoholic Beverages) or for the performance of its other obligations under this Agreement, including upon a suspension applicable to an Event or revocation thereof, (a) Manager shall have the right (but no obligation) to perform or have another Person perform the applicable obligation without compensation to Concessionaire and, whether or not Manager exercises that right or its termination rights, Concessionaire shall be responsible to Manager for the loss of income and other damages, suffered by Manager as the result of Concessionaire's breach of this Agreement; and (b) Concessionaire shall be considered in material breach of this Agreement, and Manager may, in addition to any other rights or remedies it may have, terminate this Agreement to the extent in accordance with Section 9.1.

6.6 **Hours of Operation.**

Subject to the prior approval or direction of Manager and to the provisions of Section 3.1, Concessionaire shall (a) open and operate the Food and Beverage Facilities sufficiently prior to the opening of the Stadium to the public for each Event and, as requested, each Catered Event in order to properly prepare and serve Refreshments, and (b) provide Food and Beverage Services from the time of such opening until each such Event ends, including the requirements for any pre-Event functions and post-Event functions, or such further time as may be reasonably necessary to adequately meet public demand, subject to Manager's requirements regarding the sale of Alcoholic Beverages and compliance with the Stadium Lease and Stadium Management Agreement. Concessionaire shall cooperate with Manager in the creative and efficient operation of the Food and Beverage Facilities to attract Stadium guests to participate in pre-Event and post-Event activities.

6.7 **Special Events.**

Concessionaire shall modify its operations at Manager's request to accommodate a particular Event or Catered Event when such modifications are reasonably required or requested to obtain or stage such Event or Catered Event.

6.8 **Cleaning and Refuse.**

(a) Concessionaire shall keep and maintain in a clean, sanitary, hygienic and orderly fashion, and in connection with such maintenance and repair (except with respect to capital repairs to Leasehold Improvements), consistent with prevailing policies and subject to Manager's reasonable satisfaction, procedures and standards for the Stadium, (i) all Food and Beverage Facilities, Service Areas (including all table tops, bars, and the like) and condiment stands and (ii) all uniforms, Smallwares and Equipment. In furtherance of the foregoing, Concessionaire shall, among other things, provide sterilization services for all reusable Smallwares and tabletops and other surfaces upon which Refreshments items are eaten, placed, prepared or stored. Concessionaire shall complete the cleaning of the subject areas in a reasonable time frame following an Event or Catered Event. Concessionaire shall maintain all Food and Beverage Facilities as

prescribed herein, including, but not limited to maintaining fire suppression systems, changing filters on all Equipment and air scrubbers, and cleaning the grease interceptors, stove hoods, fans, ducts and grease traps, drain systems, floor sinks and sanitary traps and its storage areas using approved and accepted maintenance and cleaning techniques, and at regularly scheduled intervals, approved or designated by Manager, and in all events to a level sufficient to comply with and protect warranties and comply with supplier agreements and otherwise promote the commercially reasonable useful life of such items. Manager may require the use of its in-house maintenance staff for such maintenance activities if the use of such personnel does not void any manufacturer or similar warranty and provided that such work can be performed in a competent manner at competitive market rates on a timely basis, and any use of Manager's in-house maintenance staff for such maintenance activities shall be charged to Concessionaire at then prevailing rates. Concessionaire shall abide by any and all labor agreements in effect at the Stadium for all applicable work performed under this Agreement.

(b) Concessionaire shall provide consistent janitorial service to the Food and Beverage Facilities, Services Areas (including all table tops, bars, and the like), condiment stands, and the Equipment, and shall otherwise keep the Food and Beverage Facilities, Services Areas, condiment stands and Equipment in a neat, clean, sanitary, hygienic and safe condition satisfactory to Manager and in compliance with all Legal Requirements. Concessionaire shall be responsible for all sanitation and maintenance of the Food and Beverage Facilities, Services Areas, condiment stands and Equipment. Concessionaire shall comply in all respects with the Santa Clara Business and Commercial Recycling Program, as the same shall be amended from time to time, and shall, in partnership with Manager, prepare and implement a plan (the "**Waste Reduction and Recycling Plan**") that targets 100% diversion of solid waste from all Events and Catered Events, including composting or other diversion of compostable organics. Concessionaire shall train its employees in the methods and objectives of the Waste Reduction and Recycling Plan and shall direct and cause its employees to not dispose of or discharge recyclables, compostables, waste, garbage, refuse or Hazardous Substances in any area in or outside the Stadium other than in areas specifically designated therefor. Concessionaire shall be responsible for expeditiously collecting, separating, recycling, bagging and delivering recyclables, compostables, trash and garbage generated within the Food and Beverage Facilities, Service Areas and within a ten (10) foot radius of such areas within the Stadium, and Concessionaire shall cause its employees to deposit such recyclables, compostables, trash and garbage in appropriate containers or equipment in the locations specified by Manager, whereupon Manager shall be responsible for the further delivery and ultimate disposal of such recyclables, compostables, trash and garbage; provided, Concessionaire shall be responsible to pay, and agrees to pay, all charges for delivery and ultimate disposal of such recyclables, compostables, trash and garbage relating to its operations, and shall be invoiced monthly for such delivery and disposal, including any extraordinary charges and costs for special services, all of which shall be a Joint Operating Cost. Concessionaire shall purchase, as a Joint Operating Cost or utilizing the Renewal and Replacement Account (as determined in Manager's sole discretion), any and all special and other equipment necessary for its operations to be connected to the Utility Systems, provided that all such equipment must be compatible with the Utility Systems and approved by Manager. In addition, Concessionaire shall

separate, compact and recycle its trash on non-Event days. Concessionaire shall take all action necessary to: (i) ensure that all such recyclables, compostables, trash and garbage are placed in bags and/or the appropriate receptacles or other containers (which receptacles and containers shall be provided by Concessionaire) that are durable for transport and not easily susceptible to breakage or leakage, (ii) notify Manager when the centralized Stadium recyclable, compostable and garbage receptacles are full and need to be emptied, (iii) prevent recyclables, compostables and trash from piling up around the outside of the receptacles and from using the Stadium receptacles in lieu of transferring the recyclables, compostables and trash to the required locations as described herein and (iv) use the Equipment in such a manner as to ensure that recyclables, compostables and trash do not spill out prior to or during transport. Concessionaire agrees to and is fully committed to participating in the separation and recycling of refuse in the Stadium and to minimize the amount of non-recyclable and non-compostable refuse to be removed from the Stadium. All recyclable, compostable, trash and garbage receptacles within the areas controlled by Concessionaire shall be provided by Concessionaire and shall be cleaned and sanitized by Concessionaire in accordance with the standards reasonably set from time to time by the Authority and/or Manager, to ensure a consistently high standard of sanitation meeting or exceeding the standards set by the Santa Clara County Public Health Department and/or the City. Concessionaire will comply with all federal, state and local recycling and composting requirements and such recycling and composting programs implemented from time to time by the Authority and/or Manager and all rules and regulations applicable to the Stadium's adherence to, and/or certification by, the Leadership in Energy and Environmental Design (LEED) Green Building Rating System. Concessionaire shall indemnify Manager and make Manager whole for any out of pocket costs incurred by Manager which are solely attributable to any negligence or intentional act or omission of Concessionaire or any of its employees with respect to the recycling or trash removal program, including the expense of returned or rejected recyclable, compostable and trash removals due to mixing or contaminating the trash flow in violation of Legal Requirements or specific directives provided to Concessionaire in writing as part of the Stadium's sustainability and recycling, composting or trash removal programs. Manager will determine the type, appearance and location of the recyclable, compostable and trash receptacles.

(c) Concessionaire agrees not to use Hazardous Substances at the Stadium, except in accordance with applicable Legal Requirements, and agrees to indemnify, defend, and hold the Authority, StadCo, Manager, their respective Affiliates, all tenants of the Stadium and all Event promoters harmless for all Losses to the extent arising out of its use, generation or storage of Hazardous Substances at the Stadium.

(d) Concessionaire shall engage the services of an exterminator approved or designated by Manager to control vermin and pests within the Food and Beverage Facilities not less frequently than on a monthly basis, the costs of which shall be a Joint Operating Cost; provided, however, that at Manager's sole option, Manager shall have the right to assume responsibility for exterminator services in the Food and Beverage Facilities, in which case it may invoice Concessionaire for such services at the cost of such services, which shall be paid to Manager within thirty (30) days of invoice as a Joint Operating Cost.

(e) Concessionaire shall immediately clean up any spills caused by its employees in Common Areas used by Concessionaire to transport Refreshments, trash or garbage.

(f) Concessionaire shall maintain all Equipment, Smallwares, and Food and Beverage Facilities (including Leasehold Improvements) following the manufacturer suggested maintenance protocol and any requirements of the Authority or Manager, as adjusted from time to time, including the use of Computerized Maintenance Management Software ("**CMMS**") to schedule, track and memorialize the preventative and reactive maintenance on each element. Concessionaire shall train its employees to use the CMMS, all at no cost to Manager. Upon request by Manager, Management Team shall assist in the set-up of the CMMS system with respect to Concessionaire's operations, including, but not limited to the placing of inventory and coded decals on each element and the recording of all work orders and maintenance records of all work performed within Manager's master CMMS data base. Concessionaire shall maintain through the proper use and execution of the CMMS system the maintenance, service, and inspection logs/records and shall provide copies thereof to Manager upon request.

6.9 **Deliveries**.

All deliveries of Refreshments and other items used or sold by Concessionaire at the Stadium shall be made only during normal operating hours (as communicated to Concessionaire by Manager) and shall be made through a gate or gates designated by Manager. Concessionaire shall prevent the entry of any unauthorized persons into the Stadium through such gate or gates when open for purpose of such deliveries. Deliveries shall be scheduled to avoid the day or evening of, or otherwise conflicting with, an Event to the greatest extent possible. Concessionaire shall follow Manager's policies and procedures of the delivery and acceptance of goods into the Stadium, including using best efforts to recycle or return debris accumulated through deliveries to the Stadium. Concessionaire agrees to expeditiously and with commercially reasonable methods take delivery of and deliver within the Stadium the Refreshments and other items from the assigned unloading areas.

6.10 **Liens**.

Concessionaire shall at all times protect and keep the Food and Beverage Facilities and Equipment and all other areas of the Stadium free and clear of all mechanics and other liens, attachments, encumbrances, or claims arising out of Concessionaire's operations hereunder, its performance under this Agreement and/or its use of the foregoing. In the event any such lien is placed, or such attachments, encumbrances or claims created or made, Concessionaire shall cause their prompt removal, and if necessary, shall provide the party asserting such lien, attachment, encumbrance or claim, or a court of competent jurisdiction, with a performance bond or other reasonable security in scope and amounts necessary to cause such removal.

6.11 **Products and Prices**.

(a) Concessionaire agrees that it will have available at all times sufficient quantities and varieties of wholesome Refreshments. Title to the Refreshments shall

remain vested in Concessionaire. Consumables shall be first quality, wholesome, fresh and pure, and all products on hand shall be stored and handled with due regard for sanitation. Prices, portions, sources of supply, quality, product selection and specific brands of Refreshments shall be subject to Manager's prior approval, provided that the use of a particular brand does not conflict with or violate any Legal Requirements, Alcohol Laws, or Stadium Right(s). Manager shall have the right, in its sole discretion, to cause Concessionaire to change prices and to run promotions directed at consumers which may include the sale of Refreshments.

(b) Fixed menus and menu boards (static or electronic), to feature prices, graphics and theme elements for the Food and Beverage Services, will be installed in conspicuous places in or adjacent to the Food and Beverage Facilities and Service Areas. Concessionaire shall be solely responsible for programming and maintaining all Concessions-related menus, graphics, and animations used within the Stadium Internet Protocol Television ("**IPTV**") system, subject to the approval of Manager of any and all such menus, graphics, and animations. Concessionaire shall coordinate its IPTV programming with all other users of the IPTV system and as otherwise directed by Manager, including but not limited to the periodic expression of graphics, animations and other advertising material. Concessionaire shall produce and maintain in each Suite at least one printed menu (in a form approved or designated by Manager), and provide additional copies for Suite holders, and shall produce and maintain in each Club Area an appropriate number of printed menus (in a form approved or designated by Manager). Concessionaire and Manager shall discuss in good faith the best way to provide an appropriate number of printed ingredient lists to patrons in the Club Areas.

(c) Prior to each NFL season during the Term, Concessionaire shall provide a tasting of all Refreshments proposed to be offered in the Suites and Club Areas for the upcoming season at a reception for all Suite holders, media partners and a limited number of Club Area seat holders (not to exceed twenty percent (20%) of the maximum number of Club Area seat holders) to be held at a time and place in the Stadium designated by Manager. These Refreshments shall be provided by Concessionaire at no cost to seat holders, except that, if more than 1,000 Club Area seat holders participate in any such tasting, then Refreshments shall be provided by Concessionaire at no cost only to the first 1,000 Club Area seat holders, and Refreshments provided to any additional Club Area seat holders shall be provided at cost. Manager and Concessionaire shall consider modifications to the proposed menu based upon the responses of the guests at the reception.

(d) Except as otherwise provided in this Agreement, all Refreshments will be served from and in serviceware and containers approved by Manager.

6.12 **Branded Products; Licensed Products**.

(a) Manager shall have the right to require Concessionaire to sell exclusively certain designated brands of specific types of food and non-alcoholic beverage Branded Products and to otherwise take innovative action to increase sales and/or improve customer satisfaction of such Branded Products. Concessionaire shall work in good faith

with Manager to develop, design, and implement programs for Branded Products as part of the Food and Beverage Services. Concessionaire acknowledges that nothing in this Agreement grants Concessionaire any right to sell sponsorships, advertising space, or exclusivity at the Stadium or any signage related thereto or to take any action that would violate any provision of the Stadium Rights or otherwise. All sums paid or payable by the provider or supplier of a Branded Product specified by Manager shall be the sole property of Manager, for the benefit, however, of the Authority or StadCo, as applicable in accordance with the Stadium Lease. In the event that any exclusivity of a Branded Products results in a material increase in the costs of goods, Concessionaire and Manager shall work in good faith to determine modified pricing of such exclusive Branded Products for Non-NFL Events.

(b) Manager shall have the right to require Concessionaire to sell certain Licensed Products pursuant to any arrangements Manager shall make with the licensor of such Licensed Products. All sums paid or payable by the provider or sponsor of Licensed Products to Manager, if any, shall be the sole property of Manager. All revenues derived from Licensed Products, less any applicable Licensed Products Charges, shall be included in Gross Receipts. Concessionaire shall ensure that Licensed Products at all times comply with the terms of this Agreement, included the Branded Products requirements. At Concessionaire's request, Manager, in its sole discretion, may approve other "name brand" products for sale, but such products shall not be considered Licensed Products for the purpose of this Agreement, and Concessionaire shall be solely responsible for any charges related to such "name brand" products and shall ensure that such products comply with the Branded Products guidelines. All sums paid or payable by the provider or sponsor of such "name brand" products shall be the sole property of Manager.

6.13 **Annual Plans; Approval Procedure**.

Not less than sixty (60) days prior to the commencement of each Fiscal Year during the Term, Concessionaire shall provide Manager with: (i) its financial business plan, in a form reasonably acceptable to Manager, including projected Budget, which shall include operating budgets, Joint Operating Costs, Authority Operating Costs, StadCo Operating Costs, and proposed purchases of Equipment, uniforms and Smallwares, and complete profit and loss projections for the ensuing Fiscal Year for Catered Events, for Non-NFL Events, and for NFL Events, and (ii) its Food and Beverage Services plan for such Fiscal Year, including the menu, portion size, dietary information, branding and pricing schedule for the Stadium by type of location, or as otherwise directed by Manager. Manager shall notify Concessionaire of changes it desires within thirty (30) days following receipt of Concessionaire's financial business plan or Food and Beverage Service plan, as applicable, and Concessionaire shall promptly make all such changes. In the event that Manager requests a modification to Concessionaire's plans, which would result in a material and substantial deviation from Concessionaire's proposed staffing and pricing models for Non-NFL Events, then the parties agree to meet and discuss, in good faith, a reasonable solution to offset the financial impact to Concessionaire. Any anticipated variance in a budgeted line item that exceeds ten percent (10%) of the applicable line item or any purchase not included in the Budget that exceeds $10,000, shall be promptly reported to, and subject to the prior approval of, Manager.

6.14 **Alterations; No Rights in Facilities**.

(a) Concessionaire shall not alter or add to the Food and Beverage Facilities, Service Areas or Equipment or make any material installations without having first obtained the written consent of Manager. All permitted alterations and installations shall (i) be performed by qualified and experienced contractors that meet all Legal Requirements, adhere to all applicable policies and procedures of the Stadium and are reasonably acceptable to Manager, (ii) conform to and be made in accordance with all applicable Legal Requirements using first quality materials and workmanship and otherwise consistent with any standards established by the Authority, StadCo, and/or Manager, and (iii) be effected during times that do not interfere with any Events, Catered Events or other operations at the Stadium. Subject only to the Stadium Lease, Manager reserves the right to make and/or cause to be made all changes, alterations, additions, improvements, repairs or replacements to the Stadium as the Authority, StadCo and/or Manager deems necessary or desirable. Manager shall use reasonable efforts to minimize interference with Concessionaire's use of the Food and Beverage Facilities during the making of such changes, alterations, additions, improvements, repairs or replacements, provided that neither the Authority, StadCo nor Manager shall have any obligation to employ contractors or labor at overtime or other premium pay rates or to incur any other overtime costs or additional expenses whatsoever.

(b) Notwithstanding anything to the contrary in this Agreement, the location of all Food and Beverage Facilities and Service Areas, whether temporary or permanent, shall be determined by Manager and may be changed by Manager from time to time. Concessionaire shall not acquire any rights to such areas or to any Equipment, which shall remain the sole property of Manager, except as may be set forth in this Agreement.

6.15 **Advertising Restrictions**.

(a) Concessionaire acknowledges that all advertising rights, expressly including such rights at the Stadium, belong to the Authority and the tenants of the Stadium. Concessionaire shall not, without the written approval of Manager, (i) advertise any brand names in the Stadium; (ii) use the name or logo of the Stadium on any material; (iii) place advertising of any kind on Concessionaire's or a third-party's equipment; (iv) use the name or logo of Concessionaire at the Stadium or in materials that refer to the Stadium; (v) advertise in or about the Stadium in any manner or form, or elsewhere with respect to its activities at the Stadium; and (vi) provide or promise (in writing or otherwise) any exclusivity to any third-party brand as part of the Food and Beverage Services as the Stadium.

(b) Manager may require Concessionaire to use specially designed logoed uniforms, sales material, printed and IPTV menus, cups, napkins, stationary and other materials, including but not limited to concession signage, and the cost of any items deemed obsolete due to a change requested by Manager shall be a StadCo Operating Cost, Authority Operating Cost, or Joint Operating Cost, as appropriately determined by the parties. Without limiting the generality of the preceding sentence, as directed (and approved) by Manager, all Smallwares used throughout the Stadium (including Club

Areas) shall bear the name, logo or marks of the Stadium naming rights sponsor, and all Smallwares used in a particular Club Area (or other Service Area, as designated by Manager) shall bear the name, logo or marks of the applicable Club Area (or other) sponsor. Manager shall provide any required logo design to Concessionaire. Without limiting Manager's right of approval, Concessionaire shall include pre-approved references to (or as instructed by) Manager in all media or publicity relating to the Stadium or the Food and Beverages Services. Concessionaire must provide printed and IPTV Catered Event and Suite menus approved by Manager, utilizing the Authority's (for the Authority's Events), StadCo (and its Affiliates) for their Events and, for Manager (and its Affiliates') Events, Manager's (or its Affiliates') logos, used exclusively for the Stadium, in sufficient quantities for use by Manager's and Concessionaire's marketing staffs.

(c) Except as provided in Section 6.15(b), Concessionaire shall have no right to use the Stadium Rights or trademarks, symbols or trade names of the Authority, StadCo, Manager or their respective Affiliates, or Stadium tenants or their Affiliates or other Event performers directly or indirectly, in connection with any production, promotion, service or publication, without the prior written approval of Manager; provided, however, Concessionaire may, in a reasonable and tasteful fashion, including by use of relevant names and logos, promote its affiliation with the Stadium and the services provided by Concessionaire under this Agreement in Concessionaire's and its affiliates' corporate promotional materials and social media, as approved by Manager.

(d) Notwithstanding anything herein to the contrary, but subject to the terms and conditions of the Stadium Lease, the Authority, Manager, and the Stadium tenants, including StadCo, may sell advertising and sponsorship packages for the Stadium, which may include product availability rights at the Stadium, where legally permissible. Subject to Section 6.12, such rights may be granted in connection with Branded Products, Licensed Products, or otherwise. Accordingly, where legally permissible, Manager reserves the final right of approval of Concessionaire's sources of product supply, and Concessionaire shall honor all rights granted by the Authority, StadCo or Manager to their respective advertisers and sponsors.

6.16 **Website.**

Concessionaire shall assist the Authority, StadCo, Manager and their respective Affiliates and all Stadium tenants in developing and maintaining food and beverage sections in their respective websites. Such assistance shall include, without limitation, (a) creating effective means of promoting the sale of Refreshments at Events and the use of the Stadium for Catered Events, (b) providing access to menus in different areas of the Stadium, (c) providing a means to book Catered Events online and through other modes of then-current information technology, and (d) providing a means for Suite licensees to place Refreshment orders online and through other modes of then-current information technology prior to Events.

6.17 **Safety Plan.**

Not less than sixty (60) days prior to the Commencement Date, Concessionaire shall submit to Manager for its approval a written plan describing Concessionaire's procedures for the (i) transport of materials and supplies, such as carbon dioxide bottles and beer kegs, during Events, including, without limitation, the routes and locations for movement and storage, and methods of handling such materials and supplies; (ii) storage of materials and supplies in the Stadium; and (iii) use and maintenance of all motorized vehicles of any type which are owned or operated by Concessionaire in the Stadium, including, without limitation, the type of fuel used to power such vehicles, maximum speeds of operation, routes and locations of travel and storage, maintenance schedules and procedures, and training procedures for Concessionaire personnel using such vehicles. Concessionaire shall make such modifications to any written plan covered by this Section 6.17 as Manager shall reasonably request from time to time.

6.18 **Ethical Standards for Concessionaire.**

Concessionaire represents and warrants to and covenants with Manager as of the Effective Date that Concessionaire, or its legal and authorized representative charged with such matters, has: (A) read **Exhibit H**, entitled "**Ethical Standards for Concessionaire**"; and (B) in evidence of its understanding of the terms of such **Exhibit H** and in connection with the execution and delivery of this Agreement, separately executed and delivered **Exhibit I**, entitled "**Affidavit of Compliance with Ethical Standards.**"

ARTICLE VII

Indemnification and Insurance

7.1 **Indemnification.**

(a) Concessionaire shall indemnify, defend and hold harmless the Authority, Manager and the Additional Indemnitees, and their respective officers, directors, managers, members, partners, owners and employees from and against all losses, costs, suits, actions, claims, damages, amounts paid in settlement, liabilities, costs and expenses, including reasonable attorneys' fees (collectively, "**Losses**"), resulting to, imposed upon, asserted against or incurred by any of them (including in any action between the parties) to the extent in connection with or arising out of (i) any breach by Concessionaire under this Agreement, (ii) the use or occupancy of the Stadium or Outside Areas by Concessionaire or its employees, agents or contractors, (iii) any activity, inactivity, work or thing done or permitted by Concessionaire or its employees, agents or contractors in or upon the Stadium or Outside Areas, including the performance of the Food and Beverage Services, or (iv) any injury or damage to any Person or to the property of any Person caused by the action or omission of Concessionaire or its employees, agents or contractors; excepting any claims to the extent caused by the negligence or willful misconduct of Manager. For the avoidance of doubt, nothing herein is intended to limit Concessionaire's rights to seek contribution for Losses from Manager, Authority, or any other party to the extent attributable to such party's negligence or willful misconduct.

(b) Manager shall indemnify, defend and hold harmless Concessionaire and its officers, directors, managers, members, partners, owners and employees from and against all Losses resulting to, imposed upon, asserted against or incurred by any of them (including in any action between the parties) in connection with or arising out of any breach by Manager under this Agreement or injury or damage to any Person or to the property of any Person caused by the negligence or willful misconduct of Manager or its employees.

(c) If any claim, demand, action or proceeding is made or commenced by any third party (a "**Third Party Claims**") against any party that is entitled to be indemnified with respect thereto under this Section 7.1 (the "**Indemnified Party**"), the Indemnified Party shall give the party obligated to provide the indemnity (the "**Indemnifying Party**") prompt notice thereof; the failure to give such notice shall not affect the liability of the Indemnifying Party under this Agreement except to the extent the failure materially and adversely affects the ability of the Indemnifying Party to defend the Third Party Claim. The Indemnifying Party shall have the right to assume the defense and resolution of the Third Party Claim, provided that (i) the Indemnified Party shall have the right to participate in the defense of the Third Party Claim at its own expense through counsel of its choice (control of the defense will remain with the Indemnifying Party), (ii) the Indemnifying Party shall not consent to the entry of any judgment or enter into any settlement that would require any act or forbearance on the part of the Indemnified Party or which does not unconditionally release the Indemnified Party from all liability in respect of the Third Party Claim or would otherwise bring dishonor or disrepute upon Authority, Manager, any of their respective Affiliates, without the prior written consent of the Indemnified Party, and (iii) the Indemnified Party may undertake the defense of the Third Party Claim, at the Indemnifying Party's expense, if the Indemnifying Party fails to (A) assume the defense within ten (10) business days after notice from the Indemnified Party or (B) diligently prosecute the defense.

7.2 **Concessionaire's Insurance.**

(a) Throughout this Section 7.2, and as otherwise used in the Agreement, capitalized, insurance-related terms are intended to have those respective meanings as are used consistently throughout the commercial insurance industry in the United States. Except as otherwise set forth in this Section 7.2, on or within a commercially practicable time following the Effective Date and prior to commencing any work or activity at the Stadium pursuant to this Agreement, Concessionaire shall obtain and thereafter continue to maintain until the end of the Term the following insurance coverage, which shall be in form and substance reasonably satisfactory to Manager:

Type of Insurance	**Minimum Liability Limits**
1. Workers' Compensation Insurance	As required by applicable law
2. Employer's Liability Insurance	$1,000,000 per occurrence $1,000,000 per employee $1,000,000 annual aggregate

3.	Commercial Automobile Liability Insurance	$2,000,000 each accident
4.	Commercial General Liability Insurance	$1,000,000 per occurrence $10,000,000 annual aggregate
5.	Liquor Liability/Dram Shop Liability Insurance	$1,000,000 each common cause and $10,000,000 general aggregate
6.	Crime Insurance	$5,000,000 per occurrence
7.	Acts of Terror	Liability and Property coverages shall provide coverage for acts of terrorism to the broadest extent possible, as available under the Terrorism Risk Insurance Act and/or stand-alone policies providing such coverage
8.	All Risks Property Insurance	As required to replace (on a replacement cost basis) all of Concessionaire's personal property at the Stadium
9.	Umbrella Liability Insurance	$55,000,000 per occurrence and in the aggregate
10.	Business Income (Extra Expense) Insurance (included on the All Risk Property Policy)	Covering an interruption period of not less than one (1) year, with a limit of not less than twelve months of net income and continuing expenses.

The limits of liability required for Commercial General Liability, Liquor Liability and Dram Shop Liability and Umbrella Liability may be satisfied by a combination of various primary and umbrella limits. Any such combination must be fully disclosed to and approved by Manager. Approval by Manager of any such combination of policies shall not release Concessionaire from its obligations regarding required coverage and limits related thereto.

(b) Concessionaire shall deliver to Manager at least thirty (30) days prior to the Commencement Date, and again at least ten (10) days prior to the expiration date of any then existing policies, (i) a certificate or certificates evidencing that such insurance coverages are in effect for a period of not less than one (1) year from the date of such certificate, and (ii) a certificate or certificates of insurance (or copies of policies if required under an insurance claim) including Manager and each Indemnified Party (also referred to as an "**Additional Indemnitee**") as additional insureds on the commercial general liability, auto liability, liquor liability and umbrella liability, using Insurance Services Office ("**ISO**") Endorsement CG 20 10 11 85 or the combination of CG 20 10 current edition and CG 20 37 current edition, or its equivalent with respect commercial

general liability. Concessionaire workers' compensation insurance shall contain a waiver of the insurer's right of subrogation in favor of Manager and each Indemnified Party. Concessionaire shall, for any subcontractor or independent contractor engaged in furtherance of its obligations under this Agreement, provide evidence to Manager that such subcontractor or independent contractor has insurance requirements reasonably requested by Manager prior to commencement of work or delivery of services by any such party. Concessionaire agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. All policies required herein with the exception of the Terrorism policy, shall contain a clause providing that such policies shall not be cancelled unless the insurance carrier shall have endeavored to give Manager at least thirty (30) days' advance written notice of such termination, and Concessionaire shall give Manager at least thirty (30) days' advance written notice of any proposed amendment to any material provisions thereof that are adverse to the named insured. If any policy expires or is cancelled, Concessionaire shall immediately furnish a new certificate evidencing renewal or replacement.

(c) Employer's Liability Insurance, Commercial Automobile Liability Insurance, Commercial General Liability Insurance, and Liquor Liability/Dram Shop Liability Insurance shall be provided on a standalone basis.

(d) Commercial General Liability Insurance, providing coverage at least as broad as ISO form CG 00 01, including coverage for (i) bodily injury and property damage, (ii) personal and advertising injury, (iii) products and (iv) completed and premises operations, all on an occurrence basis. Such policy shall not contain any exclusions except those customarily contained in such policies. Additional insured status shall expressly apply to products and completed operations as well as to premises operations coverage. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits. There shall be no cross-liability exclusion which precludes coverage for claims or suits by one insured against another. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability per separation of insured clause.

(e) Commercial Automobile Liability Insurance, providing coverage at least as broad as ISO form CA 00 01, including bodily injury and property damage for all owned, non-owned, or hired vehicles used by Concessionaire in performing its obligations under this Agreement.

(f) Workers' Compensation Insurance provided under the terms of this Agreement shall comply with all statutes, rules and regulations of the State of California, and shall cover employees. To the extent permitted by law, an Alternate Employer Endorsement shall be included in the policy and shall be evidenced on any required Certificate of Insurance. The indemnification and hold harmless obligations of Concessionaire included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Concessionaire or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

(g) Employer's Liability Insurance provided under the terms of this Agreement shall cover all employees per policy terms and conditions and per statutes, rules and regulations of the State of California.

(h) Crime Insurance provided under the terms of this Agreement shall apply to acts of employee dishonesty and theft both inside and outside the Stadium, and shall provide coverage to funds and property held by Concessionaire on behalf of Manager, StadCo and/or the Authority. Manager, StadCo and the Authority shall be included as loss payees on Concessionaire's Crime Insurance to the extent of such funds and property as their interest may appear.

(i) Environmental Liability Insurance, if applicable, provided under the terms of this Agreement shall include bodily injury, property damage, and clean-up costs, including coverage for any claim, suit, or demand brought by any third party or on behalf of any governmental agency or authority, as a result of the actual, alleged, or threatened discharge, disposal, seepage, migration, release, or escape of any Hazardous Substance or pollutant due to Concessionaire. Any self-insured retention amounts shall be the sole responsibility of Concessionaire. The policy shall name Concessionaire, Manager, and Authority as additional insureds.

(j) All Risks Property Insurance provided under the terms of this Agreement shall include coverage in an amount sufficient to replace Concessionaire's personal property, including but not limited to: furniture, fixtures, Equipment, and inventory, and shall include coverage against the perils of, but not be limited to, earthquake, flood, windstorm or other insurable weather event, and acts of terrorism, whether committed by domestic or foreign entities, available under the Federal Terrorism Risk Insurance Act ("**TRIA**") and/or purchased under standalone policies; provided, however, that earthquake coverage and terrorism risk coverage shall only be required to be obtained to the extent that either such coverage is available on commercially reasonable terms.

(k) Umbrella or Excess Liability insurance provided under the terms of this Agreement will provide limits above the required Commercial General Liability, Commercial Automobile Liability, Liquor Liability/Dram Shop Liability and Employer's Liability primary limits.

(l) The commercial general liability, liquor liability and umbrella liability insurance required by Section 7.2(a) shall be primary and non-contributory to any other insurance coverage held by Manager or the Additional Indemnitees.

(m) Neither the Authority nor Manager, nor any Additional Indemnitee, shall be liable to Concessionaire, and Concessionaire waives all claims and rights of recovery it or any party claiming by, through or under Concessionaire may have against the Authority, Manager, the Additional Indemnitees by subrogation or otherwise, for any Loss suffered or incurred by Concessionaire or such other party to the extent of any proceeds actually received by Concessionaire from any insurance policy that Concessionaire is required to have in effect at the time of the Loss with the exception of the standalone terrorism, pollution liability and crime policies. Concessionaire shall not

be liable to Manager or to the Team and their Affiliates, and Manager waives (and will cause its Affiliates to waive and will use commercially reasonable efforts to cause the Authority to waive) all claims and rights of recovery it or any party claiming by, through or under Manager or its Affiliates or, to the extent possible, the Authority, may have against Concessionaire and its officers, directors, managers, members, partners, owners, employees and agents, by subrogation or otherwise, for any Loss suffered or incurred by Manager or its Affiliates or, to the extent possible, the Authority, or such other party to the extent such Loss is actually paid from proceeds under any insurance policy that Manager or its Affiliates or the Authority has in effect or is required to have in effect at the time of the Loss. Concessionaire and Manager shall cause their insurance carriers to include provisions in the applicable policies, with the exception of the standalone terrorism, pollution liability and crime policies, authorizing the foregoing waivers, and Manager will use commercially reasonable efforts to cause the Authority to cause its insurance carrier(s) to include provisions in the applicable policies authorizing the foregoing waiver.

(n) All insurance carriers providing the above coverage for Concessionaire must be authorized to do so in the State of California. All such carriers must also be rated no lower than A-VII by the most recent Best's Key Rating Guide or Best's Agent's Guide or must be otherwise acceptable to Manager.

(o) It is expressly understood and agreed by Concessionaire that the insurance requirements specified above require the use of occurrence liability forms with the exception of the pollution liability and where applicable and available.

(p) Each party agrees that the other party, shall not be liable for, and hereby releases the other party from, all claims for damage to property or business sustained resulting from any act or omission of any other tenants, licensees, permittees, or other occupants of the Stadium. The foregoing waiver and release is intended by Manager and Concessionaire to be absolute, unconditional and without exception.

(q) All of the limits of insurance required hereunder shall be subject to review by Manager and, in connection therewith, Concessionaire shall carry or cause to be carried such commercially reasonable and available additional amounts as Manager may reasonably require from time to time (whether by reason of changes in the consumer price index, claims made under certain insurance policies or otherwise).

(r) Should Concessionaire fail to procure, maintain, or pay for the insurance coverage required under this Section 7.2, the Authority and Manager, individually, shall have the right, but not the duty or obligation, to procure such insurance and pay the subject premiums. Concessionaire shall have the obligation to repay the Authority or Manager, as the case may be, immediately upon demand for all sums so paid by the Authority or Manager, including any interest, costs, and expenses associated with such payments by the Authority or Manager.

7.3 **Manager's Insurance.**

Throughout the Term of this Agreement (including any extensions thereof), Manager shall maintain in full force and effect the policies of insurance set forth hereinafter.

(a) Commercial General Liability insurance with limits not less than $1,000,000 each occurrence and $5,000,000 in the aggregate. Each of the occurrence limit and annual aggregate limit may be satisfied by using a combination of primary and umbrella (excess) insurance coverages. Such insurance shall include coverage for products-completed operations liability, personal injury, property damage and bodily injury liability;

(b) Automobile Liability insurance covering liability arising out of Manager's use, operation and/or maintenance of any auto, whether owned, non-owned, leased, hired or borrowed, with limits not less than $1,000,000 combined single limit each accident for bodily injury and property damage;

(c) Workers' Compensation insurance covering all of Manager's employees who are engaged in furnishing the Services under this Agreement. Such insurance shall provide coverage and limits as required by statutory law, including Employer's Liability coverage with limits not less than $500,000 each accident, $500,000 disease-each employee and $500,000 disease-policy limit;

(d) Property Damage Insurance. Manager shall be responsible for maintaining all insurance for all of the furniture, fixtures and equipment utilized in connection with the Operations against property damage for one hundred percent (100%) of the replacement value of such assets.

ARTICLE VIII

Assignment

8.1 **Concessionaire's Assignment**.

Concessionaire shall not, without the prior written consent of Manager, directly or indirectly transfer (as defined in Section 8.2) or permit any transfer of this Agreement or any of its rights, duties or obligations hereunder, and any purported or attempted transfer in violation of this provision shall be void; provided, that Concessionaire may, with thirty (30) days' prior written notice to Manager and Manager's consent, which consent may not be unreasonably withheld, conditioned or delayed, pledge, assign or transfer this Agreement to an Affiliate, or to an assignee or transferee of all or substantially all of the business of Concessionaire, or any part thereof, whether by contract (upon acceptance of such assignee's creditworthiness, such acceptance not to be unreasonably withheld, conditioned or delayed) or by operation of law, so long as there is no change in Concessionaire's executive leadership, in connection with, or as a result of said pledge, assignment, or transfer.

8.2 **Manager Assignment.**

Manager may sell, assign, pledge and otherwise transfer or encumber (each, a "**Transfer**") this Agreement and any or all of its rights and obligations hereunder to any other Person, including any source of or guarantor or insurer of financing or any trustee, collateral agent or other Person appointed in connection with such financing (each, a "**Manager Assignee**"), whether by security agreement, collateral assignment, transfer or otherwise; provided, that such transfer shall not relieve Manager of its obligations under this Agreement unless such Manager Assignee assumes in writing Manager's obligations under this Agreement. Upon reasonable prior notice from Manager, Concessionaire shall make any payments due hereunder to such Manager Assignee and shall execute and deliver any documents that Manager or any Manager Assignee may reasonably request to acknowledge and confirm that upon any such transfer, this Agreement will remain in full force and effect, will continue to be a legal, valid and binding obligation of Concessionaire enforceable in accordance with its terms (subject to applicable bankruptcy or insolvency laws and general principles of equity), and that (to the extent accurate and correct) neither Concessionaire, nor to Concessionaire's knowledge, Manager is in material breach or violation of this Agreement.

8.3 **Replacement of Manager.**

Concessionaire acknowledges and agrees that, in the event the Stadium Management Agreement is terminated for any reason, the Authority and StadCo shall, in accordance with the Stadium Lease, employ a replacement manager for the Stadium, who shall, following the effective date of such employment, constitute the "Manager" for all purposes under this Agreement.

ARTICLE IX

Termination

9.1 **Termination by Manager.**

In addition to any other rights or remedies Manager may have, including without limitation under the provisions of Section 6.18 and the Exhibits relating thereto, Manager may terminate this Agreement by written notice to Concessionaire if: (a) Concessionaire fails to remit, for a period of thirty (30) days after receipt of written notice of demand therefor, any undisputed sums due and owing to Manager under this Agreement; (b) Concessionaire fails to correct to the reasonable satisfaction of Manager any condition created or controlled by Concessionaire that, in Manager's reasonable judgment, poses a hazardous condition to occupants of the Stadium or the Outside Areas within twenty-four (24) hours after receipt of written notice from Manager; (c) subject to the last sentence of this Section 9.1, Concessionaire fails to perform any material obligation under this Agreement and such failure continues unremedied for a period of thirty (30) days after receipt of written notice from Manager of the particular failure to perform; (d) Concessionaire is placed into bankruptcy either voluntarily or involuntarily (and such involuntary proceeding is not dismissed within sixty (60) days), becomes financially insolvent, takes the benefit of any present or future insolvency statute, makes a general assignment for the benefit of creditors, or consents to the appointment of a receiver,

trustee, or liquidator of all or substantially all of its property; (e) Concessionaire transfers or permits a transfer of this Agreement in violation of Section 8.1; (f) Concessionaire fails to obtain and/or maintain required licenses and permits under Section 6.3; (g) Concessionaire does not meet mutually agreed upon satisfactory performance level in two (2) consecutive Concessionaire Surveys reviews; or (h) the Stadium Management Agreement has been terminated. Concessionaire and Manager acknowledge and agree that, except for the circumstances described in clause (h) of the immediately preceding sentence, termination of this Agreement by Manager pursuant to this Section 9.1 shall be "for cause." If any failure that would otherwise entitle Manager to terminate this Agreement under Section 9.1(c) is the result of a Force Majeure, Manager shall not have a termination right under such Section 9.1(c) unless the failure continues unremedied until the earlier of (i) thirty (30) days after the condition constituting the Force Majeure has terminated or (ii) one hundred eighty (180) days from the commencement of such Force Majeure.

9.2 **Termination by Concessionaire.**

In addition to any other rights or remedies Concessionaire may have, Concessionaire may terminate this Agreement by written notice to Manager if: (a) Manager fails to remit, for a period of thirty (30) days after receipt of written notice of demand therefor, any undisputed sums due and owing to Concessionaire under this Agreement; (b) subject to the last sentence of this Section 9.2, Manager fails to perform any material obligation under this Agreement and such failure continues unremedied for a period of thirty (30) days after receipt of written notice from Concessionaire of the particular failure to perform; or (c) Manager is placed into bankruptcy either voluntarily or involuntarily (and such involuntary proceeding is not dismissed within sixty (60) days), becomes financially insolvent, takes the benefit of any present or future insolvency statute, makes a general assignment for the benefit of creditors, or consents to the appointment of a receiver, trustee, or liquidator of all or substantially all of its property. Concessionaire and Manager acknowledge and agree that termination of this Agreement by Concessionaire pursuant to this Section 9.2 shall be "for cause." If any failure that would otherwise entitle Concessionaire to terminate this Agreement under Section 9.2(b) is the result of a Force Majeure, Concessionaire shall not have a termination right under such Section 9.2(b) unless the failure continues unremedied sixty (60) days after the condition constituting the Force Majeure has terminated.

9.3 **Effect of Termination or Expiration.**

(a) Upon the termination or expiration of this Agreement, for any reason whatsoever, (i) Concessionaire shall immediately surrender possession of the Food and Beverage Facilities (including all Leasehold Improvements and any other improvements therein), Smallwares, uniforms, Customer Surveys and Equipment (and related manuals and software) to Manager, (ii) Concessionaire shall immediately assign to Manager or its designee(s) all right, title and interest of Concessionaire in and to all customer deposits and agreements relating to Catered Events and, subject to clause (iii) below, all other items purchased by Concessionaire in connection with the Food and Beverage Services (including uniforms, Smallwares, Office Equipment and warehouse and transportation equipment), (iii) Manager or its designee shall purchase from Concessionaire all Refreshments, paper products and other supplies purchased by Concessionaire in connection with the Food and Beverage Services that Manager reasonably determines are

saleable or usable in the ordinary course, at Concessionaire's cost, (iv) Concessionaire shall make all payments required to be made by Concessionaire under this Agreement, (v) to the extent permitted by applicable law, Concessionaire shall immediately surrender possession of and assign to Manager (or its designee) all permits and licenses acquired by Concessionaire in compliance with Section 6.3 and any Legal Requirements, (vi) all matters, rights and liabilities existing on the date of termination between the parties hereto shall be determined as of such termination date (except as described above), and discharged as promptly as possible thereafter, including any known claims for damages either party may have against the other for breach of the terms and conditions hereof; any such surrender shall require delivery of possession in good condition, reasonable and ordinary wear and tear excepted and otherwise in compliance with the terms of this Agreement, and (vii) Manager shall pay to Concessionaire the unexpensed portion (from the Investment Use Fee) of the Innovation Fund, Initial Capital Investment, and Refresh Investment paid to Manager prior to termination/expiration and the unamortized portion of the Hub for Next Generation Sports Entertainment Fund, in a single lump sum payment. The parties acknowledge and agree that Authority shall be the sole owner of any property purchased or created as a result of the Initial Capital Investment, the Innovation Fund, the Hub for Next Generation Sports Entertainment Fund, and the Refresh Investment. Concessionaire acknowledges and agrees that any unspent amounts of the Innovation Fund, Initial Capital Investment, and Refresh Investment paid to Manager prior to termination/expiration, and any unspent amounts of the Hub for Next Generation Sports Entertainment Fund and the Renewal and Replacement Account shall be retained by Manager and used in Manager's sole discretion upon termination/expiration of this Agreement.

(b) Upon Manager's receipt of notice that the Authority or StadCo intends to terminate the Stadium Management Agreement, Manager shall notify Concessionaire.

(c) Notwithstanding any termination or expiration of this Agreement, all liabilities and obligations of the parties will survive until they are fully satisfied.

(d) Manager hereby expressly agrees that, during the Term (including any extensions thereof) and for a period of twelve (12) months following either the expiration or earlier termination of this Agreement, none of Manager, Team, StadCo, or the Authority, nor any of their respective Affiliates, or any subsequent concessionaire at the Stadium or any agent of such parties shall directly solicit any current salaried or management-level employee of Concessionaire or its Affiliates (including, but not limited to, Concessionaire's current director of operations, chefs, sous chefs and the managers of the various areas of the Food and Beverage Facilities) learned about solely due to the Food and Beverage Services to work in or in connection with the Stadium or the Food and Beverage Facilities as an employee, without Concessionaire 's prior written approval, which approval can be granted or denied in Concessionaire's sole and absolute discretion. Concessionaire hereby expressly agrees that, during the Term (including any extensions thereof) and for a period of twelve (12) months following either the expiration or earlier termination of this Agreement, none of Concessionaire nor any of its Affiliates or agents shall directly solicit any current salaried or management-level employee of Manager learned about solely due to the Food and Beverage Services to work for or in

connection with Concessionaire as an employee, without Manager's prior written approval, which approval can be granted or denied in Manager's sole and absolute discretion. Any public announcements made upon the expiration or earlier termination of this Agreement shall be reasonably agreed upon in advance by Manager and Concessionaire.

ARTICLE X

Casualty Event

10.1 If the Stadium is destroyed or otherwise rendered unusable for more than thirty (30) days for any reason (a "**Casualty Event**"), Manager shall give Concessionaire a notice within ninety (90) days after the Casualty Event stating that the Authority intends to rebuild or restore the Stadium. If the notice states that the Authority will not rebuild or restore the Stadium, this Agreement shall be terminated. If the notice states that the Authority intends to rebuild or restore the Stadium, the parties' obligations hereunder shall be abated during the rebuilding or restoration period. If such notice states that the Authority reasonably believes that it will take longer than two (2) years to restore or rebuild the Stadium or, if a shorter amount of time, such amount of time is longer than the remainder of the Term, either party shall have the option of terminating this Agreement by written notice to the other at any time within one hundred and eighty (180) days after Manager gives such notice, and such termination shall be effective one hundred twenty (120) days after the other party's receipt of such notice. Concessionaire shall not be entitled to any monetary or other damages or compensation from Manager in the event of a Casualty Event.

ARTICLE XI

Miscellaneous

11.1 **Applicable Law.**

(a) This Agreement shall be governed by the laws of the State of California applicable to agreements made and to be performed entirely in the State of California.

(b) The federal and state courts located in Santa Clara County, California (together, the "**Designated Courts**") shall have exclusive jurisdiction over the parties with respect to any dispute or controversy between them arising under or in connection with this Agreement and by execution and delivery of this Agreement, each of Manager and Concessionaire submits to the exclusive jurisdiction of those courts, including the in personam jurisdiction of those courts, waives any objection to such jurisdiction on the grounds of venue or forum non conveniens or the absence of in personam jurisdiction and any similar grounds, consents to service of process on its registered agent by mail (in accordance with Section 11.7 or any other manner permitted by law), and irrevocably agrees to be bound by any judgment rendered thereby, subject to all applicable rights of appeal. So far as is permitted under Legal Requirements, this consent to personal jurisdiction shall be self-operative and no further instrument or action, other than service of process in the manner specified in this Section 11.1(b) or as otherwise permitted by

law, shall be necessary in order to confer personal jurisdiction over Manager or Concessionaire in any of the Designated Courts. Each party agrees that any final judgment against it from which it has not or may not appeal or further appeal in any suit, action or proceeding brought in a Designated Court of competent subject matter jurisdiction may, so far as permitted under Legal Requirements, be enforced in the courts of any jurisdiction of which such party is subject by a suit upon such judgment. Service of any process, summons or notice upon a party shall be sufficient if made in accordance with Section 11.7 below. Nothing in this Section 11.1(b) shall affect the right of any party to serve legal process in any other manner sufficient under law. Each party further agrees that it shall not commence any legal action against any other party relating to or arising under this Agreement in any court that is not one of the Designated Courts, unless the Designated Courts shall have determined that they lack subject matter jurisdiction to hear such action.

11.2 **No Waiver**.

No provision of this Agreement shall be deemed to have been waived by either party hereto unless such waiver is in writing and is signed by the party hereto against whom such waiver is asserted, and any such waiver shall be effective only for the specific purpose and in the specific instance in which given. The failure of either party hereto to seek redress for violation of, or to insist upon the strict performance of, any covenant or condition of this Agreement, shall not be construed as a waiver or relinquishment for the future performance of such obligations of this Agreement or of the right to exercise such election, but the same shall continue and remain in full force and effect with respect to any subsequent breach, act or omission.

11.3 **No Brokers**.

Concessionaire and Manager represent and warrant to each other that they have not dealt with any brokers or similar parties in connection with this Agreement and each party hereby indemnifies, defends and holds the other harmless from all costs, expenses or liabilities resulting from a breach by such party of its foregoing representation.

11.4 **Binding Effect**.

Subject to Article VIII, this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

11.5 **Whole Agreement; Captions**.

This Agreement, the recitals hereto, and the exhibits attached hereto contain all of the covenants, promises and agreements between the parties concerning the subject matter hereof. It supersedes all prior agreements, arrangements or understandings, whether written or oral. This Agreement may not be amended or modified except in writing signed by the parties. Except as set forth in this Section 11.5, all prior agreements between the parties are hereby superseded and terminated in all respects. The term "including", whenever used in any provision of this Agreement, means including but without limiting the generality of any description preceding or succeeding that term. Captions and titles in this Agreement are for convenience of reference only and shall not be deemed part of this Agreement or used in its interpretation.

11.6 **No Joint Venture**.

Concessionaire is an independent contractor. Nothing in this Agreement shall be deemed to create a co-employer, partnership, joint venture or principal agent relationship between Manager and Concessionaire, or any of their respective Affiliates. Neither party hereto shall hold itself out to be anything other than an independent contractor, and neither party hereto shall incur or purport to incur liability on behalf of the other.

11.7 **Notices; Approvals**.

(a) Any and all notices, requests, demands, consents, approvals or other communications required to be given pursuant to this Agreement by any party shall be in writing and shall be validly given or made to the other party if served personally, sent by certified or registered mail, sent by facsimile transmission (with confirmation of successful transmission), sent by electronic mail or such other electronic means then currently available to both parties that permits confirmation of delivery, or sent by recognized national courier service. If the notice, request, demand or other communications are served personally, or by nationally recognized courier service, service shall be conclusively deemed to be made at the time of service. If the notice, request, demand or other communications are sent by electronic mail or such other electronic means then available, service shall be conclusively deemed to be made at the time confirmation of delivery is received by the sender. If the notice, request, demand or other communications are sent by facsimile transmission, service shall be conclusively deemed made the first business day following successful transmission. If the notice, demand or other communications are given by certified or registered mail, service shall be conclusively deemed made four (4) business days after deposit in the United States mail, addressed to the party to whom the notice, demand or other communication is to be given. Notices shall be provided to the following addresses (any of which may be changed upon like notice to the other parties to this Agreement that would require notice hereunder):

If to Manager, to:

Forty Niners Stadium Management Company LLC
4900 Marie P. DeBartolo Way
Santa Clara, CA 95054
Attention: Jim Mercurio, General Manager

with a copy (which shall not constitute notice) to:

Attention: Moon Javaid

If to Concessionaire, to:

Levy Premium Foodservice Limited Partnership
980 N. Michigan Avenue, Suite 400
Chicago, IL 60611
Attention: Andrew Lansing, President

With a copy to (which shall not constitute notice):

Levy Premium Foodservice Limited Partnership
980 N. Michigan Avenue, Suite 400
Chicago, IL 60611
Attention: General Counsel

(b) Where consent or approval of or authorization (each, a "**Consent**") from Manager is required hereunder, such Consent shall mean a Consent in writing executed by an officer of Manager. Where Consent of Concessionaire is required hereunder, such Consent shall mean a Consent in writing executed by an officer of Concessionaire. To the extent that any Consent of a proposed action is required to be reasonable or commercially reasonable, the party whose Consent is sought shall give consideration to the views and financial needs of the other party and shall act in a timely and non-capricious manner.

11.8 **Invalidity**.

If any provision of this Agreement is determined by a court of competent jurisdiction to be invalid or unenforceable, such provision shall, as to such jurisdiction, be ineffective to the extent of such prohibition or invalidity without affecting the validity of the remaining provisions of this Agreement. It is the intention of the parties that if any provision would be deemed invalid or unenforceable as written, that it be construed to apply to the greatest extent that would permit it to be valid and enforceable.

11.9 **No Third-Party Beneficiary**.

This Agreement shall not confer any third-party beneficiary rights on any other party except for the Authority, StadCo, its Affiliates, Manager's Affiliates and, where expressly so provided, the Additional Indemnitees and tenants of the Stadium.

11.10 **Limitation of Liability.**

Neither Party's, nor their Affiliates', officers, directors, partners, members, managers, shareholders, consultants, agents or employees shall be liable in any manner or to any extent under or in connection with this Agreement, and each party and its successors and assigns shall look solely to the assets of the other for the satisfaction of any claims or judgments it may have. Neither Manager nor Concessionaire shall be entitled to seek, claim or collect damages in excess of the actual and direct damages actually incurred or sustained as a result of a breach or violation of this Agreement, except as expressly provided in Section 6.5 or as a result of a material, uncurable breach of either (x) Paragraph C of Exhibit F or a (y) health or safety code violation by Concessionaire, provided such breach does not result from a Force Majeure event. This shall not limit Concessionaire's right to recover the unexpensed amounts of the Innovation Fund, Initial Capital Investment and Refresh Investment or the unamortized portion of the Hub for Next Generation Sports Entertainment Fund from Manager as provided under Section 9.3.

11.11 **Specific Performance.**

Concessionaire hereby acknowledges and confirms that the remedies of Manager at law for a breach or threatened breach of any of the provisions of this Agreement would be inadequate and, in recognition of that fact, hereby further acknowledges and confirms that, in the event of a breach or threatened breach by Concessionaire of the provisions of this Agreement, in addition to any remedies at law, Manager shall, without posting any bond, be entitled to obtain equitable relief in the form of specific performance, a temporary restraining order, a temporary or permanent injunction or any other equitable remedy which may then be available. In the event that Manager initiates such a claim for specific performance and fails to receive final injunctive relief, Manager shall be responsible for the reasonable costs (including without limitation reasonable outside attorneys' fees) incurred by Concessionaire in its defense of such claim.

11.12 **Subordination.**

This Agreement shall be subject and subordinate at all times to the terms and conditions of the Stadium Lease and the Stadium Management Agreement, and to the lien of any mortgage or deed of trust or other lien, heretofore or hereafter placed by the Team, Manager or their respective Affiliates upon any interest in the Stadium that any of them shall hold or own, and of all renewals, modifications, consolidations, replacements and extensions thereof (all of which are hereinafter referred to collectively as a "**Mortgage**"), all automatically and without the necessity of any further act on the part of Concessionaire or Manager to effectuate such subordination. Concessionaire shall, at the request of the Authority, Manager or the holder of (or trustee under) any Mortgage, bond indenture or other security agreement upon foreclosure thereof or termination of the Stadium Lease, attorn to such holder or trustee, as the case may be. Concessionaire shall also execute, seal, acknowledge and deliver, within fifteen (15) days after Concessionaire's receipt of demand, such further instrument or instruments evidencing such subordination of Concessionaire's right, title and interest under this Agreement.

11.13 **Information Technology.**

In connection with the services being provided hereunder, Concessionaire may need to

operate certain information technology systems not owned by the Manager ("**Non-Manager Systems**"), which may need to interface with or connect to Manager's networks, internet access, or information technology systems ("**Manager Systems**"). Concessionaire shall be responsible for all Non-Manager Systems, and Manager shall be solely responsible for Manager Systems, including taking the necessary security and privacy protections as are reasonable under the circumstances. If Concessionaire serves as the merchant-of-record for any credit or debit card transactions in connection with any of the services provided hereunder, then Concessionaire will be responsible for complying with all applicable laws, regulations and payment card industry data security standards related to the protection of cardholder data ("**Data Protection Rules**"). If Non-Manager Systems interface with or connect to Manager Systems, then Manager agrees to implement forthwith, upon request from Concessionaire, the changes to the Manager Systems that Concessionaire reasonably requests and believes are necessary or prudent to ensure Concessionaire's compliance with the Data Protection Rules, which such costs shall be charged to Concessionaire as a Joint Operating Cost if such systems are intended to directly benefit the Food and Beverage Services at the Stadium or a StadCo Operating Cost if such systems are intended to solely benefit Manager's operations at the Stadium, as mutually agreed upon the parties. Each party shall indemnify, defend and hold harmless the other party from all claims, liabilities, damages and costs (including reasonable attorneys' fees) to the extent caused by the indemnifying party's failure to comply with its obligations in this paragraph.

11.14 **Further Acts**.

The parties hereto agree to execute and deliver such instruments, and take such other actions, as may reasonably be required to carry out the terms of this Agreement and to consummate the transactions contemplated hereby.

11.15 **Confidentiality**

Each party agrees to hold the other party's Confidential Information in strict confidence and not to disclose such Confidential Information to any third-parties. Each party shall use industry leading standards and practices to protect Confidential Information provided or disclosed to the other party. "**Confidential Information**" as used in this Agreement shall mean all information disclosed by one party to the other party that is not generally known in the trade or industry and shall include, without limitation, (a) all information relating to the employees, staff, management, or other representatives of the other party (and in the case of Manager, also including StadCo, Authority, and Team) and its Affiliates, or the business operations and sales of the other party (and in the case of Manager, also including Team, StadCo, or the Authority) or its Affiliates, (b) any other sensitive or private information learned while providing the Food and Beverage Services, including Customer Information any and all financial information developed, produced, or created in association with the Food and Beverage Services, (c) trade secrets, drawings, schematics, inventions, know-how, software programs, and software source documents and information regarding plans for search, development, new service offerings or products, marketing and selling, business plans, business forecasts, budgets and unpublished financial statements, licenses and distribution arrangements, prices and costs, suppliers and customers of the other party or its Affiliates; (d) existence of any business discussions, negotiations or agreements between the parties; (e) any information regarding the skills and compensation of employees, contractors or other agents of the other party or its Affiliates; (f)

Confidential Information of any third-party who may disclose such information to either party in the course of business; and (g) the terms of this Agreement. Each party's obligations set forth in this Section 11.15 shall not apply with respect to any portion of the Confidential Information to the extent it can be documented that: (a) it was in the public domain at the time it was communicated; (b) it entered the public domain subsequent to the time it was communicated through no fault of the other party; (c) it was in the other party's possession free of any obligation of confidence at the time it was communicated; (d) it was rightfully communicated to the other party free of any obligation of confidence subsequent to the time it was communicated; (e) it was developed by employees or agents of the other party independently of and without reference to any information communicated. In addition, either party may disclose the other party's Confidential Information in response to a valid order by a court or other governmental body, as otherwise required by law, provided that the applicable party provides the other party with written notice prior to making such disclosure in sufficient time for the other party to investigate and prevent such disclosure. Each party agrees to promptly deliver to the other party the original and any copies of the Confidential Information upon the expiration or termination of this Agreement or as may be required by either party in its sole discretion. Upon request by either party, the other party further agrees to execute documentation as necessary to perfect the requesting party's right and title in such Confidential Information.

11.16 **Survival.**

The provisions set forth in Sections 2.3(i), 5.3(c), and 9.3(c), and the relevant provisions that are referred to therein, and Concessionaire's reporting and payment obligations resulting from Food and Beverage Services performed during the Term shall survive the expiration or termination of this Agreement

11.17 **Arbitration**

(a) Disputes Subject to Arbitration. Any dispute arising under or relating to this Agreement shall be resolved exclusively by arbitration under the Commercial Arbitration Rules of the American Arbitration Association, with the venue of any such arbitration proceeding to be in Santa Clara, California or such other location as may be agreed by the Parties.

(b) Arbitrator. The arbitrator for any dispute shall be selected according to the Commercial Arbitration Rules of the American Arbitration Association.

(c) Arbitration Award. The award rendered by the arbitrator shall be final, shall identify a winning Party, and judgment may be entered upon the award in accordance with applicable law in any court having jurisdiction thereof.

(d) Expenses; Attorneys' Fees and Costs . The fees and expenses of the arbitrators shall be paid by the non-winning party. In addition, the winning party's reasonable attorneys' fees and costs shall be paid by the non-winning party.

11.18 **Effectiveness of this Agreement.**

The Manager and Concessionaire acknowledge and agree that the effectiveness of this Agreement is expressly conditioned upon the acceptance and approval of this Agreement by the Authority and StadCo within ninety (90) days of the Effective Date, as evidenced by their respective signatures where indicated below. If for any reason the Authority and StadCo do not both execute this Agreement where indicated below on or before such date, then this Agreement shall be of no force or effect unless such date is extended by the mutual agreement of the parties.

[Signatures appear on next page]

IN WITNESS WHEREOF, this Agreement has been duly executed as of the day and year first above written.

Example Employee Training Program(s)

Concessionaire is committed to provide a highly motivated, very professional and truly inspired on-site service team for the Stadium. First, we seek to hire people who are eager to serve others. It is then our obligation to provide them the tools to successfully cater to Stadium guests. At the core of this effort is Concessionaire's training program is a series of modules that provides our team the foundation to succeed. Our mandatory training sessions for all employees and not-for-profit volunteers include, but are not limited to the following topics:

Orientation

Extraordinary Guest Service

Job Task

Employee and Food Safety

Responsible Service of Alcohol

Each training session is aided by an audio/visual presentation and is sensitive to individual learning styles to maximize success. Concessionaire conducts written tests on the material presented in the session to ensure full understanding, and to identify areas that may need reinforcement, and we provide a certificate for each module completed.

ORIENTATION. As one would expect, orientation welcomes the new employee to Concessionaire's and to the Stadium. In addition to providing an overview of policies and procedures, we introduce them to their responsibility and role in providing you extraordinary experiences.

EXTRAORDINARY GUEST SERVICE. The goal of Concessionaire's guest service training is to provide our employees the tools and motivation to provide "Craveable Experiences" for our guests. Throughout the training process employees are taught to understand their role in our overall guest service and loyalty strategy and how their department and each individual contributes to guest enjoyment.

JOB SKILLS TRAINING. All employees receive skills training in the tasks specific to their position. For instance, our quick service department training materials include sessions for cashiers, stand managers, culinary personnel, and our service attendants.

RESPONSIBLE SERVICE OF ALCOHOL: "TEAM OR TIPS TRAINING." Where alcohol is served, Concessionaire requires all managers and service staff to attend ongoing training in alcohol awareness programs (TiPS, TEAM or state certification programs). All new hires must complete alcohol awareness training within 30 days of hire and attend updates every six months. If an employee fails to complete the program within the mandated time frames, he

or she will not be eligible to work until completion of the coursework can be verified. All participants must pass a test at the end with a grade of ninety percent or better to become certified. Employees who fail are not allowed to work in Alcoholic Beverage serving positions.

SAFE FOOD HANDLING: "SERVSAFE TRAINING." All employees who handle food including front-of-house and our culinary team are required to attend a ServSafe quality assurance program. An industry expert performs an interactive training program, designed to educate employees regarding critical food safety. During this training program participants receive valuable information regarding safe food practices and are given the tools and information to apply critical food safety practices to everyday situations.

TRAINING FREQUENCY. Each new employee must complete at minimum 5 of the applicable training courses before serving guests. This process is typically 5 to 6 hours with a quiz session for each. This formal training is supported by continuous pre-service training refreshers, a poster program, and ongoing communications. Each subsequent season, the veteran employee must re-take all courses (less orientation).

EXHIBIT F

Service Levels

A. Concessionaire shall provide all Food and Beverage Services in a professional, "First Class" manner ("First Class," as used in this Agreement, means that Concessionaire's services shall be of the highest quality offered in NFL stadiums, commensurate with the current standards at three (3) top-quality NFL stadiums and in accordance with 1) the terms of this Agreement; 2) all applicable legal requirements; 3) all reasonable standards established from time to time by the Manager relating to health, safety, quality, design, operating matters, and customer satisfaction (i.e. fans) and; 4) all rules and regulations imposed by the Manager relating to the use of the Stadium.

B. All Refreshments provided by Concessionaire hereunder shall be of premium quality and shall be prepared, stored and served in a healthy and gracious manner, with due regard for the level of First Class service required under the preceding Paragraph A. Concessionaire shall cause its roving vendors to comply with any and all standards or requirements that may be promulgated by the Manager from time to time.

C. Concessionaire shall maintain sufficient inventory of Refreshments at the Stadium (and at each point-of-sale within the Stadium operated by Concessionaire) in order to fulfill Concessionaire's obligations to provide the Food and Beverage Services for the entirety of each Event at the Stadium. Without limitation, Concessionaire acknowledges and agrees that Concessionaire shall maintain inventory (at all times, at each location selling such items) of the top five revenue generating items in each of the Food, Alcoholic Beverages, and Non-Alcoholic Beverages categories, as determined by the previous year's sales for similar event types or as selected by Manager in its sole discretion.

EXHIBIT G

Manager's Share of Net Receipts[1]

Concessionaire shall pay to Manager the following percentages of Net Receipts (which is calculated based on NFL Events):

Total Amount of Annual Net Receipts	Manager's Share of Net Receipts	Concessionaire's Share of Net Receipts
$0 - $3,000,000	90%	10%
$3,000,001 - $3,500,000	87.5% (on the increment)	12.5% (on the increment)
Greater than $3,500,000	85% (on the increment)	15% (on the increment)

By way of example, Net Receipts totaling $4,000,000.00 would be split as follows:

Total Amount of Annual Net Receipts	Manager's Share of Net Receipts	Concessionaire's Share of Net Receipts
$0 - $3,000,000	$2,700,000	$300,000
$3,000,001 - $3,500,000	$437,500	$62,500
Greater than $3,500,000	$425,000	$75,000

Authority's Commissions

Concessionaire shall pay to Manager the following percentages of Gross Receipts from Authority Events:

Gross Receipts	Large Events (>25,000)	Small Events (<25,000)
Concessions	48%	40%
Clubs	35%	35%
In Seat	48%	40%
Suites	20%	20%
Catering and Catered Events	25%	25%
Net Subcontractors	50%	50%

[1] This Agreement is contingent upon the Team playing the majority of its Home Games at the Stadium.

EXHIBIT H

Ethical Standards for Concessionaire

Termination of Agreement for Certain Acts.

A. Manager may terminate this Agreement in the event any one or more of the following occurs:

1. If the Concessionaire[2] does any of the following:

   a. Is convicted of operating a business in violation of any Legal Requirements;

   b. Is convicted[3] of a crime punishable as a felony involving dishonesty[4];

   c. Is convicted of an offense involving dishonesty or is convicted of fraud or a criminal offense in connection with: (1) obtaining; (2) attempting to obtain; or, (3) performing a commercial contract or subcontract;

   d. Is convicted of any offense which indicates a lack of business integrity or business honesty which seriously and directly affects the present responsibility of a Concessionaire; and/or,

   e. Made (or makes) any false statement(s) or representation(s) with respect to this Agreement.

2. If fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee or other individual associated with Concessionaire can be imputed to Concessionaire when the conduct occurred in connection with the individual's performance of duties for or on behalf of Concessionaire, with Concessionaire's knowledge, approval or acquiescence, Concessionaire's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval or acquiescence.

---

2 For purposes of this Exhibit H, "Concessionaire" means Levy Premium Foodservice Limited Partnership, and any person who controls or who has the power to control Levy Premium Foodservice Limited Partnership, or a primary corporate stockholder (i.e., a person who owns more than ten percent (10%) of the outstanding stock (or membership interests, as the case may be) of Levy Premium Foodservice Limited Partnership), and who is active in the day to day operations of Levy Premium Foodservice Limited Partnership.

3 For purposes of this Agreement, the words "convicted" or "conviction" mean a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere within the past five (5) years.

4 As used herein, "dishonesty" includes, but is not limited to, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, failure to pay tax obligations, receiving stolen property, collusion or conspiracy.

EXHIBIT I

Affidavit of Compliance with Ethical Standards

I, Rob Ellis, hereby state that I am Executive Vice President and Chief Financial Officer of Levy Premium Foodservice Limited Partnership and that I have read and understand the language, entitled "Ethical Standards for Concessionaire" set forth in **Exhibit H** to this Agreement. I have the authority to make these representations on my own behalf or on behalf of the legal entity identified herein. I have examined appropriate business records, and I have made appropriate inquiry of those individuals potentially included within the definition of "Concessionaire" contained in the Ethical Standards for Concessionaire at footnote 1.

Based on my review of the appropriate documents and my good-faith review of the necessary inquiry responses, I hereby state that neither the business entity nor any individual(s) included in the definition of "Concessionaire" in **Exhibit H** to this Agreement has been convicted of any one or more of the crimes identified in the Ethical Standards for Concessionaire within the past five (5) years.

The above assertions are true and correct and are made under penalty of perjury under the laws of the State of California.

FIRST AMENDMENT TO CONCESSIONS OPERATING AGREEMENT

THIS FIRST AMENDMENT TO CONCESSIONS OPERATING AGREEMENT (this "**First Amendment**") is made and entered into effective as of ____ , 2021 (the "**Effective Date**"), by and between Forty Niners Stadium Management Company, LLC, a Delaware limited liability company ("**Manager**"), and Levy Premium Foodservice Limited Partnership, an Illinois limited partnership ("**Concessionaire**").

RECITALS

WHEREAS, the parties entered into that certain Concessions Operating Agreement, dated February 20, 2018 (the "**Agreement**"), under which Manager granted Concessionaire the right to provide certain food and beverage service at the multi-purpose stadium, currently known as "Levi's Stadium," located at 4900 Marie P DeBartolo Way, Santa Clara, CA 95054 (the "**Stadium**"); and

WHEREAS, the parties desire to amend the Agreement as described below.

NOW, THEREFORE, in consideration of the mutual covenants herein granted and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Due to the COVID-19 global pandemic, the related stay-at-home, shelter-in-place, and social distancing orders and directives, the Team played fewer than eight (8) Home Games at the Stadium during the 2020-2021 Fiscal Year (i.e., April 1, 2020-March 31, 2021). Thus, as required under Section 3.3 of the Agreement, Manager and Concessionaire have agreed to extend the Term by one (1) Fiscal Year. Section 3.3 of the Agreement is hereby amended and restated in its entirety as follows:

"3.3 **Term**.

The "**Term**" of this Agreement shall commence on the Commencement Date and terminate without the need for notice or other action by either party on the day immediately preceding the thirteenth (13th) anniversary of the Commencement Date, unless sooner terminated under Article IX. Although the Term does not commence until the Commencement Date, this Agreement shall be effective, and the parties hereto shall have certain rights and obligations, from the Effective Date. Manager shall have the option, in its sole discretion, to extend the Term of the Agreement for five (5) additional two (2) year periods by notifying Concessionaire in writing of its desire to exercise said option(s) not more than one hundred twenty (120) days prior to the expiration of the then-current Term. If fewer than eight (8) Home Games occur in any Fiscal Year, the Term shall be extended by one (1) year for each such season."

2. Section 5.1(f) of the Agreement is hereby amended and restated as follows:

"(f) Each Fiscal Year throughout the Term, except for the 2020-2021 Fiscal Year (i.e., April 1, 2020 - March 31, 2021), Concessionaire shall provide Manager an innovation fund

of One Million Dollars ($1,000,000.00) (the "**Innovation Fund**"). The Innovation Fund will total Twelve Million Dollars ($12,000,000.00) in the aggregate for the duration of the Term and will be used to support the implementation of modern concepts and fan experiences at the Stadium, as determined by Manager in consultation with Concessionaire."

3. Effective April 1, 2020, the schedule of the Investment Use Fee in Section 5.1(k) of the Agreement has been amended and restated in its entirety as follows:

"(i) Fiscal Year 1 – $1,416,667.00

(ii) Fiscal Year 2 – $1,416,667.00

(iii) Fiscal Year 3 - $0.00

(iv) Fiscal Year 4 – $1,416,667.00

(v) Fiscal Year 5 - $1,416,667.00

(vi) Fiscal Year 6 - $2,041,667.00

(vii) Fiscal Year 7 - $2,041,667.00

(viii) Fiscal Year 8 - $2,041,667.00

(ix) Fiscal Year 9 - $2,041,667.00

(x) Fiscal Year 10 - $2,041,667.00

(xi) Fiscal Year 11 - $2,041,667.00

(xii) Fiscal Year 12 - $2,041,667.00

(xiii) Fiscal Year 13 - $2,041,667.00"

4. As a result of the foregoing extension of the Term though April 15, 2031, the parties hereby acknowledge and agree that as of April 1, 2020: (i) the Initial Capital Investment and Innovation Fund will stop amortizing from April 1, 2020 through March 31, 2021; (ii) effective April 1, 2021, the Initial Capital Investment and Innovation Fund will continue to amortize on a straight-line basis through the end of the extended Term; (iii) the Refresh Investment will amortize on a straight-line basis through the extended Term, as indicated in Section 5.1(k) of the Agreement; and (iv) the amortization of the Hub for Next Generation Sports Entertainment Fund will re-spread and continue to amortize on a straight-line basis through the end of the extended Term.

5. Except as specifically modified by this First Amendment, the terms and conditions of the Agreement shall remain in full force and effect. This First Amendment supersedes all prior oral or written agreements with respect to the subject matter hereof. All terms used herein and not otherwise defined shall have the meanings ascribed to them in the Agreement.

6. This First Amendment may be executed in counterparts, each of which will constitute an original instrument and all of which together will constitute the same instrument. Facsimile and electronically transmitted copies of signatures to this First Amendment shall be deemed authentic and original for all purposes.

* * * * *

IN WITNESS WHEREOF, the parties have executed this First Amendment as of the day and year first written above.

If fewer than eight (8) Home Games occur in any Fiscal Year, the Term shall be extendedby one (1) year for each such season."

2. Section 5.1(f) of the Agreement is hereby amended and restated as follows:

"(f) Each Fiscal Year throughout the Term, except for the 2020-2021 Fiscal Year (i.e., April 1, 2020 - March 31, 2021), Concessionaire shall provide Manager an innovation fund

[1] Changes made by Stadium Authority Counsel.

of One Million Dollars ($1,000,000.00) (the "**Innovation Fund**"). The Innovation Fund will total Twelve Million Dollars ($12,000,000.00) in the aggregate for the duration of the Term and will be used to support the implementation of modern concepts and fan experiences at the Stadium, as determined by Manager in consultation with Concessionaire."

3. Effective April 1, 2020, the schedule of the Investment Use Fee in Section 5.1(k) of the Agreement has been amended and restated in its entirety as follows:

"(i) Fiscal Year 1 – $1,416,667.00

(ii) Fiscal Year 2 – $1,416,667.00

(iii) Fiscal Year 3 - $0.00

(iv) Fiscal Year 4 – $1,416,667.00

(v) Fiscal Year 5 - $1,416,667.00

(vi) Fiscal Year 6 - $2,041,667.00

(vii) Fiscal Year 7 - $2,041,667.00

(viii) Fiscal Year 8 - $2,041,667.00

(ix) Fiscal Year 9 - $2,041,667.00

(x) Fiscal Year 10 - $2,041,667.00

(xi) Fiscal Year 11 - $2,041,667.00

(xii) Fiscal Year 12 - $2,041,667.00

(xiii) Fiscal Year 13 - $2,041,667.00"

4. As a result of the foregoing extension of the Term though April 15, 2031, the parties hereby acknowledge and agree that as of April 1, 2020: (i) the Initial Capital Investment and Innovation Fund will stop amortizing from April 1, 2020 through March 31, 2021; (ii) effective April 1, 2021, the Initial Capital Investment and Innovation Fund will continue to amortize on a straight-line basis through the end of the extended Term; (iii) the Refresh Investment will amortize on a straight-line basis through the extended Term, as indicated in Section 5.1(k) of the Agreement; and (iv) the amortization of the Hub for Next Generation Sports Entertainment Fund will re-spread and continue to amortize on a straight-line basis through the end of the extended Term.

5. Except as specifically modified by this First Amendment, the terms and conditions of the Agreement shall remain in full force and effect. This First Amendment supersedes all prior oral or written agreements with respect to the subject matter hereof. All terms used herein and not otherwise defined shall have the meanings ascribed to them in the Agreement.

6. This First Amendment may be executed in counterparts, each of which will constitute an original instrument and all of which together will constitute the same instrument. Facsimile and electronically transmitted copies of signatures to this First Amendment shall be deemed authentic and original for all purposes.

* * * *

IN WITNESS WHEREOF, the parties have executed this First Amendment as of the day and year first written above.

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT
Request from the Stadium Manager for Approval to Add Stadium Builder's Licenses to Temporary Field Seats in the North and South Endzones of Levi's Stadium

BOARD PILLAR
Ensure Compliance with Measure J and Manage Levi's Stadium

DISCUSSION
On May 10, 2021, the Forty Niners Stadium Management Company LLC (Stadium Manager) Stadium Manager submitted a request to add $10,000 Stadium Builder's Licenses (SBLs) to 64 temporary field seats in the North and South endzones of Levi's Stadium along with a document that outlines their revenue projections over the span of 30 years. This proposal has been previously presented to the Stadium Authority Board and at the time was denied with Board direction for additional information/modifications to the Stadium Manager's proposal.

First Amendment to Concessions Operating Agreement Levy Premium Foodserv....pdf
2021 Field Seats SCSA Revenue.pdf

Deanna:

As we discussed in our most recent quarterly meeting, Stadium Manager is seeking approval from the SCSA of (1) the setting of SBL pricing for field seating in the north and south endzones of Levi's Stadium and (2) an amendment to the Stadium's Concessions Agreement as a result fewer than 8 games being played at Levi's Stadium during the 2020 NFL season.

For the Field Seats, these seats continue to be popular with fans and present a significant financial opportunity to drive additional revenue directly to the SCSA. Although we have not yet received final approval for the seats from the NFL for the 2021 season, we would like to proceed with finalizing the price point so that when approval is received, we are prepared to go to market with the seats.

While in the past we have presented multiple options for pricing, we believe that the optimal price point for these seats is an SBL of $10,000 per seat. At this price level, we anticipate full sell-through of the field seating within 18 months, generating a projected $1,172,980.00 in total revenue to the SCSA over the life of the seats.

Further, as we discussed in the quarterly meeting, the 49ers have committed to covering any food and beverage credits associated with these SBLs. Thus, the SCSA will not be obligated to fund any buffets associated with the seats.

I have attached our revenue projections for the seats to this email. The projections assume pricing approval at the May 25 SCSA Board meeting, and approval from the NFL prior to June 1.

The other item that requires approval at the May 25 SCSA Board meeting is the attached First Amendment to the Stadium's Concessions Agreement. Under Section 3.3 of the original Concessions Agreement, the parties agreed to the extension of the term of the agreement by one year in the event that fewer than 8 home games are played at the Stadium in any fiscal year. Because only 5 home games were played in Levi's Stadium during the 2020 NFL season, the parties are obligated to extend the term for one additional year.

In addition to extending the term of the agreement, the attached amendment contains limited financial housekeeping to ensure Levy's back-end accounting aligns with their investment commitment and the new 13-year term. These modifications have no impact on the revenues or costs to the SCSA.

We are happy to answer any additional questions that you or your staff may have ahead of the May

25 meeting.

Thanks,

JIM

Subject: Field Seats and Levy Agreement

Hi Jim,

We have not yet received any information from the Stadium Manager on the proposed field seats and amendment to the Levy agreement which were discussed during our April 15 staff meeting. At this point, the Stadium Authority will not have sufficient time to review and analyze information the Stadium Manager submits and draft corresponding agenda reports on its behalf for the May 11 Stadium Authority Board meeting.

We can plan on bringing these two items forward for the Board's consideration at the May 25 meeting if the Stadium Manager is able to submit the written requests and supporting information/documentation by Monday, May 10, 2021. As requested during our April 15 meeting, we ask that the Stadium Manager send whatever information it currently has on the two items as soon as possible so that staff can start preparing the agenda reports and plug in the missing information/documents when received (e.g., NFL approval of the field seats).

Thank you,
Christine Jung | Assistant to the Executive Director

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT
Stadium Authority Response Regarding the Stadium Manager's Proposal to Add Stadium Builder's Licenses to Temporary Field Seats in the North and South Endzones of Levi's Stadium

BOARD PILLAR
Ensure Compliance with Measure J and Manage Levi's Stadium

BACKGROUND
The Forty Niners Stadium Management Company LLC (Stadium Manager) has presented a proposal to add Stadium Builder's Licenses (SBLs) to temporary field seats in the North and South Endzones of Levi's Stadium which provides for possible additional Stadium Authority revenue for debt repayment by the Santa Clara Stadium Authority (Stadium Authority). This proposal has been previously presented to the Stadium Authority Board and was denied with Board direction for additional modifications to the Stadium Manager's proposal.

This section of the report summarizes the various relevant legal provisions of multiple agreements, NFL approval, and a summary of SBLs for temporary field seats.

Relevant Provisions in the Lease, Management and/or SBL Agreements
When considering the Stadium Manager's proposal, it is important to take all of the following provisions from multiple Stadium Agreements into consideration, as well as options available to the Stadium Authority to minimize risk and maximize revenue for the purpose of debt repayment (e.g., Lease, Credit, Management, Operations, Non-Relocation, and SBL Agreements).

Lease Agreement -- Stadium Lease Agreement with the Forty Niners SC Stadium Company LLC (StadCo) provides that the Stadium Authority has the sole and exclusive right to sell, license, or transfer SBLs and similar instruments for the seats located in Levi's Stadium, with the exception of those seats located in, or accessible through, the Suites. Specifically, the relevant Agreement section reads:

> **STADIUM LEASE AGREEMENT 4.6.1 STADIUM BUILDER'S LICENSES.**
> As owner of the Stadium, ***the Stadium Authority possesses the sole and exclusive right to sell, license, or otherwise transfer SBLs and similar instruments and rights with respect to any and all of the manifested seats located in the Stadium*** (i.e., seats available and intended for sale to the general public), but excluding seats located in, or accessible through, the Suites. Prior to the Effective Date of this Lease, the Stadium Authority commenced marketing of SBLs and has entered into various SBL Agreements. The Stadium Authority specifically reserves the right to enter into SBL Agreements over the Term of this Lease with respect to any and all seats located in the Stadium, including the right to resell any SBLs that are terminated in accordance with the provisions of the SBL Agreement. Tenant agrees that, in the marketing and sale of Tickets to NFL Games and, following the Tenant Season Expansion Date, Non-NFL Events, ***Tenant will offer such Tickets to the SBL Holders, as and to the extent provided in the SBL Agreement***. Subject to the terms and conditions of the

Stadium Lease Documents, including without limitation, the provisions of Paragraph 7.3.1 of this Lease, Tenant shall also be responsible to make available to SBL Holders the amenities described in Exhibit D to each such SBL Agreement to the extent applicable to NFL Events, including providing a complimentary buffet to certain SBL Holders during NFL Games; provided, however, that the Stadium Authority shall, within thirty (30) days following receipt of an invoice therefor, reimburse Tenant for all costs and expenses incurred by Tenant in providing any such complimentary buffets***. In no event shall Tenant have any obligations under any seat licenses sold, transferred or licensed by the Stadium Authority other than licenses issued to Persons pursuant to the SBL Agreement ("Other Seat Licenses"),*** nor shall any Other Seat Licenses affect Tenant's rights or increase Tenant's obligations under this Lease, nor shall Tenant be bound by the agreements made by the Stadium Authority in any such Other Seat Licenses, without Tenant's prior written approval, which approval may be granted or withheld in Tenant's sole and absolute discretion.

Credit Agreement -- As the Borrower, Stadium Authority is required to use SBL proceeds to pay down debt, currently the Term A Loan, relevant section reads:

CREDIT AGREEMENT. 2.14 MANDATORY PREPAYMENTS (D) SBL PROCEEDS.
On or after the date of receipt by Borrower of any net Cash proceeds relating to the sale of SBLs, Borrower shall prepay the Term Loans, and the remaining Term Loan Commitment shall be permanently reduced, as set forth in Section 2.15(b) in an aggregate amount equal to 100% of such proceeds.

Operations Agreement -- Stadium Operations Agreement provides that StadCo, as the Tenant, can sell tickets for seats that don't have SBLs by May 31 of each calendar year for the immediately following NFL Season, the relevant provision reads:

STADIUM OPERATIONS AGREEMENT. 13. Annual SBL Cutoff Date.
As provided in Paragraph 4.6.1 of the Stadium Lease, Tenant Agreements that, in the marketing and sale of Tickets to NFL Games, Tenant will offer such Tickets to the SBL Holders, as and to the extent provided in their respective SBL Agreement. However, ***the Stadium Authority and Tenant agree that, with respect to any seats in the Stadium not subject to a binding SBL Agreement as of May 31 of any calendar year, Tenant shall have the unencumbered right to sell Tickets for such seats for the immediately following NFL Season, and any SBL Agreement applicable to such seats entered into after May 31 of any calendar year shall be effective only for Non-NFL Events and, unless the Parties otherwise agree, subsequent NFL Seasons.***

Management Agreement -- Marketing and sales of SBLs are managed by the Stadium Manager with the relevant section stating:

STADIUM MANAGEMENT AGREEMENT 2.6.18
On behalf of the Stadium Authority and not on behalf of StadCo, make recommendations to the Stadium Authority with respect to facilitation of a secondary market for SBLs, monitor and manage any agreements entered into by the Stadium Authority with respect thereto, and coordinate with Legends to transition responsibility from Legends to the Stadium Manager for managing both sold and unsold SBLs upon termination of the SBL Sales Agreement.

Non-Relocation Agreement -- Non-Relocation Agreement defines "NFL Ticket Surcharge" as a surcharge on the price of admission to all NFL Surcharge Games in an amount equal to ten percent (10%) of the Ticket Receipts from such NFL Surcharge Games. The Agreement also defines "Surcharge Term" as the period commencing on the Sublease Commencement Date and ending on the earlier of (i) the last day of the 25th Sublease Year, (ii) the Tenant Season Expansion Date (as defined in the Stadium Lease), or (iii) the termination of the Non-Relocation Agreement. The Agreement states that the NFL Ticket Surcharge payable to Stadium Authority is 10% of the Ticket Receipts from the NFL Surcharge Games. It is important to note that the Ticket Receipts do not include any of StadCo's revenues that are described in Article IV of the Team Sublease, including "Premium Seating Premiums". The Non-Relocation Agreement section reads as follows:

5.1 NFL TICKET SURCHARGE
During the Surcharge Term, Team shall collect, on the Stadium Authority's behalf, the NFL Ticket Surcharge for all NFL Surcharge Games and shall deliver to Stadium Authority all collected NFL Ticket Surcharges for each such NFL Surcharge Game within ten (10) days after the game is played. Team shall have the right to provide complimentary Tickets to NFL Surcharge Games and any such complimentary Tickets shall not be subject to the NFL Ticket Surcharge. For the avoidance of doubt, Ticket Receipts shall not include, and no NFL Ticket Surcharge shall be required to be collected with respect to, any of StadCo's Revenues as described in ARTICLE IV of the Team Sublease.

Team Sublease - StadCo's revenues are defined as the following:

4.1.2 StadCo's Revenues.
Subject to the terms of the Stadium Lease, StadCo shall exclusively own and possess all StadCo's Concession Revenues, **Premium Seating Premiums**, StadCo's Advertising Revenue, parking revenues from Forty Niners Events and other Forty-Niners related activities and expressly included in Forty Niners Revenues pursuant hereto (collectively, "StadCo's Revenues".) **As used herein, "Premium Seating Premiums" means the premiums received pursuant to and/or in connection with the sale of tickets for any Premium Seating for any Forty Niners Event and/or other Forty Niners-related activities, as determined in accordance with NFL Rules and Regulations.** The non-premium portion of the revenues received from the sale of such tickets shall constitute Forty Niners Revenues.

SBL Agreement -- By entering into an SBL Agreement, an SBL holder has exclusive right to purchase 49ers season tickets and priority access to other events at the Levi's Stadium. Additionally, the SBL Agreement between the Stadium Authority, Stadium Manager, and SBL Holder provides guarantees in the event that the seats are not available due to various circumstances. In short, the SBL Agreement requires the Stadium Authority to either assign the SBL Holder a comparable seat or return the unamortized portion of the SBL if there was no comparable seat in the case that their original seat was made unavailable. The SBL Agreement section reads as follows:

5. RIGHTS RESERVED BY LICENSOR.
The Stadium Authority expressly reserves the following rights:

(c). The right to improve, alter, restore, expand or enlarge the Stadium, any amenity area, any seating area or any other portion of the Stadium, as determined by the Stadium Authority in its sole discretion. If, in connection with any such action, the Stadium Authority relocates or reconfigures the Stadium seating or any amenity area(s), the Stadium Authority reserves the right to re-designate the specific locations of seats and to modify the assignment of specific seats to SBLs. If the Stadium Authority determines that any such modification is necessary ***, the Stadium Authority will endeavor to assign to an affected SBL a seat that is comparable to, in terms of field vantage point and access to amenities, the seat that was assigned to the SBL prior to the relocation or reconfiguration, all as determined by the Stadium Authority in its sole discretion and without regard to the original License Fee amount (each such Seat, a "Comparable Seat").*** In the event the Stadium Authority notifies Licensee that there is no Comparable Seat(s), then Licensee shall have the right to terminate this License Agreement upon notice to the Stadium Authority, in which event the Stadium Authority shall, within sixty (60) days following such notice of termination return to the Licensee the Unamortized Portion of the License Fee. For purposes of this License Agreement, an SBL will be assumed to have a life of thirty (30) years and the applicable amortization will be straight-line (e.g., if an SBL with an initial cost of $20,000 (paid in full) is terminated after three (3) years, the Licensee would receive a refund in the amount of $18,000; such amount, the "Unamortized Portion of the License Fee").

NFL Approval

When the Stadium Authority first initiated discussion about the application of a revenue generating instrument on the field seating, the Stadium Manager represented that the NFL held full authority to annually approve the installation of the field seats. The Stadium Manager previously shared a

February 25, 2019 letter from the NFL, which states that temporary seating structures are subject to annual review and approval from the NFL prior to each season (Attachment 1). At the time of writing this report, the Stadium Manager has not yet received the NFL's approval for the seats. In their May 10, 2021 request, they noted that the revenue projections they submitted assume approval for the seats from the NFL prior to June 1, 2021. The Stadium Manager confirmed via email that they have not pre-sold tickets for the temporary seats.

Summary of Field Seats SBL Proposals

The Stadium Authority first initiated the discussion of assigning SBLs to the field seats in the North and South Endzones during the 2018 NFL season when the Stadium Manager installed the field seats without Stadium Authority approval or opportunities to discuss how to maximize revenue for the Stadium Authority. At the time, the Stadium Authority inquired why the field seats did not have assigned SBLs, which the Stadium Manager responded that the temporary nature of the seats did not make for optimal conditions to assign SBLs. The Stadium Manager stated that this was due to the NFL's requirement to approve annually the installation of the field seats, not the Stadium Manager or Stadium Authority. The potential assignment of SBLs to temporary field seats was also discussed during Summer 2019 when the Stadium Manager submitted permit applications for temporary field seats on the playing field for NFL games during the 2019 NFL season and, separately, proposed developing an SBL pricing plan for the seats. In the end, the seats were installed by the Stadium Manager without SBLs.

In April 2020, the Stadium Manager submitted a similar proposal to the one from 2019 and requested that the proposal be submitted to the Stadium Authority Board for consideration in May 2020. While SBL revenue allows the Stadium Authority to repay its debt, this proposal significantly differs from other SBLs in that the Stadium Authority controls the permanency of other seats, which is not the case in this proposal. Stadium Authority staff expressed the following concerns to the Stadium Authority Board and Stadium Manager regarding the proposal:

1. The Stadium Manager proposes the sale of a product, of a temporary nature, that is amortized over the Life of the Stadium (30 years), but cannot guarantee its availability each year
2. Annual renewal of the temporary field seats entirely depends on the NFL's annual approval
3. Stadium Authority must guarantee the replacement of a comparable option to make the SBL Holder whole if the seats are not approved in any given year or return the unamortized portion of the SBL.

As an alternative option to the SBLs in 2019, the Executive Director requested that the Stadium Manager develop a "similar instrument" as permitted by the Stadium Lease Agreement that would mitigate the unnecessary burden placed on the Stadium Authority. The Executive Director requested for the similar instrument again in 2020, one that would address the goal of: maximizing revenue, addressing the required annual NFL approvals, removing the burden to make the SBL Holder whole if the NFL did not approve the seats, and removed the sale of a product, that by nature is temporary, and amortized over 30 years. Stadium Authority staff expressed there was interest in a year-to-year sale of the seats through a "similar instrument" that coincides with the NFL annual approval process. This approach would allow the Stadium Authority to generate more revenue for debt repayment, remove the risk, and add transparency for the customer that the seats are temporary in nature and, therefore, the season sale of rights to the seats matches the product.

On May 14, 2020, the proposal was presented to the Stadium Authority Board while the regional and

state Stay at Home Orders were in full effect. The Stadium Authority Board took no action on the Stadium Manager's proposal and was waiting for further information from Santa Clara County and State of California on the status of large sports gatherings during the 2020 NFL Season and directed the Stadium Manager to continue to develop a "similar instrument" proposal that addressed the Stadium Authority's concerns.

DISCUSSION

On May 10, 2021, the Stadium Manager sent Stadium Authority staff a proposal to add SBLs priced at $10,000 per seat to 64 seats in the North and South Endzones of Levi's Stadium, as well as a table that outlines the Stadium Manager's SBL revenue projections over the span of 30 years (Attachment 2). Stadium Authority staff sent questions to the Stadium Manager regarding their submittal, which the Stadium Manager provided responses (Attachment 3).

Table 1 summarizes the Stadium Manager's May 10, 2021 proposal and SBL revenue projections (based on noted assumptions).

Table 1: Summary of Stadium Manager's Field Seats SBL Revenue Projections

	$10,000 SBLs	**SCSA Comments**
Assumptions	-- Annual NFL approval -- Sale of all 64 SBLs in 18 months (46 SBLs sold in 2021 and 18 sold in 2022) -- 10% of the 46 SBLs sold in 2021 (4.6 SBLs) and 11% of 18 SBLs sold in 2022 (2 SBLs) are paid in full, with no interest earnings. -- Financed SBLs have 10% down, 8.5% Annual Interest Rate, paid over 10 years -- 3% annual increase in ticket revenue until Year 18 (2038) which is when the Surcharge Term ends	
Interest Rate	8.5%	This is the interest rate applied to all SBLs that are financed long term over 10 years
(A) Interest Earnings Over 30 Yrs	$270,738	Maximum Interest Earnings/SBL based on the sale of all 64 SBLs within 18 months (as assumed). Assumes all are sold and financed per schedule.
(B) Ticket Surcharge Revenue Over 30 Yrs	$262,242	Amount Stadium Manager provided in 2021 SBL Revenue Chart. Reflects 10% surcharge on Reserve Ticket Price, which changes every year, until Year 18 (2038).
(C) SBL Revenue Over 30 Yrs	$640,000	Amount is equal to 64 SBLs priced at $10,000
TOTAL REVENUE OVER 30 Yrs (A+B+C)	$1,172,980	Maximum Average Revenue/Year: $39,099. Of the $39,0999/yr, the principal totals $21,333 and the remaining $17,766 is associated interest (assuming all SBLs are sold and financed per schedule) and does not include any ticket premium costs that may be placed on SCSA or administrative costs by the SCSA or Stadium Manager to absorb handling these SBLs.

powered by Legistar™

Below is Stadium Authority staff's analysis of the Stadium Manager's 2021 proposal, their SBL projections for the field seats, and responses to the Stadium Authority's questions about the proposal:

1. **Stadium Authority's Previous Concerns Still Remain Relevant:**
    a. **The Stadium Manager proposes the sale of a product, of a temporary nature, that is amortized over the Life of the Stadium (30 years), but cannot guarantee its availability each year**
    b. **Annual renewal of the temporary field seats entirely depends on the NFL's annual approval**
    c. **Stadium Authority must guarantee the replacement of a comparable SBL option to make the SBL Holder whole if the seats are not approved in any given year or refund the unamortized portion of the SBL.**

Staff Analysis: At the time of writing this report, the Stadium Manager is still waiting for the NFL to approve the field seats for the 2021 NFL Season. While the anticipated revenue from the SBLs totaling $1.17M will help with additional debt repayment, the **maximum** average revenue per year over the span of 30 years is $39,099 based on the assumptions outlined in the Stadium Manager's SBL revenue chart (less costs to provide SCCA/Stadium Manager administration of these SBLs, costs not absorbed by StadCo for premium ticket amenities, and refund on unanticipated unamortized funds if seats are not approved by NFL or available at the Stadium).

It is the SBLs themselves that present a financial risk for the Stadium Authority as the seats are not permanent in nature, subject to annual approval by the NFL, and generally provided premium ticket amenities that may exceed the maximum annual revenue of $39,099/year. If the temporary field seats are not approved, the Stadium Authority would be responsible for either (1) finding comparable seats for the SBL Holders (which is unlikely) or (2) absorbing the costs of issuing refunds for the unamortized portion of the SBLs if the seats are not available in any given year. Despite the Board's May 2020 direction to develop a "similar instrument" to mitigate concerns, the Stadium Manager has not developed options for the Board to consider, as requested.

2. **In their response to the Stadium Authority's question as to how the Stadium Manager has implemented the Stadium Authority's Board May 2020 direction, the Stadium Manager states:**

    "*As explained in Mr. Beauchman's letter dated 8.20.2019 (attached), the SCSA's desire to create a new "seat license" product for these temporary seats -- with no customer refunds if the seats are removed -- is a dead-end.*

    The SBL Agreement grants the consumer rights to their seats for the "Life of the Stadium", and includes a provision for a prorated refund to the consumer if those seats are removed. This is an important consumer protection included in every single SBL that has been sold for Levi's Stadium. Your request to "remove the (SCSA's) burden to make the SBL holder whole" would eliminate this protection from the SBL Agreement, and the consumer would be rightly concerned that they would purchase an SBL for a

specific seat, and that seat could simply be eliminated next year with no refund to the consumer. If the SCSA doesn't want to commit to consumer refunds as is required under the SBL Agreement, then it should simply not sell SBLs for temporary seats.

As background, we explained to the SCSA in 2019 that we don't think it is prudent to require SBLs for these particular seats because they are temporary seats that have the potential for being eliminated for NFL games in the future (as was the case for the 2020 season). However, we have attempted to accommodate your request for an SBL plan for these seats in order to prevent this matter from becoming another issue that needs to be sorted out by an arbitrator.

There was a discussion in the City Staff's report to the Board dated 5.12.2020 that suggested creating a "year to year" SBL product. That is not an SBL or a similar instrument. That is a season ticket."

Staff Analysis: The Stadium Manager's response validates the Stadium Authority's concerns about conditional future approvals from the NFL. In fact, they state that the Stadium Authority should not sell SBLs for temporary seats if it doesn't want to commit to the related risks, but did not provide other options for the Board to consider. Instead, they agree that an SBL was not a good option and that this offer is to prevent arbitration (which the Stadium Authority has not even mentioned as part of this discussion).

Given that the term "similar instrument" was included in the Stadium Lease, it makes sense that there would be options under this category known to industry experts. Their response demonstrates that the Stadium Manager did not consider developing a "similar instrument" per the Board's request.

The Board should be concerned that the Stadium Manager is not addressing its direction and has allowed for insufficient time for the Board to act on this matter. Further, the response is silent on any potential financial benefits to StadCo by: (1) not obtaining timely approval from the NFL despite planning for a sold-out stadium since January 2021, (2) not resolving the Board's concerns by creating options under a "similar instrument" to maximize revenue and minimize risk, (3) creating the optic of trying to collaborate in good faith without offering real solutions to Board's previously expressed concerns, and (4) submitting the proposal late, thus, not allowing for sufficient time for further Board to review given the pending May 31 date that allows for StadCo to sell the tickets unencumbered. Even with a 30 day potential extension, the ability to resolve the SCSA's concerns and sell the SBLs according to their projections is unlikely.

3. **The Stadium Operations Agreement allows StadCo, as the Tenant, to sell tickets for seats that don't have SBLs by May 31 of each calendar year for the immediately following NFL Season. Any SBL Agreement applicable to such seats entered into after May 31 of any calendar year shall be effective only for Non-NFL Events and, unless the Parties otherwise agree, subsequent NFL Seasons. When asked whether they would be willing to sell SBLs for the field seats beyond the May 31 cutoff date for this upcoming 2021 NFL Season, the Stadium Manager response was:**

"***Yes. As a showing of good faith, the Stadium Manager will commit to ensuring that SBLs for field seats sold through June 30 will have access to the full slate of tickets for the upcoming 2021 NFL Season. We believe that this additional 30-day exclusive window will allow the SBL sales team to achieve the revenue figures contained in our projections, subject to pricing and NFL approval prior to June 1. Beginning July 1, the tickets for unsold field seats will be made available to the public on a first-come, first-served basis."***

Staff Analysis: While the additional 30 days to sell the SBLs is to the benefit of the Stadium Authority, it is a small window for the Stadium Manager to sell the 46 SBLs to meet the proposed revenue projections. This offer comes without addressing any of the valid concerns expressed by the Board and provides for the Stadium Manager to sell the tickets unencumbered by July 1 and months before the season begins. The combination of a late submittal with no Board modifications, and small extension of time, is designed overall to favor the Stadium Manager.

4. **Section 5.1 of the Non-Relocation Agreement states that the NFL Ticket Surcharge payable to Stadium Authority is 10% of Ticket Receipts from such NFL Surcharge Games, which does not include any of StadCo's revenues described in Article IV of the Team Sublease, including "Premium Seating Premiums." Premium Seating Premiums are the premiums received pursuant to and/or in connection with the sale of tickets for any Premium Seating for any Forty Niners Event and/or other Forty Niners-related activities, as determined in accordance with NFL Rules and Regulations.**

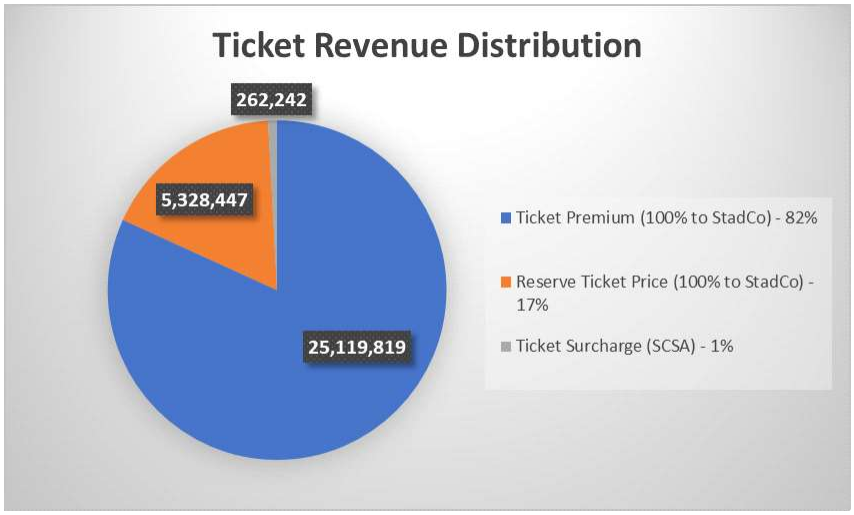
   As part of last year's proposal discussion, the Stadium Manager verbally communicated during a meeting that the season ticket prices for field seats for 2020 will be $10,000 - $12,500 ($1,000 - $1,250 per ticket per game). The revenue projection the Stadium Manager provided shows the NFL Ticket Surcharge is applied to a Reserve Ticket Price of $175 per ticket per game for Year 1. This means that the Ticket Premium the 49ers are charging, and receiving, is between $825 and $1,075 per ticket per game (up to $25.1M -$32.7M over the span of 30 years assuming a 3% increase on total ticket sales price and Reserve Ticket Price).

   When asked about the actual ticket price, the Stadium Manager responded that *"there are two components to the pricing for NFL premium seating (including these Field Seats): The "ticket" portion, which <u>is</u> subject to the 10% surcharge, and "premium" portion, which <u>is not</u> subject to the 10% surcharge. Total ticket pricing will be finalized following SBL pricing approval, but is likely to be in line with pricing in previous seasons."*

   Additionally, the Stadium Manager referenced the Stadium Authority's May 2020 agenda report and said, "*it appears that you developed your own estimate of the "premium" charges associated with the tickets for these seats (i.e. the portion of the price that is excluded from the calculation of Ticket Receipts and the NFL Ticket Surcharge). The details of those premium revenues are confidential tenant financial information, but your estimates appeared fairly reasonable to us based on publicly available information*." - thus confirming the Stadium Authority's estimates of their revenue. The referenced pricing from 2020 was $10,000 - $12,500 for season tickets, or $1,000 - $1,250 per ticket

powered by Legistar™

per game.



It is also important to note that the Stadium Authority was concerned about absorbing complimentary buffet costs for last year's proposal. The Stadium Manager confirmed at an April 15, 2021 meeting with Stadium Authority staff that the Stadium Authority will not be responsible for those costs as part of the proposal.

Staff Analysis: The Stadium Manager's response confirms that the temporary seats, with or without SBLs, generate significant revenue for StadCo. The chart below shows the portion of revenue allocated to StadCo and Stadium Authority based on the full ticket sales price of the ticket, assuming the price is set at $1,000 per ticket by StadCo and a 3% year over year increase. In this example, the ticket pricing is broken down as follows (Assumes the Year 1 Reserve Ticket Price provided by Stadium Manager):

Reserve Ticket Price (StadCo Revenue)	$ 175.00
Ticket Premium (StadCo Revenue)	$ 825.00
Ticket Sales Price	**$1,000.00**
10% Ticket Surcharge (Stadium Authority Revenue)	$ 17.50
TOTAL	**$1,017.50**

If we extend this revenue structure for 64 seats, assuming 10 games per season over the span of 30 years with a 3% year to year increase, the Ticket Premium received by StadCo totals approximately $25.1M and the portion of the Reserve Ticket Price that StadCo receives totals $5.3M. Stadium Authority's portion of the Reserve Ticket Price, a 10% Ticket Surcharge, totals $262,242.

Table 2: 30 Year Ticket Revenue Distribution

The chart above assumes a $1,000 priced ticket with a Reserve Ticket Price of $175 over 30 years with a 3% year over year escalator. SCSA is only entitled to the Ticket Surcharge for the first 18 years (Year 2038).

5. **As part of last year's proposal, Stadium Authority staff requested that the Stadium Manager provide a report of the total revenue generated from the ticket sales related to these seats in recent years. The Stadium Manager provided the following tables, which date back to 2018, when the seats were first installed, for only ticket revenue (excluding**

premium).

2018 Season

Game #	Ticket Price	Tickets Sold	Total
#1	$111	62	$ 6,882
#2	$111	64	$ 7,104
#3	$111	64	$ 7,104
#4	$111	64	$ 7,104
#5	$155	64	$ 9,920
#6	$300	64	$ 19,200
#7	$136	64	$ 8,704
#8	$155	64	$ 9,920
#9	$155	64	$ 9,920
#10	$155	64	$ 9,920
Total			$ 95,778

2019 Season

Game #	Ticket Price	Tickets Sold	Total
#1	$124	0	$ -
#2	$124	0	$ -
#3	$214	58	$ 12,412
#4	$172	61	$ 10,492
#5	$124	61	$ 7,564
#6	$140	64	$ 8,960
#7	$124	64	$ 7,936
#8	$214	64	$ 13,696
#9	$124	64	$ 7,936
#10	$140	64	$ 8,960
Total			$ 77,956

Staff Analysis: The tables demonstrate that StadCo/Stadium Manager are able to change the Reserve Ticket Price (for which the SCSA's 10% Ticket Surcharge is derived) to an arbitrary amount, which can increase or decrease revenue for the Stadium Authority. The tables also underscore the importance of StadCo absorbing any costs associated with adding on special premiums for these tickets that can easily result in no revenue or at an added cost for the Stadium Authority, such as: buffet, food and beverages, and any other premium seat amenities. At this time, the Stadium Managers' position is that it will absorb these costs; however, it is unknown and not documented whether that offer is good for the full term (e.g., 30 years). **It is only under the circumstance of StadCo absorbing any expenditures for premium seat amenities that this proposal becomes financially advantageous: but, yet, still does not resolve the other risks already stated.**

There are still many unknowns to achieve the maximum revenue assumed in the proposal: NFL's approval of this year's seats and future seats over 30 years, StadCo's commitment to allow maximum amount of time to sell SBLs for these seats, StadCo's commitment to absorb all premium seat amenities (e.g., food and beverage) over 30 years to maximize revenue for the Stadium Authority, and a "similar instrument" that minimizes risk and maximizes revenue. The opportunity to timely review and have Board input could have advanced this proposal and satisfied the needs of the Stadium Authority; however, this did not occur.

If all the assumptions under Table 1 are correct, the Stadium Authority would receive a maximum of $1.17M in revenue for debt repayment over the span of 30 years, averaging $39,099 per year.

However, there are administrative costs for both the Stadium Manager and Stadium Authority to administer these SBLs, which are likely to reduce or come close to the $39,099 per year. As such, the costs to Stadium Authority will likely outweigh the projected revenue and, definitely, if StadCo does not agree to absorb future costs of premium ticket amenities for these temporary field seats.

Given the Stadium Manager's own expressed position regarding the SBLs for these seats validate the Stadium Authority concerns, it is recommended that the Board "take no action" on the proposal presented by the Stadium Manager and that the Board direct the Stadium Manager to follow previous direction by providing revenue options for the Board to consider. If the Board would like to approve the sale of SBLs for the temporary field seats, then the Board should require:

a) Stadium Manager absorb the administrative cost of managing these SBLs which could require special handling if the NFL does not approve the installation of these seats in any given season
b) Stadium Manager absorb the administrative cost of identifying comparable seats if the need should arise
c) StadCo absorb all costs for the full term (e.g., 30 years) of any premium ticket amenities (e.g., buffet access, food and beverage, and any other premiums such as swag, etc.) to ensure that this proposal does not result in added expenditures to the Stadium Authority
d) SCSA work with the Stadium Manager when it is required to refund the unamortized value of the SBLs when a comparable seat cannot be located

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

See Table 1 for potential fiscal impact. No action results in receipt of the Ticket Surcharge value as noted in Table 1.

COORDINATION

This report has been coordinated with the Treasurer and Stadium Authority Counsel.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

ALTERNATIVES

1. Take no action on the Stadium Manager's proposal to add Stadium Builder Licenses to the 64 temporary field seats in the North and South endzones of Levi's Stadium;
2. Direct the Stadium Manager to present revenue options, based on previous direction, within three months for the Board to consider;

3. Approve the Stadium Manager's proposal to add Stadium Builder Licenses at a $10,000 price point to the 64 temporary field seats in the North and South endzones of Levi's Stadium with the following terms:
   a) Stadium Manager absorb the administrative cost of managing these SBLs which could require special handling if the NFL does not approve the installation of these seats in any given season
   b) Stadium Manager absorb the administrative cost of identifying comparable seats if the need should arise
   c) StadCo absorb all costs for the full term (e.g., 30 years) of any premium ticket amenities (e.g., buffet access, food and beverage, and any other premiums such as swag, etc.) to ensure that this proposal does not result in added expenditures to the Stadium Authority
   d) SCSA work with the Stadium Manager when it is required to refund the unamortized value of the SBLs when a comparable seat cannot be located; or
4. Any other direction from the Board.

RECOMMENDATION

Alternatives 1 and 2:

1. Take no action on the Stadium Manager's proposal to add Stadium Builder Licenses to the 64 temporary field seats in the North and South endzones of Levi's Stadium; and
2. Direct the Stadium Manager to present revenue options, based on previous direction, within three months for the Board to consider.

Hi Jim,

Thanks for sending the letter.

We have an additional follow up question regarding the field seats. Has the Stadium Manager pre-sold any of the field seats?

Please let us know, thank you.

Christine

Subject: RE: Field Seats and Levy Agreement

Hi Christine. Below are the responses to your questions (***bold & italic).***

Hi Jim,

Thanks for sending the two requests along with corresponding documentation. We are still in the process of

reviewing the Levy agreement amendment but wanted to share the following questions regarding the field seat proposal as soon as possible so that both sides have time to respond and we have enough information to prepare the corresponding agenda report:

- On May 12, 2020, the Board directed the Stadium Manager to continue to develop a "similar instrument" proposal that addresses the Stadium Authority's concerns (similar instrument goals: maximizes revenue, addresses the required annual NFL approvals, removes the burden to make the SBL Holder whole if the NFL did not approve the seats, and removes the sale of a product, that by nature is temporary, and amortized over 30 years). How has the Stadium Manager implemented the Board's May 12, 2020 direction when the issue was last brought up before the Board for consideration?

  As explained in Mr. Beauchman's letter dated 8.20.2019 (attached), the SCSA's desire to create a new "seat license" product for these temporary seats -- with no customer refunds if the seats are removed -- is a dead-end.

  The SBL Agreement grants the consumer rights to their seats for the "Life of the Stadium", and includes a provision for a prorated refund to the consumer if those seats are removed. This is an important consumer protection included in every single SBL that has been sold for Levi's Stadium. Your request to "remove the (SCSA's) burden to make the SBL holder whole" would eliminate this protection from the SBL Agreement, and the consumer would be rightly concerned that they would purchase an SBL for a specific seat, and that seat could simply be eliminated next year with no refund to the consumer. If the SCSA doesn't want to commit to consumer refunds as is required under the SBL Agreement, then it should simply not sell SBLs for temporary seats.

  As background, we explained to the SCSA in 2019 that we don't think it is prudent to require SBLs for these particular seats because they are temporary seats that have the potential for being eliminated for NFL games in the future (as was the case for the 2020 season). However, we have attempted to accommodate your request for an SBL plan for these seats in order to prevent this matter from becoming another issue that needs to be sorted out by an arbitrator.

  There was a discussion in the City Staff's report to the Board dated 5.12.2020 that suggested creating a "year to year" SBL product. That is not an SBL or a similar instrument. That is a season ticket.

- This year's SBL revenue chart assumes that SCSA will receive SBL revenue in 2021 but the Stadium Operations Agreement allows StadCo, as the Tenant, to sell tickets for seats that don't have SBLs by May 31 of each calendar year for the immediately following NFL Season. Any SBL Agreement applicable to such seats entered into after May 31 of any calendar year shall be effective only for Non-NFL Events and, unless the Parties otherwise agree, subsequent NFL Seasons. Will the Stadium Manager be willing to sell SBLs for the field seats beyond the May 31 cutoff for this upcoming 2021 NFL Season?

  Yes. As a showing of good faith, the Stadium Manager will commit to ensuring that SBLs for field seats sold through June 30 will have access to the full slate of tickets for the upcoming 2021 NFL Season. We believe that this additional 30-day exclusive window will allow the SBL sales team to achieve the revenue figures contained in our projections, subject to pricing and NFL approval prior to June 1. Beginning July 1, the tickets for unsold field seats will be made available to the public on a first-come, first-served basis.

- This year's SBL revenue chart shows SCSA's ticket revenue surcharge stopping at Year 18 (2038) with a total of $262,242. It is unclear why there is this stop when last year's ticket revenue surcharge stopped at Year 30 (2049) and had a much higher projected ticket revenue ($539,559). Please explain the stop at Year 18 for this year's revenue chart vs. Year 30 for last year's chart, and the significant difference between the projected ticket revenue surcharge amounts.

  The NFL Ticket Surcharge is collected on the Stadium Authority's behalf during the "Surcharge Term" as defined in the Non-Relocation Agreement between the Team and the Stadium Authority. The Surcharge Term expires following the 2038 NFL Season, or as otherwise provided in the Non-Relocation Agreement.

- Please confirm that the ticket price for a seat is equal to "Ticket Revenue" divided by "Sold Seats". Ex. For Year 1: $112,000 Ticket Revenue / 64 seats = $1,750. Is $1,750 the actual ticket price and SCSA receives $175 as the 10% ticket surcharge?

  The NFL Ticket Surcharge is computed in accordance with Section 5.1 of the Non-Relocation Agreement, which expressly excludes StadCo "premium" revenues. In other words, there are two components to the pricing for NFL premium seating (including these Field Seats): The "ticket" portion, which <u>is</u> subject to the 10% surcharge, and "premium" portion, which <u>is not</u> subject to the 10% surcharge. Total ticket pricing will be finalized following SBL pricing approval, but is likely to be in line with pricing in previous seasons.

- Last year, SCSA requested a report of the total revenue generated from the ticket sales related to these seats in recent years, which we have not yet received. Please submit the requested report.

  Here is the detail of ticket revenue (excluding premium) from the Field Seats since 2018, which is the first year they were installed:

In your 5.2020 staff report it appears that you developed your own estimate of the "premium" charges associated with the tickets for these seats (i.e. the portion of the price that is excluded from the calculation of Ticket Receipts and the NFL Ticket Surcharge). The details of those premium revenues are confidential tenant financial information, but your estimates appeared fairly reasonable to us based on publicly available information.

Subject: RE: Field Seats and Levy Agreement

Hi Jim,

Thanks for sending the two requests along with corresponding documentation. We are still in the process of reviewing the Levy agreement amendment but wanted to share the following questions regarding the field seat proposal as soon as possible so that both sides have time to respond and we have enough information to prepare the corresponding agenda report:

- On May 12, 2020, the Board directed the Stadium Manager to continue to develop a "similar instrument" proposal that addresses the Stadium Authority's concerns (similar instrument goals: maximizes revenue, addresses the required annual NFL approvals, removes the burden to make the SBL Holder whole if the NFL did not approve the seats, and removes the sale of a product, that by nature is temporary, and amortized over 30 years). How has the Stadium Manager implemented the Board's May 12, 2020 direction when the issue was last brought up before the Board for consideration?

- This year's SBL revenue chart assumes that SCSA will receive SBL revenue in 2021 but the Stadium Operations Agreement allows StadCo, as the Tenant, to sell tickets for seats that don't have SBLs by May 31 of each calendar year for the immediately following NFL Season. Any SBL Agreement applicable to such seats entered into after May 31 of any calendar year shall be effective only for Non-NFL Events and, unless the Parties otherwise agree, subsequent NFL Seasons. Will the Stadium Manager be willing to sell SBLs for the field seats beyond the May 31 cutoff for this upcoming 2021 NFL Season?

- This year's SBL revenue chart shows SCSA's ticket revenue surcharge stopping at Year 18 (2038) with a total of $262,242. It is unclear why there is this stop when last year's ticket revenue surcharge stopped at Year 30 (2049) and had a much higher projected ticket revenue ($539,559). Please explain the stop at Year 18 for this year's revenue chart vs. Year 30 for last year's chart, and the significant difference between the projected ticket revenue surcharge amounts.

- Please confirm that the ticket price for a seat is equal to "Ticket Revenue" divided by "Sold Seats". Ex. For Year 1: $112,000 Ticket Revenue / 64 seats = $1,750. Is $1,750 the actual ticket price and SCSA receives

$175 as the 10% ticket surcharge?

- Last year, SCSA requested a report of the total revenue generated from the ticket sales related to these seats in recent years, which we have not yet received. Please submit the requested report.

Please provide the Stadium Manager's responses to these questions and the requested report as soon as possible but no later than 10am this Thursday, May 13 so that we can prepare the agenda report.

Subject: RE: Field Seats and Levy Agreement

Deanna:

As we discussed in our most recent quarterly meeting, Stadium Manager is seeking approval from the SCSA of (1) the setting of SBL pricing for field seating in the north and south endzones of Levi's Stadium and (2) an amendment to the Stadium's Concessions Agreement as a result fewer than 8 games being played at Levi's Stadium during the 2020 NFL season.

For the Field Seats, these seats continue to be popular with fans and present a significant financial opportunity to drive additional revenue directly to the SCSA. Although we have not yet received final approval for the seats from the NFL for the 2021 season, we would like to proceed with finalizing the price point so that when approval is received, we are prepared to go to market with the seats.

While in the past we have presented multiple options for pricing, we believe that the optimal price point for these seats is an SBL of $10,000 per seat. At this price level, we anticipate full sell-through of the field seating within 18 months, generating a projected $1,172,980.00 in total revenue to the SCSA over the life of the seats.

Further, as we discussed in the quarterly meeting, the 49ers have committed to covering any food and beverage credits associated with these SBLs. Thus, the SCSA will not be obligated to fund any buffets associated with the seats.

I have attached our revenue projections for the seats to this email. The projections assume pricing

approval at the May 25 SCSA Board meeting, and approval from the NFL prior to June 1.

The other item that requires approval at the May 25 SCSA Board meeting is the attached First Amendment to the Stadium's Concessions Agreement. Under Section 3.3 of the original Concessions Agreement, the parties agreed to the extension of the term of the agreement by one year in the event that fewer than 8 home games are played at the Stadium in any fiscal year. Because only 5 home games were played in Levi's Stadium during the 2020 NFL season, the parties are obligated to extend the term for one additional year.

In addition to extending the term of the agreement, the attached amendment contains limited financial housekeeping to ensure Levy's back-end accounting aligns with their investment commitment and the new 13-year term. These modifications have no impact on the revenues or costs to the SCSA.

We are happy to answer any additional questions that you or your staff may have ahead of the May 25 meeting.

Thanks,

JIM

Subject: Field Seats and Levy Agreement

Hi Jim,

We have not yet received any information from the Stadium Manager on the proposed field seats and amendment to the Levy agreement which were discussed during our April 15 staff meeting. At this point, the Stadium Authority will not have sufficient time to review and analyze information the Stadium Manager submits and draft corresponding agenda reports on its behalf for the May 11 Stadium Authority Board meeting.

We can plan on bringing these two items forward for the Board's consideration at the May 25 meeting if the Stadium Manager is able to submit the written requests and supporting information/documentation by Monday, May 10, 2021. As requested during our April 15 meeting, we ask that the Stadium Manager send whatever information it currently has on the two items as soon as possible so that staff can start preparing the agenda reports and plug in the missing information/documents when received (e.g., NFL approval of the field seats).

Thank you,
Christine Jung | Assistant to the Executive Director

Via Email
Executive Director Deanna Santana
Santa Clara Stadium Authority
1500 Warburton Ave.
Santa Clara, CA 95050

Re: Temporary Field Seats for 49ers Games

Dear Executive Director Santana:

I am responding to your August 20, 2019 letter on this subject. In sum, I disagree with your factual assertions, and the Forty Niners will not agree to pay amounts that they are not legally obligated to pay.

The permit request for that design for field seats is hereby withdrawn. We do not expect to re-submit a permit for the field seats as previously designed for the current 2019 season or in future NFL seasons. For the 2019 season only, we will utilize modified temporary seats on gamedays that are not subject to your approval. Following the season, we intend re-evaluate the nature of seating in that area and will consider other options available to Tenant. As a result of your actions, the Authority will forgo over one million dollars of revenue.

In addition, I disagree with the assertions in your August 20 letter. I first contacted you on July 22 to discuss any remaining, outstanding issues on the field seats. You did not respond. I made additional requests for discussion on August 2 and August 13. You finally responded on August 20, and listed four reasons why you have been unwilling to respond. None of them is correct.

1. You state that the "District Attorney's Office confirmed [field seat] tickets were being conditionally sold pending Stadium Authority Board approval." I addressed this directly in my July 22 email, but will repeat it here: we have not sold tickets to these seats for the 2019 season. If you have any evidence of a sale for tickets in these seats for the 2019 season, please provide it.
2. Your letter asserts that I should provide you with written legal advice. The Authority is already represented by counsel. For its part, Stadium Manager would not recommend incorporating additional language to restrict refunds for field seating because it is anti-consumer, and not consistent with the market realities within which stadiums like this one operate. However, the issue is moot, because the permit has been withdrawn and SBLs will not be sold.
3. You contend that I have not provided you with updated revenue projections. Please note that updated projections were attached to my July 22 email. As I noted at that time, the expected lifetime cash flow from SBL sales at the $20K price level was $1,176,332.00. This is the projected revenue that Stadium Authority will forgo as a direct result of your actions.
4. You contend that we have not acted in good faith by conditioning disclosure of confidential Tenant information. We offered to provide information the Authority is not entitled to receive – if the Authority actually intended to sell SBLs. There is no other reason why the Authority would

FORTY NINERS
SC STADIUM
COMPANY LLC

have a need to see confidential information. I have nevertheless been available to discuss this issue with you at any time during the past month, so it is surprising that you are now accusing me of bad faith.

Finally, there are two points from your July 15 email that I wanted to address directly as they pertain to your more recent assertion that we have not responded to the Board's requests.

First, you requested confidential 49ers revenue information for the field seats from 2018 and demanded the Forty Niners pay a portion of that revenue to the Stadium Authority. In exchange for that payment, Stadium Authority would purportedly allow the City's Building Department to process the routine permit for the field seats. But processing the permit application is a ministerial task that the Building Department is supposed to perform, in exchange for a set fee. It is not a task that the Stadium Authority can block, subject to the Forty Niners' agreement to pay additional fees, not charged to any other applicant.

Second, you continue to use the term "other instrument" in quotes without any context. Such term does not appear in the Lease. Section 4.6.1 of the Lease reserves the Stadium Authority's right to sell "SBLs and *similar* instruments." This right does not allow the Stadium Authority (or require Tenant) to devise a new tax on San Francisco 49ers season tickets, which is not in any way similar to an SBL. The San Francisco 49ers maintains complete control over the pricing of its tickets, and will not agree to the Stadium Authority asserting any revenue rights not expressly granted by contract.

Nothing herein is intended to waive any rights Tenant may have to pursue other legal action concerning this matter.

Sincerely,

Jihad Beauchman
Vice President, Deputy General Counsel

21-155 **Agenda Date: 5/25/2021**

REPORT TO COUNCIL

SUBJECT
Public Hearing: Adoption of a Resolution of Formation of the Santa Clara Tourism Improvement District under the Property and Business Improvement District Law of 1994

COUNCIL PILLAR
Promote and Enhance Economic, Housing and Transportation Development

BACKGROUND
The existing Santa Clara Tourism Improvement District (TID) was formed in 2005 pursuant to the Parking and Business Improvement Area Law of 1989 (1989 Law). On January 11, 2005, City Council approved Ordinance No. 1797 (the "Ordinance") amending the Santa Clara Municipal Code and establishing TID. The Ordinance established the boundaries of the TID, which currently includes 11 hotels near the Santa Clara Convention Center: AC Hotel Santa Clara, Avatar Hotel, Biltmore Hotel & Suites, Element Santa Clara, Embassy Suites, Hilton Santa Clara, Hyatt House, Hyatt Regency, Marriott Santa Clara, The Plaza Suites, and TownePlace Suites by Marriott.

On January 26, 2021, Council consented to the Santa Clara Tourism Improvement District's request to pursue the formation of the district under the 1994 Law. Additionally, Council concurred with the TID's requested approach to change the TID assessment method from $1.00 per occupied room night to 1.5% of gross short-term room rentals, with the option to increase the assessment to 2% in year two.

Petitions in favor of SCTID formation were submitted by six (6) lodging businesses, which represented 76.51% of the total TID assessment. This majority petition allowed the Council to initiate proceedings for the SCTID formation.

On April 6, 2021, Council approved Resolution No. 21-8955 declaring the City's intent to establish the Santa Clara Tourism Improvement District (SCTID) under the 1994 Law. A summary of the key provisions of the SCTID are as follows:

- Location: The proposed Santa Clara Tourism Improvement District (SCTID) includes all lodging businesses with ten (10) rooms or more located within the District boundaries.
- Services: The SCTID is designed to provide specific benefits directly to payors by increasing room night sales. Convention sales, incentives, and services and marketing and communication programs will increase overnight tourism and market payors as tourist, meeting, and event destinations, thereby increasing room night sales.
- Budget: The total SCTID annual budget for the initial year is anticipated to be approximately $610,936.

- Cost: The annual assessment rate is one and one-half of one percent (1.5%) of gross short-term room rental revenue. After the initial year of the SCTID's five (5) year term the assessment rate may be increased in any year by the Owners' Association's Board to a maximum of two percent (2%) of gross short-term room rental revenue.
- Collection: Each lodging business located in the boundaries of the SCTID shall be responsible for remitting the assessments to the City in accordance with the Management District Plan (MDP). The City will be responsible for collecting the assessment on a quarterly basis or at the close of any shorter reporting period as established by the Director of Finance (including any delinquencies, penalties and interest) from each lodging business located in the boundaries of the SCTID. The City shall take all reasonable efforts to collect the assessments from each lodging business.
- Duration: The proposed SCTID will have a five (5) year life, beginning July 1, 2021 through June 30, 2026. Once per year, beginning on the anniversary of SCTID formation, there is a thirty (30) day period in which owners paying fifty percent (50%) or more of the assessment may protest and initiate a City Council hearing on SCTID termination.
- Management: Silicon Valley/Santa Clara DMO, Inc. (DMO) will serve as the SCTID's Owners' Association. The Owners' Association is charged with managing funds and implementing programs in accordance with this Plan and must provide annual reports to the City Council.

On April 7, 2021, the City mailed written notices to the owners of all businesses proposed to be within the SCTID. Mailing the notice began the mandatory forty-five (45) day period in which owners may protest the SCTID formation.

On April 20, 2021, City Council conducted a public meeting to allow for public testimony on the formation of the SCTD and levy of assessments. There were no public comments and no Council action required at that time.

After the approval of the Resolution of Intention and the public meeting, Council must conduct a public hearing to receive any written or oral protests against the formation of the new district.

DISCUSSION

A public hearing is being held to *allow businesses subject to the assessment* an opportunity to submit comments, voice concerns, and to protest the assessment. If written protests are received from the owners of businesses in the proposed SCTID which will pay more than fifty percent (50%) of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than fifty percent (50%), no further proceedings to levy the proposed assessment against such businesses shall be taken for a period of one (1) year from the date of the finding of a majority protest by the Council. At the time of this publication, no protests had been submitted to the City Clerk.

At the conclusion of the public hearing, the Council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing them (i.e., the Council cannot increase the proposed assessment). Additionally, Council may adopt a Resolution establishing the Santa Clara Tourism Improvement District.

Included with this staff report is the TID's Annual Report and the DMO's FY 2021/22 Proposed Budget. Additionally, the FY 2020/21 detailed expense report ending April 28, 2021 is attached. Per

the Management District Plan, as the SCTID's Owners' Association, Silicon Valley/Santa Clara DMO, Inc. will manage funds and implement programs and will provide annual reports to the City Council.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(4) in that it is a fiscal activity that does not involve any commitment to any specific project which may result in a potential significant impact on the environment.

FISCAL IMPACT

If the new SCTID is established, the levy will be effective July 1, 2021. The projected assessment for Fiscal Year 2021/22 is $610,936.

COORDINATION

This report has been coordinated with the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

ALTERNATIVES

1. Adopt a Resolution of Formation to establish the Santa Clara Tourism Improvement District (SCTID) for five years starting July 1, 2021 if there is no legally sufficient protest.
2. Do not adopt a Resolution of Formation to establish the Santa Clara Tourism Improvement District (SCTID) for five years starting July 1, 2021.

RECOMMENDATION

Alternative 1: Adopt a Resolution of Formation to establish the Santa Clara Tourism Improvement District (SCTID) for five years starting July 1, 2021 if there is no legally sufficient protest.

Reviewed by: Ruth Mizobe Shikada, Assistant City Manager
Approved by: Deanna J. Santana, City Manager

RESOLUTION NO. 21-8955

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA DECLARING ITS INTENTION TO ESTABLISH THE SANTA CLARA TOURISM IMPROVEMENT DISTRICT (SCTID) AND FIXING THE TIME AND PLACE OF A PUBLIC MEETING AND A PUBLIC HEARING THEREON AND GIVING NOTICE THEREOF

BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, the Property and Business Improvement Law of 1994, Streets and Highways Code § 36600 et seq., authorizes the City to establish business improvement districts for the purposes of promoting tourism;

WHEREAS, Silicon Valley/Santa Clara DMO, Inc., lodging business owners, and representatives from the City of Santa Clara have met to consider the formation of the SCTID;

WHEREAS, Silicon Valley/Santa Clara DMO has drafted a Management District Plan (Plan) which sets forth the proposed boundary of the SCTID, a service plan and budget, and a proposed means of governance; and,

WHEREAS, lodging business who will pay more than fifty percent (50%) of the assessment under the SCTID have petitioned the City Council to establish the SCTID.

NOW, THEREFORE, BE IT FURTHER RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That the City Council hereby finds that the above Recitals are true and correct by reference make them a part hereof.

2. That the City Council finds that lodging businesses that will pay more than fifty percent (50%) of the assessment proposed in the Plan have signed and submitted petitions in support of the formation of the SCTID. The City Council accepts the petitions and adopts this Resolution of Intention to establish the SCTID and to levy an assessment on certain lodging businesses within the SCTID boundaries in accordance with the Property and Business Improvement District Law of 1994.

//

3. That the City Council finds that the Plan satisfies all requirements of Streets and Highways Code § 36622.

4. That the City Council declares its intention to establish the SCTID and to levy and collect assessments on lodging businesses within the SCTID boundaries pursuant to the Property and Business Improvement District Law of 1994.

5. That the SCTID shall include all lodging businesses with ten (10) rooms or more located within the boundaries of a portion of the City of Santa Clara, as shown in the map attached as Exhibit A.

6. That the name of the district shall be Santa Clara Tourism Improvement District (SCTID).

7. That the annual assessment rate is one and one-half of one percent (1.5%) of gross short-term room rental revenue. After the initial year of the SCTID's five (5) year term, the assessment rate may be increased by the Owner's Association's Board to a maximum of two percent (2%) of gross short-term room rental revenue. Based on the benefit received, assessments will not be collected on stays by any officer or employee of a foreign government who is exempt by reason of express provision of Federal law or international treaty. Additionally, assessments will not be collected on stays by any Federal or State of California officer or employee on official business who shall provide one of the following; a warrant or check drawn on the Treasury of the United States; a copy of the official travel orders indicating the issuing governmental agency and the employee's full name; or, a copy of a letter on the official letterhead of an exempt governmental agency requesting exemption and listing the employee's name and stating that the stay is for official government business. The dates of occupancy must also be included. These requirements must be demonstrated by the guest at the time of registration. Failure to satisfy these requirements will result in no assessment exemption. Copies of the documentation for each exemption claimed must be submitted to the Director of Finance with each remittance of assessments.

//

8. That the assessments levied for the SCTID shall be applied toward conventions sales, incentives and services and marketing and communication programs to market assessed lodging businesses in Santa Clara as tourist, meeting, and event destinations, as described in the Plan. Funds remaining at the end of any year may be used in subsequent years in which SCTID assessments are levied as long as they are used consistent with the requirements of this resolution and the Plan.

9. That the proposed SCTID will have a five (5) year term, beginning July 1, 2021 through June 30, 2026, unless renewed pursuant to Streets and Highways Code § 36660.

10. That bonds or any debt obligation shall not be issued.

11. That the time and place for the public meeting to hear testimony on establishing the SCTID and levying assessments are set for April 20, 2021 at 4:00 PM, or as soon thereafter as the matter may be heard, at , Virtual Zoom Meeting: Zoom information: https://santaclara.legistar.com/Calendar.aspx.

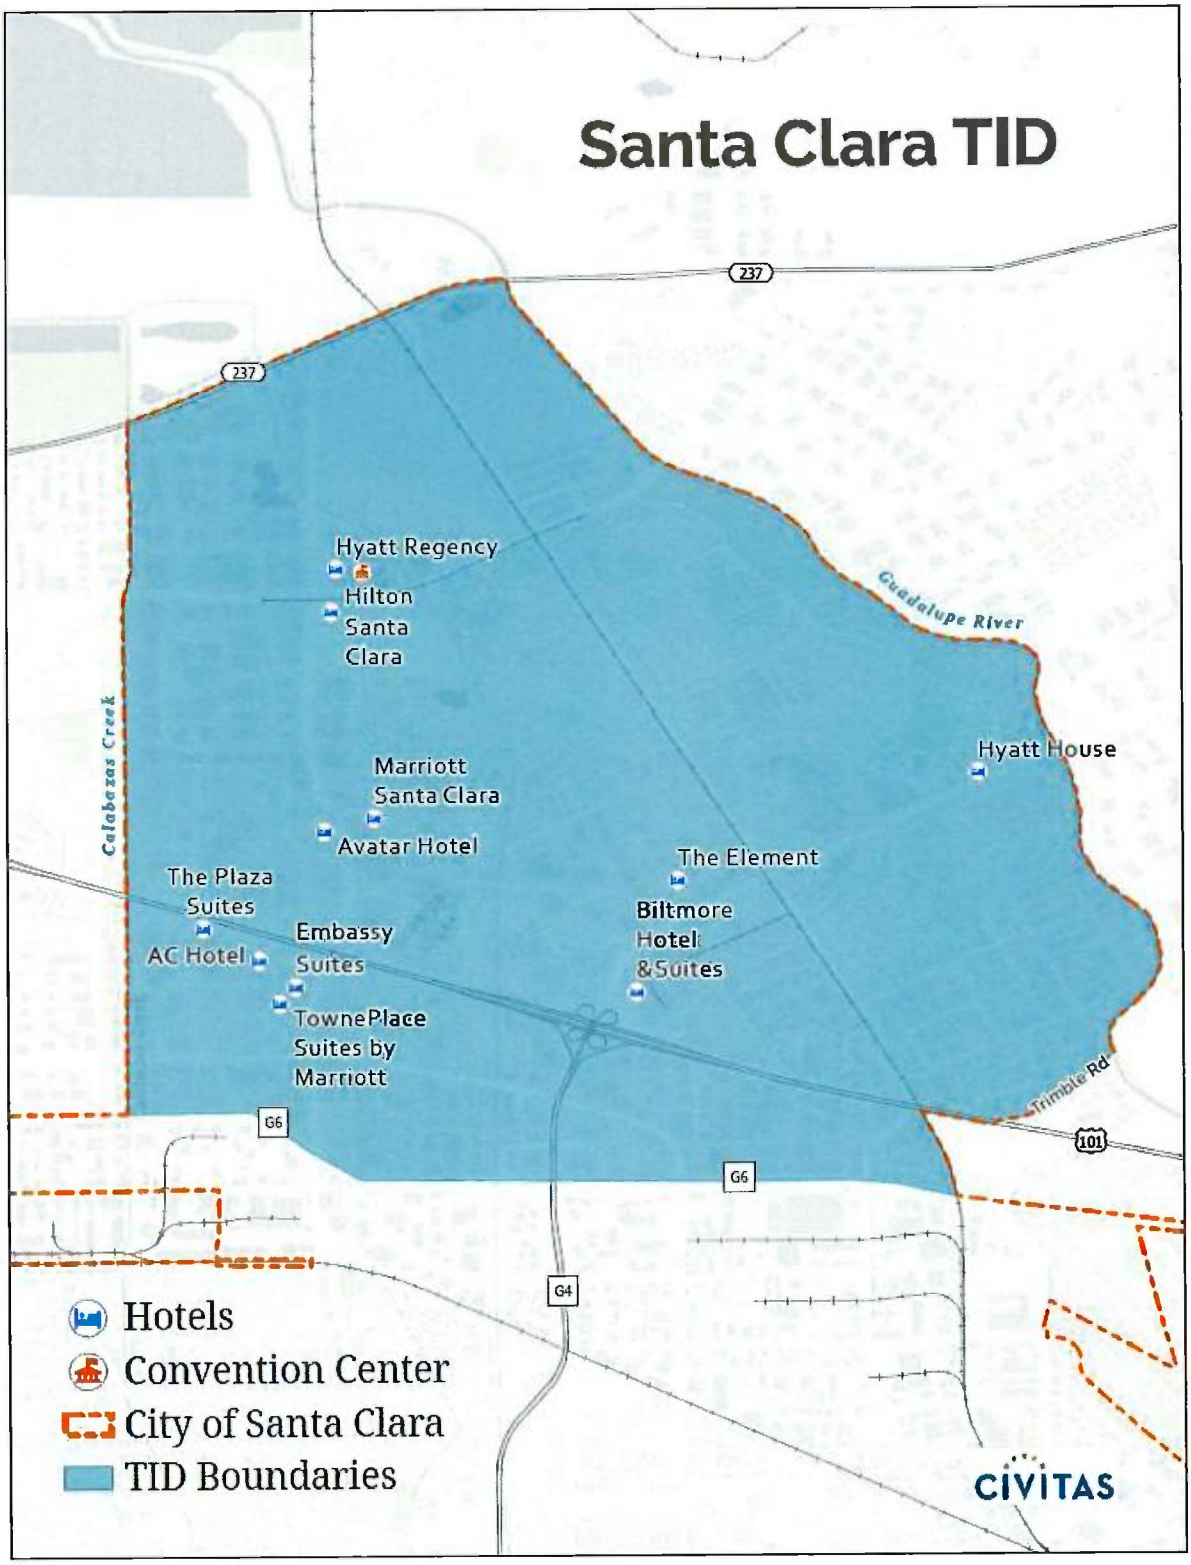
12. That the time and place for the public hearing to establish the SCTID and the levy of assessments are set for May 25, 2021 at 4:00 PM, or as soon thereafter as the matter may be heard, at , Virtual Zoom Meeting: Zoom information: https://santaclara.legistar.com/Calendar.aspx. The City Clerk is directed to provide written notice to the lodging businesses subject to assessment of the date and time of the meeting and hearing, and to provide that notice as required by Streets and Highways Code § 36623, no later than April 10, 2021.

13. That at the public meeting and hearing the testimony of all interested persons for or against the establishment of the SCTID may be received. If at the conclusion of the public hearing, there are of record written protests by the owners of the lodging businesses within the proposed SCTID that will pay more than fifty percent (50%) of the estimated total assessment of the entire SCTID, no further proceedings to establish the SCTID shall occur for a period of one (1) year.

//

14. That the complete Plan is on file with the City Clerk and may be reviewed upon request.

15. Effective date. This resolution shall become effective immediately.



I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE 6TH DAY OF APRIL, 2021, BY THE FOLLOWING VOTE:

AYES:	COUNCILORS:	Becker, Chahal, Hardy, Jain, Park, and Watanabe, and Mayor Gillmor
NOES:	COUNCILORS:	None

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA DECLARING RESULTS OF THE MAJORITY PROTEST PROCEEDINGS AND ESTABLISHING THE SANTA CLARA TOURISM IMPROVEMENT DISTRICT (SCTID)

BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, the Property and Business Improvement District Law of 1994 (Streets and Highways Code §36600 et. seq.) authorizes the City to establish business improvement districts upon petition by a weighted majority of the business owners located within the boundaries of the district; and

WHEREAS, lodging business owners who will pay more than fifty percent (50%) of the proposed assessment, as weighted according to the amount of the assessment to be paid by the petitioner, within the boundaries of the SCTID have petitioned the City Council to establish the SCTID; and

WHEREAS, included with the petitions was a Management District Plan (Plan) summary that describes the proposed assessment to be levied on lodging businesses within the SCTID to pay for sales, marketing, communications, and other improvements and activities set forth in the Plan; and

WHEREAS, the assessed lodging businesses within the SCTID will receive a specific benefit from the activities and improvements set forth in the Plan; and

WHEREAS, on April 6, 2021 at 4:00 PM or as soon thereafter at 1500 Warburton Avenue, Santa Clara, CA 95050, the City Council adopted a Resolution of Intention, Resolution No. 21-8955 and

WHEREAS, the public meeting and public hearing to consider the establishment of the SCTID have been properly noticed in accordance with Streets and Highways Code §36623; and

WHEREAS, on April 20, 2021 at 4:00 PM or as soon thereafter at 1500 Warburton Avenue, Santa Clara, CA 95050, the City Council held a public meeting regarding the establishment of

the SCTID, and the City Council heard and received objections and protests, if any, to the establishment of the SCTID and the levy of the proposed assessment; and

WHEREAS, on May 25, 2021 at 4:00 PM or as soon thereafter at 1500 Warburton Avenue, Santa Clara, CA 95050, the City Council held a public hearing regarding the establishment of the SCTID, and the City Council heard and received all objections and protests, if any, to the establishment of the SCTID and the levy of the proposed assessment; and

WHEREAS, the City Clerk has determined that there was no majority protest. A majority protest is defined as written protests received from owners of businesses in the proposed SCTID which would pay fifty percent (50%) or more of the assessments proposed to be levied. Protests are weighted based on the assessment proposed to be levied on each lodging business; and

WHEREAS, the City bears the burden of proving by a preponderance of the evidence that an assessment imposed for a specific benefit or specific government service is not a tax, that the amount is no more than necessary to cover the costs to the City in providing the specific benefit or specific government service, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the specific benefits or specific government services received by the payor.

NOW THEREFORE, BE IT FURTHER RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That the recitals set forth herein are adopted by the City Council as findings and they are true and correct.

2. That the SCTID is hereby established for a five (5) year term beginning July 1, 2021 through June 30, 2026.

3. That the Plan dated January 6, 2021 is hereby adopted and approved.

4. That the activities to be provided to benefit businesses in the SCTID will be funded by the levy of the assessment. The revenue from the assessment levy shall not be used: to provide activities that directly benefit businesses outside the SCTID; to provide activities or

improvements outside the SCTID; or for any purpose other than the purposes specified in this Resolution, the Resolution of Intention, and the Plan. Notwithstanding the foregoing, improvements and activities that must be provided outside the SCTID boundaries to create a specific benefit to the assessed businesses may be provided but shall be limited to marketing or signage pointing to the SCTID.

5. That the City Council finds as follows:

A. The activities funded by the assessment will provide a specific benefit to assessed businesses within the SCTID that is not provided to those not paying the assessment.

B. The assessment is a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege.

C. The assessment is a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product.

D. Assessments imposed pursuant to the SCTID are levied solely upon the assessed business, and the business owner is solely responsible for payment of the assessment when due. If the owner chooses to collect any portion of the assessment from a transient, that portion shall be specifically called out and identified for the transient in any and all communications from the business owner as the “SCTID Assessment” or “Tourism Assessment” as specified in the Plan. As an alternative, the disclosure may include the amount of the SCTID assessment and the amount of the assessment imposed pursuant to the California Tourism Marketing Act, Government Code §13995 et seq. and shall be disclosed as the “Tourism Assessment.”

6. That the assessments levied for the SCTID shall be applied towards sales, marketing, and communications to market City of Santa Clara lodging businesses as tourist, meeting and event destinations, and other improvements and activities as set forth in the Plan.

7. The annual assessment rate is one and one-half of one percent (1.5%) of gross short-term room rental revenue. Based on the benefit received, assessments will not be collected on stays by any officer or employee of a foreign government who is exempt by reason of express provision of Federal law or international treaty. Additionally, assessments will not be collected on stays by any Federal or State of California officer or employee on official business who shall provide one of the following; a warrant or check drawn on the Treasury of the United States; a copy of the official travel orders indicating the issuing governmental agency and the employee's full name; or, a copy of a letter on the official letterhead of an exempt governmental agency requesting exemption and listing the employee's name and stating that the stay is for official government business. The dates of occupancy must also be included. These requirements must be demonstrated by the guest at the time of registration. Failure to satisfy these requirements will result in no assessment exemption. Copies of the documentation for each exemption claimed must be submitted to the Director of Finance with each remittance of assessments. After the initial year of the SCTID's five (5) year term the assessment rate may be increased in any year by the SCTID Owners' Association's Board to a maximum of two percent (2%) of gross short-term room rental revenue.

8. That assessments levied on lodging businesses pursuant to this resolution shall be levied on the basis of benefit. Because the services provided are intended to increase room rentals, an assessment based on room rentals is the best measure of benefit.

9. That the assessment for the entire SCTID will total approximately $610,936 in year one (1).

10. That bonds shall not be issued to fund the SCTID.

11. That the SCTID shall include all lodging business comprised of ten (10) rooms or more located within the boundaries of the City of Santa Clara. A boundary map is attached hereto and incorporated herein by reference.

12. That the assessments shall be used for the purposes set forth above and any funds remaining at the end of any year may be used in subsequent years in which the SCTID assessment is levied as long as they are used consistent with the requirements set forth herein.

13. That the assessments to fund the activities and improvements for the SCTID will be collected by the City on a quarterly basis or at the close of any shorter reporting period as established by the Director of Finance, and in accordance with Streets and Highways Code §36631.

14. That the City Council, through adoption of this Resolution and the Plan, has the right pursuant to Streets and Highways Code §36651, to identify the body that shall implement the proposed program, which shall be the Owners' Association of the SCTID as defined in Streets and Highways Code §36612. The City Council has determined that Silicon Valley/Santa Clara DMO, Inc. shall be the SCTID Owners' Association.

15. Silicon Valley/Santa Clara DMO, Inc., pursuant to Streets and Highways Code §36650, shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvement and activities described in the report. The first report shall be due after the first year of operation of the SCTID.

16. That the SCTID established pursuant to this Resolution will be subject to any amendments to the Property and Business Improvement District Law of 1994 (California Streets and Highways Code §36600 et. seq.).

17. That the City Clerk, or his or her designee, is directed to take all necessary actions to complete the establishment of the SCTID and to levy the assessments.

18. Effective date. This resolution shall become effective immediately.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE ___ DAY OF _____, 2021, BY THE FOLLOWING VOTE:

I. OVERVIEW

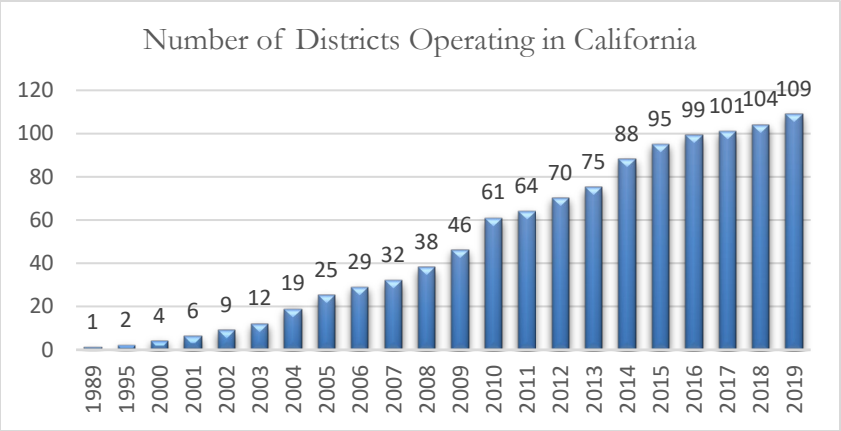
The Santa Clara Tourism Improvement District (SCTID) is an assessment district proposed to provide specific benefits to payors, by funding convention sales, incentives, and services and marketing and communication programs for assessed businesses. This approach has been used successfully in other destination areas throughout the country to provide the benefit of additional room night sales directly to payors.

Location: The proposed SCTID includes all lodging businesses with ten (10) rooms or more located within the boundaries of a portion of the City of Santa Clara, as shown on the map in Section III.

Services: The SCTID is designed to provide specific benefits directly to payors by increasing room night sales. Convention sales, incentives, and services and marketing and communication programs will increase overnight tourism and market payors as tourist, meeting and event destinations, thereby increasing room night sales.

Budget: The total SCTID annual budget for the initial year of its five (5) year operation is anticipated to be approximately $610,936.

Cost: The annual assessment rate is one and one-half of one percent (1.5%) of gross short-term room rental revenue. After the initial year of the SCTID's five (5) year term the assessment rate may be increased in any year by the Owners' Association's Board to a maximum of two percent (2%) of gross short-term room rental revenue as described in Section V. Based on the benefit received, assessments will not be collected on stays by any officer or employee of a foreign government who is exempt by reason of express provision of Federal law or international treaty. Additionally, assessments will not be collected on stays by any Federal or State of California officer or employee on official business who shall provide one of the following; a warrant or check drawn on the Treasury of the United States; a copy of the official travel orders indicating the issuing governmental agency and the employee's full name; or, a copy of a letter on the official letterhead of an exempt governmental agency requesting exemption and listing the employee's name and stating that the stay is for official government business. The dates of occupancy must also be included. These requirements must be demonstrated by the guest at the time of registration. Failure to satisfy these requirements will result in no assessment exemption. Copies of the documentation for each exemption claimed must be submitted to the Director of Finance with each remittance of assessments.



Collection: Each lodging business located in the boundaries of the SCTID shall be responsible for remitting the assessments to the City in accordance with this Management District Plan. The City will be responsible for collecting the assessment on a quarterly basis or at the close of any shorter reporting period as established by the Director of Finance (including any delinquencies, penalties and interest) from each lodging business located in the boundaries of the SCTID. The City shall take all reasonable efforts to collect the assessments from each lodging business.

Duration: The proposed SCTID will have a five (5) year life, beginning July 1, 2021 through June 30, 2026. Once per year, beginning on the anniversary of SCTID formation, there is a thirty (30) day period in which owners paying fifty percent (50%) or more of the assessment may protest and initiate a City Council hearing on SCTID termination.

Management: Silicon Valley/Santa Clara DMO, Inc. (DMO) will serve as the SCTID's Owners' Association. The Owners' Association is charged with managing funds and implementing programs in accordance with this Plan and must provide annual reports to the City Council.

II. BACKGROUND

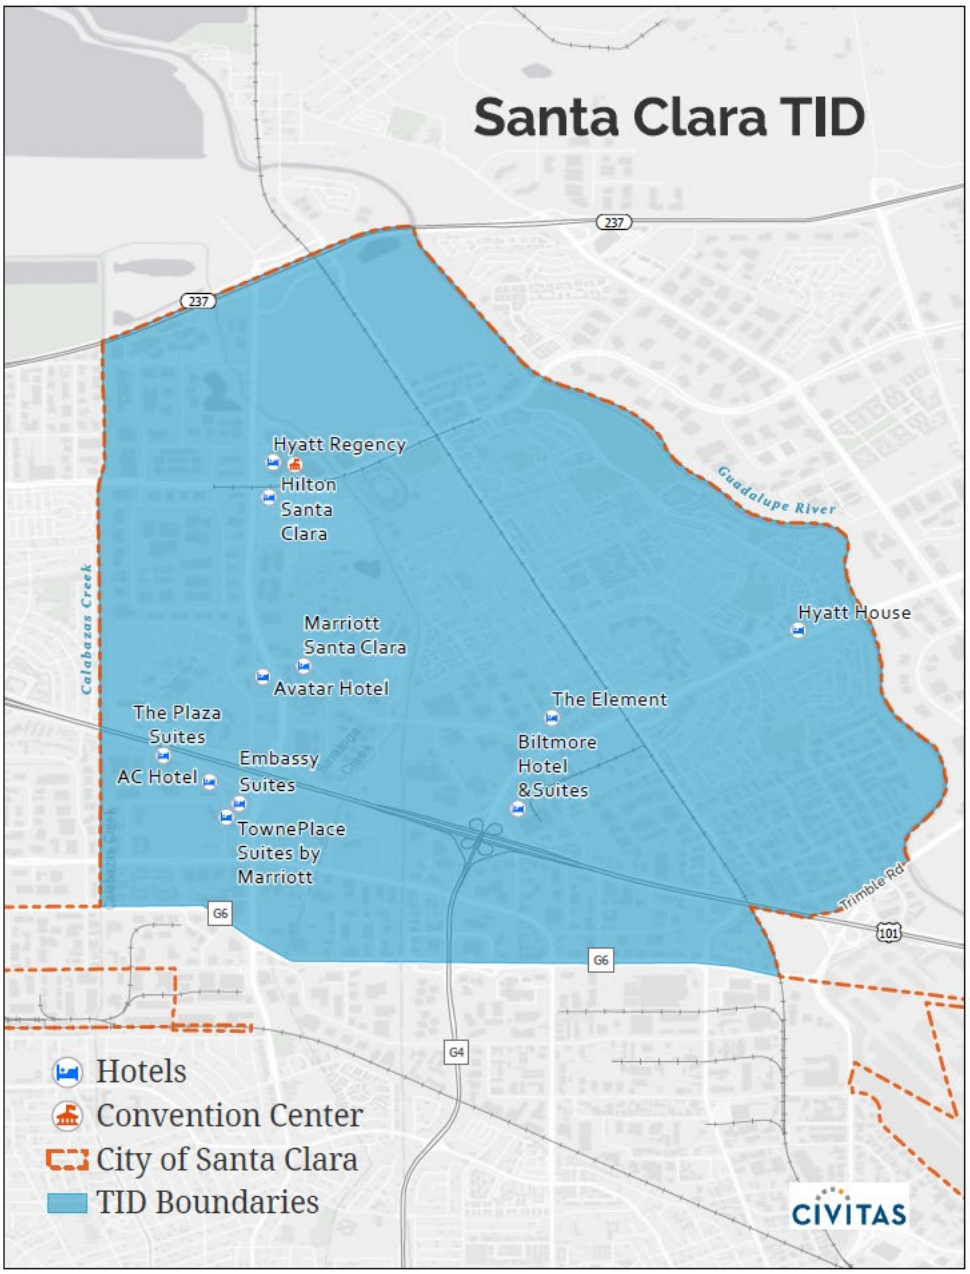
TIDs are an evolution of the traditional Business Improvement District. The first TID was formed in West Hollywood, California in 1989. Since then, over 100 California destinations have followed suit. In recent years, other states have begun adopting the California model – Montana, South Dakota, Washington, Colorado, Texas and Louisiana have adopted TID laws. Several other states are in the process of adopting their own legislation. The cities of Wichita, Kansas and Newark, New Jersey used an existing business improvement district law to form a TID. And, some cities, like Portland, Oregon and Memphis, Tennessee have utilized their home rule powers to create TIDs without a state law.

California's TIDs collectively raise over $275 million annually for local destination marketing. With competitors raising their budgets, and increasing rivalry for visitor dollars, it is important that Santa Clara lodging businesses invest in stable, lodging-specific marketing programs.

TIDs utilize the efficiencies of private sector operation in the market-based promotion of tourism districts. TIDs allow lodging business owners to organize their efforts to increase room night sales. Lodging business owners within the TID pay an assessment and those funds are used to provide services that increase room night sales.

In California, TIDs are formed pursuant to the Property and Business Improvement District Law of 1994. This law allows for the creation of a benefit assessment district to raise funds within a specific geographic area. *The key difference between TIDs and other benefit assessment districts is that funds raised are returned to the private non-profit corporation governing the district.*

There are many benefits to TIDs:



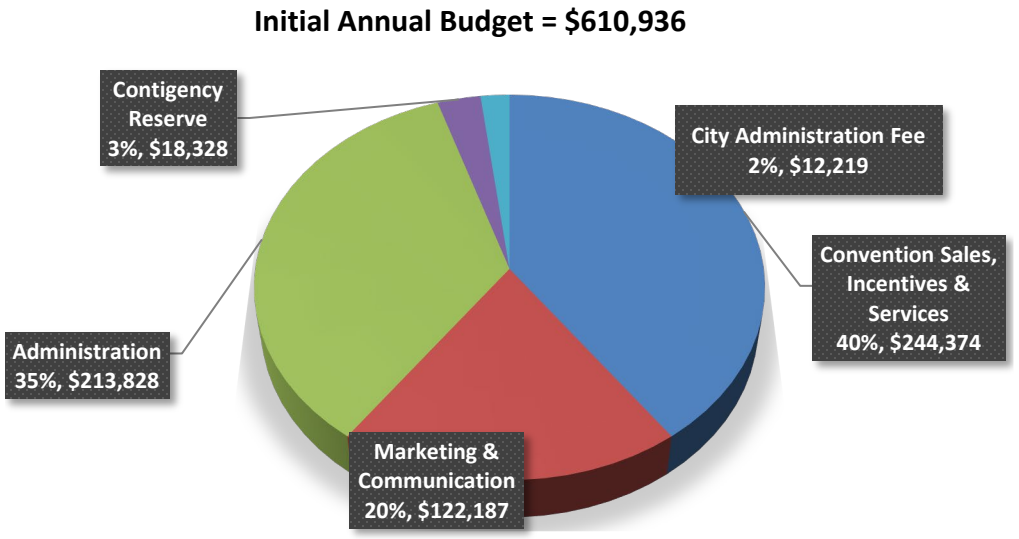
- Funds must be spent on services and improvements that provide a specific benefit only to those who pay;
- Funds cannot be diverted to general government programs;
- They are customized to fit the needs of payors in each destination;
- They allow for a wide range of services;
- They are ***designed, created and governed by those who will pay*** the assessment; and
- They provide a stable, long-term funding source for tourism promotion.

III. BOUNDARY

The SCTID will include all lodging businesses with ten (10) rooms or more, existing and in the future, available for public occupancy within the boundaries of a portion of the city of Santa Clara.

Lodging business means: any structure, or any portion of any structure, that is occupied or intended or designed for occupancy by transients for dwelling, lodging, or sleeping purposes, and includes, but is not limited to, any hotel, inn, tourist home or house, motel, studio hotel, bachelor hotel, lodging house, rooming house, apartment house, dormitory, public or private club, mobile home, or house trailer at a fixed location, or other similar structure or portion thereof.

The boundary, as shown in the map below, currently includes eleven (11) lodging businesses. A complete listing of lodging businesses within the proposed SCTID can be found in Appendix 2.



IV. BUDGET AND SERVICES

A. Annual Service Plan

Assessment funds will be spent to provide specific benefits conferred or privileges granted directly to the payors that are not provided to those not charged, and which do not exceed the reasonable cost to the City of conferring the benefits or granting the privileges. The privileges and services provided with the SCTID funds are convention sales, incentives, and services and marketing and communication programs available only to assessed businesses within the SCTID.

A service plan budget has been developed to deliver services that benefit the assessed businesses within the SCTID. A detailed annual budget will be developed and approved by the DMO. The table below illustrates the initial annual budget allocations. The total initial budget is $610,936.

Although actual revenues will fluctuate due to market conditions, the proportional allocations of the budget shall remain the same. However, the City and the DMO Board shall have the authority to adjust budget allocations between the categories by no more than twenty percent (20%) of the total budget per year. A description of the proposed improvements and activities for the initial year of operation is below. The same activities are proposed for subsequent years. In the event of a legal challenge against the SCTID, any and all assessment funds may be used for the costs of defending the SCTID. In the first year of operation, the costs of creating the SCTID may be repaid by deducting repayment funds proportionally from budget categories. All assets/funds collected by the District established under the 1989 Law will be transferred to the new 1994 District and additional funds may be allocated to each program as deemed necessary by the DMO Board and City Council during the budget development and approval process.

Each budget category includes all costs related to providing that service, in accordance with Generally Accepted Accounting Procedures (GAAP). For example, the marketing and communications budget includes the cost of staff time dedicated to overseeing and implementing the marketing and communications program. Staff time dedicated purely to administrative tasks is allocated to the administration portion of the budget. The costs of an individual staff member may be allocated to multiple budget categories, as appropriate in accordance with GAAP. The staffing

levels necessary to provide the services below will be determined by the DMO on an as-needed basis.

Convention Sales, Incentives, and Services
The Convention Sales, Incentives, and Services Program will promote sales activity for the booking of Convention Center events and increased room night sales of Convention Center attendees. The budget will be dedicated to sales activities to attract new meetings, conventions, sporting, and other events that have a significant impact on assessed lodging business room demand in the SCTID. The Program may include the provision of subsidies to attract new marquee events and conventions that have not previously hosted an event at the Convention Center. Program activities may include, but is not limited to, the following activities:

- Engage in sales activity for the effective booking of the Convention Center, for increased room night sales to Convention Center attendees and commensurate revenue for the Convention Center.
- Sell and coordinate the booking and reservation of convention, meeting and/or trade show space, hotel rooms and other off-site venues as necessary in connection with such convention, meeting, trade show or other group leisure events at the Convention Center and Santa Clara hotels in order to facilitate the seamless booking and servicing processes for space, food and beverage, audio/visual, and other group needs.
- Conduct targeted sales calls to potential convention, tradeshow, and conference planners to generate prospects.
- Host exhibits at various targeted conference shows and special events as deemed necessary by Contractor to promote economic development and the visitor industry.
- Conduct familiarization tours and product development tours and activities for agreed upon prospective clients.
- Host prospective meeting planners and other prospective clients in the City to promote business and industry development and the tourism industry.
- Provide an incentive program in conjunction with the Convention Center and TID lodging businesses to generate new group or convention bookings.

Marketing & Communication
The Marketing and Communication Program will promote assessed lodging businesses as convention, meeting, and event destinations. The Program will have a central theme of promoting the destination as a desirable place for overnight meeting and convention attendees The program will have the goal of increasing overnight visitation and room night sales at assessed lodging businesses, and may include, but is not limited to, the following activities:

- Promote and market the Convention Center and Santa Clara, as a premier destination for conventions, meetings and trade shows, including utilization of digital media, online presence and social networks.
- Develop, produce, and distribute promotional convention sales materials specific to the Convention Center, Santa Clara lodging businesses, restaurants, entertainment and other amenities located in the City, and distribute said materials to event planners or coordinators.
- Conduct coordinated advertising, publicity and promotion campaigns emphasizing attractions offered in the City for meetings and conventions groups.

- Participate in appropriate convention and destination marketing association's events and trade shows so that favorable and targeted publicity about the City and the Convention Center is continued and expanded.
- Solicit appropriate convention, tradeshow and meeting organizations to use the Convention Center and other venues throughout the City.
- Support destination planning services to associations, businesses, organizations and groups convening or holding conventions, meetings or events in the City.
- Maintain a master set of bookings and schedules (and other related books and records) for conventions, tradeshows and other events at the Convention Center.
- Create and maintain strategic relationships for the coordination of sales and services with the City and its business partners, including but not limited to the TID lodging businesses, Convention Center operator, and food and beverage service provider among others.
- Engage in such other sales, marketing and promotion activities as Contractor deems appropriate and necessary to increase sales activity for conventions, meetings, trade shows and other events at the Convention Center.
- Maintain and continue to develop an appealing website that is designed to showcase the attributes of Santa Clara and market Santa Clara as a desirable destination.

Administration
Administration provides management, coordination and support to all organizational services and functions. Administration is responsible for the general oversight and fiscal health of the organization and budget will be used to support administrative staffing costs, office costs, policy development, and other general administrative costs such as insurance, legal, and accounting.

Contingency/Reserve
The budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administration or renewal costs at the discretion of the DMO Board. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the DMO Board. Contingency/reserve funds may be spent on District programs or administrative and renewal costs in such proportions as determined by the DMO Board. The reserve fund may be used for the costs of renewing the SCTID.

City Administration Fee
The City of Santa Clara shall be paid a fee equal to 2% of the amount of assessment collected to cover its costs of collection and administration which may include but are not limited to: staffing costs, legal services, and operational costs for rent, telephone, supplies, postage, and other general office expenses.

B. Annual Budget

The total five (5) year improvement and service plan budget is projected at approximately $610,936 annually, or $5,525,122 through 2026 if the maximum assessment rate increases are adopted. This budget is expected to fluctuate as room sales change and if the assessment rate is increased. If the maximum annual assessment increases are adopted by the DMO's Board, the annual budget may increase to an estimated $1,174,623 in 2022-23.

The initial annual assessment rate is one and one-half of one percent (1.5%) of gross short-term room rental revenue. After the initial year, the DMO Board may propose to increase the assessment

up to a maximum increment of one-half of one percent (0.50%), to a maximum assessment rate of two percent (2%) of gross short-term room rental revenue. If the DMO's Board votes to increase the assessment, the DMO shall propose the assessment increase to the City of Santa Clara for City Council approval.

The table below demonstrates the maximum with the assumption that the rate will be increased in 2022-23 as it is a required disclosure, it may not be the final course of action. Additionally, a three percent (3%) annual increase in the total budget is shown to account for estimated increased room night sales as a result of SCTID efforts. This three percent (3%) annual increase is a conservative estimate based on the effects of similarly sized TID budgets. Finally, it is anticipated revenues will increase by forty percent (40%) as the economy begins to recover from the COVID-19 pandemic. Due to the unprecedented nature of the COVID-19 pandemic, this is an estimation based on available data and may be subject to change. This anticipated forty percent (40%) increase has been implemented in the year 2022-23 in the chart below, in addition to the anticipated three percent (3%) annual increases and the assessment increase. This amount may fluctuate as sales and revenue increase at assessed businesses but is not expected to change significantly over the term.

Estimated Annual Budget If Maximum Assessment Rates Are Adopted
2021-2026

Year	Convention Sales, Incentives, and Services	Marketing & Communication	Administration	Contingency / Reserve	City Administration Fee	Total
2021-22	$244,374	$122,187	$213,828	$18,328	$12,219	$610,936
2022-23	$469,849	$234,925	$411,118	$35,239	$23,492	$1,174,623
2023-24	$483,945	$241,972	$423,452	$36,296	$24,197	$1,209,862
2024-25	$498,463	$249,232	$436,155	$37,385	$24,923	$1,246,158
2025-26	$513,417	$256,709	$449,240	$38,506	$25,671	$1,283,543
Total	$2,210,049	$1,105,024	$1,933,793	$165,754	$110,502	$5,525,122

The table below illustrates the annual improvement and service plan budget with the assumption that the rates will not be increased during the district's five (5) year term. Additionally, a three percent (3%) annual increase in the total budget is shown, to account for estimated increased room night sales as a result of SCTID efforts. Finally, the aforementioned projection of a forty percent (40%) increase in revenue due to economic recovery from the COVID-19 pandemic is reflected in the chart below for year 2022-23.

Estimated Annual Budget If Maximum Assessment Rates Are Not Adopted
2021-2026

Year	Convention Sales, Incentives, and Services	Marketing & Communication	Administration	Contingency / Reserve	City Administration Fee	Total
2021-22	$244,374	$122,187	$213,828	$18,328	$12,219	$610,936
2022-23	$352,388	$176,194	$308,339	$26,429	$17,619	$880,970
2023-24	$362,960	$181,480	$317,590	$27,222	$18,148	$907,399
2024-25	$373,848	$186,924	$327,117	$28,039	$18,692	$934,621
2025-26	$385,064	$192,532	$336,931	$28,880	$19,253	$962,659
Total	$1,718,634	$859,317	$1,503,805	$128,898	$85,932	$4,296,585

C. California Constitutional Compliance

The SCTID assessment is not a property-based assessment subject to the requirements of Proposition 218. Courts have found Proposition 218 limited the term 'assessments' to levies on real property.[1] Rather, the SCTID assessment is a business-based assessment, and is subject to Proposition 26. Pursuant to Proposition 26 all levies are a tax unless they fit one of seven exceptions. Two of these exceptions apply to the SCTID, a "specific benefit" and a "specific government service." Both require that the costs of benefits or services do not exceed the reasonable costs to the City of conferring the benefits or providing the services.

1. Specific Benefit

Proposition 26 requires that assessment funds be expended on, "a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege."[2] The services in this Plan are designed to provide targeted benefits directly to assessed businesses, and are intended only to provide benefits and services directly to those businesses paying the assessment. These services are tailored not to serve the general public, businesses in general, or parcels of land, but rather to serve the specific businesses within the SCTID. The activities described in this Plan are specifically targeted to increase room night sales for assessed lodging businesses within the boundaries of the SCTID and are narrowly tailored. SCTID funds will be used exclusively to provide the specific benefit of increased room night sales directly to the assessees. Assessment funds shall not be used to feature non-assessed lodging businesses in SCTID programs, or to directly generate sales for non-assessed businesses. The activities paid for from assessment revenues are business services constituting and providing specific benefits to the assessed businesses.

The assessment imposed by this SCTID is for a specific benefit conferred directly to the payors that is not provided to those not charged. The specific benefit conferred directly to the payors is an increase in room night sales. The specific benefit of an increase in room night sales for assessed lodging businesses will be provided only to lodging businesses paying the district assessment, with marketing and sales programs promoting lodging businesses paying the SCTID assessment. The Marketing and Sales Program will be designed to increase room night sales at each assessed lodging businesses. Because they are necessary to provide the Convention Sales, Incentives, and Services and Marketing and Communication programs that specifically benefit the assessed lodging businesses, the administration and contingency/reserve services also provide the specific benefit of increased room night sales to the assessed lodging businesses.

Although the SCTID, in providing specific benefits to payors, may produce incidental benefits to non-paying businesses, the incidental benefit does not preclude the services from being considered a specific benefit. The legislature has found that, "A specific benefit is not excluded from classification as a 'specific benefit' merely because an indirect benefit to a nonpayor occurs incidentally and without cost to the payor as a consequence of providing the specific benefit to the payor."[3]

2. Specific Government Service

[1] *Jarvis v. the City of San Diego* 72 Cal App. 4th 230
[2] Cal. Const. art XIII C § 1(e)(1)
[3] Government Code § 53758(a)

The assessment may also be utilized to provide, "a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product."[4] The legislature has recognized that marketing and promotions services like those to be provided by the SCTID are government services within the meaning of Proposition 26[5]. Further, the legislature has determined that "a specific government service is not excluded from classification as a 'specific government service' merely because an indirect benefit to a nonpayor occurs incidentally and without cost to the payor as a consequence of providing the specific government service to the payor."[6]

3. Reasonable Cost

SCTID services will be implemented carefully to ensure they do not exceed the reasonable cost of such services. The full amount assessed will be used to provide the services described herein. Funds will be managed by the DMO, and reports submitted on an annual basis to the City. Only assessed lodging businesses will be featured in marketing materials, receive sales leads generated from SCTID-funded activities, be featured in advertising campaigns, and benefit from other SCTID-funded services. Non-assessed lodging businesses will not receive these, nor any other, SCTID-funded services and benefits.

The SCTID-funded programs are all targeted directly at and feature only assessed businesses. It is, however, possible that there will be a spill over benefit to non-assessed businesses. If non-assessed lodging businesses receive incremental room nights, that portion of the promotion or program generating those room nights shall be paid with non-SCTID funds. SCTID funds shall only be spent to benefit the assessed businesses and shall not be spent on that portion of any program which directly generates incidental room nights for non-assessed businesses.

D. Assessment

The annual assessment rate is one and one-half of one percent (1.5%) of gross short-term room rental revenue. Based on the benefit received, assessments will not be collected on stays by any officer or employee of a foreign government who is exempt by reason of express provision of Federal law or international treaty. Additionally, assessments will not be collected on stays by any Federal or State of California officer or employee on official business who shall provide one of the following; a warrant or check drawn on the Treasury of the United States; a copy of the official travel orders indicating the issuing governmental agency and the employee's full name; or, a copy of a letter on the official letterhead of an exempt governmental agency requesting exemption and listing the employee's name and stating that the stay is for official government business. The dates of occupancy must also be included. These requirements must be demonstrated by the guest at the time of registration. Failure to satisfy these requirements will result in no assessment exemption. Copies of the documentation for each exemption claimed must be submitted to the Director of Finance with each remittance of assessments.

After the initial year, the assessment rate may be increased by the DMO's Board, subject to City Council approval, to a maximum of two percent (2%) of gross short-term room rental revenue. If the assessment rate is increased, it may subsequently be decreased but shall not be decreased below a minimum of one and one-half of one percent (1.5%) of gross short-term room rental revenue. The

[4] Cal. Const. art XIII C § 1(e)(2)
[5] Government Code § 53758(b)
[6] Government Code § 53758(b)

assessment may be increased up to a maximum increment of one half of one percent (0.50%) and may be decreased down to a maximum increment of one-half of one percent (0.50%).

The term "gross room rental revenue" as used herein means: the consideration received, whether or not actually charged by the lodging business, for the occupancy of space in a lodging business valued in money, whether said gross room rental revenue is received in money, goods, labor, or otherwise, including all receipts, cash, credits, and property and services of any kind or nature. A lodging business may provide complimentary non-assessable rooms for employee use, guest satisfaction or charitable purposes (by a qualified 501(c)(3) charity) and a lodging business shall detail all complimentary non-assessable rooms in its regular reporting. Failure to accurately report complimentary rooms shall result in assessment of the rooms in question. Gross room rental revenue shall not include any federal, state or local taxes collected, including but not limited to transient occupancy taxes.

The assessment is levied upon and a direct obligation of the assessed lodging business. However, the assessed lodging business may, at its discretion, pass the assessment on to transients. The amount of assessment, if passed on to each transient, shall be disclosed in advance and separately stated from the amount of rent charged and any other applicable taxes, and each transient shall receive a receipt for payment from the business. If the SCTID assessment is identified separately it shall be disclosed as the "SCTID Assessment." As an alternative, the disclosure may include the amount of the SCTID assessment and the amount of the assessment imposed pursuant to the California Tourism Marketing Act, Government Code §13995 et seq. and shall be disclosed as the "Tourism Assessment." The assessment is imposed solely upon and is the sole obligation of the assessed lodging business even if it is passed on to transients. The assessment shall not be considered revenue for any purpose, including calculation of transient occupancy taxes.

Bonds or any debt obligation shall not be issued.

E. Penalties and Interest

The SCTID shall reimburse the City of Santa Clara for any costs associated with collecting unpaid assessments. If sums in excess of the delinquent SCTID assessment are sought to be recovered in the same collection action by the City, the SCTID shall bear its pro rata share of such collection costs. Assessed businesses which are delinquent in paying the assessment shall be responsible for paying:

1. *Delinquency Interest:* Any lodging business that fails to remit any assessment imposed within the time required shall pay interest as described in subparagraph 3 below.
2. *Penalty for Willful Noncompliance or Repeated Delinquencies:* If the City determines that the nonpayment of any remittance due is due to willful noncompliance or repeated delinquencies, a penalty of twenty-five percent (25%) of the amount of the assessment shall be added thereto in addition to the interest as required by subparagraph 3 below.
3. *Calculation of Interest:* In addition to the penalties imposed, any lodging business that fails to remit any assessment imposed shall pay interest at the rate of the United States government T-Bills sold at the latest sale prior to the date of the delinquency plus three percent (3%) prorated per month or fraction thereof on the amount of the assessment, exclusive of penalties, from the date on which the remittance first became delinquent until paid.
4. *Penalties and Interest Merged with Assessment:* Except for the purpose of calculation of interest and penalties, every penalty imposed and such interest as accrues under the provisions of this section shall become a part of the assessment herein.

F. Time and Manner for Collecting Assessments

The SCTID assessment will be implemented beginning July 1, 2021 and will continue for five (5) years through June 30, 2026. On or before the last day of the month following the close of each calendar quarter, or at the close of any shorter reporting period as established by the Director of Finance, each assessed business shall remit to the City all assessments collected through the last day of the previous quarter, including any delinquencies, penalties, and interest, which have not previously been remitted to the City. Each lodging business located in the boundaries of the SCTID shall be responsible for remitting the assessments to the City in accordance with this Management District Plan. The City will be responsible for collecting the assessment on a quarterly basis or at the close of any shorter reporting period as established by the Director of Finance (including any delinquencies, penalties and interest) from each assessed lodging business. The City shall take all reasonable efforts to collect the assessments from each assessed lodging business. The City shall forward the assessments collected to the Owners' Association.

V. GOVERNANCE

A. Owners' Association

The City Council, through adoption of this Management District Plan, has the right, pursuant to Streets and Highways Code §36651, to identify the body that shall implement the proposed program, which shall be the Owners' Association of the SCTID as defined in Streets and Highways Code §36612. The City Council has determined that Silicon Valley/Santa Clara DMO, Inc. (DMO), a nonprofit corporation, will serve as the Owners' Association for the SCTID.

B. Brown Act and California Public Records Act Compliance

An Owners' Association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. The Owners' Association is, however, subject to government regulations relating to transparency, namely the Ralph M. Brown Act and the California Public Records Act. These regulations are designed to promote public accountability. The Owners' Association acts as a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the DMO Board and certain committees must be held in compliance with the public notice and other requirements of the Brown Act. The Owners' Association is also subject to the record keeping and disclosure requirements of the California Public Records Act. Accordingly, the Owners' Association shall publicly report any action taken and the vote or abstention on that action of each member present for the action.

C. Annual Report

The DMO shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650 (see Appendix 1). The annual report shall include:

- Any proposed changes in the boundaries of the improvement district or in any benefit zones or classification of businesses within the district.
- The improvements and activities to be provided for that fiscal year.
- An estimate of the cost of providing the improvements and the activities for that fiscal year.
- The method and basis of levying the assessment in sufficient detail to allow each business owner to estimate the amount of the assessment to be levied against his or her business for that fiscal year.
- The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
- The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

APPENDIX 1 – LAW

*** THIS DOCUMENT IS CURRENT THROUGH THE 2018 SUPPLEMENT ***
(ALL 2017 LEGISLATION)

STREETS AND HIGHWAYS CODE
DIVISION 18. PARKING
PART 7. PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

CHAPTER 1. General Provisions

ARTICLE 1. Declarations

36600. Citation of part

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

36601. Legislative findings and declarations; Legislative guidance

The Legislature finds and declares all of the following:

(a) Businesses located and operating within business districts in some of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of business districts in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow business districts to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that receive benefits from those improvements.

(d) Assessments levied for the purpose of conferring special benefit upon the real property or a specific benefit upon the businesses in a business district are not taxes for the general benefit of a city, even if property, businesses, or persons not assessed receive incidental or collateral effects that benefit them.

(e) Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits:

(1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied.

(2) Job creation.

(3) Business attraction.

(4) Business retention.

(5) Economic growth.

(6) New investments.

(f) With the dissolution of redevelopment agencies throughout the state, property and business improvement districts have become even more important tools with which communities can combat blight, promote economic opportunities, and create a clean and safe environment.

(g) Since the enactment of this act, the people of California have adopted Proposition 218, which added Article XIII D to the Constitution in order to place certain requirements and restrictions on the formation of, and activities, expenditures, and assessments by property-based districts. Article XIII D of the Constitution provides that property-based districts may only levy assessments for special benefits.

(h) The act amending this section is intended to provide the Legislature's guidance with regard to this act, its interaction with the provisions of Article XIII D of the Constitution, and the determination of special benefits in property-based districts.

(1) The lack of legislative guidance has resulted in uncertainty and inconsistent application of this act, which discourages the use of assessments to fund needed improvements, maintenance, and activities in property-based districts, contributing to blight and other underutilization of property.

(2) Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed.

Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.

(3) It is of the utmost importance that property-based districts created under this act have clarity regarding restrictions on assessments they may levy and the proper determination of special benefits. Legislative clarity with regard to this act will provide districts with clear instructions and courts with legislative intent regarding restrictions on property-based assessments, and the manner in which special benefits should be determined.

36602. Purpose of part

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within property and business improvement districts, to ensure that those assessments conform to all constitutional requirements and are determined and assessed in accordance with the guidance set forth in this act. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

36603. Preemption of authority or charter city to adopt ordinances levying assessments

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

36603.5. Part prevails over conflicting provisions

Any provision of this part that conflicts with any other provision of law shall prevail over the other provision of law, as to districts created under this part.

36604. Severability

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

ARTICLE 2. Definitions

36606. "Activities"

"Activities" means, but is not limited to, all of the following that benefit businesses or real property in the district:

(a) Promotion of public events.

(b) Furnishing of music in any public place.

(c) Promotion of tourism within the district.

(d) Marketing and economic development, including retail retention and recruitment.

(e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.

(f) Other services provided for the purpose of conferring special benefit upon assessed real property or specific benefits upon assessed businesses located in the district.

36606.5. "Assessment"

"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and providing activities that will provide certain benefits to properties or businesses located within a property and business improvement district.

36607. "Business"

"Business" means all types of businesses and includes financial institutions and professions.

36608. "City"

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

36609. "City council"

"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

36609.4. "Clerk"

"Clerk" means the clerk of the legislative body.

36609.5. "General benefit"

"General benefit" means, for purposes of a property-based district, any benefit that is not a "special benefit" as defined in Section 36615.5.

36610. "Improvement"

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

(a) Parking facilities.
(b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
(c) Trash receptacles and public restrooms.
(d) Lighting and heating facilities.
(e) Decorations.
(f) Parks.
(g) Fountains.
(h) Planting areas.
(i) Closing, opening, widening, or narrowing of existing streets.
(j) Facilities or equipment, or both, to enhance security of persons and property within the district.
(k) Ramps, sidewalks, plazas, and pedestrian malls.
(l) Rehabilitation or removal of existing structures.

36611. "Management district plan"; "Plan"

"Management district plan" or "plan" means a proposal as defined in Section 36622.

36612. "Owners' association"

"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement improvements, maintenance, and activities specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), for all records relating to activities of the district.

36614. "Property"

"Property" means real property situated within a district.

36614.5. "Property and business improvement district"; "District"

"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.

36614.6. "Property-based assessment"

"Property-based assessment" means any assessment made pursuant to this part upon real property.

36614.7. "Property-based district"

"Property-based district" means any district in which a city levies a property-based assessment.

36615. "Property owner"; "Business owner"; "Owner"

"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

36615.5. "Special benefit"

"Special benefit" means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.

36616. "Tenant"

"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

ARTICLE 3. Prior Law

36617. Alternate method of financing certain improvements and activities; Effect on other provisions

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

CHAPTER 2. Establishment

36620. Establishment of property and business improvement district

A property and business improvement district may be established as provided in this chapter.

36620.5. Requirement of consent of city council

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

36621. Initiation of proceedings; Petition of property or business owners in proposed district

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

(1) A map showing the boundaries of the district.

(2) Information specifying where the complete management district plan can be obtained.

(3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities, and the location and extent of the proposed district.

(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

36622. Contents of management district plan

The management district plan shall include, but is not limited to, all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected property and businesses included, which may be made by reference to any plan or map that is on file with the clerk. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements, maintenance, and activities proposed for each year of operation of the district and the maximum cost thereof. If the improvements, maintenance, and activities proposed for each year of operation are the same, a description of the first year's proposed improvements, maintenance, and activities and a statement that the same improvements, maintenance, and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.
(e) The total annual amount proposed to be expended for improvements, maintenance, or activities, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.
(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.
(g) The time and manner of collecting the assessments.
(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.
(i) The proposed time for implementation and completion of the management district plan.
(j) Any proposed rules and regulations to be applicable to the district.
(k) (1) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof.
(2) In a property-based district, the proportionate special benefit derived by each identified parcel shall be determined exclusively in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the activities. An assessment shall not be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and a property-based district shall separate the general benefits, if any, from the special benefits conferred on a parcel. Parcels within a property-based district that are owned or used by any city, public agency, the State of California, or the United States shall not be exempt from assessment unless the governmental entity can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit. The value of any incidental, secondary, or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel.
(l) In a property-based district, the total amount of all special benefits to be conferred upon the properties located within the property-based district.
(m) In a property-based district, the total amount of general benefits, if any.
(n) In a property-based district, a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan.
(o) Any other item or matter required to be incorporated therein by the city council.

36623. Procedure to levy assessment

(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with Section 53753 of the Government Code.
(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with Section 54954.6 of the Government Code, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each

written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.

36624. Changes to proposed assessments

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements, maintenance, and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

36625. Resolution of formation

(a) If the city council, following the public hearing, decides to establish a proposed property and business improvement district, the city council shall adopt a resolution of formation that shall include, but is not limited to, all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement on whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements need not be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements, maintenance, and activities to be conferred on businesses and properties in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements, maintenance, or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district. Notwithstanding the foregoing, improvements and activities that must be provided outside the district boundaries to create a special or specific benefit to the assessed parcels or businesses may be provided, but shall be limited to marketing or signage pointing to the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements, maintenance, and activities funded by

the proposed assessments, and, for a property-based district, that property within the district will receive a special benefit.

(8) In a property-based district, the total amount of all special benefits to be conferred on the properties within the property-based district.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

36626. Resolution establishing district

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in Section 36625.

36627. Notice and assessment diagram

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

36628. Establishment of separate benefit zones within district; Categories of businesses

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

36628.5. Assessments on businesses or property owners

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements, maintenance, and activities, provided that any property-based assessment conforms with the requirements set forth in paragraph (2) of subdivision (k) of Section 36622.

36629. Provisions and procedures applicable to benefit zones and business categories

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.

36630. Expiration of district; Creation of new district

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and the district may be renewed pursuant to this part.

CHAPTER 3. Assessments

36631. Time and manner of collection of assessments; Delinquent payments

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and

penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part may be charged interest and penalties.

36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.
(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.
(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

36633. Time for contesting validity of assessment

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

36634. Service contracts authorized to establish levels of city services

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

36635. Request to modify management district plan

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public hearings pursuant to this section shall comply with both of the following:
(1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public hearing.
(2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public hearing, to each business owner or property owner affected by the proposed modification.
(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

36637. Reflection of modification in notices recorded and maps

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

CHAPTER 3.5. Financing

36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments

(a)The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.

(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.

(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

CHAPTER 4. Governance

36650. Report by owners' association; Approval or modification by city council

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements, maintenance, and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.

(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.

(2) The improvements, maintenance, and activities to be provided for that fiscal year.

(3) An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year.

(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.

(5) The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.

(6) The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.

The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

36651. Designation of owners' association to provide improvements, maintenance, and activities

The management district plan may, but is not required to, state that an owners' association will provide the improvements, maintenance, and activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

CHAPTER 5. Renewal

36660. Renewal of district; Transfer or refund of remaining revenues; District term limit

(a) Any district previously established whose term has expired, or will expire, may be renewed by following the procedures for establishment as provided in this chapter.
(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.
(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

CHAPTER 6. Disestablishment

36670. Circumstances permitting disestablishment of district; Procedure

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:
(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.
(2) During the operation of the district, there shall be a 30-day period each year in which assessees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the district who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.
(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district

(a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district

is disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.
(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

APPENDIX 2 – ASSESSED BUSINESSES

Lodging Business Name	Lodging Business Address	City, State, ZIP

April 28, 2021

EXECUTIVE SUMMARY

This is the annual report for FY 2020/21 prepared on behalf of the participating hotel properties in Santa Clara's Tourism Improvement District (TID) and in collaboration with the newly formed Destination Marketing Organization (DMO) – Silicon Valley/Santa Clara DMO, Inc. on the use of revenues collected from the TID.

Background

The existing TID was formed in 2005 pursuant to the Parking and Business Improvement Law of 1989. City Council approved the establishment of the TID and the levy of a $1.00 assessment fee on each occupied hotel/motel room in the established district boundaries. The TID now includes 11 hotels near the Santa Clara Convention Center: AC Santa Clara (joined 2019), Avatar Hotel, Biltmore Hotel & Suites, Element (joined 2019), Embassy Suites, Hilton Santa Clara, Hyatt House, Hyatt Regency, Marriott Santa Clara, The Plaza Suites, and TownePlace Suites by Marriott.

- The intent of the TID is to serve as a vehicle of funding with the participating hotels self-assessing a fee in order to effectivity market Santa Clara as a convention and visitors' destination.
- The hotels began collecting the TID assessment on February 14, 2005
- Collection FY 2019/20: $718,616
- Forecasted Collection FY 2020/21: $150,000
- Estimated fund balance at year-end FY 2020/21: $1.40 million

Actual FY 2018/19	Actual FY 2019/20	Estimated FY 2020/21*	Forecasted FY 2021/22
$660,711	$718,616	$150,000	$610,936

*FY 2020/21 collections is an estimate based on collections through March 31, 2021; demonstrates the continued effects of COVID-19.

The TID Advisory Board, upon Council approval of a TID budget, currently directs the spending of the TID funds, in collaboration with the newly created DMO "Silicon Valley/Santa Clara DMO, Inc." (SVSC DMO). The SVSC DMO is the official designated Destination Marketing Organization for the City of Santa Clara. The attached report outlines the results for FY 2020/21.

The Honorable Mayor and City Council City of Santa Clara
1500 Warburton Ave
Santa Clara, CA 95050

April 28, 2021

CC:
Deanna J. Santana, City Manager
Ruth Mizobe Shikada, Assistant City Manager
Nancy Thome, Assistant to the City Manager
Kenn Lee, Director of Finance
City Clerks' Office

The following is a report on the Santa Clara Tourism Improvement District's (TID) FY 2020/21 activities and FY 2021/22 goals.

To support the newly formed Destination Marketing Organization (DMO) with selling and marketing Santa Clara to high impact convention center groups, the TID is now the primary funding source for the convention sales and marketing efforts.

There are currently 11 hotels in the TID. The hotels surround the Santa Clara Convention Center and include AC Santa Clara, Avatar Hotel (re-branding), Biltmore Hotel & Suites, Element, Embassy Suites, Hilton Santa Clara, Hyatt House, Hyatt Regency, Marriott Santa Clara, The Plaza Suites, and TownePlace Suites by Marriott. Each participating hotel is currently assessed $1.00 per occupied room night and is excited to have Council's support for the conversion process to establish the district under the Property and Business Improvement District Law of 1994. This conversion along with changing to a percent assessment, 1.5% of gross revenue with the possibility to increase to 2% of gross revenue in year two pending Council's approval, only strengthens the DMO's efforts to successfully market and sell Santa Clara as a destination and the Convention Center as a premier meetings venue. The new funding model will provide for increased funding to directly support sales, marketing, and promotional efforts with the goal of increasing hotel occupancy in the district, generating revenue for the Convention Center and driving overall spending into the local Santa Clara economy.

Below is a recap of FY 2020/21 year-to-date efforts through April 17, 2021.

Key Accomplishments

The current fiscal year has been dedicated to launching the newly formed DMO "Silicon Valley/Santa Clara DMO, Inc." including establishing nine (9) KPI's, systems of governance, establishing new policies, finalizing the most impactful marketing approach, hiring a sales contractor and administrative assistant to launch the sales efforts targeting high impact conventions, and, in collaboration with the TID hotels, Spectra, Levy and the City, proposing a FY 2021/22 Operating Budget that will help set the DMO up for future success.

The following are key accomplishments of FY 2020/21:

1. Established a highly functional Board of Directors with strategic representation and professional knowledge base.
2. Performed a risk assessment and identified and contracted for insurance coverage for the DMO operation.
3. Solicited, identified, and contracted accounting services for the DMO operation.

4. Contracted and implemented a Customer Relationship Management software platform for all of the group sales efforts including Spectra, Levy and the DMO. This also includes direct access and transparency for the TID Hotels.
5. Reconfirmed, through a hotel survey, the number of hotel rooms the TID hotels will allocate for conventions coming to Santa Clara. This will guide sales strategies as it relates to securing high impact conventions for the Santa Clara Convention Center and Santa Clara hotels.
6. Hired a President & CEO on November 16, 2020.
7. Developed a COVID-19 based strategy for securing conventions in the near term. This was developed in collaboration with the DMO, Spectra, Levy and the TID hotels. This will be followed, as we collectively navigate through the pandemic. This strategy sets the course for the DMO to selling the Santa Clara Convention Center for high impact conventions into the years ahead while the Spectra sales efforts focus on shorter lead time users.
8. Collaborated with above mentioned partners in the development of the DMO's FY 2020/21 Proposed Budget.
9. Developed an industry specific Profit and Loss (P&L) reporting format for the current operating year FY 2020/21.
10. Gathered support for the conversion of the district and the development of the TID Management District Plan which allowed the TID hotels to devise and "vote" for a future funding solution to properly fund the future marketing efforts of the newly formed DMO in support of the City of Santa Clara and Santa Clara Convention Center.
11. Developed Santa Clara focused position descriptions and recruitment strategies for proposed Sales Manager and Director of Sales positions in the upcoming year.
12. Initiated a bi-weekly sales meeting and reporting structure that integrates the activities of the DMO, Spectra (Center) and Levy (Food Service provider at the Center).
13. Initiated the development of a new customer focused high impact Convention Proposal Presentation for key decision makers.
14. Contracted and engaged with Destinations International, the nationally recognized DMO association, for support and use of a recognized economic impact reporting tool.
15. Evolved the DMO organizational chart to reflect a new approach to marketing with position-by-position descriptions to support a sustainable DMO operation into the future.
16. Conducted research and identified the new DMO naming standard "Discover Santa Clara" that aligns well with launching our new direction and reaching new audiences. We have initiated the official registration of this new name (wordmark/trademark).
17. Created an industry tradeshow calendar with a targeted list of client-based tradeshows to attend in the upcoming year. Participation in these shows will attract new prospective high-profile convention clients.
18. Developed new approaches to engage Levi's Stadium and California's Great America in the selling process to attract new, prospective convention business.
19. Developed an approach with a nationally recognized meetings search engine (CVENT) to raise awareness and uncover new business for Santa Clara as a meetings and convention destination.
20. Completed a targeted framework for future success in marketing Santa Clara as a meetings and convention destination to be utilized by a marketing firm. An RFP process was launched to identify a marketing firm with specific experience and knowledge in the convention and meetings industry.
21. Successfully launched efforts to identify new opportunities to attract high impact conventions and gain invaluable insight from clients on how we position our services and unique seamless approach to differentiate us from others.

This is the 16th year of operation for the TID and we are very energized over the direction that we have helped to develop. This direction emphasizes focus and accountability from the DMO in collaboration with Spectra, Levy, the City and the TID hotels. Our work over the past years has been successful in developing a highly competitive customer-focused model and we are pleased with the early results. Future years and the sustainability of this model will be highly dependent on the successful conversion of the TID including the proposed percent model funding structure.

Sincerely,

Eron Hodges
TID Advisory Board Chair
SVSC DMO Board Chair

A. DMO FY 2021/22 Proposed Budget

City of Santa Clara
The Center of What's Possible

City Manager's Office

Memorandum

Date: April 28, 2021

To: Silicon Valley/Santa Clara DMO, Inc. Board of Directors

From: Nancy Thome, Assistant to the City Manager

Subject: Silicon Valley/Santa Clara DMO, Inc. FY 2021/22 Proposed Budget (Revised)

This summary has been prepared for the Silicon Valley/Santa Clara DMO, Inc. Board of Directors to provide an overview of the FY 2021/22 proposed budget and the proposed changes from the current year adopted budget.

Background

The Silicon Valley/Santa Clara DMO, Inc. (DMO) is funded by the lodging business of the Santa Clara Tourism Improvement District (TID) pursuant to the Parking and Business Improvement Law of 1989. The existing TID was formed in 2005 and hotels located with the TID boundaries assess $1.00 from lodging guests for each occupied room night. The TID currently includes 11 hotels near the Santa Clara Convention Center: AC Hotel Santa Clara, Avatar Hotel, Biltmore Hotel & Suites, Element Santa Clara, Embassy Suites, Hilton Santa Clara, Hyatt House, Hyatt Regency, Marriott Santa Clara, The Plaza Suites, and TownePlace Suites by Marriott. TID funds are collected and maintained by the City. The City distributes funds to the TID/DMO exclusively for activities and costs related to the establishment of the DMO including but not limited to legal services, insurance, hiring staff and related administrative program costs. The diagram below demonstrates the approved governance structure and relationship between the City, TID and DMO.

The FY 2020/21 beginning TID fund balance was $1.66 million, and the current year adopted budget is $1,321,060. As of April 28, 2021, the DMO is approximately 21% expended and is estimated to be approximately 27% expended by the end of the fiscal year. Of the four positions included in the budget, only the CEO vacancy was filled (November 2020) and funds were expended as needed for costs related to legal, fiscal, IT and payroll, insurance, CEO salary and benefits, equipment, memberships, and office supplies, website maintenance and sales management software, and professional contract costs related to the TID conversion process (Civitas) and continued DMO organizational development (JLL). The FY 2020/21 year-end fund balance is estimated at $1.4 million.

Revenues for the FY 2021/22 were conservatively estimated at $610,936 as the economy begins to recover from the COVID-19 pandemic. Due to the unprecedented nature of the COVID-19 pandemic, this is an estimation based on available data and may be subject to change.

FY 2020/21 Estimated Fund Balance	FY 2021/22 Projected Revenue	FY 2021/22 Available Funds
$1,400,000	**$610,936**	**$2,010,936**

Budget Summary

The current year adopted budget includes funds for on-going operating expenditures and for one-time expenditures. One-time expenditures include: TID hotel reimbursements for FY 2018/19 for consultant costs related to the incorporation of Visit Santa Clara and updating its bylaws, start-up costs related to the purchase of computers and hardware, and contract services related to the TID conversion process. The current year adopted budget also includes four full-time equivalent (FTE) staff: 1.0 Chief Executive Officer, 1.0 Director of Sales, 1.0 Sales Manager and 1.0 Marketing Manager.

The proposed FY 2021/22 budget does not differentiate any one-time expenditures, includes the addition of 1.0 FTE and adjustments in personnel and non-personnel costs primarily due to identified need for administrative support and a realigned approach in engaging a marketing firm. The overall increase in the FY 2021/22 budget dollars from the current operating budget is $42,942.

Position	FY 2020/21 Adopted	FY 2021/22 Proposed	Change

The DMO budget is organized into five program areas: Convention Sales, Incentives & Services, Marketing & Communications, Administration, Contingency and City Administration.

Convention Sales, Incentives & Services

The Convention Sales, Incentives, and Services Program promotes sales activity for the booking of high-profile Convention Center events, generation of Convention Center revenue and increased room night sales from Convention Center attendees. The budget is dedicated to sales activities to attract new meetings, conventions, sporting, and other events that have a significant impact on the Center's fiscal performance and assessed lodging business room demand in the TID. This program also includes client incentives/subsidies to attract new marquee events and conventions that have not previously hosted an event at the Convention Center.

Budget Item	FY 2020/21 Adopted	FY 2021/22 Proposed	FY 2021/22 Variance
CONVENTION SALES, INCENTIVES & SERVICES			
Positions			
Director of Sales	1	1	0
Sales Manager	1	2	1
Personnel	**$325,000**	**$397,255**	**$72,255**
Salary	$152,500	$277,500	$125,000
Incentives	$97,500	$69,375	($28,125)
Benefits	$75,000	$27,060	($47,940)
Payroll Taxes	$ -	$22,000	$22,000
Other-Cell Phone Stipend	$-	$1,320	$1,320
Convention Sales, Incentives & Services Expenses	**$164,160**	**$155,698**	**($8,624)**
Memberships	$ -	$2,825	$2,825
Subscription Services	$2,500	$31,473	$28,973
Business Development	$64,160	$50,000	($14,160)
Conferences and Tradeshows	$25,000	$8,900	($16,100)
Support Services	$57,500	$42,500	($15,000)
Travel & Entertainment	$15,000	$20,000	$5,000
TOTAL	**$489,160**	**$552,953**	**$63,793**

Proposed Personnel budget changes:

- 1.0 Sales Manager was added to further support sales efforts and proposed sales performance targets.
- Salary budget per sales position was increased to provide a competitive industry wage and to reflect the additional Sales Manager position. Both Sales Manager positions will

begin July 1. The Director of Sales will not be brought on until October 2021 and is budgeted at 75% of proposed annual base salary.

- Incentives budget was reduced by $28k to help offset the increase in salary costs and will include a maximum payout of 25% of the employee base salary. A detailed sales performance plan will also be developed and approved by the Board prior to the adoption of an incentive plan and the expenditure of any incentive funds.
- Benefits budget was reduced by $48k as only health benefits are recognized. Payroll taxes and workers compensation are accounted for separately.
- $23k was added for Payroll Taxes and employee cell phone stipends.

Proposed Non-Personnel budget changes:

- $2,825 was added for six employee industry organization memberships: Professional Convention Management Association (PCMA), Meeting Professional International (MPI), and California Society of Association Executives (CalSAE).
- $31k was added to support CVENT marketing and lead generation subscription services. The CVENT subscription was approved by the Board on April 15th.
- Business Development (previously Client Incentives) budget was reduced by $14k. Business Development budget will be used per the established TID subsidy process for in the year for the year spending for business development and/or customer event support such as transportation.
- Conferences & Tradeshows budget was reduced by $16k. This budget will cover costs for registration, exhibitor/booth and set-up, shipping, etc. at five client-based association events: PCMA, MPI, CalSAE, and CONNECT as exhibitors and IMEX as a participant. Per the IMEX website, attendee registration is free of charge.
- Site Tours budget was reduced by $14k and is used for bringing potential clients to tour the Santa Clara, TID hotels and the Convention Center. Budget would cover costs related costs: local transportation, food and beverage, venue rental, etc.
- $5k was added to the Travel & Entertainment budget to support employee travel costs to attend the five conferences/tradeshows mentioned above: PCMA, MPI, CalSAE CONNECT and IMEX, and for sales trips. This includes airfare, hotel, per diem food costs, mileage, and client entertainment.

Marketing & Communication

The Marketing & Communication Program will promote Santa Clara, the Convention Center and the assessed lodging businesses as a convention, meeting, and event destination. The Program will have a central theme of promoting the destination as a desirable place for overnight meeting and convention attendees and will have the goal of increasing overnight visitation, Convention Center revenue, and room night sales at assessed lodging businesses,

Budget Item	FY 2020/21 Adopted	FY 2021/22 Proposed	FY 2021/22 Variance
MARKETING & COMMUNICATIONS			
Positions			
Marketing Manager	1	0	(1)
Personnel	**$90,000**	**$-**	**($90,000)**

Salary	$63,000	$-	($63,000)
Benefits	$27,000	$-	($27,000)
Marketing Expenses	**$110,000**	**$175,000**	**$65,000**
Contract Services	$60,000	$150,000	$90,000
Advertising & Promotions	$-	$25,000	$25,000
Website	$50,000	$-	($50,000)
TOTAL	**$200,000**	**$175,000**	**($25,000)**

Proposed Personnel budget changes:

- Elimination of 1.0 Marketing Manager position reducing Personnel budget by $90k. Funds were moved to non-personnel budget to support Contract Services for a Marketing firm.

Proposed Non-Personnel budget changes:

- Budget categories were restructured, and marketing services, branding and website development are included within the Contract Services budget.
- $90k from the elimination of 1 FTE was added to Contract Services.
- $25k budget was added for marketing collateral, give-away items, advertising, banners.

Administration

Administration provides management, coordination and support to all organizational services and functions. Administration is responsible for the general oversight and fiscal health of the organization and budget will be used to support CEO and administrative staffing costs, office costs, policy development, and other general administrative costs such as insurance, legal, accounting and IT.

Budget Item	FY 2020/21 Adopted	FY 2021/22 Proposed	FY 2021/22 Variance
ADMINSTRATION

Subscription Services	$-	$16,525	$16,525
TOTAL	**$504,900**	**$534,830**	**$29,930**

Proposed Personnel budget changes:

- Addition of 1.0 Administrative Assistant to provide full-time administrative support the organization increasing the Salary budget by $70k. The DMO currently contracts with a temp. agency for a part-time Administrative Assistant and has been determined as a much-needed support function for the organization.
- $5k was added to the CEO salary to reflect the current CEO salary.
- The CEO Incentive budget for FY 2021/22 was eliminated as a recognition of the challenges associated with COVID-19. The CEO position will continue focus on sales efforts and performance targets and the continued development of organization policies and processes. The Incentives budget will be re-evaluated for FY 2022/23. The Administrative Assistant does not earn incentive.
- Benefits budget was reduced by $61k as only health benefits are offered at this time.
- $23k was added for Payroll Taxes and employee cell phone stipends.

Proposed Non-Personnel budget changes:

- Contract Services includes budget for HR, fiscal, legal, payroll, professional, IT and audit services. Overall, the Payroll budget was reduced by $11k which helped to offset a $4k increase for legal and the addition of $60k for a new professional services contract with JLL. $5k was added to the Audit budget and moved from Operating Supplies to Contract Services.
- Operating supplies budget includes costs to purchase four new computers. In the current adopted budget, these costs were approved as one-time expenditures rather than included in the operating budget.
- $17k was added to Subscription Services for the DMO current Customer Relationship Management (CRM) system and Destination Internationals Event Impact Calculator.

Contingency

The DMO budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administrative or renewal costs at the discretion of the DMO Board. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund will be developed and set by the DMO Board. Contingency funds may be spent on unanticipated short-term district programs or administrative and renewal costs in such proportions as determined by the DMO Board and may be used for the costs of renewing the SCTID.

Budget Item	FY 2020/21 Adopted	FY 2021/22 Proposed	FY 2021/22 Variance
Contingency	**$50,000**	**$15,000**	**($35,000)**

City Administration

In FY 2021/22, the City of Santa Clara will be paid a fee equal to 2% of the amount of the assessment collected to cover its costs of collection and administration which may include but are not limited to: staffing costs, legal services, and operational costs for rent, telephone, supplies, postage, and other general office expenses.

Budget Item	FY 2020/21 Adopted	FY 2021/22 Proposed	FY 2021/22 Variance
City Administration Fee	**$3,000**	**$12,219**	**$9,219**

The proposed budgeted was calculated using the FY 2021/22 projected revenue amount of $610,936 as indicated in the SCTID Management District Plan. This amount will vary depending on the actual revenue received.

Santa Clara Convention Center Event Mix

FY 2021/22 (211 events)

FY 2022/23 (374 events)

[1] Priority 1 (P1) event – Large multi-day convention and/or conference that utilizes all venue space at the Convention Center, utilizes significant venue services such as food and beverage, audio-visual and information technology, and draws a substantial number of out of town visitors that stay in multiple Santa Clara hotels.

[2] Priority 2 (P2) event – Primarily large multi-day convention and/or conference that utilizes most of the venue space at the Convention Center, utilizes venue services such as food and beverage, audio-visual and information technology, and draws out of town visitor that stay in multiple Santa Clara hotels.

[3] A prospect is a potential customer who has been contacted and qualified by the sales team as having desirable criteria for an event in Santa Clara such as: size of event fits in the venue, there is a history of hotel needs that can be provided by Santa Clara hotels, and they have expressed interest in holding an event in Santa Clara.

[4] Economic impact is the amount of additional direct spending that occurs in the community by out of town and local attendees of events at the Convention Center. For example, when Convention Center event attendees come to Santa Clara, they create economic activity through spending on items such as hotels, restaurants, retail stores and visitor attractions.

REPORT TO COUNCIL

SUBJECT

Adopt a Resolution Approving the Proposed Charter Amendment to enact Council District elections and Introduction of an Ordinance Establishing District Boundaries to conduct By-District Elections in Santa Clara

COUNCIL PILLAR

Enhance Community Engagement and Transparency

BACKGROUND

A court order mandated that the City be divided into six City Council Districts through the November 2020 election and that only residents of each district vote for one Councilmember to represent them. While the Court ruling implemented district-based elections with six Council Districts and enjoined holding at-large elections of City Councilmembers, it did not amend the language of the City Charter, which currently states City Councilmembers are to be elected "at-large." The City has now entered into a Settlement Agreement with the plaintiffs in the *Yumori-Kaku* lawsuit which requires the City Council to adopt a resolution to place a measure on the ballot to amend the Charter to be in conformance with the six district election process ordered by the Court for the election of Councilmembers. The Settlement Agreement requires that the resolution proposing the ballot measure for the charter amendment measure be adopted by June 1, 2021.

At its May 4th meeting, Council considered alternatives that would be included in the Charter amendment and directed that staff bring back a resolution to approve a ballot measure in accordance with the Settlement Agreement.

DISCUSSION

1. Ballot Measure

The attachment shows the changes to the current Charter language that would be made in order to eliminate language to the current at-large by-numbered seat system and to clearly indicate the requirement to hold Council District elections for the election of members of the City Council and to have an at-large election of the Mayor.

The proposed charter amendment would include the following language:

Sec. 700.1 Elections - City Council Districts.

Members of the City Council, excepting the Mayor, shall be elected by district.
For the election to be held in November 2022 and each election thereafter, there shall be 6

(six) districts as such districts are designated on that certain map adopted by judgment of the Superior Court dated July 24, 2018, as set forth in Resolution No. 18-8585 of the City Council, as the boundaries of such districts shall be amended through a redistricting process following each decennial United States Census. Council District elections shall be conducted as follows:

a. Each District shall be represented by one (1) Council Member.

b. In the election to be held in November 2022 and in each Council District election held thereafter the Council District elections shall be conducted as follows:

1. the voters of Districts 2 shall nominate and elect one (1) Council Member for a four-year term; and

2. the voters of District 3 shall nominate and elect one (1) Council Member for a four-year term.

c. In the election to be held in November 2024 and in each Council District election held thereafter the Council District elections shall be conducted as follows:

1. the voters of District 1 shall nominate and elect one (1) Council Member for a four-year term;

2. the voters of District 4 shall nominate and elect one (1) Council Member for a four-year term; and

3. the voters of District 5 shall nominate and elect one (1) Council Member for a four-year term.

4. the voters of District 6 shall nominate and elect one (1) Council Member for a four-year term.

On May 4, 2021 Council also approved including a 30-day residency requirement prior to the filing deadline for all candidates for elected office. The proposed Ballot Language is as follows:

No person shall be eligible to hold the elective office of Mayor, Chief of the Police Department or City Clerk, unless he or she is a resident and a qualified registered elector of the City. No person shall be eligible to hold the elective office of City Council Member, excepting the Mayor, unless he or she is a qualified registered elector of the City and a resident in the district represented by the Council Member office.

In order to hold the elective office of Mayor, Chief of the Police Department or City Clerk a person must have been a resident of the City of Santa Clara for at least thirty (30) days immediately preceding the last day specified by law for the filing of nomination papers with the City Clerk for such office or, if appointed, preceding the date of the person's appointment to fill a vacancy.

In order to hold the elective office of Council Member, excepting the Mayor, a person must have been a resident of the City of Santa Clara and of the District represented by the

person as a Council Member for at least thirty (30) days immediately preceding the last day specified by law for the filing of nomination papers with the City Clerk for such office or, if appointed, preceding the date of the person's appointment to fill a vacancy.

2. Map Ordinance

As a result of a court order issued in July 2018, the City adopted the City Council District map, Resolution 18-8585, defining the six districts within Santa Clara for the 2018 and 2020 City elections. However, this resolution did not extend the use of the map beyond 2020. In addition, every ten years, after the U.S. Census is conducted, city council district lines must be reviewed and possibly adjusted to ensure each council district contains the same number of residents. The adoption of this ordinance will allow for the City to use this map for elections beyond 2020 and allow the City to proceed with the redistricting process.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

The City Clerk's office has requested a cost estimate for placing a ballot measure on the primary June 2022 election from the Registrar of Voters office (ROV). The ROV has not gotten back to the city and estimates a response within six weeks. There are a few factors the ROV takes into consideration when calculating the cost (i.e. how many other cities are having an election and how many other ballot measures there will be) At this time staff can only estimate the cost to be between $108,831 and $200,000 based on prior ballot measures.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

Staff recommends:

1. Adopt Resolution directing the City Clerk to bring back a resolution to call for a Special Municipal Election on June 7, 2022 for the purpose of placing one measure on the ballot that, if passed, would amend the Santa Clara City Charter sections 600, 700.1 and 700.2, as set forth in Exhibit A, in accordance with the requirements of section 10403 of the California Elections Code; and
2. Approve introduction of an Ordinance for the Council District Boundary Map for Councilmember elections as the map to be used for elections beyond 2020,subject to changes required by the redistricting process.

Approved by: Hosam Haggag, City Clerk
Brian Doyle, City Attorney

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA, CALLING FOR THE PLACEMENT OF ONE BALLOT MEASURE THAT, IF PASSED, WOULD AMEND SECTIONS 600 and 700.1 OF THE SANTA CLARA CITY CHARTER AT THE NEXT STATEWIDE DIRECT PRIMARY ELECTION

BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, on December 5, 2017, the certain Santa Clara voters (Plaintiffs) filed a Complaint against the City in the Santa Clara County Superior Court (Complaint);

WHEREAS, on December 27, 2017, the Plaintiffs filed an Amended Complaint against the City in the Santa Clara County Superior Court (Amended Complaint);

WHEREAS, the Amended Complaint alleged, among other things, that the City's method of electing Councilmembers violated the California Voting Rights Act (CVRA);

WHEREAS, the Liability Phase of the trial was held between April 23, 2018, and April 26, 2018, and the Superior Court, Hon. Thomas E. Kuhnle, presiding, issued a decision dated June 6, 2018, finding the City's election system in violation of the CVRA;

WHEREAS, the Remedies Phase of the trial was held between July 18, 2018, and July 20, 2018, after which Judgment was entered on July 24, 2018 in favor of the Plaintiffs;

WHEREAS, the Judgment enjoined the City and the Registrar of Voters from holding at-large elections for any City Council members, other than the position of Mayor, and ordered that Council Members be elected by district under the map ordered by the Court;

WHEREAS, the Court retained jurisdiction over the parties and the action pursuant to California Code of Civil Procedure section 664.6;

WHEREAS, the City filed a Notice of Appeal on August 15, 2018;

WHEREAS, following briefing and oral argument the Court of Appeal rendered its decision on December 30, 2021, affirming the Amended Judgment of the Superior Court, and the Remittitur issued on March 2, 2021;

//

WHEREAS, Plaintiffs and the City acknowledged that the 2018 and 2020 City Council elections were conducted in accordance with the provisions of the Judgment;

WHEREAS, on April 21, 2021, the Plaintiffs and the City entered into a Settlement Agreement in which the City agreed that on or before June 1, 2021, the City Council, shall enact a resolution calling an election to seek voter approval of an amendment to the City Charter that shall require the election of all City Council members, except the Mayor, from single-member districts with a requirement that candidates reside within their respective districts in accordance with the Judgment. The election system included in the proposed Charter Amendment shall in all respects comply with applicable governing provisions of State law;

WHEREAS, in accordance with the terms of the Settlement Agreement the City Council desires to require the placement of a ballot measure that, if passed, would amend Charter Sections 600 and 700.1 of the Santa Clara City Charter;

WHEREAS, pursuant to the requirements of the City Charter, the City is required to call and order to be held in the City of Santa Clara, California a special municipal election placing the ballot measure on the ballot;

WHEREAS, pursuant to California Elections Code section 1201, the next Statewide Direct Primary election will be held on June 7, 2022; and,

WHEREAS, in accordance with Elections Code Section 1415 the City can only call for a Special Municipal Election with the Statewide general or primary election occurring not less than 88 days after the order of the election for a charter proposal that proposes to amend a charter related to federal or state voting rights laws.

//

//

//

//

NOW THEREFORE, BE IT FURTHER RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That the City Council hereby proposes to amend Santa Clara City Charter Sections 600 and 700.1, as set forth in Exhibit A, attached hereto and incorporated herein by reference (with additions to and deletions from the current text indicated thereon); and the City Council hereby approves and orders the proposed measure to be submitted to the qualified electors of the City of Santa Clara at a special municipal election on June 7, 2022. If the measure is approved by a majority of voters, City Charter Sections 600 and 700.1 shall be amended, as set forth in the measure, and the amendment shall be effective on the date that the City Council declares the results of the special municipal election.

2. That in accordance with Elections Code sections 13247 and 9051, and in order to submit the proposed measure described herein to the voters, the City Council hereby approves and orders the following ballot question to be submitted to the qualified electors of the City of Santa Clara at the special municipal election on June 7, 2022:

Measure 1

DISTRICT COUNCIL ELECTIONS. Shall the City Charter be amended to elect city council members by district, excepting the mayor, to establish six districts for the election of one council member to represent each district; and to establish a 30-day residency requirement for all elected officials?	Yes	
	No	

//

//

//

//

//

//

3. The City Clerk is directed to place a resolution on a City Council agenda not less than 88 days prior to the statewide primary election, requesting that the Board of Supervisors of the County of Santa Clara consent and agree to the consolidation of a Special Municipal Election with the Statewide Direct Primary Election on Tuesday, June 7, 2022, for the purpose of placing the measure approved in this resolution on the ballot in accordance with the requirements of section 10403 of the California Elections Code,

4. Effective date. This resolution shall become effective immediately.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE ___ DAY OF ____ 2021, BY THE FOLLOWING VOTE:

AYES: COUNCILORS:

NOES: COUNCILORS:

ABSENT: COUNCILORS:

ABSTAINED: COUNCILORS:

1. Exhibit A

EXHIBIT A

The Charter of the City of Santa Clara shall be amended as follows:

Section 600 of the Charter of the City of Santa Clara is amended to be entitled and to read as follows:

Sec. 600 City elected officers.

No person shall be eligible to hold ~~any~~ the elective office ~~in the City including~~ of Mayor~~,~~ ~~City Council~~, ~~or~~ Chief of the Police Department ~~and~~ or City Clerk, unless he or she is a resident and a qualified registered elector of the City. No person shall be eligible to hold the elective office of City Council Member, excepting the Mayor, unless he or she is a qualified registered elector of the City and a resident in the district represented by the Council Member office.

In order to hold the elective office of Mayor, Chief of the Police Department or City Clerk a person must have been a resident of the City of Santa Clara for at least thirty (30) days immediately preceding the last day specified by law for the filing of nomination papers with the City Clerk for such office or, if appointed, preceding the date of the person's appointment to fill a vacancy.

In order to hold the elective office of Council Member, excepting the Mayor, a person must have been a resident of the City of Santa Clara and of the District represented by the person as a Council Member for at least thirty (30) days immediately preceding the last day specified by law for the filing of nomination papers with the City Clerk for such office or, if appointed, preceding the date of the person's appointment to fill a vacancy.

The elective officers of the City shall consist of a City Council composed of seven members, the Chief of the Police Department and the City Clerk. The ~~members of the City Council, (which includes the office of the~~ Mayor~~)~~ and the Chief of the Police Department and the City Clerk shall be elected from the City at large at the times and in the manner provided in this Charter. Except as otherwise herein provided, a person elected to an office for other than an unexpired term shall serve a term of four years and shall serve until a successor is elected and qualified. The term shall commence on the date the City Council certifies the canvass of the election returns submitted to it by the County Registrar of Voters.

The person receiving the most votes cast for a particular City office shall be declared duly elected. Ties shall be broken as provided from time to time by ordinance.

The office of Mayor shall be separately voted upon and is a separate office. The person elected at any election to the office designated "Mayor" shall be deemed elected, both as a Mayor and as a member of the Council. Although the Mayor is a Council member, his or her election does not change the number of Council members from seven.

No person shall be a candidate for both Mayor and a City Council office ~~seat~~ at the same election. However, an incumbent member of the City Council may run for the elective office of Mayor, and the Mayor may run for the separate office of Mayor or other City Council office. However, at no time shall a member of the Council, including the Mayor, hold more than one City elective office. Except as otherwise provided elsewhere in this Charter, no incumbent member of the City Council while serving in such office with an unexpired term of more than six months shall be a candidate for any ~~numbered~~ Council office ~~seat~~ other than the one which he or she holds.

Section 700.1 of the Charter of the City of Santa Clara is amended to be entitled and to read as follows:

~~Sec. 700.1 Elections – Designation of seats.~~

~~For purposes of City Council elections, each Council office shall be designated by an appropriate descriptive designation, as follows: The Council seat which on the effective date of this Section is occupied by the Mayor shall continue to be designated as "Mayor"; each of the other six seats, respectively, shall be designated as "Council Member Seat No. 2," "Council Member Seat No. 3," "Council Member Seat No. 4," "Council Member Seat No. 5," "Council Member Seat No. 6" and "Council Member Seat No. 7" respectively, and shall continue to be designated by the respective designation. The designation so given to each such office shall thereafter be used in all election, nomination papers, certificates of election, and other election papers pertaining or referring to such office, and to designate incumbency in such office.~~

Sec. 700.1 Elections – City Council Districts.

Members of the City Council, excepting the Mayor, shall be elected by district.

For the election to be held in November 2022 and each election thereafter, there shall be 6 (six) districts as such districts are designated on that certain map adopted by judgment of the Superior Court dated July 24, 2018, as set forth in Resolution No. 18-8585 of the City Council, as the boundaries of such districts shall be amended through a redistricting process following each decennial United States Census.

Council District elections shall be conducted as follows:

a. Each District shall be represented by one (1) Council Member.

b. In the election to be held in November 2022 and in each Council District election held thereafter the Council District elections shall be conducted as follows:

1. the voters of Districts 2 shall nominate and elect one (1) Council Member for a four-year term; and

2. the voters of District 3 shall nominate and elect one (1) Council Member for a four-year term.

c. In the election to be held in November 2024 and in each Council District election held thereafter the Council District elections shall be conducted as follows:

1. the voters of District 1 shall nominate and elect one (1) Council Member for a four-year term;

2. the voters of District 4 shall nominate and elect one (1) Council Member for a four-year term; and

3. the voters of District 5 shall nominate and elect one (1) Council Member for a four-year term.

4. the voters of District 6 shall nominate and elect one (1) Council Member for a four-year term.

RESOLUTION NO. 18-8585

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA CALLING A GENERAL MUNICIPAL ELECTION TO BE HELD ON TUESDAY, NOVEMBER 6, 2018, FOR THE ELECTION OF TWO CITY COUNCIL MEMBERS AND MAYOR AND REQUESTING THAT THE BOARD OF SUPERVISORS OF THE COUNTY OF SANTA CLARA CONSOLIDATE A GENERAL MUNICIPAL ELECTION WITH THE STATEWIDE GENERAL ELECTION TO BE HELD ON NOVEMBER 6, 2018

BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, on July 24, 2018, Judge Thomas E. Kuhnle of Santa Clara County Superior Court issued an "Amended Statement of Decision: Remedies Phase of Trial; Judgment" in a lawsuit filed against the City under the California Voting Rights Act (CVRA);

WHEREAS, in its Amended Statement of Decision dated July 24, 2018 in *Yumori-Kaku et al. v. City of Santa Clara*, Santa Clara County Superior Court Case No. 17CV319862, a copy of which is attached hereto as Attachment 1, the Superior Court of the State of California for the County of Santa Clara ordered the City to adopt district-based elections based on the lines shown on Draft Plan 3, a copy of which is attached hereto as Attachment 2, that was submitted by the City, and ordered the Santa Clara County Registrar of Voters to immediately begin implementing district-based elections for the November 2018 election;

WHEREAS, the Court ordered, further, that elections be held for each district in the following sequence: Mayor and Districts Two and Three up in November 2018 and Districts One, Four, Five and Six in November 2020. The Mayor shall continue to be elected at-large pursuant to the Court's Order and City Charter section 600;

WHEREAS, the City and the Registrar of Voters are obligated to conduct the elections consistent with the Court's orders and, therefore, the City hereby calls a general municipal election for Districts Two and Three, and the Mayor, for the election on November 6, 2018.

NOW THEREFORE, BE IT FURTHER RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That pursuant to the requirements of the Amended Statement of Decision, there is called to be held, on Tuesday, November 6, 2018, a General Municipal Election in the City of Santa Clara for the purpose of electing the following officers of the City of Santa Clara: Council Member, District 2; Council Member, District 3; and Mayor.

2. That in accordance with Section 700 of the City Charter and Section 12101 of the California Elections Code, the Acting City Clerk is hereby directed on behalf of the City Council to cause notice of the time and place of the holding of the election to be published in an official newspaper of the City in the time, form and manner as required by law.

3. That in accordance with the provisions of California Elections Code Sections 10403, the Board of Supervisors of the County of Santa Clara is hereby requested to consent and agree to the consolidation of a General Municipal Election with the Statewide General Election to be held on Tuesday, November 6, 2018, to elect two members of the City Council (Council Member, District 2 and Council Member, District 3) and the Mayor each for a four-year term of office and that the election will be held and conducted in accordance with the provisions of law regulating the statewide election, and the Amended Statement of Decision .

4. That the consolidated election shall be held and conducted, the election officers appointed, the voting precincts designated, the returns canvasses, and all other applicable proceedings to be performed in connection with the above consolidated election, be regulated and performed by the Registrar of Voters of the County of Santa Clara in accordance with the provisions of applicable laws regulating consolidating elections and the Amended Statement of Decision. The City Council consents to such consolidation.

5. The Registrar of Voters is authorized to canvass the returns of the General Municipal Election. The election shall be held in all respects as if there were only one election, and only one form of ballot shall be used.

6. The Board of Supervisors is requested to issue instructions to the Registrar of Voters to take any and all steps necessary for the holding of the consolidated election.

7. The City of Santa Clara recognizes that additional costs will be incurred by the County by reason of this consolidation and agrees to reimburse the County for any costs, provided that no payment shall be made for services that the Registrar of Voters is otherwise required by law to perform.

8. The Acting City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the Registrar of Voters.

9. The Acting City Clerk shall certify the passage and adoption of this resolution and enter it into the book of original resolutions.

10. This Resolution supersedes Resolution No. 18-8558 and Resolution No. 18-8559 in their entirety.

11. Effective date. This resolution shall become effective immediately.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A SPECIAL MEETING THEREOF HELD ON THE 7th DAY OF AUGUST, 2018, BY THE FOLLOWING VOTE:

AYES:	COUNCILORS:	Davis, Kolstad, Mahan, O'Neill, and Watanabe and Mayor Gillmor
NOES:	COUNCILORS:	None

SUPERIOR COURT OF CALIFORNIA

COUNTY OF SANTA CLARA

LADONNA YUMORI KAKU et al., Plaintiffs, vs. CITY OF SANTA CLARA, and DOES 1 to 50, Defendants.	Case No. 17CV319862 **AMENDED STATEMENT OF DECISION RE: REMEDIES PHASE OF TRIAL; JUDGMENT**

Plaintiffs allege the at-large method of election used by defendant City of Santa Clara ("City") violates the California Voting Rights Act ("CVRA"). In the liability phase of trial the Court found that Plaintiffs proved by a preponderance of the evidence that the at-large method of election used by the City impairs the ability of Asians to elect candidates as a result of the dilution and abridgment of their rights as voters. Having found the City liable under the CVRA, "the court shall implement appropriate remedies, including the imposition of district-based elections that are tailored to remedy the violation." (Elec. Code § 14029.) On July 18-20, 2018, the remedies phase was tried before the Honorable Thomas E. Kuhnle without a jury.

I. PROCEDURAL ISSUES

As directed by the CVRA, this action was tried in two phases – liability and remedies. In their pretrial submissions, both sides stated that additional proceedings may be necessary to

address implementation issues. Consequently, both sides stipulated that the Court would have continuing jurisdiction in case later disputes arise.[1] In addition, for the remedies phase both sides stipulated that the reference to "eight hours" in Rule 3.1590(n) of the California Rules of Court would be changed to "twelve hours"; that a request for a statement of decision would be deemed made; and that the statement of decision could be issued in writing immediately following the completion of trial. Total trial time turned out to be about ten hours.

Plaintiffs filed a motion seeking that the Santa Clara County Registrar of Voters be joined as a necessary party pursuant to Code of Civil Procedure section 389(a)(1). That statute provides that "[a] person who is subject to service of process and whose joinder will not deprive the court of jurisdiction over the subject matter of the action shall be joined as a party in the action if in his absence complete relief cannot be accorded among those already parties." The Registrar of Voters, Shannon Bushey, was present in the courtroom and was represented by counsel. Counsel agreed on behalf of her client that the Registrar of Voters could be joined as a necessary party, subject to certain conditions. A stipulation and order joining the Registrar of Voters as a necessary party was signed by the Court on July 20, 2018.

II. EVIDENCE PRESENTED AT TRIAL

Plaintiffs presented four witnesses: Wesley Kazuo Mukoyama, Dr. Jose Moreno, Shannon Bushey, and David Ely. Defendants presented one witness: Dr. Jeanne Gobalet. Mr. Ely and Dr. Gobalet were tendered as experts without objection. While the Court's analysis of the controverted issues is based on all of the evidence presented at trial, key evidence is highlighted below.

A. Fact Witness Testimony

1. Wesley Kazuo Mukoyama

Mr. Mukoyama is one of the plaintiffs in this action. He has lived in the City for more than four decades. He is Asian. Mr. Mukoyama testified that at no time while he has resided in the City has an Asian be elected or appointed to the City Council. In addition, he testified that

[1] Initially the parties agreed to trifurcate the proceedings. Later in trial the agreement was modified to allow for continuing jurisdiction.

candidates for City Council rarely, if ever, knock on his door or call him or otherwise seek his input on matters concerning the City. Mr. Mukoyama is in favor of Plaintiffs' proposal to adopt seven districts within which City Council members would be elected.

2. Dr. Jose Moreno

Dr. Moreno, a Latino, is currently serving on the Anaheim City Council, where he is the mayor pro tem. Dr. Moreno participated in a lawsuit, which was filed in 2012, that alleged Anaheim's at-large election system violated the CVRA. He ran for an at-large seat on the City Council in 2014 and lost. Anaheim settled the CVRA lawsuit and adopted a system with an at-large mayor and individual council member districts. Dr. Moreno was elected to represent District 3 in central-north Anaheim in 2016.

Dr. Moreno testified about the benefits of district-based elections. He testified that prior to 2016 many city council members lived in the Anaheim hills, while few lived in the western parts of Anaheim. He testified that only three Latino candidates had ever been elected to the Anaheim city council. He also testified that at-large campaigns were costly, and that most candidates had to focus on "high propensity" voters – voters who are most likely to turn out on election day – and pay much less attention to other voters. In his district campaign in 2016 Dr. Moreno testified that he knocked on the doors of nearly all district residents; that he was able engage all voters and not just high-propensity voters; that voters in his district appeared to be more energized; and that he believed that district-based elections will allow council members to address the needs of all residents.

3. Shannon Bushey

Ms. Bushey is the Santa Clara County Registrar of Voters. She testified in great detail about the steps the Registrar of Voters must take to provide timely and accurate voting materials to the cities it serves. Based on her long-time employment in the Registrar of Voters's office, including serving as the Registrar of Voters since 2013, she discussed an almost day-to-day timetable for the tasks that lead up to the November 2018 election. Ms. Bushey testified that her office could provide timely and accurate election materials to voters in the City – even with newly formed districts – as long as district-based information was provided by July 23, 2018. In

particular, she testified that she needed district-specific geographic information system ("GIS") data, accessor parcel numbers and addresses.

Ms. Bushey also testified that ranked-choice-voting that has been previously proposed by the City cannot be implemented without the Secretary of State approving the voting technology, which may take six to eighteen months.[2]

Ms. Bushey discussed the importance, in all elections, of cooperation between the City and the Registrar of Voters. In this regard she described a significant number of tasks on which the City and the Registrar of Voters must work together.

During the City's cross-examination, Ms. Bushey testified that sometimes mistakes happen. She was asked questions about events related to recent elections, including materials printed by a vendor that omitted portions of a candidate statement. Ms. Bushey was asked if district-based elections are more complicated, and thus might lead to more errors. She agreed that district-based elections are more complicated and require more work, but in her experience they do not necessarily lead to more errors.

B. Expert Testimony

1. David Ely

Mr. Ely testified for the Plaintiffs. He is an expert demographer with decades of experience working for cities and various districts, and attorneys in litigation, to draw district boundaries. He is familiar with the requirements of the CVRA and the federal Voting Rights Act ("FVRA").

In preparing his proposed district maps for the City, Mr. Ely testified that he began by collecting, organizing and reviewing data from the 2010 census. He also reviewed data generated through the Census Bureau's American Community Survey ("ACS"), State of California ethnicity reports, voter turnout reports, actual voting data, Google maps, Google

---

[2] The Court permitted FairVote to file a pretrial *amicus* brief on the disputed issues. FairVote argued that the Court should adopt multi-member districts and order a single non-transferable voting process be used. Neither party advocated in favor of a map with multi-member districts. Exhibit 68, which showed prior voting patterns in one election, also suggested a north/south division of the City for multi-member districts could be divisive.

Earth, and detailed City maps. In addition, Mr. Ely drove around the City and met with residents.

Mr. Ely testified that in drawing the districts he sought to bring together residents with similar community interests. He examined major thoroughfares to determine if they divide or pull together local residents; he examined housing stock to assess socio-economic conditions; he identified City infrastructure such as parks, libraries and schools; and he reviewed materials prepared by the City's expert, Dr. Gobalet, and compilations of City resident comments about voting methods and processes, including their views on at-large voting and district voting.

To address the remedial requirements of the CVRA and the FVRA, Mr. Ely took into account the distribution and concentrations of Asian, Latino, black and white residents.[3] These data includes the percent of citizens who can vote, which is referred to as the Citizen Voting Age Population ("CVAP").

Based on all of this information, Mr. Ely presented four maps – two showing seven districts (Exhibits 54 & 55), and two showing six districts (Exhibits 69 & 70). For each map Mr. Ely calculated numerous statistics, including CVAP percentages, by district, for each Census classification.

Mr. Ely assured the Court he could provide GIS data, assessor parcel numbers, and addresses for each district by the July 23, 2018 deadline prescribed by Ms. Bushey.

2. Jeanne Gobalet, Ph.D.

Dr. Gobalet testified for the City. She is an expert demographer with decades of experience. She has worked as a consultant for the City since 2011.

The focus of Dr. Gobalet's testimony was on the City's "Draft Plan 3" which was shown on page 6 of Exhibit 60. This map reflected Dr. Gobalet's knowledge of, and experience in, the City. Her high-level approach was create districts that reflected City neighborhoods and other communities with common interests. Like Mr. Ely, she started by identifying obvious dividing

---

[3] The CVRA and FVRA rely on United States Census data. Those data recognizes six racial categories: White American, Black or African American, American Indian and Alaska Native, Asian, Native Hawaiian and Other Pacific Islander. It also classifies Americans as "Hispanic or Latino" and "Not Hispanic or Latino," which identifies Hispanic and Latino Americans as an ethnicity (not a race) distinct from others.

lines such as thoroughfares, railroad tracks, and creeks. She then identified neighborhoods in numerous ways, including taking into account information from "Nextdoor" – a social network for neighborhood communities. Dr. Gobalet also took into account information from community members who have spoken at public meetings that she has attended for many years.

Dr. Gobalet testified that Draft Plan 3 was presented at recent public meetings that were held in conformity with the requirements of Elections Code section 10010. Consistent with the purpose of that statute, Draft Plan 3 was slightly modified as a result of public comments. Dr. Gobalet testified that the City's Ad-Hoc Districting Advisory Committee, which has a mandate of determining which voting maps to recommend to the City Council, concluded that Draft Plan 3 was the best alternative. Dr. Gobalet calculated numerous statistics for Draft Plan 3, including CVAP percentages.

III. DISCUSSION

A. Legal Requirements for Selecting a Remedy

CVRA remedies must address the dilution and abridgment of voting rights. It directs courts "to implement appropriate remedies, including the imposition of district-based elections, that are tailored to remedy the violation." (Elec. Code § 14029.) "District-based elections," in turn, "mean a method of electing members to the governing body of a political subdivision in which the candidate must reside within an election district that is a divisible part of the political subdivision and is elected only by voters residing within that election district." (*Id.* § 14026(b).)

Remedies must address election practices that impair the ability of members of a protected class to elect candidates of their choice and their ability to influence the outcome of an election. (Elec. Code § 14027.) Remedies may take into account "that members of a protected class are not geographically compact or concentrated." (*Id.* § 14028(c).) Lines drawn to form voting districts may also take into account "(a) topography, (b) geography, (c) cohesiveness, contiguity, integrity, and compactness of territory, and (d) community of interests of the council districts." (Gov't Code § 34884; Elec. Code § 21601.) Federal law states that districts cannot be drawn with race as a predominate factor. (See, e.g., *Miller v. Johnson* (U.S. Supreme Ct. 1995) 515 U.S. 900, 917-19.)

B. The District Lines Shown in Draft Plan 3 Properly Remedy the CVRA Violations

Based on the evidence presented at trial, the Court finds the adoption of district-based elections based on the district lines shown in Draft Plan 3 will adequately remediate the City's violations of the CVRA and best serve its residents. This conclusion is based on numerous considerations, though four stand out.

First, the districts drawn in Draft Plan 3 reflect communities of interest, topography, geography and integrity. Dr. Gobalet described at trial her process of identifying neighborhoods, and then drawing district lines around them using significant geographic features.

Second, the statistics generated for Draft Plan 3 indicate it will remedy the dilution and abridgment of voting rights of Asians who reside in the City. The Asian CVAP percentage for District One is 51%. This is a proper remedy under both the CVRA and the FVRA. The lines drawn for District Two also enhance the voting power of Latino voters. The Latino CVAP percentage in that district is 27%, which allows for greater voting influence, including the possibility of forming voting coalitions to elect preferred candidates.[4]

Third, the City is a charter city that currently elects an at-large mayor. Draft Plan 3 results in having six district-based elections for city council members, plus an at-large election for the mayor who has now, and will continue to have, the same powers as city council members.[5] The Court was initially concerned that having an at-large mayor would not provide remediation to the extent required under the CVRA, which can trump charter city rights. (*Jauregui v. City of Palmdale* (2014) 226 Cal.App.4th 781, 802.) But the Court is also sensitive to the rights of people in California to form charter cities, and the greater degree of autonomy charter cities provide. At trial, counsel for the City made an important point. He acknowledged the Court's view that eliminating the at-large mayor would provide additional CVRA

---

[4] It should be noted that after the 2020 federal census the City will need to consider modifications to the district boundaries. (Elec. Code § 21601.)

[5] At present the mayor has several non-substantive powers that are different than City Council members. Section 704 of the City Charter provides that "[t]he Mayor shall be the presiding officer. The Mayor shall have a voice and vote in all its proceedings. He/she shall be the official head of the City for all ceremonial purposes." Section 704.3 sets forth other powers of the mayor, such as presiding over the council meetings and making "recommendations to the City Council on matters of policy and programs."

remediation. But he noted that Draft Plan 3 provides sufficient remediation to comply with law even with a mayor elected by the entire City electorate. That fact, combined with the comments made at public meetings that expressed a preference for an at-large mayor, caused the Court to conclude that all City voters should continue to elect the City's mayor.

Fourth, the Court recognizes the risk of implementing a new voting method relatively close to the November 2018 elections. Throughout this case the Court has carefully balanced the need to address the dilution and abridgement of voting rights on the one hand, and the need to ensure the election process is not compromised. Both sides have worked diligently to resolve the contested issues, including working with the Registrar of Voters to ensure a remedy can be timely implemented. At the remedies trial three promises were made. The Registrar of Voters said the election will run smoothly as long as the GIS, assessor parcel number, and address information is provided by July 23, 2018. Both sides said their teams could provide the data for their maps by that deadline. And the City promised to cooperate with the Registrar of Voters to make sure all subsequent voting deadlines are met. Based on those promises, the Court has every reason to believe this decision can be successfully implemented for the November 2018 elections.

It should be noted that the Court has considered Elections Code section 12262, which states that precinct boundaries cannot be changed less than 125 days before an election.[6] The Court believes Draft Plan 3 does not violate that statute. But even if it did, in balancing the hardships the Court would find the actions necessary to remedy the CVRA violations are so fundamental that a procedural statute should not stand in the way of implementing Draft Plan 3. In part this is because if an appropriate remedy is not implemented for the November 2018 elections, those elections would be jeopardized. (*Jauregui v. City of Palmdale* (2014) 226 Cal.App.4th 781, 791 [the certification of city council election results was enjoined based on CVRA violations].)

---

[6] The Article that includes Election Code sections 12260-62 is titled "Precinct Boundary Changes." Section 12262 uses the undefined phrase "jurisdictional boundaries." The Court finds that the phrase "jurisdictional boundaries" refers to precinct boundary changes as indicated in the title of the Article within which section 12262 appears.

IV. THE REMEDIES PHASE DISPOSITION

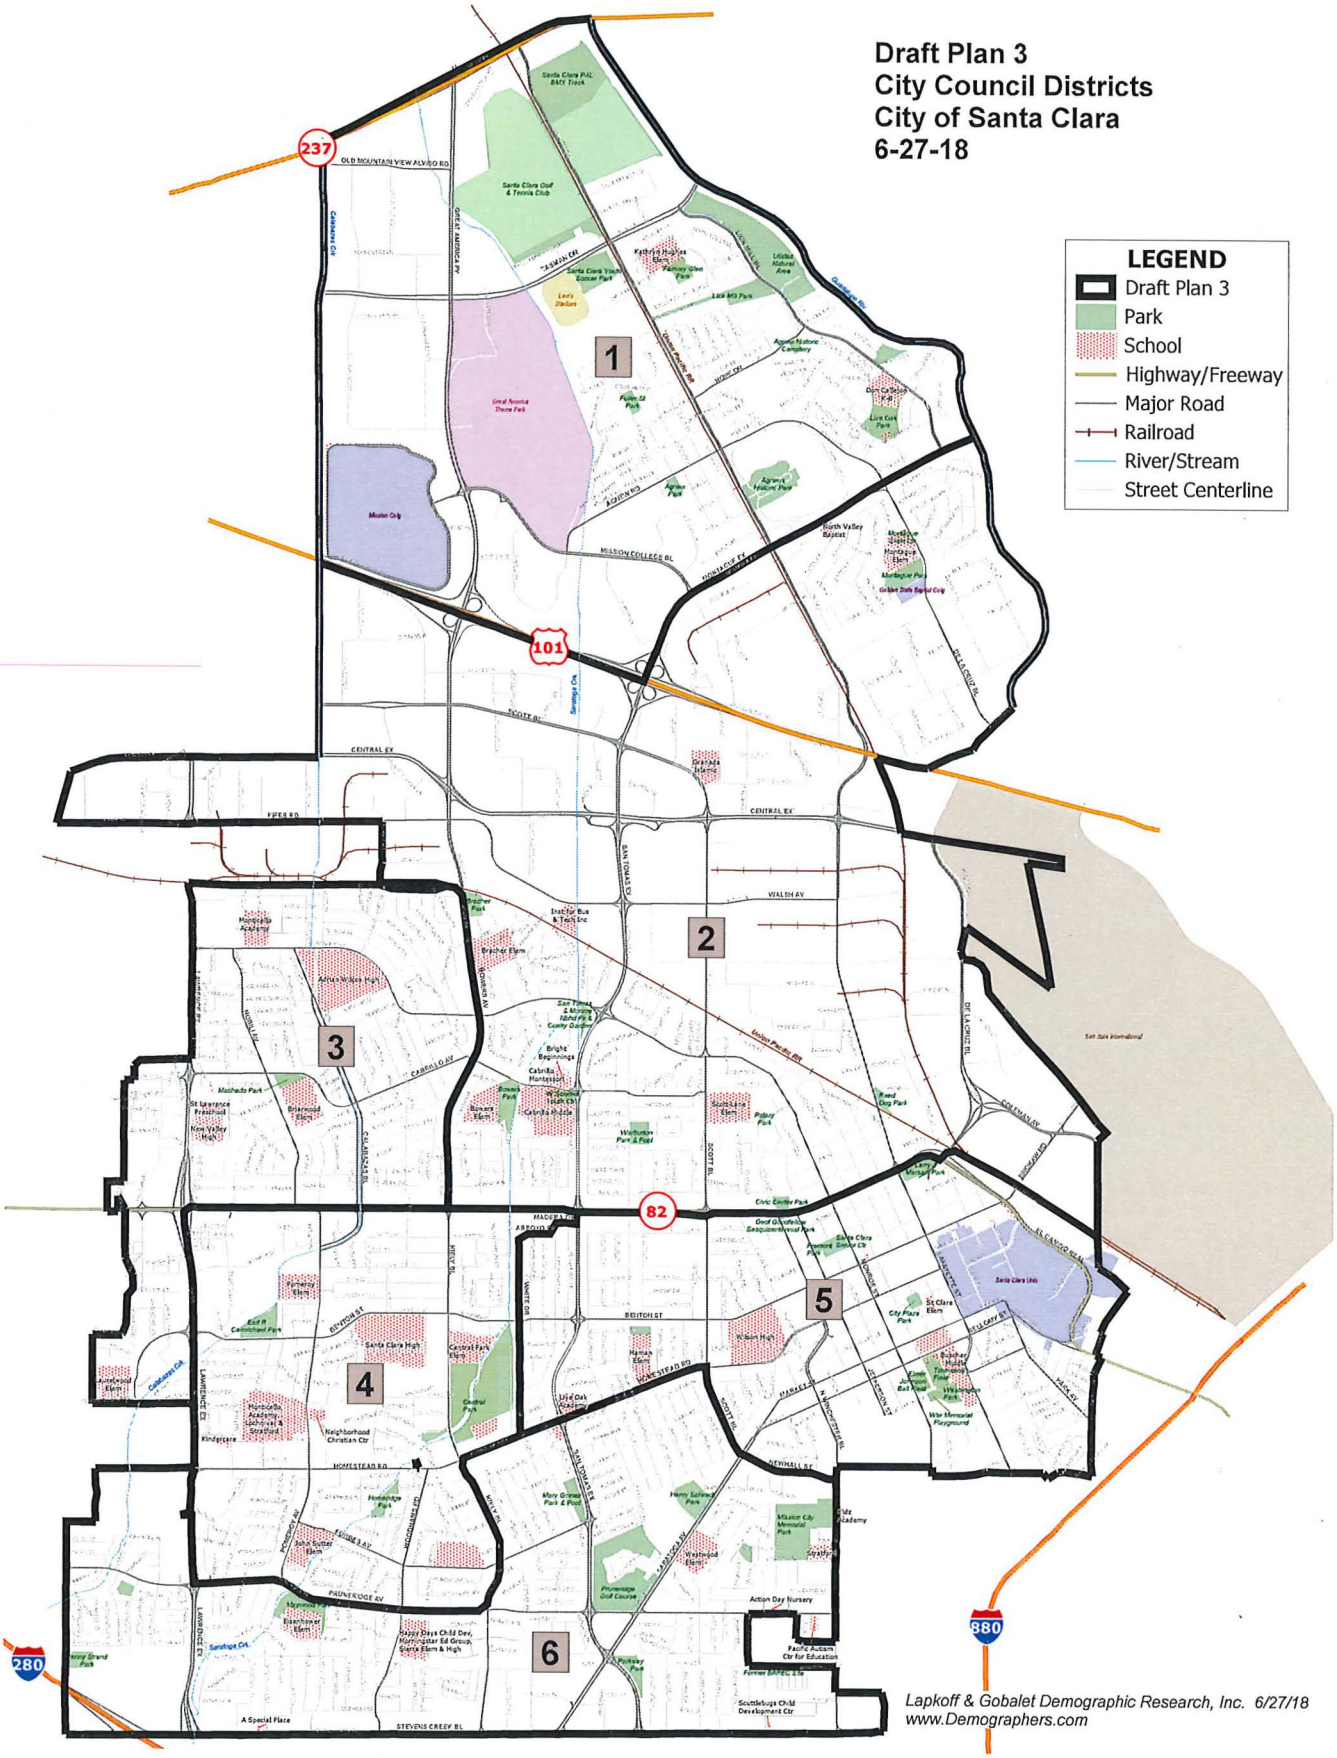
Having concluded the remedies phase of trial, the Court ORDERS the City to adopt district-based elections based on the lines shown on Draft Plan 3 (Ex. 60 at page 6) that was submitted by the City. Further, the Court ORDERS the Registrar of Voters to immediately begin implementing district-based elections for the November 2018 election. The Court further ORDERS that elections be held for each district in the sequence shown below:

District Number	Election Month and Year
District One	November 2020
District Two	November 2018
District Three	November 2018
District Four	November 2020
District Five	November 2020
District Six	November 2020
Mayor	November 2018

Consistent with this requirement, the City and the Registrar of Voters are enjoined from holding at-large elections for any City Council members, other than the position of Mayor.

The Court does not intend to abrogate City Charter provisions except the reference to "at large" in Section 600 as it applies to City Council members (excluding the mayor) and the first sentence of Section 700.1, which is titled "Designation of Seats." The Court does not believe other City Charter provisions are affected by the Court's ruling, including provisions governing term length, term limits, compensation, vacancies, and the powers and duties of the mayor. Further, the Court does not intend to change other election procedures for this year, including the last day of the nominations period, which is set on August 10, 2018.

V. JUDGMENT



This action was tried in two phases. At the liability phase, Plaintiffs proved Defendant the City of Santa Clara ("City") violated the California Voting Rights Act by showing by a preponderance of the evidence that the at-large method of election used by the City impaired the ability of Asians to elect candidates as a result of the dilution and abridgment of their rights as voters. At the conclusion of the remedies phase, the Court ordered that six City Council members be elected in district-based elections, and the City mayor be elected in an at-large

election. The Court's findings and conclusions were set forth in two Statements of Decision. Based on the outcome of the two-phase trial:

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED that Judgment shall be entered for Plaintiffs Ladonna Yumori Kaku, Wesley Kazuo Mukoyama, Umar Kamal, Michael Kaku, and Herminio Hernando and against Defendant the City of Santa Clara in accordance with the Statements of Decision issued after the liability and remedies phases of trial. Plaintiffs shall be entitled to recover attorneys' fees and costs as permitted under law. FURTHER, pursuant to the parties' agreement, the Court shall retain jurisdiction over the parties and this action pursuant to California Code of Civil Procedure section 664.6.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF SANTA CLARA, CALIFORNIA, ADOPTING A MAP DESCRIBING DISTRICT BOUNDARIES OF "THE CODE OF THE CITY OF SANTA CLARA, CALIFORNIA"

BE IT ORDAINED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, on July 24, 2018, Judge Thomas E. Kuhnle of Santa Clara County Superior Court issued an "Amended Statement of Decision: Remedies Phase of Trial; Judgment" in a lawsuit filed against the City under the California Voting Rights Act (CVRA);

WHEREAS, in its Amended Statement of Decision dated July 24, 2018 in Yumori-Kaku et al. v. City of Santa Clara, Santa Clara County Superior Court Case No. 17CV319862, the Superior Court of the State of California for the County of Santa Clara ordered the City to adopt district-based elections based on the lines shown on Draft Plan 3, a copy of which is attached hereto as Exhibit A, that was submitted by the City, and ordered the Santa Clara County Registrar of Voters to immediately begin implementing district-based elections for the 2018 and 2020 elections;

WHEREAS, as result of the above referenced litigation, the City Council entered into a settlement agreement and agreed to continue district-based elections and submit a ballot measure to the voters at a special municipal election to formally amend the City Charter to establish six council districts;

WHEREAS, following the release of the 2020 decennial census data, all local governments that elect by district must redraw their district lines to assure that all district have nearly equal population;

WHEREAS, the California Elections Code section 21622 requires that the City complete

its redistricting process by April 17, 2022; and

WHEREAS, the City of Santa Clara desires to adopt an Ordinance to adopt the City Council Electoral District Map to facilitate the decennial census redistricting process.

NOW THEREFORE, BE IT FURTHER ORDAINED BY THE CITY OF SANTA CLARA AS FOLLOWS:

SECTION 1: For the election of members of the City Council, except for the Mayor, to be held in November 2022 and for each election thereafter, there shall be 6 (six) districts each of which shall be represented by one Council Member. Such districts shall be as designated on that certain map adopted by judgment of the Superior Court dated July 24, 2018, as set forth in Resolution No. 18-8585 of the City Council, as the boundaries of such districts shall be amended through a redistricting process following each decennial United States Census. A copy of the map is attached hereto as Exhibit A.

SECTION 2: **Effective date**. This ordinance shall take effect thirty (30) days after its final adoption; however, prior to its final adoption it shall be published in accordance with the requirements of Section 808 and 812 of "The Charter of the City of Santa Clara, California."

PASSED FOR THE PURPOSE OF PUBLICATION this XX day of XXXXXX, 2021, by the following vote:

REPORT TO COUNCIL

SUBJECT
Public Hearing: Adoption of a Resolution Setting Rates for Overall Solid Waste Services and Annual Clean-up Campaign in the Exclusive Franchise Area

COUNCIL PILLAR
Deliver and Enhance High Quality Efficient Services and Infrastructure; Sustainability

EXECUTIVE SUMMARY
The City has entered into new agreements for the collection and processing of garbage and recyclables. The Contractors' scope of services and compensation rates were negotiated and approved by Council on December 10, 2019. On March 10, 2021, staff presented a Solid Waste Rate Study to Council which included proposed Fiscal Year (FY) 2021/22 solid waste rates. The purpose of the Solid Waste Rate Study was to assure that the program was cost recovery and costs were being spread equitably amongst all garbage container types. In general, the proposed rate increases are below previously forecasted rate increases with the exception of the 20-gallon cart, which was expected. Staff anticipated that the Solid Waste Rate Study would show the cost for the 20-gallon cart was not equitable and would need to be increased more than the other garbage cart types. Council approved moving forward with implementing the increased rates specified in Table A of the Resolution (Attachment 1) to enable the Solid Waste Enterprise Fund to maintain cost recovery for the coming FY 2021/22. Council also moved forward with increasing the low-income rate assistance program for Solid Waste by $7 per month so those qualifying would receive a greater reduction in their bill.

Notices (Attachment 2) were sent to all 34,875 solid waste rate payers on April 7, 2021 informing them of the proposed rate increases and date of the Public Hearing to approve the rates, as required by Article XIII D of the California Constitution. Following the close of the Public Hearing, staff recommends that Council adopt the subject Resolution, which establishes the solid waste rates effective for the utility bills issued for services rendered on and after July 1, 2021.

BACKGROUND
In November 1996, California voters approved Proposition 218, which amended the state Constitution and imposed new substantive and procedural requirements for imposing or increasing property-related fees and charges. Under these requirements, water, sewer, and solid waste service fees or charges may only be increased if a majority of rate payers does not protest the increase. The City must mail a written notice of the proposed increases and hold a public hearing on the proposed increase not less than 45 days after mailing the notice. At the public hearing, all protests against the proposed fees or charges are tabulated and if the number of protests by a majority of rate payers totals 50 percent plus one, the fees or charges cannot be imposed. The public hearing for the City's FY 2021/22 solid waste rates is scheduled for May 25, 2021. If there is not a majority protest, the

Council can adopt the rate increase contained in Table A of the Resolution (Attachment 1).

The City sets rates and collects bundled charges from customers to fund the solid waste program. The bundled solid waste rate is comprised of one or more of the following components. Customers are only charged for the specific components for which they receive service.

- Garbage
- Yard trimmings
- Residential recycling
- Annual Clean-up Campaign (CUC)

In 2019, City Council approved moving forward with new 15-year solid waste agreements with Recology South Bay (Recology), Mission Trail Waste Systems (MTWS), and GreenWaste Recovery, Inc. (GWR). An existing agreement with Republic Services (Republic) for landfill disposal and composting of yard trimmings is in place and expires on December 31, 2024. The services provided under these agreements enable the City to comply with the new organic waste diversion requirements for the purpose of reducing greenhouse gas emissions from landfills mandated by Senate Bill 1383 (SB 1383), which will be enforceable starting in 2022.

Staff appreciates that solid waste rates have been a focal point for both the community and Council. Staff also notes that several factors outside the City's control contribute to the need to increase rates, such as:

- Additional costs to comply with organics collection and processing under SB 1383
- Large decline in the international recyclables commodities markets due to China's National Sword Policy
- Increased regional labor costs
- Replacement fleets for both MTWS and Recology due to age

The new agreements incorporated the changes in market conditions and predicted rate increases. It was communicated to both the public and Council that rates would be increasing approximately 57 percent over the three-year period starting July 2020. These increases are necessary to ensure that the Solid Waste Program continues to be cost recovery.

Following the execution of the new solid waste agreements, R3 Consulting, Inc. (R3) performed a Solid Waste Rate Study (Rate Study, Attachment 3) to ensure that the rates being proposed for FY 2021/22 are based on the true costs of service and are equitable. Each rate for garbage, yard trimmings, residential recycling and CUC service was developed to equitably incorporate the following cost elements:

- Compensation paid to service providers to collect and transport solid waste
- Compensation paid to process, compost, and/or dispose of solid waste
- City program costs (billing and internal costs, street sweeping, household hazardous waste, leaf vacuum, and holiday tree collection services, franchise fees, and landfill post closure costs)

Staff presented the Rate Study including the proposed solid waste rates to the City Council on March 10, 2021. In general, the proposed rate increases are below previously forecasted rate increases with the exception of the 20-gallon cart, which was expected. Staff anticipated that the Rate Study would

show the cost for the 20-gallon cart was not equitable and would need to be increased more than the other garbage cart types. Following the presentation, Council approved moving forward with increasing garbage rates to meet cost recovery for FY 2021/22 with no replenishment of rate stabilization reserves, and approved transferring funds from the General Fund Budget Stabilization Reserve to permanently increase the low income solid waste rate assistance program discount from $3 to $10 per month.

DISCUSSION

Cost Adjustments Required by the Franchise Agreements with Recology, Mission Trail Waste Systems (MTWS), GreenWaste Recovery (GWR), and Republic Services (Republic)

The primary reason for rate increases is to raise additional revenue to cover the contractually obligated compensation adjustments paid to service providers for the collection, processing, recycling, composting, and disposal of solid waste in compliance with new state laws and current market conditions. The current agreements with Recology and MTWS contain negotiated compensation increases spread over the first three years to gradually incorporate the increased costs (labor, National Sword Policy, new fleet of collection vehicles) that were not captured by the annual compensation methodology in the previous agreements. Below are summaries of the compensation adjustments for Recology and MTWS over the first three years of the successor agreements.

Recology
July 1, 2020: $2,837,000 annual compensation
July 1, 2021: $3,194,000 annual compensation
July 1, 2022: $3,635,000 annual compensation

MTWS
July 1, 2020: +6.0% increase to schedule of tariffs
July 1, 2021: +9.0% increase to schedule of tariffs
July 1, 2022: +9.0% increase to schedule of tariffs

Beginning July 1, 2023, the annual compensation adjustment for both Recology and MTWS shifts to the year over year change in the Water, Sewer Trash Index that is compiled and published by BLS, with a cap of 5 percent and floor of 2 percent.

GWR
In 2019 Council made a policy decision to move forward with mixed waste processing to comply with SB 1383 and approved entering into an agreement with GWR. As of January 2, 2021, the contents of garbage carts and bins started being delivered to GWR for mixed waste processing (processing) and organics composting so the current rates in place are only based on six months of processing and composting. FY 2021/22 will be the first full year of processing and composting through GWR so the rates will be increasing from the current year to account for this. The annual compensation adjustment in the GWR agreement is based on the year over year change in the CPI-U. The GWR compensation adjustment will be +2.01 percent for FY 2021/22.

Republic
The agreement with Republic contains an annual compensation adjustment based on the weighted year over year change in the CPI-U (80 percent), Gross National Product Implicit Price Deflator (10 percent) compiled and published by the United States Bureau of Economic Analysis (BEA), and

Employment Cost Index - Compensation by Occupation and Industrial Group, Non-Manufacturing (10 percent) compiled and published by BLS. The Republic compensation adjustment will be approximately +2.0 percent for FY 2021/22.

Bundled Solid Waste Rates

The individual garbage, yard trimmings, recycling and CUC components are bundled together to create the overall solid waste rates that are charged to residential cart customers. R3 calculated FY 2021/22 rates for each service based on the cost to provide collection, disposal, processing and/or composting, and City program costs. The table below summarizes the individual rate component increases for residential cart customers.

Service Type	FY 2020/21 Rate	FY 2021/22 Rate	Change in Rate
20-gallon garbage cart	$12.50	$17.37	$4.87
32-gallon garbage cart	$20.80	$24.15	$3.35
64-gallon garbage cart	$38.60	$44.91	$6.31
96-gallon garbage cart	$56.50	$65.59	$9.09
Yard trimmings	$11.80	$13.04	$1.24
Recycling	$5.30	$5.58	$0.28
CUC	$5.90	$6.28	$0.38

Each customer pays a different rate that is dependent on cart size subscription and whether they pay for yard trimmings or CUC services. Below is a summary of FY 2021/22 bundled monthly rates for single-family residential and townhouse cart customers to achieve cost recovery for the Solid Waste Fund.

Garbage Cart Size	Garbage Rate	Yard Trimmings Rate	Recycling Rate	CUC Rate	**FY 21/22 Bundled**
20-gallon single-family	$17.37	$13.04	$5.58	$6.28	**$42.27**
20-gallon townhouse	$17.37	$0.00	$5.58	$6.28	**$29.23**
32-gallon single-family	$24.15	$13.04	$5.58	$6.28	**$49.05**
32-gallon townhouse	$24.15	$0.00	$5.58	$6.28	**$36.01**
64-gallon single-family	$44.91	$13.04	$5.58	$6.28	**$69.81**
64-gallon townhouse	$44.91	$0.00	$5.58	$6.28	**$56.77**
96-gallon single-family	$65.59	$13.04	$5.58	$6.28	**$90.49**
96-gallon townhouse	$65.59	$0.00	$5.58	$6.28	**$77.45**

Townhouse residential cart customers rates are the FY 2021/22 bundled rate for garbage cart size less the $13.04 yard trimmings rate since they do not receive this service. Monthly rates for cart

customers that do not participate in the CUC are $6.28 less than the bundled rates shown in the table above. The current $0.30 per month HHW charge will be removed from customer bills in FY 2021/22. HHW costs have been programmed into the garbage service charges through the FY 2021/22 Rate Study.

As discussed with Council and the public during the agreement negotiation process for solid waste contracts, rates will need to be increased by an estimated 57 percent over the course of the next three fiscal years in order to remain at cost recovery. During those discussions it was projected that rates for FY 2021/22 would be increased by 19.7 percent. The FY 2021/22 bundled rates generated by this Rate Study are on average approximately 12.6 percent higher than the current bundled rates for cart customers, which is well below the estimated increase of 19.7 percent that was previously presented to Council and the public. The only anomaly is the 20-gallon cart which has an increase of 18.1 percent for single family and 21.8 percent for townhomes, which was anticipated because those size carts were not cost recovery and were being subsidized by the larger carts.

It should be noted that the City is the only jurisdiction in Santa Clara County that offers a townhouse service in which customers that do not utilize the yard trimmings service do not have to pay for it.

The table below shows the increase in each residential cart bundled rate.

Garbage Cart Size	FY 20/21 Bundled Rate	FY 21/22 Bundled Rate	Change in Rate	Percentage Change
20-gallon single-family	$35.80	$42.27	$6.47	18.1%
20-gallon townhouse	$24.00	$29.23	$5.23	21.8%
32-gallon single-family	$44.10	$49.05	$4.95	11.2%
32-gallon townhouse	$32.30	$36.01	$3.71	11.5%
64-gallon single-family	$61.90	$69.81	$7.91	12.8%
64-gallon townhouse	$50.10	$56.77	$6.67	13.3%
96-gallon single-family	$79.80	$90.49	$10.69	13.4%
96-gallon townhouse	$68.00	$77.45	$9.45	13.9%

Garbage Bin and Commercial Garbage Cart Rates

Garbage bin and commercial garbage cart rates for FY 2021/22 were developed by adding the compensation paid to MTWS for collection, GWR mixed waste processing and Republic disposal costs, and City program costs. The FY 2021/22 commercial garbage cart rates are shown in Section II.A of Attachment 1. The garbage bin rates are shown in Section II.D of Attachment 1.

Services Billed by MTWS

The City sets the rates and bills for residential and commercial cart and bin garbage service. Under the current exclusive franchise agreement, MTWS bills customers directly for commercial business recycling and voluntary commercial organics collection, and roll-off and compacted front loader bin garbage collection services that it provides. The methodology for determining the rates that MTWS charges customers for the services that it provides billing for is prescribed in the exclusive franchise agreement. The City needs to notice the rate increases in accordance with Proposition 218 requirements and approve the rates at the Public Hearing for the rate increases to take effect. If the

proposed rate increases for services that are billed by MTWS are not approved by the City Council, the City is contractually obligated to pay MTWS the increased compensation and has to absorb the shortfall between cost of service and revenue collected.

Commercial Recycling
MTWS is required to provide up to 96-gallons of free commercial recycling services to businesses at no charge under the agreement. The rates for additional service above 96-gallons per week are based on container size and frequency of service, plus 10 percent markup for billing and franchise fees. Commercial recycling service rates charged to garbage cart and garbage bin customers will increase by 9 percent in FY 2021/22 (Sections IIB and IIE of Attachment 1).

MTWS remits 5 percent of the markup to the City as franchise fees that get deposited in the General Fund for all services that it provides billing for, which includes the services described below.

Voluntary Food Scraps and Organic Waste Service
MTWS provides voluntary source separated food scraps and organic waste service to commercial business customers under the agreement. The rates for collection and processing are based on container size and frequency of service, plus 10 percent markup for billing and franchise fees. Collection and processing rates charged to customers will be increasing by 9 percent in FY 2021/22 (Section IIC of Attachment 1).

Loose and Compacted Roll-Off Debris Bin Service
MTWS provides scheduling, collection, and billing for loose and compacted roll-off debris bin service in the exclusive franchise area. The collection rate component is based on container size and frequency of service, plus 10 percent markup for billing and franchise fees. MTWS will be receiving a 9 percent increase to its tariffs in FY 2021/22. Customers are also billed the actual charges incurred for the disposal, processing, and/or recycling of collected contents plus 10 percent markup for billing and franchise fees. Section IIG of Attachment 1 contains rates these services.

Countywide Rate Comparison
The Santa Clara County Residential Cart Rate Comparison (Attachment 4) provides a comparison of solid waste rates for residential collection services in Santa Clara County (County). Most jurisdictions have indicated they will also be seeking rate increases in FY 2021/22 but were unable to share that information at this time. **As a result, the comparison is based on comparing Santa Clara's proposed FY 2021/22 rates to the current FY 2020/21 rates in other jurisdictions**. The survey is for bundled solid waste services that include garbage, yard trimmings, and recycling services. Santa Clara is the only city in the county that offers a townhouse service rate in which customers do not subscribe to yard trimmings service. The townhouse rates are lower than countywide averages for the same size container across the board. It should also be noted that the City's rates that are presented for comparison do not include the proposed $6.28 per month charge for the CUC because no other jurisdiction in the County has a comparable program.

	20-gallon	32-gallon	64-gallon	96-gallon
FY 2020/21 countywide average	$30.17	$37.46	$64.89	$96.03

FY 2021/22 Santa Clara single-family rate	$35.99	$42.77	$63.53	$84.21
FY2021/22 Santa Clara townhouse rate**	$22.95	$29.73	$50.49	$71.17

*Excludes CSC Clean-up Campaign Cost
**No other city offers reduced townhouse rates

The Santa Clara County Commercial Bin Rate Comparison (Attachment 5) provides a comparison of solid waste rates for commercial bin collection services in the County. Santa Clara's weekly FY 2021/22 garbage bin rates will remain slightly lower than the FY 2020/21 countywide average. Most jurisdictions in the County have indicated that rate increases will be occurring in FY 2021/22. Santa Clara multi-family and commercial business customers that subscribe to frontload bin garbage service will not be required to subscribe to an additional organics container to meet SB 1383 requirements because the contents of the garbage bins will be taken to the GWR mixed waste processing facility to recover the organics for composting. This is not the case for some other jurisdictions. The cost savings of not subscribing to an additional container for organics is not captured in the countywide comparison, which only shows the cost to subscribe to a specific garbage service level.

Rate Assistance Program

Under the current agreement, MTWS provides the City with a $3 per month decrease in tariff for residential accounts that qualify through the Silicon Valley Power (SVP) low income Rate Assistance Program. On March 10, 2021 the City Council approved to increase the rate discount to $10 per month. MTWS will continue to fund $3 per month and a transfer from the General Fund in the amount of $33,600 will be necessary to fund the additional $7 per month for 400 qualifying customers in order to comply with Proposition 218 in FY 2021/22.

CUC Alternatives

The City Council expressed interest in identifying alternatives to the current CUC format. Some of the alternatives to the current format include:

- Annual on-call bulky item collection program provided by MTWS through exclusive franchise agreement (cost would be incorporated into garbage cart rates)
- On-call bulky item collection program for a fee (only customers that use the program get charged)
- Annual on-street collection of unlimited yard waste (follow same format as current CUC, but only compostable yard waste is accepted)
- Neighborhood clean-up days in which residents can dispose of unwanted waste in debris bins staged at strategic locations
- Provide residents with free disposal coupons for the MTWS Transfer Station or other disposal facility (self-haul)
- Combination of multiple programs

Staff will need to bring on a consultant to help develop a slate of alternatives that includes cost data, service level options in terms of frequency and what types of material is accepted, and analysis of advantages and disadvantages of each alternative along with public outreach and presentations. After the alternatives are developed, the consultant will work with staff to develop a survey to collect feedback from customers. Surveys will be made available online and sent to a specified number of customers, as recommended by the consultant. The consultant will prepare a report summarizing the alternatives and customer survey results, which will be presented to Council upon completion. It is anticipated that the budget required for consultant services to perform this effort could cost approximately $75,000 to complete, with a target Council presentation by late Spring 2022. Funds to develop alternatives to the CUC and conduct a customer survey have not been included in the current proposed FY 2021/22 Solid Waste Fund operating budget. In order to move forward, Council would need to direct staff to incorporate funds from the Solid Waste Fund balance into the FY 2021/22 operating budget to procure a consultant to develop alternatives, conduct a survey of customers, and draft a final report.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a “project” within the meaning of California Environmental Act (“CEQA”) pursuant to CEQA Guidelines section 15378(a) as it has not potential for resulting in either a direct change in the environment, or as a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT

In total, the solid waste customer charges will generate approximately $33,148,000 of revenue in FY 2021/22. These revenues have been incorporated into the proposed Biennial FY 2021/22 and FY 2022/23 Operating Budget. A transfer from the General Fund to the Solid Waste Fund in the amount of $33,600 has also been programmed to fund the additional $7 per month for 400 qualifying customers in the Rate Assistance Program for FY 2021/22.

If Council chooses to approve the recommendation to develop alternatives to the CUC and conduct a customer survey, an additional $75,000 will need to be allocated from the Solid Waste Fund unrestricted ending fund balance in the FY 2021/22 Operating Budget for Materials, Services, and Supplies for contractual services to procure a consultant.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney’s Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City’s website and in the City Clerk’s Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk’s Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

ALTERNATIVES

1. Adopt a Resolution setting the overall rates to be charged to rate payers for the collection and disposal of garbage, refuse, yard trimmings, recycling, annual Clean-up Campaign, and Household Hazardous Waste in the exclusive franchise area, effective for the utility bills issued for services

rendered on and after July 1, 2021; or
2. Do not adopt a Resolution to increase the proposed rates to be charged to rate payers for collection and disposal of garbage, refuse, yard trimmings, recycling, annual Clean-up Campaign, and Household Hazardous Waste in the exclusive franchise area and subsidize FY 2021/22 expenditures with funds from the General Fund;
3. Authorize the City Manager to incorporate the transfer of $33,600 from the General Fund to the Solid Waste Fund into the Biennial FY 2021/22 and FY 2022/23 Operating Budget and each subsequent operating budget.
4. Direct the City Manager to bring forward an amendment to the Proposed Biennial FY 2021/22 and 2022/23 Operating Budget that allocates $75,000 from the Solid Waste Fund unrestricted ending fund balance in FY 2021/22 to hire a consultant to develop alternatives to the current annual Clean-up Campaign format and conduct a customer survey.

RECOMMENDATION

1. Adopt a Resolution setting the overall rates to be charged to rate payers for the collection and disposal of garbage, refuse, yard trimmings, recycling, annual Clean-up Campaign, and Household Hazardous Waste in the exclusive franchise area, effective for the utility bills issued for services rendered on and after July 1, 2021;
3. Authorize the City Manager to incorporate the transfer of $33,600 from the General Fund to the Solid Waste Fund into Biennial FY 2021/22 and FY 2022/23 Operating Budget and each subsequent operating budget; and
4. Direct the City Manager to bring forward an amendment to the Proposed Biennial FY 2021/22 and 2022/23 Operating Budget that allocates $75,000 from the Solid Waste Fund unrestricted ending fund balance in FY 2021/22 to hire a consultant to develop alternatives to the current annual Clean-up Campaign format and conduct a customer survey.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA SETTING RATES FOR OVERALL SOLID WASTE SERVICES AND ANNUAL CLEANUP CAMPAIGN SERVICES IN THE EXCLUSIVE FRANCHISE AREA

BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, the City Council of the City of Santa Clara ("City") has provided, by contract or with its own forces, certain garbage collection and disposal services, yard trimming and recycling collection, and the Annual Cleanup Campaign ("Solid Waste Services") within the corporate limits of the City of Santa Clara;

WHEREAS, City entered into an agreement entitled the "Agreement for Disposal of Municipal Solid Waste, dated March 7, 1989, with International Disposal Corporation of California (a wholly owned subsidiary of Browning Ferris Industries (BFI))", ("Disposal Agreement") as amended by Amendment No. 1 dated February 10, 1998, for cost of disposing of garbage and refuse collected in the City at Newby Island Landfill for a term commencing March 7, 1989, and terminating on December 31, 2024;

WHEREAS, City entered into an agreement entitled "Agreement for Services Between the City of Santa Clara, California and GreenWaste Recovery, Inc." ("Solid Waste Processing Agreement"), dated April 27, 2020, to process solid waste from the exclusive franchise area to recover recyclables and organic waste for a term commencing July 1, 2020, and terminating on June 30, 2036;

WHEREAS, City entered into an agreement entitled "Agreement for Services Between the City of Santa Clara, California and Mission Trail Waste Systems, Inc." ("Refuse Franchise Agreement"), April 27, 2020, to collect and transport solid waste from customers in the exclusive franchise area, excluding residential recyclables for a term commencing July 1, 2020, and terminating on June 30, 2036;

WHEREAS, City entered into an agreement entitled "Agreement for Services Between the City

of Santa Clara, California, and Recology South Bay DBA Recology Santa Clara" ("Residential Recycling Services Agreement"), February 5, 2020, for residential recycling collection services for a term commencing July 1, 2020, and terminating on June 30, 2036;

WHEREAS, the overall adjustments to the monthly rates charged to customers for Solid Waste Services made by this Resolution do not in any way modify the rates of compensation which Mission Trail Waste Systems, Inc., GreenWaste Recovery, Inc., and Recology Santa Clara are entitled to under the Refuse Franchise and Residential Recycling Services Agreements;

WHEREAS, on March 9, 2021 the City Council directed staff to prepare monthly rates charged to customers for Solid Waste Services to meet cost recovery in Fiscal Year 2021-22 as detailed in the Rate Study that was presented;

WHEREAS, on April 7, 2021, the City timely mailed notices of a public hearing to property owners and rate payers of Solid Waste Services that detailed proposed rate adjustments in accordance with Article XIIID §6 of the California Constitution (Proposition 218); and,

WHEREAS, on May 25, 2021, the City held a public hearing on the proposed adjustments to fees for Solid Waste Services, and there was no majority protest.

NOW THEREFORE, BE IT FURTHER RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. In accordance with Article XIIID § 6 of the California Constitution and as set forth in the accompanying staff report, incorporated herein by reference:

A. The revenues derived from the Solid Waste Services rates, as stated in Table A, attached hereto and incorporated herein, do not exceed the funds required to provide solid waste programs.

B. The revenues derived from the Solid Waste Services rates will not be used for any purpose other than solid waste programs.

C. The Solid Waste Services rates charged will not exceed the cost of solid waste programs per parcel.

D. The Solid Waste Services rates are only charged for solid waste programs that are currently available.

E. The Solid Waste Services rates are not charged for general governmental services.

2. Notice of the proposed Solid Waste Services rates was mailed on April 7, 2021, more than 45 days prior to the public hearing on this matter, in compliance with Proposition 218.

3. A public hearing was conducted on May 25, 2021, regarding the proposed rates to be charged and all protests and other comments were considered.

4. The number of written protests by owners of parcels within the City against the increased rates were tabulated by City staff at the hearing and did not constitute a majority protest.

5. That following the public hearing, the City Council approves and adopts the rates for collection and disposal of garbage, yard trimming and recycling collection, and the Annual Cleanup Campaign, as set forth in Table A, incorporated here by reference.

6. That any and all amounts by which the fees set forth in Table A exceed monies paid to contractors that provide Solid Waste Services in accordance with their respective agreements, shall solely belong to City and shall constitute cost recovery for Solid Waste Services rendered by City.

7. That a true and correct copy of this Resolution shall be kept on file in the Office of the City Clerk and in the Billing Division of the City Finance Department at all times in which the rates are operable or until replaced with any future adjusted monthly charges by the City Council and shall be open to public inspection during the regular hours of such offices.

8. That the adjusted monthly charges for Solid Waste Services described herein are ordered to be effective for utility bills issued for services rendered on and after July 1, 2021 and thereafter.

9. Effective date. This resolution shall become effective immediately.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE ___ DAY OF _____, 2021, BY THE FOLLOWING VOTE:

AYES: COUNCILORS:

NOES: COUNCILORS:

ABSENT: COUNCILORS:

ABSTAINED: COUNCILORS:

ATTEST: _____
NORA PIMENTEL, MMC
ASSISTANT CITY CLERK
CITY OF SANTA CLARA

Attachments incorporated by reference:
1. Table A – City of Santa Clara Rates for Collection and Disposal of Garbage, Yard Trimming and Recycling Collection, and the Annual Cleanup Campaign for Utility Bills Issued For Services Rendered On and After July 1, 2021

TABLE A
CITY OF SANTA CLARA
RATES FOR COLLECTION AND DISPOSAL OF GARBAGE,
YARD TRIMMING AND RECYCLING COLLECTION, AND THE ANNUAL CLEANUP CAMPAIGN,
(Effective for utility bills issued for services rendered on and after July 1, 2021)

I. RESIDENTIAL USERS:

A. All Occupancy Classes (separate line billing)

1. Annual Cleanup Campaign	$6.28/month[1]
2. Extra Bag Tag Pre-Paid Sticker Program for extra garbage bag setouts	$6.04/bag tag

B. Single Occupancy (includes Multi-Family Complexes of 4 or Less Units)[2 & 3]

1. Regular service, (includes Yard Trimming Collection Service, and Recycling Services) single collection weekly:

a. One (1) thirty-two-gallon capacity garbage can or Small Cart	$42.77/month
b. One (1) twenty-gallon capacity super saver can or Super Saver Cart	$35.99/month
c. Two (2) thirty-two-gallon capacity garbage cans or Medium Cart	$63.53/month
d. Three (3) thirty-two-gallon capacity garbage cans or Large Cart	$84.21/month
e. Additional thirty-two (32) gallon container	$24.15/month

C. Multi-Family Occupancies where Yard Trimming Collection Services Provided: Regular service, single collection weekly:

1. First dwelling unit (includes Yard Trimming and Recycling Collection Services):

a. One (1) thirty-two-gallon capacity garbage can or Small Cart	$42.77/month
b. One (1) twenty-gallon capacity Super Saver Cart. Only for duplexes with individual billing and where carts are set out at each residence.	$35.99/month

[1] Exemption with no charge to residence with limited space based on determination by Deputy Director of Public Works.
[2] Last two weeks of each year, encompassing the Christmas holiday and the week following, single occupancy customers may set out up to four (4) extra thirty-two (32) gallon garbage bags total (two per week) at no extra charge.
[3] Low income rate discount of $10.00 per month for single-family and townhouse customers that qualify for Silicon Valley Power's Rate Assistance Program.

c. Two (2) thirty-two-gallon capacity garbage cans or Medium Cart	$63.53/month
d. Three (3) thirty-two-gallon capacity garbage cans or Large Cart	$84.21/month
2. Each additional dwelling unit exceeding one (1) unit (includes recycling charge, but not Yard Trimming Collection Service charge)	$29.73/month
3. For each additional thirty-two-gallon capacity container	$24.15/month
4. Recycling Service: (first unit includes recycling charge automatically) All residential dwellings are required to have recycling services. The monthly charge is unbundled for additional units after the first unit.	$5.58/month/unit weekly lift
5. Each additional weekly lift of recycling container.	$5.58/month/unit weekly lift

D. Townhouses – garbage and recycling provided (recycling not bundled into rate, but billed as a separate line item on utility bill); no Yard Trimming Collection Services:

1. Regular service, single collection weekly:	
a. One (1) thirty-two-gallon capacity garbage can or Small Cart	$24.15/month
b. One (1) twenty-gallon capacity super saver garbage can or Super Saver Cart only where can setout and billed individually at each residence	$17.37/month
c. Two (2) thirty-two-gallon capacity garbage cans or Medium Cart	$44.91/month
d. Three (3) thirty-two-gallon capacity garbage cans or Large Cart	$65.59/month
e. Additional thirty-two (32) gallon capacity container	$24.15/month
2. Recycling Service, single collection weekly, additional charge per participating dwelling unit	$5.58/month/unit weekly lift

E. Yard Trimming Collection Service	$13.04/month/unit

II. COMMERCIAL AND INSTITUTIONAL ESTABLISHMENTS; AND RESIDENTIAL APARTMENT COMPLEXES (WHERE DWELLING UNITS NOT SERVED SEPARATELY)

A. Regular Garbage Cart Service: Variable

CONTAINER SIZE (CAPACITY)	***ONE TO SIX COLLECTIONS PER WEEK[4]***					
	ONE	***TWO***	***THREE***	***FOUR***	***FIVE***	***SIX***
One 32-gallon capacity can, or Small Cart	$24.49	$48.99	$73.49	$97.96	$122.51	$146.97
Two 32-gallon capacity cans, or Medium Cart	$45.59	$91.11	$136.74	$182.34	$227.87	$273.44
Three 32-gallon capacity cans, or Large Cart	$66.68	$133.34	$200.02	$266.67	$333.32	$400.01
Each additional 32-gallon capacity container	$24.28	$48.55	$72.81	$97.09	$121.41	$145.64
Rates shown applicable where no Recycling or Clean Green collection services provided. Notwithstanding the above, in no event will the minimum charge for service for commercial and institutional establishments be less than $24.49.						

B. Regular Recycling Cart Service: Variable

Contractor bills customers for commercial recycling services directly, not the City. Per Exhibit A, Section 3.C.v. of Agreement, if a commercial customer requires more than 96 gallons of recycling service per week, Contractor shall charge customer up to a maximum of the corresponding tariff level for the specific container and service level, plus ten percent (10%) for billing and franchise fees. Contractor shall retain five percent (5%) for billing and remit five percent (5%) to City on a quarterly basis, along with its non-exclusive franchise fees. Rates below include the ten percent (10%) markup.

CONTAINER SIZE (CAPACITY)	***ONE TO SIX COLLECTIONS PER WEEK***					
	ONE	***TWO***	***THREE***	***FOUR***	***FIVE***	***SIX***
First 96-gallon container	None	$66.76	$100.14	$133.49	$166.85	$200.24
Each additional 96-gallon container	$33.13	$66.76	$100.14	$133.49	$166.85	$200.24

[4] For complexes with recycling services, add $5.58 per unit per month charge.

C. Source Separated Food Scrap and Organic Waste Service

CONTAINER SIZE (CAPACITY)	***FOOD SCRAP RECYCLING COLLECTIONS PER WEEK***				
	ONE	***TWO***	***THREE***	***FOUR***	***FIVE***
First 64-gallon container (collection rate)	$24.60	$49.10	$73.72	$98.33	$122.85
Each additional 64-gallon container (collection rate)	$24.30	$48.57	$72.84	$97.14	$121.50
Processing cost per container	$6.93	$13.63	$20.32	$27.02	$33.71

Contractor bills customers for food scrap recycling services (collection and processing) directly. Collection rates above are based on the corresponding tariff for each level of service and include ten percent (10%) for billing and franchise fees. Contractor shall retain five percent (5%) for billing and remit five percent (5%) to City on a quarterly basis, along with its non-exclusive franchise fees. Contractor shall invoice City on a monthly basis for processing costs. Processing cost per container include ten percent (10%) for billing and franchise fees.

D. Front Load Bin Garbage Service: Variable, for commercial, institutional, and residential multi-family occupancy customers; monthly charge (for weekly collections) with container furnished by Contractor.

BIN SIZE (Cubic Yards)	***ONE TO SIX COLLECTIONS PER WEEK[4]***					
	ONE	***TWO***	***THREE***	***FOUR***	***FIVE***	***SIX***
1	$149.93	$297.42	$442.56	$585.30	$728.04	$868.38
1½	$209.41	$417.37	$618.57	$815.48	$1013.92	$1208.20
2	$268.87	$533.02	$797.17	$1052.02	$1306.37	$1565.76
3	$389.02	$768.01	$1137.97	$1498.70	$1864.40	$2227.30
4	$506.10	$1002.40	$1490.58	$1960.87	$2437.54	$2884.63
6	$725.84	$1442.16	$2127.47	$2812.75	$3498.05	$4184.26
8	$941.39	$1879.06	$2820.51	$3664.57	$4558.56	$5482.05

E. Front Load Bin Recycling Service: Variable, for commercial, and institutional customers; monthly charge (for weekly collections) with container furnished by Contractor.

Contractor bills customers for commercial recycling services directly, not the City. Per Exhibit A, Section C. (v.) of Agreement, if a commercial customer requires more than 96 gallons of recycling service per week, Contractor may charge customer up to a maximum of the corresponding tariff level for the specific container and service level, plus 10% for billing and franchise fees. Contractor shall retain five percent (5%) for billing and remit five percent (5%) to City on a quarterly basis, along with its non-exclusive franchise fees. Rates below include the ten percent (10%) markup.

BIN SIZE (Cubic Yards)	***ONE TO SIX COLLECTIONS PER WEEK***					
	ONE	***TWO***	***THREE***	***FOUR***	***FIVE***	***SIX***
1	$75.27	$147.57	$217.00	$283.48	$349.97	$413.52
1½	$108.49	$215.23	$313.67	$406.89	$501.97	$591.99
2	$141.69	$277.61	$413.52	$538.07	$662.01	$792.12
3	$209.57	$406.89	$593.16	$768.16	$949.26	$1126.90
4	$273.71	$535.45	$787.26	$1017.20	$1254.94	$1456.53
6	$384.36	$757.09	$1091.90	$1426.70	$1761.51	$2097.43
8	$489.90	$975.24	$1465.19	$1836.12	$2268.08	$2736.09

F. Front Load Bin Source Separated Food Scrap and Organic Waste Service

BIN SIZE (CAPACITY)	***FOOD SCRAP RECYCLING COLLECTIONS PER WEEK***				
	ONE	***TWO***	***THREE***	***FOUR***	***FIVE***
One (1) cubic yard (collection rate)	$75.27	$147.57	$217.00	$283.48	$349.97
Processing cost per one (1) cubic yard container	$21.61	$42.74	$63.86	$84.99	$106.12
Three (3) cubic yards (collection rate)	$209.57	$406.89	$593.16	$768.16	$949.26
Processing cost per three (3) cubic yard container	$64.11	$127.49	$190.87	$254.25	$317.64

Contractor bills customers for food scrap recycling services directly. Collection rates above are based on the corresponding tariff for each level of service and include ten percent (10%) for billing and franchise fees. Contractor shall retain five percent (5%) for billing and remit five percent (5%) to City on a quarterly basis, along with its non-exclusive franchise fees. Contractor shall invoice City on a monthly basis for processing costs. Processing cost per container includes ten percent (10%) for billing and franchise fees.

G. Roll-Off Bin Garbage and Construction and Demolition Service: Per collection with roll-off container furnished by Contractor and front loader compactor bin furnished by customer. The rates specified below do not include recycling/disposal costs. Customer shall be billed by Contractor for the actual charges incurred by the Contractor for recycling and/or disposal of collected contents plus ten percent (10%) markup for billing and franchise fees. This 10% markup is included in the rates below.

BIN SIZE/CAPACITY	***OPEN (Loose) CONTAINER (per cubic yard)***	***COMPACTED (Closed) CONTAINER (per cubic yard)***
10 cubic yards or less	$33.98	$44.76
11 to 15 cubic yards	$33.98	$38.84
16 to 20 cubic yards	$31.01	$35.49
21 to 29 cubic yards	$28.40	$35.49
30 cubic yards	$23.94	$35.49
31 to 39 cubic yards	$22.65	$35.49
40 cubic yards & over	$21.93	$35.49
Demurrage charge (one-week extension without collection)	$59.36week	$59.36/week

III. SPECIAL CHARGES

A. Provided by Mission Trail Waste Systems and Billed to Customer by City:

1. Manual Front-Load Bin Push/Pull Charges

RATE LEVEL	***ONE-WAY DISTANCE***	***RATE***
L-1	6 to 20 feet	$27.32
L-2	21 to 40 feet	$35.65
L-3	41 to 60 feet	$53.13
L-4	61 to 80 feet	$63.38
L-5	81 to 100 feet	$88.44
L-6	101 to 120 feet	$116.15
L-7	121 to 140 feet	$143.49
L-8	141 to 160 feet	$169.27
L-9	161 to 180 feet	$196.60
L-10	181 to 200+ feet	$220.52

2. Lock Bar/ Lock Jam Front Load Services
One-time installation fee, including one (1) lock: $80.46

3. Purchase of Lock
Per each, includes delivery of lock: $37.95

4. Front-Load Bin Steam Cleaning - Per occurrence, not include once per year annual cleaning: $96.42

B. Provided by Mission Trail Waste Systems and Billed to Customer by Contractor:

1. Roll-Off Bin Steam Cleaning - Per occurrence not including once per year annual cleaning: $472.59*

2. Saturday Service Roll-Off Bin - Per occurrence: $514.36*

3. "Emergency" Roll-Off Load Collection on a Weekday- Per driver hour with one (1) hour minimum charge: $275.55*

4.	Relocation of Roll-Off Bin - Per driver hour with one (1) hour minimum charge:	$275.55*
5.	Roll-Off Driver Time - Per driver hour with one (1) hour minimum charge:	$275.55*
6.	Counter-balance Front-Load Covered Bin (Premium charge paid by Customer – availability limited to 100 bins total)	$10.90/unit/month
7.	Special Charges for return trips, non-scheduled collections, overages, and contamination:	Monthly collection charge for cart or bin size multiplied by 12, divided by 52, and multiplied by 1.5 per occurrence
8.	Illegal bin removal and storage fee:	$299.53* plus disposal cost per occurrence

* Roll-off bin special services charges include markup of ten percent (10%) for billing and franchise fees. Contractor shall retain five percent (5%) for billing and remit five percent (5%) to City on a quarterly basis.

C. Provided by Recology for Residential Recycling Customers:

1.	Manual Push/Pull Charges (first 10 feet complimentary):	$1.00 per foot moved
2.	Front Loading Bin Cleaning Charge:	$125.00 per cleaning
3.	Driver-time Reimbursement:	$95.00 per hour
4.	Lock-Jam Bin Installations:	$75.00 flat fee
5.	Charge to Service Contaminated Toter:	$125.00 flat fee per container
6.	Charge to Service Contaminated Front-Loading Bins:	$125.00 flat fee per container
7.	Charge to haul compactor:	$512 per haul **

** Contractor provides billing and collection for compactor hauling services.

IMPORTANT NOTICE

IMPORTANT INFORMATION REGARDING PROPOSED FY 2021/2022 SOLID WASTE RATES.

Department of Public Works
City of Santa Clara
1700 Walsh Avenue
Santa Clara, CA 95050

YOU CAN PARTICIPATE IN THE PROCESS

A public hearing on these proposed increases will be held during the Santa Clara City Council Meeting scheduled for Tuesday, May 25, 2021 at 4 p.m. This meeting will be held virtually via Zoom, consistent with State of California Executive Order N-29-20.

Meeting access:
https://santaclara.zoom.us/j/99706759306
Meeting ID: 997-0675-9306
Phone: 669-900-6833 or 877-853-5257 (Toll Free)

Proposed rate increases for the Solid Waste Program (Garbage, Yard Trimmings, Recycling and Annual Cleanup Campaign) will be considered for adoption at the public hearing.

To formally protest the proposed increases you must do so in writing, as protests cannot be accepted via email or telephone. Written protests must be received before the close of the public hearing. To be counted, protests must be mailed or dropped off to:

City Clerk's Office - Utility Rate Comments
City of Santa Clara
1500 Warburton Avenue
Santa Clara , CA 95050

Written protests must include your name, your signature, the address of the property for which you are the owner or utility customer, and the rate (s) you are protesting. If protests are received from a majority of the parcels affected by the proposed rate increase by the close of public hearing, the City Council will not impose the increase.

If you have questions, please call the Department of Public Works at 408-615-3080.

NOTICE OF PUBLIC HEARING AND PROPOSED SOLID WASTE RATE INCREASES FOR UTILITY BILLS ON AND AFTER JULY 1, 2021

The City provides customers with dependable, efficient, safe, and cost-effective solid waste services for residents and businesses that call Santa Clara home.

The proposed solid waste rates have been generated through a recent rate study to ensure that each service rate equitably captures the cost of service. Each proposed solid waste rate was developed to include the sum of the following cost elements:

1) Collection costs;
2) Processing and disposal or composting costs; and
3) City program costs.

Rate increases are necessary to fund the contractually obligated cost-of-living adjustments paid to the City's solid waste service providers.

The City will continue to implement appropriate and prudent cost-saving and cost-controlling measures to maintain the affordability of these basic services.

For more information about the City's rates, visit SantaClaraCA.gov/SolidWasteRates

PROPOSED SOLID WASTE RATES FISCAL YEAR 2021-2022

Residential, Commercial and Institutional Customers Only

The proposed rates shown below generate revenues to cover solid waste programs, which include garbage collection, processing and disposal, yard trimmings collection and processing, recyclables collection and processing, the Annual Cleanup Campaign, street sweeping, and other solid waste program overhead and functions. The proposed rates also fund landfill post-closure maintenance and monitoring and financial system software Capital Improvement Projects. These rate increases do not apply to customers in areas zoned for industrial use.

Monthly Residential Rates: Total Monthly Rate is sum of Garbage Subscription (A1-4) plus Yard Trimmings (B), Annual Cleanup Campaign (C), and Recycling (D).	Current Rate	Proposed Rate
A1. 20-gallon Garbage Cart Charge	$12.50	$17.37
A2. 32-gallon Garbage Cart Charge	$20.80	$24.15
A3. 64-gallon Garbage Cart Charge	$38.60	$44.91
A4. 96-gallon Garbage Cart Charge	$56.50	$65.59
B. Yard Trimmings Per Unit Charge (not charged to townhomes)	$11.80	$13.04
C. Annual Cleanup Campaign Charge	$5.90	$6.28
D. Recycling Charge Per Unit Based on Once Weekly Pickup (also applied to each additional pickup)	$5.30	$5.58
E. Extra Garbage Bag Tags	$5.70	$6.04
F. Rate Assistance Program Discount for Qualifying Customers[1]	$10.00	$10.00

1. For qualifications and to apply, visit SantaClaraCA.gov/Assist.

Proposed Monthly Commercial Business and Multi-Family Garbage Bin Rate Billed by City						
Container Size	1/week	2/week	3/week	4/week	5/week	6/week
1 Cubic Yard	$149.93	$297.42	$442.56	$585.30	$728.04	$868.38
1.5 Cubic Yards	$209.41	$417.37	$618.57	$815.48	$1,013.92	$1,208.20
2 Cubic Yards	$268.87	$533.02	$797.17	$1,052.02	$1,306.37	$1,565.76
3 Cubic Yards	$389.02	$768.01	$1,137.97	$1,498.70	$1,864.40	$2,227.30

Mr. Dave Staub
Deputy Director of Public Works
City of Santa Clara Public Works Department
1700 Walsh Avenue
Santa Clara, CA 95050

Subject: Solid Waste Rate Study for Fiscal Year 21/22

Dear Mr. Staub:

R3 Consulting Group, Inc. (R3) is engaged by the City of Santa Clara (City) to conduct a solid waste rate study (Rate Study) for solid waste rates to be effective July 1, 2021. This report describes the methodology used for preparing the Rate Study and presents solid waste rates which will meet the projected costs of the City's solid waste services for the coming for fiscal year (FY) 21/22.

R3 has been actively engaged as the City's solid waste contracting and rate consultant since December 2018 and assisted the City in successfully completing contract negotiations and cost projections for three of its largest four solid waste contracts: Mission Trail Waste Systems (MTWS), Recology South Bay (Recology), and GreenWaste Recovery (GWR). Costs for services provided by these three service providers, as well as costs for landfilling and composting services for Republic Services at the Newby Island Landfill and Recyclery (Newby) comprise 80% of the City's costs for solid waste services. The remaining 20% includes other costs necessary to deliver the Solid Waste Program for Santa Clara residents.

Summary

Draft FY 21/22 solid waste rates have been calculated to meet the anticipated increased costs for solid waste services resulting from new operating contracts and services with MTWS, Recology, GWR and Republic Services (Republic). The purpose of the Rate Study was to analyze all costs and expenditures and develop a plan for distributing costs equitably amongst all the service options. The analysis included reviewing the various components of the City rates which include garbage, recycling, yard waste, and the clean-up campaign. The majority of bundled rates for residential cart customers are projected to increase between 11.2% to 13.9% (depending on subscription type) and the 20-gallon cart is projected to increase between 18.1% to 21.8%. This was anticipated because prior to the Rate Study staff already knew that the existing 20-gallong rate was most likely not equitable. Projected rates for FY 21/22 are less than previously shared with the City Council in 2019 and 2020. Please note than all per ton rates are rounded to the nearest whole dollar and all payments to contractors are rounded to the nearest hundred dollars. Budgeted City expenses are shown to the nearest dollar for consistency with the City's draft budget process currently underway.

Overall, while the projected FY 21/22 solid waste rates will be sufficient to meet the City's costs for providing solid waste services. Further increases in solid waste rates should be expected in FY 22/23 and FY 23/24, in accordance with approved increases in compensation to MTWS and Recology, other program adjustments, and general cost-of-living adjustments.

Based on current assumptions, overall solid waste rates will need to increase by approximately 7.3% in FY 22/23, approximately 4.2% in FY 23/24, and by approximately 5.2% in FY 24/25. However, it should be noted that projections for future years past FY 21/22 are subject to change as they include assumptions regarding garbage processing residual, annual tonnages, subscription levels, and rates of escalation per contracts with MTWS, GWR, Recology and Republic. Additionally, the overall projected changes in rate revenues for future years as described above does not necessarily apply equally to cart and bin customers, and there may be further variations in increases for those customers in future years. Future Rate Study updates will model the impacts of resultant cost changes effective in those years once more information is known.

R3's calculations of the City's FY 21/22 residential solid waste rates (Table 1, below) are below prior projections, are based on the Council-approved contracts with the City's solid waste service providers and the City's draft FY 21/22 solid waste budgets and are further informed by a detailed review of the City's current solid waste rate revenues and expenses.

Table 1: Summary of FY 21/22 Monthly Residential Solid Waste Rates

Cart Size	Garbage Collection	Recyclable Collection	Yard Trimming Collection	Clean-up Campaign	Total Bundled Rate
Super Saver (20-gallon) Garbage Cart Charge	$17.37	$5.58	$13.04	$6.28	**$42.27**
Small (32-gallon) Garbage Cart Charge	$24.15	$5.58	$13.04	$6.28	**$49.05**
Medium (64-gallon) Garbage Cart Charge	$44.91	$5.58	$13.04	$6.28	**$69.81**
Large (96-gallon) Garbage Cart Charge	$65.59	$5.58	$13.04	$6.28	**$90.49**

COVID-19 Impacts

The COVID-19 pandemic has impacted solid waste operations in the City, resulting in reduced bin subscriptions to solid waste services, reduced bin solid waste tonnages, and changes in residential solid waste tonnages. This Rate Study projects City solid waste expenses and revenues for FY 21/22 based on solid waste subscription levels and tonnages from July through November 2020, meaning that projections take into account current impacts resulting from COVID-19. While subscription levels and tonnages changed as a result of COVID-19 starting in March 2020, the City's subscription levels and tonnages have remained static and consistent in recent months. Based on these trends, R3 does not project changes in subscription levels and tonnages in FY 21/22.

Overall, 80% of the City's solid waste costs are contracted expenses with MTWS (for garbage and yard trimming collection), Recology (for recycling collection), GWR (for garbage and recyclables processing), and Republic (for garbage landfilling and yard trimming composting). These costs are variable and will increase or decrease in relative proportion to the increases or decreases in solid waste subscription levels, meaning that increases or decreases in subscription levels and revenues will trigger increases or decreases in 80% of the City's costs.

If solid waste subscription levels increase in the coming year compared to the baseline (July through November 2020) projections, solid waste rate revenues will increase based on the increase in subscription levels. Because solid waste rates are calculated based on the cost of services, increases in revenues from

increased subscription levels will enable to the City to cover increased costs for providing solid waste services. Additionally, because calculated 2021/22 rates are also set to cover the City's 20% fixed costs (see discussion on City Programs, below), increases in subscription levels will result in surplus revenues above fixed costs. Surplus revenues would be deposited in the solid waste rate stabilization reserve fund and would be available to offset rates in the future.

Likewise, if solid waste subscription levels decrease below current trends, then revenues will generally decrease commensurate with decreases in City's costs. However, decreases in subscription levels would also limit the City's ability to cover its 20% fixed costs, and the City would need to draw on the solid waste rate stabilization fund to make up the difference between needed rate revenues for fixed costs, and actual rate revenues received after paying MTWS, Recology, GWR and Republic. The City has existing rate stabilization reserve funds that would be used to pay a revenue shortfall resulting from further decreases in solid waste subscriptions, should that become necessary. Further decreases in subscription levels below current trends are unlikely, given the relative stability of subscription levels during recent months of the pandemic.

City Program Costs Detail

In addition to funding the City's solid waste costs with MTWS, Recology, GWR and Republic, the City's solid waste rates also fund the City's solid waste programs. These programmatic costs include operating supplies, utilities, conferences and trainings, contractual services, staffing costs, street sweeping, franchise fees, transfers to other funds, and the City's Cost-Allocation-Plan (CAP). City Program costs are allocated to garbage rates, recycling rates, yard trimming rates, and clean-up campaign rates based on the City's budgets.

Budgeted amounts for the City's program costs for recycling, yard trimmings and the clean-up campaign are included in their entirety for those specific rate elements, while budgeted amounts for the City's program costs for garbage are allocated between cart and bin customers based on the following allocations.

- Street Sweeping – 72% carts and 28% bins, based on proportion of street sweeping miles for 2019 through mid-2020.
- Leaf-Vac and Christmas Tree Campaigns and Household Hazardous Waste (HHW) – 59% carts and 41% bins, based on California Department of Finance's 2020 figures for the number of Santa Clara housing units that are under 5 units vs. 5 units and over.
- Administrative and Internal Costs and Management and Billing Costs – 49% carts and 51% bins based on the weighted average of:
    - Number of accounts (93% carts vs. 7% bins) – 20% weighting.
    - Weekly cubic yardage of garbage (36% carts vs. 64% bins – 20% weighting.
    - Projected annual garbage revenues (39% carts vs. 61% bins) – 60% weighting.
- Franchise Fees – 39% carts and 61% bins, based on projected annual garbage revenues.
- Landfill Post-Closure Maintenance Costs – 36% carts and 64% bins, based on weekly cubic yardage of garbage.
- Household Hazardous Waste (HHW) – 59% carts and 41% bins, based on the housing unit split between single-family dwelling homes and multi-family dwelling homes.

Projected FY 21/22 City program costs for garbage based on the above allocations are shown below. Note that prior draft allocations for FY 20/21 were based on assumptions regarding residential and commercial accounts, and thus are not directly comparable to the results of this analysis. For the purposes of this Rate Study, allocations of costs are made with available information of cart accounts vs. bin accounts.

Table 2: Allocations of City Program Costs for Garbage Rates

Category	Cart Allocation	Bin Allocation	Total
Street Sweeping	$697,767	$271,354	$969,121
Leaf-Vac and Trees	$110,920	$77,080	$188,000
Admin and Internal	$901,739	$933,425	$1,835,164
Management and Billing	$701,216	$725,856	$1,427,072
Franchise Fees	$275,734	$431,738	$707,472
Landfill Post-Closure	$162,473	$287,527	$450,000
HHW	$28,788	$20,006	$48,794
Total	**$2,878,642**	**$2,746,981**	**$5,625,623**

Rate Study Methodology and Findings

In the course of completing the Rate Study, R3 reviewed several years of financial information, including the City's revenues and costs for solid waste services, agreed on compensation to the City's solid waste contractors per agreements, solid waste tonnages, and City budgets.

Garbage Bin Rates

Garbage Bin MTWS Costs

MTWS provides collection of garbage bins in the City. Projected FY 21/22 costs for garbage bin collection were developed based on City's payment to MTWS's in October and November 2020 (at current subscription levels), multiplied by the 9% contractually owed escalation in MTWS's per unit compensation effective July 1, 2021. This amount is estimated to be **$6,719,600** in FY 21/22.

Garbage Bin Allocated City Costs

Projected City program costs attributed to garbage bins are **$2,746,981** as show in Table 2.

Garbage Bin Processing Costs

Starting January 1, 2021, all garbage collected in the City will be processed via contract with GWR to recover organics and recyclables. Costs for processing of garbage collected in bins are based on a volume-based allocation of garbage tonnage. For the period July through October 2020, there were approximately 3,550 tons of garbage generated by City customer per month, of which 65% by volume are attributed to the garbage bins.

Based on this allocation, R3 projects 27,100 tons of garbage collected in bins in FY 21/22. Taking this amount multiplied by the projected FY 21/22 tip GWR tip fee of $184 per ton (which is projected at a 4%

increase in the initial contract rate of $177 per ton for bin waste) yields an annual cost of garbage bin processing of **$4,986,400**.

Garbage Bin Residual Disposal Costs

Non-recoverable residual materials remaining after GWR processing of garbage will be continued directed to Republic's Newby Island Landfill (Newby) through December 31, 2024. At present, it is assumed that 50% of the 27,100 tons of garbage collected in bins will remain as residual after processing by GWR; however, it should be noted that this residual percentage is an estimate based on prior discussions and contract negotiations with GWR.

The actual residual percentages for the City's garbage streams (both bin and cart streams) will be verified in 2021 (and annually thereafter) via audits that will seek to determine actual amounts of residual for the City's garbage streams. Results from the first of such audits is anticipated by mid-2021 and may be used to refine projections for FY 21/22 and future years once City-specific residual information becomes available. If the residual percentage is lower than 50%, the costs of residual disposal at Newby will be less than projected (assuming the same 27,100 tons of inbound bin garbage to GWR); if the residual percentage is higher than 50%, costs to Newby will more than projected.

At the 50% residual estimate, residual tonnage from bins to Newby is estimated to be 13,550 in FY 21/22. The projected per ton rate for disposal at Newby is $53, an assumed 4% escalation over the current rate of $50.65. Based on these figures, projected disposal of bin residual is **$718,200**.

Garbage Bin Total Projected Costs

Projected total costs for garbage bins in FY 21/22 is the sum of MTWS costs ($6,719,600), allocated City costs ($2,746,981), GWR processing costs ($4,986,400), and Newby residual disposal costs ($718,200), yielding **$15,171,181** in projected total revenue need in FY 21/22.

Garbage Bin Rate Adjustment

Projected annual garbage bin revenues at current rates (effective February 2021) and current subscription levels (November 2020) are projected at **$11,961,015.** This figure represents the revenues that the City could expect to collect in FY 21/22 if no adjustments to garbage bin rates were made and is $3,210,351 less than the total projected cost of $15,171,015.

In order to meet the projected cost of service for FY 21/22, the City's garbage bin rate revenues need to increase by $3,210,166. Garbage bin rates were developed with components to meet this increased revenue need. As described below:

- MTWS Tariff – (less the 10% Billing and Franchise Fee due to the City).
- Processing and Disposal Costs – Bin rates are based on the annual processing and disposal cost per cubic yard.
- City Program Costs – Bin rates are based on a split between a costs per lift (33.2% split) and a volumetric cost per cubic yard (66.8% split), with the split being based on the proportion of those City Program costs that are generally fixed vs. those that are variable with changes in volume, subscription level, and other variable factors.

The following table show the components that make up the 2021/22 rates:

Table 3: Bin Rate Components

	MTWS Tariff FY (Less 10% Billing and Franchise Fee)	**Processing and Disposal** (Volumetric)	**City Program Costs** (Lift Rate and Volumetric)	**Total Garbage Rate**
1 Cubic Yard 1/week	$61.59	$48.88	$39.46	**$149.93**
3 Cubic Yards 1/week	$171.47	$146.64	$70.91	**$389.02**

Garbage Cart Rates

Garbage Cart MTWS Costs

MTWS provides collection of garbage carts in the City. Projected FY 21/22 costs for garbage cart collection were developed based on City's payment to MTWS's in October and November 2020 (at current subscription levels), multiplied by the 9% contractually owed escalation in MTWS's per unit compensation effective July 1, 2021. This amount is estimated to be $3,714,300 in FY 21/22.

Garbage Cart Allocated City Costs

Projected City program costs attributed to garbage cart are **$2,878,642** as show in Table 2.

Garbage Cart Processing Costs

Starting January 1, 2021, all garbage collected in the City will be processed via contract with GWR to recover organics and recyclables. Costs for processing of garbage collected in cart are based on a volume-based allocation of garbage tonnage. For the period July through October 2020, there were approximately 3,550 tons of garbage generated by City customer per month, of which 35% by volume are attributed to garbage carts. This material will be directed to the processed garbage stream effective January 1, 2021.

Based on this allocation, R3 projects 15,600 tons of garbage collected in cart in FY 21/22. Taking this amount multiplied by the projected FY 21/22 tip GWR tip fee of $172 per ton (which is projected at a 4% increase in the initial contract rate of $165 per ton for cart waste) yields a projected annual cost of garbage cart processing of **$2,683,200**.

Garbage Cart Residual Disposal Costs

Non-recoverable residual materials remaining after GWR processing of garbage will continue to be directed to Republic's Newby through December 31, 2024. At present, it is assumed that 50% of the 15,600 tons of garbage collected in cart will remain as residual after processing by GWR; however, it should be noted that this residual percentage is an estimate based on prior discussions and contract negotiations with GWR.

The actual residual percentages for the City's garbage streams (both bin and cart streams) will be verified in 2021 (and annually thereafter) via audits that will seek to determine actual amounts of residual for the City's garbage streams. Results from the first of such audits is anticipated by mid-2021 and may be used to refine projections for FY 21/22 and future years once City-specific residual information becomes available. If the residual percentage is lower than 50%, the costs of residual disposal at Newby will be less than projected (assuming the same 15,600 tons of inbound cart garbage to GWR); if the residual percentage is higher than 50%, costs to Newby will more than projected.

At the 50% residual estimate, residual tonnage from carts to Newby is estimated to be 7,800 in FY 21/22. The projected per ton rate for disposal at Newby is $53, an assumed 4% escalation over the current rate of $50.65. Based on these figures, projected disposal of garbage cart residual is **$413,400**.

Garbage Cart Total Projected Costs

Projected total costs for garbage carts in FY 21/22 is the sum of MTWS costs ($3,714,300), allocated City costs ($2,878,642), GWR processing costs ($2,683,200), and Newby residual disposal costs ($413,400), yielding **$9,689,542** in projected total revenue need in FY 21/22.

Garbage Cart Rate Adjustment

Projected annual garbage cart revenues at current rates (effective February 2021) and current subscription levels (November 2020) are projected at **$8,262,568.** This figure represents the revenues that the City could expect to collect in FY 21/22 if no adjustments to garbage cart rates were made and is less than the total projected cost of $9,689,542.

In order to meet the projected cost of service for FY 21/22, the City's garbage cart rate revenues need to increase by $1,426,974 Garbage cart rates were developed with components to meet this increased revenue need. As described below:

- MTWS Tariff – (less the 10% Billing and Franchise Fee due to the City).
- Processing and Disposal Costs – Cart rates are based on the annual processing and disposal cost per cubic yard.
- City Program Costs – Cart rates are based on a split between a costs per lift (33.2% split) and a volumetric cost per gallon (66.8% split) as described in the prior section.

Table 4, on the following page, shows the components that make up the 2021/22 rates:

Table 4: Residential and Commercial Cart Rate Components

Cart Size	MTWS Tariff FY (Less 10% Billing and Franchise Fee)	Processing and Disposal (Volumetric)	City Program Costs (Lift Rate and Volumetric)	Total Garbage Rate
Residential				
20 Gallon	$6.65	$4.65	$6.07	**$17.37**
32 Gallon	$8.91	$7.44	$7.80	**$24.15**
64 Gallon	$17.61	$14.88	$12.42	**$44.91**
96 Gallon	$26.23	$22.32	$17.04	**$65.59**
Commercial (Once Weekly Collection)				
32 Gallon	$9.25	$7.44	$7.80	**$24.49**
64 Gallon	$18.29	$14.88	$12.42	**$45.59**
96 Gallon	$27.32	$22.32	$17.04	**$66.68**

Recycling Rates

Recology Recycling Costs

Recology provides collection of residential recyclables in the City,[1] with the City charging customers for this service and paying Recology contractually owed compensation. Recology's compensation set per contract is **$3,194,000** for FY 21/22 and includes the cost of recyclables processing through December 31, 2021. This is a set amount per contract and is inclusive of all of Recology's services.

City Recycling Program Costs

The City incurs expenses related to the provision of recycling programs, primarily for staffing to manage the City's recycling programs. The City's initial FY 21/22 budget for these expenses is $291,615, however the AB 939 Fee Revenues ($250,000) and the CalRecycle Beverages Container Funds ($30,000) reduce the City costs to **$11,615**.

Recyclables Processing Costs

Starting January 1, 2022, the City will become responsible for the cost of processing recyclable materials collected by Recology. Based on recent tonnage information provided by Recology to the City, R3 estimates annual recycling tonnages of approximately 8,200 tons, of which only half (4,100 tons) will be the responsibility for the City to pay in FY 21/22 (because the City's obligation will start mid-year). Over the prior 12 months, Recology's costs of processing the City's recyclables was $23.15 per ton (which was included in the compensation paid to Recology).

[1] Note that MTWS provides collection of commercial recyclables, but directly charges customers for that service via rates that are set based on MTWS's agreement (and as a result recycling expenses for commercial customers are not the responsibility of the City).

Because the cost of processing recyclables is tied to market conditions for the sale of recyclable commodities, and because markets can and do fluctuate, R3 conservatively projects that the per ton rate for recyclables processing starting January 1, 2022 may be a 25% increase over the recent $23.15 per ton, for an estimated $29 per ton. Multiplying the 4,100 tons of projected recyclable tons (for the latter half of FY 21/22) times $29 per ton yields **$118,900** in recyclables processing costs. There is no residual disposal cost associated with recycling tons.

Recycling Total Projected Costs

Projected total costs for recycling in FY 21/22 are the sum of Recology costs ($3,194,000), City costs ($11,615), and processing costs ($118,900), yielding **$3,324,515** in projected total revenue need in FY 21/22.

Recycling Rate Adjustment

Projected annual recycling revenues at current rates (effective February 2021) and current subscription levels (November 2020) are projected at **$2,917,777**. This figure represents the revenues that the City could expect to collect in FY 21/22 if no adjustments to recycling rates were made and is less than the total projected cost of $3,324,515.

In order to meet the projected cost of service for FY 21/22, the City's recycling rate revenues need to increase by $406,738. Recycling rates were developed with components to meet this increased revenue need. As described below:

- Recology Collection – Cost paid to Recology for collection of recycling, divided by the projected number of billing units (496,627 including those units charged for multiple weekly lifts) divided by 12 months, yielding $5.36 per unit per month.
- Processing Costs – Projected processing cost of $118,900 divided by the number of billing units, divided by 12 months, yielding $0.20 per month.
- City Program Costs – City expenses of $11,615 divided by the number of billing units, divided by 12 months, yielding $0.02 per month.
- Total Recycling Rate – Sum of the above, yielding **$5.58** per unit-lift per month.

Yard Trimming Rates

Yard Trimmings MTWS Costs

MTWS provides collection of yard trimmings in the City. Projected FY 21/22 costs for yard trimmings collection were developed based on City's payment to MTWS's in October and November 2020 (at current subscription levels), multiplied by the 9% contractually owed escalation in MTWS's per unit compensation effective July 1, 2021. This amount is estimated to be **$2,443,300** projected for FY 21/22.

City Yard Trimmings Program Costs

The City incurs expenses related to the provision of yard programs. The City's initial FY 21/22 budget for these expenses is **$40,110**.

Yard Trimmings Processing Costs

Yard trimmings will continue to be directed to and composted at Newby (which has a composting facility) through December 31, 2024. Based on tonnage information from July through October 2020, it is estimated that there will be 10,900 of yard trimmings collected for composting in FY 21/22. The projected

per ton rate for disposal at Newby is $44, an assumed 4% escalation over the current rate of $42.09. Based on these figures, projected disposal of bin residual is **$479,600**.

Yard Trimmings Total Projected Costs

Projected total costs for yard trimmings in FY 21/22 are the sum of MTWS costs ($2,443,300), City costs ($40,110), and processing costs ($479,600), yielding **$2,963,010** in projected total revenue need in FY 21/22.

Yard Trimmings Rate Adjustment

Projected yard trimmings revenues at current rates (effective February 2021) and current subscription levels (November 2020) are projected at **$2,681,479**. This figure represents the revenues that the City could expect to collect in FY 21/22 if no adjustments to yard trimmings rates were made and is less than the total projected cost of $2,963,010.

In order to meet the projected cost of service for FY 21/22, the City's yard trimmings rate revenues need to increase by $281,531. Yard trimming rates were developed with components to meet this increased revenue need. As described below:

- MTWS Tariff – Less 10% paid to City for billing and franchise fees, $10.75.
- Processing Costs – Projected processing cost of $479,600 divided by the number of yard trimmings billing units (18,937), divided by 12 months, yielding $2.11 per month.
- City Program Costs – City expenses of $40,110 divided by the number of billing units, divided by 12 months, yielding $0.18 per month.
- Total Recycling Rate – Sum of the above, yielding **$13.04** per month.

Clean-up Campaign Rates

MTWS Costs

MTWS provided support to the City in conducting the annual Clean-up Campaign. It is estimated that the City's costs for MTWS's service in support of the Clean-up Campaign in FY 21/22 will be **$570,000**, based on prior amounts paid and per unit compensation to MTWS set by contract.

City Costs

The City incurs expenses related to the provision of the Clean-up Campaign, primarily for labor and overhead costs, trucking costs, staffing costs, equipment rental, and technical services for the campaign. The City's initial FY 21/22 budget for these expenses is **$1,573,564**.

$1,176,564 of these costs are directly related to the cost of collection and are therefore included in the summary of collection costs shown in the "Clean-up Campaign Rate Adjustment" section below along with the $570,000 in MTWS collection costs shown above. The remaining $397,000 are for City costs for administration, materials, service supplies, and general overhead.

Disposal Costs

Clean-up Campaign materials will continue to be directed to Newby through December 31, 2024. Based on tonnage information from prior clean-up campaigns, it is estimated that there will be 6,000 tons of clean-up campaign materials in FY 21/22. The projected per ton rate for disposal at Newby is $53, an

assumed 4% escalation over the current rate of $50.65. Based on these figures, projected disposal of bin residual is **$318,000**.

Clean-up Campaign Total Projected Costs

Projected total costs for the Clean-up Campaign in FY 21/22 are the sum of MTWS costs ($570,000), City costs ($1,573,564), and disposal costs ($318,000), yielding **$2,461,564** in projected total revenue need in FY 21/22.

Clean-up Campaign Rate Adjustment

Projected annual Clean-up Campaign revenues at current rates (effective February 2021) and current subscription levels (November 2020) are projected at **$2,313,319**. This figure represents the revenues that the City could expect to collect in FY 21/22 if no adjustments to recycling rates were made and is less than the total projected cost of $2,461,564.

In order to meet the projected cost of service for FY 21/22, the City's Clean-up Campaign rate revenues need to increase by $148,245. The Clean-Up Campaign rate was developed with components to meet this increased revenue need. As described below:

- Collection – Based on sum of the payment to MTWS, the labor costs for collection crews loading trucks, and the Clean-Up Campaign trucking services (totaling $1,746,564), divided by the number of Clean-up Campaign billing units (32,674), divided by 12 months, yielding $4.46.
- Processing Costs – Based on the cost for paid to Republic for disposal at Newby Island ($318,000), divided by the number of billing units, divided by 12 months, yielding $0.81.
- Remaining City Program Costs – City expenses for administration, materials, service supplies, and general overhead (which are not otherwise included in Collection above and total to $397,000) divided by the number of billing units, divided by 12 months, yielding $1.01.
- Total Recycling Rate – Sum of the above, yielding $6.28 per month.

Financial Rate Assistance Program Option

The City currently has a Financial Rate Assistance Program which provides for a $3 per month discount in monthly rates for eligible customers, and which is funded by reductions in MTWS compensation for those customers. If the City were to increase the discount to a total amount of $10 per month, the annual additional costs to the City would be approximately $33,000 per year. This is based on a total of 394 customers currently enrolled in the program, times an additional $7 per month of funding (above the $3 per month covered by MTWS), times twelve months.

Rate Study Limitations

Projections included in this report are based on currently available information provided by the City and its contractors. There will naturally be variances between projections made herein and the City's actual expenses and revenues based on variations in subscription levels and tonnages. Additionally, variations in projections to actuals should be expected as this report includes assumptions regarding residual percentages, implementation of new "unit-lifts" recycling charges, and other factors. R3 recommends that the City continue to update this Rate Study annually as new information becomes available over the course of the next few years.

* * * * * *

R3 appreciates the opportunity to be of service to the City. Should you have any questions or need any additional information please contact me by phone at (510) 292-0853 or by email at gschultz@r3cgi.com.

Sincerely,

R3 CONSULTING GROUP

Garth Schultz | Principal

REPORT TO COUNCIL

SUBJECT

Public Hearing: Action on a Resolution Establishing the Average Per-Acre Land Values and Updating the Parkland In-Lieu Fee Schedule for FY2021/22 for New Residential Development

COUNCIL PILLAR

Enhance Community Sports, Recreational and Arts Assets

BACKGROUND

In July 2014, the City Council adopted Ordinance No.1928 which added Chapter 17.35 "Park and Recreational Land" to the Santa Clara City Code (Code) that requires new residential developments to provide developed park and recreational land, and/or pay a fee in-lieu of dedication ("In-Lieu Fees") pursuant to the Quimby Act ("Quimby") and/or the Mitigation Fee Act ("MFA"). The Code requires that land values be used in the calculation of the In-Lieu Fees. The City completes its annual land valuation study in accordance with City Code Section 17.35.040 and Supplemental Instructions approved by Council June 7, 2016. The appraisal reports have a valuation date of December 31 (full calendar year January 1 to December 31) and include the average value of an acre of land for each of the three residential ZIP Code areas of the City (95050, 95051, and 95054). The land valuation report is posted on the City website for a two-week public comment period and persons interested in this subject are notified. The purpose of this memorandum is to share the findings of the land valuation report and recommend corresponding updates to the Parkland In-Lieu Fee Schedule for FY2021/22.

DISCUSSION

In March 2021, the City of Santa Clara completed its annual land valuation study by Frank Schmidt & Associates with a valuation date December 31, 2020 (Attachment 1). Table 1 below provides the 2020 valuation for the City's three residential zip code areas along with prior years' values for comparison.

Table 1 Average Land Value per Acre

Area	*12-31-2020*	12-31-2019	% Diff	12-31-2017*	12-31-2016	12-31-2015
95050	*$4,720,000*	$4,385,000	*+7.6*	$3,738,000	$3,315,000	$3,620,000
95051	*$5,120,000*	$4,630,000	*+10.6*	$3,993,000	$3,583,000	$3,800,000
95054	*$4,830,000*	$4,495,000	*+7.5*	$4,035,000	$3,669,000	$3,685,000

*2017 values are used in existing fee schedule for FY2020/21.

Proposed Fees

This report proposes Council adoption of a Resolution (Attachment 2) to establish the Parkland In-Lieu Fee Schedule for FY2021/22. The proposed fees are in conformance with Council Resolution No.19-8769 (Attachment 3), adopted on October 29, 2019 which directed staff to "phase in the park improvement cost increase of $2,664 ($3,471 - $807) per capita over a four-year period increasing 25% ($666) per year and continue to adjust the land valuation (increase/decrease) fee component each year based on the annual land appraisal at 100% cost recovery."

The *proposed* In-Lieu Fees are calculated based on the 2020 cost of land ($4.720 million per acre in 95050, $5.120 million per acre in 95051, and $4.495 million per acre in 95054), and 75% of the approved per capita cost for park construction/improvement ($2,805). If adopted, the In-Lieu Fees would increase between 21% and 29% depending upon the area, housing type (single family/multifamily), and whether the residential project is subject to Quimby or MFA. Table 2 below provides a comparison of current and proposed fees.

Table 2 Proposed In-Lieu Fees

Housing		**Quimby**			**MFA**		
Area	Type	Current	*Proposed*	% Diff.	Current	*Proposed*	% Diff.
95050	SF	$40,588	*$51,567*	27%	$36,044	*$45,828*	27%
	MULTI	$32,688	*$41,530*		$29,028	*$36,908*	
95051	SF	$42,913	*$55,214*	28.7%	$38,059	*$48,989*	28.7%
	MULTI	$34,561	*$44,468*		$30,651	*$39,454*	
95054	SF	$43,296	*$52,570*	21.4%	$38,390	*$46,697*	21.6%
	MULTI	$34,869	*$42,338*		$30,918	*$37,609*	

Developer/Appraiser Comments

The Annual Land Valuation appraisal report was posted on the City website for review from March 30, 2021 to April 16, 2021. Members of the public and development community were invited to review and comment. The comments/questions received (Attachment 4) are paraphrased in *"italics"* followed by appraiser response below.

- *The report assumes the land value increased to $4,830,000 which represents approximately 7.5% increase from prior appraisal.*
    - Due to the COVID pandemic in 2020, the uncertainty in the market caused nearly all facets of the market to be reevaluated. However, beginning in about the third quarter, buyer demand for residential increased. The primary reason for the value increase from one-year prior was due to an increase in residential sales transactions in 2020 from 44% in 2019 to 57% in 2020. Based on the Supplemental Appraisal Instructions using the weighted average, the increase in residential transactions resulted in a higher percentage of residential land component for the hypothetical 1-acre lot in each zip code; since residential land values are higher than commercial and industrial, the average price per acre increased.
- *The appraisal assumes many factors, including economic rebound and increase in sales comparables from another zip code region within Santa Clara. Commercial and*

Commercial/industrial land values have decreased. For example, the 4590 Patrick Henry tenant filed for bankruptcy in 2020 and subtenant vacated and down-sized outside of 95054. Most properties are not achieving rental asking prices.

- Yes, commercial land values decreased in 2020, but industrial overall actually increased. This was likely due to the work-from-home dynamic that kept pressure on delivery services and data centers to keep up with the increased demand, which increased the need for more industrial space to accommodate rising demand.

- *Using a 95% adjustment factor for residential is too high when rental residential has been decreasing by 15% from prior year. New land value per acre in 95054 should consider using values prior to pandemic.*
  - The appraisal report uses the General Standards for Appraisal and the Supplemental Instructions for Appraisal adopted by Council. It sets the average per acre value, not a value for a specific property. The City Code allows individual property owners to have a property-specific appraisal completed for their residential project following the same standards and methodology. Using values over three years old would not account for changes in value from 2018, 2019 and 2020.

- *Impacts on real estate are yet to be realized, construction costs are rising, rents are declining, vacancies and capitalization rates are increasing.*
  - Yes, rents declined but the rental property land component is only a small portion of residential. The vast majority of the City's residential is "for sale" housing, and this housing type increased the most in value in 2020. While some of the impacts from the pandemic may not be realized, we must keep in mind that the concluded values were as of December 31, 2020 and through the market lens as of that date. Whatever market risks there were moving forward were, in theory, factored into the data as of that valuation date. In addition, low interest rates and strong housing demand continue to fuel the for-sale and rental housing market.

- *The City should set aside the 2020 appraisal and instead use the 2017 Appraisal to set the land value component of the fees. The fee increase adopted by Council in November 2019 included park improvement cost escalators built into the fee.*

  - The fee increase adopted by Council in November 2019 did NOT include a park improvement cost escalator, but rather a phase-in of the improvements' value increase over a four-year period (see Resolution No. 19-8769). The land valuation is set at 100% cost recovery. If Council sets the fees lower than cost recovery, a source for additional funds to acquire the 2.6-3.0 acres of developed parkland per 1,000 new residents would need to be identified or the City would not be able to meet the park standard.

Fee Implementation

In conformance with State law, the proposed Resolution provides the required findings and implementation dates of fees for projects subject to Quimby (immediately after adoption of the Parkland In-Lieu Fee Resolution), and projects subject to MFA (no sooner that 60 days after adoption of the Parkland In-Lieu Fee Resolution).

Based on a public hearing date of May 25, 2021, the Quimby In-Lieu Fees would apply to new

residential housing projects with applications deemed complete on or after May 26, 2021; and, the MFA In-Lieu Fees would apply to new residential projects with applications deemed complete on or after July 25, 2021.

Summary

In March 2021, the City of Santa Clara completed its annual land valuation study for 2020. This report follows the process Council has previously approved and simply updates the land values used in the Parkland In-Lieu Fee calculations to reflect changes in the market. The land values have not been updated since 2017. The continued use of lower (older) land values results in cost recovery of less than 100% and a financial subsidy for new housing development and the inability to acquire and develop new parkland and recreational amenities to maintain the current park system standards of 2.6 to 3.0 acres per 1,000 residents. The pandemic has heightened the public's awareness of the importance of parks to their quality of life. The proposed resolution contains all of the required findings for the Quimby Act and Mitigation Fee Act and the recommendations are in line with the Council Pillar to enhance community sports, recreation and art assets.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment. In addition, the requirement of parkland dedication or collection of fees in-lieu may assist in the mitigation of impacts on the environment from new housing development projects.

FISCAL IMPACT

The actual amount of Parkland In-Lieu Fee revenue collected will vary based on the project application type (Quimby/MFA), the area of the City (95050, 95051, 95054), the density of housing units (multifamily versus single family), the amount of public parkland dedicated, and the amount of financial credit developers receive for eligible on-site private open space and recreation amenities (which reduces remaining fees due by 50%-65%). Since the exact number and type of new housing units to be built in any particular year is unknown, an exact amount of In-Lieu Fees revenues cannot be calculated at this time. However, when the In Lieu Fee Policy is set at 100% cost recovery, the In-Lieu Fee program will recover 100% of the costs to provide new residents developed public parkland and recreational amenities at the same level of service as provided to existing residents. If fees are set at less than 100% cost recovery, then additional funds from the General Fund or other sources of capital will be needed to fill the funding gap, or the level of service will decline.

In August and October of 2019, Council approved Resolution Nos. 19-8749 and 19-8769 which maintained the use of 2017 land valuation data and phased in over four years the 2018 park improvement values. Over the same period, construction cost escalation has increased an average of 3.2% per year (10 years average is 3%/year). The estimated impact of the maintaining the land values and improvements at artificially low values has resulted in a net reduction of approximately $4,583,000 of Park In-Lieu Fees collected based on actual projects.

As noted above, land valuation has not been updated since 2017. The continued use of lower (older) land and park construction values yields cost recovery rates of less than 100% and a financial subsidy for new housing development. Over time, the City will need to identify other funding sources for acquisition and development of new parkland in order to maintain current park system standards

of 2.6 to 3.0 acres per 1,000 residents of adequately developed parkland and sufficient recreational facilities. Without sufficient parkland and facilities, there is increased demand on existing, older facilities which causes additional wear, earlier/more frequent repair/renewal, and higher maintenance and capital replacement costs.

COORDINATION

This agreement has been coordinated with the Finance Department and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

Public Notice of the May 25, 2021 Council hearing was published in the *Weekly*, a newspaper of general circulation, on May 5, 2021 and on May12, 2021, and an E-notify email sent to individuals whom have opted in to receive information about this topic. A copy of this report was posted on May 21, 2021 on the City website and in the City Clerk's Office.

RECOMMENDATION

Adopt a Resolution to Establish the Parkland In-Lieu Fee Schedule for New Residential Development for FY2021/22 In Accordance with Title 17 ("Development") Chapter 35 ("Park and Recreational Land") of the City Code using the December 31, 2020 land valuation report.

Prepared by: James Teixeira, Director of Parks & Recreation
Approved by: Deanna J. Santana, City Manager

Santa Clara, CA 95050

Re: Annual Land Valuation Appraisal Report
Average Value of Three Hypothetical 1-Acre Lots,
One for Each Zip Code Comprising 95050, 95051, and 95054
Santa Clara, California, U.S.A.

Dear Mr. Teixeira:

Pursuant to your request, I have completed the annual land valuation appraisal to aid the City of Santa Clara in establishing park impact fees. Following this letter of transmittal is my appraisal and analysis opining the value of a hypothetical 1-acre lot in each of the City's three zip codes.

In June 2016 the City of Santa Clara City Council approved Supplemental Instructions for the Appraisal of the Fair Market Value of land used in the Parkland Dedication In-Lieu Fee. These supplemental instructions and guidelines for the Appraisal are displayed in the Addenda. One of the supplemental instructions was that the valuation date occurs each year on December 31. Since the date of my opinion of value, December 31, 2020 precedes the date I wrote and transmitted this appraisal by about 2½ months, this is considered a retrospective appraisal as defined by the Uniform Standards of Professional Appraisal Practice. Since this is a retrospective value, it is important to note that I only considered data that was available and/or public as of the date of value. The exception to this was the 2020 land area data provided by Old Republic Title Company which was not available until February 2021, and some brokerage reports published in January 2021, but containing 2020 data.

I have appraised the subject of this appraisal numerous times since 2014, and most recently with a date of opinion of December 31, 2019. Based on land area, in 2019 about 55% of all the transactions sold in the preceding 12 months were categorized as industrial and commercial, and the other 45% were categorized as residential. In 2020, approximately 43% of all transactions sold in the preceding 12 months were industrial and commercial, while 57% were categorized as residential. Because residential unit values are greater than commercial and industrial, this resulted in higher concluded values for each zip code in 2020 compared to 2019.

DRAFT

To complete this appraisal, I conducted an investigation, gathered data, and made the analyses necessary to enable me to fulfill the purpose of this assignment, which was to estimate the fair market value of a hypothetical 1-acre lot comprising components of high-density residential, medium-density residential, low-density residential, very low-density residential, commercial, and industrial, to form and report the average value per acre of land in the three existing Zip Codes in the City of Santa Clara consisting of 95050, 95051, and 95054. The average value was established using the weighted average of these different property types, based on the percentage of total land area associated with the different property types that sold in the City of Santa Clara in the 12 months prior to the date of value and based on land area data provided by Old Republic Title Company.

I understand that this Appraisal Report is intended for use by the Client, the City of Santa Clara, for assistance in determining park impact fees.

The COVID-19 pandemic had various affects on local real estate markets in 2020. Following a general shutdown of the economy in mid-March and April 2020, the remainder of the year experienced a fairly strong bounce-back for many real estate sectors, particularly housing and industrial. However, retail showed mixed signs and office markets appear to be in a holding pattern as office-workers have adapted to working from home. Some small market segments, notably hospitality and leisure/entertainment faced sharp declines in demand. Two vaccine manufacturers received FDA approvals for emergency use authorization in mid-December 2020. By the close of 2020 (and the effective date of value for this appraisal) the vaccine began being administered to health care workers and the elderly. Economists believe the vaccine roll-out will aid in getting the economy moving again. If, and when, schools reopen, many parents will be able to work more and possibly return to offices or into the workforce. Already, unemployment improved significantly from spring 2020. Further discussion of the COVID-19 effects are presented throughout this report.

DRAFT

Hypothetical Conditions, Extraordinary Assumptions, and Contingencies

Hypothetical Condition is defined as "a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis."[1] I supposed the following hypothetical conditions:

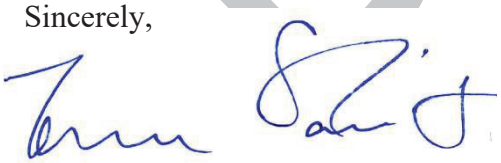
- The fair market value was estimated based on different land value components applied to a hypothetical lot. It was a hypothetical condition of this appraisal that the subject lot was a finished lot and rated average in all other physical, locational, and legal aspects.

[1] *2020-2021 Uniform Standards of Professional Appraisal Practice* (USA, The Appraisal Foundation, 2020)

- Since the hypothetical lot will be comprised of different land value components and it is unlikely the City's land use ordinances would allow the different property types on the same lot, it was necessary to apply a hypothetical condition that each of the following uses would be permitted on the subject lot: high-density residential, medium-density residential, low and very low-density residential, commercial, and industrial.

Extraordinary Assumption is defined as "an assignment-specific assumption as of the effective date regarding uncertain information used in an analysis which, if found to be false, could alter the appraiser's opinions or conclusions."[2]

- In this appraisal, land areas provided by Old Republic Title Company were used to estimate the weighted average of all the sale transactions that occurred in the City of Santa Clara in 2020. It was an extraordinary assumption of this appraisal that the land areas provided by Old Republic were accurate.



The use of these hypothetical conditions and extraordinary assumption might have affected the assignment results.

There are general assumptions and limiting conditions set forth in this report.

Based on the investigation and analyses undertaken, I formed the opinion that the average value per acre on December 31, 2020, the effective date of opinion, for each zip code was:

Zip Code	Average Value
95050	$4,720,000
95051	$5,120,000
95054	$4,830,000

Sincerely,

Frank E. Schmidt, MAI, SRA
California Certified General Real Estate Appraiser No. AG005421

[2] *2020-2021 Uniform Standards of Professional Appraisal Practice* (USA, The Appraisal Foundation, 2020)

EXECUTIVE SUMMARY

CLIENT : City of Santa Clara

LOCATION : City of Santa Clara, California

PROPERTY TYPES : Very Low-Density Residential, Low-Density Residential, Medium-Density Residential, High-Density Residential, Commercial, and Industrial Land

SITE AREA : Each Hypothetical Lot is One Acre

FLOOD HAZARD STATUS : Zone X; the hypothetical lots are outside any flood zones

EARTHQUAKE FAULT ZONE : The hypothetical lots are not located in an Earthquake Fault Zone as designated under the Alquist-Priolo Earthquake Fault Zoning Act.

GENERAL PLAN, & HIGHEST AND BEST USE :

Use of Hypothetical Lot	General Plan	Highest & Best Use
Very Low Density Residential	Very Low Density Residential	Very Low Density Residential
Low Density Residential	Low Density Residential	Low Density Residential
Medium Density Residential	Medium Density Residential	Medium Density Residential
High Density Residential	High Density Residential	High Density Residential
Commercial	Regional Commercial	Hold for Development of a Commercial Building
Industrial	Light Industrial	Light Industrial Building

EFFECTIVE DATE OF VALUE : December 31, 2020

PROPERTY RIGHTS APPRAISED : Fee Simple Estate

AVERAGE VALUE CONCLUSIONS :

Zip Code	Average Value
95050	$4,720,000
95051	$5,120,000
95054	$4,830,000

DRAFT

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

This appraisal and report were made applying these **general assumptions**:

1. No responsibility was assumed for the legal description or for matters including legal or title considerations. Title to the hypothetical properties was assumed to be good and marketable and free and clear of all liens, encumbrances, easements, and restrictions except those specifically addressed in this report;

3. Responsible ownership and competent property management were assumed;

4. The information furnished by the Client and others was believed to be reliable. However, no warranty is given for its accuracy;

5. All engineering was assumed correct. Plot plans or any other illustrative material in this report were included only to assist the reader in visualizing the property;

6. It was assumed that there are no hidden or unapparent conditions in the hypothetical properties that render them more or less marketable or valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them;

7. Unless otherwise stated in this report, the existence of hazardous material, toxic waste, and/or other environmental impairments which may or may not be present on or in the hypothetical properties, was not investigated by this consultant.

   As real estate consultants, we are not qualified to properly investigate this property for any discharge, spillage, uncontrolled loss, seepage, filtration, or storage of hazardous substances which may adversely affect the value of this property. Neither are we qualified to detect the presence of substances such as asbestos, urea-formaldehyde foam insulation, nor other materials that could create an environmental impairment to the subject property or to other property caused by conditions present at the subject property. Our opinion(s) were predicated on the assumption that there is no such material on or in the property that would affect market value. No responsibility was assumed for any such conditions or for any expertise or engineering knowledge required to discover and/or correct them;

8. It was assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless non-compliance is stated, defined, and considered in the report;

9. It was assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in the appraisal and reported in the report; and

CERTIFICATION

I certify that, to the best of my knowledge and belief:

1. The statements of fact contained in this report are true and correct.

2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.

3. I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.

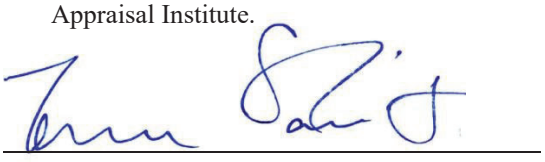
4. I previously appraised the subject of this report for the same Client on several occasions, most recently in a draft appraisal report transmitted June 11, 2020 and having a date of value of December 31, 2019.

5. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.

7. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

8. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the *Uniform Standards of Professional Appraisal Practice* (USPAP).



9. I have not inspected the property that is the subject of this report since the subject lots are hypothetical.

10. Under my direction, Mr. Matthew Watson, MAI verified the comparable data, performed analysis, and wrote the first draft of the appraisal report.

11. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics & Standards of Professional Practice of the Appraisal Institute.

12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

13. As of the date of this report, I have completed the continuing education program for Designated Members of the Appraisal Institute.

DRAFT

SCOPE OF THE ASSIGNMENT

Information Provided to the Appraisers

The Client provided excerpts from the Parks and Recreation Facilities Fee Study completed by Willdan Financial Services. Old Republic Title Company provided Santa Clara sales statistics of land areas to assist us in estimating the weighted average of all the sale transactions that occurred in the City of Santa Clara in the 12 months preceding the date of value. We were also provided the "Supplemental Instructions for Appraisal" approved by Santa Clara City Council on June 7, 2016, which are displayed in the Addenda. Lastly, in previous appraisals, City Parks provided us the Park Impact Fee Ordinance (No. 1928).

Extent of Research into Physical Factors

We drove several streets throughout Santa Clara over the past several years including various times in 2016, 2017, 2020, and 2021. We note changes that are occurring or have occurred, particularly regarding new development. We gathered data about land use ordinances for each hypothetical lot and the comparables from the websites of the appropriate municipalities.

Extent of Research Into Economic Factors

We gathered, analyzed, and applied macro-economic information gleaned from many sources, including:

- The Wall Street Journal
- 12th District Beige Book
- GlobeSt.com
- CoStar News
- The Kiplinger Letter
- CoreLogic

We gathered, analyzed, and applied data about market conditions and other micro-economic information from:

- Websites of Commercial Brokerages
- Commercial and/or residential multiple listing services
- Silicon Valley Business Journal
- San Jose Mercury News
- Discussions with agents active in the subject market

DRAFT

We talked to the buyers, sellers, and agents whose names we discovered on signage in the neighborhood and during comparable verification. We learned about additional market data from these people.

Extent of Comparable Data Research

We used a variety of sources and subscription services to gather comparable data, including:

- Verified Data Files from Other Appraisals
- CoStar Group
- DataTree
- MLSlistings.com
- LoopNet
- Commercial Real Estate Brokerage Websites

Verification

The most appropriate data that we discovered was verified with a party to the transaction. When that was not possible, we discuss and/or state the verification source(s), using public record data, subscription services, MLS, etc. in the Analysis section.

Among the comparables selected we studied copies of the assessor's parcel maps, public record summary, aerial maps, records of survey, and other data such as structural, geological, or environmental reports, subdivision maps, title reports, etc. We also reviewed planning proposals/approvals and permit histories where appropriate.

Type and Extent of Analysis Applied

The data is summarized on spreadsheets displayed in the Analysis sections following. The analysis was comparative, iterative, qualitative, and quantitative.

Compliance

It was the intent of this appraisal to comply with the requirements of:

- The Uniform Standards of Professional Appraisal Practice (USPAP) including the Ethics and Competency Provisions as promulgated by the Appraisal Standards Board of the Appraisal Foundation.

DRAFT

- The Code of Professional Ethics and Standards of Professional Practice of the Appraisal Institute.

- The City of Santa Clara's "Supplemental Instructions for Appraisal"

DEFINITIONS

According to the California Code of Civil Procedure, Section 1263.320 defines **Fair Market Value** as:

> "(a) the highest price on the date of valuation that would be agreed to by a seller, being willing to sell but under no particular or urgent necessity for so doing, nor obliged to sell, and a buyer, being ready, willing, and able to buy but under no particular necessity for so doing, each dealing with the other with full knowledge of all the uses and purposes for which the property is reasonably adaptable and available.
>
> (b) The fair market value of property taken for which there is no relevant, comparable market is its value on the date of valuation as determined by any method of valuation that is just and equitable."

Revised federal definitions in the Uniform Act identify the definitions of "market value" and "fair market value" as one and the same. These terms are used interchangeably in this report.

Weighted Average means an average resulting from the multiplication of each component by a factor reflecting its importance or contribution.

Average Value means a value that is calculated by adding values together and then dividing the total by the number of values.

Fee Simple Estate means absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat." [3]

DRAFT

[3] Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 6th ed., (Chicago: Appraisal Institute, 2015)

REAL PROPERTY, REAL ESTATE, AND PERSONAL PROPERTY APPRAISED

Real Property is defined as all of the interests, benefits, and rights in the ownership of the physical real estate, that is, the bundle of rights with which the ownership of the real estate is endowed. Real estate is defined as physical land and appurtenances attached to the land.

Real Property Rights Appraised

The subject properties are hypothetical unimproved lots and the fee simple estate is appraised.

Real Estate Appraised

It is an assumption of this appraisal that the subject's hypothetical finished lot is graded and level, all utilities and services are stubbed to the site, is ready for building improvement, and defined as follows:

Area	:	One acre
Shape & Frontage	:	Shape is rectangular with typical frontage along one street.
Topography	:	Level, at street grade
Drainage	:	Adequate
Utilities & Services	:	The municipality provides water, electrical, and sewer service. A private contractor provides garbage service. Local utility companies provide telephone and cable. All utilities are piped and wired onto the hypothetical lot.
Easements	:	Typical public utility easements along frontage presumed.
Soil Conditions	:	It is a general assumption of this appraisal that the hypothetical site is suitable for any legally permissible and physically possible use.
Environmental Impairment Issues	:	It is a general assumption of this appraisal that there are no environmental issues that affect the market value of the hypothetical lots.

DRAFT

Off-Site Improvements : Street is fully improved and maintained by the City; it is asphalt paved with streetlights, curbs, gutters, and sidewalks.

Street Access : Rates average in comparison to competing properties.

Exposure/Visibility : Rates average in comparison to competing properties for each hypothetical use.

Flood Hazard Status : Hypothetical lot is presumed to be within Zone X, which denotes areas of minimal flood hazard, usually depicted on FIRMs as above the 500-year flood level.

Earthquake Fault Zone : The hypothetical lot is not located in an Earthquake Fault Zone as designated under the Alquist-Priolo Earthquake Fault Zoning Act.

Improvements : None

Personal Property Appraised

We did not appraise any personal property.

PREVIOUS APPRAISALS

The author previously appraised the subject(s) of this report for the City of Santa Clara on several occasions, most recently in an Appraisal Report transmitted June 11, 2020 with an effective date of opinion of December 31, 2019. The next most recent appraisal of the subject was transmitted February 22, 2018 with an effective date of opinion of December 31, 2017. The intended use of all appraisals was the same: to assist the City in determining park impact fees.

REGION & CITY DESCRIPTION

The County of Santa Clara is located at the southern end of San Francisco Bay. It encompasses about 1,304 square miles of land with 15 incorporated cities and towns. According to California Department of Finance (CDF), on July 1, 2020, the county had a population of 1,962,251, an increase of 0.07 percent from the July 2019 estimate. Over the past several years, Santa Clara County had been experiencing strong employment conditions. Prior to the COVID-19 pandemic,

DRAFT

unemployment was at historical lows and essentially reflected full employment conditions. According to statistics published by the State of California Employment Development Department (EDD), the Santa Clara County unemployment rate was 5.9% in December 2020, based on a labor force of 1,040,900. This is a steep increase from the March 2020 unemployment rate of 3.4%, prior to COVID-19. It is also higher compared with the one-year prior unemployment rate of 2.2%, based on a labor force of 1,058,900 jobs. However, the County's unemployment rate peaked at 11.7% in April 2020 and has gradually declined since.

Santa Clara County, which makes up the bulk of Silicon Valley, is highly dependent on technology employment, including Adobe, Apple, Applied Materials, Cisco, eBay, Flextronics, Google (Alphabet), HP, Intel, Intuitive Surgical, Lockheed Martin Space Systems, Microsoft, Netapp, Oracle, PayPal, and Tesla.

The City of Santa Clara covers about 18.4 square miles and is surrounded by San Jose on the north, east, and south, and is adjacent to Sunnyvale and Cupertino on the west. The City of Santa Clara's population estimate was 129,104 as of January 1, 2020, according to the CDF, about 1.3% higher than 12 months earlier. Employment conditions in Santa Clara followed a similar trend as seen in Santa Clara County. Unemployment, according to the EDD, was reported at a rate of 5.3% in Santa Clara as of December 2020, based on a labor force of 70,600. The unemployment rate has generally followed a downward trend since peaking in April 2020 at 9.5%. Still, the current rate is far above the year ago rate of 2.0 percent in December 2019.

An aerial of the City of Santa Clara (outlined in red) and surrounding areas is shown below:

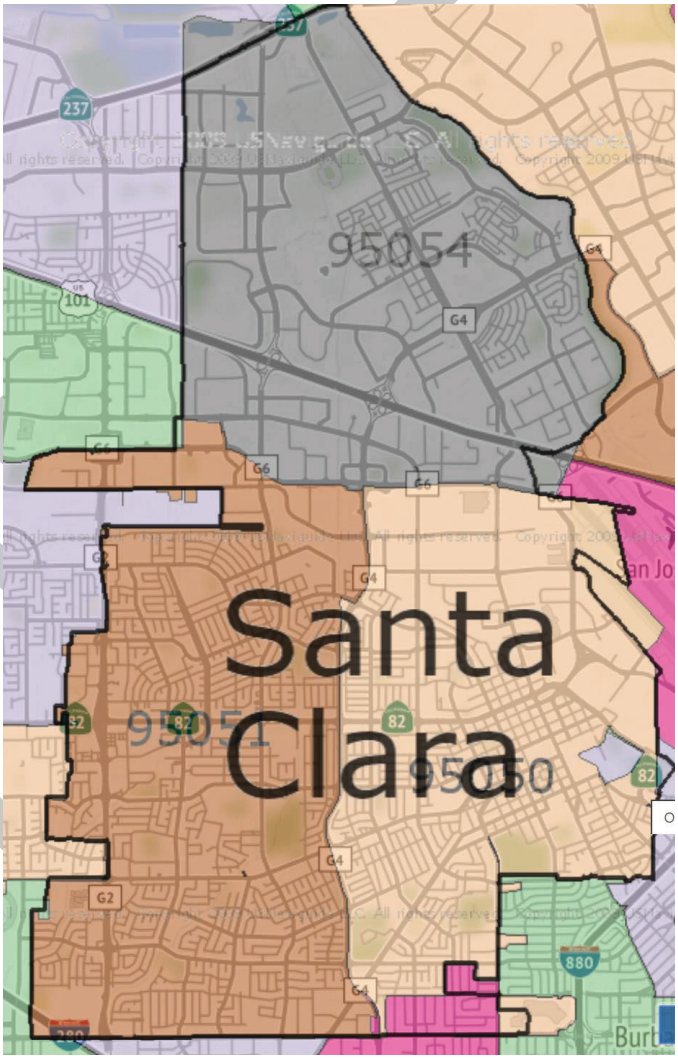
DRAFT

The two largest employers in the City of Santa Clara are Intel and Applied Materials. Other high-tech companies, such as AMD, Nvidia, Palo Alto Networks, Sun Microsystems, ServiceNow, and Agilent Technologies have headquarters in the City. Other large employers include California's Great America, Avaya Inc., Santa Clara City Hall, EMC Corporation, Macy's, and Santa Clara University. The City of Santa Clara is the supplier for the City's water and electric power, which it claims can save small industries almost 50% on their utility costs.

Levi's Stadium, the home of the San Francisco 49ers, opened over the summer of 2014 in the northern portion of the city, adjacent to Great America Theme Park and the existing 49ers practice facility. The Santa Clara Convention Center is also nearby and offers about 302,000 square feet of meeting space.

The opening of Levi's Stadium spurred an increase in demand for nearby properties. There are several projects under construction throughout the city and several proposals in progress that are anticipated to add thousands of square feet of new retail, office and residential. The largest proposal is from Related California and is named Related Santa Clara. The project is a 240-acre mixed use development located across from the street from Levi's Stadium. It would include 5.4 million SF of office, 1,680 residential units, 700 hotel rooms, and 1 million SF of retail, food and beverage, and entertainment. The first development phase will begin later in 2021 after being delayed by the pandemic. The Gateway Crossings project has received approvals for 1,565 residential units, 225 hotel rooms, 45,000 square feet of commercial uses, and 2.6 acres of parkland at 1205 Coleman Ave. Additional development in the City includes several new structures on the Santa Clara University campus, an expansion at Valley Fair Mall, and continued residential build-out of the Lawrence Station area.

The City's median household income was estimated by the U.S. Census Bureau at $126,006 in 2019 and the per capita income was about $53,986. The United States Census Quick Facts for 2015-2019 indicated the following demographics in Santa Clara:



Total Households	44,669
Owner Occupied Housing Unit Rate	42.9%
Average Household Size	2.74
Bachelor's Degree or Higher	59.9%
In Civilian Labor Force	69.2%

The City is home to Santa Clara University, Mission College, a junior college, and Golden State Baptist College. The City is primarily served by Santa Clara Unified School District, which includes 19 schools spanning transitional kindergarten through high school. The southwest corner of the City is served by Cupertino schools.

DRAFT

The City of Santa Clara and Santa Clara County benefit from a number of freeways, arterials, and expressways that provide access to most areas of the region, including three interstate highways, I-280, I-880, and I-680 in addition to several federal and state highways, US-101, CA-85, CA-87, CA-17, and CA-237. Caltrain, Amtrak, and ACE rail transportation, light rail, and VTA bus services provide mass transit for the city, connecting Santa Clara to the greater Bay Area. Located adjacent the City's eastern border is the Norman Y Mineta San Jose International Airport, with service to about 30 destinations.

There are three primary zip codes within the city, which are shown on the following map as the color-coded areas within the black-outlined city limit boundaries. Note that the 95053 zip code applies to Santa Clara University, which is located within the Santa Clara city limits, but was not included as part of this appraisal.

Source: zipmap.net

Conclusion

All locations within Santa Clara are proximate to nearby job centers, retail, housing, and linkages, contributing to the long-term demand for sites within the city.

MARKET CONDITIONS

The December 9, 2020 *UCLA Anderson Forecast* expects encouraging economic news to be forthcoming. "The December Forecast offers hope of a robust recovery from the current recession, based on the assumption that mass vaccinations would clear a path toward a new, productive normalcy for many industries. However, that good news is tempered by predictions of a rough winter, as economic growth remains stalled by measures intended to prevent rising spread of virus cases until vaccines become widely available."

"But a vaccine would help release pent-up consumer demand over the next year, leading to a strong recovery. The forecast anticipates that a surge in services consumption and continued strength in housing markets will propel the economy forward. Senior Economist Leo Feler expects the housing market to remain hot through at least 2023, with housing starts already at their highest levels since 2007."

"The reopening of the economy is directly related to the population's ability to safely return to work. As a result, the latest UCLA Anderson Forecast report, written by senior economist Leo Feler, anticipates two more quarters of slow growth — seasonally adjusted annual rates of 1.2% for the fourth quarter of 2020 and 1.8% for the first quarter of 2021 — before robust growth of 6% in the second quarter of 2021. After that, growth rates should remain above 3.0% well into 2023."

The *Winter 2021 Allen Matkins/UCLA Anderson Forecast California Commercial Real Estate Survey* "shows that the current pandemic-related economic recession is having a mixed effect on California commercial real estate sectors, as this particular downturn is not characterized by a slackening in housing markets or a stock market crash. While office space markets are in a holding pattern and retail markets are on a downward trajectory, multi-family housing and industrial space instead remain in the growth portion of their business cycles."

Following we present some statistics and comments regarding the market conditions for each land use we are appraising. Land market conditions for each of these uses are not typically tracked by any firms that we are aware of; it has been my experience and historically as reported by market participants that the land market for these uses typically shadow the improved markets, oftentimes leading. We report on the sale, rental, and construction trends of the

DRAFT

respective markets, in estimating the appropriate market conditions adjustments used in our following analysis.

Regional Economic Conditions

The commercial brokerage firm Cushman & Wakefield's *Bay Area Investment Marketbeat* for the fourth quarter of 2020, dated January 2021, notes that the San Francisco Bay Area investment market "witnessed nearly $7.1 billion in total sales in the fourth quarter of 2020 and finished the year with $19.2 billion in total sales. From 2015-2019, the market saw an average of $25.3 billion in sales. Since the third quarter, average price per square foot (psf) (excluding multi-family) increased to $553 psf across 107 property sales. The 2020 annual average was $434 psf, which is down from $521 psf in 2019, but higher than the previous five-year average of $383 psf. The office sector remains the most expensive sector finishing 2020 at $683 psf with a historic high of $817 psf during the fourth quarter. The average cap rate for all products increased to 5.4% by the end of the fourth quarter, bringing the 2020 cap rate to 4.9%, which is 10 basis points lower than the 2019 average."

"Numerous transactions were pending at the end of the third quarter and closed in the fourth quarter as investors focused on durable income streams and the sectors most likely to benefit from the disruptions of COVID - distribution, industrial, data centers, and life science. Government-backed loans for multi-family product have pushed interest rates to record lows, enabling many multi-family investment sales to close at cap rates below pre-Covid levels. The San Francisco Bay Area market had a particularly exceptional fourth quarter as it was the home of many large transactions and nearly $2.0 billion in sales volume."

CoStar Group, Inc. is a multinational provider of information, analytics, and marketing services to the commercial real estate industry. According to a CoStar Group report on economic conditions in the greater San Jose/Silicon Valley market area:

> *The coronavirus pandemic abruptly ended what had been the longest economic expansion in U.S. history, and disrupted San Jose's streak of above-average job growth. California and Bay Area counties including Santa Clara are taking a cautious approach to reopening economic activity, and businesses are suffering from the downturn in commerce.*
>
> *Employment in the San Jose metropolitan statistical area encompassing Santa Clara and San Benito Counties fell roughly 13% immediately following the coronavirus outbreak, and the market has slowly regained roughly a quarter of those losses. Employment is still down roughly 60,000 from its pre-pandemic peak, representing a 5.2% decline as of the latest jobs report from the Bureau of Labor Statistics covering November. While stark,*

DRAFT

job losses were even more pronounced across the state of California and the nation overall. San Jose, perhaps due to its concentration of employment stemming from mature tech giants, saw slightly fewer job losses than even San Francisco or the East Bay did, and it is on a slightly stronger recovery trajectory.

As expected, leisure and hospitality were the hardest hit sector, while retail trade is also down significantly. Employment in typical office-using sectors did not fall as sharply, but also declined. Professional and business services, which account for over a fifth of all jobs in the metro, has nearly recovered its initial coronavirus pandemic losses, registering less than 2% below its February 2020 peak now, while employment in information is 11% lower, and financial activities employment remains 4% lower. Manufacturing employment is down 6%. Construction employment fell by 31% but has already regained all of its losses and is up to a new high.

While San Jose's employment losses have been comparatively subdued, the tech industry's ability to adopt a remote-based workforce poses an acute threat to local demand for commercial real estate. Major Silicon Valley employers are now reevaluating their use of physical space and location, and if a wealth of existing locally-based positions become remote-based permanently, an outflow from commercial space and apartments could ensue.

Moving forward, Oxford projects San Jose's economic recovery will rank among the strongest across the country due to its unique industry makeup. The thriving tech industry drove San Jose's economic growth coming out of the Great Recession and is expected to do so again in the post-pandemic recovery. Unemployment registered just above 2% as 2019 ended, and employment opportunities outnumbered qualified workers. E-commerce was growing around 17% annually and has seen a recent spike due to social distancing measures.

Employee compensation at large tech companies is relatively high, but while income levels in San Jose rank among the strongest in the country, they do not necessarily support the market's rising costs of living. Home purchase affordability declined over the past decade as housing prices skyrocketed above the pace of income growth. As a result, many higher-income residents who would typically purchase a home are virtually locked into renting and paying a hefty percentage of their incomes on rent. If given the opportunity to maintain their jobs, a significant share of local workers recently surveyed said they would move out of town to work remotely on a permanent basis from a cheaper area.

DRAFT

Given the nature of how the coronavirus and social distancing measures are affecting the economy, some of the lowest risk sectors locally have proven to be healthcare and professional services, as employees have adapted to work remotely. Put together, these two employment sectors make up over a third of San Jose's employment, making San Jose one of the more insulated metros in the country. Harder hit sectors like leisure & hospitality and retail make up only around 20% of San Jose's employment base.

Overall, the long-term economic prospects in San Jose remain strong. Despite the market's high cost of living and transportation challenges, the world's most valuable companies are already committed to the South Bay/San Jose market. While there is near term uncertainty in the economy, long-term growth prospects for the metro are strong, and demand for commercial real estate and housing should remain high in conjunction with San Jose's robust economic base.

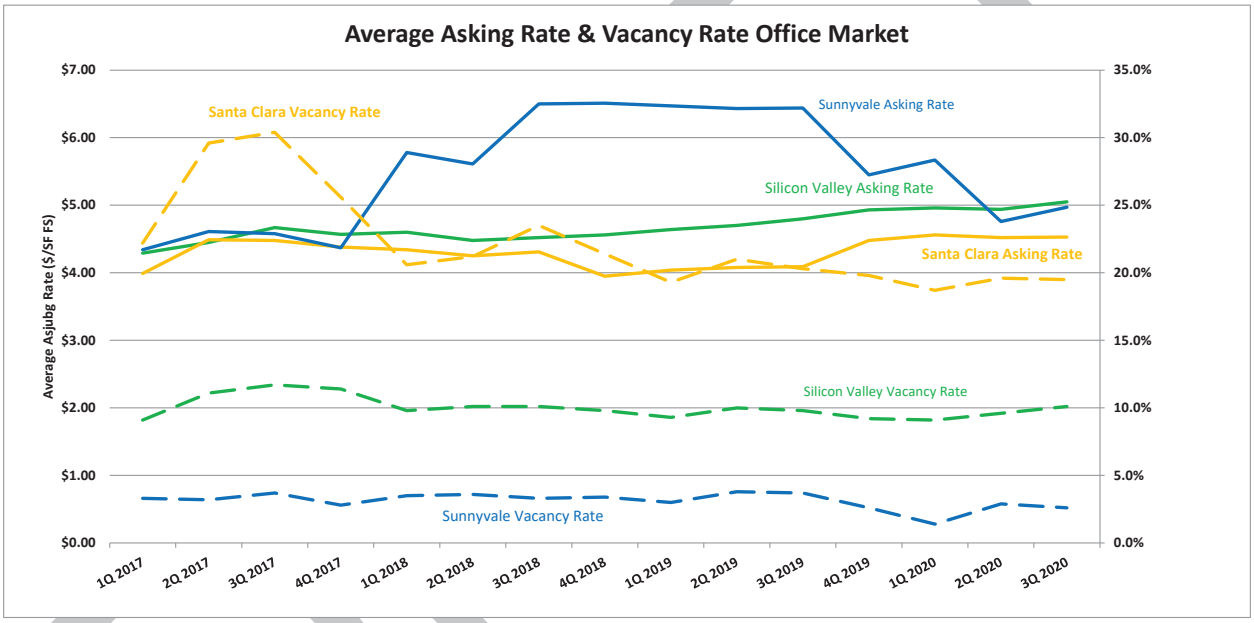
According to San Jose think-tank Joint Venture Silicon Valley (JVSV), job losses in Silicon Valley were most acute in the community infrastructure and services sector (retail, hotels, arts, entertainment, personal services, food services, and transportation). These jobs declined about 15.4% over the 12-month period ended June 2020, while overall employment over the same period fell 8.9%. Tech companies, however, increased job totals by 1.8% in Silicon Valley. "Silicon Valley city revenues are expected to decline by an average of 5% due primarily to the effects of the pandemic, with the most dramatic declines expected in transient occupancy taxes," the JVSV report stated. Furthermore, JVSV expects the economic rebound to be swift.

Some new construction may not occur in this market due to soaring prices for lumber and steel. Softwood lumber prices increased by 73% year-over-year, and iron and steel prices are up by 15.6%, according to data from the Associated Builders and Contractors. Part of this increase is delivery delays caused by congestion at the Port of Oakland and other ports nationwide.

Commercial Market Conditions

Commercial properties typically include office and retail uses. We discovered that office properties are generally being built in the central business districts and in light industrial locations. Research and development (R&D) properties have historically been a subcategory of industrial. However, R&D can rival office space in terms of finishes and quality and we elected to include a discussion of the R&D submarket as part of the commercial market. Many of the traditional retail corridors in this region, El Camino Real in particular, have land use ordinances that allow for residential mixed-uses.

In this market, real estate brokerages track office and retail statistics by city or submarket; they are not broken out by zip code. Following we present the relevant statistics pertaining to the



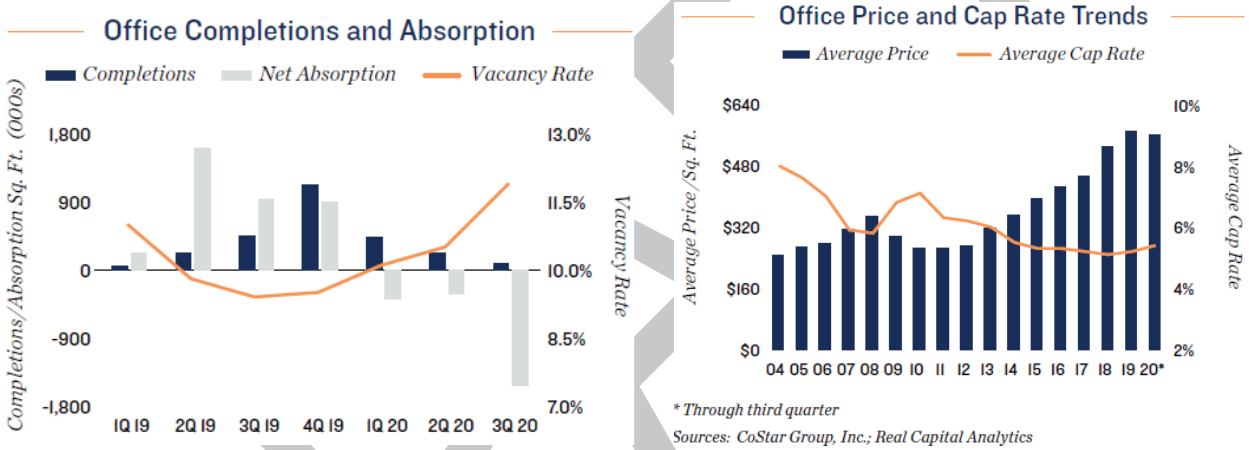
DRAFT

Santa Clara market and provide comments from market participants regarding the perceived differences in each of the Santa Clara zip codes that the three hypothetical lots being appraised are located.

Office Market

The Silicon Valley office market from early 2017 through 3Q-2020 was generally characterized by stable vacancy rates, positive net absorption, and overall increasing average asking rental rates. The next table displays data from the Cushman & Wakefield's 3Q-2020 Silicon Valley Marketbeat Office Snapshot and predecessor reports and includes statistics from the Silicon Valley market, the subject's submarket (Santa Clara), and the adjacent Sunnyvale submarket.

OFFICE STATISTICS



Source: Cushman & Wakefield Marketbeat Office Snapshot

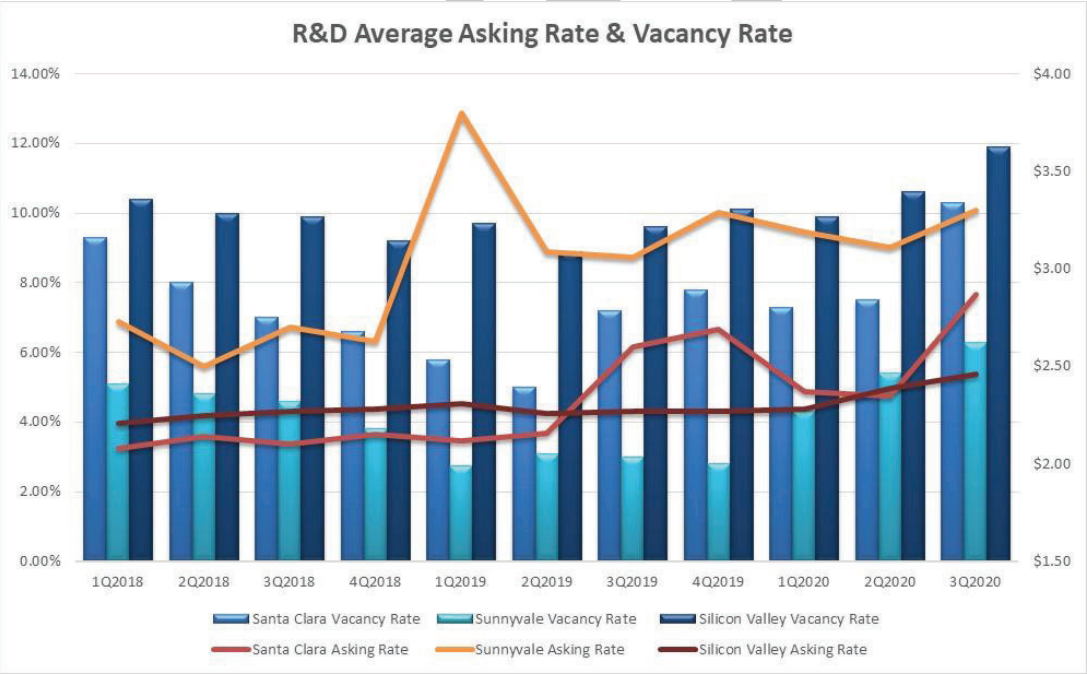
The data indicates that the office vacancy rate in Santa Clara generally declined from Q3-2017 through Q1-2020; it has remained just below 20% for four straight quarters. This elevated vacancy rate is due to several large office buildings in the Great America Pkwy, Bunker Hill Ln, and Scott Blvd corridors having significant vacancy. The Silicon Valley market has been overall more stable with vacancy reported at 10.1% for Q3-2020 and this rate has been within about 200 basis points during the last four years. However, it is the first time the rate has exceeded ten percent since Q4-2017. The region's availability represents 8.8 million square feet following just 84,069 square feet of net absorption in 3Q-2020. Cushman & Wakefield reports that the City of Santa Clara has some of the largest subleases on the market including Citrix and Avaya. The City of Santa Clara's experienced 8,978 square feet of net absorption in Q3-2020 aided by a 59,078 square foot renewal by KPMG at 3975 Freedom Circle.

The average asking rent in 3Q-2020 for the City of Santa Clara was $4.53/SF/Month on a Full Service expense basis, whereby taxes, insurance, maintenance, utilities, and janitorial expenses are bundled into the base rent. This is more than the $4.09/SF/Month asking rate from one year ago, but about the same as the asking rate from 3Q-2017 ($4.48/SF/Mo).

Marcus & Millichap's 4Q-2020 Market Report stated that in the San Jose Metro area, which includes Santa Clara, office vacancies increased 140 basis points in the third quarter to 11.9%; the largest jump was in Milpitas. Asking rents in the San Jose Metro decreased just 1.4% year-over-year to $4.11/SF/Month.

Marcus & Millichap reported the following trends in the San Jose Metro:

Marcus & Millichap's report states that "Over the past 12 months, developers added 1.8 million square feet of space, up from 950,000 square feet the prior year. Another 9.3 million square feet is underway, which is nearly 80 percent pre-leased. The average price per square foot was $559 during the 12-month period ending in September, unchanged from the prior year. The average cap rate was 5.4 percent in the last 12 months, up from a cyclical low of 5.1 percent"



There are several office developments under construction in Silicon Valley and Santa Clara. Notable developments in the City of Santa Clara include: a 6-story, 230,500 SF office building and a five-level garage under construction at 3200 Scott; an approved 6-story, 237,107 square foot office building at 3375 Scott Blvd; an approved 4-story, 1500,000 square foot office building at 3001 Tasman Drive; a five-story, 175,163 SF office building under construction at 3607 Kifer Rd; a proposal for a 12-story office building totaling 1,031,957 SF on a 10.1 acre site at 2901 Tasman Drive; and a proposal for two 8-story office buildings totaling 695,435 SF at 3625 Peterson Way that is pending review. Additionally, there is a large mixed-use development at 3905 Freedom Circle under construction which will include more than 1,000 residential units, 606,968 SF of office, and about 18,653 SF of commercial space.

DRAFT

It is still too soon to tell whether the work-from-home movement will have a long-lasting impact on office occupancy. Although many large tech companies have embraced the idea, and it appeared to be working for several months in 2020, towards the end of 2020, there were many reports of workers experiencing Zoom fatigue and missing the collaboration/comradery of an office environment. Office building developers remain bullish on downtown San Jose as evidenced by several office towers that remain under construction. Discussions with market participants revealed a consensus that the demand will pick up again with vaccine roll-out. The office market should improve given that some new construction has ceased. Locally, professional and business services employment, comprising more than one-fifth of all metro-area jobs, has recovered nearly all job losses incurred during the early stages of the pandemic. Long-term, office workers are expected to return in some form to the office, but lower space requirements due to workers working from home more are likely.

Research and Development (R&D) Market

The next table displays data from Colliers International's 3Q-2020 Silicon Valley R&D Market Snapshot and its predecessor reports:

Source: Colliers International

As shown above, Silicon Valley's R&D market experienced an overall stable vacancy rate within about 100 basis points of 10.0% from 1Q-2018 to 2Q-2020 before increasing to 11.9% in 3Q-2020. Meanwhile, asking rents have increased from $2.27/SF/month in 3Q-2019 to

$2.46/SF/month in 3Q-2020, an increase of about 0.70%/month on a NNN expense basis, despite the pandemic. A NNN expense basis in this market means the landlord is only paying for management of the account and reserves for replacement, while the tenant pays all other operating expenses.

Since 3Q-2018 the average asking rate in the City of Santa Clara increased from $2.10/SF/month NNN to $2.87/SF/Mo ending the 3Q-2020 or 0.99%/month. Over the last twelve months the asking rental rate increased 0.87%/month. Investor demand for R&D and office product remains above average, especially for well-located, modern buildings with long-term tenants in place. However, the vacancy rate trend shows a different narrative as in Santa Clara the vacancy rate experienced a cycle low of 5.0% in 2Q-2019 before registering 10.3% in 3Q-2020, the highest since Q4-2017. Part of the jump was due to the renovations at Mission Tech campus (at 2421-2451 Mission College Blvd), which resulted in 426,255 SF of vacancy coming online. The vacancy rate would be closer to eight percent without the Mission Tech vacancy.

Colliers International reported in their *2020 Q3 Silicon Valley Research and Forecast Report* a net absorption of negative 1,941,636 SF of R&D space in 3Q-2020 within Silicon Valley and a year-to-date total of negative 3,010,150 SF. The report notes that there is no new R&D product under construction throughout all of Silicon Valley and that none has been completed over the past four quarters.

Retail Market

According to Marcus & Millichap's Fourth Quarter 2020 San Jose Market Report, the expected impact of COVID on the retail market remains unknown while investors continue to be cautious. The report states that "In the yearlong period ending in the third quarter, developers added 690,000 square feet of retail space in San Jose. During the previous 12-month period, builders completed 180,000 square feet. Vacancy was 4.6 percent in September, up 10 basis points from the same period in 2019. The rate has been trending higher since the end of 2017 when it fell to a cyclical low of 3.0 percent. Although the impact of the health crisis is only slowly emerging in vacancy, rents are already declining. In the third quarter, average asking rent decreased 1.1 percent to $34.12 per square foot. Single-tenant prices jumped 10 percent to $629 per square foot during the 12-month period ending in October as buyers gravitated toward high-quality assets during the health crisis. The average cap rate was in the high-4 percent range. Multi-tenant assets changed hands at an average cap rate of 5.2 percent during the last 12 months, up 30 basis points year over year. The average price was $549 per square foot during the period."

Some retail categories have managed well during the pandemic while others have not. Drive-thru fast food and fast-casual restaurants generally did fine, particularly those with drive-throughs. Sit-down restaurants, particularly those without outdoor seating have not done as well. Essential

DRAFT

services, such as grocery, drug, and convenience stores have been stable. More than 5% of U.S. bank branches closed between 2017 and June 2020, and the coronavirus accelerated the trend as more people bank digitally. Fitch Ratings reported that "leisure and entertainment properties could experience a loan default rate of 30% this year as the coronavirus continues to challenge the sector…Liquidity is down for movie theaters as they remain closed in many states. Fitness centers also face liquidity issues, with revenue expected to be down again this year, but recover to pre-pandemic levels in 2022."

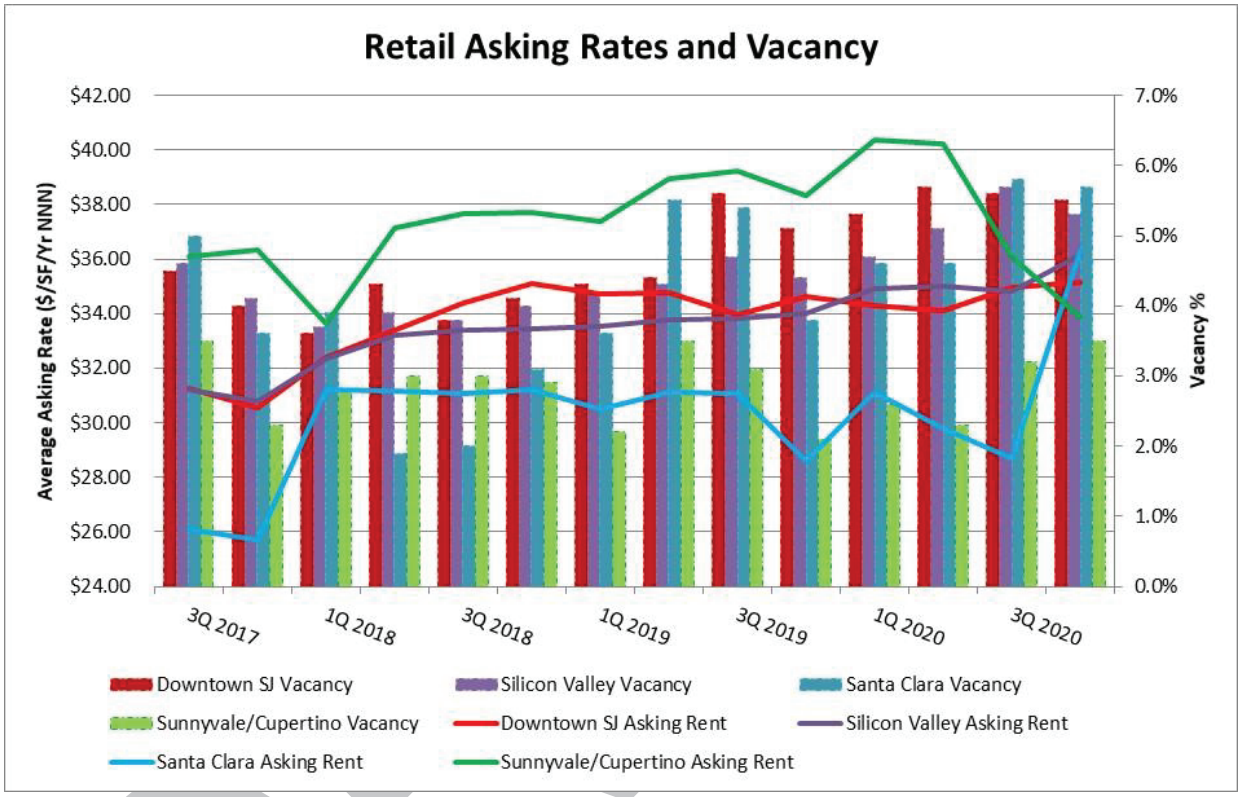
Within Santa Clara, Westfield Valley Fair Mall completed a $1.1 billion expansion in 2020, and 18,653 square feet of retail was recently completed at 2020 Wyatt Drive, anchored by Orangetheory Fitness. Most of the new retail being proposed in this market is part of larger mixed-use projects.

Spending Patterns

General market conditions for the retail real estate segment can be indicated by taxable retail sales. Typically, a market where taxable retail sales are increasing would be supportive of additional retail development as existing retailers are willing to expand and new retailers are interested in entering the market. The converse is true when taxable retail sales are declining.

Over the course of 2019 (the most recent statistics available), taxable retail sales in Santa Clara County totaled approximately $47,001,964,265, or more than $47 billion dollars. This represents an increase of approximately 3.9 percent over the total taxable retail sales reported over the course of 2018.

Within the City of Santa Clara, total taxable sales in Q3-2020 were $1,000,178,865. This represents a notable decrease over the prior third quarter reported total taxable sales of $1,120,643,861. However, it shows a quick reversal from the $841 million reported in Q2-2020 as the pandemic first emerged. On an annual basis, the total taxable sales in Santa Clara decreased about 1.6 percent from $4.707 billion in 2018 to $4.63 billion in 2019.



Average Asking Retail Rental Rates and Vacancy Rates

Cushman & Wakefield is a brokerage firm that publishes quarterly reports for the retail market in the San Jose metro area. They reported in their Q4-2020 *Marketbeat Silicon Valley Retail* that 137,500 SF of retail space was added to the metro in 2020, and that the vacancy rate increased from 4.8% in 4Q-2019 to 5.3% in 4Q-2019. However, the vacancy rate was down 30 basis points from 3Q-2020. Total net absorption for 4Q-2020 was 207,174 SF; however, year to date net absorption was negative 42,110 square feet. Cushman & Wakefield reports "the main contributors to the positive retail absorption in the fourth quarter were the openings of 52,700-SF

DRAFT

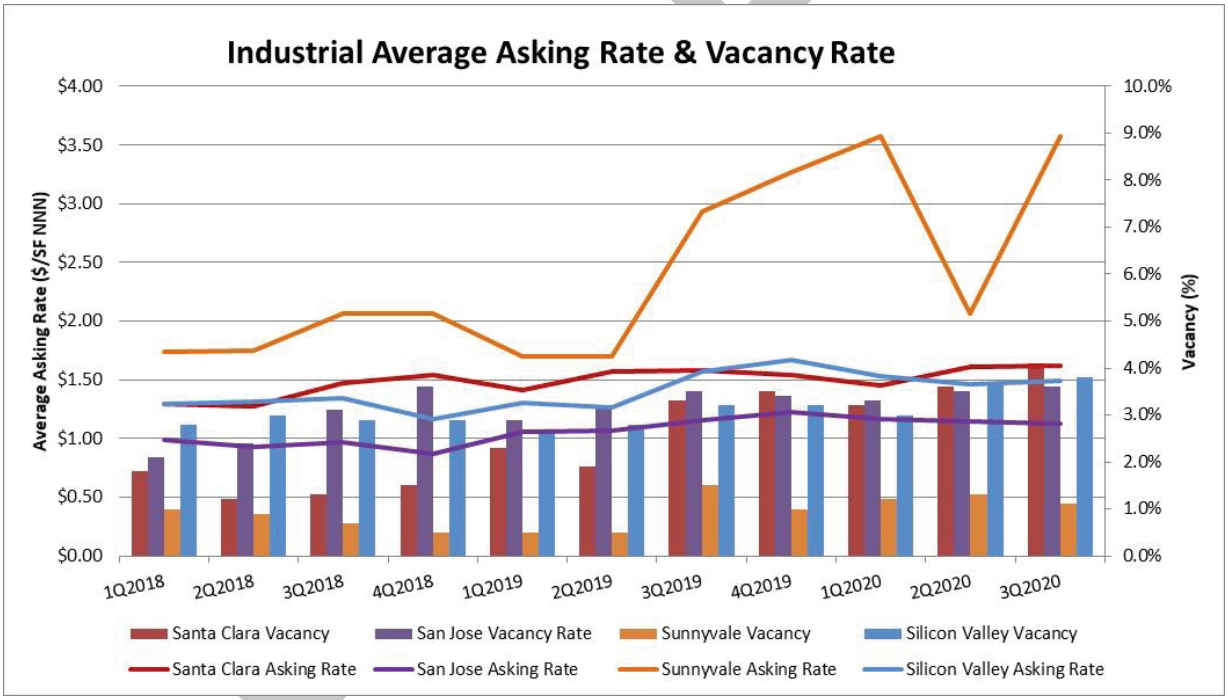
Whole Foods Market and 51,300-SF AMC DINE-IN Sunnyvale 12 in the CityLine Sunnyvale mixed-use complex."

The chart below displays the average asking rental rate and vacancy for the Santa Clara submarket, Sunnyvale/Cupertino submarket, and Santa Clara County taken from Cushman Wakefield and its predecessor retail reports from 3Q-2017 onwards:

As indicated in the table above, the Santa Clara County retail market had an average asking rent of $3.01/SF/Mo NNN in 4Q-2020, an increase of 8.3% from one year ago. Cushman & Wakefield reports "Higher quality space returning to the market has lifted the overall average rents in the region despite the increase of vacancy rate. We expect a rent correction in line with a rise in vacancies in the near term, given the current economic backdrop." Neighborhood and community centers account for most of the vacancies in the market.

In 4Q-2020 asking rents averaged $3.02/SF/Mo NNN in the subject's Santa Clara submarket, an increase of 26.9% from 4Q-2019. Again, this is the result from higher quality space coming to the market. In 4Q-2020 the retail vacancy rate in Santa Clara was reported at 5.7% with no new retail under construction. Vacancy rates in the subject's submarket declined from 5.0% in Q3-2017 to 1.9% in Q2-2018, before climbing again to 5.7% as of Q4-2020. Asking rental rates in Santa Clara had generally been stable since Q1-2018 before a sharp increase in Q4-2020.

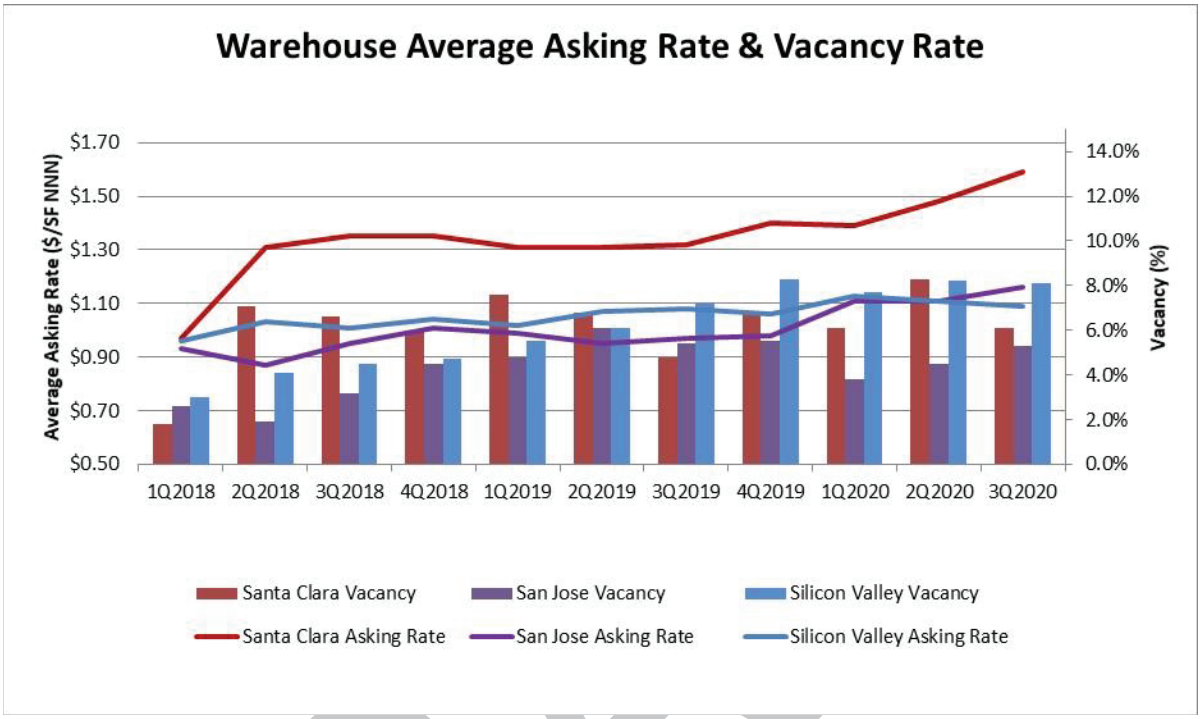
According to Marcus & Millichap's Hospitality Report for Third Quarter 2020, the hotel sector "began to see rising foot traffic in late spring as many cities initiated phased reopenings of their local economies. After bottoming out at 21 percent during the week ended April 11, average weekly hotel occupancy for the U.S. has improved to over 47 percent in late July. The pace of growth is slowing, however, as many metros, particularly those in the Sunbelt, have reported surges in coronavirus cases. Amplified health concerns have prompted rollbacks in reopenings, with markets such as Miami, Nashville, and Phoenix reporting modest occupancy contractions in July. Even in settings where the infection rate is dropping, hotel performance remains well below historical averages, driven by COVID-19's profound impact on travel." Hotel room demand has shown more resilience among economy and mid-scale hotels; full service establishments have had more difficult challenges. San Jose led the nation in supply growth through the first half of 2020 based on percentage. The report notes "The share of CMBS hotel loans in delinquency rose from 1.6 percent in February to 24.3 percent in June before dipping to 23.8 percent in July. That is still the largest jump among property types, however. Real Capital Analytics has also reported an increase in the number of distressed hotel sales, representing about 4 percent of deal volume last quarter." Lodging has been among the hardest hit real estate segments as business travel sharply declined. Leisure travel was also affected due to shelter-in-place policies.



Industrial Market Conditions

We referenced industrial (manufacturing) and warehouse market data from brokerages Cushman & Wakefield and Colliers International; we also interviewed local market participants for this report. Cushman & Wakefield reported in its *Marketbeat Silicon Valley Industrial Q4-2020*, that vacancy for industrial product in Silicon Valley increased in 4Q-2020 to 5.3% from 3.8% in 3Q-2019. Most of this increase was due to the delivery of 1.1 million square feet of vacant new construction delivered. Warehousing vacancy increased to 6.1%, up 50 basis points year over year. The vacancy rate for manufacturing increased from 2.4% to 4.8% over the last 12 months. The Central Silicon Valley industrial submarket, which includes Santa Clara, San Jose, Campbell, and Sunnyvale, had an overall vacancy rate of 3.8% and an average asking rate of $1.20/SF/Month NNN at the end of 4Q-2020. The average asking rental rate in the subject's Santa Clara submarket was reported at $1.33/SF/Month NNN and a vacancy rate of 3.9% was reported. Year-over-year, the average asking rent declined 7 percent in Santa Clara and 3.3 percent in Central Silicon Valley, but increased 0.9 percent in Silicon Valley. The subject's Santa Clara submarket represents a moderate sized industrial submarket in the region with a total industrial inventory reported at approximately 15,506,816 square feet, or roughly 13 percent of the total Silicon Valley industrial inventory. As of fourth quarter 2020, Cushman & Wakefield reported the subject's Santa Clara industrial submarket had an overall vacancy rate of 3.9%, higher than the 3.1% vacancy rate reported one year prior.

DRAFT



In their *Q3 2020 San Jose Silicon Valley Research & Forecast Report* for industrial/warehouse properties, Collier's International reported *Leasing in the Valley's industrial-warehouse sector accelerated in the third quarter with more than 1.5 million square feet. However, just two build-to-suit completions accounted for 35.4 percent of quarterly absorption. On top of this boost from pre-Covid commitments, new activity swelled pushing net absorption back into positive territory. The industrial-warehouse market was the sole sector in Silicon Valley with occupancy gains, which registered at 59,484 square feet. The quarter saw two newly inked deals above 100,000 square feet: In Milpitas, KZ Kitchen Cabinets and Stone signed a 122,000-square-foot lease at 875 Cadillac Drive and in Santa Clara, Tesla took 103,500 square feet at 700 Laurelwood Road.* Average asking rates decreased 10.4% from the previous year to $1.21/SF/Month NNN, or about 0.86%/SF/Month.

The next chart shows industrial rental rate and vacancy trends since 1Q-2018 based on data from Colliers International. The chart shows generally stable to increasing vacancy rates and stable rental rates, Sunnyvale being the exception.

Vacancy rates for manufacturing were generally stable in Silicon Valley between the start of 2015 and 1Q-2020, before increasing to the high-three percent range. A similar trend has played out in the Santa Clara submarket with a generally increasing trend in manufacturing vacancy rates since 2Q-2018. However, manufacturing rental rates in Santa Clara continue to increase; the asking rental rate rose from $1.47/SF/month NNN in 3Q-2018 to $1.62/SF/month in 3Q-2020, or an average increase of 0.43%/month. Within Silicon Valley, the average asking rate for warehouse increased 0.47% over the last two years but decreased 0.4% over the last year.

Warehouse data collected from Colliers International's *Silicon Valley Research & Forecast Report Q3 2020* and its predecessor reports are displayed in the next chart:

Warehouse vacancy rates in Silicon Valley had been declining for several years before increasing in 2018 and 2019, and then stabilizing in 2020. Warehouse rental rates in Santa Clara continue to increase; the asking rental rate rose from $1.32/SF/month NNN in 3Q-2019 to $1.59/SF/month in 3Q-2020, or an average increase of 1.69%/month. Within Silicon Valley, the average asking rate for warehouse increased 0.33% over the last two years and 0.1% over the last year.

Data centers are one of the largest industrial occupancy groups in Santa Clara, due mostly to Silicon Valley Power, which has lower rates than elsewhere in the Bay Area. The rise of remote working reinforced the need and demand for data centers. We discovered several expansion plans and construction occurring on existing sites, notably from CoreSite Realty Corp., RagingWire, and Vantage Data Centers. There have been several land sales in recent years in Santa Clara that are proposed for new data centers. Market participants report that data center operators will pay a premium for a larger site in Santa Clara and that the ideal site will be about six acres; several operators are building on sites as small as 1.7 acres. A few additional (data center) sites in Santa Clara are reportedly in contract as of the date of this opinion of value. *CBRE's* U.S. Data Center Trends report for the 1H 2020 indicated the following market changes in Silicon Valley's data center market:

The CBRE report notes that since 2015 the Silicon Valley Market has increased its data supply inventory 92.5% to about 279.6 MW. The current vacancy rate stands at 4.8 percent, according to CBRE, which is the lowest rate among all primary markets. An additional 24.6 MW remains under construction in Silicon Valley. Over the next two years, a significant amount of new capacity is expected due to developments by NTT Global Data Centers, Cyrus One, Digital Realty, EdgeCore, and Stack Infrastructure.

CBRE reported that *absorption among primary U.S. data center markets (Atlanta, Chicago, Dallas/Ft. Worth, New York Tri-State, Northern Virginia, Phoenix and Silicon Valley) totaled 134.9 MW in H1 2020. Hyperscale companies, large cloud service providers and content providers leased space in wholesale colocation facilities to meet a spike in demand from their customers during the COVID-19 pandemic. Hyperscale activity likely will level out in 2021 as demand drivers that spiked in 2020 begin to plateau, including enterprise clients leveraging hybrid IT solutions to accommodate remote working mandates. This trend likely will continue, albeit at a slower pace than in 2020. With more than 373 MW of wholesale colocation currently under construction across the seven primary markets, data center supply is expected to grow next year.*

Investor interest in the data center sector has increased based on the success of the five core data center REITs, which have recorded more than 28% revenue growth year-to-date. Most investors are looking for high-quality assets from providers with strong credit ratings that offer facilities with high client retention and low churn rates. Many enterprise users continue to leverage partial-sale leasebacks as they reevaluate their IT spend next year.

DRAFT

Residential Market Conditions

The *Housing Market Index*, based on a survey by the National Association of Home Builders, reported a builder sentiment of 86 in December 2020, its second highest level in 35 years of tracking, and bested only by the November 2020 index of 90. Any reading above 50 signals expansion and that home builders feel very confident about the housing market. The index dipped from 72 in March 2020 to 30 in April 2020, but had risen to 58 by June 2020 and back to 72 in July 2020.

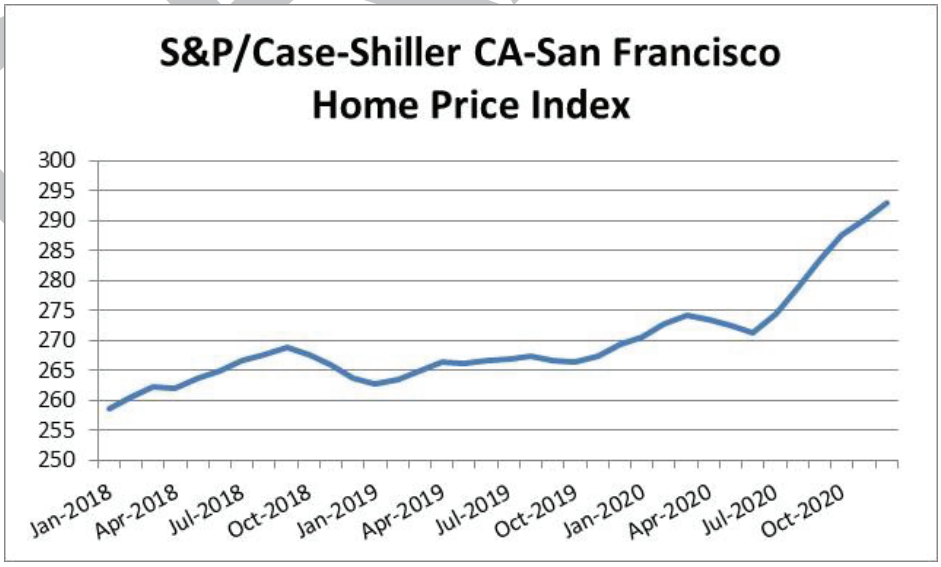
The California Association of Realtors (C.A.R.) published their December Home Sales and Price Report in mid-January 2021. The report notes that "despite a global pandemic that lingered most of the year, two lockdowns and a struggling economy, California's housing market closed out 2020 on a high note, recording solid sales and a fifth record-high median price in December. Closed escrow sales of existing, single-family detached homes in California totaled a seasonally adjusted annualized rate of 509,750 units in December, according to information collected by C.A.R. from more than 90 local REALTOR® associations and MLSs statewide. The statewide annualized sales figure represents what would be the total number of homes sold during 2020 if sales maintained the December pace throughout the year. It is adjusted to account for seasonal factors that typically influence home sales.

December home sales ticked up 0.2 percent from 508,820 in November and were up 28 percent from a year ago, when 398,370 homes were sold on an annualized basis. The year-over-year, double-digit sales gain was the fifth consecutive and the largest yearly gain since May 2009. For the year as a whole, annual home sales rose to a preliminary 411,870 closed escrow sales in California, up 3.5 percent from 2019's pace of 397,960.

"It's a testament to the strength of the market that even after the pandemic effectively shut down the spring home-buying season in 2020, the market still was able to recover the substantial sales lost in the first half of the year and even top 2019's levels," said C.A.R. President Dave Walsh, vice president and manager of the Compass San Jose office. "With mortgage rates expected to stay near the lowest in history, demand for homeownership will continue to be strong, so home sales should remain elevated into the first half of 2021, as motivated buyers take advantage of the increased purchasing power."

The statewide median home price rose 2.7 percent on a month-to-month basis to $717,930 in December, up from November's $698,890. Home prices continued to gain on a year-over-year basis with the statewide median price surging 16.8 percent from $614,880 recorded last December. The double-digit increase from last year was the fifth in a row, and the month-to-month gain was higher than the long-run average of 0.8 percent observed between 1979 and

DRAFT



2019. The statewide median home price for the entire year was $659,380, an increase of 11.3 percent from a revised $592,230 in 2019.

Perhaps due to increasing home prices, more consumers said it is a good time to sell, according to C.A.R.'s monthly Consumer Housing Sentiment Index. Conducted in early January, the poll found that 59 percent of consumers said it is a good time to sell, up from 55 percent a month ago, and up from 56 percent a year ago. Meanwhile, low interest rates continue to fuel the optimism for homebuying; one-fourth of the consumers who responded to the poll believed that now is a good time to buy a home, unchanged from last year."

Within the San Francisco Bay Area region, the median price increase 16.4% over the past 12 months ended December 2020, while sales increased a whopping 40.2%. The County of Santa Clara experienced a median price increase of 12.2% year-over-year, with sales increasing 31.0% from a year ago, according to C.A.R.

Regional Housing Market

The Standard & Poor/Case-Shiller Home Price Index measures the average change in value of residential real estate given a constant level of quality and reflects single-family housing. It is sometimes referred to as a repeat sale index. The next chart indicates that the index for the subject's San Francisco Metropolitan Area increased about 11% from 263.868 in December 2018 to 292.993 in December 2020, or about 0.46%/month. Over the twelve months between December 2019 and December 2020 the increase was about 0.73%/month, echoing the builder confidence evident in the Housing Market Index.

DRAFT

The State of California Department of Finance (DOF) compiles statistics on total housing units in both the cities and counties of California. Based on DOF statistics, Santa Clara County had a total housing supply of 674,558 units as of January 1, 2020. This represents an increase of 6,588 units over the 667,970 total units reported in January 2018 and about 3,119 more units than in 2019. Extending further back in time, the DOF estimates the total supply of housing units in Santa Clara County at 631,920, as of January 2010. This indicates that over the ten-year period between 2010 and 2020, the housing supply in Santa Clara County increased by a total of 42,638 units, equivalent to a compounded annual increase of 0.655 percent or an average of 4,264 units per year.

According to the Association of Bay Area Governments (ABAG) [4] Projections 2040 report (most recent report), in 2015, Santa Clara County had a total of 648,900 households. ABAG projects that in 2030, the number of Santa Clara County households will have increased by a compounded annual increase of 1.04 percent, to 757,690 or an average of 7,253 households per year. As such, the demand for housing (i.e. households) is projected to increase at a considerably higher pace than that of housing supply.

In the City of Santa Clara, the DOF reported a total of 48,975 housing units as of January 2020. This represents an increase of 831 units from the 48,144 housing units recorded in January 2018, and an increase of approximately 3,828 housing units from the 45,147 housing units recorded in January 2010. Over the past ten years this is equivalent to a compounded annual increase of about 0.817% and an average annual increase of 383 units per year. Housing is being built at a faster rate in Santa Clara than the County as a whole.

According to ABAG's Projections 2040 report, in 2015, the City of Santa Clara had a total of 49,685 housing units. This statistic is projected to increase to 52,675 housing units by 2030, a compounded annual rate of 0.39%, or an average increase of 199 housing units per year. Based on the most recent two year and 10-year periods, the City has exceeded ABAG's projections.

Local Multifamily Market

According to Integra Realty Resources Viewpoint 2020 San Jose Multifamily Mid-Year Report, the *apartment market in the San Jose metro has benefited from strong economic expansion, and particularly a steady increase in population primarily employed in high-paying tech jobs. The lack of new single-family home construction has resulted in increased apartment demand, and the region has been in an expansion stage of the apartment market, and particularly, Class A luxury projects. Strong demand has led to quick lease-up of new units, stable, low vacancy rates and steadily increasing rental rates. The multifamily residential market appears to be less*

[4] Association of Bay Area Governments is the official comprehensive planning agency for the San Francisco Bay Area region.

DRAFT

affected by the global COVID-19 pandemic than other segments of commercial real estate. With low overall capitalization rates, continual upward trend in rental rates and pricing, most markets across the nation were still viewed as being in an expansion mode leading into 2020. Historically speaking, the apartment market in the Silicon Valley has typically maintained relatively low vacancy. Over the last decade, the region's average vacancy rate has generally hovered in the 4-5% range. The exception was in 2016 when vacancy rose to 6% as supply from new development outpaced net absorption. Over the past 24-30 months, the vacancy rate has been stable, even with significant new construction deliveries and the beginning of a slowdown in the economy.

Despite the recent upward spike in unemployment, vacancies have not been severely impacted by the pandemic, which may be due, in part, to a temporary moratorium on evictions in California. As the stay at home orders and non-essential business closures have begun to relax and employees are returning to work, demand is expected to remain strong and, although a moderate increase is likely, vacancy levels are not expected to change significantly over the balance of the year. However, some tenants will continue to struggle due to income loss. This may bode well for Class B/C properties as some tenants will be forced to relocate from the more expensive Class A properties.

Values for multifamily properties are projected to increase between 2% and 2.9% over the next 12 months, according to Integra's report. An estimated 6,304 units will be delivered and Integra indicates that the multifamily market remains in and expansion stage of the market cycle. However, asking rents over the next 36 months are projected to increase just 0.32%.

According to a CoStar report on the local multifamily market, the "Santa Clara submarket is an important job center, with some prominent companies making the city their home. The submarket is the second largest in the metro, with nearly 20,000 units in its inventory. The economic effects of the coronavirus pandemic and changing demand trends are weighing on submarket occupancy rates. Vacancies are increasing, and continued supply pressure will likely lead to an elevated vacancy rate for an extended period. Prior to the pandemic, job growth around the metro had kept demand high, and absorption was able to keep pace with rapid supply increases over the past decade. Average asking rents have declined in conjunction with slowing demand, and year-over-year growth is expected to remain negative for several quarters. Strong demand for housing, particularly near transit, was a driving force for rent gains in recent years. The coronavirus pandemic has quickly changed market trends and created significant uncertainty in the market. Local owners have appeared content to hold their higher rated assets recently, with only a small number of deals taking place the past several years. Overall sales volume has averaged over $120 million annually over the past five years. But the expectation is for transaction activity to pull back as market participants take stock of the changing economic and commercial real estate landscape."

DRAFT

"Vacancy in Santa Clara has been volatile since 2016, with large scale construction projects driving the variability. In total, the submarket has added over 3,700 units since 2010. The submarket had previously been able to absorb the new units at a healthy rate, with the vacancy rate consistently normalizing just a few quarters after project deliveries. But the economic effects of the coronavirus are stressing near term occupancy rates. Remote working trends have allowed renters to look further afield to meet housing needs, reducing demand, and job losses are putting further pressure on apartment occupancies. As a result of the reduced apartment demand, existing units are experiencing move-outs, and new projects are facing longer lease-up times."

"The coronavirus pandemic has halted positive rent growth trends that had persisted for over a decade in the Santa Clara submarket. Renters in many of the more expensive and central submarkets in San Jose, including Santa Clara, have taken advantage of remote working trends to seek alternative housing options. As a result, demand for apartments has slowed considerably in the near term. CoStar's daily asking rent series showed the quick response landlords have had to the pandemic. And year-over-year rent growth has turned negative, currently measuring -10.0%, with the expectation for continued declines in rental rates over the next several quarters. Rents in Santa Clara are just above the metro average at $2,610/unit. Overall, rent gains in Santa Clara were robust in the economic expansion, as landlords took advantage of the submarket's healthy fundamentals."

The report notes that about 395 units are under construction in Santa Clara as of fourth quarter 2020 but that no new units were delivered in 2020. The average monthly rent in 2020 for multifamily units ranged from $2,224 in 95050 to $2,765 in 95054, bracketing $2,502 in 95051. This range of rents is partly reflective of the greater number of newer multifamily units constructed in 95054 and 95051 over the last decade.

Local Single-Family Market

According to the City of Santa Clara General Plan, an estimated 28,500 new jobs will be created and the population will grow by 32,135 people in the City between 2010 and 2035. The General Plan forecasts that 13,222 new housing units will be needed during that same period, based on an estimated household size of 2.5 people. The General Plan also states that household growth in the City has been much slower than the rest of Santa Clara County due to the lack of vacant residential land. Therefore, in order to meet future housing needs, construction of new housing will primarily occur through the redevelopment of existing sites.

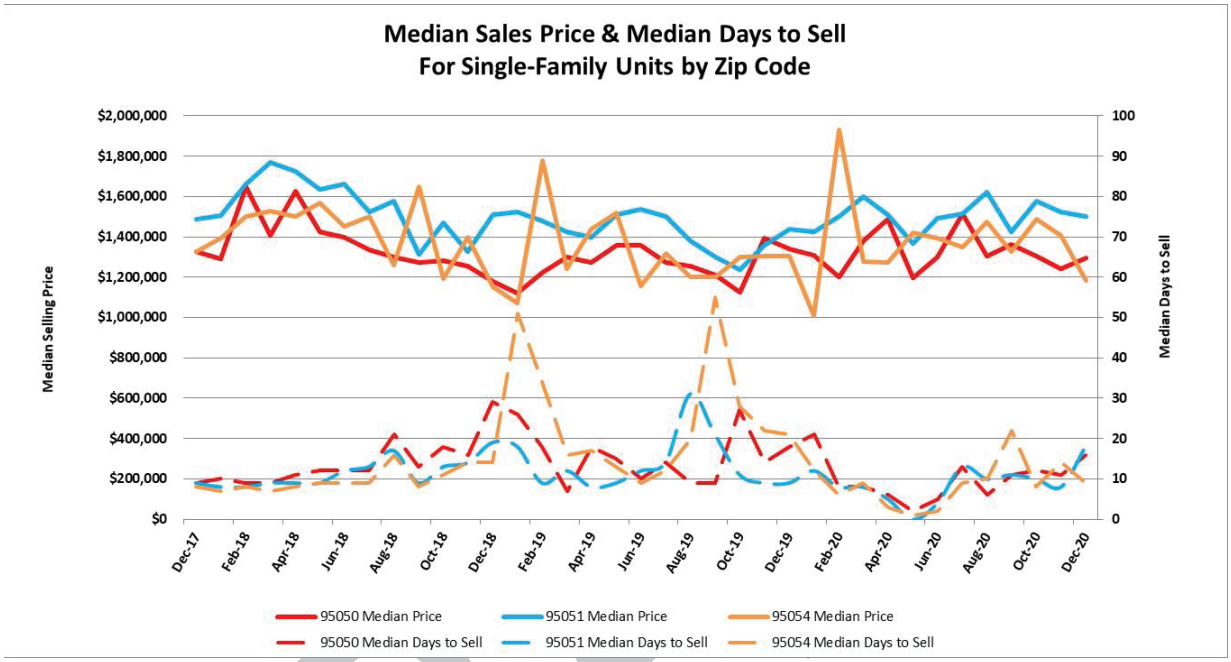
Among the 48,975 households in Santa Clara, as reported by the DOF, the single-family (attached and detached) market represents about 23,923 or about 49% of the total households in Santa Clara.

DRAFT

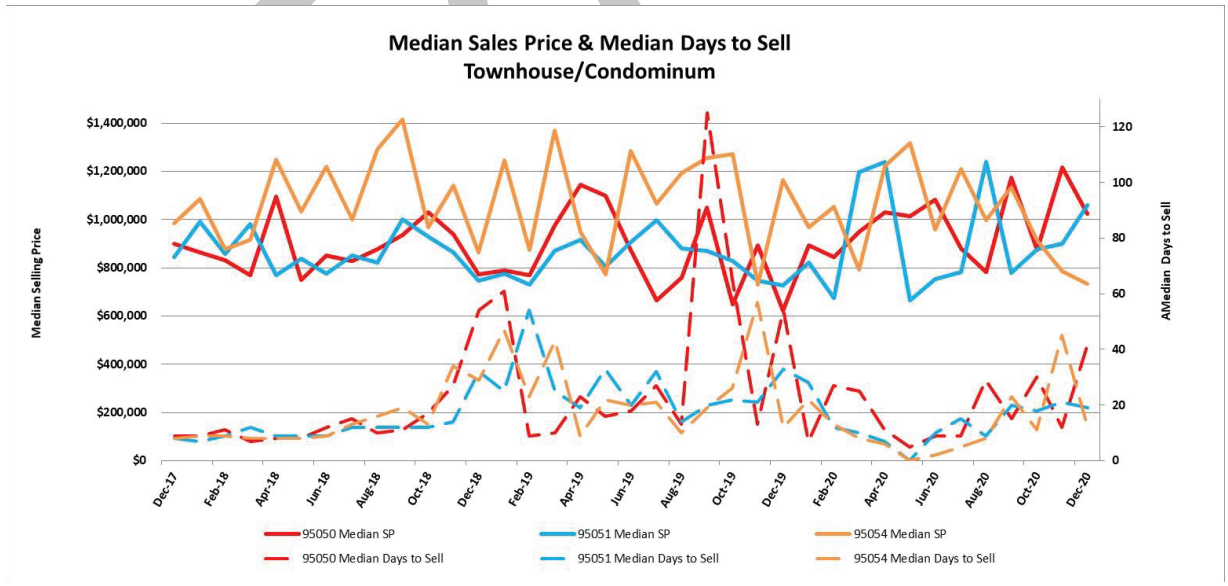
CoreLogic is a national real estate, mortgage, consumer, and specialized business data provider. They tracked the annual median home price for all homes (single-family, condo, and townhouse), including new construction, in the City's three ZIP code areas through 2020:

2018 Year End Summary Sales							
Zip	Sales	% Chg	Median Price	% Chg	High Price	$/SqFt	% Chg
95050	380	-0.5%	$1,184,500	24.4%	$2,609,000	$887	25.0%
95051	484	-16.6%	$1,358,000	17.0%	$2,800,000	$934	14.7%
95054	185	-25.4%	$1,250,000	23.3%	$2,400,000	$799	13.9%

2019 Year End Summary Sales							
Zip	Sales	% Chg	Median Price	% Chg	High Price	$/SqFt	% Chg
95050	332	-12.6%	$1,200,000	1.3%	$2,350,000	$837	-5.6%
95051	461	-4.8%	$1,300,000	-4.3%	$2,400,000	$860	-7.9%
95054	162	-12.4%	$1,140,000	-8.8%	$2,450,000	$748	-6.3%



2020 Year End Summary Sales							
Zip	Sales	% Chg	Median Price	% Chg	High Price	$/SqFt	% Chg
95050	301	-9.3%	$1,200,000	0.0%	$2,780,000	$834	-0.4%
95051	614	33.2%	$1,400,000	7.7%	$2,200,000	$869	1.0%
95054	160	-1.2%	$1,175,000	3.1%	$2,090,000	$774	3.5%

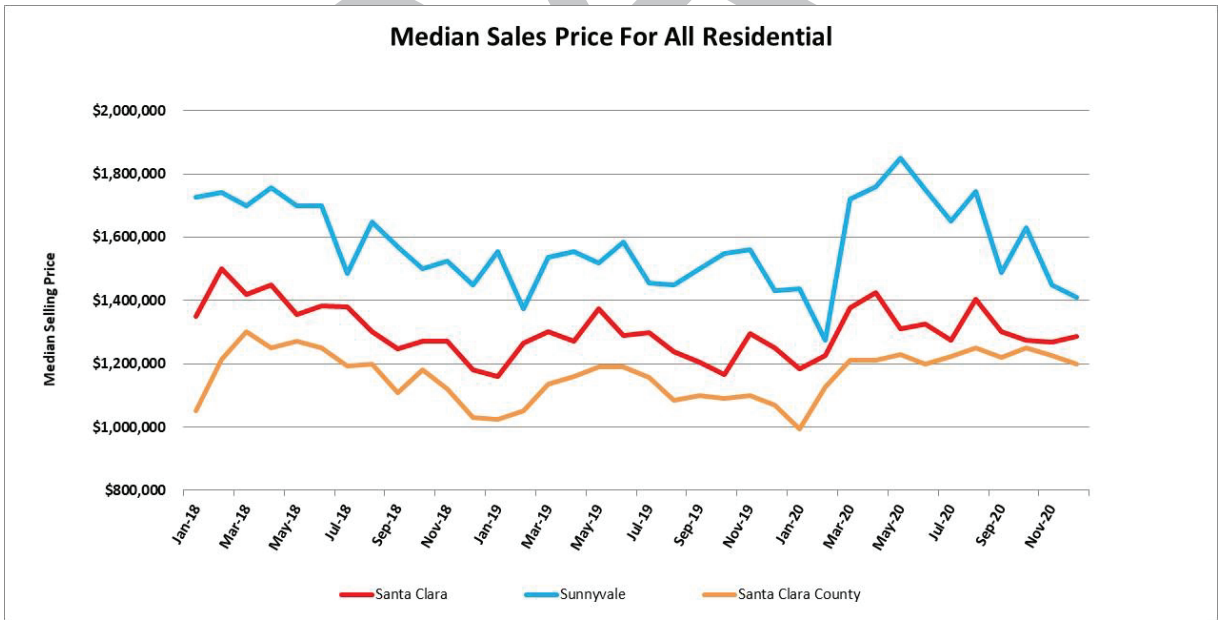


The data above indicates that zip code 95051 consistently has the highest median price among Santa Clara's zip codes. Zip code 95050 had the second highest median in two of the last three years. The $/SF indicator shows that 95051 has higher prices than 95050, which both have higher prices than 95054. The data indicates that median prices were increasing in 2018 before stabilizing in 2019 and 2020. Overall median prices were higher in 2020 than 2018 by about 1.3% in 95050 and 3.1% in 95051, but about 6.4% lower in 95054. Based on the data above, median prices were increasing between 1.4% per month and 2.0% per month in 2018. By the end of 2019 median prices were generally flat in 95050 and had declined slightly between 0.36% per month and 0.73% per month in 95051 and 95054. By the end of 2020, median prices remained flat in 95050, but had increased about 0.64% per month in 95051 and about 0.26% per month in 95054.

The $/SF indicators showed an overall decreasing trend from 2018 to 2019, but a more stable to increasing rate from 2019 to 2020. The total number of sales indicator showed a declining rate from 2018 to 2020 in 95050. In the 95051 zip code, the total number of sales declined slightly between 2018 and 2019 but then jumped 33.2% between 2019 and 2020. In the 95054 zip code, the total number of sales decreased between 2018 and 2019, but recorded only two fewer sales between 2019 and 2020. Total citywide sales were 1,049 in 2018, 955 in 2019, and 1,075 in 2020. Overall, more sales transacted in Santa Clara in 2020 compared to 2018 and 2019, suggesting an increase in demand during the pandemic.

DRAFT

The following tables depict the median price trend by zip code over the 37 months ending December 2020 for single family homes and common interest developments (townhouse/condos) in the three zip codes of the City of Santa Clara using closed sale data obtained by MLSlistings.com:



As shown above, market data derived from the local MLS shows that prices were trending downward in 2018, and oscillated up and down in 2019 and 2020.

We note that CoreLogic data includes resales and new construction, while MLS typically does not include all new construction. This is because builders often do not use MLS to market their homes. The following tables show the annual and 2-year change for all housing types over the last three Decembers, according to the MLS:

Housing Type	Zip Code	December-18	December-19	December-20	% Change per Month Last 12 Months	% Change per Month Last 2 Years
SFR. Condo & Townhouse	95050	$1,074,000	$1,210,000	$1,265,000	0.38%	0.74%
	95051	$1,275,000	$1,425,000	$1,415,000	-0.06%	0.46%
	95054	$1,025,000	$1,202,500	$1,128,000	-0.52%	0.42%
Source Local MLS						

The data in the above table supports the opinion that 95050 and 95054 generally rate inferior to 95051. The data also indicates that median selling prices are higher over the past two years, but fairly stable in 95051, lower in 95054, and higher in 95050 over the last 12 months. The median throughout the entire city, encompassing all zip codes, increased 2.8% over the 12 months ended December 2020 from $1,250,000 to $1,285,149.

The next table using MLS statistics shows the monthly median change in selling prices in Santa Clara, adjacent Sunnyvale, and the larger Santa Clara County market since the start of 2018:

As the table above indicates, median selling prices peaked in the spring of 2018, receded until early 2019, were more stable through the end of 2019, but then increased sharply in the early part of 2020 through the spring of 2020. Prices were generally stable over remainder of 2020 in Santa Clara and Santa Clara County but declined in Sunnyvale.

Conclusions

The overall economy was in a healthy place in the first few weeks of 2020 prior to the coronavirus being declared a pandemic. Beginning in mid-March some of the nation's first stay-out-home orders began and the economy quickly fell into a recession as the unemployment rate skyrocketed in the spring. The uncertainty in the market caused nearly all facets of real estate to be reevaluated. However, beginning in the third quarter, some restrictions began loosening and there was a better understanding of the virus. The unemployment rate began declining and detached single-family buyers showed greater interest in the market as they fled more urban areas such as San Francisco and smaller housing types and were looking for more space in less dense environments. The work-from-home dynamic kept pressure on delivery services and data center operators to keep up with demand, which in turn kept up demand for industrial properties storing product. Essential retailers generally fared okay during 2020, particularly grocery stores, home improvement stores, drive-thru fast food, and quick serve restaurants. However, fine dining, hospitality, entertainment, and shopping malls, to name a few, suffered greatly. As the vaccine is distributed in the community and businesses open, employment numbers are expected to improve and demand for most real estate is forecast to continue to return to pre-pandemic levels.

Commercial (retail and office) properties exhibited mixed indications due to the pandemic in 2020. Some retail is doing fine, but the hospitality/leisure/entertainment industries remain depressed. Office demand appears in limbo as many employees may or may not fully return to offices, particularly among tech companies. During 2020 office buildings experienced stable to increasing vacancy despite increasing asking rental rates. The rental rate increases were due in part to newer, better space becoming available as tenants migrated from nearby higher cost markets. The trend was generally the same for retail, whereby vacancy ticked up slightly over the second half of 2020, but average asking rents were also higher at the end of the year. There is limited new retail construction occurring; most is part of mixed-use developments. Office construction is occurring, but it is mostly located in downtown San Jose and the Bayside portions of the county where larger blocks of land can be found and generally comprises high-intensity, 4 or more story buildings. Based on discussions with market participants, general market conditions and the sales data we analyzed, we applied a market conditions rate of change to the commercial land sale comparables used following of negative 0.75% per month from the start of April 2020 through 4Q-2020. From the date of sale through 1Q-2020 prices were more stable for commercial and did not warrant adjustment.

Over the past couple of years, industrial (and warehouse) market statistics indicated that rental rates have been trending upwards, while vacancy rates generally stabilized near 5%. Market participants opined that selling prices are also increasing, especially for large sites suitable for

DRAFT

data centers, although we point out to the reader that the subject's 1 acre site is too small for a data center. The increase in industrial value is supported by an improved paired sale at 3600 Peterson Way in Santa Clara that sold in October 2016 for $30 million and again in June 2019 for $37 million, which indicates a straight-line increase of about 0.72% per month for this 75,800 square foot building on an approximate 5.42-acre site. Industrial Land Comparable 2 used following was also a paired sale: it sold for $3,000,000 in August 2018 and again for $3,801,000 in October 2020, indicating a straight-line increase of about 1.0% per month. Based on increasing rents and prices, we concluded that competing industrial land prices were increasing at the rate of about 0.75% per month from the date of sale of the comparables through December 2020, the date of value.

Santa Clara (and the Bay Area in general) is an undersupplied housing market. Demand for housing is expected to continue in the long-term, with increased demand for higher density housing options, a result of the scarcity of developable land and the more affordable nature for prospective buyers/renters.

Market data and market participants report that residential prices declined in the latter part of 2018 and were stable overall during 2019. In 2020, the residential market showed different trends depending on property type. The market generally saw greater demand for detached residential over the course of 2020 as buyers looked to have more indoor/outdoor space since they began spending a greater proportion of time at home. Meanwhile, condominiums and apartments experienced a slower market during 2020. Based on the market reports cited above, sales data analyzed, and market participant interviews, for the very low-density residential land sales used in the following analysis we applied no rate of change during 2019 and an increasing rate of change of 0.25% per month from the start of 2020 through the fourth quarter 2020. For the high-density land sales, median sale prices oscillated somewhat and multifamily rents stagnated or declined during 2020. So, no market change is applied during 2019 and 2020 for this property type.

LAND USE ORDINANCES

Since we are analyzing hypothetical lots, we supposed that each use would be based on its appropriate General Plan designation. The appropriate zoning category for each hypothetical use was not a critical factor as the General Plan is the long-term planning tool used by the City. Furthermore, comparable land sale transactions typically sell based on their intended use, which is supported by the General Plan in almost all cases. The City's Phase II Land Use map is in effect and is intended to guide land uses for the years 2015-2025. Compared to Phase I, it expands the areas within the city where mixed-uses and higher-density residential is allowed. We supposed the following General Plan designations for each hypothetical use:

DRAFT

Use of Hypothetical Lot	General Plan
Very Low Density Residential	Very Low Density Residential
Low Density Residential	Low Density Residential
High Density Residential	High Density Residential
Medium Density Residential	Medium Density Residential
Commercial	Regional Commercial
Industrial	Light Industrial

HIGHEST AND BEST USE

We studied the legally permissible, physically possible, financially feasible, and maximally productive uses of each hypothetical lot. We considered prevailing market conditions and recent development trends. As indicated in the market conditions section, except for retail/hospitality/office, each product type is generally experiencing increasing or stable prices and stabilizing vacancy rates. These are indications that the highest and best use is to construct the legally permissible product for each respective property type. However, for the commercial use, since many retail and office projects are on hold, construction would not likely be undertaken until the market improves, unless preleased or a build-to-suit is procured. Therefore, the highest and best use for the hypothetical commercial use would be to hold for future development of a commercial building until the market improves, unless preleased or a build-to-suit. We concluded to the following components of property uses for the highest and best use of the hypothetical lot based on the overall market and the instruction of the Client:

Use of Hypothetical Lot	Highest & Best Use
Very Low Density Residential	Very Low Density Residential
Low Density Residential	Low Density Residential
Medium Density Residential	Medium Density Residential
High Density Residential	High Density Residential
Commercial	Hold for Development of a Commercial Building
Industrial	Light Industrial Building

We applied a hypothetical condition that each of these uses was allowed on the hypothetical subject lot.

For this analysis and based on the market and the City's General Plan, we concluded the most reasonable density to support the residential uses was about the midpoint or nearer the high end of the allowed density ranges (based on ever-increasing density proposals/approvals):

DRAFT

- 13 dwelling units per gross acre (DU/AC) for Low-Density Residential;
- 26-30 DU/AC for Medium-Density Residential; and
- 45 DU/AC for High-Density Residential.

For Very Low-Density Residential, which allows up to 10 DU/AC, we concluded that the most likely subdivision for a hypothetical one acre of land would support a subdivision at the high of this range, or 10 DU/AC. This is because the scarcity of land requires ever increasing densities to make projects financially feasible.

The likely commercial use would be an office building, but only if preleased or a build-to-suit. The likely industrial use would be a flex or light industrial building or some type of interim contractor storage yard with minimal building improvements.

APPRAISAL PROCESS

The appraisal profession has generally relied upon three traditional approaches in estimating the market value of real property. These are the *Income Capitalization Approach*, the *Sales Comparison Approach*, and the *Cost Approach*. While all three approaches are always considered in a valuation assignment, all three are not always applied. The quantity and quality of available data and the applicability of each approach relative to the value being sought are important factors in reconciling to an opinion of value.

Market value was estimated using the sales comparison approach. The income capitalization approach is seldom used when valuing land. The cost approach did not offer substantial insight into this estimate of market value since there are no building improvements. Sellers, buyers, and our peers in this market rarely rely on the cost and income capitalization approaches when offering, purchasing, or valuing properties similar to the hypothetical subject lots. Therefore, we did not undertake a cost or income capitalization approach.

Following we estimated the value of a hypothetical one-acre lot under each use scenario described above, as if located within the 95050 zip code, since the most data was discovered in this zip code. Next, we applied the weighted average of the highest and best land use component, based on the percentage of total land area associated with the different property types (as described above) that sold in the City of Santa Clara in the 12 months prior to the date of value (as reported by Old Republic Title Company). Lastly, we applied any necessary locational differences from the 95050 zip code conclusion to arrive at the appropriate average lot value in the 95051 and 95054 zip codes.

DRAFT

AVERAGE VALUE ESTIMATE IN 95050 ZIP CODE

Very Low-Density Land Value

The writers examined data that was discovered by: talking to brokers, agents, property owners, and market participants from within the subject market; reviewing DataTree.com, MLSlistings.com, and CoStar.com databases for recent sales; and searching Loopnet.com and broker databases for current listings. We also reviewed development reports provided by the planning departments of Santa Clara and other nearby cities.

As stated above, for the very low-density value component, we assumed a density of 10 dwelling units per acre, at the high end of the allowed range under the Very Low-Density General Plan designation, which allows up to 10 dwelling units per acre. We searched for competing sales and listings of properties throughout Santa Clara and adjacent cities which were intended for development with residential densities less than 25 dwelling units per acre and that closed escrow over the last three years. We first analyze the subject hypothetical one-acre site located in zip code 95050 since more appropriate sales from this zip code were discovered. The sales we found most comparable are displayed on the following adjustment grid. The adjustment grid serves two purposes. First, it presents data, analysis, and conclusions about the subject and comparables in a way that facilitates comparison. Second, it presents the data in a format whereby the reader can follow the writers' adjustment process.

A parcel map for each comparable sale is displayed in the Addenda. Selling prices were verified using our summary transcript of the public record and conversations with selling and listing brokers/agents, sellers, and buyers. We were unable to confirm the details of Comparable 6 with a party to the transaction. We relied on published data, city records, subscription service data, and information available from a summary transcript of the public record for transaction details regarding this comparable. A map showing the location of these comparables is displayed in the Addenda.

Adjustment Process

Transactional adjustments were made sequentially for property rights conveyed, financing terms, conditions of sale/motivation of participants, expenditures incurred by the buyer after the sale, i.e. demolition costs, and market conditions since the sale date.

Comparable 1 is the recent closing of a parcel in an off-market transaction. Based on a conversation with the buyer, the seller was in poor health and was motivated to sell. The existing rents for this triplex were well below market and the agreed upon selling price was close to land value. The buyer is a builder who may renovate or demolish; he has not yet decided. If demolished, he estimated that another triplex would be built, but possibly a fourplex. After making all other adjustments first, an upward adjustment is concluded for motivation on the part of the seller, as shown above. Since this comparable is expected to support three units again, the developer of this comparable will not pay park impact fees since there will be no net new units.

Comparables 2 and 5 are the sales of single-family lots improved with older homes. The buyer of Comparable 2 intends to demolish the home and construct a new two-story dwelling and add a 748 square foot detached additional dwelling unit (ADU). This comparable will not pay park impact fees since ADU's are exempt under the Santa Clara City Code (17.35.090). The buyer of Comparable 5 demolished the old improvements and has begun construction on a new single-story dwelling; there will be no park fee for this comparable because there are no net new dwellings, i.e., the new dwelling replaces the demolished structure.

Comparable 3 was the sale of an improved lot that could support two lots or a SFD and an ADU. The listing broker opined that the existing improvements needed a lot of work, but that the buyer intended to move into the home, which dated from the 1940s. Based on the expected utilization of the improvements, we concluded that a downward adjustment was warranted for their contributory value. The amount of adjustment was estimated based on our observations, input from the listing broker, and a good fit for the data. A downward adjustment of $150,000 for this element of comparison was applied to the comparable on the Conditions of Sale line.

Comparable 6 sold to a builder who was building on the adjacent property and who had previously acquired the adjacent site from the same seller in 2018. As this entitled comparable represents the second phase with similar product, motivation on the part of the buyer was concluded to be present. The buyer will be able to realize greater efficiencies by constructing a second phase adjacent to the original phase, thereby reducing overall costs. After making all other adjustments first, a downward adjustment is concluded for motivation on the part of the buyer, as shown above. This comparable was selected to help bracket size.

DRAFT

Comparables 1 and 4 continued to be rented following close of escrow; we concluded that the cost of demolition was offset by the rents that could continue to be received. The seller of Comparable 2 was given some time to lease back following close of escrow; again, we concluded that the cost of demolition would be offset by rental income. Comparable 5 requires a demolition adjustment, which was estimated at $10,000 for this 1,500 square foot dwelling. This is shown as an upward adjustment.

As discussed in the preceding material, market conditions adjustments are applied from the start of the first quarter 2020 through the end of the fourth quarter 2020.

Locational adjustments were broken into elements that reflect the property's identity to potential tenants or buyers (exposure, visibility), access (to freeways and amenities), and overall desirability of the location based on neighborhood factors such as age and condition of nearby properties, proximity to enhancing or detrimental factors, or an identifiable valuation element relating to address (locational appeal, zip code). Locational adjustments were warranted for the elements of comparison as summarized on the grid. As will be discussed in the following material, residential land values in the 95050 zip code rated superior to the 95054 zip code but inferior to the 95051 zip code; thus, the 95054-located comparable is adjusted upward and the 95051-located comparable is adjusted downward. Although Comparable 2 backs to a public park, beyond the park is San Tomas Expy, which is within about 200 feet of this comparable and is not separated by a sound wall, rating inferior to the subject; an overall upward adjustment is concluded for this element of comparison.

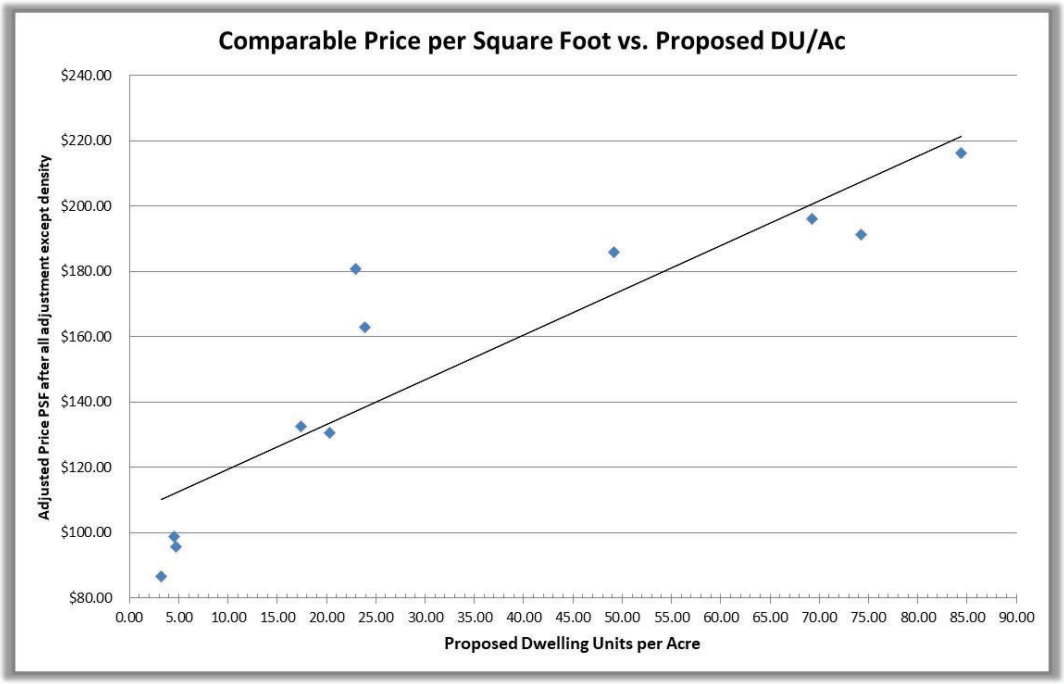
Physical and Use/Zoning adjustments were broken into elements that reflect property size, utility/topography, allowed land uses and density, intended use/development density, affordable housing component, park fees, and entitlement status.

Comparable 3 is located at the elbow of two streets and thus has an irregular pie-slice shape; an upward adjustment is concluded for inferior utility. Comparable 6 warranted downward adjustments for having two street frontages, which rates superior utility. Comparables 1, 4, and 6 supported higher densities, rating superior, and warranting downward adjustment. ADUs are an accessory use for the purposes of calculating allowable density under the general plan and zoning. For this analysis, upward adjustment was warranted for the lower densities of Comparables 2, 3, and 5. Comparable 6 had entitlement approvals in place, warranting a downward adjustment for this element of comparison. Each comparable warrants downward adjustment for having either no park fees or for having lower park fees than the hypothetical subject lot.

DRAFT

Conclusion

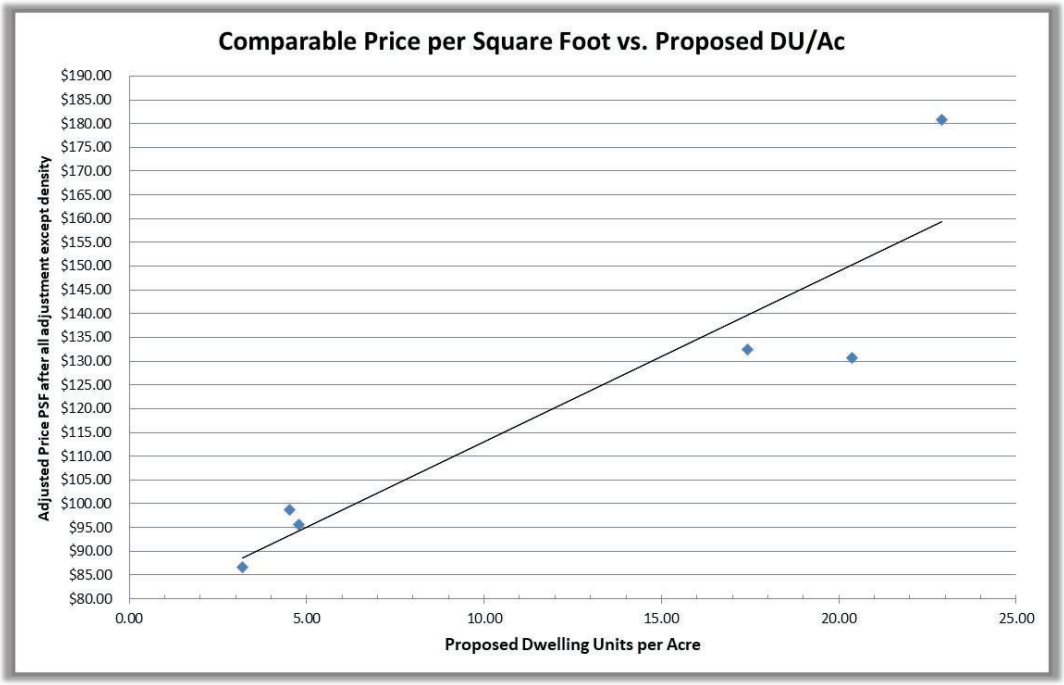
Following adjustment for the elements summarized on the grid, we concluded to the overall ratings displayed at the bottom of the sales grid. Bracketed by the comparable ratings, giving most weight to the 2020 sale comparables located in Santa Clara, we concluded to the following unit value of unentitled very low-density residential land in the 95050 zip code:



Unit $/SF	x	Land Area (SF)	=	Indicated Value
$110	x	43,560	=	$4,791,600

Estimated Market Value of a 1-Acre
Very Low-Density Residential Lot in 95050 Zip Code: $4,791,600

Low Density Land Value



For the low-density value component, the City's land use classification cites a low-density range of 8-19 dwelling units/acre (DU/Acre), which is greater than the maximum 10 DU/Acre allowed in the very low-density classification. We assumed a density of 13 DU/Acre, about the mid-point of the density range. In the market, the primary value difference between very low and low-density land relates to density. The density adjustment was estimated based on the relationship between price per SF and density, as evidenced by the comparables. In the chart below, we plotted the preceding very-low density comparables and the high-density comparables used in the following high-density value scenario.

DRAFT

As shown in the chart above, the price per square foot of land increases with increasing density. This is congruent with our observations in the market that as density increases, price per SF of land typically increases. The difference in pricing for changing densities is clear when comparing the lowest to the higher densities. And the price/SF difference is less when comparing the median to higher densities. We concluded there is a difference in value/SF between the preceding very low density and low-density residential which has a higher density. The trendline in the chart above indicates that the appropriate unit value based on a density of 13 dwelling units per acre would be about $125 per square foot. By graphing only the very low density sales, the following occurs:

DRAFT

The chart above showing just the low density comparables indicates that the appropriate unit value based on a density of 13 dwelling units per acre would be in the range of about $120 to $125 per square foot.

Based on the comparable data, with a density of 13 dwelling units per acre for the low-density residential land use, we concluded to **$125/SF**.

Conclusion

We concluded to the following Low-Density residential value in the 95050 zip code for 1-acre of land:

Unit $/SF	x	Land Area (SF)	=	Indicated Value
$125	**x**	43,560	=	$5,445,000

Estimated Market Value of a 1-Acre
Low-Density Residential Lot in 95050 Zip Code: $5,445,000

DRAFT

High Density Land Value

Similar to the preceding very low-density land search, we searched data sources for high and medium-high density residential land transactions and examined data that was discovered by talking to brokers, agents, property owners, and market participants from within the subject market. We also reviewed development reports provided by the planning departments of Santa Clara and other nearby cities.

As stated above, for the high-density value component, we assumed a density of 45 dwelling units per acre, a little higher than the midpoint of the allowed range under the High Density General Plan designation, which allows 37 - 50 dwelling units per acre. The sales we found most comparable are displayed on the next grid. A map showing the location of these comparables is displayed in the Addenda. A parcel map for each comparable sale is also displayed in the Addenda. Selling prices were verified using our summary transcript of the public record and conversations with selling and listing brokers/agents, sellers, and buyers. We were unable to confirm the details of Comparables 1 and 4 with a party to the transaction. We relied on published data, city records, subscription service data, news articles, and information available from a summary transcript of the public record for transaction details regarding these comparables.

Several parcels near the intersection of Calle De Luna and Lafayette St were purchased by various buyers in 2018, 2019, and 2020. These sites are generally proposed for residential development of more than 100 dwelling units per acre on sites ranging from about ½ to 2 acres. These sales transacted in the range of about $150 to $260 per square foot of land area. Due to the very high-density nature of these sales, they were not considered appropriate for use in this analysis.

Adjustment Process

Transactional adjustments were made sequentially for property rights conveyed, financing terms, conditions of sale/motivation of participants, expenditures incurred by the buyer after the sale, i.e. demolition costs, and market conditions since the sale date.

Comparable 3 was purchased as part of an assemblage—the buyer had recently purchased two adjacent properties. Based on the data, a downward adjustment is warranted for motivation on the part of the buyer.

Comparables 1, 3, and 5 required the demolition of existing improvements before their new, intended use could be realized. We concluded this expense was offset by the interim income from the improvements. So, no additional adjustment was warranted for this element of comparison.

Comparable 4 is a closed transaction of an infill site improved with a vacant 30,000 square foot office building. This building will require demolition prior to redevelopment, estimated at $200,000, based on our observation and cost data. This element of comparison is shown as an upward adjustment on the Expenditures After Sale line.

Locational adjustments were broken into elements that reflect the property's identity to potential tenants or buyers (exposure, visibility), access (to freeways and amenities), and overall desirability of the location based on neighborhood factors such as age and condition of nearby properties, proximity to enhancing or detrimental factors, or an identifiable valuation element relating to address (locational appeal, zip code). Locational adjustments were warranted for the elements of comparison summarized on the grid.

Comparable 1 is across the street from Santana Row and in the vicinity of new office construction and two freeways, rating superior synergies and freeway access, warranting downward adjustments for these elements of comparison. Comparables 2 and 5 are located in areas commanding higher median selling prices and rents, supported by data in the market conditions chapter, each warranting downward adjustment.

Physical and Use/Zoning adjustments were broken into elements that reflect property size, utility/topography, allowed land uses and density, intended use/development density, affordable housing component, park fees, and entitlement status. Physical and use/zoning adjustments were warranted as summarized on the grid.

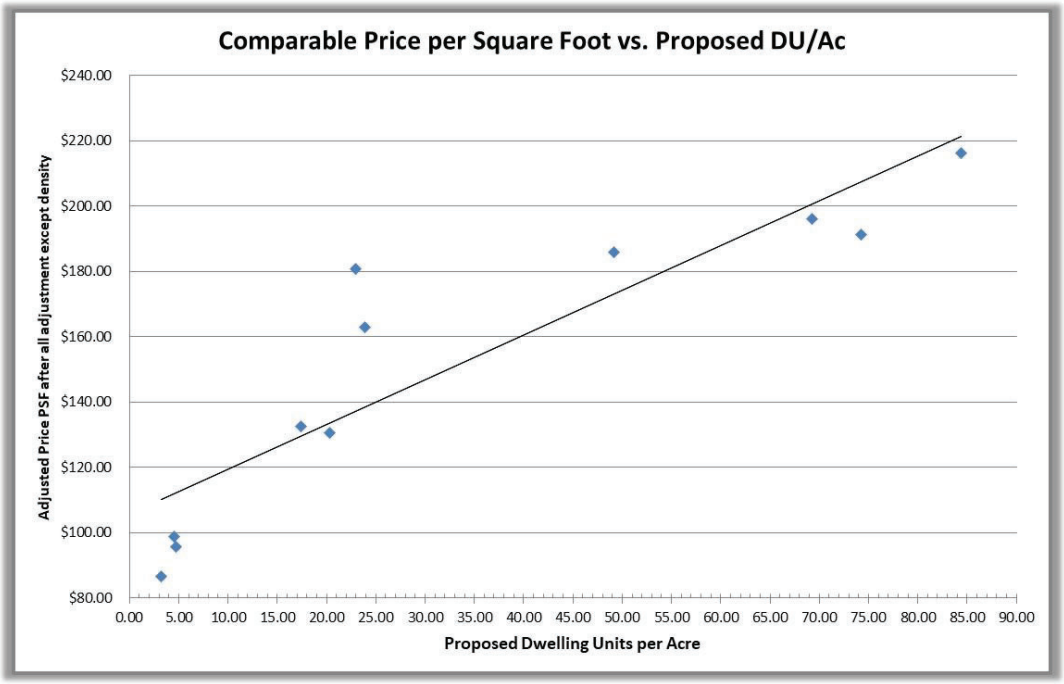
Larger properties tend to command lower unit values and vice versa. Within the range of the comparables, we concluded that larger Comparable 2 warranted an upward adjustment for larger

DRAFT

size. Comparable 3 had two street frontages, allowing for greater design flexibility, rating superior utility, and warranting downward adjustment. The comparables proposed building densities/acre bracket the subject; the highest densities warrant downward adjustment and the lower densities warrant an upward adjustment. Comparables 3 and 4 will require a zoning change or general plan amendment to allow for residential and an upward adjustment is warranted for this element of comparison. The comparables with approved entitlements rated superior to the subject's unentitled status and are adjusted downward. Park impact fees varied somewhat based upon the use and timing of the fee. Within the range of the comparables a downward adjustment is applied to Comparables 1, 2, and 5 based on their lower park fees per unit or for having none.

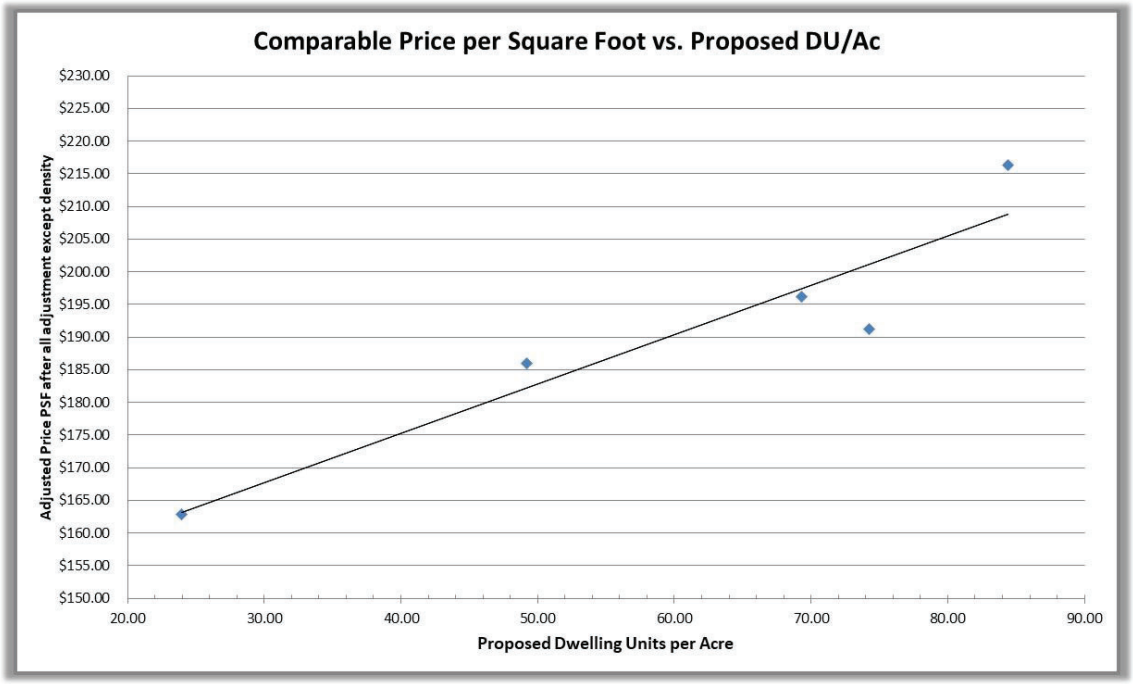
Conclusion

Following adjustment for the elements summarized on the grid, we concluded to the overall ratings displayed at the bottom of the grid. Although Comparable 1 required significant adjustment, it was selected because it was a recently closed sale at a similar density as the hypothetical subject lot. The comparables were analyzed based on a price per square foot and a price per unit units of comparison. The range of adjusted values is more consistent on a price/SF basis rather than a price/density unit basis; therefore, the price/SF is utilized as the primary comparison of value. Bracketed by the comparable ratings, the following value of unentitled high-density 45 DU/Acre residential land in the 95050 zip code is concluded:



Unit $/SF	x	Land Area (SF)	=	Indicated Value
$185	**x**	43,560	=	$8,058,600

Estimated Market Value of a 1-Acre
High-Density Residential Lot in 95050 Zip Code: $8,058,600



Medium Density Land Value

For the medium-density value component, a density of 30 dwelling units per acre is assumed, slightly above the midpoint of the allowed range under the Medium Density General Plan designation, which allows 19-36 dwelling units per acre, because buyers typically build to the higher end of allowed density. In the market, the primary difference between the medium-density land value and high-density land value relates to density. The density adjustment was estimated based on the relationship between price per SF and density, as evidenced by the comparables. In the chart below, we plotted the preceding high-density comparables and the very-low density comparables used in the preceding low-density value scenario. We graphed the change in land value per square foot versus the change in density.

DRAFT

As stated in the preceding material, the data shows the price per square foot of land increases with increasing density, which is congruent with our observations in the market. The difference in pricing for changing densities is clear when comparing the lowest to the higher densities. The chart above indicates that at a density of about 30 dwelling units per acre, the indicated price per square foot is about $145 to $150. The next chart removes the low density comparables and includes only the higher density comparables:

The chart above indicates that at a density of about 30 DU/acre, the indicated price per square foot is about $165 to $170 per square foot. We also graphed the five most similar density comparable sales, which indicated a price per square foot range of about $160 to $165. Based on the preceding comparable data, giving greater weight to the more comparable similar density range and the higher density sales chart above, with a density of 30 DU/acre for the medium-density land use, a unit value of **$165/SF** is concluded.

Conclusion

We concluded to the following medium-density value in the 95050-zip code for 1-acre of land:

Unit $/SF	X	Land Area (SF)	=	Indicated Value
$165	x	43,560	=	$7,187,400

Estimated Market Value of a 1-Acre
Medium-Density Residential Lot in 95050 Zip Code: $7,187,400

Commercial Land Value

Like the search for residential land sales data, we searched similar data sources and examined data that was discovered by talking to brokers, agents, property owners, and market participants from within the subject market. We searched for recent sales of competing retail and office properties throughout Santa Clara and nearby cities. Those we found most comparable are displayed on the grid on a following page. A map showing the location of these comparables is displayed in the Addenda.

In addition to the comparables depicted on the next grid, we are aware of two commercial transactions and one listing in Santa Clara but did not select them as comparables:

- There was an office building at 1850 Warburton Avenue in Santa Clara that closed escrow in February 2020. This was an improved two-story building of about 10,104 square feet on a 0.6-acre site. The purchase price of $3.2 million equates to a unit value of about $122 per square foot of land area [$3,200,000 / 26,136 SF], which includes any improvement value. It was zoned and general planned community commercial. Based on a discussion with the listing broker, he believed that the improvements still contributed value and one reason the selling price appeared low was due to the building occupancy being at about one-third. Because the improvements were still being utilized and contributed value, this sale was not utilized as a comparable. Even so, the indicated land

DRAFT

value for the subject would be less than $122 per square foot, and supports our following conclusion below.

- A 4.965-acre land sale at 3710 El Camino Real in Santa Clara transacted in October 2019. Based on the seller's previous bankruptcy litigation, they previously sold 50% of the fee title in this property in 2011. The 2019 sale was recorded at a selling price of $10,806,500 and reflects the buyback of those rights, which means less than the 100% fee title transferred. As this transaction was not arm's-length, it was not selected as a comparable.

- There is an offering of a vacant 0.691-acre site at 2035 White Oak Drive in Santa Clara. The asking price is $4,000,000, equivalent to about $133 per square foot of land area. This property fronts onto Lawrence Expressway and is adjacent a 7-11. Based on the listing nature and superior exposure/traffic volume, the hypothetical subject lot would be expected to have a lower unit value. This property is not included as a comparable since it is not a closed sale.

Adjustment Process

The adjustment methodology was similar as above for the residential land sales.

Transactional adjustments were warranted. As described above, due to a lack of commercial land sales, some improved sales were utilized for which the improvements contributed little to the overall selling price. Comparables 1, 2, and 4 were improved.

Comparable 1 was marketed as a development site; the eventual buyer planned to continue the retail uses. Based on a discussion with the listing broker, our observations, and the age and condition of these improvements, which comprised about 25,150 SF, the contributory value was estimated at about $60 per square foot of building area, or about 15% of the selling price as shown on the adjustment grid. This is shown as a downward adjustment. Similarly, the sale of Comparable 2 included about 7,800 square feet of improvements dating from the late 1950s and the sale of Comparable 4 included about 5,000 square feet of improvements dating from 1961; each contributed to the overall selling prices. Based on our observations and discussions with the broker, the contributory value for each of these buildings was estimated at about $75 per square foot of building area, or about 11% and 16%, respectively of the selling prices as shown on the adjustment grid. These are shown as downward adjustments. Comparable 5 sold to a buyer who was under contract for an adjacent property; the data suggests that a downward adjustment for motivation on the part of the buyer is warranted, shown on the grid as an assemblage adjustment. Comparable 5 had operating tenants at the time of sale creating income to the new buyer, offsetting the need for any demolition costs, while the buyers worked on entitlements for their new intended use.

Market conditions adjustments were applied from the contract date through the date of opinion using the degree of adjustment(s) discussed in the Market Conditions section.

Locational adjustments were broken into elements that reflect the hypothetical property's identity to potential tenants, buyers, or occupants (exposure, visibility), access (to freeways and amenities), and overall desirability of the location based on neighborhood factors such as age and condition of nearby properties, proximity to enhancing or detrimental factors, or an identifiable valuation element relating to address (locational appeal). Locational adjustments were warranted as summarized on the grid. Note that Comparable 3 does not face Coleman Ave despite its Coleman Ave address.

Physical and Use/Zoning adjustments were considered for size, utility, off-site improvements, zoning/General Plan, and planning/entitlement status. Within the range of the comparables, larger Comparables 1 and 3 warranted upward adjustment. Among the differences in land use ordinances, those of Comparables 1 and 2 were more favorable and warranted a downward adjustment. The land use ordinances of Comparable 5 are more restrictive and an upward

DRAFT

adjustment is warranted. Comparable 3 sold entitled for a hotel development and warranted a downward adjustment for this element of comparison.

Conclusion

Bracketed by the comparables, we concluded to the following for commercial land in zip code 95050:

Unit $/SF	x	Land Area (SF)	=	Indicated Value
$100		43,560		$4,356,000

Estimated Market Value of a 1-Acre Commercial Lot in Zip Code 95050: $4,360,000

Industrial Land Value

We searched the same databases listed above and reviewed other data discovered by talking to brokers, agents, property owners, and market participants from within the industrial market. We searched for recent sales of competing industrial properties throughout Santa Clara and nearby cities with similar industrial markets. We also searched for recent improved sales with improvements that were nearing the end of their economic lives or that contributed little to the overall sale price. Those we found most comparable are displayed on the following grid. A map showing the location of these comparables is displayed in the Addenda.

We are aware of additional sales data in this market described below but were not selected as comparables:

- The Fujitsu campus at 1200-1280 E. Arques Avenue on the Santa Clara border with Sunnyvale sold in October 2020 to Lane Partners. This campus includes six buildings on about 26 acres. The purchase price was recorded at $104 million, but we discovered that there was an additional $15 million spent on lease buyouts. Based on a total purchase of about $119 million, the equivalent land value is indicated at about $104 per square foot. The site is expected to be redeveloped and allowed uses could include R&D, office, and data center. The large size precluded use as a comparable.

- There was an improved sale at 2170 Martin Avenue that closed escrow in November 2020, but based on a discussion with the listing and buying broker this was effectively a distressed sale as the seller's business had dried up due to the pandemic. Furthermore, the buyer and seller had a previous relationship and the broker represented both sides. For these reasons, it was not appropriate to use as a comparable.

DRAFT

Adjustment Process

Adjustments were considered for and applied in a similar manner as above for the commercial sales. Because there are few industrial land sales in this market, we used three sales that were improved with buildings that contributed value to the selling price: Comparables 1, 2, and 4. To estimate the residual land value of these transactions, we estimated and deducted the contributory value of the building improvements based on our observations, feedback from the verifying broker(s), and the adjustment that was a good fit for the data.

Comparable 3 was purchased by an owner user and improved with a building that will be demolished prior to redevelopment; a demolition amount estimated at $5 per square foot of building area is included on the adjustment grid as an additional cost to the buyer.

Comparable 4 was purchased by the tenant and based on the data, a downward adjustment was warranted for buyer motivation. Comparable 5 was purchased by the adjacent property owner as part of an assemblage. After making all other adjustments first, a downward adjustment was warranted for motivation on the part of the buyer.

Market conditions adjustments were applied at the rate concluded to in the Market Conditions section. As stated in the preceding material, industrial property in the City of Santa Clara (and Silicon Valley in general) continues to be in demand, supported by rising asking rental rates, generally stable vacancy rates, and the opinions of market participants.

Like the commercial sales grid, locational adjustments were considered for exposure, visibility, access (to freeways and amenities), and overall desirability of the location, including zip code. Locational adjustments are warranted as summarized on the grid. Comparable 2 afforded greater exposure to higher traffic streets. However, this is not typically an important consideration for industrial users and based on the data no adjustment was warranted for exposure/visibility. Comparables 2, 3, and 5 are in competing San Jose neighborhoods and within differing zip codes. Based on discussions with market participants, these areas of San Jose rate inferior, supported by lower rents and the subject's more attractive electricity rates; upward adjustments are warranted for the inferior locations of Comparable's 2, 3, and 5.

Physical and use/zoning adjustments were considered for size, utility, intended use, zoning, general plan land use designation, and off-site improvements. Within the range of the comparables, only Comparable 4 rated superior for its smaller site size, warranting a downward adjustment. Comparable 3 offers multiple street frontages, allowing for greater utility and warranted downward adjustment. Any other warranted adjustments are summarized on the grid.

DRAFT

Conclusion

Following the adjustments discussed above and considering the overall rating comparison for each comparable, the unit values of the comparables suggested a land value in the $80 to $85 per square foot range, with a median of about $83 per square foot.

We concluded to the following for industrial land in the 95050 zip code:

Unit $/SF	x	Land Area (SF)	=	Indicated Value
$83		43,560		$3,615,480

Estimated Market Value of a 1-Acre Industrial Lot in Zip Code 95050: $3,615,480

Average Value Estimate in 95050 Zip Code

The average value was estimated by applying a weighted average based on the land area of the total sales in Santa Clara in 2020 by property type. The information was obtained from Old Republic Title Company (ORTC). *It was an extraordinary assumption of this appraisal that the land areas provided by Old Republic Title Company were accurate.*

ORTC reported a total of 922 sale transactions in Santa Clara in calendar year 2020. These included 15 commercial sales, 16 industrial sales, 576 residential single-family sales, 26 2-4 residential unit sales, and 289 medium to high-density residential sales which comprised residential unit sales greater than 5 units, condominiums, and townhomes. This compares to 945 total transactions reported in 2019 by ORTC.

Residential transactions included single family, townhomes, and condominiums, 2 to 4 unit, and residential units greater than 5 units. Of the total residential sales, and similar to the 2016, 2017, and 2019 data, single family transactions comprised the most land area, as shown in the next table, in 2020. In 2019, commercial and industrial sales comprised about half of the total land area in the city by area; by 2020, a greater percentage of land area sold in the city was residential. This will result in higher 2020 values for the hypothetical 1-acre lot because residential land in this market transacts at higher unit prices than commercial and industrial. This is congruent with overall market trends over the last year.

DRAFT

The total number of land square feet (SF) sales (broken out by property type) is reflected in the next table:

2020 City of Santa Clara Sales		
Sale Type	**Land SF**	**Total Percent**
Commercial	2,095,401	27.29%
Industrial	1,197,222	15.59%
Very Low Density Residential	3,584,306	46.68%
Low Density Residential	229,563	2.99%
Medium to High Density Residential	572,151	7.45%
Total	**7,678,643**	**100.00%**
Source: Old Republic Title Company		

Old Republic Title Company provided the data depicted in the preceding table, segregated by property type. The single-family sales were grouped into very low density, 2-4 residential sales were grouped into low-density, the townhome and condominium data were grouped into the medium to high-density residential, retail and office was grouped into commercial, and industrial, R&D, and manufacturing was designated industrial. As shown in the table, within the city limits of Santa Clara, commercial/industrial sales accounted for about 42.9% of the total while residential sales accounted for about 57.1% of the total.

Conclusion

The Total Percent in the previous table was applied to the appropriate categories for each property type. Since the data provided by the title company did not segregate medium and high-density residential, we split the total percentage evenly between the two densities (7.45% / 2 = 3.725% to each). As shown in the next table, the appropriate weighted values are summed to produce the average value of a hypothetical 1-acre lot in the 95050 zip code:

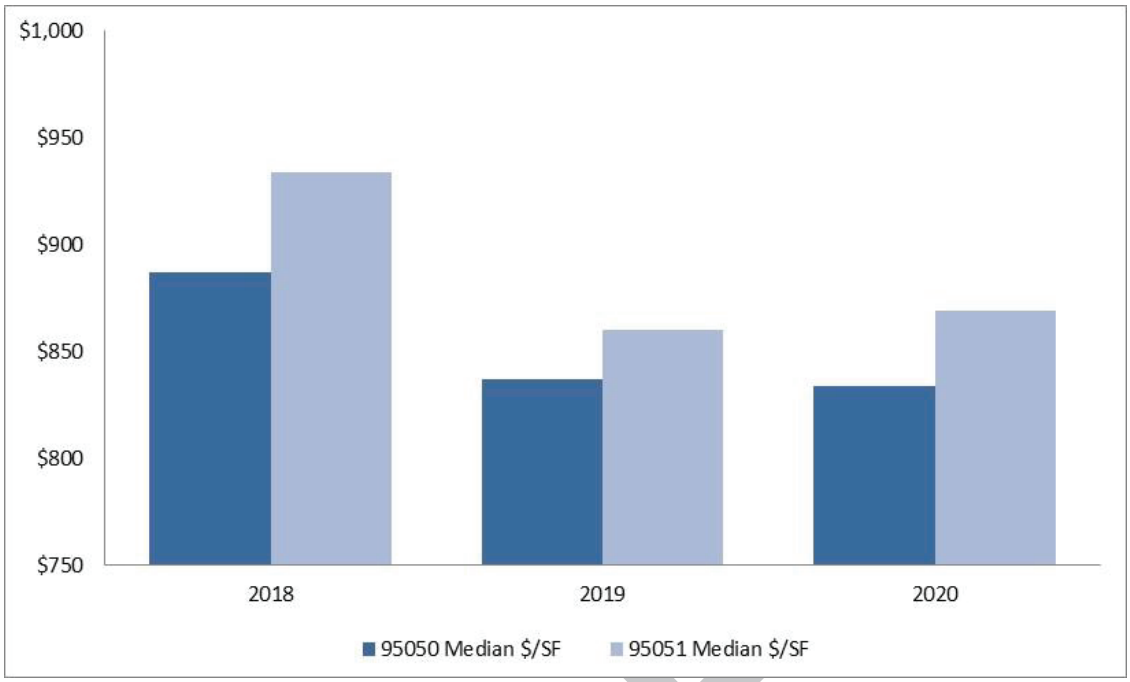
DRAFT

2020 VALUES FOR 95050 ZIP CODE SUMMARY						
Land Use	Price per SF	Price per Acre	x	Weighted Average	=	Weighted Value
Very Low Density Residential	$110	$4,791,600	x	46.68%	=	$2,236,719
Low Density Residential	$125	$5,445,000	x	2.99%	=	$162,806
Medium Density Residential	$165	$7,187,400	x	3.725%	=	$267,731
High Density Residential	$185	$8,058,600	x	3.725%	=	$300,183
Commercial	$100	$4,356,000	x	27.29%	=	$1,188,752
Industrial	$83	$3,615,480	x	15.59%	=	$563,653
				TOTAL AVERAGE VALUE		$4,719,844

Average Value of a Hypothetical 1-Acre Lot in the 95050 Zip Code: $4,720,000 (Rounded)

AVERAGE VALUE ESTIMATE IN 95051 ZIP CODE

We estimated the value of 1 acre of land for zip code 95050 above. Following we apply any differences in value between the 95051 and 95050 zip codes to estimate the average value of one acre of land in 95051.



Estimating Differences Between Zip Codes

Differences between the 95050 and 95051 zip code for each use was based upon market feedback and anecdotal information. We also considered differences in values/rents for the commercial and industrial uses, and compared median selling prices and rents for the residential uses.

Residential Difference

Market participants and selling prices provided support that residential prices in the 95051 zip code are generally higher compared to the 95050 zip code. Some brokers believed that the 95050 area was slightly better due to Santa Clara University and a larger upper-middle class. Others pointed to the fact that the 95051 includes an area of the city close to Apple's headquarters and also within the Cupertino Union School District, a higher rated school district, which commands residential price premiums. Several brokers reported that some of the nicest neighborhoods in the City are in and around San Tomas Expressway, which bisects 95050 and 95051. One market participant opined that the neighborhoods in 95051 were generally safer and that insurance premiums were lower rendering 95051 to be more desirable. Recent residential yearly-summary median prices/SF and Year End 2020 median prices/SF between the 95050 and 95051 zip codes, as reported by CoreLogic, indicated the following:

DRAFT

The chart above indicates that the median selling price/SF has historically been higher in zip code 95051, corroborating the general consensus among market participants. In 2018 the median price per square foot was about 5.3% higher in 95051. In 2019, the difference was about 2.7% and it was 4.1% in 2020. The CoreLogic data indicated that the aggregate median selling price in 95051 was 14.6% higher than 95050 in 2018, 8.3% higher in 2019 and 16.7% higher in 2020. This data supports the opinions of market participants that 95050 rates inferior to 95051.

In the next table, based on data reported by MLS the median price in 95051 has historically been higher than zip code 95050. In the most recent year 95051 was about 10% higher than 95050. However, unlike CoreLogic which reports all recorded sales transaction, MLS only reports listings marketed on MLS, which often does not include all new construction. This is because builders, in the current market environment, often market their product in-house without using MLS, which is probably more cost effective and garners more marketing control to the builder.

Housing Type	Zip Code	December-18	December-19	December-20
SFR, Condo, & Townhouse	95050	$1,074,000	$1,210,000	$1,265,000
	95051	$1,275,000	$1,425,000	$1,415,000
	95054	$1,025,000	$1,202,500	$1,128,000
Source: Local MLS				

DRAFT

Based on market feedback, historical norms, and giving most weight to the CoreLogic data, which includes all recorded transactions, supported by MLS data, we concluded 2020 residential prices in zip code 95051 were 12.5% higher than zip code 95050.

Commercial Difference

We discovered that commercial land values are generally similar among commercial uses located along El Camino Real and Stevens Creek Blvd. within the 95050 and 95051 zip codes, which are the primary commercial corridors in Santa Clara. A comparison of the 3-year average asking rental rate, as compiled by CoStar, revealed that the average rents (for office and retail combined) between these zip codes were $4.53/SF/Month in 95050 vs. $3.49/SF/Month in 95051, or a difference of about 29.8% higher in 95050. This metric is skewed somewhat by newer retail construction over the last several years in 95050. A comparison of the 3-year average asking rental rate among office properties as reported by CoStar was $3.70/SF/Month in 95050 vs. $3.83/SF/Month in 95051, or about 3.5% higher in 95051. Additionally, CoStar reported a lower vacancy rate in 95051 over the same period (2.14% vs. 6.00% among all office and retail). The average selling price per square foot among these two zip codes was within 6% of each other over the last three years, $451 in 95050 vs $478 in 95051 for both office and retail properties. Based on market data, rental rates differences, selling price differences, and vacancy rate differences we concluded that commercial land values in 95051 rated similar to 95050.

Industrial Difference

Among industrial properties, much of the product in the 95051 zip code is built as, or allows for R&D and higher intensity office uses, and greater floor area ratios, rating superior to 95050. Furthermore, about 65 acres of industrial lands in the 95051 zip code, around Kifer Rd and Lawrence Expy., are converting to residential uses, reducing the supply of industrial properties, and pushing increasing demand and value for industrial at the same time. A comparison of the 3-year average rental rate per SF, as compiled by CoStar, showed that the average rental rates were more in 95051 during the past 3 years ($2.13/SF vs. $1.72/SF). The rental rates are partly skewed because there are a greater number of older buildings in 95050 and many of those buildings are more warehouse in nature, which command lower rental rates. The average selling price per square foot among these two zip codes was within about 6% over the last three years, $325 in 95050 vs $345 in 95051, according to CoStar. Again, this difference is partly explained by the type of product within each zip code, with 95050 having older and generally lower quality finishes/build-out. A discussion with a local industrial broker felt that all areas of the city were generally comparable. After consideration for differences in asking rents, sale prices, and the opinions of the market, we concluded that industrial land prices rated about 5% superior in 95051 compared to 95050.

DRAFT

Conclusion of Value in 95051 Zip Code

Based on the above, we concluded residential uses in zip code 95051 rated 12.5% superior, while commercial values rated similar, and industrial values rated 5% superior. In the next table, the adjusted price per acre for each land use in the 95051 zip code was adjusted and the appropriate weighted values are summed to produce the average value of a hypothetical 1-acre lot in the 95051 zip code:

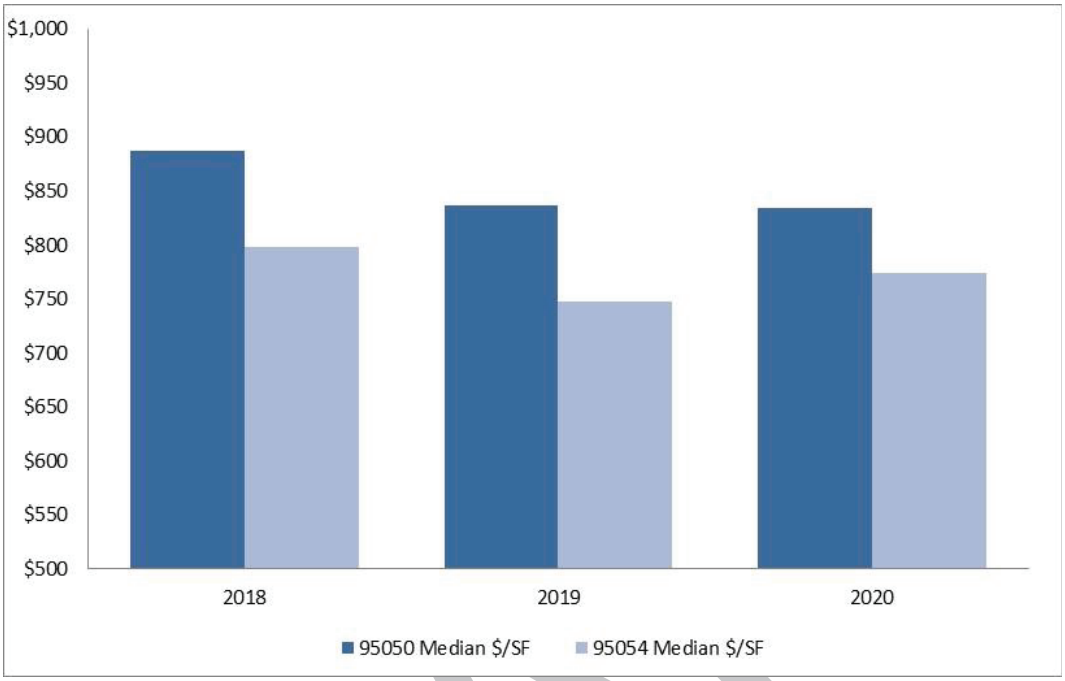
95051 ZIP CODE LAND USE VALUES & AVERAGE VALUE PER ACRE					
Land Use	95050 Average Price/Acre Weighted	x	Adjustment Factor	=	95051 Average Price per Acre
Very Low Density Residential	$2,236,719	x	112.5%	=	$2,516,309
Low Density Residential	$162,806	x	112.5%	=	$183,157
Medium Density Residential	$267,731	x	112.5%	=	$301,197
High Density Residential	$300,183	x	112.5%	=	$337,706
Commercial	$1,188,752	x	100.0%	=	$1,188,752
Industrial	$563,653	x	105.0%	=	$591,836
			TOTAL AVERAGE VALUE PER ACRE		**$5,118,957**

Average Value of Hypothetical 1-Acre Lot in the 95051 Zip Code: $5,120,000 (Rounded)

AVERAGE VALUE ESTIMATE IN 95054 ZIP CODE

We utilize the same weighted land values from zip code 95050 and apply any differences in value between the 95054 and 95050 zip codes.

Estimating Differences Between Zip Codes



For 95054 value conclusions, we applied the same methodology used above to estimate the value differences between the 95050 and 95051 zip codes.

Residential Difference

Median and average selling prices provided support that the residential prices in the 95054 zip code were generally similar or a little inferior when compared to the 95050 zip code. Brokers active in the market reported a range of opinions, that generally these two zip codes are not much different, but that 95054 tends to rate a little inferior. The 95054 is affected by airport noise and has a higher concentration of higher-density housing units; there is less single-family selection and therefore fewer traditional residential neighborhoods with detached units. Recent yearly-

DRAFT

summary median prices/SF for the 95050 and 95054 zip codes, as reported by CoreLogic, indicated the following:

The median selling prices/SF has been historically higher in the 95050 zip code. The CoreLogic data indicated that the aggregate median price in 95054 was 5.0% *lower* in 2019 and about 2.1% *lower* in 2020. This data supports the opinions of market participants that 95054 generally rates inferior to 95050.

The next table is the same MLS data displayed above. In this data set the median price in 95050 ranged from about 0.6% to about 12.1% more than in 95054 in the most recent year. Again, unlike CoreLogic which reports all recorded sales transaction, MLS only reports listings marketed on MLS, which often does not include all new construction.

Housing Type	Zip Code	December-18	December-19	December-20
SFR, Condo, & Townhouse	95050	$1,074,000	$1,210,000	$1,265,000
	95051	$1,275,000	$1,425,000	$1,415,000
	95054	$1,025,000	$1,202,500	$1,128,000
Source Local MLS				

Based on market data, the opinions of market participants, and giving more weight to the CoreLogic price differences, which includes new and resale residential construction, we

concluded that residential land prices in zip code 95054 were lower than zip code 95050, on the order of 5%.

Commercial Difference

Most of the new commercial planned or proposed for the 95054 zip code comprises office and hotel uses, however, there are several mixed-use projects in process, notably Related Santa Clara. This area of Silicon Valley includes the Golden Triangle and has historically supported higher intensity uses and properties offering freeway visibility (U.S. 101 and CA-237). The addition of Levi's Stadium and the draw of Great America theme park and the Santa Clara Convention Center create additional synergies for this zip code. The greatest concentration of Class A office is located within this zip code and more is planned. As noted above, there are several mixed-use projects in process, which if built-out, will add both retail and new residential customers.

A comparison of the 3-year average rental rate compiled by CoStar, revealed that the average rents between these zip codes was slightly lower in 95054, $4.33/SF vs. $4.53/SF in 95050, a difference of about 4.4% based on office and retail uses. As before, the 95050 rental rate is influenced by newer retail construction which typically commands higher rental rates. A comparison of office rents indicates that the 3-year average of $4.35/SF/Month in 95054 is about 14.9% higher than the $3.70/SF/Month in 95050. And the average selling price per square foot in the 95054 zip code was 15.5% higher over the last three years compared to 95050 ($451 in 95050 vs $521 in 95054) for office and retail sales. Based on the data, including broker estimates and rental rate differences in each zip code, and considering that there is a greater proportion of office uses compared to retail uses, we concluded that an upward adjustment of 15% was warranted for 95054 for higher commercial land value.

Industrial Difference

Among industrial properties, much of the product in the 95054 zip code is built as, or allows for R&D and higher intensity office uses, rating superior to 95050. This also allows for greater floor area ratios in 95054. Most market participants reported higher prices in 95054 due primarily to superior freeway access and fewer heavy-industrial uses. A comparison of the 3-year average rent per SF, as compiled by CoStar, showed that rents averaged $1.72/SF in the 95050 zip code vs. $2.26/SF in the 95054 zip code, about a 31% premium. The average selling price per square foot in the 95054 zip code was about 26% higher over the last three years compared to 95050 ($325 in 95050 vs $410 in 95054) based on industrial sales reported by CoStar. Again, the difference in rental rates and selling prices is partly explained by the type of product within each zip code, with 95050 having older and generally lower quality finishes/build-out compared to 95054. A local broker estimated that there was a 15-25% premium in the 95054 zip code area

DRAFT

compared to 95050. Bracketed by the data, including rental rate differences, sale prices/SF, and broker opinions, we concluded to a 15.0% premium for industrial land within the 95054 zip code compared to 95050.

Conclusion of Value in 95054 Zip Code

Based on the above data and analysis, the adjusted price per acre for each land use in the 95054 zip code was adjusted and the appropriate weighted values are summed to produce the average value of a hypothetical 1-acre lot in the 95054 zip code:

95054 ZIP CODE LAND USE VALUES & AVERAGE VALUE PER ACRE					
Land Use	95050 Average Price/Acre Weighted	x	Adjustment Factor	=	95054 Average Price per Acre
Very Low Density Residential	$2,236,719	x	95.0%	=	$2,124,883
Low Density Residential	$162,806	x	95.0%	=	$154,666
High Density Residential	$267,731	x	95.0%	=	$254,344
Medium Density Residential	$300,183	x	95.0%	=	$285,174
Commercial	$1,188,752	x	115.0%	=	$1,367,065
Industrial	$563,653	x	115.0%	=	$648,201
			TOTAL AVERAGE VALUE PER ACRE		**$4,834,333**

Average Value of a Hypothetical 1-Acre Lot in the 95054 Zip Code: $4,830,000 (Rounded)

RECONCILIATION AND OPINION OF AVERAGE VALUES

The sales comparison approach was the appropriate value approach for each land use. Total sales statistics revealed that about 43% of the total sales in the city by land area were commercial and industrial transactions and the other 57% were residential. This represents a greater percentage of residential sales than in 2019. Because residential unit values are greater than commercial and industrial, this resulted in higher concluded values for each zip code in 2020 compared to 2019. Industrial sales in 2020 comprised 15.59% of the total land sold, much lower than the 43.47% reported in 2019 and the 34.93% reported in 2017 by Old Republic Title Company. All these factors resulted in higher 2020 values for the hypothetical one-acre lots.

DRAFT

We concluded to the following average value for each zip code on December 31, 2020, the effective date of value opinion:

Opinion of Average Value of a 1-Acre Lot in the 95050 Zip Code: $4,720,000

(Four Million Seven Hundred Twenty Thousand Dollars)

Opinion of Average Value of a 1-Acre Lot in the 95051 Zip Code: $5,120,000

(Five Million One Hundred Twenty Thousand Dollars)

Opinion of Average Value of a 1-Acre Lot in the 95054 Zip Code: $4,830,000

(Four Million Eight Hundred Thirty Thousand Dollars)

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA TO ESTABLISH THE PARKLAND IN LIEU FEE SCHEDULE FOR NEW RESIDENTIAL DEVELOPMENT IN ACCORDANCE WITH CHAPTER 17.35 ("PARK AND RECREATIONAL LAND") OF TITLE 17 ("DEVELOPMENT") OF THE CODE OF THE CITY OF SANTA CLARA

BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, the City of Santa Clara is the Government entity responsible for providing public parks, recreation and open space facilities within the City of Santa Clara; and,

WHEREAS, the 2010-2035 General Plan includes a goal that new parks, open space and recreation be provided with new development so that existing facilities are not overburdened; and,

WHEREAS, the report entitled "Public Facilities Impact Fee Study" dated June 25, 2014 ("Nexus Study"), was prepared by Willdan Financial Services, Inc. and approved by Council in June 2014; and,

WHEREAS, on July 15, 2014, the City Council adopted Ordinance No. 1928, which added Chapter 17.35 to the City Code, and requires new residential development to provide adequate community and neighborhood park land for active recreational uses, and/or under certain conditions to pay a fee in lieu of parkland dedication; and,

WHEREAS, on February 24, 2015, the City Council adopted Ordinance No. 1937, adding duplex dwellings to the types of developments subject to the parkland dedication requirement, and removing the one (1) acre minimum parkland dedication prior to a developer being able to receive financial credit for private recreational amenities and open space; and,

WHEREAS, on August 27, 2019, Council approved Resolution No. 19-8749 which included the statutory findings required pursuant to the California Quimby Act (Quimby) and Mitigation Fee Act (MFA), including the report entitled "Santa Clara Park and Recreation Facilities Impact Fee Update Study" dated April 9, 2019 ("Nexus Study Update") prepared by Willdan Financial

Services, Inc., and the professional land valuation appraisal report with a valuation date of December 31, 2017, and the park improvements replacement costs with values as of 2017; and,

WHEREAS, on October 29, 2019 Council approved Resolution No. 19-8769 to establish the Parkland In Lieu Fee Schedule for New Residential Development in Accordance with Chapter 17.35 of the Code of the City of Santa Clara, and directed staff to phase in the Park Improvement Costs over four years and to use the annual Land Valuation Appraisal Report in the calculation of annual fees; and,

WHEREAS, pursuant to SCCC Chapter 17.35, the City has surveyed land values and sales records, conducted a professional appraisal with a valuation date of December 31, 2020 to determine the fair market value of property in the City, and the City posted the Appraisal Report on the City website from March 30, 2021 to April 16, 2021 for public review and comment; the Council now wishes to use the applicable values for calculating the fees due in lieu of parkland dedication and to adopt the updated fee schedule for parkland in lieu fees; and,

WHEREAS, on May 5, 2021 and on May 12, 2021, a notice of the May 25, 2021 public hearing to consider a Resolution to establish the Parkland In Lieu Fee Schedule for New Residential Development in Accordance with Chapter 17.35 of the Code of the City of Santa Clara was published in the Weekly, a newspaper of general circulation; and,

WHEREAS, on May 21, 2021, a copy of the Report supporting this resolution and all supporting data were placed on file at the City Clerk's Office and the City website;

WHEREAS, the fees established by this resolution are derived from, are based upon, and do not exceed the costs of providing capital park and recreation land and facilities necessitated by the new residential development for which fees are levied; and,

WHEREAS, on May 25, 2021, the City Council held a public hearing to consider the proposed fee schedule and draft resolution, at which time all interested persons were given an opportunity to give testimony and provide evidence, both in support of and in opposition to the proposed resolution.

NOW THEREFORE, BE IT FURTHER RESOLVED BY THE CITY OF SANTA CLARA AS

FOLLOWS:

1. Findings and Purpose. That the City Council hereby finds and declares that:

A. New residential subdivisions and new non-subdivided residential projects generate impacts and demands for public services, facilities, and neighborhood and community parkland, and have a significant effect on the use and availability of park and recreation space and facilities, and that the limited open space and recreation amenities provided by these residential developments are insufficient to meet demands.

B. It is the City's intent and desire (General Plan Goals & Policies: 5.9.1-G3, -G4; 5.9.1-P14, -P18, -P20) to require that such developments contribute their fair share of land, facilities, or amenities or contribute public costs toward the purchase, development and/or improvement of park and recreational facilities.

C. The imposition of impact fees is one of the customary methods of ensuring that development bears a proportionate share of the cost of capital facilities necessary to accommodate such development in order to promote and protect the public health, safety and welfare.

D. The provisions of this Resolution are enacted pursuant to the Charter, the City of Santa Clara General Plan and sections 66000-66025, 66477, and 66479 of the California Government Code (the "Mitigation Fee Act" and the "Quimby Act"), as may be applicable.

E. The report entitled "Public Facilities Impact Fee Study" ("Nexus Study") dated June 25, 2014, prepared by Willdan Financial Services, Inc. and reviewed by Council in June 2014, set forth a reasonable methodology and analysis for the determination of the impact of development on the need for and costs for additional capital parks and recreation facilities improvements in the City.

F. The report entitled "Santa Clara Park and Recreation Facilities Impact Fee Update Study" ("Nexus Study Update") dated April 9, 2019, prepared by Willdan Financial Services, Inc. and reviewed by Council on May 21 and August 27, 2019, set forth a reasonable

methodology and updated analysis for the determination of the impact of development on the need for and the costs for additional capital parks and recreation facilities improvements in the City.

G. Pursuant to Government Code Section 66016, the City made data available regarding the costs, or estimated costs, to provide services and proposed parkland dedication standards for the public facility impact fees by posting the Nexus Study Update prepared by Willdan Financial Services, Inc., on the City's Website on April 9, 2019 and the park improvement replacement costs contained in the Facility Condition Assessment Report ("Kitchell 2017") on the City Website in January 2018, and provided the land valuation Appraisal Report prepared by Frank Schmidt & Associates dated December 31, 2020 ("Appraisal Report") on the City's website on March 30, 2021, all of which dates were all at least ten (10) days before the Council public hearing on May 25, 2021.

H. After careful consideration, including review of documentary evidence and additional information submitted in the administrative review process, the City Council finds the imposition of impact fees to finance major public park and recreational land acquisition, development and rehabilitation, as revised using the values set forth in the Nexus Study Update Report, is in the public interest and general welfare of the City and its residents, is equitable, and does not impose an undue burden on new development.

2. Calculation of Fees.

A. The Nexus Study Update calculates the parks fees that would fund the fair share cost to new development for additional capital parks and recreational facilities and improvements. The Nexus Study is based on the General Plan planning horizon of 2010-2035 and estimates the future residential population needs for parkland and recreational facilities. The Nexus Study Update determines a fair share of future planned public facilities using the "system plan" method to assure that new development doesn't pay for existing service deficiencies. The Nexus Study Update uses the

"existing inventory demand standard" translated into facility costs per capita to determine new development's fair share of planned facility costs and to calculate the maximum parks fee. The cost standard provides a reasonable method for converting disparate types of facilities, in this case parkland and special use recreational facilities, into a single measure of demand (capital cost per capita). The cost standard is based on the existing inventory of parks and recreation facilities. New development will fund the expansion of facilities at the same rate that existing development has provided facilities. This method sets the fee that will fund the expansion of park facilities at the same standard that currently serves existing residents. The Nexus Study Update provides a reasonable methodology to determine the impacts and costs of new residential development. The City may adopt development impact fees up to the legally justified amounts in the Nexus Study Update (100% cost recovery).

B. Pursuant to Ordinances Nos. 1928 and 1937, projects subject to the Quimby Act and the Mitigation Fee Act, will provide for parkland (and/or its corresponding fee calculated and due in lieu of land dedication) according to the Quimby Act and/or Mitigation Fee Act as appropriate, and will provide for park improvements (and/or its corresponding fee calculated and due in lieu of improvements) according to the Mitigation Fee Act or its corresponding fee due in lieu of improvements.

C. Pursuant to Santa Clara City Code Chapter 17.35, the maximum amount of the fees due in lieu of required parkland dedication shall be determined by the fair market value of the amount of land that would otherwise be required to be dedicated and using the average per acre land value for property in the City of Santa Clara for each of the three existing ZIP Codes in the City (95050, 95051, 95054), for each of the Dwelling Unit Categories (Single Family, Multi-family) on an annual basis in a Council resolution.

D. Parkland Dedication Standard. In calculation of parkland dedication or fees due in lieu thereof, new residential developments subject to the Mitigation Fee Act will use the existing parkland ratio of 2.6 acres per thousand residents; and, new residential subdivisions subject to the Quimby Act

will use the City parkland standard of 3.0 acres of property for each one thousand residents for public park and recreational facilities.

E. Dwelling Unit Categories and Density. In calculation of parkland dedication or fees due in lieu thereof, the types of dwelling units and average density factors (U.S. Census Bureau, 2017 American Community Survey) are: (1) Multiple Family Dwelling equals 2.40 persons per household; and, (2) Single-Family Dwelling equals 2.98 persons per household.

F. In conformance with City Code Section 17.35.050, in subdivisions of over fifty (50) parcels of land, in condominium developments of more than fifty (50) dwelling units, and in residential developments not involving a subdivision, a combination of land dedication and fee payment may be required. Developments of fifty (50) units or less will be required to pay an in-lieu fee.

G. In conformance with City Code Section 17.35.070, developers will submit a written request with the project application for any eligible credits requested against the amount of parkland dedication or the amount of the in-lieu fee. The developer will work with the Director of Parks & Recreation on the proposed credits and project's park, recreation and green space conditions. The Approving Authority must make findings that the on-site parks and recreation amenities meet the Code's standards. For housing developments of which 100% of the units are affordable or for senior citizens authorized by the California Civil Code or the Federal Fair Housing Amendments Act, the Approving Authority must make findings that the development complies with all other provisions of the section and that providing the additional credit would serve the public interest.

H. The land valuation component will be subject to the updated annual land value appraisal report and supplemental instructions as adopted by Council June 7, 2016 with valuation dates of December 31 of each calendar year for use in calculating the following (next) fiscal year's fee update.

1. Land Valuation Appraisal. An independent real estate appraisal firm, Frank Schmidt & Associates, was retained to provide a "Fair Market Value" opinion (valuation date of

December 31, 2019) conforming to Uniform Standards of Professional Appraisal Practice and using the City's Supplemental Instructions for an average acre of land (hypothetical, rectangular, useable site) for property in each of the three existing City of Santa Clara Zip Codes 95050, 95051, 95054. The data set included all property types: Single Family (low and very low density), High Density Residential, Medium Density Residential, Commercial/Retail, Industrial, Lots and Land. Excluded were transactions considered not "arms-length", having encumbered or clouded title, environmentally impaired sites, or more than three (3) years old. An inflation factor was computed and applied to comparable sales over one year old based on reasonable and rational considerations such as sales and rental trends or other appropriate methods. The weighted average of each property type was based on the percentage of land area in the sales transactions.

2. Land Valuation Appraisal Findings. Based on the findings of the Appraisal Report, the average per acre land value for each ZIP Code area as of December 31, 2020, is: $4.720 million per acre ($108.36/sf) in 95050; $5.120 million per acre ($117.54/sf) in 95051; and, $4.495 million per acre ($110.88/sf) in 95054. If a developer objects to this determination of fair market value, the developer may elect to have the value established by appraisal, in conformance with City Code Section 17.35.040(b)(2).

3. Park Improvement Value Findings. In 2017, an independent asset inventory evaluation firm, Kitchell CEM, was retained by the City to provide a complete asset inventory and facility condition assessment of all parks and recreation assets in the City for inclusion in the City's Enterprise Asset Management System and geo-database for lifecycle asset management (GIS-Lucity), and conforming to the industry standards used a reasonable methodology to determine the replacement cost for all existing assets and from which a condition index could be calculated (Kitchell Report dated February 21, 2018). The report was available on the City website, reported at the Parks & Recreation Commission, and noted and filed by the City Council on April 24, 2018. The total replacement cost of park assets inventoried

in existing parks is the basis from which the system determines a reasonable estimate of the average per acre value of existing park improvements. The cost to provide an asset or set of assets in a park ("park improvements") is found to be the same as the current replacement cost of an asset such that a new park will provide the same level of service to new residents as received by existing residents in the park system as a whole, but no greater. Following stakeholder meetings on June 11, 2018 and June 27, 2018, adjustments were made (subtracted) in the inventory's costs for non-standard park facilities and buildings. The City then further reviewed actual construction bid prices for recent park construction projects in the City of Santa Clara, and the City contracted with an independent construction cost estimator to review the existing park inventory cost data. Based on these analyses and findings, the reasonable average cost per acre for park improvements was determined and found to be $1.335 million per acre ($3,471 per capita).

4. Park Improvement Value Phase-in & Fee Direction. On October 29, 2019, Council adopted Resolution No. 19-8769 which directed staff to "phase in" the 2018 per capita improvement value over four years (i.e. for FY2019/20 use $1,473 per capita, for FY2020/21 use $2,139 per capita, for FY2021/22 use $2,805 per capita, and for FY2022/23 use $3,471 per capita). In the Resolution No 19-8769, Council also directed staff to use 100% of the land valuations from December 31, 2017. Council also directed staff to revisit the use of the California Construction Cost Index (increase/decrease) to adjust the park improvement cost basis of $3,471 per capita in the calculation of fees due in lieu of parkland dedication.

3. <u>Schedule of Fees.</u>

A. Fee Policy History. On October 14, 2014, Council adopted Resolution No. 14-8174 that set fees due in lieu of parkland dedication for Fiscal Year (FY) 2014/15 at 100% cost recovery based on land valuation from calendar year 2013 and park improvement value as of 2014. In FY2015/16, fees remained unchanged due to the recent adoption of the ordinance and fees. On June 7, 2016, Council adopted supplemental instructions for land valuation to be used in the land

appraisal process. On August 23, 2016, Council adopted Resolution No. 16-8358 that set fees due in lieu of parkland dedication for FY2016/17 at 100% of cost recovery based upon the land valuation date of December 31, 2015 and park improvement value as of 2014. On May 8, 2017, Council adopted Resolution No. 17-8427 that set fees due in lieu of parkland dedication for FY2017/18 at 100% of cost recovery based upon the land valuation date of December 31, 2016 and park improvement value as of 2014. In FY 2018/19, fees remained unchanged due to an extensive review and public comment periods regarding the Nexus Study Update. On October 29, 2019, Council adopted Resolution No. 19-8769 that set fees due in lieu of parkland dedication for FY2019/20 at less than 100% cost recovery based on the land valuation date of December 31, 2017 and the use of the park improvement value as of 2014 plus 25% ($666) of 2018 park improvement value increase. On April 28, 2020 Council adopted Resolution No. 20-8839 which set fees for FY2020/21 at less than 100% cost recovery based on the use of the land valuation date of December 31, 2017 and the park improvement value as of 2014 plus 50% ($1,332) of the 2018 improvement value increase; due to impacts of the COVID19 global pandemic the land valuation appraisal was not available for use in the fee calculation at that time. Council direction in 2019 was to adjust the land valuation (increase/decrease) fee component each year based on the annual land appraisal at 100% cost recovery.

B. Pursuant to Ordinances Nos. 1928 and 1937, fees subject to the Quimby Act and the Mitigation Fee Act are calculated and provided for each Zip Code Area of the City (95050, 95051, and 95054) in Attachment 1, attached hereto and incorporated herein by this reference. The fees in this resolution are calculated using 100% cost recovery for the average per acre land value for each ZIP Code area as of December 31, 2020 (i.e.: $4.720 million per acre ($108.36/sf) in 95050; $5.120 million per acre ($117.54/sf) in 95051; and, $4.830 million per acre ($110.88/sf) in 95054) and 75% of the 2018 per capita improvement value (i.e. for FY2021/22 use $2,805 per capita) in conformance with previous Council direction on October 29, 2019.

C. Implementation Schedule. For development projects subject to the Quimby Act, the

proposed fees will be imposed on development projects with applications deemed complete on or after May 25, 2021 (immediately). For development projects subject to the Mitigation Fee Act, the proposed fees will be imposed on development projects with applications deemed complete on or after July 25, 2021 (60 days after adoption of this Resolution). For development project applications “deemed complete” prior to this date, the existing fees will apply as adopted in Resolution No. 20-8839.

4. Effective date. This resolution shall become effective immediately.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE ___ DAY OF _____, 2021, BY THE FOLLOWING VOTE:

RESOLUTION NO. 19-8769

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA TO AMEND RESOLUTION No. 19-8749 TO ESTABLISH THE PARKLAND IN LIEU FEE SCHEDULE FOR NEW RESIDENTIAL DEVELOPMENT IN ACCORDANCE WITH CHAPTER 17.35 ("PARK AND RECREATIONAL LAND") OF TITLE 17 ("DEVELOPMENT") OF THE CODE OF THE CITY OF SANTA CLARA AND TO DETERMINE THE PARK IMPROVEMENT COST TO BE USED IN THE FEE CALCULATIONS

BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

WHEREAS, the City of Santa Clara is the Government entity responsible for providing public parks, recreation and open space facilities within the City of Santa Clara; and,

WHEREAS, the 2010-2035 General Plan includes a goal that new parks, open space and recreation be provided with new development so that existing facilities are not overburdened;

WHEREAS, the report entitled "Public Facilities Impact Fee Study" ("Nexus Study") dated June 25, 2014, prepared by Willdan Financial Services, Inc. was reviewed by Council in June 2014;

WHEREAS, on July 15, 2014, the City Council adopted Ordinance No. 1928, which added Chapter 17.35 to the City Code, and requires new residential development to provide adequate community and neighborhood park land for active recreational uses, and/or under certain conditions to pay a fee in lieu of parkland dedication;

WHEREAS, on February 24, 2015, the City Council adopted Ordinance No. 1937, adding duplex dwellings to the types of developments subject to the parkland dedication requirement, and removing the one (1) acre minimum for a developer to receive credit for private open space;

WHEREAS, on August 14, 2019 and on August 21, 2019, a notice of the August 27, 2019 public hearing to consider a Resolution to Establish the Parkland In Lieu Fee Schedule for New Residential Development in Accordance with Chapter 17.35 of the Code of the City of Santa Clara was published in the Weekly, a newspaper of general circulation;

WHEREAS, on August 27, 2019, Council approved Resolution No. 19-8749 which included the statutory findings required pursuant to the California Quimby Act (Quimby) and Mitigation Fee

Act (MFA), and related information to be used in the calculation of the fees due in lieu of parkland dedication including the report entitled "Santa Clara Park and Recreation Facilities Impact Fee Update Study" ("Nexus Study") dated April 9, 2019, prepared by Willdan Financial Services, Inc., the professional land valuation appraisal report with a valuation date of December 31, 2017, and the 2018 park improvements replacement costs data, as well as additional documents and public testimony;

WHEREAS, on August 27, 2019, Council voted not to include an implementation schedule in Resolution 19-8749, and directed staff to provide additional policy alternatives for phasing in the increased cost of the park improvement portion of the in-lieu fee calculation to "longer than three years", and to provide pros and cons associated with these alternatives, and directed that all development project applications currently on file would be subject to the existing fees as adopted in FY2017-18 (Resolution No. 17-8427);

WHEREAS, on October 16, 2019 and on October 23, 2019, a notice of the October 29, 2019 public hearing to consider a Resolution to Amend Resolution No. 19-8749 to establish the Parkland In Lieu Fee Schedule for New Residential Development in Accordance with Chapter 17.35 of the Code of the City of Santa Clara and to determine the Park Improvement Costs to be used in the Fee Calculations was published in the *Weekly*, a newspaper of general circulation;

WHEREAS, the fees established by this resolution are derived from, are based upon, and do not exceed the costs of providing capital park and recreation land and facilities necessitated by the new residential development for which fees are levied; and

WHEREAS, on October 29, 2019 the City Council held a public hearing to consider the proposed fee schedule and draft resolution, at which time all interested persons were given an opportunity to give testimony and provide evidence.

NOW THEREFORE, BE IT FURTHER RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. Findings and Purpose. That the City Council hereby finds and declares that:

A. New residential subdivisions and new non-subdivided residential projects generate impacts and demands for public services, facilities, and neighborhood and community parkland, and have a significant effect on the use and availability of park and recreation space and facilities, and that the limited open space and recreation amenities provided by these residential developments are insufficient to meet the needs.

B. It is the City's intent and desire (General Plan Goals & Policies: 5.9.1-G3, -G4; 5.9.1-P14, -P18, -P20) to require that such developments contribute their fair share of land, facilities, or amenities or contribute public costs toward the purchase, development and/or improvement of park and recreational facilities.

C. The imposition of impact fees is one of the customary methods of ensuring that development bears a proportionate share of the cost of capital facilities necessary to accommodate such development in order to promote and protect the public health, safety and welfare.

D. The provisions of this Resolution are enacted pursuant to the Charter, the City of Santa Clara General Plan and sections 66000-66025, 66477, and 66479 of the California Government Code (the "Mitigation Fee Act" and the "Quimby Act"), as may be applicable.

E. The report entitled "Public Facilities Impact Fee Study" ("Nexus Study") dated June 25, 2014, prepared by Willdan Financial Services, Inc. and reviewed by Council in June 2014, set forth a reasonable methodology and analysis for the determination of the impact of development on the need for and costs for additional capital parks and recreation facilities improvements in the City.

F. The report entitled "Santa Clara Park and Recreation Facilities Impact Fee Update Study" ("Nexus Study Update") dated April 9, 2019, prepared by Willdan Financial Services, Inc. and reviewed by Council on May 21 and August 27, 2019, set forth a reasonable methodology and updated analysis for the determination of the impact of development on the

need for and the costs for additional capital parks and recreation facilities improvements in the City.

G. Pursuant to Government Code Section 66016, the City made data available regarding the costs, or estimated costs, to provide services and proposed parkland dedication standards for the public facility impact fees by posting the draft Nexus Study Update prepared by Willdan Financial Services, Inc., on the City's Website on April 9, 2019 and previously provided the land valuation appraisal report and addenda prepared by the Schmidt-Prescott Group dated February 22, 2018 ("Appraisal Report") on the City's website on March 9, 2018, and the park improvement replacement costs contained in the Facility Condition Assessment Report ("Kitchell 2017") on the City Website in January 2018, which dates were all at least ten (10) days before the Council public hearing on August 27, 2019. In addition, a copy of a report analyzing the potential options for a gradual phase-in of the fees and the use of a cost escalator for parkland improvement costs was placed on file with the City Clerk on October 18, 2019, and a copy was posted on the City's website also on October 18, 2019, which dates were at least ten (10) days before the Council public hearing on October 29, 2019.

H. After careful consideration, including review of documentary evidence and additional information submitted in the administrative review process, the City Council finds the imposition of impact fees to finance major public park and recreational land acquisition, development and rehabilitation, as revised using the values set forth in the Nexus Study Update Report, is in the public interest and general welfare of the City and its residents, is equitable, and does not impose an undue burden on new development.

2. Calculation of Fees.

A. The Nexus Study Update calculates the parks fees that would fund the fair share cost to new development for additional capital parks and recreational facilities and improvements. The Nexus Study is based on the General Plan planning horizon of 2010-2035 and estimates the future

residential population needs for parkland and recreational facilities. The Nexus Study Update determines a fair share of future planned public facilities using the "system plan" method to assure that new development doesn't pay for existing service deficiencies. The Nexus Study Update uses the "existing inventory demand standard" translated into facility costs per capita to determine new development's fair share of planned facility costs and to calculate the maximum parks fee. The cost standard provides a reasonable method for converting disparate types of facilities, in this case parkland and special use recreational facilities, into a single measure of demand (capital cost per capita). The cost standard is based on the existing inventory of parks and recreation facilities. New development will fund the expansion of facilities at the same rate that existing development has provided facilities. This method sets the fee that will fund the expansion of park facilities at the same standard that currently serves existing residents. The Nexus Study Update provides a reasonable methodology to determine the impacts and costs of new residential development. The City may adopt development impact fees up to the legally justified amounts in the Nexus Study Update (100% cost recovery).

B. Pursuant to Santa Clara City Code Chapter 17.35, the maximum amount of the fees due in lieu of required parkland dedication shall be determined by the fair market value of the amount of land that would otherwise be required to be dedicated and using the average per acre land value for property in the City of Santa Clara for each of the three existing ZIP Codes in the City (95050, 95051, 95054), for each of the Dwelling Unit Categories (Single Family, Multi-family) on an annual basis in a Council resolution.

C. An independent real estate appraisal firm, The Schmidt-Prescott Group, was retained to provide a "Fair Market Value" opinion (valuation date of December 31, 2017) conforming to Uniform Standards of Professional Appraisal Practice and using the City's supplemental instructions for an average acre of land (hypothetical, rectangular, useable site) for property in each of the three existing City of Santa Clara Zip Codes 95050, 95051, 95054. The data set included all property types: Single Family (low and very low density), High Density Residential, Medium Density

Residential, Commercial/Retail, Industrial, Lots and Land. Excluded were transactions considered not "arms-length", having encumbered or clouded title, environmentally impaired sites, or more than three (3) years old. An inflation factor was computed and applied to comparable sales over one year old based on reasonable and rational considerations such as sales and rental trends or other appropriate methods. The weighted average of each property type was based on the percentage of land area in the sales transactions.

D. Based on the findings of the Appraisal Report, the average per acre land value for each ZIP Code area as of December 31, 2017, is: $3.738 million per acre ($85.81/sf) in 95050; $3.993 million per acre ($91.67/sf) in 95051; and, $4.035 million per acre ($92.63/sf) in 95054. If a developer objects to this determination of fair market value, the developer may elect to have the value established by appraisal, in conformance with City Code Section 17.35.040(b)(2).

E. Per acre Park Improvement Value. In 2017, an independent asset inventory evaluation firm, Kitchell CEM, was retained by the City to provide a complete asset inventory and facility condition assessment of all parks and recreation assets in the City for inclusion in the City's Enterprise Asset Management System and geo-database for lifecycle asset management (GIS-Lucity), and conforming to the industry standards used a reasonable methodology to determine the replacement cost for all existing assets and from which a condition index could be calculated (Kitchell Report dated February 21, 2018). The report was available on the City website, reported at the Parks & Recreation Commission, and noted and filed by the City Council on April 24, 2018. The total replacement cost of park assets inventoried in existing parks is the basis from which the system determines a reasonable estimate of the average per acre value of park improvements. The cost to provide an asset or set of assets in a park ("park improvements") is found to be the same as the current replacement cost of an asset such that a new park will provide the same level of service to new residents as received by existing residents in the park system as a whole, but no greater. Following stakeholder meetings on

June 11, 2018 and June 27, 2018, adjustments were made (subtracted) in the inventory's costs for non-standard park facilities and buildings. The City then further reviewed actual construction bid prices for recent park construction projects in the City of Santa Clara, and contracted with an independent construction cost estimator to review the existing park inventory cost data. Based on these analyses and findings, the reasonable average cost per acre for park improvements was determined and found to be $1.335 million per acre ($3,471 per capita).

F. Impact of Future Park Improvement Cost Escalation. The average cost per acre for park improvements/construction of $1.335 million per acre is based on 2018 data and does not account for potential future annual construction cost escalation (increase/decrease). Over time, the actual costs of park development may exceed the 2018 cost per capita limit used to calculate annual fees and may impact the ability of the City to provide new parks at the same standard as provided in the existing park inventory. One objective, historical (retrospective), measure is provided by the California Department of Government Services annual (December through December) California Construction Cost Index (CCCI) and is based upon the Building Cost Index for the San Francisco and Los Angeles areas as produced by Engineering News Record (ENR BCI). Over the past eleven years, historical annual construction costs have typically increased on average 2.3%, and are documented to have been within a range of negative (decrease) 1.1% to positive (increase) 6.8%. The application of a Construction Cost Index on an annual basis (whether increase or decrease) to the park improvement cost basis of $3,471 per capita (or, $1.335 million per acre) would provide an additional reasonable cost adjustment and address the measurable annual changes, up or down, in park improvement/construction costs.

G. Parkland Dedication Standard. In calculation of parkland dedication or fees due in lieu thereof, new residential developments subject to the Mitigation Fee Act will use the existing parkland ratio of 2.6 acres per thousand residents; and, new residential subdivisions subject to the Quimby Act will use the City parkland standard of 3.0 acres of property for each one thousand residents for public park and recreational facilities.

H. Dwelling Unit Categories and Density. In calculation of parkland dedication or fees due in lieu thereof, the types of dwelling units and average density factors (U.S. Census Bureau, 2017 American Community Survey) are: (1) Multiple Family Dwelling equals 2.40 persons per household; and, (2) Single-Family Dwelling equals 2.98 persons per household.

I. In conformance with City Code Section 17.35.050, in subdivisions of over fifty (50) parcels of land, in condominium developments of more than fifty (50) dwelling units, and in residential developments not involving a subdivision, a combination of land dedication and fee payment may be required. Developments of fifty (50) units or less will be required to pay an in-lieu fee.

J. In conformance with City Code Section 17.35.070, developers will submit a written request with the project application for any eligible credits requested against the amount of parkland dedication or the amount of the in-lieu fee. The developer will work with the Director of Parks & Recreation on the proposed credits and project's park, recreation and green space conditions. The Approving Authority must make findings that the on-site parks and recreation amenities meet the Code's standards. For housing developments of which 100% of the units are affordable or for senior citizens authorized by the California Civil Code or the Federal Fair Housing Amendments Act, the Approving Authority must make findings that the development complies with all other provisions of the section and that providing the additional credit would serve the public interest.

3. Schedule of Fees.

A. Fee Policy History. On October 14, 2014, Council adopted Resolution No. 14-8174 that set fees due in lieu of parkland dedication at 100% cost recovery for Fiscal Year (FY) 2014-15 based on land valuation from calendar year 2013 and park improvement value from 2014. In FY2015-16, fees remained unchanged due to the recent adoption of the ordinance and fees. On June 7, 2016 Council reviewed and adopted supplemental land valuation instructions for use in the calculation of the fees. On August 23, 2016 Council adopted Resolution No. 16-8358 that set fees due in lieu of parkland dedication at 100% of cost recovery based upon land valuation date of

December 31, 2015 for FY2016-2017 and park improvement value from 2014. On May 8, 2017, Council adopted Resolution No. 17-8427 that set fees due in lieu of parkland dedication at 100% of cost recovery based upon land valuation date of December 31, 2016 for FY2017-18 and park improvement value from 2014. In FY 2018-19, fees remained unchanged due to an extensive review and public comment periods. In FY2019-20, on August 27, 2019 Council adopted Resolution No. 19-8749 that made the statutory findings to be used in the calculation of fees due in lieu of parkland dedication at 100% cost recovery including, but not limited to the MFA parkland standard of 2.6 acres per thousand residents, the Quimby parkland standard of 3.0 acres per thousand residents, the Multiple Family Dwelling Unit average density of 2.40 persons per household, the Single-Family Dwelling unit average density of 2.98 persons per household, the average per acre land value for each ZIP Code area as of December 31, 2017 of $3.738 million per acre in 95050, $3.993 million per acre in 95051, and $4.035 million per acre in 95054 to be annually undated according to City Code 17.35; and the average per acre value for park improvements/construction as of February 2018 of $1.335 million per acre ($3,471 per capita). However, Council requested additional policy alternatives to phase in the increase in park improvements cost to more than three years. Furthermore, Resolution No. 19-8749 maintained that for all development project applications currently on file, the existing fees would apply as adopted in FY2017-18 (Resolution No. 17-8427), i.e. no change in fees.

B. Phase-In Policy. After considering the alternatives, Council has selected the following phase-in policy for the change in fees to achieve 100% cost recovery over an extended period of time: Phase in the park improvement cost increase of $2,664 ($3,471 - $807) per capita over a four-year period increasing 25% ($666) per year and continue to adjust the land valuation (increase/decrease) fee component each year based on the annual land appraisal at 100% cost recovery.

C. Construction Cost Index. In order to continue to achieve, but not exceed, 100% cost recovery, the City shall in two years, revisit the use of the California Construction Cost Index (increase/decrease) to adjust the park improvement cost basis of $3,471 per capita in the

calculation of future fees due in lieu of parkland dedication.

D. The land valuation component will be subject to the updated annual land value appraisal report and supplemental instructions as adopted by Council June 7, 2016 with valuation dates of December 31 of each calendar year for use in calculating the following (next) fiscal year's fee update. Pursuant to Ordinances Nos. 1928 and 1937, projects subject to the Quimby Act and the Mitigation Fee Act, will provide for parkland (and/or its corresponding fee calculated and due in lieu of land dedication) according to the Quimby Act or Mitigation Fee Act as appropriate, and will provide for park improvements (and/or its corresponding fee calculated and due in lieu of improvements) according to the Mitigation Fee Act or its corresponding fee due in lieu of improvements.

E. Pursuant to Ordinances Nos. 1928 and 1937, fees subject to the Quimby Act and the Mitigation Fee Act are calculated and provided for each Zip Code Area of the City (95050, 95051, and 95054) in Attachment 1, attached hereto and incorporated herein by this reference.

//

//

//

//

//

//

//

F. Implementation Schedule. For development projects subject to the Quimby Act, the proposed fees will be imposed on development projects with applications deemed complete on or after October 29, 2019 (immediately). For development projects subject to the Mitigation Fee Act, the proposed fees will be imposed on development projects with applications deemed complete on or after December 28, 2019 (60 days after adoption of Resolution). For development project applications "deemed complete" prior to this date, the existing fees will apply as adopted in FY2017-18 (Resolution No. 17-8427).

4. Effective date. This resolution shall become effective immediately.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE 29TH DAY OF OCTOBER, 2019, BY THE FOLLOWING VOTE:

AYES:	COUNCILORS:	Chahal, Davis, Hardy, Mahan, O'Neill, and Watanabe, and Mayor Gillmor

Re: Comments to Annual Land Valuation Appraisal Report, December 31, 2020

Dear Ms. Saporito,

4590 Patrick Henry LLC owns 4590 Patrick Henry Drive in Santa Clara, CA. I am commenting on the draft Annual Land Valuation Appraisal Report prepared by Frank Schmidt & Associates effective December 31, 2020.

For zip code 95054, the report assumes the land value increased to $4,830,000 which represents approximately 7.5% increase from prior appraisal. This appraisal assumes many factors, including economic rebound and increase in sales comparatives from another zip code region within Santa Clara.

As a property owner in zip code 95054, I have not seen this economic rebound nor do I believe commercial and industrial land values have increased, rather I believe it has decreased. For example, commercial/industrial tenant that was in the property filed California's version of bankruptcy during 2020 and its subtenant has vacated and downsized into a new premises outside of zip code 95054. The neighboring tenant next door to 4590 Patrick Henry has put majority of its space on the sublease market as well. If one does visit the 95054 zip code area, most properties are not achieving the asking rental rates referenced by the appraiser and many for lease signs are noticeable. Asking rental rates are currently inflated so that property owners can do workouts with its existing lenders.

Also, if there are not substantiated sales comparatives in zip code 95054, it appears using a 95% adjustment factor for residential is too high when asking rates for rental residential has been decreasing by approximately 15% from prior year.

While future development has been referenced for zip code 95054, most are on hold unless GMP was negotiated and was in midst of development. I believe even Related project has not broken ground as today. The ones that are continuing to be built, these projects would be in default with its lender if the sponsor did not proceed and complete the projects.

With the general references above, the new land value per acre especially for zip code 95054 appears too high and may want to consider using prior values prior to COVID-19.

Thank you for your consideration.

Sincerely,

4590 Patrick Henry LLC,
a Delaware limited liability company

The Honorable Mayor Lisa Gillmor
City Manager Deanna Santana
City of Santa Clara
1500 Warburton Avenue, Santa Clara, CA 95050
VIA EMAIL

Re: Request to defer ANNUAL LAND VALUATION APPRAISAL REPORT and ACTION ON A PARK FEE INCREASE

Dear Mayor Gillmor and City Manager Santana,

On behalf of Clarion Partners, I am writing to request the City of Santa Clara defer action to update the land value component of the parks in lieu fees based the Annual Land Valuation Appraisal Report Effective December 31, 2020 (Appraisal). Similar to our letter from last August, and due to the unprecedented nature of COVID-19 we are in uncharted territory with impacts on real estate yet to be realized. In addition, construction costs are not abating; rents are declining, and vacancies and capitalization rates are increasing.

If the City decides to pursue parks in lieu fee adjustments, we recommend that the City set aside the 2020 Appraisal and instead rely on the 2017 Appraisal to set the land value component of the fees and not increasing land values in the parks in lieu fee calculation for the upcoming year. This is a reasonable and responsible approach to take considering the current economic crisis to promote COVID-19 economic recovery efforts and not further disincentivize the construction of much needed market rate housing and affordable housing.

The park fee increase adopted in November 2019 was the result of significant work and compromise between the home building industry and City of Santa Clara and there are park improvement cost escalators built into the fee. We request that no land value fee increase also be adopted at this time and wait until there is more visibility as to the ramifications of COVID-19 and its impact on both commercial and residential markets as well as property values.

Thank you for your time and consideration on this important matter.

Sincerely,

Jeff Smith, Director, Sares Regis

REPORT TO COUNCIL

SUBJECT
Update on City Council and Stadium Authority Staff Referrals

COUNCIL PILLAR
Enhance Community Engagement and Transparency

BACKGROUND AND DISCUSSION
During Council and Stadium Authority meetings, the City Council or Stadium Authority Board provide direction on policy issues or refer information requests to staff for follow-up.

The purpose of the City Council and Stadium Authority Referrals Update is to provide the City Council/Stadium Authority Board and the public a current status report. Completion of the referrals may be communicated by various means such as: Report to Council, Information Memorandum provided through a Council Agenda, City Manager Biweekly Report/Blog, or a City Manager/Executive report out during a future Council meeting.

The Referrals list will be published in the Council agenda packet under the “City Manager/Executive Director Report” section of the Council Agenda. Reports will include both open and closed referrals.
