This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc., a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2021 and terminate on November 30, 2025.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the

professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is three million dollars ($3,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the

cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION/LIMITS OF LIABILITY

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

Neither Party shall be liable to the other for any lost profits or any indirect, special, incidental, punitive, or consequential loss or damage of any kind arising in connection with the agreement, even if the party has been advised or should be aware of the possibility of such damages. Nothing in the agreement limits or excludes either party's liability for loss or damage resulting from death or personal injury caused by its gross negligence, or any fraud or fraudulent misrepresentation.

CONTRACTOR's total cumulative aggregate liability for all Claims of any kind whether based on contract, tort (including negligence and strict liability), under any warranty or otherwise, arising from or related in any way to this Agreement or performance or failure of performance of CONTRACTOR'S obligations shall be limited to $10,000,000.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at SVPContracts@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Electrical Consultants, Inc.
Attn. VP-Power Supply
3521 Gabel Road
Billings, MT 59102
and by e-mail at *dave.maehl@eciusa.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and

following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

The Contractor shall perform plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects including but not limited to:

- Act as project manager for the following activities:
  - Project permitting including support of CEQA determinations
  - Land acquisition
  - Project design and preparation of Plans, Specifications and Engineer's Estimate
  - Bid support
  - Construction support
  - Record drawings and Project Closeout
- System planning for electric utility distribution and transmission systems
- Distribution and transmission line conceptual design, feasibility, and permitting.
- Substation conceptual and/or detail design, feasibility, and permitting.
- Support with substation communications, protection and control systems.
- Assist with third party plan submissions such as WECC, CAISO, and PG&E.
- Conduct load flow, short circuit studies and arc flash studies as needed.
- Conduct Distributed Energy Resource interconnection studies as needed.
- Assess existing design standards and recommend revisions or new standards.
- Assess existing maintenance practices or standards and recommend revisions or create new standards.
- Provide drafting support as needed.

Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work. The invoice is to include the PO number, paid amount to date and remaining Agreement amount.

The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

When requested by the City, the Contractor and subcontractors shall utilize e-Builder, a web-based project management tool, or City's designated replacement for projects assigned under this agreement. Access to the project management tool, as well as associated training, will be provided by the City at no cost to the Contractor or its subcontractors. Contractor and subcontractors shall have the responsibility for utilizing the project management tool as necessary for the following: invoice submittal, potential change order submittals, change orders, Request for Information (RFI) submittals, correspondence, assigned tasks and other matters that transpire on the site as directed

by City. All documents (including as built drawings) shall be converted or scanned into the Portable Document Format (PDF) file and uploaded to e-Builder.

At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format as well.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

1. This is a time and materials contract with a total not-to-exceed amount of $3,000,000.

2. Contractor shall provide services at the labor rates outlined in Exhibit B-1 – RATE SCHEDULE attached and incorporated by reference.

3. Rates outlined in Exhibit B-1 may be requested by Contractor to adjust no greater than annually after December 31, 2021 subject to reasonable notice and justification to the City. City approval or denial of the adjusted rates will be provided in writing (e-mail acceptable).

4. Reimbursable Expenses

   4.1. Pass-Through Costs:

      4.1.1. In some cases, Contractor may pass-through costs such as, but not limited to, subcontracted activities or materials.

      4.1.2. Such Pass-Through Costs shall be included in the quote.

      4.1.3. When these Pass-Through Costs occur, Contractor will invoice City for these costs without markup.

      4.1.4. Contractor shall provide supporting documentation such as invoices or receipts for all Pass-Through costs.

      4.1.5. Except in the case of emergency, Contractor will notify the City in advance when these costs are anticipated.

   4.2. Reimbursement of expenses is subject to the following conditions.

      4.2.1. Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to the City that the expenses were directly incurred in providing the requested services and that such costs are not already included in the fee or hourly rate.

      4.2.2. Travel-related expenses (mileage, lodging, meals, etc.).

      4.2.3. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

      https://www.gsa.gov/travel-resources

      4.2.4. Airfare and rental car, if required, shall be at economy class.

      4.2.5. Travel Expenses. All travel expenses such as, but not limited to, airfare, car rental, taxi, lodging, parking, tolls, meals and incidental expenses will be invoiced at cost, with receipts provided for any expenses.

5. Contractor will bill City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice including submittal of certified payroll using City's LCP Tracker or such other system as defined by the City.

Cyclone Software	$30.00/hour
Terra Solid Laser Imaging	$20.00/hour
Theodolite, Total Station	$11.00/hour
Robotic Total Station	$15.00/hour
Survey Grade GPS, Base Station & Rovers	$30.00/hour
Staking Supplies	$10.00/line-mile

Testing Equipment:

5 kV Megger	$60/day, $200/week
Phase Angle Meter	$50/day, $200/week
Automated CT Test Set	$125/day, $420/week
Transformer Turns Ratio Test Set	$75/day, $300/week
Earth Resistivity Test Set	$100/day, $400/week
Power Quality Analyzer	$75/day, $150/week
Hi-Potential Test Set	$120/day, $300/week
VLF AC Hi-Potential Test Set	$500/day, $2,000/week
Doble F6150 Relay Test Set	$375/day, $1,500/week
Doble M4000 Power Factor Test Set	$500/day, $2,000/week
Doble M5400 Seep Frequency	$1,000/day
Dilo SF-6 Moisture Analyzer	$150/day, $600/week
Dilo SF-6 Breaker Analyzer	$450/day
CT-7000 Breaker Motion Analyzer	$125/day, $350/week
Ductor Low Resistivity & High Current	$75/day, $300/week
FLIR Infrared Camera	$500/day, $2,000/week
GPR (ground penetrating radar)	$1,000/day
HD 3-D Laser Scanner	$600/day
Dranetz 8000 Analyzer	$500/day
Fluke 435 Meter	$1,000/month
Other equipment (Load Banks, Meter Standard, etc.)	Job Quote

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications

and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

J. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

K. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

L. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

22-166 **Agenda Date: 10/4/2022**

REPORT TO COUNCIL

SUBJECT

Action to Delegate Authority to the City Manager to Negotiate and Execute Amendments to Agreements for Design Professional Services for Silicon Valley Power's System Capacity Expansion Planning Including Plan Implementation and General Consulting Services

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND

In Silicon Valley Power (SVP) quarterly updates to City Council, staff has reported that electrical demand in the City is expected to increase significantly over the next decade. On September 28, 2021 (Council Item 21-871), the City Council accepted SVP's 3-year Growth Plan Strategy Report (System Growth Plan). According to this System Growth Plan, SVP peak load projections are 879 MW in 2024 and 1125 MW in 2031. Compared to a 2021 peak of 598 MW, this is an increase of nearly 100% in ten years. The System Growth Plan identified ten system expansion projects required to be completed by 2024 to meet this increased load demand safely and reliably. Meeting this electrical demand from future growth requires additional engineering support in three areas: (1) System Expansion Planning, (2) General Consulting, and (3) Plan Implementation.

On October 13, 2020, Council approved (Council Item 20-854) agreements with (1) five firms (1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc.) in the amount of $3,000,000 per agreement for plan implementation; and (2) five firms (Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC.) in the amount of $2,000,000 per agreement for general consulting services. The total maximum compensation of these ten agreements is authorized not to exceed $25 million over a five-year period. On May 13, 2022, Council authorized the City Manager to execute Amendment No. 1 to the Agreement with AECOM Technical Services Inc. for program management services associated with the System Growth Plan increasing maximum compensation from $3 million to $11 million to perform program management services for SVP's System Expansion Plan increasing the aggregate authorization for these ten agreements to $33 million.

When a specific project is identified, staff issues a call for proposals that invites these prequalified consultants to submit qualifications and the award is based on factors such as project specific qualifications and experience, availability of staff, project approach, proposed scope of services, project schedule and design completion dates.

DISCUSSION

The System Growth Plan more than doubles the current capital improvement project backlog and managing and delivering these projects from detailed design through construction requires the

technical knowledge these firms have. For example, the System Growth Plan includes a recommendation for a full rebuild and replacement of Scott Receiving Station (SRS) and Kifer Receiving Station (KRS). SRS and KRS will require a complete demolition and redesign to convert the outdoor air-insulated equipment to outdoor gas-insulated equipment to increase capacity and reliability in order to provide electric services to businesses and residences. These receiving station projects each have an estimated construction cost of $65 million each. After the call for proposal process, TRC Solutions, Inc. (TRC) was selected as the most qualified firm to support engineering design and construction support for the rebuild of SRS and KRS. The total cost of work is estimated at $5.2 million. The current maximum compensation authorized for TRC is $3 million and some of those funds have been allocated to other capital projects. As SVP is continuing to issue call for proposals for projects associated with the System Growth Plan, additional amendments to this agreement or other agreements will be needed.

To meet the demand for growth in capacity over the next 10 years, SVP has a capital plan exceeding $250 million. As a guideline, 20% of capital project costs are associated with engineering services such as design and construction management. To address these engineering costs, staff recommends that City Council authorize the City Manager to negotiate and execute additional amendments to the agreements with an additional aggregate compensation of $17 million to allow staff the flexibility of funding agreements as projects are awarded.

ENVIRONMENTAL REVIEW

This action being considered is for program and project management services and does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15061(b)(3). It can be seen with certainty that there is no possibility that the proposed approvals will have a significant effect on the environment. When capital projects included in the growth strategy move forward, appropriate CEQA will be completed as required prior to construction.

FISCAL IMPACT

To provide the necessary engineering services for SVP's significant capital program, this action would authorize the City Manager to approve contract amendments for ten firms up to a revised additional aggregate maximum compensation of $17 million, subject to the appropriation of funds. The capital project funding for each amendment would be identified at the time the amendment is brought forward. For instance, the increased maximum compensation for the TRC agreement described above is available in the Electric Utility Capital Fund for the KRS Rebuild and Replacement (CIP# 2453) and SRS Rebuild and Replacement (CIP#2456) projects.

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City

Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute amendments to Agreements for Design Professional Services for Silicon Valley Power's System Capacity Expansion Planning with an additional aggregate maximum compensation of $17 million, subject to the appropriation of funds for the following:
   A. For general consulting services with:
      1). Advisian Worley Group
      2). TRC Solutions, Inc.
      3). Leidos Engineering, LLC
      4). Flynn Resource Consultants, Inc.
      5). EN Engineering LLC
   B. For plan implementation services with:
      1). 1898 & Co.
      2). TRC Solutions, Inc.
      3). Electrical Consultants, Inc.
      4). AECOM Technical Services, Inc.
      5). Stantec Consulting Services Inc.; and

2. Authorize the City Manager to:
   A. Execute amendments to extend the term of the Agreements if required to complete projects initiated during their term;
   B. Negotiate and execute amendments to add or delete services consistent with the scope of the agreements and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds; and
   C. Take such actions as necessary or advisable to implement the agreements as amended.

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc. a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services by and Between the City of Santa Clara, California, and Electrical Consultants, Inc." dated September 16, 2021 (Agreement); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide plan implementation and project management services as requested by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP), and the Parties now wish to amend the Agreement to increase the maximum compensation due to additional service needs and extend the term.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 2 of the Agreement, entitled "TERM OF AGREEMENT" is amended to read as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2021, and terminate on November 30, 2028."

2. Section 6 of the Agreement, entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in

accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is seven million three hundred sixty thousand dollars ($7,360,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance."

3. Exhibit A – Scope of Services shall be deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended May 1, 2023, which is hereby incorporated into the Agreement.

4. Exhibit B – Schedule of Fees shall be deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended May 1, 2023, which is hereby incorporated into the Agreement.

5. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND ELECTRICAL CONSULTANTS, INC.
EXHIBIT A - SCOPE OF SERVICES
AMENDED MAY 1, 2023

1. The Contractor shall perform plan implementation and project management services as requested by the City to support capital, operations, and maintenance projects. Such plan implementation and project management services to include:
   - 1.1. Act as project manager for the activities such as, but not limited to:
     - 1.1.1. Project permitting including support of California Environmental Quality Act (CEQA) determinations;
     - 1.1.2. Land acquisition;
     - 1.1.3. Project design and preparation of plans, specifications and engineer's estimate;
     - 1.1.4. Bid support;
     - 1.1.5. Construction support; and
     - 1.1.6. Record drawings and project closeout.
   - 1.2. Perform system planning for electric utility distribution and transmission systems.
   - 1.3. Prepare distribution and transmission line conceptual design, feasibility, and permitting.
   - 1.4. Prepare substation conceptual and/or detail design, feasibility, and permitting including support with substation communications, protection and control systems.
   - 1.5. Assist with third party plan submissions such as WECC, CAISO, and PG&E.
   - 1.6. Conduct load flow, short circuit studies and arc flash studies as needed.
   - 1.7. Conduct Distributed Energy Resource (DER) interconnection studies as needed.
   - 1.8. Assess existing design standards and recommend revisions or new standards.
   - 1.9. Assess existing maintenance practices or standards and recommend revisions or create new standards.
   - 1.10. Provide drafting support as needed.

1.11. The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested and provide copies to SVP.

1.12. At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature.

2. Work Request and Authorization of Work

2.1. Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment.

2.2. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work.

2.3. Contractor shall notify City as soon as practical if there is a risk that cost estimates will be exceeded and shall not perform work that will result in costs exceeding the Purchase Order for that scope of work without a changed purchase order or, in the event the maximum compensation specified in Section 6 of the agreement may be exceeded, Contractor shall not perform work without an executed amendment to this Agreement.

3. e-BUILDER

3.1. Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement, as requested by the City. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

3.2. The City will establish Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guider-2015. The City reserves the right to limit the licenses issued to Contractor in the future.

3.3. Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

3.4. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. The Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc. and current traffic on the Internet. The City will not be liable for any delays associated from the usage of e-Builder including, but not limited to: slow response time, down time periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no

circumstances will usage of e-Builder be grounds for a time extension or cost adjustment to the Contract.

3.5. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

3.6. The Contractor is responsible for managing, tracking, and documenting work to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

3.7. At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

3.8. While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder web site and shall be responsible for the validity of its information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

3.8.1. Correspondence;

3.8.2. Meeting Minutes;

3.8.3. Submittals and Shop Drawings;

3.8.4. Product Data, reports, certifications, etc. must be submitted in PDF format. (If a sample is able to be scanned, it is requested a scanned PDF copy is submitted with the sample.);

3.8.5. Requests for Information (RFI's);

3.8.6. Change Order requests and documentation, including record copies of Change Orders, Proposals, Modifications;

3.8.7. Pay Applications;

3.8.8. "Official" correspondence (such as letters) including informal correspondence, such as e-mail;

3.8.9. Pre-Task Plans (PTPs);

3.8.10. Daily Construction Reports and other Daily Reports including Contractor Quality Control (CQC) Reports;

3.8.11. Quality Control (QC) Documentation;

3.8.12. All official reports, such as Commissioning reports;

3.8.12.1. Notices and Claims;

3.8.12.2. Operations and Maintenance Manuals;

3.8.12.3. All Close-out documents; and

3.8.12.4. All testing results.

3.8.13. Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e- mail, or resident on the e-Builder for the duration of the Project. Such data shall be available to City, authorities with jurisdiction (including funding agencies or representatives) on demand.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND ELECTRICAL CONSULTANTS, INC.
EXHIBIT B - COMPENSATION AND FEE SCHEDULE
AMENDED MAY 1, 2023

1. This is a time and materials contract with a total not-to-exceed amount specified in Section 6 of the Agreement. The maximum compensation specified in Section 6 includes all services provided under this Agreement as Amended including those services provided in advance of this Amendment.

2. Rates

   2.1. Services shall be provided according to the rates in Table B-1 – HOURLY RATES.

   2.2. Services performed prior to this Amendment shall be invoiced at the rates in place at the time of the service.

   2.3. Rate Adjustments. Rates outlined in Table B-1 of this Amendment may be requested by Contractor to adjust no greater than annually after January 1, 2024, subject to reasonable notice and justification to the City. City approval or denial of the adjusted rates will be provided in writing (e-mail acceptable).

3. Reimbursable Expenses

   3.1. City Requested Expenses. Outside services such as, but not limited to outside reprographic services, subcontractor materials and equipment, will be invoiced at cost. Subcontractor services will be invoiced at cost plus 10%.

   3.2. Expenses shall be reimbursable only to the extent that CONTRACTOR submits sufficient documentation to the City that the expenses were directly incurred in providing the requested services and that such costs are not already included in the fee or hourly rate.

   3.3. Travel and Per Diem. Travel and Per Diem will be invoiced at cost.

      3.3.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources

      3.3.2. Mileage. Personal automobile travel from portal to portal or between locations will be charged at IRS mileage rates per mile in place at the time of travel.

      3.3.3. Travel Expenses. Airfare, car rental, taxi, parking, tolls, and incidental expenses will be invoices at cost, with receipts provided

for any expenses. Airfare and rental car, if required, shall be at economy class.

3.4. Contractor shall include an estimate for any anticipated reimbursable expenses in Contractor's response to any CFP or other proposal to perform additional work.

3.5. Contractor shall provide supporting documentation such as invoices or receipts for all reimbursable expenses.

4. Table B-2 PASS THROUGH COSTS

4.1 Contractor may pass through costs such as, plotting, printing, materials, equipment, etc.

4.2 Such Pass-Through Costs shall be included in the quote.

4.3 When these Pass-Through Costs occur, Contractor will invoice City for these costs without markup.

4.4 Contractor shall provide supporting documentation such as invoices or receipts for all Pass-Through Costs.

4.5 Except in the case of emergency, Contractor will notify the City in advance when these costs are anticipated.

5. Invoicing and Payments

5.1. Contractor will invoice City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City.

5.2. All monthly invoices shall include:

5.2.1. PO number;

5.2.2. Itemization of the authorized expenses incurred, if any, with a detail listing the cost and source of such expenses and when they were incurred in a formal that will permit City to verify rates are the same as those authorized in the Agreement; and

5.2.3. Amount paid to date and amount remaining in the Agreement and Purchase Order.

5.3. If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

5.4. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all Certified Payroll (where required), City shall process the invoice for payment within 30 days.

TABLE B-1 HOURLY RATES

Category/Position	Hourly Rate Effective Sept. 1, 2021 Through April 30, 2023	Hourly Rate Effective May 1, 2023
Engineering/Management		
Senior Project Manager II	$251	$248
Senior Project Manager I	$208	$210
Project Manager II	$185	$188
Project Manager I	$165	$169

REPORT TO COUNCIL

SUBJECT

Action to Delegate Authority to the City Manager to Negotiate and Execute Amendments to Agreements for Design Professional Services for Silicon Valley Power's System Capacity Expansion Planning Including Development of a Twenty-Year Long-Term Strategy Plan for System Growth, Master Agreements for Plan Implementation Services, and Master Agreements for General Consulting Services

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND

Silicon Valley Power (SVP) has provided electric service for over 125 years and is experiencing significant continued growth. SVP has developed a capital improvement strategy to address near-term and long-term potential load growth. In 2021, SVP recorded a peak load of nearly 600 Megawatt (MW) and delivered approximately 4,100 Gigawatt-hours (GWh) to customers. In 2022, SVP's recorded peak load increased to 702 MW, and energy delivery rose to 4,550 GWh. This represents an approximate 10% increase in energy delivery and represents the largest year-over-year growth in the last 30 years.

On October 13, 2020, City Council approved (Council Item 20-854) the following Agreements for Design Professional Services:

- Agreement with Electrical Consultants, Inc (ECI) with a maximum compensation not to exceed $850,000 to complete a System Expansion Plan including a Three-Year Growth Plan Strategy;
- Master agreements for Plan Implementation Services with a maximum compensation not to exceed $3,000,000 per agreement with (1) 1898 & Co., (2) TRC Solutions, Inc., (3) ECI, (4) AECOM Technical Services, Inc., and (5) Stantec Consulting Services Inc.; and
- Master agreements for general consulting services with a maximum compensation not to exceed $2,000,000 per agreement with (1) Advisian Worley Group, (2) TRC Solutions, Inc., (3) Leidos Engineering, LLC, (4) Flynn Resource Consultants, Inc. and (5) EN Engineering LLC.

When a specific project is identified, SVP issues a call for proposals that invites these prequalified consultants to submit their proposals. The award for each project is determined based on factors such as expertise in the specific area of work needed, staff availability, project approach, proposed scope of services, project schedule/completion dates, and verification that cost is reasonable for the services.

When the agreements were approved on October 13, 2020, the total maximum compensation for the

ten (10) master agreements was authorized with an aggregate maximum compensation of $25 million over a five-year period. On May 13, 2022, the City Council authorized the City Manager to execute Amendment No. 1 to the Agreement with AECOM Technical Services Inc., increasing the maximum compensation from $3 million to $11 million for additional program management services related to the System Expansion Plan. This authorization increased the total aggregate compensation for the ten (10) agreements to $33 million. On October 4, 2022, the City Council authorized the City Manager to negotiate and execute amendments to the ten (10) agreements, resulting in a new total aggregate compensation of $50 million.

On September 28, 2021 (Council Item 21-871), the Council accepted SVP's Three-Year Growth Plan Strategy which identified $300 million of proposed projects to install new facilities and to replace aged infrastructure with higher capacity infrastructure on an as-needed basis. On November 15, 2022 (Council Item 22-1172), the City Council accepted SVP's System Expansion Plan for the California Independent Operator's (CAISO) Transmission Planning Process (TPP) FY2023/24 (SVP System Expansion Plan TPP FY2023/24).

In the SVP System Expansion Plan TPP FY2023/24, SVP anticipates a peak system load of 819MW in 2025 and peak load of 1,306 MW in 2032. Compared to the 2022 peak load of 702 MW, this projection represents an increase of nearly 117 MW by 2025. SVP System Expansion Plan TPP FY2023/24 identifies both near-term and ten-year improvements required for SVP to maintain electric service reliability with consideration of the projected load growth. The SVP System Expansion Plan TPP FY2023/24 provides detailed information and a technical basis for the completed analysis, including a summary of proposed projects. These projects are in addition to those previously presented to Council. To maintain electric service reliability and meet project growth, SVP requires engineering support in three areas: (1) System Expansion Planning, (2) General Consulting, and (3) Plan Implementation.

DISCUSSION

Under its agreement with the City, ECI has provided consultant support for the CAISO's Annual TPP and completed a Three-Year Growth Plan Strategy. SVP requires additional related services from ECI, including, (1) a twenty-year long-term strategy plan for system growth; and (2) support for upcoming CAISO TPP studies. The twenty-year long-term strategy plan and study will address, among other things, reach codes (local energy code amendments intended to strengthen emissions reductions) and impacts of electrification and decarbonization to SVP's transmission and distribution electrical systems. To complete these additional services, SVP will require an increase in the maximum compensation of the ECI agreement for the system expansion plan from $850,000 to $1,500,000 and extension of the term through December 31, 2025.

The System Expansion Plan has led to a significant increase in the SVP's Capital Improvement Project (CIP) backlog. Managing and delivering these projects from detailed design through construction necessitates the augmentation of staff by hiring outside engineering firms who possess the necessary technical knowledge and expertise to support SVP. For example, the System Expansion Plan includes the following proposed projects as well as other projects not listed:

- NRS Transformer and Breaker Upgrades
- Kifer Receiving Station (KRS) & Scott Receiving Station (SRS) Rebuild and Replacement
- NRS-KRS 115kV Line Replacement

- South Loop Reconductor
- Northwest Loop Capacity Upgrade
- Walsh-Uranium 60kV Reconductor

The proposed projects include replacement of aging infrastructure and installation of new facilities to allow higher internal system capacity. These projects will include the addition of new internal 60kV transmission loops and implementation of reliability upgrades, including replacing or reconductoring transmission lines. For the new 60kV loops, it is important to note that the first step in the process is to determine technical feasibility (design). Additional CAISO transmission capacity would be required to fully take advantage of the increased internal capacity.

As identified in the Three-Year Growth Plan Strategy and SVP System Expansion Plan TPP FY2023/24, the combined cost of these CIP projects is estimated at nearly $500 million. Of this total amount, approximately 20% to 25% is attributed to engineering services such as design and construction management. In addition, to ensure that dedicated developer substations are built to SVP standards and connect properly to SVP's electric system, SVP provides engineering services to developers who design and build their own substation with costs recovered from those developers. Design, equipment, and construction project costs for substations built by developers are not included in the $500 million budget. Therefore, total estimated engineering costs may exceed the 20 - 25% to account for costs of engineering for projects that are not included in SVP's CIP budget. To assure sufficient support to complete the System Expansion Plan and meet schedule commitments to developers while assuring SVP standards are met, SVP requires an increase of $30 million in aggregate maximum compensation for agreements for general consulting and plan implementation services. This will amend previous authorizations and allow SVP to spread $80 million among the master agreements. SVP will initiate amendments after selection of consultants following the call for proposals process described in the background of this report. SVP staff manages the aggregate compensation to assure that no services are approved that will result in exceeding the aggregate maximum compensation.

ENVIRONMENTAL REVIEW

These proposed actions involve the approval of amendments to existing agreements for program and project management services. Any associated capital improvements have been or will be evaluated under the California Environmental Quality Act ("CEQA"). Therefore, the proposed actions and do not constitute a "project" within the meaning of CEQA pursuant to section 15061(b)(3) of Title 14 of the California Code of Regulations as it can be seen with certainty that there is no possibility that the proposed approvals will have a significant effect on the environment.

FISCAL IMPACT

Sufficient funds for these amendments are included in the capital budget for each project for Fiscal Year 2023/2024. Funding for specific projects is allocated in the Electric Utility Fund in the FY2023/24 Capital Improvement Budget, such as the NRS Transformer and Breaker Upgrades (CIP 2454), NRS-KRS 115kV Line (CIP 2455), KRS Rebuild and Replacement (CIP 2453), Laurelwood Substation (CIP 2443), Democracy Substation (CIP 2464), Transmission Loop 1 (CIP 2459), and Transmission Loop 2 (CIP 2463). Additional budget appropriations will be required for the Transmission Loop projects. Required actions will be brought forward to City Council for approval of the project and associated budget after design. It is anticipated that costs will be recovered through developer contributions. As the System Expansion Plan and design and construction of developer

funded substations progress, the costs and timelines will be revised and updated, and budget adjustments will be requested at that time if required.

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years. In the event the authorized budget for a project will be exceeded, budgetary actions will be brought forward to Council as needed to cover such services in advance of authorizing those services.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an amendment to the Agreement for Design Professional Services with Electrical Consultants, Inc (ECI Agreement) for additional services associated with the System Expansion Plan increasing the maximum compensation to $1,500,000 and extending the term of the agreement until December 31, 2025, funded by the Electric Utility Capital Fund;
2. Authorize the City Manager to negotiate and execute amendments to the following Agreements for Design Professional Services (Master Agreements) for Silicon Valley Power's System Expansion Plan with an additional aggregate maximum compensation of $30 million for a new aggregate maximum compensation of $80 million funded by the Electric Utility Capital Fund and allocated as SVP may require, subject to the appropriation of funds: (A) general consulting services with; (i) Advisian Worley Group; (ii) TRC Solutions, Inc.; (iii) Leidos Engineering LLC; (iv) Flynn Resource Consultants, Inc.; and (v) EN Engineering LLC; and (B) For plan implementation services with: (i) Burns & McDonnell Engineering Company, Inc. (formerly 1898 & Co.); (ii) TRC Solutions, Inc.; (iii) ECI; (iv) AECOM Technical Services, Inc.; and (v) Stantec Consulting Services Inc
3. Authorize the City Manager to take any actions as necessary to implement and administer the ECI Agreement and Master Agreements and to negotiate and execute amendments to those agreements to (a) add or delete services consistent with their scope of services; (b) adjust future rates; and (c) extend their term of the agreement to complete projects initiated during the authorized term; and
4. All amendments included in this authorization shall be subject to the review and approval as to form by the City Attorney.

AMENDMENT NO. 2
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc. a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and Electrical Consultants, Inc." dated September 16, 2021 (Agreement); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide plan implementation and project management services as requested by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP); and

C. The Parties amended the Agreement (Amendment No. 1) on May 26, 2023, for the Contractor to extend the term and increase the maximum compensation due to additional service needs; and

D. The Parties now wish to amend the Agreement to update the authorization of work process and increase the maximum compensation.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled Agreement Documents, is amended in its entirety to read as follows:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

   Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum

Exhibit E – Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Section 6 of the Agreement, entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is Twenty-One Million and Six Hundred and Sixty Thousand Dollars Dollars ($21,660,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance."

3. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended December 1, 2023, which is hereby incorporated into the Agreement.

4. Exhibit E – Sample Work Authorization is hereby attached and incorporated into the Agreement.

5. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 2, the provisions of this Amendment No.2 shall control.

[SIGNATURES ON FOLLOWING PAGE]

The Parties acknowledge and accept the terms and conditions of this Amendment No. 2 as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA

AMENDMENT NO. 2
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND ELECTRICAL CONSULTANTS, INC.
EXHIBIT A - SCOPE OF SERVICES
AMENDED DECEMBER 1, 2023

1. The Contractor shall perform plan implementation and project management services as requested by the City to support capital, operations, and maintenance projects. Such plan implementation and project management services including, but not limited to:
   - 1.1. Act as project manager for the activities such as, but not limited to:
     - 1.1.1. Project permitting including support of California Environmental Quality Act (CEQA) determinations;
     - 1.1.2. Land acquisition;
     - 1.1.3. Project design and preparation of plans, specifications and engineer's estimate;
     - 1.1.4. Bid support;
     - 1.1.5. Construction support; and
     - 1.1.6. Record drawings and project closeout.
   - 1.2. Perform system planning for electric utility distribution and transmission systems.
   - 1.3. Prepare distribution and transmission line conceptual design, feasibility, and permitting.
   - 1.4. Prepare substation conceptual and/or detail design, feasibility, and permitting including support with substation communications, protection and control systems.
   - 1.5. Assist with third party plan submissions such as WECC, CAISO, and PG&E.
   - 1.6. Conduct load flow, short circuit studies and arc flash studies as needed.
   - 1.7. Conduct Distributed Energy Resource (DER) interconnection studies as needed.
   - 1.8. Assess existing design standards and recommend revisions or new standards.
   - 1.9. Assess existing maintenance practices or standards and recommend revisions or create new standards.
   - 1.10. Provide drafting support as needed.

1.11. The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested and provide copies to SVP.

1.12. At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature.

2. WORK AUTHORIZATION PROCESS

2.1. City does not give any guarantee to Contractor that City will select Contractor for the performance of any Work Request or any other Services. If City selects Contractor to perform a Work Request, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Work Authorization and purchase order.

2.2. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves and final approval for each Approved Work Authorization.

2.3. When Contractor will be required to perform services on an on- going basis, such ongoing services shall be authorized using the Work Authorization Process in this Section 2.

2.4. Work Request

2.4.1. When plan implementation Services are required, SVP will notify one or more contractors under contract for Plan Implementation Services to provide a proposal for Services.

2.4.2. SVP will provide a description of the Services required, the basis of award, the deadline for response, and any other relevant information (Work Request).

2.5. Proposal

2.5.1. If Contractor has the required expertise and desires to submit a proposal, Contractor shall prepare and submit a proposal (Proposal) that includes:

2.5.1.1. The specific service(s) to be performed. Detail of the services should have a level of detail reflective of the scope, timeline, and cost of the specific project.

2.5.1.2. A work plan that includes a detailed description by task of the services to be performed.

2.6.1.3. A project timeline/schedule with discussion on any activities that may impact the project timeline/schedule such as, but not limited to, material delays or permitting.

2.6.1.4. A list of Contractor's personnel and subcontractors including subcontractor Department of Industrial Relations (DIR) number where required.

2.6.1.5. Any required drawings or documents.

2.6.1.6. A list of City responsibilities.

2.6.1.7. An itemized cost proposal showing:

2.6.1.7.1. Hours and hourly rates by position as listed in Exhibit B for both Contractor and subcontractor personnel if applicable. Indicate labor subject to prevailing wage requirements.

2.6.1.7.2. Subcontractor costs including subcontractor DIR number where required and indicating prevailing wage and non-prevailing wage services.

2.6.1.7.3. Parts/materials

2.6.1.7.4. Rental and/or specialty equipment

2.6.1.7.5. Reimbursable expenses, in accordance with the limitations set forth in Exhibit B.

2.6.1.7.6. Any additional costs including, but not limited to freight, permits, fees.

2.6.1.7.7. Breakdown of materials and labor sufficient to calculate sales tax. Taxable and non-taxable items shall be itemized in a manner that will permit the City to accurately calculate sales tax.

2.6.1.7.8. Estimated total cost including sales tax.

2.6.1.7.9. All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement and the Proposal shall include sufficient information for the City to determine that rates are in accordance with the Agreement.

2.6.1.7.10. Cost for any additional equipment, parts, materials, or services required for completion of services as detailed in

the Work Request and in Contractor's Proposal but not reflected in the Contractor's cost proposal shall be the sole responsibility of the Contractor and at no cost to the City.

2.6.2. The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor. Contractor must submit a revised Proposal to the City based upon such negotiations. The final proposal shall include a clear breakdown of materials and labor indicating taxable and non-taxable items and an estimate of sales tax.

2.7. Work Authorization:

2.7.1. If the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement, (when combined with all previously authorized Services), the City may authorize the proposed services as set forth in this Section.

2.7.2. To authorize work, the City and Contractor shall execute a Work Authorizations in substantially the same format as Exhibit E. Each Work Authorization shall describe the proposed services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the proposed service and deliverables, and the compensation for the services.

2.7.3. Subject to the terms and conditions of this Agreement, Contractor and City will negotiate the specific scope and requirements of each Work Authorization. Upon execution by the Parties, the Work Authorization shall become an Approved Work Authorization.

2.7.4. Each Approved Work Authorization shall have a Purchase Order attached to it.

2.7.5. Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization. Purchase Orders are issued by the Finance Department.

2.7.6. Contractor shall not initiate the additional services and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order.

2.8. Changes to Work Authorization:

2.8.1. Contractor shall notify the City immediately when a situation occurs that may result in a change to the total project cost or specific line items in an Approved Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Approved Work Authorization or Purchase Order.

2.8.2. Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

2.8.3. In the event that unanticipated site conditions or other issues result in costs that exceed total of the Approved Work Authorization or changes to line items in an Approved Work Authorization or in the Purchase Order, Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional required services. The City will issue a new or amended Work Authorization and changed purchase order to authorize such additional services. Each changed Work Authorization and Purchase Order shall amend the Services and be incorporated into the Services by reference.

2.8.4. Contractor shall not initiate the additional services associated with changes and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase order or changed Purchase order.

2.9. Proposals, pricing, and quotes are not confidential and will not be treated as confidential even if marked confidential when submitted.

2.10. An Approved Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in an Approved Work Authorization – even if the Approved Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in an Approved Work Authorization are invalid and unenforceable.

2.11. Each Approved Work Authorization and Purchase Order including those authorized prior to execution of this Amendment No. 2 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

2.12. If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

2.13. The City (through the individuals listed in Section 2.7.5 or, in the case of Purchase Orders, the Finance Department) may terminate an Approved Work Order or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

2.14. Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

2.15. SVP shall not be required to pay a deposit or any other form of pre- payment prior to the Contractor beginning work.

2.16. Contractor shall not initiate services before a Work Authorization has been executed and/or Purchase Order has been issued."

3. e-BUILDER

3.1. Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement, as requested by the City. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

3.2. The City will establish Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guider-2015. The City reserves the right to limit the licenses issued to Contractor in the future.

3.3. Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

3.4. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. The Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc. and current traffic on the Internet. The City will not be liable for any delays associated from the usage of e-Builder including, but not limited to: slow response time, down time periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will usage of e-Builder be grounds for a time extension or cost adjustment to the Contract.

3.5. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

3.6. The Contractor is responsible for managing, tracking, and documenting work to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

3.7. At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

3.8. While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder web site and shall be responsible for the validity of its information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

3.8.1. Correspondence;

3.8.2. Meeting Minutes;

3.8.3. Submittals and Shop Drawings;

3.8.4. Product Data, reports, certifications, etc. must be submitted in PDF format. (If a sample is able to be scanned, it is requested a scanned PDF copy is submitted with the sample.);

3.8.5. Requests for Information (RFI's);

3.8.6. Change Order requests and documentation, including record copies of Change Orders, Proposals, Modifications;

3.8.7. Pay Applications;

3.8.8. "Official" correspondence (such as letters) including informal correspondence, such as e-mail;

3.8.9. Pre-Task Plans (PTPs);

3.8.10. Daily Construction Reports and other Daily Reports including Contractor Quality Control (CQC) Reports;

3.8.11. Quality Control (QC) Documentation;

3.8.12. All official reports, such as Commissioning reports;

3.8.12.1. Notices and Claims;

3.8.12.2. Operations and Maintenance Manuals;

3.8.12.3. All Close-out documents; and

3.8.12.4. All testing results.

3.8.13. Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e- mail, or resident on the e-Builder for the duration of the Project. Such data shall be available to City, authorities with jurisdiction (including funding agencies or representatives) on demand.

EXHIBIT E

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and [Enter Contractor's Name] ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control.

PART A: GENERAL INFORMATION

WORK AUTHORIZATION NUMBER:		☐ Original ☐ First Revised ☐ Second Revised ☐ Other_____
Contract No.		
Contractor Name/Address:		
Expiration Date of Agreement:		
Contractor's Project Manager:	**Name:**	**Email:**
City's Project Manager	**Name:**	**Email:**
Period of Performance for this Work Order:	**Start Date:**	**Expected Completion Date:**
Maximum Compensation of Agreement:		
Previously Committed Funds:		
Available Funds		
Maximum Compensation for this Work Authorization		
Remaining Available Funds		
Sufficient funds are available in Fund #: (to be completed by City)		
Contractor Representative Name (Print)		
Contractor Representative Signature		
Contractor Representative Signature Date		
City Project Manager Name (Print)		
Authorized City Representative (Print)		
City Representative Signature		
City Representative Signature Date		
** Authorized City Representatives include Electric Utility Assistant Director, Chief Electric Utility Operating Officer, Chief Electric Utility Officer*		

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 2 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:

☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file.
*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

23-737 **Agenda Date: 7/18/2023**

REPORT TO COUNCIL

SUBJECT

Action to Delegate Authority to the City Manager to Negotiate and Execute Amendments to Agreements for Design Professional Services for Silicon Valley Power's System Capacity Expansion Planning Including Development of a Twenty-Year Long-Term Strategy Plan for System Growth, Master Agreements for Plan Implementation Services, and Master Agreements for General Consulting Services

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND

Silicon Valley Power (SVP) has provided electric service for over 125 years and is experiencing significant continued growth. SVP has developed a capital improvement strategy to address near-term and long-term potential load growth. In 2021, SVP recorded a peak load of nearly 600 Megawatt (MW) and delivered approximately 4,100 Gigawatt-hours (GWh) to customers. In 2022, SVP's recorded peak load increased to 702 MW, and energy delivery rose to 4,550 GWh. This represents an approximate 10% increase in energy delivery and represents the largest year-over-year growth in the last 30 years.

On October 13, 2020, City Council approved (Council Item 20-854) the following Agreements for Design Professional Services:

- Agreement with Electrical Consultants, Inc (ECI) with a maximum compensation not to exceed $850,000 to complete a System Expansion Plan including a Three-Year Growth Plan Strategy;
- Master agreements for Plan Implementation Services with a maximum compensation not to exceed $3,000,000 per agreement with (1) 1898 & Co., (2) TRC Solutions, Inc., (3) ECI, (4) AECOM Technical Services, Inc., and (5) Stantec Consulting Services Inc.; and
- Master agreements for general consulting services with a maximum compensation not to exceed $2,000,000 per agreement with (1) Advisian Worley Group, (2) TRC Solutions, Inc., (3) Leidos Engineering, LLC, (4) Flynn Resource Consultants, Inc. and (5) EN Engineering LLC.

When a specific project is identified, SVP issues a call for proposals that invites these prequalified consultants to submit their proposals. The award for each project is determined based on factors such as expertise in the specific area of work needed, staff availability, project approach, proposed scope of services, project schedule/completion dates, and verification that cost is reasonable for the services.

When the agreements were approved on October 13, 2020, the total maximum compensation for the

ten (10) master agreements was authorized with an aggregate maximum compensation of $25 million over a five-year period. On May 13, 2022, the City Council authorized the City Manager to execute Amendment No. 1 to the Agreement with AECOM Technical Services Inc., increasing the maximum compensation from $3 million to $11 million for additional program management services related to the System Expansion Plan. This authorization increased the total aggregate compensation for the ten (10) agreements to $33 million. On October 4, 2022, the City Council authorized the City Manager to negotiate and execute amendments to the ten (10) agreements, resulting in a new total aggregate compensation of $50 million.

On September 28, 2021 (Council Item 21-871), the Council accepted SVP's Three-Year Growth Plan Strategy which identified $300 million of proposed projects to install new facilities and to replace aged infrastructure with higher capacity infrastructure on an as-needed basis. On November 15, 2022 (Council Item 22-1172), the City Council accepted SVP's System Expansion Plan for the California Independent Operator's (CAISO) Transmission Planning Process (TPP) FY2023/24 (SVP System Expansion Plan TPP FY2023/24).

In the SVP System Expansion Plan TPP FY2023/24, SVP anticipates a peak system load of 819MW in 2025 and peak load of 1,306 MW in 2032. Compared to the 2022 peak load of 702 MW, this projection represents an increase of nearly 117 MW by 2025. SVP System Expansion Plan TPP FY2023/24 identifies both near-term and ten-year improvements required for SVP to maintain electric service reliability with consideration of the projected load growth. The SVP System Expansion Plan TPP FY2023/24 provides detailed information and a technical basis for the completed analysis, including a summary of proposed projects. These projects are in addition to those previously presented to Council. To maintain electric service reliability and meet project growth, SVP requires engineering support in three areas: (1) System Expansion Planning, (2) General Consulting, and (3) Plan Implementation.

DISCUSSION

Under its agreement with the City, ECI has provided consultant support for the CAISO's Annual TPP and completed a Three-Year Growth Plan Strategy. SVP requires additional related services from ECI, including, (1) a twenty-year long-term strategy plan for system growth; and (2) support for upcoming CAISO TPP studies. The twenty-year long-term strategy plan and study will address, among other things, reach codes (local energy code amendments intended to strengthen emissions reductions) and impacts of electrification and decarbonization to SVP's transmission and distribution electrical systems. To complete these additional services, SVP will require an increase in the maximum compensation of the ECI agreement for the system expansion plan from $850,000 to $1,500,000 and extension of the term through December 31, 2025.

The System Expansion Plan has led to a significant increase in the SVP's Capital Improvement Project (CIP) backlog. Managing and delivering these projects from detailed design through construction necessitates the augmentation of staff by hiring outside engineering firms who possess the necessary technical knowledge and expertise to support SVP. For example, the System Expansion Plan includes the following proposed projects as well as other projects not listed:

- NRS Transformer and Breaker Upgrades
- Kifer Receiving Station (KRS) & Scott Receiving Station (SRS) Rebuild and Replacement
- NRS-KRS 115kV Line Replacement

- South Loop Reconductor
- Northwest Loop Capacity Upgrade
- Walsh-Uranium 60kV Reconductor

The proposed projects include replacement of aging infrastructure and installation of new facilities to allow higher internal system capacity. These projects will include the addition of new internal 60kV transmission loops and implementation of reliability upgrades, including replacing or reconductoring transmission lines. For the new 60kV loops, it is important to note that the first step in the process is to determine technical feasibility (design). Additional CAISO transmission capacity would be required to fully take advantage of the increased internal capacity.

As identified in the Three-Year Growth Plan Strategy and SVP System Expansion Plan TPP FY2023/24, the combined cost of these CIP projects is estimated at nearly $500 million. Of this total amount, approximately 20% to 25% is attributed to engineering services such as design and construction management. In addition, to ensure that dedicated developer substations are built to SVP standards and connect properly to SVP's electric system, SVP provides engineering services to developers who design and build their own substation with costs recovered from those developers. Design, equipment, and construction project costs for substations built by developers are not included in the $500 million budget. Therefore, total estimated engineering costs may exceed the 20 - 25% to account for costs of engineering for projects that are not included in SVP's CIP budget. To assure sufficient support to complete the System Expansion Plan and meet schedule commitments to developers while assuring SVP standards are met, SVP requires an increase of $30 million in aggregate maximum compensation for agreements for general consulting and plan implementation services. This will amend previous authorizations and allow SVP to spread $80 million among the master agreements. SVP will initiate amendments after selection of consultants following the call for proposals process described in the background of this report. SVP staff manages the aggregate compensation to assure that no services are approved that will result in exceeding the aggregate maximum compensation.

ENVIRONMENTAL REVIEW

These proposed actions involve the approval of amendments to existing agreements for program and project management services. Any associated capital improvements have been or will be evaluated under the California Environmental Quality Act ("CEQA"). Therefore, the proposed actions and do not constitute a "project" within the meaning of CEQA pursuant to section 15061(b)(3) of Title 14 of the California Code of Regulations as it can be seen with certainty that there is no possibility that the proposed approvals will have a significant effect on the environment.

FISCAL IMPACT

Sufficient funds for these amendments are included in the capital budget for each project for Fiscal Year 2023/2024. Funding for specific projects is allocated in the Electric Utility Fund in the FY2023/24 Capital Improvement Budget, such as the NRS Transformer and Breaker Upgrades (CIP 2454), NRS-KRS 115kV Line (CIP 2455), KRS Rebuild and Replacement (CIP 2453), Laurelwood Substation (CIP 2443), Democracy Substation (CIP 2464), Transmission Loop 1 (CIP 2459), and Transmission Loop 2 (CIP 2463). Additional budget appropriations will be required for the Transmission Loop projects. Required actions will be brought forward to City Council for approval of the project and associated budget after design. It is anticipated that costs will be recovered through developer contributions. As the System Expansion Plan and design and construction of developer

funded substations progress, the costs and timelines will be revised and updated, and budget adjustments will be requested at that time if required.

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years. In the event the authorized budget for a project will be exceeded, budgetary actions will be brought forward to Council as needed to cover such services in advance of authorizing those services.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an amendment to the Agreement for Design Professional Services with Electrical Consultants, Inc (ECI Agreement) for additional services associated with the System Expansion Plan increasing the maximum compensation to $1,500,000 and extending the term of the agreement until December 31, 2025, funded by the Electric Utility Capital Fund;
2. Authorize the City Manager to negotiate and execute amendments to the following Agreements for Design Professional Services (Master Agreements) for Silicon Valley Power's System Expansion Plan with an additional aggregate maximum compensation of $30 million for a new aggregate maximum compensation of $80 million funded by the Electric Utility Capital Fund and allocated as SVP may require, subject to the appropriation of funds: (A) general consulting services with; (i) Advisian Worley Group; (ii) TRC Solutions, Inc.; (iii) Leidos Engineering LLC; (iv) Flynn Resource Consultants, Inc.; and (v) EN Engineering LLC; and (B) For plan implementation services with: (i) Burns & McDonnell Engineering Company, Inc. (formerly 1898 & Co.); (ii) TRC Solutions, Inc.; (iii) ECI; (iv) AECOM Technical Services, Inc.; and (v) Stantec Consulting Services Inc
3. Authorize the City Manager to take any actions as necessary to implement and administer the ECI Agreement and Master Agreements and to negotiate and execute amendments to those agreements to (a) add or delete services consistent with their scope of services; (b) adjust future rates; and (c) extend their term of the agreement to complete projects initiated during the authorized term; and
4. All amendments included in this authorization shall be subject to the review and approval as to form by the City Attorney.

AMENDMENT NO. 3
TO THE AGREEMENT FOR PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 3") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc. a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties".

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services by and Between the City of Santa Clara, California, and Electrical Consultants, Inc." dated September 16, 2021 (Agreement) for the purpose of having Contractor provide plan implementation and project management services as requested by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP); and

B. The Agreement was previously amended by Amendment No. 1, dated May 26, 2023, and Amendment No. 2, dated December 11, 2023, The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to 3 to update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Tabe B-1 – Hourly Rates of Exhibit B of the Agreement as Amended is hereby deleted in its entirely and replaced with the attached Table B-1 "Hourly Rates - Amend May 1, 2024, which is hereby incorporated into this Agreement as Amended.

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 3, the provisions of this Amendment No. 3 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 3 as evidenced by the following signatures of their duly authorized representatives.

AMENDMENT NO. 4
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 4") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc. a Montana corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services by and Between the City of Santa Clara, California and Electrical Consultants, Inc." dated September 16, 2021 (Agreement) for the purpose of having Contractor provide plan implementation and project management services as requested by the City to support capital, operations, and maintenance project for Silicon Valley Power (SVP); and

B. The Agreement was previously amended by Amendment No. 1, dated May 26, 2023, Amendment No. 2, dated December 11, 2023, and Amendment No. 3, dated June 12, 2024. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to increase the total maximum compensation and update the travel and per-diem.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 6 of the Agreement as Amended, entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is Twenty-Two Million Six Hundred Sixty-Six Thousand Dollars ($22,660,000), subject to budget appropriations, which includes all payments that may be authorized for Services

and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance."

2. Section 3.3.3 of Exhibit B to the Agreement as Amended is hereby amended to read as follows:

   "Airfare, car rental, taxi, parking, tolls, and incidental expenses will be invoiced at cost, with receipts provided for any expenses. Unless approved in writing (e-mail acceptable) in advance, airfare and rental car, if required, shall be at economy class."

3. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 4, the provisions of this Amendment No. 4 shall control.

(Signature on following page)

The Parties acknowledge and accept the terms and conditions of this Amendment No. 4 as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

AMENDMENT NO. 5
TO THE AGREEMENT FOR PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 5") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc. a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services by and Between the City of Santa Clara, California, and Electrical Consultants, Inc." dated September 16, 2021, (Agreement) for the purpose of having Contractor provide plan implementation and project management services as requested by the City to support capital, operations, and maintenance project for Silicon Valley Power (SVP); and

B. The Agreement was previously amended by Amendment No. 1, dated May 26, 2023, Amendment No. 2 dated December 11, 2023, and Amendment No. 3 dated June 12, 2024, and Amendment No. 4 dated August 1, 2024. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 6 of the Agreement as Amended, entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is Twenty-Six Million Dollars ($26,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies,

materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance."

2. Table B-1 – Hourly Rates of Exhibit B of the Agreement as Amended is hereby deleted in its entirety and replaced with the attached Table B-1 "Hourly Rates – Amended May 1, 2025, which is hereby incorporated into this Agreement as Amended.

3. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No.5, the provisions of this Amendment No. 5 shall control.

(Signatures on page 3)

The effective date of this Amendment No. 5 is the date of City's execution of this amendment.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 5 as evidenced by the following signatures of their duly authorized representatives.

AMENDMENT NO. 6
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 6") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc., a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and Electrical Consultants, Inc., dated September 16, 2021 (Agreement) for the purpose of having Contractor provide plan implementation and project management services as requested by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP);

B. The Agreement was previously amended by Amendment No. 1, dated May 26, 2023, Amendment No. 2 dated December 11, 2023, Amendment No. 3 dated June 12, 2024, Amendment No. 4 dated august 1, 2024, Amendment No. 5 dated June 11, 2025, and is again amended by this Amendment No. 6. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to increase the total compensation and update reimbursable allowances.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 6 of the Agreement as Amended is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is Thirty-Four Million Dollars ($34,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies,

Docusign Envelope ID: 1DD1D425-BAE3-47F8-8E6A-FC7D81466B40

materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstances."

2. Section 3.3.1 of Exhibit B, "Compensation and Fee Schedule Amended May 1, 2023", is hereby amended to read as follows.

   "Unless approved in writing (e-mail acceptable) in advance, reimbursement meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources.

   Meals: Contractor may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Contractor pays its employees a per diem rate lower than the GSA rate, the Contractor may not charge the City for any difference between the amount paid and the GSA rate.

   Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement.

   Housing Allowance in Lieu of Meal and Lodging Per Diem: Effective September 1, 2025, Consultants who are required to stay at the project site for more than ten (10) business days may elect to receive a housing allowance in lieu of the standard meal and lodging per diem. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written work authorization from the City is required. Upon such authorization, the City shall reimburse Consultant at a daily rate equal to the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of both hotel lodging costs and meal per diem. Consultant shall certify that no other lodging or meal reimbursements are being claimed for the same period. Receipts are not required for Consultant electing this housing option."

3. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 6, the provisions of this Amendment No. 6 shall control.

The effective date of this Amendment No. 6 is the date of City's execution of this amendment.

Docusign Envelope ID: 1DD1D425-BAE3-47F8-8E6A-FC7D81466B40

The Parties acknowledge and accept the terms and conditions of this Amendment No. 6 as evidenced by the following signatures of their duly authorized representatives.

REPORT TO COUNCIL

SUBJECT

Action on Master Agreements for Silicon Valley Power on System Capacity Expansion Planning including Delegation of Authority for Capital Project Implementation and General Engineering Support [Council Pillar: Deliver and Enhance High Quality Efficient Services and Infrastructure]

BACKGROUND

As discussed as part of Silicon Valley Power's (SVP) quarterly Council update, electrical demand in the City is expected to increase over the next decade. To meet the electrical demand from future growth requires additional support from consultants for a variety of services including:

- Creating a detailed System Expansion Plan
- Design of Transmission line and Substation installations and upgrades
- Implementation management for Capital Improvement Projects
- General engineering support for maintenance of existing assets

DISCUSSION

SVP is looking for engineering support in three (3) areas: System Expansion Planning, General Consulting, and Plan Implementation.

System Expansion Plan

SVP's electric load has increased by more than 20% over the last decade and based on executed agreements and upcoming development, SVP's current system will need major upgrades to accommodate the increase of demand over the five to ten years.

A System Expansion Plan will consist of a short term and long-term capital improvement plan to accommodate the additional electric load growth due to new development in Santa Clara (Data Centers and Residential Projects). The consultant will also review and provide the basis for updating the Load Development Fee to ensure the recovery of costs incurred by the City in modifying its electrical infrastructure to support load growth due to the new development.

General Consulting Services

Based on newly executed agreements and current developer negotiations, SVP could add seven new substations over the next five years to its electrical system. Utilities the size of SVP do not have sufficient internal staff for such a large engineering project and requires the aid of consultants to engineer plans to meet the projected electric load growth. In addition to the existing projects, the consulting services will be utilized to create detailed engineering design plans based on the System Expansion Plan's guidance.

Plan Implementation Services
With the increase in capital projects comes the need for additional implementation services workforce which will support the design, plan implementation and project management of the Transmission and Substation construction.

On December 5, 2019, staff requested Statement of Qualification (SOQ) to solicit proposals from qualified firms for consulting services associated with SVP System Expansion Plan. The SOQ was published on BidSync, the City's e-procurement system. Eleven proposals were received from the following firms:

- 1898 & Co. (Kansas City, MO)
- Advisian Worley Group (Folsom, CA)
- AECOM (Oakland, CA)
- Electrical Consultants, Inc. (Billings, MT)
- EN Engineering LLC (Warrenville, IL)
- Flynn Resource Consultants Inc. (Discovery Bay, CA)
- Leidos Engineering, LLC (Hendersonville, TN)
- Power Engineers (Anaheim, CA)
- Stantec Consulting Services Inc. (Walnut Creek, CA)
- TRC Solutions, Inc. (Mountain View, CA)
- ZGlobal, Inc. (Folsom, CA)

Evaluation Process: Proposals were evaluated and scored independently by a five-member evaluation team against the criteria and weights published in the SOQ. Follow-up oral interviews were conducted with the companies submitting the highest scoring proposals for each of the three areas.

Award Recommendation: Staff recommends award of the System Expansion Plan contract to Electrical Consultants, Inc. (ECI) as the most qualified firm per the evaluation criteria set forth in the SOQ.

Staff recommends award of General Consulting Services contracts to Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC.

Staff recommends award of Plan Implementation Services contracts to 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc.

Notice of Intended Award: Notice of Intended Award (NOIA) announcing the City's recommended vendors for each service area were issued on August 28, 2020 and August 31, 2020.

Term of Agreements: The term of the proposed System Expansion Plan Agreement will be fourteen (14) months to deliver the System Expansion Plan. The term of the General Consulting Services and Plan Implementation Services Master Agreements will be five (5) years each.

Cost Summary: Staff is requesting that the Council 1) authorize the City Manager or their designee to execute the Agreement with ECI for a total amount not to exceed $850,000 which will allow for the development of a System Expansion Plan, 2) delegate authority to the City Manager or their

designee to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement and 3) delegate authority to the City Manager or their designee to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement.

ENVIRONMENTAL REVIEW

The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378 (b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment.

FISCAL IMPACT

The total cost of the proposed agreement with Electrical Consultants, Inc. (ECI) to perform work on the System Expansion Plan shall not exceed $850,000. Funding for this agreement was included as part of the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in the New Business Estimate Work CIP project.

For general consulting services, compensation for the five Master Agreements shall not exceed $2,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- System Capacity Expansion
- New Business Estimate Work
- Operations and Planning Technology
- Clean Energy and Carbon Reduction
- Renewable Energy Microgrid

For plan implementation services, compensation for the five Master Agreements shall not exceed $3,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- Esperanca Substation
- Homestead Substation Rebuild
- Oaks Junction
- San Tomas Junction
- Laurelwood Substation
- System Capacity Expansion
- NRS Breaker 382 Addition

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years.

COORDINATION
This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION
1. Authorize the City Manager to execute the System Expansion Plan Agreement with Electrical Consultants, Inc. in an amount not to exceed $850,000;
2. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement over the five year terms of the agreements, subject to the appropriations of funds;
3. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement over the five-year terms of the agreements, subject to the appropriation of funds; and
4. Authorize the City Manager or their designee, to add or delete services consistent with the scope of the agreements, and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds.

Reviewed by: Manuel Pineda, Chief Electric Utility Officer

ATTACHMENT
1. Agreement for Design Professional Services

EBIX Insurance No. S200001751

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc., a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on October 1, 2020 and terminate on December 30, 2021.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is eight hundred and fifty thousand dollars ($850,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees

to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at MPineda@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Electrical Consultants, Inc.
3521 Gabel Road
Billings, MT 59102

and by e-mail at Robert.hurtig@eciusa.com

With copy to:

Electrical Consultants, Inc.
3521 Gabel Road
Billings, MT 59102
Attn: General Counsel

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

CONTINUED ON PAGE 8

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

Approved as to Form:

BRIAN DOYLE
City Attorney

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

Contractor Scope

The Contractor shall perform all the review, inspection, and analysis necessary to prepare a System Expansion Plan for Silicon Valley Power's (SVP) electric system. The plan shall provide an assessment of the current electric system and a complete plan for its future development.

The System Expansion Plan shall include a minimum of the following items:

A. Provide a detailed 3-year development plan of SVP's electric system expansion to meet the significant new load being connected to its system. The focus will be on building multiple capital improvement projects in parallel to meet the 3-year short term capacity need while maintaining electric system reliability. Prioritize the projects and provide a strategy, schedule, and estimated cost for their completion. All projects in the detailed 3-year plan are to include preliminary engineering (30% plans – constructability reviewed and sequencing with remaining projects) and specify any permitting requirements, land requirements and construction scope. Provide guidance on establishing proper maintenance of proposed new assets and technology.

B. The Constructor shall provide the basis for updating the Load Development Fee per the final System Expansion Plan. The Load Development Fee is established to recover costs incurred by the City in modifying its electrical infrastructure to support load growth spurred by new development.

C. Provide a high level 20-year development plan of SVP's electric system expansion to meet high, medium, and low load trajectory scenarios for future load growth. The focus will be on building a footprint for SVP to meet future load growth over the next 20 years while maintaining electric system reliability.

D. Determine the ultimate need, capacity, configuration, and method of service, for proposed new substations and the future disposition of each existing substation considering the current property size, age and condition of the equipment, estimated remaining life, and number of feeders.

E. Assess SVP's submission to the CAISO's Transmission Planning Process (TPP) to insure that PG&E Bulk Electric System (BES) projects have been identified

and are on schedule to meet SVPs load growth, in addition to assessing SVP's Transmission Planning process to meet CAISO, WECC, and TPL-001-5.

F. Assess SVP's CEC load forecast submittals used to generate the biennial Integrated Energy Policy Report (IEPR).

G. Assess the impact of increased future distributed generation and load (i.e. solar, battery storage, electric vehicles) and provide recommendations regarding the most optimal integration with the distribution system and possible use of distributed generation by SVP to improve system efficiency and reliability.

H. Assess the condition of the existing electric system and recommend maintenance and capital replacements as required. The assessment should also consider the future impact of aging infrastructure.

I. Review current system, substation, and feeder load projections for reasonableness and use the results to determine the ultimate system, substation, and feeder plan. Assess the potential problems if actual loads differ significantly.

J. Assess system reliability and provide cost/benefit analysis and estimated levels of improvement for recommendations on ways to maintain or improve it.

K. Assess system losses and provide cost/benefit analysis for recommendations on ways to reduce system losses.

L. Assess the future reactive power requirements/need for power factor improvement to the electric substation, distribution, 230kV/115kV/60 kV transmission systems and include a benefit/cost analysis of feeder capacitors versus substation capacitors.

M. A report on each of the standards and guidelines listed below to include an assessment of their adequacy, any noted deficiencies, suggested changes that can be immediately incorporated into them, and if deemed necessary, a recommended plan to bring each one up to relevant industry standards and current practices, including mitigation of arc-flash hazards. The absence of any standards and guidelines that a utility the size of SVP should have shall be noted and recommendations made on how to best produce them.

    1. Existing system planning criteria, including conductor and equipment rating, loading, short circuit studies, capacity determination for substations, transmission lines, distribution lines, and service facilities.

    2. Engineering design guidelines for substations, transmission lines, distribution lines, and service facilities.

    3. Conductor and equipment loading capacities (under both normal full load and Emergency conditions) for substations, transmission lines, distribution lines and service facilities.

4. Material and equipment standards and specifications.

5. Economic evaluation criteria and methods for determination of return on investment.

N. Identify the opportunities to utilize the enabling technology resulting from SVP's AMI and Smart Grid deployment and recommend the most effective methods to utilize and capture value from the proposed Smart Grid initiatives over the next five and twenty year planning period.

O. Assess the current emergency response plans, system restoration capabilities, energy control center and back-up control center facilities, emergency material stockpiling, and feeder back-up capacity, and make recommendations for improvements.

P. Review current engineering, operations and electric system key performance indicators in use and make recommendations regarding the adequacy and validity of each one, and additions and deletions to the list.

Q. Assess the adequacy of existing vegetation management programs and standards, and make recommendations for improvements.

The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

Contractor and subcontractors shall utilize e-Builder, a web-based project management tool, or City's designated replacement for projects assigned under this agreement. Access to the project management tool, as well as associated training, will be provided by the City at no cost to the Contractor or its subcontractors. Contractor and subcontractors shall have the responsibility for utilizing the project management tool as necessary for the following: invoice submittal, potential change order submittals, change orders, Request for Information (RFI) submittals, correspondence, assigned tasks and other matters that transpire on the site as directed by City. All documents (including as built drawings) shall be converted or scanned into the Portable Document Format (PDF) file and uploaded to e-Builder.

At the conclusion of the project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format.

Deliverables for Items A and B are due five (5) months after execution of Agreement and the remaining deliverable items are due fourteen (14) months after execution of Agreement.

SVP Scope

To assist the consultant in performing the work, SVP shall provide the following:

A. Copies of all relevant existing standards, design guidelines, system planning guidelines, specifications and drawings required.

B. Full access to any and all existing plans and records relevant to the performance of the contract.

C. Complete ESRI GIS database that includes electric infrastructure, land use, AMI system configuration, and related information.

D. Available distribution system data for analysis such as distribution feeder reads, transmission line reads, and substation banks loading during the past peak load periods.

E. Complete transmission system database in GE PSLF, DEW, and Aspen.

F. Available system inspection and maintenance information.

G. Past system evaluations and annual system reports.

H. System load forecast and Capital Improvement Plans.

I. Latest Integrated Resource Plan.

J. Operating system data as available from SCADA (There presently is no SCADA data available on the distribution system beyond the substation boundary walls).

K. Incremental generation and purchased power costs.

L. Current electric rates and Rules and Regulations.

EXHIBIT B
SCHEDULE OF FEES

Contractor will bill City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice.

This is a time and materials contract, Table 1 provides a breakdown of the tasks within this agreement (Detail in Exhibit A) and their respective not-to-exceed amounts.

Table 1: Tasks and Associated Not-to-Exceed Budget

Exhibit A Section	Task Description	Not-to-Exceed Budget
A	Provide a detailed 3-year development plan of SVP's electric system expansion	$173,683
B	Provide the basis for updating the Load Development Fee	$17,893
C	Provide a high level 20-year development plan of SVP's electric system expansion	$121,773
D	Determine the ultimate need, capacity, configuration, and method of service, for proposed new substations	$28,839
E	Assess SVP's submission to the CAISO's Transmission Planning Process (TPP)	$25,405
F	Assess SVP's CEC load forecast submittals	$17,029
G	Assess the impact of increased future distributed generation and load	$30,965
H	Assess the condition of the electric system and recommend maintenance and capital replacements	$26,981
I	Review current system, substation, and feeder load projections for reasonableness	$18,385
J	Assess system reliability and provide cost/benefit analysis	$18,413
K	Assess system losses and provide cost/benefit analysis	$11,581
L	Assess the future reactive power requirements/need for power factor improvement	$17,309
M	A report on each of the standards and guidelines listed and include an assessment of their adequacy	$79,439
N	Identify the opportunities to utilize the enabling technology resulting from SVP's AMI deployment	$28,217
O	Assess the current emergency response plans, system restoration capabilities, energy control center	$59,613
P	Review current engineering, operations and electric system key performance indicators	$22,053
Q	Assess the adequacy of existing vegetation management programs and standards	$12,509
	Associated Engineering Services	$139,913
	TOTAL	$850,000

Theodolite, Total Station	$11.00/hour
Robotic Total Station	$15.00/hour
Survey Grade GPS, Base Station & Rovers	$30.00/hour
Staking Supplies	$10.00/line-mile

Testing Equipment:

5 kV Megger	$60/day, $200/week
Phase Angle Meter	$50/day, $200/week
Automated CT Test Set	$125/day, $420/week
Transformer Turns Ratio Test Set	$75/day, $300/week
Earth Resistivity Test Set	$100/day, $400/week
Power Quality Analyzer	$75/day, $150/week
Hi-Potential Test Set	$120/day, $300/week
VLF AC Hi-Potential Test Set	$500/day, $2,000/week
Doble F6150 Relay Test Set	$375/day, $1,500/week
Doble M4000 Power Factor Test Set	$500/day, $2,000/week
Doble M5400 Seep Frequency	$1,000/day
Dilo SF-6 Moisture Analyzer	$150/day, $600/week
Dilo SF-6 Breaker Analyzer	$450/day
CT-7000 Breaker Motion Analyzer	$125/day, $350/week
Ductor Low Resistivity & High Current	$75/day, $300/week
FLIR Infrared Camera	$500/day, $2,000/week
GPR (ground penetrating radar)	$1,000/day
HD 3-D Laser Scanner	$600/day
Dranetz 8000 Analyzer	$500/day
Fluke 435 Meter	$1,000/month
Other equipment (Load Banks, Meter Standard, etc.)	Job Quote

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to

limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

21-1045 **Agenda Date: 12/14/2021**

REPORT TO COUNCIL

SUBJECT
Action on Amendment No. 1 to the Agreement for Design Professional Services with Electrical Consultants Inc.

COUNCIL PILLAR
Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND
The City of Santa Clara's Electric Utility, Silicon Valley Power (SVP), has provided dependable electric service for 125 years. SVP's current peak load is about 600 MW and provides nearly 4,110 Gigawatt-hours (GWh) a year to SVP's customers. Currently, eight additional projects have received entitlements with the City of Santa Clara which represents an increase of 618 MW. There is an additional 114 MW of planned Commercial and Residential development. This represents 732 MW of expansion over the next ten years. In addition, new developments have made initial requests for more than 400 MW of new load. Based on SVP's experience with how new load develops, SVP is preparing for its system peak load to double over the next 10 years and increase the number of substations from twenty-three (23) to up to thirty-three (33) by 2026.

On October 13, 2020, City Council authorized the City Manager to execute an agreement with Electrical Consultants Inc. (ECI) for a System Expansion Plan. A System Expansion Plan consists of a short-term and long-term capital improvement plan to accommodate the additional electric load growth due to new development in Santa Clara (Data Centers and Residential Projects).

On September 28, 2021, staff presented the Three-Year System Growth Strategy Plan (Three Year Plan) which was prepared by ECI for SVP and includes an analysis of SVP's transmission system. The purpose of the study is to identify near-term and long-term improvements for SVP to consider in order to maintain electric service reliability with consideration of significant load growth. The Three-Year Growth Strategy is intended to be a living document and will be reviewed and changed in the future to adapt for a number of factors including load ramp, project feasibility, delivery capacity, shifting needs, priorities, and finances.

DISCUSSION
The Three-Year Plan was the most significant of the tasks to be performed by ECI. ECI has a number of additional tasks outstanding including development of a twenty-year development plan of SVP's electric system expansion to meet high, medium, and low load trajectory scenarios for future load. The focus of the twenty-year development plan is building a foundation for SVP to meet future load growth over the next twenty years while maintaining electric system reliability.

The current Agreement expires on December 31, 2021. Staff anticipated completing the System Expansion Plan within the fourteenth month term of the agreement, but due to a large number of development activities occurring that impacted the system expansion plan, only the three-year plan was completed. Staff recommends extending the term of the Agreement by two additional years, with the amended term ending on December 31, 2023. ECI has confirmed that rates will not increase and anticipates completing all tasks within the budget of the agreement.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378 (b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment.

FISCAL IMPACT

Funding for the agreement with ECI was included as part of the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in the New Business Estimate Work CIP project.

Appropriations needed in future years will be requested as part of the regular biennial budget process.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to execute Amendment No. 1 to the Agreement with Electrical Consultants Inc to extend the term of the Agreement by two years, ending on December 31, 2023, with no change in the maximum compensation;
2. Authorize the City Manager to make minor changes to the attached Amendment subject to approval of the City Attorney as to form; and
3. Authorize the City Manager to add or delete services consistent with the scope of the agreements subject to request and justification by contractor, approval by the City, and the appropriation of funds and extend the term, if necessary, for a total term not to exceed five years.

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc., a Montana corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services" dated October 21, 2020;

B. The Parties entered into the Agreement for the purpose of having Contractor provide review, inspection, and analysis necessary to prepare for a System Expansion Plan of the City's electric system; and

C. The City has identified proposed development projects that require additional work and revisions to tasks currently underway, therefore, the Parties now wish to amend the Agreement to extend the term of the Agreement until December 31, 2023.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Paragraph 2 of the Agreement, entitled "TERM OF AGREEMENT" is amended to read as follows:

   Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on October 1, 2020 and terminate on December 31, 2023.

2. Exhibit B to the Agreement shall be deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule Amended December 14, 2021.

3. Exhibit D – Digital Data Protocol is hereby added and incorporated by reference.

4. Exhibit E – Labor Compliance Addendum is hereby added and incorporated by reference.

5. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA

EXHIBIT B – COMPENSATION AND FEE SCHEDULE
AMENDED DECEMBER 15, 2021

1. Compensation: The amount billed to City by Contractor for services under this Agreement as Amended will not exceed eight hundred fifty thousand dollars ($850,000.00), subject to budget appropriations.
2. Services shall be provided according to the rates in Exhibit B-1 - Time and Materials Hourly Rate Schedule attached and incorporated by reference.
3. Authorization of work:

   3.1. Exhibit B-2 Tasks, attached and incorporated by reference, details the specific tasks to be performed under this Agreement. Tasks shall be performed in the hourly rates specified in Exhibit B-1 Rate Schedule.

   Subject to written approval of the City, Contractor may transition costs between categories in Exhibit B-1 only to the extent that these transitions leave sufficient funding to complete each task.

   3.2. For any Associated Engineering Services (work that is not specified in Exhibit B-1 – Tasks Items A – Q), Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work. In the event of a City request for Associated Engineering Services:

      3.2.1. Contractor shall issue a quote or task order for each project requested by the City and that quote or task order shall be included in the purchase order.

      3.2.2. All services included in the quote or task order shall be provided at the rates included in this Agreement and are subject to the terms of this Agreement.

      3.2.3. In the event of any inconsistency between a task order and quote and the Terms and Conditions of the Agreement, the Terms and Conditions of the Agreement shall govern and control.

      3.2.4. City shall review the quote or task order and, if there are no questions or issues, City shall issue a PO to authorize that set of work.

3.2.5. Contractor shall notify City as soon as practical if there is a risk that cost estimates will be exceeded and shall not perform work that will result in costs exceeding the estimate without executed amendment to this Agreement or receipt of Purchase Order authorizing work.

3.2.6. No products or services that will commit or authorize funds in excess of the authorized amount in this Agreement are authorized. All work performed, materials, or other expenses provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstances.

3.2.7. Contractor shall not initiate any Project Assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

4. Reimbursable/Pass Through Costs

4.1. Pass Through Costs: In some cases, Contractor may pass-through costs such as, but not limited to: travel subcontracted activities or materials. Such Pass-Through Costs shall be included in the quote for Additional Services.

4.2. When these Pass-Through Costs occur, Contractor will Invoice City for these costs without markup.

4.3. Contractor shall provide supporting documentation such as invoices or receipts for all Pass-Through costs.

4.4. Reimbursement of expenses is subject to the following conditions.

4.4.1. Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to the City that the expenses were directly incurred in providing the requested services and that such costs are not already included in the fee or hourly rate.

4.4.2. Travel-related expense (mileage, lodging, meals, etc.).

4.4.2.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by the United States General Service Administration (GSA).

https:/www.gsa.gov/travel-resources

4.4.2.2. The City shall not reimburse local travel (within Santa Clara County).

4.4.3. All reimbursable expenses shall be included in the Maximum Compensation

5. Payment Provisions

5.1. Monthly Invoices. On a monthly basis, Contractor shall prepare an invoice which includes an itemization of time and materials spent on a services included in this Agreement for the preceding month with a detail listing the cost and source of such expenses and when they were incurred in a formal that will permit City to verify rates are the same as those authorized in the Agreement.

5.2. Contractor shall maintain documentation of such time and costs for City inspection for a period of three (3) years from the date of termination of this Agreement.

5.3. Upon receipt of an approved itemized written invoice from Contractor including submittal of certified payroll using LCP Tracker where applicable, City shall process Contractor's invoice for services performed and authorized costs incurred during that billing period.

EXHIBIT B-2 – TASKS
AMENDED DECEMBER 15, 2021

Exhibit A Section	Task Description	Not to Exceed Budget
A	Provide a Detailed 3-year development plan for SVP's electric system expansion	$173,683
B	Provide the basis for updating the Load Development Fee	$ 17,893
C	Provide a high level 20-year development plan of SVP's electric system expansion	$121,773
D	Determine the ultimate need, capacity, configuration, and method of service, for proposed new substations	$ 28,839
E	Assess SVP's submission to the CAISO's Transmission Planning Process (TPP)	$ 25,405
F	Assess SVP's CEC load forecast submittals	$ 17,029
G	Assess the impact of increased future distributed generation and load	$ 30,965
H	Assess the condition of the electric system and recommend maintenance and capital replacement	$ 26,981
I	Review current system, substation, and feeder load projections for reasonableness	$ 18,385
J	Assess system reliability and provide cost/benefit analysis	$ 18,413
K	Assess system losses and provide cost/benefit analysis	$ 11,581
L	Assess the future reactive power requirements/need for power factor improvements	$ 17,309
M	A report on each of the standards and guidelines listed and include an assessment of their adequacy	$ 79,439
N	Identify the opportunities to utilize the enabling technology resulting from SVP's AMI deployment	$ 28,217
O	Assess the current emergency response plans, system restoration capabilities, energy control center	$ 59,613
P	Review current engineering, operations and electric system key performance indicators	$ 22,053
Q	Assess the adequacy of existing vegetation management programs and standards	$ 12,509
	Associated Engineering Services	$139,913
	TOTAL	$850,000

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

EXHIBIT D – DIGITAL DATA PROTOCOL

1. Description of Requirements

   1.1. Unless otherwise specified by City, the Contractor shall utilize e-Builder for submission of data and documents throughout the duration of the Agreement.

   1.2. e-Builder is a web-based construction management application hosted by e-Builder. It shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

2. License and Training

   2.1. The City will establish the Contractor's access to e-Builder by providing up to three licenses to Contractor personnel at City's cost. At the City's sole discretion, further licenses may be provided but, if the City incurs a cost for such additional licenses, those costs shall be paid for by the Contractor.

   2.2. Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

3. Use of e-Builder

   3.1. The contractor and users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder Online User Guide.

   3.2. Contractor shall assure that staff (including staff of sub-contractor) will have regular access to a personal computing device with minimum specifications as updated at the following link: www.e-builder.net

   3.3. Contractor staff are responsible for visiting the Project web site on a daily basis, and as necessary to: be kept fully appraised of Project developments, view correspondence and assigned tasks and review other matters that transpire on the site.

   3.4. Contractor shall ensure that all supporting data including but not limited to shop drawings, product data sheets, manufacturer data sheets and

instructions, method statements, safety MSDS sheets, Substitution Requests and the like will be submitted in digital format via e-Builder EnterpriseTM.

3.5. All Product Data, reports, certifications, etc. must be submitted in PDF format. (If a sample is able to be scanned, it is requested a scanned PDF copy is submitted with the sample.);

4. Connectivity

4.1. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet.

4.2. The Contractor is responsible for its own connectivity to the Internet. e-Builder response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc. and current traffic on the Internet.

4.3. The City will not be liable for any delays associated from the usage of e-Builder including, but not limited to: slow response time, down time periods, connectivity problems, or loss of information.

4.4. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site.

4.5. Under no circumstances will usage of e-Builder be grounds for a time extension or cost adjustment to the Contract.

5. Ownership of Data

Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

6. Documents

6.1. The Contractor is responsible for managing, tracking, and documenting activities to comply with the requirements of the Agreement.

6.2. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder web site and shall be responsible for the validity of its information placed in e-Builder. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

6.3. All project documents shall be processed and distributed digitally over the internet.

6.4. While regular email will still be used for communication, e-Builder shall be utilized as much as possible in connection with all document and information management required by these Contract Documents.

6.5. The Contractor shall utilize the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

6.6. Documents and information to be submitted electronically include, but are not limited to:

6.6.1. Correspondence including letters and e-mails;

6.6.2. Meeting Minutes;

6.6.3. Contract

6.6.4. Change Order and Potential Change Order requests and documentation, including record copies of Change Orders, Proposals, Modifications;

6.6.5. Invoices and Monthly Payment Requests;

6.6.6. Submittals and shop drawings

6.6.7. Requests for Information (RFI) and submittals

6.6.8. Official reports, such as Commissioning reports;

7. Archive Copies

Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e- mail, or resident on the any Contractor system for the duration of the Project. Such shall be available to City and authorities with jurisdiction (including funding agencies or representatives) on demand.

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

EXHIBIT E – LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. PREVAILING WAGE REQUIREMENTS

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.
2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.
3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.
4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.
5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request.

The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 et seq, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll records and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those who fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. AUDIT RIGHTS

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City

Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C. ENFORCEMENT

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.
2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.
3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.
4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

23-737 **Agenda Date: 7/18/2023**

REPORT TO COUNCIL

SUBJECT

Action to Delegate Authority to the City Manager to Negotiate and Execute Amendments to Agreements for Design Professional Services for Silicon Valley Power's System Capacity Expansion Planning Including Development of a Twenty-Year Long-Term Strategy Plan for System Growth, Master Agreements for Plan Implementation Services, and Master Agreements for General Consulting Services

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND

Silicon Valley Power (SVP) has provided electric service for over 125 years and is experiencing significant continued growth. SVP has developed a capital improvement strategy to address near-term and long-term potential load growth. In 2021, SVP recorded a peak load of nearly 600 Megawatt (MW) and delivered approximately 4,100 Gigawatt-hours (GWh) to customers. In 2022, SVP's recorded peak load increased to 702 MW, and energy delivery rose to 4,550 GWh. This represents an approximate 10% increase in energy delivery and represents the largest year-over-year growth in the last 30 years.

On October 13, 2020, City Council approved (Council Item 20-854) the following Agreements for Design Professional Services:

- Agreement with Electrical Consultants, Inc (ECI) with a maximum compensation not to exceed $850,000 to complete a System Expansion Plan including a Three-Year Growth Plan Strategy;
- Master agreements for Plan Implementation Services with a maximum compensation not to exceed $3,000,000 per agreement with (1) 1898 & Co., (2) TRC Solutions, Inc., (3) ECI, (4) AECOM Technical Services, Inc., and (5) Stantec Consulting Services Inc.; and
- Master agreements for general consulting services with a maximum compensation not to exceed $2,000,000 per agreement with (1) Advisian Worley Group, (2) TRC Solutions, Inc., (3) Leidos Engineering, LLC, (4) Flynn Resource Consultants, Inc. and (5) EN Engineering LLC.

When a specific project is identified, SVP issues a call for proposals that invites these prequalified consultants to submit their proposals. The award for each project is determined based on factors such as expertise in the specific area of work needed, staff availability, project approach, proposed scope of services, project schedule/completion dates, and verification that cost is reasonable for the services.

When the agreements were approved on October 13, 2020, the total maximum compensation for the

ten (10) master agreements was authorized with an aggregate maximum compensation of $25 million over a five-year period. On May 13, 2022, the City Council authorized the City Manager to execute Amendment No. 1 to the Agreement with AECOM Technical Services Inc., increasing the maximum compensation from $3 million to $11 million for additional program management services related to the System Expansion Plan. This authorization increased the total aggregate compensation for the ten (10) agreements to $33 million. On October 4, 2022, the City Council authorized the City Manager to negotiate and execute amendments to the ten (10) agreements, resulting in a new total aggregate compensation of $50 million.

On September 28, 2021 (Council Item 21-871), the Council accepted SVP's Three-Year Growth Plan Strategy which identified $300 million of proposed projects to install new facilities and to replace aged infrastructure with higher capacity infrastructure on an as-needed basis. On November 15, 2022 (Council Item 22-1172), the City Council accepted SVP's System Expansion Plan for the California Independent Operator's (CAISO) Transmission Planning Process (TPP) FY2023/24 (SVP System Expansion Plan TPP FY2023/24).

In the SVP System Expansion Plan TPP FY2023/24, SVP anticipates a peak system load of 819MW in 2025 and peak load of 1,306 MW in 2032. Compared to the 2022 peak load of 702 MW, this projection represents an increase of nearly 117 MW by 2025. SVP System Expansion Plan TPP FY2023/24 identifies both near-term and ten-year improvements required for SVP to maintain electric service reliability with consideration of the projected load growth. The SVP System Expansion Plan TPP FY2023/24 provides detailed information and a technical basis for the completed analysis, including a summary of proposed projects. These projects are in addition to those previously presented to Council. To maintain electric service reliability and meet project growth, SVP requires engineering support in three areas: (1) System Expansion Planning, (2) General Consulting, and (3) Plan Implementation.

DISCUSSION

Under its agreement with the City, ECI has provided consultant support for the CAISO's Annual TPP and completed a Three-Year Growth Plan Strategy. SVP requires additional related services from ECI, including, (1) a twenty-year long-term strategy plan for system growth; and (2) support for upcoming CAISO TPP studies. The twenty-year long-term strategy plan and study will address, among other things, reach codes (local energy code amendments intended to strengthen emissions reductions) and impacts of electrification and decarbonization to SVP's transmission and distribution electrical systems. To complete these additional services, SVP will require an increase in the maximum compensation of the ECI agreement for the system expansion plan from $850,000 to $1,500,000 and extension of the term through December 31, 2025.

The System Expansion Plan has led to a significant increase in the SVP's Capital Improvement Project (CIP) backlog. Managing and delivering these projects from detailed design through construction necessitates the augmentation of staff by hiring outside engineering firms who possess the necessary technical knowledge and expertise to support SVP. For example, the System Expansion Plan includes the following proposed projects as well as other projects not listed:

- NRS Transformer and Breaker Upgrades
- Kifer Receiving Station (KRS) & Scott Receiving Station (SRS) Rebuild and Replacement
- NRS-KRS 115kV Line Replacement

- South Loop Reconductor
- Northwest Loop Capacity Upgrade
- Walsh-Uranium 60kV Reconductor

The proposed projects include replacement of aging infrastructure and installation of new facilities to allow higher internal system capacity. These projects will include the addition of new internal 60kV transmission loops and implementation of reliability upgrades, including replacing or reconductoring transmission lines. For the new 60kV loops, it is important to note that the first step in the process is to determine technical feasibility (design). Additional CAISO transmission capacity would be required to fully take advantage of the increased internal capacity.

As identified in the Three-Year Growth Plan Strategy and SVP System Expansion Plan TPP FY2023/24, the combined cost of these CIP projects is estimated at nearly $500 million. Of this total amount, approximately 20% to 25% is attributed to engineering services such as design and construction management. In addition, to ensure that dedicated developer substations are built to SVP standards and connect properly to SVP's electric system, SVP provides engineering services to developers who design and build their own substation with costs recovered from those developers. Design, equipment, and construction project costs for substations built by developers are not included in the $500 million budget. Therefore, total estimated engineering costs may exceed the 20 - 25% to account for costs of engineering for projects that are not included in SVP's CIP budget. To assure sufficient support to complete the System Expansion Plan and meet schedule commitments to developers while assuring SVP standards are met, SVP requires an increase of $30 million in aggregate maximum compensation for agreements for general consulting and plan implementation services. This will amend previous authorizations and allow SVP to spread $80 million among the master agreements. SVP will initiate amendments after selection of consultants following the call for proposals process described in the background of this report. SVP staff manages the aggregate compensation to assure that no services are approved that will result in exceeding the aggregate maximum compensation.

ENVIRONMENTAL REVIEW

These proposed actions involve the approval of amendments to existing agreements for program and project management services. Any associated capital improvements have been or will be evaluated under the California Environmental Quality Act ("CEQA"). Therefore, the proposed actions and do not constitute a "project" within the meaning of CEQA pursuant to section 15061(b)(3) of Title 14 of the California Code of Regulations as it can be seen with certainty that there is no possibility that the proposed approvals will have a significant effect on the environment.

FISCAL IMPACT

Sufficient funds for these amendments are included in the capital budget for each project for Fiscal Year 2023/2024. Funding for specific projects is allocated in the Electric Utility Fund in the FY2023/24 Capital Improvement Budget, such as the NRS Transformer and Breaker Upgrades (CIP 2454), NRS-KRS 115kV Line (CIP 2455), KRS Rebuild and Replacement (CIP 2453), Laurelwood Substation (CIP 2443), Democracy Substation (CIP 2464), Transmission Loop 1 (CIP 2459), and Transmission Loop 2 (CIP 2463). Additional budget appropriations will be required for the Transmission Loop projects. Required actions will be brought forward to City Council for approval of the project and associated budget after design. It is anticipated that costs will be recovered through developer contributions. As the System Expansion Plan and design and construction of developer

funded substations progress, the costs and timelines will be revised and updated, and budget adjustments will be requested at that time if required.

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years. In the event the authorized budget for a project will be exceeded, budgetary actions will be brought forward to Council as needed to cover such services in advance of authorizing those services.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an amendment to the Agreement for Design Professional Services with Electrical Consultants, Inc (ECI Agreement) for additional services associated with the System Expansion Plan increasing the maximum compensation to $1,500,000 and extending the term of the agreement until December 31, 2025, funded by the Electric Utility Capital Fund;
2. Authorize the City Manager to negotiate and execute amendments to the following Agreements for Design Professional Services (Master Agreements) for Silicon Valley Power's System Expansion Plan with an additional aggregate maximum compensation of $30 million for a new aggregate maximum compensation of $80 million funded by the Electric Utility Capital Fund and allocated as SVP may require, subject to the appropriation of funds: (A) general consulting services with; (i) Advisian Worley Group; (ii) TRC Solutions, Inc.; (iii) Leidos Engineering LLC; (iv) Flynn Resource Consultants, Inc.; and (v) EN Engineering LLC; and (B) For plan implementation services with: (i) Burns & McDonnell Engineering Company, Inc. (formerly 1898 & Co.); (ii) TRC Solutions, Inc.; (iii) ECI; (iv) AECOM Technical Services, Inc.; and (v) Stantec Consulting Services Inc
3. Authorize the City Manager to take any actions as necessary to implement and administer the ECI Agreement and Master Agreements and to negotiate and execute amendments to those agreements to (a) add or delete services consistent with their scope of services; (b) adjust future rates; and (c) extend their term of the agreement to complete projects initiated during the authorized term; and
4. All amendments included in this authorization shall be subject to the review and approval as to form by the City Attorney.

AMENDMENT NO. 2
TO THE AGREEMENT FOR SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc. a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services" dated October 21, 2020 (Agreement) for the purpose of having Contractor provide review, inspection, and analysis necessary to prepare for a System Expansion Plan of the City's electric system; and

B. The Agreement was previously amended by Amendment No. 1, dated December 16, 2021. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the agreement to extend the Term and to increase the maximum compensation.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Paragraph 2 of the Agreement as Amended, entitled "TERM OF AGREEMENT" is amended to read as follows: "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on October 1, 2020, and terminate on December 31, 2025."

2. Section 6 of the Agreement as Amended, entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "COMPENSATION AND FEE SCHEDULE." The Maximum Compensation of this Agreement is one million five hundred thousand dollars ($1,500,000), subject to budget appropriations, which includes all payments for the Services and expenses, supplies, materials and equipment required to perform the Services. All Services performed or materials provided in excess of the Maximum Compensation shall be at Contractor's expense. City does not guarantee any minimum compensation under this Agreement.

Contractor shall not be entitled to any payment above the Maximum Compensation under any circumstance."

3. Exhibit A Scope of Services shall be deleted and replaced with the attached Exhibit A – Scope of Services – Amended September 1, 2023.
4. Exhibit B – Schedule of Fees shall be deleted and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended September 1, 2023
5. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No.2, the provisions of this Amendment No. 2 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 2 as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

AMENDMENT NO. 2
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND ELECTRICAL CONSULTANTS, INC.
EXHIBIT A – SCOPE OF SERVICES
AMENDED SEPTEMBER 1, 2023

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

1. Contractor Scope

1.1. Contractor shall perform all the review, inspection, and analysis necessary to prepare a System Expansion Plan for Silicon Valley Power's (SVP) electric system. The plan shall provide an assessment of the current electric system and a complete plan for its future development.

1.2. The System Expansion Plan shall include a minimum of the following items:

1.2.1. Contractor shall provide a detailed 3-year development plan of SVP's electric system expansion to meet the significant new load being connected to SVP's system. The focus will be on building multiple capital improvement projects in parallel to meet the 3-year short term capacity need while maintaining electric system reliability. Working with SVP, Contractor will prioritize the projects and provide a strategy, schedule, and estimated cost for their completion. All projects in the detailed 3-year plan are to include preliminary engineering (30% plans - constructability reviewed and sequencing with remaining projects) and specify any permitting requirements, land requirements, and construction scope. Contractor will provide guidance on establishing proper maintenance of proposed new assets and technology. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.2. Constructor shall provide the basis for updating the Load Development Fee per the final System Expansion Plan. The Load Development Fee is established to recover costs incurred by the City in modifying its electrical infrastructure to support load growth spurred by new development.

1.2.3. Contractor shall provide a high level 20-year development plan of SVP's electric system expansion to meet high, medium, and low load trajectory scenarios for future load growth. The focus will be on building a footprint for SVP to meet future load growth over the next 20 years while maintaining electric system reliability.

1.2.4. Working with SVP, Contractor will recommend the ultimate

need, capacity, configuration, and method of service, for proposed new substations and the future disposition of each existing substation considering the current property size, age and condition of the equipment, estimated remaining life, and number of feeders. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.5. Contractor shall assess SVP's submission to the California Independent System Operator's (CAISO)Transmission Planning Process (TPP) to ensure that PG&E Bulk Electric System (BES) projects have been identified and are on schedule to meet SVPs load growth. In addition, Contractor shall assess SVP's Transmission Planning process to meet CAISO, Western Electricity Coordinating Council (WECC), and TPL-001-5. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.6. Contractor shall assess SVP's CEC load forecast submittals used to generate the biennial Integrated Energy Policy Report (IEPR). Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.7. Contractor shall assess the impact of increased future distributed generation and load (i.e. solar, battery storage, electric vehicles) and provide recommendations regarding the most optimal integration with the distribution system and possible use of distributed generation by SVP to improve system efficiency and reliability. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.8. Contractor shall assess the condition of the existing electric system and recommend maintenance and capital replacements as required. The assessment should also consider the future impact of aging infrastructure. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.9. Contractor shall review current system, substation, and feeder load projections for reasonableness and use the results to determine the ultimate system, substation, and feeder plan. Contractor shall assess the potential problems if actual loads differ significantly from projected loads. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.10. Contractor shall assess system reliability and provide cost/benefit analysis and estimated levels of improvement for recommendations on ways to maintain or improve it. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.11. Contractor shall assess system losses and provide cost/benefit

analysis for recommendations on ways to reduce system losses.

1.2.12. Contractor shall assess the future reactive power requirements/need for power factor improvement to the electric substation, distribution, 230kV/115kV/60 kV transmission systems and include a benefit/cost analysis of feeder capacitors versus substation capacitors. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.13. Contractor shall prepare a report on each of the standards and guidelines listed below including (1) an assessment of the adequacy of the standards and guidelines, (2) note any deficiencies, (3) recommend changes that can be immediately incorporated into guidelines and standards, and (4) if deemed necessary, a recommended plan to bring each guideline or standard up to relevant industry standards and current practices, including mitigation of arc-flash hazards. Additionally, Contractor shall address the absence of any standards and guidelines that a utility the size of SVP should have and provide recommendations made on how to best produce those standards and guidelines.

1.2.13.1. Existing system planning criteria, including conductor and equipment rating, loading, short circuit studies, capacity determination for substations, transmission lines, distribution lines, and service facilities.

1.2.13.2. Engineering design guidelines for substations, transmission lines, distribution lines, and service facilities.

1.2.13.3. Conductor and equipment loading capacities (under both normal full load and Emergency conditions) for substations, transmission lines, distribution lines and service facilities.

1.2.13.4. Material and equipment standards and specifications.

1.2.13.5. Economic evaluation criteria and methods for determination of return on investment.

1.2.14. Contractor shall identify the opportunities to utilize the enabling technology resulting from SVP's Advanced Metering Infrastructure (AMI) and Smart Grid deployment and recommend the most effective methods to utilize and capture value from the proposed Smart Grid initiatives over the next five and twenty-year planning periods.

1.2.15. Contractor shall assess and make recommendations for improvements to SVP's current emergency response plans,

system restoration capabilities, energy control center and back-up control center facilities, emergency material stockpiling, and feeder back-up capacity.

1.2.16. Contractor shall review current engineering, operations and electric system Key Performance Indicators (KPIs) in use and make recommendations regarding the adequacy and validity of the KPI's. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.17. Contractor shall assess the adequacy of existing vegetation management programs and standards and make recommendations for improvements.

1.2.18. Contractor shall perform associated engineering and consulting support.. Tasks shall include CAISO application support for BESS integration as well as KRS / SRS short circuit study. Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.19. Contractor shall perform review of Main Power Transformer Specifications through its subconsultant, Mr. Pierre Feghali, P.E.

1.2.20. Contractor shall support the TPP 23/24 Study including: Contractor completed these Services prior to the effective date of Amendment No. 2.

1.2.20.1 Load Flow Analysis

1.2.20.2 Report Preparation

1.2.20.3 Weekly Meetings

1.2.21. Contractor shall support the System Expansion Plan for TPP 24/25 Study including:

1.2.21.1 Load Flow Analysis

1.2.21.2 Report Preparation

1.2.21.3 Weekly Meetings

1.2.22 Contractor shall draft Department of Energy (DOE) application for Smart Wires Project / Owner's Engineer and provide application support.

1.2.23 Contractor shall provide Geomagnetic Disturbance (GMD) Study support to PowerWorld. This includes interface with SVP Engineering personnel and PowerWorld technical staff throughout the duration of the GMD Study.

1.2.24 Contractor shall provide spatial analysis for load growth projections and EV/electrification impacts to load growth scenarios.

1.2.25 Contractor shall provide miscellaneous engineering services. This

incorporates study requests from SVP Engineering staff including development of a 2023 SVP Transmission Expansion Plan (STEP) Study which contains power flow analysis for evaluation of Alternating Current (AC) thermal and voltage levels with consideration of various load ramps and sensitivity cases.

1.2.31 Contractor shall provide Current Distribution Electromagnetic Fields Grounding and Soil Structure Analysis CDEGS & Ampacity analysis, thermal and electrical resistivity reports for the City Park ground study.

1.3. Deliverables are to be complete by the end of the contract term.

1.4. While performing services, Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

2. At the conclusion of the project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format.

3. E-BUILDER

3.1. When required by City, Contractor shall use utilize e-Builder for submission of data and documents throughout the term of this agreement.

3.2. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

3.3. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor in the future.

3.4. Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1-2 hours.

3.5. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with the usage of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure

connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will the usage of e-Builder be grounds for a time extension or cost adjustment to the Agreement.

3.6. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

3.7. Contractor is responsible for managing, tracking, and documenting the Services to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute a validation of the Contractor's submitted information.

3.8. At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

3.9. While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder website and shall be responsible for the validity of the information placed in e-Builder. The Contractor shall utilize the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

3.9.1. Correspondence

3.9.2. Meeting minutes

3.9.3. Product data, reports, certifications, etc. must be submitted in PDF. (If a sample can be scanned, it is requested that a scanned PDF copy be submitted with the sample.

3.9.4. Requests for Information (RFI's)

3.9.5. Submittals and shop drawings

3.9.6. Change order requests and documentation, including record copies of change orders, proposals, and modifications.

3.9.7. Pay applications

3.9.8. "Official" correspondence (such as letters) including informal correspondence, such as email.

3.9.9. Pre-Task Plans (PTPs)

3.9.10. Daily construction reports and other daily reports including Contractor Quality Control (CQC) Reports

3.9.11. All official reports, such as commissioning reports

3.9.12. Notices and claims

3.9.13. Operations and maintenance manuals

3.9.14. All close-out documents, and

3.9.15. All testing results

3.10. Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on the e-Builder for the duration of the Project. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

3.11. Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to utilize the new project management tool selected by the City.

4. SVP Responsibilities: To assist Contractor in performing the Services, SVP shall provide the following:

4.1. Copies of all relevant existing standards, design guidelines, system planning guidelines, specifications and drawings required,

4.2. Full access to any and all existing plans and records relevant to the performance of the contract.

4.3. Access to the ESRI GIS database that includes electric infrastructure, land use, AMI system configuration, and related information.

4.4. Available distribution system data for analysis such as distribution feeder reads, transmission line reads, and substation banks loading during the past peak load periods.

4.5. Complete transmission system database in GE PSLF, DEW, and Aspen.

4.6. Available system inspection and maintenance information.

4.7. Past system evaluations and annual system reports.

4.8. System load forecast and Capital Improvement Plans.

4.9. Latest Integrated Resource Plan.

4.10. Operating system data as available from SCADA (There presently is no SCADA data available on the distribution system beyond the substation boundary walls).

4.11. Incremental generation and purchased power costs.

4.12. Current electric rates and Rules and Regulations

AMENDMENT NO. 2
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND ELECTRICAL CONSULTANTS, INC.
EXHIBIT B – COMPENSATION AND SCHEDULE OF FEES
AMENDED SEPTEMBER 1, 2023

1. Compensation and Cost Estimates:

   1.1. This is a time and materials contract with a total not-to-exceed amount specified in Section 6 of the Agreement. The maximum compensation specified in Section 6 includes all services provided under this Agreement as Amended including those services provided in advance of this Amendment.

   1.2. Cost Estimates: Detail tasks and cost are found in Exhibit B-1 COST ESTIMATE BY ACTIVITY.

      1.2.1. In the event that Contractor is requested to perform additional work not included in the scope of this Agreement or if a task exceeds the Budget outlined in Exhibit B-1, Contractor shall submit a proposal for such additional work or request for additional funds.

      1.2.2. If remaining contingency funds are available in the Agreement to complete the project quoted, Contractor may perform such additional work upon written City may issue a purchase order or change to purchase order to authorize such work.

      1.2.3. If insufficient contingency funds are available to complete proposed work, an Amendment to this Agreement shall be executed in advance of starting work. No products or services that will commit or authorize funds in excess of the contingency funds outlined in will be provided unless both Parties execute an Amendment to this Agreement.

   1.3. Subject to written approval of the City, Contractor may transition costs between categories within each cost estimate but only to the extent that these transitions leave sufficient funding to complete the project identified in each Task.

2. Rates

   2.1. Rates. Contractor shall invoice all Services at the rates listed in Exhibit B-2 attached and incorporated by reference .

   2.2. Services performed prior to this Amendment shall be invoiced at the rates in place at the time of the service.

3. Reimbursable Expenses. Contractor may pass through costs set forth in Exhibit B-3. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing

the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance by City, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred.

Reimbursable Expense Schedule	Mark Up
The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
Charges for outside services (including subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	Not to exceed 10%
Other reimbursable expenses with prior written approval from the City	No Markup
Allowable mileage will be charged at the prevailing IRS rate per mile.	No Markup
Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related per diem shall not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup

4. Invoicing and Payments

4.1. Contractor will invoice City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City.

4.2. All monthly invoices shall include:

4.2.1. PO number;

4.2.2. Itemization of the authorized expenses incurred, if any, with a detail listing the cost and source of such expenses and when they were incurred in a formal that will permit City to verify rates are the same as those authorized in the Agreement; and

4.2.3. Amount paid to date and amount remaining in the Agreement and Purchase Order.

4.3. Recalculation. The City may recalculate and pay invoices based on the rates established in this Agreement.

4.4. Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

4.5. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all Certified Payroll (where required), City shall process the invoice for payment within 30 days.

EXHIBIT B-1 TASKS ASSOCIATED NOT-TO-EXCEED AMOUNT

ECI COST ESTIMATE FOR SYSTEM EXPANSION PLAN ADDITIONAL TASKS

Tasks			Subconsultants		Mark Ups	ODCs	Original	Amendment 2	New Total
Task #	STATUS AT TIME OF AMENDMENT NO. 2 Percent Complete	TASK DESCRIPTION	VPF Transformer Consulting	Power World Corporation	(10%) Sub Mark Up	Other Direct Costs			Total Fee
1.2.1	100%	Provide a detailed 3-year development plan of SVP's electric system expansion					$ 173,683		$ 173,683
1.2.2	10%	Provide the basis for updating the Load Development Fee					$ 17,893		$ 17,893
1.2.3	50%	Provide a high level 20-year development plan of SVP's electric system expansion					$ 121,773		$ 121,773
1.2.4	100%	Determine the ultimate need, capacity, configuration, and method of service, for proposed new substations					$ 28,839		$ 28,839
1.2.5	100%	Assess SVP's submission to the CAISO's Transmission Planning Process (TPP)					$ 25,405		$ 25,405
1.2.6	100%	Assess SVP's CEC load forecast submittals					$ 17,029		$ 17,029
1.2.7	100%	Assess the impact of increased future distributed generation and load					$ 30,965		$ 30,965
1.2.8	100%	Assess the condition of the electric system and recommend maintenance and capital replacements					$ 26,981		$ 26,981
1.2.9	100%	Review current system, substation, and feeder load projections for reasonableness					$ 18,385		$ 18,385
1.2.10	100%	Assess system reliability and provide cost/benefit analysis					$ 18,413		$ 18,413
1.2.11	15%	Assess system losses and provide cost/benefit analysis					$ 11,581		$ 11,581
1.2.12	100%	Assess the future reactive power requirements/need for power factor improvement					$ 17,309		$ 17,309
1.2.13	50%	A report on each of the standards and guidelines listed and include an assessment of their adequacy					$ 79,439		$ 79,439
1.2.14	30%	Identify the opportunities to utilize the enabling technology resulting from SVP's AMI deployment					$ 28,217		$ 28,217
1.2.15	10%	Assess the current emergency response plans, system restoration capabilities, energy control center					$ 59,613		$ 59,613
1.2.16	100%	Review current engineering, operations and electric system key performance indicators					$ 22,053		$ 22,053
1.2.17	0%	Assess the adequacy of existing vegetation management programs and standards					$ 12,509		$ 12,509
1.2.18	100%	Associated Engineering Services					$ 95,913		$ 95,913
TASK 019		**Transformer Specification Review**							
1.2.19	50%	NRS/KRS/SRS Transformer Specification Review by SubConsultant; Mr. Pierre Feghali, PE	$ 28,000		$ 2,800			$ 30,800	$ 30,800
TASK 020		**TPP 23/24 Study**							
1.2.20.1	100%	Load Flow analysis						$ 64,575	
1.2.20.2	100%	Report Preparation						$ 23,260	
1.2.20.3	100%	Weekly Meetings						$ 22,170	
									$ 110,005
TASK 021		**TPP 24/25 Study**							
1.2.21.1	50%	Load Flow analysis						$ 64,575	
1.2.21.2	0%	Report Preparation						$ 23,260	
1.2.21.3	50%	Weekly Meetings						$ 22,170	
									$ 110,005
TASK 022		**DOE Smart Wires**							
1.2.22	30%	Technical and PM Support for DOE Application and subsequent follow up						$ 39,996	$ 39,996
TASK 023		**GMD PowerWorld Support**							
1.2.23	0%	Evaluate Potential Impact of Geomagnetic Disturbances on SVP Power System		$ 28,000	$ 2,800			$ 30,800	
1.2.23	0%	Modeling support to PowerWorld Corporation						$ 42,012	
									$ 72,812
TASK 024		**Load Growth Scenarios**							
1.2.24	0%	Load Flow analysis for various load growth sensitivities						$ 139,988	$ 139,988
TASK 025		**2023 Miscellaneous Engineering Services**							
1.2.25	0%	Engineering Support for remaining Studies task items						$ 118,821	$ 118,821
1.2.25		Contingency						$ 125	$ 125
TASK SVP-031		**City Place Grounding Study**							
1.2.31	75%	CDEGS & Ampacity analysis, Thermal and Electrical Resistivity Reports					$ 44,000	$ 27,448	$ 71,448
Total							$ 850,000	$ 650,000	1,500,000

Ebix Insurance No. S200001751

AMENDMENT NO. 3
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 3") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc. a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties".

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services by and Between the City of Santa Clara, California, and Electrical Consultants, Inc." dated October 21, 2020 (Agreement) for the purpose of having Contractor provide review, inspection, and analysis necessary to prepare for a System Expansion Plan of the City's electric system; and

B. The Agreement was previously amended by Amendment No. 1, dated December 16, 2021, and Amendment No. 2, dated October 12, 2023. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to 3 to amend the Scope of Services, include a work authorization process, and update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement as Amended, entitled "Agreement Documents" is amended to read as follows:

   "The documents forming the entire Agreement as Amended between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement as Amended by this reference:

   Exhibit A – Scope of Services

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

Exhibit B – Compensation and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Digital Data Protocol

Exhibit E - Labor Compliance

Exhibit F – Sample Work Authorization Form

This Agreement as Amended, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Section 6 of the Agreement as Amended, entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of services, City shall pay Contractor for all materials provided and services rendered by Contractor in accordance with Exhibit B. The Maximum Compensation of this Agreement is three million dollars ($3,000,000), subject to budget appropriations, which includes all payments for the services and expenses, supplies, materials and equipment required to perform the services. All services performed or materials provided in excess of the Maximum Compensation shall be at Contractor's expense. City does not guarantee any minimum compensation under this Agreement. Contractor shall not be entitled to any payment above the Maximum Compensation under any circumstance."

3. Exhibit A to the Agreement as Amended is hereby deleted and replaced with the attached Exhibit A – Scope of Services – Amended March 15, 2025, which is hereby attached and incorporated into the Agreement as Amended.

4. Exhibit B to the Agreement as Amended is hereby deleted and replaced with the attached Exhibit B – Compensation and Payment Provisions – Amended March 15, 2025, which is hereby attached and incorporated into the Agreement as Amended.

5. Exhibit F, entitled Sample Work Authorization Form, is added to the Agreement, which is attached hereto and incorporated into the Agreement as Amended.

6. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 3, the provisions of this Amendment No. 3 shall control.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

The effective date of this Amendment No. 3 is the date of City's execution of this amendment.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 3 as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT A
SCOPE OF SERVICES -
AMENDED MARCH 15, 2025

The services ("Services") to be performed for the City by the Contractor under this Agreement are set forth below.

SECTION 1. SERVICES TO BE PERFORMED / INITIAL TASKS

1.1. Contractor shall perform all the review, inspection, and analysis necessary to prepare a System Expansion Plan for Silicon Valley Power's (SVP) electric system. The plan shall provide an assessment of the current electric system and a complete plan for its future development.

1.2. The System Expansion Plan shall include the following items:

1.2.1. Contractor shall provide a detailed 3-year development plan of SVP's electric system expansion to meet the significant new load being connected to SVP's system. The focus will be on building multiple capital improvement projects in parallel to meet the 3-year short term capacity need while maintaining electric system reliability. Working with SVP, Contractor will prioritize the projects and provide a strategy, schedule, and estimated cost for their completion. All projects in the detailed 3-year plan are to include preliminary engineering (30% plans - constructability reviewed and sequencing with remaining projects) and specify any permitting requirements, land requirements, and construction scope. Contractor will provide guidance on establishing proper maintenance of proposed new assets and technology. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.2. Constructor shall provide the basis for updating the Load Development Fee per the final System Expansion Plan. The Load Development Fee is established to recover costs incurred by the City in modifying its electrical infrastructure to support load growth spurred by new development. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.3. Working with SVP, Contractor will recommend the ultimate need, capacity, configuration, and method of service, for proposed new substations and the future disposition of each existing substation considering the current property size, age and condition of the equipment, estimated remaining life, and number of feeders. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.4. Contractor shall assess SVP's submission to the California Independent System Operator's (CAISO)Transmission Planning Process (TPP) to

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

ensure that PG&E Bulk Electric System (BES) projects have been identified and are on schedule to meet SVP's load growth. In addition, Contractor shall assess SVP's Transmission Planning process to meet CAISO, Western Electricity Coordinating Council (WECC), and TPL-001-5. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.5. Contractor shall assess SVP's CEC load forecast submittals used to generate the biennial Integrated Energy Policy Report (IEPR). **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.6. Contractor shall assess the impact of increased future distributed generation and load (i.e. solar, battery storage, electric vehicles) and provide recommendations regarding the most optimal integration with the distribution system and possible use of distributed generation by SVP to improve system efficiency and reliability. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.7. Contractor shall assess the condition of the existing electric system and recommend maintenance and capital replacements as required. The assessment should also consider the future impact of aging infrastructure. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.8. Contractor shall review current system, substation, and feeder load projections for reasonableness and use the results to determine the ultimate system, substation, and feeder plan. Contractor shall assess the potential problems if actual loads differ significantly from projected loads. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.9. Contractor shall assess system reliability and provide cost/benefit analysis and estimated levels of improvement for recommendations on ways to maintain or improve it. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.10. Contractor shall assess system losses and provide cost/benefit analysis for recommendations on ways to reduce system losses. **(As of the Effective Date of this Amendment No. 3, Incomplete)**.

1.2.11. Contractor shall assess the future reactive power requirements/need for power factor improvement to the electric substation, distribution, 230kV/115kV/60 kV transmission systems and include a benefit/cost analysis of feeder capacitors versus substation capacitors. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.12. Contractor shall prepare a report on each of the standards and guidelines listed below. The report shall (1) include an assessment of the adequacy of the standards and guidelines, (2) note any deficiencies, (3) recommend changes that can be immediately incorporated into

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

guidelines and standards, and (4) if deemed necessary, include a recommended plan to bring each guideline or standard up to relevant industry standards and current practices, including mitigation of arc-flash hazards. Additionally, Contractor shall address the absence of any standards and guidelines that a utility the size of SVP should have and provide recommendations made on how to best produce those standards and guidelines. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.12.1. Existing system planning criteria, including conductor and equipment rating, loading, short circuit studies, capacity determination for substations, transmission lines, distribution lines, and service facilities.

1.2.12.2. Engineering design guidelines for substations, transmission lines, distribution lines, and service facilities.

1.2.12.3. Conductor and equipment loading capacities (under both normal full load and Emergency conditions) for substations, transmission lines, distribution lines and service facilities.

1.2.12.4. Material and equipment standards and specifications.

1.2.12.5. Economic evaluation criteria and methods for determination of return on investment.

1.2.13. Contractor shall identify the opportunities to utilize the enabling technology resulting from SVP's Advanced Metering Infrastructure (AMI) and Smart Grid deployment and recommend the most effective methods to utilize and capture value from the proposed Smart Grid initiatives over the next five and twenty-year planning periods. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.14. Contractor shall assess and make recommendations for improvements to SVP’s current emergency response plans, system restoration capabilities, energy control center and back-up control center facilities, emergency material stockpiling, and feeder back-up capacity. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.15. Contractor shall review current engineering, operations and electric system Key Performance Indicators (KPIs) in use and make recommendations regarding the adequacy and validity of the KPI’s. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.16. Contractor shall assess the adequacy of existing vegetation management programs and standards and make recommendations for improvements. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

1.2.17. Contractor shall perform associated engineering Services which includes miscellaneous general consulting engineering tasks completed in 2021 and 2022. Some of these specific tasks include CAISO application support for BESS integration as well as KRS / SRS short circuit study. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.18. Contractor shall perform review of Main Power Transformer Specifications. This is to be completed by a subconsultant. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.19. Contractor shall support the TPP 23/24 Study including: **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.19.1 Load Flow Analysis

1.2.19.2 Report Preparation

1.2.19.3 Weekly Meetings

1.2.20. Contractor shall support the System Expansion Plan for TPP 24/25 Study including: **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.20.1 Load Flow Analysis

1.2.20.2 Report Preparation

1.2.20.3 Weekly Meetings

1.2.21. Contractor shall provide Department of Energy (DOE) application for Smart Wires Project / Owner's Engineer and application support. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.22. Contractor shall provide Geomagnetic Disturbance (GMD) Study support to PowerWorld. This includes interface with SVP Engineering personnel and PowerWorld technical staff throughout the duration of the GMD Study. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.23. Contractor shall provide spatial analysis for load growth projections and EV/electrification impacts to load growth scenarios. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.24. Contractor shall provide miscellaneous engineering Services. This incorporates study requests from SVP Engineering staff including development of a 2023 SVP Transmission Expansion Plan (STEP) Study which contains power flow analysis for evaluation of Alternating Current (AC) thermal and voltage levels with consideration of various load ramps and sensitivity cases. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.2.25. 2nd SSS/NRS studies/BES TPP Dynamic Device Analysis/Cost

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

Estimates/Contingency/Sensitivities. **(As of the Effective Date of this Amendment No. 3, Complete)**

1.2.26 Contractor shall provide Current Distribution Electromagnetic Fields Grounding and Soil Structure Analysis CDEGS & Ampacity analysis, thermal and electrical resistivity reports for the City Park ground study. **(As of the Effective Date of this Amendment No. 3, Incomplete)**

1.3. While performing Services, Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

1.4. At the conclusion of the project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format.

SECTION 2. INCOMPLETE OR ADDITIONAL TASKS

2.1 Incomplete Services. As of the Effective Date of this Amendment No. 3, the Parties agree that Contractor has completed the tasks specified above as ("Complete"). If services have not been completed as set forth in Section 1 above , any continuation of those Services shall be authorized in substantially the same manner as Additional Services.

2.2 In the event that Contractor is requested by the City to perform additional services ("Additional Services"), Contractor shall submit a quote or proposal (Proposal) based on either hourly rates or at a fixed price. Contractor shall include the following in their proposal:

2.2.1 Detail of the Additional Services to be provided including work plan that includes a detailed description by task of the specific Additional Services to be performed.

2.2.2 A project timeline/schedule and activities with discussion of any activities that may impact the project timeline/schedule.

2.2.3 The names, titles, and assignments of each of Contractor's professional employees who will be principally responsible for performing the Services.

2.2.4 Where applicable, the names of any subconsultants or subcontractors that Contractor proposes to use and the portion of services that the subconsultant or subcontractor will perform. Where required, Contractor will provide subcontractor Department of Industrial Relations (DIR) number.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

2.2.5 Any required drawings or documents.

2.2.6 A list of City responsibilities.

2.2.7 Where applicable, a final acceptance criteria.

2.2.8 Itemized cost including the following:

2.2.8.1 Hours and hourly rates by position as listed in Exhibit B. Indicate labor subject to prevailing wage requirements.

2.2.8.2 Subconsultant or Subcontractor scope of services or quote including hours and hourly rates. Indicate labor subject to prevailing wage requirements.

2.2.8.3 Parts and materials

2.2.8.4 Rental and/or specialty equipment

2.2.8.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B

2.2.8.6 Any additional costs such as, but not limited to freight, permits, and fees

2.2.8.7 Breakdown of materials and labor sufficient to calculate all required taxes

2.2.8.8 Estimated total cost including any required taxes

2.2.8.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for the City to determine that rates are in accordance with the Agreement.

2.2.8.10 Any costs such as for additional equipment, parts, services, or other expenses required for completion of services as detailed in the CFP and in Contractor's Proposal but not reflected in the Contractor's cost Proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

2.2.9 Provided that the original cost Proposal includes all applicable items listed in Section 2.2.8, the City and Contractor may negotiate whether the cost for the Work Authorization or Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

2.2.10 If a fixed fee or lump sum is authorized by the City, Contractor must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

2.2.10.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

2.2.10.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

2.2.10.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

2.2.11 Contractor must submit a revised Proposal to the City based upon such negotiations.

2.3 Authorization of Work:

2.3.1 If the City desires to proceed with such Additional Services and the cost of the Additional Services (when combined with the Services provided before this Amendment No. 3 and any previously authorized Additional Services) does not exceed the maximum compensation in Section 6 of the Agreement, the City shall approve such Additional Services as set forth in this Section.

2.3.2 For Proposals with a total cost exceeding $50,000, City will provide approval by executing a Work Authorization in substantially the same format as Exhibit F ("Work Authorization") and issuing a Purchase Order. Each Work Authorization shall describe the Additional Services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the Additional Services and deliverables, and the maximum compensation for the Work Authorization.

2.3.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Work Authorization.

2.3.4 For Proposals with a total cost less than $50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve in lieu of the Work Authorization. If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, the Purchase Order will bind the Contractor.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

2.4 Changes to Work Authorization:

2.4.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Work Authorization or Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional services.

2.4.2 If the change to the Work Authorization or Purchase Order is approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 2.3.2) and/or Purchase Order (as applicable) to authorize such additional services.

2.4.3 If Contractor requires changes to a fixed price Work Authorization or Purchase Order, Contractor shall only be permitted to request changes with justification such as additional scope requested by City or unanticipated field conditions. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope. For a change request that is required because the City has requested additional work that is within the scope of a Work Authorization or Purchase Order but was not included in the Proposal when the Work Authorization or Purchase Order was issued, the written justification shall include the specific change in scope of work that has been requested by the City including the changed work schedule and associated costs.

2.4.3.1 If the City requires additional work after the applicable Work Authorization or Purchase Order has been issued, the Contractor shall, at City's request, provide an updated Proposal including a revised work schedule and associated costs with the same details as Section 2.2. If approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 2.3.2) or Purchase Order (as applicable) to authorize such additional services.

2.4.3.2 Contractor shall only be entitled to submit a change request for unanticipated site conditions to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Work Authorization or Purchase Order.

2.4.3.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

in staff, or other changes that are not directly related to changes requested by City.

2.4.4 Contractor shall, at City's request, provide an updated Proposal including a revised work schedule and associated costs with the same details as Section 2.2.

2.5 Immediate Need / Interim Work Orders

2.5.1 The City may authorize interim work orders in accordance with this Section, in the following circumstances:

2.5.1.1 Issues are identified during the performance of a Work Authorization or Purchase Order that can be most efficiently and economically resolved while on site; provided those services are related to those contained in the approved Work Authorization or Purchase Order.

2.5.1.2 In the event work is required to maintain a critical SVP function or project schedule.

2.5.2 Interim work orders do not need to be in writing and may only be authorized by the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Verbal authorizations will be confirmed by the City in writing within three (3) business days or such additional time as City may require.

2.5.3 Within five (5) business days of receipt of written authorization for the interim work order, Contractor shall provide an updated Proposal to City. The Proposal shall be detailed in accordance with this Section 2 and shall also include all services required including those services already completed or initiated.

2.5.4 If the City approves the Proposal, the City will issue a Work Authorization and/or a Purchase Order as soon as reasonably practicable.

2.6 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization.

2.7 A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, Work Authorization, or Purchase Order even if the Proposal, Work Authorization, or Purchase Order expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal, Work Authorization, or Purchase Order are invalid and unenforceable. The order of precedence is as follows: (1) Agreement

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

and any exhibits or amendments thereto, (2) Work Authorization, (3) Purchase Order, and (4) Proposal.

2.8 Each Work Authorization and Purchase Order including those authorizations issued pursuant to Section 2.5 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Additional Services contained therein shall be included within the Services.

2.9 The City (through the individuals listed in Section 2.6 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

2.10 Proposals, pricing, quotes and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.

2.11 Except where the circumstances in Section 2.5 apply, Contractor shall not initiate the Additional Services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such Additional Services, when applicable, (2) issued a Purchase Order, and (3) directed Contractor to perform the Additional Services.

SECTION 3. E-BUILDER

3.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

3.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor’s personnel at City’s cost. The Contractor’s designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

3.3 E-builder Training. Contractor is required to obtain all necessary training to use the e-builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

3.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder’s response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

will not be liable for any delays associated with Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Contractor's use of e-Builder be grounds for a time extension or cost adjustment to a Work Authorization.

3.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Work Authorization and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

3.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

3.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Work Authorizations where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with a Work Authorization, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

3.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

3.9 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

SECTION 4. SVP RESPONSIBILITIES

3.1 To assist Contractor in performing the Services, SVP shall provide:

4.1.1 Copies of all relevant existing standards, design guidelines, system planning guidelines, specifications and drawings required

4.1.2 Full access to any and all existing plans and records relevant to the performance of the contract

4.1.3 Access to the ESRI GIS database that includes electric infrastructure, land use, AMI system configuration, and related information

4.1.4 Available distribution system data for analysis such as distribution feeder reads, transmission line reads, and substation banks loading during the past peak load periods

4.1.5 Complete transmission system database in GE PSLF, DEW, and Aspen

4.1.6 Available system inspection and maintenance information

4.1.7 Past system evaluations and annual system reports

4.1.8 System load forecast and Capital Improvement Plans

4.1.9 Latest Integrated Resource Plan

4.1.10 Operating system data as available from SCADA (There presently is no SCADA data available on the distribution system beyond the substation boundary walls)

4.1.11 Incremental generation and purchased power costs

4.1.12 Current electric rates and Rules and Regulations

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

EXHIBIT B
FEE SCHEDULE AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement and includes all Services provided under this Agreement including those Services provided in advance of this Amendment.

1.2 Cost Estimates: Detailed tasks and costs are found in Appendix B-1 Cost Estimate by Activity

1.3 Subject to written approval of the City, Contractor may transition costs between categories within each cost estimate but only to the extent that these transitions leave sufficient funding to complete the project identified in each task.

1.4 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B2 (RATES) attached and incorporated by reference.

2.2 Rates listed in Appendix B2 are fully burdened.

2.3 Rate Changes.

2.3.1 Rate Increase. After the first two years of the Agreement, Rate increases may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing Services for which rates are applicable.

2.3.3 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes or Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses, as set forth in Appendix B-2, related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 2 of Exhibit B and

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 2 of Exhibit B, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	Not to exceed 10%
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify (a) that the charges are in accordance with the Work Authorization, (b) that rates listed in Appendix B2 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization and based on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s), as specified in the Work Authorization and subject to the following:

3.2.1 Invoices must include the following information:

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

3.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit E and are subject to verification by the City.

3.6 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice will be returned to Contractor to correct and resubmit before payment can be processed.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

3.8 Confidential. Invoices are not confidential even if marked as confidential when submitted.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

APPENDIX B2 TO EXHIBIT B
RATES - AMENDED MARCH 15, 2025

1. RATES

1.1. Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 2 of Exhibit B. The rates applicable for the Services are listed below in Table B1 (Labor Rates) and Table B-2 (Pass Through Costs).

TABLE B-1 HOURLY RATES

Category/Position	**Hourly Rates** Sept. 1, 2021 through March 31, 2023	**Hourly Rates** April 1, 2023 through April 30, 2024	**Hourly Rates** Effective May 1, 2024 through December 31, 2024	**Hourly Rates** Effective January 1, 2025
Engineering/Management				
Senior Project Manager II	$251	$248	$256	$277
Senior Project Manager I	$208	$210	$221	$246

EXHIBIT F

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and Electrical Consultants, Inc. ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control. **This Work Authorization is not valid until accompanied by a Purchase Order authorized by the City.**

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the Additional Service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 2 of Exhibit B.

Docusign Envelope ID: 8B2EB34C-F58F-43F2-8A9C-D76169B276A3

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:
☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file.

*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

AMENDMENT NO. 4
TO THE AGREEMENT FOR SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This agreement ("Amendment No. 4") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc. a Montana corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services by and Between the City of Santa Clara, California and Electric Consultants, Inc." dated October 21, 2020 (Agreement) for the purpose of having Contractor provide review, inspection, and analysis necessary to prepare for a System Expansion Plan of the City's electric system; and

B. The Agreement was previously amended by Amendment No. 1, dated December 16, 2021, Amendment No. 2, dated October 12, 2023, Amendment No. 3 dated June 25, 2025, and is again amended by this Amendment No. 4. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to end the term.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 2 of the Agreement as Amended is amended to read as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on October 1, 2020, and terminate on December 31, 2027."

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 4, the provisions of this Amendment No. 4 shall control.

Docusign Envelope ID: D8AAE595-6BC9-4065-A2FF-0ECFEC1EE62E

The effective date of this Amendment No. 4 is the date of City's execution of this amendment.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 4 as evidenced by the following signatures of their duly authorized representatives.

AMENDMENT NO. 5
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This fifth amendment to agreement ("Amendment No. 5") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc., a Montana corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and Electrical Consultants, Inc.", dated October 21, 2020, (Agreement) for the purpose of having Contractor provide review, inspection, and analysis necessary to prepare for a System Expansion Plan of the City's electric system; and

B. The Agreement was previously amended by Amendment No. 1, dated December 16, 2021, Amendment No. 2, dated October 12, 2023, Amendment No. 3, dated June 25, 2025, Amendment No. 4, dated January 22, 2026, and is again amended by this Amendment No. 5. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Exhibit B of the Agreement as Amended is hereby deleted in its entirety and replaced with the attached "Fourth Revised – Fee Schedule and Payment Provisions," which is hereby incorporated into this Agreement as Amended.

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 5, the provisions of this Amendment No. 5 shall control.

FOURTH REVISED - EXHIBIT B
FEE SCHEDULE AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement and includes all Services provided under this Agreement including those Services provided in advance of this Amendment.

1.2 Cost Estimates: Detailed tasks and costs are found in Appendix B-1 Cost Estimate by Activity

1.3 Subject to written approval of the City, Contractor may transition costs between categories within each cost estimate but only to the extent that these transitions leave sufficient funding to complete the project identified in each task.

1.4 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B2 (RATES) attached and incorporated by reference.

2.2 Rates listed in Appendix B2 are fully burdened.

2.3 Rate Changes.

2.3.1 Rate Increase. After the first two years of the Agreement, Rate increases may be negotiated no more than once annually by the lesser of 5% or a percentage amount not to exceed the percent change of the preceding 12 month period in the Consumer Price Index for all Urban Customers, selected items, not seasonally adjusted as published by the U.S. Bureau of Labor Statistics at https://www.bls.gov/cpi or successor site. In no event shall such increase exceed 5% annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing Services for which rates are applicable.

2.3.3 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes

Docusign Envelope ID: A385FDF7-BFEE-86E2-82CD-68D97DF15CC6

or Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses, as set forth in Appendix B-2, related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 2 of Exhibit B and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 2 of Exhibit B, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	Not to exceed 10%
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for

Docusign Envelope ID: A385FDF7-BFEE-86E2-82CD-68D97DF15CC6

Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify (a) that the charges are in accordance with the Work Authorization, (b) that rates listed in Appendix B2 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization and based on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s), as specified in the Work Authorization and subject to the following:

3.2.1 Invoices must include the following information:

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

3.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit E and are subject to verification by the City.

Docusign Envelope ID: A385FDF7-BFEE-86E2-82CD-68D97DF15CC6

3.6 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice will be returned to Contractor to correct and resubmit before payment can be processed.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

3.8 Confidential. Invoices are not confidential even if marked as confidential when submitted.

Docusign Envelope ID: A385FDF7-BFEE-86E2-82CD-68D97DF15CC6

THIRD REVISED - APPENDIX B2 TO EXHIBIT B
RATES

1. RATES

1.1. Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 2 of Exhibit B. The rates applicable for the Services are listed below in Table B1 (Labor Rates) and Table B-2 (Pass Through Costs).

REPORT TO COUNCIL

SUBJECT

Action on Master Agreements for Silicon Valley Power on System Capacity Expansion Planning including Delegation of Authority for Capital Project Implementation and General Engineering Support [Council Pillar: Deliver and Enhance High Quality Efficient Services and Infrastructure]

BACKGROUND

As discussed as part of Silicon Valley Power's (SVP) quarterly Council update, electrical demand in the City is expected to increase over the next decade. To meet the electrical demand from future growth requires additional support from consultants for a variety of services including:

- Creating a detailed System Expansion Plan
- Design of Transmission line and Substation installations and upgrades
- Implementation management for Capital Improvement Projects
- General engineering support for maintenance of existing assets

DISCUSSION

SVP is looking for engineering support in three (3) areas: System Expansion Planning, General Consulting, and Plan Implementation.

System Expansion Plan

SVP's electric load has increased by more than 20% over the last decade and based on executed agreements and upcoming development, SVP's current system will need major upgrades to accommodate the increase of demand over the five to ten years.

A System Expansion Plan will consist of a short term and long-term capital improvement plan to accommodate the additional electric load growth due to new development in Santa Clara (Data Centers and Residential Projects). The consultant will also review and provide the basis for updating the Load Development Fee to ensure the recovery of costs incurred by the City in modifying its electrical infrastructure to support load growth due to the new development.

General Consulting Services

Based on newly executed agreements and current developer negotiations, SVP could add seven new substations over the next five years to its electrical system. Utilities the size of SVP do not have sufficient internal staff for such a large engineering project and requires the aid of consultants to engineer plans to meet the projected electric load growth. In addition to the existing projects, the consulting services will be utilized to create detailed engineering design plans based on the System Expansion Plan's guidance.

Plan Implementation Services
With the increase in capital projects comes the need for additional implementation services workforce which will support the design, plan implementation and project management of the Transmission and Substation construction.

On December 5, 2019, staff requested Statement of Qualification (SOQ) to solicit proposals from qualified firms for consulting services associated with SVP System Expansion Plan. The SOQ was published on BidSync, the City's e-procurement system. Eleven proposals were received from the following firms:

- 1898 & Co. (Kansas City, MO)
- Advisian Worley Group (Folsom, CA)
- AECOM (Oakland, CA)
- Electrical Consultants, Inc. (Billings, MT)
- EN Engineering LLC (Warrenville, IL)
- Flynn Resource Consultants Inc. (Discovery Bay, CA)
- Leidos Engineering, LLC (Hendersonville, TN)
- Power Engineers (Anaheim, CA)
- Stantec Consulting Services Inc. (Walnut Creek, CA)
- TRC Solutions, Inc. (Mountain View, CA)
- ZGlobal, Inc. (Folsom, CA)

Evaluation Process: Proposals were evaluated and scored independently by a five-member evaluation team against the criteria and weights published in the SOQ. Follow-up oral interviews were conducted with the companies submitting the highest scoring proposals for each of the three areas.

Award Recommendation: Staff recommends award of the System Expansion Plan contract to Electrical Consultants, Inc. (ECI) as the most qualified firm per the evaluation criteria set forth in the SOQ.

Staff recommends award of General Consulting Services contracts to Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC.

Staff recommends award of Plan Implementation Services contracts to 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc.

Notice of Intended Award: Notice of Intended Award (NOIA) announcing the City's recommended vendors for each service area were issued on August 28, 2020 and August 31, 2020.

Term of Agreements: The term of the proposed System Expansion Plan Agreement will be fourteen (14) months to deliver the System Expansion Plan. The term of the General Consulting Services and Plan Implementation Services Master Agreements will be five (5) years each.

Cost Summary: Staff is requesting that the Council 1) authorize the City Manager or their designee to execute the Agreement with ECI for a total amount not to exceed $850,000 which will allow for the development of a System Expansion Plan, 2) delegate authority to the City Manager or their

designee to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement and 3) delegate authority to the City Manager or their designee to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement.

ENVIRONMENTAL REVIEW

The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378 (b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment.

FISCAL IMPACT

The total cost of the proposed agreement with Electrical Consultants, Inc. (ECI) to perform work on the System Expansion Plan shall not exceed $850,000. Funding for this agreement was included as part of the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in the New Business Estimate Work CIP project.

For general consulting services, compensation for the five Master Agreements shall not exceed $2,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- System Capacity Expansion
- New Business Estimate Work
- Operations and Planning Technology
- Clean Energy and Carbon Reduction
- Renewable Energy Microgrid

For plan implementation services, compensation for the five Master Agreements shall not exceed $3,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- Esperanca Substation
- Homestead Substation Rebuild
- Oaks Junction
- San Tomas Junction
- Laurelwood Substation
- System Capacity Expansion
- NRS Breaker 382 Addition

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years.

COORDINATION
This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION
1. Authorize the City Manager to execute the System Expansion Plan Agreement with Electrical Consultants, Inc. in an amount not to exceed $850,000;
2. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement over the five year terms of the agreements, subject to the appropriations of funds;
3. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement over the five-year terms of the agreements, subject to the appropriation of funds; and
4. Authorize the City Manager or their designee, to add or delete services consistent with the scope of the agreements, and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds.

ATTACHMENT
1. Agreement for Design Professional Services

EBIX Insurance No. S200004632

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND EN ENGINEERING, LLC

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and EN Engineering, LLC, a Delaware limited liability company, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020 and terminate on November 30, 2025.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials covered by this Agreement shall be fit for the purpose intended, and all materials and services shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the

professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is two million dollars ($2,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the

cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at mpineda@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

EN Engineering, LLC
28100 Torch Parkway
Warrenville, IL 60555
and by e-mail at mhulet@enengineering.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. LIMITATION OF CERTAIN DAMAGES

Neither party shall be liable to the other for any punitive, exemplary, special, indirect, incidental or consequential damages, whether based in contract, warranty, tort or other legal theory, including but not limited to loss of financing, bonding, revenue, use, productivity or efficiency.

CONTINUED ON PAGE 8

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

The Contractor shall perform general engineering services as requested by the City to support capital, operations, and maintenance projects including but not limited to:

- System planning for electric utility distribution and transmission systems
- Project design and preparation of plans, specifications and engineer's estimate.
- Distribution and transmission line conceptual design, feasibility, and permitting.
- Substation conceptual design, feasibility, and permitting.
- Support with substation communications, protection and control systems.
- Assist with third party plan submissions such as WECC, CAISO, and PG&E.
- Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.
- Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.
- Assess existing design standards and recommend revisions or new standards.
- Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.
- Assess existing maintenance practices or standards and recommend revisions or create new standards.
- Provide design, specification and cost estimates associated with the distribution system including street lighting.
- Provide drafting support as needed.

Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work. The invoice is to include the PO number, paid amount to date and remaining Agreement amount.

The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

When requested by the City, the Contractor and subcontractors shall utilize e-Builder, a web-based project management tool, or City's designated replacement for projects assigned under this agreement. Access to the project management tool, as well as associated training, will be provided by the City at no cost to the Contractor or its subcontractors. Contractor and subcontractors shall have the responsibility for utilizing the project management tool as necessary for the following: invoice submittal, potential change order submittals, change orders, Request for Information (RFI) submittals, correspondence, assigned tasks and other matters that transpire on the site as directed

by City. All documents (including as built drawings) shall be converted or scanned into the Portable Document Format (PDF) file and uploaded to e-Builder.

At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format as well.

The purpose of Design Professional's Services and this Agreement is to provide engineering and consulting services as described in this Scope of Work in conformance to and consistent with the professional standards of a specialist in the same discipline as Design Professional in the State of California.

EXHIBIT B
SCHEDULE OF FEES

Contractor will bill City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice.

This is a time and materials contract with a total not-to-exceed amount of $2,000,000.

All labor and expense rates shall have an annual escalation of 2% starting on December 1, 2021 and every subsequent December 1st through the duration of the Agreement.

Any work requiring overtime rates shall be expressly identified and approved in writing by the City prior to the work commencing.

ENengineering

SVP 2021 Rate Schedule

Effective January 1, 2021 to December 1, 2021

Position Description	Hourly Rate
Principal Engineer / Program Leader / Consulting Engineer	$ 235.00
Sr. Project Manager / Lead Engineer	$ 200.00
Project Manager	$ 177.00
Sr. Project Engineer / Sr. Consulting Specialist / Sr. Project Specialist	$ 174.00
Project Engineer / Consulting Specialist	$ 159.00
Sr. Design Engineer / Sr. Project Controls	$ 140.00
Project Controls / Procurement Specialist / Design Coordinator	$ 120.00
Sr. GIS Analyst / Sr. Design Specialist	$ 112.00
GIS Analyst / Design Specialist	$ 104.00
Design Engineer / Specialist	$ 96.00
Sr. CADD Technician	$ 92.00
Project Assistant	$ 89.00
Sr. Design Technician / Sr. GIS Technician	$ 79.00
Design Technician / GIS Technician	$ 73.00
CADD Technician / GIS Associate	$ 65.00
Sr. Administrative Assistant	$ 63.00

Rate Schedule Clarifications and Charges

1. The above hourly rates include salary, payroll burdens, other overheads and fee. These rates do not include state or local gross receipts, sales, use or other forms of special business or occupation taxes not generally levied by most states. Costs associated with such taxes will be charged at actual cost.

2. Above rates are valid through December 1, 2021 after which they are subject to a 2% annual adjustment. A revised rate sheet will be provided to the client in November of each year representing the new rates for the following year.

3. Overtime approved by the client company will be charged at a rate of 1.5 times the regular hourly rate for non-exempt employees (senior drafter, drafter, project assistant and administrative assistant) for time worked over 40 hours per week, weekends and holidays. Exempt employees will be charged at the hourly rate.

4. Travel time will be invoiced portal to portal at the above rates.

5. An invoice will be submitted at the end of each month based on the work completed that month. Payment for the amount invoiced is due and payable within 30 days following receipt of EN Engineering invoice. Invoices not paid within 45 days of issue will incur a 1.5% per month interest charge.

6. Use of engineering software packages including, but not limited to, CYME, PSCAD, PSLF, PSSE, ASPEN, PTI, SKM, ETAP, etc., will be charged at the above rates for the engineer plus an hourly rate for the workstation of $24.00 per hour.

7. Use of CADD packages including, but not limited to, MicroStation, AutoCAD, PLS-CADD etc., will be charged at the above rates for the operator plus an hourly rate for the equipment of $15.00 per hour.

Reimbursable Expenses

Reimbursable Expenses are in addition to compensation for basic and additional services and include those expenses incurred by EN Engineering in the interest of the project, as identified by the following clauses:

1. Automobile mileage will be reimbursed for actual miles traveled in the performance of services at a rate or as adjusted in accordance with IRS Standard Mileage Rate guidelines.

2 Reproduction services using in-house resources will be charged at the rates shown below:
   a. Plotting Charges: Color $ 1.00/S.F., B/W $0.20/S.F.
   b. Duplicating Charges:
      i. Black & White 8 ½ X 11: $ 0.10 Each; B/W 11 X 17: $0.20 Each
      ii. Color 8 ½ X 11: $ 0.40 Each; Color 11 X 17: $0.80 Each

   Duplicating and Plotting performed off-site by a third-party supplier will be charged at the indirect cost basis of actual cost plus 10%.

3 Direct costs incurred in performing the engineering services will be charged at **actual cost**. Such direct costs include but are not limited to the following:

   a. Expenses in connection with long distance communications, faxes, and cellular telephone charges associated with the

project.

b. Expenses in connection with authorized out-of-town travel shall include but not be limited to: air fares, automobile rental, lodging, meals, taxi fares, public transportation and parking.

c. Expense of postage, courier and messenger services, and handling drawings, specifications and other documents, in connection with the project.

d. Expenses of maps, records, abstract fees, permit fees, supplies etc.

e. Personal Protective Equipment (PPE) or other safety equipment that is specified as required by the company.

4. Indirect costs incurred related to the performing the engineering services will be charged at **actual cost plus 15%**. Such indirect costs shall include but not be limited to the following:

   a. Expenses for special services or supplies applicable to the project, such as outside technical consultants, outside laboratory expenses, and other identifiable costs.

   b. Expenses to provide services supplied by a subcontractor or third-party consultant such as field survey services, environmental permitting services, land and right-of-way acquisition services, construction inspection services using a third-party subcontractor, or third-party geotechnical services.

   c. Expenses for special equipment that includes, but is not limited to: computer time rental, computer software and hardware, reference materials, tools, testing equipment, cameras, video gear, etc. which has been authorized by company for rental, lease, or purchase.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to

limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

J. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

K. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

L. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

Ebix Insurance No. S200004623

AMENDMENT NO. 1
TO AN AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
EN ENGINEERING, LLC DBA ENTRUST SOLUTIONS GROUP

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and EN Engineering, LLC a Delaware Limited Liability Company doing business as ENTRUST Solutions Group, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California and EN Engineering, LLC" dated March 12, 2021, (Agreement) for the purpose of having Contractor provide general engineering services to support capital, operations, and maintenance projects and

B. Contractor is now known as EN Engineering, LLC dba ENTRUST Solutions Group and

C. The Parties now wish to amend the Agreement to update Contractor's name, extend the term, modify hold harmless and confidentiality terms, update Exhibit A and B, and add Exhibit E.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. All references in the original contract to EN Engineering, LLC shall be replaced with EN Engineering, LLC dba ENTRUST Solutions Group.

2. Section 1 of the Agreement is amended to read as follows:

   Exhibit A – Scope of Services

   Exhibit B – Compensation and Fee Schedule

   Exhibit C – Insurance Requirements

   Exhibit D – Labor Compliance Addendum

   Exhibit E – Sample Work Authorization Form

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

3. Section 2 of the Agreement is amended to read as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020, and terminate on November 30, 2026 ("Amended Term"). The Parties agree that this Agreement did not expire on the previous expiration date of November 30, 2025, and it remains valid through the new expiration date set forth in this Amendment No. 1."

4. Section 11 of the Agreement is amended to read as follows:

   a. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Contractor pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

   b. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and Work Authorizations.

c. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

d. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

the Confidential Information of the other Party for any commercial purpose.

e. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

f. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

g. Within two (2) weeks of the termination of this Agreement, Contractor will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

h. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

5. Section 14 of the Agreement is amended to read as follows:

a. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subconsultants, or agents in the performance, or non-performance, of Services under this Agreement.

b. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

c. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

6. Section 26 of the Agreement is amended to read as follows

   "Neither Party shall be liable to the other for any punitive, exemplary, special, indirect, incidental or consequential damages, whether based in contract, warranty, tort or other legal theory, including but not limited to loss of financing, bonding, revenue, use, productivity or efficiency."

7. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached First Revised Exhibit A – Scope of Services, which is hereby incorporated into the Agreement

8. Exhibit B – Schedule of Fees is hereby deleted in its entirety and replaced with the attached First Revised Exhibit B – Compensation and Fee Schedule, which is hereby incorporated into the Agreement

9. Exhibit E – Sample Work Authorization is hereby attached and incorporated by reference.

Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

(Signature on following page)

FIRST REVISED EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide engineering Contractor services to support the City of Santa Clara's Electric Utility, Silicon Valley Power ("Services").

1.2 To the extent not inconsistent with this Agreement, the City's SOQ SVP-19-005 (including subsequent updates) and Contractor's proposal response dated January 29, 2020, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ 19-20-25 or Contractor's proposal, the Agreement and this Exhibit shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Contractor will provide the following professional consulting services to the City on an as-needed basis pursuant to the Work Authorization Process described in Section 6 and as further described pursuant to individual Work Authorizations or Purchase Orders, as applicable.

2.1 System planning for electric utility distribution and transmission systems

2.2 Project design and preparation of plans, specifications and engineer's estimate.

2.3 Distribution and transmission line conceptual design, feasibility, and permitting.

2.4 Substation conceptual design, feasibility, and permitting.

2.5 Support with substation communications, protection and control systems.

2.6 Assist with third party plan submissions such as Western Electricity Coordinating Council (WECC), California Independent Systems Operator (CAISO), and Pacific Gas and Electric Company (PG&E).

2.7 Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.

2.8 Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

2.9 Assess existing design standards and recommend revisions or new standards.

2.10 Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.

2.11 Assess existing maintenance practices or standards and recommend revisions or create new standards.

2.12 Provide design, specification and cost estimates associated with the distribution system including street lighting.

2.13 Provide drafting support as needed

2.14 Contractor shall conduct all necessary meetings and interviews, minutes and interview summaries as requested, and provide copies to Silicon Valley Power (SVP).

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Contractor shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Subconsultant and subcontractor management

3.2 All reports, cost estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

3.3 The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

SECTION 4. REPORTS

4.1 Contractor shall provide regular updates regarding the cost, schedule, and status for Services performed throughout the Term.

4.2 Depending on the nature and scope of the Services, Contractor may be required to provide status updates daily, weekly, or monthly at the direction of City.

4.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

SECTION 5. COMPLETION OF SERVICES

All Services shall be completed in a timely, efficient manner so as to meet the project schedule of each Work Authorization or Purchase Order, as defined in Section 6.

SECTION 6. WORK AUTHORIZATION PROCESS

6.1 Contractor acknowledges that Contractor is one of multiple firms eligible to perform the Services pursuant to separate service agreements for general engineering services to support capital, operations and maintenance projects ("Project Agreement"). The City will award and authorize specific Services as set forth in this Section. The City does not guarantee that any specific work will be authorized under this Agreement.

6.2 Call for Proposal (CFP)

6.2.1 When Services are required, City will issue a CFP to eligible Contractors with a Project Agreement to submit a written proposal for Services ("Proposal").

6.2.2 As part of the CFP, City will provide a description of the required Services, the criteria for evaluation, the deadline for response, and any other pertinent information.

6.3 Proposal

6.3.1 If the Contractor desires to respond to a CFP, Contractor will prepare and submit a written Proposal for that CFP. A Proposal shall be in a format and contain such information as specified in the CFP which may include the following, where applicable for that CFP:

6.3.1.1 The proposed scope of work and deliverables with a work plan and detailed description by task of the services to be performed.

6.3.1.2 A project timeline/schedule with discussion of any activities that may impact the project timeline/schedule.

6.3.1.3 The names, titles, and assignments of each of Contractor's professional employees who will be principally responsible for performing the Services.

6.3.1.4 The names of any subconsultants or subcontractors that Contractor proposes to use and the portion of services that the subconsultant or subcontractor will perform. Where required, Contractor will provide subcontractor Department of Industrial Relations (DIR) number.

6.3.1.5 Any required drawings or documents.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

6.3.1.6 A list of City responsibilities

6.3.1.7 A final acceptance criteria

6.3.1.8 Itemized cost including the following:

6.3.1.8.1 Hours and hourly rates by position as listed in First Revised Exhibit B. Indicate labor subject to prevailing wage requirements.

6.3.1.8.2 Subconsultant or Subcontractor scope of services or quote including hours and hourly rates. Indicate labor subject to prevailing wage requirements.

6.3.1.8.3 Parts and materials

6.3.1.8.4 Rental and/or specialty equipment

6.3.1.8.5 Reimbursable expenses, in accordance with the limitations set forth in First Revised Exhibit B

6.3.1.8.6 Any additional costs such as, but not limited to freight, permits, and fees

6.3.1.8.7 Breakdown of materials and labor sufficient to calculate all required taxes

6.3.1.8.8 Estimated total cost including any required taxes

6.3.1.8.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for the City to determine that rates are in accordance with the Agreement.

6.3.1.8.10 Any costs such as for additional equipment, parts, services, or other expenses required for completion of services as detailed in the CFP and in Contractor's Proposal but not reflected in the Contractor's cost Proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

6.3.2 City will evaluate the Proposals according to the criteria and weights listed in the CFP.

6.3.3 At the City's discretion, the City may interview Contractors submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the CFP.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

6.3.4 City will enter into negotiations with the highest-ranked Contractor. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in First Revised Exhibit B but may negotiate the level of effort required for the Services.

6.3.5 Provided that the original cost Proposal includes all applicable items listed in Section 6.3, the City and the selected Contractor may negotiate whether the cost for the Work Authorization or Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.3.6 If a fixed fee or lump sum is authorized by the City, Contractor must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with First Revised Exhibit B and:

6.3.6.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.3.6.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.3.6.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.3.7 Contractor must submit a revised Proposal to the City based upon such negotiations.

6.4 Authorization of Work

6.4.1 Once City and the selected Contractor agree on the final pricing, scope, and specific requirements of the proposed services, and, if the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement (when combined with all previously authorized Services), the City may authorize Services as set forth in this Section.

6.4.2 For Proposals with a total cost exceeding $50,000, City will provide approval by executing a Work Authorization in substantially the same format as Exhibit E (“Work Authorization”) and issuing a Purchase Order. Each Work Authorization shall describe the services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the service and deliverables, and the maximum compensation for the Work Authorization.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

6.4.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Work Authorization.

6.4.4 For Proposals with a total cost less than $50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve in lieu of the Work Authorization. If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, the Purchase Order will bind the Contractor.

6.5 Changes to Work Authorization

6.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Work Authorization or Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional services.

6.5.2 If the change to the Work Authorization or Purchase Order is approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

6.5.3 If Contractor requires changes to a fixed price Work Authorization or Purchase Order, Contractor shall only be permitted to request changes with justification such as additional scope requested by City or unanticipated field conditions. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope. For a change request that is required because the City has requested additional work that is within the scope of a Work Authorization or Purchase Order but was not included in the Proposal when the Work Authorization or Purchase Order was issued, the written justification shall include the specific change in scope of work that has been requested by the City including the changed work schedule and associated costs.

6.5.3.1 If the City requires additional work after the applicable Work Authorization or Purchase Order has been issued, the Contractor shall, at City's request, provide an updated Proposal including the revised work schedule and associated costs with the same details as Section 6.3. If approved, the City will issue a new or amended Work Authorization (if required pursuant to

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

Section 6.4.2) or Purchase Order (as applicable) to authorize such additional services.

6.5.3.2 Contractor shall only be entitled to submit a change request for unanticipated site conditions to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Work Authorization or Purchase Order.

6.5.3.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.6 Immediate Need / Interim Work Orders

6.6.1 The City may authorize interim work orders in accordance with this Section, in the following circumstances:

6.6.1.1 Issues are identified during the performance of a Work Authorization or Purchase Order that can be most efficiently and economically resolved while on site; provided those services are related to those contained in the approved Work Authorization or Purchase Order.

6.6.1.2 In the event work is required to maintain a critical SVP function or project schedule.

6.6.2 Interim work orders do not need to be in writing and may only be authorized by the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Verbal authorizations will be confirmed by the City in writing within three (3) business days or such additional time as City may require.

6.6.3 Within 5 business days of receipt of written authorization for the interim work order, Contractor shall provide an updated Proposal to City. The Proposal shall be detailed in accordance with this Section 6 and shall also include all services required including those services already completed or initiated.

6.6.4 If the City approves the Proposal, the City will issue a Work Authorization and/or a Purchase Order as soon as reasonably practicable.

6.7 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

6.8 A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Work Authorization – even if the Proposal or Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Work Authorization are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Work Authorization, (3) Purchase Order, and (4) Proposal.

6.9 Each Work Authorization and Purchase Order including those authorizations issued pursuant to Section 6.6 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

6.10 The City (through the individuals listed in Section 6.7 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

6.11 Proposals, pricing, quotes, and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.

6.12 Except where the circumstances in Section 6.6 apply, Contractor shall not initiate Services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such services where applicable, (2) issued a Purchase Order, and (3) directed the Contractor to perform services.

SECTION 7. CONTRACTOR PERSONNEL

7.1 Project Manager

7.1.1 Contractor must designate one (1) Project Manager to communicate with the City during performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback.

7.1.2 A separate project manager may be designated for specific Work Authorizations or Purchase Orders but the Project Manager defined in Section 7.1.1 will have ultimate responsibility for communications.

7.1.3 The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

7.2 Staffing

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

7.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

7.2.2 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

7.2.3 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

7.3 Employee Training

7.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants or subcontractors) appropriate to the duties and responsibilities of each employee.

7.3.2 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

7.3.3 At the City's request, Contractor shall submit copies of training records for its employees.

SECTION 8. E-BUILDER

8.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

8.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

8.3 E-Builder Training. Contractor is required to obtain all necessary training to use the e-Builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

8.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. City will not be liable for any delays associated with the Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. Contractor shall ensure connectivity to the e-Builder system whether at a home office, City site or job site. Under no circumstances will the use of e-Builder be grounds for a time extension or cost adjustment to a Work Authorization or Purchase Order.

8.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Work Authorization or Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-Builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

8.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

8.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of the Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

8.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

8.9 Should the City replace eBuilder with a different project management tool, Contractor, subconsultants, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

FIRST REVISED EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Except for those Services authorized at fixed price pursuant to Section 6 of First Revised Exhibit A, Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B1 (RATES) attached and incorporated by reference.

2.2 Rates listed in First Revised Appendix B1 are fully burdened and will remain fixed for the first two (2) years of the Agreement.

2.3 Rate Changes

2.3.1 Rate Increase. Rates shall have an annual escalation of 2% starting on December 1, 2021, and every subsequent December 1 through the duration of the Agreement.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing services for which rates are applicable.

2.3.3 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 6 of First Revised Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 6 of First Revised Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside services (including subconsultant fees, subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	Not to exceed 10%
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	SECTION 1. Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (including subconsultants / subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Work Authorization and/or Purchase Order, (b) that the rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization and/or Purchase Order and based on either (a) the percentage of Services

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s), as specified in the Work Authorization or Purchase Order and subject to the following.

3.2.1 Invoices must include the following information:

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

3.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice may be returned to Contractor to correct and resubmit before payment can be processed.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

3.8 Confidential. Invoices are not confidential even if marked as confidential when submitted.

Docusign Envelope ID: 6B3B8BE7-3FA4-4269-8B98-3C76AD5E7C4D

APPENDIX B1 TO FIRST REVISED EXHIBIT B
RATES

1. RATES

1.1. Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 6 of First Revised Exhibit A. The rates applicable for the Services are listed below in Table B1 (Labor Rates).

1.2. In cases where services are required but not listed below, Contractor shall submit rates for approval by the City in advance, in writing before performing the services. For avoidance of doubt, any changes to the rates in Table B1 must be authorized by an amendment to the Agreement in accordance with Section 2.3 of First Revised Exhibit B. Rate changes are not permitted as part of a Work Authorization process.

TABLE B1

HOURLY RATES EFFECTIVE DECEMBER 2, 2025 - DECEMBER 1, 2026	
POSITION	**HOURLY RATE**
Principal Engineer / Program Leader / Consulting Engineer	$259.46

REPORT TO COUNCIL

SUBJECT

Action on Master Agreements for Silicon Valley Power on System Capacity Expansion Planning including Delegation of Authority for Capital Project Implementation and General Engineering Support [Council Pillar: Deliver and Enhance High Quality Efficient Services and Infrastructure]

BACKGROUND

As discussed as part of Silicon Valley Power's (SVP) quarterly Council update, electrical demand in the City is expected to increase over the next decade. To meet the electrical demand from future growth requires additional support from consultants for a variety of services including:

- Creating a detailed System Expansion Plan
- Design of Transmission line and Substation installations and upgrades
- Implementation management for Capital Improvement Projects
- General engineering support for maintenance of existing assets

DISCUSSION

SVP is looking for engineering support in three (3) areas: System Expansion Planning, General Consulting, and Plan Implementation.

System Expansion Plan

SVP's electric load has increased by more than 20% over the last decade and based on executed agreements and upcoming development, SVP's current system will need major upgrades to accommodate the increase of demand over the five to ten years.

A System Expansion Plan will consist of a short term and long-term capital improvement plan to accommodate the additional electric load growth due to new development in Santa Clara (Data Centers and Residential Projects). The consultant will also review and provide the basis for updating the Load Development Fee to ensure the recovery of costs incurred by the City in modifying its electrical infrastructure to support load growth due to the new development.

General Consulting Services

Based on newly executed agreements and current developer negotiations, SVP could add seven new substations over the next five years to its electrical system. Utilities the size of SVP do not have sufficient internal staff for such a large engineering project and requires the aid of consultants to engineer plans to meet the projected electric load growth. In addition to the existing projects, the consulting services will be utilized to create detailed engineering design plans based on the System Expansion Plan's guidance.

Plan Implementation Services
With the increase in capital projects comes the need for additional implementation services workforce which will support the design, plan implementation and project management of the Transmission and Substation construction.

On December 5, 2019, staff requested Statement of Qualification (SOQ) to solicit proposals from qualified firms for consulting services associated with SVP System Expansion Plan. The SOQ was published on BidSync, the City's e-procurement system. Eleven proposals were received from the following firms:

- 1898 & Co. (Kansas City, MO)
- Advisian Worley Group (Folsom, CA)
- AECOM (Oakland, CA)
- Electrical Consultants, Inc. (Billings, MT)
- EN Engineering LLC (Warrenville, IL)
- Flynn Resource Consultants Inc. (Discovery Bay, CA)
- Leidos Engineering, LLC (Hendersonville, TN)
- Power Engineers (Anaheim, CA)
- Stantec Consulting Services Inc. (Walnut Creek, CA)
- TRC Solutions, Inc. (Mountain View, CA)
- ZGlobal, Inc. (Folsom, CA)

Evaluation Process: Proposals were evaluated and scored independently by a five-member evaluation team against the criteria and weights published in the SOQ. Follow-up oral interviews were conducted with the companies submitting the highest scoring proposals for each of the three areas.

Award Recommendation: Staff recommends award of the System Expansion Plan contract to Electrical Consultants, Inc. (ECI) as the most qualified firm per the evaluation criteria set forth in the SOQ.

Staff recommends award of General Consulting Services contracts to Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC.

Staff recommends award of Plan Implementation Services contracts to 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc.

Notice of Intended Award: Notice of Intended Award (NOIA) announcing the City's recommended vendors for each service area were issued on August 28, 2020 and August 31, 2020.

Term of Agreements: The term of the proposed System Expansion Plan Agreement will be fourteen (14) months to deliver the System Expansion Plan. The term of the General Consulting Services and Plan Implementation Services Master Agreements will be five (5) years each.

Cost Summary: Staff is requesting that the Council 1) authorize the City Manager or their designee to execute the Agreement with ECI for a total amount not to exceed $850,000 which will allow for the development of a System Expansion Plan, 2) delegate authority to the City Manager or their

designee to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement and 3) delegate authority to the City Manager or their designee to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement.

ENVIRONMENTAL REVIEW

The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378 (b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment.

FISCAL IMPACT

The total cost of the proposed agreement with Electrical Consultants, Inc. (ECI) to perform work on the System Expansion Plan shall not exceed $850,000. Funding for this agreement was included as part of the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in the New Business Estimate Work CIP project.

For general consulting services, compensation for the five Master Agreements shall not exceed $2,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- System Capacity Expansion
- New Business Estimate Work
- Operations and Planning Technology
- Clean Energy and Carbon Reduction
- Renewable Energy Microgrid

For plan implementation services, compensation for the five Master Agreements shall not exceed $3,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- Esperanca Substation
- Homestead Substation Rebuild
- Oaks Junction
- San Tomas Junction
- Laurelwood Substation
- System Capacity Expansion
- NRS Breaker 382 Addition

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to execute the System Expansion Plan Agreement with Electrical Consultants, Inc. in an amount not to exceed $850,000;
2. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement over the five year terms of the agreements, subject to the appropriations of funds;
3. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement over the five-year terms of the agreements, subject to the appropriation of funds; and
4. Authorize the City Manager or their designee, to add or delete services consistent with the scope of the agreements, and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds.

ATTACHMENT

1. Agreement for Design Professional Services

EBIX Insurance No. S200001367

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND FLYNN RESOURCE CONSULTANTS INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Flynn Resource Consultants Inc., a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020 and terminate on November 30, 2025.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the

professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is two million dollars ($2,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the

cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at SVPContracts@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Doug Boccignone, President
Flynn Resource Consultants Inc.
5440 Edgeview Drive
Discovery Bay, CA 94505
and by e-mail at dougbocc@flynnrci.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

CONTINUED ON PAGE 8

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT A
SCOPE OF SERVICES

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

1.0 The Contractor shall perform general engineering services as requested by the City to support capital, operations, and maintenance projects including but not limited to:

- 1.1 System planning for electric utility distribution and transmission systems
- 1.2 Project design and preparation of plans, specifications and engineer's estimate.
- 1.3 Distribution and transmission line conceptual design, feasibility, and permitting.
- 1.4 Substation conceptual design, feasibility, and permitting.
- 1.5 Support with substation communications, protection and control systems.
- 1.6 Assist with third party plan submissions such as WECC, CAISO, and PG&E.
- 1.7 Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.
- 1.8 Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.
- 1.9 Assess existing design standards and recommend revisions or new standards.
- 1.10 Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.
- 1.11 Assess existing maintenance practices or standards and recommend revisions or create new standards.
- 1.12 Provide design, specification and cost estimates associated with the distribution system including street lighting.
- 1.13 Provide drafting support as needed.

2.0 Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work. The invoice is to include the PO number, paid amount to date and remaining Agreement amount.

3.0 The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

4.0 When requested by the City, the Contractor and subcontractors shall utilize e-Builder, a web-based project management tool, or City's designated replacement

for projects assigned under this agreement. Access to the project management tool, as well as associated training, will be provided by the City at no cost to the Contractor or its subcontractors. Contractor and subcontractors shall have the responsibility for utilizing the project management tool as necessary for the following: invoice submittal, potential change order submittals, change orders, Request for Information (RFI) submittals, correspondence, assigned tasks and other matters that transpire on the site as directed by City. All documents (including as built drawings) shall be converted or scanned into the Portable Document Format (PDF) file and uploaded to e-Builder.

5.0 At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format as well.

EXHIBIT B
SCHEDULE OF FEES

1. This is a time and materials contract with a total not-to-exceed amount of $2,000,000.

2. Contractor shall provide services at the labor rates outlined in Table B-1

Table B-1	
Rates for Services – December 1, 2020 – November 30, 2021	
Labor Category	**Hourly Rate**
Principal	$340
Managing Consultant	$320
Senior Consultant-Power Engineer	$310
Senior Consultant	$280
Consultant	$230
Associate Consultant	$210
Analyst	$155
Support Services	$90

   Any work requiring overtime rates shall be expressly identified and approved in writing by the City prior to the work commencing.

3. Specialized Software Costs:

   For any month in which specialized modeling software is used to perform services under this agreement, the following charges shall apply.

   3.1. Power flow modeling - $310/month

   3.2. Short circuit modeling – $900/month

   3.3. OASIS Data - $1,350/month

   3.4. Market modeling - $4,465/month

4. Rate Adjustments: Rates outlined in Table B-1 of Section 3 of this Amendment may be requested by Contractor to adjust no greater than annually after January 1, 2022 subject to reasonable notice and justification to the City. City approval or denial of the adjusted rates will be provided in writing (e-mail acceptable).

5. Reimbursable Expenses

   5.1. City-requested Expenses. Outside services such as, but not limited to, outside reprographic services, materials, and equipment, will be invoiced at cost.

   5.2. Travel and Per Diem:

5.2.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA):

https://www.gsa.gov/travel-resources

5.2.2. Mileage. Personal automobile travel from portal to portal or between locations will be charged at IRS mileage rates per mile in place at the time of travel.

5.2.3. Travel Expenses. Airfare, car rental, taxi, parking, tolls, and incidental expenses will be invoices at cost, with receipts provided for any expenses over $25.00. Airfare, if required, shall be at economy class.

5.2.4. Lodging and Meals. Lodging and meals will be charged at cost, with receipts provided for any expense over $25.00.

6. Contractor will bill City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice including receipt and verification of certified payroll where required using LCP tracker or such other system as defined by the City.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to

limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement.

Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
FLYNN RESOURCE CONSULTANTS INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Flynn Resource Consultants Inc. a California Corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties".

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and Flynn Resource Consultants Inc.", dated April 7, 2021 (Agreement) to provide general engineering services as requested to the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP); and

B. The Parties now wish to amend the Agreement to amend the scope of services and update the schedule of fees and payment provisions.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled "AGREEMENT DOCUMENTS" is hereby deleted and replaced with the following:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees and Payment Provisions

   Exhibit C – Insurance Requirements

   Exhibit D – Labor Compliance Addendum (if applicable)

   Exhibit E - Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations, and understandings of the Parties, and supersedes and replaces any previous agreements, representations, and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Section 6 of the Agreement, entitled "COMPENSATION AND PAYMENT" is hereby amended and replaced with the following:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS". The maximum compensation of this Agreement is two million dollars ($2,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All Services performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

3. Exhibit A – Scope of Services is hereby amended and replaced with the attached Exhibit A – Scope of Services – Amended December 1, 2024, which is hereby incorporated into the Agreement.

4. Exhibit B – Schedule of Fees is hereby amended and replaced with the attached Exhibit B – Schedule of Fees and Payment Provisions – Amended December 1, 2024, which is hereby incorporated into the Agreement.

5. Exhibit E – Sample Work Authorization is hereby attached and incorporated by reference.

6. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

[SIGNATURES ON FOLLOWING PAGE]

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A – SCOPE OF SERVICES
AMENDED DECEMBER 1, 2024

SECTION 1. GENERAL

1.1 Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide engineering consultant services to support the City of Santa Clara's Electric Utility, Silicon Valley Power ("Services").

SECTION 2. SERVICES TO BE PERFORMED

Contractor shall perform general engineering consulting services as requested by the City to support capital, operations, and maintenance projects pursuant to the Work Authorization Process described in Section 6 and as further described pursuant to individual Work Authorizations.

2.1 System planning for electric utility distribution and transmission systems.

2.2 Project design and preparation of plans, specifications and engineer's estimate.

2.3 Distribution and transmission line conceptual design, feasibility, and permitting.

2.4 Substation conceptual design, feasibility, and permitting.

2.5 Support for substation communications, protection and control systems.

2.6 Assist with third party plan submissions such as Western Electric Coordinating Council (WECC), California Independent System Operator (CAISO), and PG&E

2.7 Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.

2.8 Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.

2.9 Assess existing design standards and recommend revisions or new standards.

2.10 Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.

2.11 Assess existing maintenance practices or standards and recommend revisions or create new standards.

2.12 Provide design, specification and cost estimates associated with the distribution system including street lighting.

2.13 Provide drafting support as needed.

2.14 Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested and provide copies to SVP

2.15 At the conclusion of each project, Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Contractor shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Subconsultant and subcontractor management

3.2 All reports, cost estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

3.3 The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

SECTION 4. REPORTS

4.1 Contractor shall provide regular updates regarding the cost, schedule, and status for Services performed throughout the Term.

4.2 Depending on the nature and scope of the Services, Contractor may be required to provide status updates daily, weekly, or monthly at the direction of City.

4.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

All Services shall be completed in a timely, efficient manner so as to meet the project schedule of each Work Authorization as defined in Section 6.

SECTION 6. WORK AUTHORIZATION PROCESS

6.1 Contractor acknowledges that Contractor is one of multiple firms eligible to perform the Services pursuant to separate service agreements for General Engineering Services ("Master Agreement"). The City will award and authorize specific Services as set forth in this Section. The City does not guarantee that any specific work will be authorized under this Agreement.

6.2 Call for Proposal (CFP)

6.2.1 When Services are required, City will request all eligible contractors with a Master Agreement to submit a written proposal for Services ("Proposal").

6.2.2 As part of the CFP, City will provide a description of the required Services, the criteria for evaluation, the deadline for response, and any other pertinent information.

6.3 Proposal

6.3.1 If the Contractor desires to be considered to perform the Services included in a CFP, Contractor will prepare and submit a written Proposal to City. Contractor must include all information requested by City in its CFP in the format requested by City including the following:

6.3.1.1 The proposed scope of work and deliverables with a work plan and detailed description by task of the services to be performed.

6.3.1.2 A project timeline/schedule with discussion of any activities that may impact the project timeline/schedule.

6.3.1.3 The names, titles, and assignments of each of Contractor's professional employees who will be principally responsible for performing the Services.

6.3.1.4 Where applicable, the names of any subconsultants or subcontractors that Contractor proposes to use and the portion of services that the subconsultant or subcontractor will perform. Where required, Contractor will provide subcontractor Department of Industrial Relations (DIR) number.

6.3.1.5 Any required drawings or documents.

6.3.1.6 A list of City responsibilities

6.3.1.7 Where applicable, a final acceptance criteria

6.3.1.8 A cost itemization of the following:

6.3.1.8.1 Hours and hourly rates by position as listed in Exhibit B for Contractor

6.3.1.8.2 Subconsultant or Subcontractor scope or quote including hours and hourly rates. Contractor shall indicate labor subject to prevailing wage requirements.

6.3.1.8.3 Parts and materials

6.3.1.8.4 Rental and/or specialty equipment

6.3.1.8.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B

6.3.1.8.6 Any additional costs such as, but not limited to freight, permits, and fees

6.3.1.8.7 A breakdown of materials and labor sufficient to calculate all required taxes

6.3.1.8.8 Estimated total cost including any required taxes

6.3.1.8.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for the City to determine that rates are in accordance with the Agreement.

6.3.1.8.10 Any costs such as for additional equipment, parts, services, or other expenses required for completion of services as detailed in the CFP and in Contractor's Proposal but not reflected in the Contractor's cost Proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

6.3.2 City will evaluate the Proposals according to the criteria and weights listed in the CFP.

6.3.3 At the City's discretion, the City may interview contractors submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the CFP.

6.3.4 City will enter into negotiations with the highest-ranked contractor. Negotiations may include, but are not limited to, the scope of work,

schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services.

6.3.5 Provided that the original cost Proposal includes all items listed in Section 6.3.1.8, the City and the selected contractor may negotiate whether the cost will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.3.6 If a fixed fee or lump sum is authorized by the City, Contractor must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.3.6.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.3.6.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.3.6.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.3.7 Contractor must submit a revised Proposal to the City based upon such negotiations.

6.4 Authorization of Work

6.4.1 Once City and Contractor, if selected, agree on the final pricing, scope, and specific requirements of the proposed services, and, if the completion of the Services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement (when combined with all previously authorized Services), the City may authorize Services as set forth in this Section.

6.4.2 For Proposals with a total cost exceeding $50,000, City will provide approval by executing a Work Authorizations in substantially the same format as Exhibit E ("Work Authorization") and issuing a Purchase Order. Each Work Authorization shall describe the services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the service and deliverables, and the maximum compensation for the Work Authorization.

6.4.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and

conditions of this Agreement and serves as final approval for each Work Authorization.

6.4.4 For Proposals with a total cost less than $50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve as the Work Authorization.

6.5 Changes to Work Authorization

6.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Work Authorization or Purchase Order. Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional services.

6.5.2 If the change to the Work Authorization is approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

6.5.3 If Contractor requires changes to a fixed price Work Authorization, Contractor shall only be permitted to request changes with justification such as additional scope requested by City or unanticipated field conditions. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.5.3.1 If the City requires additional work after the applicable Work Authorization has been issued, the Contractor shall, at City's request, provide an updated Proposal including the revised work schedule and associated costs with the same details as Section 6.3. If approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

6.5.3.2 Contractor shall only be entitled to submit a change request for unanticipated site conditions to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Work Authorization.

6.5.3.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes

in staff, or other changes that are not directly related to changes requested by City.

6.6 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization.

6.7 A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Work Authorization – even if the Proposal or Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Work Authorization are invalid and unenforceable. The order of precedence is the following as follows: (1) Agreement including Exhibits, (2) Work Authorization, (3) Purchase Order, and (4) Proposal.

6.8 Each Work Authorization and Purchase Order including revised Work Authorizations and changed Purchase Orders shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

6.9 If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

6.10 The City (through the individuals listed in Section 6.6 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

6.11 Proposals, pricing, quotes, and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.

6.12 Contractor shall not initiate Services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such services where applicable, (2) issued a Purchase Order, and (3) directed the Contractor to perform services.

SECTION 7. CONTRACTOR PERSONNEL

7.1 Project Manager

7.1.1 Contractor must designate one (1) Project Manager to communicate with the City during performance of Services. The Project Manager is the

designated point of contact for the City to communicate tasks and receive feedback.

7.1.2 A separate project manager may be designated for specific Work Authorizations but the Project Manager defined in Section 7.1.1 will have ultimate responsibility for communications.

7.1.3 The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

7.2 Staffing

7.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

7.2.2 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

7.2.3 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

7.3 Employee Training

7.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants or subcontractors) appropriate to the duties and responsibilities of each employee.

7.3.2 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

7.3.3 At the City's request, Contractor shall submit copies of training records for its employees.

SECTION 8. E-BUILDER

8.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of

project information submission and management or as otherwise agreed upon with the City.

8.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

8.3 E-Builder Training. Contractor is required to obtain all necessary training to use the e-Builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

8.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. City will not be liable for any delays associated with the Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. Contractor shall ensure connectivity to the e-Builder system whether at a home office, City site or job site. Under no circumstances will the use of e-Builder be grounds for a time extension or cost adjustment to a Work Authorization.

8.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Work Authorization and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-Builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

8.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

8.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Work Authorizations where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with a Work Authorization, and uploading them to the e-Builder website. Contractor shall be

responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

8.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

8.9 Should the City replace e-Builder with a different project management tool, Contractor, subconsultants, and subcontractors shall be required to use the new project management tool selected by the City.

EXHIBIT B - SCHEDULE OF FEES AND PAYMENT PROVISIONS
AMENDED DECEMBER 1, 2024

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Except where fixed price is authorized according to Section 6 of Exhibit A, Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B1 (RATES) attached and incorporated by reference.

2.2 Rates listed in Appendix B1 are fully burdened and will remain fixed for the first two (2) years of the Agreement.

2.3 Rate Changes:

2.3.1 Rate Increase. After the first two (2) years of the Agreement, rates may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing services for which rates are applicable.

2.3.3 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes or Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 6 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 6 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such

reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside services (including subconsultant fees, subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (including subconsultants / subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify a) that the charges are in accordance with the Work Authorization, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization

and based on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s), as specified in the Work Authorization and subject to the following.

3.2.1 Invoices must include the following information:

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

3.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice will be returned to Contractor to correct and resubmit before payment can be processed.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

3.8 Confidential. Invoices are not confidential even if marked as confidential when submitted.

APPENDIX B1 TO EXHIBIT B
RATES

1. RATES

1.1. Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 6 of Exhibit A. The rates applicable for the Services provided at hourly rates are listed in Table B1 (Hourly Rates) and Table B2 (Other Rates).

1.2. In cases where services are required but not listed below, Contractor shall submit rates for approval by the City in advance, in writing before performing the services. For avoidance of doubt, any changes to the rates in Table B1 and Table B2 must be authorized by an amendment to the Agreement in accordance with Section 2.3 of Exhibit B. Rate changes are not permitted as part of a Work Authorization process.

TABLE B1 – HOURLY RATES

POSITION	Dec 2020-Dec 2021	Jan 2023 – Dec 2023	Jan 2024 – Dec 2024	Jan 2025 – Dec 2025
Principal	$340	$370	$380	$390
Managing Consultant	$320	$350	$360	$370
Senior Consultant – Power Engineer	$310	$340	$350	$360
Senior Consultant	$280	$305	$315	$325
Consultant	$230	$250	$258	$265

EXHIBIT D

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and Flynn Resource Consultants, Inc. ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control.

PART A: GENERAL INFORMATION

WORK AUTHORIZATION NUMBER:		☐ Original ☐ First Revised ☐ Second Revised ☐ Other_____
Contract No.		
Contractor Name/Address:		
Expiration Date of Agreement:		
Contractor's Project Manager:	**Name:**	**Email:**
City's Project Manager	**Name:**	**Email:**
Period of Performance for this Work Authorization:	**Start Date:**	**Expected Completion Date:**
Maximum Compensation of Agreement:

Maximum Compensation for this Work Authorization		
Remaining Available Funds		
Sufficient funds are available in Fund #: (to be completed by City)		
Contractor Representative Name (Print)		
Contractor Representative Signature		
Contractor Representative Signature Date		
City Project Manager Name (Print)		
Authorized City Representative (Print)		
City Representative Signature		
City Representative Signature Date		
** Authorized City Representatives include Electric Utility Assistant Director, Chief Electric Utility Operating Officer, Chief Electric Utility Officer*		

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 6 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:
☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file.

*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____ dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

REPORT TO COUNCIL

SUBJECT

Action on Master Agreements for Silicon Valley Power on System Capacity Expansion Planning including Delegation of Authority for Capital Project Implementation and General Engineering Support [Council Pillar: Deliver and Enhance High Quality Efficient Services and Infrastructure]

BACKGROUND

As discussed as part of Silicon Valley Power's (SVP) quarterly Council update, electrical demand in the City is expected to increase over the next decade. To meet the electrical demand from future growth requires additional support from consultants for a variety of services including:

- Creating a detailed System Expansion Plan
- Design of Transmission line and Substation installations and upgrades
- Implementation management for Capital Improvement Projects
- General engineering support for maintenance of existing assets

DISCUSSION

SVP is looking for engineering support in three (3) areas: System Expansion Planning, General Consulting, and Plan Implementation.

System Expansion Plan

SVP's electric load has increased by more than 20% over the last decade and based on executed agreements and upcoming development, SVP's current system will need major upgrades to accommodate the increase of demand over the five to ten years.

A System Expansion Plan will consist of a short term and long-term capital improvement plan to accommodate the additional electric load growth due to new development in Santa Clara (Data Centers and Residential Projects). The consultant will also review and provide the basis for updating the Load Development Fee to ensure the recovery of costs incurred by the City in modifying its electrical infrastructure to support load growth due to the new development.

General Consulting Services

Based on newly executed agreements and current developer negotiations, SVP could add seven new substations over the next five years to its electrical system. Utilities the size of SVP do not have sufficient internal staff for such a large engineering project and requires the aid of consultants to engineer plans to meet the projected electric load growth. In addition to the existing projects, the consulting services will be utilized to create detailed engineering design plans based on the System Expansion Plan's guidance.

Plan Implementation Services
With the increase in capital projects comes the need for additional implementation services workforce which will support the design, plan implementation and project management of the Transmission and Substation construction.

On December 5, 2019, staff requested Statement of Qualification (SOQ) to solicit proposals from qualified firms for consulting services associated with SVP System Expansion Plan. The SOQ was published on BidSync, the City's e-procurement system. Eleven proposals were received from the following firms:

- 1898 & Co. (Kansas City, MO)
- Advisian Worley Group (Folsom, CA)
- AECOM (Oakland, CA)
- Electrical Consultants, Inc. (Billings, MT)
- EN Engineering LLC (Warrenville, IL)
- Flynn Resource Consultants Inc. (Discovery Bay, CA)
- Leidos Engineering, LLC (Hendersonville, TN)
- Power Engineers (Anaheim, CA)
- Stantec Consulting Services Inc. (Walnut Creek, CA)
- TRC Solutions, Inc. (Mountain View, CA)
- ZGlobal, Inc. (Folsom, CA)

Evaluation Process: Proposals were evaluated and scored independently by a five-member evaluation team against the criteria and weights published in the SOQ. Follow-up oral interviews were conducted with the companies submitting the highest scoring proposals for each of the three areas.

Award Recommendation: Staff recommends award of the System Expansion Plan contract to Electrical Consultants, Inc. (ECI) as the most qualified firm per the evaluation criteria set forth in the SOQ.

Staff recommends award of General Consulting Services contracts to Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC.

Staff recommends award of Plan Implementation Services contracts to 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc.

Notice of Intended Award: Notice of Intended Award (NOIA) announcing the City's recommended vendors for each service area were issued on August 28, 2020 and August 31, 2020.

Term of Agreements: The term of the proposed System Expansion Plan Agreement will be fourteen (14) months to deliver the System Expansion Plan. The term of the General Consulting Services and Plan Implementation Services Master Agreements will be five (5) years each.

Cost Summary: Staff is requesting that the Council 1) authorize the City Manager or their designee to execute the Agreement with ECI for a total amount not to exceed $850,000 which will allow for the development of a System Expansion Plan, 2) delegate authority to the City Manager or their

designee to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement and 3) delegate authority to the City Manager or their designee to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement.

ENVIRONMENTAL REVIEW

The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378 (b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment.

FISCAL IMPACT

The total cost of the proposed agreement with Electrical Consultants, Inc. (ECI) to perform work on the System Expansion Plan shall not exceed $850,000. Funding for this agreement was included as part of the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in the New Business Estimate Work CIP project.

For general consulting services, compensation for the five Master Agreements shall not exceed $2,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- System Capacity Expansion
- New Business Estimate Work
- Operations and Planning Technology
- Clean Energy and Carbon Reduction
- Renewable Energy Microgrid

For plan implementation services, compensation for the five Master Agreements shall not exceed $3,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- Esperanca Substation
- Homestead Substation Rebuild
- Oaks Junction
- San Tomas Junction
- Laurelwood Substation
- System Capacity Expansion
- NRS Breaker 382 Addition

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to execute the System Expansion Plan Agreement with Electrical Consultants, Inc. in an amount not to exceed $850,000;
2. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement over the five year terms of the agreements, subject to the appropriations of funds;
3. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement over the five-year terms of the agreements, subject to the appropriation of funds; and
4. Authorize the City Manager or their designee, to add or delete services consistent with the scope of the agreements, and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds.

ATTACHMENT

1. Agreement for Design Professional Services

EBIX Insurance No. S200004638

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND LEIDOS ENGINEERING, LLC

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Leidos Engineering, LLC, a Delaware limited liability company, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020 and terminate on November 30, 2025.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the

professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is two million dollars ($2,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the

cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

15. NO CONSEQUENTIAL DAMAGES

In no event and under no circumstances shall either Contractor or City be liable to the other for any principal, interest, loss of anticipated revenues, earnings, profits, increased expense of operation or construction, loss by reason of shutdown or non-operation due to late completion or otherwise or for any other economic, consequential, indirect or special damages.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at mpineda@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Leidos Engineering, LLC
Attention: David Plews
1417 Fourth Avenue, Suite 300
Seattle, WA 98101
and by e-mail at David.H.Plews@leidos.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

20. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and

following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

22. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

CONTINUED ON PAGE 9

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

The Contractor shall perform general engineering services as requested by the City to support capital, operations, and maintenance projects including but not limited to:

- System planning for electric utility distribution and transmission systems
- Project design and preparation of plans, specifications and engineer's estimate.
- Distribution and transmission line conceptual design, feasibility, and permitting.
- Substation conceptual design, feasibility, and permitting.
- Support with substation communications, protection and control systems.
- Assist with third party plan submissions such as WECC, CAISO, and PG&E.
- Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.
- Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.
- Assess existing design standards and recommend revisions or new standards.
- Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.
- Assess existing maintenance practices or standards and recommend revisions or create new standards.
- Provide design, specification and cost estimates associated with the distribution system including street lighting.
- Provide drafting support as needed.

Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work. The invoice is to include the PO number, paid amount to date and remaining Agreement amount.

The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

When requested by the City, the Contractor and subcontractors shall utilize e-Builder, a web-based project management tool, or City's designated replacement for projects assigned under this agreement. Access to the project management tool, as well as associated training, will be provided by the City at no cost to the Contractor or its subcontractors. Contractor and subcontractors shall have the responsibility for utilizing the project management tool as necessary for the following: invoice submittal, potential change order submittals, change orders, Request for Information (RFI) submittals, correspondence, assigned tasks and other matters that transpire on the site as directed

by City. All documents (including as built drawings) shall be converted or scanned into the Portable Document Format (PDF) file and uploaded to e-Builder.

At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format as well.

EXHIBIT B
SCHEDULE OF FEES

Contractor will bill City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice.

This is a time and materials contract with a total not-to-exceed amount of $2,000,000.

All labor and expense rates shall have an annual escalation of 2% starting on December 1, 2021 and every subsequent December 1st through the duration of the Agreement.

Any work requiring overtime rates shall be expressly identified and approved in writing by the City prior to the work commencing.

Job Description	Proposed Rate
Project Manager I	$130.00
Project Manager II	$161.00
Project Manager III	$188.00
Program Manager	$237.00
Project Analyst / Scheduler	$121.00
Engineering Technician I	$80.00
Engineering Technician II	$96.00
Engineering Technician III	$125.00
Engineer I	$104.00
Engineer II	$121.00
Engineer III	$147.00
Project Engineer I	$129.00
Project Engineer II	$157.00
Project Engineer III	$185.00
Principal Engineer	$223.00
CAD Technician I	$73.00
CAD Technician II	$79.00
CAD Technician III	$84.00
CAD Lead	$94.00
Administrative Support	$69.00

27. EXPENSES (IF APPLICABLE AND APPROVED):

- Per Diem – US Federal Government Standard
- Materials – Actual Cost
- Travel Cost – Actual Cost
- Outside Services – Actual Cost +10%
- Mileage – IRS Standard Rate in Effect

*Per Exhibit B, the above rates shall increase by 2% annually starting on December 1, 2021 and thereafter on every subsequent December 1st through the duration of the Agreement.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to

limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

J. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

K. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

L. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

Ebix Insurance No. S200004638

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
LEIDOS ENGINEERING, LLC

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Leidos Engineering, LLC, a Delaware Limited Liability Company (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled Agreement for Design Professional Services Between the City of Santa Clara, California, and Leidos Engineering, LLC dated February 12, 2021, (Agreement) for the purpose of having Contractor provide general engineering services to support capital, operations, and maintenance projects; and

B. The Parties now wish to amend the Agreement to extend the term, modify hold harmless and confidentiality terms, update Exhibit A and B, and add Exhibit E.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement is amended to read as follows:

   The documents forming the entire Agreement between the City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services

   Exhibit B – Compensation and Fee Schedule

   Exhibit C – Insurance Requirements

   Exhibit D – Labor Compliance Addendum

   Exhibit E – Sample Work Authorization Form

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. Section 2 of the Agreement is amended to read as follows:

"Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020, and terminate on November 30, 2027."

3. Section 11 of the Agreement is amended in its entirety to read as follows:

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Contractor pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and Work Authorizations.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Contractor will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

4. Section 14 of the Agreement is amended in its entirety to read as follows:

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subconsultants, or agents in the performance, or non-performance, of Services under this Agreement.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

5. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended July 1, 2025, which is hereby incorporated into the Agreement

6. Exhibit B – Schedule of Fees is hereby deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended July 1, 2025, which is hereby incorporated into the Agreement

7. Exhibit E – Sample Work Authorization is hereby attached and incorporated by reference.

Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The effective date of this Amendment No. 1 is the date of City's execution of this amendment.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
LEIDOS ENGINEERING, LLC
EXHIBIT A – SCOPE OF SERVICES
AMENDED JULY 1, 2025

SECTION 1. GENERAL

1.1 Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide engineering consultant services to support the City of Santa Clara's Electric Utility, Silicon Valley Power ("Services").

1.2 To the extent not inconsistent with this Agreement, the City's SOQ SVP-19-005 (including subsequent updates) and Contractor's proposal response dated January 29, 2020, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ 19-20-25 or Contractor's proposal, the Agreement and this Exhibit shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Contractor will provide the following professional consulting services to the City on an as-needed basis pursuant to the Work Authorization Process described in Section 6 and as further described pursuant to individual Work Authorizations or Purchase Orders, as applicable.

2.1 System planning for electric utility distribution and transmission systems

2.2 Project design and preparation of plans, specifications and engineer's estimate.

2.3 Distribution and transmission line conceptual design, feasibility, and permitting.

2.4 Substation conceptual design, feasibility, and permitting.

2.5 Support with substation communications, protection and control systems.

2.6 Assist with third party plan submissions such as Western Electricity Coordinating Council (WECC), California Independent Systems Operator (CAISO), and Pacific Gas and Electric Company (PG&E).

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

2.7 Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.

2.8 Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.

2.9 Assess existing design standards and recommend revisions or new standards.

2.10 Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.

2.11 Assess existing maintenance practices or standards and recommend revisions or create new standards.

2.12 Provide design, specification and cost estimates associated with the distribution system including street lighting.

2.13 Provide drafting support as needed

2.14 Contractor shall conduct all necessary meetings and interviews, minutes and interview summaries as requested, and provide copies to Silicon Valley Power (SVP).

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Contractor shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Subconsultant and subcontractor management

3.2 All reports, cost estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

3.3 The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

SECTION 4. REPORTS

4.1 Contractor shall provide regular updates regarding the cost, schedule, and status for Services performed throughout the Term.

4.2 Depending on the nature and scope of the Services, Contractor may be required to provide status updates daily, weekly, or monthly at the direction of City.

4.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

All Services shall be completed in a timely, efficient manner so as to meet the project schedule of each Work Authorization or Purchase Order, as defined in Section 6.

SECTION 6. WORK AUTHORIZATION PROCESS

6.1 Contractor acknowledges that Contractor is one of multiple firms eligible to perform the Services pursuant to separate service agreements for general engineering services to support capital, operations, and maintenance projects ("Project Agreement"). The City will award and authorize specific Services as set forth in this Section. The City does not guarantee that any specific work will be authorized under this Agreement.

6.2 Call for Proposal (CFP)

6.2.1 When Services are required, City will issue a CFP to eligible consultants with a Project Agreement to submit a written proposal for Services ("Proposal").

6.2.2 As part of the CFP, City will provide a description of the required Services, the criteria for evaluation, the deadline for response, and any other pertinent information.

6.3 Proposal

6.3.1 If the Contractor desires to respond to a CFP, Contractor will prepare and submit a written Proposal for that CFP. A Proposal shall be in a format and contain such information as specified in the CFP which may include the following, where applicable for that CFP:

6.3.1.1 The proposed scope of work and deliverables with a work plan and detailed description by task of the services to be performed.

6.3.1.2 A project timeline/schedule with discussion of any activities that may impact the project timeline/schedule.

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

6.3.1.3 The names, titles, and assignments of each of Contractor's professional employees who will be principally responsible for performing the Services.

6.3.1.4 The names of any subconsultants or subcontractors that Contractor proposes to use and the portion of services that the subconsultant or subcontractor will perform. Where required, Contractor will provide subcontractor Department of Industrial Relations (DIR) number.

6.3.1.5 Any required drawings or documents.

6.3.1.6 A list of City responsibilities

6.3.1.7 A final acceptance criteria

6.3.1.8 Itemized cost including the following:

6.3.1.8.1 Hours and hourly rates by position as listed in Exhibit B. Indicate labor subject to prevailing wage requirements.

6.3.1.8.2 Subconsultant or Subcontractor scope of services or quote including hours and hourly rates. Indicate labor subject to prevailing wage requirements.

6.3.1.8.3 Parts and materials

6.3.1.8.4 Rental and/or specialty equipment

6.3.1.8.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B

6.3.1.8.6 Any additional costs such as, but not limited to freight, permits, and fees

6.3.1.8.7 Breakdown of materials and labor sufficient to calculate all required taxes

6.3.1.8.8 Estimated total cost including any required taxes

6.3.1.8.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for the City to determine that rates are in accordance with the Agreement.

6.3.1.8.10 Any costs such as for additional equipment, parts, services, or other expenses required for completion of services as detailed in the CFP and in Contractor's

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

Proposal but not reflected in the Contractor's cost Proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

6.3.2 City will evaluate the Proposals according to the criteria and weights listed in the CFP.

6.3.3 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the CFP.

6.3.4 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services.

6.3.5 Provided that the original cost Proposal includes all applicable items listed in Section 6.3, the City and the selected consultant may negotiate whether the cost for the Work Authorization or Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.3.6 If a fixed fee or lump sum is authorized by the City, Contractor must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.3.6.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.3.6.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.3.6.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.3.7 Contractor must submit a revised Proposal to the City based upon such negotiations.

6.4 Authorization of Work

6.4.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, and, if the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

Agreement (when combined with all previously authorized Services), the City may authorize Services as set forth in this Section.

6.4.2 For Proposals with a total cost exceeding $50,000, City will provide approval by executing a Work Authorization in substantially the same format as Exhibit E ("Work Authorization") and issuing a Purchase Order. Each Work Authorization shall describe the services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the service and deliverables, and the maximum compensation for the Work Authorization.

6.4.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Work Authorization.

6.4.4 For Proposals with a total cost less than $50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve in lieu of the Work Authorization. If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, the Purchase Order will bind the Contractor.

6.5 Changes to Work Authorization

6.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Work Authorization or Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional services.

6.5.2 If the change to the Work Authorization or Purchase Order is approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

6.5.3 If Contractor requires changes to a fixed price Work Authorization or Purchase Order, Contractor shall only be permitted to request changes with justification such as additional scope requested by City or unanticipated field conditions. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope. For a change request that is required because the City has requested additional work that is within the scope of a Work Authorization or Purchase Order but was not included in the Proposal when the Work Authorization or Purchase Order was issued, the written justification shall include the specific change in scope of work that has

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

been requested by the City including the changed work schedule and associated costs.

6.5.3.1 If the City requires additional work after the applicable Work Authorization or Purchase Order has been issued, the Contractor shall, at City's request, provide an updated Proposal including the revised work schedule and associated costs with the same details as Section 6.3. If approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) or Purchase Order (as applicable) to authorize such additional services.

6.5.3.2 Contractor shall only be entitled to submit a change request for unanticipated site conditions to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Work Authorization or Purchase Order.

6.5.3.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.6 Immediate Need / Interim Work Orders

6.6.1 The City may authorize interim work orders in accordance with this Section, in the following circumstances:

6.6.1.1 Issues are identified during the performance of a Work Authorization or Purchase Order that can be most efficiently and economically resolved while on site; provided those services are related to those contained in the approved Work Authorization or Purchase Order.

6.6.1.2 In the event work is required to maintain a critical SVP function or project schedule.

6.6.2 Interim work orders do not need to be in writing and may only be authorized by the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Verbal authorizations will be confirmed by the City in writing within three (3) business days or such additional time as City may require.

6.6.3 Within 5 business days of receipt of written authorization for the interim work order, Contractor shall provide an updated Proposal to City. The Proposal shall be detailed in accordance with this Section 6 and shall also

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

include all services required including those services already completed or initiated.

6.6.4 If the City approves the Proposal, the City will issue a Work Authorization and/or a Purchase Order as soon as reasonably practicable.

6.7 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization.

6.8 A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Work Authorization – even if the Proposal or Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Work Authorization are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Work Authorization, (3) Purchase Order, (4) Proposal; and (5) Contractor's response to SOQ 19-20-25.

6.9 Each Work Authorization and Purchase Order including those authorizations issued pursuant to Section 6.6 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

6.10 The City (through the individuals listed in Section 6.7 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

6.11 Proposals, pricing, quotes, and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.

6.12 Except where the circumstances in Section 6.6 apply, Contractor shall not initiate Services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such services where applicable, (2) issued a Purchase Order, and (3) directed the Contractor to perform services.

SECTION 7. CONTRACTOR PERSONNEL

7.1 Project Manager

7.1.1 Contractor must designate one (1) Project Manager to communicate with the City during performance of Services. The Project Manager is the

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

designated point of contact for the City to communicate tasks and receive feedback.

7.1.2 A separate project manager may be designated for specific Work Authorizations or Purchase Orders but the Project Manager defined in Section 7.1.1 will have ultimate responsibility for communications.

7.1.3 The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

7.2 Staffing

7.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

7.2.2 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

7.2.3 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

7.3 Employee Training

7.3.1 At Contractor’s sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants or subcontractors) appropriate to the duties and responsibilities of each employee.

7.3.2 Contractor’s training program shall follow Contractor’s standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

7.3.3 At the City’s request, Contractor shall submit copies of training records for its employees.

SECTION 8. E-BUILDER

8.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

project information submission and management or as otherwise agreed upon with the City.

8.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

8.3 E-Builder Training. Contractor is required to obtain all necessary training to use the e-Builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

8.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. City will not be liable for any delays associated with the Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. Contractor shall ensure connectivity to the e-Builder system whether at a home office, City site or job site. Under no circumstances will the use of e-Builder be grounds for a time extension or cost adjustment to a Work Authorization or Purchase Order.

8.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Work Authorization or Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-Builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

8.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

8.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of the Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

8.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

8.9 Should the City replace eBuilder with a different project management tool, Contractor, subconsultants, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Except for those Services authorized at fixed price pursuant to Section 6 of Exhibit A, Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B1 (RATES) attached and incorporated by reference.

2.2 Rates listed in Appendix B1 are fully burdened and will remain fixed for the first two (2) years of the Agreement.

2.3 Rate Changes

2.3.1 Rate Increase. Rates shall have an annual escalation of 2% starting on December 1, 2021, and every subsequent December 1 through the duration of the Agreement.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing services for which rates are applicable.

2.3.3 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 6 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 6 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside services (including subconsultant fees, subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	Not to exceed 10%
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (including subconsultants / subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Work Authorization and/or Purchase Order, (b) that the rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization and/or Purchase Order and based on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s), as specified in the Work Authorization or Purchase Order and subject to the following.

3.2.1 Invoices must include the following information:

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

3.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice may be returned to Contractor to correct and resubmit before payment can be processed.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment within thirty (30) days of receipt.

3.8 Confidential. Invoices are not confidential even if marked as confidential when submitted.

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

APPENDIX B1 TO EXHIBIT B
RATES

1. RATES

1.1. Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 6 of Exhibit A. The rates applicable for the Services are listed below in Table B1 (Labor Rates) and Table B2 (Other Charges).

1.2. In cases where services are required but not listed below, Contractor shall submit rates for approval by the City in advance, in writing before performing the services. For avoidance of doubt, any changes to the rates in Table B1 and Table B2 must be authorized by an amendment to the Agreement in accordance with Section 2.3 of Exhibit B. Rate changes are not permitted as part of a Work Authorization process.

TABLE B1

Job Description	Hourly Rate 12/1/2020 - 11/30/2021	Hourly Rate 12/1/2021 - 11/30/2022	Hourly Rate 12/1/2021 - 11/30/2023	Hourly Rate 12/1/2023 - 11/30/2024	Hourly Rate 12/1/2024 - 11/30/2025
Project Manager I	$130.00	$132.60	$135.25	$137.96	$140.72
Project Manager II	$161.00	$164.22	$167.50	$170.85	$174.27
Project Manager III	$188.00	$191.76	$195.60	$199.51	$203.50
Program Manager	$237.00	$241.74	$246.57	$251.51	$256.54
Project Analyst/ Scheduler	$121.00	$123.42	$125.89	$128.41	$130.97
Engineering Technician I	$80.00	$81.60	$83.23	$84.90	$86.59
Engineering Technician II	$96.00	$97.92	$99.88	$101.88	$103.91
Engineering Technician III	$125.00	$127.50	$130.05	$132.65	$135.30
Engineer I	$104.00	$106.08	$108.20	$110.37	$112.57
Engineer II	$121.00	$123.42	$125.89	$128.41	$130.97
Engineer III	$147.00	$149.94	$152.94	$156.00	$159.12
Project Engineer I	$129.00	$131.58	$134.21	$136.90	$139.63
Project Engineer II	$157.00	$160.14	$163.34	$166.61	$169.94
Project Engineer III	$185.00	$188.70	$192.47	$196.32	$200.25
Principal Engineer	$223.00	$227.46	$232.01	$236.65	$241.38
CAD Technician I	$73.00	$74.46	$75.95	$77.47	$79.02
CAD Technician II	$79.00	$80.58	$82.19	$83.84	$85.51
CAD Technician III	$84.00	$85.68	$87.39	$89.14	$90.92
CAD Lead	$94.00	$95.88	$97.80	$99.75	$101.75
Administrative Support	$69.00	$70.38	$71.79	$73.22	$74.69

WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and Leidos Engineering, LLC ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control. **This Work Authorization is not valid until accompanied by a Purchase Order authorized by the City.**

PART A: GENERAL INFORMATION

WORK AUTHORIZATION NUMBER:		☐ Original ☐ First Revised ☐ Second Revised ☐ Other_____
Contract No.		
Contractor Name/Address:		
Expiration Date of Agreement:		
Contractor's Project Manager:	**Name:**	**Email:**

PART B: SERVICES TO BE PERFORMED

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 6 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:
☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file.

*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

Docusign Envelope ID: E9D57ECE-28C9-479A-ABA6-F8C7F87659DC

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

REPORT TO COUNCIL

SUBJECT

Action on Master Agreements for Silicon Valley Power on System Capacity Expansion Planning including Delegation of Authority for Capital Project Implementation and General Engineering Support [Council Pillar: Deliver and Enhance High Quality Efficient Services and Infrastructure]

BACKGROUND

As discussed as part of Silicon Valley Power's (SVP) quarterly Council update, electrical demand in the City is expected to increase over the next decade. To meet the electrical demand from future growth requires additional support from consultants for a variety of services including:

- Creating a detailed System Expansion Plan
- Design of Transmission line and Substation installations and upgrades
- Implementation management for Capital Improvement Projects
- General engineering support for maintenance of existing assets

DISCUSSION

SVP is looking for engineering support in three (3) areas: System Expansion Planning, General Consulting, and Plan Implementation.

System Expansion Plan

SVP's electric load has increased by more than 20% over the last decade and based on executed agreements and upcoming development, SVP's current system will need major upgrades to accommodate the increase of demand over the five to ten years.

A System Expansion Plan will consist of a short term and long-term capital improvement plan to accommodate the additional electric load growth due to new development in Santa Clara (Data Centers and Residential Projects). The consultant will also review and provide the basis for updating the Load Development Fee to ensure the recovery of costs incurred by the City in modifying its electrical infrastructure to support load growth due to the new development.

General Consulting Services

Based on newly executed agreements and current developer negotiations, SVP could add seven new substations over the next five years to its electrical system. Utilities the size of SVP do not have sufficient internal staff for such a large engineering project and requires the aid of consultants to engineer plans to meet the projected electric load growth. In addition to the existing projects, the consulting services will be utilized to create detailed engineering design plans based on the System Expansion Plan's guidance.

Plan Implementation Services
With the increase in capital projects comes the need for additional implementation services workforce which will support the design, plan implementation and project management of the Transmission and Substation construction.

On December 5, 2019, staff requested Statement of Qualification (SOQ) to solicit proposals from qualified firms for consulting services associated with SVP System Expansion Plan. The SOQ was published on BidSync, the City's e-procurement system. Eleven proposals were received from the following firms:

- 1898 & Co. (Kansas City, MO)
- Advisian Worley Group (Folsom, CA)
- AECOM (Oakland, CA)
- Electrical Consultants, Inc. (Billings, MT)
- EN Engineering LLC (Warrenville, IL)
- Flynn Resource Consultants Inc. (Discovery Bay, CA)
- Leidos Engineering, LLC (Hendersonville, TN)
- Power Engineers (Anaheim, CA)
- Stantec Consulting Services Inc. (Walnut Creek, CA)
- TRC Solutions, Inc. (Mountain View, CA)
- ZGlobal, Inc. (Folsom, CA)

Evaluation Process: Proposals were evaluated and scored independently by a five-member evaluation team against the criteria and weights published in the SOQ. Follow-up oral interviews were conducted with the companies submitting the highest scoring proposals for each of the three areas.

Award Recommendation: Staff recommends award of the System Expansion Plan contract to Electrical Consultants, Inc. (ECI) as the most qualified firm per the evaluation criteria set forth in the SOQ.

Staff recommends award of General Consulting Services contracts to Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC.

Staff recommends award of Plan Implementation Services contracts to 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc.

Notice of Intended Award: Notice of Intended Award (NOIA) announcing the City's recommended vendors for each service area were issued on August 28, 2020 and August 31, 2020.

Term of Agreements: The term of the proposed System Expansion Plan Agreement will be fourteen (14) months to deliver the System Expansion Plan. The term of the General Consulting Services and Plan Implementation Services Master Agreements will be five (5) years each.

Cost Summary: Staff is requesting that the Council 1) authorize the City Manager or their designee to execute the Agreement with ECI for a total amount not to exceed $850,000 which will allow for the development of a System Expansion Plan, 2) delegate authority to the City Manager or their

designee to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement and 3) delegate authority to the City Manager or their designee to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement.

ENVIRONMENTAL REVIEW

The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378 (b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment.

FISCAL IMPACT

The total cost of the proposed agreement with Electrical Consultants, Inc. (ECI) to perform work on the System Expansion Plan shall not exceed $850,000. Funding for this agreement was included as part of the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in the New Business Estimate Work CIP project.

For general consulting services, compensation for the five Master Agreements shall not exceed $2,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- System Capacity Expansion
- New Business Estimate Work
- Operations and Planning Technology
- Clean Energy and Carbon Reduction
- Renewable Energy Microgrid

For plan implementation services, compensation for the five Master Agreements shall not exceed $3,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- Esperanca Substation
- Homestead Substation Rebuild
- Oaks Junction
- San Tomas Junction
- Laurelwood Substation
- System Capacity Expansion
- NRS Breaker 382 Addition

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to execute the System Expansion Plan Agreement with Electrical Consultants, Inc. in an amount not to exceed $850,000;
2. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement over the five year terms of the agreements, subject to the appropriations of funds;
3. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement over the five-year terms of the agreements, subject to the appropriation of funds; and
4. Authorize the City Manager or their designee, to add or delete services consistent with the scope of the agreements, and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds.

ATTACHMENT

1. Agreement for Design Professional Services

EBIX Insurance No. S20004515

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND STANTEC CONSULTING SERVICES, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Stantec Consulting Services, Inc., a New York Corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020 and terminate on November 30, 2025.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the

professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is three million dollars ($3,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the

cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at mpineda@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Damon Lee, Principal, Pacific Region Lead
Stantec Consulting Services, Inc.
555 Capitol Mall, Suite 650
Sacramento, CA 95814-4583
e-mail at damon.lee@stantec.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

CONTINUED ON PAGE 8

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

The Contractor shall perform plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects including but not limited to:

- Act as project manager for the following activities:
  - Project permitting including support of CEQA determinations
  - Land acquisition
  - Project design and preparation of Plans, Specifications and Engineer's Estimate
  - Bid support
  - Construction support
  - Record drawings and Project Closeout
- System planning for electric utility distribution and transmission systems
- Distribution and transmission line conceptual design, feasibility, and permitting.
- Substation conceptual and/or detail design, feasibility, and permitting.
- Support with substation communications, protection and control systems.
- Assist with third party plan submissions such as WECC, CAISO, and PG&E.
- Conduct load flow, short circuit studies and arc flash studies as needed.
- Conduct Distributed Energy Resource interconnection studies as needed.
- Assess existing design standards and recommend revisions or new standards.
- Assess existing maintenance practices or standards and recommend revisions or create new standards.
- Provide drafting support as needed.

Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work. The invoice is to include the PO number, paid amount to date and remaining Agreement amount.

The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

When requested by the City, the Contractor and subcontractors shall utilize e-Builder, a web-based project management tool, or City's designated replacement for projects assigned under this agreement. Access to the project management tool, as well as associated training, will be provided by the City at no cost to the Contractor or its subcontractors. Contractor and subcontractors shall have the responsibility for utilizing the project management tool as necessary for the following: invoice submittal, potential change order submittals, change orders, Request for Information (RFI) submittals, correspondence, assigned tasks and other matters that transpire on the site as directed

by City. All documents (including as built drawings) shall be converted or scanned into the Portable Document Format (PDF) file and uploaded to e-Builder.

At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format as well.

EXHIBIT B
SCHEDULE OF FEES

Contractor will bill City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice.

This is a time and materials contract with a total not-to-exceed amount of $3,000,000.

All labor and expense rates shall have an annual escalation of 2% starting on December 1, 2021 and every subsequent December 1st through the duration of the Agreement.

Any work requiring overtime rates shall be expressly identified and approved in writing by the City prior to the work commencing.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to

limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

J. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

K. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

L. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

REPORT TO COUNCIL

SUBJECT

Action to Delegate Authority to the City Manager to Negotiate and Execute Amendments to Agreements for Design Professional Services for Silicon Valley Power's System Capacity Expansion Planning Including Development of a Twenty-Year Long-Term Strategy Plan for System Growth, Master Agreements for Plan Implementation Services, and Master Agreements for General Consulting Services

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND

Silicon Valley Power (SVP) has provided electric service for over 125 years and is experiencing significant continued growth. SVP has developed a capital improvement strategy to address near-term and long-term potential load growth. In 2021, SVP recorded a peak load of nearly 600 Megawatt (MW) and delivered approximately 4,100 Gigawatt-hours (GWh) to customers. In 2022, SVP's recorded peak load increased to 702 MW, and energy delivery rose to 4,550 GWh. This represents an approximate 10% increase in energy delivery and represents the largest year-over-year growth in the last 30 years.

On October 13, 2020, City Council approved (Council Item 20-854) the following Agreements for Design Professional Services:

- Agreement with Electrical Consultants, Inc (ECI) with a maximum compensation not to exceed $850,000 to complete a System Expansion Plan including a Three-Year Growth Plan Strategy;
- Master agreements for Plan Implementation Services with a maximum compensation not to exceed $3,000,000 per agreement with (1) 1898 & Co., (2) TRC Solutions, Inc., (3) ECI, (4) AECOM Technical Services, Inc., and (5) Stantec Consulting Services Inc.; and
- Master agreements for general consulting services with a maximum compensation not to exceed $2,000,000 per agreement with (1) Advisian Worley Group, (2) TRC Solutions, Inc., (3) Leidos Engineering, LLC, (4) Flynn Resource Consultants, Inc. and (5) EN Engineering LLC.

When a specific project is identified, SVP issues a call for proposals that invites these prequalified consultants to submit their proposals. The award for each project is determined based on factors such as expertise in the specific area of work needed, staff availability, project approach, proposed scope of services, project schedule/completion dates, and verification that cost is reasonable for the services.

When the agreements were approved on October 13, 2020, the total maximum compensation for the

ten (10) master agreements was authorized with an aggregate maximum compensation of $25 million over a five-year period. On May 13, 2022, the City Council authorized the City Manager to execute Amendment No. 1 to the Agreement with AECOM Technical Services Inc., increasing the maximum compensation from $3 million to $11 million for additional program management services related to the System Expansion Plan. This authorization increased the total aggregate compensation for the ten (10) agreements to $33 million. On October 4, 2022, the City Council authorized the City Manager to negotiate and execute amendments to the ten (10) agreements, resulting in a new total aggregate compensation of $50 million.

On September 28, 2021 (Council Item 21-871), the Council accepted SVP's Three-Year Growth Plan Strategy which identified $300 million of proposed projects to install new facilities and to replace aged infrastructure with higher capacity infrastructure on an as-needed basis. On November 15, 2022 (Council Item 22-1172), the City Council accepted SVP's System Expansion Plan for the California Independent Operator's (CAISO) Transmission Planning Process (TPP) FY2023/24 (SVP System Expansion Plan TPP FY2023/24).

In the SVP System Expansion Plan TPP FY2023/24, SVP anticipates a peak system load of 819MW in 2025 and peak load of 1,306 MW in 2032. Compared to the 2022 peak load of 702 MW, this projection represents an increase of nearly 117 MW by 2025. SVP System Expansion Plan TPP FY2023/24 identifies both near-term and ten-year improvements required for SVP to maintain electric service reliability with consideration of the projected load growth. The SVP System Expansion Plan TPP FY2023/24 provides detailed information and a technical basis for the completed analysis, including a summary of proposed projects. These projects are in addition to those previously presented to Council. To maintain electric service reliability and meet project growth, SVP requires engineering support in three areas: (1) System Expansion Planning, (2) General Consulting, and (3) Plan Implementation.

DISCUSSION

Under its agreement with the City, ECI has provided consultant support for the CAISO's Annual TPP and completed a Three-Year Growth Plan Strategy. SVP requires additional related services from ECI, including, (1) a twenty-year long-term strategy plan for system growth; and (2) support for upcoming CAISO TPP studies. The twenty-year long-term strategy plan and study will address, among other things, reach codes (local energy code amendments intended to strengthen emissions reductions) and impacts of electrification and decarbonization to SVP's transmission and distribution electrical systems. To complete these additional services, SVP will require an increase in the maximum compensation of the ECI agreement for the system expansion plan from $850,000 to $1,500,000 and extension of the term through December 31, 2025.

The System Expansion Plan has led to a significant increase in the SVP's Capital Improvement Project (CIP) backlog. Managing and delivering these projects from detailed design through construction necessitates the augmentation of staff by hiring outside engineering firms who possess the necessary technical knowledge and expertise to support SVP. For example, the System Expansion Plan includes the following proposed projects as well as other projects not listed:

- NRS Transformer and Breaker Upgrades
- Kifer Receiving Station (KRS) & Scott Receiving Station (SRS) Rebuild and Replacement
- NRS-KRS 115kV Line Replacement

- South Loop Reconductor
- Northwest Loop Capacity Upgrade
- Walsh-Uranium 60kV Reconductor

The proposed projects include replacement of aging infrastructure and installation of new facilities to allow higher internal system capacity. These projects will include the addition of new internal 60kV transmission loops and implementation of reliability upgrades, including replacing or reconductoring transmission lines. For the new 60kV loops, it is important to note that the first step in the process is to determine technical feasibility (design). Additional CAISO transmission capacity would be required to fully take advantage of the increased internal capacity.

As identified in the Three-Year Growth Plan Strategy and SVP System Expansion Plan TPP FY2023/24, the combined cost of these CIP projects is estimated at nearly $500 million. Of this total amount, approximately 20% to 25% is attributed to engineering services such as design and construction management. In addition, to ensure that dedicated developer substations are built to SVP standards and connect properly to SVP's electric system, SVP provides engineering services to developers who design and build their own substation with costs recovered from those developers. Design, equipment, and construction project costs for substations built by developers are not included in the $500 million budget. Therefore, total estimated engineering costs may exceed the 20 - 25% to account for costs of engineering for projects that are not included in SVP's CIP budget. To assure sufficient support to complete the System Expansion Plan and meet schedule commitments to developers while assuring SVP standards are met, SVP requires an increase of $30 million in aggregate maximum compensation for agreements for general consulting and plan implementation services. This will amend previous authorizations and allow SVP to spread $80 million among the master agreements. SVP will initiate amendments after selection of consultants following the call for proposals process described in the background of this report. SVP staff manages the aggregate compensation to assure that no services are approved that will result in exceeding the aggregate maximum compensation.

ENVIRONMENTAL REVIEW

These proposed actions involve the approval of amendments to existing agreements for program and project management services. Any associated capital improvements have been or will be evaluated under the California Environmental Quality Act ("CEQA"). Therefore, the proposed actions and do not constitute a "project" within the meaning of CEQA pursuant to section 15061(b)(3) of Title 14 of the California Code of Regulations as it can be seen with certainty that there is no possibility that the proposed approvals will have a significant effect on the environment.

FISCAL IMPACT

Sufficient funds for these amendments are included in the capital budget for each project for Fiscal Year 2023/2024. Funding for specific projects is allocated in the Electric Utility Fund in the FY2023/24 Capital Improvement Budget, such as the NRS Transformer and Breaker Upgrades (CIP 2454), NRS-KRS 115kV Line (CIP 2455), KRS Rebuild and Replacement (CIP 2453), Laurelwood Substation (CIP 2443), Democracy Substation (CIP 2464), Transmission Loop 1 (CIP 2459), and Transmission Loop 2 (CIP 2463). Additional budget appropriations will be required for the Transmission Loop projects. Required actions will be brought forward to City Council for approval of the project and associated budget after design. It is anticipated that costs will be recovered through developer contributions. As the System Expansion Plan and design and construction of developer

funded substations progress, the costs and timelines will be revised and updated, and budget adjustments will be requested at that time if required.

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years. In the event the authorized budget for a project will be exceeded, budgetary actions will be brought forward to Council as needed to cover such services in advance of authorizing those services.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an amendment to the Agreement for Design Professional Services with Electrical Consultants, Inc (ECI Agreement) for additional services associated with the System Expansion Plan increasing the maximum compensation to $1,500,000 and extending the term of the agreement until December 31, 2025, funded by the Electric Utility Capital Fund;
2. Authorize the City Manager to negotiate and execute amendments to the following Agreements for Design Professional Services (Master Agreements) for Silicon Valley Power's System Expansion Plan with an additional aggregate maximum compensation of $30 million for a new aggregate maximum compensation of $80 million funded by the Electric Utility Capital Fund and allocated as SVP may require, subject to the appropriation of funds: (A) general consulting services with; (i) Advisian Worley Group; (ii) TRC Solutions, Inc.; (iii) Leidos Engineering LLC; (iv) Flynn Resource Consultants, Inc.; and (v) EN Engineering LLC; and (B) For plan implementation services with: (i) Burns & McDonnell Engineering Company, Inc. (formerly 1898 & Co.); (ii) TRC Solutions, Inc.; (iii) ECI; (iv) AECOM Technical Services, Inc.; and (v) Stantec Consulting Services Inc
3. Authorize the City Manager to take any actions as necessary to implement and administer the ECI Agreement and Master Agreements and to negotiate and execute amendments to those agreements to (a) add or delete services consistent with their scope of services; (b) adjust future rates; and (c) extend their term of the agreement to complete projects initiated during the authorized term; and
4. All amendments included in this authorization shall be subject to the review and approval as to form by the City Attorney.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
STANTEC CONSULTING SERVICES, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Stantec Consulting Services, Inc., a New York corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services between City of Santa Clara, California and Stantec Consulting Services, Inc.," dated February 9, 2021 (Agreement) for the purpose of having Contractor provide plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP); and

B. The Parties entered into the Agreement to update the scope to include a work authorization process and increase maximum compensation.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled Agreement Documents is amended in its entirety to read as follows:

   The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees

   Exhibit C – Insurance Requirements

   Exhibit D – Labor Compliance Addendum

   Exhibit E – Sample Work Authorization Form

   This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. Section 6 of the Agreement, entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is seven million five hundred thousand dollars ($7,500,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance."

3. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended November 1, 2023, which is hereby incorporated into the Agreement.

4. Exhibit B – Schedule of Fees is deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended November1, 2023, which is hereby incorporated into the Agreement.

5. Exhibit E – Sample Work Authorization is hereby attached and incorporated by reference.

6. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

[SIGNATURES ON FOLLOWING PAGE]

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND STANTEC CONSULTING SERVICES, INC.
EXHIBIT A - SCOPE OF SERVICES
AMENDED NOVEMBER 1, 2023

1. The Contractor shall perform plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects. Such plan implementation / project management services include but are not limited to:
   - 1.1. Act as project manager for the activities such as, but not limited to:
     - 1.1.1. Project permitting including support of California Environmental Quality Act (CEQA) determinations
     - 1.1.2. Land acquisition
     - 1.1.3. Project design and preparation of plans, specifications and engineer's estimate
     - 1.1.4. Bid support
     - 1.1.5. Construction support
     - 1.1.6. Record drawings and project closeout
   - 1.2. Perform system planning for electric utility distribution and transmission systems
   - 1.3. Prepare distribution and transmission line conceptual design, feasibility, and permitting.
   - 1.4. Prepare substation conceptual and/or detail design, feasibility, and permitting including support with substation communications, protection and control systems.
   - 1.5. Assist with third party plan submissions such as WECC, CAISO, and PG&E.
   - 1.6. Conduct load flow, short circuit studies and arc flash studies as needed.
   - 1.7. Conduct Distributed Energy Resource (DER) interconnection studies as needed.
   - 1.8. Assess existing design standards and recommend revisions or new standards.
   - 1.9. Assess existing maintenance practices or standards and recommend revisions or create new standards.
   - 1.10. Provide drafting support as needed.
   - 1.11. The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested and provide copies to SVP.

1.12. At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature.

2. WORK AUTHORIZATION PROCESS

2.1. Contractor acknowledges that Contractor is one of five (5) firms selected to perform Plan Implementation Services, pursuant to [Number of agreements] separate agreements (collectively, the "Plan Implementation Agreements"). Specific Services will be assigned as set forth below.

2.2. City does not give any guarantee to Contractor that City will select Contractor for the performance of any Work Request or any other Services. If City selects Contractor to perform a Work Request, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Work Authorization and Purchase Order.

2.3. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves and final approval for each Approved Work Authorization.

2.4. When Contractor will be required to perform services on an on- going basis, such ongoing services shall be authorized using the Work Authorization Process in this Section 2.

2.5. Work Request

2.5.1. When plan implementation Services are required, SVP will notify one or more contractors under contract for Plan Implementation Services to provide a proposal for Services.

2.5.2. SVP will provide a description of the Services required, the basis of award, the deadline for response, and any other relevant information (Work Request).

2.6. Proposal

2.6.1. If Contractor has the required expertise and desires to submit a proposal, Contractor shall prepare and submit a proposal (Proposal) that includes:

2.6.1.1. The specific service(s) to be performed. Detail of the services should have a level of detail reflective of the scope, timeline, and cost of the specific project.

2.6.1.2. A work plan that includes a detailed description by task of the services to be performed.

2.6.1.3. A project timeline/schedule with discussion on any activities that may impact the project timeline/schedule such as, but not limited to, material delays or permitting.

2.6.1.4. A list of Contractor's personnel and subcontractors including subcontractor Department of Industrial Relations (DIR) number where required.

2.6.1.5. Any required drawings or documents.

2.6.1.6. A list of City responsibilities.

2.6.1.7. An itemized cost proposal showing:

2.6.1.7.1. Hours and hourly rates by position as listed in Exhibit B for both Contractor and subcontractor personnel if applicable. Indicate labor subject to prevailing wage requirements.

2.6.1.7.2. Subcontractor costs including subcontractor DIR number where required and indicating prevailing wage and non-prevailing wage services.

2.6.1.7.3. Parts/materials

2.6.1.7.4. Rental and/or specialty equipment

2.6.1.7.5. Reimbursable expenses, in accordance with the limitations set forth in Exhibit B.

2.6.1.7.6. Any additional costs including, but not limited to freight, permits, fees.

2.6.1.7.7. Breakdown of materials and labor sufficient to calculate sales tax. Taxable and non-taxable items shall be itemized in a manner that will permit the City to accurately calculate sales tax.

2.6.1.7.8. Estimated total cost including sales tax.

2.6.1.7.9. All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement and the Proposal shall include sufficient information for the City to determine that rates are in accordance with the Agreement.

2.6.1.7.10. Cost for any additional equipment, parts, materials, or services required for completion of services as detailed in the Work Request and in Contractor's Proposal but not reflected in the Contractor's cost proposal shall be the sole responsibility of the Contractor and at no cost to the City.

2.6.2. The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor. Contractor must submit a revised Proposal to the City based upon such negotiations. The final proposal shall include a clear breakdown of materials and labor indicating taxable and non-taxable items and an estimate of sales tax.

2.7. Work Authorization:

2.7.1. If the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement, (when combined with all previously authorized Services), the City may authorize the proposed services as set forth in this Section.

2.7.2. To authorize work, the City and Contractor shall execute a Work Authorizations in substantially the same format as Exhibit E. Each Work Authorization shall describe the proposed services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the proposed service and deliverables, and the compensation for the services.

2.7.3. Subject to the terms and conditions of this Agreement, Contractor and City will negotiate the specific scope and requirements of each Work Authorization. Upon execution by the Parties, the Work Authorization shall become an Approved Work Authorization.

2.7.4. Each Approved Work Authorization shall have a Purchase Order attached to it.

2.7.5. Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization. Purchase Orders are issued by the Finance Department.

2.7.6. Contractor shall not initiate the additional services and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order.

2.8. Changes to Work Authorization:

2.8.1. Contractor shall notify the City immediately when a situation occurs that may result in a change to the total project cost or specific line items in an Approved Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Approved Work Authorization or Purchase Order.

2.8.2. Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

2.8.3. In the event that unanticipated site conditions or other issues result in costs that exceed total of the Approved Work Authorization or changes

to line items in an Approved Work Authorization or in the Purchase Order, Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional required services. The City will issue a new or amended Work Authorization and changed purchase order to authorize such additional services. Each changed Work Authorization and Purchase Order shall amend the Services and be incorporated into the Services by reference.

2.8.4. Contractor shall not initiate the additional services associated with changes and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase order or changed Purchase order.

2.9. Proposals, pricing, and quotes are not confidential and will not be treated as confidential even if marked confidential when submitted.

2.10. An Approved Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in an Approved Work Authorization – even if the Approved Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in an Approved Work Authorization are invalid and unenforceable.

2.11. Each Approved Work Authorization and Purchase Order including those authorized prior to execution of this Amendment No. 1 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

2.12. If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

2.13. The City (through the individuals listed in section 2.7.5 or, in the case of Purchase Orders, the Finance Department) may terminate an Approved Work Order or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

2.14. Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

2.15. SVP shall not be required to pay a deposit or any other form of pre- payment prior to the Contractor beginning work.

2.16. Contractor shall not initiate services before a Work Authorization has been executed and/or Purchase Order has been issued."

3. e-BUILDER

3.1. Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement, as requested by the City. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

3.2. The City will establish Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guider-2015. The City reserves the right to limit the licenses issued to Contractor in the future.

3.3. Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

3.4. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. The Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc. and current traffic on the Internet. The City will not be liable for any delays associated from the usage of e-Builder including, but not limited to: slow response time, down time periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will usage of e-Builder be grounds for a time extension or cost adjustment to the Contract.

3.5. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

3.6. The Contractor is responsible for managing, tracking, and documenting work to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

3.7. At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

3.8. While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder web site and shall be responsible for the validity of its information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If

a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

3.8.1. Correspondence;

3.8.2. Meeting Minutes;

3.8.3. Submittals and Shop Drawings;

3.8.4. Product Data, reports, certifications, etc. must be submitted in PDF format. (If a sample is able to be scanned, it is requested a scanned PDF copy is submitted with the sample.);

3.8.5. Requests for Information (RFI's);

3.8.6. Change Order requests and documentation, including record copies of Change Orders, Proposals, Modifications;

3.8.7. Pay Applications;

3.8.8. "Official" correspondence (such as letters) including informal correspondence, such as e-mail;

3.8.9. Pre-Task Plans (PTPs);

3.8.10. Daily Construction Reports and other Daily Reports including Contractor Quality Control (CQC) Reports;

3.8.11. Quality Control (QC) Documentation

3.8.12. All official reports, such as Commissioning reports;

3.8.12.1. Notices and Claims;

3.8.12.2. Operations and Maintenance Manuals;

3.8.12.3. All Close-out documents; and

3.8.12.4. All testing results.

3.8.13. Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e- mail, or resident on the e-Builder for the duration of the Project. Such data shall be available to City, authorities with jurisdiction (including funding agencies or representatives) on demand.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND STANTEC CONSULTING SERVICES, INC.
EXHIBIT B - COMPENSATION AND FEE SCHEDULE
AMENDED NOVEMBER 1, 2023

1. Compensation:
   1.1. This is a time and materials agreement
   1.2. The maximum amount of compensation to be paid to Contractor during the Term of this Agreement shall be the amount specified in Section 6 (COMPENSATION AND PAYMENT) of the Agreement .
   1.3. The maximum compensation specified in Section 6 includes all services provided under this Agreement as Amended including those services provided in advance of this Amendment.
   1.4. The City does not guarantee any minimum compensation under this Agreement.

2. Rates
   2.1. Services shall be provided according to the rates in Table B-1 – HOURLY RATES.
   2.2. Services performed prior to this Amendment shall be invoiced at the rates in place at the time of the service.
   2.3. Rate Adjustments. Contractor may increase rates annually beginning January 1, 2024, by the lesser of 5% or a percentage amount not to exceed the percent change of the preceding 12 month period in the Consumer Price Index for all Urban Customers, selected items, not seasonally adjusted as published by the U.S. Bureau of Labor Statistics at https://www.bls.gov/cpi or successor site. In no event shall such increase exceed 5% annually. Except for the annual escalation described in this section, all rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes that have not been separately authorized pursuant to this section are not approved).

3. Reimbursable Expenses
   3.1. City Requested Expenses. Contractor shall not be entitled to reimbursement of its expenses without the prior written approval of the City. Outside services such as, but not limited to outside reprographic services, subcontractor materials and equipment, will be invoiced at cost. Subcontractor services will be invoiced at cost plus 10%.
   3.2. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in

providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance by the City pursuant to Section 2 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred.

3.3. Travel and Per Diem. Travel and Per Diem will be invoiced at cost.

3.3.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources

3.3.2. Mileage. Personal automobile travel from portal to portal or between locations will be charged at IRS mileage rates per mile in place at the time of travel.

3.3.3. Travel Expenses. Airfare, car rental, taxi, parking, tolls, and incidental expenses will be invoices at cost, with receipts provided for any expenses. Airfare and rental car, if required, shall be at economy class.

4. Invoicing and Payments:

4.1. Contractor will invoice City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City.

4.2. All monthly invoices shall include

4.2.1. PO number,

4.2.2. Itemization of the authorized expenses incurred, if any, with a detail listing the cost and source of such expenses and when they were incurred in a formal that will permit City to verify rates are the same as those authorized in the Agreement.

4.2.3. Amount paid to date and amount remaining in the Agreement and Purchase Order.

4.2.4. Where applicable, invoices shall include sufficient detail to allow for accurate comparison with certified payroll submittals.

4.3. If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.4. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all Certified Payroll (where required), City shall process the invoice for payment within 30 days.

TABLE B-1 HOURLY RATES

	Jan. 1, 2020 – Dec. 31, 2020	Jan. 1, 2021 - Dec. 31, 2021	Jan. 1, 2022 – Dec. 31, 2022	Jan. 1, 2023 – Dec. 31,2023

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 8 of Exhibit A and Section 5 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☒ Time & Materials ☒ Fixed Fee

b. Reimbursable Expenses:

☒ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:

☒ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file.

*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

AMENDMENT NO. 2
FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
STANTEC CONSULTING SERVICES, INC.

PREAMBLE

This agreement ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Stantec Consulting Services, Inc. a New York corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services between the City of Santa Clara, California and Stantec Consulting Services, Inc., dated February 9, 2021, (Agreement) for the purpose of having Contractor provide plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP); and

B. The Agreement was previously amended by Amendment No. 1, dated December 6, 2023. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to increase the maximum compensation and extend the term.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 2 of the Agreement as Amended, entitled "TERM OF AGREEMENT", is amended to read as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020, and terminate on November 30, 2029."

2. Section 6 of the Agreement as Amended, entitled "COMPENSATION AND PAYMENT", is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is fifteen million five hundred thousand dollars

Docusign Envelope ID: DD96A0D9-BE73-4F1A-90C2-E42A74F618C9

($15,500,000) subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstances."

3. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 2, the provisions of this Amendment No. 2 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 2 as evidenced by the following signatures of their duly authorized representatives.

AMENDMENT NO. 3
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
STANTEC CONSULTING SERVICES, INC.

PREAMBLE

This agreement ("Amendment No. 3") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Stantec Consulting Services, Inc. a New York corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services between the City of Santa Clara, California and Stantec Consulting Services, Inc., dated February 9, 2021, (Agreement) for the purpose of having Contractor provide plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP); and

B. The Agreement was previously amended by Amendment No. 1, dated December 6, 2023, Amendment No. 2, dated May 9, 2025, and is again amended by this Amendment No. 3. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to update Exhibit A (Scope of Services) and Exhibit B (Schedule of Fees and Payment Provisions).

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement as Amended is hereby deleted and replaced with the following:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees and Payment Provisions

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance

Exhibit E – Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Section 11 of the Agreement as Amended is amended in its entirety to read as follows:

   A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Contractor pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

   B. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and Work Authorizations.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

G. Within two (2) weeks of the termination of this Agreement, Contractor will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement."

3. Section 14 of the Agreement as Amended is amended in its entirety to read as follows:

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subconsultants, or agents in the performance, or non-performance, of Services under this Agreement.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

4. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended August 15, 2025, which is hereby incorporated into the Agreement

5. Exhibit B – Schedule of Fees is hereby deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended August 15, 2025, which is hereby incorporated into the Agreement

6. Exhibit E – Sample Work Authorization is hereby attached and incorporated by reference.

7. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 3, the provisions of this Amendment No. 3 shall control.

AMENDMENT NO. 3
TO A MASTER AGREEMENT FOR DESIGN SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
STANTEC CONSULTING SERVICES INC.
EXHIBIT A - SCOPE OF SERVICES
AMENDED: AUGUST 15, 2025

SECTION 1. GENERAL

1.1. Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide engineering Contractor services to support the City of Santa Clara's Electric Utility, Silicon Valley Power ("Services").

1.2. To the extent not inconsistent with this Agreement, the City's SOQ SVP-19-005 (including subsequent updates) and Contractor's proposal response dated January 29, 2020, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ SVP-19-005 or Contractor's proposal, the Agreement and Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

2.1 Contractor will provide the following professional consulting services to the City on an as-needed basis pursuant to the Work Authorization Process described in Section 6 and as further described pursuant to individual Work Authorizations or Purchase Orders, as applicable.

2.2 Act as project manager for required activities such as, but not limited to:

2.2.1 Project permitting including support of California Environmental Quality Act (CEQA) determinations

2.2.2 Land acquisition

2.2.3 Project design and preparation of plans, specifications and engineer's estimate.

2.2.4 Bid support

2.2.5 Construction support and construction management

2.2.6 Record drawings and project closeout

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

2.3 Perform system planning for electric utility distribution and transmission systems

2.4 Prepare distribution and transmission line conceptual design, feasibility, and permitting.

2.5 Prepare substation conceptual and/or detail design, feasibility, and permitting including support with substation communications, protection and control systems.

2.6 Assist with third party plan submissions such as WECC, CAISO, and PG&E.

2.7 Conduct load flow, short circuit studies and arch flash studies as needed.

2.8 Conduct Distributed Energy Resource (DER) interconnection studies as needed.

2.9 Assess existing design standards and recommend revisions or new standards

2.10 Assess existing maintenance practices or standards and recommend revisions or create new standards.

2.11 Provide drafting support as needed.

2.12 The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested and provide copies to SVP.

2.13 At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, docx. xlsx, xml, dwg, dwg, sav formats as applicable and that are not proprietary in nature.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Contractor shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Subconsultant and subcontractor management

3.2 All reports, cost estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

3.3 The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

date of certificate and signature of the design professional responsible for their preparation.

SECTION 4. REPORTS

4.1 Contractor shall provide regular updates regarding the cost, schedule, and status for Services performed throughout the Term.

4.2 Depending on the nature and scope of the Services, Contractor may be required to provide status updates daily, weekly, or monthly at the direction of City.

4.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

All Services shall be completed in a timely, efficient manner so as to meet the project schedule of each Work Authorization or Purchase Order, as defined in Section 6.

SECTION 6. WORK AUTHORIZATION PROCESS

6.1 Contractor acknowledges that Contractor is one of multiple firms eligible to perform the Services pursuant to separate service agreements for plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects ("Project Agreement"). The City will award and authorize specific Services as set forth in this Section. The City does not guarantee that any specific work will be authorized under this Agreement.

6.2 Call for Proposal (CFP)

6.2.1 When Services are required, City will issue a CFP to eligible consultants with a Project Agreement to submit a written proposal for Services ("Proposal").

6.2.2 As part of the CFP, City will provide a description of the required Services, the criteria for evaluation, the deadline for response, and any other pertinent information.

6.3 Proposal

6.3.1 If the Contractor desires to respond to a CFP, Contractor will prepare and submit a written Proposal for that CFP. A Proposal shall be in a format and contain such information as specified in the CFP which may include the following, where applicable for that CFP:

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

6.3.1.1 The proposed scope of work and deliverables with a work plan and detailed description by task of the services to be performed.

6.3.1.2 A project timeline/schedule with discussion of any activities that may impact the project timeline/schedule.

6.3.1.3 The names, titles, and assignments of each of Contractor's professional employees who will be principally responsible for performing the Services.

6.3.1.4 The names of any subconsultants or subcontractors that Contractor proposes to use and the portion of services that the subconsultant or subcontractor will perform. Where required, Contractor will provide subcontractor Department of Industrial Relations (DIR) number.

6.3.1.5 Any required drawings or documents.

6.3.1.6 A list of City responsibilities

6.3.1.7 A final acceptance criteria

6.3.1.8 Itemized cost including the following:

6.3.1.8.1 Hours and hourly rates by position as listed in Exhibit B. Indicate labor subject to prevailing wage requirements.

6.3.1.8.2 Subconsultant or Subcontractor scope of services or quote including hours and hourly rates. Indicate labor subject to prevailing wage requirements.

6.3.1.8.3 Parts and materials

6.3.1.8.4 Rental and/or specialty equipment

6.3.1.8.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B

6.3.1.8.6 Any additional costs such as, but not limited to freight, permits, and fees

6.3.1.8.7 Breakdown of materials and labor sufficient to calculate all required taxes

6.3.1.8.8 Estimated total cost including any required taxes

6.3.1.8.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

the City to determine that rates are in accordance with the Agreement.

6.3.1.8.10 Any costs such as for additional equipment, parts, services, or other expenses required for completion of services as detailed in the CFP and in Contractor's Proposal but not reflected in the Contractor's cost Proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

6.3.2 City will evaluate the Proposals according to the criteria and weights listed in the CFP.

6.3.3 At the City's discretion, the City may interview Contractors submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the CFP.

6.3.4 City will enter into negotiations with the highest-ranked Contractor. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services.

6.3.5 Provided that the original cost Proposal includes all applicable items listed in Section 6.3, the City and the selected Contractor may negotiate whether the cost for the Work Authorization or Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.3.6 If a fixed fee or lump sum is authorized by the City, Contractor must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.3.6.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.3.6.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.3.6.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.3.7 Contractor must submit a revised Proposal to the City based upon such negotiations.

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

6.4 Authorization of Work

6.4.1 Once City and the selected Contractor agree on the final pricing, scope, and specific requirements of the proposed services, and, if the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement (when combined with all previously authorized Services), the City may authorize Services as set forth in this Section.

6.4.2 For Proposals with a total cost exceeding $50,000, City will provide approval by executing a Work Authorization in substantially the same format as Exhibit E ("Work Authorization") and issuing a Purchase Order. Each Work Authorization shall describe the services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the service and deliverables, and the maximum compensation for the Work Authorization.

6.4.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Work Authorization.

6.4.4 For Proposals with a total cost less than $50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve in lieu of the Work Authorization. If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, the Purchase Order will bind the Contractor.

6.5 Changes to Work Authorization

6.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Work Authorization or Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional services.

6.5.2 If the change to the Work Authorization or Purchase Order is approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

6.5.3 If Contractor requires changes to a fixed price Work Authorization or Purchase Order, Contractor shall only be permitted to request changes with justification such as additional scope requested by City or unanticipated field conditions. For such changes, Contractor shall submit

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

justification demonstrating that changes in cost are associated with changes in scope. For a change request that is required because the City has requested additional work that is within the scope of a Work Authorization or Purchase Order but was not included in the Proposal when the Work Authorization or Purchase Order was issued, the written justification shall include the specific change in scope of work that has been requested by the City including the changed work schedule and associated costs.

6.5.3.1 If the City requires additional work after the applicable Work Authorization or Purchase Order has been issued, the Contractor shall, at City's request, provide an updated Proposal including the revised work schedule and associated costs with the same details as Section 6.3. If approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) or Purchase Order (as applicable) to authorize such additional services.

6.5.3.2 Contractor shall only be entitled to submit a change request for unanticipated site conditions to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Work Authorization or Purchase Order.

6.5.3.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.6 Immediate Need / Interim Work Orders

6.6.1 The City may authorize interim work orders in accordance with this Section, in the following circumstances:

6.6.1.1 Issues are identified during the performance of a Work Authorization or Purchase Order that can be most efficiently and economically resolved while on site; provided those services are related to those contained in the approved Work Authorization or Purchase Order.

6.6.1.2 In the event work is required to maintain a critical SVP function or project schedule.

6.6.2 Interim work orders do not need to be in writing and may only be authorized by the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Verbal

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

authorizations will be confirmed by the City in writing within three (3) business days or such additional time as City may require.

6.6.3 Within 5 business days of receipt of written authorization for the interim work order, Contractor shall provide an updated Proposal to City. The Proposal shall be detailed in accordance with this Section 6 and shall also include all services required including those services already completed or initiated.

6.6.4 If the City approves the Proposal, the City will issue a Work Authorization and/or a Purchase Order as soon as reasonably practicable.

6.7 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization.

6.8 A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Work Authorization – even if the Proposal or Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Work Authorization are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Work Authorization, (3) Purchase Order, and (4) Proposal.

6.9 Each Work Authorization and Purchase Order including those authorizations issued pursuant to Section 6.6 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

6.10 The City (through the individuals listed in Section 6.7 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

6.11 Proposals, pricing, quotes, and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.

6.12 Except where the circumstances in Section 6.6 apply, Contractor shall not initiate Services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such services where applicable, (2) issued a Purchase Order, and (3) directed the Contractor to perform services.

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

SECTION 7. CONTRACTOR PERSONNEL

7.1 Project Manager

7.1.1 Contractor must designate one (1) Project Manager to communicate with the City during performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback.

7.1.2 A separate project manager may be designated for specific Work Authorizations or Purchase Orders but the Project Manager defined in Section 7.1.1 will have ultimate responsibility for communications.

7.1.3 The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

7.2 Staffing

7.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

7.2.2 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

7.2.3 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

7.3 Employee Training

7.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants or subcontractors) appropriate to the duties and responsibilities of each employee.

7.3.2 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

7.3.3 At the City's request, Contractor shall submit copies of training records for its employees.

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

SECTION 8. E-BUILDER

8.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

8.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

8.3 E-Builder Training. Contractor is required to obtain all necessary training to use the e-Builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

8.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. City will not be liable for any delays associated with the Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. Contractor shall ensure connectivity to the e-Builder system whether at a home office, City site or job site. Under no circumstances will the use of e-Builder be grounds for a time extension or cost adjustment to a Work Authorization or Purchase Order.

8.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Work Authorization or Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-Builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

8.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

8.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

possible in connection with all document and information management required in the performance of the Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

8.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

8.9 Should the City replace e-Builder with a different project management tool, Contractor, subconsultants, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS
AMENDED AUGUST 15, 2025

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Except for those Services authorized at fixed price pursuant to Section 6 of Exhibit A, Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B1 (RATES) attached and incorporated by reference.

2.2 Rates listed in Appendix B1 are fully burdened and will remain fixed for the first two (2) years of the Agreement.

2.3 Rate Changes

2.3.1 Rate Increase. After the first two (2) years of the Agreement, rate increases may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase.

2.3.2 Rate Changes. Contractor may adjust hourly labor rates on each anniversary during the term of the Agreement. Price adjustments will be made in accordance with the percentage change in the Consumer Price Index (CPI-U) for all Urban Consumers from the San Francisco-Oakland-Hayward area, published by the U.S. Bureau of Labor Statistics. The price adjustment will be determined using the 12-Month Percent Change with a base period of 1982-1984=100.

2.3.3 Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.3.4 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 6 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 6 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside services (including subconsultant fees, subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (including subconsultants / subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Work Authorization and/or Purchase Order, (b) that the rates

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization and/or Purchase Order and based on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s), as specified in the Work Authorization or Purchase Order and subject to the following.

3.2.1 Invoices must include the following information:

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

3.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice may be returned to Contractor to correct and resubmit before payment can be processed.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

3.8 Confidential. Invoices are not confidential even if marked as confidential when submitted.

Docusign Envelope ID: DBC6F21C-8E34-4098-B7FB-AD0215968229

APPENDIX B1 TO EXHIBIT B
RATES

1. RATES

1.1. Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 6 of Exhibit A. The rates applicable for the Services are listed below in Table B1 (Labor Rates) and Table B2 (Other Charges).

1.2. In cases where services are required but not listed below, Contractor shall submit rates for approval by the City in advance, in writing before performing the services. For avoidance of doubt, any changes to the rates in Table B1 and Table B2 must be authorized by an amendment to the Agreement in accordance with Section 2.3 of Exhibit B. Rate changes are not permitted as part of a Work Authorization process.

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and Stantec Consulting Services Inc. ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control. **This Work Authorization is not valid until accompanied by a Purchase Order authorized by the City.**

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 11 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:
☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file.

*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay the City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization. Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

AMENDMENT NO. 4
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
STANTEC CONSULTING SERVICES, INC.

PREAMBLE

This agreement ("Amendment No. 4) is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Stantec Consulting Services, Inc. a New York corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "*Agreement for Design Professional Services between the City of Santa Clara, California and Stantec Consulting Services, Inc.", dated February 9, 2021 (Agreement) for the purpose of having Contractor provide plan implementation/project management services as required by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP);

B. The Agreement was previously amended by Amendment No. 1, dated December 6, 2023, Amendment No. 2, dated May 9, 2025, Amendment No. 3, dated October 30, 2025, and is again amended by this Amendment No. 4. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to update reimbursable allowances.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 2.4 of Exhibit B of the Agreement as Amended is hereby amended to read as follows:

   "Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 6 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient

Docusign Envelope ID: FE6DC752-7EAC-48A9-87AB-C3F2A95D8DBA

documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 6 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside services (including subconsultant fees, subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates. Meals: Contractor may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Contractor pays its employees a per diem rate lower than the GSA rate, the Contractor may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required	No Markup

Docusign Envelope ID: FE6DC752-7EAC-48A9-87AB-C3F2A95D8DBA

	Reimbursable Expense Schedule	Mark Up
	for reimbursement. Housing Allowance in Lieu of Meal and Lodging Per Diem: Effective July 1, 2025, any employees of Contractor who are required to stay at the project site for more than ten (10) business days may elect to receive a housing allowance in lieu of the standard meal and lodging per diem. If Contractor elects to use corporate housing, a personal residence, or a short-term rental in lieu of commercial lodging during the project engagement, written work authorization from the City is required. Upon such authorization, the City shall reimburse Contractor at a daily rate equal to the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of both hotel lodging costs and meal per diem. Contractor shall certify that no other lodging or meal reimbursements are being claimed for the same period. Receipts are not required for Contractor electing this housing option.	
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 4, the provisions of this Amendment No. 4 shall control.

The effective date of this Amendment No. 4 is the date of City's execution of this amendment.

Docusign Envelope ID: FE6DC752-7EAC-48A9-87AB-C3F2A95D8DBA

The Parties acknowledge and accept the terms and conditions of this Amendment No. 4 as evidenced by the following signatures of their duly authorized representatives.

REPORT TO COUNCIL

SUBJECT

Action on Master Agreements for Silicon Valley Power on System Capacity Expansion Planning including Delegation of Authority for Capital Project Implementation and General Engineering Support [Council Pillar: Deliver and Enhance High Quality Efficient Services and Infrastructure]

BACKGROUND

As discussed as part of Silicon Valley Power's (SVP) quarterly Council update, electrical demand in the City is expected to increase over the next decade. To meet the electrical demand from future growth requires additional support from consultants for a variety of services including:

- Creating a detailed System Expansion Plan
- Design of Transmission line and Substation installations and upgrades
- Implementation management for Capital Improvement Projects
- General engineering support for maintenance of existing assets

DISCUSSION

SVP is looking for engineering support in three (3) areas: System Expansion Planning, General Consulting, and Plan Implementation.

System Expansion Plan

SVP's electric load has increased by more than 20% over the last decade and based on executed agreements and upcoming development, SVP's current system will need major upgrades to accommodate the increase of demand over the five to ten years.

A System Expansion Plan will consist of a short term and long-term capital improvement plan to accommodate the additional electric load growth due to new development in Santa Clara (Data Centers and Residential Projects). The consultant will also review and provide the basis for updating the Load Development Fee to ensure the recovery of costs incurred by the City in modifying its electrical infrastructure to support load growth due to the new development.

General Consulting Services

Based on newly executed agreements and current developer negotiations, SVP could add seven new substations over the next five years to its electrical system. Utilities the size of SVP do not have sufficient internal staff for such a large engineering project and requires the aid of consultants to engineer plans to meet the projected electric load growth. In addition to the existing projects, the consulting services will be utilized to create detailed engineering design plans based on the System Expansion Plan's guidance.

Plan Implementation Services
With the increase in capital projects comes the need for additional implementation services workforce which will support the design, plan implementation and project management of the Transmission and Substation construction.

On December 5, 2019, staff requested Statement of Qualification (SOQ) to solicit proposals from qualified firms for consulting services associated with SVP System Expansion Plan. The SOQ was published on BidSync, the City's e-procurement system. Eleven proposals were received from the following firms:

- 1898 & Co. (Kansas City, MO)
- Advisian Worley Group (Folsom, CA)
- AECOM (Oakland, CA)
- Electrical Consultants, Inc. (Billings, MT)
- EN Engineering LLC (Warrenville, IL)
- Flynn Resource Consultants Inc. (Discovery Bay, CA)
- Leidos Engineering, LLC (Hendersonville, TN)
- Power Engineers (Anaheim, CA)
- Stantec Consulting Services Inc. (Walnut Creek, CA)
- TRC Solutions, Inc. (Mountain View, CA)
- ZGlobal, Inc. (Folsom, CA)

Evaluation Process: Proposals were evaluated and scored independently by a five-member evaluation team against the criteria and weights published in the SOQ. Follow-up oral interviews were conducted with the companies submitting the highest scoring proposals for each of the three areas.

Award Recommendation: Staff recommends award of the System Expansion Plan contract to Electrical Consultants, Inc. (ECI) as the most qualified firm per the evaluation criteria set forth in the SOQ.

Staff recommends award of General Consulting Services contracts to Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC.

Staff recommends award of Plan Implementation Services contracts to 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc.

Notice of Intended Award: Notice of Intended Award (NOIA) announcing the City's recommended vendors for each service area were issued on August 28, 2020 and August 31, 2020.

Term of Agreements: The term of the proposed System Expansion Plan Agreement will be fourteen (14) months to deliver the System Expansion Plan. The term of the General Consulting Services and Plan Implementation Services Master Agreements will be five (5) years each.

Cost Summary: Staff is requesting that the Council 1) authorize the City Manager or their designee to execute the Agreement with ECI for a total amount not to exceed $850,000 which will allow for the development of a System Expansion Plan, 2) delegate authority to the City Manager or their

designee to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement and 3) delegate authority to the City Manager or their designee to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement.

ENVIRONMENTAL REVIEW

The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378 (b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment.

FISCAL IMPACT

The total cost of the proposed agreement with Electrical Consultants, Inc. (ECI) to perform work on the System Expansion Plan shall not exceed $850,000. Funding for this agreement was included as part of the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in the New Business Estimate Work CIP project.

For general consulting services, compensation for the five Master Agreements shall not exceed $2,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- System Capacity Expansion
- New Business Estimate Work
- Operations and Planning Technology
- Clean Energy and Carbon Reduction
- Renewable Energy Microgrid

For plan implementation services, compensation for the five Master Agreements shall not exceed $3,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- Esperanca Substation
- Homestead Substation Rebuild
- Oaks Junction
- San Tomas Junction
- Laurelwood Substation
- System Capacity Expansion
- NRS Breaker 382 Addition

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years.

COORDINATION
This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION
1. Authorize the City Manager to execute the System Expansion Plan Agreement with Electrical Consultants, Inc. in an amount not to exceed $850,000;
2. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement over the five year terms of the agreements, subject to the appropriations of funds;
3. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement over the five-year terms of the agreements, subject to the appropriation of funds; and
4. Authorize the City Manager or their designee, to add or delete services consistent with the scope of the agreements, and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds.

EBIX Insurance No. S200004640

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND TRC SOLUTIONS, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc., a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020 and terminate on November 30, 2025.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials covered by this Agreement shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective materials at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace defective materials, City may make corrections or replace materials charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services in accordance with the Standard of Care, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the specifications, requirements, and instructions upon which this Agreement is based and consistent with the professional standards of a specialist in the same discipline in the State of

California ("Standard of Care"). Such Standard of Care is not a warranty or guarantee. Contractor agrees to promptly replace or correct any Services that fail to meet the Standard of Care.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is ~~three million dollars ($3,000,000)~~ two million ($2,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

City TRC

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

D. Upon termination, Contractor shall recover payment for all Services performed plus all proven costs associated with the termination.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material exclusively prepared pursuant to this Agreement, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any

expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, and employees, and agents("Indemnitees") from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all reasonable costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, arising out of third party bodily injury, disease, death, or property damage (excluding damages for loss of use) arising out of the Services performed, but only to the extent such bodily injury, disease, death, or property damage is caused by the negligence, or intentional misconduct of the Contractor, its employees, subcontractors, or agents in the performance of Services under this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Each party agrees that waiver by the other party of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at SVPContracts@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

TRC Solutions, Inc.
17911 Von Karman Ave., Suite 400
Irvine, CA 92614
and by e-mail at CBisard@trccompanies.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and

following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. LIMITATION OF LIABILITY

Notwithstanding anything to the contrary in this Agreement, Contractor and City waive any and all claims against each other for incidental, consequential, special, multiple, and punitive damages arising out of or relating to this Agreement,

DocuSign Envelope ID: 4AFBA14E-582F-455D-84D9-5EAE5EF9CEEA

regardless of whether such damages were foreseeable and whether or not the culpable party was advised of the possibility of such damages. This mutual waiver includes, but is not limited to, rental expenses, loss of use, loss of production, loss of income, loss of profit (except profit arising directly from the Services), loss of financing, loss of business, and loss of reputation. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's breach or termination of the Agreement.

CONTINUED ON PAGE 8

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA AND TRC SOLUTIONS, INC.

EXHIBIT A - SCOPE OF SERVICES

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

1.0 The Contractor shall perform general engineering services as requested by the City to support capital, operations, and maintenance projects including but not limited to:

- 1.1 System planning for electric utility distribution and transmission systems
- 1.2 Project design and preparation of plans, specifications and engineer's estimate.
- 1.3 Distribution and transmission line conceptual design, feasibility, and permitting.
- 1.4 Substation conceptual design, feasibility, and permitting.
- 1.5 Support with substation communications, protection and control systems.
- 1.6 Assist with third party plan submissions such as WECC, CAISO, and PG&E.
- 1.7 Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.
- 1.8 Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.
- 1.9 Assess existing design standards and recommend revisions or new standards.
- 1.10 Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.
- 1.11 Assess existing maintenance practices or standards and recommend revisions or create new standards.
- 1.12 Provide design, specification and cost estimates associated with the distribution system including street lighting.
- 1.13 Provide drafting support as needed.

2.0 Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work. The invoice is to include the PO number, paid amount to date and remaining Agreement amount.

3.0 The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

DocuSign Envelope ID: 4AFBA14E-582F-455D-84D9-5EAE5EF9CEEA

4.0 When requested by the City, the Contractor and subcontractors shall utilize e-Builder, a web-based project management tool, or City's designated replacement for projects assigned under this agreement. Access to the project management tool, as well as associated training, will be provided by the City at no cost to the Contractor or its subcontractors. Contractor and subcontractors shall have the responsibility for utilizing the project management tool as necessary for the following: invoice submittal, potential change order submittals, change orders, Request for Information (RFI) submittals, correspondence, assigned tasks and other matters that transpire on the site as directed by City. All documents (including as built drawings) shall be converted or scanned into the Portable Document Format (PDF) file and uploaded to e-Builder.

5.0 At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format as well

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA AND TRC SOLUTIONS, INC.

EXHIBIT B - SCHEDULE OF FEES

1. This is a time and materials contract with a total not-to-exceed amount of $2,000,000.
2. Contractor shall provide services at the labor rates outlined in Table B-1.

Table B-1

Job Category	Labor Classification	Rate
Power System Studies	Manager	$210.00
	Principal Power System Engineer	$195.00
	Senior Power System Engineer	$175.00
	Power System Engineer	$148.50
	Associate Power System Engineer	$120.00
Engineering *Substation Transmission*	Manager	$210.00
	Principal Engineer	$181.50
	Senior Engineer	$165.00
	Engineer	$148.50
	Associate Engineer	$118.00
	Lead Designer	$154.00
	Senior Designer	$121.00
	Designer	$109.00
	Drafter	$88.00
Engineering *Distribution*	Principal Distribution Engineer	$160.20
	Senior Distribution Engineer (Level IV)	$140.00
	Senior Distribution Engineer (Level III)	$130.38
	Distribution Engineer (Level II)	$118.00
	Associate Distribution Engineer (Level I)	$109.00
	Lead Designer	$115.00
	Senior Designer	$109.00
	Designer	$104.00
	Drafter/GIS Specialist	$88.00
Project Management	Senior Project Manager	$181.50
	Project Manager	$165.00
	Project Coordinator	$115.00
	Project Controls Scheduler	$150.00

DocuSign Envelope ID: 4AFBA14E-582F-455D-84D9-5EAE5EF9CEEA

3. Rate Adjustments. Rates outlined in Table B-1 of Section 2 of this Amendment may be requested by Contractor to adjust no greater than annually after January 1, 2022 subject to reasonable notice and justification to the City. City approval or denial of the adjusted rates will be provided in writing (e-mail acceptable).

4. Reimbursable Expenses

   4.1. City Requested Expenses. Outside services such as, but not limited to outside reprographic services, materials and equipment, will be invoiced at cost.

   4.2. Travel and Per Diem. Travel and Per Diem will be invoiced at cost.

      4.2.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

      4.2.2. Mileage. Personal automobile travel from portal to portal or between locations will be charged at IRS mileage rates per mile in place at the time of travel.

      4.2.3. Travel Expenses. Airfare, car rental, taxi, parking, tolls, and incidental expenses will be invoices at cost, with receipts provided for any expenses. Airfare, if required, shall be at economy class.

   4.3. Subcontracts: A fee of 10% will be added to the invoice cost of subcontracts managed by TRC.

   4.4. An estimate for any anticipated reimbursable expenses shall be included in Contractor's response to any CFP.

5. Invoicing and Payments:

   Contractor will invoice City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice including receipt and verification of certified payroll where required using LCP tracker or such other system as defined by the City.

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA AND TRC SOLUTIONS, INC.

EXHIBIT C - INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

A. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

$1,000,000 Each Occurrence
$2,000,000 General Aggregate
$2,000,000 Products/Completed Operations Aggregate
$1,000,000 Personal Injury

B. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

C. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

A. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

B. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

C. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

A. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85,

DocuSign Envelope ID: 4AFBA14E-582F-455D-84D9-5EAE5EF9CEEA

or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

B. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

C. Cancellation.

a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

D. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

A. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance

documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

B. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

C. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

DocuSign Envelope ID: 4AFBA14E-582F-455D-84D9-5EAE5EF9CEEA

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

DocuSign Envelope ID: 4AFBA14E-582F-455D-84D9-5EAE5EF9CEEA

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. Prevailing Wage Requirements

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

B. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

C. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for

DocuSign Envelope ID: 4AFBA14E-582F-455D-84D9-5EAE5EF9CEEA

audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

D. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

Ebix Insurance No. S200004640

AMENDMENT NO. 1
TO THE AGREEMENT FOR PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc. a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled Agreement for Design Professional Services Between the City of Santa Clara, California, and TRC Solutions, Inc." dated June 16, 2021, (Agreement); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide general consulting services to support capital, operations, and maintenance projects and now wish to amend the Agreement to update the scope including authorization of work and update hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled Agreement Documents is amended in its entirety to read as follows:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees

   Exhibit C – Insurance Requirements

   Exhibit D – Labor Compliance Addendum

   Exhibit E – Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended November 1, 2023, which is hereby incorporated into the Agreement.

3. Exhibit B – Schedule of Fees is deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended November 1, 2023, which is hereby incorporated into the Agreement.

4. Exhibit E – Sample Work Authorization is hereby attached and incorporated by reference.

5. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
TRC SOLUTIONS, INC.
EXHIBIT A – SCOPE OF SERVICES
AMENDED NOVEMBER 15, 2023

1. The Contractor shall perform general engineering consulting services as requested by the City to support capital, operations, and maintenance projects including but not limited to:
   - 1.1 System planning for electric utility distribution and transmission systems
   - 1.2 Project design and preparation of plans, specifications and engineer's estimate.
   - 1.3 Distribution and transmission line conceptual design, feasibility, and permitting.
   - 1.4 Substation conceptual design, feasibility, and permitting.
   - 1.5 Support with substation communications, protection and control systems.
   - 1.6 Assist with third party plan submissions such as Western Electricity Coordinating Council (WECC), California Independent Systems Operator (CAISO), and Pacific Gas and Electric Company (PG&E).
   - 1.7 Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.
   - 1.8 Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.
   - 1.9 Assess existing design standards and recommend revisions or new standards.
   - 1.10 Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.
   - 1.11 Assess existing maintenance practices or standards and recommend revisions or create new standards.
   - 1.12 Provide design, specification and cost estimates associated with the distribution system including street lighting.
   - 1.13 Provide drafting support as needed.
   - 1.14 Contractor shall conduct all necessary meetings and interviews, minutes and interview summaries as requested, and provide copies to Silicon Valley Power (SVP).

2. WORK AUTHORIZATION PPROCESS

2.1 Contractor acknowledges that Contractor is one of five (5) firms selected to perform General Consulting Services, pursuant to five (5) separate agreements (collectively, the "General Consulting Agreements"). Specific Services will be assigned as set forth below.

2.2 City does not give any guarantee to Contractor that City will select Contractor for the performance of any Work Request or any other Services. If City selects Contractor to perform a Work Request, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Work Authorization and purchase order.

2.3 When Contractor will be required to perform services on an on- going basis, such ongoing services shall be authorized using the Work Authorization Process in this Section 2.

2.4 A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Approved Work Authorization.

2.5 Work Request

2.5.1 When general consulting services are required, SVP will notify one or more contractors under contract for general Consulting services to provide a proposal for Services.

2.5.2 SVP will provide a description of the Services required, the basis of award, the deadline for response, and any other relevant information (Work Request).

2.6 Proposal

2.6.1 If Contractor has the required expertise and desires to submit a proposal, Contractor shall prepare and submit a proposal (Proposal) that includes:

2.6.1.1 The specific service(s) to be performed. Detail of the services should have a level of detail reflective of the scope, timeline, and cost of the specific project.

2.6.1.2 A work plan that includes a detailed description by task of the services to be performed.

2.6.1.3 A project timeline/schedule with discussion on any activities that may impact the project

timeline/schedule such as, but not limited to, material delays or permitting.

2.6.1.4 A list of Contractor's personnel and subcontractors including subcontractor Department of Industrial Relations (DIR) number where required.

2.6.1.5 Any required drawings or documents.

2.6.1.6 A list of City responsibilities.

2.6.1.7 An itemized cost proposal showing:

2.6.1.7.1 Hours and hourly rates by position as listed in Exhibit B for both Contractor and subcontractor personnel if applicable. Indicate labor subject to prevailing wage requirements.

2.6.1.7.2 Subcontractor costs including subcontractor DIR number where required and indicating prevailing wage and non-prevailing wage services.

2.6.1.7.3 Parts/materials

2.6.1.7.4 Rental and/or specialty equipment

2.6.1.7.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B.

2.6.1.7.6 Any additional costs including, but not limited to freight, permits, fees.

2.6.1.7.7 Breakdown of materials and labor sufficient to calculate sales tax. Taxable and non-taxable items shall be itemized in a manner that will permit the City to accurately calculate sales tax.

2.6.1.7.8 Estimated total cost including sales tax.

2.6.1.7.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement and the Proposal shall include sufficient information for the City to determine that rates are in accordance with the Agreement.

2.6.1.7.10 Cost for any additional equipment, parts,

materials, or services required for completion of services as detailed in the Work Request and in Contractor's Proposal but not reflected in the Contractor's cost proposal shall be the sole responsibility of the Contractor and at no cost to the City.

2.6.2 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor. Contractor must submit a revised Proposal to the City based upon such negotiations. The final proposal shall include a clear breakdown of materials and labor indicating taxable and non-taxable items and an estimate of sales tax.

2.7 Work Authorization:

2.7.1 If the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement, (when combined with all previously authorized Services), the City may authorize the proposed services as set forth in this Section.

2.7.2 To authorize work, the City and Contractor shall execute a Work Authorizations in substantially the same format as Exhibit E. Each Work Authorization shall describe the proposed services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the proposed service and deliverables, and the compensation for the services.

2.7.3 Subject to the terms and conditions of this Agreement, Contractor and City will negotiate the specific scope and requirements of each Work Authorization. Upon execution by the Parties, the Work Authorization shall become an Approved Work Authorization.

2.7.4 Each Approved Work Authorization shall have a Purchase Order attached to it.

2.7.5 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization. Purchase orders are issued by the Finance Department.

2.7.6 Contractor shall not initiate the additional services and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order.

2.8 Changes to Work Authorization:

2.8.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the total project cost or specific line items in an Approved Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Approved Work Authorization or Purchase Order.

2.8.2 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

2.8.3 In the event that unanticipated site conditions or other issues result in costs that exceed total of the Approved Work Authorization or changes to line items in an Approved Work Authorization or in the Purchase Order, Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional required services. The City will issue a new or amended Work Authorization and changed Purchase Order to authorize such additional services. Each changed Work Authorization and Purchase Order shall amend the Services and be incorporated into the Services by reference.

2.8.4 Contractor shall not initiate the additional services associated with changes and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order or changed Purchase Order.

2.9 Proposals, pricing, and quotes are not confidential and will not be treated as confidential even if marked confidential when submitted.

2.10 An Approved Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in an Approved Work Authorization – even if the Approved Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in an Approved Work Authorization are invalid and unenforceable.

2.11 Each Approved Work Authorization and Purchase Order including those authorized prior to execution of this Amendment No. 1 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the

Services.

2.12 If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

2.13 The City (through the individuals listed in section 2.6.5 or, in the case of Purchase Orders, the Finance Department) may terminate an Approved Work Order or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

2.14 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

2.15 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

2.16 Contractor shall not initiate services before a Work Authorization has been executed and/or Purchase Order has been issued."

3. E-BUILDER

3.1 When required by City, Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement.

3.2 e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

3.3 The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor in the future.

3.4 Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

3.5 e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with the usage of e-Builder

including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will the usage of e-Builder be grounds for a time extension or cost adjustment to the Agreement.

3.6 Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

3.7 Contractor is responsible for managing, tracking, and documenting the Services to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute a validation of the Contractor's submitted information.

3.8 At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

3.9 While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder website and shall be responsible for the validity of the information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

3.9.1 Correspondence

3.9.2 Meeting minutes

3.9.3 Product data, reports, certifications, etc. must be submitted in PDF. (If a sample can be scanned, it is requested that a scanned PDF copy be submitted with the sample).

3.9.4 Requests for Information (RFI's)

3.9.5 Submittals and shop drawings

3.9.6 Change order requests and documentation, including record copies of change orders, proposals, and modifications.

3.9.7 Pay applications

3.9.8 "Official" correspondence (such as letters) including informal correspondence, such as email.

3.9.9 Pre-Task Plans (PTPs)

3.9.10 Daily construction reports and other daily reports including Contractor Quality Control (CQC) Reports

3.9.11 All official reports, such as commissioning reports

3.9.12 Notices and claims

3.9.13 Operations and maintenance manuals

3.9.14 All close-out documents, and

3.9.15 All testing results

3.10 Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on the e-Builder for the duration of the each project. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

3.11 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to utilize the new project management tool selected by the City.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
TRC SOLUTIONS, INC.
EXHIBIT B – COMPENSATION AND FEE SCHEDULE
AMENDED NOVEMBER 15, 2023

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B-1 attached and incorporated by reference.

2.2 Rates listed in Appendix B-1 (Rate Sheet) are fully burdened.

2.3 Rate Increase. Rates may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City. All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 2 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 2 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred.

SECTION 3. PAYMENT PROVISIONS

3.1 Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify that the rates listed in Appendix B-1 are charged. Additionally, invoices shall include sufficient detail to allow for accurate comparison with certified payroll submittals.

3.2 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.3 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.4 Recalculation. The City may recalculate and pay invoices based on the rates established in this Agreement.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Disputed Invoices. If the City in good faith disputes any portion of an invoice, the City shall pay the undisputed portion of the invoice and submit written notice to Contractor regarding the disputed amount. The notice shall include documentation supporting the disputed amount.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

APPENDIX B-1 – HOURLY RATES

Job Category	Labor Classification	Hourly Rates Effective Dec. 1, 2020 thru Dec. 31, 2022	Hourly Rates Effective Jan. 1, 2023 thru Dec. 31, 2023	Hourly Rates Effective Jan. 1, 2024
Power System Studies	Manager	$ 210.00	$ 221.55	$ 233.74
	Principal Power System Engineer	$ 195.00	$ 205.73	$ 217.04
	Lead Power System Engineer			$ 194.78
	Senior Power System Engineer	$ 175.00	$ 184.63	$ 180.03
	Power System Engineer	$ 148.50	$ 156.67	$ 165.28
	Associate Power System Engineer	$ 120.00	$ 126.60	$ 133.56
Engineering Substation & Transmission	Manager	$ 210.00	$ 221.55	$ 233.74
	Principal Engineer	$ 181.50	$ 191.48	$ 202.01
	Senior Engineer	$ 165.00	$ 174.08	$ 183.65
	Engineer	$ 148.50	$ 156.67	$165.28
	Associate Engineer	$ 118.00	$ 124.49	$131.34
	Lead Designer	$ 154.00	$ 162.47	$171.41
	Senior Designer	$ 121.00	$ 127.66	$134.68
	Designer	$ 109.00	$ 115.00	$ 121.32
	Drafter	$ 88.00	$ 92.84	$ 97.95
Engineering Distribution	Principal Distribution Engineer	$ 160.20	$ 169.01	$ 178.31
	Senior Distribution Engineer (Level IV)	$ 140.00	$ 147.70	$ 155.82
	Senior Distribution Engineer (Level III)	$ 130.38	$ 137.55	$ 145.12
	Distribution Engineer (Level II)	$ 118.00	$ 124.49	$131.34
	Associate Distribution Engineer (Level I)	$ 109.00	$ 115.00	$ 121.32
	Lead Designer	$ 115.00	$ 121.33	$ 128.00
	Senior Designer	$ 109.00	$ 115.00	$ 121.32
	Designer	$ 104.00	$ 109.72	$ 115.75

Project Management	Senior Project Manager	$ 181.50	$ 191.48	$ 202.01
	Project Manager	$ 165.00	$ 174.08	$183.65
	Project Coordinator	$ 115.00	$ 121.33	$ 128.00
	Project Controls Scheduler	$ 150.00	$ 158.25	$ 166.95

EXHIBIT E

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and [Enter Contractor's Name] ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control.

PART A: GENERAL INFORMATION

WORK AUTHORIZATION NUMBER:		☐ Original ☐ First Revised ☐ Second Revised ☐ Other_____
Contract No.		
Contractor Name/Address:		
Expiration Date of Agreement:		
Contractor's Project Manager:	**Name:**	**Email:**
City's Project Manager	**Name:**	**Email:**
Period of Performance for this Work Order:	**Start Date:**	**Expected Completion Date:**
Maximum Compensation of Agreement:		
Previously Committed Funds:		
Available Funds		
Maximum Compensation for this Work Authorization		
Remaining Available Funds		
Sufficient funds are available in Fund #: (to be completed by City)		
Contractor Representative Name (Print)		
Contractor Representative Signature		
Contractor Representative Signature Date		
City Project Manager Name (Print)		
Authorized City Representative (Print)		
City Representative Signature		
City Representative Signature Date		
** Authorized City Representatives include Electric Utility Assistant Director, Chief Electric Utility Operating Officer, Chief Electric Utility Officer*		

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 8 of Exhibit A and Section 5 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:

☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file. *Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.
☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

AMENDMENT NO. 2
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc. a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services, Inc., dated June 16, 2021 (Agreement) for the purpose of having Contractor provide general consulting services to support capital, operations, and maintenance projects; and

B. The Agreement was previously amended by Amendment No. 1, dated November 29, 2023. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to update Exhibit B including hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Exhibit B of the Agreement as Amended is hereby deleted in its entirely and replaced with the attached EXHIBIT B – FEE SCHEDULE AND PAYMENT PROVISIONS – AMENDED OCTOBER 15, 2024, which is hereby incorporated into the Agreement as Amended.

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 2, the provisions of this Amendment No. 2 shall control.

Docusign Envelope ID: DFB70A7C-D44A-4BCF-9409-08A6094300DE

The Parties acknowledge and accept the terms and conditions of this Amendment No. 2 as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS
AMENDED OCTOBER 15, 2024

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 There is no guaranteed minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B1 attached and incorporated by reference.

2.2 Rates listed in Appendix B1 (Rates) are fully burdened.

2.3 Rate Increase. Rates may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City. All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses: Contractor may pass through costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 2 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside services (including subconsultant fees, subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
4.	Other reimbursable expenses with prior written approval from the City	No Markup
5.	Allowable mileage may be charged at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual cost only.	No Markup
6.	Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related per diem shall not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify that the rates listed in Appendix B1 are charged. Additionally, invoices shall include sufficient detail to allow for accurate comparison with certified payroll submittals.

3.2 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

DocuSign Envelope ID: DFB76A7C-D44A-4BCF-9409-08A6C943C0DE

3.3 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.4 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.5 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

3.6 Confidential. Invoices are not confidential even if marked as confidential when submitted.

Ebix Insurance No. S200004640

AMENDMENT NO. 3
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 3") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc. a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services", dated June 16, 2021 (Agreement); for the purpose of having Contractor provide general consulting services to support capital, operations, and maintenance projects; and

B. The Agreement was previously amended by Amendment No. 1, dated November 29, 2023, and Amendment No. 2 dated October 17, 2024. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement to extend the term, modify the confidentiality terms, update Exhibit A and B, and add Exhibit E.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement is amended to read as follows:

   The documents forming the entire Agreement between the City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services
   Exhibit B – Compensation and Fee Schedule
   Exhibit C – Insurance Requirements
   Exhibit D – Labor Compliance Addendum
   Exhibit E – Sample Work Authorization Form

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

2. This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

3. Section 2 of the Agreement as Amended, entitled "TERM OF AGREEMENT" is amended to read as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020, and terminate on November 30, 2027 ("Amended Term"). The parties agree that this Agreement did not expire on the previous expiration date of November 30, 2025, and it remains valid through the new expiration date set forth in this Amendment No. 3."

4. Section 11 of the Agreement is amended in its entirety to read as follows:

   A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Contractor pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

   B. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and Work Authorizations.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Contractor will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive for three (3) years after the expiration or earlier termination of this Agreement."

5. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended August 15, 2025, which is hereby incorporated into the Agreement

6. Exhibit B – Schedule of Fees is hereby deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended August 15, 2025, which is hereby incorporated into the Agreement

7. Exhibit E – Sample Work Authorization is hereby attached and incorporated by reference.

8. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 3, the provisions of this Amendment No. 3 shall control.

AMENDMENT NO. 3
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
TRC SOLUTIONS, INC.
EXHIBIT A – SCOPE OF SERVICES
AMENDED AUGUST 15, 2025

SECTION 1. GENERAL

1.1 Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide engineering consultant services to support the City of Santa Clara's Electric Utility, Silicon Valley Power ("Services").

1.2 To the extent not inconsistent with this Agreement, the City's SOQ SVP-19-005 (including subsequent updates) and Contractor's proposal response dated January 29, 2020, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ 19-20-25 or Contractor's proposal, the Agreement and this Exhibit shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Contractor will provide the following professional consulting services to the City on an as-needed basis pursuant to the Work Authorization Process described in Section 6 and as further described pursuant to individual Work Authorizations or Purchase Orders, as applicable.

2.1 System planning for electric utility distribution and transmission systems

2.2 Project design and preparation of plans, specifications and engineer's estimate.

2.3 Distribution and transmission line conceptual design, feasibility, and permitting.

2.4 Substation conceptual design, feasibility, and permitting.

2.5 Support with substation communications, protection and control systems.

2.6 Assist with third party plan submissions such as Western Electricity Coordinating Council (WECC), California Independent Systems Operator (CAISO), and Pacific Gas and Electric Company (PG&E).

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

2.7 Conduct power system studies, load flow, short circuit studies, protection studies and arc flash studies as needed.

2.8 Conduct Distributed Energy Resource (DER) engineering and interconnection studies as needed and prepare DER interconnection manual, standards, and/or agreements.

2.9 Assess existing design standards and recommend revisions or new standards.

2.10 Prepare new standards, specifications and cost estimates for Transmission and Distribution equipment, communication systems, protection systems, and control systems.

2.11 Assess existing maintenance practices or standards and recommend revisions or create new standards.

2.12 Provide design, specification and cost estimates associated with the distribution system including street lighting.

2.13 Provide drafting support as needed

2.14 Contractor shall conduct all necessary meetings and interviews, minutes and interview summaries as requested, and provide copies to Silicon Valley Power (SVP).

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Contractor shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Subconsultant and subcontractor management

3.2 All reports, cost estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

3.3 The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

SECTION 4. REPORTS

4.1 Contractor shall provide regular updates regarding the cost, schedule, and status for Services performed throughout the Term.

4.2 Depending on the nature and scope of the Services, Contractor may be required to provide status updates daily, weekly, or monthly at the direction of City.

4.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

All Services shall be completed in a timely, efficient manner so as to meet the project schedule of each Work Authorization or Purchase Order, as defined in Section 6.

SECTION 6. WORK AUTHORIZATION PROCESS

6.1 Contractor acknowledges that Contractor is one of multiple firms eligible to perform the Services pursuant to separate service agreements for general engineering services to support capital, operations, and maintenance projects ("Project Agreement"). The City will award and authorize specific Services as set forth in this Section. The City does not guarantee that any specific work will be authorized under this Agreement.

6.2 Call for Proposal (CFP)

6.2.1 When Services are required, City will issue a CFP to eligible consultants with a Project Agreement to submit a written proposal for Services ("Proposal").

6.2.2 As part of the CFP, City will provide a description of the required Services, the criteria for evaluation, the deadline for response, and any other pertinent information.

6.3 Proposal

6.3.1 If the Contractor desires to respond to a CFP, Contractor will prepare and submit a written Proposal for that CFP. A Proposal shall be in a format and contain such information as specified in the CFP which may include the following, where applicable for that CFP:

6.3.1.1 The proposed scope of work and deliverables with a work plan and detailed description by task of the services to be performed.

6.3.1.2 A project timeline/schedule with discussion of any activities that may impact the project timeline/schedule.

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

6.3.1.3 The names, titles, and assignments of each of Contractor's professional employees who will be principally responsible for performing the Services.

6.3.1.4 The names of any subconsultants or subcontractors that Contractor proposes to use and the portion of services that the subconsultant or subcontractor will perform. Where required, Contractor will provide subcontractor Department of Industrial Relations (DIR) number.

6.3.1.5 Any required drawings or documents.

6.3.1.6 A list of City responsibilities

6.3.1.7 A final acceptance criteria

6.3.1.8 Itemized cost including the following:

6.3.1.8.1 Hours and hourly rates by position as listed in Exhibit B. Indicate labor subject to prevailing wage requirements.

6.3.1.8.2 Subconsultant or Subcontractor scope of services or quote including hours and hourly rates. Indicate labor subject to prevailing wage requirements.

6.3.1.8.3 Parts and materials

6.3.1.8.4 Rental and/or specialty equipment

6.3.1.8.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B

6.3.1.8.6 Any additional costs such as, but not limited to freight, permits, and fees

6.3.1.8.7 Breakdown of materials and labor sufficient to calculate all required taxes

6.3.1.8.8 Estimated total cost including any required taxes

6.3.1.8.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for the City to determine that rates are in accordance with the Agreement.

6.3.1.8.10 Any costs such as for additional equipment, parts, services, or other expenses required for completion of

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

services as detailed in the CFP and in Contractor's Proposal but not reflected in the Contractor's cost Proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

6.3.2 City will evaluate the Proposals according to the criteria and weights listed in the CFP.

6.3.3 At the City's discretion, the City may interview contractors submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the CFP.

6.3.4 City will enter into negotiations with the highest-ranked contractor. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services.

6.3.5 Provided that the original cost Proposal includes all applicable items listed in Section 6.3, the City and the selected contractor may negotiate whether the cost for the Work Authorization or Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.3.6 If a fixed fee or lump sum is authorized by the City, Contractor must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.3.6.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.3.6.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.3.6.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.3.7 Contractor must submit a revised Proposal to the City based upon such negotiations.

6.4 Authorization of Work

6.4.1 Once City and the selected contractor agree on the final pricing, scope, and specific requirements of the proposed services, and, if the completion of the services in the Proposal will not result in total costs under this

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

Agreement exceeding the maximum compensation in Section 6 of the Agreement (when combined with all previously authorized Services), the City may authorize Services as set forth in this Section.

6.4.2 For Proposals with a total cost exceeding $50,000, City will provide approval by executing a Work Authorization in substantially the same format as Exhibit E ("Work Authorization") and issuing a Purchase Order. Each Work Authorization shall describe the services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the service and deliverables, and the maximum compensation for the Work Authorization.

6.4.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Work Authorization.

6.4.4 For Proposals with a total cost less than $50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve in lieu of the Work Authorization. If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, the Purchase Order will bind the Contractor.

6.5 Changes to Work Authorization

6.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Work Authorization or Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional services.

6.5.2 If the change to the Work Authorization or Purchase Order is approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

6.5.3 If Contractor requires changes to a fixed price Work Authorization or Purchase Order, Contractor shall only be permitted to request changes with justification such as additional scope requested by City or unanticipated field conditions. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope. For a change request that is required because the City has requested additional work that is within the scope of a Work Authorization or Purchase Order but was not included in the Proposal

when the Work Authorization or Purchase Order was issued, the written justification shall include the specific change in scope of work that has been requested by the City including the changed work schedule and associated costs.

6.5.3.1 If the City requires additional work after the applicable Work Authorization or Purchase Order has been issued, the Contractor shall, at City's request, provide an updated Proposal including the revised work schedule and associated costs with the same details as Section 6.3. If approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) or Purchase Order (as applicable) to authorize such additional services.

6.5.3.2 Contractor shall only be entitled to submit a change request for unanticipated site conditions to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Work Authorization or Purchase Order.

6.5.3.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.6 Immediate Need / Interim Work Orders

6.6.1 The City may authorize interim work orders in accordance with this Section, in the following circumstances:

6.6.1.1 Issues are identified during the performance of a Work Authorization or Purchase Order that can be most efficiently and economically resolved while on site; provided those services are related to those contained in the approved Work Authorization or Purchase Order.

6.6.1.2 In the event work is required to maintain a critical SVP function or project schedule.

6.6.2 Interim work orders do not need to be in writing and may only be authorized by the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Verbal authorizations will be confirmed by the City in writing within three (3) business days or such additional time as City may require.

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

6.6.3 Within 5 business days of receipt of written authorization for the interim work order, Contractor shall provide an updated Proposal to City. The Proposal shall be detailed in accordance with this Section 6 and shall also include all services required including those services already completed or initiated.

6.6.4 If the City approves the Proposal, the City will issue a Work Authorization and/or a Purchase Order as soon as reasonably practicable.

6.7 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization.

6.8 A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Work Authorization – even if the Proposal or Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Work Authorization are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Work Authorization, (3) Purchase Order, (4) Proposal; and (5) Contractor's response to SOQ 19-20-25.

6.9 Each Work Authorization and Purchase Order including those authorizations issued pursuant to Section 6.6 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

6.10 The City (through the individuals listed in Section 6.7 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

6.11 Proposals, pricing, quotes, and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.

6.12 Except where the circumstances in Section 6.6 apply, Contractor shall not initiate Services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such services where applicable, (2) issued a Purchase Order, and (3) directed the Contractor to perform services.

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

SECTION 7. CONTRACTOR PERSONNEL

7.1 Project Manager

7.1.1 Contractor must designate one (1) Project Manager to communicate with the City during performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback.

7.1.2 A separate project manager may be designated for specific Work Authorizations or Purchase Orders but the Project Manager defined in Section 7.1.1 will have ultimate responsibility for communications.

7.1.3 The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

7.2 Staffing

7.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

7.2.2 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

7.2.3 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

7.3 Employee Training

7.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants or subcontractors) appropriate to the duties and responsibilities of each employee.

7.3.2 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

7.3.3 At the City's request, Contractor shall submit copies of training records for its employees.

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

SECTION 8. E-BUILDER

8.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

8.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

8.3 E-Builder Training. Contractor is required to obtain all necessary training to use the e-Builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

8.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. City will not be liable for any delays associated with the Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. Contractor shall ensure connectivity to the e-Builder system whether at a home office, City site or job site. Under no circumstances will the use of e-Builder be grounds for a time extension or cost adjustment to a Work Authorization or Purchase Order.

8.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Work Authorization or Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-Builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

8.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

8.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

possible in connection with all document and information management required in the performance of the Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

8.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

8.9 Should the City replace eBuilder with a different project management tool, Contractor, subconsultants, and subcontractors shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Except for those Services authorized at fixed price pursuant to Section 6 of Exhibit A, Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B1 (RATES) attached and incorporated by reference.

2.2 Rates listed in Appendix B1 are fully burdened and will remain fixed for the first two (2) years of the Agreement.

2.3 Rate Changes

2.3.1 Rate Increase. Rates may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing services for which rates are applicable.

2.3.3 Any rate increases are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.3.4 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 6 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 6 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside services (including subconsultant fees, subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	Not to exceed 10%
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (including subconsultants / subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Work Authorization and/or Purchase Order, (b) that the rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization and/or Purchase Order and based on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the

completion of deliverable(s), as specified in the Work Authorization or Purchase Order and subject to the following.

3.2.1 Invoices must include the following information:

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

3.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice may be returned to Contractor to correct and resubmit before payment can be processed.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

3.8 Confidential. Invoices are not confidential even if marked as confidential when submitted.

EXHIBIT E

WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and Leidos Engineering, LLC ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control. **This Work Authorization is not valid until accompanied by a Purchase Order authorized by the City.**

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 6 of Exhibit A and Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:
☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file.

*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may be due of Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Docusign Envelope ID: 045EB97E-2DDA-4B48-A7BB-4F7315800C76

Docusign Envelope ID: 11FE31FD-55F6-4B82-B9DA-C6F52552F08C

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

AMENDMENT NO. 4
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 4") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc., a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and TRC Solutions, Inc," dated June 16, 2021 (Agreement) for the purpose of having Contractor provide general consulting services to support capital, operations, and maintenance projects; and;

B. The Agreement was previously amended by Amendment No. 1, dated November 29, 2023, Amendment No. 2, October 17, 2024, Amendment No. 3, dated December 24, 2025, and is again amended by this Amendment No. 4. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to extend the term and update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 2 of the Agreement as Amended is amended to read as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020, and terminate on November 30, 2028 ("Amended Term"). The parties agree that this Agreement did not expire on the previous expiration date of November 30, 2025, and it remains valid through the new expiration date set forth in this Amendment No. 4."

2. Table B-1 of Exhibit B of the Agreement as Amended is hereby

Docusign Envelope ID: 92C67994-58A7-4BAF-85A3-008DBBBBA5B2

deleted in its entirely and replaced with the attached “Third Revised - Appendix B1 to Exhibit B Rates,” which is hereby incorporated into the Agreement as Amended.

3. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 4, the provisions of this Amendment No. 4 shall control.

The effective date of this Amendment No.4 is the date of City’s execution of this amendment.

[SIGNATURES ON FOLLOWING PAGE]

20-854 **Agenda Date: 10/13/2020**

REPORT TO COUNCIL

SUBJECT

Action on Master Agreements for Silicon Valley Power on System Capacity Expansion Planning including Delegation of Authority for Capital Project Implementation and General Engineering Support [Council Pillar: Deliver and Enhance High Quality Efficient Services and Infrastructure]

BACKGROUND

As discussed as part of Silicon Valley Power's (SVP) quarterly Council update, electrical demand in the City is expected to increase over the next decade. To meet the electrical demand from future growth requires additional support from consultants for a variety of services including:

- Creating a detailed System Expansion Plan
- Design of Transmission line and Substation installations and upgrades
- Implementation management for Capital Improvement Projects
- General engineering support for maintenance of existing assets

DISCUSSION

SVP is looking for engineering support in three (3) areas: System Expansion Planning, General Consulting, and Plan Implementation.

System Expansion Plan

SVP's electric load has increased by more than 20% over the last decade and based on executed agreements and upcoming development, SVP's current system will need major upgrades to accommodate the increase of demand over the five to ten years.

A System Expansion Plan will consist of a short term and long-term capital improvement plan to accommodate the additional electric load growth due to new development in Santa Clara (Data Centers and Residential Projects). The consultant will also review and provide the basis for updating the Load Development Fee to ensure the recovery of costs incurred by the City in modifying its electrical infrastructure to support load growth due to the new development.

General Consulting Services

Based on newly executed agreements and current developer negotiations, SVP could add seven new substations over the next five years to its electrical system. Utilities the size of SVP do not have sufficient internal staff for such a large engineering project and requires the aid of consultants to engineer plans to meet the projected electric load growth. In addition to the existing projects, the consulting services will be utilized to create detailed engineering design plans based on the System Expansion Plan's guidance.

Plan Implementation Services
With the increase in capital projects comes the need for additional implementation services workforce which will support the design, plan implementation and project management of the Transmission and Substation construction.

On December 5, 2019, staff requested Statement of Qualification (SOQ) to solicit proposals from qualified firms for consulting services associated with SVP System Expansion Plan. The SOQ was published on BidSync, the City's e-procurement system. Eleven proposals were received from the following firms:

- 1898 & Co. (Kansas City, MO)
- Advisian Worley Group (Folsom, CA)
- AECOM (Oakland, CA)
- Electrical Consultants, Inc. (Billings, MT)
- EN Engineering LLC (Warrenville, IL)
- Flynn Resource Consultants Inc. (Discovery Bay, CA)
- Leidos Engineering, LLC (Hendersonville, TN)
- Power Engineers (Anaheim, CA)
- Stantec Consulting Services Inc. (Walnut Creek, CA)
- TRC Solutions, Inc. (Mountain View, CA)
- ZGlobal, Inc. (Folsom, CA)

Evaluation Process: Proposals were evaluated and scored independently by a five-member evaluation team against the criteria and weights published in the SOQ. Follow-up oral interviews were conducted with the companies submitting the highest scoring proposals for each of the three areas.

Award Recommendation: Staff recommends award of the System Expansion Plan contract to Electrical Consultants, Inc. (ECI) as the most qualified firm per the evaluation criteria set forth in the SOQ.

Staff recommends award of General Consulting Services contracts to Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC.

Staff recommends award of Plan Implementation Services contracts to 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc.

Notice of Intended Award: Notice of Intended Award (NOIA) announcing the City's recommended vendors for each service area were issued on August 28, 2020 and August 31, 2020.

Term of Agreements: The term of the proposed System Expansion Plan Agreement will be fourteen (14) months to deliver the System Expansion Plan. The term of the General Consulting Services and Plan Implementation Services Master Agreements will be five (5) years each.

Cost Summary: Staff is requesting that the Council 1) authorize the City Manager or their designee to execute the Agreement with ECI for a total amount not to exceed $850,000 which will allow for the development of a System Expansion Plan, 2) delegate authority to the City Manager or their

designee to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement and 3) delegate authority to the City Manager or their designee to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement.

ENVIRONMENTAL REVIEW

The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378 (b)(4) in that it is a fiscal activity that does not involve commitment to a specific project which may result in potential significant impact on the environment.

FISCAL IMPACT

The total cost of the proposed agreement with Electrical Consultants, Inc. (ECI) to perform work on the System Expansion Plan shall not exceed $850,000. Funding for this agreement was included as part of the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in the New Business Estimate Work CIP project.

For general consulting services, compensation for the five Master Agreements shall not exceed $2,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- System Capacity Expansion
- New Business Estimate Work
- Operations and Planning Technology
- Clean Energy and Carbon Reduction
- Renewable Energy Microgrid

For plan implementation services, compensation for the five Master Agreements shall not exceed $3,000,000 per agreement over the period of five years. Funding for years one and two of the agreements is available in the Adopted Biennial FY 2020/21 and 2021/22 Capital Improvement Program Budget in various Electric Utility Capital Improvement Projects:

- Esperanca Substation
- Homestead Substation Rebuild
- Oaks Junction
- San Tomas Junction
- Laurelwood Substation
- System Capacity Expansion
- NRS Breaker 382 Addition

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years.

COORDINATION
This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION
1. Authorize the City Manager to execute the System Expansion Plan Agreement with Electrical Consultants, Inc. in an amount not to exceed $850,000;
2. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with Advisian Worley Group, TRC Solutions, Inc., Leidos Engineering, LLC, Flynn Resource Consultants, Inc. and EN Engineering LLC for General Consulting Services in an amount not to exceed $2,000,000 per agreement over the five year terms of the agreements, subject to the appropriations of funds;
3. Delegate Authority to the City Manager to negotiate and execute Master Service Agreements with 1898 & Co., TRC Solutions, Inc., Electrical Consultants, Inc., AECOM Technical Services, Inc., and Stantec Consulting Services Inc. for Plan Implementation Services in an amount not to exceed $3,000,000 per agreement over the five-year terms of the agreements, subject to the appropriation of funds; and
4. Authorize the City Manager or their designee, to add or delete services consistent with the scope of the agreements, and allow future rate adjustments subject to request and justification by contractor, approval by the City, and the appropriation of funds.

EBIX Insurance No. S200004640

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND TRC SOLUTIONS, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc., a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020 and terminate on November 30, 2025.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials covered by this Agreement shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective materials at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace defective materials, City may make corrections or replace materials charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services in accordance with the Standard of Care, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the specifications, requirements, and instructions upon which this Agreement is based and consistent with the professional standards of a specialist in the same discipline in the State of

California ("Standard of Care"). Such Standard of Care is not a warranty or guarantee. Contractor agrees to promptly replace or correct any Services that fail to meet the Standard of Care.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is three million dollars ($3,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

D. Upon termination, Contractor shall recover payment for all Services performed plus all proven costs associated with the termination.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material exclusively prepared pursuant to this Agreement, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any

expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, and employees, and agents("Indemnitees") from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all reasonable costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, arising out of third party bodily injury, disease, death, or property damage (excluding damages for loss of use) arising out of the Services performed, but only to the extent such bodily injury, disease, death, or property damage is caused by the negligence, or intentional misconduct of the Contractor, its employees, subcontractors, or agents in the performance of Services under this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Each party agrees that waiver by the other party of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at SVPContracts@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

TRC Solutions, Inc.
17911 Von Karman Ave., Suite 400
Irvine, CA 92614
and by e-mail at CBisard@trccompanies.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and

following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. LIMITATION OF LIABILITY

Notwithstanding anything to the contrary in this Agreement, Contractor and City waive any and all claims against each other for incidental, consequential, special, multiple, and punitive damages arising out of or relating to this Agreement,

DocuSign Envelope ID: A2839121-14A5-49E2-823B-CF9A70748F57

regardless of whether such damages were foreseeable and whether or not the culpable party was advised of the possibility of such damages. This mutual waiver includes, but is not limited to, rental expenses, loss of use, loss of production, loss of income, loss of profit (except profit arising directly from the Services), loss of financing, loss of business, and loss of reputation. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's breach or termination of the Agreement.

CONTINUED ON PAGE 8

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA AND TRC SOLUTIONS, INC.

EXHIBIT A - SCOPE OF SERVICES

The Contractor shall perform plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects including but not limited to:

1.0 Act as project manager for the following activities:

- 1.1 Project permitting including support of CEQA determinations
- 1.2 Land acquisition
- 1.3 Project design and preparation of Plans, Specifications and Engineer's Estimate
- 1.4 Bid support
- 1.5 Construction support
- 1.6 Record drawings and Project Closeout

2.0 System planning for electric utility distribution and transmission systems

3.0 Distribution and transmission line conceptual design, feasibility, and permitting.

4.0 Substation conceptual and/or detail design, feasibility, and permitting.

5.0 Support with substation communications, protection and control systems.

6.0 Assist with third party plan submissions such as WECC, CAISO, and PG&E.

7.0 Conduct load flow, short circuit studies and arc flash studies as needed.

8.0 Conduct Distributed Energy Resource interconnection studies as needed.

9.0 Assess existing design standards and recommend revisions or new standards.

10.0 Assess existing maintenance practices or standards and recommend revisions or create new standards.

11.0 Provide drafting support as needed.

12.0 Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work. The invoice is to include the PO number, paid amount to date and remaining Agreement amount.

13.0 The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested, and provide copies to SVP.

When requested by the City, the Contractor and subcontractors shall utilize e-Builder, a web-based project management tool, or City's designated replacement for projects assigned under this agreement. Access to the project management tool, as well as associated training, will be provided by the City at no cost to the Contractor or its subcontractors. Contractor and subcontractors shall have the responsibility for utilizing the project management tool as necessary for the following: invoice submittal, potential change order submittals, change orders, Request for Information (RFI) submittals, correspondence, assigned tasks and other matters that transpire on the site as directed by City. All documents (including as built drawings) shall be converted or scanned into the Portable Document Format (PDF) file and uploaded to e-Builder.

14.0 At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature. If work is complete in PowerWorld, Contractor to ensure the deliverable is provided in proper and functional GE PSLF format as well.

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA AND TRC SOLUTIONS, INC.

EXHIBIT B - SCHEDULE OF FEES

1. This is a time and materials contract with a total not-to-exceed amount of $3,000,000.
2. Contractor shall provide services at the labor rates outlined in Table B-1.

Table B-1

Job Category	Labor Classification	Rate
Power System Studies	Manager	$210.00
	Principal Power System Engineer	$195.00
	Senior Power System Engineer	$175.00
	Power System Engineer	$148.50
	Associate Power System Engineer	$120.00
Engineering *Substation Transmission*	Manager	$210.00
	Principal Engineer	$181.50
	Senior Engineer	$165.00
	Engineer	$148.50
	Associate Engineer	$118.00
	Lead Designer	$154.00
	Senior Designer	$121.00
	Designer	$109.00
	Drafter	$88.00
Engineering *Distribution*	Principal Distribution Engineer	$160.20
	Senior Distribution Engineer (Level IV)	$140.00
	Senior Distribution Engineer (Level III)	$130.38
	Distribution Engineer (Level II)	$118.00
	Associate Distribution Engineer (Level I)	$109.00
	Lead Designer	$115.00
	Senior Designer	$109.00
	Designer	$104.00
	Drafter/GIS Specialist	$88.00
Project Management	Senior Project Manager	$181.50
	Project Manager	$165.00
	Project Coordinator	$115.00
	Project Controls Scheduler	$150.00

3. Rate Adjustments. Rates outlined in Table B-1 of Section 2 of this Amendment may be requested by Contractor to adjust no greater than annually after January 1, 2022 subject to reasonable notice and justification to the City. City approval or denial of the adjusted rates will be provided in writing (e-mail acceptable).

4. Reimbursable Expenses

   4.1. City Requested Expenses. Outside services such as, but not limited to outside reprographic services, materials and equipment, will be invoiced at cost.

   4.2. Travel and Per Diem. Travel and Per Diem will be invoiced at cost.

      4.2.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

      4.2.2. Mileage. Personal automobile travel from portal to portal or between locations will be charged at IRS mileage rates per mile in place at the time of travel.

      4.2.3. Travel Expenses. Airfare, car rental, taxi, parking, tolls, and incidental expenses will be invoices at cost, with receipts provided for any expenses. Airfare, if required, shall be at economy class.

   4.3. Subcontracts: A fee of 10% will be added to the invoice cost of subcontracts managed by TRC.

   4.4. An estimate for any anticipated reimbursable expenses shall be included in Contractor's response to any CFP.

5. Invoicing and Payments:

   Contractor will invoice City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice including receipt and verification of certified payroll where required using LCP tracker or such other system as defined by the City.

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA AND TRC SOLUTIONS, INC.

EXHIBIT C - INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

A. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

$1,000,000 Each Occurrence
$2,000,000 General Aggregate
$2,000,000 Products/Completed Operations Aggregate
$1,000,000 Personal Injury

B. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

C. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

A. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

B. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

C. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

A. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85,

or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

B. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

C. Cancellation.

a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

D. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

A. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance

documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

B. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

C. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Email address: ctsantaclara@ebix.com

DocuSign Envelope ID: A2839121-14A5-49E2-823B-CF9A70748F57

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

DocuSign Envelope ID: A2839121-14A5-49E2-823B-CF9A70748F57

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. Prevailing Wage Requirements

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

DocuSign Envelope ID: A2839121-14A5-49E2-823B-CF9A70748F57

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

B. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

C. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for

audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

D. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

Ebix Insurance No. S200004640

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc., a California corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. The Parties previously entered into an agreement entitled Agreement for Design Professional Services between City of Santa Clara, California and TRC Solutions, Inc., dated June 16, 2021 (Agreement); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP), and the Parties now wish to amend the Agreement to increase maximum compensation due to additional service needs and extend the term.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 2 of the Agreement, entitled "TERM OF AGREEMENT" is amended to read as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020 and terminate on November 31, 2026."

2. Section 6 of the Agreement, entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is seven million dollars ($7,000,000), subject to budget appropriations, which includes all

DocuSign Envelope ID: 95384911-18F0-4799-9D57-1E6D6ED5442B

payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance."

3. Exhibit A – Scope of Services shall be deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended November 1, 2022, which is hereby incorporated into the Agreement.

4. Exhibit B – Schedule of Fees shall be deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended November 1, 2022, which is hereby incorporated into the Agreement.

5. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA AND TRC SOLUTIONS, INC.
EXHIBIT A - SCOPE OF SERVICES
AMENDED NOVEMBER 1, 2022

1. The Contractor shall perform plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects. Such plan implementation / project management services include but are not limited to:
   - 1.1. Act as project manager for the activities such as, but not limited to:
     - 1.1.1. Project permitting including support of California Environmental Quality Act (CEQA) determinations
     - 1.1.2. Land acquisition
     - 1.1.3. Project design and preparation of plans, specifications and engineer's estimate
     - 1.1.4. Bid support
     - 1.1.5. Construction support
     - 1.1.6. Record drawings and project closeout
   - 1.2. Perform system planning for electric utility distribution and transmission systems
   - 1.3. Prepare distribution and transmission line conceptual design, feasibility, and permitting.
   - 1.4. Prepare substation conceptual and/or detail design, feasibility, and permitting including support with substation communications, protection and control systems.
   - 1.5. Assist with third party plan submissions such as WECC, CAISO, and PG&E.
   - 1.6. Conduct load flow, short circuit studies and arc flash studies as needed.
   - 1.7. Conduct Distributed Energy Resource (DER) interconnection studies as needed.
   - 1.8. Assess existing design standards and recommend revisions or new standards.
   - 1.9. Assess existing maintenance practices or standards and recommend revisions or create new standards.
   - 1.10. Provide drafting support as needed.

1.11. The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested and provide copies to SVP.

1.12. At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature.

2. Work Request and Authorization of Work

2.1. Work may be assigned to the Contractor through the evaluation of a Call for Proposal (CFP) or via direct assignment.

2.2. The Contractor shall not begin any work unless a Purchase Order (PO) has been issued by the City for that particular work.

2.3. Contractor shall notify City as soon as practical if there is a risk that cost estimates will be exceeded and shall not perform work that will result in costs exceeding the Purchase Order for that scope of work without a changed purchase order or, in the event the maximum compensation specified in Section 6 of the agreement may be exceeded, Contractor shall not perform work without an executed amendment to this Agreement.

3. e-BUILDER

3.1. Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement, as requested by the City. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

3.2. The City will establish Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guider-2015. The City reserves the right to limit the licenses issued to Contractor in the future.

3.3. Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

3.4. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. The Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc. and current traffic on the Internet. The City will not be liable for any delays associated from the usage of e-Builder including, but not limited to: slow response time, down time periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no

circumstances will usage of e-Builder be grounds for a time extension or cost adjustment to the Contract.

3.5. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

3.6. The Contractor is responsible for managing, tracking, and documenting work to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

3.7. At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

3.8. While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder web site and shall be responsible for the validity of its information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

3.8.1. Correspondence;

3.8.2. Meeting Minutes;

3.8.3. Submittals and Shop Drawings;

3.8.4. Product Data, reports, certifications, etc. must be submitted in PDF format. (If a sample is able to be scanned, it is requested a scanned PDF copy is submitted with the sample.);

3.8.5. Requests for Information (RFI's);

3.8.6. Change Order requests and documentation, including record copies of Change Orders, Proposals, Modifications;

3.8.7. Pay Applications;

3.8.8. "Official" correspondence (such as letters) including informal correspondence, such as e-mail;

3.8.9. Pre-Task Plans (PTPs);

DocuSign Envelope ID: 95384911-18F0-4799-9D57-1E6D6ED5442B

3.8.10. Daily Construction Reports and other Daily Reports including Contractor Quality Control (CQC) Reports;

3.8.11. Quality Control (QC) Documentation

3.8.12. All official reports, such as Commissioning reports;

3.8.12.1. Notices and Claims;

3.8.12.2. Operations and Maintenance Manuals;

3.8.12.3. All Close-out documents; and

3.8.12.4. All testing results.

3.8.13. Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e- mail, or resident on the e-Builder for the duration of the Project. Such data shall be available to City, authorities with jurisdiction (including funding agencies or representatives) on demand.

DocuSign Envelope ID: 95384911-18F0-4799-9D57-1E6D6ED5442B

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA AND TRC SOLUTIONS, INC.
EXHIBIT B - COMPENSATION AND FEE SCHEDULE
AMENDED NOVEMBER 1, 2022

1. This is a time and materials contract with a total not-to-exceed amount specified in Section 6 of the Agreement. The maximum compensation specified in Section 6 includes all services provided under this Agreement as Amended including those services provided in advance of this Amendment.

2. Rates

   2.1. Services shall be provided according to the rates in Table B-1 – HOURLY RATES.

   2.2. Services performed prior to this Amendment shall be invoiced at the rates in place at the time of the service.

   2.3. Rate Adjustments. Rates outlined in Table B-1 of this Amendment may be requested by Contractor to adjust no greater than annually after January 1, 2024 subject to reasonable notice and justification to the City. City approval or denial of the adjusted rates will be provided in writing (e-mail acceptable).

3. Reimbursable Expenses

   3.1. City Requested Expenses. Outside services such as, but not limited to outside reprographic services, subcontractor materials and equipment, will be invoiced at cost. Subcontractor services will be invoiced at cost plus 10%.

   3.2. Expenses shall be reimbursable only to the extent that CONTRACTOR submits sufficient documentation to the City that the expenses were directly incurred in providing the requested services and that such costs are not already included in the fee or hourly rate.

   3.3. Travel and Per Diem. Travel and Per Diem will be invoiced at cost.

      3.3.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources

      3.3.2. Mileage. Personal automobile travel from portal to portal or between locations will be charged at IRS mileage rates per mile in place at the time of travel.

      3.3.3. Travel Expenses. Airfare, car rental, taxi, parking, tolls, and incidental expenses will be invoices at cost, with receipts provided

for any expenses. Airfare and rental car, if required, shall be at economy class.

3.4. Contractor shall include an estimate for any anticipated reimbursable expenses in Contractor's response to any CFP or other proposal to perform additional work.

3.5. Contractor shall provide supporting documentation such as invoices or receipts for all reimbursable expenses.

4. Invoicing and Payments:

4.1. Contractor will invoice City on a monthly basis for Services provided by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City.

4.2. All monthly invoices shall include

4.2.1. PO number,

4.2.2. Itemization of the authorized expenses incurred, if any, with a detail listing the cost and source of such expenses and when they were incurred in a formal that will permit City to verify rates are the same as those authorized in the Agreement.

4.2.3. Amount paid to date and amount remaining in the Agreement and Purchase Order.

4.3. If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.4. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all Certified Payroll (where required), City shall process the invoice for payment within 30 days.

TABLE B-1 - HOURLY RATES

Job Category	Labor Classification	Hourly Rates Effective December 1, 2020 through December 31, 2022	Hourly Rates Effective January 1, 2023
Power System Studies	Manager	$ 210.00	$ 221.55
	Principal Power System Engineer	$ 195.00	$ 205.73
	Senior Power System Engineer	$ 175.00	$ 184.63
	Power System Engineer	$ 148.50	$ 156.67
	Associate Power System Engineer	$ 120.00	$ 126.60
Engineering Substation & Transmission	Manager	$ 210.00	$ 221.55
	Principal Engineer	$ 181.50	$ 191.48
	Senior Engineer	$ 165.00	$ 174.08
	Engineer	$ 148.50	$ 156.67
	Associate Engineer	$ 118.00	$ 124.49
	Lead Designer	$ 154.00	$ 162.47
	Senior Designer	$ 121.00	$ 127.66
	Designer	$ 109.00	$ 115.00
	Drafter	$ 88.00	$ 92.84
Engineering Distribution	Principal Distribution Engineer	$ 160.20	$ 169.01
	Senior Distribution Engineer (Level IV)	$ 140.00	$ 147.70
	Senior Distribution Engineer (Level III)	$ 130.38	$ 137.55
	Distribution Engineer (Level II)	$ 118.00	$ 124.49
	Associate Distribution Engineer (Level I)	$ 109.00	$ 115.00
	Lead Designer	$ 115.00	$ 121.33
	Senior Designer	$ 109.00	$ 115.00
	Designer	$ 104.00	$ 109.72
	Drafter/GIS Specialist	$ 88.00	$ 92.84
Project Management	Senior Project Manager	$ 181.50	$ 191.48
	Project Manager	$ 165.00	$ 174.08
	Project Coordinator	$ 115.00	$ 121.33
	Project Controls Scheduler	$ 150.00	$ 158.25

REPORT TO COUNCIL

SUBJECT

Action to Delegate Authority to the City Manager to Negotiate and Execute Amendments to Agreements for Design Professional Services for Silicon Valley Power's System Capacity Expansion Planning Including Development of a Twenty-Year Long-Term Strategy Plan for System Growth, Master Agreements for Plan Implementation Services, and Master Agreements for General Consulting Services

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND

Silicon Valley Power (SVP) has provided electric service for over 125 years and is experiencing significant continued growth. SVP has developed a capital improvement strategy to address near-term and long-term potential load growth. In 2021, SVP recorded a peak load of nearly 600 Megawatt (MW) and delivered approximately 4,100 Gigawatt-hours (GWh) to customers. In 2022, SVP's recorded peak load increased to 702 MW, and energy delivery rose to 4,550 GWh. This represents an approximate 10% increase in energy delivery and represents the largest year-over-year growth in the last 30 years.

On October 13, 2020, City Council approved (Council Item 20-854) the following Agreements for Design Professional Services:

- Agreement with Electrical Consultants, Inc (ECI) with a maximum compensation not to exceed $850,000 to complete a System Expansion Plan including a Three-Year Growth Plan Strategy;
- Master agreements for Plan Implementation Services with a maximum compensation not to exceed $3,000,000 per agreement with (1) 1898 & Co., (2) TRC Solutions, Inc., (3) ECI, (4) AECOM Technical Services, Inc., and (5) Stantec Consulting Services Inc.; and
- Master agreements for general consulting services with a maximum compensation not to exceed $2,000,000 per agreement with (1) Advisian Worley Group, (2) TRC Solutions, Inc., (3) Leidos Engineering, LLC, (4) Flynn Resource Consultants, Inc. and (5) EN Engineering LLC.

When a specific project is identified, SVP issues a call for proposals that invites these prequalified consultants to submit their proposals. The award for each project is determined based on factors such as expertise in the specific area of work needed, staff availability, project approach, proposed scope of services, project schedule/completion dates, and verification that cost is reasonable for the services.

When the agreements were approved on October 13, 2020, the total maximum compensation for the

ten (10) master agreements was authorized with an aggregate maximum compensation of $25 million over a five-year period. On May 13, 2022, the City Council authorized the City Manager to execute Amendment No. 1 to the Agreement with AECOM Technical Services Inc., increasing the maximum compensation from $3 million to $11 million for additional program management services related to the System Expansion Plan. This authorization increased the total aggregate compensation for the ten (10) agreements to $33 million. On October 4, 2022, the City Council authorized the City Manager to negotiate and execute amendments to the ten (10) agreements, resulting in a new total aggregate compensation of $50 million.

On September 28, 2021 (Council Item 21-871), the Council accepted SVP's Three-Year Growth Plan Strategy which identified $300 million of proposed projects to install new facilities and to replace aged infrastructure with higher capacity infrastructure on an as-needed basis. On November 15, 2022 (Council Item 22-1172), the City Council accepted SVP's System Expansion Plan for the California Independent Operator's (CAISO) Transmission Planning Process (TPP) FY2023/24 (SVP System Expansion Plan TPP FY2023/24).

In the SVP System Expansion Plan TPP FY2023/24, SVP anticipates a peak system load of 819MW in 2025 and peak load of 1,306 MW in 2032. Compared to the 2022 peak load of 702 MW, this projection represents an increase of nearly 117 MW by 2025. SVP System Expansion Plan TPP FY2023/24 identifies both near-term and ten-year improvements required for SVP to maintain electric service reliability with consideration of the projected load growth. The SVP System Expansion Plan TPP FY2023/24 provides detailed information and a technical basis for the completed analysis, including a summary of proposed projects. These projects are in addition to those previously presented to Council. To maintain electric service reliability and meet project growth, SVP requires engineering support in three areas: (1) System Expansion Planning, (2) General Consulting, and (3) Plan Implementation.

DISCUSSION

Under its agreement with the City, ECI has provided consultant support for the CAISO's Annual TPP and completed a Three-Year Growth Plan Strategy. SVP requires additional related services from ECI, including, (1) a twenty-year long-term strategy plan for system growth; and (2) support for upcoming CAISO TPP studies. The twenty-year long-term strategy plan and study will address, among other things, reach codes (local energy code amendments intended to strengthen emissions reductions) and impacts of electrification and decarbonization to SVP's transmission and distribution electrical systems. To complete these additional services, SVP will require an increase in the maximum compensation of the ECI agreement for the system expansion plan from $850,000 to $1,500,000 and extension of the term through December 31, 2025.

The System Expansion Plan has led to a significant increase in the SVP's Capital Improvement Project (CIP) backlog. Managing and delivering these projects from detailed design through construction necessitates the augmentation of staff by hiring outside engineering firms who possess the necessary technical knowledge and expertise to support SVP. For example, the System Expansion Plan includes the following proposed projects as well as other projects not listed:

- NRS Transformer and Breaker Upgrades
- Kifer Receiving Station (KRS) & Scott Receiving Station (SRS) Rebuild and Replacement
- NRS-KRS 115kV Line Replacement

- South Loop Reconductor
- Northwest Loop Capacity Upgrade
- Walsh-Uranium 60kV Reconductor

The proposed projects include replacement of aging infrastructure and installation of new facilities to allow higher internal system capacity. These projects will include the addition of new internal 60kV transmission loops and implementation of reliability upgrades, including replacing or reconductoring transmission lines. For the new 60kV loops, it is important to note that the first step in the process is to determine technical feasibility (design). Additional CAISO transmission capacity would be required to fully take advantage of the increased internal capacity.

As identified in the Three-Year Growth Plan Strategy and SVP System Expansion Plan TPP FY2023/24, the combined cost of these CIP projects is estimated at nearly $500 million. Of this total amount, approximately 20% to 25% is attributed to engineering services such as design and construction management. In addition, to ensure that dedicated developer substations are built to SVP standards and connect properly to SVP's electric system, SVP provides engineering services to developers who design and build their own substation with costs recovered from those developers. Design, equipment, and construction project costs for substations built by developers are not included in the $500 million budget. Therefore, total estimated engineering costs may exceed the 20 - 25% to account for costs of engineering for projects that are not included in SVP's CIP budget. To assure sufficient support to complete the System Expansion Plan and meet schedule commitments to developers while assuring SVP standards are met, SVP requires an increase of $30 million in aggregate maximum compensation for agreements for general consulting and plan implementation services. This will amend previous authorizations and allow SVP to spread $80 million among the master agreements. SVP will initiate amendments after selection of consultants following the call for proposals process described in the background of this report. SVP staff manages the aggregate compensation to assure that no services are approved that will result in exceeding the aggregate maximum compensation.

ENVIRONMENTAL REVIEW

These proposed actions involve the approval of amendments to existing agreements for program and project management services. Any associated capital improvements have been or will be evaluated under the California Environmental Quality Act ("CEQA"). Therefore, the proposed actions and do not constitute a "project" within the meaning of CEQA pursuant to section 15061(b)(3) of Title 14 of the California Code of Regulations as it can be seen with certainty that there is no possibility that the proposed approvals will have a significant effect on the environment.

FISCAL IMPACT

Sufficient funds for these amendments are included in the capital budget for each project for Fiscal Year 2023/2024. Funding for specific projects is allocated in the Electric Utility Fund in the FY2023/24 Capital Improvement Budget, such as the NRS Transformer and Breaker Upgrades (CIP 2454), NRS-KRS 115kV Line (CIP 2455), KRS Rebuild and Replacement (CIP 2453), Laurelwood Substation (CIP 2443), Democracy Substation (CIP 2464), Transmission Loop 1 (CIP 2459), and Transmission Loop 2 (CIP 2463). Additional budget appropriations will be required for the Transmission Loop projects. Required actions will be brought forward to City Council for approval of the project and associated budget after design. It is anticipated that costs will be recovered through developer contributions. As the System Expansion Plan and design and construction of developer

funded substations progress, the costs and timelines will be revised and updated, and budget adjustments will be requested at that time if required.

Funds required for these agreements in future years are subject to budget appropriations and will be incorporated into the budget development process for those years. In the event the authorized budget for a project will be exceeded, budgetary actions will be brought forward to Council as needed to cover such services in advance of authorizing those services.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an amendment to the Agreement for Design Professional Services with Electrical Consultants, Inc (ECI Agreement) for additional services associated with the System Expansion Plan increasing the maximum compensation to $1,500,000 and extending the term of the agreement until December 31, 2025, funded by the Electric Utility Capital Fund;
2. Authorize the City Manager to negotiate and execute amendments to the following Agreements for Design Professional Services (Master Agreements) for Silicon Valley Power's System Expansion Plan with an additional aggregate maximum compensation of $30 million for a new aggregate maximum compensation of $80 million funded by the Electric Utility Capital Fund and allocated as SVP may require, subject to the appropriation of funds: (A) general consulting services with; (i) Advisian Worley Group; (ii) TRC Solutions, Inc.; (iii) Leidos Engineering LLC; (iv) Flynn Resource Consultants, Inc.; and (v) EN Engineering LLC; and (B) For plan implementation services with: (i) Burns & McDonnell Engineering Company, Inc. (formerly 1898 & Co.); (ii) TRC Solutions, Inc.; (iii) ECI; (iv) AECOM Technical Services, Inc.; and (v) Stantec Consulting Services Inc
3. Authorize the City Manager to take any actions as necessary to implement and administer the ECI Agreement and Master Agreements and to negotiate and execute amendments to those agreements to (a) add or delete services consistent with their scope of services; (b) adjust future rates; and (c) extend their term of the agreement to complete projects initiated during the authorized term; and
4. All amendments included in this authorization shall be subject to the review and approval as to form by the City Attorney.

AMENDMENT NO. 2
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc. a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and TRC Solutions, Inc., dated June 16, 2021 (Agreement); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide plan implementation and project management services as requested to the City to support capital, operations, and maintenance projects for Silicon Valley Power (SVP); and

C. The Agreement was previously amended by Amendment No. 1, dated November 30, 2022, to increase the maximum compensation due to additional services needs and extend the term. The Parties now wish to amend the Agreement to update the scope of work and update hourly rates and increase the maximum compensation; and

D. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended."

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement as Amended, entitled "Agreement Documents" is amended to read as follows:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum

Exhibit E – Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations, and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Section 6 of the Agreement entitled "COMPENSATION AND PAYMENT" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is nine million dollars ($9,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials, and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstances."

3. Exhibit A – SCOPE OF SERVICES AMENDED NOVEMBER 1, 2022 is hereby deleted in its entirety and replaced with the attached SCOPE OF SERVICES AMENDED JANUARY 15, 2024, which is hereby incorporated into the Agreement.

4. Exhibit B SCHEDULE OF FEES AND PAYMENT PROVISIONS AMENDED NOVEMBER 1, 2022 is deleted in its entirety and replaced with the attached Exhibit B SCHEDULE OF FEES AND PAYMENT PROVISIONS AMENDED JANUARY 15, 2024, which is hereby incorporated into the Agreement.

5. Exhibit E – Sample Work Authorization is hereby attached and incorporated into the agreement.

6. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 2, the provisions of this Amendment No. 2 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 2 as evidenced by the following signatures of their duly authorized representatives.

AMENDMENT NO. 2
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
TRC SOLUTIONS, INC.
EXHIBIT A – SCOPE OF SERVICES
AMENDED JANUARY 15, 2024

1. The Contractor shall perform plan implementation/project management services as requested by the City to support capital, operations, and maintenance projects. Such plan implementation / project management services include but are not limited to:
   - 1.1. Act as project manager for the activities such as, but not limited to:
     - 1.1.1. Project permitting including support of California Environmental Quality Act (CEQA) determinations
     - 1.1.2. Land acquisition
     - 1.1.3. Project design and preparation of plans, specifications and engineer's estimate
     - 1.1.4. Bid support
     - 1.1.5. Construction support
     - 1.1.6. Record drawings and project closeout
   - 1.2. Perform system planning for electric utility distribution and transmission systems
   - 1.3. Prepare distribution and transmission line conceptual design, feasibility, and permitting.
   - 1.4. Prepare substation conceptual and/or detail design, feasibility, and permitting including support with substation communications, protection and control systems.
   - 1.5. Assist with third party plan submissions such as WECC, CAISO, and PG&E.
   - 1.6. Conduct load flow, short circuit studies and arc flash studies as needed.
   - 1.7. Conduct Distributed Energy Resource (DER) interconnection studies as needed.
   - 1.8. Assess existing design standards and recommend revisions or new standards.
   - 1.9. Assess existing maintenance practices or standards and recommend revisions or create new standards.

1.10. Provide drafting support as needed.

1.11. The Contractor shall conduct all necessary meetings and interviews, keep minutes and interview summaries as requested and provide copies to SVP.

1.12. At the conclusion of each project, the Contractor shall provide electronic copies of all final reports, worksheets, system studies and data associated with this project to SVP in (but not limited to) .pdf, .docx, .xlsx, .xml, .dwf, .dwg, .sav formats as applicable and that are not proprietary in nature.

2. WORK AUTHORIZATION PROCESS

2.1 Contractor acknowledges that Contractor is one of five (5) firms selected to perform General Consulting Services, pursuant to five (5) separate agreements (collectively, the "General Consulting Agreements"). Specific Services will be assigned as set forth below.

2.2 City does not give any guarantee to Contractor that City will select Contractor for the performance of any Work Request or any other Services. If City selects Contractor to perform a Work Request, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Work Authorization and purchase order.

2.3 When Contractor will be required to perform services on an on- going basis, such ongoing services shall be authorized using the Work Authorization Process in this Section 2.

2.4 A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Approved Work Authorization.

2.5 Work Request

2.5.1 When general consulting services are required, SVP will notify one or more contractors under contract for general Consulting services to provide a proposal for Services.

2.5.2 SVP will provide a description of the Services required, the basis of award, the deadline for response, and any other relevant information (Work Request).

2.6 Proposal

2.6.1 If Contractor has the required expertise and desires to submit a proposal, Contractor shall prepare and submit a proposal (Proposal) that includes:

2.6.1.1 The specific service(s) to be performed. Detail of the services should have a level of detail reflective of the scope, timeline, and cost of the specific project.

2.6.1.2 A work plan that includes a detailed description by task of the services to be performed.

2.6.1.3 A project timeline/schedule with discussion on any activities that may impact the project timeline/schedule such as, but not limited to, material delays or permitting.

2.6.1.4 A list of Contractor's personnel and subcontractors including subcontractor Department of Industrial Relations (DIR) number where required.

2.6.1.5 Any required drawings or documents.

2.6.1.6 A list of City responsibilities.

2.6.1.7 An itemized cost proposal showing:

2.6.1.7.1 Hours and hourly rates by position as listed in Exhibit B for both Contractor and subcontractor personnel if applicable. Indicate labor subject to prevailing wage requirements.

2.6.1.7.2 Subcontractor costs including subcontractor DIR number where required and indicating prevailing wage and non-prevailing wage services.

2.6.1.7.3 Parts/materials

2.6.1.7.4 Rental and/or specialty equipment

2.6.1.7.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B.

2.6.1.7.6 Any additional costs including, but not limited to freight, permits, fees.

2.6.1.7.7 Breakdown of materials and labor sufficient to calculate sales tax. Taxable and non-taxable items shall be itemized in a manner that will permit the City to accurately calculate sales tax.

2.6.1.7.8 Estimated total cost including sales tax.

2.6.1.7.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement and the Proposal shall include sufficient information for the City to determine that rates are in accordance with the Agreement.

2.6.1.7.10 Cost for any additional equipment, parts, materials, or services required for completion of services as detailed in the Work Request and in Contractor's Proposal but not reflected in the Contractor's cost proposal shall be the sole responsibility of the Contractor and at no cost to the City.

2.6.2 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor. Contractor must submit a revised Proposal to the City based upon such negotiations. The final proposal shall include a clear breakdown of materials and labor indicating taxable and non-taxable items and an estimate of sales tax.

2.7 Work Authorization:

2.7.1 If the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement, (when combined with all previously authorized Services), the City may authorize the proposed services as set forth in this Section.

2.7.2 To authorize work, the City and Contractor shall execute a Work Authorizations in substantially the same format as Exhibit E. Each Work Authorization shall describe the proposed services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the proposed service and deliverables, and the compensation for the services.

2.7.3 Subject to the terms and conditions of this Agreement, Contractor and City will negotiate the specific scope and requirements of each Work Authorization. Upon execution by the Parties, the Work Authorization shall become an Approved Work Authorization.

2.7.4 Each Approved Work Authorization shall have a Purchase Order attached to it.

2.7.5 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on

behalf of the City, execute a Work Authorization. Purchase orders are issued by the Finance Department.

2.7.6 Contractor shall not initiate the additional services and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order.

2.8 Changes to Work Authorization:

2.8.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the total project cost or specific line items in an Approved Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Approved Work Authorization or Purchase Order.

2.8.2 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

2.8.3 In the event that unanticipated site conditions or other issues result in costs that exceed total of the Approved Work Authorization or changes to line items in an Approved Work Authorization or in the Purchase Order, Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional required services. The City will issue a new or amended Work Authorization and changed Purchase Order to authorize such additional services. Each changed Work Authorization and Purchase Order shall amend the Services and be incorporated into the Services by reference.

2.8.4 Contractor shall not initiate the additional services associated with changes and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order or changed Purchase Order.

2.9 Proposals, pricing, and quotes are not confidential and will not be treated as confidential even if marked confidential when submitted.

2.10 An Approved Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and

conditions contained in an Approved Work Authorization – even if the Approved Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in an Approved Work Authorization are invalid and unenforceable.

2.11 Each Approved Work Authorization and Purchase Order including those authorized prior to execution of this Amendment No. 1 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

2.12 If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

2.13 The City (through the individuals listed in section 2.7.5 or, in the case of Purchase Orders, the Finance Department) may terminate an Approved Work Order or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

2.14 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

2.15 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

2.16 Contractor shall not initiate services before a Work Authorization has been executed and/or Purchase Order has been issued."

3. e-BUILDER

3.1. Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement, as requested by the City.

3.2. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

3.3. The City will establish Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guider-2015. The City reserves the right to limit the licenses issued to Contractor in the future.

3.4. Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

3.5. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. The Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc. and current traffic on the Internet. The City will not be liable for any delays associated from the usage of e-Builder including, but not limited to: slow response time, down time periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will usage of e-Builder be grounds for a time extension or cost adjustment to the Agreement.

3.6. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

3.7. The Contractor is responsible for managing, tracking, and documenting work to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

3.8. At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

3.9. While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder web site and shall be responsible for the validity of its information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

3.9.1. Correspondence;

3.9.2. Meeting Minutes;

3.9.3. Submittals and Shop Drawings;

3.9.4. Product Data, reports, certifications, etc. must be submitted in PDF format. (If a sample is able to be scanned, it is requested a scanned PDF copy is submitted with the sample.);

3.9.5. Requests for Information (RFI's);

3.9.6. Change Order requests and documentation, including record copies of Change Orders, Proposals, Modifications;

3.9.7. Pay Applications;

3.9.8. "Official" correspondence (such as letters) including informal correspondence, such as e-mail;

3.9.9. Pre-Task Plans (PTPs);

3.9.10. Daily Construction Reports and other Daily Reports including Contractor Quality Control (CQC) Reports;

3.9.11. Quality Control (QC) Documentation

3.9.12. All official reports, such as Commissioning reports;

3.9.13. Notices and claims

3.9.14. All close-out documents, and

3.9.15. All test results

3.10 Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on the e-Builder for the duration of the Project. Such data shall be available to City, authorities with jurisdiction (including funding agencies or representatives) on demand.

3.11 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to utilize the new project management tool selected by the City.

AMENDMENT NO. 2
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
TRC SOLUTIONS, INC.
EXHIBIT B – SCHEDULE OF FEES AND PAYMENT PROVISIONS
AMENDED JANUARY 15, 2024

SECTION 1. MAXIMUM COMPENSATION

The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement. The maximum compensation specified in Section 6 includes all services provided under this Agreement as Amended including those services provided in advance of this Amendment.

SECTION 2. RATES

Compensation under each Purchase Order shall be in accordance with the rates set forth herein.

2.1 Rates. Contractor shall submit Proposals and invoice all Services at the rates listed in Table B-1 attached and incorporated by reference.

2.2 Rates listed in Table B-1 (Hourly Rate Amended January 15, 2024) are fully burdened.

2.3 Rate Increase. Rates may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City. All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 2 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 2 of Exhibit A, (4) Contractor submits receipts,

invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred.

	Reimbursable Expense Schedule	Mark Up
1	Subcontractor Services	Not to exceed 10%
2.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
3.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
4.	Charges for outside services (including fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
5.	Other reimbursable expenses with prior written approval from the City	No Markup
6.	Allowable mileage will be charged at the prevailing IRS rate per mile.	No Markup
7.	Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related per diem shall not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. If the basis of compensation is Time and Materials, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify that the rates listed in Table B1 are charged. Additionally, invoices shall include sufficient detail to allow for accurate comparison with certified payroll submittals.

3.2 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.3 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.4 Recalculation. The City may recalculate and pay invoices based on the rates established in this Agreement.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Disputed Invoices. If the City in good faith disputes any portion of an invoice, the City shall pay the undisputed portion of the invoice and submit written notice to Contractor regarding the disputed amount. The notice shall include documentation supporting the disputed amount.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

TABLE B-1 – HOURLY RATES
AMENDED JANUARY 15, 2024

Job Category	Labor Classification	Hourly Rates Effective Dec. 1, 2020 thru Dec. 31, 2022	Hourly Rates Effective Jan. 1, 2023 thru Dec. 31, 2023	Hourly Rates Effective Jan. 1, 2024
Power System Studies	Manager	$ 210.00	$ 221.55	$ 233.74
	Principal Power System Engineer	$ 195.00	$ 205.73	$ 217.04
	Lead Power System Engineer			$ 194.78

Contractor Representative Signature		
Contractor Representative Signature Date		
City Project Manager Name (Print)		
Authorized City Representative (Print)		
City Representative Signature		
City Representative Signature Date		
** Authorized City Representatives include Electric Utility Assistant Director, Chief Electric Utility Operating Officer, Chief Electric Utility Officer*		

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 2 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:
☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file.

*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

AMENDMENT NO. 3
TO THE AGREEMENT FOR SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 3") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc. a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services, Inc., dated June 16, 2021 (Agreement) for the purpose of having Contractor provide plan implementation and project management services as requested by the City to support capital, operations, and maintenance project for Silicon Valley Power (SVP); and

B. The Agreement was previously amended by Amendment No. 1, dated November 30, 2022, and Amendment No. 2, dated February 13, 2024. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Table B-1 – Hourly Rates of Exhibit B of the Agreement as Amended is hereby deleted in its entirely and replaced with the attached Table B-1 "Hourly Rates – Amended August 15, 2024, which is hereby incorporated into the Agreement as Amended.

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 3, the provisions of this Amendment No. 3 shall control.

Docusign Envelope ID: FD8DCBDA-52D9-410D-BC7F-B3623ADF0C1E

The Parties acknowledge and accept the terms and conditions of this Amendment No. 3 as evidenced by the following signatures of their duly authorized representatives.

Ebix Insurance No. S200004640

AMENDMENT NO. 4
TO THE AGREEMENT FOR SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 4") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc., a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and TRC Solutions, Inc," dated June 16, 2021 (Agreement) for the purpose of having Contractor provide plan implementation and project management services as requested by the City to support capital, operations, and maintenance project for Silicon Valley Power (SVP);

B. The Agreement was previously amended by Amendment No. 1, dated November 30, 2022, Amendment No. 2, dated February 13, 2024, Amendment No. 3, dated August 19, 2024, and is again amended by this Amendment No. 4. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to extend the term and update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 2 of the Agreement as Amended, entitled "TERM OF AGREEMENT", is amended to read as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2020 and terminate on November 30, 2028."

2. Table B-1 - Hourly Rates of Exhibit B of the Agreement as Amended is hereby

Docusign Envelope ID: B4AA6399-EF7D-43D2-B9F0-2C238CBA11BC

deleted in its entirely and replaced with the attached “Fourth Revised - Table B-1 - Hourly Rates,” which is hereby incorporated into the Agreement as Amended.

3. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 4, the provisions of this Amendment No. 4 shall control.

The effective date of this Amendment No.4 is the date of City’s execution of this amendment.

[SIGNATURES ON FOLLOWING PAGE]

EBIX Insurance No. S200004651

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES between the CITY OF SANTA CLARA, CALIFORNIA, and BURNS & McDONNELL WESTERN ENTERPRISES, INC.,

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Burns & McDonnell Western Enterprises, Inc., a Missouri corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, experience, necessary licenses and desire to provide any/or all professional services of the quality and type which meet objectives and requirements of City as set forth in this Agreement; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations, and understandings of the Parties, and supersedes and replaces any previous agreements, representations, and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on May 1, 2023, and terminate on April 30, 2028.

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to five (5) additional one-year terms through April 30, 2033 ("Option Periods"). In order to extend the term of the Agreement for the Option Periods, the Parties execute an amendment (or amendments) to the agreement.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A or as more specifically defined in separate specified in each Purchase Order. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which are required deliverables to be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California, as may be required by the specific deliverable.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate, or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the material subject matter expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all deliverables provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one Million Dollars ($1,000,000), and subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses required to perform the Services. All work performed or materials provided in excess of the maximum compensation, as authorized by this agreement, shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Contractor shall comply, and ensure its subcontractors comply with Exhibit D.

Contractor certifies that it is aware of the requirements of California Labor Code Section 1720 et seq. and 1770 et. Seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Contractor or its employees, agents, contractors, and subcontractors to comply with the prevailing wage laws.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor. Upon such termination, City shall pay Contractor for all reasonable expenses and charges outstanding for the portion of Services completed at the time of termination.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement upon written notice to

Contractor and a 10-day opportunity to cure, if in City's opinion it is curable.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

9. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, in their performance of Services.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

13. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared, or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than the project for which work was authorized, including, but not limited to, the release of this material to third parties.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the direct cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City mutually agreed upon reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

Audits, requested by the City, shall be conducted at Contractor's headquarters offices upon reasonable advance written notice from the City.

15. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such third-party claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no additional cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance, nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at SVPContracts@santaclaraca.gov

And to Contractor addressed as follows:

Amy E. Bartak
Burns & McDonnell
140 S State College Blvd, Suite 100
Brea, CA 92821
and by e-mail at abartak@burnsmcd.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state, and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20),

Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally, Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

20. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee, or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following and certifies that to the best of its knowledge it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state, or local law.

22. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper, or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal, or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

CONTINUED ON NEXT PAGE

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

City does not give any guarantee to Contractor that City will select Contractor for the performance of any Call for Proposal. If City selects Contractor for a Call for Proposal, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Purchase Order.

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow.

1.2 Perform engineering studies including, but not limited to:

- **1.2.1** System impact Studies
- **1.2.2** Equipment capacity and rating,
- **1.2.3** Load calculations,
- **1.2.4** Coordination studies,
- **1.2.5** Arc-flash study,
- **1.2.6** Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Create and update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Providing engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Providing on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ system upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services

1.14.1 Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arc Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2 Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Providing cost estimates for equipment;

1.14.5 Developing standards, procedures, operations guides, and training; and

1.14.6 Providing support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115kV.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC- 006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC- 019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 PROJECT QUOTES AND AUTHORIZATION OF WORK

3.1 Qualified Shortlist

3.1.1 Contractor is part of a shortlist of vendors the City has approved to provide the required electric utility engineering services ("Shortlisted Contractors").

3.1.2 When electric utility engineering services are required City may, at its sole discretion, directly assign work to Contractor ("direct assignment"), or facilitate a secondary competitive process among some or all of the Shortlisted Contractors ("Call for Proposal").

3.1.3 When Contractor will be required to perform services on an on- going basis, such ongoing services shall be authorized using the Authorization of Work process in this Section 3.

3.2 Project Quotes and Authorization of Work

3.2.1 When services are required by the City, City shall request a quote or task order from Contractor for such Services. City's request will generally include the following information:

3.2.1.1 Project description;

3.2.1.2 Services requested including location;

3.2.1.3 Preliminary project schedule;

3.2.1.4 Confirmation of prevailing wage and DIR requirements.

3.2.2 Contractor shall submit a quote for the required services in advance of commencing work, with the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3.

3.2.3 Contractor's quote shall include the following details:

3.2.3.1 The specific service(s) to be performed;

3.2.3.2 Location where services will be performed;

3.2.3.3 The project schedule when requested by City;

The project schedule shall point out any activities and/or products or materials that may impact the project timeline, including but not limited to, lead time(s) for material sourcing; shipping and receiving delays; and any other delays.

3.2.3.4 Estimated cost for the requested services, including the following. Items not specified are assumed to be included in the hourly rate.

3.2.3.4.1 Labor costs

3.2.3.4.2 Tools and materials;

3.2.3.4.3 Equipment;

3.2.3.4.4 Subcontractor services

3.2.3.4.5 Any additional costs such as travel, taxes, fees and any other reimbursable expenses; and

3.2.3.4.6 Total not to exceed cost of requested task.

3.2.4 Items not included in the quote are assumed to be included in the hourly rate.

3.2.5 Materials and equipment with a value that exceeds the City's competitive threshold may require a separate quoting process.

3.2.6 Where the terms of any quote or task order are in conflict with this Agreement, the terms of this Agreement shall prevail. All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement.

3.2.7 The City shall authorize work by issuing Purchase Order referencing this Agreement and the quote or task Order. With the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3, Contractor shall not commence work unless Contractor has received a Purchase Order.

3.2.8 Emergency Services

3.2.8.1 An emergency service is defined as an unforeseen event, circumstance, or combination thereof that the City reasonably determines to require immediate action, presents an ongoing danger to public health and safety, and/or imperils SVP facilities and equipment.

3.2.8.2 Emergency services may only be authorized, in writing by an Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer (e- mail is acceptable).

3.2.8.3 Emergency services may be approved verbally, where appropriate, only by the SVP staff identified above. When verbal authorization is given, Contractor shall follow up with City for written confirmation within three (3) days.

3.2.8.4 When emergency services are required, Contractor shall send a quote to City for the required services as soon as possible, but no later than within three (3) business days of starting work. The quote shall be detailed in accordance with this Section 3, and shall include any completed work as well as any additional work required to complete services associated with the emergency.

3.2.9 Changes

3.2.9.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the quoted project cost. Contractor shall provide reason for the change specific to each Purchase Order.

3.2.9.2 In the event that unanticipated site conditions or other issues result in costs that exceed the approved

purchase order, Contractor shall submit to the City an updated quote or task order for review and approval from the City in advance of performing the work and shall receive an update Purchase Order in advance of performing additional work.

3.2.9.3 In the event that issues are identified that can be most efficiently and economically resolved while on site, changes may be approved verbally (in the field), by telephone, or e-mail by the following authorized individuals: Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Contractor shall provide an updated quote within two (2) business days so that such changes can be documented in a Purchase Order within four (4) business days.

3.2.10 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.2.11 SVP shall not be required to pay a deposit or any other form of pre- payment prior to the Contractor beginning work.

4 SCHEDULE OF PERFORMANCE

4.1 Contractor shall perform the services listed above, as needed, during business hours (M-F 9:00am to 5:00pm).

4.2 Any work that requires overtime rates shall be identified and approved in writing by City prior to work commencing.,

4.3 Contractor may be required to perform the services onsite and/or remotely.

5 REPORTING AND DOCUMENTATION

5.1 Contractor shall provide regular status updates on services performed during the term of the agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

5.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

5.3 Additional reporting shall be indicated in the scope for specific Purchase Order.

6 STAFFING REQUIREMENTS

6.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

6.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

6.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

6.3.1 Legally authorized to work in United States.

6.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating instructions on any equipment used; and (d) communicate with emergency personnel during emergencies;

6.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

6.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

6.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

6.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

6.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

6.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

6.8.2 SVP shall not unreasonably withhold approval.

6.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

7 SAFETY

7.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

7.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

7.3 The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

7.4 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

7.5 Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the work safely.

7.6 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

7.7 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

8 EMPLOYEE TRAINING

8.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

8.2 Contractor's employee training shall be at no cost to SVP.

8.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

9 PROFESSIONAL BEHAVIOR

9.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

9.2 Contractor's employees shall be neat and clean, and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

9.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

9.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

9.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

9.6 Contractor shall submit any complaints received against it to the City immediately.

EXHIBIT B
SCHEDULE OF FEES

1 MAXIMUM COMPENSATION

The maximum amount of compensation to be paid to Contractor during the Initial Term of this Agreement shall be the amount specified in Section 6 (COMPENSATION AND PAYMENT) of the Agreement.

2 RATES

2.1 City shall pay Contractor in accordance with the rates specified in Exhibit B-1 – Hourly Rates attached and incorporated by reference:

2.2 All services shall be quoted and authorized using the Work Authorization process outlined in Exhibit A, Section 3 – Project Quotes and Authorization of Work

2.3 Rates shall remain fixed for the initial two years of the Agreement. After the initial two years Contractor may request adjustments to the compensation rates no more than annually

2.3.1 The Contractor must demonstrate to the satisfaction of the City that a price increase is warranted.

2.3.2 City approval or denial of the requested rate adjustment will be provided in writing (e-mail acceptable).

3 REIMBURSABLE EXPENSES

3.1 Contractor may submit invoices for reimbursement of expenses set forth below, subject to the following conditions.

3.2 Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required services and that such expenses aren't included in fixed or hourly rates and that such expenses were included in the project quote or work authorization pursuant to Section 3 of Exhibit A..

3.3 The following expenses may be reimbursable by City.

3.3.1 Travel-related expenses (mileage, lodging, meals, etc.);

3.3.1.1 Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

https://www.gsa.gov/travel-resources

3.3.1.2 Rental car and airfare, where required, shall be at economy class.

3.3.1.3 City shall not reimburse local travel (within Santa Clara County).

3.3.2 The cost of third-party subconsultants costs to the extent City has preapproved, in writing.

3.3.3 The cost of mailing, shipping and/or delivery of any documents or materials on behalf of City.

3.3.4 Any other expenses expressly identified as being reimbursable and approved according to the process in Section 3 of Exhibit A..

3.4 Except as specified in this Agreement, City will reimburse these expenses at actual cost plus ten percent (10%).

3.5 An estimate of reimbursable expenses shall be included in each quote.

4 INVOICING AND PAYMENTS

4.1 Contractor shall submit an invoice to City monthly, in arrears, for payment for services performed the previous month, pursuant to this Agreement.

4.2 Each invoice shall include the task costs for the previous month and each invoice shall only include only work associated with a single task order or quote.

4.3 City shall review the invoice submitted by Contractor and shall notify Contractor of any discrepancies or deficiencies in said invoice.

4.4 If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.5 If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required Certified Payroll, City shall process the invoice for payment.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies,

satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. Prevailing Wage Requirements

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor

Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any

time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
BURNS & MCDONNELL WESTERN ENTERPRISES, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Burns and McDonnell Western Enterprises, Inc., a Missouri corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California and Burns & McDonnell Western Enterprises, Inc., dated May 26, 2023 (Agreement) for the purpose of having Contractor provide electric utility engineering services, and

B. The Parties now wish to amend the Agreement to update the scope of services and update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled "Agreement Documents" is amended in its entirety to read as follows:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees

   Exhibit C – Insurance Requirements

   Exhibit D – Labor Compliance Addendum

   Exhibit E – Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations, and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended March 1, 2024, which is hereby incorporated into the Agreement.

3. Exhibit B – Schedule of Fees is deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended March 1, 2024, which is hereby incorporated into the Agreement.

4. Exhibit E – Sample Work Authorization is hereby added to the Agreement, which is attached hereto and incorporated by reference.

5. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

[SIGNATURES ON FOLLOWING PAGE]

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND BURNS & MCDONNELL WESTERN ENTERPRISES, INC.
EXHIBIT A – SCOPE OF SERVICES
AMENDED FEBRUARY 15, 2024

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow;

1.2 Perform engineering studies including, but not limited to:

- **1.2.1** System impact studies
- **1.2.2** Equipment capacity and rating,
- **1.2.3** Load calculations,
- **1.2.4** Coordination studies,
- **1.2.5** Arc-flash studies,
- **1.2.6** Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Provide engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Provide on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services such as:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ system upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services such as:

1.14.1 System analysis studies as directed by SVP including, but limited to: short circuit studies; area coordination studies; planning studies; facilities rating studies; arc flash studies; system impact studies for interconnection; project development and system expansion studies; and standards development studies.

1.14.2 Project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Provide cost estimates for equipment;

1.14.5 Develop standards, procedures, operations guides, and training; and

1.14.6 Provide support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115Kv.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 WORK AUTHORIZATION PROCESS

3.1 Contractor acknowledges that Contractor is one of seven (7) firms selected to perform electric utility engineering services, pursuant to seven (7) separate agreements (collectively, the "Electric Utility Engineering Agreements"). Specific Services will be assigned as set forth below.

3.2 City does not give any guarantee to Contractor that City will select Contractor for the performance of any Work Request or any other Services. If City selects Contractor to perform a Work Request, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Work Authorization and Purchase Order.

3.3 When Contractor will be required to perform services on an on- going basis, such ongoing services shall be authorized using the Work Authorization Process in this Section 3.

3.4 A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Approved Work Authorization.

3.5 Work Request

3.5.1 When electric utility engineering services are required, SVP will notify one or more contractors under Electric Utility Engineering Agreements for the proposed services.

3.5.2 SVP will provide a description of the Services required, the basis of award, the deadline for response, and any other relevant information (Work Request).

3.6 Proposal

3.6.1 If Contractor has the required expertise and desires to submit a proposal, Contractor shall prepare and submit a proposal (Proposal) that includes:

3.6.1.1 The specific service(s) to be performed. Detail of the services should have a level of detail reflective of the scope, timeline, and cost of the specific project.

3.6.1.2 A work plan that includes a detailed description by task of the services to be performed.

3.6.1.3 A project timeline/schedule with discussion on any activities that may impact the project timeline/schedule such as, but not limited to, material delays or permitting.

3.6.1.4 A list of Contractor's personnel and subcontractors including subcontractor Department of Industrial Relations (DIR) number where required.

3.6.1.5 Any required drawings or documents.

3.6.1.6 A list of City responsibilities.

3.6.1.7 An itemized cost proposal showing:

3.6.1.7.1 Hours and hourly rates by position as listed in Exhibit B for both Contractor and subcontractor personnel if applicable. Indicate labor subject to prevailing wage requirements.

3.6.1.7.2 Subcontractor costs including subcontractor DIR number where required and indicating prevailing wage and non-prevailing wage services.

3.6.1.7.3 Parts/materials

3.6.1.7.4 Rental and/or specialty equipment

3.6.1.7.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B.

3.6.1.7.6 Any additional costs including, but not limited to freight, permits, fees.

3.6.1.7.7 Breakdown of materials and labor sufficient to calculate sales tax. Taxable and non-taxable items shall be itemized in a manner that will permit the City to accurately calculate sales tax.

3.6.1.7.8 Estimated total cost including sales tax.

3.6.1.7.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement and the Proposal shall include sufficient information for the City to determine that rates are in accordance with the Agreement.

3.6.1.7.10 Cost for any additional equipment, parts, materials, or services required for completion of services as detailed in the Work Request and in Contractor's Proposal but not reflected in the Contractor's cost proposal shall be the sole responsibility of the Contractor and at no cost to the City.

3.6.2 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor. Contractor must submit a revised Proposal to the City based upon such negotiations. The final proposal shall include a clear breakdown of materials and labor indicating taxable and non-taxable items and an estimate of sales tax.

3.7 Work Authorization:

3.7.1 If the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement, (when combined with all previously authorized Services), the City may authorize the proposed services as set forth in this Section.

3.7.2 To authorize work, the City and Contractor shall execute a Work Authorizations in substantially the same format as Exhibit E.

Each Work Authorization shall describe the proposed services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the proposed service and deliverables, and the compensation for the services.

3.7.3 Subject to the terms and conditions of this Agreement, Contractor and City will negotiate the specific scope and requirements of each Work Authorization. Upon execution by the Parties, the Work Authorization shall become an Approved Work Authorization.

3.7.4 Each Approved Work Authorization shall have a Purchase Order attached to it.

3.7.5 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization. Purchase Orders are issued by the Finance Department.

3.7.6 Contractor shall not initiate the additional services and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order.

3.8 Changes to Work Authorization:

3.8.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the total project cost or specific line items in an Approved Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Approved Work Authorization or Purchase Order.

3.8.2 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

3.8.3 In the event that unanticipated site conditions or other issues result in costs that exceed total of the Approved Work Authorization or changes to line items in an Approved Work Authorization or in the Purchase Order, Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional required services. The City will issue a new or amended Work Authorization and changed Purchase Order to authorize such additional services. Each changed Work Authorization and

Purchase Order shall amend the Services and be incorporated into the Services by reference.

3.8.4 Contractor shall not initiate the additional services associated with changes and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order or changed Purchase Order.

3.9 Proposals, pricing, and quotes are not confidential and will not be treated as confidential even if marked confidential when submitted.

3.10 An Approved Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in an Approved Work Authorization – even if the Approved Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in an Approved Work Authorization are invalid and unenforceable.

3.11 Each Approved Work Authorization and Purchase Order including those authorized prior to execution of this Amendment No. 1 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

3.12 If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

3.13 The City (through the individuals listed in section 3.7.5 or, in the case of Purchase Orders, the Finance Department) may terminate an Approved Work Order or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

3.14 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.15 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

3.16 Contractor shall not initiate services before a Work Authorization has been executed and/or Purchase Order has been issued.

4 E-BUILDER

4.1 When required by City, Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement.

4.2 e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

4.3 The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor in the future.

4.4 Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

4.5 e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with the usage of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will the usage of e-Builder be grounds for a time extension or cost adjustment to the Agreement.

4.6 Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

4.7 Contractor is responsible for managing, tracking, and documenting the Services to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute a validation of the Contractor's submitted information.

4.8 At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

4.9 While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder website and shall be responsible for the validity of the information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

4.9.1 Correspondence,

4.9.2 Meeting minutes,

4.9.3 Product data, reports, certifications, etc. must be submitted in PDF format. (If a sample can be scanned, it is requested that a scanned PDF copy be submitted with the sample),

4.9.4 Requests for Information (RFI's),

4.9.5 Submittals and shop drawings,

4.9.6 Change order requests and documentation, including record copies of change orders, proposals, and modifications,

4.9.7 Pay applications,

4.9.8 "Official" correspondence (such as letters) including informal correspondence, such as email,

4.9.9 Pre-Task Plans (PTPs),

4.9.10 Daily construction reports and other daily reports including Contractor Quality Control (CQC) Reports,

4.9.11 All official reports, such as commissioning reports,

4.9.12 Notices and claims,

4.9.13 Operations and maintenance manuals,

4.9.14 All close-out documents, and

4.9.15 All testing results

4.10 Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on the e-Builder for the duration of each project. Such data shall be available to City and authorities with the jurisdiction (including funding agencies or representatives) on demand.

4.11 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to utilize the new project management tool selected by the City.

5 SCHEDULE OF PERFORMANCE

5.1 Unless otherwise requested and authorized by City, Contractor shall perform the services listed above, as needed, during business hours (M-F 8:00am to 5:00pm).

5.2 Any work required using overtime rates shall be identified and approved in writing by City prior to work commencing.

5.3 Contractor may be required to perform the services onsite and/or remotely.

6 REPORTING AND DOCUMENTATION

6.1 Contractor shall provide regular status updates on Services performed during the term of the Agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

6.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

6.3 Additional reporting shall be indicated in the scope for specific Purchase Orders.

7 STAFFING REQUIREMENTS

7.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

7.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

7.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

7.3.1 Legally authorized to work in United States.

7.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating

instructions on any equipment used; and (d) communicate with emergency personnel during emergencies.

7.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

7.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

7.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

7.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

7.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

7.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

7.8.2 SVP shall not unreasonably withhold approval.

7.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

8 SAFETY

8.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

8.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

8.3 The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

8.4 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

8.5 Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the

medication can potentially impair the employee's ability to perform the work safely.

8.6 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

8.7 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

9 EMPLOYEE TRAINING

9.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

9.2 Contractor's employee training shall be at no cost to SVP.

9.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

10 PROFESSIONAL BEHAVIOR

10.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

10.2 Contractor's employees shall be neat and clean, and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

10.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

10.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

10.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND BURNS & MCDONNELL WESTERN ENTERPRISES, INC.
EXHIBIT B - COMPENSATION AND FEE SCHEDULE
AMENDED MARCH 1, 2024

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 This is a time and materials agreement. Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B-1 – LABOR RATES AMENDED MARCH 1, 2024 attached and incorporated by reference.

2.2 Rates listed in Appendix B-1 are fully burdened.

2.3 Nonexempt personnel in levels 5 through 11 may be billed at the overtime rates listed in Appendix B-1

2.4 Contract/Agency Personnel shall be billed according to rates listed in Appendix B-1 as if such personnel are a direct employee of Burns & McDonnell. "Contract/Agency Personnel" shall mean personnel utilized at the discretion of Contractor to provide the Services that are not directly employed by Burns & McDonnell as defined at law but are on loan from another employer through a contract or purchase order, including personnel from Burns & McDonnell's subsidiaries and affiliates (including Burns & McDonnell International Inc. and Burns & McDonnell Engineering India Pvt. Ltd). Such contracts and purchase orders are not "Subcontracts" as used herein and are not subject to 10% markup. All Contract/Agency Personnel shall be considered agents of Contractor, and able to act on behalf of Contractor within the scope of the authority granted such Contract/Agency Personnel according to job function and billing classification.

2.5 Rate Increase. Rates may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City. All rate adjustments must be approved by the City through an amendment to this Agreement. References to

alternate rates in quotes that have not been separately authorized pursuant to this section are not approved.

2.6 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 3 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 3 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred.

	Reimbursable Expense Schedule	Mark Up
1	Subcontractor Services	Not to exceed 10%
2.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
3.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
4.	Charges for outside services (including fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
5.	Other reimbursable expenses with prior written approval from the City	No Markup
6.	Allowable mileage will be charged at the prevailing IRS rate per mile.	No Markup
7.	Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related per diem shall not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	Not to exceed 10%

SECTION 3. PAYMENT PROVISIONS

3.1 Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify that the rates listed in Appendix B-1 are charged. Additionally, invoices shall include sufficient detail to allow for accurate comparison with certified payroll submittals where applicable.

3.2 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.3 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.4 Recalculation. The City may recalculate and pay invoices based on the rates established in this Agreement.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Disputed Invoices. If the City in good faith disputes any portion of an invoice, the City shall pay the undisputed portion of the invoice and submit written notice to Contractor regarding the disputed amount. The notice shall include documentation supporting the disputed amount.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

APPENDIX B-1 – HOURLY RATES

AMENDED MARCH 1, 2024

Direct Labor	Title	Hourly Rate	Hourly Rates	Overtime Rates
		Effective: May 26, 2023 – December 31, 2023	Effective January 1, 2024	
Name	Title			
Level 5	GENERAL OFFICE	$ 60.00	$69.00	$103.50
Level 6	TECHNICIAN	$ 75.00	$85.25	$127.88
Level 7	ASSISTANT	$ 89.00	$97.75	$146.63
Level 8	ASSISTANT	$ 119.00	$134.50	$201.75
Level 9	ASSISTANT	$ 141.00	$155.50	$233.25
Level 10	STAFF	$ 160.00	$171.50	$257.25
Level 11	STAFF	$ 176.00	$190.00	$285.00
Level 12	SENIOR	$ 195.00	$208.25	$208.25
Level 13	SENIOR	$ 216.00	$222.75	$222.75
Level 14	ASSOCIATE	$ 226.00	$241.75	$241.75
Level 15	ASSOCIATE	$ 229.00	$241.75	$241.75
Level 16	ASSOCIATE	$ 231.00	$241.75	$241.75

EXHIBIT E

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and Burns & McDonnell Western Enterprises, Inc. ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control.

PART A: GENERAL INFORMATION

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 3 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:

☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file. *Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.
☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

AMENDMENT NO. 2
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
BURNS & MCDONNELL WESTERN ENTERPRISES, INC.

PREAMBLE

This agreement ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Burns and McDonnell Western Enterprises, Inc. a Missouri corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California and Burns & McDonnell Western Enterprises, Inc." dated May 26, 2023, (Agreement); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide electrical utility engineering services; and

C. The Parties amended the Agreement (Amendment No. 1) on March 26, 2024 to update the scope of services and update the hourly rates.

D. The Parties now wish to amend the Agreement to, among other things, update Exhibit B (Schedule of Fees and Payment Provisions).

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled "Agreement Documents" is amended in its entirety to read as follows:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum

Exhibit E – Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations, and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Exhibit B – Compensation and Fee Schedule is amended and replaced with the attached Exhibit B – Schedule of Fees and Payment Provisions – Amended December 1, 2024, which is hereby incorporated into the Agreement.

3. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 2, the provisions of this Amendment No. 2 shall control.

[SIGNATURES ON FOLLOWING PAGE]

The Parties acknowledge and accept the terms and conditions of this Amendment No. 2 as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT B – SCHEDULE OF FEES AND PAYMENT PROVISIONS
AMENDED DECEMBER 1, 2024

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B1 (RATES) attached and incorporated by reference.

2.2 Rates listed in Appendix B1 are fully burdened and will remain fixed for the first two (2) years of the Agreement.

2.3 Rate Changes

2.3.1 Rate Increase. Contractor may increase rates annually beginning December 1, 2026, by the lesser of 5% or a percentage amount not to exceed the percent change of the preceding 12 month period in the Consumer Price Index for all Urban Customers, selected items, not seasonally adjusted as published by the U.S. Bureau of Labor Statistics at https://www.bls.gov/cpi or successor site. In no event shall such increase exceed 5% annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing services for which rates are applicable.

2.3.3 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes or Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 3 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the

required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 3 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside services (including subconsultant fees, subcontractor fees, equipment, materials, and facilities not furnished directly by Contractor).	10% Markup
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (including subconsultants / subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	10% Markup
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify a) that the charges are in accordance with the Work Authorization, (b) that

rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.3 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.4 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.5 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice will be returned to Contractor to correct and resubmit before payment can be processed.

3.6 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

3.7 Confidential. Invoices are not confidential even if marked as confidential when submitted.

APPENDIX B1 TO EXHIBIT B
RATES

1. RATES

1.1. Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 3 of Exhibit A. The rates applicable for the Services provided at hourly rates are listed in Table B1 (Labor Rates Effective November 1, 2024) and Table B2 (Labor Rates Effective May 26, 2023 through October 31, 2024).

1.2. In cases where services are required but the applicable rate is not listed below, Contractor shall submit rates for approval by the City in advance, in writing before performing the services. For avoidance of doubt, any changes to the rates in Table B1 and Table B2 must be authorized by an amendment to the Agreement in accordance with Section 2.3 of Exhibit B. Rate changes are not permitted as part of a Work Authorization process.

TABLE B1 (LABOR RATES EFFECTIVE NOVEMBER 1, 2024)

RATES EFFECTIVE NOVEMBER 1, 2024		
Job Title	Hourly Rate	Overtime Rate
Associate – 14 or above	$269.79	$269.79
Senior – 13	$248.59	$248.59
Senior – 12	$232.41	$232.41
Staff – 11	$212.04	$285.00
Staff – 10	$191.39	$257.25
Assistant – 9	$173.54	$233.25
Assistant – 8	$150.10	$201.75
Assistant – 7	$109.09	$146.63
Technician – 6	$95.14	$127.88
General Office – 5	$77.00	$103.50

TABLE B2 (LABOR RATES EFFECTIVE JANUARY 1, 2024 THROUGH OCTOBER 31, 2024)

Job Title	Hourly Rate	Overtime Rate
Associate – 14 or above	$241.75	$241.75
Senior – 13	$222.75	$222.75
Senior – 12	$208.25	$208.25
Staff – 11	$190.00	$285.00
Staff – 10	$171.50	$257.25
Assistant – 9	$155.50	$233.25
Assistant – 8	$134.50	$201.75
Assistant – 7	$97.75	$146.63
Technician – 6	$85.25	$127.88
General Office – 5	$69.00	$103.50

(LABOR RATES EFFECTIVE MAY 26, 2023 THROUGH DECEMBER 31, 2023)

Job Title	Hourly Rate	Overtime Rate
Associate – 14 or above	$241.75	$241.75
Senior – 13	$222.75	$222.75
Senior – 12	$208.25	$208.25
Staff – 11	$190.00	$285.00
Staff – 10	$171.50	$257.25
Assistant – 9	$155.50	$233.25
Assistant – 8	$134.50	$201.75
Assistant – 7	$97.75	$146.63
Technician – 6	$85.25	$127.88
General Office – 5	$69.00	$103.50

1.3. Contractor may charge for work over 8 hours per day and on weekends and holidays. Overtime shall be approved in advance as part of a Work Authorization. To the extent that use of overtime may result in exceeding the maximum compensation of a Work Authorization, Contractor shall follow the process in Section 3.8 of Exhibit A.

1.4 Holidays:

1.4.1 Observed holidays are: New Year's Day, Martin Luther King Jr. Day, President's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving and the Day after Thanksgiving, Christmas Day

REPORT TO COUNCIL

SUBJECT

Delegation of Authority to the City Manager to Negotiate and Execute Various Agreements for Silicon Valley Power (SVP) for the Purchase of Supplies and Services Following Competitive Processes with the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services;
2. Associated Power Solutions for battery maintenance services;
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services;
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc. for Technical Field Advisor services;
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services;
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control;
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services;
8. TR International Trading Company for salt delivery services;
9. Pacific Star Chemical dba Northstar Chemical for delivery of bulk sulfuric acid; and
10. Univar for delivery of bulk chemicals

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

EXECUTIVE SUMMARY

In order to support the various maintenance and regulatory needs of the electric utility, SVP contracts with over one hundred contractors, consultants, and other vendors to provide services and products. During the last several months, the Purchasing Division of the Finance Department has published a number of solicitations pursuant to applicable provisions of City Code Section 2.105 using the City's e-procurement system.

Staff recommends that the City Manager be authorized to negotiate and execute agreements associated with these solicitations to the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services in an amount not to exceed $1,500,000 for an initial three-year term with two one-

year options to renew.
2. Associated Power Solutions for battery maintenance services in an amount not to exceed $1,500,000 for an initial five-year term with up to five one-year options to renew.
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services in an amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew.
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc for Technical Field Advisor (TFA) services in an amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew.
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services in an amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew.
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 for an initial five-year term with up to five one-year options to renew (four million dollars per year shared among nine engineering firms based on project assignment).
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services in an amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew.
8. TR International Trading Company for salt delivery services in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
9. Pacific Star Chemical doing business as Northstar Chemical for delivery of bulk sulfuric acid in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
10. Univar Solutions for delivery of bulk sulfuric acid in an amount not to exceed $200,000 until such time as the City can enter into an agreement through Bay Area Chemical Consortium.

Further details about each of these solicitations and the associated services is in the following background and discussion sections.

Authority to Negotiate and Execute

It is not typical to include this number of agreements in one Report to Council, but it is needed to continue to provide service under current staff limitations. In other words, this is a new procurement strategy to continue procurements within our limited capacity and receive the appropriate Council direction to proceed. Consolidating this action and obtaining delegated authority removes workload and allows for staff to focus on the actual procurement and contract process.

Recent Purchasing Activity

During the last two years, SVP and the Purchasing Division of the Finance Department have been working closely together to perform solicitations pursuant to applicable provisions of City Code Section 2.105. During this time, over fifty solicitations have been completed using competitive processes including cooperative purchases, informal bids, formal bids, Request for Proposals (RFP), and Statements of Qualifications (SOQ). Several of these solicitations have resulted in multiple awards. In some cases, a master agreement is awarded with multiple contractors and a secondary informal bidding process takes place for specific scopes. In addition to issuing new solicitations, SVP

and Purchasing took action to extend the term of over fifty agreements from three years to five years in order to maximize the value of the solicitation process.

Staff Limitations
This activity has occurred while the contracts manager assigned to SVP has also been primarily assigned to support the Emergency Operations Center during the pandemic. On September 28, 2021; Council authorized the addition of a second Contracts Manager position in the Finance Department to be funded by SVP and assigned to support SVP. An offer was recently made to fill that position. In February, the Contracts Manager already assigned to SVP resigned leaving a new position vacant. Using the previous recruitment, staff has initiated the process to fill that newly vacant position. However, both purchasing positions are not currently filled and there is currently no dedicated purchasing staff for SVP. In addition, the Attorney assigned to SVP (who reviews and works on all these items) recently left the City. This will cause additional capacity constraints.

Upcoming Items
Based on current staffing constraints and the requirement to enter into contracts to operate the system, staff is taking a different procurement approach than past to facilitate the work with appropriate Council approval. There will be other items for Council consideration on upcoming agendas to maintain continuity of services.

BACKGROUND

Silicon Valley Power (SVP), the City of Santa Clara's Electric Utility owns significant assets requiring ongoing maintenance including three power plants in City limits, several remote assets, substations, as well as transmission and distribution lines throughout the City. Additionally, SVP is required to comply with a number of safety and regulatory requirements including North American Electric Reliability Corporation (NERC), Western Electricity Coordinating Council (WECC), Occupational Safety and Health Administration (OSHA), and Bay Area Air Quality Management District (BAAQMD).

Most of the services referenced in this report are provided at SVP's power generation facilities located in City of Santa Clara: (1) The main facility, the Donald Von Raesfeld Power Plant (DVR), is a 2x1 combined cycle power plant rated at 147 Megawatts of electrical power, (2) City of Santa Clara Cogeneration Plant (Cogen), is a cogeneration facility that utilizes two gas turbines for power generation. Waste heat from Cogen is collected to generate steam for supply to a paper mill. This facility is rated at 7 Megawatts, (3) The Gianera Generating Station (Gianera), the City's peaking generation facility, is rated at 49.5 Megawatts of electrical power.

Through this action, staff recommends that the City Council authorize the City Manager to execute contracts based on awards from these solicitations to expedite processing time.

DISCUSSION

Valve Inspection, Maintenance, and Repair Services

SVP's power plants have boiler system components including high pressure steam superheaters, high pressure steam drums, low pressure steam superheaters, low pressure steam drums, economizers, deaerator tanks, and flash tanks. These components have associated safety valves that require periodic testing, inspection, maintenance, repair, and replacement. Additionally, the plants contain air and gas systems that require valve testing, inspection, repair, and maintenance.

The services are highly specialized and SVP requires a qualified contractor to perform these critical services.

In 2021, the City published a formal Request for Bids (RFB) for as-needed valve testing, inspection, maintenance, and repair services. The City did not receive any bids.

Because there were no bids submitted, staff reached out to Bay Valve Service and Engineering, LLC (Bay Valve) for rates. Bay Valve is the incumbent provided and has been providing services to SVP for almost 20 years. SVP has been satisfied with the services provided by Bay Valve. Staff recommends awarding an agreement to Bay Valve to provide the required valve testing, inspection, maintenance, and repair services. There are a number of critical projects requiring this service including annual and 3-year required safety valve testing, high pressure bypass valve replacement, and critical control valve replacements.

The proposed agreement includes provision of all labor, materials, equipment, and technical expertise needed to provide the required valve testing, inspection, maintenance, and repair services. The contractor may perform the required services at SVP's power plants or at the Contractor's shop. Additionally, the contractor may be required to perform valve repair services at other SVP locations such as SVP's remote facilities.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Bay Valve for an initial three-year term beginning on or about March 1, 2022 and to execute up to two one -year options to renew the agreement after the initial term at the discretion of the City. Costs for the initial three-year term are not to exceed $1,500,000.

Bay Valve's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Battery Maintenance Services

SVP uses battery systems in order to ensure there is uninterrupted power to relay protection schemes, and control systems that provide monitoring and quick action in the event of electrical and process faults. SVP has several battery systems throughout its in-city power generating assets, including its power plants as well as at substations. The batteries must be maintained annually and quarterly in accordance with the most current version of the North American Electric Reliability Corporation (NERC) standard PRC-005, as well as state and federal regulations. The battery maintenance services ensure that critical protection systems will be available to protect the SVP grid and power plant equipment.

In 2021, the City published a formal Statement of Qualifications (SOQ) for Battery Maintenance Services. An SOQ is a solicitation where the award is based on the qualifications and expertise of the firm versus a proposed solution. One proposal was received from Associated Power Solutions (APS). Staff reviewed the response against the criteria included in the SOQ and determined that APS's proposal met all of the SOQ requirements.

Staff recommends award of agreement to Associated Power Solutions. APS is the incumbent and has demonstrated experience and expertise providing quality battery maintenance services in

compliance with NERC Standard PRC-005. Under the proposed agreement, APS will provide all labor, materials, equipment, and technical expertise needed to provide the required services including annual and quarterly battery inspection and maintenance; performance testing of batteries, load testing of battery systems, replacement of old batteries and disposal of old batteries. All services will be performed pursuant to NERC standards as well as industry best practices and state and local laws and regulations.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with APS for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis with maximum compensation not to exceed $1,500,000 over the five-year initial term. APS's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electrical Generator Maintenance

The generators used at SVP facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. Local and remote generation facilities use multiple generator technologies from various manufacturers, and each has unique and specific maintenance schedules and parts specifications. Accordingly, multiple vendors are employed to properly maintain the fleet of generators.

In 2021, the City published a formal RFP for Generator Maintenance and Overhaul Services. A total of 69 companies viewed the RFP, and the City received proposals from five companies:

- Brush Americas (Turtle Creek, PA)
- Electrical Maintenance Consultants, Inc. (Rocklin, CA)
- Ethos Energy (Houston, TX)
- Kinectrics, Inc. (Naperville, IL)
- Mitsubishi Powers America, Inc. (Orlando, FL)

The RFP was comprised of three separate packages as follows:

- Package A: major inspections and repairs (overhauls) on two (2) Brush BDAX-7 generators located at the Donald van Raesfeld (DVR) Power Plant;
- Package B: major inspections and repairs (overhauls) on two (2) Ideal SM-100 generators located at the Santa Clara Cogeneration Plant; and
- Package C: Routine generator maintenance and repair services.

Proposers had the option to submit responses for one or multiple packages. Electrical Maintenance Consultants, Inc. (EMC) and Ethos Energy (Ethos) submitted responses for all three packages. Mitsubishi Powers America, Inc. (Mitsubishi) submitted a response for Packages A and C. Brush Americas (Brush) and Kinectrics, Inc. submitted responses for Package A and Package C, respectively.

The proposals were evaluated and scored against the criteria and weights included in the RFP by a

three-member evaluation team consisting of staff from SVP. Upon the evaluation team's initial review, the proposals from Ethos and Kinectrics, Inc. were determined to be non-responsive and were eliminated from further consideration.

Staff recommends authorizing the City Manager to negotiate and execute agreements with EMC, Brush, and Mitsubishi for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with maximum compensation for all three agreements not to exceed $3,000,000 over the five-year initial term. EMC shall serve as the primary contractor for all three packages of services, while Brush and Mitsubishi shall serve as the secondary providers of services for their respective packages. The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required generator maintenance and overhaul services.

Any requests for compensation increases during the term of the agreement(s) must be justified by the company and are subject to approval by the City and the annual appropriations of funds.

Technical Field Advisor (TFA) Services

The Turbines and Generators used at Silicon Valley Power (SVP) facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. In-town and remote generation facilities use multiple generator technologies from various manufacturers, each having unique and specific maintenance schedules and parts specifications.

Depending on the nature of the work, it is industry best practice for SVP to separately contract TFA service for expertise when undergoing overhauls or other in-depth maintenance activities. These TFA's serve as SVP's agents and provide expert guidance to oversee the contractors performing work.

In 2021, the City published a formal RFP for TFA Services. A total of 39 companies viewed the RFP, and the City received 3 proposals, from Axis Mechanical Group, Mitsubishi Power Americas, Inc and HPI, LLC. The proposals were evaluated independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the RFP. Staff recommends negotiating and executing agreements with all three proposers. Having multiple TFA agreements will provide flexibility with scheduling and expertise needs for SVP's various assets.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Overseeing major turbine and engine overhauls at SVP's power plants;
- Providing technical oversight of outage activities;
- Providing advice on available repair options;
- Developing and providing required reports.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Axis Mechanical, Mitsubishi Power Americas, Inc., and HPI, LLC for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreements after the

initial term, at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,050,000 for all three agreements over the five-year initial term. Any requests for or rate increases during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services
All three of SVP's local generation facilities rely on processed or demineralized water for use in the condensate/steam cycle and for emissions control. Portable, mixed bed and ion exchange bottles are used at DVR, COGEN, and Gianera for water treatment as an economic solution for these water treatment needs.

In 2021, the City published a formal RFB for Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services with the award recommendation based on "lowest responsive, responsible bidder." A total of 34 companies viewed the RFB, and the City received proposals from two bidders. The results are as follows:

Vendor Name	Bid Price
Puretech	$91,107.00
Evoqua	$130,496.98

Staff recommends an award to Puretech as the lowest responsive and responsible bidder and Evoqua as a secondary supplier in the event of an emergency or if Puretech is unable to perform. Puretech and Evoqua will supply portable mixed bed and anion demineralized bottle rental and exchange services to SVP's power plants on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Puretech and Evoqua for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Total costs are not to exceed $650,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electric Utility Engineering Services
SVP uses consultants to support operations engineering of protection, communications, and control systems. Typical services include electrical safety hazard analysis, electrical engineering studies (short circuit and relay coordination), fiber optic multiplexer system support, power quality metering system support, compliance (NERC and WECC), and outages studies.

Sample tasks and studies performed by these consultants may include

- Electrical safety hazard analysis at each substation to determine safe approach distances and proper personal protection equipment (PPE) maintaining safety for employees and compliance with OSHA requirements.
- Relay overcurrent coordination studies to minimize the number of customers affected by a fault in the electric system such as a car a hitting power pole, tree branch falling on transmission line, or a mylar balloon contacting a transmission line.

- Support replacement of the fiber optic multiplexer system - the communication backbone of the electric utility.

In June 2021, the City published a formal SOQ for Electric Utility Engineering Services protection, communications, and control systems. A total of 141 companies viewed the SOQ, and the City received 17 proposals. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ.

Staff recommends negotiating and executing agreements with the following proposers, as the most advantageous proposals based upon the final evaluation rankings:

1. Burns and McDonnell Engineering Company, Inc.
2. Electrical Consultants, Inc.
3. HDR Engineering, Inc.
4. Leidos Engineering, LLC
5. Power-Tech Engineers, Inc.
6. SEL Engineering Services, Inc.
7. Soudi Consultants, Inc.
8. TRC Solutions, Inc.
9. Worley Group, Inc., doing business as Advisian

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required electric utility engineering services including:

- Performing engineering studies;
- Developing and reviewing protective device, metering, and automation device settings and logic;
- Preparing and documenting North American Electric Reliability Corporation (NERC) compliance reports; and
- Providing engineering support services for construction and testing crews.

Staff intends to establish a qualified shortlist consisting of the nine selected proposers. Depending on the requirement, a vendor may be awarded specific work to any vendor on the list, or a secondary “mini” competitive process may be conducted among these pre-qualified firms to award specific work.

Staff recommends authorizing the City Manager to negotiate and execute agreements with the nine consultants listed above for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew each agreement after the initial term, at the discretion of the City. Annual costs for all agreements are not to exceed $20 million during the initial five-year term (four million dollars per year shared among nine engineering firms based on project assignment). Any requests for compensation increases during the term of the agreement(s) must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Environmental, Health & Safety Services (EH&S)

Silicon Valley Power (SVP) requires EH&S programs throughout the utility in order to maintain a safe and compliant working environment. The use of experts focused in the knowledge areas required

assures the best possible quality for the programs being developed, prevents bias, and maintains the most current updates to federal and local laws and regulations. These firms have unique skills and tools at their disposal to provide services.

Services associated with Environmental Programs will support a number of required certifications and other compliance activities. A utility of SVP's size is responsible for a number of environmental compliance activities including air permits, Environmental Protection Agency (EPA) Title V, Spill Prevention Control and Countermeasure (SPCC), Hazardous Materials Business Plan (HMBP), and storm water permits. This is only a sample list as there are a number of compliance programs associated with the utility's operations.

Services associated with safety programs include written plans, training, tracking of training completed, audits, and drills that meet Federal and California OSHA, and local or other agency regulations or guidelines. In addition, these consultants will support activities that promote a safe working environment including development and update of safety standards across SVP, Injury and Illness Prevention Program (IIPP) and a Qualified Electrical Worker (QEW) program. Resulting programs will be available to staff throughout the utility.

In 2021, the City published a formal SOQ for EH&S services. A total of 104 companies viewed the SOQ, and six proposals were submitted. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ including: experience and qualifications of the firm/staff; expertise reviewing and developing EH&S plans; and the proposers' approach to providing safety training.

Based on the scores from the evaluation panel, staff recommends awarding agreements to two proposers as the most advantageous and best value to the City: BSI America Professional Services, Inc. (BSI), and Electrical Safety Consultants, Inc., doing business as ESCI, Inc. (ESCI). Both proposals met or exceeded all of the SOQ specifications. The expertise of each of these vendors is different; therefore, each agreement will include different scopes of work.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Reviewing and updating SVP's current EH&S plans;
- Developing new EH&S plans;
- Providing electrical safety training and drills;
- Conducting periodic electrical safety audits; and
- Creation and management of a comprehensive electrical safety compliance program (ESCI only).

Staff recommends authorizing the City Manager to negotiate and execute agreements with BSI and ESCI for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew each agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,100,000. Any requests for compensation adjustments during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to provide Salt Deliveries

Maintaining power production at Cogen requires the water at the plant to be treated for use in its steam processes. The treatment includes softening the water by using dry coarse salt. SVP uses approximately 660 pounds of salt per day to treat the water at Cogen. If water is not softened for use in the power plant steam processes, Cogen would be forced to shut down, halting power production at the facility. A shutdown of Cogen would also impact its ability to supply steam to its thermal host, Greif Inc., Santa Clara Paperboard who uses steam for recycled paper processing.

In 2021, the City published a formal RFB for the delivery and supply of Morton Salt, using the City's e-procurement system. Twenty-two (22) vendors viewed the bid, and two bids were received. Results are as follows:

Vendor NameBid Price	
TR International Trading Company (TRInternational)	$49,680
John's Salt Service	$50,112

Staff recommends an award to TRInternational as the lowest-price responsive bidder. TR International will supply and deliver salt to Cogen on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with TR International for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Maximum compensation is not to exceed $300,000 during the initial five-year term. Any requests for compensation adjustments must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to Provide Delivery of Bulk Sulfuric Acid

SVP uses sulfuric acid for pH control of the cooling tower at DVR. This necessary process treatment for the cooling tower is required to maintain limits specified by the Industrial Waste Water Discharge Permit issued by San Jose Environmental Services Department. and preserve the integrity of the tower itself.

In 2021, the City published a formal RFB for the delivery and supply of Sulfuric Acid. Twenty-two (22) vendors viewed the bid, and one bid was received as follows:

Vendor Name	Bid Price
Pacific Star Chemical (dba Northstar Chemical)	$40,320

Staff recommends an award to Pacific Star Chemical as the sole bidder. Pacific Star Chemical will supply bulk Sulfuric Acid to SVP's DVR plant on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Pacific Star Chemical dba Northstar Chemical for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Costs are not expected to exceed $300,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the

company and are subject to approval by the City and the annual appropriations of funds. Exercise of option terms after the initial five-year term will be based on renewal quotes from the Pacific Star Chemical.

Bulk Chemical:
Silicon Valley Power (SVP) uses several Bulk Chemicals including Sodium Bisulfite, Sodium Hydroxide, Sodium Hypochlorite at its DVR Power Plant for various water treatment processes.

Pursuant to City Purchasing ordinance, the City intends to enter into a cooperative purchase through the Bay Area Chemical Consortium (BACC), a cooperative group of public agencies each individually established and acting collectively through their authorized agents. BACC issues bids each January for over a dozen bulk chemicals, with responses due in late February and contract awards executed by each respective agencies around the second quarter of the calendar year. The City is unable to enter into the proposed cooperative purchase until around the second quarter of the calendar year. Therefore, staff requests authorization to enter into a purchase order with Univar in an amount not to exceed $200,000 until such time as the City can enter into an agreement through BACC.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. Furthermore, the action being considered is exempt from the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15301 “Existing Facilities” as the activity consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities mechanical equipment or topographical features involving negligible or no expansion of use beyond that existing at the time of the lead agencies determination. Moreover, the action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT
Funding for the following agreements will come from the capital or operating budget based on the asset requiring products or services:

1. Valve inspection, maintenance, and repair services
2. Battery maintenance services
3. Electrical generator maintenance
4. Technical Field Advisor (TFA) Services
5. Portable mixed bed and anion demineralized bottle rental and exchange services
6. Engineering services for electric protection, communications, and control
7. Salt deliveries
8. Delivery of bulk sulfuric acid
9. Bulk chemical delivery services

Funding for consulting and training services for environmental health and safety including safety

compliance, environmental consulting, consulting for emissions, stormwater, and hazardous waste are budgeted in the Electric Utility budget Electric Compliance Division.

Sufficient funding for the agreements is included in the FY 2021/22 and FY 2022/23 Biennial Adopted Operating Budget. Funding for future years is subject to future appropriation and will be included in future budget processes.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an agreement for valve Inspection, maintenance, and repair services with Bay Valve Service and Engineering, LLC in an amount not to exceed $1,500,000 for an initial three-year term with two one-year options to renew;
2. Authorize the City Manager to negotiate and execute an agreement for battery maintenance services with Associated Power Solutions in an amount not to exceed $1,500,000 for an initial five -year initial term with up to five one-year options to renew;
3. Authorize the City Manager to negotiate and execute agreements for generator maintenance services in an aggregate amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew with:
    a. Electrical Maintenance Consultants
    b. Brush Americas
    c. Mitsubishi Powers Americas, Inc.;
4. Authorize the City Manager to negotiate and execute agreements for Technical Field Advisor (TFA) services in an aggregate amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew with:
    a. Axis Mechanical Group
    b. HPI, LLC
    c. Mitsubishi Powers Americas, Inc.;
5. Authorize the City Manager to negotiate and execute agreements to provide portable mixed bed and anion demineralized bottle rental and exchange services in an aggregate amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew with:
    a. Puretech
    b. Evoqua Water Technologies LLC;
6. Authorize the City Manager to negotiate and execute agreements to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 (four million dollars per year shared among nine engineering firms based on project assignment) for an initial five-year term with up to five one-year options to renew with:
    a. Burns and McDonnell Engineering Company, Inc.

b. Electrical Consultants, Inc.
c. HDR Engineering, Inc.
d. Leidos Engineering, LLC
e. Power-Tech Engineers, Inc.
f. SEL Engineering Services, Inc.
g. Soudi Consultants, Inc.
h. TRC Solutions, Inc.
i. Worley Group, Inc., doing business as Advisian;

7. Authorize the City Manager to negotiate and execute agreements to provide Environmental Health and Safety (EH&S) consulting and training services in an aggregate amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew with:
    a. BSI Services and Solutions, Inc.
    b. ESCI, Inc.;
8. Authorize the City Manager to negotiate and execute an agreement for salt delivery services with TR International Trading Company in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
9. Authorize the City Manager to negotiate and execute an agreement for delivery of bulk sulfuric acid with Pacific Star Chemical doing business as Northstar Chemical in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
10. Authorize a Purchase Orders with Univar Solutions in an amount not to exceed $200,000 for delivery of bulk chemicals until such time as the City can enter into an agreement through Bay Area Chemical Consortium; and
11. Authorize the City Manager to execute amendments to increase maximum compensation during the term of the agreements if the demand for services exceeds maximum compensation, subject to the appropriation of funds.

EBIX Insurance No. S200005069

AGREEMENT DESIGN PROFESSIONAL FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND HDR ENGINEERING, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and HDR Engineering, Inc., a Nebraska corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services".

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors.

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on November 1, 2022 and terminate on September 30, 2027.

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to five (5) additional one-year terms through September 30, 2032 ("Option Periods"). In order to extend the term of the Agreement for the Option Periods, the Parties execute an amendment (or amendments) to the agreement.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time specified in each Purchase Order. Time is of the essence.

A. All reports, cost estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall satisfy the standard of care set forth in Section 5 below. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, including any negligent errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of an appropriately licensed and qualified professional in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars $1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, and if Contractor fails to cure the failure within ten (10) days following written notice thereof from the City, City may terminate this Agreement immediately upon written notice to Contractor in addition to all other remedies provided by law.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than the project for which work was authorized, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges

made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising from, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov

And to Contractor addressed as follows:

HDR Engineering, Inc.
Attn: Christina M. Keithley
3003 Oak Avenue, Suite 500
Walnut Creek, CA 94597
and by e-mail at Christina.Keithley@HDRinc.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and

following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. WAIVER

Notwithstanding anything to the contrary, in this Agreement and to the fullest extent permitted by law, neither party to this Agreement shall be liable to the other party for any special, incidental, indirect, or consequential damages

(including but not limited to loss of use or opportunity; loss of good will; cost of substitute facilities, goods, or services; cost of capital; and/or fines or penalties), loss of profits or revenue arising out of, resulting from, or in any way related to Contractor's services or this Agreement from any cause or causes, including but not limited to any such damages caused by negligence, errors or omissions, strict liability or breach of contract.

27. OPERATIONAL TECHNOLOGY SYSTEMS

The City agrees that the effectiveness of operational technology systems ("OT Systems") and features designed, recommended or assessed by Contractor are dependent upon City's continued operation and maintenance of the OT Systems in accordance with all standards, best practices, laws, and regulations that given the operation and maintenance of the OT Systems. City shall be solely responsible for operating and maintaining the OT System in accordance with applicable industry standards (i.e., ISA, NIST, etc.) and best practices, which generally include but are not limited to, cyber security policies and procedures, documentation and training requirements, continuous monitoring of assets for tampering and intrusion, periodic evaluation for asset vulnerabilities, implementation and update of appropriate technical, physical, and operational standards, and offline testing of all software/firmware patches/updates prior to placing updating into production. Security features designed, recommended or assessed by Contractor are intended to reduce the likelihood that OT Systems will be compromised by internal and external breach, compromise, and similar incidents, however, Contractor does not guarantee that City's OT Systems are or will be impenetrable and City agrees to waive any claims against Contractor resulting from any such incidents that relate to the affect the OT Systems.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

City does not give any guarantee to Contractor that City will select Contractor for the performance of any Call for Proposal. If City selects Contractor to perform a Call for Proposal, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Purchase Order.

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow.

1.2 Perform engineering studies including, but not limited to:

- **1.2.1** System impact Studies
- **1.2.2** Equipment capacity and rating,
- **1.2.3** Load calculations,
- **1.2.4** Coordination studies,
- **1.2.5** Arc-flash study,
- **1.2.6** Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Providing engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Providing on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ server upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services

1.14.1 Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arch Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2 Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Providing cost estimates for equipment;

1.14.5 Developing standards, procedures, operations guides, and training; and

1.14.6 Providing support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115Kv.

2.2 Contractor will assist SVP's to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 PROJECT QUOTES AND AUTHORIZATION OF WORK

3.1 Qualified Shortlist

3.1.1 Contractor is part of a shortlist of vendors the City has approved to provide the required electric utility engineering services ("Shortlisted Contractors").

3.1.2 When electric utility engineering services are required City may, at its sole discretion, directly assign work to Contractor ("direct assignment"), or facilitate a secondary competitive process among some or all of the Shortlisted Contractors ("Call for Proposal").

3.1.3 When Contractor will be required to perform services on an on-going basis, such ongoing services shall be authorized using the Authorization of Work process in this Section 3.

3.2 Project Quotes and Authorization of Work

3.2.1 When services are required by the City, City shall request a quote or task order from Contractor for such Services. City's request will generally include the following information:

3.2.1.1 Project description;

3.2.1.2 Services requested including location;

3.2.1.3 Preliminary project schedule;

3.2.1.4 Confirmation of prevailing wage and DIR requirements.

3.2.2 Contractor shall submit a quote for the required services in advance of commencing work, with the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3.

3.2.3 Contractor's quote shall include the following details:

3.2.3.1 The specific service(s) to be performed;

3.2.3.2 Location where services will be performed;

3.2.3.3 The project schedule when requested by City;

The project schedule shall point out any activities and/or products or materials that may impact the project timeline, including but not limited to, lead time(s) for material sourcing; shipping and receiving delays; and any other delays.

3.2.3.4 Estimated cost for the requested services, including the following. Items not specified are assumed to be included in the hourly rate.

3.2.3.4.1 Labor costs

3.2.3.4.2 Tools and materials;

3.2.3.4.3 Equipment;

3.2.3.4.4 Subcontractor services

3.2.3.4.5 Any additional costs such as travel, taxes, fees and any other reimbursable expenses; and

3.2.3.4.6 Total not to exceed price.

3.2.3.5 DIR Number for any Subcontractors.

3.2.4 Items not included in the quote are assumed to be included in the hourly rate.

3.2.5 Materials and equipment with a value that exceeds the City's competitive threshold may require a separate quoting process.

3.2.6 Where the terms of any quote or task order are in conflict with this Agreement, the terms of this Agreement shall prevail.

3.2.7 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement.

3.2.8 The City shall authorize work by issuing Purchase Order referencing this Agreement and the quote or task Order. With the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3. Contractor shall not commence work unless Contractor has received a Purchase Order.

3.2.9 Emergency Services

3.2.9.1 An emergency service is defined as an unforeseen event, circumstance, or combination thereof that the City reasonably determines to require immediate action, presents an ongoing danger to public health and safety, and/or imperils SVP facilities and equipment.

3.2.9.2 Emergency services may only be authorized, in writing by an Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer (e-mail is acceptable).

3.2.9.3 Emergency services may be approved verbally, where appropriate, only by the SVP staff identified above. When verbal authorization is given, Contractor shall follow up with City for written confirmation within three (3) days.

3.2.9.4 When emergency services are required, Contractor shall send a quote to City for the required services as soon as possible, but no later than within three (3) business days of starting work. The quote shall be detailed in accordance with this Section 3 and shall include any completed work as well as any additional work required to complete services associated with the emergency.

3.2.10 Changes

3.2.10.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the quoted project cost. Contractor shall provide reason for the change specific to each Purchase Order.

3.2.10.2 In the event that unanticipated site conditions or other issues result in costs that exceed the approved purchase order, Contractor shall submit to the City an updated quote or task order for review and approval from the City in advance of performing the work and shall receive an

updated Purchase Order in advance of performing additional work.

3.2.10.3 In the event that issues are identified that can be most efficiently and economically resolved while on site, changes may be approved verbally (in the field), by telephone, or e-mail by the following authorized individuals: Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Contractor shall provide an updated quote within two (2) business days so that such changes can be documented in a Purchase Order within four (4) business days.

3.2.11 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.2.12 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

4 SCHEDULE OF PERFORMANCE

4.1 Contractor shall perform the services listed above, as needed during business hours (M-F 9:00am – 5:00pm).

4.2 Any work required using overtime rates shall be identified and approved in writing by City prior to work commencing.

4.3 Contractor may be required to perform the services onsite and/or remotely.

5 REPORTING AND DOCUMENTATION

5.1 Contractor shall provide regular status updates on services performed during the term of the agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

5.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

5.3 Additional reporting shall be indicated in the scope for specific Purchase Orders.

6 STAFFING REQUIREMENTS

6.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

6.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

6.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

6.3.1 Legally authorized to work in United States.

6.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating instructions on any equipment used; and (d) communicate with emergency personnel during emergencies;

6.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

6.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

6.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

6.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

6.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

6.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

6.8.2 SVP shall not unreasonably withhold approval.

6.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

7 SAFETY

7.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

7.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

7.3 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

7.4 Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the work safely.

7.5 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

7.6 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

8 EMPLOYEE TRAINING

8.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

8.2 Contractor's employee training shall be at no cost to SVP.

8.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

9 PROFESSIONAL BEHAVIOR

9.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

9.2 Contractor's employees shall be neat and clean, and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

9.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

9.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

9.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

9.6 Contractor shall submit any complaints received against it to the City immediately

EXHIBIT B
SCHEDULE OF FEES

1 MAXIMUM COMPENSATION

The maximum amount of compensation to be paid to Contractor during the Initial Term of this Agreement shall be the amount specified in Section 6 (COMPENSATION AND PAYMENT) of the Agreement.

2 RATES

2.1 City shall pay Contractor in accordance with the rates specified in Exhibit B-1 – Hourly Rates attached and incorporated by reference:

2.2 All services shall be quoted and authorized using the Purchase Order process outlined in Exhibit A, Section 3 – Project Quotes and Authorization of Work

2.3 Rates shall remain fixed through December 31, 2023. Sixty (60) days before a requested rate change which shall be effective no sooner than January 1, 2024, and annually after that, Contractor may request adjustments to the compensation rates subject to the following provisions:

2.3.1 The Contractor must demonstrate to the satisfaction of the City that a price increase is warranted.

2.3.2 City approval or denial of the requested rate adjustment will be provided in writing (e-mail acceptable).

3 REIMBURSABLE EXPENSES

3.1 Contractor may submit invoices for reimbursement of expenses set forth below, subject to the following conditions.

3.2 Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required services and that such expenses aren't included in fixed or hourly rates, and that such expenses were included in the project quote or work authorization pursuant to Section 3 of Exhibit A..

3.3 The following expenses may be reimbursable by City.

3.3.1 Travel-related expenses (mileage, lodging, meals, etc.);

3.3.1.1 Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

https://www.gsa.gov/travel-resources

3.3.1.2 Rental car and airfare, where required, shall be at economy class.

3.3.1.3 City shall not reimburse local travel (within Santa Clara County).

3.3.2 The cost of third-party subconsultants to the extent City has preapproved, in writing.

3.3.3 The cost of mailing, shipping and/or delivery of any documents or materials on behalf of City.

3.3.4 Any other expenses expressly identified as being reimbursable and approved according to the process in Section 3 of Exhibit A.

3.4 Except as specified in this Agreement, City will reimburse these expenses at actual cost plus eight percent (8%).

3.5 An estimate of reimbursable expenses shall be included in each quote.

4 INVOICING AND PAYMENTS

4.1 Contractor shall submit an invoice to City monthly, in arrears, for payment for services performed the previous month, pursuant to this Agreement.

4.2 Each invoice shall include the task costs for the previous month and each invoice shall only include only work associated with a single task order or quote.

4.3 City shall review the invoice submitted by Contractor and shall notify Contractor of any discrepancies or deficiencies in said invoice.

4.4 If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.5 If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required Certified Payroll, City shall process the invoice for payment. City will pay all undisputed amounts within 30 days following receipt of Contractor's invoice.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $3,000,000 Each Occurrence
   $3,000,000 General Aggregate
   $3,000,000 Products/Completed Operations Aggregate
   $3,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must include the types of work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($3,000,000) per claim or two million dollars ($3,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85,

or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance

documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the

terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. Prevailing Wage Requirements

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2 Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3 The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
HDR ENGINEERING, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and HDR Engineering, Inc., a Nebraska corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California and HDR Engineering, Inc., dated December 15, 2022 (Agreement) for the purpose of having Contractor provide electric utility engineering services, and

B. The Parties now wish to amend the Agreement to update the scope of services and rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled "Agreement Documents" is amended in its entirety to read as follows:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees

   Exhibit C – Insurance Requirements

   Exhibit D – Labor Compliance Addendum

   Exhibit E – Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations, and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended May 1, 2024, which is hereby incorporated into the Agreement.

3. Exhibit B – Schedule of Fees is deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended May 1, 2024, which is hereby incorporated into the Agreement.

4. Exhibit E – Sample Work Authorization is hereby added to the Agreement, which is attached hereto and incorporated by reference.

5. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

[SIGNATURES ON FOLLOWING PAGE]

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

"CONTRACTOR"

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND HDR ENGINEERING, INC.
EXHIBIT A – SCOPE OF SERVICES
AMENDED MAY 1, 2024

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update Silicon Valley Power (SVP's) Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow;

1.2 Perform engineering studies including, but not limited to:

1.2.1 System impact studies

1.2.2 Equipment capacity and rating,

1.2.3 Load calculations,

1.2.4 Coordination studies,

1.2.5 Arc-flash studies,

1.2.6 Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Provide engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Provide on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services such as:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ system upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services such as:

1.14.1 System analysis studies as directed by SVP including, but not limited to: short circuit studies; area coordination studies; planning studies; facilities rating studies; arc flash studies; system impact studies for interconnection; project development and system expansion studies; and standards development studies.

1.14.2 Project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Provide cost estimates for equipment;

1.14.5 Develop standards, procedures, operations guides, and training; and

1.14.6 Provide support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 SVP is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115Kv.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 WORK AUTHORIZATION PROCESS

3.1 Contractor acknowledges that Contractor is one of seven (7) firms selected to perform electric utility engineering services, pursuant to seven (7) separate agreements (collectively, the "Electric Utility Engineering Agreements"). Specific Services will be assigned as set forth below.

3.2 City does not give any guarantee to Contractor that City will select Contractor for the performance of any Work Request or any other Services. If City selects Contractor to perform a Work Request, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Work Authorization and Purchase Order.

3.3 When Contractor will be required to perform services on an on-going basis, such ongoing services shall be authorized using the Work Authorization Process in this Section 3.

3.4 Work Request

3.4.1 When electric utility engineering services are required, SVP will notify one or more contractors under Electric Utility Engineering Agreements for the proposed services.

3.4.2 SVP will provide a description of the Services required, the basis of award, the deadline for response, and any other relevant information (Work Request).

3.5 Proposal

3.5.1 If Contractor has the required expertise and desires to submit a proposal, Contractor shall prepare and submit a proposal (Proposal) that includes:

3.5.1.1 The specific service(s) to be performed. Detail of the services should have a level of detail reflective of the scope, timeline, and cost of the specific project.

3.5.1.2 A work plan that includes a detailed description by task of the services to be performed.

3.5.1.3 A project timeline/schedule with discussion on any activities that may impact the project timeline/schedule such as, but not limited to, material delays or permitting.

3.5.1.4 A list of Contractor's personnel and subcontractors including subcontractor Department of Industrial Relations (DIR) number where required.

3.5.1.5 Any required drawings or documents.

3.5.1.6 A list of City responsibilities.

3.5.1.7 An itemized cost proposal showing:

3.5.1.7.1 Hours and hourly rates by position as listed in Exhibit B for both Contractor and subcontractor personnel if applicable. Indicate labor subject to prevailing wage requirements.

3.5.1.7.2 Subcontractor costs including subcontractor DIR number where required and indicating prevailing wage and non-prevailing wage services.

3.5.1.7.3 Parts/materials

3.5.1.7.4 Rental and/or specialty equipment

3.5.1.7.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B.

3.5.1.7.6 Any additional costs including, but not limited to freight, permits, fees.

3.5.1.7.7 Breakdown of materials and labor sufficient to calculate sales tax. Taxable and non-taxable items shall be itemized in a manner that will permit the City to accurately calculate sales tax.

3.5.1.7.8 Estimated total cost including sales tax.

3.5.1.7.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement and the Proposal shall include sufficient information for the City to determine that rates are in accordance with the Agreement.

3.5.1.7.10 Cost for any additional equipment, parts, materials, or services required for completion of services as detailed in the Work Request and in Contractor's Proposal but not reflected in the Contractor's cost proposal shall be the sole responsibility of the Contractor and at no cost to the City.

3.5.2 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor. Contractor must submit a revised Proposal to the City based upon such negotiations. The final proposal shall include a clear breakdown of materials and labor indicating taxable and non-taxable items and an estimate of sales tax.

3.6 Work Authorization:

3.6.1 If the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement, (when combined with all previously authorized Services), the City may authorize the proposed services as set forth in this Section.

3.6.2 To authorize work, the City and Contractor shall execute a Work Authorizations in substantially the same format as Exhibit E. Each Work Authorization shall describe the proposed services and deliverables the Contractor must provide, the time limit

within which the Contractor must complete the proposed service and deliverables, and the compensation for the services.

3.6.3 Subject to the terms and conditions of this Agreement, Contractor and City will negotiate the specific scope and requirements of each Work Authorization. Upon execution by the Parties, the Work Authorization shall become an Approved Work Authorization.

3.6.4 Each Approved Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Approved Work Authorization.

3.6.5 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization. Purchase Orders are issued by the Finance Department.

3.7 Changes to Work Authorization:

3.7.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the total project cost or specific line items in an Approved Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Approved Work Authorization or Purchase Order.

3.7.2 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

3.7.3 In the event that unanticipated site conditions or other issues result in costs that exceed total of the Approved Work Authorization or changes to line items in an Approved Work Authorization or in the Purchase Order, Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional required services. The City will issue a new or amended Work Authorization and changed Purchase Order to authorize such additional services. Each changed Work Authorization and Purchase Order shall amend the Services and be incorporated into the Services by reference.

3.7.4 Contractor shall not initiate the additional services associated

with changes and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order or changed Purchase Order.

3.8 Proposals, pricing, and quotes are not confidential and will not be treated as confidential even if marked confidential when submitted.

3.9 An Approved Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in an Approved Work Authorization – even if the Approved Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in an Approved Work Authorization are invalid and unenforceable.

3.10 Each Approved Work Authorization and Purchase Order including those authorized prior to execution of this Amendment No. 1 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

3.11 If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

3.12 The City (through the individuals listed in Section 3.6.5 or, in the case of Purchase Orders, the Finance Department) may terminate an Approved Work Order or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

3.13 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.14 Contractor shall not initiate the additional services and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order.

4 E-BUILDER

4.1 When required by City, Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement.

4.2 e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

4.3 The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor in the future.

4.4 Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

4.5 e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with the usage of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will the usage of e-Builder be grounds for a time extension or cost adjustment to the Agreement.

4.6 Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

4.7 Contractor is responsible for managing, tracking, and documenting the Services to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute a validation of the Contractor's submitted information.

4.8 At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

4.9 While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder website and shall be responsible for the validity of the information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

4.9.1 Correspondence,

4.9.2 Meeting minutes,

4.9.3 Product data, reports, certifications, etc. must be submitted in PDF format. (If a sample can be scanned, it is requested that a scanned PDF copy be submitted with the sample),

4.9.4 Requests for Information (RFI's),

4.9.5 Submittals and shop drawings,

4.9.6 Change order requests and documentation, including record copies of change orders, proposals, and modifications,

4.9.7 Pay applications,

4.9.8 "Official" correspondence (such as letters) including informal correspondence, such as email,

4.9.9 Pre-Task Plans (PTPs),

4.9.10 Daily construction reports and other daily reports including Contractor Quality Control (CQC) Reports,

4.9.11 All official reports, such as commissioning reports,

4.9.12 Notices and claims,

4.9.13 Operations and maintenance manuals,

4.9.14 All close-out documents, and

4.9.15 All testing results

4.10 Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on the e-Builder for the duration of each project. Such data shall be available to City and authorities with the jurisdiction (including funding agencies or representatives) on demand.

4.11 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to utilize the new project management tool selected by the City.

5 SCHEDULE OF PERFORMANCE

5.1 Unless otherwise requested and authorized by City, Contractor shall perform the services listed above, as needed, during business hours (M-F 8:00am to 5:00pm).

5.2 Contractor may be required to perform the services onsite and/or remotely.

6 REPORTING AND DOCUMENTATION

6.1 Contractor shall provide regular status updates on Services performed during the term of the Agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

6.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

6.3 Additional reporting shall be indicated in the scope for specific Approved Work Authorization.

7 STAFFING REQUIREMENTS

7.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

7.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

7.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

7.3.1 Legally authorized to work in United States.

7.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating instructions on any equipment used; and (d) communicate with emergency personnel during emergencies.

7.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

7.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

7.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

7.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

7.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

7.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

7.8.2 SVP shall not unreasonably withhold approval.

7.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

8 SAFETY

8.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

8.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

8.3 The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

8.4 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

8.5 Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the work safely.

8.6 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

8.7 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

9 EMPLOYEE TRAINING

9.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

9.2 Contractor's employee training shall be at no cost to SVP.

9.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

10 PROFESSIONAL BEHAVIOR

10.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

10.2 Contractor's employees shall be neat and clean, and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

10.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

10.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

10.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND HDR ENGINEERING, INC.
EXHIBIT B - COMPENSATION AND FEE SCHEDULE
AMENDED MAY 1, 2024

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 This is a time and materials agreement. Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B-1 – LABOR RATES AMENDED MAY 1, 2024 attached and incorporated by reference.

2.2 Rates listed in Appendix B-1 are fully burdened.

2.3 Rate Increase. Rates may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City. All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 3 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 3 of Exhibit A, and (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred.

	Reimbursable Expense Schedule	Mark Up
1	Subcontractor Services	No Markup
2.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
3.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
4.	Charges for outside services (including fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
5.	Other reimbursable expenses with prior written approval from the City	No Markup
6.	Allowable mileage will be charged at the prevailing IRS rate per mile.	No Markup
7.	Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related per diem shall not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	Not to exceed 8%

SECTION 3. PAYMENT PROVISIONS

3.1 Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify that the rates listed in Appendix B-1 are charged. Additionally, invoices shall include sufficient detail to allow for accurate comparison with certified payroll submittals where applicable.

3.2 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.3 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.4 Recalculation. The City may recalculate and pay invoices based on the rates established in this Agreement.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Disputed Invoices. If the City in good faith disputes any portion of an invoice, the City shall pay the undisputed portion of the invoice and submit written notice to Contractor regarding the disputed amount. The notice shall include documentation supporting the disputed amount.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

APPENDIX B-1 – HOURLY RATES
AMENDED MAY 1, 2024

Hourly Rates Effective April 1, 2024

Classification	Level I	Level II	Level III	Level IV	Level V
Design Engineers/EITs	$118	$123	$129	$145	$149
Project Engineers Project Managers	$159	$173	$182	$193	$206
Senior Engineers Senior Project Managers	$211	$229	$249	$267	$280
Project Principal Senior Technical Advisors	$287	$297	$313	$330	$345
Designers/Technicians	$110	$125	$138	$155	$175
CADD/BIM Specialists	$103	$107	$119	$133	$148
Accounting/Administration	$103	$107	$119	$133	$148

Hourly Rates Dec. 15, 2022 – March 31, 2024

Classification	Level I	Level II	Level III	Level IV	Level V
Design Engineers/EITs	$112	$117	$123	$138	$142
Project Engineers Project Managers	$151	$165	$173	$184	$196
Senior Engineers Senior Project Managers	$201	$218	$237	$254	$267
Project Principal Senior Technical Advisors	$273	$283	$298	$314	$329
Designers/Technicians	$105	$119	$131	$148	$167
CADD/BIM Specialists	$ 98	$102	$113	$127	$141
Accounting/Administration	$ 98	$102	$113	$127	$141

EXHIBIT E

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and HDR Engineering, Inc. ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control.

PART A: GENERAL INFORMATION

WORK AUTHORIZATION NUMBER:		☐ Original ☐ First Revised ☐ Second Revised ☐ Other_____
Contract No.		
Contractor Name/Address:		
Expiration Date of Agreement:		
Contractor's Project Manager:	**Name:**	**Email:**
City's Project Manager	**Name:**	**Email:**
Period of Performance for this Work Order:	**Start Date:**	**Expected Completion Date:**
Maximum Compensation of Agreement:		
Previously Committed Funds:		
Available Funds		
Maximum Compensation for this Work Authorization		
Remaining Available Funds		
Sufficient funds are available in Fund #: (to be completed by City)		
Contractor Representative Name (Print)		
Contractor Representative Signature		
Contractor Representative Signature Date		
City Project Manager Name (Print)		
Authorized City Representative (Print)		
City Representative Signature		
City Representative Signature Date		
** Authorized City Representatives include Electric Utility Assistant Director, Chief Electric Utility Operating Officer, Chief Electric Utility Officer*		

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 3 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:

☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file. *Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.
☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

AMENDMENT NO. 2
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
HDR ENGINEERING, INC.

PREAMBLE

This agreement ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and HDR Engineering, Inc., a Nebraska corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California and HDR Engineering, Inc.", dated December 15, 2022 (Agreement) for services which include licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors to support Silicon Valley Power;

B. The Agreement was previously amended by Amendment No. 1, dated May 1, 2024 and is again amended by this Amendment No. 2. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties entered into the Agreement as Amended to extend the term, increase the maximum compensation, modify Exhibits A and B, and update rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 6 of the Agreement as Amended is amended in its entirety to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all Services rendered and materials provided by Contractor in accordance with Exhibit B, entitled "Schedule of Fees and Payment Provisions." The maximum compensation of this Agreement is two million five hundred thousand dollars ($2,500,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies,

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials and equipment provided in excess of the maximum compensation shall be at the Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance."

2. Exhibit A of the Agreement as Amended is deleted and replaced with Exhibit A "Scope of Services Amended April 1, 2025", attached hereto and incorporated into the Agreement as Amended.

3. Exhibit B of the Agreement as Amended is deleted and replaced with Exhibit B "Schedule of Fees and Payment Provisions Amended April 1, 2025", attached hereto and incorporated into the Agreement as Amended.

4. Appendix B-1 of the Agreement as Amended, entitled "Hourly Rates", is deleted in its entirety and replaced with the Appendix B-1 Hourly Rates, attached hereto and incorporated by reference into the Agreement as Amended.

5. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 2, the provisions of this Amendment No. 2 shall control.

[SIGNATURES ON FOLLOWING PAGE]

AMENDMENT NO. 2
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND HDR ENGINEERING, INC.
EXHIBIT A – SCOPE OF SERVICES
AMENDED APRIL 1, 2025

SECTION 1. GENERAL

1.1 Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide electric utility engineering services to support the City of Santa Clara's Electric Utility, Silicon Valley Power ("Services").

1.2 Background:

1.2.1 SVP is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

1.2.2 SVP operates equipment at 230kV and 115Kv.

1.3 Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

1.3.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

1.3.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

1.3.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

1.3.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

SECTION 2. SERVICES TO BE PERFORMED

Contractor will provide the following Services to the City on an as-needed basis pursuant to the Work Authorization Process described in Section 6 and as further described pursuant to individual Work Authorizations or Purchase Orders, as applicable.

2.1 Maintain and update Silicon Valley Power (SVP's) Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow;

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

2.2 Perform engineering studies including, but not limited to:

2.2.1 System impact studies

2.2.2 Equipment capacity and rating,

2.2.3 Load calculations,

2.2.4 Coordination studies,

2.2.5 Arc-flash studies,

2.2.6 Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

2.3 Perform event and/or root cause analysis;

2.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

2.5 Develop and review protective device, metering, and automation device settings and logic;

2.6 Perform Arc Flash studies using SVP recommended software;

2.7 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services assisting SVP to assure compliance with all NERC standards as they may be amended. Prepare and document North American Electric Reliability Corporation (NERC) compliance reports;

2.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

2.9 Update Protection, Control, and Automation (PCA) documents;

2.10 Provide test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

2.11 Provide engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

2.12 Provide on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

2.13 Electric Utility Operational Technology Engineering Services such as:

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

2.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

2.13.2 ION meter programming and configuration;

2.13.3 PQ system upgrade support services;

2.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

2.13.5 Support services for maintenance and upgrade of synchrophasor systems;

2.13.6 Support services for automation and control devices; and

2.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

2.14 Owners Engineering and Project Management Services such as:

2.14.1 System analysis studies as directed by SVP including, but not limited to: short circuit studies; area coordination studies; planning studies; facilities rating studies; arc flash studies; system impact studies for interconnection; project development and system expansion studies; and standards development studies.

2.14.2 Project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

2.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

2.14.4 Provide cost estimates for equipment;

2.14.5 Develop standards, procedures, operations guides, and training; and

2.14.6 Provide support services for construction and testing crews.

2.15 Support for Federal Energy Regulatory Commission (FERC) licensing

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Contractor shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

3.1.3 Subconsultant and subcontractor management

3.2 All reports, cost estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

3.3 The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

SECTION 4. REPORTS

4.1 Contractor shall provide regular updates regarding the cost, schedule, and status for Services performed throughout the Term.

4.2 Depending on the nature and scope of the Services, Contractor may be required to provide status updates daily, weekly, or monthly at the direction of City.

4.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

5.1 All Services shall be completed in a timely, efficient manner so as to meet the project schedule of each Work Authorization or Purchase Order, as defined in Section 6.

SECTION 6. WORK AUTHORIZATION PROCESS

6.1 Contractor acknowledges that Contractor is one of multiple firms eligible to perform the Services pursuant to separate service agreements for Electric Utility Engineering Services. The City will award and authorize specific Services as set forth in this Section. The City does not guarantee that any specific work will be authorized under this Agreement.

6.2 Call for Proposal (CFP)

6.2.1 When Services are required, City will issue a CFP to eligible contractors with a Project Agreement to submit a written proposal for Services ("Proposal").

6.2.2 As part of the CFP, City will provide a description of the required Services, the criteria for evaluation, the deadline for response, and any other pertinent information.

6.3 Proposal

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

6.3.1 If the Contractor desires to respond to a CFP, Contractor will prepare and submit a written Proposal for that CFP. A Proposal shall be in a format and contain such information as specified in the CFP which may include the following, where applicable for that CFP:

6.3.1.1 The proposed scope of work and deliverables with a work plan and detailed description by task of the services to be performed.

6.3.1.2 A project timeline/schedule with discussion of any activities that may impact the project timeline/schedule.

6.3.1.3 The names, titles, and assignments of each of Contractor's professional employees who will be principally responsible for performing the Services.

6.3.1.4 The names of any subconsultants or subcontractors that Contractor proposes to use and the portion of services that the subconsultant or subcontractor will perform. Where required, Contractor will provide subcontractor Department of Industrial Relations (DIR) number.

6.3.1.5 Any required drawings or documents.

6.3.1.6 A list of City responsibilities

6.3.1.7 A final acceptance criteria

6.3.1.8 Itemized cost including the following:

6.3.1.8.1 Hours and hourly rates by position as listed in Exhibit B. Indicate labor subject to prevailing wage requirements.

6.3.1.8.2 Subconsultant or subcontractor scope of services or quote including hours and hourly rates. Indicate labor subject to prevailing wage requirements.

6.3.1.8.3 Parts and materials

6.3.1.8.4 Rental and/or specialty equipment

6.3.1.8.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B

6.3.1.8.6 Any additional costs such as, but not limited to freight, permits, and fees

6.3.1.8.7 Breakdown of materials and labor sufficient to calculate all required taxes

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

6.3.1.8.8 Estimated total cost including any required taxes

6.3.1.8.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for the City to determine that rates are in accordance with the Agreement.

6.3.1.8.10 Any costs such as for additional equipment, parts, services, or other expenses required for completion of services as detailed in the CFP and in Contractor's Proposal but not reflected in the Contractor's cost Proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

6.3.2 City will evaluate the Proposals according to the criteria and weights listed in the CFP.

6.3.3 At the City's discretion, the City may interview contractors submitting the highest scoring Proposal(s). Such interviews will be scored according to the criteria and weights listed in the CFP.

6.3.4 City will enter into negotiations with the highest-ranked contractor. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services.

6.3.5 Provided that the original cost Proposal includes all applicable items listed in Section 6.3.1, the City and the selected contractor may negotiate whether the cost for the Work Authorization or Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.3.6 If a fixed fee or lump sum is authorized by the City, Contractor must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.3.6.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.3.6.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

6.3.6.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.3.7 Contractor must submit a revised Proposal to the City based upon such negotiations.

6.4 Authorization of Work

6.4.1 Once City and the selected contractor agree on the final pricing, scope, and specific requirements of the proposed services, and, if the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement (when combined with all previously authorized Services), the City may authorize Services as set forth in this Section.

6.4.2 For Proposals with a total cost exceeding $50,000, City will provide approval by executing a Work Authorization in substantially the same format as Exhibit E ("Work Authorization") and issuing a Purchase Order. Each Work Authorization shall describe the services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the service and deliverables, and the maximum compensation for the Work Authorization.

6.4.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Work Authorization.

6.4.4 For Proposals with a total cost less than $50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve in lieu of the Work Authorization. If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, the Purchase Order will bind the Contractor.

6.5 Changes to Work Authorization

6.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Work Authorization or Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional services.

6.5.2 If the change to the Work Authorization or Purchase Order is approved, the City will issue a new or amended Work Authorization (if required

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

pursuant to Section 6.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

6.5.3 If Contractor requires changes to a fixed price Work Authorization or Purchase Order, Contractor shall only be permitted to request changes with justification such as additional scope requested by City or unanticipated field conditions. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope. For a change request that is required because the City has requested additional work that is within the scope of a Work Authorization or Purchase Order but was not included in the Proposal when the Work Authorization or Purchase Order was issued, the written justification shall include the specific change in scope of work that has been requested by the City including the changed work schedule and associated costs.

6.5.3.1 If the City requires additional work after the applicable Work Authorization or Purchase Order has been issued, the Contractor shall, at City's request, provide an updated Proposal including the revised work schedule and associated costs with the same details as Section 6.3. If approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 6.4.2) or Purchase Order (as applicable) to authorize such additional services.

6.5.3.2 Contractor shall only be entitled to submit a change request for unanticipated site conditions to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Work Authorization or Purchase Order.

6.5.3.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.6 Immediate Need / Interim Work Orders

6.6.1 The City may authorize interim work orders in accordance with this Section, in the following circumstances:

6.6.1.1 Issues are identified during the performance of a Work Authorization or Purchase Order that can be most efficiently and economically resolved while on site; provided those services are

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

related to those contained in the approved Work Authorization or Purchase Order.

6.6.1.2 In the event work is required to maintain a critical SVP function or project schedule.

6.6.2 Interim work orders do not need to be in writing and may only be authorized by the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Verbal authorizations will be confirmed by the City in writing within three (3) business days or such additional time as City may require.

6.6.3 Within 5 business days of receipt of written authorization for the interim work order, Contractor shall provide an updated Proposal to City. The Proposal shall be detailed in accordance with this Section 6 and shall also include all services required including those services already completed or initiated.

6.6.4 If the City approves the Proposal, the City will issue a Work Authorization and/or a Purchase Order as soon as reasonably practicable.

6.7 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization.

6.8 A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Work Authorization – even if the Proposal or Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Work Authorization are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Work Authorization, (3) Purchase Order, and (4) Proposal.

6.9 Each Work Authorization and Purchase Order including those authorizations issued pursuant to Section 6.6 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

6.10 The City (through the individuals listed in Section 6.7 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

6.11 Proposals, pricing, quotes, and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

6.12 Except where the circumstances in Section 6.6 apply, Contractor shall not initiate Services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such services where applicable, (2) issued a Purchase Order, and (3) directed the Contractor to perform services.

SECTION 7. CONTRACTOR PERSONNEL

7.1 Project Manager

7.1.1 Contractor must designate one (1) Project Manager to communicate with the City during performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback.

7.1.2 A separate project manager may be designated for specific Work Authorizations or Purchase Orders but the Project Manager defined in Section 7.1.1 will have ultimate responsibility for communications.

7.1.3 The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

7.2 Staffing

7.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

7.2.2 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

7.2.3 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

7.3 Employee Training

7.3.1 At Contractor’s sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants or subcontractors) appropriate to the duties and responsibilities of each employee.

7.3.2 Contractor’s training program shall follow Contractor’s standard policies and procedures and shall be in compliance with all applicable federal,

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

7.3.3 At the City's request, Contractor shall submit copies of training records for its employees.

SECTION 8. SAFETY

8.1 Safety must always be the top priority. Contractor shall take all necessary precautions for the safety of all persons at the work site. Contractor must erect and properly maintain at all times, as required by the conditions and progress of the Services, all necessary safeguards for the protection of all persons and the public including posting danger signs and warnings against known or unusual hazards.

8.2 Contractor shall maintain an effective Injury and Illness Prevention Program (IIPP) in writing pursuant to Section 3203, Title 8 of the California Code of Regulations (CCR). The written plan shall include specific instructions with regard to hazards unique to the employee's job assignment. Contractor will submit a copy of Contractor's IIPP at the City's request and Contractor shall make Contractor's IIPP available on-site.

8.3 Contractor shall schedule safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Contractor during these inspections.

8.4 Contractor must comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Contractor must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Contractor.

8.5 Contractor's employees (including any subcontractors) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Any required PPE and FR clothing shall be provided at the expense of Contractor.

SECTION 9. E-BUILDER

9.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

9.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

9.3 E-Builder Training. Contractor is required to obtain all necessary training to use the e-Builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

9.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. City will not be liable for any delays associated with the Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. Contractor shall ensure connectivity to the e-Builder system whether at a home office, City site or job site. Under no circumstances will the use of e-Builder be grounds for a time extension or cost adjustment to a Work Authorization or Purchase Order.

9.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Work Authorization or Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-Builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

9.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

9.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of the Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

9.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

9.9 Should the City replace e-Builder with a different project management tool, Contractor, subconsultants, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Except for those Services authorized at fixed price pursuant to Section 6 of Exhibit A, Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B1 (RATES) attached and incorporated by reference.

2.2 Rates listed in Appendix B1 are fully burdened and will remain fixed for the first two (2) years of the Agreement.

2.3 Rate Changes.

2.3.1 Rate Increase. After the first two years of the Agreement, Rate increases may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing services for which rates are applicable.

2.3.3 Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.3.4 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes or Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Contractor may pass through costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 6 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1)

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 6 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	No Markup
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	Not to exceed 8%
6.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Work Authorization, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization and based on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s), as specified in the Work Authorization and subject to the following:

3.2.1 Invoices must include the following information:

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

3.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice may be returned to Contractor to correct and resubmit before payment can be processed.

3.6 Payment. If there are no discrepancies or deficiencies in the submitted invoice, City shall process the invoice for payment.

3.7 Confidential. Invoices are not confidential even if marked as confidential when submitted.

Docusign Envelope ID: 1EF12F86-151B-4EDB-B29A-9B0DC2E29ACD

APPENDIX B1 TO EXHIBIT B
RATES – AMENDED APRIL 1, 2025

1. RATES

1.1. Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 6 of Exhibit A. The rates applicable for the Services are listed below in Table B1 (Labor Rates) and Table B2 (Equipment).

1.2. In cases where services are required but not listed below, Contractor shall submit rates for approval by the City in advance, in writing before performing the services. For avoidance of doubt, any changes to the rates in Table B1 and Table B2 must be authorized by an amendment to the Agreement in accordance with Section 2.3 of Exhibit B. Rate changes are not permitted as part of a Work Authorization process.

REPORT TO COUNCIL

SUBJECT

Delegation of Authority to the City Manager to Negotiate and Execute Various Agreements for Silicon Valley Power (SVP) for the Purchase of Supplies and Services Following Competitive Processes with the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services;
2. Associated Power Solutions for battery maintenance services;
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services;
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc. for Technical Field Advisor services;
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services;
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control;
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services;
8. TR International Trading Company for salt delivery services;
9. Pacific Star Chemical dba Northstar Chemical for delivery of bulk sulfuric acid; and
10. Univar for delivery of bulk chemicals

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

EXECUTIVE SUMMARY

In order to support the various maintenance and regulatory needs of the electric utility, SVP contracts with over one hundred contractors, consultants, and other vendors to provide services and products. During the last several months, the Purchasing Division of the Finance Department has published a number of solicitations pursuant to applicable provisions of City Code Section 2.105 using the City's e-procurement system.

Staff recommends that the City Manager be authorized to negotiate and execute agreements associated with these solicitations to the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services in an amount not to exceed $1,500,000 for an initial three-year term with two one-

year options to renew.
2. Associated Power Solutions for battery maintenance services in an amount not to exceed $1,500,000 for an initial five-year term with up to five one-year options to renew.
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services in an amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew.
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc for Technical Field Advisor (TFA) services in an amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew.
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services in an amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew.
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 for an initial five-year term with up to five one-year options to renew (four million dollars per year shared among nine engineering firms based on project assignment).
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services in an amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew.
8. TR International Trading Company for salt delivery services in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
9. Pacific Star Chemical doing business as Northstar Chemical for delivery of bulk sulfuric acid in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
10. Univar Solutions for delivery of bulk sulfuric acid in an amount not to exceed $200,000 until such time as the City can enter into an agreement through Bay Area Chemical Consortium.

Further details about each of these solicitations and the associated services is in the following background and discussion sections.

Authority to Negotiate and Execute

It is not typical to include this number of agreements in one Report to Council, but it is needed to continue to provide service under current staff limitations. In other words, this is a new procurement strategy to continue procurements within our limited capacity and receive the appropriate Council direction to proceed. Consolidating this action and obtaining delegated authority removes workload and allows for staff to focus on the actual procurement and contract process.

Recent Purchasing Activity

During the last two years, SVP and the Purchasing Division of the Finance Department have been working closely together to perform solicitations pursuant to applicable provisions of City Code Section 2.105. During this time, over fifty solicitations have been completed using competitive processes including cooperative purchases, informal bids, formal bids, Request for Proposals (RFP), and Statements of Qualifications (SOQ). Several of these solicitations have resulted in multiple awards. In some cases, a master agreement is awarded with multiple contractors and a secondary informal bidding process takes place for specific scopes. In addition to issuing new solicitations, SVP

and Purchasing took action to extend the term of over fifty agreements from three years to five years in order to maximize the value of the solicitation process.

Staff Limitations
This activity has occurred while the contracts manager assigned to SVP has also been primarily assigned to support the Emergency Operations Center during the pandemic. On September 28, 2021; Council authorized the addition of a second Contracts Manager position in the Finance Department to be funded by SVP and assigned to support SVP. An offer was recently made to fill that position. In February, the Contracts Manager already assigned to SVP resigned leaving a new position vacant. Using the previous recruitment, staff has initiated the process to fill that newly vacant position. However, both purchasing positions are not currently filled and there is currently no dedicated purchasing staff for SVP. In addition, the Attorney assigned to SVP (who reviews and works on all these items) recently left the City. This will cause additional capacity constraints.

Upcoming Items
Based on current staffing constraints and the requirement to enter into contracts to operate the system, staff is taking a different procurement approach than past to facilitate the work with appropriate Council approval. There will be other items for Council consideration on upcoming agendas to maintain continuity of services.

BACKGROUND

Silicon Valley Power (SVP), the City of Santa Clara's Electric Utility owns significant assets requiring ongoing maintenance including three power plants in City limits, several remote assets, substations, as well as transmission and distribution lines throughout the City. Additionally, SVP is required to comply with a number of safety and regulatory requirements including North American Electric Reliability Corporation (NERC), Western Electricity Coordinating Council (WECC), Occupational Safety and Health Administration (OSHA), and Bay Area Air Quality Management District (BAAQMD).

Most of the services referenced in this report are provided at SVP's power generation facilities located in City of Santa Clara: (1) The main facility, the Donald Von Raesfeld Power Plant (DVR), is a 2x1 combined cycle power plant rated at 147 Megawatts of electrical power, (2) City of Santa Clara Cogeneration Plant (Cogen), is a cogeneration facility that utilizes two gas turbines for power generation. Waste heat from Cogen is collected to generate steam for supply to a paper mill. This facility is rated at 7 Megawatts, (3) The Gianera Generating Station (Gianera), the City's peaking generation facility, is rated at 49.5 Megawatts of electrical power.

Through this action, staff recommends that the City Council authorize the City Manager to execute contracts based on awards from these solicitations to expedite processing time.

DISCUSSION

Valve Inspection, Maintenance, and Repair Services

SVP's power plants have boiler system components including high pressure steam superheaters, high pressure steam drums, low pressure steam superheaters, low pressure steam drums, economizers, deaerator tanks, and flash tanks. These components have associated safety valves that require periodic testing, inspection, maintenance, repair, and replacement. Additionally, the plants contain air and gas systems that require valve testing, inspection, repair, and maintenance.

The services are highly specialized and SVP requires a qualified contractor to perform these critical services.

In 2021, the City published a formal Request for Bids (RFB) for as-needed valve testing, inspection, maintenance, and repair services. The City did not receive any bids.

Because there were no bids submitted, staff reached out to Bay Valve Service and Engineering, LLC (Bay Valve) for rates. Bay Valve is the incumbent provided and has been providing services to SVP for almost 20 years. SVP has been satisfied with the services provided by Bay Valve. Staff recommends awarding an agreement to Bay Valve to provide the required valve testing, inspection, maintenance, and repair services. There are a number of critical projects requiring this service including annual and 3-year required safety valve testing, high pressure bypass valve replacement, and critical control valve replacements.

The proposed agreement includes provision of all labor, materials, equipment, and technical expertise needed to provide the required valve testing, inspection, maintenance, and repair services. The contractor may perform the required services at SVP's power plants or at the Contractor's shop. Additionally, the contractor may be required to perform valve repair services at other SVP locations such as SVP's remote facilities.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Bay Valve for an initial three-year term beginning on or about March 1, 2022 and to execute up to two one -year options to renew the agreement after the initial term at the discretion of the City. Costs for the initial three-year term are not to exceed $1,500,000.

Bay Valve's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Battery Maintenance Services

SVP uses battery systems in order to ensure there is uninterrupted power to relay protection schemes, and control systems that provide monitoring and quick action in the event of electrical and process faults. SVP has several battery systems throughout its in-city power generating assets, including its power plants as well as at substations. The batteries must be maintained annually and quarterly in accordance with the most current version of the North American Electric Reliability Corporation (NERC) standard PRC-005, as well as state and federal regulations. The battery maintenance services ensure that critical protection systems will be available to protect the SVP grid and power plant equipment.

In 2021, the City published a formal Statement of Qualifications (SOQ) for Battery Maintenance Services. An SOQ is a solicitation where the award is based on the qualifications and expertise of the firm versus a proposed solution. One proposal was received from Associated Power Solutions (APS). Staff reviewed the response against the criteria included in the SOQ and determined that APS's proposal met all of the SOQ requirements.

Staff recommends award of agreement to Associated Power Solutions. APS is the incumbent and has demonstrated experience and expertise providing quality battery maintenance services in

compliance with NERC Standard PRC-005. Under the proposed agreement, APS will provide all labor, materials, equipment, and technical expertise needed to provide the required services including annual and quarterly battery inspection and maintenance; performance testing of batteries, load testing of battery systems, replacement of old batteries and disposal of old batteries. All services will be performed pursuant to NERC standards as well as industry best practices and state and local laws and regulations.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with APS for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis with maximum compensation not to exceed $1,500,000 over the five-year initial term. APS's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electrical Generator Maintenance

The generators used at SVP facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. Local and remote generation facilities use multiple generator technologies from various manufacturers, and each has unique and specific maintenance schedules and parts specifications. Accordingly, multiple vendors are employed to properly maintain the fleet of generators.

In 2021, the City published a formal RFP for Generator Maintenance and Overhaul Services. A total of 69 companies viewed the RFP, and the City received proposals from five companies:

- Brush Americas (Turtle Creek, PA)
- Electrical Maintenance Consultants, Inc. (Rocklin, CA)
- Ethos Energy (Houston, TX)
- Kinectrics, Inc. (Naperville, IL)
- Mitsubishi Powers America, Inc. (Orlando, FL)

The RFP was comprised of three separate packages as follows:

- Package A: major inspections and repairs (overhauls) on two (2) Brush BDAX-7 generators located at the Donald van Raesfeld (DVR) Power Plant;
- Package B: major inspections and repairs (overhauls) on two (2) Ideal SM-100 generators located at the Santa Clara Cogeneration Plant; and
- Package C: Routine generator maintenance and repair services.

Proposers had the option to submit responses for one or multiple packages. Electrical Maintenance Consultants, Inc. (EMC) and Ethos Energy (Ethos) submitted responses for all three packages. Mitsubishi Powers America, Inc. (Mitsubishi) submitted a response for Packages A and C. Brush Americas (Brush) and Kinectrics, Inc. submitted responses for Package A and Package C, respectively.

The proposals were evaluated and scored against the criteria and weights included in the RFP by a

three-member evaluation team consisting of staff from SVP. Upon the evaluation team's initial review, the proposals from Ethos and Kinectrics, Inc. were determined to be non-responsive and were eliminated from further consideration.

Staff recommends authorizing the City Manager to negotiate and execute agreements with EMC, Brush, and Mitsubishi for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with maximum compensation for all three agreements not to exceed $3,000,000 over the five-year initial term. EMC shall serve as the primary contractor for all three packages of services, while Brush and Mitsubishi shall serve as the secondary providers of services for their respective packages. The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required generator maintenance and overhaul services.

Any requests for compensation increases during the term of the agreement(s) must be justified by the company and are subject to approval by the City and the annual appropriations of funds.

Technical Field Advisor (TFA) Services

The Turbines and Generators used at Silicon Valley Power (SVP) facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. In-town and remote generation facilities use multiple generator technologies from various manufacturers, each having unique and specific maintenance schedules and parts specifications.

Depending on the nature of the work, it is industry best practice for SVP to separately contract TFA service for expertise when undergoing overhauls or other in-depth maintenance activities. These TFA's serve as SVP's agents and provide expert guidance to oversee the contractors performing work.

In 2021, the City published a formal RFP for TFA Services. A total of 39 companies viewed the RFP, and the City received 3 proposals, from Axis Mechanical Group, Mitsubishi Power Americas, Inc and HPI, LLC. The proposals were evaluated independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the RFP. Staff recommends negotiating and executing agreements with all three proposers. Having multiple TFA agreements will provide flexibility with scheduling and expertise needs for SVP's various assets.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Overseeing major turbine and engine overhauls at SVP's power plants;
- Providing technical oversight of outage activities;
- Providing advice on available repair options;
- Developing and providing required reports.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Axis Mechanical, Mitsubishi Power Americas, Inc., and HPI, LLC for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreements after the

initial term, at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,050,000 for all three agreements over the five-year initial term. Any requests for or rate increases during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services
All three of SVP's local generation facilities rely on processed or demineralized water for use in the condensate/steam cycle and for emissions control. Portable, mixed bed and ion exchange bottles are used at DVR, COGEN, and Gianera for water treatment as an economic solution for these water treatment needs.

In 2021, the City published a formal RFB for Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services with the award recommendation based on "lowest responsive, responsible bidder." A total of 34 companies viewed the RFB, and the City received proposals from two bidders. The results are as follows:

Vendor Name	Bid Price
Puretech	$91,107.00
Evoqua	$130,496.98

Staff recommends an award to Puretech as the lowest responsive and responsible bidder and Evoqua as a secondary supplier in the event of an emergency or if Puretech is unable to perform. Puretech and Evoqua will supply portable mixed bed and anion demineralized bottle rental and exchange services to SVP's power plants on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Puretech and Evoqua for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Total costs are not to exceed $650,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electric Utility Engineering Services
SVP uses consultants to support operations engineering of protection, communications, and control systems. Typical services include electrical safety hazard analysis, electrical engineering studies (short circuit and relay coordination), fiber optic multiplexer system support, power quality metering system support, compliance (NERC and WECC), and outages studies.

Sample tasks and studies performed by these consultants may include

- Electrical safety hazard analysis at each substation to determine safe approach distances and proper personal protection equipment (PPE) maintaining safety for employees and compliance with OSHA requirements.
- Relay overcurrent coordination studies to minimize the number of customers affected by a fault in the electric system such as a car a hitting power pole, tree branch falling on transmission line, or a mylar balloon contacting a transmission line.

- Support replacement of the fiber optic multiplexer system - the communication backbone of the electric utility.

In June 2021, the City published a formal SOQ for Electric Utility Engineering Services protection, communications, and control systems. A total of 141 companies viewed the SOQ, and the City received 17 proposals. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ.

Staff recommends negotiating and executing agreements with the following proposers, as the most advantageous proposals based upon the final evaluation rankings:

1. Burns and McDonnell Engineering Company, Inc.
2. Electrical Consultants, Inc.
3. HDR Engineering, Inc.
4. Leidos Engineering, LLC
5. Power-Tech Engineers, Inc.
6. SEL Engineering Services, Inc.
7. Soudi Consultants, Inc.
8. TRC Solutions, Inc.
9. Worley Group, Inc., doing business as Advisian

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required electric utility engineering services including:

- Performing engineering studies;
- Developing and reviewing protective device, metering, and automation device settings and logic;
- Preparing and documenting North American Electric Reliability Corporation (NERC) compliance reports; and
- Providing engineering support services for construction and testing crews.

Staff intends to establish a qualified shortlist consisting of the nine selected proposers. Depending on the requirement, a vendor may be awarded specific work to any vendor on the list, or a secondary “mini” competitive process may be conducted among these pre-qualified firms to award specific work.

Staff recommends authorizing the City Manager to negotiate and execute agreements with the nine consultants listed above for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew each agreement after the initial term, at the discretion of the City. Annual costs for all agreements are not to exceed $20 million during the initial five-year term (four million dollars per year shared among nine engineering firms based on project assignment). Any requests for compensation increases during the term of the agreement(s) must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Environmental, Health & Safety Services (EH&S)

Silicon Valley Power (SVP) requires EH&S programs throughout the utility in order to maintain a safe and compliant working environment. The use of experts focused in the knowledge areas required

assures the best possible quality for the programs being developed, prevents bias, and maintains the most current updates to federal and local laws and regulations. These firms have unique skills and tools at their disposal to provide services.

Services associated with Environmental Programs will support a number of required certifications and other compliance activities. A utility of SVP's size is responsible for a number of environmental compliance activities including air permits, Environmental Protection Agency (EPA) Title V, Spill Prevention Control and Countermeasure (SPCC), Hazardous Materials Business Plan (HMBP), and storm water permits. This is only a sample list as there are a number of compliance programs associated with the utility's operations.

Services associated with safety programs include written plans, training, tracking of training completed, audits, and drills that meet Federal and California OSHA, and local or other agency regulations or guidelines. In addition, these consultants will support activities that promote a safe working environment including development and update of safety standards across SVP, Injury and Illness Prevention Program (IIPP) and a Qualified Electrical Worker (QEW) program. Resulting programs will be available to staff throughout the utility.

In 2021, the City published a formal SOQ for EH&S services. A total of 104 companies viewed the SOQ, and six proposals were submitted. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ including: experience and qualifications of the firm/staff; expertise reviewing and developing EH&S plans; and the proposers' approach to providing safety training.

Based on the scores from the evaluation panel, staff recommends awarding agreements to two proposers as the most advantageous and best value to the City: BSI America Professional Services, Inc. (BSI), and Electrical Safety Consultants, Inc., doing business as ESCI, Inc. (ESCI). Both proposals met or exceeded all of the SOQ specifications. The expertise of each of these vendors is different; therefore, each agreement will include different scopes of work.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Reviewing and updating SVP's current EH&S plans;
- Developing new EH&S plans;
- Providing electrical safety training and drills;
- Conducting periodic electrical safety audits; and
- Creation and management of a comprehensive electrical safety compliance program (ESCI only).

Staff recommends authorizing the City Manager to negotiate and execute agreements with BSI and ESCI for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew each agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,100,000. Any requests for compensation adjustments during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to provide Salt Deliveries

Maintaining power production at Cogen requires the water at the plant to be treated for use in its steam processes. The treatment includes softening the water by using dry coarse salt. SVP uses approximately 660 pounds of salt per day to treat the water at Cogen. If water is not softened for use in the power plant steam processes, Cogen would be forced to shut down, halting power production at the facility. A shutdown of Cogen would also impact its ability to supply steam to its thermal host, Greif Inc., Santa Clara Paperboard who uses steam for recycled paper processing.

In 2021, the City published a formal RFB for the delivery and supply of Morton Salt, using the City's e-procurement system. Twenty-two (22) vendors viewed the bid, and two bids were received. Results are as follows:

Vendor NameBid Price	
TR International Trading Company (TRInternational)	$49,680
John's Salt Service	$50,112

Staff recommends an award to TRInternational as the lowest-price responsive bidder. TR International will supply and deliver salt to Cogen on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with TR International for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Maximum compensation is not to exceed $300,000 during the initial five-year term. Any requests for compensation adjustments must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to Provide Delivery of Bulk Sulfuric Acid

SVP uses sulfuric acid for pH control of the cooling tower at DVR. This necessary process treatment for the cooling tower is required to maintain limits specified by the Industrial Waste Water Discharge Permit issued by San Jose Environmental Services Department. and preserve the integrity of the tower itself.

In 2021, the City published a formal RFB for the delivery and supply of Sulfuric Acid. Twenty-two (22) vendors viewed the bid, and one bid was received as follows:

Vendor Name	Bid Price
Pacific Star Chemical (dba Northstar Chemical)	$40,320

Staff recommends an award to Pacific Star Chemical as the sole bidder. Pacific Star Chemical will supply bulk Sulfuric Acid to SVP's DVR plant on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Pacific Star Chemical dba Northstar Chemical for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Costs are not expected to exceed $300,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the

company and are subject to approval by the City and the annual appropriations of funds. Exercise of option terms after the initial five-year term will be based on renewal quotes from the Pacific Star Chemical.

Bulk Chemical:
Silicon Valley Power (SVP) uses several Bulk Chemicals including Sodium Bisulfite, Sodium Hydroxide, Sodium Hypochlorite at its DVR Power Plant for various water treatment processes.

Pursuant to City Purchasing ordinance, the City intends to enter into a cooperative purchase through the Bay Area Chemical Consortium (BACC), a cooperative group of public agencies each individually established and acting collectively through their authorized agents. BACC issues bids each January for over a dozen bulk chemicals, with responses due in late February and contract awards executed by each respective agencies around the second quarter of the calendar year. The City is unable to enter into the proposed cooperative purchase until around the second quarter of the calendar year. Therefore, staff requests authorization to enter into a purchase order with Univar in an amount not to exceed $200,000 until such time as the City can enter into an agreement through BACC.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. Furthermore, the action being considered is exempt from the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15301 “Existing Facilities” as the activity consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities mechanical equipment or topographical features involving negligible or no expansion of use beyond that existing at the time of the lead agencies determination. Moreover, the action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT
Funding for the following agreements will come from the capital or operating budget based on the asset requiring products or services:

1. Valve inspection, maintenance, and repair services
2. Battery maintenance services
3. Electrical generator maintenance
4. Technical Field Advisor (TFA) Services
5. Portable mixed bed and anion demineralized bottle rental and exchange services
6. Engineering services for electric protection, communications, and control
7. Salt deliveries
8. Delivery of bulk sulfuric acid
9. Bulk chemical delivery services

Funding for consulting and training services for environmental health and safety including safety

compliance, environmental consulting, consulting for emissions, stormwater, and hazardous waste are budgeted in the Electric Utility budget Electric Compliance Division.

Sufficient funding for the agreements is included in the FY 2021/22 and FY 2022/23 Biennial Adopted Operating Budget. Funding for future years is subject to future appropriation and will be included in future budget processes.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an agreement for valve Inspection, maintenance, and repair services with Bay Valve Service and Engineering, LLC in an amount not to exceed $1,500,000 for an initial three-year term with two one-year options to renew;
2. Authorize the City Manager to negotiate and execute an agreement for battery maintenance services with Associated Power Solutions in an amount not to exceed $1,500,000 for an initial five -year initial term with up to five one-year options to renew;
3. Authorize the City Manager to negotiate and execute agreements for generator maintenance services in an aggregate amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew with:
    a. Electrical Maintenance Consultants
    b. Brush Americas
    c. Mitsubishi Powers Americas, Inc.;
4. Authorize the City Manager to negotiate and execute agreements for Technical Field Advisor (TFA) services in an aggregate amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew with:
    a. Axis Mechanical Group
    b. HPI, LLC
    c. Mitsubishi Powers Americas, Inc.;
5. Authorize the City Manager to negotiate and execute agreements to provide portable mixed bed and anion demineralized bottle rental and exchange services in an aggregate amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew with:
    a. Puretech
    b. Evoqua Water Technologies LLC;
6. Authorize the City Manager to negotiate and execute agreements to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 (four million dollars per year shared among nine engineering firms based on project assignment) for an initial five-year term with up to five one-year options to renew with:
    a. Burns and McDonnell Engineering Company, Inc.

b. Electrical Consultants, Inc.
c. HDR Engineering, Inc.
d. Leidos Engineering, LLC
e. Power-Tech Engineers, Inc.
f. SEL Engineering Services, Inc.
g. Soudi Consultants, Inc.
h. TRC Solutions, Inc.
i. Worley Group, Inc., doing business as Advisian;

7. Authorize the City Manager to negotiate and execute agreements to provide Environmental Health and Safety (EH&S) consulting and training services in an aggregate amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew with:
    a. BSI Services and Solutions, Inc.
    b. ESCI, Inc.;
8. Authorize the City Manager to negotiate and execute an agreement for salt delivery services with TR International Trading Company in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
9. Authorize the City Manager to negotiate and execute an agreement for delivery of bulk sulfuric acid with Pacific Star Chemical doing business as Northstar Chemical in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
10. Authorize a Purchase Orders with Univar Solutions in an amount not to exceed $200,000 for delivery of bulk chemicals until such time as the City can enter into an agreement through Bay Area Chemical Consortium; and
11. Authorize the City Manager to execute amendments to increase maximum compensation during the term of the agreements if the demand for services exceeds maximum compensation, subject to the appropriation of funds.

EBIX Insurance No. S200004638

AGREEMENT DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND LEIDOS ENGINEERING, LLC

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Leidos Engineering, LLC, a Delaware limited liability company, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services".

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors.

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on October 1, 2022 and terminate on September 30, 2027.

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to five (5) additional one-year terms through September 30, 2032 ("Option Periods"). In order to extend the term of the Agreement for the Option Periods, the Parties execute an amendment (or amendments) to the agreement.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time specified in each Purchase Order. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which are required deliverables to be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California, as may be required by the specific deliverable.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES ANFD PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. PREVAILING WAGE

In the event the Services require payment or prevailing wage, Contractor shall comply, and ensure its subcontractors comply with Exhibit D.

Contractor certifies that it is aware of the requirements of California Labor Code Section 1720 et seq. and 1770 et Seq. as well as California Code of Regulations, Title 8, Section 16000 et seq. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Contractor or its employees, agents, contractors, and subcontractors to comply with the prevailing wage laws.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

9. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

13. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming,

works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than the project, for which work was authorized including, but not limited to, the release of this material to third parties.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

15. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify Ctiy, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expenses or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

16. NO CONSEQUENTIAL DAMAGES

In no event and under no circumstances shall either Contractor or City be liable to the other for any principal, interest, loss of anticipated revenues, earnings, profits, increased expenses of operation or construction, loss by reason of shutdown or non-operation due to late completion or otherwise or for any other economic, consequential, indirect or special damages.

17. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

18. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

19. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov

And to Contractor addressed as follows:

Leidos Engineering, LLC
Attn: Adam E Fox
1417 Fourth Ave., Suite 300
Seattle, WA 98101
and by e-mail at ADAM.E.FOX@leidos.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

20. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended

from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

21. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

22. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

23. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

24. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

25. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

26. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

27. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

City does not give any guarantee to Contractor that City will select Contractor for the performance of any Call for Proposal. If City selects Contractor to perform a Call for Proposal, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Purchase Order.

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow.

1.2 Perform engineering studies including, but not limited to:

- **1.2.1** System impact Studies
- **1.2.2** Equipment capacity and rating,
- **1.2.3** Load calculations,
- **1.2.4** Coordination studies,
- **1.2.5** Arc-flash study,
- **1.2.6** Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Create and update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Providing engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Providing on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ system upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services

1.14.1 Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arc Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2 Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Providing cost estimates for equipment;

1.14.5 Developing standards, procedures, operations guides, and training; and

1.14.6 Providing support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115kV.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 PROJECT QUOTES AND AUTHORIZATION OF WORK

3.1 Qualified Shortlist

3.1.1 Contractor is part of a shortlist of vendors the City has approved to provide the required electric utility engineering services ("Shortlisted Contractors").

3.1.2 When electric utility engineering services are required City may, at its sole discretion, directly assign work to Contractor ("direct assignment"), or facilitate a secondary competitive process among some or all of the Shortlisted Contractors ("Call for Proposal").

3.1.3 When Contractor will be required to perform services on an on-going basis, such ongoing services shall be authorized using the Authorization of Work process in this Section 3.

3.2 Project Quotes and Authorization of Work

3.2.1 When services are required by the City, City shall request a quote or task order from Contractor for such Services. City's request will generally include the following information:

3.2.1.1 Project description;

3.2.1.2 Services requested including location;

3.2.1.3 Preliminary project schedule;

3.2.1.4 Confirmation of prevailing wage and DIR requirements.

3.2.2 Contractor shall submit a quote for the required services in advance of commencing work, with the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3.

3.2.3 Contractor's quote shall include the following details:

3.2.3.1 The specific service(s) to be performed;

3.2.3.2 Location where services will be performed;

3.2.3.3 The project schedule when requested by City;

The project schedule shall point out any activities and/or products or materials that may impact the project timeline, including but not limited to, lead time(s) for material sourcing; shipping and receiving delays; and any other delays.

3.2.3.4 Estimated cost for the requested services, including the following. Items not specified are assumed to be included in the hourly rate.

3.2.3.4.1 Labor costs

3.2.3.4.2 Tools and materials;

3.2.3.4.3 Equipment;

3.2.3.4.4 Subcontractor services

3.2.3.4.5 Any additional costs such as travel, taxes, fees and any other reimbursable expenses; and

3.2.3.4.6 Total not to exceed cost of requested task.

3.2.4 Items not included in the quote are assumed to be included in the hourly rate.

3.2.5 Materials and equipment with a value that exceeds the City's competitive threshold may require a separate quoting process.

3.2.6 Where the terms of any quote or task order are in conflict with this Agreement, the terms of this Agreement shall prevail.

3.2.7 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement.

3.2.8 The City shall authorize work by issuing Purchase Order referencing this Agreement and the quote or task Order. With the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3. Contractor shall not commence work unless Contractor has received a Purchase Order.

3.2.9 Emergency Services

3.2.9.1 An emergency service is defined as an unforeseen event, circumstance, or combination thereof that the City reasonably determines to require immediate action, presents an ongoing danger to public health and safety, and/or imperils SVP facilities and equipment.

3.2.9.2 Emergency services may only be authorized, in writing by an Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer (e-mail is acceptable).

3.2.9.3 Emergency services may be approved verbally, where appropriate, only by the SVP staff identified above. When verbal authorization is given, Contractor shall follow up with City for written confirmation within three (3) days.

3.2.9.4 When emergency services are required, Contractor shall send a quote to City for the required services as soon as possible, but no later than within three (3) business days of starting work. The quote shall be detailed in accordance with this Section 3 and shall include any completed work as well as any additional work required to complete services associated with the emergency.

3.2.10 Changes

3.2.10.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the quoted project cost. Contractor shall provide reason for the change specific to each Purchase Order.

3.2.10.2 In the event that unanticipated site conditions or other issues result in costs that exceed the approved purchase

order, Contractor shall submit to the City an updated quote or task order for review and approval from the City in advance of performing the work and shall receive an update Purchase Order in advance of performing additional work.

3.2.10.3 In the event that issues are identified that can be most efficiently and economically resolved while on site, changes may be approved verbally (in the field), by telephone, or e-mail by the following authorized individuals: Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Contractor shall provide an updated quote within two (2) business days so that such changes can be documented in a Purchase Order within four (4) business days.

3.2.11 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.2.12 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

4 SCHEDULE OF PERFORMANCE

4.1 Contractor shall perform the services listed above, as needed during business hours (M-F 9:00am to 5:00pm).

4.2 Any work required using overtime rates shall be identified and approved in writing by City prior to work commencing.

4.3 Contractor may be required to perform the services onsite and/or remotely.

5 REPORTING AND DOCUMENTATION

5.1 Contractor shall provide regular status updates on services performed during the term of the agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

5.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

5.3 Additional reporting shall be indicated in the scope for specific Purchase Order.

6 STAFFING REQUIREMENTS

6.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

6.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

6.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

6.3.1 Legally authorized to work in United States.

6.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating instructions on any equipment used; and (d) communicate with emergency personnel during emergencies;

6.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

6.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

6.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

6.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

6.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

6.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

6.8.2 SVP shall not unreasonably withhold approval.

6.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

7 SAFETY

7.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

7.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

7.3 The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

7.4 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the work safely.

7.5 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

7.6 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

8 EMPLOYEE TRAINING

8.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

8.2 Contractor's employee training shall be at no cost to SVP.

8.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

9 PROFESSIONAL BEHAVIOR

9.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

9.2 Contractor's employees shall be neat and clean, and shall act in a courteous

and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

9.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

9.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

9.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

9.6 Contractor shall submit any complaints received against it to the City immediately

EXHIBIT B
SCHEDULE OF FEES

1 MAXIMUM COMPENSATION

The maximum amount of compensation to be paid to Contractor during the Initial Term of this Agreement shall be the amount specified in Section 6 (COMPENSATION AND PAYMENT) of the Agreement.

2 RATES

2.1 Contractor shall invoice City in accordance with the rates specified in Table 1 - Hourly Rates below:

Table 1 – Hourly Rates	
Position	**Hourly Rate**
Project Manager I	$134.00
Project Manager II	$166.00
Project Manager III	$194.00
Program Manager	$224.00
Project Analyst/Scheduler	$125.00
Engineering Technician I	$82.00
Engineering Technician II	$99.00
Engineering Technician III	$129.00
Engineer I	$107.00
Engineer II	$125.00
Engineer III	$151.00
Project Engineer I	$133.00
Project Engineer II	$162.00
Project Engineer III	$191.00
Project Technology Engineer	$213.00
Principal Engineer	$230.00
Principal Technology Engineer	$302.00
CAD Technician I	$75.00
CAD Technician II	$81.00
CAD Technician III	$87.00
CAD Lead	$97.00
Administrative Support	$71.00

2.2 All services shall be quoted and authorized using the Purchase Order process outlined in Exhibit A, Section 3 – Project Quotes and Authorization of Work

2.3 All labor rates shall have an annual escalation of 2% starting on October 1, 2023 and every subsequent October 1st through the duration of the Agreement.

3 REIMBURSABLE EXPENSES

3.1 Contractor may submit invoices for reimbursement of expenses set forth below, subject to the following conditions.

3.2 Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required services and that such expenses aren't included in fixed or hourly rates, and that such expenses were included in the project quote or work authorization pursuant to Section 3 of Exhibit A.

3.3 The following expenses may be reimbursable by City.

3.3.1 Travel-related expenses (mileage, lodging, meals, etc.);

3.3.1.1 Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

https://www.gsa.gov/travel-resources

3.3.1.2 Rental car and airfare, where required, shall be at economy class.

3.3.1.3 City shall not reimburse local travel (within Santa Clara County).

3.3.2 The cost of mailing, shipping and/or delivery of any documents or materials on behalf of City.

3.3.3 Any other expenses expressly identified as being reimbursable and approved according to the process of Section 3 of Exhibit A.

3.4 Except as specified in this Agreement, City will reimburse these expenses at actual cost only plus ten percent (10%).

3.5 An estimate of reimbursable expenses shall be included in each quote.

4 INVOICING AND PAYMENTS

4.1 Contractor shall submit an invoice to City monthly, in arrears, for payment for services performed the previous month, pursuant to this Agreement.

4.2 Each invoice shall include the task costs for the previous month and each invoice shall only include only work associated with a task order or quote.

4.3 City shall review the invoice submitted by Contractor and shall notify Contractor of any discrepancies or deficiencies in said invoice.

4.4 If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.5 If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required Certified Payroll, City shall process the invoice for payment. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $2,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $2,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one

million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance

or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. General Aggregate. The general aggregate limits shall apply separately to Contractor's work under this Agreement providing coverage at least as broad as Insurance Services Office (ISO) Endorsement CG2503, 1985 Edition, or insurer's equivalent (CGL);

4. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

5. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

J. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

K. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

L. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

22-147 Agenda Date: 2/22/2022

REPORT TO COUNCIL

SUBJECT

Delegation of Authority to the City Manager to Negotiate and Execute Various Agreements for Silicon Valley Power (SVP) for the Purchase of Supplies and Services Following Competitive Processes with the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services;
2. Associated Power Solutions for battery maintenance services;
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services;
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc. for Technical Field Advisor services;
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services;
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control;
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services;
8. TR International Trading Company for salt delivery services;
9. Pacific Star Chemical dba Northstar Chemical for delivery of bulk sulfuric acid; and
10. Univar for delivery of bulk chemicals

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

EXECUTIVE SUMMARY

In order to support the various maintenance and regulatory needs of the electric utility, SVP contracts with over one hundred contractors, consultants, and other vendors to provide services and products. During the last several months, the Purchasing Division of the Finance Department has published a number of solicitations pursuant to applicable provisions of City Code Section 2.105 using the City's e-procurement system.

Staff recommends that the City Manager be authorized to negotiate and execute agreements associated with these solicitations to the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services in an amount not to exceed $1,500,000 for an initial three-year term with two one-

year options to renew.
2. Associated Power Solutions for battery maintenance services in an amount not to exceed $1,500,000 for an initial five-year term with up to five one-year options to renew.
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services in an amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew.
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc for Technical Field Advisor (TFA) services in an amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew.
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services in an amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew.
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 for an initial five-year term with up to five one-year options to renew (four million dollars per year shared among nine engineering firms based on project assignment).
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services in an amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew.
8. TR International Trading Company for salt delivery services in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
9. Pacific Star Chemical doing business as Northstar Chemical for delivery of bulk sulfuric acid in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
10. Univar Solutions for delivery of bulk sulfuric acid in an amount not to exceed $200,000 until such time as the City can enter into an agreement through Bay Area Chemical Consortium.

Further details about each of these solicitations and the associated services is in the following background and discussion sections.

Authority to Negotiate and Execute

It is not typical to include this number of agreements in one Report to Council, but it is needed to continue to provide service under current staff limitations. In other words, this is a new procurement strategy to continue procurements within our limited capacity and receive the appropriate Council direction to proceed. Consolidating this action and obtaining delegated authority removes workload and allows for staff to focus on the actual procurement and contract process.

Recent Purchasing Activity

During the last two years, SVP and the Purchasing Division of the Finance Department have been working closely together to perform solicitations pursuant to applicable provisions of City Code Section 2.105. During this time, over fifty solicitations have been completed using competitive processes including cooperative purchases, informal bids, formal bids, Request for Proposals (RFP), and Statements of Qualifications (SOQ). Several of these solicitations have resulted in multiple awards. In some cases, a master agreement is awarded with multiple contractors and a secondary informal bidding process takes place for specific scopes. In addition to issuing new solicitations, SVP

and Purchasing took action to extend the term of over fifty agreements from three years to five years in order to maximize the value of the solicitation process.

Staff Limitations
This activity has occurred while the contracts manager assigned to SVP has also been primarily assigned to support the Emergency Operations Center during the pandemic. On September 28, 2021; Council authorized the addition of a second Contracts Manager position in the Finance Department to be funded by SVP and assigned to support SVP. An offer was recently made to fill that position. In February, the Contracts Manager already assigned to SVP resigned leaving a new position vacant. Using the previous recruitment, staff has initiated the process to fill that newly vacant position. However, both purchasing positions are not currently filled and there is currently no dedicated purchasing staff for SVP. In addition, the Attorney assigned to SVP (who reviews and works on all these items) recently left the City. This will cause additional capacity constraints.

Upcoming Items
Based on current staffing constraints and the requirement to enter into contracts to operate the system, staff is taking a different procurement approach than past to facilitate the work with appropriate Council approval. There will be other items for Council consideration on upcoming agendas to maintain continuity of services.

BACKGROUND

Silicon Valley Power (SVP), the City of Santa Clara's Electric Utility owns significant assets requiring ongoing maintenance including three power plants in City limits, several remote assets, substations, as well as transmission and distribution lines throughout the City. Additionally, SVP is required to comply with a number of safety and regulatory requirements including North American Electric Reliability Corporation (NERC), Western Electricity Coordinating Council (WECC), Occupational Safety and Health Administration (OSHA), and Bay Area Air Quality Management District (BAAQMD).

Most of the services referenced in this report are provided at SVP's power generation facilities located in City of Santa Clara: (1) The main facility, the Donald Von Raesfeld Power Plant (DVR), is a 2x1 combined cycle power plant rated at 147 Megawatts of electrical power, (2) City of Santa Clara Cogeneration Plant (Cogen), is a cogeneration facility that utilizes two gas turbines for power generation. Waste heat from Cogen is collected to generate steam for supply to a paper mill. This facility is rated at 7 Megawatts, (3) The Gianera Generating Station (Gianera), the City's peaking generation facility, is rated at 49.5 Megawatts of electrical power.

Through this action, staff recommends that the City Council authorize the City Manager to execute contracts based on awards from these solicitations to expedite processing time.

DISCUSSION

Valve Inspection, Maintenance, and Repair Services

SVP's power plants have boiler system components including high pressure steam superheaters, high pressure steam drums, low pressure steam superheaters, low pressure steam drums, economizers, deaerator tanks, and flash tanks. These components have associated safety valves that require periodic testing, inspection, maintenance, repair, and replacement. Additionally, the plants contain air and gas systems that require valve testing, inspection, repair, and maintenance.

The services are highly specialized and SVP requires a qualified contractor to perform these critical services.

In 2021, the City published a formal Request for Bids (RFB) for as-needed valve testing, inspection, maintenance, and repair services. The City did not receive any bids.

Because there were no bids submitted, staff reached out to Bay Valve Service and Engineering, LLC (Bay Valve) for rates. Bay Valve is the incumbent provided and has been providing services to SVP for almost 20 years. SVP has been satisfied with the services provided by Bay Valve. Staff recommends awarding an agreement to Bay Valve to provide the required valve testing, inspection, maintenance, and repair services. There are a number of critical projects requiring this service including annual and 3-year required safety valve testing, high pressure bypass valve replacement, and critical control valve replacements.

The proposed agreement includes provision of all labor, materials, equipment, and technical expertise needed to provide the required valve testing, inspection, maintenance, and repair services. The contractor may perform the required services at SVP's power plants or at the Contractor's shop. Additionally, the contractor may be required to perform valve repair services at other SVP locations such as SVP's remote facilities.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Bay Valve for an initial three-year term beginning on or about March 1, 2022 and to execute up to two one -year options to renew the agreement after the initial term at the discretion of the City. Costs for the initial three-year term are not to exceed $1,500,000.

Bay Valve's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Battery Maintenance Services

SVP uses battery systems in order to ensure there is uninterrupted power to relay protection schemes, and control systems that provide monitoring and quick action in the event of electrical and process faults. SVP has several battery systems throughout its in-city power generating assets, including its power plants as well as at substations. The batteries must be maintained annually and quarterly in accordance with the most current version of the North American Electric Reliability Corporation (NERC) standard PRC-005, as well as state and federal regulations. The battery maintenance services ensure that critical protection systems will be available to protect the SVP grid and power plant equipment.

In 2021, the City published a formal Statement of Qualifications (SOQ) for Battery Maintenance Services. An SOQ is a solicitation where the award is based on the qualifications and expertise of the firm versus a proposed solution. One proposal was received from Associated Power Solutions (APS). Staff reviewed the response against the criteria included in the SOQ and determined that APS's proposal met all of the SOQ requirements.

Staff recommends award of agreement to Associated Power Solutions. APS is the incumbent and has demonstrated experience and expertise providing quality battery maintenance services in

compliance with NERC Standard PRC-005. Under the proposed agreement, APS will provide all labor, materials, equipment, and technical expertise needed to provide the required services including annual and quarterly battery inspection and maintenance; performance testing of batteries, load testing of battery systems, replacement of old batteries and disposal of old batteries. All services will be performed pursuant to NERC standards as well as industry best practices and state and local laws and regulations.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with APS for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis with maximum compensation not to exceed $1,500,000 over the five-year initial term. APS's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electrical Generator Maintenance

The generators used at SVP facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. Local and remote generation facilities use multiple generator technologies from various manufacturers, and each has unique and specific maintenance schedules and parts specifications. Accordingly, multiple vendors are employed to properly maintain the fleet of generators.

In 2021, the City published a formal RFP for Generator Maintenance and Overhaul Services. A total of 69 companies viewed the RFP, and the City received proposals from five companies:

- Brush Americas (Turtle Creek, PA)
- Electrical Maintenance Consultants, Inc. (Rocklin, CA)
- Ethos Energy (Houston, TX)
- Kinectrics, Inc. (Naperville, IL)
- Mitsubishi Powers America, Inc. (Orlando, FL)

The RFP was comprised of three separate packages as follows:

- Package A: major inspections and repairs (overhauls) on two (2) Brush BDAX-7 generators located at the Donald van Raesfeld (DVR) Power Plant;
- Package B: major inspections and repairs (overhauls) on two (2) Ideal SM-100 generators located at the Santa Clara Cogeneration Plant; and
- Package C: Routine generator maintenance and repair services.

Proposers had the option to submit responses for one or multiple packages. Electrical Maintenance Consultants, Inc. (EMC) and Ethos Energy (Ethos) submitted responses for all three packages. Mitsubishi Powers America, Inc. (Mitsubishi) submitted a response for Packages A and C. Brush Americas (Brush) and Kinectrics, Inc. submitted responses for Package A and Package C, respectively.

The proposals were evaluated and scored against the criteria and weights included in the RFP by a

three-member evaluation team consisting of staff from SVP. Upon the evaluation team's initial review, the proposals from Ethos and Kinectrics, Inc. were determined to be non-responsive and were eliminated from further consideration.

Staff recommends authorizing the City Manager to negotiate and execute agreements with EMC, Brush, and Mitsubishi for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with maximum compensation for all three agreements not to exceed $3,000,000 over the five-year initial term. EMC shall serve as the primary contractor for all three packages of services, while Brush and Mitsubishi shall serve as the secondary providers of services for their respective packages. The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required generator maintenance and overhaul services.

Any requests for compensation increases during the term of the agreement(s) must be justified by the company and are subject to approval by the City and the annual appropriations of funds.

Technical Field Advisor (TFA) Services

The Turbines and Generators used at Silicon Valley Power (SVP) facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. In-town and remote generation facilities use multiple generator technologies from various manufacturers, each having unique and specific maintenance schedules and parts specifications.

Depending on the nature of the work, it is industry best practice for SVP to separately contract TFA service for expertise when undergoing overhauls or other in-depth maintenance activities. These TFA's serve as SVP's agents and provide expert guidance to oversee the contractors performing work.

In 2021, the City published a formal RFP for TFA Services. A total of 39 companies viewed the RFP, and the City received 3 proposals, from Axis Mechanical Group, Mitsubishi Power Americas, Inc and HPI, LLC. The proposals were evaluated independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the RFP. Staff recommends negotiating and executing agreements with all three proposers. Having multiple TFA agreements will provide flexibility with scheduling and expertise needs for SVP's various assets.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Overseeing major turbine and engine overhauls at SVP's power plants;
- Providing technical oversight of outage activities;
- Providing advice on available repair options;
- Developing and providing required reports.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Axis Mechanical, Mitsubishi Power Americas, Inc., and HPI, LLC for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreements after the

initial term, at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,050,000 for all three agreements over the five-year initial term. Any requests for or rate increases during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services
All three of SVP's local generation facilities rely on processed or demineralized water for use in the condensate/steam cycle and for emissions control. Portable, mixed bed and ion exchange bottles are used at DVR, COGEN, and Gianera for water treatment as an economic solution for these water treatment needs.

In 2021, the City published a formal RFB for Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services with the award recommendation based on "lowest responsive, responsible bidder." A total of 34 companies viewed the RFB, and the City received proposals from two bidders. The results are as follows:

Vendor Name	Bid Price
Puretech	$91,107.00
Evoqua	$130,496.98

Staff recommends an award to Puretech as the lowest responsive and responsible bidder and Evoqua as a secondary supplier in the event of an emergency or if Puretech is unable to perform. Puretech and Evoqua will supply portable mixed bed and anion demineralized bottle rental and exchange services to SVP's power plants on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Puretech and Evoqua for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Total costs are not to exceed $650,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electric Utility Engineering Services
SVP uses consultants to support operations engineering of protection, communications, and control systems. Typical services include electrical safety hazard analysis, electrical engineering studies (short circuit and relay coordination), fiber optic multiplexer system support, power quality metering system support, compliance (NERC and WECC), and outages studies.

Sample tasks and studies performed by these consultants may include

- Electrical safety hazard analysis at each substation to determine safe approach distances and proper personal protection equipment (PPE) maintaining safety for employees and compliance with OSHA requirements.
- Relay overcurrent coordination studies to minimize the number of customers affected by a fault in the electric system such as a car a hitting power pole, tree branch falling on transmission line, or a mylar balloon contacting a transmission line.

- Support replacement of the fiber optic multiplexer system - the communication backbone of the electric utility.

In June 2021, the City published a formal SOQ for Electric Utility Engineering Services protection, communications, and control systems. A total of 141 companies viewed the SOQ, and the City received 17 proposals. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ.

Staff recommends negotiating and executing agreements with the following proposers, as the most advantageous proposals based upon the final evaluation rankings:

1. Burns and McDonnell Engineering Company, Inc.
2. Electrical Consultants, Inc.
3. HDR Engineering, Inc.
4. Leidos Engineering, LLC
5. Power-Tech Engineers, Inc.
6. SEL Engineering Services, Inc.
7. Soudi Consultants, Inc.
8. TRC Solutions, Inc.
9. Worley Group, Inc., doing business as Advisian

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required electric utility engineering services including:

- Performing engineering studies;
- Developing and reviewing protective device, metering, and automation device settings and logic;
- Preparing and documenting North American Electric Reliability Corporation (NERC) compliance reports; and
- Providing engineering support services for construction and testing crews.

Staff intends to establish a qualified shortlist consisting of the nine selected proposers. Depending on the requirement, a vendor may be awarded specific work to any vendor on the list, or a secondary “mini” competitive process may be conducted among these pre-qualified firms to award specific work.

Staff recommends authorizing the City Manager to negotiate and execute agreements with the nine consultants listed above for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew each agreement after the initial term, at the discretion of the City. Annual costs for all agreements are not to exceed $20 million during the initial five-year term (four million dollars per year shared among nine engineering firms based on project assignment). Any requests for compensation increases during the term of the agreement(s) must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Environmental, Health & Safety Services (EH&S)

Silicon Valley Power (SVP) requires EH&S programs throughout the utility in order to maintain a safe and compliant working environment. The use of experts focused in the knowledge areas required

assures the best possible quality for the programs being developed, prevents bias, and maintains the most current updates to federal and local laws and regulations. These firms have unique skills and tools at their disposal to provide services.

Services associated with Environmental Programs will support a number of required certifications and other compliance activities. A utility of SVP's size is responsible for a number of environmental compliance activities including air permits, Environmental Protection Agency (EPA) Title V, Spill Prevention Control and Countermeasure (SPCC), Hazardous Materials Business Plan (HMBP), and storm water permits. This is only a sample list as there are a number of compliance programs associated with the utility's operations.

Services associated with safety programs include written plans, training, tracking of training completed, audits, and drills that meet Federal and California OSHA, and local or other agency regulations or guidelines. In addition, these consultants will support activities that promote a safe working environment including development and update of safety standards across SVP, Injury and Illness Prevention Program (IIPP) and a Qualified Electrical Worker (QEW) program. Resulting programs will be available to staff throughout the utility.

In 2021, the City published a formal SOQ for EH&S services. A total of 104 companies viewed the SOQ, and six proposals were submitted. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ including: experience and qualifications of the firm/staff; expertise reviewing and developing EH&S plans; and the proposers' approach to providing safety training.

Based on the scores from the evaluation panel, staff recommends awarding agreements to two proposers as the most advantageous and best value to the City: BSI America Professional Services, Inc. (BSI), and Electrical Safety Consultants, Inc., doing business as ESCI, Inc. (ESCI). Both proposals met or exceeded all of the SOQ specifications. The expertise of each of these vendors is different; therefore, each agreement will include different scopes of work.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Reviewing and updating SVP's current EH&S plans;
- Developing new EH&S plans;
- Providing electrical safety training and drills;
- Conducting periodic electrical safety audits; and
- Creation and management of a comprehensive electrical safety compliance program (ESCI only).

Staff recommends authorizing the City Manager to negotiate and execute agreements with BSI and ESCI for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew each agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,100,000. Any requests for compensation adjustments during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to provide Salt Deliveries

Maintaining power production at Cogen requires the water at the plant to be treated for use in its steam processes. The treatment includes softening the water by using dry coarse salt. SVP uses approximately 660 pounds of salt per day to treat the water at Cogen. If water is not softened for use in the power plant steam processes, Cogen would be forced to shut down, halting power production at the facility. A shutdown of Cogen would also impact its ability to supply steam to its thermal host, Greif Inc., Santa Clara Paperboard who uses steam for recycled paper processing.

In 2021, the City published a formal RFB for the delivery and supply of Morton Salt, using the City's e-procurement system. Twenty-two (22) vendors viewed the bid, and two bids were received. Results are as follows:

Vendor NameBid Price	
TR International Trading Company (TRInternational)	$49,680
John's Salt Service	$50,112

Staff recommends an award to TRInternational as the lowest-price responsive bidder. TR International will supply and deliver salt to Cogen on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with TR International for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Maximum compensation is not to exceed $300,000 during the initial five-year term. Any requests for compensation adjustments must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to Provide Delivery of Bulk Sulfuric Acid

SVP uses sulfuric acid for pH control of the cooling tower at DVR. This necessary process treatment for the cooling tower is required to maintain limits specified by the Industrial Waste Water Discharge Permit issued by San Jose Environmental Services Department. and preserve the integrity of the tower itself.

In 2021, the City published a formal RFB for the delivery and supply of Sulfuric Acid. Twenty-two (22) vendors viewed the bid, and one bid was received as follows:

Vendor Name	Bid Price
Pacific Star Chemical (dba Northstar Chemical)	$40,320

Staff recommends an award to Pacific Star Chemical as the sole bidder. Pacific Star Chemical will supply bulk Sulfuric Acid to SVP's DVR plant on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Pacific Star Chemical dba Northstar Chemical for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Costs are not expected to exceed $300,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the

company and are subject to approval by the City and the annual appropriations of funds. Exercise of option terms after the initial five-year term will be based on renewal quotes from the Pacific Star Chemical.

Bulk Chemical:
Silicon Valley Power (SVP) uses several Bulk Chemicals including Sodium Bisulfite, Sodium Hydroxide, Sodium Hypochlorite at its DVR Power Plant for various water treatment processes.

Pursuant to City Purchasing ordinance, the City intends to enter into a cooperative purchase through the Bay Area Chemical Consortium (BACC), a cooperative group of public agencies each individually established and acting collectively through their authorized agents. BACC issues bids each January for over a dozen bulk chemicals, with responses due in late February and contract awards executed by each respective agencies around the second quarter of the calendar year. The City is unable to enter into the proposed cooperative purchase until around the second quarter of the calendar year. Therefore, staff requests authorization to enter into a purchase order with Univar in an amount not to exceed $200,000 until such time as the City can enter into an agreement through BACC.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. Furthermore, the action being considered is exempt from the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15301 “Existing Facilities” as the activity consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities mechanical equipment or topographical features involving negligible or no expansion of use beyond that existing at the time of the lead agencies determination. Moreover, the action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT
Funding for the following agreements will come from the capital or operating budget based on the asset requiring products or services:

1. Valve inspection, maintenance, and repair services
2. Battery maintenance services
3. Electrical generator maintenance
4. Technical Field Advisor (TFA) Services
5. Portable mixed bed and anion demineralized bottle rental and exchange services
6. Engineering services for electric protection, communications, and control
7. Salt deliveries
8. Delivery of bulk sulfuric acid
9. Bulk chemical delivery services

Funding for consulting and training services for environmental health and safety including safety

compliance, environmental consulting, consulting for emissions, stormwater, and hazardous waste are budgeted in the Electric Utility budget Electric Compliance Division.

Sufficient funding for the agreements is included in the FY 2021/22 and FY 2022/23 Biennial Adopted Operating Budget. Funding for future years is subject to future appropriation and will be included in future budget processes.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an agreement for valve Inspection, maintenance, and repair services with Bay Valve Service and Engineering, LLC in an amount not to exceed $1,500,000 for an initial three-year term with two one-year options to renew;
2. Authorize the City Manager to negotiate and execute an agreement for battery maintenance services with Associated Power Solutions in an amount not to exceed $1,500,000 for an initial five -year initial term with up to five one-year options to renew;
3. Authorize the City Manager to negotiate and execute agreements for generator maintenance services in an aggregate amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew with:
    a. Electrical Maintenance Consultants
    b. Brush Americas
    c. Mitsubishi Powers Americas, Inc.;
4. Authorize the City Manager to negotiate and execute agreements for Technical Field Advisor (TFA) services in an aggregate amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew with:
    a. Axis Mechanical Group
    b. HPI, LLC
    c. Mitsubishi Powers Americas, Inc.;
5. Authorize the City Manager to negotiate and execute agreements to provide portable mixed bed and anion demineralized bottle rental and exchange services in an aggregate amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew with:
    a. Puretech
    b. Evoqua Water Technologies LLC;
6. Authorize the City Manager to negotiate and execute agreements to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 (four million dollars per year shared among nine engineering firms based on project assignment) for an initial five-year term with up to five one-year options to renew with:
    a. Burns and McDonnell Engineering Company, Inc.

b. Electrical Consultants, Inc.
c. HDR Engineering, Inc.
d. Leidos Engineering, LLC
e. Power-Tech Engineers, Inc.
f. SEL Engineering Services, Inc.
g. Soudi Consultants, Inc.
h. TRC Solutions, Inc.
i. Worley Group, Inc., doing business as Advisian;

7. Authorize the City Manager to negotiate and execute agreements to provide Environmental Health and Safety (EH&S) consulting and training services in an aggregate amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew with:
    a. BSI Services and Solutions, Inc.
    b. ESCI, Inc.;
8. Authorize the City Manager to negotiate and execute an agreement for salt delivery services with TR International Trading Company in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
9. Authorize the City Manager to negotiate and execute an agreement for delivery of bulk sulfuric acid with Pacific Star Chemical doing business as Northstar Chemical in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
10. Authorize a Purchase Orders with Univar Solutions in an amount not to exceed $200,000 for delivery of bulk chemicals until such time as the City can enter into an agreement through Bay Area Chemical Consortium; and
11. Authorize the City Manager to execute amendments to increase maximum compensation during the term of the agreements if the demand for services exceeds maximum compensation, subject to the appropriation of funds.

EBIX Insurance No. S200005047

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND POWER-TECH ENGINEERS, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Power-Tech Engineers, Inc., a Nevada corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors.

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2022 and terminate on August 31, 2027.

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this agreement for up to five (5) additional one-year terms through August 31, 2032 ("Option Periods"). In order to extend the term of the Agreement for the Option Periods, the Parties shall execute an amendment (or amendments) to the agreement.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time states in Exhibit A or as more specifically defined in separate specified in each Purchase Order. Time is of the essence

A. All reports, costs estimates, plans and other documentation which are required deliverables to be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the Sate of California, as may be required by the specific deliverables.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is One Million Dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Contractor shall comply, and ensure its subcontractors comply with Exhibit D.

Contractor certifies that it is aware of the requirements of California Labor Code Section 1720 et. seq. and 1770 et. Seq. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liability, costs, penalties or interest arising out of any failure or alleged failure by Contractor or its employees, agents, contractors, and subcontractors to comply with the prevailing wage laws.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice

of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

9. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

13. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any

time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than the project for which work was authorized, including, but not limited to, the release of this material to third parties.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

15. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, costs, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such third-party claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement

shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at SVPContracts@santaclaraca.gov

And to Contractor addressed as follows:

Power-Tech Engineers, Inc.
355 South Lemon Ave., Suite A
Walnut, CA 91789
and by e-mail at maria.hernandez@ptei.net

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

20. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and

following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

22. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

City does not give any guarantee to Contractor that City will select Contractor for the performance of any Purchase Order. If City selects Contractor to perform a Purchase Order, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Purchase Order.

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow.

1.2 Perform engineering studies including, but not limited to:

- **1.2.1** System impact Studies
- **1.2.2** Equipment capacity and rating,
- **1.2.3** Load calculations,
- **1.2.4** Coordination studies,
- **1.2.5** Arc-flash study,
- **1.2.6** Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Providing engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Providing on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ system upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services

1.14.1 Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arc Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2 Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Providing cost estimates for equipment;

1.14.5 Developing standards, procedures, operations guides, and training; and

1.14.6 Providing support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115Kv.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 PROJECT QUOTES AND AUTHORIZATION OF WORK

3.1 Qualified Shortlist

3.1.1 Contractor is part of a shortlist of vendors the City has approved to provide the required electric utility engineering services ("Shortlisted Contractors").

3.1.2 When electric utility engineering services are required City may, at its sole discretion, directly assign work to Contractor ("direct assignment"), or facilitate a secondary competitive process among some or all of the Shortlisted Contractors ("Call for Proposal").

3.1.3 When Contractor will be required to perform services on an on-going basis, such ongoing services shall be authorized using the Authorization of Work process in this Section 3.

3.2 Project Quotes and Authorization of Work

3.2.1 When services are required by the City, City shall request a quote or task order from Contractor for such Services. City's request will generally include the following information:

3.2.1.1 Project description;

3.2.1.2 Services requested including location;

3.2.1.3 Preliminary project schedule;

3.2.1.4 Confirmation of prevailing wage and DIR requirements.

3.2.2 Contractor shall submit a quote for the required services in advance of commencing work, with the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3.

3.2.3 Contractor's quote shall include the following details:

3.2.3.1 The specific service(s) to be performed;

3.2.3.2 Location where services will be performed;

3.2.3.3 The project schedule when requested by City;

The project schedule shall point out any activities and/or products or materials that may impact the project timeline, including but not limited to, lead time(s) for material sourcing; shipping and receiving delays; and any other delays.

3.2.3.4 Estimated cost for the requested services, including the following. Items not specified are assumed to be included in the hourly rate.

3.2.3.4.1 Labor costs

3.2.3.4.2 Tools and materials;

3.2.3.4.3 Equipment;

3.2.3.4.4 Subcontractor services

3.2.3.4.5 Any additional costs such as travel, taxes, fees and any other reimbursable expenses; and

3.2.3.4.6 Total not to exceed price.

3.2.4 Items not included in the quote are assumed to be included in the hourly rate.

3.2.5 Materials and equipment with a value that exceeds the City's competitive threshold may require a separate quoting process.

3.2.6 Where the terms of any quote or task order are in conflict with this Agreement, the terms of this Agreement shall prevail.

3.2.7 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement.

3.2.8 The City shall authorize work by issuing Purchase Order referencing this Agreement and the quote or task Order. With the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3, Contractor shall not commence work unless Contractor has received a Purchase Order.

3.2.9 Emergency Services

3.2.9.1 An emergency service is defined as an unforeseen event, circumstance, or combination thereof that the City reasonably determines to require immediate action, presents an ongoing danger to public health and safety, and/or imperils SVP facilities and equipment.

3.2.9.2 Emergency services may only be authorized, in writing by an Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer (e-mail is acceptable).

3.2.9.3 Emergency services may be approved verbally, where appropriate, only by the SVP staff identified above. When verbal authorization is given, Contractor shall follow up with City for written confirmation within three (3) days.

3.2.9.4 When emergency services are required, Contractor shall send a quote to City for the required services as soon as possible, but no later than within three (3) business days of starting work. The quote shall be detailed in accordance with this Section 3 and shall include any completed work as well as any additional work required to complete services associated with the emergency.

3.2.10 Changes

3.2.10.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the quoted project cost. Contractor shall provide reason for the change specific to each Purchase Order.

3.2.10.2 In the event that unanticipated site conditions or other issues result in costs that exceed the approved purchase order, Contractor shall submit to the City an updated quote or task order for review and approval from the City in advance of performing the work and shall receive an update Purchase Order in advance of performing additional work.

3.2.10.3 In the event that issues are identified that can be most efficiently and economically resolved while on site, changes may be approved verbally (in the field), by telephone, or e-mail by the following authorized individuals: Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Contractor shall provide an updated quote within two (2) business days so that such changes can be documented in a Purchase Order within four (4) business days.

3.2.11 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.2.12 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

4 SCHEDULE OF PERFORMANCE

4.1 Contractor shall perform the services listed above, as needed, during business hours (M-F 9:00am to 5:00pm).

4.2 Any work that requires overtime rates shall be identified and approved in writing by City prior to work commencing.

4.3 Contractor may be required to perform the services onsite and/or remotely.

5 REPORTING AND DOCUMENTATION

5.1 Contractor shall provide regular status updates on services performed during the term of the agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

5.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

5.3 Additional reporting shall be indicated in the scope for specific Purchase Order.

6 STAFFING REQUIREMENTS

6.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

6.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

6.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

6.3.1 Legally authorized to work in United States.

6.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating instructions on any equipment used; and (d) communicate with emergency personnel during emergencies;

6.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

6.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

6.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

6.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

6.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

6.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

6.8.2 SVP shall not unreasonably withhold approval.

6.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

7 SAFETY

7.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

7.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

7.3 The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

7.4 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

7.5 Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the work safely.

7.6 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

7.7 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

8 EMPLOYEE TRAINING

8.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

8.2 Contractor's employee training shall be at no cost to SVP.

8.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

9 PROFESSIONAL BEHAVIOR

9.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

9.2 Contractor's employees shall be neat and clean, and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

9.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

9.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

9.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

9.6 Contractor shall submit any complaints received against it to the City immediately.

EXHIBIT B
SCHEDULE OF FEES

1 MAXIMUM COMPENSATION

The maximum amount of compensation to be paid to Contractor during the Initial Term of this Agreement shall be the amount specified in Section 6 (COMPENSATION AND PAYMENT) of the Agreement.

2 RATES

2.1 City shall pay Contractor in accordance with the rates specified in Exhibit B-1 – Hourly Rates attached and incorporated by reference:

2.2 Any work requiring overtime rates shall be expressly identified and approved in writing by City prior to work commencing.

2.3 Definitions:

2.3.1 Straight time: Eight (8) hours per day, Monday - Saturday except holidays listed below.

2.3.2 Overtime: Hours in excess of eight (8) hours Monday - Saturday and any hours on Sunday shall be billed at overtime rates.

2.3.3 Double Time: Hours in excess of twelve (12) hours Monday - Sunday.

2.4 Direct Costs:

Other Direct costs such as faxes, long-distance telephone, computer hardware, computer software (excluding specialty programs), color copies and plots are included in the hourly rates.

2.5 Holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day, and day after Thanksgiving, Christmas Day.

2.5 All services shall be quoted and authorized using the Work Authorization process outlined in Exhibit A, Section 3 – Project Quotes and Authorization of Work.

2.6 Rates shall remain fixed for the initial two years of the Agreement. After the initial two years, Contractor may request adjustments to the compensation rates no more than annually

2.6.1 The Contractor must demonstrate to the satisfaction of the City that

a price increase is warranted.

2.6.2 City approval or denial of the requested rate adjustment will be provided in writing (e-mail acceptable).

3 REIMBURSABLE EXPENSES

3.5 Contractor may submit invoices for reimbursement of expenses set forth below, subject to the following conditions.

3.6 Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required services, that such expenses aren't included in fixed or hourly rates, and that such expenses were included in the project quote or work authorization pursuant to Section 3 of Exhibit A.

3.7 The following expenses may be reimbursable by City.

3.7.1 Travel-related expenses (mileage, lodging, meals, etc.);

3.7.1.1 Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

https://www.gsa.gov/travel-resources

3.7.1.2 Rental car and airfare, where required, shall be at economy class.

3.7.1.3 City shall not reimburse local travel (within Santa Clara County).

3.7.2 The cost of third-party subconsultants to the extent City has preapproved, in writing.

3.7.3 The cost of mailing, shipping and/or delivery of any documents or materials on behalf of City.

3.7.4 Any other expenses expressly identified as being reimbursable and approved according to the process in Section 3 of Exhibit A.

3.8 Except as specified in this Agreement, City will reimburse these expenses at actual cost.

3.9 An estimate of reimbursable expenses shall be included in each quote.

4 INVOICING AND PAYMENTS

4.1 Contractor shall submit an invoice to City monthly, in arrears, for payment for services performed the previous month, pursuant to this Agreement.

4.2 Each invoice shall include the task costs for the previous month and each invoice shall only include only work associated with a single task order or quote.

4.3 City shall review the invoice submitted by Contractor and shall notify Contractor of any discrepancies or deficiencies in said invoice.

4.4 If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.5 If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required Certified Payroll, City shall process the invoice for payment.

EXHIBIT B-1
HOURLY RATES

TITLE	RATE/HR (US$)*
Project Manager (PMP)	$200
Sr. Consultant Engineer	$190
Lead System Study Specialist	$315
Sr. System Study Specialist	$180
Sr. Power System Engineer	$186
Lead Electrical Engineer	$190
Sr. Electrical Engineer	$185
Project Electrical Engineer	$165
Lead Civil/Structural Engineer	$185
Sr. Civil Engineer	$170
Assistant Engineer	$140
Project Controls	$130
Scheduler	$120
GIS Operator	$120
*CAD Designer	$100
*Estimator	$98
*Lead CAD Operator	$75
*CAD Operator	$68
*Project Adminisrator/Doc Cnt	$65
*Administrative Assistant	$60
*Clerical	$55

For any nonexempt personnel in positions with an *, overtime will be billed at 1.5 times the hourly labor billing rates shown.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C Enforcement

12. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

13. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

14. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

22-147 **Agenda Date: 2/22/2022**

REPORT TO COUNCIL

SUBJECT

Delegation of Authority to the City Manager to Negotiate and Execute Various Agreements for Silicon Valley Power (SVP) for the Purchase of Supplies and Services Following Competitive Processes with the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services;
2. Associated Power Solutions for battery maintenance services;
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services;
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc. for Technical Field Advisor services;
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services;
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control;
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services;
8. TR International Trading Company for salt delivery services;
9. Pacific Star Chemical dba Northstar Chemical for delivery of bulk sulfuric acid; and
10. Univar for delivery of bulk chemicals

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

EXECUTIVE SUMMARY

In order to support the various maintenance and regulatory needs of the electric utility, SVP contracts with over one hundred contractors, consultants, and other vendors to provide services and products. During the last several months, the Purchasing Division of the Finance Department has published a number of solicitations pursuant to applicable provisions of City Code Section 2.105 using the City's e-procurement system.

Staff recommends that the City Manager be authorized to negotiate and execute agreements associated with these solicitations to the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services in an amount not to exceed $1,500,000 for an initial three-year term with two one-

year options to renew.
2. Associated Power Solutions for battery maintenance services in an amount not to exceed $1,500,000 for an initial five-year term with up to five one-year options to renew.
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services in an amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew.
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc for Technical Field Advisor (TFA) services in an amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew.
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services in an amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew.
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 for an initial five-year term with up to five one-year options to renew (four million dollars per year shared among nine engineering firms based on project assignment).
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services in an amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew.
8. TR International Trading Company for salt delivery services in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
9. Pacific Star Chemical doing business as Northstar Chemical for delivery of bulk sulfuric acid in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
10. Univar Solutions for delivery of bulk sulfuric acid in an amount not to exceed $200,000 until such time as the City can enter into an agreement through Bay Area Chemical Consortium.

Further details about each of these solicitations and the associated services is in the following background and discussion sections.

Authority to Negotiate and Execute

It is not typical to include this number of agreements in one Report to Council, but it is needed to continue to provide service under current staff limitations. In other words, this is a new procurement strategy to continue procurements within our limited capacity and receive the appropriate Council direction to proceed. Consolidating this action and obtaining delegated authority removes workload and allows for staff to focus on the actual procurement and contract process.

Recent Purchasing Activity

During the last two years, SVP and the Purchasing Division of the Finance Department have been working closely together to perform solicitations pursuant to applicable provisions of City Code Section 2.105. During this time, over fifty solicitations have been completed using competitive processes including cooperative purchases, informal bids, formal bids, Request for Proposals (RFP), and Statements of Qualifications (SOQ). Several of these solicitations have resulted in multiple awards. In some cases, a master agreement is awarded with multiple contractors and a secondary informal bidding process takes place for specific scopes. In addition to issuing new solicitations, SVP

and Purchasing took action to extend the term of over fifty agreements from three years to five years in order to maximize the value of the solicitation process.

Staff Limitations
This activity has occurred while the contracts manager assigned to SVP has also been primarily assigned to support the Emergency Operations Center during the pandemic. On September 28, 2021; Council authorized the addition of a second Contracts Manager position in the Finance Department to be funded by SVP and assigned to support SVP. An offer was recently made to fill that position. In February, the Contracts Manager already assigned to SVP resigned leaving a new position vacant. Using the previous recruitment, staff has initiated the process to fill that newly vacant position. However, **both purchasing positions are not currently filled** and there is currently no dedicated purchasing staff for SVP. In addition, the Attorney assigned to SVP (who reviews and works on all these items) recently left the City. This will cause additional capacity constraints.

Upcoming Items
Based on current staffing constraints and the requirement to enter into contracts to operate the system, staff is taking a different procurement approach than past to facilitate the work with appropriate Council approval. There will be other items for Council consideration on upcoming agendas to maintain continuity of services.

BACKGROUND

Silicon Valley Power (SVP), the City of Santa Clara's Electric Utility owns significant assets requiring ongoing maintenance including three power plants in City limits, several remote assets, substations, as well as transmission and distribution lines throughout the City. Additionally, SVP is required to comply with a number of safety and regulatory requirements including North American Electric Reliability Corporation (NERC), Western Electricity Coordinating Council (WECC), Occupational Safety and Health Administration (OSHA), and Bay Area Air Quality Management District (BAAQMD).

Most of the services referenced in this report are provided at SVP's power generation facilities located in City of Santa Clara: (1) The main facility, the Donald Von Raesfeld Power Plant (DVR), is a 2x1 combined cycle power plant rated at 147 Megawatts of electrical power, (2) City of Santa Clara Cogeneration Plant (Cogen), is a cogeneration facility that utilizes two gas turbines for power generation. Waste heat from Cogen is collected to generate steam for supply to a paper mill. This facility is rated at 7 Megawatts, (3) The Gianera Generating Station (Gianera), the City's peaking generation facility, is rated at 49.5 Megawatts of electrical power.

Through this action, staff recommends that the City Council authorize the City Manager to execute contracts based on awards from these solicitations to expedite processing time.

DISCUSSION

Valve Inspection, Maintenance, and Repair Services
SVP's power plants have boiler system components including high pressure steam superheaters, high pressure steam drums, low pressure steam superheaters, low pressure steam drums, economizers, deaerator tanks, and flash tanks. These components have associated safety valves that require periodic testing, inspection, maintenance, repair, and replacement. Additionally, the plants contain air and gas systems that require valve testing, inspection, repair, and maintenance.

The services are highly specialized and SVP requires a qualified contractor to perform these critical services.

In 2021, the City published a formal Request for Bids (RFB) for as-needed valve testing, inspection, maintenance, and repair services. The City did not receive any bids.

Because there were no bids submitted, staff reached out to Bay Valve Service and Engineering, LLC (Bay Valve) for rates. Bay Valve is the incumbent provided and has been providing services to SVP for almost 20 years. SVP has been satisfied with the services provided by Bay Valve. Staff recommends awarding an agreement to Bay Valve to provide the required valve testing, inspection, maintenance, and repair services. There are a number of critical projects requiring this service including annual and 3-year required safety valve testing, high pressure bypass valve replacement, and critical control valve replacements.

The proposed agreement includes provision of all labor, materials, equipment, and technical expertise needed to provide the required valve testing, inspection, maintenance, and repair services. The contractor may perform the required services at SVP's power plants or at the Contractor's shop. Additionally, the contractor may be required to perform valve repair services at other SVP locations such as SVP's remote facilities.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Bay Valve for an initial three-year term beginning on or about March 1, 2022 and to execute up to two one -year options to renew the agreement after the initial term at the discretion of the City. Costs for the initial three-year term are not to exceed $1,500,000.

Bay Valve's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Battery Maintenance Services

SVP uses battery systems in order to ensure there is uninterrupted power to relay protection schemes, and control systems that provide monitoring and quick action in the event of electrical and process faults. SVP has several battery systems throughout its in-city power generating assets, including its power plants as well as at substations. The batteries must be maintained annually and quarterly in accordance with the most current version of the North American Electric Reliability Corporation (NERC) standard PRC-005, as well as state and federal regulations. The battery maintenance services ensure that critical protection systems will be available to protect the SVP grid and power plant equipment.

In 2021, the City published a formal Statement of Qualifications (SOQ) for Battery Maintenance Services. An SOQ is a solicitation where the award is based on the qualifications and expertise of the firm versus a proposed solution. One proposal was received from Associated Power Solutions (APS). Staff reviewed the response against the criteria included in the SOQ and determined that APS's proposal met all of the SOQ requirements.

Staff recommends award of agreement to Associated Power Solutions. APS is the incumbent and has demonstrated experience and expertise providing quality battery maintenance services in

compliance with NERC Standard PRC-005. Under the proposed agreement, APS will provide all labor, materials, equipment, and technical expertise needed to provide the required services including annual and quarterly battery inspection and maintenance; performance testing of batteries, load testing of battery systems, replacement of old batteries and disposal of old batteries. All services will be performed pursuant to NERC standards as well as industry best practices and state and local laws and regulations.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with APS for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis with maximum compensation not to exceed $1,500,000 over the five-year initial term. APS's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electrical Generator Maintenance

The generators used at SVP facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. Local and remote generation facilities use multiple generator technologies from various manufacturers, and each has unique and specific maintenance schedules and parts specifications. Accordingly, multiple vendors are employed to properly maintain the fleet of generators.

In 2021, the City published a formal RFP for Generator Maintenance and Overhaul Services. A total of 69 companies viewed the RFP, and the City received proposals from five companies:

- Brush Americas (Turtle Creek, PA)
- Electrical Maintenance Consultants, Inc. (Rocklin, CA)
- Ethos Energy (Houston, TX)
- Kinectrics, Inc. (Naperville, IL)
- Mitsubishi Powers America, Inc. (Orlando, FL)

The RFP was comprised of three separate packages as follows:

- Package A: major inspections and repairs (overhauls) on two (2) Brush BDAX-7 generators located at the Donald van Raesfeld (DVR) Power Plant;
- Package B: major inspections and repairs (overhauls) on two (2) Ideal SM-100 generators located at the Santa Clara Cogeneration Plant; and
- Package C: Routine generator maintenance and repair services.

Proposers had the option to submit responses for one or multiple packages. Electrical Maintenance Consultants, Inc. (EMC) and Ethos Energy (Ethos) submitted responses for all three packages. Mitsubishi Powers America, Inc. (Mitsubishi) submitted a response for Packages A and C. Brush Americas (Brush) and Kinectrics, Inc. submitted responses for Package A and Package C, respectively.

The proposals were evaluated and scored against the criteria and weights included in the RFP by a

three-member evaluation team consisting of staff from SVP. Upon the evaluation team's initial review, the proposals from Ethos and Kinectrics, Inc. were determined to be non-responsive and were eliminated from further consideration.

Staff recommends authorizing the City Manager to negotiate and execute agreements with EMC, Brush, and Mitsubishi for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with maximum compensation for all three agreements not to exceed $3,000,000 over the five-year initial term. EMC shall serve as the primary contractor for all three packages of services, while Brush and Mitsubishi shall serve as the secondary providers of services for their respective packages. The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required generator maintenance and overhaul services.

Any requests for compensation increases during the term of the agreement(s) must be justified by the company and are subject to approval by the City and the annual appropriations of funds.

Technical Field Advisor (TFA) Services

The Turbines and Generators used at Silicon Valley Power (SVP) facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. In-town and remote generation facilities use multiple generator technologies from various manufacturers, each having unique and specific maintenance schedules and parts specifications.

Depending on the nature of the work, it is industry best practice for SVP to separately contract TFA service for expertise when undergoing overhauls or other in-depth maintenance activities. These TFA's serve as SVP's agents and provide expert guidance to oversee the contractors performing work.

In 2021, the City published a formal RFP for TFA Services. A total of 39 companies viewed the RFP, and the City received 3 proposals, from Axis Mechanical Group, Mitsubishi Power Americas, Inc and HPI, LLC. The proposals were evaluated independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the RFP. Staff recommends negotiating and executing agreements with all three proposers. Having multiple TFA agreements will provide flexibility with scheduling and expertise needs for SVP's various assets.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Overseeing major turbine and engine overhauls at SVP's power plants;
- Providing technical oversight of outage activities;
- Providing advice on available repair options;
- Developing and providing required reports.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Axis Mechanical, Mitsubishi Power Americas, Inc., and HPI, LLC for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreements after the

initial term, at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,050,000 for all three agreements over the five-year initial term. Any requests for or rate increases during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services
All three of SVP's local generation facilities rely on processed or demineralized water for use in the condensate/steam cycle and for emissions control. Portable, mixed bed and ion exchange bottles are used at DVR, COGEN, and Gianera for water treatment as an economic solution for these water treatment needs.

In 2021, the City published a formal RFB for Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services with the award recommendation based on "lowest responsive, responsible bidder." A total of 34 companies viewed the RFB, and the City received proposals from two bidders. The results are as follows:

Vendor Name	Bid Price
Puretech	$91,107.00
Evoqua	$130,496.98

Staff recommends an award to Puretech as the lowest responsive and responsible bidder and Evoqua as a secondary supplier in the event of an emergency or if Puretech is unable to perform. Puretech and Evoqua will supply portable mixed bed and anion demineralized bottle rental and exchange services to SVP's power plants on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Puretech and Evoqua for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Total costs are not to exceed $650,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electric Utility Engineering Services
SVP uses consultants to support operations engineering of protection, communications, and control systems. Typical services include electrical safety hazard analysis, electrical engineering studies (short circuit and relay coordination), fiber optic multiplexer system support, power quality metering system support, compliance (NERC and WECC), and outages studies.

Sample tasks and studies performed by these consultants may include

- Electrical safety hazard analysis at each substation to determine safe approach distances and proper personal protection equipment (PPE) maintaining safety for employees and compliance with OSHA requirements.
- Relay overcurrent coordination studies to minimize the number of customers affected by a fault in the electric system such as a car a hitting power pole, tree branch falling on transmission line, or a mylar balloon contacting a transmission line.

- Support replacement of the fiber optic multiplexer system - the communication backbone of the electric utility.

In June 2021, the City published a formal SOQ for Electric Utility Engineering Services protection, communications, and control systems. A total of 141 companies viewed the SOQ, and the City received 17 proposals. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ.

Staff recommends negotiating and executing agreements with the following proposers, as the most advantageous proposals based upon the final evaluation rankings:

1. Burns and McDonnell Engineering Company, Inc.
2. Electrical Consultants, Inc.
3. HDR Engineering, Inc.
4. Leidos Engineering, LLC
5. Power-Tech Engineers, Inc.
6. SEL Engineering Services, Inc.
7. Soudi Consultants, Inc.
8. TRC Solutions, Inc.
9. Worley Group, Inc., doing business as Advisian

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required electric utility engineering services including:

- Performing engineering studies;
- Developing and reviewing protective device, metering, and automation device settings and logic;
- Preparing and documenting North American Electric Reliability Corporation (NERC) compliance reports; and
- Providing engineering support services for construction and testing crews.

Staff intends to establish a qualified shortlist consisting of the nine selected proposers. Depending on the requirement, a vendor may be awarded specific work to any vendor on the list, or a secondary "mini" competitive process may be conducted among these pre-qualified firms to award specific work.

Staff recommends authorizing the City Manager to negotiate and execute agreements with the nine consultants listed above for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew each agreement after the initial term, at the discretion of the City. Annual costs for all agreements are not to exceed $20 million during the initial five-year term (four million dollars per year shared among nine engineering firms based on project assignment). Any requests for compensation increases during the term of the agreement(s) must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Environmental, Health & Safety Services (EH&S)

Silicon Valley Power (SVP) requires EH&S programs throughout the utility in order to maintain a safe and compliant working environment. The use of experts focused in the knowledge areas required

assures the best possible quality for the programs being developed, prevents bias, and maintains the most current updates to federal and local laws and regulations. These firms have unique skills and tools at their disposal to provide services.

Services associated with Environmental Programs will support a number of required certifications and other compliance activities. A utility of SVP's size is responsible for a number of environmental compliance activities including air permits, Environmental Protection Agency (EPA) Title V, Spill Prevention Control and Countermeasure (SPCC), Hazardous Materials Business Plan (HMBP), and storm water permits. This is only a sample list as there are a number of compliance programs associated with the utility's operations.

Services associated with safety programs include written plans, training, tracking of training completed, audits, and drills that meet Federal and California OSHA, and local or other agency regulations or guidelines. In addition, these consultants will support activities that promote a safe working environment including development and update of safety standards across SVP, Injury and Illness Prevention Program (IIPP) and a Qualified Electrical Worker (QEW) program. Resulting programs will be available to staff throughout the utility.

In 2021, the City published a formal SOQ for EH&S services. A total of 104 companies viewed the SOQ, and six proposals were submitted. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ including: experience and qualifications of the firm/staff; expertise reviewing and developing EH&S plans; and the proposers' approach to providing safety training.

Based on the scores from the evaluation panel, staff recommends awarding agreements to two proposers as the most advantageous and best value to the City: BSI America Professional Services, Inc. (BSI), and Electrical Safety Consultants, Inc., doing business as ESCI, Inc. (ESCI). Both proposals met or exceeded all of the SOQ specifications. The expertise of each of these vendors is different; therefore, each agreement will include different scopes of work.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Reviewing and updating SVP's current EH&S plans;
- Developing new EH&S plans;
- Providing electrical safety training and drills;
- Conducting periodic electrical safety audits; and
- Creation and management of a comprehensive electrical safety compliance program (ESCI only).

Staff recommends authorizing the City Manager to negotiate and execute agreements with BSI and ESCI for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew each agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,100,000. Any requests for compensation adjustments during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to provide Salt Deliveries

Maintaining power production at Cogen requires the water at the plant to be treated for use in its steam processes. The treatment includes softening the water by using dry coarse salt. SVP uses approximately 660 pounds of salt per day to treat the water at Cogen. If water is not softened for use in the power plant steam processes, Cogen would be forced to shut down, halting power production at the facility. A shutdown of Cogen would also impact its ability to supply steam to its thermal host, Greif Inc., Santa Clara Paperboard who uses steam for recycled paper processing.

In 2021, the City published a formal RFB for the delivery and supply of Morton Salt, using the City's e -procurement system. Twenty-two (22) vendors viewed the bid, and two bids were received. Results are as follows:

Vendor NameBid Price	
TR International Trading Company (TRInternational)	$49,680
John's Salt Service	$50,112

Staff recommends an award to TRInternational as the lowest-price responsive bidder. TR International will supply and deliver salt to Cogen on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with TR International for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Maximum compensation is not to exceed $300,000 during the initial five-year term. Any requests for compensation adjustments must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to Provide Delivery of Bulk Sulfuric Acid

SVP uses sulfuric acid for pH control of the cooling tower at DVR. This necessary process treatment for the cooling tower is required to maintain limits specified by the Industrial Waste Water Discharge Permit issued by San Jose Environmental Services Department. and preserve the integrity of the tower itself.

In 2021, the City published a formal RFB for the delivery and supply of Sulfuric Acid. Twenty-two (22) vendors viewed the bid, and one bid was received as follows:

Vendor Name	**Bid Price**
Pacific Star Chemical (dba Northstar Chemical)	$40,320

Staff recommends an award to Pacific Star Chemical as the sole bidder. Pacific Star Chemical will supply bulk Sulfuric Acid to SVP's DVR plant on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Pacific Star Chemical dba Northstar Chemical for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Costs are not expected to exceed $300,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the

company and are subject to approval by the City and the annual appropriations of funds. Exercise of option terms after the initial five-year term will be based on renewal quotes from the Pacific Star Chemical.

Bulk Chemical:
Silicon Valley Power (SVP) uses several Bulk Chemicals including Sodium Bisulfite, Sodium Hydroxide, Sodium Hypochlorite at its DVR Power Plant for various water treatment processes.

Pursuant to City Purchasing ordinance, the City intends to enter into a cooperative purchase through the Bay Area Chemical Consortium (BACC), a cooperative group of public agencies each individually established and acting collectively through their authorized agents. BACC issues bids each January for over a dozen bulk chemicals, with responses due in late February and contract awards executed by each respective agencies around the second quarter of the calendar year. The City is unable to enter into the proposed cooperative purchase until around the second quarter of the calendar year. Therefore, staff requests authorization to enter into a purchase order with Univar in an amount not to exceed $200,000 until such time as the City can enter into an agreement through BACC.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. Furthermore, the action being considered is exempt from the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15301 "Existing Facilities" as the activity consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities mechanical equipment or topographical features involving negligible or no expansion of use beyond that existing at the time of the lead agencies determination. Moreover, the action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

Funding for the following agreements will come from the capital or operating budget based on the asset requiring products or services:

1. Valve inspection, maintenance, and repair services
2. Battery maintenance services
3. Electrical generator maintenance
4. Technical Field Advisor (TFA) Services
5. Portable mixed bed and anion demineralized bottle rental and exchange services
6. Engineering services for electric protection, communications, and control
7. Salt deliveries
8. Delivery of bulk sulfuric acid
9. Bulk chemical delivery services

Funding for consulting and training services for environmental health and safety including safety

compliance, environmental consulting, consulting for emissions, stormwater, and hazardous waste are budgeted in the Electric Utility budget Electric Compliance Division.

Sufficient funding for the agreements is included in the FY 2021/22 and FY 2022/23 Biennial Adopted Operating Budget. Funding for future years is subject to future appropriation and will be included in future budget processes.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an agreement for valve Inspection, maintenance, and repair services with Bay Valve Service and Engineering, LLC in an amount not to exceed $1,500,000 for an initial three-year term with two one-year options to renew;
2. Authorize the City Manager to negotiate and execute an agreement for battery maintenance services with Associated Power Solutions in an amount not to exceed $1,500,000 for an initial five -year initial term with up to five one-year options to renew;
3. Authorize the City Manager to negotiate and execute agreements for generator maintenance services in an aggregate amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew with:
    a. Electrical Maintenance Consultants
    b. Brush Americas
    c. Mitsubishi Powers Americas, Inc.;
4. Authorize the City Manager to negotiate and execute agreements for Technical Field Advisor (TFA) services in an aggregate amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew with:
    a. Axis Mechanical Group
    b. HPI, LLC
    c. Mitsubishi Powers Americas, Inc.;
5. Authorize the City Manager to negotiate and execute agreements to provide portable mixed bed and anion demineralized bottle rental and exchange services in an aggregate amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew with:
    a. Puretech
    b. Evoqua Water Technologies LLC;
6. Authorize the City Manager to negotiate and execute agreements to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 (four million dollars per year shared among nine engineering firms based on project assignment) for an initial five-year term with up to five one-year options to renew with:
    a. Burns and McDonnell Engineering Company, Inc.

b. Electrical Consultants, Inc.
c. HDR Engineering, Inc.
d. Leidos Engineering, LLC
e. Power-Tech Engineers, Inc.
f. SEL Engineering Services, Inc.
g. Soudi Consultants, Inc.
h. TRC Solutions, Inc.
i. Worley Group, Inc., doing business as Advisian;

7. Authorize the City Manager to negotiate and execute agreements to provide Environmental Health and Safety (EH&S) consulting and training services in an aggregate amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew with:
   a. BSI Services and Solutions, Inc.
   b. ESCI, Inc.;
8. Authorize the City Manager to negotiate and execute an agreement for salt delivery services with TR International Trading Company in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
9. Authorize the City Manager to negotiate and execute an agreement for delivery of bulk sulfuric acid with Pacific Star Chemical doing business as Northstar Chemical in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
10. Authorize a Purchase Orders with Univar Solutions in an amount not to exceed $200,000 for delivery of bulk chemicals until such time as the City can enter into an agreement through Bay Area Chemical Consortium; and
11. Authorize the City Manager to execute amendments to increase maximum compensation during the term of the agreements if the demand for services exceeds maximum compensation, subject to the appropriation of funds.

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND SEL ENGINEERING SERVICES, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and SEL Engineering Services, Inc., a New York Corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services and related services and parts associated with Contractor's equipment. Such services ("Services") are more fully described in Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors.

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such Services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on July 1, 2023, and terminate on June 30, 2028.

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to five (5) additional one-year terms through June 30, 2033 ("Option Periods"). In order to extend the term of the Agreement for the Option Periods, the Parties execute an amendment (or amendments) to the agreement.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time specified in each Purchase Order. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which are required deliverables to be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California, as may be required by the specific deliverable.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

A. Services. Contractor expressly warrants that Services shall conform to the specifications, requirements and instructions of this Agreement. Contractor shall reperform or, at Contractor's option and City's approval, pay a third party to reperform (or, at Contractor's option, pay a third party to reperform) any defective services at no cost to City as long as receipt of notice detailing the defect(s) is received by Contractor within one (1) year of performance of the original Service. Contractor agrees to promptly replace or correct any incomplete, inaccurate, or defective Services, at no further cost to City when defects are directly due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct the Services, City may make

corrections or replace materials or services and charge Contractor for the direct, documented cost incurred by City.

B. Materials/Goods.

i. Contractor warrants to City that Contractor material/goods including Contractor-manufactured control enclosure structures and panels are free from defects in material and workmanship for ten (10) years after shipment for all Contractor material/goods. Any Contractor materials or goods which are provided to City shall conform to the specifications, requirements and instructions of this Agreement and to specific specifications associated with each Purchase Order. Contractor agrees to promptly replace or correct any incomplete, inaccurate, or defective materials or goods in accordance with this warranty, at no further cost to City when defects are directly due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services as indicated herein, City may make corrections or replace materials or goods and charge Contractor for the direct, documented cost incurred by City.

ii. The warranty is conditioned upon proper storage and shall be void in its entirety if (1) City modifies Contractor material/goods without prior written consent to and subsequent approval of any such modifications by Contractor or (2) uses material/goods for any application that require product listing or qualification not specifically included in the Contractor written quote or task order. If any Contractor material/good fails to confirm to this warranty, City will notify Contractor of such failure and City will return the Contractor material/good to Contractor factory for diagnosis. Any shipping costs shall be at City's cost and expense. Contractor shall correct any such failure by, at Contractor's sole discretion, either repairing any defective or damaged Contractor material/good part(s) or making available any necessary replacement part(s) with freight paid by Contractor -Carriage Paid to (CPT) City. If the Contractor is unable or unwilling to repair or replace material or goods subject to this warranty, Contractor and City shall negotiate a prorated refund to the City's account. Any Contractor material/good repair or upgrade shall be covered by this warranty for the longer of one (1) year from date of repair or the remainder of the original warranty period. TO THE MAXIMUM EXTENT PERMITTED BY LAW, THIS WARRANTY SHALL BE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER STATUTORY, EXPRESS OR IMPLIED (INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND WARRANTIES ARISING FROM COURSE OF PERFORMANCE OR DEALING OR USAGE OR TRADE), EXCEPT WARRANTY OF TITLE AND AGAINST PATENT INFRINGEMENT. Contractor shall, whenever

possible, pass the original manufacturer warranty to City for non-Contractor material/goods. Contractor does not warrant non-Contractor material/goods.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE.

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is two million dollars ($2,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's sole expense and liability.

Contractor will bill City on a monthly basis for Services provided by Contractor during the preceding month, subject to verification by City. Provide that there are no disputes about the invoice and Contractor has submitted any required certified payroll, City will pay Contractor within thirty (30) days of City's receipt of invoice.

7. PREVAILING WAGE

In the event the Services require payment or prevailing wage, Contractor shall comply, and ensure its subcontractors comply with Exhibit D.

Contractor certifies that it is aware of the requirements of California Labor Code Section 1720 et seq. and 1770 et Seq. as well as California Code of Regulations, Title 8, Section 16000 et seq. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Contractor or its employees, agents, contractors, and subcontractors to comply with the prevailing wage laws.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30)

days' prior written notice to Contractor. City shall pay Contractor for all Services satisfactorily performed up to the date of termination.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement upon ten (10) days prior written notice to Contractor. If Contractor fails to cure such default within the said ten (10) day notice period, the Agreement will be terminated on the 11th day. City shall pay Contractor for all Services satisfactorily performed up to the date of termination.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out documents to finalize services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material provided to Contractor which Contractor has in its possession.

9. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

10. NO THIRD-PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information provided to Contractor by City and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any

purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City. City shall not have access to Contractor's composition of fixed rate or lump sums, the financial make up of payroll burdens or to any costs expressed as a percentage of direct labor costs.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. INDEMNIFICATION; LIMITATION OF LIABILITY

A. To the extent permitted by law, Contractor agrees to defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any third-party claim, injury, liability, loss, cost, and/or expense or damage, including all costs and reasonable attorney's fees in providing a defense to any such third-party claim, to the extent arising from Contractor's negligent acts or omissions or willful misconduct or fraud, and whether sounding in law, contract, tort, or equity, and in any manner arising from, or alleged to arise from, or in any way connected with the Services performed by Contractor pursuant to this Agreement.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees shall specifically extend to any Employment-Related Claims brought by employees or other agents of Contractor against City (either alone or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. "Employment-Related Claims" means any claim brought by or on behalf of a current or former employee of Contractor wherein the substance of such claim arises from the employment relationship with Contractor, including

breach of contract, employment discrimination, minimum wage, wage payment, unlawful discharge, workers compensation, and tort actions, but only to the extent arising from the acts or omissions of Contractor.

C. Limitation of Liability. The total aggregate liability of Contractor and its subsidiaries, officers, employees and agents to City, its City Council, commissions, officers, employees, volunteers and agents and their insurers, collectively, for all claims (direct and third-party), damages, losses, expenses, costs, and liabilities of any kind arising out of this Agreement, whether such arise from a breach of contract; a defense, indemnification, or hold harmless obligation; warranty; tort, including negligence; strict liability; or otherwise, shall be limited to Six Million Dollars ($6,000,000). Notwithstanding the foregoing, the foregoing liability limitation shall not apply in cases of Employment-Related Claims, personal injury to a third party or damage to property of a third party. Contractor or City shall not be liable for any special, consequential, incidental, indirect, exemplary, or punitive damages, including, without limitation, any loss of profit or revenues, even if Contractor or City has been advised of the possibility of such damages. This limitation of liability shall survive the expiration or termination of this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov

And to Contractor addressed as follows:

SEL Engineering Services, Inc
2350 NE Hopkins Court
Pullman, WA 99163
and by e-mail at selcontracts@selinc.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally, Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises. This Agreement does not prevent either Party from entering into similar agreements with other parties.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade

paper, newspaper or other medium without express written consent of City. Except to fulfill City's obligations, the City will not use Contractor's name, trademarks, or logos in any public releases in media.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

[SIGNATURES ON NEXT PAGE]

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT A
SCOPE OF SERVICES

1. ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1. Maintain and update SVP's Aspen Oneliner model such as developing project-specific models for Aspen Oneliner model and/or Power Flow.

1.2. Perform engineering studies including, but not limited to:

1.2.1. System impact studies,

1.2.2. Equipment capacity and rating,

1.2.3. Load calculations,

1.2.4. Coordination studies,

1.2.5. Arc-flash study,

1.2.6. Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3. Perform event and/or root cause analysis;

1.4. Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5. Develop and review protective device, metering, and automation device settings and logic;

1.6. Perform Arc Flash studies using SVP recommended software;

1.7. Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8. Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9. Create and update Protection, Control, and Automation (PCA) documents;

1.10. Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11. Providing engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12. Providing on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13. Electric Utility Operational Technology Engineering Services:

1.13.1. Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2. ION meter programming and configuration;

1.13.3. PQ system upgrade support services;

1.13.4. Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5. Support services for maintenance and upgrade of synchrophasor systems;

1.13.6. Support services for automation and control devices; and

1.13.7. Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14. Owners Engineering and Project Management Services

1.14.1. Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arc Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2. Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3. Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4. Providing cost estimates for equipment;

1.14.5. Developing standards, procedures, operations guides, and training; and

1.14.6. Providing support services for construction and testing crews.

1.15. Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2. NERC STANDARDS

2.1. Background:

2.1.1. Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2. SVP operates equipment at 230kV and 115kV.

2.2. Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1. Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2. Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3. Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC- 006-5, TPL-001-4 or -5, TPL-007-4

2.2.4. Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3. PROJECT QUOTES AND AUTHORIZATION OF WORK

3.1. Qualified Shortlist

3.1.1. Contractor is part of a shortlist of vendors the City has approved to provide the required electric utility engineering services ("Shortlisted Contractors").

3.1.2. When electric utility engineering services are required, City may, at its sole discretion, directly assign work to Contractor ("direct assignment") or facilitate a secondary competitive process among some or all of the Shortlisted Contractors ("Call for Proposal").

3.1.3. City does not give any guarantee to Contractor that City will select Contractor for the performance of any Call for Proposal. If City selects Contractor to perform a Call for Proposal, Contractor shall perform the services in this Exhibit A but only to

the extent detailed in the Purchase Order.

3.1.4. When Contractor will be required to perform services on an on-going basis, such ongoing services shall be authorized using the Authorization of Work process in this Section 3.

3.2. Process for Requesting and Approving As Needed Services:

3.2.1. When services are required by the City, City shall request a quote or task order from Contractor for such Services (Work Request). City's request will generally include the following information:

3.2.1.1. Project description;

3.2.1.2. Services requested including location;

3.2.1.3. Preliminary project schedule;

3.2.1.4. Confirmation of prevailing wage and DIR requirements.

3.2.2. With the exception of emergency services as described in the Emergency Services section 3.2.6 or in the event described in Section 3.2.7.3, Contractor shall submit a quote for the required services in advance of commencing work. Each quote shall include the following information:

3.2.2.1. The specific service(s) to be performed. Detail of the services should have a level of detail reflective of the scope, timeline, and cost of the specific project.

3.2.2.2. Location where services will be performed;

3.2.2.3. The project schedule when requested by City. The project schedule shall point out any activities and/or products or materials that may impact the project timeline, including but not limited to, lead time(s) for material sourcing; shipping and receiving delays; and any other delays.

3.2.2.4. Estimated cost for the requested services, including:

3.2.2.5. Labor costs (prevailing wage and non-prevailing wage);

3.2.2.6. Project management costs (if applicable);

3.2.2.7. Subcontractors, including subcontractor DIR number;

3.2.2.8. Tools and materials;

3.2.2.9. Rental Equipment (scaffolding, vehicles; crane rentals, etc.);

3.2.2.10. Applicable reimbursable expenses (travel; lodging; etc.) including the expected number of workers eligible for subsistence and travel related charges as outlined in Exhibit B;

3.2.2.11. Any additional costs (taxes, facilities trailer; tool trailer; shipping, etc.); and

3.2.2.12. Any drawings or documents required.

3.2.2.13. Total not to exceed price.

3.2.2.14. Items not included in the quote are assumed to be in the hourly rate.

3.2.2.15. Each quote shall provide sufficient detail for City to verify that the rates in Exhibit B are charged.

3.2.3. Materials and equipment with a value that exceeds the City's competitive threshold may require a separate quoting process.

3.2.4. Where the terms of any quote or task order are in conflict with this Agreement, the terms of this Agreement shall prevail. All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement.

3.2.5. The City shall authorize work by issuing Purchase Order referencing this Agreement and the quote or task Order. With the exception of emergency services as described in the Emergency Services section 3.2.6 or in the event described in Section 3.2.7.3, Contractor shall not commence work unless Contractor has received a Purchase Order.

3.2.6. Emergency Services

3.2.6.1. An emergency service is defined as an unforeseen event, circumstance, or combination thereof that the City reasonably determines to require immediate action, presents an ongoing danger to public health and safety, and/or imperils SVP facilities and equipment.

3.2.6.2. Emergency services may only be authorized, in writing by an Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer (e- mail is acceptable).

3.2.6.3. Emergency services may be approved verbally, where appropriate, only by the SVP staff identified above. When verbal authorization is given, Contractor shall follow up with City for written

confirmation within three (3) days.

3.2.6.4. When emergency services are required, Contractor shall send a quote to City for the required services as soon as possible, but no later than within three (3) business days of starting work. The quote shall be detailed in accordance with this Section 3 and shall include any completed work as well as any additional work required to complete services associated with the emergency.

3.2.7. Changes

3.2.7.1. Contractor shall notify the City immediately when a situation occurs that may result in a change to the quoted project cost. Contractor shall provide reason for the change specific to each Purchase Order.

3.2.7.2. In the event that unanticipated site conditions or other issues result in costs that exceed the approved purchase order, Contractor shall submit to the City an updated quote or task order for review and approval from the City in advance of performing the work and shall receive an updated Purchase Order in advance of performing additional work.

3.2.7.3. In the event that issues are identified that can be most efficiently and economically resolved while on site, changes may be approved verbally (in the field), by telephone, or e-mail by the following authorized individuals: Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Contractor shall provide an updated quote within two (2) business days so that such changes can be documented in a Purchase Order within four (4) business days.

3.2.8. Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.2.9. SVP shall not be required to pay a deposit or any other form of pre- payment prior to the Contractor beginning work.

4. SCHEDULE OF PERFORMANCE

4.1. Contractor and City shall mutually agree to schedule for performance of

each Work Authorization. Typically, services may be performed Monday through Friday between 7:00 am and 5:00 pm. The City may require services outside of business hours to expedite problem resolution or to meet other operating needs).

4.2. Any work required using overtime rates shall be identified and approved in writing by City prior to work commencing.

4.3. Contractor may be required to perform the services onsite and/or remotely.

5. REPORTING AND DOCUMENTATION

5.1. Contractor shall provide regular status updates on services performed during the term of the agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

5.2. Required reports may include cost and schedule updates for services Contractor is providing to the City.

5.3. Additional reporting shall be indicated in the scope for specific Purchase Order.

6. STAFFING REQUIREMENTS

6.1. The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

6.2. Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

6.3. Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

6.3.1. Legally authorized to work in United States.

6.3.2. Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating instructions on any equipment used; and (d) communicate with emergency personnel during emergencies;

6.4. Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

6.5. SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

6.6. Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

6.7. Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

6.8. Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

6.8.1. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

6.8.2. SVP shall not unreasonably withhold approval.

6.9. SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

7. SAFETY

7.1. Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

7.2. Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

7.3. The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

7.4. Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

7.5. Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the

work safely.

7.6. Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

7.7. Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

8. EMPLOYEE TRAINING

8.1. Contractor shall train all employees (including subcontractors) assigned to perform the required services.

8.2. Contractor's employee training shall be at no cost to SVP.

8.3. Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

9. PROFESSIONAL BEHAVIOR

9.1. Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

9.2. Contractor's employees shall be neat and clean and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

9.3. Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

9.4. Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

9.5. Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

9.6. Contractor shall submit any complaints received against it to the City immediately.

DocuSign Envelope ID: 21B3A451-97CB-4041-816A-12C9F68B9284

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

1. MAXIMUM COMPENSATION

1.1. The maximum amount of compensation to be paid to Contractor during the Initial Term of this Agreement shall be the amount specified in Section 6 (COMPENSATION AND PAYMENT) of the Agreement.

1.2. The City does not guarantee any minimum compensation under this Agreement.

2. RATES

2.1. Contractor shall invoice City in accordance with the rates specified in Exhibit B-1 – Hourly Rates attached and incorporated by reference:

2.2. Definitions

2.2.1. Straight time: Eight (8) hours per day, Monday – Friday. Onsite work outside of typical working hours shall be agreed upon between the City and Contractor in advance and be subject to additional charges.

2.2.2. Overtime: Hours in excess of eight (8) hours Monday - Friday and any hours on Saturday shall be billed at overtime rates.

2.2.3. Double Time: Hours on Sundays and Holidays shall be billed at twice the Straight Time rates.

2.2.4. Holidays: Civil Rights Day, Memorial Day, Juneteenth, Independence Day, Labor Day, Veterans Day, Thanksgiving Day, day after Thanksgiving, Christmas Day, New Year's Day

2.3. Beginning on January 1, 2024, hourly rates in Exhibit B-1 may be increased no more than 5% annually upon written notice. For avoidance of doubt, mark up of travel costs shall not increase.

3. REIMBURSABLE EXPENSES

3.1. Contractor may submit invoices for reimbursement of expenses set forth below, subject to the following conditions.

3.2. Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required services and that such expenses aren't included in fixed or hourly rates.

3.3. Contractor must include estimated reimbursable expenses in each quote for service and shall provide invoices depicting actual costs with each invoice including reimbursable expenses.

3.4. The following expenses shall be reimbursable by City.

3.4.1. Travel-related expenses (mileage, lodging, meals, etc.);

3.4.1.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

https://www.gsa.gov/travel-resources

3.4.1.2. Rental car and airfare, where required, shall be at economy class.

3.4.1.3. City shall not reimburse local travel (within Santa Clara County).

3.4.1.4. Travel expenses shall be reimbursed at cost plus 10%

3.4.2. The rental of any specialized equipment to the extent City has preapproved, in writing, the cost of such rental.

3.4.3. The cost of mailing, shipping and/or delivery of any documents or materials on behalf of City.

3.4.4. Any other expenses expressly identified as being reimbursable.

3.5. Except for Travel Costs as specified in Exhibit B-1, City will reimburse these expenses at actual cost only.

3.6. An estimate of reimbursable expenses shall be included in each quote.

4. INVOICING AND PAYMENTS

4.1. Contractor shall submit an invoice to City monthly, in arrears, for payment for services performed the previous month, pursuant to this Agreement.

4.2. Each invoice shall include the task costs for the previous month and each invoice shall only include only work associated with a Purchase Order. Where applicable, each invoice shall provide sufficient detail for City to verify that the rates in Exhibit B are charged.

4.3. City shall review the invoice submitted by Contractor and shall notify Contractor of any discrepancies or deficiencies in said invoice.

4.4. If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.5. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required Certified Payroll, City shall process the invoice for payment.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01 or its equivalent. Policy limits are subject to review, but shall in no event be less than, the following:

   $2,000,000 Each Occurrence
   $4,000,000 General annual Aggregate
   $4,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. There shall be no cross-liability exclusion which precludes coverage for claims or suits by one insured against another; and

   b. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 or its equivalent, with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate.

E. UMBRELLA/EXCESS LIABILITY INSURANCE

Umbrella/Excess Liability policy with limits of not less than $5,000,000 Each Occurrence and $5,000,000 Aggregate. Coverage to include, as scheduled policies, the Employer's Liability Insurance, Commercial General Liability Insurance (including completed operations) and Automobile Liability Insurance on a follow form basis.

F. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to ongoing operations liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 13, 14, or CG 00 01 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

G. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge

City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

H. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

I. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request in the case of claim, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

J. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall

DocuSign Envelope ID: 21B3A451-97CB-4041-816A-12C9F68B9284

be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

DocuSign Envelope ID: 21B3A451-97CB-4041-816A-12C9F68B9284

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. Prevailing Wage Requirements

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit

DocuSign Envelope ID: 21B3A451-97CB-4041-816A-12C9F68B9284

statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

Ebix Insurance No. S200002032

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
SEL ENGINEERING SERVICES, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and SEL Engineering Services, Inc., a New York Corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties".

RECITALS

A. The Parties previously entered into an agreement entitled Agreement for Design Professional Services between the City of Santa Clara and SEL Engineering Services (Contractor), dated June 20, 2023 (Agreement); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide design professional services and related services and parts associated with Contractor's equipment, and the Parties now wish to amend the Agreement to initiate payment for previous services.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1.16 of Exhibit A of the Agreement is added to read as follows: "Between 2013 and 2015, the City approved call order numbers 13-2, 14-2, 14-3, 15-1,15-2, and 15-3 to authorize Contractor to provide services associated with the Phase Shifting Transformer (PST) including, the PST specifications, protection and installation design engineering services, substation relay additions, and wide area communication and transformer monitoring."
2. Section 1.3 of Exhibit B of the Agreement is added to read: "Due to changes in staffing some invoices remained unpaid at the conclusion of services relating to the call orders described in Section 1.16 of Exhibit A. The Parties agree that the outstanding amount owed to Contractor is $197,781.56 for these services. No further claims or services associated with this project are outstanding."
3. The Parties agree that this amendment is for payment purposes only and there is no increase to maximum compensation or the term of the Agreement associated with this section and no new services are authorized. Any new services will be or have been authorized pursuant to Section 3 of the Agreement.

4. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

AMENDMENT NO. 2
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
SEL ENGINEERING SERVICES, INC.

PREAMBLE

This second amendment to the agreement for design services ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Sel Engineering Services, Inc., a New York corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and Sel Engineering Services, Inc.", dated June 20, 2023 (Agreement) for the purpose of having Contractor provide electric utility engineering services;

B. The Agreement was previously amended by Amendment No. 1, dated June 10, 2024, and is again amended by this Amendment No. 2. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to increase the maximum compensation.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 6 of the Agreement as Amended entitled, "Compensation and Payment" is amended to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is four million dollars ($4,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or

Docusign Envelope ID: BCA05DB8-E786-410E-997E-067E743215D9

materials provided in excess of the maximum compensation shall be at Contractor's sole expense and liability."

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 2, the provisions of this Amendment No.2 shall control.

The effective date of this Amendment No. 2 is the date of City's execution of this amendment.

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA AND SOUDI CONSULTANTS, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Soudi Consultants, Inc., a California Corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on February 1, 2022 and expire on January 31, 2027 ("Initial Term").

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to five (5) additional one-year terms through January 31, 2032 ("Option Periods"). In order to extend the term of the Agreement for the Option Periods, the Parties execute an amendment (or amendments) to the agreement.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time specified in each Work Authorization. Time is of the essence.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR- STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The Maximum Compensation of this Agreement during the Initial Term is one million dollars ($1,000,000.00), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the Maximum Compensation shall be at Contractor's expense. City does not guarantee any

minimum compensation under this Agreement. Contractor shall not be entitled to any payment above the Maximum Compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD-PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing

furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than the project for which work was authorized, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees or persons contracting with Contractor to perform any portion of the Scope of Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen

through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
svpcontracts@santaclaraca.gov, and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Soudi Consultants, Inc.
4230 Lilac Ridge Road
San Ramon, California 94583 or
by facsimile at (925) 968-1144

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

AGREEMENT FOR SERVICES
BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA
AND SOUDI CONSULTANTS, INC.
EXHIBIT A – SCOPE OF SERVICES

Contractor shall provide electric utility engineering services as further detailed in this Scope of Services. All services shall be provided pursuant to the Work Authorization process in Section 3 of this Exhibit A.

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow ;

1.2 Perform engineering studies including, but not limited to:

1.2.1 System impact Studies

1.2.2 Equipment capacity and rating,

1.2.3 Load calculations,

1.2.4 Coordination studies,

1.2.5 Arc-flash study,

1.2.6 Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Create and update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Providing engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Providing on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ server upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services

1.14.1 Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arch Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2 Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Providing cost estimates for equipment;

1.14.5 Developing standards, procedures, operations guides, and training; and

1.14.6 Providing support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115kV.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 PROJECT QUOTES AND AUTHORIZATION OF WORK

3.1 Qualified Shortlist

3.1.1 Contractor is part of a shortlist of vendors the City has approved to provide the required electric utility engineering services ("Shortlisted Contractors").

3.1.2 When electric utility engineering services are required City may, at its sole discretion, directly assign work to Contractor ("direct assignment"), or facilitate a secondary competitive process among some or all of the Shortlisted Contractors ("Call for Proposal").

3.1.3 When Contractor will be required to perform services on an on-going basis, such ongoing services shall be authorized using the Authorization of Work process in this Section 3.

3.2 Project Quotes and Authorization of Work

3.2.1 When services are required by the City, City shall request a quote or task order from Contractor for such Services. City's request will generally include the following information:

3.2.1.1 Project description;

3.2.1.2 Services requested including location;

3.2.1.3 Preliminary project schedule;

3.2.1.4 Confirmation of prevailing wage and DIR requirements.

3.2.2 Contractor shall submit a quote for the required services in advance of commencing work, with the exception of emergency services as described in the Emergency Services section 4.2.9 or in the event described in Section 3.2.8. Contractor's quote shall include the following details:

3.2.2.1 The specific service(s) to be performed;

3.2.2.2 Location where services will be performed;

3.2.2.3 The project schedule;

The project schedule shall point out any activities and/or products or materials that may impact the project timeline, including but not limited to, lead time(s) for material sourcing; shipping and receiving delays; and any other delays.

3.2.2.4 Estimated cost for the requested services, including the following. Items not specified are assumed to be included in the hourly rate.

3.2.2.4.1 Labor costs

3.2.2.4.2 Tools and materials;

3.2.2.4.3 Equipment;

3.2.2.4.4 Any additional costs such as travel, taxes, fees and any other reimbursable expenses; and

3.2.2.4.5 Total not to exceed cost of requested task.

3.2.3 Items not included in the quote are assumed to be included in the hourly rate.

3.2.4 Materials and equipment with a value that exceeds the City's competitive threshold may require a separate quoting process.

3.2.5 Where the terms of any quote or task order are in conflict with this Agreement, the terms of this Agreement shall prevail.

3.2.6 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement.

3.2.7 The City shall authorize work by issuing Purchase Order referencing this Agreement and the quote or task Order. Contractor shall not commence work unless Contractor has received a Purchase Order.

3.2.8 Emergency Services

3.2.8.1 An emergency service shall be defined as an unforeseen event, circumstance, or combination thereof that the City reasonably determines to require immediate action, presents an ongoing danger to public health and safety, and/or imperils SVP facilities and equipment.

3.2.8.2 Emergency services may only be authorized, in writing by an Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer (e-mail is acceptable).

3.2.8.3 Emergency services may be approved verbally, where appropriate, only by the SVP staff identified above. When verbal authorization is given, Contractor shall follow up with City for written confirmation within three (3) days.

3.2.8.4 When emergency services are required, Contractor shall send a quote to City for the required services as soon as possible, but no later than within three (3) business days of starting work. The quote shall be detailed in accordance with this Section 3, and shall include any completed work as well as any additional work required to complete services associated with the emergency.

3.2.9 Changes

3.2.9.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the quoted project cost. Contractor shall provide reason for the change specific to each work authorization.

3.2.9.2 In the event that unanticipated site conditions or other issues result in costs that exceed the approved purchase order, Contractor shall submit to the City an updated quote or task order for review and approval from the City in advance of performing the work. Written authorization may only be provided by a Division Manager, Senior Division Manager, Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer

3.2.9.3 In the event that issues are identified that can be most efficiently and economically resolved while on site, changes may be approved verbally (in the field), by telephone, or e-mail by the following authorized individuals: Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Contractor shall provide an updated quote within two (2) business days so that such changes can be documented in a Purchase Order within four (4) business days.

3.2.10 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.2.11 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

4 SCHEDULE OF PERFORMANCE

4.1 Contractor shall perform the services listed above, as needed. Services may be requested outside of normal business hours including on nights, weekends, and holidays.

4.2 Contractor may be required to perform the services onsite and/or remotely.

5 REPORTING AND DOCUMENTATION

5.1 Contractor shall provide regular status updates on services performed during the term of the agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

5.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

5.3 Additional reporting shall be indicated in the scope for specific work authorizations.

6 STAFFING REQUIREMENTS

6.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

6.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

6.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

6.3.1 Legally authorized to work in United States.

6.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating instructions on any equipment used; and (d) communicate with emergency personnel during emergencies;

6.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

6.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

6.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

6.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

6.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

6.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

6.8.2 SVP shall not unreasonably withhold approval.

6.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

7 SAFETY

7.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

7.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

7.3 The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

7.4 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

7.5 Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's

prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the work safely.

7.6 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

7.7 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

8 EMPLOYEE TRAINING

8.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

8.2 Contractor's employee training shall be at no cost to SVP.

8.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

9 PROFESSIONAL BEHAVIOR

9.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

9.2 Contractor's employees shall be neat and clean, and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

9.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

9.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

9.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

9.6 Contractor shall submit any complaints received against it to the City immediately.

AGREEMENT FOR SERVICES
BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA
AND SOUDI CONSULTANTS, INC.
EXHIBIT B – SCHEDULE OF FEES AND PAYMENT PROVISIONS

F.S. 7/20/2022

1 MAXIMUM COMPENSATION

The maximum amount of compensation to be paid to Contractor during the Initial Term of this Agreement shall ~~not~~ be the amount specified in Section 6 (COMPENSATION AND PAYMENT) of the Agreement.

2 RATES

2.1 Contractor shall invoice City in accordance with the rates specified in Table 1 - Hourly Rates below:

Table 1 – Hourly Rates	
Position	**Hourly Rate**
Director Consulting Engineer	$225.00
Principal Consulting Engineer	$200.00
Senior Consulting Engineer	$175.00
Consulting Engineer	$120.00

2.2 All services shall be quoted and authorized using the Work Authorization process outlined in Exhibit A, Section 5 – Project Quotes and Authorization of Work

2.3 Rates shall remain fixed for the initial two years of the Agreement. After the initial two years Contractor may request adjustments to the compensation rates no more than annually

2.3.1 The Contractor must demonstrate to the satisfaction of the City that a price increase is warranted.

2.3.2 City approval or denial of the requested rate adjustment will be provided in writing (e-mail acceptable).

3 REIMBURSABLE EXPENSES

3.1 Contractor may submit invoices for reimbursement of expenses set forth below, subject to the following conditions.

3.2 Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required services and that such expenses aren't included in fixed or hourly rates.

3.3 The following expenses shall be reimbursable by City.

3.3.1 Travel-related expenses (mileage, lodging, meals, etc.);

3.3.1 Unless approved in writing (e-mail acceptable) in

advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

https://www.gsa.gov/travel-resources

3.3.1.2 Rental car and airfare, where required, shall be at economy class.

3.3.1.3 City shall not reimburse local travel (within Santa Clara County).

3.3.2 The rental of any specialized equipment to the extent City has preapproved, in writing, the cost of such rental.

3.3.3 The cost of mailing, shipping and/or delivery of any documents or materials on behalf of City.

3.3.4 Any other expenses expressly identified as being reimbursable.

3.4 Except as specified in this Agreement, City will reimburse these expenses at actual cost only.

3.5 An estimate of reimbursable expenses shall be included in each quote.

4 INVOICING AND PAYMENTS

4.1 Contractor shall submit an invoice to City monthly, in arrears, for payment for services performed the previous month, pursuant to this Agreement.

4.2 Each invoice shall include the task costs for the previous month and each invoice shall only include only work associated with a single work authorization or quote.

4.3 City shall review the invoice submitted by Contractor and shall notify Contractor of any discrepancies or deficiencies in said invoice.

4.4 If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.5 If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required Certified Payroll, City shall process the invoice for payment.

AGREEMENT FOR SERVICES
BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA
AND SOUDI CONSULTANTS, INC.
EXHIBIT C - INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies,

satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

AMENDMENT NO. 1
TO THE AGREEMENT FOR SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
SOUDI CONSULTANTS, INC.

PREAMBLE

This agreement (Amendment No. 1) is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Soudi Consultants, Inc., a California Corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Services Between the City of Santa Clara, California and Soudi Consultants, Inc., dated May 5, 2022, (Agreement) for the purpose of having Contractor provide electric utility engineering services; and

B. The Parties now wish to amend the Agreement to increase the maximum compensation and update Exhibit A (Scope of Services) and Exhibit B (Compensation and Fee Schedule).

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled "Agreement Documents", is amended in its entirety to read as follows:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees and Payment Provisions

   Exhibit C – Insurance Requirements

   Exhibit D – Sample Work Authorization Form

   This Agreement, including the Exhibits set forth above, contains all the agreements, representations, and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Section 6 of the Agreement, entitled "COMPENSATION ANDF PAYMENT", is amended in its entirety to read as follows:

   "In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "Schedule of Fees and Payment Provisions." The Maximum Compensation of this Agreement is two million dollars ($2,000,000.00), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the Maximum Compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the Maximum Compensation under any circumstances.

3. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended November 15, 2024, which is hereby incorporated into the Agreement.

4. Exhibit B – Schedule of Fees is deleted in its entirety and replaced with the attached Exhibit B – Schedule of Fees and Payment Provisions – Amended November 15, 2024, which is hereby incorporated into the Agreement.

5. Exhibit D – Sample Work Authorization is hereby attached hereto and incorporated herein by reference.

6. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control. The effective date of this Amendment No.1 shall be the date the City Manager executes this amendment.

[SIGNATURES ON FOLLOWING PAGE]

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT A - SCOPE OF SERVICES
AMENDED NOVEMBER 15, 2024

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow;

1.2 Perform engineering studies including, but not limited to:

- **1.2.1** System impact Studies
- **1.2.2** Equipment capacity and rating,
- **1.2.3** Load calculations,
- **1.2.4** Coordination studies,
- **1.2.5** Arc-flash study,
- **1.2.6** Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Update Protection, Control, and Automation (PCA) documents;

1.10 Provide test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Provide engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Provide on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ system upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control services; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services

1.14.1 Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arc Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2 Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Providing cost estimates for equipment;

1.14.5 Developing standards, procedures, operations guides, and training; and

1.14.6 Providing support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator

Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115Kv.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2, PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 WORK AUTHORIZATION PROCESS

3.1 Contractor acknowledges that Contractor is one of multiple firms eligible to perform the Services pursuant to separate service agreements Electric Utility Engineering Services ("Project Agreement"). The City will award and authorize specific Services in accordance with this Section. The City does not guarantee that any specific work will be authorized under this Agreement.

3.2 Call for Proposal (CFP)

3.2.1 When Services are required, City will request all eligible contractors with a Project Agreement to submit a written proposal for Services ("Proposal").

3.2.2 As part of the CFP, City will provide a description of the required Services, the criteria for evaluation, the deadline for response, and any other pertinent information.

3.3 Proposal

3.3.1 If the Contractor desires to be considered to perform the Services included in a CFP, Contractor will prepare and submit a written Proposal to City. Contractor must include all information requested by City in its CFP in the format requested by City including the following:

3.3.1.1 The proposed scope of work and deliverables with a work plan and detailed description by task of the services to be performed.

3.3.1.2 A project timeline/schedule with discussion of any activities that may impact the project timeline/schedule.

3.3.1.3 The names, titles, and assignments of each of Contractor's professional employees who will be principally responsible for performing the Services.

3.3.1.4 Where applicable, the names of any subconsultants or subcontractors that Contractor proposes to use and the portion of services that the subconsultant or subcontractor will perform. Where required, Contractor will provide subcontractor Department of Industrial Relations (DIR) number.

3.3.1.5 Any required drawings or documents.

3.3.1.6 A list of City responsibilities

3.3.1.7 Where applicable, a final acceptance criteria

3.3.1.8 A cost itemization of the following:

3.3.1.8.1 Hours and hourly rates by position as listed in Exhibit B for Contractor

3.3.1.8.2 Subconsultant or Subcontractor scope or quote including hours and hourly rates.

3.3.1.8.3 Parts and materials

3.3.1.8.4 Rental and/or specialty equipment

3.3.1.8.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B

3.3.1.8.6 Any additional costs such as, but not limited to freight, permits, and fees

3.3.1.8.7 A breakdown of materials and labor sufficient to calculate all required taxes

3.3.1.8.8 Estimated total cost including any required taxes

3.3.1.8.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement. Contractor shall include sufficient information in their Proposal for the City to determine that rates are in accordance with the Agreement.

3.3.1.8.10 Any costs such as for additional equipment, parts, services, or other expenses required for completion of services as detailed in the CFP and in Contractor's Proposal but not reflected in the Contractor's cost Proposal shall be the sole responsibility of the Contractor and shall not result in additional cost to the City.

3.3.2 City will evaluate the Proposals according to the criteria and weights listed in the CFP.

3.3.3 At the City's discretion, the City may interview contractors submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the CFP.

3.3.4 City will enter into negotiations with the highest-ranked contractor. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services.

3.3.5 Provided that the original cost Proposal includes all items listed in Section 3.3.1.8, the City and the selected contractor may negotiate whether the cost will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

3.3.6 If a fixed fee or lump sum is authorized by the City, Contractor must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

3.3.6.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

3.3.6.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

3.3.6.3 Payment milestones shall be connected to deliverables.

3.3.7 Contractor must submit a revised Proposal to the City based upon such negotiations.

3.4 Authorization of Work

3.4.1 Once City and the selected contractor agree on the final pricing, scope, and specific requirements of the proposed services, and, if the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement (when combined with all previously authorized Services), the City may authorize Services as set forth in this Section.

3.4.2 For Proposals with a total cost exceeding $50,000, City will provide approval by executing a Work Authorizations in substantially the same format as Exhibit E ("Work Authorization") and issuing a Purchase Order. Each Work Authorization shall describe the services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the service and deliverables, and the maximum compensation for the Work Authorization.

3.4.3 Each Work Authorization shall have a Purchase Order attached to it. A Purchase Order ("Purchase Order") is a document issued by the City of Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Work Authorization.

3.4.4 For Proposals with a total cost less than $50,000, a signed Work Authorization is not required. The City will issue a Purchase Order authorizing Services and the Purchase Order will serve as the Work Authorization.

3.5 Changes to Work Authorization

3.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to the total project cost or specific line items in a Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Work Authorization or Purchase Order. Contractor shall submit to the City an updated Proposal for review and approval from the City in advance of performing any additional services.

3.5.2 If the change to the Work Authorization is approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 3.4.2) and/or Purchase Order (as applicable) to authorize such additional services.

3.5.3 If Contractor requires changes to a fixed price Work Authorization, Contractor shall only be permitted to request changes with justification such as additional scope requested by City or unanticipated field conditions. For such changes, Contractor shall

submit justification demonstrating that changes in cost are associated with changes in scope.

3.5.3.1 If the City requires additional work after the applicable Work Authorization has been issued, the Contractor shall, at City's request, provide an updated Proposal including the revised work schedule and associated costs with the same details as Section 3.3. If approved, the City will issue a new or amended Work Authorization (if required pursuant to Section 3.4.2) or Purchase Order (as applicable) to authorize such additional services.

3.5.3.2 Contractor shall only be entitled to submit a change request for unanticipated site conditions to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Work Authorization.

3.5.3.3 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

3.6 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization.

3.7 A Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Work Authorization – even if the Proposal or Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Work Authorization are invalid and unenforceable. The order of precedence is the following as follows: (1) Agreement including Exhibits, (2) Work Authorization, (3) Purchase Order, and (4) Proposal.

3.8 Each Work Authorization and Purchase Order including revised Work Authorizations and changed Purchase Orders shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

3.9 If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

3.10 The City (through the individuals listed in Section 3.4.5 or, in the case of Purchase Orders, the Finance Department) may terminate a Work Authorization or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

3.11 Proposals, pricing, quotes, and invoices are not confidential and will not be treated as confidential even if marked confidential when submitted.

3.12 **Contractor shall not initiate Services and the City will not compensate the Contractor until the City has (1) executed the Work Authorization for such services where applicable, (2) issued a Purchase Order, and (3) directed the Contractor to perform services.**

4 SCHEDULING AND PLANNING

4.1 Contractor will perform services as authorized pursuant to Section 3 of this Exhibit A.

4.2 The City may require services to be performed outside of normal business hours including nights, weekends, or holidays.

4.3 Contractor may be required to perform services onsite or remotely.

5 REPORTS

5.1 Contractor shall provide regular cost, schedule, and status updates on Services performed throughout the Term.

5.2 Depending on the nature and scope of the Services, Contractor may be required to provide status updates daily, weekly, or monthly at the direction of City.

5.3 Additional reporting may be indicated in the scope for specific Work Authorizations.

5.4 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

6 SAFETY

6.1 Safety must always be the top priority. Contractor shall take all necessary

precautions for the safety of all persons at the work site. Contractor must erect and properly maintain at all times, as required by the conditions and progress of the Services, all necessary safeguards for the protection of all persons and the public including posting danger signs and warnings against known or unusual hazards.

6.2 Contractor shall perform Services according to accepted industry standards and work/safety practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

6.3 Contractor shall maintain an effective Injury and Illness Prevention Program (IIPP) in writing pursuant to Section 3203, Title 8 of the California Code of Regulations (CCR). The written plan shall include specific instructions with regard to hazards unique to the employee's job assignment. Contractor will submit a copy of Contractor's IIPP at the City's request and Contractor shall make Contractor's IIPP available on-site.

6.4 Contractor shall schedule safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Contractor during these inspections.

6.5 Contractor must comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Contractor must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Contractor.

6.6 Contractor's employees (including any subcontractors) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Any required PPE and FR clothing shall be provided at the expense of Contractor.

6.7 When requested by the City, Contractor shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Contractor Project Manager/On-Site Supervisor (as defined in Section 18) and Contractor employees.

7 CONTRACTOR PERSONNEL

7.1 Staffing

7.1.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

7.1.2 Contractor shall ensure its employees and any subcontractors supply proper identification when requested by the City.

7.1.3 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

7.1.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

7.2 Employee Training

7.2.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subcontractors) appropriate to the duties and responsibilities of each employee.

7.2.2 It is essential that all employees be thoroughly trained and familiar with the equipment and procedures to be followed.

7.2.3 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

7.2.4 Contractor shall be familiar with SVP's operating standards. All employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

7.2.5 At the City's request, Contractor shall submit copies of training records for its employees.

7.3 Standards of Conduct

7.3.1 Contractor is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and

orders. Contractor shall ensure that while on or about the work site, its employees do not:

7.3.2 Display a discourteous, abrupt, abrasive, or belligerent attitude.

7.3.3 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

7.3.4 Present or identify themselves as employees of the City of Santa Clara.

7.3.5 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

7.3.6 If a Contractor employee fails to meet these standards of conduct, Contractor shall immediately remove the employee and provide a replacement. Contractor shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

7.3.7 In the event that a complaint is made against a Contractor employee, Contractor shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

8 E-BUILDER

8.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

8.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

8.3 E-builder Training. Contractor is required to obtain all necessary training to use the e-builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

8.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Contractor's use of e-Builder be grounds for a time extension or cost adjustment to a Work Authorization.

8.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Work Authorization and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

8.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

8.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Work Authorizations where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with a Work Authorization, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

8.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including

funding agencies or representatives) on demand.

8.9 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to use the new project management tool selected by the City.

EXHIBIT B – SCHEDULE OF FEES AND PAYMENT PROVISIONS
AMENDED NOVEMBER 15, 2024

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Except where fixed priced services are authorized according to Section 3 of Exhibit A, Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B-1 – HOURLY RATES attached and incorporated by reference.

2.2 Rates listed in Appendix B1 are fully burdened.

2.3 Rate Changes

2.3.1 Rate Increase. After the first two (2) years of the Agreement, rate increases may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.3.2 Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing services for which rates are applicable.

2.3.3 All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes or Proposals that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 2 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 3 of Exhibit A, (4) Contractor submits receipts,

invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1	Subcontractor Services	Not to exceed 10%
2.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
3.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
4.	Charges for outside services (including fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
5.	Other reimbursable expenses with prior written approval from the City	No Markup
6.	Allowable mileage will be charged at the prevailing IRS rate per mile. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
7.	Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related per diem shall not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Time and Materials. For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify that the charges are in accordance with the Work Authorization and that rates listed in Appendix B1 are charged .

3.2 Fixed Price. For Services authorized to be paid on a fixed price basis, Contractor shall provide an invoice to the City in accordance with the Work Authorization and based on either (a) the percentage of Services completed during the

previous month or (b) a lump sum amount upon the completion of deliverable(s), as specified in the Work Authorization and subject to the following.

3.2.1 Invoices must include the following information:

3.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

3.2.2 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

3.3 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.4 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.5 Accurate Invoice. If the invoice submitted by Contractor is not accurate, the invoice will be returned to Contractor to correct and resubmit before payment can be processed.

3.6 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

3.7 Confidential. Invoices are not confidential even if marked as confidential when submitted.

APPENDIX B1 – Hourly Rates

1.1. Consultant shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 3 of Exhibit A. Except where fixed prices are authorized pursuant to Section 3 of Exhibit A, the rates applicable for the Services are listed below in Table B1 (Hourly Rates).

1.2. In cases where services are required but not listed below, Contractor shall submit rates for approval by the City in advance, in writing before performing the services. For avoidance of doubt, any changes to the rates in the hourly rates must be authorized by an amendment to the Agreement in accordance with Section 2.3 of Exhibit B. Rate changes are not permitted as part of a Work Authorization process.

POSITION	HOURLY RATES
Director Consulting Engineer	$225.00
Principal Consulting Engineer	$200.00
Senior Consulting Engineer	$175.00
Consulting Engineer	$120.00

EXHIBIT D

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and Soudi Consultants, Inc. ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control. **This Work Authorization is not valid until accompanied by a Purchase Order authorized by the City.**

PART A: GENERAL INFORMATION

WORK AUTHORIZATION NUMBER:		☐ Original ☐ First Revised ☐ Second Revised ☐ Other_____
Contract No.		
Contractor Name/Address:		
Expiration Date of Agreement:		
Contractor's Project Manager:	**Name:**	**Email:**
City's Project Manager	**Name:**	**Email:**
Period of Performance for this Work Order:	**Start Date:**	**Expected Completion Date:**
Maximum Compensation of Agreement:		
Previously Committed Funds:		
Available Funds		
Maximum Compensation for this Work Authorization		
Remaining Available Funds		
Sufficient funds are available in Fund #: (to be completed by City)		
Contractor Representative Name (Print)		
Contractor Representative Signature		
Contractor Representative Signature Date		
City Project Manager Name (Print)		
Authorized City Representative (Print)		
City Representative Signature		
City Representative Signature Date		
** Authorized City Representatives include Electric Utility Assistant Director, Chief Electric Utility Operating Officer, Chief Electric Utility Officer*		

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 4 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:

☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file. *Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.
☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

☐ Acceptance Certificate not required.

☐ Acceptance Certificate required.

REPORT TO COUNCIL

SUBJECT

Delegation of Authority to the City Manager to Negotiate and Execute Various Agreements for Silicon Valley Power (SVP) for the Purchase of Supplies and Services Following Competitive Processes with the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services;
2. Associated Power Solutions for battery maintenance services;
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services;
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc. for Technical Field Advisor services;
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services;
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control;
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services;
8. TR International Trading Company for salt delivery services;
9. Pacific Star Chemical dba Northstar Chemical for delivery of bulk sulfuric acid; and
10. Univar for delivery of bulk chemicals

COUNCIL PILLAR

Deliver and Enhance High Quality Efficient Services and Infrastructure

EXECUTIVE SUMMARY

In order to support the various maintenance and regulatory needs of the electric utility, SVP contracts with over one hundred contractors, consultants, and other vendors to provide services and products. During the last several months, the Purchasing Division of the Finance Department has published a number of solicitations pursuant to applicable provisions of City Code Section 2.105 using the City's e-procurement system.

Staff recommends that the City Manager be authorized to negotiate and execute agreements associated with these solicitations to the following vendors:

1. Bay Valve Service and Engineering, LLC for valve Inspection, maintenance, and repair services in an amount not to exceed $1,500,000 for an initial three-year term with two one-

year options to renew.
2. Associated Power Solutions for battery maintenance services in an amount not to exceed $1,500,000 for an initial five-year term with up to five one-year options to renew.
3. Electrical Maintenance Consultants, Brush Americas, and Mitsubishi Powers Americas, Inc. for generator maintenance services in an amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew.
4. Axis Mechanical Group, HPI, LLC., and Mitsubishi Power Americas, Inc for Technical Field Advisor (TFA) services in an amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew.
5. Puretech and Evoqua Water Technologies LLC to provide portable mixed bed and anion demineralized bottle rental and exchange services in an amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew.
6. Burns and McDonnell Engineering Company, Inc.; Electrical Consultants, Inc.; HDR Engineering, Inc.; Leidos Engineering, LLC; Power-Tech Engineers, Inc.; SEL Engineering Services, Inc.; Soudi Consultants, Inc.; TRC Solutions, Inc.; and Worley Group, Inc. doing business as Advisian to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 for an initial five-year term with up to five one-year options to renew (four million dollars per year shared among nine engineering firms based on project assignment).
7. BSI Services and Solutions, Inc. and ESCI, Inc. to provide Environmental Health and Safety consulting and training services in an amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew.
8. TR International Trading Company for salt delivery services in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
9. Pacific Star Chemical doing business as Northstar Chemical for delivery of bulk sulfuric acid in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew.
10. Univar Solutions for delivery of bulk sulfuric acid in an amount not to exceed $200,000 until such time as the City can enter into an agreement through Bay Area Chemical Consortium.

Further details about each of these solicitations and the associated services is in the following background and discussion sections.

Authority to Negotiate and Execute

It is not typical to include this number of agreements in one Report to Council, but it is needed to continue to provide service under current staff limitations. In other words, this is a new procurement strategy to continue procurements within our limited capacity and receive the appropriate Council direction to proceed. Consolidating this action and obtaining delegated authority removes workload and allows for staff to focus on the actual procurement and contract process.

Recent Purchasing Activity

During the last two years, SVP and the Purchasing Division of the Finance Department have been working closely together to perform solicitations pursuant to applicable provisions of City Code Section 2.105. During this time, over fifty solicitations have been completed using competitive processes including cooperative purchases, informal bids, formal bids, Request for Proposals (RFP), and Statements of Qualifications (SOQ). Several of these solicitations have resulted in multiple awards. In some cases, a master agreement is awarded with multiple contractors and a secondary informal bidding process takes place for specific scopes. In addition to issuing new solicitations, SVP

and Purchasing took action to extend the term of over fifty agreements from three years to five years in order to maximize the value of the solicitation process.

Staff Limitations
This activity has occurred while the contracts manager assigned to SVP has also been primarily assigned to support the Emergency Operations Center during the pandemic. On September 28, 2021; Council authorized the addition of a second Contracts Manager position in the Finance Department to be funded by SVP and assigned to support SVP. An offer was recently made to fill that position. In February, the Contracts Manager already assigned to SVP resigned leaving a new position vacant. Using the previous recruitment, staff has initiated the process to fill that newly vacant position. However, both purchasing positions are not currently filled and there is currently no dedicated purchasing staff for SVP. In addition, the Attorney assigned to SVP (who reviews and works on all these items) recently left the City. This will cause additional capacity constraints.

Upcoming Items
Based on current staffing constraints and the requirement to enter into contracts to operate the system, staff is taking a different procurement approach than past to facilitate the work with appropriate Council approval. There will be other items for Council consideration on upcoming agendas to maintain continuity of services.

BACKGROUND

Silicon Valley Power (SVP), the City of Santa Clara's Electric Utility owns significant assets requiring ongoing maintenance including three power plants in City limits, several remote assets, substations, as well as transmission and distribution lines throughout the City. Additionally, SVP is required to comply with a number of safety and regulatory requirements including North American Electric Reliability Corporation (NERC), Western Electricity Coordinating Council (WECC), Occupational Safety and Health Administration (OSHA), and Bay Area Air Quality Management District (BAAQMD).

Most of the services referenced in this report are provided at SVP's power generation facilities located in City of Santa Clara: (1) The main facility, the Donald Von Raesfeld Power Plant (DVR), is a 2x1 combined cycle power plant rated at 147 Megawatts of electrical power, (2) City of Santa Clara Cogeneration Plant (Cogen), is a cogeneration facility that utilizes two gas turbines for power generation. Waste heat from Cogen is collected to generate steam for supply to a paper mill. This facility is rated at 7 Megawatts, (3) The Gianera Generating Station (Gianera), the City's peaking generation facility, is rated at 49.5 Megawatts of electrical power.

Through this action, staff recommends that the City Council authorize the City Manager to execute contracts based on awards from these solicitations to expedite processing time.

DISCUSSION

Valve Inspection, Maintenance, and Repair Services

SVP's power plants have boiler system components including high pressure steam superheaters, high pressure steam drums, low pressure steam superheaters, low pressure steam drums, economizers, deaerator tanks, and flash tanks. These components have associated safety valves that require periodic testing, inspection, maintenance, repair, and replacement. Additionally, the plants contain air and gas systems that require valve testing, inspection, repair, and maintenance.

The services are highly specialized and SVP requires a qualified contractor to perform these critical services.

In 2021, the City published a formal Request for Bids (RFB) for as-needed valve testing, inspection, maintenance, and repair services. The City did not receive any bids.

Because there were no bids submitted, staff reached out to Bay Valve Service and Engineering, LLC (Bay Valve) for rates. Bay Valve is the incumbent provided and has been providing services to SVP for almost 20 years. SVP has been satisfied with the services provided by Bay Valve. Staff recommends awarding an agreement to Bay Valve to provide the required valve testing, inspection, maintenance, and repair services. There are a number of critical projects requiring this service including annual and 3-year required safety valve testing, high pressure bypass valve replacement, and critical control valve replacements.

The proposed agreement includes provision of all labor, materials, equipment, and technical expertise needed to provide the required valve testing, inspection, maintenance, and repair services. The contractor may perform the required services at SVP's power plants or at the Contractor's shop. Additionally, the contractor may be required to perform valve repair services at other SVP locations such as SVP's remote facilities.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Bay Valve for an initial three-year term beginning on or about March 1, 2022 and to execute up to two one -year options to renew the agreement after the initial term at the discretion of the City. Costs for the initial three-year term are not to exceed $1,500,000.

Bay Valve's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Battery Maintenance Services

SVP uses battery systems in order to ensure there is uninterrupted power to relay protection schemes, and control systems that provide monitoring and quick action in the event of electrical and process faults. SVP has several battery systems throughout its in-city power generating assets, including its power plants as well as at substations. The batteries must be maintained annually and quarterly in accordance with the most current version of the North American Electric Reliability Corporation (NERC) standard PRC-005, as well as state and federal regulations. The battery maintenance services ensure that critical protection systems will be available to protect the SVP grid and power plant equipment.

In 2021, the City published a formal Statement of Qualifications (SOQ) for Battery Maintenance Services. An SOQ is a solicitation where the award is based on the qualifications and expertise of the firm versus a proposed solution. One proposal was received from Associated Power Solutions (APS). Staff reviewed the response against the criteria included in the SOQ and determined that APS's proposal met all of the SOQ requirements.

Staff recommends award of agreement to Associated Power Solutions. APS is the incumbent and has demonstrated experience and expertise providing quality battery maintenance services in

compliance with NERC Standard PRC-005. Under the proposed agreement, APS will provide all labor, materials, equipment, and technical expertise needed to provide the required services including annual and quarterly battery inspection and maintenance; performance testing of batteries, load testing of battery systems, replacement of old batteries and disposal of old batteries. All services will be performed pursuant to NERC standards as well as industry best practices and state and local laws and regulations.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with APS for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis with maximum compensation not to exceed $1,500,000 over the five-year initial term. APS's hourly rates shall be fixed for the first two years of the agreement. Thereafter, any requests for compensation increases must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electrical Generator Maintenance

The generators used at SVP facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. Local and remote generation facilities use multiple generator technologies from various manufacturers, and each has unique and specific maintenance schedules and parts specifications. Accordingly, multiple vendors are employed to properly maintain the fleet of generators.

In 2021, the City published a formal RFP for Generator Maintenance and Overhaul Services. A total of 69 companies viewed the RFP, and the City received proposals from five companies:

- Brush Americas (Turtle Creek, PA)
- Electrical Maintenance Consultants, Inc. (Rocklin, CA)
- Ethos Energy (Houston, TX)
- Kinectrics, Inc. (Naperville, IL)
- Mitsubishi Powers America, Inc. (Orlando, FL)

The RFP was comprised of three separate packages as follows:

- Package A: major inspections and repairs (overhauls) on two (2) Brush BDAX-7 generators located at the Donald van Raesfeld (DVR) Power Plant;
- Package B: major inspections and repairs (overhauls) on two (2) Ideal SM-100 generators located at the Santa Clara Cogeneration Plant; and
- Package C: Routine generator maintenance and repair services.

Proposers had the option to submit responses for one or multiple packages. Electrical Maintenance Consultants, Inc. (EMC) and Ethos Energy (Ethos) submitted responses for all three packages. Mitsubishi Powers America, Inc. (Mitsubishi) submitted a response for Packages A and C. Brush Americas (Brush) and Kinectrics, Inc. submitted responses for Package A and Package C, respectively.

The proposals were evaluated and scored against the criteria and weights included in the RFP by a

three-member evaluation team consisting of staff from SVP. Upon the evaluation team's initial review, the proposals from Ethos and Kinectrics, Inc. were determined to be non-responsive and were eliminated from further consideration.

Staff recommends authorizing the City Manager to negotiate and execute agreements with EMC, Brush, and Mitsubishi for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with maximum compensation for all three agreements not to exceed $3,000,000 over the five-year initial term. EMC shall serve as the primary contractor for all three packages of services, while Brush and Mitsubishi shall serve as the secondary providers of services for their respective packages. The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required generator maintenance and overhaul services.

Any requests for compensation increases during the term of the agreement(s) must be justified by the company and are subject to approval by the City and the annual appropriations of funds.

Technical Field Advisor (TFA) Services

The Turbines and Generators used at Silicon Valley Power (SVP) facilities require ongoing preventative and corrective maintenance as well as scheduled major overhauls to ensure reliability. This includes annual inspections, testing and diagnostic services, and repairs using specialty tooling, equipment, and shop services. In-town and remote generation facilities use multiple generator technologies from various manufacturers, each having unique and specific maintenance schedules and parts specifications.

Depending on the nature of the work, it is industry best practice for SVP to separately contract TFA service for expertise when undergoing overhauls or other in-depth maintenance activities. These TFA's serve as SVP's agents and provide expert guidance to oversee the contractors performing work.

In 2021, the City published a formal RFP for TFA Services. A total of 39 companies viewed the RFP, and the City received 3 proposals, from Axis Mechanical Group, Mitsubishi Power Americas, Inc and HPI, LLC. The proposals were evaluated independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the RFP. Staff recommends negotiating and executing agreements with all three proposers. Having multiple TFA agreements will provide flexibility with scheduling and expertise needs for SVP's various assets.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Overseeing major turbine and engine overhauls at SVP's power plants;
- Providing technical oversight of outage activities;
- Providing advice on available repair options;
- Developing and providing required reports.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Axis Mechanical, Mitsubishi Power Americas, Inc., and HPI, LLC for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreements after the

initial term, at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,050,000 for all three agreements over the five-year initial term. Any requests for or rate increases during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services
All three of SVP's local generation facilities rely on processed or demineralized water for use in the condensate/steam cycle and for emissions control. Portable, mixed bed and ion exchange bottles are used at DVR, COGEN, and Gianera for water treatment as an economic solution for these water treatment needs.

In 2021, the City published a formal RFB for Portable Mixed Bed and Anion Demineralized Bottle Rental and Exchange Services with the award recommendation based on "lowest responsive, responsible bidder." A total of 34 companies viewed the RFB, and the City received proposals from two bidders. The results are as follows:

Vendor Name	Bid Price
Puretech	$91,107.00
Evoqua	$130,496.98

Staff recommends an award to Puretech as the lowest responsive and responsible bidder and Evoqua as a secondary supplier in the event of an emergency or if Puretech is unable to perform. Puretech and Evoqua will supply portable mixed bed and anion demineralized bottle rental and exchange services to SVP's power plants on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute agreements with Puretech and Evoqua for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Total costs are not to exceed $650,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Electric Utility Engineering Services
SVP uses consultants to support operations engineering of protection, communications, and control systems. Typical services include electrical safety hazard analysis, electrical engineering studies (short circuit and relay coordination), fiber optic multiplexer system support, power quality metering system support, compliance (NERC and WECC), and outages studies.

Sample tasks and studies performed by these consultants may include

- Electrical safety hazard analysis at each substation to determine safe approach distances and proper personal protection equipment (PPE) maintaining safety for employees and compliance with OSHA requirements.
- Relay overcurrent coordination studies to minimize the number of customers affected by a fault in the electric system such as a car a hitting power pole, tree branch falling on transmission line, or a mylar balloon contacting a transmission line.

- Support replacement of the fiber optic multiplexer system - the communication backbone of the electric utility.

In June 2021, the City published a formal SOQ for Electric Utility Engineering Services protection, communications, and control systems. A total of 141 companies viewed the SOQ, and the City received 17 proposals. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ.

Staff recommends negotiating and executing agreements with the following proposers, as the most advantageous proposals based upon the final evaluation rankings:

1. Burns and McDonnell Engineering Company, Inc.
2. Electrical Consultants, Inc.
3. HDR Engineering, Inc.
4. Leidos Engineering, LLC
5. Power-Tech Engineers, Inc.
6. SEL Engineering Services, Inc.
7. Soudi Consultants, Inc.
8. TRC Solutions, Inc.
9. Worley Group, Inc., doing business as Advisian

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required electric utility engineering services including:

- Performing engineering studies;
- Developing and reviewing protective device, metering, and automation device settings and logic;
- Preparing and documenting North American Electric Reliability Corporation (NERC) compliance reports; and
- Providing engineering support services for construction and testing crews.

Staff intends to establish a qualified shortlist consisting of the nine selected proposers. Depending on the requirement, a vendor may be awarded specific work to any vendor on the list, or a secondary “mini” competitive process may be conducted among these pre-qualified firms to award specific work.

Staff recommends authorizing the City Manager to negotiate and execute agreements with the nine consultants listed above for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew each agreement after the initial term, at the discretion of the City. Annual costs for all agreements are not to exceed $20 million during the initial five-year term (four million dollars per year shared among nine engineering firms based on project assignment). Any requests for compensation increases during the term of the agreement(s) must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Environmental, Health & Safety Services (EH&S)

Silicon Valley Power (SVP) requires EH&S programs throughout the utility in order to maintain a safe and compliant working environment. The use of experts focused in the knowledge areas required

assures the best possible quality for the programs being developed, prevents bias, and maintains the most current updates to federal and local laws and regulations. These firms have unique skills and tools at their disposal to provide services.

Services associated with Environmental Programs will support a number of required certifications and other compliance activities. A utility of SVP's size is responsible for a number of environmental compliance activities including air permits, Environmental Protection Agency (EPA) Title V, Spill Prevention Control and Countermeasure (SPCC), Hazardous Materials Business Plan (HMBP), and storm water permits. This is only a sample list as there are a number of compliance programs associated with the utility's operations.

Services associated with safety programs include written plans, training, tracking of training completed, audits, and drills that meet Federal and California OSHA, and local or other agency regulations or guidelines. In addition, these consultants will support activities that promote a safe working environment including development and update of safety standards across SVP, Injury and Illness Prevention Program (IIPP) and a Qualified Electrical Worker (QEW) program. Resulting programs will be available to staff throughout the utility.

In 2021, the City published a formal SOQ for EH&S services. A total of 104 companies viewed the SOQ, and six proposals were submitted. The proposals were evaluated and scored independently by a three-member evaluation team, consisting of staff from SVP against the criteria and weights included in the SOQ including: experience and qualifications of the firm/staff; expertise reviewing and developing EH&S plans; and the proposers' approach to providing safety training.

Based on the scores from the evaluation panel, staff recommends awarding agreements to two proposers as the most advantageous and best value to the City: BSI America Professional Services, Inc. (BSI), and Electrical Safety Consultants, Inc., doing business as ESCI, Inc. (ESCI). Both proposals met or exceeded all of the SOQ specifications. The expertise of each of these vendors is different; therefore, each agreement will include different scopes of work.

The proposed agreements will include provision of all labor, materials, equipment, and technical expertise needed to provide the required services including:

- Reviewing and updating SVP's current EH&S plans;
- Developing new EH&S plans;
- Providing electrical safety training and drills;
- Conducting periodic electrical safety audits; and
- Creation and management of a comprehensive electrical safety compliance program (ESCI only).

Staff recommends authorizing the City Manager to negotiate and execute agreements with BSI and ESCI for an initial five-year term beginning on or about March 1, 2022 and to execute up to five one-year options to renew each agreement after the initial term at the discretion of the City. Compensation shall be paid on a time and materials basis, with the maximum compensation not to exceed $1,100,000. Any requests for compensation adjustments during the term of the agreements must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to provide Salt Deliveries

Maintaining power production at Cogen requires the water at the plant to be treated for use in its steam processes. The treatment includes softening the water by using dry coarse salt. SVP uses approximately 660 pounds of salt per day to treat the water at Cogen. If water is not softened for use in the power plant steam processes, Cogen would be forced to shut down, halting power production at the facility. A shutdown of Cogen would also impact its ability to supply steam to its thermal host, Greif Inc., Santa Clara Paperboard who uses steam for recycled paper processing.

In 2021, the City published a formal RFB for the delivery and supply of Morton Salt, using the City's e-procurement system. Twenty-two (22) vendors viewed the bid, and two bids were received. Results are as follows:

Vendor NameBid Price	
TR International Trading Company (TRInternational)	$49,680
John's Salt Service	$50,112

Staff recommends an award to TRInternational as the lowest-price responsive bidder. TR International will supply and deliver salt to Cogen on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with TR International for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Maximum compensation is not to exceed $300,000 during the initial five-year term. Any requests for compensation adjustments must be justified by the vendor and are subject to approval by the City and the annual appropriations of funds.

Vendor to Provide Delivery of Bulk Sulfuric Acid

SVP uses sulfuric acid for pH control of the cooling tower at DVR. This necessary process treatment for the cooling tower is required to maintain limits specified by the Industrial Waste Water Discharge Permit issued by San Jose Environmental Services Department. and preserve the integrity of the tower itself.

In 2021, the City published a formal RFB for the delivery and supply of Sulfuric Acid. Twenty-two (22) vendors viewed the bid, and one bid was received as follows:

Vendor Name	Bid Price
Pacific Star Chemical (dba Northstar Chemical)	$40,320

Staff recommends an award to Pacific Star Chemical as the sole bidder. Pacific Star Chemical will supply bulk Sulfuric Acid to SVP's DVR plant on an as needed basis.

Staff recommends authorizing the City Manager to negotiate and execute an agreement with Pacific Star Chemical dba Northstar Chemical for an initial five-year term beginning on or about March 1, 2022, and to execute up to five one-year options to renew the agreement after the initial term at the discretion of the City. Costs are not expected to exceed $300,000 during the initial five-year term. Any requests for compensation increases during the term of the agreement must be justified by the

company and are subject to approval by the City and the annual appropriations of funds. Exercise of option terms after the initial five-year term will be based on renewal quotes from the Pacific Star Chemical.

Bulk Chemical:
Silicon Valley Power (SVP) uses several Bulk Chemicals including Sodium Bisulfite, Sodium Hydroxide, Sodium Hypochlorite at its DVR Power Plant for various water treatment processes.

Pursuant to City Purchasing ordinance, the City intends to enter into a cooperative purchase through the Bay Area Chemical Consortium (BACC), a cooperative group of public agencies each individually established and acting collectively through their authorized agents. BACC issues bids each January for over a dozen bulk chemicals, with responses due in late February and contract awards executed by each respective agencies around the second quarter of the calendar year. The City is unable to enter into the proposed cooperative purchase until around the second quarter of the calendar year. Therefore, staff requests authorization to enter into a purchase order with Univar in an amount not to exceed $200,000 until such time as the City can enter into an agreement through BACC.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. Furthermore, the action being considered is exempt from the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15301 “Existing Facilities” as the activity consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities mechanical equipment or topographical features involving negligible or no expansion of use beyond that existing at the time of the lead agencies determination. Moreover, the action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT
Funding for the following agreements will come from the capital or operating budget based on the asset requiring products or services:

1. Valve inspection, maintenance, and repair services
2. Battery maintenance services
3. Electrical generator maintenance
4. Technical Field Advisor (TFA) Services
5. Portable mixed bed and anion demineralized bottle rental and exchange services
6. Engineering services for electric protection, communications, and control
7. Salt deliveries
8. Delivery of bulk sulfuric acid
9. Bulk chemical delivery services

Funding for consulting and training services for environmental health and safety including safety

compliance, environmental consulting, consulting for emissions, stormwater, and hazardous waste are budgeted in the Electric Utility budget Electric Compliance Division.

Sufficient funding for the agreements is included in the FY 2021/22 and FY 2022/23 Biennial Adopted Operating Budget. Funding for future years is subject to future appropriation and will be included in future budget processes.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov>.

RECOMMENDATION

1. Authorize the City Manager to negotiate and execute an agreement for valve Inspection, maintenance, and repair services with Bay Valve Service and Engineering, LLC in an amount not to exceed $1,500,000 for an initial three-year term with two one-year options to renew;
2. Authorize the City Manager to negotiate and execute an agreement for battery maintenance services with Associated Power Solutions in an amount not to exceed $1,500,000 for an initial five -year initial term with up to five one-year options to renew;
3. Authorize the City Manager to negotiate and execute agreements for generator maintenance services in an aggregate amount not to exceed $3,000,000 for an initial five-year term with up to five one-year options to renew with:
    a. Electrical Maintenance Consultants
    b. Brush Americas
    c. Mitsubishi Powers Americas, Inc.;
4. Authorize the City Manager to negotiate and execute agreements for Technical Field Advisor (TFA) services in an aggregate amount not to exceed $1,050,000 for an initial five-year term with up to five one-year options to renew with:
    a. Axis Mechanical Group
    b. HPI, LLC
    c. Mitsubishi Powers Americas, Inc.;
5. Authorize the City Manager to negotiate and execute agreements to provide portable mixed bed and anion demineralized bottle rental and exchange services in an aggregate amount not to exceed $650,000 for an initial five-year term with up to five one-year options to renew with:
    a. Puretech
    b. Evoqua Water Technologies LLC;
6. Authorize the City Manager to negotiate and execute agreements to provide electric utility engineering services for electric protection, communications, and control in an aggregate amount not to exceed $20,000,000 (four million dollars per year shared among nine engineering firms based on project assignment) for an initial five-year term with up to five one-year options to renew with:
    a. Burns and McDonnell Engineering Company, Inc.

b. Electrical Consultants, Inc.
c. HDR Engineering, Inc.
d. Leidos Engineering, LLC
e. Power-Tech Engineers, Inc.
f. SEL Engineering Services, Inc.
g. Soudi Consultants, Inc.
h. TRC Solutions, Inc.
i. Worley Group, Inc., doing business as Advisian;

7. Authorize the City Manager to negotiate and execute agreements to provide Environmental Health and Safety (EH&S) consulting and training services in an aggregate amount not to exceed $1,100,000 for an initial five-year term with up to five one-year options to renew with:
    a. BSI Services and Solutions, Inc.
    b. ESCI, Inc.;
8. Authorize the City Manager to negotiate and execute an agreement for salt delivery services with TR International Trading Company in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
9. Authorize the City Manager to negotiate and execute an agreement for delivery of bulk sulfuric acid with Pacific Star Chemical doing business as Northstar Chemical in an amount not to exceed $300,000 for an initial five-year term with five one-year options to renew;
10. Authorize a Purchase Orders with Univar Solutions in an amount not to exceed $200,000 for delivery of bulk chemicals until such time as the City can enter into an agreement through Bay Area Chemical Consortium; and
11. Authorize the City Manager to execute amendments to increase maximum compensation during the term of the agreements if the demand for services exceeds maximum compensation, subject to the appropriation of funds.

EBIX Insurance No. S200004640

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND TRC SOLUTIONS, INC.

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc., a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors.

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2022 and terminate on August 31, 2027.

B. After the Initial Term, Cit reserves the right, at its sole discretion, to extend the term of this agreement for up to five (5) additional one-year terms through August 31, 2032 ("Option Periods"). In order to extend the term of the Agreement for the Option Periods, the Parties shall execute an amendment (or amendments) to the agreement.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time specified in each Purchase Order. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which are required deliverables to be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California, as may be required by the specific deliverable.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials covered by this Agreement shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective materials at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace defective materials, City may make corrections or replace materials and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, in accordance with the Standard of Care (defined below), and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California ("Standard of Care"). Such Standard of Care is not a warranty or guarantee. Contractor agrees to promptly replace or correct any Services that fail to meet the Standard of Care.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Contractor shall comply, and ensure its subcontractors comply with Exhibit D.

Contractor certifies that it is aware of the requirements of California Labor Code Section 1720 et seq. and 1770 et. Seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Contractor or its employees, agents, contractors, and subcontractors to comply with the prevailing wage laws.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

D. Upon termination, Contractor shall recover payment for all Services performed plus all proven costs associated with the termination.

9. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

13. OWNERSHIP OF MATERIAL

All material exclusively prepared pursuant to this Agreement, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than the project for which work was authorized, including, but not limited to, the release of this material to third parties.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

15. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, and agents ("Indemnitees") from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all reasonable costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Each party agrees that waiver by the other party of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Electric Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at SVPContracts@santaclaraca.gov

And to Contractor addressed as follows:

TRC Solutions, Inc.
6 Executive Circle, Suite 200
Irvine, CA 92614
and by e-mail at eawright@trccompanies.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has

read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

20. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

22. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

DocuSign Envelope ID: 1BB29246-CB06-4085-AEFA-17C639C5EA03

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

27. LIMITATION OF LIABILITY

Notwithstanding anything to the contrary in this Agreement, Contractor and City waive any and all claims against each other for incidental, consequential, special, multiple, and punitive damages arising out of or relating to this Agreement, regardless of whether such damages were foreseeable and whether or not the culpable party was advised of the possibility of such damages. This mutual waiver includes, but is not limited to, rental expenses, loss of use, loss of production, loss of income, loss of profit (except profit, arising directly from the Services), loss of financing, loss of business, and loss of reputation. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's breach or termination of the Agreement.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT A
SCOPE OF SERVICES

City does not give any guarantee to Contractor that City will select Contractor for the performance of any Call for Proposal. If City selects Contractor to perform a Call for Proposal, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Purchase Order.

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow;

1.2 Perform engineering studies including, but not limited to:

- **1.2.1** System impact Studies
- **1.2.2** Equipment capacity and rating,
- **1.2.3** Load calculations,
- **1.2.4** Coordination studies,
- **1.2.5** Arc-flash study,
- **1.2.6** Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

DocuSign Envelope ID: 1BB29246-CB06-4085-AEFA-17C639C5EA03

1.11 Providing engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Providing on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ system upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services

1.14.1 Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arc Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2 Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Providing cost estimates for equipment;

1.14.5 Developing standards, procedures, operations guides, and training; and

1.14.6 Providing support services for construction and testing crews.

DocuSign Envelope ID: 1BB29246-CB06-4085-AEFA-17C639C5EA03

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115Kv.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 PROJECT QUOTES AND AUTHORIZATION OF WORK

3.1 Qualified Shortlist

3.1.1 Contractor is part of a shortlist of vendors the City has approved to provide the required electric utility engineering services ("Shortlisted Contractors").

3.1.2 When electric utility engineering services are required City may, at its sole discretion, directly assign work to Contractor ("direct assignment"), or facilitate a secondary competitive process among some or all of the Shortlisted Contractors ("Call for Proposal").

3.1.3 When Contractor will be required to perform services on an on-going basis, such ongoing services shall be authorized using the Authorization of Work process in this Section 3.

3.2 Project Quotes and Authorization of Work

3.2.1 When services are required by the City, City shall request a quote or task order from Contractor for such Services. City's request will generally include the following information:

3.2.1.1 Project description;

3.2.1.2 Services requested including location;

3.2.1.3 Preliminary project schedule;

3.2.1.4 Confirmation of prevailing wage and DIR requirements.

3.2.2 Contractor shall submit a quote for the required services in advance of commencing work, with the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3.

3.2.3 Contractor's quote shall include the following details:

3.2.3.1 The specific service(s) to be performed;

3.2.3.2 Location where services will be performed;

3.2.3.3 The project schedule when requested by City;

The project schedule shall point out any activities and/or products or materials that may impact the project timeline, including but not limited to, lead time(s) for material sourcing; shipping and receiving delays; and any other delays.

3.2.3.4 Estimated cost for the requested services, including the following. Items not specified are assumed to be included in the hourly rate.

3.2.3.4.1 Labor costs

3.2.3.4.2 Tools and materials;

3.2.3.4.3 Equipment;

3.2.3.4.4 Subcontractor services

3.2.3.4.5 Any additional costs such as travel, taxes, fees and any other reimbursable expenses; and

3.2.3.4.6 Total not to exceed price.

3.2.4 Items not included in the quote are assumed to be included in the hourly rate.

3.2.5 Materials and equipment with a value that exceeds the City's competitive threshold may require a separate quoting process.

3.2.6 Where the terms of any quote or task order are in conflict with this Agreement, the terms of this Agreement shall prevail.

3.2.7 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement.

3.2.8 The City shall authorize work by issuing Purchase Order referencing this Agreement and the quote or task order. With the exception of emergency services as described in the Emergency Services section 3.2.8 or in the event described in Section 3.2.9.3, Contractor shall not commence work unless Contractor has received a Purchase Order.

3.2.9 Emergency Services

3.2.9.1 An emergency service is defined as an unforeseen event, circumstance, or combination thereof that the City reasonably determines to require immediate action, presents an ongoing danger to public health and safety, and/or imperils SVP facilities and equipment.

3.2.9.2 Emergency services may only be authorized, in writing by an Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer (e-mail is acceptable).

3.2.9.3 Emergency services may be approved verbally, where appropriate, only by the SVP staff identified above. When verbal authorization is given, Contractor shall follow up with City for written confirmation within three (3) days.

3.2.9.4 When emergency services are required, Contractor shall send a quote to City for the required services as soon as possible, but no later than within three (3) business days of starting work. The quote shall be detailed in accordance with this Section 3 and shall include any completed work as well as any additional work required to complete services associated with the emergency.

3.2.10 Changes

3.2.10.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the quoted project cost. Contractor shall provide reason for the change specific to each Purchase Order.

3.2.10.2 In the event that unanticipated site conditions or other issues result in costs that exceed the approved purchase order, Contractor shall submit to the City an updated quote or task order for review and approval from the City in advance of performing the work and shall receive an update Purchase Order in advance of performing additional work.

3.2.10.3 In the event that issues are identified that can be most efficiently and economically resolved while on site, changes may be approved verbally (in the field), by telephone, or e-mail by the following authorized individuals: Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer. Contractor shall provide an updated quote within two (2) business days so that such changes can be documented in a Purchase Order within four (4) business days.

3.2.11 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.2.12 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

4 SCHEDULE OF PERFORMANCE

4.1 Contractor shall perform the services listed above, as needed, during business hours (M-F 9:00am to 5:00pm)

4.2 Any work required using overtime rates shall be identified and approved in writing by City prior to work commencing.

4.3 Contractor may be required to perform the services onsite and/or remotely.

5 REPORTING AND DOCUMENTATION

5.1 Contractor shall provide regular status updates on services performed during the term of the agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

5.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

5.3 Additional reporting shall be indicated in the scope for specific Purchase Orders.

6 STAFFING REQUIREMENTS

6.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

6.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

6.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

6.3.1 Legally authorized to work in United States.

6.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating instructions on any equipment used; and (d) communicate with emergency personnel during emergencies;

6.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

6.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

6.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

6.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

6.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

6.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

6.8.2 SVP shall not unreasonably withhold approval.

6.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

7 SAFETY

7.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

7.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

7.3 The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

7.4 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

7.5 Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the work safely.

7.6 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

7.7 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

8 EMPLOYEE TRAINING

8.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

8.2 Contractor's employee training shall be at no cost to SVP.

8.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

9 PROFESSIONAL BEHAVIOR

9.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

9.2 Contractor's employees shall be neat and clean, and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

9.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

9.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

9.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

9.6 Contractor shall submit any complaints received against it to the City immediately.

EXHIBIT B
SCHEDULE OF FEES

1 MAXIMUM COMPENSATION

The maximum amount of compensation to be paid to Contractor during the Initial Term of this Agreement shall be the amount specified in Section 6 (COMPENSATION AND PAYMENT) of the Agreement.

2 RATES

2.1 City shall pay Contractor in accordance with the rates specified in Exhibit B-1 – Hourly Rates attached and incorporated by reference:

2.2 Contractor shall perform the services listed above, as needed, during business hours (M-F 9:00am to 5:00pm).

2.3 All services shall be quoted and authorized using the Purchase Order process outlined in Exhibit A, Section 3 – Project Quotes and Authorization of Work

2.4 Rates shall remain fixed for the initial two years of the Agreement. After the initial two years Contractor may request adjustments to the compensation rates no more than annually

2.4.1 The Contractor must demonstrate to the satisfaction of the City that a price increase is warranted.

2.4.2 City approval or denial of the requested rate adjustment will be provided in writing (e-mail acceptable).

3 REIMBURSABLE EXPENSES

3.1 Contractor may submit invoices for reimbursement of expenses set forth below, subject to the following conditions.

3.2 Expenses shall be reimbursable only to the extent that the Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required services and that such expenses aren't included in fixed or hourly rates.

3.3 The following expenses shall be reimbursable by City.

3.3.1 Travel-related expenses (mileage, lodging, meals, etc.);

3.3.1.1 Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General

Services Administration (GSA).

https://www.gsa.gov/travel-resources

3.3.1.2 Rental car and airfare, where required, shall be at economy class.

3.3.1.3 City shall not reimburse local travel (within Santa Clara County).

3.3.2 The rental of any specialized equipment to the extent City has preapproved, in writing, the cost of such rental.

3.3.3 The cost of mailing, shipping and/or delivery of any documents or materials on behalf of City.

3.3.4 Any other expenses expressly identified as being reimbursable.

3.4 Except as specified in this Agreement, City will reimburse these expenses at actual cost only plus 10%.

3.5 An estimate of reimbursable expenses shall be included in each quote.

4 INVOICING AND PAYMENTS

4.1 Contractor shall submit an invoice to City monthly, in arrears, for payment for services performed the previous month, pursuant to this Agreement.

4.2 Each invoice shall include the task costs for the previous month and each invoice shall only include only work associated with a single task order or quote.

4.3 City shall review the invoice submitted by Contractor and shall notify Contractor of any discrepancies or deficiencies in said invoice.

4.4 If City disputes an expense in an invoice, City may deduct the disputed expense from the payment of that invoice, provided that City submits to Contractor a written explanation of why the expense is being disputed.

4.5 If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required Certified Payroll, City shall process the invoice for payment.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $2,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $2,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

DocuSign Envelope ID: 1BB29246-CB06-4085-AEFA-17C639C5EA03

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85,

or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance

documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the

terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

DocuSign Envelope ID: 1BB29246-CB06-4085-AEFA-17C639C5EA03

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. Prevailing Wage Requirements

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

Ebix Insurance No. S200004640

AMENDMENT NO. 1
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc. a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, CA, and TRC Solutions, Inc. dated January 26, 2023 (Agreement) for the purpose of having Contractor provide electric utility engineering services; and

B. The Parties now wish to amend the Agreement to update the scope to include the work authorization process and update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 1 of the Agreement, entitled "Agreement Documents" is amended in its entirety to read as follows:

   "The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference.

   Exhibit A – Scope of Services

   Exhibit B – Schedule of Fees

   Exhibit C – Insurance Requirements

   Exhibit D – Labor Compliance Addendum

   Exhibit E – Sample Work Authorization Form

This Agreement, including the Exhibits set forth above, contains all the agreements, representations, and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control."

2. Exhibit A – Scope of Services is hereby deleted in its entirety and replaced with the attached Exhibit A – Scope of Services – Amended January 15, 2024, which is hereby incorporated into the Agreement.

3. Exhibit B – Schedule of Fees is deleted in its entirety and replaced with the attached Exhibit B – Compensation and Fee Schedule – Amended January 15, 2024, which is hereby incorporated into the Agreement.

4. Exhibit E – Sample Work Authorization is hereby attached and incorporated by reference.

5. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

(SIGNATURES ON FOLLOWING PAGE)

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
TRC SOLUTIONS, INC.
EXHIBIT A - SCOPE OF SERVICES
AMENDED JANUARY 15, 2024

1 ELECTRIC UTILITY ENGINEERING SERVICES

Contractor shall perform electric utility engineering services including, but not limited to the following:

1.1 Maintain and update SVP's Aspen Oneliner model including developing project-specific models for Aspen Oneliner model and/or Power Flow;

1.2 Perform engineering studies including, but not limited to:

- **1.2.1** System impact Studies
- **1.2.2** Equipment capacity and rating,
- **1.2.3** Load calculations,
- **1.2.4** Coordination studies,
- **1.2.5** Arc-flash study,
- **1.2.6** Short circuit study for proposed system changes or additions to SVP's system or interconnection points including customers and Pacific Gas and Electric Company (PG&E);

1.3 Perform event and/or root cause analysis;

1.4 Perform protection coordination studies which may include SVP's electrical system as well as interconnection points with customers and PG&E;

1.5 Develop and review protective device, metering, and automation device settings and logic;

1.6 Perform Arc Flash studies using SVP recommended software;

1.7 Prepare and documenting North American Electric Reliability Corporation (NERC) compliance reports;

1.8 Review and/or prepare electrical drawings and recommend options to improve safety and reliability of SVP generation, transmission, and distribution system;

1.9 Update Protection, Control, and Automation (PCA) documents;

1.10 Providing test plans, review test reports of electrical equipment including but not limited to: relays, transformers, circuit breakers, and battery systems;

1.11 Providing engineering support for equipment commissioning and energization activities including but not limited to: design changes, and support testing as required by SVP; and

1.12 Providing on-call protection engineering support services including but not limited to: reviewing test reports of relays, transformers, and batteries; and providing test plans.

1.13 Electric Utility Operational Technology Engineering Services:

1.13.1 Support services for legacy Power Quality (PQ) system ION power logic 6.0 including: database management, system assessment, programming, and corrective actions report;

1.13.2 ION meter programming and configuration;

1.13.3 PQ system upgrade support services;

1.13.4 Support services for server maintenance and cyber security compliance for onsite and/or cloud solutions;

1.13.5 Support services for maintenance and upgrade of synchrophasor systems;

1.13.6 Support services for automation and control devices; and

1.13.7 Scoping and planning services to upgrade existing multiplexer system. This includes but is not limited to: development and review of communication drawings, specifications, and recommendations to improve the system.

1.14 Owners Engineering and Project Management Services

1.14.1 Performing system analysis studies as directed by SVP including, but limited to: Short Circuit Studies; Area Coordination Studies; Planning Studies; Facilities Rating Studies; Arc Flash Studies; System Impact Studies for interconnection; Project development and system expansion studies; and Standards development studies.

1.14.2 Providing project management including but not limited to: scope development, invoicing, tracking deliverables, responding to RFI's, and financial reporting;

1.14.3 Substation and generation plant design services, including developing detailed engineering drawings;

1.14.4 Providing cost estimates for equipment;

1.14.5 Developing standards, procedures, operations guides, and training; and

1.14.6 Providing support services for construction and testing crews.

1.15 Western Electricity Coordinating Council (WECC) and NERC reliability standards analysis and support services as further detailed in Section 2 of this Exhibit A.

2 NERC STANDARDS

2.1 Background:

2.1.1 Silicon Valley Power (SVP) is designated as a Transmission Owner, Transmission Operator, Generator Owner, Generator Operator and Distribution Provider. The California Independent System Operator (CAISO) is SVP's Planning Coordinator, Reliability Coordinator and Balancing Authority.

2.1.2 SVP operates equipment at 230kV and 115Kv.

2.2 Contractor will assist SVP to assure compliance with all NERC standards as they may be amended. Contractor shall remain up to date on all applicable NERC and WECC standards related to the services performed by Contractor. The following are examples:

2.2.1 Generation: MOD-025-2, MOD-026-1, MOD-027-1, PRC-019-2, PRC-024-2, PRC-025-2, PRC-026-1R R2-R4

2.2.2 Facilities: FAC-001-3, FAC-002-3, FAC-005-WECC-1, PRC-010-2, PRC-018-2

2.2.3 Transmission Planning: FAC-014-2, FAC-002-3, FAC-008-3, PRC-006-5, TPL-001-4 or -5, TPL-007-4

2.2.4 Protection Systems: PRC-002-2, PRC-004-6, PRC-005-6, PRC-019-2. PRC-024-2, PRC-023-4, PRC-026-1, PRC-027-1

3 WORK AUTHORIZATION PROCESS

3.1 Contractor acknowledges that Contractor is one of seven (7) firms selected to perform electric utility engineering services, pursuant to seven (7) separate agreements (collectively, the "electric utility engineering services"). Specific Services will be assigned as set forth below.

3.2 City does not give any guarantee to Contractor that City will select Contractor for the performance of any Work Request or any other Services. If City selects Contractor to perform a Work Request, Contractor shall perform the services in this Exhibit A but only to the extent detailed in the Work Authorization and purchase order.

3.3 When Contractor will be required to perform services on an on- going basis, such ongoing services shall be authorized using the Work Authorization Process in this Section 2.

3.4 A Purchase Order ("Purchase Order") is a document issued by the City of

Santa Clara Finance Department which will reference the terms and conditions of this Agreement and serves as final approval for each Approved Work Authorization.

3.5 Work Request

3.5.1 When general consulting services are required, SVP will notify one or more contractors under contract for general Consulting services to provide a proposal for Services.

3.5.2 SVP will provide a description of the Services required, the basis of award, the deadline for response, and any other relevant information (Work Request).

3.6 Proposal

3.6.1 If Contractor has the required expertise and desires to submit a proposal, Contractor shall prepare and submit a proposal (Proposal) that includes:

3.6.1.1 The specific service(s) to be performed. Detail of the services should have a level of detail reflective of the scope, timeline, and cost of the specific project.

3.6.1.2 A work plan that includes a detailed description by task of the services to be performed.

3.6.1.3 A project timeline/schedule with discussion on any activities that may impact the project timeline/schedule such as, but not limited to, material delays or permitting.

3.6.1.4 A list of Contractor's personnel and subcontractors including subcontractor Department of Industrial Relations (DIR) number where required.

3.6.1.5 Any required drawings or documents.

3.6.1.6 A list of City responsibilities.

3.6.1.7 An itemized cost proposal showing:

3.6.1.7.1 Hours and hourly rates by position as listed in Exhibit B for both Contractor and subcontractor personnel if applicable. Indicate labor subject to prevailing wage requirements.

3.6.1.7.2 Subcontractor costs including subcontractor DIR number where required and indicating

prevailing wage and non-prevailing wage services.

3.6.1.7.3 Parts/materials

3.6.1.7.4 Rental and/or specialty equipment

3.6.1.7.5 Reimbursable expenses, in accordance with the limitations set forth in Exhibit B.

3.6.1.7.6 Any additional costs including, but not limited to freight, permits, fees.

3.6.1.7.7 Breakdown of materials and labor sufficient to calculate sales tax. Taxable and non-taxable items shall be itemized in a manner that will permit the City to accurately calculate sales tax.

3.6.1.7.8 Estimated total cost including sales tax.

3.6.1.7.9 All submitted pricing shall be in accordance with the rates authorized in Exhibit B of this Agreement and the Proposal shall include sufficient information for the City to determine that rates are in accordance with the Agreement.

3.6.1.7.10 Cost for any additional equipment, parts, materials, or services required for completion of services as detailed in the Work Request and in Contractor's Proposal but not reflected in the Contractor's cost proposal shall be the sole responsibility of the Contractor and at no cost to the City.

3.6.2 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor. Contractor must submit a revised Proposal to the City based upon such negotiations. The final proposal shall include a clear breakdown of materials and labor indicating taxable and non-taxable items and an estimate of sales tax.

3.7 Work Authorization:

3.7.1 If the completion of the services in the Proposal will not result in total costs under this Agreement exceeding the maximum compensation in Section 6 of the Agreement, (when combined

with all previously authorized Services), the City may authorize the proposed services as set forth in this Section.

3.7.2 To authorize work, the City and Contractor shall execute a Work Authorizations in substantially the same format as Exhibit E. Each Work Authorization shall describe the proposed services and deliverables the Contractor must provide, the time limit within which the Contractor must complete the proposed service and deliverables, and the compensation for the services.

3.7.3 Subject to the terms and conditions of this Agreement, Contractor and City will negotiate the specific scope and requirements of each Work Authorization. Upon execution by the Parties, the Work Authorization shall become an Approved Work Authorization.

3.7.4 Each Approved Work Authorization shall have a Purchase Order attached to it.

3.7.5 Only the Assistant Director of the Electric Utility, Electric Utility Chief Operating Officer, or Chief Electric Utility Officer may, on behalf of the City, execute a Work Authorization. Purchase orders are issued by the Finance Department.

3.7.6 Contractor shall not initiate the additional services and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order.

3.8 Changes to Work Authorization:

3.8.1 Contractor shall notify the City immediately when a situation occurs that may result in a change to the total project cost or specific line items in an Approved Work Authorization or Purchase Order. Contractor shall provide the reason for the change specific to each Approved Work Authorization or Purchase Order.

3.8.2 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

3.8.3 In the event that unanticipated site conditions or other issues result in costs that exceed total of the Approved Work Authorization or changes to line items in an Approved Work Authorization or in the Purchase Order, Contractor shall submit

to the City an updated Proposal for review and approval from the City in advance of performing any additional required services. The City will issue a new or amended Work Authorization and changed Purchase Order to authorize such additional services. Each changed Work Authorization and Purchase Order shall amend the Services and be incorporated into the Services by reference.

3.8.4 Contractor shall not initiate the additional services associated with changes and the City will not compensate the Contractor until the City has executed the Work Authorization for such additional services where applicable ("Approved Work Authorization") and issued a Purchase Order or changed Purchase Order.

3.9 Proposals, pricing, and quotes are not confidential and will not be treated as confidential even if marked confidential when submitted.

3.10 An Approved Work Authorization must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in an Approved Work Authorization – even if the Approved Work Authorization expressly states that it is intended to control. Any conflicting terms and conditions in an Approved Work Authorization are invalid and unenforceable.

3.11 Each Approved Work Authorization and Purchase Order including those authorized prior to execution of this Amendment No. 1 shall be incorporated into the Agreement by reference and subject to its terms and conditions and the Services contained therein shall be included within the Services.

3.12 If Contractor begins the Services or fails to dispute a Purchase Order within three (3) business days, Contractor is assumed to have accepted the terms of the Purchase Order.

3.13 The City (through the individuals listed in section 2.7.5 or, in the case of Purchase Orders, the Finance Department) may terminate an Approved Work Order or Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination.

3.14 Contractor shall not initiate any project assignment that will result in costs exceeding the compensation in the Agreement or are anticipated to extend past the term of this Agreement.

3.15 SVP shall not be required to pay a deposit or any other form of pre-payment prior to the Contractor beginning work.

DocuSign Envelope ID: 433E6009-E0E1-4F8A-9375-3112DE01D6D1

3.16 Contractor shall not initiate services before a Work Authorization has been executed and/or Purchase Order has been issued."

4 E-BUILDER

4.1 When required by City, Contractor shall use e-Builder for submission of data and documents throughout the term of this agreement.

4.2 e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

4.3 The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance to the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor in the future.

4.4 Contractor is required to obtain all necessary training to use the software. The City will provide one classroom training or a web-based seminar. A training session is 1 - 2 hours.

4.5 e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with the usage of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will the usage of e-Builder be grounds for a time extension or cost adjustment to the Agreement.

4.6 Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned.

4.7 Contractor is responsible for managing, tracking, and documenting the Services to comply with the requirements of this Agreement. The City's acceptance via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute a validation of the Contractor's submitted information.

4.8 At the City's sole discretion, project documents may be processed and distributed digitally over the internet or may be required to be presented in hard copy format.

4.9 While regular email may still be used for communication, when requested by the City, e-Builder shall be utilized as much as possible in connection with all document and information management required in the performance of projects where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all project submittals and Contractor correspondence, drawings, sketches, etc., and uploading them to the e-Builder website and shall be responsible for the validity of the information placed in e-Builder. The Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, the Contractor shall include a form of its own or one provided by the City (if available) as an attachment to a submittal or process. Documents and information to be submitted electronically include, but are not limited to:

4.9.1 Correspondence

4.9.2 Meeting minutes

4.9.3 Product data, reports, certifications, etc. must be submitted in PDF. (If a sample can be scanned, it is requested that a scanned PDF copy be submitted with the sample).

4.9.4 Requests for Information (RFI's)

4.9.5 Submittals and shop drawings

4.9.6 Change order requests and documentation, including record copies of change orders, proposals, and modifications.

4.9.7 Pay applications

4.9.8 "Official" correspondence (such as letters) including informal correspondence, such as email.

4.9.9 Pre-Task Plans (PTPs)

4.9.10 Daily construction reports and other daily reports including Contractor Quality Control (CQC) Reports

4.9.11 All official reports, such as commissioning reports

4.9.12 Notices and claims

4.9.13 Operations and maintenance manuals

4.9.14 All close-out documents, and

4.9.15 All testing results

4.10 Archive Copies: When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on the e-Builder for the duration of each project. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

4.11 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to utilize the new project management tool selected by the City.

5 SCHEDULE OF PERFORMANCE

5.1 Unless otherwise requested and authorized by City, Contractor shall perform the services listed above, as needed, during business hours (M-F 8:00am to 5:00pm).

5.2 Any work required using overtime rates shall be identified and approved in writing by City prior to work commencing.

5.3 Contractor may be required to perform the services onsite and/or remotely.

6 REPORTING AND DOCUMENTATION

6.1 Contractor shall provide regular status updates on services performed during the term of the agreement. Depending on work activity, status updates may be required daily, weekly, or monthly at the direction of SVP.

6.2 Required reports may include cost and schedule updates for services Contractor is providing to the City.

6.3 Additional reporting shall be indicated in the scope for specific Purchase Orders.

7 STAFFING REQUIREMENTS

7.1 The Contractor shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary to perform the required services.

7.2 Contractor shall employ only competent, skilled workers who are appropriately trained and/or licensed to perform the required services.

7.3 Contractor shall ensure the following employment standards for all employees (including subcontractors) are complied with and enforced throughout the term of this Agreement.

7.3.1 Legally authorized to work in United States.

7.3.2 Sufficiently fluent in English to: (a) comprehend the instructions of Contractor personnel; (b) offer the level of customer service established by SVP; (c) understand the safety and operating

instructions on any equipment used; and (d) communicate with emergency personnel during emergencies.

7.4 Contractor shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Exhibit A, including but not limited to, DOT requirements for commercial driver's license and required drug testing if applicable.

7.5 SVP may request verification of the assigned employees' qualifications at any time. Contractor shall promptly provide such verification upon request by SVP.

7.6 Contractor shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

7.7 Contractor's employees and any subcontractors shall supply proper identification when requested by SVP.

7.8 Contractor shall inform SVP immediately of any change in key personnel assigned to this project.

7.8.1 Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to SVP for review and approval.

7.8.2 SVP shall not unreasonably withhold approval.

7.9 SVP reserves the right to request the removal of any Contractor employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. The Contractor shall promptly respond to requests for replacement personnel.

8 SAFETY

8.1 Contractor shall comply with all site-specific safety requirements and procedures including but not limited to Lockout/Tagout (LOTO), Confined Space, Fall Protection, Chemical Safety, Hazardous Waste and Personnel Protective Equipment (PPE).

8.2 Contractor, its employees, and any subcontractors shall always act in a safe manner while on SVP property.

8.3 The Contractor shall be responsible for creating a safe work environment for all personnel and City employees as well as for traffic control at the job site.

8.4 Contractor's safety provisions shall be in accordance with all applicable federal, state, county, and local laws, ordinances and codes.

8.5 Contractor's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which the Contractor's employee has a current doctor's prescription) on City property and while performing services for the City. Employees using prescribed medication will not engage in any work if the

medication can potentially impair the employee's ability to perform the work safely.

8.6 Contractor's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. Contractor shall provide the required PPE and FR clothing at its own expense.

8.7 Contractor shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

9 EMPLOYEE TRAINING

9.1 Contractor shall train all employees (including subcontractors) assigned to perform the required services.

9.2 Contractor's employee training shall be at no cost to SVP.

9.3 Contractor shall ensure that all employees (including subcontractors) who will be involved in the performance of services for SVP understand how to safely inspect, maintain, and repair systems as required for their respective positions.

10 PROFESSIONAL BEHAVIOR

10.1 Contractor shall be responsible for the conduct, demeanor and appearance of its employees while on or about the job site or while acting in the course and scope of employment.

10.2 Contractor's employees shall be neat and clean, and shall act in a courteous and professional manner. No employee shall use improper language or act in a loud, offensive, or otherwise improper manner.

10.3 Contractor's employees shall be trained as to the requirements of their positions and the importance of performing their jobs according to the SVP's instructions.

10.4 Contractor's employees shall be all times polite and courteous in their dealings with SVP staff and members of the public, treating them with patience and respect.

10.5 Contractor's employees shall speak clearly and in a professional manner while interacting with members of the public, offering the assistance needed by each person.

AMENDMENT NO. 1
AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA
AND
TRC SOLUTIONS, INC.
EXHIBIT B – COMPENSATION AND FEE SCHEDULE
AMENDED

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rates. Contractor shall submit Proposals and invoice all Services at the rates listed in Appendix B-1 – HOURLY RATES attached and incorporated by reference.

2.2 Rates listed in Appendix B1 are fully burdened.

2.3 Rate Increase. Rates may be negotiated no more than once annually. Contractor shall notify the City ninety (90) days in advance of any proposed rate increase. Any rate increases are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City. All rate adjustments must be approved by the City through an amendment to this Agreement. References to alternate rates in quotes that have not been separately authorized pursuant to this section are not approved.

2.4 Reimbursable Expenses. Any and all reimbursable expenses related to each Work Authorization or Purchase Order shall be described in Contractor's Proposal as set forth in Section 2 of Exhibit A and accounted for in the total cost for each Proposal, Work Authorization, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 2 of Exhibit A, (4) Contractor submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred.

	Reimbursable Expense Schedule	Mark Up
1	Subcontractor Services	Not to exceed 10%
2.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
3.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
4.	Charges for outside services (including fees, equipment, materials, and facilities not furnished directly by Contractor).	No Markup
5.	Other reimbursable expenses with prior written approval from the City	No Markup
6.	Allowable mileage will be charged at the prevailing IRS rate per mile.	No Markup
7.	Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related per diem shall not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	No Markup

SECTION 3. PAYMENT PROVISIONS

3.1 Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

3.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

3.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

3.1.3 Each invoice shall provide sufficient detail for City to verify that the rates listed in Appendix B-1 are charged. Additionally, invoices shall include sufficient detail to allow for accurate comparison with certified payroll submittals.

3.2 Pre-Payment. City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

3.3 Payment Limited to Satisfactory Work. Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

3.4 Recalculation. The City may recalculate and pay invoices based on the rates established in this Agreement.

3.5 Certified Payroll. When applicable, Contractor must submit all necessary certified payrolls through LCP Tracker in advance of its request for payment. These submittals shall comply with the requirements set forth in Exhibit D and are subject to verification by the City.

3.6 Disputed Invoices. If the City in good faith disputes any portion of an invoice, the City shall pay the undisputed portion of the invoice and submit written notice to Contractor regarding the disputed amount. The notice shall include documentation supporting the disputed amount.

3.7 Payment. If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

APPENDIX B-1 – HOURLY RATES

Job Category	Labor Classification	Hourly Rates Effective Jan. 1, 2023 thru Dec. 31, 2023	Hourly Rates Effective Jan. 1, 2024
Power System Studies	Manager	$ 221.55	$ 233.74
	Principal Power System Engineer	$ 205.73	$ 217.04
	Lead Power System Engineer		$194.78
	Senior Power System Engineer	$ 184.63	$ 180.03
	Power System Engineer	$ 156.67	$ 165.28
	Associate Power System Engineer	$ 126.60	$ 133.56
Engineering Substation & Transmission	Manager	$ 221.55	$ 233.74
	Principal Engineer	$ 191.48	$ 202.01
	Senior Engineer	$ 174.08	$ 183.65
	Engineer	$ 156.67	$165.28
	Associate Engineer	$ 124.49	$131.34
	Lead Designer	$ 162.47	$171.41
	Senior Designer	$ 127.66	$134.68
	Designer	$ 115.00	$ 121.32
	Drafter	$ 92.84	$ 97.95
Engineering Distribution	Principal Distribution Engineer	$ 169.01	$ 178.31
	Senior Distribution Engineer (Level IV)	$ 147.70	$ 155.82
	Senior Distribution Engineer (Level III)	$ 137.55	$ 145.12
	Distribution Engineer (Level II)	$ 124.49	$131.34
	Associate Distribution Engineer (Level I)	$ 115.00	$ 121.32
	Lead Designer	$ 121.33	$ 128.00
	Senior Designer	$ 115.00	$ 121.32
	Designer	$ 109.72	$ 115.75
	Drafter/GIS Specialist	$ 92.84	$ 97.95
Project Management	Senior Project Manager	$ 191.48	$ 202.01
	Project Manager	$ 174.08	$183.65
	Project Coordinator	$ 121.33	$ 128.00
	Project Controls Scheduler	$ 158.25	$ 166.95

EXHIBIT E

SAMPLE WORK AUTHORIZATION FORM

This work authorization ("Work Authorization") is made pursuant to the Agreement for Service between the City of Santa Clara and TRC Solutions, Inc. ("Agreement"). This Work Authorization is governed by the provisions of the Agreement and is hereby incorporated into that Agreement by reference. All Services shall be using the terms and rates included in the Agreement. In the event of any inconsistency between the terms and conditions of the Work Authorization and the Agreement, the terms and conditions of the Agreement shall govern and control.

PART A: GENERAL INFORMATION

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK AUTHORIZATION

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF SERVICES TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the terms and conditions of the Agreement. (Insert a detailed Scope of Services below or attach as a separate file.) Scope of Services and cost proposal shall meet all of the provisions of Section 4 of Exhibit A and Section 2 of Exhibit B.

3. COMPENSATION

a. Basis of Compensation: ☐ Time & Materials ☐ Fixed Fee

b. Reimbursable Expenses:

☐ No expenses are reimbursable.

☐ Expenses are separately reimbursable in the maximum amount of:

_____

c. Payment Schedule:

☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Services

d. Payment Terms. Provide payment terms below or attach as a separate file. *Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.
☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the Scope of Services, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of Contractor or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for Contractor's failure to meet the agreed delivery schedule.

AMENDMENT NO. 2
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This agreement ("Amendment No. 2") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc. a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services, Inc., dated January 26, 2023 (Agreement) for the purpose of having Contractor provide electric utility engineering services to support Silicon Valley Power (SVP); and

B. The Agreement was previously amended by Amendment No. 1, dated February 22, 2024. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. APPENDIX B-1 – HOURLY RATES of the Agreement as Amended is hereby deleted in its entirely and replaced with the attached APPENDIX B-1 "HOURLY RATES – AMENDED SEPTEMBER 15, 2024, which is hereby incorporated into the Agreement as Amended.

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 2, the provisions of this Amendment No. 2 shall control.

DocuSign Envelope ID: DFB78A7C-D44A-4BCF-9405-08A8C943C0DE

The Parties acknowledge and accept the terms and conditions of this Amendment No. 2 as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

AMENDMENT NO. 3
TO THE AGREEMENT FOR DESIGN PROFESSIONAL SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRC SOLUTIONS, INC.

PREAMBLE

This third amendment to the agreement for design services ("Amendment No. 3") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and TRC Solutions, Inc., a California corporation, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Design Professional Services Between the City of Santa Clara, California, and TRC Solutions, Inc.," dated January 26, 2023, (Agreement) for the purpose of having Contractor provide electric utility engineering services to support Silicon Valley Power (SVP); and

B. The Agreement was previously amended by Amendment No. 1, dated February 22, 2024, Amendment No. 2, dated October 17, 2024, and is again amended by this Amendment No. 3. The Agreement and all previous amendments are collectively referred to herein as the "Agreement as Amended"; and

C. The Parties now wish to amend the Agreement as Amended to update the hourly rates.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Table B-1 of Exhibit B of the Agreement as Amended is hereby deleted in its entirely and replaced with the attached "Third Revised - Table B-1 - Hourly Rates," which is hereby incorporated into the Agreement as Amended.

2. Except as set forth herein, all other terms and conditions of the Agreement as Amended shall remain in full force and effect. In case of a conflict in the terms of the Agreement as Amended and this Amendment No. 3, the provisions of this Amendment No. 3 shall control.

Docusign Envelope ID: 2C65ED2D-839D-48C1-994F-96DAC25836D0

The effective date of this Amendment No.3 is the date of City's execution of this amendment.

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND ELECTRIC POWER ENGINEERS, LLC

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electric Power Engineers, LLC, a Delaware limited liability company (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services and goods of the quality and type which meet objectives and requirements of City; and,

C. The Parties agree that Contractor will perform the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2025, and terminate on November 30, 2030 (“Initial Term”).

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to one (1) additional years through November 30, 2031 (“Option Periods”) in such increments as determined by City. The Option Periods shall be authorized through an Amendment to this Agreement executed by the Parties. The Initial Term and Option Periods shall collectively be referred to as “Term”.

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Contractor expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Contractor. If Contractor fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

A. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services, including its duties and obligations, expressed and implied, contained herein. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Contractor’s representations regarding its skills and knowledge.

B. Contractor warrants that all employees and subcontractor, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Contractor shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to those of the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Contractor's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Contractor from compliance with the obligations and penalties resulting therefrom.

D. Contractor represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Contractor to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all Services rendered and material provided by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials and equipment provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Contractor to perform any of Contractor's duties or obligations or the breach by Contractor of any of the terms and conditions set forth in this Agreement. In addition, Contractor shall be deemed to be in Default upon Contractor (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the

benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Contractor's assets or of Contractor's interests hereunder. In the event of any Default by Contractor, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Contractor shall have no further rights hereunder

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement. Contractor has full rights to manage its workers, contractors and or employees in their performance of Services.

Contractor shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to

City, which state the persons are not employees of the City, and such persons are required to immediately report to Contractor any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Contractor must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Contractor to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Contractor will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Contractor shall require that its workers and or personnel immediately report to their respective Contractor supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Contractor pricing, and Contractor proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential

Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed

Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Contractor will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Contractor such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Contractor, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Contractor, its officers, employees, agents and subcontractors, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Contractor or any other party. Contractor shall, at Contractor's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Contractor, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Contractor will be at City's sole risk and without liability to Contractor. Further, any and all liability arising out of changes made to Contractor's deliverables under this Agreement by City or persons other than Contractor, is waived against Contractor and City assumes full responsibility for such changes unless City has given Contractor prior notice and has received from Contractor written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Contractor for the purpose of verifying any and all Contractor invoices and charges.

B. Contractor shall keep records and invoices in connection with the Services for the length of the Audit Period. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Contractor shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Contractor's accounting procedures and internal controls of Contractor's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Contractor fails to provide supporting documentation satisfactory to City for costs charged, then Contractor agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Contractor agrees to fully cooperate with any such audit(s).

D. Contractor will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Contractor's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Contractor. If Contractor fails to make such payment, Contractor agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Contractor reimburses City for

any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Contractor to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Contractor.

E. Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees, subcontractors, affiliates, or persons contracting with Contractor to perform any portion of the Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for

any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

D. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Contractor fails to obtain such indemnity obligations from others as required here, Contractor shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Electric Power Engineers, LLC
Attention: Hugo E. Mena, P.E., Chief Growth Officer
Austin, TX 78735
and by e-mail at legal@epeconsulting.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

Docusign Envelope ID: 3C8495D9-B624-4832-8256-7FBA8254DFE3

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

SECTION 1. BACKGROUND

1.1 The City of Santa Clara's electric utility, Silicon Valley Power (SVP) is currently limited in the amount of additional electric load that can be supported by its existing distribution and transmission infrastructure.

1.2 As a result of growing electric demand, SVP requires increased support in the areas of transmission and distribution system analysis, transmission and/or distribution system planning, and interconnection analysis to examine potential system upgrades or rearrangements.

SECTION 2. GENERAL

2.1 Subject to Section 7, Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to perform engineering support services ("Services"). These services are limited to technical and support functions. Any work such as the preparation or approval of stamped plans, engineering designs performed under responsible charge, construction project management, land surveying, or other professional engineering services are outside the scope of this Agreement and are provided under separate agreements maintained by the City.

2.2 Contractor shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

2.3 Contractor will primarily perform Services in City of Santa Clara limits.

2.4 To the extent not inconsistent with this Agreement, the City's RFP-23-24-73 (including subsequent updates) and Contractor's proposal response dated March 28, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

SECTION 3. SERVICES TO BE PERFORMED

Contractor will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 7.

3.1 Commissioning and Testing Support

3.1.1 Testing Support

3.1.1.1 Develop test plans; and,

3.1.1.2 Review and approve test results.

3.1.2 Commissioning Services

3.1.2.1 Develop commissioning plans; and

3.1.2.2 Review and approve commissioning results.

3.1.3 Factory Acceptance/Witness Testing

3.1.3.1 Perform equipment factory inspections at 85% equipment manufacturing level to ensure supplier compliance with SVP specifications;

3.1.3.2 Perform equipment 100% level factory inspection; and

3.1.3.3 Perform factory acceptance testing.

SECTION 4. SPECIFIC REQUIREMENTS

4.1 Contractor shall be responsible for providing the following, as required for the Services:

4.1.1 Supervision and administrative support

4.1.2 Program and project management services

4.1.3 Scheduling and logistical planning

4.1.4 Subcontractor management

SECTION 5. REPORTS

5.1 Service Reports

5.1.1 Within seven (7) days after written final acceptance by the City of Services, Contractor shall provide a report to the City, which shall include the following information:

5.1.1.1 Description of the Services performed (e.g., project scheduling, testing, analysis)

5.1.1.2 Summary of existing conditions observed during performance of Services

5.1.1.3 Any information that may be requested by the City.

5.2 Status Reports

5.2.1 Contractor shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

5.2.2 City may, at its sole discretion, require Contractor to provide status updates daily, weekly, or monthly at the direction of City.

5.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 6. COMPLETION OF SERVICES

Contractor shall perform and complete the Services in a timely, efficient manner, Contractor shall also (1) ensure the site is restored to its condition at the issuance of the applicable Purchase Order, and (2) equipment and/or system is operational as soon as possible.

SECTION 7. SERVICE REQUEST

7.1 Contractor acknowledges that Contractor is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 7. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 7 contains the process for awarding Services under a master agreement process.

7.2 When the City requires services, City will notify contractor(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

7.3 Contractor shall prepare and submit a written proposal (Proposal). Contractor's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

7.4 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor, including negotiate the scope, schedule, staffing, and pricing.

7.5 Authorization of Work; Issuance of Purchase Order

7.5.1 If there are multiple firms, the City will select a contractor proposal based on evaluation/award criteria established by the City. If City accepts Contractor's proposal, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.5.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

7.5.3 Contractor shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Contractor elects not to perform the Services. If Contractor (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fails to respond within the seven-day period, then Contractor will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

7.6 Additional Services or Modifications:

7.6.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Contractor shall provide the reason for the change specific to each Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope.

7.6.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.6.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 7.2.

7.6.4 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

7.7 Immediate Need / Interim Work Orders

7.7.1 The City may authorize Contractor to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

7.7.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

7.7.1.2 In the event work is required to maintain a critical City function or project schedule.

7.7.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.7.3 Following issuance of an interim authorization, Contractor shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the term of this Agreement.

7.7.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.8 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

7.9 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, Purchase Order, and the City's RFP-23-24-73 (including subsequent updates) and Contractor's proposal response dated March 28, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, and (4) the City's RFP-23-24-73 (including subsequent updates) and (5) Contractor's proposal response dated March 28, 2024.

7.10 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 8. WORKMANSHIP

8.1 Contractor shall perform all Services in a professional and environmentally responsible manner that meets or exceeds industry and professional standards of

Docusign Envelope ID: 3C8495D9-B624-4832-8256-7FBA8E49DE93

performance. All Services shall be performed by a Contractor employee skilled in the particular task to which they are assigned.

SECTION 9. PERMITS AND LICENSES

9.1 Contractor shall obtain, maintain, and pay for all licenses, permits, and certificates required by any statute, ordinance, rule, or regulation in order to perform the Services.

SECTION 10. SAFETY

10.1 Safety must always be the top priority. Contractor shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Contractor shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

10.2 Where applicable, Contractor shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

10.3 If required by applicable law due to the nature of the Services, Contractor shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Contractor shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

10.4 As applicable, Contractor shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Contractor during these inspections.

10.5 Where applicable, Contractor must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Contractor must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Contractor.

10.6 Where applicable, Contractor's employees (including any subcontractors) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Contractor.

10.7 When requested by the City, Contractor shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Contractor Project Manager/On-Site Supervisor (as defined in Section 12) and Contractor employees.

SECTION 11. INJURY/PROPERTY DAMAGE

Contractor shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Contractor shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Contractor shall assist as required.

SECTION 12. CONTRACTOR PERSONNEL

12.1 Project Manager/On-Site Supervisor

Contractor must designate one (1) Project Manager or On-Site Supervisor to communicate with the City during the performance of Services. The Project Manager/On-Site Supervisor is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

12.2 Staffing

12.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

12.2.2 Contractor shall ensure its employees and any subcontractors supply proper identification when requested by the City.

12.2.3 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

12.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

Docusign Envelope ID: 3C8495D9-B624-4832-8256-7FBA8C2E4DF3

12.3 Employee Training

12.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subcontractors) appropriate to the duties and responsibilities of each employee.

12.3.2 It is essential that all employees be thoroughly trained and familiar with the equipment and procedures to be followed.

12.3.3 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

12.3.4 Contractor shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

12.3.5 At the City's request, Contractor shall submit copies of training records for its employees.

12.4 Standards of Conduct

12.4.1 Contractor is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Contractor shall ensure that while on or about the work site, its employees do not:

12.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

12.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

12.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

12.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

12.4.2 If a Contractor employee fails to meet these standards of conduct, Contractor shall immediately remove the employee and provide a replacement. Contractor shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

12.4.3 In the event that a complaint is made against a Contractor employee, Contractor shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 13. E-BUILDER

13.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

13.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

13.3 E-builder Training. Contractor is required to obtain all necessary training to use the e-builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

13.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Contractor's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

13.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

13.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

13.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

13.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

13.9 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: 3CB95D9A-B624-4832-8256-7FBA62E4DF93

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Contractor shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Contractor must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Contractor shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Contractor's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Contractor may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Contractor may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 7.3 of Exhibit A, including issuance of a Purchase Order, (4) Contractor submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	No Markup
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. for business related travel. However, Contractor must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Contractor may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Contractor pays its employees a per diem rate lower than the GSA rate, the Contractor may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Contractor elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Contractor for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Contractor shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Contractor may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Contractor and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Contractor shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

Docusign Envelope ID: 3CB95E9A-B624-4832-8257-7FBA8254DFE3

4.5 Certified Payroll

When applicable, Contractor and all subcontractors shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Contractor for correction and resubmittal before payment can be processed. Contractor shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Contractor.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes

and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of two million dollars ($2,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such or cancellation.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense,

provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara [*insert City department name here]
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

AMENDMENT NO. 1
TO THE AGREEMENT FOR SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
ELECTRIC POWER ENGINEERS, LLC

PREAMBLE

This amendment to the agreement for services ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electric Power Engineers, LLC, a Delaware limited liability company, (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement for Services, dated February 4, 2026 (Agreement) for the purpose of having Contractor provide engineering support services; and

B. The Parties now wish to amend Exhibit A of the Agreement to include additional services..

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. Section 3 of Exhibit A of the Agreement is hereby deleted in its entirety and replaced with the following:

SECTION 3. SERVICES TO BE PERFORMED
Contractor will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 7.

3.1 Transmission Planning for Real-Time Operations

3.1.1 Flow and contingency analysis, to maintain reliable operation. Contractor will provide requirements for clearance conditions and support the development and documentation of operating requirements and instructions in the outage plans and operating procedures.

3.2 System Enhancement/Expansion Transmission Planning Services

3.2.1 Definition and documentation of system planning and operational criteria;

Docusign Envelope ID: 66798C71-3529-4A2B-82EE-37A8450247C9

3.2.2 Review and performance of system planning studies including load flows, short circuit studies, voltage and stability analysis, and reactive power requirements;

3.2.3 Identification of projects and alternatives necessary to meet required planning criteria;

3.2.4 Preliminary project development to define project scope, including permitting requirements, land requirements, and preliminary construction scope which may be used by a licensed engineer to complete the project design.

3.2.5 Estimating of design and construction cost estimates (level 4);

3.2.6 Schedule development;

3.2.7 Provide basis for updating the Load Development Fee;

3.2.8 Operations planning with both short-term and long-term horizons;

3.2.9 Prepare models for the California Independent System Operator (CAISO)

3.2.10 Transmission Planning submittals, and associated regulatory requirements for meeting Transmission Planning (TP) North American Electric Reliability Corporation (NERC) that meet TPL-001-5 requirements. https://www.nerc.com/pa/Stand/Reliability Standards/TPL-001-5.1.pdf

3.2.11 Complete affected system studies for customer interconnections.

3.3 Project Scheduler

3.3.1 Creation of a baseline schedule including design and construction in Primavera P6;

3.3.2 Monthly Primavera P6 schedule updates (.xer and PDF) and status report.

3.4 Communications Engineering (wide area network)

3.4.1 Fiber optic multiplexer replacement design and construction support, and project management;

3.4.2 Fiber optic multiplexer replacement field implementation support;

3.4.3 Support for testing and commissioning the new fiber optic multiplexer system platform;

3.4.4 Support maintenance and management of a new fiber optic multiplexer system platform;

3.4.5 Wide Area Network (WAN) design standards development;

3.4.6 Mesh and point-to-multipoint two-way radio communication network design and architecture; and

3.4.7 Closed loop testing of devices.

3.5 System Operations Business Planning

3.5.1 Develop Life Cycle Cost Analysis regarding any new equipment added to the existing utility system including staffing increases, increased maintenance, replacement cost and materials; and

3.5.2 Develop spare equipment strategy and inventory support for any new equipment added to the existing utility.

3.6 Commissioning and Testing Support

3.6.1Testing Support

3.6.1.1 Develop test plans; and,

3.6.1.2 Review and approve test results.

3.6.2 Commissioning Services

3.6.2.1 Develop commissioning plans; and

3.6.2.2 Review and approve commissioning results.

3.6.3 Factory Acceptance/Witness Testing

3.6.3.1 Perform equipment factory inspections at 85% equipment manufacturing level to ensure supplier compliance with SVP specifications;

3.6.3.2 Perform equipment 100% level factory inspection; and

3.6.3.3 Perform factory acceptance testing.

2. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The effective date of this Amendment No. 1 is the date of City's execution of this amendment.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND FLYNN RESOURCE CONSULTANTS, INC.

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Flynn Resource Consultants, Inc., a California corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services and goods of the quality and type which meet objectives and requirements of City; and,

C. The Parties agree that Contractor will perform the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2025, and terminate on November 30, 2030 ("Initial Term").

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to one (1) additional years through November 30, 2031 ("Option Periods") in such increments as determined by City. The Option Periods shall be authorized through an Amendment to this Agreement executed by the Parties. The Initial Term and Option Periods shall collectively be referred to as "Term".

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Contractor expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Contractor. If Contractor fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

A. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services, including its duties and obligations, expressed and implied, contained herein. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Contractor's representations regarding its skills and knowledge.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

B. Contractor warrants that all employees and subcontractor, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Contractor shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to those of the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Contractor's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Contractor from compliance with the obligations and penalties resulting therefrom.

D. Contractor represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Contractor to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all Services rendered and material provided by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials and equipment provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Contractor to perform any of Contractor's duties or obligations or the breach by Contractor of any of the terms and conditions set forth in this Agreement. In addition, Contractor shall be deemed to be in Default upon Contractor (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Contractor's assets or of Contractor's interests hereunder. In the event of any Default by Contractor, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Contractor shall have no further rights hereunder

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement. Contractor has full rights to manage its workers, contractors and or employees in their performance of Services.

Contractor shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

City, which state the persons are not employees of the City, and such persons are required to immediately report to Contractor any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Contractor must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Contractor to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Contractor will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Contractor shall require that its workers and or personnel immediately report to their respective Contractor supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Contractor pricing, and Contractor proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

B. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Contractor will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Contractor such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Contractor, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Contractor, its officers, employees, agents and subcontractors, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Contractor or any other party. Contractor shall, at Contractor's sole cost and expense, provide such documents and material to City upon written request.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

C. Documents and material prepared by Contractor, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Contractor will be at City's sole risk and without liability to Contractor. Further, any and all liability arising out of changes made to Contractor's deliverables under this Agreement by City or persons other than Contractor, is waived against Contractor and City assumes full responsibility for such changes unless City has given Contractor prior notice and has received from Contractor written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Contractor for the purpose of verifying any and all Contractor invoices and charges.

B. Contractor shall keep records and invoices in connection with the Services for the length of the Audit Period. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Contractor shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Contractor's accounting procedures and internal controls of Contractor's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Contractor fails to provide supporting documentation satisfactory to City for costs charged, then Contractor agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Contractor agrees to fully cooperate with any such audit(s).

D. Contractor will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Contractor's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Contractor. If Contractor fails to make such payment, Contractor agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Contractor reimburses City for

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Contractor to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Contractor.

E. Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees, subcontractors, affiliates, or persons contracting with Contractor to perform any portion of the Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for

any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

D. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Contractor fails to obtain such indemnity obligations from others as required here, Contractor shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Flynn Resource
Attention: Doug Boccignone, President
5440 Edgeview Drive
Discovery Bay, CA 94505
and by e-mail at dougbocc@flynnrci.com

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

SECTION 1. BACKGROUND

1.1 The City of Santa Clara's electric utility, Silicon Valley Power (SVP) is currently limited in the amount of additional electric load that can be supported by its existing distribution and transmission infrastructure.

1.2 As a result of growing electric demand, SVP requires increased support in the areas of transmission and distribution system analysis, transmission and/or distribution system planning, and interconnection analysis to examine potential system upgrades or rearrangements.

SECTION 2. GENERAL

2.1 Subject to Section 7, Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to perform engineering support services ("Services"). These services are limited to technical and support functions. Any work such as the preparation or approval of stamped plans, engineering designs performed under responsible charge, construction project management, land surveying, or other professional engineering services are outside the scope of this Agreement and are provided under separate agreements maintained by the City.

2.2 Contractor shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

2.3 Contractor will primarily perform Services in City of Santa Clara limits.

2.4 To the extent not inconsistent with this Agreement, the City's RFP-23-24-73 (including subsequent updates) and Contractor's proposal response dated March 28, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

SECTION 3. SERVICES TO BE PERFORMED

Contractor will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 7.

3.1 Transmission Planning for Real-Time Operations

3.1.1 Flow and contingency analysis, to maintain reliable operation. Contractor will provide requirements for clearance conditions and support the development and documentation of operating requirements and instructions in the outage plans and operating procedures.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

3.2 System Enhancement/Expansion Transmission Planning Services

3.2.1 Definition and documentation of system planning and operational criteria;

3.2.2 Review and performance of system planning studies including load flows, short circuit studies, voltage and stability analysis, and reactive power requirements;

3.2.3 Identification of projects and alternatives necessary to meet required planning criteria;

3.2.4 Preliminary project development to define project scope, including permitting requirements, land requirements, and preliminary construction scope which may be used by a licensed engineer to complete the project design.

3.2.5 Estimating of design and construction cost estimates (level 4);

3.2.6 Schedule development;

3.2.7 Provide basis for updating the Load Development Fee;

3.2.8 Operations planning with both short-term and long-term horizons;

3.2.9 Prepare models for the California Independent System Operator (CAISO)

3.2.10 Transmission Planning submittals, and associated regulatory requirements for meeting Transmission Planning (TP) North American Electric Reliability Corporation (NERC) that meet TPL-001-5 requirements. https://www.nerc.com/pa/Stand/Reliability Standards/TPL-001-5.1.pdf

3.2.11 Complete affected system studies for customer interconnections.

SECTION 4. SPECIFIC REQUIREMENTS

4.1 Contractor shall be responsible for providing the following, as required for the Services:

4.1.1 Supervision and administrative support

4.1.2 Program and project management services

4.1.3 Scheduling and logistical planning

4.1.4 Subcontractor management

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

SECTION 5. REPORTS

5.1 Service Reports

5.1.1 Within seven (7) days after written final acceptance by the City of Services, Contractor shall provide a report to the City, which shall include the following information:

5.1.1.1 Description of the Services performed (e.g., project scheduling, testing, analysis)

5.1.1.2 Summary of existing conditions observed during performance of Services

5.1.1.3 Any information that may be requested by the City.

5.2 Status Reports

5.2.1 Contractor shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

5.2.2 City may, at its sole discretion, require Contractor to provide status updates daily, weekly, or monthly at the direction of City.

5.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 6. COMPLETION OF SERVICES

Contractor shall perform and complete the Services in a timely, efficient manner, Contractor shall also (1) ensure the site is restored to its condition at the issuance of the applicable Purchase Order, and (2) equipment and/or system is operational as soon as possible.

SECTION 7. SERVICE REQUEST

7.1 Contractor acknowledges that Contractor is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 7. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 7 contains the process for awarding Services under a master agreement process.

7.2 When the City requires services, City will notify contractor(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

7.3 Contractor shall prepare and submit a written proposal (Proposal). Contractor's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

7.4 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor, including negotiate the scope, schedule, staffing, and pricing.

7.5 Authorization of Work; Issuance of Purchase Order

7.5.1 If there are multiple firms, the City will select a contractor proposal based on evaluation/award criteria established by the City. If City accepts Contractor's proposal, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.5.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

7.5.3 Contractor shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Contractor elects not to perform the Services. If Contractor (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fails to respond within the seven-day period, then Contractor will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

7.6 Additional Services or Modifications:

7.6.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Contractor shall provide the reason for the change specific to each Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope.

7.6.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

be incorporated into the Agreement and any work described therein shall be included within the Services.

7.6.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 7.2.

7.6.4 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

7.7 Immediate Need / Interim Work Orders

7.7.1 The City may authorize Contractor to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

7.7.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

7.7.1.2 In the event work is required to maintain a critical City function or project schedule.

7.7.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.7.3 Following issuance of an interim authorization, Contractor shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the term of this Agreement.

7.7.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.8 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

7.9 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, Purchase Order, and the City's RFP-23-24-73 (including subsequent updates) and Contractor's proposal response dated

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

March 28, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, and (4) the City's RFP-23-24-73 (including subsequent updates) and (5) Contractor's proposal response dated March 28, 2024.

7.10 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 8. WORKMANSHIP

8.1 Contractor shall perform all Services in a professional and environmentally responsible manner that meets or exceeds industry and professional standards of performance. All Services shall be performed by a Contractor employee skilled in the particular task to which they are assigned.

SECTION 9. PERMITS AND LICENSES

9.1 Contractor shall obtain, maintain, and pay for all licenses, permits, and certificates required by any statute, ordinance, rule, or regulation in order to perform the Services.

SECTION 10. SAFETY

10.1 Safety must always be the top priority. Contractor shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Contractor shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

10.2 Where applicable, Contractor shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

10.3 If required by applicable law due to the nature of the Services, Contractor shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Contractor shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

10.4 As applicable, Contractor shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Contractor during these inspections.

10.5 Where applicable, Contractor must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Contractor must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Contractor.

10.6 Where applicable, Contractor's employees (including any subcontractors) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Contractor.

10.7 When requested by the City, Contractor shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Contractor Project Manager/On-Site Supervisor (as defined in Section 12) and Contractor employees.

SECTION 11. INJURY/PROPERTY DAMAGE

Contractor shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Contractor shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Contractor shall assist as required.

SECTION 12. CONTRACTOR PERSONNEL

12.1 Project Manager/On-Site Supervisor

Contractor must designate one (1) Project Manager or On-Site Supervisor to communicate with the City during the performance of Services. The Project Manager/On-Site Supervisor is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

12.2 Staffing

12.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

12.2.2 Contractor shall ensure its employees and any subcontractors supply proper identification when requested by the City.

12.2.3 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

12.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

12.3 Employee Training

12.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subcontractors) appropriate to the duties and responsibilities of each employee.

12.3.2 It is essential that all employees be thoroughly trained and familiar with the equipment and procedures to be followed.

12.3.3 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

12.3.4 Contractor shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

12.3.5 At the City's request, Contractor shall submit copies of training records for its employees.

12.4 Standards of Conduct

12.4.1 Contractor is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Contractor shall ensure that while on or about the work site, its employees do not:

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

12.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

12.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

12.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

12.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

12.4.2 If a Contractor employee fails to meet these standards of conduct, Contractor shall immediately remove the employee and provide a replacement. Contractor shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

12.4.3 In the event that a complaint is made against a Contractor employee, Contractor shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 13. E-BUILDER

13.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

13.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

13.3 E-builder Training. Contractor is required to obtain all necessary training to use the e-builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

13.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

not be liable for any delays associated with Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Contractor's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

13.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

13.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.
