REPORT TO COUNCIL

SUBJECT

Action to Approve Introduction of an Ordinance Amending the Santa Clara City Code to Create a Limited-Term Pilot Project Regulating Vending Upon Certain Public Sidewalks and Pedestrian Paths Surrounding Levi's Stadium on Event Days Including the Waiver of Certain Business and Permit Fees

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure
Enhance Community Engagement and Transparency

EXECUTIVE SUMMARY

SB 946 prohibits California cities and counties from banning sidewalk vendors from operating on public sidewalks or other pedestrian pathways and prohibits cities from regulating sidewalk vendors unless cities establish a permitting system that is consistent with the provisions of SB 946. SB 946 also requires that any restrictions placed on sidewalk vendors be directly related to objective health, safety or welfare concerns. Local jurisdictions that wish to regulate sidewalk vending are required to first adopt a program with regulations consistent with SB 946. In accordance with Council direction at the April 18, 2023 meeting, staff presents a limited term pilot program ordinance regulating sidewalk vending on certain enumerated streets surrounding Levi's Stadium on event days.

BACKGROUND

During the past event season, the Police Department experienced a drastic increase in the number of unpermitted food and merchandise vendors within the immediate footprint of large-scale stadium events. This increase has caused several health and safety concerns which are outlined in this report.

As currently written, the City Code and regulations do not align with recently adopted State legislation related to sidewalk vending. Consequently, the City's ability to address these health and safety concerns is limited.

Council requested additional information on this topic, including policy options to amend regulations related to street vending. On April 18, 2023 the Police Department brought forth Report to Council #23-211 (Attachment 1) that detailed the current regulatory environment including the two pieces of recently adopted legislation that shape the options to regulate street vending on sidewalks as well as in the public right-of-way (SB 946 and SB 972, Attachments 2 and 3 respectively) as well as policy options for Council consideration to better position the City to address the concerns.

At this meeting, the Council voted unanimously to approve staff recommendation #1 to prepare a temporary ordinance amendment and permit process for stadium event days that would define areas

where sidewalk vending could not occur (the pilot program footprint) due to health and/or safety concerns.

DISCUSSION

As a result of the requirements under SB 946, the existing City Code provisions related to peddlers and solicitors were largely unenforceable as to such activity occurring on sidewalks and pedestrian paths. This was explained in detail in the City Attorney's Memorandum dated January 11, 2019 (included within Attachment 1). Under the proposed pilot program, certain enforcement mechanisms will again become available within the pilot program footprint, but enforcement options outside the pilot program footprint will remain severely limited.

In order to make the pilot program enforceable, to be in compliance with SB 946, and to encourage vendor participation in the program, staff is recommending amendments to two chapters of the Santa Clara City Code, as well as modifications to the permitting process and associated business/permit fees. Each of these amendments and operational adjustments are intended for the pilot period within the stadium operating areas only and will establish new time, place, and manner restrictions within the pilot project footprint that are directly related to objective health, safety and welfare concerns.

Direction from City Council on April 18, 2023, requests staff "prepare a temporary ordinance amendment and permit process for stadium event days that would **define areas where sidewalk vending should not occur** due to health and/or safety concerns, within a to-be-determined stadium footprint. The Ordinance would also contain provisions to prohibit vending in parking lots associated with the stadium event. The temporary Ordinance would be established for **a pilot period of September 2023 to January 2024** to evaluate impacts. At that time, staff would return to the City Council with recommendations for implementation for the 2024 concert and NFL seasons, as well as how the Ordinance may need to be amended to apply in other areas of the City such as City parks."

Based on previous Council direction, the intent of this report is to recommend the following:

- Amendments to various sections of the Santa Clara City Code (enforcement will remain paused in all other areas of the City in the manner in which it was recommended by the City Attorney's Office in 2019)
- A stadium footprint for Ordinance implementation
- Potential partnerships with stakeholders
- A preliminary enforcement plan
- Factors for Council consideration regarding future City-wide ordinance amendments

In addition, this report will discuss the following issues:

- A plan to modify the existing permitting process and update the required forms for

dissemination online

- The Police Department's communication plan to vendors ahead of implementation and at events during the pilot period
- Partnership with other enforcement agencies such as County of Santa Clara Consumer Protection Division and California Alcoholic Beverage Control (ABC)

Proposed Amendments to Chapter 5.05 and Section 9.05.165 of the City Code

Staff has prepared the proposed Ordinance amendments that regulate both stationary and roaming sidewalk vendors, including revisions of time, place, and manner provisions to the extent allowed by SB 946:

- Modify Chapter 9.05.165 (prohibited activities in parking facilities adjacent to the Stadium): subsection (m) is amended to indicate that the prohibition on peddling on the perimeter sidewalk of the stadium is subject to the terms and requirements of the pilot program
- Amend Chapter 5.05 (solicitors and peddlers) to add a new Article IV governing the pilot program, which includes the following:
 - Prohibition of sidewalk vending activity on specified segments of sidewalks/paths (the pilot program footprint) surrounding the Stadium for particular time periods on event days
 - Outside of the restricted hours, vending activity within the pilot program footprint shall be allowed, subject to certain regulatory requirements, such as:
 - Obtaining a permit from the City
 - Proof of health permits and food handler training for sale of food or beverage
 - Sale of alcoholic beverages is prohibited
 - Vendors shall not operate in such a manner as to impair disability access
 - New administrative penalties structure

Recommended Pilot Project Footprint

With due consideration given to the Stadium Traffic Management Operations Plan (TMOP), taken together with the Police Department's experience with vehicle traffic patterns at the Stadium, as well as event attendee tendencies to use light rail (Valley Transportation Authority/VTA, heavy rail (Caltrain), bicycle, pedicab, walk and/or other forms of transportation to Levi's Stadium, staff is recommending the following areas where sidewalk vending ***should not occur*** due to identified health and/or safety concerns:

- Tasman Drive (from Great America Parkway to Calle de Sol)
- Tasman Drive eastbound off-ramp to Star and Stripes Drive (often referred to as a slip-ramp)
- Tasman Drive stairways to Stars and Stripes Drive

- Great America Parkway (from Bunker Hill Drive to Patrick Henry Drive)
- Stars and Stripes Drive (from the Tasman Drive eastbound off-ramp to Bill Walsh Way).
- San Tomas Aquino Creek Trail (from Great America Parkway to Agnew Road)
- Old Glory Lane east of Great America Parkway

The attached map (Attachment 4) details the recommended pilot program footprint.

In turn, the following areas have been identified as viable spaces for sidewalk vendors to conduct business on event days, subject to the regulatory requirements outlined in Chapter 5.05 of the City Code (with a modified permitting process in accordance with SB 946):

- Tasman Drive west of Great America Parkway and east of Calle de Sol
- Great America Parkway north of Bunker Hill Lane and south of Patrick Henry Drive
- Old Glory Lane west of Great America Parkway
- Old Ironsides Drive

See the section titled *Community Stakeholder/Partnerships* for added details about a coordinated approach to vendor communication and conflict, rules and regulations, booth/stall assignment and manage risks within these dedicated areas.

Health, Safety and Welfare Concerns

Based upon the Police Department's experience with vending occurring around the Stadium on event days, the Department has determined that the restrictions set forth above are necessitated by the following health, safety and welfare concerns:

- Creating traffic congestion by customer queues extending into driving lanes, as well as disrupting bicycle and pedicab traffic
- Vending carts and customer queues restrict the ability of other pedestrians and disabled persons to pass on the sidewalk
- Inadequate waste disposal, causing potential pollution as well as increased tripping/slipping dangers in the context of a large, highly dense, pedestrian group
- Location of sidewalk vending carts and the associated queues are not incorporated into the traffic management and operations plan
- Use of propane tanks on portable carts without security measures is particularly dangerous in the context of a large, highly dense, pedestrian group
- Hot greasy cook tops without structures for safety clearances and required fire extinguishing devices
- Intoxicated attendees causing fights connected with massive groups traveling through narrow pathways

- Merchandise sales of unsafe or inappropriate items (e.g., flares) that are particularly dangerous in the context of a large, highly dense, pedestrian group
- Alcohol being sold to Stadium patrons without Alcoholic Beverage Control permits, particularly in situations in which Stadium halts alcohol sales prior to the conclusion of the event for safety purposes
- Unsafe food preparation, storage, and handling practices, including lack of hand washing facilities

City-wide there are also concerns about labor / employment law violations and vulnerable populations being subject to street crimes. These concerns have and will continue to be raised with partner agencies (e.g., County of Santa Clara Consumer Protection Division) concurrent with the implementation of the pilot program if approved.

According to the proposed Ordinance, sidewalk vendors would not be permitted in the pilot project footprint from the time Tasman Drive is closed to the public (generally 1:30 a.m. on event day) through 2-hours following the conclusion of the event to be consistent with other event-specific needs or one full calendar day whichever is less.

Modified Permitting Process and Proposed City Fee and Business Tax Waivers

The Police Department has several responsibilities related to the oversight of businesses regulated by City, State and Federal laws such as inspections, permits, annual renewals, investigating complaints against the businesses to ensure full compliance with the appropriate laws and regulations. As it relates to activity on Levi’s Stadium event days the regulated businesses include taxicab drivers, pedicabs, solicitors and peddlers, mobile food trucks, etc.

Each regulated business type has different requirements. Currently, a solicitor/peddler permit encompasses mobile food trucks, ice cream trucks, push carts, solicitors, peddlers, etc. Due to SB 946’s carve-out of non-motorized sidewalk vending from other types of peddler businesses, a new application will need to be drafted to take into consideration the guidelines set forth by the legislature including limitations on the personal information that may be collected. Compliance with generally applicable state laws is still required, as is compliance with the requirements of other applicable state and local agencies (such as the County Health Department).

In addition, under SB 946 basic City fees can still be required. The Adopted 2023/24 Municipal Fee Schedule rates for such fees applicable to sidewalk vendors are as follows:

| Description of Fee, Rate or Charge | Adopted 2023/24 Fee |
|--|----------------------------------|
| Fingerprinting LiveScan rolling service fee (one-time) | \$66 |
| City of Santa Clara Business License Tax | \$45 per employee |
| Solicitor/Peddler company application | \$349, plus LiveScan fees |
| Solicitor/Peddler employee application | \$149, inclusive of LiveScan fee |
| Solicitor/Peddler company or employee renewal | \$149 |

Based on the FY 23/24 fees, and how such requirements have been applied in the past, the following examples are intended to illustrate the potential costs:

| Initial Process | Sole Proprietor | Company with Employee(s) |
|-------------------------|------------------------|--|
| Permit Application | \$349 | \$349 for the company, plus \$149 per employee |
| LiveScan fingerprinting | \$66 | \$66 for the owner |
| Business License Tax | \$45 | \$45 for the owner, plus \$45 per employee |
| TOTAL | \$460 | \$460, plus \$194 per employee |
| | | |
| Renewal Process | Sole Proprietor | Company with Employee(s) |
| Application Renewal | \$149 | \$149 for the company, plus \$149 per employee |
| Business License Tax | \$45 | \$45 for the owner, plus \$45 per employee |
| TOTAL | \$194 | \$194, plus \$194 per employee |

**The above charges do not include any third-party fees or costs (e.g., insurance, Health Department permit etc.) that are required to obtain a City of Santa Clara Solicitor/Peddler permit*

For the purposes of the pilot program, staff recommends requiring all vendors that desire to operate at Stadium events to obtain applicable licenses and permits, including LiveScan background checks. However, in order to encourage regulatory compliance, staff also recommends taking the step of waiving all City solicitor/peddler fees and taxes for such vendors during the pilot program period operating solely within the pilot program footprint.

To make the City general fund whole, Stadium Authority Staff plans to allocate \$30,000 of Stadium Authority funds support this initiative. If approved, the City will waive certain solicitor/peddler fees and taxes on a first come first service basis until the \$30,000 has been expended. Vendors would still be responsible for any third-party fees or costs (e.g., insurance, Health Department permit etc.) that are required to obtain a City of Santa Clara Solicitor/Peddler permit; it is not the intent of this proposal to waive or subsidize any third-party fees or costs. Vendors wishing to operate on City-wide sidewalk locations outside the pilot program footprint will still be required to pay all permitting fees and charges.

Program Implementation

A number of actions will be required in order to implement the pilot program. Key program elements include (1) a communications plan, (2) an internal enforcement plan, (3) coordination with other enforcement agencies, (4) exploration of community partnerships, and (5) information gathering and reporting. Each of these key elements are described in more detail, below.

1. Communications Plan

Following Council action, the staff will disseminate information regarding the pending changes on the following existing resources:

- City and Police Department website
- Police Department social media platforms (e.g., Facebook, GovDelivery, Instagram, Nextdoor,

Twitter)

- Written notice to existing sidewalk vendors with valid permits

In the early phase of program implementation, staff will also create and distribute flyers in multiple languages to educate and engage sidewalk vendors on program requirements.

Similarly, staff will coordinate with Levi's Stadium to create and post signage in multiple languages to be posted onsite according to the approved pilot program footprint.

2. Enforcement Plan

Levi's Stadium has a Code of Conduct and an extensive security plan with an escalating scale of enforcement (e.g., guest services, private security, law enforcement) for Code of Conduct violations to ensure all guests enjoy a positive event day experience. Private security, the Santa Clara Police Department and its local, State and Federal law enforcement personnel assist with implementation of this layered security plan.

While the Police Department will be responsible for enforcement of violations of the amended Code sections, staff anticipates the sidewalk vendor management program will help mitigate many of the anticipated challenges. A progressive enforcement model will be employed, including a community-oriented approach to the initial guidelines, education and violation admonishments, followed by enforcement for non-compliance or recurring violations.

For vending violations within Stadium parking lots, the existing Levi's Stadium Code of Conduct and associated Code sections within Chapter 9, are currently enforceable.

Staff recommends a similar progressive approach to conducting enforcement under this pilot project in the parking lots. In this case, it is recommended the approach be as follows:

- Private security (Levi's Stadium) for violations on Stadium property or Stadium parking lots
- Non-sworn personnel/Code Enforcement)
- Law Enforcement (sworn peace officer personnel)

This approach is also designed with an emphasis on initial education and violation admonishments, followed by progressive enforcement for non-compliance or recurring violations. The approach is intended to efficiently utilize staffing resources, as well as mitigate potential tension that may arise from enforcement contacts with vendors. Instead, private security and non-sworn personnel will explain the City Code, and issue warnings for violations with an opportunity to correct the violation by relocating to an area outside of the prohibited locations. Continued non-compliance could result in an administrative citation being issued.

Doing so will increase expenses, at least in the short term, associated with creating a "team" to educate sidewalk vendors on the regulations and handle enforcement. The Santa Clara Stadium Taxpayer Protection and Economic Progress Act, commonly referred to as Measure J, requires all costs related to stadium operations to be reimbursed to the City. Sidewalk vending enforcement costs in the pilot program area would be subject to repayment under Measure J.

The new statute was expressly designed by the State Legislature to decriminalize sidewalk vending.

A violation of the pilot program ordinance is punishable only by a prescribed administrative fine penalty structure or permit revocation. Additionally, the new law requires local jurisdictions to offer an ability-to-pay determination to individuals who are issued a violation. The administrative fines for violation of the pilot program (such as vending in a prohibited area) are as follows:

- one hundred dollars (\$100) for a first violation
- two hundred dollars (\$200) for a second violation within one year of the first violation
- five hundred dollars (\$500) for each additional violation within one year of the first violation
- a local authority may rescind a permit issued to a sidewalk vendor for the term of that permit upon the fourth violation or subsequent violations

The violation of failing to obtain a permit is punishable by stricter penalties as follows:

- two hundred fifty dollars (\$250) for a first violation
- five hundred dollars (\$500) for a second violation within one year of the first violation
- one thousand dollars (\$1,000) for each additional violation within one year of the first violation

3. *Partnership with County of Santa Clara Health Department and California Alcoholic Beverage Control (ABC)*

Staff feels that a key element to program success will be the engagement of other interested, law and safety enforcement agencies to assist with the effort. The two main agencies of interest are the ABC and the Santa Clara County Health Department.

ABC has enforcement authority for alcohol sales apart from SB 946. On occasion, ABC representatives will attend a stadium event to issue warnings and/or citations to anyone illegally selling alcohol or setting up a bar for alcohol sales.

Meanwhile, the Police Department will again reach out for collaboration with the County of Santa Clara for health permit and food safety enforcement. The County has much more substantial powers than the City and is not limited by SB 946. In recent years, however, County personnel resources have prevented their ability to have a presence at every Levi's Stadium event.

Community/Stakeholder Partnerships

Leading up to and during the pilot program period, staff will also explore other possible partnerships with interested stakeholders. ManCo and neighborhood interests are key of course, but efforts will also be directed at the vendors themselves.

Recent changes in State law have enhanced the entrepreneurial spirit associated with any sidewalk vendors. As a result, partnering with our business-persons utilizing stadium events as part of their business model will be important. One example of this would be to explore the creation of an umbrella or cooperative structure within each of the approved sidewalk vending areas to bring people together with a shared goal while combating health and safety concerns to mitigate risks (e.g., ADA compliance, food-related illnesses, vendor relationships, injuries to people, damage to property, employment and labor law risks, etc.). This community-oriented approach, similar to how some farmer's markets are operated, would bring together individuals who want to efficiently sell their

products and be part of the decision-making process in doing so. This umbrella organization could also serve as the point of contact for adjacent properties and brick and mortar businesses.

Establishment of such an entity and its charter members will take some time. As a result, staff is recommending the sidewalk vendor management be implemented as Phase 2 of this overall process.

Information Gathering and Reporting

Throughout the program, staff will be observing and gathering relevant information in order to assist staff and the Council to evaluate program successes, failures, and possible improvements. Types of information to be gathered and reported out at the end of the process shall include, at a minimum, the following:

- Number of vending permits issued and fee waivers issued
- Number of vending permits denied or revoked
- Number of written warnings and citations issued as well as the administrative fines collected
- Expenses to implement the permit program and conduct enforcement of the regulations
- Proposed changes to the pilot project footprint, City Code, and other regulations as a result of the pilot program experiences
- Discussion of potential costs associated with a longer-term program

Next Steps

Pending Council approval of the staff recommendation, a second reading of the Ordinance will take place at the August 22, 2023 Council meeting. If the ordinance is adopted on August 22, 2023, it will become effective with initial enforcement efforts commencing upon the effectiveness of the ordinance 30 days thereafter. Doing so, allows for communications and permitting compliance efforts during the pre-season NFL games with the program going “live” as early in the regular season as possible.

The pilot program will continue through January 2024. Staff intends to report to the Council on the progress of the program, and to provide a full report at the conclusion of the program (estimated Spring 2024). At that time, staff may offer further Ordinance amendments to modify or extend the program with respect to Stadium events, and/or to expand the program into other areas of the City, including but not limited to, City parks.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

There will be Police Department and Community Development staff time associated with implementing and enforcing new permit requirements for sidewalk vendors, establishing a sidewalk vendor management program and developing a communication plan to vendors ahead of implementation and at events during the pilot period. The most significant impact from a staffing perspective will be conducting enforcement on Levi’s Stadium event days. At this time, there are approximately 8 major events scheduled at Levi’s Stadium during the pilot program; additional event (s) may be added through January 2024.

The staff recommendation includes requesting up to \$30,000 in Stadium Authority funds to support the permitting initiative. This should make the City general fund whole with respect to any waived fee or tax amounts. This funding proposal will be administered by the Stadium Authority Executive Director out of existing Stadium Authority funds. If a Stadium Authority appropriation is required, a budget amendment will be brought back to the Stadium Authority for its consideration and approval at the next scheduled Stadium Authority meeting.

The Stadium Manager has advised that Stadium will enforce vending regulations on Stadium grounds and parking lots. As such the Stadium Manager will be handling signage, and the corresponding costs on Stadium grounds and parking lot and will produce signs for public right-of-way (ROW) as appropriate.

COORDINATION

This report was coordinated with the Community Development Department, Parks and Recreation Department, Police Department, City Attorney's Office, and City Manager's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <<mailto:clerk@santaclaraca.gov>> or at the public information desk at any City of Santa Clara public library.

Concurrent with the adoption of this Ordinance, Stadium Manager plans to implement a companion program on Stadium grounds and in stadium parking lots. City staff and Stadium Manager will coordinate efforts to communicate with vendors about the implementation of the new stadium rules and the boundaries of the pilot program on City ROW.

RECOMMENDATION

1. Waive first reading and approve introduction of an ordinance amending Chapter 5.05 (Solicitors and Peddlers) and Section 9.05.165 (Activities and Conduct Prohibited in Parking Facilities Adjacent to the Stadium or Parking Facilities Used for Stadium Events) of the Santa Clara City Code to Create a Limited-Term Pilot Project Regulating Vending Upon Certain Public Sidewalks and Pedestrian Paths Surrounding Levi's Stadium on Event Days Pursuant to SB 946; and,
2. Waive fees and taxes for all required City business licenses and permits, for qualified sidewalk vendors operating at stadium events during the pilot program period (September 21, 2023 through January 31, 2024) on a first come first serve basis in an amount not to exceed \$30,000; and authorize the City Manager to develop administrative guidelines to implement the fee waiver program.

CHAPTER 459

An act to add Chapter 6.2 (commencing with Section 51036) to Part 1 of Division 1 of Title 5 of the Government Code, relating to sidewalk vendors.

[Approved by Governor September 17, 2018. Filed with
Secretary of State September 17, 2018.]

LEGISLATIVE COUNSEL'S DIGEST

SB 946, Lara. Sidewalk vendors.

Existing law authorizes a local authority, by ordinance or resolution, to adopt requirements for the public safety regulating any type of vending and the time, place, and manner of vending from a vehicle upon a street.

This bill would prohibit a local authority, as defined, from regulating sidewalk vendors, except in accordance with the provisions of the bill. The bill would provide that a local authority is not required to adopt a new program to regulate sidewalk vendors if the local authority has established an existing program that substantially complies with the provisions of the bill. The bill would apply these provisions to a chartered or general law city, county, or city and county.

The bill would require a local authority that elects to adopt a sidewalk vending program to, among other things, not require a sidewalk vendor to operate within specific parts of the public right-of-way, except when that restriction is directly related to objective health, safety, or welfare concerns, and not restrict sidewalk vendors to operate only in a designated neighborhood or area, except as specified. The bill would authorize a local authority to, by ordinance or resolution, adopt additional requirements regulating the time, place, and manner of sidewalk vending, as specified, if the requirements are directly related to objective health, safety, or welfare concerns. The bill would also authorize a local authority to prohibit sidewalk vendors in areas located within the immediate vicinity of a permitted certified farmers' market and a permitted swap meet, as specified, and to restrict or prohibit sidewalk vendors within the immediate vicinity of an area designated for a temporary special permit issued by the local authority, as specified. A violation would be punishable only by an administrative fine, as specified, pursuant to an ability-to-pay determination, and proceeds would be deposited in the treasury of the local authority.

The bill would require the dismissal of any criminal prosecutions under any local ordinance or resolution regulating or prohibiting sidewalk vendors that have not reached final judgment. The bill would also authorize a person who is currently serving, or who completed, a sentence, or who is subject to a fine, for a conviction of a misdemeanor or infraction for sidewalk

vending, as specified, to petition for dismissal of the sentence, fine, or conviction.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Sidewalk vending provides important entrepreneurship and economic development opportunities to low-income and immigrant communities.

(2) Sidewalk vending increases access to desired goods, such as culturally significant food and merchandise.

(3) Sidewalk vending contributes to a safe and dynamic public space.

(4) The safety and welfare of the general public is promoted by encouraging local authorities to support and properly regulate sidewalk vending.

(5) The safety and welfare of the general public is promoted by prohibiting criminal penalties for violations of sidewalk vending ordinances and regulations.

(6) This act applies to any city, county, or city and county, including a charter city. The criminalization of small business entrepreneurs, and the challenges that those entrepreneurs face as a result of a criminal record, are matters of statewide concern. Further, unnecessary barriers have been erected blocking aspiring entrepreneurs from accessing the formal economy, harming California's economy in the process, and disrupting the regulation of business, which is a matter of statewide concern. Moreover, California has an interest in the regulation of traffic, a matter of statewide concern, whether in ensuring the appropriate flow of traffic or in ensuring the safety of pedestrians on the road or the sidewalk.

(b) It is the intent of the Legislature to promote entrepreneurship and support immigrant and low-income communities.

SEC. 2. Chapter 6.2 (commencing with Section 51036) is added to Part 1 of Division 1 of Title 5 of the Government Code, to read:

CHAPTER 6.2. SIDEWALK VENDORS

51036. For purposes of this chapter, the following definitions apply:

(b) "Roaming sidewalk vendor" means a sidewalk vendor who moves from place to place and stops only to complete a transaction.

(c) “Stationary sidewalk vendor” means a sidewalk vendor who vends from a fixed location.

(d) “Local authority” means a chartered or general law city, county, or city and county.

51037. (a) A local authority shall not regulate sidewalk vendors except in accordance with Sections 51038 and 51039.

(b) Nothing in this chapter shall be construed to affect the applicability of Part 7 (commencing with Section 113700) of Division 104 of the Health and Safety Code to a sidewalk vendor who sells food.

(c) Nothing in this chapter shall be construed to require a local authority to adopt a new program to regulate sidewalk vendors if the local authority has established an existing program that substantially complies with the requirements in this chapter.

51038. (a) A local authority may adopt a program to regulate sidewalk vendors in compliance with this section.

(b) A local authority’s sidewalk vending program shall comply with all of the following standards:

(1) A local authority shall not require a sidewalk vendor to operate within specific parts of the public right-of-way, except when that restriction is directly related to objective health, safety, or welfare concerns.

(2) (A) A local authority shall not prohibit a sidewalk vendor from selling food or merchandise in a park owned or operated by the local authority, except the local authority may prohibit stationary sidewalk vendors from vending in the park only if the operator of the park has signed an agreement for concessions that exclusively permits the sale of food or merchandise by the concessionaire.

(B) Notwithstanding subparagraph (A), a local authority may adopt additional requirements regulating the time, place, and manner of sidewalk vending in a park owned or operated by the local authority if the requirements are any of the following:

(i) Directly related to objective health, safety, or welfare concerns.

(ii) Necessary to ensure the public’s use and enjoyment of natural resources and recreational opportunities.

(iii) Necessary to prevent an undue concentration of commercial activity that unreasonably interferes with the scenic and natural character of the park.

(3) A local authority shall not require a sidewalk vendor to first obtain the consent or approval of any nongovernmental entity or individual before he or she can sell food or merchandise.

(4) (A) A local authority shall not restrict sidewalk vendors to operate only in a designated neighborhood or area, except when that restriction is directly related to objective health, safety, or welfare concerns.

(B) Notwithstanding subparagraph (A), a local authority may prohibit stationary sidewalk vendors in areas that are zoned exclusively residential, but shall not prohibit roaming sidewalk vendors.

(5) A local authority shall not restrict the overall number of sidewalk vendors permitted to operate within the jurisdiction of the local authority,

unless the restriction is directly related to objective health, safety, or welfare concerns.

(c) A local authority may, by ordinance or resolution, adopt additional requirements regulating the time, place, and manner of sidewalk vending if the requirements are directly related to objective health, safety, or welfare concerns, including, but not limited to, any of the following:

(1) Limitations on hours of operation that are not unduly restrictive. In nonresidential areas, any limitations on the hours of operation for sidewalk vending shall not be more restrictive than any limitations on hours of operation imposed on other businesses or uses on the same street.

(2) Requirements to maintain sanitary conditions.

(3) Requirements necessary to ensure compliance with the federal Americans with Disabilities Act of 1990 (Public Law 101-336) and other disability access standards.

(4) Requiring the sidewalk vendor to obtain from the local authority a permit for sidewalk vending or a valid business license, provided that the local authority issuing the permit or business license accepts a California driver's license or identification number, an individual taxpayer identification number, or a municipal identification number in lieu of a social security number if the local authority otherwise requires a social security number for the issuance of a permit or business license, and that the number collected shall not be available to the public for inspection, is confidential, and shall not be disclosed except as required to administer the permit or licensure program or comply with a state law or state or federal court order.

(5) Requiring the sidewalk vendor to possess a valid California Department of Tax and Fee Administration seller's permit.

(6) Requiring additional licenses from other state or local agencies to the extent required by law.

(7) Requiring compliance with other generally applicable laws.

(8) Requiring a sidewalk vendor to submit information on his or her operations, including, but not limited to, any of the following:

(A) The name and current mailing address of the sidewalk vendor.

(B) A description of the merchandise offered for sale or exchange.

(C) A certification by the vendor that to his or her knowledge and belief, the information contained on the form is true.

(D) The California seller's permit number (California Department of Tax and Fee Administration sales tax number), if any, of the sidewalk vendor.

(E) If the sidewalk vendor is an agent of an individual, company, partnership, or corporation, the name and business address of the principal.

(d) Notwithstanding subdivision (b), a local authority may do both of the following:

(1) Prohibit sidewalk vendors in areas located within the immediate vicinity of a permitted certified farmers' market or a permitted swap meet during the limited operating hours of that certified farmers' market or swap meet. A "certified farmers' market" means a location operated in accordance with Chapter 10.5 (commencing with Section 47000) of Division 17 of the

Food and Agricultural Code and any regulations adopted pursuant to that chapter. A “swap meet” means a location operated in accordance with Article 6 (commencing with Section 21660) of Chapter 9 of Division 8 of the Business and Professions Code, and any regulations adopted pursuant to that article.

(2) Restrict or prohibit sidewalk vendors within the immediate vicinity of an area designated for a temporary special permit issued by the local authority, provided that any notice, business interruption mitigation, or other rights provided to affected businesses or property owners under the local authority’s temporary special permit are also provided to any sidewalk vendors specifically permitted to operate in the area, if applicable. For purposes of this paragraph, a temporary special permit is a permit issued by the local authority for the temporary use of, or encroachment on, the sidewalk or other public area, including, but not limited to, an encroachment permit, special event permit, or temporary event permit, for purposes including, but not limited to, filming, parades, or outdoor concerts. A prohibition of sidewalk vendors pursuant to this paragraph shall only be effective for the limited duration of the temporary special permit.

(e) For purposes of this section, perceived community animus or economic competition does not constitute an objective health, safety, or welfare concern.

51039. (a) (1) A violation of a local authority’s sidewalk vending program that complies with Section 51038 is punishable only by the following:

(A) An administrative fine not exceeding one hundred dollars (\$100) for a first violation.

(B) An administrative fine not exceeding two hundred dollars (\$200) for a second violation within one year of the first violation.

(C) An administrative fine not exceeding five hundred dollars (\$500) for each additional violation within one year of the first violation.

(2) A local authority may rescind a permit issued to a sidewalk vendor for the term of that permit upon the fourth violation or subsequent violations.

(3) (A) If a local authority requires a sidewalk vendor to obtain a sidewalk vending permit from the local authority, vending without a sidewalk vending permit may be punishable by the following in lieu of the administrative fines set forth in paragraph (1):

(i) An administrative fine not exceeding two hundred fifty dollars (\$250) for a first violation.

(ii) An administrative fine not exceeding five hundred dollars (\$500) for a second violation within one year of the first violation.

(iii) An administrative fine not exceeding one thousand dollars (\$1,000) for each additional violation within one year of the first violation.

(B) Upon proof of a valid permit issued by the local authority, the administrative fines set forth in this paragraph shall be reduced to the administrative fines set forth in paragraph (1), respectively.

(b) The proceeds of an administrative fine assessed pursuant to subdivision (a) shall be deposited in the treasury of the local authority.

(c) Failure to pay an administrative fine pursuant to subdivision (a) shall not be punishable as an infraction or misdemeanor. Additional fines, fees, assessments, or any other financial conditions beyond those authorized in subdivision (a) shall not be assessed.

(d) (1) A violation of a local authority's sidewalk vending program that complies with Section 51038, or a violation of any rules or regulations adopted prior to January 1, 2019, that regulate or prohibit sidewalk vendors in the jurisdiction of a local authority, shall not be punishable as an infraction or misdemeanor, and the person alleged to have violated any of those provisions shall not be subject to arrest except when permitted under law.

(2) Notwithstanding any other law, paragraph (1) shall apply to all pending criminal prosecutions under any local ordinance or resolution regulating or prohibiting sidewalk vendors. Any of those criminal prosecutions that have not reached final judgment shall be dismissed.

(e) A local authority that has not adopted rules or regulations by ordinance or resolution that comply with Section 51037 shall not cite, fine, or prosecute a sidewalk vendor for a violation of any rule or regulation that is inconsistent with the standards described in subdivision (b) Section 51038.

(f) (1) When assessing an administrative fine pursuant to subdivision (a), the adjudicator shall take into consideration the person's ability to pay the fine. The local authority shall provide the person with notice of his or her right to request an ability-to-pay determination and shall make available instructions or other materials for requesting an ability-to-pay determination. The person may request an ability-to-pay determination at adjudication or while the judgment remains unpaid, including when a case is delinquent or has been referred to a comprehensive collection program.

(2) If the person meets the criteria described in subdivision (a) or (b) of Section 68632, the local authority shall accept, in full satisfaction, 20 percent of the administrative fine imposed pursuant to subdivision (a).

(3) The local authority may allow the person to complete community service in lieu of paying the total administrative fine, may waive the administrative fine, or may offer an alternative disposition.

(g) (1) A person who is currently serving, or who completed, a sentence, or who is subject to a fine, for a conviction of a misdemeanor or infraction for sidewalk vending, whether by trial or by open or negotiated plea, who would not have been guilty of that offense under the act that added this section had that act been in effect at the time of the offense, may petition for dismissal of the sentence, fine, or conviction before the trial court that entered the judgment of conviction in his or her case.

(2) Upon receiving a petition under paragraph (1), the court shall presume the petitioner satisfies the criteria in paragraph (1) unless the party opposing the petition proves by clear and convincing evidence that the petitioner does not satisfy the criteria. If the petitioner satisfies the criteria in paragraph (1), the court shall grant the petition to dismiss the sentence or fine, if applicable, and dismiss and seal the conviction, because the sentence, fine, and conviction are legally invalid.

(3) Unless requested by the petitioner, no hearing is necessary to grant or deny a petition filed under paragraph (1).

(4) If the court that originally sentenced or imposed a fine on the petitioner is not available, the presiding judge shall designate another judge to rule on the petition.

(5) Nothing in this subdivision is intended to diminish or abrogate any rights or remedies otherwise available to the petitioner.

(6) Nothing in this subdivision or related provisions is intended to diminish or abrogate the finality of judgments in any case not falling within the purview of this chapter.

SEC. 3. The Legislature finds and declares that Section 2 of this act, which adds Section 51038 to the Government Code, imposes a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

The Legislature finds and declares that in order to protect the privacy of a sidewalk vendor with regard to his or her California driver's license or identification number, individual taxpayer identification number, or municipal identification number, when that number is collected in lieu of a social security number for purposes of the issuance of a permit or business license, it is necessary that the sidewalk vendor's number be confidential, except as provided in this act.

Senate Bill No. 972

CHAPTER 489

An act to amend Sections 113818, 113831, and 113868 of, and to add Chapter 11.7 (commencing with Section 114368) to Part 7 of Division 104 of, the Health and Safety Code, relating to retail food.

[Approved by Governor September 23, 2022. Filed with Secretary of State September 23, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

SB 972, Gonzalez. California Retail Food Code.

(1) Existing law, the California Retail Food Code (the code), establishes uniform health and sanitation standards for, and provides for regulation by the State Department of Public Health of, retail food facilities and requires local health agencies to enforce these provisions. Existing law, for purposes of the code, defines a “cottage food operation” as an enterprise that has no more than a specified amount in gross annual sales, is operated by a cottage food operator, and has no more than 1 full-time employee within the registered or permitted area of a private home where the food products are prepared and packaged. Existing law provides for the regulation of microenterprise home kitchen operations and limits those operations to not serving more than 30 individual meals per day and not more than 60 individual meals per week and to no more than \$50,000 in verifiable gross annual sales, as adjusted for inflation. Existing law authorizes the local enforcement agency to decrease the limit on the number of individual meals prepared based on the food preparation capacity of the operation.

This bill would authorize a cottage food operation or microenterprise home kitchen operation to serve as a commissary or mobile support unit for up to 2 compact mobile food operations if the cottage food operation or microenterprise home kitchen operation permit includes an endorsement from the local enforcement agency that the cottage food operation or microenterprise home kitchen operation is capable of supporting the preparation and storage of the food being sold from the compact mobile food operation and the storage and cleaning of the compact mobile food operation. The bill would authorize nonpotentially hazardous foods prepared in a cottage food operation to be served from a compact mobile food operation. The bill would define “compact mobile food operation” as a mobile food facility that operates from an individual or from a pushcart, stand, display, pedal-driven cart, wagon, showcase, rack, or other nonmotorized conveyance. The bill would require compact food operations to conduct only limited food preparation.

(2) The code defines “limited food preparation” as food preparation that is restricted to specified activities, including dispensing or portioning of

nonpotentially hazardous food, slicing and chopping of food on a heated cooking surface during the cooking process, and holding, portioning, and dispensing foods that are prepared at a satellite food service or catering operation.

This bill would include in the definition of “limited food preparation” dispensing and portioning for immediate service to a customer of food that has been temperature controlled until immediately prior to portioning or dispensing, slicing and chopping of nonpotentially hazardous food or produce that has been washed at an approved facility, hot and cold holding of food previously prepared at an approved permanent food facility, and reheating of food that has been previously prepared at an approved permanent food facility and held at the approved temperatures.

(3) The code defines “mobile food facility” and regulates what types of food may be provided at a mobile food facility. The code requires mobile food facilities to meet specified health and safety standards, including access to warewashing sinks, restrooms, and handwashing facilities and required quantities of potable water.

This bill would require a compact mobile food operation to meet the applicable requirements of mobile food facilities, except as specified. The bill would exempt a compact mobile food operation that has 25 square feet or less of display area and sells only prepackaged, nonpotentially hazardous foods or whole uncooked produce from the code, except as specified. The bill would authorize a compact mobile food operation to display or sell food outdoors, if certain conditions are met, including, among other things, overhead protection provided above all food display areas. The bill would require a compact mobile food operation that engages in the preparation of raw meat, raw poultry, or raw fish to meet additional specified requirements. The bill would authorize the enforcement agency to preapprove a standard plan for a standardized or mass-produced facility intended to serve as a compact mobile food operation and would authorize a compact mobile food operation to use that standardized or mass-produced facility after a final inspection, but without submitting plans for the individual unit. The bill would authorize the enforcement agency to collect a fee for the final inspection.

(4) Existing law requires commissaries and other approved facilities servicing mobile support units, mobile food facilities, and vending machines to meet specified standards.

This bill would authorize an enforcement agency to approve a facility with nonconforming structural conditions if those conditions do not pose a public health hazard. The bill would also require an enforcement agency to approve the storage of a compact mobile food facility in a permitted permanent food facility if, after initial inspection, the agency determines that the compact mobile food facility is protected from contamination. The bill would authorize the enforcement agency to charge a fee to administer these provisions.

(5) The code requires a food facility to have a valid permit to be open for business and authorizes the local enforcement agency to charge a fee for the permit or registration or related services.

This bill would authorize the local enforcement agency to reduce the fee for the permit, registration, or related service for an applicant seeking approval of a compact mobile food operation or related operations.

(6) Under existing law, violation of the code is a misdemeanor, unless otherwise specified.

This bill would make violations of the code by an operator or employee of a compact mobile food facility or a sidewalk vendor punishable only by an administrative fine. Additionally, by making changes to the definition of various crimes and by adding new crimes under the code, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 113818 of the Health and Safety Code is amended to read:

113818. (a) "Limited food preparation" means food preparation that is restricted to one or more of the following:

SEC. 2. Section 113831 of the Health and Safety Code is amended to read:

113831. (a) “Mobile food facility” means any vehicle used in conjunction with a commissary or other permanent food facility upon which food is sold or distributed at retail. “Mobile food facility” does not include a “transporter” used to transport packaged food from a food facility, or other approved source to the consumer.

(b) “Single operating site mobile food facilities” means at least one, but not more than four, unenclosed mobile food facilities, and their auxiliary units, that operate adjacent to each other at a single location.

(c) “Compact mobile food operation” means a mobile food facility that operates from an individual or from a pushcart, stand, display, pedal-driven cart, wagon, showcase, rack, or other nonmotorized conveyance.

SEC. 3. Section 113868 of the Health and Safety Code is amended to read:

113868. “Portable” means equipment that is capable of being lifted and moved or has utility connections that are designed to be disconnected or of sufficient length to permit the unit to be moved for cleaning, and does not exceed 100 pounds (46 kg) in weight or is otherwise designed to be mobile.

SEC. 4. Chapter 11.7 (commencing with Section 114368) is added to Part 7 of Division 104 of the Health and Safety Code, to read:

CHAPTER 11.7. COMPACT MOBILE FOOD OPERATION

114368. A compact mobile food operation, as defined in subdivision (c) of Section 113831, shall meet the applicable requirements of Chapter 10 (commencing with Section 114294), except as provided in this chapter.

114368.1. (a) Any compact mobile food operation with 25 square feet or less of display area from which only prepackaged nonpotentially hazardous food and whole uncooked produce is sold is exempt from the requirements of this part, except that the facility shall comply with all of the following:

(1) Sections 113980, 114047, 114049, 114390, 114393, 114397, and 114399.

(2) Chapter 1 (commencing with Section 113700).

(3) Chapter 2 (commencing with Section 113728).

(b) (1) A local enforcement agency may inspect a compact mobile food operation that is exempt, as specified in subdivision (a), during the facility's hours of operation and other reasonable times on the basis of a consumer complaint or just cause.

(2) For the purposes of determining compliance with this chapter, a compact mobile food operation that is not exempt as specified in subdivision (a) is subject to permitting and routine inspections or inspections on the basis of a consumer complaint or just cause.

(c) The local enforcement agency may recover the costs of investigation and enforcement of this section, subject to any limitations in this part on fines issuable to compact mobile food operations.

114368.2. (a) Compact mobile food operations shall conduct only limited food preparation, as defined in Section 113818. Notwithstanding any other provision of this part, a compact mobile food operation, as defined in subdivision (c) of Section 113831, may display or sell food outdoors, if all of the following conditions are satisfied:

(1) Overhead protection are provided above all food display areas.

(2) Food items from the outdoor display are stored consistent with this chapter at all times other than during business hours.

(3) Outdoor displays comply with Section 113980 and have been approved by the enforcement agency if the compact mobile food operation is required to obtain a permit.

(b) A compact mobile food operation shall not sell food other than nonpotentially hazardous prepackaged food or whole produce, or conduct any food preparation, unless it meets the applicable operational requirements of this chapter, including applicable requirements for integral equipment, handwashing, and restroom access.

(c) Equipment that is required to be integral to a compact mobile food operation shall either be permanently attached to the primary unit or securely fastened to the primary unit by means that would prevent unintentional removal. Equipment may be considered integral despite being portable or otherwise removable for cleaning, maintenance, or as part of its regular function.

(d) A compact mobile food operation operating from an individual shall not conduct any food preparation or sell foods other than nonpotentially hazardous prepackaged food or whole produce.

114368.3 (a) (1) A permitted cottage food operation or microenterprise home kitchen operation may serve as a commissary or mobile support unit for up to two compact mobile food operations if the cottage food operation or microenterprise home kitchen operation permit includes an endorsement from the local enforcement agency that the cottage food operation or microenterprise home kitchen operation is capable of supporting the preparation and storage of the food being sold from the compact mobile

food operation and the storage and cleaning of the compact mobile food operation.

(2) Transactions at a compact mobile food operation operated by a cottage food operator shall constitute “direct sales” for the purposes of paragraph (4) of subdivision (b) of Section 113758.

(3) Transactions at up to two compact mobile food operations operated by a cottage food operator shall not count toward the annual gross sales restrictions in Section 113758 applicable to cottage food operations if the governing body has authorized this action.

(4) Nonpotentially hazardous foods prepared in a cottage food operation may be served from a compact mobile food operation.

(5) Food prepared in a microenterprise home kitchen operation may be served from a compact mobile food operation operated by the microenterprise home kitchen operation permitholder.

(6) The meal and gross annual sales limitations in paragraphs (7) and (8) of subdivision (a) of Section 113825 do not apply to the sale of nonpotentially hazardous food or produce for up to two compact mobile food operations operated by the microenterprise home kitchen operation if the governing body has authorized this action.

(7) With the authorization of the governing body and if the enforcement agency determines that the operation does not pose a public health hazard, a permitted microenterprise home kitchen operation may serve as a commissary for up to two compact mobile food operations. The meal and gross annual sales limitations in paragraphs (7) and (8) of subdivision (a) of Section 113825 apply unless the governing body sets a higher meal and income limitation.

(8) The governing body of a local jurisdiction that permits microenterprise home kitchen operations pursuant to Section 114367, may set the meal and income limitations in paragraphs (7) and (8) of subdivision (a) of Section 113825 at a higher level than provided in those paragraphs for microenterprise home kitchen operations that operate in conjunction with a compact mobile food operation. Notwithstanding this subdivision, the levels in effect, by statute or ordinance, as of January 1, 2023, shall remain in effect until changed by the local jurisdiction.

(b) (1) Existing permanent food facilities may be permitted to support the operations and storage of compact mobile food operations pursuant to the requirements of this section.

(2) Notwithstanding any other provision of this part, upon an evaluation verifying that a permanent food facility satisfies subdivisions (a) to (f), inclusive, of Section 114326, an enforcement agency shall approve the use of a permitted permanent food facility to satisfy the requirements of Section 114295 for a compact mobile food operation.

(3) Notwithstanding any other provision of this part, upon an evaluation verifying that the compact mobile food operation will be stored in a manner that protects the compact mobile food operation from contamination, an enforcement agency shall approve the storage of a compact mobile food operation in a permitted permanent food facility.

(4) Except when a determination is made by the enforcement agency that any nonconforming structural conditions pose a public health hazard, the enforcement agency may approve a facility to support operations of a compact mobile food operation.

(5) Plan submission shall not be required for an existing permanent food facility to support the operations of a compact mobile food operation when a determination is made by the local enforcement agency that the current operation and structural facilities of the permanent food facility can successfully provide the necessary functions of a commissary for a compact mobile food operation.

(6) An approved permanent food facility that will be used for cooling of food for a compact mobile food operation shall be approved by the enforcement agency for cooling.

(c) (1) Unless prohibited by local ordinance, an enforcement agency may allow the use of a private home for the storage of a compact mobile food operation if it determines, after an evaluation, that storage in the private home would not pose a public health hazard and that the compact mobile food operation will be stored in a manner that protects the compact mobile food operation from contamination.

(2) No more than two compact mobile food operations may be stored in a private home unless the enforcement agency finds that storage of more than two compact mobile food operations in a private home would not pose a public health hazard.

(3) The storage area within the home shall be designated and clearly identified upon approval and shall not be relocated without the review and approval of the local enforcement agency.

(4) Prepackaged nonpotentially hazardous food, whole fruits, and whole vegetables may be stored in the home prior to sale or preparation of that food in a compact mobile food operation.

(5) Food prepared in a private home shall not be used or offered for sale on a compact mobile food operation, unless it is a permitted cottage food operation or microenterprise home kitchen operation pursuant to subdivision (a). Violation of this paragraph may result in suspension or revocation of the permit to operate the compact mobile food operation.

(6) For purposes of determining compliance with this subdivision, a local enforcement agency may access, for inspection purposes, a private home where a compact mobile food operation is stored only if the representative has, on the basis of a consumer complaint, reason to suspect that the home is being used for food preparation, food storage, or unauthorized storage of utensils or other food facility equipment in violation of this subdivision.

(d) At the end of the operating day, potentially hazardous food that is prepared on or served from a compact mobile food operation shall be destroyed in a manner approved by the enforcement agency.

(e) For the purposes of this chapter, an endorsement by the local enforcement agency shall be a documented and recorded approval of compliance with applicable sections. An endorsement may include an inspection or evaluation, but shall not require a registration or permit.

(f) The enforcement agency may collect a fee for any permit, endorsement, inspection, or evaluation issued or conducted pursuant to this chapter in an amount that does not exceed the reasonable administrative costs of the enforcement agency.

114368.4. (a) Except as provided in subdivision (b), a compact mobile food operation that is approved for limited food preparation that prepares raw meat, raw poultry, or raw fish is subject to warewashing and handwashing facility requirements as outlined in Chapter 10 (commencing with Section 114294).

(b) (1) A compact mobile food operation may satisfy the requirements of Sections 114313 and 114314 by demonstrating access to a permitted auxiliary conveyance containing the necessary handwashing and warewashing sinks when operating at a site-specific location. The auxiliary conveyance may be operated by the same or a different permit holder. An enforcement agency may permit an auxiliary conveyance to serve multiple compact mobile food operations operating in close proximity to the auxiliary conveyance, as determined by the enforcement agency.

(2) If an auxiliary conveyance is not operated by the permit holder of the compact mobile food operation, the operator of the auxiliary conveyance shall obtain a permit from the enforcement agency to operate the auxiliary conveyance and service compact mobile food operations.

(3) The permit application for an auxiliary conveyance not operated by a compact mobile food operation shall include a site plan and shall be submitted to the enforcement agency at least two weeks prior to the operation of any food facility in conjunction with the auxiliary conveyance.

(4) The site plan for an auxiliary conveyance not operated by a compact mobile food operator shall show the proposed location and storage of the auxiliary conveyance, the proposed locations of any food facilities that will utilize the auxiliary conveyance, restrooms, refuse containers, potable water supply faucets, waste water disposal facilities, and all shared warewashing and handwashing facilities.

(c) A compact mobile food operation that is approved for limited food preparation that does not prepare raw meat, raw poultry, or raw fish shall do one of the following:

(1) Provide a three-compartment sink as described in subdivision (a) of Section 114313.

(2) Provide at least one two-compartment sink that complies with subdivision (e) of Section 114099.3.

(3) Provide a one-compartment sink with at least one integral metal drainboard, an adequate supply of spare preparation and serving utensils to replace those that become soiled or contaminated, and warewashing facilities that comply with subdivision (a) of Section 114313 in reasonable proximity to, and readily accessible for use by, food employees at all times.

(4) Maintain an adequate supply of spare preparation and serving utensils on the compact mobile food operation to ensure that utensils used for potentially hazardous foods are replaced with clean and sanitized utensils every four hours or as needed to replace those that become soiled or

contaminated. A compact mobile food operation that complies with this paragraph is not required to provide a warewashing sink.

(d) A compact mobile food operation that is approved for limited food preparation that does not prepare raw meat, raw poultry, or raw fish shall provide an integral handwashing sink with at least five gallons of potable water to operate with a potable water tank with a capacity of at least five gallons for handwashing.

(e) An enforcement agency may permit a compact mobile food operation to operate with an integral water tank smaller than specified under subdivision (c) or (d) of Section 114217 if the enforcement agency finds that the compact mobile food operation is operating in an area and manner that would allow for replenishment of the water supply as needed during operations.

(f) A compact mobile food operation shall submit, to the enforcement agency, written operating procedures that include the process of filling potable water tanks if it will operate with a water tank with a capacity of less than five gallons specified in subdivisions (c) and (d) of Section 114217.

(g) A compact mobile food operation that does not prepare raw meat, raw poultry, or raw fish is exempt from any provision of this part requiring it be equipped with a water heater or otherwise be supplied with warm water.

114368.5. (a) Upon receipt of complete, easily readable plans drawn to scale, and specifications satisfactory to the enforcement agency, an enforcement agency may preapprove a standard plan for a standardized or mass-produced individual unit intended to serve as a compact mobile food operation.

(b) A person proposing to operate a compact mobile food operation who has acquired an individual unit for which the construction of the compact mobile food operation has been built to approved plans shall not be required to submit plans for the individual unit, but instead shall be subject to a final inspection of the compact mobile food operation to ensure that the individual unit and proposed method of operation conform to the standard plans preapproved pursuant to subdivision (a). The permit application for a compact mobile food operation utilizing a preapproved individual unit shall include a certification that the applicant has not substantially altered the individual units from the plans preapproved pursuant to subdivision (a). The enforcement agency may collect a fee in the final inspection in an amount that does not exceed the reasonable administrative costs to the enforcement agency.

(c) The repair of equipment or integral fixtures on a compact mobile food operation or the replacement of equipment and fixtures on a compact mobile food operation with substantially similar equipment or fixtures is not a remodel, and the repair or replacement of equipment or fixtures does not require the submission of plans to an enforcement agency.

(d) A local governing body may waive or reduce a fee for the permit, registration, or related services for an applicant seeking approval of a compact mobile food operation or related operations.

(e) All new and replacement food-related and utensil-related equipment for a compact mobile food operation shall be certified or classified for sanitation by an American National Standards Institute accredited certification program, or a certification program accredited by another accreditation body recognized by the enforcement agency as providing substantially similar food safety and operational standards. In the absence of an applicable certified sanitation standard, food-related and utensil-related equipment shall be evaluated for approval by the enforcement agency.

(f) All new and replacement electrical appliances for a compact mobile food operation shall meet applicable Underwriters Laboratories standards for electrical equipment as determined by an American National Standards Institute accredited certification program or a certification program accredited by another accreditation body recognized by the enforcement agency as providing substantially similar food safety and operational standards.

114368.6. A compact mobile food operation is exempt from Section 113947.1 if the operator and any individual who is involved in the preparation, storage, or service of food for the compact mobile food operation has obtained a food handler card that meets the requirements of Section 113948.

114368.7. A compact mobile food operation is exempt from the requirements of Section 114315 if the compact mobile food operation operates with multiple employees or operators and the compact mobile food operation may remain operable by a single individual so that employees or operators may alternate use of a restroom.

114368.8. (a) Notwithstanding subdivision (a) of Section 114395, a violation of this part by an operator or employee of a compact mobile food operation is punishable only by an administrative fine.

(b) A violation of any provision of this part or regulation adopted pursuant to this part by an operator or employee of a compact mobile food operation or a sidewalk vendor shall not be punishable as an infraction or misdemeanor, and an operator or employee of a compact mobile food operation or a sidewalk vendor alleged to have violated any of those provisions is not subject to arrest except when independent grounds for that arrest exist under law.

(c) Except as provided in paragraph (d), each offense by an operator or employee of a compact mobile food operation or a sidewalk vendor may only be punished by a fine consistent with the following:

(1) A notice of violation detailing the violation, including the applicable provision of this part or regulation adopted pursuant to this part.

(2) An administrative fine not exceeding one hundred dollars (\$100) for a second violation within one year of the first violation.

(3) An administrative fine not exceeding two hundred dollars (\$200) for a third violation within one year of the first violation.

(4) An administrative fine not exceeding five hundred dollars (\$500) for each additional violation within one year of the first violation.

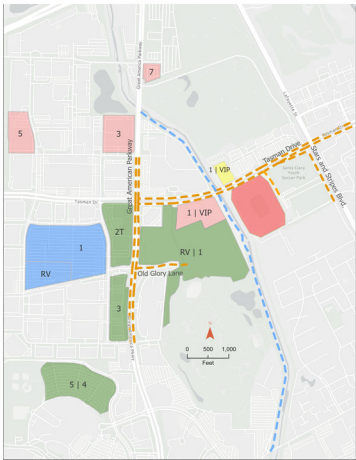

(d) If a compact mobile food operation is required to obtain a permit from the enforcement agency, operating without a permit may be punishable by a fine not to exceed three times the cost of the permit in lieu of the administrative fines referenced in subdivision (c). An enforcement agency shall not issue any fines in excess of the amounts allowable pursuant to subdivision (c) prior to January 1, 2024.

(e) (1) When assessing an administrative fine for a first-time offense, pursuant to this section, the hearing officer shall take into consideration the person's ability to pay the fine. The enforcement agency shall provide the person with notice of their right to request an ability-to-pay determination and shall make available instructions or other materials for requesting an ability-to-pay determination. The person may request an ability-to-pay determination at adjudication or while the judgment remains unpaid, including when a case is delinquent or has been referred to a comprehensive collection program.

(2) If the person meets the criteria described in subdivision (a) or (b) of Section 68632 of the Government Code, the enforcement agency shall accept, in full satisfaction, 20 percent of the administrative fine imposed pursuant to this section.

(3) The enforcement agency may waive the administrative fine or may offer an alternative disposition.

SEC. 5. REPORT TO COUNCIL

SUBJECT

Action on Policy Options to Amend Regulations Related to Street Vending Activities in the City of Santa Clara

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure
Enhance Community Engagement and Transparency

BACKGROUND

Mr. Gibbins, owner of The Hot Dog Dude, operates a sidewalk vending business on the 5000 block of Stars and Stripes Drive near Levi's Stadium. Mr. Gibbins has attended Council meetings on multiple occasions to express concerns regarding the sidewalk vending that is occurring during events at Levi's Stadium. From his perspective, it appears that there are several unpermitted vendors conducting business on event days. It is also his belief that a lack of permitting enforcement is having a negative financial impact to his business and he has requested assistance from the City.

During the past event season, the Police Department experienced a drastic increase in the number of unpermitted food and merchandise vendors within the immediate footprint of large-scale stadium events. This increase has caused several health and safety concerns which are outlined below.

As currently written, the City Code and regulations do not align with recently adopted State legislation related to sidewalk vending. Consequently, the City's ability to address these health and safety concerns or the issues raised by Mr. Gibbins is constrained.

The purpose of this report is to provide the City Council with an overview of the current regulatory environment including the two pieces of recently adopted legislation that shape the options to regulate street vending on sidewalks as well as in the public right-of-way. In addition, this report provides policy options for the Council to consider that will, hopefully, better position the City to address the concerns raised by Mr. Gibbins as well as the health and safety concerns that have been identified by staff.

DISCUSSION

Definition of Sidewalk Vending

Pursuant to Senate Bill 946, a "sidewalk vendor" is defined as a person who sells food or merchandise on a public sidewalk or other pedestrian path with a non-motorized conveyance (e.g., pushcart, stand, display, pedal driven cart, wagon, showcase, rack, etc.). A sidewalk vendor can be either roaming or stationary.

Recent Legislation - Senate Bill 946

On September 17, 2018, the Governor approved Senate Bill 946 (Attachment 1) referred to as the

“Safe Sidewalk Vending Act”, which imposes restrictions on the manner in which a local agency may regulate and enforce sidewalk vending within its jurisdiction by ordinance (these restrictions are commonly referred to as “time, place and manner” restrictions). This new law went into effect on January 1, 2019 and addresses sidewalk vending in four contexts: (1) generally, (2) in parks, (3) within the vicinity of farmers’ markets and swap meets, and (4) within temporary special permit areas.

The City Attorney’s Office issued a memo on January 11, 2019 to the Chief of Police and Director of Parks and Recreation addressing SB 946 and its impact on various portions of the City Code (Attachment 2). With the passage of SB 946, certain noted portions of the City’s existing Code became unenforceable or require modifications to reflect the intent of SB 946, including:

- Chapter 5.05 regulates door-to-door and place-to-place peddling and solicitation. The City Code makes a distinction between sales for immediate delivery (peddling) and for future delivery (solicitation), but SB 946 does not. Under Article I, peddlers and solicitors must obtain a permit for “peddling activities.” To obtain a permit, vendors are required to submit an application with personal identifying information, criminal history, fingerprints, County health inspections, pay fees and wear City-issued identification. In addition, Article II regulates solicitation from vehicles and mobile units, including but not limited to prohibiting selling or peddling of any articles at any place on any public street, sidewalk, right-of-way, public park or other public space for a period of time exceeding ten minutes within any two-hour period or within 500 feet of a school property.
- Chapter 12.05 restricts a person from obstructing sidewalks from the free passage of pedestrians, including doing so by annoying or molesting persons passing by. It does not provide any exception for those selling, or attempting to sell, food or merchandise.
- Title 9 prohibits individuals from bringing into “any portion of the parking areas” around the Stadium, and “perimeter sidewalk,” any food, goods or merchandise “for the purposes of sale or barter”.
- In addition, the City Code contains sections addressing enforcement, including the discretion to prosecute violation of code with civil, criminal or administrative penalties (§§ 1.05.070, 5.100.010), which are specifically preempted by SB 946.

Prior to the adoption of SB 946, local agencies (including cities and County Health Departments) could confiscate a vendor cart if health violations were committed, had prosecutorial discretion to enforce by issuing administrative or misdemeanor citations and could revoke a vendor permit after four (4) repeat offenses.

Under SB 946, criminal penalties are prohibited and administrative fines are limited pursuant to an “ability to pay” determination that reduces fines to 20% of the full fine if the violator earns less than 125% of the federal poverty line or receives certain means-tested government benefits. While a regulatory agency retains the right to revoke a permit under SB 946, a violator may be offered community service in lieu of the payment of fines and local agencies can either waive fines or make offers of alternative disposition.

A regulatory agency **cannot** require:

1. A vendor to operate within specific parts of the public right-of-way.
2. A vendor to obtain consent or approval from any non-governmental entity or individual before

he/she can sell food or merchandise.

3. A vendor to operate only in designated neighborhoods or areas. Stationary vendors can be prohibited in exclusively residential zones; or
4. Restrict the total number of vendors permitted to operate with a local jurisdiction.

The only exceptions to these restrictions are if there are “directly-related, objective health, safety or welfare concerns”. If these exceptions exist, local agencies *may* adopt requirements regulating time, place and manner restrictions including, but not limited to:

- Limitations on the hours of operation (so long as they are not unduly restrictive)
- Requirements to maintain sanitary conditions
- Requirements necessary to ensure compliance with the federal Americans with Disabilities Act and other disability access standards
- Requirements to obtain a permit for sidewalk vending and a valid business license
- Requirements to possess a valid California Department of Tax and Fee Administration seller’s permit
- Requirements for mitigation for littering or dumping
- Requirements for compliance with other generally applicable laws
- Requirements to submit certain information on his or her operations
- Prohibition of stationary sidewalk vendors in areas zoned for only residential uses

SB 946 separately addresses regulation of sidewalk vending in parks owned or operated by a local authority. Local authorities cannot prohibit a vendor from selling food or merchandise in a park; except when there is a signed concession agreement that provides exclusive rights for the sale of food or merchandise. In this case, stationary vendors can be prohibited. In addition to the exceptions related to health and safety, local authorities may also impose restrictions necessary to ensure the public’s use and enjoyment of natural resources and recreational opportunities as well as restrictions necessary to prevent undue concentration of commercial activity that would unreasonably interfere with the scenic and natural character of the park.

With respect to sidewalk vending at Farmer’s Markets and/or Swap Meets, a local authority may prohibit vendors in areas located within the immediate vicinity of a permitted certified farmers’ market or a permitted swap meet.

The final area affected by SB 946 relates to “temporary special permit areas”. A temporary special permit is a “permit issued by the local authority for the temporary use of, or encroachment on, the sidewalk or other public area”. This includes but is not limited to: 1) an encroachment permit; 2) a special event permit; or 3) a temporary event permit for purposes including but not limited to filming, parades or outdoor concerts. In this instance, a local authority may restrict vendors in the immediate vicinity of an area designated for a temporary special permit for the duration of the temporary permit.

Recent Legislation - Senate Bill 972

On January 1, 2023, Senate Bill 972 also went into effect (Attachment 3). SB 972 amends the California Retail Food Code to allow for non-potentially hazardous foods prepared in a cottage food operation to be served from a mobile food facility (such as a cart, wagon, rack, or other non-motorized conveyance). The code requires that these facilities meet certain health and safety standards. Mobile food operation with less than 25 square feet of display area or that sell only

prepackaged, non-potentially hazardous foods or whole uncooked food are exempt. Moreover, this legislation requires that local agencies establish pre-approved standard plans for facilities intended to serve as compact mobile food operation. Plans for individual units are not be required. Facilities with non-conforming structural conditions would be approved if those conditions do not pose a public health hazard. While facilities require a valid permit, this bill reduces the fees that can be collected, and violations can only be punishable by administrative fine.

Like the provisions in SB 946, fines are subject to the “ability to pay” determination and can be reduced or waived. If eligible for a reduction, the fine collected cannot exceed 20% of the full cost of the administrative fine. While the California Constitution requires the state to reimburse local agencies for certain costs mandated by the State, this bill eliminates the requirement for reimbursement.

Health and Safety Concerns

In addition to the need to align to State law, staff has identified a number of health and safety concerns associated with vendors on sidewalks, public right-of-way, in City parks, and on private property (e.g., parking lots) that should also be addressed. These concerns include:

- Unsafe food preparation and handling practices
- Inadequate waste disposal
- Traffic congestion
- Encroachment of public spaces and restricted access to sidewalks and public right of way
- Vulnerable populations subjected to street crimes
- Labor / employment law violations

The area around Levi’s Stadium is particularly sensitive given the number and size of major events, the impact to surrounding neighborhoods and the inherent opportunities to attract a large volume of vendors. Additional concerns include:

- Location of sidewalk vendors not incorporated into the City’s emergency evacuation plan or traffic management plan
- Propane tanks that could endanger the public if ignited in highly populated areas
- Hot greasy cook tops without structures for safety clearances and required fire extinguishing devices
- Massive groups congregating, particularly near gates, bridges, parking lots, crosswalks, sidewalks, etc.

- Lines causing people to interrupt ADA paths and pedestrian, bicyclist and pedicab traffic
- Intoxicated attendees causing fights connected with massive groups traveling through narrow pathways
- Sizeable amounts of cash being exchanged and the potential for crime
- Sanitary issues, including but not limited to garbage, access to water for hand washing, etc.
- Merchandise sales of counterfeit, unsafe or inappropriate items (e.g., flares)
- Alcohol being sold without Alcoholic Beverage Control permits
- Concerns of legitimate employment practices

Policy Options

The concerns expressed by Mr. Gibbins are indicative of a larger policy discussion regarding the City's interest in regulating street vending. As noted above, there are a variety of health and safety concerns that should be considered - especially in the area around Levi Stadium. Moreover, the State legislation has resulted in a City Code regulatory environment that is not enforceable as currently written, and therefore, requires modification.

To that end, staff is seeking policy direction from the Council on three (3) possible alternatives:

1. Prepare a temporary ordinance amendment and permit process for stadium event days that would **define areas where sidewalk vending could not occur** due to health and/or safety concerns, within a to-be-determined stadium footprint. The Ordinance would also contain provisions to prohibit vending in parking lots associated with the stadium event. The temporary Ordinance would be established for **a pilot period of August 2023 to January 2024** to evaluate impacts. At that time, the Police Department would return to the City Council with recommendations for implementation for the 2024 concert and NFL seasons, as well as how the Ordinance may need to be amended to apply in other areas of the City such as City parks.

Pros: Addresses health and safety concerns along sidewalks and public right of way as well as in parking lots surrounding the Stadium. May provide greater disbursement of sidewalk vendors within the defined footprint. Defines area for ease of enforcement and establishes a safety perimeter to ensure access in the event of evacuation or other safety measures. Complies with SB 946.

Cons: Does not address sidewalk vending in other parts of the City including City parks.

2. Direct staff to develop an Ordinance amendment to **address sidewalk vending City-wide to align City Code with current sidewalk vending legislation**. In this scenario, vending would be regulated and enforced throughout all areas of the City.

Pros: Allows for a comprehensive approach to the health and safety issues related to sidewalk

vending across the City.

Cons: Given the complexity of a citywide approach, it is unlikely that a comprehensive amendment can be completed prior to the 2023 concert and NFL season. Implementation will have a significant impact on City Department workloads, especially the Police and Parks and Recreation Departments.

3. Direct staff to **eliminate all unenforceable City Code sections related to sidewalk vending (and include minor modifications to enforceable provisions of the code as necessary), but generally defer to State law on the matter, without any meaningful local controls.**

Pros: Complies with SB 946 and 972.

Cons: Does not address health and safety concerns or address Mr. Gibbins' concerns related to the lack of enforcement of unpermitted vendors and negative financial impact.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

There is no fiscal impact related to this report. Depending on the option selected by Council, there will be costs associated with the design and implementation of a permitting process, enforcement, on-going communication with vendors, etc. Staff will return with those estimated costs based on the Council's direction on a preferred option.

COORDINATION

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. RECOMMENDATION

Direct staff to proceed with Option #1 (pilot program in the area of Levi's Stadium from August 2023 through January 2024, with the Police Department returning to City Council with recommendations for implementation for the 2024 concert and NFL seasons, as well as how the Ordinance may need to be amended to apply in other areas of the City, such as City parks).

Subject: SB 946 Sidewalk Vendors

Question Presented

What effect does the legislature's passage of SB 946 have on the enforcement of City Code sections regarding sidewalks and public rights of way, including in Chapters 8.10, 5.05, and 3.40?

Short Answer

SB 946 both (a) restricts the time, place and manner of regulations targeting individuals who sell food or merchandise on public sidewalks in and in parks, and (b) decriminalizes all violations, which has the following consequences:

1. Select sections of City Code must be revised, including sections restricting the time, place and manner of peddler/solicitor's activities on public rights-of-way and in parks, and those sections authorizing criminal enforcement and amounts of fines (See chart below).
2. The Police Department can no longer cite sidewalk vendors under Chapter 5.05 for infractions and misdemeanors. The City's enforcement is limited to administrative penalties.
3. The City must seek dismissal of all pending applicable criminal prosecutions, if any are pending.

Background

a. Description of the New Law

SB 946 decriminalizes and establishes requirements for local agencies to regulate sidewalk vendors. The general legislative intent is to "to promote entrepreneurship and support immigrant and low-income communities," and to respond to federal procedures for enforcing immigration laws against those convicted of a crime. A sidewalk vendor is defined as a person who "sells food or merchandise" upon a "public sidewalk or other pedestrian path," by "non-motorized conveyance or from their person," including while "roaming" and/or "stationary." It was chaptered on September 17, 2018, and is codified as Government Code sections 51036 – 51039.

Under Section 51038, a city cannot:

- 1) Specify where within a public right of way a vendor can operate, unless it is related to health, safety or welfare ("HSW") concerns. ((b)(1))
- 2) Prohibit a vendor from operating within a city park, unless the vendor is stationary and the city has granted an exclusive permit to a concessionaire. ((b)(2)(A).) But, the city can regulate time, place and manner of sales, if the regulations are related to HSW, the use and enjoyment of the park, and/or to prevent undue concentration of commercial activity. ((b)(2)(B).)
- 3) Require a vendor to obtain consent or approval from a nongovernmental entity (i.e., nearby restaurant) before the vendor operates. ((b)(3).)

- 4) Restrict vendors from operating in certain neighborhoods, except if restricting is related to HSW. ((b)(4)(A).) But, for neighborhoods zoned as exclusively residential, cities can prohibit stationary vendors from operating. ((b)(4)(B).)
- 5) Limit the number of vendors in the city, unless related to HSW. ((b)(5).)

Subject to the foregoing prohibitions, a city can:

- 1) Enact local laws related to objective HSW concerns that regulate time, place and manner, including requirements for sanitation, permitting, compliance with government (incl. health) inspections, licensing and taxation. (§ 51038(c).)
- 2) Restrict vendors from operating in immediate vicinity of: (§ 51038(d)
 - a. Permitted certified farmers' markets.
 - b. Permitted swap meets.
 - c. Public areas designated for "temporary special permits." (including for parades, outdoor concerts).

In regulating sidewalk vendors, objective concerns of HSW cannot include "perceived community animus or economic competition." (§ 51038(e).) Moreover, the law does not affect the applicability of the California Retail Food Code (Health & Saf. Code § 113700, et seq.), which addresses food safety and inspections, including for mobile food facilities and farmers markets. (§ 51037.)

SB 946 broadly decriminalizes sidewalk vending, prohibits cities from punishing violations of related local ordinances as criminal infractions or misdemeanors, and reduces enforcement power. (§ 51039.) A person cannot be arrested, penalties are restricted to administrative fines, and the statute specifies fine amounts and maximums. A person's ability to pay must be considered "when assessing an administrative fine." ((f)(1).) Furthermore, a person's failure to pay an administrative fee cannot be punished by a criminal charge, nor can they be assessed any further "fines, fees, assessments, or any other financial conditions" beyond permit rescission. ((a)(2);(c).)

The new statute is retroactive for previous offenses. Individuals cited for previous violations of local ordinances affected by SB 946 "shall" have their pending charges dismissed, and prosecutions that have reached judgment may be petitioned for dismissal as well. (§ 51039(e)&(g).)

b. Santa Clara City Code

In different places, the City Code directly regulates the same type of activity targeted by SB 946:

- Chapter 5.05 ("Solicitors and Peddlers") regulates door-to-door and place-to-place peddling and solicitation. The City Code makes a distinction between sales for immediate delivery (peddling) and for future delivery (solicitation), but SB 946 does not. Under City Code, Peddlers are individuals who "sells and makes immediate delivery or offers for sale...any goods, ware, merchandise or thing in the possession of the seller, at any place in the City other than at a fixed place of business." (§ 5.05.010(j).) Peddling is defined to include "traveling" and "selling or vending...on any street, sidewalk, right-of-way, park or other public place," including by mobile units (which includes a "trailer, push cart, wagon, bicycle, dray, conveyance or structure on wheels"). ((h),(k).) Because SB 946 does not distinguish between the time of delivery of the good for sale, it may apply to solicitors as defined by City Code: "any person who goes from place to place in the City, not having been invited by the occupant thereof, carrying or transporting goods, wares, merchandise or personal property of any nature and offers property of any nature for future delivery." ((p).)

- Under Article I, and subject to exceptions, peddlers and solicitors must obtain a permit from the Police Department for “peddling activities.” (§ 5.05.020.)
 - Applicants are required to submit an application signed under penalty of perjury with biographical details, a description of their peddling, and a statement about their criminal history, in addition to submitting fingerprints and paying fees for a background investigation. (§ 5.05.040.)
 - The Application requires a social security number from the applicant, and also reserves the right to deny applications if information is omitted.
 - The terms of the permit require inter alia County health inspections and proof thereof for mobile units; operating hours between 10:00 a.m. and one-half hour after sunset, except if by “licensed catering vehicles” selling food at/near industrial establishments; wearing identification; and upon request, that the peddler providing his or her name, organizational information, and a copy of their signature. (§5.05.170.)
- Article II regulates solicitation from vehicles and mobile units.
 - Solicitors are prohibited “while standing in any portion of the public right-of-way, including ... sidewalks and driveways, to solicit, or attempt to solicit... business ...from any person traveling in a vehicle along a public right-of-way.” (§ 5.05.210(a).) It also prohibits solicitation to and from vehicles when the buyer or seller is in a public right-of-way. ((b), (c).)
 - Mobile unit peddlers (incl. pushcarts and wagons) are prohibited from:
 - Standing or stopping “for peddling purposes, at any place on any public street, sidewalk, right-of-way, public park or other public place, for a total period of time exceeding ten minutes within any two-hour period” or “stopping” for a sale on any public right-of-way within 500 feet of a school property. (§ 5.05.230.)
 - Stopping to peddle within 200 feet of another mobile unit. (§ 5.05.240.)
 - Peddling from an unapproved location, which is restricted as: (§ 5.05.260(a).)
 - Peddling is permitted only for the street-side of a sidewalk. ((3).)
 - Sidewalks must be a minimum width of 8 feet, with 3 feet for passage of pedestrian traffic. ((4).)
 - The dimensions of the mobile unit cannot exceed 8-feet high by 5-feet wide by 6-feet long, and must be parked to minimize use of the sidewalk and not obstruct it. ((5), (7).)
 - Peddlers cannot have more than their approved mobile unit, single stool and 33-gallon maximum trash container. ((6).)
 - Peddlers must carry general liability insurance. ((8).)
 - Permits will not be issued for specific locations, including: (§ 5.05.270.)
 - Immediately adjacent to residentially zoned property. (a)
 - Within 20-feet of a restricted parking/loading space. (b)
 - Within 20-feet of the entrance to any building, merchandise display, or crosswalk. ((c) – (e).)
 - Where it impedes traffic or is dangerous. ((f) – (h).)
 - Selling or peddling any articles, or to station any stand or cart for sale of any article or thing, in any park or adjacent public park, unless they are an approved concessionaire. (§ 5.05.280.)

- Chapter 8.10 (“Food and Food Establishments”) regulates the sale of food, food establishments and restaurants, and requires individuals selling food to be permitted, to follow State and local health laws and regulations, and to submit to inspections. (§§ 8.10.020 – 8.10.130.) Food establishments are places where food is “kept, held, sold, prepared or compounded or offered for sale for human consumption,” “not a public eating or drinking establishment,” including grocery stores, fruit and vegetable stands, and markets or “other premises” where meat is kept, stored, handled, or offered for sale. (§ 8.10.010(b).) Restaurants are places, including “sandwich stands” and cafes, where “food or drink is prepared on the premises for sale or distribution elsewhere. (*Id.*, at (c).) The City’s Health Officer, or duly-authorized representative are “authorized and directed to seize and destroy or denature any tainted, diseased, decayed or partially decayed or unwholesome meat, fish, shell fish, fowl, fruits, vegetables or other unwholesome food found within the city.” (§ 8.10.110.)
- Chapter 3.40 (Business Tax) requires operators of businesses to pay taxes to the City. It requires that “parade vendors” (\$15 per parade), “itinerant merchants” (\$225 per 190 days), and peddlers (\$ 113) each pay a business tax to the City.

The City Code also indirectly regulates sidewalks in parts that may be useful for further enforcing the health, welfare and safety thereon:

- Chapter 12.05 restricts a person from obstructing sidewalks from the free passage of pedestrians, including doing so by annoying or molesting persons passing by. (§ 12.05.010.) It does not provide any exception for those selling, or attempting to sell, food or merchandise.
- Title 9 (“Public Peace, Morals and Welfare”) prohibits individuals from bringing into “any portion of the parking areas” around the Stadium, and “perimeter sidewalk,” any food, goods or merchandise “for the purposes of sale or barter.” (§ 9.05.165 (m).)

Lastly, the City Code contains sections addressing enforcement, including the discretion to prosecute violation of code with civil, criminal or administrative penalties (§§ 1.05.070, 5.100.010), which are specifically preempted by SB 946.

c. Permit practices and procedures

The Permits Unit of the Police Department manages all permitting for peddler activity, including receiving applications, granting or denying permits, and maintaining information with the HDL business license software. The Permits Unit does not maintain any internal written guidelines for its decision-making regarding granting and denying applications, and endeavors to only strictly follow and enforce the language of the City Code.

Analysis

SB 946 allows cities to require permits for sidewalk vending and to also restrict the time, place and manner (“TPM”) of sidewalk vending, if it is done for objective health, safety and welfare (“HSW”) reasons, or to address other specific concerns in parks and residential neighborhoods. Many of the restrictions in the Santa Clara City Code have an apparent relationship to HSW, such as to prevent obstruction of traffic. Thus, SB 946’s new requirements and restrictions facially preempt only select sections of the City Code dealing with the permitting of peddlers and solicitors where restrictions do not have an obvious and justifiable reason, such as HSW. The restrictions that do not have legally-justifiable reasons will be subject to legal challenge when the new law takes effect on January 1, 2019.

Furthermore, sections of City Code regarding enforcement of code and prosecution of code violators are entirely preempted by SB 946's decriminalization of sidewalk vending.

3.40.010 Purpose.

This chapter is enacted to raise revenue for municipal purposes and not for the purpose of regulation. The payment of a business tax required by this chapter, and its acceptance by the City, and the issuance of a business tax certificate to any person shall not entitle the holder thereof to carry on any business unless he or she has complied with all of the requirements of the City Code and all other applicable laws, nor to carry on any business in any building, on any premises, or in any location designated in such business tax certificate in the event that such building, premises or location is situated in a zone or locality in which the conduct of such business is in violation of any law. (Ord. 1923 § 1, 4-8-14).

3.40.020 Effect on other fees and charges.

Persons required to pay a business tax for transacting and carrying on any business under this chapter shall not be relieved from the payment of any other charge, fee, or tax as may be imposed by the City for the privilege of doing business within the city, or for the cost of regulating a business, and

Action on Policy Options to Amend Regulations Related to Street Vending Activities in the City of Santa Clara

Item #9 - Report to Council 23-211
April 18, 2023

1

History

- Existing City Codes (Ch 3, 5, 8) prohibit roaming or stationary unpermitted businesses
- SB 946 (January 2019) decriminalized sidewalk vending and imposed restrictions on manners in which enforcement could occur
- January 2019 the City Attorney’s Office authored a Memorandum to the Police and Parks and Recreation Departments addressing SB 946
- Late-2022 through early-2023, Mr. Gibbins spoke to City Council regarding permit enforcement of sidewalk vendors around Levi’s Stadium on event days; City staff met with Mr. Gibbins
- At the January 31, 2023 City Council meeting, the Council directed staff to provide an update at a future meeting regarding Mr. Gibbins’ concerns, including the Police Department’s constraints on permit enforcement

2

Overview of SB946

- Specific scope: Food/merchandise sold from a non-motorized stand/cart upon public sidewalk or other pedestrian path
- No public sidewalk limitations *except* to address obj. health, safety, welfare (HSW) concerns
- Other allowable regulations differ depending on location and circumstance
- Generally cannot limit total number of vendors in the City
- Generally, time/place/manner restrictions are allowed, but must be based on HSW
- No criminal penalties, administrative citations only, per a set fine schedule. "Ability to pay" determination process must be created, with statutory ability to reduce fine by up to 80%.

3

Challenges

- The current City Code does not align with recently adopted legislation
- The City has identified numerous health, safety and welfare concerns associated with the operation of sidewalk vendors without time, place and manner restrictions
- SB 946 details multiple constraints by location
 - General
 - Parks
 - Farmer's Markets and/or Swap Meets
 - Temporary Special Permit Areas
- Even with permissible restrictions enacted, repercussions for a violation will be inconsequential

4

Health and Safety Concerns

- Numerous health, safety, & welfare concerns exist with unregulated vendors on sidewalks, public right of ways, in City parks, and on private property (e.g., parking lots), including:
 - Encroachment of public spaces and concerns of sidewalk access and public right of way
 - Impediment to pedestrian, bicycle, pedicab, and vehicular traffic, in particular during egress at large events
 - Unsafe food preparation, maintenance, and handling practices
 - Inadequate waste disposal
 - Vulnerable population subject to street crimes
 - Labor / employment law violations

5

6

Levi's Stadium Area - Additional Concerns

- Location of sidewalk vendors not incorporated into emergency evacuation or traffic management plan
- Propane tanks, causing explosive concerns if ignited in highly populated area
- Hot, greasy cooktops without structures for safety clearances and required fire extinguishing devices
- Massive groups congregating, particularly near gates, bridges, parking lots, crosswalks, sidewalks, etc.
- Lines causing people to interrupt ADA paths and pedestrian, bicyclist and pedicab traffic
- Intoxicated attendees causing fights connected with massive groups traveling through narrow paths
- Sizeable amounts of cash being exchanged and potential for crime
- Sanitary issues, including but not limited to garbage, access to water for hand cleaning, etc.
- Merchandise sales of counterfeit, unsafe or inappropriate items (e.g., flares)
- Alcohol being sold without Alcoholic Beverage Control permits
- Concerns of legitimate employment practices

7

Policy Options

#1 – Prepare a temporary ordinance amendment and permit process for stadium event days that would **define areas where sidewalk vending could not occur** due to health and/or safety concerns, within a to-be-determined stadium footprint. The Ordinance would also contain provisions to prohibit vending in parking lots associated with the stadium event. The temporary Ordinance would be established for **a pilot period of August 2023 to January 2024** to evaluate impacts. At that time, the Police Department would return to the City Council with recommendations for implementation for the 2024 concert and NFL seasons, as well as how the Ordinance may need to be amended to apply in other areas of the City such as City parks.

8

Policy Options (continued)

#2 - Direct staff to develop an Ordinance amendment to **address sidewalk vending City-wide to align City Code with current sidewalk vending legislation.** In this scenario, vending would be regulated and enforced throughout all areas of the City.

#3 - Direct staff to **eliminate all unenforceable City Code sections related to sidewalk vending (and include minor modifications to enforceable provisions of the code as necessary), but generally defer to State law on the matter, without any meaningful local controls.**

9

Recommendation

Direct staff to proceed with Option #1:

Proceed with a pilot program in the area of Levi's Stadium from August 2023 through January 2024, with the Police Department returning to City Council with recommendations for implementation for the 2024 concert and NFL seasons, as well as how the Ordinance may need to be amended to apply in other areas of the City, such as City parks.

Senate Bill No. 946

CHAPTER 459

An act to add Chapter 6.2 (commencing with Section 51036) to Part 1 of Division 1 of Title 5 of the Government Code, relating to sidewalk vendors.

[Approved by Governor September 17, 2018. Filed with Secretary of State September 17, 2018.]

LEGISLATIVE COUNSEL'S DIGEST

SB 946, Lara. Sidewalk vendors.

Existing law authorizes a local authority, by ordinance or resolution, to adopt requirements for the public safety regulating any type of vending and the time, place, and manner of vending from a vehicle upon a street.

This bill would prohibit a local authority, as defined, from regulating sidewalk vendors, except in accordance with the provisions of the bill. The bill would provide that a local authority is not required to adopt a new program to regulate sidewalk vendors if the local authority has established an existing program that substantially complies with the provisions of the bill. The bill would apply these provisions to a chartered or general law city, county, or city and county.

The bill would require a local authority that elects to adopt a sidewalk vending program to, among other things, not require a sidewalk vendor to operate within specific parts of the public right-of-way, except when that restriction is directly related to objective health, safety, or welfare concerns, and not restrict sidewalk vendors to operate only in a designated neighborhood or area, except as specified. The bill would authorize a local authority to, by ordinance or resolution, adopt additional requirements regulating the time, place, and manner of sidewalk vending, as specified, if the requirements are directly related to objective health, safety, or welfare concerns. The bill would also authorize a local authority to prohibit sidewalk vendors in areas located within the immediate vicinity of a permitted certified farmers' market and a permitted swap meet, as specified, and to restrict or prohibit sidewalk vendors within the immediate vicinity of an area designated for a temporary special permit issued by the local authority, as specified. A violation would be punishable only by an administrative fine, as specified, pursuant to an ability-to-pay determination, and proceeds would be deposited in the treasury of the local authority.

The bill would require the dismissal of any criminal prosecutions under any local ordinance or resolution regulating or prohibiting sidewalk vendors that have not reached final judgment. The bill would also authorize a person who is currently serving, or who completed, a sentence, or who is subject to a fine, for a conviction of a misdemeanor or infraction for sidewalk

vending, as specified, to petition for dismissal of the sentence, fine, or conviction.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Sidewalk vending provides important entrepreneurship and economic development opportunities to low-income and immigrant communities.

(2) Sidewalk vending increases access to desired goods, such as culturally significant food and merchandise.

(3) Sidewalk vending contributes to a safe and dynamic public space.

(4) The safety and welfare of the general public is promoted by encouraging local authorities to support and properly regulate sidewalk vending.

(5) The safety and welfare of the general public is promoted by prohibiting criminal penalties for violations of sidewalk vending ordinances and regulations.

(6) This act applies to any city, county, or city and county, including a charter city. The criminalization of small business entrepreneurs, and the challenges that those entrepreneurs face as a result of a criminal record, are matters of statewide concern. Further, unnecessary barriers have been erected blocking aspiring entrepreneurs from accessing the formal economy, harming California's economy in the process, and disrupting the regulation of business, which is a matter of statewide concern. Moreover, California has an interest in the regulation of traffic, a matter of statewide concern, whether in ensuring the appropriate flow of traffic or in ensuring the safety of pedestrians on the road or the sidewalk.

(b) It is the intent of the Legislature to promote entrepreneurship and support immigrant and low-income communities.

SEC. 2. Chapter 6.2 (commencing with Section 51036) is added to Part 1 of Division 1 of Title 5 of the Government Code, to read:

CHAPTER 6.2. SIDEWALK VENDORS

51036. For purposes of this chapter, the following definitions apply:

(a) "Sidewalk vendor" means a person who sells food or merchandise from a pushcart, stand, display, pedal-driven cart, wagon, showcase, rack, or other nonmotorized conveyance, or from one's person, upon a public sidewalk or other pedestrian path.

(b) "Roaming sidewalk vendor" means a sidewalk vendor who moves from place to place and stops only to complete a transaction.

(c) “Stationary sidewalk vendor” means a sidewalk vendor who vends from a fixed location.

(d) “Local authority” means a chartered or general law city, county, or city and county.

51037. (a) A local authority shall not regulate sidewalk vendors except in accordance with Sections 51038 and 51039.

(b) Nothing in this chapter shall be construed to affect the applicability of Part 7 (commencing with Section 113700) of Division 104 of the Health and Safety Code to a sidewalk vendor who sells food.

(c) Nothing in this chapter shall be construed to require a local authority to adopt a new program to regulate sidewalk vendors if the local authority has established an existing program that substantially complies with the requirements in this chapter.

51038. (a) A local authority may adopt a program to regulate sidewalk vendors in compliance with this section.

(b) A local authority’s sidewalk vending program shall comply with all of the following standards:

(1) A local authority shall not require a sidewalk vendor to operate within specific parts of the public right-of-way, except when that restriction is directly related to objective health, safety, or welfare concerns.

(2) (A) A local authority shall not prohibit a sidewalk vendor from selling food or merchandise in a park owned or operated by the local authority, except the local authority may prohibit stationary sidewalk vendors from vending in the park only if the operator of the park has signed an agreement for concessions that exclusively permits the sale of food or merchandise by the concessionaire.

(B) Notwithstanding subparagraph (A), a local authority may adopt additional requirements regulating the time, place, and manner of sidewalk vending in a park owned or operated by the local authority if the requirements are any of the following:

(i) Directly related to objective health, safety, or welfare concerns.

(ii) Necessary to ensure the public’s use and enjoyment of natural resources and recreational opportunities.

(iii) Necessary to prevent an undue concentration of commercial activity that unreasonably interferes with the scenic and natural character of the park.

(3) A local authority shall not require a sidewalk vendor to first obtain the consent or approval of any nongovernmental entity or individual before he or she can sell food or merchandise.

(4) (A) A local authority shall not restrict sidewalk vendors to operate only in a designated neighborhood or area, except when that restriction is directly related to objective health, safety, or welfare concerns.

(B) Notwithstanding subparagraph (A), a local authority may prohibit stationary sidewalk vendors in areas that are zoned exclusively residential, but shall not prohibit roaming sidewalk vendors.

(5) A local authority shall not restrict the overall number of sidewalk vendors permitted to operate within the jurisdiction of the local authority,

unless the restriction is directly related to objective health, safety, or welfare concerns.

(c) A local authority may, by ordinance or resolution, adopt additional requirements regulating the time, place, and manner of sidewalk vending if the requirements are directly related to objective health, safety, or welfare concerns, including, but not limited to, any of the following:

(1) Limitations on hours of operation that are not unduly restrictive. In nonresidential areas, any limitations on the hours of operation for sidewalk vending shall not be more restrictive than any limitations on hours of operation imposed on other businesses or uses on the same street.

(2) Requirements to maintain sanitary conditions.

(3) Requirements necessary to ensure compliance with the federal Americans with Disabilities Act of 1990 (Public Law 101-336) and other disability access standards.

(4) Requiring the sidewalk vendor to obtain from the local authority a permit for sidewalk vending or a valid business license, provided that the local authority issuing the permit or business license accepts a California driver's license or identification number, an individual taxpayer identification number, or a municipal identification number in lieu of a social security number if the local authority otherwise requires a social security number for the issuance of a permit or business license, and that the number collected shall not be available to the public for inspection, is confidential, and shall not be disclosed except as required to administer the permit or licensure program or comply with a state law or state or federal court order.

(5) Requiring the sidewalk vendor to possess a valid California Department of Tax and Fee Administration seller's permit.

(6) Requiring additional licenses from other state or local agencies to the extent required by law.

(7) Requiring compliance with other generally applicable laws.

(8) Requiring a sidewalk vendor to submit information on his or her operations, including, but not limited to, any of the following:

(A) The name and current mailing address of the sidewalk vendor.

(B) A description of the merchandise offered for sale or exchange.

(C) A certification by the vendor that to his or her knowledge and belief, the information contained on the form is true.

(D) The California seller's permit number (California Department of Tax and Fee Administration sales tax number), if any, of the sidewalk vendor.

(E) If the sidewalk vendor is an agent of an individual, company, partnership, or corporation, the name and business address of the principal.

(d) Notwithstanding subdivision (b), a local authority may do both of the following:

(1) Prohibit sidewalk vendors in areas located within the immediate vicinity of a permitted certified farmers' market or a permitted swap meet during the limited operating hours of that certified farmers' market or swap meet. A "certified farmers' market" means a location operated in accordance with Chapter 10.5 (commencing with Section 47000) of Division 17 of the

Food and Agricultural Code and any regulations adopted pursuant to that chapter. A “swap meet” means a location operated in accordance with Article 6 (commencing with Section 21660) of Chapter 9 of Division 8 of the Business and Professions Code, and any regulations adopted pursuant to that article.

(2) Restrict or prohibit sidewalk vendors within the immediate vicinity of an area designated for a temporary special permit issued by the local authority, provided that any notice, business interruption mitigation, or other rights provided to affected businesses or property owners under the local authority’s temporary special permit are also provided to any sidewalk vendors specifically permitted to operate in the area, if applicable. For purposes of this paragraph, a temporary special permit is a permit issued by the local authority for the temporary use of, or encroachment on, the sidewalk or other public area, including, but not limited to, an encroachment permit, special event permit, or temporary event permit, for purposes including, but not limited to, filming, parades, or outdoor concerts. A prohibition of sidewalk vendors pursuant to this paragraph shall only be effective for the limited duration of the temporary special permit.

(e) For purposes of this section, perceived community animus or economic competition does not constitute an objective health, safety, or welfare concern.

51039. (a) (1) A violation of a local authority’s sidewalk vending program that complies with Section 51038 is punishable only by the following:

(A) An administrative fine not exceeding one hundred dollars (\$100) for a first violation.

(B) An administrative fine not exceeding two hundred dollars (\$200) for a second violation within one year of the first violation.

(C) An administrative fine not exceeding five hundred dollars (\$500) for each additional violation within one year of the first violation.

(2) A local authority may rescind a permit issued to a sidewalk vendor for the term of that permit upon the fourth violation or subsequent violations.

(3) (A) If a local authority requires a sidewalk vendor to obtain a sidewalk vending permit from the local authority, vending without a sidewalk vending permit may be punishable by the following in lieu of the administrative fines set forth in paragraph (1):

(i) An administrative fine not exceeding two hundred fifty dollars (\$250) for a first violation.

(ii) An administrative fine not exceeding five hundred dollars (\$500) for a second violation within one year of the first violation.

(iii) An administrative fine not exceeding one thousand dollars (\$1,000) for each additional violation within one year of the first violation.

(B) Upon proof of a valid permit issued by the local authority, the administrative fines set forth in this paragraph shall be reduced to the administrative fines set forth in paragraph (1), respectively.

(b) The proceeds of an administrative fine assessed pursuant to subdivision (a) shall be deposited in the treasury of the local authority.

(c) Failure to pay an administrative fine pursuant to subdivision (a) shall not be punishable as an infraction or misdemeanor. Additional fines, fees, assessments, or any other financial conditions beyond those authorized in subdivision (a) shall not be assessed.

(d) (1) A violation of a local authority's sidewalk vending program that complies with Section 51038, or a violation of any rules or regulations adopted prior to January 1, 2019, that regulate or prohibit sidewalk vendors in the jurisdiction of a local authority, shall not be punishable as an infraction or misdemeanor, and the person alleged to have violated any of those provisions shall not be subject to arrest except when permitted under law.

(2) Notwithstanding any other law, paragraph (1) shall apply to all pending criminal prosecutions under any local ordinance or resolution regulating or prohibiting sidewalk vendors. Any of those criminal prosecutions that have not reached final judgment shall be dismissed.

(e) A local authority that has not adopted rules or regulations by ordinance or resolution that comply with Section 51037 shall not cite, fine, or prosecute a sidewalk vendor for a violation of any rule or regulation that is inconsistent with the standards described in subdivision (b) Section 51038.

(f) (1) When assessing an administrative fine pursuant to subdivision (a), the adjudicator shall take into consideration the person's ability to pay the fine. The local authority shall provide the person with notice of his or her right to request an ability-to-pay determination and shall make available instructions or other materials for requesting an ability-to-pay determination. The person may request an ability-to-pay determination at adjudication or while the judgment remains unpaid, including when a case is delinquent or has been referred to a comprehensive collection program.

(2) If the person meets the criteria described in subdivision (a) or (b) of Section 68632, the local authority shall accept, in full satisfaction, 20 percent of the administrative fine imposed pursuant to subdivision (a).

(3) The local authority may allow the person to complete community service in lieu of paying the total administrative fine, may waive the administrative fine, or may offer an alternative disposition.

(g) (1) A person who is currently serving, or who completed, a sentence, or who is subject to a fine, for a conviction of a misdemeanor or infraction for sidewalk vending, whether by trial or by open or negotiated plea, who would not have been guilty of that offense under the act that added this section had that act been in effect at the time of the offense, may petition for dismissal of the sentence, fine, or conviction before the trial court that entered the judgment of conviction in his or her case.

(2) Upon receiving a petition under paragraph (1), the court shall presume the petitioner satisfies the criteria in paragraph (1) unless the party opposing the petition proves by clear and convincing evidence that the petitioner does not satisfy the criteria. If the petitioner satisfies the criteria in paragraph (1), the court shall grant the petition to dismiss the sentence or fine, if applicable, and dismiss and seal the conviction, because the sentence, fine, and conviction are legally invalid.

(3) Unless requested by the petitioner, no hearing is necessary to grant or deny a petition filed under paragraph (1).

(4) If the court that originally sentenced or imposed a fine on the petitioner is not available, the presiding judge shall designate another judge to rule on the petition.

(5) Nothing in this subdivision is intended to diminish or abrogate any rights or remedies otherwise available to the petitioner.

(6) Nothing in this subdivision or related provisions is intended to diminish or abrogate the finality of judgments in any case not falling within the purview of this chapter.

SEC. 3. The Legislature finds and declares that Section 2 of this act, which adds Section 51038 to the Government Code, imposes a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

The Legislature finds and declares that in order to protect the privacy of a sidewalk vendor with regard to his or her California driver's license or identification number, individual taxpayer identification number, or municipal identification number, when that number is collected in lieu of a social security number for purposes of the issuance of a permit or business license, it is necessary that the sidewalk vendor's number be confidential, except as provided in this act.

Senate Bill No. 972

CHAPTER 489

An act to amend Sections 113818, 113831, and 113868 of, and to add Chapter 11.7 (commencing with Section 114368) to Part 7 of Division 104 of, the Health and Safety Code, relating to retail food.

[Approved by Governor September 23, 2022. Filed with Secretary of State September 23, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

SB 972, Gonzalez. California Retail Food Code.

(1) Existing law, the California Retail Food Code (the code), establishes uniform health and sanitation standards for, and provides for regulation by the State Department of Public Health of, retail food facilities and requires local health agencies to enforce these provisions. Existing law, for purposes of the code, defines a “cottage food operation” as an enterprise that has no more than a specified amount in gross annual sales, is operated by a cottage food operator, and has no more than 1 full-time employee within the registered or permitted area of a private home where the food products are prepared and packaged. Existing law provides for the regulation of microenterprise home kitchen operations and limits those operations to not serving more than 30 individual meals per day and not more than 60 individual meals per week and to no more than \$50,000 in verifiable gross annual sales, as adjusted for inflation. Existing law authorizes the local enforcement agency to decrease the limit on the number of individual meals prepared based on the food preparation capacity of the operation.

This bill would authorize a cottage food operation or microenterprise home kitchen operation to serve as a commissary or mobile support unit for up to 2 compact mobile food operations if the cottage food operation or microenterprise home kitchen operation permit includes an endorsement from the local enforcement agency that the cottage food operation or microenterprise home kitchen operation is capable of supporting the preparation and storage of the food being sold from the compact mobile food operation and the storage and cleaning of the compact mobile food operation. The bill would authorize nonpotentially hazardous foods prepared in a cottage food operation to be served from a compact mobile food operation. The bill would define “compact mobile food operation” as a mobile food facility that operates from an individual or from a pushcart, stand, display, pedal-driven cart, wagon, showcase, rack, or other nonmotorized conveyance. The bill would require compact food operations to conduct only limited food preparation.

(2) The code defines “limited food preparation” as food preparation that is restricted to specified activities, including dispensing or portioning of

nonpotentially hazardous food, slicing and chopping of food on a heated cooking surface during the cooking process, and holding, portioning, and dispensing foods that are prepared at a satellite food service or catering operation.

This bill would include in the definition of “limited food preparation” dispensing and portioning for immediate service to a customer of food that has been temperature controlled until immediately prior to portioning or dispensing, slicing and chopping of nonpotentially hazardous food or produce that has been washed at an approved facility, hot and cold holding of food previously prepared at an approved permanent food facility, and reheating of food that has been previously prepared at an approved permanent food facility and held at the approved temperatures.

(3) The code defines “mobile food facility” and regulates what types of food may be provided at a mobile food facility. The code requires mobile food facilities to meet specified health and safety standards, including access to warewashing sinks, restrooms, and handwashing facilities and required quantities of potable water.

This bill would require a compact mobile food operation to meet the applicable requirements of mobile food facilities, except as specified. The bill would exempt a compact mobile food operation that has 25 square feet or less of display area and sells only prepackaged, nonpotentially hazardous foods or whole uncooked produce from the code, except as specified. The bill would authorize a compact mobile food operation to display or sell food outdoors, if certain conditions are met, including, among other things, overhead protection provided above all food display areas. The bill would require a compact mobile food operation that engages in the preparation of raw meat, raw poultry, or raw fish to meet additional specified requirements. The bill would authorize the enforcement agency to preapprove a standard plan for a standardized or mass-produced facility intended to serve as a compact mobile food operation and would authorize a compact mobile food operation to use that standardized or mass-produced facility after a final inspection, but without submitting plans for the individual unit. The bill would authorize the enforcement agency to collect a fee for the final inspection.

(4) Existing law requires commissaries and other approved facilities servicing mobile support units, mobile food facilities, and vending machines to meet specified standards.

This bill would authorize an enforcement agency to approve a facility with nonconforming structural conditions if those conditions do not pose a public health hazard. The bill would also require an enforcement agency to approve the storage of a compact mobile food facility in a permitted permanent food facility if, after initial inspection, the agency determines that the compact mobile food facility is protected from contamination. The bill would authorize the enforcement agency to charge a fee to administer these provisions.

(5) The code requires a food facility to have a valid permit to be open for business and authorizes the local enforcement agency to charge a fee for the permit or registration or related services.

This bill would authorize the local enforcement agency to reduce the fee for the permit, registration, or related service for an applicant seeking approval of a compact mobile food operation or related operations.

(6) Under existing law, violation of the code is a misdemeanor, unless otherwise specified.

This bill would make violations of the code by an operator or employee of a compact mobile food facility or a sidewalk vendor punishable only by an administrative fine. Additionally, by making changes to the definition of various crimes and by adding new crimes under the code, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 113818 of the Health and Safety Code is amended to read:

113818. (a) "Limited food preparation" means food preparation that is restricted to one or more of the following:

SEC. 2. Section 113831 of the Health and Safety Code is amended to read:

113831. (a) “Mobile food facility” means any vehicle used in conjunction with a commissary or other permanent food facility upon which food is sold or distributed at retail. “Mobile food facility” does not include a “transporter” used to transport packaged food from a food facility, or other approved source to the consumer.

(b) “Single operating site mobile food facilities” means at least one, but not more than four, unenclosed mobile food facilities, and their auxiliary units, that operate adjacent to each other at a single location.

SEC. 3. Section 113868 of the Health and Safety Code is amended to read:

113868. “Portable” means equipment that is capable of being lifted and moved or has utility connections that are designed to be disconnected or of sufficient length to permit the unit to be moved for cleaning, and does not exceed 100 pounds (46 kg) in weight or is otherwise designed to be mobile.

SEC. 4. Chapter 11.7 (commencing with Section 114368) is added to Part 7 of Division 104 of the Health and Safety Code, to read:

CHAPTER 11.7. COMPACT MOBILE FOOD OPERATION

114368. A compact mobile food operation, as defined in subdivision (c) of Section 113831, shall meet the applicable requirements of Chapter 10 (commencing with Section 114294), except as provided in this chapter.

114368.1. (a) Any compact mobile food operation with 25 square feet or less of display area from which only prepackaged nonpotentially hazardous food and whole uncooked produce is sold is exempt from the requirements of this part, except that the facility shall comply with all of the following:

(1) Sections 113980, 114047, 114049, 114390, 114393, 114397, and 114399.

(2) Chapter 1 (commencing with Section 113700).

(3) Chapter 2 (commencing with Section 113728).

(b) (1) A local enforcement agency may inspect a compact mobile food operation that is exempt, as specified in subdivision (a), during the facility's hours of operation and other reasonable times on the basis of a consumer complaint or just cause.

(2) For the purposes of determining compliance with this chapter, a compact mobile food operation that is not exempt as specified in subdivision (a) is subject to permitting and routine inspections or inspections on the basis of a consumer complaint or just cause.

(c) The local enforcement agency may recover the costs of investigation and enforcement of this section, subject to any limitations in this part on fines issuable to compact mobile food operations.

114368.2. (a) Compact mobile food operations shall conduct only limited food preparation, as defined in Section 113818. Notwithstanding any other provision of this part, a compact mobile food operation, as defined in subdivision (c) of Section 113831, may display or sell food outdoors, if all of the following conditions are satisfied:

(1) Overhead protection are provided above all food display areas.

(2) Food items from the outdoor display are stored consistent with this chapter at all times other than during business hours.

(3) Outdoor displays comply with Section 113980 and have been approved by the enforcement agency if the compact mobile food operation is required to obtain a permit.

(b) A compact mobile food operation shall not sell food other than nonpotentially hazardous prepackaged food or whole produce, or conduct any food preparation, unless it meets the applicable operational requirements of this chapter, including applicable requirements for integral equipment, handwashing, and restroom access.

(c) Equipment that is required to be integral to a compact mobile food operation shall either be permanently attached to the primary unit or securely fastened to the primary unit by means that would prevent unintentional removal. Equipment may be considered integral despite being portable or otherwise removable for cleaning, maintenance, or as part of its regular function.

(d) A compact mobile food operation operating from an individual shall not conduct any food preparation or sell foods other than nonpotentially hazardous prepackaged food or whole produce.

114368.3 (a) (1) A permitted cottage food operation or microenterprise home kitchen operation may serve as a commissary or mobile support unit for up to two compact mobile food operations if the cottage food operation or microenterprise home kitchen operation permit includes an endorsement from the local enforcement agency that the cottage food operation or microenterprise home kitchen operation is capable of supporting the preparation and storage of the food being sold from the compact mobile

food operation and the storage and cleaning of the compact mobile food operation.

(2) Transactions at a compact mobile food operation operated by a cottage food operator shall constitute “direct sales” for the purposes of paragraph (4) of subdivision (b) of Section 113758.

(3) Transactions at up to two compact mobile food operations operated by a cottage food operator shall not count toward the annual gross sales restrictions in Section 113758 applicable to cottage food operations if the governing body has authorized this action.

(4) Nonpotentially hazardous foods prepared in a cottage food operation may be served from a compact mobile food operation.

(5) Food prepared in a microenterprise home kitchen operation may be served from a compact mobile food operation operated by the microenterprise home kitchen operation permitholder.

(6) The meal and gross annual sales limitations in paragraphs (7) and (8) of subdivision (a) of Section 113825 do not apply to the sale of nonpotentially hazardous food or produce for up to two compact mobile food operations operated by the microenterprise home kitchen operation if the governing body has authorized this action.

(7) With the authorization of the governing body and if the enforcement agency determines that the operation does not pose a public health hazard, a permitted microenterprise home kitchen operation may serve as a commissary for up to two compact mobile food operations. The meal and gross annual sales limitations in paragraphs (7) and (8) of subdivision (a) of Section 113825 apply unless the governing body sets a higher meal and income limitation.

(8) The governing body of a local jurisdiction that permits microenterprise home kitchen operations pursuant to Section 114367, may set the meal and income limitations in paragraphs (7) and (8) of subdivision (a) of Section 113825 at a higher level than provided in those paragraphs for microenterprise home kitchen operations that operate in conjunction with a compact mobile food operation. Notwithstanding this subdivision, the levels in effect, by statute or ordinance, as of January 1, 2023, shall remain in effect until changed by the local jurisdiction.

(b) (1) Existing permanent food facilities may be permitted to support the operations and storage of compact mobile food operations pursuant to the requirements of this section.

(2) Notwithstanding any other provision of this part, upon an evaluation verifying that a permanent food facility satisfies subdivisions (a) to (f), inclusive, of Section 114326, an enforcement agency shall approve the use of a permitted permanent food facility to satisfy the requirements of Section 114295 for a compact mobile food operation.

(3) Notwithstanding any other provision of this part, upon an evaluation verifying that the compact mobile food operation will be stored in a manner that protects the compact mobile food operation from contamination, an enforcement agency shall approve the storage of a compact mobile food operation in a permitted permanent food facility.

(4) Except when a determination is made by the enforcement agency that any nonconforming structural conditions pose a public health hazard, the enforcement agency may approve a facility to support operations of a compact mobile food operation.

(5) Plan submission shall not be required for an existing permanent food facility to support the operations of a compact mobile food operation when a determination is made by the local enforcement agency that the current operation and structural facilities of the permanent food facility can successfully provide the necessary functions of a commissary for a compact mobile food operation.

(6) An approved permanent food facility that will be used for cooling of food for a compact mobile food operation shall be approved by the enforcement agency for cooling.

(c) (1) Unless prohibited by local ordinance, an enforcement agency may allow the use of a private home for the storage of a compact mobile food operation if it determines, after an evaluation, that storage in the private home would not pose a public health hazard and that the compact mobile food operation will be stored in a manner that protects the compact mobile food operation from contamination.

(2) No more than two compact mobile food operations may be stored in a private home unless the enforcement agency finds that storage of more than two compact mobile food operations in a private home would not pose a public health hazard.

(3) The storage area within the home shall be designated and clearly identified upon approval and shall not be relocated without the review and approval of the local enforcement agency.

(4) Prepackaged nonpotentially hazardous food, whole fruits, and whole vegetables may be stored in the home prior to sale or preparation of that food in a compact mobile food operation.

(5) Food prepared in a private home shall not be used or offered for sale on a compact mobile food operation, unless it is a permitted cottage food operation or microenterprise home kitchen operation pursuant to subdivision (a). Violation of this paragraph may result in suspension or revocation of the permit to operate the compact mobile food operation.

(6) For purposes of determining compliance with this subdivision, a local enforcement agency may access, for inspection purposes, a private home where a compact mobile food operation is stored only if the representative has, on the basis of a consumer complaint, reason to suspect that the home is being used for food preparation, food storage, or unauthorized storage of utensils or other food facility equipment in violation of this subdivision.

(d) At the end of the operating day, potentially hazardous food that is prepared on or served from a compact mobile food operation shall be destroyed in a manner approved by the enforcement agency.

(e) For the purposes of this chapter, an endorsement by the local enforcement agency shall be a documented and recorded approval of compliance with applicable sections. An endorsement may include an inspection or evaluation, but shall not require a registration or permit.

(f) The enforcement agency may collect a fee for any permit, endorsement, inspection, or evaluation issued or conducted pursuant to this chapter in an amount that does not exceed the reasonable administrative costs of the enforcement agency.

114368.4. (a) Except as provided in subdivision (b), a compact mobile food operation that is approved for limited food preparation that prepares raw meat, raw poultry, or raw fish is subject to warewashing and handwashing facility requirements as outlined in Chapter 10 (commencing with Section 114294).

(b) (1) A compact mobile food operation may satisfy the requirements of Sections 114313 and 114314 by demonstrating access to a permitted auxiliary conveyance containing the necessary handwashing and warewashing sinks when operating at a site-specific location. The auxiliary conveyance may be operated by the same or a different permit holder. An enforcement agency may permit an auxiliary conveyance to serve multiple compact mobile food operations operating in close proximity to the auxiliary conveyance, as determined by the enforcement agency.

(2) If an auxiliary conveyance is not operated by the permit holder of the compact mobile food operation, the operator of the auxiliary conveyance shall obtain a permit from the enforcement agency to operate the auxiliary conveyance and service compact mobile food operations.

(3) The permit application for an auxiliary conveyance not operated by a compact mobile food operation shall include a site plan and shall be submitted to the enforcement agency at least two weeks prior to the operation of any food facility in conjunction with the auxiliary conveyance.

(4) The site plan for an auxiliary conveyance not operated by a compact mobile food operator shall show the proposed location and storage of the auxiliary conveyance, the proposed locations of any food facilities that will utilize the auxiliary conveyance, restrooms, refuse containers, potable water supply faucets, waste water disposal facilities, and all shared warewashing and handwashing facilities.

(c) A compact mobile food operation that is approved for limited food preparation that does not prepare raw meat, raw poultry, or raw fish shall do one of the following:

(1) Provide a three-compartment sink as described in subdivision (a) of Section 114313.

(2) Provide at least one two-compartment sink that complies with subdivision (e) of Section 114099.3.

(3) Provide a one-compartment sink with at least one integral metal drainboard, an adequate supply of spare preparation and serving utensils to replace those that become soiled or contaminated, and warewashing facilities that comply with subdivision (a) of Section 114313 in reasonable proximity to, and readily accessible for use by, food employees at all times.

(4) Maintain an adequate supply of spare preparation and serving utensils on the compact mobile food operation to ensure that utensils used for potentially hazardous foods are replaced with clean and sanitized utensils every four hours or as needed to replace those that become soiled or

contaminated. A compact mobile food operation that complies with this paragraph is not required to provide a warewashing sink.

(d) A compact mobile food operation that is approved for limited food preparation that does not prepare raw meat, raw poultry, or raw fish shall provide an integral handwashing sink with at least five gallons of potable water to operate with a potable water tank with a capacity of at least five gallons for handwashing.

(e) An enforcement agency may permit a compact mobile food operation to operate with an integral water tank smaller than specified under subdivision (c) or (d) of Section 114217 if the enforcement agency finds that the compact mobile food operation is operating in an area and manner that would allow for replenishment of the water supply as needed during operations.

(f) A compact mobile food operation shall submit, to the enforcement agency, written operating procedures that include the process of filling potable water tanks if it will operate with a water tank with a capacity of less than five gallons specified in subdivisions (c) and (d) of Section 114217.

(g) A compact mobile food operation that does not prepare raw meat, raw poultry, or raw fish is exempt from any provision of this part requiring it be equipped with a water heater or otherwise be supplied with warm water.

114368.5. (a) Upon receipt of complete, easily readable plans drawn to scale, and specifications satisfactory to the enforcement agency, an enforcement agency may preapprove a standard plan for a standardized or mass-produced individual unit intended to serve as a compact mobile food operation.

(b) A person proposing to operate a compact mobile food operation who has acquired an individual unit for which the construction of the compact mobile food operation has been built to approved plans shall not be required to submit plans for the individual unit, but instead shall be subject to a final inspection of the compact mobile food operation to ensure that the individual unit and proposed method of operation conform to the standard plans preapproved pursuant to subdivision (a). The permit application for a compact mobile food operation utilizing a preapproved individual unit shall include a certification that the applicant has not substantially altered the individual units from the plans preapproved pursuant to subdivision (a). The enforcement agency may collect a fee in the final inspection in an amount that does not exceed the reasonable administrative costs to the enforcement agency.

(c) The repair of equipment or integral fixtures on a compact mobile food operation or the replacement of equipment and fixtures on a compact mobile food operation with substantially similar equipment or fixtures is not a remodel, and the repair or replacement of equipment or fixtures does not require the submission of plans to an enforcement agency.

(d) A local governing body may waive or reduce a fee for the permit, registration, or related services for an applicant seeking approval of a compact mobile food operation or related operations.

(e) All new and replacement food-related and utensil-related equipment for a compact mobile food operation shall be certified or classified for sanitation by an American National Standards Institute accredited certification program, or a certification program accredited by another accreditation body recognized by the enforcement agency as providing substantially similar food safety and operational standards. In the absence of an applicable certified sanitation standard, food-related and utensil-related equipment shall be evaluated for approval by the enforcement agency.

(f) All new and replacement electrical appliances for a compact mobile food operation shall meet applicable Underwriters Laboratories standards for electrical equipment as determined by an American National Standards Institute accredited certification program or a certification program accredited by another accreditation body recognized by the enforcement agency as providing substantially similar food safety and operational standards.

114368.6. A compact mobile food operation is exempt from Section 113947.1 if the operator and any individual who is involved in the preparation, storage, or service of food for the compact mobile food operation has obtained a food handler card that meets the requirements of Section 113948.

114368.7. A compact mobile food operation is exempt from the requirements of Section 114315 if the compact mobile food operation operates with multiple employees or operators and the compact mobile food operation may remain operable by a single individual so that employees or operators may alternate use of a restroom.

114368.8. (a) Notwithstanding subdivision (a) of Section 114395, a violation of this part by an operator or employee of a compact mobile food operation is punishable only by an administrative fine.

(b) A violation of any provision of this part or regulation adopted pursuant to this part by an operator or employee of a compact mobile food operation or a sidewalk vendor shall not be punishable as an infraction or misdemeanor, and an operator or employee of a compact mobile food operation or a sidewalk vendor alleged to have violated any of those provisions is not subject to arrest except when independent grounds for that arrest exist under law.

(c) Except as provided in paragraph (d), each offense by an operator or employee of a compact mobile food operation or a sidewalk vendor may only be punished by a fine consistent with the following:

(1) A notice of violation detailing the violation, including the applicable provision of this part or regulation adopted pursuant to this part.

(2) An administrative fine not exceeding one hundred dollars (\$100) for a second violation within one year of the first violation.

(3) An administrative fine not exceeding two hundred dollars (\$200) for a third violation within one year of the first violation.

(4) An administrative fine not exceeding five hundred dollars (\$500) for each additional violation within one year of the first violation.

(d) If a compact mobile food operation is required to obtain a permit from the enforcement agency, operating without a permit may be punishable by a fine not to exceed three times the cost of the permit in lieu of the administrative fines referenced in subdivision (c). An enforcement agency shall not issue any fines in excess of the amounts allowable pursuant to subdivision (c) prior to January 1, 2024.

(e) (1) When assessing an administrative fine for a first-time offense, pursuant to this section, the hearing officer shall take into consideration the person's ability to pay the fine. The enforcement agency shall provide the person with notice of their right to request an ability-to-pay determination and shall make available instructions or other materials for requesting an ability-to-pay determination. The person may request an ability-to-pay determination at adjudication or while the judgment remains unpaid, including when a case is delinquent or has been referred to a comprehensive collection program.

(2) If the person meets the criteria described in subdivision (a) or (b) of Section 68632 of the Government Code, the enforcement agency shall accept, in full satisfaction, 20 percent of the administrative fine imposed pursuant to this section.

(3) The enforcement agency may waive the administrative fine or may offer an alternative disposition.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
