13.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

13.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

13.9 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Contractor shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Contractor must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Annual price adjustments will be based on the percentage change in the Consumer Price Index (CPI) for all Urban Consumers (CPI-U), U.S. City Average, All Average, All Items, not seasonally adjusted, for the most recent 12-month period, as published by the Bureau of Labor Statistics (BLS). Contractor shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

2.5 Labor Union or Prevailing Wage Adjustments

If Contractor's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term of the Agreement, Contractor may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Contractor may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 7.3 of Exhibit A, including issuance of a Purchase Order, (4) Contractor submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	No Markup
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. for business related travel. However, Contractor must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources.	No Markup

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

	Reimbursable Expense Schedule	Mark Up
	Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates. Meals: Contractor may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Contractor pays its employees a per diem rate lower than the GSA rate, the Contractor may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Contractor elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Contractor for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Contractor shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Contractor may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Contractor and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Contractor shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

4.5 Certified Payroll

When applicable, Contractor and all subcontractors shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Contractor for correction and resubmittal before payment can be processed. Contractor shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Contractor.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of two million dollars ($2,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

Docusign Envelope ID: 61B8107E-EA52-4156-A782-D8FAB44A6178

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara [*insert City department name here]
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

EBIX Insurance No. S200004638

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND LEIDOS ENGINEERING, LLC

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Leidos Engineering, LLC, a Delaware limited liability company. City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services and goods of the quality and type which meet objectives and requirements of City; and,

C. The Parties agree that Contractor will perform the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings,

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2025, and terminate on November 30, 2030 ("Initial Term").

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to one (1) additional years through November 30, 2031 ("Option Periods") in such increments as determined by City. The Option Periods shall be authorized through an Amendment to this Agreement executed by the Parties. The Initial Term and Option Periods shall collectively be referred to as "Term".

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Contractor expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Contractor. If Contractor fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

A. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services, including its duties and obligations, expressed and implied, contained herein. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Contractor's representations regarding its skills and knowledge.

B. Contractor warrants that all employees and subcontractor, if any, shall have sufficient skill and experience to perform the Services assigned to them.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

C. Contractor shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to those of the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Contractor's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Contractor from compliance with the obligations and penalties resulting therefrom.

D. Contractor represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Contractor to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all Services rendered and material provided by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials and equipment provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Contractor to perform any of Contractor's duties or obligations or the breach by Contractor of any of the terms and conditions set forth in this Agreement. In addition, Contractor shall be deemed to be in Default upon Contractor (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Contractor's assets or of Contractor's interests hereunder. In the event of any Default by Contractor, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Contractor shall have no further rights hereunder

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement. Contractor has full rights to manage its workers, contractors and or employees in their performance of Services.

Contractor shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Contractor any and all instances of any of the following, if they occur during the time the persons provide labor and or materials

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Contractor must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Contractor to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Contractor will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Contractor shall require that its workers and or personnel immediately report to their respective Contractor supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Contractor pricing, and Contractor proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Contractor will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Contractor such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Contractor, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Contractor, its officers, employees, agents and subcontractors, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Contractor or any other party. Contractor shall, at Contractor's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Contractor, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

projects and any use of incomplete documents without specific written authorization from Contractor will be at City's sole risk and without liability to Contractor. Further, any and all liability arising out of changes made to Contractor's deliverables under this Agreement by City or persons other than Contractor, is waived against Contractor and City assumes full responsibility for such changes unless City has given Contractor prior notice and has received from Contractor written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Contractor for the purpose of verifying any and all Contractor invoices and charges.

B. Contractor shall keep records and invoices in connection with the Services for the length of the Audit Period. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Contractor shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Contractor's accounting procedures and internal controls of Contractor's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Contractor fails to provide supporting documentation satisfactory to City for costs charged, then Contractor agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Contractor agrees to fully cooperate with any such audit(s).

D. Contractor will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Contractor's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Contractor. If Contractor fails to make such payment, Contractor agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Contractor reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Contractor to City in excess of one percent (1%) of the value of that portion of the Agreement

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

that was audited, the actual cost of City's audit shall be reimbursed to City by Contractor.

E. Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees, subcontractors, affiliates, or persons contracting with Contractor to perform any portion of the Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

D. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Contractor fails to obtain such indemnity obligations from others as required here, Contractor shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Leidos Engineering, LLC
Attention: Adam Fox, Engineering Director
1750 Presidents Street
Reston, VA 20190
and by e-mail at adam.e.fox@leidos.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. NO CONSEQUENTIAL DAMAGES

In no event and under no circumstances shall either Contractor or City be liable to the other for any principal, interest, loss of anticipated revenues, earnings, profits, increased expense of operation or construction, loss by reason of shutdown or non-operation due to late completion or otherwise or for any other economic, consequential, indirect or special damages.

SECTION 1. BACKGROUND

1.1 The City of Santa Clara's electric utility, Silicon Valley Power (SVP) is currently limited in the amount of additional electric load that can be supported by its existing distribution and transmission infrastructure.

1.2 As a result of growing electric demand, SVP requires increased support in the areas of transmission and distribution system analysis, transmission and/or distribution system planning, and interconnection analysis to examine potential system upgrades or rearrangements.

SECTION 2. GENERAL

2.1 Subject to Section 7, Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to perform engineering support services ("Services"). These services are limited to technical and support functions. Any work such as the preparation or approval of stamped plans, engineering designs performed under responsible charge, construction project management, land surveying, or other professional engineering services are outside the scope of this Agreement and are provided under separate agreements maintained by the City.

2.2 Contractor shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

2.3 Contractor will primarily perform Services in City of Santa Clara limits.

2.4 To the extent not inconsistent with this Agreement, the City's RFP-23-24-73 (including subsequent updates) and Contractor's proposal response dated March 28, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

SECTION 3. SERVICES TO BE PERFORMED

Contractor will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 7.

3.1 Transmission Planning for Real-Time Operations

3.1.1 Flow and contingency analysis, to maintain reliable operation. Contractor will provide requirements for clearance conditions and support the development and documentation of operating requirements and instructions in the outage plans and operating procedures.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

3.2 System Enhancement/Expansion Transmission Planning Services

3.2.1 Definition and documentation of system planning and operational criteria;

3.2.2 Review and performance of system planning studies including load flows, short circuit studies, voltage and stability analysis, and reactive power requirements;

3.2.3 Identification of projects and alternatives necessary to meet required planning criteria;

3.2.4 Preliminary project development to define project scope, including permitting requirements, land requirements, and preliminary construction scope which may be used by a licensed engineer to complete the project design.

3.2.5 Estimating of design and construction cost estimates (level 4);

3.2.6 Schedule development;

3.2.7 Provide basis for updating the Load Development Fee;

3.2.8 Operations planning with both short-term and long-term horizons;

3.2.9 Prepare models for the California Independent System Operator (CAISO)

3.2.10 Transmission Planning submittals, and associated regulatory requirements for meeting Transmission Planning (TP) North American Electric Reliability Corporation (NERC) that meet TPL-001-5 requirements. https://www.nerc.com/pa/Stand/Reliability Standards/TPL-001-5.1.pdf

3.2.11 Complete affected system studies for customer interconnections.

3.3 Project Scheduler

3.3.1 Creation of a baseline schedule including design and construction in Primavera P6;

3.3.2 Monthly Primavera P6 schedule updates (.xer and PDF) and status report.

3.4 Communications Engineering (wide area network)

3.4.1 Fiber optic multiplexer replacement design and construction support, and project management;

3.4.2 Fiber optic multiplexer replacement field implementation support;

3.4.3 Support for testing and commissioning the new fiber optic multiplexer system platform;

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

3.4.4 Support maintenance and management of a new fiber optic multiplexer system platform;

3.4.5 Wide Area Network (WAN) design standards development;

3.4.6 Mesh and point-to-multipoint two-way radio communication network design and architecture; and

3.4.7 Closed loop testing of devices.

3.5 System Operations Business Planning

3.5.1 Develop Life Cycle Cost Analysis regarding any new equipment added to the existing utility system including staffing increases, increased maintenance, replacement cost and materials; and

3.5.1 Develop spare equipment strategy and inventory support for any new equipment added to the existing utility.

3.6 Commissioning and Testing Support

3.6.1 Testing Support

3.6.1.1 Develop test plans; and,

3.6.1.2 Review and approve test results.

3.6.2 Commissioning Services

3.6.2.1 Develop commissioning plans; and

3.6.2.2 Review and approve commissioning results.

3.6.3 Factory Acceptance/Witness Testing

3.6.3.1 Perform equipment factory inspections at 85% equipment manufacturing level to ensure supplier compliance with SVP specifications;

3.6.3.2 Perform equipment 100% level factory inspection; and

3.6.3.3 Perform factory acceptance testing.

SECTION 4. SPECIFIC REQUIREMENTS

4.1 Contractor shall be responsible for providing the following, as required for the Services:

4.1.1 Supervision and administrative support

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

4.1.2 Program and project management services

4.1.3 Scheduling and logistical planning

4.1.4 Subcontractor management

SECTION 5. REPORTS

5.1 Service Reports

5.1.1 Within seven (7) days after written final acceptance by the City of Services, Contractor shall provide a report to the City, which shall include the following information:

5.1.1.1 Description of the Services performed (e.g., project scheduling, testing, analysis)

5.1.1.2 Summary of existing conditions observed during performance of Services

5.1.1.3 Any information that may be requested by the City.

5.2 Status Reports

5.2.1 Contractor shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

5.2.2 City may, at its sole discretion, require Contractor to provide status updates daily, weekly, or monthly at the direction of City.

5.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 6. COMPLETION OF SERVICES

Contractor shall perform and complete the Services in a timely, efficient manner, Contractor shall also (1) ensure the site is restored to its condition at the issuance of the applicable Purchase Order, and (2) equipment and/or system is operational as soon as possible.

SECTION 7. SERVICE REQUEST

7.1 Contractor acknowledges that Contractor is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 7. The City does not guarantee that any specific service will be authorized under this Agreement. This

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

Section 7 contains the process for awarding Services under a master agreement process.

7.2 When the City requires services, City will notify contractor(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

7.3 Contractor shall prepare and submit a written proposal (Proposal). Contractor's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

7.4 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor, including negotiate the scope, schedule, staffing, and pricing.

7.5 Authorization of Work; Issuance of Purchase Order

7.5.1 If there are multiple firms, the City will select a contractor proposal based on evaluation/award criteria established by the City. If City accepts Contractor's proposal, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.5.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

7.5.3 Contractor shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Contractor elects not to perform the Services. If Contractor (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fails to respond within the seven-day period, then Contractor will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

7.6 Additional Services or Modifications:

7.6.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Contractor shall provide the reason for the change specific to each Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

7.6.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.6.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 7.2.

7.6.4 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

7.7 Immediate Need / Interim Work Orders

7.7.1 The City may authorize Contractor to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

7.7.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

7.7.1.2 In the event work is required to maintain a critical City function or project schedule.

7.7.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.7.3 Following issuance of an interim authorization, Contractor shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the term of this Agreement.

7.7.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.8 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

7.9 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, Purchase Order, and the City's RFP-23-24-73 (including subsequent updates) and Contractor's proposal response dated March 28, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, and (4) the City's RFP-23-24-73 (including subsequent updates) and (5) Contractor's proposal response dated March 28, 2024.

7.10 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 8. WORKMANSHIP

8.1 Contractor shall perform all Services in a professional and environmentally responsible manner that meets or exceeds industry and professional standards of performance. All Services shall be performed by a Contractor employee skilled in the particular task to which they are assigned.

SECTION 9. PERMITS AND LICENSES

9.1 Contractor shall obtain, maintain, and pay for all licenses, permits, and certificates required by any statute, ordinance, rule, or regulation in order to perform the Services.

SECTION 10. SAFETY

10.1 Safety must always be the top priority. Contractor shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Contractor shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

10.2 Where applicable, Contractor shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

10.3 If required by applicable law due to the nature of the Services, Contractor shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

assignment. Contractor shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

10.4 As applicable, Contractor shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Contractor during these inspections.

10.5 Where applicable, Contractor must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Contractor must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Contractor.

10.6 Where applicable, Contractor's employees (including any subcontractors) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Contractor.

10.7 When requested by the City, Contractor shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Contractor Project Manager/On-Site Supervisor (as defined in Section 12) and Contractor employees.

SECTION 11. INJURY/PROPERTY DAMAGE

Contractor shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Contractor shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Contractor shall assist as required.

SECTION 12. CONTRACTOR PERSONNEL

12.1 Project Manager/On-Site Supervisor

Contractor must designate one (1) Project Manager or On-Site Supervisor to communicate with the City during the performance of Services. The Project Manager/On-Site Supervisor is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

12.2 Staffing

12.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

12.2.2 Contractor shall ensure its employees and any subcontractors supply proper identification when requested by the City.

12.2.3 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

12.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

12.3 Employee Training

12.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subcontractors) appropriate to the duties and responsibilities of each employee.

12.3.2 It is essential that all employees be thoroughly trained and familiar with the equipment and procedures to be followed.

12.3.3 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

12.3.4 Contractor shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

12.3.5 At the City's request, Contractor shall submit copies of training records for its employees.

12.4 Standards of Conduct

12.4.1 Contractor is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Contractor shall ensure that while on or about the work site, its employees do not:

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

12.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

12.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

12.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

12.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

12.4.2 If a Contractor employee fails to meet these standards of conduct, Contractor shall immediately remove the employee and provide a replacement. Contractor shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

12.4.3 In the event that a complaint is made against a Contractor employee, Contractor shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 13. E-BUILDER

13.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

13.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

13.3 E-builder Training. Contractor is required to obtain all necessary training to use the e-builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

13.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

system whether at the home office or job site. Under no circumstances will Contractor's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

13.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

13.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

13.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

13.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

13.9 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Contractor shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Contractor must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Contractor shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Contractor's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

of the Agreement, Contractor may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Contractor may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 7.3 of Exhibit A, including issuance of a Purchase Order, (4) Contractor submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	Not to exceed 10%
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. for business related travel. However, Contractor must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

	Reimbursable Expense Schedule	Mark Up
	Meals: Contractor may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Contractor pays its employees a per diem rate lower than the GSA rate, the Contractor may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Contractor elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Contractor for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Contractor shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Contractor may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Contractor and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Contractor shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

4.5 Certified Payroll

When applicable, Contractor and all subcontractors shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Contractor for correction and resubmittal before payment can be processed. Contractor shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment within thirty (30) days of City's receipt of an approved invoice.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Contractor.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of two million dollars ($2,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

Docusign Envelope ID: 79E8E977-1451-454D-B82E-9E897ED317C8

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara [*insert City department name here]
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

EBIX Insurance No. S200005047

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND POWER-TECH ENGINEERS, INC.

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Power-Tech Engineers, Inc. a Nevada corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services and goods of the quality and type which meet objectives and requirements of City; and,

C. The Parties agree that Contractor will perform the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by written amendment to this Agreement, the term of this Agreement shall begin on December 1, 2025, and terminate on November 30, 2030 ("Initial Term").

B. After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to one (1) additional years through November 30, 2031 ("Option Periods") in such increments as determined by City. The Option Periods shall be authorized through an Amendment to this Agreement executed by the Parties. The Initial Term and Option Periods shall collectively be referred to as "Term".

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Contractor expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Contractor. If Contractor fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

A. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services, including its duties and obligations, expressed and implied, contained herein. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Contractor's representations regarding its skills and knowledge.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

B. Contractor warrants that all employees and subcontractor, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Contractor shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to those of the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Contractor's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Contractor from compliance with the obligations and penalties resulting therefrom.

D. Contractor represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Contractor to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all Services rendered and material provided by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials and equipment provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Contractor to perform any of Contractor's duties or obligations or the breach by Contractor of any of the terms and conditions set forth in this Agreement. In addition, Contractor shall be deemed to be in Default upon Contractor (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Contractor's assets or of Contractor's interests hereunder. In the event of any Default by Contractor, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Contractor shall have no further rights hereunder

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement. Contractor has full rights to manage its workers, contractors and or employees in their performance of Services.

Contractor shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

City, which state the persons are not employees of the City, and such persons are required to immediately report to Contractor any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Contractor must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Contractor to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Contractor will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Contractor shall require that its workers and or personnel immediately report to their respective Contractor supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Contractor pricing, and Contractor proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

B. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Contractor will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Contractor such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Contractor, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Contractor, its officers, employees, agents and subcontractors, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Contractor or any other party. Contractor shall, at Contractor's sole cost and expense, provide such documents and material to City upon written request.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

C. Documents and material prepared by Contractor, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Contractor will be at City's sole risk and without liability to Contractor. Further, any and all liability arising out of changes made to Contractor's deliverables under this Agreement by City or persons other than Contractor, is waived against Contractor and City assumes full responsibility for such changes unless City has given Contractor prior notice and has received from Contractor written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Contractor for the purpose of verifying any and all Contractor invoices and charges.

B. Contractor shall keep records and invoices in connection with the Services for the length of the Audit Period. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Contractor shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Contractor's accounting procedures and internal controls of Contractor's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Contractor fails to provide supporting documentation satisfactory to City for costs charged, then Contractor agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Contractor agrees to fully cooperate with any such audit(s).

D. Contractor will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Contractor's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Contractor. If Contractor fails to make such payment, Contractor agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Contractor reimburses City for

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Contractor to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Contractor.

E. Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees, subcontractors, affiliates, or persons contracting with Contractor to perform any portion of the Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

D. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Contractor fails to obtain such indemnity obligations from others as required here, Contractor shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Contractor addressed as follows:

Power-Tech Engineers, Inc.
Attention: Victor M. Rojas, P.E.
355 S. Lemon Ave., Suite A
Walnut, CA 91789
and by e-mail at vrojas@ptei.net

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

SECTION 1. BACKGROUND

1.1 The City of Santa Clara's electric utility, Silicon Valley Power (SVP) is currently limited in the amount of additional electric load that can be supported by its existing distribution and transmission infrastructure.

1.2 As a result of growing electric demand, SVP requires increased support in the areas of transmission and distribution system analysis, transmission and/or distribution system planning, and interconnection analysis to examine potential system upgrades or rearrangements.

SECTION 2. GENERAL

2.1 Subject to Section 7, Contractor shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to perform engineering support services ("Services"). These services are limited to technical and support functions. Any work such as the preparation or approval of stamped plans, engineering designs performed under responsible charge, construction project management, land surveying, or other professional engineering services are outside the scope of this Agreement and are provided under separate agreements maintained by the City.

2.2 Contractor shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

2.3 Contractor will primarily perform Services in City of Santa Clara limits.

2.4 To the extent not inconsistent with this Agreement, the City's RFP-23-24-73 (including subsequent updates) and Contractor's proposal response dated March 28, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

SECTION 3. SERVICES TO BE PERFORMED

Contractor will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 7.

3.1 Transmission Planning for Real-Time Operations

3.1.1 Flow and contingency analysis, to maintain reliable operation. Contractor will provide requirements for clearance conditions and support the development and documentation of operating requirements and instructions in the outage plans and operating procedures.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

3.2 System Enhancement/Expansion Transmission Planning Services

3.2.1 Definition and documentation of system planning and operational criteria;

3.2.2 Review and performance of system planning studies including load flows, short circuit studies, voltage and stability analysis, and reactive power requirements;

3.2.3 Identification of projects and alternatives necessary to meet required planning criteria;

3.2.4 Preliminary project development to define project scope, including permitting requirements, land requirements, and preliminary construction scope which may be used by a licensed engineer to complete the project design.

3.2.5 Estimating of design and construction cost estimates (level 4);

3.2.6 Schedule development;

3.2.7 Provide basis for updating the Load Development Fee;

3.2.8 Operations planning with both short-term and long-term horizons;

3.2.9 Prepare models for the California Independent System Operator (CAISO)

3.2.10 Transmission Planning submittals, and associated regulatory requirements for meeting Transmission Planning (TP) North American Electric Reliability Corporation (NERC) that meet TPL-001-5 requirements. https://www.nerc.com/pa/Stand/Reliability Standards/TPL-001-5.1.pdf

3.2.11 Complete affected system studies for customer interconnections.

3.3 Project Scheduler

3.3.1 Creation of a baseline schedule including design and construction in Primavera P6;

3.3.2 Monthly Primavera P6 schedule updates (.xer and PDF) and status report.

3.4 Communications Engineering (wide area network)

3.4.1 Fiber optic multiplexer replacement design and construction support, and project management;

3.4.2 Fiber optic multiplexer replacement field implementation support;

3.4.3 Support for testing and commissioning the new fiber optic multiplexer system platform;

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

3.4.4 Support maintenance and management of a new fiber optic multiplexer system platform;

3.4.5 Wide Area Network (WAN) design standards development;

3.4.6 Mesh and point-to-multipoint two-way radio communication network design and architecture; and

3.4.7 Closed loop testing of devices.

3.5 System Operations Business Planning

3.5.1 Develop Life Cycle Cost Analysis regarding any new equipment added to the existing utility system including staffing increases, increased maintenance, replacement cost and materials; and

3.5.2 Develop spare equipment strategy and inventory support for any new equipment added to the existing utility.

3.6 Commissioning and Testing Support

3.6.1 Testing Support

3.6.1.1 Develop test plans; and,

3.6.1.2 Review and approve test results.

3.6.2 Commissioning Services

3.6.2.1 Develop commissioning plans; and

3.6.2.2 Review and approve commissioning results.

3.6.3 Factory Acceptance/Witness Testing

3.6.3.1 Perform equipment factory inspections at 85% equipment manufacturing level to ensure supplier compliance with SVP specifications;

3.6.3.2 Perform equipment 100% level factory inspection; and

3.6.3.3 Perform factory acceptance testing.

SECTION 4. SPECIFIC REQUIREMENTS

4.1 Contractor shall be responsible for providing the following, as required for the Services:

4.1.1 Supervision and administrative support

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

4.1.2 Program and project management services

4.1.3 Scheduling and logistical planning

4.1.4 Subcontractor management

SECTION 5. REPORTS

5.1 Service Reports

5.1.1 Within seven (7) days after written final acceptance by the City of Services, Contractor shall provide a report to the City, which shall include the following information:

5.1.1.1 Description of the Services performed (e.g., project scheduling, testing, analysis)

5.1.1.2 Summary of existing conditions observed during performance of Services

5.1.1.3 Any information that may be requested by the City.

5.2 Status Reports

5.2.1 Contractor shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

5.2.2 City may, at its sole discretion, require Contractor to provide status updates daily, weekly, or monthly at the direction of City.

5.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 6. COMPLETION OF SERVICES

Contractor shall perform and complete the Services in a timely, efficient manner, Contractor shall also (1) ensure the site is restored to its condition at the issuance of the applicable Purchase Order, and (2) equipment and/or system is operational as soon as possible.

SECTION 7. SERVICE REQUEST

7.1 Contractor acknowledges that Contractor is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 7. The City does not guarantee that any specific service will be authorized under this Agreement. This

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

Section 7 contains the process for awarding Services under a master agreement process.

7.2 When the City requires services, City will notify contractor(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

7.3 Contractor shall prepare and submit a written proposal (Proposal). Contractor's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

7.4 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor, including negotiate the scope, schedule, staffing, and pricing.

7.5 Authorization of Work; Issuance of Purchase Order

7.5.1 If there are multiple firms, the City will select a contractor proposal based on evaluation/award criteria established by the City. If City accepts Contractor's proposal, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.5.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

7.5.3 Contractor shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Contractor elects not to perform the Services. If Contractor (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fails to respond within the seven-day period, then Contractor will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

7.6 Additional Services or Modifications:

7.6.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Contractor shall provide the reason for the change specific to each Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Contractor shall submit

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

justification demonstrating that changes in cost are associated with changes in scope.

7.6.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.6.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 7.2.

7.6.4 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

7.7 Immediate Need / Interim Work Orders

7.7.1 The City may authorize Contractor to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

7.7.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

7.7.1.2 In the event work is required to maintain a critical City function or project schedule.

7.7.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.7.3 Following issuance of an interim authorization, Contractor shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the term of this Agreement.

7.7.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

7.8 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

7.9 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, Purchase Order, and the City's RFP-23-24-73 (including subsequent updates) and Contractor's proposal response dated March 28, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, and (4) the City's RFP-23-24-73 (including subsequent updates) and (5) Contractor's proposal response dated March 28, 2024.

7.10 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 8. WORKMANSHIP

8.1 Contractor shall perform all Services in a professional and environmentally responsible manner that meets or exceeds industry and professional standards of performance. All Services shall be performed by a Contractor employee skilled in the particular task to which they are assigned.

SECTION 9. PERMITS AND LICENSES

9.1 Contractor shall obtain, maintain, and pay for all licenses, permits, and certificates required by any statute, ordinance, rule, or regulation in order to perform the Services.

SECTION 10. SAFETY

10.1 Safety must always be the top priority. Contractor shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Contractor shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

10.2 Where applicable, Contractor shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

10.3 If required by applicable law due to the nature of the Services, Contractor shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Contractor shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

10.4 As applicable, Contractor shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Contractor during these inspections.

10.5 Where applicable, Contractor must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Contractor must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Contractor.

10.6 Where applicable, Contractor's employees (including any subcontractors) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Contractor.

10.7 When requested by the City, Contractor shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Contractor Project Manager/On-Site Supervisor (as defined in Section 12) and Contractor employees.

SECTION 11. INJURY/PROPERTY DAMAGE

Contractor shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Contractor shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Contractor shall assist as required.

SECTION 12. CONTRACTOR PERSONNEL

12.1 Project Manager/On-Site Supervisor

Contractor must designate one (1) Project Manager or On-Site Supervisor to communicate with the City during the performance of Services. The Project Manager/On-Site Supervisor is the designated point of contact for the City to

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

communicate tasks and receive feedback. The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

12.2 Staffing

12.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

12.2.2 Contractor shall ensure its employees and any subcontractors supply proper identification when requested by the City.

12.2.3 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

12.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

12.3 Employee Training

12.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subcontractors) appropriate to the duties and responsibilities of each employee.

12.3.2 It is essential that all employees be thoroughly trained and familiar with the equipment and procedures to be followed.

12.3.3 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

12.3.4 Contractor shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

12.3.5 At the City's request, Contractor shall submit copies of training records for its employees.

12.4 Standards of Conduct

12.4.1 Contractor is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Contractor shall ensure that while on or about the work site, its employees do not:

12.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

12.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

12.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

12.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

12.4.2 If a Contractor employee fails to meet these standards of conduct, Contractor shall immediately remove the employee and provide a replacement. Contractor shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

12.4.3 In the event that a complaint is made against a Contractor employee, Contractor shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 13. E-BUILDER

13.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

13.2 Access to e-Builder. The City will establish the Contractor's access to e-Builder by providing licenses to Contractor's personnel at City's cost. The Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Contractor at any time.

13.3 E-builder Training. Contractor is required to obtain all necessary training to use the e-builder software. Contractor must participate in at least one classroom training or a web-based seminar as determined by City.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

13.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Contractor's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Contractor shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Contractor's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

13.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Contractor will be jointly owned. Contractor is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

13.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Contractor to submit documents in hard copy format, or both electronic and hard copy format.

13.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Contractor shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

13.8 Archive Copies. When requested by City, Contractor shall keep an archive copy of all digital data created by Contractor, or submitted to Contractor via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

13.9 Should the City replace e-Builder with a different project management tool, Contractor, and subcontractors shall be required to use the new project management tool selected by the City.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Contractor shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Contractor must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Contractor shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Contractor's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

of the Agreement, Contractor may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Contractor may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 7.3 of Exhibit A, including issuance of a Purchase Order, (4) Contractor submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	No Markup
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile. for business related travel. However, Contractor must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

	Reimbursable Expense Schedule	Mark Up
	Meals: Contractor may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Contractor pays its employees a per diem rate lower than the GSA rate, the Contractor may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Contractor elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Contractor for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Contractor shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Contractor may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Contractor and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Contractor shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

4.5 Certified Payroll

When applicable, Contractor and all subcontractors shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Contractor for correction and resubmittal before payment can be processed. Contractor shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Contractor.

APPENDIX B1 TO EXHIBIT B

RATE SCHEDULE

Labor Classification	Fully Burdened Hourly Rate	Billing Notes

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of two million dollars ($2,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

Docusign Envelope ID: 288BE6A2-E5CC-46A6-BEEA-F034B0F55CD5

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara [*insert City department name here]
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EBIX Insurance No. S200004639

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND AECOM TECHNICAL SERVICES, INC.

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and AECOM Technical Services, Inc., a California corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services covered by this Agreement shall satisfy the standard of care set forth in Section 5. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services, City may make corrections or replace Services and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety;

and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the material breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests

hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to

be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in

this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The

Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and

injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to

Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

AECOM Technical Services, Inc.
Attention: Bob Turley
4 N. Second Street, Suite 675
San Jose, CA 95133
and by e-mail at bob.turley@aecom.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended

from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☒Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Testing and Commissioning

2.1.2.1 Environmental permitting and regulatory compliance, including preparation and filing of Federal Aviation Administration (FAA) notices. Services include preparation of Storm Water Pollution Prevention Plans, engineering documents to support SVP's environmental requirements, and coordination with the environmental consultant to ensure compliance with California Environmental Quality Act (CEQA), including reviews and permit applications.

2.1.2.2 Right of way easement acquisition and encroachment permitting services including providing comments and revisions made during the encroachment permit or easement review process; researching permit requirements; obtaining required permits;

preparing submittals and supporting documentation to permitting agencies including project descriptions, plans, and permit package applications; responding to all questions and comments from permitting agencies; revising drawings and documents as necessary; supporting preparation of Reports to Council regarding authorization for negotiation, eminent domain actions, easement acceptance; preparing legal descriptions; preparing, creating, and mailing Notice of Intent to Apprise letters, offer letters, and Notice for Resolution of Necessity; obtaining and reviewing title reports; performing easement acquisition negotiations with property owners on behalf of SVP; preparing Purchase and Sale Agreements (PSA) using templates from SVP; assisting with escrow process for final acquisition; and assist with any condemnation proceedings.

2.1.2.3 Material procurement support SVP, including providing bill of materials, technical specifications, and load tree drawings and reviewing and approving vendor material specifications; responding to vendors' Requests for Information (RFIs); and conducting technical reviews of vendor materials and equipment specifications. All procurement specifications are to include rigging of equipment into place and acceptance testing.

2.1.2.4 Construction bidding support including preparing and submitting plans, specifications, and the 100% design submittal package; preparing construction cost estimate and project schedule; responding to bidder's requests for information; informing plan holders of significant responses to RFI's; preparing addenda; evaluating bids; preparing recommendation letter to award contract; and preparing a conformed set of documents that incorporate all addenda.

2.1.2.5 Engineering construction support including preparing for kickoff meeting; reviewing and commenting on submittals for equipment and materials procured by the construction contractor and manufacturers; attending meetings; addressing means and methods to ensure feasibility; managing field design changes; reviewing and responding to submittals; providing revised drawings; coordinating with relevant parties; and providing engineering assistance during testing and commissioning activities.

2.1.2.6 Construction management including acting as the Owner's Engineer to the primary construction contractor and commissioning and testing contractors; monitoring daily activities; confirming compliance with Engineer of Record (EOR) design, drawings, and specifications; coordinating planned

outages; observing construction activities; coordinating materials testing; ensuring all test results are properly recorded; completing daily reports; attending weekly meetings; providing recommendations to SVP and construction contractor; reviewing work progress; inspecting completed work for acceptance; reviewing as-builts and monthly invoices; managing commissioning and testing activities; conducting final site walk; and developing and managing punch list items.

2.1.2.7 Final testing and commissioning support may include providing full-time on-site support; verifying that all apparatuses and equipment conform to the issued specifications and drawings; ensuring completion of all FAT and SAT punch lists items; verifying full system integration and operation of all communication devices; and confirming that the system is ready for safe energization.

2.1.2.8 Record (as-built) drawings and project closeout services include attending the final walkthrough to provide input to the final "punch list" and help determine if the work is ready for City acceptance; providing a written recommendation regarding project completion; preparing and submitting, at final completion, two (2) sets of reproducible record drawings and all X-ref files "bound" that reflect the changes to the work during construction based upon marked-up prints, drawings, and other data furnished by the construction contractor, SVP, and other consultants; ensuring record drawings are not produced prior to in-field verification of all changes and as built conditions; ensuring that all additional sheets are properly numbered and referenced on affected drawings and included in the drawing sheet index; and providing a complete set of issued for record drawings in native and PDF format.

2.1.3 ☒ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.3.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.3.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.3.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.3.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.3.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.3.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.3.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.3.8 Preparation of all support discipline engineering calculations.

2.1.3.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.3.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.3.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.3.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.3.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and testing contractor, as needed, during commissioning and energization activities.

2.1.3.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.3.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.3.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.3.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in

CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☒Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☒Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☐System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☐Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☒Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic

control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the

performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to

perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant’s sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant’s training program shall follow Consultant’s standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP’s operating standards. Where applicable, all employees are required to watch SVP’s safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant's personnel at City's cost. The Consultant's designated users will be required to set up their computers/systems to use e-

Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or

resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed until October 1, 2026 and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After October 1, 2026, rate adjustments may be negotiated no more than once annually and shall be a 3% increase. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	5%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment and shall pay Consultant in full for the invoice amount within thirty (30) days of invoice approval by City.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B

Engineer II	$140.22
Engineer III	$170.01
Engineer IV	$203.80

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies, except for Worker's Compensation and Professional Liability, shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit

is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self- retention must be declared to the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material

noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal

financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200000550

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND AURIGA CORPORATION

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Auriga Corporation, a California corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 2, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety;

and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests

hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to

be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in

this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The

Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and

injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to

Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

Auriga Corporation
Attention: Parkash Daryani
890 Hillview Court, Suite 130
Milpitas, CA 95035
and by e-mail at pdaryani@aurigacorp.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended

from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

Telephone:	(408) 946-5400

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☒Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Testing and Commissioning

2.1.2.1 Environmental permitting and regulatory compliance, including preparation and filing of Federal Aviation Administration (FAA) notices. Services include preparation of Storm Water Pollution Prevention Plans, engineering documents to support SVP's environmental requirements, and coordination with the environmental consultant to ensure compliance with California Environmental Quality Act (CEQA), including reviews and permit applications.

2.1.2.2 Right of way easement acquisition and encroachment permitting services including providing comments and revisions made during the encroachment permit or easement review process; researching permit requirements; obtaining required permits;

preparing submittals and supporting documentation to permitting agencies including project descriptions, plans, and permit package applications; responding to all questions and comments from permitting agencies; revising drawings and documents as necessary; supporting preparation of Reports to Council regarding authorization for negotiation, eminent domain actions, easement acceptance; preparing legal descriptions; preparing, creating, and mailing Notice of Intent to Apprise letters, offer letters, and Notice for Resolution of Necessity; obtaining and reviewing title reports; performing easement acquisition negotiations with property owners on behalf of SVP; preparing Purchase and Sale Agreements (PSA) using templates from SVP; assisting with escrow process for final acquisition; and assist with any condemnation proceedings.

2.1.2.3 Material procurement support SVP, including providing bill of materials, technical specifications, and load tree drawings and reviewing and approving vendor material specifications; responding to vendors' Requests for Information (RFIs); and conducting technical reviews of vendor materials and equipment specifications. All procurement specifications are to include rigging of equipment into place and acceptance testing.

2.1.2.4 Construction bidding support including preparing and submitting plans, specifications, and the 100% design submittal package; preparing construction cost estimate and project schedule; responding to bidder's requests for information; informing plan holders of significant responses to RFI's; preparing addenda; evaluating bids; preparing recommendation letter to award contract; and preparing a conformed set of documents that incorporate all addenda.

2.1.2.5 Engineering construction support including preparing for kickoff meeting; reviewing and commenting on submittals for equipment and materials procured by the construction contractor and manufacturers; attending meetings; addressing means and methods to ensure feasibility; managing field design changes; reviewing and responding to submittals; providing revised drawings; coordinating with relevant parties; and providing engineering assistance during testing and commissioning activities.

2.1.2.6 Construction management including acting as the Owner's Engineer to the primary construction contractor and commissioning and testing contractors; monitoring daily activities; confirming compliance with Engineer of Record (EOR) design, drawings, and specifications; coordinating planned

outages; observing construction activities; coordinating materials testing; ensuring all test results are properly recorded; completing daily reports; attending weekly meetings; providing recommendations to SVP and construction contractor; reviewing work progress; inspecting completed work for acceptance; reviewing as-builts and monthly invoices; managing commissioning and testing activities; conducting final site walk; and developing and managing punch list items.

2.1.2.7 Final testing and commissioning support may include providing full-time on-site support; verifying that all apparatuses and equipment conform to the issued specifications and drawings; ensuring completion of all FAT and SAT punch lists items; verifying full system integration and operation of all communication devices; and confirming that the system is ready for safe energization.

2.1.2.8 Record (as-built) drawings and project closeout services include attending the final walkthrough to provide input to the final "punch list" and help determine if the work is ready for City acceptance; providing a written recommendation regarding project completion; preparing and submitting, at final completion, two (2) sets of reproducible record drawings and all X-ref files "bound" that reflect the changes to the work during construction based upon marked-up prints, drawings, and other data furnished by the construction contractor, SVP, and other consultants; ensuring record drawings are not produced prior to in-field verification of all changes and as built conditions; ensuring that all additional sheets are properly numbered and referenced on affected drawings and included in the drawing sheet index; and providing a complete set of issued for record drawings in native and PDF format.

2.1.3 ☒ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.3.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.3.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.3.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.3.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.3.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.3.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.3.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.3.8 Preparation of all support discipline engineering calculations.

2.1.3.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.3.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.3.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.3.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.3.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and testing contractor, as needed, during commissioning and energization activities.

2.1.3.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.3.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.3.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.3.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in

CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☒Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☒Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☒System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☒Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 20204.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic

control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the

performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to

perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant’s sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant’s training program shall follow Consultant’s standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP’s operating standards. Where applicable, all employees are required to watch SVP’s safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant's personnel at City's cost. The Consultant's designated users will be required to set up their computers/systems to use e-

Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or

resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed 10_%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

	LABOR CLASSIFICATION	FULLY BURDENDED HOURLY RATES
Auriga Corporation	Principal Incharge	$304.30
	Project Manager	$213.00
	Transmission Design Services Lead	$316.48
	Substation Design Protection and Control Lead	$253.18
	Standards and Equipment Rating Lead	$189.89
	Construction Management and Inspection	$151.91
	Distribution Engineering System Support Lead	$194.75
	Interconnection Studies Lead	$379.77
	System Modeling Lead	$213.00
	Senior Electrical Engineer	$189.89
	Senior Electrical Engineer	$182.57
	Electrical Engineer I	$126.59
	Electrical Engineer II	$146.06
	Project Coordinator	$119.27

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self- retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to

the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at

least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200002666

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND BKF ENGINEERS

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and BKF Engineers, a California corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety;

and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests

hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to

be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in

this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The

Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and

injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to

Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law and to the extent not prohibited by California Civil Code §2782.8, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and reasonable attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant represents that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

BKF Engineers
Attention: Patrick Chan, PE, LEED AP
1730 North First Street, Suite 600
San Jose, CA 95112
and by e-mail at pchan@bkf.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended

from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

Approved as to Form: Dated: _____

GLEN R. GOOGINS

"CITY"

BKF ENGINEERS
a California corporation

Dated: _____
By (Signature): _____
Name: Patrick Chan, PE, LEED AP
Title: Principal

Principal Place of Business Address:	1730 North First Street, Suite 600 San Jose, CA 95112
Email Address:	pchan@bkf.com
Telephone:	(408) 467-9188

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☐Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Testing and Commissioning

2.1.2.1 Environmental permitting and regulatory compliance, including preparation and filing of Federal Aviation Administration (FAA) notices. Services include preparation of Storm Water Pollution Prevention Plans, engineering documents to support SVP's environmental requirements, and coordination with the environmental consultant to ensure compliance with California Environmental Quality Act (CEQA), including reviews and permit applications.

2.1.2.2 Right of way easement acquisition and encroachment permitting services including providing comments and revisions made during the encroachment permit or easement review process; researching permit requirements; obtaining required permits;

preparing submittals and supporting documentation to permitting agencies including project descriptions, plans, and permit package applications; responding to all questions and comments from permitting agencies; revising drawings and documents as necessary; supporting preparation of Reports to Council regarding authorization for negotiation, eminent domain actions, easement acceptance; preparing legal descriptions; preparing, creating, and mailing Notice of Intent to Apprise letters, offer letters, and Notice for Resolution of Necessity; obtaining and reviewing title reports; performing easement acquisition negotiations with property owners on behalf of SVP; preparing Purchase and Sale Agreements (PSA) using templates from SVP; assisting with escrow process for final acquisition; and assist with any condemnation proceedings.

2.1.2.3 Material procurement support SVP, including providing bill of materials, technical specifications, and load tree drawings and reviewing and approving vendor material specifications; responding to vendors' Requests for Information (RFIs); and conducting technical reviews of vendor materials and equipment specifications. All procurement specifications are to include rigging of equipment into place and acceptance testing.

2.1.2.4 Construction bidding support including preparing and submitting plans, specifications, and the 100% design submittal package; preparing construction cost estimate and project schedule; responding to bidder's requests for information; informing plan holders of significant responses to RFI's; preparing addenda; evaluating bids; preparing recommendation letter to award contract; and preparing a conformed set of documents that incorporate all addenda.

2.1.2.5 Engineering construction support including preparing for kickoff meeting; reviewing and commenting on submittals for equipment and materials procured by the construction contractor and manufacturers; attending meetings; addressing means and methods to ensure feasibility; managing field design changes; reviewing and responding to submittals; providing revised drawings; coordinating with relevant parties; and providing engineering assistance during testing and commissioning activities.

2.1.2.6 Construction management including acting as the Owner's Engineer to the primary construction contractor and commissioning and testing contractors; monitoring daily activities; confirming compliance with Engineer of Record (EOR) design, drawings, and specifications; coordinating planned

outages; observing construction activities; coordinating materials testing; ensuring all test results are properly recorded; completing daily reports; attending weekly meetings; providing recommendations to SVP and construction contractor; reviewing work progress; inspecting completed work for acceptance; reviewing as-builts and monthly invoices; managing commissioning and testing activities; conducting final site walk; and developing and managing punch list items.

2.1.2.7 Final testing and commissioning support may include providing full-time on-site support; verifying that all apparatuses and equipment conform to the issued specifications and drawings; ensuring completion of all FAT and SAT punch lists items; verifying full system integration and operation of all communication devices; and confirming that the system is ready for safe energization.

2.1.2.8 Record (as-built) drawings and project closeout services include attending the final walkthrough to provide input to the final "punch list" and help determine if the work is ready for City acceptance; providing a written recommendation regarding project completion; preparing and submitting, at final completion, two (2) sets of reproducible record drawings and all X-ref files "bound" that reflect the changes to the work during construction based upon marked-up prints, drawings, and other data furnished by the construction contractor, SVP, and other consultants; ensuring record drawings are not produced prior to in-field verification of all changes and as built conditions; ensuring that all additional sheets are properly numbered and referenced on affected drawings and included in the drawing sheet index; and providing a complete set of issued for record drawings in native and PDF format.

2.1.3 ☐ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.3.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.3.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.3.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.3.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.3.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.3.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.3.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.3.8 Preparation of all support discipline engineering calculations.

2.1.3.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.3.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.3.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.3.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.3.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and testing contractor, as needed, during commissioning and energization activities.

2.1.3.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.3.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.3.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.3.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☐Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in

CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☒Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☐Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☐Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☐System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☐Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☐Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☐Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☐Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic

control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the

performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to

perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant’s sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant’s training program shall follow Consultant’s standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP’s operating standards. Where applicable, all employees are required to watch SVP’s safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant's personnel at City's cost. The Consultant's designated users will be required to set up their computers/systems to use e-

Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or

resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed _%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

	LABOR CLASSIFICATION	FULLY BURDENDED HOURLY RATES
BKF Engineers	Principal In Charge	$506.30
	Senior Associate Principal / Senior Project Executive	$380.48
	Associate Principal / Project Executive	$345.83
	Project Engineer / Geologist	$166.13
	Senior Project Manager	$314.33

	Registered Civil Engineer	$230.00
	Project Manager	$230.00
	Project Engineer	$180.00
	CAD Operator	$210.00

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage

specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars

($2,000,000) aggregate. Any coverage containing a deductible or self- retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such cancellation. In the event of non- renewal, written

notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less

than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200001751

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND ELECTRICAL CONSULTANTS, INC.

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Electrical Consultants, Inc., a Montana corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the

Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety; and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for

fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. Effect of Termination; Payment. In the event of termination under Sections 7.A or 7.B., Consultant shall have no further rights hereunder, except that, subject to Exhibit B (Schedule of Fees and Payment Provisions), City shall pay Consultant for: (i) Services duly authorized and satisfactorily performed up to the effective date of termination; and (ii) reimbursable expenses actually and reasonably incurred and in compliance Section 3 of Exhibit B prior to the effective date of termination. For any fixed-price Services or milestones, payment for partially completed deliverables shall be made on a pro rata basis based on the percentage of completion as reasonably determined by City. City may set off against any such amounts any damages, costs, or expenses incurred by City as a result of Consultant's Default.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its

employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the

Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of

this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach

of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the

exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall

be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other

similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

E. Neither Party shall be liable to the other for any lost profits or any indirect, special, incidental, punitive, or consequential loss or damage of any kind arising in connection with the agreement, even if the Party has been advised or should be aware of the possibility of such damages. Nothing in the Agreement limits or excludes either Party's liability for loss or damage resulting from death or personal injury caused by its gross negligence, or any fraud or fraudulent misrepresentation.

F. The total aggregate liability of Consultant to City, for all claims (direct and third-party), damages, losses, expenses, costs, and liabilities of any kind arising out of this Agreement, whether such arise from a breach of contract; a defense, indemnification, or hold harmless obligation; warranty; tort, including negligence; strict liability; or otherwise, shall be limited to ten million dollars ($10,000,000) or the actual paid compensation set forth in section 6 as may be amended from time to time, up to a maximum of fifteen million dollars ($15,000,000), whichever is greater. Notwithstanding the foregoing, the foregoing liability limitation shall not apply in cases of Employment-Related Claims, personal injury to a third party or damage to property of a third party.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara

3521 Gabel Road
Billings, MT 59102
and by e-mail at dave.maehl@eciusa.com

With a copy to:
Electrical Consultants, Inc.
Attention: Chief Legal Officer
3521 Gabel Road
Billings, MT 59102
and by e-mail at kevin.freeman@eciusa.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☒Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Testing and Commissioning

2.1.2.1 Environmental permitting and regulatory compliance, including preparation and filing of Federal Aviation Administration (FAA) notices. Services include preparation of Storm Water Pollution Prevention Plans, engineering documents to support SVP's environmental requirements, and coordination with the environmental consultant to ensure compliance with California Environmental Quality Act (CEQA), including reviews and permit applications.

2.1.2.2 Right of way easement acquisition and encroachment permitting services including providing comments and revisions made during the encroachment permit or easement review process; researching permit requirements; obtaining required permits;

preparing submittals and supporting documentation to permitting agencies including project descriptions, plans, and permit package applications; responding to all questions and comments from permitting agencies; revising drawings and documents as necessary; supporting preparation of Reports to Council regarding authorization for negotiation, eminent domain actions, easement acceptance; preparing legal descriptions; preparing, creating, and mailing Notice of Intent to Apprise letters, offer letters, and Notice for Resolution of Necessity; obtaining and reviewing title reports; performing easement acquisition negotiations with property owners on behalf of SVP; preparing Purchase and Sale Agreements (PSA) using templates from SVP; assisting with escrow process for final acquisition; and assist with any condemnation proceedings.

2.1.2.3 Material procurement support SVP, including providing bill of materials, technical specifications, and load tree drawings and reviewing and approving vendor material specifications; responding to vendors' Requests for Information (RFIs); and conducting technical reviews of vendor materials and equipment specifications. All procurement specifications are to include rigging of equipment into place and acceptance testing.

2.1.2.4 Construction bidding support including preparing and submitting plans, specifications, and the 100% design submittal package; preparing construction cost estimate and project schedule; responding to bidder's requests for information; informing plan holders of significant responses to RFI's; preparing addenda; evaluating bids; preparing recommendation letter to award contract; and preparing a conformed set of documents that incorporate all addenda.

2.1.2.5 Engineering construction support including preparing for kickoff meeting; reviewing and commenting on submittals for equipment and materials procured by the construction contractor and manufacturers; attending meetings; addressing means and methods to ensure feasibility; managing field design changes; reviewing and responding to submittals; providing revised drawings; coordinating with relevant parties; and providing engineering assistance during testing and commissioning activities.

2.1.2.6 Construction management including acting as the Owner's Engineer to the primary construction contractor and commissioning and testing contractors; monitoring daily activities; confirming compliance with Engineer of Record (EOR) design, drawings, and specifications; coordinating planned

outages; observing construction activities; coordinating materials testing; ensuring all test results are properly recorded; completing daily reports; attending weekly meetings; providing recommendations to SVP and construction contractor; reviewing work progress; inspecting completed work for acceptance; reviewing as-builts and monthly invoices; managing commissioning and testing activities; conducting final site walk; and developing and managing punch list items.

2.1.2.7 Final testing and commissioning support may include providing full-time on-site support; verifying that all apparatuses and equipment conform to the issued specifications and drawings; ensuring completion of all FAT and SAT punch lists items; verifying full system integration and operation of all communication devices; and confirming that the system is ready for safe energization.

2.1.2.8 Record (as-built) drawings and project closeout services include attending the final walkthrough to provide input to the final "punch list" and help determine if the work is ready for City acceptance; providing a written recommendation regarding project completion; preparing and submitting, at final completion, two (2) sets of reproducible record drawings and all X-ref files "bound" that reflect the changes to the work during construction based upon marked-up prints, drawings, and other data furnished by the construction contractor, SVP, and other consultants; ensuring record drawings are not produced prior to in-field verification of all changes and as built conditions; ensuring that all additional sheets are properly numbered and referenced on affected drawings and included in the drawing sheet index; and providing a complete set of issued for record drawings in native and PDF format.

2.1.3 ☒ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.3.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.3.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.3.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.3.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.3.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.3.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.3.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.3.8 Preparation of all support discipline engineering calculations.

2.1.3.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.3.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.3.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.3.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.3.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and testing contractor, as needed, during commissioning and energization activities.

2.1.3.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.3.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.3.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.3.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in

CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☒Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☒Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☒System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☒Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic

control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the

performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to

perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant’s sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant’s training program shall follow Consultant’s standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP’s operating standards. Where applicable, all employees are required to watch SVP’s safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant's personnel at City's cost. The Consultant's designated users will be required to set up their computers/systems to use e-

Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or

resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least sixty (60) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed 10%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

	Reimbursable Expense Schedule	Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. Housing Allowance in Lieu of Meal and Lodging Per Diem: Consultants who are required to stay at the project site for more than ten (10) business days may elect to receive a housing allowance in lieu of the standard meal and lodging per diem. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written work authorization from the City is required. Upon such authorization, the City shall reimburse Consultant at a daily rate equal to the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of both hotel lodging costs and meal per diem. Consultant shall certify that no other lodging or meal reimbursements are being claimed for the same period. Receipts are not required for Consultant electing this housing option."	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing.	No Markup

Reimbursable Expense Schedule		Mark Up
	Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment. City will pay Consultant within thirty (30) days of City's approval of Consultant's invoice.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written

notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect

thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200005069

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND HDR ENGINEERING, INC.

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and HDR Engineering, Inc., a Nebraska corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services covered by this Agreement shall satisfy the standard of care set forth in Section 5. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services, City may make corrections or replace Services and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety; and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent

requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement if Consultant

fails to cure such Default within ten (10) days following written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going

review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or

license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by

its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate

remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to Consultant's deliverables under this Agreement by City or persons other

than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

HDR Engineering, Inc.
Attention: Christina Keithley, Resources Business Group Manager
3003 Oak Road, Suite 500
Walnut Creek, CA 94597
and by e-mail at christina.keithley@hdrinc.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended

from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☒Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☒ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.2.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.2.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.2.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.2.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.2.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.2.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.2.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.2.8 Preparation of all support discipline engineering calculations.

2.1.2.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.2.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.2.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.2.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.2.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and

testing contractor, as needed, during commissioning and energization activities.

2.1.2.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.2.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.2.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.2.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module

based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☒Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☒Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☒System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster

Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☒Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work

management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1)

Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National

Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant's sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant's training program shall follow Consultant's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant’s personnel at City’s cost. The Consultant’s designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City, which approval shall not be unreasonably withheld, and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed 5%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes, acting reasonably, in good faith and in a timely manner that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment and issue payment within thirty (30) days of invoice approval.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

	LABOR CLASSIFICATION	FULLY BURDENED HOURLY RATES
HDR Engineering, Inc.	Electrical Engineer Senior	$325.47
	Electrical Engineer II	$272.71
	Electrical Engineer I	$149.84
	Civil/Structural Engineer Senior	$307.33
	Civil/Structural Engineer II	$240.83
	Civil/Structural Engineer I	$143.14

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars

($2,000,000) aggregate. Any coverage containing a deductible or self- retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or material change of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such material change or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or material change of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of

such material change or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City redacted copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200005761

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND K&A ENGINEERING CONSULTING PC

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and K&A Engineering Consulting PC, a New York corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the

Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety; and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for

fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised

by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other

Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such

Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood

and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written

authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement

that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations

from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

K&A Engineering Consulting, PC
Attention: John Opsatnic, Vice President, Business Development
4637 Chabot Drive, Suite 350
Pleasanton, CA 94588
and by e-mail at info@kapower.us

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130),

Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

By (Signature):	
Name:	Ryan Ault
Title:	Vice President
Principal Place of Business Address:	4637 Chabot Drive, Suite 350 Pleasanton, CA 94588
Email Address:	ryan.ault@kapower.us
Telephone:	(720) 290-3307

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☐Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.2.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.2.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.2.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.2.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.2.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.2.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.2.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.2.8 Preparation of all support discipline engineering calculations.

2.1.2.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.2.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.2.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.2.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.2.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and

testing contractor, as needed, during commissioning and energization activities.

2.1.2.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.2.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.2.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.2.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module

based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☒Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☒Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☒System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster

Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☒Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work

management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024 even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1)

Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National

Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant's sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant's training program shall follow Consultant's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant’s personnel at City’s cost. The Consultant’s designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed _%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

	LABOR CLASSIFICATION	FULLY BURDENDED HOURLY RATES
K&A Engineering Consulting PC	Senior Project Manager	$229.20
	Project Manager	$197.05

	3-Man Survey Crew	$467.00
	2-Man Survey Crew	$367.00
	1-Man Survey Crew	$227.00

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars($2,000,000) aggregate. Any coverage containing a deductible or self- retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to

the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at

least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200005767

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND KANO CONSULTANTS, INC.

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Kano Consultants, Inc., a California corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety;

and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests

hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to

be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in

this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The

Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and

injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to

Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

Kano Consulting, Inc.
Attention: Alex Chua
6200 Stoneridge Mall Rd, Suite 300
Pleasanton, CA 94588
and by e-mail at support@kanoconsultants.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended

from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

Approved as to Form: Dated: _____

GLEN R. GOOGINS
City Attorney

JŌVAN D. GROGAN

By (Signature): _____
Name: Alex Chua
Title: CEO/Principal Engineer

Principal Place of Business Address:	6200 Stoneridge Mall Rd., Suire 300 Pleasanton, CA 94588
Email Address:	support@kanoconsultants.com
Telephone:	(408) 518-0127

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☐Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.2.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.2.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.2.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.2.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.2.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.2.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.2.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.2.8 Preparation of all support discipline engineering calculations.

2.1.2.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.2.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.2.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.2.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.2.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and

testing contractor, as needed, during commissioning and energization activities.

2.1.2.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.2.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.2.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.2.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module

based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☐Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☒Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☒System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster

Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☒Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work

management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1)

Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2023.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National

Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant's sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant's training program shall follow Consultant's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant’s personnel at City’s cost. The Consultant’s designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed 15%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

	LABOR CLASSIFICATION	FULLY BURDENDED HOURLY RATES	
		2026	2027
Kano Consultants, Inc.	Engineer I	$111.00	$114.00
	Engineer II	$137.00	$141.00
	CAD Technician	$96.00	$99.00
	Project Analyst	$96.00	$99.00
	Senior Consulting Electrical Engineer	$185.00	$190.00
	Principal Engineer	$265.00	$274.00
CEPC Engineering, Inc.	Principal / Project Manager	$220.00	$220.00
Megawatt Engineering	Principal	$275.00	$275.00

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance

coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200005250

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND KEWO ENGINEERING CORPORATION

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Kewo Engineering Corporation, a California corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the

Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety; and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for

fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised

by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other

Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such

Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood

and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written

authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement

that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations

from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

Kewo Engineering Corporation
Attention: Brian Kewo, President
13760 Hunters Run Ct
Eastvale, CA 92880
and by e-mail at Brian.Kewo@kewocorp.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130),

Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☐Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.2.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.2.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.2.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.2.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.2.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.2.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.2.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.2.8 Preparation of all support discipline engineering calculations.

2.1.2.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.2.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.2.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.2.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.2.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and

testing contractor, as needed, during commissioning and energization activities.

2.1.2.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.2.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.2.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.2.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module

based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☐Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☐Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☐System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☐Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster

Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☐Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☐Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work

management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1)

Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National

Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant's sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant's training program shall follow Consultant's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant’s personnel at City’s cost. The Consultant’s designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed _%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

LABOR CLASSIFICATION	FULLY BURDENDED HOURLY RATES
Principal Engineer	$246.50
Sr. Engineer	$232.00
Engineer	$179.80
Sr. Project Manager	$232.00
Project Manager	$179.80

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self- retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written

notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect

thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200004638

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND LEIDOS ENGINEERING, LLC

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Leidos Engineering, LLC, a Delaware limited liability company (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Initial Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the

Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety; and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for

fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised

by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other

Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such

Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood

and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written

authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement

that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations

from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

Leidos Engineering, LLC
Attention: Adam Fox, Engineering Director
1750 Presidents Street
Reston, VA 20190
and by e-mail at adam.e.fox@leidos.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130),

Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

27. NO CONSEQUENTIAL DAMAGES

In no event and under no circumstances shall either Consultant or City be liable to the other for any principal, interest, loss of anticipated revenues, earnings, profits, increased expenses of operation or construction, loss by reason of shutdown or non-operation due to late completion or otherwise or for any other economic, consequential, indirect or special damages.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

Telephone: (206) 695-4605

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☐Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.2.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.2.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.2.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.2.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.2.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.2.6 Preparation of all electrical drawings and calculations. At a minimum, calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.2.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.2.8 Preparation of all support discipline engineering calculations.

2.1.2.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.2.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.2.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.2.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.2.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and

testing contractor, as needed, during commissioning and energization activities.

2.1.2.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.2.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.2.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.2.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module

based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☒Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☒Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☒System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster

Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☒Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work

management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10,2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1)

Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National

Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant's sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant's training program shall follow Consultant's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant’s personnel at City’s cost. The Consultant’s designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed 10%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment. City shall pay Consultant within thirty (30) days of City's receipt of an approved invoice.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

	LABOR CLASSIFICATION	FULLY BURDENDED HOURLY RATES
Leidos Engineering, LLC	Project Manager I	$130.00

	Principal Engineer	$258.00

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self- retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written

notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect

thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200004122

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND NV5, INC.

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and NV5, Inc., a California corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety;

and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests

hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to

be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in

this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The

Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and

injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to

Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

NV5, Inc.
Attention: J.C. Mathieson, VP Distribution Operations
190 North Wiget Lane, Suite 101
Walnut Creek, CA 94598
and by e-mail at J.C.Mathieson@NV5.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended

from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☒Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☒ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.2.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.2.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.2.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.2.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.2.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.2.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.2.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.2.8 Preparation of all support discipline engineering calculations.

2.1.2.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.2.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.2.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.2.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.2.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and

testing contractor, as needed, during commissioning and energization activities.

2.1.2.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.2.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.2.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.2.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☒Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module

based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☒Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☒Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☒Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☒System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster

Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☒Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work

management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1)

Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. [INTENTIONALLY OMITTED]

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS [INTENTIONALL OMITTED]

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with

SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant's sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant's training program shall follow Consultant's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions

in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant's personnel at City's cost. The Consultant's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	No Markup
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

	LABOR CLASSIFICATION	FULLY BURDENED HOURLY RATES

	Sr. Engineer	$168.00
	Engineering Staff III	$150.00
	Principal Engineer	$214.00

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self- retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written

notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect

thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200005769

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND SIEMENS INDUSTRY, INC.

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Siemens Industry, Inc., a Delaware corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety;

and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement provided that the Contractor has not remedied the breach or commenced to cure the breach within a reasonable period, having due regard to the nature of the breach. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in

effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised

by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other

Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such

Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood

and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written

authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

Siemens Industry, Inc.
Attention: Eric Wuttke – Legal Counsel
400 State Street
Schenectady, NY 12301
and by e-mail at eric.wuttke@siemens.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

CITY OF SANTA CLARA, CALIFORNIA
a chartered California municipal corporation

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☐Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.2.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.2.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.2.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.2.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.2.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.2.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.2.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.2.8 Preparation of all support discipline engineering calculations.

2.1.2.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.2.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.2.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.2.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.2.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and

testing contractor, as needed, during commissioning and energization activities.

2.1.2.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.2.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.2.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.2.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☐Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module

based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☐Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☐Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☐Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☐System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster

Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☐Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☐Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work

management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 9, 2024, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1)

Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 9, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National

Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant's sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant's training program shall follow Consultant's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant’s personnel at City’s cost. The Consultant’s designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	Not to exceed _%
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

LABOR CLASSIFICATION	FULLY BURDENED HOURLY RATES
Principal	$416.00
Senior Staff Consultant / Senior Lead Consultant	$355.00
Manager / Staff Consultant	$321.00
Senior Consultant	$261.00
Consultant	$231.00

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit

is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must be declared to the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at

least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

EBIX Insurance No. S200000174

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND SOUDI CONSULTING INC

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and Soudi Consulting, Inc., a California corporation (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the design professional services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subconsultants or subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services of the quality and type which meet objectives and requirements of the Agreement; and

C. The Parties agree Consultant will provide the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance (if applicable)

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on September 1, 2026 and terminate on August 31, 2031 ("Term").

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

In addition to those warranties contained in Exhibit A, Consultant expressly warrants that all Services and materials covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions applicable to this Agreement. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services or materials at no further cost to City when defects are due to the negligence, errors, or omissions of Consultant. If Consultant fails to promptly correct or replace Services or materials, City may make corrections or replace Services or materials and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

A. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services including its duties and obligations, expressed and implied, contained herein. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Consultant's representations regarding its skills and knowledge.

B. Consultant warrants that all employees and subconsultants, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Consultant shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety;

and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed. Consultant's failure to be thoroughly familiarized with the provisions of any applicable federal, state, and local regulations, ordinances and codes shall not relieve Consultant from compliance with the obligations and penalties resulting therefrom.

D. Consultant represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Consultant to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all Services rendered and materials provided by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is one million dollars ($1,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials, and equipment provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. For purposes of this Section 7.B., the word "Default" shall mean the failure of Consultant to perform any of Consultant's duties or obligations or the breach by Consultant of any of the terms and conditions set forth in this Agreement. In addition, Consultant shall be deemed to be in Default upon Consultant (i) applying for, consenting to, or suffering of, the appointment of a receiver, trustee or liquidator for all or a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) being adjudged bankrupt; (iv) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within thirty (30) days of such filing); or (v) suffering or permitting to continue unstayed and in effect for fifteen (15) consecutive days any attachment, levy, execution or seizure of all or a substantial portion of Consultant's assets or of Consultant's interests

hereunder. In the event of any Default by Consultant, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. In the event of termination under sections 7.A. or 7.B., Consultant shall have no further rights hereunder.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subconsultants or subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subconsultants or subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement. Consultant has full rights to manage its workers, contractors and or employees in their performance of Services.

Consultant shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Consultant any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to

be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

Consultant must immediately provide written notice to City of any report under Section 10 and provide related information as reasonably requested by City. The Parties agree failure of Consultant to immediately provide written report to City of any notice it receives from any source, relating to Section 10, constitutes material breach of this Agreement.

Consultant will inform and train persons it engages, hires, contracts with, or employs to provide labor and or materials to City on the requirements of Section 10. Consultant shall require that its workers and or personnel immediately report to their respective Consultant supervisor any perceived occurrence under Section 10.

11. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below), except that this Agreement, Consultant pricing and proposals incorporated into this Agreement shall not be deemed Confidential Information. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Consultant of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Consultant and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in

this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Consultant's proposals and Purchase Orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The

Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, or if the Disclosing Party waives compliance with the requirements of the preceding sentence, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken. Each Party agrees that any breach of their confidentiality obligations could cause irreparable harm to the other Party, the amount of which would be extremely difficult to estimate. Accordingly, it is understood and agreed that monetary damages would not be a sufficient remedy for any material breach of this Agreement and that specific performance and

injunctive relief in addition to monetary damages shall be appropriate remedies for any breach or any threat of such breach. The provisions of this Paragraph are in addition to any other legal rights or remedies the Disclosing Party may have.

G. Within two (2) weeks of the termination of this Agreement, Consultant will return to the City or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Consultant may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Consultant's confidential obligations with respect to such information shall continue so long as such information is retained. Consultant shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Consultant's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

12. OWNERSHIP OF MATERIAL

A. City shall furnish to Consultant such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. All documents and materials furnished by City to Consultant, pursuant to Section 12.A., shall remain the property of City and shall be returned to City upon termination of this Agreement, for any reason. All documents or material prepared or caused to be prepared by Consultant, its officers, employees, agents and subconsultants, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Consultant or any other party. Consultant shall, at Consultant's sole cost and expense, provide such documents and material to City upon written request.

C. Documents and material prepared by Consultant, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Consultant will be at City's sole risk and without liability to Consultant. Further, any and all liability arising out of changes made to

Consultant's deliverables under this Agreement by City or persons other than Consultant, is waived against Consultant and City assumes full responsibility for such changes unless City has given Consultant prior notice and has received from Consultant written consent for such change.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

A. City, through its authorized employees, representatives or agents shall have the right during the Term and for four (4) years from the date of final payment for Services or goods provided under this Agreement ("Audit Period"), to audit the books and records of Consultant for the purpose of verifying any and all Consultant invoices and charges.

B. Consultant shall keep records and invoices in connection with the Services for the length of the Audit Period. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

C. Consultant shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit Consultant's accounting procedures and internal controls of Consultant's financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in this Agreement. If Consultant fails to provide supporting documentation satisfactory to City for costs charged, then Consultant agrees to reimburse City for those costs. Any such audit(s) shall be undertaken by City or its representative(s) at reasonable times and in conformance with generally accepted auditing standards. Consultant agrees to fully cooperate with any such audit(s).

D. Consultant will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Consultant's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Consultant. If Consultant fails to make such payment, Consultant agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Consultant reimburses City for any exception(s). If an audit inspection or examination in accordance with this Section discloses overcharges (of any nature) by Consultant to City in excess of one percent (1%) of the value of that portion of the Agreement that was audited, the actual cost of City's audit shall be reimbursed to City by Consultant.

E. Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Consultant, its employees, subconsultants, affiliates, or persons contracting with Consultant in the performance, or non-performance, of the Services under this Agreement.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subconsultants, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all current or former worker, independent contractor, and or employment-related, and or benefit claims of any type brought by current or former workers, independent contractors, and or employees, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor any other person or entity involved in the performance of the Services. In the event Consultant fails to obtain such indemnity obligations from others as required here, Consultant shall be fully responsible according to the terms of this section.

15. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Consultant addressed as follows:

Soudi Consultants, Inc.
Attention: Farajollah Soudi, President
4230 Lilac Ridge Rd
San Ramon, CA 94582
and by e-mail at fsoudi@soudiconsultants.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended

from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

26. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Consultant shall comply, and ensure its subconsultants and subcontractors comply with Exhibit D.

Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Consultant or its employees, agents, contractors, subconsultants, and subcontractors to comply with the prevailing wage laws.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

SECTION 1. GENERAL

1.1 Consultant shall provide all necessary supervision, labor, and services, plus all tools, equipment, materials, and supplies required to provide as-needed electric utility engineering services ("Services").

1.2 Consultant shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Consultant will primarily perform Services in City of Santa Clara limits.

1.4 To the extent not inconsistent with this Agreement, the City's SOQ-23-24-30 (including subsequent updates) and Consultant's proposal response dated April 10, 2024, are hereby incorporated by reference herein and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement. In the event of a conflict between the Agreement (including its Exhibits and the SOQ-23-24-39 or Consultant's proposal, the Agreement and its Exhibits shall govern.

SECTION 2. SERVICES TO BE PERFORMED

Consultant will provide the following Services to the City on an as-needed basis pursuant to the process described in Section 6. The specific service area(s) authorized for a Consultant are expressly identified by checkbox(es). Only those service areas that are checked shall be considered within the Consultant's authorized scope of services under this Agreement.

2.1 DESIGN AND CONSTRUCTION (PLAN & IMPLEMENTATION)

The following service areas within Design and Construction (Plan & Implementation) are intended to be scoped as full-service Engineer of Record design services through construction for projects with all subservices included.

2.1.1 ☐Transmission or Distribution Line Design Services

The required services associated with full Engineer of Record transmission or distribution line design and project implementation may include, but not be limited to:

2.1.1.1 Creation of an Alternative Routes Analysis Report which must provide a determination of the most advantageous of the routing options. This report should include a summary table that

compares cost, schedule, and advantages/disadvantages for each alternative.

2.1.1.2 Subsurface investigation and utility potholing services, including subsurface site investigation for geotechnical report, environmental site characterization, soil conductivity, thermal soil resistivity, and identification and location of utilities in proposed working area.

2.1.1.3 Design project management including managing project schedules and budget related to design, testing and commissioning, and construction.

2.1.1.4 Coordination with SVP and City departments, and outside agencies as needed.

2.1.1.5 Design packages, including circuit design, structure design, construction sequence plan, outage plan coordination, equipment sizing, all necessary electrical, civil, and structural calculations and design to support design submittals, terrestrial and/or aerial LiDAR (Light Detection and Ranging) survey for PLS CADD (Power Line System - Computer Aided Design and Draft) model, subsurface investigations for utilities, and surface structures needed to perform the overhead and underground design.

2.1.1.6 Engineering studies, including power flow using PSLF, short circuit analysis using ASPEN, CYMCAP ampacity analysis, ASPEN Line Constants modeling, mutual coupling studies, line insulation coordination for lightning and switching, and thermal soils tests and analysis.

2.1.2 ☐ Substation Design Services

The required services associated with full Engineer of Record substation design and project implementation may include, but not be limited to:

2.1.2.1 Preliminary investigation including survey, property rights research/easements, title reports, underground utility locating necessary for the design and construction, and a preliminary design package.

2.1.2.2 Preparation of substation single line metering and relaying (SLMR) control diagram and communication single line.

2.1.2.3 Preparation of control enclosure drawings, protection line panel drawings, and security designs for substation monitoring and access.

2.1.2.4 Project management, design and preparation of Plans, Specifications, and Engineer's Estimate (PSEE) including permitting and CEQA determinations, geotechnical investigation, land acquisition activities, bid and construction support, record drawings, and project closeout.

2.1.2.5 Coordination with SVP Divisions including Planning, Fiber, Protection, Substation, Systems Support, Operations, Engineering, Records Retention, Electrical Control Center, and management.

2.1.2.6 Preparation of all electrical drawings and calculations. At a minimum calculations, shall include Substation Short Circuit Duty study, breaker rating study, load flow study, arc flash study, insulation coordination study, protection and control calculations (including all settings for all relays), interface coordination, and required communications to the existing SVP system.

2.1.2.7 Preparation of all civil/structural/geotechnical/architectural drawings and calculations.

2.1.2.8 Preparation of all support discipline engineering calculations.

2.1.2.9 Comprehensive grounding study in accordance with IEEE80/81.

2.1.2.10 Procurement plans and specifications and bid support services, including stamped and signed plans, final engineer's cost estimate, and responses to bidder questions.

2.1.2.11 Onsite construction management supporting substation construction including filling daily reports; attending weekly meetings; facilitating and tracking submittals; tracking and responding to RFI's; enforcing design compliance; performing field observations and documentation; tracking and reviewing change orders and potential change orders; providing acceptance or denial recommendations; reviewing invoices; performing post construction inspections; developing the final punch list; ensure materials testing results are properly recorded; managing the commissioning and testing phases.

2.1.2.12 Substation testing and commissioning including 85% factory inspections at the manufacturer's facility; performing Factory Acceptance Testing (FAT) of the control enclosure, line protection panels, and other components as requested.

2.1.2.13 Engineering support for equipment commissioning and energization activities and assistance to the commissioning and

testing contractor, as needed, during commissioning and energization activities.

2.1.2.14 Preparation of enhanced Protection, Control, and Automation (PCA) documentation including communication architecture, data flow diagrams, point lists, and integration requirements with SCADA (Supervisory Control and Data Acquisition), PI (Plant Information), MDMS (Master Data Management System), Power Quality, and Asset Lifecycle and monitoring systems.

2.1.2.15 Development of testing, control, and automation test plans to validate the integration of all devices working as designed and per the PCA. This includes development of tests for logic settings, trip times, backup devices, battery control logic, LTC (Load Tap Changer) controls, DGA (Dissolved Gas Analysis), and other asset monitoring devices, ventilation controls, and similar systems. These test plans can be developed using RTS (Real Time Simulator), RTDS (Real Time Digital Simulator), or equivalent platforms.

2.1.2.16 Creation of protection system testing and commissioning plans in accordance with applicable IEEE/ANSI standards and coordination with SVP and contractor to execute the testing and commissioning plan.

2.1.2.17 Provision of test plans and review of test reports for electrical equipment, including but relays, transformers, circuit breakers, and battery systems.

2.2 ENGINEERING DESIGN OR SERVICES DURING CONSTRUCTION (ENGINEERING SERVICES)

2.2.1 ☐Grounding System Design

2.2.1.1 Grounding system design including reviewing field test reports; preparing soil model developed in CDEGS (Current Distribution, Electromagnetic Fields, Grounding and Soil Structure Analysis) RESAP (Soil Resistivity Analysis); simulating step voltage, touch voltage, and ground potential rise using CDEGS; preparing ground grid designs with detailed drawings; graphically representing voltage gradients, with step and touch potential calculations; and preparing test plans for grounding systems. Services may include using CDEGS software or an approved equal by creating a model of the existing grounding system, lightning protection system, and other site specific details in CDEGS SESCAD module using as-built and field data; developing a multilayer soil model in CDEGS RESAP module

based on field testing; analyzing the system using CDEGS software modules such as FCDIST, TRALIN, HIFREQ to evaluate full fault magnitude and fault current split; analyzing step and touch potentials and ground potential rise (GPR), with the most conservative scenario; and creating voltage gradient graphs.

2.2.2 ☐Civil/Structural Design Services

2.2.2.1 Consultant shall provide civil/structural design services including designing security fencing, retaining walls, gates, gate/fence/wall/pole foundations and other civil site work as needed; and preparing or supporting geotechnical or soil report work when required.

2.2.3 ☐Standards, procedures, and specifications development

2.2.3.1 Consultant shall provide standards, procedures, and specifications development including updating and reviewing existing documentation for the utility pertaining to standards, procedures, and specifications; creating missing documents as needed; and developing standards for substations, transmission and distribution, system design, operations, low voltage, operation & revenue metering, testing & commissioning; and Distributed Energy Resource (DER) Interconnection.

2.2.4 ☐Equipment Rating

2.2.4.1 Equipment rating including creating, updating, documenting, and reviewing equipment ratings for utility assets, including conductors, cables, transformers, devices, breakers, switches, poles and structures, and terminations.

2.2.5 ☒System Modeling

2.2.5.1 System modeling including creating, updating, documenting, and/or revising system modeling needs, including PSLF, Powerworld, ASPEN OneLiner, ASPEN Line Constant, ASPEN Breaker Rating Module, CYMCAP, insulation coordination, harmonics, thermal soils and test analysis, Distributed Engineering Workstation, and Mathlab.

2.2.6 ☒Interconnection Studies

2.2.6.1 Interconnection studies including creating, updating, documenting, and reviewing interconnection study needs such as performing affected system studies for CAISO Cluster

Interconnection Studies; and performing Distributed Energy Resource interconnection study within the SVP sub transmission and/or distribution system, including conducting System Impact Study (SIS) to evaluate the point of interconnection, Feasibility Study (FS) to determine system impacts and estimated project costs, and Facility Study (FAC) to determine electrical configuration, price, and schedule to complete the interconnection.

2.2.7 ☐Construction Management and Inspection Services

2.2.7.1 Onsite construction management and inspection including to act as the Owner's representative to construction, commissioning, and testing contractors including attending weekly construction meetings, field observation, daily reports, tracking open items (RFI's, submittals, change orders, etc.), review and document all testing of materials, review as-builts, monthly invoices, inspection services, and punch list/closeout.

2.2.8 ☒Distribution Engineering System Support

2.2.8.1 Distribution engineering system support including performing power distribution studies such as distribution planning studies, power system studies, interconnection studies, protection studies, reactive power studies, and thermal ampacity studies; performing distribution protection and control engineering including developing distribution protection standards, conducting studies such as load flow, short circuit, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP distribution field relays; preparing control system settings and designs to integrate field DER into the SVP distribution system; performing distribution communication engineering such as creating communication standards for distribution field control and telemetry devices for capacitor, switches, DER etc.; preparing radio communication network designs; preparing distribution design including plans, specifications, and cost estimates involving power distribution system design including generation system, feeder design, protection systems, grid automation, communication and control system including integration of DER, reactive power compensation and street light systems.

2.2.8.2 Miscellaneous distribution engineering support including perform cost analyses related to evaluating distribution municipal fee items such as load development fee(s) or change order proposals; review existing processes; revising and implementing systems for work

management system related to distribution planning group; reviewing and updating existing cost estimating engine to integrate with GIS (Geographic Information System); and providing engineering services to review pole contact, pole calculations, and encroachment permit plan review.

2.3 OPERATIONS (OPERATION SERVICES)

2.3.1 ☒Protection and Control Engineering

2.3.1.1 Protection and control engineering services including developing protective relaying standards; performing studies including short circuit studies, arc flash, voltage and stability analysis, breaker ratings, insulation coordination, and reactive power requirements; preparing relay settings and logic drawings for SVP new and existing substation projects; and performing protection system coordination studies for new and existing substation projects.

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Consultant shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor/subconsultant management

SECTION 4. REPORTS

4.1.1 Consultant shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.1.2 City may, at its sole discretion, require Consultant to provide status updates daily, weekly, or monthly at the direction of City.

4.2 Consultant shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Consultant shall perform and complete the Services in a timely, efficient manner, so as to meet the project schedule of each Purchase Order.

SECTION 6. SERVICE REQUEST

6.1 Consultant acknowledges that Consultant is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 6. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 6 contains the process for awarding Services under a master agreement process.

6.2 When the City requires services, City will notify consultant(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

6.3 Consultant shall prepare and submit a written proposal (Proposal). Consultant's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

6.4 The City will evaluate the Proposals according to the criteria and weights listed in the Work Request.

6.5 At the City's discretion, the City may interview consultants submitting the highest scoring Proposal. Such interviews will be scored according to the criteria and weights listed in the Work Request.

6.6 City will enter into negotiations with the highest-ranked consultant. Negotiations may include, but are not limited to, the scope of work, schedule to perform scope, and technical specifications. The City will not renegotiate any established rates as set forth in Exhibit B but may negotiate the level of effort required for the Services. In the event negotiations with the highest-ranked consultant are unsuccessful, the City will either move on to the next highest-ranked consultant, suspend the selection process, or terminate the solicitation process and issue a new Work Request (except, as determined by City, reissuance would not be an idle act).

6.7 Provided that the original cost Proposal includes all applicable items listed in the Work Request, the City and the selected consultant may negotiate whether the cost for the Purchase Order will be fixed price (lump sum) or based on specific rates of compensation (time-and-materials) for completion of the Services.

6.8 If a fixed fee or lump sum is authorized by the City, Consultant must include a payment schedule in their final Proposal. The final Proposal shall be in conformance with Exhibit B and:

6.8.1 Include a clear breakdown of materials and labor indicating taxable and non-taxable items, along with an estimate of required taxes.

6.8.2 Include separation of materials subject to tax so that payment for such materials and the associated taxes occur in a single payment.

6.8.3 Payment milestones shall be connected to deliverables and shall not include payment for labor subject to prevailing wage in advance of such labor taking place.

6.9 Consultant must submit a revised Proposal to the City based upon such negotiations.

6.10 Authorization of Work; Issuance of Purchase Order

6.10.1 Once City and the selected consultant agree on the final pricing, scope, and specific requirements of the proposed services, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.10.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

6.10.3 Consultant shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Consultant elects not to perform the Services. If Consultant (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Consultant will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

6.11 Additional Services or Modifications

6.11.1 Consultant shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Consultant shall provide the reason for the change specific to each Purchase Order. Consultant shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Consultant shall submit justification demonstrating that changes in cost are associated with changes in scope.

6.11.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.11.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 6.2.

6.11.4 Consultant shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

6.12 Immediate Need / Interim Work Orders

6.12.1 The City may authorize Consultant to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

6.12.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

6.12.1.2 In the event work is required to maintain a critical City function or project schedule.

6.12.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

6.12.3 Following issuance of an interim authorization, Consultant shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

6.12.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

6.13 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement.

6.14 The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal, or Purchase Order, and the City's SOQ-23-24-39 (including subsequent updates) and Consultant's proposal response dated April 10, 20204, even if those documents state otherwise. If any terms and conditions conflict of those documents with the Agreement, any conflicting terms are invalid and unenforceable. The order of precedence is as follows: (1)

Agreement and any exhibits or amendments thereto, (2) Purchase Order, (3) Proposal, (4) City's SOQ-23-24-39 (including subsequent updates) and (5) Contractor's proposal response dated April 10, 2024.

6.15 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Consultant. In such event, the Consultant shall have no further rights hereunder, except that Consultant shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 7. [INTENTIONALLY OMITTED]

SECTION 8. WARRANTY

All Services performed by Consultant shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Consultant shall perform all warranty-related work at no additional cost to the City.

SECTION 9. WORK AREA

9.1 Consultant shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Consultant's performance of Services. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Consultant shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

9.2 Consultant shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Consultant fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Consultant for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Consultant or deduct costs from Consultant's invoice at City's sole discretion.

9.3 Where applicable, Consultant must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Consultant may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

9.4 Consultant shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 10. CONSULTANT'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

10.1 Consultant shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Consultant. Neither Consultant nor its workers shall attempt to borrow tools or other materials from City personnel.

10.2 Consultant shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

10.3 Consultant shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Consultant will not leave keys in any vehicles or equipment when not in use. Consultant shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

10.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 11. DISPOSAL OF WASTE AND SCRAPS

11.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Consultant is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

11.2 Consultant shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

11.3 Consultant shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 12. SAFETY

12.1 Safety must always be the top priority. Consultant shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Consultant shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

12.2 Where applicable, Consultant shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National

Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

12.3 If required by applicable law due to the nature of the Services, Consultant shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Consultant shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

12.4 As applicable, Consultant shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Consultant during these inspections.

12.5 Where applicable, Consultant must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Consultant must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Consultant.

12.6 Where applicable, Consultant's employees (including any subconsultants) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Consultant.

12.7 When requested by the City, Consultant shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Consultant Project Manager (as defined in Section 14) and Consultant Personnel.

SECTION 13. INJURY/PROPERTY DAMAGE

Consultant shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Consultant shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Consultant shall assist as required.

SECTION 14. CONSULTANT PERSONNEL

14.1 Project Manager

Consultant must designate one (1) Project Manager to communicate with the City during the performance of Services. The Project Manager is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager must be capable of communicating effectively with City staff.

14.2 Staffing

14.2.1 Consultant shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

14.2.2 Consultant shall ensure its employees and any subconsultants supply proper identification when requested by the City.

14.2.3 Consultant shall inform City immediately of any change in key personnel assigned to this agreement. Consultant shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

14.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Consultant shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

14.3 Employee Training

14.3.1 At Consultant's sole cost and expense, Consultant shall provide recurring, periodic (no less than annual) training to its employees (including subconsultants) appropriate to the duties and responsibilities of each employee.

14.3.2 Consultant's training program shall follow Consultant's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

14.3.3 Consultant shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

14.3.4 At the City's request, Consultant shall submit copies of training records for its employees.

14.4 Standards of Conduct

14.4.1 Consultant is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Consultant shall ensure that while on or about the work site, its employees do not:

14.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

14.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

14.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

14.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

14.4.2 If a Consultant employee fails to meet these standards of conduct, Consultant shall immediately remove the employee and provide a replacement. Consultant shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

14.4.3 In the event that a complaint is made against a Consultant employee, Consultant shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 15. E-BUILDER

15.1 Use of e-Builder. When required by City, Consultant shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc. For certain projects to be defined by the City, e-Builder shall be the primary means of project information submission and management or as otherwise agreed upon with the City.

15.2 Access to e-Builder. The City will establish the Consultant's access to e-Builder by providing licenses to Consultant’s personnel at City’s cost. The Consultant’s designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. The City reserves the right to limit the licenses issued to Consultant at any time.

15.3 E-builder Training. Consultant is required to obtain all necessary training to use the e-builder software. Consultant must participate in at least one classroom training or a web-based seminar as determined by City.

15.4 Connectivity to e-Builder. e-Builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Consultant is responsible for its own connectivity to the Internet. e-Builder's response time is dependent on the Consultant's equipment, including processor speed, Internet access speed, etc., and current traffic on the Internet. The City will not be liable for any delays associated with Consultant's use of e-Builder including, but not limited to slow response time, downtime periods, connectivity problems, or loss of information. The Consultant shall ensure connectivity to the e-Builder system whether at the home office or job site. Under no circumstances will Consultant's use of e-Builder be grounds for a time extension or cost adjustment to a Purchase Order.

15.5 Acceptance of Information. Data entered in a collaborative mode (entered with the intent to share as determined by permissions and workflows within the e-Builder system) by the City and the Consultant will be jointly owned. Consultant is responsible for managing, tracking, and documenting the Services as provided in each Purchase Order and to comply with the requirements of this Agreement. The City's acceptance of documentation in e-builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Consultant's submitted information.

15.6 Format of Project Documents. In addition to submittal of documents through e-Builder, at the City's sole discretion, the City may require Consultant to submit documents in hard copy format, or both electronic and hard copy format.

15.7 Project Communication. While regular email may still be used for communication, when requested by City, e-Builder shall be used as much as possible in connection with all document and information management required in the performance of Services where City has directed the use of e-Builder. Consultant shall be responsible for scanning or otherwise converting to electronic format all submittals, correspondence, drawings, sketches, payment requests, change orders, reports, and other documents associated with the Services, and uploading them to the e-Builder website. Consultant shall be responsible for the validity of its information placed in e-Builder. Consultant shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Consultant may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

15.8 Archive Copies. When requested by City, Consultant shall keep an archive copy of all digital data created by Consultant, or submitted to Consultant via e-mail, or resident on e-Builder for the duration of the Agreement. Such data shall be available to City, and authorities with the jurisdiction (including funding agencies or representatives) on demand.

15.9 Should the City replace e-Builder with a different project management tool, Consultant, and subconsultants shall be required to use the new project management tool selected by the City.

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Consultant during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Consultant shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Consultant must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Consultant shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Consultant's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term

of the Agreement, Consultant may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Consultant may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Consultant submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Consultant demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 6.3 of Exhibit A, including issuance of a Purchase Order, (4) Consultant submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

Reimbursable Expense Schedule		Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subconsultant fees, equipment, rental equipment, materials, and facilities not furnished directly by Consultant).	No Markup
4.	Consultant may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Consultant must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Consultant (and any subconsultants) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be reimbursed at economy rates.	No Markup

Reimbursable Expense Schedule		Mark Up
	Meals: Consultant may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Consultant pays its employees a per diem rate lower than the GSA rate, the Consultant may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Consultant elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Consultant for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Consultant shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Consultant may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Consultant and shall not be reimbursable by the City.	No Markup
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Consultant shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Consultant shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Consultant shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Consultant shall invoice each milestone payment in full. Consultant shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Consultant and all subconsultants shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Consultant has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

LABOR CLASSIFICATION	FULLY BURDENED HOURLY RATES
Director Consulting Engineer	$225.00
Principal Consulting Engineer	$201.00
Senior Consulting Engineer	$174.75
Consulting Engineer	$120.00

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each

insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subconsultants involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subconsultant under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self- retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self- insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to

the effective date of non-renewal.

b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non- renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Attachment E, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subconsultants, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subconsultants and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subconsultant (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO)
endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at

least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Consultant shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Consultant is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, Consultant shall comply with compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Consultants, subconsultants, and subconsultants are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Consultant agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subconsultants or subcontractors) for the time period covering such payment request. Consultants shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including,

but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Consultant, all subconsultants and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No consultant, contractor, subconsultant, or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No consultant, contractor, subconsultant, or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Consultant MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All consultants/subconsultants/contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any consultant, subconsultant, contractor or subcontractors not be a registered public works contractor and perform work on the project, Consultant agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Consultant's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Consultant until Consultant has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Consultant until all required documentation is submitted. Any payment by the City despite Consultant's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon consultants and subconsultants for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

26-622 Agenda Date: 8/18/2026

REPORT TO COUNCIL

SUBJECT

Action to Authorize the City Manager to Negotiate and Execute Agreements with ProEnergy Services, LLC and GE Vernova International LLC for Gas Turbine Engine Field and Depot Services for Silicon Valley Power, for Additional Compensation Not-to-Exceed $20 Million, for a Total Combined Maximum Compensation Not-to-Exceed $50 Million, Inclusive of $30 Million Previously Authorized by the City Council

BACKGROUND

Silicon Valley Power (SVP), the City of Santa Clara's electric utility, owns and operates two gas turbine generation units at the Donald Von Raesfeld (DVR) Power Plant that are critical to system reliability, grid support, and emergency generation. To maintain operational readiness, the power plant requires ongoing gas turbine field and depot services, including inspections, maintenance, repairs, technical support, and replacement parts.

On April 6, 2021 (RTC 21-228), the City Council authorized the City Manager to negotiate and execute master service agreements with General Electric Packaged Power, LLC (GE Packaged Power) and TransCanada Turbines Inc. (TCT) for gas turbine field and depot services for a five-year term with an aggregate maximum compensation of $30 million.

On May 28, 2021, the City executed an agreement with TCT for turbine maintenance and repair services effective through April 5, 2027, with four additional renewal options through April 5, 2031. The City did not execute the agreement with GE Packaged Power because the agreement terms could not be finalized. Approximately $9 million remains available under the existing City Council authorization for TCT; nevertheless, recent turbine repair events highlight the need for additional qualified contractors to improve access to critical turbine components, increase service availability, and enhance operational reliability.

Staff determined that it is in the City's best interest to re-solicit these services to establish agreements with additional qualified contractors to support SVP operations and maintain the reliability of the DVR Power Plant during both planned maintenance activities and unexpected outage events.

DISCUSSION

Pursuant to Section 2.105.140(c) of the Santa Clara City Code (City Code), a formal Request for Proposal (RFP) was conducted, and an award was made based on "best value." The RFP for gas turbine field and depot services was published on the City's e-procurement system. A total of 34 companies viewed the RFP and two proposals were received by the submittal deadline from the following firms:

- GE Vernova International LLC (GE Vernova)
- ProEnergy Services, LLC (ProEnergy Services)

The proposals were independently evaluated by a three-member evaluation panel against the criteria and weights published in the RFP, including experience, technical capability, and cost. Following the completion of the evaluation process, the panel recommended award of master agreements to GE Vernova and ProEnergy Services. Both firms demonstrated strong technical qualifications, relevant gas turbine service experience, and the ability to support SVP's operations.

Staff is seeking City Council authorization to enter into agreements with GE Vernova and ProEnergy Services for gas turbine engine field and depot services, each with a not-to-exceed compensation of $10 million. Both agreements include an initial five-year term with renewal options extending through September 30, 2036.

Assuming negotiations are successful, SVP will have access to three qualified contractors for gas turbine engine field and depot services.

Staff is proposing that the City Council's prior authorization of $30 million is increased by $20 million, resulting in a total combined maximum compensation of $50 million. This would provide approximately $29 million in remaining capacity over the next five years, including approximately $9 million remaining under the existing agreement with TCT. SVP's annual expenditure for these services is approximately $6 million. Staff will return to the City Council at a later date if additional authorization is required. Table 1 below summarizes the existing and proposed agreement authorization and estimated remaining capacity.

Table 1: Summary of Gas Turbine Agreements and Authorization Amounts

Agreement	Maximum Compensation	Estimated Remaining Capacity
TransCanada Turbines (Existing Agreement)	$30,000,000	$9,000,000
ProEnergy (Proposed Agreement)	$10,000,000	$10,000,000
GE Vernova (Proposed Agreement)	$10,000,000	$10,000,000
Total Combined Maximum Compensation	$50,000,000	$29,000,000

The amounts listed in Table 1 are planning level estimates. Actual work assignments and expenditure among the agreements are not predetermined and will depend on contractor availability, responsiveness, technical expertise, and pricing at the time services are required. In addition, expenditures can vary substantially from year to year depending on operational and maintenance needs. Accordingly, the proposed combined maximum compensation may be reallocated among the agreements as needed to ensure sufficient capacity is available when critical maintenance or emergency repair services are needed.

Work will be assigned through a secondary selection process based on contractor availability, experience, terms, and cost. In emergency situations, SVP may select the contractor able to mobilize most quickly to reduce outage duration, minimize operational risk, and maintain generation

availability during periods of high demand.

Rates established in the agreements are fixed for the initial two-year term. Thereafter, contractors may request annual rate adjustments, subject to City approval and supported by documentation acceptable to the City.

ENVIRONMENTAL REVIEW

Staff recommends that the City Council determine that the actions being considered are exempt from the California Environmental Quality Act ("CEQA") pursuant to section 15301 of Title 14 of the California Code of Regulations as the services involve operation, maintenance, and repair of existing facilities and mechanical equipment.

FISCAL IMPACT

Funds for these contracts are available in the Electric Utility Operating Fund budget for FY 2026/27. Funds for future years will be requested through the normal budget process.

COORDINATION

This report has been coordinated with the Finance Department and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Determine that the proposed actions are exempt from CEQA pursuant to Section 15301 (Existing Facilities) of Title 14 of the California Code of Regulations;
2. Authorize the City Manager or designee to negotiate and execute an agreement with ProEnergy Services, LLC to perform gas turbine engine field and depot services, for an initial term beginning on or around September 1, 2026, and ending on September 30, 2031, with up to five one-year options to extend the term through September 30, 2036, for a total maximum compensation not to exceed $10,000,000, subject to the appropriation of funds and the review and approval as to form by the City Attorney;
3. Authorize the City Manager or designee to negotiate and execute an agreement with GE Vernova International LLC to perform gas turbine engine field and depot services, for an initial term beginning on or around September 1, 2026, and ending on September 30, 2031, with up to five one-year options to extend the term through September 30, 2036, for a total maximum compensation not to exceed $10,000,000, subject to the appropriation of funds and the review and approval as to form by the City Attorney; and
4. Authorize the City Manager or designee to take any actions necessary to implement and administer the agreements, including negotiating and executing future amendments to: (a) exercise the option years; (b) implement rate adjustments on the terms provided in the agreements; (c) reallocate compensation between the agreements with TransCanada Turbines Inc., ProEnergy Services, LLC and GE Vernova International LLC, provided that the total combined maximum compensation for all agreements does not exceed $50,000,000 (inclusive of

the 2021 City Council authorization of $30,000,000); and (d) make de minimis changes, subject to the appropriation of funds and the review and approval as to form by the City Attorney.

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND GE VERNOVA INTERNATIONAL LLC

PREAMBLE

This Agreement is made and entered into on the date last signed by the Parties ("Effective Date") between the City of Santa Clara, California, a chartered California municipal corporation (City) and GE Vernova International LLC, a Delaware limited liability company (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

A. City desires to secure the services ("Services") more fully described in this Agreement, in Exhibit A, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required Services and goods of the quality and type which meet objectives and requirements of City; and,

C. The Parties agree that Contractor will perform the Services under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, and conditions herein contained, the Parties hereto agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

A. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by written amendment to this Agreement, the term of this Agreement shall begin on **September 1, 2026** and terminate on **September 30, 2031** ("Initial Term").

B. After the Initial Term, City and Contractor reserve the right, to extend the term of this Agreement for up to five (5) years through **September 30, 2036** ("Option Periods") in such increments as determined by both parties. The Option Periods shall be authorized through an Amendment to this Agreement executed by the Parties. The Initial Term and Option Periods shall collectively be referred to as "Term".

3. SCOPE OF SERVICES AND PERFORMANCE SCHEDULE

Contractor shall perform the Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

The warranty provisions are contained in Sections 9 and 11 of Exhibit A.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

A. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services, including its duties and obligations, expressed and implied, contained herein. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. City expressly relies upon Contractor's representations regarding its skills and knowledge.

B. Contractor warrants that all employees and subcontractor, if any, shall have sufficient skill and experience to perform the Services assigned to them.

C. Contractor shall comply with all applicable federal, state and local laws in the performance of the Services; including but not limited to those of the Occupational Safety and Health Administration (OSHA) and the California Department of Industrial Relations and State Division of Industrial Safety

and the professional standard of care. Where any applicable laws or ordinances conflict with the City's requirements, the more stringent requirement(s) shall be followed.

D. Contractor represents and warrants to the City that it has, shall obtain, and shall keep in full force in effect during the Term hereof, at its sole cost and expense, all licenses, permits, qualifications, insurance and approvals of whatsoever nature that is legally required of Contractor to practice its profession and to perform Services.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all Services rendered and material provided by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES AND PAYMENT PROVISIONS." The maximum compensation of this Agreement is **Ten Million Dollars ($10,000,000)**, subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials and equipment provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

The City shall pay Contractor within forty-five (45) days from the invoice date for undisputed amounts. Contractor shall issue invoices no earlier than upon shipment of parts and materials and as Services are performed.

7. TERMINATION

A. Termination for Default: The City may terminate the Agreement for cause if Contractor (i) files a petition or otherwise commences, authorizes or acquiesces in the commencement of a proceeding or cause of action under any bankruptcy, insolvency, reorganization or similar law, (ii) has any such petition filed or commenced against it which remains unstayed or undismissed for a period of ninety (90) days, (iii) makes an assignment or any general arrangement for the benefit of creditors, or (iv) otherwise becomes insolvent (however evidenced) or bankrupt, or (ii) commits a material breach of the Contract which does not otherwise have a specified contractual remedy, provided that: (a) the City shall first provide Contractor with detailed written notice of the breach and of City's intention to terminate the Contract, and (b) Contractor shall have failed, within thirty (30) days after receipt of the notice, to cure of the breach.

B. If The City terminates the Contract pursuant to Section 7.A (i) Contractor shall reimburse the City the difference between that portion of the applicable paid purchase order amount allocable to the terminated scope and the

actual amounts reasonably incurred by the City to complete that scope, and (ii) the City shall pay to Contractor (a) the portion of the purchase order price allocable to the Services satisfactorily completed, (b) lease fees incurred, except to the extent that such fees were not approved in advance or incurred to Services not satisfactorily performed,. The amount due for Services shall be determined in accordance with the milestone schedule (for completed milestones) and rates set forth in the Agreement or purchase order (for work toward milestones not yet achieved and where there is no milestone schedule), as applicable or, where there are no milestones and/or rates in the Contract, at Contractor's then-current standard time and material rates; provided, that no payment shall be due for Services which are not satisfactorily performed.

C. Contractor may suspend or terminate the Agreement (immediately for cause if the City (i) becomes Insolvent/Bankrupt, or (ii) materially breaches the Contract, including, but not limited to, failure or delay in the City making any payment when due, or fulfilling any payment conditions provided that: (a) the Contractor shall first provide City with detailed written notice of the breach and of City's intention to terminate the Contract, and (b) Contractor shall have failed, within thirty (30) days after receipt of the notice, to cure of the breach.

D. Termination for Convenience: Either Party may terminate this Agreement upon thirty (30) days written notice to the other Party, except that Contractor shall not terminate a Purchase Order for convenience or this Agreement if there are any unfinished Purchase Order Services. If the Agreement is terminated for any reason other than Contractor's default under Section 7.A, The City shall pay Contractor for all Products completed, lease fees incurred and Services performed before the effective date of termination, plus reasonable mobilization costs. The amount due for Services shall be determined in accordance with the milestone schedule (for completed milestones) and rates set forth in the Contract (for work toward milestones not yet achieved and where there is no milestone schedule), as applicable or, where there are no milestones and/or rates in the Contract, at Contractor's then-current standard time and material rates. All work in progress shall be paid for at Contractor's standard time and material rates.

E. Either the City or Contractor may terminate the Agreement upon twenty (20) days advance notice if there is an excusable event lasting longer than one hundred and twenty (120) days or if it is not possible to avoid or mitigate such excusable event without unreasonable burden through an adjustment in schedule, price and other provisions of the Contract within such one hundred and twenty (120) days. In the event of termination under this section, City shall be Contractor for any Services performed prior to the termination. Contractor shall reimburse all unearned fees to the City.

DRAFT

F. The City shall pay all reasonable expenses incurred by Contractor in connection with a suspension, including expenses for repossession, fee collection, demobilization/remobilization, and costs of storage during suspension. The schedule for Contractor's obligations shall be extended for a period of time reasonably necessary to overcome the effects of any suspension.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors to perform the Services . without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons directly employed by them, as Contractor is for the acts attributable and omissions of persons directly employed by it in the performance of the Agreement.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever, except as provided in Section [insert section] and No Nuclear Use.

INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

Contractor shall include language in subcontracts that Subcontractors who perform Services, as applicable, are independent contractors and are not employees of the City or Contractor. are not employees of the City. and such persons are required to immediately report to Contractor any and all instances of any of the following, if they occur during the time the persons provide labor and or materials to City: (a) The way a person supplies labor and or materials to City is supervised by City or City's designee; (b) The person is informed they should follow instructions given by City concerning how the person's labor and material are to be provided; (c) The person is informed they should give City access to on-going review of the person's labor and or materials; (d) The person is informed by City they should participate or attend training; (e) The person is unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City; (f) The person is informed they are City's employee; or (g) The person forms a belief or opinion they are City's employee.

10. CONFIDENTIALITY OF MATERIAL

A. "Confidential Information" means, with respect to a Party hereto, all information or material which either (1) is marked or identified as "Confidential," "Restricted," or "Proprietary Information" or other similar marking or identification, or (2) the other Party knew, as recipient, or under the circumstances, should have known, was considered confidential or proprietary by the Disclosing Party (as defined below),.. Confidential Information shall consist of all information, whether in written, oral, electronic, or other form, furnished in connection with this Agreement by the Disclosing Party or its Representatives ("Representative" is defined as any elected and appointed officials, affiliate, director, officer, employee, agent, advisor or Contractor of a Party or any of its subsidiaries or affiliates) to the Receiving Party (as defined below) or to its Representatives, and specifically includes but is not limited to the City's individually identifiable customer information, and the City's customer usage data and financial data.

B. Contractor and the City shall each hold the other's Confidential Information in confidence. Neither Party shall make the other's Confidential Information available in any form to any third party or use the other's Confidential Information for any purpose other than as specified in this Agreement. The Party providing Confidential Information ("Disclosing Party") to the other Party ("Receiving Party") shall remain the sole owner of such information. Except as provided elsewhere within this Agreement, nothing contained in this Agreement shall be construed as granting or conferring any right or license in any Confidential Information or in any patents, copyrights, software or other technology, either expressly or by implication to the Receiving Party, or to its Representatives or to others. The term Confidential Information shall not include any of the following: (1) information already in possession of, or already known to, the Receiving Party as of the Effective Date without an obligation of confidentiality; (2) information in the public domain at the time of the disclosure, or which, after such disclosure, enters into the public domain through no breach of this Agreement by the Receiving Party or its Representative(s); (3) information lawfully furnished or disclosed to the Receiving Party by a non-party to this Agreement without any obligation of confidentiality and through no breach of this Agreement by the Receiving Party or its Representative(s); (4) information independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party; or (5) information authorized in writing by the Disclosing Party to be released from the confidentiality obligations herein; or (6) this Agreement and Contractor's proposals and purchase orders.

C. By virtue of this Agreement, each Party hereto may disclose to the other Party information that is Confidential Information. This Agreement does not diminish, revoke or supersede any existing confidentiality, non-disclosure

or similar agreement between the Parties that does not pertain to the subject matter of this Agreement. However, any Confidential Information, whether or not previously disclosed, that pertains to the subject matter of this Agreement shall be governed by the terms of this Section 11 which shall supersede any such previous agreement with respect to such Confidential Information and any Confidential Information relating to the subject matter of this Agreement that was exchanged under such previous agreement shall be treated as though it was exchanged under this Agreement as of the date of such exchange.

D. The Receiving Party will treat all Confidential Information of the Disclosing Party, no matter written, electronic, or oral, as confidential and proprietary, and the Receiving Party shall only use such information in furtherance of this Agreement. As such, the Receiving Party shall hold in confidence the Confidential Information of the Disclosing Party and ensure that such Confidential Information is not disclosed to any other person or entity, except as expressly permitted by this Agreement or as authorized in writing by the Disclosing Party. The Receiving Party shall not disclose Confidential Information of the Disclosing Party received under this Agreement to any person other than its Representatives who require knowledge of such Confidential Information in furtherance of this Agreement. The Receiving Party shall inform its Representatives of the confidential nature of the Confidential Information of the Disclosing Party and advise such Representatives of the limitations on the use and disclosure and prohibition on making copies or summaries of such Confidential Information. The Receiving Party shall be responsible for any breach of this Agreement by its Representatives. Neither Party shall use the Confidential Information of the other Party for any commercial purpose.

E. If the Receiving Party becomes legally compelled by law or valid legal process (by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information of the Disclosing Party in response to such requirements or process or is requested Confidential Information pursuant to the California Public Records Act or similar law, the Receiving Party will provide the Disclosing Party with written notice of such an occurrence (if so permitted) as soon as possible in advance of such disclosure and reasonably cooperate in attempts to maintain the confidentiality of Confidential Information. Thereafter, at its sole costs and expense, the Disclosing Party may seek a protective order or other appropriate remedy or waive compliance with the provisions of this Agreement. If the disclosing Party (i) waives compliance, (ii) fails to respond to the Receiving Party within five (5) business days, or (iii) after providing the notice and assistance required under this Section, the Receiving Party remains required by law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose. So long

as it is consistent with applicable law, the Receiving Party will not oppose action by, and the Receiving Party will cooperate with, the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information. If the Disclosing Party fails to obtain such protective order or other remedy, the Receiving Party will disclose only that Confidential Information that it is legally required to disclose, and will exercise commercially reasonable efforts, at Disclosing Party's expense, to obtain reliable assurance that confidential treatment will be accorded the Confidential Information so disclosed.

F. In the event the Receiving Party discloses, disseminates or releases any Confidential Information, except as expressly permitted by this Agreement, such disclosure, dissemination or release will be deemed a material breach of this Agreement and the Disclosing Party may demand prompt return of all Confidential Information previously provided to the Receiving Party. As soon as the Receiving Party becomes aware that it has made an unauthorized disclosure of Confidential Information, the Receiving Party shall take any and all necessary actions to recover the improperly disclosed Confidential Information and immediately notify Disclosing Party regarding the nature of the unauthorized disclosure and the corrective measures being taken.

G. Within two (2) weeks of the termination of this Agreement, either Party will return to the other Party or destroy, to the extent permitted by law, any and all Confidential Information, including all originals, copies, translations, transcriptions or any other form of material, without retaining any copy or duplicate thereof; provided that Contractor may retain Confidential Information contained on backup media created in the ordinary course of business provided further that there is no effort to access such Confidential Information and Contractor's confidential obligations with respect to such information shall continue so long as such information is retained. Contractor shall certify in writing the destruction of the Confidential Information. The City may perform an audit of Contractor's records to confirm the return or destruction of the Confidential Information. The City shall have this audit right for two (2) years after the termination of this Agreement.

H. Notwithstanding the termination of this Agreement, this Confidentiality Section shall survive the expiration or earlier termination of this Agreement.

I. Each Disclosing Party warrants that it has the right to disclose the information that it discloses. As to any individual item of Confidential Information, the restrictions under this Article 11 shall expire five (5) years after the date of disclosure. Trade secrets that are contained in or comprise Confidential Information are to be protected for the life of the trade secret.

DRAFT

11. OWNERSHIP OF MATERIAL

A. City shall furnish to Contractor such documents and materials as may be relevant and pertinent to the provision of Services hereunder as City may possess or acquire.

B. Subject to the limitations set forth below, all non-confidential documents or material prepared or caused to be prepared by Contractor, its officers, employees, agents and subcontractors, in the course of implementing this Agreement, shall be considered works made for hire and shall become the exclusive property of the City, and City shall have the sole right to use such documents and materials without restriction or limitation on their use in City's discretion without further compensation to Contractor or any other party. Documents and material prepared by Contractor, pursuant to this Agreement, are not intended or represented to be suitable for reuse by City or others on any other project. Any use of completed documents for other projects and any use of incomplete documents without specific written authorization from Contractor will be at City's sole risk and without liability to Contractor. Further, any and all liability arising out of changes made to Contractor's deliverables under this Agreement by City or persons other than Contractor, is waived against Contractor and City assumes full responsibility for such changes unless City has given Contractor prior notice and has received from Contractor written consent for such change.

C. Each party shall retain ownership of all Confidential Information and intellectual property it had prior to the execution of the Agreement. Contractor reserves all rights in and to software not expressly granted to the City. All new intellectual property conceived or created by Contractor in the performance of this Agreement, whether alone or with any contribution from City, shall be owned exclusively by Contractor. City agrees to deliver assignment documentation as necessary to achieve that result.

D. City will not itself, and will not allow any party (including City Affiliates) to: (i) reverse engineer products or Services (including any Contractor monitoring or data analysis by Contractor), (ii) prepare derivative works from, alter, modify, disassemble, reverse engineer, reverse assemble, de-compile, or otherwise attempt to reconstruct, discover or derive the object or source code of any software licensed to City by Contractor under this Contract (including any third party software); (iii) permit or otherwise grant any third party access to products, Services or software for such purpose, even if such third party is performing any corrections, bug fixes and updates.

E. Products furnished by Contractor under this Contract shall not be installed, used, or made available for use in any equipment other than the equipment specified in the Agreement or purchase order, that is to the extent a City is specified. To the extent applicable, City warrants that such equipment, and the , is under its ownership and control of the City, and agrees to inform

Contractor forthwith should this cease to be the case at any time before expiry of the applicable warranty period.

12. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

A. Contractor shall keep records and invoices in connection with the Services for the length of the Audit Period. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City.

B. Contractor shall use recognized accounting methods in preparing reports and invoices submitted to the City in connection with the Services. City reserves the right to designate its own employee representative(s) or its contracted representative(s) with a certified public accounting firm who shall have the right to audit (1) the accuracy of any payments, excluding the fixed price payments, made toContractor, (2) any amounts invoiced by Contractor to the City on a time and material rates basis including, without limitation, any travel per diem and other travel-related expenses and (3) to examine and verify the following: (a) time sheets reflecting labor used in connection with Contractor's performance of the Services under this Contract and (b) invoice records of parts purchased from Contractor's subcontractors or third party subcontractors Any such audit(s) shall be undertaken by City or its representative(s) in conformance with generally accepted auditing standards at its own expenses and with prior notice to Contractor. All audits will be conducted during Contractor's normal business hours at a mutually agreed upon time and location. Contractor agrees to fully cooperate with any such audit(s).

C. Contractor will be notified in writing of any exception taken as a result of an audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of Contractor's invoices and/or records shall be made within thirty (30) days from presentation of City's findings to Contractor. If Contractor fails to make such payment, Contractor agrees to pay interest, accruing monthly, at a rate of ten percent (10%) per annum unless another section of this Agreement specifies a higher rate of interest, then the higher rate will prevail. Interest will be computed from the date of written notification of exception(s) to the date Contractor reimburses City for any exception(s).

D. Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to the Services.

DRAFT

13. INDEMNIFICATION

A. EACH OF THE CITY AND CONTRACTOR (AS AN "INDEMNIFYING PARTY") SHALL INDEMNIFY THE OTHER PARTY (AS AN "INDEMNIFIED PARTY") FROM AND AGAINST CLAIMS BROUGHT BY A THIRD PARTY, ON ACCOUNT OF PERSONAL INJURY OR DAMAGE TO THE THIRD PARTY'S TANGIBLE PROPERTY, TO THE EXTENT CAUSED BY THE NEGLIGENCE OF THE INDEMNIFYING PARTY IN CONNECTION WITH THIS AGREEMENT. IN THE EVENT THE INJURY OR DAMAGE IS CAUSED BY JOINT OR CONCURRENT NEGLIGENCE OF THE CITY AND CONTRACTOR, THE LOSS OR EXPENSE SHALL BE BORNE BY EACH PARTY IN PROPORTION TO ITS DEGREE OF NEGLIGENCE. FOR PURPOSES OF CONTRACTOR'S INDEMNITY OBLIGATION, NO PART OF THE PRODUCTS OR SITE IS CONSIDERED THIRD PARTY PROPERTY.

B. For any indemnification under this Agreement, the Party to be indemnified: (a) will promptly notify the other Party of the receipt of any claim for which the other Party has an indemnity obligation, (b) will give the Indemnifying Party such information and assistance as reasonably requested by the indemnifying Party; and (c) the indemnified Party will be entitled to obtain counsel at its own expense and assist in the handling of any such claim.

C. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE TOTAL LIABILITY OF CONTRACTOR FOR ALL CLAIMS ARISING FROM OR RELATED TO THE FORMATION, PERFORMANCE OR BREACH OF THIS CONTRACT, OR PROVISION OF ANY WORK, SHALL NOT EXCEED THE MAXIMUM COMPENSATION AMOUNT IN SECTION 6. NOTWITHSTANDING THE FOREGOING, THE FOREGOING LIABILITY LIMITATION SHALL NOT APPLY IN CASES OF EMPLOYMENT-RELATED CLAIMS, PERSONAL INJURY TO A THIRD PARTY OR DAMAGE TO PROPERTY OF A THIRD PARTY.

D. NEITHER PARTY SHALL BE LIABLE FOR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, INDIRECT, OR PUNITIVE DAMAGES, LOSS OF PROFIT OR REVENUES, LOSS OF USE OF EQUIPMENT OR SYSTEMS, INTERRUPTION OF BUSINESS, COST OF REPLACEMENT POWER, COST OF CAPITAL, DOWNTIME COSTS, INCREASED OPERATING COSTS, CLAIMS OF CITY'S CUSTOMERS FOR ANY OF THE FOREGOING TYPES OF DAMAGES, OR FOR ANY COST, LOSS OR LIABILITY CITY MAY SUFFER UNDER ANY AGREEMENT BY WHICH IT SELLS OR TRANSMITS ELECTRICITY TO ITS CUSTOMER(S) OR THIRD PARTIES.

E. CONTRACTOR SHALL NOT BE LIABLE FOR ADVICE OR ASSISTANCE THAT IS NOT REQUIRED FOR THE WORK SCOPE UNDER THIS CONTRACT.

F. THE LIMITATIONS, WAIVERS, AND INDEMNITIES IN THIS SECTION 13 SHALL APPLY REGARDLESS OF WHETHER A CLAIM IS BASED IN CONTRACT, NEGLIGENCE, STATUTE, INDEMNITY, TORTIOUS/EXTRA-CONTRACTUAL LIABILITY THEORY, STRICT LIABILITY OR OTHERWISE.

14. INSURANCE REQUIREMENTS

During the Term, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, the insurance policies as set forth in Exhibit C.

15. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

16. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and
manager@santaclaraca.gov

And to Contractor addressed as follows:

GE Vernova International, LLC
58 Charles Street
Cambridge, MA 02141
and by e-mail at james.canon@gevernova.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

17. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa

Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

18. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

19. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

20. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to Services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

21. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

22. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

DRAFT

23. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties.

24. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

25. PREVAILING WAGE

In the event the Services require payment of prevailing wage, Contractor shall comply, and ensure its subcontractors comply with Exhibit D.

Contractor certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Contractor or its employees, agents, contractors, and subcontractors to comply with the prevailing wage laws.

DRAFT

SECTION 1. GENERAL

1.1 Contractor shall provide all necessary supervision, labor, tools, equipment, materials, and supplies required to perform Field and Depot Services, including Parts and Repairs, for Gas Turbine Engines ("Services") at the Donald Von Raesfeld (DVR) Power Plant for Silicon Valley Electric, the Electric Utility of the City of Santa Clara (hereinafter "City" or "SVP").

1.2 Contractor shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations from OEM specifications must be approved in writing by City.

1.3 Contractor will primarily perform Services in City of Santa Clara limits and Contractor's facilities in Houston, TX and Bakersfield, CA.

1.4 Contractor will primarily perform Services on SVP's General Electric or GE Vernova (GE) LM6000PC gas turbine engines, either onsite at the DVR Power Plant within the City of Santa Clara or at Contractor's depot facility.

SECTION 2. SERVICES TO BE PERFORMED

2.1 **Field Support Services** – Services might consist of the following types of scopes to be defined in Contractor's Proposal:

2.1.1 Provide scheduled maintenance activities including, but not limited to:

2.1.1.1 Semi-annual routine inspections

2.1.1.1.1 Conduct approximately every 4,000 operating hours or based on engine condition determined by semi-annual inspections

2.1.1.1.2 Perform borescope examination, visual inspection, full system checks, and calibration of critical components to ensure reliable performance

2.1.1.1.3 Review borescope results and plan for next borescope or any required maintenance.

2.1.1.2 Hot section rotable exchange services

2.1.1.2.1 Perform onsite during a planned outage every 14,000 – 16,000 hours of gas fuel operation or based on engine condition determined by semi-annual inspections

DRAFT

2.1.1.2.2 Replace the hot section components with refurnished or new portable parts to maintain efficiency and reduce downtime

2.1.1.3 Overhaul major gas turbine engine

2.1.1.3.1 Perform complete overhauls approximately every 50,000 hours or based on engine condition determined by semi-annual inspections at an overhaul depot.

2.1.1.3.2 Conduct complete disassembly and detailed engine inspections

2.1.1.3.3 Reassemble using a combination of new, refurbished, and serviceable components

2.1.1.3.4 Perform testing in a controlled test cell environment and post-overhaul function checks

2.1.2 Provide on-site services, including but not limited to:

2.1.2.1 Review latest recommendations, improvements, and technical information letters and recommend which should be implemented

2.1.2.2 Perform a full borescope inspection, package inspection, controls inspections and calibrations as needed

2.1.2.3 Implementation of product bulletins, service bulletins, and other OEM recommendations

2.1.2.4 Perform preventive and corrective maintenance and inspections perform on the exterior of installed gas turbine

2.1.2.5 Remove and install gas turbines

2.1.2.6 Separation of generator and power turbine

2.1.2.7 Turbine preservation and shipping

2.1.2.8 Quarterly, semi-annual, annual and controls inspections

2.1.2.9 Verify full alignments

2.1.2.10 Troubleshoot all aspects of package and engine problems

DRAFT

2.1.2.11 Perform repairs and remedial measures identified during inspection and maintenance including but not limited to on-site Level 1 or 2 maintenance work packages if needed.

2.2 Depot Services:

2.2.1 Complete disassembly and assembly of modules down to individual piece parts

2.2.2 Repair, recondition, and replace of piece parts and accessories

2.2.3 Test gas generator, gas turbine and/or power turbine in test cell in accordance with the requirements of GEK 112163

2.2.4 Repair and replace high and low pressure compressor (HPC/LPC) components

2.2.5 Replace hot section and combustor components

2.2.6 Replace internal engine components

2.2.7 Transport equipment from the City to Contractor's depot facility

2.2.8 Provide inspections services, including but not be limited to:

2.2.8.1 Review latest recommendations, improvements, and technical information letters and advice on implementation

2.2.8.2 Review borescope results and plan subsequent borescope inspections or required maintenance

2.2.8.3 Perform required on-site Level 1 or 2 maintenance work packages

2.2.9 Remedial measures as mutually agreed by Parties to:

2.2.9.1 Address issues discovered during turbine inspections

2.2.9.2 Restore gas turbine system to optimal operating condition

2.3 Other as-needed services

2.3.1 Develop and implement routine, preventive and condition-based maintenance programs

2.3.2 Institute comprehensive reporting procedures to ensure close communication with City staff

2.3.3 Supply parts as required to maintain, repair, and perform services

DRAFT

2.3.4 Provide rental of temporary engines and related equipment as needed to support engine functionality during maintenance and repairs

2.3.5 Provide miscellaneous field support and depot services

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Contractor shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor management

3.1.5 Expedited procurement and transportation of materials, parts, and equipment as mutually agreed by the Parties.

SECTION 4. REPORTS

4.1 Service Reports

4.1.1 For Field Services, approximately seven (7) days after completion of Services, Contractor shall provide a report to the City, which shall include the following information. Depot Services reports shall be submitted within thirty (30) days following return shipment of the applicable equipment:

4.1.1.1 Description of the Services performed

4.1.1.2 Summary of existing conditions

4.1.1.3 Description of noted issues/deficiencies (including photos, where applicable) and recommended corrective action

4.1.1.4 Summary of parts and materials provided by Contractor, including serial number of all parts removed and installed

4.1.1.5 Any information that may be requested by the City

4.1.2 For Borescope service finding reports, Contractor shall communicate to the City as follows:

4.1.2.1 Verbally on the same day or within 12 hours

4.1.2.2 Within 24 hours, send an email with photos, location, dimensions, and other information describing the finding.

DRAFT

4.1.2.3 Within 72 hours, send photos, location, dimensions, measurements and engineering disposition.

4.1.2.4 Within 7 calendar days, send a full report in electronic format (e.g., PDF, Word).

4.2 Status Reports

4.2.1 Contractor shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

4.2.2 Contractor may be required to provide status updates daily , weekly, or monthly at the direction of City.

4.2.2.1 For field services, the Contractor shall provide daily reports via email summarizing the completed activities, personnel on site, findings, issues identified, and planned next steps. Reports shall be submitted at the end of each workday or before commencement of the subsequent shift.

4.2.2.2 For depot services, the Contractor shall provide monthly progress reports, via email summarizing completed tasks, findings, current status, and planned next steps.

4.3 Contractor shall provide all reports in electronic format and hard copy if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Contractor shall perform and complete the Services in a timely, efficient manner, Contractor shall also (1) ensure the site conditions within Contractor's scope (i.e., areas where Contractor was responsible for the work) are restored to their condition at the issuance of the applicable Purchase Order, and (2) equipment and/or system is operational as soon as possible.

SECTION 6. SCHEDULING AND PLANNING

6.1 Contractor shall coordinate with City to schedule the performance of Services including, if applicable, scheduling outages. When requested by City, Contractor shall plan, staff and execute scheduled Services with thirty (30) days advance notice, subject to the availability of required personnel, parts and subcontracted services. Contractor does not guarantee availability to support unplanned or emergency work.

6.2 Contractor will generally perform the Services during the City's regular business hours, Monday through Friday, excluding City holidays, unless otherwise approved by the City in writing..

6.3 Contractor shall be available to provide 24-hour emergency services, seven (7) days per week, 365 days per year. Contractor shall provide an emergency contact phone number at which an individual can be reached at any time. Contractor shall respond via phone or email to an emergency request within 24 hours of the City's notification. Contractor and City shall mutually agree on scheduling the required emergency service.

6.3.1 Contractor shall provide a response and an action plan within 48 hours of notification to perform the Services assuming personnel are available to provide this response..

6.3.2 Should Contractor agree to provide services, Contractor shall repair the affected equipment or resolve the emergency within two (2) business days...

SECTION 7. SERVICE REQUEST

7.1 Contractor acknowledges that Contractor is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 7. The City does not guarantee that any specific service will be authorized under this Agreement. This Section 7 contains the process for awarding Services under this Agreement.

7.2 When the City requires services, City will notify contractor(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request). Contractor shall prepare and submit a written proposal (Proposal). Contractor's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

7.3 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor, including negotiate the scope, schedule, staffing, and pricing.

7.4 Authorization of Work; Issuance of Purchase Order

7.4.1 If there are multiple firms, the City will select a Contractor Proposal based on evaluation/award criteria established by the City. If City accepts Contractor's proposal, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, the proposal total dollar amount , and such other information the City and Contractor may require.

7.4.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

7.4.3 Contractor shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Contractor elects not to perform the Services. If Contractor (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Contractor will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

7.5 Additional Services or Modifications

7.5.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Contractor shall provide the reason for the change specific to each Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope.

7.5.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.5.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 7.2.

7.5.4 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

7.6 Immediate Need / Interim Work Orders

7.6.1 The City may authorize Contractor to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

7.6.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

DRAFT

7.6.1.2 In the event work is required to maintain a critical City function or project schedule.

7.6.2 Each interim authorization issued in writing shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require. Contractor will provide an estimated total amount for the Immediate Need/Interim Work Orders which is subject to change based on the services required to fulfill the City's needs.

7.6.3 Following issuance of an interim authorization, Contractor shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

7.6.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.6.5 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Purchase Order, even if the Proposal or Purchase Order expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Purchase Order are invalid and unenforceable. The order of precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, and (3) Proposal.

7.7 The City may terminate a Purchase Order for convenience within ten (10) days prior written notice to Contractor except that Contractor shall be paid for all Services in accordance with Section 7.C of the Agreement. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 8. WORKMANSHIP

8.1 Contractor shall perform all Services in a professional and environmentally responsible manner that meets or exceeds industry and professional standards of performance. All Services shall be performed by a Contractor employee skilled in the particular task to which they are assigned.

8.2 All parts and/or components replaced or newly installed in the system shall be factory new, or in refurbished condition, and free of defects in title, materials and workmanship at the time of their delivery and installation., Contractor may use rebuilt/refurbished

parts or new parts from another manufacturer if such alternate parts and/or components are approved by the original manufacturer and/or City for use in the specific piece of equipment of the system. If performance, reliability, or compatibility issues are identified with a refurbished product or component, the City shall have the right to reject the use of refurbished parts for the applicable equipment and require the Contractor to provide new replacement parts.

8.3 Defects in workmanship, as determined in the Services by the City r, shall be removed and replaced to conform to the quality standards of. industry, or otherwise corrected to the City's satisfaction, at Contractor's sole expense.

8.4 City reserves the right to inspect any Services performed by Contractor and its subcontractors. If, upon inspection, the City determines that there is any defective Services, the Contractor shall re-perform defective Services and if despite Contractor's reasonable efforts, or non-conforming Services cannot be re-performed, Contractor shall refund monies paid by the City for such non-conforming Work.

8.5 ARTICLE 8 and 10 PROVIDES THE EXCLUSIVE REMEDIES FOR ALL WARRANTY CLAIMS BASED UPON THE FAILURE OF OR DEFECT IN PRODUCTS OR SERVICES AND/OR CONTRACTOR'S PERFORMANCE, WHETHER THE FAILURE OR DEFECT ARISES BEFORE OR DURING THE APPLICABLE WARRANTY PERIOD.

SECTION 9. PERMITS AND LICENSES

9.1 Contractor shall obtain any license or registration necessary for Contractor to generally conduct business and visas or work permits, if any, necessary for Contractor's personnel.

9.2 Contractor shall obtain, maintain, and pay for all licenses, permits, and certificates required by any statute, ordinance, rule, or regulation in order to perform the Services.

9.3 Contractor is responsible for obtaining an 811-DIG permit for any services that require digging.

SECTION 10. WARRANTY

10.1 All Services performed by Contractor shall carry a warranty of a minimum of twelve (12) months from the date of completion of the Services set forth in the applicable Purchase Order. Contractor shall perform all warranty-related work at no additional cost to the City. All costs incurred to remove, disassemble, reassemble, re-install, re-construct, re-inspect and retest the product hereunder (including the costs of mobilization and demobilization) will be to the account of Contractor.

10.2 All parts provided by Contractor shall include a warranty of no less than the greater of either twelve (12) months or the OEM warranty period. In the event the OEM warranty is less than twelve (12) months, Contractor shall extend the OEM warranty to a

minimum of twelve (12) months. All parts fabricated by Contractor shall include a warranty of twelve (12) months. Contractor shall provide the City with a copy of any manufacturer's warranty or extended manufacturer's warranty.

10.3 If product and/or Services do not meet the above warranties, the City shall promptly notify Contractor in writing prior to expiration of the applicable Warranty Period. Contractor shall (i) at its option, repair or replace defective products and (ii) re-perform defective Services. If despite Contractor's reasonable efforts, a non-conforming product cannot be repaired or replaced, or non-conforming Services cannot be re-performed, Contractor shall refund monies paid by the City for such non-conforming Work. Any Service or product that is the subject of warranty repair will be re-warranted by Contractor pursuant to the same Warranty set forth in this Agreement, for a period equal to the longer of (a) one (1) year from the date such re-performance, rework, repair or replacement is completed, or (b) the remaining period under the Warranty Period. Contractor's warranty obligations exclude the repair or replacement of any damaged parts or products other than the initially failing product which caused the damage, except that Contractor shall be responsible for the repair cost of such damaged equipment. The City and Contractor shall agree on the specifications of any tests to determine whether a non-conformance exists. Contractor shall perform all warranty work within a reasonable time.

10.4 The warranties and remedies are conditioned upon (a) City's proper storage, installation, use, operation, and maintenance of products in accordance with vendors', manufacturers' and/or designers' recommendations, (b) City keeping accurate and complete records of operation and maintenance during the warranty period and providing the Contractor reasonable access to those records, and (c) modification or repair of products and/or Services only as authorized by the Contractor in writing. Failure to meet any such conditions renders the warranty null and void. Contractor is not responsible for normal wear and tear or damage including that due to environment or erosion, corrosion, or material deposits from fluids.

SECTION 11. CITY FURNISHED MATERIALS

11.1 Contractor shall credit the City for any City-furnished materials that are used, lost, stolen, damaged or rendered unusable by actions of Contractor

SECTION 12. WORK AREA

12.1 The City shall maintain safe working conditions at the Services site, including, without limitation, implementing appropriate procedures regarding Hazardous Materials, confined space entry, and energization and de-energization of power systems, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt and rubbish materials. Contractor has no responsibility or liability for the pre-existing condition of City's Tools, Facility or the Site. Prior to Contractor starting any work at City site, The City will provide documentation that identifies the presence and

condition of any Hazardous Materials existing in or about City's Tools, Facility or the Site that Contractor may encounter while performing under this Contract. The City shall disclose to Contractor industrial hygiene and environmental monitoring data regarding conditions that may affect Contractor's work or personnel at the Site. The City shall keep Contractor informed of changes in any such conditions. Upon completion of the scheduled Services or at the end of each day, whichever comes first, Contractor shall ensure that its work area is left in a clean, and safe condition.

12.2 Contractor shall broom clean the site area of work during the course of and upon completion of Services. If Contractor encounters Hazardous Materials in City's equipment or at the Site that require special handing or disposal, Contractor is not obligated to continue work affected by the hazardous conditions. In such an event, the City shall eliminate the hazardous conditions in accordance with applicable laws and regulations so that Contractor's work under the Contract may safely proceed, and Contractor shall be entitled to an equitable adjustment of the price and schedule to compensate for any increase in Contractor's cost of, or time required for, performance of any part of the work.

12.3 Contractor shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 13. CONTRACTOR'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

13.1 Contractor shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Contractor. Neither Contractor nor its workers shall attempt to borrow tools or other materials from City personnel.

13.2 Contractor shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

13.3 Contractor shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Contractor will not leave keys in any vehicles or equipment when not in use. Contractor shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

13.4 Neither the City or Contractor shall be responsible for the loss of tools or damage to the other party's equipment, or materials except to the extend such loss or damage is caused by the the responsible party or its personnel.

SECTION 14. DISPOSAL OF WASTE AND SCRAPS

14.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Contractor is solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials introduced, produced, or generated in the performance of the Services.

SECTION 15. SAFETY

15.1 Safety must always be the top priority. Contractor shall take all necessary precautions for the safety of all persons at the work site , property, and the public during the performance of Services. Contractor shall install and maintain appropriate safeguards, warning signs, and barriers (e.g., cones, tape, delineators, etc.) as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

15.2 The City shall maintain safe working conditions at the City site, including, , implementing appropriate procedures regarding Hazardous Materials, confined space entry, and energization and de-energization of power systems (electrical, mechanical, and hydraulic) using safe and effective lock-out/tag- out ("LOTO") procedures including piping and instrumentation diagram/drawing (PI&D), single line diagram for indicated systems and physical LOTO.

15.3 Contractor shall review review and inspect applicable health, safety, security, LOTO and environmental documentation, procedures, and conditions at the Service sitee.

15.4 If, in Contractor's reasonable opinion, the health, safety, or security of personnel or the Services site is, or is apt to be, imperiled by security risks, terrorist acts or threats, the presence of or threat of exposure to Hazardous Materials, or unsafe working conditions, Contractor may, in addition to other rights or remedies available to it, evacuate some or all of its personnel from site, suspend performance of all or any part of the Agreement, and/or remotely perform or supervise work. If verified by City, any such occurrence shall be considered an excusable event subject to excusable event.

15.5 The City will make its Site medical facilities and resources available to Contractor's personnel who need medical attention. Where applicable, Contractor shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

15.6 If required by applicable law due to the nature of the Services, Contractor shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Contractor shall make a copy available to the City upon request and shall keep a copy

accessible at the work site. As applicable, Contractor shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Contractor during these inspections.

15.7 Where applicable, Contractor must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Contractor must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Contractor.

15.8 Where applicable, Contractor's employees (including any subcontractors) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Contractor.

15.9 When requested by the City, Contractor shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules and regulations to Contractor Project Manager/On-Site Supervisor (as defined in Section 17) and Contractor employees.

SECTION 16. INJURY/PROPERTY DAMAGE

Contractor shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Contractor shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Contractor shall assist as required.

SECTION 17. CONTRACTOR PERSONNEL

17.1 Project Manager/On-Site Supervisor

Contractor must designate one (1) Project Manager or On-Site Supervisor to communicate with the City during the performance of Services. The Project Manager/On-Site Supervisor is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

17.2 Staffing

17.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

17.2.2 Contractor shall ensure its employees and any subcontractors supply proper identification when requested by the City.

17.2.3 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

17.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

17.3 Employee Training

17.3.1 At Contractor's sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subcontractors) appropriate to the duties and responsibilities of each employee.

17.3.2 It is essential that all employees be thoroughly trained and familiar with the equipment and procedures to be followed.

17.3.3 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

17.3.4 Contractor shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services. Contractor may bill on a time and material basis for any on-site training required by the City.

17.3.5 At the City's request, Contractor shall submit copies of training records for its employees.

17.4 Standards of Conduct

17.4.1 Contractor is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Contractor shall ensure that while on or about the work site, its employees do not:

17.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

DRAFT

17.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

17.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

17.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

17.4.2 If a Contractor employee fails to meet these standards of conduct, Contractor shall immediately remove the employee and provide a replacement. Contractor shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

17.4.3 In the event that a complaint is made against a Contractor employee, Contractor shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 18. E-BUILDER

18.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc.

SECTION 19. TRANSPORTATION, SHIPPING AND FREIGHT

19.1 Contractor shall be responsible for shipment and delivery of all required products, parts, materials, and equipment ('products") to City. Contractor will pay all freight charges which may be reimbursed subject to the terms of this Agreement. All products, parts, materials, and equipment shall be. entirely at Contractor's risk from the time they are placed in possession of the carrier for shipment to/from City until final acceptance by the City. Partial deliveries are permitted. Contractor may deliver products up to three (3) months in advance of the delivery schedule, provided such early delivery is approved in advance by the City. If Products delivered do not correspond in quantity, type, or price to those itemized in the shipping invoice or documentation, the City shall notify Contractor within forty-five (45) days after receipt of the products.

19.2 Contractor will pack and ship all products, parts, materials, and equipment in accordance with good commercial practices.

19.3 Contractor shall ensure that products, parts, materials, and equipment are insured against "all risks" from the time the products, materials, and equipment are placed in the possession of the carrier for shipment to/from the City until received by the City at the location set forth in the applicable Purchase Order.

19.4 Contractor shall notify City at least sixty (60) minutes prior to arrival of any deliveries to City. City will provide a contact name and phone number to the Contractor.

19.5 If any Products to be delivered under this Agreement or if any the City equipment repaired at Contractor's facilities cannot be shipped to or received by The City when ready due to any cause attributable to the City or its other contractors, Contractor may ship such product or repaired equipment to a storage facility, including storage at the place of manufacture or repair, or to an agreed freight forwarder. If Contractor places such Products or repaired equipment into storage, the following apply: (i) title and risk of loss immediately pass to the City, if they have not already passed, and delivery shall be deemed to have occurred; (ii) any amounts otherwise payable to Contractor upon delivery or shipment shall be due; (iii) all expenses and charges incurred by Contractor related to the storage shall be payable by The City upon submission of Contractor's invoices; and (iv) when conditions permit and upon payment of all amounts due, Contractor shall make the stored products and/or repaired equipment available to The City for delivery. If requested by City, Contractor shall deliver the product to a storage facility designated by the City.

19.6 Risk of loss shall pass to the City upon delivery pursuant to Section 19.1, acceptance of Products shall be deemed to occur upon delivery; acceptance of Services shall be deemed to occur upon City's written acceptance of the Services.

DRAFT

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Contractor shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Contractor must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Contractor shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City. –Should the City not agree to the new rate structure, Contractor is under no obligation to carry out any Work for the City.

DRAFT

2.5 Labor Union or Prevailing Wage Adjustments

If Contractor's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term of the Agreement, Contractor may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Contractor may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 7.3 of Exhibit A, including issuance of a Purchase Order, (4) Contractor submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	Vendor Invoice + 20%
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Contractor must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Per diem will be billed for any portion of a day worked including travel days. The per diem is a daily charge covering expenses such as lodging, meals, laundry, standard communication expenses, fuel for rental car, and reasonable road tolls for all days.	Per Diem is included in the Labor Rates in Appendix B
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Contractor may provide tips or gratuities only in accordance with standard business practices and in	No Markup

Reimbursable Expense Schedule		Mark Up
	amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Contractor and shall not be reimbursable by the City.	
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Contractor shall base the invoice to the City in accordance with the Purchase Order and based on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

4.2.4 Payment terms shall follow the payment terms and milestones included in the Proposal and approved by the City.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been completed. .

4.5 Certified Payroll

When applicable, Contractor and all subcontractors shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form mutually agreed to between Contractor and the City. If an invoice is incomplete or inaccurate, the City may return it to Contractor for correction and resubmittal before payment can be processed. Contractor shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

Contractor is not required to commence or continue its performance unless and until any applicable Progress Payments have been received. For each day of delay in receiving any Progress Payments, Contractor shall be entitled to an equitable extension of time to durations or periods of time (if any) expressly agreed to by the Parties in the written schedule for performance and/or completion of the Services or any parts thereof. Except for payment disputes, if at any time Contractor reasonably determines that City's financial condition or payment history does not justify continuation of Contractor's performance, Contractor shall be entitled to require or suspend its performance or terminate the Services.

4.7 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Contractor.

DRAFT

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

SECTION 1. RATES

1.1 Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 7 of Exhibit A. The rates applicable for the Services are listed below in Tables B1 and B2.

Table B1 – LABOR RATES*

(Fanuc, Genius, etc.)	
Low pressure compressor workscope tooling	$2,706
High pressure compressor workscope tooling	$2,706
Borescope or boroblend tooling	$1,344
Level 1 work package tooling	$797
Includes engine exchange + LPC + SB220	$8,106
Oil system flush (turbine or generator)	$873
LMS100 Engine or PT exchange workscope	$2,784
LMS100 I&C Tool Conex	$1,563

DRAFT

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage for Contractor's protection, in broad form including coverage for liability assumed under contract, providing coverage for bodily injury and property. Policy limits shall be the following:

   $5,000,000 Each occurrence
   $5,000,000 General aggregate
   $5,000,000 Products/Completed Operations aggregate
   $5,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits of one million dollars ($1,000,000) each accident . Liability coverage shall apply to all owned, non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000)

policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. Where permitted by law, this policy shall include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents to the extent of Contractor's indemnification and hold harmless obligations under this Agreement.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds to the extent of Contractor's indemnification obligations under this Agreement

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which an indemnified party may possess, including any self-insurance or self-insured retention they may have. Any other insurance an indemnified party may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. For each of the foregoing policies, in case of non-payment of premium, Contractor will provide to City, and will request that the insurer provide to City unless otherwise restricted by law, at least 10 days' advance written notice of cancellation.

   b. For each of the foregoing policies, GE will provide to Owner, and will request that the insurer provide to Owner unless otherwise restricted by law, at least 30 days' advance written notice of cancellation, except in the case of non-payment of.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

DRAFT

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same insurance coverage required of Contractor, and as applicable to its scope of work, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Contractor shall file with the City all certificates and relevant endorsements for the required insurance policies for City's evidencing insurance protection as required by this Agreement.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of relevant endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement.. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way

Duluth, GA 30096 John's Creek, GA 30097
Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives, such approval not to be unreasonably withheld.

DRAFT

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. Contractors shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional

documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City

Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

5. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

6. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates,

holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.

7. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

8. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. Contractors shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 et seq, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

9. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

10. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

11. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

DRAFT

12. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a “public works contractor”. Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

13. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney’s fee relating to such fine.

14. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

D. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor’s address indicated for receipt of notices in this Agreement.

E. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor’s failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

DRAFT

EBIX Insurance No. S200005713

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND PROENERGY SERVICES, LLC

1. PARTIES AND DATE.

This Agreement is made and entered into on the date last signed by the Parties (the "Effective Date") by and between the City of Santa Clara, a municipal corporation organized under the laws of the State of California with its principal place of business at 1500 Warburton Avenue, Santa Clara, CA, 95050, State of California ("City") and **ProEnergy Services, LLC,** a Missouri limited liability company**, with its principal place of business at 2001 Pro Energy Boulevard, Sedalia, Missouri 65301** ("Contractor"). City and Contractor are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement.

2. RECITALS.

2.1 Contractor.

Contractor desires to perform and assume responsibility for the provision of certain maintenance services required by the City on the terms and conditions set forth in this Agreement. Contractor represents that it is experienced in providing /maintenance services to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the Services in the State of California, and that is familiar with the plans of City. Contractor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

2.2 Project.

City desires to engage Contractor to perform as-needed field and depot services and repairs ("Services"), as well as supply of equipment, parts, and materials("Equipment"), for gas turbine engines at Donald Von Raesfeld (DVR) Power Plant as set forth in this Agreement.

3. TERMS.

3.1 Purchase Orders; Order of Precedence.

From time to time during the Term, City may issue Purchase Orders for Services contemplated by this Agreement. Each Purchase Order accepted by Contractor shall be

deemed incorporated into and governed by this Agreement. This Agreement, together with its exhibits and any amendments thereto, shall exclusively govern all Purchase Orders issued by City and accepted by Contractor.

Any terms or conditions contained in any Purchase Order, request for services, work order, procurement document, invoice, acknowledgment, online portal, or other document that are different from, inconsistent with, or in addition to the terms of this Agreement are hereby rejected and shall be void and of no force or effect unless expressly accepted in a written amendment executed by authorized representatives of both Parties.

Nothing in this Agreement shall obligate Contractor to accept any minimum number of Purchase Orders or any particular Purchase Order issued by City. Contractor shall have sole discretion to accept or reject any Purchase Order. No Purchase Order shall be binding upon Contractor unless accepted in writing by Contractor or by Contractor's commencement of performance of the Services described therein.

3.2 Scope of Services and Term.

3.2.1 General Scope of Services. Contractor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional maintenance services necessary to perform the Services and supply the Equipment. The Services and Equipment are more particularly described in Exhibit "A" and the following Exhibits. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations. This Agreement includes the following Exhibits:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees and Payment Provisions

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance

Exhibit E – Contract Modifications

3.2.2 Term. Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by written amendment to this Agreement, the term of this Agreement shall begin on **September 1, 2026** and terminate on **September 30, 2031** ("Initial Term").

After the Initial Term, City reserves the right, at its sole discretion, to extend the term of this Agreement for up to five (5) additional years through **September 30, 2036** ("Option Periods") in such increments as determined by City. The Option Periods shall be authorized through an Amendment to this Agreement executed by the Parties. The Initial Term and Option Periods shall collectively be referred to as "Term".

3.3 Responsibilities of Contractor.

3.3.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Contractor or under its supervision. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor's exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Contractor shall perform the Services within the term of this Agreement, and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Contractor represents that it has the professional and technical personnel required to perform the Services and supply the Equipment in conformance with such conditions. In order to facilitate Contractor's conformance with the Schedule, City shall respond to Contractor's submittals in a timely manner. Upon request of City, Contractor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Contractor shall be subject to the approval of City.

3.3.4 City's Representative. The City hereby designates Nico Procos, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Contractor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

3.3.5 Contractor's Representative. Contractor hereby designates Clint Jungerman, or his or her designee, to act as its representative for the performance of this Agreement ("Contractor's Representative"). Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. The Contractor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.6 Coordination of Services and Equipment. Contractor agrees to work closely with City staff in the performance of Services and supply of Equipment and shall

be available to City's staff, consultants and other staff at reasonable times during working hours.

3.3.7 Standard of Care; Performance of Employees. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Finally, Contractor represents that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Services, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed by the Contractor and shall not be re-employed to perform any of the Services.

3.3.8 Period of Performance. Contractor shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Contractor shall perform the Services in strict accordance with any completion schedule or milestones described in Exhibits "A" or "B" attached hereto, or which may be provided separately in writing to the Contractor in the applicable Purchase Order. Contractor agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such completion schedule or milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Contract, Contractor shall continue to perform the Work while said dispute is mutually decided by the Parties. If the Parties cannot reach an amicable decision, either Party shall have such remedies as may be provided by law.

3.3.10 Laws and Regulations; Employee/Labor Certifications. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services. If the Contractor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, Contractor shall be solely responsible for all costs arising therefrom. City is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Agreement to the same extent as though set forth herein and will be complied with. These include but

are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Contractor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.3.10.1 Employment Eligibility; Contractor. By executing this Agreement, Contractor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement. Contractor shall avoid any violation of any such law during the term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.10 or any of its sub-sections.

3.3.10.2 Employment Eligibility; Subcontractors, Sub-subcontractors and Consultants. To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and consultants performing any work relating to the Services or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.10.1.

3.3.10.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Contractor verifies that they are a duly authorized officer of Contractor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Contractor or its subcontractors, sub-subcontractors or consultants to meet any of the requirements provided for in Sections 3.2.10.1 or 3.2.10.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Contractor under Section 3.2.10.2); or (3) failure to immediately remove from the performance of the Services any person found not to be in compliance with such requirements.

3.3.10.4 Labor Certification. By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to

undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.3.10.5 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non- discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Contractor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.6 Air Quality. To the extent applicable, Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the Bay Area Air Quality Management District (BAAQMD). Although the BAAQMD limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by BAAQMD to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by BAAQMD or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.7 Water Quality.

(A) Management and Compliance. To the extent applicable, Contractor's Services must account for, and fully comply with, all local, state and federal laws, rules and regulations that may impact water quality compliance, including, without limitation, all applicable provisions of the Federal Water Pollution Control Act (33 U.S.C. §§ 1300); the California Porter-Cologne Water Quality Control Act (Cal Water Code §§ 13000-14950); laws, rules and regulations of the Environmental Protection Agency and the State Water Resources Control Board and the Santa Ana Regional Water Quality Control Board; the City's ordinances regulating discharges of storm water; and any and all regulations, policies, or permits issued pursuant to any such authority regulating the discharge of pollutants, as that term is used in the Porter-Cologne Water Quality Control Act, to any ground or surface water in the State.

(B) Liability for Non-Compliance. Failure to comply with the laws, regulations and policies described in this Section is a violation of law that may subject Contractor or City to penalties, fines, or additional regulatory requirements. Contractor shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from and against any and all fines, penalties, claims or other regulatory requirements imposed to City as a result of Contractor's non-compliance with the laws, regulations and policies described in this Section, unless such non-compliance is the result of the sole established negligence, willful misconduct or active negligence of

the City, its officials, officers, agents, employees or authorized volunteers.

(C) Training. In addition to any other standard of care requirements set forth in this Agreement, Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them without impacting water quality in violation of the laws, regulations and policies described in this Section. Contractor further warrants that it, its employees and subcontractors will receive adequate training, as determined by City, regarding the requirements of the laws, regulations and policies described in this Section as they may relate to the Services provided under this Agreement. Upon request, City will provide Contractor with a list of training programs that meet the requirements of this paragraph.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Contractor shall not commence the Services until it has provided evidence satisfactory to the City that it has secured all insurance requirements set forth in Exhibit C.

3.3.12 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.3.13 Work Sites.

3.3.13.1 Inspection Of Site. If required, Contractor shall visit sites where Services are to be performed and shall become acquainted with all conditions affecting the Services prior to commencing the Services. Contractor shall make such examinations as it deems necessary to determine the condition of the work sites, its accessibility to materials, workmen and equipment, and to determine Contractor's ability to protect existing surface and subsurface improvements. No claim for allowances–time or money–will be allowed as to such matters after commencement of the Services.

3.3.13.2 Field Measurements. If required, Contractor shall make field measurements, verify field conditions and shall carefully compare such field measurements and conditions and other information known to Contractor with the Contract Documents, including any plans, specifications, or scope of work before commencing Services. Errors, inconsistencies or omissions discovered shall be reported to the City immediately and prior to performing any Services or altering the condition.

3.3.14 Warranty. Contractor warrants all Services provided and Equipment supplied under the Contract (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the work) to be of good quality and free from any defective or

faulty material and workmanship. The warranty term for all Equipment supplied under the applicable Purchase Order shall be for a period of twelve (12) months from the first use or eighteen months from the delivery date of the Equipment to a City-designated site, and for all Services provided by Contractor under the Purchase Order shall be for a period of twelve (12) months from the date Contractor has performed said Services. Contractor shall within ten (10) days after being notified in writing by the City of any defect in the Services or Equipment or non-conformance of the Services or Equipment to the Agreement and Purchase Order, commence and prosecute with due diligence all Services or Equipment necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act sooner as requested by the City in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the work (or work of other contractors) damaged by its defective Services (or Equipment) or which becomes damaged in the course of repairing or replacing defective work. For any work so corrected, Contractor's obligation hereunder to correct defective work shall be reinstated for the remainder of the original warranty term or120 days from the rework completion, whichever is longer.

Contractor shall perform such tests as the City may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Contract. All warranted repairs and replacements (other than Services performed at site) shall be made Ex-Works Contractor's designated facility (per Incoterms, latest version) unless otherwise agreed in writing. Notwithstanding the foregoing, all transportation costs associated with such corrective actions and testing of the Equipment, shall be the sole responsibility of the Contractor; provided, however, that if the applicable warranty claim is ultimately determined not to constitute a warrantable defect attributable to Contractor, Owner shall be responsible for all transportation, testing, inspection, removal, installation, and related costs associated with such claim. Removal and installation costs associated with the corrective actions shall be included in Contractor's warranty responsibility if removal and installation was part of the Services included and described in the applicable Purchase Order. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the City, regardless of whether or not such warranties and guarantees have been transferred or assigned to the City by separate agreement; provided, however, that Contractor shall use commercially reasonable efforts to obtain and assign to the City those warranties and guarantees that are assignable and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the City , to the extent such warranties and guarantees are not assigned to the City. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Contract, to the reasonable satisfaction of the City, the City shall have the right to correct and replace any defective or non-conforming Services (or Equipment) and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the City for any expenses incurred hereunder upon demand. The duties, liabilities and obligations of Contractor hereunder do not extend to any repairs, adjustments, alterations, replacements or maintenance that may be required as a result of normal wear and tear, normal degradation in the

Equipment (including Services provided) or as a result of (a) improper repair or alteration by City or other persons , (b) misuse, negligence or damage by City or other persons, and (c) failure of City to materially comply with the Contractor's or the manufacturer's written instructions regarding the operation or maintenance of the Equipment. The warranty and remedies are further conditioned upon (i) the proper storage, installation, operation and maintenance of the Equipment and conformance with the operation and instruction manuals provided by the suppliers and manufacturers and (ii) repair or modification pursuant to the instructions of the suppliers and manufacturers and as otherwise directed by Contractor.

This section of the Agreement sets forth the exclusive remedies for all warranty claims based on failure of or defect in the equipment (including services provided) whether the failure arises before, during or after the warranty period. NO IMPLIED, STATUTORY, OR COMMON LAW WARRANTY OF ANY KIND, INCLUDING MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, SHALL APPLY.

3.4 Fees and Payments.

3.4.1 Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "B" attached hereto and incorporated herein by reference. The maximum compensation of this Agreement is **Ten Million Dollars ($10,000,000)**, subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials and equipment provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance without written approval of the City Manager or City Council, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.4.2 Payment of Compensation. Contractor shall submit invoices according to Exhibit B. Unless otherwise agreed, payment shall be made net thirty (30) days after receipt of invoice .

3.4.3 Deductions. City may in good faith deduct or withhold, as applicable, from each progress payment an amount necessary to protect City from loss because of: (1) stop payment notices as allowed by state law; (2) failure to prosecute the Services in accordance with the requirements of this Agreement or the applicable Purchase Order by Contractor; (3) sums representing expenses, losses, or damages as determined by the City, incurred by the City for which Contractor is liable under the Agreement; and (4) any other sums which the City is entitled to recover from Contractor under the terms of the Agreement or pursuant to state law, including Section 1727 of the California Labor Code. The failure by the City to deduct any of these sums from a progress payment shall not constitute a waiver of the City's right to such sums.

3.4.4 Reimbursement for Expenses. Contractor shall submit reimbursable

expenses according to Exhibit B.

3.4.5 Extra Work. At any time during the term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Services, but which the parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.4.6 Prevailing Wages. In the event the Services require payment of prevailing wage, Contractor shall comply, and ensure its subcontractors comply with Exhibit D.

3.4.7 Contractor certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as Section 16000 et seq. of Title 8 of the California Code of Regulations, Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure by Contractor or its employees, agents, contractors, and subcontractors to comply with the prevailing wage laws.

3.5 Termination of Agreement.

3.5.1 Termination for Convenience. City may, by written notice to Contractor, terminate the whole or any part of an applicable Purchase Order) at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. In the event of a termination for convenience, Contractor shall immediately cease the affected Services in an orderly manner and take commercially reasonable steps to mitigate costs. City shall pay Contractor: (i) for all Services properly performed under the Purchase Order through the effective date of termination(ii) for all reasonable and documented costs and expenses incurred prior to the effective date of termination in connection with commitments, purchase orders, subcontracts, materials, equipment, and other obligations entered into by Contractor in furtherance of the Services that cannot be cancelled, returned, reassigned, mitigated, or otherwise reasonably reused by Contractor; and (iiiv) all reasonable and documented demobilization, subcontractor closeout, and termination-related costs actually incurred by Contractor as a result of such termination. Notwithstanding the foregoing, these termination costs cannot the maximum compensation amount set forth in the applicable Purchase Order.

3.5.2 Termination for Cause. Either City or Contractor may terminate the Agreement (or applicable Purchase Order) for cause if the other party materially breaches its obligations under the Agreement (or applicable Purchase Order). The non-breaching party shall provide written notice specifying the nature of the breach in reasonable detail, and the breaching party shall have thirty (30) days after receipt of such notice to cure the breach; provided, however, that if the breach is not reasonably capable of being cured within such thirty (30)-day period, the breaching party shall have such additional period as is reasonably necessary to complete the cure, so long as it promptly commences and diligently pursues such cure.

If the breaching party fails to cure the breach within the applicable cure period, the non-breaching party may terminate the Agreement (or applicable Purchase Order) for cause upon ten (10) days' prior written notice.

Termination for cause shall be in addition to, and not in lieu of, any other rights or remedies available to the non-breaching party at law or in equity arising from such breach. Subject to the terms of this Agreement and applicable law, the non-breaching party may pursue all remedies available as a result of the uncured breach. Notwithstanding the foregoing, in the event City terminates the Agreement (or a Purchase Order) for cause, Contractor shall remain entitled to payment for all undisputed amounts due for Services properly performed prior to the effective date of termination.

3.6 General Provisions.

3.6.1 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Contractor:

ProEnergy Services,
LLC 2001 ProEnergy
Blvd
Sedalia, Missouri 65301
Attn: Jeff Canon

City:

City of Santa Clara
Attention: Silicon Valley Power
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at svpcontracts@santaclaraca.gov and manager@santaclaraca.gov

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.6.2 Indemnification.

3.6.2.1 Scope of Indemnity. To the fullest extent permitted by law, Contractor shall defend, indemnify and hold the City, its officials, employees, agents and authorized volunteers free and harmless from any and all third-party claims, demands, causes of action, suits, actions, proceedings, costs, expenses, liability, judgments, awards, decrees, settlements, loss, damage or injury of any kind, in law or equity,

regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively, "Claims") in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Contractor, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Contractor's Services or this Agreement, including without limitation the payment of all expert witness fees, attorneys' fees and other related costs and expenses. Notwithstanding the foregoing, to the extent required by Civil Code section 2782, Contractor's indemnity obligation shall not apply to liability for damages for death or bodily injury to persons, injury to property, or any other loss, damage or expense arising from the sole or active negligence or willful misconduct of the City or the City's agents, servants, or independent contractors who are directly responsible to the City, or for defects in design furnished by those persons.

3.6.2.2 Additional Indemnity Obligations. Contractor shall defend, with counsel of City's choosing and at Contractor's own cost, expense and risk, any and all third-party Claims covered by this section that may be brought or instituted against City or its officials, employees, agents and authorized volunteers. In addition, Contractor shall pay and satisfy any judgment, award or decree that may be rendered against City or its officials, employees, agents and authorized volunteers as part of any such claim, suit, action or other proceeding. Contractor shall also reimburse City for the cost of any settlement paid by City or its officials, employees, agents and authorized volunteers as part of any such claim, suit, action or other proceeding. Such reimbursement shall include payment for City's attorney's fees and costs, including expert witness fees. Contractor shall reimburse City and its officials, employees, agents and authorized volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Contractor's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its officials, employees, agents and authorized volunteers.

3.6.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Contractor must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Contractor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Contractor shall be barred from bringing and maintaining a valid lawsuit against the City.

3.6.4 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.6.5 City's Right to Employ Other Contractors. City reserves right to employ other contractors in connection with the Services.

3.6.6 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.6.7 Assignment or Transfer. Neither Party shall assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the other Party. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

3.6.8 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

3.6.9 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.6.10 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

3.6.11 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 3.5.7, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.6.12 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.6.13 Prohibited Interests. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Contractor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the

term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.6.14 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.6.15 Authority to Enter Agreement. Contractor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.6.16 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.6.17 Entire Agreement. This Agreement contains the entire Agreement of the parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both parties.

3.6.18 Exhibit E. Exhibit E modifies the terms of the Agreement, attached hereto and incorporated herein by reference.

SECTION 1. GENERAL

1.1 Contractor shall provide all necessary supervision, labor, tools, equipment, materials, and supplies required to perform Field and Depot Services, including Parts and Repairs, for Gas Turbine Engines ("Services") at the Donald Von Raesfeld (DVR) Power Plant for Silicon Valley Electric, the Electric Utility of the City of Santa Clara (hereinafter "City" or "SVP").

1.2 Contractor shall perform the Services in accordance with generally accepted industry best practices and the original equipment manufacturer (OEM) specifications. Any deviations must be approved in writing by City.

1.3 Contractor will primarily perform Services in City of Santa Clara limits.

1.4 Contractor will primarily perform Services on SVP's General Electric or GE Vernova (GE) LM6000PC gas turbine engines, either onsite at the DVR Power Plant within the City of Santa Clara or at Contractor's depot facility.

SECTION 2. SERVICES TO BE PERFORMED

2.1 Field Support Services – Contractor shall:

2.1.1 Provide scheduled maintenance activities including, but not limited to:

2.1.1.1 Semi-annual routine inspections

2.1.1.1.1 Conduct approximately every 4,000 operating hours or based on engine condition determined by semi-annual inspections

2.1.1.1.2 Perform borescope examination, visual inspection, full system checks, and calibration of critical components to ensure reliable performance

2.1.1.1.3 Review borescope results and plan for next borescope or any required maintenance.

2.1.1.2 Hot section rotable exchange services

2.1.1.2.1 Perform onsite during a planned outage every 14,000-16,000 hours of gas fuel operation or based on engine condition determined by semi-annual inspections

2.1.1.2.2 Replace the hot section components with refurnished or new portable parts to maintain efficiency and reduce downtime

2.1.1.3 Overhaul major gas turbine engine

DRAFT

2.1.1.3.1 Perform complete overhauls approximately every 50,000 hours or based on engine condition determined by semi-annual inspections at an overhaul depot.

2.1.1.3.2 Conduct complete disassembly and detailed engine inspections

2.1.1.3.3 Reassemble using a combination of new, refurbished, and serviceable components

2.1.1.3.4 Perform testing in a controlled test cell environment and post-overhaul function checks

2.1.2 Provide on-site services, including but not limited to:

2.1.2.1 Review latest recommendations, improvements, and technical information letters and recommend which should be implemented.

2.1.2.2 Perform a full borescope inspection, package inspection, controls inspections and calibrations as needed

2.1.2.3 Implementation of product bulletins, service bulletins, and other OEM recommendations

2.1.2.4 Perform preventive and corrective maintenance and inspections perform on the exterior of installed gas turbine

2.1.2.5 Remove and install gas turbines

2.1.2.6 Separation of generator and power turbine

2.1.2.7 Turbine preservation and shipping

2.1.2.8 Verify full alignments

2.1.2.9 Troubleshoot all aspects of package and engine problems

2.1.2.10 Perform repairs and remedial measures identified during inspection and maintenance including but not limited to on-site Level 1 or 2 maintenance work packages if needed.

2.2 Depot Services - Contractor shall:

2.2.1 Complete disassembly and assembly of modules down to individual piece parts

2.2.2 Repair, recondition, and replace of piece parts and accessories

DRAFT

2.2.3 Gas generator, gas turbine and/or power turbine testing in test cell as per GEK 112163.

2.2.4 Repair and replace high and low pressure compressor (HPC/LPC) components

2.2.5 Replace hot section and combustor components

2.2.6 Replace internal engine components

2.2.7 Transport equipment from the City to Contractor's depot facility

2.2.8 Provide inspections services, including but not be limited to:

2.2.8.1 Review latest recommendations, improvements, and technical information letters and advice on implementation

2.2.8.2 Review borescope results and plan subsequent borescope inspections or required maintenance

2.2.9 Remedial measures

2.2.9.1 Address issues discovered during turbine inspections

2.2.9.2 Restore gas turbine system to optimal operating condition

2.3 Other as-needed services

2.3.1 Develop and implement routine, preventive and condition-based maintenance programs

2.3.2 Institute comprehensive reporting procedures to ensure close communication with City staff

2.3.3 Supply parts as required to maintain, repair, and perform services

2.3.4 Provide rental of temporary engines and related equipment as needed to support engine functionality during maintenance and repairs

2.3.5 Provide miscellaneous field support and depot services

SECTION 3. SPECIFIC REQUIREMENTS

3.1 Contractor shall be responsible for providing the following, as required for the Services:

3.1.1 Supervision and administrative support

3.1.2 Program and project management services

DRAFT

3.1.3 Scheduling and logistical planning

3.1.4 Subcontractor management

3.1.5 On-site certified forklift operator

3.1.6 Expedited procurement and transportation of materials, parts, and equipment when requested by the City.

SECTION 4. REPORTS

4.1 Service Reports

4.1.1 Within seven (7) days after written final acceptance by the City of Services, Contractor shall provide a report to the City, which shall include the following information:

4.1.1.1 Description of the Services performed

4.1.1.2 Summary of existing conditions

4.1.1.3 Description of noted issues/deficiencies (including photos, where applicable) and recommended corrective action

4.1.1.4 Summary of parts and materials provided by Contractor, including serial number of all parts removed and installed

4.1.1.5 Any information that may be requested by the City

4.1.2 For Borescope service finding reports, Contractor shall communicate to the City as follows:

4.1.2.1 Verbally on the same day or within 12 hours

4.1.2.2 Within 24 hours, send an email with photos, location, dimensions, and other information describing the finding.

4.1.2.3 Within 72 hours, send photos, location, dimensions, measurements and engineering disposition.

4.1.2.4 Within 7 calendar days, send a full report in electronic format (e.g., PDF, Word).

4.2 Status Reports

4.2.1 Contractor shall provide regular cost, schedule, and status updates on Services performed throughout the Term, as requested by City.

DRAFT

4.2.2 City may, at its sole discretion, require Contractor to provide status updates daily (for work performed at DVR), weekly, or monthly at the direction of City.

4.3 Contractor shall provide all reports in electronic format if requested by the City.

SECTION 5. COMPLETION OF SERVICES

Contractor shall perform and complete the Services in a timely, efficient manner, Contractor shall also (1) ensure the site is restored to its condition at the issuance of the applicable Purchase Order, and (2) equipment and/or system is operational as soon as possible.

SECTION 6. SCHEDULING AND PLANNING

6.1 Contractor shall coordinate with City to schedule the performance of Services including, if applicable, scheduling outages. When requested by City, Contractor shall plan, staff and execute scheduled Services according to a mutually agreed upon schedule.

6.2 Contractor will generally perform the Services during the City's regular business hours, Monday through Friday, excluding City holidays, unless otherwise approved by the City in writing. City may, at its discretion, authorize or required Contractor to perform Services during non-business hours.

6.3 Contractor shall provide a response no more than 48 hours during standard working hours to a request made by the City for technical support. . Contractor shall provide an emergency contact phone number at which an individual can be reached at any time. Contractor shall respond via phone or email to an emergency request within 24 hours of the City's notification. Contractor and City shall mutually agree on scheduling the required emergency service.

6.3.1 Contractor shall make reasonable efforts to be on-site within 48 hours of notification to perform the Services.

6.3.2 Contractor shall repair the affected equipment or resolve the emergency as soon as reasonably possibly but in no event later than seven (7) business days from notification, unless a later timeframe is mutually agreed upon by the Parties in writing. If Contractor immediately notifies City that it cannot complete the foregoing within this timeline, Contractor shall provide the City within three (3) business days (or such additional time period as City may authorize in writing) a written plan and schedule for completion.

SECTION 7. SERVICE REQUEST

7.1 Contractor acknowledges that Contractor is one of multiple firms selected to perform the Services pursuant to separate agreements. The City will award and authorize specific Services as set forth in this Section 7. The City does not guarantee that any specific service

will be authorized under this Agreement. This Section 7 contains the process for awarding Services under a master agreement process.

7.2 When the City requires services, City will notify contractor(s) under contract to provide a written proposal. City will provide a description of the Services required and any other pertinent information (Work Request).

7.3 Contractor shall prepare and submit a written proposal (Proposal). Contractor's Proposal must include all information requested by the City in its Work Request, including, (as applicable) the proposed scope of services, the expected deliverables, proposed project timeline, assigned personnel, and costs including hourly rates by position, equipment, materials, and reimbursable expenses, in accordance with Exhibit B.

7.4 The City will review the Proposal, and may elect to approve it, reject it, or use it as a basis for further negotiations with Contractor, including negotiate the scope, schedule, staffing, and pricing.

7.5 Authorization of Work; Issuance of Purchase Order

7.5.1 If there are multiple firms, the City will select a contractor proposal based on evaluation/award criteria established by the City. If City accepts Contractor's proposal, the City shall issue a Purchase Order. The Purchase Order shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.5.2 Each Purchase Order shall incorporate, as applicable, the Proposal approved by the City.

7.5.3 Contractor shall have seven (7) calendar days from the date of the City's issuance of the Purchase Order in which to respond in writing if Contractor elects not to perform the Services. If Contractor (a) agrees in writing to perform the Services, (b) begins performance of the Services, or (c) fail to respond within the seven-day period, then Contractor will be deemed to have accepted the Purchase Order and in such case the Purchase Order shall be incorporated into this Agreement. The Purchase Order shall be included within the Services.

7.6 Additional Services or Modifications

7.6.1 Contractor shall promptly notify the City when a situation occurs that may result in a change to an approved Purchase Order, including the need for additional work or modifications to the Services approved under the Purchase Order. Contractor shall provide the reason for the change specific to each Purchase Order. Contractor shall submit an updated Proposal to the City for review and approval by the City in advance of performing any additional work or services. For such changes, Contractor shall submit justification demonstrating that changes in cost are associated with changes in scope.

7.6.2 If the City determines that the change is within the general scope and intent of the original Purchase Order, the City may approve the modification and issue an amended Purchase Order authorizing the additional or revised Services. Any such amended Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.6.3 If the City determines that the proposed change materially alters the scope or falls outside the intent of the original Purchase Order, the City will issue a new Work Request pursuant to Section 7.2.

7.6.4 Contractor shall not be entitled to additional compensation for issues such as errors in calculation of original pricing, changes in staff, or other changes that are not directly related to changes requested by City.

7.7 Immediate Need / Interim Work Orders

7.7.1 The City may authorize Contractor to proceed with work on an interim basis through written or verbal authorization pending issuance or amendment of a formal Purchase Order for immediate need in the following circumstances:

7.7.1.1 In the event work is required to address or deal with a threat to public health or safety, loss of or damage to property, or serious disruption to essential services.

7.7.1.2 In the event work is required to maintain a critical City function or project schedule.

7.7.2 Each interim authorization shall at a minimum identify the specific scope of services, a maximum compensation, and such other information the City may require.

7.7.3 Following issuance of an interim authorization, Contractor shall promptly submit a detailed written Proposal to City consistent with this Agreement. The Proposal shall include all services required including those services already completed or initiated, and associated rates and costs. All work performed under an interim authorization is subject to cost validation, and the City reserves the right to disallow or adjust any costs not consistent with the terms of this Agreement.

7.7.4 If the City approves the Proposal, the City will issue a Purchase Order as soon as reasonably practicable. Any such Purchase Order shall be incorporated into the Agreement and any work described therein shall be included within the Services.

7.8 A Purchase Order must be consistent with – and cannot alter - the terms and conditions of this Agreement. The terms and conditions of this Agreement shall prevail over any and all terms and conditions contained in a Proposal or Purchase Order, even if the Proposal or Purchase Order expressly states that it is intended to control. Any conflicting terms and conditions in a Proposal or Purchase Order are invalid and unenforceable. The order of

DRAFT

precedence is as follows: (1) Agreement and any exhibits or amendments thereto, (2) Purchase Order, and (3) Proposal.

7.9 The City may terminate a Purchase Order for convenience with ten (10) days prior written notice to Contractor. In such event, the Contractor shall have no further rights hereunder, except that Contractor shall be paid for all Services adequately rendered prior to such termination. The City shall have no liability for Services not yet performed or deliverables not yet commenced as of the date of termination.

SECTION 8. WORKMANSHIP

8.1 All parts and/or components replaced or newly installed in the system shall be factory new and free of defects in title, materials and workmanship at the time of their delivery and installation. However, if approved by the City in writing including as part of a Purchase Order, Contractor may use rebuilt parts or new parts from another manufacturer if such alternate parts and/or components are approved by the original manufacturer and/or City for use in the specific piece of equipment of the system.

8.2 Poor or inferior workmanship, as determined at the sole discretion of the City, shall be removed and replaced to conform to the quality standards of the industry, or otherwise corrected to the City's satisfaction, at Contractor's sole expense.

8.3 City reserves the right to inspect any Services performed by Contractor and its subcontractors. If, upon inspection, the City determines that there is any unsatisfactory or defective Services, the Contractor must correct the Services at no additional cost to the City.

SECTION 9. PERMITS AND LICENSES

9.1 Contractor shall obtain, maintain, and pay for all licenses, permits, and certificates required by any statute, ordinance, rule, or regulation in order to perform the Services.

9.2 Contractor is responsible for obtaining an 811-dig permit for any Services that require digging.

SECTION 10. CITY FURNISHED MATERIALS

Contractor shall credit the City for any City-furnished materials that are used, lost, stolen, damaged or rendered unusable by actions of Contractor.

SECTION 11. WORK AREA

11.1 Contractor shall maintain all work areas, where Services or related work are being performed, in a clean and orderly condition at all times. The work area shall be kept free from surplus materials, waste materials, debris, spills, dirt, rubbish, or other refuse caused by Contractor's performance of Services. Upon completion of the scheduled Services or at

the end of each day, whichever comes first, Contractor shall ensure the work area is left in a clean, safe, and secure condition. The City shall be the sole judge as to the adequacy of the cleanup.

11.2 Contractor shall comply with all City requests regarding cleanup both during the course of and upon completion of Services. If Contractor fails to clean the work area within forty-eight hours (48) after demand by the City, City may charge Contractor for any costs of clean-up or other services required to adequately protect City property or restore work area to a safe condition. City may invoice Contractor or deduct costs from Contractor's invoice at City's sole discretion.

11.3 Where applicable, Contractor must provide work and traffic control signage to warn pedestrians and vehicular traffic of work in progress. Contractor may be required to safely direct pedestrians and traffic around the work area and provide all equipment, personnel, and materials necessary to properly perform the traffic control measures, including but not limited to, flaggers, cones, reflectors, electronic signs, barricades, caution tape, temporary paving, or steel plates.

11.4 Contractor shall make all reasonable efforts to minimize obstructions and inconvenience to City operations, employees, and the public during the performance of Services.

SECTION 12. CONTRACTOR'S EQUIPMENT, TOOLS, AND MATERIALS

This Section applies only if the performance of Services requires the use of physical tools, equipment, vehicles, or materials.

12.1 Contractor shall provide all equipment, tools (including any specialty tooling), and materials required for the performance of the Services. City will not loan tools or equipment to Contractor. Neither Contractor nor its workers shall attempt to borrow tools or other materials from City personnel.

12.2 Contractor shall maintain tools and equipment in proper operating condition and used only for the purpose for which they were designed. City reserves the right to suspend Services if improper tools or equipment are being used or operated.

12.3 Contractor shall safely store and secure tools, equipment, and vehicles under lock and key when not in use. Contractor will not leave keys in any vehicles or equipment when not in use. Contractor shall promptly report to the City any loss or damage to tools, equipment, or vehicles.

12.4 City will not be responsible for the loss of tools, equipment, or materials.

SECTION 13. DISPOSAL OF WASTE AND SCRAPS

13.1 All wastes generated or encountered in the performance of Services must be managed in accordance with all applicable local, State, and federal regulations and laws. Contractor is

solely responsible for arranging and implementing proper handling, management, storage, transport, and disposal of all wastes including any hazardous materials.

13.2 Contractor shall provide the City with a written report of all material disposals within twenty-four (24) hours of such disposal, unless a shorter reporting period is required by applicable law or regulation.

13.3 Contractor shall recycle or salvage all materials, where feasible, and shall credit the value of any recycled or salvaged materials to the City.

SECTION 14. SAFETY

14.1 Safety must always be the top priority. Contractor shall take all necessary precautions for the safety of all persons, property, and the public during the performance of Services. Contractor shall install and maintain appropriate safeguards, warning signs, and barriers as required by applicable law and the conditions of work, and post warnings against known or unusual hazards.

14.2 Where applicable, Contractor shall perform all Services in accordance with accepted industry standards and practices, including but not limited to the National Fire Protection Association (NFPA) Codes NFPA 70, 70B, and 70E, National Electrical Manufacturer's Association (NEMA), NETA, and IEEE standards.

14.3 If required by applicable law due to the nature of the Services, Contractor shall maintain a written Injury and Illness Prevention Program (IIPP) in compliance with Section 3203, Title 8 of the California Code of Regulations (CCR). The IIPP shall include specific instructions with regard to hazards unique to the employee's job assignment. Contractor shall make a copy available to the City upon request and shall keep a copy accessible at the work site.

14.4 As applicable, Contractor shall conduct safety inspections as necessary and as may be requested by the City to identify and correct unsafe conditions and practices. The City reserves the right to accompany Contractor during these inspections.

14.5 Where applicable, Contractor must comply with all site-specific safety requirements and procedures, including but not limited to Lockout/Tagout (LOTO), Energy Isolation, Confined Space, Fall Protection, Chemical Safety, Hazardous Waste, and Personnel Protective Equipment (PPE). Contractor must comply with SVP's clearance program for equipment safety requirements. City will provide the clearance program to the Contractor.

14.6 Where applicable, Contractor's employees (including any subcontractors) must use appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing. Any required PPE and FR clothing shall be provided at the expense of Contractor.

14.7 When requested by the City, Contractor shall provide an on-site Safety Manager/Supervisor to ensure compliance with all applicable safety rules and regulations. The onsite Safety Manager will perform daily audits and submit daily reports to the City that identify discrepancies or non-compliance, and provide direction in regards to safety rules

and regulations to Contractor Project Manager/On-Site Supervisor (as defined in Section 17) and Contractor employees.

SECTION 15. INJURY/PROPERTY DAMAGE

Contractor shall notify the City immediately in the event of an injury or property damage that occurs during the performance of Services. Contractor shall investigate the reported injury or damage upon request from City and provide City with regular updates including all accident reports until the investigation is resolved. City reserves the right to perform its own investigation. Should City choose to conduct its own investigation, Contractor shall assist as required.

SECTION 16. CONTRACTOR PERSONNEL

16.1 Project Manager/On-Site Supervisor

Contractor must designate one (1) Project Manager or On-Site Supervisor to communicate with the City during the performance of Services. The Project Manager/On-Site Supervisor is the designated point of contact for the City to communicate tasks and receive feedback. The Project Manager/On-Site Supervisor must be capable of communicating effectively with City staff.

16.2 Staffing

16.2.1 Contractor shall be responsible for its employees' professional and technical competence and will select appropriate individuals who are qualified, certified, and/or licensed to perform the assigned task.

16.2.2 Contractor shall ensure its employees and any subcontractors supply proper identification when requested by the City.

16.2.3 Contractor shall inform City immediately of any change in key personnel assigned to this agreement. Contractor shall submit the resumes and other qualifications of the proposed replacement employee(s) to City for review and approval.

16.2.4 City may reasonably request reassignment of key staff, including the Project Manager. In the event of a request, Contractor shall submit the resumes and other qualifications of proposed replacement employee(s) to City for review and approval.

16.3 Employee Training

16.3.1 At Contractor’s sole cost and expense, Contractor shall provide recurring, periodic (no less than annual) training to its employees (including subcontractors) appropriate to the duties and responsibilities of each employee.

16.3.2 It is essential that all employees be thoroughly trained and familiar with the equipment and procedures to be followed.

16.3.3 Contractor's training program shall follow Contractor's standard policies and procedures and shall be in compliance with all applicable federal, state, and local laws, including but not limited to safety and injury prevention training requirements contained in the OSHA standards.

16.3.4 Contractor shall be familiar with SVP's operating standards. Where applicable, all employees are required to watch SVP's safety video once per calendar year or prior to the commencement of the Services.

16.3.5 At the City's request, Contractor shall submit copies of training records for its employees.

16.4 Standards of Conduct

16.4.1 Contractor is solely responsible for its employees while on or about the work site. This includes but is not limited to, maintaining discipline, ensuring standards of conduct are adhered to, and enforcing safety policies, procedures, and orders. Contractor shall ensure that while on or about the work site, its employees do not:

16.4.1.1 Display a discourteous, abrupt, abrasive, or belligerent attitude.

16.4.1.2 Use any prescribed or over-the-counter medications which can potentially impair the employee's ability to perform the Services safely.

16.4.1.3 Present or identify themselves as employees of the City of Santa Clara.

16.4.1.4 Possess or use any firearms, narcotics, drugs, intoxicants, or other restricted materials while on City premises or performing Services.

16.4.2 If a Contractor employee fails to meet these standards of conduct, Contractor shall immediately remove the employee and provide a replacement. Contractor shall determine appropriate disciplinary actions in accordance with its own policy, a copy of which may be requested by the City at any time.

16.4.3 In the event that a complaint is made against a Contractor employee, Contractor shall notify the City immediately and provide a written explanation detailing how the situation was resolved.

SECTION 17. E-BUILDER

17.1 Use of e-Builder. When required by City, Contractor shall use e-Builder for submission of data and documents to City throughout the Term. e-Builder is a web-based construction management application hosted by e-Builder, Inc.

DRAFT

SECTION 18. TRANSPORTATION, SHIPPING AND FREIGHT

18.1 Contractor shall be responsible for shipment and delivery of all required products, parts, materials, and equipment to City. Contractor will pay all freight charges which may be reimbursed subject to the terms of this Agreement. All products, parts, materials, and equipment shall be entirely at Contractor's risk from the time they are placed in possession of the carrier for shipment to/from City until final acceptance by the City.

18.2 Contractor will pack and ship all products, parts, materials, and equipment in accordance with good commercial practices.

18.3 Contractor shall ensure that products, parts, materials, and equipment are insured against "all risks" from the time the products, materials, and equipment are placed in the possession of the carrier for shipment to/from the City until received by the City at the location set forth in the applicable Purchase Order.

18.4 Contractor shall notify City at least sixty (60) minutes prior to arrival of any deliveries to City. City will provide a contact name and phone number to the Contractor.

DRAFT

EXHIBIT B
SCHEDULE OF FEES AND PAYMENT PROVISIONS

SECTION 1. MAXIMUM COMPENSATION

1.1 The maximum compensation payable to Contractor during the Term shall not exceed the amount in Section 6 of this Agreement.

1.2 The City does not guarantee a minimum compensation under this Agreement.

SECTION 2. RATES

2.1 Rate Schedule

The rates applicable to the Services performed under this Agreement are listed in Appendix B1 (Rate Schedule), which is attached hereto and incorporated by reference. The rates shown in Appendix B1 are fully burdened, including all costs such as labor, overhead, and profit.

2.2 Fixed Rates

The rates listed in Appendix B1 shall remain fixed for the first two (2) years of the Agreement term and shall not be subject to escalation or adjustment during that period, except as otherwise authorized by the City under this Exhibit B.

2.3 Additional Rates

If a specific rate, labor classification, equipment type, or service type required under this Agreement is not listed in Appendix B1, Contractor shall submit a written Proposal in response to the City's Work Request. The City shall review the Proposal, and, if acceptable, approve the proposed rate(s) through a Purchase Order or a written amendment. Contractor must clearly provide justification for any additional rates. No such rates shall be effective or compensable unless expressly approved by the City through a Purchase Order or a written amendment.

2.4 Rate Adjustments

After the first two years of the Agreement, rate adjustments may be negotiated no more than once annually. Contractor shall submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Contractor to the satisfaction of the City.

2.5 Labor Union or Prevailing Wage Adjustments

If Contractor's employees are covered by a collective bargaining agreement or prevailing wage determination that results in an increase in mandatory labor wages during the term of the Agreement, Contractor may request a corresponding rate adjustment. Any such request shall include documentation substantiating the applicable labor agreement or prevailing wage

determination, the effective date and percentage of the wage increase, and a demonstration of how the increase impacts the rates in Appendix B1.

SECTION 3. REIMBURSABLE EXPENSES

Contractor may pass through certain costs such as, but not limited to printing, materials, equipment, and travel as listed in the Reimbursable Expenses Schedule in this Section. Expenses shall be reimbursable only to the extent that (1) Contractor submits sufficient documentation to City that the expenses were directly incurred in providing the required Services, (2) Contractor demonstrates that such expenses are not already included in the hourly rates or unit prices, where applicable, (3) such expenses were approved by the City in advance pursuant to Section 7.3 of Exhibit A, including issuance of a Purchase Order, (4) Contractor submits itemized receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any Mark Up conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	Mark Up
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts, materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by Contractor).	Not to exceed 10 %
4.	Contractor may charge allowable mileage at the prevailing IRS rate per mile for business related travel. However, Contractor must submit backup documentation that includes the travel start and end locations, travel dates, and corresponding mileage cost. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	No Markup
5.	Unless approved in writing (e-mail acceptable) in advance, reimbursement to Contractor (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA) https://www.gsa.gov/travel-resources. Airfare and Rental Car: Airfare and rental car expenses, where applicable shall be	No Markup

DRAFT

	Reimbursable Expense Schedule	Mark Up
	reimbursed at economy rates. Meals: Contractor may request reimbursement either as a meal per diem or for actual meal expenses, up to the applicable GSA per diem rate. When claiming per diem, receipts are not required. However, when claiming actual meal expenses, itemized receipts are required, and reimbursement shall not exceed the applicable GSA rate for each meal. If the Contractor pays its employees a per diem rate lower than the GSA rate, the Contractor may not charge the City for any difference between the amount paid and the GSA rate. Lodging: Lodging costs shall be reimbursed at actual cost, not to exceed the applicable GSA lodging rate. Itemized lodging receipts are required for reimbursement. If Contractor elects to use corporate housing, a personal residence, or a relative's home in lieu of commercial lodging during the project engagement, written authorization from the City is required. Upon such authorization, the City shall reimburse Contractor for housing costs up to fifty percent (50%) of the applicable GSA lodging per diem rate for the project location. This reimbursement shall be provided in lieu of hotel lodging costs and shall not exceed the actual amount incurred, if any. Contractor shall certify in writing that no other lodging reimbursement is being claimed for the same period.	
6.	Other travel expenses such as taxi, parking, and tolls.	No Markup
7.	Contractor may provide tips or gratuities only in accordance with standard business practices and in amounts not to exceed twenty percent (20%) of the applicable charge. Any gratuities provided must be customary to the industry and shall not be charged to the City unless expressly authorized in writing. Any non-customary gratuities or tips exceeding this cap shall be the sole responsibility of the Contractor	No Markup

DRAFT

Reimbursable Expense Schedule		Mark Up
	and shall not be reimbursable by the City.	
8.	Other reimbursable expenses with prior written approval from the City.	No Markup

SECTION 4. PAYMENT PROVISIONS

4.1 Time and Materials

For Services authorized to be paid on a time and materials basis, Contractor shall provide an invoice to the City on a monthly basis for Services completed in the preceding month. The invoice must include the following information:

4.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.1.2 Current amount due with a time and materials breakdown: titles, hours, hourly rates, and any City approved reimbursable expenses itemized with supporting documentation.

4.1.3 Sufficient detail for City to verify (a) that the charges are in accordance with the Purchase Order, (b) that rates listed in Appendix B1 are charged, and (c) where applicable, hours worked can be matched to certified payroll submittals.

4.2 Fixed Price

For Services authorized to be paid on a fixed price basis, Contractor shall base the invoice on either (a) the percentage of Services completed during the previous month or (b) a lump sum amount upon the completion of deliverable(s) and subject to the following:

4.2.1 Invoices must include the following information:

4.2.1.1 Invoice Number, Purchase Order Number, and Invoice Period.

4.2.1.2 Detailed information on the Services performed on each deliverable or task completed on each project, as applicable.

4.2.2 Contractor shall not invoice labor costs subject to prevailing wages in advance of performing the applicable Services.

4.2.3 With regard to milestone payments, Contractor shall invoice each milestone payment in full. Contractor shall not separate milestone payments into multiple invoices.

4.3 Pre-Payment

City shall not be required to pay a deposit or any other form of pre-payment prior to Contractor beginning the Services.

4.4 Payment Limited to Satisfactory Work.

Contractor is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

4.5 Certified Payroll

When applicable, Contractor and all subcontractors shall submit certified payroll records for all workers employed in the performance of the Services. All certified payrolls shall be submitted in accordance with the requirements set forth in Exhibit D (Labor Compliance).

4.6 Accurate Invoice

Invoices shall be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Contractor for correction and resubmittal before payment can be processed. Contractor shall not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

4.7 Payment

If there are no discrepancies or deficiencies in the submitted invoice and Contractor has submitted all required certified payroll, City shall process the invoice for payment.

4.8 Confidential

Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Contractor.

DRAFT

APPENDIX B1 TO EXHIBIT B
RATE SCHEDULE

SECTION 1. RATES

Contractor shall charge, and the City shall pay for actual Services rendered and authorized according to the process outlined in Section 7 of Exhibit A. The rates applicable for the Services are listed below in Table B1 and Table B2.

Table B1 – LABOR RATES

LABOR CLASSIFICATION	STRAIGHT TIME HOURLY RATE	OVERTIME / HOLIDAY LABOR HOURLY RATE
Sr. Aero Field Technician	$246.00	$329.00
Sr. Aero Field Technician I&C	$246.00	$329.00
Mapper	$362.50	$486.00
Aero Field Technician	$229.00	$314.00
Technician I&C	$229.00	$314.00
Technician – LM Depot	$125.00	$146.00

DRAFT

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $2,000,000 Each occurrence
   $4,000,000 General aggregate
   $4,000,000 Products/Completed Operations aggregate
   $2,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

DRAFT

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice

has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to d review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

DRAFT

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097
Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

DRAFT

EXHIBIT D
LABOR COMPLIANCE

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

I. Prevailing Wage Requirements

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. Contractors shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage

DRAFT

statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

J. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

DRAFT

K. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.ach job site.

5. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

6. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.

7. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

8. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. Contractors shall submit certified payroll through LCP Tracker or similar system as directed by the City. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

9. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

10. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

11. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

12. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

13. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

14. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

L. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Exhibit shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

M. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Exhibit.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

DRAFT

EXHIBIT E
CONTRACT MODIFICATIONS

Section 3.3.15 is hereby added to the Agreement to read as follows:

3.3.15 Bond Provisions.. Should, in City's sole and reasonable opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this Section are accepted by the City. To the extent, if any, that the total compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the total compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

Section 3.3.13.1 is amended to read as follows:

3.3.13.1 Inspection of Site. Contractor shall visit sites where Services are to be performed and shall become acquainted with all conditions affecting the Services prior to commencing the Services. Contractor shall make such examinations as it deems necessary to determine the condition of the work sites, its accessibility to materials, workmen and equipment, and to determine Contractor's ability to protect existing surface and subsurface improvements. Following a site visit Contractor shall issue a written report to the City which will include a list of any conditions that may impact the schedule or cost in Contractor performing its Work. No claim for allowances–time or money–will be allowed as to such matters that could have been reasonably discovered or foreseen as part of any such site visit if the site visit occurs prior to the parties executing the contract.

Section 3.6.3 is amended to read as follows:

3.6.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in the State and Federal courts of California located in Santa Clara County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Contractor must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit

DRAFT

based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Contractor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Contractor shall be barred from bringing and maintaining a valid lawsuit against the City.

Section 3.6.4 is amended to read as follows:

3.6.4 Time. Time is an important and material term for each and every provision of this Agreement. If Contractor is delayed in the performance or progress of the Work by a Force Majeure Event (as defined herein), then the Contractor shall be entitled to a time extension, which shall be equal to the period of time lost by the delay plus such additional time reasonably necessary to overcome the delay as agreed to by City and Contractor. Such a non-compensable adjustment shall be Contractor's sole and exclusive remedy for such delays and the Contractor will not receive an adjustment to the Total Contract Price or any other compensation.

A Force Majeure Event shall mean an event that materially affects a party's performance and is one or more of the following: (1) Acts of God or other natural disasters occurring at the project site; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the work); (4) pandemics, epidemics or quarantine restrictions; and (5) strikes and other organized labor action occurring at the project site and the effects thereof on the work, only to the extent such strikes and other organized labor action are beyond the control of Contractor and its subcontractors, of every tier, and to the extent the effects thereof cannot be avoided by use of replacement workers. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of the City in its capacity as a municipal authority.

Section 3.6.15 is amended to read as follows:

3.6.15 Authority to Enter Agreement. Contractor and City each has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

DRAFT

Section 3.6.17 Entire Agreement is amended to read as follows:

3.6.17 Entire Agreement: This Agreement, including the Exhibits hereto, contains the entire agreement of the parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified in writing and signed by both parties. The parties have agreed to modify certain provisions in the Agreement as set forth in Exhibit E. In the event of any conflict between the terms set forth in Exhibit E and the Agreement, or any other Exhibits hereto, the terms in Exhibit E shall control.

Section 3.6.19 is added to the Agreement to read as follows:

3.6.19 Limitation of Liability. The total liability of Contractor for all claims of any kind, whether based on contract, warranty, tort (including negligence), indemnity, strict liability or otherwise, for any loss or damage arising out of, connected with, or resulting from this Agreement, the applicable Purchase Order or its work shall in no case exceed the total contract price set forth in section 3.4.1plus any insurance proceeds recovered under the coverages furnished by Contractor under the Agreement. Notwithstanding the foregoing, the foregoing liability limitation shall not apply in cases of (a) Contractor's indemnification or hold harmless obligation, and (b) employee claims, personal injury to a third party or damage to property of a third party..

Section 3.56.20 is added to the Agreement to read as follows:

3.6.20 Waiver of Consequential Damages. Notwithstanding anything in this Agreement or at law to the contrary, Contractor shall in no event be liable for exemplary, special, incidental, indirect or consequential damages of any kind including, but not limited to, loss of use, profits or revenue. Contractor shall have no liability for its competent performance of instructions given by City or its personnel or representatives in the event such instructions prove to be defective.

DEPOT SERVICES, FIELD SUPPORT, AND PART(S) SUPPLY MASTER AGREEMENT

This Depot Service, Field Support and Part(s) Supply Master Agreement is effective this ____ day of April 2021 (the "**Effective Date**").

TCT and the Customer may be referred to individually as the "**Party**" or collectively as the "**Parties**".

WHEREAS the Customer is an industrial owner/operator of certain General Electric ("**GE**") gas turbines and requires a service provider to repair and overhaul their fleet of gas turbines;

WHEREAS TCT is a Service Company authorized to repair and overhaul GE industrial gas turbines;

WHEREAS the Customer and TCT desire to enter into this Agreement for the purposes of setting out the terms and conditions under which TCT will perform certain services relating to the repair and overhaul of the Customer's GE gas turbines. Such services are further outlined in Exhibit A attached and incorporated by reference;

NOW THEREFORE in consideration of the premises and mutual covenants contained herein, the Parties agree as follows:

1. DEFINITIONS

1.1. In this Agreement, including the Recitals and Schedules hereto, in addition to any terms defined elsewhere herein, the following terms have the meanings ascribed under this article:

1.1.1. "Agreement" shall mean this document for the provision of services by TCT.

1.1.2. "Claim" or "Claims" means all claims, damages, liabilities, losses, demands, liens, encumbrances, causes of action of any kind, obligations, costs, judgments, interest, and awards (including, without limitation, legal counsel fees and costs of litigation if awarded as part of the judgment in favor of the Person asserting the Claim), whether created by law, contract, tort, negligence, voluntary settlement, or otherwise, arising out of, related to, or in any way connected with this Agreement or the performance of the Services under this Agreement.

1.1.3. "Customer" means the Customer and references thereto shall include: (i) the Customer's affiliates and subsidiaries; (ii) the Customer's other contractors; (iii) the Customer's co-venturers, co-owners, owners, partners, joint venturers, co-lessees, co-working interest owners, and their respective affiliates; and (iv) the agents, representatives, servants, directors, officers, assigns, managers, members, shareholders, owners, and employees of all of the foregoing.

1.1.4. "Depot Services" means any services to be performed at TCT's depot facilities located in North America.

1.1.5. "Engine" means an industrial gas generator GE LM2500, LM2500+ and/or LM6000 and the subassembly or parts, or any combination of Engine, subassembly or parts.

1.1.6. "Field Service Technicians" means TCT's qualified employees providing Services to the Customer pursuant to this Agreement.

1.1.7. "Field Support Services" means all repairs and maintenance which can feasibly be undertaken by TCT's Field Service Technicians at Customer's field site and requested by

the Customer to be undertaken at the Customer's field site. The services may also include materials/Parts supplied by TCT to the Customer for its Engine pursuant to this Agreement.

1.1.8. "Incoterms 2010" means the Uniform Customs and Practice for Documentary Credits, International Chamber of Commerce Publication, "Incoterms" 2010 Revision, as amended from time to time.

1.1.9. "Instrument and Controls Technician" means a Field Service Technician specializing in gas turbine on & off engine instrumentation, fuel governing, and gas turbine control system interface.

1.1.10. "Mechanical Technician" means a Field Service Technician specializing in the mechanical inspection and repair of gas turbine engine components, excluding any electrical or instrumentation.

1.1.11. "OEM" means the original equipment manufacturer of an Engine.

1.1.12. "Part" or "Parts" means any Part or component comprising the Engine or the Engine package and acquired from the OEM, from a source approved by the OEM or by TCT, and includes reconditioned serviceable Parts.

1.1.13. "Parties" means TCT and the Customer and "Party" means either one of them.

1.1.14. "Parts Supply" means the provision of Parts including materials, supplies, components and any Services necessarily incidental thereto, by TCT to the Customer.

1.1.15. "Person" means any individual or entity, including, without limitation, any corporation, limited liability company, partnership (general or limited), joint venture, association, joint stock company, trust, unincorporated organization or government (including any board, political subdivision or other body thereof).

1.1.16. "Proposal" means a written quotation submitted by TCT for the performance of Services on a lump sum or unit price basis to the Customer.

1.1.17. "Purchase Order" means the Customer's written document confirming its acceptance of the Services to be undertaken by TCT strictly pursuant to the terms and conditions of this Agreement.

1.1.18. "Services" means all Field Support Services and Parts Supply to be carried out and/or performed by TCT pursuant to this Agreement.

1.1.19. "TCT" means TransCanada Turbines Ltd or TransCanada Turbines Inc.

1.1.20. "Work Authorization Form" means the document depicted in Exhibit E which will be executed to authorize each specific set of work activity to be performed under this Agreement.

1.2. Except as otherwise provided in any Schedule or agreed to in writing by the Parties, if any term or condition, express or implied, of any Schedule conflicts or is at variance with any term or condition in the body of this Agreement, such term or condition in the body of this Agreement shall prevail.

1.3. Except as otherwise provided in this Agreement, the Parties may substitute revised Schedules to this Agreement at any time by agreeing to, signing and attaching a dated copy to this Agreement, which revised Schedules shall be the applicable Schedules from such date as they claim to be effective.

2. RELATIONSHIP OF PARTIES

2.1. This Agreement neither obligates a Party to deal exclusively with the other Party nor prevents a Party or any of its affiliates from competing with the other Party or any of its affiliates.

2.2. The Parties acknowledge that the Services shall not, at any time, consist of any construction services, information technology services, or any services of a professional nature including, without limitation, any engineering, architectural, accounting, legal or management services.

2.3. Neither Party:

2.3.1. is an agent, employee, contractor, vendor, representative or partner of the other Party;

2.3.2. shall owe a fiduciary duty to the other Party; or

2.3.3. is capable, nor shall it hold itself out as capable, of binding any other Party to any obligation or liability without the prior written consent of the other Party.

3. GENERAL PROCEDURE

3.1. The Customer shall provide a written request to TCT for the Services it desires TCT to perform.

3.2. TCT shall provide a Proposal to the Customer for the Services TCT is willing to provide to the Customer. TCT's Proposals shall properly describe the Services to be performed, the location, schedule and price. Proposals shall outline services or supplies to be provided by Customer and reasonably estimate any third party or reimbursable costs such as, but not limited to, travel or Parts to be procured on behalf of Customer. Proposals shall reference this Agreement number CIT012-21-MSA-6LM-04-C and a copy of such Proposal shall be attached to the Purchase Order the Customer provided.

3.3. All prices shall use the terms and rates in this Agreement and be quoted in USD (United States Dollars) unless otherwise specified in writing.

3.4. Upon the Customer acceptance of TCT's Proposal, the Customer and TCT will execute a Work Authorization in substantially the same format as Exhibit E – Work Authorization Form. Upon execution of a Work Authorization, Customer will issue TCT with a Purchase Order for the Services, referencing both this Agreement and TCT's Proposal.

3.5. Except in emergency, TCT shall not begin any work unless a Purchase Order (PO) has been issued by the Customer for that particular work.

3.6. An emergency service shall be defined as an unforeseen event, circumstance, or combination thereof that the Customer reasonably determines to require immediate action, presents an immediate danger to public health and safety, and/or imperils the SVP LM6000 or associated equipment. Emergency work must be approved verbally (in the field), by telephone (then by email), or e-mail by the following authorized individuals: Assistant Director, Chief Electric Utility Operating Officer, and Chief Electric Utility Officer. TCT shall provide a proposal within two (2) business days so that such changes can be documented in a Change to Purchase Order within four (4) business days.

3.7. TCT is responsible for notifying Customer in a timely manner when the quoted cost may change.

TCT shall provide reason for the change specific to each purchase order.

3.8. If TCT identifies issues that would result in anticipated costs that exceed the current Purchase Order, a change to the purchase order shall be required in advance of performing work that will exceed the current authorization. In the event that issues are identified that can be most efficiently and economically resolved while on-site or, for services at Depot, by working continuously, changes may be approved by e-mail by the following authorized individuals: Assistant Director, Chief Electric Utility Operating Officer, and Chief Electric Utility Officer. TCT shall provide an updated proposal within two (2) business days so that such changes can be documented in a Change to Purchase Order within four (4) business days.

3.9. TCT shall not be entitled to any payment above the maximum compensation unless an amendment to this Agreement is executed.

4. SUPPLY OF PARTS PROCEDURE

4.1. The provisions of this Article 4 shall apply to any Parts Supply requested by the Customer for which a Parts Supply Purchase Order is received by TCT.

4.2. TCT shall prepare and pack the Parts in accordance with normal commercial practice, as determined by TCT, taking into consideration the nature of the Parts and, at the discretion of TCT, any reasonable packing requests from the Customer.

4.3. To the extent that it is reasonable, in the opinion of TCT, TCT will package products in accordance with the Customer's reasonable written instructions as to markings to be placed on invoices, correspondence, and the exterior of shipping containers.

4.4. TCT will deliver all Parts in accordance with the Incoterm as stated in TCT's Proposal and as specified in Customer's Purchase Order.

5. FIELD SERVICE PROCEDURE

5.1. The provisions of this Article 5 shall apply to any Field Support Services requested by the Customer for which a Field Support Services Purchase Order is received by TCT.

5.2. The Customer shall submit all requests for Field Support Services in writing specifying at a minimum, the number of personnel required, the length of time for which and location where the Services are to be provided and a description of the scope of the Services required. Unless an Instrument and Controls Technician is specifically requested, TCT's proposal shall assume that the Customer requests the Field Support Services be completed by a Mechanical Technician. TCT shall provide the Customer with a Proposal based on the information received with such request.

5.3. The Customer shall issue a Purchase Order to the TCT entity performing the Services. The Purchase Order will confirm the Services to be undertaken in accordance with the relevant TCT Proposal.

5.4. TCT shall provide the Customer with a written report of the Services performed within twenty-one (21) working days following completion of each Field Inspection. This report shall be in TCT's standard format. The Customer shall acknowledge such report by signing and returning a copy thereof.

5.5. Any additional work identified during routine or unscheduled inspections will be notified in the report and corrective action shall be determined by mutual agreement between the Parties. Any such additional work completed, whether on an emergency basis or otherwise, shall be subject to the terms and conditions of this Agreement. TCT may, but shall not be required to perform such additional work, even if it is required on an urgent or emergency basis. Emergency work completed by TCT shall not give rise to compensation, remedies or constitute a breach of this Agreement or any Purchase Orders.

5.6. The Customer shall ensure that TCT's Field Service Technician(s) will have access to a suitable and safe work environment. TCT field service technicians shall have the right and responsibility to stop work that places undue risks on themselves, other TCT staff, contractors, the environment, property and/or equipment in accordance with local legislation and industry best practices. All affected personnel will be notified of the "stop work action" and made safe from harm until the identified hazard has been mitigated.

6. VARIATIONS

6.1. The Customer shall have the right, from time to time during the performance of the Services, to direct TCT, by notice in writing, to add to, alter, omit, or otherwise vary any of the Services. In the event that TCT, in its sole discretion, allows such variations, TCT shall provide the Customer with a written quotation regarding the addition to or deduction of any costs and/or proposed completion date. The Customer shall respond in writing to the written quotation and shall indicate whether TCT is authorized to proceed with the variations. Until the Customer confirms acceptance and authorization of the quotation in writing, such instructions shall be deemed not given.

6.2. The terms and conditions of this Agreement shall continue to govern any of the Services pursuant to this Article 6. Should any term, condition or warranty contained within a variation or Purchase Order conflict with the terms of this Agreement, then this Agreement shall prevail unless otherwise agreed to in writing between the Parties.

7. PREVAILING WAGES.

7.1. Labor Code Compliance is detailed in Exhibit "D" attached and incorporated by reference. TCT must conform to the provisions of Labor Code sections 1720 through 1815, and all applicable provisions of California Code of Regulations found in Title 8, Chapter 8, Subchapter 3, Articles 1-7. TCT agrees to include prevailing wage requirements in its contracts for the Project.

7.2. Requirements in Subcontracts. TCT shall require subcontractors engaged in performing work on Customer facilities or at Customer sites subject to the provisions of Labor Code sections 1720 through 1815 include prevailing wage requirements in all subcontracts funded by this Agreement. Subcontracts shall include all prevailing wage requirements set forth in TCT's contracts.

8. INVOICING AND TERMS OF PAYMENTS

8.1. Payment shall be made in USD (United States Dollars) through a bank specified by TCT at the remittance location specified on TCT's invoice.

8.2. The Customer shall pay TCT for all Services performed in accordance with the invoice prepared by TCT based on the rates and prices set out in Schedule "A", attached hereto.

8.3. Parts Supply: Within thirty (30) days of delivery of the Parts pursuant to a Parts Supply Purchase Order, TCT shall submit an invoice to the Customer and, the Customer shall pay the invoice within thirty (30) days of receiving such invoice.

8.4. Field Support Services: Upon completion of each Field Support Services Purchase Order, TCT shall submit one (1) invoice for compensation for all Field Support Services performed pursuant to such Purchase Order. TCT shall provide supporting documentation with each invoice including submittal of certified payroll using LCP Tracker or such other system as designed by Customer.

8.5. In no event shall Contractor invoice City for any labor in advance of performing such Service. Any Milestone payments shall exclude any labor.

8.6. Repair and Overhaul Services: The payment terms for Repair and Overhaul Services will be agreed by the Parties and specified in the applicable Purchase Order.

8.7. If the Customer fails to fulfill any condition of the terms of payment, TCT may:

8.7.1. withhold deliveries and suspend performance of any Service; or

8.7.2. continue performance if TCT deems it reasonable to do so;

9. TAXES AND OTHER CHARGES

9.1. All amounts payable are exclusive of all federal, provincial, local, municipal or other excise, sales, use, value-added, stamp, property or similar taxes and fees and all export or import fees, customs duties, tariffs or consular fees, now in force or enacted in the future (collectively, "Taxes"). Where applicable, all such Taxes and fees shall be paid by the Customer unless the Customer provides a certificate of exemption or similar document exempting a payment from a particular tax. Regardless of the foregoing, TCT must comply with Santa Clara City Code section 3.40.060, as that section may be amended from time to time or renumbered, which requires that any person who transacts or carries on any business in the City of Santa Clara pay business license tax to the City. A business tax certificate may be obtained by completing the Business Tax Affidavit Form and paying the applicable fee at the Santa Clara City Hall Municipal Services Division. The business license tax is not reimbursed by Customer.

9.2. The Customer agrees to pay promptly when due, and to indemnify and hold harmless TCT and any of success or permitted assign of the foregoing on a full indemnity basis from, all licensing fees, registration fees and all Taxes however or wherever imposed (whether imposed upon TCT, all or part of the Engines or otherwise), by any authority, board, commission, department, division, organ, instrumentality, court or agency, or any other such entity (whether having a distinct legal personality or not) of any nation, province, state or other political jurisdiction thereof, exercising executive, legislative, judicial, taxing, regulatory or administrative functions of or pertaining to government and any association, organization or institution of which any of the foregoing is a member, and in all cases, to whose jurisdiction such Person is subject or in whose activities any of the foregoing is a participant.

10. TERM AND TERMINATION

10.1. The term of this Agreement shall be for five (5) years from the Effective Date unless terminated by either Party pursuant to the terms of this Agreement.

10.2. After the Initial Term, the Customer reserves the right, to request an extension to the term of this Agreement for up to five (5) additional one-year terms. Customer shall provide TCT with no less than thirty (30) days prior written notice of its intention to exercise its option to extend the term of this Agreement in a format substantially similar to Exhibit F - Notice of Exercise of Option to Extend Agreement Form attached and incorporated by reference.

10.3. Either Party shall have the right to terminate this Agreement subject to the terms of this Agreement after giving fourteen (14) days' notice should the other (the Defaulting Party):

10.3.1. be in material breach of its obligations under this Agreement, or

10.3.2. become practically insolvent, or being a limited company, go into liquidation whether voluntarily or compulsorily, or if an administrator or administrative receiver of the whole or part of the Customer's assets is appointed, or

10.3.3. ceases or threatens to cease to carry on its business, or

10.3.4. makes any agreement with creditors compounding debts.

10.4. Where the defaulting party is TCT and TCT fails to commence, or having commenced, fails to remedy, the breach within fourteen (14) days from date of the notice, Customer may, by notice in writing, without prejudice to its other rights under this Agreement, immediately terminate this Agreement. Customer shall make payment to TCT in accordance with the provisions of Article 10.

10.5. Where the defaulting party is Customer and Customer fails to commence, or having commenced, fails to remedy, the breach within fourteen (14) days from the date of the notice, TCT may, by notice in writing, without prejudice to its other rights under this Agreement, immediately terminate this Agreement. Customer shall make payment to TCT in accordance with the provisions of Article 10.

10.6. Default in Payment: If Customer fails to fulfill any condition of its payment obligations, TCT may:

10.6.1. Suspend performance and if the payment default is not cured in ten (10) business days after notice thereof, adjust the Project Completion Date by a period equal to such suspension;

10.6.2. Require that, upon invoice, Customer pay the costs incurred by TCT as a result of Customer's non-fulfillment of any payment obligations herein, including the cost of money as calculated with reference to the prime rate plus 2% as published in the Wall Street Journal (interest shall not be charged until Customer has failed to cure its payment default within ten (10) business days after notice thereof;

10.6.3. If TCT suspends its performance hereunder in accordance with this Agreement, be entitled to an extension of time for performance of its obligations equaling the period of such suspension; and/or

10.6.4. If Customer does not rectify such non-fulfillment promptly within thirty (30) days after receiving TCT's written notice, TCT may at its option deem this Agreement to be terminated by Customer. Upon presentation of invoice and remedies set forth in this Section, Customer shall pay TCT the reasonable costs of termination. This shall constitute TCT's sole and exclusive remedies for Customer's failure to fulfill a condition

of payment.

11. COMPENSATION AND PAYMENT TO TCT

11.1. Customer does not guarantee any minimum or maximum compensation under this Agreement.

11.2. In consideration for TCT's complete performance of the services outlined in each Purchase Order, TCT shall invoice Customer and Customer shall pay TCT for all Services rendered by TCT in accordance with the rate per hour for labor and cost per unit for materials as outlined in Exhibit B entitled "Fee Schedule" attached and incorporated by reference and as set forth in each Work Authorization Form executed by the Parties.

11.3. Where applicable, Customer may require a Final System Acceptance Certificate in substantially the same format as Exhibit E-1 attached before issuing final payment. Such requirement shall be documented in the corresponding Work Authorization executed between the Parties.

11.4. The payments made by Customer under this Agreement will be the amounts charged for Services provided and billed by Contractor, subject to verification by City, pursuant to the hourly rates set forth in the Fee Schedule supplied in writing by Contractor and maintained on file with City at the time the Services are provided.

11.5. If there are any disputed charges on the invoice Customer shall pay TCT any undisputed amount within thirty (30) days after invoice receipt including submittal of approved certified payroll using LCP tracker or such other system as defined by City. Customer will notify TCT in writing the reason for any disputed charges prior to withholding payment and will work with TCT to rectify any disputed amounts for payment within a reasonable period of time.

12. REPRESENTATIVES

12.1. Both Parties shall appoint a representative (the representative of TCT being the "TCT Representative" and the representative of the Customer being the "Customer Representative" and together the "Parties' Representatives") and all notices, authorizations, approvals and communications shall be considered delivered and effective upon receipt only when given in writing and delivered personally, by registered mail (postage prepaid), prepaid courier or faxed to the representatives:

TCT Representative:
Name: Darcy Simonelli
Phone: 403-420-4231
Fax:403-420-4300
Email:
darcy_simonelli@tcturbines.com

Customer Representative:

Name:	Chris Karwick
Phone:	408-615-6554
Fax:	408-244-2990
Email:	Ckarwick@svpower.com

12.2. The Customer Representative shall notify TCT of all information, instruction and decisions of the Customer made under the provisions of this Agreement.

12.3. Either Party's Representative may delegate any of his/her responsibilities to any nominated deputy. Such delegation shall be subject to prior written notification to the other Party. Information, instructions and decisions from any nominated deputy shall be as if from each Party's Representative.

13. WARRANTY

13.1. TCT warrants that the Services performed or provided by TCT under this Agreement will comply with industry standard, custom and practice. All Parts sold hereunder shall be free from defects in material, workmanship and title.

13.2. This warranty is personal to the Customer and cannot be assigned without the prior written consent of TCT, which consent shall not be unreasonably withheld. Warranty claims shall only be considered by TCT in respect to defects which become apparent and are notified by the Customer in writing to TCT before the expiry of the following warranty periods:

Depot Services	
Calendar Time:	12 months from completion of Depot Support Services
Running Time:	8,000 hours
Field Support Services	
Calendar Time:	12 months from completion of Field Support Services
Running Time:	8,000 hours

Whichever of the above limitations occurs first.

Parts:	
Calendar Time:	12 months from date of delivery

13.3. Any warranty claim made shall be made in writing and delivered to TCT as soon as practical following discovery of the defect, and in any event, not later than thirty (30) days following discovery of the defect.

13.4. If TCT re-performs any Service, then the provisions of this Article shall apply to the Service re-performed, provided, however, the foregoing shall not serve to extend any warranty beyond twenty-four (24) months from completion of the original Services performed by TCT.

13.5. Notwithstanding the foregoing, TCT assumes no warranty:

13.5.1. for Parts supplied by the Customer;

13.5.2. for any Services performed despite TCT's and/or its subcontractor's recommendation to the contrary including without limitation, the use of any specific subcontractor for the performance of certain Services; or

13.5.3. if the Customer is in default of any payment obligations owed to TCT.

13.6. The warranties contained in this Article 13 shall be subject to the following continuing conditions:

13.6.1. The Engine and all Parts were properly installed by personnel that are qualified by the OEM to perform such work;

13.6.2. failure of a Part due to ordinary wear and tear, erosion, corrosion, temperature, pressure or other conditions in excess of or contrary to agreed OEM specifications is not covered by this warranty;

13.6.3. The Engine has been operated, maintained and updated in accordance with the OEM's guidelines and standards;

13.6.4. The Engine has been used under normal operating conditions, has not been subjected to misuse, neglect or accident and has not subsequently been repaired or altered, except by TCT (unless otherwise agreed in writing between both Parties); and

13.7. The Customer shall provide, in a timely manner, information as requested by TCT to facilitate the warranty investigation. If the Customer fails to furnish TCT with the records, data, and documentation prior to TCT assessing a warranty claim, then the eligibility of the warranty claim shall be at TCT's sole discretion. The Customer acknowledges and agrees that the warranty settlement is contingent on TCT receiving all information and investigation results from the Customer.

13.8. Where the Customer asserts a warranty claim according to this Article, and as a result of the investigation, it is established that TCT is not liable for the defects claimed, the costs of investigation as well as any other costs and expenses, including shipping, connected with such claim shall be borne by the Customer and due net thirty (30) days upon receipt of the respective invoice therefore.

13.9. THE WARRANTIES CONTAINED IN THIS ARTICLE 13 ARE EXCLUSIVE AND IN LIEU OF ANY AND ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, EXPRESS, IMPLIED OR STATUTORY (INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE OR AS OTHERWISE PROVIDED UNDER ANY APPLICABLE LEGISLATION, WHETHER DOMESTIC OR INTERNATIONAL), AND THE CUSTOMER HEREBY WAIVES ANY RIGHT TO ANY SUCH REMEDIES.

13.10. IN NO EVENT SHALL TCT BE RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES INCURRED BY the Customer IN RESPECT OF ANY DEFECT OR FAILURE COVERED BY THE WARRANTY SET OUT ABOVE.

13.11. THE LIABILITY OF TCT CONNECTED WITH OR RESULTING FROM THE WARRANTIES CONTAINED IN THIS ARTICLE 13 SHALL BE LIMITED TO REPAIR AND/OR REPLACEMENT BY TCT OR ITS DESIGNEE OF THE PART OR PARTS WHOSE FAILURE GIVES RISE TO A CLAIM UNDER THESE WARRANTIES. UPON THE EXPIRATION OF THE SHORTEST PERIOD DESCRIBED THEREIN, ALL SUCH LIABILITY SHALL TERMINATE.

14. INDEMNIFICATION

14.1. TO THE MAXIMUM EXTENT PERMITTED BY LAW, TCT SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS the Customer TO THE EXTENT OF THE LIMITATION ON LIABILITY FROM ALL CLAIMS, CAUSES OF ACTION, LOSSES, LIABILITIES, AND EXPENSES (INCLUDING REASONABLE ATTORNEY'S

FEES) FOR PERSONAL LOSS, INJURY, OR DEATH TO PERSONS (INCLUDING BUT NOT LIMITED TO TCT'S EMPLOYEES) AND LOSS, DAMAGE TO OR DESTRUCTION OF THE CUSTOMER'S PROPERTY OR THE PROPERTY OF ANY OTHER PERSON OR ENTITY (INCLUDING BUT NOT LIMITED TO TCT PROPERTY) TO THE EXTENT ARISING OUT OF ANY NEGLIGENT, WILFUL OR INTENTIONAL ACT OR OMISSION OF TCT IN CONNECTION WITH THE PERFORMANCE OF THE SERVICES. NOTHING HEREIN SHALL BE CONSTRUED AS MAKING TCT SOLELY LIABLE FOR ANY INJURY, DEATH, LOSS, DAMAGE, OR DESTRUCTION TO THE EXTENT ARISING OUT OF ANY NEGLIGENT ACT OR OMISSION OF the CUSTOMER.

14.2. TO THE MAXIMUM EXTENT PERMITTED BY LAW, the Customer SHALL DEFEND, INDEMNIFY, AND HOLD HARMLESS TCT FROM ALL CLAIMS, CAUSES OF ACTION, LOSSES, LIABILITIES, AND EXPENSES (INCLUDING REASONABLE ATTORNEY'S FEES) FOR PERSONAL LOSS, INJURY, OR DEATH TO PERSONS (INCLUDING BUT NOT LIMITED TO the CUSTOMER'S EMPLOYEES) AND LOSS, DAMAGE TO OR DESTRUCTION OF TCT'S PROPERTY OR THE PROPERTY OF ANY OTHER PERSON OR ENTITY (INCLUDING BUT NOT LIMITED TO the CUSTOMER'S PROPERTY) TO THE EXTENT ARISING OUT OF ANY NEGLIGENT, WILFUL OR INTENTIONAL ACT OR OMISSION OF the Customer IN CONNECTION WITH PERFORMANCE OF THE SERVICES. NOTHING HEREIN SHALL BE CONSTRUED AS MAKING THE CUSTOMER SOLELY LIABLE FOR ANY INJURY, DEATH, LOSS, DAMAGE OR DESTRUCTION TO THE EXTENT ARISING OUT OF ANY NEGLIGENT ACT OR OMISSION OF TCT.

14.3. TCT SHALL NOT BE LIABLE FOR ANY CLAIMS, LOSSES, DAMAGES, OR EXPENSES ARISING FROM ITS FAILURE TO DISCOVER OR REPAIR LATENT DEFECTS OR DEFECTS INHERENT IN THE DESIGN OF ENGINE OR PARTS SERVICED, UNLESS SUCH DISCOVERY, REPAIR, AND THE MEANS TO EFFECT SUCH ARE SPECIFIED AND AGREED IN WRITING BY THE PARTIES, EXCEPT AS EXPRESSLY PROVIDED IN THIS ARTICLE 14.

14.4. TCT SHALL NOT BE LIABLE UNDER THIS AGREEMENT FOR ANY CLAIMS, LOSSES, DAMAGES, OR EXPENSES ARISING FROM ANY ADVICE, RECOMMENDATIONS, OR ASSISTANCE PROVIDED TO the Customer, BUT NOT otherwise REQUIRED BY THIS AGREEMENT.

14.5. The Customer agrees that the remedy provided under this Article 14 is the Customer's sole and exclusive remedy against TCT in connection with the Services provided hereunder and to the extent permitted by law, the Customer shall file no other Claim, demand, action or remedy against TCT and the Customer warrants that it shall not take any steps to pursue any such Claim, action or demand against TCT.

15. TITLE TRANSER, RISK OF LOSS, SHIPMENT AND STORAGE

15.1. Passage of Title and Risk of Loss. Title to Parts, components or materials to be shipped shall pass to Customer when TCT or shipper arrives at Customer's location for final delivery. Risk of loss shall pass to Customer upon delivery pursuant to this Section 15.

15.2. If repair Services are to be performed on Customer's Engine at TCT's facility, TCT shall be responsible for, and shall retain risk of loss of, such equipment at all times until redelivery of the Engine to the Customer site.

16. CONFIDENTIALITY AND OWNERSHIP OF PATENTS AND OTHER PROPRIETARY RIGHTS.

16.1. The Customer and TCT shall identify all intellectual property, or proprietary information that it is

providing for the purpose of this Agreement at the time that such intellectual property, or proprietary information is provided. Neither the Customer nor TCT shall have the right to use the Confidential Information other than for the purposes of this Agreement, whether directly or indirectly, any intellectual property, or proprietary information owned by the other party. Any failure by either Party to identify such rights shall not in any respect affect the rights of either Party under this Article 16. Notwithstanding the foregoing, TCT acknowledges that Customer is a public agency subject to the requirements of the California Public Records Act. If Customer receives a request for information that TCT deems confidential, Customer shall notify TCT as soon practicable, and TCT shall be solely responsible for taking whatever legal steps are necessary to protect the information and prevent its release to the requestor. Customer shall not release any records until seven calendar days after receipt of request.

17. INSURANCE AND WAIVER OF SUBROGATION

17.1. The Parties shall maintain in force adequate insurance to cover any relevant statutory requirements and their obligations under this Agreement.

17.2. TCT shall provide insurance as set forth in Exhibit C of this Agreement attached and incorporated by reference.

17.3. The Customer hereby expressly waives any and all rights of recovery it may have against TCT for loss or damage insured against by all insurance policies in which the Customer may have any interest, in relation to any services performed during the term of this agreement and, further, shall ensure such a waiver is contained within all insurance policies in which the Customer may have an interest.

17.4. The insurance requirements under this Agreement shall not constitute a waiver of the rights of any Party or its insurer to enforce the indemnity and release obligations owed to them under this Agreement. The failure to secure any insurance coverage required under this Agreement or to secure any endorsements on insurance policies as may be necessary to comply with this Agreement shall not relieve the breaching Party from its obligations under this Agreement.

18. LIMITATION OF LIABILITY

CONSEQUENTIAL DAMAGES

EXCEPT FOR CUSTOMER'S OBLIGATION TO PAY FOR PARTS AND SERVICES, IN NO EVENT, WHETHER AS A RESULT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY. INDEMNITY, OR OTHERWISE, SHALL EITHER PARTY OR ANY OF ITS AFFILIATES OR SUPPLIERS BE LIABLE TO THE OTHER PARTY FOR LOSS OF PROFIT OR REVENUES, LOSS OF USE OF THE EQUIPMENT OR ANY ASSOCIATED EQUIPMENT OR SERVICES, COST OF CAPITAL, OVERHEAD, COST OF SUBSTITUTE EQUIPMENT SERVICES OR SOFTWARE, COST OF SUBSTITUTE FACILITIES OR REPLACEMENT POWER, DAMAGE TO ASSOCIATED EQUIPMENT, FACILITIES, SERVICES OR REPLACEMENT POWER, DOWNTIME COSTS, OR CLAIMS OF CITY'S CUSTOMERS FOR ANY OF THE FOREGOING, AND TCT SHALL NOT BE LIABLE FOR CLAIMS FOR DAMAGES OR COSTS RELATED TO THE CLEANUP, REMOVAL, RELEASE OR THREATENED RELEASE, REMEDIATION OR DISPOSAL OF OR ANY RESPONSE TO ANY HAZARDOUS MATERIAL. NOTHWITHSTANDING ANYTHING TO THE CONTRARY, NEITHER PARTY SHALL BE RESPONSIBLE TO THE OTHER PARTY FOR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, PUNITIVE OR SPECULATIVE DAMAGES.

DIRECT DAMAGES

TCT'S LIABILITY UNDER ANY OF THE EXPRESS OR IMPLIED TERMS OF THIS AGREEMENT, SEPARATELY OR COMBINED, OR OTHERWISE IN RESPECT OF ALL CLAIMS OF ANY KIND, WHETHER IN TORT (INCLUDING NEGLIGENCE OF ANY DEGREE, GROSS OR OTHERWISE), CONTRACT, WARRANTY, INDEMNITY, STRICT LIABILITY OR OTHERWISE SHALL NOT EXCEED THE LIMITATION OF LIABILITY SET FORTH IN THE FOLLOWING TABLE. THE LIMITATION OF LIABILITY SHALL APPLY ON A PER PURCHASE ORDER BASIS. THE TERMS OF THIS ARTICLE SHALL BE PRIMARY TO ANY OTHER CONFLICTING TERM OF THIS AGREEMENT.

Purchase Order Price	Limitation of Liability
Less than $250,000	$250,000
Greater than $250,000 and Less than $1,000,000	1.5 times the Purchase Order Price or $1,000,000 whichever is greater
Greater than $1,000,000	The Purchase Order Price or $5,000,000.00 whichever is greater

19. ENVIRONMENTAL LIABILITY

IN RESPECT OF FIELD INSPECTION SERVICES, TCT SHALL NOT BE LIABLE FOR ANY PERSONAL INJURY OR PROPERTY DAMAGE ASSOCIATED WITH HAZARDOUS MATERIALS, POLLUTANTS OR ENVIRONMENTAL CONTAMINANTS PRESENT AT THE JOBSITE, ALL PRE-EXISTING HAZARDOUS MATERIALS, ENVIRONMENTAL CONTAMINATION OR POLLUTION AT THE JOBSITE PRIOR TO THE START OF SERVICES AND FOR ALL HAZARDOUS MATERIALS, POLLUTION OR ENVIRONMENTAL CONTAMINATION TO ADJACENT PROPERTIES CAUSED BEFORE THE START DATE FOR SERVICES HEREUNDER. TCT SHALL ONLY BE LIABLE FOR SUDDEN AND ACCIDENTAL POLLUTION CAUSED BY MATERIALS OR EQUIPMENT BROUGHT TO THE JOBSITE FOR THE PURPOSE OF PROVIDING SERVICES HEREUNDER, PROVIDED THAT, THE RELEASE, DISCHARGE, DISPERSAL, SEEPAGE, MIGRATION OR ESCAPE IS KNOWN BY THE CUSTOMER WITHIN SEVEN (7) DAYS OF COMMENCEMENT AND REPORTED TO TCT WITHIN TWENTY (20) DAYS OF COMMENCEMENT OF THE RELEASE, DISCHARGE, DISPERSAL, SEEPAGE, MIGRATION OR ESCAPE.

20. FORCE MAJEURE

20.1. If, by reason of any industrial dispute or government action, fire, flood, hurricane, earthquake, volcanic eruption, act of God, labour conflicts and disputes, war (declared or undeclared), terrorism, civil commotion, riot, insurrection, military uprising, the performance of Services is rendered so difficult or costly as to make such performance commercially unreasonable or any other causes beyond the reasonable control of TCT (each a "Force Majeure"), is delayed or impeded in the performance of its obligations, then, TCT shall be under no liability for failure to perform its obligations. TCT shall, within a reasonable time, give notice in writing to the Customer of its Claim for an extension of time. Upon resolution of the Force Majeure, TCT shall be entitled to reschedule the outstanding Services.

20.2. Notwithstanding that TCT shall be entitled to an extension of time under Article 20.1, should the Force Majeure exist for a period of one hundred and twenty (120) consecutive days, then either Party, at any time thereafter, may, by written notice to the other, terminate this Agreement. This is

subject to the terms of this Agreement and providing that performance is still delayed or impeded.

21. LAW

This Agreement shall be governed by the substantive law of California without regard to any conflicts of laws principles that could require application of any other law, including without limitation, the interpretation of this Agreement and any dispute, controversy or Claim arising out of, relating to, or in any way connected with this Agreement, including, without limitation, the existence, validity, performance, breach, or termination thereof.

22. DISPUTE RESOLUTION

22.1. Unless otherwise mutually agreed to by the Parties, any controversies between TCT and Customer regarding the construction or application of this Agreement, and claims arising out of this Agreement or its breach, shall be submitted to mediation within thirty (30) days of the written request of one Party after the service of that request on the other Party.

22.2. The Parties may agree on one mediator. If they cannot agree on one mediator, the Party demanding mediation shall request the Superior Court of Santa Clara County to appoint a mediator. The mediation meeting shall not exceed one day (eight (8) hours). The Parties may agree to extend the time allowed for mediation under this Agreement.

22.3. The costs of mediation shall be borne by the Parties equally.

22.4. For any contract dispute, mediation under this section is a condition precedent to filing an action in any court. In the event of mediation which arises out of any dispute related to this Agreement, the Parties shall each pay their respective attorney's fees, expert witness costs and cost of suit, through mediation only.

22.5. Should either Party bring any legal proceeding under this Agreement, it shall be filed and litigated in the Superior Court of the County of Santa Clara.

23. ENTIRE AGREEMENT

This Agreement, including the exhibits and amendments, as agreed, embodies the entire Agreement and understanding of the Parties in respect of the subject matter hereof, whether oral or written and there are no further terms, conditions, warranties or representations, written or oral other than those contained herein and, as of its effective date, terminates and supersedes all prior or agreements and understandings between the Parties covering the same subject matter. These terms and conditions shall be exclusive and in lieu of all terms and conditions appearing on the face or reverse side of any Purchase Order or other documents submitted by the Customer. The identification of Services, price, quantity, delivery dates and shipping instructions shall be as set forth in TCT's proposal or the Customer's Purchase Order, which has been accepted by TCT.

24. GENERAL PROVISIONS

24.1. No provisions of this Agreement shall be changed or modified in any way either in whole or in part except by an instrument in writing made after the date of this Agreement signed on behalf of both Parties and which is expressly stated to amend this Agreement.

24.2. In the event of a conflict between the terms and conditions of a proposal, Work Authorization,

purchase order or any document authorizing specific work, the Terms and Conditions of the Agreement shall govern and control.

24.3. All services shall be provided using the terms and rates included in the Agreement.

24.4. The article headings and subheadings in this Agreement are for convenience only, and shall not affect the meaning, construction or interpretation of this Agreement.

24.5. Each person executing this Agreement on behalf of a Party represents and warrants (as evidenced by his or her signature) that he or she has the authority to execute this document on behalf of, and bind, that Party.

24.6. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original of this Agreement and which together shall constitute one and the same instrument; provided that neither Party shall be bound to this Agreement unless and until both Parties have executed a counterpart. A signature page signed by a Party and sent by facsimile machine or scanned by email to the other Party shall be deemed to be valid as an original and shall be binding as between the Parties.

24.7. Any reference to a statute, law, rule, regulation, decree or other legislative, administrative or executive act, having the effect of law shall include and shall be deemed to be a reference to such statute and to the rules and regulations made pursuant thereto, and any amendments made thereto from time to time, and to any law that may be passed which has the effect of supplementing or replacing the law so referred to or the regulations made pursuant thereto.

24.8. No consideration shall be given to the fact or presumption that one Party has a greater or lesser hand in drafting this Agreement and the interpretation rule known as the "Contra Preferentem" rule shall not apply, nor shall any similar rule or approach to interpretation, and this Agreement shall not be interpreted narrowly against either party to it.

24.9. The Customer shall not, directly or indirectly, export or transmit any items covered by this Agreement to any country to which such export or transmission is restricted by applicable regulations or statutes of Canada, the United States of America or the United Kingdom, or any agency thereof, without the prior written consent of the relevant country's Department of Trade and/or Commerce, and of any other required government agency.

24.10. The status of each Party under this Agreement shall be that of an independent contractor. Except as otherwise expressly provided in this Agreement, nothing contained in this Agreement shall be construed as creating an employment, partnership, joint venture or agency relationship between the Parties as granting either Party the authority to bind or contract any obligation in the name of or on the account of the other Party or to make any statements, representations, warranties or commitments on behalf of the other Party. All persons employed by a Party shall be employees of such Party and not of another Party and all costs and obligations incurred by reason of any such employment shall be for the account and expense of such Party.

24.11. Each provision of this Agreement shall be considered severable and if any provision(s) is (are) determined to be invalid, unenforceable or illegal under any existing or future law, such invalidity, unenforceability or illegality shall not impair the operation of or affect those portions of this Agreement that are valid, enforceable and legal.

24.12. In the event of termination or expiration of this Agreement, the provisions pertaining to warranty, indemnity, confidentiality, insurance, disclaimer of consequential damages, limitation of liability, dispute resolution, and governing law shall remain in full force and effect.

24.13. No waiver of any breach of this Agreement shall be or deemed to be effective or binding unless the waiver is in writing and signed by an authorized representative of the Party purporting to have waived the breach and, unless otherwise provided in this Agreement, such waiver shall be limited to the specific breach waived. A Party's failure to enforce or delay in enforcing any of the terms and conditions of this Agreement shall not constitute or be deemed to constitute a waiver of such terms or conditions. No delay or failure by either party in exercising or pursuing any Claims, rights or remedies arising under this Agreement, or for any breach hereof shall operate as a waiver thereof nor shall any single or partial exercise of any right or remedy prevent any further or other exercise thereof or the exercise of any other right or remedy.

25. COMPLIANCE WITH ETHICAL STANDARDS

As a condition precedent to entering into this Agreement, Contractor shall:

25.1. Read the attached Exhibit G entitled "ETHICAL STANDARDS," and,

25.2. Execute the affidavit attached as Exhibit H entitled "AFFIDAVIT OF COMPLIANCE WITH ETHICAL STANDARDS."

IN WITNESS HEREOF the Customer and TCT have executed this Agreement as of this 6TH day of April 2021.

DEPOT SERVICES, FIELD SUPPORT, AND PART(S) SUPPLY MASTER AGREEMENT
between the
CITY OF SANTA CLARA, CALIFORNIA AND TRANSCANADA TURBINES, INC. (TCT)

EXHIBIT A – SCOPE OF SERVICES

1. TCT will provide Depot Support Services, Field Support Services, and Part(s) Supply on an as-requested basis for the City of Santa Clara Electric Department, Silicon Valley Power (Customer).

   1.1. Services shall be requested and authorized using the process outlined in Section 3 of the Agreement (GENERAL PROCEDURES).

   1.2. Services shall be performed on SVP's LM6000 engines located in the City of Santa Clara. Services may be provided on-site at City of Santa Clara or at TCT's depot.

   1.3. When requested, TCT shall use reasonable efforts to have Field Service Technician(s) on-site within twenty-four (24) hours of receiving written instructions from the Customer.

2. TCT will manage and coordinate the Service of the Engine and any work activity associated with Services authorized under the applicable Purchase Order on behalf of Customer, in accordance with the established maintenance cycle of the equipment, industry and manufacturer best practices, original equipment manufacturer (OEM) standards and recommendations, applicable equipment specifications, policies, procedures, state or local regulations and laws. Services to be provided may include, but are not limited to:

   2.1. Develop/implement routine, preventive and condition-based maintenance programs.

   2.2. Institute comprehensive reporting procedures to ensure close communications with Customer

   2.3. Supply parts as required to maintain, repair, and otherwise perform services

   2.4. Scheduled Maintenance activities including, but not limited to:

      2.4.1. Annual Routine Inspections (every ~8,000 hours) consisting of borescope, visual inspection, complete package and control calibrating of components essential to reliable operation.

      2.4.2. Hot Section Rotable Exchange - Performed at the site during a scheduled outage approximately every 25,000 hours of gas fuel operation.

      2.4.3. Major Gas Turbine Overhaul - a complete overhaul of the gas turbine is performed at an Overhaul Depot approximately every 50,000 hours. Key features of this overhaul are: (a) complete tear down and inspection of engine, (b) rebuild with new, refurbished and serviceable parts as required, and (c) functionality and performance demonstration in the test cell.

   2.5. The inspections shall include but not be limited to:

      2.5.1. Review latest recommendations, improvements, and technical information letters and recommend which should be implemented.

      2.5.2. Implementation of product bulletins, service bulletins, and other OEM recommendations

      2.5.3. Review borescope results and plan for next borescope or any required maintenance.

      2.5.4. Perform any required on-site Level 1 or 2 maintenance work package in accordance with On-Site Operation and Maintenance Manual.

2.6. Remedial Measures: Remedial measures are defined as services performed beyond normal O&M services to address issues discovered during inspections of the turbines including any services that may be performed to restore the gas turbine system to optimal operating condition.

2.7. On-Site services may include, but are not limited to:

2.7.1. Full Borescope Inspection

2.7.2. Preventive and corrective maintenance and inspection performed on the exterior of an installed gas turbine

2.7.3. Gas turbine removal and installation

2.7.4. Separation of generator and power turbine

2.7.5. Turbine preservation and shipping

2.7.6. Quarterly, Semi-annual, and Annual package and controls inspections

2.7.7. Full alignments and alignment verification

2.7.8. Troubleshooting all aspects of package and engine problem

2.7.9. Perform repairs and remedial measures identified during inspection and maintenance.

2.8. Depot Services may include, but are not limited to:

2.8.1. Complete disassembly and/or assembly of modules down to individual piece parts

2.8.2. Repair and replacement of piece parts and accessories

2.8.3. Gas generator, gas turbine and/or power turbine testing in test cell.

2.8.4. High Pressure Compressor / Low Pressure Compressor (HPC/LPC) Blade/Vane repair and replacement

2.8.5. Hot Section/combustor replacement

2.8.6. Other internal component replacement - refer to engine specific work scopes

2.8.7. Transportation of equipment from Customer site to Depot and return.

3. TCT Responsibilities:

3.1. TCT shall provide the Customer with a written report of the Services performed within twenty-one (21) working days following completion of each inspection or repair. This report shall be in a format to be agreed with the Customer. The Customer shall acknowledge such report by signing and returning a copy thereof.

3.2. Any additional work identified during routine or unscheduled inspections will be notified in the report and corrective action shall be determined by mutual agreement between the Parties.

3.3. TCT shall possess all licenses and/or certifications necessary to perform the services described in this Attachment A.

3.4. TCT shall provide qualified and skilled specialists and engineers.

3.4.1. TCT shall be solely responsible for selecting, hiring, employing, paying, supervising, training and discharging all personnel necessary for the providing efficient services.

3.4.2. TCT shall employ only competent craftsmen/skilled workers who are appropriately trained and licensed to perform the required services.

3.4.3. TCT shall be responsible for understanding and complying with any training and licensing required for the performance of the services described in this Agreement, including but not limited to, Department of Transportation (DOT) requirements for commercial driver's license and required drug testing if applicable.

3.4.4. Customer may request verification of the assigned employees' qualifications at any time. TCT shall promptly provide such verification upon request by Customer.

3.4.5. TCT's employees and any subcontractors shall supply proper identification when requested by Customer.

3.4.6. Customer reserves the right to request the removal of any TCT employee(s) who does not conduct themselves in a courteous, professional manner, or whose actions endanger the safety of people or property. TCT shall promptly respond to requests for replacement personnel.

3.5. TCT shall provide a Project Manager/General Manager who is responsible for the day-to-day management and supervision of the required services. Project Manager responsibilities shall include, but not be limited to: correcting problems, managing conflicts and complaints, and overseeing work schedules, personnel, and equipment requirements. If the Project Manager/General Manager is off-site or otherwise unable to give direction to TCT's employees (including subcontractors), Customer may give directions to the personnel until the Project Manager/General Manager returns.

3.6. TCT shall provide all parts, materials, tools, equipment, and consumables necessary for all tasks

3.7. TCT shall provide all tooling for tasks of On-Site Services and Depot Services.

3.8. Safety:

3.8.1. TCT shall ensure that all its employees and agents abide by established local, state and federal safety rules and regulations.

3.8.2. TCT employees, and any subcontractors shall always act in a safe manner while on City property.

3.8.3. TCT shall be responsible for remaining up to date on all applicable federal, state, county, and local laws, ordinances and codes in the event they are amended. Where any amended applicable laws or ordinances are in conflict with the Customer's requirements, the more stringent requirement(s) shall be followed. TCT's failure to be thoroughly familiarized with the safety provisions shall not relieve TCT from compliance with the obligations and penalties resulting therefrom.

3.8.4. TCT shall provide and maintain an Injury and Illness Prevention Program (IIPP) pursuant to Title 8, Section 3203 of the California Administrative Code. The program shall include, but not be limited to, a safety training program instructing TCT's employees in general safe work practices and shall include specific instructions with regard to hazards unique to the employee's job assignment. A copy of TCT's IPP shall be submitted to Customer prior to the execution of an agreement, and be made available on site upon request.

3.8.5. TCT shall schedule periodic safety inspections to identify and correct unsafe conditions and work practices. Customer reserves the right to accompany TCT during these inspections.

3.8.6. TCT's employees (including any subcontractors) shall not use or possess alcohol, narcotics, firearms, or drugs of any nature other than medical (for which TCT's employee has a

current doctor's prescription) on Customer property and while performing services for the Customer. Employees using prescribed medication will not engage in any work if the medication can potentially impair the employee's ability to perform the work safely.

3.8.7. TCT's employees (including any subcontractors) shall utilize appropriate Personal Protective Equipment (PPE) and Fire Resistant (FR) clothing, as required. TCT shall provide the required PPE and FR clothing at its own expense.

3.8.8. TCT shall immediately remove any personnel who is acting in an unsafe or dangerous manner.

3.8.9. TCT shall notify Customer immediately in event of an injury or property damage that occurs during the performance of the services described in this Agreement. TCT shall investigate the reported injury or damage upon request from Customer, and provide Customer with regular updates until the investigation is resolved. Customer reserves the right to perform its own investigation. Should Customer choose to conduct its own investigation, TCT shall assist Customer as required.

3.9. Workmanship:

3.9.1. TCT shall perform the required services in an environmentally responsible manner.

3.9.2. TCT shall assume full responsibility for the protection and safekeeping of its material and tools, and shall lock all TCT vehicles when parked and unattended, to prevent unauthorized use. TCT shall not leave vehicles or equipment unattended with the motor running or the ignition key in place.

3.9.3. TCT shall take all necessary precautions to protect Customer property from damage during the performance of the required Services. TCT shall be responsible for the repair of any property damaged through the fault or negligence of TCT during the performance of services. Damage to Customer property that cannot be repaired shall be replaced at the TCT's sole expense, prior to issuance of payment to TCT by Customer. Any expenses incurred by Customer to repair property damage will be deducted from TCT's compensation or billed to TCT at Customer's discretion.

3.9.4. TCT shall keep their work site(s) free from all surplus material, waste material, dirt and rubbish caused by TCT's performance of services.

3.9.5. TCT shall leave the work site in a neat and orderly condition. All clean-up work will be done to the satisfaction of Customer, and at the sole expense of TCT.

3.9.6. Customer shall have the right to inspect any work performed by TCT and any subcontractors. Should Customer determine upon inspection any defective work or work not compliance with the requirements of the Purchase Order, TCT shall promptly correct the work at no additional cost to the Customer.

3.10. The Customer shall maintain complete records relating to the Engine, including but not limited to previous inspection and repairs reports, details of all repairs and modifications to the Engine performed and a log containing relevant information about operation of the Engine.

DEPOT SERVICES, FIELD SUPPORT, AND PART(S) SUPPLY MASTER AGREEMENT
between the
CITY OF SANTA CLARA, CALIFORNIA AND TRANSCANADA TURBINES, INC. (TCT)

3. Reimbursable Expenses:

3.1. Pass-Through Costs: In some cases, TCT may pass-through costs such as, but not limited to: travel, subcontracted activities or materials. Such Pass-Through Costs shall be included in the each quote for services and are subject to the following conditions:

3.1.1. TCT shall provide supporting documentation such as invoices or receipts for all Pass-Through costs. Except in the case of emergency, TCT will notify the Customer in advance when these costs are anticipated and include such pass-through costs on each quote.

3.1.2. Expenses shall be reimbursable only to the extent that TCT submits sufficient documentation to the Customer, when requested, that the expenses were directly incurred in providing the requested services and that such costs are not already included in the fee or hourly rate.

3.2. Subsistence - Expenses (travel and lodging) will be charged at cost plus ten percent (10%).

3.2.1. Unless approved in writing (e-mail acceptable) in advance, meals, lodging, and related Per Diem shall not exceed the rates outlined by United States General Services Administration (GSA).

https://www.gsa.gov/travel-resources

3.2.2. Airfare and car rentals shall be reimbursed at economy class except that travel over eight (8) hours will be business class. (Such travel shall be based on location from which required resource is normally based or actual location of required resource whichever is lower.

3.3. **Taxes** - All applicable taxes (airport taxes, sales taxes, duties and other taxes) and fees will be billed for all Services.

3.4. **Parts and Material** – Locally procured materials and supplies required by Field Service Technician(s) while at the Customer's site will be charged at cost plus ten (10%).

3.5. Part sales will be quoted separately.

3.6. **Miscellaneous Expense** – Expenses such as freight, passports, visas, inoculation and etc. required by Field Service Technician(s) to fulfill the Customer's requirements will be charged at cost plus ten percent (10%).

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect, at its sole cost and expense, the following insurance policies with at least the indicated coverages, provisions and endorsements:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $5,000,000 Each occurrence
   $5,000,000 General aggregate
   $5,000,000 Products/Completed Operations aggregate
   $5,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned, non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars

($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85 or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the Indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance Indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through D of this Exhibit C, above.

E. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

F. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

G. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be mailed to:

EBIX Inc.
City of Santa Clara Electric Department
P.O. Box 100085 – S2
Duluth, GA 30096
Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

or

1 Ebix Way
John's Creek, GA 30097

H. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial

stability that is approved by the City or its insurance compliance representatives.

DEPOT SERVICES, FIELD SUPPORT, AND PART(S) SUPPLY MASTER AGREEMENT
between the
CITY OF SANTA CLARA, CALIFORNIA AND TRANSCANADA TURBINES, INC. (TCT)
EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. Prevailing Wage Requirements

1. TCT shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov, which shall be available to any interested party upon request. TCT is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, TCT agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 et seq, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, TCT and all subcontractors shall be required to submit certified payroll records and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress,

retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those who fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, TCT agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at TCT's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to TCT until TCT has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a

payment to TCT until all required documentation is submitted. Any payment by the City despite TCT's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

4. City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

PART B: SERVICES TO BE PERFORMED

1. REVISED WORK ORDER

☐ No

☐ If yes, provide a brief description of the change(s).

2. SCOPE OF WORK TO BE PERFORMED

The Contractor shall perform the service(s) described below in accordance with all of the Terms and Conditions of the Agreement. (Insert a detailed scope of work below or attach as a separate file.)

3. COMPENSATION

a. **Basis of Compensation:** ☐ Time & Materials ☐ Fixed Fee

b. **Reimbursable Expenses:**

☐ No expenses are reimbursable

☐ Expenses are reimbursable in the maximum amount of: _____

c. ☐ **Payment Schedule:**

☐ Monthly ☐ Completion of Deliverable/Milestone ☐ Completion of Work

*Payment for on-site labor may not be paid in advance. On-site labor shall not be invoiced until completed and Customer will not make payment until certified payroll is approved.

d. **Payment Terms.** Provide payment terms below or attach as a separate file.

4. LIQUIDATED DAMAGES

☐ Liquidated Damages do not apply.

☐ Liquidated Damages apply as follows:

It is mutually agreed by Contractor and City that, in event completion of the Services to be provided by the Contractor under this Agreement is delayed beyond _____, 20___, City will suffer damages and will incur other costs and expenses of a nature and amount which is difficult or impractical to determine. The Parties agree that by way of ascertaining and fixing the amount of damages, costs and expenses, and not by way of penalty, Contractor shall pay to City the sum of _____dollars ($_____) per day in liquidated damages to a cap of _____. Contractor agrees that City may deduct the amount of said unpaid damages from any money due or that may become due to Contractor under this Agreement.

Notwithstanding the foregoing both Parties understand and agree that no liquidated damages shall accrue for delivery delays due to any modification of the work scope, for delays caused by or attributable to the City, for delays caused by or attributable to third parties not under the direct control of TCT or any force majeure event during the period of service of this Work Authorization.

Such liquidated damages shall be the City's sole and exclusive remedy for TCT's failure to meet the agreed delivery schedule.

5. ACCEPTANCE CERTIFICATE

ETHICAL STANDARDS

Termination of Agreement for Certain Acts.

A. The City may, at its sole discretion, terminate this Agreement in the event any one or more of the following occurs:

1. If a Contractor[1] does any of the following:

   a. Is convicted[2] of operating a business in violation of any Federal, State or local law or regulation;

   b. Is convicted of a crime punishable as a felony involving dishonesty.[3]

   c. Is convicted of an offense involving dishonesty or is convicted of fraud or a criminal offense in connection with: (1) obtaining; (2) attempting to obtain; or (3) performing a public contract or subcontract;

   d. Is convicted of any offense which indicates a lack of business integrity or business honesty which seriously and directly affects the present responsibility of a City Contractor or subcontractor; and/or,

   e. Made (or makes) any false statement(s) or representation(s) with respect to this Agreement.

2. If fraudulent, criminal, or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with the Contractor can be

---

[1] For purposes of this Agreement, the word "Contractor" (whether a person or a legal entity) means any of the following: an owner or co-owner of a sole proprietorship; a person who controls or who has the power to control a business entity; a general partner of a partnership; a principal in a joint venture; or a primary corporate stockholder [i.e., a person who owns more than ten percent (10%) of the outstanding stock of a corporation] and who is active in the day to day operations of that corporation.

[2] For purposes of this Agreement, the words "convicted" or "conviction" mean a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere within the past five (5) years.

[3] As used herein, "dishonesty" includes, but is not limited to, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, failure to pay tax obligations, receiving stolen property, collusion or conspiracy.

imputed to the Contractor when the conduct occurred in connection with the individual's performance of duties for or on behalf of the Contractor, with the Contractor's knowledge, approval or acquiescence, the Contractor's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

B. The City may also terminate this Agreement in the event any one or more of the following occurs:

1. If the City determines that Contractor no longer has the financial capability[4] or business experience[5] to perform the terms of, or operate under, this Agreement; or

2. If the City determines that the Contractor fails to submit information, or submits false information, which is required to perform or be awarded a contract with City, including, but not limited to, Contractor's failure to maintain a required state issued license, failure to obtain a City business license (if applicable), or failure to purchase and maintain bonds and/or insurance policies required under this Agreement.

C. In the event a prospective Contractor (or bidder) is ruled ineligible (debarred) to participate in a contract award process, or a contract is terminated pursuant to the these provisions, Contractor may appeal the City action to the City Council by filing a written request with the City Clerk to have the matter heard within ten (10) days of the notice given by the City. The matter will be heard within thirty (30) days of the filing of the appeal request with the City Clerk. The Contractor will have the burden of proof on the appeal. The Contractor shall have the opportunity to present evidence, both oral and documentary, and argument.

---

[4] Contractor becomes insolvent, transfers assets in fraud of creditors, makes an assignment for the benefit of creditors, files a petition under any section or chapter of the federal Bankruptcy Code [11 U.S.C.], as amended, or under any similar law or statute of the United States or any state thereof, is adjudged bankrupt or insolvent in proceedings under such laws, or a receiver or trustee is appointed for all or substantially all of the assets of Contractor.

[5] Loss of personnel deemed essential by the City for the successful performance of the obligations of the Contractor to the City.

EXHIBIT H
AFFIDAVIT OF COMPLIANCE WITH ETHICAL STANDARDS

I, Sharmilla Tymchen, being first duly sworn, depose and state I am the Assistant Secretary of TransCanada Turbines, Inc. and I hereby state that I have read and understand the language, entitled "Ethical Standards" set forth in Exhibit G. I have the authority to make these representations on my own behalf or on behalf of the legal entity identified herein. I have examined appropriate business records, and I have made appropriate inquiry of those individuals potentially included within the definition of "Contractor" contained in Ethical Standards at footnote 1.

Based on my review of the appropriate documents and my good-faith review of the necessary inquiry responses, I hereby state that neither the business entity nor any individual(s) belonging to said "Contractor" category [i.e., owner or co-owner of a sole proprietorship, general partner, person who controls or has power to control a business entity, etc.] has been convicted of any one or more of the crimes identified in the Ethical Standards within the past five (5) years.

The above assertions are true and correct and are made under penalty of perjury under the laws of the State of California.

AMENDMENT NO. 1
TO THE
DEPOT SERVICES, FIELD SUPPORT, AND PART(S) SUPPLY MASTER AGREEMENT
NO. CIT012-21-MSA-6LM-04-C
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
TRANSCANADA TURBINES INC.

PREAMBLE

This amendment to the Depot Services, Field Support and Part(s) Supply Master Agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation ("Customer") and TransCanada Turbines Inc., a Nevada corporation, ("TCT"). Customer and TCT may be referred to individually as a "Party" or collectively as the "Parties".

RECITALS

A. The Parties previously entered into an agreement entitled "Depot Services, Field Support, and Part(s) Supply Master Agreement" dated April 6, 2021 ("Agreement") for the purpose of having TCT provide depot support services, field support services, and part(s) supply on an as-requested basis; and

B. The Parties now wish to amend the Agreement to extend the term, make other various modifications, and update Exhibit B – Schedule of Fees and Payment Provisions.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. The address of TCT on the cover page of the Agreement is amended to:

   TransCanada Turbines Inc.
   23102 Tomball Pkwy
   Tomball, TX, USA 77375

2. Section 1.1.1 of the Agreement is amended to read as follows:

   "Agreement" shall mean this Agreement and any amendments executed between the Parties.

Docusign Envelope ID: 8DAE6D12-6862-88A8-80FB-3C61D09DF182

3. Section 1.1.8 of the Agreement shall be amended to state as follows: “Incoterms 2020” means the Uniform Customs and Practice for Documentary Credits, International Chamber of Commerce Publication, "Incoterms" 2020 Revision, as amended from time to time.

4. Section 1.1.18 of the Agreement is amended to read as follows:

   “Services” means all Depot Services, Field Support Services and Parts Supply to be carried out and/or performed by TCT pursuant to the Agreement.

5. Section 1.1.19 of the Agreement is amended to read as follows:

   “‘TCT’ means TransCanada Turbines Inc. It is acknowledged and agreed by the Parties that TCT may subcontract to its parent company to have TransCanada Turbines Ltd perform certain repair and/or overhaul Services, provided that TCT is fully responsible for the acts and omissions of TransCanada Turbines LTD. Purchase Orders will only be issued to TransCanada Turbines Inc.”

6. Section 8.1 of the Agreement is hereby amended to read as follows:

   “Customer will process payment in USD within 30 days from invoice receipt from TCT; provided there are no discrepancies or deficiencies in the submitted invoice. Payment shall be made through a bank specified by TCT at the remittance location specified on TCT’s invoice”.

7. Section 8.6 of the Agreement is hereby amended to read as follows:

   “Repair and Overhaul Services: TCT shall include the applicable Purchase Order details in the invoice and submit for Repair and Overhaul Services.”

8. Section 10.1 of the Agreement is hereby amended to read as follows:

   “Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by another amendment to this Agreement, the term of this Agreement shall begin on April 6, 2021 and terminate on April 5, 2027. The Parties may agree by written amendment to this Agreement to extend the term for up to four (4) additional one-year terms.”

9. Section 10.2 of the Agreement is hereby deleted in its entirety.

10. Section 11.5 of the Agreement is hereby amended to read as follows:

    “If there are any disputed charges on the invoice, Customer shall pay TCT any undisputed amount within thirty (30) days after invoice receipt. Customer shall have 10 (ten) business days from invoice receipt to notify TCT in writing of any invoice discrepancies. If after 10 (ten) business days from the invoice receipt

Docusign Envelope ID: 8DAE6D12-6862-88A8-80FB-3C61D09DF182

TCT has not been notified in writing of an invoice discrepancy, the invoice shall be deemed accepted by Customer"

11. Exhibit B of the Agreement, entitled "Fee Schedule", is deleted and replaced with Exhibit B Compensation and Fee Schedule, attached hereto and incorporated into the Agreement. Exhibit B shall be subject to annual adjustments as agreed between the Parties.

12. Except as set forth in this Amendment No. 1, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The Effective Date of this Amendment No. 1 is the date of City's execution of this amendment.

(SIGNATURES ON NEXT PAGE)

EXHIBIT B
COMPENSATION AND FEE SCHEDULE

1. Rates

1.1. TCT shall provide Services based on the time and materials rates specified in this Exhibit B or the firm fixed price specified in each Purchase Order as agreed by the Parties.

1.2. Definitions:

1.2.1. Overtime – TCT may charge overtime for any Service for time worked over eight (8) hours. TCT may charge the overtime rate on all Services required on weekends and established holidays.

1.2.2. Minimum Charges – TCT may apply a minimum charge of four (4) hours straight time plus expenses (subject to the provisions of Section 3 below) for any Service in the United States of America (USA).

1.2.3. Standby Charges - Standby charges will apply when Field Service Technician(s) arrive on site and are requested or required by the Customer to wait. In the event that the standby charge results in an increase in cost, TCT shall follow the process in Section 3 of the Agreement. TCT may assess a standby charge as follows:

1.2.3.1. Domestic Standby Charges: A maximum of eight (8) hours per day for each weekday.

1.2.3.2. Domestic Overtime Standby Charges: A maximum of eight (8) hours overtime per day for Saturdays, Sundays, and established holidays.

1.2.4. Holiday rates apply on the following holidays: New Year's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving, Day after Thanksgiving, Christmas Eve, Christmas Day.

2. Rate Changes.

2.1.1. Rate Increase. Rate increases may be negotiated no more than once annually. TCT shall notify the Customer forty-five (45) days in advance of any proposed rate increase. Any rate increases are subject to approval by the Customer and must be substantiated by TCT to the satisfaction of the Customer.

Docusign Envelope ID: 8DAE6D12-6862-88A8-80FB-3C61D09DF182

2.1.2. Rate Changes. Rate changes other than rate increases such as, but not limited to, addition of labor classifications shall be negotiated and authorized pursuant to this section in advance of performing Services for which rates are applicable.

2.1.3. All TCT Depot and Field Service labor rate adjustments must be approved by both Parties and documented by an amendment to this Agreement. References to alternate rates in quotes or Proposals that have not been separately authorized pursuant to this section are not approved unless agreed by the Parties in writing.

2. Reimbursable Expenses. Any and all reimbursable expenses related to a Purchase Order shall be described in TCT's Proposal or work scope document as set forth in Section 3 of the Agreement and accounted for in the total cost for each Proposal, and Purchase Order. Expenses shall be reimbursable only to the extent that (1) TCT submits sufficient documentation to Customer that the expenses were directly incurred in providing the required Services, (2) TCT demonstrates that such expenses aren't included in the hourly rate where applicable, (3) such expenses were approved in advance pursuant to Section 3 of the Agreement (4) TCT submits receipts, invoices, or other supporting documentation demonstrating that such reimbursable costs were incurred, and (5) any markup conforms with the Reimbursable Expense Schedule below.

	Reimbursable Expense Schedule	**Mark Up**
1.	The cost of mailing, shipping and/or delivery of any documents or materials.	No Markup
2.	The cost of photographing, printing, reproducing and/or copying any documents or materials.	No Markup
3.	Charges for outside parts (other than GE list parts), materials, equipment, and services (including subcontractor fees, equipment, rental equipment, materials, and facilities not furnished directly by TCT).	Not to Exceed 10%
4.	TCT may charge allowable mileage at the prevailing IRS rate per mile unless otherwise agreed by the Parties. Mileage is not applicable to rental cars. Rental cars are reimbursed at actual fuel cost only.	Not to Exceed 10%

Docusign Envelope ID: 8DAE6D12-6862-88A8-80FB-3C61D09DF182

	Reimbursable Expense Schedule	Mark Up
5.	Unless approved in writing (e-mail acceptable) , reimbursement to TCT (and any subcontractors) for meals, lodging, and related per diem will not exceed the rates outlined by United States General Services Administration (GSA). https://www.gsa.gov/travel-resources. Airfare or rental car, where applicable shall be at economy rates.	Not to Exceed 10%
6.	Other reimbursable expenses such as passports, visas, and inoculations required for travel with prior written approval from the Customer.	Not to Exceed 10%
7.	New Parts	GE list price + 15%
8.	Repairs	As per current TCT price list
9.	Zero-timed hardware (overhauled)	GE list price - 30%

3. Maximum Compensation: The maximum compensation of this Agreement shall not exceed forty million dollars ($40,000,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services including any taxes. All Services performed or supplies, materials and equipment provided in excess of the maximum compensation shall be at TCT's expense. TCT shall not be entitled to any payment above the maximum compensation.

26-589 Agenda Date: 8/18/2026

REPORT TO COUNCIL

SUBJECT
Action to Authorize Execution of Updated Agreement with WeHOPE in an Amount Not-to-Exceed $1,788,185 for Street Outreach and Essential Homeless Services

EXECUTIVE SUMMARY
On November 4, 2025, the City Council authorized the City Manager to execute an agreement with WeHOPE to provide services to unhoused adults, youth, and families in Santa Clara under three programs: (1) the Street Outreach and Case Management Program, (2) the Temporary Hotel Program, and (3) the Inclement Weather Hotel Program. The agreement provided for an initial two-year term with an annual not-to-exceed amount of $851,163 and a total not-to-exceed agreement amount of $1,702,326. The agreement was intended to expand the City's homeless support services by creating new pathways for outreach, case management, coordinated entry system, and emergency shelter.

After Council approval of the agreement, WeHOPE requested additional terms and a postponement until the terms could be finalized. Substantial negotiations between WeHOPE and City staff ensued. The updated agreement now presented for Council consideration reflects the results of these negotiations. The following key changes are proposed: 1) an updated contract term from August 24, 2026 through August 23, 2028, with an option for the City to extend for one additional year; 2) an increase in the total not-to-exceed amount from $1,702,326 to $1,788,185; 3) inclusion of a three month Advance Payment for Year One in the amount of $222,463 to support start-up costs; 4) an increase in hourly rates of approximately 3% in the Year Two budget; 5) updated independent contractor requirements; and 6) minor updates and clarification of services and performance measures.

BACKGROUND
The City responds to and addresses homelessness through a combination of City resources, contracted services, and participation in the County of Santa Clara's broader homeless services system. The City supports homelessness prevention and stabilization through investments in programs such as the County's Homelessness Prevention System, tenant-based rental assistance administered by ABODE Services, intensive case management, 211 services through United Way, landlord/tenant mediation through Project Sentinel, and services for survivors of domestic violence through Next Door Solutions. In addition, the Santa Clara Police Department's Community Response Team (CRT) conducts non-uniformed outreach, responds to behavioral health and other crises, and helps connect unsheltered individuals to partner agencies for services.

The City has also been expanding its direct homelessness response capacity. In 2022, the City entered into an agreement with WeHOPE for mobile hygiene and case management services through the Dignity on Wheels program. Staff is in the process of relocating that service to a more

accessible site at Central Park to improve participation and connections to other basic-needs resources. At the policy level, the City has been developing a Draft Citywide Plan to Reduce Homelessness and Its Impacts, which identifies service gaps and strategies including street outreach, emergency shelter capacity, and an inclement weather overnight program. Staff is preparing to bring the final draft plan to the City Council in Fall 2026 and is coordinating with the County to ensure alignment with the final countywide 2025-30 Community Plan to End Homelessness.

In 2023, the City submitted State budget requests to its elected State representatives for consideration. With the support of California State Senator Aisha Wahab and former Assemblymember Evan Low, the City was awarded $1,800,000 in State funding to enhance its homelessness response through a street and encampment outreach team, a pop-up inclement weather program, and to explore partnerships with other public agencies, nonprofit organizations, businesses, and volunteer and faith-based organizations to leverage funding, facilities, expertise, and staffing to create a more comprehensive homelessness response.

On November 4, 2025, the City Council authorized the City Manager to execute an agreement with WeHOPE to provide three program services, Street Outreach and Case Management (SO/CM), Temporary Hotel Program (THP), and Inclement Weather Hotel Program (IWHP), for an initial two-year term with an annual not-to-exceed amount of $851,163 and a total not-to-exceed agreement amount of $1,702,326. The agreement was intended to expand the City's homeless support services by creating new pathways for outreach, case management, coordinated entry system, and emergency shelter through the THP and IWHP.

After Council approval of the agreement, WeHOPE requested additional time to initiate services and proposed additional, substantive terms. The original agreement approved by the City Council in November 2025 was not executed due to the subsequent requests from WeHOPE.

WeHOPE's requested new terms included a provision for the City to issue a Letter of Credit (LOC) to allow WeHOPE to draw directly from a City account if invoice payments became delinquent. This request was intended to help insulate the WeHOPE from financial risk given the overall funding challenges and uncertainties that are impacting the non-profit sector at this time. Staff from the City Manager's Office, Community Development Department - Housing Division, Finance Department, and City Attorney's Office evaluated this request and determined the City could not provide an LOC. As an alternative, staff agreed to consider an advance payment of three months and to increase the indirect costs not-to-exceed amount authorized for each invoice from 10% to 15%. These terms were agreeable to WeHOPE and on May 2, 2026, their Board of Directors approved moving forward with services for Santa Clara.

As a result, the updated agreement with WeHOPE (Agreement) reflects the following key changes: 1) the contract term will run from August 24, 2026 through August 23, 2029, 2) the total not-to-exceed amount for the two-year agreement will increase from $1,702,326 to $1,788,185 due to the higher indirect cost allowance and increase in year two hourly rates; 3) a three month advance payment in the first contract year in the amount of $222,463 to support start-up costs; 4) an increase in hourly rates of approximately 3% in the Year Two budget; 5) updated independent contractor requirements; and 6) minor updates and clarification of services and performance measures. A clean version of the updated agreement and redline version reflecting the proposed edits are attached to the report (Attachments 1 and 2).

Since the Council's November 4, 2025 action did not delegate authority to the City Manager to further negotiate/amend the approved agreement, staff is providing this updated agreement for the City Council's approval. Additionally, staff is requesting for delegated authority for the City Manager to execute amendments to the agreement with WeHOPE to increase the total not-to-exceed amount of the agreement by an amount not-to-exceed $907,066 if the City identifies or receives additional funding to support the described programs for a third year.

DISCUSSION

The following changes are included in the updated agreement:

- Updated Agreement Term: Staff and WeHOPE are proposing to update the agreement term to begin August 24, 2026 and end on August 23, 2028, with an option to extend for an additional one year at the City's sole discretion if there are remaining funds after WeHOPE's reconciliation of expenditures for the second contract year as described in more detail below. Refer to sections 2 and 5 in Agreement.

- Increased Rate for Indirect Costs: Due to the increased cost of operations, WeHOPE requested the City to increase the not-to-exceed amount authorized for indirect costs from 10% to 15% of each invoice, which, along with the second year hourly rate increase as described below, will increase the agreement's not-to-exceed amount by $85,859, from $1,702,326 to $1,788,185. The new rate of 15% is in line with (or below) indirect cost rates charged by local non-profits for services. Refer to section 6 and Exhibit B, Table 1 in Agreement.

- Advance Payment: WeHOPE made this request to support operational ramp-up, staffing stabilization and onboarding, and overall cash-flow management at the commencement of services and referenced similar processes they have in place with the City of San Jose and City and County of San Francisco through their respective service agreements. In response to WeHOPE's request, staff is proposing to include a section under Exhibit B that allows for an advance payment to cover three months of services in the first contract year in the amount of $222,463. WeHOPE will provide the City with an itemized expense report evidencing the expenses incurred during that time. If the actual expenses equate to less than the sum of the advance payment amount, WeHOPE is responsible for crediting the City the difference in their invoices for the 10th, 11th, and 12th months of the agreement term (June-August 2027). Refer to Exhibit B, Section 2 in Agreement.

- Hourly Rate Increases: WeHOPE made the additional request to include an hourly rate increase in the second year of operations. The City agreed to add an approximate 3% increase to hourly rates for year two, which increased the second year budget by $8,479.

- Minor Updates and Clarification of Services and Performance Measures: Staff made minor updates and clarifying edits to services and performance measures to ensure that the scope of work captures what is needed to implement the programs and consistent language. These changes include WeHOPE assisting with the coordination of events/workshops, which may include resource fairs for people experiencing homelessness; updating a SO/CM performance measure to reflect a more realistic goal for case managed Clients completing

housing plans; flexibility for the City adjust the performance measures as needed with written approval; and hotel stay extensions if a Client is engaged in case management and housing/shelter navigation service. Refer to exhibit A in Agreement. These updates reflect feedback from new City staff who have experience managing similar programs. A Management Analyst in the Community Development Department - Housing Division was hired in February 2026 to manage implementation of the City's homelessness response strategy, build new partnerships, and seek funding for services.

- Adjustments to Independent Contractor Obligations. Updated the language to Sections 8 and 10 of the Agreement to better align with City's updated independent contractor language for services agreements.

- Administrative Edits: Clean-up edits were made to the Indemnity requirements and Section 5.3.1 of Exhibit A is updated to correct the number of rooms that can be utilized per year for the IWHP. There was previously a typo. Additionally, staff adjusted the invoicing and reporting periods to align with the new agreement term.

The information below about WeHOPE and the proposed services was previously included in the November 4, 2025 agenda report.

WeHOPE

WeHOPE is a Bay Area non-profit whose mission is to help individuals become healthy, employed, and housed through innovative, dignity-centered programs. WeHOPE has proven experience in providing a variety of services to individuals experiencing homelessness, including operating three non-congregate shelters in San Francisco, East Palo Alto, and Half Moon Bay and the City's Dignity on Wheels program. Additionally, several of the City's neighboring jurisdictions, including Sunnyvale, San Jose, Milpitas, Mountain View, and the County of Santa Clara's Office of Supportive Housing, contract with WeHOPE to provide various homelessness related services.

Program Services Overview

WeHOPE's programs are based on the principles of Housing First, a nationally recognized approach that prioritizes providing people experiencing homelessness with immediate access to safe, stable housing without requiring sobriety, employment, or other preconditions. This model operates on the belief that everyone is "housing ready" and that stable housing is a critical foundation for improving health, well-being, and long-term self-sufficiency.

To implement these principles locally, WeHOPE will offer and provide the following services to unhoused adults, youth, and families in the City of Santa Clara.

Street Outreach and Case Management (SO/CM)

WeHOPE will provide street outreach and case management services on a regular basis throughout Santa Clara, focusing on locations where unhoused individuals congregate including oversized vehicle encampments. The program aims to build trust through consistent engagement and will connect individuals to shelter/housing opportunities, health care, behavioral health, and supportive services. A team of outreach workers and case managers will implement key activities that include conducting a formal intake process, administering housing assessments, and linkage to the County's Coordinated Entry System, developing service and housing plans, assisting with benefits enrollment,

providing transportation to critical appointments, and placement into the Temporary Hotel Program and the Inclement Weather Hotel Program.

The SO/CM team will also assist clients in obtaining identification and other necessary documentation to secure housing and benefits, distribute hygiene supplies, and facilitate enrollment in the County's Coordinated Entry System for interim and supportive housing and other local resources, and collaborate with the City during City-activated inclement weather events to notify unhoused individuals of local warming and cooling centers and room availability in the City's IWHP, provide transportation, and distribute supplies. Additionally, the SO/CM team will collect feedback from unhoused individuals on existing services and resources, as well as potential service gaps, to provide the City with real time information on how to better serve its unhoused community.

WeHOPE will coordinate its services with City departments and partner agencies, which may include participation in meetings with City departments and/or partner agencies. WeHOPE's SO/CM services are intended to complement the City's existing CRT services. While the CRT will continue to respond to calls for service, quality-of-life issues, and public safety crises regardless of an individual's housing status, WeHOPE will focus on proactive, voluntary engagement with unhoused individuals, emphasizing long-term, housing-focused case management. By providing consistent support and addressing non-emergency needs, the SO/CM team is expected to ease the demand on the CRT, enabling the team to focus on other priorities.

While some of the described services may overlap with those provided by the countywide ABODE Homeless Engagement Access Team (HEAT), which conducts outreach to unhoused individuals who have moderate to severe mental health issues across 13 cities in the county on a bi-weekly basis, there is a need for more regular, localized outreach and services that the SO/CM would provide specifically to Santa Clara residents. The proposed SO/CM services will fill this gap by offering regular, housing-focused support specifically for Santa Clara residents. This will be the first time that street outreach and case management services will be one hundred percent dedicated to Santa Clara.

Estimated costs associated with the SO/CM program are approximately $276,307 annually; however, there are also additional operating and staffing costs shared across the three programs as described in more detail under the fiscal impact section. The operating costs include program supplies and client assistance, such as hygiene products, clothing, transportation, etc.

Temporary Hotel Program (THP)
Through a direct agreement with a hotel located in Santa Clara, WeHOPE will secure five rooms year-round for unhoused Santa Clara residents, with prioritized use for unhoused individuals who are actively participating in their case management program and working to transition into permanent housing, a shelter program, or another transitional housing opportunity. Participants may stay in a hotel room for up to 30 days.

While enrolled, participants will meet regularly with a case manager to review and advance their housing plan and receive meals and case management services that include all the services provided by the SO/CM team described above. A residential coordinator will also conduct regular wellness checks and room inspections to ensure compliance with program rules, including "no visitors" and "good neighbor" policies.

Estimated expenses directly associated with the THP total are approximately $300,322 annually; however, there are also additional operating and staffing costs shared across the three programs as described in more detail under the fiscal impact section.

Inclement Weather Hotel Program (IWHP)

The Inclement Weather Hotel Program provides up to ten (10) hotel rooms on a first-come, first-served basis for unhoused individuals residing in Santa Clara during City-activated inclement weather events, for up to 45 nights per year. Services include participant intake, wellness checks, meals, care coordination, and exit planning. WeHOPE staff will be on-call 24/7 during activations to ensure program rules are followed and ensure the health and safety of participants during the inclement weather event. They will have a room onsite during IWHP activations to assist with this coordination. The WeHOPE team will also conduct communications and outreach activities to inform unhoused individuals and service providers when the program is activated.

The City will determine when to activate the IWHP based on local conditions and will notify WeHOPE whenever an inclement weather event is declared. Consistent with the County's Inclement Weather and Excessive Heat Response Annexes, the City may activate the program at its discretion whenever forecast conditions pose a serious health risk, including but not limited to, overnight lows below 40°F with at least a 5% chance of rain, two or more days of persistent or flooding-level rainfall, or National Weather Service "High" or "Very High" Health Risk alerts indicating prolonged, dangerous heat with little nighttime relief.

The proposed IWHP is based on research that City staff completed through consultations with several other jurisdictions experienced in administering similar programs. An inter-departmental team of City staff also met to identify a potential location for an overnight inclement weather location that would provide shelter during extremely hot or cold weather events, after the City's daytime warming or cooling centers close and discuss the involved logistics. These consultations have helped staff compare various emergency shelter models and determined that a non-congregate, hotel-based inclement weather shelter program operated by a service provider is more effective than establishing and administering a "pop-up" shelter in a City facility (e.g., library). Discussions with other jurisdictions revealed that operating "pop-up" shelters presents significant logistical challenges, including securing staffing, facility setup/cleanup, meal coordination, and potential scheduling conflicts at City facilities. In contrast, a hotel-based program operated by a service provider enables faster activation, provides greater participant privacy and safety than a congregate shelter setting, and a site location that is already dedicated for residential uses.

Estimated expenses for the IWHP are approximately $94,284 annually; however, there are also additional operating and staffing costs shared across the three programs as described in more detail under the fiscal impact section.

Stewardship of Hotel Sites

WeHOPE is responsible for establishing an agreement directly with local hotel(s) for the THP and IWHP and will submit all hotel partnership agreements, including the selection of the primary hotel site, to the City for prior review and approval. While WeHOPE intends to operate both programs in a single hotel, the unpredictability of inclement weather activations may at times require a secondary hotel for the IWHP. Additionally, as part of this agreement, WeHOPE will adhere to the hotel's requirements for room occupancy and verify that individuals sharing a hotel room are family members or otherwise have an established prior relationship. WeHOPE has identified a hotel located

on El Camino Real in Santa Clara as a primary hotel site.

Importantly, although the City did not receive any reports from neighboring jurisdictions with similar programs or WeHOPE about major incidents or major damages to hotel rooms in their respective hotel programs, this agreement designates funds for potential incidents: up to $12,813 per year for THP hotel maintenance, supplies and repairs and $5,625 per year for the IWHP rooms. These funds ensure resources are available should any issues arise.

Staffing

The program services will be facilitated through a team of homeless services specialists that includes:

- 2.0 FTE Outreach Workers
- 2.0 FTE Case Managers
- 0.5 FTE Program Manager
- As Needed Residential Services Coordinators (THP and IWHP only)

WeHOPE will provide their staff regular training and development on topics, including but not limited to the County's Office of Supportive Housing required trainings on use of the County's Homelessness Management Information System (HMIS) and HMIS enrollment, VI-SPDAT assessments, housing navigation, de-escalation, harm reduction, motivational interviewing, trauma informed care, implicit bias, street engagement, professionalism and ethics, cultural competency, overdose prevention, overdose response including administration of Narcan, mental health coordination, and substance abuse community resources.

Program Policies

WeHOPE will be responsible for developing program policies and procedures tailored to the City's specific needs and priorities. City staff will review and approve these policies before services begin. At a minimum, these policies address:

- Program Eligibility Requirements
- Admissions/Selection Process
- Program Rules
- Client Removal From A Program
- Client Grievance Process
- Overdose Prevention
- Crisis Intervention
- Engaging with Law Enforcement
- Good Neighbor Policy

City's Efforts to Reduce Homelessness and Its Impacts

This agreement is a meaningful step forward in implementing the City Council priority related to street outreach and expanding the City's homeless services. By partnering with WeHOPE, the City will gain access to WeHOPE's extensive regional experience and deep understanding of local conditions and available resources to effectively implement proven programs tailored to address homelessness in Santa Clara. The three programs proposed in this agreement are informed by

strategies outlined in the City's Draft Citywide Plan to Reduce Homelessness and Its Impacts, research on similar programs in neighboring cities, and input from multiple City departments.

The services proposed in this agreement support key work items outlined in the City's Draft Citywide Plan to Reduce Homelessness and Its Impacts under Strategy Area 2: Increase availability of short-term shelter, permanent supportive housing, and Extremely Low Income (ELI) housing, and Strategy Area 3: Conduct proactive street outreach to engage people who are unsheltered and connect them to resources. Additionally, the programs fall under several categories of the County's Countywide Supportive Housing System, such as Outreach (SO/CM), Coordinated Entry System (SO/CM), and Emergency Shelter (THP and IWHP). Lastly, there are benefits and operational efficiencies of having one vendor manage the City's direct homeless services.

It should be noted that funding for these programs beyond the two service years has not yet been identified. As such, these are pilot programs that will be assessed for their effectiveness through performance measures outlined in the agreement. Staff will work on identifying potential funding sources to implement the programs long term if they prove to be impactful. The performance measures will be included as part of any future progress updates that staff provides to the City Council on the City's homelessness response plan. Since the City piggybacked off of the City of Sunnyvale's agreement, staff intends to implement a competitive procurement process for these services in the future if there is continued support and funding.

Pending approval of the updated agreement, there is $11,815 remaining in the $1.8 million State grant that will not be directly expended through the WeHOPE agreement. Staff plans to use these funds to support other homelessness-related initiatives, such as resource fairs for people experiencing homelessness and the upcoming 2027 Point-in-Time Count.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT

The proposed agreement has a not-to-exceed amount of $1,788,185 for the agreement term, which will be covered entirely by the State grant that the City received to expand its homelessness response. In the updated agreement, the first contract year includes a not-to-exceed amount of $889,853 and the second contract year includes a not-to-exceed amount of $898,332 plus any remaining funds from the first year. Services can continue into the third contract year if there are remaining funds from the second contract year, at the City's sole discretion, or if the City amends the agreement to increase the total not-to-exceed amount to continue services through the end of the agreement term. For cost details, please see year 1 and 2 service budgets in Attachment 1, exhibit B.

Hotel rooms and certain operating costs (e.g., THP and IWHP hotel rooms, THP and IWHP hotel maintenance, supplies and repairs, client assistance, staff training, insurance, program supplies, client assistance, etc.) are reimbursed based on actual usage/expenses. Additionally, the City may approve the transfer of amounts between any of the budget categories provided the total maximum compensation is not exceeded, which provides some flexibility.

Funding for this agreement is budgeted in the Other City Departments Operating Grant Trust Fund.

COORDINATION
This report has been coordinated with the Community Development Department, City Manager's Office, City Attorney's Office, and Finance Department.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov.

RECOMMENDATION
1. Approve and authorize the City Manager to execute the updated Agreement for Services with WeHOPE to provide street outreach and case management services, and emergency shelter operations and services through the Temporary Hotel Program and Inclement Weather Hotel Program, substantially on the terms and the form presented with a maximum compensation not-to-exceed $1,788,185, in a final form approved by the City Attorney; and
2. Authorize the City Manager to execute amendments to the agreement with WeHOPE to increase the total not-to-exceed amount of the agreement by an amount not-to-exceed $907,066 if the City identifies or receives additional funding to support the described programs.

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND WEHOPE

PREAMBLE

This Agreement dated _____ ("Effective Date") is entered into between the City of Santa Clara, California, a chartered California municipal corporation ("City") and WeHOPE, a California nonprofit corporation ("Contractor"). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the street outreach and essential homeless services ("Services") more fully described in Exhibit A of this Agreement, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

In consideration of the above Recitals and the mutual covenants contained herein, the Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor will consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions will govern and control.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement, the Term of this Agreement will begin as of August 24, 2026 and will terminate on August 23, 2028, unless the City, in its sole discretion exercises its option to extend the Agreement for up to an additional one-year term ("Final Service Period"). City may exercise its option for the Final Service Period upon completion of the reconciliation process for Service Period Two, by providing written notice to Contractor.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor will perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement will be fit for the purpose intended, will be free from material defect and will conform in all material respects to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor will perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City will pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The total maximum compensation authorized under this Agreement will not exceed One Million Seven Hundred Eighty-Eight Thousand, One Hundred Eighty-Five Dollars ($1,788,185) ("Total Maximum Compensation"), which will be allocated in the manner set forth in Exhibit B. The Total Maximum Compensation is subject to budget appropriations, and shall include all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the Total Maximum Compensation under the Agreement, will be at Contractor's expense. Contractor will not be entitled to any payment above the Total Maximum Compensation under any circumstance.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

7. TERMINATION

A. Termination for Convenience. City will have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon thirty (30) days' written notice to Contractor, provided that Contractor fails to cure such default within such thirty (30) day period.

C. Upon termination, each Party will assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

Within thirty (30) days of the date of termination of this Agreement, Contractor shall pay to the City a refund of any advance payment remaining in accordance with the provisions outlined in Exhibit B, entitled "SCHEDULE OF FEES." ("Advance Payment Refund").

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement will not be assigned or transferred without the prior written approval of City. Contractor will not hire subcontractors without express written permission from City. Contractor will be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

Contractor is responsible for determining, providing, and administering all compensation paid, and benefits provided to, its personnel. Contractor is responsible for the eligibility of its employees, contractors, and or personnel to work in each jurisdiction where they are providing Services to City and for reporting to the appropriate federal, state, and local agencies all compensation and payment of all applicable taxes arising therefrom. Contractor shall independently determine its employees, contractors, workers, and or personnel, their associated compensation, and all other aspects of their engagement or employment. Contractor's personnel are not eligible to participate in any of the employee benefits or retirement benefits or similar programs offered to City employees or sponsored by the City.

9. NO THIRD-PARTY BENEFICIARY

This Agreement will not be construed to be an agreement for the benefit of any third party or parties and no third party or parties will have any claim or right of action under this Agreement for any cause whatsoever.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) it engages, hires, contracts with, or employs to furnish labor and/or materials to City to fulfill its obligations under this Agreement shall be independent contractors of the City, and do not act as agent(s) or employee(s) of City. Contractor has and maintains full rights to supervise and manage its personnel, workers, contractors, and or employees in their performance of Services under this Agreement.

Contractor shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Contractor any and all instances of any of the following, if they occur during the term of this Agreement:

a. A person other than the Contractor engages in supervision of the way the person supplies labor and or materials to City; instructs or directs the person to follow instructions given by City or designee concerning how the person's labor and material are to be provided; or is instructed or directed to grant on-going review of the person's labor and or materials.

b. A person other than the Contractor instructs, directs, or requires the person to participate in or attend training.

c. A person the Contractor assigns to perform Services under this Agreement informs Contractor they are unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City.

d. A person the Contractor assigns to perform Services under this Agreement informs Contractor any person has stated they are a City employee, or the person has formed a belief or opinion they have become or are a City employee.

Contractor must immediately provide written notice to City of any notice or report under this Section and provide related information as reasonably requested by City. The Parties agree failure of Contractor to immediately provide written report to City of any report or notice it receives from any source, relating to this Section, constitutes material breach of this Agreement.

Contractor will inform and train persons it engages, hires, contracts with, or employs to provide services, labor, and or materials to City on the requirements of this Section. Contractor shall require that its workers and or personnel immediately report any perceived occurrence under this Section to their respective Contractor supervisor or representative.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement will be held confidential by Contractor and will not, without the prior written consent of City, be used for any purposes other than the

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry will be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which will include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement will be the property of City but Contractor may retain and use copies thereof. City will not be limited in any way or at any time in its use of said material. However, Contractor will not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents will have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded will be disallowed by City. Contractor will bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor will submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees or persons contracting with Contractor to perform any portion of the Scope of Services, – and will expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify will not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, will specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

D. The Parties expressly agree that this Section 14 (HOLD HARMLESS/ INDEMNIFICATION) will survive the expiration or early termination of the Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor will provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement will not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement will be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties will, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Adam Marcus and Greg Pensinger
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at amarcus@santaclaraca.gov and gpensinger@santaclaraca.gov

And to Contractor addressed as follows:

WeHOPE
1854 Bay Road
East Palo Alto, CA 94303
and by e-mail at pbains7@wehope.org

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

The workday the e-mail was sent will control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday will be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor will comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.070), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally, Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor will not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor will not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement will be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party will be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement will, for any reason, be held invalid, illegal or unenforceable in any respect, it will not affect the validity of the other provisions, which will remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which will be deemed to be an original, but both of which will constitute one and the same instrument.

26. ELECTRONIC SIGNATURES

Each Party agrees that this Agreement and any other documents to be delivered in connection with this Agreement may be electronically signed, and that any electronic signatures appearing on this Agreement or such other documents are the same as handwritten signatures for the purposes of validity, enforceability and admissibility.

Signatures on next page

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT A
SCOPE OF SERVICES

Contractor will provide street outreach and essential homeless services ("Services") to the City's unhoused populations as described below:

1. PURPOSE

1.1. Contractor will provide Services to the City's unhoused populations through coordination and management of the programs listed below ("Programs").

Street Outreach and Case Management Program ("SO/CM")
Temporary Hotel Program ("THP")
Inclement Weather Hotel Program ("IWHP")

The goal of the Programs is to establish supportive relationships with people experiencing homelessness and provide linkage to key resources, case management, and temporary shelter. The specific services provided for each program are more fully described below.

2. ELIGIBLE PARTICIPANTS

2.1. Contractor will offer and provide Services to unhoused adults, youth, including Transitional Age Youth (TAY), and families in the City of Santa Clara ("Clients"). For the purposes of this Agreement, unhoused people are defined as those persons who do not have a primary, fixed nighttime residence and are living in a place not meant for human habitation (i.e. sleeping outdoors, in a vehicle, or encampment). The specific population served may vary per program.

2.2. Participation in any of the Programs is entirely voluntary. Clients are not required to be sober from drugs and/or alcohol, to have completed or be currently enrolled in a treatment program, to be compliant with prescribed medications, or to have income or employment to qualify for Services.

3. PROGRAM HOURS

Regular operations for all Programs under this Agreement will occur seven days per week, between 8:00am and 5:00pm, Monday through Friday, and 8:30am and 5:00pm on Saturdays, Sundays, and all Holidays. The City may request adjustments to these hours as needed upon written notice to Contractor.

4. PROGRAM STAFFFING

The Programs and Services included in this Agreement will be facilitated through Contractor's single team of homeless services specialists, more fully described below:

- 2.0 FTE Outreach Workers
- 2.0 FTE Case Managers
- 0.5 FTE Program Manager
- 2.0 FTE Residential Services Coordinators **(THP and IWHP only)**

Contractor will ensure that the Programs are staffed at no less than 90% of the regular staffing levels listed above at all times.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

5. PROGRAM DESCRIPTIONS

Contractor will provide all Services in accordance with the principles described in Appendix A – Core Principles, attached and incorporated into this Scope of Services. The specific Services included in each Program are listed below.

5.1. Street Outreach and Case Management Services

SO/CM Services will be provided at regular, recurring locations where unhoused people are known to congregate, and at other locations as requested by the City and at a minimum include:

5.1.1. A formal intake process, including review of the Program Participant Agreement, prepared by Contractor, signed acknowledgement of Program Rules, and signed Release of Information, consistent with the version used by Santa Clara County's Homeless Management Information System ("HMIS").

5.1.2. Administration of the Vulnerability Index Specialized Prioritization Decision and Assessment Tool ("VI-SPDAT")

5.1.3. Linkage to the Santa Clara County Coordinated Entry System for access to shelter and housing opportunities

5.1.4. Client enrollment in the Santa Clara County HMIS for consenting and eligible Clients

5.1.5. Administration of housing assessments, development of housing plans, assistance with housing applications, and general housing navigation support

5.1.6. Referrals to medical and behavioral health services

5.1.7. Distribution of hygiene kits and other supplies

5.1.8. Linkage to additional services and resources, including but not limited to the City's mental health care coordination service, Santa Clara County's Behavioral Health Services Department ("BHSD"), and Office of Supportive Housing ("OSH")

5.1.9. Transportation to housing, medical, benefits, and other appointments

5.1.10. Public benefits enrollment support, including assistance with acquiring required documentation, post-public benefits enrollment support, and guidance on maintaining public benefits

5.1.11. Interventions that may support Client's ability to secure temporary or permanent housing opportunities, such as coaching on overdose prevention, crisis de-escalation, self-sufficiency skills, goal setting, and other key interventions as identified through the course of a Client's involvement in SO/CM

5.1.12. Placement coordination into the THP and IWHP

5.1.13. Collaboration with the City during inclement weather events to notify unhoused individuals of local warming and cooling centers, room availability in the City's IWHP or other available shelter opportunities, provide transportation to

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

respective locations, provide wellness checks, and distribute supplies (e.g. blankets, ponchos, water bottles, etc. depending on the weather event)

5.2. Temporary Hotel Program (THP)

At a minimum, THP services will include all of the Services provided in the SO/CM program, as well as:

5.2.1. Partnership with a hotel located within City limits for up to five (5) hotel rooms, that are reserved for the purposes of providing temporary lodging for unhoused individuals. THP rooms may be used by an individual for up to thirty (30) consecutive days. The Program Manager may grant an extension up to an additional sixty (60) days, for a total of ninety (90) consecutive days, if a Client is engaged in case management and housing/shelter navigation services. An additional room may be assigned to a Residential Services Coordinator, if in Contractor's discretion it is determined that overnight supervision of the Program is needed.

5.2.2. Room assignment coordination to include safety information, general orientation to the site, and pre-screening Clients to ensure they are appropriate for participation in the Program and room-sharing. Contractor will ensure family members are assigned shared rooms.

5.2.3. Regular check-ins with all THP Clients, at least twice a week.

5.2.4. Provide a minimum of two (2) meals per Client per day. Contractor will ensure all food is properly heated and refrigerated as appropriate for distribution and will assign at least one Contractor staff member with a valid Food Safety Certification to oversee all food handling and distribution services. Additionally, Contractor will maintain daily tracking logs of meal distribution per Program.

5.2.5. Conduct exit planning, including but not limited to coordination with outside service providers to support Client's transition to a more permanent setting.

5.2.6. Provide 24/7 on-call support by a management level staff for prompt guidance and response to critical incidents

5.3. Inclement Weather Hotel Program

The City follows the Inclement Weather Annex and Excessive Heat Response Annex to the County's Emergency Operation Plan. In accordance with the County's activation trigger thresholds for an inclement weather event, the City may activate an inclement weather event if any of the following conditions are present:

- Overnight low of 40 degrees or lower, with a probability of rain of at least 5%.
- Overnight low of 45 degrees or lower with a 50% or higher probability of rain.
- Persistent rainfall expected for two or more days and/or rainfall with flooding and/or soil oversaturation that could cause land movement that would create life-threatening conditions for those living in or along affected areas.
- When the National Weather Service deems a High Risk for much of the population, especially for those who are heat sensitive and those without effective cooling, and/or adequate hydration, and/or a Very High Risk for the

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

entire population due to long duration heat, with little to no relief overnight in accordance with the National Weather Service's HeatRisk Value Product.

City will use its discretion to activate an inclement weather event as conditions specific to the City applies. City will provide notice to Contractor of activation of an inclement weather event, after which Contactor will provide the following services:

5.3.1. Partnership with a hotel located within City limits for up to eleven (11) hotel rooms that are reserved for the purposes of providing lodging for unhoused individuals and Program staff during inclement weather events. One (1) of the 11 rooms will be provided for a Residential Services Coordinator for each activation of the IWHP. The City does not anticipate activating the IWHP in excess of 45 total days per year, which equates to 495 rooms per year, including lodging for the Residential Services Coordinator.

5.3.2. All of the Services provided in SO/CM and THP

5.3.3. Additional street outreach services to provide notice directly to unhoused individuals, as well as advocate organizations, nonprofit providers, and other relevant parties through social media channels, website updates, and other methods that may be available

6. Stewardship of Hotel Sites

Contractor will be solely responsible for securing partnerships with local hotels for the purposes of the THP and IWHP. Contractor will partner with hotels that are within the City of Santa Clara, unless during an inclement weather event there are no vacancies in partner hotels. In such cases, Contractor will partner with hotels that are as close to City limits as possible, preferably within five (5) miles. Additionally, Contractor will:

6.1. Limit occupancy per hotel room to a maximum of four (4) Clients, unless hotel policy states a maximum of less than 4, in which case the hotel policy will apply

6.2. Provide copies of hotel partnership agreements and any amendments for review and approval by the City prior to execution

6.3. Secure alternative agreements if the primary hotel cannot provide rooms at the required quantities or has been determined to be unfit for the purposes of this Agreement, including due to issues regarding the health and safety of Clients

6.4. Provide immediate notification to the City of any change in hotel site for either program

6.5. Adhere at all times to the terms and conditions stated within Contractor's hotel partnership agreements

6.6. Provide immediate notification to the City of any event that could impact the term of the hotel partnership agreements, including but not limited to breach of contract by either party or failure to renew the agreement

7. GENERAL REQUIREMENTS

In addition to the Services stated above, Contractor will adhere to each of the following requirements for all Programs, unless otherwise specified below.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

7.1. Case Management Ratio:
For all Programs included in this Agreement, Contractor will actively monitor Case Manager caseloads, ensuring a maximum ratio of twenty-five (25) standard case management clients per 1.0 FTE Case Manager. For caseloads that include clients requiring more intensive support, the maximum ratio may be reduced to seventeen (17) clients per 1.0 FTE case manager. Approval of a reduced caseload will be upon the sole discretion of Contractor.

7.2. Supervision: Contractor will ensure its street outreach/case management staff have regular access to supervision and case conferencing to ensure its staff are properly supported and providing appropriate services based in Client need.

7.3. Policies: Contractor will develop and maintain written policies that specify the rules and operations for each Program. Contractor will provide drafts of the policies for review and approval by the City. Final copies of all policies will be provided to the City upon completion, and Contractor will provide no less than thirty (30) days' notice to any updates to established policies.

At a minimum, Contractor will maintain policies that address:

- Program Eligibility Requirements
- Admissions/Selection Process
- Program Rules
- Client Removal From A Program
- Client Grievance Process
- Overdose Prevention
- Crisis Intervention
- Engaging with Law Enforcement
- Good Neighbor Policy

7.4. Staff Training: Contractor will provide Contractor staff with regular training and development on topics, including but not limited to:

- County of Santa Clara OSH required trainings on use of the County's HMIS and HMIS enrollment
- VI-SPDAT Assessments and Housing Navigation
- De-escalation, harm reduction, motivational interviewing, trauma informed care, implicit bias, street engagement, professionalism and ethics, cultural competency, overdose prevention, overdose response including administration of Narcan, mental health coordination, and substance abuse community resources

7.5. Critical Incident Reporting: Contractor will report critical incidents to the City within 24 hours of the incident. Critical incidents that involve life endangerment events or major service disruptions should be reported immediately to City staff. Critical incidents include any of the following occurring at a site location or with a client in the field: death, homicide, suicide, suicide attempt, assault, overdose, or other critical incident involving Contractor staff or program Clients of the SO/CM, THP, and IWHP, as well as damage to the hotel resulting from Contractor staff or program Clients' actions.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

7.6. Language and Interpretation Services: Contractor will make all program forms, including promotional materials such as flyers, available in English and Spanish. Contractor will ensure that translation and interpreter services are available. Contractor will address the needs of and provide services to the served population who primarily speak language(s) other than English. At the City's written request, Contractor will provide program forms, including promotional materials, in additional languages.

7.7. Coordination With City: Upon the request of the City, Contractor will coordinate the provision of Services with City departments and partner agencies, including but not limited to, the County of Santa Clara. Coordination may additionally include participation in meetings with City departments and/or partner agencies for the purposes of reporting on Services, participation in the biennial Point-in-Time Count, and generally on issues of homelessness in the City. In addition, Contractor may be asked to co-organize and coordinate events or workshops for the City which may include, but not be limited to, resource fairs for people experiencing homelessness. City will provide advance notice of meeting dates and times to ensure Contractor's availability to participate.

7.8. HMIS Compliance

Contractor will coordinate with the County of Santa Clara to maintain access to the County's Homeless Management Information System (HMIS), or any future systems/databases required by the County to submit homeless services data. Contractor will ensure compliance with the County's HMIS or future system requirements at all times.

7.9. Program Monitoring

Contractor is subject to program monitoring and/or audits, such as, but not limited to, the following, participant files, review of the Contractor's administrative records, staff training documentation, postings, program policies and procedures, data reported on Annual Performance Reports (APR), documentation of funding match sources, Disaster and Emergency Response Plan and training, personnel and activity reports, proper accounting for funds and other operational and administrative activities, and back-up documentation for reporting progress towards meeting service and outcome objectives. Monitoring of program participation in the County's HMIS may include, but is not limited to, data quality reports from the County's HMIS, records of timeliness of data entry, and attendance records at required training and agency lead meetings.

7.10. Fiscal Compliance and Contract Monitoring

Fiscal monitoring will include review of the Contractor's organizational budget, the general ledger, quarterly balance sheet, cost allocation procedures and plan, State and Federal tax forms, audited financial statement, fiscal and accounting policies, supporting documentation for selected invoices, cash receipts and disbursement journals. The compliance monitoring will include review of Personnel Manual, Emergency Operations Plan, Compliance with the Americans with Disabilities Act, subcontracts, and memorandums of understanding (MOUs).

8. PERFORMANCE MEASURES

Contractor's performance toward intended Program goals will be measured according to the following criteria:

8.1. SO/CM Program

Activities		Measures	Service Objective
A	Contractor will ensure that Case Managers contact 90% of case managed Clients at least once per week and document their efforts in the County's HMIS.	Number of unduplicated case managed Clients and number of weekly case management sessions they received in the reporting period.	90% of case managed Clients will have documented contact by a case manager a minimum of once a week as reflected in the County's HMIS.
B	Contractor will track quantity of individuals declining services and the reasons for declining outreach services.	Number of unduplicated individuals who declined outreach services during the reporting period.	Information purposes only. Contractor will provide a narrative description of common reasons individuals provide for declining services in the Quarterly Reports.
C	Contractor will work with case managed Clients to complete a VI-SPDAT assessment.	Number of unduplicated case managed Clients who completed a VI-SPDAT assessment in HMIS.	A minimum of 50% of case managed Clients will have completed VI-SPDAT assessment in HMIS.
D	Contractor will work with case managed Clients to complete a housing plan.	Number of unduplicated case managed Clients who complete a housing plan.	70% of case managed Clients engaged in services will have completed a housing plan within the first 90 days.
E	Contractor will work with case managed Clients to secure permanent or temporary shelter.	Number of unduplicated case managed Clients who move into shelter, interim, transitional, or permanent housing during the reporting period. Permanent housing includes permanent supportive housing, affordable housing, housing without subsidy, family reunification, etc.	A minimum of 15% of case managed Clients will exit to temporary housing destinations (e.g., emergency shelter or transitional housing, safe parking, etc.), and some institutional destinations or permanent housing destination (permanent supportive housing, affordable housing, housing without subsidy, family reunification, etc.).

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

F	Contractor will work with case managed Clients to enroll in, maintain, or increase benefits such as County General Assistance, CalFresh, SSI, etc.	Number of case managed Clients who are enrolled in, maintain, or increase benefits in the reporting period.	A minimum of 50% of case managed Clients will be connected to, maintain, or increase benefits such as County General Assistance, CalFresh, SSI, etc.
G	Contractor will work with case managed Clients to obtain the documents necessary to move into housing such as a California ID, Social Security card, and proof of income.	Number of case managed Clients who have obtained their California ID, Social Security card, or proof of income during the reporting period.	50% of case managed Clients will obtain the necessary documents to move into housing.
H	Contractor will work with case managed Clients to obtain health insurance.	Number of case managed Clients who have enrolled in health care services within the reporting period.	A minimum of 50% of case managed Clients will have enrolled in health care services.
I	Contractor will conduct at least 3,000 encounters and wellness checks annually, as verified by the County's HMIS. The City recognizes that changing departmental priorities will impact the number of encounters and wellness checks conducted by Contractor's Street Outreach staff.	Annual unduplicated and duplicated number of outreach encounters.	At least 3,000 outreach encounters (duplicated and unduplicated) will occur per contract year.

8.2. THP

Activities		Measures	Service Objective
A	Contractor will ensure that Case Managers contact 100% of THP Clients a minimum of six days a week and document their efforts in the County's HMIS.	Number of unduplicated THP Clients and number of case management sessions they received in the reporting period.	100% of THP Clients will have documented contact by a case manager a minimum of once a week as reflected in the County's HMIS.
B	Contractor will work with 100% of THP Clients to complete a housing plan.	Number of unduplicated THP Clients who complete a housing plan.	100% of THP Clients will have completed a housing plan during their program stay.
C	Contractor will work with THP Clients to secure temporary or permanent housing.	Number of unduplicated THP Clients who move into shelter, interim, transitional, or permanent housing during the reporting period. Permanent housing includes permanent supportive housing, affordable housing, housing without subsidy, family reunification, etc.	A minimum of 15% of THP Clients will exit to temporary housing destinations (emergency shelter or transitional housing, safe parking, etc.), and some institutional destinations or permanent housing destination (permanent supportive housing, affordable housing, housing without subsidy, family reunification, etc.)
D	Contractor will work with THP Clients to obtain the documents necessary to move into housing such as a California ID, Social Security card, and proof of income.	Number of THP Clients who have obtained their California ID, Social Security card, or proof of income during the reporting period.	A minimum of 50% of THP Clients will obtain the necessary documents to move into housing.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

8.3. IWHP

	Activities	Measures	Service Objectives
A	Activity: Contractor will provide intake and program orientation to all new IWHP Clients and updates for returning IWHP Clients in a new stay.	Monthly Reporting: Number of duplicated and unduplicated IWHP Clients served per inclement weather event Monthly Reporting: Number and percentage of unduplicated Clients who have received an intake and program orientation during each program activation.	Goal: 100% of the IWHP Clients will have received an intake and program orientation during each program activation as reflected in the County's HMIS.
B	Activity: Contractor will conduct daily counts and wellness checks for all IWHP Clients.	Monthly Reporting: Number and percentage of unduplicated IWHP Clients who received wellness checks daily.	Goal: 100% of all IWHP Clients will have a daily wellness check.

8.4 The criteria outlined above is subject to change, upon the City's written request.

9. Reporting Requirements

Contractor will provide regular progress updates to the City, as further described below.

9.1. Quarterly Performance Reports that will include at a minimum:

9.1.1. Total number of unduplicated Clients served during the reporting period

9.1.2. Progress toward each of the Performance Measures listed in Section 9. (Performance Measures).

9.1.3. A narrative description of trends, successes, and challenges observed during the reporting period, including the primary reasons given for declining Services.

9.2. Annual Performance Reports that combine all of the previously submitted data from the Quarterly Performance Reports and provide an overall summary of the contract activities, trends, successes, challenges, and recommendations for improvement.

9.3. Quarterly and Annual Performance Data will be submitted by Contractor in the City's database, *City Data Services (CDS),* according to the schedule below. City will provide Contractor with access and training on the database as needed.

Reporting Period		Report Due in CDS
Q1	8/24/26 – 9/23/26 9/24/26 – 10/23/26 10/24/26 – 11/23/26	December 15
Q2	11/24/26 – 12/23/26 12/24/26 – 1/23/27 1/24/27 – 2/23/27	March 15
Q3	2/24/27 – 3/23/27 3/24/27 – 4/23/27 4/24/27 – 5/23/27	June 15
Q4	5/24/27 – 6/23/27 6/24/27 – 7/23/27 7/24/27 – 8/23/27	September 15
Annual Performance Data		**September 30**

9.4. Contractor will provide ad hoc reports as requested by the City.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

Appendix A
CORE PRINCIPLES

Contractor will provide the Services within this Agreement in alignment with the principles and practices.

Housing First

Housing First is an evidence-based practice in which clients are offered shelter, housing, and supportive services regardless of their sobriety or use of substances, completion of treatment, or participation in services. Contractor services and operations will align with the Core Components of Housing First as defined in California Welfare and Institutions Code, section 8255. This includes integrating policies and procedures to provide client-centered, low-barrier access to housing and services.

Harm Reduction

Harm reduction policies, procedures, and practices aim to reduce the negative consequences of behaviors that are detrimental to the participant's health and well-being (i.e., abuse of drugs and/or alcohol, failure to be medication compliant, engaging in criminal activity, prostitution, choosing to sleep outside, etc.). In housing settings, harm reduction is intended to prevent a participant's loss of housing and/or termination from the program based solely on his or her inability to stop engaging in harmful behaviors.

Programs incorporating a harm reduction model must utilize all interventions possible, short of termination from the program, to enable the participant to reduce or minimize their risky behaviors, while at the same time assisting them to move into and become stabilized in permanent housing. Harm reduction is not intended to prevent the termination of a participant whose actions or behavior constitute a threat to the safety of other participants and staff. Organizations must develop a set of policies and procedures to be implemented in the event of such behavior on the part of a participant.

Trauma-Informed Care

Trauma-informed care requires that every part of the program's design and operation be approached with an understanding of trauma and the impact it has on those receiving services. Traumatic experiences can impact how clients receive services provided and the environment in which those services are delivered.

Establishing a safe and supportive environment are principal aspects of trauma-informed care. To do so, a program must ensure that all staff receive training on traumatic stress and its impact, as well as the relationship between trauma and mental health, substance use, and homelessness. Training should detail how working with trauma survivors can impact staff, and how these issues can impact their work. Staff training in crisis management may include learning how to help clients identify triggers, express their feelings safely, and use healthy coping skills, in addition to helping clients develop safety and self-care plans prior to a crisis.

Cultural Competency, Racial Equity, and Inclusivity

Programs must consider cultural and linguistic competency, racial equity, gender inclusivity, and other intersecting factors in addressing the needs of the populations to be served. Subpopulation identities may include, but are not limited to, race and ethnicity, gender and gender identity, sexual orientation, economic class, age, family status, language spoken and understood, physical and mental disabilities, living situation, etc. Contractor will require their teams conduct Services using

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

effective communication, including whenever possible in Client’s preferred language, and at the appropriate, educational and literacy levels, and in the context of the individual's cultural identity.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

EXHIBIT B
SCHEDULE OF FEES

1. FEES

Contractor will be compensated for Services at the rates set forth in Table 1, below and shall not exceed the estimated costs set forth each budget category of Service identified. The City may approve in writing the transfer of amounts between any of the budget categories provided the total maximum compensation is not exceeded. Contractor will not exceed any of the specified amounts for any budget category without prior written authorization from the City.

2. ADVANCE PAYMENT

The City will provide Contractor with one advance payment for Services, as further described below.

2.1 Within thirty (30) days of the Effective Date of this Agreement, City will pay Contractor an advance payment for the estimated costs of the first three months of Services, covering August 24, 2026 through November 23, 2026 ("Advance Period"), in the amount of Two Hundred Twenty-Two Thousand, Four Hundred Sixty-Three Dollars ($222,463) ("Advance Payment Amount").

2.2 Contractor shall comply with the invoice and expense reporting requirements set forth in Section 3 of this Exhibit B throughout the Advance Period.

2.3 The City will review the invoices and expense reports to verify the actual cost of Services provided during Advance Period. If the City finds that the actual cost of Services is less than the Advance Payment Amount, the City will notify Contractor of the remaining Advance Payment Amount City, which will be calculated as follows:

2.4 Total Advance Payment Amount less total amount of approved invoices and expense reports for the Advance Period.

2.5 The remaining Advance Payment will be used as credit deducted in three equal installments for the June, July, and August 2027 approved invoices and expense reports.

3. INVOICE AND EXPENSE REPORTING REQUIREMENTS

3.1. Contractor will invoice City on a monthly basis for the expenses actually incurred by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City.

Contractor will itemize each invoice and accompany it with an expense report ("Expense Report") that includes, at a minimum, supporting documentation for the following:

3.2. Expenses incurred per budget category listed on the Annual Services Budget (Table 1)

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

3.3. The number of nights per hotel room billed during the invoice period. Invoices will also indicate whether rooms were used for the THP or the IWHP.

3.4. A brief narrative of any relevant activities or updates from the period being invoiced

3.5. A complete summary of Contractor's invoice and reporting requirements, including submission of Quarterly and Annual Performance Data as described in Exhibit A, is summarized in the table below.

Service Period One - Invoice & Reporting Requirements			
Service Period One (August 24, 2026 - August 23, 2027)			
Quarter	**Service Period**	**Invoice (Inv.)/Expense Report (ER) Due**	**Quarterly Report Due in CDS**
Q1	8/24/26 – 9/23/26	10/15/2026 (ER Only)	December 15, 2026
	9/24/26 – 10/23/26	11/15/2026 (ER Only)	
	10/24/26 – 11/23/26	12/15/2026 (ER Only)	
Q2	11/24/26 – 12/23/26	1/15/2027 (Inv. / ER)	March 15, 2027
	12/24/26 – 1/23/27	2/15/2027 (Inv. / ER)	
	1/24/27 – 2/23/27	3/15/2027 (Inv. / ER)	
Q3	2/24/27 – 3/23/27	4/15/2027 (Inv. / ER)	June 15, 2027
	3/24/27 – 4/23/27	5/15/2027 (Inv. / ER)	
	4/24/27 – 5/23/27	6/15/2027 (Inv. / ER)	
Q4	5/24/27 – 6/23/27	7/7/2027 (Inv. / ER)* **Early due date for City year-end processes*	September 15, 2027
	6/24/27 – 7/23/27	8/15/2027 (Inv. / ER)	
	7/24/27 – 8/23/27	9/15/2027 (Inv. / ER)	
Annual Performance Data for August 24, 2026 – August 23, 2027			September 30, 2027

Service Period Two - Invoice & Reporting Requirements			
Service Period Two (August 24, 2027 - August 23, 2028)			
Quarter	**Service Period**	**Invoice (Inv.)/Expense Report (ER) Due**	**Quarterly Report Due in CDS**
Q1	8/24/27 – 9/23/27	10/15/2027 (Inv. / ER)	December 15, 2027
	9/24/27 – 10/23/27	11/15/2027 (Inv. / ER)	
	10/24/27 – 11/23/27	12/15/2027 (Inv. / ER)	
Q2	11/24/27 – 12/23/27	1/15/2028 (Inv. / ER)	March 15, 2028
	12/24/27 – 1/23/28	2/15/2028 (Inv. / ER)	
	1/24/28 – 2/23/28	3/15/2028 (Inv. / ER)	
Q3	2/24/28 – 3/23/28	4/15/2028 (Inv. / ER)	June 15, 2028
	3/24/28 – 4/23/28	5/15/2028 (Inv. / ER)	
	4/24/28 – 5/23/28	6/15/2028 (Inv. / ER)	
Q4	5/24/28 – 6/23/28	7/7/2028 (Inv. / ER)* **Early due date for City year-end processes*	September 15, 2028
	6/24/28 – 7/23/28	8/15/2028 (Inv. / ER)	
	7/24/28 – 8/23/28	9/15/2028 (Inv. / ER)	
Annual Performance Data for August 24, 2027 – August 23, 2028			September 30, 2028

***** *The invoice and reporting schedule for the Services provided during the Final Service Period, if authorized by the City, will be established in writing by the City to Contractor.*

3.6. The City will have thirty (30) business days from receipt of an approved invoice and Expense Report to approve or deny the invoice. If the City denies an invoice, the City will provide Contractor written notice identifying the deficiencies. Contractor will have ten (10) business days from receipt of City's notice to either provide additional documentation clarifying expenses or submit a revised invoice and Expense Report correcting the deficiencies subject to review and approval by the City. If Contractor does not correct deficiencies to the satisfaction of the City within the ten (10) business day cure period, the City reserves the right to terminate this Agreement in accordance with Section 7 of this Agreement, entitled "Termination" and shall not pay Contractor for the deficient invoice.

3.7. City will pay Contractor within sixty (60) days of receipt of an approved invoice and Expense report. Payments made after such sixty (60) day period will be subject to a 1.5% per month interest penalty payment (in addition to all outstanding amounts due) or, the maximum amount of interest allowable by law, whichever is less.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor will provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California that cover all Services required under this Agreement. These policies will be primary insurance as to the City of Santa Clara so that any other coverage held by the City will not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01 on an occurrence basis. Policy limits, terms, and conditions are subject to review, but will in no event be less than, the following:

   $5,000,000 Each Occurrence for Bodily Injury and Property Damage
   $5,000,000 General Aggregate
   $5,000,000 Products/Completed Operations Aggregate
   $5,000,000 Personal and Advertising Injury

2. Exact structure and layering of the coverage will be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits will be at least as broad as the underlying coverage and will otherwise follow form.

3. The following provisions will apply to the Commercial General Liability policy as well as any umbrella/excess liability policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage will be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There will be no cross-liability exclusion which precludes coverage for claims or suits by one insured against another; except a Named Insured versus Named Insured version may be permittable; and

   c. Coverage will apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

   d. There will be no exclusions which preclude coverage for claims or suits including, but not limited to, assault, battery, molestation, sexual abuse, human trafficking, narcotics.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as Insurance Services Office form CA 00 01 with policy limits a minimum limit of not less than two million dollars ($2,000,000) combined single limit. Business automobile liability coverage should apply to all owned (if any), non-owned, leased, and hired vehicles, including, but not limited to, automobiles, trucks and trailers..

C. WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement will not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate will be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this Agreement. Coverage will be in an amount of not less than one million dollars ($1,000,000) per claim and one million dollars ($1,000,000) aggregate. Any coverage containing a deductible or self-retention must first be disclosed in writing by the City Attorney's Office. If coverage is provided on a claims made basis, the policy shall have a retroactive date that precedes the start of the work and shall remain in effect or provide for an extended reporting period for three years following completion of the work.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of the commercial general liability and, business automobile liability policies.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City. The commercial general liability coverage must provide, Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent. The business automobile liability coverage must provide Insurance Services Office (ISO) Endorsement CA 20 48, or its equivalent.

All the following clauses and/or endorsements, or similar provisions, must be part of each required insurance policy.

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

2. Waiver of Subrogation. In favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

3. Primary and non-contributing. Each insurance policy provided by Contractor will contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess will be considered excess insurance only and will not be called upon to contribute with Contractor's insurance.

4. Cancellation.

   a. Each insurance policy will contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums will be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice will be given at least ten (10) days prior to the effective date of non-renewal. If this language is not available to be added to the insurance policy, the Contractor is still responsible to provide written notice to the City at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy will contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums will be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice will be given at least thirty (30) days prior to the effective date of non-renewal. If this language is not available to be added to the insurance policy, the Contractor is still responsible to provide written notice to the City at least thirty (30) days prior to the effective date of non-renewal.

5. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements will, and insurance compliance documents

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There will be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) will, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage will be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor will file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker will provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage will be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor will submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement will be mailed to:

EBIX Inc.
City of Santa Clara – Planning
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor will have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or will be an insurance

Docusign Envelope ID: C89D8C9D-3CF1-80BE-812C-06A8729ED9BF

company of equal financial stability that is approved by the City or its insurance compliance representatives.

J. By requiring the minimum insurance coverage set forth in this Exhibit C, the City does not assume any responsibility for the adequacy of such coverage or confirming Contractor's compliance therewith. Delivery or acceptance of a certification of insurance not meeting the requirements of this provision shall not be deemed to waive any of Contractor's requirements hereunder.

AGREEMENT FOR SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
WEHOPE

PREAMBLE

This Agreement dated _____ ("Effective Date") is entered into between the City of Santa Clara, California, a chartered California municipal corporation ("City") and WeHOPE, a California nonprofit corporation ("Contractor"). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the street outreach and essential homeless services ("Services") more fully described in Exhibit A of this Agreement, entitled "Scope of Services";

B. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

In consideration of the above Recitals and the mutual covenants contained herein, the Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor will consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions will govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement, the Term of this Agreement will begin as of August 24, 2026 and will terminate on August 23, 2028, unless the City, in its sole discretion exercises its option to extend the Agreement for up to an additional one-year term ("Final Service Period"). City may exercise its option for the Final Service Period upon completion of the reconciliation process for Service Period Two, by providing written notice to Contractor.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor will perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement will be fit for the purpose intended, will be free from material defect and will conform in all material respects to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor will perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City will pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The total maximum compensation authorized under this Agreement will not exceed One Million Seven Hundred Eighty-Eight Thousand, One Hundred Eighty-Five Dollars ($1,788,185) ("Total Maximum Compensation"), which will be allocated in the manner set forth in Exhibit B. The Total Maximum Compensation is subject to budget appropriations, and shall include all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the Total Maximum Compensation under the Agreement, will be at Contractor's expense. Contractor will not be entitled to any payment above the Total Maximum Compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City will have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon thirty (30) days' written notice to Contractor, provided that Contractor fails to cure such default within such thirty (30) day period.

C. Upon termination, each Party will assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

Within thirty (30) days of the date of termination of this Agreement, Contractor shall pay to the City a refund of any advance payment remaining in accordance with the provisions outlined in Exhibit B, entitled "SCHEDULE OF FEES." ("Advance Payment Refund").

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement will not be assigned or transferred without the prior written approval of City. Contractor will not hire subcontractors without express written permission from City. Contractor will be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

Contractor is responsible for determining, providing, and administering all compensation paid, and benefits provided to, its personnel. Contractor is responsible for the eligibility of its employees, contractors, and or personnel to work in each jurisdiction where they are providing Services to City and for reporting to the appropriate federal, state, and local agencies all compensation and payment of all applicable taxes arising therefrom. Contractor shall independently determine its employees, contractors, workers, and or personnel, their associated compensation, and all other aspects of their engagement or employment. Contractor's personnel are not eligible to participate in any of the employee benefits or retirement benefits or similar programs offered to City employees or sponsored by the City.

9. NO THIRD-PARTY BENEFICIARY

This Agreement will not be construed to be an agreement for the benefit of any third party or parties and no third party or parties will have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) it engages, hires, contracts with, or employs to furnish labor and/or materials to City to fulfill its obligations under this Agreement shall be independent contractors of the City, and do not act as agent(s) or employee(s) of City. Contractor has and maintains full rights to supervise and manage its personnel, workers, contractors, and or employees in their performance of Services under this Agreement.

Contractor shall enter into written agreements with all persons it engages, hires, contracts with, or employs to perform Services or provide labor and or materials to City, which state the persons are not employees of the City, and such persons are required to immediately report to Contractor any and all instances of any of the following, if they occur during the term of this Agreement:

a. A person other than the Contractor engages in supervision of the way the person supplies labor and or materials to City; instructs or directs the person to follow instructions given by City or designee concerning how the person's labor and material are to be provided; or is instructed or directed to grant on-going review of the person's labor and or materials.

b. A person other than the Contractor instructs, directs, or requires the person to participate in or attend training.

c. A person the Contractor assigns to perform Services under this Agreement informs Contractor they are unavailable to promote or otherwise make their labor and or materials available to the general public as a result of the provision of labor and materials to City.

d. A person the Contractor assigns to perform Services under this Agreement informs Contractor any person has stated they are a City employee, or the person has formed a belief or opinion they have become or are a City employee.

Contractor must immediately provide written notice to City of any notice or report under this Section and provide related information as reasonably requested by City. The Parties agree failure of Contractor to immediately provide written report to City of any report or notice it receives from any source, relating to this Section, constitutes material breach of this Agreement.

Contractor will inform and train persons it engages, hires, contracts with, or employs to provide services, labor, and or materials to City on the requirements of this Section. Contractor shall require that its workers and or personnel immediately report any perceived occurrence under this Section to their respective Contractor supervisor or representative.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement will be held confidential by Contractor and will not, without the prior written consent of City, be used for any purposes other than the

performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry will be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which will include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement will be the property of City but Contractor may retain and use copies thereof. City will not be limited in any way or at any time in its use of said material. However, Contractor will not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents will have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded will be disallowed by City. Contractor will bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor will submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Contractor pursuant to this Agreement – including claims of any kind by Contractor's employees or persons contracting with Contractor to perform any portion of the Scope of Services, – and will expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify will not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Contractor's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, will specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Contractor's responsibilities under the Act.

D. The Parties expressly agree that this Section 14 (HOLD HARMLESS/ INDEMNIFICATION) will survive the expiration or early termination of the Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor will provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement will not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement will be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties will, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Adam Marcus and Greg Pensinger
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at amarcus@santaclaraca.gov and gpensinger@santaclaraca.gov

And to Contractor addressed as follows:

WeHOPE
1854 Bay Road
East Palo Alto, CA 94303
and by e-mail at pbains7@wehope.org

The workday the e-mail was sent will control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday will be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor will comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.070), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally, Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor will not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor will not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement will be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party will be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement will, for any reason, be held invalid, illegal or unenforceable in any respect, it will not affect the validity of the other provisions, which will remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which will be deemed to be an original, but both of which will constitute one and the same instrument.

26. ELECTRONIC SIGNATURES

Each Party agrees that this Agreement and any other documents to be delivered in connection with this Agreement may be electronically signed, and that any electronic signatures appearing on this Agreement or such other documents are the same as handwritten signatures for the purposes of validity, enforceability and admissibility.

Signatures on next page

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

Contractor will provide street outreach and essential homeless services ("Services") to the City's unhoused populations as described below:

1. PURPOSE

1.1. Contractor will provide Services to the City's unhoused populations through coordination and management of the programs listed below ("Programs").

Street Outreach and Case Management Program ("SO/CM")
Temporary Hotel Program ("THP")
Inclement Weather Hotel Program ("IWHP")

The goal of the Programs is to establish supportive relationships with people experiencing homelessness and provide linkage to key resources, case management, and temporary shelter. The specific services provided for each program are more fully described below.

2. ELIGIBLE PARTICIPANTS

2.1. Contractor will offer and provide Services to unhoused adults, youth, including Transitional Age Youth (TAY), and families in the City of Santa Clara ("Clients"). For the purposes of this Agreement, unhoused people are defined as those persons who do not have a primary, fixed nighttime residence and are living in a place not meant for human habitation (i.e. sleeping outdoors, in a vehicle, or encampment). The specific population served may vary per program.

2.2. Participation in any of the Programs is entirely voluntary. Clients are not required to be sober from drugs and/or alcohol, to have completed or be currently enrolled in a treatment program, to be compliant with prescribed medications, or to have income or employment to qualify for Services.

3. PROGRAM HOURS

Regular operations for all Programs under this Agreement will occur seven days per week, between 8:00am and 5:00pm, Monday through Friday, and 8:30am and 5:00pm on Saturdays, Sundays, and all Holidays. The City may request adjustments to these hours as needed upon written notice to Contractor.

4. PROGRAM STAFFFING

The Programs and Services included in this Agreement will be facilitated through Contractor's single team of homeless services specialists, more fully described below:

- 2.0 FTE Outreach Workers
- 2.0 FTE Case Managers
- 0.5 FTE Program Manager
- 2.0 FTE Residential Services Coordinators **(THP and IWHP only)**

Contractor will ensure that the Programs are staffed at no less than 90% of the regular staffing levels listed above at all times.

5. PROGRAM DESCRIPTIONS

Contractor will provide all Services in accordance with the principles described in Appendix A – Core Principles, attached and incorporated into this Scope of Services. The specific Services included in each Program are listed below.

5.1. Street Outreach and Case Management Services

SO/CM Services will be provided at regular, recurring locations where unhoused people are known to congregate, and at other locations as requested by the City and at a minimum include:

5.1.1. A formal intake process, including review of the Program Participant Agreement, prepared by Contractor, signed acknowledgement of Program Rules, and signed Release of Information, consistent with the version used by Santa Clara County's Homeless Management Information System ("HMIS").

5.1.2. Administration of the Vulnerability Index Specialized Prioritization Decision and Assessment Tool ("VI-SPDAT")

5.1.3. Linkage to the Santa Clara County Coordinated Entry System for access to shelter and housing opportunities

5.1.4. Client enrollment in the Santa Clara County HMIS for consenting and eligible Clients

5.1.5. Administration of housing assessments, development of housing plans, assistance with housing applications, and general housing navigation support

5.1.6. Referrals to medical and behavioral health services

5.1.7. Distribution of hygiene kits and other supplies

5.1.8. Linkage to additional services and resources, including but not limited to the City's mental health care coordination service, Santa Clara County's Behavioral Health Services Department ("BHSD"), and Office of Supportive Housing ("OSH")

5.1.9. Transportation to housing, medical, benefits, and other appointments

5.1.10. Public benefits enrollment support, including assistance with acquiring required documentation, post-public benefits enrollment support, and guidance on maintaining public benefits

5.1.11. Interventions that may support Client's ability to secure temporary or permanent housing opportunities, such as coaching on overdose prevention, crisis de-escalation, self-sufficiency skills, goal setting, and other key interventions as identified through the course of a Client's involvement in SO/CM

5.1.12. Placement coordination into the THP and IWHP

5.1.13. Collaboration with the City during inclement weather events to notify unhoused individuals of local warming and cooling centers, room availability in the City's IWHP or other available shelter opportunities, provide transportation to

respective locations, provide wellness checks, and distribute supplies (e.g. blankets, ponchos, water bottles, etc. depending on the weather event)

5.2. Temporary Hotel Program (THP)

At a minimum, THP services will include all of the Services provided in the SO/CM program, as well as:

5.2.1. Partnership with a hotel located within City limits for up to five (5) hotel rooms, that are reserved for the purposes of providing temporary lodging for unhoused individuals. THP rooms may be used by an individual for up to thirty (30) consecutive days. The Program Manager may grant an extension up to an additional sixty (60) days, for a total of ninety (90) consecutive days, if a Client is engaged in case management and housing/shelter navigation services. An additional room may be assigned to a Residential Services Coordinator, if in Contractor's discretion it is determined that overnight supervision of the Program is needed.

5.2.2. Room assignment coordination to include safety information, general orientation to the site, and pre-screening Clients to ensure they are appropriate for participation in the Program and room-sharing. Contractor will ensure family members are assigned shared rooms.

5.2.3. Regular check-ins with all THP Clients, at least twice a week.

5.2.4. Provide a minimum of two (2) meals per Client per day. Contractor will ensure all food is properly heated and refrigerated as appropriate for distribution and will assign at least one Contractor staff member with a valid Food Safety Certification to oversee all food handling and distribution services. Additionally, Contractor will maintain daily tracking logs of meal distribution per Program.

5.2.5. Conduct exit planning, including but not limited to coordination with outside service providers to support Client's transition to a more permanent setting.

5.2.6. Provide 24/7 on-call support by a management level staff for prompt guidance and response to critical incidents

5.3. Inclement Weather Hotel Program

The City follows the Inclement Weather Annex and Excessive Heat Response Annex to the County's Emergency Operation Plan. In accordance with the County's activation trigger thresholds for an inclement weather event, the City may activate an inclement weather event if any of the following conditions are present:

- Overnight low of 40 degrees or lower, with a probability of rain of at least 5%.
- Overnight low of 45 degrees or lower with a 50% or higher probability of rain.
- Persistent rainfall expected for two or more days and/or rainfall with flooding and/or soil oversaturation that could cause land movement that would create life-threatening conditions for those living in or along affected areas.
- When the National Weather Service deems a High Risk for much of the population, especially for those who are heat sensitive and those without effective cooling, and/or adequate hydration, and/or a Very High Risk for the

entire population due to long duration heat, with little to no relief overnight in accordance with the National Weather Service's HeatRisk Value Product.

City will use its discretion to activate an inclement weather event as conditions specific to the City applies. City will provide notice to Contractor of activation of an inclement weather event, after which Contactor will provide the following services:

5.3.1. Partnership with a hotel located within City limits for up to eleven (11) hotel rooms that are reserved for the purposes of providing lodging for unhoused individuals and Program staff during inclement weather events. One (1) of the 11 rooms will be provided for a Residential Services Coordinator for each activation of the IWHP. The City does not anticipate activating the IWHP in excess of 45 total days per year, which equates to 495 rooms per year, including lodging for the Residential Services Coordinator.

5.3.2. All of the Services provided in SO/CM and THP

5.3.3. Additional street outreach services to provide notice directly to unhoused individuals, as well as advocate organizations, nonprofit providers, and other relevant parties through social media channels, website updates, and other methods that may be available

6. <u>Stewardship of Hotel Sites</u>

Contractor will be solely responsible for securing partnerships with local hotels for the purposes of the THP and IWHP. Contractor will partner with hotels that are within the City of Santa Clara, unless during an inclement weather event there are no vacancies in partner hotels. In such cases, Contractor will partner with hotels that are as close to City limits as possible, preferably within five (5) miles. Additionally, Contractor will:

6.1. Limit occupancy per hotel room to a maximum of four (4) Clients, unless hotel policy states a maximum of less than 4, in which case the hotel policy will apply

6.2. Provide copies of hotel partnership agreements and any amendments for review and approval by the City prior to execution

6.3. Secure alternative agreements if the primary hotel cannot provide rooms at the required quantities or has been determined to be unfit for the purposes of this Agreement, including due to issues regarding the health and safety of Clients

6.4. Provide immediate notification to the City of any change in hotel site for either program

6.5. Adhere at all times to the terms and conditions stated within Contractor's hotel partnership agreements

6.6. Provide immediate notification to the City of any event that could impact the term of the hotel partnership agreements, including but not limited to breach of contract by either party or failure to renew the agreement

7. GENERAL REQUIREMENTS

In addition to the Services stated above, Contractor will adhere to each of the following requirements for all Programs, unless otherwise specified below.

7.1. Case Management Ratio:
For all Programs included in this Agreement, Contractor will actively monitor Case Manager caseloads, ensuring a maximum ratio of twenty-five (25) standard case management clients per 1.0 FTE Case Manager. For caseloads that include clients requiring more intensive support, the maximum ratio may be reduced to seventeen (17) clients per 1.0 FTE case manager. Approval of a reduced caseload will be upon the sole discretion of Contractor.

7.2. Supervision: Contractor will ensure its street outreach/case management staff have regular access to supervision and case conferencing to ensure its staff are properly supported and providing appropriate services based in Client need.

7.3. Policies: Contractor will develop and maintain written policies that specify the rules and operations for each Program. Contractor will provide drafts of the policies for review and approval by the City. Final copies of all policies will be provided to the City upon completion, and Contractor will provide no less than thirty (30) days' notice to any updates to established policies.

At a minimum, Contractor will maintain policies that address:

- Program Eligibility Requirements
- Admissions/Selection Process
- Program Rules
- Client Removal From A Program
- Client Grievance Process
- Overdose Prevention
- Crisis Intervention
- Engaging with Law Enforcement
- Good Neighbor Policy

7.4. Staff Training: Contractor will provide Contractor staff with regular training and development on topics, including but not limited to:

- County of Santa Clara OSH required trainings on use of the County's HMIS and HMIS enrollment
- VI-SPDAT Assessments and Housing Navigation
- De-escalation, harm reduction, motivational interviewing, trauma informed care, implicit bias, street engagement, professionalism and ethics, cultural competency, overdose prevention, overdose response including administration of Narcan, mental health coordination, and substance abuse community resources

7.5. Critical Incident Reporting: Contractor will report critical incidents to the City within 24 hours of the incident. Critical incidents that involve life endangerment events or major service disruptions should be reported immediately to City staff. Critical incidents include any of the following occurring at a site location or with a client in the field: death, homicide, suicide, suicide attempt, assault, overdose, or other critical incident involving Contractor staff or program Clients of the SO/CM, THP, and IWHP, as well as damage to the hotel resulting from Contractor staff or program Clients' actions.

7.6. Language and Interpretation Services: Contractor will make all program forms, including promotional materials such as flyers, available in English and Spanish. Contractor will ensure that translation and interpreter services are available. Contractor will address the needs of and provide services to the served population who primarily speak language(s) other than English. At the City's written request, Contractor will provide program forms, including promotional materials, in additional languages.

7.7. Coordination With City: Upon the request of the City, Contractor will coordinate the provision of Services with City departments and partner agencies, including but not limited to, the County of Santa Clara. Coordination may additionally include participation in meetings with City departments and/or partner agencies for the purposes of reporting on Services, participation in the biennial Point-in-Time Count, and generally on issues of homelessness in the City. In addition, Contractor may be asked to co-organize and coordinate events or workshops for the City which may include, but not be limited to, resource fairs for people experiencing homelessness. City will provide advance notice of meeting dates and times to ensure Contractor's availability to participate.

7.8. HMIS Compliance

Contractor will coordinate with the County of Santa Clara to maintain access to the County's Homeless Management Information System (HMIS), or any future systems/databases required by the County to submit homeless services data. Contractor will ensure compliance with the County's HMIS or future system requirements at all times.

7.9. Program Monitoring

Contractor is subject to program monitoring and/or audits, such as, but not limited to, the following, participant files, review of the Contractor's administrative records, staff training documentation, postings, program policies and procedures, data reported on Annual Performance Reports (APR), documentation of funding match sources, Disaster and Emergency Response Plan and training, personnel and activity reports, proper accounting for funds and other operational and administrative activities, and back-up documentation for reporting progress towards meeting service and outcome objectives. Monitoring of program participation in the County's HMIS may include, but is not limited to, data quality reports from the County's HMIS, records of timeliness of data entry, and attendance records at required training and agency lead meetings.

7.10. Fiscal Compliance and Contract Monitoring

Fiscal monitoring will include review of the Contractor's organizational budget, the general ledger, quarterly balance sheet, cost allocation procedures and plan, State and Federal tax forms, audited financial statement, fiscal and accounting policies, supporting documentation for selected invoices, cash receipts and disbursement journals. The compliance monitoring will include review of Personnel Manual, Emergency Operations Plan, Compliance with the Americans with Disabilities Act, subcontracts, and memorandums of understanding (MOUs).

8. PERFORMANCE MEASURES

Contractor's performance toward intended Program goals will be measured according to the following criteria:

8.1. SO/CM Program

Activities		Measures	Service Objective
A	Contractor will ensure that Case Managers contact 90% of case managed Clients at least once per week and document their efforts in the County's HMIS.	Number of unduplicated case managed Clients and number of weekly case management sessions they received in the reporting period.	90% of case managed Clients will have documented contact by a case manager a minimum of once a week as reflected in the County's HMIS.
B	Contractor will track quantity of individuals declining services and the reasons for declining outreach services.	Number of unduplicated individuals who declined outreach services during the reporting period.	Information purposes only. Contractor will provide a narrative description of common reasons individuals provide for declining services in the Quarterly Reports.
C	Contractor will work with case managed Clients to complete a VI-SPDAT assessment.	Number of unduplicated case managed Clients who completed a VI-SPDAT assessment in HMIS.	A minimum of 50% of case managed Clients will have completed VI-SPDAT assessment in HMIS.
D	Contractor will work with case managed Clients to complete a housing plan.	Number of unduplicated case managed Clients who complete a housing plan.	70% of case managed Clients engaged in services will have completed a housing plan within the first 90 days.
E	Contractor will work with case managed Clients to secure permanent or temporary shelter.	Number of unduplicated case managed Clients who move into shelter, interim, transitional, or permanent housing during the reporting period. Permanent housing includes permanent supportive housing, affordable housing, housing without subsidy, family reunification, etc.	A minimum of 15% of case managed Clients will exit to temporary housing destinations (e.g., emergency shelter or transitional housing, safe parking, etc.), and some institutional destinations or permanent housing destination (permanent supportive housing, affordable housing, housing without subsidy, family reunification, etc.).

F	Contractor will work with case managed Clients to enroll in, maintain, or increase benefits such as County General Assistance, CalFresh, SSI, etc.	Number of case managed Clients who are enrolled in, maintain, or increase benefits in the reporting period.	A minimum of 50% of case managed Clients will be connected to, maintain, or increase benefits such as County General Assistance, CalFresh, SSI, etc.
G	Contractor will work with case managed Clients to obtain the documents necessary to move into housing such as a California ID, Social Security card, and proof of income.	Number of case managed Clients who have obtained their California ID, Social Security card, or proof of income during the reporting period.	50% of case managed Clients will obtain the necessary documents to move into housing.
H	Contractor will work with case managed Clients to obtain health insurance.	Number of case managed Clients who have enrolled in health care services within the reporting period.	A minimum of 50% of case managed Clients will have enrolled in health care services.
I	Contractor will conduct at least 3,000 encounters and wellness checks annually, as verified by the County's HMIS. The City recognizes that changing departmental priorities will impact the number of encounters and wellness checks conducted by Contractor's Street Outreach staff.	Annual unduplicated and duplicated number of outreach encounters.	At least 3,000 outreach encounters (duplicated and unduplicated) will occur per contract year.

8.2. THP

Activities		Measures	Service Objective
A	Contractor will ensure that Case Managers contact 100% of THP Clients a minimum of six days a week and document their efforts in the County's HMIS.	Number of unduplicated THP Clients and number of case management sessions they received in the reporting period.	100% of THP Clients will have documented contact by a case manager a minimum of once a week as reflected in the County's HMIS.

B	Contractor will work with 100% of THP Clients to complete a housing plan.	Number of unduplicated THP Clients who complete a housing plan.	100% of THP Clients will have completed a housing plan during their program stay.
C	Contractor will work with THP Clients to secure temporary or permanent housing.	Number of unduplicated THP Clients who move into shelter, interim, transitional, or permanent housing during the reporting period. Permanent housing includes permanent supportive housing, affordable housing, housing without subsidy, family reunification, etc.	A minimum of 15% of THP Clients will exit to temporary housing destinations (emergency shelter or transitional housing, safe parking, etc.), and some institutional destinations or permanent housing destination (permanent supportive housing, affordable housing, housing without subsidy, family reunification, etc.)
D	Contractor will work with THP Clients to obtain the documents necessary to move into housing such as a California ID, Social Security card, and proof of income.	Number of THP Clients who have obtained their California ID, Social Security card, or proof of income during the reporting period.	A minimum of 50% of THP Clients will obtain the necessary documents to move into housing.

8.3. IWHP

	Activities	Measures	Service Objectives
A	Activity: Contractor will provide intake and program orientation to all new IWHP Clients and updates for returning IWHP Clients in a new stay.	Monthly Reporting: Number of duplicated and unduplicated IWHP Clients served per inclement weather event Monthly Reporting: Number and percentage of unduplicated Clients who have received an intake and program orientation during each program activation.	Goal: 100% of the IWHP Clients will have received an intake and program orientation during each program activation as reflected in the County's HMIS.
B	Activity: Contractor will conduct daily counts and wellness checks for all IWHP Clients.	Monthly Reporting: Number and percentage of unduplicated IWHP Clients who received wellness checks daily.	Goal: 100% of all IWHP Clients will have a daily wellness check.

8.4 The criteria outlined above is subject to change, upon the City's written request.

9. Reporting Requirements

Contractor will provide regular progress updates to the City, as further described below.

9.1. Quarterly Performance Reports that will include at a minimum:

9.1.1. Total number of unduplicated Clients served during the reporting period

9.1.2. Progress toward each of the Performance Measures listed in Section 9. (Performance Measures).

9.1.3. A narrative description of trends, successes, and challenges observed during the reporting period, including the primary reasons given for declining Services.

9.2. Annual Performance Reports that combine all of the previously submitted data from the Quarterly Performance Reports and provide an overall summary of the contract activities, trends, successes, challenges, and recommendations for improvement.

9.3. Quarterly and Annual Performance Data will be submitted by Contractor in the City's database, *City Data Services (CDS),* according to the schedule below. City will provide Contractor with access and training on the database as needed.

Reporting Period		Report Due in CDS
Q1	8/24/26 – 19/23/26 9/24/26 – 10/23/26 10/24/26 – 11/23/26	December 15
Q2	11/24/26 – 12/23/26 12/24/26 – 1/23/27 1/24/27 – 2/23/27	March 15
Q3	2/24/27 – 3/23/27 3/24/27 – 4/23/27 4/24/27 – 5/23/27	June 15
Q4	5/24/27 – 6/23/27 6/24/27 – 7/23/27 7/24/27 – 8/23/27	September 15
Annual Performance Data		**September 30**

9.4. Contractor will provide ad hoc reports as requested by the City.

Appendix A
CORE PRINCIPLES

Contractor will provide the Services within this Agreement in alignment with the principles and practices.

Housing First

Housing First is an evidence-based practice in which clients are offered shelter, housing, and supportive services regardless of their sobriety or use of substances, completion of treatment, or participation in services. Contractor services and operations will align with the Core Components of Housing First as defined in California Welfare and Institutions Code, section 8255. This includes integrating policies and procedures to provide client-centered, low-barrier access to housing and services.

Harm Reduction

Harm reduction policies, procedures, and practices aim to reduce the negative consequences of behaviors that are detrimental to the participant's health and well-being (i.e., abuse of drugs and/or alcohol, failure to be medication compliant, engaging in criminal activity, prostitution, choosing to sleep outside, etc.). In housing settings, harm reduction is intended to prevent a participant's loss of housing and/or termination from the program based solely on his or her inability to stop engaging in harmful behaviors.

Programs incorporating a harm reduction model must utilize all interventions possible, short of termination from the program, to enable the participant to reduce or minimize their risky behaviors, while at the same time assisting them to move into and become stabilized in permanent housing. Harm reduction is not intended to prevent the termination of a participant whose actions or behavior constitute a threat to the safety of other participants and staff. Organizations must develop a set of policies and procedures to be implemented in the event of such behavior on the part of a participant.

Trauma-Informed Care

Trauma-informed care requires that every part of the program's design and operation be approached with an understanding of trauma and the impact it has on those receiving services. Traumatic experiences can impact how clients receive services provided and the environment in which those services are delivered.

Establishing a safe and supportive environment are principal aspects of trauma-informed care. To do so, a program must ensure that all staff receive training on traumatic stress and its impact, as well as the relationship between trauma and mental health, substance use, and homelessness. Training should detail how working with trauma survivors can impact staff, and how these issues can impact their work. Staff training in crisis management may include learning how to help clients identify triggers, express their feelings safely, and use healthy coping skills, in addition to helping clients develop safety and self-care plans prior to a crisis.

Cultural Competency, Racial Equity, and Inclusivity

Programs must consider cultural and linguistic competency, racial equity, gender inclusivity, and other intersecting factors in addressing the needs of the populations to be served. Subpopulation identities may include, but are not limited to, race and ethnicity, gender and gender identity, sexual orientation, economic class, age, family status, language spoken and understood, physical and mental disabilities, living situation, etc. Contractor will require their teams conduct Services using

effective communication, including whenever possible in Client’s preferred language, and at the appropriate, educational and literacy levels, and in the context of the individual's cultural identity.

EXHIBIT B
SCHEDULE OF FEES

1. FEES

Contractor will be compensated for Services at the rates set forth in Table 1, below and shall not exceed the estimated costs set forth each budget category of Service identified. The City may approve in writing the transfer of amounts between any of the budget categories provided the total maximum compensation is not exceeded. Contractor will not exceed any of the specified amounts for any budget category without prior written authorization from the City.

2. ADVANCE PAYMENT

The City will provide Contractor with one advance payment for Services, as further described below.

2.1 Within thirty (30) days of the Effective Date of this Agreement, City will pay Contractor an advance payment for the estimated costs of the first three months of Services, covering August 24, 2026 through November 23, 2026 ("Advance Period"), in the amount of Two Hundred Twenty-Two Thousand, Four Hundred Sixty-Three Dollars ($222,463) ("Advance Payment Amount").

2.2 Contractor shall comply with the invoice and expense reporting requirements set forth in Section 3 of this Exhibit B throughout the Advance Period.

2.3 The City will review the invoices and expense reports to verify the actual cost of Services provided during Advance Period. If the City finds that the actual cost of Services is less than the Advance Payment Amount, the City will notify Contractor of the remaining Advance Payment Amount City, which will be calculated as follows:

2.4 Total Advance Payment Amount less total amount of approved invoices and expense reports for the Advance Period.

2.5 The remaining Advance Payment will be used as credit deducted in three equal installments for the June, July, and August 2027 approved invoices and expense reports.

3. INVOICE AND EXPENSE REPORTING REQUIREMENTS

3.1. Contractor will invoice City on a monthly basis for the expenses actually incurred by Contractor during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City.

Contractor will itemize each invoice and accompany it with an expense report ("Expense Report") that includes, at a minimum, supporting documentation for the following:

3.2. Expenses incurred per budget category listed on the Annual Services Budget (Table 1)

3.3. The number of nights per hotel room billed during the invoice period. Invoices will also indicate whether rooms were used for the THP or the IWHP.

3.4. A brief narrative of any relevant activities or updates from the period being invoiced

3.5. A complete summary of Contractor's invoice and reporting requirements, including submission of Quarterly and Annual Performance Data as described in Exhibit A, is summarized in the table below.

Service Period One - Invoice & Reporting Requirements				
Service Period One (August 24, 2026 - August 23, 2027)				
Quarter	**Service Period**	**Invoice (Inv.)/Expense Report (ER) Due**		**Quarterly Report Due in CDS**
Q1	8/24/26 – 9/23/26	10/15/2026 (ER Only)	December 15, 2026	
	9/24/26 – 10/23/26	11/15/2026 (ER Only)		
	10/24/26 – 11/23/26	12/15/2026 (ER Only)		
Q2	11/24/26 – 12/23/26	1/15/2027 (Inv. / ER)	March 15, 2027	
	12/24/26 – 1/23/27	2/15/2027 (Inv. / ER)		
	1/24/27 – 2/23/27	3/15/2027 (Inv. / ER)		
Q3	2/24/27 – 3/23/27	4/15/2027 (Inv. / ER)	June 15, 2027	
	3/24/27 – 4/23/27	5/15/2027 (Inv. / ER)		
	4/24/27 – 5/23/27	6/15/2027 (Inv. / ER)		
Q4	5/24/27 – 6/23/27	7/7/2027 (Inv. / ER)* **Early due date for City year-end processes*	September 15, 2027	
	6/24/27 – 7/23/27	8/15/2027 (Inv. / ER)		
	7/24/27 – 8/23/27	9/15/2027 (Inv. / ER)		
Annual Performance Data for August 24, 2026 – August 23, 2027			September 30, 2027	

Service Period Two - Invoice & Reporting Requirements			
Service Period Two (August 24, 2027 - August 23, 2028)			
Quarter	**Service Period**	**Invoice (Inv.)/Expense Report (ER) Due**	**Quarterly Report Due in CDS**
Q1	8/24/27 – 9/23/27	10/15/2027 (Inv. / ER)	December 15, 2027
	9/24/27 – 10/23/27	11/15/2027 (Inv. / ER)	
	10/24/27 – 11/23/27	12/15/2027 (Inv. / ER)	
Q2	11/24/27 – 12/23/27	1/15/2028 (Inv. / ER)	March 15, 2028
	12/24/27 – 1/23/28	2/15/2028 (Inv. / ER)	
	1/24/28 – 2/23/28	3/15/2028 (Inv. / ER)	
Q3	2/24/28 – 3/23/28	4/15/2028 (Inv. / ER)	June 15, 2028
	3/24/28 – 4/23/28	5/15/2028 (Inv. / ER)	
	4/24/28 – 5/23/28	6/15/2028 (Inv. / ER)	
Q4	5/24/28 – 6/23/28	7/7/2028 (Inv. / ER)* **Early due date for City year-end processes*	September 15, 2028
	6/24/28 – 7/23/28	8/15/2028 (Inv. / ER)	
	7/24/28 – 8/23/28	9/15/2028 (Inv. / ER)	
Annual Performance Data for August 24, 2027 – August 23, 2028			September 30, 2028

***** *The invoice and reporting schedule for the Services provided during the Final Service Period, if authorized by the City, will be established in writing by the City to Contractor.*

3.6. The City will have thirty (30) business days from receipt of an approved invoice and Expense Report to approve or deny the invoice. If the City denies an invoice, the City will provide Contractor written notice identifying the deficiencies. Contractor will have ten (10) business days from receipt of City's notice to either provide additional documentation clarifying expenses or submit a revised invoice and Expense Report correcting the deficiencies subject to review and approval by the City. If Contractor does not correct deficiencies to the satisfaction of the City within the ten (10) business day cure period, the City reserves the right to terminate this Agreement in accordance with Section 7 of this Agreement, entitled "Termination" and shall not pay Contractor for the deficient invoice.

3.7. City will pay Contractor within sixty (60) days of receipt of an approved invoice and Expense report. Payments made after such sixty (60) day period will be subject to a 1.5% per month interest penalty payment (in addition to all outstanding amounts due) or, the maximum amount of interest allowable by law, whichever is less.

TABLE 1
YEAR ONE SERVICE BUDGET

Salaries & Benefits	Max Compensation	FTE	Rates
Outreach Worker	$ 104,000	2.0	$25.00/hour * 2080 hrs * 2.0 FTE
Case Manager	$ 120,640	2.0	$29.00/hour * 2080 hrs * 2.0 FTE
Program Manager	$ 36,400	0.5	$35.00/hour * 2080 hrs * 0.5 FTE
Residential Service Coordinator – THP and IWHP	$ 21,600	2.0	$30.00/hour * 16 hrs * 45 days
Benefits @ .23	$ 65,007		
subtotal personnel	**$ 347,647**	**6.5**	
Operating Expenses			
THP - Rental of Property - 5 RMS	$ 228,125		Actual cost, not to exceed ("NTE") $125/room/night (365 nights max)
THP - Building Maintenance Supplies and Repair 5 RMS	$ 12,813		Reimbursable up to out-of-pocket cost
THP - Food	$ 46,100		Reimbursable up to out-of-pocket cost
IWHP - Rental of Property - 10 RMS + As Needed lodging of RSC for THP			Actual cost, NTE $125/room/night (45 nights max) * (Rooming of 1.0 FTE RSC for the THP may be billed to this budget category as needed)
IWHP - Rental of Property - 1 RM IWHP CONTRACTOR STAFF	$ 5,625		Staff Room: 1 room at $125 per night (45 nights max)
IWHP - Building Maintenance Supplies and Repair	$ 5,625		Reimbursable up to out-of-pocket cost
IWHP – Food	$ 13,500		Reimbursable up to out-of-pocket cost
Insurance	$ 22,500		Reimbursable up to out-of-pocket cost
Contractor Staff Training	$ 1,700		Reimbursable up to out-of-pocket cost
Contractor Staff Gas Reimbursement			Gas will be reimbursed according to the current IRS mileage reimbursement rate during the invoice period
Rental of Equipment	$ 9,600		Reimbursable up to out-of-pocket cost
IT Communication Operations, Support/Maintenance			Reimbursable up to out-of-pocket cost
Program Supplies (e.g., hygiene products, blankets, etc.)	$ 3,500		Reimbursable up to out-of-pocket cost

Client Assistance (e.g., clothing, SO/CM food, vehicle lease for client transportation, etc.)	$ 10,800		Reimbursable up to out-of-pocket cost
subtotal operating expenses	**$ 426,138**		
Admin Expense			
15% indirect cost*	$116,068		
subtotal admin expense	**$116,068**		
Total Expenses	**$889,853**		

*Contractor may include on the invoice a charge for indirect costs that does not exceed 15% of the total invoice amount to cover. The total amount of indirect costs incurred for each year shall not exceed the estimated max compensation for indirect costs identified in the table above.

YEAR TWO SERVICE BUDGET

Salaries & Benefits	Max Compensation	FTE	Rates
Outreach Worker	$ 107,120	2.0	Year 1 Salary ($25/hr) + 3% Cost-of-Living Increase ("COLA")*

*Contractor may include on the invoice a charge for indirect costs that does not exceed 15% of the total invoice amount to cover. The total amount of indirect costs incurred for each year shall not exceed the estimated max compensation for indirect costs identified in the table above.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor will provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California that cover all Services required under this Agreement. These policies will be primary insurance as to the City of Santa Clara so that any other coverage held by the City will not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01 on an occurrence basis. Policy limits, terms, and conditions are subject to review, but will in no event be less than, the following:

   $5,000,000 Each Occurrence for Bodily Injury and Property Damage
   $5,000,000 General Aggregate
   $5,000,000 Products/Completed Operations Aggregate
   $5,000,000 Personal and Advertising Injury

2. Exact structure and layering of the coverage will be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits will be at least as broad as the underlying coverage and will otherwise follow form.

3. The following provisions will apply to the Commercial General Liability policy as well as any umbrella/excess liability policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage will be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There will be no cross-liability exclusion which precludes coverage for claims or suits by one insured against another; except a Named Insured versus Named Insured version may be permittable; and

   c. Coverage will apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

   d. There will be no exclusions which preclude coverage for claims or suits including, but not limited to, assault, battery, molestation, sexual abuse, human trafficking, narcotics.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as Insurance Services Office form CA 00 01 with policy limits a minimum limit of not less than two million dollars ($2,000,000) combined single limit. Business automobile liability coverage should apply to all owned (if any), non-owned, leased, and hired vehicles, including, but not limited to, automobiles, trucks and trailers..

C. WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement will not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate will be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this Agreement. Coverage will be in an amount of not less than one million dollars ($1,000,000) per claim and one million dollars ($1,000,000) aggregate. Any coverage containing a deductible or self-retention must first be disclosed in writing by the City Attorney's Office. If coverage is provided on a claims made basis, the policy shall have a retroactive date that precedes the start of the work and shall remain in effect or provide for an extended reporting period for three years following completion of the work.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of the commercial general liability and, business automobile liability policies.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City. The commercial general liability coverage must provide, Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent. The business automobile liability coverage must provide Insurance Services Office (ISO) Endorsement CA 20 48, or its equivalent.

All the following clauses and/or endorsements, or similar provisions, must be part of each required insurance policy.

2. Waiver of Subrogation. In favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

3. Primary and non-contributing. Each insurance policy provided by Contractor will contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess will be considered excess insurance only and will not be called upon to contribute with Contractor's insurance.

4. Cancellation.

   a. Each insurance policy will contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums will be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice will be given at least ten (10) days prior to the effective date of non-renewal. If this language is not available to be added to the insurance policy, the Contractor is still responsible to provide written notice to the City at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy will contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums will be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice will be given at least thirty (30) days prior to the effective date of non-renewal. If this language is not available to be added to the insurance policy, the Contractor is still responsible to provide written notice to the City at least thirty (30) days prior to the effective date of non-renewal.

5. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements will, and insurance compliance documents

provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There will be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) will, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage will be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor will file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker will provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage will be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor will submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement will be mailed to:

EBIX Inc.
City of Santa Clara – Planning
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor will have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or will be an insurance

company of equal financial stability that is approved by the City or its insurance compliance representatives.

J. By requiring the minimum insurance coverage set forth in this Exhibit C, the City does not assume any responsibility for the adequacy of such coverage or confirming Contractor's compliance therewith. Delivery or acceptance of a certification of insurance not meeting the requirements of this provision shall not be deemed to waive any of Contractor's requirements hereunder.

26-686 Agenda Date: 8/18/2026

REPORT TO COUNCIL

SUBJECT

Action on Amendment No. 1 to the Agreement with Kyle Groundwater, Inc. for Well Condition Assessment and Engineering Services Within the Previously Authorized Maximum Amount of $1,007,880

BACKGROUND

On September 27, 2022, the City Council approved RTC No. 22-889, authorizing the City Manager to execute an agreement with Kyle Groundwater, Inc. to provide well condition assessment and engineering services for six inactive City groundwater wells. These services support the City's evaluation of the wells' conditions and help determine whether they can be rehabilitated and returned to service, thereby strengthening the City's groundwater supply portfolio.

The wells identified for evaluation under the agreement are Wells 5-02, 16-02, 21, 26, 32, and 34. Condition assessments and engineering evaluations have since been completed for all six wells. Based on the results of that work, five of the six wells were deemed feasible for rehabilitation. Well 21 was recommended for abandonment due to structural deficiencies identified in the well casing.

As part of the City's ongoing groundwater system planning, Well 26, an inactive well at 802 Laurie Avenue, has been identified as the next well to be rehabilitated. During staff's review of historical water quality data for Well 26, elevated concentrations of aluminum and iron were identified relative to other wells in the City's groundwater system. To further evaluate these conditions, additional well-condition assessment and engineering services are needed to conduct zone-specific water-quality sampling and flow profiling. These services will help determine whether these constituents are entering the well at specific depths. If the source is isolated to particular intervals, those sections may be sealed as part of the rehabilitation strategy to improve the water quality produced by the well.

DISCUSSION

The agreement with Kyle Groundwater, Inc., expired on August 31, 2025, following completion of the pre-construction condition assessments. During planning for the next phase of work, staff identified the need for additional zone-specific water-quality sampling and flow-profiling services to properly evaluate the rehabilitation needs for Well 26 and to further investigate the elevated aluminum and iron concentrations in the well.

These services were included in the original scope of services for Well 32 but were not originally identified for Well 26. Because the same services are now necessary to complete the evaluation of Well 26, staff has determined that reinstating the agreement and extending the term is necessary to support the continued assessment and rehabilitation planning efforts for the well.

If authorized, Amendment No. 1 will reinstate the agreement under its original terms and conditions

and extend the term through December 31, 2026. The amendment will also revise the scope of services to include zone-specific water-quality sampling and flow profiling services for Well 26, enabling a more comprehensive evaluation of the sources of elevated aluminum and iron concentrations. This scope revision is directly related to the well condition assessment and engineering services for Wells 5-02, 16-02, 21, 26, 32, and 34, which were originally solicited and awarded to Kyle Groundwater. Because the additional services build upon work already performed under the agreement, utilizing the same consultant will support continuity and evaluation of Well 26.

The additional services for Well 26, estimated at $195,681, will be funded under the existing agreement authorization by reallocating unused funds among identified tasks. Funding for the zone-specific water-quality sampling and flow-profiling work will be provided from unexpended funds originally allocated to Well 21 that were not fully utilized because the well was recommended for abandonment. As a result, Amendment No. 1 does not increase the agreement's maximum compensation, which will remain at $1,007,880.

ENVIRONMENTAL REVIEW

The action being considered is exempt from formal environmental review under the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15301(b) (Class 1 - "Existing Facilities") as the activity consists of the operation, repair, and maintenance of existing public structures, facilities, and mechanical equipment, including publicly owned utilities, involving negligible or no expansion of the existing use.

FISCAL IMPACT

There is no change to the previously approved total contract compensation under the agreement. Funding for this work is available in the New and Replacement Wells project in the Water Utility Capital Fund.

COORDINATION

This report has been coordinated with the Finance Department and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220 or via email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Authorize the City Manager or designee to execute Amendment No. 1 to the agreement with Kyle Groundwater, Inc. to reinstate the agreement, extend the term through December 31, 2026, and revise the scope of services to add zone-specific water quality sampling and flow profiling for Well 26, within the previously authorized maximum compensation of $1,007,880, subject to the appropriation of funds and the review and approval as to form by the City Attorney; and
2. Authorize the City Manager or designee to take all actions necessary to implement and administer the agreement with Kyle Groundwater, Inc., including negotiating and executing future amendment(s) to add or delete services associated with the scope of services, extend the term to allow completion of work, and make de minimis changes, provided that the total maximum

compensation is not exceeded, subject to review and approval as to form by the City Attorney.

22-889 **Agenda Date: 8/16/2022**

REPORT TO COUNCIL

SUBJECT
Action on an Agreement with Kyle Groundwater, Inc. for Well Condition Assessment and Engineering Services During Rehabilitation

COUNCIL PILLAR
Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND
The Water and Sewer Utilities Department (Department) is responsible for providing dependable supply of safe, potable water for the residents and businesses in Santa Clara. Today, the City's water supply comes from 20 active groundwater wells and water purchased from the Santa Clara Valley Water District (Valley Water) and the San Francisco Public Utilities Commission (SFPUC).

Due to the current drought, wholesale water supplies from the Valley Water and SFPUC have been significantly reduced as water has become scarce throughout the region. In addition, the City has lost a number of wells from decommissioning of aging wells. To offset the shortfall, the Department is considering rehabilitating six of the 10 inactive wells.

The six inactive wells identified for potential reactivation are Well 5-02, 16-02, 21, 26, 32, and 34. To reactivate these wells, the Department requires the services of a consultant to perform well assessments, provide technical recommendations, develop technical specifications for rehabilitation, assist staff with bid advertisement, contractor selection, and provide engineering support services during rehabilitation.

DISCUSSION
Pursuant to City Code Section 2.105.330 and State laws governing procurement of architectural and engineering services, the City followed a qualifications-based selection process whereby proposers are evaluated and the most qualified is selected, subject to negotiation of fair and reasonable compensation.

On March 3, 2022, the City published a Request for Proposal (RFP) for well condition assessment and engineering services during rehabilitation. Three proposals were received from the following firms:

- Bonkowski & Associates
- KYLE Groundwater, Inc. (KYLE)
- Luhdorff & Scalmanini Consulting Engineers (LSCE)

The proposals were independently evaluated by a three-member evaluation team. KYLE and LSCE

were invited to participate in oral interviews to introduce their proposed project team members and demonstrate their experience and capacity to meet the City's requirements. After concluding the evaluation process, the evaluation team ranked KYLE as the most qualified consultant.

The term of the proposed agreement with KYLE is three years, effective from September 1, 2022 to August 31, 2025. The maximum compensation under the proposed agreement is $1,007,880 as summarized below.

Description	Amount
Well 5-02	$148,845
Well 16-02	$148,845
Well 21	$175,069
Well 26	$148,845
Well 34	$175,070
Well 32	$211,206
Maximum Compensation	$1,007,880

Due to the age and type of construction, the wells have historically exhibited water quality, production and sanding issues. Under the proposed agreement, KYLE will perform an initial condition assessment and provide recommendations on whether the wells can be successfully rehabilitated to mitigate the primary issues of concern. If the City proceeds with rehabilitating the wells, KYLE will also assist staff with preparing technical specifications and provide engineering support services during construction.

Rehabilitation of these wells will provide the critical redundancy to the City's water supply, thereby reducing the City's dependence on purchased treated water supply and ensuring the residents and businesses in Santa Clara continue to have a reliable supply of water.

ENVIRONMENTAL REVIEW

The action being considered is exempt from formal environmental review under the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15301(b) (Class 1 - "Existing Facilities") as the activity consists of the operation, repair, and maintenance of existing public structures, facilities, and mechanical equipment, including publicly owned utilities, involving negligible or no expansion of the existing use.

FISCAL IMPACT

The Department's capital improvement program includes funding in the New and Replacement Wells project, which would be used for this agreement.

COORDINATION

This report has been coordinated with the Finance Department and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board

outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220 or via email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Authorize the City Manager to execute an agreement with KYLE Groundwater, Inc. for well condition assessment and engineering services during rehabilitation starting on or around September 1, 2022 and ending on or around August 31, 2025, with maximum compensation not-to-exceed $1,007,880, subject to the appropriation of funds.

ATTACHMENTS

1. Agreement for Design Professional Services with KYLE Groundwater, Inc.

EBIX Insurance No. S200004962

AGREEMENT FOR DESIGN PROFESSIONAL SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND KYLE GROUNDWATER, INC.

PREAMBLE

This Agreement is entered into as of the City's execution date (Effective Date) between the City of Santa Clara, California, a chartered California municipal corporation (City) and KYLE Groundwater, Inc., a California corporation (Contractor). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the design professional services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. "Design professional" includes licensed architects, licensed landscape architects, registered professional engineers and licensed professional land surveyors;

C. Contractor represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

D. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Contractor shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Exhibit D – Labor Compliance Addendum

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on the Effective Date and terminate on August 31, 2025.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Contractor shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

A. All reports, costs estimates, plans and other documentation which may be submitted or furnished by Contractor shall be approved and signed by an appropriate qualified licensed professional in the State of California.

B. The title sheet for specifications and reports, and each sheet of plans, shall bear the professional seal, certificate number, registration classification, expiration date of certificate and signature of the design professional responsible for their preparation.

4. WARRANTY

Contractor expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Contractor agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Contractor. If Contractor fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Contractor for the cost incurred by City.

5. QUALIFICATIONS OF CONTRACTOR - STANDARD OF CARE

Contractor represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Contractor's representations regarding its skills and knowledge. Contractor shall perform such Services and duties in conformance to and consistent with the

professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Contractor's complete performance of Services, City shall pay Contractor for all materials provided and Services rendered by Contractor in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is set forth in Section 1 of Exhibit B, subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Contractor's expense. Contractor shall not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Contractor.

B. Termination for Default. If Contractor fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Contractor.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Contractor will deliver to City all City information or material that Contractor has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Contractor bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Contractor shall not hire subcontractors without express written permission from City.

Contractor shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Contractor and all person(s) employed by or contracted with Contractor to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Contractor has full rights to manage its employees in their performance of Services under this Agreement.

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Contractor and all other written information submitted to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Contractor which is otherwise known to Contractor or becomes generally known to the related industry shall be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Contractor may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Contractor shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONTRACTOR

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Contractor for the purpose of verifying any and all charges made by Contractor in connection with Contractor compensation under this Agreement, including termination of Contractor. Contractor agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Contractor shall bear the

cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Contractor shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Contractor agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Contractor's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

To the extent permitted by law, Contractor agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, to the extent arising out of, pertaining to, or related to the negligence, recklessness, or willful misconduct of the Contractor, its employees, subcontractors, or agents in the performance, or non-performance, of Services under this Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Contractor shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Contractor agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

17. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Water & Sewer Utilities Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at gwelling@santaclaraca.gov

And to Contractor addressed as follows:

KYLE Groundwater, Inc.
309 E. Jefferson Avenue
Pomona, CA 91767
and by e-mail at russell.kyle@kylegroundwater.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Contractor shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Contractor's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Contractor has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Contractor certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Contractor and that no person associated with Contractor has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Contractor is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Contractor will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Contractor shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

CONTINUED ON PAGE 8

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONTRACTOR"

EXHIBIT A
SCOPE OF SERVICES

The Services to be performed for the City by the Contractor under this Agreement are set forth below.

1. INTRODUCTION

1.1. Contractor shall provide hydrogeological and engineering services in support of rehabilitation of six (6) well stations: Well 5-02, Well 16-02, Well 21, Well 26, Well 32, and Well 34, as set forth herein.

1.2. To the extent not inconsistent with this Agreement, the City's RFP 21-22-07B (including subsequent updates), Contractor's proposal response dated March 7, 2022., are incorporated herein by this reference, subject to the terms and conditions of the Agreement.

2. PHASE 1 - SCOPE OF SERVICES

2.1. Task 1 – General Project Management Services and Coordination

2.1.1. Contractor shall provide project management services up to the production of the Well Rehabilitation Technical Recommendation. This includes the management of any subconsultants, if any, to gather any further information required to produce the Well Rehabilitation Technical Recommendation. Contractor shall:

2.1.1.1. Prepare for and attend kick off meeting

2.1.1.2. Manage subconsultants, if required, for the following subtasks:

2.1.1.2.1. Well Video

2.1.1.2.2. Sanding

2.1.1.2.3. Capacity Test

2.1.1.3. Provide general administration

2.1.1.4. Provide up to two (2) progress update meetings per well site.

2.1.1.4.1. Meetings can be combined as necessary.

2.1.1.4.2. One (1) meeting shall occur at the conclusion of data analytics and prior to the recommendation for Focused Intake Pumping.

2.1.1.4.3. One (1) meeting shall occur at the conclusion of Task 2, prior to making a final recommendation for Task 3.

2.1.1.4.4. The meetings shall be accompanied by a presentation and brief technical memo.

2.2. Task 2 – Data Analytics and Acquisition

2.2.1. Contractor shall analyze the following well data provided by the City:

2.2.1.1. Schaff and Wheeler 2014 Well Assessment Report

2.2.1.2. Pump Testing Data (YR)

2.2.1.3. Pump Curves

2.2.1.4. Driller's Log

2.2.1.5. Most Recent Well Videos

2.2.1.6. Well Completion Reports (YR)

2.2.1.7. Well Design Drawing and Specs

2.2.1.8. DDW Well Data Sheet

2.2.1.9. Efficiency Test

2.2.1.10. Water Quality Data

2.2.1.11. Rossum sand tests – Contractor may consider rerunning this test during the investigation of the data

2.2.1.12. Rehabilitation Records

2.2.2. The City provided to Contractor a summary of available data for each well. Contractor shall be responsible for the acquisition of any missing critical well data that is not currently available, including administering all on site testing. If on site testing is required, then Contractor shall provide all tools, equipment, and materials to complete the work.

2.2.3. If additional testing and data acquisition is required before the Contractor can reach a conclusion on candidates and process for reactivation, and the proposed work requires a third party, then Contractor shall obtain quotes for the proposed work, make recommendations to the City on the selection of additional subconsultants, and act as the City's representative during the work.

2.2.4. Contractor shall provide services to manage EMT-24 Survey, Well Video Survey, Title 22 Water Quality Analysis, and any other testing required as a result of ongoing research.

2.2.5. The preliminary data presented by Contractor will determine if Focused Intake Pumping is a beneficial step to remediate the issues at each well. Contractor shall not proceed with Focused Intake Pumping unless the City has provided prior approval.

2.2.6. Contractor shall provide services to conduct zone specific water quality sampling and flow profiling for well 32 only. This task shall include well redevelopment, time series sampling, flowmeter survey, depth specific sampling, water quality analysis and reporting.

2.3. Task 3 - Well Rehabilitation Technical Recommendation

2.3.1. At the conclusion of the Data Analysis and Acquisition phase, Contractor shall prepare a Well Rehabilitation Technical Recommendation for the group of wells. The recommendation shall include:

2.3.1.1. the steps to remediate the sanding while maximizing the capacity of the selected wells;

2.3.1.2. an estimate of the proposed work;

2.3.1.3. a schedule of the proposed work;

2.3.1.4. the details of what is outsourced; and

2.3.1.5. an engineer's estimate for the rehabilitation efforts.

2.3.2. For wells that are not considered candidate for rehabilitation, Contractor shall provide a justification for the recommendation.

2.3.3. The deliverable shall be provided in a technical memo or report in a PDF format.

2.3.4. Upon the review of Task 3, the City may elect to move forward to Phase 2 for one or all the identified candidates.

2.4. Task 4 – Development Plan for Reactivation of Granular Activated Carbon Treatment System for Iron and Manganese Removal at Well Station 32

2.4.1.

2.4.2. Contractor shall conduct a minimum of two site visits to investigate the available data and determine the steps to reactivate the treatment facility. Contractor shall prepare a basis of reactivation memo highlighting the identified steps to remediate any operational issues that include but not limited to media exchange, instrumentation set point reconfigurations, chemical treatment, run to waste cycles, and instrumentation upgrades to restore the treatment unit to operation.

2.4.3. Contractor shall also provide an estimate of the proposed work, a schedule of the proposed work, and the details of what is outsourced.

2.5. Task 5 – Develop Rehabilitation Technical Specifications

2.5.1. Contractor shall prepare a set of technical specifications and associated construction details for each proposed well rehabilitation identified in Task 3. These methods may include:

2.5.1.1. mechanical rehabilitation such as airlifting, swabbing, jetting, or brushing via mechanical means with the aided use of NSF 61 approved well cleaning additives;

2.5.1.2. physical permanent modification to the well casing such as swedging or lining the well;

2.5.1.3. temporary modification to the well casing such as installing a packer system; and

2.5.1.4. other modification measures not mentioned here.

2.5.2. The specifications shall also include cleaning, test pumping, pre and post well video inspections, pre and post sand testing, and other recommendations to validate the effectiveness of the rehabilitation improvements.

2.5.3. Contractor shall provide digital copies of the Draft Specifications at the 70% and 90% completion phases for City's review and comment.

2.5.4. Contractor shall conduct two virtual workshop meetings at the 70% and 90% submittal phase to review the Draft Specifications and obtain City's comments.

2.5.5. Contractor shall submit three (3) hard copies of the Final Specifications along with the electronic files (both Microsoft Word and PDF format).

2.6. Task 6 – Bid Advertisement and Contractor Selection Services

2.6.1. Contractor shall assist the City in producing a scope of work and bid package for advertisement of the Well Rehabilitation to include:

2.6.1.1. prepare technical specifications package;

2.6.1.2. prepare the project drawings and construction details;

2.6.1.3. prepare itemized bid;

2.6.1.4. assemble the bid package;

2.6.1.5. if necessary, respond to request for clarifications during the bid process;

2.6.1.6. provide guidance on contractor selection and provide a bid summary;

2.6.2. The City will advertise the bid package through the City's e-procurement system and will review and tabulate all bids for the project team to review.

2.7. Task 7 – Engineering Services During Rehabilitation

2.7.1. Contractor shall assist the City during the rehabilitation process and act as the owner's representative during this phase of the work. Contractor shall provide technical support and engineering services throughout the duration of the well rehabilitation project on a time and materials basis with a not-to-exceed amount established prior to commencement of work.

2.7.2. The scope of services for this task shall include the following:

2.7.2.1. attend preconstruction meetings;

2.7.2.2. review contractor submittals, work plans, and schedules;

2.7.2.3. respond to contractor generated RFIs and RFQs;

2.7.2.4. assist with invoice review and change orders;

2.7.2.5. provide on-site inspection services; and

2.7.2.6. document all rehabilitation activities and provide as-builts and records drawings for the City.

2.7.3. It is anticipated the during the actual rehabilitation work, Contractor will be present as needed to enforce the specification and provide routine updates to the City's Project Manager.

EXHIBIT B
SCHEDULE OF FEES

1. MAXIMUM COMPENSATION

The total maximum compensation the City will pay the Contractor under this Agreement shall not exceed **One Million Seven Thousand Eight Hundred Eighty Dollars ($1,007,880)** during the term of the Agreement. Any additional fees, costs and expenses requested by the City that would exceed the preceding maximum amount will be addressed in an Amendment to the Agreement.

2. FEE SCHEDULE

2.1. Contractor shall pay Contractor the amount for each of the tasks described in Exhibit A as follows:

Description	Tasks 1-3	Task 4	Task 5	Task 6	Task 7	Total
Well 5-02	$78,946.25		$5,880.00	$1,792.00	$62,227.00	$148,845.25
Well 16-02	$78,946.25		$5,880.00	$1,792.00	$62,227.00	$148,845.25
Well 21	$105,170.25		$5,880.00	$1,792.00	$62,227.00	$175,069.25
Well 26	$78,946.25		$5,880.00	$1,792.00	$62,227.00	$148,845.25
Well 34	$105,170.25		$5,880.00	$1,792.00	$62,227.00	$175,069.25
Well 32	$140,101.00	$71,104.60				$211,205.60
TOTAL	**$587,280.25**	**$71,104.60**	**$29,400.00**	**$8,960.00**	**$311,135.00**	**$1,007,879.85**

2.2. Contractor shall be paid on a fixed fee basis for Tasks 1 – 6. The fees include all labor, materials, equipment, overhead, general administrative costs, and profit.

2.3. Contractor shall be paid on a time and material basis for Task 7 in accordance with the following rates:

Labor Classification	HourlyRate
Principal Hydrogeologist	$195
Project Hydrogeologist	$145
Staff Hydrogeologist	$135
GIS Technician	$120
Project Coordinator	$105
Clerical	$80
Non-Labor Charges Mileage = $0.585 per mile (i.e., the allowable IRS rate); Field visit (day) = $50; Field visit (overnight) = $160; Transducer rental = $25 per day	

2.4. The assumptions made in calculating the amounts in Section 2.1 above are described in Contractor's Cost Proposal dated July 1, 2022. The amounts may

change during the project if the assumptions factored in during the cost process change. Any changes in the amounts shall be agreed to by both parties in writing.

3. PAYMENT SCHEDULE

3.1. With respect to progress payments for Tasks 1 – 6. Contractor shall base its invoice on the percentage of services completed during the previous month.

3.2. With respect to payments for Task 7, Contractor shall base its invoice on the hours, professional fees, costs, and charges associated with the services completed during the invoice period in accordance with the fee schedule in Table x.

3.3. City will pay Contractor within thirty (30) days of City's receipt of an approved invoice.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Contractor's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Contractor shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Contractor's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Contractor; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Contractor to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Contractor and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Contractor included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Contractor or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Contractor. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Contractor's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Contractor shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Contractor's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Contractor and City agree as follows:

1. Contractor agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor, except as with respect to limits. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Contractor agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Contractor in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Contractor, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Contractor shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Contractor or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Contractor shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications

and other items required to be delivered to City pursuant to this Agreement shall be e-mailed to ctsantaclara@ebix.com:

Or by mail to:
EBIX Inc.
City of Santa Clara – Water & Sewer Utilities Department
P.O. Box 100085 – S2
Duluth, GA 30096
Telephone number: 951-766-2280
Fax number: 770-325-0409

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Contractor shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EXHIBIT D
LABOR COMPLIANCE ADDENDUM

This Agreement is subject to the requirements of California Labor Code section 1720 et seq. requiring the payment of prevailing wages, the training of apprentices, and compliance with other applicable requirements.

A. **Prevailing Wage Requirements**

1. Contractor shall be obligated to pay not less than the General Prevailing Wage Rate, which can be found at www.dir.ca.gov and are on file with the City Clerk's office, which shall be available to any interested party upon request. Contractor is also required to have a copy of the applicable wage determination posted and/or available at each job site.

2. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.

3. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov .

4. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.

5. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, Contractor agrees to present to City, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 *et seq*, as well as any additional documentation requested by the City or its designee including, but not limited to: certified

payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.

6. In addition to submitting the certified payrolls and related documentation to City, Contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and/or final payment.

7. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

8. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors MUST be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than $15,000 for maintenance work or less than $25,000 for construction alternation, demolition or repair work, registration is not required.

9. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor". Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

10. Should any contractor or subcontractors not be a registered public works contractor and perform work on the project, Contractor agrees to fully indemnify the City for any fines assessed by the California Department of Industrial Relations against the City for such violation, including all staff costs and attorney's fee relating to such fine.

11. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

B. Audit Rights

All records or documents required to be kept pursuant to this Agreement to verify compliance with this Addendum shall be made available for audit at no cost to City, at any time during regular business hours, upon written request by the City Attorney, City Auditor, City Manager, or a designated representative of any of these officers. Copies of such records or documents shall be provided to City for audit at City Hall when it is

practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records or documents shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

C. Enforcement

1. City shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., City may continue to hold sufficient funds to cover estimated wages and penalties under the Agreement.

2. Based on State funding sources, this project may be subject to special labor compliance requirements of Proposition 84.

3. The City is not obligated to make any payment due to Contractor until Contractor has performed all of its obligations under these provisions. This provision means that City can withhold all or part of a payment to Contractor until all required documentation is submitted. Any payment by the City despite Contractor's failure to fully perform its obligations under these provisions shall not be deemed to be a waiver of any other term or condition contained in this Agreement or a waiver of the right to withhold payment for any subsequent breach of this Addendum.

City or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to $200 per day per worker for each wage violation identified; $100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and $25 per day per worker for any overtime violation.

22-889 Agenda Date: 8/16/2022

REPORT TO COUNCIL

SUBJECT
Action on an Agreement with Kyle Groundwater, Inc. for Well Condition Assessment and Engineering Services During Rehabilitation

COUNCIL PILLAR
Deliver and Enhance High Quality Efficient Services and Infrastructure

BACKGROUND
The Water and Sewer Utilities Department (Department) is responsible for providing dependable supply of safe, potable water for the residents and businesses in Santa Clara. Today, the City's water supply comes from 20 active groundwater wells and water purchased from the Santa Clara Valley Water District (Valley Water) and the San Francisco Public Utilities Commission (SFPUC).

Due to the current drought, wholesale water supplies from the Valley Water and SFPUC have been significantly reduced as water has become scarce throughout the region. In addition, the City has lost a number of wells from decommissioning of aging wells. To offset the shortfall, the Department is considering rehabilitating six of the 10 inactive wells.

The six inactive wells identified for potential reactivation are Well 5-02, 16-02, 21, 26, 32, and 34. To reactivate these wells, the Department requires the services of a consultant to perform well assessments, provide technical recommendations, develop technical specifications for rehabilitation, assist staff with bid advertisement, contractor selection, and provide engineering support services during rehabilitation.

DISCUSSION
Pursuant to City Code Section 2.105.330 and State laws governing procurement of architectural and engineering services, the City followed a qualifications-based selection process whereby proposers are evaluated and the most qualified is selected, subject to negotiation of fair and reasonable compensation.

On March 3, 2022, the City published a Request for Proposal (RFP) for well condition assessment and engineering services during rehabilitation. Three proposals were received from the following firms:

- Bonkowski & Associates
- KYLE Groundwater, Inc. (KYLE)
- Luhdorff & Scalmanini Consulting Engineers (LSCE)

The proposals were independently evaluated by a three-member evaluation team. KYLE and LSCE

were invited to participate in oral interviews to introduce their proposed project team members and demonstrate their experience and capacity to meet the City's requirements. After concluding the evaluation process, the evaluation team ranked KYLE as the most qualified consultant.

The term of the proposed agreement with KYLE is three years, effective from September 1, 2022 to August 31, 2025. The maximum compensation under the proposed agreement is $1,007,880 as summarized below.

Description	Amount
Well 5-02	$148,845
Well 16-02	$148,845
Well 21	$175,069
Well 26	$148,845
Well 34	$175,070
Well 32	$211,206
Maximum Compensation	$1,007,880

Due to the age and type of construction, the wells have historically exhibited water quality, production and sanding issues. Under the proposed agreement, KYLE will perform an initial condition assessment and provide recommendations on whether the wells can be successfully rehabilitated to mitigate the primary issues of concern. If the City proceeds with rehabilitating the wells, KYLE will also assist staff with preparing technical specifications and provide engineering support services during construction.

Rehabilitation of these wells will provide the critical redundancy to the City's water supply, thereby reducing the City's dependence on purchased treated water supply and ensuring the residents and businesses in Santa Clara continue to have a reliable supply of water.

ENVIRONMENTAL REVIEW

The action being considered is exempt from formal environmental review under the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15301(b) (Class 1 - "Existing Facilities") as the activity consists of the operation, repair, and maintenance of existing public structures, facilities, and mechanical equipment, including publicly owned utilities, involving negligible or no expansion of the existing use.

FISCAL IMPACT

The Department's capital improvement program includes funding in the New and Replacement Wells project, which would be used for this agreement.

COORDINATION

This report has been coordinated with the Finance Department and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board

outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220 or via email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Authorize the City Manager to execute an agreement with KYLE Groundwater, Inc. for well condition assessment and engineering services during rehabilitation starting on or around September 1, 2022 and ending on or around August 31, 2025, with maximum compensation not-to-exceed $1,007,880, subject to the appropriation of funds.

ATTACHMENTS

1. Agreement for Design Professional Services with KYLE Groundwater, Inc.

AMENDMENT NO. 1
TO THE AGREEMENT FOR SERVICES
BETWEEN THE
CITY OF SANTA CLARA, CALIFORNIA,
AND
KYLE GROUNDWATER, INC.

PREAMBLE

This agreement ("Amendment No. 1") is entered into between the City of Santa Clara, California, a chartered California municipal corporation ("City") and KYLE Groundwater, Inc., a California corporation ("Contractor"). City and Contractor may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. The Parties previously entered into an agreement entitled "Agreement For Design Professional Services Between the City of Santa Clara, California and Kyle Groundwater, Inc.", dated August 24, 2022 ("Agreement"); and

B. The Parties entered into the Agreement for the purpose of having Contractor provide hydrogeological and engineering services ("Services"), and the Parties now wish to amend the Agreement to reinstate the expired Agreement, extend the term, scope of services, and fee schedule to allow for the completion of work.

NOW, THEREFORE, the Parties agree as follows:

AMENDMENT TERMS AND CONDITIONS

1. REINSTATEMENT

   To reinstate the Agreement and extend the expiration of the Agreement so that it did not terminate on August 31, 2025. All rights and obligations shall continue from August 31, 2025 through the agreement term set forth in this Amendment No. 1. By this Amendment the Parties agree to ratify the term extension.

2. Section 2 of the Agreement, entitled "Term of Agreement" is amended and restated as follows:

   "Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on the Effective Date and terminate on December 31, 2026.

3. Exhibit A of the Agreement, entitled “Scope of Services”, Section 2.2.6 is amended to specify the wells for which services will be provided. The amended section 2.2.6 shall read as follows:

   “**2.2.6** Contractor shall provide services to conduct zone specific water quality sampling and flow profiling for well 32 and well 26 only. This task shall include well redevelopment, time series sampling, flowmeter survey, depth specific sampling, water quality analysis and reporting.”

4. Exhibit B of the Agreement, entitled “Schedule of Fees”, Section 2.1 is amended to reflect the actual amounts required per well and per task. The amended section 2 shall read as follows:

   “**2.1** Contractor will be compensated for Services according to the table below:

Description	Tasks 1-3	Task 4	Task 5	Task 6	Task 7	Total
Well 5-02	$78,946.25	$0.00	$5,880.00	$1,792.00	$62,227.00	$148,845.25
Well 16-02	$26,165.70	$0.00	$5,880.00	$1,792.00	$62,227.00	$96,064.70
Well 21	$40,066.31	$0.00				$40,066.31
Well 26	$301,650.69	$0.00	$5,880.00	$1,792.00	$62,227.00	$371,549.69
Well 34	$44,803.56	$0.00	$7,170.00	$1,792.00	$93,471.04	$147,236.60
Well 32	$204,117.30	$0.00	$0.00	$0.00	$0.00	$204,117.30
TOTAL	**$695,749.81**	**$0.00**	**$24,810.00**	**$7,168.00**	**$280,152.04**	**$1,007,879.85**

5. Exhibit B of the Agreement, entitled “Schedule of Fees”, Section 2.4 is amended and revised as follows:

   “**2.4** The amounts listed in Section 2.1 above may change during the project if the assumptions factored in during the cost process change. Any changes in the amounts shall be agreed to by both Parties in writing.”

6. Except as set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect. In case of a conflict in the terms of the Agreement and this Amendment No. 1, the provisions of this Amendment No. 1 shall control.

The Parties acknowledge and accept the terms and conditions of this Amendment No. 1 as evidenced by the following signatures of their duly authorized representatives.

REPORT TO COUNCIL

SUBJECT

Action on Ratification of an Emergency Sole Source Purchase Order to Pump Repair Services Company for the Purchase and Installation of a Replacement Pump and Motor for the City's Groundwater Well 10 in an Amount Not to Exceed $362,675

BACKGROUND

The City's groundwater wells provide approximately 60 percent of the City's potable water supply. One of those wells, Well 10, located at 3640 Forest Avenue, was constructed in 1957 and is one of the City's active groundwater production wells.

Well 10 is part of the City's local groundwater production system, which supports the reliability, resiliency, and cost-effectiveness of the City's potable water supply by reducing reliance on imported water. Maintaining active groundwater wells is important to meeting customer demand, preserving operational flexibility, and supporting the City's ability to respond to seasonal demand fluctuations, supply interruptions, or other system constraints.

Due to the age of Well 10 and its continued role as an active potable water supply asset, timely repair and replacement of critical well components is necessary to maintain production capacity, regulatory compliance, and water system reliability. When a groundwater production well is removed from service for an extended period, the City may face regulatory, operational, and cost impacts associated with returning the well to active service.

DISCUSSION

Overview of the Emergency Event

In June 2026, during routine operation of Well 10, staff observed significant vibration and removed the well from service pending inspection. The inspection identified substantial wear to multiple components of the pump assembly, including bowl bearings, impeller wear rings, and the drive coupling, as well as cavitation-related wear to the impeller. Based on the age and condition of the equipment, staff determined that the pump and associated components required replacement.

Pump Repair Services Company provided a cost estimate of $362,675 for all parts, freight, equipment, and labor required to deliver and install the replacement pump and motor. The replacement equipment has an estimated fabrication lead time of approximately four months. This lead time created an urgent need to authorize the purchase immediately because Well 10 would remain out of service during fabrication and installation.

The emergency arose from the combination of the failed condition of the existing equipment, the long

fabrication lead time for the replacement pump and motor, the regulatory risk associated with an extended outage, and the potential impact on the City's potable water supply reliability. Specifically:

- The State Water Resources Control Board, Division of Drinking Water, requires a well to be classified as inactive if it is not operated for three months. Once a well is classified as inactive, reactivation requires a State permit amendment. The permit amendment process may also require upgrades to meet current State standards before the well can be returned to service. The City notified the Division of Drinking Water that fabrication of the replacement pump and motor is expected to take approximately four months and that Well 10 will remain offline during that period. At this time, the Division of Drinking Water has not required Well 10 to be reclassified as inactive. However, any delay in authorizing the purchase would further extend the outage period and increase the likelihood that Well 10 could be moved to inactive status.

- Because Well 10 was constructed in 1957, any required upgrades resulting from an inactive classification could be extensive and may result in significant additional costs, permitting delays, and an extended period during which the well would remain offline.

- Well 10 is also required to undergo State Water Resources Control Board Title 22 water quality sampling by the end of the calendar year. Delays in ordering, fabricating, and installing the replacement pump and motor would reduce the time available to complete the required sampling and could affect the City's ability to meet this regulatory requirement.

Given these circumstances, staff determined that immediate procurement was necessary to protect public health and the environment, preserve the reliability of the City's potable water supply, reduce the risk of regulatory noncompliance, and avoid potentially significant additional costs and delays associated with inactive well classification. The situation met the emergency purchasing criteria under City Code Section 2.105.260(a), and a notice to proceed was issued to Pump Repair Services Company on July 6, 2026.

Sole Source Basis

The purchase was also appropriately processed as a sole source procurement. The City's groundwater well system uses Byron Jackson pumps and motors, and replacing the failed equipment at Well 10 with compatible Byron Jackson equipment is necessary to maintain consistency with existing City infrastructure. Use of matching equipment supports compatibility with the existing well configuration, established maintenance practices, spare parts inventory, staff training, and vendor support.

Introducing a different pump or motor manufacturer at Well 10 could create additional design, installation, operational, and maintenance risks, including potential compatibility issues with existing system components and the need for revised procedures, different spare parts, and additional staff training. In the context of an active potable water supply well that needed to be returned to service as quickly as possible, these risks were not in the City's best interest.

Pump Repair Services Company is the only authorized and factory-trained dealer for Byron Jackson products in Northern California. Therefore, the purchase meets the sole source criteria under City Code Sections 2.105.280(b)(2) and 2.105.280(b)(3), because the replacement equipment is needed

to match existing City equipment currently in use and is available from only one authorized source in the region.

Mercury Seal Replacement

The replacement also provides an opportunity to eliminate the existing motor's mercury mechanical seal, an older technology that presents increased environmental, maintenance, and worker safety risks. The new pump will include a modern non-mercury mechanical seal, improving system reliability, reducing maintenance complexity, and eliminating the potential for mercury releases during operation, repair, or future handling of the equipment.

Elemental mercury is regulated as a hazardous material and hazardous waste under California Code of Regulations, Title 22, and employee exposure is regulated by Cal/OSHA under 8 CCR Sections 5155 and 5194. Replacing the mercury seal reduces hazardous waste liabilities, simplifies future maintenance and disposal activities, minimizes worker exposure risks, and aligns the City's drinking water infrastructure with current industry best practices and prudent asset management.

Council Ratification

City Code Section 2.105.260(c) requires the City Manager and/or their designee to provide a post-emergency report to the City Council on the use of any reserve amounts expended for emergency purposes. This report serves as the required post-emergency report and requests Council approval to expend the necessary funds and ratify the purchase order issued to Pump Repair Services Company in the amount of $362,675.

Ratification is requested because immediate authorization was necessary to begin the fabrication process without delay, reduce the duration of the Well 10 outage, preserve the well's active status, support timely completion of required water quality sampling, and maintain the reliability of the City's potable water supply system.

ENVIRONMENTAL REVIEW

The action being considered is exempt from formal environmental review under the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines Section 15301(b) (Class 1 - "Existing Facilities") as the activity consists of the operation, repair, and maintenance of existing public structures, facilities, and mechanical equipment, including publicly owned utilities, involving negligible or no expansion of the existing use.

FISCAL IMPACT

The cost of the Well 10 replacement pump and motor is $362,675. Funding is available in the New and Replacement Wells project in the Water Utility Capital Fund.

COORDINATION

This report has been coordinated with the Finance Department and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special

Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220 or via email clerk@santaclaraca.gov <mailto:clerk@santaclaraca.gov> or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Note and file this Post-Emergency Report pursuant to Santa Clara City Code Section 2.105.260 (c); and
2. Ratify the emergency sole source purchase order with Pump Repair Services Company for the purchase and installation of replacement pump and motor for Groundwater Well 10 in an amount not to exceed $362,675.

City of Santa Clara
1705 Martin Ave.
Santa Clara, CA 95050
Attn: Lawrence Tam

SUBJECT: WELL 10

Dear Lawrence,

We are pleased to provide you with an estimated proposal on the materials and labor that are listed below.

1 – Byron Jackson 200 HP, 14M	$121,815.00
460 volt, type M, NSF-61	
Refurbished submersible motor,	
1 – 200 HP 14" type M,	-8,900.00
Byron Jackson trade in credit	
Refurbished motor Total	**112,915.00**
Design Conditions: 1650 GPM @ 295' TDH	
1 – Byron Jackson / Flowserve	45,711.00
Model 13 ETMH/13 MQH	
4 stage, 416 SS shaft,	
C903 tin bronze impellers	
4" discharge submersible	
Bowl assembly NSF-61	
With non-witness performance test	
1 – 1/0 motor flat cable factory	60,715.00
Splice onto 370' of 350 MCM	
Power cable, including a breakout	
seal boot on submersed end of round	
Cable NSF-61	
350' feet of 10" .279 uncoated NSF-61	29,700.00
Wall column pipe	
1 – 10" column pipe check valve	4,175.00

ESTABLISHED 1941
P.O. BOX 34327 SAN FRANCISCO, CA 94134-0327 415.467.2150 FAX 415.467.7442
www.pumprepairservice.com

1 – 3" Power cable liquid tight SS connector	375.00
1 – Lot of SS buckles and bandit	600.00
Materials	
1 – Shipping crate	1,200.00
Misc Hardware	300.00
Materials	$255,691.00
Factory freight & handling	16,000.00
Sales tax 9 3/4%	26,489.87
Drain oil, handling, crating, cleaning, wrapping	1,860.00
Existing 200 HP in plastic, ship back to Flowserve	
Freight back to Flowserve MD	5,000.00
Field labor to remove 350 feet of column pipe	12,400.00
Well rig/service truck	2,100.00
Estimated field labor to separate Byron	
Jackson motor from bowl assembly	
Install shipping cap	3,000.00
Boom truck/service truck	825.00
Shop labor	4,960.00
Weld 3" threaded coupling onto bottom of	
Discharge head for grommet to seal power cable	1,750.00
Estimated field labor to reinstall	15,500.00
New pumping equipment with 300 feet of column pipe	
Well Rig / Boom Truck / Service Truck	2,250.00
Video survey – Dual view camera	1,350.00
Nylon wire brush, swab and airlift or	
ball debris and fill from bottom	13,500.00
Revideo survey (no charge)	0
Estimated Total	**$362,675.87**
Delivery on motor	16 Weeks
Delivery on power cable	16 Weeks
Delivery on bowl assembly	16 Weeks
Delivery on column pipe	12 Weeks

If you have any questions on the above, please give me a call.

Sincerely,

Wayne Archer

REPORT TO COUNCIL

SUBJECT

Action on the Award of a Public Works Contract for the Northern Receiving Station to Kifer Receiving Station 115 Kilovolt Transmission Line Project to Outsource Utility Contractor, LLC, for a Not-to-Exceed Amount of $31,172,792, Inclusive of a 20% Contingency (Contract No. 2455), and Related Budget Amendment

BACKGROUND

The City of Santa Clara's Electric Department, Silicon Valley Power (SVP), issued a public works bid packet for the Northern Receiving Station (NRS) to Kifer Receiving Station (KRS) 115 kV Transmission Line Project, Project No. 2455 (Project). SVP is constructing approximately 2.24 miles of new 115kV transmission line within the northeastern area of the City of Santa Clara. The proposed project was identified in SVP's Three-Year System Growth Plan Strategy that was accepted by the City Council on September 28, 2021 (RTC #21-871), to support anticipated system growth and to replace end-of-life equipment for system reliability.

The primary objective of the new transmission line is to connect the NRS and KRS receiving stations. This connection will allow energy to be balanced and redistributed within SVP's transmission receiving stations and enable SVP to serve the projected load growth based on SVP Resource Load Forecast.

After evaluating three potential transmission routes, the City Council approved the preferred route on November 12, 2024 (RTC #24-1040), an overhead alignment along Lafayette Street, Bassett Street, and Duane Avenue. The route was selected based on its overall feasibility, permitting constraints, ability to meet the schedule, flexibility in power delivery, ease of maintaining the system, and reduced construction disruption to the public as compared to the other alternatives.

The City Council has previously taken several actions on the Project:

- March 19, 2024 - RTC #24-1614 - Informational Report
- November 12, 2024 - RTC #24-1040 - Action on a Mitigated Negative Declaration (MND) and Mitigation Monitoring and Reporting Program (MMRP) and Route Approval for the Project
    - Approved the Adoption of a MND and the MMRP
    - Approval of Route A, Option 1, for an entirely overhead alignment of the new 115kV transmission line
- February 25, 2025 - RTC #25-212 - Authority to Execute Purchase and Sale Agreements (PSAs) for Easement Acquisitions
- Numerous other interactions regarding easement acquisitions

Other actions taken for this Project include two virtual community meetings held on April 25, 2024, and May 23, 2024, as well as an in-person public engagement meeting held on August 22, 2024, to present and receive comments from the community on the transmission line route.

DISCUSSION

On June 15, 2026, in accordance with Section 1310 of the City of Santa Clara Charter, which governs the competitive bidding for public works, a competitive Request for Bids (RFB) for the Project, was published on the City's e-procurement system. The RFB was viewed by various vendors, including contractors, suppliers, plan rooms, and builder exchanges, among others. Additional vendors were able to view the RFB as members of various plan rooms and builder exchanges. Staff also reached out directly to contractors and vendors who have viewed similar projects in the past.

On July 30, 2026, the bid opening for the Project was held via video conference. The City received four bid entries, as summarized in Table 1 below.

Table 1 - Bid Summary

Bidder	Total Bid Amount (Rounded to the Nearest Dollar)
DMZ Builders	$1
Outsource Utility Contractor, LLC	$25,554,827
Henkels & McCoy West, LLC	$29,279,130
DMZ Builders	$39,765,281

At the bid opening, DMZ Builders submitted a bid entry in the amount of $1. Following the bid opening, staff confirmed with DMZ Builders that the $1 bid was submitted in error. Staff rejected the $1 bid. Thereafter, Outsource Utility Contractor, LLC was identified as the lowest apparent bidder, with a submitted bid in the amount of $25,554,827 which is five percent (5%) less than the Engineer's Estimate of $26,900,000.

SVP staff included scope additives in the form of bid alternates to provide flexibility to accommodate additional work that may occur as the transmission pole procurement is finalized (foundation diameter changes) and coordination with the Federal Aviation Administration (FAA) due to proximity to the San Jose International Airport. The bid documents include a reservation for the City "…to add to…the Contract any of the additive…alternates included in the Bid Proposal…" The alternate work requested includes unit pricing for differing diameter foundations, installation of FAA lights, and/or conductor marker balls. Staff requests the approval of Bid Alternates #1-4 for a total amount not-to-exceed $422,500.

Staff reviewed the bid for compliance with the terms and conditions of the bid documents and determined that Outsource Utility Contractor, LLC is the lowest responsive and responsible bidder. Accordingly, staff recommend awarding the contract to Outsource Utility Contractor, LLC.

The recommended contract includes a maximum compensation of $25,977,327 (inclusive of Bid Alternates #1-4), plus a 20% contingency for any potential change orders. The total not-to-exceed contract amount, including contingency, is $31,172,792.

Approval of the contract award will authorize the City Manager to execute the public works contract for the Project in substantially the same form as attached to this Report to Council (Attachment 1). Upon City Council approval, Outsource Utility Contractor, LLC will be required to provide performance and payment bonds. Applicable Mitigation, Monitoring and Reporting Program requirements were incorporated into the Contract.
Construction of the Project is anticipated to begin in September 2026 with completion in 2028 in order to meet SVP's load growth and regional projects. The contract includes prevailing wage requirements.

ENVIRONMENTAL REVIEW
The Mitigated Negative Declaration (MND) and Mitigation, Monitoring and Reporting Program (MMRP) were prepared for the Project in conformance with California Environmental Quality Act. These documents and Notice of Availability were posted on the City's website at <http://www.santaclaraca.gov/ceqa> and circulated for 30-day review from July 31, 2024, to August 30, 2024.

The MND examined environmental impacts associated with the Project. The MND identified potentially significant impacts to air quality, biological, cultural resources, geology and soils, hazards and hazardous materials, hydrology and water, noise, and traffic/transportation. However, the MND and MMRP incorporates mitigation measures to reduce the potentially significant impacts to less-than -significant.

The MND and MMRP were adopted by the City Council on November 12, 2024, by Resolution No. 24 -9386. Applicable MMRP requirements were incorporated into the Contract.

FISCAL IMPACT
The cost of the base construction contract (inclusive of bid alternates) is $25,977,327, plus a 20% contingency, or $5,195,465, for any potential change orders for a total not-to-exceed contract amount of $31,172,792. Partial funding for the contract is included in the 115 kV NRS - KRS Transmission Line Project in the Electric Utility Capital Fund in the FY 2026/27 Adopted Budget. A budget action is recommended below to appropriate an additional $3.5 million to fully fund the construction contract and contingencies as well as other project-related costs.

Budget Amendment
FY 2026/27

	Current	Increase/ (Decrease)	Revised
Electric Utility Fund (091)			
Transfers To			
Electric Utility Capital Fund	$156,967,000	$3,500,000	$160,467,000
Ending Fund Balance			
Unrestricted Ending Fund Balance	$89,187,646	($3,500,000)	$85,687,646

Electric Utility Capital Fund (591)			
Transfers From			
Electric Utility Fund	$156,967,000	$3,500,000	$160,467,000
Expenditures			
NRS - KRS 115kV Line Project	$41,632,501	$3,500,000	$45,132,501

COORDINATION

This report has been coordinated with the Finance Department and the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Award the Public Works Contract for the Northern Receiving Station to Kifer Receiving Station 115 Kilovolt Transmission Line Project (No. 2455) to the lowest responsive and responsible bidder, Outsource Utility Contractor, LLC in the amount of $25,977,327, and authorize the City Manager or designee to execute a public works contract (Contract) in substantially the form attached to this Report to Council, subject to the review and approval as to form by the City Attorney;
2. Authorize the City Manager or designee to (a) take any necessary actions to implement and administer the Contract including executing any and all documents in furtherance of the award, completion, and acceptance of the Project and (b) approval of any necessary change orders not to exceed 20 percent (20%) of the Contract price inclusive of Bid Alternates, or $5,195,465, for a total Contract amount not to exceed $31,172,792; and
3. Approve the following FY 2026/27 budget amendments:
   a. In the Electric Utility Fund, increase the Transfer to the Electric Utility Capital Fund and decrease the Unrestricted Ending Fund Balance in the amount of $3.5 million (five affirmative Council votes are required for the use of unused balances), and
   b. In the Electric Utility Capital Fund, increase the Transfer from the Electric Utility Fund and the NRS-KRS 115kV Line project in the amount of $3.5 million (five affirmative Council votes are required to appropriate additional revenue).

ATTACHMENTS

1. Public Works Contract for the Northern Receiving Station to Kifer Receiving Station 115 Kilovolt Transmission Line Project

Contract

This public works contract ("Contract") is entered into by and between City of Santa Clara ("City") and _____ ("Contractor"), for work on the Northern Receiving Station (NRS) to Kifer Receiving Station (KRS) 115 kilovolt (kV) Transmission Line Project ("Project").

The parties agree as follows:

1. **Award of Contract.** In response to the Notice Inviting Bids, Contractor has submitted a Bid Proposal to perform the Work to construct the Project. On _____, 2026, City authorized award of this Contract to Contractor for the amount set forth in Section 4, below.

1.1 **Alternate(s).** City has elected to include the bid alternate(s) identified below in the Contract. Contractor will not begin performing the Work for an alternate until the City issues a written notice to proceed with the alternate Work.

Alternate No.1 - Furnish, Excavate and Construct 5' Diameter Reinforced Concrete Pier Foundation (Only Anchor Bolt Cages Supplied by City)

Alternate No. 2 - Furnish, Excavate and Construct 9' Diameter Reinforced Concrete Pier Foundation (Only Anchor Bolt Cages Supplied by City)

Alternate No. 3 - Furnish and Install FAA light, solar panel, and battery pack (Pole locations To Be Determined)

Alternate No. 4 - Furnish and Install marker balls (Span Locations To Be Determined)

2. **Contract Documents.** The Contract Documents incorporated into this Contract include and consist of the documents listed below. The definitions provided in Article 1 of the General Conditions apply to all Contract Documents, including this Contract.

2.1 Notice Inviting Bids;
2.2 Instructions to Bidders;
2.3 Addenda, if any;
2.4 Bid Proposal and attachments thereto;
2.5 Contract;
2.6 Payment and Performance Bonds;
2.7 General Conditions;
2.8 General Requirements;
2.9 Special Conditions;
2.10 Project Plans and Specifications;

- NORTHERN RECEIVING STATION TO KIFER RECEIVING STATION 115 kV TRANSMISSION LINE (*NRS-KRS 115kV TLINE DWGS.pdf*)
- NRS-KRS 115kV TRANSMISSION LINE, UG ELECTRICAL DISTRIBUTION RELOCATIONS (*UG ELECT DIST RELOCATION DWGS.pdf*)
- UTILTIY RELOCATION PACKAGE FOR THE NRS-KRS 115kV TRANSMISSION LINE PROJECT DRAWINGS (*UG WATER AND SEWER RELOCATION DWGS.pdf*)
- TECHNICAL PROVISIONS FOR CONSTRUCTION OF NORTHERN RECEIVING (NRS) TO KIFER RECEIVING STATION (KRS) 115 KILOVOLT TRANSMISSION LINE PROJECT
    - Cover Page, Seals Page, and Table of Contents (*TECH SPEC COVER-SEALS-TOC.pdf*)
    - 115 kV Transmission Line (*TECH SPECS 1 OF 2 - 115kV TRANSMISSION LINE.pdf*)

- Underground Utility Relocations (*TECH SPECS 2 OF 2 - UG UTILITY WORK.pdf*)

2.11 Change Orders, if any;
2.12 Notice of Award;
2.13 Notice to Proceed; and
2.14 City's Standard Details, as applicable; and
2.15 The following:

3. **Contractor's Obligations.** Contractor shall perform all of the Work required for the Project, as specified in the Contract Documents. Contractor must provide, furnish, and supply all things necessary and incidental for the timely performance and completion of the Work, including all necessary labor, materials, supplies, tools, equipment, transportation, services, onsite facilities, and utilities, unless otherwise specified in the Contract Documents. Contractor must use its best efforts to diligently prosecute and complete the Work in a professional and expeditious manner and to meet or exceed the performance standards required by the Contract Documents.

4. **Payment.** As full and complete compensation for Contractor's timely performance and completion of the Work in strict accordance with the terms and conditions of the Contract Documents, City will pay Contractor $_____ ("Contract Price") for all of Contractor's direct and indirect costs to perform the Work, including all labor, materials, supplies, equipment, taxes, insurance, bonds and all overhead costs, in accordance with the payment provisions in the General Conditions.

5. **Time for Completion.** The Project must energize and put into service the 115kV Transmission Line from NRS to KRS within 529 Calendar Days from the start date set forth in the Notice to Proceed, and the Project must be fully completed within 574 Calendar Days from the start date set forth in the Notice to Proceed. By signing below, Contractor expressly waives any claim for delayed early completion.

6. **Liquidated Damages.** As further specified in Section 5.4 of the General Conditions, if Contractor fails to complete the Work within the Contract Time, City will assess liquidated damages in the amount of $11,500 per day for each day of unexcused delay in achieving Final Completion, and such liquidated damages may be deducted from City's payments due or to become due to Contractor under this Contract.

7. **Labor Code Compliance.**

7.1 **General.** This Contract is subject to all applicable requirements of Chapter 1 of Part 7 of Division 2 of the Labor Code, including requirements pertaining to wages, working hours and workers' compensation insurance, as further specified in Article 9 of the General Conditions.

7.2 **Prevailing Wages.** This Project is subject to the prevailing wage requirements applicable to the locality in which the Work is to be performed for each craft, classification or type of worker needed to perform the Work, including employer payments for health and welfare, pension, vacation, apprenticeship and similar purposes. Copies of these prevailing rates are available online at http://www.dir.ca.gov/DLSR.

7.3 **DIR Registration.** City may not enter into the Contract with a bidder without proof that the bidder and its Subcontractors are registered with the DIR to perform public work pursuant to Labor Code § 1725.5, subject to limited legal exceptions.

8. **Workers' Compensation Certification.** Pursuant to Labor Code § 1861, by signing this Contract, Contractor certifies as follows: "I am aware of the provisions of Labor Code § 3700 which require every employer to be insured against liability for workers' compensation or to

undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the Work on this Contract."

9. **Conflicts of Interest.** Contractor, its employees, Subcontractors, and agents may not have, maintain, or acquire a conflict of interest in relation to this Contract in violation of any City ordinance or requirement, or in violation of any California law, including Government Code § 1090 et seq., or the Political Reform Act, as set forth in Government Code § 81000 et seq. and its accompanying regulations. Any violation of this Section constitutes a material breach of the Contract.

10. **Independent Contractor.** Contractor is an independent contractor under this Contract and will have control of the Work and the means and methods by which it is performed. Contractor and its Subcontractors are not employees of City and are not entitled to participate in any health, retirement, or any other employee benefits from City.

11. **Notice.** Any notice required by or pursuant to the Contract Documents must be made in writing, signed, dated, and sent to the other party by personal delivery, U.S. Mail, a reliable overnight delivery service, or by email as a PDF file. Notice is deemed effective upon delivery, except that service by U.S. Mail is deemed effective on the second working day after deposit for delivery. Notice for each party must be given as follows:

12. **General Provisions.**

12.1 Assignment and Successors. Contractor may not assign its rights or obligations under this Contract, in part or in whole, without City's written consent. This Contract is binding on Contractor's and City's lawful heirs, successors and permitted assigns.

12.2 Third Party Beneficiaries. There are no intended third party beneficiaries to this Contract.

12.3 Governing Law and Venue. This Contract will be governed by California law and venue will be in the Santa Clara County Superior Court, and no other place. Contractor waives any right it may have pursuant to Code of Civil Procedure § 394, to file a motion to transfer any action arising from or relating to this Contract to a venue outside of Santa Clara County, California.

12.4 Amendment. No amendment or modification of this Contract will be binding unless it is in a writing duly authorized and signed by the parties to this Contract.

12.5 **Integration.** This Contract and the Contract Documents incorporated herein, including authorized amendments or Change Orders thereto, constitute the final, complete, and exclusive terms of the agreement between City and Contractor.

12.6 **Severability.** If any provision of the Contract Documents is determined to be illegal, invalid, or unenforceable, in whole or in part, the remaining provisions of the Contract Documents will remain in full force and effect.

12.7 **Iran Contracting Act.** If the Contract Price exceeds $1,000,000, Contractor certifies, by signing below, that it is not identified on a list created under the Iran Contracting Act, Public Contract Code § 2200 et seq. (the "Act"), as a person engaging in investment activities in Iran, as defined in the Act, or is otherwise expressly exempt under the Act.

12.8 **Authorization.** Each individual signing below warrants that he or she is authorized to do so by the party that he or she represents, and that this Contract is legally binding on that party. If Contractor is a corporation, signatures from two officers of the corporation are required pursuant to California Corporations Code § 313.

The parties agree to this Contract as witnessed by the signatures below:

Payment Bond

City of Santa Clara ("City") and _____ ("Contractor") have entered into a Contract for Work on the Northern Receiving Station (NRS) to Kifer Receiving Station (KRS) 115 kilovolt (kV) Transmission Line Project ("Project"). The Contract is incorporated by reference into this Payment Bond ("Bond").

1. **General.** Under this Bond, Contractor as principal and _____, its surety ("Surety"), are bound to City as obligee in an amount not less than $_____, under California Civil Code § 9550 et seq., to ensure payment to authorized claimants. This Bond is binding on the respective successors, assigns, owners, heirs, or executors of Surety and Contractor.

2. **Surety's Obligation.** If Contractor or any of its Subcontractors fails to pay a person authorized in California Civil Code § 9100 to assert a claim against a payment bond, any amounts due under the Unemployment Insurance Code with respect to work or labor performed under the Contract, or any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of Contractor and its Subcontractors under California Unemployment Insurance Code § 13020 with respect to the work and labor, then Surety will pay the obligation.

3. **Beneficiaries.** This Bond inures to the benefit of any of the persons named in California Civil Code § 9100, so as to give a right of action to those persons or their assigns in any suit brought upon this Bond. Contractor must promptly provide a copy of this Bond upon request by any person with legal rights under this Bond.

4. **Duration.** If Contractor promptly makes payment of all sums for all labor, materials, and equipment furnished for use in the performance of the Work required by the Contract, in conformance with the time requirements set forth in the Contract and as required by California law, Surety's obligations under this Bond will be null and void. Otherwise, Surety's obligations will remain in full force and effect.

5. **Waivers.** Surety waives any requirement to be notified of alterations to the Contract or extensions of time for performance of the Work under the Contract. Surety waives the provisions of Civil Code §§ 2819 and 2845. City waives the requirement of a new bond for any supplemental contract under Civil Code § 9550. Any notice to Surety may be given in the manner specified in the Contract and sent to Surety as follows:

   Attn: _____
   Address: _____
   City/State/Zip: _____
   Phone: _____
   Email: _____

6. **Law and Venue.** This Bond will be governed by California law, and venue for any dispute pursuant to this Bond will be in the Santa Clara County Superior Court, and no other place. Surety will be responsible for City's attorneys' fees and costs in any action to enforce the provisions of this Bond.

[Signatures are on the following page.]

7. Effective Date; Execution. This Bond is entered into and is effective on _____, 20__.

END OF PAYMENT BOND

Performance Bond

City of Santa Clara ("City") and _____ ("Contractor") have entered into a Contract for Work on the Northern Receiving Station (NRS) to Kifer Receiving Station (KRS) 115 kilovolt (kV) Transmission Line Project Project ("Project"). The Contract is incorporated by reference into this Performance Bond ("Bond").

1. **General.** Under this Bond, Contractor as principal and _____, its surety ("Surety"), are bound to City as obligee for an amount not less than $_____ to ensure Contractor's faithful performance of its obligations under the Contract. This Bond is binding on the respective successors, assigns, owners, heirs, or executors of Surety and Contractor.

2. **Surety's Obligations.** Surety's obligations are co-extensive with Contractor's obligations under the Contract. If Contractor fully performs its obligations under the Contract, including its warranty obligations under the Contract, Surety's obligations under this Bond will become null and void. Otherwise, Surety's obligations will remain in full force and effect.

3. **Waiver.** Surety waives any requirement to be notified of and further consents to any alterations to the Contract made under the applicable provisions of the Contract Documents, including changes to the scope of Work or extensions of time for performance of Work under the Contract. Surety waives the provisions of Civil Code §§ 2819 and 2845.

4. **Application of Contract Balance.** Upon making a demand on this Bond for completion of the Work prior to acceptance of the Project, City will make the Contract Balance available to Surety for completion of the Work under the Contract. For purposes of this provision, the Contract Balance is defined as the total amount payable by City to Contractor as the Contract Price minus amounts already paid to Contractor, and minus any liquidated damages, credits, or backcharges to which City is entitled under the terms of the Contract.

5. **Contractor Default.** Upon written notification from City of Contractor's termination for default under Article 13 of the Contract General Conditions, time being of the essence, Surety must act within the time specified in Article 13 to remedy the default through one of the following courses of action:

5.1 Arrange for completion of the Work under the Contract by Contractor, with City's consent, but only if Contractor is in default solely due to its financial inability to complete the Work;

5.2 Arrange for completion of the Work under the Contract by a qualified contractor acceptable to City, and secured by performance and payment bonds issued by an admitted surety as required by the Contract Documents, at Surety's expense; or

5.3 Waive its right to complete the Work under the Contract and reimburse City the amount of City's costs to have the remaining Work completed.

6. **Surety Default.** If Surety defaults on its obligations under the Bond, City will be entitled to recover all costs it incurs due to Surety's default, including legal, design professional, or delay costs.

7. **Notice.** Any notice to Surety may be given in the manner specified in the Contract and sent to Surety as follows:

Attn: _____
Address: _____
City/State/Zip: _____
Phone: _____
Fax: _____

Email: _____

8. **Law and Venue.** This Bond will be governed by California law, and venue for any dispute pursuant to this Bond will be in the Santa Clara County Superior Court, and no other place. Surety will be responsible for City's attorneys' fees and costs in any action to enforce the provisions of this Bond.

9. **Effective Date; Execution.** This Bond is entered into and effective on _____, 20___.

END OF PERFORMANCE BOND

General Conditions

Article 1 Definitions

Definitions. The following definitions apply to all of the Contract Documents unless otherwise indicated, e.g., additional definitions that apply solely to the Specifications or other technical documents. Defined terms and titles of documents are capitalized in the Contract Documents, with the exception of the following (in any tense or form): “day,” “furnish,” “including,” “install,” “work day,” or “working day.”

Allowance means a specific amount that must be included in the Base Bid set forth in the Bid Proposal form, for a specified purpose.

Article, as used in these General Conditions, means a numbered Article of the General Conditions, unless otherwise indicated by the context.

Change Order means a written document duly approved and executed by City, which changes the scope of Work, the Contract Price, or the Contract Time.

Chief Electric Utility Officer means the director of the Electric Utility Department, also known as Silicon Valley Power, and his or her authorized delegee(s).

City means the City of Santa Clara, acting through its City Council, officers, employees, City Engineer, and any other authorized representatives.

City Council means the City Council of the City of Santa Clara and its authorized delegee(s).

City Engineer means the City Engineer for City and his or her authorized delegee(s).

Claim means a separate demand by Contractor for a change in the Contract Time or Contract Price, that has previously been submitted to City in accordance with the requirements of the Contract Documents, and which has been rejected by City, in whole or in part; a written demand by Contractor disputing a unilateral Change Order or a portion thereof; or a written demand by Contractor objecting to the amount of Final Payment.

Contract means the signed agreement between City and Contractor for performing the Work required for the Project, and all documents expressly incorporated therein.

Contract Documents means, collectively, all of the documents listed as such in Section 2 of the Contract, including the Notice Inviting Bids; the Instructions to Bidders; addenda, if any; the Bid Proposal and attachments thereto; the Contract; the Notice of Award and Notice to Proceed; the payment and performance bonds; the General Conditions; the General Requirements; the Special Conditions; the Project Plans and Specifications; any Change Orders; and any other documents which are clearly and unambiguously made part of the Contract Documents. The Contract Documents do not include documents provided “For Reference Only,” or documents that are intended solely to provide information regarding existing conditions.

Contract Price means the total compensation to be paid to Contractor for performance of the Work, as set forth in the Contract and as may be amended by Change Order or adjusted for an Allowance. The Contract Price is not subject to adjustment due to inflation or due to the increased cost of labor, material, supplies, or equipment following submission of the Bid Proposal.

Contract Time means the time specified for complete performance of the Work, as set forth in the Contract and as may be amended by Change Order.

Contractor means the individual, partnership, corporation, or joint-venture that has signed the Contract with City to perform the Work.

Day means a calendar day unless otherwise specified.

Design Professional means the licensed individual(s) or firm(s) retained by City to provide architectural, engineering, or other design professional services for the Project. If no Design Professional has been retained for this Project, any reference to Design Professional is deemed to refer to the Engineer.

DIR means the California Department of Industrial Relations.

Director means the director of the Department of Public Works and his or her authorized delegee(s).

Drawings has the same meaning as Plans.

Engineer means, for a Project administered by the City's Department of Public Works, the City Engineer and his or her authorized delegees; for a Project administered by the City's Water & Sewer Utilities, the Director of Water and Sewer Utilities and his or her authorized delegees; and for a Project administered by Silicon Valley Power, the Chief Electric Utility Officer and his or her authorized delegees.

Excusable Delay is defined in Section 5.3(B), Excusable Delay.

Extra Work means new or unforeseen work added to the Project, as determined by the Engineer in his or her sole discretion, including Work that was not part of or incidental to the scope of the Work when the Contractor's bid was submitted; Work that is substantially different from the Work as described in the Contract Documents at bid time; or Work that results from a substantially differing and unforeseeable condition.

Final Completion means Contractor has fully completed all of the Work required by the Contract Documents to the City's satisfaction, including all punch list items and any required commissioning or training, and has provided the City with all required submittals including the instructions and manuals, product warranties, and as-built drawings.

Final Payment means payment to Contractor of the unpaid Contract Price, including release of undisputed retention, less amounts withheld or deducted pursuant to the Contract Documents.

Furnish means to purchase and deliver for the Project.

Government Code Claim means a claim submitted pursuant to California Government Code § 900 et seq.

Hazardous Materials means any substance or material identified as hazardous under any Laws, or any other substance or material that may be considered hazardous or otherwise subject to Laws governing handling, disposal, or cleanup.

Including, whether or not capitalized, means "including, but not limited to," unless the context clearly requires otherwise.

Inspector means the individual(s) or firm(s) retained or employed by City to test and/or inspect the workmanship, materials, and manner of construction of the Project and its components to ensure compliance with the Contract Documents and all Laws.

Install means to fix in place for materials, and to fix in place and connect for equipment.

Laws means all applicable local, state, and federal laws, regulations, rules, codes, ordinances, permits, orders, and the like enacted or imposed by or under the auspices of any governmental entity with jurisdiction over any of the Work or any performance of the Work, including health and safety requirements.

Non-Excusable Delay is defined in Section 5.3(D), Non-Excusable Delay.

Plans means the City-provided plans, drawings, details, or graphical depictions of the Project requirements, but does not include Shop Drawings.

Project means the public works project referenced in the Contract, as modified by any Project alternates elected by City, if any.

Project Manager means the individual designated by City to oversee and manage the Project on City's behalf and may include his or her authorized delegee(s) when the Project Manager is unavailable. If no Project Manager has been designated for this Project, any reference to Project Manager is deemed to refer to the Engineer.

Recoverable Costs is defined in Section 5.3(F), Recoverable Costs.

Request for Information or **RFI** means Contractor's written request for information about the Contract Documents, the Work or the Project, submitted to City in the manner and format specified by City.

Section, when capitalized in these General Conditions, means a numbered section or subsection of the General Conditions, unless the context clearly indicates otherwise.

Shop Drawings means drawings, plan details or other graphical depictions prepared by or on behalf of Contractor, and subject to City acceptance, which are intended to provide details for fabrication, installation, and the like, of items required by or shown in the Plans or Specifications.

Specialty Work means Work that must be performed by a specialized Subcontractor with the specified license or other special certification, and that the Contractor is not qualified to self-perform.

Specifications means the technical, text specifications describing the Project requirements, which are prepared for and incorporated into the Contract by or on behalf of City, and does not include the Contract, General Conditions or Special Conditions.

Standard Details means the latest version of the City's standard details and technical standards, including the City of Santa Clara Standard Details, available at https://www.santaclaraca.gov/our-city/departments-g-z/public-works/engineering/technical-documents, and the Silicon Valley Power Technical Standards, which may be available at https://www.siliconvalleypower.com/svp-and-community/rules-and-regulations and/or provided by City upon request.

Standard Plans means the latest version of the State of California Department of Transportation Standard Plans.

Subcontractor means an individual, partnership, corporation, or joint-venture retained by Contractor directly or indirectly through a subcontract to perform a specific portion of the Work. The term Subcontractor applies to subcontractors of all tiers, unless otherwise indicated by the context. A third party such as a utility performing related work on the Project is not a Subcontractor, even if Contractor must coordinate its Work with the third party.

SVP means Silicon Valley Power, the City's municipal electric utility.

Technical Specifications has the same meaning as Specifications.

Work means all of the construction and services necessary for or incidental to completing the Project in conformance with the requirements of the Contract Documents.

Work Day or **Working Day**, whether or not capitalized, means a weekday when the City is open for business, and does not include the following holidays observed by the City. If a holiday falls on a Saturday, the preceding Friday will be the holiday. If a holiday falls on a Sunday, the following Monday will be the holiday.

(A) New Year's Day, January 1;
(B) Martin Luther King Jr.'s Birthday, third Monday in January;
(C) Presidents' Day, third Monday in February;
(D) Spring Holiday, the Friday before Easter Sunday;

(E) Memorial Day, last Monday in May;
(F) Independence Day, July 4;
(G) Labor Day, first Monday in September;
(H) Admission Day, September 9;
(I) Indigenous Peoples' Day, second Monday in October;
(J) Veterans' Day, November 11;
(K) Thanksgiving Day;
(L) The Day following Thanksgiving Day;
(M) Christmas Day and City Closure, December 25-31; and
(N) Each day appointed by the Governor of California and formally recognized by the City Council as a day of mourning, thanksgiving, or special observance.

Worksite means the place or places where the Work is performed, which includes, but may extend beyond the Project site, including separate locations for staging, storage, or fabrication.

Article 2 Roles and Responsibilities

2.1 City.

(A) ***City Council.*** The City Council has final authority in all matters affecting the Project, except to the extent it has delegated authority to the Engineer.

(B) ***Engineer.*** The Engineer, acting within the authority conferred by the City Council, is responsible for administration of the Project on behalf of City, including authority to provide directions to the Design Professional and to Contractor to ensure proper and timely completion of the Project. The Engineer's decisions are final and conclusive within the scope of his or her authority, including interpretation of the Contract Documents.

(C) ***Project Manager.*** The Project Manager assigned to the Project will be the primary point of contact for the Contractor and will serve as City's representative for daily administration of the Project on behalf of City. Unless otherwise specified, all of Contractor's communications to City (in any form) will go to or through the Project Manager. City reserves the right to reassign the Project Manager role at any time or to delegate duties to additional City representatives, without prior notice to or consent of Contractor.

(D) ***Design Professional.*** The Design Professional is responsible for the overall design of the Project and, to the extent authorized by City, may act on City's behalf to ensure performance of the Work in compliance with the Plans and Specifications, including any design changes authorized by Change Order. The Design Professional's duties may include review of Contractor's submittals, visits to any Worksite, inspecting the Work, evaluating test and inspection results, and participation in Project-related meetings, including any pre-construction conference, weekly meetings, and coordination meetings. The Design Professional's interpretation of the Plans or Specifications is final and conclusive.

2.2 Contractor.

(A) ***General.*** Contractor must provide all labor, materials, supplies, equipment, services, and incidentals necessary to perform and timely complete the Work in strict accordance with the Contract Documents, and in an economical and efficient manner in the best interests of City, and with minimal inconvenience to the public.

(B) ***Responsibility for the Work and Risk of Loss.*** Contractor is responsible for supervising and directing all aspects of the Work to facilitate the efficient and timely

completion of the Work. Contractor is solely responsible for and required to exercise full control over the Work, including the construction means, methods, techniques, sequences, procedures, safety precautions and programs, and coordination of all portions of the Work with that of all other contractors and Subcontractors, except to the extent that the Contract Documents provide other specific instructions. Contractor's responsibilities extend to any plan, method or sequence suggested, but not required by City or specified in the Contract Documents. From the date of commencement of the Work until either the date on which City formally accepts the Project or the effective date of termination of the Contract, whichever is later, Contractor bears all risks of injury or damage to the Work and the materials and equipment delivered to any Worksite, by any cause including fire, earthquake, wind, weather, vandalism or theft, subject to the limitations of Laws, including Public Contract Code § 7105.

(C) ***Project Administration.*** Contractor must provide sufficient and competent administration, staff, and skilled workforce necessary to perform and timely complete the Work in accordance with the Contract Documents. Before starting the Work, Contractor must designate in writing and provide complete contact information, including telephone numbers, email address, and emergency contact information, for the officer or employee in Contractor's organization who is to serve as Contractor's primary representative for the Project, and who has authority to act on Contractor's behalf. A Subcontractor may not serve as Contractor's primary representative.

(D) ***On-Site Superintendent.*** Contractor must, at all times during performance of the Work, provide a qualified and competent full-time superintendent acceptable to City, and assistants as necessary, who must be physically present at the Project site while any aspect of the Work is being performed. The superintendent must have full authority to act and communicate on behalf of Contractor, and Contractor shall be bound by the superintendent's communications to City. City's approval of the superintendent is required before the Work commences. Contractor must also provide emergency contact information for the superintendent. If City is not satisfied with the superintendent's performance, City may request a qualified replacement of the superintendent. Failure to comply may result in temporary suspension of the Work, at Contractor's sole expense and with no extension of Contract Time, until an approved superintendent is physically present to supervise the Work. Contractor must provide written notice to City, as soon as practicable, and receive City's approval, before replacing the superintendent.

(E) ***Standards.*** Contractor must, at all times, ensure that the Work is performed in an efficient, skillful manner following best practices and in full compliance with the Contract Documents, Laws, all rules and regulations of public utilities, and applicable manufacturer's recommendations. Contractor has a material and ongoing obligation to provide true and complete information, to the best of its knowledge, with respect to all records, documents, or communications pertaining to the Project, including oral or written reports, statements, certifications, Change Order requests, or Claims.

(F) ***Meetings.*** Contractor, its project manager, superintendent and any primary Subcontractors requested by City, must conduct and/or attend, as applicable, the meetings specified in this subsection. For each meeting, Contractor must prepare meeting minutes and submit the meeting minutes to City following the meeting.

(1) *Pre-Construction Conference.* Contractor, its project manager, superintendent, authorized representative responsible for scheduling, and any primary Subcontractors and/or key personnel requested by City, must attend a pre-construction conference. City will designate a date and time for a pre-construction conference with Contractor following Contract execution. The parties will discuss coordination between City and Contractor and Project administration procedures, including, but not limited to, schedules, personnel and vehicle permit procedures, use of premises, location for temporary facilities at the Project site,

security, submittal procedures, utility shutdown procedures, inspection and testing procedures, control and reference point survey procedures, and Contractor's safety program. Contractor must present City with the following information or documents at the conference for City's review and acceptance before the Work commences:

(a) Name, 24-hour contact information, and qualifications of the proposed on-site superintendent;

(b) List of all key Project personnel and their complete contact information, including email addresses and telephone numbers during regular hours and after hours;

(c) Staging plans that identify the sequence of the Work, including any phases and alternative sequences or phases, with the goal of minimizing the impacts on residents, businesses and other operations in the Project vicinity;

(d) Contractor's traffic control and detour plan and any other traffic control plans associated with the staging plans, that are signed and stamped by a licensed engineer (if required);

(e) Contractor's initial schedule, if applicable, and draft baseline schedule for the Work as required under Section 5.2;

(f) Submittal schedule with list of Project submittals that require City review, and list of the proposed material suppliers;

(g) Draft schedule of values as required under Section 8.1, to be finalized prior to Contractor's submission of the first application for payment;

(h) Letter of authorization to execute Change Orders on behalf of Contractor; and

(i) Any other documents specified in the Special Conditions or Notice of Award.

(2) *Weekly Progress Meetings*. Contractor, its project manager, superintendent, and any Subcontractors and/or key personnel requested by City, must attend weekly Project progress meetings scheduled with City. The progress meetings will be held at Contractor's office at the Project site unless otherwise directed by City. The subjects for discussion at the weekly progress meetings may include, but are not limited to, any meeting minutes from a previous meeting; review of progress of the Work since the previous meeting; Work schedules, including progress schedules, delivery schedules, and adjustments thereto; the status of submittals, RFIs, or Change Orders; the Contractor's safety program activities and results, including reports on any serious injuries and/or damage accidents; and any other items affecting the progress of Work. Contractor shall prepare an agenda for progress meeting(s). If there are any questions from City at a progress meeting that require further response from Contractor, Contractor must respond to those questions in writing within five days following the meeting.

(3) *Special Meetings*. At any time during the progress of the Work, City may schedule special meetings with the Contractor, including, but not limited to, meetings in emergency situations. Contractor, its project manager, superintendent, and any Subcontractors and/or key personnel requested by City, must attend any such special meetings, as directed by City.

(4) *Safety Meetings*. At a minimum, Contractor must conduct monthly safety committee meetings and weekly toolbox safety talks with its workers.

(5) *Coordination Meetings*. In order to fulfill its coordination obligations, Contractor shall hold coordination meetings with other parties relating to other work being performed on or near the Project site or in relation to the Project, including work or activities performed by City, other contractors, or other utility owners. Contractor shall plan, coordinate, and schedule any such meetings with utility companies and City forces installing utilities. At least five days in advance of any such meeting, Contractor shall notify the Engineer and invite the Engineer to attend the meeting. Contractor shall be responsible for presiding over these meetings, as well as preparing and distributing meeting minutes within three working days following any such meeting.

(G) ***Construction Records.*** Contractor shall maintain up-to-date, thorough, legible, and dated daily job reports, which document all significant activity on the Project for each day that Work is performed on the Project. The daily report for each day must include the number of workers by trade at the Project site, including the hours worked by each worker with title; the equipment used to perform the Work; identification of Subcontractors performing Work; primary Work activities; major deliveries; problems encountered, including injuries, if any; weather and site conditions; and delays, if any. Contractor must submit the daily job reports to the City either at the close of the same day to which the daily job report pertains or the following morning. Contractor shall take date and time-stamped photographs to document general progress of the Project, including site conditions prior to construction activities, before and after photographs at offset trench laterals, existing improvements and utilities, damage and restoration. Contractor shall maintain copies of all subcontracts, Project-related correspondence with Subcontractors, and records of meetings with Subcontractors. Upon request by the City, Contractor shall permit inspection of and/or provide copies of any of these construction records.

(H) ***Responsible Party.*** Contractor is solely responsible to City for the acts or omissions of any Subcontractors, or any other party or parties performing portions of the Work or providing equipment, materials or services for or on behalf of Contractor or the Subcontractors. Upon City's written request, Contractor must promptly and permanently remove from the Project, at no cost to City, any employee or Subcontractor or employee of a Subcontractor who the Engineer has determined to be incompetent, intemperate or disorderly, or who has failed or refused to perform the Work as required under the Contract Documents. Contractor shall ensure that no alcohol, firearms, weapons, or controlled substances enter or are used at the Project site.

(I) ***Correction of Defects.*** Contractor must promptly correct, at Contractor's sole expense, any Work that is determined by City to be deficient or defective in any way, including workmanship, materials, parts, or equipment, as well as any Work that is impacted by deficient of defective Work. Workmanship, materials, parts, or equipment that do not conform to the requirements under the Contract Documents, as determined by City, will be considered defective and subject to rejection. Contractor must also promptly correct, at Contractor's sole expense, any Work performed beyond the lines and grades shown on the Plans or established by City, and any Extra Work performed without City's prior written approval. If Contractor fails to correct or to take reasonable steps toward correcting Work contemplated by this paragraph within five days following notice from City, or within the time specified in City's notice to correct, City may elect to have the Work corrected by its own forces or by a third party, in which case the cost of correction will be deducted from payment otherwise due to Contractor. If City elects to correct the Work due to Contractor's failure or refusal to do so, City or its agents will have the right to take possession of and use any equipment, supplies, or materials available at the Project site or any Worksite on City property, in order to effectuate the correction, at no extra cost

to City. Contractor's warranty obligations under Section 11.2, Warranty, will not be waived nor limited by City's actions to correct Work under these circumstances. Alternatively, City may elect to retain the Work, and deduct the difference in value, as determined by the Engineer, from payments otherwise due to Contractor. This paragraph also applies to any defective Work performed by Contractor during the one-year warranty period under Section 11.2.

(1) Contractor shall also be responsible for the costs to correct other work that is being performed on or adjacent to the Project site that is impacted by the defective Work of Contractor and the City may deduct those costs from payment otherwise due Contractor.

(2) Contractor is responsible for all claims, costs, losses, damages, expenses, and liabilities incurred or sustained by City or Contractor related to City's investigation, assessment, and/or remedy of defective Work.

(J) ***Contractor's Records.*** Contractor must maintain all of its records relating to the Project in any form, including paper documents, photos, videos, electronic records, approved samples, and the construction records required pursuant to paragraph (G), above. Project records subject to this provision include complete Project cost records and records relating to preparation of Contractor's bid, including estimates, take-offs, and price quotes or bids.

(1) Contractor's cost records must include all supporting documentation, including original receipts, invoices, and payroll records, evidencing its direct costs to perform the Work, including, but not limited to, costs for labor, materials, and equipment. Each cost record should include, at a minimum, a description of the expenditure with references to the applicable requirements of the Contract Documents, the amount actually paid, the date of payment, and whether the expenditure is part of the original Contract Price, related to an executed Change Order, or otherwise categorized by Contractor as Extra Work. Contractor's failure to comply with this provision as to any claimed cost operates as a waiver of any rights to recover the claimed cost.

(2) Contractor must continue to maintain its Project-related records in an organized manner for a period of five years after City's acceptance of the Project, as set forth in Section 11.1(C), or following Contract termination, whichever occurs first. Subject to prior notice to Contractor, City is entitled to inspect or audit any of Contractor's records relating to the Project during Contractor's normal business hours. Contractor's records may also be subject to examination and audit by the California State Auditor, pursuant to Government Code § 8546.7. The record-keeping requirements set forth in this subsection 2.2(J) will survive expiration or termination of the Contract.

(K) ***Copies of Project Documents.*** Contractor and its Subcontractors must keep copies, at the Project site, of all Work-related documents, including the Contract, permit(s), Plans, Specifications, addenda, Contract amendments, Change Orders, RFIs and RFI responses, Shop Drawings, as-built drawings, schedules, daily records, testing and inspection reports or results, and any related written interpretations. These documents must be available to City for reference at all times during construction of the Project.

(L) ***Quality Control***. Contractor is responsible for implementing quality control activities to ensure that all materials, products, equipment, services, and workmanship meet the quality requirements of the Specifications and Plans, and that the Work complies with the Contract Documents. The quality control activities must include, at a minimum, identification of quality standards and references, procedures to ensure activities and the Work comply with the quality standards, and testing and inspection to verify quality of

materials and workmanship. When no quality basis is prescribed in the Contract Documents, the quality and testing procedures shall be in accordance with the best acceptable practices of the construction industry for the locale of the Project, for projects of this type, or standards set by engineering or technical societies, whichever is more stringent. Contractor must employ and assign knowledgeable and skilled personnel to perform quality control functions to ensure that the Work complies with the requirements of the Contract Documents.

2.3 Subcontractors.

(A) ***General.*** All Work which is not performed by Contractor with its own forces must be performed by Subcontractors. City reserves the right to approve or reject any and all Subcontractors proposed to perform the Work, for reasons including the Subcontractor's poor reputation, lack of relevant experience, financial instability, and lack of technical ability or adequate trained workforce. Each Subcontractor must obtain a City business license before performing any Work.

(B) ***Contractual Obligations.*** Contractor must require each Subcontractor to comply with the provisions of the Contract Documents as they apply to the Subcontractor's portion(s) of the Work, including the generally applicable terms of the Contract Documents, and to likewise bind their subcontractors. Contractor shall provide that the rights that each Subcontractor may have against any manufacturer, distributor, or supplier for breach of warranty or guarantee relating to items provided by the Subcontractor for the Project, will be assigned to City. Nothing in these Contract Documents creates a contractual relationship between a Subcontractor and City, but City is deemed to be a third-party beneficiary of the contract between Contractor and each Subcontractor.

(C) ***Termination.*** If the Contract is terminated, each Subcontractor's agreement must be assigned by Contractor to City, subject to the prior rights of any surety, but only if and to the extent that City accepts, in writing, the assignment by written notification, and assumes all rights and obligations of Contractor pursuant to each such subcontract agreement.

(D) ***Substitution of Subcontractor.*** If Contractor requests substitution of a listed Subcontractor under Public Contract Code § 4107, Contractor is solely responsible for all costs City incurs in responding to the request, including legal fees and costs to conduct a hearing, and any increased subcontract cost to perform the Work that was to be performed by the listed Subcontractor. If City determines that a Subcontractor is unacceptable to City based on the Subcontractor's failure to satisfactorily perform its Work, or for any of the grounds for substitution listed in Public Contract Code § 4107(a), City may request removal of the Subcontractor from the Project. Upon receipt of a written request from City to remove a Subcontractor pursuant to this paragraph, Contractor shall immediately remove the Subcontractor from the Project and, at no further cost to City, will either (1) self-perform the remaining Work to the extent that Contractor is duly licensed and qualified to do so, or (2) substitute a Subcontractor that is acceptable to City, in compliance with Public Contract Code § 4107, as applicable.

2.4 Coordination of Work.

(A) ***Concurrent Work.*** City reserves the right to perform, have performed, or permit performance of other work on or adjacent to the Project site while the Work is being performed for the Project. Contractor is responsible for coordinating its Work with other work being performed on or adjacent to the Project site, including by any utility companies or agencies, and must avoid hindering, delaying, or interfering with the work of other contractors, individuals, or entities, and must ensure safe and reasonable site access and use as required or authorized by City. To the full extent permitted by law, Contractor must hold harmless and indemnify City against any and all claims arising from

or related to Contractor's avoidable, negligent, or willful hindrance of, delay to, or interference with the work of any utility company or agency or another contractor or subcontractor.

(B) ***Coordination.*** If Contractor's Work will connect or interface with work performed by others, Contractor is responsible for independently measuring and visually inspecting such work to ensure a correct connection and interface. Contractor is responsible for any failure by Contractor or its Subcontractors to confirm measurements before proceeding with connecting Work. Before proceeding with any portion of the Work affected by the construction or operations of others, Contractor must give the Project Manager prompt written notification of any defects Contractor discovers which will prevent the proper execution of the Work. Failure to give notice of any known or reasonably discoverable defects will be deemed acknowledgement by Contractor that the work of others is not defective and will not prevent the proper execution of the Work. Contractor must also promptly notify City if work performed by others, including work or activities performed by City's own forces, is operating to hinder, delay, or interfere with Contractor's timely performance of the Work. City reserves the right to backcharge Contractor for any additional costs incurred due to Contractor's failure to comply with the requirements in this Section 2.4.

2.5 Submittals.

Unless otherwise specified, Contractor must submit to the Engineer for review and acceptance, all schedules, reports, Shop Drawings, samples, test specimens, product data, and similar submittals required by the Contract Documents, or upon request by the Engineer. Unless otherwise specified, all submittals, including Requests for Information, are subject to the general provisions of this Section, as well as specific submittal requirements that may be included elsewhere in the Contract Documents, including the General Requirements and Specifications. At the pre-construction conference, Contractor must submit a submittal schedule to the Engineer that lists each submittal required by the Contract Documents and the scheduled date of submission, consistent with any specified deadlines for submission set forth in the Contract Documents, and that accounts for City review and processing, as required by Document 01 33 00 of the General Requirements.

(A) ***General.*** Contractor is responsible for ensuring that all submittals are accurate and conform to the Contract Documents.

(B) ***Time and Manner of Submission.*** Contractor must ensure that its submittals are prepared and delivered in a manner consistent with the current City-accepted schedule for the Work and within the applicable time specified in the Contract Documents, or if no time is specified, in such time and sequence so as not to delay the performance of the Work or completion of the Project.

(C) ***Required Contents.*** Each submittal must include the Project name and contract number, Contractor's name and address, the name and address of any Subcontractor or supplier involved with the submittal, the date, and references to applicable Specification section(s) and/or drawing and detail number(s).

(D) ***Required Corrections.*** If corrections are required, Contractor must promptly make and submit any required corrections as specified in full conformance with the requirements of this Section, or other requirements that apply to that submittal.

(E) ***Effect of Review and Acceptance.*** Review and acceptance of a submittal by City will not relieve Contractor from complying with the requirements of the Contract Documents. Contractor is responsible for any errors in any submittal, and review or acceptance of a submittal by City is not an assumption of risk or liability by City.

(F) ***Enforcement.*** Any Work performed or any material furnished, installed, fabricated or used without City's prior acceptance of a required submittal is performed or provided at Contractor's risk, and Contractor may be required to bear the costs incident thereto, including the cost of removing and replacing such Work, repairs to other affected portions of the Work or material, and the cost of additional time or services required of City, including costs for the Design Professional, Project Manager, or Inspector.

(G) ***Excessive RFIs.*** A RFI will be considered excessive or unnecessary if City determines that the explanation or response to the RFI is clearly and unambiguously discernable from the Contract Documents. City's costs to review and respond to excessive or unnecessary RFIs may be deducted from payments otherwise due to Contractor.

(H) ***Availability of Samples***. Contractor must make available to City all approved samples on a continuous basis and at a convenient location.

2.6 Shop Drawings.

When Shop Drawings are required by the Specifications or requested by the Engineer, they must be prepared according to best practices at Contractor's expense. The Shop Drawings must be of a size and scale to clearly show all necessary details. If City requires changes, the corrected Shop Drawings must be resubmitted to the Engineer for review within the time specified by the Engineer. For all Project components requiring Shop Drawings, Contractor will not furnish materials or perform any Work until the Shop Drawings for those components are accepted by City. Contractor is responsible for any errors or omissions in the Shop Drawings, shop fits and field corrections; any deviations from the Contract Documents; and for the results obtained by the use of Shop Drawings. Acceptance of Shop Drawings by City does not relieve Contractor of Contractor's responsibility.

2.7 Access to Work.

Contractor must afford prompt and safe access to any Worksite by City and its employees, agents, or consultants authorized by City; and upon request by City, Contractor must promptly arrange for City representatives to visit or inspect manufacturing sites or fabrication facilities for items to be incorporated into the Work.

2.8 Personnel.

Contractor and its Subcontractors must employ only competent and skillful personnel to perform the Work. Contractor and its Subcontractor's supervisors, security or safety personnel, and employees who have unescorted access to the Project site must possess proficiency in English sufficient to read, understand, receive, and implement oral or written communications or instructions relating to their respective job functions, including safety and security requirements. Upon written notification from the Engineer, Contractor and its Subcontractors must immediately discharge any personnel who are incompetent, disorderly, disruptive, threatening, abusive, or profane, or otherwise refuse or fail to comply with the requirements of the Contract Documents or Laws, including Laws pertaining to health and safety. Any such discharged personnel may not be re-employed or permitted on the Project in any capacity without City's prior written consent.

Article 3 Contract Documents

3.1 Interpretation of Contract Documents.

(A) ***Plans and Specifications.*** The Plans and Specifications included in the Contract Documents are complementary. If Work is shown on one but not on the other, Contractor must perform the Work as though fully described on both, consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results. The Plans and Specifications are deemed to include and require

everything necessary and reasonably incidental to completion of the Work, whether or not particularly mentioned or shown. Contractor must perform all Work and services and supply all things reasonably related to and inferable from the Contract Documents. In the event of a conflict between the Plans and Specifications, the Specifications will control, unless the drawing(s) at issue are dated later than the Specification(s) at issue. Detailed drawings take precedence over general drawings, and large-scale drawings take precedence over smaller scale drawings. Any arrangement or division of the Plans and Specifications into sections is for convenience and is not intended to limit the Work required by separate trades. A conclusion presented in the Plans or Specifications is only a recommendation. Actual locations and depths must be determined by Contractor's field investigation. Contractor may request access to underlying or background information in City's possession that is necessary for Contractor to form its own conclusions.

(B) ***Duty to Notify and Seek Direction.*** If Contractor becomes aware of a changed condition in the Project, or of any ambiguity, conflict, inconsistency, discrepancy, omission, or error in the Contract Documents, including the Plans or Specifications, Contractor must promptly submit a Request for Information to the Engineer, using an RFI form acceptable to the City, and wait for a response from City before proceeding further with the related Work. The RFI must notify City of the issue, specify the affected Work activity per the progress schedule, specify the time criticality of the RFI, and request clarification, interpretation or direction. The Engineer's clarification, interpretation or direction will be final and binding on Contractor. If Contractor proceeds with the related Work before obtaining City's response, Contractor shall be responsible for any resulting costs, including the cost of correcting any incorrect or defective Work that results. Timely submission of a clear and complete RFI is essential to avoiding delay. Contractor must submit time critical RFIs at least 30 days in advance of the scheduled start date of the affected Work. Delay resulting from Contractor's failure to submit a timely and complete RFI to the Engineer is Non-Excusable Delay. If Contractor believes that City's response to an RFI justifies a change to the Contract Price or Contract Time, Contractor must perform the Work as directed, but may submit a timely Change Order request in accordance with the Contract Documents. (See Articles 5 and 6.)

(C) ***Figures and Dimensions.*** In the event of a conflict between figures and scaled dimensions, figures control over scaled dimensions.

(D) ***Technical or Trade Terms.*** Any terms that have well-known technical or trade meanings will be interpreted in accordance with those meanings, unless otherwise specifically defined in the Contract Documents.

(E) ***Measurements.*** Contractor must verify all relevant measurements in the Contract Documents and at the Project site before ordering any material or performing any Work, and will be responsible for the correctness of those measurements or for costs that could have been avoided by independently verifying measurements.

(F) ***Compliance with Laws.*** The Contract Documents are intended to comply with Laws and will be interpreted to comply with Laws. If Contractor believes that a requirement in the Contract Documents conflicts with Laws, then Contractor shall submit an RFI to City, in accordance with Section 3.1(B), above. Unless otherwise specified by City, in the event of a conflict or inconsistency among (1) the Contract Documents and Laws or (2) among different Laws, Contractor must comply with the most stringent requirement. If the Plans or Specifications require or describe products or execution of better quality, higher standard, or greater size than required by Laws, the Plans and Specifications will take precedence, provided the requirements therein comply with Laws. If there are no specific requirements for compliance with Laws in the Plans or Specifications, Contractor must nonetheless comply with the requirements of Laws.

(G) ***Manufacturer's Recommendations; Standards and Code Compliance.*** Unless more stringent requirements are set forth in the Plans or Specifications, Contractor must comply with manufacturer's instructions and recommendations, reference standards and building code research report requirements in preparing, fabricating, erecting, installing, applying, connecting, and finishing the Work. Contractor must secure City's advanced written consent for any proposed deviations from reference standards and building code research report requirements and manufacturer's instructions and recommendations. Contractor must document and explain all such deviations to City and provide an acknowledgement by the manufacturer that such deviations are acceptable and appropriate for the Project, if applicable.

3.2 Order of Precedence.

Information included in one Contract Document but not in another will not be considered a conflict or inconsistency. Unless otherwise specified in the Special Conditions, in case of any conflict or inconsistency among the Contract Documents, the following order of precedence will apply, beginning from highest to lowest, with the most recent version taking precedent over an earlier version:

(A) Change Orders;
(B) Addenda;
(C) Contract;
(D) Notice to Proceed;
(E) Attachment for Caltrans Contract Requirements (only if used);
(F) Special Conditions;
(G) General Conditions;
(H) General Requirements;
(I) Payment and Performance Bonds;
(J) Specifications;
(K) Plans;
(L) Notice of Award;
(M) Notice Inviting Bids;
(N) Attachment for Caltrans Bidding Requirements (only if used);
(O) Instructions to Bidders;
(P) Contractor's Bid Proposal and attachments;
(Q) the City's Standard Details, as applicable; and
(R) Any generic documents prepared by and on behalf of a third party, that were not prepared specifically for this Project, such as the Caltrans Standard Specifications or Caltrans Standard Plans.

3.3 Caltrans Standard Specifications.

Any reference to or incorporation of the Standard Specifications of the State of California, Department of Transportation ("Caltrans"), including "Standard Specifications," "Caltrans Specifications," "State Specifications," or "CSS," means the most current edition of Caltrans' Standard Specifications, unless otherwise specified ("Caltrans Standard Specifications"), including the most current amendments as of the date that Contractor's bid was submitted for this Project. The following provisions apply to use of or reference to the Caltrans Standard Specifications:

(A) ***Limitations.*** The "General Provisions" of the Caltrans Standard Specifications, i.e., Division I (sections 1 through 9), do not apply to these Contract Documents with the exception of any specific provisions, if any, which are expressly stated to apply to these Contract Documents.

(B) ***Conflicts or Inconsistencies.*** If there is a conflict or inconsistency between any provision in the Caltrans Standard Specifications and a provision of these Contract Documents, as determined by City, the provision in the Contract Documents will govern.

(C) ***Meanings.*** Terms used in the Caltrans Standard Specifications are to be interpreted as follows:

(1) Any reference to the "Engineer" is deemed to mean the City Engineer.

(2) Any reference to the "Special Provisions" is deemed to mean the Contract Documents.

(3) Any reference to the "Department" or "State" is deemed to mean City.

3.4 For Reference Only.

Contractor is responsible for the careful review of any document, study, or report provided by City or appended to the Contract Documents solely for informational purposes and identified as "For Reference Only." Nothing in any document, study, or report so appended and identified is intended to supplement, alter, or void any provision of the Contract Documents. Contractor is advised that City or its representatives may be guided by information or recommendations included in such reference documents, particularly when making determinations as to the acceptability of proposed materials, methods, or changes in the Work. Any record drawings or similar final or accepted drawings or maps that are not part of the Contract Documents are deemed to be For Reference Only. The provisions of the Contract Documents are not modified by any perceived or actual conflict with provisions in any document that is provided For Reference Only. Geotechnical data, reports, and analyses of any kind are "For Reference Only" documents, whether or not they are attached to the Contract Documents.

3.5 Current Versions.

Unless otherwise specified by City, any reference to standard specifications, technical specifications, or any City or state codes or regulations means the latest specification, code, or regulation in effect on the date that bids were due.

3.6 Conformed Copies.

If City prepares a conformed set of the Contract Documents following award of the Contract, it will provide Contractor with two hard copy (paper) sets, if requested, and one copy of the electronic file in PDF format. It is Contractor's responsibility to ensure that all Subcontractors, including fabricators, are provided with the conformed set of the Contract Documents at Contractor's sole expense.

3.7 Ownership.

No portion of the Contract Documents may be used for any purpose other than construction of the Project, without prior written consent from City. Contractor is deemed to have conveyed the copyright in any designs, drawings, specifications, Shop Drawings, or other documents (in paper or electronic form) developed by Contractor for the Project, and City will retain all rights to such works, including the right to possession.

Article 4 Bonds, Indemnity, and Insurance

4.1 Payment and Performance Bonds.

Within 10 days following issuance of the Notice of Award, Contractor is required to provide a payment bond and a performance bond, each in the penal sum of not less than 100% of the

Contract Price, and each executed by Contractor and its surety using the bond forms included with the Contract Documents.

(A) ***Surety.*** Each bond must be issued and executed by a surety admitted in California. If an issuing surety cancels the bond or becomes insolvent, within seven days following written notice from City, Contractor must substitute a surety acceptable to City. If Contractor fails to substitute an acceptable surety within the specified time, City may, at its sole discretion, withhold payment from Contractor until the surety is replaced to City's satisfaction, or terminate the Contract for default.

(B) ***Supplemental Bonds for Increase in Contract Price.*** If the Contract Price increases during construction by five percent or more over the original Contract Price, Contractor must provide supplemental or replacement bonds within 10 days of written notice from City pursuant to this Section, covering 100% of the increased Contract Price and using the bond forms included with the Contract Documents.

4.2 Responsibility and Indemnity.

(A) ***Limitation on Liability.*** City and each of its officers, employees, consultants and agents including, but not limited to, the City Council and Engineer, shall not be liable or accountable in any manner for loss or damage that may happen to any part of the Work; loss or damage to materials or other things used or employed in performing the Work; injury, sickness, disease, or death of any person; or damage to property resulting from any cause whatsoever except their sole negligence, willful misconduct or active negligence, attributable to performance or character of the Work, and Contractor releases all of the foregoing persons and entities from any and all such claims.

(B) ***Indemnification.*** To the fullest extent permitted by law (including, without limitation, California Civil Code § 2782), Contractor shall assume defense of, and indemnify and hold harmless, City and each of its officers, employees, consultants, and agents, including, but not limited to, the City Council and Engineer, from claims, suits, actions, losses and liability of every kind, nature and description, including, but not limited to, claims and fines of regulatory agencies and attorney's fees and consultant's fees, directly or indirectly arising out of, connected with or resulting from performance of the Work, failure to perform the Work, or condition of the Work which is caused in whole or part by any act or omission of Contractor, Subcontractors, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether it is caused in part by the negligence of City or by any person or entity required to be indemnified hereunder, except as set forth in subsection (E), below. This indemnity requirement applies to any liability arising from alleged defects in the content or manner of submission of Contractor's bid for the Contract. Contractor's failure or refusal to timely accept a tender of defense pursuant to this Contract will be deemed a material breach of the Contract.

(C) ***Third-Party Claims.*** City will timely notify Contractor upon receipt of any third-party claim relating to the Contract, as required by Public Contract Code § 9201. With respect to third-party claims against Contractor, Contractor waives any and all rights to any type of express or implied indemnity against City and each of its officers, employees, consultants, and agents, including, but not limited to City, the City Council, and Engineer.

(D) ***Continuing Obligations.*** To the fullest extent permitted by law (including, without limitation, Civil Code § 2782), the indemnities, releases of liability, and limitations of liability, claims procedures, and limitations of remedy expressed throughout the Contract Documents shall apply even in the event of breach of contract, negligence, fault or strict liability of the party or parties indemnified, released, or limited in liability, and shall survive the termination, rescission, breach, abandonment, or completion of the Work or the terms of the Contract Documents. If Contractor fails to perform any of these defense or

indemnity obligations, City may in its discretion back charge Contractor for City's costs and damages resulting therefrom and deduct such sums from payments due to Contractor.

(E) ***Exceptions.*** The indemnities in this Section 4.2 shall not apply to City or other indemnified party to the extent of its sole negligence or willful misconduct; nor shall they apply to City or other indemnified party to the extent of its active negligence.

4.3 Insurance.

No later than 10 days following issuance of the Notice of Award, Contractor must procure and provide proof of the insurance coverage required by the Contract Documents in the form of certificates and endorsements acceptable to City. (See Section 1 of the Special Conditions.) The required insurance must cover the activities of Contractor and its Subcontractors relating to or arising from the performance of the Work, and must remain in full force and effect at all times during the period covered by the Contract, through the date of City's acceptance of the Project. All required insurance must be issued by a company licensed to do business in the State of California, and each such insurer must have an A.M. Best's financial strength rating of "A" or better and a financial size rating of "VI" or better. If Contractor fails to provide any of the required coverage in full compliance with the requirements of the Contract Documents, City may, at its sole discretion, purchase such coverage at Contractor's expense and deduct the cost from payments due to Contractor, or terminate the Contract for default. The procurement of insurance will not be construed to limit Contractor's liability under this Contract or to fulfill Contractor's indemnification obligations under this Contract.

Article 5 Contract Time

5.1 Time is of the Essence.

Time is of the essence in Contractor's performance and completion of the Work, and Contractor must diligently prosecute the Work and complete it within the Contract Time.

(A) ***General.*** Contractor must commence the Work on the date indicated in the Notice to Proceed and must fully complete the Work in strict compliance with all requirements of the Contract Documents and within the Contract Time. Contractor may not begin performing the Work before the date specified in the Notice to Proceed.

(B) ***Advanced Contract Time.*** Contractor may request an earlier (advanced) time for completion, which City may decide to accept or reject, in its sole discretion. Contractor is not entitled to any extra compensation in the event that it fails to complete the Project within the advanced Contract Time, but within the original time specified for completion.

(C) ***Authorization.*** Contractor is not entitled to compensation or credit for any Work performed before the date specified in the Notice to Proceed, with the exception of any schedules, submittals, or other requirements, if any, that must be provided or performed before issuance of the Notice to Proceed.

(D) ***Rate of Progress.*** Contractor and its Subcontractors must, at all times, provide workers, materials, and equipment sufficient to maintain the rate of progress necessary to ensure full completion of the Work within the Contract Time. If City determines that Contractor is failing to prosecute the Work at a sufficient rate of progress, City may, in its sole discretion, direct Contractor to provide additional workers, materials, or equipment, or to work additional hours or days without additional cost to City, in order to achieve a rate of progress satisfactory to City. If Contractor fails to comply with City's directive in this regard, City may, at Contractor's expense, separately contract for additional workers, materials, or equipment or use City's own forces to achieve the necessary rate of progress, and it may exclude Contractor from the Project site, or portions of the Project

site, or from certain elements of the Work, if necessary. Contractor shall remain responsible for any resulting delay, including any liquidated damages, and indemnification of City from claims of others. Alternatively, City may terminate the Contract based on Contractor's default.

5.2 Schedule Requirements.

Contractor must prepare all schedules using standard, commercial scheduling software acceptable to the Engineer, and must provide the schedules in electronic form (PDF and native files) as requested by the Engineer. Each schedule must be divided into Work activities of durations of approximately 21 days or less, except for non-field construction activities or as otherwise deemed acceptable to City, and must show the critical path in red. In addition to the general scheduling requirements set forth herein, Contractor must also comply with any scheduling requirements included in the Special Conditions or in the Technical Specifications.

(A) ***Initial Schedule.*** If the Contract Time for the Project is greater than 235 Working Days, at the pre-construction conference, Contractor must submit to City for review and acceptance an initial schedule that addresses the first 30 days following the start date set forth in the Notice to Proceed. The initial schedule must include a detailed plan for the Work to be completed in the first 30 days; details of planned mobilization of plant and equipment; sequence of early operations; procurement of materials and equipment; and a summary of the Work beyond the first 30 days.

(B) ***Baseline (As-Planned) Schedule.*** Within ten calendar days following City's issuance of the Notice to Proceed (or as otherwise specified in the Notice to Proceed), Contractor must submit to City for review and acceptance a baseline (as-planned) schedule using critical path methodology showing in detail how Contractor plans to perform and fully complete the Work within the Contract Time, including labor, equipment, materials, and fabricated items. The baseline schedule must show the order of the major items of Work and the dates of start and completion of each item, including when the materials and equipment will be procured. The schedule must also include the work of all trades, reflecting anticipated labor or crew hours and equipment loading for the construction activities, and must be sufficiently comprehensive and detailed to enable progress to be monitored on a day-by-day basis. For each activity, the baseline schedule must be dated, provided in the format specified in the Contract Documents or as required by City, and must include, at a minimum, a description of the activity, the start and completion dates of the activity, predecessor and successor activities, and the duration of the activity.

(C) ***City's Review of Schedules.*** City will review and may note exceptions to the baseline schedule, and to the progress schedules submitted as required below, to assure completion of the Work within the Contract Time. Contractor is solely responsible for resolving any exceptions noted in a schedule and, within seven days, must correct the schedule to address the exceptions. City's review or acceptance of Contractor's schedules will not operate to waive or limit Contractor's duty to complete the Project within the Contract Time, nor to waive or limit City's right to assess liquidated damages for Contractor's unexcused failure to do so.

(D) ***Progress Schedules.*** After City accepts the final baseline schedule with no exceptions, Contractor must submit an updated progress schedule, in the format specified by City, for review and acceptance with each application for a progress payment, or when otherwise specified by City, until completion of the Work. The updated progress schedule must: show how the actual progress of the Work as constructed to date compares to the baseline schedule; reflect any proposed changes in the construction schedule or method of operations, including to achieve Project milestones within the Contract Time; and identify any actual or potential impacts to the critical path. Contractor must also submit periodic reports to City of any changes in the projected material or equipment delivery

dates for the Project. In addition, Contractor must submit a three-week look-ahead schedule at each weekly progress meeting.

(1) *Float*. The progress schedule must show early and late completion dates for each task. The number of days between those dates will be designated as the "float." Any float belongs to the Project and may be allocated by the Engineer to best serve timely completion of the Project.

(2) *Failure to Submit Schedule*. Reliable, up-to-date schedules are essential to efficient and cost-effective administration of the Project and timely completion. If Contractor fails to submit a schedule within the time periods specified in this Section, or submits a schedule to which City has noted exceptions that are not corrected, City may withhold up to ten percent from payment(s) otherwise due to Contractor until the exceptions are resolved, the schedule is corrected and resubmitted, and City has accepted the schedule. In addition, Contractor's failure to comply with the schedule requirements in this Section 5.2 will be deemed a material default and a waiver of any claims for Excusable Delay or loss of productivity arising during any period when Contractor is out of compliance, subject only to the limits of Public Contract Code § 7102.

(E) ***Recovery Schedule.*** If City determines that the Work is more than one week behind schedule, within seven days following written notice of such determination, Contractor must submit a recovery schedule, showing how Contractor intends to perform and complete the Work within the Contract Time, based on actual progress to date. The recovery schedule must include a written narrative for each action necessary to complete the Work within the Contract Time. If sequence changes are necessary, Contractor shall provide a schedule diagram comparing the original sequence to the revised sequence of the Work. If requested by City, Contractor shall also show the intended critical path; secure appropriate Subcontractor and supplier consent for the recovery schedule; submit a narrative explaining trade flow and construction flow changes, duration changes, added or deleted activities, and critical path changes; and identify all near critical paths and man hour loading assumptions for Subcontractors.

(F) ***Effect of Acceptance.*** Contractor and its Subcontractors must perform the Work in accordance with the most current City-accepted schedule unless otherwise directed by City. City's acceptance of a schedule does not operate to extend the time for completion of the Work or any component of the Work, and will not affect City's right to assess liquidated damages for Contractor's unexcused delay in completing the Work within the Contract Time.

(G) ***Reservation of Rights.*** City reserves the right to direct the sequence in which the Work must be performed or to make changes in the sequence of the Work in order to facilitate the performance of work by City or others, or to facilitate City's use of its property. The Contract Time or Contract Price may be adjusted to the extent such changes in sequence actually increase or decrease Contractor's time or cost to perform the Work.

(H) ***Authorized Working Days and Times.*** Contractor is limited to working Monday through Friday, excluding holidays, between the hours of 7:00 AM and 5:00 PM, except as provided in the Special Conditions or as authorized in writing by City in response to a written request from Contractor. Contractor must make such written request at least two Working Days in advance of the proposed Work to be performed on days or during hours not expressly authorized in the Contract Documents. City reserves the right to charge Contractor for additional costs incurred by City due to Work performed on days or during hours not expressly authorized in the Contract Documents, including reimbursement of costs incurred for inspection, testing, and construction management services.

5.3 Delay and Extensions of Contract Time.

(A) ***Notice of Delay.*** If Contractor becomes aware of any actual or potential delay affecting the critical path, Contractor must notify the Engineer within 24 hours in writing, regardless of the nature or cause of the delay, so that City has a reasonable opportunity to mitigate or avoid the delay.

(B) ***Excusable Delay.*** The Contract Time may be extended if Contractor encounters "Excusable Delay," which is an unavoidable delay in completing the Work within the Contract Time due to causes completely beyond Contractor's control, and which Contractor could not have avoided or mitigated through reasonable care, planning, foresight, or diligence, provided that Contractor is otherwise fully performing its obligations under the Contract Documents. Grounds for Excusable Delay may include fire, natural disasters including earthquake or unusually severe weather, acts of terror or vandalism, epidemic, unforeseeable adverse government actions, unforeseeable actions of third parties, encountering unforeseeable hazardous materials, unforeseeable site conditions, or suspension for convenience under Article 13. The Contract Time will not be extended based on circumstances which will not unavoidably delay completing the Work within the Contract Time based on critical path analysis.

(C) ***Weather Delays.*** A "Weather Delay Day" is a Working Day during which Contractor and its forces, including Subcontractors, are unable to perform more than 50% of the critical path Work scheduled for that day due to adverse weather conditions which impair the ability to safely or effectively perform the scheduled critical path Work that day. Adverse weather conditions may include rain, saturated soil, and Project site clean-up required due to adverse weather. Determination of what constitutes critical path Work scheduled for that day will be based on the most current, City-accepted schedule. Contractor shall be entitled to a non-compensable extension of the Contract Time for each Weather Delay Day.

(1) Contractor must fully comply with the applicable procedures in Articles 5 and 6 of the General Conditions regarding requests to modify the Contract Time.

(2) Contractor shall not be entitled to an extension of time for a Weather Delay Day to the extent Contractor is responsible for concurrent delay on that day.

(3) Contractor must take reasonable steps to mitigate the consequences of Weather Delay Days, including prudent workforce management and protecting the Work, Project Site, materials, and equipment.

(D) ***Non-Excusable Delay.*** Delay which Contractor could have avoided or mitigated through reasonable care, planning, foresight, or diligence is "Non-Excusable Delay." Contractor is not entitled to an extension of Contract Time or any compensation for Non-Excusable Delay, or for Excusable Delay that is concurrent with Non-Excusable Delay. Non-Excusable Delay includes delay caused by:

(1) Contractor's failure to order equipment and materials sufficiently in advance of the time needed for completion of the Work within the Contract Time;

(2) Contractor's failure to provide adequate notification to utility companies or agencies for connections or services necessary for completion of the Work within the Contract Time;

(3) foreseeable conditions which Contractor could have ascertained from reasonably diligent inspection of the Project site or review of the Contract Documents or other information provided or available to Contractor;

(4) Contractor's failure, refusal, or financial inability to perform the Work within the Contract Time, including insufficient funds to pay its Subcontractors or suppliers;

(5) performance or non-performance by Contractor's Subcontractors or suppliers;

(6) the time required to respond to excessive RFIs (see Section 2.5(G));

(7) delayed submission of required submittals, or the time required for correction and resubmission of defective submittals;

(8) time required for repair of, re-testing, or re-inspection of defective Work;

(9) enforcement of Laws by City, or outside agencies with jurisdiction over the Work; or

(10) City's exercise or enforcement of any of its rights or Contractor's duties pursuant to the Contract Documents, including correction of defective Work, extra inspections or testing due to non-compliance with Contract requirements, safety compliance, environmental compliance, or rejection and return of defective or deficient submittals.

(11) City's right to sequence the Work in a manner to avoid disruption to City's tenants and their contractors or other City contractors and their respective subcontractors, exercised as a result of Contractor's failure to perform its cooperation and coordination obligations under the Contract Documents.

(E) ***Compensable Delay.*** Pursuant to Public Contract Code § 7102, in addition to entitlement to an extension of Contract Time, Contractor is entitled to compensation for costs incurred due to delay caused solely by City, when that delay is unreasonable under the circumstances involved and not within the contemplation of the parties ("Compensable Delay"). Contractor is not entitled to an extension of Contract Time or recovery of costs for Compensable Delay that is concurrent with Non-Excusable Delay. Delay due to Weather Delay Days is not Compensable Delay and will only entitle Contractor to an extension of time commensurate with the time lost due to such delay.

(F) ***Recoverable Costs.*** Contractor is not entitled to compensation for Excusable Delay unless it is Compensable Delay, as defined above. Contractor is entitled to recover only the actual, direct, reasonable, and substantiated costs ("Recoverable Costs") for each working day that the Compensable Delay prevents Contractor from proceeding with more than 50% of the critical path Work scheduled for that day, based on the most recent progress schedule accepted by City. Recoverable Costs will not include home office overhead or lost profit.

(G) ***Request for Extension of Contract Time or Recoverable Costs.*** A request for an extension of Contract Time or any associated Recoverable Costs must be submitted in writing to City within 14 days of the date the delay is first encountered, even if the duration of the delay is not yet known at that time, or any entitlement to the Contract Time extension or to the Recoverable Costs will be deemed waived. In addition to complying with the requirements of this Article 5, the request must be submitted in compliance with the Change Order request procedures in Article 6 below. Strict compliance with these requirements is necessary to ensure that any delay or consequences of delay may be mitigated as soon as possible, and to facilitate cost-efficient administration of the Project and timely performance of the Work. Any request for an extension of Contract Time or Recoverable Costs that does not strictly comply with all requirements of Article 5 and Article 6 will be deemed waived.

(1) *Required Contents.* The request must include a detailed description of the cause(s) of the delay and must also describe the measures that Contractor has taken to mitigate the delay and/or its effects, including efforts to mitigate the cost impact of the delay, such as by workforce management or by a change in sequencing. If the delay is still ongoing at the time the request is submitted, the request should also include Contractor's plan for continued mitigation of the delay or its effects.

(2) *Delay Days and Costs.* The request must specify the number of days of Excusable Delay claimed or provide a realistic estimate if the duration of the delay is not yet known. If Contractor believes it is entitled to Recoverable Costs for Compensable Delay, the request must specify the amount and basis for the Recoverable Costs that are claimed or provide a realistic estimate if the amount is not yet known. Any estimate of delay duration or cost must be updated in writing and submitted with all required supporting documentation as soon as the actual time and cost is known. The maximum extension of Contract Time will be the number of days, if any, by which an Excusable Delay or a Compensable Delay exceeds any concurrent Non-Excusable Delay. Contractor is entitled to an extension of Contract Time, or compensation for Recoverable Costs, only if, and only to the extent that, such delay will unavoidably delay Final Completion.

(3) *Supporting Documentation.* The request must also include any and all supporting documentation necessary to evidence the delay and its actual impacts, including scheduling and cost impacts with a time impact analysis using critical path methodology and demonstrating the unavoidable delay to Final Completion. The time impact analysis must be submitted in a form or format acceptable to City. The time impact analysis must include (a) schedule diagrams comparing the current activities and sequences to the revised activities and sequences and (b) analysis that clearly demonstrates impact(s) to the critical path activities. The time impact analysis must utilize the most current schedule update information that accurately reflects progress on the Project at the time of the schedule impact. The schedule logic for future activities must accurately reflect the approved plan for completing the remaining Work.

(4) *Burden of Proof.* Contractor has the burden of proving that: the delay was an Excusable Delay or Compensable Delay, as defined above; Contractor has fully complied with its scheduling obligations in Section 5.2, Schedule Requirements; Contractor has made reasonable efforts to mitigate the delay and its schedule and cost impacts; the delay will unavoidably result in delaying Final Completion; and any Recoverable Costs claimed by Contractor were actually incurred and were reasonable under the circumstances.

(5) *Legal Compliance.* Nothing in this Section 5.3 is intended to require the waiver, alteration, or limitation of the applicability of Public Contract Code § 7102.

(6) *No Waiver.* Any grant of an extension of Contract Time, or compensation for Recoverable Costs due to Compensable Delay, will not operate as a waiver of City's right to assess liquidated damages for Non-Excusable Delay.

(7) *Dispute Resolution.* In the event of a dispute over entitlement to an extension of Contract Time or compensation for Recoverable Costs, Contractor may not stop Work pending resolution of the dispute, but must continue to comply with its duty to diligently prosecute the performance and timely completion of the Work. Contractor's sole recourse for an unresolved dispute based on City's rejection of a Change Order request for an extension of Contract Time or compensation for Recoverable Costs is to comply with the dispute resolution provisions set forth in Article 12 below.

5.4 Liquidated Damages.

It is expressly understood that if Final Completion is not achieved within the Contract Time, City will suffer damages from the delay that are difficult to determine and accurately specify. Pursuant to Public Contract Code § 7203, if Contractor fails to achieve Final Completion within the Contract Time due to Contractor's Non-Excusable Delay, City will charge Contractor in the amount specified in the Contract for each calendar day that Final Completion is delayed beyond the Contract Time, as liquidated damages and not as a penalty. Any waiver of accrued liquidated damages, in whole or in part, is subject to approval of the City Council or its authorized delegee.

(A) ***Liquidated Damages.*** Liquidated damages will not be assessed for any Excusable Delay or Compensable Delay, as set forth above.

(B) ***Milestones.*** Liquidated damages may also be separately assessed for failure to meet milestones specified elsewhere in the Contract Documents.

(C) ***Setoff.*** City is entitled to deduct the amount of liquidated damages assessed against any payments otherwise due to Contractor, including progress payments, Final Payment, or unreleased retention. If there are insufficient Contract funds remaining to cover the full amount of liquidated damages assessed, City is entitled to recover the balance from Contractor or its performance bond surety.

(D) ***Occupancy or Use.*** Occupancy or use of the Project in whole or in part prior to Final Completion does not constitute City's acceptance of the Project and will not operate as a waiver of City's right to assess liquidated damages for Contractor's Non-Excusable Delay in achieving Final Completion.

(E) ***Other Remedies.*** City's right to liquidated damages under this Section applies only to damages arising from Contractor's Non-Excusable Delay or failure to complete the Work within the Contract Time. City retains its right to pursue all other remedies under the Contract for other types of damage, including damage to property or persons, costs or diminution in value from defective materials or workmanship, costs to repair or complete the Work, lost revenues, interest expenses, cost of substitute facilities, claims and fines of regulatory agencies, or other liability caused by Contractor.

Article 6 Contract Modification

6.1 Contract Modification.

Subject to the limited exception set forth in subsection (D) below, any change in the Work or the Contract Documents, including the Contract Price or Contract Time, will not be a valid and binding change to the Contract unless it is formalized in a Change Order (Attachment A), including a "no-cost" Change Order or a unilateral Change Order. Changes in the Work pursuant to this Article 6 will not operate to release, limit, or abridge Contractor's warranty obligations pursuant to Article 11 or any obligations of Contractor's bond sureties.

(A) ***City-Directed Changes.*** City may direct changes in the scope or sequence of Work or the requirements of the Contract Documents, without invalidating the Contract. Such changes may include Extra Work as set forth in subsection (C) below, or deletion or modification of portions of the Work. Prior to directing any such changes, City may request information from Contractor regarding the impact of any such City-directed changes on the Contract Price or Contract Time. Contractor will respond to any such request within 10 days following City's issuance of the request. Contractor's response, including anticipated impacts, must be consistent with requirements of the Contract Documents, including Sections 6.3 and 6.4, below. Contractor must promptly comply with City-directed changes in the Work, when directed by City, in accordance with the original Contract Documents, even if Contractor and City have not yet reached agreement as to

adjustments to the Contract Price or Contract Time for the change in the Work or for the Extra Work. Contractor is not entitled to extra compensation for cost savings resulting from "value engineering" pursuant to Public Contract Code § 7101, except to the extent authorized in advance by City in writing, and subject to any applicable procedural requirements for submitting a proposal for value engineering cost savings.

(B) ***Disputes.*** In the event of a dispute over entitlement to or the amount of a change in Contract Time or a change in Contract Price related to a City-directed change in the Work, Contractor must perform the Work as directed and may not delay its Work or cease Work pending resolution of the dispute, but must continue to comply with its duty to diligently prosecute the performance and timely completion of the Work, including the Work in dispute. Likewise, in the event that City and Contractor dispute whether a portion or portions of the Work are already required by the Contract Documents or constitute Extra Work, or otherwise dispute the interpretation of any portion(s) of the Contract Documents, Contractor must perform the Work as directed and may not delay its Work or cease Work pending resolution of the dispute, but must continue to comply with its duty to diligently prosecute the performance and timely completion of the Work, including the Work in dispute, as directed by City. If Contractor refuses to perform the Work in dispute, City may, acting in its sole discretion, elect to delete the Work from the Contract and reduce the Contract Price accordingly, and self-perform the Work or direct that the Work be performed by others. Alternatively, City may elect to terminate the Contract for convenience or for cause. Contractor's sole recourse for an unresolved dispute related to changes in the Work or performance of any Extra Work is to comply with the dispute resolution provisions set forth in Article 12, below.

(C) ***Extra Work.*** City may direct, in writing, Contractor to perform Extra Work related to the Project. Contractor must promptly perform any Extra Work as directed or authorized by City in accordance with the original Contract Documents, even if Contractor and City have not yet reached agreement on adjustments to the Contract Price or Contract Time for such Extra Work. If Contractor believes it is necessary to perform Extra Work due to changed conditions, Contractor must promptly notify the Engineer in writing, specifically identifying the Extra Work and the reason(s) the Contractor believes it is Extra Work. This notification requirement does not constitute a Change Order request pursuant to Section 6.2, below. Contractor must maintain detailed daily records that itemize the cost of each element of Extra Work, and sufficiently distinguish the direct cost of the Extra Work from the cost of other Work performed. For each day that Contractor performs Extra Work, or Work that Contractor contends is Extra Work, Contractor must submit no later than the following Working Day, a daily report of the Extra Work performed that day and the related costs, together with copies of certified payroll, invoices, and other documentation substantiating the costs ("Extra Work Report"). The Engineer will make any adjustments to Contractor's Extra Work Report(s) based on the Engineer's records of the Work. When an Extra Work Report(s) is agreed on and signed by both City and Contractor, the Extra Work Report(s) will become the basis for payment under a duly authorized and signed Change Order. Failure to submit the required documentation by close of business on the next Working Day is deemed a full and complete waiver for any change in the Contract Price or Contract Time for any Extra Work performed that day.

(D) ***Minor Changes and RFIs.*** Minor field changes, including RFI replies from City, that do not affect the Contract Price or Contract Time and that are approved by the Engineer acting within his or her scope of authority, do not require a Change Order. By executing an RFI reply from City, Contractor agrees that it will perform the Work as clarified therein, with no change to the Contract Price or Contract Time.

(E) ***Remedy for Non-Compliance.*** Contractor's failure to promptly comply with a City-directed change is deemed a material breach of the Contract, and in addition to all other remedies available to it, City may, at its sole discretion, hire another contractor or use its

own forces to complete the disputed Work at Contractor's sole expense, and may deduct the cost from the Contract Price.

6.2 Contractor Change Order Requests.

Contractor must submit a request or proposal for a change in the Work, compensation for Extra Work, or a change in the Contract Price or Contract Time as a written Change Order request or proposal.

(A) ***Time for Submission.*** Any request for a change in the Contract Price or the Contract Time must be submitted in writing to the Engineer within 14 calendar days of the date that Contractor first encounters the circumstances, information or conditions giving rise to the Change Order request, even if the total amount of the requested change in the Contract Price or impact on the Contract Time is not yet known at that time. If City requests that Contractor propose the terms of a Change Order, unless otherwise specified in City's request, Contractor must provide the Engineer with a written proposal for the change in the Contract Price or Contract Time within five working days of receiving City's request, in a form satisfactory to the Engineer.

(B) ***Required Contents.*** Any Change Order request or proposal submitted by Contractor must include a complete breakdown of actual or estimated costs and credits, and must itemize labor, materials, equipment, taxes, subcontract amounts, and, if applicable, Extra Work Reports. Any estimated cost must be updated in writing as soon as the actual amount is known.

(C) ***Required Documentation.*** All claimed costs must be fully documented, and any related request for an extension of time or delay-related costs must be included at that time and in compliance with the requirements of Article 5 of the General Conditions. Upon request, Contractor must permit City to inspect its original and unaltered bidding records, subcontract agreements, subcontract change orders, purchase orders, invoices, or receipts associated with the claimed costs.

(D) ***Required Form.*** Contractor must use City's form(s) for submitting all Change Order requests or proposals, unless otherwise specified by City.

(E) ***Certification.*** All Change Order requests must be signed by Contractor and must include the following certification:

"The undersigned Contractor certifies under penalty of perjury that its statements and representations in this Change Order request are true and correct. Contractor warrants that this Change Order request is comprehensive and complete as to the Work or changes referenced herein, and agrees that any known or foreseeable costs, expenses, or time extension requests not included herein, are deemed waived."

6.3 6.3 Adjustments to Contract Price

The amount of any increase or decrease in the Contract Price will be determined based on one of the following methods listed below, in the order listed with unit pricing taking precedence over the other methods. Markup applies only to City-authorized time and material Work, and does not apply to any other payments to Contractor. For Work items or components that are deleted in their entirety, Contractor will only be entitled to compensation for those direct, actual, and documented costs (including restocking fees), reasonably incurred before Contractor was notified of the City's intent to delete the Work, with no markup for overhead, profit, or other indirect costs.

(A) ***Unit Pricing.*** Amounts previously provided by Contractor in the form of unit prices, either in a bid schedule or in a post-award schedule of values pursuant to Section 8.1, Schedule of Values, will apply to determine the price for the affected Work, to the extent

applicable unit prices have been provided for that type of Work. No additional markup for overhead, profit, or other indirect costs will be added to the calculation.

(B) ***Lump Sum.*** A mutually agreed upon, all-inclusive lump sum price for the affected Work with no additional markup for overhead, profit, or other indirect costs.

(C) ***Time and Materials.*** On a time and materials basis, if and only to the extent compensation on a time and materials basis is expressly authorized by City in advance of Contractor's performance of the Work and subject to any not-to-exceed limit. Time and materials compensation will include allowed markup for overhead, profit, and other indirect costs as follows:

(1) All direct labor costs provided by the Contractor, excluding superintendence, project management, or administrative costs, plus 15% markup;

(2) All direct material costs provided by the Contractor, plus 15% markup (except markup will not be applied to the sales tax component of direct material costs);

(3) All direct plant and equipment rental costs provided by the Contractor, plus 15% markup;

(4) All actual direct labor, material, and equipment costs incurred for Work performed by Subcontractors, plus Contractor's markup on those actual direct costs, which markup shall not exceed 10% of the aggregate amount of those actual direct costs and shall not be applied to any Subcontractor markup. A Subcontractor retained directly by Contractor may apply a markup to its actual direct labor, material, and equipment costs for Work it self-performs, provided that such markup shall not exceed 10% of the aggregate amount of those actual direct costs. No lower-tier Subcontractor shall be entitled to markup, no Subcontractor may apply markup to lower-tier Subcontractor costs, and no markup may be applied more than once to the same cost; and

(5) Increased bond and insurance premium costs are deemed included in the above markups.

6.4 Limitations on Allowable Costs

Allowable costs in connection with City-authorized time and materials Work or as otherwise authorized by the Contract Documents are subject to the following:

(A) ***Labor***. Costs are allowed for labor, including forepersons when authorized by City, used in the actual and direct performance of the Work directed by Change Order, excluding superintendence, project management, and administrative costs. Allowable labor costs include (1) the actual and direct payroll costs to Contractor, consisting of actual wages and any employer payments to, or on behalf of, workers (other than actual wages) for health and welfare, pension, vacation, training, or other State- or federal-recognized fringe benefit payments, and (2) the labor surcharge percentage, in effect during performance of the Work, as set forth in the publication titled *California Department of Transportation Labor Surcharge and Equipment Rental Rates*, which is intended to cover worker's compensation insurance, social security, Medicare, federal unemployment insurance, State unemployment insurance, and State training taxes.

(B) ***Materials*.** Costs are allowed for the actual cost to Contractor for materials directly required for performance of the Work directed by Change Order. The cost of materials may include the costs of transportation, sales tax, and delivery, if necessarily incurred. If a cash or trade discount by the supplier of the materials is available to Contractor, it will be credited to City, regardless of whether the discount is actually taken. If the materials

are obtained from a supply or source owned wholly or in part by Contractor, payment therefor will not exceed the current wholesale price for such materials. Costs for consumed materials may be charged on a reasonably estimated basis but may not be a percentage of labor. If, in the opinion of City, the cost of materials is excessive, or if Contractor fails to furnish satisfactory evidence of the cost from the supplier thereof, then the cost of the materials will be deemed to be the lowest wholesale price at which similar materials are available in the quantities required and at the time needed. City reserves the right to furnish materials, and Contractor will have no claim for costs or profits on City-furnished material. If materials are salvaged upon completion, the salvage value will be deducted from the cost of materials.

(C) ***Equipment.*** Costs are allowed for the actual cost to Contractor for the use of equipment directly required in the performance of the Work directed by Change Order. For Contractor- or Subcontractor-owned equipment, costs will be allowed based on rental rates listed for equipment in the California Department of Transportation's Labor Surcharge and Equipment Rental Rates publication in effect at the time the Work is performed, unless there is no applicable rate for an item of equipment, in which case cost will be based on the rental rate listed in the most recent edition of the Association of Equipment Distributors ("AED") book. For rented equipment, costs will be allowed based on actual rental invoices. The equipment used for Work in a Change Order must be of proper size and type. If equipment of an unwarranted size or type is used, the allowable costs for use of such equipment will be calculated at the rental rate for equipment of a proper size and type, as determined by City. The rental rates to be paid to Contractor shall constitute full compensation to Contractor for the cost of fuel, power, oil, lubrication, supplies, small tools, small equipment, necessary attachments, repairs and maintenance of any kind, depreciation, storage, insurance, and any and all costs to Contractor incidental to the use of such equipment. Unless otherwise specified, manufacturer's ratings, and manufacturer-approved modifications, shall be used to classify equipment for determination of applicable rental rates. Individual pieces of equipment having a replacement value of $500 or less will be considered to be small tools or small equipment, and no payment therefor will be made unless it has been rented specifically for the Work directed by Change Order. No payment will be made for time while equipment is inoperative due to breakdowns or for non-Work days.

(1) For equipment at the Project site, rental time to be paid for equipment shall be time equipment is in operation on Work being performed or on standby as approved by City. The following shall be used in computing rental time of equipment: (a) When hourly rates are listed, less than 30 minutes of operation shall be considered to be ½ hour of operation; (b) When daily rates are listed, less than four hours of operation shall be considered to be ½ day of operation.

(2) For equipment that must be brought to the Project site to be used exclusively on Work directed by Change Order, the rental time may include the time required to move the equipment to the Project site from the nearest available source for rental of such equipment, and to return it to the source, as follows: (a) Costs of loading and unloading equipment are allowable; (2) Cost of transporting equipment in low bed trailers shall not exceed hourly rates charged by established haulers; (c) Cost of transporting equipment shall not exceed applicable minimum established rates of California Public Utilities Commission; and (d) City will not make any payment for transporting and loading and unloading equipment if equipment is used on Work in any other way than on Work directed by Change Order.

(3) Rental period may begin at time equipment is unloaded at Project site and terminate at end of the performance of the Work directed by Change Order or day on which City directs Contractor to discontinue use of equipment, whichever

occurs first. Rental time to be paid per working day shall be four hours for zero hours of operation, six hours for four hours of operation, and eight hours for eight hours of operation, time being prorated between these parameters. Hours to be paid for equipment that is operated less than eight hours due to breakdowns, shall not exceed eight less the number of hours equipment is inoperative due to breakdowns.

(D) ***Specialists.*** If Work in a Change Order requires the services of a specialist, as determined by City, costs will be allowed for the services of the specialist based on the actual itemized invoice to Contractor for the specialist's services required in the performance of the Work, after deduction of any cash or trade discount available to Contractor, regardless of whether such discount is actually taken. If it is impracticable and not in accordance with established practice of the specialist's industry to provide a complete itemization of its services, then costs will be allowed based on the current market price rate for such services. If the Work in a Change Order requires a fabrication or machining process in a fabrication or machine shop facility off-site, the cost of such off-site Work may be included in allowable costs, if City is notified in writing in advance and approves such costs.

(E) ***Markup.*** The following non-exclusive list identifies items that are deemed included in markup for overhead, profit, and other indirect costs, whether incurred by Contractor, Subcontractors, or suppliers, and Contractor shall not invoice or receive payment for these costs separately:

(1) Drawings and submissions of drawings, including field drawings, Shop Drawings, and sketches;
(2) Employee vehicle and gas expenses;
(3) Estimating;
(4) Final cleanup;
(5) General administration and preparation of cost proposals, schedule analyses, Change Order requests, and other supporting documentation as necessary;
(6) General superintendence;
(7) Handling and disposal fees;
(8) Home office expenses;
(9) Parking expenses of any field labor, foreman, office personnel, and superintendents;
(10) Procurement and use of vehicles and fuel used in Work;
(11) Routine field inspection of Work;
(12) Salaries of project management personnel, superintendent, timekeeper, storekeeper, administrative assistants, and secretaries;
(13) Small tools and equipment valued at less than $500;
(14) Insurance and bond premiums and costs;
(15) Temporary on-site facilities, including, but not limited to, electrical (power, lighting), fencing, offices, platforms, plumbing, telephones, internet, and water;
(16) Travel expenses; and
(17) Other incidental Work.

6.5 Unilateral Change Order

If the parties dispute the terms of a proposed Change Order, including disputes over the amount of compensation or extension of time that Contractor has requested, the value of deleted or changed Work, what constitutes Extra Work, or quantities used, City may elect to issue a unilateral Change Order, directing performance of the Work, and authorizing a change in the Contract Price or Contract Time for the adjustment to compensation or time that the City believes is merited. Contractor's sole recourse to dispute the terms of a unilateral Change Order is to submit a timely Claim pursuant to Article 12, below.

6.6 Non-Compliance Deemed Waiver

Contractor waives its entitlement to any increase in the Contract Price or Contract Time if Contractor fails to fully comply with the provisions of this Article. Contractor will not be paid for unauthorized Extra Work.

Article 7 General Construction Provisions

7.1 Permits, Fees, Business License, and Taxes.

(A) ***Permits, Fees, and City Business License.*** Contractor must obtain and pay for all permits, fees, and licenses required to perform the Work, including a City business license. Contractor must cooperate with and provide notifications to all government agencies with jurisdiction over the Project, as may be required. Contractor must provide City with copies of all records of permits and permit applications, payment of required fees, and any licenses required for the Work. Contractor must comply with all permit requirements and conduct all necessary permit coordination activities. Contractor will be responsible, at its sole cost, for any fines, costs, damages, or other liabilities incurred by City resulting from violations or threatened violations of permit requirements or other legal or regulatory requirements, or from City's loss of use of any permit, due to Contractor's activities.

(B) ***Taxes.*** Contractor must pay for all taxes on labor, material, and equipment, except Federal Excise Tax to the extent that City is exempt from Federal Excise Tax.

7.2 Temporary Facilities

Contractor must provide, at Contractor's sole expense, any and all temporary facilities for the Project. The location of all temporary facilities must be approved by the City prior to installation. Temporary facilities must be safe and adequate for the intended use and installed and maintained in accordance with Laws and the Contract Documents. Additional provisions pertaining to temporary facilities may be included in the Specifications or Special Conditions.

(A) Project within Public Right-of-Way. Contractor shall provide any and all temporary facilities, including, but not limited to, sanitary facilities, barricades, walkways, ramps, project signs, changeable message boards, and any other temporary structure or facility necessary to provide access to the public and to safely perform the Work.

(B) Utilities. Contractor must install and maintain, at Contractor's sole expense, the power, water, sewer, and all other utilities required for the Project site, including the piping, wiring, internet and Wi-Fi connections, and any related equipment necessary to maintain the temporary facilities. Contractor is responsible for the cost of utility services necessary to perform the Work.

(C) Removal and Repair. Contractor must promptly remove all such temporary facilities when they are no longer needed or upon completion of the Work, whichever comes first. Contractor must promptly repair any damage to City's property or to other property caused by the installation, use, or removal of the temporary facilities, and must promptly restore the property to its original or intended condition.

7.3 Noninterference and Site Management

Contractor must avoid interfering with City's use of its property at or adjacent to the Project site, including use of roadways, entrances, parking areas, walkways, and structures. Contractor must perform the Work in a manner that does not interrupt or otherwise adversely impact any City operations, including the City's franchise hauler for solid waste. Contractor must also minimize disruption of access to private property in the Project vicinity. Contractor must coordinate with

affected property owners, tenants, and businesses, and maintain some vehicle and pedestrian access to their residences or properties at all times. Temporary access ramps, fencing or other measures must be provided as needed. Before blocking access to a private driveway or parking lot, Contractor must provide effective notice to the affected parties at least 48 hours in advance of the pending closure and allow them to remove vehicles. Private driveways, residences and parking lots must have access to a roadway during non-Work hours.

(A) ***Offsite Acquisition.*** Unless otherwise provided by City, Contractor must acquire, use and dispose of, at its sole expense, any Worksites, licenses, easements, and temporary facilities necessary to access and perform the Work.

(B) ***Offsite Staging Area and Field Office*****.** Contractor shall make arrangements with the nearby property owner(s) as needed to secure space for Contractor's staging and/or field office. Before using or occupying any property owned by a third party, Contractor must provide City with a copy of the necessary license agreement, easement, or other written authorization from the property owner, together with a written release from the property owner holding City harmless from any related liability, in a form acceptable to the City Attorney.

(C) ***Traffic Management.*** Contractor must provide traffic management and traffic controls as specified in the Contract Documents, as required by Laws, and as otherwise required to ensure public and worker safety, and to avoid interference with public or private operations or the normal flow of vehicular, bicycle, or pedestrian traffic.

(D) ***Circularizing Businesses and Residences.*** At least 48 hours in advance of any Work that may affect businesses or residents, Contractor must notify, by circular, all businesses and residents with street frontage or property that may be affected by the Work. The circular must include Contractor's name, address, and telephone number; the starting time and date of the Work; the nature and extent of the Work; and the approximate date upon which Contractor expects to complete the Work. The circular must be submitted to the Engineer for approval at least two full Working Days in advance of the proposed distribution date.

7.4 Signs

No signs may be displayed on or about City's property, except signage which is required by Laws or by the Contract Documents, without City's prior written approval as to size, design, and location.

7.5 Project Site and Nearby Property Protections.

(A) ***General.*** Contractor is responsible at all times, on a 24-hour basis and at its sole cost, for protecting the Work, the Project site, and the materials and equipment to be incorporated into the Work, until the City has accepted the Project, excluding any exceptions to acceptance, if any. Except as specifically authorized by City, Contractor must confine its operations to the area of the Project site indicated in the Plans and Specifications. Contractor is liable for any damage caused by Contractor or its Subcontractors to the Work, City's property, the property of adjacent or nearby property owners and the work or personal property of other contractors working for City, including damage related to Contractor's failure to adequately secure the Work or any Worksite.

(1) Subject to City's approval, Contractor shall provide and install safeguards, including, but not limited to, security fencing, barricades, lighting, and any other security measures necessary to protect the Work; any Worksite, including the Project site; City's real or personal property and the real or personal property of adjacent or nearby property owners, including plant and tree protections. If instructed by the Engineer, Contractor must, at a minimum, install a temporary

chain-link fence with locking gate surrounding the Project site and maintain a lock on the access gate at all times.

(2) City wastewater systems may not be interrupted. If the Work disrupts existing sewer facilities, Contractor must immediately notify City and establish a plan, subject to City's approval, to convey the sewage in closed conduits back into the sanitary sewer system. Sewage must not be permitted to flow in trenches or be covered by backfill.

(3) Contractor must remove with due care, and store at City's request, any objects or material from the Project site that City will salvage or reuse at another location. Any such objects or material must be delivered by Contractor in good condition to City's Street Corporation Yard at 1700 Walsh Avenue, Santa Clara, CA 95050 or, for an SVP Project, 1705 Martin Avenue, Santa Clara, CA 95050.

(4) If directed by Engineer, Contractor must remedy all damage, injury, loss or interruptions as specified by the Engineer. However, acting in its sole discretion, City may elect to have the damage, injury, loss or interruptions remedied otherwise, and may deduct the cost from payment otherwise due to Contractor.

(5) Contractor will not permit any structure, pavement, or infrastructure to be loaded in a manner that will damage or endanger the integrity of the structure, pavement, or infrastructure.

(6) Contractor will not make any arrangements with any person to permit occupancy or use of any land, structure, or building at the Project site, for any purpose other than performance of the Work, unless specifically required or authorized by the Contract Documents.

(7) All fire hydrants and water control valves must be kept free from obstruction and available for use at all times.

(8) Contractor must shield all welding operations from public view with solid barrier(s).

(9) Contractor must provide protective measures to adequately protect workers and the public from hazards resulting from the Work and to exclude unauthorized persons from the Work.

(10) No attempt has been made by City to locate private utilities on private property such as irrigation systems or electrical conduits.

(B) ***Project Site Access and Securing Project Site.*** Contractor and Subcontractor personnel may not occupy or use the Project site for any purpose during non-Work hours, except as may be provided in the Contract Documents or pursuant to prior written authorization from City.

(1) *Project with a Defined Fence Perimeter*. If the Project has a defined fence perimeter, Contractor must at all times limit access to the Project site to necessary personnel only. All personnel associated with construction of the Project must enter the site through Contractor's access gate, at the location indicated on the Plans. Access for construction personnel will be limited to the hours set forth in Section 5.2(H) or as otherwise specified by City. All mail and deliveries must be sent to a separate address (at Contractor's gate), specifically arranged by Contractor for the Project. Contractor is responsible for providing adequate signage to alert delivery persons to the new address.

(2) *Project within Public Right-of-Way.* If the Project is within the public right-of-way, after completion of Work each day, Contractor must secure the Project site and, to the extent feasible, make the area reasonably accessible to the public unless City approves otherwise. All excess materials and equipment not protected by approved traffic control devices must be relocated to the staging area or demobilized. Trench spoils must be hauled off the Project site daily and open excavations must be protected with steel plates.

(C) ***Unforeseen Conditions.*** If Contractor encounters facilities, utilities, or other unknown conditions not shown on or reasonably inferable from the Plans or apparent from inspection of the Project site, Contractor must immediately notify the City and promptly submit a Request for Information to obtain further directions from the Engineer. Contractor must avoid taking any action which could cause damage to the facilities or utilities pending further direction from the Engineer. The Engineer's written response will be final and binding on Contractor. If the Engineer's subsequent direction to Contractor affects Contractor's cost or time to perform the Work, Contractor may submit a Change Order request as set forth in Article 6 above.

(D) ***Support and Protection.*** Contractor shall be responsible for determining where sloping, shoring, bracing, and/or underpinning is necessary and the adequacy of the design, installation, and maintenance of all sloping, shoring, bracing, and/or underpinning for all excavations, including any excavation less than five feet in depth. Contractor must provide, install, and maintain all such sloping, shoring, bracing, and underpinning. The sloping, shoring, bracing, and underpinning must be sufficient to provide support to City's property and adjacent properties and improvements thereon and protect the Work, adjacent property and improvements, workers, and the public from accidents, injuries, or damage. Contractor shall be solely responsible for any damage or injuries that may result from excavating or trenching. City's acceptance of any drawings showing the shoring or bracing design or schedule shall not relieve Contractor of its responsibilities under this Section. Contractor must also protect the Work with lights, guardrails, temporary covers, and barricades. Contractor must enclose excavations with proper barricades. Contractor must brace and secure all parts of the Work against storm and accident. Contractor must also provide additional forms of protection as may be necessary under the circumstances. Contractor must provide notifications to adjacent property owners as may be required by Laws. See also, Section 7.15, Trenching of Five Feet or More.

(E) ***Notification of Property Damage.*** Contractor must immediately notify the City of damage to any real or personal property resulting from Work on the Project. Contractor must immediately provide a written report to City of any such property damage in excess of $500 (based on estimated cost to repair or replace) within 24 hours of the occurrence. The written report must include: (1) the location and nature of the damage, and the owner of the property, if known; (2) the name and address of each employee of Contractor or any Subcontractor involved in the damage; (3) a detailed description of the incident, including precise location, time, and names and contact information for known witnesses; and (4) a police or first responder report, if applicable. If Contractor is required to file an accident report with another government agency, Contractor shall provide a copy of the report to City.

7.6 Materials and Equipment.

(A) ***General.*** Unless otherwise specified, all materials and equipment required for the Work must be new, free from defects, and of the best grade for the intended purpose, and furnished in sufficient quantities to ensure the proper and expeditious performance of the Work. Contractor must employ measures to preserve the specified quality and fitness of the materials and equipment. Unless otherwise specified, all materials and equipment required for the Work are deemed to include all components required for complete installation and intended operation and must be installed in accordance with the

manufacturer's recommendations or instructions. Contractor is responsible for all shipping, handling, and storage costs associated with the materials and equipment required for the Work. Contractor is responsible for providing security and protecting the Work and all of the required materials, supplies, tools and equipment at Contractor's sole cost until City has formally accepted the Project as set forth in Section 11.1, Final Completion. Contractor will not assign, sell, mortgage, or hypothecate any materials or equipment for the Project, or remove any materials or equipment that have been installed or delivered.

(B) ***City-Provided.*** If the Work includes installation of materials or equipment to be provided by City, Contractor is solely responsible for the proper examination, handling, storage, and installation in accordance with the Contract Documents. Contractor must notify City of any defects discovered in City-provided materials or equipment, sufficiently in advance of scheduled use or installation to afford adequate time to procure replacement materials or equipment as needed. Contractor is solely responsible for any loss of or damage to such items which occurs while the items are in Contractor's custody and control, the cost of which may be offset from the Contract Price and deducted from any payment(s) due to Contractor.

(C) ***Intellectual Property Rights.*** Contractor must, at its sole expense, obtain any authorization or license required for use of patented or copyright-protected materials, equipment, devices, or processes that are incorporated into the Work. Contractor's indemnity obligations in Article 4 apply to any claimed violation of intellectual property rights.

(D) ***Standards To Apply Where Specifications Are Not Furnished.*** The following general specifications will apply wherever in the Specifications, or in any directions given by City in accordance with or supplementing Specifications, it is provided that Contractor shall furnish materials or manufactured articles or will do Work for which no detailed specifications are provided. Materials or manufactured articles will be of the best grade, in quality and workmanship, obtainable in the market from firms of established good reputation. If not ordinarily carried in stock, the materials or manufactured articles must conform to industry standards for first-class materials or articles of the kind required, with due consideration of the use to which they are to be put. Work will conform to the usual standards or codes for first-class work of the kind required. Contractor shall specify in writing to City the materials to be used or Work to be performed under this Section 7.6 ten Working Days prior to furnishing such materials or performing such Work.

7.7 Substitutions.

(A) ***"Or Equal."*** Any Specification designating a material, product, or thing (collectively, "item") or service by specific brand or trade name, followed by the words "or equal," is intended only to indicate the quality and type of item or service desired, and Contractor may request use of any equal item or service. Unless otherwise stated in the Specifications, any reference to a specific brand or trade name for an item or service that is used solely for the purpose of describing the type of item or service desired, will be deemed to be followed by the words "or equal." A substitution will only be approved if it is a true "equal" item or service in every aspect of design, function, and quality, as determined by City, including dimensions, weight, maintenance requirements, durability, fit with other elements, and schedule impacts.

(B) ***Request for Substitution.*** A post-award request for substitution of an item or service must be submitted in writing to the Engineer for approval in advance, within the applicable time period provided in the Contract Documents. If no time period is specified, the substitution request may be submitted any time within 35 days after the date of award of the Contract, or sufficiently in advance of the time needed to avoid delay of the Work, whichever is earlier. A separate request for substitution must be submitted for each item

or service proposed for substitution. Contractor must submit a digital copy of each request.

(C) ***Substantiation.*** Contractor must substantiate each written request for substitution with the following: (1) product identification, (2) manufacturer's literature, (3) test results or samples, if applicable, (4) name and address of similar projects on which the item has been used and the date of installation, (5) the name, address, and telephone number of manufacturer's representative or sales engineer, (6) a detailed description of the proposed construction method and drawings illustrating the construction method, (7) an itemized comparison of the proposed substitution with the product specified that lists all variations, including, but not limited to, dimensions, weights, service requirements, and functional differences, (8) available maintenance, repair, and replacement service for the proposed item, (9) any required approvals or other information for the proposed substitute that are necessary for compliance with regulatory agency requirements, (10) any schedule impacts associated with use of the proposed substitute, and (11) any other available data substantiating the proposed substitute as an equal item or service. Contractor must also state whether the substitute will require any changes to the Contract Documents, or any other separate contract the Contractor may have with the City, and whether use of the proposed substitute requires the payment of any license fee or royalty. Contractor's failure to timely provide all necessary substantiation, including any required test results as soon as they are available, is grounds for rejection of the proposed substitution, without further review. If a variation from the product specified is not identified in the submittal, the variation may be rejected by City even if the submittal was favorably reviewed.

(D) ***Burden of Proving Equality.*** Contractor has the burden of proving the equality of the proposed substitution at Contractor's sole cost. City has sole discretion to determine whether a proposed substitution is equal, and City's determination is final.

(E) ***Approval or Rejection.*** If the proposed substitution is approved, Contractor is solely responsible for any additional costs or time associated with the substituted item or service. If the proposed substitution is rejected, Contractor must, without delay, install the item or use the service as specified by City.

(F) ***Contractor's Obligations.*** City's approval of a proposed substitution will not relieve Contractor from any of its obligations under the Contract Documents. If an approved substitution requires any redesign, Contractor must reimburse City for any associated redesign costs. Such costs may be deducted from payments otherwise due Contractor. In the event Contractor makes an unauthorized substitution, Contractor shall be solely responsible for all resulting cost impacts, including the cost of removal and replacement and the impact to other design elements.

7.8 Testing and Inspection.

(A) ***General.*** All materials, equipment, and workmanship used in the Work are subject to inspection and testing by City at all times and at all locations during construction and/or fabrication, including at any Worksite, shops, and yards. All manufacturers' application or installation instructions must be provided to the Inspector at least 10 days prior to the first such application or installation. Contractor must, at all times, make the Work available for testing or inspection and must provide, at its sole cost, all information and assistance as required by City, including information and assistance from Subcontractors, fabricators, material suppliers and manufacturers, to perform the testing or inspection. Contractor must provide incidental labor and facilities to provide safe access to Work for testing and inspection, to obtain and handle samples at the Project site or at the source of the products to be tested, and to store and cure test samples. Neither City's inspection or testing of Work, nor its failure to do so, operate to waive or limit Contractor's duty to complete the Work in accordance with the Contract Documents.

(B) ***Scheduling and Notification.*** Contractor must cooperate with City in coordinating the inspections and testing. At least fifteen days in advance of a first test or inspection of each type, Contractor must submit a schedule of tests or inspections to City, indicating the types of tests or inspections and their scheduled dates. Contractor must deliver adequate samples of materials, proposed mix designs, and/or test specimens to a laboratory or location designated by City, at Contractor's expense, and schedule all tests required by the Contract Documents in time to avoid any delay to the progress of the Work. Contractor must also notify the Engineer at least three full Working Days before any inspection or testing and must provide timely notice to the other necessary parties as specified in the Contract Documents. If Contractor schedules an inspection or test beyond regular Work hours, or on a Saturday, Sunday, or recognized City holiday, Contractor must notify the Engineer at least three Working Days in advance for approval. If approved, Contractor must reimburse City for the cost of the overtime inspection or testing. Such costs, including the City's hourly costs for required personnel, may be deducted from payments otherwise due to Contractor.

(C) ***Responsibility for Costs.*** City will bear the initial cost of inspection and testing to be performed by City staff or independent inspection and testing consultants retained by City, subject to the following exceptions:

(1) Contractor shall be responsible for the costs of any subsequent inspections or tests which are required to substantiate compliance with the Contract Documents, and any associated remediation costs.

(2) Contractor shall be responsible for inspection costs, at City's hourly rates, for inspection time lost because the Work is not ready, or Contractor fails to appear for a scheduled inspection.

(3) If any portion of the Work that is subject to inspection or testing is covered or concealed by Contractor prior to the inspection or testing, Contractor shall bear the cost of making that portion of the Work available for the inspection or testing required by the Contract Documents, and any associated repair or remediation costs.

(4) Contractor is responsible for properly shoring all compaction test sites deeper than five feet below grade, as required under Section 7.15 below.

(5) Any Work or material that is defective or fails to comply with the requirements of the Contract Documents must be promptly repaired, removed, replaced, or corrected by Contractor, at Contractor's sole expense, even if that Work or material was previously inspected or included in a progress payment.

(6) Contractor is responsible for testing and inspection costs due to the following: changes in source or supplier of materials or products after original testing and inspection; changes in means, methods, techniques, sequences and procedures of construction that necessitate additional testing and inspection; and changes in mix designs after review and acceptance of submitted mix designs.

(D) ***Contractor's Obligations.*** Contractor is solely responsible for any delay occasioned by remediation of defective or noncompliant Work or material. Inspection or testing of the Work by City does not in any way relieve Contractor of its obligations to perform the Work as specified. Contractor has an independent duty to test and inspect its Work to ensure that it is safe, complies with the requirements of the Contract Documents, and that it is in proper condition to accommodate or interface with subsequent Work. Any Work done without the inspection(s) or testing required by the Contract Documents will be subject to rejection by City.

(E) ***Distant Locations.*** If required off-site testing or inspection must be conducted at a location more than 50 miles from the Project site, Contractor is solely responsible for the additional travel costs required for testing and/or inspection at such locations.

(F) ***Final Inspection.*** The provisions of this Section 7.8 also apply to final inspection under Article 11, Completion and Warranty Provisions.

(G) ***Governing Authorities and Other Public Agencies.*** If any governing authorities or other public agencies with jurisdiction over the Work, or a portion thereof, require any inspection, testing, or approval of the Work, or a portion thereof, Contractor must schedule, conduct, and pay for any such inspection or testing and obtain any required approvals. These governing authorities and agencies may include, but are not limited to, City's Building Department, Public Works Department, and Fire Department, the Office of Statewide Health Planning Department (OSHPD), and other similar agencies. Contractor must submit any such certificates of inspection or testing or approvals to the City.

(H) ***Inspections and Tests by Serving Utilities.*** Contractor must schedule, conduct, and pay for all tests and inspections required by serving utilities for the Work.

(I) ***Inspections and Tests by Manufacturer's Representatives.*** Contractor must, at its sole cost, schedule, coordinate, and ensure the performance of all tests and inspections specified to be conducted by materials or systems manufacturers, including those required by materials or systems manufacturers as a condition of warranty or certification Work.

7.9 Project Site Conditions and Maintenance

Contractor must at all times, on a 24-hour basis and at its sole cost, maintain the Project site and staging and storage areas in clean, neat, and sanitary condition and in compliance with all Laws pertaining to safety, air quality, and dust control. Adequate toilets must be provided, and properly maintained and serviced for all workers on the Project site, located in a suitably secluded area, subject to City's prior approval. If toilets of the chemically treated type are used, Contractor must furnish at least one toilet for each 20 persons. Contractor shall enforce the use of such sanitary facilities by all personnel at the Project site. Contractor must also, on a daily basis and at its sole cost, remove and properly dispose of the debris and waste materials from the Project site.

(A) ***Air Emissions Control*.** Contractor must not discharge smoke or other air contaminants into the atmosphere in violation of any Laws. Contractor must comply with all Laws, including the California Air Resources Board's In-Use Off-Road Diesel-Fueled Fleets Regulation (13 CCR § 2449 et seq.).

(B) ***Dust and Debris*.** Contractor must minimize and confine dust and debris resulting from the Work. Contractor must protect buildings and operating facilities from dust and must use suitable dust screens to protect existing and new machinery, motors, instrument panels, or similar equipment from dust. Contractor must include proper ventilation with dust screens. Contractor must abate dust nuisance by cleaning, sweeping, and immediately sprinkling with water excavated areas of dirt or other materials prone to cause dust, and within one hour after the Engineer notifies Contractor that an airborne nuisance exists. The Engineer may direct that Contractor provide an approved water-spraying truck for this purpose. If water is used for dust control, Contractor shall only use the minimum necessary. Contractor must take all necessary steps to keep waste water out of streets, gutters, or storm drains. See Section 7.19, Environmental Control. If City determines that the dust control is not adequate, City may have the work done by others and deduct the cost from payment otherwise due to Contractor. Contractor shall immediately remove any excess excavated material from the Project site and any dirt deposited on public streets. (See also Document 01 50 00 of the General Requirements.)

(C) ***Hazards Control***. Contractor must prevent the accumulation of wastes that may create hazardous conditions. Contractor must store volatile waste in covered metal containers and remove such waste from the premises daily. Contractor must provide adequate ventilation during the use of volatile or noxious substances.

(D) ***Clean up.*** Before discontinuing Work in an area, Contractor must clean the area and remove all debris and waste along with the construction equipment, tools, machinery, and surplus materials.

(1) Except as otherwise specified, all excess Project materials, and the materials removed from existing improvements on the Project site with no salvage value or intended reuse by City, will be Contractor's property.

(2) Hauling trucks and other vehicles leaving the Project site must be cleaned of exterior mud or dirt before traveling on City streets. Materials and loose debris must be delivered and loaded to prevent dropping materials or debris. Contractor must immediately remove spillage from hauling on any publicly traveled way. Streets affected by Work on the Project must be kept clean by street sweeping.

(3) Contractor shall also, on a daily basis, remove any dust, debris, mud, fill, and spoils from private property, unless the private property owner has requested otherwise in writing.

(E) ***Disposal.*** Contractor must dispose of all Project debris and waste materials in a safe and legal manner. Contractor may not burn or bury waste materials on the Project site. Contractor will not allow any dirt, refuse, excavated material, surplus concrete or mortar, or any associated washings, to be disposed of onto streets, into manholes or into the storm drain system. All excess soil from performance of Work shall be disposed at a Class I, II, or III landfill at sites to be chosen by Contractor in accordance with Laws. Contractor must review and comply with any such regulations and requirements of the agency having jurisdiction over any contemplated disposal site, as applicable. Contractor shall recycle all debris and waste materials with feasible re-use including concrete, asphalt concrete, pavement base materials, steel, and wood. A Project that includes 5,000 square feet or more of building construction, demolition or renovation shall comply with the City of Santa Clara Construction and Demolition Debris Recycling Program per Santa Clara Code Section 8.25.285.

(F) ***Completion.*** At the completion of the Work, Contractor must remove from the Project site all of its equipment, tools, surplus materials, waste materials and debris, presenting a clean and neat appearance. Before demobilizing from the Project site, Contractor must ensure that all surfaces are cleaned, sealed, waxed, or finished as applicable, and that all marks, stains, paint splatters, and the like have been properly removed from the completed Work and the surrounding areas. Contractor must clean or replace the filters of any mechanical equipment operated during construction and clean the ducts, blowers, and coils of mechanical equipment operated without filters during construction. Contractor must also mechanically sweep paved areas. Contractor must ensure that all parts of the construction are properly joined with the previously existing and adjacent improvements and conditions. Contractor must provide all cutting, fitting and patching needed to accomplish that requirement. Contractor must also repair or replace all existing improvements that are damaged or removed during the Work, both on and off the Project site, including curbs, sidewalks, driveways, fences, signs, utilities, utility poles, guy wires, underground pipes, conduits, drains, street surfaces, structures, and landscaping (sod, groundcover, shrubs, trees, and the like). Repairs and replacements must be at least equal to the previously existing improvements, and the condition, finish and dimensions must match the previously existing improvements. All replacements must be made with new materials. Contractor must restore to original condition all property or items that are

not designated for alteration under the Contract Documents and leave each Worksite clean and ready for occupancy or use by City.

(G) ***Non-Compliance.*** If Contractor fails to comply with its maintenance and cleanup obligations or any City clean up order, City may, acting in its sole discretion, elect to suspend the Work until the condition(s) is corrected with no increase in the Contract Time or Contract Price, or undertake appropriate cleanup measures without further notice and deduct the cost from any amounts due or to become due to Contractor.

7.10 Instructions and Manuals

Contractor must provide to City three hard copies and a digital copy of each instruction and manual required by the Contract Documents, unless otherwise specified. These must be complete as to drawings, details, parts lists, performance data, and other information that may be required for City to easily maintain and service the materials and equipment installed for this Project.

(A) ***Submittal Requirements.*** The instructions and manuals, along with any required guarantees, must be delivered to City for review prior to requesting final inspection pursuant to Section 11.1(A), unless otherwise specified.

(B) ***Training.*** Contractor or its Subcontractors must train City's personnel in the operation and maintenance of any complex equipment or systems as a condition precedent to Final Completion, if required in the Contract Documents.

7.11 As-Built Drawings

Contractor and its Subcontractors must prepare and maintain at the Project site a detailed, complete and accurate as-built set of the Plans which will be used solely for the purpose of recording changes made in any portion of the original Plans in order to create accurate record drawings at the end of the Project.

(A) ***Duty to Update.*** The as-built drawings must be updated as changes occur, on a daily basis if necessary. City may withhold the estimated cost for City to have the as-built drawings prepared from payments otherwise due to Contractor, until the as-built drawings are brought up to date to the satisfaction of City. Actual locations to scale must be identified on the as-built drawings for all runs of mechanical and electrical work, including all site utilities installed underground, in walls, floors, or otherwise concealed. Deviations from the original Plans must be shown in detail. The exact location of all main runs, whether piping, conduit, ductwork or drain lines, must be shown by dimension and elevation. The location of all buried pipelines, appurtenances, or other improvements must be represented by coordinates and by the horizontal distance from visible above-ground improvements.

(B) ***Final Completion.*** Contractor must verify that all changes in the Work are depicted in the as-built drawings and must deliver the complete set of as-built drawings to the Engineer for review and acceptance as a condition precedent to Final Completion and Final Payment.

7.12 Existing Utilities and Facilities.

(A) ***General.*** The Work may be performed in developed, urban areas with existing utilities, both above and below ground, including utilities identified in the Contract Documents or in other informational documents or records. Underground utilities are inherent in Work involving digging of trenches or other excavations and Contractor is to apply its skill and industry to verify the information available. Contractor must take due care to locate identified or reasonably identifiable utilities before proceeding with trenching, excavation,

or any other activity that could damage or disrupt existing utilities. This may include excavation with small equipment, potholing, or hand excavation, and, if practical, using white paint or other suitable markings to delineate the area to be excavated. Except as otherwise provided herein, Contractor shall be responsible for costs resulting from damage to identified or reasonably identifiable utilities due to Contractor's negligence or failure to comply with the Contract Documents, including the requirements in this Article 7. Contractor shall take immediate action to restore any service installation damaged by Contractor's operations. If City determines that Contractor has not responded to damaged service installations in a timely manner or has not diligently pursued restoration of damaged service installations, City may restore service installations and deduct the cost from payments otherwise due to Contractor.

(B) ***Unidentified Utilities.*** Pursuant to Government Code § 4215, if, during the performance of the Work, Contractor discovers utility facilities not identified by City in the Contract Documents, Contractor must immediately provide written notice to City and the utility. City assumes responsibility for the timely removal, relocation, or protection of existing main or trunkline utility facilities located on the Project site if those utilities are not identified in the Contract Documents. Contractor shall be compensated in accordance with the provisions of the Contract Documents for the costs of locating, repairing damage not due to Contractor's failure to exercise reasonable care, and removing or relocating such utility facilities not indicated in the Plans or Specifications with reasonable accuracy, and for equipment on the Project necessarily idled during such work. Contractor will not be assessed liquidated damages for delay in completion of the Work, to the extent the delay was caused by City's failure to provide for removal or relocation of such utility facilities.

(C) ***Service Laterals or Appurtenances.*** In accordance with Government Code § 4215, nothing herein will be deemed to require City to indicate the presence of existing service laterals or appurtenances whenever the presence of such utilities on the Project site can be inferred by Contractor from the presence of an underground transmission main or other visible facilities, such as buildings, new asphalt, meters and junction boxes, on or adjacent to the Project site.

(D) ***Locating Utilities.*** Contractor is responsible for all of the following activities to locate identified or reasonably identifiable utilities and the cost thereof is included in the Contract Price: (a) reviewing and checking all available information and data provided in any "For Reference Only" documents, the Plans, and Underground Services Alert (USA) information; (b) locating all identified or reasonably identifiable utilities, including utilities shown or indicated in the Contract Documents or any other available information and utilities indicated by visual observation including, but not limited to, and by way of example only, engaging qualified locating services and all necessary backhoeing and potholing; and (c) coordination of the Work with the owners of such utilities during construction. Contractor shall notify City of any conflict between information provided in any "For Reference Only" documents, the Plans, and USA information.

(E) Except as required by applicable law, Contractor shall bear the risk that utilities not owned or built by City may differ in nature or locations shown in information provided in the "For Reference Only" documents, the Plans, and USA information, or otherwise reasonably available to Contractor.

7.13 Notice of Excavation

(A) Contractor must comply with all applicable requirements in Government Code § 4216 et seq., which are incorporated by reference herein.

7.14 Trenching and Excavations of Four Feet or More

As required by Public Contract Code § 7104, if the Work includes digging trenches or other excavations that extend deeper than four feet below the surface, the provisions in this Section apply to the Work and the Project.

(A) ***Duty to Notify.*** Contractor must promptly, and before the following conditions are disturbed, provide written notice to City if Contractor finds any of the following conditions:

(1) Material that Contractor believes may be a hazardous waste, as defined in § 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with the provisions of existing Laws;

(2) Subsurface or latent physical conditions at the Project site differing from those indicated by information about the Project site made available to bidders prior to the deadline for submitting bids; or

(3) Unknown physical conditions at the Project site of any unusual nature, materially different from those ordinarily encountered and generally recognized as inherent in work of the character required by the Contract Documents.

(B) ***City Investigation.*** City will promptly investigate the conditions and if City finds that the conditions materially differ from those indicated, apparent, or reasonably inferred from information about the Project site made available to bidders, or involve hazardous waste, and cause a decrease or increase in Contractor's cost of, or the time required for, performance of any part of the Work, City will issue a Change Order.

(C) ***Disputes.*** In the event that a dispute arises between City and Contractor regarding any of the conditions specified in subsection (B) above, or the terms of a Change Order issued by City, Contractor will not be excused from completing the Work within the Contract Time, but must proceed with all Work to be performed under the Contract. Contractor shall retain any and all rights provided either by the Contract or by Laws which pertain to the resolution of disputes between Contractor and City.

7.15 Trenching of Five Feet or More

(A) As required by Labor Code § 6705, if the Contract Price exceeds $25,000 and the Work includes the excavation of any trench or trenches of five feet or more in depth, a detailed plan must be submitted to City for acceptance at least five days in advance of the excavation. The detailed plan must show the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation. If the plan varies from the shoring system standards, it must be prepared by a California registered civil or structural engineer. Use of a shoring, sloping, or protective system less effective than that required by the Construction Safety Orders is prohibited.

7.16 New Utility Connections

Except as otherwise specified, City will pay connection charges and meter costs for new permanent utilities required by the Contract Documents, if any. Contractor must notify City sufficiently in advance of the time needed to request service from each utility provider so that Contractor can coordinate connections and services in accordance with the Project schedule.

7.17 Lines and Grades

Contractor is required to use any benchmark provided by the Engineer. Unless otherwise specified in the Contract Documents, Contractor must provide all lines and grades required to execute the Work. Contractor must also provide, preserve, and replace if necessary, all

construction stakes required for the Project. All stakes or marks must be set by a California licensed surveyor or a California registered civil engineer. Contractor must notify the Engineer of any discrepancies found between Contractor's staking and grading and information provided by the Contract Documents. Upon completion, all Work must conform to the lines, elevations, and grades shown in the Plans, including any changes directed by a Change Order.

7.18 Historic or Archeological Items.

(A) ***Contractor's Obligations.*** Contractor must ensure that all persons performing Work at the Project site are required to immediately notify the Project Manager, upon discovery of any potential historic or archeological items, including historic or prehistoric ruins, a burial ground, archaeological or vertebrate paleontological site, including fossilized footprints or other archeological, paleontological or historical feature on the Project site (collectively, "Historic or Archeological Items").

(B) ***Discovery; Cessation of Work.*** Upon discovery of any potential Historic or Archeological Items, Work must be stopped within an 85-foot radius of the find and may not resume until authorized in writing by City. If required by City, Contractor must assist in protecting or recovering the Historic or Archeological Items, with any such assistance to be compensated as Extra Work on a time and materials basis under Article 6, Contract Modification. At City's discretion, a suspension of Work required due to discovery of Historic or Archeological Items may be treated as Excusable Delay pursuant to Article 5, or as a suspension for convenience under Article 13.

7.19 Environmental Control

Contractor must not pollute any drainage course or its tributary inlets with fuels, oils, bitumens, acids, insecticides, herbicides or other harmful materials. Contractor must prevent the release of any hazardous material or hazardous waste into the soil or groundwater, and prevent the unlawful discharge of pollutants into City's storm drain system and watercourses as required below. Contractor and its Subcontractors must at all times in the performance of the Work comply with all Laws concerning pollution of waterways.

(A) ***Stormwater Permit.*** Contractor must comply with all applicable conditions of the State Water Resources Control Board National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Stormwater Runoff Associated with Construction Activity ("Stormwater Permit").

(B) ***Contractor's Obligations.*** If required for the Work, a copy of the Stormwater Permit is on file in City's principal administrative offices, and Contractor must comply with it without adjustment of the Contract Price or the Contract Time. Contractor must timely and completely submit required reports and monitoring information required by the conditions of the Stormwater Permit. Contractor also must comply with all other Laws governing discharge of stormwater, including applicable municipal stormwater management programs.

7.20 Noise Control

(A) Contractor must comply with all applicable noise control Laws. Noise control requirements apply to all equipment used for the Work or related to the Work, including trucks, transit mixers or transient equipment that may or may not be owned by Contractor. (See also Document 01 50 00 of the General Requirements.)

7.21 Mined Materials

Pursuant to Public Contract Code § 20676, Contractor will not purchase any sand, gravel, or other minerals for the Work from an operation subject to the Surface Mining and Reclamation Act

of 1975 (Public Resources Code § 2710 et seq.) unless the Contractor certifies, under penalty of perjury, that the minerals are from a mining operation included on the AB 3098 List, which may be accessed online at: https://www.conservation.ca.gov/smgb/Pages/AB-3098-List.aspx.

7.22 Compliance with Laws Pertaining to Disability Rights

The Work, and Contractor's performance of the Work, must comply with all Laws, including the Americans with Disabilities Act (ADA) and all Laws pertaining to disability rights. Contractor shall not discriminate against disabled persons in the performance of the Work or provision of benefits or activities under the Contract and further agrees that any violation of this prohibition by Contractor, its employees, agents, assigns, or Subcontractors will constitute a material breach of the Contract.

Article 8 Payment

8.1 Schedule of Values

Prior to submitting its first application for payment and allowing for City's review and comment, Contractor must prepare and submit to the Project Manager a schedule of values apportioned to the various divisions and phases of the Work, including mobilization and demobilization. If a Bid Schedule was submitted with Contractor's bid, the amounts in the schedule of values must be consistent with the Bid Schedule. Each line item contained in the schedule of values must be assigned a value such that the total of all items equals the Contract Price. The items must be sufficiently detailed to enable accurate evaluation of the percentage of completion claimed in each application for payment, and the assigned value consistent with any itemized or unit pricing submitted with Contractor's bid. The schedule of values must include line items for Project scheduling and preparation and submission of Project Record Documents, as defined in the General Requirements. Where more than one Subcontractor performs the Work for a particular Work item or activity on the schedule of values, the schedule of values must show a separate line item for each subcontract. City will reject any attempt to increase the cost of early activities (i.e., "front loading") resulting in a complete reallocation of money until such "front loading" is corrected in the schedule of values. Repeated attempts at front loading may result in suspension or termination of the Work for default, or a withholding from progress payments, as set forth in Section 8.3, below, until the schedule of values is acceptable to City.

(A) ***Measurements for Unit Price Work.*** Materials and items of Work to be paid for on the basis of unit pricing will be measured according to the methods specified in the Contract Documents. If there are no specified methods, measurement will be made in any manner deemed appropriate by City for the class of Work at issue (e.g., pre-assigned values, percentage completion, units completed, or incremental milestones). Any conflict between quantities shown in the Contract Documents and the actual quantities required to complete the Work will be resolved in favor of the actual quantities, as determined by City. The Contract Price will be adjusted to reflect the actual quantities required for the Work based on the itemized or unit prices provided in the Bid Schedule, unless and only to the extent that the City agrees to adjust the price for unit price work pursuant to subsection (A)(1), below. Contractor must immediately inform City of any disagreement with City's measurement of actual quantities and must immediately supply City with documentation to support measurements of actual quantities.

(1) *Adjustments for Increases or Decreases in Unit Price Work*. If the actual quantity for a bid item is increased or decreased by more than 25% of the estimated quantity on the Bid Schedule, the City may, but is not obligated to, make price adjustments for the excess or decreased quantity. Any such price adjustment will be determined by the Engineer pursuant to Section 6.3. The Engineer will determine whether a given increase or decrease in quantity exceeds 25%, and the Engineer's determination is final. No adjustment in pricing will be made until

after all Work involving that bid item is completed, and the final quantity has been determined by the Engineer.

(B) ***Deleted or Reduced Work.*** Contractor will not be compensated for Work that City has deleted or reduced in scope, except for any labor, material, or equipment costs for such Work that Contractor reasonably incurred before Contractor learned that the Work could be deleted or reduced. Contractor will only be compensated for those actual, direct and documented costs incurred, and will not be entitled to any mark up for overhead or lost profits.

8.2 Progress Payments

Following the last day of each month, or as otherwise required by the Special Conditions or Specifications, or as agreed upon by City and Contractor, Contractor shall submit to the Project Manager a monthly application for payment for Work performed during the preceding month based on the estimated value of the Work performed during that preceding month.

(A) ***Application for Payment.*** Each application for payment must be itemized to include labor, materials, and equipment incorporated into the Work (less any previous payments for the same); materials and equipment delivered to the Project site if the conditions in subsection (1) below are satisfied; and authorized and approved Change Orders, including the Change Order number(s), a description of the Work activities, and a Change Order status log. The application must also show the accumulated retainage to date. Each payment application must be supported by the unit prices submitted with Contractor's Bid Schedule and/or schedule of values, the percentage of completion claimed for each activity, and any other substantiating data required by the Contract Documents.

(1) If Contractor requests payment on the basis of materials and equipment not incorporated into the Work, Contractor must satisfy the following conditions: the materials and/or equipment must be delivered and suitably stored at the Project site or at a local Worksite agreed to, in writing, by City; full title to the materials and/or equipment will vest in City at the time of delivery to the Project site or agreed upon Worksite; Contractor must obtain a negotiable warehouse receipt, endorsed over to City for materials and/or equipment stored in an off-site Worksite; materials and/or equipment must be segregated and labeled or tagged to identify the Project; and Contractor's application for payment must be accompanied by a bill of sale, invoice, or other documentation warranting that City has received the materials and equipment free and clear of all liens and evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect City's interest therein, all of which must be satisfactory to City. If these conditions are satisfied, the application for payment may include up to 75% of the cost of equipment not yet incorporated into the Work and up to 50% of the cost of materials not yet incorporated into the Work.

(B) ***Payment of Undisputed Amounts.*** City will pay the undisputed amount due within 30 days after Contractor has submitted a complete and accurate payment application, subject to Public Contract Code § 20104.50. City will deduct a percentage from each progress payment as retention, as set forth in Section 8.5, below, and may deduct or withhold additional amounts as set forth in Section 8.3, below.

8.3 Adjustment of Payment Application

City may adjust or reject the amount requested in a payment application, including application for Final Payment, in whole or in part, if the amount requested is disputed or unsubstantiated. Contractor will be notified in writing of the basis for the modification to the amount requested. City

may also deduct or withhold from payment otherwise due based upon any of the circumstances and amounts listed below. Sums withheld from payment otherwise due will be released when the basis for that withholding has been remedied and no longer exists.

(A) For Contractor's unexcused failure to perform the Work as required by the Contract Documents, including correction or completion of punch list items, City may withhold or deduct an amount based on the City's estimated cost to correct or complete the Work.

(B) For loss or damage caused by Contractor or its Subcontractors arising out of or relating to performance of the Work, any failure to protect the Project site, or any failure to protect equipment or materials from weather or damage, City may deduct an amount based on the estimated cost to repair or replace. (See, e.g., Sections 7.5, 7.6, 7.9, and 7.12.)

(C) For Contractor's failure to pay its Subcontractors and suppliers when payment is due, City may withhold an amount equal to the total of past due payments and may opt to pay that amount separately via joint check pursuant to Section 8.6(B), Joint Checks.

(D) For Contractor's failure to timely correct rejected, nonconforming, or defective Work, City may withhold or deduct an amount based on the City's estimated cost to correct or complete the Work.

(E) For any unreleased stop notice, City may withhold 125% of the amount claimed.

(F) For Contractor's failure to submit any required schedule or schedule update in the manner specified or within the time specified in the Contract Documents, City may withhold an amount equal to ten percent of the total amount requested until Contractor complies with its schedule submittal obligations.

(G) For Contractor's failure to maintain or submit as-built documents or any other Project Record Documents, as defined in the General Requirements, in the manner specified or within the time specified in the Contract Documents, City may withhold or deduct an amount based on the City's cost to prepare the as-builts or other Project Record Documents.

(H) For Work performed without Shop Drawings that have been accepted by City, when accepted Shop Drawings are required before proceeding with the Work, City may deduct an amount based on the estimated cost to correct unsatisfactory Work or diminution in value.

(I) Subject to applicable law, for Contractor's and/or Subcontractor's failure to submit certified payroll records to the City, as required by Article 9 of the General Conditions, City may withhold payment under the Contract.

(J) For fines, payments, or penalties assessed under the Labor Code, City may deduct from payments due to Contractor as required by Laws and as directed by the Division of Labor Standards Enforcement.

(K) For fines, charges, or penalties assessed against the City due to Contractor's acts or omissions, including violations of Laws, City may withhold or deduct such amounts from payment otherwise due to Contractor.

(L) For any other costs or charges that may be withheld or deducted from payments to Contractor, as provided in the Contract Documents, including liquidated damages, City may withhold or deduct such amounts from payment otherwise due to Contractor.

(M) Subject to applicable law, City may, at its option, withhold such moneys due under the Contract Documents as City deems necessary until any and all suits or claims against

Contractor for injury to persons, property or operations are resolved and City receives satisfactory evidence thereof.

8.4 Early Occupancy

Neither City's payment of progress payments nor its partial or full use or occupancy of the Project constitutes acceptance of any part of the Work.

8.5 Retention

City will retain five percent of the full amount due on each progress payment (i.e., the amount due before any withholding or deductions pursuant to Section 8.3, Adjustment of Payment Application), or the percentage stated in the Notice Inviting Bids, whichever is greater, as retention to ensure full and satisfactory performance of the Work. Contractor is not entitled to any reduction in the rate of withholding at any time, nor to release of any retention before 35 days following City's recordation of the Notice of Completion, subject to the terms of Public Contract Code § 7107.

(A) ***Substitution of Securities.*** As provided by Public Contract Code § 22300, Contractor may request in writing that it be allowed, at its sole expense, to substitute securities for the retention withheld by City. Contractor must use the City's escrow agreement form (Attachment B), unless otherwise specified by City. Any escrow agreement entered into pursuant to this provision must fully comply with Public Contract Code § 22300 and will be subject to approval as to form by City's legal counsel. If City exercises its right to draw upon such securities in the event of default pursuant to section (7) of the statutory Escrow Agreement for Security Deposits in Lieu of Retention, pursuant to subdivision (g) of Public Contract Code § 22300 ("Escrow Agreement"), and if Contractor disputes that it is in default, its sole remedy is to comply with the dispute resolution procedures in Article 12 and the provisions therein. It is agreed that for purposes of this paragraph, an event of default includes City's rights pursuant to these Contract Documents to withhold or deduct sums from retention, including withholding or deduction for liquidated damages, incomplete or defective Work, stop payment notices, or backcharges. It is further agreed that if any individual authorized to give or receive written notice on behalf of a party pursuant to section (10) of the Escrow Agreement are unavailable to give or receive notice on behalf of that party due to separation from employment, retirement, death, or other circumstances, the successor or delegee of the named individual is deemed to be the individual authorized to give or receive notice pursuant to section (10) of the Escrow Agreement.

(B) ***Release of Undisputed Retention.*** All undisputed retention, less any amounts that may be assessed as liquidated damages, retained for stop notices, or otherwise withheld pursuant to Section 8.3, Adjustment of Payment Application, will be released as Final Payment to Contractor no sooner than 35 days following recordation of the notice of completion, and no later than 60 days following acceptance of the Project by City's governing body or authorized designee pursuant to Section 11.1(C), Acceptance, or, if the Project has not been accepted, no later than 60 days after the Project is otherwise considered complete pursuant to Public Contract Code § 7107(c).

8.6 Payment to Subcontractors and Suppliers

Each month, Contractor must promptly pay each Subcontractor and supplier the value of the portion of labor, materials, and equipment incorporated into the Work or delivered to the Project site by the Subcontractor or supplier during the preceding month. Such payments must be made in accordance with the requirements of Laws pertaining to such payments, and those of the Contract Documents and applicable subcontract or supplier contract.

(A) ***Withholding for Stop Notice.*** Pursuant to Civil Code § 9358, City will withhold 125% of the amount claimed by an unreleased stop notice, a portion of which may be retained by City for the costs incurred in handling the stop notice claim, including attorneys' fees and costs, as authorized by law.

(B) ***Joint Checks.*** City reserves the right, acting in its sole discretion, to issue joint checks made payable to Contractor and a Subcontractor or supplier, if City determines this is necessary to ensure fair and timely payment for a Subcontractor or supplier who has provided services or goods for the Project. As a condition to release of payment by a joint check, the joint check payees may be required to execute a joint check agreement in a form provided or approved by the City Attorney's Office. The joint check payees will be jointly and severally responsible for the allocation and disbursement of funds paid by joint check. Payment by joint check will not be construed to create a contractual relationship between City and a Subcontractor or supplier of any tier beyond the scope of the joint check agreement.

8.7 Final Payment

Contractor's application for Final Payment must comply with the requirements for submitting an application for a progress payment as stated in Section 8.2, above. Corrections to previous progress payments, including adjustments to estimated quantities for unit priced items, may be included in the Final Payment. If Contractor fails to submit a timely application for Final Payment, City reserves the right to unilaterally process and issue Final Payment without an application from Contractor in order to close out the Project. For the purposes of determining the deadline for Claim submission pursuant to Article 12, the date of Final Payment is deemed to be the date that City acts to release undisputed retention as final payment to Contractor, or otherwise provides written notice to Contractor of Final Payment or that no undisputed funds remain available for Final Payment due to offsetting withholdings or deductions pursuant to Section 8.3, Adjustment of Payment Application. If the amount due from Contractor to City exceeds the amount of Final Payment, City retains the right to recover the balance from Contractor or its sureties.

8.8 Release of Claims

City may, at any time, require that payment of the undisputed portion of any progress payment or Final Payment be contingent upon Contractor furnishing City with a written waiver and release of all claims against City arising from or related to the portion of Work covered by those undisputed amounts subject to the limitations of Public Contract Code § 7100. Any disputed amounts may be specifically excluded from the release. Final Payment will be contingent upon Contractor furnishing Attachment C, Agreement and Release of Any and All Claims.

8.9 Warranty of Title

Contractor warrants that title to all work, materials, or equipment incorporated into the Work and included in a request for payment will pass over to City free of any claims, liens, or encumbrances upon payment to Contractor.

Article 9 Labor Provisions

9.1 Discrimination Prohibited

Discrimination against any prospective or present employee engaged in the Work on grounds of race, color, ancestry, national origin, ethnicity, religion, sex, sexual orientation, age, disability, or marital status is strictly prohibited. Contractor and its Subcontractors are required to comply with all applicable Laws prohibiting discrimination, including the California Fair Employment and Housing Act (Govt. Code § 12900 et seq.), Government Code § 11135, and Labor Code §§ 1735, 1777.5, 1777.6, and 3077.5.

9.2 Labor Code Requirements.

(A) ***Eight Hour Day*.** Pursuant to Labor Code § 1810, eight hours of labor constitute a legal day's work under this Contract.

(B) ***Penalty*.** Pursuant to Labor Code § 1813, Contractor shall forfeit to City as a penalty, the sum of $25.00 for each day during which a worker employed by Contractor or any Subcontractor is required or permitted to work more than eight hours in any one calendar day or more than 40 hours per calendar week, except if such workers are paid overtime under Labor Code § 1815.

(C) ***Apprentices*.** Contractor is responsible for compliance with the requirements governing employment and payment of apprentices, as set forth in Labor Code § 1777.5, which is fully incorporated by reference.

(D) ***Notices*.** Pursuant to Labor Code § 1771.4, Contractor is required to post all job site notices prescribed by Laws.

9.3 Prevailing Wages

Each worker performing Work under this Contract that is covered under Labor Code §§ 1720, 1720.3, or 1720.9, including cleanup at the Project site, must be paid at a rate not less than the prevailing wage as defined in §§ 1771 and 1774 of the Labor Code. The prevailing wage rates are on file with the City and available online at http://www.dir.ca.gov/dlsr. Contractor must post a copy of the applicable prevailing rates at the Project site.

(A) ***Penalties.*** Pursuant to Labor Code § 1775, Contractor and any Subcontractor will forfeit to City as a penalty up to $200.00 for each calendar day, or portion thereof, for each worker paid less than the applicable prevailing wage rate. Contractor must also pay each worker the difference between the applicable prevailing wage rate and the amount actually paid to that worker.

(B) ***Federal Requirements.*** If this Project is subject to federal prevailing wage requirements in addition to California prevailing wage requirements, Contractor and its Subcontractors are required to pay the higher of the currently applicable state or federal prevailing wage rates.

9.4 Payroll Records

Contractor must comply with the provisions of Labor Code §§ 1771.4, 1776, and 1812 and all implementing regulations, which are fully incorporated by this reference, including requirements for monthly electronic submission of payroll records to the DIR, if applicable.

(A) ***Contractor and Subcontractor Obligations*.** Contractor and each Subcontractor must keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed in connection with the Work. Each payroll record must contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:

(1) The information contained in the payroll record is true and correct; and

(2) Contractor or the Subcontractor has complied with the requirements of Labor Code §§ 1771, 1811, and 1815 for any Work performed by its employees on the Project.

(B) ***Submittal of Records.***

(1) As a condition to receiving progress payments, Final Payment, and payment of retention, Contractor must furnish to City, with its application for payment, all applicable and necessary certified payroll records (for itself and all applicable Subcontractors) for the time period covering the application for payment. City may withhold any portion of a payment, including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed, and found to be in full compliance with applicable Laws. If the certified payroll records do not comply with the requirements of Labor Code § 1720 et seq., City may continue to withhold sufficient funds to cover estimated wages and penalties under the Contract.

(2) Contractor must submit certified payroll through LCPTracker or similar system as directed by the City. Contractor will be provided log-in credentials to access the City's LCPTracker system. The term "certified payroll" includes all required documentation to comply with the mandates set forth in Labor Code §1720 et seq, as well as any additional documentation requested by the City or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2, if applicable), and apprenticeship forms such as DAS-140 and DAS-142. In addition to submitting the certified payrolls and related documentation to City, Contractor and Subcontractors must submit certified payroll and related documents electronically to the Labor Commissioner, in accordance with Labor Code § 1771.4. Failure to submit payrolls to the DIR may also result in the withholding of progress payments, Final Payment, and/or retention payment.

(C) ***Certified Record.*** A certified copy of an employee's payroll record must be made available for inspection or furnished to the employee or his or her authorized representative on request, to City, to the Division of Labor Standards Enforcement and/or Division of Apprenticeship Standards of the DIR, and as further required by the Labor Code.

(D) ***Enforcement.*** Contractor or Subcontractor has 10 days in which to comply with the requirements of Labor Code § 1776 following receipt of a written notice requesting certified copies of payroll records pursuant to Labor Code § 1776. If Contractor or Subcontractor fails to comply within the 10-day period, Contractor or Subcontractor will forfeit a penalty of $100.00 per day, or portion thereof, for each worker for whom compliance is required, until strict compliance is achieved. Upon request by the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement, these penalties will be withheld from payments then due to Contractor.

9.5 Labor Compliance

Pursuant to Labor Code § 1771.4, the Contract for this Project is subject to compliance monitoring and enforcement by the DIR.

Article 10 Safety Provisions

10.1 Safety Precautions and Programs

Contractor and its Subcontractors are fully responsible for safety precautions and programs, and for the safety of persons and property in the performance of the Work. Contractor and its Subcontractors must at all times comply with all applicable health and safety Laws and seek to avoid injury, loss, or damage to persons or property by taking reasonable steps to protect its employees and other persons at any Worksite, materials and equipment stored on or off site, and property at or adjacent to any Worksite.

(A) ***Reporting Requirements.*** Contractor must immediately notify the City of any death, serious injury or illness resulting from Work on the Project. Contractor must immediately provide a written report to City of each recordable accident or injury occurring at any Worksite within 24 hours of the occurrence. The written report must include: (1) the name and address of the injured or deceased person; (2) the name and address of each employee of Contractor or of any Subcontractor involved in the incident; (3) a detailed description of the incident, including precise location, time, and names and contact information for known witnesses; and (4) a police or first responder report, if applicable. If Contractor is required to file an accident report with a government agency, Contractor shall provide a copy of the report to City.

(B) ***Safety Program.*** If requested by City, Contractor must submit a Project-specific safety program to City. Contractor's safety program must include: (1) an injury and illness prevention program and (2) a site-specific health and safety plan that describes the health and safety procedures that Contractor shall implement during the Work to ensure the safety of the public and workers. Contractor's safety program must comply with the applicable legal and regulatory requirements. Contractor must provide City with copies of all notices required by Laws.

(C) ***Safety Representative***. Contractor shall designate a qualified and experienced safety representative at the Project site whose duties and responsibilities will include: (1) the prevention of accidents; (2) maintenance and supervision of safety precautions and programs; (3) compliance with applicable health and safety Laws, including Occupational Safety and Health Act ("OSHA") requirements; and (4) implementation and enforcement of Contractor's traffic control and detour plan, security plan, program for temporary structures, construction site management plan, demolition program, and environmental safety and health plan. Contractor's safety representative will also be responsible for submitting any changes to these plans to City for review.

(D) ***Contractor's Obligations.*** Any damage or loss caused by Contractor arising from the Work which is not insured under property insurance must be promptly remedied by Contractor.

(E) ***Remedies.*** If City determines, in its sole discretion, that any part of the Work or Project site is unsafe, City may, without assuming responsibility for Contractor's safety program, require Contractor or its Subcontractor to cease performance of the Work or to take corrective measures to City's satisfaction. If Contractor fails to promptly take the required corrective measures, City may perform them and deduct the cost from the Contract Price. Contractor agrees it is not entitled to submit a Claim for damages, for an increase in Contract Price, or for a change in Contract Time based on Contractor's compliance with City's request for corrective measures pursuant to this provision.

(F) ***Protective Gear.*** Contractor must supply a sufficient number of hard hats to properly equip all personnel and visitors and must ensure that all personnel and visitors at the Project site wear hard hats at all times. Contractor must also supply personal protective equipment ("PPE") to all of Contractor's personnel and ensure that, if an exposure exists, all affected personnel use the PPE.

10.2 Hazardous Materials

Unless otherwise specified in the Contract Documents, this Contract does not include the removal, handling, or disturbance of any asbestos or other Hazardous Materials. If Contractor encounters materials on the Project site that Contractor reasonably believes to be asbestos or other Hazardous Materials, and the asbestos or other Hazardous Materials have not been rendered harmless, Contractor may continue Work in unaffected areas reasonably believed to be safe, but must immediately cease work on the area affected and report the condition to City. Contractor's notice to City must indicate whether the material believed to be Hazardous Materials

was shown or indicated on the Contract Documents to be within the scope of Work and whether the material was brought to the Project site by Contractor, its Subcontractors, a supplier, or any other individual. No asbestos, asbestos-containing products or other Hazardous Materials may be used in performance of the Work.

10.3 Material Safety

Contractor is solely responsible for complying with § 5194 of Title 8 of the California Code of Regulations, including by providing information to Contractor's employees about any hazardous chemicals to which they may be exposed in the course of the Work. A hazard communication program and other forms of warning and training about such exposure must be used. Contractor must also maintain Safety Data Sheets ("SDS") at the Project site, as required by Laws, for materials or substances used or consumed in the performance of the Work. The SDS will be accessible and available to Contractor's employees, Subcontractors, and City.

(A) ***Contractor Obligations.*** Contractor is solely responsible for the proper delivery, handling, use, storage, removal, and disposal of all materials brought to the Project site and/or used in the performance of the Work. Contractor must notify the Engineer if a specified product or material cannot be used safely.

(B) ***Labeling.*** Contractor must ensure proper labeling on any material brought onto the Project site so that any persons working with or in the vicinity of the material may be informed as to the identity of the material, any potential hazards, and requirements for proper handling, protections, and disposal.

10.4 Hazardous Condition

Contractor is solely responsible for determining whether a hazardous condition exists or is created during the course of the Work, involving a risk of bodily harm to any person or risk of damage to any property. If a hazardous condition exists or is created, Contractor must take all precautions necessary to address the condition and ensure that the Work progresses safely under the circumstances. Contractor must notify City, in writing, of the existence of any hazardous conditions, property or equipment at the Project site. Hazardous conditions may result from, but are not limited to, use of specified materials or equipment, the Work location, the Project site condition, the method of construction, or the way any Work must be performed.

10.5 Emergencies

In an emergency affecting the safety or protection of persons, Work, or property at or adjacent to any Worksite, Contractor must take reasonable and prompt actions to prevent damage, injury, or loss, without prior authorization from the City if, under the circumstances, there is inadequate time to seek prior authorization from the City.

Article 11 Completion and Warranty Provisions

11.1 Final Completion.

(A) ***Final Inspection and Punch List.*** When the Work required by this Contract is fully performed, Contractor must provide written notification to City requesting final inspection. The Engineer will schedule the date and time for final inspection, which must include Contractor's primary representative for this Project and its superintendent. Based on that inspection, City will prepare a punch list of any items that are incomplete, missing, defective, incorrectly installed, or otherwise not compliant with the Contract Documents. The punch list to Contractor will specify the time by which all of the punch list items must be completed or corrected. The punch list may include City's estimated cost to complete each punch list item if Contractor fails to do so within the specified time. The City may also specify a date for a follow up inspection of the punch list items. If additional

inspections are required after the follow up inspection, Contractor shall reimburse the City for its costs associated with subsequent inspections. The omission of any non-compliant item from a punch list will not relieve Contractor from fulfilling all requirements of the Contract Documents. Contractor's failure to complete any punch list item within the time specified in the punch list will not waive or abridge its warranty obligations for any such items that must be completed by the City or by a third party retained by the City due to Contractor's failure to timely complete any such outstanding item. When required by City, Contractor must also schedule and coordinate a final inspection with City Building Inspectors.

(B) ***Requirements for Final Completion.*** Final Completion will be achieved upon completion or correction of all punch list items, as verified by City's further inspection, and upon satisfaction of all other Contract requirements, including return of all personnel identification media, vehicle permits, and keys issued to Contractor for the Project; submission to City of any written requests from private property owners pursuant to Section 7.9(D)(4); any startup or commissioning required under the Contract Documents; and submission of all final submittals, including instructions and manuals as required under Section 7.10, and complete, final as-built drawings as required under Section 7.11 and other Project Record Documents, as defined in the General Requirements, all to City's satisfaction. See also Section 8.8, Release of Claims.

(C) ***Acceptance.*** The Project will be considered accepted upon City Council action during a public meeting to accept the Project, unless the Engineer is authorized to accept the Project, in which case the Project will be considered accepted upon the date of the Engineer's issuance of a written notice of acceptance. In order to avoid delay of Project close out, the City may elect, acting in its sole discretion, to accept the Project as complete subject to exceptions for punch list items that are not completed within the time specified in the punch list. See also Section 8.8, Release of Claims.

(D) ***Final Payment and Release of Retention.*** Final Payment and release of retention, less any sums withheld pursuant to the provisions of the Contract Documents, will not be made sooner than 35 days after recordation of the notice of completion. If Contractor fails to complete any of the punch list items within the specified time, City may withhold up to 150% of City's estimated cost to complete each of the remaining items from Final Payment and may use the withheld retention to pay for the costs to self-perform the outstanding items or to retain a third party to complete any such outstanding punch list item.

11.2 Warranty.

(A) ***General.*** Contractor warrants that all materials and equipment will be new unless otherwise specified, of good quality, in conformance with the Contract Documents, and free from defective workmanship and materials. Contractor further warrants that the Work will be free from material defects not intrinsic in the design or materials required in the Contract Documents. Contractor warrants that materials or items incorporated into the Work comply with the requirements and standards in the Contract Documents, including compliance with Laws, and that any Hazardous Materials encountered or used were handled as required by Laws. At City's request, Contractor must furnish satisfactory evidence of the quality and type of materials and equipment furnished. Contractor's warranty does not extend to damage caused by normal wear and tear or improper use or maintenance.

(B) ***Warranty Period.*** Contractor's warranty must guarantee its Work for a period of one year from the date of Project acceptance (the "Warranty Period"), except when a longer guarantee is provided by a supplier or manufacturer or is required by the Specifications or Special Conditions. Contractor must obtain from its Subcontractors, suppliers and manufacturers any special or extended warranties required by the Contract Documents.

(C) ***Warranty Documents.*** As a condition precedent to Final Completion, Contractor must supply City with all warranty and guarantee documents relevant to equipment and materials incorporated into the Work and guaranteed by their suppliers or manufacturers. Contractor must submit draft warranty forms to City for approval prior to execution. The warranty forms must be consistent with the requirements in the Contract Documents and will not detract from or confuse those requirements. City reserves the right to reject unsolicited and coincidental product warranties that detract from or confuse the requirements of the Contract Documents. The City may require that the warranties are countersigned by Subcontractors, manufacturers, and installers, as applicable. Contractor must assemble the warranty and guarantee documents in an 8½ inch by 11 inch three-ring binder with a durable plastic cover; separate and organize the documents in the same order as the Specifications; and include a table of contents. The binder must also include contact information, including names and phone numbers, for those individuals that the City may contact during the Warranty Period. Contractor must also provide City with a digital copy of all warranty and guarantee documents.

(D) ***Subcontractors.*** The warranty obligations in the Contract Documents apply to Work performed by Contractor and its Subcontractors, and Contractor agrees to be co-guarantor of such Work.

(E) ***Contractor's Obligations.*** Upon written notice from City to Contractor of any defect in the Work discovered during the Warranty Period, Contractor or its responsible Subcontractor must promptly correct the defective Work at its own cost. Contractor's obligation to correct defects discovered during the Warranty Period will continue past the expiration of the Warranty Period as to any defects in Work for which Contractor was notified prior to expiration of the Warranty Period. Work performed during the Warranty Period ("Warranty Work") will be subject to the warranty provisions in this Section 11.2 for a one-year period that begins upon completion of such Warranty Work to City's satisfaction or to the expiration of any extended warranty period (if applicable), whichever is later.

(F) ***City's Remedies.*** If Contractor or its responsible Subcontractor fails to correct defective Work within 10 days following notice by City, or sooner if required by the circumstances, City may correct the defects to conform with the Contract Documents at Contractor's sole expense. Contractor must reimburse City for its costs in accordance with subsection (H), below.

(G) ***Emergency Repairs.*** In cases of emergency where any delay in correcting defective Work could cause harm, loss or damage, City may immediately correct the defects to conform with the Contract Documents at Contractor's sole expense. Contractor or its surety must reimburse City for its costs in accordance with subsection (H), below.

(H) ***Reimbursement.*** Contractor must reimburse City for its costs to repair under subsections (F) or (G), above, within 30 days following City's submission of a demand for payment pursuant to this provision. If City is required to initiate legal action to compel Contractor's compliance with this provision, and City is the prevailing party in such action, Contractor and its surety are solely responsible for all of City's attorney's fees and legal costs expended to enforce Contractor's warranty obligations herein, in addition to any and all costs City incurs to correct the defective Work.

11.3 Use Prior to Final Completion

City reserves the right to occupy or make use of the Project, or any portions of the Project, prior to Final Completion if City has determined that the Project or portion of it is in a condition suitable for the proposed occupation or use, and that it is in its best interest to occupy or make use of the Project, or any portions of it, prior to Final Completion.

(A) ***Non-Waiver.*** Occupation or use of the Project, in whole or in part, prior to Final Completion will not operate as acceptance of the Work or any portion of it, nor will it operate as a waiver of any of City's rights or Contractor's duties pursuant to these Contract Documents, and will not affect nor bear on the determination of the time of substantial completion with respect to any statute of repose pertaining to the time for filing an action for construction defect.

(B) ***City's Responsibility.*** City will be responsible for the cost of maintenance and repairs due to normal wear and tear with respect to those portions of the Project that are being occupied or used before Final Completion. The Contract Price or the Contract Time may be adjusted pursuant to the applicable provisions of these Contract Documents if, and only to the extent that, any occupation or use under this Section actually adds to Contractor's cost or time to complete the Work within the Contract Time.

11.4 Substantial Completion

For purposes of determining "substantial completion" with respect to any statute of repose pertaining to the time for filing an action for construction defect, "substantial completion" is deemed to mean the last date that Contractor or any Subcontractor performs Work on the Project prior to City acceptance of the Project, except for warranty work performed under this Article.

Article 12 Dispute Resolution

12.1 Claims

This Article applies to and provides the exclusive procedures for any Claim arising from or related to the Contract or performance of the Work.

(A) ***Limitations.*** A Claim may only include the portion of a previously rejected demand that remains in dispute between Contractor and City. With the exception of any dispute regarding the amount of money actually paid to Contractor as Final Payment, Contractor is not entitled to submit a Claim demanding a change in the Contract Time or the Contract Price, which has not previously been submitted to City in full compliance with Article 5 and Article 6, and subsequently rejected in whole or in part by City.

(B) ***Scope of Article.*** This Article provides the exclusive procedures for submission and resolution of Claims of any amount and applies in addition to the provisions of Public Contract Code § 9204 and § 20104 et seq., which are incorporated by reference herein.

(C) ***No Work Delay.*** Notwithstanding the submission of a Claim or any other dispute between the parties related to the Project or the Contract Documents, Contractor must perform the Work and may not delay or cease Work pending resolution of a Claim or other dispute, but must continue to diligently prosecute the performance and timely completion of the Work, including the Work pertaining to the Claim or other dispute.

(D) ***Informal Resolution.*** Contractor shall make a good faith effort to informally resolve a dispute before initiating a Claim, preferably by face-to-face meeting between authorized representatives of Contractor and City.

(E) ***Contractor Costs***. Contractor is responsible for its costs to prepare and submit a Claim.

12.2 Claims Submission

The following requirements apply to any Claim subject to this Article:

(A) ***Substantiation.*** The Claim must be submitted to City in writing by registered or certified mail with return receipt requested and clearly identified as a "Claim" submitted pursuant to this Article 12. The Claim must include all of the documents necessary to substantiate

the Claim including the Change Order request that was rejected in whole or in part, and a copy of City's written rejection that is in dispute. The Claim must clearly identify and describe the dispute, including relevant references to applicable portions of the Contract Documents, and a chronology of relevant events. Any Claim for additional payment must include a complete, itemized breakdown of all known or estimated labor, materials, taxes, insurance, and subcontract or other costs, consistent with the limitations on allowable costs set forth in Section 6.4. Substantiating documentation such as payroll records, receipts, invoices, or the like, must be submitted in support of each component of claimed cost. Any Claim for an extension of time or delay costs must be substantiated with a schedule analysis and narrative depicting and explaining claimed time impacts.

(B) ***Claim Format and Content.*** A Claim must be submitted in the following format:

(1) Provide a cover letter, specifically identifying the submission as a "Claim" submitted under this Article 12 and specifying the requested remedy (e.g., amount of proposed change to Contract Price and/or change to Contract Time).

(2) Provide a summary of each Claim, including underlying facts and the basis for entitlement, and identify each specific demand at issue, including the specific Change Order request (by number and submittal date), and the date of City's rejection of that demand, in whole or in part.

(3) Provide a detailed explanation of each issue in dispute. For multiple issues included within a single Claim or for multiple Claims submitted concurrently, separately number and identify each individual issue or Claim, and include the following for <u>each</u> separate issue or Claim:

(a) A succinct statement of the matter in dispute, including Contractor's position and the basis for that position;

(b) Identify and attach all documents that substantiate the Claim, including relevant provisions of the Contract Documents, RFIs, calculations, and schedule analysis (see subsection (A), Substantiation, above);

(c) A chronology of relevant events; and

(d) Analysis and basis for claimed changes to Contract Price, Contract Time, or any other remedy requested.

(4) Provide a summary of issues and corresponding claimed damages. If, by the time of the Claim submission deadline (below), the precise amount of the requested change in the Contract Price or Contract Time is not yet known, Contractor must provide a good faith estimate, including the basis for that estimate, and must identify the date by which it is anticipated that the Claim will be updated to provide final amounts.

(5) Include the following certification, executed by Contractor's authorized representative:

"The undersigned Contractor certifies under penalty of perjury that its statements and representations in this Claim submittal are true and correct. Contractor warrants that this Claim submittal is comprehensive and complete as to the matters in dispute, and agrees that any costs, expenses, or delay not included herein are deemed waived."

(C) ***Submission Deadlines.***

(1) A Claim disputing rejection of a request for a change in the Contract Time or Contract Price must be submitted within 21 days following the date that City notified Contractor in writing that a request for a change in the Contract Time or Contract Price, duly submitted in compliance with Article 5 and Article 6, has been rejected in whole or in part. A Claim disputing the terms of a unilateral Change Order must be submitted within 21 days following the date of issuance of the unilateral Change Order. These Claim deadlines apply even if Contractor cannot yet quantify the total amount of any requested change in the Contract Time or Contract Price. If the Contractor cannot quantify those amounts, it must submit an estimate of the amounts claimed pending final determination of the requested remedy by Contractor.

(2) With the exception of any dispute regarding the amount of Final Payment, any Claim must be filed on or before the date of Final Payment or will be deemed waived.

(3) A Claim disputing the amount of Final Payment must be submitted within 21 days of the effective date of Final Payment, under Section 8.7, Final Payment.

(4) Strict compliance with these Claim submission deadlines is necessary to ensure that any dispute may be mitigated as soon as possible, and to facilitate cost-efficient administration of the Project. ***Any Claim that is not submitted within the specified deadlines will be deemed waived by Contractor.***

12.3 City's Response

City will respond within 45 days of receipt of the Claim with a written statement identifying which portion(s) of the Claim are disputed, unless the 45-day period is extended by mutual agreement of City and Contractor or as otherwise allowed under Public Contract Code § 9204. For a Claim subject to Public Contract Code § 20104 et seq., if City determines that the Claim is not adequately substantiated pursuant to Section 12.2(A), Substantiation, City may first request in writing, within 30 days of receipt of the Claim, any additional documentation supporting the Claim or relating to defenses to the Claim that City may have against the Claim.

(A) ***Duty to Update Estimated Amounts.*** If Contractor's Claim is based on estimated amounts, Contractor has a continuing duty to update its Claim as soon as possible with information on actual amounts in order to facilitate prompt and fair resolution of the Claim.

(B) ***Non-Waiver.*** Any failure by City to respond within the times specified above will not be construed as acceptance of the Claim, in whole or in part, or as a waiver of any provision of these Contract Documents.

12.4 Meet and Confer

If Contractor disputes City's written response, or City fails to respond within the specified time, within 15 days of receipt of City's response or within 15 days of City's failure to respond within the applicable 45-day time period under Section 12.3, respectively, Contractor may notify City of the dispute in writing sent by registered or certified mail, return receipt requested, and demand an informal conference to meet and confer for settlement of the issues in dispute. If Contractor fails to notify City of the dispute and demand an informal conference to meet and confer in writing within the specified time, Contractor's Claim will be deemed waived.

(A) ***Schedule Meet and Confer.*** Upon receipt of the demand to meet and confer, City will schedule the meet and confer conference to be held within 30 days, or later if needed to ensure the mutual availability of each of the individuals that each party requires to represent its interests at the meet and confer conference.

(B) ***Location for Meet and Confer.*** The meet and confer conference will be scheduled at a location at or near City's principal office.

(C) ***Written Statement After Meet and Confer.*** Within ten working days after the meet and confer has concluded, City will issue a written statement identifying which portion(s) of the Claim remain in dispute, if any.

(D) ***Submission to Mediation.*** If the Claim or any portion remains in dispute following the meet and confer conference, within ten working days after the City issues the written statement identifying any portion(s) of the Claim remaining in dispute, the Contractor may identify in writing disputed portion(s) of the Claim, which will be submitted for mediation, as set forth below.

12.5 Mediation and Government Code Claims.

(A) ***Mediation.*** Within ten working days after the City issues the written statement identifying any portion(s) of the Claim remaining in dispute following the meet and confer, City and Contractor shall mutually agree to a mediator, as provided under Public Contract Code § 9204. Mediation will be scheduled to ensure the mutual availability of the selected mediator and all of the individuals that each party requires to represent its interests. If there are multiple Claims in dispute, the parties may agree to schedule the mediation to address all outstanding Claims at the same time. The parties will share the costs of the mediator and mediation fees equally, but each party is otherwise solely and separately responsible for its own costs to prepare for and participate in the mediation, including costs for its legal counsel or any other consultants.

(B) ***Government Code Claims*.**

(1) Timely presentation of a Government Code Claim is a condition precedent to filing any legal action based on or arising from the Contract. Compliance with the Claim submission requirements in this Article 12 is a condition precedent to filing a Government Code Claim.

(2) The time for filing a Government Code Claim will be tolled from the time Contractor submits its written Claim pursuant to Section 12.2, above, until the time that Claim is denied in whole or in part at the conclusion of the meet and confer process, including any period of time used by the meet and confer process. However, if the Claim is submitted to mediation, the time for filing a Government Code Claim will be tolled until conclusion of the mediation, including any continuations, if the Claim is not fully resolved by mutual agreement of the parties during the mediation or any continuation of the mediation.

12.6 Tort Claims

This Article does not apply to tort claims and nothing in this Article is intended nor will be construed to change the time periods for filing tort-based Government Code Claims.

12.7 Arbitration

It is expressly agreed, under Code of Civil Procedure § 1296, that in any arbitration to resolve a dispute relating to this Contract, the arbitrator's award must be supported by law and substantial evidence.

12.8 Burden of Proof and Limitations

Contractor bears the burden of proving entitlement to and the amount of any claimed damages. Contractor is not entitled to damages calculated on a total cost basis, but must prove actual damages. Contractor is not entitled to speculative, special, or consequential damages, including

home office overhead or any form of overhead not directly incurred at the Project site or any other Worksite; lost profits; loss of productivity; lost opportunity to work on other projects; diminished bonding capacity; increased cost of financing for the Project; extended capital costs; non-availability of labor, material or equipment due to delays; or any other indirect loss arising from the Contract. The Eichleay Formula or similar formula will not be used for any recovery under the Contract. The City will not be directly liable to any Subcontractor, lower tier subcontractor, supplier, or any other person or organization, or to any surety for, or employee or agent of, any of them.

12.9 Legal Proceedings

In any legal proceeding that involves enforcement of any requirements of the Contract Documents, the finder of fact will receive detailed instructions on the meaning and operation of the Contract Documents, including conditions, limitations of liability, remedies, claim procedures, and other provisions bearing on the defenses and theories of liability. Detailed findings of fact will be requested to verify enforcement of the Contract Documents. All of the City's remedies under the Contract Documents will be construed as cumulative, and not exclusive, and the City reserves all rights to all remedies available under law or equity as to any dispute arising from or relating to the Contract Documents or performance of the Work.

12.10 Other Disputes

The procedures in this Article 12 will apply to any and all disputes or legal actions, in addition to Claims, arising from or related to this Contract, including disputes regarding suspension or early termination of the Contract, unless and only to the extent that compliance with a procedural requirement is expressly and specifically waived by City. Nothing in this Article is intended to delay suspension or termination under Article 13.

Article 13 Suspension and Termination

13.1 Suspension for Cause

In addition to all other remedies available to City, if Contractor fails to perform or correct Work in accordance with the Contract Documents, including non-compliance with applicable environmental or health and safety Laws, City may immediately order the Work, or any portion of it, suspended until the circumstances giving rise to the suspension have been eliminated to City's satisfaction.

(A) ***Notice of Suspension.*** Upon receipt of City's written notice to suspend the Work, in whole or in part, except as otherwise specified in the notice of suspension, Contractor and its Subcontractors must promptly stop Work as specified in the notice of suspension; comply with directions for cleaning and securing the Worksite; and protect the completed and in-progress Work and materials. Contractor is solely responsible for any damages or loss resulting from its failure to adequately secure and protect the Project.

(B) ***Resumption of Work.*** Upon receipt of the City's written notice to resume the suspended Work, in whole or in part, except as otherwise specified in the notice to resume, Contractor and its Subcontractors must promptly re-mobilize and resume the Work as specified; and within 10 days from the date of the notice to resume, Contractor must submit a recovery schedule, prepared in accordance with the Contract Documents, showing how Contractor will complete the Work within the Contract Time.

(C) ***Failure to Comply.*** Contractor will not be entitled to an increase in the Contract Time or Contract Price for a suspension occasioned by Contractor's failure to comply with the Contract Documents.

(D) ***No Duty to Suspend.*** City's right to suspend the Work will not give rise to a duty to suspend the Work, and City's failure to suspend the Work will not constitute a defense to Contractor's failure to comply with the requirements of the Contract Documents.

13.2 Suspension for Convenience

City reserves the right to suspend, delay, or interrupt the performance of the Work in whole or in part, for a period of time determined to be appropriate for City's convenience. Upon notice by City pursuant to this provision, Contractor must immediately suspend, delay, or interrupt the Work and secure the Project site as directed by City except for taking measures to protect completed or in-progress Work as directed in the suspension notice, and subject to the provisions of Section 13.1(A) and (B), above. If Contractor submits a timely request for a Change Order in compliance with Articles 5 and 6, the Contract Price and the Contract Time will be equitably adjusted by Change Order pursuant to the terms of Articles 5 and 6 to reflect the cost and delay impact occasioned by such suspension for convenience, except to the extent that any such impacts were caused by Contractor's failure to comply with the Contract Documents or the terms of the suspension notice or notice to resume. However, the Contract Time will only be extended if the suspension causes or will cause unavoidable delay in Final Completion. If Contractor disputes the terms of a Change Order issued for such equitable adjustment due to suspension for convenience, its sole recourse is to comply with the Claim procedures in Article 12.

13.3 Termination for Default

City may declare that Contractor is in default of the Contract for a material breach of or inability to fully, promptly, or satisfactorily perform its obligations under the Contract.

(A) ***Default.*** Events giving rise to a declaration of default include:

(1) Contractor's refusal or failure to supply sufficient skilled workers, proper materials, or equipment to perform the Work within the Contract Time;

(2) Contractor's refusal or failure to make prompt payment to its employees, Subcontractors, or suppliers or to correct defective Work or damage;

(3) Contractor's failure to comply with Laws, or orders of any public agency with jurisdiction over the Project;

(4) evidence of Contractor's bankruptcy, insolvency, or lack of financial capacity to complete the Work as required within the Contract Time;

(5) suspension, revocation, or expiration and nonrenewal of Contractor's license or DIR registration;

(6) dissolution, liquidation, reorganization, or other major change in Contractor's organization, ownership, structure, or existence as a business entity;

(7) unauthorized assignment of Contractor's rights or duties under the Contract;

(8) any material breach of the Contract requirements; or

(9) the occurrence of any of the following, when committed by Contractor's owner or co-owners (if Contractor is a sole proprietorship), a general partner (if Contractor is a partnership), a principal (if Contractor is a joint venture), a person who owns more than 10% of the outstanding stock of a corporation (if Contractor is a corporation), or any officer, director, shareholder, partner, employee, or agent of Contractor:

(a) a conviction of operating a business in violation of any Laws;

(b) a conviction of a crime punishable as a felony involving dishonesty;

(c) a conviction of an offense involving dishonesty or conviction of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public contract or subcontract;

(d) a conviction of any offense which indicates a lack of business integrity or business honesty which seriously and directly affects the present responsibility of Contractor or a Subcontractor; or

(e) the making of any false statement(s) or representation(s) with respect to the Contract.

For purposes of this subsection (A)(9), a "conviction" means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere within the past five years. The term "dishonesty" includes, without limitation, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, failure to pay tax obligations, receiving stolen property, collusion or conspiracy.

(B) ***Notice of Default and Opportunity to Cure.*** Upon City's declaration that Contractor is in default due to a material breach of the Contract Documents, if City determines that the default is curable, City will afford Contractor the opportunity to cure the default within 10 days of City's notice of default, or within a period of time reasonably necessary for such cure, including a shorter period of time if applicable. The City may also require that the Contractor submit a realistic and achievable written plan describing how it will cure the breach, including evidence of necessary resources, Subcontractor commitments, and schedules and recovery schedules, as applicable, for review and acceptance by City. Contractor must then diligently cure the breach according to the written plan.

(C) ***Termination.*** If Contractor fails to cure the default or fails to expediently take steps reasonably calculated to cure the default within the time period specified in the notice of default, including submission of a written plan (if required by the City), or if City determines that the default is not curable, City may issue written notice to Contractor and its performance bond surety of City's termination of the Contract for default.

(D) ***Waiver.*** Time being of the essence in the performance of the Work, if Contractor's surety fails to arrange for completion of the Work in accordance with the Performance Bond within seven calendar days from the date of the notice of termination pursuant to paragraph (C), City may immediately make arrangements for the completion of the Work through use of its own forces, by hiring a replacement contractor, or by any other means that City determines advisable under the circumstances. Contractor and its surety will be jointly and severally liable for any additional cost incurred by City to complete the Work following termination, where "additional cost" means all cost in excess of the cost City would have incurred if Contractor had timely completed Work without the default and termination. In addition, City will have the right to immediate possession and use of any materials, supplies, and equipment procured for the Project and located at the Project site or any Worksite on City property for the purposes of completing the remaining Work.

(E) ***Compensation*****.** Within 30 days of receipt of updated as-builts, all warranties, manuals, instructions, or other required documents for Work installed to date, and delivery to City of all equipment and materials for the Project for which Contractor has already been compensated, Contractor will be compensated for the Work satisfactorily performed in compliance with the Contract Documents up to the effective date of the termination pursuant to the terms of Article 8, Payment, subject to City's rights to withhold or deduct sums from payment otherwise due pursuant to Section 8.3, and excluding any costs Contractor incurs as a result of the termination, including any cancellation or restocking

charges or fees due to third parties. If Contractor disputes the amount of compensation determined by City, its sole recourse is to comply with the Claim Procedures in Article 12, by submitting a Claim no later than 30 days following notice from City of the total compensation to be paid by City.

(F) ***Wrongful Termination.*** If Contractor disputes the termination, its sole recourse is to comply with the Claim procedures in Article 12. If a court of competent jurisdiction or an arbitrator later determines that the termination for default was wrongful, the termination will be deemed to be a termination for convenience, and Contractor's damages will be strictly limited to the compensation provided for termination for convenience under Section 13.4, below. Contractor waives any claim for any other damages for wrongful termination including special or consequential damages, lost opportunity costs, or lost profits, and any award of damages is subject to Section 12.8, Burden of Proof and Limitations.

13.4 Termination for Convenience

City reserves the right, acting in its sole discretion, to terminate all or part of the Contract for convenience upon written notice to Contractor.

(A) ***Compensation to Contractor.*** In the event of City's termination for convenience, Contractor waives any claim for damages, including for loss of anticipated profits from the Project. The following will constitute full and fair compensation to Contractor, and Contractor will not be entitled to any additional claim or compensation:

(1) *Completed Work.* The value of its Work satisfactorily performed as of the date notice of termination is received, based on Contractor's schedule of values and unpaid costs for items delivered to the Project site that were fabricated for incorporation in the Work;

(2) *Demobilization.* Demobilization costs specified in the schedule of values, or if demobilization costs were not provided in a schedule of values pursuant to Section 8.1, then based on actual, reasonable, and fully documented demobilization costs; and

(3) *Termination Costs.* Reasonable, actual, and documented costs to comply with the direction in the notice of termination for convenience, plus 5% markup thereof.

(B) ***Disputes.*** If Contractor disputes the amount of compensation determined by City pursuant to paragraph (A), above, its sole recourse is to comply with the Claim procedures in Article 12, by submitting a Claim no later than 30 days following notice from City of total compensation to be paid by City.

13.5 Actions Upon Termination for Default or Convenience

The following provisions apply to any termination under this Article, whether for default or convenience, and whether in whole or in part.

(A) ***General.*** Upon termination, City may immediately enter upon and take possession of the Project and the Work and all tools, equipment, appliances, materials, and supplies procured or fabricated for the Project. Contractor shall transfer title to and deliver all completed Work and all Work in progress to City.

(B) ***Submittals.*** Unless otherwise specified in the notice of termination, Contractor must immediately submit to City all designs, drawings, as-built drawings, Project records, contracts with vendors and Subcontractors, cost data, manufacturer warranties, manuals,

and other such submittals or Work-related documents required under the terms of the Contract Documents, including incomplete documents or drafts.

(C) ***Close Out Requirements.*** Except as otherwise specified in the notice of termination, Contractor must comply with all of the following:

(1) Immediately stop the Work, except for any Work that must be completed pursuant to the notice of termination and comply with City's instructions for cessation of labor and securing the Project and any other Worksite(s).

(2) Comply with City's instructions to protect the completed Work and materials, including property in which City has or may acquire interest, using best efforts to minimize further costs.

(3) Contractor must not place further orders or enter into new subcontracts for materials, equipment, services or facilities, except as may be necessary to complete any portion of the Work that is not terminated.

(4) As directed in the notice, Contractor must assign to City or cancel existing subcontracts that relate to performance of the terminated Work, subject to any prior rights, if any, of the surety for Contractor's performance bond, and settle all outstanding liabilities and claims, subject to City's approval.

(5) As directed in the notice, Contractor must use its best efforts to sell any materials, supplies, or equipment intended solely for the terminated Work in a manner and at market rate prices acceptable to City.

(D) ***Payment Upon Termination.*** Upon completion of all termination obligations, as specified herein and in the notice of termination, Contractor shall submit its request for Final Payment, including any amounts due following termination pursuant to this Article 13. Payment will be made in accordance with the provisions of Article 8, based on the portion of the Work satisfactorily completed, including the close out requirements, and consistent with the previously submitted schedule of values and unit pricing, including demobilization costs. Adjustments to Final Payment may include deductions for the cost of materials, supplies, or equipment retained by Contractor; payments received for sale of any such materials, supplies, or equipment, less re-stocking fees charged; and as otherwise specified in Section 8.3, Adjustment of Payment Application.

(E) ***Continuing Obligations.*** Regardless of any Contract termination, Contractor's obligations for portions of the Work already performed will continue and the provisions of the Contract Documents will remain in effect as to any claim, indemnity obligation, warranties, guarantees, submittals of as-built drawings, instructions, or manuals, record maintenance, or other such rights and obligations arising prior to the termination date.

Article 14 Digital Data Protocol

14.1 E-Builder

With the exception of a Claim submitted pursuant to Article 12, Contractor must use e-Builder for submission of all submittals and other data and documents to City. E-builder is a web-based construction management application hosted by e-Builder, Inc. E-builder will be the primary means of Project information submission and management unless otherwise approved by City in writing.

14.2 Access to E-Builder

Contractor must use the City-provided license(s) to access e-Builder. Contractor's designated users will be required to set up their computers/systems to use e-Builder in accordance with the e-Builder User Training Guide. City reserves the right to limit the licenses issued to Contractor at any time.

14.3 E-Builder Training

Contractor must obtain all necessary training to use the e-Builder software. Contractor must participate in a classroom training or a web-based seminar, as determined by City. A training session is approximately 1-2 hours.

14.4 Connectivity to E-Builder

E-builder is a web-based environment and therefore it is subject to the inherent speed and connectivity limitations of the Internet. Contractor is responsible for its own connectivity to the Internet. E-Builder's response time is dependent on the Contractor's equipment, including processor speed, Internet access speed, and current traffic on the Internet. City will not be liable for any delays associated with Contractor's use of e-Builder, including, but not limited to, slow response time, down time periods, connectivity problems, or loss of information. Contractor must ensure connectivity to the e-Builder system whether at a home office or the Project site. Under no circumstances will use of e-Builder be grounds for a time extension or cost adjustment to the Contract.

14.5 Acceptance of Information in E-Builder

Contractor is responsible for managing, tracking, and documenting the Work as provided in the Contract Documents. The City's acceptance of documentation in e-Builder via automated system notifications or audit logs extends only to the face value of the submitted documentation and does not constitute validation of the Contractor's submitted information.

14.6 Format of Project Documents

City reserves the right to require submission of Project documents in hard copy format, or both electronic and hard copy format.

14.7 Project Communication

While regular email may still be used for communication when requested by City, e-Builder should be used as much as possible in connection with all document and information management required in the performance of the Project. Contractor shall be responsible for scanning or otherwise converting to electronic format all Project submittals, correspondence, drawings, sketches, and other documents, and uploading them to the e-Builder website. Contractor shall be responsible for the validity of its information placed in e-Builder. Contractor shall use the existing forms and processes in e-Builder to the maximum extent possible. If a required form does not exist in e-Builder, Contractor may include a form of its own or one provided by the City (if available) as an attachment to a submittal or process.

14.8 Types of Documents

Unless otherwise specified by City, documents and information to be submitted electronically by Contractor using e-Builder include, but are not limited to, correspondence; meeting minutes; submittals; Shop Drawings; RFIs; Change Order requests; payment applications; reports, including daily job reports, quality control reports, commissioning reports; quality control documentation; operation and maintenance manuals; close out documentation; testing results; and any other documentation or information required to be submitted to the City under the Contract Documents.

14.9 Archive Copies

Contractor shall keep an archive copy of all digital data created, submitted, or received by Contractor on E-Builder and data submitted or received via e-mail pertaining to the Project. (See also General Conditions, Section 2.2(J).)

14.10 Alternate Project Management Tools

If the City replaces e-Builder with a different project management tool, Contractor will be required to use the new project management tool selected by the City.

Article 15 Miscellaneous Provisions

15.1 Assignment of Unfair Business Practice Claims

Under Public Contract Code § 7103.5, Contractor and its Subcontractors agree to assign to City all rights, title, and interest in and to all causes of action it may have under section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2 (commencing with § 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the Contract or any subcontract. This assignment will be effective at the time City tenders Final Payment to Contractor, without further acknowledgement by the parties.

15.2 Provisions Deemed Inserted

Every provision of law required to be inserted in the Contract Documents is deemed to be inserted, and the Contract Documents will be construed and enforced as though such provision has been included. If it is discovered that through mistake or otherwise that any required provision was not inserted, or not correctly inserted, the Contract Documents will be deemed amended accordingly.

15.3 Waiver

City's waiver of a breach, failure of any condition, or any right or remedy contained in or granted by the provisions of the Contract Documents will not be effective unless it is in writing and signed by City. City's waiver of any breach, failure, right, or remedy will not be deemed a waiver of any other breach, failure, right, or remedy, whether or not similar, nor will any waiver constitute a continuing waiver unless specified in writing by City.

15.4 Titles, Headings, and Groupings

The titles and headings used and the groupings of provisions in the Contract Documents are for convenience only and may not be used in the construction or interpretation of the Contract Documents or relied upon for any other purpose.

15.5 Statutory and Regulatory References

With respect to any amendments to any statutes or regulations referenced in these Contract Documents, the reference is deemed to be the version in effect on the date that bids were due.

15.6 Survival

The provisions that survive termination or expiration of this Contract include Contract Section 11, Notice, and subsections 12.1, 12.2, 12.3, 12.4, 12.5, and 12.6, of Section 12, General Provisions; and the following provisions in these General Conditions: Section 2.2(J), Contractor's Records, Section 2.3(C), Termination, Section 3.7, Ownership, Section 4.2, Responsibility and Indemnity, Article 12, Dispute Resolution, and Section 11.2, Warranty.

END OF GENERAL CONDITIONS

26-417 Agenda Date: 8/18/2026

REPORT TO COUNCIL

SUBJECT
Action on a Resolution Ordering the Vacation of a Public Utility Easement at 3250 Jay Street

BACKGROUND
In 1982, the City Council vacated a portion of Duane Avenue east of Jay Street, quitclaimed the City's rights to the property, and also reserved a 50-foot wide Public Utility Easement (PUE) over the area that was vacated. The PUE was reserved to maintain access to City sanitary sewer and water facilities and is located at 3250 Jay Street. In April 2025, the property owner, Four Corners Properties, inquired with the City about the potential to vacate the PUE in anticipation of potential future development on the site.

On June 23, 2026, the City Council approved a Vesting Tentative Map to merge four existing legal parcels into one legal parcel, with no construction or site improvements, at 3250 Jay Street.

DISCUSSION
As noted above, there are existing sanitary sewer and water facilities within the PUE. The sanitary sewer facility currently located within the PUE serves only this property and the property owner has requested that the sanitary sewer facility be privatized to remove the need for a City easement for the sanitary sewer. Staff support converting the public sanitary sewer in the PUE into a private sanitary system.

Staff reviewed the water facility in the PUE and determined that the water facility should remain a public water utility. To accommodate the request to vacate the PUE, on April 22, 2026, the City accepted a 15-foot-wide water utility easement dedication from the property owner to cover the existing water facility.

All departments and agencies with an interest in the PUE concur that the easement is eligible to be vacated. With the privatization of the sanitary sewer facility and the new water utility easement, staff have determined that the PUE is in excess and will no longer be necessary for public purposes and recommend that the PUE be vacated according to subsection C of California Streets and Highways Code Section 8333. The proposed resolution (Attachment 1) will vacate the PUE and authorize the City Manager to execute any documents (such as agreements) necessary to implement the vacation and transfer ownership of the existing sewer facility from the City to the underlying property owner.

ENVIRONMENTAL REVIEW
The action being considered is exempt from the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines Section 15301, Existing Facilities.

FISCAL IMPACT

There is no additional cost to the City other than staff time and expense. Additionally, upon vacation of the PUE, the existing public sanitary sewer facility will be converted to a private sanitary sewer facility which will result in long term operations and maintenance savings for the City.

COORDINATION

This report has been coordinated with the City Attorney's Office, Water and Sewer Utility Department, and Silicon Valley Power.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Adopt a Resolution Ordering the Vacation of the Public Utility Easement at 3250 Jay Street [APN 224-09-178 (2025-26)], and authorizing the City Manager to execute any documents necessary to implement the vacation and transfer ownership of the existing sewer facility from the City to the underlying property owner in final forms approved by the City Attorney; and
2. Authorize the recordation of the Resolution.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA, ORDERING THE VACATION OF A PUBLIC UTILITY EASEMENT AT 3250 JAY STREET [APN 224-09-178 (2025-26)]

WHEREAS, the City of Santa Clara currently possesses the described Public Utility Easement in Exhibit A and shown on Exhibit B, which Exhibits are incorporated herein by reference. Said Easement was dedicated by that certain document as mentioned in said Exhibits; and,

WHEREAS, pursuant to Section 8333 of the California Streets and Highways Code, the City Council "may summarily vacate a public service easement" in any of the following cases:

(a) The easement has not been used for the purpose for which it was dedicated or acquired for five consecutive years immediately preceding the proposed vacation.

(b) The date of dedication or acquisition is less than five years, and more than one year, immediately preceding the proposed vacation, and the easement was not used continuously since that date.

(c) The easement has been superseded by relocation, or determined to be excess by the easement holder, and there are no other public facilities located within the easement.

NOW THEREFORE, BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That said Easement shown in said Exhibits has been superseded by relocation and there are no other public facilities located within the easement.

2. That said Easement described and shown in said Exhibits in the City are hereby vacated pursuant to California Streets and Highways Code Section 8333.

3. That the vacation hereby releases all easement rights and interest of the City referred in said Exhibits to the current property owner(s).

4. That the City Manager or designee is hereby authorized execute any documents necessary to implement the vacation of said Easement and transfer ownership of the existing sewer line to the current property owner(s) of the underlying real estate.

5. Effective date. This resolution shall become effective immediately.

REPORT TO COUNCIL

SUBJECT
Action on a Resolution Memorializing the Historical Calculation of Holiday Pay for the Santa Clara Police Officers Association (Unit 2) from 2021 to 2025 Pursuant to CalPERS Request

BACKGROUND
Historically, the prior Memoranda of Understanding (hereafter, "MOU") between the City of Santa Clara (hereafter, "City") and the Santa Clara Police Officers Association (Unit 2) (hereafter, "Unit 2") have described the holiday pay for employees in classifications represented by Unit 2. Recently, the California Public Employees' Retirement System (hereafter, "CalPERS") requested historical clarification as to how holiday pay was calculated and paid, and that such clarification be memorialized in a resolution.

DISCUSSION
CalPERS has requested clarification as to how the holiday pay was determined in the MOU between the City and Unit 2 from 2021 to 2025.

The holiday pay language in the 2021-2025 Unit 2 MOU is as follows:

> "The number of hours per year for holiday pay is 104 hours (equivalent to 13 days based on eight (8) hours per day) for all represented employees.
>
> Effective the first full pay period after ratification by Association membership and approval by City Council of this MOU, employees shall receive approximately 7.5% as holiday-in-lieu compensation."

The language shall be updated to the following to clarify its intent:

Effective the first full pay period after ratification by Association membership and approval by City Council of this MOU (6/12/2022), employees who are normally required to work on an approved holiday because they work in positions that require scheduled staffing without regard to holidays shall receive Holiday Pay as follows:

Employees shall be provided holiday-in-lieu compensation for the following 13 annual paid holidays:

- New Year's Day
- Martin Luther King Jr. Day
- Presidents' Day
- Spring Holiday
- Memorial Day

- Independence Day
- Labor Day
- Admission Day
- Indigenous People's Day
- Veteran's Day
- Thanksgiving Day
- Day after Thanksgiving
- Christmas Day

Employees shall receive holiday-in-lieu compensation equal to 7.5% of their paid base pay in each pay period.

The holiday pay language in the next Unit 2 MOU will also be updated to provide the clarification that CalPERS requested.

The Police Officers' Association (Unit 2) has been informed of the CalPERS request and the required resolution included in this report.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(5) in that it is a government organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

There is no fiscal impact.

COORDINATION

This report has been coordinated with the City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Adopt a Resolution Memorializing the Historical Calculation of Holiday Pay for the Santa Clara Police Officers Association (Unit 2) from 2021 to 2025.

RESOLUTION NO. 26- _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA TO COMPLY WITH CalPERS' REQUEST THE CITY WORK WITH THE SANTA CLARA POLICE OFFICERS ASSOCIATION (UNIT 2) TO MEMORIALIZE THE PARTIES' INTERPRETATION OF MOU PROVISIONS CONCERNING HOLIDAY PAY

WHEREAS, the California Public Employees' Retirement System (CalPERS) has requested that the City adopt a resolution which memorializes its interpretation of terms of its Memorandum of Understanding (MOU) between the City and the Santa Clara Police Officers' Association (Unit 2) concerning holiday pay for employees represented by Unit 2 from 2021 to 2025.

WHEREAS, the holiday pay language in the 2021-2025 Unit 2 MOU stated, "The number of hours per year for holiday pay is 104 hours (equivalent to 13 days based on eight (8) hours per day) for all represented employees. Effective the first full pay period after ratification by Association membership and approval by City Council of this MOU, employees shall receive approximately 7.5% as holiday-in-lieu compensation."; and,

WHEREAS, the City's thirteen (13) observed holidays from 2021 through 2025 were: New Year's Day; Martin Luther King, Jr. Day; President's Day; Spring Holiday; Memorial Day; Independence Day; Labor Day; Admission Day; Columbus Day; Veteran's Day; Thanksgiving Day; Friday after Thanksgiving Day; and Christmas Day.

WHEREAS, the City and Unit 2 have interpreted effective the first full pay period after ratification by Unit 2 membership and approval by City Council of this MOU on 6/12/2022, employees who are normally required to work on an approved holiday because they work in positions that required scheduled staffing without regard to holidays received holiday-in-lieu compensation equal to 7.5% of their paid base pay in each pay period for the following holidays from 2021 through 2025: New Year's Day; Martin Luther King, Jr. Day; President's Day; Spring Holiday; Memorial Day; Independence Day; Labor Day; Admission Day; Columbus Day; Veteran's Day; Thanksgiving Day; Friday after Thanksgiving Day; and Christmas Day.

NOW THEREFORE, BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. The above Recitals are true and correct and shall be incorporated herein by reference.

2. To comply with CalPERS request, the City and Unit 2 agree to reflect the parties' interpretation in the MOU which when updated shall be effective retroactively from 2021 through 2025.

3. Effective date. This resolution shall become effective immediately.

26-842 Agenda Date: 8/18/2026

REPORT TO COUNCIL

SUBJECT
Adopt a Resolution Authorizing the Examination of Sales and Use Tax Records by Certain Designated Parties for Official Purposes

BACKGROUND
Pursuant to Ordinance No. 810, the City of Santa Clara has entered into a contract with the California Department of Tax and Fee Administration (CDTFA) (formerly the State Board of Equalization) to perform all functions incident to the administration and collection of sales and use taxes. As the City relies on the revenue reported and collected by the CDTFA, authorized representatives of the City examine confidential sales and use tax records pursuant to the requirements and conditions of Section 7056 of the California Revenue and Taxation Code.

One of the requirements of Section 7056 is the adoption of a resolution designating City positions and entities that are authorized to examine the City's sales and use tax records. The most recent resolution was approved by the City Council on August 19, 2014. This memorandum brings forward a new resolution (Attachment 1) with updated access to the City's records.

DISCUSSION
Beginning July 1, 2026, the City has changed its third-party contractor that will perform sales and use tax audits from MuniServices, LLC (dba Avenu MuniServices, LLC) to Hinderliter, De Llamas & Associates (dba HdL Companies). As a result, it is necessary to update the access information with the CDTFA. The attached resolution would grant access to HdL Companies and would also allow MuniServices, LLC to continue to access the City's sales and use tax data to close out its existing audits. For reference, Attachment 2 is the agreement with HdL Companies effective July 1, 2026, and Attachment 3 is the agreement with MuniServices, LLC that expired June 30, 2026.

The resolution also updates the City classification titles that have access to the sales and use tax records.

ENVIRONMENTAL REVIEW
The actions being considered do not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to section 15378(b)(4) of Title 14 of the California Code of Regulations in that they are fiscal activities that do not involve any commitment to any specific project which may result in a potential significant physical impact on the environment.

FISCAL IMPACT
There is no fiscal impact associated with the update to the access to sales and use tax records. The City will continue to use a third-party contractor to conduct sales and use tax audits.

COORDINATION
This report has been coordinated with the City Attorney's Office.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION
Adopt a resolution authorizing the examination of sales and use tax records by certain designated parties for official purposes.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA AUTHORIZING THE EXAMINATION OF SALES AND USE TAX RECORDS

WHEREAS, pursuant to Ordinance Number 810, the City of Santa Clara (City) entered into a contract with the California Department of Tax and Fee Administration (Department) (formerly the State Board of Equalization) to perform all functions incident to the administration and collection of sales and use taxes;

WHEREAS, the City Council of the City of Santa Clara deems it desirable and necessary for authorized officers, employees and representatives of the City to examine confidential sales and use tax records of the Department pertaining to sales and use taxes collected by the Department for the City pursuant to that contract; and

WHEREAS, Section 7056 of the California Revenue and Taxation Code sets forth certain requirements and conditions for the disclosure of Department records, and Section 7056.5 of the California Revenue and Taxation Code establishes criminal penalties for the unlawful disclosure of information contained in, or derived from, the sales and use tax records of the Department;

NOW THEREFORE, BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That the City Manager, Assistant City Manager, Director of Finance, Assistant Director of Finance, Division Manager/Budget Manager, Senior Management Analyst, Management Analyst or other officer or employee of the City designated in writing by the City Manager or Director of Finance to the California Department of Tax and Fee Administration is hereby appointed to represent the City with authority to examine sales and use tax records of the Department pertaining to sales and use taxes collected for the City by the Department pursuant to the contract between the City and the Department.

2. The information obtained by examination of Department records shall be used only for purposes related to the collection of City sales and use taxes by the Department pursuant to

that contract, and for purposes related to the following governmental functions of the City:

a) functions related to the detection, documentation and correction of sales and use tax reporting errors or omissions;

b) functions related to budgeting and forecasting of revenue; and

c) functions related to economic development and business retention.

3. That Hinderliter, De Llamas & Associates (dba HdL Companies) is hereby designated to examine the sales and use tax records of the Department pertaining to sales and use taxes collected for the City by the Department. The person or entity designated by this section meets all of the following conditions, which are also included in the contract between the City and the Hinderliter, De Llamas & Associates (dba HdL Companies):

a) has an existing contract with the City to examine those sales and use tax records;

b) is required by that contract to disclose information contained in, or derived from, those sales and use tax records only to the officer or employee authorized under Section 1 of this resolution to examine the information;

c) is prohibited by that contract from performing consulting services for a retailer during the term of that contract; and

d) is prohibited by that contract from retaining the information contained in, or derived from, those sales and use tax records, after that contract has expired.

4. That MuniServices, LLC (dba Avenu MuniServices, LLC) is hereby designated to examine the sales and use tax records of the Department pertaining to any petition or appeal for the reallocation/redistribution of sales and use taxes that was filed by MuniServices, LLC on behalf of the City pursuant to the contract between MuniServices, LLC and the City. The person or entity designated by this section meets all of the following conditions, which are also included in the contract between the City and the MuniServices, LLC (dba Avenu MuniServices, LLC):

a) has an existing contract with the City to examine those sales and use tax records;

b) is required by that contract to disclose information contained in, or derived from, those sales and use tax records only to the officer or employee authorized under Section 1 of this resolution to examine the information;

c) is prohibited by that contract from performing consulting services for a retailer during the term of that contract; and

d) is prohibited by that contract from retaining the information contained in, or derived from, those sales and use tax records, after that contract has expired.

5. That this resolution supersedes all prior resolutions of the City Council of the City of Santa Clara adopted pursuant to subdivision (b) of the Revenue and Taxation Code section 7056.

6. Effective date. This resolution shall become effective immediately.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE ___ DAY OF _____, 2026, BY THE FOLLOWING VOTE:

EBIX Insurance No. S200005156

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND HINDERLITER, DE LLAMAS & ASSOCIATES DBA HDL COMPANIES

PREAMBLE

This Agreement ("Agreement") dated 7/1/2026 | 5:10 PM PDT ("Effective Date") is entered into between the City of Santa Clara, California, a chartered California municipal corporation ("City") and Hinderliter, De Llamas & Associates dba HdL Companies, a California corporation ("Consultant"). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services ("Services") more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

In consideration of the above Recitals and the mutual covenants contained therein, the Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant will consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions will govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement will begin on July 1, 2026 and terminate on June 30, 2031.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Consultant will perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Consultant expressly warrants that all materials and services covered by this Agreement will be fit for the purpose intended, will be free from defect and will conform to the specifications, requirements and instructions upon which this Agreement is based. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Consultant. If Consultant fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

Consultant represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Consultant's representations regarding its skills and knowledge. Consultant will perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City will pay Consultant for all materials provided and Services rendered by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is One Million Six Hundred Thousand Dollars ($1,600,000), subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

of the maximum compensation will be at Consultant's expense. Consultant will not be entitled to any payment above the maximum compensation under any circumstance.

7. TERMINATION

A. Termination for Convenience. City will have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. If Consultant fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party will assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

8. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement will not be assigned or transferred without the prior written approval of City. Consultant will not hire subcontractors without express written permission from City.

Consultant will be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

9. NO THIRD PARTY BENEFICIARY

This Agreement will not be construed to be an agreement for the benefit of any third party or parties and no third party or parties will have any claim or right of action under this Agreement for any cause whatsoever.

10. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

11. CONFIDENTIALITY OF MATERIAL

All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Consultant and all other written information submitted to Consultant in connection with the performance of this Agreement will be held confidential by Consultant and will not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Consultant which is otherwise known to Consultant or becomes generally known to the related industry will be deemed confidential.

12. OWNERSHIP OF MATERIAL

All material, which will include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement will be the property of City but Consultant may retain and use copies thereof. City will not be limited in any way or at any time in its use of said material. However, Consultant will not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

13. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

City, through its authorized employees, representatives or agents will have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Consultant for the purpose of verifying any and all charges made by Consultant in connection with Consultant compensation under this Agreement, including termination of Consultant. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded will be disallowed by City. Consultant will bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Consultant will submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Consultant's Services hereunder.

14. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost,

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Consultant pursuant to this Agreement – including claims of any kind by Consultant's employees or persons contracting with Consultant to perform any portion of the Scope of Services – and will expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify will not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, will specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Consultant, against City (either alone, or jointly with Consultant), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Consultant is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Consultant warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

D. The Parties expressly agree that this Section 14 (HOLD HARMLESS/INDEMNIFICATION) will survive the expiration or early termination of the Agreement.

15. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Consultant will provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

16. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement will not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement will be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

17. NOTICES

All notices to the Parties will, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Finance Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at mmccahan@santaclaraca.gov

And to Consultant addressed as follows:

HdL Companies
120 S. State College Blvd., Suite 200
Brea, CA 92821
and by e-mail at anickerson@hdlcompanies.com

The workday the e-mail was sent will control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday will be deemed to have been transmitted on the following business day.

18. COMPLIANCE WITH LAWS

Consultant will comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20), Business Tax Certificate (SCCC section 3.40.070), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally, Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

19. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

20. FAIR EMPLOYMENT

Consultant will not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

21. NO USE OF CITY NAME OR EMBLEM

Consultant will not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

22. GOVERNING LAW AND VENUE

This Agreement will be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party will be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

23. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement will, for any reason, be held invalid, illegal or unenforceable in any respect, it will not affect the validity of the other provisions, which will remain in full force and effect.

24. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

25. COUNTERPARTS

This Agreement may be executed in counterparts, each of which will be deemed to be an original, but both of which will constitute one and the same instrument.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

EXHIBIT A
SCOPE OF SERVICES

SALES, USE AND TRANSACATION TAX AUDIT RECOVERY SERVICES

1. BACKGROUND

Sales tax is one of the City's largest General Fund revenue sources, and one of its most volatile. The City's current sales tax rate is 9.125 percent, of which the City of Santa Clara receives one percentage point. The City's sales tax collections have fluctuated over the years due to local, regional and national economic cycles as well as changes in the makeup of businesses in Santa Clara. The business-to-business sector is the City's largest sales tax generator, representing between 40% - 50% of the City's sales receipts. Sales tax revenues are budgeted at $75.9 million in FY 2026/27.

2. SALES TAX AUDIT SERVICES

2.1 Conduct Audits. Consultant will examine all sales and use tax records of the California Department of Tax and Fee Administration (CDTFA) pertaining to sales and use tax collected by the CDTFA on behalf of the City. Consultant will perform ongoing sales tax audits to identify and correct "point of sale" and use tax distribution errors and thereby generate previously unrealized sales and use tax revenue for the City. The cost of these services is included in Consultant's Contingency Fees, as described in Exhibit B, unless otherwise specified.

Consultant's sales and use tax audit services will include the following distinct types of audits and services, at a minimum:

2.1.1. Nexus Field Audits. Consultant will conduct field inventories of the City's businesses and industrial areas to identify businesses located within the City that appear to be under-reporting revenues or are not on the CDTFA allocations roles. Consultant will utilize specially trained field auditors to complete physical canvassing and evaluation of sales/use tax generating businesses located in the City to detect misallocations as a result of errors including but not limited to: registration errors, including erroneous consolidation of multiple outlets, misreporting of point of sale from an erroneous location, and delays in reporting new outlets.

2.1.2. Tax Area Code (TAC)/Permit Audits. Consultant will review every active account on the CDTFA's allocation roles reporting $50 or more in local tax to ensure proper TAC assignment. A complete TAC review will be performed at least once every 3-6 months.

2.1.3. Deviation Assessment Audits. On a quarterly basis, Consultant will review Consultant's statewide allocation database to identify all accounts for which there has been a substantial change in allocation pattern. The

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

review is applied to direct allocations and to county pools to allow for a broad view and understanding of misallocations within a given quarter.

2.1.4. Use Tax Errors and Opportunities. On a quarterly basis, Consultant will analyze the tax allocation pools of the State of California and all counties to identify instances where a taxpayer may have misidentified a transaction as use tax rather than sales tax. Consultant will provide additional specialized review to identify direct allocations opportunities of local use tax, including but not limited to opportunities available pursuant to CDFTA Regulations 1802(d), 1699.6, and 1521.

2.1.5. Accounts Payable Audits. Upon the request of the City, at no additional cost, Consultant will review the City's purchasing activity to identify specific individual transactions that may qualify for direct allocation of local use tax or transactions tax. Consultant will support the City with the preparation of appropriate forms, schedules, and supporting documentation to facilitate capture of these funds, and will provide assistance preparing and filing the City's tax returns.

2.1.6. Quarterly Distribution Report Audits. On a quarterly basis, upon receipt and processing of allocation data from CDTFA, Consultant will review all significant accounts on the City's allocation roll to identify and correct any reporting errors that may have caused a misallocation of local sales or use tax. Consultant will summarize its findings in a Quarterly Distribution Report (QDR) with the local allocation amount reflected by sales tax permit number.

2.1.7. Regulation 1699 Evaluations. Consultant will use its proprietary methods to find companies that should be taking out permits so that those revenues are allocated to the City.

2.2. Reporting Error Correction Services

2.2.1. Development of Correction Data. Consultant will utilize an audit team with specialized training to contact target businesses identified through the audit services to determine whether a point-of-sale/use reporting error exists. Interviews will be conducted in a business friendly, non-intrusive manner that emphasizes cooperation and protection of confidentiality. Consultant will provide information requested by the business that may assist the business in completing and filing corrected tax returns, but will not provide legal or tax preparation advice, nor file returns on behalf of the business. Consultant will maintain confidentiality of all taxpayer/business information in accordance with applicable state and local laws.

2.2.2. Documentation. Businesses contacted by telephone will be provided with a follow-up questionnaire or written confirmation of findings. Consultant will

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

file this documentation with the petition to minimize CDTFA processing time.

2.2.3. City Review: On a quarterly basis, Consultant will provide the City and CDTFA with a report of all revenue recovery work in progress. The quarterly report will include an electronic Work Authorization which, once approved, will include active links to copies of all inquiries filed with the CDTFA on the City's behalf. This information will be archived and accessible to authorized users at any time through Consultant's client portal. Additionally, Consultant will keep City apprised of any additional oral or written communication with CDTFA on any matter directly impacting the City.

These reports will also contain quarterly invoices that list, at a minimum, the business name, audit period start date, permit number, cumulative local allocation amount received by the City and the amount due to Consultant. Consultant will also track all eligible quarters to be invoiced based on the actual tax return quarter (not payment distribution quarter, which can contain multiple quarters) and reconcile with the QDR from the CDTFA, which will be provided with Consultant's invoice. The City reserves the right to verify and approve all reconciliations prior to payment.

2.2.4. Preparation and Submittal of Corrections: Consultant will prepare petitions (CDTFA Form 549-S or 549-L) notifying CDTFA of the existence and nature of misallocations. Consultant will respond to negative findings by CDTFA with timely reconfirmation documentation in order to preserve the City's original Dates of Knowledge (defined as the quarters during which Consultant notifies the CDTFA of the existence of a misallocation).

Consultant will coordinate corrective action with businesses and CDTFA and represent the City before state officials, boards, commissions and committees for the purpose of correcting sales tax distribution errors. This includes representing the City at hearings before the CDTFA related to incorrect allocations of tax. All correspondence and hearing materials will be documented and submitted to the City for record retention.

2.2.5. Continuous Follow-Up: Consultant will actively monitor and follow-up on audit case inventory by maintaining an ageing report, updated monthly, and appropriate follow-up on cases that are taking an inordinate amount of time to correct.

2.3. Audit Schedule

The table below provides a summary of the frequency of the audit services described above. Any changes to these frequencies are subject to the City's review and written authorization.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

Audit Category	Frequency
Nexus Audit	Within thirty (30) days of contract execution.
Tax Area Code/Permit Audits	Minimum once every 3-6 months
Deviation Assessment Audits	Minimum once per quarter
Use Tax Errors and Opportunities	Minimum once per quarter
Accounts Payable Audits	As requested by the City
Quarterly Distribution Report Audits	Minimum once per quarter
Regulation 1699 Evaluations	Minimum once every 3 – 6 months

3. SALES TAX MANAGEMENT SERVICES

On an ongoing basis, unless otherwise specified below, Consultant will provide the following sales tax management services. The cost of these services is included in Consultant's Sales Tax Management Services Fees, as described in Exhibit B, unless otherwise specified.

3.1. Use Tax Maximization. Identify businesses that might present potential self-assessed use tax opportunities, meet with businesses to advise on sub-permits and reporting procedures, and provide materials and advice on purchasing companies and direct payment permits.

3.1.1. Upon the request of the City, at no additional cost, Consultant will assist with inserting provisions in conditional use permits and development agreements to guarantee that use tax maximization procedures are followed and will monitor projects and subcontractors to make certain that sales tax is properly allocated back to Santa Clara.

3.1.2. Consultant will identify additional opportunities for the City to recover or maximize local allocation on purchase transactions subject to use tax. Consultant will prepare the necessary documentation to facilitate recovery, including assistance in preparing and filing the returns. Consultant will also assist the City in analyzing City vendors for potential use tax opportunities and will identify purchases over $500,000 that qualify for use tax self-accrual.

3.2. Provide Sales and Use Tax Data. On a quarterly basis, a principal of Consultant will analyze City data, meet with appropriate City officials to review

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

trends and make recommendations regarding the budget implications of the year's data. This will include current and historical sales tax data on sales tax remittances at the payor level and with the following data types: fiscal year and quarter of remittance (to understand trends in cash received); fiscal year and quarter of revenue earned (to understand trends in economic activity); high level economic sector (e.g. general retail, business-to-business) and more detailed subsector identifier (e.g. apparel stores) and/or four-digit NAICS code and CDTFA category if possible to facilitate comparisons; address, organized into geocode or other neighborhood designation; and name of owner or permit holder.

3.2.1. Consultant will perform data validation and scrubbing techniques on an ongoing basis to fix business addresses and re-categorize merchants as appropriate. Consultant will create and group businesses into additional categories and classifications, not provided by the CDTFA, to better track new and emerging economic trends.

3.2.2. Upon the request of the City, and provided as an additional service, a principal of Consultant will meet with committees of the City Council, advisory committees, and other groups to explain sales tax regulations, economic trends and legislative proposals that will impact the City's tax base.

3.2.3. Upon the request of the City, at no additional cost, Consultant will provide sales tax estimates for proposed projects, assist with budget projections and answer sales and use tax questions related to economic development, budgeting and related revenue collection.

3.2.4. Upon the request of the City, and provided as an additional service, , Consultant will conduct technical seminars for City personnel on California sales and use tax processes. Seminars will cover the fundamentals of direct payment permits, purchasing corporations and maximizing "use tax" from construction projects.

3.2.5. Data will be maintained and produced in a format allowing the City to export data into a Microsoft Access and/or Excel-compatible format allowing for integration of various databases, such as business license and property tax. Consultant will provide City staff with training on the use of any proprietary data management software system at no additional cost. Consultant will also provide comparable aggregate quarterly sales and use tax data by economic segment for the state as a whole and for as many California counties and Bay Area cities as possible.

3.2.6. Data will be updated quarterly as soon as possible following receipt from the CDTFA while maintaining an option to retrieve historical sales tax remittances data for all payors regardless of their current tax payment status. Consultant will either provide geographical data mapping capability

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

in its proprietary system or provide City staff with address data in a format which would allow staff to export and map data.

3.3. Reporting Services

3.3.1. Consultant will provide quarterly sales tax reports by individual businesses, business type and geographic areas specified by the City. Reports will include major sales tax producers by both rank and category, analysis of sales tax activity by category, business or geographic areas specified by the City. Retailer information will be provided in grouped form or in business-by-business detail. Reports will be provided in conjunction with the quarterly meeting with the Consultant's Principal.

3.3.2. Consultant will provide quarterly analyses and reports on the City's sales and use tax trends in relationship to the State and surrounding market region.

3.3.3. Quarterly sales tax reports are provided on both a cash and adjusted basis. Cash reports reconcile to CDTFA payments and are necessary for any revenue sharing agreements that the City might have in place. Reports on an adjusted basis shift payment aberrations into the quarter where the sales occurred to accurately show the City's true economic trends.

3.3.4. Consultant will provide City with unlimited access to its quarterly updated web-based sales tax system to facilitate "in-house" analysis and printing of reports. This system will allow City staff to search, print, and export sales tax data, including archived quarterly sales tax reports, and search all sales tax producers by business name, address, CDTFA account number, and current and historical sales tax allocations. The reporting will also provide a further breakdown of data into business types for the City beyond the NAICS codes.

3.3.5. Consultant will provide a report with the history of new revenue discovered vs. fees charged to the City.

3.3.6. Consultant will provide City staff with training on the use of its web-based sales tax system and will provide ongoing system upgrades, at no additional cost.

3.3.7. Consultant will provide the City with specialized charts and data tables, presentation data and presenters for public meetings and events.

3.3.8. The Consultant will provide a non-confidential newsletter to support management's efforts to inform and engage the public.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

3.4. Sales and Use Tax Projections

3.4.1. Twice annually, Consultant will provide annual, 3-year and 5-year forecasts of the City's general Sales Tax and Prop 172 Sales Tax. Projection reports will be provided according to the following schedule:

3.4.1.1. An initial report will be provided in January of each year, based on 3rd Quarter data from the prior year.

3.4.1.2. A mid-year report will be provided in April of each year, based on 4th Quarter data from the prior year.

3.4.1.3. Consultant will factor out payment aberrations that skew the base revenue and factor in known changes such as new or closed businesses.

3.4.2. A 10-year forecast report is available upon the request of the City, subject to an additional cost.

3.5. Legislative Support Services

Upon the request of the City, Consultant will provide the following legislative support activities.

3.5.1. Consultant will serve as the City's resource and provide assistance, resolution, and follow-up services on sales and use tax related questions, legislative and regulation issues, and economic development.

3.5.2. Consultant will prepare legislative updates to keep City apprised of all proposed changes to regulatory language in CDTFA regulations or other proposals that may impact local revenues. Additionally, Consultant will provide Issue Updates that address specific issues such as Sales Tax Participation Agreements, legal decisions or regulatory changes.

3.5.3. Consultant will take action, subject to City review and approval, on measures that threaten and delay revenue cash flows to the City. This could include attending legislative hearings and explaining to the City the potential effect of proposed legislation on the City.

3.5.4. Consultant will advocate and provide problem-solving and resolution assistance to the City on issues as needed and as requested by the City. Consultant will work with City staff to develop language for review and approval by the City, prior to distribution, that would preserve, protect and enhance City revenues.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

4. COMPLIANCE WITH FEDERAL, STATE & LOCAL RULES & REGULATIONS

Pursuant to Section 7056 of the State of California Revenue and Taxation Code which specifically limits the disclosure of confidential taxpayer information contained in the records of the CDTFA, Consultant will comply with the following conditions:

4.1 All data, records, and reports relating to the sales and use tax whether in existence at the execution date of the agreement hereof or compiled thereafter in the course of performing the services, will be treated by Consultant and its subcontractors as the exclusive property of the City of Santa Clara, and the furnishing of such records, or access to such items by, the City of Santa Clara and/or its subcontractors, and taxpayers will not grant any express or implied interest in or license to the Consultant and/or its subcontractors relating to such records other than as is necessary to perform and provide the services to the City of Santa Clara. Upon request by the City of Santa Clara any time and from time to time and without regard to the default status of the parties under the agreement, Consultant and/or its subcontractors will promptly deliver to the City of Santa Clara the records in electronic format and in such hard copy as exists on the date of the request by the City of Santa Clara.

4.2 Consultant will ensure that appropriate security protections are in place to store, process, or transmit City data that are sensitive or confidential in nature.

4.3 Consultant will disclose information contained in, or derived from those sales, use or transactions and use tax records only to an officer or employee of the City who is authorized by resolution to examine the information.

4.4 Consultant is prohibited from performing consulting services for a retailer, as defined in California Revenue & Taxation Code Section 6015, during the term of the agreement.

4.5 Consultant is prohibited from retaining the information contained in or derived from those sales or transactions and use tax records, after the contract has ended. Information obtained by examination of CDTFA records will be used only for purposes related to collection of local sales and use tax or for other governmental functions of the City as set forth by resolution adopted pursuant to Section 7056 (b) of the Revenue and Taxation Code. The resolution will designate the Consultant as a person authorized to examine sales and use tax records and certify that the terms of contract meet the requirements set forth above and in Section 7056 (b), (1) of the Revenue and Taxation Code.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

5. DELIVERABLES

The specific deliverables to be provided to the City pursuant to the provision of Services include, but are not limited to, the following:

5.1. Quarterly Reports based on CDFTA data

5.2. Quarterly sales tax meetings

5.3. Quarterly audit reports with quarterly sales tax recovery invoices

5.4. Access to Consultant's web-based sales tax application

5.5. Monthly HeadLines e-new Service

5.6. Quarterly Consensus Forecast and Webinar

5.7. Sales Tax White Papers and Legislative Updates

5.8. Copies of petition forms (CDTFA-549-S), spreadsheets, and supporting documenting on file with CDFTA.

5.9. Copies of appeals documentation filed with either the CDTFA Appeals Bureau or Office of Tax Appeals (OTA)

5.10. Annual Recovery Reports

5.11. Biannual Projection Reports

6. ADDITIONAL SERVICES

Upon request by the City, the Consultant may provide additional services related to those within this Agreement but not expressly described in this Scope of Services, including but not limited to preparation of a ten-year projection report, Transaction Tax audit and monitoring services, special meetings described in Section 3.2.2, and facilitation of technical seminars described in 3.2.4.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

EXHIBIT B
SCHEDULE OF FEES

1. SALES TAX AUDIT SERVICES

1.1. The City's compensation to Consultant for providing sales tax audit services is contingent on the amount of revenue recovered by Consultant, in accordance with the fee schedule below. This fee will constitute the full and complete compensation for such services and will include all direct and indirect costs incurred by Consultant, including but not limited to personnel, travel, subcontracting, and software.

Tier	Recovered Revenue[1]	Contingency Fee
1	$1 - $2.5 Million	13% of Recovered Revenue
2	over $2.5 Million	10% of Recovered Revenue

[1]Recovered Revenue will be the cumulative amount recovered during the full term of the Agreement (July 1, 2026 through June 30, 2031).

1.2 Consultant will limit the number of quarters to which a Contingency Fee can apply to no more than six (6) consecutive reporting quarters, commencing with the first quarter in which the County receives the recovered revenue and no more than nine (9) quarters total, including retroactive quarterly adjustments. One Hundred Percent (100%) of all new revenue generated by Consultant will flow to the City after completion of the six (6) quarters.

2. SALES TAX MANAGEMENT SERVICES

The City's compensation to Consultant for sales tax management services will be **One Thousand Dollars ($1,000)** per month, commencing July 1, 2027, and continuing throughout the term of the Agreement. In no event will the City be charged for such services prior to July 1, 2027.

Beginning July 1, 2028, and annually thereafter for the duration of the Agreement, the monthly fee will increase in accordance with the percentage change in the Consumer Price Index for the preceding twelve-month period, not to exceed 5%.

3. ADDITIONAL SERVICES

3.1. Ten-year projection. Upon the request of the City, Consultant will prepare a ten-year projection report for a fixed fee of $2,500 per report.

3.2 Additional services. Additional services requested by the City will be performed on a time-and-materials basis or for a negotiated fixed fee,

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

authorized in writing by the City. In either case, compensation will be based on the hourly rates listed below.

Additional services that result in the maximum compensation of this Agreement to be exceeded will require a formal amendment to the Agreement. No additional services will be performed without prior written authorization from the City.

4. RATE ADJUSTMENTS

Adjustments to Consultant's hourly rates may be negotiated no more than once annually. Consultant will submit any proposed rate adjustments in writing to the City at least ninety (90) days prior to the requested effective date. Rate increases will be made in accordance with the percentage change in the Consumer Price Index, not to exceed 5%. Any proposed rate adjustments are subject to approval by the City and must be substantiated by the Consultant to the satisfaction of the City.

Position	Hourly Rate
Principal	$325
Programmer	$295
Senior Analyst	$245
Analyst	$195

5. INVOICE AND PAYMENT

Consultant will bill the City for Services as further described below. All invoices, regardless of the category of service provided, will be provided on an invoice and in a format approved by the City and subject to verification and approval by the City. City will pay Consultant within thirty (30) days of receipt of an approved invoice, unless otherwise stated below.

5.1. Sales Tax Audit Services

5.1.1. Audit fees will be billed only after completion of the audit, submittal of corrections to the CDTFA, and receipt of revenues to the City. Consultant will not bill for audit services until City has actually received said monies. Further, if during the billing cycle, a taxpayer receives a refund for overpayment of taxes generated during that cycle, Consultant will credit back any proportionate share of the fee that may have been levied.

5.1.2. Invoices will be submitted on a quarterly basis after the City has received the revenue from the audit correction. At a minimum, invoices will include the name, address, and sales tax registration number of each company, and the specific amount of revenue allocated by the CDTFA to the City for those businesses.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

5.1.3. If a misallocation correction involves additional revenue from a company that had already been partially allocating revenues to the City, the City and Consultant will agree in writing, prior to billing, the methodology for identifying the incremental revenue attributable to Consultant's work.

5.2. Sales Tax Management Services

Beginning July 1, 2027, Consultant will bill City on a monthly basis for Sales Tax Management Services providing during the preceding month.

5.3 Additional Services

For additional services provided on a time and materials basis, Consultant will bill City on a monthly basis for services provided during the preceding month. For additional services provided on a fixed fee basis, Consulting will bill the City according to payment milestones established during negotiations and authorized in writing by the City.

6. ADDITIONAL PAYMENT PROVISIONS

6.1. Pre-Payment. City will not be required to pay a deposit or any other form of pre-payment prior to Consultant beginning the Services.

6.2. Billing for Billing. The City will not pay for time associated with administrative or billing-related tasks, including but not limited to preparing responses to Work Requests, addressing billing issues, or communicating with auditors.

6.3. Payment Limited to Satisfactory Work. Consultant is not entitled to any payments until the City concludes that the Services and/or any furnished deliverables have been satisfactorily performed.

6.4. Accurate Invoice. Invoices will be accurate, itemized, and submitted in a form acceptable to the City. If an invoice is incomplete or inaccurate, the City may return it to Consultant for correction and resubmittal before payment can be processed. Consultant will not charge the City any interest, late fees, or penalties on any outstanding or delayed invoices due to inaccurate billing.

6.5. Payment. If there are no discrepancies or deficiencies in the submitted invoice , City will process the invoice for payment.

6.6. Confidential. Invoices and related payment documentation are public records and are not confidential, even if marked as confidential when submitted by Consultant.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant will provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies will be primary insurance as to the City of Santa Clara so that any other coverage held by the City will not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but will in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage will be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits will be at least as broad as the underlying coverage and will otherwise follow form.

3. The following provisions will apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage will be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There will be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage will apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits of not less than one million dollars ($1,000,000) each accident using, or providing coverage at least as broad as, Insurance Services Office form CA 00 01. Liability coverage will apply to all owned (if any), non-owned and hired autos.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement will not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate will be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage will be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85,

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant will contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess will be considered excess insurance only and will not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy will contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums will be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice will be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy will contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums will be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice will be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subcontractors, and any other party involved with the Services, who are brought onto or involved in the performance of the Services by Consultant, provide the same minimum insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There will be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subcontractor (of every tier) will, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage will be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant will file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker will provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage will be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant will submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement will be mailed to:

EBIX Inc.
City of Santa Clara Finance Department
P.O. Box 100085 – S2 or 1 Ebix Way
Duluth, GA 30096 John's Creek, GA 30097

Telephone number: 951-766-2280
Fax number: 770-325-0409
Email address: ctsantaclara@ebix.com

Docusign Envelope ID: CD7F599C-94E4-839F-8224-D38DA725C3BE

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant will have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or will be an insurance company of equal financial stability that is approved by the City or its insurance compliance representatives.

EBIX Insurance No. S200003050

AGREEMENT FOR SERVICES BETWEEN THE CITY OF SANTA CLARA, CALIFORNIA, AND MUNISERVICES, LLC, DBA AVENU MUNISERVICES LLC

PREAMBLE

This Agreement is entered into between the City of Santa Clara, California, a chartered California municipal corporation (City) and MuniServices, LLC, doing business as Avenu MuniServices LLC, a Delaware limited liability company (Consultant). City and Consultant may be referred to individually as a "Party" or collectively as the "Parties" or the "Parties to this Agreement."

RECITALS

A. City desires to secure the services more fully described in this Agreement, at Exhibit A, entitled "Scope of Services";

B. Consultant represents that it, and its subcontractors, if any, have the professional qualifications, expertise, necessary licenses and desire to provide certain goods and/or required services of the quality and type which meet objectives and requirements of City; and,

C. The Parties have specified herein the terms and conditions under which such services will be provided and paid for.

The Parties agree as follows:

AGREEMENT TERMS AND CONDITIONS

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between City and Consultant shall consist of these Terms and Conditions and the following Exhibits, which are hereby incorporated into this Agreement by this reference:

Exhibit A – Scope of Services

Exhibit B – Schedule of Fees

Exhibit C – Insurance Requirements

This Agreement, including the Exhibits set forth above, contains all the agreements, representations and understandings of the Parties, and supersedes

and replaces any previous agreements, representations and understandings, whether oral or written. In the event of any inconsistency between the provisions of any of the Exhibits and the Terms and Conditions, the Terms and Conditions shall govern and control.

2. TERM OF AGREEMENT

Unless otherwise set forth in this Agreement or unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on July 1, 2021 and terminate on June 30, 2026.

3. SCOPE OF SERVICES & PERFORMANCE SCHEDULE

Consultant shall perform those Services specified in Exhibit A within the time stated in Exhibit A. Time is of the essence.

4. WARRANTY

Consultant expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements and instructions upon which this Agreement is based. Consultant agrees to promptly replace or correct any incomplete, inaccurate or defective Services at no further cost to City when defects are due to the negligence, errors or omissions of Consultant. If Consultant fails to promptly correct or replace materials or services, City may make corrections or replace materials or services and charge Consultant for the cost incurred by City.

5. QUALIFICATIONS OF CONSULTANT - STANDARD OF CARE

Consultant represents and maintains that it has the expertise in the professional calling necessary to perform the Services, and its duties and obligations, expressed and implied, contained herein, and City expressly relies upon Consultant's representations regarding its skills and knowledge. Consultant shall perform such Services and duties in conformance to and consistent with the professional standards of a specialist in the same discipline in the State of California.

6. CONFLICT OF INTEREST (FORM 700)

In accordance with the California Political Reform Act (Government Code section 81000 et seq.) and the City's Conflict of Interest Code, Consultant shall cause each person who will be principally responsible for providing the service and deliverables under this Agreement as having to file a Form 700 to do each of the following:

A. Complete and file the Form 700 no later than thirty (30) calendar days after the date the person begins performing services under the Agreement

and all subsequent Form 700s in conformance with the requirements specified in the California Political Reform Act; and

B. File the Form 700 with the City's Clerk Office.

7. COMPENSATION AND PAYMENT

In consideration for Consultant's complete performance of Services, City shall pay Consultant for all materials provided and Services rendered by Consultant in accordance with Exhibit B, entitled "SCHEDULE OF FEES." The maximum compensation of this Agreement is set forth in Exhibit B, subject to budget appropriations, which includes all payments that may be authorized for Services and for expenses, supplies, materials and equipment required to perform the Services. All work performed or materials provided in excess of the maximum compensation shall be at Consultant's expense. Consultant shall not be entitled to any payment above the maximum compensation under any circumstance.

8. TERMINATION

A. Termination for Convenience. City shall have the right to terminate this Agreement, without cause or penalty, by giving not less than Thirty (30) days' prior written notice to Consultant.

B. Termination for Default. If Consultant fails to perform any of its material obligations under this Agreement, in addition to all other remedies provided by law, City may terminate this Agreement immediately upon written notice to Consultant.

C. Upon termination, each Party shall assist the other in arranging an orderly transfer and close-out of services. As soon as possible following the notice of termination, but no later than ten (10) days after the notice of termination, Consultant will deliver to City all City information or material that Consultant has in its possession.

D. Notwithstanding any other provisions of this Agreement, because the services performed by Consultant result in corrections of misallocations and other revenue after cessation of services performed by Consultant for the City, the City agrees that with regards to misallocations identified to the California Department of Tax and Fee Administration (CDTFA) whose Date of Knowledge (as defined in Exhibit B) occurred during Consultant performance of services for the City or for other revenue resulting from Consultant actions taken during the term of the Agreement, that the City's obligation to pay Consultant in accordance with the compensation language of the Agreement will survive expiration or termination of the Agreement for any reason. Additionally, notwithstanding any other provisions of the Agreement, if the Agreement is terminated or expires, Consultant will continue to pursue corrections of accounts identified during the term of the Agreement that have not been corrected by the CDTFA as

of the effective date of termination or expiration. The period after termination during which Consultant is pursuing correction of accounts identified before termination is referred to as the "completion period." The City will compensate Consultant in accordance with the compensation language contained in Exhibit B for corrected misallocations that result from Consultant efforts during the completion period. The City will also take all necessary steps to allow Consultant to continue to receive the required information from the CDTFA during this completion period.

9. ASSIGNMENT AND SUBCONTRACTING

City and Consultant bind themselves, their successors and assigns to all covenants of this Agreement. This Agreement shall not be assigned or transferred without the prior written approval of City. Consultant shall not hire subcontractors without express written permission from City.

Consultant shall be as fully responsible to City for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Consultant is for the acts and omissions of persons directly employed by it.

10. NO THIRD PARTY BENEFICIARY

This Agreement shall not be construed to be an agreement for the benefit of any third party or parties and no third party or parties shall have any claim or right of action under this Agreement for any cause whatsoever.

11. INDEPENDENT CONTRACTOR

Consultant and all person(s) employed by or contracted with Consultant to furnish labor and/or materials under this Agreement are independent contractors and do not act as agent(s) or employee(s) of City. Consultant has full rights to manage its employees in their performance of Services under this Agreement.

12. CONFIDENTIALITY OF MATERIAL

A. All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Consultant and all other written information submitted to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant and shall not, without the prior written consent of City, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Consultant which is otherwise known to Consultant or becomes generally known to the related industry shall be deemed confidential.

B. Confidentiality Requirements Section 7056 of the State of California Revenue and Taxation code specifically limits the disclosure of

confidential taxpayer information contained in the records of the California Department of Tax and Fee Administration. This section specifies the conditions under which a City may authorize persons other than City officers and employees to examine State Sales, Use and Transactions Tax records. The following conditions specified in Section 7056 (b), (1) of the State of California Revenue and Taxation Code are hereby made part of this agreement: (i) Consultant is authorized by this Agreement to examine sales, use or transactions a retailer, as defined in California Revenue & Taxation Code Section 6015, during the and use tax records of the Department of Tax and Fee Administration provided to City pursuant to contract under the Bradley-Burns Uniform Sales and Use Tax Law; (ii) Consultant is required to disclose information contained in, or derived from, those sales, use or transactions and use tax records only to an officer or employee of the City who is authorized by resolution to examine the information; (iii) Consultant is prohibited from performing consulting services for a retailer during the term of this Agreement; (iv) Consultant is prohibited from retaining the information contained in, or derived from those sales or transactions and use tax records, after this Agreement has expired. Information obtained by examination of Department of Tax and Fee Administration records shall be used only for purposes related to collection of local sales and use tax or for other governmental functions of the City as set forth by resolution adopted pursuant to Section 7056 (b) of the Revenue and Taxation Code. The resolution shall designate the Consultant as a person, authorized to examine sales and use tax records and certify that this Agreement meets the requirements set forth above and in Section 7056 (b), (1) of the Revenue and Taxation Code.

13. OWNERSHIP OF MATERIAL

All material, which shall include, but not be limited to, data, sketches, tracings, drawings, plans, diagrams, quantities, estimates, specifications, proposals, tests, maps, calculations, photographs, reports, designs, technology, programming, works of authorship and other material developed, collected, prepared or caused to be prepared under this Agreement shall be the property of City but Consultant may retain and use copies thereof. City shall not be limited in any way or at any time in its use of said material. However, Consultant shall not be responsible for damages resulting from the use of said material for work other than Project, including, but not limited to, the release of this material to third parties.

14. RIGHT OF CITY TO INSPECT RECORDS OF CONSULTANT

City, through its authorized employees, representatives or agents shall have the right during the term of this Agreement and for four (4) years from the date of final payment for goods or services provided under this Agreement, to audit the books and records of Consultant for the purpose of verifying any and all charges

made by Consultant in connection with Consultant compensation under this Agreement, including termination of Consultant. Consultant agrees to maintain sufficient books and records in accordance with generally accepted accounting principles to establish the correctness of all charges submitted to City. Any expenses not so recorded shall be disallowed by City. Consultant shall bear the cost of the audit if the audit determines that there has been a substantial billing deviation in excess of five (5) percent adverse to the City.

Consultant shall submit to City any and all reports concerning its performance under this Agreement that may be requested by City in writing. Consultant agrees to assist City in meeting City's reporting requirements to the State and other agencies with respect to Consultant's Services hereunder.

15. HOLD HARMLESS/INDEMNIFICATION

A. To the extent permitted by law, Consultant agrees to protect, defend, hold harmless and indemnify City, its City Council, commissions, officers, employees, volunteers and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and attorney's fees in providing a defense to any such claim or other action, and whether sounding in law, contract, tort, or equity, in any manner arising from, or alleged to arise in whole or in part from, or in any way connected with the Services performed by Consultant pursuant to this Agreement – including claims of any kind by Consultant's employees or persons contracting with Consultant to perform any portion of the Scope of Services – and shall expressly include passive or active negligence by City connected with the Services. However, the obligation to indemnify shall not apply if such liability is ultimately adjudicated to have arisen through the sole active negligence or sole willful misconduct of City; the obligation to defend is not similarly limited.

B. Consultant's obligation to protect, defend, indemnify, and hold harmless in full City and City's employees, shall specifically extend to any and all employment-related claims of any type brought by employees, contractors, subcontractors or other agents of Contractor, against City (either alone, or jointly with Contractor), regardless of venue/jurisdiction in which the claim is brought and the manner of relief sought.

C. To the extent Contractor is obligated to provide health insurance coverage to its employees pursuant to the Affordable Care Act ("Act") and/or any other similar federal or state law, Contractor warrants that it is meeting its obligations under the Act and will fully indemnify and hold harmless City for any penalties, fines, adverse rulings, or tax payments associated with Consultant's responsibilities under the Act.

16. INSURANCE REQUIREMENTS

During the term of this Agreement, and for any time period set forth in Exhibit C, Consultant shall provide and maintain in full force and effect, at no cost to City, insurance policies as set forth in Exhibit C.

17. WAIVER

Consultant agrees that waiver by City of any one or more of the conditions of performance under this Agreement shall not be construed as waiver(s) of any other condition of performance under this Agreement. Neither City's review, acceptance nor payments for any of the Services required under this Agreement shall be constructed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

18. NOTICES

All notices to the Parties shall, unless otherwise requested in writing, be sent to City addressed as follows:

City of Santa Clara
Attention: Finance Department
1500 Warburton Avenue
Santa Clara, CA 95050
and by e-mail at MMcCahan@SantaClaraCA.gov, and
manager@santaclaraca.gov

And to Consultant addressed as follows:

MuniServices, LLC
7625 N. Palm Avenue
Suite 108
Fresno, CA 93711
Attention: Contracts Department
and by e-mail at contracts@avenuinsights.com and
Thomas.adams@avenuinsights.com

The workday the e-mail was sent shall control the date notice was deemed given. An e-mail transmitted after 1:00 p.m. on a Friday shall be deemed to have been transmitted on the following business day.

19. COMPLIANCE WITH LAWS

Consultant shall comply with all applicable laws and regulations of the federal, state and local government, including but not limited to "The Code of the City of Santa Clara, California" ("SCCC"). In particular, Consultant's attention is called to the regulations regarding Campaign Contributions (SCCC Chapter 2.130), Lobbying (SCCC Chapter 2.155), Minimum Wage (SCCC Chapter 3.20),

Business Tax Certificate (SCCC section 3.40.060), and Food and Beverage Service Worker Retention (SCCC Chapter 9.60), as such Chapters or Sections may be amended from time to time or renumbered. Additionally Consultant has read and agrees to comply with City's Ethical Standards (http://santaclaraca.gov/home/showdocument?id=58299).

20. CONFLICTS OF INTEREST

Consultant certifies that to the best of its knowledge, no City officer, employee or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code section 87100 and following, and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise City if a conflict arises.

21. FAIR EMPLOYMENT

Consultant shall not discriminate against any employee or applicant for employment because of race, sex, color, religion, religious creed, national origin, ancestry, age, gender, marital status, physical disability, mental disability, medical condition, genetic information, sexual orientation, gender expression, gender identity, military and veteran status, or ethnic background, in violation of federal, state or local law.

22. NO USE OF CITY NAME OR EMBLEM

Consultant shall not use City's name, insignia, or emblem, or distribute any information related to services under this Agreement in any magazine, trade paper, newspaper or other medium without express written consent of City.

23. GOVERNING LAW AND VENUE

This Agreement shall be governed and construed in accordance with the statutes and laws of the State of California. The venue of any suit filed by either Party shall be vested in the state courts of the County of Santa Clara, or if appropriate, in the United States District Court, Northern District of California, San Jose, California.

24. SEVERABILITY CLAUSE

In case any one or more of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, it shall not affect the validity of the other provisions, which shall remain in full force and effect.

25. AMENDMENTS

This Agreement may only be modified by a written amendment duly authorized and executed by the Parties to this Agreement.

26. COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument.

The Parties acknowledge and accept the terms and conditions of this Agreement as evidenced by the following signatures of their duly authorized representatives.

"CONSULTANT"

EXHIBIT A
SCOPE OF SERVICES

1. GENERAL

1.1. Sales tax is the City's General Fund's second largest revenue source, and one of its most volatile. The City's current sales tax rate is 9%, of which the City of Santa Clara receives 1%. For every $100 dollars spent in Santa Clara on taxable purchases, $9.00 is collected in sales tax of which the City of Santa Clara receives $1.00.

1.2. To the extent not inconsistent with this Agreement between the City and Consultant including this Scope of Services, the City's RFP 20-21-32 (including subsequent updates), Consultant's proposal response dated November 17, 2020 and Consultant's oral demonstration materials dated February 2, 2021 are hereby incorporated by reference herein, and shall supplement this Scope of Services and be subject to the terms and conditions of the Agreement.

2. CONDUCT AUDITS

Consultant shall examine all sales and use tax records of the California Department of Tax and Fee Administration (CDTFA) pertaining to sales and use tax collected by the CDTFA on behalf of the City and perform ongoing sales tax audits in order to identify and correct "point of sale" and use tax distribution errors and thereby generate previously unrealized sales and use tax revenue for the City. Consultant's sales and use tax audit services shall, at minimum, include five distinct types of audits and services, as follows:

2.1. **Nexus Field Audits.** Consultant's initial and periodic taxable nexus field audits shall include a physical canvassing and evaluation of sales/use tax generating businesses located in the City to detect misallocations. Consultant's field audits shall focus on those businesses located in the City from which the City has not been receiving sales/use tax revenue.

2.2. **Tax Area Code (TAC)/Permit Audits.** Consultant's field audits shall facilitate the identification and correction of improperly registered permits and tax area code for companies including, but not limited to, wholesalers, contractors, processors, manufacturers and other non-retail businesses having potential point-of-sale / use tax operations in the City.

2.3. **Deficiency Assessment Audits.** Consultant shall detect and correct CDTFA deficiency assessment misallocations and shall maximize the benefits produced by Consultant's allocation audit service for City.

2.4. **Accounts Payable Audits.** Consultant's accounts payable audits shall include a review of the City's purchases to identify opportunities for the City to capture the current local allocation on purchases subject to use tax and the local district tax where applicable. In this regard, Consultant shall prepare the documentation to facilitate the City's election of such taxes, including assistance in preparing and filing the City's tax returns.

2.5. **Quarterly Distribution Report Audits.** Beginning July 1, 2021 and every three months thereafter, Consultant shall provide the City with a Quarterly Distribution

Report (QDR) with the local allocation amount reflected by sales tax permit number. Consultant's QDR audits shall detect and correct taxpayer reporting errors and thereby generate new, previously unrealized sales/use tax revenue for the City.

3. CORRECT REPORTING ERRORS

Consultant shall contact personnel in sales, operations and/or tax accounting at each target business to determine whether a point-of-sale/use reporting error exists. Consultant shall provide information requested by the taxpayers that may assist the taxpayer in completing and filing corrected tax returns.

4. PROVIDE DATA ON REPORTING ERRORS

Consultant shall provide the City and CDTFA with reports addressing each taxpayer reporting error. Consultant shall respond to negative findings by CDTFA with timely reconfirmation documentation in order to preserve the City's original Dates of Knowledge (defined as the quarters during which Consultant notifies the CDTFA of the existence of a misallocation). Consultant shall also coordinate corrective action with taxpayers and CDTFA and represent the City before state officials, boards, commissions and committees for the purpose of correcting sales tax distribution errors that have deprived the City of revenue to which it is entitled. This includes representing the City at hearings before the CDTFA related to incorrect allocations of tax.

5. TRACK AUDIT FINDING REVENUE ALLOCATION

Consultant shall provide quarterly invoices to the City which shall include the business name, audit period start date, permit number, cumulative local allocation amount received by City and the amount due to Consultant. Consultant shall also track all eligible quarters to be invoiced based on the actual tax return quarter (not payment distribution quarter, which can contain multiple quarters) and reconciled with the QDR from the CDTFA, which will be provided with Consultant's invoice.

6. PROVIDE SALES AND USE TAX TRAINING AND ASSISTANCE

6.1. Consultant shall provide City employees with training and assistance when requested by City on the fundamentals of sales and use tax and on programs to maximize these revenues through the encouragement of taxpayer options to take out direct payment permits, or self-accrue use tax to the City.

6.2. Consultant shall identify opportunities for the City to recover local allocation on purchase transactions subject to use tax. Consultant shall prepare the necessary documentation to facilitate recovery, including assistance in preparing and filing the returns. Consultant shall also assist the City in analyzing City vendors for potential use tax opportunities and shall identify purchases over $500,000 that qualify for use tax self-accrual.

7. PROVIDE SALES AND USE TAX DATA

7.1. Consultant shall provide current and historical sales tax data on sales tax remittances at the payor level and with the following data types: fiscal year and quarter of remittance (to understand trends in cash received); fiscal year and quarter

of revenue earned (to understand trends in economic activity); high level economic sector (e.g. general retail, business-to-business) and more detailed subsector identifier (e.g. apparel stores) and/or four-digit NAICS code and CDTFA category if possible to facilitate comparisons; address, organized into geocode or other neighborhood designation; and name of owner or permit holder. Consultant shall provide its proprietary Sales Tax Reporting software titled "Clearview". Data shall be available in a format allowing the City to export data into a Microsoft Access and/or Excel-compatible format allowing for integration of various databases, such as business license and property tax. Consultant shall provide City staff with training on the use of any proprietary system. Consultant shall also provide comparable aggregate quarterly sales and use tax data by economic segment for the state as a whole and for as many California counties and Bay Area cities as possible.

7.2. Data shall be updated quarterly as soon as possible following receipt from the CDTFA while maintaining an option to retrieve historical sales tax remittances data for all payers regardless of their current tax payment status. Consultant shall either provide geographical data mapping capability in its proprietary system or provide City staff with address data in a format which would allow staff to export and map data.

8. PROVIDE SALES AND USE TAX ANALYSES AND REPORTS

8.1. Beginning July 1, 2021 and every three months thereafter, Consultant shall provide quarterly analyses and reports on the City's sales and use tax trends in relationship to the State and surrounding market region as well as by individual businesses, business type and geographic areas specified by the City. Consultant shall provide sales and use tax revenue forecasting as well as forecasts or data that would assist City staff in projecting Proposition 172 public safety sales tax. These data could include, but are not limited to, projected local and statewide sales tax receipts and Santa Clara's Proposition 172 pro rata share of sales tax receipts.

8.2. Consultant shall provide the City with specialized charts and data tables, presentation data and presenters for public meetings and events, and provide the City with business specific revenue estimates, and economic development consulting. The Consultant shall provide a quarterly summary of economic news that is one quarter more current than the most current sales tax data availability for the City's use in making projections.

9. PROVIDE SALES AND USE TAX PROJECTIONS AND LEGISLATIVE SUPPORT

9.1. Consultant shall serve as the City's resource and provide assistance, resolution, and follow-up services on sales and use tax related questions including budget projections, legislative and regulation issues and economic development.

9.2. With regard to legislative and regulatory issues, Consultant shall, on behalf of the City:

9.2.1. Remain attentive in its action on any future proposed changes to regulatory language in CDTFA regulations related to the situs-based allocation of sales tax revenues and the formal practicing rules, which govern how Consultant pursues the collection of revenues.

9.2.2. Take action, subject to City review and approval, on measures that threaten and delay revenue cash flows to the City. This could include attending legislative hearings and explaining to the City the potential effect of proposed legislation on the City.

9.2.3. Advocate and provide problem-solving and resolution assistance to City on issues as needed and as requested by City. Consultant will work with City staff to develop language for review and approval by the City that would preserve, protect and enhance City revenues.

9.3. With regard to budget projections, Consultant shall provide the City with a forecast of the current year and the ten (10) upcoming fiscal years, including quarterly estimates. The forecast shall include the prior three fiscal years of actual sales tax receipts by quarter for reference. The forecast shall also include annual Prop. 172 Sales Tax estimates. The major forecast assumptions (e.g., assumed inflation, economic conditions, one-time adjustments) are to be identified.

10. ADDITIONAL CONSULTING SERVICES

In conjunction with Consultant's audit services, Consultant shall provide additional consulting services at any time during the term of the Agreement. Additional services shall be on time and materials basis or negotiated on a lump sum basis.

EXHIBIT B
SCHEDULE OF FEES

1. MAXIMUM COMPENSATION

The total maximum compensation the City will pay the Consultant under this Agreement shall not exceed **One Million Five Hundred Thousand Dollars ($1,500,000)** during the term of the Agreement. Any additional fees, costs and expenses requested by the City that would exceed the preceding maximum amount will be addressed in an Amendment to the Agreement.

All services or work under this Agreement shall be paid in accordance with the provisions of Sections 2 - 4.

2. CONTINGENCY FEE

Compensation for the Sales, Use and Transactions Tax auditing service is contingent on the amount of revenue recovered by Consultant, according to the following schedule:

Tier	Recovered Revenue[1]	Contingency Fee
1	$1 - $1,000,000	13% Contingency Fee for Recovered Revenue
2	$1,000,001 - $2,500,000	12% Contingency Fee for Recovered Revenue
3	over $2,500,000	10% Contingency Fee for Recovered Revenue

[1]Recovered Revenue shall be the cumulative amount during the full term of the Agreement (July 1, 2021 through June 30, 2026).

This contingency fee applies to revenue received for the three (3) quarters prior to the Date of Knowledge quarter, the Date of Knowledge quarter, and the five (5) quarters after the Date of Correction for a total of nine (9) quarters per misallocation petition filed under this contract on behalf of the City.

The Date of Knowledge is the quarter during which Consultant notifies the CDTFA of the existence of a misallocation. The Date of Correction refers to the quarter in which the taxpayer has correctly reported the local tax and the CDTFA distributes the local tax properly to City based on the taxpayer's reporting, together with any prior period reallocations. For QDR Misallocations detected and corrected, Consultant compensation will only include the quarters in which the misallocation actually occurred.

For clarification and to encourage communication and collaboration between Consultant and the City, Consultant shall be entitled to full payment of all compensation as provided herein even if any one or more of City, its personnel, agents, or representatives, or any third party or parties provide(s) information to Consultant that assists or is used by Consultant in the identification, detection, and correction of point-of-sale distribution errors or the reporting and/or misallocation of revenue.

Should the City identify, document, and notify the CDTFA in writing of a point-of-sale distribution error, reporting error or misallocation as those terms are used herein, the City agrees to notify Consultant of the City's discovery no later than ten (10) days after the Date of Knowledge as defined in Title 18 of the California Code of Regulations, Regulation 1807 ("Date of Knowledge If the City fails to so notify Consultant as provided above and Consultant later detects,

documents, and reports the misallocation or reporting error to the CDTFA, or if Consultant has established a Date of Knowledge with the CDTFA prior to notification to the Board by the City, then Consultant is entitled to full compensation for the affected account as provided herein.

Consultant shall not be reimbursed for any expenses incurred in the performance of this Agreement, unless previously approved in writing by the City.

3. CLEARVIEW REPORTING TOOL

Clearview is available for annual fixed fee of $2,000 paid $500 quarterly. The annual fee will be adjusted at the beginning of each calendar year by the percentage change in the Consumer Price Index that pertains to the City's particular geographic area as reported by the Bureau of Labor Statistics. The initial Consumer Price Index used for the first CPI adjustment will be the CPI for the month in which the agreement is fully signed with the first adjustment to occur at the beginning of the calendar year following the first full calendar year of service.

A new edition of the Clearview software will be available along with the option to purchase additional services (such as GIS based tools). New Clearview services which involve an additional fee (such as GIS) will be available at a mutually agreed upon additional price.

4. ADDITIONAL SERVICES

The following hourly rates will only be utilized to the extent the City requests Consultant to perform services outside the defined scope of services. These hourly rates are subject to change at the beginning of each calendar year by the percentage change in the Consumer Price Index that pertains to the City's particular geographic area as reported by the Bureau of Labor Statistics. The initial Consumer Price Index (CPI) used for the first CPI adjustment will be the CPI for the month in which the agreement is fully signed with the first adjustment to occur at the beginning of the calendar year following the first full calendar year of service. Any additional services shall require prior written approval by the City.

Position	Hourly Rate
Principal	$200
Project Manager	$175
Client Services Executive	$150
Senior Analyst	$125
Information Technology	$175
Analyst	$100
Administrative	$75

5. INVOICING

Consultant will bill City on a monthly basis for Services provided by Consultant during the preceding month on an invoice and in a format approved by City and subject to verification and approval by City. City will pay Consultant within thirty (30) days of City's receipt of an approved invoice.

EXHIBIT C
INSURANCE REQUIREMENTS

Without limiting the Consultant's indemnification of the City, and prior to commencing any of the Services required under this Agreement, the Consultant shall provide and maintain in full force and effect during the period of performance of the Agreement and for twenty-four (24) months following acceptance by the City, at its sole cost and expense, the following insurance policies from insurance companies authorized to do business in the State of California. These policies shall be primary insurance as to the City of Santa Clara so that any other coverage held by the City shall not contribute to any loss under Consultant's insurance. The minimum coverages, provisions and endorsements are as follows:

A. COMMERCIAL GENERAL LIABILITY INSURANCE

1. Commercial General Liability Insurance policy which provides coverage at least as broad as Insurance Services Office form CG 00 01. Policy limits are subject to review, but shall in no event be less than, the following:

   $1,000,000 Each Occurrence
   $2,000,000 General Aggregate
   $2,000,000 Products/Completed Operations Aggregate
   $1,000,000 Personal Injury

2. Exact structure and layering of the coverage shall be left to the discretion of Consultant; however, any excess or umbrella policies used to meet the required limits shall be at least as broad as the underlying coverage and shall otherwise follow form.

3. The following provisions shall apply to the Commercial Liability policy as well as any umbrella policy maintained by the Consultant to comply with the insurance requirements of this Agreement:

   a. Coverage shall be on a "pay on behalf" basis with defense costs payable in addition to policy limits;

   b. There shall be no cross liability exclusion which precludes coverage for claims or suits by one insured against another; and

   c. Coverage shall apply separately to each insured against whom a claim is made or a suit is brought, except with respect to the limits of liability.

B. BUSINESS AUTOMOBILE LIABILITY INSURANCE

Business automobile liability insurance policy which provides coverage at least as broad as ISO form CA 00 01 with policy limits a minimum limit of not less than one million dollars ($1,000,000) each accident using, or providing coverage at

least as broad as, Insurance Services Office form CA 00 01. Liability coverage shall apply to all owned (if any), non-owned and hired autos.

In the event that the Work being performed under this Agreement involves transporting of hazardous or regulated substances, hazardous or regulated wastes and/or hazardous or regulated materials, Consultant and/or its subcontractors involved in such activities shall provide coverage with a limit of one million dollars ($1,000,000) per accident covering transportation of such materials by the addition to the Business Auto Coverage Policy of Environmental Impairment Endorsement MCS90 or Insurance Services Office endorsement form CA 99 48, which amends the pollution exclusion in the standard Business Automobile Policy to cover pollutants that are in or upon, being transported or towed by, being loaded onto, or being unloaded from a covered auto.

C. WORKERS' COMPENSATION

1. Workers' Compensation Insurance Policy as required by statute and employer's liability with limits of at least one million dollars ($1,000,000) policy limit Bodily Injury by disease, one million dollars ($1,000,000) each accident/Bodily Injury and one million dollars ($1,000,000) each employee Bodily Injury by disease.

2. The indemnification and hold harmless obligations of Consultant included in this Agreement shall not be limited in any way by any limitation on the amount or type of damage, compensation or benefit payable by or for Consultant or any subcontractor under any Workers' Compensation Act(s), Disability Benefits Act(s) or other employee benefits act(s).

3. This policy must include a Waiver of Subrogation in favor of the City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents.

D. PROFESSIONAL LIABILITY

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against negligent acts, errors or omissions of the Consultant. Covered services as designated in the policy must specifically include work performed under this agreement. Coverage shall be in an amount of not less than one million dollars ($1,000,000) per claim or two million dollars ($2,000,000) aggregate. Any coverage containing a deductible or self-retention must first be approved in writing by the City Attorney's Office.

E. COMPLIANCE WITH REQUIREMENTS

All of the following clauses and/or endorsements, or similar provisions, must be part of each commercial general liability policy, and each umbrella or excess policy.

1. Additional Insureds. City of Santa Clara, its City Council, commissions, officers, employees, volunteers and agents are hereby added as additional insureds in respect to liability arising out of Consultant's work for City, using Insurance Services Office (ISO) Endorsement CG 20 10 11 85, or the combination of CG 20 10 03 97 and CG 20 37 10 01, or its equivalent.

2. Primary and non-contributing. Each insurance policy provided by Consultant shall contain language or be endorsed to contain wording making it primary insurance as respects to, and not requiring contribution from, any other insurance which the indemnities may possess, including any self-insurance or self-insured retention they may have. Any other insurance indemnities may possess shall be considered excess insurance only and shall not be called upon to contribute with Consultant's insurance.

3. Cancellation.

   a. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided due to non-payment of premiums shall be effective until written notice has been given to City at least ten (10) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least ten (10) days prior to the effective date of non-renewal.

   b. Each insurance policy shall contain language or be endorsed to reflect that no cancellation or modification of the coverage provided for any cause save and except non-payment of premiums shall be effective until written notice has been given to City at least thirty (30) days prior to the effective date of such modification or cancellation. In the event of non-renewal, written notice shall be given at least thirty (30) days prior to the effective date of non-renewal.

4. Other Endorsements. Other endorsements may be required for policies other than the commercial general liability policy if specified in the description of required insurance set forth in Sections A through E of this Exhibit C, above.

F. ADDITIONAL INSURANCE RELATED PROVISIONS

Consultant and City agree as follows:

1. Consultant agrees to ensure that subcontractors, and any other party involved with the Services, who is brought onto or involved in the performance of the Services by Consultant, provide the same minimum

insurance coverage required of Consultant, except as with respect to limits. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this Agreement. Consultant agrees that upon request by City, all agreements with, and insurance compliance documents provided by, such subcontractors and others engaged in the project will be submitted to City for review.

2. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

3. The City reserves the right to withhold payments from the Consultant in the event of material noncompliance with the insurance requirements set forth in this Agreement.

G. EVIDENCE OF COVERAGE

Prior to commencement of any Services under this Agreement, Consultant, and each and every subcontractor (of every tier) shall, at its sole cost and expense, provide and maintain not less than the minimum insurance coverage with the endorsements and deductibles indicated in this Agreement. Such insurance coverage shall be maintained with insurers, and under forms of policies, satisfactory to City and as described in this Agreement. Consultant shall file with the City all certificates and endorsements for the required insurance policies for City's approval as to adequacy of the insurance protection.

H. EVIDENCE OF COMPLIANCE

Consultant or its insurance broker shall provide the required proof of insurance compliance, consisting of Insurance Services Office (ISO) endorsement forms or their equivalent and the ACORD form 25-S certificate of insurance (or its equivalent), evidencing all required coverage shall be delivered to City, or its representative as set forth below, at or prior to execution of this Agreement. Upon City's request, Consultant shall submit to City copies of the actual insurance policies or renewals or replacements. Unless otherwise required by the terms of this Agreement, all certificates, endorsements, coverage verifications and other items required to be delivered to City pursuant to this Agreement shall be e-mailed to ctsantaclara@ebix.com:

Or by mail to:
EBIX Inc.
City of Santa Clara – Finance Department

P.O. Box 100085 – S2
Duluth, GA 30096
Telephone number: 951-766-2280
Fax number: 770-325-0409

I. QUALIFYING INSURERS

All of the insurance companies providing insurance for Consultant shall have, and provide written proof of, an A. M. Best rating of at least A minus 6 (A- VI) or shall be an insurance company of equal financial stability that is approved by the City or its insurance compliance representative.

26-857 Agenda Date: 8/18/2026

REPORT TO COUNCIL

SUBJECT
Adopt a Resolution Approving and Adopting the Updated Unclassified Salary Plan

BACKGROUND
Sections 4 and 6 of the City's Personnel and Salary Resolution require City Council approval of new or revised classifications. The City is proposing to retitle and revise the class specification, and modify the salary range for Parks Construction, Maintenance, and Repair Manager (Job code 130). The classification will be retitled to Parks Operations and Maintenance Manager (Job Code 130). As part of this action the Parks Maintenance and Operations Supervisor (Job Code 131) classification will be deleted since it is obsolete. These modifications were reviewed by Unit 9 prior to bringing this request forward to Council.

In accordance with the terms of the Memorandum of Understanding (MOU) agreement with the Unclassified Miscellaneous Management (Unit 9), the City is bringing forward a request to adjust the salary range of Principal Planner (Job Code 143) based on the MOU compaction provision. Under this provision, supervisory-subordinate classifications must maintain a 5.0% salary differential. The proposed action will reflect the changes on the Unclassified Salary Plan effective August 16, 2026.

City Council approved various actions on the Unclassified Salary Plan at the July 14, 2026 Council meeting. Due to an administrative error, the salary range for the Battalion Chief - 24 Hours (Job Code 036S) and the Assistant Director (Job Code 133) were not merged into the Unclassified Salary Plan. The proposed action will incorporate the revisions on the Unclassified Salary Plan effective July 5, 2026.

Section 9 of the Personnel and Salary Resolution requires City Council approval of compensation plans for classified and unclassified positions. In addition, the City of Santa Clara contracts with the California Public Employees' Retirement System (CalPERS) to provide retirement benefits for employees in both classified and unclassified positions. When the City makes modifications to the salary schedules for its classified, unclassified or as-needed positions, the City Council must approve and adopt the publicly available salary schedules to comply with the CalPERS requirements stated in California Code of Regulations (CCR) section 570.5. If the City Council does not approve these resolutions, the City will be non-compliant with CalPERS record keeping and reporting requirements. The City of Santa Clara is a contracting agency with CalPERS and is required to comply with its requirements. The proposed Council action satisfies these applicable requirements.

DISCUSSION
Approve the Modifications to Unclassified Class Specifications
The class specification for Parks Construction, Maintenance, and Repair Manager (Job Code 130) is

proposed to be updated to better reflect the current duties of the job. The title is proposed to be retitled to Parks Operations and Maintenance Manager (Job Code 130) to assist in recruitment efforts. There are 3 budgeted positions and all positions are vacant. As a cost savings measure, the salary is proposed to be adjusted from $155,118.48 - $200,718.60 to $142,750.80 - $184,752.36. The proposed salary range is in alignment with comparator agency salaries for comparable work.

As part of this action the Parks Maintenance and Operations Supervisor (Job Code 131) classification will be deleted since it is obsolete and the duties are incorporated into the Parks Operations and Maintenance Manager (Job Code 130) class specification.

> Parks Operations and Maintenance Manager (Job Code 130)- with an annual salary range of $142,750.80 - $184,752.36: Under the general direction, the Parks Operations and Maintenance Manager assists the Division Manager in planning, organizing, and supervising activities of one or more Park Maintenance sections of the Parks Division, and performs related duties as assigned. Incumbents are responsible for the administration and supervision of construction, maintenance and repair activities of one or more of the following sections, including but not limited to: Park Landscaping and Buildings, Athletic Fields, Sports Courts, Aquatic Facilities, Dog Parks, and Playgrounds. Incumbents assist in identifying needs and developing maintenance projects and assigning work to crews within the unit or section to which the manager is assigned. Incumbents are expected to perform office administrative duties, and to monitor the progress of work in the field. Incumbents may be required to participate as a working supervisor during emergencies. Performs related duties as assigned.

Approve Revised Salary Ranges to Various Unclassified Positions

The Unclassified Miscellaneous Management (Unit 9) MOU has a compaction provision for supervisory-subordinate classifications that must maintain an approximate 5.0% salary differential. The top of the range for the Principal Planner (Job Code 143) classification is being adjusted by approximately 10.8% to maintain at least an approximate 5.0% salary differential with their subordinate classifications. The annual salary range is proposed to be adjusted from $167,537.88 - $216,795.72 to $167,537.88 - $240,267.96. Individual employee salaries will only be adjusted if they are directly impacted by having a 5.0% salary differential from direct reports. Currently, there is 1 vacant position and 1 filled Principal Planner position. No incumbent salaries will be adjusted at this time.

At the July 14, 2026 City Council meeting, Council approved the following actions:

1) Tentative Agreement between the City of Santa Clara and Unclassified Fire management (Unit 9B); and
2) Merge of various Assistant Director classifications.

There was an administrative error on the Unclassified Salary plan which inadvertently did not update the salary range for Battalion Chief - 24 Hours (Job Code 036S) or the Assistant Director (Job Code 133) merge on the Unclassified Salary Plan. These items are being brought forward to memorialize the revisions on the Unclassified Salary Plan effective July 5, 2026.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a

governmental organizational or administrative activity that will not result in direct or indirect changes in the environment.

FISCAL IMPACT

There is a cost savings to lower the salary range for Parks Operations and Maintenance Repair Manager (Job Code 130). At the top of the salary range, the annual salary and benefit cost savings are approximately $22,000 per position. To modify the maximum annual rate of the Principal Planner (Job Code 143) is an annual salary and benefits increase of approximately $33,000. There are no additional cost implications for the administrative updates to the Unclassified Salary Plan.

COORDINATION

This report has been coordinated with the Finance Department and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov, or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Adopt a Resolution Approving and Adopting the Updated Unclassified Salary Plan for Various Positions Effective July 5, 2026 and August 16, 2026 to Satisfy the Requirements of the City's Personnel and Salary Resolution and California Code of Regulations Section 570.5.

CITY OF SANTA CLARA, CALIFORNIA
CLASS SPECIFICATION

TITLE: PARKS OPERATIONS AND MAINTENANCE MANAGER (JOB CODE 130)

DEPARTMENT	ACCOUNTABLE TO	FLSA STATUS
Parks and Recreation Department	Division Manager	Exempt

CLASS SUMMARY

This is a management position in the City's Unclassified Service responsible for managing activities within the Parks Division of the City's Parks and Recreation Department. Under the general direction the Parks Operations and Maintenance Manager assists the Division Manager in planning, organizing, and supervising activities of one or more Park Maintenance sections of the Parks Division, and performs related duties as assigned. Incumbents are responsible for the administration and supervision of construction, maintenance and repair activities of one or more of the following sections, including but not limited to: Park Landscaping and Buildings, Athletic Fields, Sports Courts, Aquatic Facilities, Dog Parks, and Playgrounds. Incumbents assist in identifying needs and developing maintenance projects and assigning work to crews within the unit or section to which the manager is assigned. Incumbents are expected to perform office administrative duties, and to monitor the progress of work in the field. Incumbents may be required to participate as a working supervisor during emergencies. Performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS

The Parks Operations and Maintenance Manager is the entry level manager in the Parks Division. Incumbents exercise considerable professional judgment and discretion and formulate policies and procedures for the effective use of assigned departmental staff and equipment. The Parks Operations and Maintenance Manager is distinguished from the higher-level Division Manager classification in that the Division Manager oversees a Citywide function, primary operation, or multiple programs and services within a division of a City department. This classification is distinguished from the lower-level supervisory classifications in that this classification is responsible for management of a unit or section in the Parks Division.

As a member of the City's Unclassified service, this is an "at-will" position, and the incumbent serves at the discretion of the City Manager. An incumbent in this classification: demonstrates strong ethical, professional and service-oriented leadership and interpersonal skills; sets a good example, and correctly applies the tenets of the City's Code of Ethics and Values.

MINIMUM QUALIFICATIONS

EDUCATION AND EXPERIENCE

- Graduation from an accredited college or university with an Associate's degree in Forestry, Horticulture, Landscape Design or Architecture, Civil Engineering, Public or Business Administration, or a related field; and
- Four (4) years of increasingly responsible experience in construction, repair, and maintenance of landscaping, swimming pools, athletic and park facilities, two (2) years of which in a supervisory capacity.

ACCEPTABLE SUBSTITUTION

- Graduation from high school or equivalent AND additional years of increasingly responsible experience in construction, repair, and maintenance of landscaping, swimming pools, athletic parks and facilities in a supervisory capacity may be substituted for the education requirement on a year for year basis.

LICENSES/CERTIFICATIONS

- Possession of a valid Class C California Driver's license is required at the time of hire and for the duration of hire.
- Certified Arborist Certification issued by the International Society of Arboriculture or Qualified Applicator Certificate in categories B (Landscape Maintenance), C (Right of Way) and F (Aquatic) issued by the Department of Pesticide Regulation is required within one year of appointment.
- Additional license(s) and/or certification(s) that may be required by future regulation during the duration of employment.

DESIRABLE QUALIFICATIONS

- Graduation from an accredited college or university with a Bachelor's Degree in Park Management, Business or Public Administration, Forestry, Horticulture, Civil Engineering, Landscape Design or Architecture, or a related field is desirable;
- Certificate of completion of the Certified Playground Safety Inspector course administered by either the National Recreation and Park Association or California Parks and Recreation Society is desirable;
- Possession of an Agricultural Pest Control Adviser License is desirable;
- Certificate of Completion from the National Recreation & Parks Association, Park & Recreation Maintenance Management School, or California Parks & Recreation Pacific Southwest Maintenance Management School is desirable;
- AutoCAD, computer software maintenance and troubleshooting is desirable;
- Public Sector Experience is desirable.

SPECIAL CONDITIONS

May be required to work unusual hours in shift assignments, in emergency situations, and to be on an "on-call" basis as assigned.

OTHER REQUIREMENTS

Must be able to perform all of the essential functions of the job assignment.

TYPICAL DUTIES

Duties may include, but are not limited, to the following:

Under general direction:

- Plan, coordinate and manage the maintenance, operations, construction and repair of City Parks facilities;
- Authorize procurement of necessary supplies, materials and equipment consistent with established authority;

- Operate a mobile device/computer to review, read and respond to incoming notifications, and evaluate data for an automated work order management system;
- Develop schedules and methods to accomplish assignments to complete work in a timely and efficient manner
- Assign, schedule, monitor and inspect the work and services provided by the Park Division such as inspecting the proper functioning of work crews and infrastructure through site visits;
- Inspect parks, landscape areas, playgrounds, pools, equipment, and facilities to determine maintenance needs and safety hazards;
- Act as a division coordinator in scheduling maintenance support for community events in park facilities;
- Review and analyze plans, specifications and blueprints of proposed park facilities to ensure appropriateness of plant material and irrigation equipment to be used;
- Negotiate and administer contracts with consultants, contractors, and suppliers; coordinate, oversee, and inspect the work to ensure it complies with the agreement;
- Research and apply best practices and operational techniques, materials, and equipment to improve efficiency and effectiveness in the Parks and Recreation Department;
- Assist in the preparation the division budget, assist in budget implementation, and recommend changes to the departmental budget;
- Prepare RFP & RFQ and bid specifications;
- Participate in the selection, training, professional development and work evaluation of assigned staff and make recommendations on hiring, termination, promotion and discipline;
- Coordinate activities of the Parks Division with those of other City departments and outside agencies;
- Investigate and resolve citizen complaints related to operations of the division;
- Collaborate with the Information Technology Department regarding GIS and the work order management system;
- Provide excellent customer service to the public and other City employees;
- May act as the Division Manager in their absence; and
- Perform other related duties as assigned.

KNOWLEDGE, SKILLS, & ABILITIES

Knowledge of:

- Principles and practices in park and recreation facility maintenance and repair, swimming pool operations, and planting and care of trees, shrubs, flowers and lawns;
- The use of the tools, equipment, supplies, and methods used in the maintenance of parks, landscaped areas, and related facilities;
- Principles of supervision and work management related to landscape, building, and aquatic facility maintenance activities;
- Safe work practices and hazards associated with parks, playgrounds, equipment, aquatic facilities and chemicals used in pest control, pool management, and ground maintenance including proper handling techniques; and
- Public agency budget development and administration.

Skill in:

- Identification and analysis of parks maintenance (landscape/hardscape, aquatic, facility, athletic courts/fields, park buildings) problems and development of appropriate responses;
- Application of supervisory principals to maintenance activities; and
- Supervising and evaluating individuals involved in park operations.

Ability to:

- Plan, organize, direct, and coordinate park construction, maintenance, and a variety of concurrent projects
- Effectively train, supervise, evaluate and motivate assigned staff;
- Build and maintain effective working relationships with other departments and divisions, citizens, outside agencies, and the general public;
- Establish clear goals and objectives in order to deliver excellent customer service through ethical leadership standards and safe employee work practices that are consistent with the City's Code of Ethics and Values;
- Analyze and prepare sound recommendations;
- Read plans, blueprints, sketches, and technical manuals;
- Maintain accurate records and prepare clear and concise reports;
- Communicate and write effectively;
- Use a computer and related programs to manage projects, maintenance schedules, irrigation systems, etc.;
- Walk or stand for extended periods of time and bend, stoop, crawl, climb, lift and move 25 pounds, or any other physical requirement as necessitated by the position to perform assigned duties.

SUPERVISION RECEIVED

General direction provided by the Division Manager or other supervisor as assigned.

SUPERVISION EXERCISED

Park Foreperson, Parks Maintenance Crafts Worker, Grounds Maintenance Workers and other assigned staff.

CONFLICT OF INTEREST

Incumbents in this position are required to file a Conflict of Interest statement upon assuming office, annually, and upon leaving office, in accordance with City Manager’s Directive 100.

CLASSIFICATION HISTORY

Established 04/2012, Revised 07/2026.

RESOLUTION NO. 26- _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA TO ADOPT THE AMENDED UNCLASSIFIED, SALARY PLAN FOR VARIOUS POSITIONS WITH AN APPROVAL DATE OF JULY 14, 2026 AND AN EFFECTIVE DATE OF JULY 5, 2026

WHEREAS, Section 9 of the Personnel and Salary Resolution requires City Council approval of compensation plans for classified and unclassified positions;

WHEREAS, the City of Santa Clara contracts with CalPERS to provide retirement benefits;

WHEREAS, to comply with the California Code Regulations section 570.5, the City of Santa Clara shall among other things, have publicly available pay schedules approved and adopted by the City Council which shall indicate an effective date and date of any revisions; and,

WHEREAS, California Code Regulations section 570.5 requires and CalPERS mandates the City adopt the Amended Classified, Unclassified and As-needed Salary Plans for City of Santa Clara classifications when there are salary modifications to existing classifications, and when new classifications are created and salary ranges need to be established or when existing classifications are deleted; and

WHEREAS, the City Council adopted and approved Unclassified Salary Plan, with an approval date of July 14, 2026, and an effective date of July 5, 2026, and such salary plan inadvertently omitted salary modifications to Battalion Chief 24 hours classification (Job Code 136S) and Assistant Director classification (Job Code 133) which are accurately reflected in the attached Amended Unclassified Salary Plan.

NOW THEREFORE, BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That the City hereby adopts the attached Unclassified Salary Plan for various City of Santa Clara positions reflecting the wage increases for unclassified positions previously approved by the City Council at the July 14, 2026 Council meeting.
2. Effective date. In accordance with the California Code Regulations section 570.5 and to comply with CalPERS, the attached salary schedule for various unclassified positions

shall be effective July 5, 2026.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE ____ DAY OF ____, 2026, BY THE FOLLOWING VOTE:

RESOLUTION NO. 26- _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA TO ADOPT THE AMENDED UNCLASSIFIED, SALARY PLAN FOR VARIOUS POSITIONS WITH AN APPROVAL DATE OF AUGUST 18, 2026 AND AN EFFECTIVE DATE OF AUGUST 16, 2026

WHEREAS, Section 9 of the Personnel and Salary Resolution requires City Council approval of compensation plans for classified and unclassified positions**;**

WHEREAS, the City of Santa Clara contracts with CalPERS to provide retirement benefits;

WHEREAS, to comply with the California Code Regulations section 570.5, the City of Santa Clara shall among other things, have publicly available pay schedules approved and adopted by the City Council which shall indicate an effective date and date of any revisions; and,

WHEREAS, California Code Regulations section 570.5 requires and CalPERS mandates the City adopt the Amended Unclassified Salary Plans for City of Santa Clara classifications when there are salary modifications to existing classifications, and when new classifications are created and salary ranges need to be established or when existing classifications are deleted; and

WHEREAS, the City has deleted Parks Maintenance and Operations Supervisor classification (Job Code 131), and revised and retitled Parks Construction, Maintenance and Repair Manager classification (Job Code 130) to Parks Operations and Maintenance Manager classification (Job Code 130).

NOW THEREFORE, BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That the City hereby adopts the attached Unclassified Salary Plan for various City of Santa Clara positions reflecting the classification revisions and wage adjustments for various unclassified positions approved on August 18, 2026, with an effective date of August 16, 2026.
2. Effective date. In accordance with the California Code Regulations section 570.5 and to comply with CalPERS, the attached salary schedules for various unclassified positions

shall be effective August 16, 2026.

I HEREBY CERTIFY THE FOREGOING TO BE A TRUE COPY OF A RESOLUTION PASSED AND ADOPTED BY THE CITY OF SANTA CLARA, CALIFORNIA, AT A REGULAR MEETING THEREOF HELD ON THE ____ DAY OF ____, 2026, BY THE FOLLOWING VOTE:

AYES: COUNCILORS:

REPORT TO COUNCIL

SUBJECT
Note and File the City Auditor's Office Report on the Audit of Silicon Valley Power's Power Purchase Agreement Process

BACKGROUND
Per Section 909 of the City Charter, and SCCC Section 2.29.010, the City Auditor's duties and responsibilities include conducting in-depth financial and performance audits, overseeing the City's performance management system, auditing and approving all bills, invoices, payrolls, demands or charges against the City government before payment and, with the advice of the City Attorney, making reports to the City Council as to the regularity, legality and correctness of such claims, demands or charges. The City Auditor's Office conducts its work under the auditing standards prescribed by the Institute of Internal Auditors (IIA). The IIA International Standards for the Professional Practice of Internal Auditing (Standards) require the City Auditor to present the results of any audits to the Audit Committee.

DISCUSSION
In 2022, the City Auditor's Office engaged Baker Tilly US, LLP (Baker Tilly) to conduct an annual citywide risk assessment and prepare an annual audit work plan for the next five years. The risk assessment process involves identifying and measuring risks associated with the audit universe (a list of specific departments, functions, processes, programs, etc. that can be subject to an audit, i.e. auditable units). Risk is defined as "the possibility of an event or condition occurring that will have an impact on the ability of an organization to achieve its objectives." The risk rating attributed to a particular department or function reflects the theoretical potential for loss, rather than any actual loss history.

As part of the ongoing risk assessment process, the Auditor's Office and Baker Tilly rated the power purchase agreement process as high risk based on inherent risks and specific information gathered, including:

- Budget and high dollar financial commitment.
- Detailed federal and state regulatory environment with firm reporting deadlines.
- Evaluation and selection of agreements.
- Non-compliance with agreement requirements.
- Review process for potentially inaccurate supplier invoices.
- Staffing levels and higher than average employee turnover

Accordingly, the Auditor's Office partnered with Baker Tilly to perform an internal audit of the power purchase agreement process. The objectives of this audit were to:

1) Evaluate the process of assessing and entering into power purchase agreements.
2) Evaluate the effectiveness of internal controls over management of power purchase agreements.

Attached is the City Auditor's Office report containing the analysis, results and recommendations from the audit.

On April 1, 2026, City staff and Baker Tilly, LLC presented the results of the audit to the Audit Committee for input and approval. The results of the audit were presented by the Auditor's Office, along with Baker Tilly, and Silicon Valley Power made a presentation of how they are implementing corrective actions to address the issues raised in the report. The Audit Committee engaged in a discussion with staff who were in support of the improvements suggested. After discussion, the Audit Committee accepted the City Auditor's Office Report on the Audit of the Power Purchase Agreement Process and recommended that this report be forwarded for note and file to the full Council at a future Joint Council and Authorities Concurrent and Stadium Authority Meeting.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environment Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(a)(4) in that it is a fiscal activity that does not involve any commitment to any specific project which may result in a potential significant impact on the environment.

FISCAL IMPACT

Costs associated with the preparation of this report are included in the City's FY 2024/25 and 2025/26 Adopted Operating Budget.

COORDINATION

This report has been coordinated with the City Manager's Office and City Attorney's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Note and file the City Auditor's Office Report on the Audit of Silicon Valley Power's Power Purchase Agreement Process.

EXECUTIVE SUMMARY 1
INTRODUCTION 2
DETAILED ANALYSIS 7
AUDIT RESULTS 10

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, operate under an alternative practice structure and are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Executive Summary

Purpose of the Audit

Baker Tilly US, LLP (Baker Tilly) provides internal audit services to the City of Santa Clara (the City) and has conducted a Power Purchase Agreement (PPA) Audit based on the signed Statement of Work SOW No. 2023-03 prepared in accordance with the 2023-2024 audit plan approved by the Audit Committee of the City. The objectives of this audit were to:

1) Evaluate the process of assessing and entering into power purchase agreements.
2) Evaluate the effectiveness of internal controls over management of power purchase agreements.

Report Highlights

Finding 1: Evaluation and Selection (page 10)

The SVP was not able to provide adequate support for four of the sampled PPAs to demonstrate that a supplier and product were evaluated against specific criteria important to the SVP before entering into the PPA because the documents were no longer available as the PPAs were entered into several years ago.

Management should develop a formal evaluation and selection process for all potential PPAs. All evaluation documents should be maintained for transparency, in accordance with the City's record retention policy.

Finding 2: Contract Administration and Management (page 11)

Based on the interviews with the SVP team, it was found that there was no standard process for administering and managing PPAs. Out of six PPAs reviewed, five PPAs entered into were drafted by developers or JPAs. According to the SVP management, the SVP team is currently in the process of standardizing the PPA process and contract template.

Management should continue to standardize the PPA process and contract template and complete the implementation. Once a comprehensive PPA template is completed, the instructions for creating a draft PPA from a template and finalizing it with appropriate review and approvals should be documented. If using a supplier provided agreement, a detailed review should be performed using a checklist of all City requirements to ensure all requirements are included. Additionally, the SVP should implement a formal supplier performance monitoring procedure in which suppliers are periodically assessed for compliance and overall performance.

Finding 3: Invoice Verification and Payment (page 13)

Our discussions with the SVP team revealed the following:

- For one of our sampled invoices, the supporting documents for the payment approval did not demonstrate how the discrepancy between the SVP's tracking sheets and the independent system operator's reports were resolved properly.
- For NCPA invoices, there is no written communication from the Division Manager of Settlement to the Division Manager of the SVP Resources Group indicating that the settlement portion has been validated prior to payment.

SVP should implement a standardized process for reconciling and approving invoices for payment.

Finding 4: Reporting (page 14)

Although the RPS report is reviewed by another individual prior to submission, the review is not formally documented.

The Assistant Director (or another qualified individual) should review and approve all required reports prior to submission to the California Energy Commission to prevent inaccurate reporting and to ensure all state requirements are met. The review should be evidenced in writing (signature).

Introduction

Objective

The objectives of this review were to:

1) Evaluate the process of assessing and entering into power purchase agreements.
2) Evaluate the effectiveness of internal controls over management of power purchase agreements.

Background

Silicon Valley Power (SVP)

The SVP is the City's electric utility department and provides electricity to City residents and businesses. The City's website states, "SVP provides power to 59,518 customers at rates 43 to 63 percent below neighboring communities. SVP is the only full-service, vertically integrated publicly owned utility in Silicon Valley owning generation, transmission, and distribution assets." The SVP is recognized as a Smart Energy Provider from the American Public Power Association, as well as by the Environmental Protection Agency (EPA) for its Green Power program, which is included on the nation-wide Green Power Communities List.

California Policy

In 1996, the Electric Utility Industry Restructuring Act (Assembly Bill 1890) created the California Independent System Operator (CAISO) that has the responsibility to maintain overall electricity system reliability. The CAISO controls and operates the state's transmission system to schedule delivery of electric power supplies, ensuring all standards for transmission service are met, and allows market participants to buy, sell, and transmit electricity. The CAISO makes various market and operations data/reports available. SVP is a metered subsystem in the CAISO and must participate in the CAISO energy market.

The State of California has set requirements to reduce greenhouse gas emissions 40% below 1990 levels by 2030, with utilities increasing their procurement of renewable energy resources to 50% by 2030. Senate Bill (SB) 100, passed in 2021, requires eligible renewable energy resources and zero-carbon resources to supply 60% of retail electricity sales by 2030 and 100% by 2045. SB 100 also required the Energy Commission (CEC), Public Utilities Commission (CPUC) and Air Resources Board (CARB) to use programs under existing laws to achieve 100 percent clean electricity and issue a joint policy report on SB 100 by 2021 and every four years thereafter. The SVP is required to disclose the mix of energy sources used to provide electricity service during the previous calendar year[1]. The SVP also reports its compliance with Renewables Portfolio Standard (RPS)[2] requirements.

SVP Power Purchase Agreements (PPAs)

Renewable energy can be purchased directly from a renewable electricity generator under a long-term PPA that is a contract used to execute and document the terms of the purchase between a customer, such as a city or utility, and a seller, such as an existing developer of an energy project. The ways SVP enters into PPA's include the following:

1. Formal RFP by buyer
2. Formal RFP by seller
3. Direct proposal between counterparties
4. Participation in a regulated program (i.e. WAPA/PURPA)

An RFP is recommended for PPAs[3] to clearly define objectives and requirements and to receive competitive bids.

---

[1] The Power Content Label (PCL) is an annual report required under the CEC's Power Source Disclosure program.

[2] The CEC administers the RPS program that is a significant initiative aimed at advancing renewable energy adoption.

[3] U.S. Department of Energy, "Guide to Purchasing Green Power", page 6-10, https://www.epa.gov/sites/default/files/2018-08/documents/guide-purchasing-green-power-6.pdf

Under long-term power purchase agreements, SVP purchases wholesale electric power through its participation in joint power agencies[4] (NCPA[5] and MSR PPA[6]), from various members of the Western System Power Pool (WSPP)[7], from the Western Area Power Administration (WAPA)[8], and other sources to provide the City's electric utility customers with reliable electricity.

At the time this audit was commenced, the SVP had the following twenty-six (26) active PPAs to purchase power generated from a renewable or carbon neutral source.

PPA Supplier or Project	Fuel	Capacity (MWs)	Procurement Method
Ameresco Vasco	Landfill Gas	4.3	SVP issued RFP
Central 40	Solar	40	No RFP
Friant Dam 1	Hydro	25	SVP responded to RFP
Friant Dam 2 - Quinten Luallen	Hydro	8	SVP responded to RFP
Rosamond One	Solar	20	No RFP
Sand Bar	Hydro	16.2	SVP responded to RFP
Ameresco Manteca	Landfill Gas	4.2	SVP issued RFP
G2 Energy Ostrom Road	Landfill Gas	1.6	No RFP
TriDam Beardsley	Hydro	11.5	SVP responded to RFP
TriDam Donnells	Hydro	72	SVP responded to RFP
TriDam Tulloch	Hydro	25.9	SVP responded to RFP
Big Horn 1	Wind	105	No RFP,JPA-MSR PPA
Big Horn 2	Wind	17	No RFP,JPA-MSR PPA
WAPA Base	Hydro	varies	SVP responded to federal hydro program
Manzana Wind LLC	Wind	50	No RFP
Manzana Wind LLC	Wind	50	No RFP
Olcese Water District	Hydro	14	SVP responded to RFP
Tioga Tasman	Solar	0.38976	No RFP
Lafayette	Landfill Gas	0.75	City's Street Department issued RFP
Aquamarine Westside	Solar	75	No RFP
South Feather Water and Power	Hydro	25	NCPA issued RFP

[4] A joint power agency (JPA) is an organization formed by multiple public entities or municipalities to collaborate on power generation, distribution, and related services. Refer to Note 6 and Note 9 of the SVP Financial Statements for the year ended June 30, 2023.

[5] The Northern California Power Agency (NCPA)'s membership consists of sixteen publicly owned entities. https://www.ncpa.com/

[6] The M-S-R Public Power Agency (MSR PPA) consist of the Modesto Irrigation District, the City of Santa Clara, and the City of Redding, California. https://msrpower.org/about-us/

[7] The WSPP Inc.is an organization of electric wholesale market entities and gives the exclusive use of its standardized power agreement to over 275 WSPP members. https://www.wspp.org/pages/Overview.aspx

[8] The Western Area Power Administration (WAPA) sells power to more than 684 firm and non-firm wholesale power customers. https://www.wapa.gov/

South Feather Water and Power	Hydro	7	NCPA issued RFP
South Feather Water and Power	Hydro	8	NCPA issued RFP
South Feather Water and Power	Hydro	38	NCPA issued RFP
Camp Far West Hydro	Hydro	6.8	RFP, JPA-NCPA
Rooney Ranch/Sandhill A&B	Wind	TBD (50-80)	SVP issued RFP

The six PPAs selected for review consist of the following:

- Ameresco Vasco – Landfill Gas (Contract Start Date: February 22, 2014)
- Central 40 – Solar (January 1, 2021)
- Big Horn 1 – Wind, JPA (October 1, 2006)
- Aquamarine Westside – Solar (August 20, 2021)
- South Feather Water & Power – Hydro, JPA (December 19, 2021)
- Camp Far West – Hydro, JPA (April 21, 2022)

Management of PPAs

The management of a PPA involves several key entities working together to ensure successful implementation and compliance:

- Buyer (Offtaker - utility company, corporation, or government entity) manages the financial aspects, contractual obligations, and compliance with the terms of the agreement. SVP has two generation portfolios, a set of resources that SVP schedules as a market participant and NCPA schedules the remaining resources into the CAISO market.
- Seller (Developer/Generator – independent power producer or a renewable energy project developer) manages the construction, operation, and maintenance of the project.
- Regulatory Agencies oversee compliance with state or national regulations related to renewable energy procurement and may review and approve PPAs to ensure alignment with policy goals.
- Independent System Operator (ISO) manages the transmission grid, operates the energy markets, and ensures reliable electricity delivery.

Supplier invoice payment process

A brief description of the typical non-NCPA/JPA PPA invoice process is as follows:

- The CAISO produces market settlements and bills/pays SVP based on results.
- The SVP receives invoice/payment based on previous day's activities and coordinates with the Resources Scheduling Day Ahead and Real-Time desks to confirm settlements process.
- Internal spreadsheets as well as third-party software is used to validate invoices.
- The SVP uses ZEMA[9] software model to calculate expected invoice amount and compares to PPA invoice.
- The Principal Power Analyst approves all non-NCPA/JPA PPA invoices.

The invoices for the PPAs entered into through NCPA (NCPA PPAs) are processed differently as described below:

[9] ZEMA is market data management solution developed by ZEMA Global Data Corporation (Formerly ZE PowerGroup Inc.).

- NCPA manages settlement, invoicing, and reconciliation with CAISO as well as the PPA vendor.
- The Division Manager of the SVP Resources Group approves the invoice.
- The Division Manager of Settlement reconciles the NCPA All Resources Bill to ensure accuracy of PPA portion.
- If any discrepancy is found, the Division Manager of Settlement works with NCPA directly to resolve any issues. Any errors agreed upon by NCPA and SVP Settlement are then credited/debited in a future ARB.

During the FY2022 risk assessment conducted for an audit planning purpose, Baker Tilly rated the power purchase agreements as high risk based on inherent risks such as noncompliance with the agreement requirements and inaccurate supplier invoices.

To assess the internal controls over the PPA management to mitigate risks, Baker Tilly reviewed three (3) operational areas of PPAs: procurement, contract management, and payment.

Scope

The scope of this engagement includes interviews and document reviews regarding the internal controls over management of the SVP's active PPAs as of August 2023 and associated supplier invoices received during fiscal year 2023.

Methodology

To achieve the audit objectives, Baker Tilly performed the following procedures.

- Gathered information to understand the environment under review including review of policies and procedures, PPAs, and reports.
- Conducted interviews with key process owners and management including Division Managers of the Settlements and Resources Groups, Risk Manager, City Attorney, Resource Analyst, and Accounting Clerk.
- Assessed risks and identified controls in place based on process walkthroughs and review of policy documents.
- Performed testing of key controls around energy procurement/contracting, contract management, and invoice processing.
    - Judgmentally selected six (6) PPAs, based on the American Institute of Certified Public Accountants (AICPA) small sampling guidance, for detailed control testing to include a variety of resource types (solar, wind, hydro) as well as selecting PPAs that were entered into through different means (through an RFP, through project developer outreach, and with a JPA).
    - For the selected six PPAs, tested all supplier invoices for three months (December 2022, March 2023, and June 2023).
- Identified gaps in controls and recommendations for improvements.

Organizational Strengths

During this audit activity, we observed certain strengths of SVP. Key strengths include the following:

- The City employs a structured Front Office / Back Office / Middle Office structure for all its energy transactions to ensure that the different aspects of the transaction process are carried out by independent parts of the organization and that there are internal controls and oversight in place.

- The City has been actively procuring renewable power for several years, and over that time City staff, SVP, and City Attorney has developed expertise with the PPA solicitation, negotiation, and management process.

Baker Tilly greatly appreciates the support of the SVP Resources Division, Settlement Division, and Risk Management Division in conducting this audit activity.

Thank you!

Detailed Analysis

To evaluate SVP's control environment, Baker Tilly created a Risk and Controls Matrix (RCM) based on documentation reviews and stakeholder interviews. The RCM was created to document known risks and mitigation practices based on the SVP's processes and internal controls currently in place and identify opportunities and improvement areas. The RCM was created with the emphasis on the three focus areas that include procurement, contract management, and payment. The matrix documents risks that cover each of the focused operational areas. In addition, the RCM was used to plan the testing for this audit by identifying the risks associated with the current PPA processes, controls in place, and control gaps.

Risk Ref.	Process	Sub-Process	Risk	Risk Description	Control #	Control or Gap
1	Reporting	Needs Assessment	Over or under purchase of renewable energy	An inaccurate needs assessment can result in the overstatement or understatement of needs resulting in either an over-commitment or under-commitment outlined in contracts.	C1	An Integrated Resources Plan is created every 5 years to forecast load resources and is approved by the Board.
2	Reporting	Mandatory Reporting	Required reporting is not completed	Reports may not be submitted resulting in non-compliance with state requirements.	C2	The Resource Analyst tracks the report requirements and attests to the accuracy of the report.
3	Reporting	Mandatory Reporting	Required reporting is not completed	Reports may not be submitted resulting in non-compliance with state requirements.	C3	Management monitors compliance with submission requirements by tracking an established Key Performance Measure.
4	Reporting	Mandatory Reporting	Inaccurate reports are submitted	Unapproved reports may be submitted which could cause inaccurate reporting.	C4	The RPS and PCL reports are reviewed for accuracy prior to submission to the CEC.
5	Contract Administration	RFP Development	Weak/Inaccurate RFP	An RFP is issued that is not adequately vetted and developed with the review and validation of specifications the City needs to be achieved.	Gap	There is not currently a formally documented RFP development process to ensure all required specifications are included.
6	Contract Administration	RFP Development	Unapproved RFP	An Unapproved RFP is distributed without validation of legal and performance specifications.	Gap	There is not currently a formal RFP approval process including documentation of approvals.
7	Contract Administration	Evaluation	Unreliable or Noncompliant Supplier	The city may enter into contracts with unreliable or noncompliant energy providers.	C5	The City Attorney approves the PPA during negotiations and reviews that CEQA requirements are met.
8	Contract Administration	Evaluation	Improper evaluation of suppliers	Outdated supplier evaluation criteria and weights are used leading to the selection of an unqualified supplier.	C6	Evaluation criteria and weights are developed/decided based on each RFP.

Risk Ref.	Process	Sub-Process	Risk	Risk Description	Control #	Control or Gap
9	Contract Administration	Evaluation	Improper evaluation of suppliers	Projects proposed by Developers are not evaluated leading to the selection of an unviable project.	C7	An evaluation tool is used to evaluate all potential projects for viability.
10	Contract Administration	Evaluation	Financially unqualified supplier	Supplier financial and credit clearance not completed, and financially unviable supplier is chosen to provide services.	C8	Energy Risk Manager completes financial/credit evaluation.
11	Contract Administration	Contract Execution	Unapproved PPA executed	Supplier PPA executed without proper review and approval(s).	C9	City Attorney and City Manager approve all PPAs before execution. City Council approval is required for PPAs over $250,000.
12	Contract Management	Contractual Guarantees	Noncompliance to contractual development timelines	Projects are delayed due to noncompliance with contractual development timelines.	C10	The lead PPA negotiator monitors the contract milestones using a Project Tracker.
13	Contract Management	Contractual Guarantees	Unsatisfied Commercial Operations Deadline (COD) criteria	Commercial Operations Deadline criteria are not met prior to Commercial Operations commencement.	C11	The City Attorney verifies that requirements are included in the PPA before execution.
14	Contract Management	Contractual Generation Guarantees	Supplier noncompliance with generation requirements	Suppliers do not meet generation requirements.	C12	Performance assurances are placed in contracts to ensure generation requirements are met.
15	Contract Management	General	Unacceptable environmental impacts/changes in law and regulations	Suppliers are unable to meet environmental legal and/or environmental changes and requirements.	C13	If supplier is out of compliance, the CEC will not accept it and WREGIS will not allow a REC to be generated. Payment will be withheld for invalid RECs or non-compliance.
16	Contract Management	General	Enforceability of contracts	Weak legal constraints do not allow for feasible contract enforcement.	C14	Use and application of appropriate legal clause and constraints to support City objectives.
17	Contract Management	General	Severe weather event	The potential risk of severe weather events causing disruption in service and meeting contractual obligations.	C15	There are related contract assurances in place in the PPAs.
18	Contract Management	General	Project Delays	Delay in completion of project due to equipment delays or project startup delays in development resulting in the City not obtaining the power needed based on projected timeline.	C16	There are financial penalties and assurances language in the PPAs.

Risk Ref.	Process	Sub-Process	Risk	Risk Description	Control #	Control or Gap
19	Contract Management	REC-Renewable Energy Credit	Generation totals do not match REC quantities	Invoice totals do not match REC quantities transferred by suppliers.	C17	Generation data is tracked from supplier invoices. REC quantities are reconciled to generation totals from invoices.
20	Payment	Verification of Charges	Inaccurate payments	The CAISO invoice is not accurate leading to inaccurate billings and payments.	C18	The Power Accountant receives MWh from CAISO and confirms amount with counterparty before receiving the invoice.
21	Payment	Verification of Charges	Inaccurate payments	The invoice is not accurate leading to inaccurate billings and payments.	C19	The Division Manager ensures the ZEMA model output matches the supplier invoice and approves payment.
22	Payment	Verification of Charges	Unauthorized payments	Unauthorized payments are made.	C20	Payment packages are sent to back-office management for review and approval before payment processing by Accounts Clerk.
23	Payment	Verification of Charges	Inaccurate rates are charged	Rates that are not in accordance with the contract rates are charged and paid.	Gap	There is not currently a rate review process that occurs upon invoice payment.
24	Payment	Supplier payments	Duplicate/over payments	Duplicate/over-payments are made.	C21	There is a system control that prevents duplicate payments being made on the same invoice.
25	Process Monitoring	Internal Review	Noncompliance with internal policies	Management is not in compliance with internal risk management policies.	Gap	There is no current process for periodic review of management's compliance with internal policies.

Audit Results

Finding 1: Evaluation and Selection Process

Out of six PPAs reviewed, one was entered into through an RFP issued by SVP, two were entered into through an RFP issued by the JPA, and three had no RFPs because developers (sellers/suppliers) approached the SVP or JPAs directly. The SVP was not able to provide adequate support for four of the sampled PPAs to demonstrate that a supplier and product were evaluated against specific criteria important to the SVP before entering into the PPA. According to the Resource Analyst, the SVP's practice is to create and use evaluation criteria for each PPA project, however, the evaluation documents for these four PPAs are no longer available due to the selected PPAs being entered into several years ago.

Per discussion with Santa Clara management, the City Attorney reviews and approves all PPA terms and conditions during negotiations including reviewing that California Environmental Quality Act (CEQA) requirements are met. There is no formal documentation of this review.

The SVP policy[10] requires analyzing the financial impact of contracts and ensuring all other parties to contracts are financially sound, qualified, and capable of performance. The policy also requires keeping complete records[11].

The RFP process necessitates the SVP to define the objectives and requirements for a purchase and enables the SVP to receive competitive bids to be evaluated against specific criteria. Without solicitation, the SVP cannot ensure that a PPA helps the SVP achieve its goals at an optimum level.

Recommendation

Management should develop a formal evaluation and selection process for all potential PPAs. All evaluation documents, including financial credit evaluations, should be maintained for transparency in accordance with the City's record retention policy.

Management should address the following, among others, in order to align with best practices[12,13]:

- The SVP should implement a standardized RFP development process for a PPA to ensure all required specifications are clearly defined in an RFP and used to evaluate bids received.
- A formal RFP policy for PPAs should be created detailing guidelines to determine the requirements to be included and identifying the individuals who need to approve the RFP before issuance (City Attorney, Risk Manager, City Manager, etc.).
- The process for PPAs procured through non-solicitation should also be formally established and include methods for evaluation, selection, and approval of a supplier.
- Potential suppliers should be vetted for reliability and compliance with relevant laws and regulations to prevent entering into agreements with unreliable or nonconforming suppliers.
- The approved PPA procurement policies should be periodically reviewed and updated, as necessary.

[11] [3] of the Section 5.0 Internal Controls, SVP Market Risk Management Regulations [As Revised by Risk Oversight Committee, October 23, 2012]

[12] U.S. Department of Energy, "Green Power Purchasing Steps", https://www.epa.gov/green-power-markets/green-power-purchasing-steps

[13] National Association of State Procurement Officials, "State & Local Government Procurement: A Practical Guide", https://county.milwaukee.gov/files/county/administrative-services/Procurement/PagesfromNASPOStateandLocalProcurementGuideCh1-10.pdf

Management Response

Responsible Department(s): Resources

Action Plan:

A procedural guideline for evaluating potential PPA's will be developed and stored on a network drive. This guideline should be flexible enough to accommodate the uniqueness of projects and proposals while applying meaningful controls to ensure an effective balance.

Currently, the Resources department has baseline evaluation templates (excel models) that are used to evaluate the economic value of PPA proposals. However, these are not stored in a formal location and the updates to them occur from time to time which could cause confusion. SVP will establish an internal SharePoint site or similar tool that will serve as a resource database for PPA templates, guidelines, and related documents. Additionally, a file repository will be established for each PPA that includes all supporting documentation.

City Code section 2.105.090 gives enterprise funds like electric and water the exception to the City's centralized procurement for electrical power. The market for PPAs is dynamic and fast-moving. As such, there are various methods for entering into PPAs, and Management believes that there are significant internal controls for PPA procurement and payment in place, which can be enhanced as per Baker Tilly's recommendations. Additionally, it is important to note that the document from EPA referenced in the recommendation as best practices for green power purchasing steps are geared towards retail purchasers such as commercial/industrial/corporate electricity customers. Projects at the wholesale electric utility level require different considerations when being evaluated for procurement. They are more difficult to commodify due to the unique value proposition of where they are electrically located, the technologies involved, the status of its site control, interconnection, environmental permitting, etc. The different statuses also mean projects can be available to the market at different times, therefore, if an RFP happens to launch outside of a high value project's availability, SVP could end up missing out on that opportunity. For example, SVP has launched 2 renewable energy RFP's through its Joint Powers Agency, NCPA, and the resulting bids were less favorable than some of the offers presented by project owners outside of the timing of those RFP's. Because of this, it is important to maintain the flexibility to use the most effective and appropriate procurement path for any given situation.

Estimated Completion Date: December 2024[14]

Finding 2: Contract Administration and Management

Based on the interviews with the SVP team, it was found that there was no standard process for administering and managing power purchase agreements. Out of six PPAs reviewed, five PPAs entered into were drafted by the developers or JPAs. According to the SVP management, the SVP team has been working with the City Attorney's Office to standardize the PPA process and contract template. The SVP policy[15] requires ensuring that contracts are written properly. While suppliers may often initiate the initial draft of the PPA, buyers can benefit from developing their own PPA template for the following reasons:

- Customization – With a tailored template, buyers can ensure it aligns precisely with their organizational requirements.
- Efficiency – An in-house template streamlines process by avoiding starting from scratch each time and saves time and effort.
- Control – Buyers maintain control over the language, clauses, and provisions and emphasize critical aspects such as pricing structures and risk allocation.
- Consistency – Standardized terms and conditions ensures consistency across PPAs and enhance clarity.

[14] Please note that the internal audit has not yet verified the completion of the corrective actions. Verification will be conducted during the follow-up audit on all corrective actions outlined in this report.

[15] [3] of the Section 6.8 Electric Contract Administration, SVP Market Risk Management Regulations [As Revised by Risk Oversight Committee, October 23, 2012]

- Legal Review – Buyers' legal teams can review and refine the template to ensure compliance with regulations and best practices.

Additionally, a formal process is not in place to monitor suppliers' compliance with the requirements in the PPAs.

Recommendation

Management should continue to standardize the PPA process and contract template and complete the implementation. Once a comprehensive PPA template is completed, the instructions for creating a draft PPA from a template and finalizing it with appropriate review and approvals should be documented. The SVP should strive to use their drafted PPA template rather than the supplier provided agreement to ensure all required information is included while avoiding the additional time needed to review and approve all the terms and conditions in the supplier provided agreement. This will also help ensure consistency in managing PPAs. If using a supplier provided agreement, a detailed review should be performed using a checklist of all City requirements to ensure all requirements are included.

Additionally, the SVP should implement a formal supplier performance monitoring procedure in which suppliers are periodically assessed for compliance and overall performance, including ensuring the suppliers are in compliance with the following:

- Development timelines
- Commercial operations deadline criteria
- Generation requirements
- Environmental and legal requirements

Detailed reviews of specific PPAs, suppliers, or issues should be conducted on as needed basis. Each PPA should be reviewed in detail periodically to ensure alignment with the City's goals and strategies and changing market conditions.

Management Response

Responsible Department(s): Resources

Action Plan:

As noted, Management is in the process of creating standard forms to build off as starting negotiation points for future PPA's. While it is not practical to have a standard PPA that can be ready for all types of projects, SVP will prepare a power purchase agreement in consultation with the City Attorney's Office prior to release of an RFP. In the event SVP elects to purchase or sell renewable energy, renewable energy credits, or resource adequacy through a Western System Power Pool (WSPP) confirmation, SVP shall use a template confirmation which has been approved by the City Attorney's Office. In some cases, when practical, counterparty's template will be used subject to SVP staff and City Attorney's Office review.

Management will direct staff to maintain a summary of all PPA's that inventory key commercial terms. This will serve as a useful guide to refer to for consideration when negotiating future PPA's.

For SVP's future targeted RFP's for PPA's, management will design and establish upfront criteria for the targeted type(s) of resources before launch and develop a standard form PPA as the starting form for negotiations.

After a PPA is signed, the overall management of the different components is delegated to the responsible business teams. At present, the utility does not have a dedicated position responsible for management of executed PPAs. Given the number of PPA's (see table in Intro section) and the limited number of staff available, creating a position in the Middle Office team, like other electric utilities, may benefit the Front Office team, the

Back Office team, and overall PPA management. Currently, the City is undertaking an organizational assessment of SVP by an outside consulting firm. The purpose of the study is to review and make recommendations to enhance the organizational and staffing structure of the enterprise.

Estimated Completion Date: December 2025

Finding 3: Invoice Verification and Payment

For non-JPA/NCPA invoices, the SVP utilizes invoice tracking spreadsheets to reconcile the generation and rates billed to them with the CAISO reports. Our testing revealed that one of our sampled invoices did not match the CAISO report. According to the Settlements Group Division Manager, the CAISO report had an error which has since been corrected. However, there was no explanation in the supporting documents for the payment approval as to how it was determined that the CAISO report, not the invoice, included an error. The SVP policy[16] requires wholesale purchases to be verified for payment. It also requires that trade transaction confirmation documents prepared by the supplier agree to the SVP's own records and that exceptions be investigated.

For NCPA invoices, the Division Manager of Settlement reconciles the NCPA All Resources Bill to ensure accuracy of the PPA portion of the invoice and the Division Manager of the SVP Resources Group approves the invoice for payment. There is no written communication from the Division Manager of Settlement to the Division Manager of the SVP Resources Group indicating that the settlement portion has been validated prior to payment.

Recommendation

Management should implement a formalized process to validate supplier invoices and rate calculations completed by NCPA. Verifications performed by SVP should be completed before payments to ensure accurate payments.

A standardized process for reconciling and approving invoices for payment should include the following:

- Reconciliation of generation and dollar amounts with CAISO reports, utilizing an invoice tracking sheet for all PPAs.
- Review of reconciliation performed including evidence of review (signature).
- Verification of the rates invoiced with the approved contracted rate.
- Formal approval process with signature on invoices.

Management Response

Responsible Department(s): Resources and Settlements

Action Plan:

- CASIO Settlement of PPAs – A CAISO process procedure has been documented and is currently in place as of June 2024.
- NCPA Settlement of PPAs – A SNCL NCPA Settlement Procedure has been created as of June 2024.

Estimated Completion Date: June 2024[14]

[16] [2] and [4] of the Section 6.5 Power Trading Division (Back Office), SVP Market Risk Management Regulations [As Revised by Risk Oversight Committee, October 23, 2012]

Finding 4: Reporting

The RPS is one of California's key programs for advancing renewable energy. The program sets continuously escalating renewable energy procurement requirements for the state's load-serving entities. The RPS requires generation to be procured from RPS-certified facilities. The RPS compliance report is filed annually through the CEC online portal and is attested to by the Resource Analyst. Per SVP management, the RPS reporting process for the data cannot be reviewed prior to submission because the numbers are directly sent from WECC's WREGIS system to CEC for verification. The narrative section of the report is reviewed by a separate individual prior to submission, however, there is no formal documentation of this review.

The SVP policy[17] requires internal controls such as segregation of duties and accurate reporting to be integrated into all activities of the business.

The purpose of an independent review is to ensure that the information presented in the report is valid, complete, and free from errors or biases. By having an independent reviewer verify the accuracy of the report, the SVP can enhance accountability, compliance, and confidence in the reported data.

Recommendation

The Assistant Director (or another qualified individual) should review and approve all required reports prior to submission to the California Energy Commission to prevent inaccurate reporting and to ensure all state requirements are met. The review should be evidenced in writing (signature).

Management Response

Responsible Department(s): Resources

Action Plan:

Management concurs with Recommendation 4 and will enact the following step to ensure accountability:

- SVP will have an Assistant Director, Sr. Division Manager, Division Manager, or Program Manager review the annual data in the RPS portal and be the Verification Attestant electronic signatory as the final step in the portal submittal process. This will ensure a final check and balance.

Additionally, it is important to note that the RPS compliance report data that is validated for the RPS is also validated through the CEC's Power Source Disclosure Program (PSD) and all RECs are generated and transferred through from WECCS's WREGIS system. The PSD has three levels of attestation. REC retirements are sent to the CEC through an independent WREGIS verification process, and then SVP reports category compliance on a separate CEC RPS web portal. In addition, SVP must submit all PPA agreements to the CEC for approval and adherence to the RPS requirements. SVP does a formal review of the RPS Narrative document. Because of these redundancies and cross-checks, it is not efficient to have an additional reviewer duplicate the efforts of the original compiler, however, as noted above, it makes sense to have a higher-level employee sign off to ensure the analyst has completed the steps required to move through the process.

Per Finding #4, SVP will enact the following step to ensure accountability:

SVP will have an Assistant Director, Sr. Division Manager, Division Manager, or Program Manager review the annual data in the RPS portal and be the Verification Attestant electronic signatory as the final step in the portal submittal process and. This will ensure a final check and balance.

Estimated Completion Date: July 2024[14]

[17] Section 5.0 Internal Controls, SVP Market Risk Management Regulations [As Revised by Risk Oversight Committee, October 23, 2012]

26-797 Agenda Date: 8/18/2026

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT
Action on Stadium Authority Bills and Claims for the Month of June 2026

BACKGROUND
Disbursements made by the Stadium Authority are based on invoices submitted for payment. Prior to payment, staff reviews all disbursement documents to ensure that the invoiced goods or services have been provided.

The Bills and Claims listing represents the cash disbursements required of normal and usual operations during June 2026. Budget control is set by the Stadium Authority Board through the budget adoption process.

DISCUSSION
At its March 10, 2026 meeting, the Stadium Authority Board adopted the Santa Clara Stadium Authority Fiscal Year 2026-27 Operating, Debt Service, and Capital Budget which runs from April 1, 2026 to March 31, 2027. Significant expenditures (greater than $5,000) paid in June 2026 include:

- Payments totaling $32.925.00 to Canyon Oaks Ventures LLC for Stadium Market Research
- Payments totaling $199,095.94 to the City of Santa Clara for the following:
  - $197,169.50 for reimbursement of General and Administrative (G&A) City payroll costs (e.g., Executive Director's Office (City Manager's Office), Stadium Authority Counsel's Office (City Attorney's Office), and Treasurer's Office (Finance Department))
  - $1,926.44 reimbursement of G&A non-payroll costs (e.g., Stadium Authority office expenses)
- Payment totaling $1,094,824.31 to Forty Niners SC Stadium Company, LLC for Communities Facilities District (CFD) Advance Payment - Principal & Interest
- Payment totaling $1,624,587.36 to Forty Niners Stadium Management Company, LLC for June 2026 Stadium Manager Expenses, inclusive of Shared Stadium Expenses
- Payments totaling $34.830.30 for Legal Services (April & May 2026)
- Payment totaling $22,510.00 to KPMG LLP for Audit Services
- Payment totaling $12,025.50 to RWDI USA LLC for Stadium Noise Monitoring Services (November 2025 to April 2026)
- Payment totaling $269,562.50 to SCC Electric Inc for Capital Expense (CapEx) Project: Radio Booth Cabling - Phase I

Names of law firms have been redacted from the Bills and Claims report. The Supreme Court of California in Los Angeles County Board of Supervisors v. Superior Court, (2016) 2 Cal.5th 282, held that invoices specifying the amounts billed by a law firm to a client fall within the scope of attorney-

client privilege while the matters are active. In accordance with the Supreme Court's ruling, the names of law firms retained by the Stadium Authority, and the specific amounts billed by each, have been redacted from the public report to maintain the confidentiality of billing records for specific legal services. The aggregate amount spent on legal services in the subject time period has been provided.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to section 15378(b)(4) of Title 14 of the California Code of Regulations in that it is a fiscal activity that does not involve any commitment to any specific project which may result in a potential significant impact on the environment.

FISCAL IMPACT

The fiscal impact to the Stadium Authority is $3,291,460.17.

COORDINATION

This report has been coordinated with the Executive Director and Stadium Authority Counsel's Offices.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Approve the list of Stadium Authority Bills and Claims for June 2026.

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT

Action on an Agreement with Superior Alarm Systems for Security Integrator Systems at Levi's Stadium For a Not-to-Exceed Amount of $1,838,022, Inclusive of All Contract and Option Years, and Delegation of Authority for Future Amendments.

BACKGROUND

Pursuant to Section 2.9 of the Stadium Management Agreement between the Santa Clara Stadium Authority (Stadium Authority), Forty Niners SC Stadium Company LLC (StadCo), and Forty Niners Stadium Management Company LLC (Stadium Manager), the Stadium Manager is responsible for maintaining Levi's Stadium (Stadium) "in the Required Condition and operate it as a high-quality NFL and multi-purpose public sports, public assembly, exhibit and entertainment facility…"

Levi's Stadium is a large-scale, high-profile venue that serves a significant number of patrons and is subject to heightened security expectations and obligations, including compliance with applicable laws, regulations, and industry standards governing public safety, critical infrastructure protection, and risk management. Maintaining a robust, reliable, and continuously updated security infrastructure supported by qualified experts remains essential to protecting the venue, its operations, and its guests.

The Stadium Manager is requesting a delegation of authority to enter into a long-term agreement with a qualified security integrator. All services will be performed pursuant to executed task orders.

The Stadium Manager has not previously had a contract with a security integrator. As Levi's Stadium's security infrastructure continues to age and security technologies rapidly evolve, the Stadium requires specialized expertise to support the design, integration, maintenance, and modernization of critical security systems, including video surveillance, access control, perimeter protection, and centralized command-and-control systems. The security integrator would also support event-day operations, cybersecurity coordination, system upgrades, lifecycle planning, and interoperability with public safety agencies.

Additionally, the security integrator will coordinate with Stadium vendors, contractors, and project teams to ensure security requirements are incorporated into Stadium projects and infrastructure improvements. Due to the sensitive nature of the Stadium's security systems and information, maintaining a single long-term security integrator is critical to preserving operational continuity, limiting access to confidential systems, and reducing security risks associated with multiple short-term providers. The agreement will also support compliance with applicable federal laws and regulatory requirements, including the Support Anti-terrorism by Fostering Effective Technologies (SAFETY) Act of 2002, which are necessary to maintain a reliable, adaptable, and compliant security program.

On September 25, 2025, the Stadium Manager issued a Request for Proposals (RFP) to select a security integrator to provide on-call, as-needed, professional security integrator services for Levi's Stadium. Interested proposers submitted a letter of interest, corporate qualifications, and executed a Confidentiality and Non-Disclosure Agreement before Stadium Manager provided access to the full RFP. Five proposals were received from the following firms by the RFP due date and time:

1. Convergint
2. EyeP Solutions, Inc. (EyeP)
3. Johnson Controls Security Solutions (JCI)
4. Securitas Technologies (Securitas)
5. Superior Alarm Systems (SAS)

An Evaluation Committee reviewed the proposals in accordance with the criteria established in the RFP. All five firms satisfied the minimum submission requirements. The evaluation process consisted of two phases. During Phase I, proposals were evaluated based on qualifications and responsiveness to the RFP requirements. Firms receiving the highest scores and meeting the minimum qualifications advanced to Phase II, which included interviews, presentations, and cost evaluations. Following completion of Phase II, Superior Alarms Systems (SAS) was determined to provide the best overall value based on the evaluation criteria set forth in the RFP. The Stadium Manager subsequently entered negotiations with SAS and successfully negotiated the proposed rates and fees.

As such, the Stadium Manager is requesting Stadium Authority Board (Board) approval for the following actions for a service agreement for security integrator systems services:

1. Approve and authorize the Stadium Manager to enter into an agreement with Superior Alarm Systems (Attachment 1) to provide on-call, as-needed professional security integrator services at Levi's Stadium for an initial term of five (5) years commencing August 19, 2026, and expiring August 18, 2031, with five (5) optional one-year extensions through August 18, 2036 ("Agreement") with a total not to exceed of One Million Eight Hundred Thirty Eight and Twenty Two Dollars ($1,838,022.00). The term for each fiscal year is contingent on the SCSA approving the applicable fiscal year's budget, including amounts due under the Agreements.

2. Authorize the Stadium Authority Executive Director to approve future amendments as needed to: (a) exercise the option to extend the Agreement by five (5) one-year extension periods through August 18, 2036; and (b) adjust labor rates for each one-year extension by up to five percent (5%) annually, in accordance with the terms and conditions associated with rate increases in Exhibit B of the Agreement.

3. Authorize the Stadium Manager to execute and administer task orders with SAS to perform services for approved security department budgeted items approved as part of the Stadium Authority annual budget process during any fiscal year within the initial term and any extension periods, consistent with the terms and funding limitations set forth therein.

DISCUSSION

Stadium Authority staff reviewed the Stadium Manager's Recommendation for Award memo and supporting documents for consistency with the Stadium Authority Procurement Policy and Santa

Clara City Code Chapter 2.105.140(c) (Competitive requirements for purchases - Formal requests for proposals for agreements with an amount over $250,000). As described above and in the Stadium Manager's Recommendation for Award memo, the Stadium Manager implemented an RFP process and received five (5) proposals, and through the evaluation and subsequent negotiations process is recommending award of the agreement to Superior Alarm Systems (SAS), the proposer offering the best value.

The Stadium Manager is proposing an initial five-year term (August 19, 2026 through August 18, 2031). Exhibit B of the Agreement outlines established pricing for ongoing hourly rates for as-needed services and reflects up to a 5% increase year over year.

The Agreement includes a provision allowing for annual rate adjustments in contract years six through ten (August 19, 2031 through August 18, 2036), limited to five percent (5%) annually or the Employment Cost Index (ECI) for Wages and Salaries for Private Industry Workers, as published by the U.S. Bureau of Labor Statistics, whichever is lower, should the Stadium Manager elect to exercise the option years.

Compensation for services to be performed under this Agreement will be set forth in each Task Order and will be funded through the approved Capital Expense budget items and approved Stadium Manager's Shared Stadium Expense budget items as part of the Stadium Authority's annual budget process for each year of the Agreement. For Shared Stadium Expenses, the Stadium Authority is responsible for fifty percent (50%) of the cost of the security integrator's services.

Approved SCSA budget for Capital Expenditure (Cap Ex) security projects for Fiscal Year 2026/27, as shown in the table below:

Project Name	Total
Install Stadium Camera Booths Card Readers	$ 96,558
Enhance Stadium Security Access Control (2020/21 Carryover)	$ 270,133
Security General Allowance (2023/24 Carryover)	$ 98,019
Stadium Camera Coverage Upgrade (2024/25 Carryover)	$ 574,750
Security General Allowance	$ 261,187
Surveillance-Cameras	$ 287,375
Total	$ 1,588,022

The Agreement does not guarantee any minimum amount of work or compensation to the security integrator. The compensation for each Task Order will not exceed the approved budget item. The Agreement does not authorize any new or additional spending beyond what is approved through the Stadium Authority's annual budget process.

Because of the security nature of the planned improvements, the Stadium Manager will coordinate with the Santa Clara Police Department (SCPD) and partner agencies on all security system upgrades and related security projects at Levi's Stadium prior to implementation. This coordination is important to ensure that security integrator projects are aligned with SCPD's public safety and operational needs and that proposed improvements support effective security and emergency

response at the Stadium. During major events, the Stadium Manager coordinates with SCPD and the U.S. Department of Homeland Security (DHS) on security planning and operations to support a coordinated approach to public safety and event security. Staff recommendation to direct the Stadium Manager to coordinate these improvements is included in this report.

Based on the documentation provided, staff recommend approval of the Stadium Manager's requests and additional delegated authority to the Stadium Manager to execute amendments to the Agreement as approved by the Executive Director, and to issue and execute work orders for the Agreement, up to the not-to-exceed amounts for each contract year, subject to budget appropriations.

The Stadium Authority Counsel's Office has reviewed the Agreement for comparison to the Stadium Authority's customary language. Nothing in the Agreement changes the Stadium Authority's rights under the Management Agreement and specifically with respect to any dispute that may arise from the Stadium Manager's obligations under the Management Agreement.

The Stadium Authority reserves all rights to confirm and dispute charges by and payments to the Stadium Manager during a fiscal year-end reconciliation/true-up, including but not limited to changes based on improper allocation, calculation, lack of support, or failure to comply with the Parties' contracts or California law. The Stadium Authority may raise related questions before the fiscal year-end reconciliation/true-up, which the Stadium Manager agrees to assess and respond to in good faith.

ENVIRONMENTAL REVIEW

The action being considered is exempt from the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15301 "Existing Facilities" as the activity consists of existing public or private facilities involving negligible or no expansion of use beyond that existing at the time of the lead agencies determination.

FISCAL IMPACT

The total not-to-exceed amount for the initial five-year term of the Agreement is $1,838,022, consisting of $250,000 in Shared Stadium Expenses (50/50) and $1,588,022 for approved Cap Ex security projects for Fiscal Year (FY) 2026/27. The requested not-to-exceed amount does not cover costs for the entire Agreement term and will be subject to future Board approved budgets for security Cap Ex and Shared Stadium Expense projects.

The Stadium Authority FY 2026/27 Budget includes Shared Stadium Expenses, such as costs associated with conducting comprehensive security system assessments. In accordance with the Stadium Lease, most Shared Stadium Expenses are allocated 50/50. There are sufficient funds in the FY 2026/27 Shared Stadium Expenses budget to cover the Stadium Authority's fifty percent (50%) share of the projected $250,000 in Shared Stadium Expenses, up to $125,000.

The Stadium Authority FY 2026/27 Budget also includes $1,588,022 for Stadium Authority-approved Cap Ex security projects. This amount includes $96,558 for Stadium Camera Booth Card Readers, $270,133 for the Enhance Stadium Security Access Control project, $98,019 for the Security General Allowance, $574,750 for the Stadium Camera Coverage Upgrade, $261,187 for the Security General Allowance, and $287,375 for Surveillance Cameras.

The Stadium Manager will request future Stadium Authority approvals to amend the Agreement to

increase the aggregate not-to-exceed amount to reflect future budgets approved by the Stadium Authority for security Cap Ex and Shared Stadium Expense projects. The Agreement does not guarantee any minimum amount of work or compensation to the security integrator, and all work will be performed pursuant to written task orders.

A delegation of authority is requested to authorize the Executive Director to approve amendments to extend the Agreement for years six through ten (August 19, 2031 through August 18, 2036) and increase labor rates by up to five percent (5%) for each one-year extension period, consistent with the terms of the Agreement. Any such extensions and adjustments will remain subject to available Stadium Authority budget appropriations, including annual approval by the Board.

The term for subsequent fiscal years and any expenditures under the Agreement are conditioned upon approval of the Stadium Authority budget for the applicable fiscal year that includes the amounts due under the Agreement, as required under Santa Clara City Code Section 17.30.100.

COORDINATION

This report has been coordinated with the Stadium Authority Counsel and Treasurer's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Approve and authorize the Stadium Manager to enter into an agreement with Superior Alarm Systems (Attachment 1) to provide on-call, as-needed professional security integrator services at Levi's Stadium for an initial term of five (5) years commencing August 19, 2026, and expiring August 18, 2031, with five (5) optional one-year extensions through August 18, 2036 ("Agreement") with a total not to exceed of One Million Eight Hundred Thirty Eight and Twenty Two Dollars ($1,838,022.00). The term for each fiscal year is contingent on the SCSA approving the applicable fiscal year's budget, including amounts due under the Agreements.
2. Authorize the Stadium Authority Executive Director to approve future amendments as needed to: (a) exercise the option to extend the Agreement by five (5) one-year extension periods through August 18, 2036; and (b) adjust labor rates for each one-year extension by up to five percent (5%) annually, in accordance with the terms and conditions associated with rate increases in Exhibit B of the Agreement.
3. Authorize the Stadium Manager to execute and administer task orders with SAS to perform services for approved security department budgeted items approved as part of the Stadium Authority annual budget process during any fiscal year within the initial term and any extension periods, consistent with the terms and funding limitations set forth therein.
4. Direct the Stadium Manager to coordinate with the Santa Clara Police Department (SCPD) and partner agencies on all security system upgrades and related security projects at Levi's Stadium prior to implementation.

FORTY NINERS STADIUM MANAGEMENT COMPANY LLC
ON-CALL PROFESSIONAL SERVICES AGREEMENT
PROFESSIONAL SECURITY INTEGRATOR SERVICES

This Agreement is made and entered into this [***INSERT DAY***] day of [***INSERT MONTH***], [***INSERT YEAR***] by and between the Forty Niners Stadium Management Company LLC, a Delaware limited liability company ("Stadium Manager") and Superior Alarm Systems with its principal place of business at 9001 Canoga Avenue, Canoga Park, CA, 91304 ("Consultant"). Stadium Manager and Consultant are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement.

RECITALS

A. Stadium Manager is a public agency of the State of California and is in need of professional services for the following project:

> Professional integrator services that include designing, engineering and drafting scopes of work, managing subcontractors, sourcing and procuring the best-value products, arranging for timely installation services when needed, providing ongoing support, including security system maintenance, staff training, emergency response, and security system monitoring to ensure the security system operates optimally without interruption (hereinafter referred to as "the Project").

B. Consultant is duly licensed and has the necessary qualifications to provide such services on the Project. Consultant desires to perform and assume responsibility for the provision of certain professional services required by Stadium Manager on the terms and conditions set forth in this Agreement and in the task order(s) to be issued pursuant to this Agreement ("Task Order").

C. The Parties desire by this Agreement to establish the terms for Stadium Manager to retain Consultant to provide the services described herein.

AGREEMENT

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

1. Services.

Consultant shall provide the Stadium Manager with the services described in the Scope of Services attached hereto as Exhibit A. The services shall be more particularly described in the individual Task Order issued by the Stadium Manager or its designee. No services shall be performed unless authorized by a fully executed Task Order in the form attached hereto as Exhibit C.

2. Compensation.

a. Consultant shall receive compensation, including authorized reimbursements, for all services rendered under this Agreement at the rates set forth in the

Schedule of Charges attached hereto as Exhibit B and incorporated herein by this reference. The maximum compensation for services to be provided pursuant to each Task Order shall be set forth in the relevant Task Order. The total compensation to be provided under this Agreement by Stadium Manager to Consultant, in the aggregate, will not exceed One Million Eight Hundred Thirty Eight Thousand Twenty Two Dollars ($1,838,022.00) subject to budget appropriations.

b. Periodic payments shall be made within 30 days of receipt of an invoice which includes a detailed description of the work performed. Payments to Consultant for work performed will be made on a monthly billing basis.

3. Additional Work.

If changes in the work seem merited by Consultant or the Stadium Manager, and informal consultations with the other party indicate that a change is warranted, it shall be processed in the following manner: a letter outlining the changes shall be forwarded to the Stadium Manager by Consultant with a statement of estimated changes in fee or time schedule. An amendment to this Agreement shall be prepared by the Stadium Manager and executed by both Parties before performance of such services, or the Stadium Manager will not be required to pay for the changes in the scope of work. Such amendment shall not render ineffective or invalidate unaffected portions of this Agreement.

4. Maintenance of Records.

Books, documents, papers, accounting records, and other evidence pertaining to costs incurred shall be maintained by Consultant and made available at all reasonable times during the contract period and for four (4) years from the date of final payment under the contract for inspection by Stadium Manager.

5. Time of Performance.

The term of this Agreement shall be from **[Insert start date]** to **[Insert end date]**, unless earlier terminated as provided herein. Consultant shall complete the services within the term of this Agreement, and shall meet any other established schedules and deadlines set forth in each individual Task Order issued by the Stadium Manager. All applicable indemnification provisions of this Agreement shall remain in effect following the termination of this Agreement.

6. Delays in Performance.

a. Neither Stadium Manager nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing party. For purposes of this Agreement, such circumstances include but are not limited to, abnormal weather conditions; floods; earthquakes; fire; epidemics; pandemics; war; riots and other civil disturbances; strikes, lockouts, work slowdowns, and other labor disturbances; sabotage or judicial restraint.

b. Should such circumstances occur, the non-performing party shall, within a reasonable time of being prevented from performing, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement.

7. Compliance with Law.

a. Consultant shall comply with all applicable laws, ordinances, codes and regulations of the federal, state and local government, including Cal/OSHA requirements.

b. If required, Consultant shall assist the Stadium Manager, as requested, in obtaining and maintaining all permits required of Consultant by federal, state and local regulatory agencies.

c. If applicable, Consultant is responsible for all costs of clean up and/ or removal of hazardous and toxic substances spilled as a result of his or her services or operations performed under this Agreement.

8. Standard of Care

Consultant's services will be performed in accordance with generally accepted professional practices and principles and in a manner consistent with the level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions.

9. Assignment and Subcontractor

Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the Stadium Manager, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement. Nothing contained herein shall prevent Consultant from employing independent associates, and subcontractors as Consultant may deem appropriate to assist in the performance of services hereunder.

10. Independent Contractor

Consultant is retained as an independent contractor and is not an employee of Stadium Manager. No employee or agent of Consultant shall become an employee of Stadium Manager. The work to be performed shall be in accordance with the work described in this Agreement, subject to such directions and amendments from Stadium Manager as herein provided.

11. Insurance. Consultant shall not commence work for the Stadium Manager until it has provided evidence satisfactory to the Stadium Manager it has secured all insurance required under this section. In addition, Consultant shall not allow any subcontractor to commence work on any subcontract until it has secured all insurance required under this section.

a. Commercial General Liability

(i) The Consultant shall take out and maintain, during the performance of all work under this Agreement, in amounts not less than specified herein, Commercial General Liability Insurance, in a form and with insurance companies acceptable to the Stadium Manager.

(ii) Coverage for Commercial General Liability insurance shall be at least as broad as the following:

(1) Insurance Services Office Commercial General Liability coverage (Occurrence Form CG 00 01) or exact equivalent.

(iii) Commercial General Liability Insurance must include coverage for the following:

(1) Bodily Injury and Property Damage
(2) Personal Injury/Advertising Injury
(3) Premises/Operations Liability
(4) Products/Completed Operations Liability
(5) Aggregate Limits that Apply per Project
(6) Explosion, Collapse and Underground (UCX) exclusion deleted
(7) Contractual Liability with respect to this Agreement
(8) Property Damage
(9) Independent Contractors Coverage

(iv) The policy shall contain no endorsements or provisions limiting coverage for (1) contractual liability; (2) cross liability exclusion for claims or suits by one insured against another; (3) products/completed operations liability; or (4) contain any other exclusion contrary to the Agreement.

(v) The policy shall give Stadium Manager, Forty Niners SC Stadium Company LLC, Forty Niners Football Company LLC, the Santa Clara Stadium Authority, and the City of Santa Clara, their officials, officers, employees, agents and designated volunteers additional insured status using ISO endorsement forms CG 20 10 10 01 and 20 37 10 01, or endorsements providing the exact same coverage.

(vi) The general liability program may utilize either deductibles or provide coverage excess of a self-insured retention, subject to written approval by the Stadium Manager, and provided that such deductibles shall not apply to the Stadium Manager as an additional insured.

b. Automobile Liability

(i) At all times during the performance of the work under this Agreement, the Consultant shall maintain Automobile Liability Insurance for bodily injury and property damage including coverage for any auto, including those owned, non-owned, hired or otherwise operated or used by or on behalf of Contractor, in a form and with insurance companies acceptable to the Stadium Manager.

(ii) Coverage for automobile liability insurance shall be at least as broad as Insurance Services Office Form Number CA 00 01 covering automobile liability (Coverage Symbol 1, any auto).

(iii) The policy shall give Stadium Manager, Forty Niners SC Stadium Company LLC, Forty Niners Football Company LLC, the Santa Clara Stadium Authority, and the City of Santa Clara, their officials, officers, employees, agents and designated volunteers additional insured status.

(iv) Subject to written approval by the Stadium Manager, the automobile liability program may utilize deductibles, provided that such deductibles shall not apply to the Stadium Manager as an additional insured, but not a self-insured retention.

c. Workers' Compensation/Employer's Liability

(i) Consultant certifies that he/she is aware of the provisions of Section 3700 of the California Labor Code which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and he/she will comply with such provisions before commencing work under this Agreement.

(ii) To the extent Consultant has employees at any time during the term of this Agreement, at all times during the performance of the work under this Agreement, the Consultant shall maintain full compensation insurance for all persons employed directly by him/her to carry out the work contemplated under this Agreement, all in accordance with the "Workers' Compensation and Insurance Act," Division IV of the Labor Code of the State of California and any acts amendatory thereof, and Employer's Liability Coverage in amounts indicated herein. Consultant shall require all subcontractors to obtain and maintain, for the period required by this Agreement, workers' compensation coverage of the same type and limits as specified in this section.

d. Professional Liability (Errors and Omissions)

At all times during the performance of the work under this Agreement the Consultant shall maintain professional liability or Errors and Omissions insurance appropriate to its profession, in a form and with insurance companies acceptable to the Stadium Manager and in an amount indicated herein. This insurance shall be endorsed to include contractual liability applicable to this Agreement and shall be written on a policy form specifically designed to protect against acts, errors or omissions of the Consultant. "Covered Professional Services" as designated in the policy must specifically include work performed under this Agreement. The policy must "pay on behalf of" the insured and must include a provision establishing the insurer's duty to defend.

e. Cyber Liability

At all times during the performance of the work under this Agreement the Consultant shall maintain cyber liability insurance for losses arising from destruction or corruption of data,

including but not limited to privacy and data security breaches, virus transmission, unauthorized access, denial of service and loss of income from network security failures.

f. Umbrella/Excess Liability

At all times during the performance of the work under this Agreement the Consultant shall maintain umbrella or excess liability insurance that is follow form to and provides excess coverage over the liability policies specified above.

g. Minimum Policy Limits Required

(i) The following insurance limits are required for the Agreement:

	Limits of Insurance
Commercial General Liability	$2,000,000 per occurrence/$4,000,000 aggregate for bodily injury, personal injury, and property damage
Automobile Liability	$1,000,000 combined single limit
Employer's Liability	$1,000,000 per accident or disease
Professional Liability	$5,000,000 per claim and aggregate (errors and omissions)
Cyber Liability	$3,000,000 per claim
Umbrella/Excess Liability	$10,000,000 per claim and aggregate

(ii) Defense costs shall be payable in addition to the limits.

(iii) Requirements of specific coverage or limits contained in this section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. Any available coverage shall be provided to the parties required to be named as Additional Insured pursuant to this Agreement.

g. Evidence Required

Prior to execution of the Agreement, the Consultant shall file with the Stadium Manager evidence of insurance from an insurer or insurers certifying to the coverage of all insurance required herein. Such evidence shall include original copies of the ISO CG 00 01 (or insurer's equivalent) signed by the insurer's representative and Certificate of Insurance (Acord Form 25-S or equivalent), together with required endorsements. All evidence of insurance shall be signed by a properly authorized officer, agent, or qualified representative of the insurer and shall certify the names of the insured, any additional insureds, where appropriate, the type and amount of the insurance, the location and operations to which the insurance applies, and the expiration date of such insurance.

h. Policy Provisions Required

(i) Consultant shall provide the Stadium Manager at least thirty (30) days prior written notice of cancellation of any policy required by this Agreement, except that the Consultant shall provide at least ten (10) days prior written notice of cancellation of any such policy due to non-payment of premium. If any of the required coverage is cancelled or expires during the term of this Agreement, the Consultant shall deliver renewal certificate(s) including the General Liability Additional Insured Endorsement to the Stadium Manager at least ten (10) days prior to the effective date of cancellation or expiration.

(ii) The Commercial General Liability Policy and Automobile Policy shall each contain a provision stating that Consultant's policy is primary insurance and that any insurance, self-insurance or other coverage maintained by the Stadium Manager or any named insureds shall not be called upon to contribute to any loss.

(iii) The retroactive date (if any) of each policy is to be no later than the effective date of this Agreement. Consultant shall maintain such coverage continuously for a period of at least three years after the completion of the work under this Agreement. Consultant shall purchase a one (1) year extended reporting period A) if the retroactive date is advanced past the effective date of this Agreement; B) if the policy is cancelled or not renewed; or C) if the policy is replaced by another claims-made policy with a retroactive date subsequent to the effective date of this Agreement.

(iv) All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to provide a waiver of subrogation in favor of the Stadium Manager, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against Stadium Manager, and shall require similar written express waivers and insurance clauses from each of its subcontractors.

(v) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the Stadium Manager and shall not preclude the Stadium Manager from taking such other actions available to the Stadium Manager under other provisions of the Agreement or law.

i. Qualifying Insurers

(i) All policies required shall be issued by acceptable insurance companies, as determined by the Stadium Manager, which satisfy the following minimum requirements:

(1) Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and admitted to transact in the business of insurance in the State of California, or otherwise allowed to place insurance through

surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

j. Additional Insurance Provisions

(i) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the Stadium Manager, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(ii) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, Stadium Manager has the right but not the duty to obtain the insurance it deems necessary and any premium paid by Stadium Manager will be promptly reimbursed by Consultant or Stadium Manager will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, Stadium Manager may cancel this Agreement.

(iii) The Stadium Manager may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(iv) Neither the Stadium Manager nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

h. Subcontractor Insurance Requirements. Consultant shall not allow any subcontractors or subcontractors to commence work on any subcontract until they have provided evidence satisfactory to the Stadium Manager that they have secured all insurance required under this section. Policies of commercial general liability insurance provided by such subcontractors or subcontractors shall be endorsed to name the Stadium Manager as an additional insured using ISO forms CG 20 10 10 01 and 20 37 10 01 or an endorsement providing the exact same coverage. If requested by Consultant, Stadium Manager may approve different scopes or minimum limits of insurance for particular subcontractors or subcontractors.

12. Indemnification.

a. To the fullest extent permitted by law, Consultant shall defend (with counsel of Stadium Manager's choosing), indemnify and hold Stadium Manager, the Santa Clara Stadium Authority, the City of Santa Clara, their affiliates, and each of their respective officers, directors, managers, members, partners, owners, employees, agents and authorized volunteers, each tenant and event promoter of Levi's Stadium, and any mortgagee, bond trustee or other financial institution from time to time holding a line or indenture upon an interest in Levi's Stadium, and each of them (collectively, the "Indemnified Parties") free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of

the Consultant's services, the Project, any Task Order or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses. Consultant's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by Consultant, the Indemnified Parties.

b. In addition, Consultant shall be fully responsible for any unauthorized collection, access, use, and disclosure of Privacy Restricted Data, as defined in the Stadium Manager's Privacy and Data Collection Addendum attached hereto as Exhibit D and incorporated herein by this reference (the "Addendum"), and Stadium Manager Data, as defined in Section 15 below, within its possession or control, or within the possession or control of its subcontractors, employees, and any third party that receives the Privacy Restricted Data or Stadium Manager Data from Consultant, including all civil liability, consumer reporting requirements, and consumer credit monitoring requirements arising from any unauthorized access of such Privacy Restricted Data and Stadium Manager Data, and shall indemnify, defend and hold harmless the Indemnified Parties against any claims, suits, investigations, demands, damages, actions, fines, penalties or losses (including reasonable attorneys' fees and costs) in connection therewith, including any breach of Consultant's obligations under the Addendum and/or Consultant's use or disclosure of Privacy Restricted Data in violation of applicable Privacy Laws, as defined in Schedule 1.

c. If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance of "design professional" services (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

13. California Labor Code Requirements.

a. Consultant is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects ("Prevailing Wage Laws"). If the services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. Consultant shall defend, indemnify and hold the Indemnified Parties free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It shall be mandatory upon the Consultant and all subcontractors to comply with all California Labor Code provisions, which include but are not limited to prevailing wages (Labor Code Sections 1771, 1774 and 1775), employment of apprentices (Labor Code Section 1777.5), certified payroll records (Labor Code Sections 1771.4 and 1776), hours of labor (Labor Code Sections 1813 and 1815) and debarment of contractors and subcontractors (Labor Code Section 1777.1). The requirement to submit certified payroll records directly to the Labor Commissioner under Labor Code section 1771.4 shall not apply to work

performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Section 1771.4.

b. If the services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Consultant and all subcontractors performing such services must be registered with the Department of Industrial Relations. Consultant shall maintain registration for the duration of the Project and require the same of any subcontractors, as applicable. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

c. It shall be Consultant's sole responsibility to comply with, and maintain adequate records of its adherence to, all applicable registration and labor compliance requirements. Proof of such compliance may include Contractor registration with the Department of Industrial Relations, California certified payroll form A-131, statements of non-performance for work not undertaken at any point during the project, DAS 140/142 forms for all apprenticeable crafts or trades, and proper fringe benefits statements. At any time during or subsequent to the full performance of the services under this Agreement, Stadium Manager and/or the Santa Clara Stadium Authority may require Contractor to produce complete and adequate compliance records, subject to Stadium Manager and/or the Santa Clara Stadium Authority's satisfaction, prior to release of payment.

d. This Agreement may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. Any stop orders issued by the Department of Industrial Relations against Consultant or any subcontractor that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the Stadium Manager. Consultant shall defend, indemnify and hold the Indemnified Parties free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Consultant or any subcontractor.

14. Verification of Employment Eligibility.

By executing this Agreement, Consultant verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time, and shall require all subcontractors and sub-subcontractors to comply with the same.

15. Data Protection and Security.

As part of the performance of its Services under this Agreement, Consultant will be provided access to certain sensitive information including security and operations related data and other forms of non-public data provided by Stadium Manager to Consultant to enable the provision of Services (collectively, "Stadium Manager Data"). Consultant will maintain appropriate administrative, physical, and technical safeguards for protection of the security, confidentiality,

and integrity of the Stadium Manager Data. Those safeguards will include, but will not be limited to, measures designed to prevent unauthorized access to or disclosure of the Stadium Manager Data. Company agrees to comply with all applicable privacy laws, including, but not limited to, the California Consumer Privacy Act (CCPA), the General Data Protection regulation (GDPR) (when applicable), and any other relevant state, federal, or international laws or regulations pertaining to data privacy and data protections. Company shall comply with the terms and conditions as defined by the Addendum.

16. Laws and Venue.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in a state or federal court situated in the County of Santa Clara, State of California.

17 Termination or Abandonment

a. Stadium Manager has the right to terminate or abandon any portion or all of the work under this Agreement by giving ten (10) calendar days written notice to Consultant. In such event, Stadium Manager shall be immediately given title and possession to all original field notes, drawings and specifications, written reports and other documents produced or developed for that portion of the work completed and/or being abandoned. Stadium Manager shall pay Consultant the reasonable value of services rendered for any portion of the work completed prior to termination. If said termination occurs prior to completion of any task for the Project for which a payment request has not been received, the charge for services performed during such task shall be the reasonable value of such services, based on an amount mutually agreed to by Stadium Manager and Consultant of the portion of such task completed but not paid prior to said termination. Stadium Manager shall not be liable for any costs other than the charges or portions thereof which are specified herein. Consultant shall not be entitled to payment for unperformed services, and shall not be entitled to damages or compensation for termination of work.

b. Consultant may terminate its obligation to provide further services under this Agreement upon thirty (30) calendar days' written notice to Stadium Manager only in the event of substantial failure by Stadium Manager to perform in accordance with the terms of this Agreement through no fault of Consultant.

18 Documents. Except as otherwise provided in "Termination or Abandonment," above, all original field notes, written reports, Drawings and Specifications and other documents, produced or developed for the Project shall, upon payment in full for the services described in this Agreement, be furnished to and become the property of the Stadium Manager.

19. Organization

Consultant shall assign _____ as Project Manager. The Project Manager shall not be removed from the Project or reassigned without the prior written consent of the Stadium Manager.

20. Limitation of Agreement.

This Agreement is limited to and includes only the work included in the Project described above.

21. Notice

Any notice or instrument required to be given or delivered by this Agreement may be given or delivered by depositing the same in any United States Post Office, certified mail, return receipt requested, postage prepaid, addressed to:

STADIUM MANAGER:	CONSULTANT:
Forty Niners Stadium Management Company LLC 4900 Marie DeBartolo Way Santa Clara, CA 95054 Attn: [***INSERT STADIUM MANAGER REP. NAME AND TITLE***]	[***INSERT NAME, ADDRESS & CONTACT PERSON***]

With copy to:

Legal Affairs
Forty Niners Stadium Management Company LLC
4949 Marie P. DeBartolo Way
Santa Clara, CA 95054

and shall be effective upon receipt thereof.

22. Third Party Rights

Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the Stadium Manager and the Consultant.

23. Equal Opportunity Employment.

Consultant represents that it is an equal opportunity employer and that it shall not discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, sex, age or other interests protected by the State or Federal Constitutions. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

24. Entire Agreement

This Agreement, with its exhibits, represents the entire understanding of Stadium Manager and Consultant as to those matters contained herein, and supersedes and cancels any prior or contemporaneous oral or written understanding, promises or representations with respect to those matters covered hereunder. Each party acknowledges that no representations, inducements, promises or agreements have been made by any person which are not incorporated herein, and that

any other agreements shall be void. This Agreement may not be modified or altered except in writing signed by both Parties hereto. This is an integrated Agreement.

25. Severability

The unenforceability, invalidity or illegality of any provision(s) of this Agreement shall not render the remaining provisions unenforceable, invalid or illegal.

26. Successors and Assigns

This Agreement shall be binding upon and shall inure to the benefit of the successors in interest, executors, administrators and assigns of each party to this Agreement. However, Consultant shall not assign or transfer by operation of law or otherwise any or all of its rights, burdens, duties or obligations without the prior written consent of Stadium Manager. Any attempted assignment without such consent shall be invalid and void.

27. Non-Waiver

None of the provisions of this Agreement shall be considered waived by either party, unless such waiver is specifically specified in writing.

28. Time of Essence

Time is of the essence for each and every provision of this Agreement.

29. Stadium Manager's Right to Employ Other Consultants

Stadium Manager reserves its right to employ other consultants, including engineers, in connection with this Project or other projects.

30. Disputes

All disputes between Consultant and the Stadium Manager relating in any way to this Agreement or any work performed under this Agreement (including, but not limited to, claims for breach of contract, tort, discrimination, harassment and any violation of federal or state law, regulation or constitution) ("Arbitrable Claims") shall be resolved by binding arbitration under the Federal Arbitration Act, in conformity with the procedures of the California Arbitration Act (Cal. Code Civ. Proc. § 1280 *et seq*., including § 1283.05 and all of the Act's other mandatory and permissive rights to discovery). In addition to any other requirements imposed by law, the arbitrator selected shall be a retired California Superior Court Judge, or otherwise qualified individual to whom the parties mutually agree, and shall be subject to disqualification on the same grounds as would apply to a judge of such court. All rules of pleading (including the right of demurrer), all rules of discovery, all rules of evidence, all rights to resolution of the dispute by means of motions for summary judgment, judgment on the pleadings and all other dispositive motions, and judgment under Code of Civil Procedure § 631.8 shall apply and be observed. Resolution of the dispute shall be based solely upon the law governing the claims and defenses pleaded, and the arbitrator may not invoke any basis other than such controlling law. The arbitrator shall have the immunity of a judicial officer from civil liability when acting in the capacity of an

arbitrator, which immunity supplements any other existing immunity. Likewise, all communications during or in connection with the arbitration proceedings are privileged in accordance with Cal. Civil Code § 47(b). As reasonably required to allow full use and benefit of this agreement's modifications to the Act's procedures, the arbitrator shall extend the times set by the Act for the giving of notices and setting of hearings. Awards shall include the arbitrator's written reasoned opinion. **The Parties understand and agree to this binding arbitration provision, and both Consultant and the Stadium Manager give up their right to trial by jury of any claim they may have against each other.**

31. Conflicts of Interest

This Agreement does not prevent either Party from entering into similar agreements with other parties. To prevent a conflict of interest, Consultant certifies that to the best of its knowledge, no Stadium Manager, Forty Niners SC Stadium Company LLC, Forty Niners Football Company LLC, Santa Clara Stadium Authority, or City of Santa Clara officer, employee, or authorized representative has any financial interest in the business of Consultant and that no person associated with Consultant has any interest, direct or indirect, which could conflict with the faithful performance of this Agreement. Consultant is familiar with the provisions of California Government Code Section 87100 and following, and with the Stadium Authority Conflict of Interest Code, and certifies that it does not know of any facts which would violate these code provisions. Consultant will advise Stadium Manager if a conflict arises.

SCOPE OF SERVICES

This Scope of Services defines the general terms and range of services that Consultant may be requested to perform under the Agreement. The Agreement is not a guarantee of work.

1) **General Service Terms:**
   a) **Task Order:**
      i) Except for Service Requests, no Services shall be performed unless authorized by a fully executed Task Order issued by Stadium Manager.
         (1) Consultant may provide the limited services outlined in the section detailing Service Requests in response to a Service Request placed by Stadium Manager without a Task Order.
         (2) Service Requests shall be tracked by Consultant and may be incorporated into a subsequent Task Order or otherwise reconciled as part of the Agreement.
      ii) Upon issuance of each Task Order, the Consultant shall assume full responsibility and accountability for all aspects of project execution, from initiation through final completion, within the scope defined in the applicable Task Order. This shall include, without limitation, project planning, scheduling, resource allocation, procurement, subcontractor engagement and management, installation, system integration and programming, testing, commissioning, and closeout. The Consultant shall ensure that all Services are performed in accordance with the requirements, timelines, and standards set forth in the applicable Task Order.
   b) **Task Order Contents**:
      i) Each Task Order shall, at a minimum, specify:
         (1) Services to be performed
         (2) locations for Services
         (3) schedule and milestones
         (4) deliverables
         (5) assumptions and dependencies
         (6) exclusions
         (7) compensation
         (8) acceptance criteria
   c) **Change Management**: Any modification of a Task Order requires a written change order executed by the Parties that describes, at a minimum, the changes and the resulting impact on schedule and cost.
   d) **General:**
      i) Consultant's normal working days and hours are Monday-Friday between 6:00 a.m. and 5:00 p.m., Pacific Time, excluding Holidays ("Normal Working Hours").
      ii) Consultants' normal business hours are Monday-Friday between 8a.m. and 5p.m. Pacific Time, excluding holidays ("Normal Business Hours").
      iii) Consultant's holidays are: New Year's Day; Martin Luther King Jr. Day, President's Day, Memorial Day; Independence Day; Labor Day; Thanksgiving Day; Day after Thanksgiving; Christmas Day.
      iv) All work performed shall meet the latest revision of all applicable federal, state, and

local regulations, laws, codes, and regulations.

v) Consultant will utilize trained, licensed, and experienced staff and subcontractors to perform all Services.

vi) Consultant shall comply with the California Department of Industrial Relations (DIR) pursuant to Labor Code §1725.5 and comply with all applicable prevailing wage requirements of the State of California, and apprenticeship laws under Labor Code §1777.5 when applicable and required based on the Services assigned via Task Order.

vii) All site access and work schedules are subject to approval by Stadium Manager. Consultant shall comply with all Stadium access, safety, and security requirements and coordinate response and service activities in alignment with Stadium event schedules and operational priorities.

viii) Each party shall designate a primary point of contact for coordination and communication.

ix) Procurement activities shall be conducted in accordance with approved Task Orders and may be subject to Stadium Manager purchasing policies and approval. Stadium Manager reserves the right to supply all or part of the materials or equipment on any project.

2) **Security System and Components:** The Consultant may work with various security components and systems, which include, but are not limited to, the following:
   - **a)** Servers, archivers, and associated infrastructure
   - **b)** Access control systems
   - **c)** Video surveillance (CCTV) systems
   - **d)** Command center hardware and software
   - **e)** Intrusion detection and alarm systems
   - **f)** Perimeter security systems
   - **g)** Intercom and emergency communication systems
   - **h)** IT network infrastructure supporting security systems
   - **i)** Integrations with non-security software and hardware
   - **j)** Software
   - **k)** Any additional security hardware or software identified through system evaluations and necessary to maintain or enhance security at Levi's Stadium
3) **Services:** The Consultant shall provide services which may include, but are not limited to, the following:
   - **a) Assessment, Design & Engineering, & Consulting**
     - **i)** Provide engineering and design services for system enhancements, including, but not limited to, the integration of new technologies, system upgrades, application of software and firmware patches, and replacement of system components.
     - **ii)** Provide ongoing consultation and strategic recommendations related to system performance, scalability, expansion, and lifecycle management, including the identification of end-of-life components and recommended remediation or upgrade paths.
     - **iii)** Prepare project budgets, scopes of work, and technical documentation.
   - **b) System Integration, Configuration & Cybersecurity**
     - **i)** Program, configure, and maintain new and existing security systems to operate within the centralized security platform, ensuring centralized control and data integration
     - **ii)** Ensure all devices and components are fully integrated with existing IT infrastructure

and the centralized security system, as required.

iii) Align security system configuration and operation with Stadium Manager's cybersecurity policies and applicable industry frameworks (e.g., NIST, ISO), as directed by Stadium Manager.

c) Procurement & Implementation

i) Vet, source, and procure security equipment, software, and components, leveraging partnerships and cooperative purchasing agreements where applicable.

ii) Install, configure, and commission security hardware and software components and systems.

iii) Manage software licensing, including renewals and compliance.

d) Project Management & Coordination

i) Manage and oversee all phases of assigned Task Orders, including scheduling, resource allocation, and quality control.

ii) Coordinate with Stadium Manager's IT staff, security personnel, contractors, vendors, and other stakeholders, as necessary, to ensure that all projects account for and do not damage, obstruct, interfere with, or otherwise adversely impact existing or planned Security systems, and that such systems are properly protected and maintained throughout design, construction, and ongoing operations.

iii) Select, vet, and manage subcontractors needed for security projects.

e) Operations, Maintenance & Support, Service Requests

i) Provide ongoing system maintenance, monitoring, and technical support as requested by Stadium Manager.

ii) **Service Requests**: The Consultant shall respond to and resolve system issues, incidents, and emergencies in accordance with the response and resolution times set forth below without a Task Order ("Service Request"). The applicable service priority level shall be assigned by the Stadium Manager at the time the service request is initiated and shall be identified as one of the following: P1 Emergency, P1 IT Emergency, P2 Priority (Non-Emergency), or P3 Standard Service Request. The Consultant shall comply with all response and resolution requirements associated with each service level.

iii) **Time Commitments for Service Requests**: (Applies to All Service Levels):
The time commitment for responses to Service Requests begins upon the Consultant confirming or acknowledging receipt of the Service Request. Service Requests must be submitted via the designated phone number provided to Stadium Manager for service calls and/or the designated email address, as required for the level of service being requested.

(1) Requests submitted via email shall result in the generation of a service ticket, which shall serve as confirmation of receipt and acknowledgment of the Service Request and will begin the time commitment for the Consultant's response.

(2) Response and service timelines are contingent upon the Consultant being provided reasonable access to the site and are subject to safety conditions, traffic, and other factors beyond the Consultant's reasonable control.

iv) **Service Levels:** The following are the service levels and corresponding response times:

(1) **P1: Emergency - Onsite response Required.**

(a) **Service Requests**: Stadium Manager must call the dedicated telephone number AND send an email to the dedicated email address detailing the issue and the

level of service requested.

(b) **Time to First Response**: Consultant will contact the Stadium Manager by telephone within one (1) hour.

(c) **Service Dispatch**: Consultant will dispatch service technician(s) within four (4) hours.

(d) **Arrival of Technician(s) on-site**: Technician(s) will arrive on site within four (4) hours and thirty (30) minutes.

(e) **Availability of Service**: Service is available 24 hours per day, 7 days per week.

(2) **P1: IT Emergency: Remote Support**

(a) **Service Requests:** Stadium Manager makes a service request by calling the dedicated telephone number AND by sending an email to the dedicated email address detailing the issue and the level of service requested.

(b) **Time to First Response**: Consultant will contact Stadium Manager by telephone within one (1) hour.

(c) **On-line Service Begins:** Consultant will have an engineer engaged online to address the issue within four (4) hours.

(d) **Availability of Service**: Service is available 24 hours per day, 7 days per week.

(3) **P2 Priority, Non-Emergency**

(a) **Service Requests**: Stadium Manager makes a service request by sending an email to the dedicated email address detailing the issue and level of service requested.

(b) **Time to First Response**: For requests received and acknowledged during Normal Business Hours, Consultant will contact Stadium Manager within four (4) hours, provided the four (4)-hour response period falls within Normal Business Hours. If any portion of the four (4)-hour response period extends beyond Normal Business Hours, the response time will be suspended at the end of Normal Business Hours and will resume at the start of the next Normal Working Hours period, with the remaining time carried over.

(c) **Service Begins**: Consultant will assign a dedicated technician(s) and/or other resources to address the service request within two (2) business days during Normal Working Hours.

(d) **Availability of Service**: Service is available during Normal Working Hours.

(4) **P3 Standard Service Request**

(a) **Service Request**: Stadium Manager makes a service request by sending an email to dedicated email address detailing the issue and level of service requested.

(b) **Time to First Response**: For requests received during Normal Business Hours, Consultant will contact Stadium Manager within four (4) hours, provided the four (4)-hour response period falls within Normal Business Hours. If any portion of the four (4)-hour response period extends beyond Normal Business Hours, the response time will be suspended at the end of Normal Business Hours and will resume at the start of the next Normal Business Hours period, with the remaining time carried over.

(c) **Service Begins**: Consultant will assign a dedicated technician(s) and/or other resources to address the service request within five (5) business days during

Normal Working Hours.

(d) **Availability of Service**: Service is available during Normal Working Hours.

f) Training & Documentation

i) Provide training to Stadium Manager staff, as requested by Stadium Manager, on system operation, maintenance, and any other topics relevant to operating the security system and its components.

g) Compliance

i) Ensure all services, designs, and installations comply with applicable local, state, and federal regulations, as well as league-specific requirements, including NFL Security Best Practices and SAFETY Act considerations

ii) Consultant will support compliance efforts related to security systems but does not assume responsibility for overall regulatory compliance of Stadium operations.

4) **Licensing, Compliance, and Access Requirements**

a) The Consultant shall, at all times during the Term of this Agreement, including any extensions thereof, maintain all licenses, certifications, registrations, and qualifications required to perform the services described herein, in accordance with all applicable federal, state, and local laws, codes, and regulations. Such requirements shall apply equally to the Consultant and its employees, subcontractors, agents, and representatives.

b) The Consultant shall maintain valid, active California C-7 Low Voltage Systems Contractor and C-10 Electrical Contractor licenses, both in good standing with the California Contractors State License Board (CSLB), for the Term of this Agreement, including any extensions. The Consultant shall be fully qualified to perform low-voltage system installation and all required electrical work under these licenses.

c) All work requiring a C-7 or C-10 license shall be performed either directly by the Consultant or by properly licensed subcontractors, subject to prior approval by the Stadium Manager. The Consultant shall remain fully responsible for all work performed by the subcontractor.

d) The Consultant shall ensure that all personnel, including employees, subcontractors, agents, and representatives, comply with all Stadium Manager data security, cybersecurity, and information technology policies and procedures, as may be updated from time to time. This includes, but is not limited to, executing any required confidentiality, non-disclosure, data access, or similar documentation as a condition of access to systems, networks, or sensitive information. Consultant's obligations are limited to systems and services within the scope of work defined under each Task Order.

e) The Consultant shall ensure that all such personnel comply with all Stadium Manager access, badging, and security requirements, including background checks, credentialing, training, and site-specific protocols necessary to perform work at Levi's® Stadium.

f) The Consultant shall remain responsible for the acts and omissions of its personnel, and any subcontractors within the scope of services performed under this Agreement.

g) Failure to comply with the requirements of this section may result in denial or revocation of access to Stadium facilities, systems, or projects.

5) **Warranties and Equipment:**

a) Equipment and material furnished by Consultant shall be new and shall be of commercial quality. Used, reconditioned, or discontinued models and materials are not acceptable.

b) The warranty period for Consultant-provided equipment and materials shall be one (1) year or equal to the manufacturer's warranty, whichever is longer. Manufacturer warranties for

all security equipment, components, and parts, both software and hardware, will be passed to Stadium Manager.

c) Consultant agrees to provide a 1-year labor warranty. Such warranty shall commence upon the date of acceptance of Consultant's work by the Stadium Manager

d) Consultant guarantees that the labor, equipment and materials used are within the specified guidelines and recommendations of the manufacturer. Consultant shall replace failed and/or defective equipment and parts supplied and/or installed by Consultant that are under warranty. Such cost, if any, shall be incurred by Consultant. Consultant shall be responsible for defects in labor and materials provided by Consultant. Consultant shall not be responsible for defects arising from third-party equipment, manufacturer defects, or modifications performed by others.

e) Consultant shall notify Stadium Manager when a recall is issued for any equipment or component serviced, installed, or repaired by Consultant. Notification by Consultant shall include the reasons for the recall, procedures for replacement, and the disposition of the recalled equipment.

f) Consultant expressly warrants that all materials and services covered by this Agreement shall be fit for the purpose intended, shall be free from defect and shall conform to the specifications, requirements, and instructions upon which this Agreement is based. Consultant agrees to promptly replace or correct any incomplete, inaccurate, or defective Services at no further cost to Stadium Manager when defects are due to the negligence, errors or omissions of Consultant. If Consultant fails to promptly correct or replace materials or services, Stadium Manager may make corrections or replace materials or services and charge Consultant for the cost incurred by Stadium Manager.

6) Confidentiality of Material

a) All ideas, memoranda, specifications, plans, manufacturing procedures, data, drawings, descriptions, documents, discussions or other information developed or received by or for Consultant and all other written information submitted to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant and shall not, without the prior written consent of Stadium Manager, be used for any purposes other than the performance of the Services nor be disclosed to an entity not connected with performance of the Services. Nothing furnished to Consultant which is otherwise known to Consultant or becomes generally known to the related industry shall be deemed confidential.

7) Project Management

a) Consultant shall assign an Account Executive as the main contact for the Stadium Manager during the Term, and any extensions thereof, of the Agreement. Notice of any changes (including, but not limited to, name, address, e-mail, and telephone number) shall be promptly provided in writing to Stadium Manager.

b) Consultant will designate a primary point of contact; however, responsibilities may be supported by a broader team depending on Task Order scope.

8) **On-Site Rules:**

a) Consultant will comply with all building code requirements, if applicable. The Stadium Manager will not accept Consultant 's work unless it meets all applicable building code requirements.

b) Consultant will follow the Public Health Orders issued by the Santa Clara County Health Department. The Public Health Order updates can be accessed online at

https://www.sccgov.org/sites/covid19/Pages/public-health-orders.aspx

c) Consultant will use necessary safety equipment when on-site. Safety equipment includes but is not limited to hard hats, eye protection, safety vests, hearing protection, fall protection, and safety boots as required by the California Occupational Safety and Health Administration.

d) Consultant will provide protection for all existing building components beneath and around the work. Any damage to existing building components caused by Consultant shall be immediately repaired or replaced at Consultant 's sole expense in a manner acceptable to and approved by Stadium Manager.

e) In all active work areas, Consultant, and its subcontractors, will provide, install and maintain all necessary barricades and warnings to prohibit pedestrian access into any affected work area. This not only includes areas surrounding the work but also includes areas below the work. Levi's® Stadium is an active building containing employees, guests, and other Consultants daily. Consultant shall be responsible for keeping others out of their active work areas and preventing the exposure of others to grinding, sanding, scraping, paint drips, overspray or any other material generated within the work area, both around and below.

f) At end of each workday, remove rubbish, empty cans, rags, and other discarded materials from project site. Secure, locate and position all unused materials and equipment, including man lifts, to the satisfaction of Stadium Manager.

g) Consultant shall park in only approved designated parking areas as identified by Stadium Manager.

h) No smoking, drugs, or alcohol permitted on site

i) Consultant will schedule work hours with the Stadium Manager.

j) Consultant will coordinate employee break areas with the Stadium Manager. All lunch and break debris generated by the Consultant must be disposed of immediately in appropriate containers (i.e., glass, aluminum, cardboard, etc.).

k) No radios, iPods, music devices with earbuds, etc. are allowed.

l) Consultant will contact Stadium Manager immediately should any incidents occur or if any conflicts with these onsite rules should arise.

m) Consultant and all subcontractors must register in the Stadium Manager's visitor management and access control system in order to enter the Stadium.

n) Consultants and all employees must stay in their area as required and defined in the Project scope of work. Any Consultant employee found outside of the authorized Project area will be removed from the property and may not return to the site.

o) Consultant Equipment / Vehicles – Consultant shall coordinate delivery and use of all equipment brought and used on site (owned or rented) with the Stadium Manager. Equipment shall display markings identifying the following information for each piece of equipment while on site: Consultant's company name, contact name, and phone number.

- **i)** Equipment requiring this information includes, but is not limited to, the following types of equipment: Material Handling Equipment (such as Forklifts and Pallet Jacks), Golf Carts, Flatbeds, Manlifts, Vehicles, Job Boxes, Trailers,.

p) Anyone operating this equipment must have the proper certifications, operate them in compliance with Cal/OSHA standards, and shall follow any Stadium Manager safety protocols.

9) **Social Media Policy**

a) This policy governs Consultant's use of social media, including any online tools used to share content and profiles, such as personal web pages, message boards, networks, communities, and social networking websites including, but not limited to, Facebook, Twitter, Instagram, LinkedIn, Snapchat, Tumblr, Reddit, and web blogs. The lack of explicit reference to a specific site or type of social media does not limit the application of this policy.

b) The Consultant (and all employees) are prohibited from the following:

i) Using social media to post or to display comments about Stadium Manager, the San Francisco 49ers, Levi's Stadium, co-workers, supervisors, clients, vendors, suppliers or members of management that are vulgar, obscene, physically threatening or intimidating, harassing, or otherwise constitute a violation of the Stadium Manager's workplace policies against discrimination, retaliation, harassment, or hostility on account of any protected category, class, status, act or characteristic.

ii) Infringing on Stadium's logos, brand names, taglines, slogans or other trademarks. Consultants and their agents, owners, and employees shall comply with the laws regarding copyrights, trademarks, rights or publicity and other third-party rights.

iii) Posting or displaying content that is an intentional public attack on the quality of the Stadium's products and/or services in a manner that a reasonable person would perceive as calculated to harm the Stadium's business and is unrelated to any employee concern involving wages, hours, or other terms and conditions of employment.

10) Use of Subcontractors

a) Quotations for services shall be submitted to Stadium Manager for review and approval before any work can begin. Each quotation will identify all subcontractors that Consultant plans to utilize to perform the work along with a description of the scope of work to be performed by subcontractors.

b) All subcontractors proposed by Consultant to perform work are subject to approval by Stadium Manager.

c) Consultant shall be responsible for the management and performance of all approved subcontractors performing work under its direction within the scope of the applicable Task Order.

d) Consultant shall ensure that all subcontractors of every tier engaged to perform any portion of the work meet the following requirements, if applicable and required based on the project assigned via Task Order:

i) Hold all valid and active licenses, certifications, and registrations required by the State of California, County of Santa Clara, or City of Santa Clara.

ii) Be currently registered with the California Department of Industrial Relations (DIR) as a public works Consultant pursuant to Labor Code §1725.5 and comply with all applicable prevailing wage requirements of the State of California, and apprenticeship laws under Labor Code §1777.5, if applicable to the services being performed.

iii) Maintain valid workers compensation insurance which meets all requirements of the State of California.

iv) Comply with all policies, regulations, and safety protocols, of the Stadium, including job site security, background checks (if applicable), access control, and environmental standards.

v) Attend any required preconstruction or compliance meetings as directed by Stadium Manager.

vi) Comply with all requirements of the Agreement between Stadium Manager and Consultant.

vii) Maintain insurance coverage, licenses, and qualifications consistent with the requirements of this Agreement. Upon request, Consultant shall provide documentation demonstrating subcontractor compliance.

EXHIBIT B

SCHEDULE OF CHARGES

This Exhibit B outlines the rates and fees for Services provided by Consultant. Consultant shall submit itemized invoices detailing all materials (including any non-taxable materials), equipment, dispatch and portal to portal travel charges, subcontractor charges, and Consultant labor charges. Labor shall be broken down by defined labor categories, and for each category the invoice shall identify the personnel performing the services, the applicable billing rates, and the number of hours worked. For equipment, the invoice shall identify the billed amount for each item and the manufacturer's suggested retail price (MSRP) for each item. For materials and subcontractor charges, the invoice shall identify the Consultant's cost and any applicable markup, which shall be separately stated. Any mutually agreed-upon unexpected costs to be reimbursed by Stadium Manager shall be approved in writing by Stadium Manager prior to Consultant incurring them, provided Consultant has furnished proper documentation of such authorized expenses as Stadium Manager may reasonably request. This is a time-and-materials contract.

Stadium Manager is using Coupa, a business spend management platform. All purchase orders, invoices, and payments will be handled electronically using the Coupa Supplier Portal. Consultant shall work with Stadium Manager to establish all account information necessary to process payments under this Contract via the Coupa Supplier Portal.

I. Labor Rates

Except for Service Requests, which shall be billed in accordance with the Service Request Rates set forth in this Exhibit B, all other Services performed under the Agreement shall be billed on a time-and-materials basis at the applicable hourly labor rates specified herein, based on the actual hours worked.

All labor rates set forth in this Exhibit B are fully burdened and inclusive of all costs incurred by Consultant in the performance of the Services, including, without limitation, wages, payroll taxes, fringe benefits, insurance, supervision, tools, overhead, administrative expenses, and profit.

a. **Normal Working Hours**: Consultant's normal working hours ("Normal Working Hours") shall be defined as 6:00 a.m. to 5:00 p.m., Monday through Friday, excluding federally recognized holidays.

b. **Normal Business Hours**: Consultant's normal working hours ("Normal Business Hours") shall be 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding federally recognized holidays.

c. **Regular Hourly Rates**: Regular hourly rates shall apply to up to eight (8) hours worked during Normal Working Hours in any given workday. Any hours worked in excess of

eight (8) hours in a workday shall not be subject to premium or overtime rates unless expressly approved in advance and in writing by Stadium Manager.

d. Overtime rates: "Overtime" shall mean: (i) any time worked in excess of eight (8) hours during Normal Working Hours within any twenty-four (24)-hour period; and/or (ii) any time worked outside of Normal Working Hours, including work performed on Saturdays, Sundays, or federally recognized holidays, unless otherwise agreed to in writing by the Parties.

Positions identified in this Exhibit as "N/A" for overtime, Saturday, or Sunday/holiday rates shall not be eligible for any premium, overtime, or differential compensation under any circumstances.

Consultant shall not perform, and Stadium Manager shall have no obligation to pay for, any Overtime work unless such work has been expressly authorized in advance and in writing by Stadium Manager.

e. Billing Increments: Labor shall be recorded and billed by rounding to the nearest fifteen (15) minute increment as follows: 0 to 7 minutes past the quarter hour shall be rounded down to the previous quarter hour; and 8 to 14 minutes past the quarter hour shall be rounded up to the next quarter after the two-hour minimum is met, where applicable.

f. Labor Rate Increases: The labor rates set forth in this Exhibit B shall apply for each applicable year of the initial five (5)-year Term of the Agreement. In the event the Parties agree to extend the Term for one (1) or more optional renewal periods, Consultant may request adjustments to the labor rates on each annual anniversary of the Effective Date occurring during such renewal period(s), subject to the limitations set forth herein. Any approved labor rate adjustment shall not exceed the lesser of: (a) three percent (3%) over the immediately preceding year's rates; or (b) the percentage change over the preceding twelve (12)-month period in the Employment Cost Index (ECI) for Wages and Salaries for Private Industry Workers, as published by the U.S. Bureau of Labor Statistics. Notwithstanding the foregoing, increases to such Technician PW rates in excess of three percent (3%) shall be allowed only where mandated by an increase in the applicable prevailing wage determination.

Consultant shall submit any request for a labor rate increase in writing to Stadium Manager no less than ninety (90) calendar days prior to the applicable anniversary date of the Effective Date. Such request shall include reasonable supporting documentation substantiating the proposed adjustment, including, where applicable, reference to the relevant ECI data or updated prevailing wage determination.

No labor rate adjustment shall be effective unless and until it is expressly approved in writing by Stadium Manager and memorialized in a written amendment to this Agreement executed by duly authorized representatives of both Parties.

g. **Event Day Technician Option:** Event Day Technicians shall be compensated at their regular hourly rate for services performed on Saturdays, Sundays, or federally recognized Holidays, provided that the Stadium Manager and Consultant mutually agree in writing to the work schedule at least thirty (30) days in advance of the applicable event. In such instances, no overtime, weekend, or holiday premium rates shall apply. In the absence of such advance agreement, compensation for Event Day Technicians shall be in accordance with the applicable labor rates set forth in the rate schedule(s) below, including any overtime or premium rates as required.

Year 1: Date Here

II. SERVICE REQUEST RATES

Service Requests shall be billed in accordance with the rates, minimum charges, and fees set forth below.

a. P1: There is no Overtime, Saturday or Sunday/Holiday rates for P1 Service Requests.

b. P2 and P3: Work shall be performed during Normal Working Hours. No overtime, Saturday or Sunday/Holiday rates shall apply unless pre-approved in writing by Stadium Manager.

c. Portal-to-Portal Travel Time: For P1 On-Site Service Requests, Consultant may bill portal-to-portal travel time, defined as the period commencing when Consultant begins travel to the Stadium and ending upon return to the origination point. The "origination point" shall be limited to: (i) Consultant's designated local office, (ii) the location where the technician was performing work within the Local Service Area at the time travel commenced, or (iii) the technician's primary residence. For purposes of this Agreement, "Local Service Area" means Alameda, Contra Costa, San Francisco, San Mateo, and Santa Clara counties. Portal-to-portal travel time: shall be billed at the applicable standard hourly rate; shall not exceed two and one-half (2.5) hours per Service Request; and shall not apply to P2 or P3 Service Requests.

d. **Dispatch Fees**: Dispatch fees are fixed, per-Service Request charges covering coordination, dispatch, and standard travel-related costs (including fuel). No additional charges for fuel, mileage, or travel time shall be billed, in addition to the Dispatch Fee. Stadium Manager reserves the right to request dispatch records and supporting documentation at any time to verify compliance with these requirements. Dispatch fees will remain firm for the entire Term of the Agreement, including any optional extension periods.

P1 Service Requests: The following hourly labor rates apply to P1 Service Requests for each one-year period within the initial five-year Term.

Labor Category	Year 1	Year 2	Year 3	Year 4	Year 5	Minimum Required Hours	Dispatch Fee
On-Site Technician	$250.00	$256.00	$263.00	$269.00	$276.00	0	None
On-Site IT Engineer	$250.00	$256.00	$263.00	$269.00	$276.00	0	None
Remote IT Engineer	$250.00	$256.00	$263.00	$269.00	$276.00	1	None

P2 and P3 Service Requests: The following hourly labor rates and fees apply to P2 and P3 Service Requests provided within the Term.

On-Site Service Requests - Technician

Priority Level	Hourly Rate	Minimum Required Hours	Dispatch Fee
P2	Per Section I, Labor Rates for the applicable one-year period.	4	$75.00
P3	Per Section I, Labor Rates, for the applicable one-year period.	2	$75.00

On-Site Service Requests - IT Engineer

Priority Level	Hourly Rate	Minimum Required Hours	Dispatch Fee
P2	Per Section I, Labor Rates, for the applicable one-year period	4	$75.00
P3	Per Section I, Labor Rates, for the applicable one-year period.	2	$75.00

Remote Service Request – IT Engineer

Priority Level	Hourly Rate	Minimum Required Hours	Dispatch Fee
P2	Per Section I, Labor Rates for the applicable one-year period.	1	None
P3	Per Section I, Labor Rates for the applicable one-year period.	1	None

III. MARKUPS

a. Application of Markups

Consultant shall be entitled to apply markups to certain reimbursable costs incurred in the performance of the Services, strictly in accordance with the percentages set forth herein. Such markups shall apply only to (i) qualifying Materials and (ii) Subcontractor labor costs, as defined below.

b. Audit and Documentation Rights
Stadium Manager shall have the right, upon reasonable notice and at its sole discretion, to review, audit, and request supporting documentation for any costs invoiced by Consultant. Failure to provide adequate supporting documentation may result in disallowance of the associated costs and/or markups.

c. Excluded Costs
Consultant will not apply any markup to costs associated with freight, shipping, delivery, travel, lodging, per diem, mileage, parking, or other pass-through expenses.

d. Fixed Rates
The markup percentages set forth below are firm, fixed, and not subject to escalation, adjustment, or renegotiation for the duration of the Term of this Agreement, including any renewals, extensions, or amendments, unless expressly agreed to in a written amendment executed by both Parties.

e. Definition of Materials
For purposes of this Agreement, "Materials" shall mean consumable, incidental, and installation-related items that are reasonably necessary for the performance of the Services and are typically expended or incorporated during installation activities. Such Materials are generally low-cost, non-serialized components not intended to function as standalone system equipment. Examples of Materials include, but are not limited to: conduit, back boxes, junction boxes, connectors, fasteners, mounting hardware, cable support systems, sleeves, anchors, and miscellaneous installation supplies.

f. Exclusions from Materials
Notwithstanding the foregoing, "Materials" shall expressly exclude all security system equipment, devices, and components that are manufacturer-branded, serialized, or form part of the operational security system. This includes, without limitation: video surveillance cameras, lenses, housings, access control panels, card readers, biometric devices, intercoms, servers, workstations, network switches, storage devices, power supplies, software, firmware, specialized cabling, and any associated licenses or warranties. Such items shall be treated as equipment and shall not be subject to the Materials markup identified herein.

MARKUPS:

Markups	**Percentage**
Subcontract Materials	15%
Subcontractor Labor	8%
Consultant Materials	18%

IV. DISCOUNTS

a. Consultant shall provide Stadium Manager with discounts off the manufacturer's then-current published Manufacturer's Suggested Retail Price ("MSRP") for security equipment procured in connection with the Services. All discounts shall be applied to the MSRP in effect at the time of purchase. Consultant shall, upon request, provide documentation substantiating the applicable MSRP and confirming that the discounts set forth herein have been properly applied.

b. The discounts shall be applied prior to any applicable taxes, shipping, or other pass-through costs. No additional markups shall be applied to discounted equipment pricing.

c. Notwithstanding the discount percentages set forth below, Consultant shall use commercially reasonable efforts to obtain the most favorable pricing available from manufacturers and distributors for all equipment procured under this Agreement. Consultant shall provide to Stadium Manager the greater of: (a) the discount percentages set forth in this Section IV, Discounts, or (b) any higher discount, special pricing, project pricing, volume pricing, rebate, or other price reduction available to Consultant at the time of purchase.

d. For any equipment manufacturers or product categories not identified in this Section, Consultant shall use commercially reasonable efforts to obtain and provide Stadium Manager with the most favorable pricing and highest available discounts for such equipment, consistent with the requirements of this Exhibit B.

Manufacturer	Percentage Discount Off MSRP
[redacted]	5%
[redacted]	10%
[redacted]	10%
[redacted]	15%
[redacted]	2.5%
[redacted]	26%
[redacted]	14.5%
[redacted]	5%
[redacted]	5%

V. TRAVEL: STADIUM MANAGER TRAVEL EXPENSE REIMBURSEMENT POLICY

Consultant will bill all necessary travel expenses to Stadium Manager at Consultant's cost without markup. Consultant will provide an estimate of travel expenses to Stadium Manager in advance of booking travel. Stadium Manager must approve the travel expenses prior to Consultant booking the travel.

Consultant will provide to Stadium Manager the receipts, bills, or other documentation to support expenses that are not covered under a per diem.

Time spent traveling is not eligible for reimbursement as a travel expense pursuant to this policy. Stadium Manager will reimburse Consultant for travel expenses using the U.S. General Services Administration travel rates for the time of travel.

GSATravel Rates
https://www.gsa.gov/travel/plan-book/per-diem-rates/per-diem-rates-results?action=perdiems_report&fiscal_year=2026&state=&city=&zip=95054

Air Travel

1. All air travel should be economy (coach) class and booked at the lowest available airfare.
2. Any changes to flight reservations which result in an increase or additional cost must be pre-approved by Stadium Manager or the increase or additional charges will be the responsibility of Consultant and not subject to reimbursement by Stadium Manager.

Lodging

1. Stadium Manager has discounted rates at select hotels in Santa Clara and requires Consultant to utilize those rates at hotels.
2. Stadium Manager shall provide details to Consultant for advance booking.

Ground Transportation

1. The least expensive mode of transportation is expected to be utilized during travel. Such expenses include taxi and other local transportation such as Uber or Lyft.
2. Cars are to be rented when other means of transportation are unavailable, more costly, or impractical. Mileage will not be reimbursed for rentals. Insurance offered by rental agencies will not be reimbursed.
3. Consultant shall invoice Stadium Manager for mileage using the standard IRS Mileage Rate when personal vehicles are used in connection with business activities during travel.

Meals and Incidentals

A per diem allowance will be paid for each day of travel. Per diem covers all meals and other incidental charges. Consultant shall invoice Stadium Manager using the GSA Travel Rate linked above.

EXHIBIT D

PRIVACY AND DATA COLLECTION ADDENDUM

1. This Privacy and Data Collection Addendum (the "Addendum") is hereby incorporated into the Agreement by and between Forty Niners Stadium Management Company LLC ("Stadium Manager") and [INSERT NAME] ("Consultant") dated [_____] (the "Agreement"), and if there is any conflict or inconsistency between the terms of the Agreement and this Addendum, the terms of this Addendum shall control and govern the rights and obligations of the parties.

2. Consultant shall ensure, and hereby represents and warrants, that any personal information (including without limitation name, address, email address, age, telephone number, social security number, or any other information defined by statute or law as personal information) collected by Consultant on behalf of Stadium Manager, or disclosed by Stadium Manager to Consultant, or otherwise accessed by Consultant, or collected from or through the Stadium Manager, in the course of performing its services under the Agreement (in each case, "Privacy Restricted Data"), has been collected, secured, maintained and disclosed in accordance with any applicable privacy policies and applicable foreign, federal, state and local laws, rules and regulations regarding privacy and/or governing the collection, use or storage of such personal information, including but not limited to the California Consumer Privacy Act, Cal. Civ. Code § 1798.100 et seq. and its corresponding regulations ("CCPA"), and any amendment or successor law thereto, including the California Privacy Rights Act ("CPRA") (collectively, "Privacy Laws").

3. All Privacy Restricted Data shall be used to the extent strictly necessary to perform the business purpose set forth in the Agreement and shall not be used for any other commercial purpose, except as stated herein and permitted by the Privacy Laws.

4. All Privacy Restricted Data is and shall remain the exclusive property of Stadium Manager. Consultant shall collect, use, access, retain, and disclose or share Privacy Restricted Data only at the direction and/or for the benefit of Stadium Manager, and only to the extent strictly necessary to perform the services for Stadium Manager, and for the identified business purposes stated herein under this Addendum, or as otherwise required by law.

5. Under no circumstances may any Privacy Restricted Data be sold or shared by Consultant or retained, used, or disclosed outside of the direct business relationship between Consultant and Stadium Manager except as stated herein, including in Section 6 of this Addendum.

6. Consultant may not use or modify the Privacy Restricted Data, merge it with other data, commercially exploit it, disclose it, or do any other thing that may in any manner adversely affect the integrity, security, or confidentiality of such Privacy Restricted Data, other than as expressly specified herein or as directed by Stadium Manager in writing. Notwithstanding the foregoing, or any other provision herein, Consultant may use Privacy Restricted Data: (1) for internal use by Consultant to build or improve the quality of its services, provided that the Consultant does not use the personal information to perform services on behalf of another

person; (2) to prevent, detect, or investigate data security incidents, or protect against malicious, deceptive, fraudulent or illegal activity; (3) to retain and employ another Consultant as a subcontractor, subject to Stadium Manager's written consent, provided the subcontractor meets the requirements for a Consultant under the Privacy Laws; and (4) when required by law, including to comply with state, federal, and local laws; comply with a court mandated order, subpoena, or investigation; to respond to governmental and/or law enforcement requests; and to commence or defend legal claims.

7. Consultant shall maintain Privacy Restricted Data in a manner so as to allow Consultant to timely identify, access, correct, object to, and/or delete such data as may be required to comply with applicable Privacy Laws. Consultant agrees to take all reasonable actions at Stadium Manager's request that may be necessary or appropriate to comply with applicable Privacy Laws, including, at Stadium Manager's selection, to provide, return or delete Privacy Restricted Data. In such cases where Stadium Manager requests the return or deletion of Privacy Restricted Data, Consultant shall not maintain a copy of any Privacy Restricted Data and shall not otherwise remove or duplicate any Privacy Restricted Data without the express written permission of Stadium Manager.

8. Consultant agrees to comply with applicable Privacy Laws, including providing the same level of privacy protection as required by Stadium Manager under those laws. Stadium Manager shall have the right to take reasonable and appropriate steps to ensure that Consultant uses the Privacy Restricted Data in a manner consistent with Stadium Manager's obligations under applicable Privacy Laws. Such reasonable steps include, but are not limited to, ongoing manual reviews and automated scans of Consultant's system or regular assessments, audits, or other technical and operational testing at least once every twelve (12) months. Upon request and/or notice by Stadium Manager, Consultant shall take reasonable steps to stop and remediate any unauthorized uses of the Privacy Restricted Data and/or verify compliance with consumer or data subject requests. Consultant shall notify Stadium Manager no later than five (5) business days after it makes any determination that it can no longer meet its obligations under the applicable Privacy Laws.

9. Consultant shall inform Stadium Manager of any consumer or data subject request received by Consultant pursuant to applicable Privacy Laws and shall provide reasonable assistance to Stadium Manager in responding to such requests. Stadium Manager shall inform Consultant of any consumer or data subject request made pursuant to applicable Privacy Laws that Consultant must comply with. Stadium Manager will provide Consultant with information necessary for Consultant to comply with the request. Alternatively, Consultant may enable the Stadium Manager to comply with such consumer or data subject requests directly.

10. If and when Stadium Manager provides a request to access, correct, object to, and/or delete such data of individual consumers, Consultant shall, upon request, provide documentation that such request has been complied with within a timely manner in compliance with applicable Privacy Laws.

11. Consultant shall ensure that its employees are subject to binding confidentiality obligations with respect to Privacy Restricted Data at least as protective as the confidentiality

provisions hereunder and only use, disclose, and maintain such data in accordance with applicable Privacy Laws.

12. Consultant shall ensure that its subcontractors and vendors are subject to a binding written agreement with respect to Privacy Restricted Data at least as protective as the confidentiality provisions hereunder and only use, disclose, and maintain such data in accordance with applicable Privacy Laws

13. If Consultant discloses any Privacy Restricted Data to any third party as permitted herein, Consultant will ensure that the third party is subject to a binding written agreement requiring the same level of data privacy, protection and information security as required by applicable Privacy Laws.

14. Consultant represents and warrants that it has implemented and shall maintain (and that Consultant's Consultants have implemented and shall maintain) at its sole expense a comprehensive data security program which will include reasonable and appropriate technical, organizational, environmental, security and other safeguards to protect against any anticipated or actual threats or hazards to the confidentiality, integrity, or availability of Privacy Restricted Data, and against the destruction, loss, alteration of, and unauthorized access to, Privacy Restricted Data in Consultant's possession or control.

15. Consultant shall immediately notify Stadium Manager of any actual or suspected breaches of security that may result in the unauthorized collection, access, use or disclosure of any Privacy Restricted Data within Consultant's possession or control. Consultant shall, at its sole cost and expense, make all reasonable efforts to assist Stadium Manager in relation to the investigation and remedy of any such breach of security regarding Privacy Restricted Data within Consultant's possession or control and any claim, allegation, action, suit, proceeding or litigation with respect to the unauthorized access, use or disclosure of Privacy Restricted Data within Consultant's control.

FORTY NINERS STADIUM MANAGEMENT COMPANY

Date: August 12, 2026

To: Jovan Grogan
Executive Director
Santa Clara Stadium Authority

From: Procurement Department
Forty Niners Stadium Management Company LLC

Subject: Recommendation for Award – RFP# FY25-0083 for Levi's Stadium Professional Security Integrator Services

Recommendation:

1. Approve and authorize the Stadium Manager to enter into an agreement with Superior Alarm Systems ("SAS") to provide on-call, as-needed professional security integrator services at Levi's Stadium for an initial term of five (5) years commencing August 19, 2026, and expiring August 18, 2031, with five (5) optional one-year extensions through August 18, 2036 ("Agreement"), with a total not to exceed of One Million Eight Hundred Thirty Eight and Twenty Two Dollars ($1,838,022.00). The term for each fiscal year is contingent on the SCSA approving the applicable fiscal year's budget, including amounts due under the Agreements.

2. Authorize the SCSA Executive Director to approve future amendments as needed to: (a) exercise the option to extend the Agreement by five (5) one-year extension periods through August 18, 2036; and, (b) adjust labor rates for each one-year extension period by up to five percent (5%), in accordance with the terms and conditions associated with rate increases in Exhibit B of the Agreement.

3. Authorize the Stadium Manager to execute and administer task orders with SAS to perform services for approved security department budgeted items approved as part of the SCSA annual budget process during any fiscal year within the initial term and any extension periods, consistent with the terms and funding limitations set forth therein.

Reasons for Recommendation

Levi's Stadium operates a large-scale, high-profile venue that serves a significant number of patrons and is subject to heightened security expectations and obligations, including compliance with applicable laws, regulations, and industry standards governing public safety, critical infrastructure protection, and risk management. Any failure or inadequacy in the Stadium's security systems could result in significant

operational, legal, financial, and reputational risk. Therefore, maintaining a robust, reliable, and continuously updated security infrastructure supported by qualified experts remains essential to protecting the venue, its operations, and its guests.

We are requesting a delegation of authority to enter into a long-term agreement with a qualified security integrator. All services will be performed pursuant to executed task orders.

Stadium Manager has not previously had a contract with a security integrator. However, the Stadium's security infrastructure is aging, and security technologies are advancing rapidly requiring a level of expertise that only a qualified and experienced security integrator can properly address. Security integrators design, procure, install, and manage integrated security ecosystems. They conduct risk assessments and offer strategic planning. They select and source best-fit security equipment such as video surveillance, access control, perimeter protection, and screening technologies. At Levi's Stadium, the security integrator will oversee the installation and integration of these systems within a centralized command center that enables real-time monitoring, incident response, and data-driven decision-making, often enhanced by analytics and AI. Security integrators also support event-day operations by improving crowd flow and safety, ensuring cybersecurity across connected systems, and enabling interoperability with public safety agencies for coordinated emergency response. Beyond deployment, they provide ongoing maintenance, system upgrades, and performance analysis, helping large-scale venues such as Levi's Stadium continuously improve security and efficiency.

The security integrator will provide additional value by coordinating and collaborating with other Stadium vendors, contractors, and project teams to ensure that all Stadium projects are executed with appropriate consideration for security requirements. This includes ensuring that security systems are properly integrated into broader infrastructure projects and that security functionality is maintained or enhanced throughout all phases of design and construction.

Given the nature of the services, the security integrator will have access to highly sensitive and confidential security systems, infrastructure, and information. To mitigate risk and preserve the integrity of these systems, it is essential to limit access to a narrowly defined, controlled group of authorized personnel. The use of multiple security integrators for short-term engagements could increase security risk, create inefficiencies, and compromise operational continuity. Establishing a single, long-term security integrator is critical to maintaining sensitive security information control, as it minimizes the number of external parties with system access and reduces the need for repeated onboarding, training, and exposure of sensitive security information.

Further, the Stadium is subject to oversight and compliance requirements including, but not limited to, SAFETY Act designations promulgated by the US Department of Homeland Security and other regulatory frameworks. These requirements depend on

maintaining a fully operational, reliable, and adaptable security system. The security integrator's ability to modify and enhance the system in response to evolving regulatory standards is essential to maintaining compliance and avoiding operational, legal, financial, and reputational risk.

RFP Process:
On September 25, 2025, Stadium Manager issued a Request for Proposals (RFP) to select a security integrator to provide on-call, as-needed, professional security integrator services for Levi's Stadium. Stadium Manager published the RFP on Bonfire Interactive, Stadium Manager's eProcurement portal. In addition to inviting firms from our established supplier list, Stadium Manager also invited suppliers registered on the portal with specific commodity codes that offer these services. Interested proposers submitted a letter of interest, corporate qualifications, and executed a Confidentiality and Non-Disclosure Agreement before Stadium Manager provided access to the full RFP. On October 21, 2025, Addendum #1 to the RFP was issued, providing answers to proposer questions. The RFP closed on October 30, 2025, at 3:00 p.m. (PT).

Five proposals were received from the following firms by the RFP due date and time.

1. Convergint
2. EyeP Solutions, Inc. (EyeP)
3. Johnson Controls Security Solutions (JCI)
4. Securitas Technologies (Securitas)
5. Superior Alarm Systems (SAS)

Evaluation Process:
An evaluation committee (EC) consisting of subject matter experts from Stadium Manager was formed. An Evaluator's Guide outlining the roles and responsibilities was provided to each EC member. Each EC member executed the following forms:

- Proposal Evaluator Guidelines
- Confidentiality Agreement
- Conflict of Interest Disclosure Form

The evaluation for this RFP was a two-phase process as further detailed below. Proposers with the highest scores from Phase I and who met the minimum qualifications proceeded to Phase II. The EC evaluated the proposals based on the evaluation criteria outlined in the RFP. Phase II of the evaluation process included interviews and presentations and cost evaluation.

All five firms submitted proposals responsive to the RFP.

Phase I - Evaluation Criteria	**Convergint**	**EyeP**	**JCI**
Proposal Responsiveness	Pass	Pass	Pass
Methodology and Approach (30)	26.00	22.67	27.83

Technical Qualifications and Experience (45)	36.67	36.67	39.67
Other Qualifications (15)	12.33	11.33	14.00
Operational Capacity and Staffing (10)	9.00	8.00	9.17
Total	**84.00**	**78.67**	**90.67**

Phase I - Evaluation Criteria	**SAS**	**Securitas**
Proposal Responsiveness	Pass	Pass
Methodology and Approach (30)	24.17	24.00
Technical Qualifications and Experience (45)	40.83	32.33
Other Qualifications (15)	12.00	10.67
Operational Capacity and Staffing (10)	7.67	7.50
Total	**84.67**	**74.50**

Stadium Manager confirmed that JCI and Securitas did not meet the partnership level and certification requirements specified in the RFP. Stadium Manager confirmed that Proposers Convergint, EyeP, and SAS met the partnership level and certification requirements and were invited to participate in Phase II of the evaluation process.

In January 2026, the interviews and presentations were conducted as part of Phase II of the evaluation process. Following the interviews and presentations, the three vendors were asked to provide additional cost clarifications to finalize cost evaluations.

Phase II - Evaluation Criteria	**Convergint**	**EyeP**	**SAS**
Interview and Presentation (65)	44.67	56.33	59
Cost (35)	25.59	35	34.85
Total (100)	**70.26**	**91.33**	**93.85**

After scoring Phase II, the proposer whose proposal was determined to provide the best value pursuant to the evaluation criteria specified in the RFP was SAS.

Final Score for Phases I and II	**Convergint**	**EyeP**	**SAS**
Total for Phase I	84.00	78.67	84.67
Total for Phase II	70.26	91.33	93.85
Grand Total for Phase I and Phase II	**154.26**	**170.00**	**178.52**

Stadium Manager engaged in the negotiation process with SAS and negotiated rates and fees. Negotiations addressed labor rates, annual rate increases, equipment purchase discounts, materials and subcontractor markups, and maintenance and support costs. All business, legal, and cost discussions were conducted in accordance with the RFP.

Notice of Intended Award:

A notice of intended award (NOIA) was issued on April 28, 2026. The RFP process includes a ten-day protest period that began with the issuance of the NOIA. No protests were received.

Submission of Post-Award Submittals:
Once Stadium Manager receives approval from the SCSA Board, the Agreement will be executed, and a copy will be forwarded to the SCSA. Supporting documentation has been provided for review and approval.

Fiscal Impact:
The not-to-exceed amount of One Million Eight Hundred Thirty-Eight Thousand Twenty-Two Dollars ($1,838,022.00) for the initial five-year term includes Two Hundred Fifty Thousand Dollars ($250,000.00) in projected shared stadium expenses and One Million Five Hundred Eighty-Eight Thousand and Twenty-Two Dollars ($1,588,022.00) for SCSA-approved Capital Expenditure (Cap Ex) security projects for Fiscal Year 26/27.

The Shared Stadium Expenses will include, in part, the cost of conducting the comprehensive security system assessment. SCSA is responsible for fifty percent (50%) of the Shared Stadium Expenses up to a total of One Hundred Twenty-Five Thousand Dollars ($125,000.00).

The balance of One Million Five Hundred Eighty-Eight Thousand Twenty-Two Dollars ($1,588,022.00) equals the total budget amount approved by the SCSA for Cap Ex security projects for Fiscal Year 26/27, as shown in the table below.[1]

Project Name	Total
Install Stadium Camera Booths Card Readers	$96,558.00
Enhance Stadium Security Access Control (2020/21 Carryover)	$270,133.00
Security General Allowance (2023/24 Carryover)	$98,019.00
Stadium Camera Coverage Upgrade (2024/25 Carryover)	$574,750.00
Security General Allowance	$261,187.00
Surveillance-Cameras	$287,375.00
Total	$1,588,022.00

The requested not-to-exceed amount will not cover the costs for the entire Agreement term. Stadium Manager will request future SCSA approvals to amend the Agreement to increase the aggregate not-to-exceed amount to reflect budgets approved by the SCSA for future security Cap Ex and Shared Stadium Expense projects.

[1] As preliminarily noted in the Stadium Manager's letter to the SCSA dated March 20, 2026, the table below provides a tentative list of security Cap Ex projects, which may be subject to adjustment based upon recommendations made by the security integrator subject to the available total budget amount noted herein.

The Agreement does not guarantee any minimum amount of work or compensation to the security integrator. All work will be done pursuant to written task orders.

A delegation of authority is requested to authorize the Executive Director to approve amendments to the Agreement for years six through ten (August 19, 2031, to August 18, 2036) to extend the term and to increase labor rates by up to five percent (5%) for each one-year extension period, consistent with the terms of the agreement to maintain levels of service. Any adjustments will remain subject to the terms of the Agreement and to available SCSA budget appropriations, including annual approval by the SCSA.

REPORT TO STADIUM AUTHORITY BOARD

SUBJECT

Informational Report on Stadium Authority and Stadium Manager Meetings for the Period of October 1 to December 31, 2025

BACKGROUND

On August 24, 2017, the Stadium Authority approved the Harvey Rose Audit titled “Comprehensive Audit of Stadium”. Audit recommendation 1.Q states that “the Stadium Authority Board should direct the Executive Director to require that all meetings, including the date and purpose of the meetings, between Stadium Authority and Stadium Manager staff be documented and reported quarterly or annually to the Stadium Authority Board.” Staff has implemented this audit recommendation on a quarterly basis.

On August 25, 2020, the Stadium Authority Board provided additional direction to staff to prepare minutes for all future Stadium Authority and Stadium Manager staff meetings.

DISCUSSION

In accordance with the Board approved audit recommendation, meetings between Stadium Authority and Stadium Manager staff for the period of October 1 to December 31, 2025 are listed below. The attendees and topics discussed at these meetings are included in this report as Attachment 1.

On occasion, both 49ers entities and Stadium Authority/City will be named jointly as defendants in a third-party litigation matter and are represented jointly in the defense of the case by insurance counsel. In such cases, joint defense meetings involving representatives of the 49ers, Stadium Authority, insurance carrier(s), and defense counsel will occur. Such meetings are privileged attorney -client communications, include discussion of confidential work product, and fall within the litigation exemption of the Public Records Act; for these reasons, such meetings are not included in this report.

Date	Meeting
10/01/2025	Weekly Accounting Status Meeting
10/07/2025	Super Bowl League Event Agreement
10/09/2025	Procurement Meeting
10/16/2025	SBL Reporting
10/20/2025	SBLX & City of Santa Clara Meeting
10/23/2025	Procurement Meeting
10/23/2025	SCSA Capital Projects Update Meeting

10/23/2025	Super Bowl League Event Agreement
10/27/2025	Procurement Meeting on Compactor Solicitation

12/18/2025	Procurement Meeting
12/18/2025	SBLX - Pyro - Santa Clara City
12/19/2025	Super Bowl League Event Agreement
12/19/2025	Super Bowl League Event Agreement

ENVIRONMENTAL REVIEW

The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a governmental organizational or administrative activity that will not result in direct or indirect changes

in the environment.

FISCAL IMPACT
There is no fiscal impact related to this item aside from administrative time to prepare this report.

COORDINATION
This report has been coordinated with the Stadium Authority Counsel and Treasurer's Offices.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov.

RECOMMENDATION
Note and file the quarterly report on Stadium Authority and Stadium Manager staff meetings and corresponding summaries for the period of October 1 to December 31, 2025.

Reviewed by: Kenn Lee, Acting Assistant City Manager
Approved by: Jovan D. Grogan, Executive Director

REPORT TO COUNCIL

SUBJECT

Action on the May 5, 2026 and May 19, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting Minutes, and the May 6, 2026 Special City Council Meeting Minutes and May 26, 2026 Special Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting Minutes (DEFERRED FROM JUNE 23, 2026)

DISCUSSION

At the June 23, 2026 Council meeting Councilmember Park pulled the May 5, 2026 and May 19, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting Minutes, and the May 6, 2026 Special City Council Meeting Minutes and May 26, 2026 Special Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting Minutes for discussion.

RECOMMENDATION

Approve the May 5, 2026 and May 19, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting, May 6, 2026 Special City Council Meeting, and May 26, 2026 Special Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting Minutes.

Draft

City of Santa Clara

Meeting Minutes of the

Joint City Council and Authorities Concurrent &

Santa Clara Stadium Authority Board

05/05/2026 **5:30 PM**

Hybrid Meeting
City Hall Council Chambers/Virtual
1500 Warburton Avenue
Santa Clara, CA 95050

Council/Boardmember Chahal participated remotely from the following location:
627 Sector 11 Panchkula HR India

The City of Santa Clara is conducting City Council meetings in a hybrid manner (in-person and continues to have methods for the public to participate remotely).

- Via Zoom:
  - https://santaclaraca.zoom.us/j/99706759306
    Meeting ID: 997-0675-9306
  - Phone 1(669) 900-6833

How to Submit Written Public Comment Before City Council Meeting:

1. Use the eComment tab located on the City Council Agenda page https://santaclara.legistar.com/Calendar.aspx). eComments are directly sent to the iLegislate application used by City Council and staff, and become part of the public record. eComment closes 15 minutes before the start of a meeting.
2. By email to clerk@santaclaraca.gov by 12 p.m. the day of the meeting. Those emails will be forwarded to the Council and will be uploaded to the City Council Agenda as supplemental meeting material. Emails received after the 12 p.m. cutoff time up through the end of the meeting will form part of the meeting record. Please identify the Agenda Item Number in the subject line of your email. **NOTE**: Please note eComments and Emails received as public comment **will not** be read aloud during the meeting.

Agendas, Staff Reports and some associated documents for City Council items may be viewed on the Internet at https://santaclara.legistar.com/Calendar.aspx

All public records relating to an open session item on this agenda, which are not exempt from disclosure pursuant to the California Public Records Act, that are distributed to a majority of the legislative body will be available for public inspection at the Office of the City Clerk at Santa Clara City Hall, 1500 Warburton Avenue, Santa Clara, CA 95050 at the same time that the public records are distributed or made available to the legislative body. Any draft contracts, ordinances and resolutions posted on the Internet site or distributed in advance of the Council meeting may not be the final documents approved by the City Council. For the final document, you may contact the Office of the City Clerk at (408) 615-2220 or Clerk@santaclaraca.gov.

PUBLIC HEARING/GENERAL BUSINESS

9. 26-136 Public Hearing: Opportunity for Public Comment and action on the Final Version of the FY 2026/27 Annual Action Plan for the Use of Federal Housing and Urban Development (HUD) Grant Funds (Hearing 2 of 2)

Recommendation:

1. Note and File Public Comment on FY 2026/27 Annual Action Plan for U.S. Department of Housing and Urban Development Funds;
2. Approve the FY 2026/27 Annual Action Plan in substantially the form presented, and direct staff to summarize and include all public comments to be submitted to HUD within sixty (60) days after receiving the allocation notice;
3. Allocate $30,000 from the Housing Division's annual General Fund budget for the Bill Wilson Center Family Therapy Counseling Program and reallocate $30,000 in HUD public service funding evenly to the other public service agencies;
4. Appropriate a total of $60,000 to Nextdoor Solutions for domestic violence support services using HOME ARP funding for fiscal years 2026/27 and 2027/28. These funds were already programmed for supportive services in the HOME ARP Plan, but additional action is needed to award these funds to Nextdoor Solutions;
4. Delegate authority to the City Manager or designee to negotiate, draft, and execute a two-year agreement with the County Office of Supportive Housing not-to-exceed $350,000, using local funding that is allocated through the City Council's adoption of the FY 2026/27 Annual Action Plan in final forms approved by the City Attorney; and
5. Delegate authority to the City Manager or designee to execute all agreements and amendments for federal and local funding that is allocated through the City Council's adoption of the FY 2026/27 Annual Action Plan in final forms approved by the City Attorney.

Councilmember Park arrived at the dais at 7:57 PM.

Mayor Gillmor opened the Public Hearing.

City Manager Grogan made some opening remarks and introduced **Housing Manager Marcus** who provided a PowerPoint presentation on the Fiscal Year 26/27 Draft Annual Action Plan for the Use of federal Housing and Urban Development Grant funds.

Council questions and comments followed.

Housing Manager Marcus addressed **Council** questions.

Public Comment: Carole Conn
Delinda Yatskevich
Pilar Furlong
Brian Darby

Alma Soto
Georgia Bacil

A motion was made by Councilmember Jain, seconded by Vice Mayor Gonzalez, to close the Public Hearing.

Aye: 7 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Cox, and Mayor Gillmor

City Manager Grogan addressed **Council** questions.

Council discussion followed.

A motion was made by Councilmember Jain, seconded by Councilmember Hardy, to (1) note and file Public Comment on Fiscal Year 2026/27 Annual Action Plan for U.S. Department of Housing and Urban Development Funds; (2) approve the Fiscal Year 2026/27 Annual Action Plan in substantially the form presented, and direct staff to summarize and include all public comments to be submitted to HUD within sixty (60) days after receiving the allocation notice; (3) allocate $30,000 from the Housing Division's annual General Fund budget for the Bill Wilson Center Family Therapy Counseling Program and reallocate $30,000 in HUD public service funding evenly to the other public service agencies; (4) appropriate a total of $60,000 to Nextdoor Solutions for domestic violence support services using HOME ARP funding for fiscal years 2026/27 and 2027/28 (4) delegate authority to the City Manager or designee to negotiate, draft, and execute a two-year agreement with the County Office of Supportive Housing not-to-exceed $350,000, using local funding that is allocated through the City Council's adoption of the FY 2026/27 Annual Action Plan in final forms approved by the City Attorney; and (5) delegate authority to the City Manager or designee to execute all agreements and amendments for federal and local funding that is allocated through the City Council's adoption of the FY 2026/27 Annual Action Plan in final forms approved by the City Attorney.

Aye: 7 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Cox, and Mayor Gillmor

5. 26-422 Public Hearing - Adopt a Resolution Approving the California Municipal Finance Authority Issuance of Tax-Exempt Bonds for Financing of a 100% Affordable Multifamily Rental Housing Project located at 3550 El Camino Real

Recommendation:

1. Conduct the Tax Equity and Fiscal Responsibility Act ("TEFRA") public hearing; and
2. Adopt the resolution in substantially the form presented approving the issuance of not to exceed $50 million in bonds by the CMFA for the benefit of Clara Gardens LP, as the borrower, to provide for the financing of the affordable housing project at 3550 El Camino Real to satisfy TEFRA requirements.

Mayor Gillmor opened the Public Hearing.

City Manager Grogan made some opening remarks and introduced **Housing Manager Marcus** who provided a PowerPoint presentation on the Tax Equity and Fiscal Responsibility Act (TEFRA) Public Hearing of 2550 El Camino Real (Clara Gardens).

Council questions and comments followed.

None.

ADJOURNMENT

The meeting was adjourned at 12:25 AM on May 6, 2026 in memory of **Eliseo P. Velasco**.

The next regular scheduled meeting is on Tuesday, May 19, 2026 in the City Hall Council Chambers.

MEETING DISCLOSURES

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

California Government Code Section 84308, most recently amended by SB 1243, commonly referred to as the "Levine Act," prohibits a local elected official or quasi-judicial appointed official from participating in any action related to a contributor's contract, license, permit, or use entitlement if he/she/it receives any campaign contributions totaling more than $500 within the previous twelve months, and for twelve months following the date a final decision has been made, from the party, participants, or agents in the proceeding. Parties, Participants or Agents for a proceeding involving a license, permit, or other use entitlement pending before the City Council or a City quasi-judicial body must complete the California Levine Act Disclosure Statement prior to their proceeding.

STREAMING SERVICES: As always, the public may view the meetings on SantaClaraCA.gov, Santa Clara City Television (Comcast cable channel 15), or the livestream on the City's YouTube channel or Facebook page.

Note: The public cannot participate in the meeting through these livestreaming methods; livestreaming capabilities may be disrupted at times, viewers may always view and participate in meetings in-person and via Zoom as noted on the agenda.

AB23 ANNOUNCEMENT: Members of the Santa Clara Stadium Authority, Sports and Open Space Authority and Housing Authority are entitled to receive $30 for each attended meeting.

Note: The City Council and its associated Authorities meet as separate agencies but in a concurrent manner. Actions taken should be considered actions of only the identified policy body.

LEGEND: City Council (CC); Stadium Authority (SA); Sports and Open Space Authority (SOSA); Housing Authority (HA); Successor Agency to the City of Santa Clara Redevelopment Agency (SARDA); Bayshore North Project Enhancement Authority (BNPEA); Public Facilities Financing Corporation (PFFC)

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. The City of Santa Clara will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities including those with speech, hearing, or vision impairments so they can participate equally in the City's programs, services, and activities. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities. Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

Draft

City of Santa Clara

Special Meeting Minutes

Call and Notice of Special Meeting of the City Council

05/06/2026 **6:15 PM**

Hybrid Meeting
City Hall Council Chambers/Virtual
1500 Warburton Avenue
Santa Clara, CA 95050

Councilmember Chahal participated remotely from the following location:
627 Sector 11 Panchkula HR India

The City of Santa Clara is conducting City Council meetings in a hybrid manner (in-person and continues to have methods for the public to participate remotely).

- Via Zoom:
  - o https://santaclaraca.zoom.us/j/99706759306
    Meeting ID: 997-0675-9306
  - o Phone 1(669) 900-6833

How to Submit Written Public Comment Before City Council Meeting:

1. Use the eComment tab located on the City Council Agenda page https://santaclara.legistar.com/Calendar.aspx). eComments are directly sent to the iLegislate application used by City Council and staff, and become part of the public record. eComment closes 15 minutes before the start of a meeting.
2. By email to clerk@santaclaraca.gov by 12 p.m. the day of the meeting. Those emails will be forwarded to the Council and will be uploaded to the City Council Agenda as supplemental meeting material. Emails received after the 12 p.m. cutoff time up through the end of the meeting will form part of the meeting record. Please identify the Agenda Item Number in the subject line of your email.
   NOTE: Please note eComments and Emails received as public comment **will not** be read aloud during the meeting.

Agendas, Staff Reports and some associated documents for City Council items may be viewed on the Internet at https://santaclara.legistar.com/Calendar.aspx

All public records relating to an open session item on this agenda, which are not exempt from disclosure pursuant to the California Public Records Act, that are distributed to a majority of the legislative body will be available for public inspection at the Office of the City Clerk at Santa Clara City Hall, 1500 Warburton Avenue, Santa Clara, CA 95050 at the same time that the public records are distributed or made available to the legislative body. Any draft contracts, ordinances and resolutions posted on the Internet site or distributed in advance of the Council meeting may not be the final documents approved by the City Council. For the final document, you may contact the Office of the City Clerk at (408) 615-2220 or Clerk@santaclaraca.gov.

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of California Government Code §54956 ("The Brown Act") and Section 708 of the Santa Clara City Charter, the Mayor calls for a Special Meeting of the City Council of the City of Santa Clara, to commence and convene on May 6, 2026, at 6:15 pm to be held virtually and in the City Hall Council Chambers located in the East Wing of City Hall at 1500 Warburton Avenue, Santa Clara, California, to consider the following matter(s) and to potentially take action with respect to them.

Mayor Gillmor, on behalf of the **Council**, proclaimed May 2026 as Myositis Awareness Month.

Vickie Fairchild (Board Member, Santa Clara Unified School District) accepted the proclamation and provided some remarks.

Council comments followed.

CONSENT CALENDAR

Councilmember Hardy recused herself from Item 4.K due to a conflict of interest as her residence is near the subject property.

Councilmember Jain pulled Item 4.H.

A motion was made by Council/Boardmember Chahal, seconded by Council/Boardmember Park, to approve the balance of the Consent Calendar (except Items 4.H and 4.K).

Aye: 6 - Vice Mayor/Chair Gonzalez, Council/Boardmember Chahal, Council/Boardmember Hardy, Council/Boardmember Park, Council/Boardmember Jain, and Mayor/Chair Gillmor

Absent: 1 - Council/Boardmember Cox

4.A 26-577 Action on the April 7, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting, April 14, 2026 Special City Council Meeting, and April 21, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting Minutes

Recommendation: Approve the April 7, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting, April 14, 2026 Special City Council Meeting, and April 21, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting Minutes.

A motion was made by Council/Boardmember Chahal, seconded by Council/Boardmember Park, to approve the April 7, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting, April 14, 2026 Special City Council Meeting, and April 21, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting Minutes.

Aye: 6 - Vice Mayor/Chair Gonzalez, Council/Boardmember Chahal, Council/Boardmember Hardy, Council/Boardmember Park, Council/Boardmember Jain, and Mayor/Chair Gillmor

Absent: 1 - Council/Boardmember Cox

4.B 26-10 Board, Commissions and Committee Minutes

Recommendation: Note and file the Minutes of:
Bicycle and Pedestrian Advisory Committee - January 26, 2026

A motion was made by Councilmember Chahal, seconded by Councilmember Park, to note and file the Minutes of the Bicycle and Pedestrian Advisory Committee - January 26, 2026.

Aye: 6 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 1 - Councilmember Cox

4.C 26-510 Action on Monthly Financial Status and Investment Reports for March 2026 and Approval of the Related Budget Amendments

Recommendation:

1. Note and file the Monthly Financial Status Report and Monthly Investment Report for March 2026 as presented; and
2. Approve the Fiscal Year 2025/26 budget amendments in the following funds (as detailed in the Fiscal Impact section of the staff report and Attachment 3 of the staff report):
   a. In the General Fund, recognizes wildland reimbursement revenue and appropriates the funds to the Fire Department, and transfers funds to the Vehicle Replacement Fund for Fire Department and Parks and Recreation Department vehicle costs, with a net impact of $42,303;
   b. In the Cemetery Capital Fund, establishes a new Memorial Park Roadway Rehabilitation project, offset by a transfer from the Cemetery Fund and the unrestricted ending fund balance, with a net impact of $446,905;
   c. In the Cemetery Fund, transfers funds to the Cemetery Capital Fund for the new Memorial Park Roadway Rehabilitation project, with a net impact of $0;
   d. In the Fire CUPA Fund, increases funding for as-needed staff, offset by unrestricted ending fund balance, with a net impact of $0;
   e. In the Streets and Highways Capital Fund, establishes the North Santa Clara Transit Station Access and Circulation Study project, offset by grant funding and the Pedestrian and Bicycle Enhancement Facilities Project, with a net impact of $145,000; and
   f. In the Vehicle Replacement Fund, increases the Capital Outlay appropriation for Fire Department and Parks and Recreation Department vehicle costs, offset by a transfer from the General Fund, with a net impact of $187,170.

Items 2a - 2f, five affirmative Council votes required to appropriate additional revenue and for the use of unused balances.

A motion was made by Councilmember Chahal, seconded by Councilmember Park, to (1) note and file the Monthly Financial Status Report and Monthly Investment Report for March 2026 as presented; and (2) approve the Fiscal Year 2025/26 budget amendments in the following funds: (a) in the General Fund, recognizes wildland reimbursement revenue and appropriates the funds to the Fire Department, and transfers funds to the Vehicle Replacement Fund for Fire Department and Parks and Recreation Department vehicle costs, with a net impact of $42,303; (b) in the Cemetery Capital Fund, establishes a new Memorial Park Roadway Rehabilitation project, offset by a transfer from the Cemetery Fund

and the unrestricted ending fund balance, with a net impact of $446,905; (c) in the Cemetery Fund, transfers funds to the Cemetery Capital Fund for the new Memorial Park Roadway Rehabilitation project, with a net impact of $0; (d) in the Fire CUPA Fund, increases funding for as-needed staff, offset by unrestricted ending fund balance, with a net impact of $0; (e) in the Streets and Highways Capital Fund, establishes the North Santa Clara Transit Station Access and Circulation Study project, offset by grant funding and the Pedestrian and Bicycle Enhancement Facilities Project, with a net impact of $145,000; and (f) in the Vehicle Replacement Fund, increases the Capital Outlay appropriation for Fire Department and Parks and Recreation Department vehicle costs, offset by a transfer from the General Fund, with a net impact of $187,170.

Aye: 6 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 1 - Councilmember Cox

4.D 26-452 Action on Approval of the Spending Plan for the Supplemental Law Enforcement Services Fund and the Related Budget Amendment

Recommendation:

1. Approve the spending plan for funds received from the Citizens' Option for Public Safety Programs Supplemental Law Enforcement Services Fund on the terms presented; and
2. Approve a FY 2025/26 budget amendment in the Police Operating Grant Trust Fund to recognize grant revenue in the amount of $207,051 and increase the Citizens' Option for Public Safety 24-25 appropriation in the amount of $207,051 **(five affirmative Council votes required to appropriate additional revenue)**.

A motion was made by Councilmember Chahal, seconded by Councilmember Park, to (1) approve the spending plan for funds received from the Citizens' Option for Public Safety Programs Supplemental Law Enforcement Services Fund on the terms presented; and (2) approve a Fiscal Year 2025/26 budget amendment in the Police Operating Grant Trust Fund to recognize grant revenue in the amount of $207,051 and increase the Citizens' Option for Public Safety 24-25 appropriation in the amount of $207,051.

Aye: 6 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 1 - Councilmember Cox

4.E 26-282 Action on the Appropriation of $65,781 in Asset Forfeiture Funds for FY 2025/26 and Approve the Related Budget Amendment

Recommendation:

1. Approve the appropriation of Asset Forfeiture Funds in the amount of $65,781 pursuant to State and federal regulations; and
2. Approve the FY 2025/26 budget amendment in the Police Operating Grant Trust Fund to recognize seized asset funding in the amount of $65,781 and appropriate that funding to the Seized Asset Funds program in the amount of $65,781 **(five affirmative Council votes required to appropriate additional revenue)**.

A motion was made by Councilmember Chahal, seconded by Councilmember Park, to (1) approve the appropriation of Asset Forfeiture Funds in the amount of $65,781 pursuant to State and Federal regulations; and (2) approve the Fiscal Year 2025/26 budget amendment in the Police Operating Grant Trust Fund to recognize seized asset funding in the amount of $65,781 and appropriate that funding to the Seized Asset Funds program in the amount of $65,781.

Absent: 1 - Councilmember Cox

4.F 26-262 Action on Award of Contract for the 2026 Annual Street Pavement Maintenance and Rehabilitation Project to MCK Services, Inc. and Approval of Related Budget Amendments

Recommendation:

1. Determine that the proposed actions are exempt from CEQA pursuant to Section 15301 (Existing Facilities) of Title 14 of California Code of Regulations;
2. Award the Public Works Contract for the 2026 Annual Street Pavement Maintenance and Rehabilitation Project to MCK Services, Inc., the lowest responsive and responsible bidder, in the amount of $10,306,343 and authorize the City Manager to execute any and all documents associated with, and necessary for the award, completion, and acceptance of this Project, in final forms approved by the City Attorney;
3. Authorize the City Manager to execute change orders up to approximately 10 percent of the original contract price, or $1,030,634, for a total project budget not to exceed amount of $11,336,977, in final forms approved by the City Attorney; and
4. Approve the following FY 2025/26 budget amendments:
   a. In the Streets and Highways Capital Fund, recognize transfers of $470,000 from the Water Utility Capital Fund and $221,000 from the Sewer Utility Capital Fund, and increase the Annual Street Maintenance and Rehabilitation Program project by $691,000 (**five affirmative Council votes required to appropriate additional revenue)**;
   b. In the Water Utility Capital Fund, increase the transfer to the Streets and Highways Capital Fund and reduce the Public Works Paving Support-Water project by $470,000 (**majority affirmative Council votes required)**; and
   c. In the Sewer Utility Capital Fund, establish a transfer to the Streets and Highways Capital Fund and reduce the Public Works Paving Support-Sewer project by $221,000. (**majority affirmative Council votes required).**

A motion was made by Councilmember Chahal, seconded by Councilmember Park, to (1) determine that the proposed actions are exempt from CEQA pursuant to Section 15301 (Existing Facilities) of Title 14 of California Code of Regulations; (2) award the Public Works Contract for the 2026 Annual Street Pavement Maintenance and Rehabilitation Project to MCK Services, Inc., the lowest responsive and responsible bidder, in the amount of $10,306,343 and authorize the City Manager to execute any and all documents associated with, and necessary for the award, completion, and acceptance of this Project, in final forms approved by the City Attorney; (3) authorize the City Manager to execute change orders

up to approximately 10 percent of the original contract price, or $1,030,634, for a total project budget not to exceed amount of $11,336,977, in final forms approved by the City Attorney; and (4) approve the following Fiscal Year 2025/26 budget amendments: (a) in the Streets and Highways Capital Fund, recognize transfers of $470,000 from the Water Utility Capital Fund and $221,000 from the Sewer Utility Capital Fund, and increase the Annual Street Maintenance and Rehabilitation Program project by $691,000; (b) in the Water Utility Capital Fund, increase the transfer to the Streets and Highways Capital Fund and reduce the Public Works Paving Support-Water project by $470,000; and (c) in the Sewer Utility Capital Fund, establish a transfer to the Streets and Highways Capital Fund and reduce the Public Works Paving Support-Sewer project by $221,000.

Aye: 6 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 1 - Councilmember Cox

4.G 26-435 Action to Authorize the City Manager to Negotiate and Execute an Agreement with Alliant Insurance Services Inc. to Provide Insurance Broker and Related Services for a Total Not to Exceed Compensation of $766,100

Recommendation:

1. Authorize the City Manager to negotiate and execute a two-year agreement with Alliant Insurance Services Corporation to provide Insurance Broker and Related Services for a two-year term commencing on July 1, 2026, and ending on June 30, 2028 with a maximum compensation not to exceed seven hundred sixty-six thousand one hundred dollars ($766,100), inclusive of a fifteen thousand dollar ($15,000) contingency in substantially the form presented, subject to budget appropriations and review and approval as to final form by the City Attorney; and
2. Authorize the City Manager or designee to take any actions as necessary to implement and administer the Agreement including the execution of minor amendments to add or delete services within the overall scope of services.

A motion was made by Councilmember Chahal, seconded by Councilmember Park, to (1) authorize the City Manager to negotiate and execute a two-year agreement with Alliant Insurance Services Corporation to provide Insurance Broker and Related Services for a two-year term commencing on July 1, 2026, and ending on June 30, 2028 with a maximum compensation not to exceed seven hundred sixty-six thousand one hundred dollars ($766,100), inclusive of a fifteen thousand dollar ($15,000) contingency in substantially the form presented, subject to budget appropriations and review and approval as to final form by the City Attorney; and (2) authorize the City Manager or designee to take any actions as necessary to implement and administer the Agreement including the execution of minor amendments to add or delete services within the overall scope of services.

PUBLIC HEARING/GENERAL BUSINESS

7. 26-566 Declaration of Property as Exempt Surplus Land and Approval of Exclusive Negotiation Agreement with Valley Oak Partners for a Potential Land Exchange of the City Hall Civic Center Campus (1405 Civic Center Drive, APN 224-25-074) for the Agnews Office Park and Historic Site (4220 Network Circle, APNS 216-33-022 and 097-08-114) and Direction on the Formation of Community Advisory Committee

Recommendation:

1. Adopt Resolution Declaring Real Property Owned by the City to be Exempt Surplus Land and Approving an Exclusive Negotiation Agreement between the City and Agnews VOP, LLC for a Potential Land Exchange and City Hall Improvement Project which includes:
   a. Declaring the current City Hall property to be exempt surplus land;
   b. Authorizing the City Manager to sign and execute the Exclusive Negotiation Agreement in substantially the form presented, in a final form approved by the City Attorney; and
   c. Authorizing the City Manager to perform all other acts, and enter into other agreements or sign documents necessary to carry out the purposes of the Resolution.
2. Authorize the City Manager to execute property owner authorization forms and related documents necessary to permit the submission, processing, and evaluation of development applications, entitlement applications, environmental review documents, and related materials associated with the proposed project on City-owned property, **provided that such authorization shall not constitute approval of any project, land use entitlement, environmental determination, or final transaction by the City**; and
3. Direct staff to bring back the formation of a Community Advisory Committee, with each Councilmember appointing one representative from their district, and the Mayor an at-large appointments, with Committee formation and appointments anticipated for the June 9 Council meeting.

City Manager Grogan and **Assistant City Manager Klotz** provided a Powerpoint presentation on the Declaration of Property as Exempt Surplus Land and Approval of Exclusive Negotiation Agreement with Valley Oak Partners for a potential land exchange of the City Hall Civic Center Campus (1405 Civic Center Drive APN 224-25-074) for the Agnews Office Park and Historical site (4220 Network Circle APNs 216-33-022 and 097-08-114) and direction on the formation of Community Advisory Committee.

A recess was called at 10:22 PM and **Mayor Gillmor** reconvened the meeting at 10:33 PM.

City Manager Grogan, Anna Shimko (Partner, Burke, Williams & Sorensen), Assistant City Manager Klotz addressed **Council** questions.

Council discussion followed.

A motion was made by Vice Mayor Gonzalez to (1) adopt Resolution Declaring Real Property Owned by the City to be Exempt Surplus Land and Approving an Exclusive Negotiation Agreement between the City and Agnews VOP, LLC for a Potential Land Exchange and City Hall Improvement Project which includes: (a) declaring the current City Hall property to be exempt surplus land; (b) authorizing the City Manager to sign and execute the Exclusive Negotiation Agreement in substantially the form presented, in a final form approved by the City Attorney; and (c) authorizing the City Manager to perform all other acts, and enter into other agreements or sign documents necessary to carry out the purposes of the Resolution; (2) authorize the City Manager to execute property owner

authorization forms and related documents necessary to permit the submission, processing, and evaluation of development applications, entitlement applications, environmental review documents, and related materials associated with the proposed project on City-owned property, provided that such authorization shall not constitute approval of any project, land use entitlement, environmental determination, or final transaction by the City; and (3) direct staff to bring back the formation of a Community Advisory Committee, with each Councilmember appointing one representative from their district, and the Mayor an at-large appointment, with Committee formation and appointments anticipated for the June 9, 2026 City Council and Authorities Concurrent meeting.

The motion failed due to lack of a second.

A motion was made by Councilmember Hardy, seconded by Councilmember Jain, to set the scope for the Community Advisory Community and direct staff to complete a facility needs assessment.

City Manager Grogan provided some comments and **Council** discussion followed.

Councilmember Hardy and **Councilmember Jain** withdrew their motion.

A motion was made by Councilmember Jain, seconded by Councilmember Hardy, to (1) not approve Exclusive Negotiation Agreement and direct staff to evaluate options for Civic Center including a facility condition assessment that would include options at the current location and other locations; (2) direct staff to have discussion with Valley Oak Partners to preserve the option of land swap with no Exclusive Negotiation Agreement; and (3) form Community Advisory Committee to receive analysis and support the process.

The motion failed.

Nay: 1 - Councilmember Park

Absent: 1 - Councilmember Cox

Vice Mayor/Chair Gonzalez left the meeting at 12:03 AM.

A motion was made by Council/Boardmember Chahal, seconded by Council/Boardmember Jain, to continue the meeting until 1 AM.

Aye: 5 - Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 2 - Vice Mayor Gonzalez, and Councilmember Cox

6. 26-425 Action on the Revised El Camino Real Specific Plan, General Plan Amendment for the Creation of Five New General Plan Land Use Designations, Waive the First Reading and Introduce an Ordinance for the Creation of the El Camino Real Zoning Districts, and Certify and Adopt an Environmental Impact Report and Mitigation Monitoring and Reporting Program

Recommendation:

1. Adopt a resolution certifying the EIR, MMRP and related CEQA documents;
2. Adopt a resolution approving the El Camino Real Specific Plan, a specific plan consistent with CA Government Code Sections 65450-65457;
3. Adopt a resolution approving a General Plan text amendment creating the Regional Corridor Mixed Use (55-100 DU/AC; 0.2 Commercial FAR); Corridor Mixed Use (45-65 DU/AC); Corridor Residential (26-45 DU/AC); Corridor Residential - Low (12-25 DU/AC); and Ground Floor Commercial Overlay land use designations, and amending the General Plan Land Use diagrams for Phases II and III to reflect the land use designations in the El Camino Real Specific Plan and remove the El Camino Real Focus Area; and
4. Waive first reading and introduce an Ordinance amending the zoning code to create the El Camino Real Zoning districts.

Mayor Gillmor opened the Public Hearing.

Planning Manager Xavier, Alessandra Lundin (Planner, Rami and Associates), Libby Seifel (Seifel Consulting) and **Director of Community Development Hamid** provided a Powerpoint presentation on the Revised El Camino Real Specific Plan and Zoning Districts

A motion was made by Councilmember Park, seconded by Councilmember Chahal, to close the Public Hearing.

Aye: 5 - Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 2 - Vice Mayor Gonzalez, and Councilmember Cox

Council discussion followed.

Director of Community Development Director Hamid, Director of Public Works Assistant Director Liw, and **Libby Seifel (Seifel Consulting)** addressed **Council** questions.

A motion was made by Councilmember Jain, seconded by Councilmember Chahal, to (1) adopt Resolution No. 26-9560 certifying the EIR, MMRP and related CEQA documents; (2) adopt Resolution No. 26-9561 approving the El Camino Real Specific Plan, a specific plan consistent with CA Government Code Sections 65450-65457; (3) adopt Resolution No. 26-9562 approving a General Plan text amendment creating the Regional Corridor Mixed Use (55-100 DU/AC; 0.2 Commercial FAR); Corridor Mixed Use (45-65 DU/AC); Corridor Residential (26-45 DU/AC); Corridor Residential - Low (12-25 DU/AC); and Ground Floor Commercial Overlay land use designations, and amending the General Plan Land Use diagrams for Phases II and III to reflect the land use designations in the El Camino Real Specific Plan and remove the El Camino Real Focus Area; and (4) waive first reading and introduce Ordinance No. 2068 amending the zoning code to create the El Camino Real Zoning districts.

Aye: 5 - Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 2 - Vice Mayor Gonzalez, and Councilmember Cox

5. 26-1748 Public Hearing: Action on a Resolution Setting Rates for Overall Solid Waste Service and Annual Clean-up Campaign in the Exclusive Franchise Area

Recommendation: Adopt a Resolution setting the overall rates to be charged to rate payers for the collection and disposal of garbage, refuse, yard trimmings, recycling, and annual Clean-up Campaign in the exclusive franchise area, effective for the utility bills issued for services rendered on and after July 1, 2026.

Mayor Gillmor opened the Public Hearing.

A motion was made by Councilmember Chahal, seconded by Councilmember Jain, to continue this item to the June 9, 2026 Joint City Council and Authorities Concurrent & Santa Clara Stadium Authority Board Meeting.

Aye: 5 - Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 2 - Vice Mayor Gonzalez, and Councilmember Cox

8. 26-482 Update to City Council on Implementation of City Council Policy 056 - Prohibiting Use of City Properties for Civil Immigration Enforcement Purposes and provide feedback on policy implementation.

Recommendation: Receive the report and provide input or further direction to staff regarding Policy 056 implementation as Council deems appropriate.

This item was deferred to a later meeting date uncertain.

REPORTS OF MEMBERS, SPECIAL COMMITTEES AND COUNCILMEMBER 030 REQUESTS

None.

CITY MANAGER/EXECUTIVE DIRECTOR REPORT

None.

ADJOURNMENT

The meeting was adjourned at 1:17 AM on May 20, 2026.

The next scheduled special meeting is on Tuesday, May 26, 2026 in the City Hall Council Chambers.

MEETING DISCLOSURES

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

California Government Code Section 84308, most recently amended by SB 1243, commonly referred to as the "Levine Act," prohibits a local elected official or quasi-judicial appointed official from participating in any action related to a contributor's contract, license, permit, or use entitlement if he/she/it receives any campaign contributions totaling more than $500 within the previous twelve months, and for twelve months following the date a final decision has been made, from the party, participants, or agents in the proceeding. Parties, Participants or Agents for a proceeding involving a license, permit, or other use entitlement pending before the City Council or a City quasi-judicial body must complete the California Levine Act Disclosure Statement prior to their proceeding.

STREAMING SERVICES: As always, the public may view the meetings on SantaClaraCA.gov, Santa Clara City Television (Comcast cable channel 15), or the livestream on the City's YouTube channel or Facebook page.

Note: The public cannot participate in the meeting through these livestreaming methods; livestreaming capabilities may be disrupted at times, viewers may always view and participate in meetings in-person and via Zoom as noted on the agenda.

AB23 ANNOUNCEMENT: Members of the Santa Clara Stadium Authority, Sports and Open Space Authority and Housing Authority are entitled to receive $30 for each attended meeting.

Note: The City Council and its associated Authorities meet as separate agencies but in a concurrent manner. Actions taken should be considered actions of only the identified policy body.

LEGEND: City Council (CC); Stadium Authority (SA); Sports and Open Space Authority (SOSA); Housing Authority (HA); Successor Agency to the City of Santa Clara Redevelopment Agency (SARDA); Bayshore North Project Enhancement Authority (BNPEA); Public Facilities Financing Corporation (PFFC)

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. The City of Santa Clara will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities including those with speech, hearing, or vision impairments so they can participate equally in the City's programs, services, and activities. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities. Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

Meeting Minutes

Call and Notice of Special Meeting of the

City Council and Santa Clara Stadium Authority Board

05/26/2026 **5:30 PM**

Hybrid Meeting
City Hall Council Chambers/Virtual
1500 Warburton Avenue
Santa Clara, CA 95050

The City of Santa Clara is conducting City Council meetings in a hybrid manner (in-person and continues to have methods for the public to participate remotely).

• Via Zoom:
  o https://santaclaraca.zoom.us/j/99706759306
    Meeting ID: 997-0675-9306
  o Phone 1(669) 900-6833

How to Submit Written Public Comment Before City Council Meeting:

1. Use the eComment tab located on the City Council Agenda page (https://santaclara.legistar.com/Calendar.aspx). eComments are directly sent to the iLegislate application used by City Council and staff, and become part of the public record. eComment closes 15 minutes before the start of a meeting.
2. By email to clerk@santaclaraca.gov by 12 p.m. the day of the meeting. Those emails will be forwarded to the Council and will be uploaded to the City Council Agenda as supplemental meeting material. Emails received after the 12 p.m. cutoff time up through the end of the meeting will form part of the meeting record. Please identify the Agenda Item Number in the subject line of your email.
   NOTE: Please note eComments and Emails received as public comment **will not** be read aloud during the meeting.

Agendas, Staff Reports and some associated documents for City Council items may be viewed on the Internet at https://santaclara.legistar.com/Calendar.aspx

All public records relating to an open session item on this agenda, which are not exempt from disclosure pursuant to the California Public Records Act, that are distributed to a majority of the legislative body will be available for public inspection at the Office of the City Clerk at Santa Clara City Hall, 1500 Warburton Avenue, Santa Clara, CA 95050 at the same time that the public records are distributed or made available to the legislative body. Any draft contracts, ordinances and resolutions posted on the Internet site or distributed in advance of the Council meeting may not be the final documents approved by the City Council. For the final document, you may contact the Office of the City Clerk at (408) 615-2220 or Clerk@santaclaraca.gov.

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of California Government Code §54956 ("The Brown Act") and Section 708 of the Santa Clara City Charter, the Mayor/Chair calls for a Special Meeting of the City Council of the City of Santa Clara and Boardmembers of the Stadium Authority, to commence and convene on May 26, 2026, at 5:30 pm to be held virtually and in the City Hall Council Chambers located in the East Wing of City Hall at 1500 Warburton Avenue, Santa Clara, California, to consider the following matter(s) and to potentially take action with respect to them.

Closed Session - 5:30 PM | Special Meeting - 7:00 PM

5:30 PM CLOSED SESSION

Call to Order in the Council Chambers

Mayor Gillmor called the Closed Session to order at 5:37 PM.

Confirmation of Quorum

Assistant City Clerk Pimentel confirmed a quorum.

1.A 26-565 Conference with Legal Counsel-Existing Litigation
Pursuant to Gov. Code § 54956.9(d)(1)

Name of case: Shahla Montes vs City of Santa Clara et al, Santa Clara Superior Court, Case no. 22CV398747

1.B 26-556 Conference with Real Property Negotiators (City)
Pursuant to Gov. Code § 54956.8

Properties:

--990 Benton Street, Santa Clara, CA 95050 (APN 269-22-072) (acquisition)

--777 Benton Street, Santa Clara, CA 95050 (APN 269-16-080) (disposition)

City Negotiators: Jovan D. Grogan, City Manager (and/or designee) and Glen R. Googins, City Attorney (and/or designee)

Negotiating Parties: City of Santa Clara and Santa Clara University

Under Negotiation: Purchase/Sale of Real Property interests (provisions, price and terms of payment)

Mayor Gillmor noted she will recuse herself from Item 1.B due to conflict of interest as her office is near the subject property.

Councilmember Cox noted she will recuse herself from Item 1.B due to conflict of interest with her employment at Santa Clara University.

CONTINUANCES/EXCEPTIONS/RECONSIDERATIONS

None.

SPECIAL ORDER OF BUSINESS

2. 26-591 Proclamation of May 2026 as Jewish American Heritage Month

Mayor Gillmor, on behalf of the **Council**, proclaimed May 2026 as Jewish American Heritage Month.

Jane Faershtein (Bay Area Jewish Coalition) and **Oshi Gat (Bay Area Jewish Coalition)** accepted the proclamation and provided some remarks.

CONSENT CALENDAR

Mayor Gillmor pulled Item 3.A.

Councilmember Jain pulled Item 3.E.

A motion was made by Councilmember Hardy, seconded by Councilmember Chahal, to approve the balance of the Consent Calendar (except Items 3.A and 3.E).

Aye: 7 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Cox, and Mayor Gillmor

3.B 26-562 Action on an Agreement with South San Joaquin County Fire Authority for Municipal Hazardous Materials Response Services with a Projected Cost of $150,000 for FIFA World Cup and Approve Related Budget Amendment; Action on a Resolution Delegating Authority to the City Manager to Negotiate and Execute Future Municipal Hazardous Materials Response Services Agreements with Public Safety Agencies for Supplemental HazMat Response Services

Recommendation:

1. Authorize the City Manager to execute the Agreement with the South San Joaquin County Fire Authority for Municipal Hazardous Materials Response Services for FIFA World Cup 2026 at Levi's Stadium, in an amount not to exceed $200,000 over the period of June 2, 2026, to July 2, 2026;
2. Approve a Resolution delegating authority to the City Manager to negotiate and execute future Municipal Hazardous Materials Response Services Agreements with public safety agencies for supplemental hazmat response services, within appropriated limits, and subject to approval as to form by the City Attorney; and
3. Approve the FY 2025/26 budget amendment in the General Fund, increasing the Other Fees for Services estimate by $150,000 and increasing the Non-Departmental appropriation by $150,000 **(five affirmative Council votes required to appropriate additional revenue)**.

A motion was made by Councilmember Hardy, seconded by Councilmember Chahal, to (1) authorize the City Manager to execute the Agreement with the South San Joaquin County Fire Authority for Municipal Hazardous Materials Response Services for FIFA World Cup 2026 at Levi's Stadium, in an amount not to exceed $200,000 over the period of June 2, 2026, to July 2, 2026; (2) approve Resolution No. 26-9563 delegating authority to the City Manager to negotiate and execute future Municipal Hazardous Materials Response Services Agreements with public safety agencies for supplemental hazmat response services, within appropriated limits, and subject to approval as to form by the City Attorney; and (3) approve the Fiscal Year 2025/26 budget amendment in the General Fund, increasing the Other Fees for Services estimate by $150,000 and increasing the Non-Departmental appropriation by $150,000.

Aye: 7 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Cox, and Mayor Gillmor

3.C 26-446 Action on Subscription License Agreement with Innovative Interfaces, Inc. for Hosting and Maintenance Services for the Integrated Library System for a Total Not-To-Exceed Amount of $1,830,992 Over the Full 11-Year Term

Recommendation: Authorize an increase in the maximum allowable compensation amount for the Agreement with Innovative Interfaces, Inc. to account for the five (5) auto-renewing terms of one-year each, for the period of July 1, 2026 through June 30, 2031, in an amount not to exceed $918,401, subject to the annual appropriation of funds, thereby bringing the total not-to-exceed contract amount to $1,830,992.

A motion was made by Councilmember Hardy, seconded by Councilmember Chahal, to Authorize an increase in the maximum allowable compensation amount for the Agreement with Innovative Interfaces, Inc. to account for the five (5) auto-renewing terms of one-year each, for the period of July 1, 2026 through June 30, 2031, in an amount not to exceed $918,401, subject to the annual appropriation of funds, thereby bringing the total not-to-exceed contract amount to $1,830,992.

Aye: 7 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Cox, and Mayor Gillmor

3.D 26-15700 Action on a Memorandum of Understanding Between the City of Santa Clara and County of Santa Clara for Mental Health Services and Related Budget Amendment

Recommendation:

1. Approve and Authorize the City Manager or designee to execute the Memorandum of Understanding between the City of Santa Clara and the County of Santa Clara for Mental Health Services for the period January 1, 2026 through December 31, 2028, with a maximum compensation of $808,029, subject to the appropriation of funds; and
2. Approve the FY 2026/27 budget amendment in the Expendable Trust Fund, recognizing other agencies revenue in the amount of $160,327 and increasing the Opioid Settlement Funds appropriation in the amount of $160,327 **(five affirmative Council votes required to appropriate additional revenue)**.

A motion was made by Councilmember Hardy, seconded by Councilmember Chahal, to (1) approve and Authorize the City Manager or designee to execute the Memorandum of Understanding between the City of Santa Clara and the County of Santa Clara for Mental Health Services for the period January 1, 2026 through December 31, 2028, with a maximum compensation of $808,029, subject to the appropriation of funds; and (2) approve the Fiscal Year 2026/27 budget amendment in the Expendable Trust Fund, recognizing other agencies revenue in the amount of $160,327 and increasing the Opioid Settlement Funds appropriation in the amount of $160,327.

Aye: 7 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, Councilmember Cox, and Mayor Gillmor

Council questions and comments followed.

Chief Assistant City Attorney Reuter addressed **Council** questions.

Public Comment: Wanda

Council discussion followed.

A motion was made by Councilmember Chahal, seconded by Councilmember Hardy, to adopt Resolution No. 26-9565 approving and adopting Council Policy 057 Establishing Procedures to be Followed in the Event of a Disruption of Telephonic Service or Internet-Based Audio-Visual Platform During a Council Meeting, with the addition of informing the public of alternative methods of streaming if one way platforms are disrupted.

Aye: 6 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, Councilmember Park, Councilmember Jain, and Mayor Gillmor

Absent: 1 - Councilmember Cox

9. 26-586 Action on Council Policy Establishing an Annual Performance Review Process for Council Appointees

Recommendation: Adopt a Resolution approving new Council policy 058 establishing a performance evaluation process for Council appointees.

City Manager Grogan and **City Attorney Googins** recused themselves from this item and left the meeting at 11:12 PM.

Acting Director of Human Resources Mercado provided a Powerpoint presentation on the **Council** policy establishing an annual performance review process for **Council** appointees.

Council questions followed.

Acting Director of Human Resources Mercado and **Chief Assistant City Attorney Reuter** addressed **Council** questions.

Council discussion followed.

A motion was made by Councilmember Hardy, seconded by Vice Mayor Gonzalez, to adopt Resolution No. 26-9566 approving new Council Policy 058 establishing a performance evaluation process for Council appointees with the amendment of moving the creation of the subcommittee by the second meeting in February.

Aye: 4 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Hardy, and Councilmember Jain

Nay: 2 - Councilmember Park, and Mayor Gillmor

Absent: 1 - Councilmember Cox

REPORTS OF MEMBERS, SPECIAL COMMITTEES AND COUNCILMEMBER 030 REQUESTS

Councilmember Hardy noted that the Hetch Hetchy Tour is in June.

Councilmember Jain made a 030 request to agendize creation of a full time sustainability manager.

A motion was made by Councilmember Jain, seconded by Councilmember Park, to agendize creation of a full time sustainability manager.

Aye: 4 - Vice Mayor Gonzalez, Councilmember Chahal, Councilmember Park, and Councilmember Jain

Nay: 2 - Councilmember Hardy, and Mayor Gillmor

Absent: 1 - Councilmember Cox

Councilmember Jain noted he toured Shasta Dam and Black Butte Dam. He also noted that he attended the NCPA Federal Policy Conference on April 26th, the Stanford Sustainable Data Center event on May 1st, and Stadium Neighborhood Relations Ad hoc Subcommittee on May 4th. He provided a report on those events.

Councilmember Chahal noted that he visited Sister City Icheon from April 23 to April 26, 2026. He provided a report on the visit.

CITY MANAGER/EXECUTIVE DIRECTOR REPORT

None.

ADJOURNMENT

The meeting was adjourned at 12:08 AM on May 27, 2026 in memory of former Santa Clara Chief of Police **Frank Vasquez**.

The next regular scheduled meeting is on Tuesday, June 9, 2026 in the City Hall Council Chambers.

MEETING DISCLOSURES

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

California Government Code Section 84308, most recently amended by SB 1243, commonly referred to as the "Levine Act," prohibits a local elected official or quasi-judicial appointed official from participating in any action related to a contributor's contract, license, permit, or use entitlement if he/she/it receives any campaign contributions totaling more than $500 within the previous twelve months, and for twelve months following the date a final decision has been made, from the party, participants, or agents in the proceeding. Parties, Participants or Agents for a proceeding involving a license, permit, or other use entitlement pending before the City Council or a City quasi-judicial body must complete the California Levine Act Disclosure Statement prior to their proceeding.

STREAMING SERVICES: As always, the public may view the meetings on SantaClaraCA.gov, Santa Clara City Television (Comcast cable channel 15), or the livestream on the City's YouTube channel or Facebook page.

Note: The public cannot participate in the meeting through these livestreaming methods; livestreaming capabilities may be disrupted at times, viewers may always view and participate in meetings in-person and via Zoom as noted on the agenda.

AB23 ANNOUNCEMENT: Members of the Santa Clara Stadium Authority, Sports and Open Space Authority and Housing Authority are entitled to receive $30 for each attended meeting.

Note: The City Council and its associated Authorities meet as separate agencies but in a concurrent manner. Actions taken should be considered actions of only the identified policy body.

LEGEND: City Council (CC); Stadium Authority (SA); Sports and Open Space Authority (SOSA); Housing Authority (HA); Successor Agency to the City of Santa Clara Redevelopment Agency (SARDA); Bayshore North Project Enhancement Authority (BNPEA); Public Facilities Financing Corporation (PFFC)

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. The City of Santa Clara will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities including those with speech, hearing, or vision impairments so they can participate equally in the City's programs, services, and activities. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities. Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

REPORT TO COUNCIL

SUBJECT

Public Hearing: Waive First Reading and Introduce the Third Zoning Code Cleanup Ordinance, and Adopt a Resolution Rezoning Properties Currently Designated TN (Transit Neighborhood) to R6 (Transit Neighborhood Residential); Continued from the July 14, 2026 City Council Meeting

BACKGROUND

The Zoning Code is the primary regulatory tool that implements the General Plan. As an on-going update, staff periodically brings clean-up ordinances to address clerical inconsistencies within the document or areas needing further clarification based on implementation of the new zoning code and to be consistent with recent changes in State Law. This allows the zoning code to stay current. Staff tracks the necessary updates over time and then periodically brings them forward as one clean up document. This report and resolution represent the third minor code clean-up ordinance.

Planning Commission Recommendation

The City of Santa Clara Planning Commission (Commission) heard the item at their June 10, 2026 meeting and discussed noticing for public hearings, which is typically done through required mailings, posting of the agenda online, Council Chamber, Library and Clerks Office. The online noticing requirement from the Zoning Code is duplicative as the notice is already on the event calendar. The Planning Commission recommended an alternative such as posting City Council agendas online, which are relevant and accessible and also fulfill the same function as online noticing of individual projects. This is the typical noticing, however for more complex or controversial projects, the City continues to do additional outreach per the adopted Outreach Policy.

The Planning Commission also discussed the definition of “Smoke Shop” and recommended revising it to better capture the range of items sold in such businesses. Specifically, the Commission recommended replacing “and” with “or” in the list describing smoking materials and paraphernalia used to determine whether a business is “primarily engaged in” those sales. The Planning Commission’s revised wording is included in the proposed ordinance.

The Planning Commission then voted to recommend that the City Council adopt the Cleanup Ordinance.

The Commission also recommended adoption of the map resolution to apply the R6 Transit Neighborhood designation to parcels currently designated TN (Transit Neighborhood), which was the zoning designation under the previous Zoning Code.

DISCUSSION

The City is bringing forward its third “clean-up” ordinance for the Zoning Code Update, primarily to address consistency concerns. As such, the proposed revisions are not considered substantial

modifications. The ordinance clean-up includes the following policy changes and consistency updates:

Policy Changes:

- Incorporating the provisions of the (HT) Historic Combining Districts into the Updated Zoning Code;
- Deleting the requirement for web posting of public hearing notices, which has not been the City's practice and is not a part of the Public Outreach Policy;
- Removing the public hearing requirement for architectural review of multi-family development projects as the City has adopted Objective Design Standards and will streamline projects;
- Allowing additional height for institutional uses and differentiating them from assembly uses in the (PQP) public/quasi-public district;
- Adding definitions to clarify fence height requirements;
- Revising public bike parking standards to require bike parking in commercial districts to be closer to the front door than the closest non-handicapped space;
- Requiring uncovered parking on residential parcels to be perpendicular to the street;
- Requiring automobile service bays to not be visible from the street; and
- Modifying use tables to reflect the range of uses existing in commercial and industrial districts, including the differentiation of specialized instruction (e.g., painting and pottery classes) from vocational schools, this allows for more flexibility.
- Making minor edits to the noticing procedures for administrative citations, primarily to allow for priority mail delivery with tracking as an alternative to certified mail.

Errata:

- Rezoning the Tasman East district from TN (this was a holdover district from the previous Zoning Code) to R6, which is now part of the current code;
- Updating the definition of Major Transit Stop to be consistent with recent changes to state law;
- Restoring language that was inadvertently deleted requiring new Common Interest Developments to submit their draft CC&Rs to the City for review, and requiring subsequent review of CC&R amendments, but assigning that review authority to the Director of Community Development instead of the Council;
- Adding a definition for the term "Dwelling Unit";
- Revising the definition of the term "Demolition" to square with the term presented in the Administration Chapter
- Updating the Visibility Clearance Diagram following feedback from the Department of Public Works
- Updating zoning districts in the City's Noise Ordinance; this updates the zoning districts to be consistent with the new code
- Refining the definition of Smoke Shops;
- Making the General Plan and Zoning Code definitions of Floor Area Ratio consistent with each other;
- Allowing fully unbundled parking for apartments greater than 15 units per State law;
- Allowing unbundled parking for parking spaces for commercial uses
- Revising minimum lot sizes in the R2 two-family zone;
- Making the R5 district maximum density consistent throughout the document;
- Updating any citations to the California Government Code;
- Correcting cross-references and spelling and punctuation mistakes;
- Updating figures and making terms internally consistent in Title 18 ("Zoning"), and

- Updating the zoning map to reflect the applicable changes.

The adopting resolution is included as Attachment 1, and all tables that have are proposed to be changed are included as Attachment 2. The proposed R6 Zoning Code Amendment resolution is included as Attachment 3, with code changes presented in strikethrough and underline or highlighted as part of a table.

The adoption of the cleanup ordinance is a legislative act, not requiring any specific findings.

Recommendation
Consistent with the recommendation from the Planning Commission, staff recommends that City Council adopt the Planning Commission-recommended updates to the Zoning Code to be consistent with the General Plan and State Law. Concurrently, staff recommends the adoption of the Resolution updating the City's Zoning Map to reflect the rezoning of properties currently designated TN (Transit Neighborhood) to R6 (Transit Neighborhood Residential).

ENVIRONMENTAL REVIEW
Given that the Zoning Code Update is an implementation action for the 2010 General Plan Update, the City prepared an Addendum to the 2010-2035 General Plan Environmental Impact Report (EIR) to cover adoption of the Zoning Code, Zoning Map, and related General Plan Amendments. The Addendum indicated that the adoption of the Zoning Code Update would not result in environmental impacts beyond those described in the General Plan Update EIR. At the conclusion of the public hearing on November 15, 2023, the Planning Commission voted to recommend that the City Council approve the Addendum, and on December 19, 2023, the City Council adopted the Addendum. The recommended actions all fall within the scope of the adopted Addendum.

FISCAL IMPACT
Adoption of the Third Zoning Code Cleanup Ordinance and associated Zoning Map Amendments for the R6 District would fully implement the City's General Plan land use diagram. These actions would involve no additional resources beyond those indicated at the time of Zoning Code adoption.

COORDINATION
This item was coordinated with the City Attorney's Office.

PUBLIC OUTREACH
Due to the nature of this minor code clean up, only newspaper noticing and posting requirements are required to be conducted.

PUBLIC CONTACT
A newspaper notice for the May 19, 2026, public hearing was published in the March 18, 2026 issue of the Santa Clara Weekly, describing the proposed adoption of the Third Zoning Code Cleanup Ordinance and the proposed changes to the Zoning Map. On May 19, 2026, the City Council opened the public hearing and voted to continue the item to the July 14, 2026 meeting. The item was subsequently continued to the August 18, 2026 meeting and additional noticing is not required

Public contact was also made by posting the agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special

Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

1. Waive first reading and introduce the Zoning Code clean-up ordinance in the form presented; and
2. Adopt a resolution applying the R6 Transit Neighborhood District to the properties currently zoned TN on the Zoning Map, consistent with the General Plan.

ORDINANCE NO. _____

AN ORDINANCE OF "THE CODE OF THE CITY OF SANTA CLARA, CALIFORNIA" ADOPTING "CLEANUP" AMENDMENTS TO TITLE 18 ("ZONING") OF THE SANTA CLARA CITY CODE, INCLUDING INCORPORATING THE PROVISIONS OF THE HT HISTORIC COMBINING DISTRICTS INTO THE UPDATED ZONING CODE; REFINING THE DEFINITION OF SMOKE SHOPS; MAKING THE GENERAL PLAN AND ZONING CODE DEFINITIONS OF FLOOR AREA RATIO CONSISTENT; ALLOWING FOR FULLY UNBUNDLED PARKING FOR APARTMENTS GREATER THAN 15 UNITS PER STATE LAW; REVISING MINIMUM LOT SIZES IN THE R2 TWO-FAMILY ZONE; DELETING THE REQUIREMENT FOR WEB POSTING OF PUBLIC NOTICES; REMOVING THE PUBLIC HEARING REQUIREMENT FOR ARCHITECTURAL REVIEW OF MULTI-FAMILY DEVELOPMENT PROJECTS; ALLOWING ADDITIONAL HEIGHT FOR INSTITUTIONAL USES IN THE PQP PUBLIC/QUASI-PUBLIC DISTRICT; ADDING DEFINITIONS TO CLARIFY FENCE HEIGHT REQUIREMENTS; MODIFYING USE TABLES TO REFLECT THE RANGE OF USES EXISTING IN COMMERCIAL AND INDUSTRIAL DISTRICTS; UPDATING FIGURES AND MAKING TERMS INTERNALLY CONSISTENT; UPDATING THE ZONING MAP TO REFLECT THE APPLICABLE CHANGES; AND UPDATING CROSS REFERENCES; REVISING CHAPTER 9.10 ("REGULATION OF NOISE AND VIBRATION") OF TITLE 9 ("PUBLIC PEACE, MORALS AND WELFARE") TO UPDATE REFERENCES TO ZONING DISTRICTS; REVISING CHAPTER 17.05 ("SUBDIVISIONS") OF TITLE 17 ("DEVELOPMENT") TO RESTORE PROVISIONS REGULATING ORGANIZATIONAL DOCUMENTS FOR CONDOMINIUMS AND UPDATING CROSS REFERENCES; AND REVISING CHAPTER 1.10 ("ADMINISTRATIVE PENALTIES – CITATIONS") OF TITLE 1 ("GENERAL PROVISIONS") TO AMEND THE NOTICING REQUIREMENTS FOR CODE VIOLATIONS

WHEREAS, on January 9, 2024 the City of Santa Clara (the "City") adopted the first comprehensive update of the City's Zoning Code in over 50 years; and

WHEREAS, the 2010-2035 General Plan is the City's vision for future development; and

WHEREAS, the City's Zoning Code is the primary regulatory tool that implements the General Plan; and

WHEREAS, the City wishes to adopt minor revisions to the updated Zoning Code to address clerical errors, respond to changes in state law, and ensure internal consistency within the Zoning Code and with the General Plan;

WHEREAS, the Planning Commission has reviewed the proposed Zoning Code cleanup ordinance; and

WHEREAS, before acting on the Zoning Code Update, the City Council reviewed and considered the potential environmental impacts of the Zoning Code Update and determined that as the primary implementation tool of the General Plan, the environmental effects of the proposed Zoning Code Update were consistent with 2010-2035 General Plan EIR, as addended, and that the proposed Zoning Code Update did not alter the conclusions of the adopted General Plan EIR, as addended create new environmental impacts; and

WHEREAS, on April 8, 2026, the Planning Commission conducted a duly noticed public hearing to consider the Zoning Code Update and associated text amendments, which was subsequently continued to May 20, 2026 and continued again to June 10, 2026. At the conclusion of the June 10 hearing, the Planning Commission voted to recommend that the City adopt the proposed Zoning Code Cleanup, with the recommendation for modified wording of the definition of the phrase "primarily engaged in", in relation to the regulation of Smoke Shops. The recommended language is reflected in this ordinance; and

WHEREAS, on August 18, 2026, the City Council conducted a duly noticed public hearing to consider the proposed Zoning Code Update, at which time all interested persons were

given an opportunity to give testimony and provide evidence in support of and in opposition to the proposed amendments.

NOW THEREFORE, BE IT ORDAINED BY THE CITY OF SANTA CLARA AS FOLLOWS:

SECTION 1: That Section 9.10.040, "Noise or Sound Regulation", of Chapter 9.10, "Regulation of Noise and Vibration", of Title 9, "Public Peace, Morals and Welfare", of "The Code of the City of Santa Clara, California" ("SCCC") is hereby amended to read as follows:

"§ 9.10.040 Noise or sound regulation.

It shall be unlawful for any person to operate or cause to allow to be operated, any fixed source of disturbing, excessive or offensive sound or noise on property owned, leased, occupied or otherwise controlled by such person, such that the sound or noise originating from that source causes the sound or noise level on any other property to exceed the maximum noise or sound levels which are set forth in Schedule A, as follows:

[See Attachment A for all amended zoning code tables]

Except as otherwise provided in this chapter, the noise or sound standards for the various zone districts as presented in this Schedule A shall apply to all such properties within a specified zone, as designated on the most recent update of the official zoning map of the City. For planned development, agricultural or mixed zoning sites, the most restrictive noise standard for the comparable zone district, as determined by the Director of Community Development, shall apply."

SECTION 2: That a new Subsection (j) is hereby added to Section 17.05.310, "Final Maps", of Chapter 17.05, "Subdivisions", of Title 17, "Development", of "The Code of the City of Santa Clara, California" ("SCCC") to read as follows:

"(j) Organizational Documents for Community Ownership Projects.

(1) Prior to the approval of the final map, the organizational documents shall be reviewed and approved by the City Attorney. Absent exigent circumstances and if no action is taken by the City Attorney within ninety (90) days after a complete set of documents has been duly filed with him, the organizational documents shall be deemed approved. For purposes of this section, the phrase "action by the City Attorney" may include any of the following: providing preliminary comments and review, requiring modifications to the organizational documents or meeting with the drafter of the organizational documents.

(2) The organizational documents shall provide that the City, at its option, has the right and authority to veto any amendment to the organizational documents that would adversely affect the long-term maintenance of the project structure or its common areas. To enable the City to exercise said optional veto, the organizational documents shall provide that any amendment shall not become effective until notice of such proposed action is filed with the Director of Community Development, at least sixty (60) days have elapsed since the amendment was filed with the Director, and the Director has not vetoed the amendment."

SECTION 3: That Section 17.05.430, "Parcel map for lot splits pursuant to SCCC § 18.13.050", of Chapter 17.05, "Subdivisions", of Title 17, "Development", of "The Code of the City of Santa Clara, California" ("SCCC") is hereby retitled, "Parcel map for lot splits pursuant to SCCC § 18.24.070" and is amended to read as follows:

"§ 17.05.430. Parcel map for lot splits pursuant to SCCC § ~~18.13.050~~ 18.24.070.

(a) Parcel maps for lot splits pursuant to SCCC § ~~18.13.050~~ 18.24.070 shall comply with all

requirements of SCCC § 17.05.400, Tentative parcel map, except for subsections (d), (e)(1), and (f).

(b) Parcel maps for lot splits pursuant to SCCC § ~~18.13.050~~ 18.24.070 shall also comply with all requirements of SCCC § 17.05.410, Parcel maps.

(c) The City Engineer shall approve the parcel map for a lot split pursuant to SCCC § ~~18.13.050~~ 18.24.070 unless the City Engineer determines that the proposed map is not consistent with specific objective standards of the General Plan, applicable specific plans, or any applicable provision of this Code."

SECTION 4: That Paragraph B.3, "Low-Density Residential Zone (R2)", of Section 18.10.010, "Purposes of Residential Zones", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC is hereby amended as follows:

"Low-Density Residential Zone (R2). The purpose of the R2 Low Density Zone is to provide land areas for the construction, use, and occupancy of single-family detached dwelling units, ~~,~~secondary dwellings authorized by Government Code Section 65852.21, accessory dwelling units, and two-family dwellings. It is the intent of this zone to maintain a residential character similar to that found in single-family neighborhoods. The residential density range for this zone is 8-19 dwelling units per acre. This zone implements the Low-Density land use designation in the General Plan."

SECTION 5: That Paragraph B.6, "Very-High-Density Residential Zone (R5) and Patrick Henry Very-High-Density Residential Zone (PH-R5)", of Section 18.10.010, "Purposes of Residential Zones", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC is hereby amended as follows:

"Very-High-Density Residential Zone (R5) and Patrick Henry Very-High-Density

Residential Zone (PH-R5). The purpose of the R5 High- Density Zone and PH-R5 Patrick Henry Very-High-Density Residential Zone is to provide land areas for the construction, use, and occupancy of high density and intensity multi-family developments (i.e., low-rise, mid-rise, and high-rise apartments and condominiums). It is the intent of this zone to encourage development to use innovative site planning, provide on-site recreational amenities and be located near major community facilities, business centers, transportation corridors, and/or major thoroughfares. The residential density range for this zone is 51-100 ~~99~~ dwelling units per acre. This zone implements the High-Density land use designation in the General Plan."

SECTION 6: That Paragraph B.7, "Transit Neighborhood Residential Zone (R6)" of Section 18.10.010, "Purposes of Residential Zones", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC is hereby amended as follows:

"Transit Neighborhood Residential Zone (R6). The purpose of the R6 Transit Neighborhood Residential Zone is to provide land areas for the construction, use, and occupancy of high density and intensity multi-family developments (i.e., mid-rise and high-rise apartments and condominiums). It is the intent of this zone to encourage transit-oriented development that uses innovative site planning to connect to existing and/or future transportation stations and transfer points. Parcels designated R6 are meant to be located along major transit corridors or adjacent to local and regional transit stops and stations. Projects in this zone should include on-site amenities, recreational options, and access to employment centers. The residential density range for this zone is 60-350 dwelling units per acre for sites that are less than one acre, and 100~~60~~-350 dwelling units per acre for sites that are one acre or larger. This zone implements the High-Density land use

designation in the General Plan."

SECTION 7: That Table 2-1, "Residential Zones Allowed Uses and Permit Requirements" of Section 18.10.020, "Land Uses and Permit Requirements", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 8: That Table 2-2, "Patrick Henry Drive Residential Zones Allowed Uses and Permit Requirements" of Section 18.10.020, "Land Uses and Permit Requirements", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 9: That Table 2-3, "Residential Development Standards" of Section 18.10.030 "Residential Development Standards", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 10: That Table 2-4, "Patrick Henry Residential Zone Development Standards", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 11: That Subsections D, "Existing Buildings and Uses" and E, "Transition Standards", of Section 18.10.040, "Other Applicable Regulations", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC are redesignated as Subsections E and F, respectively.

SECTION 12: That a new Subsection D, "R6 Additional Development Standards", is added to Section 18.10.040, "Other Applicable Regulations", of Chapter 18.10, "Residential Zones", of Title 18, "Zoning", of the SCCC to read as follows:

"D. R6 Additional Development Standards

1. Density Calculation. For the R6 Transit Neighborhood Zoning District, density is calculated based on net acreage, and does not include areas associated with parks, streets, and greenways.

2. Minimum Density, Parcels Less Than One Acre in Size. For parcels less than one acre in size, the minimum required net density for development proposals is 60 dwelling units per acre (DU/AC)."

SECTION 13: That Table 2-8, "Commercial Zones Allowed Uses and Permit Requirements", of Chapter 18.12, "Commercial Zones", of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 14: That sub-paragraph b, "Assembly Bill 2011 (2022) (AB 2011)" of paragraph 7, "Multi-Family Residential Development in Commercial Zones" of Subsection A, "General Commercial Regulations" of Section 18.12.040, "Other Applicable Regulations" of Chapter 18.12, "Commercial Zones", of Title 18, "Zoning", of the SCCC is retitled, "Assembly Bill 2243 (2024)" and amended as follows:

"b. Assembly Bill ~~2011~~ 2243 (202~~4~~2) (AB 2011): : Multifamily developments meeting the requirements of Government Code Section 65912.100 et seq., as may be amended, are permitted in the commercial zones, subject to the following.

(1) Proposed projects shall comprise five or more units for sale and/or rent.

(2) At least 75 percent of the project site shall adjoin parcels developed with urban uses as defined in AB 2243 ~~2011~~.

(3) The project site shall not be located on or adjacent to a site where more than 1/3 of the square footage on the site is dedicated to a classified industrial use per the City Code.

(4) Applicable vacant sites shall not contain tribal cultural resources and shall not be located within a designated very-high fire hazard severity zone.

(5) Development per AB ~~2011~~ 2243 is prohibited on sites governed by mobile home/recreational vehicle laws or by the Special Occupancy Parks Act.

(6) For project sites located within a neighborhood plan, specific plan, area plan, urban village, precise plan, or master plan adopted by January 1, 2024, the designated plan shall allow multi-family residential development.

(7) Projects shall not be located within 500 feet of a designated freeway or highway.

(8) Projects shall not be located within 3,200 feet of an active oil or gas refinery.

(9) All other site/development requirements as prescribed by AB 2243 ~~2011~~ are required prior to project approval.

(10) The density of the multi-family residential project shall be at least 30 dwelling units per acre.

(11) The Project shall meet all development standards of the residential zone corresponding to the residential density of the Project. If more than one residential zoning designation allows for housing with the Project density, the applicable development standards shall be the standards that apply to the closest parcel that allows residential use at the Project density."

SECTION 15: That Table 2-11, "Mixed Use Zones Allowed Uses and Permit Requirements" of Chapter 18.14, "Mixed Use Zones", of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 16: That Subsection A, "Table 2-13 Office and Industrial Zone Allowed Uses and Permit Requirements" of Section 18.16.020, "Office and Industrial Land Uses and Permit

Requirements", of Chapter 18.16, "Office and Industrial Zones", of Title 18, "Zoning", of the SCCC is hereby amended to read as follows:

"A. Table ~~2-13~~ 2-14–Office and Industrial Zone Allowed Uses and Permit Requirements. Table ~~2-13~~ 2-14 indicates the Principal Uses allowed within each office and industrial zone and any permits required to establish the use, in compliance with Article 6 (Permit Processing Procedures) and Article 7 (Zoning Ordinance Administration)."

SECTION 17: That Table 2-14, "Office and Industrial Zones Allowed Uses and Permit Requirements", of Chapter 18.16, "Office and Industrial Zones" of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 18: That Table 2-17, "Special Purpose Zones Allowed Uses and Permit Requirements", of Chapter 18.18, "Special Purpose Zones" of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 19: That Table 2-18, "Special Purpose Zone Development Standards", of Chapter 18.18, "Special Purpose Zones" of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 20: That a new Subsection C, "Medical Services, Hospital and Colleges and Universities" is added to Section 18.18.040, "Other Applicable Regulations", of Chapter 18.18, "Special Purpose Zones" of Title 18, "Zoning", of the SCCC and reads as follows:

"Medical Services, Hospitals; Colleges and Universities. On sites of 10 acres or more, Medical Services, Hospital uses and Colleges and Universities are allowed a maximum height of 200 feet and a maximum of 12 stories, subject to any height limits imposed by the FAA due to flight paths for the San Jose International Airport."

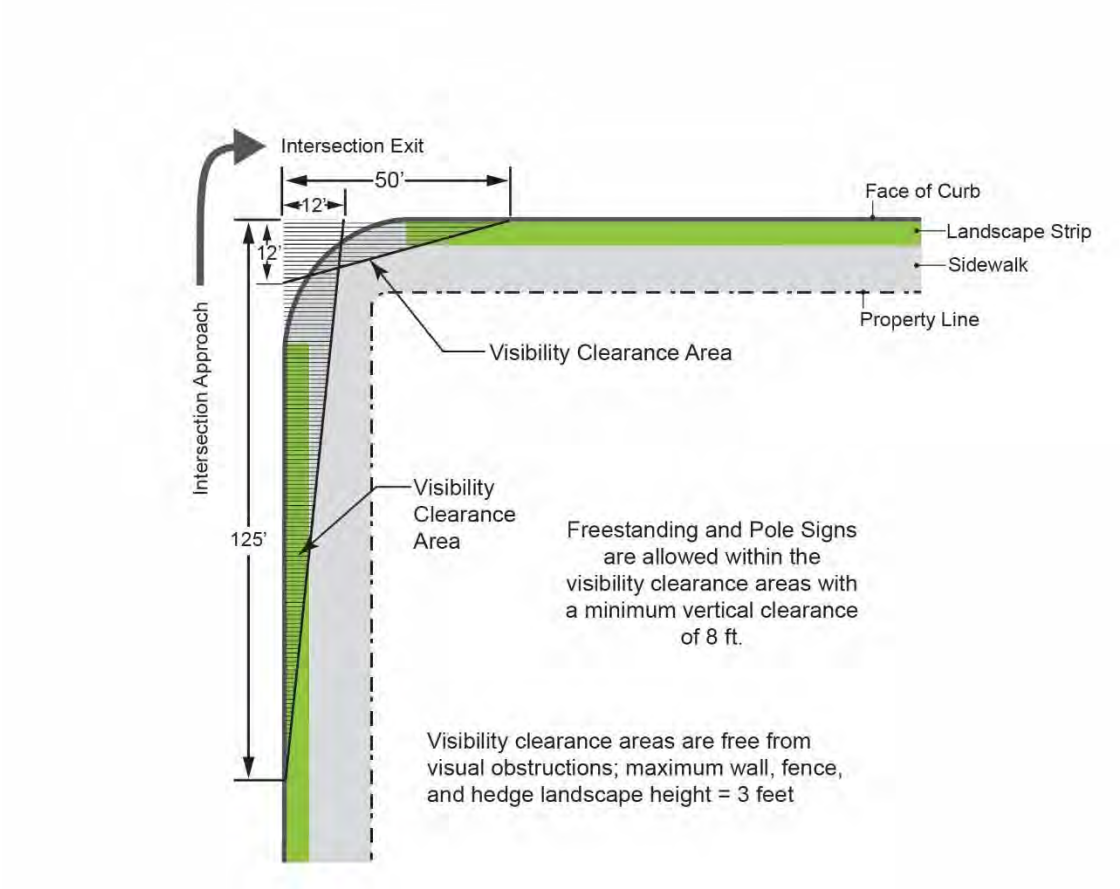
SECTION 21: That Chapter 18.256, "Planned Development – Master

Community Zoning Districts", of Title 18, "Zoning", of the SCCC is hereby renumbered as Chapter 18.21 and added to Article 2, "Zones, Allowable Uses, and Development Standards" of the Zoning Code, and Sections 18.256.010 through 18.256.120 are hereby renumbered as Sections 18.21.010 through 18.21.120, respectively.

SECTION 22: That Chapter 18.258, "HT – Historic Combining Districts", of Title 18, "Zoning", of the SCCC is hereby renumbered as Chapter 18.28 and added to Article 2, "Zones, Allowable Uses, and Development Standards" of the Zoning Code, and Sections 18.258.010 through 18.258.090 are hereby renumbered as Sections 18.28.010 through 18.28.090, respectively.

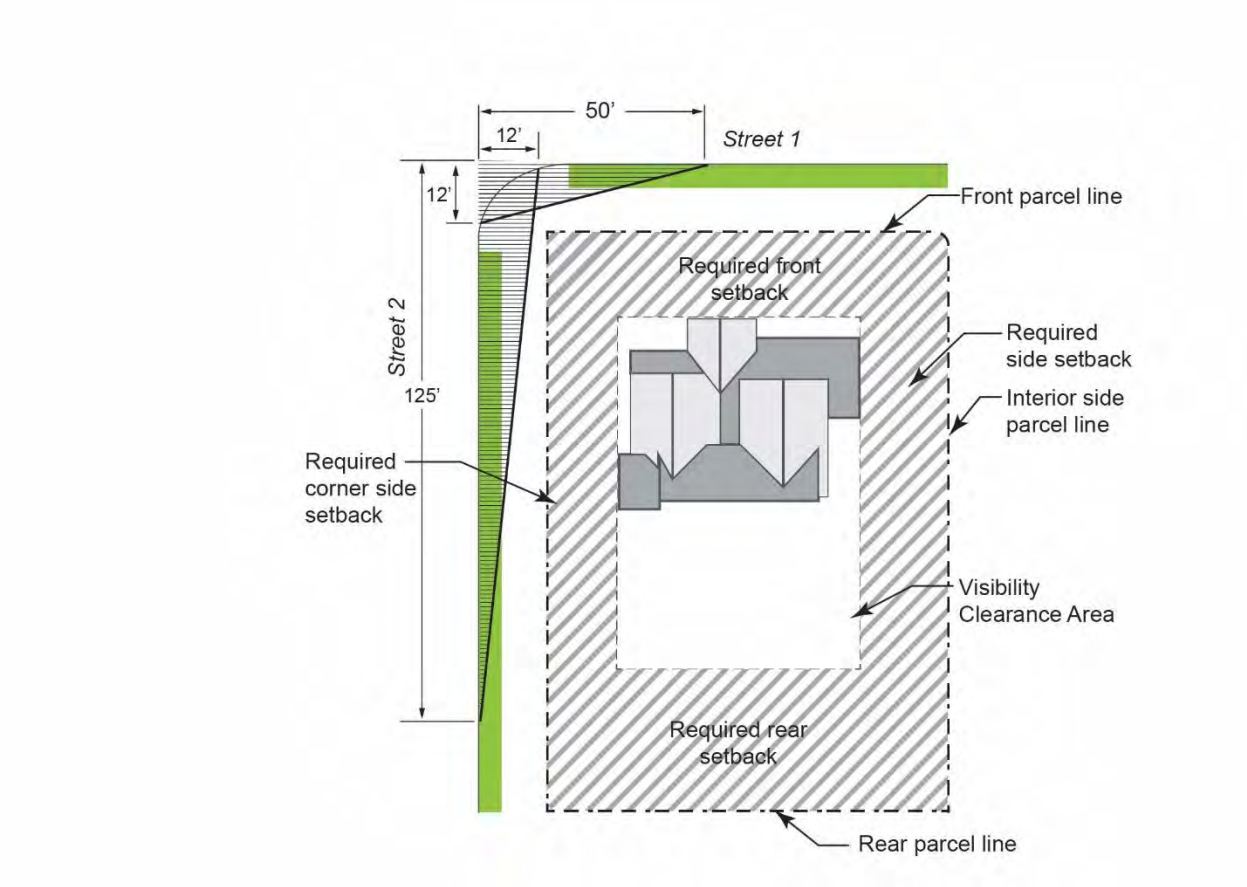
SECTION 23: That Code Figure 3-1, "Visibility Clearance Areas", of Chapter 18.30, "Site Planning and General Development Standards", of Title 18, "Zoning", of the SCCC is hereby amended with an updated graphic as shown:

"Figure 3-1. Visibility Clearance Areas



SECTION 24: That Figure 3-3, "Setback Measurements" of Chapter 18.30, "Site Planning and General Development Standards", of Title 18, "Zoning", of the SCCC is hereby amended with an updated graphic as shown:

"Figure 3-3. Setback Measurements



SECTION 25: That the existing subsections A through D of Section 18.38.040, "Exceptions and Reductions to Parking Requirements", of Chapter 18.38, "Off-Street Parking Regulations and Design Standards", of Title 18, "Zoning", of the SCCC are hereby redesignated as subsections B through E, respectively.

SECTION 26: That a new subsection A, entitled "Unbundled Parking, multi-family projects." is added to Section 18.38.040, "Exceptions and Reductions to Parking Requirements", of Chapter 18.38, "Off-Street Parking Regulations and Design Standards", of Title 18, "Zoning", of the SCCC and reads as follows:

"Unbundled Parking, multi-family projects. Notwithstanding anything to the contrary, for new multi-family projects with more than 15 units, including projects in the Downtown

zoning district, all parking is required to be provided unbundled from the rental of the unit."

SECTION 27: That subsection C, "Definitions" of Section 18.38.050, "Bicycle Parking Requirements", of Chapter 18.38, "Off-Street Parking Regulations and Design Standards", of Title 18, "Zoning", of the SCCC is hereby amended to read as follows:

"C. Definitions.

Class I Bicycle Parking. Class I secured bicycle parking protects the entire bicycle and its components from theft, vandalism, or inclement weather, and includes bicycle lockers, rooms with key access for regular bicycle commuters, valet or check in parking, and guarded parking areas.

Class II Bicycle Parking. Class II bicycle parking includes bicycle racks (i.e., inverted U-rack, ribbon rack, wave rack) suitable for easy access of bicycles not within an enclosed structure, pod, or unit."

SECTION 28: That the unnumbered subsection entitled "Required Bicycle Parking" in Section 18.38.050, "Bicycle Parking Requirements," following Subsection E, "Class II Bicycle Rack Design and Location Requirements" of Chapter 18.38, "Off-Street Parking Regulations and Design Standards", of Title 18, "Zoning", of the SCCC

is hereby numbered as subsection F and amended to read as follows:

"F. Required Bicycle Parking. Table 3-4 (Required Bicycle Parking) establishes the minimum number of bicycle parking spaces required for each land use type, regardless of the zoning in which the use is located. If the ratios set by Table 3-4 would result in one or fewer Class II bicycle spaces, the development shall provide two Class II spaces. If the ratios would result in more than one Class II bicycle space but less than four, the development shall provide four Class II spaces. For commercial and industrial uses, ~~at~~

~~least 50%~~ all of the required bicycle parking spaces must be closer than the closest non-handicapped automobile parking space."

SECTION 29: That Table 3-4, "Bicycle Parking Requirements" of Chapter 18.38, "Off-Street Parking Regulations and Design Standards", of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 30: That subsection D, "Single- and Two-Family Dwellings" of Section 18.38.060, "General Parking Standards" of Chapter 18.38, "Off-Street Parking Regulations and Design Standards", of Title 18, "Zoning", of the SCCC is revised as follows:

"Single- and Two-Family Dwellings. Off-street parking and driveways for single-family attached and attached dwellings, and two-family attached dwellings shall meet the following requirements:

1. All vehicles, including motor vehicles, trailers, or vessels which are inoperable or incapable of movement under their own power and/or without current registration, shall be stored entirely within an enclosed structure and shall not be parked or stored in any required front yard within a residential zone.

2. Each parking space shall be at least 8.5 feet wide by 18 feet deep.

3. The minimum driveway width shall be 10 feet.

4. Minimum driveway length between parking and any public right-of-way line, not including alleys, shall be a minimum of 20 feet.

5. Parking shall be provided on the same lot as the dwelling.

6. Parking shall not be located within the required setbacks, except for Approved accessory structures may be allowed in setbacks where authorized by Section 18.60.030 (Accessory Structures and Uses).

~~7. The required parking shall not be located within the required yard area, except the required parking may be provided in the rear yard only when an alley is available for access.~~

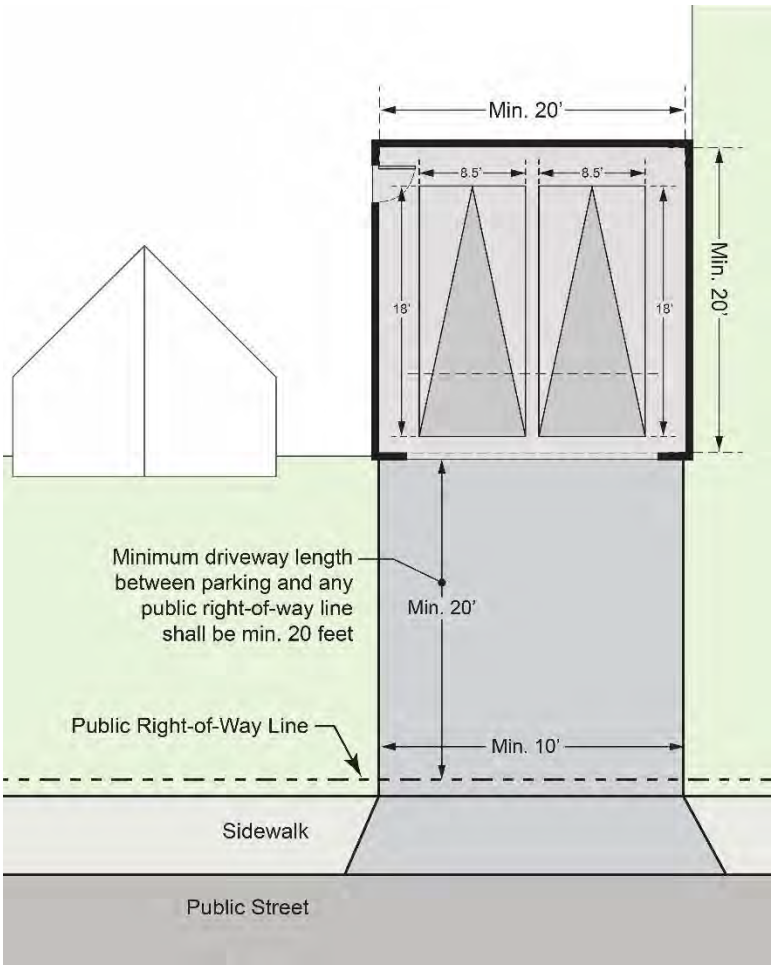
~~8.~~7. All vehicles are required to be parked on a continuously paved surface. Driveways and driveway approaches shall be paved.

~~9.~~8. For single family dwellings, the interior dimensions of the garage or carport are required to be 20’ x 20’. See Figure 3-13.

~~10.~~9. All vehicles, including boats~~,~~ and trailers, in the required front yard shall be parked perpendicular to the street, unless the legal driveway configuration dictates otherwise.

“Figure 3-13

Single-Family Garage Dimensions



SECTION 31: That the definition "Vehicle Sign", in Section 18.42.030, "Definitions", of Chapter 18.42, "Sign Standards", of Title 18, "Zoning", of the SCCC is hereby amended to read as follows:

"Vehicle Sign. A sign which is attached to ~~or painted on~~ a stationary vehicle which is parked on or adjacent to a property with the principal purpose of attracting attention to a product sold, or activity or business located on the property."

SECTION 32: That subsection E, "Procedure" in Section 18.42.050, "Comprehensive Sign Program", of Chapter 18.42, "Sign Standards", of Title 18, "Zoning", of the SCCC is hereby amended to read as follows:

"Procedure. If a Comprehensive Sign Program is to be included within a development plan, site plan, planned unit development plan, or other official plan required by the City for the proposed development, then a ~~Conditional Use~~ Sign Permit shall be processed simultaneously with other plans or permit applications."

SECTION 33: That subsection A, "Exempt Signs" in Section 18.42.070, "Exempt Signs", of Chapter 18.42, "Sign Standards", of Title 18, "Zoning", of the SCCC is hereby amended to read as follows:

"Exempt Signs. The following signs are allowed without a Sign Permit in any zone and shall not be included in the determination of type, number, or area or signs allowed on each parcel. Exempted signs shall be required to adhere to the regulations established for each sign type as provided in this Section.

1. Signs required by Federal/State law;

2. Official signs posted by a governmental body, including, flags, banners, emblems, traffic or highway signs, railroad crossing signs, or similar regulatory or warning devices and legal notices;

~~2.~~3. Directory and directional signs;

~~3.~~4. Holiday displays and decorations, only when not creating a traffic hazard or located within any visual setback area in the visibility clearance area;

~~4.~~5. Commemorative plaques, tables, date of construction, and similar signs constructed of permanent material. Only one sign for each structure, not to exceed two square feet in area for each sign is allowed;

~~5.~~6. Signs located inside a structure, mall, or other similar structure, provided these signs are not conspicuously visible and readable from a public street or adjacent properties not

under the same ownership;

~~6.~~7. Murals or other artistic paintings on walls, provided no names, information, logos, emblems or other similar information or illustrations of activities associated with uses on the premises or in the vicinity are included in the mural or painting;

~~7.~~8. "No Trespassing" signs. Each sign limited to one square foot in area. Signs may be placed at each corner and each entrance to a parcel and at intervals of not less than 50 feet or in compliance with legal requirements;

~~8.~~9. Real estate signs.

a. “For Rent”, “For Sale”, and “For Lease” signs shall be posted on the subject parcel, including common driveways, that is being advertised by an authorized agent;

b. Real estate signs shall not exceed six square feet for single-family residential and 32 square feet for multi-family or non-residential for each side of a double-sided sign;

c. There shall be no more than one sign per street frontage; and

d. Illuminated real estate signs are prohibited.

~~9.~~10. Signs placed by utilities or other publicly regulated service providers indicating location of underground facilities, danger, and aids to service or safety, including official advisory and signal flags;

~~10.~~11. Copy changes in approved changeable copy signs;

~~11.~~12. Signs or notices incidental to a commercial, mixed-use, or industrial establishment (e.g., hours of operation, credit card information, emergency contact information, help wanted, open-close) provided the signs do not contain any commercial messages, the establishment logo, and in total do not exceed four square feet in area for all incidental signs;

~~12.~~13. Memorial tablets or signs and iconic markers; and

~~13.~~14. Window signs not exceeding 25 percent of a tenant's total window space. Notwithstanding the foregoing, window signs shall not include the outline of windows with neon/LED light borders."

SECTION 34: That Table 3-9, "Signs Allowed in Commercial, Mixed-Use, Office, and Industrial Zones", of Section 18.42.110, "Standards for Signs Requiring a Sign Permit", of Chapter 18.42, "Sign Standards", of Title 18, "Zoning", of the SCCC is hereby amended as shown in Attachment A and appended hereto.

SECTION 35: That Paragraph 1, "Freestanding Signs" of subsection E, "Freestanding and Monument Signs", of Section 18.42.120, "Standards for Specific Sign Types", of Chapter 18.42, "Sign Standards", of Title 18, "Zoning", of the SCCC is hereby amended to read as follows:

"1. Freestanding Signs.

a. A freestanding sign is allowed by the provisions of this Chapter provided the freestanding sign complies with the provisions of this Chapter.

b. Freestanding signs may not exceed 150 square feet of sign area per individual sign (a double-sided freestanding sign would equal 75 square feet per side).

c. Freestanding signs not exceeding six feet in height and thirty 30 square feet in total sign area are allowed, at a minimum setback of four feet behind parcel line.

~~d. Freestanding signs shall not exceed a height of 20 feet.~~

~~e.~~d. If the freestanding sign is within the visibility clearance area of any driveway or intersection, it shall not exceed three feet in height.

~~f.~~e. Freestanding signs shall not be located within a dedicated utility easement.

~~g.~~f. To ensure the readability, the minimum letter size required on all freestanding signs shall be 10 inches. Sign copy shall not be located closer than one half-letter height to the sign edge or other line of copy.

~~h.~~g. External illumination with a hooded floodlight is prohibited. Internal illumination is permitted.

~~i.~~h. Freestanding signs shall be placed in a landscaped bed and shall have a minimum of two square feet of landscaping for every square foot of sign area measured at the base of the sign."

SECTION 36: That Paragraph 3, "Openings of Service Bays", of Subsection C, "Development Standards," of Section 18.60.200, "Vehicle Repair and Maintenance Facilities," of Chapter 18.60, "Standards for Specific Land Uses," of Title 18, "Zoning", of the SCCC is hereby modified as follows:

"3. Openings of Service Bays. Openings of service bays for new repair facilities shall not ~~face~~ be visible from the public right~~s~~-of-way and shall be designed to minimize the visual intrusion onto adjoining properties."

SECTION 37: That Subsection A of Section 18.60.280, "Mobile Food Vendors," of Chapter 18.60, "Standards for Specific Land Uses," of Title 18, "Zoning", of the SCCC is hereby modified as follows:

"Purpose and Intent. The intent of this Section is to ~~encourage~~ regulate mobile food vending on private property that is compatible with associated and surrounding uses and do not obstruct pedestrian or vehicular circulation or create an unsightly appearance. This section does not apply to sidewalk sales in the public right-of-way, which are governed by Sections 51036-51039 of the Government code."

SECTION 38: That Subsection A of Section 18.66.030, "Exemptions from Discretionary Permits," of Chapter 18.66, "Wireless Telecommunications Facilities," of Title 18, "Zoning", of the SCCC is hereby modified as follows:

"Replacement or modification of a previously allowed facility or equipment, or replacement or restoration of previously allowed facilities or equipment following temporary relocation, or collocation of new transmission equipment~~,~~ that does not substantially change the physical dimensions of the existing facility or equipment and qualifies as an "eligible facilities request" under 47 CFR § 1.6100, as may be amended."

SECTION 39: That a new Section 18.66.100, "Continuation of Wireless Facilities" is added to Chapter 18.66, "Wireless Telecommunications Facilities," of Title 18, "Zoning", of the SCCC and reads as follows:

"18.66.100 – Restoration of Wireless Facilities after Redevelopment.

A. During redevelopment of a site that involves an existing wireless facility, wireless facilities are allowed to continue in a temporary configuration for a period of up to three years from the date of the removal of the permanent facility. Temporary wireless facilities may be located up to 200 feet from the subject site.

B. Permanent wireless facilities may be restored on the subject site in a building-mounted configuration only. Continued wireless facilities are required to obtain a Zoning Clearance and building permits within six months of the completion of the redevelopment of the site, as measured by the first Certificate of Occupancy."

SECTION 40: That Subsection B, "Before Any Other Action," of Section 18.120.020, "Architectural Review Process," of Chapter 18.120, "Architectural Review," of Title 18, "Zoning", of the SCCC is hereby renamed "Plans Required".

SECTION 41: That Subsection D, “Public Hearing Required,” of Section 18.120.020, “Architectural Review Process,” of Chapter 18.120, “Architectural Review,” of Title 18, “Zoning”, of the SCCC is hereby amended as follows:

“D. Public Hearing Required. The Director shall conduct a public hearing, titled the "Development Review Hearing," after providing notice in compliance with Chapter 18.146 (Public Notices and Hearings) for the following types of projects:

1. New or expanded single-family homes resulting in:

a. Five or more bedrooms;

b. Five or more bathrooms;

c. Two or more bedrooms with direct exterior access; or

d. A new second story or the expansion of an existing second story.

~~2. Residential parcel or subdivision maps and any associated development plans.~~

~~3. New multi-family developments of any size.~~

~~4~~2. New freestanding non-residential development greater than 5,000 square feet in size.

~~5~~3. Modifications or additions to existing non-residential development, where the modification or addition is greater than 20,000 square feet in size.

~~6~~4. Demolition or major alterations to properties on the City's Historic Resources Inventory (HRI).

~~7~~5. Demolition of an existing structure, other than a non-habitable accessory structure.

~~8~~6. Any other project not listed above that the Director determines should be considered at a public hearing.”

SECTION 42: That a new Subsection D, “Completeness of Application,” is added to

Section 18.126.030, “Review Process,” of Chapter 18.126, “Zoning Clearances,” of Title 18, “Zoning”, as follows:

“Completeness of Application. All applications are required to be complete, including payment of fees, within 90 days of initial submittal. Any applications that remain incomplete will be automatically revoked without fees being refunded on the 91st day after initial submittal.”

SECTION 43: That a new subparagraph “c” is hereby added to paragraph 3 of Subsection B, “Timing and Form of Appeal,” of Section 18.144.030, “Filing and Processing of Appeals,” of Chapter 18.144, “Appeals,” of Title 18, “Zoning”, of the SCCC to read as follows:

“c. An appeal is not considered filed until the filing fee has been received.”

SECTION 44: That subparagraph d, regarding posting notices on the City’s website, of paragraph 2, “Alternative Notice for the Director’s Decision - Without a Public Hearing,” of Subsection B., “Method of Notice Distribution,” of Section 18.146.020, “Notice of Hearing,” of Chapter 18.146, “Public Notices and Hearings,” of Title 18, “Zoning”, of the SCCC is hereby deleted.

SECTION 45: That subparagraph f, regarding posting decisions on the City’s website, of paragraph 4, “Posting Notices,” of Subsection B., “Method of Notice Distribution,” of Section 18.146.020, “Notice of Hearing,” of Chapter 18.146, “Public Notices and Hearings,” of Title 18, “Zoning”, of the SCCC is hereby deleted.

SECTION 46: That the definition “Attic” is added to Section 18.160.010, “’A’ Definitions”, of Article 8, “Definitions”, of Title 18, “Zoning”, of the SCCC and reads as follows:

“Attic. The unconditioned, non-habitable part of a building immediately below the roof situated wholly within the roof framing. Permanent fixed stairways to an attic are

prohibited. The maximum height of an attic is less than seven (7) feet."

SECTION 47: That the definition "Common Living Area" in Section 18.160.030, "'C' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC is modified to read as follows:

"Common Living Area. The area of a dwelling available to all residents of a unit, including the living room, dining room and kitchen, but exclusive of bathrooms and hallways. Bedrooms are also not counted in the common area total."

SECTION 48: That the definition "Demolition" in Section 18.160.040, "'D' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC is re-named, "Demolition, Historic Resources".

SECTION 49: That a new definition of the term "Demolition" is added to Section 18.160.040, "'D' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC, immediately before the definition of "Demolition, Historic Resources", and reads as follows:

"Demolition. Means removal of more than fifty percent of the exterior walls of a building.

1. A wall, or portion of a wall, is deemed "removed" when its structure is removed or moved to another location or elevation on site, when the wall is enclosed behind newly constructed space, or when the exterior siding of the wall is removed.

2. For the purposes of calculating the amount of exterior walls removed, the remaining exterior walls must be contiguous.

3. Removal and replication of framing and/or siding for purposes of repair only does not constitute removal or demolition."

SECTION 50: That the definition "Dwelling unit" is added to Section 18.160.040, "'D'

Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC and reads as follows:

"Dwelling Unit. A room or group of rooms including living, sleeping, eating, cooking, and sanitation facilities, constituting a separate and independent housekeeping unit, occupied or intended for residential occupancy on a non-transient basis."

SECTION 51: That the definition of "Dwelling, Multifamily" in Section 18.160.040, "'D' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC is modified to read as follows:

"Dwelling, Multifamily. Residential structure containing three or more residential dwelling units, each of which is for the occupancy by one or more persons living as a single housekeeping unit. Includes: triplexes (structures under single ownership with three dwelling units in the same structure); fourplexes (structure under single ownership with four dwelling units in the same structure); apartments (five or more dwelling units under single ownership in the same structure or complex); and ~~common ownership~~ attached unit projects including condominiums and townhouses. Does not include two-family residential dwellings."

SECTION 52: That the definitions "Fitness Facilities", "Floor Area Ratio", "Floor Area Ratio, Commercial", and Floor Area, Gross of Section 18.160.060, "'F' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC are revised to read as follows:

"Fitness Facilities. A business or an organization charging a membership or use fee, including private clubs and gymnasiums, that provides exercise machines, free weights, swimming pool, ~~spa, steam room~~ or fitness training and classes for use by clients. Spas and steam rooms are allowed as an ancillary use to fitness facilities.

"Floor Area Ratio. FAR is a broad measure of building mass in relation to the area of a lot or lots. It is calculated as the ratio of the gross floor area of a building or buildings at or above grade divided by the ~~gross~~ net area of the site. FARs may be applied on a parcel-by-parcel basis or as an average for an entire site under a single development proposal."

"Floor Area Ratio, Commercial. For the purpose of determining the required commercial areas of mixed-use projects, the commercial floor area ratio is the floor area of a building devoted to commercial uses, not including amenity spaces or parking areas, divided by the gross lot area.

"Floor Area, Gross. The floor area computed from the outside dimensions of the building, at or above grade, ~~and not excluding~~ including corridors and other design features ~~and aggregated for each additional story or mezzanine floor, and excluding any basement area, except as provided below~~. Design features such as atria and mezzanines are not counted towards gross floor area, provided that those features do not increase the occupant load of the building. For purposes of this definition, where less than one-half the height of a basement is below grade, measured by reference to the average elevation of land within one hundred (100) feet of the building, such basement or ground floor shall be considered a story and contribute to the floor area."

SECTION 53: That the definition "Kennel" is modified, and that a new definition "Kickboard" is inserted into Section 18.160.110, "'K' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC and those definitions are to read as follows:

"Kennel. Facility where ~~five or more~~ dogs, cats, or other small domesticated animals over the age of four months are kept, whether keeping is for pleasure, profit, breeding, or

exhibiting, including places where the animals are boarded, kept for sale or hire. May also include daytime boarding and activity for animals (e.g., "doggie daycares") and ancillary grooming facilities."

"Kickboard. A horizontal board installed along the bottom of a fence. Kickboards are included in the measurement of fence height."

SECTION 54: That the definition "Major Transit Stop", of Section 18.160.130, "'M' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC is revised to read as follows:

"Major Transit Stop. Any of the following:

(1) a transit stop identified in the current version of Plan Bay Area;

(2) an existing rail or bus rapid transit station; or

(3) the intersection of two or more major bus routes with a frequency of service interval of ~~15~~ 20 minutes or less during the morning and afternoon peak commute periods."

SECTION 55: That the definition "Retaining Wall", is added to Section 18.160.180, "'R' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC and reads as follows:

"Retaining Wall. A structure that holds or retains soil behind it. It may be constructed of wood, masonry, concrete, metal, or other material."

SECTION 56: That the definition "Smoke Shop", contained in Section 18.160.190, "'S' Definitions", of Article 8, "Definitions", of Title 18, "Zoning", of the SCCC is modified to read as follows:

"Smoke Shop: Any premises ~~dedicated to~~ primarily engaged in the display, sale, distribution, delivery, offering, furnishing, or marketing of tobacco, tobacco products, or

tobacco, vaping, compressed gas (i.e. nitrous oxide), or cannabis paraphernalia. Any grocery store, supermarket, convenience store or similar retail use that only sells conventional cigars, cigarettes or tobacco as an ancillary sale shall not be defined as a "smoke shop"" and is not subject to the restrictions in this chapter. For purposes of this definition only, "primarily engaged in" means when 30% or more the products sold at the retail establishment are smoking and tobacco products or accessories, or other products or devices and components reasonably used for smoking or the inhalation or ingestion of any substance or any combination thereof."

SECTION 57: That the definition for "Specialized Education and Training" in Section 18.160.190 ("'S' Definitions") of Article 8 ("Definitions") of Title 18 ("Zoning") of the SCCC is modified to read:

"Specialized Education and Training. School offering specialized education and training that typically offer certifications rather than academic degrees (e.g., dance, ~~judo,~~ painting and tutoring)."

SECTION 58: That a new definition entitled "Vehicle Storage Yard" is added to Section 18.160.220 ("'V' Definitions") of Article 8 ("Definitions") of Title 18 ("Zoning") of the SCCC to read as follows:

"Vehicle Storage Yard means the keeping outside of an enclosed building for more than 72 consecutive hours of one or more motor vehicles (except inoperable vehicles), boats, trailers, or unoccupied recreational vehicles."

SECTION 59: That the definition for Vocational School in Section 18.160.220 ("'V' Definitions") of Article 8 ("Definitions") of Title 18 ("Zoning") of the SCCC us modified to read as follows:

"Vocational School. A public or private post-secondary school other than a community college or four-year college providing occupational or job skills training for specific occupations. ~~See "Specialized Education and Training/Studios~~"

SECTION 60: That Section 18.06.030 ("Zoning Map") of Chapter 18.06 ("Zoning Map and Zones") of Title 18 ("Zoning") is hereby amended to read as follows:

"18.06.030 – Zoning Map

The boundaries, designations, and locations of the zones established by this Zoning Code shall be shown upon the map(s) entitled "Zoning Map for Santa Clara " and referred to in this Zoning Code as the Zoning Map. Any additional maps (e.g., setback map, height map) adopted shall also be a part of this Zoning Code by reference. This Zoning Code, together with the Zoning Map, is hereby adopted in compliance with current State planning, zoning, and development laws. Amendments to the existing zone boundaries of any identified zones shall be made ~~**by ordinance**~~ in compliance with Chapter 18.142 (Amendments [General Plan, Zoning Code, and Zoning Map])."

SECTION 61: That the first paragraph of subsection (e) of Section 1.10.030 ("Administrative citation") of Chapter 1.10 ("Administrative Penalties – Citations") of Title 1 ("General Provisions") is hereby amended to read as follows:

"An administrative citation may be served by personal delivery on any person determined to be responsible for the violation if the responsible person resides or works within the City and can be located. If the responsible person resides and works outside the City, or the Code enforcement officer cannot readily locate a responsible party for personal delivery of an administrative citation, then the citation may be served by either by certified mail, postage prepaid, return receipt requested; or by priority mail with tracking; ~~,~~ addressed

to a location reasonably calculated to give notice to the responsible party of the administrative citation. All notices required by this chapter to be served subsequent to service of a citation may be served either by personal delivery or by certified mail, postage prepaid, return receipt requested, and shall be deemed effective on the date of personal delivery or when the certified mail is either delivered or delivery is attempted."

SECTION 62: That all of the Chapters numbered 18.200 and above are hereby deleted from the Zoning Code.

SECTION 63: That the cross-references to other sections of the code are updated to reflect the correct target destination.

SECTION 64: Ordinances Repealed. With exception of the provisions protected by the savings clause, all ordinances (or parts of ordinances) in conflict with or inconsistent with this ordinance are hereby repealed.

SECTION 65: **Savings clause**. The changes provided for in this ordinance shall not affect any offense or act committed or done or any penalty or forfeiture incurred or any right established or accruing before the effective date of this ordinance; nor shall it affect any prosecution, suit or proceeding pending or any judgment rendered prior to the effective date of this ordinance. All fee schedules shall remain in force until superseded by the fee schedules adopted by the City Council.

SECTION 66: **Effective date**. This ordinance shall take effect thirty (30) days after its final adoption; however, prior to its final adoption it shall be published in accordance with the requirements of Section 808 and 812 of "The Charter of the City of Santa Clara, California."

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF SANTA CLARA, CALIFORNIA APPLYING THE R6 ZONING DESIGNATION TO PARCELS DESIGNATED TRANSIT NEIGHBORHOOD, CONSISTENT WITH THE GENERAL PLAN

WHEREAS, on January 9, 2024, the City of Santa Clara (the "City") adopted the City's Zoning Code Update, the first comprehensive update of the Code in over 50 years; and

WHEREAS, the 2010-2035 General Plan is the City's vision for future development; and

WHEREAS, the City's Zoning Code is the primary regulatory tool that implements the General Plan; and

WHEREAS, the Zoning Code is administered on a parcel-by-parcel basis through a Zoning Map with specific zoning districts applied to each parcel; and

WHEREAS, the City prepared a Zoning Map that is consistent with the City's General Plan, as required by state law; and

WHEREAS, on July 16, 2024 the City Council adopted the zoning map to implement the adopted Zoning Code;

WHEREAS, the resolution adopting the map did not apply the R6 Zoning designation, because the code language did not include standards for non-residential uses and instead called for using the TN Transit Neighborhood standards of the previous code; and

WHEREAS, under Government Code Section 65860, the General Plan and Zoning Ordinance of a jurisdiction are required to be consistent with each other; and

WHEREAS, the proposed Zoning Code Cleanup Ordinance includes provisions to modify the R6 Transit Neighborhood Residential District to allow the full range of uses of anticipated in the Tasman East Specific Plan; and

WHEREAS, the City Council has reviewed the proposed Zoning Map resolution and the area of the map that the proposed changes apply to; and

WHEREAS, before acting on the change to the proposed Zoning Map, the City Council reviewed

and considered the potential environmental impacts and determined that as the primary implementation tool of the General Plan, the environmental effects of the proposed Zoning Code Update and associated Zoning Map were consistent with 2010-2035 General Plan EIR, as addended, and that the proposed Zoning Map did not alter the conclusions of the adopted General Plan EIR, as addended, or create new environmental impacts; and

WHEREAS, on April 8, 2026, the Planning Commission conducted a duly noticed public hearing to consider the Zoning Map, which was subsequently continued to May 20, 2026 and again to June 10, 2026. At the conclusion of the hearing on June 10, the Commission recommended approval of the proposed Zoning Map Amendment resolution; and

WHEREAS, on August 18, 2026, the City Council conducted a duly noticed public hearing to consider the proposed Zoning Map, at which time all interested persons were given an opportunity to give testimony and provide evidence in support of and in opposition to the proposed Zoning Map.

NOW THEREFORE, BE IT RESOLVED BY THE CITY OF SANTA CLARA AS FOLLOWS:

1. That the City Council hereby finds that the above Recitals are true and correct and by this reference makes them a part hereof.

2. That the City Council hereby amends the City's Zoning Map to be consistent with the City's adopted General Plan land use diagram, by applying the R6 zoning designation in the current version of the Zoning Code to parcels with the Transit Neighborhood General Plan land use designation.

//

REPORT TO COUNCIL

SUBJECT

Staff Update and Solicitation of Council Input or Direction on a City Council Request (Council Policy 030) to Revise Chapter 17.15 of the City Code (Property Developments) related to Required Street Improvements (DEFERRED FROM JUNE 23, 2026)

BACKGROUND

At the November 18, 2025 City Council meeting, Councilmember Chahal submitted a Council Policy 030 request to consider possible revisions to Title 17, Chapter 17.15, Table III of the City Code related to requirements for public improvements. City Council approved a motion to agendize this 030 request for discussion at a future meeting. The purpose of this report is to provide information on Chapter 17.15 and its application in relation to City requirements for street improvements (such as sidewalk upgrades), in connection with planning entitlement and building permit applications (i.e. residential additions).

City Code Title 17, Chapter 17.15, Table III: Title 17 of the City Code is entitled “Development” and includes Chapter 17.15, entitled “Property Developments,” which defines certain policies, requirements, and procedures for the development of property in the City. Included within Chapter 17.15 is Section 17.15.110, entitled “On-site dedications, easements, and rights-of-way” as shown below and also included as Attachment 1.

§ 17.15.110 On-site dedications, easements, and rights-of-way.

(a) The developer shall grant to the City, without cost, all easements and/or rights-of-way (excluding easements and rights-of-way for street purposes that are provided for in subsection (b) of this section) necessary (1) for serving the property of the developer and (2) for the installation of utilities, flood-control improvements, and public service facilities.

(b) The developer shall also grant to the City, without cost, all easements and/or rights-of-way for street purposes necessary for serving the property of the developer and to install required street improvements in accordance with actions listed in Table III.

(c) Off-set credits shall be allowed the developer for existing street improvements previously paid to the City in accordance with the provisions of SCCC § 17.15.100 and § 17.15.260.

City Code 17.15.110(b) requires that a developer grant to the City, without costs, easements and/or rights-of-way for street purposes necessary for serving the property and install required street improvements in accordance with Table III (Attachment 2).

Table III of Chapter 17.15 requires that dedication and street improvements are required in

connection with:

- Final Maps, Parcel Maps, and Zoning
- Residential: Any single private improvement or any series of private improvements made within a three-year period involving 800 or more square feet of any new construction, addition, or reconstruction.
- Non-Residential: Any single private improvement or any series of private improvements made within a three-year period valued at $200,000 or more.

DISCUSSION

City Code Section 17.15.110 provides the legal framework by which the City can require street improvements and dedications as development occurs. There are two typical processes where staff review projects to determine if street improvements and dedications are required.

1. Planning Entitlement and Building Permits: During this process, applicants submit a planning application for a proposed land use project to the Planning Division in the Community Development Department (CDD). CDD coordinates with various City departments to review the proposal, and the City sets project level conditions of approval. There are often conditions of approval requiring adjacent street improvements. During the building permit stage of the project, staff follow up on the project's conditions of approval to ensure that required street improvements are permitted and constructed.

2. Building Permit Only: In this situation, a planning application/permit is not required, and applicants submit directly to the City's Building Division in CDD. CDD coordinates with various City departments who review the building application and set requirements based on review of the project and relevant City Codes.

Staff understands that the 030 request is related to street improvement requirements for residential building additions. Based on this, the remainder of the report will focus on the process and requirements for these specific types of projects. Below are the typical steps involved when the City receives and reviews a residential building permit application.

Process for Reviewing Residential Additional Building Permit Applications related to City Code Section 17.15.110:

1. Building Application Submitted
   Receive a residential building permit application.

2. Threshold Review (Table III)
   Staff reviews the project against Table III to determine if frontage improvements are triggered. For residential projects, Table III allows the City to require street improvements for projects where there is any single private improvement or any series of private improvements made within a three-year period involving 800 or more square feet of any new construction, addition, or reconstruction.

3. Determine Required Improvements

If the project meets the threshold, staff reviews the existing conditions along the project's street frontage and identifies required street improvements, with an emphasis on bringing the public street frontage into compliance with the current Americans with Disabilities Act (ADA) requirements.

Typical frontage improvements can include:

- Driveway Approach: Upgrade existing driveway approach (which includes a sidewalk) to meet current City standards
- Sidewalk: Construct or replace uplifted or damaged sidewalk to meet current City standards
- Curb Ramps: Upgrade curb ramps to meet current City standards for corner properties

Examples of these types of street frontage improvements are included in Attachment 3.

4. Condition of Approval (Issuance)
   ADA related street frontage improvements are added as a condition of the building permit prior to permit issuance.

5. Applicant Notification/Conditional Release Letter
   Applicant is notified of the requirement. Prior to issuance of the building permit, the property owner is required to sign a conditional release letter acknowledging the obligation to complete the street frontage improvements.

6. Condition of Approval (Final)
   A condition is placed on the building permit final requiring completion of the street frontage improvements.

7. Encroachment Permit (EP) Process
   Applicant obtains an encroachment permit to construct the street frontage improvements. Plans are reviewed and approved by the Department of Public Works prior to construction.

8. Completion and Final Clearance
   Once construction is completed and inspected, staff clears the encroachment permit and removes the frontage improvement condition in Accela, allowing the building permit to receive final.

Residential Building Permit Projects with Required ADA Improvements

Table 1 below includes the number of residential building permit projects that required ADA related improvements per City Code Section 17.15.110, Table III.

Table 1
Number of Residential Building Permit Projects
with Required ADA Street Improvements

	2021	2022	2023	2024	2025	2026 (to date)
# of Projects	22	27	25	19	18	7

The majority of the required improvements involve upgrading existing driveway approaches/sidewalk to City standards. Cost information provided by project applicants indicates that the value of these improvements ranges between $5,000 to $19,000 per improvement. The value of each improvement is highly dependent on the extent of concrete work required and cost information applicants receive from their contractors.

Peer City Benchmarking Information

Staff contacted several peer cities to determine if those cities have similar requirements for street improvements in connection with residential building permit applications. The cities of Milpitas, Mountain View, San Jose and Sunnyvale responded and in general they do not typically require street improvements for residential building permit projects. Below is a summary of their feedback.

Milpitas:

- No codified square-footage trigger
- Sidewalk and driveway improvements only required when a project fronts an unimproved street.

Mountain View:

- Code: If project valuation is over $175,000 and outside of a flood zone, residential project is required to do public improvements
- Sewer lateral video is required
- Sidewalk and driveway improvements not required unless proposed by the applicant; if proposed, must meet current standards

San Jose:

- No codified square-footage trigger
- May require driveway/sidewalk upgrades if none exist, or where scope creates a clear nexus

Sunnyvale:

- No codified square-footage trigger
- Residential building permits not reviewed by Public Works. Sidewalk and driveway improvements required only if owner proposes to relocate driveway.

Amending Chapter 17.15 of the City Code

If the City Council wishes to amend Chapter 17.15 of the City Code, staff recommend that the Council discuss the proposed revisions and provide direction regarding the desired changes.

Chapter 17.15 of the City Code may be amended to modify or eliminate existing requirements, and the Council may direct that such amendments apply retroactively where the effect is to reduce, remove, or otherwise lessen existing obligations. For example, if the Council eliminates the requirement for street improvements for residential additions exceeding 800 square feet, that amendment could be applied retroactively. However, amendments that would impose new, additional,

or more burdensome requirements should apply prospectively only and should not be applied retroactively to pending applications, previously approved projects, or completed construction. Any proposed ordinance should clearly specify whether retroactive application is intended, the effective date of that application, and the categories of projects to which it would apply.

It is important to note that the City's recently adopted ADA Self Evaluation and Transition Plan includes information related to the City's current regulations and practices to require development to provide street improvements such as ADA driveways, sidewalks, and curb ramps. These improvements were originally built by developers and the City has opted to maintain this infrastructure. If Council provides direction to amend the City Code to remove the requirement for street improvements, the City will then bear the financial responsibility to provide these improvements in the future.

Following Council direction, staff will coordinate with the City Attorney's Office regarding next steps, confer with the appropriate Council Committees, and return to the Council with proposed amendments.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a "project" within the meaning of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15378(b)(2) as a general policy making activity.

FISCAL IMPACT

In addition to costs related to City staff time and expense necessary to prepare this report, if the City Council provides direction to remove the requirement for street improvements as currently required in City Code Chapter 17.15.100, the City will be responsible for the subject improvements in the future.

COORDINATION

This report has been coordinated with the City Attorney's Office, Community Development Department and City Manager's Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Discuss and provide direction related to revising Chapter 17.15 of the City Code (Property Developments) related to Required Street Improvements.

CITY CODE SECTION 17.15 – TABLE III

Table III

Action	Dedication Required	Street Improvements Required
Final Map	Yes	Yes
Parcel Map	Yes	Yes
Zoning	Yes	Yes
Residential: Any single private improvement or any series of private improvements made within a three-year period involving 800 or more square feet of any new construction, addition, or reconstruction.*	Yes	Yes
Nonresidential: Any single private improvement or any series of private improvements made within a three-year period valued at $200,000 or more.	Yes	Yes

Dedication of easements and rights-of-way for street purposes, including the installation of street improvements, may not be required by the City in connection with:

(a) Residential. The granting of building permit(s) involving:

(1) Any single private improvement less than 800 square feet of any new construction, addition, or reconstruction*; or

(2) Any series of private improvements made within a three-year period that are cumulatively less than 800 square feet of any new construction, addition, or reconstruction.*

(b) Nonresidential. The granting of building permit(s) involving:

(1) Any single private improvement valued at less than $200,000; or

(2) Any series of private improvements made within a three-year period that are cumulatively valued at less than $200,000.

Provided further, if the Planning Commission finds, on appeal, that the proposed activity has a significant impact on the immediate area, the developer shall be required to grant to the City, without cost, all dedications required for street purposes, including the installation of street improvements to serve the property of the developer.

* Reconstruction is any work involving the removal of at least 50 percent of exterior wall(s). Interior remodeling is not reconstruction.

REPORT TO COUNCIL

SUBJECT

Action on a Council Policy 030 Request for Information on Public Participation Options, and Audio/Visual (A/V) and Broadcasting Requirements for Potential Offsite City Council Meetings, and Direction to Staff (DEFERRED FROM JUNE 23, 2026)

BACKGROUND

At the February 10, 2026, City Council Meeting, Vice Mayor Gonzalez made a Council Policy 030 request to agendize a review of public participation options such as Public Presentations only for in person public speakers or holding Council meetings at alternative locations outside of Council Chambers. The City Council agreed to add this item to a future City Council Agenda.

City Council meetings are currently held in the City Hall Council Chamber, which is equipped with integrated A/V systems that support in-room audio, video display, live production, broadcasting to the City's government access television channel, and streaming to online platforms. The City Council has expressed interest in holding City Council meetings at an offsite location, with the Northside Library identified as a preferred venue.

City Council Chamber systems include a base A/V system with controllers and production equipment, microphones, multiple displays and projectors, and the Granicus platform used for agenda management, meeting tagging, and voting. Offsite locations do not currently have equivalent equipment and production capabilities.

DISCUSSION

Currently, City Council meetings are available for live public viewing and comment in person (at City Hall) and via Zoom (telephonically or over the internet). In addition, remote live viewing (without the ability to comment) can be accessed via Facebook, the City's website (Granicus), the City's government access television channel, and YouTube. In total, there are seven (7) ways to view live meetings of the City Council, three of which allow for live comments (in-person, Zoom over the telephone, and Zoom over the internet).

The Brown Act

SB 707 was passed into law in 2025 and requires that, as of July 1st, all open and public meetings, including City Council meetings, shall include an opportunity for members of the public to attend via a two-way telephonic service or a two-way audiovisual platform, except if adequate telephonic or internet service is not operational at the meeting location. Gov Code 54953.4(b)(1)(A)(i)(I)(ia).

If City Council elects to provide a two-way audiovisual platform, it shall publicly post and provide a call-in option, and activate any automatic captioning function during the meeting if an automatic

captioning function is included with the two-way audiovisual platform. If Council does not provide a two-way audiovisual platform, it shall provide a two-way telephonic service for the public to participate in the meeting. Gov Code 54953.4(b)(1)(A)(ii).

In-Person Only Public Comment
As noted above, currently, the public may provide live comment either in person in the Council Chambers or remotely via Zoom. Members of the public may also submit written comments in advance, which are distributed to the Council and made part of the record. Although the Council 030 request included a request to consider limitation of remote comment by members of the public, that will not be possible as a result of the new requirements of SB 707.

Offsite Meeting Locations
As staff reviewed alternative City facilities, a key consideration was the equipment required to maintain broadcast quality on the City's government access television channel.

Council Chamber meetings rely on an integrated set of production, broadcasting, and meeting-management systems that are not currently available at any other City of Santa Clara facility. To conduct a City Council meeting with comparable functionality at an offsite venue, the City would need to procure and install additional A/V and IT equipment, and in some cases provide supporting integration and configuration services. Missing equipment and capabilities include:

1. Production equipment for live switching, audio mixing, and recording;
2. Streaming and broadcasting components and encoders to deliver live and on-demand viewing;
3. Camera systems with pan-tilt-zoom controls, controller interfaces, and presets to support consistent camera angles and accessibility needs;
4. Additional dais and audience microphones;
5. Confidence/return displays and presenter displays for Councilmembers, staff, and the public; and
6. Granicus apparatus and associated peripherals used for agenda management, speaker timer and queues, and City Council voting, including required networking and security configurations.

Based on a preliminary assessment of required equipment and implementation services, staff have identified two options to support offsite City Council meetings (costs are one-time estimates and are subject to refinement during procurement and implementation):

1. Deploy permanent equipment at the Northside Library (approximately $149,000);
2. Deploy permanent equipment at both the Northside Library and Central Library (approximately $258,000)

Some additional, non-technological, considerations may include: room size and capacity, overflow capability, and scheduling.

If City Council provides direction to prepare for holding offsite City Council meetings, staff would need to further assess room layouts, power and network connectivity, acoustics, and sightlines during detailed design to confirm final quantities and costs. The City Council would receive an update of any additional costs at a later date and staff would then proceed with an implementation approach as well as any procurement actions consistent with City Council direction.

Recommendation

Provide direction to Staff regarding whether to proceed with preparations for holding City Council meetings at an offsite location, including desired meeting capabilities and service levels.

Alternatives

1. Maintain current practice and continue to provide seven (7) ways for the public to view live meetings of the City Council that occur at City Hall -noting that three of the options currently allow for live comments (in-person, Zoom over the telephone, and Zoom over the internet).
2. Provide an alternative direction with respect to the location and participation platforms to City Council meetings.

ENVIRONMENTAL REVIEW

The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(a) as it has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

FISCAL IMPACT

Any one-time costs to procure and install equipment to support offsite City Council meetings would be funded by Public, Educational, and Governmental (PEG) fees, subject to City Council direction and authorization. Preliminary one-time estimates are approximately $149,000 (Option 1) or $258,000 (Option 2), depending on the option selected. Estimates do not include any ongoing subscription, licensing, staffing, or support costs that may be required for the upkeep of the installed system (e.g., Granicus cloud annual costs) and for meeting-day setup and testing.

COORDINATION

This report has been coordinated with the Information Technology Department, Finance Department, Library Department, City Clerk’s Office, City Manager’s Office and City Attorney’s Office.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City’s website and in the City Clerk’s Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk’s Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

RECOMMENDATION

Provide direction to Staff regarding whether to proceed with preparations for holding City Council meetings at an offsite location, including desired meeting capabilities and service levels.

REPORT TO COUNCIL

SUBJECT

Action on a Council Written Request (Council Policy 030) Submitted by Councilmember Jain to Place an Item on a Future Council Agenda Regarding a Policy Limiting the Type and Quantity of Water Used by Data Centers

BACKGROUND

Council Policy 030 (Adding an Item on the Agenda) sets forth the procedure for written petitions. A member of the Council may submit a written request for inclusion of an item on a future City Council agenda. Prior to submitting a Council Item Request form, the Member shall discuss the proposed request with the City Manager (and/or the City Attorney, as appropriate). If City staff's response does not satisfy the Member's request, the Membermay submit the Council Item Request form for placement on a future City Council agenda. Once the City Clerk's Office receives the Council Item Request form, it should immediately be forwarded to the City Manager for placement on an agenda, if possible, within two (2) Council meetings after original receipt of the original request by the City Clerk's Office.

DISCUSSION

The City Clerk's Office received a Council Written Request on June 29, 2026, submitted by Councilmember Jain requesting than an item be placed on a a future meeting agenda to discuss the creation of a policy limiting the type of water used by future data centers. The request also calls for discussion regarding the City's potential participation in any future Demand Side Grid Support (DSGS) program administered by the California Independent System Operator (CAISO) or State of California.

As a reminder, this item is for purposes of discussing whether or not the Council wants to agendize this item on a future Council agenda for a report or action. It is not for purposes of discussing the substance of the item itself. Specifically, the policy provides as follows:

1. At the meeting where the request to add an item to a future agenda is heard, Council discussion is limited to whether the item should be added to an agenda and a date, not the merit of the item. Valid considerations that can be discussed include whether the matter is within the City's jurisdiction, being addressed in some other way, City resource requirements, legality, timing, and prioritization.
2. Council may take the following actions when a request is made:
    a. No Action
    b. Refer the request to City staff for further study and a timely report back to Council
    c. Refer the item to a future annual Council Priority Setting session meeting
    d. Placement on a future Council meeting agenda for further consideration or action
3. At the meeting where the item is first considered, if a majority of the City Council supports

further study of the item, then a full staff analysis shall be prepared within thirty (30) days, unless otherwise directed by the City Council. If the request requires more than thirty (30) calendar days to prepare, status updates will be provided to the City Council every sixty (60) days as an informational memo.

ENVIRONMENTAL REVIEW
The action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines section 15378(b)(5) in that it is a administrative activity that will not result in direct or indirect physical changes to the environment.

FISCAL IMPACT
There is no fiscal impact associated with considering the request to be placed on a future agenda except for staff time.

COORDINATION
This item was coordinated with the City Manager and the City Attorney.

PUBLIC CONTACT
Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City’s website and in the City Clerk’s Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk’s Office at (408) 615-2220, email clerk@santaclaraca.gov or at the public information desk at any City of Santa Clara public library.

ALTERNATIVES
a. No Action
b. Refer the request to City staff for further study and a timely report back to Council
c. Refer the item to a future annual Council Priority Setting session meeting
d. Placement on a future Council meeting agenda for further consideration or action

RECOMMENDATION
Staff makes no recommendation.

ATTACHMENTS
1. Policy Procedure 030 - Adding an Item on the Agenda
2. Written Petition dated June 29, 2026, Submitted by Councilmember Jain

ADDING AN ITEM TO THE AGENDA

PURPOSE

The purpose of this Policy is to establish a clear, effective, and easily understood process for members of the City Council and the public to have items, within the jurisdiction of the City Council, placed on the City Council agenda for consideration.

POLICY/ PROCESS FOR CITY COUNCIL MEMBERS

Referral from Members of the City Council in Advance of a Meeting:

After consultation with the City Manager (and/or City Attorney, as appropriate), the Mayor or any individual Councilmember may submit a written request by using the Council Item Request Form to the City Manager's Office for inclusion of an item on a future City Council agenda. An item may be referred to the City Manager for inclusion on a City Council agenda during a Council meeting by City Council action.

The procedure for written request from the City Council shall be as follows:

1. Members of the City Council shall use the Council Item Request form to submit a written request for inclusion of an item on a future City Council agenda.
2. Prior to submitting a Council Item Request form, the Member shall discuss the proposed request with the City Manager (And/or City Attorney, as appropriate) to determine if City staff's response does not satisfy the Member's request, the Member shall submit the Council Item Request form for placement on a future City Council agenda.
3. Once the City Clerk's Office receives the Council Item Request form, it should immediately be forwarded to the City Manager for placement on an agenda, if possible, within two (2) Council meetings after receipt of the original request by the City Clerk's Office. All written material (Council Item Request Form and any support material) will be submitted on the agenda in the form substantially provided by the requestor without any staff analysis, including fiscal review, legal review and policy review, until the City Council has had the opportunity to provide the direction to the City Manager.

Referrals from Members of the Council at the Council Meeting

If an issue arises during a Council meeting that may require future City Council action a City Council member may also request, through a referral, that such item be agendized for future Council consideration. Such a request may be considered by the Council following the

"Procedure for Handling Requests at the City Council Meeting" set forth below.

POLICY/ PROCESS FOR COUNCIL COMMITTEES

Referral from a Council Committee:

Council Committees may request that an item to be considered for inclusion on a future City Council agenda by formal committee action. Any such request shall be submitted to the City Manager in writing. Provided the request is received two (2) days prior to the public release of the City Council agenda packet the item shall be included for consideration at that City Council meeting in accordance with the "Procedure for Handling Requests at the City Council Meeting" set forth below. .

POLICY/ PROCESS FOR MEMBERS OF THE PUBLIC

Requests from Members of the Public:

Members of the public may request that an item be added to a City Council Agenda in any of the following ways:

1. **Public Presentations:** Any member of the public may address the City Council under the "Public Presentations" section of the agenda to make a request of the City Council to add an item to a future meeting. If a member of the public wishes to provide a written petition of their request prior to their appearance at a Council Meeting they may be submitted as follows:
    a. Email:

        City Council: mayorandcouncil@santaclaraca.gov

        City Manager: manager@santaclaraca.gov

    b. MySantaClara App:

        santaclaraca.gov/services/make-a-service-request

    Note: Written Petitions will not be listed on the City Council agenda, and the member must be present at the meeting to present their request.
2. **Individual City Councilmembers:** Members of the public may directly petition individual City Councilmembers to request that an item be added to a future Council meeting. The Councilmember may then choose to submit the request through the Council referral process outlined in this Policy, above.
3. **City Manager and City Departments:** Members of the public may also petition the City Manager or City staff for specific action. The City Manager and/or staff may respond, as appropriate, directly to this request, or direct the member of the public to the other methods of petitioning the City outlined above.

PROCEDURE FOR HANDLING REQUESTS AT THE CITY COUNCIL MEETING

1. At the meeting where the request to add an item to a future agenda is heard, Council discussion is limited to whether the item should be added to an agenda and a date, not the merit of the item. Valid considerations that can be discussed include whether the matter is within the City's jurisdiction, being addressed in some other way, City resource requirements, legality, timing, and prioritization.

2. Council may take the following actions when a request is made:

    a. No Action.
    b. Refer the request to City staff for further study and a timely report back to Council.
    c. Refer the item to a future annual Council Priority Setting session meeting.
    d. Placement on a future Council meeting agenda for further consideration or action.

3. At the meeting where the item is first considered, if a majority of the City Council supports further study of the item, then a full staff analysis shall be prepared within thirty (30) days, unless otherwise directed by the City Council. If the request requires more than thirty (30) calendar days to prepare, status updates will be provided to the City Council every sixty (60) days as an informational memo.

COUNCIL ITEM REQUEST FORM

The Council Item Request Form is for members of the City Council to submit written requests to the City Manager's Office for inclusion of an item on a future City Council meeting agenda. At the meeting where the initial written request is heard, discussion should be limited to whether the item should be added to an agenda and a date, not the merit of the item. A majority vote of the City Council is required for the item to be added to future Council meeting agenda for action.

CONTACT INFORMATION

Requesting Member of City Council Suds Jain

Contact E-mail sjain@santaclaraca.gov

Contact Phone 408-499-2955

Today's Date 6-29-2026

WRITTEN REQUEST

I, Suds Jain **, hereby request that the following item be placed on the City of Santa Clara Council and Authorities Concurrent meeting agenda:**

The City of Santa Clara is home to 58 data centers which is only limited by the lack of transmission to supply power current and future data centers. SVP is investing heavily to expand the transmission and distribution to support almost double the data center load. Recently there has been a lot of opposition Nationwide to building data centers primarily because of Climate impacts and water usage. Some cities have even passed moratoriums on the construction of data centers (Seattle, Denver, Madison, Oklahoma City)

In the last update of Santa Clara's Climate Action Plan, the Council mandated that all new data centers be carbon neutral with the ability to purchase offsets or RECs. There was little or no opposition by the data centers and it addressed the climate change impacts from CO2 emissions for the electricity being consumed.

Many of the cities that passed moratoriums were deeply concerned about water usage by data centers for cooling. Many of the newer data centers in Santa Clara have minimal water consumption and serve as models for data centers nationwide. However, Santa Clara does not have an official policy limiting water use by data centers.

I hereby request that Santa Clara create a policy which limits the type of water used by data centers and the quantity of water used by future data centers. There should also be a discussion regarding participation in any future DSGS (Demand Side Grid Support) program by the CAISO or State of California.

For reference, the 2024 EIR for the 2805 Bowers Data Center states: "The BDC could require water when outside air temperatures approach design (89 degrees Fahrenheit) to augment its adiabatic cooling system using evaporative pads on the rooftop air-cooled chillers. The data center would be designed to use up to 0.5 acre-feet per year (AFY) of recycled water via the proposed recycled water pipeline extension, and a potable water connection would be provided as a back-up source to the recycled water system in the interim period."

By comparison, A typical single family residence uses 0.3 to 0.5 acre feet of water per year so this 72 MW data center uses less than 2 families of water for cooling.
