Please do not re-consider this repeated reconsideration 2.21-972 July 13, 2021 No to exclusivity agreement. Please listen to your residents & city staff recommendation The petition references a third amendment to an ENA with Republic Metropolitan for an agreement which expired in August 2020. VTA Board said no in 2020. This contract is over, and the council should let it remain expired.

Create a community shuttle for residents citywide staging next to BART

Thank you for not going forward. ,

RE: 2. 21-972

I would ask that you reconsider the Republic Metropolitan project located at 500 S. Benton Street in Santa Clara. We have a critical need for affordable housing close to transit which would help all the workers serving our community. Further the community would benefit from the community room, new water well and \$625,000 in annual revenue to the city.

Agenda Item: eComments for 5.I 21-506 Action on Cooperative Agreement #1 with the VTA and Adoption of a Resolution Adopting the Findings of the Final Supplemental Environmental Impact Report Completed by VTA for the BART Silicon Valley Phase II Extension Project

The VTA's current design plans for the Santa Clara Station are insufficient and the agreement along with the amendment do not allow the City to provide adequate feedback to VTA on the station and yard design. The design for the station, with an adjacent parking lot with no ground-floor activation points creates an uninviting and pedestrian unfriendly space contradicting ToD principles and working against all the community is working towards to make Santa Clara an exciting and inviting station.

Agenda Item: eComments for B. 21-914 Report from the Stadium Authority Regarding the Stadium Manager's Request for Approval to Award a Purchase Order to Dell Marketing, L.P. for Surveillance - Command Center Equipment CapEx Project

Why is the text regarding a funding request for surveillance monitoring equipment, to better monitor Levi's Stadium, not attached to the City Council Legistar agenda item 21-914 ? Most citizens who read the Legistar agenda do not look for agenda items on eComment. They expect to find relevant material attached to the Legistar agenda items.

Agenda Item: eComments for 7. 21-782 Update on Sustainability Program and Provide Feedback on Program Priorities

This is the second time I've seen a City Council agenda item document that is present only on the eComment site and not on the Legistar Agenda. In other words, the "Legislative Text" that is attached here, in eComments, should also be placed on the public Legistar City Council agenda for July 13, 2021. Most citizens who look at the Legistar Calendar do not look at eComments. All future City Council agenda documents should be placed on the City Council Legistar Agenda as they were in the past.

Agenda Item: eComments for 11. 21-978 Discussion and Action on Councilmember Becker's request to Prepare a Public Apology to the Residents of Santa Clara for the CVRA Lawsuit

If the City Council makes an apology for the Civil Voting Rights Lawsuit, it should be short and to the point, perhaps "The City Council of Santa Clara apologizes to citizens of Santa Clara for not acting faster to accept the State Court rulings. Going forward the Council will work diligently to ensure all citizens in the City are properly and well represented." Anything else will reek of politics, make citizens resentful and backfire more loudly and promptly than a sideshow roadster.

Agenda Item: eComments for A 21-913 Action on a Written Petition (Council Petition 030) Submitted by Councilmember Jain Requesting to Place an Agenda Item at a Future Meeting to Discuss Creating a Special Ad Hoc Committee Consisting of Residents and Representatives of Housing Advocacy Groups to Discuss only the issues Concerning the Unhoused Population

Thank you Member Jain. I support Councilmember Jain's request to establish a committee to address concerns around the City's unhoused population, and would like to see this agenda item for discussion at a future council meeting.

Yes finally, thank you Member Jain. Let's get a Timeline for Implementing a Station Area Plan that connects our Historic Train Transit Station with a community historic motorized shuttle needed 20 years ago, new BART connect, and the SJC Airport supporting residents and workers, businesses on both side of Coleman in south Santa Clara and to our one and only old downtown grid And so it is.

I strongly support this petition to agendize the topic for a future meeting. The city sorely needs a Santa Clara Station Area Plan.

Jonathon Evans

I support agendizing this for a future meeting especially coordination with VTA and San Jose about the Santa Clara Station Area, and implementation of a station area plan.
