Appendix

Section 107 – Increase in Age for Required Beginning Date for Mandatory Distributions: Increases the age at which required minimum distributions (“RMDs”) from retirement plans must commence from age 72 to age 73 in 2023 and to age 75 in 2033 (“RMD Age”). Specifically, the RMD Age is (a) age 70 ½ for individuals born before July 1, 1949, (b) age 72 for individuals born after June 30, 1949, but before 1951, (c) age 73 for individuals born after 1950, but before 1960, or (d) age 75 for all others – note, apparent drafting error in the statutory language, makes it unclear when age 75 starts to apply in lieu of age 73, but it appears age 75 is intended to apply if born after 1959. Effective for distributions made after December 31, 2022, for individuals who attain age 72 after that date.

Section 109 – Higher Catch-up Limit to Apply at Age 60, 61, 62 and 63: Increases the catch-up contribution limit for non-SIMPLE plans for individuals aged 60 to 63 to the greater of (i) \$10,000 per year, or (ii) 150% of the regular catch-up contribution amount in 2024 (as indexed for inflation). The catch-up contribution limit for SIMPLE plans is similarly increased for individuals ages 60 – 63 to the greater of (i) \$5,000 per year, or (ii) 150% of the regular catch-up amount in 2025 (as indexed for inflation), beginning for taxable years beginning after December 31, 2024.

Section 110 – Treatment of Student Loan Payments as Elective Deferrals for Purposes of Matching Contributions: Allows for employer contributions made on behalf of employees for “qualified student loan repayments” to be treated as matching contributions to 401(k) plans, 403(b) plans, SIMPLE IRAs, and governmental 457(b) plans. With respect to nondiscrimination testing, such plans are permitted to separately test the employees who receive matching contributions on student loan repayments. Effective for plan years beginning after December 31, 2023.

Section 115 – Withdrawals for Certain Emergency Expenses: Allows one penalty tax-free withdrawal within a 3-year period up to \$1,000 per year for “unforeseeable or immediate financial needs relating to personal or family emergency expenses.” Such withdrawal may be repaid within the 3-year period and if so repaid, more than one withdrawal may be permitted within the 3-year period. Effective for distributions made after December 31, 2023.

Section 127 – Emergency Savings Accounts Linked to Individual Account Plans: Allows employers to offer their employees (excluding highly compensated employees) a pension-linked emergency savings account as part of a defined contributions plan. Employers may automatically opt employees into these accounts at no more than 3% of their salary, and the portion of an account attributable to the employee’s contribution is capped at \$2,500 (or a lower as set by the employer). Contributions are made on a Roth-like basis and are treated as elective deferrals for purposes of matching contributions with an annual matching cap set at the maximum account balance (\$2,500 or lower as set by the employer). Requires employer matching contributions be made to the individual’s defined contribution plan account rather than to the emergency savings account. At separation

from service, employees are permitted to roll the emergency savings account into a Roth defined contribution plan or an IRA. Effective for plan years beginning after December 31, 2023.

Section 302 – Reduction in Excise Tax on Certain Accumulations in Qualified Retirement Plans: Reduces the excise tax penalty for failure to take RMDs from 50% to 25% of the shortfall. Such excise tax is further reduced to 10% if the individual corrects the shortfall during a 2-year window. Effective for taxable years beginning after the date of enactment.

Section 303 – Retirement Savings Lost and Found: Directs the DOL to create a national online searchable lost and found database to collect information on benefits owed to missing, lost or non-responsive participants and beneficiaries in tax-qualified defined benefit and defined contribution retirement plans to assist such plan participants and beneficiaries in locating their benefits and the contact information of their plan administrator. Requires plan to report certain information to the DOL regarding former employees whose benefits have not been paid out. Directs the DOL to create such database no later than 2 years after the date of enactment.

Section 304 – Updating Dollar Limit for Mandatory Distributions: Increases the amount that employers may, without participant consent, distribute and rollover from a participant's workplace retirement account into an IRA from \$5,000 to \$7,000. Effective for distributions made after December 31, 2023.

Section 306 – Eliminate the “first day of the month” requirement for governmental section 457(b) plans. Under current law, participants in a governmental 457(b) plan must request changes in their deferral rate prior to the beginning of the month in which the deferral will be made. This rule does not exist for other defined contribution plans. Section 306 allows such elections to be made at any time prior to the date that the compensation being deferred is available. Section 306 is effective for taxable years beginning after the date of enactment of this Act.

Section 309 – Exclusion of certain disability-related first responder treatment payments. Section 309 permits first responders to exclude service-connected disability pension payments from gross income after reaching retirement age. Section 309 is effective for amounts received in taxable years beginning after December 31, 2026.

Section 312 – Employer May Rely on Employee Certifying that Deemed Hardship Distribution Conditions are Met: Allows for plan sponsors to rely on “participant self-certification” that the participant had an event that constitutes hardship for purposes of taking emergency hardship withdrawals from a 401(k) plan or a 403(b) plan. Plan administrators are also permitted to rely on such participant's self-certification that the amount of such hardship distribution is not in excess of the amount required to satisfy the financial need and that the participant has no alternative means reasonably available to the to satisfy such financial needs. Similar rules apply for purposes of unforeseeable emergency distributions from governmental 457(b) plans. Effective for plan years beginning after the date of enactment.

Section 314 – Penalty Free Withdrawal from Retirement Plans for Individual Case of Domestic Abuse: Where a participant is a domestic abuse survivor, that participant may take a penalty tax-free withdrawal up to the lesser of (i) \$10,000 (indexed for inflation), or (ii) 50% of their account value with the option to repay such amounts within a 3-year timeframe. Effective for distributions made after December 31, 2023.

Section 325 – Roth Plan Distribution Rules: Eliminates the lifetime minimum distribution requirement for designated Roth accounts under qualified retirement plans (but the after-death required minimum distribution rules continue to apply). Under the current law, such exemption was previously limited to Roth IRAs (but not designated Roth accounts held in 401(k) and other plans). Generally effective for tax years beginning after December 31, 2023, although not with respect to distributions required before January 1, 2024.

Section 326 – Exception to Penalty on Early Distributions from Qualified Plans for Individuals with a Terminal Illness: Creates an exception to the 10% early withdrawal penalty for those participants with a terminal illness. Requires a physician certify that such participant has an illness or condition that is reasonably expected to result in death within 84 months. Effective on the date of enactment.

Section 328 – Repeal of Direct Payment Requirement on Exclusion from Gross Income of Distributions from Governmental Plans for Health and Long-Term Care Insurance: Eliminates the requirement that, in order to be excluded from gross income (up to \$3,000), distributions made from a governmental retirement plan that are used to pay for

certain eligible public safety officers health insurance premiums be paid directly from such plan. Permits governmental retirement plans to pay for qualified health insurance premiums by making distributions directly to either the insurer or to the participant. If the plan makes such distributions to the participant, such participant must include a self-certification that such funds did not exceed the amount paid for premiums when filing their tax return for that year. Effective for distributions made after the date of enactment.

Section 329 - Modification of eligible age for exemption from early withdrawal penalty. The 10 percent additional tax on early distributions from tax preferred retirement savings plans does not apply to a distribution from a governmental plan to a public safety officer who is at least age 50. Section 329 extends the exception to public safety officers with at least 25 years of service with the employer sponsoring the plan and is effective for distributions made after the date of enactment of this Act.

Section 330 - Exemption from early withdrawal penalty for certain State and local government corrections employees. Section 330 extends the public safety officer exception to the 10 percent early distribution tax to corrections officers who are employees of state and local governments, effective for distributions made after the date of enactment of this Act.

Section 331 – Special Rules for use of Retirement Funds in connection with Qualified Federally Declared Disasters: Establishes permanent special rules governing plan distributions and loans in cases of qualified federally declared disasters. Permits up to \$22,000 to be distributed from employer retirement plans or IRAs for affected individuals. Creates an exemption to the 10% early distribution penalty tax for such distributions. Effective for disasters occurring on or after January 26, 2021.

Section 338 – Requirement to Provide Paper Statements in Certain Cases: Amends the relevant provisions of ERISA related to pension benefit statements to require plan sponsors of defined contribution plans to provide at least one paper statement to plan participants each calendar year and, with respect to defined benefit plans, to provide at least one paper statement every 3 years. Permits exceptions to these pension benefit statement rules for plans that allow employees to opt into e-delivery statements if the plan follows the conditions of the 2002 safe harbor. Directs the DOL to update the relevant sections of their regulations and corresponding guidance by December 1, 2024. Effective for plan years beginning after December 31, 2025.

Section 603 – Elective Deferrals Generally Limited to Regular Contribution Limit: Requires that all catch-up contributions to 401(a) qualified plans, 403(b) plans, and governmental 457(b) plans be made on a Roth basis, with an exception made for those employees whose prior year wages do not exceed \$145,000 (indexed for inflation). SIMPLE and SEP IRAs are excluded from this requirement. Effective for taxable years beginning after December 31, 2023.

Section 604 – Optional Treatment of Employer Matching or Nonelective Contributions as Roth Contributions: Allows a 401(a) qualified plan, 403(b) plan, or governmental 457(b) plan to provide participants with the option of treating employer matching and non-elective contributions as Roth contributions. Matching and nonelective Roth contributions must be 100% vested at the time of such contribution. Effective for contributions made after the date of enactment.
