POST MEETING MATERIAL

About Us

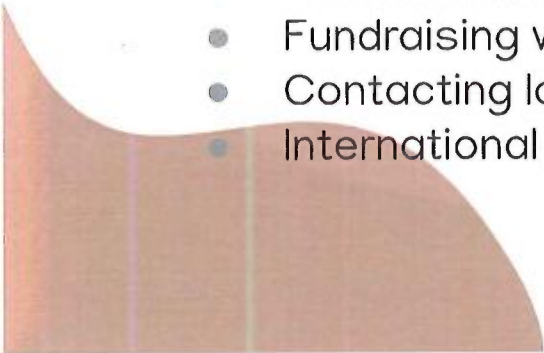

Our Mission: To enthuse and encourage underprivileged women to pursue challenging, technical careers in medicine by intersecting them with the endless possibilities of scientific inquiry.

Problem:

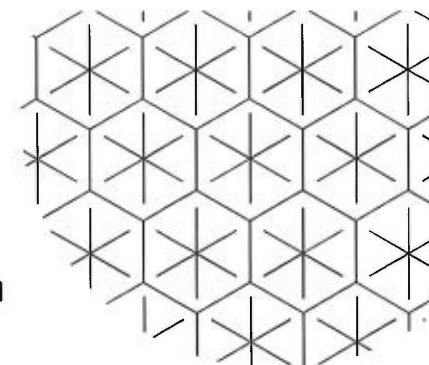

- Gender discrepancy in medicine
- Least represented in orthopedics, at 5.3%
- Discrimination, sexual harassment, false assumptions

Solution:

- Educational empowerment
- Fundraising with companies and national associations
- Contacting local legislators
- International projects and chapters

Projects and Accomplishments

- **Local Community Outreach Program**
 - Developed thousands of pages of scientific curriculum (awaiting patenting) to instruct 1,301 Bay Area students in over 16+ schools (Santa Clara, Alameda County, East Palo Alto, Redwood, Salinas)
- **TedxYouth@Campell**
 - A Tedx speech discussing the future of medicine and the significance of introducing more youth and women into STEAM
- **“Give Kids a Smile” Campaign**
 - Raised over \$10,000 to purchase, assemble, and send over 3500 dental hygiene care packages to St. Innocent Orphanage in Mexico and Kampot, Cambodia
 - Partnered with the American Dental Association and Colgate
 - 3000 kids able to brush and rinse their mouths daily, enhance the coloration in their teeth from degrees of yellow to ivory, avoid bacterial presence with the process of flossing, and ensure 77% less hospitalizations due to dental concerns in these areas.

Prudential Volunteer Service Award, Congressional Award, Senatorial Recognition from Senator Dianne Feinstein

Ongoing and Upcoming Projects

- Continuing educational instruction (remotely and in-person)
 - Resource publication, Zoom premium, internet accessibility, donations to local schools/laboratories/clubs
- “The Impossible”
 - A children’s book to introduce K–5 children on what doctors can be and accomplish
 - Self-published, illustrated, and authored
- Period poverty
 - Raise \$5000 to supply villages in India and sub-Saharan Africa as well as local hospitals in the Bay with feminine hygiene products
 - Converse with global leaders to immensely contain and eventually eliminate global stigma
