

PUBLIC SUBMITTAL OF WRITTEN AND AUDIOVISUAL MATERIALS FOR CITY COUNCIL MEETINGS

POLICY

Written Materials

The public may submit written materials to be considered in the discussion of scheduled City Council Agenda items. The procedure is for members of the public to submit their materials by 12 noon on the Wednesday prior to the City Council meeting. The information will be copied and included in the Agenda packets commencing on the Friday afternoon preceding the Tuesday City Council meeting. A schedule of meetings can be obtained from the City Clerk's Office or is found on the City's website.

After Wednesday at 12 noon, and until 5 p.m. on the day of the Council meeting, members of the public may still bring materials related to a specific Agenda item to the City Clerk's Office. Those materials will be copied and distributed to the City Council and City staff for the Council meeting.

If materials are not available until after 5 p.m. on the day of the Council meeting, the submitting individual should make at least fifteen copies of the materials and provide those to the City Clerk at the meeting for distribution.

Audiovisual Materials

To ensure technical compatibility with the master display system in the City Council Chambers, those members of the public who wish to utilize audiovisual materials as part of their public comment on an item on the City Council Agenda, must present the audiovisual materials to the City Clerk's Office no later than 10 a.m. on the day of the meeting, along with a contact telephone number where they may be reached. The Clerk's Office will work with City audiovisual staff to confirm if the materials can be viewed through the City's system. If there are problems with the materials, the quality does not permit satisfactory display on the Council Chambers system, or technical compatibility issues cannot be resolved by 5 p.m. on the day of the meeting, the submitting individual will be notified and the materials will not be shown.

Audiovisual materials should be compatible with Microsoft software, and should be provided in one of the following formats:

- VHS, SVHS or DVD on CD with any media format. No HDTV.

- Items including three-dimensional objects can be displayed on the master display system's document camera overhead projection system; landscape format is preferred; a minimum letter font size of one half inch should be utilized for handwritten materials to optimize readability.
- Individual slides can be shown.
- For PowerPoint presentations, the individual should bring a diskette or CD containing the PPT file that has been saved in Windows compatible format, with a 24-point font or better to optimize readability.
- Personal laptops, computers or other equipment may not be linked to the Council Chambers master display system.

If audiovisual compatibility or other issues as specified above cannot be resolved, members of the public may still deliver written comments (letter, petition or other materials) to the City Clerk's Office by 5 p.m. on the day of the meeting, as specified in this policy.

Written or audiovisual materials should be directly related to a specific item listed on the City Council Agenda. Materials should adhere to generally accepted broadcast standards. Nothing in this policy supersedes the Mayor or meeting Chair suspending or further limiting a presentation based on specific meeting length, needs or other criteria at the Chair's discretion.
