POLICE OFFICERS ASSOCIATION, UNIT # 2

~~December 23, 2018~~ – December ~~18~~19, 2021 – December 31, 2025

In accordance with the provisions of Section 18 of the City of Santa Clara Resolution #2979, entitled "Employer-Employee Relations", this Memorandum of Understanding (MOU) constitutes the results of discussions between the City Management Staff (City) and the formally recognized representatives of the Santa Clara Police Officers Association (Association) on all matters within the scope of representation December ~~19~~23, 20~~21~~18 through December ~~31~~18, 20~~25~~4 for the classifications of Police Officer, Police Sergeant, Police Lieutenant, and Police Recruit.

It is hereby proposed and recommended that the City Council adopt the following, effective as indicated:

1. TOTAL COMPENSATION (SUSPENDED FOR THE TERM OF THIS MOU)

A. For the purposes of this agreement, total compensation is defined to include the following items:

- 1) Salary
- 2) Fringe Benefits:
 - a. Retirement**
 - b. Holiday Pay*
 - c. Vacation Pay*
 - d. Uniform Allowance**
 - e. Mandatory Health Ins**
 - f. PERS Health Fund**
 - g. Other Pay
 - h. Retiree Medical
 - i. VEBA
 - j. Deferred Compensation
- 3) Insurance
 - a. Life
 - b. Health
 - c. Dental
 - d. Vision
 - e. Psychological Counseling

**Movement allowed only under the provisions agreed to in this or existing MOU's.

*These elements are directly tied to salary and move as a function of salary. No independent movement is allowed in these element areas.

B. Total compensation as defined above will be determined by computing the total compensation at such time as to permit salary changes for the upcoming MOU year afforded similarly represented classifications of Police Officer in comparable agencies of Palo Alto, Hayward, Milpitas, Redwood City, and Mountain View (benchmark classification) and obtaining the total compensation afforded those comparable agencies.

C. It will be a requirement of the Association to allocate each year in advance, in accordance with the attached tabular description, and consistent with this MOU, the distribution of total compensation monies within the following element areas as noted in Section 1A: 1) salary, 2) fringe benefits, 3) Mandatory Health

Allocation/dental/counseling as described in section 36, and 4) medical insurance premiums, subject to the requirement that the amount of the Kaiser single health insurance premium, including the Public Employees Medical and Hospital Care Act (“PEMHCA”) minimum, be included in the mandatory section of the total compensation array. Distribution of total compensation monies is to be made based upon: 1) the total compensation array for the benchmark classification, and 2) the maximum premiums payable by the City, and not actual premiums to be paid by City, except as noted elsewhere in this MOU.

- D. The total compensation allocation currently in effect, including the City's mandatory contribution rate to the Public Employee's Retirement System (CalPERS), will be the total compensation allocation upon which subsequent adjustment of total compensation is to be based and will be referred to as Base Total Compensation.

2. WAGE ADJUSTMENT (ADJUSTMENT OF TOTAL COMPENSATION METHOD SUSPENDED FOR THIS MOU)

- A. The following language concerning the 12/15-12/16 MOU year from the 12/14 – 12/16 MOU is retained as a historical reference to show how the City and the Association in certain past years have addressed changes in the employer CalPERS retirement rate, including on the Salary Adjustment Form, have utilized a benchmark classification of Police Officer, and adjusted represented employees' total compensation using certain specified survey agencies.

12/15 – 12/16 MOU YEAR. Effective retroactive to December 25, 2015, there will be a 3.1% salary increase for all represented classifications. The City will pay the full CalPERS employer rate increase from FY 2014 - 15 to FY 2015 – 16 during the 2015-16 fiscal year so this increase will not have an adverse impact on salary. The City also will pay any increase in the cost of the Kaiser employee only rate for the 2016 calendar year so this increase will not have an adverse impact on salary.

In addition to the 3.1% salary increase described in the prior paragraph, the City shall prepare a survey of the average total compensation as of October 1, 2015 of agreed-upon survey agencies using the benchmark classification of Police Officer as set forth in Section 1.B. Other than the survey agencies used, the methodology shall be the same as used in the negotiations for tis 12/14-12/16 MOU. The City shall provide the survey information to the Association along with the percentage a Santa Clara Police Officer is above or below the survey average as of October 1, 2015 by November 30, 2015.If the total compensation on the survey for a Step 5 Santa Clara Police Officer is less than 5% above the survey average of total compensation in effect for the survey agencies as of October 1, 2018, the City will provide a further salary increase to represented employees equal to the amount needed to place Step 5 Santa Clara Police Officer at 5% above the survey average. If a Step 5 Santa Clara Police Officer is equal to or more than 5% above the survey average as of October 1, 2015, no further adjustment in salaries will be made (i.e. there will not be a downward adjustment).

If a comparing agency adopts a total compensation adjustment after the City has adopted and implemented the total compensation allocation/salary adjustment form for the 2015 calendar year, and the effective date of the comparing agency's subsequently adopted total compensation adjustment is made effective on or before

October 1, 2015, the City will re-calculate the percent that was needed to place a Step 5 Police Officer at 5% above the survey average as of October 1, 2015 and adjust represented employees' salaries accordingly.

Any recalculations prompted by the foregoing provisions will not entitle the Association to make any change in allocations to the total compensation array [i.e. Salary Adjustment Form] as specified in Item 1C of this agreement.

- B. ~~Effective retroactive to December 23, 2018, for persons still employed on the date the City Council approved this 2018-2021 MOU, employees shall receive a five percent (5%) wage increase. For the December 2019–December 2020 MOU year, employees shall receive a wage increase equal to the increase needed to place a Santa Clara Police Officer at 5.5% above the total compensation average for the survey agencies as of January 1, 2020. For the December 2020–December 2021 MOU year, employees shall receive the wage increase needed to place a Santa Clara Police Officer at 6% above the total compensation average for the survey agencies as of January 1, 2021.~~ All surveys shall use data known and/or ascertainable based upon labor agreements approved by the agency's city council no later than December 1st, and to be effective on or before January 1st of the following calendar year.

C. Wage Increases

- 1) Effective December 19, 2021, all salary ranges in classifications assigned to the Association shall remain status quo.

- a. In recognition of, and to help secure the employees' speedy ratification of this MOU, the City has exercised its discretion to provide a one-time discretionary cash payment of \$5,000 for regular employees (pro-rated for part-time employees) in the bargaining unit following Council approval of this MOU. The Parties intend and understand that this lump sum payment is non-pensionable and will not be reported to CalPERS.

This one-time discretionary cash payment shall only be paid as follows:

Employees who were employed in a classification assigned to the bargaining unit at the time of the disbursement, which is estimated to occur after the first pay period after Council approval of MOU. The one-time discretionary cash payment shall be paid on a day after the first full pay period after Council approval of this MOU.

- 2) Effective December 25, 2022 (the first pay period of calendar year 2023), all salary ranges in classifications assigned to the Association shall remain status quo.

- 3) Effective the first pay period of calendar year 2024, all salary ranges for employees holding positions in classifications assigned to the Association shall be increased by approximately 5.0%.

4) Effective the first pay period of calendar year 2025, all salary ranges for employees holding positions in classifications assigned to the Association shall be increased by approximately 4.0%.

C.D. (SUSPENDED FOR THE TERM OF THIS MOU) Prior to February 1 of each year of this MOU, if it is determined by the Santa Clara Police Officers Association and representatives of Management of the City of Santa Clara, that any of the classifications represented by the Association are 2.5% below the survey average in salary after the common salary adjustment afforded on the dates specified in Sections 2.B. and 2.C, the City of Santa Clara shall adjust such classifications to the nearest salary range to bring them as close as possible to 2.5% above the survey average of the current salary schedule in effect for classified police. This adjustment will become effective the first day of the first full pay period in February of each year.

D.E. There will be no retirement enhancements during the term of this MOU.

E. (SUSPENDED FOR THE TERM OF THIS MOU) It will be the prerogative of the Association to allocate, during the term of this MOU, total compensation monies among the element areas as defined in the foregoing. Specific retirement benefits, excluding City's payment of all or part of the represented employee's share of CalPERS contributions, as may be allowed by the Public Employees Retirement System may be added or deleted subject to the following conditions.

- 1) All such changes will have equal application to all public safety personnel, including eligible members of the Fire Department, if the modification will increase the City contribution rate for public safety employees.
- 2) The Association will assume the responsibility of coordinating with the eligible members of the Fire Bargaining Units and Police Management Unit any desired retirement modifications prior to submission to the City, and be prepared to ensure the City, in writing, that such modifications are consistent with the wishes of the majority of eligible personnel in each of the Public Safety Units.
- 3) A minimum of nine (9) calendar months advance notice will be given the City, in writing, specifying the nature of the desired changes.
- 4) Any cost associated with obtaining the proposed retirement benefit such as actuarial valuations or administrative expenses imposed by CalPERS shall be paid by the Police and Fire units. Before any such costs are incurred, representatives of one of the two units must assume the responsibility of reimbursing the City for all related costs upon demand.

F. It is recognized by both parties to this agreement that it is their mutual responsibility to independently verify, to the extent possible, the accuracy of the information upon which total compensation adjustments are made. Should it be discovered by either party that adjustment(s) to salary and fringe benefits are based on erroneous information or has been erroneously computed, the necessary corrective action will be taken as soon as practical after the discovery and notice of the error has been given. It is the mutual responsibility of both parties to report any suspected error immediately upon discovery to the other party. However, the period for which there

will be a right to recover any monies which are either overpaid by the City or underpaid to the employee shall be limited to an adjustment period of up to 90 calendar days from the date the error was first reported to the other party. The corrective action will be taken even in circumstances where the error may bridge successive MOU's, but the recovery will still be limited to amounts owed or owing during the prior 90 calendar days. The 90 calendar day period will begin upon the date of written notification by personal service upon the other party.

Right of recovery by the City of overpayment shall be limited to recovery over the same period as the overpayment was made. Said repayment will begin with the next paycheck following final determination of the amount to be repaid. Underpayment to the employee shall be made by the City in a lump sum of the amount owed on the next regular paycheck following final determination of the amount to be paid.

POLICE OFFICERS ASSOCIATION DEFINITIONS

1. Top Step Salary -
Maximum step in the monthly salary range for the Police Officer classification (excluding longevity steps). Since Palo Alto as of the time of this agreement incorporates Certification/Education pay into base pay, the top step for salary for Palo Alto to be used in the survey should reflect that practice and the value for certification/education pay elsewhere in the survey shall have a value of zero. Also, since Redwood City's career incentive is treated as the separate classification of "Police Officer – Advanced," the top step salary for Police Officer – Advanced shall be used on the survey, with the value of zero used for longevity for Redwood City.
2. Life, Health, Dental, Vision, LTD, VEBA, Retirement Medical and other Insurance -
Maximum agency monthly contribution per employee to insurance premiums as defined in Item 1A3 and 36 plus maximum agency monthly contribution to other fringe benefit insurance premiums. For retiree medical, for Redwood City (and if applicable to other survey agencies moving forward), the maximum amount to which an active employee would be entitled upon a service retirement. For VEBA, the City's total VEBA contribution shall be \$100/month.
3. Retirement -
Maximum agency monthly contribution to retirement for which any current employee or retiree may be eligible. The survey calculation should reflect classic total pension cost as a percentage of pay (per CalPERS) multiplied by

pensionable pay items for classic employees (i.e. base pay, longevity, certificate/education pay, holiday pay, and uniform allowance).

Deferred compensation will be factored separately from pension contributions.

Once 60% or more of the Association membership is PEPRAs and not Classic, the survey calculation should reflect the PEPRAs total pension cost as a percentage of pay (per CalPERS) multiplied by pensionable pay items for PEPRAs employees (i.e. base pay, longevity, certificate/education pay, and holiday pay).

4. Holiday Pay -

Number of paid holiday hours allowed by agency per year times hourly salary rate of classification, divided by 12.

5. Vacation Pay -

Maximum number of annual paid vacation hours allowed by agency per employee upon completion of five (5) years' service times hourly salary rate for classification divided by 12. The "hourly salary rate" for the survey for purposes of vacation should include the base pay rate, longevity, and certificate/education pay.

6. Other -

Monthly salary equivalent of or maximum monthly agency contribution to other fringe benefits available to all full-time agency employees. To be eligible for inclusion in comparison data, such benefits of the comparing jurisdiction must be of a recurring nature or become part of their compensation base. The survey should include education incentive pay, longevity and career incentive pay, and uniform allowance. Where agencies provide both education and POST certificate pay, such as Hayward does currently, that amount should be included. Regarding uniform allowance for Palo Alto and Redwood City, since these agencies both provide and maintain uniforms, this benefit is a value added service to the employees that is reported as pensionable income for classic employees. Accordingly, the amount reported to CalPERS by Palo Alto (confirmed by Palo Alto HR) and the amount reported to CalPERS by Redwood City (specified in MOU) shall be included in the total compensation survey.

- 7. Psychological Counseling - Actual dollar amount paid for this service during the prior fiscal year divided by the number of budgeted employees divided by 12.
- 8. POST and CIT Premium Pay - Monthly amount paid for Advanced POST Certificate and Crisis Intervention Training (CIT).
- 9. Total Compensation - The sum of Items 1 through 8 above.

~~G. Within 60 days of City Council approval of this 12/18 – 12/21 MOU, the City and the Association will form a joint committee to consider modifications to the Total Compensation Survey criteria set forth above, including, but not limited to, utilizing a blended agency retirement contribution. Any changes to the Total Compensation Survey criteria as presented by the Association during negotiations are subject to mutual agreement by the City and the Association and will be memorialized in writing via a side letter agreement.~~

POLICE OFFICERS ASSOCIATION
TABULAR DESCRIPTION OF
ADJUSTMENT OF TOTAL COMPENSATION

- December 2014 and December 2015 Association provides City with total compensation allocation to be in effect for the forthcoming calendar year.
- December 2014 and December 2015 City adopts total compensation allocation as presented by Association and develops salary schedule to be in effect for the forthcoming calendar year.

3. CHANGES IN ASSIGNMENTS

It is the policy of the Chief of Police that job assignments and/or shifts for represented employees will be changed upon reasonable notice. Reasonable notice shall be deemed to be at least fourteen (14) calendar days prior to implementation of the change in assignment and/or shift.

Shift and assignment vacancies within the Police Department will be filled based primarily on Departmental needs, merit and seniority. Factors to be considered will include, but will not necessarily be limited to, work performance, adaptability, relationships with people, attendance and previous training.

Some assignments may require special abilities, work experience or education. These additional factors will also be considered when filling assignments identified as being more specialized.

If persons seeking the same assignments or shift are reasonably equal in the above listed factors, seniority will determine the final selection.

Shift and assignment vacancies will be open to all qualified employees. Adjustments within a Division may be made prior to a vacancy announcement.

All assignments and shift selections will be made by the Chief of Police.

4. CHEMICAL TESTING

It is the policy of the City of Santa Clara, the Santa Clara Police Department and the Association to provide and maintain a drug and alcohol free work environment for all employees. The above parties recognize and agree that the duties, responsibilities and actions of a police officer may expose the City, the Department and its employees to possible civil or criminal liabilities in the area of drug and alcohol use. In order to address the above concerns, all parties agree as follows:

It will be the responsibility of any represented employee to comply with the Santa Clara Police Department policy on drug and alcohol use, and pursuant thereto, to submit to a blood test as appropriate and chosen by the involved employee when ordered by the Chief of Police or his/her designee. A breath test may be chosen if only alcohol is suspected. All chemical testing shall be administered in a medically approved manner and as soon as practical after being ordered, but no later than six (6) hours after the incident in the case of subsection A, B, C, or D listed below, whether the employee is on-duty or off-duty at the time of the occurrence whenever any of the following occur:

- A. Any incident in which a firearm is discharged by an employee, acting under the color of authority, and death or serious injury is likely to occur. Furthermore, unless the death or serious injury of another occurs, this section will not apply to incidents in which a firearm is discharged accidentally, as a warning shot, or at a dangerous or suffering animal. For the purpose of this section, the use of an extended range impact weapon is not defined as a firearm discharge unless used as deadly force.
- B. Any intentional use of any other deadly or dangerous weapon by an Officer, or an intentional act on the part of an Officer, which proximately causes the death or, or injury likely to produce death to another.
- C. Any traffic accident involving an employee operating a City-owned vehicle which results in death of another or any traffic accident involving an employee operating a City-owned vehicle which results in an injury likely to produce death to another and the employee appears to be the proximate cause of the accident.
- D. Any incident where the Chief of Police or his/her designee has a reasonable belief based upon objective symptoms that an employee is in violation of the departmental policy on drug or alcohol use. The verbal order to submit to a chemical test shall set forth the reasons for the test(s) and shall be followed at the time the test is administered by a written statement of the order.
- E. Any incident where the Chief of Police or his/her designee develops reasonable suspicion that an employee has used illegal drugs. Reasonable suspicion will be defined as that quantity of proof or evidence that is more than a hunch, but less than probable cause and must be based on objective and articulable facts sufficient to lead a reasonable, prudent supervisor to suspect that an employee has used illegal

drugs.

The following examples, alone or in combination, may constitute reasonable suspicion:

- 1) A pattern of documented abnormal or erratic behavior that indicates potential drug use;
 - 2) Direct observation of drug or alcohol use by a reliable and credible source;
 - 3) Corroborated information provided by a reliable and credible source that an employee has engaged in illegal drug use, the identity of which source shall be available to the employee and the Association.
- F. Employees being assigned to or being rotated out of specific assignments shall be subject to drug testing at the beginning and at the end of such assignments. These assignments include the Santa Clara County Special Enforcement Team (SCCSET) and the Drug Enforcement Agency (DEA) task force.

Demands for drug or alcohol analysis by supervisors which are determined to be malicious will not be tolerated and may subject the directing individual to disciplinary action.

"Designee" is defined as any sworn Santa Clara Police Officer with the rank of Assistant Chief, Captain, Lieutenant or Sergeant.

In the event any portion of the Chemical Testing policy herein described in this MOU is in conflict with any non-negotiated policy, procedure, manual or directive, including the Police Operations Manual, the provisions of this MOU shall prevail.

Nothing in this section shall prevent any represented employee from voluntarily requesting or providing a chemical sample if deemed appropriate by the employee.

5. MOTORCYCLE CLEANING

Regular, on-duty time will be allowed for the cleaning of motorcycles, as assigned by the supervisor.

6. HOLIDAY PAY

The number of hours per year for holiday pay is 104 hours (equivalent to 13 work days based on eight (8) hours per day) for all represented employees.

Effective the first full pay period after ratification by Association membership and approval by City Council of this MOU, employees shall receive approximately 7.5% as holiday-in-lieu compensation.

~~[THIS PARAGRAPH IS SUSPENDED FOR THE TERM OF THIS MOU] It shall be the prerogative of Unit #2 to add one-half (1/2) day to the number of allocated holidays as of January 1st of the following calendar year. However, it is understood that should such an addition occur, it will be charged against prospective total compensation and payment for such addition will be prorated over the total number of annual pay periods as is the current practice.~~

~~Any additional permanent holidays designated by the City Council will be afforded represented employees. However, such holidays will be charged against prospective total compensation and payment for such holidays will be prorated over the total number of annual pay periods as is the current practice.~~

7. SICK LEAVE/FAMILY SICK LEAVE/PERSONAL LEAVE

A. SICK LEAVE

- 1) Employees shall accrue ninety-six (96) hours of sick leave per calendar year of regular City employment. Sick leave shall accrue in equal amounts each pay period. Employees shall not accrue sick leave while they are on unpaid status.
- 2) Vacation and CTO may be used to supplement sick leave as available.
- 3) Sick leave will have an unlimited accrual for use. However, payment of sick leave at retirement will be limited to a maximum of 1,500 hours. For employees who have accumulated more than 1,500 hours, the employee shall not be permitted to receive payment at retirement for more than the hours they had on the books as of January 1, 2004, plus 1,500 hours.
- 4) Upon retirement, an employee with at least fifteen (15) years of City service shall be entitled to payment for a portion of their accumulated sick leave balance, as follows:
 - a. An employee with 15 years of City service shall be entitled to be paid 25% of the sick leave accumulated.
 - b. An employee with 20 years of City service shall be entitled to 50% of the sick leave accumulated.
 - c. An employee with 25 years or more service shall be entitled to 75% of the sick leave accumulated.

In lieu of receiving a sick-leave cash payout at retirement, the Association may vote to roll accrued sick leave hours into the employee's Voluntary Employee Beneficiary Association (VEBA) account, subject to Association compliance with Federal rules associated with employee contributions of sick leave to their VEBA accounts.

B. FAMILY SICK LEAVE

- 1) Not more than fifty-six (56) hours of sick leave within one calendar year shall be granted to any employee for the care or attendance upon members of his/her immediate family, unless the use of additional leave is approved by the City Manager or designee. "Immediate family" is defined as spouse, parent, child, sibling, grandparent, grandchild, aunt, uncle, niece, nephew, first cousin, parent by marriage, step-parent, step-child, grandparent by marriage, son-in-law, daughter-in-law, sibling by marriage, foster parent, domestic partner, anyone residing with employee, or anyone dependent on the employee for care.

C. PERSONAL LEAVE

- 1) Each calendar year, an employee is entitled to use thirty-two (32) hours of accrued sick leave as Personal Leave, provided he/she has sufficient sick leave balance available.
- 2) Personal leave is intended to provide the employee with paid time off to attend to legitimate personal business that may arise from time to time during the year. Requests to use personal leave shall be requested and may be granted or denied the same as vacation use requests.

The adoption of this program does not modify the existing ability of the employee to exchange up to 96 hours of accrued sick leave for up to 48 hours of vacation, based upon two (2) hours of sick leave for one (1) hour of vacation as provided and defined in the Personnel and Salary Resolution.

8. BEREAVEMENT LEAVE

- A. The City will provide employees with a paid bereavement leave benefit to attend to the customary obligations arising from the death of a member of an employee's immediate family, as defined in this Section. Employees are eligible to receive up to forty (40) hours of bereavement leave in the event of the death of a parent (including step, adoptive and in-law), child (including step, adoptive and in-law), sibling (including step, adoptive and in-law), spouse or domestic partner; up to three (3) work days (regardless of shift assigned) of bereavement leave in the event of the death of a grandparent (including step, adoptive and in-law), grandchild (including step, adoptive and in-law), aunt (including step, adoptive and in-law) or uncle (including step, adoptive and in-law); and up to one (1) work day (regardless of shift assigned) of bereavement leave in the event of the death of their own or a step, adoptive, or in-law great-grandparent, great-aunt, great-uncle, great-grandchild, niece, nephew, or first cousin.
- B. The bereavement leave benefit is based on each death occurrence and is not charged through the total compensation model.
- C. Up to five (5) work days of additional bereavement leave may be charged to an employee's sick leave balance with City Manager approval.
- D. At the request of the City, the employee will provide verification.

9. LIGHT BODY ARMOR

All currently issued light body armor and vest carriers shall be replaced at City expense five (5) years from the date of issue.

- E. It is recognized that the long standing policy of the City as set forth in the Personnel and Salary Resolution provides that "Vacations shall be taken as determined by the Department Head, subject to the approval of the City Manager. Vacation eligibility will be as set forth in the current Memorandum of Understanding subject to any limitations contained therein." The date options available on the Election form provided

by the City for the up to two cash-outs shall be the first full pay period in April, July, October or December.

This provision shall have no effect on an employee's right to cash out all his or her accrued vacation at the time of the employee's separation/retirement from City employment.

Requests to use accrued compensatory time off shall be granted or denied using the same procedures and standards as vacation use requests, and will not be granted if doing so would cause the Department to incur overtime.

D. The City has adopted a 28 day FLSA work period and threshold of 171 hours worked for purposes of Fair Labor Standards Act overtime eligibility. For all FLSA qualifying overtime hours, the City pays at 1.5 times the FLSA regular rate as defined by the FLSA and applicable law, with amounts owed by the City for FLSA overtime hours worked subject to any applicable credits under the FLSA and FLSA regulations.

1) In the event a court of competent jurisdiction or arbitrator issues a binding decision permitting less than full reimbursement to the City or Stadium Authority for public safety costs including the payment of the overtime rate listed herein, this section will immediately reopen and the parties will meet and confer over changes to this section. From the time the contract reopens until agreement is reached, overtime will be paid at time and one-half.

2) In circumstances of mandatory staffing directives for events at Levi's Stadium, the Department will evaluate preexisting personal schedule conflicts of affected personnel to determine if the directive may be rescinded. If the employee is called back to work during his/her rest period, a new rest period will commence at the conclusion of such work.

Notwithstanding the foregoing, if the employee is required to work during regular work hours on a work shift without having had a rest period, for which he/she has qualified as set forth above, he/she shall be paid at the overtime rate for all work performed until he/she has been relieved from duty for at least eight (8) hours.

35. CANINE CARE

- A. Represented employees serving as Canine handlers are entitled to up to 3 ½ hours per week of paid time off for the care of the assigned canine. Time off shall not be charged to any other leave balance.

- B. In the event a canine is killed in the line of duty, the City shall provide for burial arrangements that meet with the City's approval.

36. CALIFORNIA PUBLIC EMPLOYEES RETIREMENT SYSTEM (CalPERS)

For employees that do not meet the definition of "New Members" under the Public Employees' Pension Reform Act of 2013 ("PEPRA"), the City shall maintain its Safety contract with CalPERS providing the "3% @ 50" retirement formula and additional benefit options, including but not limited to single highest year compensation period.

For employees that meet the definition of "New Members" under the Public Employees' Pension Reform Act of 2013 ("PEPRA"), the City shall maintain its Safety contract with CalPERS to provide the " 2.7% @ 57" retirement formula and additional benefit options, including but not limited to the three (3) highest years compensation period.

37. HEALTH INSURANCE

- A. ~~Prior to June 21, 2015~~ The City currently contracts with the California Public Employees' Retirement System (CalPERS) for the purpose of providing medical insurance benefits for active employees and their eligible dependents, eligible retired employees, and eligible survivors of retired employees. Eligibility of a dependent to participate in this program shall be in accordance with the terms of the Public Employees' Medical and Hospital Care Act (PEMHCA). Eligibility of retired employees and survivors of retired employees to participate in this program shall be in accordance with those provisions of the PEMHCA providing for participation by "annuitants."

~~The Health/Dental insurance refund/deduction schedule will be based upon 12 payments per year. Payments will be refunded/deducted during the first paycheck issued in each month. Refunds are paid when the total allocation from total compensation for health and dental insurance is greater than the monthly premium cost for health and dental insurance for the employee. Deductions are taken when the total allocation from total compensation for health and dental insurance is less than the monthly premium costs for health and dental insurance for the employee.~~

The City's employer contribution towards medical insurance benefits for each eligible employee shall be the minimum contribution amount required by Government Code Section 22892. Contributions provided under this Section are required only to the extent mandated by the PEMHCA.

Because CalPERS may change carriers and plans, the City shall not be required to provide a specific insurance coverage and shall only be required to provide those benefits as described in this Section so long as the City contracts for benefits with CalPERS for medical insurance benefits.

Pursuant to the PEMHCA, the City will provide each eligible annuitant, as defined by the PEMHCA, with an employer contribution towards medical insurance benefits that is equal to the PEMHCA minimum contribution provided to an active employee under this Section.

B. Definitions. For purposes of this section:

- 1) "Full-time employee" refers to an employee whose regular schedule is at least 30 hours per week.
- 2) "Full-time position" refers to a position in a classification, whether vacant or not vacant, whose regular schedule is at least 30 hours per week

B.C. ~~On and After~~Effective June 21, 2015

1) Mandatory Health Allocation

Effective June 21, 2015, Kaiser single employee health insurance plus \$100/month will be included in the Salary Adjustment Form as a Mandatory Allocation. The amount allocated will be the Kaiser single employee health insurance premium plus \$100/month minus the monthly statutorily required Public Employees Medical and Hospital Care Act ("PEMHCA") contribution. The PEMHCA contribution will remain in the Salary Adjustment Form as a separate Mandatory Allocation. The City will change the dollar amount designated within the Salary Adjustment Form for Kaiser single employee health insurance when the premium amount changes annually and/or when the statutorily required PEMHCA contribution changes. Under State law, the monthly PEMHCA contribution will be adjusted annually by the CalPERS Board of Administration to reflect any change in the medical care component of the Consumer Price Index.

2) Discretionary Health Allocation [THIS PARAGRAPH IS SUSPENDED FOR THE TERM OF THIS MOU]

The Association may (on a once-a-year basis, commencing with the beginning of the calendar year) designate within the discretionary portion of the Salary Adjustment Form a fixed monthly sum to be paid by the City for all represented employees toward health insurance premiums. If the health insurance premium for the individual employee exceeds the amount allocated, the balance is paid by way of a salary deduction from the pay of the individual employee. As an exception to the once-a-year usual rule set forth in this paragraph, the

Association may also designate changes in its discretionary allocation(s) on the Salary Adjustment Form to be effective June 21, 2015.

~~3) Cash Back or In Lieu~~

~~Effective June 21, 2015, for employees that choose not to enroll in a City health plan, the medical cash in lieu amount shall be the lesser of either (a) \$1,207.17 or (b) the sum of the mandatory health allocation, PEMHCA minimum and discretionary health allocation, plus discretionary dental allocation. However, should the City's mandatory allocation at some future time exceed \$1,207.17, employees that choose not to enroll in a City health plan shall be entitled to a medical cash in lieu amount equal to that City mandatory allocation. The maximum cash in lieu amount described in this paragraph shall also apply to the right of employees enrolled in a City health plan to cash back payments if the cost of their health and dental premiums is less than the maximum cash in lieu amount described in this paragraph.~~

D. Health Insurance Contributions

1) For Plan Year 2022:

a. For Plan Year 2022, employees who enroll in a City offered health plan and whose premium exceeds the total of the City's Health Flex Contribution, Additional Health Flex Contribution, and/or Regular Flex Contribution applicable to the employee and as described below, the balance of the premium shall be paid by a salary deduction from the pay of the individual employee.

G.b. HEALTH FLEX CONTRIBUTION AND ADDITIONAL HEALTH FLEX CONTRIBUTION

~~Effective January 1, 2018~~For Plan Year 2022, the City will offer employees a Health Flex Contribution of \$133.00/month to put toward the payment of a City offered health plan. The \$133.00/month This amount applies for 20182022, and this amount shall be modified each calendar year using the Rate of Pay Safe Harbor (based on the lowest base pay of any full-time employee covered by this MOU) to ensure the City's offered coverage is "affordable." For Plan Year 2022, the City shall contribute the statutorily required minimum contribution under PEMHCA as determined by CalPERS in each calendar year. It is understood and agreed that the Health Flex Contribution described in this paragraph shall equal or exceed the City's statutorily required minimum PEMHCA contribution.¹

Employees who enroll in a City health plan for which the premium amount is more than \$835.66/month shall receive an Additional Health Flex Contribution. The Additional Health Flex Contribution, when added to the Health Flex Contribution described in the prior paragraph and the Regular Flex Contribution described herein, shall equal \$200 per month over the Kaiser (Region 1) employee only premium amount for the applicable year.

¹ As an example, for 2022, the PEMHCA minimum is approximately \$149/month and the Health Flex Contribution is \$149/month, which includes the PEMHCA minimum of \$149/month.

~~(For 2018, this is an additional \$146.77/month to these individuals, since \$200 over the Kaiser employee only amount in 2018 is \$982.43/month.)~~

Employees may not receive all or any portion of the ~~health-Health~~ Flex Contribution or Additional Health Flex Contribution as cash or any other taxable benefit, and must apply the Health Flex Contribution to City-offered health benefits. Employees who do not enroll in City-offered health benefits will not receive any of the ~~health-Health~~ Flex Contribution ~~or Additional Health Flex Contribution~~. ~~It is understood and agreed that a portion of the Health Flex Contribution described in this subsection is the City's contribution of the statutorily required minimum contribution under the Public Employees Medical and Hospital Care Act (PEMHCA) (e.g. \$133 in 2018), which is the City's designated PEMHCA amount.~~

D.c. REGULAR FLEX CONTRIBUTION

~~Effective January 1, 2018~~ For Plan Year 2022, the City will provide a Regular Flex Contribution equal to \$835.66/month less the Health Flex Contribution ~~(thus, for 2018, the Regular Flex Contribution will be \$702.66/month).~~

Employees may use the Regular Flex Contribution to pay for health benefits offered under the City's Section 125 plan or may opt to receive any or all of the Regular Flex Contribution as taxable cash. An employee will receive a Regular Flex Contribution whether or not he/she enrolls in City-offered health benefits and notwithstanding the provisions of Section 37. ED.1(d). below.

For employees who enroll in City health and whose benefits exceed the total of the City's Hhealth Flex and Regular Flex Contributions to them, the balance of the health premium shall be paid by a salary deduction from the pay of the individual employee.

E.d. CASH IN LIEU

~~Effective January 1, 2018~~ For Plan Year 2022, employees who choose not to enroll in a City health plan, and meet the requirements set forth below shall receive a Cash in Lieu amount equal to \$835.66/month minus the Regular Flex Contribution (for ~~2018~~ 2022, the Cash in Lieu amount thus is ~~\$133~~ \$149/month).

In order to receive Cash in Lieu of health coverage, an employee must sign a form attesting that the employee and the employee's Tax Family have the Alternative Required Coverage for the Opt Out Period.

- Tax Family means all individuals for whom the employee intends to claim a personal exemption deduction for the taxable year or years that begin or end in or with the City's plan year to which the opt out applies.
- Alternative Required Coverage required means minimum essential coverage through another source (other than coverage in the individual market, whether or not obtained through Covered California).

- Opt Out Period means the plan year to which the opt out arrangement applies.

An employee must provide the attestation every plan year at open enrollment or within 30 days after the start of the plan year for each plan year the employee would like to receive cash in lieu.

The Cash in Lieu payment cannot be made and the City will not in fact make payment if the City knows or has reason to know that the employee or a Tax Family member does not have such alternative coverage, or if the conditions in this paragraph are not otherwise satisfied.

An employee who opts out of City-offered health benefits, but cannot provide the attestation, will not receive the cash in Lieu contribution described in this subsection.

e. Effective December 31, 2022, this Section 37.D.1 shall expire and become ineffective.

2) Effective January 1, 2023:

a. Effective January 1, 2023, the City shall make a monthly contribution to the City's flexible benefit plan which, taken together with the mandatory PEMHCA contribution, equals one hundred percent (100%) of the premium for the lowest priced Kaiser (Region 1) plan for unit members enrolled at the employee and employee plus one levels; and ninety percent (90%) of the premium for the lowest priced Kaiser (Region 1) plan for unit members enrolled at the employee plus two or more level. If the employee enrolls in a plan whose premium exceeds the City contribution, the employee shall pay the difference between the total cost of the selected plan and the City's contribution via salary deduction. In no event shall the City's contributions pursuant to the provisions of this Section, and any statutorily required minimum contribution under the PEMHCA as determined by CalPERS in each calendar year, exceed one hundred percent (100%) of the premium cost of the lowest price Kaiser (Region 1) plan at the employee and employee plus one level, or ninety percent (90%) of the premium for the lowest priced Kaiser (Region 1) plan at the employee plus two or more level, in which the employee is enrolled.

There shall be no option to receive all or any portion of the City's Contribution as cash or any other taxable benefit.

b. Cash In Lieu

(1) Effective January 1, 2023, a full-time employee hired on or before December 31, 2022, and who chooses not to enroll in a City health plan and meets the requirements set forth below in in this subsection shall receive a Cash in Lieu amount equal to \$835.66/month paid out on the first pay period of the month.

(2) A full-time employee hired or rehired on or after January 1, 2023, and who chooses not to enroll in a City health plan and meets the requirements set forth below shall receive a Cash in Lieu amount equal to \$250/month paid out on the first pay period of the month.

(3) Requirements: In order to receive Cash in Lieu of health coverage, an employee must sign and submit a form attesting that the employee and the employee's Tax Family have the Alternative Required Coverage for the Opt Out Period.

(a) Tax Family means all individuals for whom the employee intends to claim a personal exemption deduction for the taxable year or years that begin or end in or with the City's plan year to which the opt out applies.

(b) Alternative Required Coverage required means minimum essential coverage through another source (other than coverage in the individual market, whether or not obtained through Covered California).

(c) Opt Out Period means the plan year to which the opt out arrangement applies.

(d) An employee must provide the attestation every plan year and proof of Alternative Required Coverage during open enrollment for each plan year for the employee to be eligible to receive Cash in Lieu.

(e) The Cash in Lieu payment cannot be made and the City will not in fact make payment if the City knows or has reason to know that the employee or a Tax Family member does not have such Alternative Required Coverage, or if the conditions in this paragraph are not otherwise satisfied.

(f) An employee who opts out of City-offered health benefits, and does not provide the attestation and proof of Alternative Required Coverage, will not receive the Cash in Lieu contribution described in this subsection.

(4) For employees whose regular work schedules are 30 or more hours per week but less than 40 hours per week, the Cash in Lieu amount shall be prorated as described in Section F below.

F.E. FLEXIBLE SPENDING ACCOUNT (IRS SECTION 125 PLAN)

The City has established a Flexible Spending Account benefit (IRS Section 125 Plan) for employees, which provides accounts in which employees may contribute pre-tax dollars for dependent care and un reimbursed medical expenses. This Plan will follow the regulations outlined by the Internal Revenue Service. Detailed information will be available in the Summary Plan Document.

This plan is voluntary and participating employees will make pre-tax salary reduction elections to fund the plan.

F. Proration of Benefits

For employees whose regular work schedules are 30 or more hours per week but less than 40 hours per week, benefits shall be prorated based on the employee's full-time equivalent (FTE) level.

38. DENTAL INSURANCE

The City will pay toward dental insurance premiums an amount equal to the lowest cost employee only premium amount among the dental plans offered by the City. All employees are required to enroll in a dental plan.

39. VISION INSURANCE

For persons enrolled in the City's VSP vision plan, the City will pay toward vision insurance premiums an amount equal to the lowest cost employee only vision premium. Participation is voluntary. Employees that do not choose to enroll in a vision plan are not entitled to the benefit of City contributions to vision premiums described in this paragraph.

40. DEFERRED COMPENSATION

~~Effective beginning the first full pay period following City Council approval of this MOU,~~
The City shall contribute \$150 per month to the City's Section 457 deferred compensation plan on behalf of each represented employee.

41. ASSIGNMENT BID SYSTEM

The City agrees to a seniority bid system for all Patrol Officers, approved jointly by the Association and the City

42. 10 PLAN

- A. All represented employees are assigned to a 10-hour, four (4) day workweek.
- B. The exact hours of assignment will be as defined in a program that has been developed jointly by the City and the Association.
- C. Any alternative schedule may be proposed, adopted, and/or discontinued in accordance with Section 47 of this MOU.

43. LIMITED/ALTERNATIVE DUTY

Upon a written release to return to work from an employee's doctor, subject to review by a City doctor, the City may require an employee who has been off work due to illness, injury or other health condition to return to work within the physician's specified medical

restrictions. The release must be in writing.

Nothing in this section is intended to imply that an employee has a right to a limited/alternative duty assignment. All such assignments are temporary assignments and are subject to the City's periodic review of the employee's continued need for limited or alternative duty and the Department's ability to continue the employee in the assignment.

In placing an employee in a light/alternative duty assignment, if requested by the employee, the Department will consider whether an appropriate, beneficial and available light/alternative duty work assignment exists on the employee's usual shift. If no such assignment is available and/or would not benefit the Department, the Department retains the right to place the employee in a light/alternative duty work assignment on a different shift. The Department also reserves the right to change an employee's light/alternative duty assignment to a different shift after the light/alternative duty assignment has begun if doing so would better promote and serve Department interests. Employees shall be provided two weeks advanced notice if they are to be placed in a light/alternate duty assignment with a different shift than their usual shift.

An employee returning to a light/alternative duty work assignment from an industrial injury or illness leave shall receive the employee's usual shift differential even if the employee is assigned to a light/alternative duty assignment that would not otherwise entitle the employee to a shift differential. An employee returning to a light/alternative duty work assignment from a non-industrial injury or illness shall not receive the shift differential applicable to the employee's regular work schedule unless the light/alternative duty assignment work schedule to which the employee is assigned would entitle the employee to a shift differential.

It is the City's intent with regard to light/alternative duty assignments to have sworn personnel perform law enforcement related duties to the maximum extent possible, recognizing though that the specific duties of a light/alternative assignment will need to take into account the employee's medical restrictions and the needs of the Department.

An employee who has a job related illness or injury which required the employee to be off work under Workers' Compensation, and who does not qualify for limited or alternative duty, will be reassigned to an 8-hour, day, Monday through Friday, work schedule for the purpose of keeping required medical appointments and, subject to the employee being medically able to do so, to honor all scheduled court appearances while so incapacitated.

In the event the Americans with Disabilities Act requires modification of the provisions of this section, it is agreed that the law will prevail.

44. EMERGENCY PAID LEAVE POOL

A. ADMINISTRATION

Administration of this program shall be provided by a three (3) member Emergency Paid Leave Board (Board) consisting of one (1) member of the Association, the Chief of Police (or designee) and the Director of Human Resources (or designee). Determination of eligibility to use the emergency

paid leave established in this Emergency Paid Leave Pool (Pool) will be by majority vote of this board. An adverse decision of this board may be appealed to the POA Board of Directors and their determination shall be final.

B. METHOD OF DONATION

- 1) Contribution of vacation or CTO to the Pool will be computed at the member's base hourly rate of pay (excluding premium or specialty pay).
- 2) Contribution may be made from earned vacation, CTO or cash only. Conversion of Sick Leave to Vacation for purposes of donation to the Pool will be immediately credited to the Pool.
- 3) In a case where it has become known that an employee has been seriously injured or has a life-threatening illness and is in need of assistance from the Emergency Paid Leave Pool, contributions from accrued Sick Leave, computed at the contributing employee's base hourly rate of pay (excluding premium or specialty pay) may be made for the benefit of that specific employee who has the need.
- 4) Employee may authorize the City to automatically convert vacation that should be accrued to the employee to the Pool when the employee's vacation accrual has reached the maximum allowed.
- 5) Funds contributed to the Pool will be placed in an interest bearing Trust Fund. The Trust Fund will be accumulated in total dollars. No record of number of hours contributed to the Pool will be maintained. An employee making a donation to the Pool will not have a vested right to the amount donated.
- 6) Nothing herein shall preclude a donation of leave or funds to a member of Unit 2 from employees in other bargaining groups, nor preclude such a donation by employees in Unit 2 to employees in other bargaining groups.

C. USE OF POOL

- 1) Employee must have a verified emergency need for time off to request emergency paid leave from the Pool. Non-medical emergencies shall be verified by certification acceptable to the Board and shall include the anticipated duration of the emergency. Medical emergencies for the employee or dependent shall be verified by a doctor's certification and shall include the anticipated duration of the medical emergency. An employee's initial request to use leave for a medical emergency shall be made to the City's Director of Human Resources (or designee). The Director of Human Resources (or designee) shall make an initial determination regarding whether the employee's request to use Emergency Paid Leave is for a verified medical emergency. The Director of Human Resources (or designee) shall notify the rest of the Board of the name of the individual making the request, the date of the request and whether or not the individual's request qualified as a verified medical emergency need under this section.

- 2) Employee must have exhausted appropriate paid leave (sick leave, vacation or CTO) prior to becoming eligible to request emergency paid leave from the Pool.
- 3) The maximum time available from the Pool (subject to the assets of the Pool) will be 320 hours (four [4] pay periods) for emergency paid leave benefits due to the illness or injury of the employee or the maximum hours allowable for accrual of vacation for emergency needs of the family of the employee.
- 4) Emergency paid leave dollars will be deducted from the Pool based upon the employee's base hourly rate of pay (excluding premium or specialty pay) times hours deducted from the Pool.
- 5) Emergency paid leave hours will be made available for use in the pay period following approval by the Association.
- 6) Use of emergency paid leave from the pool will be treated in the same manner as use of regular vacation. The employee will continue to accrue sick leave, vacation, insurance coverage and other benefits in the same manner as he/she would if using regularly credited vacation.
- 7) Emergency paid leave that has been credited to the employee and has not been used when the emergency has terminated will be reinstated to the Pool. Vacation, sick leave and other benefits that have accrued to the employee will remain in the employee's account.

45. ACCRUAL OF SICK LEAVE WHILE ON LABOR CODE 4850 BENEFITS

Employees who have sufficient paid time in a pay period, including time under Section 4850 of the State of California Labor Code, will be credited for sick leave accrual during that pay period.

46. INDEMNIFICATION FOR ACCIDENTAL OFF-DUTY DISCHARGE OF FIREARMS

The City shall indemnify represented employees from any liability claims and costs for personal injury or property damage caused by the accidental discharge of his/her authorized firearm while off-duty provided that:

- A. The firearm that was discharged was authorized by the Santa Clara Police Department for use as the regular duty weapon (or as a second weapon) or is the property of the City of Santa Clara and is under the custody, care and control of the employee at the time the firearm was discharged ["firearm"]; and
- B. The employee was not engaged in an unlawful act at the time the firearm was discharged; or
- C. The employee was not legally under the influence of alcohol or illegal drugs at the time the firearm was discharged; or
- D. Although off-duty from the Santa Clara Police Department, the employee was acting in the capacity of a police officer as provided by the State of California at the time the firearm was discharged.

For purposes of the interpretation of this section, "accidental discharge" of the firearm when off-duty (while permitted by law to carry such firearm) is further defined as:

- A. The unintentional discharge of the firearm while the employee is carrying it on their person in an appropriate manner; or
- B. The firearm is being transported from one location to another; or
- C. The firearm is being cleaned; or
- D. The firearm is being shown to another person where the sole purpose of such use is for display.

47. LAY-OFF POLICY

The need for reduction in force shall be determined by the City Manager as a result of the resource allocation plan adopted by City Council. The determination to reduce the work force shall contain reasons for reduction and a listing of programs which are affected, and the specific City classifications and numbers within each classification which shall be reduced.

In the event the City demonstrates it is necessary to reduce the work force of represented employees, the City agrees to meet-and-consult with the Association at least thirty (30) days prior to any layoff notifications to receive recommendations as to how best to accomplish this process with the least impact on represented employees, and to explore alternatives such as reductions in work hours, freezing of step or merit pay increases or similar programs which will result in reducing the City's labor costs.

If the City implements a reduction in work force, the City will administer the lay-off policy consistent with the following concepts:

- A. ORDER: The order of lay-off shall be as follows:
 - 1) Temporary (as-needed) employees in the classification identified for reduction
 - 2) Probationary employees in the classification identified for reduction
 - 3) Permanent employees in the classification identified for reduction in inverse order of seniority based on hire date within the Police Department as described in Section B, entitled "SENIORITY".
- B. SENIORITY: Seniority shall be determined by the length of current continuous, permanent service within the Police Department regardless of classification in which employed. Continuous service shall be defined as that which has not been interrupted by separation of service from the Police Department. Seniority shall be retained, but shall not accrue, during any period of authorized leave without pay (more than 5 days), except for military leave.
- C. NOTICE: When the City determines that it must implement a reduction in work force, notice to the employee shall be in writing at least thirty (30) days prior to the effective

date of the lay-off. The Association shall also receive concurrent notification of lay-off. The notice of lay-off shall contain the following:

- 1) Reason for lay-off
- 2) Effective date of lay-off
- 3) Opportunity to discuss lay-off with a representative of management
- 4) Conditions governing re-employment
- 5) Information regarding Unemployment insurance

- D. REASSIGNMENT (BUMPING): Employees identified for lay-off shall have reassignment rights (bumping) to the same classification in a different department or division or to a previously held classification in which the employee attained permanent status based upon seniority with the City of Santa Clara. Employees must exercise these rights by notifying Human Resources, in writing, within seven (7) calendar days after receiving written notification of the lay-off.

An employee who is reassigned to a lower classification as a result of a reduction in force and who was qualified to apply for a promotional examination for a position in the Police Department before being reassigned into the lower classification shall continue to be eligible to apply for a promotional examination for that higher position as long as he/she continues to meet the education and experience requirements for that higher classification.

In the event of lay-off, any employee so affected may elect to:

- A. Accept a position in a lateral or lower class in which he/she has permanent status, or a position in a lateral or lower class within the series containing the class from which the employee is being laid off, provided he/she is otherwise qualified and is more senior than the least senior employee in such lateral or lower class.
- B. Accept a position in higher class, provided he/she has held permanent status in such higher class, and further provided that the employee's transfer from the higher class was voluntary and occurred during his/her current period of employment and provided he/she is otherwise qualified and is more senior than the least senior employee in such higher class.
- C. Accept a vacant position in a lateral or lower class for which he/she is otherwise qualified.
- D. Any employee entitled to an option noted above, which involves assignment to a lower classification, may elect to be placed on lay-off in lieu of accepting such assignment to the lower class. In the event the employee elects to be placed on lay-off, such employee will only be recalled to the classification from which the employee elected to be placed on lay-off. The decision to not accept assignment to a lower classification may adversely affect the employee's ability to collect unemployment insurance.

RE-EMPLOYMENT/REINSTATEMENT LISTS

The names of regular or probationary employees laid-off according to this policy will be placed on a Re-employment List for each classification for which the employee is eligible

in the inverse order of the lay-off. Individuals' names will be retained on a Re-employment List for classified positions for the shorter of either two (2) years from the effective date of lay-off or the date on which a laid off employee rejects an offer of re-employment in the classification from which the former employee was laid off. Employees whose names are on a Re-employment List for classified positions will be notified of other related openings for which testing is scheduled.

In the event an employee accepts reinstatement to a lower class than the one from which laid off, such person's name shall remain on the Re-employment List for reinstatement to the class from which laid off, lateral classes or other higher classes upon which his/her name appears provided such person, except for lack of seniority, would have been otherwise entitled to such lateral class at the time of the most recent lay-off. Laid off persons who are re-employed under this provision shall be re-instated with the same seniority, including leave accrual rates, as at the time they were laid off. Employees whose names are on a Re-employment List for classified positions will be notified of other related openings for which testing is scheduled.

48. REDUCED WORK WEEK/REDUCED PAY AND VOLUNTARY TIME OFF (VTO)

Employee participation in this plan is contingent upon the City's understanding and agreement that employee participation cannot be interpreted as anything other than a temporary and limited good faith effort being made by the employee to do his/her part to help ease the current budget crisis. This is not to be construed as a representation of employee commitment to a permanent program or an admission of any kind that the employee would not be harmed by such a plan becoming mandatory.

A. REDUCED WORK WEEK/REDUCED PAY

Employees may request a reduced work week schedule (32 hours per week instead of 40 hours per week, for example) at the same hourly rate of pay, subject to the following conditions:

- 1) With the approval of the Department Head and the City Manager, a binding work schedule as requested by the employee will be developed that may be modified only with the approval of both the City and the employee.
- 2) More than a 20% reduction of the work week in a pay period will result in proportionate reduction of accrual of sick leave and vacation.
- 3) No reduction of insurance premium payment or refund as long as sufficient hours are worked to allow for full payment of the premium for an employee working a full time work schedule. If the number of hours worked is less than the number required for full payment of premiums or refunds, the premium or refund payments will be reduced in proportion to the hours required to gain full credit.
- 4) Impact on retirement and other benefits will be determined by the application of actual work hours and rates of pay required under each of those programs.
- 5) Overtime hours will be paid at the straight time rate for hours worked which are less than the employee's regular daily work schedule or 40 hours per week. Overtime hours worked in excess of the employee's regular daily work schedule

or more than 40 hours per week will be at the appropriate overtime rate.

- 6) Cancellation of the employee's participation in the program will be by mutual agreement of the employee and the Department Head, with the approval of the City Manager.

B. VOLUNTARY TIME OFF

Employees may request voluntary unpaid time off under the following conditions:

- 1) Approval of a work schedule that does not adversely impact the operations of the department or other employees in the work unit with the approval of the Department Head and the City Manager.
- 2) No impact on either sick leave or vacation accrual if sufficient hours are worked in a pay period to entitle the employee to his/her regular accrual rate for either benefit.
- 3) No reduction of insurance premium payment or refund as long as sufficient hours are worked to allow for full payment of the premium for an employee working a full time work schedule. If the number of hours worked is less than the number required for full payment of premiums or refunds, the premium or refund payments will be reduced in proportion to the hours required to gain full credit.
- 4) Voluntary time off may be taken without the employee first using all of his/her accrued Compensatory Time Off (CTO).
- 5) Employee may cancel his/her participation in the program with a notice time agreed upon at the time of the granting of the request which will be sufficient to allow the department head to accommodate the request.
- 6) Cancellation of the employee's participation in the program will be at the discretion of the Department Head with the approval of the City Manager.

49. REPRESENTATION OF RECRUIT POLICE OFFICER

The Association is the representative organization for the classification of Recruit Police Officer. Employees assigned to this non-sworn classification will be entitled to the benefits assigned to the sworn classifications represented by the Association, except that they will be miscellaneous members of the Public Employees Retirement System (CalPERS) and be covered by Social Security and they will not be accorded the protection afforded sworn employees in the Peace Officers Bill of Rights.

50. ASSOCIATION DUES AND NEW EMPLOYEE ORIENTATIONS

A. DUES DEDUCTION

All employees within the bargaining unit represented by the Association may voluntarily join the Association and pay dues, initiation fees, and general assessments, as well as payment of any other membership benefit program sponsored by the organization (hereinafter "payroll deductions") as determined by

the Association. It shall be the responsibility of the Association to maintain a record of employees who have given their written consent to join and pay dues to the Association. The Association shall certify to the City the identity of such members and the amount of such payroll deductions to be deducted.

The City agrees to deduct the periodic payroll deductions from the paycheck of each employee who voluntarily executes a valid authorization form as certified by the Association, or pursuant to an authorization form tendered to the City by either the Association or the employee.
