Subject: Resignation from Planning Commission - effective immediately

Dear Gloria,

It has been great working with everyone at planning department (Community Development) for last six (almost) years. I learned a lot during this process and I am thankful to the cooperation and support I got from each one of you. As you all know, I am in process of assuming my new role and duties as council member and as such I formally submit my resignation from planning commission. Once again, please convey my sincere thanks to everyone in planning department. Looking forward to working with you all again in my new role.

With best regards,

Raj Chahal
