“SECTION 6. WORK AUTHORIZATION PROCESS

- 6.1** Contractor acknowledges that Contractor is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section. The City does not guarantee that any specific work will be awarded under this Agreement.
- 6.2** Work Request: When Services are required, City will notify contractors under contract for on-call materials testing and special inspection services to provide a proposal for Services. City will provide a description of the Services required, the basis of award, the deadline for response, and any other pertinent information (Work Request).
- 6.3** Proposal. If Contractor desires to be considered to perform services included in the Work Request, Contractor shall prepare and submit a proposal (Proposal). The Proposal must include all information requested by the City in its Work Request in the format requested by the City and including the following:
 - 6.3.1** A work plan that includes a detailed description by task of the services to be performed.
 - 6.3.2** A project timeline/schedule with discussion of any activities that may impact the project timeline/schedule.

 - 6.3.4** Any required drawings or documents.
 - 6.3.5** A list of City responsibilities.

- 6.3.6.8** A breakdown of materials and labor sufficient to calculate all required taxes.
- 6.3.6.9** Maximum total cost including any required taxes.
- 6.3.6.10** All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for the City to determine that rates are in accordance with the Agreement.

6.3.7 Any costs for additional equipment, parts, or services required for completion of services as detailed in the Work Request and in Contractor's Proposal but not reflected in the Contractor's cost proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

6.3.8 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor.

6.3.9 Contractor must submit a revised Proposal to the City based upon such negotiations.

6.4 Authorization of Work:

6.4.1 If the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation

in Section 6 of the Agreement, (when combined with all previously authorized Services), the City may authorize the services as set forth in this Section.

6.4.2 For Proposals with a total cost exceeding \$50,000, City will provide approval by executing a Work Authorizations in substantially the same format as Exhibit E ("Work Authorization") and a Purchase Order. Each Work Authorization shall describe the services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the service and deliverables, the system acceptance criteria, warranty provisions, and the maximum compensation for the Work Authorization.

6.4.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Work Authorization.

6.4.4 For Proposals with a total cost less than \$50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve as the Work Authorization.

6.5 Changes to Work Authorization:

6.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional services. If approved, the City will issue a new or amended Work Authorization (if required pursuant to this Section 6.4.2) or Purchase Order (as applicable) to authorize such additional services.

6.5.2 If the change to the Work Authorization is approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

6.5.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.5.4 In the event that issues are identified that can be most efficiently and economically resolved while on site, changes may be approved verbally (in the field), by telephone, or e-mail by the following

authorized individuals: Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Such authorization shall be defined as an Interim Work Order. Contractor shall provide an updated Proposal within two (2) business days so that such changes can be documented in a Work Authorization and/or Purchase Order.

- 6.6** Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization. Purchase Orders are issued by the Finance Department.
- 6.7** A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, Work Authorization, Interim Work Order, or Emergency Work Order – even if the Proposal, Work Authorization, Interim Work Order, or Emergency Work Order expressly states that it is intended to control. Any conflicting terms and conditions in a Work Authorization are invalid and unenforceable. The order of precedence is as follows: (1) Agreement including Exhibits, (2) Work Authorization, (3) Purchase Order, and (4) Proposal.
- 6.8** Each Work Authorization, Purchase Order, Interim Work Order, and Emergency Work Order including those authorizations issued pursuant to Section 6.5.4 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.
- 6.9** If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.
- 6.10** The City (through the individuals listed in Section 6.6 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization, Purchase Order, or an Emergency Work Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.
- 6.11** Proposals, pricing, quotes, and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.
- 6.12** Except where the circumstances in Section 6.5.4 apply, Contractor shall not initiate the services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such services, when

applicable, (2) issued a Purchase Order, and (3) directed Contractor to perform Services.”

3. EXHIBIT B of the Agreement, entitled “SCHEDULE OF FEES”, is deleted and replaced with EXHIBIT B SCHEDULE OF FEES AND PAYMENT PROVISIONS, AMENDED NOVEMBER 1, 2024, attached hereto and incorporated into the Agreement.
4. EXHIBIT E of the Agreement, entitled “SAMPLE WORK AUTHORIZATION FORM”, is attached hereto and incorporated into the Agreement.
5. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.
