City of Santa Clara

Meeting Agenda

Council and Authorities Concurrent Meeting

Call and Notice of Special Meeting

Santa Clara Stadium Authority

Successor Agency to the City of Santa Clara Redevelopment Agency

Tuesday, May 25, 2021 **4:00 PM** **Virtual Meeting**

Pursuant to the provisions of California Governor's Executive Order N-29-20, issued on March 17, 2020, to prevent the spread of COVID-19, the City of Santa Clara has implemented methods for the public to participate remotely:

• Via Zoom:

o https://santaclaraca.zoom.us/j/99706759306

Meeting ID: 997-0675-9306 or

o Phone: 1(669) 900-6833

• Via the City's eComment (now available during the meeting)

• Via email to PublicComment@santaclaraca.gov

As always, the public may view the meetings on SantaClaraCA.gov, Santa Clara City Television (Comcast cable channel 15 or AT&T U-verse channel 99), or the livestream on the City's YouTube channel or Facebook page.

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of California Government Code §54956 ("The Brown Act") and Section 708 of the Santa Clara City Charter, the Chair calls for a Special Meeting of the Governing Board of the Stadium Authority and the Governing Board of the Successor Agency to the City of Santa Clara Redevelopment Agency to commence and convene on May 25, 2021, at 4:00 pm for a Special Meeting to be held virtually via Zoom to consider the following matter(s) and to potentially take action with respect to them.

4:00 PM CLOSED SESSION

Call to Order

Roll Call

City-Mission College Liaison Committee - November 30, 2021
Cultural Commission - April 5, 2021
Board of Library Trustees - April 5, 2021
Historical and Landmarks Commission - April 1, 2021
Planning Commission - April 28, 2021

6.B 21-583 Action on Bills and Claims Report (CC, SA) for the period April 10th, 2021 - April 23rd, 2021

Recommendation: Approve the list of Bills and Claims for April 10, 2021 - April 23, 2021.

6.C 21-427 Action on Agreements for Sales, Use, Tax Audit and Recovery Services; Property Tax Audit and Management Services; and Transient Occupancy Tax Audit Services

Recommendation:

1. Authorize the City Manager to execute an agreement with MuniServices, LLC, doing business as Avenu MuniServices LLC, for Sales, Use and Transactions Tax Audit and Recovery Services for a five-year term starting July 1, 2021 and ending on June 30, 2026, with maximum compensation not to exceed $1,500,000, subject to the appropriation of funds;
2. Authorize the City Manager to execute an agreement with HdL Coren & Cone for Property Tax Audit and Management Services for a five-year term starting July 1, 2021 and ending on June 30, 2026, with maximum compensation not to exceed $100,000, subject to the appropriation of funds;
3. Authorize the City Manager to execute an agreement with MuniServices, LLC, doing business as Avenu MuniServices LLC, for Transient Occupancy Tax Audit Services for a five-year term starting July 1, 2021 and ending on June 30, 2026, with maximum compensation not to exceed $150,000, subject to the appropriation of funds; and
4. Authorize the City Manager to execute amendments to each of the agreements to add funds as required in the event revenues recovered exceed staff's estimates and/or additional related audit services are required, subject to the appropriation of funds.

6.D **21-1078** Action on Agreement for Services with NAZ & CO., doing business as True Blue Automation Services, for Electrical Support Services for the City's Water, Sewer and Storm Assets

Recommendation:

1. Authorize the City Manager to execute an agreement with NAZ & CO., doing business as True Blue Automation Services, for electrical support services for the City's water, sewer, and storm assets, for an initial one-year term starting on or about July 1, 2021 and ending on June 30, 2022, with maximum compensation not-to-exceed $300,000 and to make minor adjustments to the agreement to facilitate execution; and
2. Authorize the City Manager to exercise up to four one-year options to extend the term of the agreement after the initial one-year term through June 30, 2026, subject to the annual appropriation of funds.

6.E **21-508** Action on an Agreement and Covenant Running with the Land to Allow Private Improvements within the Public Right-of-Way at 801 Martin Avenue

Recommendation:

1. Approve and authorize the City Manager to execute the Agreement and Covenant Running with the Land allowing the installation and maintenance of private improvements within the public right-of-way at 801 Martin Avenue [APN 224-04-090 SC 19,351];
2. Authorize the City Manager to make minor, non-substantive modifications to the Agreement, if necessary; and
3. Authorize the recordation thereof.

6.F 21-519 Action on an Agreement with Business Recovery Services, Inc., dba Bank Up Corporation, for Remittance Lockbox Processing Services for Utility Payments

Recommendation:

1. Authorize the City Manager to execute an agreement with Business Recovery Services, Inc., dba Bank Up Corporation, for Remittance Lockbox Processing Services with an initial term starting on July 1, 2021 and ending on June 30, 2024 for a total maximum not-to-exceed amount of $120,000, subject to the appropriation of funds;
2. Authorize the City Manager to execute amendments over the initial term of the agreement, not-to-exceed $20,000 as contingency to cover any unanticipated service requirements including additional checks for processing, subject to the appropriation of funds; and
3. Authorize the City Manager to execute up to two (2) additional one-year options to extend the term through June 30, 2026, subject to the appropriation of funds.

6.G 21-528 Action on Agreements with the County of Santa Clara for the Countywide AB 939 Implementation Fee and Countywide Household Hazardous Waste Collection Program

Recommendation:

1. Approve and Authorize the City Manager to execute the Agreement for Countywide AB 939 Implementation Fee to collect and distribute the AB 939 Implementation Fee over the three-year term of the agreement;
2. Approve and authorize the City Manager to execute the Agreement for Countywide Household Hazardous Waste Collection Program with the County of Santa Clara to enable residents to participate in the Countywide Household Hazardous Waste Collection Program for a three-year term;
3. Authorize the City Manager to execute future amendments to the Agreement for Countywide Household Hazardous Collection Program with the County of Santa Clara to adjust the annual augmentation over the baseline 4 percent participation level; and
4. Authorize the City Manager to execute future license agreements with the County of Santa Clara that enable drop-off events to be conducted on the Public Works Corporation Yard premises.

6.H 21-667 Authorize the City Manager to execute an Amendment to the Agreement with Wallace Roberts & Todd, LLC for Downtown Precise Plan Consultant Services pending funding proposed as part of the FY 2021/22 and FY 2022/23 Proposed Operating Budget

Recommendation:

1. Authorize the City Manager to execute and amend the agreement with Wallace Roberts & Todd, LLC to provide added Downtown Precise Plan Consultant Services, subject to modifications as agreed to by the City Manager in coordination with the City Attorney; increase the maximum compensation not to exceed amount by $300,000 (from $578,346 to $878,346), subject to the annual appropriation of funds; and
2. Authorize the City Manager to execute an amendment to increase maximum compensation in the event that additional services are required, subject to the annual appropriation of funds.

6.I 21-545 Action to Amend the Agreement Between TruePoint Solutions, LLC, and the City of Santa Clara

Recommendation:

1. Approve and authorize the City Manager to execute Amendment No. 1 to the Agreement between TruePoint Solutions, LLC, and the City of Santa Clara to extend the term of the agreement ending on June 30, 2022, and increase the maximum compensation amount by $215,436 for a total maximum compensation of $1,100,518 to provide additional services for data conversion, continued system configuration, and project management consultation hours, subject to the appropriation of funds; and
2. Authorize the City Manager to exercise the option to extend the term of the Agreement between TruePoint Solutions, LLC, and the City of Santa Clara for one year after June 30, 2022; and increase the not to exceed amount by $50,000, if necessary, subject to the appropriation of funds.

6.J **21-561** Action on 2021 Q1 Legislative Update and Proposed Amendments to the 2021 Energy Legislation, Regulations, and Issues and Public Safety Legislative Advocacy Positions

Recommendation: 1. Note and file the 2021 Q1 Legislative Update; and
2 Approve the amended 2021 Energy Legislation, Regulations, and Issues and Public Safety Legislative Advocacy Positions.

6.K **21-568** Informational Report on COVID-19 Legislative Updates from Townsend Public Affairs for April 5 - May 9, 2021

Recommendation: Note and file the Informational Report on COVID-19 Legislative Updates from Townsend Public Affairs for April 5 - May 9, 2021.

6.L **21-673** Written Petition submitted by Amrit S. Kulkarni requesting the City Council hear appeals regarding permit and environmental process determinations regarding three Use Permit Applications for Bloom Fuel Cell Power System projects filed for 2960 Corvin Drive, 2970/3000 Corvin Drive, and 2200 Mission College Boulevard

Recommendation: Staff recommends that no action be taken.

6.M **21-581** Informational Report on Dates and Purpose of Stadium Authority and Stadium Manager Meetings and Corresponding Minutes for the Period January 1, 2021 to March 31, 2021

Recommendation: Note and file the quarterly report on Stadium Authority and Stadium Manager Meetings and Corresponding Minutes for the period of January 1, 2021 to March 31, 2021.

6.N **21-662** Informational Report Regarding Bi-yearly Project Status Report of the GIS Services Program

Recommendation: Note and file the Informational Report regarding the Bi-yearly Project Status Report of the GIS Services Program.

6.O **21-767** Action to Approve/Ratify Agreement with Management Partners for Executive Evaluation Facilitation

Recommendation: Approve/ratify the agreement with Management Partners for facilitation of the City Attorney performance evaluation process.

6.P **21-729** Report from the City Attorney on California Voter Rights Act (CVRA) Litigation

Recommendation: Note and file report.

6.Q **21-722** Action on a Written Petition submitted by Robert Mezzetti, II Requesting to Discuss Amendment No. 3 to the Exclusive Negotiation Agreement by and between the City, VTA and Republic Metropolitan an LLC for the proposed project located at 500 S. Benton Street (APN 230-08-061 and 230-08-078)

Recommendation: That Council take no action on the petition and do not place the item on a future agenda.

6.R **21-778** Action on Stadium Authority & Special City Council Meeting Minutes of March 2, 2021 and Council & Authorities Concurrent and Special Stadium Authority Minutes of March 9, 2021

Recommendation: Approve the Stadium Authority & Special City Council Meeting Minutes of March 2, 2021 and Council & Authorities Concurrent and Special Stadium Authority Minutes of March 9, 2021.

STADIUM AUTHORITY CONSENT CALENDAR

6.S **21-485** Action on Stadium Authority Bills and Claims for the Month of March 2021

Recommendation: Approve the list of Stadium Authority Bills and Claims for March 2021.

6.T **21-1137** Action on an Agreement with KPMG LLP to provide auditing services for the Santa Clara Stadium Authority

Recommendation: Approve and authorize the Executive Director to execute an agreement with KPMG LLP to provide auditing services for the Santa Clara Stadium Authority for FY 2020/21 through FY 2024/25 in the amount not-to-exceed $754,554.

6.U Request from the Stadium Manager for Authority to Execute Amendment No. 1 to Concessions Operating Agreement with Levy Premium Foodservice Limited Partnership

A. **21-740** Request from the Stadium Manager for Authority to Execute Amendment No. 1 to Concessions Operating Agreement with Levy Premium Foodservice Limited Partnership

B. **21-742** Report from the Stadium Authority Regarding the Stadium Manager's Request to Execute Amendment No.1 to Concessions Operating Agreement with Levy Premium Foodservice Limited Partnership

Recommendation: Alternative 1

1. Approve the Stadium Manager's request for authority to execute Amendment No. 1, with the redlined changes outlined in Attachment 3, to the Concessions Operating Agreement with Levy which will extend the term of the agreement by one year and modify the Investment Use Fee Schedule and the amortization schedules for the Capital Investment, Innovation, Refresh Investment, and Hub for Next Generation Sports Entertainment Funds to align with the new agreement term, at no cost to the Stadium Authority.

6.V Request from the Stadium Manager for Approval to Add Stadium Builder Licenses to Field Seating in the North and South Endzones of Levi's Stadium

A. **21-745** Request from the Stadium Manager for Approval to Add Stadium Builder's Licenses to Temporary Field Seats in the North and South Endzones of Levi's Stadium

B. **21-736** Stadium Authority Response Regarding the Stadium Manager's Proposal to Add Stadium Builder's Licenses to Temporary Field Seats in the North and South Endzones of Levi's Stadium

Recommendation: Alternatives 1 and 2:

1. Take no action on the Stadium Manager's proposal to add Stadium Builder Licenses to the 64 temporary field seats in the North and South endzones of Levi's Stadium; and
2. Direct the Stadium Manager to present revenue options, based on previous direction, within three months for the Board to consider.

PUBLIC PRESENTATIONS

[This item is reserved for persons to address the Council or authorities on any matter not on the agenda that is within the subject matter jurisdiction of the City or Authorities. The law does not permit action on, or extended discussion of, any item not on the agenda except under special circumstances. The governing body, or staff, may briefly respond to statements made or questions posed, and appropriate body may request staff to report back at a subsequent meeting. Although not required, please submit to the City Clerk your name and subject matter on the speaker card available in the Council Chambers.]

CONSENT ITEMS PULLED FOR DISCUSSION

PUBLIC HEARING/GENERAL BUSINESS

7. 21-155 Public Hearing: Adoption of a Resolution of Formation of the Santa Clara Tourism Improvement District under the Property and Business Improvement District Law of 1994

Recommendation: Alternative 1: Adopt a Resolution of Formation to establish the Santa Clara Tourism Improvement District (SCTID) for five years starting July 1, 2021 if there is no legally sufficient protest.

8. 21-701 Adopt a Resolution Approving the Proposed Charter Amendment to enact Council District elections and Introduction of an Ordinance Establishing District Boundaries to conduct By-District Elections in Santa Clara

Recommendation: Staff recommends:

1. Adopt Resolution directing the City Clerk to bring back a resolution to call for a Special Municipal Election on June 7, 2022 for the purpose of placing one measure on the ballot that, if passed, would amend the Santa Clara City Charter sections 600, 700.1 and 700.2, as set forth in Exhibit A, in accordance with the requirements of section 10403 of the California Elections Code; and
2. Approve introduction of an Ordinance for the Council District Boundary Map for Councilmember elections as the map to be used for elections beyond 2020,subject to changes required by the redistricting process.

9. **21-1163** Public Hearing: Adoption of a Resolution Setting Rates for Overall Solid Waste Services and Annual Clean-up Campaign in the Exclusive Franchise Area

Recommendation:

1. Adopt a Resolution setting the overall rates to be charged to rate payers for the collection and disposal of garbage, refuse, yard trimmings, recycling, annual Clean-up Campaign, and Household Hazardous Waste in the exclusive franchise area, effective for the utility bills issued for services rendered on and after July 1, 2021;
3. Authorize the City Manager to incorporate the transfer of $33,600 from the General Fund to the Solid Waste Fund into Biennial FY 2021/22 and FY 2022/23 Operating Budget and each subsequent operating budget; and
4. Direct the City Manager to bring forward an amendment to the Proposed Biennial FY 2021/22 and 2022/23 Operating Budget that allocates $75,000 from the Solid Waste Fund unrestricted ending fund balance in FY 2021/22 to hire a consultant to develop alternatives to the current annual Clean-up Campaign format and conduct a customer survey.

10. **21-760** Public Hearing: Action on a Resolution Establishing the Average Per-Acre Land Values and Updating the Parkland In-Lieu Fee Schedule for FY2021/22 for New Residential Development

Recommendation: Adopt a Resolution to Establish the Parkland In-Lieu Fee Schedule for New Residential Development for FY2021/22 In Accordance with Title 17 ("Development") Chapter 35 ("Park and Recreational Land") of the City Code using the December 31, 2020 land valuation report.

REPORTS OF MEMBERS AND SPECIAL COMMITTEES

CITY MANAGER/EXECUTIVE DIRECTOR REPORT

21-717 Update on City Council and Stadium Authority Staff Referrals

ADJOURNMENT

The next regular scheduled meeting is on Tuesday evening, June 8, 2021.

MEETING DISCLOSURES

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

AB23 ANNOUNCEMENT: Members of the Santa Clara Stadium Authority, Sports and Open Space Authority and Housing Authority are entitled to receive $30 for each attended meeting.

Note: The City Council and its associated Authorities meet as separate agencies but in a concurrent manner. Actions taken should be considered actions of only the identified policy body.

LEGEND: City Council (CC); Stadium Authority (SA); Sports and Open Space Authority (SOSA); Housing Authority (HA); Successor Agency to the City of Santa Clara Redevelopment Agency (SARDA); Bayshore North Project Enhancement Authority (BNPEA); Public Facilities Financing Corporation (PFFC)

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. The City of Santa Clara will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities including those with speech, hearing, or vision impairments so they can participate equally in the City's programs, services, and activities. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities.

Agendas and other written materials distributed during a public meeting that are public record will be made available by the City in an appropriate alternative format. Contact the City Clerk's Office at 1 408-615-2220 with your request for an alternative format copy of the agenda or other written materials.

Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

REPORT TO COUNCIL

SUBJECT
Action to Continue the Discussion on Consideration of the Sale of the Loyalton Ranch Property to August 17, 2021

COUNCIL PILLAR
Enhance Community Engagement and Transparency

BACKGROUND
On May 4, 2021, the City Council continued the discussion on consideration of the sale of the Loyalton Ranch Property to May 25, 2021.

DISCUSSION
As a result of a large number of items being scheduled for the May 25, 2021 Council agenda, staff is now requesting that the Council continue this item to August 17, 2021.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines Section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT
There is no impact to the City for preparing this report.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City’s website and in the City Clerk’s Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk’s Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> .

RECOMMENDATION
Continue the Discussion on Consideration of the Sale of the Loyalton Ranch Property to August 17, 2021.

Reviewed by: Nora Pimentel, Assistant City Clerk
Approved by: Deanna J. Santana, City Manager

21-702 **Agenda Date: 5/25/2021**

INFORMATIONAL REPORT TO COUNCIL

SUBJECT
Action to Continue the Adoption of Ordinance No. 2030 to reinstate the International Exchange Commission, and amend the powers, functions, and duties of the Cultural Commission - Continued to August 17, 2021

COUNCIL PILLAR
Enhance Community Engagement and Transparency

BACKGROUND & DISCUSSION

At the April 6, 2021 Council and Authorities Concurrent meeting, proposed Ordinance No. 2030 was introduced for the purpose of publication.

Staff requested this item be continued from the April 20, 2021 Council meeting to the May 25, 2021 Council meeting to fully address the questions posed and discussion that occurred at the April 6, 2021 Council meeting. The questions and discussion included:

- What does the Santa Clara Sister Cities Association Grant cover?
- Why do we list $4,200 for official travel to one sister city for two representatives when we note a recent trip for one cost $4,126.69?
- Can the funds remain in the Mayor and Council office budget rather than with the International Exchange Commission?
- General discussion about the estimated budget also took place.

For agenda management purposes, staff is requesting this item be continued to the August 17, 2021 Council meeting.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines Section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT
There is no impact to the City other than administrative staff time and expense.

COORDINATION
This report has been coordinated with the City Attorney’s Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov .

A summary of proposed Ordinance No. 2030 was published to the Santa Clara Weekly April 14, 2021, and copies were posted in three public places and made available for public inspection at the City Clerk's Office.

RECOMMENDATION

Continue the adoption of Ordinance No. 2030 to reinstate the International Exchange Commission, and amend the powers, functions, and duties of the Cultural Commission to August 17, 2021.

REPORT TO COUNCIL

SUBJECT

Joint Study Session to review Proposed FY 2021/22 and FY 2022/23 Biennial Operating Budget and FY 2021/22 Capital improvement Program Budget Adjustments and to review the Proposed FY 2021/22 Municipal Fee Schedule

COUNCIL PILLAR

Enhance Community Engagement and Transparency

BACKGROUND

City Charter *Section 1302 Budget - Submission to City Council* requires that at least 35 days prior to the beginning of each fiscal year, or at such prior date thereto determined by the City Council, the City Manager shall submit to the City Council the proposed budget.

On February 1, 2021 and February 2, 2021, the City Council held Council Priority Setting Sessions to review the state of the organization, discuss policy priorities, and key data that provide direction on managing the City going forward. As part of those sessions, the City Council confirmed the following Council Strategic Pillars that are incorporated into the budget:

1. Promote and Enhance Economic, Housing and Transportation Development
2. Deliver and Enhance High Quality Efficient Services and Infrastructure
3. Enhance Community Sports and Recreational and Arts Assets
4. Enhance Community Engagement and Transparency
5. Ensure Compliance with Measure J and Manage Levi's Stadium
6. Manage Strategically Our Workforce Capacity and Resources
7. Promote Sustainability and Environmental Protection

The City Council also reviewed and adopted a set of Budget Principles during the Council Priority Setting Sessions. These Budget Principles were established to provide a general framework and approach for developing the City's budget, ensuring fiscal stability by considering both the short and long-term impacts of any funding decisions. For FY 2021/22, the principles were modified to 1) recognize that the budget will be balanced with ongoing solutions to the extent possible; 2) added a principle to address the budget shortfall with a combination of ongoing and a one-time solutions to balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community; 3) added a principle to continue cost controls measures until General Fund revenues and expenditures are in balance; and 4) modified the principle that would maintain the Budget Stabilization Reserve (BSR) at a minimum of 15% of expenditures if an exception to the Council Policy for the BSR is considered.

The Proposed Budget was developed in accordance with these guiding principles that can be found

in the ***Budget and Fiscal Policies*** section of the budget document. The Proposed Budget is attached to this memorandum and can be found online at: <https://www.santaclaraca.gov/home/showpublisheddocument/73855/637560118815870000>

DISCUSSION

The annual budget serves as a financial plan and operational guide that reflects the policies, goals, and priorities of the City Council and community while also maintaining fiscal stability.

Proposed FY 2021/22 and FY 2022/23 Biennial Operating Budget

The expenditures in the FY 2021/22 Proposed Budget total $1.0 billion and reflect a reduction of 15.5% from the FY 2020/21 Adopted Budget. In FY 2022/23, the budget increases to $1.03 billion as a result of annual adjustments to salaries and benefits and non-personnel costs and the timing of capital projects. The FY 2021/22 Proposed Budget is below the FY 2020/21 Adopted Budget of $1.12 billion primarily because the carryover of capital funds from FY 2020/21 to FY 2021/22 has not yet been factored into the budget. In addition, the FY 2020/21 Adopted Budget did not fully incorporate the impact of COVID-19; Phase 1 rebalancing actions for the budget were approved later in March 2021. The FY 2021/22 Proposed General Fund budget is also lower as this budget includes additional Phase 2 budget reduction proposals necessary to mitigate the economic impacts from the pandemic.

Table 1: FY 2021/22 and FY 2022/23 Proposed Budget

FY 2021/22 and FY 2022/23 Proposed Budget			
Fund Type	**FY 2020/21 Adopted Budget**	**FY 2021/22 Proposed Budget**	**FY 2022/23 Proposed Budget**
General Fund	$ 285,968,205	$ 282,561,469	$ 261,431,495
Special Revenue Funds	22,709,200	28,214,477	28,201,923
Enterprise Funds	693,847,310	670,175,848	784,562,413
Internal Service Funds	37,533,057	41,211,645	39,254,113
Debt/Other	17,263,562	39,291,994	19,847,647
Less (Transfers, Contributions, and Reserves)*	(210,359,204)	(178,378,596)	(205,298,512)
Subtotal Operating Budget	**$ 846,962,130**	**$ 883,076,837**	**$ 927,999,079**
Capital Funds	342,174,078	124,900,686	100,712,350
Less (Transfers, Contributions, and Reserves)*	(3,986,654)	(6,682,539)	0
Total Capital Budget	**$ 338,187,424**	**$ 118,218,147**	**$ 100,712,350**
Total Budget	**$ 1,185,149,554**	**$ 1,001,294,984**	**$ 1,028,711,429**

* Adjusts for transfers, contributions and reserves to avoid double counting of the same funds (e.g., internal service funds are excluded)

The Proposed Budget is presented at a challenging time as the City continues to face a COVID-19 induced General Fund shortfall of $29 million in FY 2021/22. At the same time, there is cause for cautious optimism as economic conditions are projected to significantly improve later in 2021. With the effective roll-out of the COVID-19 vaccines, businesses and the community are expected to begin resuming a greater degree of normal activities in FY 2021/22. This enables the judicious use of one-

time solutions, primarily federal stimulus funds, to solve a portion of the budget shortfall, allowing time for General Fund revenues to recover. While more difficult budget reductions are still necessary to bring the budget into balance, the use of one-time funds avoids more severe service impacts that would otherwise have been required.

The Proposed Budget incorporates actions to close a portion of the $29 million General Fund funding gap with ongoing expenditure reductions of $5.0 million as well as additional revenues of $1.3 million, leaving a remaining balance of $22.7 million that is addressed with one-time funds. When combined with the small forecasted surplus in FY 2022/23 of $3.4 million, the General Fund deficit totals $19.3 million in FY 2022/23. This shortfall is proposed to be solved with General Fund revenues expected to be generated from additional fees and the use of the Budget Stabilization Reserve and the Land Sale Reserve. Based on the latest forecast and the budget-balancing strategy for FY 2021/22 and FY 2022/23, a shortfall of $14.6 million would remain after the two-year budget period.

Table 2: FY 2021/22 and FY 2022/23 General Fund Balancing

FY 2021/22 and FY 2022/23 Biennial Operating Budget General Fund Balancing ($ in millions)			
	FY 2021/22	**FY 2022/23**	**FY 2023/24**
Forecast (Shortfall)/Surplus (Factors in Phase 1 Budget Reductions of $12.7 M)	**($29.0 M)**	**$3.4 M**	**$4.2 M**
Carried Over Deficit from Prior Year (Due to Use of One-Time Solutions)		**($22.7 M)**	**($18.8 M)**
Ongoing Actions			
Proposed Budget Expenditure Changes	$5.0 M		
Proposed Budget Revenues	$1.3 M	$0.5 M	
Total Proposed Budget Ongoing Solutions	**$6.3 M**	**$0.5 M**	
Remaining Shortfall After Ongoing Solutions	**($22.7 M)**	**($18.8 M)**	**($14.6 M)**
One-Time Actions			
Transfer to the Special Liability Fund	($5.2 M)		
Federal Stimulus Funding	$25.9 M		
Budget Stabilization Reserve	$1.9 M	$15.6 M	
Land Sale Reserve		$3.2 M	
One-Time Expenditure Reductions/Other Adjustments	$0.1 M		
Total Proposed Budget One-Time Solutions	**$22.7 M**	**$18.8 M**	
Remaining Budget Shortfall/Surplus	**$0.0 M**	**$0.0 M**	**($14.6 M)**

The combined use of ongoing and one-time funds to address the budget shortfall is intended to balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community, which is one of the budget principles adopted for FY 2021/22

The budget actions brought forward in this Proposed Budget are considered Phase 2 of the budget actions necessary to address the COVID-19 impacts. On March 9, 2021, the City Council approved the Phase 1 budget reductions, which included the freezing of 43.50 positions and ongoing General Fund expenditure reductions of $12.7 million. This second phase of balancing actions relies less on ongoing expenditure reductions, with those totaling $5.0 million, and more on the use of federal stimulus funds, other reserves, and additional revenues. Combined, the Phase 1 and 2 budget reductions eliminate approximately 10% of the discretionary General Fund budget for departments.

Table 3: General Fund Phase 1 and Phase 2 Budget Reductions

Department	Phase 1 Proposals (March 2021)	Proposed Budget (Phase 2) Proposals	Total Phase 1 and 2 Proposals	% of Discretionary Budget
Mayor and City Council	($0.02 M)	($0.00 M)	($0.02 M)	(16.8%)
City Attorney	($0.14 M)	($0.00 M)	($0.14 M)	(11.1%)
City Clerk	($0.19 M)	($0.00 M)	($0.19 M)	(16.7%)
City Manager/ Non-Departmental	($1.88 M)	($0.03 M)	($1.91 M)	(12.7%)
Community Development	($0.31 M)	(0.27 M)	($0.58 M)	(19.7%)
Finance/Auditor	($0.30 M)	($0.13 M)	($0.43 M)	(17.8%)
Fire	($2.66 M)	(1.25 M)	($3.91 M)	(9.5%)
Human Resources	($0.20 M)	($0.25 M)	($0.45 M)	(16.6%)
Information Technology	($0.73 M)	($0.34 M)	($1.07 M)	(11.4%)
Library	($0.24 M)	($0.73 M)	($0.97 M)	(10.0%)
Parks & Recreation	($1.61 M)	($0.92 M)	($2.53 M)	(16.4%)
Police	($3.65 M)	($0.51 M)	($4.16 M)	(7.2%)
Public Works	($0.75 M)	($0.92 M)	($1.67 M)	(8.8%)*
Total	**($12.68 M)**	**($5.35 M)**	**($18.03 M)**	**(10.2%)**

* The Public Works actions would total approximately 14% when factoring in the Vehicle Replacement Fund savings generated from the electric vehicle replacements from SVP funds.

To develop proposed General Fund budget proposals for FY 2021/22, departmental staff evaluated departmental operations and services to identify budget actions with the least impact. Revenue strategies include bringing fees closer to cost recovery and a limited number of new fees as well as transfers from the Vehicle Replacement Fund to reflect savings generated from replacing a portion of the City's vehicle inventory with electric vehicles funded by Silicon Valley Power (SVP). The revenue opportunities that require voter approval are not assumed in the budget but will be an important strategy to help close the ongoing budget shortfall.

In addition to addressing a portion of the General Fund shortfall, budget proposals included in the Proposed Budget address a limited number of General Fund critical needs, to meet development services needs through fee-funded additions, and to support special and enterprise fund activities. The budget proposals are highlighted in the ***Transmittal Letter*** and described in more detail in the ***City Departments*** section of the Proposed Budget.

Proposed FY 2021/22 Capital Improvement Program Amendments

The City Council approved the FY 2020/21 and 2021/22 Biennial CIP Budget in June 2020. This action approved a two-year capital budget and presented a five-year capital improvement plan. While the focus of this year's budget is operations, several budget amendments to the FY 2021/22 Adopted Capital Budget are also recommended. Further detail can be found in the ***Appendices*** section of the Proposed Budget.

These actions address health and safety issues (such as replacing defibrillators and adding diesel exhaust removal systems in the Fire stations), adjust projects based on the latest cost estimates and schedules, recognize and appropriate grant revenues, and address a limited number of new needs identified.

Priority Matrix

Due to the urgent needs regarding COVID-19, the City Council decided at their 2021 Council Priority Setting Session on February 1st and 2nd that service priorities would focus primarily on COVID-19 Assistance and Relief. This includes programs for food distribution, rental assistance, small business support and more.

The Priority Matrix is included in the ***Appendices*** section of the Proposed Budget.

Business Tax Overview

At the Council Priority Setting Session, information was requested on a potential Business Tax measure. Staff will present information and a timeline to potentially pursue a measure for the November 2022 ballot as part of the May 25, 2021 Budget Study Session.

Transient Occupancy Tax Direction

In November 2020, Santa Clara voters approved to increase the Transient Occupancy Tax rate by up to 4% from the current rate of 9.5%. The Proposed Budget assumes that the City Council will implement 2 percent of the 4 percent potential rate increase in FY 2021/22. A separate resolution to bring this forward is expected to be brought forward to the City Council later this calendar year.

Proposed FY 2021/22 Municipal Fee Schedule

The City's Municipal Fee Schedule is reviewed annually by City staff as part of the normal course of operations. Periodically, a cost of service study is performed to identify the City's full costs of providing fee-related services. Incremental updates typically occur in the years in between comprehensive studies. This update represents an interim year update with minor, incremental, changes proposed that incorporate feedback received during the prior fee update and feedback received subsequent to adoption of the City's current schedule of fees. The fee schedule was most recently comprehensively updated in 2020 and was influenced by a comprehensive cost of service study completed in calendar year 2019.

User and regulatory fees are established by the City Council. This item and staff's recommendations are intended to be considered upon completion of a public hearing that is scheduled for June 22, 2021. The public hearing provides all interested parties with an opportunity to comment or request clarification regarding any of the fees proposed for update. Prior to the public hearing, the City publishes a newspaper notice of the public hearing and notifies all interested parties that have requested to be notified regarding proposed fee updates.

The City's Municipal Fee Schedule identifies fees for services and activities provided at the request of, or on behalf of, a single party as opposed to the public at large. These fees are commonly referred to as "user and regulatory fees" Examples of user and regulatory fees collected by the City

of Santa Clara and municipalities throughout California include, but are not limited to:

- Planning Fees, for services such as entitlement review and review for compliance with the zoning code
- Building Fees, for services such as permitting of new construction or modifications to existing structures
- Engineering Fees, for services such as map review, encroachment permitting, and public improvement review
- Utility Fees, for services such as requests for sewer lateral inspections, and restoration of discontinued service
- Police Fees, for services such as vehicle impound and false alarm response
- Fire Fees, for services such as annual inspections and construction review to ensure compliance with the fire code
- Recreation Fees, for services such as program participation and facility rentals
- Administrative Fees, for services such as requests for public records

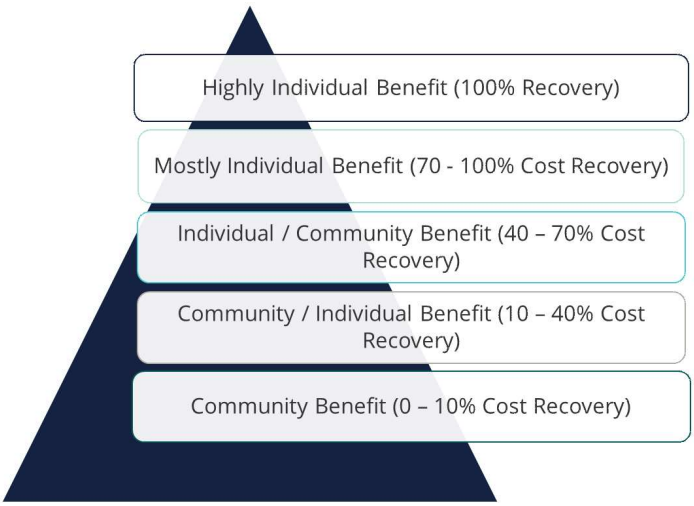
User and regulatory fees specifically exclude:

- Taxes
- Assessments
- Franchise Fees
- Development Impact Fees
- Fines or Penalties
- Utility Rates and Services Charges

Since this is an interim year, the vast majority of fees are proposed to increase by the most recent annual change in the regional consumer price index (CPI). The CPI change for the most recent year was 1.72%. This minor recalibration of fees is simply intended to maintain cost recovery levels consistent with the fees previously adopted by the City Council. Other adjustments implement specific inflators for certain fees, align with mandates, and provide further clarification.

In addition to the general changes proposed for fees, several discrete changes are proposed. The changes include:

Table 4: Proposed FY 2021/22 Municipal Fee Changes



#	Action	Fee Description	Proposed Fee	Targeted Recovery
Public Works Fees				
1	Establish New Fee for Service	Stormwater Municipal Regional Permit (MRP) Regulated Project Operations and Maintenance Administrative Fee	$193	100%
2	Establish New Fee for Service	Stormwater Planning Application Review Fee	$773	100%
3	Establish New Fee for Service	Stormwater Mgmt. Building Application Review Fee	$1,546	100%
4	Establish New Fee for Service	Solid Waste Mgmt. Planning Application Review Fee	$773	100%
5	Establish New Fee for Service	Solid Waste Mgmt. Building Application Review Fee	$773	100%
6	Establish New Fee for Service	Solid Waste Mgmt. Construction & Demolition Materials Management Plan Fee	$193	100%
Community Development Fees				
7	Establish New Fee for Service	Building Conformance Fee	Valuation x $0.00032	100%
Finance Fees				
8	Increase Existing Fee to Target Full Cost Recovery	Billing Service Charge for Late Payments	$14 or 1.5% per account, whichever is greater	100%
Fire Fees				
9	Begin Collecting Technology Fee	Begin Collecting City Adopted Technology Fee for Permits Processed Through Accela Permitting System	3.37% of Fee	100%

These changes are intended to offset the costs of providing these services.
A comprehensive review of fees is currently underway. Results of the comprehensive study will be ready for review in Fiscal Year 2021/22. This study is expected to include an evaluation of Parks and Recreation fees and potential adjustments to improve cost recovery and align these fees based on market demand and comparable fees in neighboring jurisdictions.

Parks and Recreation Fee Recovery Policy

The Proposed Budget balancing strategy assumes additional revenues from improving the cost recovery of Parks and Recreation fees. Currently, these fees are 17% cost recovery with a General Fund subsidy of approximately $12 million. While some of these fees were adopted below cost

recovery, further discussion of adopting more specific targets of cost recovery based on the primary beneficiary of the service. The chart below is an example of targeted cost recovery levels by user benefit.

This type of model would target parks and recreation fees for those activities that benefit the individual at 100% cost recovery, and target fees below cost recovery for those that provide a wider community benefit. Specific fee recommendations would be brought forward later in FY 2021/22 to amend the municipal fee schedule for parks and recreation fees; however, any current feedback and direction to (1) understand whether the Council would like to engage in improved cost recovery per the budget principles and (2) provide feedback on a framework to evaluate improved parks and recreation cost recovery would help to focus future discussion.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environment Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a)(4) in that it is a fiscal activity that does not involve any commitment to any specific project which may result in a potential significant impact on the environment.

FISCAL IMPACT

The FY 2021/22 and FY 2022/23 Proposed Biennial Operating Budget totals $883.1 million and $928.0 million, respectively. The Capital Budget totals $118.2 million in FY 2021/22.

The Budget is scheduled for the City Council's consideration for adoption on June 22, 2021.

COORDINATION

This report has been coordinated with the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's

Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Review and provide input on the Proposed FY 2021/22 and FY 2022/23 Biennial Operating Budget and FY 2021/22 Capital Improvement Program Amendments.
2. Review and provide input on the Proposed FY 2021/22 Municipal Fee Schedule.
3. Provide direction on the implementation of a Transient Occupancy Tax rate increase that received voter approval in November 2020.
4. Provide direction to the City Manager to return to Council with a Parks and Recreation fee cost recovery policy for Council consideration.

City of Santa Clara
The Center of What's Possible

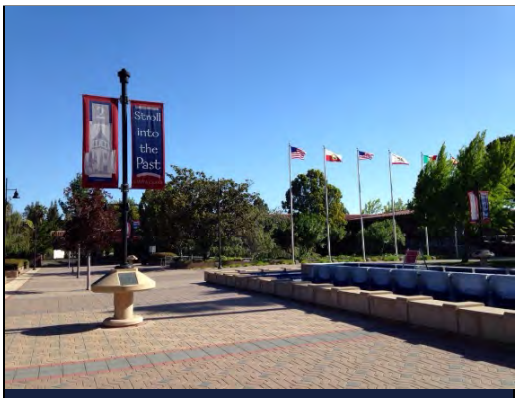
May 7, 2021



Honorable Mayor, City Council and Residents of Santa Clara,

The Proposed Biennial Operating Budget for fiscal years (FY) 2021/22 and 2022/23 is presented for consideration and continues the biennial budget process that alternates between an operating and capital budget. This year's budget focuses on our day-to-day operations that support vital City services. Amendments to the FY 2021/22 capital budget are also included.

As part of the budget deliberation process, two City Council study sessions are scheduled for May 25, 2021 and June 8, 2021 before the public hearing and planned budget adoption on June 22, 2021.

The Proposed Budget is presented at a challenging time as the City continues to face a COVID-19 induced General Fund shortfall of $29 million in FY 2021/22. COVID-19 has already impacted two fiscal years by declining revenue (e.g., FYs 2019/20 and 2020/21). Unfortunately, more difficult budget reductions are necessary to bring the budget into balance and the use of one-time federal stimulus funds avoids more severe service impacts that would otherwise have been required. At the same time, there is cause for cautious optimism as economic conditions are projected to significantly improve later in 2021.

With the effective roll out of the COVID-19 vaccines, business and the community are expected to begin resuming a greater degree of normal activities in FY 2021/22. This enables the judicious use of one-time solutions, primarily federal stimulus funds, to solve a portion of the budget shortfall, allowing time for General Fund revenues to recover. This Proposed Budget incorporates Phase 2 reduction proposals to close more of this gap. The Phase 2 reductions, however, are less than initially contemplated when the balancing strategy was presented as part of the Council Priority Session in February given the availability of $25.9 million of federal stimulus funds and the prospect of improved economic performance in 2021.

Budget Milestones:

May 7: Release of Proposed Budget

May 25: City Council Study Session on Proposed Budget and Municipal Fee Schedule

June 8: City Council Study Session on Proposed Budget and Municipal Fee Schedule

June 22: Public Hearing and Adoption of FY 2021/22 and FY 2022/23 Biennial Operating Budget and Amendments to the FY 2021/22 Capital Budget and Public Hearing and Adoption of Municipal Fees Schedule

July 1: Start of Fiscal Year 2021/22

The budget actions brought forward in this Proposed Budget are considered Phase 2 of the budget actions necessary to address the COVID-19 impacts. On March 9, 2021, the City Council approved the Phase 1 budget reductions, which included the freezing of 43.50 positions and ongoing General Fund expenditure reductions of $12.7 million. This second phase of balancing actions relies less on ongoing expenditure reductions, with those totaling $5.0 million, and more on the use of federal stimulus funds, other reserves, and additional revenues.

These combined strategies are intended to balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community, which is one of the budget principles adopted for FY 2021/22. The one-time federal stimulus funding is the key component of this strategy, and these funds allow for the City to monitor the rate of economic recovery, make further determinations of how recovery favorably impacts our revenue projections (if at all), and enables the City to address its General Fund shortfall without needlessly making more significant budget and service reductions. In short, the federal stimulus funding prevents premature budget/service reductions and allows for economic recovery, for which we are not able to determine. It is important to note that this action takes place with already approximately 550 part-time/as-needed employees being eliminated from the City and 57.50 full-time positions eliminated, with approval of this proposed budget. This is an incredible loss of capacity and reinforces our continued message that we are an organization in transition due to COVID-19 induced impacts.

The FY 2021/22 Budget Principles adopted by the City Council on February 1, 2021 allow for the Budget Stabilization Reserve (BSR) to drop to 15% of General Fund expenditures as an exception to the City's budget policy that sets the reserve goal at 25%. The proposed budget balancing strategy for the biennial budget relies on the use of the General Fund BSR ($17.5 million) and the Land Sale Reserve ($3.2 million) over the two-year period. The BSR is projected to total 21% of General Fund expenditures in FY 2021/22 and drop to 15% of expenditures in FY 2022/23 in line with the policy exception. The BSR is intended to be used to weather economic downturns, emergency financial crisis or disaster situations. The use of the BSR to address impacts from COVID-19 definitely meets this intended use.

With the use of one-time funds to bring the budget into balance in FY 2021/22 and FY 2022/23, it is currently projected that a General Fund shortfall of $14.6 million will remain to be addressed in the next biennial budget (which approximately reflects our January 2020 projected shortfall in the Ten-Year General Financial Forecast of $13.3 million). This shortfall figure, however, may be reduced if the economic rebound is more vigorous and General Fund revenues outperform the current projections. This also allows time to pursue other balancing options, such as additional revenues that are in line with other neighboring jurisdictions and other potential cost reductions.

Total Budget Overview

The expenditures in the FY 2021/22 Proposed Budget total $1.0 billion and reflect a reduction of 15.5% from the FY 2020/21 Adopted Budget. In FY 2022/23, the budget increases to $1.03 billion as a result of annual adjustments to salaries and benefits and non-personnel costs and the timing of capital projects. The FY 2021/22 Proposed Budget is below the FY 2020/21 Adopted Budget of $1.12 billion primarily because the carryover of capital funds from FY 2020/21 to FY 2021/22 has not yet been factored into the budget. In addition, the FY 2020/21 Adopted Budget did not fully incorporate the impact of COVID-19; Phase 1 rebalancing actions for the budget were approved later in March 2021. The FY 2021/22 Proposed General Fund budget is also lower as this budget includes additional Phase 2 budget reduction proposals necessary to mitigate the economic impacts from the pandemic. In addition, the General Fund budget incorporates the shift of the Building Development Services to a new special fund, resulting in

lower General Fund expenditures, offset by the one-time transfer of the General Fund Building Inspection Reserve to the new development fund in FY 2021/22.

Table 1 summarizes the total proposed budgets by fund group.

Table 1: FY 2021/22 and FY 2022/23 Proposed Budget

FY 2021/22 and FY 2022/23 Proposed Budget			
Fund Type	**FY 2020/21 Adopted Budget**	**FY 2021/22 Proposed Budget**	**FY 2022/23 Proposed Budget**
General Fund	285,968,205	282,561,469	261,431,495
Special Revenue Funds	22,709,200	28,214,477	28,201,923
Enterprise Funds	693,847,310	670,175,848	784,562,413
Internal Service Funds	37,533,057	41,211,645	39,254,113
Debt/Other	17,263,562	39,291,994	19,847,647
Less (Transfers, Contributions, and Reserves)*	(210,359,204)	(178,378,596)	(205,298,512)
Subtotal Operating Budget	**846,962,130**	**883,076,837**	**927,999,079**
Capital Funds	342,174,078	124,900,686	100,712,350
Less (Transfers, Contributions, and Reserves)*	(3,986,654)	(6,682,539)	0
Total Capital Budget	**338,187,424**	**118,218,147**	**100,712,350**
Total Budget	**1,185,149,554**	**1,001,294,984**	**1,028,711,429**

* Adjusts for transfers, contributions and reserves to avoid double counting of the same funds (e.g., internal service funds are excluded)

The FY 2021/22 and FY 2022/23 Proposed Budget incorporates actions to bring the budget into balance, particularly in the General Fund that represents approximately one quarter of the total budget. Staff has carefully analyzed all department budget proposals, taking into account the fiscal year projected resources, anticipated service impacts to Santa Clara residents and businesses, and City Council goals, principles and priorities.

The Proposed Budget also factors in recommended changes to FY 2021/22 capital projects, including a limited number of high priority projects funded by the General Fund Capital Projects Reserve as well as those funded by other funds.

Guiding Framework

On February 1, 2021 and February 2, 2021, the City Council held Council Priority Setting Sessions to review the state of the organization, discuss policy priorities, and key data that provide direction on managing the City going forward. At this year's sessions, the focus was on the City's fiscal outlook and COVID-19 response and recovery. As part of those sessions, the City Council confirmed the following Council Strategic Pillars:

1. Promote and Enhance Economic, Housing and Transportation Development
2. Deliver and Enhance High Quality Efficient Services and Infrastructure
3. Enhance Community Sports and Recreational and Arts Assets
4. Enhance Community Engagement and Transparency
5. Ensure Compliance with Measure J and Manage Levi's Stadium

6. Manage Strategically Our Workforce Capacity and Resources
7. Promote Sustainability and Environmental Protection

The City Council also reviewed and adopted a set of Budget Principles during the Council Priority Setting Sessions. These Budget Principles were established to provide a general framework and approach for developing the City's budget, ensuring fiscal stability by considering both the short and long-term impacts of any funding decisions. For the FY 2021/22, the principles were modified to 1) recognize that the budget will be balanced with ongoing solutions to the extent possible; 2) added a principle to address the budget shortfall with a combination of ongoing and a one-time solutions to balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community; 3) added a principle to continue cost controls measures until General Fund revenues and expenditures are in balance; and 4) modified the principle that would maintain the Budget Stabilization Reserve (BSR) at a minimum of 15% of expenditures if an exception to the Council Policy for the BSR is considered.

The FY 2021/22 Budget Principles can be found in the ***Budget and Fiscal Policies*** section of this document.

Summary of Budgeted Positions

The FY 2021/22 Proposed Budget reflects a net reduction of 57.50 positions from the FY 2020/21 Adopted Budget level as shown in Table 2 below. The General Fund budget balancing actions account for the reduction of 60.50 positions, including the freeze of 43.50 positions approved on March 9, 2021 (Phase 1) and the elimination of an additional 17.0 positions recommended in the Proposed Budget (Phase 2). Other actions result in a net add of 3.0 positions, including the proposed addition of 5.0 positions (4.0 fee-funded positions to support development activity and 1.0 SVP-funded Attorney in the City Attorney's Office), offset by the reduction of 2.0 position in the Base Budget to account for the staffing level funded by the Related project. Positions funded by the Related reflect the timing of City positions necessary to support that project; several of these additional positions will be required as that development occurs in the next few years. The changes by department are described in further detail below and in each department section of this document.

Table 2: Summary of Position Changes (All Funds)

Summary of Position Changes (All Funds)	
FY 2020/21 Budget	**1,151.50**
Base Budget Changes (funding of Related positions)	(2.00)
Phase 1 Funded Position Reductions (Approved March 9, 2021)	(43.50)
FY 2021/22 Phase 2 General Fund Reductions	(17.00)
FY 2021/22 Proposed Position Adds (SVP and Building Fee Funded)	5.00
FY 2021/22 Budgeted Positions	**1,094.00**
FY 2022/23 Proposed Net Additional Positions	0.00
FY 2022/23 Budgeted Positions	**1,094.00**

The following table below summarizes the budgeted position changes by department. Base Budget changes reflect position changes previously approved by the City Council at a separate City Council meeting, with the majority of these positions eliminated as part of the Phase 1 budget reductions. A detailed summary of Base Budget position changes can be found in the Department sections of this document.

Table 3: Summary of Funded Positions by Department

Summary of Funded Positions by Department						
Department	FY 2020/21 Adopted	2021/22 Base/ Phase 1 Changes	2021/22 Proposed / Phase 2 Changes	FY 2021/22 Proposed	Change	FY 2022/23 Proposed

* The City Manager's Office also oversees the Non-Departmental functions (e.g., citywide administration, risk and insurance, communications, community/special programs and initiatives, economic/real estate development, COVID relief programs, state and federal legislative coordination, etc.)

Ten-Year Financial Forecast and Economic Outlook

The FY 2022 – 2032 Ten-Year General Financial Forecast (Forecast) provides an updated assessment of the City's fiscal health. The Forecast includes projections of ongoing General Fund revenues and expenditures for a ten-year period beyond the adopted biennial budget. The Forecast serves as a strategic planning tool to assist the City Council, staff, and the public with decision-making as they work to adopt the FY 2021/22 and FY 2022/23 Biennial Operating Budget and consider long-term financial strategies for the City. The Forecast also identifies known risk factors and vulnerabilities, and it provides a foundation for evaluating priorities and understanding trade-offs moving forward.

In January 2021, the Administration prepared the Forecast for discussion at the Council Priority Setting Session. At that time, the Forecast showed a substantial General Fund shortfall of $41.7 million in FY 2021/22 as a result of COVID-19 impacts on City revenues, with improvement in the remaining years of the Forecast. The projected shortfall of $41.7 million was equivalent to 14.8% of forecasted expenditures, while the surpluses in the out years of $1.5 million to $5.5 million were relatively small, ranging from 0.5% to 1.9% of expenditures annually.

Since the development of the Forecast in January, staff has continued to refine the revenue estimates and the expenditure budget. The Phase 1 budget reductions ($12.7 million) as well as other net zero adjustments result in an improvement to the estimated budget deficit in FY 2021/22. With the Council approval of Phase 1 in March 2021, and with continued revision, the shortfall has been revised downwards from $41.7 million to $29 million. The revised shortfall of $29 million is equivalent to 11.2% of General Fund expenditures in FY 2021/22, while the small surpluses of $1.3 million to $4.2 million in the remaining years range from 0.5% to 1.5% of expenditures.

Table 4: FY 2022-32 General Fund Ten-Year Financial Forecast Net Operating Margin

FY 2022-2032 General Fund Ten-Year Financial Forecast Net Operating Margin - Ongoing Surplus/(Deficit) ($ in millions)										
FY 2021/22	**FY 2022/23**	**FY 2023/24**	**FY 2024/25**	**FY 2025/26**	**FY 2026/27**	**FY 2027/28**	**FY 2028/29**	**FY 2029/30**	**FY 2030/31**	**FY 2031/32**
($29.0 M)	**$3.4 M**	**$4.2 M**	**$1.3 M**	**$ 2.3 M**	**$ 2.5 M**	**$ 2.0 M**	**$2.1 M**	**$2.4 M**	**$1.9 M**	**$1.9 M**
As a percentage of projected operating expenditures										
11.2%	1.3%	1.5%	0.5%	0.8%	0.8%	0.7%	0.7%	0.7%	0.6%	0.6%

The Forecast compares ongoing revenues and expenditures. The model assumes shortfalls or surpluses are solved with ongoing solutions in the prior year. To the extent solutions to close the gap, or ongoing dollars are not fully spent in years with surpluses, these figures would carry over to the next fiscal year. It does not factor in one-time funding sources or items funded on a pay-as-you-go method with one-time sources.

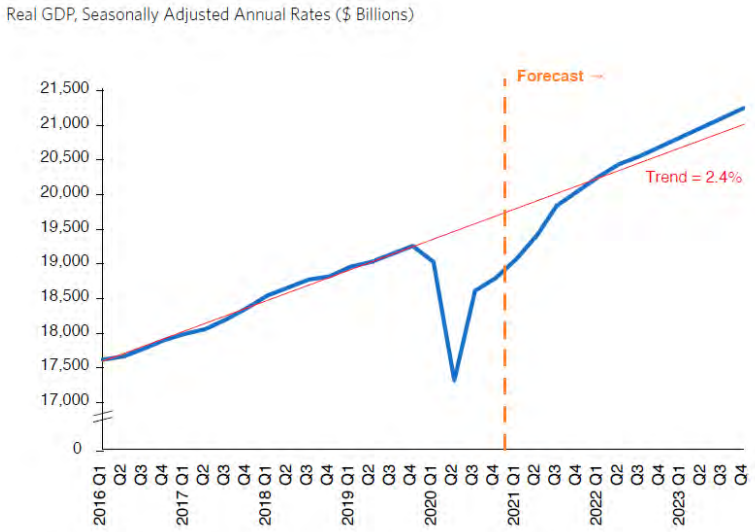
The Forecast does not include the following:

- One-time funding sources and one-time expenditure needs;
- The cost to address unmet/deferred capital infrastructure needs;
- Revenue and staffing impacts of development projects; and
- Additional contributions to Reserves (Budget Stabilization Reserve, Capital Projects Reserve, Pension Reserve).

Historically, the City has funded many of capital infrastructure and equipment needs with one-time funds on a pay-as-you-go basis. The use of one-time funds as the funding mechanism for capital improvements and various equipment that rely on the General Fund creates challenges. The lack of sufficient one-time funding has resulted in a backlog of unmet/deferred infrastructure needs. Staff will continue to evaluate potential options to create capacity to address those funding needs.

In addition to the elements described above that are not factored into the Forecast, the City has identified various factors that could have potential positive or negative impacts on the Forecast. These include:

- More robust economic recovery following the COVID-19 vaccinations;
- Future economic slowdown/recession;
- The re-assessment of non-residential properties for property tax purposes;
- State/federal legislative changes and legal challenges;
- Labor costs outside the budget assumptions;
- CalPERS actuarial changes or reform actions;
- Unanticipated critical capital/infrastructure needs; and
- Maintenance impacts and timing of development projects.



Economic Outlook

COVID-19 spurred the abrupt end to the longest economic expansion in U.S. history, impacting communities across the country. In 2020, the nation saw record breaking increases in unemployment and declines in economic activity. These impacts, however, have been uneven, with some sectors significantly negatively impacted, such as leisure and hospitality and retail, and other sectors remaining strong, such as housing.

Economic conditions are expected to improve in 2021. According to the March 2021 UCLA Anderson Forecast, robust economic growth and recovery is expected in 2021, following the worst economic decline in the last 60 years. This growth is expected to be driven by "a partial release of pent-up savings, a resumption of services consumption back to previous trends, and a robust housing sector. Offsetting some of this growth is a return of above-average consumption of goods to prior trends. During the pandemic, Americans consumed more goods and fewer services. We expect these patterns to reverse as the pandemic wanes and the economy fully reopens."[1]

As described in the March 2021 UCLA Anderson Forecast, the Gross Domestic Product (GDP) declined by 3.5% in 2020 when compared to 2019 levels. That Forecast assumes strong GDP growth of 6.3% in 2021, 4.6% in 2022, and 2.7% growth in 2023. This rate of growth would return real GDP to its 2019 peak by the end of the 2nd quarter 2021 and to its prior trend by the first quarter 2022.

[1] ULCA Anderson Forecast for the Nation and California, March 2021 Report

Source: Bureau of Economic Analysis and UCLA Anderson Forecast
Notes: Pre-pandemic trend line shown in light red.

Economic indicators have been improving for several months following the severe declines. The unemployment rates continue to improve at the national, state, and local level, with this region outperforming both the nation and state. On a national level, the unemployment rate was 6.0% in March 2021. This rate was well below the record setting high of 14.7% in April 2020 but is still 2.5 percentage points higher than the pre-pandemic level of 3.5% in February 2020. In March 2021, the number of unemployed persons fell to 9.7 million, which reflects continued improvement but is still 4.0 million higher than the February 2020 level. Job growth was widespread in March 2021, led by gains in leisure and hospitality, public and private education, and construction.[2]

The following charts from the U.S. Bureau of Labor Statistics show the dramatic impacts of COVID-19 on U.S. employment and the subsequent improvement that has occurred to date.

Chart 1. Unemployment rate, seasonally adjusted, March 2019 – March 2021

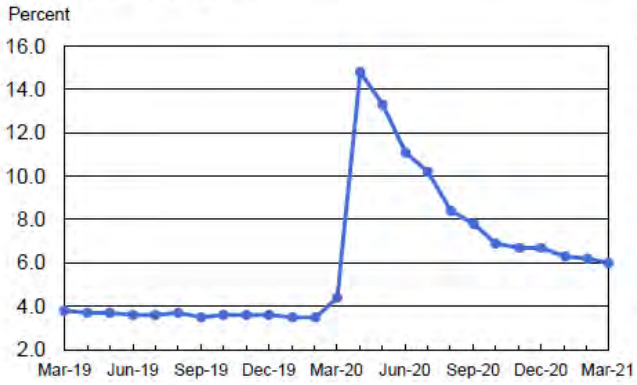


Chart 2. Nonfarm payroll employment, seasonally adjusted, March 2019 – March 2021

[2] https://www.bls.gov/news.release/pdf/empsit.pd

After the State's largest increase in the unemployment rate in April 2020, the California unemployment rate has dropped to 8.3% by March 2021. California has now regained nearly 44% of the 2.7 million jobs lost due to COVID-19 in March and April 2020.[3]

The unadjusted unemployment rate in the San José-Sunnyvale-Santa Clara Metropolitan Statistical Area (MSA) was 5.2% in March 2021, significantly higher than the pre-COVID-19 level of 2.6% in February 2020. Between March 2020 and March 2021, employment in this region dropped by 80,000 jobs, or 6.9%. The largest drops were in leisure and hospitality (down 39,300 jobs), private educational and health services (down 11,300 jobs), and government (down 8,000 jobs).[4]

The hotel industry is one of the heavily impacted sectors and the decline in activity has significantly impacted the City's General Fund Transient Occupancy Tax (TOT) revenues. Through March 2021, collections in this category are down 87% when compared to the prior fiscal year. Forecasters do expect improvement in this sector in the second half of 2021 and beyond with the continued roll out of vaccinations and additional stimulus funds. CBRE, a full-service real estate services and investment firm, forecasts a return to 2019 average daily rate and revenue per available room levels in 2024. Gains, however, are expected to vary by market with the business cities and those relying on international travel with the lowest gains compared with 2019. On the other end of the spectrum, leisure-based destinations and secondary and tertiary markets will see the highest gains.[5]

With its reliance on business travel, Santa Clara's hotel activity is expected to take time to recover. There are some local hotels that remain closed, such as the Hilton and the Avatar hotels, and the Biltmore is under renovation. From the extremely low starting point in the current fiscal year, strong growth is projected over the next several years with collections hitting the pre-COVID levels in 2026 and factoring in a two-percentage point increase in the TOT rate.

General Fund Budget Balancing Strategy

Given the updated projected General Fund shortfall of $29.0 million in FY 2021/22, the budget balancing strategy for the FY 2021/22 and FY 2022/23 Biennial Operating Budget incorporates a combination of ongoing expenditure reductions and increased revenues as well as one-time solutions, including the use of federal stimulus funding and reserves. The purpose of the stimulus funds is to save jobs and preserve services by providing the critical time to evaluate the post COVID-19 recovery and allow for a slower phase-in of any community impacts. Section 603(C) of the Coronavirus Local Fiscal Recovery Fund identifies eligible uses for the funds, including the provision of government services and offsetting revenue losses:

> "(C) for the provision of government services to the extent of the reduction in revenue of such metropolitan city, nonentitlement unit of local government, or county due to the COVID–19 public health emergency relative to revenues collected in the most recent full fiscal year of the metropolitan city, nonentitlement unit of local government, or county prior to the emergency."

As shown in Table 5 below, $6.3 million of the FY 2021/22 General Fund deficit is proposed to be solved with ongoing expenditure reduction and additional revenues, leaving a remaining balance of $22.7 million. One-time solutions close this funding gap, most significantly the use of federal stimulus funds. One-time

[3] https://edd.ca.gov/newsroom/unemployment-march-2021.htm
[4] https://www.labormarketinfo.edd.ca.gov/file/lfmonth/sjos$pds.pdf
[5] https://www.businesstravelnews.co7m/Procurement/CBRE-Vaccines-Stimulus-Spur-Second-Half-2021-US-Hotel-Forecast

funding is also proposed to replenish the Special Liability Fund that is used to cover legal actions against the City. Because $22.7 million of the FY 2021/22 shortfall is solved one-time, this shortfall will carry over to FY 2022/23 and adjusted based on economic recovery, cost or savings from labor agreements, and any additional administrative actions that reduce the shortfall. When combined with the small forecasted surplus in FY 2022/23 of $3.4 million, the General Fund deficit totals $19.3 million in FY 2022/23. This shortfall is proposed to be solved with General Fund revenues expected to be generated from additional fees and the use of the Budget Stabilization Reserve and the Land Sale Reserve. Based on the latest forecast and the budget balancing strategy for FY 2021/22 and FY 2022/23, a shortfall of $14.6 million would remain after the two-year budget period.

Table 5: FY 2021/22 and FY 2022/23 General Fund Balancing

FY 2021/22 and FY 2022/23 Biennial Operating Budget General Fund Balancing ($ in millions)			
	FY 2021/22	**FY 2022/23**	**FY 2023/24**
Forecast (Shortfall)/Surplus (Factors in Phase 1 Budget Reductions of $12.7 M)	**($29.0 M)**	**$3.4 M**	**$4.2 M**
Carried Over Deficit from Prior Year (Due to Use of One-Time Solutions in FY 2021/22 and 2022/23)		**($22.7 M)**	**($18.8 M)**
Ongoing Actions			
Proposed Budget Expenditure Changes	$5.0 M		
Proposed Budget Revenues	$1.3 M	$0.5 M

Remaining Shortfall After Ongoing Solutions	**($22.7 M)**	**($18.8 M)**	**($14.6 M)**
One-Time Actions			
Transfer to the Special Liability Fund	($5.2 M)		
Federal Stimulus Funding	$25.9 M		
Budget Stabilization Reserve	$1.9 M	$15.6 M	
Land Sale Reserve		$3.2 M	
One-Time Expenditure Reductions/Other Adjustments	$0.1 M		
Total Proposed Budget One-Time Solutions	**$22.7 M**	**$18.8 M**	
Remaining Budget Shortfall/Surplus	**$0.0 M**	**$0.0 M**	**($14.6 M)**

To develop proposed General Fund budget proposals for FY 2021/22, departmental staff evaluated departmental operations and services to identify budget actions with the least impact. Revenue strategies include bringing fees closer to cost recovery and a limited number of new fees as well as transfers from the Vehicle Replacement Fund to reflect savings generated from replacing a portion of the City's vehicle inventory with electric vehicles funded by Silicon Valley Power (SVP). The revenue opportunities that require voter approval are not assumed in the budget but will be an important strategy to help close the ongoing budget shortfall.

The General Fund balancing actions brought forward in the Proposed Budget are the second phase of reductions to address the budget shortfall resulting from COVID-19. On March 9, 2021, the City Council approved a series of budget reductions that reduced costs by $12.7 million and froze 43.50 positions. The Phase 2 reductions in this document reduce costs by $5.3 million, of which $5.0 million is ongoing, and eliminate an additional 17.0 positions. In total, the Phase 1 and 2 budget actions reduce costs by $18.0 million and the number of positions by 60.50.

As presented in June 2020 during the budget deliberations with the City Council, the City's budget balancing efforts would be addressed in two phases to obtain more data of the actual fiscal impacts of COVID-19, with some departments taking higher cuts in Phase 1 and others in Phase 2. The table below summarizes these reductions by department and compares the reductions to the percent of each department's discretionary budget, which excludes items such as the required retirement unfunded liability cost and fee or reimbursement-related costs.

Table 6: General Fund Phase 1 and Phase 2 Budget Reductions

Department	Phase 1 Proposals (March 2021)	Proposed Budget (Phase 2) Proposals	Total Phase 1 and 2 Proposals	% of Discretionary Budget
Mayor and City Council	($0.02 M)	($0.00 M)	($0.02 M)	(16.8%)
City Attorney	($0.14 M)	($0.00 M)	($0.14 M)	(11.1%)
City Clerk	($0.19 M)	($0.00 M)	($0.19 M)	(16.7%)
City Manager/ Non-Departmental	($1.88 M)	($0.03 M)	($1.91 M)	(12.7%)
Community Development	($0.31 M)	($0.27 M)	($0.58 M)	(19.7%)
Finance/Auditor	($0.30 M)	($0.13 M)	($0.43 M)	(17.8%)
Fire	($2.66 M)	($1.25 M)	($3.91 M)	(9.5%)
Human Resources	($0.20 M)	($0.25 M)	($0.45 M)	(16.6%)
Information Technology	($0.73 M)	($0.34 M)	($1.07 M)	(11.4%)
Library	($0.24 M)	($0.73 M)	($0.97 M)	(10.0%)
Parks & Recreation	($1.61 M)	($0.92 M)	($2.53 M)	(16.4%)
Police	($3.65 M)	($0.51 M)	($4.16 M)	(7.2%)
Public Works	($0.75 M)	($0.92 M)	($1.67 M)	(8.8%)*
Total	**($12.68 M)**	**($5.35 M)**	**($18.03 M)**	**(10.2%)**

* The Public Works actions would total approximately 14% when factoring in the Vehicle Replacement Fund savings generated from the electric vehicle replacements from SVP funds.

Overall, the reductions in Phase 1 and 2 eliminate approximately 10% of the discretionary General Fund budgets in departments. The City Council appointees (Attorney, Auditor and City Manager's Offices) and strategic support departments (e.g., Human Resources, Finance, Assistant Clerk) have the largest average decline of 13%, followed by the non-public safety direct service departments (e.g., Library and Parks and Recreation) at 12%, and, lastly, the public safety departments (Police and Fire) at 8%. This

reflects the goals to maintain public safety to the extent possible and to minimize direct service reductions to the community.

The reductions in the City leadership and strategic support functions are becoming increasingly more difficult as there is less flexibility on the types of services delivered (payroll, accounts receivable/payable, hiring, employee relations, legal support, Information Technology support, agenda support, City Council support). Staff will continue to seek ways to reduce costs in its delivery of these services.

Proposed Budget Highlights

Budget proposals are recommended to address a portion of the General Fund shortfall, to address a limited number of General Fund critical needs, to meet development services needs through fee-funded additions, and to support special and enterprise fund activities.

Highlights of these proposals are provided below and are aligned to the City's strategic pillars:

Promote and Enhance Economic, Housing and Transportation Development

- **CDBG and Housing Funds** – The COVID-19 pandemic has caused a disproportionate financial impact on lower-income households. Although the City is reducing staff and service levels in certain areas due to revenue shortfalls, it remains committed to maintaining the same level of service in its housing programs to provide aid to its most vulnerable residents. The FY 2021/22 budget includes over $2 million to fund public services designed to assist low-income families and children in encompassing services such as Tenant-Based Rental Assistance and Family Advocacy Services. The City also remains committed to new affordable housing with over $36 million in local funds already earmarked through FY 2020/21 for the construction and development of affordable housing projects. One of the largest projects is the Agrihood mixed-used development, which will provide 361 new housing units including 165 affordable senior apartments. One of the unique elements of the Agrihood Project is that it will also incorporate 1.5 acres of open agricultural space, a groundbreaking design that received an award from the American Planning Association of Northern California for an "Innovation in Green Community Planning".

- **Convention Center** – After a challenging year, the Convention Center is expected to start recovering in FY 2021/22. With the COVID-19 facility closure, the Budget has been significantly impacted, and it will take time to reach pre-COVID-19 activity levels. As a result of the shelter-in-place order, the Convention Center's management and operations team, Spectra, went through several rounds of furloughs and lay-offs. With the anticipated easing of restrictions on travel, businesses, and events, Spectra will take a phased approach in bringing on staff in the next two fiscal years, with a goal of having staffing levels at 19 by the end of FY 2021/22 and staffing levels at 32 by the end of FY 2022/23 (current staffing level is 2 positions). In FY 2021/22, the Convention Center is projected to have 211 events, with approximately 120,000 in attendance. In FY 2022/23, the Convention Center is projected to have 374 events, with approximately 250,000 in attendance. When compared to the Convention Center forecast that was adopted as part of the FY 2019/20 and FY 2020/21 Operating Budget, these new event projections represent a nearly 60% and 30% drop in number of events in their respective fiscal years. These estimates are based on effects due to COVID-19 restrictions, business contracted, as well as additional business generated by the sales team.

- **Downtown Master Plan** – Capital funding is added to support work identified by the Downtown Task Force at the April 6, 2021 Council meeting. This includes additional tasks associated with the Downtown Precise Plan such as preparation of a form-based zoning code and a downtown sign ordinance. This will also fund additional Downtown Community Task Force meetings with the consultant team to review current development projects within the Plan area.

Deliver and Enhance High Quality Efficient Services and Infrastructure

- **Community Development** – Fee-supported budget proposals are recommended to improve service and efficiency and support the high volume of development activity. These additions include contractual services for third party plan check and inspections, 1.0 Permit Technician, 1.0 Management Analyst, 1.0 Office Specialist, 1.0 Office Assistant, as-needed staffing support, ongoing contractual support for the Accela permit system, plans and documents digital scanning services, remote workstations for vehicles, and credit card machines. Budget actions also shift 1.0 Planner from the General Fund to the fee-supported Building program. The Proposed Budget also incorporates a new Building Development Fee Fund and the associated revenues and costs will be shifted from the General Fund to this new fund. This allows greater transparency on the resources used to support this function.

- **Electric Utility** – Proposals are recommended to ensure compliance with North American Electric Reliability Company (NERC) requirements and to work more effectively through various investments such as updated Computer Aided Design (CAD) drawings, a field audit of SVP's electric distribution system, and implementation of an automated process for maintaining SVP system circuit models in the distribution system planning software. In addition, the addition of one Assistant City Attorney position is recommended in the City Attorney's Office, funded by Electric Utility to enhance the legal support necessary to support the electric utility.

- **Water and Sewer** – In the Water and Sewer Funds, resources are aligned with the expected activity, including adjustments to water purchases, expected contributions to the Regional Wastewater Facility operating and maintenance costs, and other operational costs. The revenue estimates in the water and sewer enterprise funds are also aligned with the expected activity levels and reflect anticipated rate increases.

- **Capital Improvement Program** – Work will continue on improving the City's infrastructure through the implementation of capital projects approved as part of the FY 2020/21 and FY 2021/22 Biennial Capital Budget. Amendments to the FY 2021/22 capital budget are also included with this document as described in more detail below.

Enhance Community Sports and Recreational and Arts Assets

- **Parks and Recreation Capital Improvements:** Capital projects incorporated into the FY 2021/22 capital budget continue to support the parks infrastructure, with planned investments in the Maywood Park and Warburton Park playground rehabilitations as well as a new accessible entrance and additional parking at Central Park. The Reed and Grant Sports Park is also now open, providing five lighted sports fields, four synthetic turf fields, one natural grass field, as well as a playground, concession stand, restrooms, and on-site parking.

Enhance Community Engagement and Transparency

- **City Manager and Non-Departmental:** The addition of funding of $50,000 is recommended to support the Task Force on Diversity, Equity, and Inclusion.

Ensure Compliance with Measure J and Manage Levi's Stadium

- The Stadium Authority's stand-alone Fiscal Year 2021/22 Operating, Debt and Capital Budget was adopted by the Stadium Authority Board on March 23, 2021. The $65 million budget provides the necessary funding to administer the duties of the stadium authority, including support for operating the Stadium for non-NFL events through a management company, advancement of the FY 2021/22 work plan, payment of debt service obligations, and maintenance of a five-year capital plan. The Adopted Budget included the deletion of a Deputy City Manager position, the addition of a Management Analyst position, and funding of $38 million for debt service expenses. The capital budget totals $14.6 million and includes funding for general building, security, furnishings and equipment, and public safety investments.

Manage Strategically Our Workforce Capacity and Resources

- **Police** – Three positions are proposed for elimination, including 1.0 vacant Jail Service Officer position assigned to the Temporary Holding Facility, 1.0 Public Safety Dispatcher position that has remained unassigned for two years, and 1.0 vacant Community Service Officer (CSO) in the Records and Evidence Unit.

- **Fire** – A reduction in overtime is proposed, resulting in the reconfiguration of the rescue apparatus and hazardous materials apparatus services and the realignment of the dedicated staff for these units to the relief pool. A funding augmentation is recommended for resiliency training in FY 2022/23 (the first-year cost will be absorbed by the department).

- **Parks and Recreation** – Ongoing reduction proposals are recommended that would reduce recreation facility hours, as-needed staff to support adult sports, eliminate programming at the low use Montague pool, reduce staff for the Theater Program and Therapeutics Program, eliminate funding for the Jr. Giants and reduce cultural commission community grants. One-time proposals are recommended that would reduce cultural commission events and replace the 2021

Art & Wine Festival with a family-friendly, one-day four-hour event to be held in late August or early September that is promoted to City residents.

- **Library** – Ongoing reduction proposals are recommended to eliminate the Footsteps2Brilliance funding, reduce vacant positions in the Adult and the Youth Services Units, Technology Program, and Mission Branch Library, reduce as-needed staffing to support in-person programming and events, and reduce library materials resources. Library hours are not reduced as a result of these reduction proposals.

- **Public Works** – Ongoing reduction proposals include the elimination of five vacant positions in the Streets Division and the elimination of maintenance funding. One-time proposals include the elimination of as-needed staffing in Facilities, Field Services, Land and Property Development, and Traffic Divisions. There is also a proposal to reduce the General Fund transfer to the Downtown Parking Maintenance District Fund as there is unrestricted fund balance available to cover this cost for two years.

- **City Manager and Non-Departmental** – The elimination of funding for the Miss Santa Clara Pageant ($12,000) is recommended and the Championship Team funding will be shifted to the Community Grants program ($36,000). There is an additional $4,000 recommended reduction to the overall Community Grants program.

- **Strategic Support** – The ongoing elimination of 1.75 positions in the Recruiting, Classification and Employee Development Division in the Human Resources Department and the one-time reduction in funding for the City Auditor position are recommended. Budget proposals in the Information Technology Department include the reduction in the as-needed budget for cable, franchise and telephone services, the elimination of 1.0 Management Analyst position, and the elimination of a Unisys contractual Project Manager position.

Promote Sustainability and Environmental Protection

- **Electric Utility** – Proposals are recommended to support several initiatives funded by the Greenhouse Gas Program in an effort to expedite Greenhouse Gas (GHG) emission reduction. These include additions to the Battery Storage Program, the Bike, Pathway, and Park Program, the City Electric Vehicle (EV) Replacement Program, and Distributed Energy Resources Management. The EV Replacement Program also results in General Fund savings as this program will replace vehicles that would have otherwise been funded by the General Fund.

General Fund Revenues and Fees

The General Fund budget balancing strategy includes additional revenues of $1.3 million in FY 2021/22 and an additional $0.5 million in FY 2022/23. The largest component of this change is the transfer of almost $1.0 million in both FY 2021/22 an FY 2022/23 from the Vehicle Replacement Fund to the General Fund to reflect the available savings resulting from the EV Replacement Program.

Changes in various fees for services result in an increase of $0.6 million. This includes a limited number of new Public Work engineering fees to recover costs (storm drain non-point source fee, solid waste plan review fee, and trash management plan fee) and fee adjustments to increase costs recovery for fire operational permit fees ($0.2 million) and the billing service charge for late utility payments ($0.2 million). These fee adjustments will be presented in the Proposed FY 2021/22 Municipal Fee schedule that will released under separate cover. The fee schedule is planned to be presented as part of the Proposed Budget study sessions and adopted on June 22, 2021. In FY 2022/23, additional fee adjustments are expected to be brought forward after the completion of the fee study that is currently underway. This is expected to focus on Parks and Recreation fees in an effort to improve cost recovery and align these fees based on market demand and comparative neighboring cities.

Downward adjustments totaling $0.2 million in Parks and Recreation fee revenue is expected due to budget reductions that reduce fee activity (aquatics, adult sports, therapeutics, theater program, and Art and Wine Festival).

Utility Rate Changes

For the City's Utility funds, the Proposed Budget is built on the assumption of various rate changes, with some of the key rates highlighted below.

Table 7: Select Rate Changes for Utility Services

Utility Service	FY 2020/21	FY 2021/22	% Change
Water - Residential per HCF	$6.69	$6.95	3.8%
Recycled Water - Irrigation per HCF	$3.74	$3.93	5.0%
Sewer - Residential Single Family per month	$44.53	$45.76	2.7%
Solid Waste - 32 Gallon Cart (Includes recycling and yard waste charges)	$44.10	$49.05	11.2%
Solid Waste - 3-Cubic Yard Bin (Serviced one time per week)	$322.03	$389.02	20.8%
Electric - Residential per KWH (Effective January 1, 2022)	$0.1289	$0.1327	3.0%

The water and sewer rate increases represent Water and Sewer Utility staff estimates. Rates are approved by the City Council annually with the 2021 Rate Hearing scheduled for June 22, 2021. Proposed Solid Waste rate increases were brought forward to Council on March 10, 2021. A Public Hearing is scheduled for May 25, 2021. Electric rate increases are scheduled to be posted in October 2021 with

anticipated Council approval in December 2021 for an effective start date of new rates on January 1, 2022.

Transient Occupancy Tax Rate Increase

In November 2020, Santa Clara voters approved to increase the Transient Occupancy Tax rate by up to 4% from the current rate of 9.5%. The Proposed Budget assumes that the City Council will implement 2 percent of the 4 percent potential rate increase in FY 2021/22. A separate resolution to bring this forward is expected to be brought forward to the City Council later this calendar year.

Future Revenue Opportunities

While not incorporated into the budget figures presented in the Proposed Budget, the Administration will continue to evaluate future revenue opportunities that can help address a portion of the remaining ongoing General Fund shortfall, better position the City moving forward, address capital infrastructure needs, and align the City's revenues with other jurisdictions. At the Council Priority Setting Session, information was requested on a potential Business Tax measure. Staff will present information and a timeline to potentially pursue a measure for the November 2022 ballot as part of the May 25, 2021 Budget Study Session.

Other potential measures include: 1) establish a Utility Tax; 2) increase to the Property Documentary Transfer Tax; and 3) addition of a General Obligation Bond or Parcel Tax to fund capital infrastructure needs.

Amendments to the FY 2021/22 Adopted Capital Budget

The City Council approved the FY 2020/21 and 2021/22 Biennial CIP Budget in June 2020. This action approved a two-year capital budget and presented a five-year capital improvement plan. While the focus of this year's budget is operations, several budget amendments to the FY 2021/22 Adopted Capital Budget are also recommended. Further detail can be found in the ***Appendices*** section of this document. Some of the key budget amendments are summarized below:

- Fire projects ($0.5 million) – capital investments are recommended to fund the replacement of defibrillators used by the Fire Department paramedics and automated external defibrillators (AEDs) placed in various City facilities, to replace diesel exhaust removal systems in seven fire stations, to install alerting systems in the fire stations, to assess repairs to the Fire Training Tower, and to implement the Accela system for Fire Department annual operational permits.

- Silicon Valley Power Electric Utility projects (-$11.1 million) – funding adjustments to several projects are recommended to reflect current project timelines and necessary project augmentations. Funding will support improvements to transmission systems, transformers, transmission lines, receiving stations, as well as other infrastructure needs. Funding is also removed for projects that are not expected to move forward in FY 2021/22 based on the current project timelines.

- Parks projects ($0.5 million) – adds grant funding to support the Maywood Park Playground Rehabilitation project and shifts funds from the Rotary Park Playground Rehabilitation project to the Henry Schmidt Playground Rehabilitation project given the failure of the equipment at the Henry Schmidt park.

- Downtown Master Plan ($0.3 million) – adds funding to support work identified by the Downtown Task Force to complete additional tasks associated with the Downtown Precise Plan.

- COVID-19 Safety Improvements ($0.1 million) – adds funding for facility improvements necessary to safely reopen facilities and address any COVID-19 safety protocols.

- Street and Highways – adds grant funding to augment the Lafayette Basset Bike Lane project and allocates General Fund Capital Project Reserve funding to fund emergency street tree services, tree removals, and tree plantings in FY 2021/22.

- Sewer projects (-$6.8 million) – a reduction to the contributions for the San José/Santa Clara Regional Wastewater Facility based on the latest budget allocation figures provided by the City of San José.

The carryover of unexpended capital project funds from FY 2020/21 to FY 2021/22 is necessary in order to continue or complete projects beyond the current fiscal year. As appropriations lapse annually on June 30th, recommendations to carryover funding will be brought forward under separate cover for City Council consideration as part of the budget adoption in June 2021.

Status of Reserves

The Proposed Budget incorporates reserves in various funds as reflected in the Source and Use Statements.

General Fund Reserves

- Budget Stabilization Reserve (BSR) – This reserve is used as an allocation for weathering economic downturns, emergency financial crisis or disaster situations. Per Council policy, the BSR target is equal to the cost of the City's General Fund operations for three months, or 25% of the expenditure budget. Given the significant impacts of COVID-19 on the City's budget, the City Council adopted the FY 2021/22 budget principles that allow this reserve to drop to 15% of budgeted expenditures. The proposed balancing strategy includes use of the Budget Stabilization Reserve (BSR) of $1.9 million in FY 2021/22 and $15.6 million in FY 2022/23. The Reserve would total $55.6 million or 21% of the operating budget expenditures in FY 2021/22 and drop to $40.0 million or 15% in FY 2022/23.

- Land Sale Reserve – The Land Sale Reserve allocates the proceeds from the sale of City-owned land. This reserve is projected to total $24.7 million in FY 2021/22 and drop to $21.5 million in FY 2022/23. The use of $3.2 million of this reserve is planned in FY 2022/23 as a General Fund budget balancing action.

- Capital Projects Reserve – The Capital Projects Reserve is used to support the City's Capital Improvement Program. The target funding level for this reserve is a minimum of $5 million. This reserve is projected to drop below this level in FY 2021/22 to $4.2 million in order to fund critical health and safety projects, such as the replacement of defibrillators, AEDs, and Fire station diesel exhaust systems as well as funding for critical tree services and the Downtown Master Plan.

Utility Fund/Other Reserves

The Utility Funds incorporate various reserves to cover shortfalls in operating revenues, maintain strong bond ratings, cover day-to-day operating costs, and ease the burden on ratepayers associated with large rate increases. These typically include an Operations and Maintenance Reserve (generally set at three months of operations), a construction reserve and a rate stabilization reserve. The Utility Funds also include a Pension Trust Reserve. Select other reserves are set aside in various funds as necessary, such as debt reserves and workers' compensation and general liability reserve for claims.

City Council Priority Matrix

Due to the urgent needs regarding COVID-19, the City Council decided at their 2021 Council Priority Setting Session on February 1st and 2nd that service priorities would focus primarily on COVID-19 Assistance and Relief. This includes programs for food distribution, rental assistance, small business support and more.

The Priority Matrix is included in the Appendices section of this document.

Stadium Authority

The Stadium Authority exists as a public body, separate and distinct from the City, and is established to provide for development and operation of Levi's Stadium. It is structured so that the City will not be liable for debts or obligations of the Stadium Authority. The Stadium Authority's stand-alone Proposed Fiscal Year 2021/22 Operating, Debt and Capital Budget was adopted by the Stadium Authority Board on March 23, 2021 and can be found at https://www.santaclaraca.gov/home/showpublisheddocument?id=72128. This budget reflects the revenues and expenditures related to the support of the Stadium; expenditures related to the Stadium Authority can also be found in the ***General Fund Non-Departmental*** section of this document.

Next Steps

As part of the budget deliberation process, two City Council study sessions are scheduled for May 25, 2021 and June 8, 2021 before the public hearing and planned budget adoption on June 22, 2021.

An overview of the Proposed FY 2021/22 and 2022/23 Biennial Operating Budget and the Proposed Municipal Fee Schedule will be presented at the May 25th Study Session. Staff will also present Council Priority Matrix and information and a timeline to potentially pursue a Business Tax measure for the November 2022 ballot as part of this study session.

Summary

The Proposed Fiscal Year 2021/22 and 2022/23 Biennial Operating Budget uses a combination of strategies to balance the budget, including the use of federal stimulus funds, reserves, new revenues, and expenditure reductions. This document is intended to provide the City Council and the community with a transparent plan that facilitates discussion of City services and the alignment of proposals with City Council and community priorities.

On March 9, 2021, Phase 1 General Fund budget reductions were approved to address a portion of the General Fund budget shortfall resulting from COVID-19. This Proposed Budget incorporates Phase 2

reduction proposals to close more of this gap. The Phase 2 reductions, however, are less than initially contemplated when the balancing strategy was presented as part of the Council Priority Session in February given the availability of federal stimulus funds and the prospect of improved economic performance in 2021. As General Fund performance improves in the future, the goal would be to restore the Phase 1 and Phase 2 budget reductions with priority given to public safety restorations.

City departments worked together as a team to prepare this fiscally responsible, balanced budget. The hard work and dedication of City's Department Heads and employees is greatly appreciated as we work through COVID-19 induced impacts and transition the organization with notably less resources. With this budget, we have balanced the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community. In closing, I want to thank the City Council for our continued strong partnership in supporting vital City services while also ensuring the fiscal health of the City. It is through this strong partnership that we have already overcome significant budget deficits, grown our reserves to unprecedented levels, and continued to provide a wide range of public services that our community enjoys.

Respectfully submitted,

Deanna J. Santana
City Manager

Kenn Lee
Director of Finance

SANTA CLARA AT A GLANCE

The City of Santa Clara (City) has always reflected the progressive, bellwether nature of California. It is one of the oldest cities in the state, an agricultural powerhouse in the 1800s, and the birthplace of many of the technology innovations that created Silicon Valley in the 1900s. Today, it maintains its leading-edge status as a community that is nationally recognized for its livability and a city that has a sustainable, bright future powered by the private investment of billions of dollars in new development and growth opportunities.

History

Santa Clara was incorporated in 1852 as a Charter City with a Council/Manager form of government although it existed as a community for hundreds of years prior to that as a village for Ohlone Indians and their ancestors. European explorers came to the area in the mid-1700s and settled it as a military and religious outpost. It is called the “Mission City” in reference to the Mission Santa Clara de Asis, which opened in 1777 as one of 21 Spanish missions established by Franciscan padres along El Camino Real in California.

Size

Santa Clara encompasses 18.41 square miles in the heart of Northern California’s Santa Clara County, also known as Silicon Valley, in recognition of the region’s leadership in technology innovations that changed the way the world lives, works, learns and plays. It is part of the burgeoning South Bay metropolitan area that includes the City of San José, the 10th largest city in the U.S., and the wider nine-county San Francisco Bay Area that is the fastest growing region in the state.

Population[1]

The 2020 population of the City of Santa Clara is estimated at 129,104 and is one of the most diverse in the nation with about 44% of residents born outside the U.S. Over half of the population is non-Caucasian. The City’s residents are also highly skilled and educated, with over 60% of adults holding a bachelor’s degree or higher. The median age is 33.9 years and the median household income is reported at $126,006.

Business[1,2]

More than 12,350 licensed businesses are registered to conduct business in City of Santa Clara, ranging from entrepreneurial start-ups, to longstanding family owned firms, to the international headquarters of Fortune 500 corporations. Together these Santa Clara businesses represent an employment base of over 126,000. Almost half the land in the City of Santa Clara is zoned for commercial use and millions of square feet of new office and retail projects are under development or in planning stages, greatly expanding the City's capacity to accommodate businesses that want to start, relocate or expand in a high energy, dynamic environment. Major employers within the City are Applied Materials Inc., Intel Corporation, California's Great America and Advanced Micro Devices Inc.

City Services

Santa Clara is a full-service city with its own police and fire departments and energy, water and sewer utilities. Other core services include a nationally ranked library, 259 acres of developed parkland and 95 acres of undeveloped parkland, award winning services and recreational programs for seniors and youth, neighborhood beautification, free citywide outdoor Wi-Fi, special events and support of history and art museums and other cultural and performing arts. In 2020, the City of Santa Clara was named the 14th Safest City in America and ranked the 2nd most dynamic metro area in the United States due to its outstanding economic performance.

Housing[1]

There are 44,669 households in the City and housing stock continues to expand through new transit-oriented developments that offer lifestyle alternatives to the City's traditional single-family neighborhoods and carefully preserved historic homes. The City is in the midst of a metropolitan area that is one of the highest priced housing markets in America. The median price to purchase a single-family home is $1,430,000 and to rent a one-bedroom apartment is $2,000. Santa Clara has invested millions of dollars in affordable housing projects that provide 1,479 units for low income seniors, families, homeless and disabled residents.

Transportation

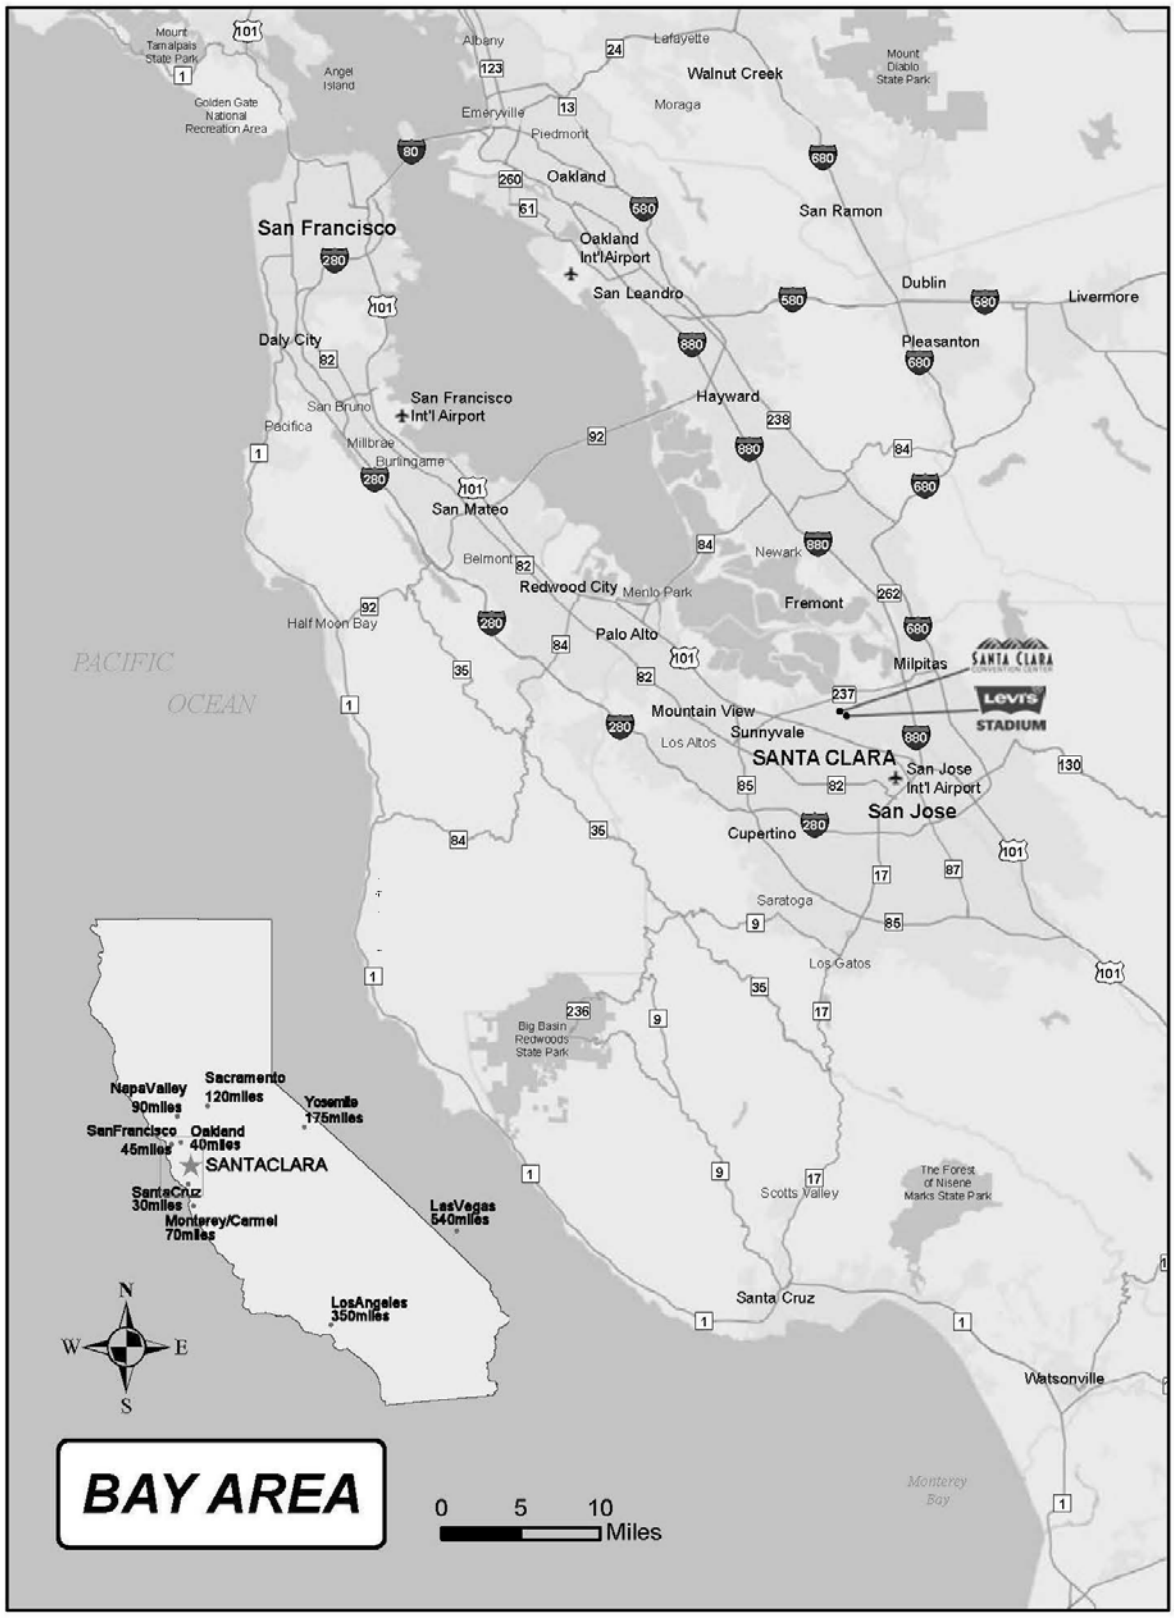
In addition to its own 240 miles of City-owned roads and streets, Santa Clara is crisscrossed by State Highway 101 and two regional expressways. Public transit services in the City include buses, light rail, Caltrain and Amtrak. An extension of BART into the South Bay will terminate in Santa Clara, and the Norman Y. Mineta San José International Airport is on the border of the City. Santa Clara has also placed a priority on providing bike lanes and completing the San Tomas Aquino/Saratoga Creek Trail that will link with other trails in the South Bay.

Education[1]

Public schools serving residents of Santa Clara are under the authority of independent school districts, but the City works closely with them to provide quality educational opportunities for grades K-12 and students attending Mission College for a two-year degree or professional development. Santa Clara University, the oldest institution of higher learning in California, is in the historic Downtown Quad area of the City and enrolls 5,438 undergraduate students and 3,296 graduate students.

Infrastructure[1]

Each year, the City makes significant investments in maintaining, expanding, and improving civic infrastructure for the benefit of residents and businesses. It offers the lowest combined water, sewer and electric rates in the nine Bay Area counties. Through the utility's Santa Clara Green Power program, the City of Santa Clara ranks 4th in the nation by the Environmental Protection Agency (EPA) in the Green Power Community Rankings Based on Green Power Usage where GPCs are towns, villages, cities, counties, or tribal governments in which the local government, businesses, and residents collectively use green power. Over the past few years, the City's water storage and delivery system has been upgraded and it is one of the most successful purveyors of recycled water at about one billion gallons each year. The City is a partner in the San José-Santa Clara Regional Wastewater Facility and is investing $300 million over the next 30 years to update the aging facility and expand capacity.



Economic Development

The City of Santa Clara welcomes business, and that strategic attitude is paying off with billions of dollars in private investment currently under construction or in the pipeline. As these projects come online, the City's economic base is broadened and diversified, ensuring greater fiscal stability in the future as well as increased revenues to the City's budget to replace the loss of Redevelopment Agency funding.

Development projects approved over the past fiscal year include office space, residential, affordable housing, retail, and mixed-use developments. Some of the largest projects include: Related Santa Clara, a new multi-phased, mixed-use development of up to 9.16 million gross square feet of office buildings, retail and entertainment facilities, residential units, hotel rooms, surface and structured parking facilities; Scott Boulevard office project with construction of a new six-story, 237,107 square foot office building, two-story 13,643 square foot amenity building, four-level parking structure and associated site improvements on a 5.8 acre site at the northeast corner of Scott Boulevard and Garrett Drive; and Catalina II Residential Development Project, a 1.7 acre project site on the north side of El Camino Real adjacent Civic Center Park to construct 39 for-sale townhomes units. With the Council approval of the Tasman East Specific Plan, five developments were approved on Calle de Luna and Calle del Mundo with more than 1,500 residential units in several multi-story buildings, 191 assisted living units in a 20-story building, 150 multi-family units in an eight-story building and a 347-unit apartment building and more than 25,000 square feet of retail spaces. More information on new development projects can be found on the City's website SantaClaraCA.gov/business- development under the "Development Projects" link.

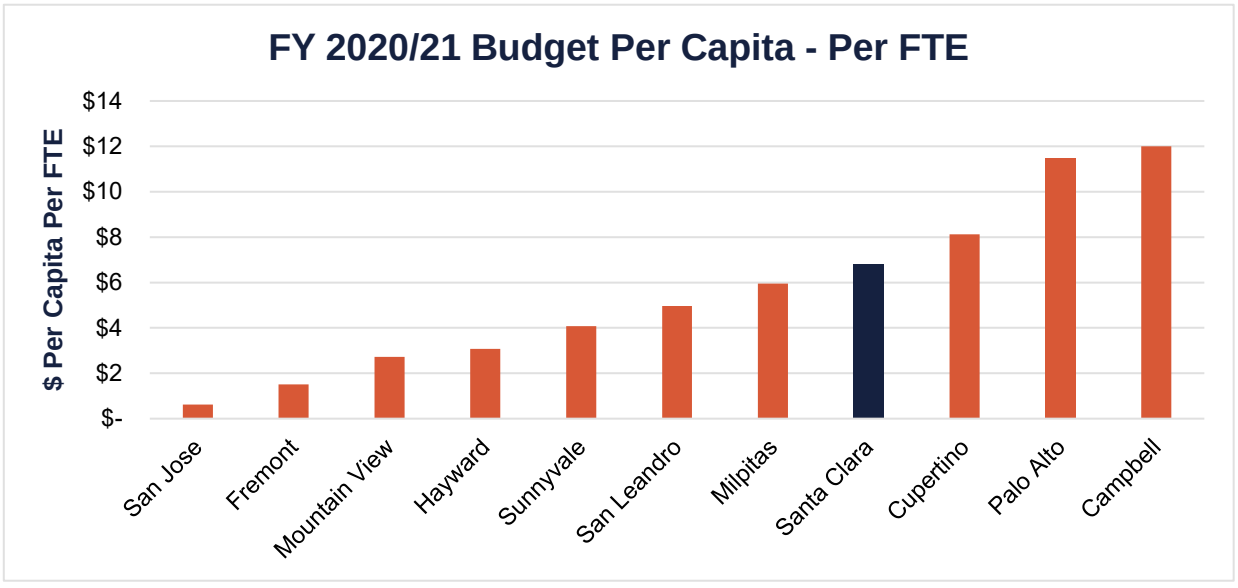
SANTA CLARA COMPARISON TO OTHER LOCAL CITIES IN THE LOCAL REGION

The following graphs compare FY 2020/21 per capita revenues from key sources and total budgeted expenditures for FY 2020/21 in the City of Santa Clara to other cities in the local region. Sales tax and property tax categories are included as they are the top two revenue sources for the City.



Cities' budgets in relation to their respective population and personnel, defined as Full Time Equivalent (FTE), are examined. Expenditures are from all funds for operations and capital improvement projects. Additionally, Cities' Administration, defined as Council and its direct day-to-day support staff, including offices of City Manager, City Attorney, City Clerk[1] and City Auditor[1], budgeted expenditures and personnel are also quantified.

BUDGET AND FISCAL POLICIES

We present the relevant policies and practices that define specifically the way the City manages its budget, reserves, interfund loans, investments and debt with the goal of long-term fiscal sustainability. The City Council reviews and approves budgetary policies as part of the annual budget process. Investment and debt policy statements are referenced in this section; however, reviewed and approved by the City Council under separate cover.

Appropriation Control

The City Council is responsible for approving the appropriation of fiscal resources to cover estimated expenditures for each fiscal year. Expenditures are appropriated in each fund to departments, offices, and agencies for various goods, services, and capital projects described in the budget. The legal appropriation control is established at the department level in each fund. For select funds where expenditures are not allocated to a specific department, the appropriation control is established at the fund level. For capital funds, the appropriation control is at the project level. Transfers of funding between budgetary funds require City Council appropriation and approval. City Council approval is required for a budget amendment during the fiscal year which may include the use of reserves or fund balances, and approval of appropriations of grant monies. Per Article XIII, Section 1305 of the City Charter, appropriations lapse at the end of each fiscal year; therefore, unencumbered funds allocated for specific projects, donations, and grants require City Council appropriation for use in the following fiscal year.

Budgetary transfers between accounts or expenditure category may be done through Finance Department or City Manager's Office approval as long as they are conducted within the legal appropriation control limit set by the City Council.

Balanced Budget

The City Council considers General Fund budget decisions with long-term implications based on information from the Ten-Year Financial Forecast. One-time sources are used to cover one-time uses. The budget is structurally balanced when forecasted ongoing sources cover ongoing uses. Budgets shall be structurally balanced to the extent possible. Reserves should be considered to balance a budget only in the context of a plan to return to a structural balanced budget.

Budget Monitoring and Reporting

Financial reports on actual performance in relation to budget are prepared by the Finance Department through monthly financial statements. These reports are prepared and presented to the City Council, per City Charter requirements (Section 802) the City Manager shall be required to keep the City Council advised of the financial condition and future needs of the City. City Departments are responsible for reviewing these monthly financial reports and identifying potential budget problems and recommending corrections through budget amendments.

Long Term Financial Forecast

The Finance Department prepares a Ten-Year General Fund Financial Forecast which is incorporated into the budget planning process and presented to the City Council annually. This forecast is updated annually and considers current and future economic conditions, revenue projections, and spending scenarios based on the

latest available assumptions. Capital improvement plans are created and published on a five-year basis to provide a long-term plan of the City's capital funding plan.

Municipal Fees and Charges

User fees are reviewed and adjusted for on an annual basis with the goal of maximizing cost recovery. The City Council may consider and approve any fee that is below 100% cost recovery, requiring a General Fund subsidy if it is in the public's best interest. User fees are adopted by the City Council annually through the Municipal Fee Schedule. Utility fees and certain other fees and assessments can also be approved separate from the Municipal Fee Schedule. Parks and Recreation fees are established by the Parks and Recreation Director and published in the Activity Guide.

Capital Planning

The City Council reviews and adopts a two-year Capital Improvement Program Budget which includes a five-year capital improvement program. Projects included in the capital improvement program are to be consistent with the City's General Plan. Per State Government Code Section 65401, the Planning Commission reviews the capital improvement program for conformance to the City's General Plan and proposes recommended considerations for the City Council. Funding sources are identified for all projects included in the capital improvement plan.

The Capital Improvement Program (CIP) is submitted by City departments and reviewed by the City Manager's Office, the Finance Department, and the Public Works Department. The review process considers City priorities and identifies the most urgent projects for capital funding by program area, master plans or needs assessments which identify the most critical projects for repair and replacement.

Department of Public Works staff reviews project estimates and evaluates the current bidding environment. Project contingency reserves are established based on the type of project and the project estimate type (engineering or preliminary estimates). Operating and maintenance costs are identified for planning purposes when projects are completed and come online.

General Fund Reserves

The City Council allocates available resources to General Fund contingency reserves through various reserves designated for emergency use or restricted future uses. Restrictions are established by policy, or through legally segregated development-related fee reserves collected from users.

- Budget Stabilization Reserve (formerly the Working Capital Reserve) – is used as an allocation for weathering economic downturns, emergency financial crisis or disaster situations. The reserve target is equal to the cost of the City's General Fund operations for three months (90-day working capital reserve).
- Capital Projects Reserve – is used to support the City's CIP. The minimum target is $5.0 million with a goal of having sufficient funds to fund capital projects included in the City's biennial capital budget and five-year CIP.
- Land Sale Reserve – this reserve allocates proceeds from the sale of City-owned land.
- Building Inspection Reserve – allocates user fees in the Community Development Department's Building Inspection Division. The funds from this reserve are used to fund inspection services or

projects directly related to the Building Inspection Division activities. Funding can only be used to support user fee related activities when annual revenues are insufficient to cover annual expenditures. Individual user fees are included and approved under separate cover as part of the Municipal Fee Schedule.

- Advanced Planning Fee Reserve – this reserve allocates a portion of user fees for the update and amendment of the City's General Plan. Individual user fees are included and approved under separate cover as part of the Municipal Fee Schedule.

Utility Funds Reserves

The City conducts regular cost of service studies to evaluate rates and charges for each utility with projected needs and expenditures. The May 2018 water and sewer cost of service study included recommendations to establish a reserve policy in order to cover shortfalls in operating revenues, maintain strong bond ratings, cover day-to-day operating costs, and ease the burden on ratepayers associated with large rate increases. The following reserves in the water, sewer and recycled water utilities funds address those recommendations:

- Operations and Maintenance Reserve – this reserve is used to cover day-to-day expenses, address unforeseen cost increases or revenue shortfalls, and protect against emergency financial crises or disaster situations. The reserve target is equal to the cost of the individual utility's operations for three months (90-day working capital reserve).
- Construction Reserve – this reserve is used to support each utility's CIP or fund unforeseen and unbudgeted capital costs. The target minimum goal is a balance of the following year's planned capital improvement program.
- Rate Stabilization Reserve – this reserve is used to absorb short-term revenue shortfalls and is designed to stabilize utility rates and avoid wide swings in rates charged to utility customers over time. The target minimum goal is a balance of 10% of each utility's projected current year rate payer revenue.

In addition to the reserves cited above, the City's Electric Utility Fund has established rate stabilization and cost reduction reserves. These reserves are intended to stabilize electric utility rates and set aside as a buffer for unforeseen expenditures or revenue shortfalls.

Other Reserves

The City may include additional reserves set aside for specific purposes based on legal, policy, or budgetary purposes. Some of these include reserves for historical preservation, pension costs, vehicle or fleet replacement, workers' compensation costs, or to fund potential future general liability claims against the City.

- Pension Stabilization Reserve – this reserve sets aside funds to address the City's pension unfunded accrued liability. The targeted annual funding contribution is 1% of the City's unfunded pension liability.

Interfund Loans and Advances

Interfund loans are loans from one City fund to another City fund for a specific purpose, with a requirement for repayment. Interfund loans should be short-term in nature and shall not be used to solve ongoing structural budget deficits. The department managing the borrowing fund should complete the interfund loan agreement.

The agreement should include the amount requested, loan period, description of the loan and repayment terms. Interest shall accrue at the City's pooled investment rate at the time of the loan approval. A summary of outstanding interfund loans are also included in the City's Comprehensive Annual Financial Report. In addition, advances from the General Fund have been approved by the City Council that may be paid back by other revenue sources.

Investment Policy

The City undertakes investment related activities that are made with prudence. On an annual basis, the City formalizes these activities in the Investment Policy Statement which is adopted by a resolution of the City Council (https://www.santaclaraca.gov/home/showdocument?id=66753). The policy is to invest public funds, including bond proceeds, reserves and other special City funds, in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds.

The City of Santa Clara Charter gives the Director of Finance the authority and responsibility to deposit and invest all City funds. It authorizes the Director of Finance to invest the City's idle cash in allowable investment vehicles with a maximum remaining maturity of five years at the time of purchase. The City Council may grant express authority either specifically or as part of an approved investment program to invest in vehicles with remaining maturity that exceeds the five-year restriction. Authority must be given to the Director of Finance at least three months prior to the investment. California Government Code also allows the City to invest in the same investment vehicles as authorized by the City Council. The Director of Finance establishes written depository and investment policy procedures for the operation of the investment program consistent with the City Investment Policy, establishes a process of independent review by an external auditor and provides monthly investment reports to the City Council.

Debt Policy

The City believes that debt is an equitable means of financing projects and represents an important source of meeting fiscal responsibilities. The City obtains and maintains long-term debt for large capital improvement projects. The Finance Department manages the City's debt with prudence, diligence, and attention to prevailing economic conditions and applicable laws. It manages issuance of debt, administers debt proceeds, prepares ongoing disclosure, handles debt and tax compliance, and makes debt service payments. City departments with debt-financed capital programs coordinate with the Finance Department in implementing and handling debt related transactions. Semiannual updates are prepared by the Finance Department on outstanding debt for the City of Santa Clara, its Agencies and Corporations. This report is presented as a standard management practice that provides a valuable overview of the current status of the City's long-term debt obligations. The current City Council approved debt policy can be found online at: (http://santaclaraca.gov/home/showdocument?id=63748).

Donation Policy

Donations may be offered in the form of cash, real or personal property. "Designated" donations are donations where the donor specifies intended use by a particular City department, location, or purpose. "Undesignated" donations are given to the City as a whole, for an unspecified use. Donations of any kind which might be perceived or interpreted as an attempt to influence actions of the City Council or City Administration will not be accepted. All donations are presented to the City Manager for compliance with the policy. As part of the annual budget process, for anticipated monetary donations, staff will bring forward for Council consideration a balanced appropriation for revenue and expenditures to facilitate the acceptance of donations throughout the

fiscal year. Donations valued at $100,000 or greater require City Council acceptance and appropriation of funds. Donations valued less than $100,000 may be accepted with the monetary donations available to departments for expenditure as part of the adoption of the annual budget. A report of all donations received by the City is presented to City Council as part of the Monthly Financial Report. The appropriation of anticipated donations can be found in each respective City department and corresponding Source and Use of Funds Statement in this document.

Community Grants Policy

The budget includes an allocation of $100,000 for Community Grants to offset the cost of City fees in support of the Council approved Community Grants Policy. Annually, and subject to availability of funds, the City Council shall establish grant appropriations as part of the approval of the budget. Community grants, subject to availability of funds, shall not exceed $10,000 per applicant, per year. To receive grant funds, grant applications must be submitted at least 90 days before the planned event/activity being funded, regardless of the form of the grant, and will be evaluated by the City Manager's Office on a case-by-case and "first come-first served" basis, throughout the fiscal year. Applicants are encouraged to submit their applications at the beginning of the fiscal year, for events or activities occurring at any time during that fiscal year, to maximize opportunity for availability of funds. The City Manager's Office shall approve or deny an applicant's request based upon eligibility criteria, and subject to funding availability as approved by the City Council through the adoption of the annual budget. Grants for community events shall not be provided for waiver of or reimbursement for already discounted permit fees. Grants for attendance at youth state, national, or international competitions or performances shall be limited to costs of registration, hotel, transportation and food for participants and coaches/chaperones only. Due to short notice to advance to state, national, or international competitions, applicants shall submit an application within one week of advancing to such competitions. In all cases, the City reserves the right to reject any and all applications in the event the City Manager's Office identifies a potential conflict of interest or the appearance of a conflict of interest. Submission of an application in no way obligates the City to award a grant and the City reserves the right to reject any or all applications, wholly or in part, at any time, without penalty.

Stadium Authority Policy

The Stadium Authority exists as a public body, separate and distinct from the City, and is established to provide for development and operation of Levi's Stadium. It is structured so that the City will not be liable for debts or obligations of the Authority. The governing board duties and the fiscal policies that govern the Stadium Authority are included in the stand-alone Operating, Debt, and Capital Budget that is adopted by the Stadium Authority Board. This can be found at https://www.santaclaraca.gov/our-city/santa-clara-stadium-authority. This budget reflects the revenues and expenditures related to the support of the Stadium and can also be found in the General Fund Non-Department section of this document titled Stadium Operations.

Policy Development

Staff has established this Budget and Fiscal Policies section in an effort to improve governance, transparency, and establish policies to govern the budget. These policies will be reviewed annually and enhanced as capacity allows.

OUTSTANDING LOANS AND ADVANCES

Interfund loans are loans from one City fund to another City fund for a specific purpose, with a requirement for repayment. A detailed listing of outstanding loans and advances is included in the following table:

Receiving Fund	Originating Fund	Loan/Advance Details (Payback Source, Term, Interest Rate)	Outstanding Amount (as of June 30, 2020)
Parks and Recreation Capital Fund	General Fund (May 22, 2018, RTC 18-124) Loan for the Reed Street – Grant Street Sports Park Project from the Land Sale Reserve	This loan bears interest based on the City's weighted average portfolio rate. This loan will be repaid in annual installments from Mitigation Fee Act revenue (25% of the revenue is allocated for loan repayment) until the loan is paid in full.	$ 9,033,044
Cemetery Fund	General Fund	This advance bears no interest and will be repaid when funds become available. The advance is a long-term subsidy of operations pending mausoleum project funding in future years which is expected to generate additional revenues.	6,339,380
Total Interfund Loans and Advances			**$ 15,372,424**

Budget Guide

The following information is presented to help the reader understand the way the City allocates budgets and accounts for the operations of the City. Explanations are presented in two categories: Budget Book Details and Fund Accounting.

Understanding the Budget

Budget Definition

The budget of the City is a detailed operating plan that identifies estimated costs and program benefits in relation to estimated revenues. The budget is prepared in accordance with Generally Accepted Accounting Principles (GAAP), except encumbrances which are recognized as expenditures when legal contracts or commitments are entered into. The budget for governmental funds has been prepared on a modified accrual basis, recognizing revenue when they are measurable and available to be used to finance expenditures in the fiscal year. Expenditures are recognized when they occur, regardless of when cash is received or disbursed. The budgets for proprietary funds are prepared on a full accrual basis, recognizing revenue and expenditure activity for the fiscal year for which the activity occurred. The budgetary accounting basis and the consolidated annual financial reports include the reconciliation between GAAP modified and/or full accrual accounting for the financial reports and the budgetary basis budget. All of the year-end financial reports are kept on the basis of modified or full accrual accounting. The budget includes the adopted services to be provided during the fiscal year and the associated appropriations to cover the costs of the adopted programs, projects, services and activities. These are funded by the estimated revenue and/or fund balance available to finance the adopted service levels.

Budget Process

The budget process is the mechanism through which policy decisions are made, implemented and controlled. The City Charter requires that the City establish a budgetary system for general operations and prohibits expending funds for which there is no legal appropriation. The City is required to adopt an annual operating budget on or before June 30 for the ensuing fiscal year that begins July 1.

The procedures to establish the budget are as follows:

1. In December, departments review their annual budget to determine what their base budget needs to be for the following year, in order to keep the City Council-approved level of service currently provided. Once these adjustments are identified, base budget requests are submitted to the Finance Department for review.

2. After receiving all base budget requests and corresponding back-up documentation to support the requests, the Finance Department meets with the City Manager's Office to review all department requests. Once these meetings take place, the base budget is established for each department.

3. The City Manager's Office, along with the Finance Department, coordinate a citywide presentation to kick off the budget process in February to provide a brief overview to departments of what is expected in their submissions as well as a timeline of due dates for service level change requests.

Budget Process

4. At the beginning of February, there is a City Council operating and strategic priority setting retreat. Any recommendations that come forward during this retreat are incorporated into service level change requests. During this retreat, the Ten-Year General Fund Financial Forecast is also presented to City Council.

5. Departments submit to the Finance Department all service level change requests for the operating budget, as well as any critical needs for adjustments in their Capital Improvement Program budget. The Finance Department reviews all submissions, working with departments to resolve any questions or outstanding issues.

6. Budget meetings are held between the City Manager's Office and the Finance Department to review all service level change requests in both the operating and capital improvement program budgets. After these meetings have taken place, decisions are finalized based on the items presented, balancing each fund's budget and incorporating City Council priorities.

7. The City Manager submits to the City Council a proposed operating budget for the two following fiscal years, as well as any capital adjustments for the following fiscal year, commencing July 1. Submission to City Council is at least thirty-five (35) days prior to the beginning of each fiscal year.

8. Public hearings are conducted to obtain City Councilmembers' and residents' comments. Copies of the proposed budget shall be available for inspection by the public in the office of the City Clerk at least ten days prior to these hearings.

9. The budget is legally enacted through passage of a minute order.

From the effective date of the budget, the amounts stated therein as proposed expenditures/expenses, become appropriations to the applicable funds. In order to amend the budget during the year, departments must submit a Report to Council, explaining the need for the change and budget implications. Upon review and approval of the City Council, the budget may be amended. For the Operating Budget, the legal level of budgetary control is at the fund and department level. For funds that do not have an associated department, the legal level of budgetary control is at the fund level.

In addition to the biennial appropriated operating budget, every other year a Capital Improvement Program (CIP) Budget is adopted and a five-year capital needs plan is updated and accepted by the City Council for the City's anticipated capital projects to be funded over the next five years. For the CIP Budget, the legal level of budgetary control is at the project level.

Budget Book Details

The Operating Budget includes a ***City Manager's Transmittal Letter*** that provides an overview of the organization, the short- and long-term issues facing the City, City Council priorities and the changes to the budget as they align to strategic initiatives. The ***City Profile and Organization Chart*** section provides basic facts about the City, a detailed roster of elected officials including Boards and Commissions, the City's executive team, comparison of key revenue and expenditure data to other local cities and the City organization chart. The ***Budget and Fiscal Policies*** section provides detailed policy framework driving the development of the budget, including a glossary and acronym index. The ***Budget Summary*** details the total City budget across all funds, with adjusting entries reconciling to a total net City budget. ***Graphs and Tables*** are included detailing expected revenue, expenditures and budgeted positions. A ***Debt Service*** section summarizes the City's debt policy and outstanding obligations.

A new section detailing each City fund now includes funds previously unbudgeted. The ***Statement of Sources and Uses of Funds*** section details revenues, expenditures and fund balance position including prior year actual activity, current year budget and estimated revenue and expenditures, and two-adopted budget years. This section is organized by accounting fund type detailed later in this section.

Department sections detail each department mission and objectives broken into divisions and programs. A summary of accomplishments from the past year, objectives for the next two years and budget highlights are included. A table summarizing Dollars by Division and Program, Dollars by Fund and Dollars by Category provide multiple views of the budgeted dollars. Position budgets are developed initially in the fall of the preceding year with an interface of salary and benefits data with the Human Resources/Payroll system. These positions are reviewed and amended based on Council-approved service levels with allocations reflected by fund, division, and program. A summary of positions by division and program, by fund and by job classification are included in each department. Budget reconciliations are included in each department section. This section summarizes changes from the prior Adopted Budget, including one-time and ongoing changes to the Base Budget and recommended Service Level Changes. After the budget reconciliation are the service level change requests. This portion of the department section includes a description of the request, the dollar amount in each adopted year and any position change resulting from the request. Each service level change discusses the performance impact and notes the alignment to the City Council priorities represented in a strategic pillar.

Categories of Expenditures

Salaries - Includes regular salaries, overtime pay, vacation pay, holiday, separation payouts and premium pays such as out-of-class pay, night differential pay, hazard pay, evidence tech pay and paramedic pay. These costs are primarily driven by the number of positions budgeted within the program.

Benefits - Includes Medicare, social security, health allocation, other post-employment benefits (OPEB), and CalPERS retirement costs. Other benefits such as Voluntary Employee Beneficiary Association (VEBA), dental, life insurance, uniform allowance, meal allowance, employee assistance program, auto allowance, mobile phone allowance and professional development are included, if applicable.

Materials/Services/Supplies - Includes all expenditure items that the department has direct control over such as contract costs, supplies, equipment purchases and utility charges. For the second year of the Biennial Operating Budget, a 2% increase to costs has been applied to most line items.

Categories of Expenditures

Resource and Production - Consists mainly of costs related to the purchasing or generating of electricity, water, or recycled water as well as disposing of solid waste matter and sewage effluent for the respective City utilities.

Interfund Services - Includes two types of expenses. The first type is for charges that one department or fund charges to another for services provided, which includes charges calculated by the Indirect Cost Allocation Plan. An example would be charges that Public Works incurs to the General Fund Police Department to maintain police vehicles. The Indirect Cost Allocation Plan includes costs that are typically termed "citywide overhead". Most of these costs are those expenditures which provide support services or oversight to another department or fund citywide. These costs are allocated based on an allocation factor, such as employee count or budgeted expenditures, which is used as the basis for distributing costs to departments or funds receiving the support or benefit. Examples of such expenditures that are allocated are for services provided by the City Manager's Office, City Attorney's Office, Finance and Human Resources. These service costs are allocated to other departments or funds in the Full Cost Allocation Plan. This plan was recently updated by a third-party consultant and will be reviewed every two or three years and include modest increases between updates. The second type of allocated charge is citywide in nature, funded through the City's internal service funds. Citywide liability insurance costs and information technology costs are apportioned to departments or funds in the City.

Capital Outlay - Includes small capital expense purchases not budgeted within the Capital Improvement Projects budget. Most individual capital purchases with a cost of less than $5,000 are expensed in this category.

Transfers to Other Funds - Includes all money moving to other funds. Transfers can be between the operating and capital improvement program budget to provide funding for capital projects or between different operating funds. Transfers to other funds are included in the department budget sections.

Debt Service – Funding provided to pay for the City's Debt Service obligations. These costs have been excluded from department budgets and detailed in a separate Debt Service section in the document.

Strategic Pillars

The following are the strategic pillars established by the City Council to provide a framework for this budget document. In each department section, service level changes and performance and workload measures aligned to one of the Council-approved pillars below:

Enhance Community Engagement and Transparency

Deliver and Enhance High Quality Efficient Services and Infrastructure

Manage Strategically Our Workforce Capacity and Resources

Promote and Enhance Economic, Housing and Transportation Development

Promote Sustainability and Environmental Protection

Enhance Community Sports and Recreational and Arts Assets

Ensure Compliance with Measure J and Manage Levi's Stadium

Performance and Workload Measures

In program budgeting, Performance and Workload Measures are used to measure the performance of the department. These measures align budget dollars allocated to provide services with City Council priorities through Strategic Pillars in an effort to drive budgetary decision making. These measures provide insight into how efficiently or effectively the City is providing services in each major program. They are the measures through which the value of services can be assessed by Council and the public. Workload measures provide insight into the volume of effort that is required to provide each service. Performance and Workload Measures tend to remain the same year after year to provide longitudinal data which allows trends to be evaluated. There are, however, some programs which do not have performance measures. These are in areas where quantifiable results are either not appropriate or where it would be too costly to gather the information. Additionally, there are programs where there are no results/budget for particular years, as noted by "N/A". This indicates that the measure was either: (1) new for the budget year, (2) the program is closed/closing for the budget year, or (3) the measure moved to another program due to a department reorganization of structure. All measures are tied to a strategic pillar, displayed by the icons in the Performance and Workload Measures tables. Performance and Workload Measures proposed for addition or deletion are noted on each measure.

Fund Accounting

The accounts of the City are organized and operated on the basis of funds, each of which is considered a separate accounting entity. Government resources are allocated to and accounted for in individual funds based upon the purposes for which the resources are to be spent. A general description of each follows:

Governmental Fund Types

Governmental funds are those through which most governmental functions of the City are financed. The following are the City's Governmental Fund Types:

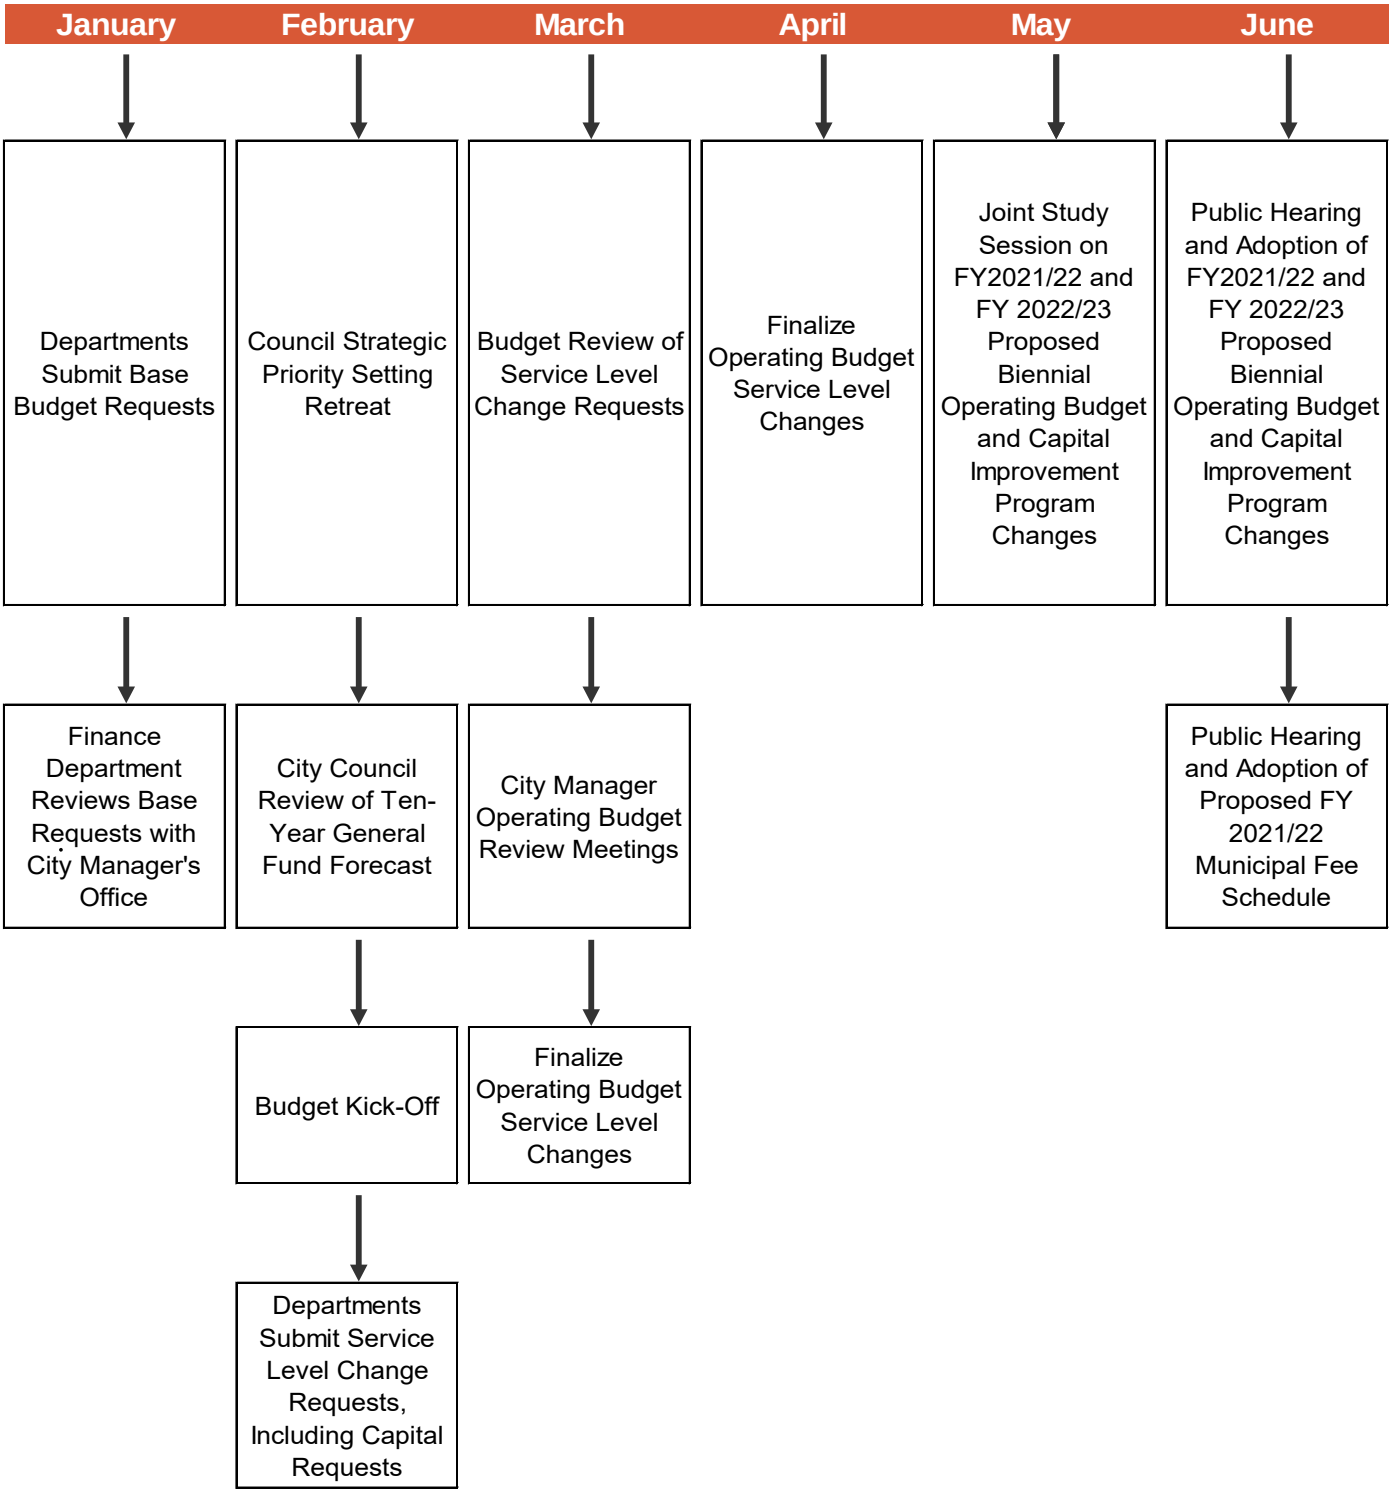
General Fund - Used to account for the general operations of the City.

Special Revenue Funds - Used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes. Examples of Special Revenue Funds include the Downtown Parking Maintenance District Fund and the Housing Authority Fund.

Debt Service Funds - Used to account for the accumulation of financial resources to be used for the payment of principal and interest on General Government Operating and Capital long-term obligations, which are not accounted for in proprietary funds. These funds consist of the General 2010 Lease Agreement that refunded the 1997 Certificates of Participation ("COPS") issued for the Police Administration building and the 2013 COPS issued for the Central Park Library building.

Capital Improvement Program Funds - Used to account for financial resources to be used for the acquisition or construction of General Government major capital facilities. Capital projects funds are organized by the following fund groups: Enterprise, Streets and Highways, General Government, and Authority funds. Further information on these fund groups and the capital improvements they support can be found in the adopted Capital Improvement Program Budget book.

Proprietary Fund Types



Proprietary funds are used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. Proprietary Fund Types include Enterprise Funds and Internal Service Funds and are described as follows:

Enterprise Funds - Used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs and expenses, including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Examples of Enterprise Funds include the Electric Utility Fund and the Water Utility Fund.

Internal Service Funds - Used to account for the financing of goods, services or facilities provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis. Services provided include vehicle replacement, vehicle maintenance and operations, information technology, communications equipment, public works capital projects management, special liability insurance claims, workers' compensation insurance and claims, and unemployment insurance. Examples of Internal Service Funds include the Special Liability Fund and Workers' Compensation Fund.

While each department section provides for a budget breakdown by fund, this budget document also includes statements of sources and uses for all of the City's funds, categorized by the type of fund as described above. Each of these financial statements includes the 2019/20 Actuals, 2020/21 Amended Budget, 2020/21 Estimate, and the 2021/22 and 2022/23 Proposed Budget. The 2020/21 Amended Budget is the adopted budget in addition to any budget amendments that were approved by City Council throughout the fiscal year, while the Estimate column shows what the expected revenue and expenditures will be for 2020/21. The Proposed Budget columns take into account the base budget plus all service level changes that are recommended in this document.

Budget Calendar

BUDGET PRINCIPLES FOR FY 2021/22

(Approved by the City Council on February 1, 2021)

1. Make decisions within the context of the City's Code of Ethics and Values, especially being Fiscally Responsible, Communicative, and Service-Oriented.
2. Consider budget decisions with long-term implications taking into account data from the Ten-Year Financial Forecast.
3. To the extent possible, align ongoing expenditures with ongoing revenues to avoid negative impacts on future budgets and maintain the City's high financial management standards.
4. To address the projected General Fund shortfall, use a combination of ongoing and one-time solutions to balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community.
5. Continue cost control measures until the ongoing General Fund revenues and expenditures are in alignment.
6. If an exception to the Council Policy to set the General Fund Budget Stabilization Reserve at or above 25% of adopted budget expenditures is considered, maintain the Reserve level at a minimum of 15% of expenditures.
7. Focus on projects and services that benefit the community as a whole.
8. Pursue economic development objectives and strategies to foster new public and private investment within Santa Clara, and to create employment opportunities.
9. Balance between compensation adjustments to retain and attract employees and funding for positions.
10. Use one-time unrestricted revenues (e.g., annual General Fund surplus) for one-time uses such as increasing reserves, funding capital or Information Technology projects, paying off debt, and/or paying off unfunded pension or other post-employment benefits liabilities.
11. Inform and communicate clearly and broadly to residents, businesses and employees regarding the City's fiscal position and budget; schedule hearings to promote active participation in the City Council's budget deliberations.
12. With limited exceptions, establish fees based on full cost recovery where individuals/businesses rather than the community at-large are benefitting from City services. This preserves limited unrestricted resources for providing services that benefit the community as a whole.
13. Focus on business process redesign in order to improve employee productivity and the quality, flexibility, and cost-effectiveness of service delivery (e.g., streamlining, simplifying, reorganizing functions, and reallocating resources).
14. Explore expanding existing revenue sources and/or adding new revenue sources.
15. Engage employees to contribute new and innovative ideas during the department budget development process.
16. Use the General Plan as a primary long-term fiscal planning tool and link ability to provide City services to development policy decisions

GLOSSARY

The following explanations of glossary and terms are presented to aid in understanding the information included in this document:

Abatement - A complete or partial cancellation of a levy imposed by a government and usually applied to tax levies, special assessments and service charges.

Accounting System - The total structure of records and procedures which discover, record, classify, summarize and report information on the results of operations and the financial position of a government or any of its funds, fund types, balanced account groups, or organizational components.

Accrual Basis of Accounting - A method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

Adopted Budget - The annual City budget as approved by City Council on or before June 30 for the fiscal year beginning July 1. This adopted budget establishes the legal authority for the expenditure of funds. This formal action by the City Council sets the spending path for the year.

Agency Fund – To account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds.

Allocation - To divide or distribute financial resources or expenditures for a specific purpose to particular funds or departments.

American Recovery and Reinvestment Act (ARRA) - An act established by the federal government in February 2009 whose intent is to create and save jobs, spur economic activity and focus on long term growth through the funding of various projects and initiatives.

Appropriation - A legal authorization granted by the City Council to make expenditures and to incur obligations for specific purposes. For purposes of the Capital Improvement Program (CIP) budget, appropriations are automatically renewed, for the life of the project, unless altered or revoked. For the operating budget, appropriations lapse at the end of the fiscal year to the extent they have not been expended or encumbered.

Appropriations Limit - The California State Constitution limits a city's appropriations growth rate to two factors: changes in population, and either the change in California per capita income or the change in the local assessment roll due to non-residential new construction.

Assessed Valuation - A valuation set upon real estate or other property by a government as a basis for levying taxes. In California, the assessed valuation subject to ad valorem tax levy is governed by Proposition 13 and AB8 (1978).

Assets - A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events. This includes financial resources such as cash, receivables, inventory and plant and equipment, net of depreciation.

Audit - A formal examination of the City's accounts by an independent audit firm to determine whether the City's financial statements fairly present the City's financial position and results of operations in conformity with Generally Accepted Accounting Principles.

Authorized Positions - Regular positions authorized in the budget to be employed during the fiscal year.

Balanced Budget - The budget for a fund is balanced when total budgeted resources, including revenues, transfers in from other funds, and available fund balance from the previous year, meets or exceeds total budgeted uses of resources, including expenses and transfers out to other funds.

Base Budget - The ongoing expense level necessary to maintain service levels previously approved by the City Council.

Basis of Accounting - The timing of recognition, that is, when the effects of transactions or events are recognized for financial reporting or budgeting purposes. The three bases of accounting for governmental agencies are: (1) cash basis (when cash is received or paid), (2) accrual basis (when the underlying transaction or event takes place), and (3) modified accrual basis (revenues are recognized in the accounting period in which they become available and measurable and expenditures are recognized in the accounting period in which the fund liability occurred).

Beginning Fund Balance - The amount of prior year's unappropriated funds used to finance appropriated expenses in the current budget year.

Biennial Budget - A consolidated budget document presented on a biennial basis that includes the City's Operating Budget and CIP Budget. The Operating and Capital Budgets are presented in alternating years to the City Council for approval.

Bond - A city may raise capital by issuing a written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, together with periodic interest at a specific rate.

Bond Rating - An evaluation of a bond issuer's credit quality and perceived ability to pay the principal and interest on time and in full. Three agencies regularly review city bonds and generate bond ratings: Moody's Investors Service, Standard and Poor's and Fitch Ratings.

Budget - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the estimated financial resources available to finance them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

Budget Public Hearing - A public meeting at which any member of the community may appear and be heard regarding any item in the proposed budget as presented by the City Manager to the City Council.

Budget Transmittal Letter - A general discussion of the budget as presented in writing by the City Manager to the City Council. The message contains an explanation of principal budget items and summaries found in the budget.

Budgetary Control - The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenses within the limitations of authorized appropriations.

Capital Asset - Land, buildings, equipment, improvements to buildings, and infrastructure (i.e., roads, bridges and other immovable assets). The City's policy is to capitalize equipment with a cost exceeding $5,000 and building, improvements and infrastructure with costs exceeding $20,000. A capital asset is defined as an asset with a useful life extending beyond a single accounting period.

Capital Improvement - A permanent addition to the City's assets, including the design, construction or purchase of land, buildings, or facilities, or major renovations of same.

Capital Improvement Program (CIP) Budget - A plan of annual appropriation for capital improvements and various kinds of major facility maintenance. These projects are often multi-year in length, which requires funding beyond the two-year period in the biennial budget.

Capital Outlay - Appropriations spent for the purchase or improvement of assets with an estimated useful life of greater than one year. Capital Outlay is budgeted in the operating budget in the Other Operating Expenditure Category.

Certificates of Participation (COPs) - Long-term financing utilizing a lease, installment sale agreement or loan agreement. Certificates of Participation (COPs) allow investors to purchase participation in a stream of lease payments, installment payments or loan payments relating to the acquisition or construction of specific equipment, land or facilities. The lending agreement is secured by a lease on the acquired asset or other assets of the City.

Charges for Services - Fees and charges levied by City departments for services rendered (example: utility charges to customers, recreation program fees, engineering fees, etc.).

Comprehensive Annual Financial Report (CAFR) - The official annual report of the City's financial condition at the conclusion of the fiscal year, June 30. The report is prepared to conform to Generally Accepted Accounting Principles (GAAP) for governmental units and provides a quantitative look at the operating success, financial health, and compliance of the City's reporting units.

Community Development Block Grant (CDBG) - Provides eligible metropolitan cities and urban counties with annual direct grants to revitalize neighborhoods; expand affordable housing and economic opportunities; and/or improve community facilities and services, principally to benefit low- and moderate-income persons.

Community Facilities District (CFD) - A special district that can issue debt for the planning, design, acquisition, construction, and/or operation of public facilities, as well as provide public services. Special tax assessments levied by the district are used to fund public improvements, repay any debt, and maintain the district. A CFD can be formed only if approved by two-thirds of affected property owners.

Consumer Price Index (CPI) - A statistical measure of a weighted average of prices of a specified set of goods and services purchased by wage earners in urban areas.

Contingency - A budgetary reserve set aside for emergency or unanticipated expenditures, revenue shortfalls, and/or unknown expenditures.

Debt - Obligations of the City to repay, with or without interest, some amount of money resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, notes and COPs.

Debt Financing - Issuance of bonds and other debt instruments to finance municipal improvements and services.

Debt Service - Payment of the principal and interest on an obligation resulting from the issuance of bonds, COPs or other debt instruments.

Deficit - An excess of expenditures or expenses over revenue (resources).

Department - An organizational unit comprised of divisions and/or programs. It is the basic unit of service responsibility encompassing a broad mandate of related activities. Department directors generally report directly to the City Manager's Office, for instance, Fire and Finance.

Depreciation - An allocation of the cost of fixed assets (buildings, plant or equipment) over the estimated useful life of the asset.

Designation - A portion of fund equity set aside by Council Action for a specific purpose.

Dissolution Act - Also known as Redevelopment Dissolution Act; on December 29, 2011 the California Supreme Court found the Dissolution Act (ABx1 26) constitutional in the California Redevelopment Association vs. Matosantos case. The Act continued the suspension and prohibition of most redevelopment activities in effect since late June 2011; dissolved RDAs as of February 1, 2012; created successor agencies and oversight boards; and established roles for the County-Auditor Controller, the Department of Finance and State Controller’s Office in the dissolution process and satisfaction of enforceable obligations of former RDAs.

Division - An organizational unit within a City department. For instance, Fire Protection, Fire Prevention, and Fire Training.

Encumbrance - Obligations in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid.

Enterprise Fund - Used to account for operations: a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs and expenses, including depreciation or capital replacement, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Environmental Impact Report (EIR) - An assessment of the likely influence a project might have on the environment.

Equity - The net assets of a fund (i.e. the assets less the liabilities on a fund balance sheet).

Expenditure - Actual cash disbursements for the cost of goods delivered or services rendered to the City in a Governmental Fund.

Expenditure Object Category (Expenditure Category) - Expenditure categories are a group of similar expenditure objects.

Expense - The cost incurred from providing goods or services related to the City's operations in Proprietary Funds.

Fee - The payment for direct receipt of a public service by the party who benefits from the service.

Fiscal Year - The time period designated by the City signifying the beginning and ending period for recording financial transactions. Consistent with all cities and counties in the State of California, the City of Santa Clara has specified July 1 to June 30 as its fiscal year.

Franchise - A special privilege granted by a government, permitting the continued use of public property, such as city streets and usually involving the elements of a monopoly or regulation, for example cable TV, gas, refuse, and others.

Full-Time Equivalent - Refers to one full-time equivalent position, which equals 40 hours per week, 52 weeks per year.

Fund - An independent fiscal and accounting entity with a self-balancing set of accounts recording its assets, liabilities, fund equity, revenues and expenditures or expenses and other changes in residual fund equity or balances, segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, limitations or public policy.

Fund Balance - The amount of financial resources immediately available for use. Generally, this represents the difference between unrestricted current assets over current liabilities.

Fund Type - A category into which funds with similar characteristics are grouped. The fund types used in the City budget are General, Special Revenue, Capital Projects, Enterprise, Internal Service and Debt Service funds.

Gas Tax – State tax received from gasoline sales utilized solely for street related purposes, such as new construction, rehabilitation or maintenance.

General Fund - The primary fund of the City used to account for all revenues and expenditures of the City not accounted for in another fund. Examples of departmental operations accounted for in the General Fund include the City Council, Police and Fire Departments, Library, Parks and Recreation, and others.

Generally Accepted Accounting Principles (GAAP) - Uniform minimum standards and guidelines for financial accounting and reporting that govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to State and local governments is the GASB (Governmental Accounting Standards Board).

Governmental Accounting - The composite activity of analyzing, recording, summarizing, reporting, and interpreting the financial transactions of governments.

Governmental Accounting Standards Board (GASB) - The authoritative accounting and financial reporting standard-setting body for government entities.

Governmental Fund - A fund type to account for tax-supported activities. There are four different types of governmental funds: the General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds.

Grant - Contributions of cash or other assets from another government entity to be used or expended for a specific purpose, activity or facility. An example is the Community Development Block Grant given by the federal government.

HOME Program – Federal housing assistance program that provides funds to low- and very low- income families for both rental units and privately-owned dwellings.

Housing and Urban Development (HUD) - The Federal agency whose mission is to increase home ownership, support community development and increase access to affordable housing free from discrimination.

Housing Authority - The City of Santa Clara Housing Authority was established by Resolution 11-7827 on February 22, 2011 to ensure the provision of safe and sanitary housing for persons of low income.

Indirect Cost Allocation Plan - The City uses an indirect cost allocation plan to ensure that enterprises and certain special revenue supported operations pay for themselves and are not subsidized by City taxpayers. General Fund supported central services costs such as payroll, accounting, data processing, personnel, city management and facilities maintenance are allocated to those funds benefiting from these services based on statistical data reflecting use of these support services.

Infrastructure - Facilities on which the continuance and growth of a community depend on such as roads, water lines, sewers, public buildings, parks and airports.

Interest and Rent - Interest income on investments and rental income received on property owned by the City.

Interfund Services - Services provided by one fund within the City for the benefit of another fund for which the fund that benefits is charged a fee (i.e., payroll services for the Electric Utility Department).

Interfund Transfers - With Council approval, resources may be transferred from one City fund to another. The purpose of the majority of transfers is to reimburse a fund that has made expenditures on behalf of another fund. Less often, a transfer may be made to open or close a fund.

Intergovernmental - Revenue received from other government entities (i.e., grants).

Internal Service Funds - These funds account for special activities and services performed by a designated department for other departments in the City on a cost reimbursement basis.

Legal Debt Limit - Per section 6.07 of the City Charter, bonded indebtedness of the City may not exceed 10% of the total assessed valuation of property within the City, exclusive of any indebtedness incurred for the purpose of water supply, sewers or storm drains.

Levi's Stadium - The stadium is located at 4900 Marie P. DeBartolo Way, Santa Clara and is the home of the San Francisco 49ers professional football team. It has a permanent seating capacity of approximately 68,500 seats with expansion to approximately 75,000 seats for larger events, such as an NFL Super Bowl. The stadium was built based on the City of Santa Clara approved Measure J, the Santa Clara Stadium Taxpayer Protection and Economic Progress Act, on June 8, 2010.

Levy - An amount of taxes, special assessments or service charges imposed by a government for the support of government activities.

Liability - Probable future sacrifices of economic benefits arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events. That is, a financial obligation or claim of financial resources of a specific fund to be liquidated at a future date.

Long-term Debt - Debt with a maturity of more than one year after the date of issue.

Mission - The overriding purpose of the department, division, or program.

Modified Accrual Basis of Accounting - Revenues are recognized in the accounting period in which they become available and measurable; expenditures are recognized in the accounting period in which the fund liability is incurred (if measurable), except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Municipal Code - A compilation of City Council approved ordinances currently in effect. The Code defines City policy in various categories, for example, Civil Service rules, traffic regulations, sanitation and health standards, building regulations and planning and zoning regulations.

Object Category - See Expenditure Object Category.

Operating Budget - The portion of the budget that pertains to the City's daily operations and activities engaged in to provide services to the community. The operating budget contains appropriations for such expenditures as personnel (salaries, wages and benefits), supplies and materials, utilities, travel and fuel.

Ordinance - A formal legislative enactment by City Council. It has the full force and effect of law within City boundaries unless pre-empted by a higher form of law (State or federal). An ordinance has a higher legal standing than a resolution. Revenue raising measures, such as the imposition of taxes, special assessments and service charges are some examples of actions that would require the enactment of an ordinance.

Other Financing Sources - Changes in residual fund equity or balances not arising from revenues or expenditures/expenses. Includes governmental fund general long-term debt proceeds, amounts equal to the present value of minimum lease payments arising from capital leases, proceeds from the sale of general fixed assets and operating transfers in.

Performance Measures - This is a non-financial measurement of activity such as number of meters read, number of bills sent, number of customer service calls handled and response time to emergency calls. Performance-based budgeting incorporates performance measures into the budget process.

Program - A program is a specific service or activity that falls under departmental divisions. Programs provide for a lower level of detail regarding a Department's function. For instance, the Administration and Emergency Response programs are under the Fire Protection Division.

Property Tax - An ad valorem (based on value) tax on real property and tangible personal property levied by the local government on the property located within the City's jurisdiction. Property tax is determined by two factors: the assessed value of the property and the tax rate for the area in which the property is located.

Public Facilities Financing Corporation (PFFC) - The City of Santa Clara Public Facilities Financing Corporation (PFFC) was formed in 1997 for the purpose of issuing COPs to provide financing for the construction of major City facilities. Members of the City Council are also members of the PFFC Board. Debt service on the COPs is secured by lease payments made by the City's General Fund to the PFFC for the use of the constructed facilities for public purposes. In accordance with lease agreements, the PFFC assigns lease payments received from the City to the trustee for payment to the certificate holders.

Redevelopment Dissolution Act - See Dissolution Act.

Reimbursement - Repayments of amounts remitted on behalf of another party, or interfund transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it but properly applied to another fund.

Reserve - An account used to earmark a portion of fund balance to indicate that it is not available for expenditure or legally segregated for a specific future use.

Resolution - A special or temporary legislative order of the City Council/Agency/Authority. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the City. A resolution requires less legal formality and has a lower legal status than an ordinance.

Revenue - Resources received by the government available for use in supporting services including such items as taxes, fees, permits, licenses, grants and interest.

Risk Management - An organized attempt to protect a government's assets against accidental loss in the most economical method. The City is exposed to various risks of losses related to torts, errors and omissions, general liability, injuries to employees and unemployment claims. Claims, expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated using actuarial methods or other estimating techniques. These losses include an estimate of claims that have been incurred but not reported.

Sales Tax - A tax imposed by the government on retailers at the point of sale for the privilege of selling tangible personal property. It is usually calculated as a percentage of the selling price and collected by the retailer from the consumer. The rate in the City of Santa Clara is 9.0%.

Silicon Valley Power (**SVP)** - The City's Electric Utility Department provides electricity to City residents and businesses under the name Silicon Valley Power.

Special Assessment – A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

Special Revenue Fund – A fund in which revenue collected is restricted by the City, State or federal government as to how the city might spend its resources.

Sports and Open Space Authority (SOSA) – The City of Santa Clara Sports and Open Space Authority (SOSA) was created by the City Council in 1974 for the acquisition and development of open space within the City. The members of the City Council are also members of SOSA's Board of Directors and, as such, are authorized to transact business and exercise power to purchase, lease or otherwise obtain and dispose of real and personal property, to acquire, construct, maintain, repair, manage and operate real and personal property, including leasing to private operators for commercial purposes, surplus space which is not economical to use for open space planning.

Stadium Authority – The Stadium Authority was established by the City Council in 2011 to provide for the development and operation of Levi's Stadium. The Stadium Authority's governing board is the seven members of the City Council. The Stadium Authority will own, develop, construct, operate and maintain the Stadium, and have all powers granted to it by the City. The Stadium Authority is a separate and distinct legal entity, and the City is not liable for the debts or obligations of the Stadium Authority.

Strategic Pillar – The City Council adopted seven focus areas for City operations: 1. Promote and Enhance Economic, Housing and Transportation Development; 2. Deliver and Enhance High Quality Efficient Services and Infrastructure; 3. Enhance Community Sports, Recreational and Arts Assets; 4. Enhance Community Engagement and Transparency; 5. Ensure Compliance with Measure J and Manage Levi's Stadium; 6. Manage Strategically our Workforce Capacity and Resources; and 7. Promote Sustainability and Environmental Protection.

Subsidy – A grant by a government entity to another government entity to pay all or a portion of an activity of the government deemed advantageous to the public.

Successor Agency to the Former Redevelopment Agency of the City of Santa Clara – Pursuant to State legislation ABx1 26, the "Dissolution Act," the Redevelopment Agency (RDA) of the City of Santa Clara was dissolved effective February 1, 2012. The City has elected to become the Successor Agency for the RDA non-housing functions, responsible for paying off the former Redevelopment Agency's existing debts, disposing of the former Redevelopment Agency's properties and assets to help pay off debts, returning revenues to the local government entities that receive property taxes, and winding down the affairs of the former Redevelopment Agency. The City has also elected to retain the former Redevelopment Agency's housing functions, including retaining all of the housing assets, rights, power, duties, obligations and functions previously performed by the Redevelopment Agency in administering its Low and Moderate Income Housing Fund.

Surplus – An excess of revenue (resources) over expenditures or expenses.

Taxes – Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. The term does not include specific charges made against particular persons or property for permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges as, for example, water service charges.

Ten-Year Financial Plan – A strategic planning document showing the estimated results of operations and capital improvement project requirements over the next ten years. This plan is reviewed and accepted by Council and no appropriations result from that acceptance.

Theme – The capital budget is aligned to twelve categories (Administrative Facilities, Community Facilities, Convention Center, Electric Utility, Other Community Projects, Parks and Trails, Sewer Utility, Solid Waste, Storm Drains, Technology and Equipment, Transportation, and Water and Recycled Water Utilities).

Tourism Improvement District (TID) – The Santa Clara Tourism Improvement District was established in 2004 as a marketing revenue supplement to assist the Santa Clara Convention and Visitors Bureau (CVB) with marketing the City of Santa Clara to hotel and convention center groups and visitors. The activities to be provided to the district will be funded by the levy of assessments.

Transient Occupancy Tax (TOT) – A locally controlled tax imposed on travelers who stay in temporary lodging facilities for stays thirty days or less. The rate in the City of Santa Clara is currently 9.5%.

Trust Fund – Used to account for assets held by the City in a trustee capacity.

User Charges – The payment of a fee for direct receipt of a public service by the party benefiting from the service.

BUDGET SUMMARY | SUMMARY OF FUND ACTIVITY

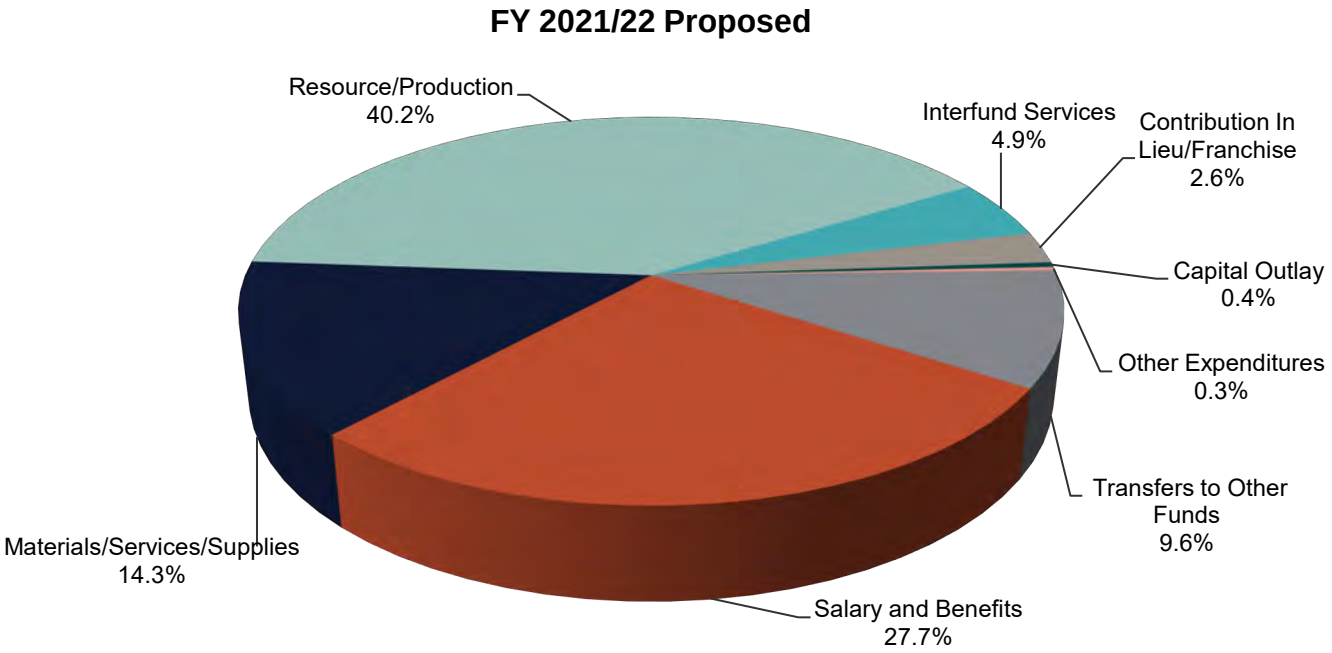
***Explanations for Beginning Fund Balance and Ending Fund Balance Changes Greater Than 10%**



1. The accumulation of surplus revenues and/or expenditure savings is being used for budget balancing purposes.
2. The beginning fund balance includes carryover of the prior year's budget. If these carryovers are removed, the change in fund balance is less than 10%.
3. The accumulation of savings is being used for various one-time uses.
4. This fund's expenditure budget is determined using rates, fees and charges estimates for cost recovery; reflects the ramp up of activity
5. The accumulation of savings is being used to support future years' uses and/or also to establish recommended reserve levels.
6. The establishment or elimination of the fund.
7. The planned draw down of accumulated fund balance and/or reserves
8. The revenue and expenditure activity in this fund are provided and managed by an outside agency.
9. Changes in expenditure levels related to timing changes in capital expenditures.
10. Reflects the transfer of the $18.0 million from the Building Inspection Reserve to the new Building Development Services Fund

DEBT SERVICE

Overview

Under the authority of the City Manager, the City executes debt instruments, oversees the accounting and reporting of debt, administers debt proceeds, manages continuing disclosure and debt compliance requirements, and makes debt service payments, while acting with prudence, diligence, and attention to prevailing economic conditions.

The City of Santa Clara uses debt financing as a tool to maintain its long-term financial stability by paying for certain expenditures over time. Debt financing is also a tool for managing cash flow when large, one-time outlays are required as in the case of constructing a new building or large-scale upgrades to infrastructure. This section provides a summary of the City's debt service for the ten-year forecast period. Included is the Computation of Legal Debt Margin, which calculates the City's debt limit as defined by the City Charter. Also included is a debt service schedule representing the currently outstanding debt of the City. The City does not currently have any outstanding general obligation debt.

Debt Policies

The Santa Clara City Charter, Section 1309, limits the allowable bonded indebtedness of the City at 15% of the total assessed valuation of property within the City, exclusive of revenue bonds or any indebtedness that has been or may be incurred for the purposes of acquiring, constructing, extending, or maintaining municipally owned utilities, for which purposes a further indebtedness may be incurred by the issuance of bonds, subject only to the provisions of the State constitution and the City Charter.

Section 1321 of the City Charter further provides for the issuance of revenue bonds when authorized at an election as provided therein. The City Charter also gives City Council the power to issue revenue bonds to finance the generation, production, transmission, and distribution of electric energy, including the acquisition and/or construction of lands and facilities therefor, without authorization at an election.

The City's Debt Management Policy provides guidance for the issuance of bonds and other forms of indebtedness to finance land acquisition, construction, equipment, and other capital requirements of the City. While the issuance of debt is an appropriate method of financing capital projects and major equipment acquisitions, such issuance shall be carefully monitored.

The issuance of debt shall be closely aligned with the cash flow requirements of the projects being financed. Within the limitations of the City Charter, determining the amount of indebtedness the City can afford begins by assessing the sufficiency of future revenues. The amount of debt issued is based on the requirements of the approved Capital Improvement Program, subject to the condition that sufficient revenues are projected to be available to pay debt service. Factors such as debt service coverage requirements outlined in the bond indentures, the impact on the residents (tax rates), and any impact on the bond ratings will be carefully considered. Different factors are considered for each type of credit. For example, electric, water or sewer bonds will take into consideration the impact on customer utility rates. Other factors such as providing debt capacity for future programs and existing and forecasted fund balances, including reserves, will also be taken into consideration.

The City believes that debt is an equitable means of financing projects and represents an important source of meeting fiscal responsibilities. The City obtains and maintains long-term debt for large capital improvement projects. The Finance Department manages the City’s debt with prudence, diligence, and with attention to prevailing economic conditions and applicable laws. It manages issuance of debt, administers debt proceeds, prepares ongoing disclosure, handles debt and tax compliance, and makes debt service payments. City departments with debt-financed capital programs coordinate with the Finance Department in implementing and handling debt related transactions. Semiannual updates are prepared by the Finance Department on outstanding debt for the City of Santa Clara, its Agencies and Corporations. This report is presented as a standard management practice that provides a valuable overview of the current status of the City’s long-

term debt obligations. The current City Council approved debt policy can be found online at: http://santaclaraca.gov/home/showdocument?id=63748.

Long-Term Debt Planning

The City employs a comprehensive multi-year, long-term capital improvement planning program that is updated every two years. Debt management is a major component of the financial planning model which incorporates projected financing needs for infrastructure development that is consistent with the City's growth, while at the same time measuring and assessing the cost and timing of any debt issuance.

Issuer Credit Rating

The City seeks to obtain and maintain the highest possible credit ratings for all categories of short- and long-term debt. The City's bonds are rated favorably by major bond rating agencies, Fitch and Standard and Poor's (S&P). The City's Certificates of Participation are rated 'AA' by S&P. The City's Electric Revenue Bonds are rated 'AA-' by Fitch and 'A+' by S&P. Maintaining high bond ratings has resulted in a broader market for the City's bonds and lower interest costs to the City.

Public Facilities Financing Corporation

The City of Santa Clara Public Facilities Financing Corporation (PFFC) was formed in 1997 for the purpose of issuing Certificates of Participation (COPs) to provide financing for the construction of major City facilities. Members of the City Council are also members of the PFFC Board. Debt service on COPs is secured by lease payments made by the City's General Fund to the PFFC for use of the constructed facilities for public purposes. In accordance with lease agreements, the PFFC assigns lease payments received from the City to the trustee for payment to the certificate holders.

Long-Term Debt Obligations

Certificates of Participation (COPs) are a debt instrument evidencing a pro-rata share in a specific pledged revenue source, usually lease payments. These lease payments are typically secured by an installment sale or leaseback agreement. Revenues are pledged to pay lease payments, and such lease payments are used to pay debt service on the COPs. The lessor typically assigns the lease and the payment to a trustee, which distributes the payments to certificate holders. These obligations do not constitute indebtedness under the State constitutional debt limitation and are not subject to voter approval.

Lease Revenue Bonds are a lease obligation secured by a leaseback arrangement with a public entity, where general operating revenues are pledged to pay the lease payments, and in turn are used to pay debt service on the debt. These obligations do not constitute indebtedness under the State constitutional debt limitation and are not subject to voter approval.

In connection with COPs and Lease Revenue Bonds, payments to be made under valid leases are payable only in the year in which use and occupancy of the leased property is available, and lease payments may not be accelerated. Lease financing requires the fair market rental value of the leased property to be equal to or greater than the required debt service or lease payment schedule. The governmental lessee is obligated to place in its annual budget the rentals that are due and payable during each fiscal year the lessee has use of the leased property.

Installment Sale Agreements are debt obligations secured by the assignment of installment payments required to be paid by the City from certain pledged revenues, such as revenues from an enterprise, in an amount sufficient to pay the installment payments, including interest. The City's outstanding Installment Sale Agreements are payable solely from the City's Sewer Utility and is not secured by any pledge of ad valorem taxes or General Fund revenues of the City. These obligations do not constitute indebtedness under the State constitutional debt limitation and are not subject to voter approval.

Revenue Bonds are obligations payable from revenues generated by an enterprise, such as electric, water, or wastewater utilities. The City's outstanding utility Revenue Bonds are payable solely from the City's Electric Utility and Sewer Utility Enterprise Funds and are not secured by any pledge of ad valorem taxes or General Fund revenues of the City.

Summary of FY 2021/22 and 2022/23 Debt Service

The Biennial Operating Budget includes $20,698,358 in debt service FY 2021/22 and $19,842,127 in debt service for FY 2022/23. A ten-year debt service schedule is shown herein.

2010 City of Santa Clara Lease Agreement (Police Administration Building Project)

On July 13, 2010, the City entered into an agreement with the PFFC in order to provide funds to refund outstanding 1997 Certificates of Participation, which were originally issued to provide financing to build a new Police Administration building. The PFFC entered into a separate agreement with the assignee, Bank of America, N.A. Debt service on the Lease Agreement is secured by lease payments made by the City to the assignee for use of the Police Administration site. On March 22, 2012, Bank of America sold and transferred the Lease Agreement to Capital One Public Financing, LLC with no change to the terms, covenants, or conditions of the contract or the payment schedule. Lease payments are due semiannually beginning February 1, 2011 through February 1, 2022 and bear a coupon rate of 3.65%.

2013 Refunding Certificates of Participation (Central Park Library Project)

On March 28, 2013, the PFFC issued $18.54 million of Refunding Certificates of Participation (2013 COPs) to provide funds to refund outstanding 2002A Certificates of Participation, which were originally issued to provide financing to build a new Central Park Library. The 2013 COPs mature annually beginning February 1, 2014 through February 1, 2032 and bear coupon rates ranging from 2.00% to 3.75%. Debt Service is secured by lease payments to be made by the City to the PFFC for use of the library site. The PFFC assigns the lease payments to the certificate owners.

Installment Sale Agreement, Series 2016 (Trimble Road Sewer Project)

On March 8, 2016, the City entered into a $12.0 million Installment Sale Agreement with the PFFC in order to provide funds for the Trimble Road Trunk Sanitary Sewer Improvement Project. The PFFC entered into a separate Assignment Agreement with DNT Asset Trust, a wholly owned subsidiary of JPMorgan Chase National Association (the “Agreement”), to assign its rights under the Installment Sale Agreement to DNT Asset Trust. The Agreement has an interest rate of 2.14% and semiannual payments are due beginning August 1, 2016 through February 1, 2031. Installment payments on the Agreement are secured by a pledge of net revenues of the Wastewater System.

Installment Sale Agreement, Series 2020 (Regional Wastewater Facility)

The City co-owns the Regional Wastewater Facility with the City of San José. Major improvements are being made to the facility, with the City’s portion of the costs budgeted as a separate project in the City’s current Capital Improvement Program budget. On June 11, 2020, the City entered into an Installment Sale Agreement (the “ISA”) with the PFFC to provide a portion of the City’s costs related to the San Jose/Santa Clara Regional Wastewater Facility Project (the “Project”). The PFFC entered into a separate Assignment Agreement with JPMorgan Chase Bank, N.A. (the “Assignment Agreement”), to assign its rights under the ISA to JPMorgan Chase Bank, N.A. The ISA in the amount of $50.0 million carries a variable rate of interest equal to 80% of 1-month LIBOR (reset daily), plus 0.95% per annum, on any drawn amounts. The City may draw on the Installment Sale Agreement as necessary with an initial $20.0 million drawn on the date of closing. Interest is due each January 1 and July 1, commencing January 1, 2021. Principal on outstanding advances is due on or before July 1, 2024. In addition, the PFFC shall pay an undrawn fee on any amount not yet drawn at a rate of 0.325% per annum on each interest payment date. Installment payments on the Agreement are secured by a pledge of net revenues of the Wastewater System on a subordinate basis to the Trimble Road Installment Payments.

Electric Revenue Refunding Bonds, Series 2013A

On April 24, 2013, SVP issued $64.38 million of Electric Revenue Refunding Bonds, Series 2013A (Electric 2013A Bonds), to provide funds, together with other available moneys, to refinance outstanding Electric 2003A Bonds. The Electric 2013A Bonds mature annually beginning on July 1, 2014 through July 1, 2028 and bear coupon rates ranging from 3.00% to 5.00%. Debt service on the Electric 2013A Bonds is secured by a pledge of net revenues of the Electric Utility Enterprise Fund.

The Electric 2013A Bonds maturing July 1, 2023 through July 1, 2028 were refunded on April 10, 2020 by the Subordinate Electric Revenue Refunding Bonds, Series 2020-2 described below. The refunding of a portion of the Electric 2013A Bonds resulted in overall savings of $1,706,384.

Electric Revenue Refunding Bonds, Series 2018A

On December 18, 2018, SVP issued $48.80 million of Electric Revenue Refunding Bonds, Series 2018A (Electric 2018A Bonds) to refinance $54.58 million outstanding principal amount of Variable Rate Demand Electric Revenue Bonds, Series 2008B and terminate a related interest rate swap transaction. The Electric 2018A Bonds mature annually beginning on July 1, 2019 through July 1, 2027 and bear coupon rates of 5.00%. Debt service on the Electric 2018A Bonds is secured by a pledge of net revenues of the Electric Utility Enterprise Fund.

Subordinate Electric Revenue Refunding Bonds, Series 2020-1, 2020-2, and 2020-3

Series 2020-1 Bonds
On April 10, 2020, SVP issued $52.985 million of Subordinate Taxable Electric Revenue Refunding Bonds, Series 2020-1 (Electric 2020-1 Bonds) on a taxable basis to refinance $54.83 million outstanding principal amount of Electric Revenue Refunding Bonds, Series 2011 A. The Electric 2020-1 Bonds bear a 1.74% taxable coupon rate, mature annually beginning on July 1, 2028 through July 1, 2032, and were sold at an All-In True Interest Cost of 1.43%.

On April 2, 2021, the Electric 2020-1 Bonds were converted to tax-exempt bonds bearing a 1.36% coupon rate. Debt service on the Electric 2020-1 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

Series 2020-2 Bonds
On April 10, 2020, SVP issued $34.315 million of Subordinate Taxable Electric Revenue Refunding Bonds, Series 2020-2 (Electric 2020-2 Bonds) to refinance $30.725 million of outstanding Electric Revenue Refunding Bonds, Series 2013 A. The Electric 2020-2 Bonds bear a 1.31% coupon rate, mature annually beginning on July 1, 2023 through July 1, 2028, and were sold at an All-In True Interest cost of 1.21%. Debt service on the Electric 2020-2 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

The Electric 2020-2 Bonds were initially issued on a taxable basis, with the potential to be converted to tax-exempt bonds in the future. This structure potentially allows the City to lower interest costs and capture additional savings upon conversion to a tax-exempt rate when the Electric 2020-2 Bonds can be current refunded under applicable tax law.

Series 2020-3 Bonds
On April 10, 2020, SVP issued $16.72 million of Subordinate Tax-Exempt Electric Revenue Refunding Bonds, Series 2020-3 (Electric 2020-3 Bonds) to refinance $19.413 million outstanding principal amount of Subordinated Electric Revenue Bonds, Series 2014. The Electric 2020-3 Bonds bear a 0.58% coupon rate, mature annually beginning on July 1, 2020 through July 1, 2024, and were sold at an All-In True Interest Cost of 0.70%. Debt service on the Electric 2020-3 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

TEN-YEAR GENERAL FUND FINANCIAL FORECAST

JANUARY 2021 FORECAST

In January 2021, a Ten-Year General Fund Forecast was prepared comparing anticipated General Fund revenues and expenditures to provide policy makers and the public an updated assessment of the City's financial health.

The Forecast showed a substantial General Fund shortfall of $41.7 million in FY 2021/22 as a result of COVID-19 impacts on City revenues, with improvement in the remaining years of the Forecast. COVID-19 spurred the abrupt end to the longest economic expansion in U.S. history, impacting communities across the country. In 2020, the nation saw record breaking increases in unemployment and declines in economic activity. The City's revenues have also been significantly impacted, with the largest decline experienced in the Transient Occupancy Tax category.

Looking forward, economic conditions are expected to improve in 2021. According to the March 2021 UCLA Anderson Forecast, robust economic growth and recovery is expected in 2021, following the worst economic decline in the last 60 years. While economic recovery is expected, it is expected to take time to reach pre-pandemic levels.

FORECAST UPDATE

Since the development of the Forecast in January 2021, the City Council approved ongoing General Fund budget reductions on March 9, 2021. Those Phase 1 actions reduced the FY 2021/22 General Fund shortfall from $41.7 million to $29 million. Staff also continued to refine the revenue estimates and expenditure budget for the General Fund, resulting in a net-zero impact on the forecast. The remaining years of the forecast continue to show small surpluses ranging from $1.3 million to $4.2 million in each year as reflected in the chart on the following page.

The revised shortfall of $29 million is equivalent to 11.2% of General Fund expenditures in FY 2021/22, while the small surpluses in the remaining years range from 0.5% to 1.5% of expenditures.

Following are the changes from the January 2021 Forecast.

Category	Description of General Fund Change	FY 2021/22 $ Impact
January 2021 Shortfall		**($41.7 M)**
Phase 1 Budget reductions	General Fund budget reductions approved by the City Council on March 9, 2021	$12.7 M
Property Tax	Net increase in Property Tax to reflect higher excess Education Revenue Enhancement Fund (ERAF) revenue based on updated information from the County of Santa Clara and lower assumed property tax growth	$2.4 M
Charges for Services	Updated Cost Allocation Plan based on consultant study, updated fees and reimbursements	($1.6 M)
Lease Revenue/ Other Adjustments	Lower lease revenue to reflect the updated timing for the Related project and other net downward adjustments	($0.8 M)
Subtotal Changes		**$12.7 M**
Revised Shortfall		**($29.0 M)**

City of Santa Clara

Ten-Year Financial Forecast 2022 - 2032

January 2021

PURPOSE

The Ten-Year General Financial Forecast (Forecast) provides policy makers and the public an updated assessment of the City's fiscal health. The Forecast includes projections of ongoing General Fund revenues and expenditures for a ten-year period beyond the adopted biennial budget.

The Forecast serves as a strategic planning tool to assist the City Council, staff, and the public with decision-making as they work to adopt the FY 2021/22 and FY 2022/23 Biennial Operating Budget and consider long-term financial strategies for the City. The Forecast also identifies known risk factors and vulnerabilities, and it provides a foundation for evaluating priorities and understanding trade-offs moving forward.

EXECUTIVE SUMMARY

The Forecast compares anticipated General Fund revenues with base expenditures, which include the projected costs of providing the current level of service. Individual projections of revenues and expenditures are developed based on trend analyses, input from available economic reports, consultant recommendations, departments, updated salary and benefit information, and non-personnel costs. The most current information available is incorporated into the Plan and refined on a moving forward basis.

This Forecast shows a substantial General Fund shortfall of $41.7 million in FY 2021/22 as a result of COVID-19 impacts on City revenues, with improvement in the remaining years of the Forecast. The projected shortfall of $41.7 million is equivalent to 14.8% of forecasted expenditures, while the surpluses in the out years of $1.5 million to $5.5 million are relatively small, ranging from 0.5% to 1.9% of expenditures annually. The model assumes shortfalls or surpluses are solved with ongoing solutions in the prior year. To the extent solutions to close the gap, or ongoing dollars are not fully spent in years with surpluses, these figures would carry over to the next fiscal year.

FY 2022-2032 General Fund Ten-Year Financial Forecast
Net Operating Margin - Ongoing Surplus/(Deficit)
($ in millions)

2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32
($41.7 M)	$5.5 M	$2.5 M	$1.5 M	$2.3 M	$2.4 M	$2.5 M	$1.7 M	$2.6 M	$2.3 M	$2.5 M
As a percentage of projected operating expenditures										
(14.8%)	1.9%	0.8%	0.5%	0.7%	0.7%	0.7%	0.5%	0.7%	0.6%	0.6%

The Forecast compares ongoing revenues and expenditures. It does not factor in one-time funding sources or items funded on a pay-as-you-go method with one-time sources. The Forecast also assumes that the Building Development Program will be 100% cost recovery, and the Building Reserve is used to balance any differences between projected revenues and expenditures.

The Forecast does not include the following:

- One-time funding sources and one-time expenditure needs;
- The cost to address unmet/deferred capital infrastructure needs;
- Revenue and staffing impacts of development projects; and
- Additional contributions to Reserves (Budget Stabilization Reserve, Capital Projects Reserve, Pension Reserve).

Historically, the City has funded many capital infrastructure and equipment needs with one-time funds on a pay-as-you-go basis. The use of one-time funds as the funding mechanism for capital improvements and various equipment that rely on the General Fund creates challenges. The lack of sufficient one-time funding has resulted in a backlog of unmet/deferred infrastructure needs. Staff will continue to evaluate potential options to create capacity to address those funding needs.

In addition to the elements described above that are not factored into the Forecast, the City has identified various risk factors that could have a potential impact on the Forecast. These include:

- More significant impacts from COVID-19 and the vaccine roll out timing;
- Prolonged economic slowdown/recession;
- The re-assessment of non-residential properties for property tax purposes;
- State/federal legislative changes and legal challenges;
- Labor costs outside the budget assumptions;
- Updated Cost Allocation Plan and Fee Study that are underway;
- CalPERS actuarial changes or reform actions;
- Unanticipated critical capital/infrastructure needs; and
- Maintenance impacts and timing of development projects.

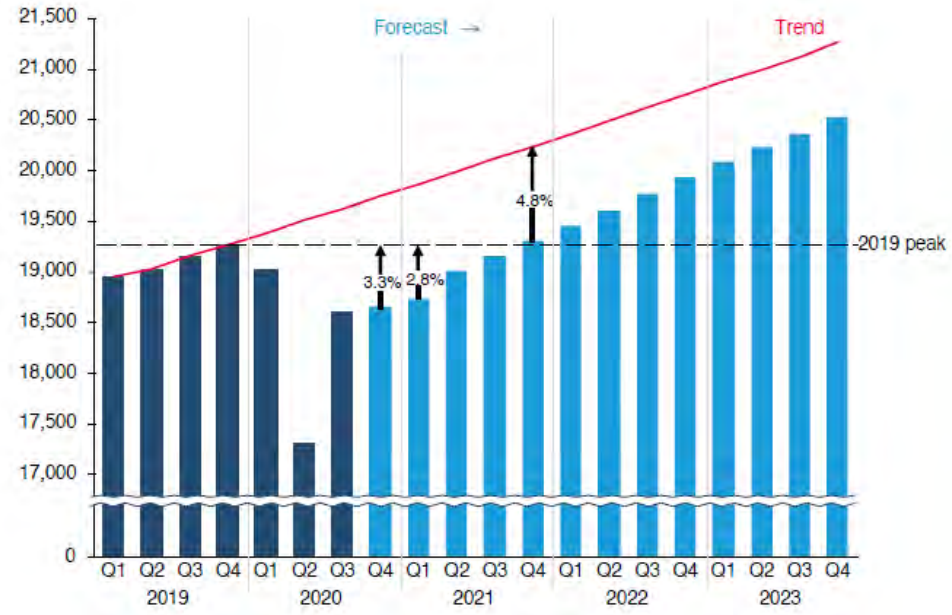
As the City has experienced in the past and with the latest COVID-19 pandemic, General Fund revenues may exceed or fall below expectations based on changes in economic or non-economic conditions. This type of volatility has been seen in the City's largest General Fund revenues, Property Tax, Sales Tax, and Transient Occupancy Tax (TOT). As a result of the pandemic, TOT receipts have been the most severely impacted, with a decline of almost 90% through the first half of FY 2020/21. Various cost elements can also vary from year to year, such as retirement costs that are impacted by the earnings assumptions and performance of the California Public Employees Retirement System (CalPERS).

Staff will continue to closely monitor revenue performance and expenditures and will refine the revenue and expenditure figures during the development of the Biennial Operating Budget for FY 2021/22 and FY 2022/23.

ECONOMIC OUTLOOK

National Economy

COVID-19 spurred the abrupt end to the longest economic expansion in U.S. history, impacting communities across the country. In 2020, the nation saw record breaking increases in unemployment and declines in economic activity. While many of the economic indicators have improved over the last several months, there are still major impacts for many individuals and businesses.



With the pandemic response, there are uneven impacts to businesses and residents with some facing significant hardships. As described in the December 2020 UCLA Anderson Forecast, there are still 20.5 million Americans receiving some form of unemployment insurance, approximately one-third of households have found it somewhat or very difficult to pay for usual household expenses during the pandemic, almost nine percent of households are not current on rent or mortgage, and 12 percent of households experience food insecurity where there is sometimes or often not enough food to eat[1]. At the same time, the stock market ended 2020 at record highs.

With the roll out of mass vaccinations, economic performance is expected to improve in 2021 and during the forecast period. However, the economy is not expected to make up all the lost ground and reach the levels that would have otherwise been attained without the pandemic.

As shown in the chart, the UCLA Anderson Forecast projects the Gross Domestic Product (GDP) to reach its previous peak by the end of 2021 but is still expected to be well below the pre-COVID trend[1].

Based on the December 2020 projections, Federal Reserve policymakers also expect the U.S. to experience a healthy recovery in 2021 with projected GDP growth of 4.2%. The Federal Open Market Committee members also projected unemployment to fall to 5% in 2021 but would not reach pre-pandemic lows until 2023.[2]

Real GDP Levels and Trends, $ Billions

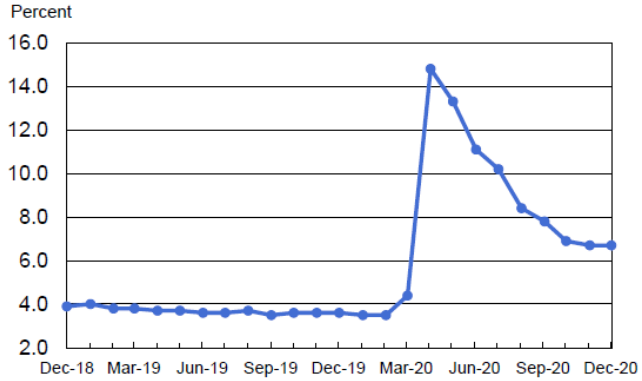
Notes: Real GDP growth rate, seasonally adjusted annual rate

[1] UCLA Anderson Forecast, December 2020 Economic Forecast
[2] https://www.businessinsider.com/federal-reserve-economic-outlook-us-recovery-gdp-unemployment-fomc-meeting-2020-12

In December 2020, the U.S. unemployment rate of 6.7% and the number of unemployed persons of 10.7 million were much well below the peak in April 2020 but remain well above the pre-pandemic levels in February 2020 (3.5% unemployment and 5.7 million unemployed). In addition, the number of persons not in the labor force who currently want a job totaled 7.3 million in December 2020, up 2.3 million from the February 2020 figure. These individuals were not counted as unemployed because they were not actively looking for work during the last four weeks or were unavailable to take a job. Of those not in the labor force in December, 4.6 million persons were prevented from looking for work due to the pandemic, up from 3.9 million in November 2020. The following charts show the U.S. unemployment rates and the change in employment from December 2018 through December 2020.[3]

Chart 1. Unemployment rate, seasonally adjusted, December 2018 – December 2020



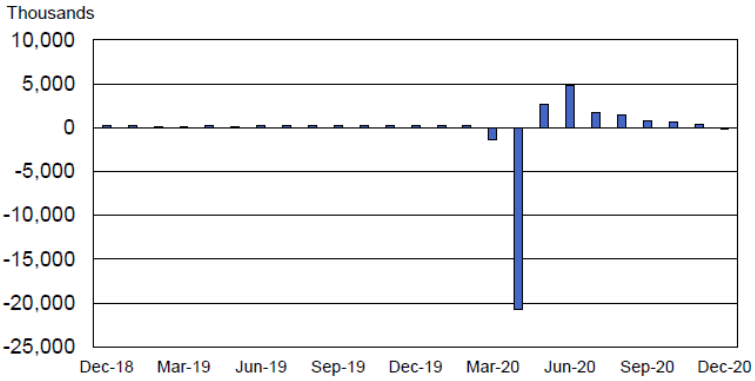


Chart 2. Nonfarm payroll employment over-the-month change, seasonally adjusted, December 2018 – December 2020

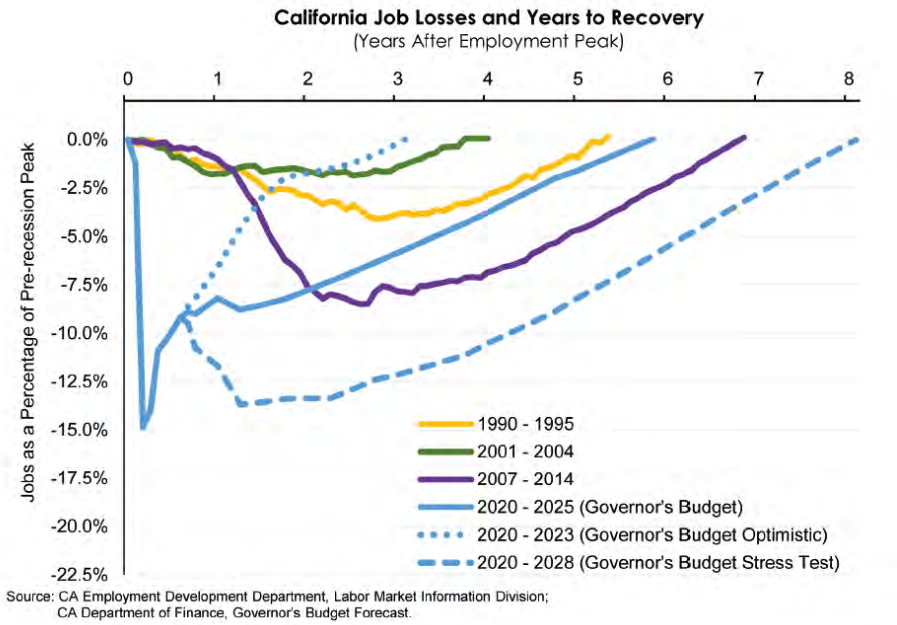

U.S. economic growth is dependent on consumer spending, which accounts for approximately 70% of the GDP. According to the Conference Board Consumer Confidence Survey, consumer confidence increased in January 2021, after decreasing in December 2020. The Present Situation Index (consumers' assessment of current business and labor market conditions) decreased, while the Expectations Index (consumers' short-term outlook for income, business and labor conditions) increased. "Consumers' appraisal of present-day conditions weakened further in January with COVID-19 still the major suppressor," said Lynn Franco, Senior Director of Economic Indicators at the Conference Board. "Consumers' expectations for the economy and jobs, however, advanced further, suggesting that consumers foresee conditions improving in the not-too-distant future. In addition, the percent of consumers who said they intend to purchase a home in the next six months improved, suggesting that the pace of home sales should remain robust in early 2021." [4]

California Economy

The economy of California is the largest in the United States, and if California were a sovereign nation, it would rank as the world's fifth largest economy.[5]

As reported in the California's Fiscal Outlook prepared by the Legislative Analyst Office (LAO), COVID-19 has been an unprecedented disruption to the California economy. After the economy ground to a halt in the spring 2020, there was a rapid rebound in economic activity as Californians adjusted to the realities of the pandemic. The recovery, however, has been incomplete and uneven, with many low-wage workers still out of work, while many high-wage workers have not faced the same job losses. Certain sectors, such as leisure and hospitality remain depressed, while other sectors, such as technology, remain strong. According to the LAO, reaching full recovery will be a slow process that will depend heavily on the management of the virus.[6]

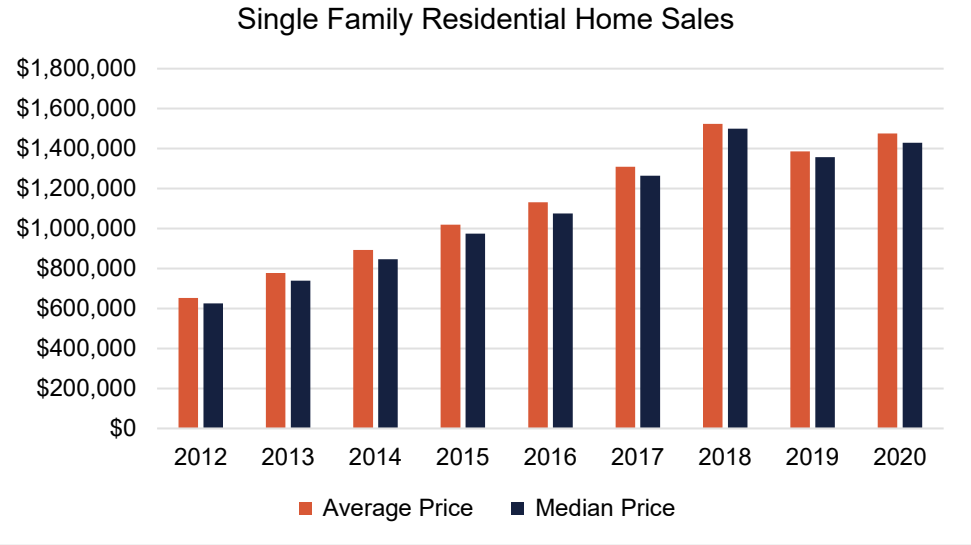
Mirroring the nation, job losses have been concentrated in low-wage sectors. In its January Proposed Budget for FY 2021/22, the Governor's economic outlook assumed that employment in California would not return to the overall level of 2019 jobs until 2025.[4]

Despite COVID-19, the California housing market has remained strong, reflecting the continuing ability of high-income households to purchase homes[7].

[5] http://www.dof.ca.gov/Forecasting/Economics/Indicators/Gross_State_Product/
[6] https://lao.ca.gov/Publications/Report/4297
[7] http://www.ebudget.ca.gov/2021-22/pdf/BudgetSummary/EconomicOutlook.pdf

Regional Economy

The local economy has also been impacted by COVID-19, with drops in employment and significant impacts to certain businesses. Like the nation and California, unemployment remains well above pre-COVID levels with uneven impacts to various job sectors. Looking to FY 2021/22 and beyond, employment is expected to continue to improve.



Unemployment Rate (Not Seasonally Adjusted)			
	Dec 2018	Dec 2019	Dec 2020
Nation	3.7%	3.4%	6.5%
California	4.1%	3.7%	8.8%
San José-Sunnyvale-Santa Clara Metropolitan Statistical Area	2.6%	2.3%	6.0%
Source: California Employment Development Department, U.S. Bureau of Labor Statistics			

The unemployment rates at the local, State, and national levels remain roughly double the pre-COVID levels but have significantly improved from the peaks experienced in spring 2020. The unemployment rate in this region remains below the State and nation.

In 2020, a total of 80,300 jobs, or 6.9%, were lost to the region. With the COVID-19 restrictions, the largest drop was in the leisure and hospitality sector, which lost 33,400 jobs. The next largest drops were in the manufacturing (down 10,900 jobs), Information (down 10,300 jobs), Other Services (down 7,200), Trade, Transportation and Utilities (down 7,000 jobs), government (down 5,500 jobs), and private educational and health services (down 5,000 jobs). The professional and business services (up 2,300 jobs) was the only major industry to experience growth in 2020.[8]

Property values in Santa Clara remain high. In 2020, the median price of a single-family home totaled $1.43 million, which was up from the 2019 level of $1.36 million as shown in the Single-Family Residential Home Sales chart. This strong residential performance has been experienced throughout the State.

There are significant development projects underway in Santa Clara that will bring new revenues as well as new costs. The financial impacts of these developments have not been factored into this forecast given the uncertainty regarding the timing. However, it is anticipated that this additional development activity will have a positive impact on the forecast.

GENERAL FUND OVERVIEW

This Forecast projects a substantial deficit in FY 2021/22, followed by small surpluses in the remaining year as the economy improves. The following table displays the projected General Fund revenues and expenditures for FY 2021/22 and an additional ten years. It also shows the cumulative shortfall and the net operating margin that accounts for the incremental shortfalls and surpluses (assuming each preceding shortfall or surplus is addressed completely with ongoing solutions in the year it appears) for each year of the forecast.

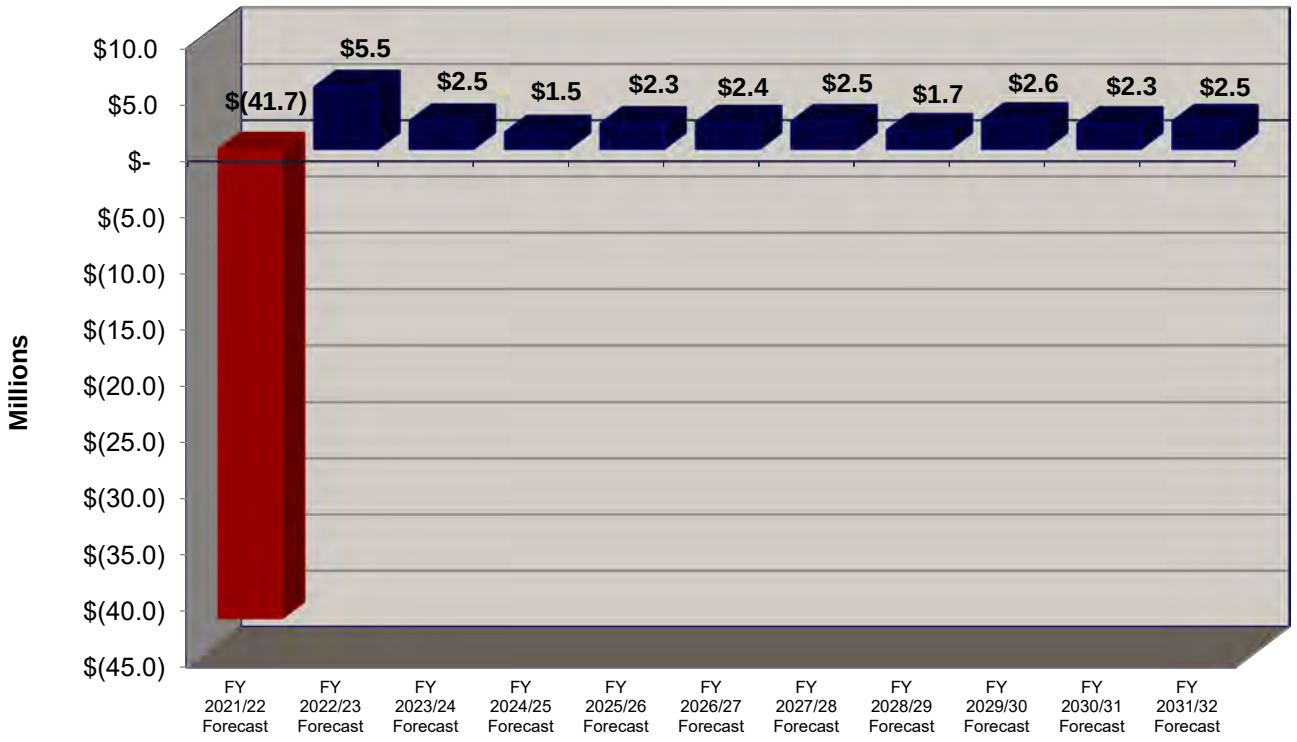
Because it is the City's goal to remain in balance on an ongoing basis, the incremental figure (Net Operating Margin) is useful in that it shows the additional shortfall or surplus attributed to a particular fiscal year. To the extent that a shortfall is not resolved or a surplus is not expended on an ongoing basis, it is important to understand that the remaining budget gap or surplus will carry over to the following year. As an example, in FY 2020/21, the projected General Fund budget shortfall of $22.7 million was addressed on a one-time basis with the use of the Budget Stabilization Reserve. Because that shortfall was not addressed with ongoing solutions, it carries over to FY 2021/22 and accounts for over half of the $41.7 million shortfall projected for FY 2021/22.

FY 2022-2032 General Fund Ten-Year Financial Forecast
($ in millions)

	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32
Projected Revenues	$ 239.6	$ 255.3	$ 268.2	$ 281.0	$ 293.1	$ 304.1	$ 316.1	$ 328.1	$ 340.4	$ 353.0	$ 366.0
Projected Expenditures	$ 281.3	$ 291.5	$ 301.9	$ 313.2	$ 323.0	$ 331.6	$ 341.2	$ 351.5	$ 361.2	$ 371.5	$ 382.1
Cumulative (Shortfall)/ Surplus	($41.7)	($36.2)	($33.7)	($32.2)	($29.9)	($27.5)	($25.1)	($23.4)	($20.8)	($18.5)	($16.1)
Net Operating Margin	($41.7)	$5.5	$2.5	$1.5	$2.3	$2.4	$2.5	$1.7	$2.6	$2.3	$2.5
% of Expenses	(14.8%)	1.9%	0.8%	0.5%	0.7%	0.7%	0.7%	0.5%	0.7%	0.6%	0.6%

Note: The Forecast does not include the operating and maintenance costs of capital projects under development, the cost to address unmet/deferred infrastructure needs, the cost to fully fund public safety equipment replacement, additional contributions to reserves, one-time funding sources, and one-time expenditure needs. It is assumed that the development fee program will be 100% cost recovery.

General Fund Operating Margin



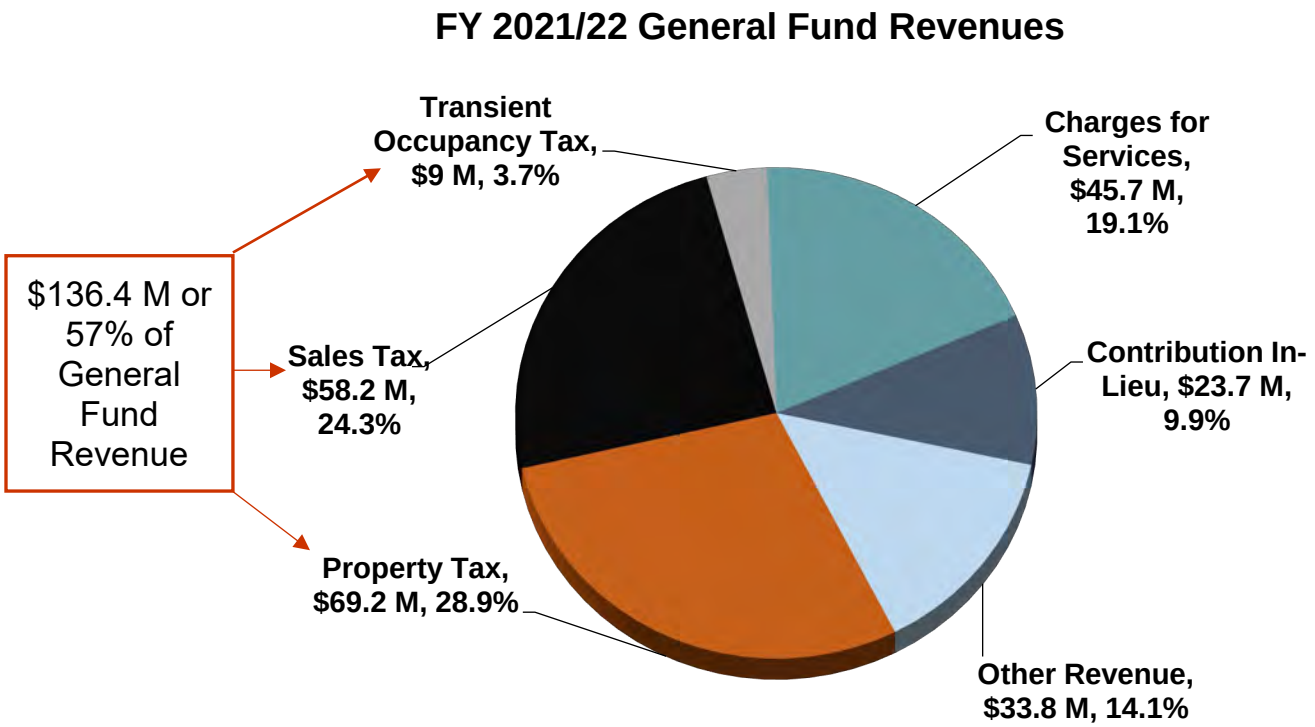
In FY 2021/22, a General Fund shortfall of $41.7 million is projected. This projection is derived by comparing estimated revenues with the cost of delivering existing City services. In the out years of the Forecast, small incremental surpluses ranging from $1.7 million to $5.5 million are projected. By the end of the Forecast period, revenues are projected at $366.0 million while expenditures are estimated at $382.1 million.

When put into context of the size of the General Fund budget, the shortfall in FY 2021/22 is 14.8% of General Fund expenditures. In the out years of the Forecast, the annual margins are relatively narrow, ranging from 0.5% to 1.9% of the projected annual expenditure budget. The shortfall in FY 2021/22 is primarily the result of the significant declines in revenues associated with COVID-19. In the out years of the Forecast, revenues are anticipated to grow at a moderate pace that would keep pace with the growth in base expenditures assuming the shortfall in FY 2021/22 is addressed.

It is important to note that the base expenditures do not factor in several cost elements that are currently funded on a pay-as-you-go basis with one-time funds, including the following: the cost to fund capital improvements that rely on General Fund funding; the operating and maintenance costs of capital projects under development; the cost to address unmet/deferred infrastructure needs; the cost to fully fund public safety equipment replacement; and additional contributions to the Budget Stabilization Reserve, the Capital Projects Reserve, and the Pension Stabilization Reserve.

The revenue projections assume a moderately growing economy post COVID-19, but do not include project specific revenues that may result from several large commercial and residential development projects currently under review or entitled but not yet under construction. If any of the development projects are completed and yield positive economic benefit, the outlook would improve.

FY 2022-2032 General Fund Ten-Year Financial Forecast
Operating Margin (Incremental Shortfalls/Surpluses)



GENERAL FUND REVENUES

There are several General Fund revenue sources supporting the City's activities as shown in the table below.

FY 2022-2032 General Fund Revenue Sources ($ in millions)

	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32

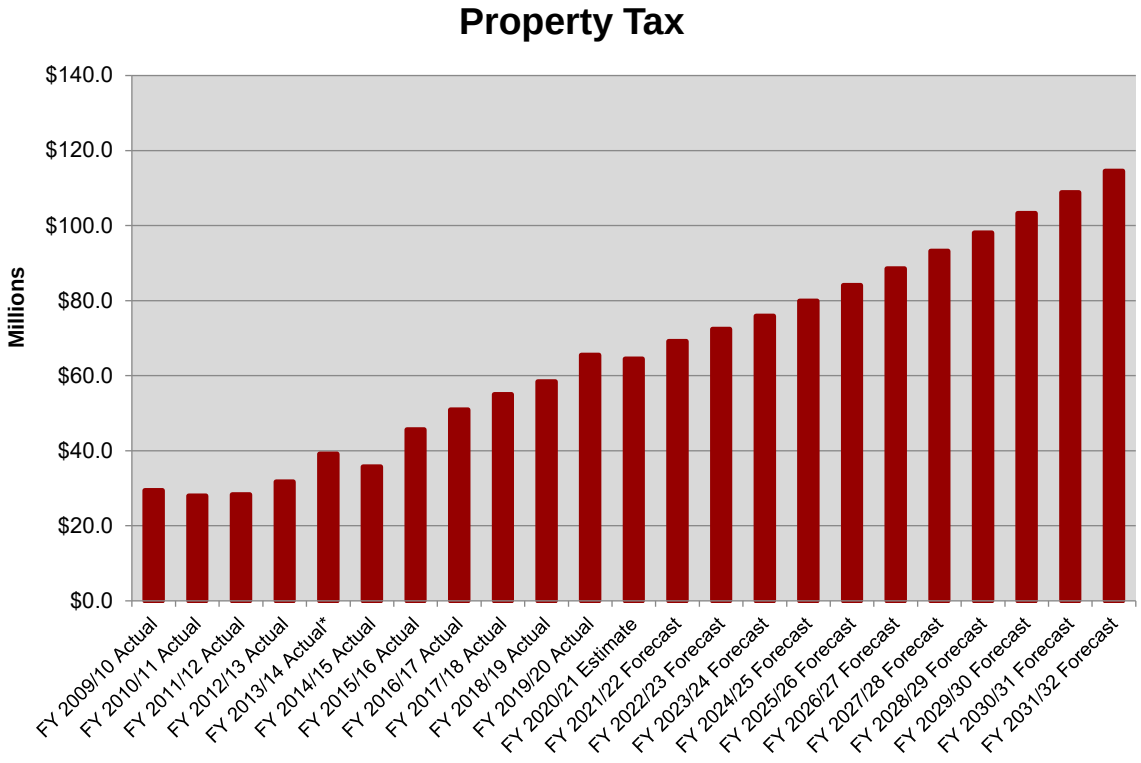
Sales tax and property tax comprise the largest individual sources of General Fund revenues, representing a combined $127.4 million in FY 2021/22, or over 50% of the total. These categories along with Transient Occupancy Tax are economically sensitive and account for almost 60% of the General Fund revenues.

Following is a discussion of the major General Fund revenue categories:

Property Tax

The Property Tax category includes Secured and Unsecured Property Taxes. The County of Santa Clara Office of the Assessor and the Controller-Treasurer Department meets quarterly with cities to review property tax revenue allocated to Santa Clara County cities. The Controller-Treasurer Department provides projections on the current year property tax receipts, including updates on the assessed valuation and estimates on anticipated adjustments made from property tax appeals. The current year estimates are used as the starting point in the forecast. The County Assessor's Office also provides information to cities on a monthly basis on the status of the assessment roll for the upcoming year.



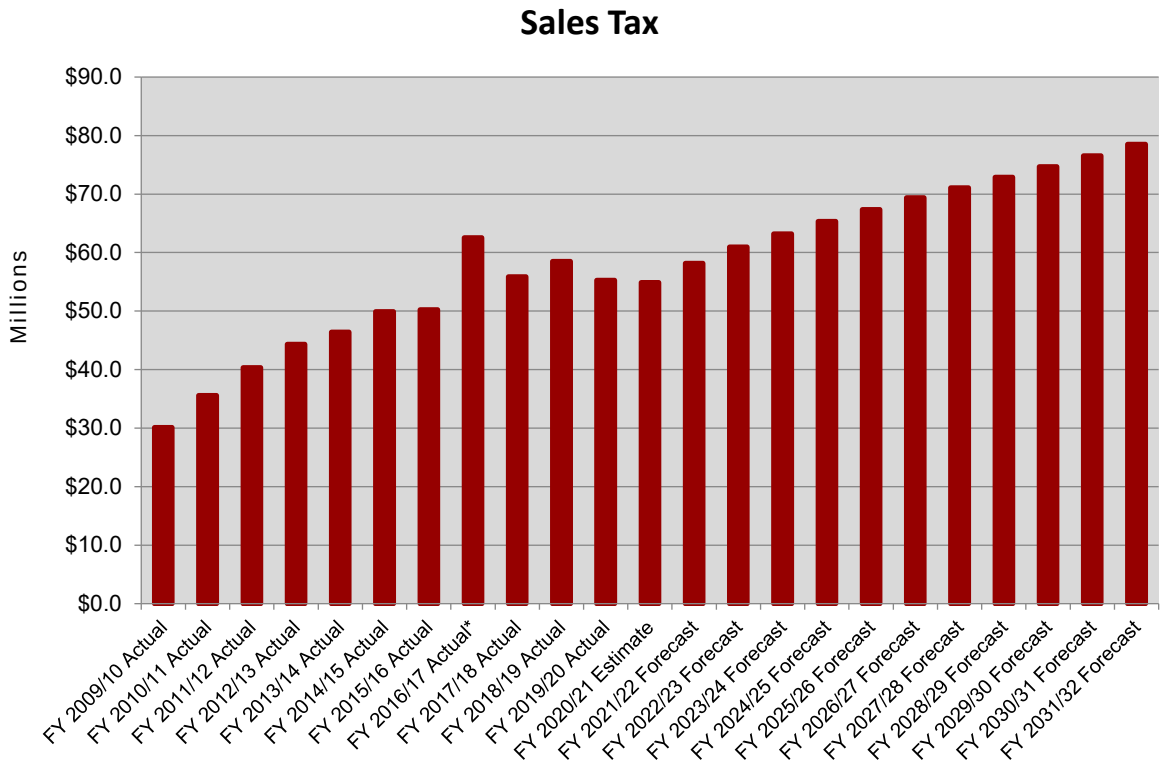
In FY 2021/22, property tax revenue is projected at $69.2 million and includes secured property tax of $66.5 million and unsecured property tax of $2.7 million. Assessed valuation growth on secured property is projected at 5.0% and reflects the annual inflation factor based on Consumer Price Index (1% increase in FY 2021/22), growth due to property sales, and a general allowance for new construction projects being added to the tax rolls. In the remaining years of the forecast, assessed valuation growth is expected to range from 5.0% to 5.5%. In order to meet these growth projections, developments with assessed valuation between $700 million to $1 billion

would need to continue annually. By the end of the forecast period, Property Tax receipts are projected to reach $114.5 million.

Secured Property Tax receipts include general secured property tax along with supplemental property tax (retroactive collections back to the point of sale for reassessments of value due to property resale), residual Redevelopment Agency (RDA) receipts, and excess Educational Revenue Augmentation Fund (ERAF) funds (under Proposition 98, a portion of property tax receipts are allocated to the ERAF beginning in 1992 and once there are sufficient funds in ERAF to fulfill the obligation to the school districts, excess funds are returned to the taxing entities that contributed the funding). Overall, Secured Property Tax receipts are expected to increase 7.6% in FY 2021/22, and 4.8% in FY 2022/23, followed by increases ranging between 4.8% and 5.4% annually for the remaining years of the Forecast. It should be noted that the higher growth rate in FY 2021/22 was due to the reversal of a negative adjustment in FY 2020/21 due to a legal decision that changed the distribution of RDA residual receipts. The State of California is also challenging the ERAF calculation, which would negatively impact the City's receipts. The Forecast assumes $1.5 million from ERAF, which is well below levels received in prior years.

Unsecured Property Tax receipts are projected to increase 3% in FY 2021/22, 1% in FY 2022/23 and FY 2023/24, followed by 3.0% annual growth in the remaining years of the Forecast.

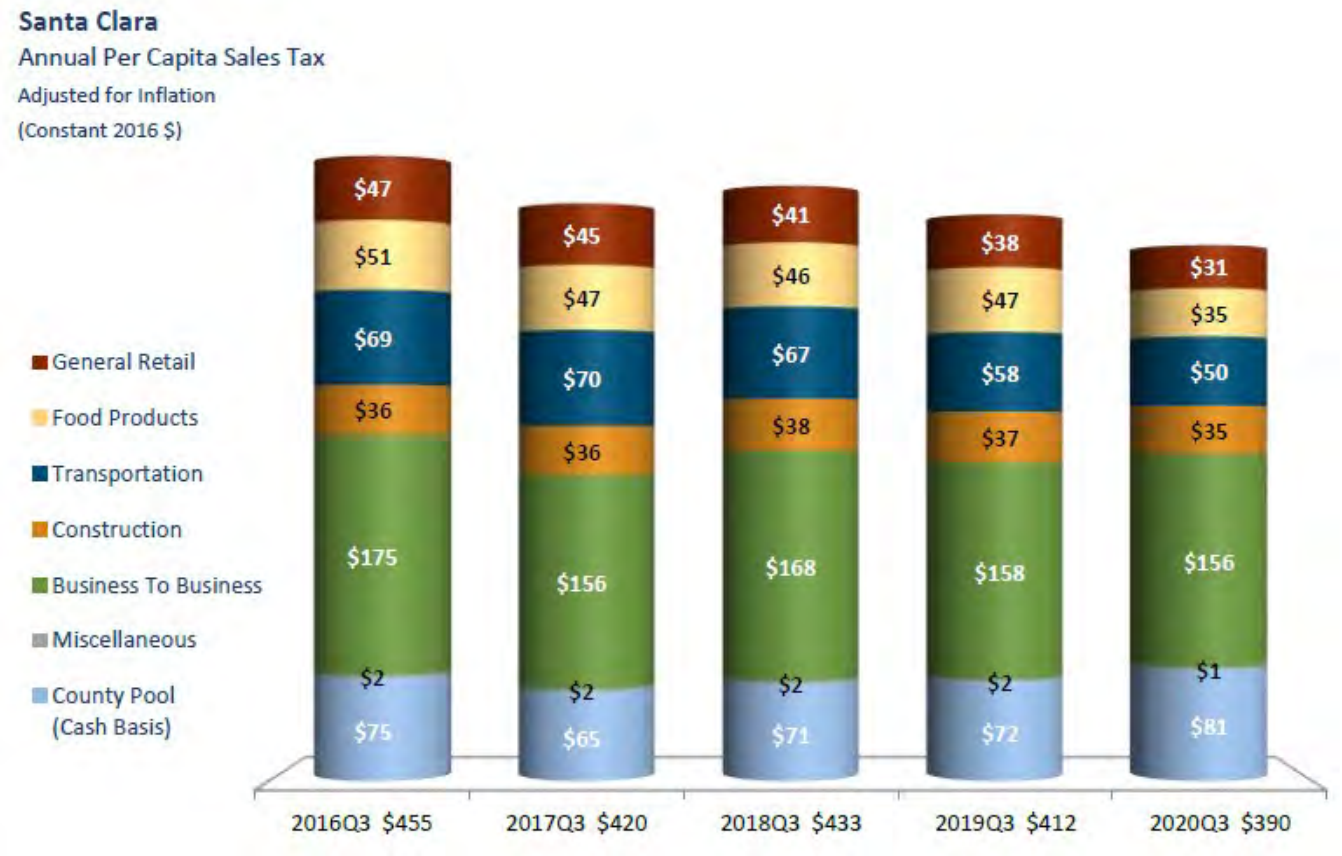
Collections are expected to grow at an average annual rate of 5.4% over the forecast period.



Note: FY 2013/14 includes one-time $6.1 million due to Redevelopment Agency dissolution

Sales Tax

Santa Clara's sales tax collections are directly influenced by local, regional, national and international economic and business cycles. Because of this, sales tax collections are one of the most economically sensitive General Fund revenue sources. These collections have been impacted by COVID-19 and are expected to improve in FY 2021/22 and continue to growth throughout the forecast period.

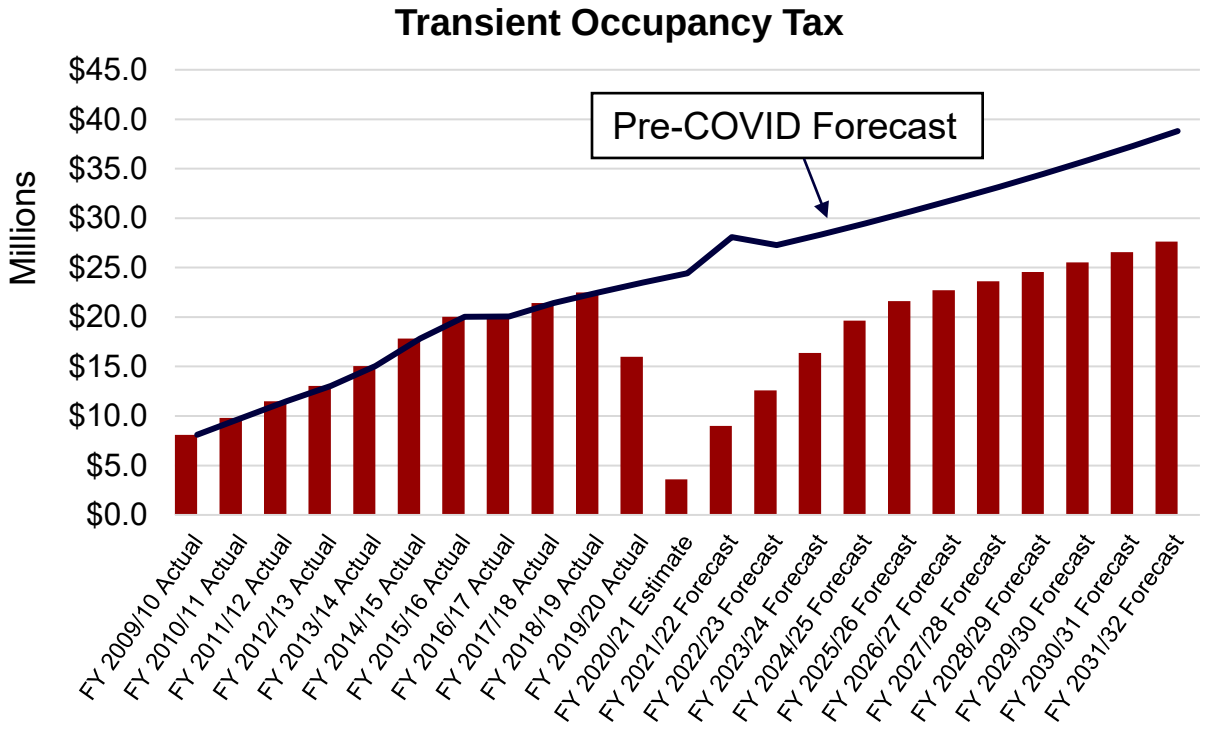


As shown in the chart below, sales tax collections are expected to total $54.9 million in FY 2020/21 and increase 6.0% to $58.2 million based on the assumption that sectors that have been deeply impacted by COVID-19 will improve with the roll out of mass vaccinations and the lifting of pandemic-related restrictions. The growth rates are expected to step down to 4.8% in FY 2022/23 and between 3.7% to 2.5% in the out years of the forecast as the sales tax growth rates normalize over this period. Based on these projections, annual collections will reach $78.5 million by FY 2031/32. These projections are based on information provided by the City's sales tax consultant, Avenu Insights & Analytics. Their estimates incorporate individual category/segment projections with adjustments for known individual business anomalies such as missed payments or misallocations.

Collections are expected to grow at an average annual rate of 3.3% over forecast period.

Note: FY 2016/17 includes a one-time true-up payment due to the unwinding of the State's Triple Flip.

To provide context on how the City generates its sales tax revenues and the performance in recent years, the chart below breaks out the sales tax per capita for the third quarter of each calendar year for the past five years, adjusted for inflation. The COVID-19 related impacts are reflected in the most recent third quarter 2020 data with declines in General Retail, Food Products (includes restaurants), and Transportation. As shown in the chart, the City's largest sector is Business to Business, and the stronger performance in this sector during COVID-19 has lessened the overall decline in sales tax revenues. Business to Business Sales Taxes continue to provide a strong foundation for the City's tax base.



Transient Occupancy Tax

Transient Occupancy Tax (TOT) is calculated as a percentage of City hotel/motel room charges. The City's current TOT rate is 9.5%. In November 2020, voters approved an increase of up to 4%, and this increase will be implemented by City Council action. As with sales tax, TOT is sensitive to business cycles and can vary greatly from year to year based on occupancy levels and room rates. Prior to COVID-19, this category had experienced tremendous growth as shown in the TOT chart on the following page. With the COVID-19 safety restrictions, TOT receipts plummeted at the end of FY 2019/20 and through FY 2020/21. For instance, from July through December 2020, TOT receipts were down 88% from the same period in 2019. Of all the City's revenue categories, TOT has seen the most significant declines as a result of the pandemic.

In FY 2018/2019, the last full year not impacted by COVID-19, TOT receipts totaled $22.5 million. TOT revenue is projected to reach only $3.6 million in FY 2020/21 and increase to $9.0 million in FY 2021/22, based on the

assumption that this category will gain some of the lost ground once mass vaccinations occur and COVID-19 restrictions are lifted. TOT receipts are projected to continue to improve over the forecast period with growth of 40% in FY 2022/23 as this sector continues to recover from the COVID-19 impacts, followed by step down growth ranging from 30% to 4% annually over the forecast period. The Forecast also assumes that the City Council will implement 2 percent of the 4 percent potential rate increase approved by the voters in November 2020 and assumes no additional hotels. By the end of the Forecast period, TOT receipts are projected to reach $27.6 million.

It is difficult to project the post-COVID environment in terms of business travel and the associated hotel usage. In this Forecast, TOT collections are expected to improve from the shock to the system caused by COVID-19, but receipts are expected to remain well below levels that were projected pre-COVID as illustrated in the chart below (the pre-COVID forecast assumed an economic slowdown followed by growth). We believe this to be a long-term effect of COVID-19 on business travel.

Licenses and Permits

The Licenses and Permits category includes business licenses, building development-related permits (building, electric, plumbing, mechanical), fire permits, encroachment permits, and parking permits. Collections in this category are projected to total $11.9 million in FY 2021/22, reflecting the continuation of strong development activity, slight growth in business license activity, and improvement in parking permits post COVID-19. Average annual growth of 3% is projected in the out years of the Forecast, with collections reaching $16.1 million in FY 2031/32. For the building development-related permits, it is assumed that the program is 100% cost recovery and any forecasted difference between revenues and expenditures will be balanced by increases or decreases to the Building Reserve. This Forecast assumes that funding will be added each year to this Reserve.

Interest Income

The City invests all funds not needed for current cash requirements in accordance with the City Council-approved Investment Policy. These funds are invested in securities having a maximum maturity of five years. The factors that directly influence General Fund interest income include prevailing interest rates, the size of the portfolio and the relative percentage of the portfolio allocated to the General Fund. Based on the lower expected interest rates and cash balances, the General Fund is expected to receive $2.6 million in interest in FY 2021/22. In the remaining years of the Forecast, interest earnings are projected to fluctuate annually primarily due to interest rate assumptions, ranging from $1.6 million to $2.7 million.

Rents

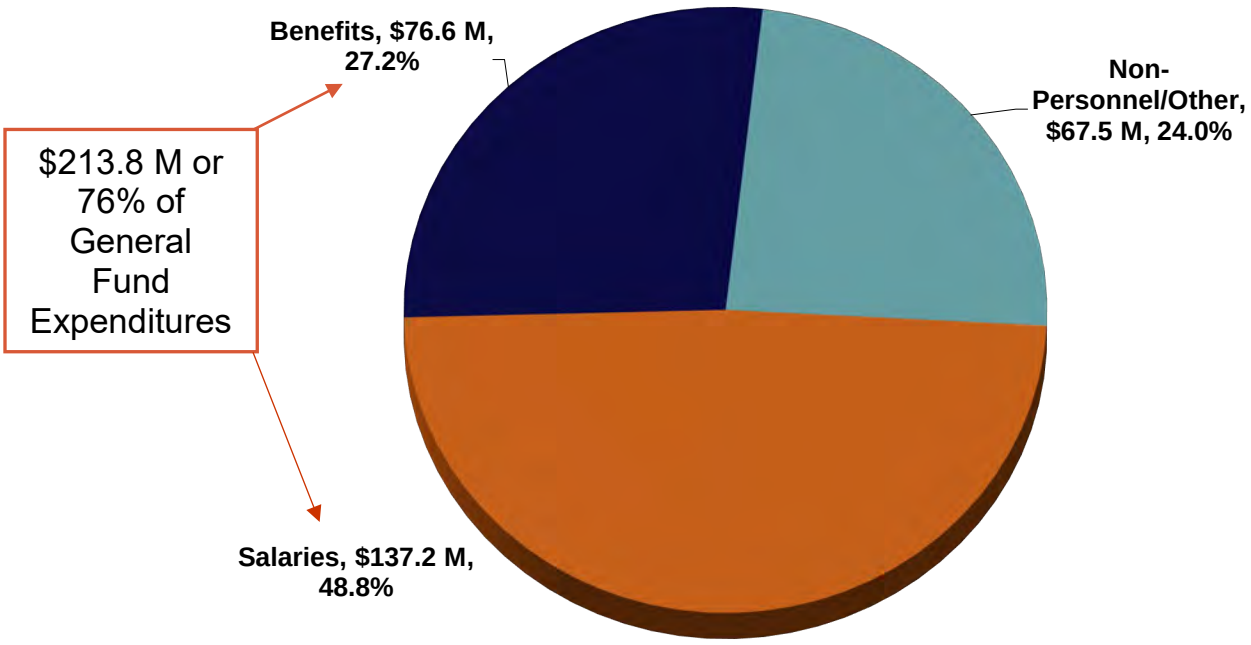
The Rents category includes property rents and leases as well as right-of-way rental fees charged to the water sewer and utilities. In FY 2021/22, rent revenue is estimated to total $10.0 million, including $6.2 million from property rents and leases and $3.8 million from right-of-way rental fees. The FY 2021/22 estimate is in close alignment with the FY 2020/21 Adopted Budget estimate of $10.1 million, but below the prior forecast for FY 2021/22 due to the changes in timing of lease revenue for the Related project. Growth projections for the out years of the Forecast are based on individual lease agreements. Rent revenue is projected to reach $17.6 million by FY 2031/32 and reflects the additional lease revenue associated with the Related project.

Other Services Fees

The Other Services Fees category includes fees charged for various City services provided by the departments of Community Development, Fire, Police, Park and Recreation, and Public Works as well as cost allocation plan reimbursements and stadium-related reimbursements. This category is estimated to generate $44.1 million in FY 2021/22, an increase from the FY 2020/21 projection of $37.2 million due to improvements in categories that have been heavily impacted by COVID-19, most notably stadium-related reimbursements and parks and recreation fees. Over the Forecast period, average annual growth of 3.4% is projected, resulting in collections of $62.0 million by FY 2031/32. It important to note that consultant studies are underway to update the cost allocation plan and municipal fees, and these studies will likely result in changes to these revenues.

Silicon Valley Power Contribution In-Lieu

In accordance with the City's charter, Silicon Valley Power pays 5.0% of gross revenues to the General Fund as contribution-in-lieu for services rendered. For FY 2021/22, contributions are projected to total $24.7 million, an increase of 3.5% from the FY 2020/21 estimate of $23.9 million. It is anticipated that revenues will increase to $34.8 million by FY 2031/32, increasing at an annual rate of 3.5%. Growth in this category is primarily driven by market projections for electric consumption, resources costs, and any retail rate increase assumed for the Electric Utility.



GENERAL FUND EXPENDITURES

Expenditures are projected to grow from $281.3 million in FY 2021/22 to $382.1 million by the end of the forecast period. FY 2021/22 expenditures are below the FY 2020/21 Adopted Budget of $286.0 million primarily due to the elimination of one-time capital-related transfers in FY 2020/21.

FY 2021/22 General Fund Expenditures by Type

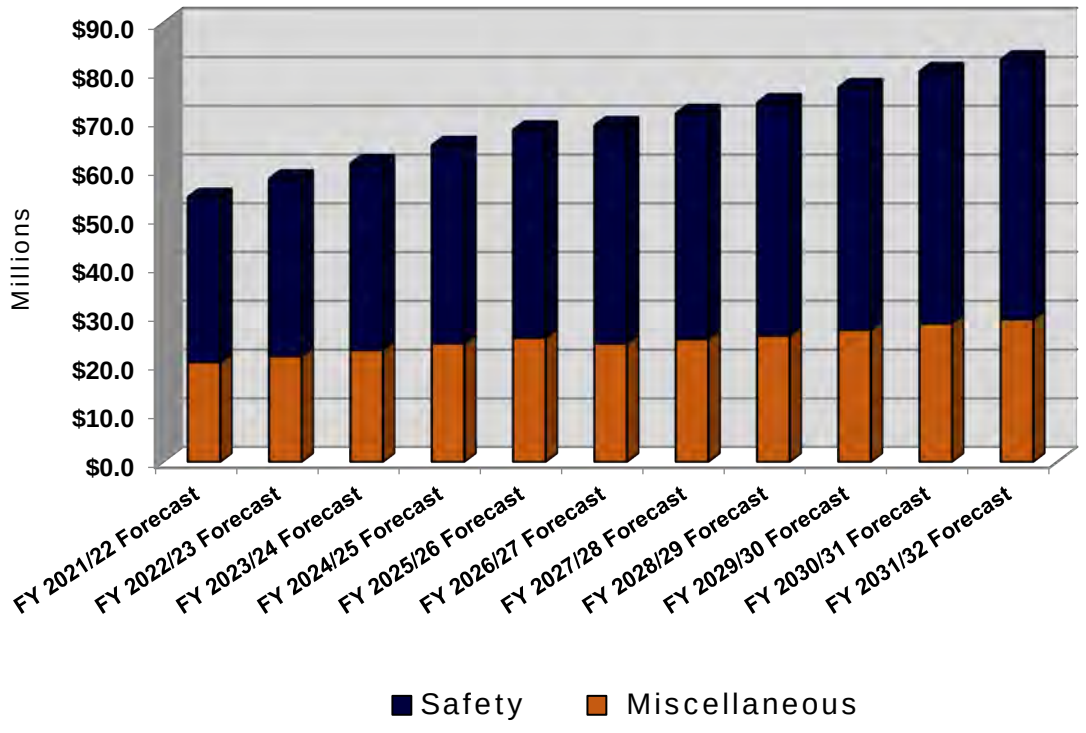
Labor Costs

Labor costs, which include salary, retirement and other benefit costs, are projected at $213.8 million in FY 2021/22. These costs are derived from a position-level analysis of City staffing, including actual salary and benefit information, negotiated salary and benefit adjustments for bargaining groups that have current Memorandums of Understanding with the City, projected adjustments for the out years of the forecast, and retirement information from the California Public Employees Retirement System (CalPERS) and the City's actuary.

Over the Forecast period, these costs are projected to increase an average of 3.4% annually and reach $299.5 million by FY 2031/32.

Retirement Costs

Retirement costs represent one of the largest components of labor costs. The City contributes to CalPERS, which provides a defined benefit plan for participating public entities within the State of California. CalPERS offers a menu of benefit provisions that are established by State statutes within the Public Employee Retirement Law. The City selected its benefit provisions from the benefit menu by contract with CalPERS and adopted those benefits through local ordinance, following negotiations with employee bargaining groups.



CalPERS retirement costs rose sharply over the past decade as a result of the market losses in the early 2000s followed by benefit enhancements in the mid-2000s. In FY 2011/12, General Fund pension costs were $18.9

million; by FY 2021/22, pension costs are projected to be $54.3 million. Retirement payments are expected to continue to rise as required employer rate increases are rolled in to make up for investment losses, a lower investment return assumption, shorter smoothing and amortization periods, and other demographic assumption changes. By the end of the Forecast period, PERS expenditures are projected to reach $82.5 million and will account for an estimated 22% of General Fund expenditures.

On December 21, 2016, the CalPERS Board approved lowering the investment earnings assumption (discount rate) downward from 7.5% to 7.0% over a three-year period. This change increased rates beginning in Fiscal Year 2018/19, with the full impact to be realized in FY 2024/25. In February 2018, the CalPERS Board approved shortening the period over which actuarial gains and losses are amortized from 30 years to 20 years for new pension liabilities. This policy became effective as of the June 30, 2019 CalPERS actuarial valuations. Additional actions will likely be implemented in the future as part of a risk mitigation strategy to move to more conservative estimates over time to reduce volatility, including additional downward revisions to the discount rate.

Year-by-year pension rate projections are shown below. These projections incorporate rates provided by CalPERS for FY 2021/22. In the remaining years of the Forecast, the retirement costs are based on rates provided by the City's actuary that assumed investment returns would generally be 6.5% (as compared to the 7.0%).

General Fund PERS Costs

Materials, Services and Supplies

The materials, services and supplies estimate for FY 2021/22 is $31.4 million, which is below the FY 2020/21 Adopted Budget level of $33.0 million, due to the elimination of one-time funds. Annual adjustment factors are included in this category as well as adjustments for expenditures that occur every two years. Expenditures are projected to reach $39.4 million by FY 2031/32.

Interfund Services

Interfund services include the General Fund contribution to several internal service funds, including Communications Acquisitions, Fleet Operations, Information Technology Services, Special Liability Insurance, Unemployment Insurance, Vehicle Replacement, and Workers' Compensation. In FY 2021/22, these costs are estimated at $25.3 million and increase to $31.0 million by FY 2031/32. These estimates are based on an evaluation of the activity levels in each internal service fund.

Loans and Transfers

This category includes debt service payments, loans to the Cemetery Fund, transfers to capital funds for Public Works Capital Project Management, and the City's contributions to parking maintenance and Convention Center maintenance. These costs are estimated at $7.0 million in FY 2021/22 and total $6.7 million by FY 2031/32. The debt service payments for the 2010 Lease Agreement (provided funds to refund outstanding bonds to construct the police administration building) are scheduled to be completed in February 2022, resulting in lower costs in the out years of the Forecast.

Reserves

This category includes the contributions to the Building Reserve and the Technology Reserve to account for the difference between the forecasted revenues and expenditures. Because forecasted revenues are above the forecasted expenditures in each year of the Forecast, the differences are set aside in reserves. These contributions total $3.7 million in FY 2021/22 and increases to $5.4 million in FY 2031/32. The contribution to the Building Reserve totals $3.3 million in FY 2021/22 and increases to $4.8 million in FY 2031/32, and these funds will be used to support the Building Development Program. The contribution to the Technology Reserve totals $0.4 million in FY 2021/22 and increases to $0.6 million in FY 2031/32.

RESERVES

Reserves have generally been established with one-time funds and, with the exception of funding set aside in the Building and Technology Reserves to maintain 100% cost recovery, are not reflected in the Forecast figures. Reserves, however, are an important component of the budget. Following is a discussion of the major General Fund Reserves.

- **Budget Stabilization Reserve:** During FY 1985/86, the City Council established a policy regarding use of the City's General Contingency Reserve funds. Under that policy, two separate reserves were established, a Budget Stabilization Reserve (formerly known as the Working Capital Reserve) and a Capital Projects Reserve. The Budget Stabilization Reserve (BSR) is set aside to protect vital General Fund services through economic downturns, emergency financial crisis, or disaster situations. The reserve target is equal to the expenditures of the City's General Fund operations for three months (90-days or 25% of budgeted appropriations). The BSR reserve level currently totals $57.8 million, which equals 20% of the projected FY 2021/22 expenditures and 15% of the FY 2031/32 expenditures. When the FY 2020/21 budget was adopted, the City Council approved an exception of the 25% BSR target level to address the impacts associated with COVID-19. The Council-approved Budget Principles for FY 2021/22 also state that if an exception to the Council Policy to set the General Fund Budget Stabilization Reserve at or above 25% of adopted budget expenditures is considered, maintain the Reserve level at a minimum of 15% of expenditures.

- **Capital Projects Reserve:** This reserve is set aside to fund the portion of the City's Capital Improvement Program (CIP) that has no other funding sources to support it. The projects funded from this critical reserve provide basic City infrastructure and quality facilities. The Council adopted a policy in FY 1996/97 to maintain a minimum of $5.0 million in the Capital Projects Reserve. The Capital Projects Reserve in FY 2020/21 currently totals $5.4 million.

- **Land Sale Reserve:** This reserve sets aside proceeds from land sales to be used for land-related purposes or other General Fund needs as determined by the City Council. This reserve currently totals $23.7 million.

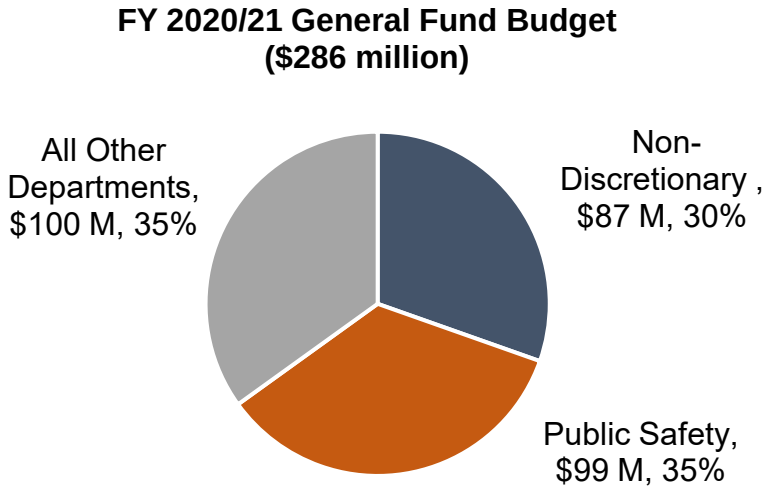
- **Building Inspection Reserve:** This reserve sets aside user fees that are above costs in the Community Development Department's Building Inspection Division. This reserve is used to fund inspection services or projects directly related the Building Division development activity and provides resources for works-in-progress as project work can span more than one year. This reserve currently totals $18.0 million.

- **Pension Stabilization Reserves:** These reserves in the General Fund and other City funds have targeted contributions that would fund 1% of the City's unfunded pension liability annually to address the City's pension unfunded accrued liability. For the General Fund, this reserve currently totals $21.6 million.

GENERAL FUND BUDGET BALANCING

The Forecast serves as the starting point in the development of the FY 2021/22 and FY 2022/23 Biennial Operating Budget that is scheduled to be released on April 30, 2021 and approved by the City Council in June 2021. These budget figures will continue to be refined over the next few months and incorporated into the Proposed Biennial Budget.

Given the projected shortfall of $41.7 million in FY 2021/22, it is anticipated that a combination of expenditure reductions, revenue-generating actions, and the use of reserves will be necessary to balance the budget. As part of this process, departments evaluate contracts and non-personnel expenses, conduct service delivery evaluations, and review vacant positions. Revenue strategies include bringing fees closer to cost recovery, evaluating opportunities for new fees, and identifying revenue opportunities in line with other jurisdictions. Budget reductions are also expected to be brought forward in FY 2020/21 that will offset lower revenue collections in the current year and address a portion of the ongoing $41.7 million shortfall.



In addition, cost control measures implemented in 2020 are expected to continue, these include the following:

- Hiring freeze, with limited exceptions
- Stricter expenditure controls
- Decreased temporary staffing (by over 500 staff or 55%)
- Limited travel
- Limited training
- Reduced expenditures for IT
- Reduced expenditures for vehicle and fleet purchases
- Evaluating current contracts and other non-personnel expenditures

Limited Control in Certain Areas

In developing budget balancing strategies, there is limited control over certain expenditure areas where there are contractual obligations, the expenses cover fixed costs, and/or the costs are recovered by fees. The major non-discretionary costs include the following:

- CalPERS unfunded liability
- Debt service costs
- Fixed facility operating costs
- Other contractual obligations (e.g., election costs)
- Fee-supported activities

When evaluating the components of the expenditure budget, approximately 30% is non-discretionary, with the remaining balance broken down into public safety (35%) and all other departments (35%) categories. These categories are important when considering budget balancing options available.

FY 2021/22 BUDGET PRINCIPLES

On February 1, 2021, the City Council approved the following FY 2021/22 Budget Principles that provide a framework for the budget process.

Budget Principles for 2021/22

1. Make decisions within the context of the City's Code of Ethics and Values, especially being Fiscally Responsible, Communicative, and Service-Oriented.
2. Consider budget decisions with long-term implications taking into account data from the Ten-Year Financial Forecast.
3. To the extent possible, align ongoing expenditures with ongoing revenues to avoid negative impacts on future budgets and maintain the City's high financial management standards.
4. To address the projected General Fund shortfall, use a combination of ongoing and one-time solutions to balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community.
5. Continue cost control measures until the ongoing General Fund revenues and expenditures are in alignment.
6. If an exception to the Council Policy to set the General Fund Budget Stabilization Reserve at or above 25% of adopted budget expenditures is considered, maintain the Reserve level at a minimum of 15% of expenditures.
7. Focus on projects and services that benefit the community as a whole.
8. Pursue economic development objectives and strategies to foster new public and private investment within Santa Clara, and to create employment opportunities.
9. Balance between compensation adjustments to retain and attract employees and funding for positions.
10. Use one-time unrestricted revenues (e.g., annual General Fund surplus) for one-time uses such as increasing reserves, funding capital or Information Technology projects, paying off debt, and/or paying off unfunded pension or other post-employment benefits liabilities.
11. Inform and communicate clearly and broadly to residents, businesses and employees regarding the City's fiscal position and budget; schedule hearings to promote active participation in the City Council's budget deliberations.
12. With limited exceptions, establish fees based on full cost recovery where individuals/businesses rather than the community at-large are benefitting from City services. This preserves limited unrestricted resources for providing services that benefit the community as a whole.
13. Focus on business process redesign in order to improve employee productivity and the quality, flexibility, and cost-effectiveness of service delivery (e.g., streamlining, simplifying, reorganizing functions, and reallocating resources).
14. Explore expanding existing revenue sources and/or adding new revenue sources.
15. Engage employees to contribute new and innovative ideas during the department budget development process.
16. Use the General Plan as a primary long-term fiscal planning tool and link ability to provide City services to development policy decisions.

CONCLUSION

The Forecast provides policy makers, the public, and City staff an updated assessment of the City's financial condition that considers the latest projections of economic conditions. It serves as a starting point in the budget development process by providing the necessary context for making budget decisions. The Forecast also identifies known risk factors and vulnerabilities, and it provides a foundation for evaluating priorities and understanding trade-offs moving forward.

As reflected in this Forecast, the City's financial condition has dramatically changed as a result of COVID-19. A General Fund shortfall of $41.7 million is projected for FY 2021/22, followed by small surpluses ranging from $1.7 million to $5.5 million annually. By the end of the Forecast period, revenues are projected at $366.0 million while expenditures are estimated at $382.1 million. When put into context of the size of the General Fund budget, the shortfall in FY 2021/22 is 14.8% of General Fund expenditures. In the out years of the Forecast, the annual margins are relatively narrow, ranging from 0.5% to 1.9% of the projected annual expenditure budget. The Biennial Operating Budget for FY 2021/22 and FY 2022/23 will include a budget balancing strategy to address the shortfall using a combination of expenditure reductions, revenue solutions, and use of reserves. The use of ongoing and one-time solutions would balance the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community. This will also allow for time to evaluate the post COVID-19 recovery.

In addition to the projected General Fund shortfall identified in this Forecast, there are elements of the City's budget that are not included in the Forecast as they have been funded pay-as-you-go with one-time sources. These include the costs to fund capital improvements that rely on General Fund funding, address unmet/deferred infrastructure needs, fully fund public safety equipment replacement, and make additional contributions to reserves. The Forecast also does not incorporate the financial impacts of new developments that may have a positive impact given the uncertainty regarding the timing. This Forecast serves as a strategic planning tool to meet the City's long-term goal to plan for additional fiscal capacity and bring forward sustainable funding strategies to address these unmet cost elements. This may include new and/or revised revenue options and impact fees in the future.

Statements of Sources and Uses of Funds

This page is intentionally left blank.

General Fund

This page is intentionally left blank.

GENERAL FUND

The General Fund is the primary fund of the City that is used to account for all revenues and expenses that are not restricted by law or policy to be accounted for in another fund. The General Fund supports many of the most visible and essential City services including libraries, parks, police, and fire protection. The General Fund also includes many departments that provide central services including the City Manager, City Attorney, City Clerk, Mayor and City Council, Finance and Human Resources offices and departments.

General Fund Sources

General Fund sources total $398.1 million in the Proposed FY 2021/22 budget, down $25.8 million from the FY 2020/21 amended budget. This decrease reflects a decline in the beginning fund balance primarily as a result of the use of the Budget Stabilization Reserve as a budget balancing strategy in FY 2020/21 as well as a decline in transfer from other funds. The revenues reflect an increase due to the planned receipt of federal stimulus funds in FY 2021/22 of $25.9 million. The total sources consist of $141.3 million in fund balance estimated to be carried over from FY 2020/21, $250.3 million in revenue, and $6.5 million in transfers from other funds. As part of the budget process, estimates are developed for each line item, taking into consideration activity projections, historical trends, and the economic environment. The table below summarizes the projected sources of General Fund revenues and transfers in this budget.

Funding Source	FY 2019/20 Actual	FY 2020/21 Amended	FY 2020/21 Estimate	FY 2021/22 Proposed	FY 2022/23 Change	FY 2022/23 Proposed
Property Tax	65,498,024	66,982,000	66,950,000	**71,559,000**	3,430,000	**74,989,000**
Sales Tax	55,269,669	55,600,000	54,875,000	**58,183,000**	2,776,000	**60,959,000**

[1] Building development revenues have been shifted to a new Building Development Fund that will account for the development-related services provided by the Building Division.

[2] Reflects the federal stimulus funding of $25.9 million in FY 2021/22.

The largest economically sensitive revenue categories (property tax, sales tax, and transient occupancy tax) account for almost 60% of General Fund revenues. Following is a discussion of these categories as well as other major General Fund revenue categories.

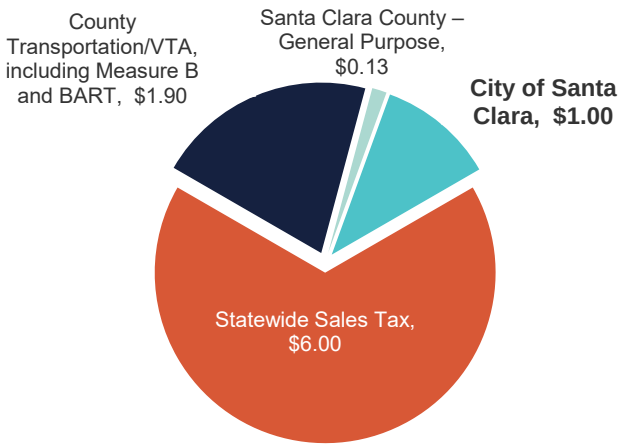
Property Tax

Property Tax Distribution per $100 Collected

Property tax is the largest revenue source for the City, representing approximately 30% of revenues. Under Proposition 13, the assessed valuation of properties held by the same owner from year to year is adjusted each year by the lesser of 2.0% or the percent change in the annual California Consumer Price Index (CCPI). For FY 2021/22, the adjustment factor based on CCPI is 1.036%. Beyond the inflation adjustment, growth in property tax receipts is driven by reassessments upon the sale of properties and new construction projects being added to the tax rolls. Overall, property tax revenue for FY 2021/22 is projected at $71.6 million, up 6.9% from FY 2020/21 estimate. In FY 2022/23, receipts are projected to increase an additional 4.8% to $75.0 million.

Secured Property Tax receipts are projected to total $68.7 million, an increase of 7.2% from the FY 2020/21 year-end estimate of $64.1 million. The category includes general secured property tax (tax on real property that includes the land and the structures attached to it, such as a home or building) along with supplemental property tax (retroactive collections back to the point of sale for reassessments of value due to property resale), residual Redevelopment Agency receipts, and excess Educational Revenue Augmentation Fund (ERAF) funds (under Proposition 98, a portion of property tax receipts are allocated to the ERAF and once there are sufficient funds in ERAF to fulfill the obligation to the school districts, excess funds are returned to the taxing entities). General secured property tax for FY 2021/22 is based on the assessed value as of January 1, 2021. Assessed valuation growth on secured property is projected at 4.0% in FY 2021/22 and reflects 1.036% annual inflation, growth due to property sales, and a general allowance for new construction projects. This growth factor is lower than experienced in recent years due to the lower CCPI adjustment and the potential downward assessment of commercial properties due to COVID-19 impacts.

The remaining secured property tax growth is due to higher RDA residual pass-through revenues and excess ERAF funds when compared to the FY 2020/21 projected levels. Collections in FY 2020/21 were negatively impacted by a one-time retroactive reduction of $2.1 million as well as an ongoing impact of $0.8 million due to a State of California Appellate Court decision that changed the distribution of RDA residual receipts. The property tax estimate also includes higher ERAF receipts based on the latest estimates from the County of Santa Clara. The State of California challenged the ERAF calculation, and the County received high-level Excess ERAF calculation guidance from the State Controller's Office (SCO) in February 2021. While the County, together with other Excess ERAF counties, is waiting for



further clarification and confirmation from the SCO on certain items, the estimates factored into the budget are the latest estimates at this time and total $4.0 million in FY 2021/22 and $4.2 million in FY 2022/23.

Unsecured Property Tax is assessed on personal property that is tangible or moveable and is not attached to real estate (e.g., office equipment, planes, boats). Unsecured Property Tax receipts are projected to remain at $2.9 million in FY 2021/22 and FY 2022/23.

Sales Tax

Sales tax is the General Fund's second largest revenue. The City's current sales tax rate is 9%, of which the City of Santa Clara receives 1%. Santa Clara's sales tax collections are directly influenced by local, regional, national, and international economic and business cycles. Due to this, sales tax collections are one of the most volatile General Fund revenues. These collections have been negatively impacted by COVID-19 and are expected to improve in FY 2021/22. Sales tax collections are expected to total $54.9 million in FY 2020/21 and increase 6.0% to $58.2 million, based on the assumption that sectors that have been deeply impacted by COVID-19 will improve with the roll-out of mass vaccinations and the lifting of pandemic-related restrictions. The growth rate is expected to step down to 4.8% in FY 2022/23 and generate $61.0 million.

Sales Tax on $100 purchase

The sales tax rate in Santa Clara is 9%. For every $100 dollars spent in Santa Clara on taxable purchases, $9.00 goes to sales tax, of which the City of Santa Clara receives $1.00.

Transient Occupancy Tax

Transient Occupancy Tax (TOT) is calculated as a percentage of City hotel/motel room charges. The City's current TOT rate is 9.5%. In November 2020, voters approved an increase of up to 4%, and this increase will be implemented by City Council action. As with sales tax, TOT is sensitive to business cycles and can vary greatly from year to year based on occupancy levels and room rates. Prior to COVID-19, this category had experienced tremendous growth. With the COVID-19 safety restrictions, TOT receipts plummeted at the end of FY 2019/20 and through FY 2020/21. From July 2020 through March 2021, TOT receipts were down 87% from the same period last fiscal year. Of all the City's revenue categories, TOT has seen the greatest declines as a result of the pandemic.

In FY 2018/2019, the last full year not impacted by COVID-19, TOT receipts totaled $22.5 million. TOT revenue is projected to reach only $3.6 million in FY 2020/21 and increase to $9.0 million in FY 2021/22 based on the assumption that this category will gain some of the lost ground with the mass vaccinations and the lifting of COVID-19 restrictions. TOT receipts are projected to continue to improve in FY 2022/23 with growth of 40%, bringing receipts to $12.6 million. The Proposed Budget assumes that the City Council will implement 2 percent of the 4 percent potential rate increase approved by the voters in November 2020.

Adjustments to this revenue estimate will likely be necessary based on the actual recovery timeline.

Licenses and Permits

The Licenses and Permits category has historically included business licenses, building development-related permits (building, electric, plumbing, mechanical), fire permits, encroachment permits, and parking permits. In the FY 2021/22 Proposed Budget, the building development-related revenues are being shifted to a separate Building Development Services Fund (the expenditures are also being shifted to the new fund, for a net zero impact on the General Fund). With the removal of the building permit fees, collections in this category are projected to total $3.7 million in FY 2021/22 and increase to $3.8 million in FY 2022/23.

Rents and Leases

The Rents category includes property rents and leases as well as right-of-way rental fees charged to the water sewer and utilities. In FY 2021/22, rent revenue is estimated to total $9.8 million, including $5.8 million from property rents and leases and $4.0 million from right-of-way rental fees. This revenue category is expected to increase to $11.8 million in FY 2022/23 with the growth primarily attributed to lease payments associated with the Related project based on the anticipated timing of that project.

Other Services Fees

The Other Services Fees category has historically included fees charged for various City services provided by the departments of Community Development, Fire, Police, Park and Recreation, and Public Works as well as cost allocation plan reimbursements and stadium-related reimbursements. As with the Licenses and Permits category, the building development related fees in this category have been shifted to the new Building Development Services Fund.

This category is estimated to generate $36.8 million in FY 2021/22 and increase to $38.4 million in FY 2022/23. The revenue estimates reflect updated cost allocation plan and stadium reimbursements to account for updated costs and adjustments for expected activity levels. Changes in various fees for services result in an increase of $0.6 million. This includes a limited number of new Public Work engineering fees to recover costs (storm drain non-point source fee, solid waste plan review fee, and trash management plan fee) and fee adjustments to increase costs recovery for fire operational permit fees ($0.2 million) and the billing service charge for late utility payments ($0.2 million). These fee adjustments will be presented in the Proposed FY 2021/22 Municipal Fee schedule that will released under separate cover. The fee schedule is planned to be presented as part of the Proposed Budget study sessions and adopted on June 22, 2021. In FY 2022/23 additional fee adjustments are expected to be brought forward after the completion of the fee study that is currently underway

Downward adjustments totaling $0.2 million in Parks and Recreation fee revenue is expected due to budget reductions that reduce fee activity (aquatics, adult sports, therapeutics, theater program, and Art and Wine Festival).

State/Other Agencies

In FY 2021/22, this category includes American Rescue Plan Act (ARPA) funding of $25.9 million that is estimated for the City of Santa Clara. These funds help offset City revenue losses and continue to support City services. This category also includes funding of $60,000 from the school districts to support the DARE program provided by the Police Department.

Contribution in-Lieu

In accordance with the City's charter, Silicon Valley Power pays 5.0% of gross revenues to the General Fund as contribution-in-lieu of taxes (CIL). For FY 2021/22, CIL is projected to total $24.7 million and increase to $25.6 million in FY 2022/23.

Transfers In

The Transfers In category totals $6.5 million in FY 2021/22. This includes the anticipated transfer of $3.0 million from the Parks and Recreation Capital Fund as partial repayment of the loan for the Reed and Grant Sports Complex project. Parks Mitigation Fee Act revenue will be used for the loan repayment and will replenish the Land Sale Reserve. The Transfers In category also includes 1) $1.5 million from the Storm Drain Capital Fund to support storm drain operations, 2) $1.0 million from the Vehicle Replacement Fund to return funding no longer needed for planned vehicle replacements as these vehicles will be replaced with electric vehicles under the SVP program, 3) $0.7 million from the Electric Utility Fund to support a new City Attorney position recommended to support SVP and two Finance positions that support SVP operations, and 4) $0.2 million from the Tasman East Infrastructure Improvement Fund to repay the Capital Projects Reserve that is expected to be used in FY 2020/21 to address cash flow issues in that fund. The Transfer In revenue estimate drops to $3.3 million in FY 2022/23 primarily because no loan repayment revenue is assumed from the Parks and Recreation Capital Fund.

General Fund Uses

Overall, General Fund Uses total $398.1 million in FY 2021/22. Of this amount, $243.4 million accounts for operational expenditures; $39.1 million are transfers to other funds and $115.5 million represent fund balance and reserves. The total expenditures decrease to $357.4 million in FY 2022/23, primarily due to reductions in transfers as well as use of fund balances and reserves. The following table summarizes the General Fund expenditures and transfers.

Expenditures	FY 2019/20 Actual	FY 2020/21 Amended	FY 2020/21 Estimate	FY 2021/22 Proposed	FY 2022/23 Change	FY 2022/23 Proposed
Salaries	123,823,979	125,133,378	122,045,206	121,849,727	4,862,492	126,712,219
Retirement – Safety	27,099,073	29,421,949	29,121,949	33,056,981	2,469,246	35,526,227
Retirement – Misc.	16,123,019	18,963,297	18,813,297	18,283,077	1,162,358	19,445,435
Other Benefits	18,402,027	20,417,705	19,401,705	19,702,155	644,372	20,346,527
Materials/Services/ Supplies	27,408,671	29,349,451	26,619,255	27,661,957	1,543,350	29,205,307
Interfund Services	22,364,642	22,208,095	22,208,095	22,720,324	671,799	23,392,123
Capital Outlay	406,751	4,424,323	4,424,323	140,393	(12,320)	128,073
Total Expenditures	**235,628,162**	**249,918,198**	**242,633,830**	**243,414,614**	**11,341,297**	**254,755,911**
Transfers Out*	28,653,335	29,991,306	33,474,975	39,146,855	(32,471,271)	6,675,584
Total Expenditures and Transfers Out	**264,281,497**	**279,909,504**	**276,108,805**	**282,561,469**	**(21,129,974)**	**261,431,495**

* The Transfers Out category includes the one-time transfer of the Building Inspection Reserve ($18.0 million) to the newly established Building Development Services Fund.

As a public service organization focused on delivering high-quality services to our community, labor costs reflect the highest level of investment at 79% of the expenditure budget (excluding transfers). Following is a discussion of the General Fund expenditure categories.

Salaries and Benefits

The expenditures in this category account for full-time and part-time salaries, retirement, health, social security, other employer benefits, and overtime costs. The Proposed Budget factors in the latest negotiated salary adjustments, updated retirement and benefit costs, and the recommended budget proposals. In the General Fund, the FY 2021/22 Proposed Budget totals $192.9 million. This represents a decrease of $1.0 million or 0.5% from the FY 2020/21 Amended Budget of $193.9 million. The Amended Budget factors in the Phase 1 budget reductions approved by the City Council on March 9, 2021. In FY 2022/23, salary and benefit costs are projected to increase 4.7% to $202.0 million.

The City of Santa Clara participates in the California Public Employees' Retirement System (CalPERS) under two plans, the Miscellaneous and Safety retirement plans. FY 2021/22 retirement costs in the General Fund are budgeted at $33.1 million for Safety employees and $18.3 million for Miscellaneous employees. These costs increase to $35.5 million and $19.4 million, respectively.

Material, Services, and Supplies

The materials, services, and supplies budget for FY 2021/22 is $27.7 million, a decrease of $1.7 million from the FY 2020/21 Amended Budget. The 2021/22 budget reflects the recommended budget proposals as well as the removal of one-time funding approved for FY 2020/21. The Proposed Budget does not yet reflect any carryovers from FY 2020/21 to FY 2021/22. In FY 2022/23, these costs are projected to increase 5.6% to $29.2 million.

Interfund Services

Interfund services are citywide in nature and funded through internal service funds (Information Technology Department services, special liability fund, workers' compensation, Public Works capital project management, vehicle equipment and maintenance, fleet purchases, and communications equipment) that are apportioned to City Departments and funds. This category totals $22.7 million in FY 2021/22 and increases 3.0% to $23.4 million in FY 2022/23.

Capital Outlay

This category includes small capital expense purchases not budgeted within the capital budget. This category totals $0.1 million in FY 2021/22 and FY 2022/23.

Transfers to Other Funds

This category includes transfers to other funds to support capital projects, the City's share of assessment district costs, other services, and debt payments. The FY 2021/22 Proposed Budget for this category totals $39.1 million, including $11.8 million for capital projects, $2.5 million for debt payments, and $1.6 million for assessment district payments and other services. In addition, the one-time transfer of $18.0 million to the newly established Building Development Services Fund is recommended to reflect the shift

of the Building Inspection Reserve from the General Fund to the new fund. The one-time transfer of $5.2 million to the Special Liability Fund is also recommended to provide funding for potential claims.

The Transfers figure drops to $6.7 million in FY 2022/23 and includes $3.5 million for capital projects, $1.4 million for debt payments, and $1.8 million for assessments district payments, and other services.

General Fund Reserves

The General Fund includes several reserves established by City Council policy or to segregate restricted revenues. More detail regarding reserve policies can be found in the Budget and Fiscal Policies section of this document.

Budget Stabilization Reserve

This reserve is used as an allocation for weathering economic downturns, emergency financial crises or disaster situations. Per Council policy, the BSR target is equal to the cost of the City's General Fund operations for three months, or 25% of the expenditure budget. Given the significant impacts of COVID-19 on the City's budget, the City Council adopted the FY 2021/22 budget principles that allow this reserve to drop to 15% of budgeted expenditures. The proposed balancing strategy includes use of the Budget Stabilization Reserve (BSR) of $1.9 million in FY 2021/22 and $15.6 million in FY 2022/23. The Reserve would total $55.6 million or 21% of the operating budget expenditures in FY 2021/22 (excluding the transfer of the Building Inspection Reserve to the new Building Development Fund) and drop to $40.0 million or 15.3% in FY 2022/23.

Capital Projects Reserve

The Capital Projects Reserve (CPR) earmarks funds for the Capital Improvement Program (CIP). The minimum target for this reserve is $5.0 million. This reserve has a projected ending balance of $4.2 million in FY 2021/22, and an additional $3.2 million is reserved for capital projects programmed from FY 2022/23 through FY 2024/25 in the Capital Improvement Program. The use of $1.2 million from the Capital Projects Reserve is recommended to fund high-priority capital projects that were not included in the FY 2020/21 and FY 2021/22 Biennial Capital Budget.

Land Sale Reserve

The City Council established the Land Sale Reserve from net proceeds from the sale of City-owned land, with interest earned on these funds being available to be appropriated for General Fund operating expenditures. The Land Sale Reserve has a projected ending balance of $24.7 million for FY 2021/22 and is available for appropriation by City Council action. The FY 2021/22 budget reflects an increase of $3.0 million due to the anticipated partial loan repayment from the Parks and Recreation Capital Fund for the Reed Street – Grant Street Sports Park Project. In FY 2022/23, the reserve totals $21.5 million, a decrease of $3.2 million as a budget balancing strategy.

Building Inspection Reserve

The City Council established the Building Inspection Reserve to account for surplus funds generated from user fees in the Community Development Department's Building Inspection Division. Funds accumulated

in the Building Inspection Reserve are used to fund Building Division costs in years when current year fees do not cover the full cost of services, and for projects directly related to the Building Division. Because a new Building Development Services Fund is proposed for FY 2021/22, the funds from the Building Inspection Reserve totaling $18.0 million will be transferred to the new fund and this reserve will no longer be included in the General Fund. A final reconciliation will be performed at the end of FY 2020/21 to return any excess building development revenues over expenditures to the new Building Development Services Fund.

Advanced Planning Fee Reserve

The advanced planning fee is collected as a portion of planning and building fees. This funding is set aside for future long-range planning activities. This reserve has a projected ending balance of $0.7 million for FY 2021/22 and FY 2022/23.

Technology Fee Reserve

The Technology Fee Reserve sets aside the technology fee revenue collected with the development fees and other applicable fees. This reserve will be used to support the Accela licensing costs and other technology improvements for the fee programs that assess this fee. This reserve is projected to total $1.1 million at the end of FY 2021/22 and $1.3 million at the end of FY 2022/23.

Other Reserves

By Council Policy, other reserves are set aside in the General Fund including the pension stabilization and historical preservation reserves. The Pension Stabilization Reserve is projected to total $21.6 million at the end of FY 2021/22 and FY 2022/23, and the Historical Preservation Reserve is projected to total $90,096 in both fiscal years. Contributions to the Pension Stabilization Reserve is typically recommended as part of the Year-End Report, if additional funds are available. No additional contributions are assumed as part of this Biennial Budget.

Special Revenue Funds and Other Funds

This page is intentionally left blank.

SPECIAL REVENUE FUNDS AND OTHER FUNDS

Special Revenue Funds are established to account for specific revenue sources that are legally restricted or committed to particular purposes. The City of Santa Clara has various revenue sources that require separate Special Revenue Funds to be set up. The Other Funds relate to special assessments funds.

Bridge Maintenance District #2 Fund (463)

The Bridge District #2 Fund sets aside revenue received through the apportionment of secured property tax as well as the RDA revenue distribution. This funding is then transferred to the Streets and Highways Capital Fund to cover costs associated with the Bridge Maintenance Program project.

Building Development Services Fund (158)

The Building Development Services Fund is new a fund in FY 2021/22 to account for the majority of activity related to the Building Division's operations. Since fees collected from building permits and inspections are generally restricted to Building Division fee-related uses, the creation of this new fund will provide enhanced transparency in meeting that directive.

The Building-related revenues and expenditures were previously reflected in the General Fund. A Building Inspection Reserve (BIR) that set aside excess Building fee revenues over expenditures was also included in the General Fund. With the establishment of the new fund, the transfer of BIR from the General Fund to the new Building Development Services Fund is incorporated into the FY 2021/22 and FY 2022/23 Proposed Budget.

Building Special Programs and Training Fund (220)

This fund was formerly the Certified Access Specialist (CASp) Certification and Training Fund but was retitled to incorporate additional changes to the fund starting in FY 2021/22. The fund will now incorporate Building Seismic/Strong Motion Fees and Building Standard Fees, in addition to CASp fees. All three revenue streams are related to state-mandated building permit fee surcharges (Building Standard and Seismic) or from the City's business license tax (CASp) and are for specific uses such as updating building code manuals or training related to updates in accessibility designs.

City Affordable Housing Fund (165)

The City Affordable Housing Fund accounts for the City's Below-Market Price Purchase Program, which helps low- and moderate-income families achieve the goal of homeownership. This fund promotes and facilitates the construction and retention of affordable housing, fulfilling State mandates to produce housing for all income levels. Revenues in the City Affordable Housing Fund are received from developer in-lieu fees, principal, and interest repayments on housing loans, as well as interest income on pooled investments. Major initiatives estimated to be completed at the end of FY 2020/21 are a $4 million loan the Allied Housing for the construction of 80 affordable housing units located at 3333 Kifer Rd. and another loan of $6 million to Zaen Partners LLC for the construction of 150 affordable housing units located at 2302 Calle Mundo.

Community Activities Fund (084)

The Community Activities Fund accounts for fees and donations received from the community and the City for activities particularly focused on seniors. This fund closed in FY 2019/20 with balances transferred to the General Fund and the Public Donations Fund.

Community Facilities District No. 2019-1 (Lawrence Station) Fund (027)

A resolution was adopted by Council in March 2019, to form a new Community Facilities District Fund to finance maintenance of roadways, parks, parking spaces and enforcement, landscaped parkways and medians, trails, a highway overpass and a community clubhouse and garden to be located within the development at Lawrence Station.

Starting in FY 2019/20, operating costs will be funded by annual assessment revenues. The special taxes will be used to fund the authorized public services. Pursuant to Report to Council 19-249, the Fund will also maintain additional funding necessary for expenses including replacements as facilities near end-of-service life (straight line depreciation of 15 years) in an operating and maintenance reserve of 20%. Initial assessment amount is $344,374 and increases annually by Consumer Price Index (CPI).

Convention Center Maintenance District Fund (026)

This fund provides maintenance and landscaping to the common grounds within the Santa Clara Convention Center Complex. Funds are received by means of a Special Benefits Assessment levied against the property owners in the respective districts. This fund's expenditure budget is determined using fee estimates for cost recovery.

Downtown Parking Maintenance District Fund (025)

The purpose of the Downtown Parking Maintenance District is to maintain the grounds of the Franklin Square complex. The Franklin Square complex is bounded by Monroe Street to the west, Jackson Street to the east, Benton Street to the north, and Homestead Road to the south. Maintenance of the landscape infrastructure is paid for by the General Fund. Extraordinary repairs to the asphalt parking lot and concrete walkways are funded by property owner assessments that are capped at $14,200 per year.

Endowment Care Fund (077)

This fund holds the non-expendable account of the fees collected from cemetery patrons. Interest earned from the cash maintained is contributed for the current maintenance of the cemetery.

Engineering Operating Grant Trust Fund (144)

This fund accounts for revenues received from other governmental agencies that are designated for specific uses in the Department of Public Works. Grants are appropriated as they are received by the Department of Public Works and approved by the City Council.

Expendable Trust Fund (079)

The Expendable Trust Fund accounts for assets held in a trustee capacity where the principal and income may be expended in the course of the fund’s restricted/designated operations. Funds are appropriated as they are received by departments and approved by the City Council.

Fire Operating Grant Trust Fund (178)

This fund tracks revenues from other governmental agencies received by the Fire Department for fire safety and medical services activities. The grants are mostly provided by federal and County agencies. Grants are appropriated as they are received by the Fire Department and approved by the City Council.

Gas Tax Fund (121)

The Gas Tax Fund accounts for revenues and expenditures received from the State of California under Street and Highway Code Sections 2105, 2106, and 2107. Gas tax is imposed by the State as a per-gallon excise tax on gasoline and diesel fuel. Cities and counties receive an allocation from the State based on population and the proportion of registered vehicles. This funding is restricted for street maintenance, construction, and a limited amount for engineering.

Housing and Urban Development Fund (562)

The City of Santa Clara receives annual funds from the U.S. Department of Housing and Urban Development (HUD) to administer the Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) programs. The CDBG program funds various nonprofit agencies and other city departments to implement services that benefit low- and moderate-income persons. The HOME program funds a wide range of activities including building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people. Grantees are generally selected through a competitive process and provide such services as senior services, homeless outreach, housing rehabilitation, accessibility improvement, and code enforcement. The City currently dedicates HOME funds for the Tenant-Based Rental Assistance (TBRA) program. The increased investment in the TBRA in FY 2020/21 and FY 2021/22 represent the City's commitment to assisting lower-income households that were disproportionately impacted by the COVID-19 pandemic.

Housing Authority Fund (164)

The Santa Clara Housing Authority (SCHA) was established by the City Council to assume responsibility for managing and monitoring housing assets from the dissolution of the Redevelopment Agency (RDA). SCHA also assumes the responsibility for housing loans, which provide affordable housing and were made under various programs, for qualifying individuals and groups. The SCHA receives its main source of revenues from program income, which is used to support loan monitoring, administration, and other programs and projects of the Housing and Community Services Division of the Community Development Department.

Housing Successor Agency Fund (169)

All California Redevelopment Agencies (RDA) were dissolved on February 1, 2012. Following the dissolution, the City of Santa Clara was designated as the Housing Successor to the former RDA, responsible for paying off the former RDA's existing debts, disposing of the former RDA's properties and assets to help pay off debts, returning revenues to the local government entities that receive property taxes and winding down the affairs of the former Redevelopment Agency. The City has also elected to retain the former RDA's housing functions, including retaining all of the housing assets, rights, power, duties, obligations, and functions previously performed by the RDA in administering its Low and Moderate Income Housing Fund. Major funding commitments in FY 2020/21 include an $11.65 million loan to the Agrihood Project located at 90. N Winchester encompassing 361 units of new housing units, with 165 of those dedicated as affordable senior housing. A $5 million loan to Allied Housing for the construction of 80 affordable senior apartments located at 3335 Kifer Rd, and a $5 million loan to Freebird Development for the construction of 65 affordable housing units located at 2330 Monroe St.

Library Donations Trust Fund (072)

This fund accounts for donations that are received and accepted by the City of Santa Clara's Library Department. These donations are for designated uses. Donations are appropriated as they are received by the Library Department and approved by the City Council.

Library Operating Grant Trust Fund (112)

This fund accounts for revenues received from other governmental agencies that are designated for specific uses in the Library Department. Grants are appropriated as they are received by the Library Department and approved by the City Council.

Other City Departments Operating Grant Trust Fund (101)

The Other City Departments Operating Grant Trust Fund accounts for any financial award given by the federal, State, or other local government to the City for Citywide eligible operating programs. Grants that are designated for department-specific functions are deposited into the respective departments' operating grant trust fund. Grants are appropriated as they are received by departments and approved by the City Council. In FY 2019/20 and FY 2020/21, the City charged all expenditures related to COVID-19 to this fund in order to separately track these costs. FEMA reimbursements are also budgeted in this fund.

Parks and Recreation Operating Grant Trust Fund (111)

The Senior Nutrition Program provides a congregate meal setting where seniors can improve their health through balanced meals and socialization and is funded through a grant from the Santa Clara County Social Services Agency's Senior Nutrition Program and Community Development Block Grant funds. Seniors are encouraged to access the many services available at the Senior Center while on site and are given the opportunity to engage in Health & Wellness programs at the Senior Center. Grants are appropriated as they are received by the Parks and Recreation Department and approved by the City Council.

Perpetual Care Fund (076)

This fund accounts for current fees collected from cemetery patrons for the future maintenance of the Mission City Memorial Park when the facility reaches full capacity. Interest earned from the cash maintained is contributed for the current maintenance of the cemetery.

Police Operating Grant Trust Fund (177)

This fund tracks revenues from other governmental agencies received by the Police Department for law enforcement activities. The grants are predominantly provided by the State with a smaller portion received from the federal government. Grants are appropriated as they are received by the Police Department and approved by the City Council.

Prefunded Plan Review Fund (157)

Before any major real estate development project moves forward to construction, extensive studies are conducted (environmental, economic, and traffic) to ensure that that the project's impact on the community is well understood. The cost of these studies is generally paid for by developers with the funding provided to cities to ensure proper oversight of this process. This new fund for FY 2021/22 will account for all such activity moving forward.

Public Donations Fund (067)

The Public Donations Fund accounts for various donations the City receives from the public that are designated for specific uses. Per the City's Donation Policy, the City Manager is authorized to make funding available to departments for donations valued under $100,000. Donations of $100,000 or greater are appropriated as they are received by departments and approved by the City Council.

Public, Educational, and Governmental Fee Fund (221)

This fund accounts for the Public, Educational, and Governmental (PEG) fees the City receives from telecommunication companies, in accordance with the Cable Communications Act of 1984 and the Digital Infrastructure and Video Competition Act of 2006. PEG channels broadcast public meetings, news conferences and educational programming about City departments and programs as well as government-sponsored community events. PEG fees can be used for capital-related expenses including video production and streaming equipment as well as television monitoring technology and technical support. These funds can also be used for the renovation and construction of facilities such as Council chambers, public meeting rooms, and recording spaces.

Recreation Programs Operations Fund (041)

The Recreation Programs Operations Fund accounts for supply fees collected by the Recreation Programs of the City that are used for the purchase of materials and supplies consumed in the recreation classes and activities from preschool to young adults. The fund also holds donations including for citywide special event particularly the Arts, Crafts and Wine Festival which will be transferred to the Public Donations Fund. The Recreations Programs Operations Fund closed in FY 2019/20 with balances transferred to the General Fund and the Public Donations Fund.

Road Maintenance and Rehabilitation (SB1) Fund (122)

The Road Repair and Accountability Act of 2017 (Senate Bill 1) is a significant investment in California's transportation system which was signed into law on April 28, 2017. The funding from this investment must be used to fix roads, freeways, and bridges in communities across California, putting more dollars towards transit and safety. The majority of this revenue is from the Road Maintenance and Rehabilitation Account (RMRA), where cities have to prioritize repairing their existing infrastructure before addressing other transportation needs.

Traffic Fair Share Fund (124)

This fund is newly established in FY 2021/22 and is managed by the Department of Public Works. The Traffic Fair Share Fund is funded by developer contributions collected for specific jurisdictions and locations. Funding is allotted to non-City agencies for eligible projects or transfers to a capital project.

Traffic Mitigation Fund (123)

The Traffic Mitigation Fee is levied to fund improvements or programs to mitigate the City's traffic problems that result from development projects.

The following section details the City of Santa Clara's Special Revenue Funds and Other Funds' Statements of Sources and Uses and their Proposed Budgets for Fiscal Year 2021/22 and Fiscal Year 2022/23.

Enterprise Funds

This page is intentionally left blank.

ENTERPRISE FUNDS

Enterprise funds are used to finance and account for operations and activities performed by designated departments in the City or through third-party agreements. The operating revenues and expenses result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Principal operating revenues of the City's enterprise funds are charges to customers for services. Operating expenses for the City's enterprise funds include the costs of sales and services, administrative expenses, and maintenance of capital assets.

Utility rate increases for FY 2021/22* are as follows:

Utility Service	FY 2021/22	FY 2022/23	% Change	Additional Information
Water Residential per HCF	$6.69	$6.95	3.8%	
Recycled Water Irrigation per HCF	$3.74	$3.93	5.0%	
Sewer Residential Single Family per month	$44.53	$45.76	2.7%	
Solid Waste 32 Gallon Cart	$44.10	$49.05	11.2%	Includes recycling and yard waste charges
3-Cubic Yard Bin	$322.03	$389.02	20.8%	Serviced one time per week
Electric Residential per KWH	$0.1289	$0.1327	3.0%	Effective January 1, 2022

**Council approval in June 2021 and to be effective July 1, 2021 except for Electric rate*

Cemetery Fund (093)

This fund is managed by the Parks and Recreation Department and provides planning, development, operation, and maintenance of the City's two cemetery properties with one located on North Winchester Boulevard and one on Agnews Road. While there are charges for these services, the activities of this fund are primarily funded by transfers from the General Fund.

Convention Center Enterprise Fund (860)

This fund was established in 1984 to account for the operations of the City's Convention Center through third-party agreements. In February 2019, the City entered into an agreement with Global Spectrum, LP, dba Spectra Venue Management (Spectra). As part of the agreement, Spectra provided the City with an operating budget proposal for FY 2021/22 and FY 2022/23. These submittals have been incorporated into the source and use documents, with additional information provided in the Non-Departmental section of this document.

Electric Operating Grant Trust Fund (191)

The City's Electric Utility Department, known as Silicon Valley Power (SVP), initially established this fund for the Public Benefits Program, which helps make homes and businesses more energy-efficient. SVP is required to collect and spend 2.85% of its electric sales revenues (of customer service charges from Electric Utility Fund) in accordance with assembly bill AB 1890 on cost-effective energy efficiency, new renewable generation, low-income energy programs, and new electric technologies research and development. In FY 2019/20, two programs were added to include the Low Carbon Fuel and Greenhouse Gas programs that utilize restricted revenue that includes yearly reporting requirements. The mission of these programs is to create electrification projects by either decarbonizing of fleet vehicles or reducing the emissions of greenhouse gasses.

Electric Utility Fund (091)

This fund is managed by the Electric Utility Department, also known as Silicon Valley Power (SVP), and accounts for the operation of the City's electric utility service. The Department provides these services on a user charge basis to residences, businesses, and industrial customers, including large data centers.

Revenue sources in the Electric Utility Fund are dictated by the utility rate approved by the City, effective each January, based on SVP's ten-year forecast with their revenue and expenditure projections, and reserve requirements fulfilling debt service, capital improvement projects, rate stabilization, among other obligations. Electric rate increases have been relatively stable, so customers, both large and small, can plan for their uses. At the same time, for customers who have difficulty absorbing these increases, SVP continues to offer assistance to low-income customers and energy conservation programs and rebates to help customers reduce their electricity usage. SVP's estimated rate increase for calendar year 2022 is 3.0%.

SVP has nearly 58,000 customer accounts in the City, with that is made up of 85% residential, 12% commercial, 3% industrial, and <1% other. However, their proportion of revenue contribution is reversed, with almost 89% of revenues generated by industrial customers while residential, commercial, and other are 7%, 4%, and <1%, respectively. Industrial customers include many publicly listed technology companies headquartered in the City and data centers hosting servers for the same companies. Load growth of energy sales is based on a combination of historical data and forward-looking opportunities, especially from large key industrial customers. Additional revenues are generated through wholesale, capacity sales, and restricted revenue programs such as Green House Gas, Electric Vehicle, Renewable Energy Credits, and Low Carbon Fuel Standard. Given the high concentration of revenue generated from industrial customers, SVP's revenue growth prospect is highly correlated to Silicon Valley's economic growth.

Majority of expenses are due to cost of sales, such as energy resources purchases, cost of generating and delivering power to SVP customers, including transmission access charges that apply to all-electric energy that SVP receives via the PG&E transmission system and gas transmission charges for delivering fuel to SVP's gas-fired power plants.

Sewer Utility Fund (094)

This fund is managed by the Water and Sewer Utilities Department and accounts for the maintenance of the City's sewer lines and related facilities. The Department provides these services on a user charge basis to residences and businesses.

Each operating budget cycle, the Department develops a ten-year forecast with their revenue and expenditure projections. Revenue sources in the Sewer Utility Fund are dictated by the utility rate approved by the City and the actual water usage by residences and businesses. A rate study is conducted by a third-party consultant selected by the Water and Sewer Utilities Department; this information is then used to determine both revenue and expenditure projections in the forecast. In addition to the information provided in the rate study, revenue projections are based on historical data and anticipated activity. Anticipated expenditures also play a role in the development of the revenue projections. Expenditure projections are based on historical data and the capital project needs to be approved in the City's Capital Improvement Program budget. Additionally, the City co-owns the Regional Wastewater Facility with the City of San José. Estimates are provided by the City of San José for Santa Clara's share of the facility rebuild, and these estimates are also used in determining the expenditure projections in the Sewer Utility Fund.

Per the adopted budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, Construction, and Pension Stabilization. It also includes a Replacement and Improvement Reserve.

Solid Waste Fund (096)

This fund is managed by the Public Works Department and accounts for the administration of the City's garbage and rubbish collection service, including street sweeping, household hazardous waste, and Clean-Up Campaign services. The revenue projections are based on anticipated increases in garbage rates due to increases in agreements for exclusive franchise garbage and yard waste collection and solid waste processing services.

Per the adopted budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, and Pension Stabilization.

Water Recycling Fund (097)

This fund is managed by the Water and Sewer Utilities Department and accounts for the ongoing maintenance and operations of the City of Santa Clara's wastewater reclamation system. The Department provides these services on a user charge basis from the sale of non-potable water for irrigation and landscaping.

Each operating budget cycle, the Department develops a ten-year forecast with their revenue and expenditure projections. Revenue sources in the Water Recycling Program Fund are dictated by the utility rate approved by the City and the actual water usage by residences and businesses. A rate study is conducted by a third-party consultant selected by the Water and Sewer Utilities Department; this information is then used to determine both revenue and expenditure projections in the forecast. In addition to the information provided in the rate study, revenue projections are based on historical data and anticipated activity. Anticipated expenditures also play a role in the development of the revenue projections. Expenditure projections are based on historical data and capital projects need to be approved in the City's Capital Improvement Program budget.

Per the adopted budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, Construction, and Pension Stabilization.

Water Utility Fund (092)

This fund is managed by the Water and Sewer Utilities Department and accounts for the operation of the City's water utility services. The Department provides these services on a user charge basis to residences and businesses.

Each operating budget cycle, the Department develops a ten-year forecast with their revenue and expenditure projections. Revenue sources in the Water Utility Fund are dictated by the utility rate approved by the City and the actual water usage by residences and businesses. A rate study is conducted by a third-party consultant selected by the Water and Sewer Utilities Department; this information is then used to determine both revenue and expenditure projections in the forecast. In addition to the information provided in the rate study, revenue projections are based on historical data and anticipated activity. Anticipated expenditures also play a role in the development of the revenue projections. Expenditure projections are based on historical data and capital projects needs to be approved in the City's Capital Improvement Program Budget.

Per the adopted budget policy, this fund includes reserves for Rate Stabilization, Operations and Maintenance, Construction, and Pension Stabilization. It also includes a Replacement and Improvement Reserve and a Water Conservation Reserve.

The following section details the City of Santa Clara's Enterprise Funds' Statements of Sources and Uses and their Proposed Operating Budgets for Fiscal Year 2021/22 and Fiscal Year 2022/23.

Internal Service Funds

This page is intentionally left blank.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to finance and account for special activities and services performed by a designated department for other departments in the City on a cost-reimbursement basis.

Communication Acquisitions Fund (048)

This fund is managed by the Police Department and accounts for the maintenance and replacement of communication equipment used by various City departments. The source of revenue for this fund is fees charged to the departments that require this type of maintenance and replacement.

Fleet Operations Fund (053)

This fund is managed by the Department of Public Works and accounts for the maintenance of City-owned vehicles and equipment used by all departments. The source of revenue for this fund is fees charged to the departments requiring vehicle maintenance.

Starting in FY 2021/22, the Electric Operating Grant Fund will fund transfer funds from the Greenhouse Gas Program to cover the costs of planned electric vehicle replacements while funding is eligible.

Information Technology Services Fund (045)

This fund was established in FY 2019/20 and managed by the Information Technology Department. This fund accounts for citywide costs associated with computer and telephone equipment replacement as well as other services including new or upgraded software, additional licenses for new users, and general information technology services provided to all City departments. The source of revenue for this fund is fees charged to the departments that require information technology services.

Public Works Capital Projects Management Fund (044)

This fund was newly established in FY 2019/20 and managed by the Department of Public Works. This fund accounts for the Public Works staff time and non-personnel costs utilized to manage and work on specific capital improvement programs of the City. The source of revenue for this fund is fees charged to the departments requiring Public Works capital project services.

Special Liability Insurance Fund (082)

This fund accounts for liability exposures to the City, including general liability, auto liability, errors and omissions, and employment practices. The City's property coverage provides for property and boiler and machinery insurance for physical damage to buildings and other specific structures. The Special Liability Insurance Fund insures all City-owned property as well as property in the City's care, custody, or control, and property the City is contractually obligated to insure. The source of revenue for this fund is charges to the departments citywide as well as transfers from the General Fund.

Unemployment Insurance Fund (087)

This fund is managed by the Human Resources Department and accounts for the cost of unemployment insurance claims. The source of revenue for this fund is fees charged to the departments citywide.

The other agencies revenue estimated in FY 2020/21 and proposed in FY 2021/22 represents estimated subsidies from the State of California as apart of COVID-19 assistance measures to local governments.

Vehicle Replacement Fund (050)

This fund is managed by the Department of Public Works and accounts for the lifecycle, replacement, procurement, up-fit, and disposal of all vehicles used by City departments. The source of revenue for this fund is charges to the departments requiring these services.

Workers' Compensation Fund (081)

This fund is managed by the Human Resources Department and accounts for the costs of premiums, claims administration, and claims expenses related to injuries or illnesses sustained by members of the City's workforce. The source of revenue for this fund is fees charged to departments citywide. Department allocations are determined using prior year actuals and the frequency and severity of claims. This fund also includes budget for an actuarial study for workers' compensation.

The following section details the City of Santa Clara's Internal Service Funds' Statements of Sources and Uses and their Proposed Budgets for Fiscal Year 2021/22 and Fiscal Year 2022/23.

Capital Improvement Program Funds

This page is intentionally left blank.

CAPITAL IMPROVEMENT PROGRAM FUNDS

Capital Improvement Program Funds are established to account for specific revenues and expenditures that are earmarked for major improvements to the City's infrastructure, replacements and upgrades to City assets, and improvements and upgrades to the City's utilities. The City of Santa Clara has various capital funds set up for different types of capital projects.

Cemetery Capital Fund (593)

The capital projects included in this fund are related to construction, engineering, repairs, and design of the two City-owned cemeteries.

Convention Center Capital Fund (865)

This fund was established in FY 2020/21 through the Report to Council 21-1176 approved by the City Council on January 12, 2021. This fund accounts for the capital improvements to the Convention Center. Improvements to the Convention Center are funded by the initial City capital contribution from the General Fund in addition to developer contributions from the Convention Center operations management team, Spectra.

Electric Utility Capital Fund (591)

This fund accounts for projects pertaining to system improvements, substation construction, and technology projects. Customer service charges, developer contributions, and transfers from other enterprise funds are the primary source of revenue for these projects.

Fire Department Capital Fund (536)

This fund tracks projects that include the replacement of firefighting equipment, emergency generators, and firehouse safety systems. Grants and donations as well as the General Fund provide the funding for these projects.

General Government Capital Fund (539)

This fund accounts for projects primarily related to Information Technology projects, supported by revenues from developer contributions, grants, and transfers from the City's enterprise funds and the General Fund.

Library Department Capital Fund (537)

This fund tracks projects associated with the capital maintenance, construction, safety, and appearance of library facilities, primarily funded by the General Fund.

Parks and Recreation Capital Fund (532)

This fund accounts for the projects associated with the acquisition, development, and capital improvement of neighborhood and community parks, recreation facilities, and open space to meet the needs of the City residents. Funding sources for these projects include developer contributions, grants and donations, parks mitigation fees and Quimby Act fees.

Public Buildings Capital Fund (538)

The projects in this fund are associated with repairs and capital maintenance for public buildings, including mechanical and electrical systems, primarily funded by the General Fund.

Recycled Water Capital Fund (597)

This fund tracks projects related to the installation of recycled water mains, including extensions to existing service and for new developments, supported by recycled water customer service charges.

Related Santa Clara Developer Fund (540)

This fund tracks the financial resources from the Developer (Related) to fund City staff in pre-development and permit processing efforts for the Related Santa Clara project. The worked performed by City staff on these projects will be reimbursed by the developer.

Sewer Utility Capital Fund (594)

This fund tracks projects related to the construction and upkeep of the City's sewer system including sewer mains and the City of Santa Clara/San José wastewater treatment facility. These projects are funded through customer service charges, connection charges, debt financing, and the sewer conveyance fee.

Solid Waste Capital Fund (596)

The capital projects included in this fund are related to the construction of wells, well abandonments, erosion, maintenance of landfill gas, and miscellaneous landfill monitoring requirements. Funding sources for these projects include lease revenues and customer service charges.

Storm Drain Capital Fund (535)

The projects in the Storm Drain Capital Fund contribute to the expansion, construction, and rehabilitation of the City's storm drain system. Primary funding sources include the General Fund and developer-funded storm drain charges.

Street Lighting Capital Fund (534)

This fund accounts for projects related to the replacement and installation of citywide street lighting to provide adequate lighting for streets, new developments, and parking lots. These projects are funded via customer service charges, developer contributions, and electric public benefits charges.

Streets and Highways Capital Fund (533)

This fund tracks the City's projects that are related to the maintenance of local transportation facilities, traffic infrastructure, street rehabilitation, sidewalk, curb, and gutter improvements. Primary funding sources for these types of projects include traffic mitigation fees, gas tax, and Road Maintenance and Rehabilitation Account proceeds. Projects from several capital funds: Special Gas Tax, Traffic Mitigation and Street Beautification have been consolidated into the Streets and Highways Fund as of FY 2018/19.

Tasman East Infrastructure Improvement Fund (541)

This fund was established in FY 2020/21 through the Report to Council 20-787 approved by the City Council on November 17, 2020 and is managed by the Department of Public Works. This fund accounts for the impact fee revenues and project expenditures related to the Tasman East Specific Plan.

Water Utility Capital Fund (592)

The projects in this fund pertain to the construction and upkeep of the water system including water mains, hydrants, wells and pumps, storage tanks, and the asset management system. Customer service charges and developer contributions are the primary sources for these projects.

The following section details the City of Santa Clara's Capital Improvement Program Funds' Statements of Sources and Uses and their Amended Adopted Capital Improvement Program budget for Fiscal Year 2021/22.

Other Agency Funds

This page is intentionally left blank.

OTHER AGENCY FUNDS

The Sports and Open Space Authority of the City of Santa Clara (Authority) was created by the City Council in 1974 to establish a separate entity to acquire and develop open space within the City of Santa Clara. The validity of the Authority and its legal existence was established in 1975 by final judgment of the Santa Clara County Superior Court. The Santa Clara Golf and Tennis Club was developed by the Authority on City-owned land and operated under a management agreement with a private company and a private restaurant facility at the Golf and Tennis Club leased to a private operator. In 1997/98, the City Council set aside approximately 40 acres of the former golf course site to be preserved and maintained as open space, and in 1999 the Authority approved the sale of 4.3 acres of the former golf course property to the City's Redevelopment Agency to be disposed of as a site for development of affordable housing.

Santa Clara Golf and Tennis Club Fund (811)

This fund accounted for the operations of the City's public golf course. The operating lease expired and operations closed during FY 2019/20. This fund was closed effective FY 2019/20. However, there are ongoing maintenance costs funded by the General Fund until the property is turned over to the developer. These maintenance costs are budgeted in Non-Departmental.

Sports and Open Space Authority Capital Fund (840)

This fund accounted for the Authority's capital improvement program. The remaining fund balance was transferred to the Santa Clara Golf and Tennis Club Fund (as discussed in above section) in FY 2019/20. This fund was closed effective FY 2019/20.

Sports and Open Space Authority Fund (801)

This fund accounts for the acquisition and preservation of open space within the City and the development of local sports activities.

The following section details the Other Agency Funds' Statements of Sources and Uses and the Proposed Budget for Fiscal Year 2021/22 and Fiscal Year 2022/23 for Fund 801.

Mayor and City Council Offices

This page is intentionally left blank.

Mayor and City Council Offices Description

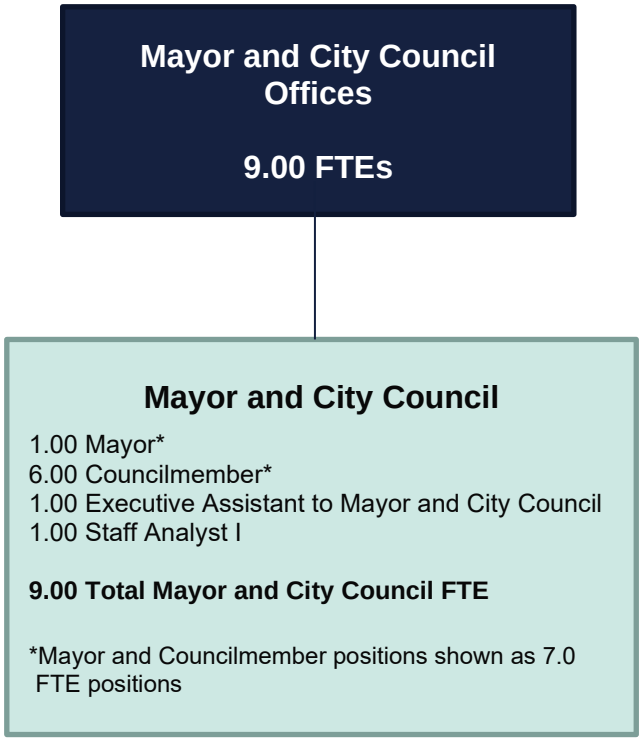
The City Council consists of a Mayor who is elected at large and six Councilmembers that are elected by district and serve staggered four-year terms. The Council, as the legislative body, represents the residents of Santa Clara and is empowered by the City Charter to formulate Citywide policy, enact local legislation, adopt budgets, and appoint the City Manager, City Attorney and City Auditor. The Council conducts City Council meetings and study sessions as required.

The Mayor and Councilmembers serve on county, regional, and State organizations representing the City's interests. The Mayor and Councilmembers also serve as Agency and Authority Board Members, Commissioners or Directors of the Bayshore North Project Enhancement Authority, Housing Authority, Industrial Development Agency, Joint Financing Authority, Public Facilities Financing Corporation, Sports and Open Space Authority, Stadium Authority, and Oversight Board for Successor Agency to the City of Santa Clara Redevelopment Agency.

Divisions and Services

The Mayor and Councilmembers are supported by the Mayor and City Council Offices staff. The Mayor and City Council Offices are organized under the Mayor and City Council Division.

Mayor and City Council Division Mission	Assist the Mayor and Councilmembers with implementation of established policies, goals and objectives.
Division Objectives	Assist Mayor and Councilmembers in scheduling appointments, making travel arrangements, and corresponding with legislators, constituents and members of the community.
	Assist with the coordination of meetings for several City committees and several area wide/outside agency committees.
	Coordinate concerns from members of the community in an effort to increase transparency and responsiveness.
	Provide support to Mayor and City Council on all administrative needs and research needs, including support for Council Committee and intergovernmental assignments.
	Provide general administrative support to the Mayor and Councilmembers.



Significant Accomplishments

- Supported the City Council with its policy priorities
- Maintained compliance with applicable requirements, e.g., calendar disclosures, public records requests, and other government transparency requirements
- Provided direct support to the Mayor and City Council on all administrative needs and research needs, including administrative support for Council Committee and intergovernmental assignments
- Provided administrative support to the Governance and Ethics Committee, Economic Development, Communications, and Marketing Committee, City/School (SCUSD) Liaison Committee, and City/Mission College Liaison Committee
- Assisted with the establishment of the Task Force on Diversity, Equity, and Inclusion and provided ongoing staff support
- Responded to constituent concerns and inquiries within three business days.
- Approved and processed proclamations, commendations, and recognition requests in time for events.
- Responded to requests for Mayor and/or Council's appearance within two weeks of request.
- Provided logistical support for various COVID-19 community outreach programs such as the Citywide “Mask-Up Santa Clara” face distribution events and Mayor@Noon livestream broadcasts.
- Served as Commodities Lead at the Healthy Meals Santa Clara food distribution program and provided staff support at the Senior Nutrition Meal Program.
- Responded to and referred a high volume of resident inquires and concerns regarding the COVID-19 pandemic, Shelter-in-Place orders, and available resources.

Mayor and City Council Travel

In accordance with the City’s administrative policy on official travel by elected officials, Council Policy 043, official travel is approved in advance annually with the Mayor and City Council Offices’ Operating Budget. The following are the conferences, meetings and events that are scheduled for Mayor and Councilmembers’ attendance:

Conference	FY 2021/22 Budget	FY 2022/23 Budget
National League of Cities Annual Conference	4,505	4,595
League of California Cities Annual Conference	12,437	12,810
League of California Cities New Members Academy	-	7,300

City Attorney's Office

This page is intentionally left blank.

City Attorney's Office Description

Section 908 of the City of Santa Clara Charter provides:

The responsibilities of the City Attorney's Office consist of the following: represent and advise the City Council and all City officers in all matters of law pertaining to their offices; represent and appear on behalf of the City and any City officer or employee in all legal actions or proceedings which the City or any such officer or employee, in or by reason of his/her official capacity is a party; provide the City Council with information and advice regarding ongoing litigation and legislation affecting the City; attend all meetings of the City Council and give advice or an opinion in writing whenever requested to do so by the City Council or officers of the City; staff board and commission meetings as necessary; approve the form of all bonds given to and all contracts made by the City, endorsing approval thereon in writing; review and approve all ordinances and resolutions and amendments thereof; prosecute cases for violation of the Charter and City ordinances; and assist and provide training on current issues in the law and City policy as needed.

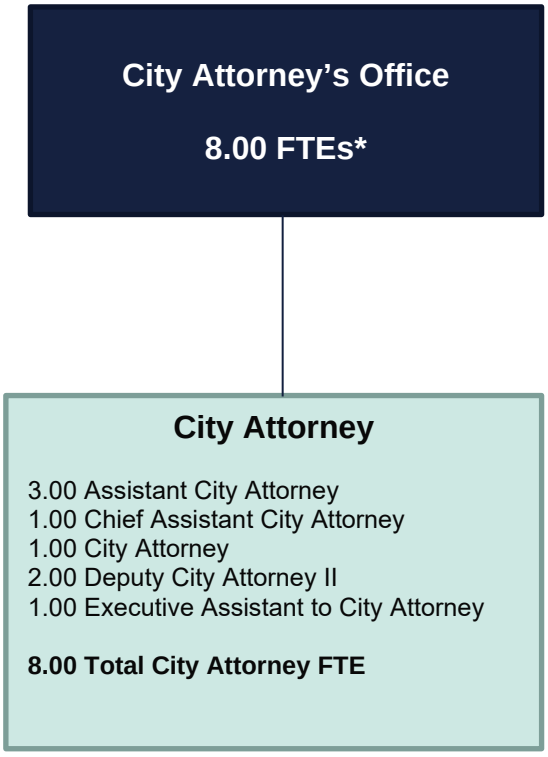
The City Attorney's Office will continue to provide legal advice and support on matters initiated by the City Council, City Manager's Office, and City departments, including review and negotiation of contracts, leases, licenses, policies, and Public Records Act requests responses.

Divisions and Services

The City Attorney's Division is organized under the City Attorney's Office.

City Attorney Division Mission	Provide professional municipal legal services to the City Council, policy makers, boards, commissions, and staff in their official capacities.
Division Objectives	The Court and Trial Division shall provide hearing and trial counsel services, handle discovery and other necessary proceedings incident to hearings and trials.
	The Contract and Transaction Division shall assist various City departments in negotiating and preparing complex agreements, legal documents, etc.; prepare correspondence and answer complex inquiries from City departments, other agencies, and third parties; with special assistance, participate in preparing civil cases and administrative cases in utility matters
	The Research and Opinion Division shall interpret the law, prepare legal opinions, and prepare and review resolutions, ordinances, bonds, invitations for bids and proposals, contracts, deeds, and related instruments; prosecute actions involving City ordinances; prepare correspondence and answer routine inquiries from City departments and other agencies.
	The Library and Clerical Division shall maintain the law library and perform all secretarial and clerical duties required in support of the City Attorney and divisions of the City Attorney's Office as are assigned or directed, and other related work as is assigned.

Significant Accomplishments



- Drafted City ordinances, including: Covid-19 Eviction Moratorium Ordinance, Temporary Limit on Third-Party Food Delivery Service Fees Ordinance, Permanent Ban on Commercial Marijuana Ordinance, Parental Liability Ordinance, Workers Retention Rights Ordinance, Repeal of Section 8.32.130 (Possession of Tobacco by Persons Under 21) Ordinance, International Exchange Commission Reinstatement Ordinance.
- Implementing new case management system, Advologix, to accurately manage and track transactional and litigation matters for City departments and Stadium Authority to provide more efficient legal services and better reporting to City Council and City Staff.
- Completed approximately 1,270 legal service requests, which included legal advice, review and negotiations of contracts, leases, licenses, and policies related to the day-to-day operations of the City of Santa Clara while maintaining full City Attorney operations during the Covid-19 pandemic under reduced FTE and budget.

Significant Objectives

- Assist with Stadium issues:
    - Related to non-NFL events
    - Related to audit recommendations and implementation
- Assist with comprehensive Zoning Ordinance Update
- Assist with election issues
- Assist with analysis of conflict of interest issues
- Assist with City Administration improvements with procurement and contracting
- Continue with internal CAO process improvements and reporting of more meaningful measures

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
    - Froze 1.0 Legal Office Specialist III position, one of two administrative support positions for the City Attorney's Office
    - Reduced the non-personnel budget (e.g., legal couriers, training, legal subscriptions, supplies and materials)
- Addition of 1.0 Assistant City Attorney to focus on legal matters regarding Silicon Valley Power (SVP) funded by a reimbursement from SVP
- Realignment of legal services costs from the Special Liability Fund to the City Attorney's Office budget for expenses that are not related to an active claim. These costs are a net-zero shift from the Special Liability Fund and are reallocated to better align with the practice of using the internal service fund only for claims related expenses.

**The positions above represent all funded positions. This excludes the 1.0 Legal Office Specialist III position that was frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).*

Addition of 1.0 Assistant City Attorney for SVP	1.00	0	320,835	0	335,650

Program: 2412 Program Litigation

This action adds 1.0 Assistant City Attorney in FY 2021/22 to provide support for the City Attorney's Office in handling the range of legal issues on behalf of Silicon Valley Power, including: review and advice concerning regulatory matters; contract negotiations for power supply and transmission; procurement and negotiation of contracts for construction, maintenance and repair of electric facilities; assistance with acquisition of real property rights for rights of way and easements for electrical facilities; participation in municipal power authority associations; and oversight and supervision of outside counsel for federal and state regulatory matters.

Performance Impact

This addition provides the needed capacity to address a wide range of Silicon Valley Power legal issues.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Performance and Workload Measures

City Attorney Division

Workload Measures

	Strategic Pillar	2018/19 Actuals[1]	2019/20 Actuals	2020/21 Target	2020/21 Estimate	2021/22 Target	2022/23 Target
Number of legal service requests reviewed within ten working days after receipt from the Department		2,482	1,580	1,800	1,900	1,800	1,800
Number of training sessions presented for City officials and staff		8	5	5	5	5	5
Number of ordinances and resolutions drafted or reviewed by CAO		213	113	100	40	40	40
Issue quarterly litigation status reports		4	4	4	4	4	4
Review, on a quarterly basis, the status of all workers' compensation claims and provide direction regarding litigation and claim review as needed to City staff and outside counsel		4	4	4	4	4	4
Prosecute cases for violations of City Code		21	24	40	45	40	40

[1]FY 2018/19 are higher than previous years' actuals due to full staffing levels to handle the case load. The City Attorney's Office anticipates a decline in FY 2019/20 and FY 2020/21 due to changes in enforcement policies and new regulations.

City Clerk's Office

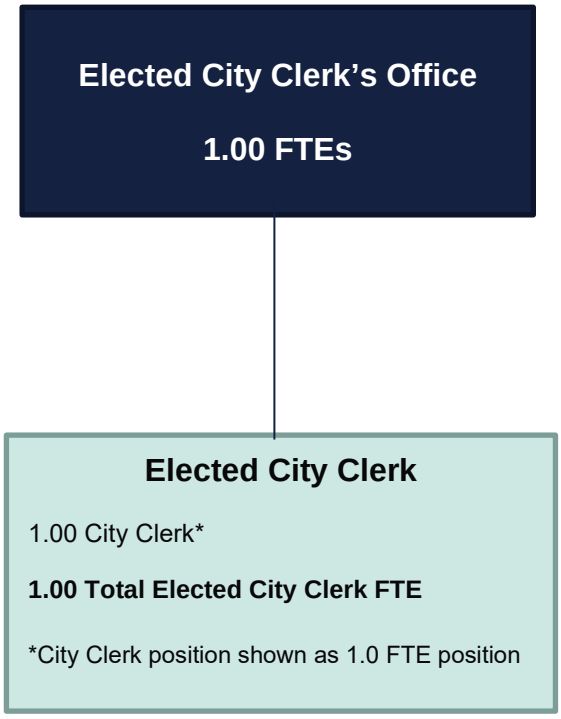
This page is intentionally left blank.

Elected City Clerk's Office

The Elected City Clerk duties are to (a) be the custodian of the seal of the City and (b) have charge of all City Elections. The Elected City Clerk would maintain sole responsibility for administering all aspects of City elections (e.g., Mayor, City Council, and Chief of Police).

Divisions and Services

The Elected City Clerk's Office is a division organized under the City Clerk's Office.



Elected City Clerk Division Mission	Ethically serve the needs of the citizens of the community by facilitating all aspects of City elections in accordance with the City Charter, Municipal Code, California Elections Code and Political Reform Act.
Division Objectives	To develop and execute strategies to broaden outreach throughout the community to increase transparency and education.
	To design and implement new City initiatives related to Measure N, which changed the method of elections from at-large to by-district voting for City Councilmembers, excluding the Mayor.
	To increase voter registration in the City through effective community engagement programs such as citizens outreach.

Significant Accomplishments

- Successfully oversaw the City's first district-based election in FY 2020/21 which encompassed four council seats.

Significant Objectives

- Focus on redistricting efforts in FY 2021/22. The use of existing election outreach funding will support the redistricting activities for the City.

Assistant City Clerk's Office Description

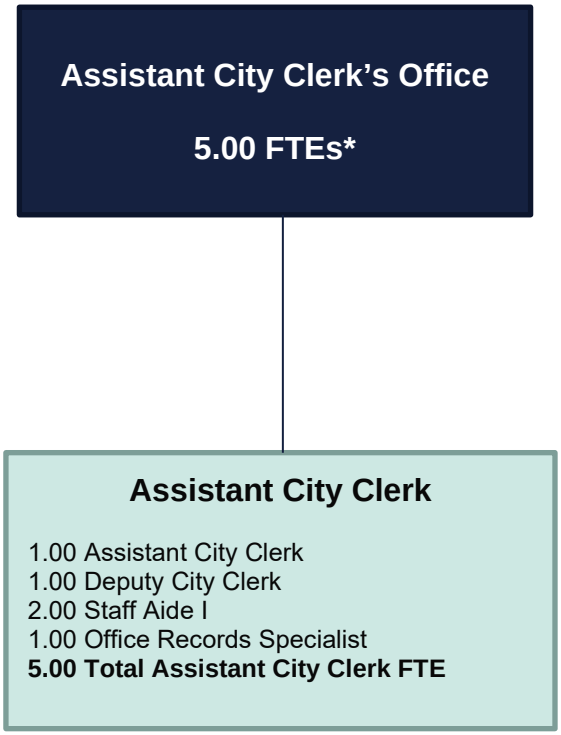
The Assistant City Clerk oversees the day-to-day operations of the City Clerk's Office. The Office of the Assistant City Clerk processes the agendas for and attends all meetings of the Council and Authorities Concurrent and Stadium Authority meetings, maintains accurate and up-to-date records of the proceedings of those meetings and makes those records open for public inspection. The Office of the Assistant City Clerk processes and maintains copies of City contracts, ordinances, resolutions and other official documents. The Office of the Assistant City Clerk manages and compiles City records in accordance with the Records Retention Schedule and in response to Public Records Act requests. The Office of the Assistant City Clerk administers campaign and disclosure laws, the Campaign Finance Ordinance, Regulation of Lobbying Activities program and the Calendars of Certain City Officials program. The Office of the Assistant City Clerk also administers oaths of affirmation pertaining to the affairs and business of the City and certifies copies of official records.

Divisions and Services

The Assistant City Clerk's Office is organized under the City Clerk's Office.

Assistant City Clerk Division Mission	Maintain and ensure that all official records and documents are accessible to the public; ensure timely publication, posting and/or mailing of ordinances, resolutions, calendars of certain City Officials, lobbyist registration forms and semi-annual reports, and other notices; attend and keep an accurate record of Council meetings; and respond to all requests for information efficiently and courteously.
Division Objectives	To continue to work with all City departments to ensure accuracy of the Records Retention Schedules with emphasis on electronic records and historical and vital records.
	To continue to work with the Information Technology Department and the City Attorney's Office to ensure integrity and compliance with the Records Retention Program, including updating the Records Retention Schedules.
	To continue the records management software training for City staff and work with departments to inventory and classify records.
	To continue to track agreements for all City departments to ensure that active agreements are readily available and inactive agreements are retained according to retention schedules.

Significant Accomplishments



- Collaborated with the City Attorney's Office and created Electronic Form for City Attorney's Office review and collaboration with City Departments on City Business
- Collaborated with Community Development – Housing Division in the implementation of an Emergency Rental Assistance Application through Laserfiche.
- Transitioned and supported all public meetings (Council, Stadium Authority, Boards, Commissions, and Committees) to virtual meetings via Zoom
- Implemented an online Public Records Act Request Portal - NextRequest
- Increased Lobbyist Fees for full cost recovery of the program
- Assistant City Clerk worked closely with the City Clerk to accomplish the following;
  - Implemented and conducted a Special Election – March 2020
  - Implemented and conducted the November 2020 General and Special Election

Significant Objectives

- Implement and support enhanced functionality for the enterprise document management system as a citywide resource for records management, the use of forms, compatibility with mobile devices and other functionality as appropriate
- Identify and focus on key elements of the enterprise document management systems that will enhance productivity and increase transparency through the public meeting process and access to information. Continue to provide prompt and thorough responses to requests for public records and to assure that all official records and document are accessible to the public

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
  - Froze 1.0 Deputy City Clerk position
  - Reduced the overtime budget
  - Reduced the non-personnel budget (e.g., training, supplies and materials, closed captioning consultant services)

**The positions above represent all funded positions. This excludes the 1.0 Deputy City Clerk position that was frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).*

City Auditor's Office

This page is intentionally left blank.

City Auditor Division Description

The City Auditor's Office is an independent office that reports to the Audit Committee and City Council. The Office conducts performance audits and reviews of City departments, programs and services, and makes recommendations to strengthen accountability and improve efficiencies and effectiveness of City programs and business processes. The audits may assess internal controls over financial reporting and evaluate the adequacy of system of internal controls, and compliance with applicable laws, rules, regulations, and City policies and procedures.

The Office prepares an annual audit work plan for the City Council's approval and issues semi-annual audit status reports and annual follow-up reports on outstanding audit recommendations to the City Council for review.

The Office provides oversight of external auditors regarding the City's annual financial audit, single audit, annual compliance review with the City's Investment Policy, performance audits and related financial audits. Furthermore, the City Auditor's Office is responsible for the of the Stadium Authority's annual financial audit.

Additionally, the Office administers the City's Fraud Hotline program and performs investigations for all material complaints received related to fraud, waste, and abuse.

Divisions and Services

The City Auditor Division is organized independently from operations.

City Auditor Division Mission	The City Auditor's Office mission is to promote honest, efficient, effective and fully accountable city government through accurate, independent and objective audits.
Division Objectives	Establish performance audits within the organization to better understand how our programs are performing in comparison with neighboring jurisdictions
	Conduct in-depth financial and performance audits.
	Oversee the City's performance management system, auditing and approving all bills, invoices, payrolls, demands or charges against the City before payment.

Significant Accomplishments

- Completed the Annual Cash Disbursement review for the City of Santa Clara
- Completed the Non-NFL Event review of the Santa Clara Stadium Authority for the first three years of stadium event operations
- Completed continuous oversight of the annual financial audit contracts for the City and Santa Clara Stadium Authority
- Participated in the award of a new Financial Management System for the Santa Clara Stadium Authority
- Transition two new employees from the Finance Department to the City Auditor's Office as placements from Phase 1 Budget Rebalancing proposals. The Senior Performance Auditor position was overfilled with an Audit Manager to advance the Audit Workplan.

Significant Objectives

- Continue to reintroduce an audit function and pre-audit work processes for the City in an effort to promote greater accountability
- Increase the economy, efficiency, effectiveness, and accountability of City government through audits and their recommendations
- Maintain an effective follow-up process to monitor and evaluate the adequacy, effectiveness and timeliness of actions taken by management to address audit recommendations and report to the City Council on the actions taken
- Establish a whistleblower hotline for fraud, waste, abuse and related ethical issues
- Administer the whistleblower hotline and perform investigations for all material complaints
- Provide oversight of external auditors regarding the City and Santa Clara Stadium Authority's financial and performance audits
- Prepare the City's Annual Audit Work Plan for FY 2021/22 (mid-year) and FY 2022/23

Budget Highlights

- The City Auditor function, previously overseen by the City Clerk's Office, was transitioned to the Finance Department with the Assistant Director of Finance assuming the role of the City Auditor. In June 2020, the Council approved Ordinance 2020 to create a new City Auditor classification and move the City Auditor's Office to an independent office under the purview of the City Council. As part of the transition, 1.0 Office Records Specialist from the City Clerk's Office, 0.33 Office Specialist IV reallocated from various divisions in the Finance Department, and 1.0 Accountant from the Accounting Services Division were reallocated to the City Auditor's Office. Additional changes are incorporated in this budget, including:
  - Base Budget changes including the addition of the City Auditor position and deletion of the Finance Assistant Director aligned to this program and shift of 0.33 Office Specialist IV position to the Finance Department as this position is dedicated to Finance Department functions.
  - Phase 1 Budget Rebalancing approved March 9, 2021: Realized vacancy savings through the City Auditor position.
  - Phase 2 Proposed Budget: Savings of $125,000 is expected to be generated from the City Auditor position due to the anticipated partial year vacancy of this position.
- The Office did not produce a workplan for FY2020/21 due to staffing shortage and the vacancies. With the recently filled positions from the Phase 1 Budget Rebalancing, staff will continue to work on advancing the projects in the FY 2019/20 workplan and procuring audit firms to assist with the effort.
- Audit staff will work with outside consultants to assist with establishing the audit workplan for FY 2021/22 (mid-year) and FY 2022/23.
- Audit staff will also be able to roll out the Whistleblower Hotline for the City in the coming fiscal year.

Programs: 3352 - City Auditor Administration

This proposal reduces the City Auditor's Office budget by $125,000 to recognize savings from the anticipated City Auditor vacancy through a portion of FY 2021/22.

Performance Impact

The Audit Manager would continue to manage City audits, which would primarily be contracted out. City audits provide valuable information to improve City operations and address issues independently identified as part of the audit process.

Strategic Pillar: Manage Strategically Our Workforce Capacity and Resources

[3] *The 2019-20 data for the completed work does not include 4 additional ad hoc projects the Office completed.*

City Manager's Office

This page is intentionally left blank.

City Manager's Office Description

The City Manager's Office is responsible for providing direction and support to all City departments for day-to-day operations and strategic planning, and support to the City Council with its policy making. The City Manager's Office also provides general administration for the Sports and Open Space Authority, Housing Authority, and Successor Agency of the former Redevelopment Agency; ensures city-wide emergency preparedness; drives strategic planning and organizational development; oversees employee relations; directs the preparation of the budget in conformance with the Council's approved priorities and Budget Principles; and advises Council of the City's financial outlook. In addition, the City Manager's Office has direct responsibility for economic development, community outreach and engagement, property management, special projects, and legislative research and analysis.

Divisions and Services

The City Manager's Office is organized into two Divisions: City Council Support and Leadership and Management Services.

City Council Support Division Mission	Support the City Council with its policy decisions and assist with establishing and implementing goals, objectives, and planning strategies to maintain a thriving community with efficiently delivered City services.
Division Objectives	Provide policy support for decision making by assisting Council in establishing policies and priorities, deciding on regional, State, and federal legislative positions, and executing its legislative responsibilities.
	Build intergovernmental relations and promote a strong, effective advocacy voice for legislation that will benefit the City.
Leadership and Management Services Division Mission	Support the Santa Clara community through strategic planning, day-to-day oversight of operations, policy development, and fiscal planning. This Division also leads economic development, organizational development, community outreach and engagement, and the implementation of key policies and programs.
Division Objectives	Implement Council direction while overseeing City operations and department resources, economic development, management of City-owned properties, and the development and implementation of key policy.
	Plan and execute highly complex, citywide projects while strategically developing a more effective and efficient organization.
	Enhance the City's community outreach and engagement efforts by updating the City's communications plan and informing residents and businesses about issues through press releases, Community Letters, the City Hall News online, Inside Santa Clara (the City newspaper for residents and businesses), the City's website and social media channels.

Significant Accomplishments

- Updated structure for annual two-day Council Priority Setting Session to highlight budget and fiscal needs and COVID-19 efforts, which the Council unanimously approved as the City's top priorities for the near future
- Facilitated the onboarding and orientation of three Councilmembers elected in November 2020 in support of a smooth transition, including three virtual onboarding sessions and regular briefings on key topics
- Supported an extended outreach campaign for 2020 Census through October 2020 to ensure all Santa Clarans were counted, resulting in a higher self-response rate than the 2010 Census
- Hosted Town Hall on the City's Dark Money Ordinance with City Clerk in February 2020 to help the community learn more about fair election practices
- Hosted three virtual State of the City events where community heroes from all districts were highlighted and reached thousands of residents by phone and through the City's online streaming platforms
- Launched the City's Workers' Cooperative Initiative to support business owners and their workers to transition to employee ownership as a succession option through trainings, consultation or legal advice, free of charge provided by third-party consultants
- Strategically distributed $1.59 million in CARES Act funding that supported the City's food assistance program, Small Business Assistance Grant Program and other COVID-19 related expenditures
- Launched marketing for the sale of Successor Agency property located at 5201 Great America Parkway, Santa Clara, CA
- Continued implementation of the City's Smoking and Tobacco regulations Ordinance that expands smoking restrictions in many public places and multi-unit residences. On February 23, 2021, City Council adopted Ordinance No. 2029 repealing Section 8.35.130 ("Possession of Tobacco by Persons Under 21 Years of Age")
- Launched an award-winning website redesign in December 2019, with recognition by the National Association of Government Web Professionals 2020 Pinnacle Award in the City/County and 1st place honors in two categories for the 2020 Excellence in Public Information and Communications, for innovative communications and design of the City's website
- Redesigned the City's quarterly newspaper, "Inside Santa Clara" with a new design and organized content to further brand Santa Clara as "The Center of What's Possible" in June 2020
- Launched a new redesign for the City Manager's biweekly report as "City Hall News" in October 2020, to provide an improved user experience to disseminate pertinent information to the community. Provided digital and print versions to the senior community
- Created a cohesive and updated redesign to the monthly utility bill insert, "Mission City Scenes" as "Mission City News", to connect the theme with the City Manager's City Hall News in February 2021
- Relaunched "Santa Clara Source" videos with a new look in February 2021, as a comprehensive update to include more pertinent citywide information, in addition to Council's actions from Council and Stadium Authority meetings to the public
- Developed a series of video messages from the City Council on cultural and holiday events including Eid al-Fitr, Kwanzaa, 4th of July, Black History Month, Diwali and more

COVID-19 Communications

- Launched an extensive outreach campaign on the relaunch of the City's drive-thru window to provide City billing and finance services during the COVID-19 pandemic, with a video message shared on various communication channels including social media and garnered local press coverage in August 2020
- Created a campaign called Santa Clara Has It Covered in April 2020 to include messaging with video and digital graphics to encourage Santa Clarans to wear a face covering

- Supported various City departments for video production including some highlighted videos for: virtual Parks & Recreation programs, Santa Clara City Library programs, Annual Cleanup 2020 campaign and safety overview, EV charging stations and "Why I drive an EV", Play it Safe Santa Clara, Reed & Grant Sports Park and more
- Developed content and implemented "Mayor@Noon" live, interactive video series that began in September 2020 to inform the public of COVID-19 updates and impacts to Santa Clara, launched the weekly series on the City's Facebook live, YouTube and Santa Clara City television channels
- Engaged in robust community outreach effort on topics of interest to Santa Clara communities such as ongoing activities in the City, COVID-19 relief programs, such as Healthy Meals Santa Clara and Food for Families, a 6-month relief on garbage rates, Help Your Neighbor, COVID-19 free testing. Provided public information through digital and print communications, the City Manager's "City Hall News" publication, Letters to the Community, increased social media presence and numerous community meetings and online surveys (Open City Hall)

Facilitated COVID-19 Relief Efforts for Businesses with City Departments

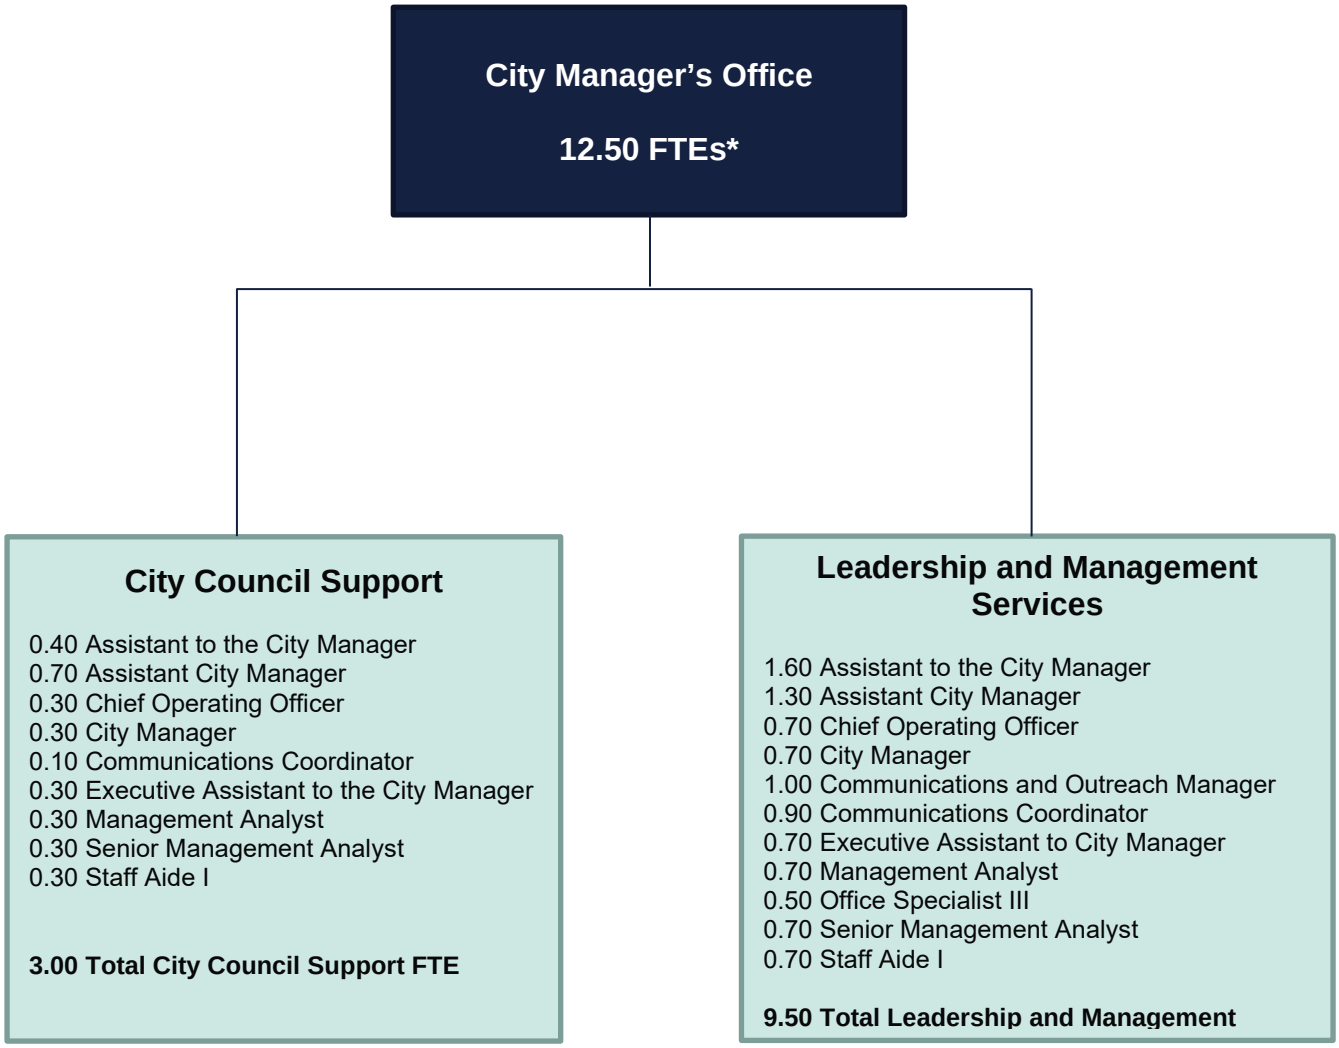
- Supported Santa Clara small businesses by developing and launching a Small Business Assistance Grant Program that awarded over $1.7 million in funds to 248 small businesses and nonprofits
- Established a temporary ordinance that caps fees that a third-party delivery service can charge Santa Clara restaurants for their services during the COVID-19 pandemic
- Established an ordinance to add worker recall protections for Santa Clara workers
- Revised Worker Retention Ordinance to provide hotel service workers retention rights

Facilitated COVID-19 Relief Efforts for Residents with City Departments

- Distributed regular COVID-19 updates to the community with the latest information on the COVID-19 pandemic as well as the City's response efforts
- Supplied donated masks/face coverings to the community
- Launched the Healthy Meals Santa Clara program to provide Santa Clara Union School District families with weekend meals, as well as worked with Mission City Community Fund to raise funds for the program
- Adjusted Senior Nutrition Program to a Drive-thru Meals Program for approximately 180 seniors per day in response to the COVID-19 pandemic to keep seniors safe and healthy
- Implemented delivery of weekend meals to homebound seniors
- Partnered with Second Harvest/Salvation Army Silicon Valley for ongoing use of City employees as Disaster Service Workers to support weekly food distribution program
- Developed an emergency rental assistance program for residents experiencing hardship due to COVID-19
- Adopted an Ordinance for a temporary moratorium on evictions for non-payment of rent
- Implemented a six-month relief on garbage rate increases for all residents and businesses
- Implemented a suspension on service disconnections for utility (electric and water) nonpayment to assist those impacted by COVID-19
- Leveraged the Silicon Valley Power Public Benefits Program to issue a $30 credit on all residential electric bills to assist during the COVID-19 pandemic
- Implemented virtual construction/building inspection options
- Relaunched the Help Your Neighbor Program to allow community members to donate funds in support of their neighbors
- Reopened drive-through window at City Hall for safe, in person utility bill payment, and other financial transactions
- Established a City of Santa Clara Reference Line launched for residents who may have questions about City

services and programs during the COVID-19 emergency response

- Transitioned to virtual Council and public meetings, allowing for continued community engagement



Significant Objectives

- Provide redistricting options for Council consideration following the release of 2020 Census data and engage the community in any necessary changes so that they can be adopted in compliance with federal timelines
- Facilitate additional conversations about Council Priorities following the COVID-19 pandemic to develop a shared understanding of the state of the organization and the Council's future priorities
- Continue to support the City Council, the priority setting process, and regular, special and committee meetings
- Continue to provide leadership and professional management to the City government organization
- Continue to work with various stakeholders to advance the land use planning and development of Santa Clara's downtown
- Continue to mitigate deficits projected in the City's Ten-Year General Fund Financial Forecast through development of revenue strategies, implementation of alternative service delivery models and expenditure reductions
- Oversee and mitigate the impact of service level changes, if any, related to council districts and new developments
- Continue to support the City Council and departments with federal and State legislative priorities and goals
- Continue to build intergovernmental relations and promote a strong, effective advocacy voice for State and federal legislation that will benefit the City
- Work with regional partners to develop and implement goals and measures that reduce aircraft noise, including the Santa Clara/Santa Cruz Counties Airport Community Roundtable and other efforts
- Work with stakeholders to advance economic development efforts to promote Santa Clara tourism and businesses
- Continue to support the Santa Clara Convention Center with transitioning its new operator and advancing our mutual goals as articulated in the Management Agreement
- Provide strategic communications support to departments across the City with a focus on programs and projects related to Council priorities
- Continue to support City's deployment of improved public service deployment for public gatherings, including Levi's Stadium
- Continue to implement audit recommendations and support the City Auditor with completing audits
- Continue to support the community with administering various special events and the City's grants program
- Continue to coordinate citywide outreach efforts to increase community engagement on key projects such as the Pruneridge Complete Streets Plan, Tobacco Policies Santa Clara and other key initiatives
- Provide strategic communications support to city departments with a focus on programs and projects related to City Council priorities
- Continue to increase communications and outreach by use of integrated communication strategies including increasing video messaging, enhancing social media engagement, and developing campaigns around sharing city stories through "Love Santa Clara" initiative
- Enhance and further define the search function on the City website for enhanced user experience, redesign the homepage of the website for better functionality and continue to improve the website

- Continue to manage City's Customer Relationship Management System, MySantaClara, to provide a more effective and user-friendly experience to Santa Clara residents, businesses and visitors

Budget Highlights

- Recommends a carefully balanced FY 2021/22 and 2022/23 Biennial Operating Budget that reflects the City Council priorities and continues to build on the foundation of financial sustainability
- With a combination of strategies to address the General Fund shortfall, the budget balances the competing goals of aligning ongoing revenues and expenditures and minimizing the service delivery impacts to the community, which is one of the budget principles adopted for FY 2021/22.
- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
    - Contractual services, including miscellaneous consultants, property audits, economic analysis and development, property appraisals, the commercial cannabis program, and legal services for property management
    - Reduction in advertising and community promotion
    - Elimination of the risk consultant allocation
    - Froze 1.0 Assistant City Manager position that is vacant as the previous incumbent serves as the Chief Electric Operating Officer
- Includes migration of all the membership, conference, travel, and training budgets from City Manager's Office to Non-Departmental. Ongoing membership fees, conference, travel, and training costs will be included as a line item under the Non-Departmental Citywide Program
- Includes ongoing funding of $95,000 for consultant services to track and monitor proposed State and federal legislation that may impact the City

**The positions above represent all funded positions. This excludes the 1.0 Assistant City Manager position that was frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).*

Community Development Department

This page is intentionally left blank.

Community Development Department Description

The Department consists of three divisions: Planning, Building, and Housing and Community Services. The Department's primary purpose is to guide the ongoing physical development of the community, which includes long range land use planning, review of new development proposals and construction to ensure that it conforms to the standards of the City and State and the provision of affordable housing within the City of Santa Clara. The Department acts as an advisor to the City's decision-makers in these areas and carries out the policies of the City Council. Santa Clara's policies and standards are contained in the General Plan, Zoning Ordinance, California Building Codes and adopted City Council policies. Plans for all new structures are reviewed and construction inspections are made to verify the safety and basic quality of work. Maintenance of the City's General Plan, proactive land use planning to meet the future needs of the community, and the delivery of high-quality professional services, including the enhancement and streamlining of the development permit process, and forging partnerships to provide housing services to lower income members of the community are primary objectives of the Department.

Divisions and Services

The Community Development Department is organized into three Divisions: Planning; Building; and Housing and Community Services.

Housing and Community Services Division Mission	The Housing and Community Services Division administers the City's federal Community Development Block Grant (CDBG) and HOME Investment Partnerships Act Program (HOME) entitlement grant programs. The federal entitlement grants are used to promote affordable housing, rehabilitate substandard housing, provide neighborhood improvements and remove barriers to persons with disabilities, and fund public services for low- and moderate-income residents. Additionally, the Housing and Community Services Division administers the City's inclusionary housing program, which requires that a percentage of new development units be dedicated to low and moderate-income residents. Also, the Housing Division continues to manage its Redevelopment Agency legacy assets which include land and cash available for development, loans to first-time homebuyers, and other new affordable development projects.
Division Objectives	Complete an annual Consolidated Plan for utilizing federal funding received by the City. The plan identifies community development and affordable housing needs and determines activities to be implemented that will assist low- and moderate-income people.
	Administer our two core federally funded programs: Tenant Based Rental Assistance (TBRA) and Neighborhood Conservation and Improvement Program (NCIP).
	Complete in a timely fashion those budgeted capital improvement projects receiving funds from the federal CDBG Program and HOME Investment Partnership Act Program.
	Achieve the community service goals required of City-funded public service agencies.
	Encourage and finance the construction and maintenance of housing affordable to lower- and moderate-income households utilizing the revenues from the following three housing funds: Housing Successor, City Affordable Housing and Housing Authority. Provide opportunities for affordable home ownership to moderate-income households. Implement the City's inclusionary housing policy, which requires 15% of all new residential developments be set-aside for moderate income households.

Building Division Mission	To provide high quality and efficient services for the design, construction, use, occupancy, and maintenance of all buildings and structures in order to safeguard the public health, safety and general welfare in the built environment.
Division Objectives	Provide efficient and customer-friendly plan review and permitting services at the Permit Center and through the internet.
	Provide effective field inspection services during construction and code enforcement services to respond to community concerns.
	Continue streamlining the building permit process through new technologies and the internet. Continue permit system replacement efforts along with migration of existing data.
	Continue to digitize documents to update the permitting database to enhance services.
	Apply and implement new building codes and new State legislation.
	Continue to coordinate plan checks and inspections statuses of the four development functions: Building, Fire Prevention, Planning and Public Works/Engineering.

Planning Division Mission	To enhance the community's safety, welfare, quality of life, and economic opportunities by providing advanced planning and development review services.
Division Objectives	Review proposed development projects for consistency with City policies, ensure compliance with the California Environmental Quality Act (CEQA), and confirm construction complies with development approvals.
	Continue streamlining the development process and facilitate public access to information through new technologies and the internet.
	Prepare and implement long range plans; in coordination with consultants, update the Zoning Ordinance, prepare the Downtown Precise Plan and the El Camino Real, Patrick Henry Drive and Freedom Circle Specific Plans.
	Support the City's historic preservation efforts, provide code enforcement to respond to community concerns, implement and update the Climate Action Plan, and work with the Valley Transportation Authority (VTA) on planning for transit services.
	Provide support for CEQA/National Environmental Policy Act (NEPA) review of City capital, affordable housing, and other public projects.

Significant Accomplishments

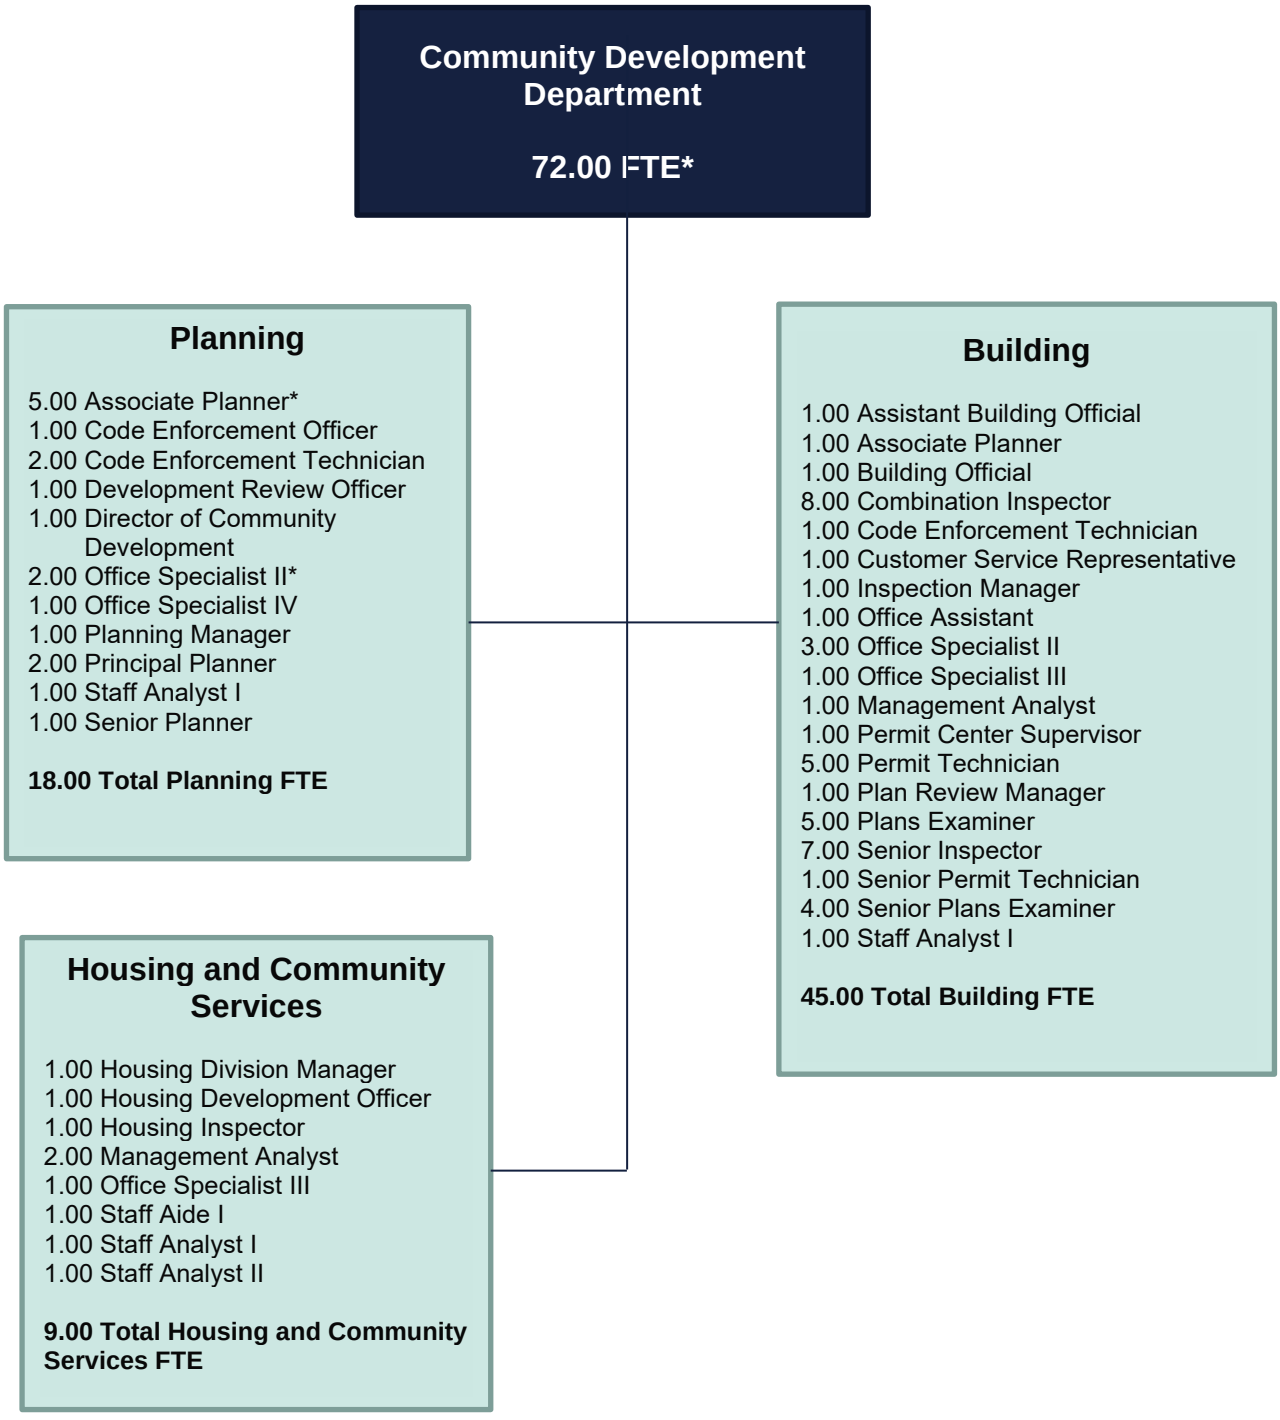
- In response to the Covid-19 pandemic, City leadership developed policies that allowed Planning staff to implement and administer Outdoor Commercial Dining and Activity Permits at zero cost to business owners which allowed their business to continue operations in unprecedented times
- Completed the El Camino Real Specific Plan which will implement the City's General Plan goals and policies for the El Camino Real corridor by providing more detailed guidance for future land uses and urban design elements
- Invested over $0.8 million in the City's Neighborhood Conservation and Improvement Program (NCIP) and $1 million in the City's Tenant Based Rental Assistance Programs
- Assisted two families in purchasing Below Market Purchase (BMP) homes, 5,000 residents through public service programs and 20 homeless or at-risk Santa Clara residents through the County Supportive Housing Partnership
- Negotiated and executed Amendments to Disposition and Development Agreements (DDAs) for the Agrihood and Monroe Projects
- Executed an extension to the Exclusive Negotiating Agreement (ENA) and License agreement with Habitat for Humanity, De La Cruz Project
- Performed over 35,000 Building, Mechanical, Electrical and Plumbing inspections from March 2020 to March 2021
- The Building Division's projects from March 2020 to March 2021 totaled $1.26 billion in valuation
- Plan Check and Permit fees from March 2020 to March 2021 totaled $14 million in revenue
- Over 20 Building employees underwent a comprehensive and concentrated 32-hour CASp training (Certified Access Specialist training educates staff regarding state and federal accessibility laws and regulations). This ensures the community will have experienced, trained, and tested individuals who can inspect buildings and sites for compliance as it relates to the state and federal construction-related accessibility standards
- Fulfilled numerous public records requests within California Public Records Act guidelines
- The software testing team created highly customized reporting that enhanced transparency to performance measures such as: tracking amount of weekly permit applications, permit and plan review fee revenue, number of emails, Public Record requests, phone calls, and inspections on a weekly basis
- Through Building Division's administrative staff's timely and rigorous training of the CORE cashiering software, the Division was still able to generate revenue for permits, plan review and inspections and most importantly, provide exceptional customer service to the community while remaining 100% socially distant and safe
- While Permit Center and Plan Review staff alternated working remotely and using staggered on-site shifts, staff continued to coordinate the complex plan check processes between many City divisions, departments, and outside agencies
- Permit Center and Plan Review services have successfully implemented 100% online services through the online portal to ensure health and safety for customers and staff
- Building Division continues to move closer towards 'Go Live' date with the new permitting system as rigorous testing plans, multiple work sessions and intense quality control are being conducted daily. More accurate, precise reporting methods have been fine-tuned, tested, and approved. Data conversion from older database to new, modernized software permit platform is being tested daily by a team of three beta testers devoted specifically for this purpose. Enhanced GIS mapping features are being customized which enable Inspectors to provide even better services

Significant Objectives

- Continue to engage with the Santa Clara community to inform and involve community members in both long-range and current land use planning activities.

- Enhance economic development by meeting service demands; provide more timely development review and permit processing timeframes and inspections; keeping critical services in-house; providing consistency and continuity; and staying current with technology
- Complete significant advanced planning efforts, including the Zoning Ordinance update, Housing Element Update, Tasman East Area Plan Amendments, Patrick Henry Drive Specific Plan, and Freedom Circle Focus Area Plan
- Implement the permit system replacement to streamline permit processes with online, electronic access, and integration with a geographic information system (GIS)
- Continue partnership with HouseKeys to administer the Below Market Rental Program (BMR) and Below Market Purchase Program (BMP).
- Work to expand the affordable housing pipeline, execute DDAs and loan closing for current pipeline.

Budget Highlights



- The City received two one-time CDBG entitlements for 2020-2021 totaling approximately $1.5 million to help address the COVID-19 crisis. In response, staff has developed an Emergency Rental Assistance Program (ERAP) to assist low-income Santa Clara residents affected by COVID-19 and estimated to assist 250 households.

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
  - Froze 1.0 Associate Planner position
  - Froze 0.75 of an Office Specialist II position
  - Reduced as-needed staffing
  - Reduced conferences, travel, and training budgets

- The Proposed Budget includes the following Phase 2 budget reductions to help address the General Fund shortfalls:
  - The realignment of a Housing Inspector to the Code Enforcement Technician classification
  - The shift of 1.0 Associate Planner to the Building Development Services Fund

- The Proposed Budget includes a new Building Development Services Fund to house all Building Division activity starting in FY 2021/22.

- Significant resources are recommended to support the Building Division, including the addition of 4.0 new positions, as-needed staff support, and contractual services funding for third-party plan check and inspection services as well as software support and equipment. The additional funding should greatly improve the service delivery of the Building Division and help the division keep up with the current pace of development activity in the City. These fee-supported additions are reflected in the new Building Development Services Fund.

**The positions above represent all funded positions. This excludes the 1.0 Associate Planner and 0.75 Office Specialist II positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).*

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Accela Permit System Management	1.00	0	177,301	0	185,218

Program: 5532 – Plan Review and Permit Services

This proposal adds 1.0 fee supported Management Analyst position that will be devoted full time to working with staff and the Accela consultant to troubleshoot, track and resolve all items and ensure workflow is efficient and the new development permit system is always functioning. In FY 2019/20, there was a recruitment for an inspector position that would take on some of these duties; however, the recruitment was unsuccessful. Most candidates that applied for the inspector position came from a building background with technical experience in building code rather than a background in the software. The Division seeks to recruit for this position under the Management Analyst classification as it is likely to attract more suitable candidates.

Performance Impact

The Management Analyst will serve as the primary project manager and subject matter expert for the Accela software and will improve the overall management of the software implementation and its functionality.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Building Permit Processing Support	1.00	0	132,312	0	137,480

Program: 5532 – Plan Review and Permit Services

This proposal adds 1.0 Permit Technician to support development activity. Permit processing times have increased significantly; this additional position will help keep customer service response times acceptable with a preliminary review of plans, and calculation and collection of fees and permit issuance.

Performance Impact

This proposal will improve the ability of the division to issue permits in a timelier manner, improve current working standards for existing staff, and provide an increased level of customer service to the community.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Building Division Administrative Support	1.00	0	123,988	0	128,957

Program 5532 - Planning Review and Permit Services

This proposal adds 1.0 Office Specialist II to provide consistent support for services such as inspection scheduling, processing payments, phone monitoring, and provide staff support. The potential candidate should be able to reduce the reliance of as-needed support currently used by the Building Division.

Performance Impact

This proposal will provide enhanced customer service levels, both internally and externally, and increase staff productivity by shifting clerical duties from specialized staff.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Building Plans and Drawings Support	1.00	0	98,217	0	97,211

Programs: 5532 Plan Review and Permit Services

This proposal adds 1.0 Office Assistant to support 'bin room' processing of approved plans and drawings. This position will ensure that plans are stamped, archived, and stored properly.

Performance Impact

This proposal will provide additional clerical support and records management support for the Building Division, and will assist on the conversion of printed plans to a digital format.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Building Third-Party Plan Check and Inspection Services	0.00	0	1,000,000	0	1,020,000

Program: 5532 – Plan Review and Permit

This action provides resources to the Building Division to supplement their existing contractual services budget for outside service related to plan checks and inspections. Due to the high volume of development activity in the City, the Building Division frequently needs to utilize professional services to maintain its current level of service and keep up with the development activity. While this cost has typically been appropriated in mid-year budget adjustments, this proposal will bring the funding into the cyclical budget process for increased transparency and annual evaluation.

Performance Impact

This proposal represents a realingment of the Building Division's budget to reflect current and future spending needs.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
As-Needed Support for Accela Testing and Admintrative Support	0.00	0	275,000	0	283,250

Program: 5532 – Plan Review and Permit

This proposal adds funding for as-needed staffing to address workload demands. The last four fiscal years have steadily ended with overages in the as-needed budget, while the overall salary expenditures have remained below budget. The as-needed staffing will support customer service, Accela Testing for Go Live, Public Records Act deadlines, plans/bin room retention, and collection of payment for permits.

Performance Impact

The increase in the as-needed staffing budget will reduce the issues associated with implementing a new software system and should positively improve the division’s overall turn times in its primary functions.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Digital Scanning Vendor Contract	0.00	200,000	0	0	0

Program: 5532 – Plan Review and Permit

This proposal adds funding for a digital scanning vendor contract (three-year cost). Submitted building plans and drawings are to be stored and archived digitally and kept according to the retention schedule. Staff requires access to scanned drawings, certificates, applications, code enforcement letters in the performance of their job duties.

Performance Impact

This should reduce staff time needed in looking for submitted documents as well as increase compliance by maintaining well-organized and accurate records.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Accela Ongoing Maintenance Support	0.00	100,000	0	50,000	0

Program: 5532 – Plan Reivew and Permit Services

This proposal provides ongoing Accela support and maintenance post-Go Live for additional configuration changes, mobile, and GIS support, and continued troubleshooting/training as well as access to daily technical support. There were several items outside the original scope of work that was identified as the Accela implementation process continued, such as technical adjustments to the flow of work, approval sequences, efficiently saving work, and modifying the resubmittal approval process. There is also a need for various reports, such as a custom SQL-based Monthly Activity Report to query the number of inspections, permits, revenue, dwelling units, code enforcement cases.

Performance Impact

This action should mitigate issues in utilizing a new software system.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Remote Workstations for Inspection Vehicles	0.00	22,000	0	0	0

Program: 5532 – Plan Review and Permit

Due to limited office facilities, the installation of remote work equipment in Code Enforcement and Building Inspector field vehicles to continue social distancing is necessary. This includes workstation mounts for laptops, portable printers, and chargers. This will improve the ability to meet inspection demands for customers while keeping staff safe and socially distant.

Performance Impact

This should increase productivity by decreasing the need for inspectors to return to the office to finalize reports, potentially increasing the number of inspections an inspector can perform daily.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Reallocation of Associate Planner from Planning to Building Division	0.00	0	0	0	0

Program: 5533 – Field Inspection

This proposal shifts the funding source of 1.0 Associate Planner from the General Fund to the Building Services Fund for work that can be supported by this program. The impact to the General Fund will be lessened by 1.0 associate planner cost while the impact to the Building Development Services Fund Program is expected to be offset by a new Building Permit Conformance Fee. The conformance fee is currently a topic being explored in the current development fee study the City is conducting. While it is unknown how much revenue the new fee will generate, the minimum expectation is that the fee generates enough to at least cover the cost of the position.

Performance Impact

This action is not anticipated to have a service level impact. Currently, the Planning Division and Building Division work in conjunction with each other to ensure all requirements are met for development. The shift of the position is more reflective of actual time spent in this collaborative effort.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Position Realignment of Housing Inspector Overfill to Code Enforcement Technician	0.00	0	(85,220)	0	(93,209)

Program: 5532 – Plan Review and Permit

During a prior year's department reorganization, the department reduced its need for Housing Inspectors from 2.0 positions to 1.0 position. Due to the seniority of both staff members in the department, the department allowed one of the Housing Inspectors to overfill one of its existing Code Enforcement Technician positions. The employee that was overfilling the position has since retired, and the department will now recruit for a candidate in the Code Enforcement Technician classification that has a lower cost.

Performance Impact

This should not have any service level impact other than providing the City with ongoing cost savings

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Electric Utility Department

This page is intentionally left blank.

Electric Utility Department – Silicon Valley Power (SVP) Description

Since 1896, Silicon Valley Power (SVP) has provided electricity for residents and businesses in Santa Clara. The Electric Department has a budgeted staff of 198 employees who provide such diverse services as operating, maintaining and dispatching electric service, engineering, system planning, administrative and financial management, marketing, customer services, power trading, outdoor Wi-Fi services and dark fiber leasing services, all of which work together to make SVP successful for the City and its residents.

Divisions and Services

SVP is organized into six Divisions: Administrative Services; Business Services; Customer Development and Project Management; Resource Planning and Engagement; Revenue and Resources; and Utility Operations.

Administrative Services Division Mission	Plan, develop, coordinate and support the administrative activities of the Department.
Division Objectives	Develop plans utilizing the Strategic Plan to achieve goals and objectives of the City of Santa Clara.
	Develop staff training plans to meet the growth opportunities within the City.

Business Services Division Mission	Sustain a culture of compliance and fiduciary responsibility for the benefit and safety of the community and the employees.
Division Objectives	Secure required organizational resources.
	Maintain regulatory and legislative compliance and system security.
	Manage debt and maintain fiduciary controls to maintain financial health.

Customer Development and Project Management Division Mission	Be an agile and trusted partner in connecting our customers and leveraging SVP fiber optic and technology assets. Focus on execution to complete new capital investments for increased infrastructure and substations.
Division Objectives	Enhance our collaboration and connection with our customers and stakeholders.
	Enhance data driven decision making to innovate, design and develop plans to optimize and expand the utility's physical assets.
	Focus on our core work and capital investments projects to streamline processes, remove barriers and lower our costs.

Resource Planning and Engagement Division Mission	**Retain and attract customers to the Santa Clara electric system by supporting environmental improvement programs, customer services, and implementing a sound marketing and communication strategy to accomplish the goals of the City. Manage the adequacy and cost of fuel and electric resources in a competitive market.**
Division Objectives	Assure adequate generation resources for reliable, economically-competitive services to all SVP customers and meet all State and federal reliability and environmental compliance requirements.
	Optimize value of assets through power trading and scheduling and procure cost-competitive fuel resources for power production.
	Actively seek understanding of customers' valuation of energy service needs and amend the marketing plan as necessary to meet the needs of a dynamic marketplace, including technologies responsive to customer needs.
	Work with other public power agency partners to explore new generation and transmission resources to service growing sales and reduce SVP's risks and average costs.

Revenue and Resources Division Mission	**Provide centralized location to receive revenue and monitor expenses for resource and production to procure energy.**
Division Objectives	Manage all Joint Powers Authorities (JPA) costs.
	Record and receive revenue.

Utility Operations Division Mission	**Provide safe and reliable electrical energy to the City of Santa Clara by maintaining and enhancing infrastructure to meet energy demands for our customers.**
Division Objectives	Maintain continuous efforts to improve system reliability by targeting system improvements, through scheduled maintenance of equipment according to its useful life cycle, and ongoing inspections.
	Strengthen the system through improved design, research of new technologies and systems, and implementation of new system and equipment.
	Maintain safety at the highest priority and a culture of compliance with all regulatory requirements.

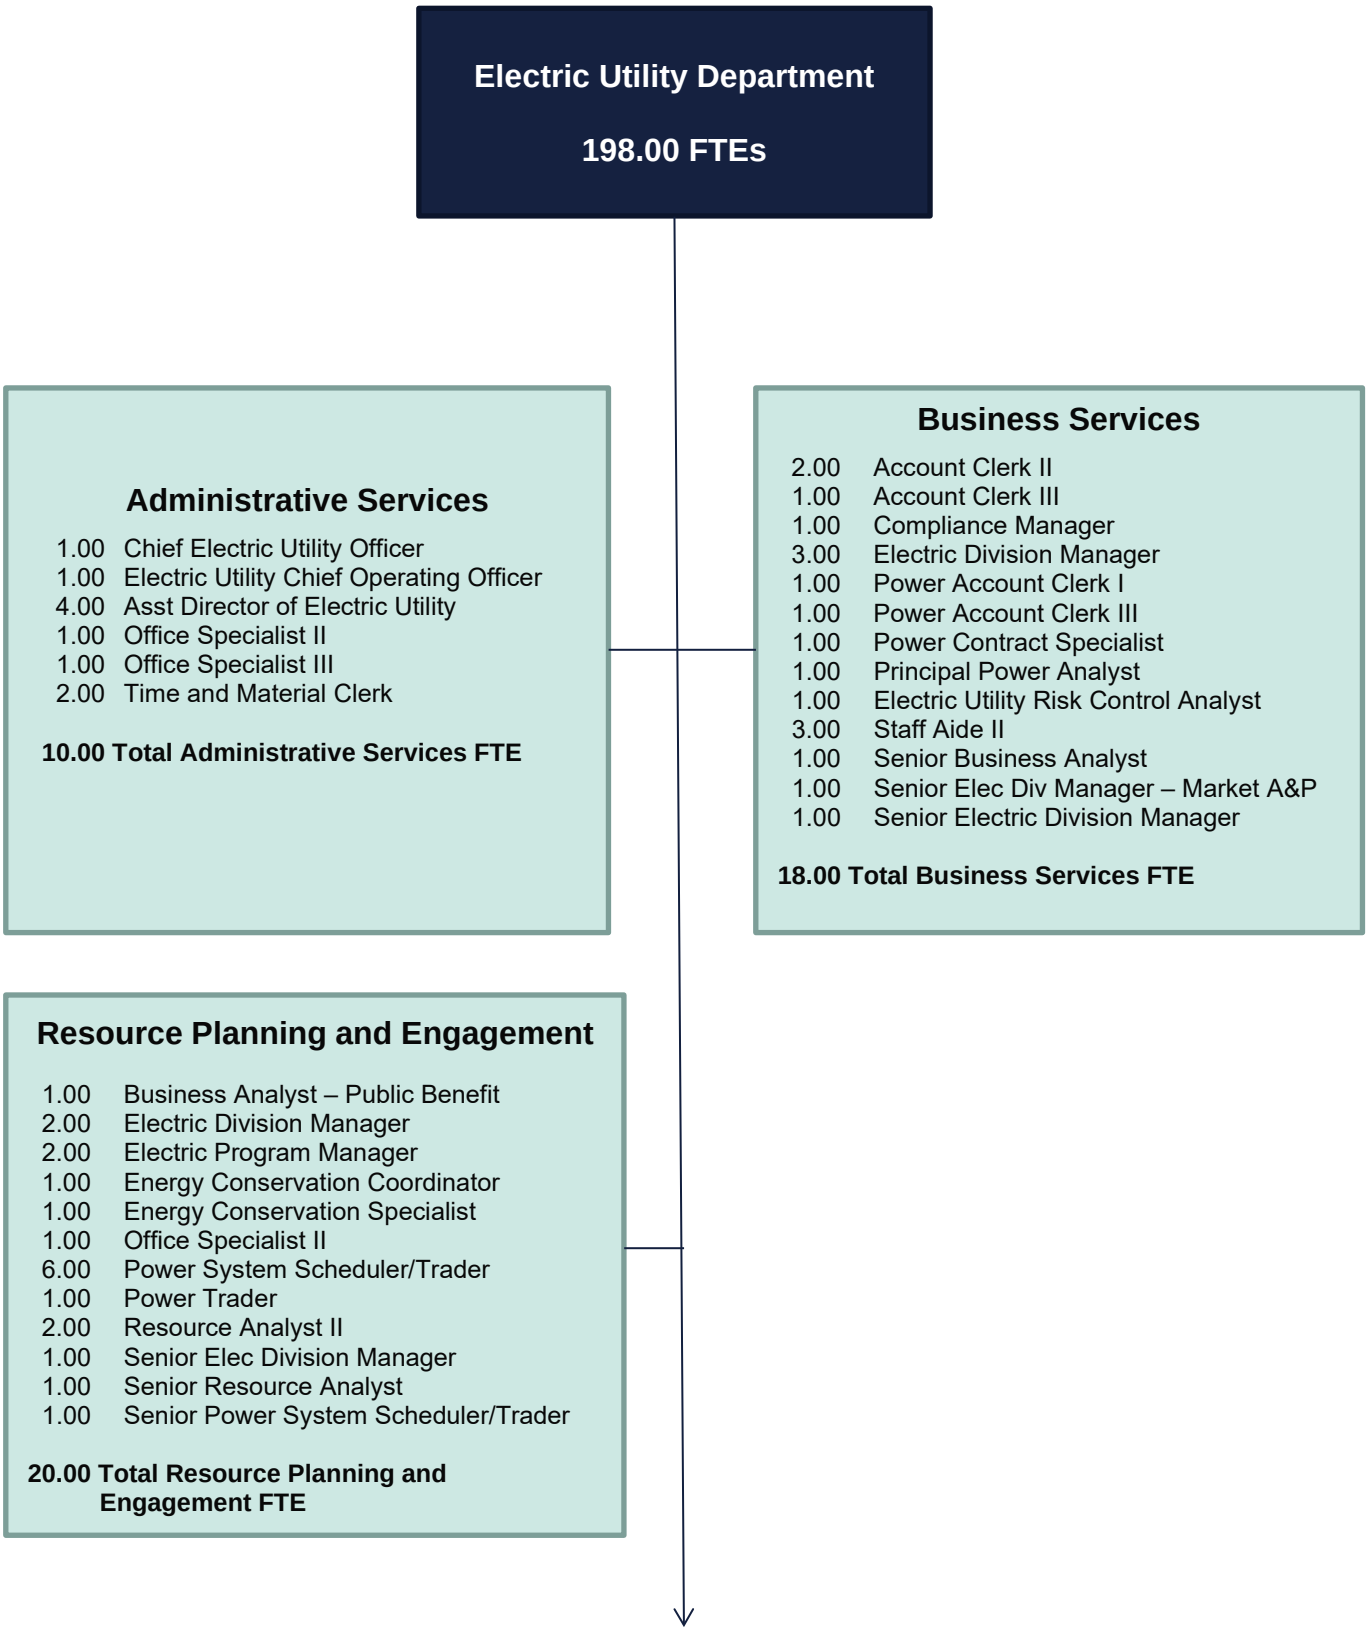
Significant Accomplishments

- Launched a COVID rate assistance program in FY 2019/20 that provides a 25% discount on the electric portion of the utility bill for residential customers who have been economically impacted by the COVID-19 Stay at Home Order. This program has served a total of 214 customers as of the end of calendar year 2020
- Launched a Small Business Energy Efficiency Grant Program for businesses impacted by COVID-19 in FY 2020/21 to assist small businesses impacted by the effects of the COVID-19 Stay at Home Order issued in March 2020 to lower their electric utility bills through energy efficiency improvements. A total of 41 grant applications were received in the first 6 months of the program. Launched a Nonprofit Energy Efficiency Grant Program in FY 2019/20. This program has awarded 7 grants in its first 18 months.
- Pre-refunded multiple bonds through direct placement which will achieve $20 Million Net Present Value savings over the next 12 years
- Developed reserve policy that will enable SVP to remain solvent, handle emergency financial needs, and levelize future rate increases. In addition, this policy will provide adequate liquidity ratios which will be viewed favorably during reviews with bond rating agencies
- Launched three rebate programs (1) Refrigerator Recycling in FY 2019/20, serving 123 customers in its first year, (2) Energy Star Room Air Cleaner Rebate in FY 2020/21, processing nearly 400 rebate applications in the first six months of the program, and (3) Electric Vehicle Supply Equipment SVP rebate program for residents, non-profit, schools and multi-family customers
- Launched two Low Income programs directed at energy efficiency (1) Solar Grant Program in FY 2020/21 that aims to provide enough energy through solar installations to offset nearly the entire annual energy consumption for qualified customers and (2) electric vehicle rebate program
- Developed a substation standard agreement and executed three new substation service level agreements. For customers needing a substation, a new pre-funding agreement was created allowing for system studies and some predesign work. Six agreements have been executed
- Completed required audits including 2020 NERC Compliance Audit and 2020 Western Electricity Coordinating Council (WECC) Audit. Submitted timely NERC Compliance Self-Certification paper audits in 2019 and 2020 with no findings
- Implemented several new programmatic changes for NERC compliance monitoring and internal controls (e.g., quarterly spot checks, monthly CIP audits, and monthly check-ins with compliance subject matter experts (SMEs) and Reliability Standard Owners). These program activities provide additional means of monitoring and identifying potential gaps in SVP's compliance and contributes to more positive audit outcomes.
- Completed new Standard Fiber Lease Template; completed five commercial lease extensions; executed five commercial lease renewals, and onboarded one new customer. Completed Fiber Work Order Audits of 23 customers.
- Entered a five-year gas hedge position that accounts for approximately 20% of SVP's forecasted gas consumption in 2021 – 2025. Negotiated a gas transportation rate with PG&E that substantially reduces the cost associated with the expected operation of these facilities through December 31, 2022. In addition to providing value to SVP rate payers, the negotiated rate structure allows for a more efficient dispatch of several natural gas fueled power plants and reduces overall GHG emissions.
- Developed a more robust and analytically based load forecasting model. Eliminated outside resources needed to perform production cost modeling and acquired software allowing staff to run analysis in house using multiple sensitivity studies
- Integrated several new software systems to include: Supervisory Control and Data Acquisition (SCADA) system, and iTOA Transmission Outage Applications and CAISO HANA Real Time to monitor and perform contingency analysis
- Engineered, designed, installed fiber to 26 key high density Advanced Metering Infrastructure (AMI) backhaul locations, maintained downtime and Mean Time To Repair (MTTR) on gatekeeper issues from several days to <1

day on average, while also expanding meter data backhaul infrastructure promoting higher reliability and consistency in electric power usage billing to customers. Initiated deployment of cellular option for gatekeepers resulting in 15% reduction of meter data backhaul issues

- Reorganized and implemented better oversight and management of personnel and assets within the generation division. Implemented environmental, health, and safety programs for Stony Creek hydro assets to ensure facility compliance and the safety of operations and maintenance staff
- Completed significant large generation projects at Don Von Raesfeld (DVR) power plant to replace obsolete equipment, improve functionality, and ensure reliability. These projects included upgrading the turbine and balance of plant control system and overhauling the steam turbine and generator.
- Negotiated a five-year power purchase agreement (PPA) with the Olcese Water District for the bundled energy, environmental attributes and RA capacity from the Rio Bravo hydro project. This PPA provides three commodities to SVP, (Energy, PCC1 RECs, and Resource Adequacy (RA)); this will assist SVP to meet expected load growth and meet resource adequacy requirements
- Developed six-year plan for increasing SVP Bulk Electric System (BES) to 1,100 Mega Volt Amperes (MVA) from 640 MVA; Began construction of Serra Substation; Completed Transmission Reinforcement (South Loop) project design and began easement acquisition
- Municipal Services and Electric Meter shop collaborated to reduce accounts billed using an estimated bill for more than two months to less than 100 accounts month-over-month
- Launched the California Electric Vehicle Incentive Project (CALeVIP) to provide Electric Vehicle Infrastructure incentives to commercial and multi-family utility customers
- Launched California Clean Fuel Rewards (CCFR) Program. Provide funding for direct rebates for SVP customers at the point of purchase (e.g. Dealerships) of any eligible electric vehicle
- Migrated >80% office workers to Remote Working within two days of Pandemic Shelter-in-Place Order, increased to >95% of personnel within following two weeks, and sustained >99% uptime connectivity on average via remote connections. Updated VPN system reducing remote user disconnects and improving bandwidth allowance by 25% resulting in reclaimed user productivity while maintaining security to critical infrastructure

Significant Objectives



- Complete SVP System Expansion Plan Report with discrete short- and long-term plans to meet 1,100 MW peak system demand to accommodate 20% increase in electric system load growth in the next ten years
- Continue engagement on the California Independent System Operator Transmission Planning process, such that Pacific Gas & Electric will develop and construct projects to increase bulk electric system transmission capacity to serve Santa Clara's electric load growth
- Establish SVP Project Management Office to implement an integrated strategy for the planning, design, construction and commissioning of the Kifer and Scott Receiving Stations, nine substations, and related 60KV transmission line improvements in the next five years
- Initiate SVP's 50 MW Battery Energy Storage System Project located on City-owned property next to the DVR power plant. The project provides multiple benefits in serving peak loads, increases the use of renewable energy and improves system resiliency. The project has an estimated capital cost of $50 to $60 million and goal of commercial operation in 2023/24.
- Phase 2 deployment of electric vehicle chargers (35 connections) at primary City fleet locations including Parks Service Center, Utilities Operations Center, Public Works Corporation Yard and Police Building support plug-in electric vehicles
- Major maintenance overhauls of Gianera Power Plant's Gas Turbines and Generators
- Implement and participate in APPA's eReliability Tracker. This will provide an effective way to collect, categorize, and summarize outage information. System reports will provide monthly reliability performance, identify problem

areas, outage causes, and calculate IEEE1366 statistics.

- Provide leadership to support the department's resources by implementing staff development and succession planning to develop skills and enhance knowledge
- Construction and Commissioning support of multiple Substation Construction projects
- Provide enhanced vegetation management of transmission lines in remote locations to include Glenn and Tehama Counties
- Complete 13 near-term Strategic Plan initiatives and submit quarterly progress reporting on the Strategic Plan to the Council and community
- Ensure wholesale trading activities comply with Council-approved policy and regulations, minimize SVP's credit exposure, monitor counterparty credit risk and ensure compliance with CAISO tariff and regulations
- Provide energy efficiency education and programs to customers to help them reduce their energy use and lower their electric bills, promote renewable energy options, investigate emerging technologies and provide assistance to qualified low income customers to reduce the burden of their electric bills
- Participate and comply with the California Air Resources Board (CARB) Low Carbon Fuel Standard (LCFS) Program to develop, educate, and foster the adoption of electrification as the transportation fuel
- Meet state regulatory requirements for renewable resources and carbon reduction targets while keeping SVP cost competitive

Budget Highlights

- Enhance compliance program to be compliant with North American Electric Reliability Corporation (NERC) Reliability Standard #FAC-008-3 by maintaining proper documentations of all transmission Facility Ratings. This standard ensures that Facility Ratings used in the reliable planning and operation of the Bulk Electric System (BES) are determined and create a redundancy plan based on technically sound principles.
- Complete backlog of maintenance records for protection system and support a one-time drafting effort required to update substructure estimates and substation Computer Aided Design (CAD) drawings used to identify and map underground substructure assets
- Audit SVP's Electric Distribution System to identify assets requiring maintenance and update asset records, as well as update Geographic Information System (GIS) to better represent existing field conditions and enable engineering analytics tools
- Automate the process for maintaining system circuit models in the distribution system planning software. This will add efficiency, accuracy and versatility and provide a comprehensive list of applications for power system design, planning, and operational control.
- Meet the Federal Energy Regulatory Commission (FERC) North American Electric Reliability Council (NERC) standard TPL-001-5 approved February 13, 2020. This standard requires that each component of the electrical system is assessed to ensure there is no single point of failure on a yearly basis.
- Deploy Battery Storage programs along with the integration of Distributed Energy Resources (DER) Grid management systems to optimize the distribution grid when Greenhouse Gas (GHG) emissions are greatest
- Partner with fleet services to replace City vehicles with electric options generating savings citywide and removing Greenhouse Gas (GHG) emitting from internal combustion engines
- Provide funding to the Streets and Highways Capital fund for tree removals for trees with wires
- Fund the addition of 1.0 Assistant City Attorney position in the City Attorney's Office that will support SVP

Electric Utility Department
198.00 FTEs
Administrative Services
1.00 Chief Electric Utility Officer
1.00 Electric Utility Chief Operating Officer
4.00 Asst Director of Electric Utility
1.00 Office Specialist II
1.00 Office Specialist III
2.00 Time and Material Clerk
10.00 Total Administrative Services FTE
Business Services
2.00 Account Clerk II
1.00 Account Clerk III
1.00 Compliance Manager
3.00 Electric Division Manager
1.00 Power Account Clerk I
1.00 Power Account Clerk III
1.00 Power Contract Specialist
1.00 Principal Power Analyst
1.00 Electric Utility Risk Control Analyst
3.00 Staff Aide II
1.00 Senior Business Analyst
1.00 Senior Elec Div Manager – Market A&P
1.00 Senior Electric Division Manager
18.00 Total Business Services FTE
Resource Planning and Engagement
1.00 Business Analyst – Public Benefit
2.00 Electric Division Manager
2.00 Electric Program Manager
1.00 Energy Conservation Coordinator
1.00 Energy Conservation Specialist
1.00 Office Specialist II
6.00 Power System Scheduler/Trader
1.00 Power Trader
2.00 Resource Analyst II
1.00 Senior Elec Division Manager
1.00 Senior Resource Analyst
1.00 Senior Power System Scheduler/Trader
20.00 Total Resource Planning and Engagement FTE

Customer Development and Project Management

1.00	Assistant Electric Utility Engineer
1.00	Business Analyst – Fiber
1.00	Communications Coordinator
1.00	Electric Division Manager – Engineering
5.00	Electric Program Manager
7.00	Electric Utility Engineer
1.00	Engineering Aide
3.00	Engineering Aide (Electric)
1.00	Engineering Aide - Fiber
2.00	Key Customer Representative
1.00	Office Specialist II
1.00	Office Specialist III
1.00	Principal Electric Estimator
4.00	Principal Electric Utility Engineer
1.00	Principal Engineer Aide (Electric)
1.00	Staff Aide II
1.00	Senior Electric Division Manager
2.00	Senior Elec Util Engineer/Distribution Plan
2.00	Senior Electric Utility Engineer
1.00	Senior Electric Util Engineer/Protection Relay
5.00	Senior Electrical Estimator
3.00	Senior Engineering Aide
1.00	Senior Key Customer Representative
1.00	Senior Electric Utility Engineer/Generation
1.00	Senior Electric Utility Engineer/Fiber
1.00	Senior Elec Utility Eng/Operation Planning

50.00 Total Customer Development and Project Management FTE

Utility Operations

1.00	Database Administrator
4.00	Electric Utility Helper/Driver
2.00	Electric Utility Network Administrator
6.00	Electric & Water System Operator
4.00	Electric Crew Foreperson
5.00	Electric Division Manager
2.00	Electric Maintenance Worker
3.00	Electric Meter Technician
3.00	Electric Program Manager
2.00	Electric Utility Equip Operator
9.00	Electric Utility Generator Tech
4.00	Electric Utility Program Analyst
7.00	Electrician
2.00	Fiber Splicing Technician
12.00	Journey Lineworker
3.00	Journey Lineworker Apprentice
2.00	Meter Data Analyst
1.00	Office Specialist II
1.00	Power Trader

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
North American Electric Reliability Company (NERC) Facility Rating Program	0.00	0	470,000	0	470,000

Program: 1361 – SVP Engineering

This proposal provides ongoing funding for an annual program to meet compliance with NERC Reliability Standard #FAC-008-3, issued by the Federal Energy Regulatory Commission (FERC) in November 2011. FAC is a set of standards from NERC that address Facilities Design, Connections, and Maintenance. This standard requires that SVP keep accurate documentation of all transmission facility ratings and continues to update Pacific Gas & Electric (PG&E), California Independent System Operator (CAISO), and Western Electric Coordinating Council (WECC). Required documentation includes: drawings, software models, and manufacturer specifications. Funding is for consultant services to update the standards and procedures for an enhanced audit system to ensure the facility rating system for planning, redundancies, and determining System Operating Limits. SVP currently has an overall internal audit system and this proposal will help address the requirements and enhance the program to address a 2020 WECC audit.

Performance Impact

Adding outside resources to perform updates within our audit program will mitigate risks by providing necessary documentation to meet regulatory and compliance obligations.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
NERC PRC-005 Documentation Maintenance	0.00	0	60,000	0	60,000

Program: 1361 – SVP Engineering

This proposal provides ongoing funding for a database system to house maintenance records demonstrating proper maintenance on protection systems and for third party independent verification. NERC PRC-005 requires documentation and implementation of programs for maintenance of all Protection Systems, Automatic Reclosing, and Sudden Pressure Relaying affecting the reliability of the Bulk Electric System. This funding is for consultant labor to upload and review data to address the need for accurate documentation of all the breaker services/protections to address the 2015 WECC Audit.

Performance Impact

Updated documentation for the protection group by a 3rd party will ensure accurate information and provide an efficient means to document maintenance of electric utility reliability components within the implemented database.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Drafting Support Services	0.00	250,000	0	150,000	0

Program: 1361 – SVP Engineering

This proposal provides one-time funding for contractual services to support a drafting effort required to update substructure estimates and substation Computer Aided Design (CAD) drawings. SVP has recently undergone a change in record system used to identify and map underground substructure assets. The proposed change eliminates non-essential steps for the substructure update process saving labor hours and replaces it with a quicker, more accurate, less expensive, and more widely used CAD mapping process. This change requires an up-front one-time drafting effort for contractual services to update the backlog created by the older process. Collected as-built drawings that are updates from the field for the records group will be entered into the system.

Performance Impact

Adding outside resources increase effectiveness in migrating to more efficient record system in completing backlog of substation record drawings while internal resources can continue to focus on current projects and operations functions without delays or interruptions.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Electric Distribution System Audit	0.00	200,000	0	0	0

Program: 1361 – SVP Engineering

This proposal provides one-time funding for contractual services for a field audit of SVP's Electric Distribution System to help manage assets. This audit will support SVP to proactively identify assets requiring maintenance as well as update the SVP system of records, ensuring that SVP's Control group has visibility of all assets currently on the grid. The proposal includes contractual services to update the Geographic Information System (GIS) to better map and represent existing field conditions and enable the use of engineering analytics tools currently on the market. It ensures that the GIS system includes all components out in the field and enables more studies.

Performance Impact

Added outside resources, with respective areas of industry expertise, will manage risks and enhance business processes, while allowing internal resources to conduct their day-to-day operational functions without interruptions.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Distribution Planning Software - Model Maintenance and Automatic Rebuild	0.00	220,000	0	130,000	0

Program: 1361 – SVP Engineering

This proposal provides one-time funding to implement an automated process for maintaining SVP system circuit models in the distribution system planning software. The model will be extracted from latest GIS configuration of the SVP electric system and with hourly load modeling using available data from Advanced Metering Infrastructure (AMI), Utility Metering Software (MV90), and Supervisory Control and Data Acquisition (SCADA) system. This would replace the current manual update process and will add more efficiency, accuracy, and versatility to the software. The proposed system will utilize 15-minute AMI data that is much more accurate and granular to model the distribution system providing as close to real-load scenario as possible while integrating with the latest system mapping configuration. The solution would integrate transmission models, substation models, and distribution models, along with their associated measurements and operational data, into a single platform providing a comprehensive list of applications for power system design, planning, and operational control. This proposal links the GIS mapping system audited above and provide analytics for future growth and any contingencies to account for failures. Ongoing software costs are already built into the base budget amount for GIS software.

Performance Impact

Additional software for distribution planning will integrate and link multiple datasets and separate analysis into one system creating efficiencies and reducing staff time from having to work within multiple applications.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
NERC Compliance Support (TPL001-5)	0.00	0	200,000	0	200,000

Program: 1361 – SVP Engineering

This proposal provides ongoing funding for a consultant to aid the operations group with NERC compliance required by the Federal Energy Regulatory Commission (FERC) North American Electric Reliability Council (NERC) standard TPL-001-5 approved on February 13, 2020. This standard requires that each component of the electrical system is assessed to ensure there is no single point of failure. Using these funds, an assessment would be performed to identify actions needed to meet the requirements of this standard. The assessments may lead to separate CIP projects to install new equipment. As a registered Transmission Planner (TP), SVP must maintain system models within SVP's responsible area for performing the studies needed to complete its Planning Assessment on a yearly basis.

Performance Impact

Adding outside resources with transmission and distribution infrastructure system expertise to perform assessments will mitigate risks by identifying potential failures and allow SVP to meet regulatory and compliance obligations.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Distributed Energy Resources (DER) Grid Management	0.00	0	100,000	0	100,000

Program: 1325 - Greenhouse Gas Program

This proposal provide ongoing funding for initiatives funded by the Greenhouse Gas Program in an effort to expedite greenhouse gas (GHG) emission reduction for the City of Santa Clara. Distributed Energy Resources (DER) self generate power through different technologies, such as batteries, to help support SVP's electric grid to manage peak demand. SVP has DER technology deployed currently, and this funding is for management of the integration of DER technology with the electric grid.

Performance Impact

Distributed energy management will provide efficiencies and smarter tools to manage the integration points when connected to the electric grid.

Strategic Pillar:  Sustainability

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Battery Storage Programs	0.00	0	1,000,000	0	1,000,000

Program: 1325 - Greenhouse Gas Program

This proposal provides funding for a Battery Storage Program. Deploying Battery Storage programs (both utility scale and behind the customer meter) along with the integration of DER Grid management systems can optimize the distribution grid when GHG emissions are greatest. This funding will be used to pilot a battery program to explore customer-sided microgrids and back-up generation for SVP customers. SVP will conduct outreach to understand needs in order to evaluate potential rebate programs.

Performance Impact

Implementing battery storage programs and incentives encourages SVP's businesses to use cleaner energy while continue to reduce greenhouse gas emissions.

Strategic Pillar:  Sustainability

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Bike, Pathway, Park Programs	0.00	0	500,000	0	500,000

Program: 1325 - Greenhouse Gas Program

This proposal provide ongoing funding for initiatives funded by the Greenhouse Gas Program in an effort to expedite greenhouse gas (GHG) emission reduction for the City of Santa Clara. Expanding and creating new bike and pedestrian pathways encourages alternate routes of transportation, especially away from motor vehicle traffic and results in quantifiable GHG reductions. The Bike, Pathway, Park Program provides funding for city projects that are eligible for GHG program funding. City Project managers coordinate with SVP for scoped projects that can measurably reduce GHG and can be reported back to the California Air Resources Board (CARB).

Performance Impact

The development of alternative routes of transportation result in quantifiable GHG reductions.

Strategic Pillar: Sustainability

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
City Electric Vehicle Replacement Program	0.00	0	1,500,000	0	1,500,000

Program: 1325 - Greenhouse Gas Program

This proposal provides funding to replace City vehicles and equipment with electric options, removing GHG emitting internal combustion engines from the City fleet. Funding is provided for vehicles and electric vehicle charging infrastructure. Funding includes a transfer to the Vehicle Replacement Fund of $1.3 million in FY 2021/22 and $400,000 in FY2022/23 for planned electric vehicles replacements. The combined programs deliver greenhouse gas reduction levels throughout the city. Additionally, these programs support the City's Climate Action Plan and GHG reduction target including City of Santa Clara's 2013 climate action plan adopted goal to reduce 2035 GHG emissions reductions to 55% below baseline levels. The total reductions needed to reach the 2035 target is 1,408,600 metric tons of carbon emissions (MTCO2e) with 838,200 coming from SVP generation initiatives and another 570,400 MTCO2e coming from programs like those included in this proposal.

Performance Impact

The replacement of City vehicles with electric options reduce GHG emissions and support the City's Climate Action Plan, GHG reductrion target, as well as meeting upcoming State Mandates.

Strategic Pillar: Sustainability

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Transfer to the General Fund for City Attorney	0.00	320,835	0	335,650	0

Program: 1321 – Revenue and Resources Costs

This proposal provides a transfer to the General Fund to cover the cost of 1.0 Assistant City Attorney that is recommended to be added in the City Attorney's Office to support SVP. Funding for the position is provided through a transfer for FY 2021/22 and FY 2022/23 but will be incorporated into the Cost Allocation Plan in years after FY 2022/23.

Performance Impact

The addition of a City Attorney to support SVP functions will address legal services needs.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Transfer to the Streets and Highways Capital Fund	0.00	90,000	0	0	0

Program: 1321 – Revenue and Resources Costs

This proposal provides a one time transfer to the Streets and Highways Capital fund for the Street Tree Services project in FY 2021/22. Funding is provided for 28 tree removals identified with having wires that will be removed as part of the Street Tree Services project.

Performance Impact

The tree removals will help mitigate risks of downed trees.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Finance Department

This page is intentionally left blank.

Finance Department Description

The Finance Department administers the financial affairs of the City, including City-owned public utilities. These functions include: budget administration and control; maintaining a general accounting system and the preparation of comprehensive annual financial reports; collection of taxes, fees, special assessments and utility charges; investment of City funds; procurement of supplies, materials, equipment, and services; operating the City Warehouse; issuance of bonds and debt management; internal auditing; and financial management of contracts, including leases.

Divisions and Services

The Finance Department is organized into five Divisions: Accounting; Administrative Services; Budget; Municipal Services; and Purchasing.

Accounting Division Mission	Provide relevant, accurate, and timely transaction processing and financial reporting services in compliance with laws, regulations, City policies and professional standards.
Division Objectives	Continue to enhance and utilize the Finance/Human Resources Management System (FHRMS) in support of relevant, accurate and timely accounting processes.
	Continue training of Accounting staff and citywide end-users in FHRMS financial modules and process workflow.
	Identify areas for improvements and streamlining of accounting processes in support of work product efficiencies. Continue to utilize new technology enhancements to empower end users to access financial information.
Administrative Services Division Mission	Be a proactive participant in Citywide strategic planning and decision-making adding value as a provider of financial advice, analysis, auditing, and investment and debt management.
Division Objectives	Manage the outstanding debt of the City and its agencies in compliance with established policies and bond covenants.
	Manage cash flow and invest cash in accordance with established policies and procedures. Prepare monthly reports for the City and its agencies.
	Monitor the financing needs of the City and its agencies. Manage negotiated and public-bid bond issuance.
	Manage special projects as assigned.
	Manage production of the City's annual financial reports, general-purpose financial statements and comprehensive annual financial report (CAFR).

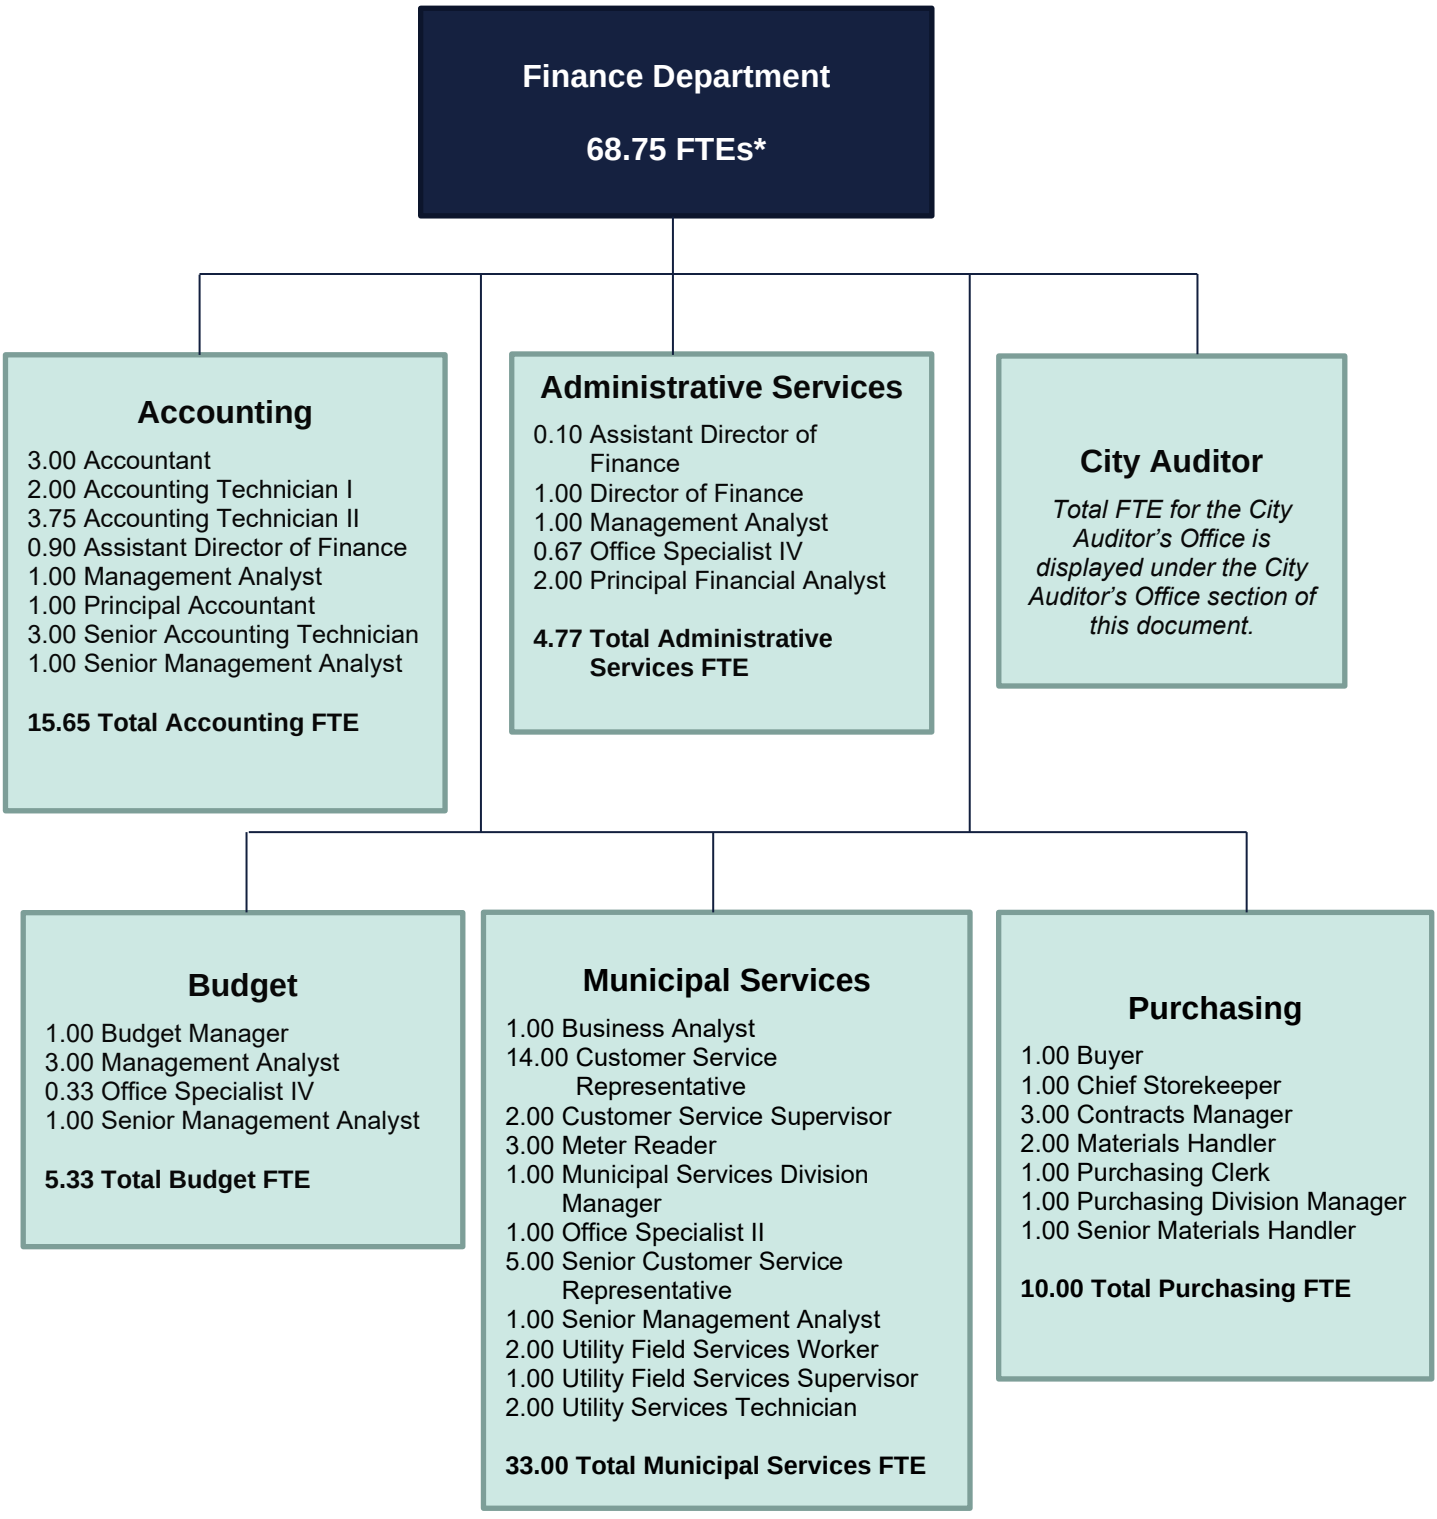
Budget Division Mission	Be the primary source of financial analysis in the City's continuing effort to maintain and strengthen its fiscally responsible core value.
Division Objectives	Manage and produce the biennial operating and capital budgets.
	Manage and produce the Ten-Year Financial Forecast for the City and prepare periodic and annual revenue forecasts.
	Analyze budget performance during the year and prepare Monthly Financial Reports.
	Monitor and report the City's appropriations limit and general contingency reserves.
	Monitor the State budget and related legislative activities with economic implications.
	Develop strategies to balance the budget.
	Assist and provide support for negotiations with employee bargaining groups.
	Work collaboratively with departments on any necessary budget amendments during the year.

Municipal Services Division Mission	Provide customer service to our utility and business certificate customers, manage the activities of the Municipal Services division in accordance with the City's rules and regulations, code, and policies consistent with professional and ethical standards, and be proactive in developing and delivering currently available automated features and conveniences to our customers.
Division Objectives	Provide customers with courteous, accurate and timely solutions to their inquiries and requests.
	Promote and enhance customer self-service options and electronic payment offerings for customers
	Continue upgrading the functionality and underlying business processes of the Utility Management Information System (UMIS).
	Promote and enhance on-line Business License enrollment and renewal.
	Provide customers with safe, reliable self-service options for improved customer satisfaction.
	Process and oversee custody of all cash and checks received over the counter or in the mail.

Purchasing Division Mission	Support and facilitate the timely and efficient procurement of supplies, materials, equipment, and services required by City Departments while ensuring compliance to City Policies, applicable government regulations, and best practices in public sector procurement to obtain the lowest cost while maintaining appropriate internal controls. Oversees Central Warehouse operations to ensure that the City's electric and water utilities are stocked with parts to support their operations and process outgoing mail for the City. Facilitate the disposition of surplus property to ensure a fair and transparent process is followed and maximum value is recovered.
Division Objectives	Provide internal customers and vendors with courteous, accurate and timely solutions to their inquiries and requests.
	Negotiate and recommend execution of contracts or blanket purchase agreements for the purchase of supplies, materials and equipment.
	Act to procure for the City the needed quality and quantity of supplies, materials and equipment at the least expense to the City.
	Prepare and recommend to the City Manager rules governing the purchase of supplies, materials, equipment, and services for the City.
	Keep informed of current developments in the field of purchasing, prices, market conditions and new products.
	Competitively procure inventory items for the Central Warehouse to ensure inventory is maintained at levels sufficient to support field operation requirements.

Significant Accomplishments

- Supported the Emergency Operations Center including procurement and cost accounting functions. Reviewed FEMA requirements and accounted for citywide COVID-19 expenditures in order to maximize federal funding.
- Implemented new/updated utility assistance programs because of COVID-19
- Supported the relaunch of the Help Your Neighbor program assisting utility customers struggling to make utility payments
- Re-opened Finance Department drive-up customer service window, after a 25-year hiatus, in order for customers to safely and securely conduct business pay utility bills and busines tax license fees
- Monitored and rebalanced the FY 2020/21 budget due to COVID-19 impacts
- Expanded access to employee self-service capabilities to empower more users to manage aspects of their own employee profile online
- Procured and implemented a mobile inventory management system (barcode) for the Central Warehouse to improve the accuracy and efficiency of inventory transactions
- Upgraded the Business Tax and License system
- Transitioned investment services to a professional financial advisor to maximize the City's investment returns
- Included sustainable investments as part of the City's Investment Policy
- Awarded a new banking services contract to JP Morgan, after decades of non-review, generating cost savings and enhancing customer service and technology efficiencies
- Procured sales tax, property tax, and transient occupancy tax audit consultants generating cost savings to the City
- Received the City's first Achievement of Excellence in Purchasing Award recognizing excellence in public sector procurement
- Received the Government Finance Officers Association (GFOA) award for excellence in financial reporting for fiscal year 2019/20. This is the twenty-nineth consecutive year receiving the award
- Received the Operating Budget Excellence Award from the California Society of Municipal Finance Officers (CSMFO) and, for the first time, the Distinguished Budget Presentation Award, with special recognition for performance measures, from the Government Finance Officers Association (GFOA) for the FY 2019/20 and FY 2020/21 Biennial Operating Budget



Significant Objectives

- Continue to upgrade FHRMS products to deliver updated reporting and calculation features in the Accounting Division. The accounts receivable and accounts payable modules will be enhanced to provide decentralized entry and electronic approval workflows
- Implement capital assets module in FHRMS to provide greater asset accountability
- Transition banking and merchant card services to JP Morgan Chase
- Conduct audits of external facilities; provide cashier training to staff in outside facilities
- Continue with upgrades to UMIS including various software applications that support both meter reading and utility billing system(s). Begin work with utilities and stakeholders to identify needs and scope requirements to replace the Utility Billing System (Municipal Services)
- Replace end of life Meter Reading System
- Replace end of life CORE Onestep Cashiering System
- Implement a new online utility billing platform to enhance customers' reporting and payment capabilities

- Develop and implement processes, administrative policies, and procedures with the goal of streamlining and improving the procurement and contracting process
- Conduct citywide trainings on updated cash handling processes resulting from new technology
- Implement online budgeting software that connects stakeholders to the City's budget to promote transparency and accountability
- Continue to improve the City's budget development practices that connect to the City Council's priorities and policy direction
- Establish a series of on-demand purchasing training videos addressing a wide variety of topics related to procurement and contracting
- Implement new and meaningful performance metrics for the Purchasing Division

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
    - Reorganized Accounting and Budget management functions, deleting 1.0 Accounting Manager, 1.0 Principal Accountant and 1.0 Principal Financial Analyst, and adding 1.0 Budget Manager and 2.0 Senior Management Analyst positions
    - Froze 1.0 Office Specialist III supporting Accounting and Purchasing Divisions and consolidated administrative functions
    - Reduced contractual services funding to reflect savings from a new banking services procurement
    - Reduced the budget for as-needed staff and other non-personnel expenditures (e.g., supplies and materials, contractual services, training, printing)
- Transitioned two employees to the City Auditor's Office through Phase 1 budget rebalancing actions to continue the Audit Workplan
- Recognized procurement cost savings from banking services and sales tax audit services after decades of non-review

**The positions above represent all funded positions. This excludes the 1.0 Office Specialist III position that was frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).*

Fire Department

This page is intentionally left blank.

Fire Department Description

The Fire Department responds with highly trained and well-equipped personnel to all types of emergency incidents, maintaining a citywide response time of less than six minutes to at least 90% of all Code 3[1] emergency calls. Response time is measured from the time of dispatch to the time of arrival and includes two minutes turnout time and four minutes travel time.

Divisions and Services

The Fire Department's mission is to protect and enhance the quality of life of the community. The Fire Department is organized into six divisions: Field Operations, Emergency Medical Services (EMS), Community Risk Reduction, Training, Administration, and Office of Emergency Services.

The Field Operations Division is comprised of first responders to provide immediate services to residents, visitors and businesses within the community. The Division is made up of eight fire engines, two fire trucks, one Hazardous Materials response unit, one Rescue response unit, one Battalion Chief and one Assistant Training Officer (per shift).

The Emergency Medical Services (EMS) Division provides first responder medical services (including Advanced Life Support) to all residents and visitors within the guidelines determined by the Santa Clara County EMS Authority. The division maintains paramedic and emergency medical technician (EMT) licensure and certifications, maintains emergency medical equipment caches, works closely with the County EMS Authority to ensure County protocols, ensures training and programs are deployed to personnel, and acts as the agency's Designated Infection Control Officer (DICO).

The Community Risk Reduction Division encompasses both Fire Prevention activities and Hazardous Materials regulation. The Division provides plan review and inspection services to maintain code compliance and ensure that all regulated, new construction in the City incorporates appropriate life safety standards. The division also investigates the origin and cause of fires and hazardous materials releases, conducts permit and business inspections, and provides public education on fire safety at various community events.

The Training Division conducts and evaluates a wide variety of activities from simulated emergency incidents to assessments and classes, to ensure Fire Department personnel are performing at the highest levels of the profession. The Division maintains documentation to support State and Federal certification programs and develops and implements local and regional response/mitigation exercises focused on large-scale community events. The Training Division also assists the Human Resources Department in developing and administering Fire Department promotional examinations.

The Administrative Division provides management, organization, and support for the various divisions of the Fire Department actively engaged in the protection of life and property. The primary duties that fall under this division include budget development and management, recruitment, grant management, accounts payable and payroll processing, fire station maintenance, worker's compensation coordination, strategic management and planning, data management and data analysis. The division manages department web page and social media outlets, federal and state grants, annual department open house, creation and management of department maps and pre-incident plans, and development and implementation of department policies and procedures.

The City's Office of Emergency Services (located in the Fire Department) provides emergency services training and coordination for the City in large-scale incidents requiring Emergency Operations Center activation and is also responsible for the City's emergency preparedness activities and disaster management plans. The division coordinates with the County and the State for large scale emergency preparedness.

Field Operations Division Mission	**To protect and enhance the quality of life of the community by providing caring, customer-oriented emergency services to protect life, property and the environment.**
Division Objectives	Maintain a citywide emergency response standard to all Code 3 incidents of six minutes from time of fire crew notification to first unit's arrival on scene at least 90% of the time.
	To have an effective response force (ERF) of 17 personnel on scene of a structure fire in less than ten minutes from dispatch of alarm, at least 90% of the time.
	Provide hazardous materials response to protect the community from hazards associated with uncontrolled release of hazardous and toxic materials and respond to technical rescue emergencies efficiently and effectively.
	Provide special event (Fire and EMS) services to Levi's Stadium and all other significant special events held in the City of Santa Clara.

Emergency Medical Services Division Mission	**Deliver quality emergency medical services to citizens and visitors of Santa Clara. All Santa Clara Firefighters are certified EMTs and all fire engines and fire trucks are staffed with at least one paramedic.**
Division Objectives	Provide first responder paramedic services to at least 90% of Code 3 medical emergencies citywide within 7:59 minutes/seconds from fire crew notification (per County EMS Authority standard).
	Process medical certifications and licenses for all Fire Department personnel and monitor for compliance with State and local government regulations.
	Provide quality assurance/quality improvement processes for all treatment-based EMS delivery.
	Monitor and maintain custody and security of protected health information.
	Provide high quality EMS/EMT training to all Fire Department personnel and local stakeholders as needed.

Community Risk Reduction Division Mission	**The mission of the Community Risk Reduction Division is to protect life, property, and the environment through education, engineering, and enforcement.**
Division Objectives	Provide plan review and field inspection services for the construction of buildings and life safety systems to ensure compliance with federal, State and local regulations.
	Conduct operational permit inspections to assess and mitigate potential fire and life safety hazards in businesses throughout the community.
	Investigate the origin and cause of fires and hazardous materials releases.
	Provide public education and outreach services as part of the Community Risk Reduction Program.

Training Division Mission	Deliver high quality education and training in public safety to the members of the Santa Clara Fire Department and to the employees and citizens of the City of Santa Clara.
Division Objectives	Provide annual, semi-annual, and quarterly drills in the disciplines of firefighting, hazardous materials response, and rescue operations to members of the Fire Department to promote skill development and continuous improvement.
	Maintain records to support State and federal training certifications required for specific disciplines.
	Perform Respiratory Protection Program self-contained breathing apparatus (SCBA) and respirator fit testing to maintain compliance with State and federal regulations.
	Coordinates and schedules public education programs, school site visits, station tours and other public outreach activities.

Administrative Division Mission	To provide management, organization and support for the various Fire Department divisions that are actively engaged in the protection of life and property.
Division Objectives	To provide the community with information on Fire Department programs and services.
	To establish the vision and mission of the Department and communicate to all Fire Department personnel.
	To provide administrative and managerial support to the other Fire Department divisions.
	To coordinate with other departments in the City as needed to support City projects and programs.
	To create a bi-annual budget that meets department needs and supports Council goals and objectives.

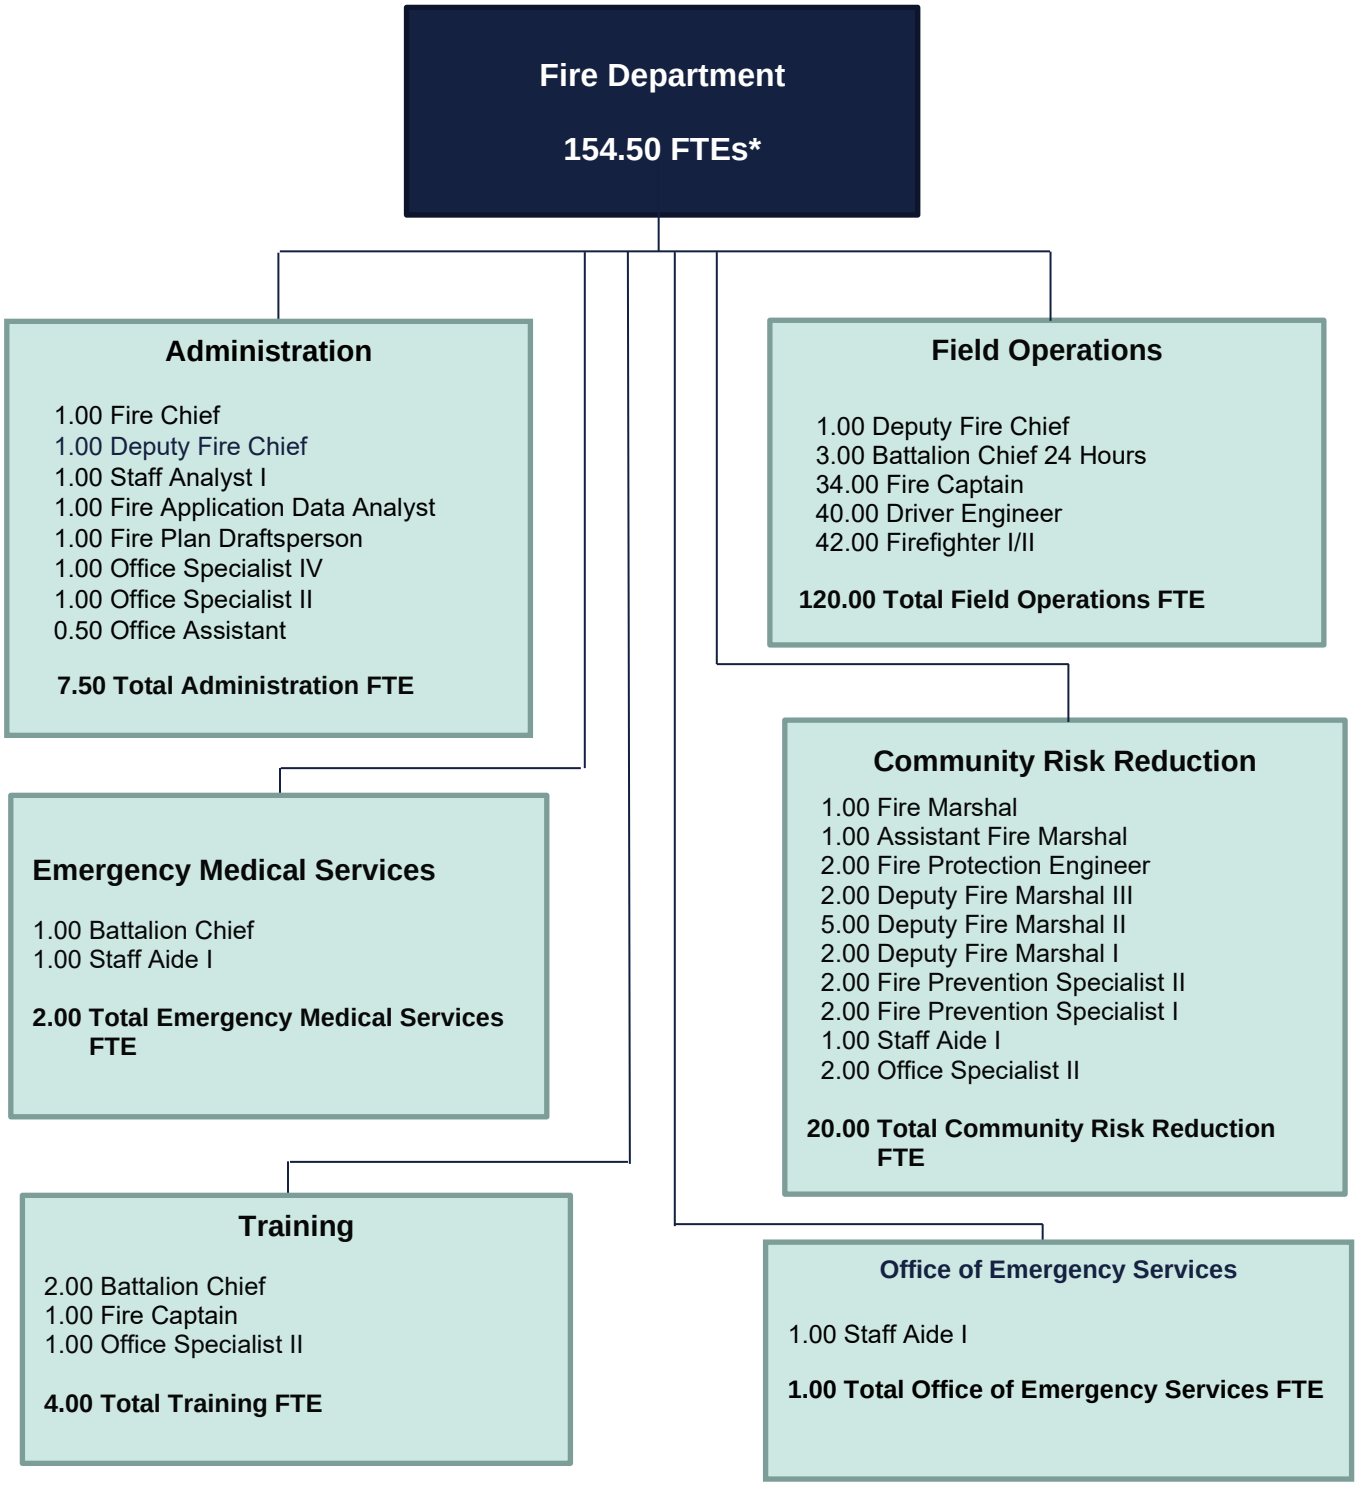
Office of Emergency Services Division Mission	To prevent, prepare for, mitigate, respond to and recover from all hazards.
Division Objectives	Provide Emergency Services Coordination in the City of Santa Clara Emergency Operations Center in the event of a large-scale incident requiring activation.

Significant Accomplishments

- Completed Annual Accreditation Compliance Reports in 2019 and 2020. On August 9, 2018, the Fire Department achieved accredited status from the Commission on Fire Accreditation International and the Center for Public Safety Excellence, becoming one of only ten accredited municipal fire departments in California. This accreditation required development of a community-driven strategic plan for the Fire Department; a comprehensive self-assessment based on industry best practices; and completion of a Community Risk Assessment-Standards of Coverage (CRA-SOC) document that identifies potential hazards in the City and demonstrates how the Fire Department plans to mitigate them
- Provided fire and life safety education to K-6th grade students throughout the Santa Clara Unified School District, providing the new outcome-based education program called Firefighters in Safety Education (FISE). The FISE program is a 30-minute presentation (in-person or virtually) on seven key fire safety skills, which uses pre-and-post exams to gather analytical data and validate the curriculum being taught
- Exceeded the City's contractual requirements with the Santa Clara County Emergency Medical Services Authority by providing first responder paramedic services to 95% of higher-priority medical incidents citywide within 7:59 minutes/seconds from fire crew notification (standard is 90%)
- Expanded ALS Service to 100% Advanced Life Support (ALS) in all ten districts
- Promoted ten new Fire Captains
- Remodeled Fire Station 8
- Acquired two new fire engines and placed into service in fire districts 6 and 7
- Achieved Type II Urban Search and Rescue (USAR) certification from the California Office of Emergency Services (CalOES)
- Established a list of eligible Firefighter candidates after implementing a new recruitment campaign with the objective of diversifying the applicant pool
- Hosted the first Girl's Fire Camp in the department, introducing 60 high-school-aged girls to the firefighting profession and providing the opportunity to work with the tools of the trade
- Provided FireFlex Functional Movement training to the department through in-person sessions and virtually after the start of the pandemic
- Deployed mutual aid resources to numerous wildfires and USAR responses
- Developed protocols for managing COVID-19 emergency response, personnel exposures and employees who have contracted COVID-19
- Delivered weekend meals to approximately 300 seniors each week since the beginning of the pandemic
- Established in-house ability to provide COVID testing to department personnel and other City employees
- Vaccinated 90% of the Department's first responders
- Activated full Emergency Operations Center, supporting the City's needs since the beginning of the COVID-19 pandemic

Significant Objectives

- Hire firefighters from the active list of eligible candidates host a Recruit Academy for new recruits
- Invest in employee health and wellness with the implementation of new programs that are intended to help reduce workplace stress, provide better support services, and maintain a healthy workforce. Provide resiliency training



for department personnel

- Develop and implement an Unmanned Aerial Vehicle (UAV) program to be deployed for Fire Prevention, Fire Training and Fire Suppression activities
- Evaluate all Fire Station facilities and prioritize a work plan to ensure the facilities are maintained
- Hold promotional examinations for Driver/Engineer positions

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
  - Froze 12.0 Firefighter positions and suspend the two supplemental ambulance units (Advanced Life Support will continue to be provided by the fire companies and the County of Santa Clara will continue to provide ambulance services)
  - Froze 0.75 Quality Improvement Nurse
  - Reclassified 1.0 Assistant Training Officer to 1.0 Battalion Chief
  - Reduced the non-personnel budget (e.g., conferences, training, and travel; supplies and materials)

- The Proposed Budget includes the following Phase 2 budget reductions to help address the General Fund shortfall:
  - Reduce overtime by $650,000 and restructure Rescue Response Unit
  - Reduce overtime by $650,000 and restructure Hazardous Materials Response Unit
- Add funding for Fire personnel resiliency training.
- Add new capital funding to primarily address health and safety needs, including replacing the diesel exhaust systems in seven fire stations, implementing fire pre-alerting in the fire stations, evaluating the Fire Training Tower condition, replacing defibrillators used by the fire companies and AED machines at City facilities, and providing replacement radios. Capital funding is also recommended to implement a new Accela module for tracking fire annual operational permits

**The positions above represent all funded positions. This excludes the 12.0 Firefighter positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).This also excludes 1.0 Fire Marshall position added in November 2019 to support the Related project that is currently frozen based on the anticipated project schedule.*

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Reduce Overtime for Rescue Response Unit	0.00	0	(650,000)	0	(650,000)

Program: 7822 – Field Operations

This proposal reduces the overtime budget by $650,000. This reduction in overtime funding would result in non-staffing of the Rescue response unit (R92) at Fire Station 2. Currently, one fire truck and one Rescue apparatus (including a dedicated Driver/Engineer) respond together as a 5-person Truck & Rescue company. This proposal will remove the dedicated Driver/Engineer position on the Rescue, requiring the truck company to either respond without the Rescue apparatus or have a Firefighter from the truck drive it to the incident. The Driver/Engineer positions will be added to the relief pool to cover vacancies and reduce overall minimum staffing overtime.

Technical rescue incidents are high-risk, low-frequency events. Rescue Unit emergency call response over the last three years was as follows: 2018: 38, 2019: 125, 2020: 218. However, the rescue responds with the truck on other incidents, including auto extrications where the “jaws of life” are needed. The Rescue also responds to structure fires to provide support as an air & light unit (required at all fire incidents), to shut off utilities at the fire scene, and to help meet the targeted Effective Response Force (ERF) for all fire, rescue, and HazMat incidents (the ERF for a First-Alarm residential structure fire is 17 personnel). The Rescue also served as a specialized COVID response unit during the pandemic, responding to all calls in the City for COVID patients and to high-risk COVID facilities.

Performance Impact

Rescue services will be available, as needed, with the following impacts:
1) Truck and engine companies will still respond to technical rescue incidents, but the truck company may need to leave the Rescue vehicle at the station.
2) This reduction will reallocate resources of truck and engine companies from other emergency needs.
3) Additional support and special Rescue apparatus may need to be provided via mutual aid from surrounding jurisdictions.
4) This proposal may increase response times and will reduce rescue capabilities in the event of a disaster or other large-scale incident.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Reduce Overtime for Hazmat Response Unit	0.00	0	(650,000)	0	(650,000)

Program: 7822 – Field Operations

This proposal reduces the overtime budget by $650,000. This reduction in overtime funding would result in non-staffing of the Hazardous Materials (HazMat) response unit (HM99) at Fire Station 9. Currently, one fire engine and one Hazmat apparatus (including a dedicated Driver/Engineer) respond together as a 4-Person HazMat company. This proposal will remove the dedicated Driver/Engineer position on the HazMat Unit, requiring the engine company to either respond without the HazMat apparatus or have the Firefighter from the engine drive it to the incident. The Driver/Engineer positions will be added to the relief pool to cover vacancies and reduce overall minimum staffing overtime.

Significant HazMat incidents are high-risk, low-frequency events. Hazmat Unit emergency call response over the last three years was as follows: 2018: 152 incidents, 2019: 187 incidents, 2020: 120 incidents. On average, HazMat incidents over these three years accounted for approximately 2% of all service calls. In addition to incidents classified as HazMat incidents, HM99 responds to all structure fires to provide post-fire decontamination of fire personnel (required on fire incidents), and may be part of the targeted Effective

Performance Impact

Hazmat response services will be available, as needed, with the following impacts:
1) Truck and Engine companies will still respond to HazMat incidents, but the Station 9 company will split-up with two personnel responding on the engine and one driving HM99.
2) This reduction will reallocate resources of truck and engine companies from other emergency needs.
3) Additional support and special HazMat apparatus may need to be provided via mutual aid from surrounding jurisdictions.
4) This proposal may increase response times and will reduce HazMat capabilities in the event of a disaster or other large-scale incident involving hazardous materials.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Resiliency Training	0.00	0	0	0	20,000

Program: 7841 - Training

This proposal adds $20,000 of ongoing funding for resiliency training. Resiliency training provides an in-depth overview to the psychological, neurological, physical, emotional, and relational impacts of stress and trauma. This training focuses on the neuroscience behind the stress that makes firefighters great at responding to emergencies, but also creates its own set of challenges for maintaining health and wellness throughout a career of service to the community. The program provides new tools and techniques that will not only enhance professional performance but may even save lives. This training is a priority at this very critical time as fire personnel deal with the ongoing effects of emergency response during the COVID-19 pandemic and a tragic loss in the department..

The cost of the initial training is $54,000 for nine 8-hour training sessions, which will be absorbed by the Fire Department in FY 2021/22. It will take nine sessions to train all the fire personnel, while continuing emergency response in the City. After this initial training, an annual budget of $20,000 will be necessary to maintain ongoing resiliency-based training for personnel.

Performance Impact

Provides tools to proactively manage the stress of emergency response more effectively, rather than taking a reactionary approach to dealing with the stress after the incidents.

Human Resources Department

This page is intentionally left blank.

Human Resources Department Description

The Human Resources (HR) Department is responsible for several areas: Benefits, Compensation, Recruitment, Testing, Classification, Employee and Labor Relations, Equal Employment Opportunity, Workers Compensation/Safety, and Employee Development.

The Department manages a variety of employee benefits, including health, dental, and retirement/retirement benefit programs, Flexible Spending Accounts, VEBA, Dental Reimbursement, Retiree Medical Reimbursement Programs and a City Employee Assistance Program.

HR integrates job analyses into the selection process for each vacant position to ensure the accuracy of job specifications and the validity of examinations. Considerable time, labor, and expense is involved with each recruitment, especially for public safety positions where the process includes large pools of applicants and written, performance, and oral exams in addition to polygraph, psychological, comprehensive medical exams, and background investigations.

The Director of Human Resources is delegated as the Municipal Employee Relations Officer (MERO). The Employee Relations function is a direct function of the City Manager's Office that is delegated to the Director of HR. Employee Relations includes negotiating with Bargaining Units and Labor Unions to create agreed upon Memoranda of Understanding (MOU's) for each of the 10 specific represented groups, as well as receives and reviews grievances filed by employees or unions.

The City's Equal Employment Opportunity (EEO) Officer is responsible for oversight of equal employment opportunity laws. The EEO Officer reviews, investigates and/or oversees investigations of complaints filed by applicants or employees alleging discrimination or hostile work environment, including sexual harassment. The City has zero tolerance to discrimination and harassment. HR will continue to investigate and resolve grievances and discrimination complaints in accordance with federal and State laws, City policies, and in close coordination with the City Attorney's Office.

The City strives to work on best practices related to safety, including proper ergonomics. We encourage all departments to invest in their staff, specifically related to occupational safety.

HR provides State-mandated harassment prevention training for all regular City employees and we offer training programs in areas such as supervision, employment law and other areas of interest.

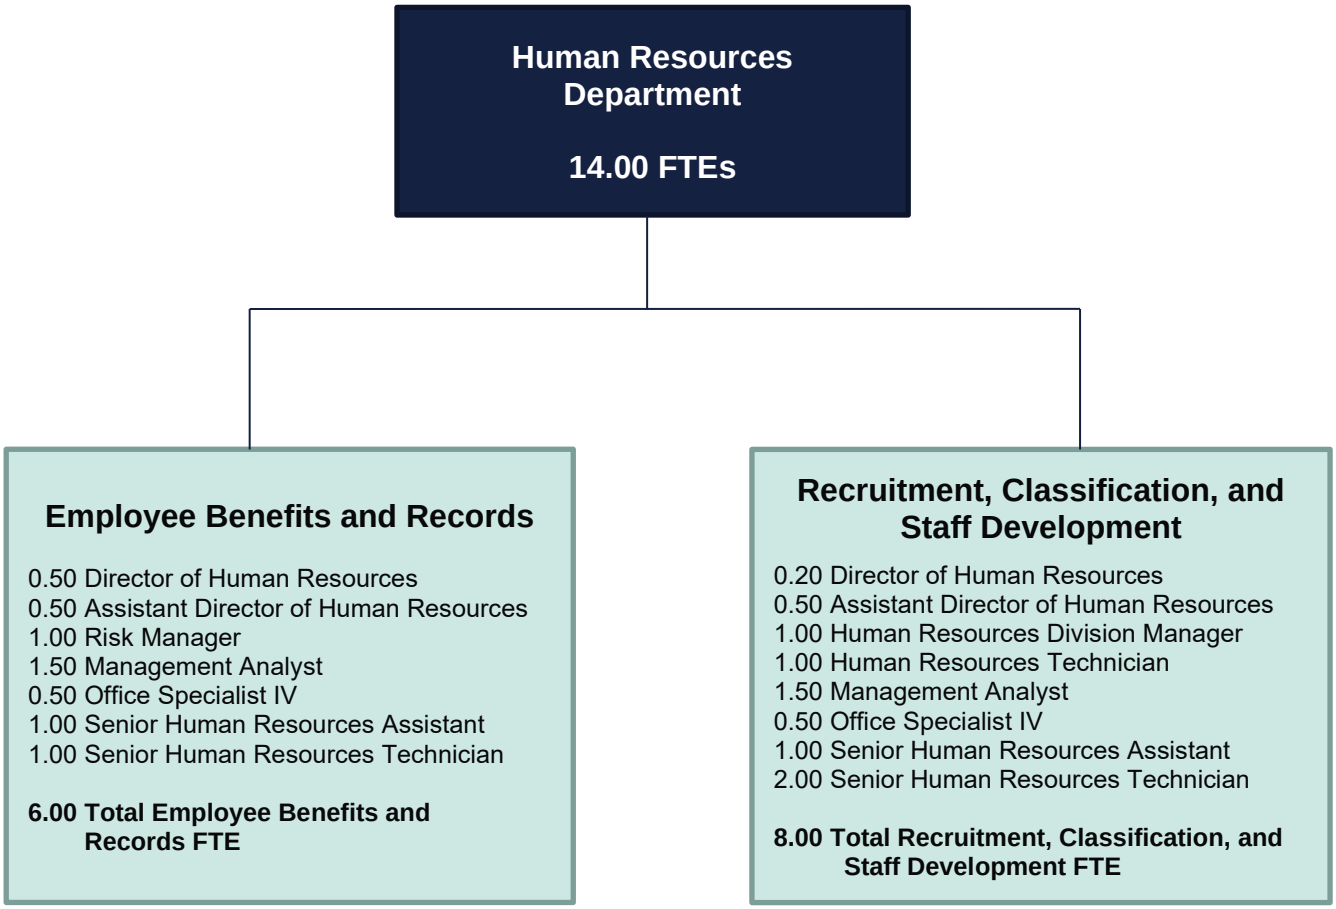
Divisions and Services

The Human Resources Department is organized into two Divisions: 1) Employee Benefits and Records and 2) Recruitment, Classification, and Staff Development.

Employee Benefits and Records Division Mission	Provide quality service to employees and retirees in the responsible, cost efficient development and administration of City compensation, benefits, and related programs.
Division Objectives	Administer current Memoranda of Understanding (MOU) with the City's ten bargaining groups. Represent the City in various labor relation issues and negotiate, in collaboration with internal and external counsel on wages, hours, and other terms and conditions of employment.
	Administer benefits for City employees.
	Manage employee relations matters for the City; advise and assist departments with grievance resolution, and disciplinary action.
	Strive to ensure equal employment opportunity and provide a work environment free of discrimination and harassment.
	Manage benefit programs for employees, retiree medical reimbursement programs, and process retirements.

Recruitment, Classification, and Staff Development Division Mission	Provide centralized hiring services by developing and administering City recruitment and selection processes; administer and update the City's Classification Plan; and promote the advancement of ethical and sound human resources policies and practices in accordance with Civil Service Rules and Regulations, federal and State guidelines and industry standards.
Division Objectives	Develop and implement valid selection examinations designed to select and promote the most qualified candidates.
	Ensure that positions are properly classified, described, and aligned to support the organizations' effectiveness and efficiency.
	Manage recruitment, assessment, and hiring processes to meet the City's staffing needs. Review, streamline, and update human resources policies and procedures to improve efficiency and reflect current employment laws and industry best practices.
	Develop electronic enhancements to the City's website, intranet, and citywide shared drive/CSI to make available to the public and employees employment information such as job opportunity announcements, job descriptions and salary and benefit data.
	Maintain City Volunteer Program for all departments utilizing an online volunteer application.

Significant Accomplishments



- Due to the COVID-19 pandemic, the Human Resources Department promptly developed and implemented various programs and policies including the COVID-19 leave policy as well as leaves mandated by State and federal laws; Remote Workplace policy; city-wide COVID-19 Safety Training; FAQs; COVID-19 Prevention Program; daily self-wellness check form; managed all COVID-19 employee related matters and cases, including mandated reporting requirements; implemented city-wide safety protocol measures in compliance with State and local orders; and activated hundreds of employees as Disaster Service Workers for various community programs
- Processed over 450 as-needed employee separations as a result of the COVID-19 pandemic
- Created and converted Human Resources forms to fillable forms for efficiency
- Reached successor Memoranda of Understanding agreements with five of the City's bargaining units.
- Provided non-supervisory harassment/discrimination online mandated training
- Supported approximately 1,912 regular and as-needed employees in regard to benefits, wage adjustments, worker's compensation, leaves and retirements
- Performed full-cycle recruitment, including classification studies, and appointed/promoted 272 regular employees during the last two fiscal years

Significant Objectives

- Conduct recruitments and manage effective, efficient, and defensible hiring processes to attract and retain qualified employees
- Continue negotiations with Bargaining Units
- Develop additional supervisory training opportunities for current employees
- Maintain the Sexual Harassment Prevention State Mandated training for all City employees, including the training of Elected Officials and City Commission and Committee members
- Work closely with the Finance Department to analyze and implement best practices in implementation, control and audit of pay and benefit entries
- Review and update various citywide policies, including the Employer-Employee Relations Resolution, the Personnel and Salary Resolution, and various City Manager Directives and coordinate these updated policies with each bargaining unit for implementation

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
  - the elimination of a Division Manager and reallocation of Risk Manager to the Human Resources Department
  - reductions in contractual services, elimination of staff events, and reductions in conference travel and training
- The Proposed Budget includes the following Phase 2 budget reductions to help address the General Fund shortfall:
  - elimination of 0.75 Senior Human Resources Technician in the Records and Compensation Division
  - elimination of 1.0 Human Resources Technician in the Recruiting Division.

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Eliminate 1.0 Vacant Human Resources Technician	(1.00)	0	(131,372)	0	(135,399)

Programs: 2525 – Recruitment, Staff Development and Labor Relations

This action eliminates 1.0 Human Resources Technician position in the Recruitment, Staff Development and Labor Relations Program. This position is primarily responsible for recruitments of as-needed and some regular positions along with coordination of the Civil Service Commission and Salary Setting Commission.

Performance Impact

The as-needed and regular recruitment workload would be absorbed by other staff. The City currently has a city-wide hiring freeze in place, which has reduced the recruiting activity. The support for the two commissions would be absorbed by the Office Specialist IV position that has been cross trained and serves as a backup for coordinating both Commissions.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Eliminate 0.75 Vacant Sr. Human Resources Technician	(0.75)	0	(96,310)	0	(100,623)

Programs: 2514 - Records and Compensation

This action eliminates a 0.75 FTE Sr. Human Resources Technician position in the Records and Compensation Program. This position is primarily responsible for processing personnel transactions in the Human Resources Information System that include new hires, promotions, negotiated pays, benefits, transfers, separations, leaves of absences, performance management, etc.

Performance Impact

The processing of personnel transactions in the human resources information system will be absorbed by existing staff and should not have any impact on processing these transactions in a timely manner.

Strategic Pillar:  Manage Stratedfgically Our Workforce Capacity and Resources

Information Technology Department

This page is intentionally left blank.

Information Technology Department Description

The Information Technology Department (ITD) strives to provide superb affordable services and be the partner of choice for City information technology initiatives to improve the quality of life and strengthen the community through technology and innovation.

The award-winning ITD provides a full range of IT services that include Enterprise Services, Infrastructure and Support, Telecom Services and Contract Services. providing help desk, desk side support, data center and network management, cybersecurity, application consulting and support, training, technology project/program management and Geographic Information Service (GIS) capabilities.

Focus areas include:

- Improve government services - efficient, effective, & transparent
- Enable self-service - anytime, anywhere, access to government digital citizen centric services, customer request management
- Enhance citizen engagement and community participation
- Assist City departments with their IT business requirements in support of delivering city services
- Maintain Project and Portfolio Management practices to ensure successful implementation of technology projects
- Maintain and strengthen the City's enterprise-wide technology infrastructure in support of City departments
- Protect and strengthen the City network and information security capabilities
- Cybersecurity risk mitigation & compliance
- Manage IT vendors to control costs, drive service excellence, and mitigate risks to gain increased value throughout the product lifecycle

Divisions and Services

The IT Department is organized into four Divisions: Enterprise Services; Infrastructure and Support; Contract Services; and Telecommunication Services.

Enterprise Services Division Mission	To plan and implement applications leveraging technology to enhance citywide and departmental capabilities. Maintain a high availability digital presence providing relevant information and quality on-line services to the residents and businesses of Santa Clara. Empower City employees to effectively serve the public using digital technologies.
Division Objectives	Provide application support for mission and business critical departmental applications. Manage business process improvements and vendor compliance updates. Maintain an Application Portfolio Management System and Enterprise Roadmap to provide for better planning. Work with department business owners to rationalize and modernize the current applications in-line with city goals and objectives, plan for enhancements and upgrades to provide greater functionality and business value for city applications.
	Manage the City's websites providing timely updates to citizens through the use of the City's expanding digital presence. Ensure equal access to the City website for people with disabilities by providing websites that comply with accessibility requirements.
	Provide enhanced support for business applications used within the City driven by a Structured Project Methodology and Project Management Office.
	Through GIS data, provide trustworthy operational information, organized by location, and delivered in a timely manner to decision-makers for both tactical and strategic planning efficiency.

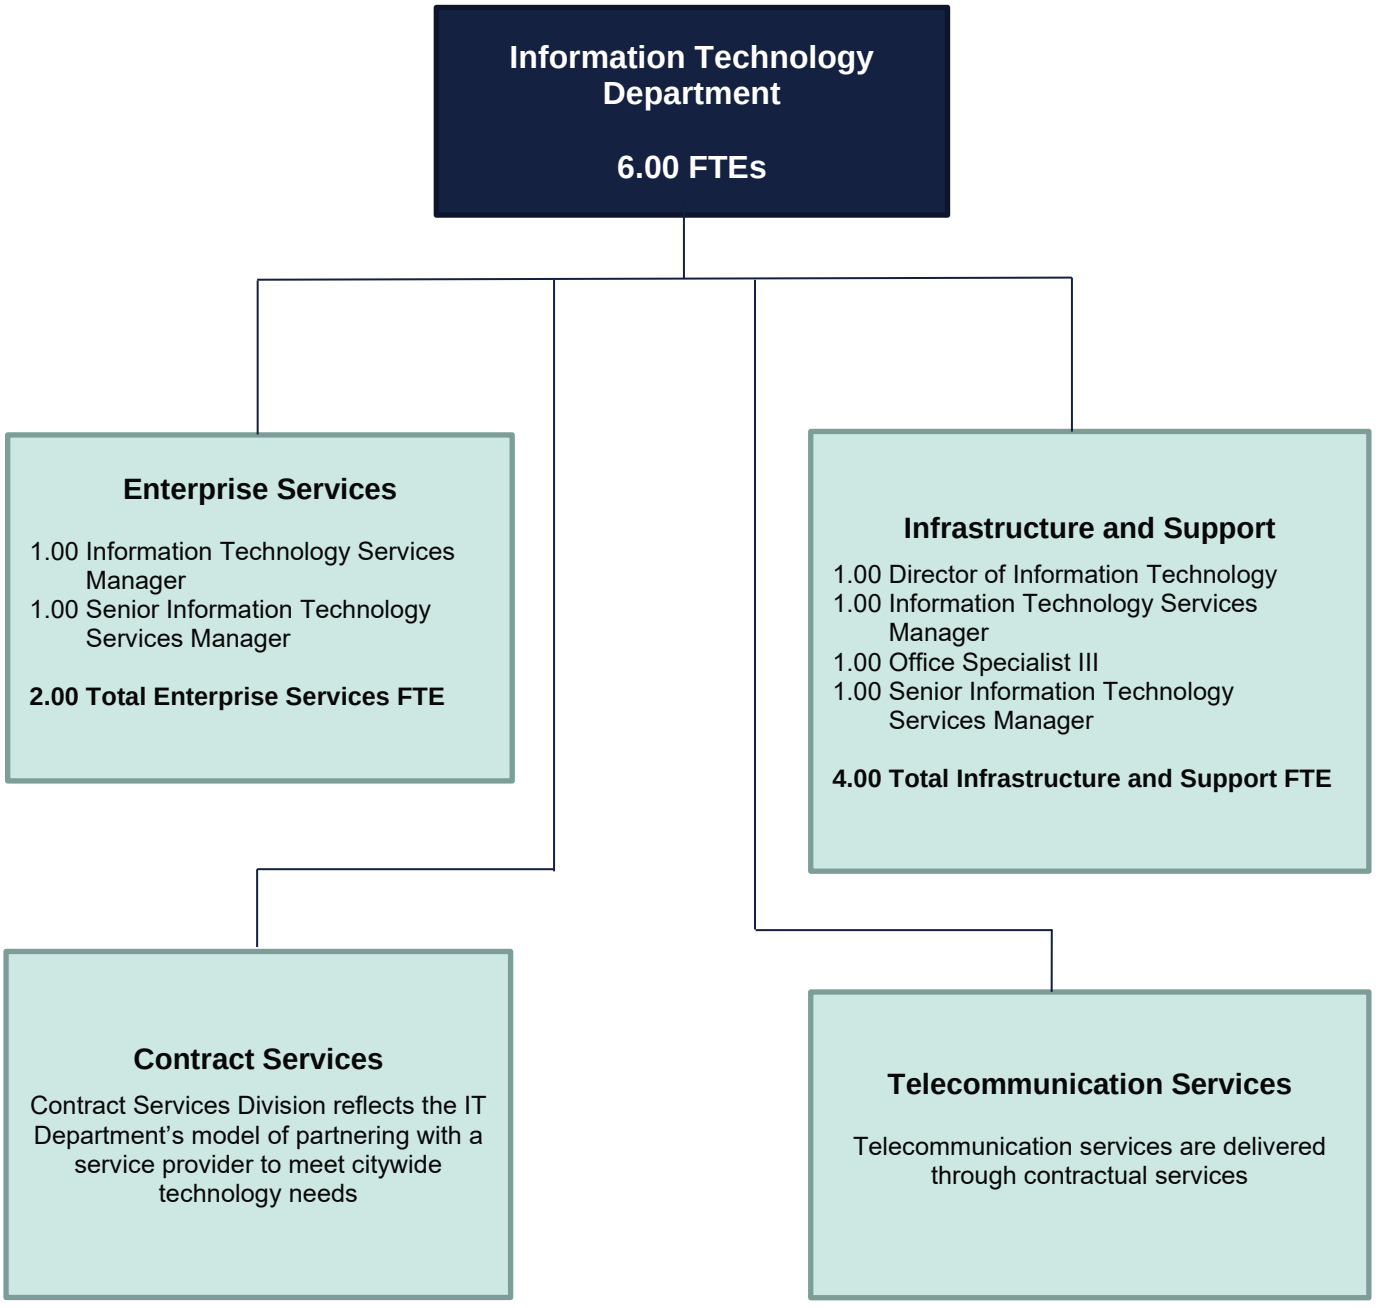
Infrastructure and Support Division Mission	Provide a reliable and secure citywide computing infrastructure to enable departments to accomplish business goals and provide City services and information to the community.
Division Objectives	Provide services to ensure the reliability, continuity, and sustainability of network, server, storage, and desktop systems.
	Maintain, support, and enhance the City's enterprise-wide technology infrastructure in support of City departments.
	Enable business continuity and delivery of essential services through remote workplace capabilities
	Ensure security and strengthen the reliability of the internal City systems and network.

Contract Services Division Mission	To provide superb professional, responsive, and cost-effective information technology services to the City.
Division Objectives	Manage the City technology contracts to ensure the adherence to scope and deliverables.
	Implement information technology best practices and drive operational and continuous improvements with our technology providers.
	Provide governance and oversight for the City technology vendors to ensure performance meets/exceeds contractual obligations. Ensure remediation plans are developed and adhered to as needed.

Telecommunication Services Division Mission	Provide support for general communications services for City staff, including telephony services, mobile, wireless communications, and cable services.
Division Objectives	Provide and maintain high quality telephony and mobile services to all City staff and departments. Assist in the planning and implementation of telecommunications services at City facilities.
	Review and process billing for all telecommunication services.
	Provide cable franchise oversight and monitoring.

Significant Accomplishments

- The past year was dominated by the COVID-19 pandemic. Technology played a pivotal role during this time. The IT Department swiftly came together as digital first responders to enable business continuity and essential services. Highlights of ITD's COVID-19 digital transformation efforts include:
    - Work from anywhere
    - Online public meetings
    - Employee collaboration
    - Digital services
    - Public safety technology
    - Ongoing operations
- COVID-19 support for Departmental initiatives:
    - Emergency Operations Center (EOC) activation and technology support
    - HR/Payroll – Emergency leave programs and FMLA updates
    - Finance Utility Billing updates and COVID Programs
    - Small Business Assistance Grant Program
    - Installed Touchless credit card machines
    - Drive thru payment window activation
    - Updated Clean Up Campaign GIS Map
    - Website updates, PRA response, Social Media
    - Created an online donations portal for the Help Your Neighbor program.
    - Supported the Emergency Rental Assistance to allow low-income households to apply for Emergency Rental Assistance to pay past due rents accumulated due to the COVID-19 crisis. The City achieved three rounds of funding using this process.
- Enhanced productivity, collaboration, and security. Roll-out and support of Microsoft Teams and O365 SharePoint Online as the collaboration platform across City.
- Redesigned the City Websites for improved resident engagement, allowing departments autonomy while retaining the City brand, new sitemap, and technical improvements such as search and mobility. The core team from the City Manager's Office and the IT Department worked collaboratively with representatives from all departments. The City Websites received three national awards recognizing the work.
- Enabled business transformation, process streamlining and data-driven outcomes through application modernization. Systems include Electronic Document Management, Legal Service Requests, Utility Billing System, Business License System, Financials, HR, Payroll, Procurement, Mobile Inventory, Video security system, GIS and Enterprise asset and work order management system.
- Continued the maturity of the City's cybersecurity posture, safeguarding resident and city sensitive data.



Significant Objectives

- Application Modernization: Support citywide and departmental system replacements and upgrades – Utility Billing Customer Self Service Portal, Utility Billing IVR/Contact Center, Police Records Management, Permitting/Land Management, Records Management, Financials and HR Management System, Legal Case Management, Work Order Management.

- Enterprise GIS: Building on the existing enterprise GIS platform; work plan for the year includes projects to further citizen engagement, decision making, and effective infrastructure information lifecycle management.
- Improve collaboration capabilities across the City by leveraging technologies such as the Microsoft 365 platform to enable anytime, anywhere access to City systems and resources.
- Technology Infrastructure: Architect and replace aging technology infrastructure in a strategic and phased manner in support of increased digital, mobile and cloud solutions for anytime, anywhere device access in a secure manner. Enhance technology capabilities in the City Parks and Recreation Facilities for improved user experience. Strengthen Emergency Operations Center and Public Safety network infrastructure for security and performance.
- Cybersecurity and Risk Mitigation: Strengthen the City's cybersecurity posture by providing a proactive defense against threats via intrusion prevention/detection systems and security information and event management systems and response protocols

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
    - IT services contract reduction
    - Various contractual services reductions for services that have been absorbed in other contracts or no longer needed
- The Proposed Budget includes the following Phase 2 budget reductions to help address the General Fund shortfall:
    - Elimination of 1.0 Management Analyst position
    - Additional IT services contract reductions
    - Reduction in as-needed staffing allocations

Information Technology Department
6.00 FTEs
Enterprise Services
1.00 Information Technology Services Manager
1.00 Senior Information Technology Services Manager
2.00 Total Enterprise Services FTE
Infrastructure and Support
1.00 Director of Information Technology
1.00 Information Technology Services Manager
1.00 Office Specialist III
1.00 Senior Information Technology Services Manager
4.00 Total Infrastructure and Support FTE
Contract Services
Contract Services Division reflects the IT Department's model of partnering with a service provider to meet citywide technology needs
Telecommunication Services
Telecommunication services are delivered through contractual services

Information Technology Services Contract Reduction	0.00	0	(215,058)	0	(215,058)

Program: 1921– Infrastructure and Support

This proposal eliminates a currently filled Unisys position, focused on providing project management best practices, managing projects, timelines and activities. The position focuses primarily on end user services, such as desktop and laptop roll outs, upgrades, and infrastructure projects. The Department expects that project quality and timeliness will be impacted without this position helping managing activities. Additionally, operational response times for some items will need to be extended based on workload rebalancing and priorities. Potential impacted projects include set-up and delivery of mobile devices (phones, ipads, tablets), rollout of desktop upgrades and enhancements, applications packaging for deployment to desktops, creating images and testing new computer models prior to deployment, responding to some lower priority end user incidents, and overall longer service request response times.

Performance Impact

Existing staff within the information technology services contract will absorb these duties which will potentially result in longer turnaround time for roll-outs of upgrades/system implementations as well as delays in response times to service requests.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Elimination of 1.0 Management Analyst Position	(1.00)	0	(169,308)	0	(178,015)

Program: 1921– Infrastructure and Support

This proposal eliminates 1.0 vacant Management Analyst position in the Department. This position is responsible for various aspects of the department including finance and procurement support, drafting and coordinating reports to the City Council, staff onboarding and contract management. This position also handles consolidation of multi-departmental master agreements, Voice over Internet Protocol program management and operational support.

Performance Impact

While existing IT staff have absorbed these responsibilities, it is anticipated that the timing of deliverables will be significantly impacted.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Cable, Franchise & Telephone As-Needed	0.00	0	(50,000)	0	(50,000)

Program: 1941 – Telecom Services

This proposal reduces the as-needed budget in the Information Technology Department, specifically for cable, franchise and telephone services. This role provided cable franchise contract management and coordinated aspects related to the Digital Infrastructure and Video Competition Act of 2006 and public, educational, and governmental fee revenue from Comcast and AT&T. These responsibilities will be absorbed by existing staff within the department.

Performance Impact

While this workload has been absorbed by existing staff, timeliness of deliverables may be impacted.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Cybersecurity User Training	0.00	(26,010)	0	0	0

Program: 1921 – Infrastructure and Support

This proposal reduces the Information Technology Department's training budget by $26,010 on a one-time basis for FY 2021/22. The Department was able to secure funding from the Bay Area Urban Areas Security Initiative (UASI) for Cybersecurity Awareness Training. The Bay Area UASI aims to improve regional capacity to prevent, protect, address and recover from terrorist attacks and catastrophic events. One of the areas where Bay Area UASI offers services and training is in cybersecurity, to address regional threats to network infrastructure and unauthorized access.

Performance Impact

There is no performance impact with this proposal, as one-time outside funding will be used for cybersecurity training.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Library Department

This page is intentionally left blank.

Library Department Description

The Santa Clara City Library has positioned itself as a dynamic community hub, providing access to information, literacy resources, educational programming, and civic engagement opportunities for the Santa Clara community. The Library advances the Council's Priorities by delivering high quality, efficient services in the following core areas:

- Collections – Provides a relevant physical and digital collection of books, movies, music, magazines and research tools for a diverse community with wide-ranging interests and needs.
- Technology and Information Access – Introduces and provides access to technologies that support community innovation, employment opportunities, entrepreneurship and bridges the digital divide.
- Literacy and English as a Second Language (ESL) – Provides high quality adult and family literacy instruction and access to English as a Second Language.
- Programming – Delivers high impact programming that supports early literacy through story times and other pre-school age events. Offers teens and young adults activities that promote youth development and engagement. Provides cultural enrichment, promotes inclusion for new immigrants and supports lifelong learning through educational programming.
- Community Partnerships – Pursues innovative partnerships with City departments, local educational institutions, local businesses and non-profits to enhance service delivery that promote reading, literacy and community building.
- Facilities – Maintains buildings that are a source of civic pride, provide opportunities for placemaking, encourages community building and provide a clean, safe and welcoming place to study, learn and connect.

Divisions and Services

The Library Department is organized into seven Divisions: Administration, Adult Services, Branch Services, Customer Services, Facilities, Technical and Technology Services and Youth Services.

Administration Division Mission	Plans, directs, organizes, and manages the Library Department educational and recreational activities for the Santa Clara community; provide staff support for the Department's central and administrative services.
Division Objectives	Manages the operational oversight of the Santa Clara City Library system including strategic planning, budgeting, personnel, facility management and community relations. Also provides support to the Library Board of Trustees and serves as liaison to the Santa Clara Library Foundation and Friends.
	Identifies and implements creative solutions to ensure access to technology to bridge the digital divide and enhance service delivery to library patrons.
	Establishes partnerships with community organizations to leverage resources and ensure a diverse portfolio of library programs and services.
	Collaborates with internal and external stakeholders in the implementation of programs that advance the City Council's Priorities.
	Provides strategic leadership on the development of new library facilities and necessary improvements to ensure clean, safe and welcoming facilities.

Adult Services Division Mission	Provides information and readers advisory services through effective reference and information delivery systems; select, evaluate, and deselect Library materials for adults, including books, periodicals, audio-visual materials, and materials in electronic formats; provide special programs, collections, and services, such as the genealogy collection, classes and workshops on new technologies, and the delivery of library materials to homebound residents.
Division Objectives	Provides effective and efficient reference and reader advisory services for adults as well as technical assistance in the use of Library resources and technologies.
	Selects and curates the Library's extensive collection of print, media and digital resources as well as develops and implements programming for adults to support lifelong learning and community engagement.
	Delivers programs and services that promote literacy including Career Online High School, the READ Santa Clara Program and English as a Second Language programs.
	Maintains and supports the development of the City's local history collection.

Branch Services Division Mission	Provides access to collections, programs and space to distinct neighborhoods and communities throughout the City.
Division Objectives	Provides relevant physical and digital collections of books, movies and music that appeal to diverse users.
	Creates community through popular, informative and cultural programming that engenders lifelong learning.
	Drives economic and entrepreneurial growth by offering free Wi-Fi, computers and group study rooms.
	Provides Bookmobile service to outlying, underserved and corporate communities where they work, play, create, learn and live regardless of physical, economic, social and geographic barriers.
	Provides clean and safe facilities that enhance the neighborhood

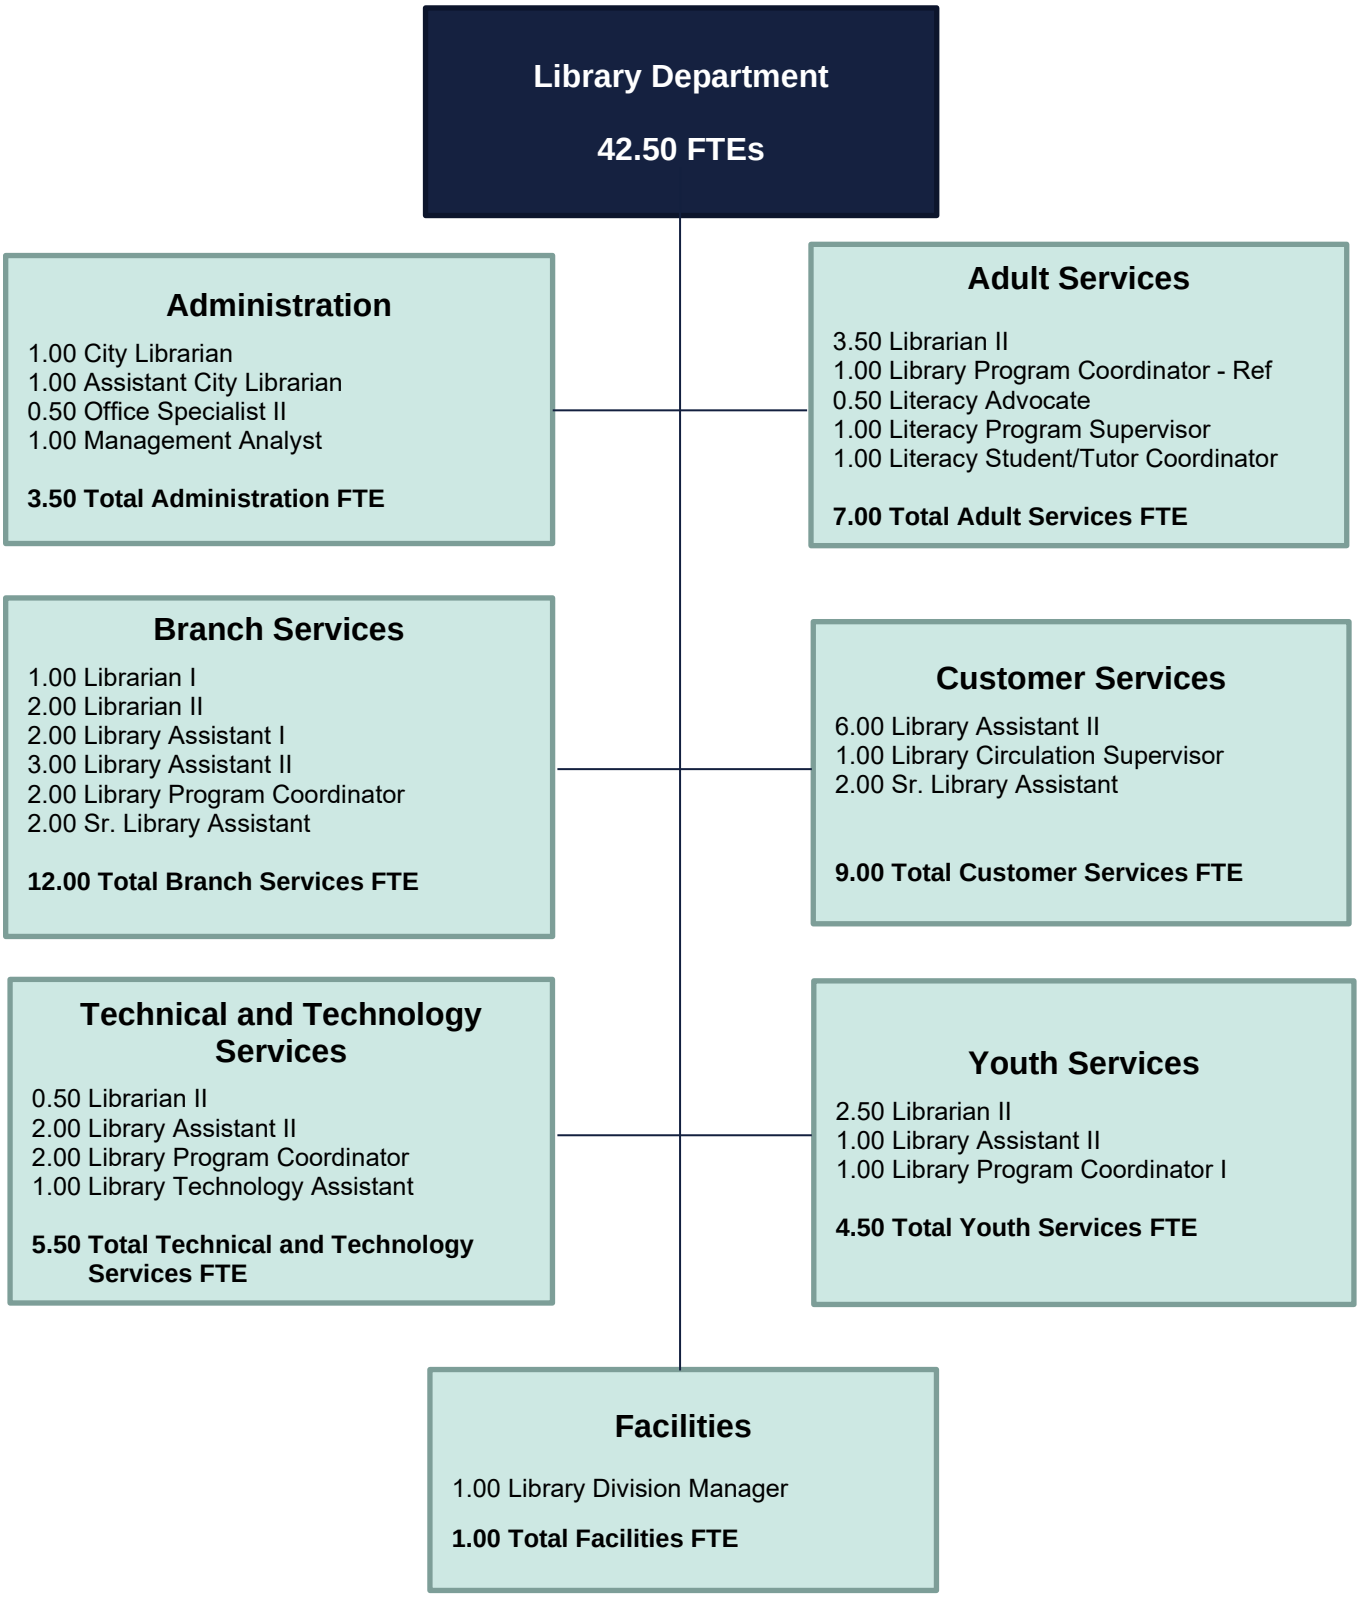
Customer Services Division Mission	Provides and manages procedures for the circulation of Library materials with an emphasis on customer-centered services, including circulation of materials, reserves, patron registration, shelf maintenance and collection of fines and fees. Provide and manage general patron advisory, referral and assistance.
Division Objectives	Develops systems to ensure the timely and effective circulation of Library materials and resources.
	Acts as the initial point of contact for patron inquiries, aids in-person, delivers customer service via telephone and online on issues related to library accounts, circulation of materials and the availability of resources. Processes financial transactions related to patrons' use of materials.
	Coordinates the activities of the Interlibrary Loan and Link+ programs which allow patrons to secure materials from a consortium of academic and public libraries.
	Maintains the orderliness of the Library's collections by ensuring timely and efficient sorting, shelving and retrieval of materials for circulation.
	Provides logistical and operational support for special events and library programs.

Facilities Division Mission	Manages Library facilities to maintain safe, accessible and functional facilities for all Library visitors.
Division Objectives	Develops and manages contracts related to the safety and security of the Library's three physical locations: Central Library, Northside Branch Library and Mission Branch Library.
	Coordinates capital improvements and building maintenance activities with other departments.
	Facilitates the use of the Library's facilities by outside partners such as the Registrar of Voters and the County of Santa Clara for approved civic-related activities.

Technical and Technology Services Division Mission	Manages the acquisition, cataloging, processing, and repair of all types of library materials and the organization of these materials into collections for the use of library customers. Manages operations and systems which support Library services, provide access to Library collections, electronic resources, and information sources beyond the Library, by utilizing current technologies for the benefit of the community and the delivery of customer-centered services.
Division Objectives	Implements cost-savings benefits by purchasing pre-processed Library materials.
	Purchases and processes new library materials for delivery to customers in a timely fashion.
	Synchronizes Library data with other City departments for procurement and maintaining data and statistics.
	Sets up and maintains all public and staff computers and hardware, including workstations, laptops and printers throughout the Library system.
	Implements new library software and upgrades to existing applications to maintain functionality and security.
	Designs and supports technology-based programming.
	Designs, updates, and maintains content for Library website.

Youth Services Division Mission	Provides relevant materials, programming, and services for children, young adults, and their families to support youth development and lifelong learning. Provides the Santa Clara community with opportunities to serve the City and the Library through volunteer activities.
Division Objectives	Supports the role of parents as their child's first and most important teacher through collections, programs, and resources; targeted to children ages 0 to 5.
	Recognizes and honors Santa Clara's diverse community through programming multilingual story times and improved foreign language and bilingual collections for children and their families.
	Provides equitable and high-quality programming, reference and reader's advisory services for all children and teens.
	Publicizes the Library's resources, services and programs to elementary, middle and high schools within the City of Santa Clara, and positions the Library as a community educational partner.

Significant Accomplishments



- During the COVID-19 pandemic, effectively navigated the impact of changing public health orders to maintain access to core Library services by launching contactless hold pick-up services and implemented appointment concierge services as well as “grab and go” curated bundles of materials.
- Assumed responsibility for city-wide call center operations by expanding the hours and scope of the Library’s reference call line.
- Successfully pivoted from in-person programming to virtual programming to maintain and expand programming options for patrons in response to shelter-in-place orders.
- Activated and deployed Library staff and facility resources to support the City’s varied COVID-19 response activities including weekly food distribution programs for youth and seniors as well as COVID-19 testing operations for City and County residents.
- Partnered with Second Harvest Food Bank and the Santa Clara Unified School District to create an award-winning Lunch at the Library free summer meal program for local families.
- Provided new materials and services that reflect the City’s diverse community such additional bilingual story times and sensory programming for children on the autism spectrum.
- Partnered with Kaiser Permanente to install a Mamava lactation pod to provide a welcoming space in the Library for nursing mothers.
- Added over 50,000 digital titles to the collection.

Significant Objectives

- Develop and implement a phased in approach to create a “new normal” for library services that balances access to critical library services with patron safety and employee wellness.
- Continue to support the City’s disaster service work effort and COVID-19 response activities.
- Evaluate the Library’s current service delivery to accommodate lessons learned from the COVID-19 pandemic to maximize resources and improve services such as a rebalancing of physical and digital resources, continuation of hybrid in-person and virtual programming, opportunities for mobile service delivery and increased community collaborations to foster and support economy recovery efforts.
- Build the Library’s capacity to serve by focusing on opportunities for staff recruitment, development, and engagement.
- Work with City and community partners to explore the feasibility of expanding and/or improving access to Library facilities in north Santa Clara.

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
  - Reduced the overtime and conference, travel and training budget
  - Reduced the library materials budget
  - Reduced the non-personnel budget (routine maintenance, supplies, events and activities, and marketing expenses)
- The Proposed Budget includes the following Phase 2 budget reductions to help address the General Fund shortfall:
  - Reduce the library materials budget
  - Eliminate funding for the Footsteps2Brilliance agreement
  - Reduce as-needed staffing budget
  - Eliminate 1.0 Librarian II in the Adult Services Unit
  - Eliminate 1.0 Librarian I in the Youth Services Unit
  - Reduce 1.0 Librarian II to 0.50 in the Youth Services Unit
  - Eliminate 1.0 Library Assistant in the Technology Program
  - Eliminate 0.75 Library Assistant in the Mission Branch Library

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Reduction in Staffing (Youth Services, Adult Services, Technology Program, and Mission Branch)	(4.25)	0	(551,430)	0	(569,023)

Program:
1231 – Youth Services
1233 – Mission Branch
1241 – Reference and Adult Collections
1271 - Technology

This proposal reduces the Librarian staffing by 2.5 positions (from 12.0 FTE to 9.5 FTE) and the Library Assistant staffing by 1.75 positions (from 17.75 FTE to 16.0 FTE) by eliminating the following vacant positions:
Adult Services Unit: Librarian II (1.0 FTE)
Youth Services Unit: Librarian I (1.0 FTE) and Librarian II (0.50 FTE)
Technology Program: Library Assistant (1.0) FTE
Mission Branch: Library Assistant II (0.75 FTE)

This proposal eliminates 3.5 positions at the Central Park Library (CPL) and 0.75 position at the Mission Branch. Since the outbreak of COVID-19, in-person Library services have been severely limited. While it is anticipated that library services will be restored during the upcoming budget cycle, guidance from the State Library recommends that restoration be incremental in order to ensure the safety of staff and patrons. Libraries are encouraged to continue virtual programming to the extent possible and to restore services with an equity lens to ensure access to critical services for vulnerable populations.

Performance Impact

By eliminating 3.5 vacant positions at CPL rather than at the branches, the Library will be able to: 1) ensure access to programs and materials across the City; 2) restore access to computers and wi-fi; and 3) maintain reasonable staffing levels to support a phased-in restoration of in-person services in alignment with health and safety protocols. Given social distancing requirements and safety protocols, it is anticipated that the level of in-person services will not return to prior levels at least until the second year of the budget cycle. While this proposal will result in an overall reduction in staffing, the three units affected have been carrying vacancies for several years. Should additional resources be needed to support particular events and activities, the Library would be able to leverage its allocation of as-needed library consultants.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Reduction in As-Needed Staff Resources	0.00	0	(88,969)	0	(88,969)

Program: 1245 – Customer Service

This proposal would reduce the Library's allocation for as-needed staff support by $88,969 (from $920,191 to $831,222), a reduction of 9.7%. As a seven-day operation, as-needed personnel provide invaluable support to in-person programming and events.

Performance Impact

The ability to utilize as-needed personnel has been vital throughout the pandemic and have helped to minimize the impact related to vacancies that have occurred due to retirements and other departures from the City. With restrictions to in-person services and events expected to continue for the foreseeable future, the proposed reduction can be absorbed by the Department without significant impact. The Library will continue to leverage virtual programming which allows for greater participation by library patrons at lower staff costs.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Discontinuation of Footsteps2Brilliance Agreement	0.00	0	(52,020)	0	(52,020)

Program: 1221 – Administration

In FY2015/16, the City agreed to provide $50,000 annually for a period of six years to the Santa Clara Unified School District in support of the Footsteps2Brilliance program. The Footsteps2Brilliance program is an early learning mobile technology platform to improve literacy for all students in grades pre K-2. The agreement expired in FY2020/21 allowing for this reduction.

Performance Impact

The Library will experience no significant performance impact.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Library Materials Reduction	0.00	0	(40,000)	0	(40,800)

Program: 1251 – Technical Services

This proposal reduces the Library Materials budget by $40,000 ongoing (from $780,047 to $740,047).

Performance Impact

The effects of this reduction will apply to expenditures on library materials which may include books, DVDs, CDs, and other resources and will not cause significant impacts to services.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Parks & Recreation Department

This page is intentionally left blank.

Parks & Recreation Department Description

The Parks and Recreation Department provides planning, development, operation, maintenance and rehabilitation of the City's twenty-seven (27) neighborhood parks, thirteen (13) mini parks, two (2) community parks, three (3) open space sites, ten (10) recreation buildings, four (4) trails, eleven (11) joint use facilities and eleven (11) bodies of water at five sites. Facilities include community centers, neighborhood park buildings, community gardens, playgrounds, pools, restrooms, picnic areas, turf, trees, vegetation, athletic fields and joint use facilities. Service levels are set to promote the use of safe, clean, and attractive facilities for enjoyment and quality of life for all ages and abilities. The Department assists the public with facility rentals, community services, cultural programs, special events, enhanced natural environments, fitness and wellness programs, as well as sports and aquatics opportunities. The Senior Nutrition Program provides a congregate meal setting where seniors can improve their health through balanced meals and socialization and is funded through a grant from the Santa Clara County Social Services Agency's Senior Nutrition Program and Community Development Block Grant (CDBG) funds. Seniors are encouraged to access the many services available at the senior center while on site and are given the opportunity to engage in health and wellness programs at the senior center. The Parks & Recreation Department also provides planning, development, operation and maintenance of the City's two cemetery properties to support families before, during and after their time of need. The Cemetery Division maintains 33,000 interment sites in a peaceful public park and provides customer service in a professional and respectful manner, while demonstrating sensitivity to our diverse community.

Divisions and Services

The Parks & Recreation Department is organized into five divisions: Administration, Parks, Recreation, Cemetery and Senior Nutrition Program.

Administration Division Mission	Provide leadership, resource development and administrative support to Parks, Recreation, Cemetery and Senior Nutrition Program Divisions; plan and develop new parks and recreation facilities to support the City's programs, activities and special events; review new housing development plans for provision of new parkland dedication and recreation amenities.
Division Objectives	Plan and implement design, development, construction and maintenance of new parks; rehabilitation of older facilities and infrastructure, including public outreach and Parks Recreation Commission review and recommendations.
	Research and develop partnerships, sponsorships and grants from private, corporate and other public agencies in order to supplement funding of facilities, projects, programs and other services.
	Provide leadership to four Commissions (Parks & Recreation, Senior Advisory, Cultural Arts, and Youth).
	Conduct plan reviews and prepare comments for new housing developers to optimize park and recreation amenities in new developments and to ensure compliance with City Code 17.35 (Park and Recreational Land).
	Activation of Mass Care & Shelter Function of the Emergency Operations Center (Commodity Points of Distribution, Heating Center, Cooling Center), as needed.
	Plan and implement multiple citywide special events annually.

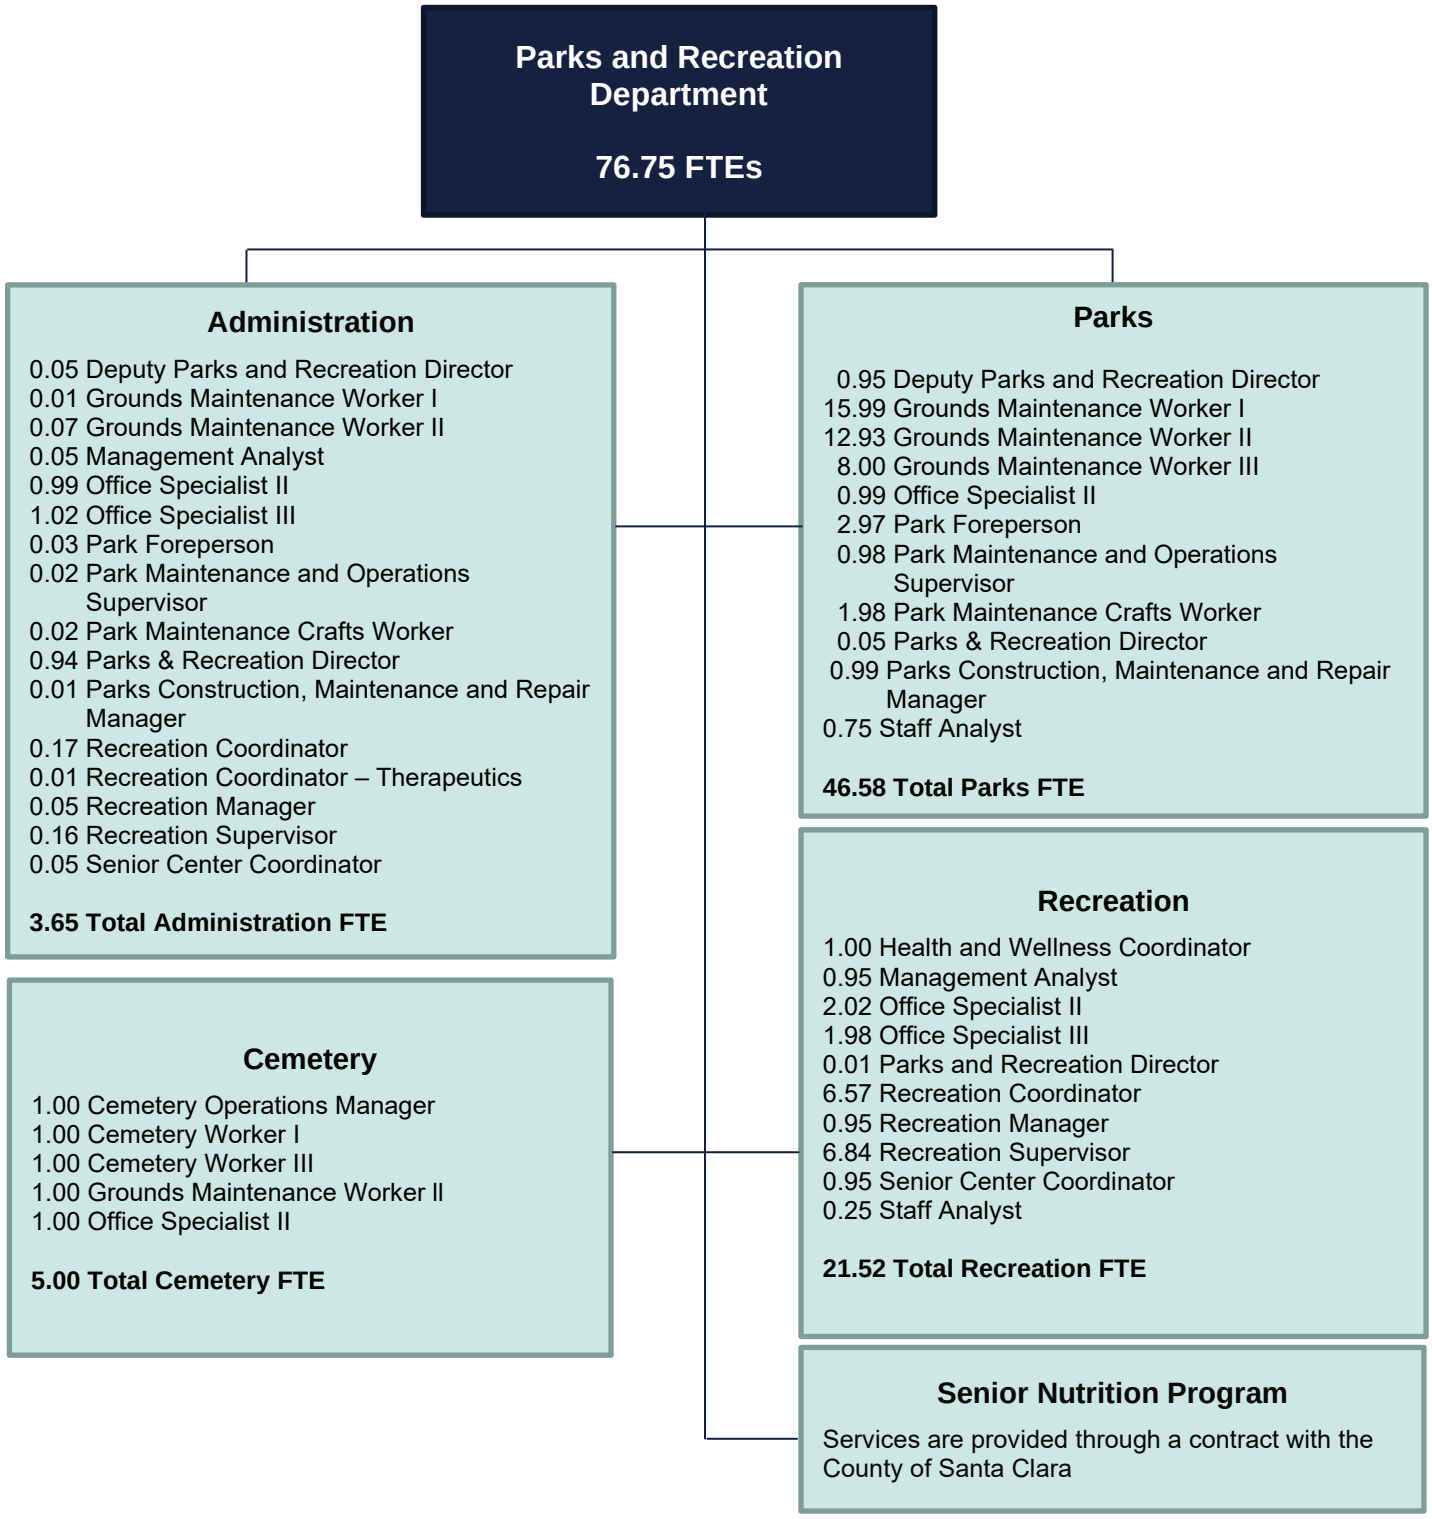
Parks Division Mission	Maintain and rehabilitate Santa Clara's Central Park (45.04 acres), 27 neighborhood parks (130.65 acres), open space (56.21 acres), 13 mini parks (5.79 acres), community centers/recreation, joint use facilities (115.19 acres) and neighborhood park buildings. These include playgrounds, restrooms, picnic areas, turf, trees, vegetation, athletic fields, pools, and sports venues at defined levels of service that promote the use of safe, clean and attractive facilities for the enjoyment of the public.
Division Objectives	Provide administrative direction, updated training, and technical support for Parks Division staff; contract operators of facilities and public users; plan for parks and facility maintenance rehabilitation needs, including volunteer projects to enhance natural habitat and urban forestry.
	Maintain 10 clean, safe, attractive municipal swimming pools at four sites (International Swim Center, Mary Gomez, Warburton, and Senior Center; proposed closure of low-use Montague pool). Maintain and support the use of clean, safe, fully functional, and attractive Community Center, Senior Center, Youth Activity Center, Teen Center and six neighborhood park buildings. Maintain and support a community garden and natural areas. All facilities and grounds are maintained on a year-round schedule of turf care, facility maintenance, vegetation, tree care, litter control and graffiti removal.
	Provide physical and logistical support for citywide special events for planning, mapping, set up, safety and cleanup; ensure that all City and Public Agency permit requirements are met for public events.
Recreation Division Mission	Provide recreation opportunities for all residents of Santa Clara at the Community Recreation Center, Youth Activity Center, Senior Center, Teen Center, Youth Soccer Park, City parks and athletic facilities and City pools.
Division Objectives	The Sports, Aquatics and Athletic Facilities Program coordinates use of the Youth Soccer Park, Reed & Grant Sports Park and some Santa Clara Unified School District (SCUSD) fields; and manages Santa Clara Tennis Center and Gymnastics Center. It partners with the field user groups for consistent use and policy implementation. The Aquatics Program offers a variety of summer swim lessons for all ages and abilities; safely supervises recreational swimming, aquatic fitness programming and year-round access to lap swim for adults and seniors; and works with local partner organizations to coordinate shared use of aquatic facilities.
	Youth Activity Center and Teen Center offers summer day camp session, serves middle and high school youth with various afterschool programs, camps and activities, including Skate Park programs.
	The Cultural and Performing Arts Program provides a variety of dance, music and art programs; fine arts camp in the summer; group exercise for adults; and preschool enrichment programs, creative drama classes and summer camps.
	The Senior Center offers a variety of health and wellness, arts and culture and special interest classes for disabled residents and individuals over 50 years of age, including programs at the fitness area and natatorium at the Senior Center and therapeutic programs with fitness and enrichment opportunities that serve individuals special needs at the Senior Center.

Senior Nutrition Program Division Mission	To provide a congregate meals program to improve senior health and ability to live independently.
Division Objectives	Offer a Monday through Friday senior nutrition program.
	Encourage participation in Senior Center Health and Wellness, resources, case management referrals, fitness and social activities at the Senior Center and other facilities to enhance quality of life.
	Offer access to information about senior issues and current events.

Cemetery Division Mission	The Mission City Memorial Park provides exemplary cemetery services in a well maintained, park-like setting with a customer-oriented atmosphere. The Agnew Historic Cemetery maintains space for reflection and interprets historical artifacts.
Division Objectives	Mow and trim turf areas weekly; pruning and planting of trees as needed for safety and maintenance of existing canopy.
	Maintain cemetery buildings daily, in keeping with City standards.
	Maintain accurate documentation, use best practices and depending on the availability of resources, use current technology to map and record all transactions and burials in the cemetery.
	Develop in-ground and niche bank spaces to provide additional interment options for families in need.

Significant Accomplishments

- The Department swiftly met community needs during the COVID-19 pandemic and creatively restructured its operations to meet the changing guidelines:
  - Facilitated a drive-through meal pick-up program to continue the Senior Nutrition Program during the pandemic.
  - Updated playground sanitization protocol addressing federal, state and county restrictions to open playgrounds.
  - Created virtual and outdoor fitness activities to meet health and wellness needs of the community during the pandemic.
  - Assisted in coordination and distribution of the Meals for Families program with the Salvation Army.
- Created an interdepartmental “Smart Parks” planning team to collaborate on technology in parks (electronic locks, wi-fi, EV charging stations, etc.).
- Completed rehabilitation at Bowers, Machado, Homeridge and Agnew Playgrounds and Fuller Street sports court.
- Opened the Reed & Grant Sports Park.
- Onboarded developer-constructed Meadow and Creekside Parks.
- Rehabilitated the Raymond G. Gamma Dog Park including lighting, paving the parking lot and adding restrooms.
- Initiated the Montague Park Rehabilitation Project and Central Park Magical Bridge Project.
- Initiated a Cemetery Census to confirm and/or update contact information for the interred.
- Began to open community facilities at Lawrence Station Area development.
- Certified twenty-five (25) forklift operators.
- Certified two (2) International Society of Arboriculture (ISA) Certified Arborists.



Significant Objectives

- Initiate the development of a cost recovery policy for recreation programs.
- Complete rehabilitation projects at Montague and Westwood Oaks parks.
- Install public restrooms at Fairway Glen Park.
- Update Park Standards.
- Continue to implement a public-facing electronic work order system for parks facilities, including GIS integration updates as new parks are on-boarded.
- Explore options for supporting long-term health of cemetery maintenance endowment.
- Continue to provide approximately 15,800 nutritional meals to seniors in the Monday - Friday Senior Nutrition Program
- Explore options for supporting long-term health of cemetery maintenance endowment

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
  - Froze 1.0 Office Specialist II assigned to the Teen Center
  - Froze 1.0 Grounds Maintenance Worker I and 2.0 Grounds Maintenance Worker II positions assigned to parks maintenance
  - Reduced City-wide special events funding
  - Shifted staff costs that support the Quimby and Mitigation Fee Act programs to that funding source
  - Reduced the vendor payment budget based on the renegotiated agreement
  - Eliminated funding for the Heather Kids Foundation (agreement expired June 2020)
  - Eliminated School District funding for the Latchkey Program (agreement expired June 2020)
  - Reduced the non-personnel budget (e.g., conferences, training, and travel; supplies and materials, uniform services)

- The Proposed Budget includes the following Phase 2 budget reductions to help address the General Fund shortfall:
  - Reduce recreation program facility hours (Community Recreation Center, Senior Center, Teen Center, Youth Activity Center, and Skate Park) and the As Needed Staffing budget
  - Reduce adult sports programming offerings by 25% and the As Needed Staffing budget
  - Eliminate 1.0 Recreation Supervisor position and reduce the Theater Performance Program
  - Eliminate 1.0 Recreation Coordinator and reduce the Therapeutics Program
  - Eliminate programming at Montague Swim Center and the As Needed Staffing budget
  - Do not renew annual agreement to fund maintenance of closed school sites
  - Eliminate funding for community grants to groups that support the arts
  - Eliminate programming for the Summer Concert Series and Street Dance, cultural events, and visual arts and reduce funding one-time in FY2021/22
  - Eliminates the City's participation in the Jr. Giants Program and reduces the As Needed Staffing budget
  - One-time cancellation of the Santa Clara Art & Wine Festival (This event would be replaced with a one-time, one-day family event in Central Park)

**The positions above represent all funded positions. This excludes the 1.0 Grounds Maintenance Worker I, 2.0 Grounds Maintenance Worker II and 1.0 Office Specialist II positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).*

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Theater Program Staffing Reduction	(1.00)	0	(200,189)	0	(205,427)

Program: 1145-Recreation- Community Rec Ctr and Programs

This proposal eliminates 1.0 Recreation Supervisor ($166,189) that previously supported the Roberta Jones Theater (RJJT) performance program and reduces funding for related as-needed staff support by $34,000. The Recreation Supervisor position has been vacant since November 2019, and some of the program responsibilities have been redistributed within the Recreation Division.

Performance Impact

This move will eliminate the performance arm of the program, reducing productions from 4 (24 performances) annually to 0. Theater programming will continue as instructional classes only. The performance program averages 192 participants annually. The expenditure savings is $200,189 for FY2021-22, partially offset by the loss of revenue in the amount of $68,000

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Therapeutic Recreation Services Staffing Reduction	(1.00)	0	(156,281)	0	(160,824)

Program: 1144-Recreation- Senior Center & Therapeutic Recreation

This proposal eliminates 1.0 Recreation Coordinator position ($142,981) that has been vacant since November 2019 and reduces $13,000 in funding for as-needed staff support. The Recreation Coordinator position oversees therapeutic recreation services at the Senior Center, Teen Center and other parks and recreation facilities. Historically, incumbents have possessed requisite training and certifications to oversee interns; thereby enabling the City to leverage the position with as-needed staffing but has posed challenges, as of late. The vacancy in this position has resulted in a loss of this capacity and limits the City's ability to provide services to the City's special needs programming. Due to COVID-19, the program has been impacted and services have been suspended since March 2020.

Performance Impact

Primary service impacts will include a reduction in the number of therapeutic recreation classes (the program averages 87 classes, 710 enrollments and 140 unique participants annually) and a decrease in the number of I.D.FIT assessments for participants under 50 years old with special needs that would like to use the Senior Center exercise equipment (approx. 10 performed annually). The total expenditure savings is $156,281, partially offset by the loss of revenue in the amount of $25,500.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Facility Hours Reduction	0.00	0	(286,898)	0	(286,898)

Program: 1143-Recreation- Youth Activity Ctr & Programs
1144-Recreation- Senior Center & Therapeutic Recreation
1145-Recreation- Community Rec Ctr and Programs
1149-Recreation-Teen Center Activities and Programs

This ongoing proposal reduces as-needed staffing funding by adjusting the hours of operation at the following facilities:
- Community Recreation Center (from 56 hours to 51 per week);
- Senior Center (from 61 to 56 hours per week);
- Teen Center (only open for scheduled programming);
- Youth Activity Center (from 52 to 30 hours per week); and
- Skate Park (from 30 hours to 20 hours per week).

Performance Impact

This reduction in programmable hours will result in a corresponding reduction of $286,898 in funding for as-needed staff support. Service impacts will include a reduction in the number of days the skate park will be open (from 7 to 4) and the establishment of 6 weeks of non-programmed time throughout the year at the community facilities. Staff will use this time to plan upcoming programming, negotiate vendor agreements, complete facility maintenance, and ensure adequate staffing levels through the year.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
One-Time Reduction to Special Event Fund	0.00	(96,634)	0	0	0

Program: 1171-Recreation- CW Special Events

This proposal reduces the City-wide Special Event budget on a one-time basis in FY2021-22, including a reduction in revenue of $108,325 and a reduction in expenditures of $96,634. The 2021 annual Art & Wine Festival will be canceled due to the uncertainty of COVID-19 special event/large gathering restrictions. The Parks and Recreation Department plans to host a family-friendly, one day four-hour event to be held in late August or early September that is promoted to City residents.

Performance Impact

Fundraising for community groups will be limited for FY2021-22.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
As Needed Staffing Reduction - Aquatics	0.00	0	(47,800)	0	(47,800)

Program: 1147-Recreation- Aquatics

This proposal eliminates programming at Montague Swim Center and reduces the as-needed staffing budget by $47,800 (from $213,700 to $165,900). Despite concerted efforts to increase programming at the site in recent years, overall use of the facility remains low in comparison to other neighborhood swim centers with only an average of 7 patrons served per day for recreation swim.

Performance Impact

With the closure of the low use Montague pool, it is anticipated that the patrons would use other available City pools.
- Hours of operation have already been reduced the past three years, with some weekends open for evening events.
- Swim lessons are available at the remaining four pool sites (Senior Center, Mary Gomez, Warburton, and ISC).
- Minimum maintenance (water circulation, chlorine, etc.) of the pools will continue.

Lost revenue in the amount of $25,819 is associated with the proposal that suspends programming at Montague Swim Center, primarily from swim lessons.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Cultural Commission Advertising and Promotions Reduction	0.00	(44,140)	0	0	0

Program: 1121-Parks & Recreation Administration

This proposal eliminates programming for the Summer Concert Series and Street Dance ($24,000), Cultural events, ($15,640) and Visual Arts ($4,500) on a one-time basis in FY2021-22

Performance Impact

This action removes city support for these community activities.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Maintenance of School Sites - Sports Fields	0.00	0	(36,000)	0	(36,000)

Program: 1121-Parks & Recreation Administration

This proposal does not renew an agreement providing $36,000 annually to maintain sports fields at closed school sites. Since 1998, the City has entered into annual contribution agreements with the Santa Clara Unified School District (SCUSD) to fund the maintenance of sports fields at closed school sites (Curtis, Wilson, Monticello, and Mariposa) in exchange for community use. The most recent agreement expired on June 30, 2020.

Performance Impact

In the past, there was availability of these sports fields to Santa Clara residents and the City's funding helped support this availability. In November 2018, SCUSD's Measure BB was approved, a $720 million school bond to fund school improvements, including perimeter security fencing. Hours of availability of these fields to Santa Clara residents became limited and costs were implemented for the public to book the facilities through the School District.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
As Needed Staffing Reduction - Adult Sports	0.00	0	(20,900)	0	(20,900)

Program: 1148-Recreation-Sports and Athletics

This proposal reduces as-needed staffing funding by reducing adult sports programming offerings by 25% on an ongoing basis. The as-needed staffing budget would be reduced by $20,900 (from $44,300 to $23,400), partially offset by the loss of $3,500 in revenue (from $24,500 to $21,000).

Performance Impact

Softball: Changes from an average of 9 league sessions to 7 (sessions average 7 teams w/ 20 participants/team - participation goes from 1,260 to 980)
Basketball: Changes from an average of 6 league sessions to 4 (sessions average 6 teams w/ 12 participants/team -participation goes from 432 to 288)

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Cultural Commission Community Grants Reduction	0.00	0	(20,850)	0	(20,850)

Program: 1121-Parks & Recreation Administration

This proposal eliminates $20,850 in ongoing funding for community grants to groups that support the arts. The grantees support arts groups that cater to the Santa Clara Community. It is suggested this program be suspended until the City can afford to subsidize grants.

Performance Impact

Grant support for local arts organization from this fund will be eliminated.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Eliminate Jr. Giants Program	0.00	0	(9,400)	0	(9,400)

Program: 1143-Recreation- Youth Activity Ctr & Programs

This proposal eliminates the Jr. Giants part day summer camp program, allowing staff to focus on enhancing other day camp programming and year-round afterschool programming at the Youth Activity Center. With the reduction of full-time and as-needed staff, there is a need to reallocate staff resources and adjust programming.

Performance Impact

This program serves 125 individuals and requires 40% of a full-time coordinator as well as $9,400 of as-needed staff. This program is offered at no cost to participants and is 100% subsidized by the City. The program is also supported by volunteers that are trained and supervised by staff.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Police Department

This page is intentionally left blank.

Police Department Description

The Police Department provides law enforcement and other policing services to the City of Santa Clara.

The Police Department is organized into four Divisions: Administrative Services; Field Operations; Investigations; and Special Operations.

The Administrative Services Division (Services) is made up of the Chief's Office, Property and Evidence, Professional Standards Unit (Recruiting/Hiring and Internal Affairs) Training Unit, Communications Center, Community Services Unit, and the Police Activities League (PAL). The Records Unit is also part of the Administrative Services Division. The Records Unit is responsible for maintaining all crime reports, produces statistical crime information to the Department of Justice and the Federal Bureau of Investigations, provides radio support to officers in the field, and prepares the release of information to the public. The Records Unit also performs customer service functions at the front desk at the Police Building and Northside Substation.

The Communications Center receives and processes emergency and non-emergency calls for the City. The Community Services Unit has many functions: Community Engagement (formerly Neighborhood Watch), Crime Prevention, National Night Out, Permits, School Services Officers, Drug Abuse Resistance Education (D.A.R.E.), Adult Crossing Guards, 5th grade Safety Patrol, and the Police Activities League (PAL). The Professional Standards Unit handles recruiting, training, and internal affairs. The Chief's Office manages local, State and federal grants, the Chief's Advisory Committee and the Department's community engagement (e.g. webpage, social media outlets, print media, Citizens' Police Academy, Chat with the Chief, Coffee with a Cop, Leadership Santa Clara, Talk and Tour, Department Open House, etc.). This office also facilitates major projects, the Department's budget, legislative advocacy positions, policy management and the community volunteer program.

The Field Operations Division (Patrol) is comprised of first responders who respond to the vast majority of calls for service. The Division is made up of patrol teams, a motorcycle traffic unit, a traffic/hit-and-run investigator as well as community service officers to manage parking control and abandoned vehicle abatement. The Community Response Team (CRT) (formerly Nuisance Suppression Unit) is also part of the Field Operations Division. CRT works towards goals of crime reduction and promoting community wellness, often among vulnerable populations. In 2020, SCPD established two Crisis Intervention Specialist positions as part of CRT. The Specialists coordinate and support beneficial outcomes for persons with mental illness who have come to the attention of the Department.

The Investigations Division (Detective Bureau) is responsible for conducting follow-up investigations, particularly for major crimes. Detectives are assigned by type of crime, which includes homicide, assaults, robbery, theft, burglary, sexual assault, financial crimes, arson, and juvenile crimes. The Investigations Division keeps track of and continues to pursue "cold cases." The Investigations Division houses the Department's Forensic Coordinator and Crime Analyst, and serves as the liaison to specialized task forces.

The Special Operations Division serves as the liaison between the City and outside entities for special event permits (e.g. walk/run, parade, festival, etc.), provides security support for dignitary visits and demonstrations, and develops operational orders for law enforcement, traffic and neighborhood protection needs associated with Levi's Stadium, Santa Clara Convention Center, California's Great America, and Santa Clara University. The Reserve Police Officer program complements the work of the Department and is supported by this Division. This Division is the home to a number of specialized teams within the Department, such as the K-9 Unit, Hostage Negotiation Team, and the Special Response Team (SWAT). This Division manages the Temporary Holding Facility at the Police Building and Levi's Stadium, as well as the Jail Service Officers.

Divisions and Services

Administrative Services Division Mission	The Administrative Services Division (Services) is made up of the Chief's Office, Property and Evidence, Professional Standards Unit (Recruiting/Hiring and Internal Affairs) Training Unit, Communications Center, the Community Services Unit, and Police Activities League (PAL). The Communications Center receives, and processes emergency and non-emergency calls for the Police and Fire Departments, as well as non-business hour response for other Departments throughout the City. The Community Services Unit has many functions including: Community Engagement, Crime Prevention, Permits, School Services Officers, D.A.R.E., Adult Crossing Guard, 5th grade Safety Patrol, and PAL. The Chief's Office manages local, State and federal grants, the Chief's Advisory Committee and the Department's community engagement (e.g. webpage, and social media outlets, print media, the community volunteer program, Citizens' Police Academy, and various community outreach programs (e.g. Chat with the Chief, Coffee with a Cop, Leadership Santa Clara, Talk and Tour, Department Open House, etc.). This office also facilitates major projects, the Department's budget, legislative advocacy positions, policy management and the community volunteer program. The Records Unit is also part of the Administrative Services Division. The Records Unit is responsible for maintaining all crime reports, produces statistical crime information to the Department of Justice and the Federal Bureau of Investigations, provides radio support to officers in the field, and prepares the release of information to the public. The Records Unit also performs customer service functions at the front desk at the Police Building and Northside Substation.
Division Objectives	This budget cycle, the Communications Center will update its Viper phone system and NICE phone recording system. Doing so, will also allow for enhancements to the city's Next Generation 911 (NG911) system. This highly reliable, secure system will have enhanced tools for more effective and efficient response, increased ability to interoperate or transfer all functionality in the event of a major disaster. With these upgrades, citizens in need of emergency assistance will be able to transmit photos, videos and other existing and future forms of broadband data and applications, in addition to voice, to Public Safety Dispatchers which can be passed along to first responders and incident commanders. The Santa Clara Unified School District remains committed to returning to full in-person instruction in Fall 2021. It remains unclear what school extracurricular programs and services will take place, however the Police Department anticipates a phased re-entry of the School Services Unit (e.g., faculty in-service training, attend student/school meetings, student and parent education sessions, DARE, etc.) partially due to the pandemic, but also as a result of staffing levels. The Police Department will not have any interruption in continuing to consult with school administrators to address school / student safety issues on campus.

As State and County health guidelines allow, the Police Activities League will gradually return to offering nine program areas including BMX, deep sea fishing, Explorers, judo, soccer, softball, and wrestling. PAL also organizes “Shop with a PAL" which reaches 50 middle school students and a Christmas gift and meal delivery for approximately ten deserving families. PAL’s annual Golf Tournament serves as a fundraiser for the previously mentioned programs.

Develop a comprehensive, multi-phase strategy to recruit highly qualified, motivated applicants and facilitate the hiring of full-time and part-time employees in sworn and civilian capacities.

Fulfill Public Records Act requests in a timely manner. The Records Unit continues to transition to meet the requirements set forth in SB1421 (Peace officers: release of records) and AB748 (Peace officers: video and audio recordings).

Support local, State, and federal law enforcement partners. Implement a new Records Management System in September 2021.

Retire Uniform Crime Reporting (UCR) and transition to National Incident Based Record System (NIBRS) data collection requirements set forth by the Federal Bureau of Investigation by January 2022.

Implement AB 953, Racial and Identity Profiling Act, policy mandates by April 1, 2022.

Communication Acquisitions Division Mission	Replace amortized electronic equipment within the City.
Division Objectives	Provide continued funding for communications equipment replacement as necessary. All departments with radios are charged annually; at the end of 15 years replacement radios will be fully funded. Work with the Silicon Valley Regional Interoperability Authority (SVRIA) to transition 950 radios to encrypted channels by December 31, 2021. Makes adjustments to the Fire Department’s radios to address State Load channels prior to wildfire season.

Field Operations Division Mission	Protect and serve with honesty, fairness, professionalism, and integrity. Maintain a community atmosphere that will provide our citizens with a quality of life that will enable them to enjoy our community to the fullest. The Field Operations Division (Patrol) is comprised of the "first responders" to provide immediate services to residents, visitors and businesses within our City. The Division is made up of patrol teams, a motorcycle traffic unit, a traffic / hit-and-run investigator as well as community service officers to manage parking control and vehicle abatement. Community Response Team (CRT) works towards goals of crime reduction and promoting community wellness, often among vulnerable populations. In 2020, SCPD established two Crisis Intervention Specialist positions as part of CRT. The Specialists coordinate and support beneficial outcomes for persons with mental illness who have come to the attention of the Department. CRT's function has many community benefits, including addressing long-term public safety issues, allowing patrol officers to focus on in-progress events, community engagement, and proactive police work.
Division Objectives	The Traffic Enforcement Unit monitors traffic violations and enforces laws at identified problem areas and intersections.
	With data from the Investigations Division, Field Operations personnel are being deployed by Public Safety Dispatchers to locations on specific days and times, using a matrix of factors, in an effort to prevent crime.
	Field Operations personnel will continue to address alcohol related crimes and disturbances, particularly in the Santa Clara University footprint.
	Look ahead at our training and equipment needs in the coming 18-36 months and develop a strategic plan that addresses those needs, factoring in the impacts of the hiring freeze and vacancy count. Hire and train the appropriate number of Field Training Officers in anticipation of this influx to the program and develop innovative training to meet legislative requirements.
Investigations Division Mission	The Investigations Division will receive reports of crimes that have occurred in our community and will conduct follow-up investigations, utilizing statements, physical evidence, crime analysis, and deductive reasoning to identify perpetrators of crime. Detectives are assigned by type of crime, which includes homicide, assaults, robbery, theft, burglary, sexual assault, financial crimes, arson, and juvenile crimes. The Investigations Division keeps track of and continues to pursue "cold cases." Subpoenas for trial witness are processed and delivered from this Division. The Special Enforcement Team (SET) will continue to operate as a proactive unit dedicated to the suppression of crime in our community.
Division Objectives	Proactively serve the City's residents by combatting crime and identifying those responsible.
	Continue to aggressively track and monitor registered sexual offenders and gang registrants.
	Investigate and seek out criminals resulting in a high volume of prosecutable cases.

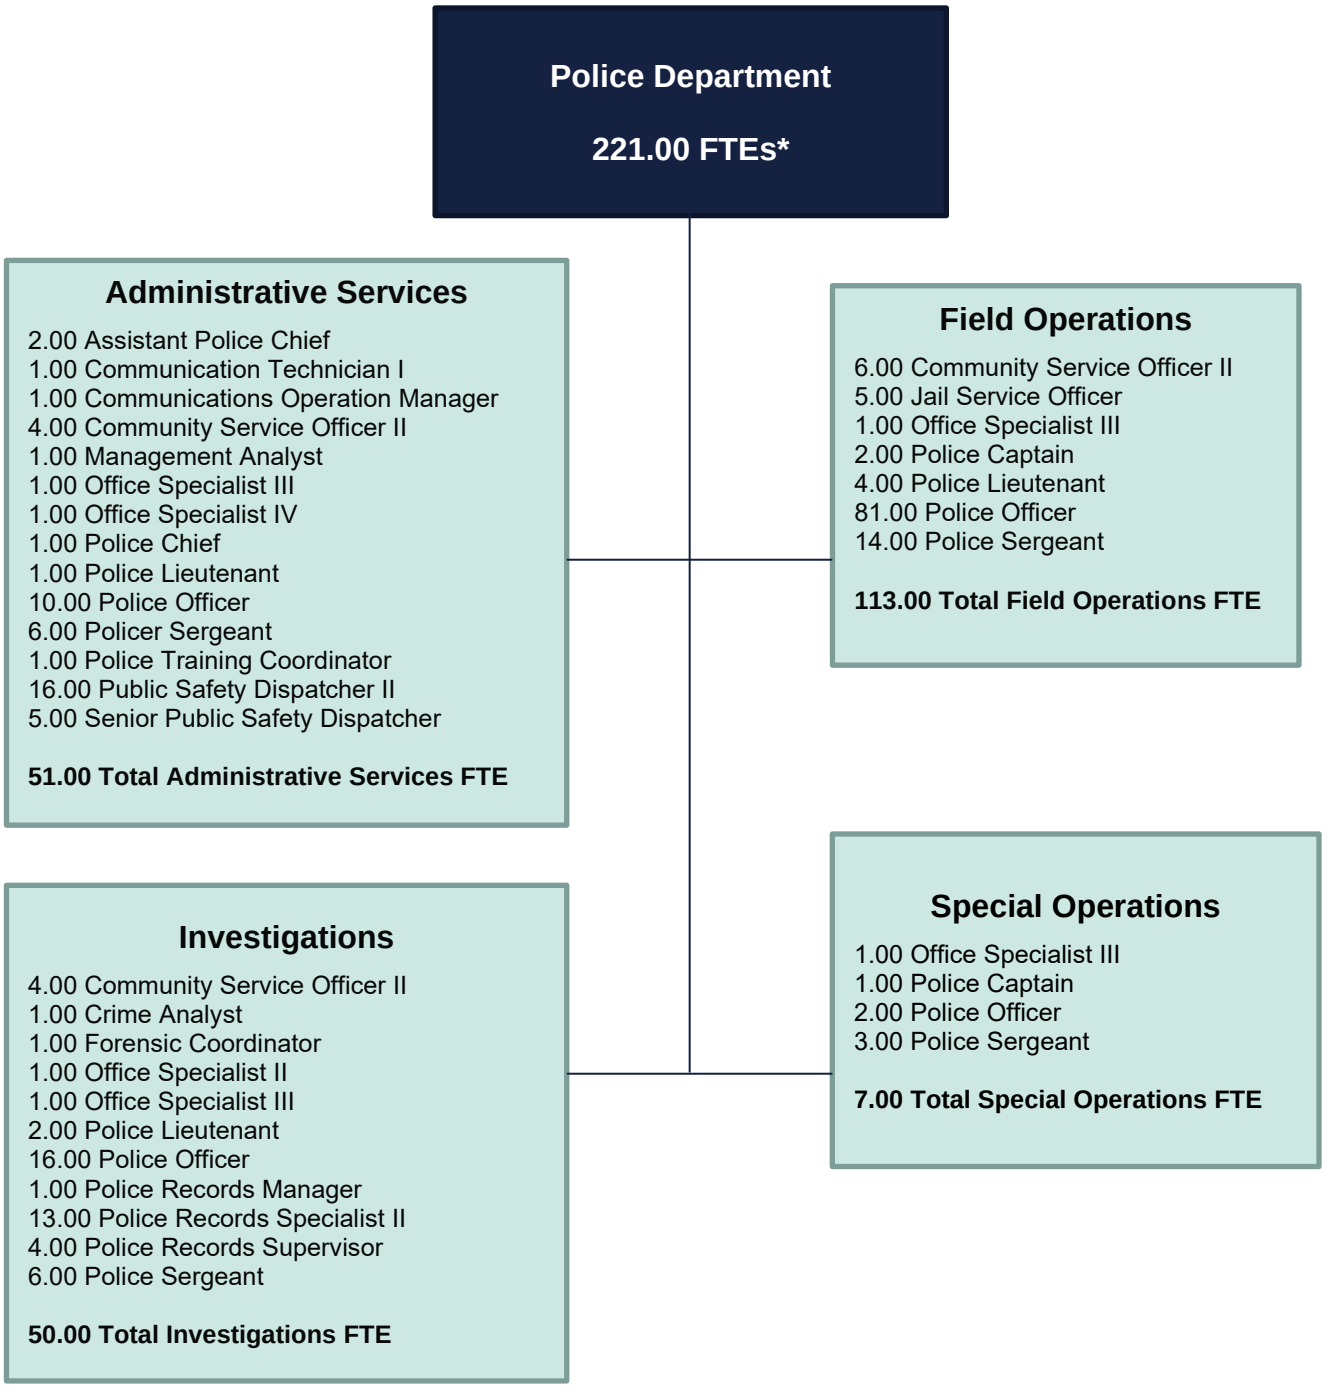
Special Operations Division Mission	The Special Operations Division includes the Homeland Security and Special Events Unit. It serves as the liaison between the City and outside agencies for special event permits (e.g. walk/run, parade, festival, etc.), provides security support for dignitary visits and demonstrations, and develops operational orders for law enforcement, traffic and neighborhood protection needs associated with Levi's Stadium, Santa Clara Convention Center, California's Great America, and Santa Clara University. This Division is the home to a number of specialized teams within the Department, such as the K-9 Unit, Hostage Negotiation Team, and the Special Response Team (SWAT). The Reserve Police Officer program complements the work of the Department in many ways and is supported by this Division. This Division manages the temporary holding facility at the police building and Levi's Stadium, as well as the jail service officers.
Division Objectives	Implement new ways to staff all special events with highly trained and committed public safety personnel to ensure the safety of all attendees, control traffic and pedestrian movement, and reduce the impact on surrounding residents and businesses taking COVID-19 protocols into consideration.
	Utilize technology to provide real-time updates during events to provide complete situational awareness and improve public safety capabilities.
	Provide a safe environment for guests attending all events and venues within the City.
	Maintain critical information sharing and partnerships with federal, State and local law enforcement agencies to ensure the safety and security of the community. Re-establish employment eligibility status for as-needed Police Officer - Special Event and Traffic Control Officers, and conduct required training in preparation for the re-opening of Levi's Stadium.

Significant Accomplishments

- Worked with government and public health officials to contain the spread of the coronavirus pandemic, continue law enforcement core services, maintain public order and adjust to crime and service trends while implementing safety precautions for employees and service level adjustments in the community
    - ensure Public Safety Dispatchers triage calls for service when a police or fire response is not necessary
    - issue temporary directives to release individuals on a citation / ticket / summons unless they have committed a felony or pose an immediate risk to public safety
    - suspend protocols that place people in custody (e.g., limiting enforcement of bench warrants, arrest warrants and probation / parole violations)
    - limit police response to low-risk incidents (e.g., traffic stops, abandoned vehicle abatement, 72-hour parking violation, etc.) to focus on critical incidents and community health needs
    - limit public access to the police building by non-employees
    - expand online reporting options and encourage use of online, phone, or virtual formats
    - increase messaging to the public on web and social platforms to reduce community concerns and anxieties
    - increase communication with law enforcement partners (e.g., Department of Motor Vehicles, District Attorney's Office, courts, zero bail, prisoner transport, etc.) and implement adjustments to practices
    - expanded upon Designated Infectious Control Officers for the care, documentation and testing of employees as well as the acquisition of supplies and cleaning / decontamination (e.g., vehicles, equipment, workspaces, etc.) of required items
    - develop new operation models (e.g., events at Levi's Stadium with no fans)
- Assisted with establishing the Diversity, Equity and Inclusion Task Force and served on the committee
- Expanded the Community Response Team to include two Crisis Intervention Specialists to provide consultation and field support to Patrol, in the areas of mental/behavioral health and service referrals
- Purchased a state-of-the-art use of force simulator to provide a realistic, yet safe environment, allowing law enforcement to practice responding to various stimuli and use this as a tool in our community engagement efforts
- Accelerated the adoption of Lexipol public safety policy manual intended to provide comprehensive, defensible Department policies written by legal and public safety professionals based on current government legislation and case decisions
- Selected a vendor for a new Records Management System and the housing of legacy data; anticipated "go live" timeframe of fall 2021
- Implemented a third-party vendor for the management of the City's residential and business alarm
- Acquired Law Enforcement Field Training Application (LEFTA) software to review and track training records, vehicle damage, vehicle pursuits, use of force reports, and professional standards
- Purchased and implement an interface between Crossroads Traffic Collision software and the California Highway Patrol's Statewide Integrated Traffic Records System (SWITRS) to improve accuracy and increase efficiency among police officers and Records Unit personnel
- Encrypted police radio channels to come into compliance with California Justice Information Services Division Bulletin No. 20-09-CIJS which sets forth legal mandates and guidelines regarding the confidentiality of information from the California Law Enforcement Telecommunications System
- Renamed the temporary holding facility within the Police building in memory of Carla Munoz
- Amended Chapter 9.30 of the City Code related to the storage and removal of personal property from public property

- Acquired necessary technology, trained staff and entered into service agreements to meet the new workload demands created as a result Senate Bill 1421 and Assembly Bill 748
- Met California Department of Justice requirements which sets forth legal mandates and guidelines regarding the confidentiality of information from the California Law Enforcement Telecommunications System
- Entered into a Letter of Agreement with Silicon Valley Regional Interoperability Authority documenting expanded guidelines associated with our partnership
- Automated license plate reader technology expanded to include pilot program with fixed cameras
- Amended the Police Department's Retention Schedule
- Utilized the 15-member Chief's Advisory Committee to advise the Police Chief on issues, matters and public policies which influence or impact the ongoing relationship between the Police Department and the community
- Secured grant funds to purchase front-line law enforcement equipment, conduct specialized operations, and offer officer training (e.g., evidence vehicle, use of force simulator)

Significant Objectives



- Host and assist in the coordination of the Women Leaders in Law Enforcement Symposium
- Upgrade to the recording system within the 9-1-1 phone system
- Conduct upgrade to 9-1-1 phone system to include updated version of Next Generation 911 compatibility
- Transition the City's estimated 950 radios to encrypted channels to comply with Department of Justice mandates by December 31, 2021
- Upgrade equipment in the Communications Center that provides fire station alerting
- Partner with the Diversity, Equity and Inclusion Task Force in the review of department policies
- Utilize one-time grant funds to seek out a mental health clinician to support the efforts of Crisis Intervention Specialists
- Implement a confidential database with crucial information about individuals with special needs that may be useful for responding public safety personnel. Provide the community with the opportunity to voluntarily participate in a Special Needs Awareness Program.
- Transition to a new Records Management System and convert from Uniform Crime Reporting Program to National Incident Based Reporting System on or around January 1, 2022
- Implement AB 953, Racial and Identity Profiling Act, policy mandates by April 1, 2022
- Facilitate a Study Session with City Council related with recreation vehicle parking in our city
- Seek City Council guidance on the Bingo Ordinance in connection with state law
- Utilize grant funding to implement a pilot program for a community automated license plate reader camera program
- Seek out grant resources and specialty training opportunities to expand on the equipment resources available to responding personnel to critical incidents (e.g., less lethal launcher, red dot sights, etc.)
- Recommend adjustments to the City Code in connection with Senate Bill 946 Sidewalk Vendors Soliciting
- The coronavirus pandemic and corresponding budget deficit temporarily suspended the following Fiscal Year 2019/20 and 2020/21 objectives. As a result, these items have been extended into this budget cycle:
    - Implement policing model for the regulation of recreational cannabis
    - Select and train personnel, and implement the Department's Unmanned Aircraft System program, dependent on staffing levels

- Work with law enforcement partners to address local (e.g., abandoned vehicles, recreational vehicle (RV) parking, neighborhood parking) and regional issues (e.g. property crimes, homelessness, traffic, mental illness, street racing)
- Continue to address short and long-term staffing needs to match community expectations, service philosophy, crime trends, calls for service, population, density and demand for citizen-police engagement within the resources available
- Manage the new permitting process and enforcement guidelines associated with the Massage Ordinance adopted by Council in November 2018
- Finalize the transition of the City's Residential and Business Alarm Permit program management to a third-party vendor
- Host a community open house with tours, interactive displays and kid-friendly activities when it is safe to do so
- Complete the Lexipol Policy Manual transition

Budget Highlights

- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
  - Froze 2.0 Police Sergeants, 6.0 Police Officers, 4.0 Community Service Officers, 2.0 Police Records Specialists, and 1.0 Office Specialist II
  - Reduction in as-needed staffing
  - Reduction in operating supplies and contractual services allocations

- The Proposed Budget includes the following Phase 2 budget reductions to help address the General Fund shortfall:
  - Elimination 1.0 Community Service Officer
  - Elimination 1.0 Jail Service Officer
  - Elimination 1.0 Public Safety Dispatcher

**The positions above represent all funded positions. This excludes the 6.0 Police Officer, 2.0 Police Sergeant, 4.0 Community Service Officer, 2.0 Police Records Specialist II, and 1.0 Office Specialist II positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402).*

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Communications Center Staffing Reduction	(1.00)	0	(186,428)	0	(190,489)

Program: 7747 – 911 Dispatch/Communications

This proposal eliminates 1.0 Public Safety Dispatcher position that is anticipated to become vacant. The Communications Center is a 24/7, 365 day operation and is budgeted with 23.0 positions, including 5.0 Senior Public Safety Dispatchers, 1.0 Radio Technician, and 17.0 Public Safety Dispatchers. This reduction would bring the dispatcher staffing level from 17.0 to 16.0 positions. In order to meet federal and State funding guidelines of answers to calls within 10 seconds, the Department has had the Center staffed with four dispatchers at a time. This position has remained unassigned for two years.

Performance Impact

As the current staffing level has absorbed these duties, the Department does not expect a severe impact on the Communications Center.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Temporary Holding Facility Staffing Reduction	(1.00)	0	(159,983)	0	(164,731)

Program: 7724 – Emergency Response

This proposal eliminates 1.0 vacant Jail Service Officer (JSO) position, bringing the team from 6.0 to 5.0 positions. The JSOs operate and manage the City's Temporary Holding Facilities (THFs). This position has been vacant since November 2019 and has not yet been filled as a result of the citywide hiring freeze. Fully staffed, the THF at the Police Building would operate every day from 6 AM to 7 PM. Under the current staffing level, the THF is closed from 8 PM to 7 AM Thursday through Saturday and every other Wednesday. During this closure period, all detainees must be taken directly to the County Jail. This closure period is subject to change, depending on shift changes the department undergoes twice per year.

Performance Impact

This proposal will impact the hours of operation of the THF.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Records/Evidence Staffing Reduction	(1.00)	0	(159,486)	0	(163,201)

Program: 7745 – Department Support

This proposal eliminates 1.0 vacant Community Service Officer (CSO) in the Records and Evidence Unit, bringing the CSO staffing in this unit from 2.0 positions to 1.0 position. This unit is responsible for the organization and handling of evidence, property release, pharmaceutical disposal program, and the safekeeping of items. The reduction of the CSO position will result in delays in the processing of evidence, potential for increased overtime, and a potential change in audit ranking when evaluated by a third-party consultant. These third-party audits are State mandated to ensure the integrity and accuracy of the handling and processing of evidence and property.

Performance Impact

The Police Department's records center is currently ranked top 1% in the State, but this ranking could be impacted with the reduction in the CSO position.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Performance and Workload Measures

Administrative Services Division							
Performance Measures							
	Strategic Pillar	**2018/19 Actual**	**2019/20 Actual**	**2020/21 Target**	**2020/21 Estimate**	**2021/22 Target**	**2022/23 Target**
Percent of emergency calls answered within five seconds		N/A	95%	90%	90%	90%	90%
Workload Measures							
Amount of grant funds managed		$1.2 m	$2.4 m	$1.1 m	$1.1 m	$1.0 m	$1.2 m
Number of volunteer hours (chaplain, explorer, community)		N/A	N/A	2,500	2,500	3,600	4,000
Percent of Officers per 1,000 residents (based on 127,134 population)		N/A	1.25%	1.25%	1.25%	1.12%	1.10%
Percent of civilian professionals allocated per 1,000 residents (based on 127,134 population)		N/A	0.62%	0.62%	0.62%	0.52%	0.51%
Number of pieces of property booked		6,704	6,409	7,200	7,200	6,114	5,819
Number of items destroyed annually		N/A	7,099	16,700	16,700	7,399	7,699
Residential and business alarm permit registration[1]		N/A	9,405	8,900	8,900	N/A	N/A
Business oversight permits managed (bingo, taxi, massage, food truck, pedi-cab, tow, private, patrol, adult bookstores, pawn shops, firearm dealers, solicitors)		N/A	196	109	109	187	187

Number of D.A.R.E. graduations		35	13	35	35	0	30

[1]The Department switched to a new alarm permit/registration vendor in January 2021. The previous vendor tracked a rolling number of individuals that signed up for alarms, while the new vendor will work on compliance efforts in addition to tracking renewals. Due to the different types of data collected between the two vendors, reasonable targets are not yet known.

Department of Public Works

This page is intentionally left blank.

Department of Public Works Description

The Department of Public Works (DPW) constructs, maintains and improves various components of the City's infrastructure and provides quality, cost-effective, timely services to the residents and businesses of Santa Clara. DPW is responsible for a wide variety of programs throughout the City which include design, construction management, stormwater pollution prevention, inspection and maintenance of City streets, bridges, storm drain systems, traffic signal systems, building facilities, street trees, landscaping and the closed landfill. These responsibilities include the engineering aspects of the sanitary sewer system, which is maintained by the Water and Sewer Utilities Department. The Department oversees the coordination and management support for the Convention Center Maintenance District, which consists of Hyatt Regency, Techmart, and the City, and maintains the grounds of the Franklin Square complex under the Downtown Parking Maintenance District. DPW manages solid waste contracts which provide services such as garbage, yard waste, recycling, street sweeping, household hazardous waste and the annual Clean-Up Campaign. Another significant component of DPW includes overseeing the procurement and maintenance of the City's fleet of vehicles and equipment. The Fleet Management program manages the lifecycle, replacement, procurement, up fit and disposal of all vehicles and equipment within the City. This program also supports the City's diverse fleet operations, ensuring safe, cost-effective and sustainable maintenance, repair, fueling, replacement, and compliance of City-owned vehicles and equipment.

Divisions and Services

The Department focus areas include Engineering Services and Operation and Maintenance. Engineering is comprised of five divisions: Administration, Traffic, Design, Land and Property Development and Field Services. Operations and Maintenance is comprised of three divisions: Facility Services, Streets, and Fleet Management. The Streets Division is further subdivided to operate in the following areas: Administration, Traffic Maintenance, Street Maintenance (streets and storm drains), Environmental Programs, Solid Waste, Landscape and Code Enforcement. The Facility Services Division manages the Convention Center Maintenance, the Street Division manages the Downtown Parking Maintenance District and the Fleet Management Division manages the Vehicle Replacement and Fleet Operations Funds.

Engineering - Administration Division Mission	Provide administrative support services which meet the needs of the division, departments, and community.
Division Objectives	Manage and oversee all Department activities, represent the Department at the City Council meetings and represent the City at various agency meetings.
	Develop and manage an efficient, cost effective department operating budget and capital improvement program (CIP) budget.
	Provide management and assistance in the development and delivery of the City's CIP.

Engineering – Traffic Division Mission	Provide safe and efficient movement of pedestrian, bicycle, transit, and vehicular traffic.
Division Objectives	Enhance safety and mobility for pedestrians and bicyclists through implementation of new or improved facilities such as bike lanes, pedestrian beacons, and intersection improvements consistent with the City's Bicycle Plan and Pedestrian Master Plan.
	Enhance safety, increase operational efficiency, and reduce delays for all users of the City roadway system through implementation of improvements, innovative technologies and engineering designs.
	Maintain, operate, and upgrade traffic infrastructure in an efficient and timely manner.
	Apply for and process transportation grants to augment the City's finances for improving traffic, pedestrian and bicycle-related infrastructure.
	Review proposed private development projects for consistency with City transportation policies and the California Environmental Quality Act (CEQA).
	Review, investigate, and respond to resident and business inquiries/complaints regarding City traffic and roadway parking operations.
Engineering – Design Division Mission	Provide high quality services to the community through efficient and effective delivery of capital improvement projects and management of the City's infrastructure.
Division Objectives	Manage infrastructure and the capital improvement project programming for pavement maintenance, storm drain facilities, and capacity improvements for the sanitary sewer system.
	Provide capital project administration and management services to other City departments (Fire, Library, Parks and Recreation, Police and Water and Sewer Utility).
	Coordinate with Federal Emergency Management Agency (FEMA) for Community Rating System (CRS) program to maintain City's Class 8 rating. This provides a reduction in flood insurance premiums for the property owners with flood insurance in the City of Santa Clara.
	Maintain engineering design standard documents and maintain infrastructure record information such as as-builts and base maps.
Engineering – Land and Property Development Division Mission	Assist customers and the community by providing effective and efficient services during project development and public improvement design phases.
Division Objectives	Facilitate the issuance of timely reviews and permits in compliance with land use and development standards.
	Provide developers and permittees with information related to fees, general engineering, City utilities, property lines and design standards.
	Develop new procedures to streamline processes and use new technology to facilitate current procedures.

Engineering – Field Services Division Mission	Serve clients and the community through effective and efficient construction management, construction inspection, materials testing, surveying, and administration services of public improvement projects.
Division Objectives	Provide effective construction management, construction inspection, materials testing, surveying, and administration services for capital improvement projects, such as pavement improvements, sanitary sewers, traffic signals, parks, and curb ramps.
	Deliver effective construction inspection, material testing, surveying and administration services for private developments that involve the City's infrastructure.
Facility Services Division Mission	Perform cost effective repair and maintenance procedures which will ensure that City-owned buildings remain safe, attractive and energy efficient. Provide a safe, clean and well-maintained public space in support of the Santa Clara Convention Center Maintenance District ensuring a safe environment while enhancing the property value.
Division Objectives	Maintain approximately 900,000 square feet of City-owned buildings in a safe, functional, and clean condition for all users. Oversee vendor contract to provide janitorial services to most City buildings.
	Provide oversight of the Convention Center Maintenance District for the upkeep of equipment, signs, landscaping, pavement, concrete curb, gutter and sidewalks, service roads, pedestrian bridges, including the garage at the Santa Clara Convention Center complex and the Tasman Parking Garage.
Streets Division Mission	Maintain streets, sidewalks, storm drain pipeline infrastructure, trees, and other landscape in the public right-of-way. Provide high quality maintenance on all landscaping, roadways, sidewalks, fountains, and exterior amenities with minimum impact to daily merchant operations. Implement reliable, cost-effective solid waste programs that maximize landfill diversion.
Division Objectives	Repair street potholes and sidewalk tripping hazards.
	Clean and maintain the storm drain collection system and implement the City's Urban Run-off Pollution Prevention Program.
	Maintain landscapes in the public right-of-way and remove graffiti.
	Prune City trees and plant new trees to replenish the City forest.
	Maintain traffic signs, striping, curb markings, and pavement messages.
	Repair damaged City-owned parking lots and walkways.
	Provide regular street sweeping services.
	Implement solid waste collection and disposal diversion programs to achieve cost recovery and maintain compliance with regulations.
	Manage solid waste collection contractors to ensure a high level of customer service and that agreement provisions are being followed.
	Complete the annual Clean-Up Campaign swiftly and safely.

Fleet Management Division Mission	Provide and maintain safe and reliable vehicles and equipment essential for the delivery of City services. Optimize fleet services through timely and cost-effective procurement, compliance, maintenance, fueling, and disposal services.
Division Objectives	Implement the City's Green Fleet Policy.
	Reduce the number of vehicles and equipment in the fleet by evaluating usage rates, removing under-utilized vehicles and unfunded retained assets.
	Perform manufacturer's recommended preventative maintenance on fleet assets to increase reliability and reduce costs associated with repairs.
	Procure equipment and vehicles identified for replacement.
	Collaborate with departments on replacement equipment and vehicles before each purchase.
	Evaluate alternative fuel options before purchasing new vehicles or equipment.
	Ensure purchases of vehicles and equipment meet the highest air quality standards set by California Air Resources Board.

Significant Accomplishments

Administration:

- In response to COVID-19, coordinated Department Commodity Point of Distribution (CPOD) activation staffing:
    - Staff served in lead roles for the youth meals program
    - Staff participated in various CPOD activations and locations including the youth meals, senior meals, and food for families
- Established work plans in compliance with County COVID-19 guidelines to meet regulations and ensure safety of staff reporting for essential services.
- Completed the FY 2020/21 & FY 2021/22 Biennial Capital Improvement Program Budget.

Design:

- Completed design work for the following capital improvement program projects: Police Building Condition Assessment and Repairs - HVAC Chiller Unit replacement, Police Building Security Improvement - backflow preventer upgrade; Stationary Standby Generators - Emergency Generator Replacement Phase 1; Public Right-of-Way ADA Improvements - ADA Curb Ramps (FY 2018/19) ; Pruneridge-Lawrence Bicycle Lanes Improvements; Lick Mill-East River Parkway Crosswalk Improvements; Saratoga Avenue Bike Lane Improvements; Benton Street Bike Lane Improvements; Scott Boulevard (Garrett Drive - Central Expwy.) Traffic Sig Interconnect & Coordination; 2020 Pavement Preservation (OBAG); 2020 Annual Street Maintenance & Rehabilitation; 2021 Annual Street Maintenance & Rehabilitation; Laurelwood Pump Station Rehabilitation; Westside Retention Basin Pump Replacement Project; Sanitary Sewer System Condition Assessment Repairs Phase 1 & Phase 2; Agnew and Fuller Street Parks Rehabilitation Projects; Raymond G. Gamma Dog Park Improvements; and Homeridge Park Playground Rehabilitation
- Conducted Community Rating System (CRS) five-year verification by the Federal Emergency Management Agency (FEMA).
- Managed, maintained, and provided Sanitary Sewer Hydraulic Modeling support services for approximately 20 Land Development Projects.
- Implemented the following improvements to the Pavement Management Program: Introduced Pavement Moratorium, prepared five-year pavement program with list of streets, coordinated the five-year program with all utilities in the City and made the information available on City's website.
- FEMA's CRS program: Coordinated with relevant City departments during the annual recertification process and provided Elevation Certificate & Letter of Map Amendment (LOMA) assistance to permit center & planning staff on an ongoing/as needed basis.
- Effectively implemented and coordinated use of BidSync for Request for Proposals and Bids and online bid submittal.
- Provided core team support through active participation for the continued implementation of the City's new CIP Management Database, e-Builder.

Field Services:

- Completed coordination, inspection, and activation of flashing beacons for pedestrian crossings at Halford Avenue at Burnley Way and The Alameda between Mission and Bellomy Streets; and a High-Intensity Activated Crosswalk (HAWK) at Kiely Boulevard at Malabar Avenue.
- Completed construction of the following capital improvement projects: Street Corporation Yard Electric Gate, Sanitary Sewer System Condition Assessment Repairs Phases 1 and 2, Police Building Chiller Replacement, Bowers and Machado Parks Playground Rehabilitations, ADA Curb Ramps FY 2019-20, Agnew and Fuller Street Parks Rehabilitations, 2019 Pavement Rehabilitation, Westside Retention Basin Pump Replacement, Homeridge Park Playground Rehabilitation, 2020 Pavement Preservation, 2020 Annual Street Maintenance & Rehabilitation,

and Athletic Facilities - Reed Street and Grant Street Sports Park.

- Managed the construction inspection and coordination for the following public improvements: Fire Station 8 Renovation, Tasman Drive Slip Ramp, Calabazas Sanitary Sewer Upgrade, Stars & Stripes Drive Transit Center, and Stars & Stripes Drive Roadway Extension.
- Provided effective construction management, construction inspection, surveying, materials testing, and administration services for approximately 50 capital improvement projects and approximately 875 encroachment permits.

Land and Property Development:

  - Issued over 900 encroachment permits over the last two fiscal years. Major encroachment permits for some notable development projects include: 575 Benton Street (Prometheus Development); Calabazas Sanitary Sewer Improvement Project - Scott Boulevard to Kifer Road (Essex Development); 1433-1493 El Camino Real - Catalina II (SCS Development); 3305 Kifer Road (Toll Brothers – Lawrence Station Area Plan); 2969 Corvin Drive (Toll Brothers – Lawrence Station Area Plan); 2233 Calle Del Mundo (St Anton - Tasman East Specific Area Plan); 2780 El Camino Real – Advanced Utility (KB Homes - Moonlite Lanes Residential); 5155 Stars & Stripes Drive/Various (Related – Related Santa Clara); 737 Mathew Street (Data Center); and Santa Clara University Athletic Building

- Processed approximately 900 development site clearances for building permits and collected fees.
- Processed 15 subdivision maps and over 150 land title documents which includes processing, reviewing, approving, and recording the title documents.
- Continue to lead and support private development throughout the City including large developments such as Related Santa Clara, Tasman East, Patrick Henry Drive, Freedom Circle, Lawrence Station, etc.
- Transitioned to Bluebeam Revu software to assist in more electronic plan review for Encroachment Permits and collaboration across City divisions and departments.

Traffic:

- Completed coordination, construction inspection of bicycle lane improvements on Agnew Road (San Tomas Aquino Creek Trail to Lafayette Street), Benton Street (Monroe Street to El Camino Real), Homestead Road (Scott Boulevard to University Avenue), Monroe Street (Civic Center Drive to Lewis Street), and Saratoga Avenue (San Tomas Expressway to Los Padres Blvd).
- Completed the following traffic Capital improvement projects: Mission College Boulevard Bike Lanes, Lafayette Street Signal Timing, Bowers Avenue Signal Timing, Bicycle Plan Update, and Pedestrian Master Plan.
- Obtained $2.1 million of regional grant funding for Lafayette Class IV Bikeway (Measure B), El Camino Real and Stevens Creek Blvd Signal Synchronization (PASS), and Basset/Lafayette Bikeway (TDA Article 3) projects and Benton Street Bike Lanes.
- Received, investigated, and responded to 673 traffic requests from the public during FY 2019/20
- Completed a Multimodal Improvement Plan Funding Agreement for the Related Santa Clara project.
- Supported traffic operations for 16 events at Levi's Stadium in FY 2019/20.

Facility Services:

- Facilitated significant development projects that included extensive COVID-19 cleaning and installation of approximately 65 sneeze guard stations.
- Oversaw all maintenance and operations including minor repairs for the Convention Center Maintenance District.
- Replaced HVAC filters regularly to minimize impacts of COVID-19.
- Upgraded all water fixtures at the City Hall complex and the Corporation Yard to touchless fixtures.
- Updated janitorial cleaning procedures to meet COVID-19 guidelines and foster a safe working environment.

- Worked with Santa Clara County on a Historical Grant for the Harris Lass property improvements.
- Remodeled and updated Finance Department's drive-through window to be used for contactless payment option.

Streets:

- Maintained Tree City USA certification for the 34th consecutive year.
- Inspected and repaired approximately 4,700 potholes city-wide.
- Inspected and performed pavement maintenance on segments of the San Tomas Aquino Creek Trail covering approximately four miles.
- Awarded a grant from Environmental Protection Agency (EPA) to install green stormwater infrastructure improvements at the Bowers Park parking lot.
- Awarded mini grants from Valley Water to install pet waste stations along the San Tomas Aquino Creek trail, expand the Adopt-a-Spot program, and install green stormwater infrastructure at the Street Corporation Yard.
- Maintained 574 catch basin inlet full trash capture devices to achieve 85% trash load reduction.
- Completed a solid waste rate study that equitably calculated each rate based on the cost of service.
- Completed the 2020 Cleanup Campaign on time incorporating modifications as a result of COVID-19.
- Provided all solid waste cart and bin customers with mixed waste processing services to capture organics through new collection and processing agreements in compliance with Senate Bill 1383 requirements.
- Completed audits of non-exclusive franchise hauler quarterly franchise fee payments and compliance with mandatory commercial recycling and organics recycling requirements.

Fleet Operations:

- Converted fleet to renewable diesel increasing the City's "green" fleet from 10% to 36% of assets.
- Obtained "Blue Seal of Excellence" recognition from National Institute of Automotive Service Excellence.
- Maintained 764 fleet assets.
- Purchased 74 new fleet assets in FY 2019/20.
- Completed preventative maintenance service on all vehicles and equipment within two weeks of the due date 94% of the time.

Significant Objectives

Design:

- Provide Infrastructure Management Services for the storm drain system and pavement maintenance program, and engineering planning for the sanitary sewer system.
- Provide effective capital improvement project management for a wide variety of projects city-wide including: Stationary Standby Generators; Electric Yard Buildings and Grounds; Mission Library Gazebo; Northside Branch Library Photovoltaic System; Annual Curb Ramp Installation (2021); Santa Clara School Access Improvements; HAWK Beacon on Scott and Harrison; Lafayette Bassett Bike Lane; Agnew Road At-Grade Crossing; MCB/GAP Intersection Improvement Project; Public Right-of-Way ADA Improvements (Settlement Agreement); Annual Street Maintenance and Rehabilitation Program; Storm Drain Pump Station Outfall Reconstruction; Storm Drain Slide Gate Rehabilitation; Lafayette St. Underpass at Subway Pump Station; Bowers Roof Replacement Project; Sarah E. Fox Memorial Mausoleum Repairs; Central Park Master Plan - New Entrance, Access and Parking Improvements; Central Park Magical Bridge Playground; Fairway Glen Park Restroom; Montague Park Enhancement; and Westwood Oaks Park Playground Rehabilitation.

- Provide Sanitary Sewer Hydraulic Modeling Support for Land Development Projects.

Field Services:

- Provide effective construction management, construction inspection, surveying, materials testing, and administration services for capital improvement projects and private development projects that construct City infrastructure.
- Provide on-time and on-schedule completion of projects for street rehabilitation, traffic signal, pedestrian-activated crosswalk beacon systems, sanitary sewer rehabilitation, and other capital projects.
- Provide construction inspection and coordination for private development-built City infrastructure, such as: 575 Benton Street Mixed Use; 1890 El Camino Real Residential; 2780 El Camino Real Residential (Moonlite Lanes); 3200 Scott Boulevard Office; 3607 Kifer Road Office; Catalina II Residential (El Camino Real); Related Santa Clara; Gateway Crossing (Coleman); Gateway Village (3700 El Camino Real); Lawrence Station - Kifer Road Multi-Family (Toll Brothers); Lawson Lane Office; Mission Park – Market Place; Santa Clara Square Residential; Summerhill Lawrence Station (3505 Kifer Road); Tasman East – 2200 Calle De Luna Residential; Tasman East – 2300 Calle De Luna Mixed Use; 2302 Calle Del Mundo Mixed Use; 2343 Calle Del Mundo Residential; 5123 Calle Del Sol Mixed Use Vantage Data Center II.

Land and Property Development:

- Facilitate significant private development projects by providing effective and efficient processing of site clearances, subdivision maps, land title documents, public improvement plan checks, and development fee collection. Some significant projects include: Lawrence Station Area Plan at Kifer Road; Lawrence Expressway and Central Expressway; Tasman East Specific Area Plan at Lafayette Street; Calle del Mundo; Calle de Luna, and Calle del Sol; Related Santa Clara (formerly City Place) at Tasman Drive; Lafayette Street and Great America Parkway (on City's closed golf course); Patrick Henry Specific Plan at Patrick Henry Drive; and Great America Parkway and Mission College Boulevard
- Upcoming or in process notable development projects include: 2323/2343 Calle Del Mundo (SummerHill Apartment - Tasman East Specific Area Plan); 2300 Calle Del Luna (Related - Tasman East Specific Area Plan); 3312 Kifer/2904 Corvin (Allied Housing - Lawrence Station Area Plan); 1205 Coleman Avenue (Hunter Storm – Gateway Crossings); 2230 Calle De Luna (Holland - Tasman East Specific Area Plan); 2200 Calle Del Luna (Holland - Tasman East Specific Area Plan); 2240 Calle de Luna (5123 Calle Del Sol.) (Ensemble - Tasman East Specific Area Plan); 2780 El Camino Real – complete package (KB Homes - Moonlite Lanes Residential); 2055 Lafayette Street (Data Center); 2600 De La Cruz Blvd (Data Center); 651 Walsh Avenue (Data Center); 737 Mathew (Data Center, ongoing); 2305 Mission College Blvd (Data Center); 2805 Mission College Blvd (Data Center); 1200 Memorex (Data Center); 2905 Stender Way (Data Center); California High Speed Rail (SF-SJ) Environmental Impact Report/Environmental Impact Statement; VTA – BART Phase II; Developments within the Lawrence Station Area Plan; Developments within the Tasman East Specific Area Plan; and Related Santa Clara (City Place – Related Project).

Traffic:

- Complete the following Traffic Engineering Projects: Creek Trail Expansion Master Plan; Traffic Signal Management Software Upgrade/Replacement; Traffic Pre-emptors; Changeable Message Signs; Travel Demand Model Update; Adaptive Signal System; Pruneridge Complete Streets Plan.
- Scott-Benton Traffic Signal Timing; Lick Mill Blvd Pedestrian Beacons Upgrade (Santana West Settlement); Santa Clara Citywide ITS Project 1; Santa Clara Citywide ITS Project 2.
- Update parameters for a Bicycle and Scooter Share Program.
- Implement recommendations in the approved Bicycle Plan Update and Pedestrian Master Plan.

Facility Services:

- Provide outstanding service to customers, which includes all types of requests such as janitorial repair needs and new infrastructure requirements with the objective to respond to every customer in a timely manner on projects

and repairs.

- Provide upkeep and repairs to the Tasman Parking Garage and the Convention Center Maintenance District.
- Provide building and mechanical maintenance services for all City buildings, including any compliance with COVID-19 guidelines.
- Continue improvements to the grounds, surfaces, and garage structure and begin planning and designing for parking lot repairs and maintenance.
- Landscape enhancements around Techmart and Convention Center that include repairing fountains.
- Seal and repair rust damage at rail footings on garage third floor and bridge to the Convention Center.
- Clean grease and oil from garage parking spaces.

Streets:

- Update the Santa Clara City Code chapters pertaining to Trees and Shrubs and Storm Drains.
- Implement asset management systems for traffic signs and storm drain infrastructure.
- Develop and implement a grid system to schedule City trees for preventative maintenance pruning.
- Inventory Landscape Maintenance Division assets to facilitate the future implementation of asset management system use to more effectively schedule and track maintenance activities.
- Ensure reliable garbage, yard trimmings, and residential recycling services.
- Develop a compost give-away program for residents and businesses.
- Expand bulky item disposal opportunities for residential customers.
- Provide reliable and effective street sweeping and grounds maintenance service at the Franklin Square.

Fleet Operations:

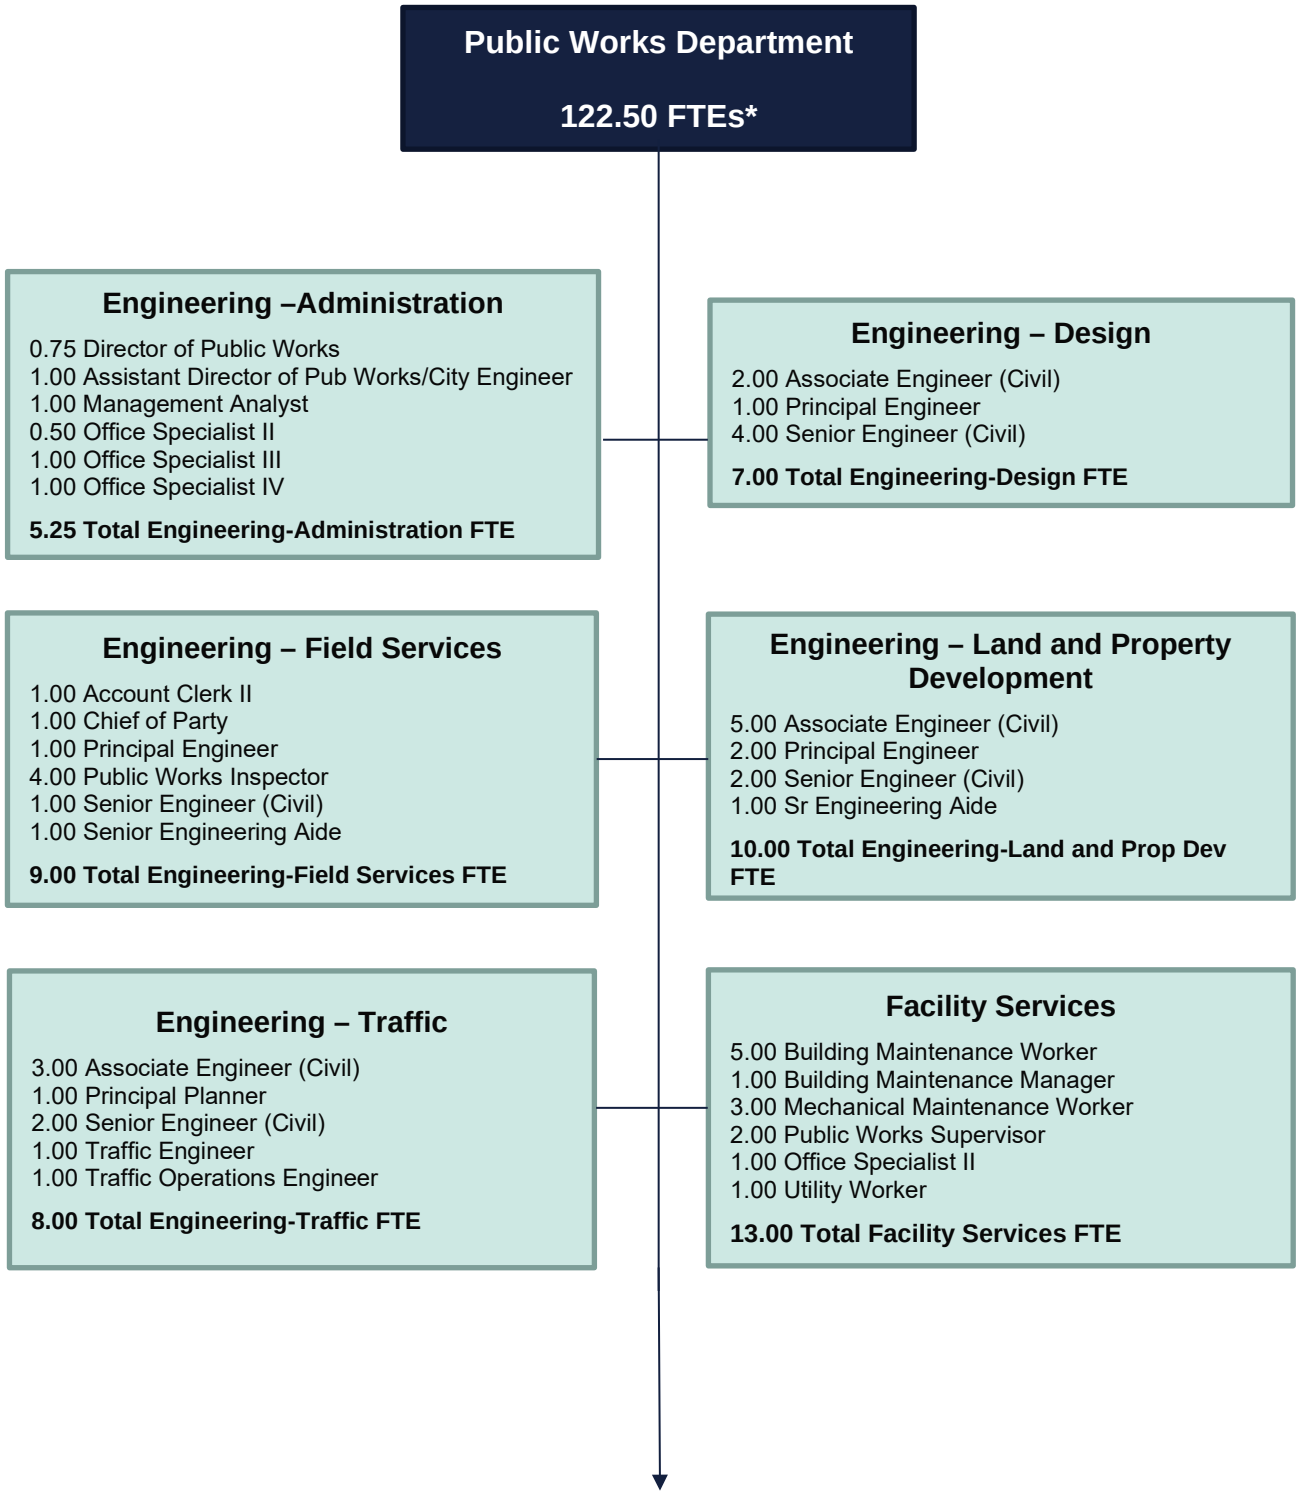
- Maintain preventative maintenance (PM) compliance with manufacturers recommended intervals.
- Analyze the Division's organizational structure and potential for outsourcing the parts operation.
- Continue work with City departments engaged in fleet electrification activity by supporting electric vehicle (EV) acquisitions, expanding EV charging infrastructure, and seeking related funding opportunities.
- Continue to monitor and report evolving regulatory requirements for medium and heavy-duty fleets required by California Air Resources Board that impacts City compliance, services, and budgets.

Budget Highlights

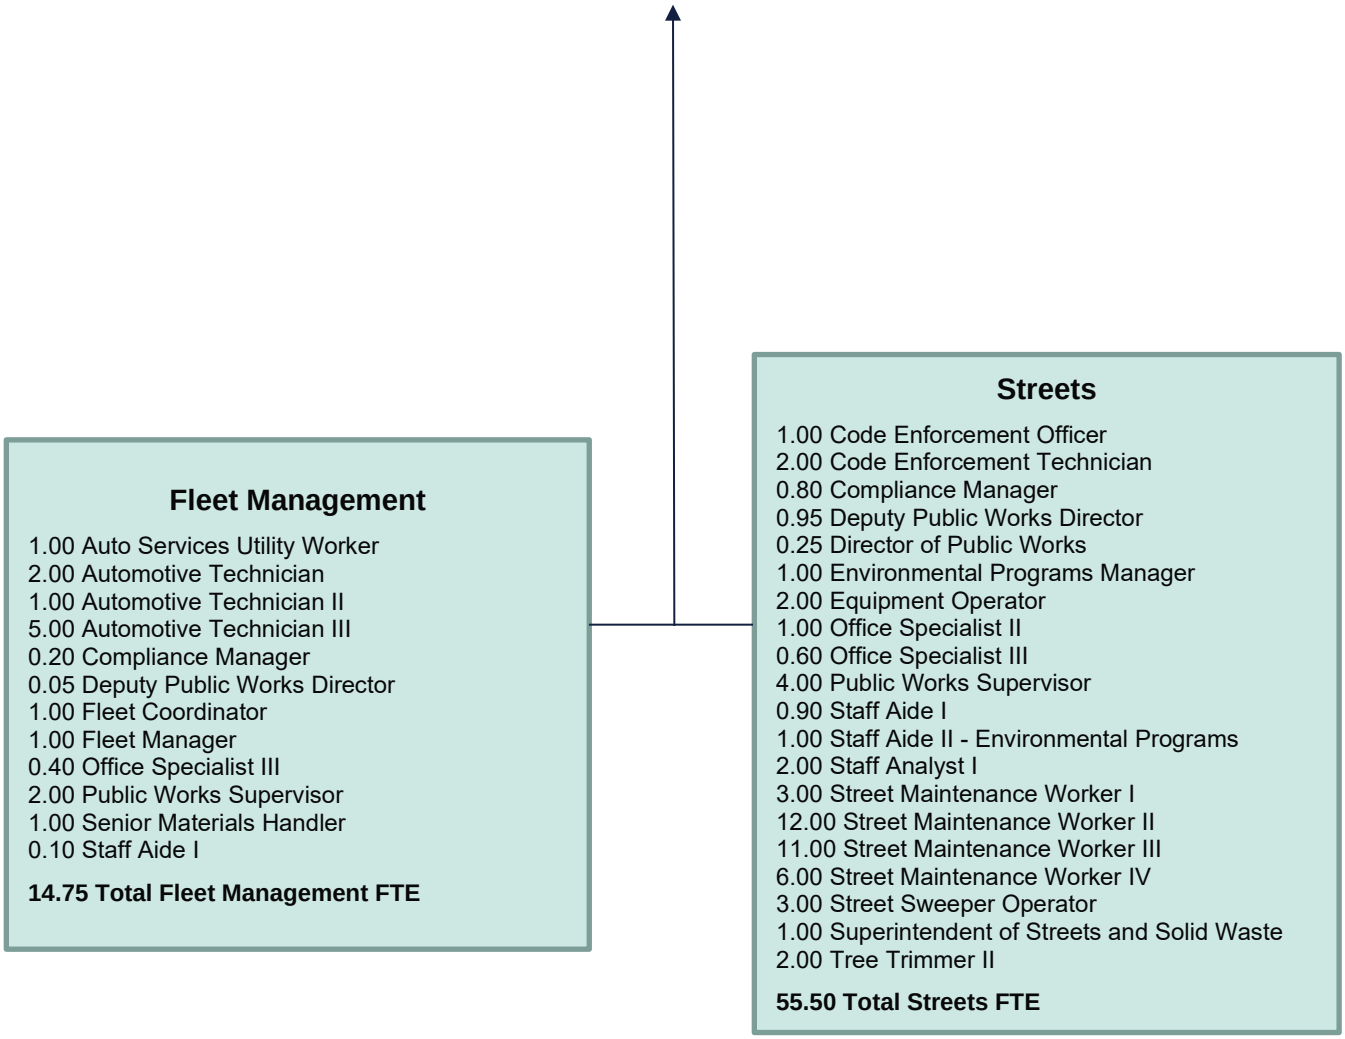
The Public Works budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City council on March 9, 2021, including the following:

- Froze 1.0 Associate Engineer, 1.0 Assistant Engineer (Civil), and 1.0 Automotive Technician positions,
- Reduced As-Needed staffing
- Reduced non-personnel (conferences, training, and travel; facilities maintenance; consultant services; supplies and materials; City Hall and Franklin Square fountain shut-off and reduced Franklin Square sweeping; and uniform services).

The Proposed Budget includes the following Phase 2 budget reductions and proposals to help address the General Fund shortfall:



- The Department of Public Works budget includes the elimination of 5.0 vacant FTE positions within the Streets Division. The positions impacted are as follows: 1.0 Street Maintenance Worker IV, 3.0 Street Maintenance Worker III, and 1.0 Street Maintenance Worker I/II.



- The remaining as-needed budget from the budget savings reduction has been further reduced as a one-time reduction for FY 2021/22. Phase 1 reduced the as-needed budget as an ongoing reduction. This reduction will impact operations in the following divisions: Facilities Services Division, Field Services Division, Land and Property Development Division (LPD), and the Traffic Division.

- The Department of Public Works budget also reduces funding for as-needed repairs and maintenance as an ongoing reduction. This will reduce the money available for basic, as-needed repairs and maintenance at the City Hall complex.

- The transfer to from the General Fund to the Downtown Parking Maintenance District Fund budget is reduced for the full year implementation of reduced street sweeping frequency and deactivation of the fountains. Public Works will use existing fund balance for maintenance and operations costs in FY 2021/22.

- A Transfer from the Vehicle Replacement Fund to the General Fund is budgeted for FY 2021/22 and FY 2022/23 to account for General Fund savings for vehicles eligible for replacement with funding from Greenhouse Gas Program in the Electric Operating Grant Trust Fund.

Public Works Department
122.50 FTEs*
Engineering –Administration
0.75 Director of Public Works
1.00 Assistant Director of Pub Works/City Engineer
1.00 Management Analyst
0.50 Office Specialist II
1.00 Office Specialist III
1.00 Office Specialist IV
5.25 Total Engineering-Administration FTE
Engineering – Design
2.00 Associate Engineer (Civil)
1.00 Principal Engineer
4.00 Senior Engineer (Civil)
7.00 Total Engineering-Design FTE
Engineering – Field Services
1.00 Account Clerk II
1.00 Chief of Party
1.00 Principal Engineer
4.00 Public Works Inspector
1.00 Senior Engineer (Civil)
1.00 Senior Engineering Aide
9.00 Total Engineering-Field Services FTE
Engineering – Land and Property Development
5.00 Associate Engineer (Civil)
2.00 Principal Engineer
2.00 Senior Engineer (Civil)
1.00 Sr Engineering Aide
10.00 Total Engineering-Land and Prop Dev FTE
Engineering – Traffic
3.00 Associate Engineer (Civil)
1.00 Principal Planner
2.00 Senior Engineer (Civil)
1.00 Traffic Engineer
1.00 Traffic Operations Engineer
8.00 Total Engineering-Traffic FTE
Facility Services
5.00 Building Maintenance Worker
1.00 Building Maintenance Manager
3.00 Mechanical Maintenance Worker
2.00 Public Works Supervisor
1.00 Office Specialist II
1.00 Utility Worker
13.00 Total Facility Services FTE

**The positions above represent all funded positions. This excludes the 1.0 Associate Engineer, 1.0 Assistant Engineer (Civil), and 1.0 Automotive Technician positions that were frozen, as approved by the City Council on March 9, 2021 (Agenda Item 5.0 – Report to Council 21-402). This also excludes 1.0 Public Works Inspector position added in November 2019 to support the Related project that is currently frozen based on the anticipated project schedule.*

Budget Summary

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Streets Division Staffing Reductions	(5.00)	0	(684,399)	0	(710,659)
Programs:	2911 - Street Maintenance 2951 - Landscape Maintenance 2971 - Traffic Maintenance				

This proposal eliminates 5.0 vacant positions within the Streets Division as part of the Phase 2 General Fund budget reductions. The total reduction in staff is 1.0 of seven Street Maintenance Worker IV, 3.0 of 14 Street Maintenance Worker III, and 1.0 of 16 Street Maintenance Worker I/II. The Department will continue to prioritze safety related items such as tree maintenance, calls for pothole or sidewalk repair, damaged traffic signs, and flood prevention.

Performance Impact

This proposal reduces the amount of maintenance to median islands, City Hall complex, Harris-Lass grounds, and other landscapes that will result in a reduced level of overall beautification (less frequent mowing and litter pick-up, more weeds, and overgrown vegetation). It may result in longer response times to repair sidewalks; refresh roadway striping and curb painting; traffic signage requests and maintenance; and fewer catch basins and storm drain lines cleaned throughout the year. This reduction may also impact the Street Maintenance Division's ability to perform asphalt repair for encroachment permits and crack sealing in the summer months.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
As-Needed Staff Elimination	0.00	(96,650)	0	0	0
Programs:	2222 - Maintenance Repair 4431 - General Services Traffic Division 4451 - General Services Land and Property Development Division 4461 - General Services Field Services Division				

This proposal eliminates the remaining as-needed staffing budget in the amount of $96,650 on a one-time basis. This will impact operations as follows:

Facilities Services Division - Eliminates as-needed hours used to help with City Hall building maintenance and repair jobs by 20 hours/week. This will cause a decrease in the number of special projects and work orders completed, and also reduces regular maintenance and repair projects. Work will be absorbed by other staff and the response time to resolve complaints may increase due to this staffing reduction.

Field Services Division - Eliminates as-needed hours that support administrative responsibilities as well as field operations. Full-time staff will need to take on additional workload while prioritizing critical work with delays. Response times to complaints, inspection requests, and construction issues may be lengthened. Performance measures for quality of construction management services and number of projects meeting their target schedules may be impacted.

Land and Property Development Division (LPD) - Eliminates as-needed hours that support preparation and review of title/legal documents and work on Encroachment Permits (EP) and title documents with current staff absorbing the workload. Response times for reviews of maps and major and minor EPs may lengthen and impact performance targets.

Traffic Division - Eliminates funding for student interns, which will delay responses to the public and turnaround times for requests such as traffic studies, data collection, traffic calming, signal timing, permit parking, and Bicycle and Pedestrian Advisory Committee (BPAC) inquiries.

Performance Impact

This proposal impacts staff capacity and may impact the response time for various tasks noted above.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Maintenance Reduction	0.00	0	(15,000)	0	(15,000)

Program: 2222 - Maintenance Repair

This proposal reduces funding for as-needed repairs and maintenance by $15,000 ongoing. This will reduce the funding available for basic, as-needed repairs and maintenance at the City Hall complex. Facilities Services will prioritize critical maintenance services.

Performance Impact

This reduction will case an increase in maintenance backlog a well as as well as the response time to other maintenance needs, service orders, and other requests.

Strategic Pillar:  Manage Strategically Our Workforce Capacity and Resources

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Transfer to the General Fund for Electric Vehicle Replacement	0.00	960,000	0	960,000	0

Program: 2111 - Fleet Acquisitions

This proposal transfers $960,000 to the General Fund from the Vehicle Replacement Fund to recognize savings for planned electric vehicle replacements funded by the Electric Utility Department's Greenhouse Gas Program. Eligible funding in the Greenhouse Gas Program in the Electric Operating Grant Trust Fund provides funding to replace City vehicles and equipment with electric options, removing GHG emitting internal combustion engines from the City fleet. A transfer of $1.03 million in FY 2021/22 and $400,000 in FY 2022/23 from the Electric Operating Grant Trust Fund to the Vehicle Replacement Fund is budgeted for planned electric vehicles replacements for all funds. Total planned electric replacements from FY 2020/21 through FY 2023/24 for the General Fund result in roughly $2.0 million in General Fund savings and is programmed into the Vehicle Replacement Fund. Currently planned electric vehicle replacements are anticipated to replace approximately 60 vehicles/equipment from FY 2020/21 through FY 2023/24. Funding is contingent on eligibility through the Greenhouse Gas Program, vehicle technology, and electric charging infrastructure; replacements will be evaluated accordingly.

Performance Impact

This proposal works towards City vehicle electrification and supports the climate action plan as well as generates General Fund savings.

Strategic Pillar:  Deliver and Enhance High Quality Efficient Services and Infrastructure

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Reduction of Transfer from the General Fund to the Downtown Parking Maintenance District Fund	0.00	0	(150,000)	0	(154,500)

Program: 2941 - Parking District Maintenance

This proposal reduces the transfer from the General Fund to the Downtown Parking Maintenance District Fund (Fund 025) by $150,000 for two fiscal years. The General Fund provides the funding to cover the annual maintenance costs in this District. There is currently excess fund balance in the Downtown Parking Maintenance District Fund from prior year General Fund contributions that will be used to cover the costs for the next two years. This source of funding does not include property based assessments.

Performance Impact

This will reduce the General Fund expense for the next two years due to the availability of fund balance to cover the maintenance district cost. The maintenance costs also lower due to the Phase 1 reductions that reduced street sweeping frequency and the deactivated of the fountains.

Water and Sewer Utilities Department

This page is intentionally left blank.

Water and Sewer Utilities Department Description

The Water and Sewer Utilities Department is a utility enterprise which provides planning, design, construction, maintenance and operation of the City's water distribution system, sewer collection system and recycled water system. The three utility funds, water, sewer, and recycled water, operate independently and charge rates to recover the costs of providing these services to Santa Clara residents and businesses, including capital investment in City infrastructure and funding of needed reserves.

In 2020, the Water Utility produced and distributed 6 billion gallons of water to approximately 26,000 service connections. Of the total water supply, 49.7% is obtained from the City's own wells; 34.2% is treated water purchased from two wholesale potable water agencies; and 16.1% is from recycled water delivered through the South Bay Water Recycling system. The Department provides for the design, construction, distribution, metering, quality monitoring, and system maintenance for both potable and recycled water. The Department provided for the collection and conveyance of wastewater for approximately 26,000 accounts and assessment, maintenance, or repair for more than 288 miles of sewer mains as required. The Department constructs, operates, and maintains the recycled water system within the Santa Clara city limits. This recycled water system distributes highly treated wastewater for non-potable use.

Other activities include:

- Design and construction of new recycled water pipelines by City forces
- Provide connection of water services for landscape irrigation of commercial and industrial sites, City parks and school fields
- Promote water conservation and environmental sustainability through outreach to the community
- Contract management for construction of new South Bay Recycled Water pipelines
- Coordinate planning efforts for the future expansions of recycled water systems in Santa Clara County (County)
- Maintain compliance with State regulations through development plan reviews and site inspections

The Sewer Utility operates and maintains a sanitary sewage collection system which collects and conveys wastewater to the jointly-owned San José-Santa Clara Regional Wastewater Facility (RWF) for treatment and disposal. The Sewer Utility maintains sewer pump stations and assists the Public Works Department in the operation and maintenance of the storm pump stations. Additional services are: property line clean-outs installed for access to maintain residential sewer laterals; maintain seven sanitary and twenty-one storm water pump stations to ensure reliable service; assist the industrial waste inspectors from the RWF with investigations of City industries; and implement Sanitary Sewer Management Plan as submitted to the State and Regional Water Quality Control Board.

Bonds are issued to mitigate rate increases while allowing for the repair and replacement of critical infrastructure. Proceeds from outstanding debt were being used to pay for repairs and rehabilitation of the Trimble Road Sanitary Sewer main trunk and will be repaid over the next 13 years.

Divisions and Services

The Water and Sewer Utilities Department is organized into five Divisions: Solar Utility; Water Construction, Maintenance, Operations; Water Engineering; Recycled Water Program; and Sewer.

Solar Utility Division Mission	Provide installation and maintenance of solar heating systems for commercial, residential, and pool water heating.
Division Objectives	Maintain more than 162 swimming pool systems.
	Maintain nine domestic solar hot water systems.
Water Construction, Maintenance, Operations Division Mission	Operate and maintain the Water Utility in the most efficient manner and ensure that the approved levels of service are met.
Division Objectives	Increase reliability of the water system through the replacement of obsolete mains and appurtenances.
	Complete the design, construction, and installation of approximately 10,000 linear feet of water main.
	Construct, repair, and/or rehabilitate at least two water wells to continue to provide reliable water service.
Water Engineering Division Mission	Provide Engineering services that improve and protect the water supply and distribution system while planning for future expansion and upgrades to infrastructure to ensure future reliability.
Division Objectives	Continue to improve the seismic safety of water utility system.
	Continue the use of innovative technology to optimize the management of City water assets and appurtenances.
	Construct improvements to Santa Clara Valley Water District Turnout.
	Undertake engineering studies of the condition and reliability of water system assets.

Recycled Water Program Division Mission	Provide for the safe, efficient, and reliable distribution of sustainable and high-quality recycled water which meets all requirements of State regulations and local codes. Deliver services in a cost effective and efficient manner with a focus on outstanding customer service.
Division Objectives	Provide connection of water services for landscape irrigation of commercial and industrial sites, City parks and school fields.
	Coordinate contract management for construction of new South Bay Recycled Water pipelines.
	Coordinate planning efforts for the future expansions of recycled water systems in the County, and coordinate and compile semi-annual site inspections as required by the State.
	Maintain compliance with State regulations through development plan reviews and site inspections.
	Design, construct, and maintain recycled water pipelines.

Sewer Division Mission	Collect, treat, and dispose of wastewater in an efficient, cost-effective, and environmentally safe manner. Provide for maintenance of storm water pump stations. Deliver services at approved levels in a cost effective and efficient manner with a focus on outstanding customer service.
Division Objectives	Property line clean-outs installed for access to maintain residential sewer laterals.
	Maintain seven sanitary and twenty-one storm water pump stations to ensure reliable service.
	Assist the industrial waste inspectors from the RWF with investigations of City industries.
	Implement Sanitary Sewer Management Plan as submitted to the State and Regional Water Quality Control Board.
	Clean, assess, and repair sanitary sewer mains.

Significant Accomplishments

- Continued outreach, inspection, and code enforcement of Food Serving Establishments (FSEs) as part of the administration of Fats, Oils, and Grease (FOG) Program
- Won 2020 Santa Clara Valley Section Collection System of the Year (Medium) from the Clean Water Environment Association (CWEA)
- Ongoing Supervisory Control and Data Acquisition (SCADA) replacements and process control improvements, including at City Hall and the City's Emergency Operations Center (EOC)
- Completed 2020 Update to the Urban Water Management Plan
- Updated Water and Sewer Rate Study to inform customer service charges for new fiscal year
- In response to the COVID-19 pandemic, implemented Water & Sewer Rate Assistance Program
- Assisted with funding of the Help Your Neighbor program
- Completed upgrades to Recycled Water System
- Completed the assessment by closed circuit television of approximately 270,000 linear feet of sewer line
- Jet flushed approximately 342,000 linear feet of sewer main
- Completed the in-house design, construction, and installation of approximately 4,000 linear feet of water main
- Substantial completion of rehabilitation of three Serra Tanks, each storing over 4 million gallons
- Completed hydraulic model for fire flows and fire service analyses
- Water Supply Assessments completed for El Camino, Patrick Henry, and Freedom Circle Specific Plans
- Completed a Risk & Resiliency Assessment and Updated Emergency Response Plan
- Substantial completion of sewer condition assessment work related to the Riverwatch Agreement

Significant Objectives

- Complete the construction and installation of approximately 10,000 linear feet of water main
- Complete the rehabilitation of four City water distribution wells
- Complete Water Supply Master Plan
- Complete Utility Asset Management Plan
- Utilize findings of Well Feasibility Study to begin the design process for two new water wells
- Optimize the recycled water system while focusing on expansion opportunities with regional partners
- Continue to repair or rehabilitate the most severely impacted sewer mains, based on accepted rating criteria
- Clean and assess the condition of over 585,000 linear feet of sanitary sewer main
- Continue robust sampling and cross connection programs to ensure water quality meets State and federal standards
- Increasing recycled water supply and expanding its use for non-potable uses
- Increased outreach regarding water conservation and overall environmental sustainability

Budget Highlights

- The budget reflects updates to the City of Santa Clara's contribution to the Regional Wastewater Facility, co-owned with the City of San José, as well as revised revenues and costs to continue to effectively deliver water, recycled water, and sewer services.

Water and Sewer Utilities Department

73.00 FTEs

Sewer

0.25 Assistant Engineer (Civil)
0.35 Assistant Director of Water and Sewer Utilities

Coordinate annual load test for generators		0	10	10	10	10	10

Non-Departmental

This page is intentionally left blank.

Non-Departmental Description

The Non-Departmental budget provides a way to report expenditures that are not attributable to a single department but are citywide in nature or to break out specific operational costs. This budget also houses key positions with citywide functions and responsibilities.

Divisions and Services

Non-Departmental has three primary program areas: Citywide Programs; Citywide Strategic Planning and Initiatives; and Stadium Operations. The Debt Service budget information is reflected in the Debt Service section of this document.

Citywide Programs Division Mission	Provides transparency for expenses that are not attributable to a single department but are citywide.
Division Objectives	Provide funding for community grants, utilities at citywide facilities, and transactions to fund the City's approved Capital Improvement Program (CIP).

Citywide Strategic Planning and Initiatives Division Mission	Provides oversight to and general administration of initiatives, programs, and activities with citywide functions and responsibilities. These include the Santa Clara Convention Center, risk management, sustainability, and real estate management.
Division Objectives	Develop citywide programs and processes related to risk management, sustainability, real estate management, and venue management that are consistent with best practices.
	Provide general and administrative support to the Convention Center, Tourism Improvement District (TID), and the new Destination Marketing Organization (DMO). As a critical economic development strategy, leads collaborative efforts with key stakeholders to implement a comprehensive tourism strategy focused on providing elevated destination, convention, and visitor services in Santa Clara; while ensuring alignment of marketing and booking goals between the Convention Center and TID which collectively enhance economic growth and city revenues. Provide management of the City's real estate portfolio, promote economic development, and generate revenue for the General Fund. Provide a comprehensive citywide sustainability program that oversees current sustainability initiatives and expands on sustainability efforts to advance local climate and sustainability targets and State environmental regulations.

Stadium Operations Division Mission	Provides general and administrative support to the Santa Clara Stadium Authority in its oversight and deployment of resources at Levi's Stadium events. All General and Administrative, Police, Fire and Public Works Departments expenditures specific to the stadium are included in this division. This division is responsible for implementing operational and public safety plans during National Football League (NFL) games and Non-NFL events held at Levi's Stadium to protect patrons and residents in and around the stadium. In addition, the reimbursements from the Santa Clara Stadium Authority and the Forty-Niners Stadium Management Company, LLC (Stadium Manager) and other stadium-related revenues such as ground and performance rent, are reported in this division but displayed separately in the General Fund revenues section of this document.
Division Objectives	Ensure compliance with Measure J.
	Maintain a productive and functional business relationship with Forty-Niners SC Stadium Company, LLC as the tenant of Levi's Stadium.
	Develop and implement oversight initiatives consistent with public entity organizations.
	Provide support from the Police, Fire, and Public Works Departments to maintain a safe environment in and around Levi's Stadium during NFL games and Non-NFL events.

Significant Accomplishments

- Lead efforts in the successful formation of the new Destination Marketing Organization (DMO) including the development of Articles of Incorporation and Bylaws; appointment of a Board of Directors; hiring of new CEO; and development of a funding model.
- Developed Revenue Strategies to plan for the City's future needs and engaged a third-party consultant to poll for potential revenue strategies/tax measures. Coordinated informational campaign about City infrastructure needs with virtual community meetings and behind-the-scenes tours on Facebook Live that garnered thousands of views.
- Worked with IT Department to build a GIS (Geographic Information System) mapping tool that serves as an interactive database providing transparent detailed information for all city-owned sites.
- Developed strategy (internal/external stakeholders, guiding values, best practices, goals, priorities) for establishing new City Sustainability Program as a roadmap to launch the new City Council Sustainability Pillar.
- Established nine new Sustainability Program priorities under three category areas (innovation, integration, collaboration) approved by City Council.
- Developed new City Climate Friendly Sustainable Purchasing Policy.
- Developed proposed Fleet Electrification Plan.
- Began implementation of mixed-waste processing for organics collection in collaboration with Public Works Department.

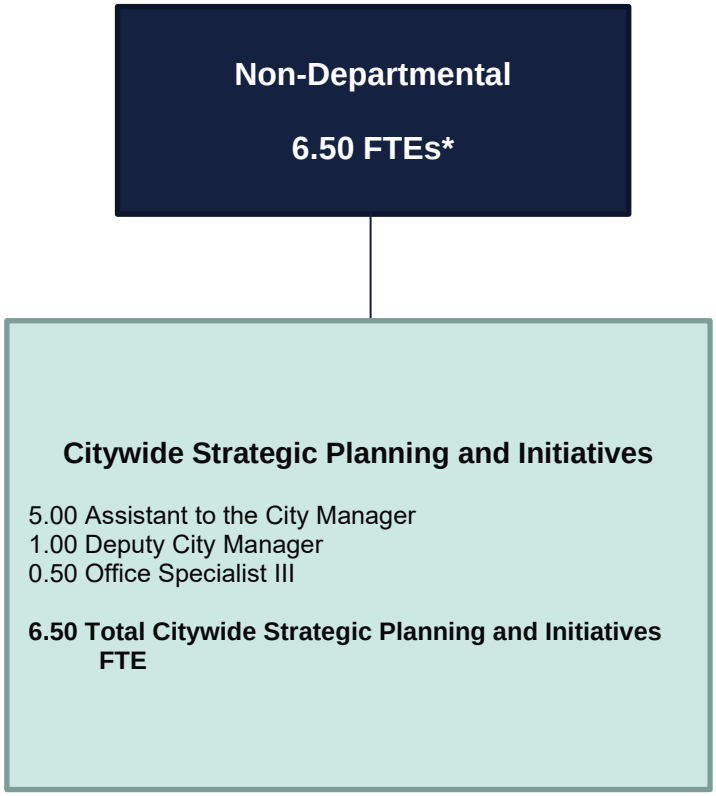
COVID-19 Response and Relief Efforts

- Proclaimed a local state of emergency on March 11, 2020, to prepare for the growing spread of COVID-19 in the community
- Activated the City's Emergency Operations Center (EOC) to ensure the City's continuity of essential operations, maintain situational awareness, manage resources, and coordinate public information in response to the COVID-19 pandemic
- Distributed regular COVID-19 updates to the community with the latest information on the pandemic as well as the City's response efforts through digital communication channels including website, video, and direct email updates
- Established a City of Santa Clara Reference Line launched for residents who have questions about City services and programs during the COVID-19 pandemic
- Housed a temporary Federal Medical Station (FMS) at the Santa Clara Convention Center and coordinated with several regional organizations in support of this effort
- Facilitated the use of the City Library branches as COVID-19 testing sites
- Participated in the virtual Parade of Champions event and provided City video montage highlighting city departments and the various COVID-19 response efforts

Significant Objectives

- Continue to build and maintain a productive and functional business relationship with Forty-Niners SC Stadium Company, LLC as the tenant of Levi's Stadium in accordance with the applicable agreements
- Continue to provide strategic oversight of the management of the Convention Center and ensure alignment of marketing and booking goals between the Convention Center, TID, and DMO
- Lead efforts to implement a comprehensive tourism strategy and continued development of the new destination marketing organization (DMO) that will work closely with the Convention Center and the TID to provide destination, convention, and visitor services in Santa Clara
- Provide general and administrative support in the development and implementation of a new TID established under the Property & Business Improvement District Law of 1994
- Continue to develop and implement a comprehensive real estate program to manage City-owned properties, promote economic development, and generate revenue for the General Fund
- Continue to develop and implement a comprehensive citywide sustainability program that oversees current sustainability initiatives and expands on sustainability efforts
- Continue to invest in training City employees to ensure that they are prepared to deliver effective and efficient services to the Santa Clara community through various efforts, such as City-wide trainings and Quarterly Management Meetings
- Continue to develop, finalize, and approve a comprehensive update to the City's Climate Action Plan as a roadmap to meet local goals and state regulatory targets
- Establish a Climate Action Plan monitoring system across all departments including conducting an annual greenhouse gas inventory to measure and report progress on adopted targets
- Ensure continued alignment of the City's Climate Action Plan with other relevant plans including, but not limited to, Fleet Electrification Plan, SVP Electric Vehicle Blueprint, Bicycle Master Plan, the Santa Clara Urban Water Management Plan (UWMP), and any reach codes that are adopted and meets the goals of state regulatory requirements in the areas of water, solid waste, transportation and energy
- Continue to implement the City's Fleet Electrification Plan and community Electric Vehicle Charging Program
- Implement waste reduction measures within City operations to comply with SB 1383 Organics state mandate
- Continue to lead and support the Related development, as well as other significant development projects within the community

Budget Highlights



- This budget factors in the COVID-19 Phase 1 budget rebalancing actions approved by the City Council on March 9, 2021, including the following:
    - Conference, travel, and training
    - Elimination of City Manager's contingency funds and reduction of City Council contingency allocation
    - Reduction of Silicon Valley Animal Control Authority (SVACA) allocation
    - Froze 1.0 Deputy City Manager position for the Stadium Authority
    - Froze 1.0 Office Specialist III position
- The Proposed Budget includes the following Phase 2 budget reductions to help address the General Fund shortfall:
    - Consolidation of the Community Grants Program and the Championship Teams budgets and overall funding reduction of $40,000 (bringing the total Community Grants/Championship Teams budget to $100,000); also eliminates the Miss Santa Clara allocation of $12,000 and reduces the Triton Museum allocation by $29,600, one-time in FY 2021/22 and FY 2022/23.
- Migration of all the membership, conference, travel, and training budgets from City Manager's Office to Non-Departmental. Ongoing membership fees, conference, travel, and training costs will be included as a line item under the Non-Departmental Citywide Program
- Addition of $50,000 to support the Task Force on Diversity, Equity, and Inclusion to cover costs for printing and mailing services, listening sessions for targeted outreach as well as community engagement

- Summary of the Santa Clara Stadium Authority Budget[1]:'

Revenue	FY2021/22 Adopted
NFL Ticket Surcharge	8,665,000
SBL Proceeds	23,682,000
Interest	56,000
Net Revenues from Non-NFL Events	0
Naming Rights	7,165,000
Sponsorship Revenue (STR)	325,000
Rent	24,762,000

Service Level Changes

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Task Force on Diversity, Equity and Inclusion	0.00	50,000	0	50,000	0

Program: 3631 – Citywide Strategic Programs & Initiatives

On September 29, 2020, the City Council approved the establishment of the Task Force on Diversity, Equity and Inclusion. The Task Force is a Council-appointed meeting body charged with making recommendations to policies that will help the City achieve racial equity. This proposal adds additional funding for the Task Force to cover costs for printing and mailing services, listening sessions for targeted outreach as well as community engagement. In FY 2021, $50,000 was allocated to the Mayor and Council Office for this Task Force. The work of the Task Force is anticipated to go into FY 2022/23.

Performance Impact

This funding will provide City staff more opportunities to connect with the residents to ensure transparency of equity and inclusion across the City.

Strategic Pillar:  Enhance Community Engagement and Transparency

Title	Positions	FY 2021/22 One-Time Expenditures (All Funds)	FY 2021/22 Ongoing Expenditures (All Funds)	FY 2022/23 One-Time Expenditures (All Funds)	FY 2022/23 Ongoing Expenditures (All Funds)
Community Funding Reductions	0.00	(29,600)	(52,000)	(29,600)	(52,000)

Program: 3611 – Citywide Programs

This proposal combines the Community Grants Program budget ($104,000) and the Championship Teams budget ($36,000) for a combined total of $140,000. It is recommended that this combined allocation be decreased by $40,000, bringing the total Community Grants/Championship Teams budget allocation to $100,000. Additionally, this proposal eliminates the Miss Santa Clara allocation of $12,000 ongoing and reduces the Triton Museum allocation by $29,600, one-time in FY 2021/22 and FY 2022/23.

Performance Impact

This proposal will limit the amount of programs and community groups that receive funding through the City.

Strategic Pillar:  Enhance Community Engagement and Transparency

Non-Departmental							
Performance Measures							
	Strategic Pillar	**2018/19 Actuals**	**2019/20 Actuals**	**2020/21 Target**	**2020/21 Estimate**	**2021/22 Target**	**2022/23 Target**
Enhanced risk management practices resulting in reduction to citywide claim losses (% reduction)		N/A	4%	5%	4%	4%	4%
Number of vendor contracts confirmed compliance with city insurance requirements – *Delete for FY 2021/22*		N/A	997	N/A	N/A	N/A	N/A
Workload Measures							
Enhanced risk management practices resulting in reduction to citywide claim losses (number of claims)		N/A	78	78	75	75	75
Number of City properties managed		N/A	18	18	18	18	18

Performance and Workload Measures

Convention Center Spectra Venue Management – *(New for FY 2021/22)*

Performance Measures

	Strategic Pillar	2018/19 Actuals	2019/20 Actuals	2020/21 Target	2020/21 Estimate	2021/22 Target	2022/23 Target
Convention Center Gross Revenue		N/A	N/A	N/A	N/A	$8.4 m	$13.6 m
Net Income[1]		N/A	N/A	N/A	N/A	($0.6 m)	($0.2 m)
Economic Impact[2]		N/A	N/A	N/A	N/A	$8.9 m	$17.2 m
Customer Service Survey Results (*overall satisfaction*)		N/A	N/A	N/A	N/A	85%	85%
Event Mix at the Convention Center (*consumed*)							
Percent of P1 Events[3] Number of P1 Events		N/A	N/A	N/A	N/A	1% 1	1% 3
Percent of P2 Events[4] Number of P2 Events		N/A	N/A	N/A	N/A	1% 2	2% 6
Percent of P3 Events[5] Number of P3 Events		N/A	N/A	N/A	N/A	8% 16	6% 24
Percent of P4 Events[6] Number of P4 Events		N/A	N/A	N/A	N/A	20% 42	18% 67
Percent of P5 Events[7] Number of P5 Events		N/A	N/A	N/A	N/A	71% 150	73% 274

[1] The next two years will focus on recovery from the impacts of COVID-19 and the phasing in of staff as needed based on projected future events. Target numbers are based on the ability to host events starting October 2021.
[2] Economic impact is the amount of additional spending that occurs in the community by visitors while attending events at a Convention Center. For example, when Convention Center event attendees come to Santa Clara, they create economic activity that ripples throughout the area: stay at hotels, eat at restaurants, buy at retail stores, visit attractions, etc.
[3] Priority 1 (P1) event – Large multi-day convention and/or conference that utilizes all venue space at the Convention Center, utilizes significant venue services such as food and beverage, audio-visual and information technology, and draws a substantial number of out of town visitors that stay in multiple Santa Clara hotels.
[4] Priority 2 (P2) event – Primarily large multi-day convention and/or conference that utilizes most of the venue space at the Convention Center, utilizes venue services such as food and beverage, audio-visual and information technology, and draws out of town visitor that stay in multiple Santa Clara hotels.
[5] Priority 3 (P3) event – Multiple or single day event that utilizes space at the Convention Center. Attendance and out of town visitors are less than for a P1 or P2. Examples of P3 events may include trade shows, consumer shows, smaller conventions/conferences, and sporting events.
[6] Priority 4 (P4) event – Typically a one- or two-day event that utilizes space at the Convention Center. Attendees are primarily local. Special events (e.g. graduations), smaller meetings and/or smaller trade and consumer shows are examples of P4 events.
[7] Priority 5 (P5) event – Usually a single day event. Examples of P5 events are banquets, galas, other social type events and meetings.

Performance and Workload Measures

Convention Center Spectra Venue Management – *(New for FY 2021/22)*

Performance Measures

	Strategic Pillar	2018/19 Actuals	2019/20 Actuals	2020/21 Target	2020/21 Estimate	2021/22 Target	2022/23 Target
Community Benefit							
Percent of Convention Center employees that volunteer in the community		N/A	N/A	N/A	N/A	50%	60%
Percent of small, local and M/WBE businesses/vendors		N/A	N/A	N/A	N/A	20%	20%
Number of room nights consumed		N/A	N/A	N/A	N/A	6,605	14,755
Number of Prospects[1] (*active*)		N/A	N/A	N/A	N/A	204	220
Number of collaborative, community-based events hosted at the Center		N/A	N/A	N/A	N/A	1	2

[1] A prospect is a potential customer who has been contacted and qualified by the sales team as having desirable criteria for an event in Santa Clara such as: size of event fits in the venue, there is a history of hotel needs that can be provided by Santa Clara hotels, and they have expressed interest in holding an event in Santa Clara.

Sports and Open Space Authority

This page is intentionally left blank.

Sports and Open Space Authority

The Sports and Open Space Authority of the City of Santa Clara (Authority) was created by the City Council in 1974 to establish a separate entity to acquire and develop open space within the City of Santa Clara. The validity of the Authority and its legal existence was established in 1975 by final judgment of the Santa Clara County Superior Court. The Santa Clara Golf and Tennis Club (SCGTC) was developed by the Authority on City-owned land and operated under a management agreement with a private company and a private restaurant facility at the Golf and Tennis Club leased to a private operator. In 1997/98, the City Council set aside approximately 40 acres of the former golf course site to be preserved and maintained as open space, and in 1999 the Authority approved the sale of 4.3 acres of the former golf course property to the City's Redevelopment Agency to be disposed of as a site for development of affordable housing.

The Authority terminated operations of SCGTC in late calendar year 2019 and the land will be redeveloped into a mixed-use commercial/residential project. There is minimal funding budgeted in FY 2021/22 and FY 2022/23 for the Open Space Authority.

Outside Group Funding

The City considers funding non-profit community organizations to meet significant community needs or address concerns of Santa Clara residents. Funding in any case is made on an individual basis dependent upon City budget limitation, past performance and services provided. This list reflects the actions approved by City Council on March 9, 2021 as part of the COVID-19 Phase 1 Budget Rebalancing as well as additional reductions recommended in this budget document.

Community Organization	Department	Description	FY 2021/22	FY 2022/23
Bill Wilson Center	Community Development	Provides family and individual counseling and youth crisis intervention at local schools and grief support services, including individual and group counseling	85,000	85,000
Catholic Charities Long Term Care Ombudsman	Community Development	Monitors quality of care to elderly and disabled residents of long-term care facilities	10,000	10,000
Firehouse Fun Run	Electric Utility	A Santa Clara community walk/run event established to support Santa Clara Unified School District and local Military Veterans	1,000	1,000
Heart of the Valley	Community Development	Provides transportation for seniors and disabled persons who are unable to travel by bus or other public transportation, collect demographic information on new paratransit clients and to coordinate and train volunteers for service delivery	10,000	10,000
Live Oak Adult Day Services	Community Development	Provides adult day care for dependent and disabled seniors	15,000	15,000
Next Door Solutions	Community Development	Provides case management for residents at HomeSafe Santa Clara, a transitional housing program for victims of domestic violence	20,000	20,000
Project Sentinel – Fair Housing	Community Development	Addresses complaints and undertakes investigation of illegal housing	30,000	30,000
Project Sentinel – Rent Mediation	Community Development	Provides advice, referrals, counseling, and mediation services to tenants and landlords to resolve disputes regarding rental arrangements	70,000	70,000
Saint Justin Community Ministry	Community Development	Provides food assistance to low/moderate income residents	17,500	17,500
Santa Clara Senior Nutrition	Parks and Recreation	Provides daily delivery of meals to severely disabled and homebound seniors	24,000	24,000

Community Organization	Department	Description	FY 2021/22	FY 2022/23
Santa Clara Sister Cities Association	Non-Departmental	Funding for the cultural exchange program for the City of Santa Clara's three sister cities, Coimbra, Portugal, Limerick, Ireland and Izumo, Japan	5,659	5,659
Santa Clara Swim Club	Parks and Recreation	Host swim meets which bring national and international visitors to our city	20,000	20,000
Santa Clara Unified School District STEAM Symposium	Electric Utility	Celebration by the Santa Clara Unified School District of Science, Technology, Engineering, Art and Math (STEAM) learning within and out of the classroom	5,000	5,000
Senior Adult Legal Assistance	Community Development	Provides free legal services for seniors that include advice and referrals, document writing and legal representation	15,000	15,000
Silicon Valley BBQ Championship	Electric Utility	An annual event sponsored by the Rotary Club of Santa Clara, where 100% of proceeds will help support various community events, including Steps for Success, Christmas for Kids, Enterprise Leadership Conference, Scholarships and Veterans programs	5,000	5,000
Silicon Valley Independent Living	Community Development	Provide residents with disabilities education and training on all aspects of how to conduct a housing search to transition from homelessness, healthcare facilities or unstable housing to independent living	15,000	15,000
State of the Valley Conference	Electric Utility	Silicon Valley's annual "town meeting" convenes stakeholders from the entire region to discuss the Valley's challenges and opportunities. The Silicon Valley Index is shared and discussed	5,000	5,000
Triton Museum	Non-Departmental	Provides artistic exhibitions and educational programs	265,960	265,960
United Way Silicon Valley – 2-1-1 Phone System	Community Development	Non-emergency information and referral for health and human services	5,000	5,000
YWCA of Silicon Valley	Parks and Recreation	Provides counseling, shelter and legal services for battered spouses and their families	15,000	15,000
Total Outside Group Funding			**639,119**	**639,119**

Santa Clara City Council Priorities in the FY 2021/22 and 2022/23 Adopted Biennial Operating Budget

Due to the urgent needs regarding COVID-19, the City Council decided at their 2021 Council Priority Setting Session that their priorities would focus primarily on COVID-19 Assistance and Relief. This includes programs for food distribution, rental assistance, small business support and more. The Council discussed additional priorities at the following levels:

- **Urgent/Top Priority**: Items critical in the near-term, needing immediate focus and attention.
- **Important**: Important items that will be included in staff's work plans but not at the urgent/top priority level.
- **Mid-Year or 2022**: Items for Council to consider at a mid-year Priority Session check-in (July 2021) or for 2022.
- **Already in Progress/Ongoing**: Items that have already been initiated and will continue.

	Pillar	Council Priorities	Outcomes
URGENT/TOP PRIORITY			
1.1		COVID-19 Assistance and Relief	**Small Business Assistance Grant Program** The City launched its Small Business Assistance Grant Program in April 2020, shortly following the closure of nonessential service providers. The program provided $1,745,000 to eligible businesses and nonprofits. $1,100,000 was allocated by Council from various sources; $55,000 was donated; and $590,000 was appropriated from CARES Act funding. The Council continues to discuss additional allocations to the program and how best to support the business community moving forward.
1.2		COVID-19 Assistance and Relief	**Food for Families** In November 2020, the City partnered with The Salvation Army and Second Harvest Food Bank to launch a new program called Food for Families. This program offers weekly essential food items for all Santa Clara residents and seeks to address food insecurity in the Santa Clara community. The program was originally planned to close in December 2020 but was extended through June 2021 due to increased demand. Cost of this program was limited to staff time and any additional costs were covered by donations given to the City.
1.3		COVID-19 Assistance and Relief	**Senior Nutrition Program** The City transitioned its daily Senior Nutrition Program as "Meals To-Go" in order to better maintain the health and safety of the senior community and participating staff. This weekday meal program provides hot meals to approximately 170 seniors each week. Additionally, the City added weekend meals to address increased food insecurity among older adults. The City's Fire Department delivers meals to approximately 100 homebound seniors each weekend, providing both access to food and wellbeing checks. These programs are supported by County of Santa Clara funding, community donations and City resources.
1.4		COVID-19 Assistance and Relief	**Emergency Rental Assistance Program** The City of Santa Clara's Emergency Rental Assistance Program (ERAP) assists low-income households in Santa Clara with rental assistance for past due rent payments that have accumulated due to the COVID-19 crisis. The goal of the program is to prevent low-income households from becoming unhoused. As of April 8, 2021, the program has assisted 169 households with approximately $734,000 in funding. The third phase of ERAP opened in April 2021. Almost 60% of the funding for ERAP came from the City's CARES Act Funds.

	Pillar	Council Priorities	Outcomes
URGENT/TOP PRIORITY			
1.5		COVID-19 Assistance and Relief	**Small Business Energy Efficiency Grants** Silicon Valley Power grant program to help fund energy efficiency upgrades for small businesses. These upgrades help lower business operating costs by reducing electric consumption. Energy efficiency projects may also have other non-energy benefits, such as reduced maintenance costs. Grants can be up to $10,000, depending on the project identified. Almost $100,000 was funded as of April 7, 2021.
1.6		COVID-19 Assistance and Relief	**Communications and Outreach** Since the start of the pandemic in March 2020, the City has made significant efforts to keep our community informed through a variety of communication efforts. Since April 2020, the City has produced over 100 videos that cover a range of topics, including COVID-19 updates, messages from Mayor and Council, new program announcements, and more. All public meetings have been held virtually over the past year, even some that had not been previously broadcast. The City released daily COVID-19 updates from March 16th to June 12th and continued producing weekly reports through September 2020. Additionally, 36 COVID-19 Update videos were produced and continue to be produced on a weekly basis.
1.7		COVID-19 Assistance and Relief	**Utility Assistance** To assist residents who had been financially impacted by COVID-19, the City implemented the following: • A suspension on service disconnections for utility (electric and water) nonpayment • Leveraging the Silicon Valley Power Public Benefits Program, issued a $30 credit on all residential electric bills • Expanded Silicon Valley Power's rate assistance program (25% off) to include residents financially impacted by COVID-19 • Introduced Water and Sewer rate assistance program for residential customers experiencing hardship due to COVID-19 • Reopened drive-thru service window for bill payment and other finance services
1.8		COVID-19 Assistance and Relief	**Other Programs** For a full list of past and ongoing COVID-19 Assistance and Relief efforts, visit www.SantaClaraCA.gov/SantaClaraResponds.

	Pillar	Council Priorities	Outcomes
IMPORTANT			
2		Revisit Stadium Curfew and Fee (part of revenue generation)	Staff will present information to Council regarding steps necessary to discuss the Stadium curfew and associated fee.
3		Business Employee Tax	Staff will provide a foundational information presentation to the Council on May 27, 2021 during the Budget Study Session.
4		Housing for Middle to Low Income	Per the City's Affordable Housing Ordinance, nearly **1,000 additional affordable inclusionary units** will be produced over the coming years and valuable housing dedicated funds will be generated through non-residential impact fees. In early 2020, the City launched new programs in response to the COVID-19 pandemic, including an Emergency Rental Assistance Program (ERAP) and an Ordinance placing a moratorium on evictions for tenants affected by COVID-19.

	Pillar	Council Priorities	Outcomes
ALREADY IN PROGRESS/ONGOING			
		Facilitate Economic Recovery	The City continues to pursue opportunities to facilitate economic recovery during the COVID-19 pandemic. This includes ongoing progress with the Related project as capacity allows, supporting the business community, working with the TID, and more.
		Elections/Redistricting for 2022	Every ten years following the release of U.S. Census data, jurisdictions must update their district boundaries based on the new data. Due to COVID-19, the release of census data has been delayed, thus also delaying redistricting processes. The City will bring options for redistricting to the Council for direction on May 4, 2021. The final maps for Santa Clara must be approved by April 17, 2022. Funding for this process will be dependent on the option chosen by Council but will be made available by consolidating allocations from the existing budget.
		Provide Core Services, including Public Safety	The City continues to provide services in compliance with County, State and Federal safety guidelines.

	Pillar	Council Priorities	Outcomes
ALREADY IN PROGRESS/ONGOING			
		Plan for Re-Opening, post COVID-19	The City is working with current staffing and capacity resources to ensure that facilities and services are ready to reopen when it is safe and allowable to do so. Parks and Recreation classes reopened in-person classes in spring 2021, and City libraries reopened for limited in-person services in April 2021. The City is tentatively planning to reopen City Hall and other facilities in a phased approach in summer/fall 2021.
		Diversity, Equity and Inclusion Task Force	The Diversity, Equity and Inclusion Task Force continues to meet and move forward with their charge of identifying key issues facing the City involving historically disenfranchised communities and making recommendations to policies that help the City achieve racial equity. The Task Force provides quarterly reports on their work efforts to the Council.
		Downtown	The City continues to support the revitalization of our Downtown by developing a Precise Plan that will provide guidance through policies, guidelines, and illustrations that implement the community vision and objectives for a vibrant, pedestrian-oriented destination Downtown. Staff works with the Council-appointed Downtown Community Task Force (DCTF) to develop a plan that best represents the desires of the community. The DCTF makes periodic reports to Council on their progress.

	Pillar	Council Priorities	Outcomes
MID-YEAR OR 2022			
		Elected Police Chief and City Clerk	Updates for these items will be available as part of the mid-year check-in, currently scheduled for July 2021. Please check SantaClaraCA.gov/CouncilGoals for current updates and more information on the Council's priorities.
		RV Parking/Homelessness	
		Economic Support from Large Businesses (voluntary)	
		Transportation "Quiet Zone"	
		Election Reform/Contribution Cap

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Cemetery Capital Fund (593)

Project	Source of Funds	Use of Funds	Explanation
PW Capital Projects Management - Cemetery/Transfer from the General Fund	8,409	8,409	Updates the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also increased.
Total Cemetery Capital Fund	8,409	8,409	

Electric Utility Capital Fund (591)

Project	Source of Funds	Use of Funds	Explanation
Transmission and Distribution Capital Maintenance and Betterments		1,350,000	Adds funding of $1.35 million for design and installation of a pad mount capacitor bank solution to improve the efficiency of the distribution system and allow more real power to be delivered. This funding will help the reactive power demand within the bulk electric system.
Implementation of Advanced Metering Infrastructure (AMI)		(3,688,840)	Reallocates funding from FY 2021/22 to FY 2022/23 to align with work initiatives and purchase schedule.
Generation Capital Maintenance and Betterments		(3,225,000)	Reduces project funding by $3.2 million from FY 2021/22 (from $3,725,000 to $500,000) to align with scheduled projects expected to be completed.
Transmission System Reinforcements		5,000,000	Adds funding to reflect construction estimate that is scheduled for FY 2021/22. This project is expected to be completed Quarter 2 of 2022. Costs will be funded by corresponding developer contribution.
Network and Cyber Security Infrastructure		(2,208,000)	Reallocates funding from FY 2021/22 to FY 2022/23 to align with updated schedule and shift some funding to the operating budget.
Esperanca Substation		(16,640,000)	Shifting project timeline by 1 year based on customer's schedule. SVP will coordinate with this customer to realign budget with schedule and resubmit during the next budget cycle. This budget will be moving to FY 2022/23.
NRS 230kv Spare Transformer		800,000	Establishes funding for this project to perform analysis and scoping to address potential P2 violation identified from the California Independent System Operators (CAISO). The P2 violation is due to forecasted load that may overload the existing transformers; thus a spare is required. This a new project that will be engineered in FY 2021/22.

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Electric Utility Capital Fund (591) Cont'd.

Project	Source of Funds	Use of Funds	Explanation
Homestead Substation Rebuild		(7,250,000)	Shifting project timeline by 1 year. Design and CEQA are expected for FY 2021/22. This budget will be moving to FY 2022/23.
Replace Balance of Plant Control System (DCS)		500,000	Adds funding for the replacement and upgrade of automatic voltage regulators (AVRs) to support generators in coordination of the ovation excitation control system. This aligns with the amended Emerson Process Management Power and Water Solutions agreement executed through RTC 20-436.
DOT Gas Pipeline Upgrades and Repairs		800,000	Adds funding based on revised estimates for inspections and work to complete repairs on the 6” gas line. Initial proposals from 2019 did not reflect all work needed to complete the 6" inch line repairs. Compliance requirements include an inline inspection (ILI) on the 6-inch line due in 2021. SVP's gas pipelines require maintenance of the cathodic protection system as the anodes are depleted over time and the system renewed to maximum protection. Updated estimates include the necessary components to be in compliance with DOT.
Laurelwood Substation		(2,500,000)	Adjusts the project budget to align with the schedule. Design work is scheduled for FY 2021/22. This budget will be moving to FY 2022/23.
Northwest Loop Capacity Upgrade		(300,000)	This project was set to begin in FY 2021/22; due to future development, this project can be delayed. SVP will monitor load impacts and future developer activities to align infrastructure improvements needed within the distribution system.
Electric Capital Project Management		18,391	Increase the Electric Capital Project Management project to align with updated salary and benefits and the transfers from the operating funds.
60KV Breaker Upgrades		1,468,823	Establishes a new project to upgrade existing breakers that are past their end of useful life to a higher amp rating to allow for new customer load ramps at Fairview Substation and at the future Stender Way Junction. Funding was shifted from the System Capacity Expansion project for this new transmission project. This a new project that will be engineered in FY 2021/22.
KRS Rebuild and Replacement		4,700,000	Establishes a new project to replace the existing Kifer Receiving Station (KRS) with a Gas Insulated Substation (GIS) to satisfy projected peak load and prevent system overload. Funding was shifted from the System Capacity Expansion project for this new transmission project. This is a new project that will be engineered in FY 2021/22. This provides funding for year one of a multi-year project.

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Electric Utility Capital Fund (591) Cont'd.

Project	Source of Funds	Use of Funds	Explanation
NRS Transformer Replacement		1,000,000	Establishes a new project to replace existing 186 MVA transformers by two 300 MVA 115/60 KV power transformers to satisfy projected peak load and prevent system overload. Funding was shifted from the System Capacity Expansion project for this new transmission project. This provides funding for year one of a multi-year project.
NRS-KRS 115kV Line		4,342,000	Establishes a new project to build a new 115kV OH/UG transmission Line between Northern Receiving Station (NRS) and Kifer Receiving Station (KRS) to satisfy projected peak load and prevent system overload. Funding was shifted from the System Capacity Expansion project for this new transmission project. This is a new project that will be engineered in FY 2021/22. This provides funding for year one of a multi-year project.
SRS Rebuild and Replacement		4,700,000	Establishes a new project to replace the existing Scott Receiving Station (SRS) with a Gas Insulated Substation (GIS) to satisfy projected peak load and prevent system overload. Funding was shifted from the System Capacity Expansion project for this new transmission project. This is a new project that will be engineered in FY 2021/22. This provides funding for year one of a multi-year project.
Transfer from the Electric Operating Grant Trust Fund (Fund 191)	(15,316)		Reduce the transfer to the capital fund for updated salary and benefits costs in the capital management project
Transfer from the Electric Utility Fund (Fund 091)	(32,972,779)		Reduce the transfer from the Electric Utility Operating Fund to support capital projects based on revised capital project needs. This change has been incorporated in the base budget for the Electric Utility Operating Fund.

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Electric Utility Capital Fund (591) Cont'd.

Project	Source of Funds	Use of Funds	Explanation
Developer Contributions	(5,067,854)		Net decrease to Developer contributions, including: increase of $5.0 million to cover Transmission System Reinforcements for anticipated developer contribution to cover cost within agreement; increase of $1.0 million for CIP 2006 T&D Capital Maintenance Betterments to cover new distribution related projects; decrease of $100,000 for Northwest Loop Capacity Upgrade being delayed; decrease of $2.5 million for Laurelwood Substation to align with schedule; decrease of $1.1 million for New Business Work project to offset staff costs; and a decrease of $7.3 million for CIP 2418 Esperanca Substation share of developer contributions. Esperanca Substation is partially funded by developer contributions from Related, which should be decreased as the project is delayed; $7.3 million in developer contributions was budgeted in FY2021/22.
Unrestricted Beginning Fund Balance	31,472,821		Increases the Unrestricted Beginning Fund Balance for several projects that are not expected to move forward in FY 2020/21, generating savings that will carryover to FY 2021/22. These savings will help fund the requested projects above.
Unrestricted Ending Fund Balance		4,549,498	Increases the Unrestricted Ending Fund Balance to offset the actions recommended above.
Total Electric Utility Capital Fund	(6,583,128)	(6,583,128)	

Fire Capital Fund (536)

Project	Source of Funds	Use of Funds	Explanation
Diesel Exhaust Removal System		200,000	This project replaces the aging and failing hose mounted systems installed in the fire stations. Per the Fire Department, the Neiderman and Plymovent systems in the stations are obsolete and ineffective. In 2017, the Department replaced the systems of two fire stations with AirVac systems. To finalize this process and to fully capture all exhaust and off-gassing of apparatus and equipment, the Department must install air filtration systems in seven fire stations.

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Fire Capital Fund (536) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Station 2 Training Tower Renovation		50,000	This project funds an assessment to renovate the Station 2 Training Tower. The Santa Clara Fire Department Training Center is used to train all City firefighters to the State Fire Marshal (SFM) Firefighter I curriculum. This curriculum includes classes such as Fire Behavior, Live Fire burns, and High-Rise Operations. The Training Center also holds other State Fire Marshal-approved classes used to maintain the Department's State of California Office of Emergency Services (CalOES) regional typing for Hazardous Materials and Urban Search and Rescue operations. The Training Tower is a major component of the Training Center and needs to meet minimum facility requirements of the SFM and CalOES; and multi-level facilities such as the Training Tower are integral in training City's personnel in fire rescue and firefighting operations.
Computer Aided Dispatch (CAD) Station Alerting System Upgrade		30,000	This action increases funding for the Computer Aided Dispatch (CAD) Station Alerting System Upgrade project by $30,000 (from $547,848 to $577,848). This project funds the mandatory upgrade of the CAD radio alert system, which notifies fire station personnel that emergency response is required. The CAD system is also responsible for ensuring that electrical and gas appliances shut down and automatic light turn-ons for faster emergency response. The FY2020/21 project budget totals $547,848; however, based on the project bids, additional funding of $30,000 is needed to award the contract.
City-Wide AED Replacements		76,800	This project replaces 48 automated external defibrillators (AEDs) ($1,600/each) that are reaching the end of their service life in FY 2021/22 (AEDs have a service life of eight years). The AEDs are placed in various City facilities and personnel are trained and annually re-certified on the operation of these AEDs. This program, recommended by the Citizen's Advisory Committee, significantly increases the chance of residents and employees at, or near these City facilities of surviving a heart attack.

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Fire Capital Fund (536) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Defibrillator/Monitor Replacements		80,000	This project replaces two defibrillator/monitors ($40,000/each) that are reaching the end of their service life in FY 2021/22. Defibrillators have a service life of eight (8) years. These defibrillators are used on Advanced Life Support (ALS) incidents by paramedics.
Fire Department Relief Radios		48,000	This project provides funding to add four Motorola APX handheld radios to the Fire Department's inventory to be used as relief radios. Motorola APX handheld radios are used to support emergency response communications. When possible, radios are sent to the vendor for repair on an average of 7-10 per year. While being repaired, relief radios are needed in order to continue communications.
Fire Department Accela Implementation		63,000	This project provides funding to support the implementation of Accela for Field Operations inspections and Community Risk Education annual fee-supported inspections, performed by the Fire Department. This will fund the Fire Department's HdL transition into Accela, which was not included in the vendor's original scope of work. The expanded scope of work includes the addition of operational permit inspection and finance modules (i.e., inspections, reinspections, permitting, State reporting, and fee collections) and the implementation of the DigEplan software. DigEplan is a plan review software that allows all City Departments to simultaneously work on a plan review.
PW Capital Projects Management - Fire/Transfer from General Fund	(3,928)	(3,928)	Eliminates funding for the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also eliminated.
Transfer from the General Fund Capital Projects Reserve	547,800		Transfer from the General Fund Capital Projects Reserve to fund the requested projects.
Unrestricted Beginning Fund Balance/Unrestricted Ending Fund Balance	(1,933)	(1,933)	Decreases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget.
Total Fire Capital Fund	541,939	541,939	

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

General Government Capital Fund (539)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund - Capital Projects Reserve/Downtown Master Plan	300,000	300,000	This project funds work identified by the Downtown Task Force at the April 6, 2021 Council meeting. This includes additional tasks associated with the Downtown Precise Plan such as preparation of a form-based zoning code and a downtown sign ordinance. This will also fund additional Downtown Community Task Force meetings with the consultant team to review currently development projects within the Plan area. Additional funding may be necessary.
Transfer from the General Fund - Land Sale Reserve/ Downtown Master Plan Implementation	30,000	30,000	This project funds outside attorney services and engineering support to complete the $1.8 million acquisition of the Franklin and Washington Street easements.
PW Capital Projects Management - Fire/Transfer from General Fund	(35,736)	(35,736)	Eliminates funding for the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also eliminated.
Transfer from the General Fund - Building Inspection Reserve	(1,737)		This action eliminates the Transfer from the General Fund - Building Inspection Reserve due to the establishment of the Building Development Fund in FY 2021/22, which moved funding out of the General Fund.
Transfer from the Building Development Fund	1,737		This action establishes a transfer from the Building Development Fund, which was established in FY 2021/22 and moved out of the General Fund.
Total General Government Capital Fund	294,264	294,264	

Library Capital Fund (537)

Project	Source of Funds	Use of Funds	Explanation
PW Capital Projects Management - Library/ Transfer from the General Fund	7,872	7,872	Updates the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also increased.
Total Library Capital Fund	7,872	7,872	

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Parks and Recreation Capital Fund (532)

Project	Source of Funds	Use of Funds	Explanation
Other Agencies Revenue/Maywood Park Playground Rehabilitation	256,662	256,662	This action recognizes and appropriates State of California Per Capita Grant Funding of $256,662 for the Maywood Park Playground Rehabilitation project, increasing the project funding from $2,000,000 (funded by Park in-lieu fees) to $2,256,662. This project is estimated to cost $2,493,700 and the grant funding addresses the majority of the funding gap for the project, leaving a remaining potential funding need of $234,038. If additional funding from grants or fees is not received, the City will reduce the scope of work to stay within available funding.
Henry Schmidt Park Playground Transfer from Rotary Park Playground		235,000	This project adds funding for the Henry Schmidt Park Playground Rehabilitation. The playground equipment was removed at Henry Schmidt due to wear beyond repair. Funding will finance the design and public input phase of the project. Additional funding will be required for the engineering and construction phase of the project. This project is being funded by reallocating funds budgeted for the Rotary Park Playground Rehabilitation in FY 2020/21. Given the failure of the equipment at Henry Schmidt Park, this project is a higher priority.
PW Capital Projects Management - Parks & Recreation		(185,878)	Updates the Public Works Capital Management allocation based on the recalculated project distribution.
Park Impact Fees (Quimby, MFA, Developer) Monitoring		30,000	This action increases this project by $30,000 (from $220,000 to $250,000) to fund projected staff costs that support the park impact fee monitoring. As part of the Phase 1 budget rebalancing actions approved on March 9, 2021, the Parks and Recreation Department staff that supports this function was shifted to this funding source.
Tech Adj: Transfer to the Streets and Highways Capital Fund		2,025,000	This action is a technical adjustment to transfer park in lieu fee funding to the Streets and Highways Capital Fund to correct a funding source error for the Saratoga Creek Trail (Homeridge Park to Central Park) project in the Streets and Highways Capital Fund.
Unrestricted Beginning Fund Balance	(8,506,429)		Decreases the Unrestricted Beginning Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget. This primarily reflects lower actual Mitigation Fee Act revenue in FY 2020/21.

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Parks and Recreation Capital Fund (532) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Ending Fund Balance		(10,610,551)	Decreases the Ending Fund Balance to offset the actions recommended above.
Total Parks and Recreation Capital Fund	(8,249,767)	(8,249,767)	

Public Buildings Capital Fund (538)

Project	Source of Funds	Use of Funds	Explanation
PW Capital Projects Management - Public Buildings/Transfer from the General Fund	(94,862)	(94,862)	Updates the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also decreased.
COVID-19 Safety Improvements/Transfer from the General Fund CPR	100,000	100,000	Establishes a project to provide funding for facility improvements necessary to safely reopen facilities and address any COVID-19 safety protocols.
Unrestricted Beginning Fund Balance/Unrestricted Ending Fund Balance	(111,789)	(111,789)	Decreases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget.
Total Public Buildings Capital Fund	(106,651)	(106,651)	

Recycled Water Capital Fund (597)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance/Unrestricted Ending Fund Balance	50,000	50,000	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget.
Total Recycled Water Capital Fund	50,000	50,000	

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Related Santa Clara Developer Fund (540)

Project	Source of Funds	Use of Funds	Explanation
Other Revenue	(687,809)		Decreases the Other Revenue to account for updated anticipated revenue to reimburse staff costs.
Related General Admin Project		(10,757)	Decreases the Related General Admin Project to account for updated estimates for staff costs.
Related Permit Work Project		(676,992)	Decreases the Related Permit Work Project to account for updated estimates for staff costs.
Unrestricted Beginning Fund Balance/Unrestricted Ending Fund Balance	3,000	3,000	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget.
Total Related Santa Clara Developer Fund	(684,809)	(684,749)	

Sewer Utility Capital Fund (594)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance	23,927,900		Increases the Unrestricted Beginning Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget.
Transfer from the Sewer Utility Debt Services Fund	(6,411,784)		Decreases the transfer from the Sewer Utility Debt Service Fund to reflect the City of San Jose's updated allocation detail based on the latest TPAC budget.
San Jose - Santa Clara Regional Wastewater Facility		(6,786,626)	The City of Santa Clara works with the City of San Jose regarding the maintenance and operations of the Regional Wastewater Facility. This project's budget is based on the City of San Jose's allocation detail. Based upon the latest TPAC budget provided by the City of San Jose, Santa Clara's allocation will be reduced by $6,786,626.
Sanitary Sewer Capacity Improvements		(71,393)	Updates the Public Works Capital Management allocation based on the recalculated project distribution.
Sanitary Sewer System Improvements		(85,671)	Updates the Public Works Capital Management allocation based on the recalculated project distribution.
PW Capital Projects Management - Sewer		294,145	Updates the Public Works Capital Management allocation based on the recalculated project distribution.
Ending Fund Balance		24,165,611	Increases the unrestricted fund balance to offset the actions recommended above.
Total Sewer Utility Capital Fund	17,516,116	17,516,066	

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Solid Waste Capital Fund (596)

Project	Source of Funds	Use of Funds	Explanation
Developer Contributions	173,700		Recognizes Developer Contributions of $173,700. Per development agreement with Related Santa Clara (Related), the City is responsible for the landfill postclosure expenditures up to $450,000. Expenditures between $450,000 to $1,100,000 are the responsibility of Related. The City will bill Related for any expenditures over $450,000 after the end of the fiscal year.
Transfer from Solid Waste Fund	(371,401)		Decreases the transfer from the Solid Waste Fund to account for $173,700 funding for Landfill Postclosure expenditures that will be covered by Related and reflect the use of fund balance. The adjusted transfer amount for FY 021/22 will be $250,000.
Beginning Fund Balance	266,657		Net increase to the Beginning Fund Balance to reflect estimated FY 2020/21 year-end performance, including a decrease the Landfill Corrective Action Costs Allocation ($324,671) and an increase to the Unrestricted Fund Balance ($591,328).
Ending Fund Balance		68,956	Net increase to the Ending Fund Balance, including a decrease to the Landfill Corrective Actions Costs Allocation ($338,372) and an increase to the Unrestricted Ending Fund Balance ($407,328)
Total Solid Waste Capital Fund	68,956	68,956	

Storm Drain Capital Fund (535)

Project	Source of Funds	Use of Funds	Explanation
PW Capital Projects Management - Storm Drain/Transfer from the General Fund	(61,382)	(61,382)	Updates the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also decreased.
Charges for Services/Transfer to the General Fund	(21,000)	(21,000)	Decreases the Charges for Services and the Transfer to the General Fund to reflect the updated storm drain fee projection. This revenue is received in the Storm Drain Capital Fund and transferred to the General Fund to support Storm Drain operations.
Unrestricted Beginning Fund Balance/Unrestricted Ending Fund Balance	288,019	288,019	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget.
Total Storm Drain Capital Fund	205,637	205,637	

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Street Lighting Capital Fund (534)

Project	Source of Funds	Use of Funds	Explanation
2871 - Miscellaneous Street Lighting		(125,000)	Eliminates funding for the Miscellaneous Street Lighting to meet expected work activity. This project is to respond to street light complaints and install additional street lights or replace street lighting where needed. This budget is being eliminated from FY 2021/22.
2875 - Great America Street Light Replacement Project		(2,500,000)	Reducing the project to align with schedule. Design and procurement are scheduled for FY 2021/22. Most construction is expected to occur in FY 2022/23. This budget is moving to FY 2022/23.
Transfer from the Electric Utility Fund (Fund 091)	(2,625,000)		This action reduces the transfer from the Electric Utility Fund based on the reduced project funding needs. This reduction has been incorporated in the Base Budget for the Electric Utility Fund.
Total Street Lighting Capital Fund	(2,625,000)	(2,625,000)	

Streets and Highways Capital Fund (533)

Project	Source of Funds	Use of Funds	Explanation
Revenue from Other Agencies/Lafayette Bassett Bike Lane Project	224,361	224,361	This action recognizes and appropriates additional Transportation Development Act Article 3 grant funding for the Lafayette Bassett Bike Lane project that was identified as part of the City's Bicycle Plan Update 2018. On May 21, 2019 Council approved Resolution No.19-8702 which includes the staff's proposal to apply for the additional grant monies and this action appropriates the funding as it was approved by the MTC. This project provides funding for the installation of a Class II bicycle facility along the Lafayette/Bassett corridor from Agnew Road to Central Expressway. Currently, there are no bicycle facilities that connect the Lafayette and Bassett corridors. The original project funding of $600,000 in FY 2020/21 will be increased by $224,361. This grant award is eligible to be used for bicycle and pedestrian improvements.

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Streets and Highways Capital Fund (533) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund Capital Projects Reserve/Street Tree Services	323,000	413,000	Adds a Street Tree Services project to fund contractual emergency tree services, tree removals, and tree plantings in FY 2021/22. The Tree Division maintains approximately 11,500 trees. The current 3-year Tree Services agreement expires in June 2021. Public Works is going out to bid with the plan to prune over 900 trees/year. The average cost/prune is being increased to account for new agreement pricing. The largest component of the requested funding will go towards contractual tree removals. Based on a consultant evaluation and recommendations for many of the City's Modesto Ash trees which were old and declining, over the next 3 year period over 100 trees will be removed each year. This request includes an offset of $90,000 in funding from Silicon Valley Power to pay for removals of approximately 30 trees that have conflicts with overhead wires. This allocation funds year one of the three-year project. Additional funding of $382,000 is needed for year two and additional funding is also needed for year three.
Transfer from the Electric Utility Fund for Tree Services	90,000		This proposal provides Silicon Valley Power's contribution for removal of trees that have wires.
PW Capital Projects Management - Streets and Highways/ Transfer from the General Fund	177,494	177,494	Updates the Public Works Capital Management allocation based on the recalculated project distribution. The Transfer from the General Fund that supports this cost is also increased.
Tech Adj: Transfer from the General Fund	(2,025,000)		This action is a technical adjustment correcting the funding source for the Saratoga Creek Trail (Homeridge Park to Central Park) project from a Transfer from the General Fund to a Transfer from the Parks and Recreation Capital Fund. Park in Lieu fees will be used to fund this project.
Tech Adj: Transfer from the Parks and Recreation Capital Fund	2,025,000		This action is a technical adjustment correcting the funding source for the Saratoga Creek Trail (Homeridge Park to Central Park) project from a Transfer from the General Fund to a Transfer from the Parks and Recreation Capital Fund. Park in Lieu fees will be used to fund this project.

FY 2021/22 Capital Improvement Program (CIP) Budget Amendments

Streets and Highways Capital Fund (533) (Cont'd.)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance/Unrestricted Ending Fund Balance	1,297,853	1,297,853	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget.
Total Streets and Highways Capital Fund	2,112,708	2,112,708	

Tasman East Infrastructure Improvement Fund (541)

Tasman East Administration		23,757	Annual funding for Public Works costs for fee administration.
Tasman East Infrastructure Impact Fee	1,192,891		Anticipated impact fee revenue to be collected for Summer Hill project.
Transfer to the General Fund Capital Projects Reserve		175,757	Restores funding to the General Fund Capital Projects Reserve for FY 2020/21 costs.
Unrestricted Ending Fund Balance		993,377	Adjusts the unrestricted fund balance to offset the actions recommended above.
Total Tasman East Infrastructure Improvement Fund	1,192,891	1,192,891	

Water Utility Capital Fund (592)

Project	Source of Funds	Use of Funds	Explanation
Unrestricted Beginning Fund Balance / Unrestricted Ending Fund Balance	10,163,309	10,163,309	Increases the Unrestricted Beginning Fund Balance and Unrestricted Ending Fund Balance to account for changes from the FY 2021/22 Adopted CIP budget.
Total Water Utility Capital Fund	10,163,309	10,163,309

Reader's Guide

The purpose of this Reader's Guide is to make the City of Santa Clara FY 2021/22 Municipal Fee Schedule easier to review. The Reader's Guide highlights information contained in this document, defines terminology used in column headers, and briefly explains how voter approved Proposition 26 impacts the Schedule.

Fees, rates, and charges are intended to encompass all charges established by license, permit fees, utility charges, refuse collection and any other charges for goods and services and use of City-owned or operated facilities. Certain fees omitted from the Municipal Fee Schedule are published separately and noted on page V of this schedule. Such fees and charges published separately are unique because they are mandated by external agencies or because they receive special attention and review from City Council prior to adoption.

A comprehensive listing of the City's fees, rates, and charges, arranged in sections by department make up the City of Santa Clara Municipal Fee Schedule. During an annual review, each department recommends appropriate adjustments after considering the total costs to the City for each service provided. Costs include (1) personnel time (providing the service and collecting data), (2) equipment used, (3) material, service and supply costs, (4) department and City-wide overhead, and (5) any other costs that may be incurred that are directly related to the specific fees, rates or charges. Periodically, the City will contract with an outside consultant to perform a comprehensive review/study of fees. For FY 2019/20, Matrix Consulting Group completed a Cost of Services (User Fee) Study. Incremental updates typically occur in the years in between comprehensive studies. This update represents an interim year update with minor, incremental, changes proposed that incorporate feedback received during the prior fee update and feedback received subsequent to adoption of the City's current schedule of fees. Since this is an interim year, the vast majority of fees are proposed to increase by the most recent annual change in the regional consumer price index (CPI). The CPI change for the most recent year was 1.72%. This minor recalibration of fees is simply intended to maintain cost recovery levels consistent with the fees previously adopted by the City Council. In addition to the general inflationary changes proposed for fees, there are a limited number of discrete changes proposed to add new fees to recover costs, to increase or continue to phase in fees to increase cost recovery, to align with mandates, and to provide further clarification.

<u>Proposition 26</u>

Proposition 26, passed by voters on November 2, 2010, is a constitutional amendment that introduces, for the first time, a definition of what constitutes a local tax:

> *As used in this section, "tax" means any levy, charge, or exaction of any kind imposed by a local government…*

Under this definition, many requirements imposed by a local government that results in the local government receiving revenues are considered local taxes. This means that local government would need to obtain majority approval of the voters if the revenues are to be used for general governmental purpose and by two-thirds of voters if used for a specific purpose. In contrast, a fee may be adopted by a majority vote of City Council. There are seven (7) exceptions to this amendment under Proposition 26:

1. **Special Benefit or Privilege:** A charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege.

2. **Government Service or Product:** A charge imposed for specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product.

3. **Licenses and Permits:** A charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof.

4. **Local Government Property:** A charge imposed for entrance to or use of local government property, or the purchase, rental or lease of a local government property.

5. **Fines and Penalties:** A fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law.

6. **Property Development:** A charge imposed as a condition of property development.

7. **The Prop 218 Exception:** Provides that property assessment and property-related fees that are already subject to the approval requirements of Proposition 218 are not taxes. Common examples include water and sewer rates and special district assessments such as Landscape and Lighting District Act assessments.

All fees, rates, and charges have been reviewed by the City Attorney's Office and meet one or more of the exceptions to Proposition 26, or are not subject to Proposition 26.

City of Santa Clara Municipal Fee Schedule Column Descriptors

1. Description of Fee, Rate, or Charge: Identifies the nature of the fee, rate, or charge.

2. Current Fee and Period: Identifies the current cost associated with the fee, rate, or charge.

3. Technology Fee: Identifies whether or not the Technology Fee applies.

4. Charging Dept/Div: City Department responsible for initiating the fee, rate, or charge.

   Collecting Dept/Div: City Department assigned to collect the fee, rate, or charge.

5. Date Fee Last Changed: The date the fee was last updated by ordinance and/or resolution.

6. Fee Detail:

   Objective: The reasoning as to why the City collects the fee, rate, or charge. This schedule may identify one or more of the following classifications: (1) Recover Cost, (2) User Tax, (3) User Fee, (4) Penalty, (5) Compliance, and (6) Impact Development Fee.

   Prop 26 Exception: Identifies exception classification for the fee, rate, or charge. The reader will see numbers 1-7, or a combination of 1-7, as some fees, rates, and charges fall under multiple classifications. N/A signifies the fee, rate, or charge is not a fee imposed exclusively by local government.

   Full Cost: Summarizes both direct and indirect costs associated with the fee, rate, or charge. If no cost is provided, the basis for the charge is defined either by ordinance or resolution, calculated separately based on individual circumstances, or established by an outside entity.

7. Comments: Identifies special notes related to the specific fee, rate, or charge.

PUBLIC WORKS DEPARTMENT, ENGINEERING DIVISION

JUSTIFICATION FOR INCREASE IN FEES, RATES, AND CHARGES

DRAFT

NOTE 1: Fees, rates, and charges to recover costs for these types of Engineering services are proposed to be increased by 1.72% above 2020-21 fees, rates, and charges, consistent with the annual percentage increase in the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-Hayward, CA region.

NOTE 2: Fees, rates, and charges to recover costs for these types of fees/reimbursements for public improvements are proposed to be increased 2.28% above 2020-21 fees, rates, and charges, consistent with the percentage increase in the Construction Cost Index(January 2021) as published by the Engineering News-Record.

NOTE 3: Fees, rates, and charges to recover costs for Field Marking – Traffic Signal Engineering Services is equal to the Field Marking – Fiber which services are performed by the same Silicon Valley Power (SVP) field staff. Fees, rates, and charges to recover costs for these types of Engineering servicesare proposed to be increased by 1.72% above 2020-21 fees, rates, and charges, consistent with the annual percentage increase in the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-Hayward, CA region.

NOTE 4: City is required to charge a pro-rated sanitary sewer conveyance fee for accessory dwelling units per City Ordinance 1968. An accessory dwelling unit is equivalent to an apartment and will be charged a sanitary sewer conveyance fee equivalent to 62.9% of the sanitary sewer conveyance fee for a single family home. This 62.9% is based on the ratio of an apartment daily average discharge of 154 gallons per day (gpd) over a single family home daily average discharge of 245 gpd (154 gpd/245 gpd = 0.629).

REPORT TO COUNCIL

SUBJECT
Proclamation of Asian American and Pacific Islander Heritage Month

BACKGROUND
Asian American and Pacific Islander Heritage Month is recognized each May to celebrate and pay tribute to the contributions generations of Asian/Pacific Americans have made to our nation's history, society and culture. The month of May was chosen to commemorate the immigration of the first Japanese to the United States on May 7, 1843, and to mark the anniversary of the completion of the transcontinental railroad on May 10, 1869. Most of the workers who laid the tracks were Chinese immigrants.

The origin of Asian American and Pacific Islander Heritage Month dates to the 95th Congress (1977-1978) when five joint resolutions were introduced proposing that a week in May be designated to commemorate the accomplishments of Asian Americans and Pacific Islanders (AAPIs).

On March 28, 1979, President Carter issued Proclamation 4650, the first presidential proclamation, for Asian/Pacific American Heritage Week. In this proclamation, President Carter spoke of the significant role Asian/Pacific Americans played in the creation of a dynamic and pluralistic American society with their contributions to the sciences, arts, industry, government, and commerce.

On May 7, 1990, President George H.W. Bush issued Presidential Proclamation 6130 designating May 1990 as the first "Asian/Pacific American Heritage Month," and Congress permanently designated May of each year as "Asian/Pacific American Heritage Month" on October 23, 1992.

DISCUSSION
As a Special Order of Business on May 25, 2021, the Santa Clara City Council will proclaim the month of May 2021 as Asian American and Pacific Islander Heritage Month to honor and recognize the AAPI community's rich heritage which has
shaped the history of the United States.

ENVIRONMENTAL REVIEW
This is an information report only and no action is being taken by the City Council; no environmental review under the California Environmental Quality Act ("CEQA") is required.

FISCAL IMPACT
There is no fiscal impact to the City other than staff time.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board

outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

REPORT TO COUNCIL

SUBJECT
Recognize Local Student for Achievement in the Telugu Book of Records and Super Kids of India

BACKGROUND
In April 2021, the Telugu Book of Records and Super Kids of India recognized local student Akyuta Batchu for her recitation by memory of all US states within 27 seconds, and of the names of 196 countries by continent within one (1) minute 50 seconds.

DISCUSSION
As a Special Order of Business on May 25, 2021, the Santa Clara City Council will honor this remarkable achievement by presenting a Certificate of Special Mayor Recognition, which will be accepted by Akyuta and her family.

ENVIRONMENTAL REVIEW
This is an information report only and no action is being taken by the City Council; no environmental review under the California Environmental Quality Act ("CEQA") is required.

FISCAL IMPACT
There is no fiscal impact to the City other than staff time.

Public Comments

There were no public comments.

Consent Calendar

Matters listed in the Consent Calendar section will be considered routine by the Advisory Board and will be enacted by one motion. If discussion is requested, that item will be removed from the section entitled Consent Calendar and will be considered separately.

1. Action on the Minutes of the Santa Clara Tourism Improvement District Advisory Board
- Regular Meeting – February 18, 2021

A motion was made by Jean-Phillippe Rollet, seconded by Justin Hart, to approve the Consent Calendar. Motion passed unanimously (6-0).

Consent Items Pulled for Discussion

General Business – Items for Discussion

2. Two-Year Budget Planning

Matt Stewart provided a brief overview of the projected fund balance for future years. The estimated balance for FY 2020/21 is $1.4 million and projected TID revenue in FY 2021/22 is $610,936. Matt indicated he is currently working on the budget and is planning to present to the TID at the April 15 meeting.

3. Silicon Valley/Santa Clara DMO, Inc. Updates

Matt Stewart provided an update on DMO activities:

- DMO will be looking to extend the sales contractor agreement.
- A temp administrative assistant was hired by the name of Martina. Martina has been on board for three weeks.
- Reported trends: 81% of travelers will travel in the next six months; lanners are hesitant to book events this year but there is pent up demand.
- Sales contractor Michael spoke to 54 clients resulting in two tentative leads.
- Michael is putting together a newsletter for Santa Clara and the DMO is working on a citywide presentation.
- The monthly report includes a new table that summarizes sales contractor goals and attainments.
- Extranet access to Simpleview was sent to the hotel lead catchers. This access will provide hotels the ability to view Simpleview, the DMO's CRM system.
- DMO is finalizing its KPI goals which will be shared with the TID at a future meeting.

4. TID Conversion Timeline and Update on Petition Process

Nancy Thome reported that as the City has received petitions from hotels who will collectively pay more than 50% of the assessment which initiates the TID conversion process. The conversion process is a three-step process and tentative dates have been scheduled for each step:

- April 6 – Upon receiving petitions from hotels who will collectively be paying more than 50% of the assessment, City Council can adopt a Resolution of Intention (ROI) to establish the district under the 1994 Law.
- April 20 – Upon the Council approving the ROI, a public meeting will take place to allow for the public to provide public comments.
- May 25 – A public hearing will take place to establish the new district which would go into effect July 1.

5. Action on the Tourism Improvement District Subsidy Guidelines

This item had been deferred from the February 18th meeting.

A motion was made by Mark Salquist, seconded by Jean-Phillippe Rollet, to approve the proposed Tourism Improvement District Subsidy Guidelines. Motion passed unanimously (6-0).

6. Action on the Santa Clara Convention Center Booking Strategy (Revised)

Eron reported that a few inconsistencies were found in the Booking strategy which required simple clerical/administrative revisions.

A motion was made by Jean-Phillippe Rollet, seconded by Peter Hart, to approve the revised Santa Clara Convention Center Booking Strategy. Motion passed unanimously (6-0).

7. California Hotel & Lodging Association Clean + Safe Certification Updates

Eron reported that the following hotels have completed certification: Marriott, Hyatt, Biltmore, Element, Embassy Suites, and requested updates from the remaining hotels:

- Mark (Avatar) and Jean-Phillippe (Plaza Suites) reported they had completed certification.
- Justin (AC Santa Clara) reported that he will look into the follow-up on the certification process.
- There were no updates for Hilton, TownePlace Suites, or Hyatt House.

8. Santa Clara Convention Center Updates

Kelly Carr reported that the Center is still serving as a vaccination clinic. The clinic is no longer running on weekends and only running Monday thru Friday, 8:00 a.m. – 4:30 p.m.

Justin Hart left the meeting at 8:44 a.m.

In regard to the CIP projects:

- Spectra has have moved into the design development phase with HOK and will be review projected costs shortly.
- The glass pyramid project is almost complete. There are about 10 pieces of glass that need to be replaced.
- The security camera assessment was completed by Johnson Controls and the new cameras and system has been ordered.
- The new HVAC units are being installed and will be completed by the end of the day.
- The start of construction is anticipated in June or July.

9. Economic Development, Communications, and Marketing Committee Tentative Schedule (attachment – schedule)

Nancy Thome shared the tentative schedule for the EDCM Meetings which included regular updates by the DMO. The ECDM is comprised of Councilmembers Watanabe, Park and Becker.

General Updates

- City of Santa Clara - Brown Act and Robert's Rules of Order Presentation at May 20, 2021 meeting.
- Mark reported Avatar is under renovations and will remain closed until Q1 of 2022.

Avatar is re-branding and will no longer be under the Hyatt.
- Eron reported that there is no re-opening date for the Hilton.
- Jean-Phillippe reported the Plaza Suites will not re-open until this summer.

Adjournment

The meeting was adjourned at 9:02 a.m. The next regular scheduled meeting is on April 15, 2021 at 8:00 a.m.

Santa Clara Tourism Improvement District
Advisory Board Special Meeting – MINUTES

April 16, 2021, 8:00 a.m.

Call to Order

Chair Hodges called the meeting to order at 8:03 a.m.

Roll Call

Present: 4 Vince Buonocore, Interim General Manager, Marriott Santa Clara
Eron Hodges, General Manager, Hyatt Regency Santa Clara
Jon Siebring, General Manager, Biltmore Hotel
Ryan Turner, General Manager, Element Santa Clara

Absent: 7 Joe Eustice, General Manager, Hilton Santa Clara
Justin Hart, General Manager, AC Hotel Santa Clara
Jean-Phillippe Rollet, General Manager, The Plaza Suites
Peter Hart, General Manager, Embassy Suites
Mark Salquist, General Manager, Avatar Hotel
Alan Mass, General Manager, Hyatt House
Bridgette Burns, General Manager, TownePlace Suites by Marriott

A quorum was not met. Eron reported that Joe is on assignment in Orlando, Jean-Phillippe and Mark are in transition meetings with new hotel ownerships and Justin and Peter are out on vacation.

In Attendance
Ruth Mizobe Shikada, Assistant City Manager, City of Santa Clara
Nancy Thome, Assistant to the City Manager, City of Santa Clara
Dan Fenton, Executive Vice President, JLL
Kelly Carr, General Manager, Spectra Venue Management
Matt Stewart, CEO, Silicon Valley/Santa Clara DMO, Inc.

Public Comments

There were no public comments.

Consent Calendar

Matters listed in the Consent Calendar section will be considered routine by the Advisory Board and will be enacted by one motion. If discussion is requested, that item will be removed from the section entitled Consent Calendar and will be considered separately.

Consent Items Pulled for Discussion

General Business – Items for Discussion

1. Budget Presentation: Discussion and Action on the Silicon Valley/Santa Clara DMO, Inc. Proposed FY 2021/22 Operating Budget.

Matt Stewart provided an overview of the first draft of the DMO FY 2021/22 Proposed Budget.

There was no action taken as a quorum was not met.

2. Presentation: Discussion and Action on the Silicon Valley/Santa Clara DMO, Inc. Key Performance Indicators.

Matt Stewart provided an overview of the DMO's key performance indicators.

There was no action taken as a quorum was not met.

General Updates

- City of Santa Clara - Brown Act and Robert's Rules of Order Presentation at May 20, 2021 meeting.
- Nancy Thome reported City Council approved the Resolution of Intention to establish the new district on April 6. The public meeting and public hearing notice were sent to the hotels via email on April 7 and also mailed hard copies the same day. The public meeting is scheduled for April 20 and the public hearing is scheduled for May 25.
- Eron Hodges reported that Manny Gonzales, General Manager of California's Great America and DMO Vice-Chair announced his departure at the last DMO meeting. Manny has accepted a new assignment with Cedar Fair and will be moving to North Carolina in June. Eron also noted that Top Golf in San Jose opened effective today to be open 300 days of the year for families and businesses.
- Eron Hodges reported the CDC and Cal Osha have release new guidance on venue/events re-opening June 15. It was suggested that the hotels and Convention Center work together to offer consistent baseline safety best practices for guests.

Adjournment

The meeting adjourned at 9:13 a.m. The next regular scheduled meeting is on May 20, 2021 at 8:00 a.m.

City of Santa Clara
The Center of What's Possible

MINUTES OF THE CITY-SCHOOL LIAISON COMMITTEE SPECIAL MEETING

Virtual Meeting
Wednesday, March 3, 2021 at 11:45 a.m.

Council Present:
Mayor Lisa M. Gillmor
Vice Mayor Raj Chahal
Councilmember Kathy Watanabe

City of Santa Clara Staff Present:
City Manager Deanna J. Santana
Assistant City Manager Cynthia Bojorquez
Assistant to the City Manager Robyn Sahid
Assistant Chief of Police Wahid Kazem
Director of Parks and Recreation Jim Teixeira
Director of Community Development Andrew Crabtree

Santa Clara Unified School District (District) Present:
Board President Jodi Muirhead
Trustee Albert Gonzalez
Trustee Andrew Ratermann
Superintendent Stella Kemp
Chief Business Official Mark Schiel
Director of Facility Development and Planning Michal Healy
Director of Bond Projects Larry Adams
Public Information Officer Jennifer Dericco

Mayor Lisa M. Gillmor called the meeting to order at 11:47 a.m.

Item 1. Introduction of New Members

Item 2. Approve Minutes from September 2, 2020
It was moved by Trustee Andrew Ratermann, seconded by Councilmember Kathy Watanabe, and unanimously carried to approve the meeting minutes from September 2, 2020.

Item 3. Approve 2021 Meeting Calendar
The Committee meets the first Wednesday of every other month, starting in January. Board President Jodi Muirhead asked to move July meeting to mid-August. Superintendent Stella Kemp further suggested that there should be no meetings in July or August due to the District's need to plan for school opening in August. The meeting that would have taken place on July 7th was proposed to take place on June 23, 2021. All were in favor of this date change.

It was moved by Councilmember Watanabe, seconded by Trustee Ratermann, and unanimously carried to approve the 2021 meeting calendar with this change.

Item 4. Status of Returning to School in Person
Superintendent Kemp gave an overview of the District's plan to reopen, noting that the County is nearing the Orange phase. There is a Memorandum of Understanding (MOU) with employee groups that in-person instruction can begin on the Monday following the announcement of the County moving into the Orange phase. Of families that have completed the District's survey, an average of 40% of families want to go back to in-person learning. Plans for safety and reopening for the remainder of this year are in place and fall reopening plans are in progress. The County Office of Education is working with the County of Santa Clara to make vaccines available to district employees.

Mayor Gillmor asked if the District honors all parent requests for return to in person learning. Superintendent Kemp responded that the method of determining who returns to campus is dependent upon the number of students who want to come back in as compared with capacity limits. The District can accommodate most of the families who want to come back to campus. For all families who did not respond to the survey, the default is to remain in distance learning.

Vice Mayor Raj Chahal asked if all teachers and staff are returning to school sites. Superintendent Kemp responded staff members who do not want to come back for health reasons can meet with Human Resources for an interactive meeting. This matter was settled with the teachers' union. All teachers are returning to campus unless they have a medical note.

Councilmember Watanabe asked if temperature checks are required to enter the building. Superintendent Kemp responded that temperature checks are not required by public health guidelines. There are several screening and protection measures in place however, and the District is providing thermometers to teachers for their optional use.

Item 5. Update of Food Distribution Programs
Director of Parks and Recreation Jim Teixeira presented an overview of the City's programs, including the Commodity Point of Distribution (CPOD) operations at the Santa Clara Senior Center and the Food for Families distribution in partnership with the Salvation Army. The Senior Center continues to see an increase in community participation. The Food for Families operation distributes an average of 555 food boxes per week. As of the date of this meeting, a total of 8000 boxes/2818 households have been served. The City's contract with Salvation Army runs through June 2021; the Silicon Valley Food Bank is the source of the food boxes, and the City is prepared to continue the operation for as long as it is needed.

Mayor Gillmor suggested that the City send the District information on this program to share with their families and asked what kind of paperwork is needed to participate. Director Teixeira responded that the paperwork is simple, and Salvation Army will work with individuals to assist them in completing the requirements. Community members are even able to register for the program on the same day.

Chief Business Official Mark Schiel provided an overview of the District's food distribution operations. He reminded the committee of the many regulations in place from the US Department of Agriculture (USDA), and that the USDA issued a waiver and release from these regulations due to pandemic. As a result, the District has been able to serve any student that is under 18, and students are offered breakfast, lunch and sometimes dinner. Increased funding by the Federal government means no increased debt to the District for the distribution programs. The District served more students in the period from March – December 2020 than all of 2019. The District is also thinking creatively about using produce grown as part of its farm program; and has packed and distributed 42,000 lbs. of organically grown produce. In additional, the District distributed 20,000 boxes of food in collaboration

with the City. The District also implemented the Taste of Farm dinner program, a fundraising catering service, whereby Food Services staff cooks gourmet meals from scratch cooking using District grown organic produce.

Mayor Gillmor welcomed Mr. Schiel to the committee.

Councilmember Watanabe spoke about the Farm to Families distribution operation by the River of Life (ROL) Christian Church; she and Mayor Gillmor were contacted by Pastor Sam Loh of ROL about their program giving out meals every Tuesday, Thursday, and Saturday. ROL is the largest distributor of food boxes in the Bay Area. The USDA reached out to ROL through the Farm to Families program. Councilmember Watanabe also reached out to the School District through Suzy Cortez to promote this program; the District has been picking up 300 to 500 boxes at Bill Wilson Center each Saturday and the Mayor and Councilmember Watanabe have been distributing these boxes to local families in need.

Board President Muirhead spoke in more detail about the District's Taste of the Farm Dinner Program – these are four-course meals, very high quality and are available for pick up on Tuesday evenings. Orders are due the Monday evening prior. Cost per meals is between $20 and $30 per person.

Superintendent Kemp asked Public Information Officer Jennifer Dericco to speak on the additional food distribution done by the District Family. In early February, the District launched a family pantry through the Family Resource Center in response to learning that many families were in immediate need of food staples and couldn't wait for the distribution days. The Teachers and Classified Staff Unions partnered with the Santa Clara Schools Foundation and Family Resource Center to buy a commercial refrigerator and have been coordinating on keeping pantry stocked every week, and working with members to raise funds and shopping at Costco to purchase food for the program.

Item 6. City Budget Discussion

City Manager Deanna J. Santana gave an overview of the City's budget impacts due to the pandemic, which are severe. Prior to the pandemic, the City was able to reduce the City's deficit from 3 years ago from $116 million to $13 million just prior to the pandemic. At that time the City was on a growth strategy. With the impacts from COVID, preliminary numbers were released; in Fiscal Year (FY) 19-20 the City had a $10 Million deficit which was cured by expenditure controls. FY 20-21 the City was projecting a $22.7 million deficit. This was premature information in April 2020, at the time when the duration of COVID was not known. The recent forecast is now at 41.7 million. The Council has been deliberating on the budget and looking at where to make changes to staff's proposal. This has been a difficult process. The changes are being addressed in phases. Phase 1 comprises an initial cut of up to 43 vacant positions, thereby reducing the deficit to $29 million from $42 million and allow for the City to maintain status quo.

Assistant City Manager Cynthia Bojorquez detailed three proposals related to the District.

1. One-time reduction in maintenance of closed school sites equivalent to $36,000 - the previous agreement has expired.
2. Reduction to the Latchkey Program, resulting in a savings of approximately $108,000 ongoing– this agreement expired, in conversations with Superintendent Kemp, the City was informed that the program would continue since the District has access to state funding but there will be a reduction of 10 spots available for this program.
3. As part of Tier 2 budget balancing, there is a proposed liquidation to the $50,000 annual allocation to the Library's Footsteps to Brilliance Program. Program expires at the end of this fiscal year and the City will propose to reallocate this funding.

Superintendent Kemp responded that the District would look into options to maintain the Footsteps to Brilliance program.

Mayor Gillmor commented the bulk of the Council's budget discussions at the past two meetings centered around public safety. An agreement was not reached and will go to a third meeting.

Assistant Chief of Police Wahid Kazem provided an update of the crossing guard program in preparation for the return to school in person at the end of March. As many of the crossing guards are seniors, the Santa Clara Police Department (PD) is assisting with coordinating vaccines. The aim is to meet the need for staffing.

Trustee Albert Gonzalez commented that it will be beneficial to have people and PD presence in place to ensure a smooth reopening. Students are no longer used to crossing streets and drivers are not used to student presence.

Trustee Ratermann commented on programs he finds have been very beneficial to the community. One program is the D.A.R.E program, which he feels goes a long way in helping community policing. He does not want it to be cut and is asking for the District to be part of these discussions. The youth safety patrol is another example of a positive program for students. He further commented about the positive impacts to students for both the D.A.R.E and the Every15 Minutes program. Mayor Gillmor agreed with the positive effects of the D.A.R.E program and said she would fight to keep this and other programs funded in the City budget. Councilmember Watanabe concurred.

Director Teixeira commented that due to the need to respond to County/State emergency orders, the City immediately shifted to a role of providing disaster service. A lot of the City's recreation facilities are closed to indoor programs. One-time budget cuts related to this equaled $4.7 million, of this amount $1 million was for contractual services. The City cut 48% of as-needed staffing for Parks and Recreation programs which resulted in $1.3 million in savings. The City projects reduced hours at recreation centers; the Senior travel program was cut which resulted in savings, as well as savings from not being able to hold special events. Parks and Recreation departments have also realized savings by freezing vacant positions. Phase 2 budget reductions project about $830,000 in ongoing savings.

Trustee Muirhead commented on D.A.R.E and other programs, sharing her hope the programs can continue and that 5th graders who missed the D.A.R.E program can participate in future years.

Vice Mayor Chahal asked about the D.A.R.E and the School Resource Officer (SRO) programs, stating that the Chief of Police has assured him that no services will be reduced because of the proposed cuts to the public safety and that standards will be maintained. He asked if it is possible for District to help with funding to some of the supplemental programs. He further asked if City Manager Santana knew if any of the programs mentioned by Trustee Ratermann are on the list for budget cuts. City Manager Santana did not know specifically about the D.A.R.E program and asked for confirmation from Assistant Chief Kazem.

Assistant Chief Kazem responded that the department is in early stages of submitting phase 2 cuts. D.A.R.E positions are on the list for Council's future consideration.

City Manager Santana cited the loss of the City's two main income streams - sales tax and TOT revenues. More budget solutions will be brought in May to address the additional $29.4 million shortfall.

Vice Mayor Chahal reiterated his request that the District investigate ways it might supplement funding and to contact the City Manager and/or Assistant Chief Kazem.

Mayor Gillmor commented that SCPD is offering $3.8 million in cuts, and that there will be service reductions, according to information she received from the Police Officers Association (POA). This

could impact the D.A.R.E program.

Trustee Ratermann commented that it would nice to make input on these topics as a Board, but that the Board of Trustees would not be able to do so as the topic would need to be agendized, and asked that the Liaison Committee members share what is being discussed at this meeting with the full City Council. He then spoke about the $36,000 on maintenance for closed school sites and wanted to get further details. He also asked for a future discussion on the leases for the Teen Center, YAC, and Skate Park, in the hopes that the City and District find a good solution for all parties.

Mayor Gillmor asked staff to follow up.

Trustee Gonzalez asked about whether the City anticipates receiving Federal COVID relief funding. City Manager Santana responded that City staff does not know for sure yet, however it is anticipated that the City may receive $23 to $26 million in one-time funds, noting that that one-time funds cannot address ongoing budget shortfalls.

Assistant City Manager Bojorquez commented that the libraries have experienced savings due to identifying some non-personnel related costs, and savings due to key positions being vacant, resulting in less of an impact in Tier 1 budget solutions. There will be more of an impact in the Tier 2 phase of budget solutions.

Councilmember Watanabe thanked trustees who have made comments regarding their concerns about public safety. The community's concerns have been illustrated by the number of emails received on this topic.

Trustee Muirhead commented about the potential for the District to assist in funding some of the programs but that this would affect the District's budget. She asked that the City share information about costs with Superintendent Kemp to see if there is any room in the District budget to absorb extra costs, if possible She further commented that the Board of Trustees can't entertain a conversation if they don't know what the costs are.

City Manager Santana closed the discussion with her last comments. Like any other public agency, the City is an organization in transition. COVID resulted in immediate cuts of 550 employees from the City's staffing resources and had a hiring freeze. The City is at a 17% staffing vacancy rate. The opportunity for the Board of Trustees to consider would be April and offered to have the City's Finance Director to present to the Board.

Superintendent Kemp asked City Manager Santana to send a list of the items that are on the Phase 1 cuts and Phase 2 cuts, and she will take the list to the CBO and to the Board at their next budget study session.

Director Teixeira addressed Trustee Ratermann's comments about the Youth Activity Center– the lease goes through May 2022. The City and District staff have been meeting to discuss master agreement and joint use facilities.

Director of Facility Development and Planning Michal Healy addressed comments about the decrease in budget for maintenance of the closed sites. District grounds staff members already do the maintenance. This agreement was like a reimbursement agreement and won't affect staffing or service since the District is already doing the maintenance. For the Latchkey program, it has been discussed internally.

CBO Schiel stated that he sent a message to staff during this meeting to find out if the District contributes to the D.A.R.E Program; the District provides a $62,000 offset to the cost of the D.A.R.E

Program.

Item 7. Reopening Support, Fee Based After School Programming from Parks and Recreation Department.
Superintendent Kemp commented that the District is interested in seeing if the City has staff and capacity to run a fee-based after school program for families on District school sites. Families have need for after school childcare and there aren't enough spots at existing programs. The District has a contact person as a coordinator to share with Director Teixeira.

Mayor Gillmor asked the City Manager to review options and report back to the committee at the May meeting. Director Teixeira stated the department would need to look at hiring capacity and is in process of determining the number of staff needed to operate City programs as they restart. If this is a fee-based program, the City could look at staffing separately.

Superintendent Kemp said the District will connect Director Teixeira with a District staff member to further the conversation. This program should be either net zero or revenue-generating for the City.

Trustee Muirhead commented that this conversation should move forward now not wait until 2 months as the need is now. The Mayor responded that she wants to track progress through the committee.

Councilmember Watanabe asked about a program she has seen on the campus of Don Callejon School. Superintendent Kemp responded that it may be a learning center – she is not certain and would find out.

Item 8. SCUSD Comments on Patrick Henry Drive Specific Plan
Director Healy opened by stating the District is still looking for a school site to be designated on the Patrick Henry Specific Plan before it gets approved and asked that the City reach out to developers for this request. Mayor Gillmor asked Director Healy if the District provided parameters in what it was looking for in a school site. Director Healy responded affirmatively and restated that the District is looking for 4 to 5 acres to accommodate a facility that would house up to 600 students; for a multi-story building to fit on small site against park land to use joint use fields.

Community Development Director Andrew Crabtree commented that he and Director Healy met a few months ago to discuss a potential property and asked if there was an update from that meeting. Director Healy responded that there was no update now.

Mayor Gillmor asked Director Crabtree about public outreach on the Patrick Henry Specific Plan. Director Crabtree responded that there is a community meeting on March 10, 2021 and that the Environmental Impact Report (EIR) public circulation is scheduled to start in April.

Director Crabtree shared that there are still 11 to 12 developers who are actively participating in the planning effort. Mayor Gillmor asked if this includes the Kylli site, and Director Crabtree confirmed that it does not include the Kylli site. Mayor Gillmor asked Director Healy about District preferences. Director Healy responded that since Kylli is no longer looking at putting a school site in their project that Patrick Henry Specific Plan is the only option. The last conversation the District had with Kylli was last month. CBO Schiel clarified that a smaller school site would require a state waiver.

Trustee Ratermann asked about any way that the developers of the projects north of Highway 101 north could form a consortium of to come to an agreement, for example on a proportional basis with other developers. Director Crabtree responded that the City recognizes a property owner has a right to a certain amount of development capacity. The City can identify preferable sites and can try to facilitate between property owners and the District.

General Updates from Attendees
Director Crabtree provided planning and development updates and commented on the upcoming Housing Element update. Director Healy asked a question on whether the conversion of the project on N. Winchester Blvd. rezoning would mean increased school impact fees due to the District. She also asked for distinctions regarding the units counted in the Housing Element update. Director Healy updated the committee about school fields reopening. New gates on fencing will be posted that gates will be unlocked after school operations are closed for the day. Tracks are not yet open to the public since they are being used for school track teams. The District will be putting in a new playground for the preschool program and will relocate fencing at the Montague Swim Center which will reduce some turf area.

Trustee Gonzalez commented on the community use of fields, and the Mayor further commented that the community wants to use the new tracks. The citizens feel that they funded the project cost and the Mayor commented that there should be a compromise.

Trustee Ratermann thought about an opportunity for the community to use highly impacted facilities, such as a period earmarked for community use. He agreed that he would like to see a compromise.

Vice Mayor Chahal thanked Trustee Gonzalez and Trustee Ratermann for the idea of opening facilities to the community. The City received emails from the community on this topic and Vice Mayor Chahal asked for more notice to the City when fences are put up and to disseminate this information to the public.

Director Teixeira provided an update on new parks and rehabilitation projects.

Director of Bond Projects Larry Adams commented that the District has begun construction of a new fence between Bowers Elementary School and the park and has put signs up on the new fences to inform the community. They have been taking calls and emails from concerned residents.

Mayor Gillmor spoke about the recent passing of Don Callejon and asked the District to inform the City of their plans to honor Mr. Callejon.

A motion to adjourn was made by Trustee Ratermann, seconded by Vice Mayor Chahal, and was unanimously carried. The next regularly scheduled meeting is the first Wednesday in May. The meeting was adjourned at 1:38 p.m.

MINUTES OF THE CITY-MISSION COLLEGE LIASION COMMITTEE MEETING
November 30, 2020 at 4:00 PM

Council Present:

- Chair Gillmor
- Committee Member Hardy
- Committee Alternate O'Neill

Staff Present:

- Deanna J. Santana, City Manager
- Robyn Sahid, Assistant to the City Manager
- James Teixeira, Director of Parks and Recreation
- Andrew Crabtree, Director of Community Development
- Julie Minot, Executive Assistant to the Mayor and City Council

Mission College Present:

- Ann Kepner, Mission College Board of Trustees
- Bob Owens, Mission College Board of Trustees
- Brad Davis, Chancellor
- Manny Cappello, Associate Vice Chancellor
- Daniel Peck, President
- Danny Nguyen, Vice President

.

Chair Gillmor called the meeting to order at 3:35 p.m.

Item 1. Mission College Response to COVID-19

President Daniel Peck gave an overview of Mission College's (Mission) transition to remote operations during COVID-19 and related challenges. The impacts across student populations, such as the digital divide and health challenges were emphasized during this time. Mission provided over 300 laptops and hotspots and is continuing to seek out students who need help. Mission also provided technical support and opened a by-reservation computer lab which complies with Santa Clara County COVID-19 safety mandates.

In partnership with Second Harvest Food Bank, Mission resumed a drive through food distribution operation and increased frequency to once per week, making a big difference in helping the students and community. Mission established a food assistance program, distributing meal vouchers to students and families in need, supported through CARES act funding, and donations from nonprofits. Mission has also given $1.7 million in direct aid to over 5000 students. Mission is also helping undocumented and international students with financial support.

Mission is also expanding mental health services, and has also partnered with Kaiser, to support flu shots.

Mayor Lisa M. Gillmor asked if the food distribution is only for students. President Peck responded that the meal service program is limited to the student population; however, in partnership with Second Harvest Food Bank the food distribution is open to the community. The meal service program is one day a week with vouchers that are applied for electronically. The student response is very positive and as a result Mission is looking into opportunities for a permanent food pantry location.

Vice Mayor Karen Hardy thanked Mission College for their work and commented that educators must think of all barriers that students face. President Peck then acknowledged Mission's partnership with Santa Clara Unified School District (SCUSD).

Item 2. Mission College Spring/Summer/Fall Planning

President Peck shared that Mission plans for the upcoming Spring and Summer semesters will continue to be remote, and that much planning is being done to transition to a hybrid model. Mission is planning a return to campus in Fall 2021 but will be prepared to maintain a remote model if needed.

Vice President Danny Nguyen stated that the Mission/West Valley District has weekly check in calls with County of Santa Clara.

Mayor Gillmor asked about enrollment numbers, and President Peck responded that enrollment is down by 6 to 8 percent.

Item 3. Mission College Bond Project Update

President Peck began by thanking the community for their support. The "Big Building" is gone, and the plaza is complete. All new buildings are modern and designed for today's instruction, in celebrating diversity and cultures, and all incorporate social justice into the design. Mission has also just begun construction on other projects, including renovation to the building which houses the Child Development Program, and installation of new turf on fields. All projects are on schedule and President Peck commented that Mission may be able to take advantage of less escalation costs.

Item 4. Mission College Scholarships and Financial Assistance

President Peck introduced the Mission Promise program, which offers two years free tuition plus $1000 per term for books with priority given to SCUSD graduates and City of Santa Clara residents. Mission looks forward to giving an update on the program at a City Council meeting. There are a few requirements to meet to qualify; it is not a competitive scholarship, but a community scholarship. Trustee Ann Kepner commented that the City's Youth Commission would be a good way to promote the Mission Promise program.

Item 5. College and Faculty/Staff Housing

President Peck opened by stating that housing affordability is a challenge in our region and poses significant obstacles for students and staff, which affects employee retention. Chancellor Brad Davis commented that the theme Mission would like to promote is one of collaboration and that Mission wants to collaborate with City on all matters including housing and transportation. He further stated that all Community College Districts in the Bay Area are planning for housing and transportation needs for student, and that Mission looks forward to a partnership for a better way forward.

Mayor Gillmor asked if a plan was in place to build housing on campus. President Peck responded that the prior proposed project did not happen. Mayor Gillmor commented that the City has nearby affordable housing projects/components at developments such as Tasman East, St. Anton, other Specific Plans. The Mayor asked if there is land on the Mission Campus that could be used to build housing. President Peck responded that they are looking into possibilities.

Councilmember Teresa O'Neill recalled her time serving on the SCUSD Board and remarked that her happiest moment was the grand opening of La Casa Del Maestro Apartment Complex. She further commented that the San Mateo Community College District has followed Santa Clara models, and is in process of their third project for affordable housing for staff. Councilmember O'Neill shared her hope that there will be a more open approach to financing options and said Casa Del Maestro was a huge success and helped SCUSD retain staff.

Item 6. City of Santa Clara Land Planning Update

Community Development Director Andrew Crabtree reported that construction activity in the region remains strong and there are higher levels of permit activity over last year and a lot of long range planning taking place, especially on the Northern part of Santa Clara in proximity of the Mission campus. He named the Tasman East Specific Plan, the 100% affordable housing project by St. Anton. A total of 4480 units are proceeding through the permit process to start construction this year and early next year. The success of the plan is that we've achieved target number of units without using all the land. The City has also started the process to amend the Patrick Henry plan to add 1500 more units. Director Crabtree also commented on the Related Santa Clara project, a 10 million square feet project including commercial and food/beverage space, retail, and a hotel, which is going through land use entitlement process. The first two phases are in the final planning approvals. Director Crabtree then spoke about the status of the Patrick Henry Specific Plan, which is adjacent to Mission College. This is anticipated to add 12,000 housing units to the area. He further referred to a meeting with Mission staff in November 2020 to explore adding a roadway between the campus and Patrick Henry Drive. This is currently being studied under the Patrick Henry Specific Plan. An analysis of the amount of traffic the roadway would carry is being done and the City has provided some of the information to Mission College; further discussions will take place. It is anticipated that the Patrick Henry Specific Plan will be completed in a year. Other nearby projects include the expansion of the Hilton Hotel on its existing site, and other interest in developing in the Northside.

President Peck shared that one of Mission's concerns in addition to increased traffic is road maintenance to support increase in traffic.

Mayor Gillmor commented about potential of the CCD or Mission college to partner with the developers for workforce or housing and recommended that they explore this potential opportunity. The economy is unknown, such as the current increase vacancy rate and lower rents. The Related project will have a tremendous impact and will present many opportunities for students and Mission will naturally be a source of a workforce. She further commented that transportation issues will be a concern and asked for clarification from City Manager Santana on scooter use, as this is a popular mode of transportation for students. City Manager Santana reported that the State recently passed legislation that allows local governments to provide permits for scooters and similar mobile activity and that City staff will be bringing forward as part of the January 2021 Policy Priority Setting Session for the Council to discuss a permitting program.

President Peck reported that Mission has met with developers as referenced by the Mayor; Mission looks forward to future meetings and would appreciate connections. He further reported on past connections with Levi's Stadium for hospitality employment and learning opportunities for students and cited positive conversations with Related. He then stated the last mile stretch of roadway in getting from the transportation hubs to campus is a critical one and asked that Mission College is included in all future discussions.

Director Jim Teixeira commented that he doesn't have anything to add to Land Update and looks forward to collaborating with Mission College. He further stated that COVID-19 has limited recreation activities and adult sports are not allowed under current conditions. He looks forward to future collaboration when possible.

Mayor Gillmor stated that the City just opened a new sports complex and the City is upgrading parks in the City/trails, etc. The City of Santa Clara's facilities are ripe for youth sports as an attractive destination. Mission College's facilities will be very attractive for future sports events as well.

President Peck asked about a plan for developing a walking trail along Calabasas creek, and Mission is interested in this potential. Director Teixeira responded that Patrick Henry Drive has several park facilities, and since many parks are connected via trail system, at least one park will be connected to the campus by a trail. Councilmember O'Neill also stated her hope to see the trail enhancement.

Item 7. Future Opportunities for Partnerships

President Peck reiterated his hope for collaboration and asked to be connected to the right parties for future partnership. Mayor Gillmor remarked that the City's goals as of January 2020 had to be set aside due to the pandemic and the focus changed to meeting the basic needs of the community. The City is doing more with less as tax revenue is severely decreased. We all need to focus on doing more with less as well as stay positive that we will get through these difficult times. Mayor Gillmor commented that Mission is a lifeline for students and the community in this time. President Peck thanked outgoing Councilmember O'Neill for her service.

President Peck suggested that Mission College hold quarterly presentations to the City Council, as well as a joint City Council/West Valley/Mission College meeting in the first quarter 2021. Mayor Gillmor agreed that Mission's updates to the City Council are always helpful and concurred with ensuring future meetings are scheduled.

The meeting was adjourned at 4:47 p.m.

Draft

City of Santa Clara

Meeting Minutes

Cultural Commission

04/05/2021 **7:00 PM** **Virtual Meeting**

Pursuant to the provisions of California Governor's Executive Order N-29-20, issued on March 17, 2020, to prevent the spread of COVID-19, the City of Santa Clara has implemented methods for the public to participate remotely.

Via Zoom:
https://santaclaraca.zoom.us/j/98272283531

Webinar ID: 982 7228 3531

Or join by phone: 1 669 900 6833

The meeting set-up is in line with the recommendations of the COVID-19 White House Task Force, which notes no more than ten (10) people gathering. The Chair will be present for the meeting with the staff liaison and commissioners participating remotely.

CALL TO ORDER AND ROLL CALL

The meeting was called to order by Chair Samara at 7:09 P.M.

Present 5 - Chair Louis Samara, Commissioner Niha Mathur, Commissioner Debra von Huene, Commissioner Candida Diaz, and Commissioner Teresa Sulcer

Absent 1 - Vice Chair Jonathan Marinaro

CONSENT CALENDAR

1.A 21-296 Cultural Commission Regular Meeting Minutes of March 1, 2021

Recommendation: Approve the Cultural Commission Regular Meeting Minutes of March 1, 2021.

A motion was made by Commissioner Diaz, seconded by Commissioner Mathur that this item be approved. The motion passed with the following vote:

Aye: 5 - Chair Samara, Commissioner Mathur, Commissioner von Huene, Commissioner Diaz, and Commissioner Sulcer

Absent: 1 - Vice Chair Marinaro

PUBLIC PRESENTATIONS

None.

GENERAL BUSINESS

2. 21-482 Cultural Commission Work Plan FY2020/21 Goals and Activities

Recommendation: Provide status reports on the FY 2020/21 Cultural Commission work plan goals and activities.

The Commission discussed the work plan goals and reported on the progress in each area.

Goal #2-Commissioner von Huene shared that 16 agreements were received for the Virtual Sculpture Exhibition. The photos will be posted on the website and the public will vote on their favorite. The video will follow at a later date. Commissioner von Huene reported as of 4/5, 41 applications were received for the Surviving Covid Project. The kickoff meeting will be after 4/15. Only one artist is from the youth category. The judges were discussed.

Commissioner Diaz shared an updated presentation on the Utility box project. All six (6) boxes have been identified. Call for Artists will be on 4/19 and closes on 5/3. Winners will be announced at the June meeting.

Commissioner Mathur shared the Art map has been updated with all the Utility Box locations.

Goal #3-Commissioner Diaz shared a rough draft of the coloring book for the Commemorative months.

Goal #4-The Commission will be attending the City Council meeting on 4/6. Will mention the NEA Grant, as well as how the commission celebrates diversity through art and events.

A motion was made by Commissioner Diaz, seconded by Commissioner Sulcer, that $4,500 be allocated to the Utility Art Box project for the first round of six (6) boxes. The motion passed with the following vote:

Aye: 5 - Chair Samara, Commissioner Mathur, Commissioner von Huene, Commissioner Diaz, and Commissioner Sulcer

Absent: 1 - Vice Chair Marinaro

A motion was made by Commissioner Diaz, seconded by Commissioner von Huene, that the judging panel for the Utility Box project will consist of Commissioner Diaz, Commissioner Mathur and Commisioner von Huene. The motion passed with the following vote:

Aye: 5 - Chair Samara, Commissioner Mathur, Commissioner von Huene, Commissioner Diaz, and Commissioner Sulcer

Absent: 1 - Vice Chair Marinaro

A motion was made by Commissioner von Huene, seconded by Commissioner Sulcer, that $1,200 be allocated for the Commemorative Months coloring book. The motion passed with the following vote:

Aye: 5 - Chair Samara, Commissioner Mathur, Commissioner von Huene, Commissioner Diaz, and Commissioner Sulcer

Absent: 1 - Vice Chair Marinaro

STAFF REPORT

Recreation Manager Castro discussed a fun event that just concluded, "Let's Eggsplore Santa Clara". She mentioned a virtual ribbon cutting video for Homeridge and Creekside Parks and Raymond G. Gamma Dog Park that is being rehabilitated. She mentioned spring classes started the week of April 5 and staff are programming for Summer. She also mentioned budget challenges and food service projects the City is undertaking.

COMMISSIONERS REPORT

Commissioner von Huene mentioned she attended the California for the Arts South Bay Regional Networking meeting on March 25. She shared a slide deck from Arts, Culture and Creativity Month (ACCM) that was declared in 2019 by the California Senate to be every April. She mentioned there is a full day virtual ACCM convening on April 27. She thanked staff for working on the Virtual Sculpture agreements.

Commissioner Diaz formally thanked City staff for their work on the Utility Box project.

21-562 California Arts, Culture, & Creativity Month April 2021 Post Meeting Material

ADJOURNMENT

A motion was made by Commissioner von Huene, seconded by Commissioner Diaz, that the meeting be adjourned at 8:05 P.M.

Aye: 5 - Chair Samara, Commissioner Mathur, Commissioner von Huene, Commissioner Diaz, and Commissioner Sulcer

Absent: 1 - Vice Chair Marinaro

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. The City of Santa Clara will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities including those with speech, hearing, or vision impairments so they can participate equally in the City's programs, services, and activities. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities.

Agendas and other written materials distributed during a public meeting that are public record will be made available by the City in an appropriate alternative format. Contact the City Clerk's Office at 1 408-615-2220 with your request for an alternative format copy of the agenda or other written materials.

Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

Meeting Minutes

Board of Library Trustees

04/05/2021 **6:00 PM** **Virtual Meeting**

Pursuant to the provisions of California Governor's Executive Order N-29-20, issued on March 17, 2020, to prevent the spread of COVID-19, the City of Santa Clara has implemented methods for the public to participate remotely:

• Via Zoom:
o https://zoom.us/j/96309770871

Webinar ID: 963 0977 0871 or

o Phone: 1(669) 900-6833

PUBLIC PARTICIPATION IN ZOOM WEBINAR: Please follow the guidelines below when participating in a Zoom Webinar:

- The meeting will be recorded so you must choose 'continue' to accept and stay in the meeting.
- If there is an option to change the phone number to your name when you enter the meeting, please do so as your name will be visible online and will be used to notify you that it is your turn to speak.
- Mute all other audio before speaking. Using multiple devices can cause an audio feedback.
- Use the raise your hand feature in Zoom when you would like to speak on an item and lower when finished speaking. Press *9 to raise your hand if you are calling in by phone only.
- Identify yourself by name before speaking on an item.
- Unmute when called on to speak and mute when done speaking. If there is background noise coming from a participant, they will be muted by the host. Press *6 if you are participating by phone to unmute.
- If you no longer wish to stay in the meeting once your item has been heard, please exit the meeting.

CALL TO ORDER AND ROLL CALL

Chair Ricossa called the meeting to order at 6:01pm

Present 4 - Trustee Leonne Broughman, Trustee Debbie Tryforos, Vice Chair Jan Hintermeister, and Chair Stephen Ricossa

CONSENT CALENDAR

1 21-486 Board of Library Trustee Minutes of March 1, 2021

Recommendation: Approve March 1, 2021 meeting minutes

Vice Chair Hintermeister inquired how public comment is summarized in minutes. **Deputy City Clerk Dhadli** informed **the Board of Library Trustees (the Board)** that the City Clerk's practice is to use action minutes that note a comment was made by a public individual, but the comment is not summarized.

A motion was made by Trustee Broughman, seconded by Trustee Tryforos, that the minutes of the March 1, 2021 meeting be approved.

Aye: 4 - Trustee Broughman, Trustee Tryforos, Vice Chair Hintermeister, and Chair Ricossa

PUBLIC PRESENTATIONS

JoAnn Davis, Executive Director (Library Foundation and Friends) gave an update on Foundation and Friends activities. The Foundation and Friends has tentative plans to reopen their bookstore in the Central Park Library on May 3, 2021. COVID-19 protocols, staffing, and hours of operation for the bookstore are still being developed.

The Foundation and Friends will be providing books for three "little free libraries" the Santa Clara Fire Department is installing at Fire Stations 1, 5 and 7.

GENERAL BUSINESS

2 21-488 Informational Report on the Recruitment Process for the City Librarian Position

Recommendation: This item is for information only; no action is required at this time.

Acting City Librarian Bojorquez informed **the Board** the new City Librarian recruitment began on March 22, 2021 and would end on April 18, 2021. At the time of the meeting, 11 applications had already been received. The executive recruiter, **Teri Black**, will screen the applications and provide the City with a list of qualified candidates.

Vice Chair Hintermeister would like to receive information about what materials will be presented to **the Board** and what decision **the Board** will be asked to make before the **City Manager** presents a City Librarian candidate for approval. **Acting City Librarian Bojorquez** will work with the executive recruiter to provide this information.

3 21-516 Discussion of Potential Interview Topics for City Librarian Recruitment

Recommendation: Review and discuss potential interview topics to be forwarded to the City Manager for consideration.

Vice Chair Hintermeister provided a list of questions he would like to be considered for the interview panel of the City Librarian. **Acting City Librarian Bojorquez** presented potential interview questions that were drafted by **the Board** during the March 9, 2020 meeting. **The Board** added additional questions. The questions were as follows:

- Have you worked closely with a library board and/or a foundation in a recent library position?

- How would you work with a board or library commission to achieve your goals?

- Describe your approach to estimating needs for capital or library services improvements, up to and including facility planning.

- What is your experience with proposing planning for major facilities upgrades?

- Have you dealt directly with providing library services to a diverse community? What has worked and what has not?

- Name three basic experiences or attributes that lead you to believe you are ready to lead a library system like Santa Clara.

- What criteria do you use to measure the success of a library system in a community?

- What have you done with data to evaluate library performance?

- What qualities do you look for when hiring key library staff members, beyond technical proficiency?

- Have you made continuing education of staff a priority? Please quantify.

- How do you keep up with modern library trends in both materials and programming?

- What is your collection philosophy?

- How do you manage hiring and mentoring new hires for staff level librarians and other staff?

- Given staffing gaps, how would you address staff development?

- How would you manage staffing gaps?

- How would you manage training and development?

- What services could be provided during a library shutdown?

- What is your experience with strategic planning? Give examples.

- Our City Library is in the Silicon Valley, but operations are traditional. How can we be a gold star library of the 90s?

- How do you plan library capacity in relation to community growth?

- How do you plan to maintain a leadership role in the County?

- What is your management style?

- How do you manage organizational change and external change?

- How do you balance needs for budget and programming between main libraries and branch libraries?

- How do you show interest and support for history and genealogy?

Acting City Librarian Bojorquez explained confidential nature of the recruitment process and the limitations of information that can be discussed. The specific questions being asked in the interview panel and the names of the candidates are considered confidential.

Acting City Librarian Bojorquez discussed possible formats of the interview panel and the limited scope in which a panel interviewer can ask questions.

Acting City Librarian Bojorquez presented the results of a staff survey on the desired qualities of the new City Librarian.

Public comment: **Jonathon Evans** and **Linda Sanders**

STAFF REPORT

STAFF REPORT

4 21-517 Verbal Report on Library Programs and Activities

Recommendation: Note and file the monthly update on Library activities.

Acting City Librarian Bojorquez presented updates on the following Library activities:

- The Mission Branch Library and Northside Branch Library reopened for limited in-person services on April 5, 2021;

- National Library Week activities happening between April 4, 2021 - April 10, 2021;

- All three Library locations would offer limited computer and printing services starting April 19, 2021;

- The Stanford Blood Center conducted a mobile blood drive on April 2, 2021 at the Northside Branch Library;

- A 40kw roof mounted photovoltaic system will be installed at the Northside Branch Library in late April. It is anticipated to be completed in early summer;

- The Library and Santa Clara City Library Foundation and Friends are working to support the Fire Department's three "little free libraries;"

An email from the Friends of the San Francisco Library was shared with **the Board** by the request of **Trustee Broughman**.

Acting City Librarian Bojorquez presented a list of current staff vacancies and the status of their recruitments.

Acting City Librarian Bojorquez discussed a survey comparing the required qualifications for Library Directors by other local libraries.

Trustee Hintermeister revisited creating a one-page policy document to help the Board advocate for Library services when the City is planning new developments. **Acting City Librarian Bojorquez** will speak with **Director of Community Development, Andrew Crabtree,** to provide guidance to the Board in this matter.

TRUSTEES REPORT

Trustee Broughman inquired about the status of the heating, ventilation and air conditioning (HVAC) system at Central Park Library. **Acting City Librarian Bojorquez** discussed some of the current capital improvement projects that have been prioritized.

ADJOURNMENT

A motion was made by Trustee Broughman, seconded by Trustee Tryforos, that the meeting be adjourned at 7:34pm.

Aye: 4 - Trustee Broughman, Trustee Tryforos, Vice Chair Hintermeister, and Chair Ricossa

The Board of Library Trustees Meeting is adjourned to May 3, 2021.

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

City of Santa Clara

Meeting Minutes

Historical & Landmarks Commission

04/01/2021 **6:00 PM** **Virtual Meeting**

Pursuant to the provisions of California Governor's Executive Order N-29-20, issued on March 17, 2020, to prevent the spread of COVID-19, the City of Santa Clara has implemented the following method for the public to participate remotely:
• Via Zoom:
o https://santaclaraca.zoom.us/j/97233262035 or
o Phone: 1 (669) 900-6833
Webinar ID: 972 3326 2035

Public Comments prior to meeting may be submitted via email to PlanningPublicComment@santaclaraca.gov no later than noon on the day of the meeting. Clearly indicate the project address, meeting body, and meeting date in the email. Historical and Landmarks Commissioners and Staff Liaison will be participating remotely.

PUBLIC PARTICIPATION IN ZOOM WEBINAR:
Please follow the guidelines below when participating in a Zoom Webinar:
- The meeting will be recorded so you must choose 'continue' to accept and stay in the meeting.
- If there is an option to change the phone number to your name when you enter the meeting, please do so as your name will be visible online and will be used to notify you that it is your turn to speak.
- Mute all other audio before speaking. Using multiple devices can cause an audio feedback.
- Use the raise your hand feature in Zoom when you would like to speak on an item and lower when finished speaking. Press *9 to raise your hand if you are calling in by phone only.
- Identify yourself by name before speaking on an item.
- Unmute when called on to speak and mute when done speaking. If there is background noise coming from a participant, they will be muted by the host. Press *6 if you are participating by phone to unmute.
- If you no longer wish to stay in the meeting once your item has been heard, you may leave the meeting.

CALL TO ORDER AND ROLL CALL

Chair Leung called the meeting to order at 6:01 p.m.

Present 7 - Chair Patricia Leung, Vice Chair Stephen Estes, Commissioner J.L. "Spike" Standifer, Commissioner Ana Vargas-Smith , Commissioner Michael Celso , Commissioner Megan Swartzwelder , and Commissioner Kathleen Romano

CONSENT CALENDAR

1.A 21-432 Consideration of a request for a plaque for the property at 710 Madison Street

Recommendation: Approve a bronze plaque circa 1911 for the property located at 710 Madison Street, and allocate funds to cover the cost of the plaque in the amount of approximately $200.00.

Item 1.A was pulled from the consent calendar for discussion by **Staff Liaison Rebecca Bustos.**

Chair Leung and **Commissioner Romano** were recused from voting due to their proximity to the property.

Public Speaker(s): Tim Konkol
Suzanne Avina

A motion was made by Commissioner Vargas-Smith, seconded by Commissioner Celso to continue Item 1.A to the next meeting to allow staff to get a quote for a larger plaque and to work with Mr. Konkol, Ms. Avina, and Historical and Landmarks Commission Historical Advisor Lorie Garcia on the plaque language.

Aye: 5 - Vice Chair Estes, Commissioner Standifer, Commissioner Vargas-Smith, Commissioner Celso, and Commissioner Swartzwelder

Recused: 2 - Chair Leung, and Commissioner Romano

1.B 21-433 Historical and Landmarks Commission Minutes of March 4, 2021

Recommendation: Approve the Historical and Landmarks Commission Minutes of March 4, 2021.

A motion was made by Commissioner Vargas-Smith, seconded by Commissioner Swartzwelder to approve staff recommendation.

Aye: 7 - Chair Leung, Vice Chair Estes, Commissioner Standifer, Commissioner Vargas-Smith, Commissioner Celso, Commissioner Swartzwelder, and Commissioner Romano

PUBLIC PRESENTATIONS

None.

GENERAL BUSINESS

2. 21-435 Public Hearing: Consideration of an Architectural Review of a proposed addition at a property located at 1772 Main Street that is within 200 feet of a Historic Resource. (Continued from March 4, 2021 HLC Meeting)

Recommendation: There is no staff recommendation.

Associate Planner Nimisha Agrawal provided the staff presentation. The Commission thanked the owner for working with staff to revise the plans and suggested modifying the proposed windows and garage to carriage-style. **Historical and Landmarks Commission Architectural Advisor Craig Mineweaser** discussed his comment letter.

Commissioner Standifer abstained from voting due to technical difficulties relating to Zoom.

Public Speaker(s): Azadeh Masrour
Guillermo Segura

A motion was made by Commissioner Estes, seconded by Commissioner Vargas-Smith find the proposed project, given that alterations are made to the front windows to harmonize their alignment and given the choice of a carriage-style garage door in the rear, does not destroy or have a significant adverse effect on the integrity of the designated property across the street; that the alterations are compatible with the existing structure and setting in the Old Quad neighborhood; and recommend approval at the Development Review Hearing subject to the conditions of approval.

Aye: 6 - Chair Leung, Vice Chair Estes, Commissioner Vargas-Smith, Commissioner Celso, Commissioner Swartzwelder, and Commissioner Romano

Abstained: 1 - Commissioner Standifer

3. 21-434 Public Hearing: Action on the Certified Local Government (CLG) 2019-2020 Annual Report

Recommendation: Approve the Certified Local Government (CLG) 2019-2020 Annual Report.

Staff Liaison Rebecca Bustos presented the report to the Commission.

A motion was made by Commissioner Romano, seconded by Commissioner Vargas-Smith to accept the report, pending any additional information, and to submit it to the Office of Historical Preservation by April 30, 2021.

STAFF REPORT

Staff Liaison Rebecca Bustos updated the Commission about the 2021 California Preservation Foundation conference being moved to June with more details to be given at the next meeting.

1. Berryessa Adobe Maintenance

Staff Liaison Rebecca Bustos shared that the Berryessa Adobe's maintenance is currently on hold.

COMMISSIONERS REPORT

1. Subcommittee Reporting - 20 minutes

Commissioners present reported on subcommittee activities.

2. Board and Committee Assignments - 15 minutes

Commissioners present reported on assignments.

3. Announcements and Other Items - 10 minutes

Commissioner Romano shared that **Historical and Landmarks Commission Historical Advisor Lorie Garcia** urged the Commission to view the modern preservation series held by the California Preservation Foundation. Commissioners also discussed ideas to advertise Preservation Month in May.

4. Commissioner Travel and Training Requests - 10 minutes

None.

ADJOURNMENT

A motion was made by Commissioner Romano, seconded by Commissioner Vargas-Smith to adjourn the meeting.

The meeting adjourned at 8:13 p.m.

The next regular scheduled meeting is on Thursday, May 6, 2021 at 6 p.m.

Aye: 7 - Chair Leung, Vice Chair Estes, Commissioner Standifer, Commissioner Vargas-Smith, Commissioner Celso, Commissioner Swartzwelder, and Commissioner Romano

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. Meeting Minutes

Planning Commission

04/28/2021 **6:00 PM** **Virtual Meeting**

Pursuant to the provisions of California Governor's Executive Order N-29-20, issued on March 17, 2020, to prevent the spread of COVID-19, the City of Santa Clara has implemented methods for the public to participate remotely:

- Via Zoom:
  - o https://santaclaraca.zoom.us/j/91729202898
    Webinar ID: 917 2920 2898 or
  - o Phone: 1(669) 900-6833
- Via the City's eComment (available during the meeting)

The public may view the meetings on SantaClaraCA.gov, Santa Clara City Television (Comcast cable channel 15 or AT&T U-verse channel 99), or the livestream on the City's YouTube channel or Facebook page.

Public Comments prior to meeting may be submitted via email to PlanningPublicComment@SantaClaraCA.gov no later than noon on the day of the meeting; and also before and during the meeting via eComment. Clearly indicate the project address, meeting body, and meeting date in the email.

PUBLIC PARTICIPATION IN ZOOM WEBINAR: Please follow the guidelines below when participating in a Zoom Webinar:
- The meeting will be recorded so you must choose 'continue' to accept and stay in the meeting.
- If there is an option to change the phone number to your name when you enter the meeting, please do so as your name will be visible online and will be used to notify you that it is your turn to speak.
- Mute all other audio before speaking. Using multiple devices can cause an audio feedback.
- Use the raise your hand feature in Zoom when you would like to speak on an item and lower when finished speaking. Press *9 to raise your hand if you are calling in by phone only.
- Identify yourself by name before speaking on an item.
- Unmute when called on to speak and mute when done speaking. If there is background noise coming from a participant, they will be muted by the host. Press *6 if you are participating by phone to unmute.
- If you no longer wish to stay in the meeting once your item has been heard, please exit the meeting.

6:00 PM REGULAR MEETING

Call to Order

Chair Saleme called the meeting to order at 6:03 p.m.

Pledge of Allegiance and Statement of Values

Roll Call

Present 6 - Vice Chair Nancy A. Biagini, Commissioner Priya Cherukuru, Commissioner Ricci Herro, Commissioner Qian Huang, Commissioner Yuki Ikezi, and Chair Lance Saleme

DECLARATION OF COMMISSION PROCEDURES

Secretary Cherukuru read the Declaration of Commission Procedures.

CONTINUANCES/EXCEPTIONS

None.

CONSENT CALENDAR

A motion was made by Commissioner Biagini, seconded by Commissioner Ikezi to approve the Consent Calendar.

Aye: 6 - Vice Chair Biagini, Commissioner Cherukuru, Commissioner Herro, Commissioner Huang, Commissioner Ikezi, and Chair Saleme

1. 21-33 Planning Commission Meeting Minutes of April 14, 2021 Meeting

Recommendation: Approve the Planning Commission Minutes of the April 14, 2021 Meeting

PUBLIC PRESENTATIONS

None.

PUBLIC HEARING

2. 21-642 Action on the El Camino Real Specific Plan, General Plan Amendment for the creation of four new General Plan land use designations, creation of the El Camino Real Zoning Districts, and an Environmental Impact Report.

Staff is requesting that the Planning Commission open the public hearing and then continue this item to the May 10, 2021 Planning Commission Special Meeting.

The item was opened to the public and there were no public speakers.

A motion was made by Commissioner Biagini, seconded by Commissioner Cherukuru to continue this item to the May 10 Planning Commission Special Meeting.

Aye: 6 - Vice Chair Biagini, Commissioner Cherukuru, Commissioner Herro, Commissioner Huang, Commissioner Ikezi, and Chair Saleme

3. 21-534 Action on a Conditional Use Permit for Twisters Gymnastics to allow a youth gymnastics center at 2800 Bowers Avenue.

Recommendation: Adopt a Resolution to Approve a Use Permit to allow a youth gymnastics center located at 2800 Bowers Avenue, subject to conditions of approval.

Assistant Planner Tiffany Vien provided a PowerPoint presentation.

Applicant Allan and Erika Fusilero spoke.

Commissioners inquired as to why there was a previous code violation that resulted in the facility being closed. Applicant replied he misunderstood the details of when the facility could be open in relation to the Conditional Use Permit.

Public Speakers:
Bonnie Sanders - parent of a student at Twisters Gymnastic School
Lea Tanquary - Airborne Gymnastics

Applicant stated they have been closed for one year and this has created a financial strain and inquired if they could operate with a conditional permit. **Staff Liaison/Development Review Officer Gloria Sciara** replied that there may be improvements needed which would be noted in the Conditions of Approval and that there is a 7-day waiting period due to the appeals process from the date of the decision to approve the project.

A motion was made by Commissioner Ikezi, seconded by Commissioner Cherukuru to close public hearing.

Aye: 6 - Vice Chair Biagini, Commissioner Cherukuru, Commissioner Herro, Commissioner Huang, Commissioner Ikezi, and Chair Saleme

A motion was made by Commissioner Biagini, seconded by Chair Saleme to approve this item.

Aye: 6 - Vice Chair Biagini, Commissioner Cherukuru, Commissioner Herro, Commissioner Huang, Commissioner Ikezi, and Chair Saleme

REPORTS OF COMMISSION/BOARD LIAISON AND COMMITTEE:

1. Announcements/Other Items

Planning Manager Reena Brilliot provided updates that Community Development received recent awards from the American Planning Association for Rebuilding Downtown Santa Clara and for the Tasman East Specific Plan.

2. Commissioner Travel and Training Reports, Requests to attend Trainings

Planning Manager Reena Brilliot informed the Commission that a joint training for City Council, Downtown Community Task Force, and the Planning Commission is being coordinated on the topic of Form Based Codes. The date has not yet been confirmed but a tentative date of July 15, 2021 is being requested for the training. **Ms. Brilliot** also requested that the Commission consider using their budget to pay for the training and a vote will take place at the next meeting regarding the expense.

DIRECTOR OF COMMUNITY DEVELOPMENT REPORTS:

1. Planning Commission Budget Update

2. Upcoming Agenda Items

Planning Manager Reena Brilliot provided updates.

3. City Council Actions

Staff Liaison/Development Review Officer Gloria Sciara provided updates.

ADJOURNMENT:

A motion was made by Commissioner Cherukuru, seconded by Commissioner Biagini to adjourn the meeting.

The meeting adjourned at 7:10 p.m.

The next meeting is a Special Planning Commission Meeting on Monday, May 10, 2021 at 6 p.m.

Aye: 6 - Vice Chair Biagini, Commissioner Cherukuru, Commissioner Herro, Commissioner Huang, Commissioner Ikezi, and Chair Saleme

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities.

Agendas and other written materials distributed during a public meeting that are public record will be made available by the City in an appropriate alternative format. Contact the City Clerk's Office at 1 408-615-2220 with your request for an alternative format copy of the agenda or other written materials.

Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

21-583 **Agenda Date: 5/25/2021**

REPORT TO COUNCIL

SUBJECT
Action on Bills and Claims Report (CC, SA) for the period April 10th, 2021 - April 23rd, 2021

COUNCIL PILLAR
Enhance Community Engagement and Transparency

BACKGROUND
Disbursements made by the City are based on invoices submitted for payment. Prior to payment, staff reviews all disbursement documents to ensure they are reflective of the goods or services provided. Invoices are usually paid within 30 days of receipt of an accurate invoice. As the final step, the City Auditor, or her designee verifies all documents before payment is issued. Payments are issued through accounts payable checks and wire transfers. It's important to note that items that pertain to the Stadium Authority are billed to the Stadium Manager (ManCo) to pay on behalf of the Stadium Authority for Non-NFL events and the 49ers for NFL events.

The Bills and Claims Report represents the cash disbursements required for operations of the City during the period. The report reflects the payment date, invoice number, description of the payment, funding source, and payment amount for all invoices. The budget control is set by the City Council through the budget adoption process.

DISCUSSION
Significant expenditures in this time period include:

- Payment to the Northern California Power Agency in the amount of $13,433,013 for April 2021 all resources bill.
- Payment to MSR Public Agency/Energy Authority in the amount of $3,323,900 for March 2021 energy purchase and shaping fee.
- Payment to Tri-Dam Project/Authority in the amount of $1,450,862 for February and March 2021 hydroelectric purchase.
- Payment to Manzana Wind LLC., in the amount of $1,022,639 for March 2021 energy purchase.
- Payment to TransCanada Turbines Inc., in the amount $958,177.62 for purchased/exchanged of a High-Pressure Turbine (HPT) and installation cost.

Payments to ManCo are not included in the City's Bills and Claims report as they are currently reported through a separate Stadium Authority Bills and Claims report. Stadium Authority related payments in the City's Bills and Claims report include general administrative, materials, and supplies expenses of approximately $1,322. These expenses are reimbursed to the City by the Stadium

Authority.

Certain information such as names of law firms and recipients of workers' compensation have been redacted from the Bills and Claims report. The Supreme Court of California in *Los Angeles County Board of Supervisors v. Superior Court*, (2016) 2 Cal.5th 282, held that invoices specifying the amounts billed by a law firm to a client fall within the scope of attorney-client privilege while the matters are active. In accordance with the Supreme Court's ruling, the names of law firms retained by the City have been redacted from the public report to maintain confidentiality of billing records for legal services. In addition, individually identifiable information about recipients of workers' compensation has been redacted from the report based on California Labor Code section 138.7.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(4) in that it is a fiscal activity that does not involve any commitment to any specific project which may result in a potential significant impact on the environment.

FISCAL IMPACT

The expenditures of $35,535,082 were appropriated to various funds with the adoption of the Fiscal Year 2020/21 Budget, as amended.

COORDINATION

This report has been coordinated with the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

Approve the list of Bills and Claims for April 10, 2021 - April 23, 2021.

Reviewed by: Kenn Lee, Director of Finance
Approved by: Deanna J. Santana, City Manager

REPORT TO COUNCIL

SUBJECT
Action on Agreements for Sales, Use, Tax Audit and Recovery Services; Property Tax Audit and Management Services; and Transient Occupancy Tax Audit Services

COUNCIL PILLAR
Manage Strategically Our Workforce Capacity and Resources

BACKGROUND
The City receives revenues from (a) sales, use, and transactions tax, (b) property tax, and (c) transient occupancy tax (TOT). The two largest revenue sources for the City's General Fund are property tax and sales tax with revenues expected to total approximately $67 million and $56 million in FY 2020/21, respectively. The City is projected to receive TOT revenues of approximately $3.6 million in FY 2020/21. This TOT amount, however, is well below the pre-COVID-19 levels of over $20 million, and this revenue source is expected to recover over the next few years.

To ensure that the City is receiving all the revenues from the County of Santa Clara and the State of California, the Finance Department uses third-party consultants to audit tax records and recover misallocated revenues. The current agreements for tax audit and recovery services are expiring on June 30, 2021.

DISCUSSION
In October 2020, the City released a Request for Proposals (RFP) seeking proposals from qualified firms to provide sales, use, and transactions, property, and transient occupancy tax audit and recovery services. Firms were allowed to submit a proposal on any or all of the service elements. The RFP was published on BidSync, the City's e-procurement system. A total of 54 firms viewed the RFP, and three proposals were received as follows:

1. HdL Companies - Submitted a proposal for both Sales, Use and Transactions Tax Audit and Recovery Services and Transient Occupancy Tax Audit Services

2. HdL Coren & Cone (HdLCC) - Submitted a proposal for Property Tax Audit and Management Services only

3. MuniServices, LLC, doing business as Avenu MuniServices LLC (MuniServices) - Submitted a proposal for all services but subsequently withdrew its proposal for Property Tax Audit and Management Services

Proposal Evaluation Process
The written proposals were evaluated independently by a three-member evaluation team consisting

of staff from the Finance Department against the criteria and weights published in the RFP. The proposals were evaluated on proposer qualifications, experience, technical approach, and cost. All proposers were invited to oral interviews to demonstrate their knowledge and understanding of the City's requirements and to introduce their key personnel who would be assigned to the City if awarded the contract.

Staff recommends three contract awards to proposers MuniServices and HdLCC as follows:

MuniServices for Sales, Use and Transactions Tax Audit and Recovery Services
Staff recommends award of contract to MuniServices for Sales, Use and Transactions Tax Audit Services as having submitted the best value proposal. MuniServices has a dedicated team of revenue consulting and tax audit services to over 350 public agencies in California, including the City of Santa Clara. Since 1995, MuniServices has recovered over $107,000,000 in sales, use and transaction tax revenue for the City.

The maximum compensation under the proposed five-year agreement is $1,500,000. MuniServices' fees are based on a percentage of revenue recovered from the California Department of Tax and Fee Administration for misallocated sales, use and transaction taxes. In addition, MuniServices has an annual fee of $2,000, subject to annual increases tied to the Consumer Price Index, for its online sales tax reporting software tool called "Clearview."

As a result of the competitive process, MuniServices reduced its contingency fee from the current rate of 15% to a tiered rate schedule as shown in the table below. The City will realize an estimated amount of $315,000 in savings, if recoveries are the same as they have been over the past five years.

Tier	Recovered Revenue	Contingency Fee
1	$1 - $1,000,000	13% Contingency Fee for Recovered Revenue
2	$1,000,001 - $2,500,000	12% Contingency Fee for Recovered Revenue
3	over $2,500,000	10% Contingency Fee for Recovered Revenue

HdLCC for Property Tax Audit and Management Services
After a thorough evaluation of the sole proposal from HdLCC for Property Tax Audit Services, staff determined that the proposal satisfied all the requirements set forth in the RFP. HdLCC is the incumbent vendor and staff has been satisfied with their services. In addition, HdLCC has been recovering property tax revenues and providing comprehensive reports to local governments since 1993 and currently serves over 250 public agencies in California, including eight cities in Santa Clara County.

The maximum compensation under the proposed five-year agreement is $100,000. HdLCC's standard fee for property tax services will remain at $19,025 per year plus 15% of net tax revenues recovered. The standard fee includes HdLCC auditing and monitoring property taxes, providing City access to its proprietary tax software tool, and preparing detailed analysis of the City's property taxes, including a summary of annual performance, description of performance by property type, identification of major increases or decreases in property values and largest property tax payers, comparison with prior year performance, identification of pending appeals, discussion of real estate

trends and property sales history (including price and number of transactions), and property tax revenue forecasting.

Historically, there have been little or no recoveries due to property tax misallocations because corrections for secured parcels continue to be coded correctly. While it does not happen often, property tax misallocations for unsecured parcels may occur in which case recovery amount could be significant for the City. Therefore, staff is also requesting authority from Council to execute future amendments during the term of the agreement to increase compensation in the event net tax revenues recovered for which the City pays 15% contingency exceeds estimates.

MuniServices for Transient Occupancy Tax Audit Services
Staff recommends award of contract to MuniServices for Transient Occupancy Tax Audit Services as having submitted the best value proposal. MuniServices presented a comprehensive two-phase approach to audit services. In phase one, MuniServices will conduct an initial inventory and audit of lodging properties and will identify those properties for a more comprehensive phase two audit. In phase two, the consultant will perform a detailed audit of the records for a selected number of lodging providers.

The maximum compensation under the proposed five-year agreement is $150,000. MuniServices will audit lodging properties each year on a fixed fee basis plus travel expenses billed at cost. Currently, there are 30 lodging properties in the City but this number may change over the term of the agreement. Therefore, staff is also requesting authority from Council to execute future amendments during the term of the agreement to increase compensation for additional audits as may be required.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a “project” within the meaning of a California Environmental Quality Act (“CEQA”) pursuant to the CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. Furthermore, the action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

The audit services agreements generate additional General Fund revenues for the City through the identification of misallocated taxes. The funding for these agreements is included in the General Fund Operating Budget for the Finance Department.

COORDINATION

This report has been coordinated with the City Attorney’s Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City’s website and in the City Clerk’s Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk’s

Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to execute an agreement with MuniServices, LLC, doing business as Avenu MuniServices LLC, for Sales, Use and Transactions Tax Audit and Recovery Services for a five-year term starting July 1, 2021 and ending on June 30, 2026, with maximum compensation not to exceed $1,500,000, subject to the appropriation of funds;
2. Authorize the City Manager to execute an agreement with HdL Coren & Cone for Property Tax Audit and Management Services for a five-year term starting July 1, 2021 and ending on June 30, 2026, with maximum compensation not to exceed $100,000, subject to the appropriation of funds;
3. Authorize the City Manager to execute an agreement with MuniServices, LLC, doing business as Avenu MuniServices LLC, for Transient Occupancy Tax Audit Services for a five-year term starting July 1, 2021 and ending on June 30, 2026, with maximum compensation not to exceed $150,000, subject to the appropriation of funds; and
4. Authorize the City Manager to execute amendments to each of the agreements to add funds as required in the event revenues recovered exceed staff's estimates and/or additional related audit services are required, subject to the appropriation of funds.

EBIX Insurance No. S200003050

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND MUNISERVICES, LLC, DBA AVENU MUNISERVICES LLC

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and MuniServices, LLC, doing business as Avenu MuniServices LLC, a Delaware limited liability company (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on July 1, 2021 and terminate on June 30, 2026.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Consultant expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Consultant. If Consultant fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

Consultant represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Consultant's representations regarding its skills and knowledge. Consultant shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. CONFLICT OF INTEREST (FORM 700)

In accordance with the California Political Reform Act (Government Code section 81000 et seq.) and the City's Conflict of Interest Code, Consultant shall cause each person who will be principally responsible for providing the service and deliverables under this Agreement as having to file a Form 700 to do each of the following:

A. Complete and file the Form 700 no later than thirty (30) calendar days after the date the person begins performing services under the Agreement

and all subsequent Form 700s in conformance with the requirements specified in the California Political Reform Act; and

B. File the Form 700 with the City's Clerk Office.

7. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all materials provided and Services rendered by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is set forth in Exhibit B, subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. If Consultant fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. Notwithstanding any other provisions of this Agreement, because the services performed by Consultant result in corrections of misallocations and other revenue after cessation of services performed by Consultant for the City, the City agrees that with regards to misallocations identified to the California Department of Tax and Fee Administration (CDTFA) whose Date of Knowledge (as defined in Exhibit B) occurred during Consultant performance of services for the City or for other revenue resulting from Consultant actions taken during the term of the Agreement, that the City's obligation to pay Consultant in accordance with the compensation language of the Agreement will survive expiration or termination of the Agreement for any reason. Additionally, notwithstanding any other provisions of the Agreement, if the Agreement is terminated or expires, Consultant will continue to pursue corrections of accounts identified during the term of the Agreement that have not been corrected by the CDTFA as

of the effective date of termination or expiration. The period after termination during which Consultant is pursuing correction of accounts identified before termination is referred to as the “completion period.” The City will compensate Consultant in accordance with the compensation language contained in Exhibit B for corrected misallocations that result from Consultant efforts during the completion period. The City will also take all necessary steps to allow Consultant to continue to receive the required information from the CDTFA during this completion period.

9. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

A. All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Consultant and all other written information submitted to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Consultant which is otherwise known to Consultant or becomes generally known to the related industry shall be deemed confidential.

B. Confidentiality Requirements Section 7056 of the State of California Revenue and Taxation code specifically limits the disclosure of

confidential taxpayer information contained in the records of the California Department of Tax and Fee Administration. This section specifies the conditions under which a City may authorize persons other than City officers and employees to examine State Sales, Use and Transactions Tax records. The following conditions specified in Section 7056 (b), (1) of the State of California Revenue and Taxation Code are hereby made part of this agreement: (i) Consultant is authorized by this Agreement to examine sales, use or transactions a retailer, as defined in California Revenue & Taxation Code Section 6015, during the and use tax records of the Department of Tax and Fee Administration provided to City pursuant to contract under the Bradley-Burns Uniform Sales and Use Tax Law; (ii) Consultant is required to disclose information contained in, or derived from, those sales, use or transactions and use tax records only to an officer or employee of the City who is authorized by resolution to examine the information; (iii) Consultant is prohibited from performing consulting services for a retailer during the term of this Agreement; (iv) Consultant is prohibited from retaining the information contained in, or derived from those sales or transactions and use tax records, after this Agreement has expired. Information obtained by examination of Department of Tax and Fee Administration records shall be used only for purposes related to collection of local sales and use tax or for other governmental functions of the City as set forth by resolution adopted pursuant to Section 7056 (b) of the Revenue and Taxation Code. The resolution shall designate the Consultant as a person, authorized to examine sales and use tax records and certify that this Agreement meets the requirements set forth above and in Section 7056 (b), (1) of the Revenue and Taxation Code.

13. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Consultant may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Consultant shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Consultant for the purpose of verifying any and all charges

made by Consultant in connection with Consultant compensation under this Agreement, including termination of Consultant. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Consultant shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Consultant's Services hereunder.

15. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Consultant pursuant to this Agreement – including claims of any kind by Consultant's employees or persons contracting with Consultant to perform any portion of the Scope of Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Finance Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at MMcCahan@SantaClaraCA.gov, and
manager@santaclaraca.gov

And to Consultant addressed as follows:

MuniServices, LLC
7625 N. Palm Avenue
Suite 108
Fresno, CA 93711
Attention: Contracts Department
and by e-mail at contracts@avenuinsights.com and
Thomas.adams@avenuinsights.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20),

Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

20. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

22. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

1. GENERAL

1.1. Sales tax is the City's General Fund's second largest revenue source, and one of its most volatile. The City's current sales tax rate is 9%, of which the City of Santa Clara receives 1%. For every $100 dollars spent in Santa Clara on taxable purchases, $9.00 is collected in sales tax of which the City of Santa Clara receives $1.00.

1.2. To the extent not inconsistent with this Agreement between the City and Consultant including this Scope of Services, the City's RFP 20-21-32 (including subsequent updates), Consultant's proposal response dated November 17, 2020 and Consultant's oral demonstration materials dated February 2, 2021 are hereby incorporated by reference herein, and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

2. CONDUCT AUDITS

Consultant shall examine all sales and use tax records of the California Department of Tax and Fee Administration (CDTFA) pertaining to sales and use tax collected by the CDTFA on behalf of the City and perform ongoing sales tax audits in order to identify and correct "point of sale" and use tax distribution errors and thereby generate previously unrealized sales and use tax revenue for the City. Consultant's sales and use tax audit services shall, at minimum, include five distinct types of audits and services, as follows:

2.1. **Nexus Field Audits.** Consultant's initial and periodic taxable nexus field audits shall include a physical canvassing and evaluation of sales/use tax generating businesses located in the City to detect misallocations. Consultant's field audits shall focus on those businesses located in the City from which the City has not been receiving sales/use tax revenue.

2.2. **Tax Area Code (TAC)/Permit Audits.** Consultant's field audits shall facilitate the identification and correction of improperly registered permits and tax area code for companies including, but not limited to, wholesalers, contractors, processors, manufacturers and other non-retail businesses having potential point-of-sale / use tax operations in the City.

2.3. **Deficiency Assessment Audits.** Consultant shall detect and correct CDTFA deficiency assessment misallocations and shall maximize the benefits produced by Consultant's allocation audit service for City.

2.4. **Accounts Payable Audits.** Consultant's accounts payable audits shall include a review of the City's purchases to identify opportunities for the City to capture the current local allocation on purchases subject to use tax and the local district tax where applicable. In this regard, Consultant shall prepare the documentation to facilitate the City's election of such taxes, including assistance in preparing and filing the City's tax returns.

2.5. **Quarterly Distribution Report Audits.** Beginning July 1, 2021 and every three months thereafter, Consultant shall provide the City with a Quarterly Distribution

Report (QDR) with the local allocation amount reflected by sales tax permit number. Consultant's QDR audits shall detect and correct taxpayer reporting errors and thereby generate new, previously unrealized sales/use tax revenue for the City.

3. CORRECT REPORTING ERRORS

Consultant shall contact personnel in sales, operations and/or tax accounting at each target business to determine whether a point-of-sale/use reporting error exists. Consultant shall provide information requested by the taxpayers that may assist the taxpayer in completing and filing corrected tax returns.

4. PROVIDE DATA ON REPORTING ERRORS

Consultant shall provide the City and CDTFA with reports addressing each taxpayer reporting error. Consultant shall respond to negative findings by CDTFA with timely reconfirmation documentation in order to preserve the City's original Dates of Knowledge (defined as the quarters during which Consultant notifies the CDTFA of the existence of a misallocation). Consultant shall also coordinate corrective action with taxpayers and CDTFA and represent the City before state officials, boards, commissions and committees for the purpose of correcting sales tax distribution errors that have deprived the City of revenue to which it is entitled. This includes representing the City at hearings before the CDTFA related to incorrect allocations of tax.

5. TRACK AUDIT FINDING REVENUE ALLOCATION

Consultant shall provide quarterly invoices to the City which shall include the business name, audit period start date, permit number, cumulative local allocation amount received by City and the amount due to Consultant. Consultant shall also track all eligible quarters to be invoiced based on the actual tax return quarter (not payment distribution quarter, which can contain multiple quarters) and reconciled with the QDR from the CDTFA, which will be provided with Consultant's invoice.

6. PROVIDE SALES AND USE TAX TRAINING AND ASSISTANCE

6.1. Consultant shall provide City employees with training and assistance when requested by City on the fundamentals of sales and use tax and on programs to maximize these revenues through the encouragement of taxpayer options to take out direct payment permits, or self-accrue use tax to the City.

6.2. Consultant shall identify opportunities for the City to recover local allocation on purchase transactions subject to use tax. Consultant shall prepare the necessary documentation to facilitate recovery, including assistance in preparing and filing the returns. Consultant shall also assist the City in analyzing City vendors for potential use tax opportunities and shall identify purchases over $500,000 that qualify for use tax self-accrual.

7. PROVIDE SALES AND USE TAX DATA

7.1. Consultant shall provide current and historical sales tax data on sales tax remittances at the payor level and with the following data types: fiscal year and quarter of remittance (to understand trends in cash received); fiscal year and quarter

of revenue earned (to understand trends in economic activity); high level economic sector (e.g. general retail, business-to-business) and more detailed subsector identifier (e.g. apparel stores) and/or four-digit NAICS code and CDTFA category if possible to facilitate comparisons; address, organized into geocode or other neighborhood designation; and name of owner or permit holder. Consultant shall provide its proprietary Sales Tax Reporting software titled “Clearview”. Data shall be available in a format allowing the City to export data into a Microsoft Access and/or Excel-compatible format allowing for integration of various databases, such as business license and property tax. Consultant shall provide City staff with training on the use of any proprietary system. Consultant shall also provide comparable aggregate quarterly sales and use tax data by economic segment for the state as a whole and for as many California counties and Bay Area cities as possible.

7.2. Data shall be updated quarterly as soon as possible following receipt from the CDTFA while maintaining an option to retrieve historical sales tax remittances data for all payers regardless of their current tax payment status. Consultant shall either provide geographical data mapping capability in its proprietary system or provide City staff with address data in a format which would allow staff to export and map data.

8. PROVIDE SALES AND USE TAX ANALYSES AND REPORTS

8.1. Beginning July 1, 2021 and every three months thereafter, Consultant shall provide quarterly analyses and reports on the City's sales and use tax trends in relationship to the State and surrounding market region as well as by individual businesses, business type and geographic areas specified by the City. Consultant shall provide sales and use tax revenue forecasting as well as forecasts or data that would assist City staff in projecting Proposition 172 public safety sales tax. These data could include, but are not limited to, projected local and statewide sales tax receipts and Santa Clara’s Proposition 172 pro rata share of sales tax receipts.

8.2. Consultant shall provide the City with specialized charts and data tables, presentation data and presenters for public meetings and events, and provide the City with business specific revenue estimates, and economic development consulting. The Consultant shall provide a quarterly summary of economic news that is one quarter more current than the most current sales tax data availability for the City’s use in making projections.

9. PROVIDE SALES AND USE TAX PROJECTIONS AND LEGISLATIVE SUPPORT

9.1. Consultant shall serve as the City’s resource and provide assistance, resolution, and follow-up services on sales and use tax related questions including budget projections, legislative and regulation issues and economic development.

9.2. With regard to legislative and regulatory issues, Consultant shall, on behalf of the City:

9.2.1. Remain attentive in its action on any future proposed changes to regulatory language in CDTFA regulations related to the situs-based allocation of sales tax revenues and the formal practicing rules, which govern how Consultant pursues the collection of revenues.

9.2.2. Take action, subject to City review and approval, on measures that threaten and delay revenue cash flows to the City. This could include attending legislative hearings and explaining to the City the potential effect of proposed legislation on the City.

9.2.3. Advocate and provide problem-solving and resolution assistance to City on issues as needed and as requested by City. Consultant will work with City staff to develop language for review and approval by the City that would preserve, protect and enhance City revenues.

9.3. With regard to budget projections, Consultant shall provide the City with a forecast of the current year and the ten (10) upcoming fiscal years, including quarterly estimates. The forecast shall include the prior three fiscal years of actual sales tax receipts by quarter for reference. The forecast shall also include annual Prop. 172 Sales Tax estimates. The major forecast assumptions (e.g., assumed inflation, economic conditions, one-time adjustments) are to be identified.

10. ADDITIONAL CONSULTING SERVICES

In conjunction with Consultant's audit services, Consultant shall provide additional consulting services at any time during the term of the Agreement. Additional services shall be on time and materials basis or negotiated on a lump sum basis.

EXHIBIT B
SCHEDULE OF FEES

1. MAXIMUM COMPENSATION

The total maximum compensation the City will pay the Consultant under this Agreement shall not exceed **One Million Five Hundred Thousand Dollars ($1,500,000)** during the term of the Agreement. Any additional fees, costs and expenses requested by the City that would exceed the preceding maximum amount will be addressed in an Amendment to the Agreement.

All services or work under this Agreement shall be paid in accordance with the provisions of Sections 2 - 4.

2. CONTINGENCY FEE

Compensation for the Sales, Use and Transactions Tax auditing service is contingent on the amount of revenue recovered by Consultant, according to the following schedule:

Tier	Recovered Revenue[1]	Contingency Fee
1	$1 - $1,000,000	13% Contingency Fee for Recovered Revenue
2	$1,000,001 - $2,500,000	12% Contingency Fee for Recovered Revenue
3	over $2,500,000	10% Contingency Fee for Recovered Revenue

[1]Recovered Revenue shall be the cumulative amount during the full term of the Agreement (July 1, 2021 through June 30, 2026).

This contingency fee applies to revenue received for the three (3) quarters prior to the Date of Knowledge quarter, the Date of Knowledge quarter, and the five (5) quarters after the Date of Correction for a total of nine (9) quarters per misallocation petition filed under this contract on behalf of the City.

The Date of Knowledge is the quarter during which Consultant notifies the CDTFA of the existence of a misallocation. The Date of Correction refers to the quarter in which the taxpayer has correctly reported the local tax and the CDTFA distributes the local tax properly to City based on the taxpayer's reporting, together with any prior period reallocations. For QDR Misallocations detected and corrected, Consultant compensation will only include the quarters in which the misallocation actually occurred.

For clarification and to encourage communication and collaboration between Consultant and the City, Consultant shall be entitled to full payment of all compensation as provided herein even if any one or more of City, its personnel, agents, or representatives, or any third party or parties provide(s) information to Consultant that assists or is used by Consultant in the identification, detection, and correction of point-of-sale distribution errors or the reporting and/or misallocation of revenue.

Should the City identify, document, and notify the CDTFA in writing of a point-of-sale distribution error, reporting error or misallocation as those terms are used herein, the City agrees to notify Consultant of the City's discovery no later than ten (10) days after the Date of Knowledge as defined in Title 18 of the California Code of Regulations, Regulation 1807 ("Date of Knowledge If the City fails to so notify Consultant as provided above and Consultant later detects,

documents, and reports the misallocation or reporting error to the CDTFA, or if Consultant has established a Date of Knowledge with the CDTFA prior to notification to the Board by the City, then Consultant is entitled to full compensation for the affected account as provided herein.

Consultant shall not be reimbursed for any expenses incurred in the performance of this Agreement, unless previously approved in writing by the City.

3. CLEARVIEW REPORTING TOOL

Clearview is available for annual fixed fee of $2,000 paid $500 quarterly. The annual fee will be adjusted at the beginning of each calendar year by the percentage change in the Consumer Price Index that pertains to the City's particular geographic area as reported by the Bureau of Labor Statistics. The initial Consumer Price Index used for the first CPI adjustment will be the CPI for the month in which the agreement is fully signed with the first adjustment to occur at the beginning of the calendar year following the first full calendar year of service.

A new edition of the Clearview software will be available along with the option to purchase additional services (such as GIS based tools). New Clearview services which involve an additional fee (such as GIS) will be available at a mutually agreed upon additional price.

4. ADDITIONAL SERVICES

The following hourly rates will only be utilized to the extent the City requests Consultant to perform services outside the defined scope of services. These hourly rates are subject to change at the beginning of each calendar year by the percentage change in the Consumer Price Index that pertains to the City's particular geographic area as reported by the Bureau of Labor Statistics. The initial Consumer Price Index (CPI) used for the first CPI adjustment will be the CPI for the month in which the agreement is fully signed with the first adjustment to occur at the beginning of the calendar year following the first full calendar year of service. Any additional services shall require prior written approval by the City.

Position	Hourly Rate
Principal	$200
Project Manager	$175
Client Services Executive	$150
Senior Analyst	$125
Information Technology	$175
Analyst	$100
Administrative	$75

5. INVOICING

Consultant will bill City on a monthly basis for Services provided by Consultant during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Consultant within thirty (30) days of City's receipt of an approved invoice.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum

insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be e-mailed to ctsantaclara@ebix.com:

Or by mail to:
EBIX Inc.
City of Santa Clara – Finance Department

P.O. Box 100085 – S2
Duluth, GA 30096
Telephone number: 951-766-2280
Fax number: 770-325-0409

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representative.

EBIX Insurance No. S200003738

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND HDL COREN & CONE

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and HdL Coren & Cone, a California corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings,

whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on July 1, 2021 and terminate on June 30, 2026.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Consultant expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Consultant. If Consultant fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

Consultant represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Consultant's representations regarding its skills and knowledge. Consultant shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. CONFLICT OF INTEREST (FORM 700)

In accordance with the California Political Reform Act (Government Code section 81000 et seq.) and the City's Conflict of Interest Code, Consultant shall cause each person who will be principally responsible for providing the service and deliverables under this Agreement as having to file a Form 700 to do each of the following:

A. Complete and file the Form 700 no later than thirty (30) calendar days after the date the person begins performing services under the Agreement

and all subsequent Form 700s in conformance with the requirements specified in the California Political Reform Act; and

B. File the Form 700 with the City's Clerk Office.

7. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all materials provided and Services rendered by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is set forth in Exhibit B, subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. If Consultant fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

9. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Consultant and all other written information submitted to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Consultant which is otherwise known to Consultant or becomes generally known to the related industry shall be deemed confidential.

Non-Disclosure of Proprietary Information

In performing its duties under this Agreement, Consultant will produce reports, technical information and other compilations of data to City. These reports, technical information and compilations of data are derived by Consultant using methodologies, formulae, programs, techniques and other processes designed and developed by Consultant at a substantial expense. Consultant's reports, technical information, compilations of data, methodologies, formulae, software, programs, techniques and other processes designed and developed by Consultant shall be referred to as Proprietary Information. Consultant's Proprietary Information is not generally known by the entities with which Consultant competes.

Consultant desires to protect its Proprietary Information. Accordingly, City agrees that neither it nor any of its employees, agents, independent contractors or other persons or organizations over which it has control, will at any time during or after the term of this Agreement, directly or indirectly use any of Consultant's Proprietary Information for any purpose not associated with Consultant's activities. Further, City agrees that it nor any of its employees, agents, independent contractors or other persons or organizations over which it has control, will disseminate or disclose any of Consultant's Proprietary Information to any person or organization not connected with Consultant, without the express

written consent of Consultant unless required to do so as a matter of law or in connection with a legal proceeding.

Any use of the Proprietary Information or any other reports, records, documents, or other materials prepared by Consultant hereunder and/or use of uncompleted documents without specific written authorization by Consultant for purpose entirely unrelated to the Services will be at the City's sole risk and without liability to Consultant.

Release of Documents Pursuant to Public Records Act

Notwithstanding any other provision in this Agreement, all obligations relating to disclosure of Proprietary Information remain subject to the Freedom of Information Act or California Public Records Act, Cal. Gov't Code §§ 6250 et seq. (collectively, the "PRA"). The Parties intend that if City is served with a request for disclosure under the PRA, or any similar statute, the City in good faith will make the determination as to whether the material is disclosable or exempt under the statute. City shall advise Consultant in writing five (5) days prior to the intended disclosure of any decision to disclose Proprietary Information, and the reasons therefore, and if Consultant then timely advises City in writing that it objects to the disclosure, City shall not disclose the information. In such case, Consultant shall then be solely liable for defending the non-disclosure and shall indemnify and hold City harmless for such nondisclosure.

13. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Consultant may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Consultant shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Consultant for the purpose of verifying any and all charges made by Consultant in connection with Consultant compensation under this Agreement, including termination of Consultant. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Consultant shall bear the

cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Consultant's Services hereunder.

15. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Consultant pursuant to this Agreement – including claims of any kind by Consultant's employees or persons contracting with Consultant to perform any portion of the Scope of Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Finance Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at MMcCahan@SantaClaraCA.gov, and
manager@santaclaraca.gov

And to Consultant addressed as follows:

HdL Coren & Cone
Attention: Paula Cone
120 S. State College Blvd, Suite 200
Brea, CA 92821
and by e-mail at pcone@hdlccpropertytax.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

20. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

22. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

1. GENERAL

1.1. Property tax is the largest General Fund revenue source for the City, representing approximately 27% of revenues. Under Proposition 13, the assessed valuation of properties held by the same owner from year to year is adjusted each year by the lesser of 2.0% or the percent change in the October to October California Consumer Price Index (CCPI). For FY 2020/21, the adjustment factor based on CCPI is 2.0%. Beyond the 2% inflation adjustment, growth in property tax receipts is driven by reassessments upon the sale of properties and new construction projects being added to the tax rolls. The City receives $10.19 of every $100 collected.

1.2. To the extent not inconsistent with this Agreement between the City and Consultant including this Scope of Services, the City's RFP 20-21-32 (including subsequent updates), Consultant's proposal response dated November 17, 2020 and Consultant's oral demonstration materials dated February 1, 2021 are hereby incorporated by reference herein, and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

2. SCOPE OF SERVICES.

Consultant shall perform the following property tax management services:

2.1. Ensure complete and accurate receipt and recording of property tax revenues, maintaining and enhancing the City's property tax revenue base.

2.2. Analyze and identify misallocated property taxes.

2.3. Provide an online database to allow designated City personnel to query the database for both secured and unsecured data. Pre-defined and user-defined custom reports are exportable to various file formats.

2.4. Represent the City for purposes of examining records pertaining to property tax to identify and confirm any errors/omissions that are resulting in deficient payment of tax revenues to the City.

2.5. For each error/omission identified and confirmed, prepare documentation to substantiate and facilitate recovery of revenue due from prior periods plus applicable interest and penalties.

2.6. Meet with designated City official(s) as necessary to review findings and recommendations.

2.7. Provide detailed analysis of the City's property taxes, including a summary of annual performance, description of performance by property type, identification of major increases or decreases in property values and largest property tax payers, comparison with prior year performance, identification of pending appeals, discussion of real estate trends and property sales history (including price and

number of transactions), and property tax revenue forecasting for the current year and the upcoming ten years.

2.8. Provide additional assistance as necessary to support the City in recovering and preventing tax allocation errors/omissions and serve as resource for City staff to answer questions relating to property tax and estimate current year property tax revenues.

2.9. Prepare and forward to the appropriate parties' requests for corrective action and revenue recovery for misallocation.

2.10. Provide training annually on accessing/using the web-based software and provide phone assistance or troubleshoot issues that arise between scheduled training events at no additional cost.

2.11. Monitor and report on issue related to property tax legislation and coordinate with City's staff in connection with passed and potential property tax legislation and regulations and the impact the legislation may have on the City. Any coordination required with City's state and federal lobbyists in connection for legislation/regulation relating to City's property tax revenue sources will be considered.

3. ADDITIONAL CONSULTING SERVICES

In conjunction with Consultant's audit services, Consultant shall provide additional consulting services at any time during the term of the Agreement. Additional services shall be on time and materials basis or negotiated on a lump sum basis.

EXHIBIT B
SCHEDULE OF FEES

1. MAXIMUM COMPENSATION

The total maximum compensation the City will pay the Consultant under this Agreement shall not exceed **One Hundred Thousand Dollars ($100,000)** during the term of the Agreement. Any additional fees, costs and expenses requested by the City that would exceed the preceding maximum amount will be addressed in an Amendment to the Agreement.

All services or work under this Agreement shall be paid in accordance with the provisions of Sections 2 - 3.

2. STANDARD AND CONTINGENCY FEES

Based on the number of 29,908 parcels within the City, Consultant's fees shall be as set forth in the table below.

Description	Amount
Standard fee for property tax services	$4,756.25 per quarter (up to 40,000 parcels)
Contingency fee	15% of net tax revenues recovered for the City in the audits performed over the period allowable by State statute (current year and three (3) prior lien date years). Net tax revenues mean the taxes received by the City through Consultant's audit efforts.
Access to web-based software	No additional cost.

The fees set forth above shall be fixed for the term of the Agreement.

Consultant shall not be reimbursed for any expenses incurred in the performance of this Agreement, unless previously approved in writing by the City.

3. ADDITIONAL SERVICES

The following hourly rates will only be utilized to the extent the City requests Consultant to perform services outside the defined scope of services. Any additional services shall require prior written approval by the City.

Position	Hourly Rate
Partner	$225
Principal	$195
Programmer	$175
Associate	$150
Senior Analyst	$100
Analyst	$65
Administrative	$45

4. INVOICING

City will pay Consultant within thirty (30) days of City's receipt of an approved invoice.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum

insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be e-mailed to ctsantaclara@ebix.com:

Or by mail to:
EBIX Inc.
City of Santa Clara – Finance Department

P.O. Box 100085 – S2
Duluth, GA 30096
Telephone number: 951-766-2280
Fax number: 770-325-0409

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representative

EBIX Insurance No. S200003050

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND MUNISERVICES, LLC DBA AVENU MUNISERVICES LLC

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and MuniServices, LLC, doing business as Avenu MuniServices LLC, a Delaware limited liability company (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on July 1, 2021 and terminate on June 30, 2026.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Consultant expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Consultant. If Consultant fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

Consultant represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Consultant's representations regarding its skills and knowledge. Consultant shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. CONFLICT OF INTEREST (FORM 700)

In accordance with the California Political Reform Act (Government Code section 81000 et seq.) and the City's Conflict of Interest Code, Consultant shall cause each person who will be principally responsible for providing the service and deliverables under this Agreement as having to file a Form 700 to do each of the following:

A. Complete and file the Form 700 no later than thirty (30) calendar days after the date the person begins performing services under the Agreement

and all subsequent Form 700s in conformance with the requirements specified in the California Political Reform Act; and

B. File the Form 700 with the City's Clerk Office.

7. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all materials provided and Services rendered by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is set forth in Exhibit B, subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. If Consultant fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

9. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Consultant and all other written information submitted to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Consultant which is otherwise known to Consultant or becomes generally known to the related industry shall be deemed confidential.

13. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Consultant may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Consultant shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Consultant for the purpose of verifying any and all charges made by Consultant in connection with Consultant compensation under this Agreement, including termination of Consultant. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Consultant shall bear the

cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Consultant's Services hereunder.

15. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Consultant pursuant to this Agreement – including claims of any kind by Consultant's employees or persons contracting with Consultant to perform any portion of the Scope of Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Finance Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at MMcCahan@SantaClaraCA.gov

And to Consultant addressed as follows:

MuniServices, LLC
Attention: Contracts Department
7625 N. Palm Avenue, Suite 108
Fresno, CA 93711
and by e-mail at contracts@avenuinsights.com and
thomas.adams@avenuinsights.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

20. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

22. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

1. GENERAL

1.1. Consultant shall audit transient occupancy tax (TOT) revenues from hotels/motels properties (also referred to as "lodging properties") as set forth herein. As of Fiscal Year 2021/22, there are 30 hotels/motels properties located within the City. This number may increase or decrease during the term of the Agreement.

1.2. This agreement does not include the audit of short-term rental operators (such as Air BNB, VRBO, etc.). Should the City require administration and audit services for these short-term rental properties, the City will enter into a separate agreement with Consultant for such services.

1.3. To the extent not inconsistent with this Agreement between the City and Consultant including this Scope of Services, the City's RFP 20-21-32 (including subsequent updates), Consultant's proposal response dated November 17, 2020 and Consultant's oral demonstration materials dated February 2, 2021 are hereby incorporated by reference herein, and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

2. GENERAL REQUIREMENTS

2.1. Consultant shall review the City Municipal Code on Transient Occupancy Tax and Resolutions related to the Transient Occupancy Tax to obtain understanding of how the TOT is calculated and reported.

2.2. Consultant shall review the City Municipal Code on Community Facilities District Tax (CFDT) to obtain an understanding of how the CFDT is calculated and reported.

2.3. Consultant shall meet with designated official(s) as necessary to review findings and provide as-needed consultation on revenue-related issues.

2.4. Consultant shall recommend best practices to help ensure better collections.

3. AUDIT AND COMPLIANCE PROGRAM

Within ninety (90) calendar days of receipt of lodging provider "return information" from the City, Consultant will initiate the Audit and Compliance Program, which shall include:

3.1. Phase 1

3.1.1. Inventory. Establish a comprehensive inventory of all lodging properties subject to taxation by the City and the database elements (public and private databases) needed to facilitate further analysis to identify and locate lodging providers not properly registered with the City and not appearing on the City rolls as TOT remitters.

3.1.2. Data collection. Conduct unobtrusive collection of information on each property, including number of rooms, occupancy rate, transient and non-transient guests, exemptions, property's condition, business dynamics, etc.

3.1.3. Analysis. Analyze lodging provider "return information" to identify unusual or suspicious reporting and/or activities that warrant further review.

3.1.4. Reporting. Provide a detailed analysis report to the City identifying lodging providers who might require additional investigation or review to determine their compliance with the City's TOT ordinance and coordinate with the City to review the analysis report.

3.1.5. Identify Phase 2 reviews. Work with the City to develop a list of lodging providers subject to a compliance review of lodging and tax records.

3.2. Phase 2

3.2.1. Records. Provide the City with a detailed list of all records required from lodging providers, together with a draft engagement announcement letter to be sent to each lodging provider.

3.2.2. Examine & Verify. Review records pertaining to TOT for each lodging provider selected for a compliance review and verify the accuracy of filed TOT returns with daily and monthly activity summaries.

3.2.2.1. Review a random sample of the daily and monthly summaries to determine if the daily summaries reconcile to the monthly summaries.

3.2.2.2. If Consultant believes such a review is necessary, review secondary and tertiary documentation such as bank statements to verify that deposits reconcile with the reported revenue on the TOT returns or other tax filings.

3.2.2.3. Review exempted revenue for proper supporting documentation.

3.2.3. Compliance Report. Submit and review with the City a compliance review report that includes:

3.2.3.1. All review findings.

3.2.3.2. Documentation for each error/omission identified and confirmed by Consultant that is necessary to facilitate recovery of revenue due from lodging providers for prior periods.

3.2.3.3. Draft notices of deficiency determination, commendation and warning letters as applicable.

3.2.4. Findings. Assist the City in reviewing any matters submitted in extenuation and mitigation by lodging providers in contesting a deficiency determination. Prepare and document any changes to the compliance review findings and provide revised tax, interest or penalty amounts due the City.

3.3. Combined Phases 1 & 2

At the City's discretion, Phases 1 & 2 may be combined for a comprehensive audit of the lodging properties.

4. ADDITIONAL CONSULTING SERVICES

In conjunction with Consultant's audit services, Consultant shall provide additional consulting services at any time during the term of the Agreement. Additional services shall be on time and materials basis or negotiated on a lump sum basis.

EXHIBIT B
SCHEDULE OF FEES

1. MAXIMUM COMPENSATION

The total maximum compensation the City will pay the Consultant under this Agreement shall not exceed **($150,000)** during the term of the Agreement. Any additional fees, costs and expenses requested by the City that would exceed the preceding maximum amount will be addressed in an Amendment to the Agreement.

2. FEE SCHEDULE

Consultant shall perform the services as set forth in Exhibit A according to the following fee schedule:

Description	**Fee**
Audit fee per lodging property – Phase 1 only	$900
Audit fee per lodging property – Phase 2 only	$1300
Audit fee per lodging property – Combined Phases 1 & 2	$1900
Estimated not to exceed travel expenses per grouping of audits	$2500

The City estimates that Consultant will conduct a Phase 1 audit of all lodging properties in the first year and will subsequently audit ten (10) lodging properties per year. The actual number of audits per year may be higher or lower depending on the City's need.

The City will reimburse travel expenses at cost, not to exceed the amount stated above. If travel expenses will exceed the amount stated above, Consultant shall get prior approval from the City. Travel arrangements shall be reserved by the most logical and least expensive method and made as far in advance as possible to obtain the best possible fares and rates.

Fees and estimated travel expenses listed above are subject to an annual inflationary adjustment of 5% per annum.

3. ADDITIONAL SERVICES

The following hourly rates will only be utilized to the extent the City requests Consultant to perform services outside the defined scope of services. These hourly rates are subject to change at the beginning of each calendar year by the percentage change in the Consumer Price Index that pertains to the City's particular geographic area as reported by the Bureau of Labor Statistics. The initial Consumer Price Index used for the first CPI adjustment will be the CPI for the month in which the agreement is fully

signed with the first adjustment to occur at the beginning of the calendar year following the first full calendar year of service. Any additional services shall require prior written approval by the City.

Position	Hourly Rate
Principal	$200
Project Manager	$175
Client Services Executive	$150
Senior Analyst	$125
Information Technology	$175
Analyst	$100
Administrative	$75

4. INVOICING

Consultant will bill City on a monthly basis for Services provided by Consultant during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Consultant within thirty (30) days of City's receipt of an approved invoice.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.
