Our family wants to commend and thank Santa Clara firefighters and police who responded to a fire affecting 2 properties on Forbes Avenue across from Sutter Elementary school. This past week we heard multiple sirens sounding a few streets over. Our son told us that Forbes was closed, and he videoed shooting flames well above 30 feet. The next day we were grateful to see that only one cypress tree and a section of fence had burned, and we are certain this is due to the swift emergency response.

Let me help: In March Mayor Gillmor wrote to Governor Newsom about a standard public-private partnering-mechanism begun in 2013 well before Ms. Gillmor was Mayor. The main concern and final paragraph states that, as the Department of Industrial Relations has not decided PW Case 2020-014 (from 2020), the Related Santa Clara project is being delayed. Everyone knows that delayed projects are eventually endangered, so this is a worthwhile concern. Painters' pay is significantly less important. Done.

I support a complete, thorough public review of the Settlement Agreement and Mutual Release dated August 31, 2022. The August 31 San Francisco Chronicle reported, despite statements made later in a public Council meeting, that Jain, Hardy, Park and Becker had accepted the offer. To date there has been no public discussion on the decision, nor about the false statement made by interim City Attorney Steve Ngo during the open Council meeting that nothing had been decided. <https://bit.ly/3SrpYLQ>

The August 31 San Francisco Chronicle reported, despite statements made later in a public Council meeting, that Jain, Hardy, Park and Becker had accepted the offer. To date there has been no public discussion on the decision. Such a discussion should include all parts of the agreement, not just part of the agreement, as well discussing any outstanding issues. <https://bit.ly/3SrpYLQ>
