Please state reasons why you want to become a member of this Board/Commission/Committee, including what specific objectives you would be working toward as a member of this advisory board:

I would like to become an active member in local politics and to better understand how commissions operate within the municipal government. Social work and the community has been the focus of my professional and educational endeavors for approximately the past ten years. I began interning and working with marginalized populations in 2008 while attending UC Santa Cruz in Santa Cruz, CA.

After graduating I spent approximately four years working as a Housing Specialist at the Silicon Valley Independent Living Center (SVILC) in San Jose, CA, where I served clients with disabilities. During this time, I spoke before the City Council along with other members of SVILC to request continued funding which supported a disability-accessible home in Santa Clara. I enjoyed speaking before the City Council and was impressed by the professionalism and welcoming environment created by the council members.

Now that I have completed my Masters in Social Work at San Jose State University and started a new career as a child welfare social worker with the County of Santa Clara Department of Family and Children's Services, I have the free time needed to join a city commission and am

excited for this opportunity. I believe it is of paramount importance that civil service positions are filled by competent, qualified candidates who are able to represent the city and its mission in this culturally and economically diverse community.

As a member of this advisory board, I would work diligently to ensure that petitions for civil service positions are fairly and sufficiently addressed. I would wait until all information is presented before beginning the process of reviewing the petition so that the petitioner's voice is heard and his or her point of view is taken into consideration. I would hope to elevate the morale of the commission by bringing a fresh new optimism to the volunteer work that we do to serve our community.

I have been a happy resident and registered voter in the City of Santa Clara since May of 2017, and before that for one year in 2014. It would be my honor serve on this commission and would do so with great pride and humility. I humbly request the board's consideration and appointment of me as a member of the Civil Service Commission. I look forward to hearing from you. Thank you very much.

Any other information which you feel would be useful to the City Council in reviewing your application:

I have served the following populations either through work or internship experiences:

- homeless adults and families
- low-income senior citizens
- people with disabilities include mental illnesses, physical, developmental, and intellectual disabilities, learning disabilities, and substance use
- youths and adults in the criminal justice system
- families receiving public assistance
- undocumented immigrants including farmworkers

Please state reasons why you want to become a member of this Board/Commission/Committee, including what specific objectives you would be working toward as a member of this advisory board:

I am currently the Personnel Commission Services Administrator for the San Mateo County Office of Education. I find it very rewarding to serve the 3 commissioners in a secretarial and a parliamentary capacity. I believe the Merit System/Civil Service System is often misunderstood. My goal is to ensure that the common understanding and benefits of a Civil Service System remains intact with the City of Santa Clara and to ensure that the Civil Service System, where possible, is efficient, and finally to ensure that the current system in place remains fair to all employees.

Any other information which you feel would be useful to the City Council in reviewing your application:

I feel compelled to do more not only in my professional capacity as an Administrator for the Merit System, but also for the community in which I live. Civil Service employment is a great choice for a career and to give back to one's community. I want to ensure that the tenants of Civil Service/Merit Systems are enforced to continue to prove to employees that they made the right choice in becoming a Civil Servant.

I am a long time Santa Clara resident from the North Side. Attachment:

Please state reasons why you want to become a member of this Board/Commission/Committee, including what specific objectives you would be working toward as a member of this advisory board:

I am Vietnamese Americans who came to live in Santa Clara in 1987. I left Omaha, NE after fully assimilated for 11 years into the American life. I came to Santa Clara and love this community which I see as my home. My husband has built his business here as well as settling in a nice home in the Rivermark community, near the Levi's stadium.

I have lived in Santa Clara for more than 8 years but worked in the Santa Clara City for more than 28 years.

Although I have not attended the past board meetings, I am familiar with the physical challenges that our city faces, home construction is few but more affordable homes are needed; social gatherings have become condensed and parking spaces are also problem; parks are needed and frequently used by families but for parks in less frequented areas, it needs to be safe for social gathering; young adults need to have a healthy location for safe socializing and learning about themselves. Our city is so wonderfully diverse that we should embrace the differences and boasts about the common bonds that we all hold. We also have a diverse layers of economic differences where working families make less than \$50K per year or even \$75K oer year as a household. How are we serving those families and their needs? Not everyone makes >\$100K per year; we also have an older population who should be served and nurtured as well. The services that we provide and seek should complement their experiences. Our programs should take advantage of the wise and experienced demographics and mix them with the young adults, toddlers, or people with different abilities. The continued interest in the Levi's stadium and its on-going noise issue should be monitored but with a neighborhood group. Together, as partners we shall have a productive dialogue to make our city the best city in California.

I am active in all past activities which my daughter was involved since middle school to high school. We have attended parks, swam, and attended cultural and sporting events here. I have seen how the pools and showers have been managed. At the time, I wish I could fix things. I wish I could influence decisions to have better management, etc. In the past, our family were active with the community to improve its infrastructure and governance. We donate or attend events and endorsed the City's initiatives.

I am aware of the meeting times, date, and month and have committed to attending in case I am selected. I look forward to meeting you at the Board Meeting.

Subject: Re: Santa Clara address

Hi Sophia,

Thank you for contacting me. As I described on the phone, there was some sort of glitch with the system that caused it to bring up a Mountain View address for me. I entered my Santa Clara address, but it sounds like it wasn't saved properly. My correct address in Santa Clara is as follows:

Kimberly Wallace
[REDACTED]
Santa Clara, CA 95051

Regards,
Kim

Good morning Kimberly,

As discussed earlier this morning, your application shows a Mountain View address. You stated that you tried to update the address to your current Santa Clara address but the system wouldn't accept the change. Can you please confirm your Santa Clara residency and address please?

Thank you!

With joy,
