**Subject:** public comment on 19 Oct Meeting, Item 12G. Lawn Bowl Clubhouse

City Council,

The Santa Clara Lawn Bowls Club is located between the Library and Swim Center.

When the Santa Clara City Library was constructed, the city decided to demolish the Lawn Bowls clubhouse (2001?) and build a new one at the east side of the greens. They pulled in a temporary trailer and parked it on the west side of the greens. Plans were drawn up for the clubhouse but the project was not started.

This was decades ago and the trailer is disintegrating. The subfloor and insulation are falling out, and framework is rotting.

Please visit our club building next to the ISC and see it's condition.

A low cost (<200K) modular building can be assembled to provide a permanent club house. We would like to present this proposal to the city council at a future meeting.

Curtis Fisher

member of Santa Clara Lawn Bowls Club
