For the Warburton Park renovation,O'Dell will assess the feasibility of changing the pool heater from gas to electric. O'Dell will OPTIONALLY assess requirements for adding solar panels (O'Dell Agreement Exhibit A, 8.1.4.2). I applaud the City for considering the project's potential climate effects. I urge the City to approve a solar panel assessment, including use of hybrid solar panels, which both generate electricity and capture solar heat to heat the pool; and to consider long-term costs.
