Three things are needed for a successful BMX track in Santa Clara: the Cities land, USABMX sanction, and a good operating group. PAL is not part of a successful equation. Respect to their history of supporting the track and Nick and the team of volunteers, but they will not run a successful track, the city, PAL and more importantly all the riders like my 10 and 12 year olds lose the track. Please vote "no" to returning the lease to PAL and assign the lease to USABMX. Thank you!

The track needs to be sanctioned. Please figure it out.

The PAL board made a mistake in not monitoring the BMX program. Simply trusting that track operations leader would operate the track in good faith, without taking advantage of PAL's absence was clearly a mistake. Leaving the track with PAL can in fact work as it has worked for the past 30+ years as long as a track operations team works in good faith to coordinate with the parent organization of PAL. We need Santa Clara and PAL to negotiate with USA BMX to keep the CURRENT sanction in place.

We need this track opened not only for practice but to be sanctioned with USA BMX. Please move the leave from PAL. Do it for the kids who love to race at there home track in Santa Clara.

Can you please remove PAL from the track lease? The success and strong ridership of the track is due to the countless time and efforts of all the volunteers. A USA BMX sanctioned track is needed, not just a practice track.

Without a USA BMX sanction, there's no reason to have a BMX track in Santa Clara.

If PAL tries to say that they are open to working with USA BMX to get the sanction back up please ask them what they are doing to make that happen when USA BMX has said openly in many public settings that they are NOT going to sanction PAL to operate this track without the support of Nick Valencia and his team.

While PAL may be open to it, USA BMX is NOT.

People are not going to pay for this and it will end up being a run down bike park with zero economic benefit to the city of Santa Clara.

This track has become amazing and has grown leaps and bounds as being a part of the USABMX system. The support comes from USABMX the notoriety and the destination status that the city benefits from all is tied to USABMX. To end that partnership because of financial issues would be suicide and clearly hurt the city offering to its youth sports. PAL has issues it needs to resolve and it will in time but for now this program needs to continue on with USABMX and get back to the community!

Please Read: My name is Brian Allen and I'm a PAL board member. I retired from SCPD where I was a DARE/School Resource officer and the PAL fishing commissioner. I became a member because I believe in its mission, past volunteers, and the opportunities it provides to our youth. It is truly a nonprofit organization. The board is committed to continued improvement to all its programs, which BMX is a big part of. I am asking for your continued support under our current agreement. Thank You

The only way we will continue to support Santa Clara BMX is with a USA BMX sanction. There is no value to the bmx community to have a practice track not sanctioned by USA BMX. Please put this issue to rest once & for all

so our kids can have their track back and outdoor summer camps with amazing coaches & families back before it's too late and we are forced to move on to other cities. The time is now. Please take PAL off of this lease and let's move forward & continue this amazing program.

We need the BMX Sanction otherwise our community will suffer and discontinue attending to the city of Santa Clara's bmx track. It's embarrassing to allow PAL let such an amazing & vastly profitable program go to waste because of their childish behavior, unprofessionalism, and lack of experience. Not only will the bmx children suffer, next will also be their softball, baseball, & soccer leagues when their funds are gone due to bmx participation going elsewhere. Such a shame & disgrace to all.

The city should strongly consider the proposal to allow USABMX to operate the track as a sanctioned track. Without the USABMX Sanction, the sport loses its credibility and is detrimental to the ridership/kids. We need a USA BMX sanctioned race track.

USA BMX is the gold standard. If we're going to support a track in our community then let's support to the fullest extent possible and have it properly sanctioned and ensure that this is a service that we continue to support going forward.

Arta Kadrijaj

I want USA BMX to sanction the track.

Krissy DiLutro

Location:

Not moving the lease away from PAL means that the track will be unsanctioned. This is detrimental to ridership and is not in the best interest of riders, parents, community and other programs that the revenue from the track, when full sanctioned, funds. I urge you to reconsider this move. Accepting the terms set forth by USA BMX is the only viable option. Stop hurting our children. Move the lease.

Michael Head

Location:

Submitted At: 11:10pm 05-23-22

I am concerned that the report takes no consideration for the kids' ability to race and compete under USA BMX sanction. A track in our urban area is a rarity and affords Santa Clara city (and county) children a special national sport in which to compete. The city should more strongly consider the proposal to allow usabmx to operate the track as a sanctioned track, remove PAL involvement, and turn attention toward locating a replacement site before the Related development closes the track.

To take away youth sports would be a shame children are already losing sports and school sports teach children a lot of good characteristics as they grow into adults such as teamwork leadership responsibility to take this away would be a crime a lot of families rely on the sports and the support that they get from the community and the PAL office.
