

Bicycle and Pedestrian Advisory Committee Annual Work Plan Topic Request Form

Requestor Name:

Betsy Megas

Date:

July 2023

Proposed Topic Title:

Update the Santa Clara bicycle map

Background and Discussion: Please provide justification regarding how this topic pertains to the Bicycle and Pedestrian Advisory Committee's roles and responsibilities:

The Santa Clara bicycle map should be a useful tool for welcoming new riders of all ages and abilities and getting people acquainted with the bike network we already have. Instead, it's currently impossible to get a printed copy, and the version linked on the city's website is 10 years out of date.

I'd also like to know if the city's bike map is the input for the maps in the brown arches along our trail network. These are the only trail signs I've seen anyone stop to read, and I hope they are being kept current as we extend the trail network and add high-quality facilities on connecting streets.

If we are starting with the existing map, I have a list of several dozen updates, corrections, and suggestions to incorporate.
