Subject: Strike of Unit 6

Hello, I'm sure your being ininadated with people that are upset and want a raise. I have been a resident of the city of Santa Clara for 6 years. My husband and I have worked very hard to be in this city let alone being in a big city with a small city feeling. We have prided ourselves with hard work as well as the hard work of the Unit 6 employees in the area of our home. We never lived in such a big city are and originally from Santa Cruz county we have never had to fight for the beautification of the city or surroundings because over the hill it is a givin. My first year here in the bay I worked really hard in my medical community to insteal and train my staff to not just beautify and care for our surroundings but it was one of the main reasons I moved to Santa Clara because this city has been the cleanest and most cared fore area around . I currently work in surrounding cities as a nurse and feel very unembumbered when I come home because of the care and beauty Unit 6 has emplyfied in my area which is 2 blocks from the 49 er stadium. Give our people the raise they deserve and stop this madness. We deserve a clean city that we will all be happy to continue to live in.
