AUDIT WORK PLAN – FISCAL YEAR 2018/19 (midyear) & 2019/20

OVERVIEW

The mission of the City Auditor's Office is to promote honest, efficient, effective and fully accountable city government through accurate, independent and objective audits.

The City Auditor's Office submits an annual audit work plan to the City Council for approval. This proposed audit work plan was developed based on the results of a citywide risk assessment. The objective of the risk assessment was to identify the departments, offices, areas, units, or processes that pose the greatest risk to the City and then align internal audit resources, where appropriate, to best help the City achieve its objectives in mitigating these risks. It also guides the City Auditor to prioritize the City's potential audit subjects. As a result, this audit work plan does not, nor is it intended to, address or provide complete coverage of every City departments, divisions, or system risks. However, over time, with the implementation of audit recommendations, it is expected that risks across City departments and systems will be sufficiently mitigated.

To develop the plan, we used information from the City's adopted operating and capital budgets and the component unit information in the City's most current financial statements to develop the citywide risk assessment. We also considered past audit findings as well as requests from management and the City Council. The top three ranked items on the risk assessment were given priorities in determining the audit subject for the audit plan. In addition, the work plan includes the City Auditor's annual cash disbursement audit.

ADDITIONS TO AUDIT WORK PLAN

Any requests to add audits to the Audit Work Plan during the fiscal year will be presented to the Audit Committee through the semi-annual status report. The City Auditor will provide an impact analysis of the proposed audit to the approved audit projects so the Audit Committee is aware of the changes. The City Auditor will give priorities to requests that post significant financial impacts or risks to the City.

AUDIT WORK PLAN – FISCAL YEAR 2018/19 (midyear) & 2019/20 (continued)

PROPOSED AUDIT ASSIGNMENTS

This section lists annual and recurring audit projects, current efforts under way, and proposed new projects.

The following table lists all New Projects for the fiscal years:

No.	Audit Project	Project Description	Target Date
1.	Fraud, Waste and Abuse Hotline Monitoring & Audit	The City does not currently have a Whistleblower Hotline to provide individuals a way to confidentially report evidence of fraud, waste or abuse involving employees or operations. The City Auditor's Office plans to implement such hotline for the City through an outsourced third party service and provide continuous monitoring and investigations.	July 2019
2.	Performance Audit of Vendor Master File and 1099 Reporting	The City has never had an audit of the vendor master file or a review of its 1099 reporting. The purpose of this audit is to assess and evaluate whether the City has adequate controls regarding its master vendor file setup and if the City is effectively monitoring and maintaining its vendor information. Inaccurate or unauthorized vendor records could potentially enable duplicate payments and may increase the risk of fraud or abuse. Additionally, the audit will review the vendor setup process to ensure proper 1099 reporting based on the IRS rules and regulations.	August 2019
3.	Citywide Fraud Risk Assessment (contracted service)	The City Auditor's Office is proposing a complete citywide fraud risk assessment for all departments including the utility Departments, which will be done in a second study. The assessment will assist the City Auditor's Office staff in identifying the potential audit subjects and risks associated with each subject.	December 2019
4.	Reviews of Financial Procedures and Controls	Staff has asked the City Auditor's Office to provide advice on several policies, procedural and control issues. We will attempt to provide requested assistance in these areas as time allows. Proposed reviews include: Analyzing the Stadium Authority's review procedures for Non-NFL Events' revenues and provide feedback on procedure and control issues, if any.	February 2019

AUDIT WORK PLAN – FISCAL YEAR 2018/19 (midyear) & 2019/20 (continued)

No.	Audit Project	Project Description	Target Date
		Reviewing the Stadium Authority Financial Reporting Policy with staff and external auditors and providing feedback on best practices.	February 2020
5.	Performance Audit of the HR/Payroll Module and Function	The purpose of this audit is to evaluate the current control environment in the HR/Payroll Module and Function to ensure that adequate segregation of duties exists and make recommendations to ensure that any identified deficiencies are corrected in the ERP system or business process.	May 2020

The following table lists all Annual and Recurring Projects:

No.	Audit Project	Project Description	Target Date
6.	City Auditor's Annual Cash Disbursement Audit	The City Charter requires the City Auditor to audit and approve bills, invoices, payrolls, demands or charges against the City before payment. The City Auditor's Office is working with the Finance Department to coordinate this effort.	December 2019
7.	Annual Risk Assessment	The City Auditor's Office performs an annual risk assessment as required by internal audit standards to identify and prioritize the potential audit subjects. The risk assessment is attached to the annual audit work plan.	December 2019
8.	Annual External Financial Audit and Single Audit for the City (<i>contracted audit service</i>)	The City Charter requires an annual external audit of the City's financial transactions to be performed by an independent certified public accountant (currently Maze & Associates). The City Auditor's Office administers the audit contract and works with the Finance Department and Maze & Associates to coordinate this effort.	December 2019
9.	Annual External Financial Audit for the Stadium Authority (<i>contracted audit service</i>)	The Santa Clara Stadium Authority (Stadium Authority), the Stadium Funding Trust, and Goldman Sachs Bank USA entered into a Credit Agreement on June 19, 2013 to finance the stadium. Section 5.1(a) of the Credit Agreement requires that the Stadium Authority Annual Financial Statements be audited by independent certified public accountants within	August 2019

		180 days after the end of each fiscal year. The City Auditor's Office administers the audit contract and works with the Finance Department and the external audit firm to coordinate this effort.	

The following table lists all ongoing Audit Administrative and Other Responsibilities:

No.	Audit Project	Project Description	Target Date
10.	Audit Framework / Charter	The City doesn't currently have a formal Audit Framework/Charter that defines the internal audit division's purpose, authority, and responsibilities within the City. The purpose of the Charter, which requires Council approval, is to formally authorize internal audit staff access to records, personnel, and physical properties so they can perform their audit tasks.	February 2019
11.	Fraud, Waste, and Abuse Reporting Policy (Fraud Policy)	The purpose is to develop an administrative fraud policy that sets out policies and procedures to encourage and facilitate the reporting of fraud or abuse and questionable accounting practices. The policy raises awareness amongst staff, and is an excellent tool for the City to communicate its ethical standards.	March 2019
12.	Semi-Annual Audit Status Report	The City Auditor's Office prepares and issues semi-annual status and progress update reports on the approved audit assignments in the audit work plan. The staff also reports on any changes (e.g. assignment addition or deletion) to the audit work plan.	August 2019 & February 2020
13.	Annual Audit Recommendation Status Report	The City Auditor's Office tracks audit recommendations and issues reports on the implementation status of all open audit recommendations. The staff also meets with the auditee to discuss the progress of the audit recommendations.	December 2019
14.	Internal Audit Annual Work Plan	The City Auditor is responsible for developing an annual internal audit work plan based on the results of an annual citywide risk assessment designed to improve the	February 2020

		effectiveness of risk management, internal control, and governance processes The annual work plan is presented to the Audit Committee to recommend to the City Council for approval, which is required prior to the start of any audit work.	
15.	Advisory Role	The City Auditor serves as a member on the City's Deferred Compensation Advisory Committee.	Ongoing
16.	Annual Continuing Education Training	The City Auditor's Office is committed to attending regular continuing professional education (CPE) training and maintaining a minimum of 40 CPE hours a year for each staff.	Ongoing

RESOURCE IMPACT

The above project list is an extremely optimistic and aggressive plan for a small audit unit. It is difficult to accurately estimate the length and scope of any new audit assignments because the scope of the audit could be reduced or expanded depending on what we find once we start the audit. It should also be noted that the ability to accomplish the tasks on this plan will depend on being able to successfully fill one vacant performance auditor position. Our audit status reports to the City Council will provide us with the opportunity to reprioritize projects and amend the audit plan as necessary during the year.

NEXT STEPS

As audit work proceeds, we will provide the City Council with a semi-annual status report and the progress of each of the approved audit assignments. The Audit Committee will receive the audit report at the conclusion of each audit project. We will also present the audit reports to the Audit Committee at the scheduled meetings. All audit reports are heard and approved by the Audit Committee and get cross-referenced to the full City Council for acceptance.

Respectfully submitted,

Linh Lam, CPA
City Auditor
