STAFF REPORT**Director Damon Sparacino**

Parks & Recreation Staff are working to standardize the Commission's Work Plan Goals across the organization which will provide a greater opportunity for City Council to play a larger role with the various commissions. The Director provided updates for the George F. Haines International Swim Center project. A few unanticipated issues have come to light with the pool gutter, apron and coping. The City will be considering next steps based on addressing those issues. Recent rain days have also impacted the project timeline.

Recreation Manager Castro

Summer Camp registration will begin on February 25, 2025. The Senior Center Wellness Fair has been updated from a one day event to four days, every Friday in March 2025. These events will be held indoors to mitigate accessibility issues for patrons and to better serve their needs. As a reminder, The Senior Center serves seniors 50 and older to promote and encourage activities, exercise and wellness. Membership is \$37 per month for Santa Clara residents. The Senior Center Showtime event will be showcasing "The Saga of the Sasparilla Saloon" on March 1-2 at the Community Recreation Center. The show is produced by the Santa Clara Women's League as part of the Health and Wellness Program.

COMMISSIONERS REPORT**Chair Hai**

Chair Hai visited Maywood Park and Jenny Strand Park. He thoroughly enjoyed watching the Super Bowl with family and friends.

Commissioner Caldwell

The Commissioner visited the construction site for the new park at Gateway Crossings to see the progress. He noted that the park looks great and it's getting close to completion. He and former Commissioner Field spent some time clearing blocked storm drains, which were severely blocked as the result on recent rains.

Commissioner Chu

Commissioner Chu visited her local neighborhood parks as well as Henry Schmidt Park. Commissioner Chu mentioned that the heater in the recreation building at Henry Schmidt Park was broken, which made the room quite cold for program participants. Deputy Director Seale assured the Commission that Parks Division staff were already working on the issue. Commissioner Chu also made note of a heating issue at the Montague Park community building. Commissioner Chu also mentioned that visitation numbers for Henry Schmidt Park appeared to be waning due to the playground being closed and its aged structure.

Commissioner DeMarco

The Commissioner visited several parks with his family. He and his assigned subcommittee met and discussed how they could leverage visitation, geospatial and census data collected from Placer AI to enhance the park system. He also enrolled his child in the programmed dance class on Mondays.

Commissioner Gupta

The Commissioner met with his subcommittee regarding how to best utilize park patron visitation data from Placer AI. He Commissioner also visited several parks over the past month. He visited several parks over the past month, including Mary Gomez Park and Warburton Park to inspect the amenities and to observe park lighting after sunset. Commissioner Gupta submitted four entries for the Commission's Park Visitation database. Commissioner Gupta was interviewed by The San Jose Spotlight on February 7, 2025. The article outlined the current construction project and future of the George F. Haines International Swim Center and highlighted his passion for youth sports.
