

Bicycle and Pedestrian Advisory Committee Annual Work Plan Topic Request Form

Requestor Name:

Jane Casamajor

Date:

Proposed Topic Title:

Trial runs of new bike and pedestrian infrastructure

Background and Discussion: Please provide justification regarding how this topic pertains to the Bicycle and Pedestrian Advisory Committee's roles and responsibilities:

I would like to investigate the possibility of adding a trial run of any significant new bicycle and pedestrian infrastructure as part of the approval process. I understand that this is a labor intensive process and will require volunteers to make happen. However it seems to be a powerful tool both for gaining public support and for finding flaws that do not appear on renderings.
