- 1.10 Meet with City staff to review City comments on schematic design, and gain concurrence as to how the documents will be revised as appropriate to incorporate City comments.
- 1.11 Plan, coordinate, schedule, attend meetings, and produce meeting minutes with action items for all meetings with the City as deemed necessary to efficiently complete this phase of the design in a timely manner.

Scope of services will include identification of species and trunk diameter; identification tagging; visually evaluate health and structural condition; identify protect trees per City of Santa Clara's tree preservation ordinance; rate tree suitability for preservation; evaluate impacts of proposed improvements on trees; prepare a Tree Assessment Map; and prepare Tree Preservation Guidelines.
- 1.13 Conduct Traffic Volume Data Collection. Traffic counts will be conducted at the following intersection:
1. Kiely Blvd/Kaiser Drive

The counts will be performed between 7:00 – 9:00 AM and 4:00 – 6:00 PM and will include cars (lights), trucks/buses (heavies), pedestrians, and bicyclists. The counts will be collected during two weekdays (Tuesday & Wednesday or Wednesday & Thursday). From these counts, the peak one-hour AM and PM peak hour volumes will be identified. The peak hour volumes will then be used to determine signal phasing (i.e. protected left turn phasing, split vs. permissive, etc.), as well as turn lane storage.

- 1.14 CITY maintains a list of known utility operators in CITY. CONSULTANT shall prepare a Notice of Intent to Construct (NOI) on CITY's standard NOI form and submit it to the known utility operators in order to gather records for existing utilities. Location map exhibits will be required to be submitted as part of the NOI.

CONSULTANT shall provide CITY a draft of the NOI prior to sending it to the utility, maintain log of all NOI sent and received, and provide CITY all information received from the NOI. The purpose of the collection of utility information is to identify ownership of surface features that will be impacted by the work, and also to identify if there are any high-risk utilities within the project limits that may be impacted by the work.

If applicable to the Services, Consultant or its subconsultant(s), as applicable, shall comply with the following requirements.

A. Prevailing Wage Requirements

Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.
3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .
4. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants) for the time period covering such payment request. 6. In addition to submitting the certified payrolls and related documentation to City, Consultant and all subconsultants shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.
7. No consultant or subconsultant may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.
2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.
3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to \$200 per day per worker for each wage violation identified; \$100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and \$25 per day per worker for any overtime violation.
