PUBLIC PRESENTATIONS

[This item is reserved for persons to address the Council or authorities on any matter not on the agenda that is within the subject matter jurisdiction of the City or Authorities. The law does not permit action on, or extended discussion of, any item not on the agenda except under special circumstances. The governing body, or staff, may briefly respond to statements made or questions posed, and appropriate body may request staff to report back at a subsequent meeting. Although not required, please submit to the City Clerk your name and subject matter on the speaker card available in the Council Chambers.]

ADJOURNMENT

The next regular scheduled meeting is on Tuesday, October 4, 2022 in the City Hall Council Chambers.

MEETING DISCLOSURES

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitation period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge, which is not filed within that 90-day period, will be barred. If a person wishes to challenge the nature of the above section in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Santa Clara, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall Council Chambers. A complete agenda packet is available on the City's website and in the City Clerk's Office at least 72 hours prior to a Regular Meeting and 24 hours prior to a Special Meeting. A hard copy of any agenda report may be requested by contacting the City Clerk's Office at (408) 615-2220, email clerk@santaclaraca.gov <<mailto:clerk@santaclaraca.gov>> or at the public information desk at any City of Santa Clara public library.

If a member of the public submits a speaker card for any agenda items, their name will appear in the Minutes. If no speaker card is submitted, the Minutes will reflect "Public Speaker."

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Clara will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities, and will ensure that all existing facilities will be made accessible to the maximum extent feasible. The City of Santa Clara will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities including those with speech, hearing, or vision impairments so they can participate equally in the City's programs, services, and activities. The City of Santa Clara will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities.

Agendas and other written materials distributed during a public meeting that are public record will be made available by the City in an appropriate alternative format. Contact the City Clerk's Office at 1 408-615-2220 with your request for an alternative format copy of the agenda or other written materials.

Individuals who require an auxiliary aid or service for effective communication, or any other disability-related modification of policies or procedures, or other accommodation, in order to participate in a program, service, or activity of the City of Santa Clara, should contact the City's ADA Coordinator at 408-615-3000 as soon as possible but no later than 48 hours before the scheduled event.

Reasons

Please state reasons why you want to become a member of this Board/Commission/Committee, including what specific objectives you would be working toward as a member of this advisory board:

I am an avid bicyclist and runner residing in Santa Clara and father of two. I would like to help make Santa Clara a more bike and pedestrian friendly city because I believe it makes our community healthier, greener, and, most importantly, more united. There is so much more positive interaction between people when we are out of our cars. After reading through the Bicycle Plan Update 2018, I am interested in working on the connectivity to Santa Clara schools and the potential downtown revitalization, as well as finding ways to encourage a greater percentage of bicycling, both for work commuting and community events.

Additional Information

Any other information which you feel would be useful to the City Council in reviewing your application:

I worked for 9 years at Menlo School in Atherton as their Director of Sustainability, primarily working on their traffic mitigation program. My responsibilities included working with families to determine their best alternative to driving their cars to school, including bicycling and walking. My experience makes me feel very comfortable in a community facing role, whether writing communications or public speaking.

Reasons

Please state reasons why you want to become a member of this Board/Commission/Committee, including what specific objectives you would be working toward as a member of this advisory board:

I am an avid cyclist, walker, and hiker. In particular I'm interested in assisting with cycling related objectives. Moving here from Texas a few years ago, I was very impressed by how many more bike lanes there are, the better signage, sweeping of streets, etc. I see many people using the bike lanes and generally more pedestrians, which is a great feature of the area. I'd like to do what I can to improve this where possible!

Special Interests, Hobbies or Talents

Please state reasons why you want to become a member of this Board/Commission/Committee, including what specific objectives you would be working toward as a member of this advisory board:

I want to help the committee make recommendations to the City Council that will improve cycling and pedestrian conditions so that more people will want to ride bicycles and walk to destinations in the city rather than drive a car. I want to help the committee find solutions to reduce the crash rates between motor vehicles and bicyclists and pedestrians.

To improve cycling and pedestrian conditions, I will advocate for:

1. More space on our streets devoted to cyclists and pedestrians,
2. Lower speed limits on our streets,
3. More facilities for parking and storing bicycles on public and private property,
4. Better access to private property from the city sidewalk to enhance pedestrian safety
5. Way-finding signs,
6. An enhanced city Internet web presence, and
7. Programs to serve cyclists and pedestrians, particularly youth, communities of concern and women.

To further enhance cyclists and pedestrians comfort and safety on City streets, I would like to see roundabouts installed in our residential neighborhoods; I am on the BPAC Roundabout Subcommittee and I submitted a design for installing roundabouts on Forbes Avenue in our City. Roundabouts would make trips to neighborhood destinations, such as grocery stores, banks, city parks, and schools, safer and more efficient (in time and effort).

To create more space on our streets for cyclists, I submitted to the BPAC for review a project to temporarily install bicycle lanes on the El Camino Real. I have also suggested locations for bicycle lanes on streets where motor vehicle lanes can be narrowed to provide room for bicycle lanes. I have been outspoken at BPAC meetings in regard to including bicycle and pedestrian related infrastructure as part of development plans.

To help cyclists and pedestrians find their way around the city, I helped the BPAC Subcommittee on Way-finding to select cycling and pedestrian routes, including preparing drawings for sign locations. That project, if installed, will direct cyclists and pedestrians to destinations within the City, particularly places of employment, public parks, schools, colleges, business districts, shopping areas, historic places, the San Tomas Aquino Creek Trail, and cross-city travel.

I was also a member of the BPAC Subcommittee on Web Presence to investigate more public connectivity to information about cycling and pedestrian infrastructure and programs in the City.

Because youths are a cycling and pedestrian population, the Safe Routes to School program, a program that educates youth about safely walking and cycling to school, should be continued. We need to review the efficacy of that program by periodically reviewing the crash statistics for those age groups, if available, from the police department.

To identify other programs to assist cyclists, the BPAC should recommend the City continue to apply to the Bicycle Friendly Program offered by the League of American Bicyclists (LAB). BPAC needs to continually assess our current facilities and programs, as well as explore needed improvements identified by the LAB. I would like to attain the next level in that LAB program, the Silver rating.

To assist the City staff in investigating and applying for all these projects and programs, the LAB suggests, and I will continue to advocate for, a full time Pedestrian and Bicycle Coordinator be hired by the City. The coordinator can be the sole staff member assisting and attending meetings of the BPAC and can update the bicycle and pedestrian plans, rather than the using valuable City Traffic Engineering staff time, thereby saving the city a good deal of money. The Pedestrian and Bicycle Coordinator can also evaluate our present cycling and pedestrian infrastructure and programs and investigate funding. The coordinator could investigate funding sources such as government grants, public/private partnerships, and taxing strategies in order to accomplish committee goals more quickly.

Under the existing administration of the BPAC, I recommend that the City Council require that the City's Traffic Engineering staff submit all major changes they propose making to City roadways to the BPAC for review. Those projects at a minimum should include proposed traffic signals and new street configurations due to proposed developments in addition to the street re-stripping they presently submit for review.

I recommend that the City Council require the City's Planning Department staff submit all major land use changes and large proposed developments to the BPAC for review in order for the committee to ascertain if there will be impacts to the pedestrian and cycling environment. Widths of sidewalks and street features, such as tree planting, benches, sidewalk treatments, and other street features contribute to the improvement of the environment for pedestrians and cyclists and should be reviewed by the BPAC.

Additional Information

Any other information which you feel would be useful to the City Council in reviewing your application:

I have lived in Santa Clara for about forty-five years and in the Santa Clara Valley for fifty-five years. I have many fond memories of cycling around the valley, including a ride to the top of Mount Hamilton and many rides to Santa Cruz over the Santa Cruz mountains while I was a member of a high school cycling club. In college, I used a bicycle to commute to and from the university campus.

I have an undergraduate college degree, an A.B. degree in Environmental Design with a major in Architecture from U.C. Berkeley. I was a Public Works Inspector for the City of Santa Clara for twenty-six years, and I am familiar with roadway, bike path and sidewalk construction and maintenance. I inspected the construction of phase one and two of the City's San Tomas Aquino Creek Trail while employed at the City.

From 1994 to 2007, I organized, volunteered and served as secretary for a popular non-profit bicycle repair clinic club in East Palo Alto, the Major Taylor Cycling Club of East Palo Alto. I helped at several City of Santa Clara Bike to Work Day events. Those activities are described in more detail below.

City of Santa Clara Bike to Work Day event: I not only volunteered to help distribute promotional items at several Bike to Work Day events, but also provided minor bicycle repairs to the public during the event. That experience has led me to think about additional trail enhancements that the BPAC may want to consider, such as repair stations, repair station shelters, more drinking fountains, restrooms, benches, and more pedestrian bridges to connect businesses on the east side of the creek to the trail. As a past member of BPAC, I suggested that BPAC recommend the City Council send a letter to the Santa Clara Valley Water District to save the popular Intel pedestrian bridge; that was accomplished and the bridge is still there.

Major Taylor Cycling Club: I was the secretary of the Major Taylor Cycling Club of East Palo Alto, a non-profit 501(c) 3 organization, for thirteen years. The club, which closed in 2007, operated a twice-monthly bicycle repair clinic for the youth of that city at no charge to the participants; over four thousand (4,000) participants attended during that period.

Club members, all volunteers, assisted youths in the repair and maintenance of their bicycles and taught riding skills. Repairs were accomplished by reusing bicycle parts from salvaged bicycles that were headed for the dump or otherwise donated to the club. I helped develop and oversaw all programs. I constructed all the necessary infrastructure to support the programs, such as work tables, tethered tools, tool carts, and storage facilities. I also provided free lunches to the members and youth volunteers. One notable program was the "Earn a Bike" program where youths helped other youths repair their bicycles in order to earn a bicycle.

The club also attended and helped at bicycle rodeos and parades sponsored by the City of East Palo Alto. The club attended and provided logistical support for a bicycle reuse event sponsored by the County of San Mateo. Our club's achievements were recognized by the City of East Palo Alto and the County of San Mateo, in large part due to our providing services not available in the private sector (there was no bicycle shop in that city).

Reasons

Please state reasons why you want to become a member of this Board/Commission/Committee, including what specific objectives you would be working toward as a member of this advisory board:

Santa Clara is in need of a better and safer environment for cyclists and pedestrians. The two are in constant deference to automobiles. In other surrounding cities, the apparent danger and frustration is not as prevalent. I am to be part of making Santa Clara a welcoming city to walk and ride in for all ages.

Reasons

Please state reasons why you want to become a member of this Board/Commission/Committee, including what specific objectives you would be working toward as a member of this advisory board:

In 1995ish I moved to an apartment in Santa Clara near Newhall and Winchester Boulevard. In 2004, I bought a house in Santa Clara and for the past 27 years, I have called this my home. For many years I have walked and bicycled the infrastructure in the City and County of Santa Clara, as well as, recreationally cycled throughout the Bay Area. On more than one occasion I have had to navigate dangerous situations by foot, bicycle, and automobile.

From October 2016 until October 2020 I had a life-changing opportunity and moved to and lived in The Netherlands. My home city was Amsterdam. As an avid cyclist, this was a dream come true and a truly eye-opening experience. The Netherlands is not only the most diverse country in all of Europe but in the 1970's, Amsterdam led their monumental transition from an automobile-centric city to a pedestrian/cyclist-focused country. Today, Amsterdam and The Netherlands have a mind-blowing infrastructure that promotes the safe passage of millions of people by foot, bicycle, and car every day. In the Netherlands, every driver of a car is also a cyclist so the vulnerability of being on a bike or walking is understood on a more personal level than here in The United States. I commuted daily by bicycle during my time in Amsterdam and rode thousands of miles every year for fun outside of my daily work commute. It's this perspective I'd like to share, as well as, learn from the perspectives of other members of the Advisory Commission to help shape our roads and community for all.

Additional Information

Any other information which you feel would be useful to the City Council in reviewing your application:

There is a great YouTube Channel called, "Not Just Bikes" which illustrates a lot of the value I can bring and I encourage you to take a look at it for educational purposes.

CITY OF SANTA CLARA
VOTING GUIDELINES FOR THE APPOINTMENT
OF APPLICANTS TO BOARDS AND COMMISSIONS

- 1) Council is given a copy of the applications in their weekly packet to review and consider applicant qualifications.
- 2) Council interviews applicant. Interviews are held at a City Council Meeting for the Planning Commission and Civil Service Commission. Interviews are held in a less formal area of City Hall for all other Boards and Commissions.
 - A) Each applicant is given three (3) minutes for an opening statement. The applicant may respond to questions from the Council. The applicant has one (1) minute for a closing statement.
- 3) Council votes for applicants:
 - A) If there are four (4) or fewer applicants the Council will cast one vote each for their desired appointee.
 - B) If there are five (5) or more applicants, the Council will cast one vote each for their two desired appointees. Only one vote per applicant is allowed. A Councilmember may choose to vote for only one applicant but will relinquish the other vote.
- 4) The votes are tallied:
 - A) If there are four (4) or fewer applicants the Clerk will announce the winner.
 - i. If there is a tie, there will be 3 re-votes for the Council to reconsider the applicants. The Council has the opportunity to deliberate between each round of re-voting.
 - ii. If there is still a tie and there is not a full Council present, the Council will defer the decision until a full Council is present, and re-interview the top two applicants.
 - iii. If there is a full Council present, the Members will draw straws, with the person drawing the long straw abstaining from voting at the next round. The Council has the opportunity to deliberate.
 - iv. The Council votes, with the applicant receiving the highest number of votes being the winner. The City Clerk will announce the winner.
 - B) If there are five (5) or more applicants, the Clerk will announce the two applicants who received the highest number of votes. The Council then has an opportunity to deliberate regarding the remaining two applicants.

The Council will then cast one vote each for their desired appointee. The City Clerk will announce the winner.
