REPORT TO MAYOR AND CITY COUNCIL

SUBJECT

Overview of City Council Operational and Strategic Priority Setting Sessions

EXECUTIVE SUMMARY

I want to thank the City Council for assigning two-days to review the state of the organization, advancements of policy priorities, and key data that provides direction on managing the City going forward. I have spent the last year observing and engaged in dialogue with employees, stakeholders, and the community in order to become more informed on our major lines of business as well as opportunity areas. With my first year completed, my understanding is more thorough and, in some cases, further reinforces my initial observations from last year.

I continue to believe strongly that our highest priority and focus is remaining fiscally stable because, all of our public services depend on it and, without it, we cannot continue to provide our community with a broad range of quality services and maintain the high performing workforce that serves our City. Equally as important is our workforce, which is our greatest investment and asset. As a service organization, our employees are the key to the high ratings the community gives the City and it is important to review the care, training/development, and workplace that we provide to retain and recruit our valued and talented employees.

Last year, during the Council's Priority Setting Session, I spent quite a bit of time on reviewing the State of the Organization and the major administrative gaps that existed (i.e. manual processes, risk management and the absence of modernized enterprise-wide systems). Although many of these gaps still exist, we are making significant strides towards addressing them, as I will present at this year's session.

Improving administrative processes are foundational to a high-functioning workforce. As we discuss some of the progress in these process areas, this year's main focus will move the conversation to addressing workforce needs. Both process and people are equally as important to delivering efficient, effective and the high-quality service/programs to which our community is accustomed.

This year's session will also show that the City has achieved a more balanced policy approach and internal governance structure with the appointment of the Council's third Council Appointee, the City Auditor. Each Council Appointee (City Manager, City Attorney, and the City Auditor) will present at the session. It is important to note that while the organizational governance foundation has been achieved, the Council itself is in transition with the newly formed Council Districts as was discussed at the December 13, 2018 Governance Session, and the organization will need to adapt from a workload perspective to this new governance system.

Major outcomes of this Session include:

1. Review of the State of the Organization

- Updates/accomplishments from last year's January Priority Setting Session and Current State of the Organization, including a review of operational, staffing, and key data/metrics (City Manager)
- Council Appointee Updates (City Attorney and City Auditor)
- Specific progress on administrative gap areas from last year:
 - Human Resources Assessment
 - Procurement Reforms
- Fiscal update
 - Fiscal Outlook

- Ten Year Financial Forecast
- 2. Review and assess current Council priorities and policy and related workload and upcoming projects and initiatives for 2019.
- 3. Department Operational and Strategic Initiative Updates

GOAL SETTING SESSION FACILITATOR

Dr. Shawn Spano will again facilitate this strategic planning session. Dr. Spano has over 18 years of experience working with city government and public organizations. He is a specialist in designing and facilitating public forums, meetings, training workshops and off-site retreats with leaders, executive staff, elected officials, middle managers, commissions and boards, and local residents.

As background, Dr. Spano is a professor at San Jose State University where he teaches courses and conducts applied research in interpersonal and small group communication. He specializes in bridging social construction and dialogue theory with practical skills and tools that enable students to design and facilitate processes to improve communication in community, organizational and interpersonal contexts. Dr. Spano also serves as President of the Public Dialogue Consortium, a non-profit organization committed to fostering high quality communication in the public sphere, collaborative problem solving, appreciation for different perspectives, and common ground for action.

SESSION FRAMEWORK - Day 1 & Day 2

The Session is specifically designed so that the City Council can consider and, more importantly, align the process of goal setting to the City's fiscal condition, operational realities and priorities, and within the context of our strategic pillars:

1. Promote and Enhance Economic and Housing Development
2. Deliver and Enhance High Quality Efficient Services and Infrastructure
3. Enhance Community Sports and Recreational Assets
4. Enhance Community Engagement and Transparency
5. Ensure Compliance with Measure J and Manage Levi's Stadium
6. **Manage Strategically Our Workforce Capacity and Resources** (previously Maintain Adequate Staffing Levels)
7. **Sustainability**

Staff will be presenting two amendments to the current Council Priority Pillars for the City Council's consideration - highlighted above in **bold print**. Staff believes that it is time for the Council to add a Sustainability Pillar as the City is accomplishing many measures in this area, but needs to achieve even more results and establish organizational awareness on this key priority. I am also recommending a change to the pillar related to adequate staffing to better reflect a set of comprehensive actions needed to align the City's needs with the description of this pillar.

With this framework in mind, below is an overview of our two-day Session:

Day 1 will consist of a thorough presentation by the City Manager on the State of the Organization, progress from 2018, and an overview of key workforce and staffing metrics. This will be followed by updates from each Council Appointee, the City Attorney and the City Auditor. Staff will also present key updates on Procurement and Human Resources and the City's current fiscal condition and presentation of a 10-Year General Fund Financial Forecast.

Day 2 will begin with each department providing a review of service delivery highlights, upcoming policy issues, operational constraints, and areas for opportunity. After all department heads have presented their information, the City Council will then be guided on a focused discussion of aligning policy priorities and determining any adjustments necessary to sustain strategic efforts. As additional policy priorities/goals surface, the Council will be asked to consider these efforts within the context of current fiscal and workforce resources and capacity (See 10-Year Financial Forecast Section) and what operational or priority tradeoffs to consider.

Day 1 Agenda: Operational

- Context Setting
- Update on the State of the Organization (City Manager)
- Council Appointees (City Attorney, City Auditor)
- Updates on Key Administrative Gap Areas

- Fiscal Outlook and Budget Update
- Update of Current Council Priorities

Day 2 Agenda: Priority Setting

- Department Review of Operational Priorities
- Council Discussion on Priorities, Alignment, and Resources
- Aligning Council Priorities and Council Action
- Wrap-up/Next Steps

I am hopeful that our work over these 2 days will culminate into common priorities and clear policy direction for the upcoming year as we look at issues and projects on the horizon. I believe this approach supports the City Council well in its governance role and will advance strategic policy priorities with clear information on the needed resources to achieve them within the context of the City's fiscal outlook. It is also well acknowledged that this is a new approach for the City and we will learn how to work together under this integrated framework.

STATE OF OPERATIONS

As part of the state of operations overview, as your City Manager, I want to recognize the incredible work that the City Council and the organization have accomplished. In October 2018, and the completion of my first year, I released a Community Letter that provides the many successes of the City (Attachment 1). While there are too many specific accomplishments to list, below are just a few to highlight the successes.

Fiscal Outlook - through diligent review of the City's past budgeting practices and assumptions, we:

- significantly corrected and reduced, for FY 2018/19, an \$8.5 million budget shortfall to \$1 million without cuts in services (saving 40-50 General Fund jobs) and successfully balanced the budget;
- transitioned to a two-year budget cycle to make longer-term budget decisions;
- moved from a 5-year to 10-year financial forecast to better project deficits and surpluses, and review budget decisions within a longer-term context;
- ensured that we are on track to contribute \$80 million to our reserves in the first 16 months of my tenure and all operating reserves are at or above Council required levels; particularly, the General Fund Budget Stabilization Reserve is scheduled to be funded at \$78 million by February 2019, which is 25% above the Council required reserve level; and,
- developed a revenue generating strategy for the City Council to consider over the upcoming years with viable options and projected revenue to be generated.

Strategic Project Delivery - focused on strategic initiatives that respond to our community's interests:

- hand-in-hand with our community, we made unprecedented progress to realize the future reconstruction of Santa Clara's downtown through funding the development of a Precise Plan and negotiating agreements for street rights to sections of Franklin and Washington Streets, and we are now positioned to work on the land use planning/visioning for the downtown through a community-oriented process;
- after years of litigation, worked with the Mayor and Council to reach settlement agreements for: (1) build out of the CityPlace project with a total transportation improvement package of about \$70 million and (2) protection for the City's interests from San Jose's Santana West development impacts resulting in nearly \$8.7 million of housing and traffic improvements benefiting Santa Clara. CityPlace currently has a planned groundbreaking in late 2019 and brings a large-scale, mixed-use development in a geographically strategic area, directly across from the Levi's Stadium;
- completion of a City facility and infrastructure assessment (e.g., parks, facilities/buildings, public works systems, etc.), which provides an inventory of the state of our infrastructure and road map for future needed investments and critical improvements required to sustain quality of services;
- launched implementation of a capital projects management system to streamline tracking, management, oversight, and implementation of the City's 800 capital projects, transitioning from a manual process to a software system that provides real-time information of valued projects; and
- obtained and improved key financial data to transparently manage the Santa Clara Stadium Authority and have answered basic questions about the Authority's financials, while completing nearly 70 percent of the Measure J Compliance Audit recommendations and issuing a transparent budget and marketing plan.

Administrative Improvements and Modernization - through review of our service delivery systems, we found the absence of, and established, the following new focused services:

- filled, for the first time, the City and Santa Clara Stadium Authority Auditor position with a Certified Public Accountant who has met the audit experience hours requirement, from the State, qualifying her to attest reports and audit engagements; she is now developing an auditing program to be presented in early 2019;
- established a Risk Manager position and hired a manager to improve risk management of basic City services (e.g., workplace risk, contractual risk, insurance requirements, etc.);
- established a Public Records position and hired a manager to improve our overall records management and public records request processes;
- improved procurement processes and contract oversight of the many public contracts that the City issues, supporting Council's focus specifically on Levi's® Stadium and the Convention Center;
- reduced manual processes by incorporating technology tools to improve efficiency and address administrative gaps, such as: public records management system purchased, re-launch of the City's Customer Relationship Management system - MySantaClara, and Council agenda development software implemented;
- developed a prevailing wage program to ensure compliance with state law including the implementation of anew tracking software and hiring of an outside contractor to help ensure compliance, provide training and perform audits of our public works projects, and;
- implemented City's new Computer Aided Dispatch System for our public safety departments.

Capacity-building/Streamlining to Continue to Transform the Organization - we have also invested in employees through training and staff development to keep skills sharp and modern, while assessing City's portfolio for staffing needs. The City had many vacancies (for instance, the City Manager's Office had a 60 percent vacancy rate of key personnel) and relied on several "acting" positions to deliver service, which is not a sustainable or stable long-term strategy. We have made progress, in likely the nation's toughest market to recruit talent, with filling our many vacancies. We have also completed five labor agreements, within the City's ability to pay, and are working with our five other bargaining units to reach successful labor agreements.

MANAGEMENT GRIP AND ADMINISTRATIVE GAPS

At last year's session, I discussed the unprecedented volume of new initiatives and the increased pace of the organization being disproportionate to its capacity/resource increases. I also discussed key administrative gap areas, mistakes in upholding policy or implementing direction, risks in administrative processes, or inaction that is from assigning focus and capacity over upholding conventional administrative processes. This past year, I worked with staff to establish some metrics and governance structures on key policy areas to more appropriately base our work on data-driven information. We have made progress on some of the administrative gap areas that I identified last January, which I will present at the Session, however, I continue to have serious concerns about the City's ability to manage its grip on several significant initiatives at once. Our resources are below the levels needed to support the workload and capacity is finite. Decisions to expend City resources/capacity must be strategic and calculated so that they do not detract from value-add initiatives. Examples of our continuous improvement efforts include:

- Procurement/streamlining reforms;
- Appointing a City Auditor and developing an Audit Workplan;
- Conducted a Human Resource Organizational Assessment;
- Hired a Risk Manager;
- Hired a Public Records Manager;
- Established a dedicated media and public relations program and hired a Communications Director;
- Evaluated our overall assets to ensure they are being managed and governed properly;
- Re-launched our city-wide customer relationship management system (CRM) - MySantaClara to better address and be responsive to our citizen request; and
- Developed and presented for Council approval Legislative Guidelines and Legislative tracking systems.

WORKFORCE DEVELOPMENT

After presenting the progress made in 2018, I will quickly move to operational, staffing and workforce metrics that drive the organization's work. As I have already stated, workload continues to outpace the organization's capacity and investment in our workforce is essential to build capacity. This information will show that cities nearly half our size have

more staff per capita and comparable cities are far less complex in service delivery. The data will also show that the City is largely built for operations, with about 92% of our workforce dedicated to operations. This leaves less than 8% for innovation and transformation of the organization, since our managers are “working managers” and employed with operational oversight and delivery, as well. In order to **transform** our operations and **invest** in our workforce, we need to integrate intentional skill building to ensure that our staff is trained with modern approaches to completing work, matched with modern processes.

The data that I share will also reveal that we have a workforce that is not near retirement age, which makes retention and recruitment more of a strategic focus and a challenge in our high-cost region and unprecedented competitive job market. I will spend a great deal of time reviewing these metrics with the City Council at the session, given that our largest investment and asset are our valued employees.

BUDGET UPDATE & 10-YEAR FINANCIAL FORECAST

Last year, staff developed a 10-Year General Fund Financial Forecast and called for a review of our budget principles to validate the long-term financial condition of the City. As part of this session, I recommend that we review an update to the 10-Year General Fund Financial Forecast. We have also updated the 2019 Budget Principles for Council's consideration (Attachment 2)

After review of the state of the organization, we will present a revised 10-Year General Fund Financial Forecast and discuss the implications to our strategic planning and action. While the fiscal outlook is not as grave as originally projected in the last Adopted Budget, we still have forecasted structural deficits within the 10-Year Forecast. However, the budget continues to be on edge as there are indications for a potential economic slowdown in the near future and other factors that can impact our assumptions. We continue the approach of solving annual deficits with ongoing budget solutions as shown through the “net operating margin” model, on-going expenditure reductions or an increase in ongoing revenues are required in order to stabilize the City's fiscal condition. We have built up our General Fund Budget Stabilization Reserve, demonstrating the incredible work that we have completed. This affords the City Council and staff time to work strategically, holistically and collaboratively on solutions. Our goal is to align expenditures with revenue growth which may require new revenue sources, service changes and/or reductions. It also requires the continued leadership and discipline that the City Council has practiced and the significant partnership that our bargaining units have provided in the best interest of the City.

The City's fiscal outlook while stable contains many risks like many other local municipalities. Particularly of note is that our General Fund relies heavily on volatile revenue sources (e.g., sales tax and transient occupancy tax), which is a vulnerability for service levels. With these volatile revenue sources, and the predictably rising pension cost expenditures and liabilities for other post-employment benefits, what quickly surfaces is a need for a strategic work plan on new revenue opportunities and expenditure growth management. As reported earlier this month, pension costs alone are predicted to increase significantly over the next ten years while the City's Unfunded Accrued Liability (UAL) for pension costs is projected to grow over 70%. With additional risk that CalPERS will not meet the assumed investment return, these costs could increase even more.

Within this context, the overall budget approach for Fiscal Year 2019/20 is to position the City for on-going budget balancing measures with the least amount of service impacts while avoiding spending incongruent with the proposed budget principles. Where we have additional funds, we should set those aside for future deficits or times of economic slowdown.

TWO-YEAR BUDGET PLANNING

As approved last year, I will be proposing that we continue the City's fiscal plans over a two-year cycle and a two-year Annual Operating Budget for this upcoming budget cycle (rotating Capital in Fiscal Year 2020/21), which allows for staff to spend the next year fiscally aligning and incorporating the City Council priorities to resource investments.

The opportunity to focus on one budget, over a two-year term, also preserves capacity of our limited budget staff during a time when we need to initiate and pursue revenue opportunities and expenditure growth management. The combination of two-year operating and capital budgets aligned to our strategic pillars, and in the context of a 10-Year financial forecast, is an improved practice of understanding today's fiscal actions over the long term, rather than budgeting year-to-year in a shorter five-year fiscal context.

In addition, in the instance of the Operating Budget, all line items will be reviewed for funding level and priority with a focus on continuing our City's high service levels and including resources that will be essential in critical operational areas. Budget decisions will be made with long-term implications taken into account using data from the 10-Year Financial Forecast. The Annual Operating Budget will also look to address critical gaps in staffing and will continue community engagement and transparency efforts.

Key to this process is to track and disclose to the City Council the universe of un- or under-funded service needs. To make sure the Council has a more comprehensive assessment of service needs, beyond existing operations, a lengthy list of unmet, under- or unfunded needs (such as public facility and utility infrastructure) has been developed (Attachment 3) and is part of our work in the short- and long-term to stabilize both our financial and service conditions and for which dedicated capacity is required to develop realistic work plans. We must begin to address these gaps in service and make them part of our discussion when we consider new initiatives/priorities. As these needs have gone un- or under-funded, solutions to address them have also been un- and under-staffed.

Our highest priority is our fiscal stability and strong management so that we can continue to provide our residents with a broad range of quality services and maintain the high performing workforce that serves our City so well. I also believe that our current and past practices acknowledge that from the sustainment of fiscal stability and strong management, all other policy priorities are possible within the available resources. That said, as we work to address the current expenditure growth increases, economists continue to state the likely possibility of an economic slowdown that many experts project is over the next 18-24 months. It is important to acknowledge, that we should not assume that past solutions that existed during the Great Recession are available to resolve current or future conditions.

As a separate matter, this work is being completed concurrently with the Fiscal Year 2019/20 Stadium Authority Budget process which has already begun and will be brought to the Stadium Authority Board in March 2019. As reflected recently in the media, the Forty Niners have departed from their past budget submittals and the impact of their proposed budget requires significant review and deliberation.

Additionally, the City Auditor will provide as part of her presentation an updated FY 2018/19 (mid-year) and 2019/20 workplan (Attachment 4). The original workplan was approved by the audit committee on Dec. 3, 2018.

CONCLUSION

I respectfully request that the City Council continue to practice discipline in directing new work efforts and allow for us to consider the required work to stabilize the organization and, more importantly, focus on existing priorities, revenue opportunities, and investment in our workforce.

Through this session, we will illustrate how our resources are already extremely stretched and how adding new assignments must come with trade-offs and delay in ongoing work. It is my strong desire to work with the City Council on managing our resources while achieving our goals and the opportunity to surface the context of our work is much appreciated.

In closing, these sessions offer the City Council an opportunity to continue setting the City on a strategic path. City staff is fortunate that the City Council has elected to hold this Session and discuss, through a deliberative process, the City's future and key initiatives. I have attached the PowerPoint slides for both days for the Council's and the Community's reference (Attachments 5 and 6).

RECOMMENDATION

1. Adopt the 2019-2020 Budget Principles;
2. Accept the 10-year Financial Forecast;
3. Validate Pillars and approve recommended amendments as follows:
 - a. **Manage Strategically Our Workforce Capacity and Resources** (changed from Maintain Adequate Staffing Levels);
 - b. Addition of a new **Sustainability** Pillar;
4. Approve the City Auditor's Annual Audit Workplan for FY2018/19 (mid-year) and 2019/20; and
5. Provide direction to the City Manager to continue to work on the two revenue strategy options (Transit Oriented Tax and the Utility Users Tax) and bring back a work plan for the City Council.

October 30, 2018

Dear Santa Clara Community,

This month marks the completion of my first year as Santa Clara's City Manager and I am excited to share our accomplishments in advancing the City Council's goals and priorities. Last October, I sent the community a [letter](#) introducing myself and expressing my excitement to serve Santa Clara. During this first year, I have spent a great deal of time focused on getting to know the community, City Council, workforce and stakeholders. I continue to be impressed with the high level of community, and the workforce's commitment and engagement to maintaining a strong, vibrant community.

During my first year, the Mayor and Council directed two citywide surveys that allowed the City to assess how the Council and Administration are performing. Both of the statistically valid surveys are available on the City's website: (1) [January 2018 survey](#) and (2) [June 2018 survey](#). Here are some survey results from residents about how the City is building community and enhancing quality of life:

- approximately **90 percent** of those surveyed have a positive view of Santa Clara as a place to live
- more than half – **64 percent** – feel City government is doing an excellent-to-good job
- **63 percent** of those surveyed felt the City is heading in the right direction
- **60 percent** surveyed gave the City high marks for keeping residents informed

We now have a measurable, data-driven baseline on how the City is serving Santa Clara and where we can go from here. My goal is that we continue to improve through data-driven decision making, acknowledging that the majority of residents feel that the Council and Administration are on the right track.

I have also had the opportunity to assess the state of the Administration and service delivery systems. During the Jan. 2018 City Council Goal & Priority Setting Session, I shared publicly my assessment of operational needs and gaps in service. With Council's approval, this session set the work plan for my first year. Since then, the City has made tremendous progress in these key areas:

Fiscal Outlook - through diligent review of the City's past budgeting practices and assumptions, we:

- significantly corrected and reduced, for FY 2018/19, an \$8.5 million budget shortfall to \$1 million without cuts in services (saving 40-50 General Fund jobs) and successfully balanced the budget;
- transitioned to a two-year budget cycle to make longer-term budget decisions;
- moved from a 5-year to 10-year financial forecast to better project deficits and surpluses, and review budget decisions within a longer-term context;
- ensured that we are on track to contribute over \$70 million to our reserves in the first 12 months of my tenure and all operating reserves are at or above Council required levels; particularly, the General Fund Budget Stabilization Reserve was maintained well above \$50 million, with additional scheduled one-time contributions of approximately \$20 million during the first part of 2019; and,
- developed a revenue generating strategy for the City Council to consider over the upcoming years with viable options and projected revenue to be generated.

Strategic Project Delivery - focused on strategic initiatives that respond to our community's interests:

- hand-in-hand with our community, we made unprecedented progress to realize the future reconstruction of Santa Clara's downtown through funding the development of a Precise Plan and negotiating agreements for street rights to sections of Franklin and Washington Streets, and we are now positioned to work on the land use planning/visioning for the downtown through a community-oriented process;
- after years of litigation, worked with the Mayor and Council to reach settlement agreements for: (1) build out of the CityPlace project with a total transportation improvement package of about \$70 million and (2) protection for the City's interests from San Jose's Santana West development impacts resulting in nearly \$8.7 million of housing and traffic improvements benefiting Santa Clara. CityPlace currently has a planned groundbreaking in late 2019 and brings a large-scale, mixed-use development in a geographically strategic area, directly across from the Levi's Stadium;
- completion of a City facility and infrastructure assessment (e.g., parks, facilities/buildings, public works systems, etc.), which provides an inventory of the state of our infrastructure and road map for future needed investments and critical improvements required to sustain quality of services;

- launched implementation of a capital projects management system to streamline tracking, management, oversight, and implementation of the City’s 800 capital projects, transitioning from a manual process to a software system that provides real-time information of valued projects; and
- obtained and improved key financial data to transparently manage the Santa Clara Stadium Authority and have answered basic questions about the Authority’s financials, while completing nearly 70 percent of the Measure J Compliance Audit recommendations and issuing a transparent budget and marketing plan.

Administrative Improvements and Modernization - through review of our service delivery systems, we found the absence of, and established, the following new focused services:

- filled, for the first time, the City and Santa Clara Stadium Authority Auditor position with a Certified Public Accountant who has met the audit experience hours requirement, from the State, qualifying her to attest reports and audit engagements; she is now developing an auditing program to be presented in early 2019;
- established a Risk Manager position to improve risk management of basic City services (e.g., workplace risk, contractual risk, insurance requirements, etc.);

- implementation is underway on the City’s new Computer Aided Dispatch and Records Management Systems for our public safety departments.

Capacity-building/Streamlining to Continue to Transform the Organization – we have also invested in employees through training and staff development to keep skills sharp and modern, while assessing City’s portfolio for staffing needs. The City had many vacancies (for instance, the City Manager’s Office had a 60 percent vacancy rate of key personnel) and relied on several “acting” positions to deliver service, which is not a sustainable or stable long-term strategy. We have also completed five labor agreements, within the City’s ability to pay, and are working with our five other bargaining units to reach successful labor agreements.

I am also very pleased to report that we are achieving significant results with Council priorities and goals. In my many years as a City Manager, I know first-hand that these accomplishments are only possible by strong resident involvement and input about how to make our community better for current and future generations. With your continued involvement, and at the direction of the Mayor and Council, attached is an impressive summary of just some accomplishments during my first year that are reflected by the Council’s [policy priority areas](#).

In closing, my role as City Manager is to implement the direction of the Council, ensure optimum operations and service delivery, and support City staff to maintain our high-performing organization. Santa Clara operates under a Council-Manager form of government that combines the strong political leadership of the Mayor and Council, with the strong managerial experience of an appointed professional administrator. Equally as important, these performance results are rooted in professional, ethical, legal and best management practices. During my first year as City Manager, you’ve likely noticed many changes underway in the City organization – changes that were necessary to foster increased transparency and performance, improve efficiencies and enhance service delivery. I want to thank the Mayor and City Council, Santa Clara community, and City staff for the support and amazing commitment to change and in support of our high performance for Santa Clarans. Santa Clara community/residents, these past 12 months have been tremendous for our City, and I thank you for your role in supporting the City organization live up to the Center of What’s Possible.

In community spirit,

Deanna J. Santana
City Manager

CITY COUNCIL GOALS & PRIORITIES – CITY MANAGER’S REPORT OF SUMMARY OF ACCOMPLISHMENTS FY 2017/18

DELIVER AND ENHANCE HIGH-QUALITY EFFICIENT SERVICES AND INFRASTRUCTURE	MAINTAIN ADEQUATE STAFFING LEVELS	PROMOTE AND ENHANCE ECONOMIC AND HOUSING DEVELOPMENT

address at multiple locations in the community. ○ Established issuance of Information Memos as part of the City Council meeting agenda, providing updates on key events that do not require Council action or a hearing but that should have transparency. ○ Launched Open City Hall surveys to enhance community engagement on City issues. ○ Advanced website redesign with estimated completion in FY 18/19. ○ Appointed a professional Communications Director who has served in key communications positions in Bellevue, WA and San Jose, as well as having worked in communications on television. ○ Increased communications through direct letters to residents and business community, news releases, and verbal report at City Council meetings. ○ Established enhanced community engagement on initiatives (e.g., downtown, Levi’s® Stadium, State of the City, etc.). ○ Increased communication about Levi’s® Stadium before events. ○ Relaunched the City’s Customer Relations Management software system, My Santa Clara (see Council’s High Quality, Efficient Services and Infrastructure Priority), that provides some data analytics to assess service delivery.

Budget Principles for 2019-20

1. Make decisions within the context of the City's Code of Ethics and Values, especially being Fiscally Responsible, Communicative, and Service-Oriented.
2. Consider budget decisions with long-term implications taken into account using data from the Ten-Year Financial Forecast.
3. Maximize service delivery within existing resources by balancing ongoing expenditure needs with ongoing revenues to avoid negative impacts on future budgets and maintain the City's high standards of fiscal integrity and financial management.
4. Focus on projects and services that benefit the community as a whole.
5. Pursue economic development objectives and strategies to foster new public and private investment within Santa Clara, and to create employment opportunities.
6. Balance between compensation adjustments to retain and attract employees and funding for positions.
7. Use one-time unrestricted revenues (e.g., annual General Fund surplus) for one-time uses such as increasing reserves, funding capital or Information Technology projects, paying off debt, and/or paying off unfunded pension or other post-employment benefits liabilities.
8. In accordance with Council policy, continue to maintain the General Fund Budget Stabilization Reserve balance at or above the policy level of 25% of adopted budget expenditures for the long-term fiscal health of the City.
9. Inform and communicate clearly and broadly to residents, businesses and employees of the City's fiscal position and budget schedule/hearings to promote active participation in the City Council's budget deliberations.
10. With limited exceptions, establish fees based on full cost recovery where individuals/businesses rather than the community at-large are benefiting from City services. This preserves limited unrestricted resources for providing services that benefit the community as a whole.
11. Focus on business process redesign in order to improve employee productivity and the quality, flexibility, and cost-effectiveness of service delivery (e.g., streamlining, simplifying, reorganizing functions, and reallocating resources).
12. Explore expanding existing revenue sources and/or adding new revenue sources.
13. Engage employees to contribute new and innovative ideas during the department budget development process.
14. Use the General Plan as a primary long-term fiscal planning tool and link ability to provide City services to development policy decisions.

UNFUNDED PROJECTS AND INFRASTRUCTURE

The following list inventories known areas that are unfunded or underfunded. It is important to note that this list is dynamic and will change with each budget cycle and as the City identifies new needs or funds items on the list. In general, there is an absence of a Capital Fund strategy to address short-and long-term needs for public facilities, streets, parks and recreation, and other infrastructure. The City would be well-served to establish an “order of magnitude” estimate of capital funding needs to work towards and drive strategy and policy development to address.

Public Facilities and Other Infrastructure

1. New Utilities Building and Civic Center Campus
2. Civic Center Repairs
3. Corporation Yard/Rehabilitation
4. Fire Station Repair/Reconstruction
5. Convention Center Repair/Rehabilitation
6. Cemetery Repair/Rehabilitation
7. Historical Homes Rehabilitation
8. Triton Museum Maintenance
9. Citywide Projects from ADA Transition Plan

AUDIT WORK PLAN – FISCAL YEAR 2018/19 (midyear) & 2019/20

OVERVIEW

The mission of the City Auditor's Office is to promote honest, efficient, effective and fully accountable city government through accurate, independent and objective audits.

The City Auditor's Office submits an annual audit work plan to the City Council for approval. This proposed audit work plan was developed based on the results of a citywide risk assessment. The objective of the risk assessment was to identify the departments, offices, areas, units, or processes that pose the greatest risk to the City and then align internal audit resources, where appropriate, to best help the City achieve its objectives in mitigating these risks. It also guides the City Auditor to prioritize the City's potential audit subjects. As a result, this audit work plan does not, nor is it intended to, address or provide complete coverage of every City departments, divisions, or system risks. However, over time, with the implementation of audit recommendations, it is expected that risks across City departments and systems will be sufficiently mitigated.

To develop the plan, we used information from the City's adopted operating and capital budgets and the component unit information in the City's most current financial statements to develop the citywide risk assessment. We also considered past audit findings as well as requests from management and the City Council. The top three ranked items on the risk assessment were given priorities in determining the audit subject for the audit plan. In addition, the work plan includes the City Auditor's annual cash disbursement audit.

ADDITIONS TO AUDIT WORK PLAN

Any requests to add audits to the Audit Work Plan during the fiscal year will be presented to the Audit Committee through the semi-annual status report. The City Auditor will provide an impact analysis of the proposed audit to the approved audit projects so the Audit Committee is aware of the changes. The City Auditor will give priorities to requests that post significant financial impacts or risks to the City.

AUDIT WORK PLAN – FISCAL YEAR 2018/19 (midyear) & 2019/20 (continued)

PROPOSED AUDIT ASSIGNMENTS

This section lists annual and recurring audit projects, current efforts under way, and proposed new projects.

The following table lists all New Projects for the fiscal years:

No.	Audit Project	Project Description	Target Date
1.	Fraud, Waste and Abuse Hotline Monitoring & Audit	The City does not currently have a Whistleblower Hotline to provide individuals a way to confidentially report evidence of fraud, waste or abuse involving employees or operations. The City Auditor's Office plans to implement such hotline for the City through an outsourced third party service and provide continuous monitoring and investigations.	April 2020
2.	Performance Audit of Vendor Master File and 1099 Reporting	The City has never had an audit of the vendor master file or a review of its 1099 reporting. The purpose of this audit is to assess and evaluate whether the City has adequate controls regarding its master vendor file setup and if the City is effectively monitoring and maintaining its vendor information. Inaccurate or unauthorized vendor records could potentially enable duplicate payments and may increase the risk of fraud or abuse. Additionally, the audit will review the vendor setup process to ensure proper 1099 reporting based on the IRS rules and regulations.	August 2019
3.	Citywide Fraud Risk Assessment (contracted service)	The City Auditor's Office is proposing a complete citywide fraud risk assessment for all departments including the utility Departments, which will be done in a second study. The assessment will assist the City Auditor's Office staff in identifying the potential audit subjects and risks associated with each subject.	June 2020
4.	Reviews of Financial Procedures and Controls	Staff has asked the City Auditor's Office to provide advice on several policies, procedural and control issues. We will attempt to provide requested assistance in these areas as time allows. Proposed reviews include: <ul style="list-style-type: none"> Analyzing the Stadium Authority's review procedures for Non-NFL Events' revenues and provide feedback on procedure and control issues, if any. 	April 2019

The following table lists all Annual and Recurring Projects:

No.	Audit Project	Project Description	Target Date
5.	City Auditor's Annual Cash Disbursement Audit	The City Charter requires the City Auditor to audit and approve bills, invoices, payrolls, demands or charges against the City before payment. The City Auditor's Office is working with the Finance Department to coordinate this effort.	December 2019
6.	Annual Risk Assessment	The City Auditor's Office performs an annual risk assessment as required by internal audit standards to identify and prioritize the potential audit subjects. The risk assessment is attached to the annual audit work plan.	December 2019
7.	Annual External Financial Audit and Single Audit for the City (<i>contracted audit service</i>)	The City Charter requires an annual external audit of the City's financial transactions to be performed by an independent certified public accountant (currently Maze & Associates). The City Auditor's Office administers the audit contract and works with the Finance Department and Maze & Associates to coordinate this effort.	December 2019
8.	Annual External Financial Audit for the Stadium Authority (<i>contracted audit service</i>)	The Santa Clara Stadium Authority (Stadium Authority), the Stadium Funding Trust, and Goldman Sachs Bank USA entered into a Credit Agreement on June 19, 2013 to finance the stadium. Section 5.1(a) of the Credit Agreement requires that the Stadium Authority Annual Financial Statements be audited by independent certified public accountants within 180 days after the end of each fiscal year. The City Auditor's Office administers the audit contract and works with the Finance	August 2019

The following table lists all ongoing Audit Administrative and Other Responsibilities:

No.	Audit Project	Project Description	Target Date
9.	Audit Framework / Charter	The City doesn't currently have a formal Audit Framework/Charter that defines the internal audit division's purpose, authority, and responsibilities within the City. The purpose of the Charter, which requires Council approval, is to formally authorize internal audit staff access to records, personnel, and physical properties so they can perform their audit tasks.	April 2019
10.	Fraud, Waste, and Abuse Reporting Policy (Fraud Policy)	The purpose is to develop an administrative fraud policy that sets out policies and procedures to encourage and facilitate the reporting of fraud or abuse and questionable accounting practices. The policy raises awareness amongst staff, and is an excellent tool for the City to communicate its ethical standards.	December 2019
11.	Semi-Annual Audit Status Report	The City Auditor's Office prepares and issues semi-annual status and progress update reports on the approved audit assignments in the audit work plan. The staff also reports on any changes (e.g. assignment addition or deletion) to the audit work plan.	August 2019 & February 2020
12.	Annual Audit Recommendation Status Report	The City Auditor's Office tracks audit recommendations and issues reports on the implementation status of all open audit recommendations. The staff also meets with the auditee to discuss the progress of the audit recommendations.	December 2019
13.	Internal Audit Annual Work Plan	The City Auditor is responsible for developing an annual internal audit work plan based on the results of an annual citywide risk assessment designed to improve the effectiveness of risk management, internal control, and governance processes	February 2020

(continued)**

No.	Audit Project	Project Description	Target Date
		The annual work plan is presented to the Audit Committee to recommend to the City Council for approval, which is required prior to the start of any audit work.	
14.	Advisory Role	The City Auditor serves as a member on the City’s Deferred Compensation Advisory Committee.	Ongoing
15.	Annual Continuing Education Training	The City Auditor’s Office is committed to attending regular continuing professional education (CPE) training and maintaining a minimum of 40 CPE hours a year for each staff.	Ongoing

RESOURCE IMPACT

The above project list is an extremely optimistic and aggressive plan for a small audit unit. It is difficult to accurately estimate the length and scope of any new audit assignments because the scope of the audit could be reduced or expanded depending on what we find once we start the audit. It should also be noted that the ability to accomplish the tasks on this plan will depend on being able to successfully fill one vacant performance auditor position. Our audit status reports to the City Council will provide us with the opportunity to reprioritize projects and amend the audit plan as necessary during the year.

NEXT STEPS

As audit work proceeds, we will provide the City Council with a semi-annual status report and the progress of each of the approved audit assignments. The Audit Committee will receive the audit report at the conclusion of each audit project. We will also present the audit reports to the Audit Committee at the scheduled meetings. All audit reports are heard and approved by the Audit Committee and get cross-referenced to the full City Council for acceptance.

Respectfully submitted,

Linh Lam, CPA
City Auditor

WE ARE BUILT FOR OPERATIONS

Center of What's Possible

Innovation and Transformation require dedicated capacity

8% Management/Policy Analysis

100% FTEs

8% of FTEs

>5% of total hours
(approx 3800 hrs.)

dedicated to innovation. This mean that an average manager has about 8 hours/month do focus on process improvement, innovation, etc.

Santa Clara managers are also part of operations and have dedicated duties.

Note: Not to scale.

92% of staff are dedicated to Operations

Capacity is a finite resource

Only about **3.7% (41)** of FTEs are dedicated to **management, unanticipated workload, transformation, innovation, and initiatives:**

Context of Adding Value

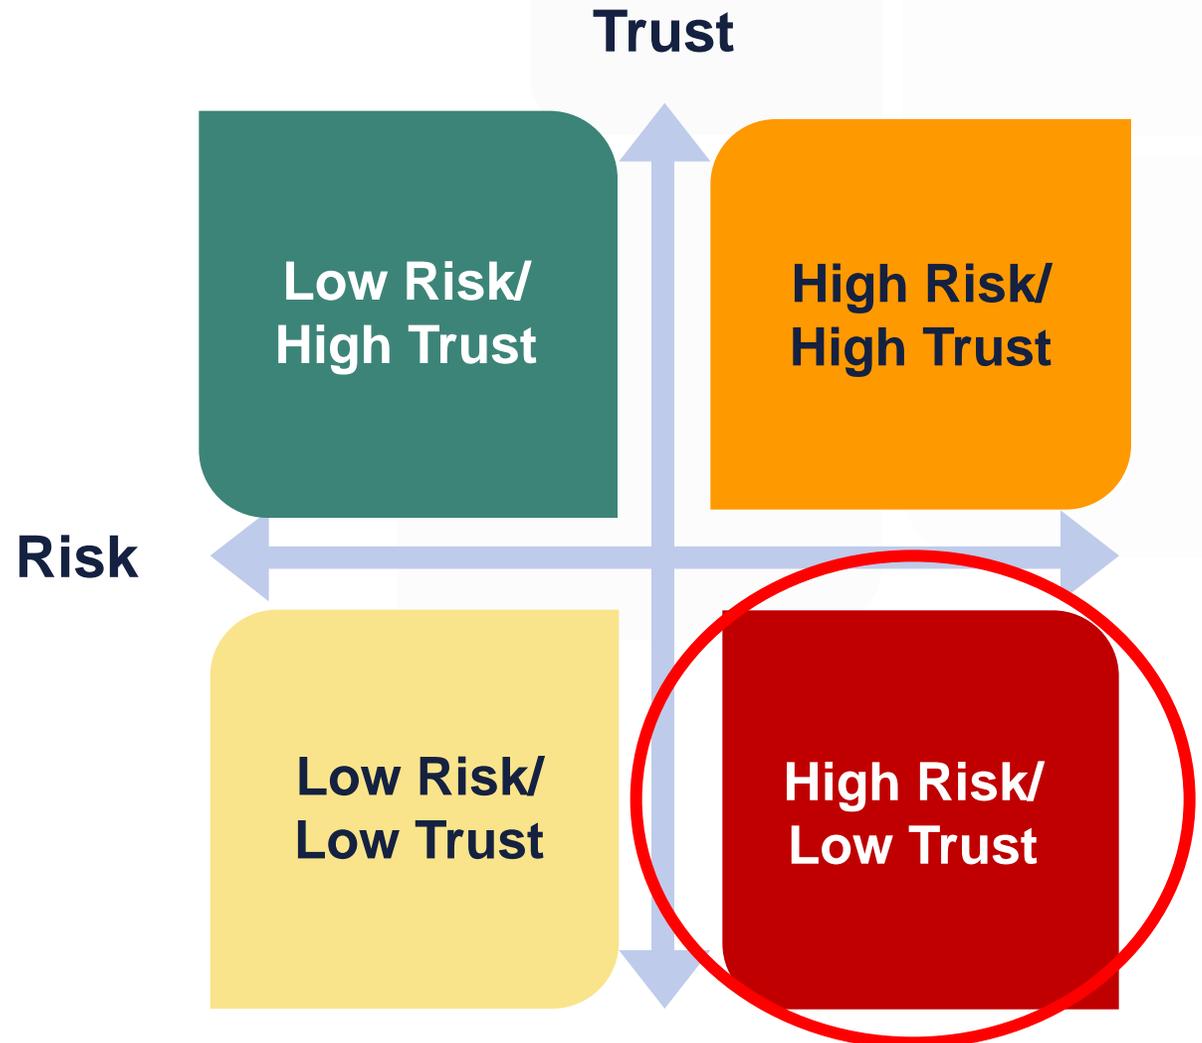

Effective Governance is our Foundation to Drive Change. An effective leader adds value, no matter the environment.

When I started...

- Entered with deferred/delayed Council Priorities
- Council desire to reform organizational weaknesses/gaps
- Mutual desire to serve Santa Clara well

Abilities of a good City Manager:

- Manages complexity
- Financial astuteness
- Strategic value
- Instills trust

City Manager's Core Services

Support City Council with Strategic Policy Development

Legislative Strategy, Fiscal Management, and 10-Year Forecast. Integrate the use of data to inform policy making.

Advancing the Organization

Supporting service improvements that achieve efficiencies, stabilize systems for service delivery, manage risk, and promote customer service.

Operations

Ensure optimum operations and service delivery, monitor staffing resources needs, address vulnerable business operations, and focus on workforce and bargaining unit agreements.

Managing Capacity and Workload

Balancing workload and capacity to ensure that the workforce supports the City Council.
Capacity < Workload

Summary of Identified Gaps - January 2018

2018 WAS MARKED WITH SIGNIFICANT PROGRESS!

- Lack of citywide risk management function
- Lack of citywide performance audit/management reviews
- Decentralized citywide procurement and contract management process
- Administrative processes are manual
- Lack of use of data for decision-making
- Lack of intergovernmental relations function
- Lack of stable leadership and change management
- Absence of workforce development program
- Lack of “management grip” and ability to speak to it
- Deferral/delay of critical projects
- Lack of pacing, both for workforce and City Council
- Lack of dedicated communications function and plan

State of the Organization

2018 Progress by Category

Organizational Transformation

State of the Organization: 2018 Progress

Transforming an Organization Needs Council Support, Strategic Focus and Deliberate Pacing

City Manager's Value System

- Reinforced core values, ethics, and expectations. Regular communications.
- Friday in the Field Initiative - 2019

Stabilized Leadership

- Unprecedented vacancy rate in CMO-filled key "Acting" positions
- Gaining Management Grip
- Functional Oversight within CMO

Workload Alignment to Council Priorities/Directives & Workplans for Initiatives

Organizational Development Efforts

- Executive Team Engagement
- Quarterly Management Meetings & Trainings
- Changed fiscal approach and practices

Using Data to Make Informed Decisions

- More analysis in Council reports
- Implemented various audits
- Began efforts to track data where useful

Meeting Management

- Improved meeting management process and pacing of organization
- Weekly Executive Leadership business meetings
- New tools and technology

City Council Support and Relations

State of the Organization: 2018 Progress

Rebuilding trust between Council and the organization by intentional governance, effective processes, and keeping Council and the community informed

Keeping the Council Informed

- 1:1s, study sessions, informational memos, CM blog, email updates, City Manager/Executive Director reports, etc.
- Increased study sessions or informational briefings with Council
- Policy Development and Presentation

Community Outreach Plans

- Articulating community outreach plans through Council reports and communication

Addressing Deferral/Delay of Initiatives

- Paced policy items for Council consideration that had been deferred or delayed, as well as working to pace each Council Agenda
- Many former Council initiatives have been addressed or are in progress of being implemented

Greater Transparency of Council Agendas and Directives

- Provide routine reporting to Council through information reports, Tentative Meeting Agenda Calendar, and new Council Referral Matrix

City Council Support and Relations

State of the Organization: 2018 Progress

Rebuilding trust between Council and the organization by intentional governance, effective processes, and keeping Council and the community informed

Legislative Priorities and Positions

- Developed Legislative Advocacy Positions for Council review to better align staff resources with Council priorities
- Enables timely response and advocacy to respond to Council Legislative Priorities

Addressed Administrative Failures

- Reduced confusion and adverse impacts caused to Councilmembers, e.g., travel, contract management, PRAs, audit function, minutes, policy implementation, etc.

Fiscal Sustainability

State of the Organization: 2018 Progress

Financial Sustainability is our #1 Priority. From there, All Priorities are Possible!

Refined Fiscal Outlook

- Developed 10-year financial plan
- Corrected \$8.5 million budget shortfall to \$1 million without cuts to service or jobs
- Two unknown assumptions in outlook: CalPERS reforms and economic slow down

Proposed Two-Year Budget Cycle

- For both the City's Operational and Capital Improvement Plan (CIP)

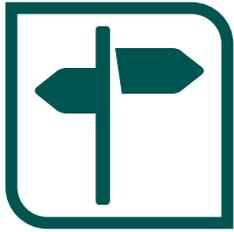

Aligned Investments to Council Priorities

Building Financial Reserves

Operational & Workload Metrics

Data as an Asset – Our Data Tells A Story

Major Drivers of Workload

Public Records Act (PRA) & Information Requests

Major Drivers of Workload – PRA/Information Requests Consume Capacity

Systems

- Lack of e-discovery software
- Decentralized and manual process
- Tech tools exist, but no capacity to implement

- **1,321** Public Records Requests received in 2018*
- **Average of 110/month PRAs**
- **Impact of 2019 laws** (increases workload)
 - SB 1421 – requires disclosure of peace officer records for certain types of incidents
 - AB 748 – regarding access to body-worn camera video & audio

Staffing

- Lack of training in processing PRAs
- Limited staffing resources do not respond to implementing tech tools
- Better quality control of PRA

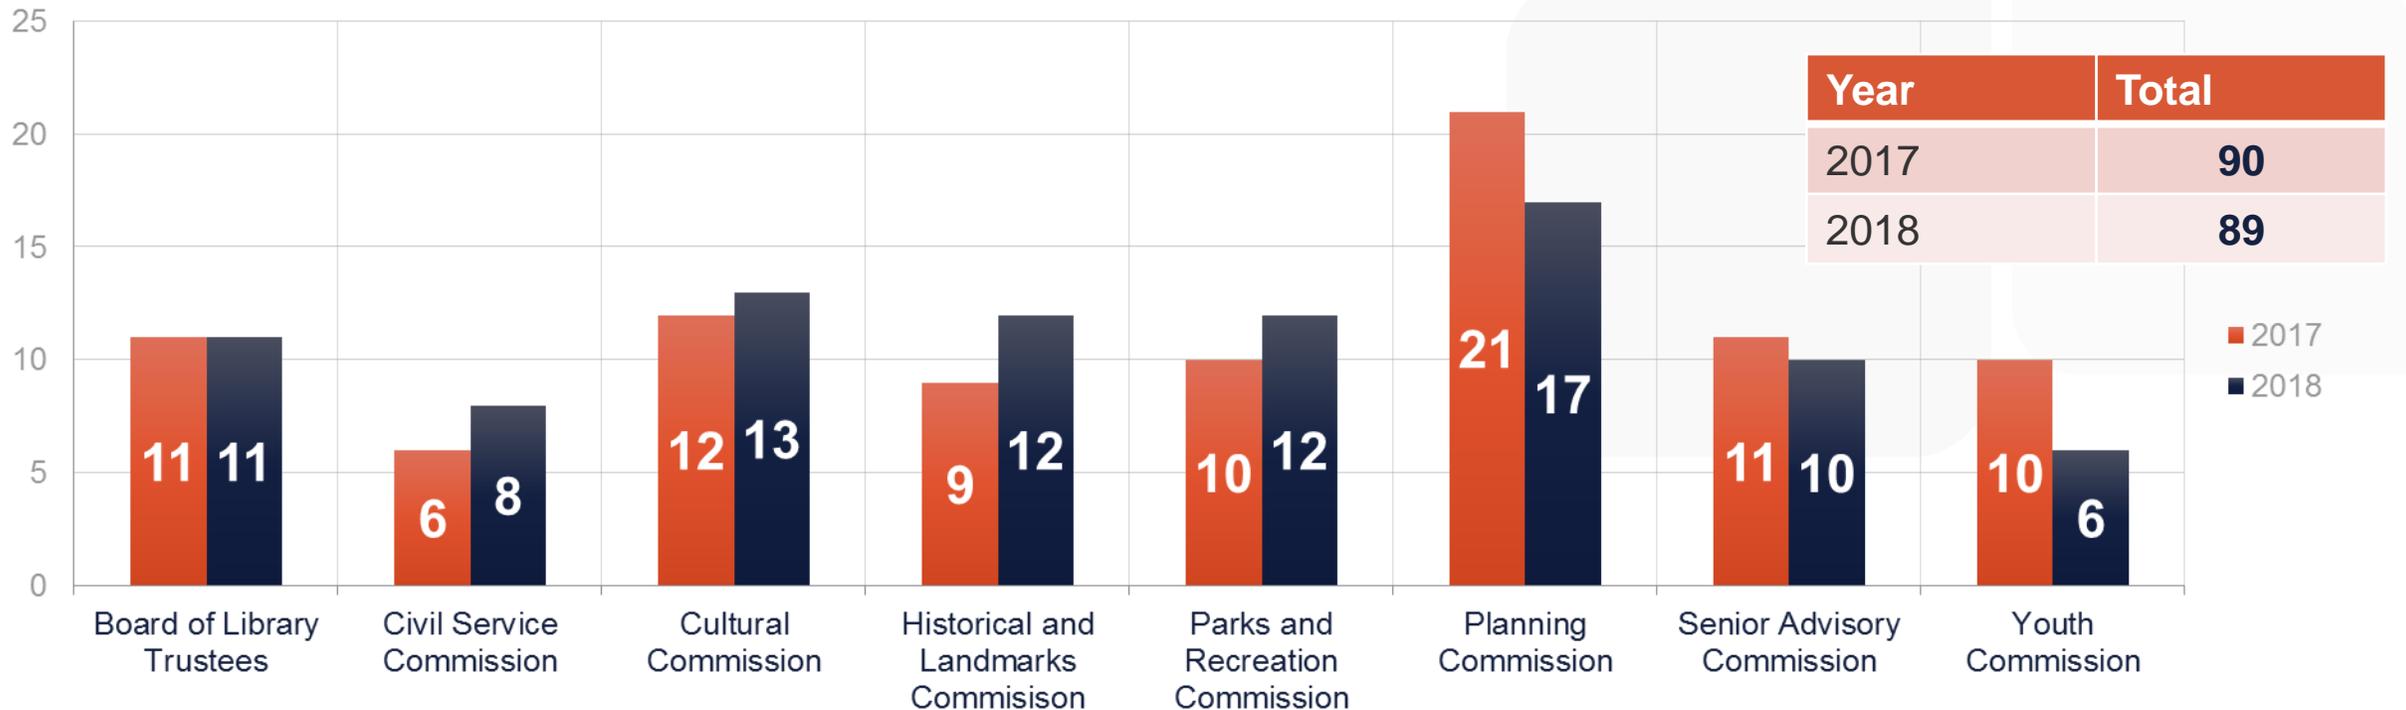

Note: No Data for 2017. We have begun tracking this workload/capacity impact.

Boards and Commissions

Major Driver of Workload – Boards and Commission Meetings

Human Resource Metrics

Regional Opportunities of Silicon Valley

- Highly complex region/ super competitive Market to recruit and retain
- Community is **engaged** and has **high expectations** for service
- **High cost of living** – people rarely move to the area without a reason, i.e. employment for them or a family member
- Unemployment rate of Silicon Valley \approx **2.4%** (Dec. 2018)
- Businesses expect the City to move at **their pace**, which is unique to Silicon Valley

City is built for operations—
Workforce is our biggest
asset and investment

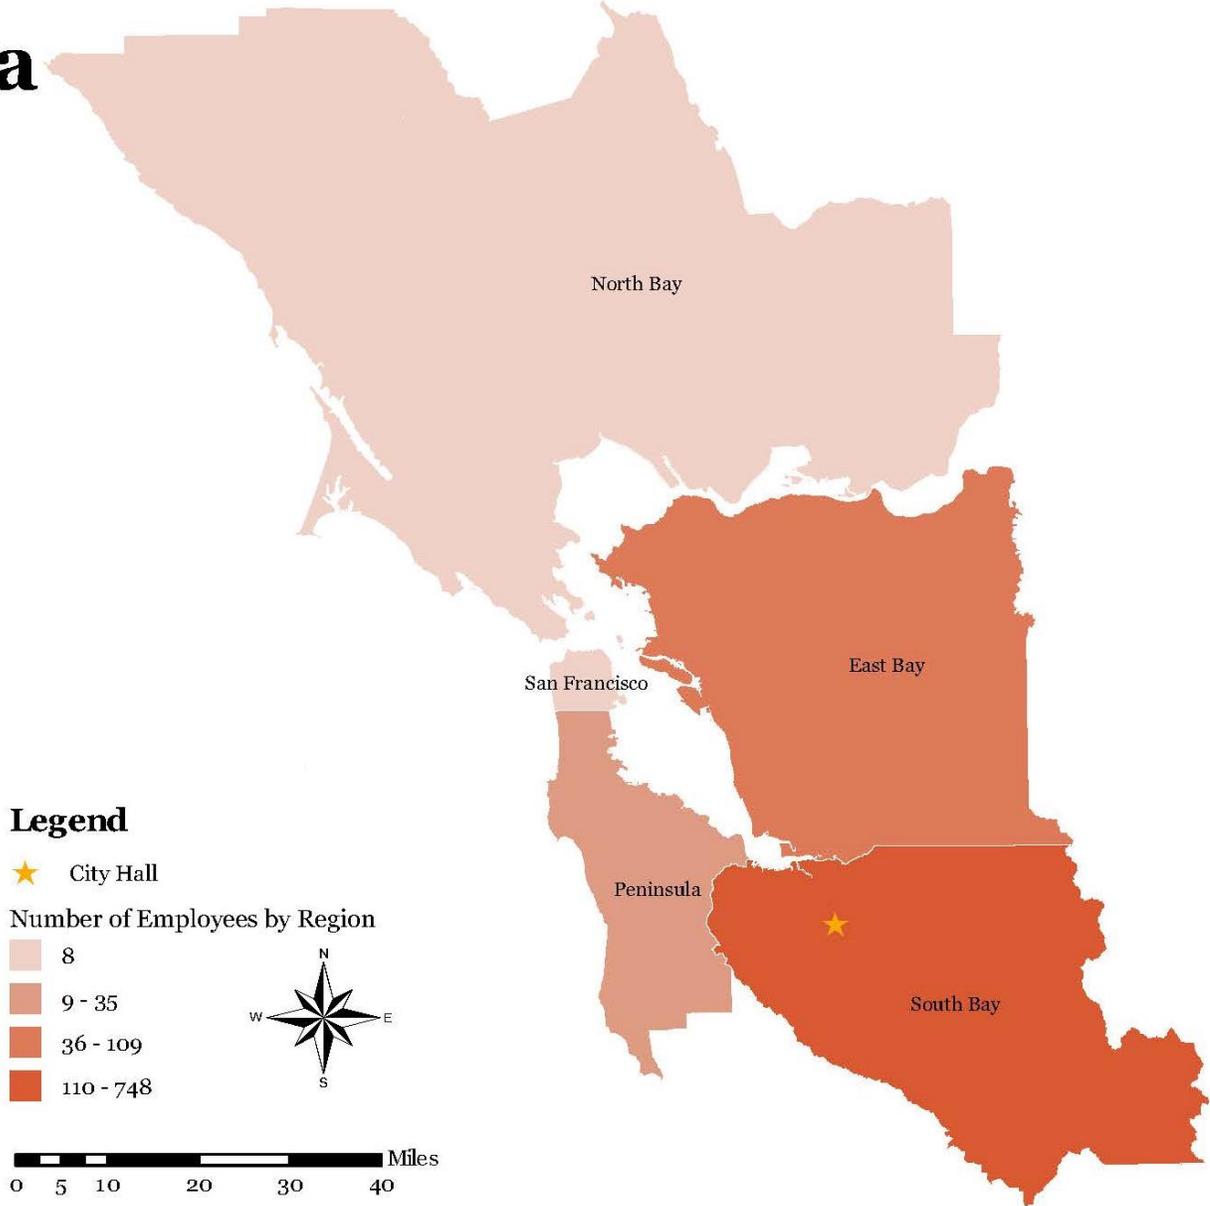

Our workforce must be
highly trained, responsive,
and **advanced in service

Retirement Eligibility – Citywide Staffing

81%

- Percentage of our organization for whom retirement is not a motivating factor for leaving (816 full-time employees)
- Our organization needs to dedicate itself to supporting these employees and pursue ways to retain them – in the nation’s most competitive job market! They are ours to lose.

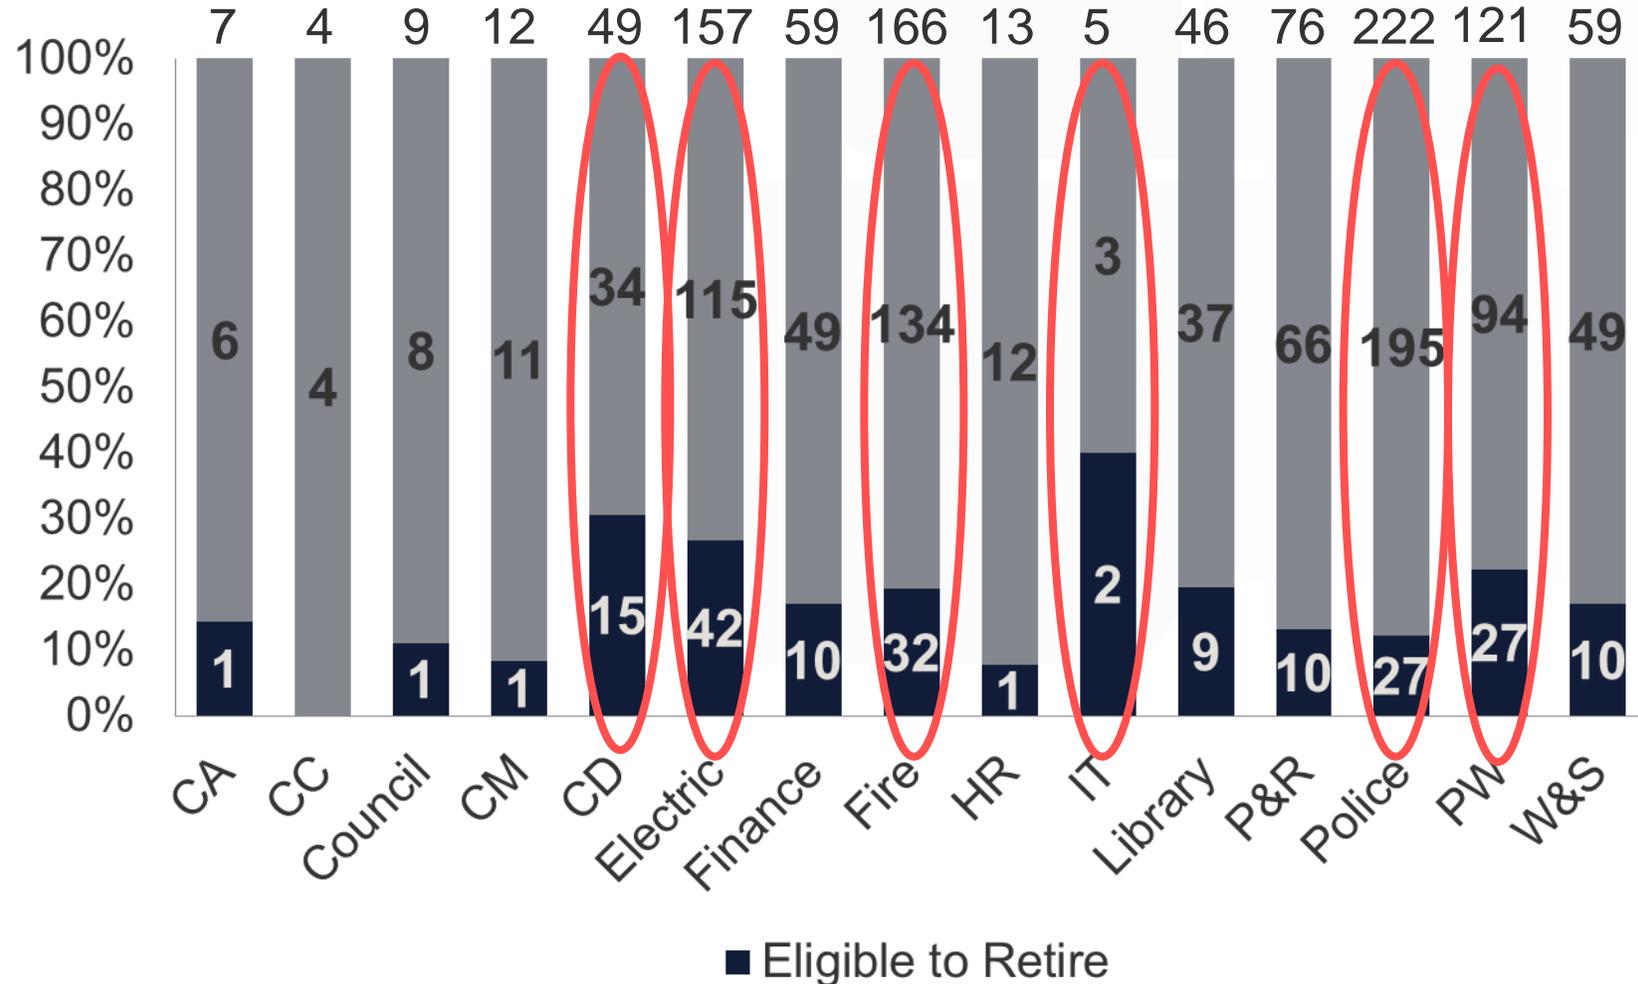

Retirement Eligibility by Department

Challenges:

- Lack of institutional knowledge
- Training needs
- Knowledge gap of Santa Clara

Opportunities:

- Energetic, committed workforce
- Desire training specific to the type of community we serve
- Great long-term career potential
- Can build Executive & Management teams with committed internal staff who have grown with the organization
- Can bring more modernization to Santa Clara

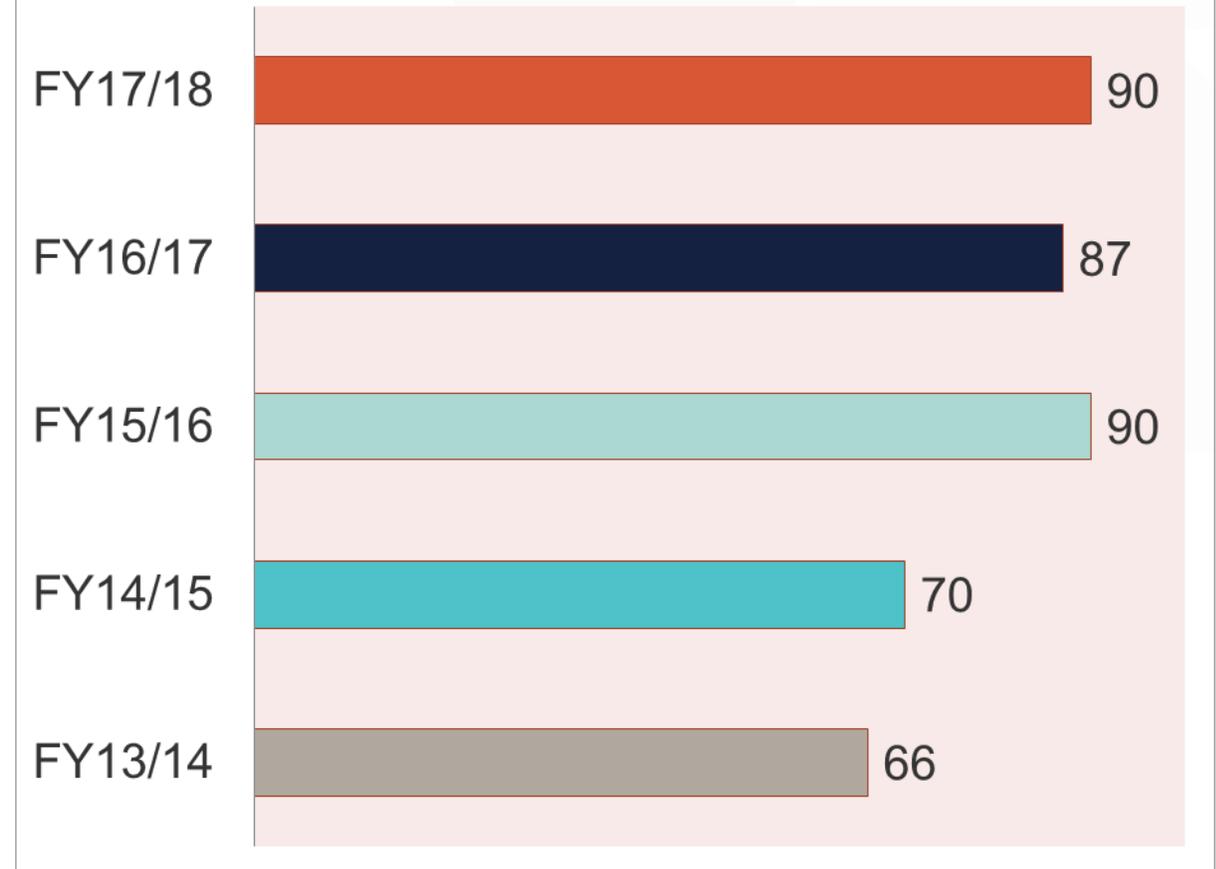

Recruitments Year to Year

36%

% Increase of Recruitments
from FY13/14 --17/18

- Recruitment **increased significantly** in FY2015/16 and has stayed high
- Every recruitment requires staff time to **process** and **review** applications
- Ongoing need to recruit **high-skilled positions** without having increased HR capacity (HR Dept. has only increased by **0.5 FTE** in the last 5 years)

Number of Recruitments/Job Postings *Includes FT, PT.

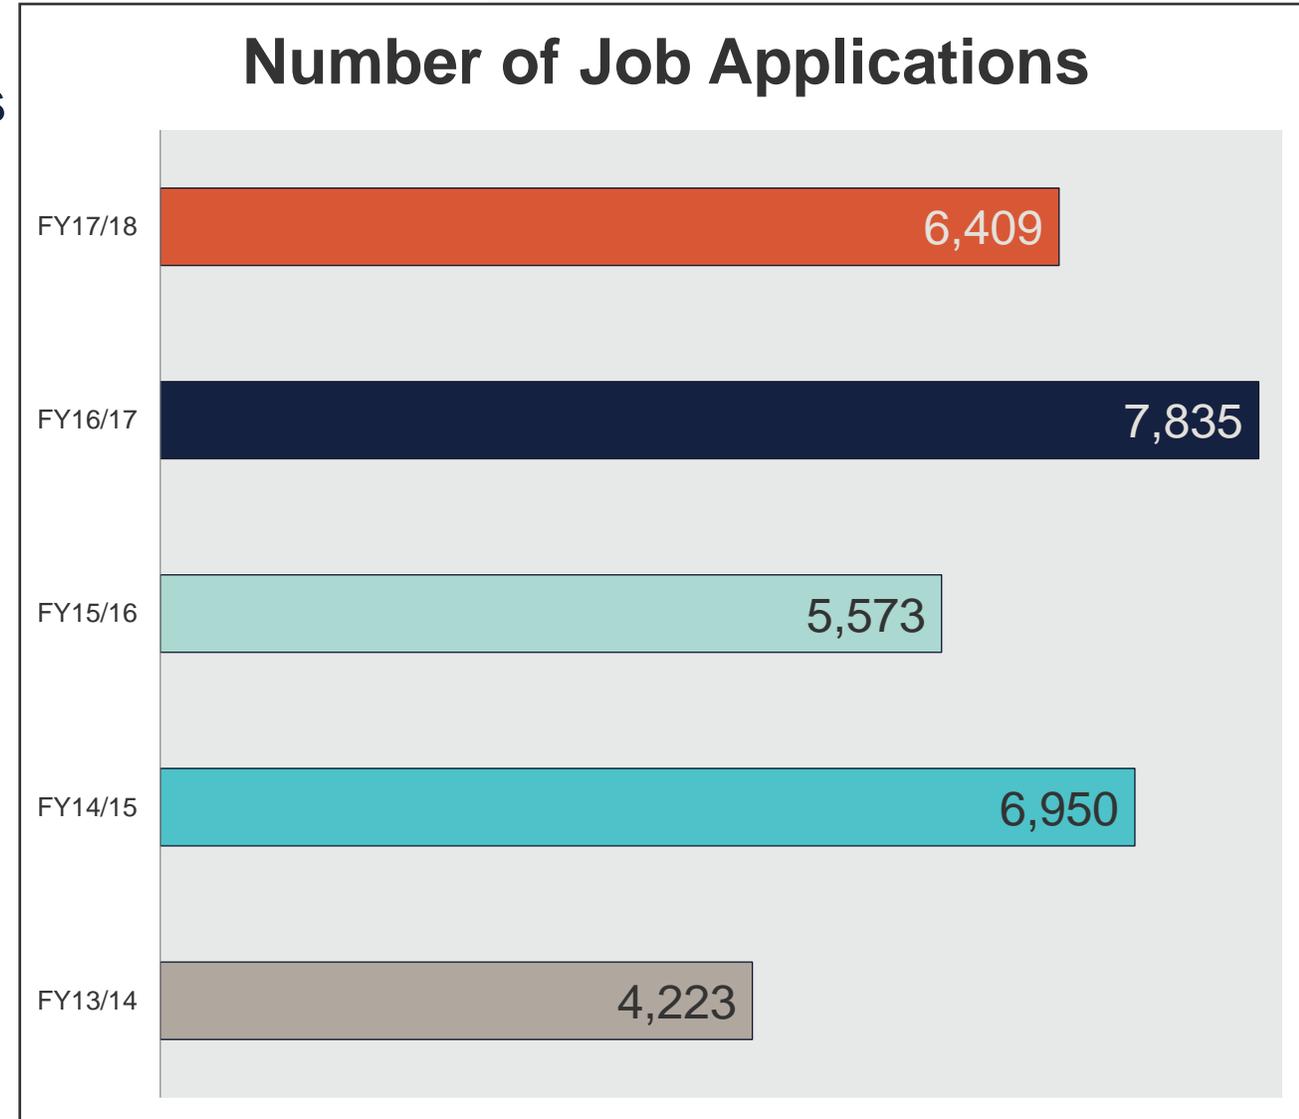

Applications Year to Year

52%

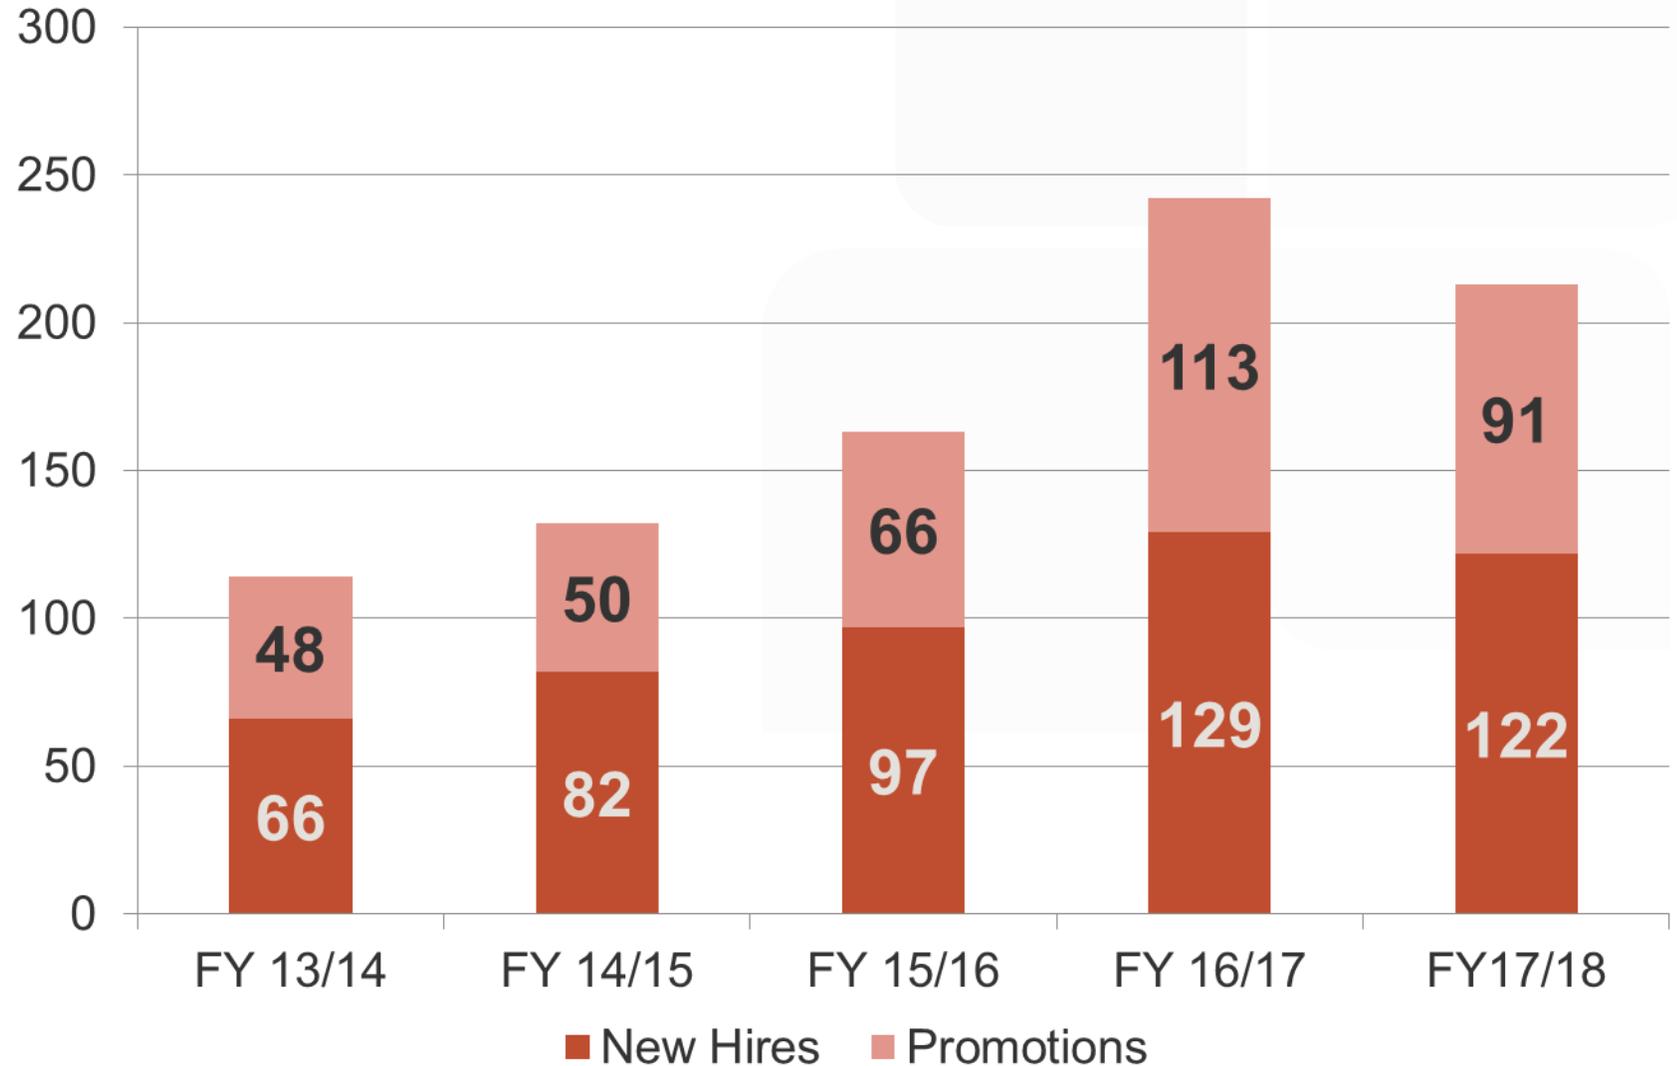

% Increase of Job Applications from FY13/14 --17/18

- Applications **remain high** for positions, however numbers have dropped in the last year
- Silicon Valley unemployment rate was 2.4% in December 2018, compared to a national average of about 4%
- HR processes **more applications** without additional resources. Major capacity issue for HR to support organization in the nation's toughest market

New Hires and Promotions

- Focus on **institutional knowledge and employee development** for workforce
- To maintain our filled staffing levels, we need to both **hire new employees** and **promote from within**
- We need a strategy to remain competitive with retention and recruitment
- **40 – 43% internal promotions data trend**

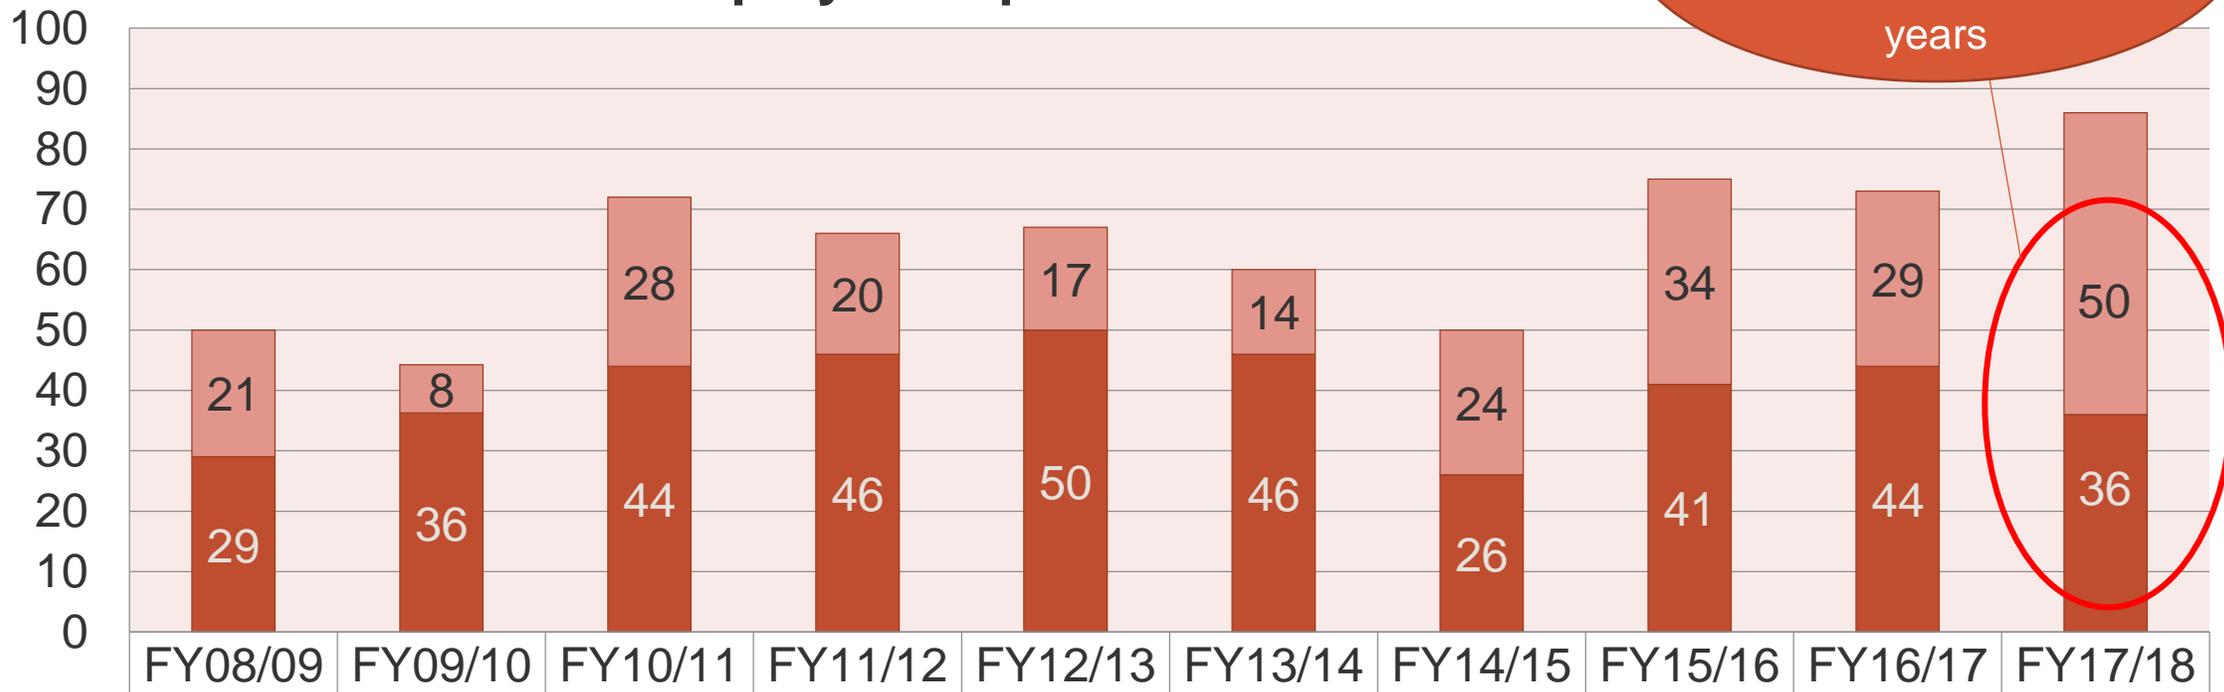

Employee Separations

- Highly competitive job market – Region recruits from each other and our talent attracts private sector applicants
- High cost of living in Silicon Valley
- Private sector recruitment offers different compensation structure
- The recent federal shutdown & changes in immigration policies (H1B Visa) add more stress to retaining and supporting our workforce

In FY 2017/18, the City's separations outpaced retirements for first time in 10 years

FY17/18 Turnover Rate

- **Top Reasons for Turnover:**
 - Retirement
 - Job opportunities elsewhere
 - **Relocation**
- **Steady increase over time**
- **Increased turnover leads to higher organizational costs:**
 - Increased recruitments
 - Constant onboarding new employees
 - Productivity loss
 - Less capacity due to learning/onboarding

Number of Santa Clara Employee Trainings by Type for Calendar years 2013 through 2018 YTD

Our Data Tells A Story

Investment in employees is key to providing high-quality services

Santa Clara is at the heart of the most competitive job market in the nation

- cost of living is high
- we compete with private sector for workforce

Complexity of City of Santa Clara requires highly skilled workforce

Majority of workforce (81%) is not near retirement age

Recruitments and Applications on the rise YTY – takes staff time to process and review

In FY 2017/18, separations outpaced retirements for the first time in 10 years

Turnover rate steadily increasing, which leads to productivity loss and less overall capacity

Current citywide training efforts lack high-level skill-building opportunities and are infrequent

HR has only increased by 0.5 FTE to support increased workload and future programs

Human Resources Conclusions

Investment in employees is key to providing high-quality services

Need staff who are:

- **Skilled** and up-to-date in their field
- Consistently **developing skills**
- **Connected** to organization and community
- Skill Building = Capacity Building

Need trainings focused on **improving workplace** and **individual development** in order to retain quality employees

Need additional trainings that are:

- **Motivational** and **inspirational**
- Focused on **team building & breaking silos**
- Focus on **specialized skills**
- Supportive of **intentional staff development**
- **Management** and **leadership** training

An investment in Human Resources is an investment in the whole organization and critical to support our workforce needs.

City Auditor's Workplan

Establishing Performance Audits in the Organization

City Auditor's Office

Background

On June 26, 2018, the Council voted to move the position of the City Auditor to the Finance Department and assigned the responsibilities to the Assistant Finance Director.

The Council also voted to expand the duties of the City Auditor to conduct in-depth financial and performance audits for the City.

These actions corrected the misalignment in governance structure of an elected City Clerk serving concurrently as a Council Appointee

Council empowered the City Auditor to conduct audit and make recommendation to strengthen accountability and improve efficiencies and effectiveness of City programs and business processes.

City Auditor also serves as Santa Clara Stadium Authority Auditor

Key Administrative Area Updates:

Human Resources Assessment
Contract Management &
Procurement Reforms

Human Resources Department

*Strengthening our Workforce, Improving
Basic Functions, and
Recruitment/Retention Practices*

First 90 Days

- Team is very committed to serving our customers
- Systems and procedures are manual, outdated and/or undocumented
- Transaction based, not strategic partner with operating departments
- Unable to easily obtain and analyze data due to complex and/or outdated HRIS/Payroll systems
- Concerns regarding payroll errors, lack of appropriate internal controls, risk of potential HIPPA violations
- Lack of investment in employee development
 - People are our greatest investment, people deliver the services our community relies upon

Human Resource Importance

Organizational Development

Depends in part on effective and efficient internal service providers

Role of Human Resources

As an internal service department, Human Resources is critical to the success of the operating departments and the City's ability to increase organizational capacity

Organizational Assessment

City engaged Management Partners to perform an organizational assessment of the Human Resources Department to identify strengths and areas of opportunity in our ability to support the organization

Organizational Assessment

- Study conducted in August 2018
- Commissioned to address various issues that had arisen:
 - Payroll errors
 - Pay increases without proper documentation
 - Risk of potential HIPPA violations
 - Confidentiality disclosures of personal information and identity
 - Various other documentation errors

Process

1.

Interviewed representatives from all internal departments and all HR staff

2.

Focus group discussions with representatives from bargaining units

3.

Conducted HR Department workload survey

4.

Reviewed policies and procedures

Key Findings

Positives

- Staff are viewed as responsive and capable
- Strong customer service

Opportunities

- Lack strategic focus on innovation and process improvement
- Limited by outdated and manual systems and our own past practices
- More robust services on professional development and leadership training needed
- HR/Payroll system (Peoplesoft)
- Current workload prohibits transformational change
- Lacking in resources and focus in two key areas:
 1. Employee and labor relations
 2. Training and development

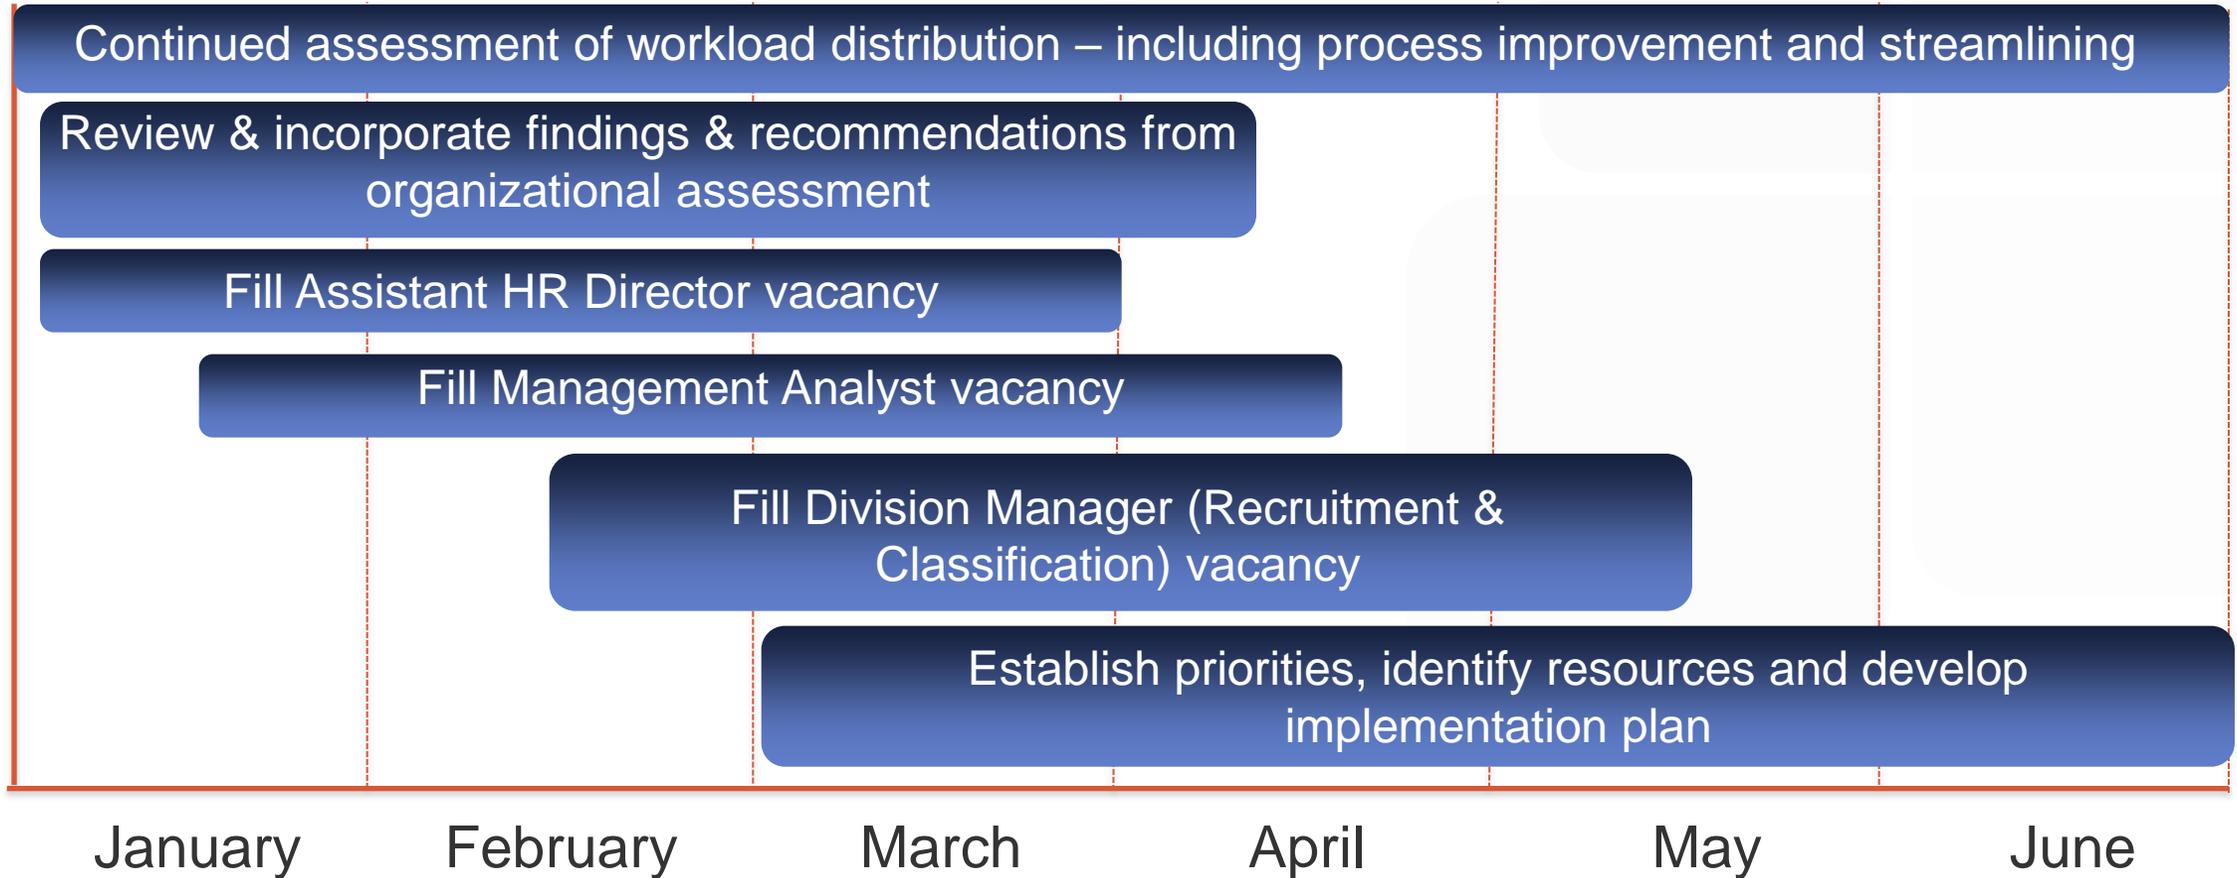

Major Recommendations

Management Partners provided 65 recommendations in the following functional areas:

- Staffing levels and organizational structure
- Recruitment and selection
- Classification and compensation
- Employee and labor relations
- Training and development
- Employee benefits
- Equal employment opportunity
- Policies and procedures

6 Month Horizon

Next Steps

- Commit to **investment in change**
 - Investment in Human Resources is important because it is an **investment in the whole organization**
 - Lead and support **high-quality, cutting-edge** organizational development
 - Our people (City employees) will **transform the organization** but only if we provide them the tools they need
 - Human Resources leads this transformation by **recruiting, supporting and retaining** staff
- Need to prioritize **key areas** that impact how we provide City services, specifically for highly skilled position needs, such as **Engineers, Public Safety and SVP positions**

Next Steps (continued)

- In a **competitive, high-demand** workforce market (Silicon Valley), our organization requires **innovative recruitment** and **organizational support**
- Establish **priorities** on how to invest in our Human Resources Department and develop workplan
 - Include Year 1 through Year 5 strategic workplan tasks
- Identify **necessary resources and investment** required to maintain current service delivery and enhance the organization for future success

Contract Management & Procurement Reform

*Improving Basic Functions and
Modernizing Practices*

Roles and Responsibilities

- Oversight of Centralized Purchasing
- Surplus Property
- Central Warehouse
- Contract Management

Tenants of Public Purchasing

- Competition
- Equal Treatment & Access
- Transparency

Assessment at 90 Days

- Purchasing is highly decentralized
 - Lost market opportunities to compete for best pricing
- Manual processes (or no processes)
- Heavy reliance on City Attorney's Office to write contracts/agreements
- Opportunities to implement several key procurement “best practices”

Assessment at 90 Days

- Long requisition to contract cycle times
- Confusing Purchasing Code
- Need greater separation of duties between requester and sourcing
- Maverick buying (buying without a Purchase Order or Contract)
- Need greater engagement with vendor community to promote bid awareness and how to do business with the City

Assessment at 7 Months... Accomplishments!

- Hiring qualified, professional staff
- Implementation of GovDeals for surplus property sales (\$60K sold so far)
- Implementation of BidSync for e-procurement
- Expanded use of Purchase Orders
- Citywide trainings on contract writing and best practices
- New bid templates

Fiscal Outlook

**City of
Santa Clara**
The Center of What's Possible

Fiscal Outlook

- Significant Progress with 10-Year Fiscal Plan and Corrective Forecast Adjustments
- Pension Costs Continue to Rise
- Property Tax decrease due to 49ers appeal
- Revenue - Tax volatility
 - 31% of General Fund dependent on volatile revenue sources
 - Sales Tax
 - Transient Occupancy Tax
- Liabilities for Other Post Employment Benefits (OPEB)

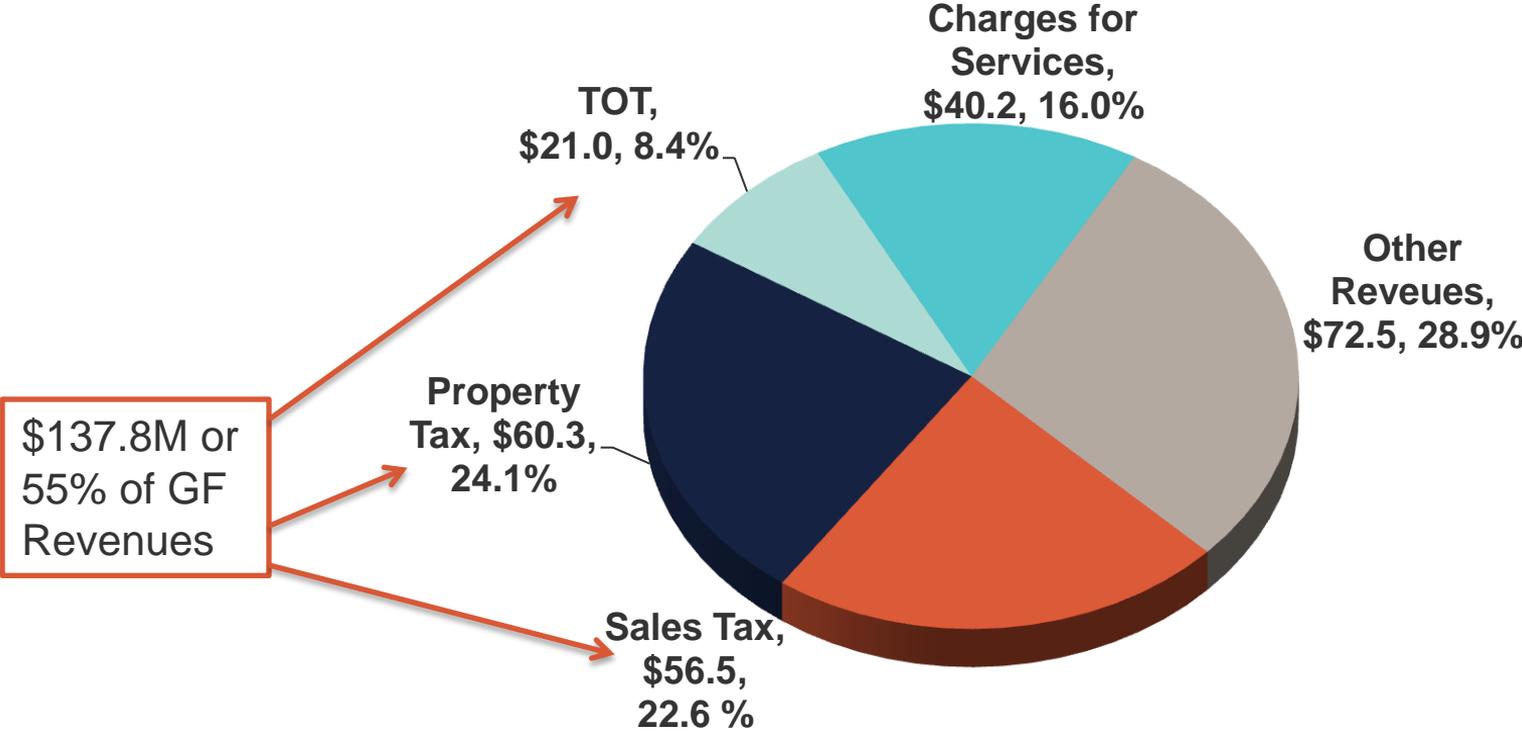

Fiscal Outlook

- Unfunded Infrastructure and increasing demands for service
- Need for Strategic Plan on revenue opportunities and expenditure management
- City Council has continued to build up reserves, with one-time funds, and continues to adopt strong budget principles
- There are predictable events that will adversely impact our fiscal outlook, e.g., economic slow down, CalPERS reform actions, etc.

- 2nd Largest General Fund Revenue Source
- Business to Business sales make up almost half of the City's Sales Tax

Transient Occupancy Tax (TOT)

- 3rd Largest General Fund Revenue Source
- Economic downturn could negatively impact these revenue sources

Fiscal Challenges

Rising Pension Costs

- Managing three impacted categories: retirees, classic members, and new employees (under PEPRA)
- Change in budget methodology decreased forecasted CalPERS costs from prior year
- CalPERS actions lowering the Discount Rate projected to have a significant cost impact -- 7.5% to 7% over three years
- New 10-Year Financial Plan using the City's actuary (Bartel & Associates) projected CalPERS rates provides structure/framework for fiscal management

Fiscal Challenges

Rising Pension Costs:

- Majority of Actuarial Accrued Liability is due to Retirees
- Current Assets are not sufficient to cover Retirees portion
- 63% of Miscellaneous and 75% of Safety hires in FY 2018/19 were PEPRA

64% of Miscellaneous and 71% of Safety Accrued Liability is due to Retirees

Ten-Year Financial Forecast

- Established Ten-Year Financial Forecast
- Projected Deficits/Surpluses if solved with ongoing dollars (concept of Net Operating Margin)

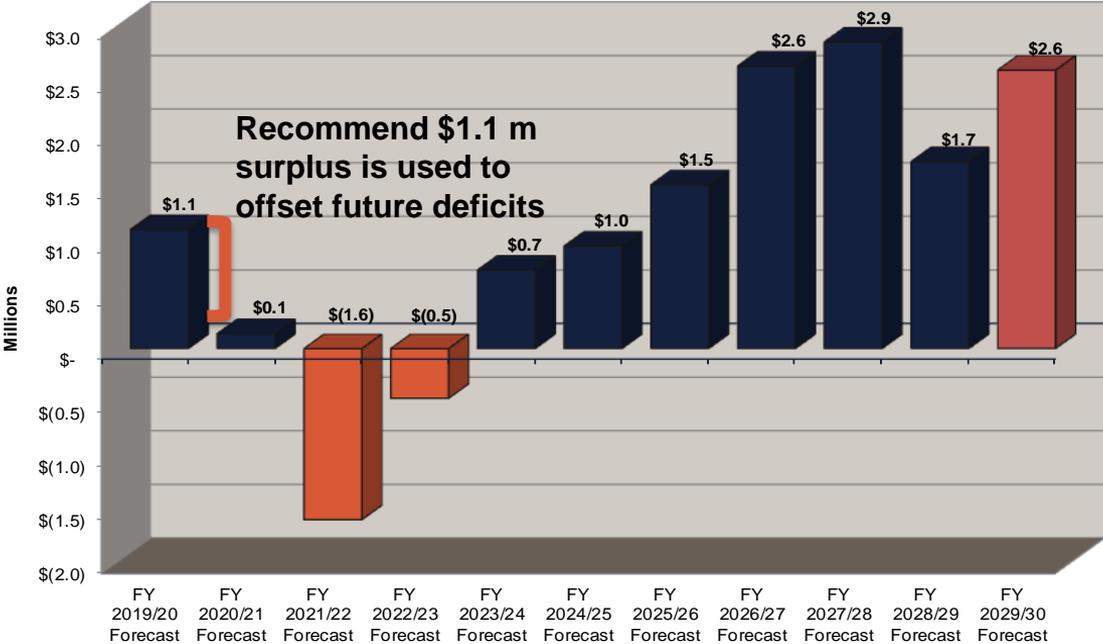

10 Year Financial Forecast Development and Assumptions

- **CalPERS** – Implemented current CalPERS direction/methodology for payments and reflected accordingly in budgeting practices and financial forecast
- **Economic Slow Down Strategy** – Modest economic slow down assumed
- **Revenue and Expenditure Update** – Review of all revenue and expenditures
- **FY 2019/20 Base Budget Review** – Includes modest increases of Base Budget expenditures to maintain current service levels

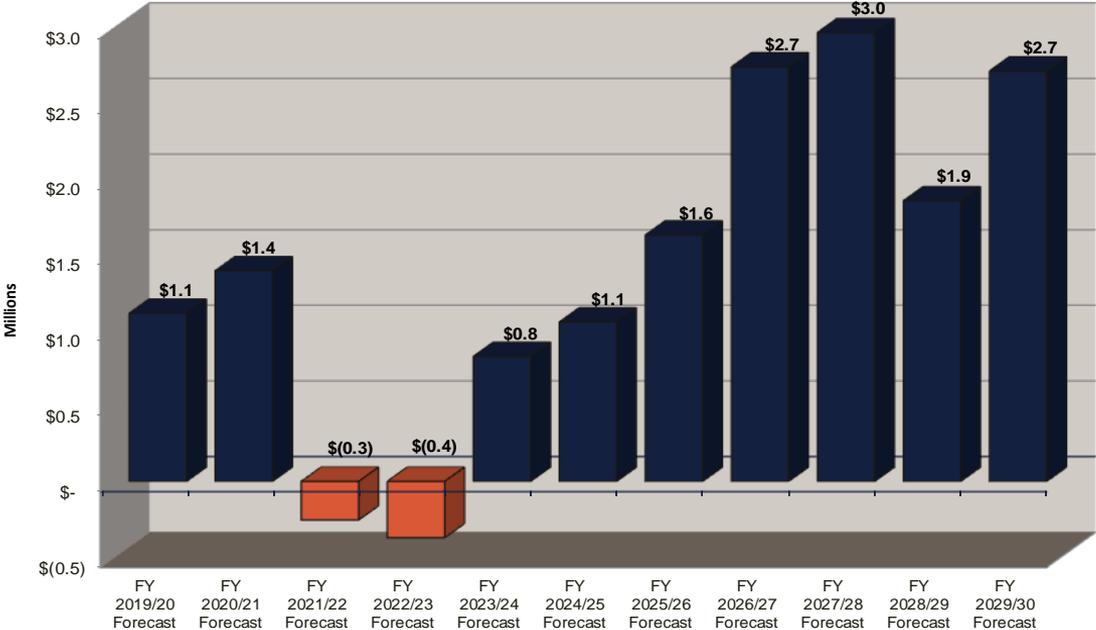

January 2019 General Fund Net Operating Margin – Base Scenario

January 2019 General Fund Net Operating Margin with 1% TOT

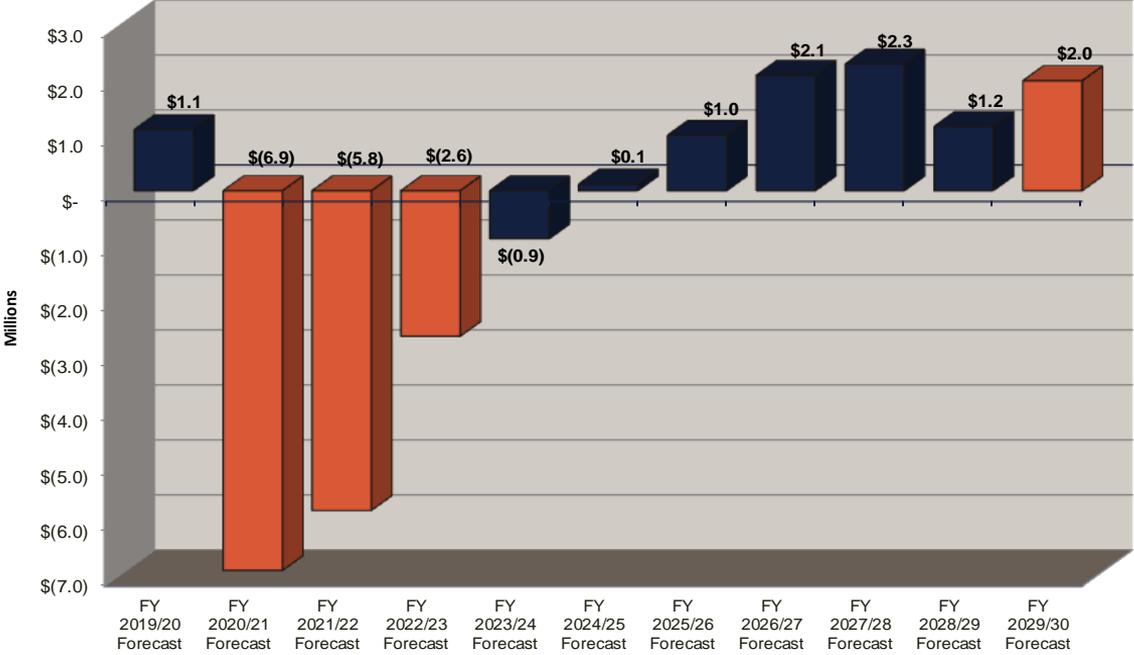

- 1% TOT Ballot Measure would solve ongoing deficits
- 1% Electricity Utility User Tax Ballot Measure could bring additional \$2-\$4 million ongoing (not reflected)

Deeper Recession Scenario – Major Drivers

- **Sales Tax – Consultant data reflecting a recession in FY 2020/21**
 - Overall decline 9.5% in FY 2020/21 and 3.8% decline in FY 2021/22
- **Transient Occupancy Tax – volatile and driven by hotel occupancy and room rates**
 - Revenues are volatile and declines would follow similar trend to Sales Tax
- **Property Tax – delayed and moderate effect due to timing of property assessments and Proposition 13 cap**
 - Assume growth drops to 5% in FY 2021/22 and 4% in FY 2022/23
- **Assume lower interest rates during recession**

Potential Impacts to Forecast

U.S. Business Cycles

Economic expansion is the second-longest in U.S. History

- Currently on track to become the longest expansion
- June 2009 to current
- 116 + months

Note: Based on Annual GDP Growth

Potential Impacts to Forecast

- Decrease in Stadium Authority revenue
- Labor negotiations and expenditures beyond assumptions
- CalPERS actuarial changes or any CalPERS reform actions
- Infrastructure Operating Budget impacts
- Economy
- State/Federal Legislative Changes
- Further refinement of major tax revenue projections
- Development Projects:
 - Revenue Impact
 - Staffing

Budget Work Plan for FY 2019/20 & 2020/21

- Two-year Operating Budget Development currently underway
- Update to the two-year Capital Improvement Plan (CIP)
 - Moved to a two-year CIP budget in the prior year
 - Updates to the CIP for 2019/20 will be limited and included as part of the Operating Budget Report to Council
- Stadium Authority Operating, Debt Service, Capital Budget and Marketing Plan
 - Study Session scheduled for March 6, 2019
 - Board action scheduled for March 19, 2019

FY 2019/20 & 2020/21 Budget Approach

Overall budget approach

- Continuing to positioning City for potential economic slow down through prudent management of reserves
- Manage project cost escalations by holding some projects for a more favorable bidding climate
- Revenue projections will be reflective of historical trends
- Managing changes in total compensation, specifically salary and pension costs

FY 2019/20 & 2020/21 Budget Approach

Potential New Revenue Sources

- Community benefits programs
- Review of current taxes including TOT and Business License Tax Rates and Methodology
- Development of new revenue (e.g., UUT) and review other revenue opportunities
- Review of fees and charges for adjustment to full cost where appropriate (Study underway)
- Consideration of potential new or modernization of impact fees (Study underway)

FY 2018/19 & 19/20 Capital Improvement Plan (CIP)

- Adopted a two-year CIP Budget in FY 2018/19. Adjustments to the FY 2019/20 CIP included in the Annual Budget
- Incorporated City Council Priorities for fiscal alignment
- Departments focused on approved projects in prior Capital Budgets
- Address health/safety issues and serious deferred maintenance needs
- Long-term budget decisions based on using data from the Ten-Year Financial Plan

FY 2019/20 & 20/21 Annual Operating Budget

- New Format for Budget
 - Greater level of detail and increased transparency
 - Budget format has not changed since the 90's
 - Budget will include beginning and ending balances for all funds
- Long-term fiscal decision making (Self-solve budget requests)
- Continue community engagement and transparency efforts
- Limited number of personnel/new vehicle requests will be considered

FY 2019/20 & 20/21 Annual Operating Budget

- Improve business processes (may require use of one-time funds)
- No longer beginning with a status quo budget for the base year
 - Departments were asked to develop their base budgets and they were submitted in December 2018
- Requests should only be made for items that can be completed or be well underway in FY 2019/20 & 2020/21
- Use of other funds before use of the General Fund – Shift expenditures from General Fund to other funds where appropriate
- All budgets will be scrutinized regardless of funding source

18. **Traffic Fee Impact Update**
19. **Safe Routes to School Program**
20. **Minimum Wage and Worker Retention Policy**

Maintain Adequate Staffing Levels

(Recommended: Manage Strategically Our Workforce Capacity and Resources)

- 1. City’s Workload > Staff Capacity/Levels:** We have less resources than surrounding cities and are far more complex, how we use our capacity requires more strategy.
- 2. Deficit refinement/budget due diligence saved dozens of positions in year 1** (40-50 positions). This came by deliberate decision to reduce process, which opened up capacity.
- 3. Organizational Development Efforts** – Executive Management training and development to keep skills sharp and modern. Training and develop require capacity.
- 4. Civic Scholars Program** – Flexible, no-cost opportunity for working adults to complete BA degree
- 5. Hired key staff vacancies:** Recruitment and Retainment of Staff need a Reboot!
- 6. Civic Center Master Plan** to address space needs
- 7. Cannabis Tax Measure** and tax implementation will produce revenue, but also draw resources
- 8. Good labor relations and negotiated contracts.**

Voters to consider Council election change on June 5

A ballot measure to change the way Santa Clara elects members of the City Council will be considered by voters during the Gubernatorial Primary Election on Tuesday, June 5. If approved, the City Charter would be amended so that Council members are elected to represent one of two districts. (How to divide the City into two districts will be determined at public hearings in the spring.) Each district will have three Council members and only residents of the district will vote for those Council positions. Currently candidates run for a specific Council seat, which does not represent a geographical district, and are elected by all voters in the City.

The June 5, 2018 Gubernatorial Primary Election is the first step in the transition process. If the Charter Amendment measure passes in June, then in the November 2018 election two Council members would be elected to four-year terms for District 1 by residents living in that district. Voters throughout the City will also elect a Mayor for a four-year term in November 2018.

The second phase of the transition would occur in 2020, when voters in District 1 would select a Council member for a two-year term and voters in District 2 would select three Council members for four-year terms.

To be eligible to vote in the June 5 election, residents must be registered to vote by May 21. Requests to vote by mail ballot must be received by May 29. More information on how to register and request mail ballots can be found on the Santa Clara County Registrar of Voters website, SCCgov.org, and from the Santa Clara City Clerk's Office, 1930 Warburton Ave, 408-615-2220 or the website SantaClaraVotes.org.

Ranked Choice Voting in the future

Currently, Santa Clara uses plurality voting, where the candidate who receives the most votes is elected. A new type of voting method – a form of Ranked Choice Voting – could be put in place beginning as early as the 2020 election if the City Charter amendment measure is approved in June 2018. In this method, voters rank candidates on their ballot in order of preference and candidates must receive a certain threshold of voter support to be elected. More detailed information will be provided to voters before the system is put into place.

All of these election changes were recommended by a Charter Review Committee appointed by the City Council.

Central Park Annex coming soon

A new public park is nearly complete between Kialy Boulevard and Miles Drive. It includes areas with native grasses and creek upland habitat, as well as a new playground, picnic area, grass lawn and restroom. Promoteas Development will turn over the two-acre park to the City at a public dedication event to be scheduled in early 2018.

Council goal-setting session in January

The public is invited to attend the City Council's goal-setting session on Jan. 10-20 from 8:00 a.m. to 5:00 p.m. at the Santa Clara Convention Center.

The entire session will be live streamed on the City's YouTube and Facebook channels. City priorities will be determined for the next two years during this session.

For information, call the Mayor/Council Office at (408) 815-2220 or check the City website at SantaClaraCA.gov.

Fire Department helps fight wildfire

The Santa Clara Fire Department dispatched Engine 90 and a crew of four firefighters to Southern California on Dec. 5 to help fight the massive wildfire in Ventura County. The team was assigned to structure protection. Explosive, gusty winds – clocked at more than 75 mph – fed the fire that destroyed 150+ homes in one night. Wind-drive fire embers made for tenuous conditions. At press time, the fire had scorched more than 236,000 acres but was slowly coming under control.

Enhance Community Engagement and Transparency

9. Community programs:

- Leadership Santa Clara
- Neighborhood Watch
- Boards & Commissions

10. Re-Launched City's app, MySantaClara with expanded service options and increased accessibility to City staff and resources

11. Developed a 10-year Fiscal Outlook to provide better transparency for residents to review and understand the City's fiscal outlook

Ensure Compliance with Measure J and Manage Levi's Stadium

1. **Completed comprehensive audit status monitoring** framework of Stadium costs and financial reporting. Findings from comprehensive audit of Stadium were implemented, which led to an updated approach to managing the contracts and other processes.
2. **Set aside \$630,000** for establishing a **Community Room** at the Stadium.
3. **Negotiated Concessionaires Agreement** for Levi's Stadium. Monitoring workforce retention.
4. **Implemented real-time noise monitoring program.**
5. **Established telephone number** to receive input from residents.
6. **Conducted robust community engagement** process on impacts of the Stadium to establish solid data for future improvements.
7. **College Football Playoff (CFP) National Championship** – Agreement to ensure no losses to Stadium Authority or City.

Ensure Compliance with Measure J and Manage Levi's Stadium

8. **Independent Auditor Function** – took action to obtain in-house and external independent auditors to address specific Board direction (such as reconciling public safety expenditures charged to “Construction Fund”), as well as ongoing needs.
9. **Improved Budget Transparency** – separated Stadium Authority budget to demonstrate resource revenue and expenditure for the Stadium.
10. **Marketing Plan** – implemented new process to review the draft Marketing Plan in a study session prior to acting on the Plan at a subsequent Board Meeting.
11. **Improved Financial Reporting** – inclusion of the non-NFL net revenue by event type and event revenue and expenses by category in annual report. See 4th Quarter Report for detailed reporting.
12. **SCSA/Levi's Stadium Selected for two projects for study by NYU**– community engagement and financial analysis of regional economic impact of large events.
13. **Accountability to Agreements** – issued several letters to Tenant on agreement provisions that require compliance or improved performance.

Sustainability

Recommended new Council Priority Pillar

Sustainability – Current Efforts

1. **Improve energy efficiency at aging City buildings**
2. **Waste reduction (Organics Collection)**

Operational Priorities

Human Resources Department

**City of
Santa Clara**
The Center of What's Possible

Existing Resources – Human Resources

	FTEs	Budget
— Employee Benefits and Records	8	\$1,847,138
— Recruitment and Selection	7	\$1,793,335
Total	15	\$3,640,473

Service Delivery to Customer Highlights

HR is an internal service department that supports the 14 City departments, 1116.25 Full Time Employees (FTEs) and approximately 930 “As Needed” employees.

HR provides support in these key areas:

- **Benefits Administration:** new hire orientations; open enrollment; administration of all forms of benefits – health, leaves, retirement
- **Labor Relations:** negotiate labor contracts with ten (10) bargaining units; interpret contracts; meet and confer; review and resolve grievances
- **Employee Relations:** assist employees by interpreting policies and procedures; career coaching and development; listen to employee concerns; mediate and facilitate employee conflict resolution

Service Delivery to Customer Highlights

- **Recruitment, Testing and Selection for all City Employees**
 - 2017/2018 HR conducted 90 recruitments
 - 2017/2018 HR processed 213 new hires and promotions
 - Over the past five years:
 - Recruitments increased by 36%
 - Application processing increased by 52%
- **Conduct Classification and Compensation studies**
- **Staff the City's Civil Service Commission (CSC):** The CSC reviews and approves job descriptions and sits as our Board of Review at personnel hearings

Service Delivery to Customer Highlights

- **Staffs the Salary Setting Commission (SSC):** The SSC, recently established via Charter amendment, sets City elected officials compensation every two years
- **Safety-related functions:** Manage workers' compensation claims, ergonomic assessments, coordinate the Department of Transportation drug and alcohol random drug testing program and Personal Protective Equipment tests and fittings
- **EEO Office:** provides mandated sexual harassment prevention training per the law, conducts and oversees employee investigations, receives complaints and mediates conflict

Accomplishments

- Hired 122 new employees and promoted 91 employees in FY2017/18
- Streamlined the recruitment process by going paperless with Neogov
- Worked closely with Finance and IT to implement a new method to properly calculate FLSA overtime pay for non-exempt employees
- Provided mandated harassment prevention training for 108 supervisors and refresher non-mandated harassment prevention training for 135 non-supervisors
- Negotiated five (5) successful MOU's in FY2017/18 (IAFF, Fire Management, Employees Association, AFSCME, and Miscellaneous Management)
- With the assistance of the Assistant City Clerk's Office and Communications, recruited for and confirmed members to the new Salary Setting Commission by the Civil Service Commission

Upcoming Policy Issues

- Department Organization Review and development of prioritized implementation plan for resulting recommendations
- Workforce development
- Open bargaining tables include:
 - Police Officers Association
 - International Brotherhood of Electrical Workers
 - Engineers
 - Public Safety Non-Sworn Employees Association
 - Police Management

Operational Constraints

- Staff Resources – HR staffing levels have not kept pace with the increased growth in scope and day-to-day demands of our internal customers
- Capacity to implement strategic initiatives such as workforce development and process re-engineering
- Constraints to accelerating hiring:
 - Highly competitive job market (both public and private sectors), limited pool of candidates
 - Regional cost of living
 - Resource capacity
- Civic Center workspace availability
- Recruitment and retention limitations: private sector employees expect perks (i.e., yoga at work, dry cleaning, fuel, discounts, workplace fun, teaming space, attractive break areas) that City traditionally hasn't provided

Areas of Opportunity

- Technology improvements to streamline workflow and reduce manual processes
 - training and certification tracking;
 - employee self-service for benefits;
 - online open enrollment;
 - online new employee onboarding;
 - position control; interface from recruitment system to employee database;
 - improved reporting for HR metrics
- Centralized Risk Management function to oversee Workers' Compensation program review and development of safety programs
- Utilizing procurement processes to ensure the City receives the highest value in employee benefit contracts
- Create enterprise-wide training opportunities
- Comprehensive review of job physical requirements and corresponding pre-employment medical screening

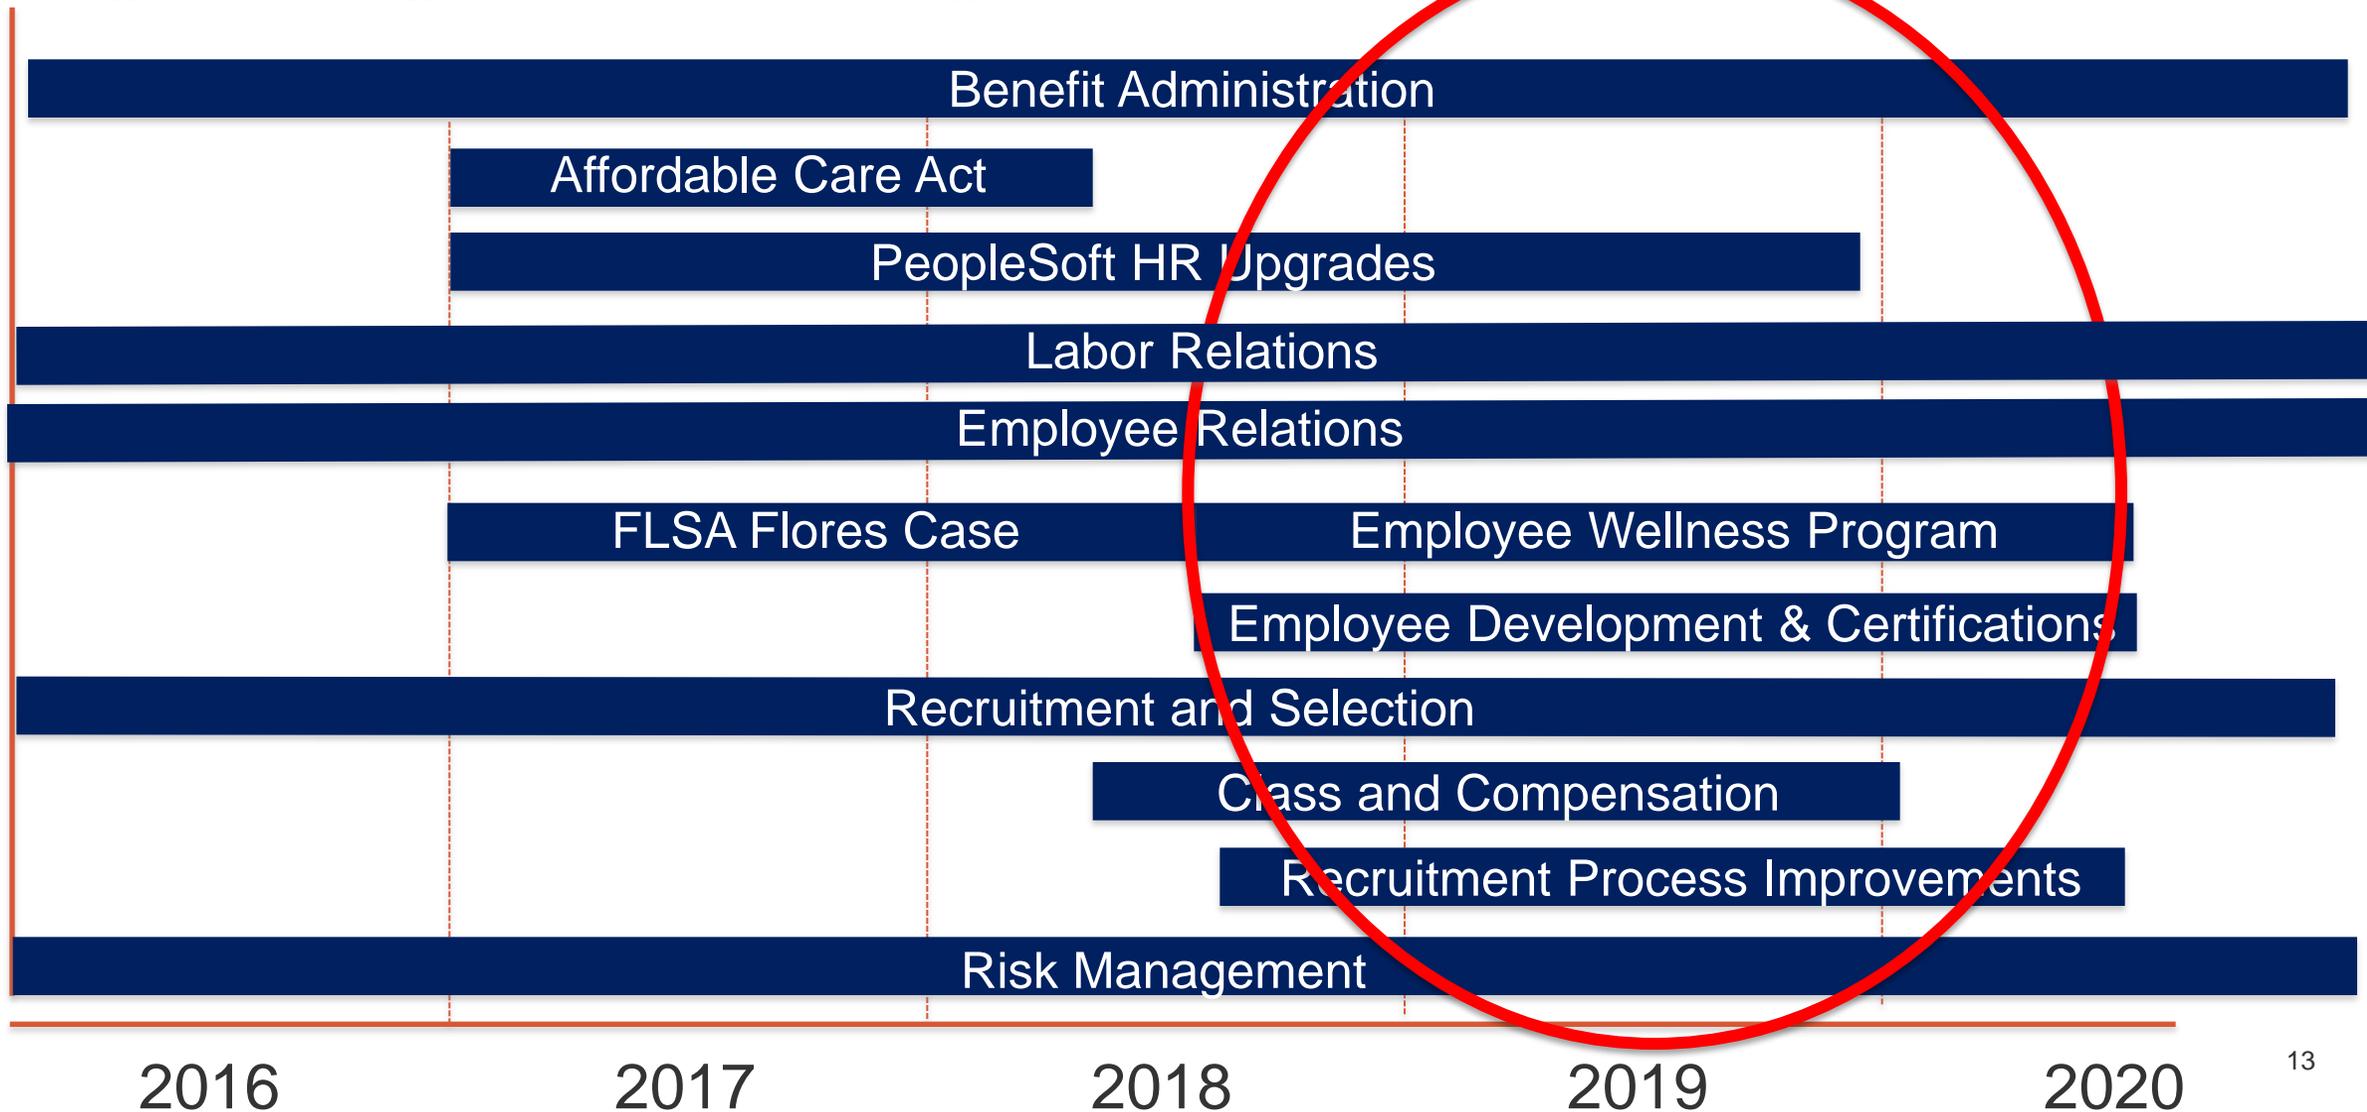

Areas of Opportunity

- Conduct a City-wide Employee Survey (in process though delayed due to staffing constraints)
- Staff the Salary Setting Commission and set elected officials' compensation rates for 2019-2021
- Continue to work with Finance/Payroll regarding audit recommendations and internal controls
- Update workplace environment to be responsive to space constraints and staffing needs

Long Range Planning

Human Resources Department Summary

- Balancing City-wide service demands with the current staffing levels in Human Resources
- We need to be more automated and have more streamlined systems such as position control and other specific systems
- In this current job market, we need to find ways to be competitive within this region to attract applicants for City jobs
 - Workplace amenities and offerings
 - Workplace environment and personal services
 - Tailored training and development
 - Development plans for individuals

Operational Priorities

Finance Department

**City of
Santa Clara**
The Center of What's Possible

Existing Resources – Finance Department

- FTEs - 65
- Operating \$11.7M
- Citywide Fiscal Planning and Administration
- Internal Audit
- Accounting and Financial Reporting Services
- Budget Development and Management
- Debt and Treasury Management

- Selected Vendor for a New Utility Customer Self-Serve Portal
 - Implementation scheduled for January 2019
- Transient Occupancy Tax (TOT) Compliance Audit
- Cost Allocation Plan, Cost of Services and Development Impact Fee Studies underway
- Read 92,000 utility meters and invoiced approximately 62,000 utility accounts each month
- Audit work plan development & implementation

Service Delivery to Customers Highlights (cont.)

- Implementation of online system (GovDeals) for sale of surplus property
- Implementation of BidSync for online vendor management, solicitation of goods and services, and award of contracts
- Restructuring of the Budget Document to provide greater transparency
- Developing a comprehensive two-year Operating Budget
- Implementing a Cannabis Business Tax

Accomplishments

- Implemented PeopleSoft Financial Management System Upgrade
 - Provides Enhanced Self-Service tools for the City's employees
- Completed the first two-year Capital Improvement Plan (CIP) Budget
- Filled key vacancies within the Department such as Assistant Finance Director/City Auditor, Assistant Finance Director, Purchasing Manager, Contracts Manager, Principal Financial Analyst in Budget, and Management Analyst in Budget
- Moved from a five-year forecast to a ten-year forecast
- Transitioned Deferred Compensation Plan provider
- Established an Internal Audit function

Upcoming Policy Issues

- Continuing to develop strategies to strengthen future budgets
 - Revenue initiatives
 - Transient Occupancy Tax (TOT)
 - Utility Users Tax (UUT)
 - Cost Control Initiatives
 - Use of Reserves
 - Unanticipated Expenditures or Fiscal Impacts
- Purchasing Reform
- Audit Workplan

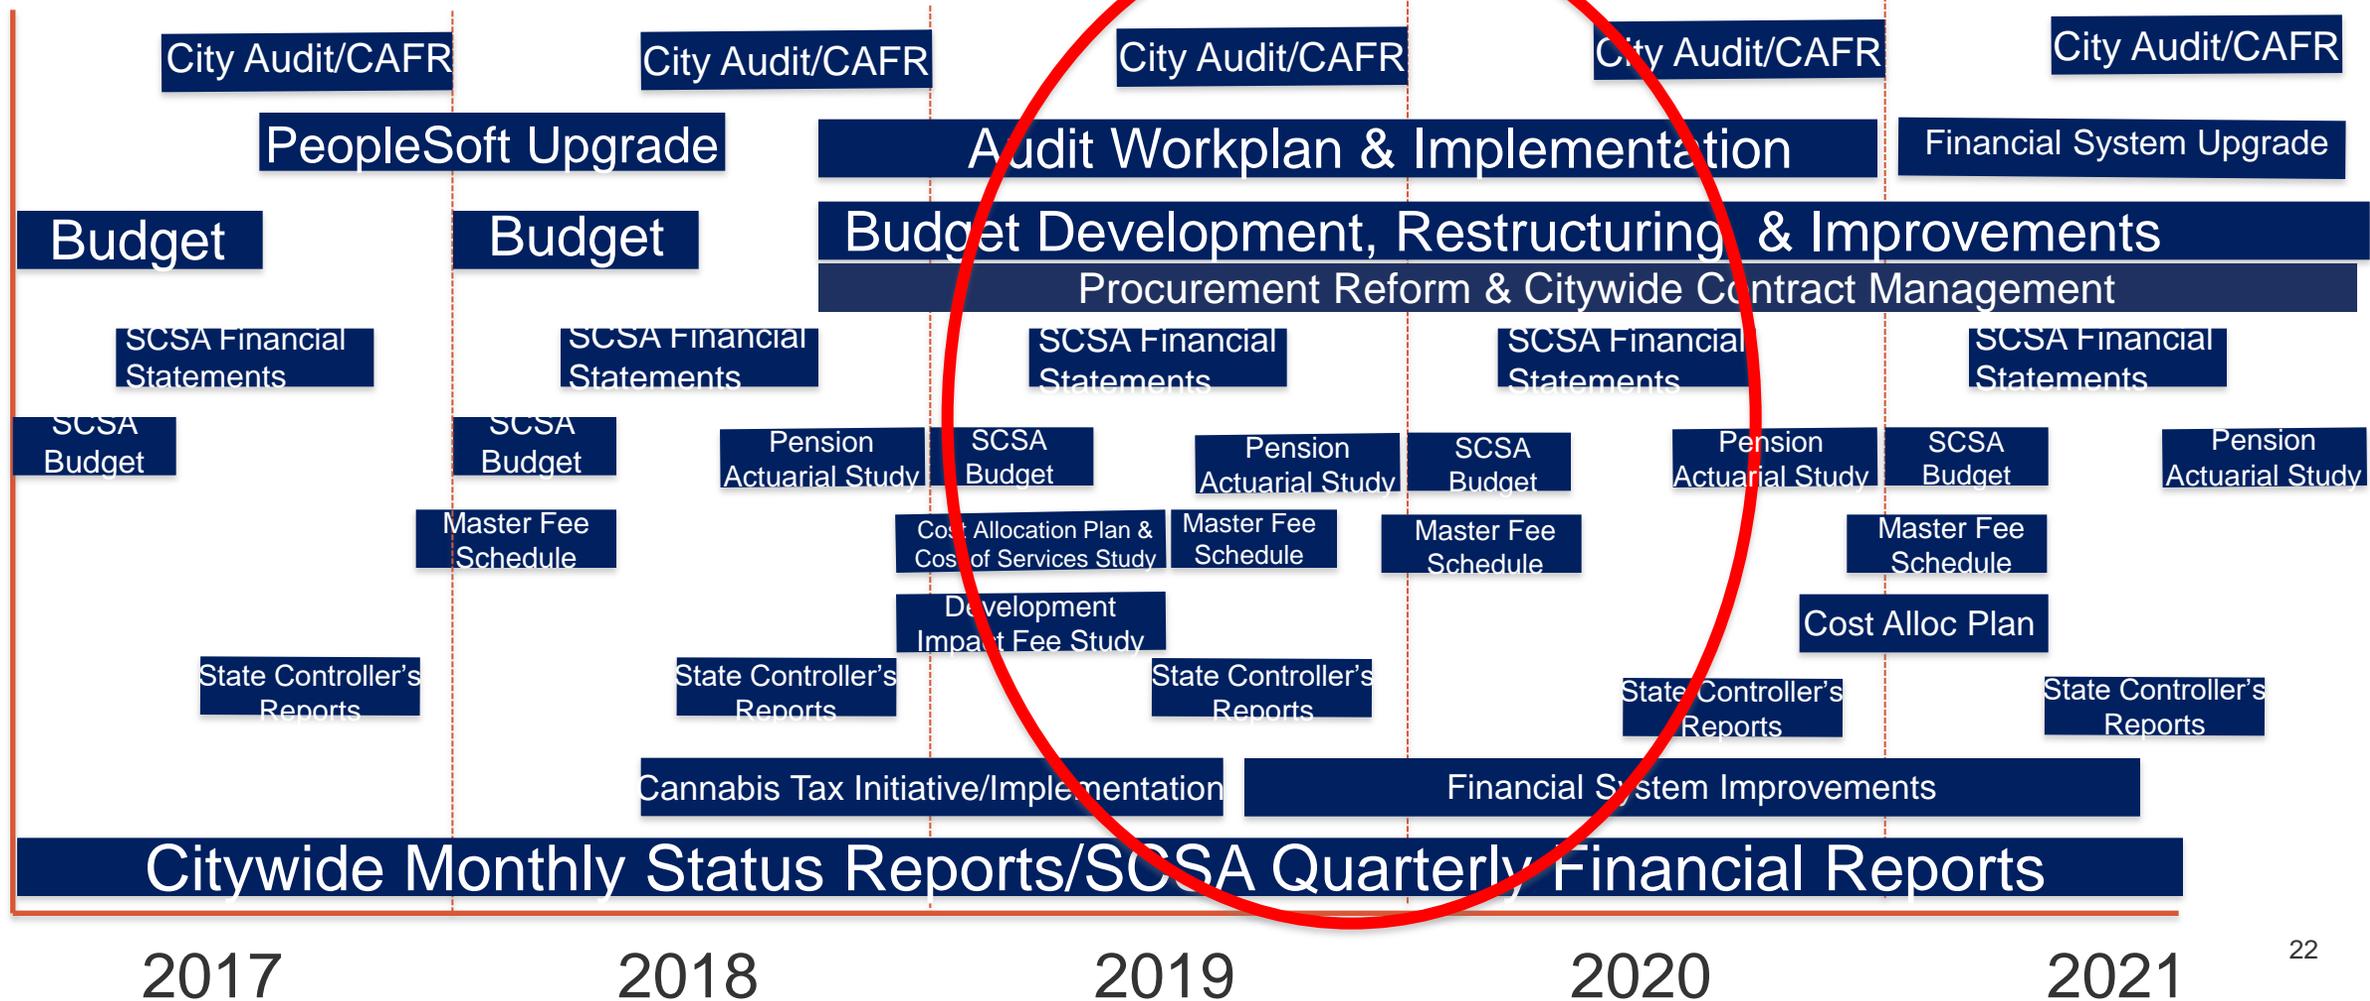

Operational Constraints

- Need to continue to evaluate City budget for improved practices
- Existing Financial System was not designed for local government fund accounting and is costly to the City
- Continued capacity issues related to heavy workload
- Learning curve for new staff
- Purchasing function is de-centralized
- Fiscal and administrative processes are antiquated and labor intensive
- Paper heavy organization with manual processes
- Current office space is inadequate

Long Range Planning

Areas of Opportunity

- Continuing to improve Budget development practices
- Financial System Improvements to eliminate manual processes
- Streamline departmental processes to be more efficient
- Move forward on analysis for new Enterprise Resource Planning (ERP) system
- Implement an on-line budgeting software that connects stakeholders to the City's Budget
- Purchasing and contract management reforms

Finance Department Summary

- Capacity Issues – current staff is stretched, but we continue to make every effort to adequately support departments
- Budget Development – rising pension costs and deferred capital investments
- Department-wide System Upgrades – labor intensive

Upcoming Policy Issues

- ❖ Cybersecurity mandates & regulatory compliance requirements may require new City policy (Personal information, Credit Cards, Health & Criminal Justice)

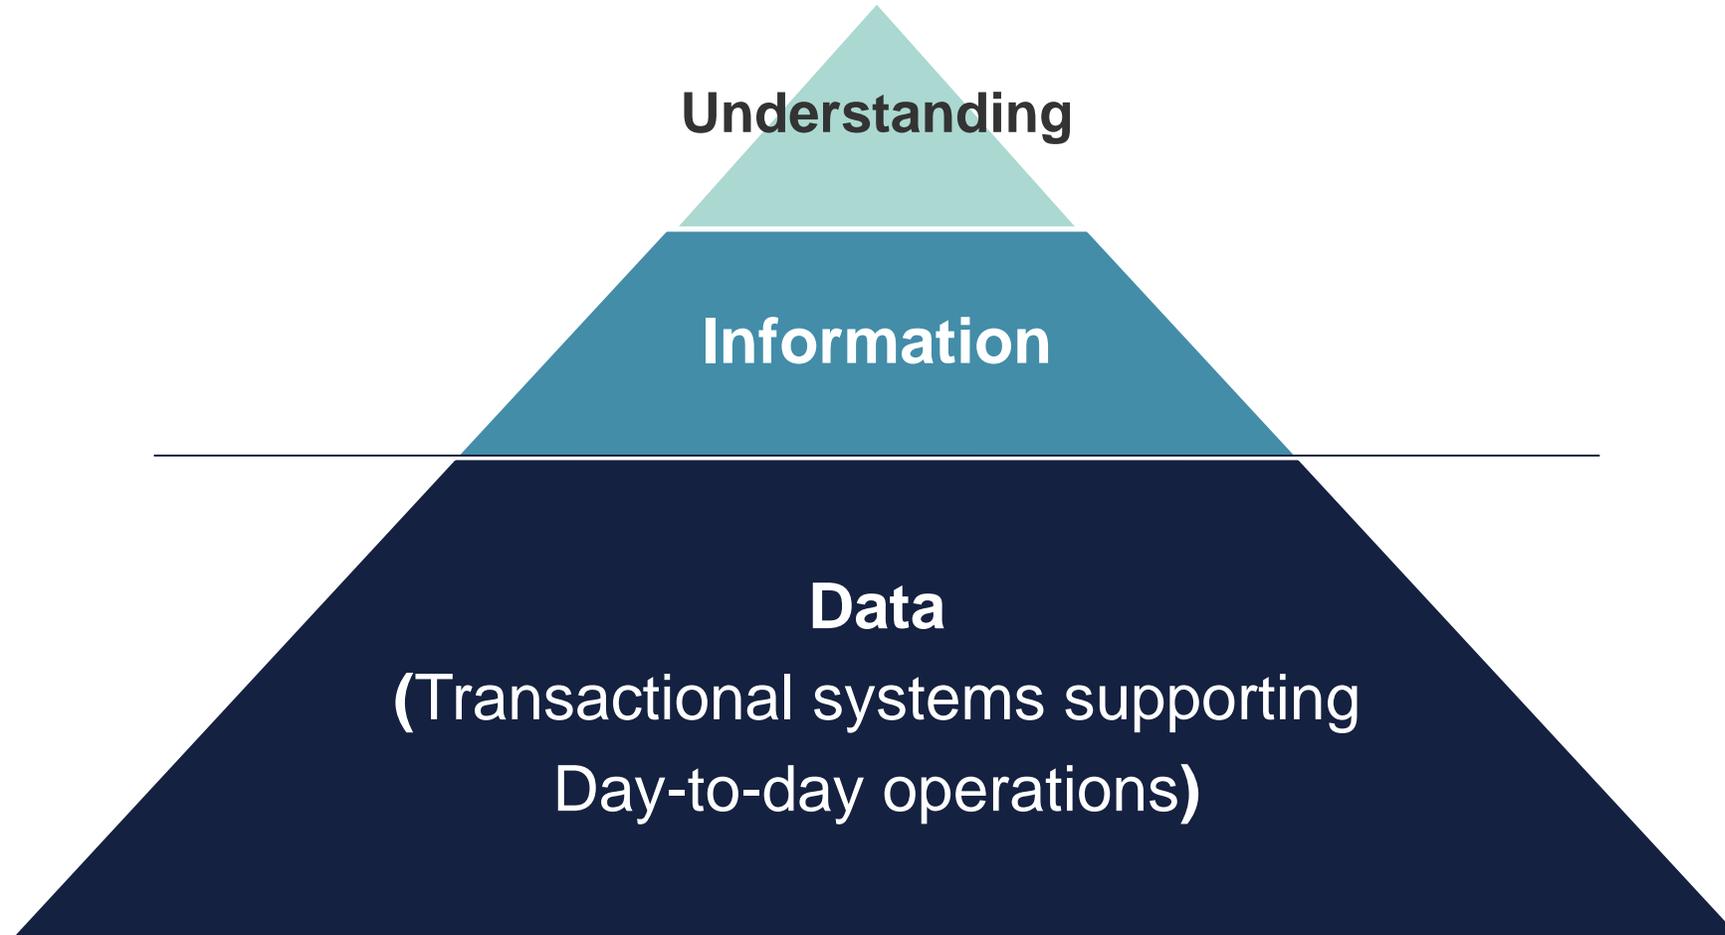

Operational Constraints

- Key vacancies significantly constraining stakeholder outcomes – IT Services Manager, IT Manager Public Safety
- Insufficient office space for staff, temporary space for contractors & cross-department project collaboration teams
- Unprecedented demand for IT services with competing timelines and limited resources – 30 applications remain to be refreshed
- Acquisition of talent (hard to find good resources in Bay Area)
- True accounting & budgeting for technology projects, including departmental backfill, IT resources, business operation analyses, and operational costs
- Strong departmental sponsorship & ownership is key to accomplishing business transformation. We need enhanced focus on business operation analyses.

Data as a strategic asset

Transforming data into understanding

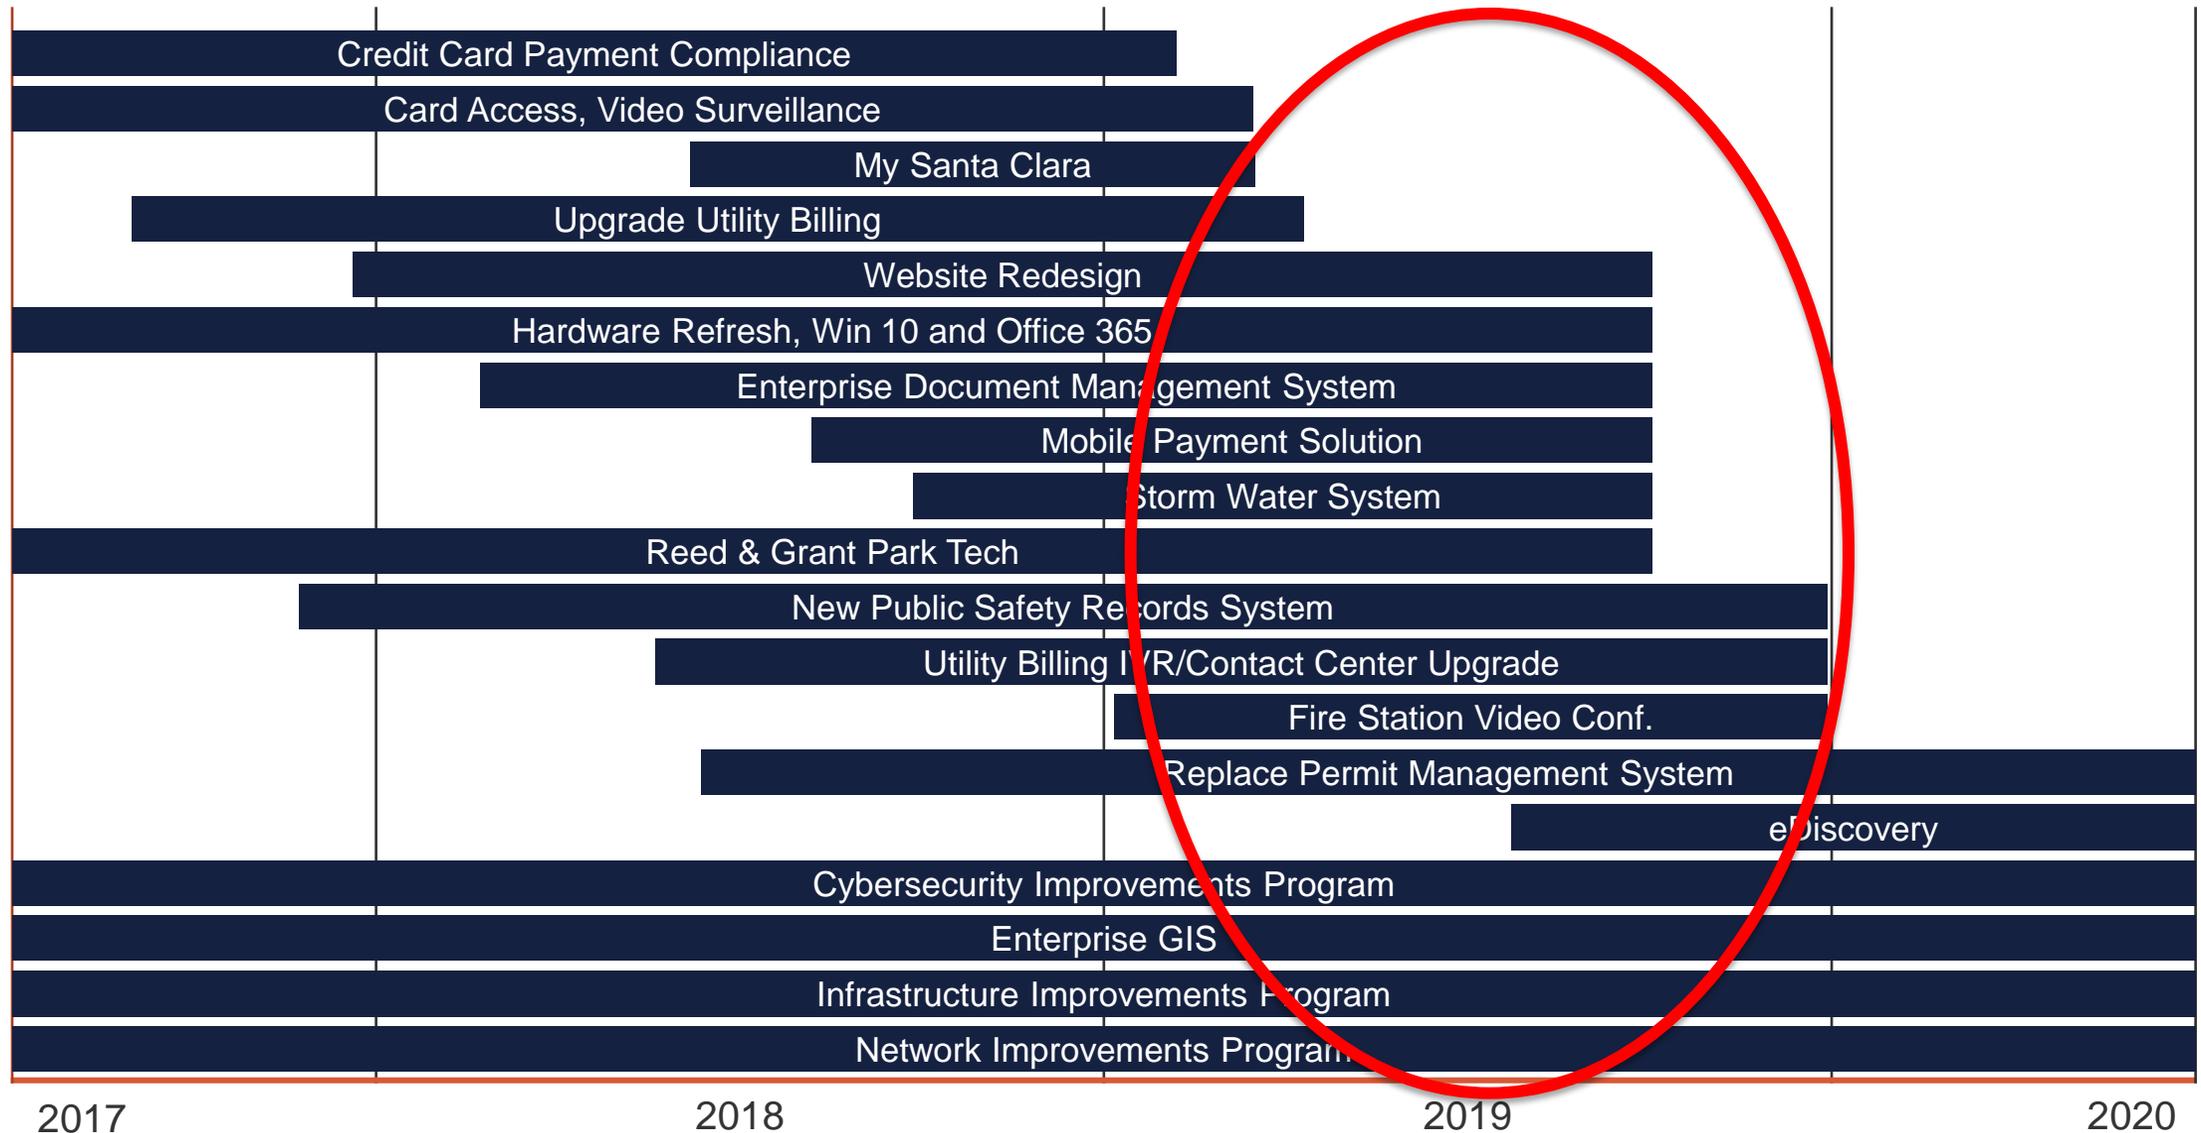

Areas of Opportunity

- Improve data driven decision making and transparency
- Innovative digital strategies for citizen-centric outcomes; anytime, anywhere self-service
- Business process reengineering; electronic processes and workflows; eliminating paper
- Training; organizational change management and workforce development for improved employee engagement
- Knowledge and information repository; improved collaboration capability
- Catalyze increased interdepartmental collaboration and data sharing
- Citywide technology consolidation and rationalization
- Smart City implementation at strategic developments (e.g., CityPlace Santa Clara) as a unique opportunity for strategic outcomes
- Enterprise GIS as a platform for Smart City outcomes
- Develop a Digital Santa Clara/Business IT strategic plan

Long Range Planning

Information Technology Department Summary

- Stable IT service delivery & accomplishments, with much more work to complete
- Unprecedented demand for IT services by City departments – 34 projects in progress
- Committed staff working hard; however, resource constraints and vacancies inhibiting outcomes
- Desire throughout the organization to shed paper intensive processes for enhanced use of technology
- Tremendous opportunity in support of Council priorities & City's mission

Operational Priorities

Office of Assistant City Clerk

In July 2018, the Council took action to bifurcate the Elected City Clerk and Assistant City Clerk duties and assigned the daily professional City Clerk duties to the Assistant City Clerk (except for elections).

**City of
Santa Clara**
The Center of What's Possible

Existing Resources – Assistant City Clerk’s Office

• FTEs	5
• Operating Budget:	
— Council/Administration	\$561,433
— Public Information/Legislative Records Management	\$464,924
— Political Reform Act	\$396,247
	<hr/>
	Total
	\$1,422,604

*Separate budget of \$450,000 allocated for Election Duties

Service Delivery to Customers Highlights

- Prepare meeting agendas and minutes
- Ensure proper posting and noticing to comply with Brown Act
- Maintain the City's legislative history consistent of the retention schedule
- Support organization with responding to Public Records Requests in a timely manner
- Conduct recruitment for all Boards and Commissions
- Monitor compliance with campaign finance, statement of economic interest, and public disclosure requirements
- Outreach and administrative compliance for the Lobbyist Registry and Open Calendar Policy

Accomplishments

- Conducted a Special Election – June 2018
- Implemented the first phase of the Electronic Public Records Act System
- Collaborated with the City Attorney's Office and introduced Hidden Political Donations (Dark Money) Ordinance
- Updated the Pathway to Citizenship webpage to allow more accessible information on applying for citizenship
- Increased Lobbyist Fees and created a new Client Fee for full cost recovery of the program
- Collaborated with City Attorney and City Manager on CVRA Court directives

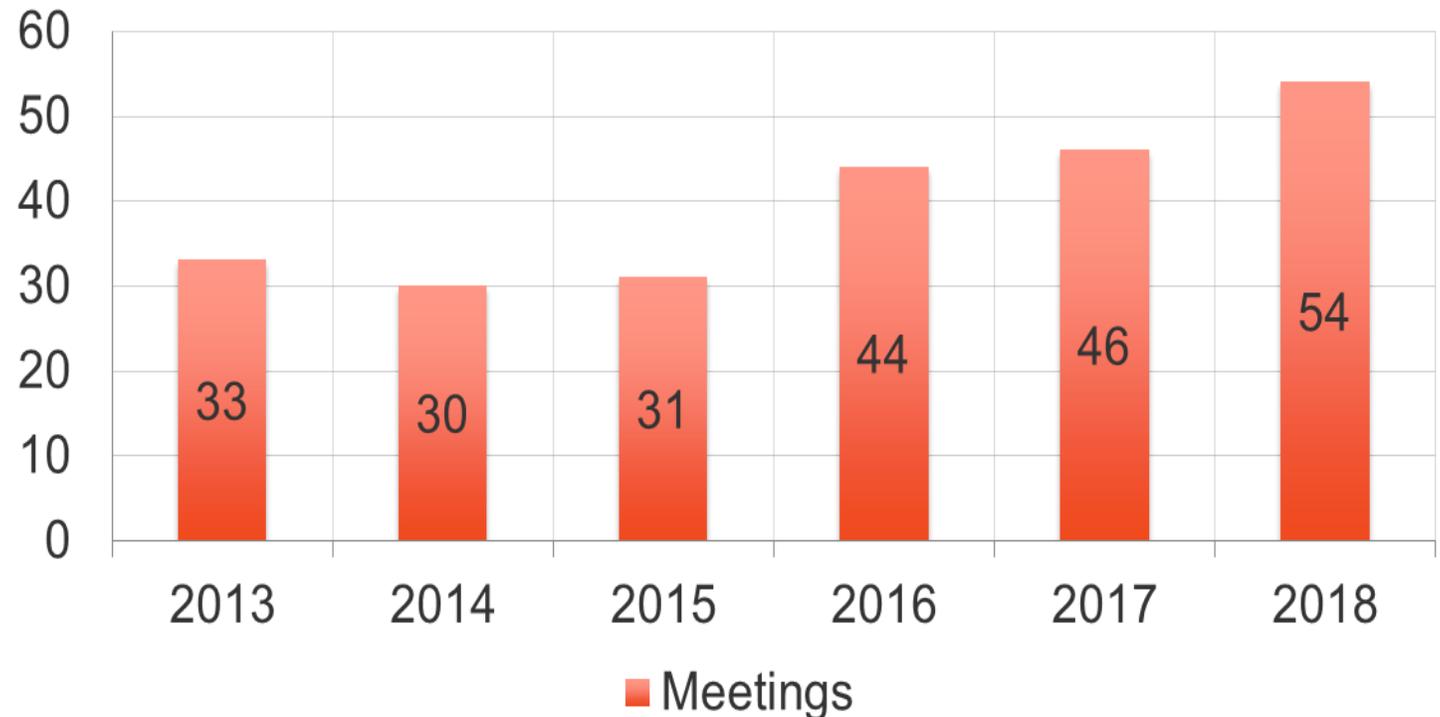

Accomplishments

- Posted Agendas (includes Council, Stadium Authority, Special, Study Session and Oversight Board agendas):

64%

Increase since 2013

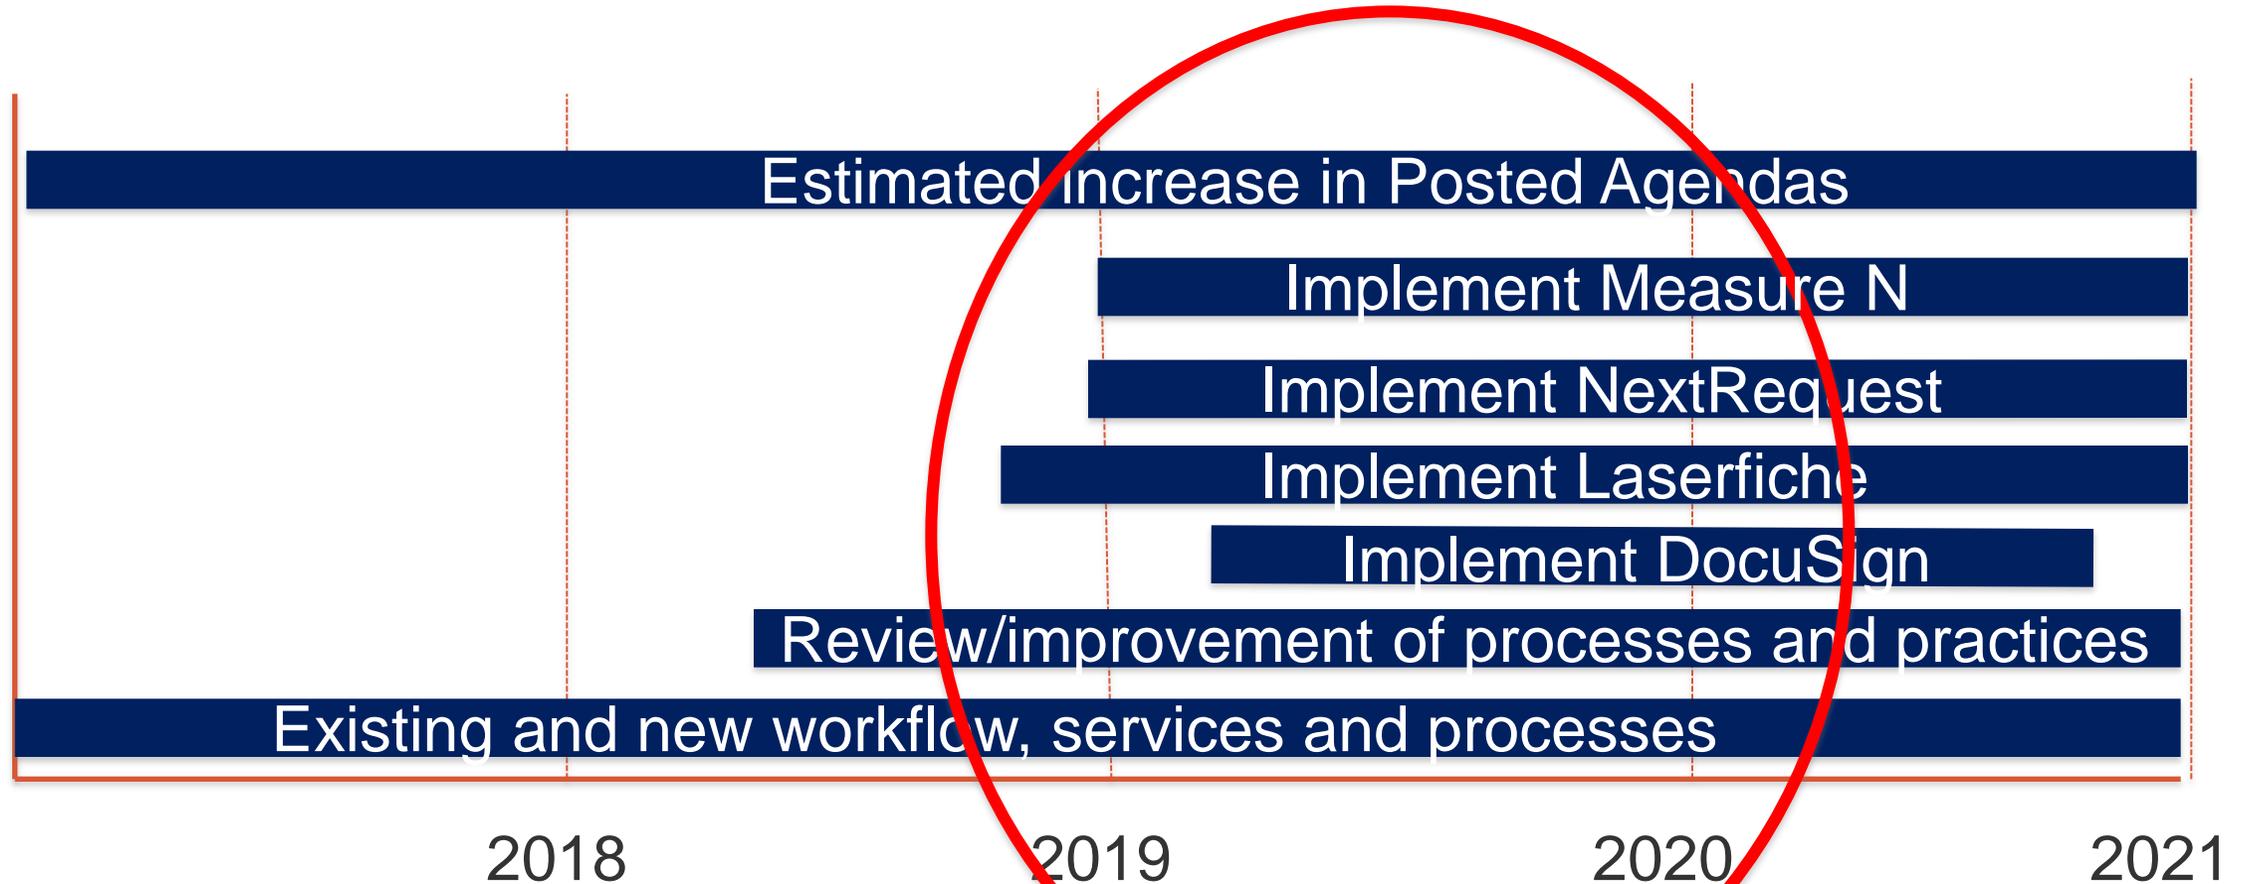

Upcoming Policy Issues

- Trending to increase amount of posted agendas in FY 18/19 – workload for both the agenda process and policy development for staff
- Implementation of Laserfiche enterprise document management system
- Implementation of NextRequest Public Records Act tracking system
- Implementation of DocuSign electronic signature system
- Collaborate with City Attorney and City Manager on implementation of Measure N Charter Amendment for district-based elections

Workload Forecast

Operational Constraints

- City's workload impacts Office's ability to produce agendas in a timely manner and creates unpredictable work schedules. Need to balance out agenda production and restore Thursday publishing in 2019—allows Friday for initiatives
- Major systems launches require time and may impact day to day operations
- Due to new staffing and short tenure, staff requires training and exposure to best practices to hold up basic manual processes
- Current vacancies create an unbalanced workload during technology implementation

Areas of Opportunity

- Opportunity to fundamentally change the way the City operates to be:
 - Less paper intensive administrative processes
 - More collaborative and efficient
 - Greater accountability and higher quality
 - More robust and scalable technology
 - Higher caliber public interface

City Clerk's Office Summary

- Enterprise-wide systems will improve City operations:
 - Agenda management
 - Enterprise document management
 - E-signature
 - Public Records Act management
- There are realities regarding the ability to roll-out **multiple enterprise-wide systems** in a short timeframe that will require **significant attention and adaptability** from staff, the Council and the public.
- Supporting new initiatives is difficult under current workload, which includes:
 - increased number of meetings,
 - implementing of district-based City Council elections
 - Boards and Commissions interview process improvements
- Critical staff vacancies impact the Office's ability to sustain heavy workload in an effective and timely manner.

Long Range Planning

Upcoming Policy Issues

- Update Parkland Dedication in-lieu Fees
 - Nexus Study Inventory, Land valuation and Park improvement value
- Aging Parks & Recreation infrastructure
 - Near term (5YR) needs: Parks \$12.5 million, Buildings \$36 million. (\$53.5 M with cost escalation)
 - Life Cycle (20 YR) needs: Parks \$90 million, Buildings \$65.8 million. (\$155.8 M with cost escalation)
 - Needs exceed current sources and available funds
 - Project Prioritization and Allocation of funding
- Central Park Master Plan
- Acquisition & development policies/plans/agreements for new facilities

Operational Constraints

- Age, condition, and capacity of existing facilities
 - Higher maintenance demands
 - Limited ability to grow programs to meet demand & diversity of community needs
- Construction market conditions (cost escalation, tight materials/labor supply)
 - Impacts park project costs and schedules
- Personnel
 - Same number, increased workload, plan review, training time away
 - New facilities life-cycle maintenance

Areas of Opportunity

- Replace older facilities, equipment and technology
- Implement Parks Enterprise Asset Management (EAMS) and Electronic Work Order System (Lucity) with public interface
- Increased community engagement, collaboration, sponsorships, volunteer utilization
- Increase understanding of recreation market segments, pricing and revenue strategies to support program growth and subsidy priorities
- City-wide Parks & Recreation Master Plan to identify and prioritize needs
 - Acquisition & development plan for new parkland & facilities (size, amenities, locations adjacent to existing parkland, trails and facilities)
 - Recreation service plan to address desirable measurable outcomes (health & fitness, age-friendly, sustainability, natural environment)
 - Identify funding strategies, explore foundation grants and endowments

- \$71M County Funding
- \$21.5M City Subsidy
- 1,950 Inclusionary Units (no direct subsidy)
- Additional Units to be funded with inclusionary fees

Upcoming Policy Issues – Housing

- US Department of Housing and Urban Development (HUD) Annual Appropriations for CDBG and HOME – Funding Cuts?
- Use of Housing Sites / Advancing 100% Affordable Projects (State Regs)
- Partnership / RFP projects – 90 N. Winchester, Corvin Drive, San Tomas
- Inclusionary Housing Ordinance implementation

Operational Constraints

- Staffing – recruitments and retirements
 - 10 FTE filled in 2018
 - 13 Vacancies (6 in process of being hired)
- Staffing – office/work space
- Permit tracking system
- Permit fee levels
- Redistribution of resources to County
- Limited land and funding to support development projects
- Community support for affordable and supportive housing (NIMBYism)
- Capacity to keep up with demand
- Historic focus on operations vs. management

35% of 65 FTE for
the Department

Areas of Opportunity

- Technology Tools
- Streamlined Zoning Code
- Specific Plan communities
- Expanded community engagement and Placemaking initiatives, including next steps for the Mission Branch Library
- New State and regional policies
- Fee and grant supported long-range programs
- Partnership with County to use Measure A funds for affordable housing

ADA Self-Evaluation and Transition Plan

- Project Purpose: Evaluate City's compliance with the Americans with Disabilities Act (ADA)
- Project Scope:
 - Evaluate the City's policies and practices
 - Survey facilities with public access (e.g. parks, public buildings, parking lots, and the public R.O.W.)
 - Identify deficiencies and propose modifications
- Estimated Completion Mid 2020
- Budget: \$.5 M

Pavement Rehabilitation Program

- Perform preventative maintenance and rehabilitation work on existing paved streets
- Maintain Pavement Condition Index (PCI) of 75
- 2019 Project Scope:
 - Approximately 9 miles of various streets, over 150 curb ramps and 16,000 tons of asphalt
 - Seal coat, slurry seal, cape seal, and mill and replacement
 - \$6.2 M Construction Budget (Measure B, SB1, Gas Tax)
- Unfunded amount \$30 million in 5 years

Storm Drain Program

- Rebuild deteriorated Stormwater Infrastructure
- Laurelwood Pump Station Project (\$4.2 M):
 - Replace stormwater pumps & Generator
 - Install electrical and mechanical equipment and controls
 - Improve wet well structures & building
 - Estimated Completion summer 2021
- Unfunded Highest Priority Projects \$30 M (2018 dollars)

Upcoming Policy Issues

Unfunded Infrastructure Needs

- Storm Drain Program
- Roadway Pavement Condition Index (PCI):
 - Reduce PCI goal or Increase Annual Funding
- Building Maintenance Infrastructure, including City Hall and Historic Houses
- Parking Lot and Trail Maintenance
- ADA Transition Plan Implementation
- Bike, Ped, Trail Master Plan Implementation
- Signal Maintenance & Uncontrolled Crosswalks

Upcoming Policy Issues

- Mandatory Organics Recycling Requirements – SB 1383
- Solid Waste Procurement Options
- Roadway Priorities for Multimodal Improvements
- Municipal Regional Stormwater NPDES Permit Requirements (Green stormwater infrastructure, trash load reduction, PCB/mercury reduction)
- Green Fleet Policy
- Pavement Moratorium

Operational Constraints

- Staffing – limited recruitment pool, outside agency coordination for large projects
- Monitoring and supporting new state requirements
- Volume of residential and developer request for service and information through multiple City platforms
- Fiscal constraints impacting service delivery for pavement and sidewalk repair
- Decentralized purchasing has inefficiencies & outsourced insurance verification services delays service agreements
- Civic Center workspace availability
 - Limited office and corporation yard space

Areas of Opportunity

- Realign department staffing model to align with new priorities
- Utilize Consultants for peak workloads in lieu of staffing up
- Interdepartmental process review and options for streamlining
- Centralize and Integrate Services – e.g. Public Works provide landscape maintenance of Silicon Valley Power sites
- Enhance relationships with outside agencies
- Updating Development Fees (types and cost)
- Capital Project Management Database
- Measure B Funding

SANTA CLARA STADIUM AUTHORITY

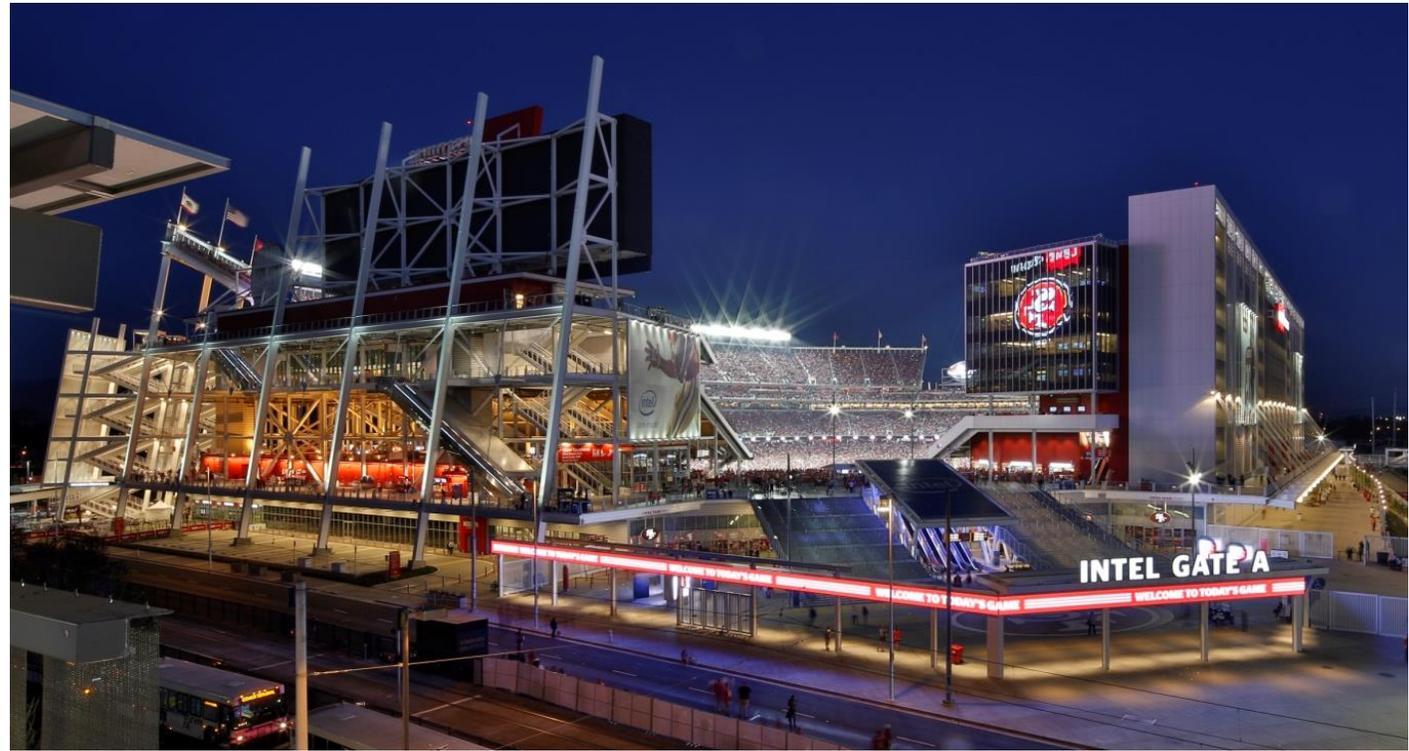

ENSURE COMPLIANCE WITH MEASURE J AND MANAGE LEVI'S STADIUM

Council Policy Priority #6

Stadium Authority Governance - Mission

The Santa Clara Stadium Authority exists as a public body, separate and distinct from the City, and was established to provide for the development and operation of Levi's Stadium.

The Santa Clara Stadium Authority is structured so that the City is not liable for the debts or obligations of the Santa Clara Stadium Authority.

Stadium Authority Governance - Structure

City of Santa Clara

- Land owners
- Ground Lease to Stadium Authority

Santa Clara Stadium Authority (SCSA)

- Governed by Board
Comprised of Councilmembers
- Administered by Executive Director
City Manager
- Stadium owner
- Stadium Lease to StadCo
- Administers Agreements with ManCo for Stadium Management and Operations

49ers (StadCo, ManCo, TeamCo)

- StadCo subleases stadium to TeamCo
- ManCo manages stadium, including day-to-day operations and maintenance
- ManCo handles marketing and booking of Non-NFL Events

StadCo = Forty Niners SC Stadium Company, LLC

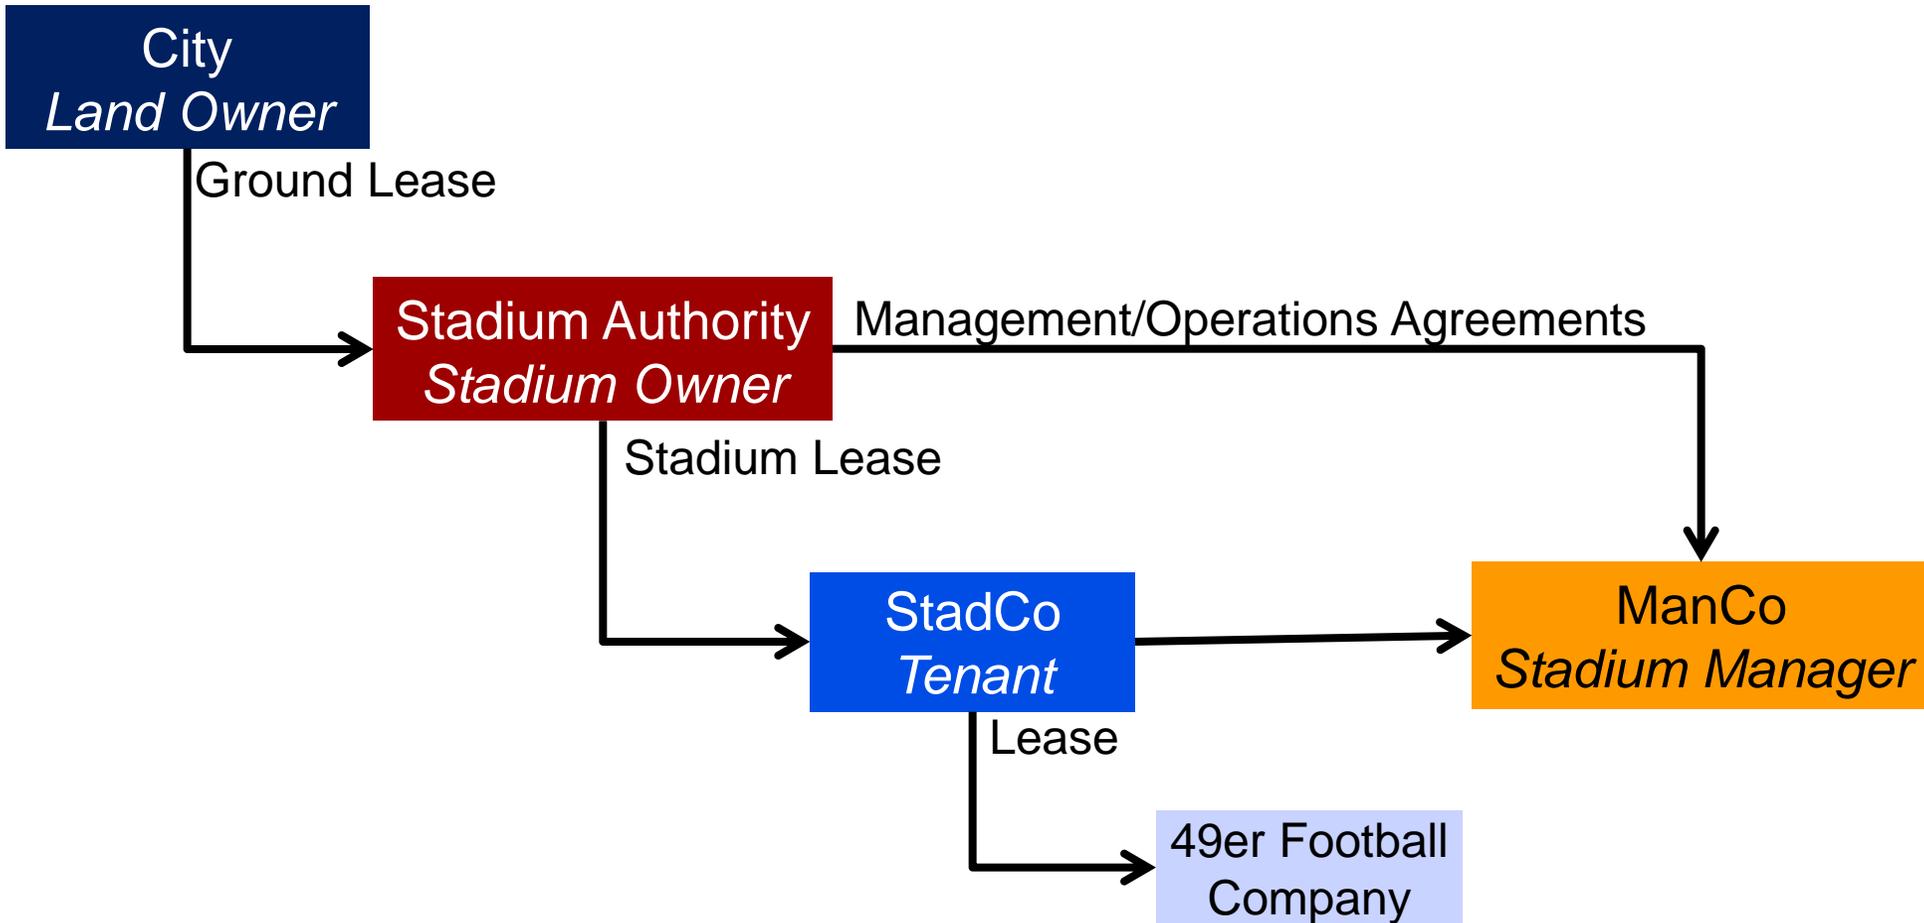

ManCo = Forty Niners Stadium Management Company, LLC

TeamCo = Forty Niners Football Company, LLC

SCSA

SANTA CLARA STADIUM AUTHORITY

Stadium Authority Governance - Structure

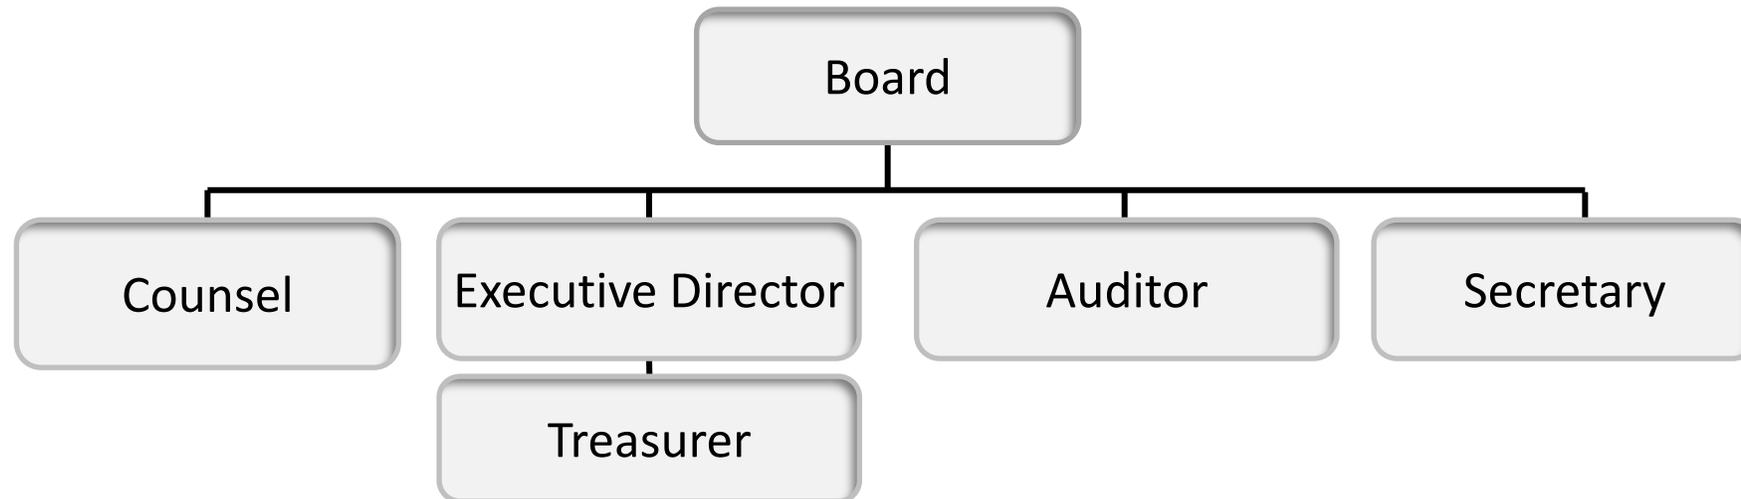

StadCo = Forty Niners SC Stadium Company, LLC

ManCo = Forty Niners Stadium Management Company, LLC

Stadium Authority Governance –Structure

- **Stadium Authority staff** are not 100% assigned to Stadium Authority work
- **Stadium Authority Officers***:

- **Stadium Manager** manages day-to-day operations and maintenance of Stadium for both Stadium Authority and StadCo, and handles marketing and booking of Non-NFL Events

*Stadium Authority Officers serve dual roles for the City and the Stadium Authority.

Stadium Authority Governance - Principles

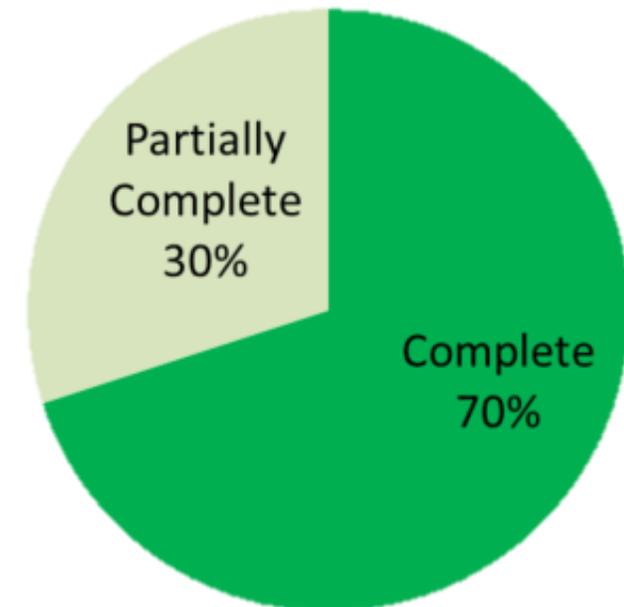

- **Leading the Organization** — Develop, resource, monitor and evaluate a strategic plan to make sure that the organization achieves its purpose acting in accordance with the terms of the Joint Exercise of Powers Agreement Establishing the Santa Clara Stadium Authority and the Joint Powers Agreements law (Government Code §6500, et seq.).
- **Exercising Oversight** — Comply with all relevant legal and regulatory requirements; ensure the appropriate internal financial and management controls; and identify major risk for the organization and determining methods to manage risk in conjunction with stadium authority staff.
- **Transparency and Accountability** — Provide clear, regular, and accurate communication about the Organization and how it is managed and enable engagement with stakeholders and the community for the purpose of planning and policy decision-making.
- **Effectiveness** — Ensure that duties, roles, and responsibilities are understood and in compliance with applicable rules, regulations, and contracts, and that the stadium is managed effectively and efficiently.
- **Integrity** — Disclose, and ensure against, conflicts of interests and upholding duties with fairness and in accordance with the City of Santa Clara Code of Ethics and Values.

Service Delivery to Customers Highlights

- Established Stadium Authority **functional office** at Levi's Stadium
- Piloted **multi-department deployment** to minimize Stadium event related impacts on surrounding neighborhoods
- Established **telephone number to receive input from residents**
- Conducted **robust community engagement process on impacts of the Stadium** to establish solid data for future improvements
- Implemented **real-time noise monitoring program**
- Set aside \$630,000 for establishing a **Community Room at the Stadium**
- Created Stadium Authority Board **Policy Manual** to ensure **best practices** in Governance, Budget and other management areas

Accomplishments

- Agreement to ensure **no financial losses** to Stadium Authority or City for **College Football Playoff (CFP) National Championship**
- Rent Arbitration award resulting in **additional \$262,000 annually in Facility Rent** over 40-year lease term, and award of Attorney's Fees
- **Implemented nearly 70% of findings from a comprehensive audit**, which led to an updated approach to managing the contracts and other processes

Accomplishments

- **Improved Stadium Authority Budget Transparency** by separating resource revenue and expenditures for the Stadium (rather than total net revenue)
- **Improved Financial Reporting** with inclusion of non-NFL net revenue by event type, and event revenue and expenses by category, in FY 2017/18 annual report
- Obtained **possession of majority of financial information from past four Fiscal Years** sought by Stadium Authority Board; financial analysis of data will drive future policy making, but more work is needed.

Accomplishments

- Obtained in-house and external **independent auditors** to address specific Board direction (such as reconciling public safety expenditures charged to “Construction Fund”), and ongoing needs
 - Engaged third party Auditor to provide a **forensic analysis of the Stadium Authority’s Non-NFL Event documents and financial reporting**
- Successfully approved and implemented **Concessions Operating Agreement** in spring 2018, including evaluation and feedback period
 - **Stadium Terrace** (Touchdown Terrace for NFL events) completed and activated
- **First Annual Report** provided to the public and Stadium Authority Board summarizing activities and issues

Accomplishments

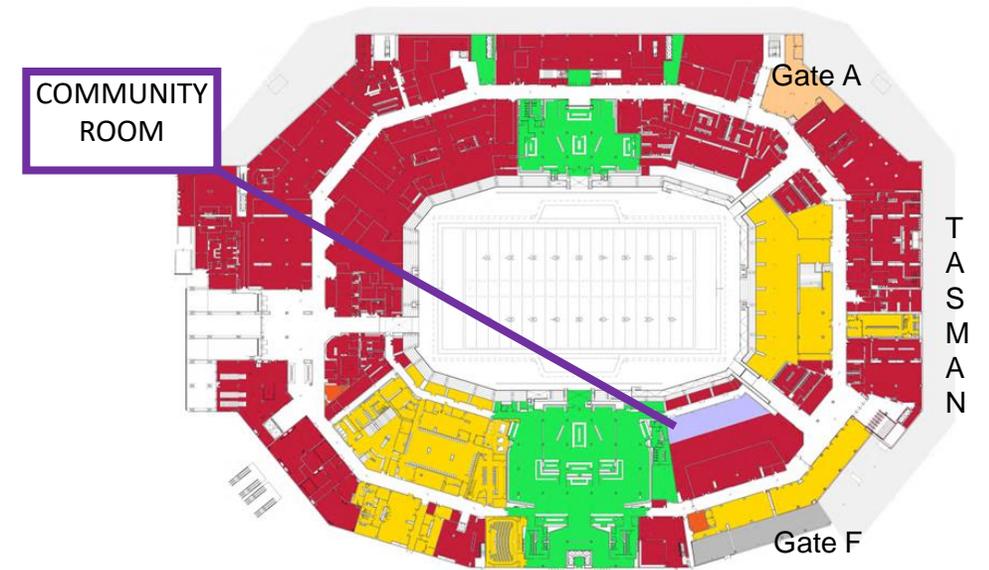

- Implemented new process to review the draft **Marketing Plan** in a study session prior to acting on the Plan at a subsequent Board Meeting
 - Non-NFL **Key Performance Indicators (KPIs)** in development for oversight (Board directed 90 days/ManCo agreed but not completed in time to collect data).
- Implemented **electronic signature capability** (DocuSign) for Stadium Builder Licenses (SBLs) agreements
- Increased **financial services** such as **financial reconciliation and monitoring requirements** of Stadium Authority Agreements
- Issued several letters to Stadium Manager/Tenant on agreement provisions that **require compliance or improved performance**

Accomplishments

- **Expanded GIS services** for Stadium Common Operating Picture (COP) and integrated COP with the new Computer Aided Dispatch (CAD)
- Implemented internal collaboration and communication for **organizational awareness** of services, staffing, and deployment issues for planned NFL/Non-NFL events, and to address community issues via **weekly business meetings**
 - Put in place to develop stronger proactive community communications with goal of addressing community concerns revealed from community research

Upcoming Board Actions

- Community Room disposition at Stadium
- Stadium Authority FY 2019/20 Budget Adoption
 - Study Session to provide input and improve transparency
- Updates/additions to Board Policy Manual
- Consider policy options resulting from Board direction following March 23, 2018 soccer match (changes in deployment already piloted)
- Consider options to keep San Thomas Aquino Creek Trail during Stadium events
- Property Rights/Land Use/ADA issues regarding main entrance, parking, and other issues.

Operational Constraints

- Staff capacity for operations/management:
 - Existing staffing levels, processes and resources are not adequate
 - Closed 2018 with 5 events in 30 days, culminating with CFP National Championship
- Absence of proper collaboration with Management Company on Non-NFL events before event and after event (timely closure of financial report)...additional assessment of detail that is required for disclosure
- Past years of SCSA management has resulted in challenges with managing properly going forward

Operational Constraints

- Basic policies/processes have not been documented and in some cases implemented
- Normal staff turnover results in lack of in-house expertise regarding past decisions, lessons learned, rationale for business practices, etc.
- We are catching up on four years of review and resetting governance and management of SCSA, without proper resources.

Ongoing Efforts – Agreement Compliance

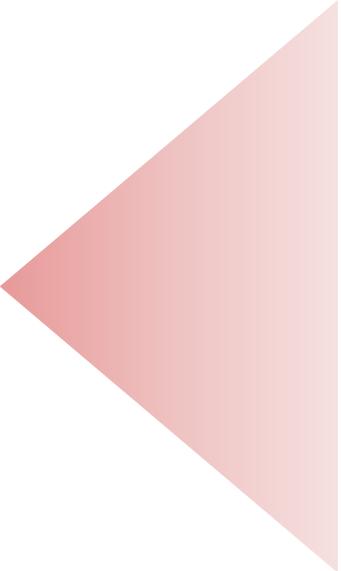

The **Stadium Manager** and the Executive Director shall, **at the request of the Executive Director**, at a mutually convenient time, meet and confer **no less often than quarterly** during the Term of the Management Agreement to **report on the status of the Stadium Manager's activities** pursuant to Paragraph 3 .2 above and the then approved Marketing Plan, **including, without limitation**, the status of Stadium Manager's **marketing and promotional efforts**, the status of any **ongoing negotiations** with respect to Non-NFL Events, **financial performance** and **other matters** relating to past Non-NFL Events, **development of the Marketing Plan** for the succeeding fiscal year, and such other similar or **other topics as the Stadium Authority may request**. In addition, and without limiting the Stadium Manager's obligation to provide an Annual Statement of Stadium Operations pursuant to Section 4.2 of the Existing Management Agreement, the **Stadium Manager shall furnish** the Executive Director, **within 45 days of each Non-NFL event with attendance projected to exceed 25,000** and on a **quarterly basis for all other events**, such **written revenue or other reports** relating to Non-NFL Events as the Parties may agree from time to time.

*- 3.3 Quarterly Status Meetings. Stadium Management Agreement
(First Amendment)*

Ongoing Efforts – Agreement Compliance

- Management Agreement Section 3.3
 - Improve advance coordination of booking of Non-NFL Events to ensure adequate public services to support event.

Since just last August, at least 30 Non-NFL Events have not been properly coordinated with Stadium Authority

SJSU vs. Army West Point
Cal vs UNC
High School Football Series
Rolling Stones Tour
2019 Mexican National Team Tour
2019 Monster Jam
US WNT vs South Africa
Private Events (22)

- More evaluation of what is required for a comprehensive Non-NFL Event report to inform quality and reasonableness of business practices.

Ongoing Efforts

- Fire inspection violations compliance, including review of County's public health inspections to inform "big" picture of Tenant's overall quality of operations in these areas
- Improving multi-departmental approach to minimize impact of events on surrounding neighborhoods
 - Evaluating staffing levels and procedures
 - Increasing/improving proactive communication

Long Range Planning

Stadium Authority Summary

- Council Policy Priority #6: Ensure Compliance with Measure J and Manage Levi's Stadium
- Board and Staff have worked together to establish strong governance and oversight practices with data to manage forward
- 2019 will build on 2018 efforts to:
 - Expand transparency of this public agency's work
 - Ensure compliance with Agreements in place for proper oversight of this publicly owned asset
 - Accountability, Audits, and Oversight

Upcoming Policy Issues

- Senate Bill 1421 – require disclosure of records and incidents related to certain types of incidents (January 1, 2019)
- Assembly Bill 748 – produce video and audio recordings of critical incidents (July 1, 2019)
- Lexipol Policy Manual
- Regulation of Recreational Cannabis and workload impacts
- City-wide Special Event Permitting Process
- Massage Parlor Ordinance

Long Range Planning

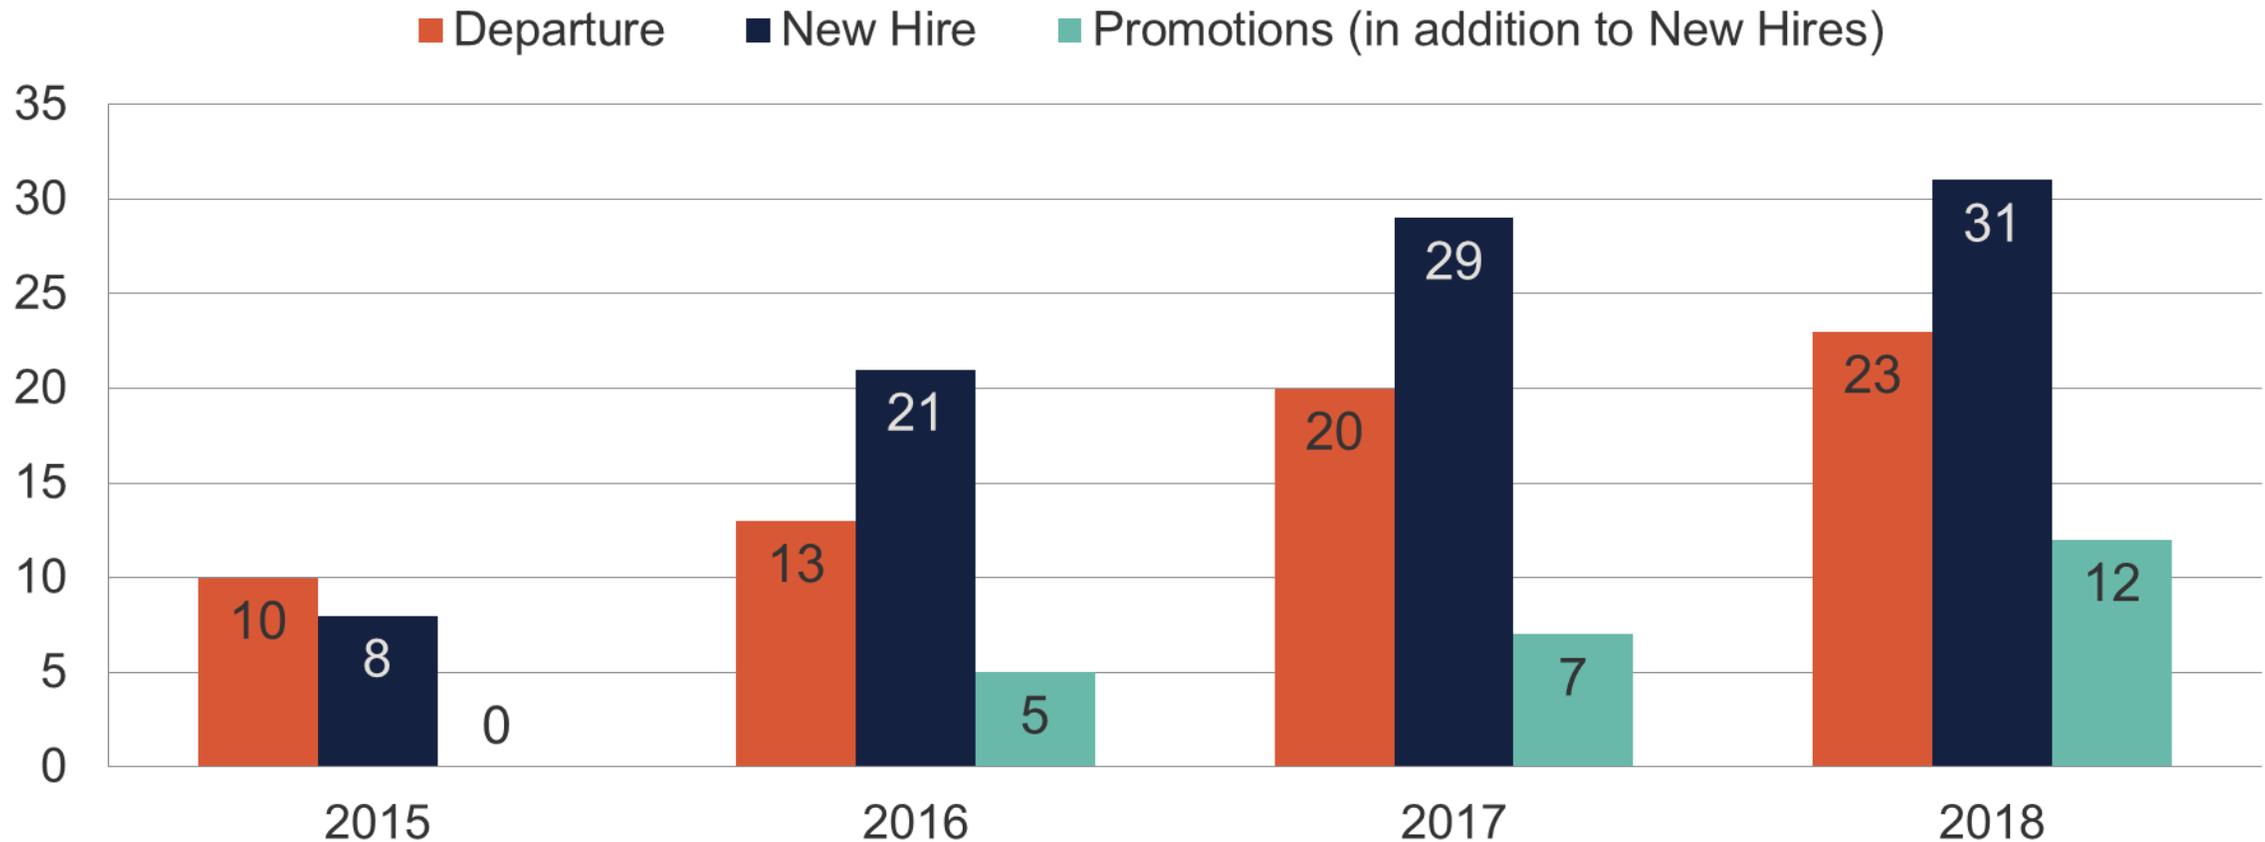

Operational Constraints

- Staffing
 - Increase in Public Records Act requests (new laws and complexity)
 - Demand from community for police-citizen community engagement (social media and programs)
 - Recruiting qualified candidates / demands on Human Resources
 - Length of time from application through training
 - Preparing employees for promotional opportunities
 - Injuries inherent to line of work / Risk Manager
 - Pending retirements
 - Stamina of full-time and as-needed staff to fulfill demands of Levi's Stadium
 - Address mandatory overtime for third party events (e.g. PG&E, Team 200, etc.)

Departure, Hiring and Promotion Summary

*In Fiscal Year 2015/16, SCPD hired CPSM to perform a staffing and operational analysis of the Department. The results and recommendations were presented to City Council on January 16, 2016. Twenty-four additional personnel over Fiscal Years 2016/2017 and 2017/2018, and the Department started a recruiting and hiring committee.

Operational Constraints

- Local Issues
 - Abandoned vehicles
 - RV parking
 - Neighborhood parking (volume of cars, garage/driveway use down, northside impact on Levi's Stadium event days, residential permit parking)
- Regional Issues
 - Property crimes
 - Homelessness
 - RV parking
 - Traffic
 - Mental Illness
 - Law changes Reducing Criminal Sentencing (AB109, Propositions 47 and 57)

Areas of Opportunity

- Meet community demand for citizen-police engagement
- Chief's Advisory Committee
- Police Department Open House, June 1
- Continue to enhance community policing opportunities (Neighborhood Watch, Chat with the Chief, Coffee with a Cop, Talk and Tour)
- Updated Massage Ordinance and related enforcement
- Focus on Property Crimes
