How do we keep minors from drinking

ID all customers / No ID, No Drink / Exceptions with Manager Approval Only

Every customer must be asked "How old are you?"

All alcoholic beverages will be served in distinctly identifiable containers. Wine in plastic wine glass, beer in clear glass – neither to be used for anything else.

A (COLOR) wrist band will be used for those 21 and over when ID is checked for alcohol purchased.

Alcohol service will be discontinued at 8pm daily. All glasses must be removed before 9pm and before any cosmic lighting.

Drinking Area: Floor Plan- See Attached

Patrons can drink anywhere in the building except for the Activity areas. We do not have a patio area and therefore, they can only drink in the confines of the building.
