November 30, 2021

The Honorable Mayor and City Council City of Santa Clara Santa Clara, CA 95050

Dear Mayor and Members of the City Council:

It is our pleasure to submit for your information the Annual Comprehensive Financial Report (ACFR) of the City of Santa Clara (City) for the fiscal year ended June 30, 2021. The City compiles and prepares the annual financial report to provide interested parties with reliable information concerning the financial condition and results of operations for the City.

Responsibility for the accuracy of the data and the fairness of presentation, including all footnotes and disclosures, rests with the City. Management of the City has established a comprehensive internal control framework that is designed to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal control has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Per the City Charter (Section 1319, Independent Audit) the City of Santa Clara's financial statements have been audited by Maze & Associates, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2021 are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Santa Clara's financial statements for the fiscal year ended June 30, 2021 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Santa Clara was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require that agencies expending more than \$750,000 in federal monies, are required to have the independent auditor report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and legal requirements involving the administration of federal awards. These reports are available in the City's separately issued Single Audit Report, scheduled for release in March 2022.

Management has provided a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

This report is divided into three sections:

• The Introductory Section includes this letter of transmittal, an organizational overview of the City government, and prior awards received.

• The Financial Section consists of the independent auditor's report, Management's Discussion and Analysis, Basic Financial Statements (which include the Government-Wide Financial Statements, Fund Financial Statements, and Notes to Basic Financial Statements), Required Supplementary Information, and a Supplementary Section containing the Combined and Individual Fund Financial Statements and Schedules.

• The Statistical Section includes a number of tables of unaudited data depicting the financial history of the City, demographics, and other selected information about the City.

#### PROFILE OF THE CITY OF SANTA CLARA

The City is located in the County of Santa Clara, California, and is approximately 45 miles southeast of San Francisco and three miles west of downtown San Jose. It is situated in the northern part of the County and occupies approximately 19.3 square miles.

The City enjoys a diversified industrial and commercial base. Santa Clara is headquarters to some of the nation's leading electronics, telecommunications, computer, and semiconductor firms. The City is also home to a university, a community college, an adult learning center, a general hospital, a theme park, and a stadium.

The City's population is estimated at 129,100 indicating the City remains an attractive place both to live and work. The City is one of the most highly desirable areas to live because of the high- quality services it provides to residents and its business friendly environment.

The City of Santa Clara, also known as the Mission City, is a charter city incorporated in 1852 under the laws of the State of California. The City's powers are exercised through a Council/Manager form of government. The City Council is made up of the Mayor, elected at large, and six councilmembers elected by district serving as the legislative authority. The City Council appoints a City Manager who is responsible for the overall management and administration of the City, a City Attorney to represent and advise the City Council and all City officers in all matters of law pertaining to their offices, and a City Auditor to audit and approve all bills, invoices, payrolls, demands or charges against the City government before payment and, with the advice of the City Attorney, advise the City Council as to the regularity,

legality and correctness of such claims, demands or charges. The Police Chief and the City Clerk are also publicly elected officials.

The City provides a full range of services. These services include police, fire protection and emergency dispatch; electric, water, and sanitary sewer services; the construction and maintenance of streets and infrastructure; parks and recreational activities and cultural events; planning and zoning; library; cemetery; and general administrative and support services.

#### LOCAL ECONOMY

COVID-19 spurred the abrupt end to the longest economic expansion in U.S. history, impacting communities across the country. In 2020, the nation saw record breaking increases in unemployment and declines in economic activity. These impacts, however, have been uneven, with some sectors significantly negatively impacted, such as leisure and hospitality and retail, and other sectors remaining strong, such as housing. With its reliance on business travel, Santa Clara's hotel activity is expected to take time to recover. From the extremely low starting point in the current fiscal year, strong growth is projected over the next several years with collections hitting the pre-COVID levels in 2026

While the local economy continues its recovery from the COVID-19 pandemic, this has been tempered recently with the Delta-variant, The unadjusted unemployment rate in the San José-Sunnyvale-Santa Clara Metropolitan Statistical Area (MSA) was 5.2% in June 2021, significantly higher than the pre-COVID-19 level of 2.6% in February 2020, but well below the June 2020 unemployment rate of 10.4%.

At the local level, several of the City's General Fund revenues have been impacted, with the largest declines in the transient occupancy tax, sales tax, and fees for services categories. In response to the economic environment stemming from impacts of the COVID-19 pandemic, the City implemented various cost savings strategies at the end of March 2020. These actions included a hiring freeze in addition to more controls across overtime, as-needed staffing, marketing, travel, and technology and vehicle purchases.

FY 2020/21 saw the full impact of COVID-19 on the local economy. The City took steps to rebalance its budget mid-year through expenditure cuts and use of one-time reserves. Through strong fiscal management efforts, the City has been able to develop proposals that maximize services, maintain our workforce, and suspend expenditures where appropriate due to COVID-19. For FY 2021/22, the City took further action to close a \$29 million deficit, in part through one-time ARPA federal funding totaling \$26 million, use of reserves, and further expenditure and revenue actions.

Looking forward, the City continues to forecast a \$17.6 million ongoing deficit starting in FY 2023/24 in the General Fund. A workplan considering several options to review fees, or generate new revenues are ongoing.

#### FINANCIAL INFORMATION

#### Long-term Financial Planning

The City Council has adopted key Council Strategic Pillars to guide long-term policy decisions and address the economic challenges that the City faces. COVID-19 will continue to stress the City's resources but the City also continues to recognize the need to fund reserves and utilize a multi-pronged strategy to ensure ongoing expenditures are in alignment with ongoing revenues. The Council Strategic Pillars are:

- Promote and Enhance Economic, Housing and Transportation Development
- Deliver and Enhance High Quality Efficient Services and Infrastructure
- Enhance Community Sports, Recreational and Arts Assets
- Enhance Community Engagement and Transparency
- Ensure Compliance with Measure J and Manage Levi's Stadium
- Manage Strategically Our Workforce Capacity and Resources
- Promote Sustainability and Environmental Protection

In addition, the City of Santa Clara produces an annual Ten-Year Financial Plan (Plan). The purpose of the Plan is to provide policy-makers and the public an updated assessment of the City's fiscal health that takes into account the latest economic developments. The report includes historical perspective on revenues and expenditures and a ten-year financial outlook beyond the adopted budget year. The value of this type of analysis is to give the City Council, staff, and the public a tool to assist with strategic decision-making as they work to adopt the budget for the coming year. The Plan is a collaborative effort between the City Manager's Office, Finance Department, and City departments. Individual projections of revenues and expenditures are developed based on trend analyses, input from available economic reports, consultant recommendations, and input from other subject matter experts. The most current information available is incorporated into the Plan and refined on a moving forward basis as part of the City's commitment to fiscal responsibility.

The Plan compares ongoing revenues and expenditures. The model assumes shortfalls or surpluses are solved with ongoing solutions in the prior year. To the extent solutions to close the gap, or ongoing dollars are not fully spent in years with surpluses, these figures would carry over to the next fiscal year. It does not factor in one-time funding sources or items funded on a pay-as-you-go method with one-time sources.

The Plan does not include the following:

- One-time funding sources and one-time expenditure needs;
- The cost to address unmet/deferred capital infrastructure needs;
- Revenue and staffing impacts of development projects; and
- Additional contributions to Reserves (Budget Stabilization Reserve, Capital Projects Reserve, Pension Reserve).

Historically, the City has funded many of capital infrastructure and equipment needs with one-time funds on a pay-as-you-go basis. The use of one-time funds as the funding mechanism for capital improvements and various equipment that rely on the General Fund creates challenges. The lack of sufficient one-time funding has resulted in a backlog of unmet/deferred infrastructure needs. Staff will continue to evaluate potential options to create capacity to address those funding needs.

In addition to the elements described above that are not factored into the Forecast, the City has identified various factors that could have potential positive or negative impacts on the Forecast. These include:

- More robust economic recovery following the COVID-19 vaccinations;
- Less economic recovery as a result of worsening COVID-19 impacts due to variants and vaccine hesitancy;
- Future economic slowdown/recession;
- The re-assessment of non-residential properties for property tax purposes;
- State/federal legislative changes and legal challenges;
- Labor costs outside the budget assumptions;
- CalPERS actuarial changes or reform actions;
- Unanticipated critical capital/infrastructure needs; and
- Maintenance impacts and timing of development projects.

In January 2021, the Administration prepared the Plan for discussion at the Council Priority Setting Session. At that time, the Plan showed a substantial General Fund shortfall of \$41.7 million in FY 2021/22 as a result of COVID-19 impacts on City revenues, with improvement in the remaining years of the Forecast. The projected shortfall of \$41.7 million was equivalent to 14.8% of forecasted expenditures, while the surpluses in the out years of \$1.5 million to \$5.5 million were relatively small, ranging from 0.5% to 1.9% of expenditures annually.

Since the development of the Plan in January 2021, staff continued to refine the revenue estimates and the expenditure budget. The Phase 1 budget reductions (\$12.7 million) as well as other net zero adjustments result in an improvement to the estimated budget deficit in FY 2021/22. With the Council approval of Phase 1 in March 2021, and with continued revision, the shortfall was revised downwards from \$41.7 million to \$29 million. The revised shortfall of \$29 million is equivalent to 11.2% of General Fund expenditures in FY 2021/22, while the small surpluses of \$1.3 million to \$4.2 million in the remaining years range from 0.5% to 1.5% of expenditures. The FY 2021/22 and FY 2022/23 Adopted Operating Budget solved this deficit with new revenues, expenditure reductions, the use of one-time federal stimulus funding, and reserves. Because the ongoing deficit was solved using partial reserves, an ongoing revised deficit of \$17.6 million is forecasted starting in FY 2023/24.

The plan is to address the shortfall with a combination of the following:

- Ongoing expenditure reductions
- One-time savings from cost control measures
- Potential ballot measures and other revenue generating actions
- Potential labor negotiations

With the pandemic, economic conditions have worsened in a very short period of time and many economists are now projecting one of the worst recessions in generations. It is difficult to fully know the ongoing impact at this time. We believe the shortfall could be worse and is directly connected to the duration and magnitude of the shelter-in-place, as well as how re-opening the local economy is implemented over time.

#### **Internal Controls**

The management of the City is responsible for establishing and maintaining internal controls designed to ensure that the assets of the City are protected from loss, theft or misuse, and that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the stated framework. City management believes the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

#### **Budgetary Controls**

As part of the City's internal controls, it maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annually appropriated budget approved by the City Council. Activities of the majority of the City funds are included in the budget. In addition, a two-year Capital Improvement Project Budget is adopted and a Ten-Year Financial Plan is updated and presented to the City Council annually. The legal level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the department level, or the fund level if there are no departments in a fund. The City Manager may transfer appropriations from one program to another within the same fund and the object category of a department without approval from the City Council. All other transfers or additional revenue received must be approved by the City Council if needed to fund additional expenditures. The City also maintains an encumbrance accounting system as one technique for accomplishing budgetary control. Encumbrances outstanding at year-end are included within the specific fund balance category of the underlying resource.

#### **Independent Audit**

The City Charter and State of California statutes require the City to have an annual audit by an independent certified public accountant. The City goes to the market with a formal Request for Proposal for audit services every five years. The accounting firm of Maze & Associates, Certified Public Accountants, was selected by the City Council in 2012, and again in 2017, and is in the tenth year as the City's independent auditor. In addition to meeting the requirements set forth in City Charter and State statutes, the audit is designed to meet the requirements of the federal Single Audit Act of 1984, as amended in 1996 and by the recent Uniform Guidance. The auditors' report on the basic financial statements and the supplementary combining statements and schedules are included in the financial section of this report. The auditors' reports related specifically to the single audit are included in a separately issued single audit document on file with the City Clerk's Office.

#### **MAJOR INITIATIVES**

#### **Investments in City Council Priorities**

Heading into FY 2020-21, many initiatives that aligned with City Council priorities were planned and approved by the Council. However, it should be noted that these priorities were developed to prioritize investments during a time of economic growth. While many of these priorities are important to our community, our focus has quickly shifted to maintaining essential services that our residents currently receive and in the context of recovering from a global pandemic and economic crisis. No doubt, our priorities and strategies must pivot from a growth strategy to maintaining service level strategy and recovering from COVID-19. As such, and given the magnitude and challenges of the budget deficits,

these priorities have been put on hold by staff while we have refocused on essential services related to COVID-19. The City has already implemented numerous strategies, as previously described, to generate savings to tackle the deficits. These include a hiring freeze across the organization; reducing marketing, reduced technology, travel and training expenditures; reviewing our current purchase orders, encumbrances and, carryover projects. While these measures will help generate savings, we know that additional measures that threaten the service levels currently funded will be needed to budget gap. Ongoing work on future revenue initiatives continues which include evaluation of our cost recovery fees, and focusing our operations as we recover from COVID-19.

#### **Development Projects**

Prior to the COVID-19 pandemic, more than \$3 billion in new development projects were on the horizon for Santa Clara in the next few years, with the likelihood of more to come. There are many residential and commercial projects in various stages of planning. While these projects are underway, it is important to note that changes due to COVID-19 may be required as we continue to learn about the long-term impacts related to community gatherings, engagement, and regulations. These projects are both sensitive to new community requirements and an economic downturn: therefore, flexibility will be required. Below are highlights of a few of the larger projects:

#### Related Santa Clara Project

The Related Santa Clara Project is envisioned to be an approximately 240-acre, multi-phased urban city development located in the heart of the Silicon Valley. The project will create a new center of activity for the community and region, providing significant mixed-use development, retail offerings, office buildings, hotel rooms, and rental residential dwellings at an urban scale, as well as accessible outdoor spaces and new infrastructure to support the development.

#### Downtown Master Plan

The City of Santa Clara is in the process of planning for the revitalization of our Downtown by developing a Precise Plan that will provide guidance for new development within a portion of the Downtown Focus Area. Following an initial community engagement effort, three land use scenarios/conceptual plans have been developed. Additional review and testing of the land use/design options, a larger context study to understand compatibility and competition from other large development projects, and an El Camino Real intersection study to understand multi modal connectivity from regional transit to downtown will be performed. This work will focus on market feasibility, retail strategy and connectivity.

#### Electric Vehicle (EV) Charging

A project added in FY2019/20, SVP's EV Charging infrastructure will support the City's conversion to clean energy and prepare for future installations in accordance with California standards. This project will expand new EV charging stations throughout the City over the next five years.

#### Community Park North- Phase I

Per the Developer Agreement, a 34.9-acre parcel, formerly part of the City's golf course, will be developed into Santa Clara's second community park. This project is funded from a Developer Contribution in the amount \$5 million, of which \$500,000 is for design and engineering and \$4.5 million for construction of Phase I improvements. Phase I will include community outreach, schematic design and design development, and program planning. Phase I improvements will be determined after the community outreach process.

#### Freedom Circle Mixed Use Project

This project proposes a General Plan Amendment and Re-zoning to Planned Development to construct a mixed-use development project on a 16.6 acre site within the Freedom Circle specific plan area, that consists of 1,018 residential units, 606,968 square feet of office space, 18,653 square feet of commercial space and 2.5 acres of publicly accessible open space, including bicycle and pedestrian connections to the San Tomas Aquino Creek Trail.

#### Benton Street Mixed Use Project

Developed by Prometheus, this project currently under construction consists of up to 355 apartment units including eight live-work units, 650 parking spaces, 1,601 square feet of leasing office space, 346 square feet pet spa area,1,528 square feet of bike amenity space, an amenity roof deck with 4,341 square feet of club room and a fitness center, three private courtyards and a public courtyard facing The Alameda. The project includes approximately 22,000 square feet of retail space and potentially an additional 2,364 square feet of commercial space within 8 live-work units.

#### Kylii Mixed Use Development Project

This project is in review for a General Plan amendment for a nine-parcel property to amend the designation from High-Intensity Office/Research to a newly established mixed-use designation allowing a high-intensity mix of office, commercial, and residential uses. The proposed amendment could support future development on the property. Potential development area includes 3.5 million square feet of office and 6,000 housing units.

#### FINANCIAL POLICIES

The City of Santa Clara has adopted a comprehensive set of financial policies. These policies address items such as budget, cash management, interfund loans, investments, reserves, and debt management. The City Council reviews and approves budgetary policies as part of the annual budget process. Investment and debt policy statements are reviewed and approved by the City Council under separate cover.

#### AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement in Excellence in Financial Reporting to the City of Santa Clara for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2020. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports and is valid for a period of one year only. The City has received this prestigious award for the past twenty-ninth consecutive years.

To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Programs' requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

#### **ACKNOWLEDGEMENTS**

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. We wish to thank all City departments for their assistance in providing the data necessary to prepare this report. Credit and thanks are also due to the Mayor and City Councilmembers for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Santa Clara's finances.

Respectfully submitted,

Deanna J. Santana City Manager Director of Finance

#### **INDEPENDENT AUDITOR'S REPORT**

To the Honorable Members of the City Council City of Santa Clara, California

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Santa Clara, California, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents. We did not audit the component unit financial statements of the Santa Clara Stadium Authority (Stadium Authority), as of and for the year ended March 31, 2021, which is both a major fund and 32.7%, 5.6%, and 6.3% of the assets, net position and revenues, respectively, of the business-type activities.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. The financial statements of the Stadium Authority were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Stadium Authority, is based solely on the report of other auditors. We also did not audit the financial statements of Northern California Power Agency (NCPA), Transmission Agency of Northern California (TANC) and San Jose-Santa Clara Regional Wastewater Facility and Clean Water Financing Authority (SJSC) as of and for the year ended June 30, 2021, related to the calculation of the Investments in Joint Ventures. The Investment in these Joint Ventures collectively represents 8.9%, 16.3% and 0.2%, respectively, of total assets, net position and revenues of the business-type activities. The financial statements of the NCPA, TANC and SJSC were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the calculation of the Investments in Joint Ventures, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Changes in Accounting Principles**

Management adopted the provisions of Governmental Accounting Standards Board Statement No. 84 - Fiduciary Activities, which became effective during the year ended June 30, 2021 and required the restatement of beginning fund balance and net position as discussed in Note 18E to the financial statements. As part of the implementation, the OPEB Plan Trust Fund is no longer reported in the financial statements and the Statement established the new fund type, Custodial Funds, and eliminated the fund type of Agency Funds.

Management also early-adopted the provisions of Governmental Accounting Standards Board Statement No. 98 - *The Annual Comprehensive Financial Report* for the year ended June 30, 2021, which establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments.

The emphasis of these matters does not constitute a modification to our opinions.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and other Required Supplementary Information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Introductory Section, Supplemental Information, and Statistical Section listed in the Table of Contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Supplemental Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2021, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Management's Discussion and Analysis (MD&A) of the City of Santa Clara's (City) Annual Comprehensive Financial Report provides an overview of the City's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the City's financial performance. Readers should review the discussion and analysis in conjunction with the basic financial statements, as well as the notes to the financial statements to enhance their understanding of the City's financial performance.

#### FINANCIAL HIGHLIGHTS

Financial highlights for fiscal year June 30, 2021 are as follows:

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources by \$2.0 billion in fiscal year 2020-21. Of this amount, \$(190) million represents unrestricted net position, a decrease of \$47 million from fiscal year 2019-20. The deficit is comprised of a negative balance of \$290 million for governmental activities and a positive balance of \$100 million for business-type activities. The negative position in governmental activities is primarily due to the net pension liability of \$464 million and the net Other Post Employment Benefits (OPEB) liability of \$20 million as of June 30, 2021.
- The City's total net position that increased by \$33 million includes a \$38 million decrease in governmental activities primarily from the COVID-19 impact and \$71 million increase in business-type activities mainly from the rate increases and lower operating costs in Electric Utility.
- The net pension liability increased by \$45 million or 8.1% during fiscal year 2020-21 to \$599 million from \$554 million. The changes were mainly due to the decrease in investment earnings. Deferred outflows of resources related to pensions are \$96 million at June 30, 2021, an increase of \$5 million from prior year. Deferred inflows of resources related to pensions are \$1 million at June 30, 2021, a decrease of \$10 million from prior fiscal year. The decrease resulted from changes of assumptions, differences between expected and actual experience, and net the difference between projected and actual earnings on the pension plan investments. More details on the net pension liability are included in Note 13.
- The net OPEB liability decreased by \$2 million or 5.3% during fiscal year 2020-21 to \$36 million at June 30, 2021 from \$38 million in fiscal year 2019-20. More details on the net OPEB liability are included in Note 16.
- The City's total liabilities, excluding net pension liability, and net OPEB liability, increased by \$4 million to \$1,101 million at June 30, 2021.
- As of June 30, 2021, the City's governmental funds reported combined fund balances of \$317 million, a decrease of \$36 million from the prior year. At June 30, 2021, \$91 million is in the unassigned fund balance and available for spending at the City's discretion.
- At the close of fiscal year 2020-21, the General Fund had assets of \$205 million and a fund balance of \$178 million. This represents a decrease in fund balance of \$41 million, or 18.7% from prior fiscal year. The decrease was due to reduced sales tax and transient occupancy tax revenue related to the economic impacts of COVID-19 and the \$30 million net transfer to the governmental capital projects and special COVID-19 related activities. Of the total fund balance, \$138 million was unrestricted (the total of committed, assigned, and unassigned components of fund balance).

- In November 2012, the Santa Clara Stadium Authority (Stadium Authority) elected to adjust its fiscal year to April 1 through March 31 to conform with the fiscal year of Stadium Funding Trust (FinanceCo). This report covers the twelve month period from April 1, 2020 through March 31, 2021. As of March 31, 2021, buildings, infrastructure and land improvements equaled \$826 million and the assets of the Stadium Authority exceeded its liabilities by \$78 million.
- The City's total outstanding long-term debt decreased by \$42 million during the current fiscal year primarily due to the repayment of Stadium Authority debt.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the City as a whole. This report consists of six parts – introductory section, financial/MD&A section, basic financial statements, required supplementary information, supplementary information, and statistical section.

The basic financial statements include two types of statements that present different views of the City:

- The *Government-wide Financial Statements* provide both long-term and short-term information about the City's overall financial status.
- The *Fund Financial Statements* focus on individual parts of the government, reporting the City's operations in more detail than the government-wide statements.

#### Government-wide Financial Statements

Government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. They include the Statement of Net Position and the Statement of Activities.

The Statement of Net Position presents information on all of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources. Over time, increases or decreases in the City's net position may serve as an indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities provides information about the City's revenues and expenses, regardless of the timing of related cash flows. The Statement of Activities explains in detail the change in net position for the fiscal year.

The Government-wide Financial Statements are divided into two categories:

- *Governmental Activities*—all of the City's basic services are governmental activities. Included in basic services are the City Council, City Manager, City Clerk, City Attorney, Information Technology, Human Resources, Finance, Parks and Recreation, Library, Planning and Inspection, Public Works, Police, and Fire. These services are principally supported by taxes and intergovernmental revenues.
- *Business-Type Activities*—unlike governmental services, these services are intended to recover all or a significant portion of their costs through user fees and charges. All the City's enterprise activities are reported as business-type activities, including the Major funds (Electric, Water,

Sewer, Water Recycling utilities, and Stadium Authority) and Non-Major funds (Solid Waste, Cemetery, Santa Clara Golf & Tennis Club, Santa Clara Convention Center, and Sports and Open Space Authority).

The City is the primary government in this report. These financial statements include four entities that, although legally separate, are important because they are blended component units of the City. These component units are the Santa Clara Stadium Authority, City of Santa Clara Sports and Open Space Authority, the Santa Clara Housing Authority, and the City of Santa Clara Public Facilities Financing Corporation. These component units have been included as an integral part of the City (that is, they have been "blended" with those of the City) and they are not reported as separate discrete component units in these financial statements.

#### **Fund Financial Statements**

The Fund Financial Statements provide detailed information about each of the City's most significant funds, called major funds. Each major fund is presented individually, with all non-major funds combined in a single column on each fund statement. The non-major fund statements are presented in the Supplementary Information section of this report. Major funds present the primary activities of the City for the year and may change from year to year as a result of changes in the pattern of the City's activities. All the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

*Governmental Funds*: Most of the City's basic services are included in Governmental Funds which focus on how money flows into and out of these funds and the balance left at fiscal year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental funds statements provide a detailed short-term view of the City's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because the focus of governmental funds is narrower than that of the Government-wide Financial Statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the Government-wide Financial Statements. By doing so, readers may better understand the long-term impact of the governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

*Proprietary Funds*: Enterprise and Internal Service Fund Financial Statements are prepared on the full accrual basis of accounting, similar to that used by private sector companies. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position. The City's Proprietary Funds are the same as the business-type activities reported in the Government-wide Statements but provide more detail and additional information, such as cash flows.

Since the City's Internal Service Funds provide goods and services only to the City's governmental and business-type activities, their activities are only reported at the fund level. Internal Service Funds cannot be considered major funds because their revenues are derived from other City funds. Revenues between funds are eliminated in the Government-wide Financial Statements and any related profits or losses are

returned to the activities in which they were created, along with any residual net position of the Internal Service Funds.

*Fiduciary Funds*: Fiduciary Funds are prepared on the full accrual basis, similar to the Proprietary Funds. The City has three types of Fiduciary Funds: the Custodial Funds (which includes Employee Supplemental Funds, Special Assessments, and Custodial Deposits), the Other Post Employment Benefit (OPEB) Plan Trust Fund and the Private Purpose Trust Funds (which includes the Charitable Trust and Successor Agency). The City's fiduciary activities are reported separately in the Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position. These activities are excluded from the City's Financial Statements because the City cannot use these assets to finance its own operations.

#### Notes to the Financial Statements

The notes provide additional information that is necessary to acquire a full understanding of the data provided in the Government-wide and Fund Financial Statements. The Notes to the Financial Statements follow the basic financial statements.

#### **Other information**

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information. This information includes budgetary comparison schedules and the City's progress in funding its obligation to provide pension and other post-employment benefits to its employees. Required supplementary information can be found immediately following the Notes to the Financial Statements.

#### GOVERNMENT-WIDE FINANCIAL STATEMENTS ANALYSIS

#### **Citywide Financial Statements**

This section focuses on the City's net position and changes in net position of its governmental and business-type activities for the fiscal year ending June 30, 2021. As noted earlier, the City's total assets and deferred outflows of resources exceed total liabilities and deferred inflows of resources by \$2.0 billion at the end of the fiscal year, an increase in net position of \$33 million.

| Total Deferred Inflows<br>of Resources   |                         | 4                     |      | 12                       | 1    | 18                      |      | 7                       |      | 22                      |      | 19                      |
| Net investment in capital assets<br>Restricted<br>Unrestricted   |                         | 626<br>276<br>(290)   |      | 613<br>261<br>(224)      |      | 1,042<br>234<br>100     |      | 975<br>249<br>81        |      | 1,668<br>510<br>(190)   |      | 1,588<br>510<br>(143)   |
| Total Net Position   | \$                      | 612                   | \$   | 650                      | \$   | 1,376                   | \$   | 1,305                   | \$   | 1,988                   | \$   | 1,955                   |

The largest portion of the City's net position, \$1.7 billion (84%), is its investment in capital assets (e.g., land, infrastructure, buildings, machinery and equipment), less any related outstanding debt that was used to acquire those assets. The City uses these capital assets to provide services to its residents and other stakeholders. Accordingly, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources because the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the City's net position of \$510 million (26%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of (190) million (-10%) is unrestricted and is negative due to the City's net pension and OPEB liabilities.

At the end of the current fiscal year, the City is able to report positive balances in all reported categories of net position except for the Workers' Compensation Insurance Claims Internal Service Fund, Special Liability Insurance Claims Internal Service Fund, Cemetery Enterprise Fund, and Solid Waste Enterprise Fund.

*Governmental Activities* - governmental activities decreased the City's net position by \$38 million. This is primarily due to a decline in the transient occupancy tax revenues, charges for services, and developer contribution from the COVID-19 impacts.

*Business-type Activities* - business-type activities increased the City's net position by \$71 million. This is primarily due to an increase of \$75 million in the Electric Utility as a result of operating activities and increased in the wholesale resources activities.

#### **Governmental Activities**

The chart below presents revenues by source for Governmental Activities. General revenues are composed of taxes and other revenues not specifically generated by, or restricted to, individual activities. All tax revenues and investment earnings are included in general revenues.

The following analysis presents a comparison of fiscal year 2020-21 and fiscal year 2019-20 by the total cost and net cost of each of the City's largest programs. Net cost is defined as total program cost less the revenues generated by those specific activities. It is common to see Governmental Activities as net cost generators, wherein costs of governmental activities are greater than the revenues they generate.

#### Table 3 Governmental Activities (in millions)

In fiscal year 2020-21, total cost of services decreased \$8 million and net cost increased \$13 million. The total cost of services in General Administration were \$33 million, up \$6 million from fiscal year 2019-20, and the net total cost of services in the General Administration were \$26 million, an increase of \$10 million from the prior fiscal year. The increase in the General Administration net cost of services is due primarily to \$11.6 million and \$4.1 million loan disbursements from the Housing Successor Fund and General Fund, respectively, to the developer of the Agrihood project development.

#### **Business-type Activities**

The following analysis provides the total costs and net costs of each of the City's enterprise funds. Net cost is defined as total program cost less the revenues generated by each enterprise fund.

# Table 4 Business-Type Activities (in millions)

|                                  |      | Total<br>of Se | l Cost<br>rvices |      |    | 5    |    |       |
|----------------------------------|------|----------------|------------------|------|----|------|----|-------|
|                                  | 2021 |                |                  | 2020 |    | 2021 |    | 2020  |
| Utilities:                       |      |                |                  |      |    |      |    |       |
| Electric                         | \$   | 456            | \$               | 453  | \$ | (74) | \$ | (55)  |
| Water                            |      | 45             |                  | 43   |    | (7)  |    | (8)   |

| Water Recycling                  |      | 6              |                  | 6    |    | -    |    | -     |
| Solid Waste                      |      | 30             |                  | 26   |    | 3    |    | (1)   |
| Cemetery                         |      | 1              |                  | 2    |    | 1    |    | 1     |
| Santa Clara Golf and Tennis Club |      |                |                  | 2    |    | -    |    | 1     |
| Santa Clara Convention Center    |      | 5              |                  | 17   |    | 3    |    | 2     |
| Santa Clara Stadium Authority    |      | 41             |                  | 80   |    | 2    |    | (8)   |
| Totals                           | \$   | 614            | \$               | 658  | \$ | (58) | \$ | (110) |

The City's business-type total cost of services decreased \$44 million and net cost of services increased by \$52 million in the fiscal year 2020-21. The net cost of services for the Electric Utility were (\$74) million, a decrease of \$19 million from the prior year. This net cost decrease can mainly be attributed to more State legislative requirement related sales. The net cost of services in the Sewer Utility Fund increased \$56 million mainly due to the equity decrease in the joint project with city of San Jose. The total cost of services increased \$10 million from prior year as a result of canceled events or events with zero attendance due to COVID-19 impacts.

#### FUND FINANCIAL STATEMENTS

#### **Financial Analysis of Governmental Funds**

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose.

At June 30, 2021, the City's governmental funds reported a combined fund balance of \$317 million, a decrease of \$36 million or 10.2% in comparison with the prior fiscal year. Approximately 28.6% or \$91 million constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance is either nonspendable, restricted, committed, or assigned to indicate that it is 1) not in spendable form, \$14 million, 2) restricted for particular purposes, \$114 million, 3) committed for particular purposes, \$91 million.

Governmental fund revenues were \$260 million, a decrease of \$23 million, or 8.1%, from \$283 million in the prior year. Most of this decrease is attributed to a \$13 million decrease in the transient occupancy tax and a \$6 million decrease in the charge for services, and a \$11 million decrease in the fair value of the investment compared to the prior year.

Governmental fund expenditures were \$298 million, an increase of \$15 million or 5.3% from the prior year. The increase is primarily attributable to the Housing Successor and General Fund \$15.7 million loan disbursement to the developer on the Agrihood project development.

The City was previously the fee owner of the property located at 1834 Worthington Circle/90 N. Winchester. At closing in June 2021, the Developer acquired the market-rate and mixed-income parcels at a value of \$15.7 million, which was determined by the City's total cost of acquisition. Upon payment of the property purchase price and satisfaction of the City's Conditions Precedent to Closing, the City conveyed the parcels to the Developer and also committed a loan of \$15.7 million back to the senior affordable housing project.

#### **General Fund**

#### Revenues

The City's General Fund revenues totaled \$226 million in fiscal year 2020-21, a decrease of \$26 million or 10.4% from the prior fiscal year.

Sales tax accounts for approximately 24.9% of direct General Fund revenues. Sales tax revenue increased \$1 million from the prior year with the roll out of mass vaccinations and the lifting of pandemic-related restrictions. However, sales tax revenue was still \$9 million lower than the pre-pandemic.

Property tax is the largest revenue source for the City's General Fund revenues for fiscal year 2020-21 were \$69 million, an increase of \$3 million or 5% from the prior year. The increase is a result of growth in the assessed valuation on secured properties and the value of new construction projects being added to the tax roll.

Transient occupancy taxes (TOT) were \$3 million in fiscal year 2020-21, \$13 million or 81.3% lower than fiscal year 2019-20. Due to the COVID-19 safety restrictions, TOT plummeted at the end of fiscal year 2019-20 and through fiscal year 2020-21.

Licenses, permits, fines and penalties revenues were \$12.5 million in fiscal year 2020-21 compared with \$11.5 million in fiscal year 2019-20. The decrease is due to slight growth in the construction activity and related building permit fees.

Intergovernmental revenues were \$3 million in fiscal year 2020-21 compared to \$6 million in the previous year. The decrease is due to a one-time \$5 million Santana West settlement the City received from the city of San Jose, net of a \$1.8 million increase in the fire mutual aid reimbursements.

Charges for services totaled \$36 million in fiscal year 2020-21 compared to \$42 million in the prior fiscal year, a decrease of 14.3%. This decrease is largely attributed to a reduction in services provided due to the COVID-19 impact.

Contributions in-lieu of taxes were approximately \$25 million in fiscal year 2020-21, a \$2 million increase from the prior fiscal year. The increase is due to an increase in the consumption and retail rate.

Interest and rent revenues were \$15 million in fiscal year 2020-21, a \$1 million decrease from the prior fiscal year due to the lower interest rates and cash balances.

#### Expenditures

General Fund expenditures totaled \$237 million for fiscal year 2020-21, the same as the prior fiscal year. This amount excludes encumbrances and re-appropriations.

Salaries and benefits expenditures were \$184 million in fiscal year 2020-21 compared with \$185 million in fiscal year 2019-20.

Other operating expenditures, including materials, services, and supplies, internal service fund charges and minor capital outlays, were \$53 million in fiscal year 2020-21, an increase of \$1 million from the prior fiscal year. The increase is primarily due to a \$4 million construction loan disbursement to the Agrihood project developer, partially offset by decreases in material, service, and supplies.

The uses of the other financing sources for fiscal year 2020-21 were \$30 million, a \$5 million increase from the prior year due to the write-off of advances to the Santa Clara Golf and Tennis Club.

#### Fund Balance

As of June 30, 2021, total fund balance in the General Fund was \$178 million, down \$41 million from fiscal year 2019-20. Table 5A shows the breakdown of various components compared with the prior fiscal year.

# Table 5AGeneral Fund Balance for the Fiscal Year Ended June 30, 2021(in millions)

|                            | 202 | 21  | 2020   | Net ( | Change |
|----------------------------|-----|-----|--------|-------|--------|
| Nonspendable               | \$  | 14  | \$ 24  | \$    | (10)   |
| Restricted                 |     | 26  | 29     |       | (3)    |
| Committed                  |     | 40  | 37     |       | 3      |
| Assigned                   |     | 7   | 6      |       | 1      |
| Unassigned                 |     | 91  | 123    |       | (32)   |
|                            |     |     |        |       |        |
| Total General Fund Balance | \$  | 178 | \$ 219 | \$    | (41)   |
|                            |     |     |        |       |        |

#### **General Fund Budgetary Highlights**

The City's budget is a flexible-spending plan, which commits resources to the accomplishment of City Council goals and objectives. During the fiscal year, the City Council took action to amend the adopted General Fund budget. A summary of the budgetary comparison schedule for the General Fund, located in the required supplementary information following the notes to the financial statements, is shown in the following table:

#### **Original Budget Compared to Final Budget**

# Table 5BGeneral Fund Budget for the Fiscal Year Ended June 30, 2021<br/>(in millions)

|                                |    | Original |        | Final    |            |
|--------------------------------|----|----------|--------|----------|------------|
|                                | Ε  | Budgeted | ]      | Budgeted | Net        |
|                                |    | Amount   | Amount |          | <br>Change |
| Revenues                       | \$ | 244      | \$     | 232      | \$<br>(12) |
| Expenditures                   | \$ | 262      | \$     | 244      | \$<br>(18) |
| Other financing sources (uses) | \$ | (22)     | \$     | (27)     | \$<br>(5)  |

Adjustments to the original budget were based on the following:

• The decrease in budgeted revenues is the phase one of the budget rebalancing action to make up the ongoing budget deficit in the operating budget. The balanced approach was developed with

the goal of limiting impacts to the community to the extent possible while ensuring the City's fiscal health. The budget action addressed the \$12 million shortfall for fiscal year 2020-21.

- The decrease in budgeted expenditures is primarily due to a \$19 million budget reduction in the budget rebalancing action in March 2021.
- The increase in budgeted Other Financing Uses is due to a \$5 million West Santana Settlement transfer to fund the affordable housing projects and traffic mitigation project in the City.

#### Final Budget Versus Actual

# Table 5C General Fund Final Budget Versus Actual for the Fiscal Year Ended June 30, 2021 (in millions)

|                                | F      | inal   |    |       |          |      |
|--------------------------------|--------|--------|----|-------|----------|------|
|                                | Buc    | lgeted | A  | ctual |          |      |
|                                | Amount |        | Ar | nount | Variance |      |
| Revenues                       | \$     | 232    | \$ | 230   | \$       | (2)  |
| Expenditures                   | \$     | 244    | \$ | 233   | \$       | (11) |
| Other financing sources (uses) | \$     | (27)   | \$ | (25)  | \$       | 2    |

The most significant differences between actual and final budgeted amounts are explained as follows:

- The final budgeted revenues resulted in a \$2 million negative variance mainly due to a \$4 million decrease in the charges for services.
- Actual expenditures were \$11 million lower than the final budget as a result of lower departmental costs. See the General Fund Schedule of Revenues, Expenditures, and Changes in Fund Balances Budget Actual (Non-GAAP Basis) for additional details.

#### Santa Clara Housing Successor

The Santa Clara Housing Successor (SCHS) Fund accounts for the activities related to the housing assets assumed by the City as Housing Successor to the Redevelopment Agency. The activities are governed by Community Redevelopment Law and must be used to provide housing for people with low and moderate incomes.

The SCHS's revenues were approximately \$1.6 million in fiscal year 2020-21. An increase of \$247 thousand in principal and interest payment is primarily the result of the current year payoff of loans. Revenues received were mostly loan repayments on low income loans. The general expenditures were \$679 thousand excluding the \$11.7 million loans disbursement to the Agrihood project developer, 3% higher than the prior year. Expenditures are for case management services offered to persons experiencing (or at risk of) homelessness and increased administration and labor cost related to developing land held for development of affordable housing and managing and monitoring assets.

## **Non-Major Governmental Funds**

These funds are not presented separately in the Basic Financial statements but are individually presented in the Supplemental Information section of this report.

## **Financial Analysis of Enterprise Funds**

Enterprise Fund net position totaled \$1.4 billion at the end of fiscal year 2020-21, an increase of \$72 million or 5.5% over the prior fiscal year. In fiscal year 2020-21, the City changed the electric renewable energy credit, mandated program, and wholesale activities from-non operating revenue and expenses to the operating revenue and expenses in compliance with the Code of Federal Regulations. As a result, Enterprise Operating Revenues were \$677 million, an increase of \$14 million from last fiscal year. The increase is mainly attributed to a \$56 million reclassification of revenues in the Electric Utility fund and a \$45 million decrease in the Stadium operation due to the COVID-19 impact. Enterprise Fund operating expenses were \$593 million, \$2 million lower than the prior fiscal year. The decrease is primarily attributed to the NFL games being held with zero attendance, zero Non-NFL events, and lower costs in the Electric Utility's wholesales purchases and mandated program disbursement.

The change in the equity in joint venture in fiscal year 2020-21 was a loss of \$27 million, compared to a \$27 million gain in the previous fiscal year. This decrease of \$54 million is mostly due to \$52 million increased equity loss in the San Jose Santa Clara Joint Wastewater Treatment Facility project. Not including the joint venture activity and net change in the fair value of the investment, non-operating expenses in fiscal year 2020-21 were \$19 million, a decrease of \$5 million from the previous fiscal year. This is due to a \$5 million decrease in interest expenses. Non-operating revenues were \$38 million which were only down \$2 million from the previous fiscal year due to lower interest rates excluding the renewable energy credit, wholesale sales, and mandated program revenues.

#### **Electric Utility**

This fund accounts for the operation of the City's electric utility services. Retail operating revenues were \$453 million in fiscal year 2020-21 compared with \$434 million in fiscal year 2019-20. The main reason for this increase was due to a 3% rate increase effective February 1, 2021.

Retail operating expenses were \$432 million in fiscal year 2020-21 compared with \$409 million in fiscal year 2019-20, an increase of \$23 million or 5.6%. Operating expenses were higher primarily due to increases in the cost of purchased power of \$22 million.

Revenues of wholesale power operations decreased to \$22 million in the current fiscal year, down from \$25 million in fiscal year 2019-20 as restated. The costs of wholesale power purchases decreased to \$12 million from \$30 million in the prior fiscal year. The decrease in wholesale power purchases and sales in fiscal year 2020-21 was due to the expiration of high priced contracts in December 2020, partially offset by profits from fixed price gas future contracts.

Interest revenues were \$7 million in fiscal year 2020-21, down from \$8 million in fiscal year 2019-20 due primarily to a lower interest rate environment. Interest expense was \$4 million in the current year, which decreased by \$3 million from fiscal year 2019-20. The decrease of interest expenses in fiscal year 2020-21was from lower interest payments on refunded Electric bonds.

The Electric Utility Fund had a net position of \$915 million at June 30, 2021, an increase of \$74 million from the prior fiscal year. Of this amount, \$464 million was net investment in capital assets, \$7 million was restricted for the pension stabilization fund, and \$444 million was unrestricted. The Electric Utility Fund is a participant in a number of joint ventures including Northern California Power Agency (NCPA), the Transmission Agency of Northern California (TANC), M-S-R Public Power Agency (MSR PPA), and M-S-R Energy Authority (MSR EA).

#### Water Utility

This fund accounts for the operation of the City's water utility services. Operating revenues were \$51 million for fiscal year 2020-21 which is consistent with the prior fiscal year.

Operating expenses were \$45 million in fiscal year 2020-21, compared to \$43 million in fiscal year 2019-20. The increase is primarily due to a reallocation of the pension cost percentage allocated to the water department in the prior fiscal year which reduced expenditures. The Water Utility Fund's net position at June 30, 2021 increased to \$72 million.

#### **Sewer Utility**

This fund accounts for the maintenance of the City's sewer lines and related facilities. Operating revenues of the Sewer Utility decreased from \$46 million in fiscal year 2019-20 to \$43 million in the current year. This decrease is primarily due to a decrease in customer services charges.

Operating expenses were \$30 million in fiscal year 2020-21, compared with \$30 million in the prior fiscal year. There were multiple factors that contributed to this increase with the largest being an increase in interfund services from the prior fiscal year.

The Sewer Utility Fund had a net position of \$285 million at June 30, 2021. Of this amount, \$49 million was net investment in capital assets, \$182 million was restricted for joint venture capital projects and \$54 million was unrestricted. The Sewer Utility, together with the city of San Jose, owns the San Jose/Santa Clara Regional Wastewater Facility which is administered by the city of San Jose. The Utility's ownership share is approximately 19.461% of the assets, capital and operating costs. In fiscal year 2019-20, the city of San Jose reported that the gain of the Utility's equity in the Regional Wastewater Facility was \$67 million (fiscal year 2020-21 amounts were not available at the time of this report).

#### Water Recycling

This fund accounts for the ongoing maintenance and operations of the City's wastewater reclamation system. Operating revenues and expenses remained at the prior fiscal year amounts of \$6 million. The net position at June 30, 2021 is \$6 million.

#### Santa Clara Stadium Authority (Stadium Authority)

These funds account for the development and operation of Levi's Stadium. As of March 31, 2021, the Stadium Authority recorded approximately \$38 million in operating revenue, \$45 million less than fiscal year 2019-20. This was mainly due to NFL games being held with zero attendance and zero Non-NFL events. Operating expenses were \$26 million, decreasing \$36 million from the prior fiscal year due to a decrease in Non-NFL events expenses and Stadium Manager Expenses that the Stadium Authority agreed

to pay. Net position at March 31, 2021 was \$78 million, an increase of \$3 million from the previous fiscal year.

#### Solid Waste

This fund accounts for the administration of the City's garbage and rubbish collection service. Operating revenues were \$27 million in fiscal year 2020-21, comparable to fiscal year 2019-20. Operating expenses were \$30 million in fiscal year 2020-21, an increase of 16.0% from fiscal year 2019-20. This is mainly due to increases in materials, service and supplies cost. Net position at June 30, 2021 has a deficit of \$2 million. This deficit is expected to be funded by charges for services in future years.

## Cemetery

This fund accounts for the Mission City Memorial Park's operations. Operating revenues were \$844 thousand, up 44.2%, over the prior fiscal year, while operating expenses were down 16.9% due to a decrease of \$317 thousand in salary and benefits. Net position at June 30, 2021 was \$(5.1) million, a decrease of \$199 thousand from fiscal year 2019-20. This fund has frequently run a deficit in its operation and capital activities, which has been covered by an advance from General Fund reserves.

#### Santa Clara Golf and Tennis Club

The Santa Clara Golf and Tennis Club has been closed and the advance payable to the General Fund of \$4.22 million has been written off in fiscal year 2020-21.

#### Santa Clara Convention Center

This fund accounts for the operations of the Santa Clara Convention Center. Operating revenues were \$1 million in fiscal year 2020-21, while operating expenses were \$5 million. Net position at June 30, 2021 was \$29 million. On November 1, 2019, the City entered into an agreement with Levy Premium Foodservice Limited Partnership (Levy) to manage the foodservice operations at the Convention Center and Levy agreed to pay an operating investment of \$5.75 million to promote the economic development of the City. The investment is amortized on a straight-line basis over 15 years.

#### Sports and Open Space Authority (SOSA)

This fund accounts for the acquisition and preservation of open space within the City and the development of local sports activities. There were no operating revenues in fiscal year 2020-21 due to the expiration of the operating lease. Operating expenses were \$10 thousand, with a net position at June 30, 2021 of \$2 million.

#### **CAPITAL ASSETS**

At June 30, 2021, the City's capital assets totaled \$639 million in Governmental Activities, and \$1.44 billion in Business-Type Activities, net of depreciation. Capital Assets are invested in a broad range of categories, as shown in Table 6.

| Capital                         | at June 30, 1<br>illions) | 2021 |       |       |        |
|---------------------------------|---------------------------|------|-------|-------|--------|
|                                 | 2021                      | 202  | 20    | Net ( | Change |

# Table 6 Capital Assets at June 30, 2021 (in millions)

The increase of \$33 million in the Governmental Funds asset base was primarily due to \$6 million of contributed infrastructure from the developer, \$7 million in improvement in street infrastructure, \$8 million for the Convention Center Complex land purchase, and \$2.5 million in vehicle purchases. The \$35 million increase in Enterprise Funds infrastructure was due to various electric, water, and sewer projects. The net decrease in Land Improvements of \$24 million was due to assets written off because of the closing of the Santa Clara Golf and Tennis Club.

The Capital Improvement Project Budget for fiscal year 2020-21 and Five-Year Financial Plan for fiscal year 2020-21 through fiscal year 2024-25 contain more detailed discussions of Capital Projects planned for the City of Santa Clara. See Note 9 to the financial statements for additional details on fiscal year 2020-21 capital assets.

# **DEBT ADMINISTRATION**

Each of the City's debt issues is discussed in detail in Note 10 to the financial statements. At June 30, 2021 the City's debt was comprised of the following:

#### Table 7 Outstanding Debt at June 30, 2021 (in millions)

|   | B    | alance   | Ba            | lance |       |        |

| Total Debt  | \$   | 496      | \$            | 537   | \$    | (41)   |

(1) Stadium Authority's long-term obligations are based on a March 31 fiscal year end.

# SUCCESSOR AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 (AB 26) that provided for the dissolution of all redevelopment agencies in the State of California. On February 1, 2012 all redevelopment agencies in California were effectively dissolved. The Successor Agency for the Santa Clara Redevelopment Agency is currently in the process of winding down the affairs of the former Redevelopment Agency.

See Notes 21 and 22 for further information on the Redevelopment Agency dissolution and Successor Agency activities.

# **ECONOMIC OUTLOOK**

The economy of the City is discussed in the accompanying Transmittal Letter.

# CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This Annual Comprehensive Financial Report is intended to provide citizens, taxpayers, investors, and creditors with a general overview of the City's finances. A separate Annual Financial Report for Silicon Valley Power is available upon request. Questions about this Report should be directed to the City of Santa Clara Finance Department, 1500 Warburton Avenue, Santa Clara, California, 95050, telephone (408) 615-2340.

**Basic Financial Statements** 

#### CITY OF SANTA CLARA GOVERNMENT-WIDE FINANCIAL STATEMENTS STATEMENT OF NET POSITION AND STATEMENT OF ACTIVITIES

The Statement of Net Position and the Statement of Activities summarize the entire City's financial activities and financial position. They are prepared on the same basis as is used by most businesses, which means they include all the City's assets and deferred outflows of resources and all its liabilities and deferred inflows of resources, as well as all its revenues and expenses. This is known as the full accrual basis—the effect of all the City's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between City funds have been eliminated.

The Statement of Net Position reports the excess of the City's total assets and deferred outflows of resources over the City's total liabilities and deferred inflows of resources, including all the City's capital assets and all its long-term debt. The Statement of Net Position presents similar information to the balance sheet format, but presents it in a way that focuses the reader on the composition of the City's net position, by subtracting total liabilities and deferred inflows from total assets and deferred outflows.

The Statement of Net Position summarizes the financial position of all the City's Governmental Activities in a single column, and the financial position of all the City's Business-Type Activities in a single column; these columns are followed by a total column that presents the financial position of the entire City.

The City's Governmental Activities include the activities of its General Fund, along with all its Special Revenue, Debt Service, and Capital Projects funds. Since the City's Internal Service Funds service these Funds, their activities are consolidated with Governmental Activities, after eliminating interfund transactions and balances. The City's Business-Type Activities include all its Enterprise Fund activities.

The Statement of Activities reports increases and decreases in the City's net position. It is also prepared on the full accrual basis, which means it includes all the City's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis used in the Fund financial statements, which reflect only current assets, current liabilities, available revenues and measurable expenditures.

The format of the Statement of Activities presents the City's expenses first, listed by program, and follows these with the expenses of its business-type activities. Program revenues—that is, revenues which are generated directly by these programs—are then deducted from program expenses to arrive at the net (expense) revenue of each governmental and business-type program. The City's general revenues are then listed in the Governmental Activities or Business-Type Activities column, as appropriate, and the Change in Net Position is computed and reconciled with the Statement of Net Position.

Both these Statements include the financial activities of the City, the Santa Clara Housing Authority, the Santa Clara Stadium Authority, the City of Santa Clara Sports and Open Space Authority, and the City of Santa Clara Public Facilities Financing Corporation, which are legally separate but are component units of the City.

#### CITY OF SANTA CLARA FUND FINANCIAL STATEMENTS GOVERNMENTAL FUNDS

The funds described below were determined to be Major Funds by the City in fiscal year 2020-21. Individual non-major funds may be found in the Supplementary section.

# MAJOR GOVERNMENTAL FUNDS

#### GENERAL FUND

The General Fund accounts for resources and services traditionally associated with government. The General Fund provides administrative, financial, police protection, fire protection, community development, recreation, and maintenance services to the community and other funds. The General Fund accounts for revenues that have unrestricted uses and are not required legally or by contractual agreement to be accounted for in another fund.

#### SANTA CLARA HOUSING SUCCESSOR FUND

The Santa Clara Housing Successor Fund accounts for the activities related to the housing assets assumed by the City as Housing Successor to the former Redevelopment Agency. The activities are governed by Community Redevelopment Law and must be used to provide housing for people with low and moderate incomes.

#### CITY OF SANTA CLARA

#### RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

June 30, 2021

| OTAL GOVERNMENTAL FUND BALANCE  | \$<br>316,845,775 |
|---|-------------------|
| amounts reported for Governmental Activities in the Statement of Net Position are   | ,,                |
| ifferent from those reported in the Governmental Funds above because of the following:                                    |                   |
| CURRENT LIABILITIES   |                   |
| The assets and liabilities below are due and payable in less than one year and more                                       |                   |
| than 90 days and therefore are not reported in the Funds:   |                   |
| Current portion of accrued compensated absences (excluding Internal Service Funds)  | (2,251,593)       |
| Interest payable  | (265,192)         |
| CAPITAL ASSETS  |                   |
| Capital assets used in Governmental Activities are not current assets or financial  |                   |
| resources and, therefore, are not reported in the Governmental Funds.   | 639,768,216       |
| LONG TERM ASSETS  |                   |
| Long-term receivable associated with lease agreements are not current assets  |                   |
| or financial resources and, therefore, are not reported in the Governmental Funds   | 6,391,396         |
| INVESTMENT IN NON-BUSINESS-TYPE JOINT VENTURE   | 4,701,248         |
| DEFERRED OUTFLOWS OF RESOURCES  |                   |
| OPEB related (excluding Internal Service Funds)   | 762,398           |
| Pension related (excluding Internal Service Funds)  | 75,274,346        |
| ALLOCATION OF INTERNAL SERVICE FUND NET POSITION  |                   |
| Internal Service Funds are not governmental funds. However, they are used by management to                                |                   |
| charge the costs of certain activities, such as insurance and central services and maintenance, to                        |                   |
| individual governmental funds. The net current assets of the Internal Service Funds are therefore                         |                   |
| included in Governmental Activities in the following line items in the Statement of Net Position:<br>Cash and investments | 27,871,830        |
| Accounts receivable   | 1,496,339         |
| Materials, supplies and prepaid   | 200,918           |
| Deferred outflows OPEB related items  | 39,385            |
| Deferred outflows pension related items   | 1,267,931         |
| Accrued liabilities, including short-term portion of estimated claims   | (6,965,754)       |
| Long-term portion of estimated claims   | (22,982,000)      |
| Compensated absences - current  | (60,888)          |
| Compensated absences - long-term  | (471,412)         |
| Internal balances   | (3,848,630)       |
| Net OPEB liability  | (1,005,850)       |
| Net pension liability   | (8,344,354)       |
| Deferred inflows OPEB related items   | (153,637)         |
| Deferred inflows pension related items  | (12,623)          |
| LONG TERM LIABILITIES   |                   |
| The assets and liabilities below are not due and payable in the current period  |                   |
| and, therefore, are not reported in the Funds:  | (0.((0.110)       |
| Reserve against conditional grant balances  | (8,662,412)       |
| Long-term debt  | (13,653,691)      |
| Non-current portion of accrued compensated absences<br>(excluding Internal Service Funds)                                 | (17,432,398)      |
| Net OPEB liability (excluding Internal Service Funds)   | (19,470,916)      |
| Net pension liability (excluding Internal Service Funds)  | (456,005,963)     |
| DEFERRED INFLOWS OF RESOURCES   | (100,000,000)     |
| Unavailable revenues recorded in governmental funds financial statements resulting from                                   |                   |
| activities in which revenues were earned but funds were not available are reclassified                                    |                   |
| as revenues in Government-Wide Financial Statements.  | 103,434,247       |
|   | (2,974,037)       |
| OPEB related (excluding Internal Service Funds)   |                   |
| OPEB related (excluding Internal Service Funds)<br>Pension related (excluding Internal Service Funds)                     | (1,361,873)       |

# RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES For the year ended June 30, 2021

| NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS  | \$ (44,399,901)                         |
|---|---|
| Amounts reported for governmental activities in the Statement of Activities are different because of the following:   |   |
| ACCRUAL OF CURRENT ITEMS  |   |
| The amounts below included in the Statement of Activities do not provide or (require) the use of  |   |
| financial resources over 90 days and therefore are not reported as revenue or expenditures in   |   |
| governmental funds (net change):  |   |
| Current portion of accrued compensated absences   | (253,515)                               |
| CAPITAL ASSET TRANSACTIONS  |   |
| Governmental Funds report capital outlays as expenditures. However,   |   |
| in the Statement of Activities the cost of those assets is capitalized and allocated over   |   |
| their estimated useful lives and reported as depreciation expense.  |   |
| The capital outlay expenditures are therefore added back to fund balance  | 30,521,646                              |
| Depreciation expense is deducted from the fund balance  | )- )                                    |
| (Depreciation expense is net of Internal Service Fund depreciation of   |   |
| \$2,811,201 which has already been allocated to service funds.)   | (21,313,400)                            |
|   |   |
| Retirements of capital assets (net of Internal Service Fund retirement of \$29,431)   | (4,051,482)                             |
| Contributions of infrastructure improvements by developers and equipment are capitalized in the   | (,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,, |
| Statement of Activities, but are not recorded in the Governmental Fund Statements   |   |
| because no cash changed hands.  | 6,113,910                               |
| JOINT VENTURES - PROFIT FROM EQUITY   | (290,077)                               |
|   | (2)0,077)                               |
| LONG TERM DEBT PROCEEDS AND PAYMENTS  |   |
| Repayment of bond principal is an expenditure in the governmental funds, but  |   |
| in the Statement of Net Position the repayment reduces long-term liabilities.   | 1 020 000                               |
| Repayment of debt principal is added back to fund balance<br>Amortization of bond premium   | 1,930,000<br>54,296                     |
| ACCRUAL OF NON-CURRENT ITEMS  | 54,290                                  |
|   |   |
| The amounts below included in the Statement of Activities do not provide or (require) the   |   |
| use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):  |   |
| Provision for reserve of conditional grants   | (518,203)                               |
| Non-current portion of accrued compensated absences   | (1,163,437)                             |
| Interest payable  | 30,664                                  |
| Unavailable revenue   | 11,657,063                              |
| OPEB related expense  | 949,467                                 |
| Pension related expense   | (21,866,235)                            |
| •   | (21,000,255)                            |
| ALLOCATION OF INTERNAL SERVICE FUND ACTIVITY  |   |
| Internal Service Funds are used by management to charge the costs of certain activities,  |   |
| such as equipment acquisition, maintenance, and insurance to individual funds.<br>The portion of the net revenue (expense) of these Internal Service Funds, arising out |   |
| of their transactions with Governmental Funds, is reported with governmental activities,  |   |
| because they service those activities.  |   |
| Change in Net Position - All Internal Service Funds, net  | (4,281,158)                             |
| Change in Net Position of Internal Service Funds reported with Business-Type Activities   | 471,246                                 |
| CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES   | \$ (46,409,116)                         |
| CHANGE IN NET FOSTION OF GOVENNMENTAL ACTIVITIES  | \$ (40,409,110)                         |

#### CITY OF SANTA CLARA MAJOR PROPRIETARY FUNDS

Proprietary funds account for City operations financed and operated in a manner similar to a private business enterprise. The intent of the City is that the cost of providing goods and services be financed primarily through user charges. Individual non-major Proprietary funds may be found in the Supplementary section.

The City has identified the funds below as major proprietary funds in fiscal year 2020-21.

GAAP does not require the disclosure of budget versus actual comparisons regarding proprietary funds that are major funds.

#### ELECTRIC UTILITY FUND

This fund accounts for the operation of the City's electric utility, a self-supporting activity that provides services on a user charge basis to residences and businesses.

#### WATER UTILITY FUND

This fund accounts for the operation of the City's water utility, a self-supporting activity that provides services on a user charge basis to residences and businesses.

#### SEWER UTILITY FUND

The sewer utility fund accounts for the maintenance of the City's sewer lines and related facilities. It is a self-supporting activity that provides services on a user charge basis to residences and businesses.

#### WATER RECYCLING UTILITY FUND

This fund accounts for the ongoing maintenance and operations of the City's waste water reclamation system. It is a self-supporting activity that provides services on a user charge basis from the sale of non-potable water for irrigation and landscaping.

#### SANTA CLARA STADIUM AUTHORITY FUND

The Santa Clara Stadium Authority Fund was established in 2011 to provide for development and operation of Levi's Stadium (home of the NFL's San Francisco 49ers). In November 2012, the Santa Clara Stadium Authority changed its fiscal year ending date from June 30<sup>th</sup> to March 31<sup>st</sup> to conform with the fiscal year of Stadium Funding Trust.

### CITY OF SANTA CLARA FIDUCIARY FUNDS

These funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. The financial activities of these funds are excluded from the City-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

### PRIVATE PURPOSE TRUST FUNDS

These funds are used to report resources of all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

### CUSTODIAL FUNDS

Custodial funds are used to account for assets held by the City for community or private organizations, or as an agent for its employees or for assessment districts. The financial activities of these funds are excluded from the City-wide financial statements, but are presented in separate Fiduciary Fund financial statements. Individual non-major Custodial funds may be found in the Supplementary section.

# **NOTE 1 – DEFINITION OF THE REPORTING ENTITY**

The City of Santa Clara (City), also known as the Mission City, is a charter city incorporated in 1852 under the laws of the State of California. The City Charter establishes the Council/Manager form of government. The City's citizens elect a City Council of seven citizens, six councilpersons and a Mayor elected at-large, who serve a term of four years each, and who, in turn, appoint a City Manager.

The City is located in the County of Santa Clara, California, approximately 45 miles southeast of San Francisco. It is situated in the northern part of the County and occupies approximately 18.41 square miles. The City's population of 130,746 accounts for 6.8% of the total Santa Clara County estimated population of 1.9 million.

The City provides a full range of municipal services, including police and fire, library, recreation, community services, public works, parks, sanitation, planning and community development, public improvements, electric, water and sewer services.

The accompanying basic financial statements present the financial activity of the City, which is the primary government presented, along with the financial activities of its component units. Although they are separate legal entities, blended component units are in substance part of the City's operations and are reported as an integral part of the City's financial statements. The City's component units which are described below are all blended.

# A. City of Santa Clara Sports and Open Space Authority

The City of Santa Clara Sports and Open Space Authority (SOSA) was created by the City Council in 1974 for the acquisition and development of open space within the City. The members of the City Council are also members of SOSA's Board of Directors and, as such, are authorized to transact business and exercise power to purchase, lease or otherwise obtain and dispose of real and personal property, to acquire, construct, maintain, repair, manage and operate real and personal property, including leasing to private operators for commercial purposes, surplus space which is not economical to use for open space planning. The City performs all accounting and administrative functions of SOSA. The operations of SOSA have been included in the Supplementary Information section in the Non-Major Enterprise Funds.

## **B.** City of Santa Clara Public Facilities Financing Corporation

The City of Santa Clara Public Facilities Financing Corporation (PFFC) was formed in 1997 for the purpose of issuing Certificates of Participation (COPs) to provide financing for the construction of the major City facilities. Members of the City Council are also members of the PFFC Board. Debt service on the COPs is secured by lease payments made by the City's General Fund to the PFFC for the use of the constructed facilities for public purposes. In accordance with lease agreements, the PFFC assigns lease payments received from the City to the trustee for payment to the certificate holders. The operations of PFFC have been included in the Supplementary Information section in the Non-Major Governmental Fund. The individual COPs and the related facilities are described in Note 10B.

## C. Santa Clara Housing Authority

The Santa Clara Housing Authority (SCHA) was established by the City Council in 2011 to assume the responsibility of housing projects for the former Redevelopment Agency (former RDA). SCHA also assumes the responsibility for housing loans, which are long-term and were made under various programs,

## **NOTE 1 – DEFINITION OF THE REPORTING ENTITY (continued)**

for qualifying individuals and groups. The members of the City Council are also members of SCHA's Board of Directors and, as such, are authorized to transact business and exercise power to plan, engineer, and implement development projects. The City performs all accounting and administrative functions of SCHA. The financial activities of SCHA have been reported in the accompanying Non-Major Governmental Fund financial statements.

## **D.** Santa Clara Stadium Authority

The Santa Clara Stadium Authority (SCSA) was established by the City Council in 2011 to provide for development and operation of Levi's Stadium. The members of the City Council are also members of SCSA's Board of Directors and, as such, are authorized to manage the stadium, transact business and exercise power to plan, engineer, and construct the stadium. The City performs all accounting and administrative functions of SCSA. The financial activities of SCSA have been reported in the accompanying Enterprise Fund financial statements.

On November 13, 2012, an amendment was made to the JPA Agreement to change SCSA's fiscal year end date from June 30<sup>th</sup> to March 31<sup>st</sup>. As such, the financial activities reported for SCSA are as of fiscal year ended March 31, 2021. In addition, the annual financial report was audited by KPMG, an independent auditing firm, and a copy of the report can be found on the City's website.

# NOTE 2 - FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

### A. Basic Financial Statements

The City's Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

The significant accounting policies are described below:

*Government-wide Financial Statements:* The Statement of Net Position and the Statement of Activities display information about the primary government (the City) and its component units. These statements include the financial activities of the overall City government, except for fiduciary activities. Interfund Services provided and used are allocated to governmental and business-type activities, as appropriate. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the City's funds, including fiduciary funds and blended component units. Separate statements for each fund categorygovernmental, proprietary, and fiduciary-are presented. The emphasis of fund financial statements is on major individual governmental and enterprise funds, each of which is displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds, except for fiduciary funds.

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for services. Operating expenses for the City's enterprise funds include the costs of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## **B.** Major Funds

Major funds are defined as funds that have either assets combined with deferred outflows of resources, liabilities combined with deferred inflows of resources, revenues or expenditures/expenses equal to 10% of corresponding totals for all governmental or enterprise funds and at least 5% of the aggregate amount to all governmental and enterprise fund for the same item. The General Fund is always a major fund. The City may also select other funds it believes should be presented as major funds. All other funds, called non-major funds, are combined and reported in a single column, regardless of their fund-type.

The City reported the following major governmental funds in the accompanying financial statements:

*General Fund* - This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*Santa Clara Housing Successor Fund* - This fund accounts for the activities related to the housing assets assumed by the City as Housing Successor to the former Redevelopment Agency. The activities are governed by Community Redevelopment Law and must be used to provide housing for people with low and moderate incomes. Revenues received are primarily loan repayments on low income loans and investment earnings that are restricted for use on other low and moderate income housing loans and projects.

The City reported the following enterprise funds as major funds in the accompanying financial statements:

*Electric Utility Fund* - This fund accounts for the operation of the City's electric utility, a self-supporting activity that provides services on a user charge basis to residences and businesses.

*Water Utility Fund* - This fund accounts for the operation of the City's water utility, a self-supporting activity that provides services on a user charge basis to residences and businesses.

*Sewer Utility Fund* - This fund accounts for the maintenance of the City's sewer lines and related facilities. It is a self-supporting activity that provides services on a user charge basis to residences and businesses.

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

*Water Recycling Utility Fund* - This fund accounts for the ongoing maintenance and operations of the City's waste water reclamation system. It is a self-supporting activity that provides services on a user charge basis from the sale of non-potable water for irrigation and landscaping.

*Santa Clara Stadium Authority Fund* - The Stadium Authority was established to provide for development and operation of Levi's Stadium.

The City also reports the following fund types:

*Internal Service Funds* - These funds account for maintenance of vehicles and communication equipment, information technology, public works capital project management, general liability and workers' compensation claims, all of which are provided to other departments on a cost-reimbursement basis.

*Fiduciary Funds* - These funds account for assets held by the City in trust for community or private organizations, or as an agent for its employees or for assessment districts without city commitment. The financial activities of these funds are excluded from the City-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

The Successor Agency to the Redevelopment Agency of the City of Santa Clara (Successor Agency) was created to serve as a custodian for the assets and to wind down the affairs of the former RDA. The Successor Agency is a separate public entity from the City, subject to the direction of an Oversight Board. The Oversight Board is comprised of seven-member representatives from local government bodies: two County of Santa Clara (County) representatives; the Mayor of the City of Santa Clara; the County Superintendent of Education; the Chancellor of California Community Colleges; one Santa Clara Valley Water District representative; and one former RDA employee appointed by the Mayor. The City performs all accounting and administrative functions of the Successor Agency. The financial activities of the Successor Agency have been reported in the accompanying basic financial statements in the Private Purpose Trust Fund. See Notes 21 and 22 for information regarding the Successor Agency.

## C. Basis of Accounting

The government-wide financial statements and the fund category, proprietary, and fiduciary fund category financial statements are reported using the *economic resources measurement* focus and the *full accrual* basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are *incurred*, regardless of when the related cash flows take place.

Governmental funds are reported using the *current financial resources* measurement focus and the *modified accrual* basis of accounting. Under this method, revenues are recognized when *measurable and available*. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as *other financing sources*.

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

The City allocates certain indirect expenses incurred by the General Government activity to those activities that benefit from services received.

During the year ended June 30, 2021, the City implemented the following GASB Statement:

The GASB issued Statement No. 84 "Fiduciary Activities." The objective of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This statement becomes effective for periods beginning after December 15, 2020. For additional details please refer to the Fiduciary Statements in the Supplemental Information Section.

The GASB issued Statement No. 90 "*Majority Equity Interests-An Amendment of GASB Statements No. 14* and No. 61." The objective of this statement is to clarify the accounting and financial reporting requirements for a state or local government's majority equity interest in an organization that remains legally separate after acquisition. This statement becomes effective for periods beginning after December 15, 2020. The City does not have any majority equity interests that meet the criteria of this pronouncement.

The GASB issued Statement No. 92 "Omnibus 2020." The objective of this statement is to enhance comparability in reporting and improve the consistency of authoritative literature by addressing practice issues identified during implantation of certain GASB statements. Certain provisions of this statement become effective upon issuance for requirements related to GASB 87, and the remaining provisions are effective for periods beginning after June 15, 2021. The City implemented the GASB 87 provisions of this omnibus with the implementation of GASB 87.

The GASB issued Statement No. 98 "*The Annual Comprehensive Financial Report*." This statement establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. The requirements of this statement are effective for fiscal years ending after December 15, 2021. This standard was adopted for fiscal year ending June 30, 2021.

The City is analyzing the effects of the following pronouncements and plans to adopt them by the effective dates:

The GASB issued Statement No. 87 "*Leases*." The objective of this statement is to improve accounting and financial reports related to the recognition of lease assets and liabilities that previously were classified as operating leases. This statement becomes effective for periods beginning after June 15, 2021. The City is currently evaluating the impact on the financial statements.

The GASB issued Statement No. 89 "Accounting for Interest Cost Incurred Before the End of a Construction Period." The objective of this statement is to enhance the relevance and comparability of information about capital assets and the cost of borrowing and to simplify account for interest cost. This statement becomes effective for periods beginning after December 15, 2020. The City is currently evaluating the impact on the financial statements.

The GASB issued Statement No. 91 "Conduit Debt Obligation." The objective of this statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practices.

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

This statement becomes effective for periods beginning after December 15, 2021. The City is currently evaluating the impact on the financial statements.

The GASB issued Statement No. 92 "Omnibus 2020." The objective of this statement is to enhance comparability in reporting and improve the consistency of authoritative literature by addressing practice issues identified during implantation of certain GASB statements. This statement becomes effective upon issuance for requirements related to GASB 87. For GASB 73, GASB 74, and GASB 84 as well as measurement of liabilities associated with asset retirement obligations, the requirements become effective for reporting periods beginning after June 15, 2021. The City is currently evaluating the impact on the financial statements.

The GASB issued Statement No. 93 "*Replacement of Interbank Offered Rates*." The objective of this statement is to address accounting and financial reporting implication that results from the replacement of an IBOR. This statement becomes effective for periods beginning after June 15, 2021. The City is currently evaluating the impact on the financial statements.

The GASB issued Statement No. 94 "Public-Private and Public-Public Partnerships and Availability Payment Arrangements." The objective of this statement is to address issues related to public-private and public-public partnership arrangements and to provide guidance for accounting and financial reporting for availability payment arrangements. This statement becomes effective for periods beginning after June 15, 2022. The City is currently evaluating the impact on the financial statements.

The GASB issued Statement No. 96 "Subscription-Based Information Technology Arrangements." The objective of this statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. This statement becomes effective for periods beginning after June 15, 2022. The City is currently evaluating the impact on the financial statements.

The GASB issued Statement No. 97 "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans-An Amendment of GASB Statements No.14 and No. 84, and a Supersession of GASB Statement No. 32." The objectives of this statement are to (1) increase consistency and comparability related to reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans. This statement becomes effective for periods beginning after June 15, 2021. The City is currently evaluating the impact on the financial statements.

## **D.** Cash and Investments

While maintaining safety and liquidity, the City maximizes investment return by pooling its available cash for investment purposes. Unless there are specific legal or contractual requirements to do otherwise, interest

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

earnings are apportioned among funds according to average monthly cash and investment balances. It is generally the City's intention to hold investments until maturity. City investments are stated at fair value (see Note 7).

Cash and cash equivalents for purposes of the statement of cash flows include pooled cash and investments and cash designated for construction. Transactions with City-wide cash management pools are similar to those with external investment pools; therefore, since pooled cash and investments have the same characteristics as demand deposits in that the City's individual funds and component units may withdraw additional monies at any time without prior notice or penalty, pooled cash and investments are considered essentially demand deposit accounts.

Cash and investments with fiscal agent, a bond reserve investment pool, and amounts classified as deposits are not considered cash and cash equivalents.

## E. Interfund Transactions and Balances

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. The related receivables and payables are classified as "due from other funds," and "due to other funds" in the fund financial statements. Long-term interfund receivables and payables are recorded as advances to/from other funds in the fund financial statements.

Transactions constituting reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are generally recorded as expenditures/expenses in the reimbursing fund and as revenue in the fund that is reimbursed.

Internal balances represent the net interfund receivables and payables remaining after the elimination of all such balances within governmental and business-type activities, and are reported only in the government-wide financial statements.

## F. Inventory of Materials and Supplies

Inventory of materials and supplies is accounted for using the consumption method and is stated at average cost. Inventory consists of expendable supplies held for consumption by all departments of the City. The cost is recorded as an expenditure or expense in the appropriate fund at the time individual inventory items are withdrawn for use. The General Fund inventory amount is equally offset by a non-spendable fund balance, which indicates that it does not constitute available expendable resources.

## G. Restricted Assets

Restricted assets are monies or other resources, the use of which is restricted by legal or contractual requirements.

# H. Land Held for Development

The Santa Clara Housing Successor, through execution of an assignment and assumption agreement with the City and the former RDA has assumed responsibility for housing projects and parcels of land purchased to

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

develop or redevelop blighted properties within the Redevelopment areas. Such land parcels are accounted for as investments on the balance sheet at the lower of cost or net realizable value or agreed-upon sales price if a disposition agreement has been made with a developer.

Individual parcels which have experienced other than temporary fair value decline are written down to estimated current market value. No appreciation is recorded if the current estimated net realizable value of an individual parcel exceeds cost.

# I. Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated acquisition value on the date contributed. The City's policy is to capitalize equipment with costs exceeding \$5,000 and buildings, improvements and infrastructure with costs exceeding \$20,000.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Public domain (infrastructure) assets, which include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, and traffic signals, have been capitalized and reported in the government-wide financial statements. Depreciation has been calculated on all capital assets, including infrastructure, on a straight-line basis over the estimated useful lives of the assets.

|                            | Useful Lives | Capitalizat | tion Threshold |
|----------------------------|--------------|-------------|----------------|
|                            | Years        |             |                |
| Buildings and improvements | 20-50        | \$          | 20,000         |
| Land improvements          | 20-50        |             | 20,000         |
| Machinery and equipment    | 3-25         |             | 5,000          |
| Infrastructure             | 10-50        |             | 20,000         |

Some capital assets may be acquired using Federal and State grant funds, or they may be contributed by developers or other governments. These contributions are accounted for as revenues at the time the capital assets are contributed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Capital assets and the related obligations acquired under lease/purchase agreements are capitalized and accounted for in accordance with current accounting standards.

## J. Joint Ventures

The City participates in several joint ventures. In accordance with GAAP investments in these joint ventures are accounted for on the equity method (see Note 12). If the City's equity in net losses of joint ventures exceeds its investment, use of the equity method is suspended except to the extent that the City is obligated to provide further financial support or has guaranteed obligations of the joint ventures.

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

The City advances funds to certain of its joint ventures in the form of refundable advances, project advances and operating and maintenance advances. Refundable advances accrue interest at rates stated in the related agreements. Operating, maintenance and project advances are charged to operations when incurred.

Capitalized project costs are charged to operations in the event that a project is determined to be not economically feasible.

# K. Compensated Absences

Amounts of vested or accumulated vacation leave and certain benefits that are not expected to be liquidated with expendable available financial resources are reported in the Governmental Activities portion of the government-wide financial statements only. Vested or accumulated vacation leave and benefits of proprietary funds are recorded as an expense and liability of those funds as the benefits accrue to employees. Vacation time is earned based on length of service in amounts ranging between 10 and 24 days per year. City employees are allowed to carry over unused vacation earned. The maximum amount of time that can be carried over varies, depending on the employee's rate of accrual, with an upper limit of 400 hours for most employees. Employees are paid for unused vacation and certain benefits upon separation from employment.

In accordance with GAAP a liability for sick leave and benefits is accrued using the vesting method. The vesting method provides that a governmental entity estimates its accrued sick leave liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments. Amounts of sick leave payments that are not expected to be liquidated with expendable available financial resources are reported in the Governmental Activities portion of the government-wide financial statements only. No expenditure is reported for these amounts in the governmental fund financial statements.

That portion of compensated absences that is unused reimbursable leave still outstanding following an employee's resignation or retirement at year end, is an expense and current liability to the respective fund(s) that an employee charges their time to.

The accrual for compensated absences comprised the following at June 30, 2021. The long-term portion of governmental activities compensated absences is liquidated primarily by the General Fund.

|                   | Governmental<br>Activities |             | Business-Type<br>Activities |           | Total |             |
|-------------------|----------------------------|-------------|-----------------------------|-----------|-------|-------------|
| Beginning Balance | \$                         | 18,751,839  | \$                          | 6,705,053 | \$    | 25,456,892  |
| Additions         |                            | 3,920,030   |                             | 1,354,969 |       | 5,274,999   |
| Payments          |                            | (2,455,578) |                             | (341,445) |       | (2,797,023) |
| Ending Balance    | \$                         | 20,216,291  | \$                          | 7,718,577 | \$    | 27,934,868  |
| Current Portions  | \$                         | 2,312,481   | \$                          | 882,906   | \$    | 3,195,387   |

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

### L. Risk Management

The City is self-insured up to \$3 million to provide general liability protection. In addition to the City's self-insurance, the City also maintains excess general liability with coverage up to \$50 million.

The City is also self-insured up to \$750,000 per claim for Workers' Compensation Claims. These self-insurance programs are administered by outside agencies. The City also maintains excess workers' compensation insurance for workers' compensation claims over \$750,000 per claim with coverage up to statutory limits with PRISM (formerly CSAC Excess Insurance Authority).

The City maintains property damage coverage through the Public Entity Property Insurance Program (APIP), which has a plan limit of \$800 million, a reduction of \$200 million from the prior year. The City maintains boiler and machinery property coverage of \$100 million per occurrence in excess of self-insured amounts varying from \$25,000 to \$100,000 per occurrence. No claims settlement amount exceeded the City's insurance coverage in the past fiscal years.

The City also maintains a Faithful Performance, Crime Coverage Bond with a plan limit of \$10 million through PRISM.

### **M.** Long-Term Obligations

Long-term obligations are reported in the Governmental Activities portion of the government-wide financial statements. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

## N. Pensions

For purposes of measuring the net pension liability and deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Santa Clara, California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to and deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## **O.** Accounting for Encumbrances

The City utilizes an encumbrance system of accounting wherein encumbrances outstanding at year end, for which the goods or services have not been received, are not reported as expenditures, but are reported as a component of the fund balance category available for subsequent year expenditures based on the encumbered appropriation authority carried over to the next fiscal year. The City Charter requires recording encumbrances as a charge against appropriations in the accounting period in which a purchase order is issued, rather than in the accounting period when goods or services are received.

Under the modified accrual basis of accounting, in accordance with GAAP, expenditures are recorded when the goods or services are received. Adjustments to convert expenditures from the modified accrual basis to

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

the budgetary basis are reflected in the schedule of revenues, expenditures, and changes in fund balances - budget and actual (non-GAAP legal basis) (see Note 3 and Required Supplementary Information).

## P. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

## Q. Net Position and Fund Balance Equity

Fund balances and net position are reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. For governmental fund reporting, the City considers restricted fund balance to have been spent first when an expenditure is incurred, followed by committed, assigned and unassigned fund balances (in order of spending). For government-wide reporting, the City considers restricted net position to have been spent first when an expenditure is incurred, followed by unrestricted net position.

### **R. Bond Discounts/Premiums**

In governmental funds, bond discounts and premiums are recognized in the current period. Bond discounts and premium for proprietary funds and entity-wide financial statements are deferred and amortized over the term of the bonds using the straight-line method of accounting.

## S. Property Taxes

The State of California Constitution Article XIII A provides that the combined maximum tax rate on any given property may not exceed 1% of its assessed value except for voter approved incremental property taxes adopted prior to the passage of Article XIII A and any additional amount for general obligation debt approved by voters subsequent to the passage of Article XIII A.

Assessed value is calculated at 100% of market value as defined by Article XIII A and may be increased by no more than 2% per year unless there is a new construction on the property or the property is sold or transferred. The State Legislature has determined the method of distribution of receipts from the 1% tax levy among the counties, cities, school districts and other districts.

Santa Clara County (County) assesses properties and bills and collects property taxes on behalf of the City as follows:

# NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

|                  | Secured                                   | Unsecured               |
|------------------|---|-------------------------|
| Valuation dates  | January 1                                 | January 1               |
| Lien/levy dates  | January 1                                 | January 1               |
| Due dates        | 50% on November 1, 50% on February 1      | Upon receipt of billing |
| Delinquent as of | December 10 (for November), April 10 (for | August 31               |
|                  | February)                                 |                         |

The term "unsecured" refers to taxes on property not secured by liens on real property and generally includes business use personal property.

The City participates in the Teeter Plan offered by the County whereby cities receive 100% of secured property tax levied in exchange for foregoing any interest and penalties collected on delinquent taxes.

Property taxes levied are recorded as revenue when received from the County. Property taxes expected to be collected within 60 days of the end of the fiscal year are recorded as revenue.

The City's net assessed valuation for the year ended June 30, 2021, was \$50 billion, an increase of 8.43% compared to the previous year. The average tax rate was 1.14% per \$100 of assessed valuation.

## T. Contribution In-Lieu of Taxes

Contribution in lieu of taxes is a general revenue of the governmental funds. It is levied on receipts of the City-owned and operated Electric Utility (Silicon Valley Power) in accordance with the City Charter. Non-City owned and operated electric utilities pay a franchise fee, which is also a governmental activities general revenue source.

## **U. Special Assessment Districts with City Commitment**

Recognition of revenue related to noncurrent receivables of special assessment district funds is deferred until such receivables become current. There is no reserve for delinquent receivables since liens exist against the related properties and hence the City's management believes the City will ultimately receive value equal to the delinquent receivables. Surplus fund balances remaining at the completion of a special assessment district project are disposed of in accordance with City Council resolutions and with the applicable assessment bond laws of the State of California.

### V. Income Taxes

The City falls under the purview of Internal Revenue Code, Section 115 and corresponding California Revenue and Taxation Code provisions. As such, it is not subject to federal or state income taxes.

### W. Lease Agreements

Any operating leases with scheduled rent increases are accounted for in accordance with current accounting standards.

## **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

# X. Arbitrage Rebate Liability

Arbitrage rebate liabilities, if any, are included in accrued liabilities.

## Y. Revenue Recognition

Electric, Water, Sewer and Solid Waste Fund revenues are recognized based on cycle billings periodically rendered to customers. Revenues for services provided, but not billed at the end of a fiscal year, are recognized and accrued based on estimated consumption.

Governmental Activities revenues subject to accrual include taxes, intergovernmental revenues, interest and charges for services.

# Z. Non-exchange Transactions

The City gives or receives value without directly receiving or giving equal value in exchange, including grants, entitlements, and donations. On the accrual basis, revenue from taxes is recognized in the fiscal year for which the taxes are levied or assessed. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

## AA. Financial Instruments

Financial instruments included in the City's basic financial statements, excluding cash and investments, consisted of accounts receivable, accrued liabilities and bonds payable. The carrying amounts are a reasonable estimate of fair value.

## **BB.** Conditional Grants

The City has several programs under which it extends loans to qualifying individuals or groups for the purpose of improving the City's housing stock and/or its supply of low-and moderate-income housing. Certain of these loans provide for the eventual forgiveness of the loan balance if the borrower complies with all the terms of the loan over its full term. The City accounts for these loans as conditional grants in the City-wide financial statements, and provides a reserve against their eventual forgiveness using the straight-line method over the life of the respective loan. As of June 30, 2021, conditional grants of \$24,357,245 were offset by reserves of \$8,662,412.

## CC. Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

# **NOTE 2 – FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

## DD. Vehicle Registration Fee

On November 2, 2010, Santa Clara County voters approved Measure B, which levies a \$10 annual vehicle registration fee (VRF). The statue requires that fees collected be used only to pay for programs and projects that have a relationship or benefit to the owners of motor vehicles paying the fee and are consistent with the regional transportation plan. All revenue collected by Santa Clara Valley Transportation Authority, administrator of VRF are allocated on a population basis to cities in Santa Clara County. The City has committed and used the revenue from Measure B towards various street maintenance and traffic signal timing upgrade projects. The Vehicle Registration Fees are reported in the Streets and Highways Improvement Capital Projects Fund.

As of June 30, 2021, the balance of the Vehicle Registration Fees are as follows:

|                                | Vehic | le Registration<br>Fee |
|--------------------------------|-------|------------------------|
| Beginning Balance July 1, 2020 | \$    | 2,191,202              |
| Intergovernmental revenue      |       | 828,409                |
| Interest                       |       | 39,581                 |
| Expenditures                   |       | (116,340)              |
| Ending Balance June 30, 2021   | \$    | 2,942,852              |

# **NOTE 3 – BUDGETS AND BUDGETARY ACCOUNTING**

The budget of the City is a detailed operating plan that identifies estimated costs and activities in relation to estimated revenues. The budget includes: (1) the projects, services and activities to be provided during the fiscal year, (2) the estimated revenue available to finance the operating plan, and (3) the estimated spending requirements of the operating plan.

The budget process is the mechanism through which policy decisions are made, implemented and controlled. The City Charter requires that the City establish a budgetary system for general operations and prohibits expending funds for which there is no legal appropriation. The City is required to adopt a budget on or before June 30 for the ensuing fiscal year that begins July 1. Activities of the General Fund, the Santa Clara Housing Successor, and the Maintenance Special Revenue Funds are included in the annual appropriated operating budget. The procedures followed to establish the budgetary data reflected in the accompanying required supplementary information to the basic financial statements are as follows:

- 1. The City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. This includes a Five-Year Financial Plan to aid in the planning and funding of operations and capital projects over the next five years.
- 2. Public hearings are conducted to obtain public comments.
- 3. The operating and capital budgets are legally enacted through the passage of a minute order.

## **NOTE 3 – BUDGETS AND BUDGETARY ACCOUNTING (continued)**

From the effective date of the budget, the amounts stated therein as proposed expenditures become appropriations to the applicable governmental funds. The City Council may amend the budget by motion during the fiscal year. The legal appropriation control is established at the department level in each fund. For select funds where expenditures are not allocated to a specific department, the appropriation control is established at the fund level. Transfers of funding between budgetary funds require City Council appropriation and approval. City Council approval is required for a budget amendment during the fiscal year which may include the use of reserves or fund balances, and approval of appropriations of grant monies. Per Article XIII, Section 1305 of the City Charter, appropriations lapse at the end of each fiscal year; therefore, unencumbered funds allocated for specific projects, donations, and grants require City Council appropriation for use in the following fiscal year.

Budgetary transfers between accounts or expenditure category may be done through Finance Department or City Manager's Office approval as long as they are conducted within the legal appropriation control limit set by the City Council.

Budget information is presented on a non-GAAP budgetary basis. Budgeted revenue amounts represent the original budget modified by adjustments authorized during the year. Budgeted expenditure amounts represent original appropriations adjusted for supplemental appropriations and transfers during the year. Budget amounts in the schedules of revenues, expenditures and changes in fund balances-budget and actual, include supplemental appropriations approved by the City Council during the year.

For the actual GAAP basis financial statements, encumbered appropriations are not reported as expenditures, but are reported as a reservation of fund balance available for subsequent year expenditures, based on the encumbered appropriation authority carried over to the next fiscal year.

In addition to the annual Operating Budget, each year the City Council adopts a project length Capital Improvement Project budget biennially.

# **NOTE 4 – LEASE AGREEMENTS**

## A. Original City Leases

### Irvine Company Disposition and Development Agreement With Ground Lease (DDA) for Office Park Development

In April 2000, the former RDA entered into a Disposition and Development Agreement (DDA) with Ground Lease with The Irvine Company (Developer) for development of the site as an office/R&D complex. The DDA contemplated the former RDA obtaining title to the entire property from the City prior to entering into ground leases with the Developer. The site is subdivided into three parcels to accommodate the phased development of the project. Only Parcel 2 was conveyed to the former RDA. Parcels 1 & 3 were always held by the City and not subject to terms of the subsequent RDA dissolution.

In March 2006, the DDA and the Ground Lease were amended to update the status of conditions precedent; amend the schedule of performance; and clarify terms and conditions relating to Parcel 1 and Parcel 3. In October 2012, the City entered into two ground leases with the Irvine Company for Parcels 1 and 3. The term of both leases is 80 years after the effective date of October 31, 2012, and therefore both leases shall expire on October 31, 2092. The rent commencement date is November 1, 2012. Under the terms of the

### **NOTE 4 – LEASE AGREEMENTS (continued)**

leases the City will receive specified amounts for minimum rent subject to certain events or time periods and then inflationary adjustments at times specified in the leases. For the fiscal year ended June 30, 2021, Lessee paid rent of \$2.7 million for Parcel 1 and \$1.3 million for Parcel 3.

The following schedule summarizes the minimum future lease revenues to be received by the City from the leases of Parcels 1 and 3:

| Fiscal Year | Parcel 1 |             | Parcel 1 Parcel 3 |            | Total             |  |
|-------------|----------|-------------|-------------------|------------|-------------------|--|
| 2022        | \$       | 2,655,863   | \$                | 1,280,509  | \$<br>3,936,372   |  |
| 2023        |          | 2,655,863   |                   | 1,280,509  | 3,936,372         |  |
| 2024        |          | 2,655,863   |                   | 1,280,509  | 3,936,372         |  |
| 2025        |          | 2,655,863   |                   | 1,280,509  | 3,936,372         |  |
| 2026        |          | 2,655,863   |                   | 1,280,509  | 3,936,372         |  |
| Thereafter  |          | 176,172,287 |                   | 84,940,432 | 261,112,719       |  |
| Total       | \$       | 189,451,602 | \$                | 91,342,977 | \$<br>280,794,579 |  |

## B. City Leases Pursuant to the Terms of the January 8, 2016 Settlement Agreement

On March 8, 2011, the City and the former RDA adopted resolutions authorizing the execution of property conveyance agreements for the conveyance of certain real property owned by the former RDA. The agreements conveyed the properties subject to existing leases to the City. Properties included California's Great America Theme Park, Techmart, Hyatt Regency, and Hilton Hotel.

The actions taken by the former RDA related to the asset transfers were validly authorized and conformed with the requirements of the Community Redevelopment Law as it existed at the time of the actions. Pursuant to ABx1 26, the Redevelopment Dissolution Law, the State Controller's Office is to review any asset transfers that occurred between a redevelopment agency and any other public agency after January 1, 2011 and if the assets have not been contractually committed to a third party and to the extent allowed by state and federal law, the Controller, after completing its review is to order the return of the assets to the Successor Agency. The Successor Agency received a Controller's order on September 10, 2013 ordering the City to transfer the assets back to the Successor Agency. The validity of that order was the subject of litigation in Sacramento Superior Court (Sharma vs. City of Santa Clara). Additionally, on July 26, 2013, the Court granted the County of Santa Clara, the Santa Clara Unified School District, and the Santa Clara County Office of Education (Petitioners) motion for a preliminary injunction (temporary restraining order), restricting the City from selling, transferring, encumbering, spending, or otherwise depleting or wasting any real property interests received from the former RDA.

On January 8, 2016 the City executed a Settlement Agreement in Sharma vs the City of Santa Clara. This Settlement Agreement calls for the City to return to the Successor Agency certain properties that the former Redevelopment Agency transferred to the City prior to dissolution. The properties returned are as follows: The Great America Theme Park Property, the Hilton Hotel Property, the North/South Parking Lots, the Gateway Parcel 2 Property, the Hyatt Hotel Property, The Techmart Property, and the Martinson Childcare Center Property. The Settlement Agreement requires the City to forego the long term lease revenues

# **NOTE 4 – LEASE AGREEMENTS (continued)**

generated by the properties. Lease revenues collected from July 1, 2012 to June 30, 2016 have been passed on to the Successor Agency. Additional information concerning the Settlement Agreement can be found in Note 22.

The Settlement Agreement provides clarity that the City retains title to the main parking lot property for the Great America Theme Park and the Hyatt Hotel Ballroom Space. The agreement provides that rental income from these properties beginning July 1, 2015 is the property of the City.

### California's Great America Theme Park Parking Lot Lease

The City and Cedar Fair entered into various agreements to operate and manage the theme park. As agreed in the Settlement Agreement, the Great America Theme Park Main Parking Lot is and always has been owned by the City and the City is entitled to any lease revenues generated from the Main Parking Lot after June 30, 2015. Pursuant to the Fourth Amendment of the ground lease, the City allows Cedar Fair to use certain City property adjacent to the Theme Park property for parking. Under the terms of the amended Ground Lease, Cedar Fair pays the City annually for use of such property for parking. Lease payments remitted for the year ended June 30, 2021, totaled \$121,606.

Future lease payments for the parking lot (terms are February 1 to January 31) to be made by Cedar Fair are as follows:

| Fiscal Year | Parking Lot |         |  |
|-------------|-------------|---------|--|
| 2022        | \$          | 121,606 |  |
| 2023        |             | 121,606 |  |
| 2024        |             | 121,606 |  |
| 2025        |             | 121,606 |  |
| 2026        |             | 121,606 |  |
| Thereafter  |             | 243,211 |  |
| Total       | \$          | 851,241 |  |
|             |             |         |  |

### Hyatt Ballroom Lease Agreement

In April 1985, the former RDA entered into various agreements for the development of a certain piece of land for the eventual operation of a high quality hotel and related facilities, including a ballroom. The resulting lease agreement pertaining to the City owned ballrooms for an initial term of 50 years. The Lessee has options to renew the lease for four additional periods of ten years each and one additional period of nine years. In 2013, Hyatt Equities, LLC. sold its interest to Inland American Lodging Acquisitions, Inc., the terms and conditions of the lease agreements remain in effect.

The minimum rent of the Ballroom lease is adjusted every three years according to the April 1985 agreement. Due to the COVID-19 impacts, the City agreed to waive and abate the ballroom lease from March 1 2020 to October 1, 2021.

# **NOTE 4 – LEASE AGREEMENTS (continued)**

The following schedule summarizes the approximate minimum future revenues to be received from this lease:

|             | B  | allroom Lease |
|-------------|----|---------------|
| Fiscal Year |    | Amount        |
| 2022        | \$ | 292,437       |
| 2023        |    | 389,916       |
| 2024        |    | 389,916       |
| 2025        |    | 389,916       |
| 2026        |    | 389,916       |
| Thereafter  |    | 3,444,258     |
| Total       | \$ | 5,296,359     |
|             |    |               |

# C. North South Parking Lot Lease

On May 22, 2018, the City Council authorized the City Manager to make an offer to purchase the Successor Agency owned North South Parcel and further authorized the execution of a Purchase and Sale Agreement for the property. The transfer of the property was settled on July 24, 2018. As part of the acquisition, the City accepted and assumed all of the duties, obligations, liabilities, commitments and covenants of Successor Agency accruing from and after the settlement date with respect to or arising under the lease with Cedar Fair.

For the fiscal year ended June 30, 2021, Cedar Fair paid rent of \$29,925.

Future lease payments for the parking lot (terms are February 1 to January 31) to be made by Cedar Fair are as follows:

|             | No | orth South |
|-------------|----|------------|
| Fiscal Year | Pa | arking Lot |
| 2022        | \$ | 29,925     |
| 2023        |    | 29,925     |
| 2024        |    | 29,925     |
| 2025        |    | 29,925     |
| 2026        |    | 29,925     |
| Thereafter  |    | 418,950    |
| Total       | \$ | 568,575    |

### NOTE 5 - ENTERPRISE FUND MANAGEMENT AGREEMENTS

### A. Santa Clara Convention Center

During fiscal year 2018-19, the City performed a competitive bidding process to select a new management company for the Convention Center. On March 12, 2019, the City Council approved a resolution to enter into a new agreement with Global Spectrum, LP, doing business as Spectra Venue Management (Spectra), to manage and operate the Convention Center effective March 18, 2019. The initial term of this agreement began on March 18, 2019 and runs through June 30, 2024 with the option to extend the agreement for two subsequent terms of five (5) years by serving notice to Spectra no later than 180 days from the expiration of the term period. Under the terms of this agreement, Spectra will receive an annual base management fee for its' operation of the Convention Center and an additional management fee if certain performance measures are met. For fiscal year ended June 30, 2021, the City paid Spectra \$165,000 in management fees.

In May 2019, the City issued a request for proposal (RFP) to select a qualified company to provide Food and Beverage Operations for the Convention Center. The City entered into an agreement with Levy Premium Foodservice Limited Partnership (Levy) on November 1, 2019 to manage the foodservice operations at the Convention Center. The initial term of this agreement began on November 1, 2019 and expires on June 30, 2025. Upon expiration of the initial term, the City has the option to extend this agreement for two subsequent terms of five (5) years each by serving notice to Levy no later than 180 calendar days from expiration of term period. Under the terms of this agreement, Levy will receive management fees equal to 4.5% of gross receipts plus an additional fee of 8% of net receipts. Due to COVID-19 impacts during fiscal year June 30, 2021, there were no management fees paid to Levy.

In accordance with the November 1, 2019 executed agreement, Levy agreed to pay the City \$5,750,000 consisting of \$5,000,000 for an Operations Investment to be used for pre-opening expenses and other improvements to the foodservice facilities at the Convention Center, and a \$750,000 Community Enrichment Investment to be spent on programs that drive community enrichment, develop local partnerships and promote economic development of the City. Both of these are amortized on a straight-line basis over 15 years. In the event that this agreement terminates for any reason prior to full amortization of the investment funds, the City is obligated to reimburse Levy for the unamortized amount.

### **B.** American Golf Corporation

In May 1987, Sports and Open Space Authority (SOSA) entered into a management agreement with American Golf Corporation (AGC) to manage the operations of the Santa Clara Golf and Tennis Club (SCG&TC). Subsequent five-year extensions of the agreement with minor changes in language were made on June 4, 2002 through June 30, 2007; March 20, 2007 through June 30, 2012; and May 8, 2012 effective through June 30, 2017. On June 27, 2017, the City extended the management agreement for the operation and maintenance of the SCG&TC from July 1, 2017 to June 30, 2019, and up to three, one-year extensions and a 6-month termination notice at any time to accommodate the City's other projects. Under the terms of the contract, AGC develops an annual business plan that is reviewed and approved by SOSA. Moreover, AGC receives an annual administrative fee not to exceed \$54,000 and fixed management fee of \$194,866 in fiscal year 2018-19, subject to annual increases based on the Consumer Price Index, plus 3 percent of certain operating revenues. In fiscal year 2018-19, the City paid a total of \$293,621 to AGC for the performance of services. In April 2019, SOSA executed Amendment No. 1 to the agreement to extend until October 31, 2019 and notified AGC of SOSA's intent to close the facility effective October 31, 2019 in order to facilitate the anticipated development of CityPlace.

### **NOTE 5 – ENTERPRISE FUND MANAGEMENT AGREEMENTS (continued)**

At June 30, 2020, SCG&TC owed the General Fund \$4,224,133 as a result of previous advances. The Council approved the write off of the advance in fiscal year 2020-21.

## NOTE 6 – SANTA CLARA STADIUM AUTHORITY

### A. Credit Agreement

The Restated Credit Agreement dated as of June 19, 2013 was entered into by and among Stadium Funding Trust (FinanceCo), SCSA, and Goldman Sachs Bank. Under the Restated Credit Agreement, FinanceCo is issuing private placement notes and obtaining a loan from a consortium of lenders and will loan SCSA up to \$450 million and StadCo up to \$400 million. Additionally, SCSA and StadCo entered into The Restated StadCo Obligations Agreement on June 19, 2013 under which StadCo will loan up to \$500 Million to SCSA to pay costs associated with the development of Levi's Stadium.

### **B.** Management Agreement

The Stadium Management Agreement dated as of March 28, 2012 was entered into by and among the SCSA, Forty Niners Stadium Management Company LLC (Management), and StadCo. The SCSA and StadCo selected ManagementCo to provide management services for the Stadium on each entity's behalf on a continual, year-round basis, including overseeing the day-to-day operations and maintenance of the Stadium. The Stadium Management Agreement has an initial term of 25 years, plus a 15 year renewal option. On November 13, 2012 the First Amendment to the Stadium Management Agreement was approved. This First Amendment establishes incentive management fees, clarifies certain responsibilities of ManagementCo, preserves the amount of concessions income earned by SCSA and StadCo, and addresses liability issues regarding a possible Solar Site License Agreement with NRG.

The Stadium Management Agreement gives ManagementCo the responsibility to oversee the concessions agreements but not to enter into the concessions agreements without SCSA and StadCo's prior consent. The Concessions Operating Agreement dated February 2018 was reviewed by SCSA and StadCo and entered into by and between ManagementCo and Levy Premium Foodservice Limited Partnership (Levy). The Concessions Operating Agreement has an initial term of 12 years which runs from April 16, 2018 through April 15, 2030 and it grants Levy the exclusive right to provide food and beverage services and merchandise services at all events at Levi's Stadium.

## C. Ground Lease

On February 28, 2012, the SCSA entered into a lease (the Ground Lease) with the City whereby the City leases the Stadium site to the SCSA. The Ground Lease was amended on June 19, 2013.

The Ground Lease has an initial term of 40 years. The first lease year commenced on the first day following the substantial completion of construction (August 1, 2014) and ended on the next following March 31st. The subsequent lease years will start on April 1st and end on the following March 31st. The SCSA will have five successive extension options, each four years in duration, which would commence following the initial term expiration date.

The Ground Lease provides that the City will receive a fixed ground rent (Fixed Ground Rent) of \$180 thousand for the first year of Stadium operations payable by the Stadium Authority. Beginning in the second

# NOTE 6 – SANTA CLARA STADIUM AUTHORITY (continued)

year of Stadium operations and annually thereafter through the tenth year of Stadium operations, the Fixed Ground Rent will increase annually by \$35 thousand. Beginning in the 11th year of Stadium operations, Fixed Ground Rent will be increased to equal \$1 million, and thereafter will be increased by \$100 thousand every five years through the end of the initial term of the Ground Lease. If the term of the Ground Lease is extended, then, during the first extension term, the Fixed Ground Rent will be increased by \$80 thousand every four years thereafter through the expiration of the term of the Ground Lease. While the Fixed Ground Rent will be increased by \$80 thousand every four years thereafter through the expiration of the term of the Ground Lease. While the Fixed Ground Rent payments vary over the course of the Ground Lease, Ground Lease expense is recorded on a straight-line basis. Therefore \$979 thousand of ground lease expense was reported in each of the fiscal years ended March 31, 2021 and 2020.

The Ground Lease also provides that the City will receive a performance-based rent equal to 50% of the net income from non-NFL events, less certain credits including 50% of the Fixed Ground Rent, payable by the SCSA. If certain of the credits are not used within the year incurred or the next five succeeding years, the credits will expire.

The following schedule summarizes the minimum future payments due under this lease:

| Fiscal Year     | Ground Lease |            |  |
|-----------------|--------------|------------|--|
| Ending March 31 | Amount       |            |  |
| 2022            | \$           | 425,000    |  |
| 2023            |              | 460,000    |  |
| 2024            |              | 495,000    |  |
| 2025            |              | 1,000,000  |  |
| 2026            |              | 1,000,000  |  |
| Thereafter      |              | 35,500,000 |  |
| Total           | \$           | 38,880,000 |  |
|                 |              |            |  |

### **D. Stadium Lease**

On March 28, 2012, the SCSA entered into a lease with StadCo whereby the Stadium Authority leases the Stadium to StadCo. On June 19, 2013, the same parties entered into an Amended and Restated Stadium Lease Agreement (the Stadium Lease).

The Stadium Lease has an initial term of 40 years commencing on the first day following the substantial completion of construction (August 1, 2014) and includes five successive options to extend the term by four years each. The Stadium Lease is divided into two seasons:

- the Tenant Season, which includes the NFL season (including preseason, regular season and postseason NFL games) and runs from August 1 through January 31; and
- the Stadium Authority Season, which runs from February 1 through July 31.

## NOTE 6 – SANTA CLARA STADIUM AUTHORITY (continued)

Pursuant to the Stadium Lease, the Stadium Authority and StadCo will be entitled to receive and collect separate revenues. Initially, rent payable by StadCo to the Stadium Authority was \$24.5 million per year. This amount was established pursuant to the Stadium Lease in connection with the take-out financing, which occurred on June 19, 2013. The Stadium Lease allowed for one opportunity to adjust the rent if operating or debt service expenses are either more or less than projected in determining the initial rent. Based on the changes to the projected operating and debt service expenses, the provisions for a one-time rent adjustment were triggered. At the Stadium Authority Board (Board) meeting held on March 22, 2016, the Board decided not to adjust the rent, and instead passed a motion to pursue the informal dispute resolution procedures and to proceed to the arbitration process if necessary. Thereafter, on May 3, 2016 StadCo filed for arbitration with the Stadium Authority.

On June 18, 2018, the arbitrator entered an Arbitration Award in favor of the Stadium Authority and against StadCo. This award adjusted the facility rent from \$24.5 million to \$24.76 million, an increase of \$262,000. This increase is retroactive to the first lease year resulting in a total amount owed to the Stadium Authority of \$1.31 million for the first five lease years, through March 31, 2019. In addition to the adjustment to the facility rent, the Stadium Authority was entitled to reimbursement of its legal fees, determined by the arbitrator to be \$2.28 million. The lease also provides for a fair market rent adjustment in year 33.

The Stadium Authority received \$17.3 million and \$24.8 million in stadium rent from StadCo in each of the fiscal years ended March 31, 2021 and 2020, respectively. There were three NFL events that were cancelled because of County COVID-19 restrictions, therefore; lease revenues in fiscal year 2020-21 were lower than the prior year.

The Stadium Authority may elect to expand the Tenant Season to consist of the entire lease year, from April 1 through the next succeeding March 31 (Stadium Authority Put Right), by delivering written notice to StadCo. The Stadium Authority Put Right may be exercised at any time during lease year 13, or at any time that the Management Company Revolving Loan balance exceeds \$20 million. The expansion of the Tenant Season will be effective as of the applicable Tenant Season Expansion Date as set forth in the Stadium Lease. Effective from and after the Tenant Season Expansion Date, and continuing through the remainder of the Stadium Lease term, the Tenant Season will consist of the entire lease year.

## E. Trust Excess Cash Flow Funding

On April 1, 2020, the Stadium Authority completed the Trust Excess Cash Flow funding instructions and provided it to the FinanceCo and StadCo to complete fiscal year 2019-20's year-end Trust Excess Cash Flow funding distribution per the Deposit and Disbursement Agreement. The Trust Excess Cash Flow instruction specifically excluded payments to the Revolving Loan of \$6,300,653 because the Stadium Authority did not recognize this as an expense due to the fact that it is currently under litigation. StadCo deviated from the funding instructions and took the Excess Revenues from the distribution to pay off the Management Company Revolving Loan. The Stadium Authority was informed of this deviation in a letter dated April 27, 2020. On May 18, 2020, the Stadium Authority notified StadCo and the Trust that the deviation is in direct contravention of the Stadium Authority's instructions to the Trustee with regards to the use of Excess Revenue. Subsequently, the Stadium Authority recorded a receivable from StadCo for \$6,300,653 as of March 31, 2020.

ManagementCo continued to issue certificates of loan to the Stadium Authority for the suspended Shared Expenses of approximately \$7,249,747, which covers expenses from March 2020 through March 2021, in

## NOTE 6 – SANTA CLARA STADIUM AUTHORITY (continued)

fiscal year 2020-21. ManagementCo also issued a certificate of loan for \$1,601,538 to pay for a portion of the \$2,741,014 invoice from fiscal year 2019-20's Non-NFL Events' net loss reported by ManagementCo. The remaining balance of \$1,139,476 in the Non-NFL Events' net loss invoice was from the City's Public Safety costs, which ManagementCo had requested that the City recoup the costs directly from the Stadium Authority. The Stadium Authority included the Non-NFL Events' net loss draw of \$1,601,538 in the overall dispute with ManagementCo.

On March 31, 2021, the Stadium Authority completed the Trust Excess Cash Flow funding instructions and provided it to the FinanceCo and StadCo to complete fiscal year 2020-21's year-end Trust Excess Cash Flow funding distribution per the Deposit and Disbursement Agreement. The Trust Excess Cash Flow instruction requested that the Trust pay the StadCo Subordinated Loan in the amount of \$5,796,711. However, StadCo deviated from the funding instructions and used \$2,167,689 from the distribution to pay off the Management Company Revolving Loan instead. The Stadium Authority was informed of this deviation in a letter dated May 18, 2021. Subsequently, the Stadium Authority recorded a receivable from StadCo for \$2,167,689

## **NOTE 7 – CASH AND INVESTMENTS**

### A. Pooled Cash and Investments

The City pools cash from all sources and all funds except restricted cash and investments with fiscal agent. Allocable portions of the pooled portfolio for each fund type are reported under the captions "Pooled cash and investments" and "Restricted Cash". Interest income earned on pooled cash and investments is allocated to various funds based on average cash balances of each fund unless there are specific legal or contractual requirements to do otherwise.

Total cash and investments of the City was \$1,052.6 million as of June 30, 2021. This amount includes the City's cash and cash equivalents of \$993.4 million, and cash and investments with fiscal agents of \$59.2 million.

Of the City's total cash and investments, the following shows the allocation as presented on the accompanying statements of net position:

| Statement of Net Position                  |                     |
|--|---------------------|
| Pooled cash and investments                | \$<br>948,595,909   |
| Investments with fiscal agent - current    | 40,479,964          |
| Restricted cash                            | 37,355,223          |
| Deposits                                   | 5,522,664           |

# **B.** Investments Authorized by the California Government Code and the City's Investment Policy

The City's investment strategy is to invest cash not required for current obligations in U.S. government securities, federal government agency securities, highly rated money market instruments and other investments in accordance with the City's investment policy for a maximum term of five years for the General Fund portfolio. The City Council has authorized the purchase of securities with maturities greater than five years, specifically for the Electric Cost Reduction Account. This strategy allows the City to minimize its exposure to credit, market, and liquidity risk while maintaining a reasonable return on its portfolio.

The City's investment policy, in compliance with the City of Santa Clara Charter, Article IX, Section 904 (d) and (h), and the California Government Code authorizes the City to invest in securities that are consistent with the City's cash management strategy and long-term goals and objectives. The City is authorized to invest in the following types of instruments, and the table also identifies certain provisions of the California Government Code, or the City's investment policy where it is more restrictive:

(A) Securities issued by the Federal Farm Credit Bank (FFCB), the Federal Home Loan Bank (FHLB), the Federal National Mortgage Association (FNMA), and the Federal Home Loan Mortgage Corporation (FHLMC), local agencies and other U.S. government -sponsored enterprises.

(B) Callable securities are limited to 30% of the portfolio.

#### C. Investments with Fiscal Agents

The City invests bond proceeds restricted for construction in instruments that are stated in the Investment Policy and in various return-guaranteed investment agreements. These investments are invested in accordance with bond indentures and the maturities of each investment should not exceed the final maturity of each bond. Bond proceeds investments are reported monthly to the City Council.

The City also maintains required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpended bond proceeds or are pledged reserves to be used if

## NOTE 7 – CASH AND INVESTMENTS (continued)

the City fails to meet its obligations under these debt issues. The California Government Code 53601 (L) allows these funds to be invested in accordance with the statutory provisions governing the issuance of those bonds, indebtedness, other agreements, or certificates of participation in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance.

Former RDA and Electric Reserve Fund bond proceeds restricted for construction projects are invested and held by the trustee as fiscal agent investments. All funds have been invested as permitted under the Code. These investments are usually scheduled to mature when cash is needed to fulfill the requirements of the underlying bond and trust agreements.

The City also invests funds in the Bentzien Trust in accordance with the investment policy of the Trust that allows investment in cash and short-term investments (up to 20%), fixed income investments including U.S. Government, U.S. Government Agency, Asset and Mortgage Backed securities, debt issued by U.S. Corporations and fixed income mutual funds (30% to 60% of portfolio's aggregate fair value), and equity securities or mutual funds (40% to 70% of portfolio's aggregate fair value). Investments in U.S. Corporate debt shall be limited to an amount per issuer not to exceed 10% of the aggregate fair value of the portfolio, and upon initial purchase by the Adviser, must be of investment grade as rated by Moody's and/or Standard and Poor's rating services. The maximum maturity of an individual bond shall not exceed fifteen years and the average maturity shall not exceed ten years. Individual equity purchases shall have an equivalent securities rating of B- or better. Individual equity purchases shall not exceed five percent of the portfolio's aggregate fair value.

## D. Pension Rate Stabilization Program

In February 2017, the City Council approved a Pension Rate Stabilization Program, (PRSP) Trust administered by Public Agency Retirement Services (PARS). The PRSP is an irrevocable trust and qualifies as an Internal Revenue Section 115 trust. This trust will assist the City in mitigating the CalPERS contribution rate volatility. Investments of funds held in Pension Rate Stabilization Program (PRSP) are governed by the Investment Guideline Document for the investment account and by the agreement for administrative services with the Public Agency Retirement Services (PARS), rather than the general provisions of the California Government code or the City's investment policy. The City elected a discretionary investment approach which allows the City to maintain oversight of the investment management, control on target yield and the portfolio' risk tolerance. The assets in this program will eventually be used to fund Pension Plan obligations.

## E. Interest Rate, Credit Risks and Fair Value Measurement

Interest rate risk is the risk that an investment's value will be adversely affected by a change in interest rates. In general, the longer the time to maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. To reduce interest rate risk, the City diversifies the portfolio into a wide range of investments with different maturities, and maintains a reasonable average maturity of less than three years. This approach significantly mitigates adverse market volatility and maximizes returns.

The average maturity of the City's pooled investment portfolio at June 30, 2021 was approximately 2.10 years and the City has the ability to and generally intends to hold all investments to maturity. Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustees)

# NOTE 7 – CASH AND INVESTMENTS (continued)

to market interest rate fluctuations is provided in the investment table that shows the distribution of the City's investments by maturity.

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. Credit risk is measured by the assignment of a rating by a nationally recognized statistical rating organization.

# NOTE 7 – CASH AND INVESTMENTS (continued)

Presented below is the actual rating as of June 30, 2021 for each investment type:

|                                    | _         |                |            | Maturity    |             |         |                |

The City accounts for investments in accordance with GAAP, which requires governmental entities to report certain investments at fair value based on quoted market information obtained from recognized sources. The City has reported its investments at fair value with the exception of its share of external investment pools and mutual funds, the carrying value of which approximates fair value. In determining the change in fair value of its investments, the City used an aggregate method of calculation.

# NOTE 7 – CASH AND INVESTMENTS (continued)

The City categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation input used to measure the fair value of asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

|   |       |  | Fair Value Measurements Using |   |   |    |                       |

(1) Accounts in exempt column are Mutual Fund-Money Market, Collateral Obligations, and LAIF investments which are exempt from the fair value hierarchy, or reported at amortized cost.

The City utilizes a third party pricing service to determine fair market prices for its individually held investments. Evaluations are based on market information available at the time and generated using proprietary evaluated pricing models and methodologies.

Bentzien Trust investment in stocks and U.S. Treasuries are valued using prices quoted in active markets for those securities. All other Bentzien Trust debt securities are valued using a Market Approach methodology by Standard & Poor's Securities Evaluation Inc. The Market Approach uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities or a group of assets and liabilities.

Level 1 investments are valued using a marketable actively traded assets closing price for identical assets. Level 2 investments are determined by using quoted prices for similar assets.

## NOTE 7 – CASH AND INVESTMENTS (continued)

## F. Concentration of Credit Risk

Investments in the securities of any individual issuers that represent 5% or more of total Citywide investments are shown in the table below:

| Issuer                                 | <b>Bond-rating</b> | Fair Value     | % of Holding |
|--|--------------------|----------------|--------------|
| Federal Farm Credit Bank               | Aaa                | \$ 102,226,235 | 9.7%         |
| Federal Home Loan Bank                 | Aaa                | \$ 71,790,868  | 6.8%         |
| Federal Home Loan Mortgage Corporation | Aaa                | \$ 65,491,984  | 6.2%         |

## G. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Under California Government Code Section 53651, depending on specific types of eligible securities, a bank must deposit eligible securities posted as collateral with its Agent having a fair value of 105% to 150% of the City's cash on deposit. All of the City's deposits are either insured by the Federal Depository Insurance Corporation (FDIC) or collateralized with pledged securities held in the trust department of the financial institutions.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, the City will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The City's Investment Policy limits its exposure to custodial credit risk by requiring that all security transactions entered into by the City, including collateral for repurchase agreements, be conducted on a delivery-versus-payment basis. Securities are to be held by a third party custodian.

# H. Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

The City has no investments that are highly sensitive to interest rate fluctuations to a greater degree than already disclosed in the Interest Rate Risk Section above.

## I. Local Agency Investment Fund

The City is a voluntary participant in the Local Agency Investment Fund (LAIF). LAIF is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. LAIF's investment portfolio mainly consists of Treasuries, loans, Federal Agency securities, and collateralized mortgage obligations. Each regular LAIF account is permitted to have up to 15 transactions per month, with a minimum transaction amount of \$5,000, a maximum transaction amount of \$75 million and at least 24 hours advance notice for withdrawals of \$10 million or more. Bond proceeds accounts are subject to one time deposit with no cap and are set up with a monthly draw down schedule. The carrying value of LAIF approximates fair value.

# **NOTE 8 – INTERFUND TRANSACTIONS AND BALANCES**

## **A. Interfund Transfers**

With Council approval, resources may be transferred from one City fund to another.

Transfers between funds during the fiscal year ended June 30, 2021 were as follows:

| Fund Receiving Transfers         | Fund Making Transfers         | T  | _          |        |
|----------------------------------|-------------------------------|----|------------|--------|
| General Fund                     | Non-Major Governmental        | \$ | 7,221,202  | А      |
| General Fund                     | Electric Utility              | Ψ  | 633,200    | B      |

| <b>Total Interfund Transfers</b> |                               | \$ | 59,048,159 | -      |

## **NOTE 8 – INTERFUND TRANSACTIONS AND BALANCES (continued)**

The reasons for material transfers are set forth below:

- (A) Transfer to general fund from capital project funds and special revenue funds to return the excess funding.
- (B) Transfer to the general fund for the right of way and to fund electric utility's share of the City contract.
- (C) Transfer to the general fund for the COVID relief programs.
- (D) Transfer to fund various capital projects, maintenance district, to pay the debt, and COVID-19 related activities.
- (E) Transfer to fund their respective share of financial, human resources software, utility billing, and other projects.
- (F) Transfer from special revenue fund to fund various street related capital projects.
- (G) Transfer to the unemployment fund to cover higher estimated unemployment insurance claims.
- (H) Transfer from electric Greenhouse Gas program to fund the vehicle revolving fund on the electric vehicle purchases.
- (I) Transfer to fund the Cemetery capital improvement project.
- (J) Returning the funds from the City-wide projects to the original sources.
- (K) Transfer to fund the Electric Utility yards capital improvement project.
- (L) Transfer to provide the credit and rebate to the Solid Waste customers for COVID relief.
- (M) Transfer to fund Water Utility capital improvement projects.
- (N) Transfer fund to Santa Clara Convention Center CIP projects.
- (O) Transfer to write off the interfund advance to Santa Clara Golf and Tennis Club.

## **B.** Current Interfund Balances

Current interfund balances arise in the normal course of business and are expected to be repaid shortly after the end of the fiscal year. The following is a summary of interfund balances as of June 30, 2021.

| Receivable Fund        | Payable Fund                         | <br>Amount      |
|------------------------|--------------------------------------|-----------------|
| General Fund           | \$<br>59,476                         |                 |
|                        | Receivable by Governmental Funds     | <br>59,476      |
| Electric Utility       | Internal Service Funds               | 2,603,215       |
| Water Utility          | Internal Service Funds               | 363,676         |
| Sewer Utility          | Internal Service Funds               | 625,795         |
| Cemetery               | Internal Service Funds               | 255,944         |
|                        | Receivable by Enterprise Funds       | <br>3,848,630   |
| Internal Service Funds | Internal Service Funds               | 32,875          |
|                        | Receivable by Internal Service Funds | <br>32,875      |
|                        | Total                                | \$<br>3,940,981 |

## **NOTE 8 – INTERFUND TRANSACTIONS AND BALANCES (continued)**

Note: The City uses due to/due from as a balancing mechanism in funds with negative cash balances.

## C. Long-Term Interfund Advances

At June 30, 20211, the funds below had made advances which were not expected to be repaid within the next year.

| Fund Receiving                  | Fund Making        | 1     | Amount of     |
|---------------------------------|--------------------|-------|---------------|
| Advance/Commitment              | Advance/Commitment | Advan | ce/Commitment |
| Cemetery                        | General Fund       | \$    | 7,111,149     |
| Parks and Recreation Facilities | General Fund       |       | 6,618,748     |
| Total                           |                    | \$    | 13,729,897    |
|                                 |                    | -     |               |

**Cemetery Fund** has a \$7,111,149 advance that bears no interest and will be repaid when funds become available. The advance is a long term subsidy of the cemetery operations. The new resources will need to be identified in future to provide the support in the years ahead.

**Parks and Recreation Facilities Fund** has a \$6,618,748 advance that bears interest which is based on the City's weight average portfolio rate and will be repaid to the General Fund in annual installments when Mitigation Fee Act funding becomes available.

**Santa Clara Golf and Tennis Club Fund** The City closed the facility for the Santa Clara Golf and Tennis Club Fund and the advance balance of \$4,224,133 was written off in January 2021.

## **D.** Internal Balances

Internal balances represent the net interfund receivables and payables remaining after the elimination of all such balances within governmental, successor agency and business-type activities. The \$63,830 net internal balance in the Statement of Net Position is due to the different fiscal year end dates between the City and the Santa Clara Stadium Authority (refer to Note 1D for more information).

# **NOTE 9 - CAPITAL ASSETS**

# A. Capital Assets Summary

Capital Assets at June 30, 2021 are comprised of:

| Governmental Activities                  | J  | Balance<br>une 30, 2020 | <br>Additions    | etirements/<br>djustments | <br>Transfers    | J  | Balance<br>June 30, 2021 |
|--|----|-------------------------|------------------|---------------------------|------------------|----|--------------------------|

## **NOTE 10 – LONG-TERM DEBTAND DERIVATIVE INVESTMENTS (continued)**

## **B.** City's Long-term Obligations

#### 2010 City of Santa Clara Lease Agreement

On July 13, 2010, the City entered into a new agreement with the PFFC in order to provide funds for the refunding of the City's 1997 Certificates of Participation for the Police Administration building. The PFFC entered into a separate agreement with the assignee, Bank of America, N.A. Debt Service on the new Lease Agreement is secured by lease payments made by the City to the assignee for use of the Police Administration site. On March 22, 2012, Bank of America sold and transferred the agreement to Capital One Public Financing, LLC with no change to the terms, covenants, or conditions of the contract or the payment schedule.

In the event of default there is no remedy of acceleration of the total lease payments. The City will be liable only for the lease payments on an annual basis.

#### 2013 Central Park Library Refunding Certificates of Participation (2013 COPs)

On March 28, 2013, the PFFC issued \$18.54 million to provide funds to refund outstanding 2002A COPs. The 2013 COPs mature annually beginning February 1, 2014 through February 1, 2032 and bear coupon rates ranging from 2% to 3.75%. Debt Service is secured by lease payments to be made by the City to the PFFC for use of the library. The PFFC assigns the lease payments to the certificate owners.

In the event of default there is no remedy of acceleration of the total lease payments nor the maturities of the Certificates. The City will be liable only for the lease payments on an annual basis, and in the event of default, the trustee would be required to seek a separate judgement each year for that year's defaulted lease payments.

#### Compliance

Various debt agreements governing the City's bonds contain a number of covenants, including continuing disclosure requirements. The City is in compliance with these specific covenants and all other material covenants governing the particular bond issues. No event of default, as defined in the bond indentures, has occurred or is occurring.

Various debt agreements governing the Enterprise Funds' revenue bonds contain a number of covenants, including those that require the City to maintain and preserve the respective enterprise in good repair and working order, to maintain certain levels of insurance and to fix and collect rates, fees and charges so as to maintain certain debt coverage ratios. The City is in compliance with these specific covenants and all other material covenants governing the particular revenue bond issues. No event of default as defined in the bond indentures has occurred or is occurring.

## C. Enterprise Funds

#### **Electric Utility**

#### Electric Revenue Refunding Bonds, Series 2013A

On April 24, 2013, the City issued \$64.38 million of the Electric Revenue Bonds, Series 2013A (Electric 2013A Bonds), to provide funds, together with other available moneys, to refinance outstanding Electric 2003A Bonds. The Electric 2013A Bonds mature annually beginning on July 1, 2014 through July 1, 2028 and bear coupon rates ranging from 3.00% to 5.00%. Debt service on the Electric 2013A Bonds is secured by a pledge of net revenues of SVP.

As of April 1, 2020, \$43.705 million of the Electric 2013A Bonds were outstanding and \$30.725 million would be callable at par beginning January 1, 2023. With the passage of the Tax Cuts and Jobs Act on December 22, 2017 ("tax reform"), the tax legislation eliminated advance refunding of tax-exempt bonds beginning Jan 1, 2018, and therefore tax-exempt advance refunding is no longer a refinancing option.

On April 10, 2020, SVP refinanced \$30.725 million callable portion of the outstanding principal amount of Electric 2013 A Bonds through a direct placement with Bank of America, N.A. under a Taxable to Tax-Exempt Conversion structure. The refunding resulted in overall debt service savings of \$1,706,384. The net present value of the debt service savings is called an economic gain and after an addition for prior funds on hand of \$203 amounted to \$1,703,470. See Notes below for Subordinated Electric Revenue Refunding Bonds, Series 2020-2.

As of June 30, 2021, \$8.865 million non-callable principal of Electric 2013A Bonds were outstanding. In the event of default, SVP will transfer to the trustee all adjusted net revenues held by it and received thereafter and the trustee will disburse all adjusted net revenues and any other funds then held or thereafter received by the trustee under the provisions of indenture. In the case of default, the trustee will be entitled to declare the bond obligation of all bonds then outstanding to be due and payable immediately.

#### Electric Revenue Refunding Bonds, Series 2018A

On December 18, 2018, SVP issued \$48.8 million of Electric Revenue Refunding Bonds, Series 2018A (Electric 2018A Bonds) to refinance \$54.58 million outstanding principal amount of Variable Rate Demand Electric Revenue Refunding Bonds, Series 2008B and terminate a related swap agreement. The Electric 2018A Bonds bear 5% coupon rate, mature annually beginning on July 1, 2019 through July 1, 2027, and were sold at an All-In True Interest Cost of 2.32%. Debt service on the Electric 2018A Bonds is secured by a pledge of net revenues of SVP.

In the event of default, the City will transfer to the trustee all adjusted net revenues held by it and received thereafter and the Trustee will disburse all adjusted net revenues and any other funds then held or thereafter received by the trustee under the provisions of indenture. In the case of default, the trustee will be entitled to declare the bond obligation of all bonds then outstanding to be due and payable immediately.

## **NOTE 10 – LONG-TERM DEBTAND DERIVATIVE INVESTMENTS (continued)**

#### Subordinate Electric Revenue Refunding Bonds, Series 2020-1

The City Council determined that it was in the best interests of the City to enter into a credit facility with a bank for the purpose of refunding all of the outstanding Electric 2011A Bonds; and for the indebtedness created under such credit facility to be evidenced by a subordinate electric revenue bond to be issued by the City and delivered to the Bank as authorized by Resolution No. 20-8834 adopted by the City Council on April 7, 2020.

On April 10, 2020, the City entered into a loan agreement with Bank of America, N.A., (the "Loan Agreement") and issued \$52.985 million of Subordinate Electric Revenue Refunding Bonds, Series 2020-1 (Electric 2020-1 Bonds) to refinance \$54.830 million outstanding principal amount of Electric Series 2011A Bonds under a Taxable to Tax-Exempt Conversion structure. The Electric 2020-1 Bonds were originally issued as taxable bonds with coupon rates of 1.74% and were converted to a tax-exempt rate of 1.36% per annum effective April 2, 2021. The Electric 2020-1 Bonds mature annually beginning on July 1, 2028 through July 1, 2032 and were sold at a true interest cost of 1.43% with an average coupon rate of 1.40%. Debt service on the Electric 2020-1 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

#### Subordinate Electric Revenue Refunding Bonds, Series 2020-2

The City Council determined that it was in the best interests of the City to enter into a credit facility with a bank for the purpose of refunding a portion of the outstanding Electric 2013A Bonds; and for the indebtedness created under such credit facility to be evidenced by a subordinate electric revenue bond to be issued by the City and delivered to the Bank as authorized by Resolution No. 20-8834 adopted by the City Council on April 7, 2020.

On April 10, 2020, the City entered into a loan agreement with Bank of America, N.A. and issued \$34.315 million of Subordinate Electric Revenue Refunding Bonds, Series 2020-2 (Electric 2020-2 Bonds) to refinance \$30.725 million of the callable portion of the outstanding Electric Revenue Refunding Bonds, Series 2013 A. The Electric 2020-2 Bonds bear 1.31% coupon rates, mature annually beginning on July 1, 2023 through July 1, 2028, and were sold at a true interest cost of 1.21% with an average coupon rate of 1.15%. Electric 2020-2 Bonds were priced at taxable rates and will convert to tax-exempt at the earlier of the call date of January 1, 2023 or the reversal of the advance refunding prohibition. Both the taxable rate and tax-exempt rate at conversion were fixed at the time of issuance. Debt service on the Electric 2020-2 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

#### Subordinate Electric Revenue Refunding Bonds, Series 2020-3

The City Council determined that it was in the best interests of the City to enter into a credit facility with a bank for the purpose of refunding of the outstanding Electric Series 2014; and for the indebtedness created under such credit facility to be evidenced by a subordinate electric revenue bond to be issued by the City and delivered to the Bank as authorized by Resolution No. 20-8834 adopted by the City Council on April 7, 2020.

On April 10, 2020, the City issued \$16.720 million of Subordinate Electric Revenue Refunding Bonds, Series 2020-3 (Electric 2020-3 Bonds) to refinance \$19.413 million outstanding principal amount of

## **NOTE 10 – LONG-TERM DEBTAND DERIVATIVE INVESTMENTS (continued)**

Subordinated Electric Revenue Bonds, Series 2014. The Electric 2020-3 Bonds bear 0.58% coupon rates, mature annually beginning on July 1, 2020 through July 1, 2024, and were sold at a true interest cost of 0.70%. Debt service on the Electric 2020-3 Bonds is secured by a pledge of Available Electric Revenues of SVP on a basis subordinate to outstanding Senior Electric Revenue Bonds, if any.

In the event of default under the loan agreement for the 2020-1 bonds, 2020-2 bonds or 2020-3 bonds (including a failure by the City to pay principal or interest on the related bonds, a failure by the City to perform or observe its covenants, a default in other specified indebtedness or obligations of the City, certain acts of bankruptcy or insolvency, or other specified events of default), the Bank has the right, upon written notice to the City, to accelerate and declare the City's obligation to repay the related bonds and all other obligations of the City to the Bank under such loan agreement to be immediately due and payable.

#### Pledges of Future Electric Revenues

The pledge of future Electric Fund revenues ends upon repayment of all outstanding principal on bonds and loans, which is scheduled to occur in fiscal year 2032-33. For fiscal year 2020-21, Electric Fund revenues, including operating revenues and non-operating interest earnings, amounted to \$501.4 million and operating costs including operating expenses, but not interest, depreciation or amortization amounted to \$407.6 million. Net revenues available for debt service amounted to \$93.8 million which represented a coverage ratio of 6.8 on the \$13.8 million of debt service.

#### **Sewer Utility**

#### Installment Sale Agreement, Series 2016

On March 8, 2016, the City entered into an Installment Sale Agreement with the PFFC in order to provide funds for the Trimble Road Trunk Sanitary Sewer Improvement Project (the "Project"). The PFFC entered into a separate Assignment Agreement with the DNT Asset Trust, a wholly owned subsidiary of JP Morgan Chase National Association (the "Agreement"), to assign its rights under the Installment Sale Agreement to DNT Asset Trust. The Agreement, in the amount of \$12,000,000, carries an interest rate of 2.14% and the final payment is due February 1, 2031. Installment payments on the Agreement are secured by a pledge of net revenues of the Wastewater System. Net revenue of \$13.9 million was available for debt service payments of \$0.7 million.

In the event of default there is no remedy of acceleration of the total installment payments. The City will be liable only for the installment payments as they become due during the terms of the agreement. There are no significant finance-related consequences for termination.

#### Installment Sale Agreement, Series 2020

On June 11, 2020, the City entered into an Installment Sale Agreement (the "ISA") with the PFFC to provide funds for the San Jose/Santa Clara Regional Wastewater Facility Project (the "Project"). The PFFC entered into a separate Assignment Agreement with JPMorgan Chase Bank, N.A. (the "Assignment Agreement"), to assign its rights under the ISA to JPMorgan Chase Bank, N.A. The ISA in the amount of \$50,000,000 carries a variable rate of interest equal to 80% of 1-month LIBOR (reset daily), plus .95% per annum. The City may draw on the Installment Sale Agreement as necessary with an initial \$20,000,000 drawn on the date of closing. Interest is due each January 1 and July 1, commencing January 1, 2021. Principal on outstanding

## **NOTE 10 – LONG-TERM DEBTAND DERIVATIVE INVESTMENTS (continued)**

advances is due on or before July 1, 2024. In addition, the PFFC shall pay an undrawn fee on any amount not yet drawn at a rate of .325% per annum on each interest payment date. Installment payments on the Agreement are secured by a pledge of net revenues of the Wastewater System on a subordinate basis to the Trimble Road Installment Payments. Net revenue of \$13.9 million less the Installment Sale Agreement, Series 2016 debt service payment of \$0.7 million are available for future payments.

In the event of default there is no remedy of acceleration of the total installment payments. The City will be liable only for the installment payments as they become due during the terms of the agreement. There are no significant finance-related consequences for termination.

#### Santa Clara Stadium Authority

#### Stadium Funding Trust Loan

The Restated Credit Agreement by and among FinanceCo, the Stadium Authority and Goldman Sachs Bank was entered into on June 19, 2013. FinanceCo agreed to loan the Stadium Authority up to \$450 million. Under the Restated Credit Agreement, the loan from FinanceCo consists of the Term A Loan and the Term B Loan. On March 31, 2016, the Stadium Authority paid the remaining amount due on the Term B Loan.

#### Term A Loan

The Term A Loan was made in the amount of \$282.79 million. This loan bears interest at a fixed rate of 5.00%, payable semi-annually, with annual principal payments due beginning in April 2018. The Term A Loan has a maturity date of April 1, 2039 and is subject to certain prepayment premiums. The loan was fully drawn at closing. As of March 31, 2021, \$244.2 million was outstanding.

#### StadCo CFD Advance

In May of 2010, the City of Santa Clara completed the proceedings to establish a Community Facilities District (CFD) for the purpose of financing certain publicly owned facilities and public services associated with Levi's Stadium.

On June 11, 2013, the CFD, the Stadium Authority, and StadCo entered into a Reimbursement Agreement under which the CFD would agree to reimburse the Stadium Authority for costs of certain publicly owned facilities and public services constructed for Levi's Stadium. The reimbursement can only be made from a special tax generated by the CFD, as and when received by the CFD.

StadCo has agreed to advance to the Stadium Authority funds to pay for the CFD Infrastructure (StadCo CFD Advance). To evidence the Stadium Authority's obligation to repay the StadCo CFD Advance, the Stadium Authority and StadCo also executed a note on June 11, 2013. The StadCo CFD Advance has a maximum principal of \$38 million and an interest rate of 5.73%.

During the year ended March 31, 2021, as the special CFD tax was submitted to the Stadium Authority, a number of payments were made on the StadCo CFD Advance. These payments were made mid-way through each quarter. The interest that accrued between the last StadCo CFD Advance payment and the end of the year is added to principal. These payments totaled \$1.98 million, which included \$1.6 million in interest and \$381 thousand in principal. The Stadium Authority made \$965 thousand in payments and added the

## **NOTE 10 – LONG-TERM DEBTAND DERIVATIVE INVESTMENTS (continued)**

remaining unpaid balance to the principal during the year. As of March 31,2021, \$29.5 million was outstanding, which includes \$1.1 million of interest added to principal as of March 31, 2021.

#### StadCo Subordinated Loan

The Restated StadCo Obligations Agreement dated as of June 19, 2013 was entered into by and between StadCo and the Stadium Authority as part of the take-out financing process. Under the Restated StadCo Obligations Agreement, StadCo will loan the Stadium Authority an amount not to exceed \$500 million with a fixed 5.50% interest rate. Required principal repayments started in March 2016 and the Stadium Authority may prepay the loan at any time.

Payments totaling \$19.1 million were made on the loan during the year. This included a \$15.8 million in principal prepayment and \$3.3 million in interest. The high principal and interest payment is due to timing of disbursements of funds for prior year's payments that was previously recorded as a payable, which represented \$15.4 million. As of March 31, 2021, \$23.1 million was outstanding.

#### **D.** Derivative Instruments

Under hedge accounting, the increase (decrease) in the fair value of a hedge is reported as a deferred cash flow hedge on the statement of net position. For the reporting period, all of SVP's derivatives meet the hedge effectiveness tests defined by GAAP.

#### Notional Amounts and Fair Values- SVP Future Derivative Instruments

SVP maintains a Market Risk Management Policy, which among other things, sets forth the guidelines for the purchase and sale of certain financial instruments defined as hedge instruments in support of market power purchase and sales transactions. The primary goal of these guidelines is to provide a framework for the operation of an energy price hedging program to better manage SVP's risk exposure in order to stabilize pricing and costs for the benefit of SVP and its customers.

Consistent with hedge accounting treatment meeting effectiveness tests, changes in fair value are reported as deferred flows of resources on the statement of net position until the contract expiration that occurs in conjunction with the hedged expected energy purchase/sales transaction. When hedging contracts expire, at the time the purchase/sales transactions occur, the deferred balance is recorded as a component of Purchased Power. For energy derivatives, fair values are estimated by comparing contract prices to forward market prices quoted by third party market participants.

SVP had the following future derivative instruments outstanding at June 30, 2021 with Archer Daniels Midland Company to hedge cash flows on sales of excess resources in CAISO market in the future months.

#### Credit risk

Credit risk is the risk of loss due to a counterparty defaulting on its obligations. SVP is exposed to credit risk if hedging instruments are in asset positions. In order to eliminate counterparty credit risk, SVP has transacted both long term power and gas contracts on the Futures market on Intercontinental Exchange (ICE). As of June 30, 2021, all SVP's open derivative power and gas contracts were in an asset position, and the fair values of all open contracts were positive. The open contract was with ADM Investor Service, Inc., a clearing member of ICE and a company of Archer Daniels Midland Company who was rated A by Standard & Poor's as of June 30, 2021.

SVP's policy for requiring collateral on hedging instruments varies based on individual contracts and counterparty credit ratings. Under the brokerage agreements with Archer Daniels Midland Company, the accounts are prefunded by SVP. If the account value falls below zero, margin calls are invoked. At June 30, 2021, SVP had posted collateral of \$5,522,664 deposited with CAISO and Archer Daniels Midland Company for wholesale trading.

## **NOTE 10 – LONG-TERM DEBTAND DERIVATIVE INVESTMENTS (continued)**

It is also SVP's policy to negotiate netting arrangements whenever it has entered into more than one bilateral transactions with counterparty. Under the terms of these arrangements, should one party become insolvent or otherwise default on its obligations, the non-defaulting party may accelerate and terminate all outstanding transactions and net their fair values so that a single amount will be owed by (or to) the non-defaulting party.

#### **Termination Risk**

SVP's futures contracts are traded over the counter and have no termination risk.

#### Price Risk

With respect to price risk under power Futures contracts, on purchase contracts (long positions), SVP receives the CAISO NP15 average daily rate at settlement and pays the fixed contracted rate entered into on the trade date; on sales contracts (short positions), SVP pays the CAISO NP15 average daily rate at settlement and receives the fixed contracted rate entered into on the trade date. With respect to price risk under gas Futures contracts, on purchase contracts (long positions), SVP receives PG&E Citygate average daily price at settlement and pays the fixed contracted rate entered into on the trade date; on sales contracts (short positions), SVP receives PG&E Citygate average daily price at settlement and pays the fixed contracted rate entered into on the trade date; on sales contracts (short positions), SVP pays the PG&E Citygate average daily price at settlement and receives the fixed contracted rate entered into on the trade date; on sales contracts (short positions), SVP pays the PG&E Citygate average daily price at settlement and receives the fixed contracted rate entered into on the trade date; on sales contracts (short positions), SVP pays the PG&E Citygate average daily price at settlement and receives the fixed contracted rate entered into on the trade date. SVP is exposed to risk because the contract prices are different from the settlement prices.

#### **E. Repayment Requirements**

As of June 30, 2021, the debt service requirements to maturity for the City's long-term obligations, with determinable payment dates and the funds from which payment will be made are as follows:

|                | <br>Governmen    | t Activities | Business-Type Activities (excluding Santa Clara Stadium Authority) |            |              |    |                            |             |  |  |

(1) The principal outstanding for Stadium Authority is as of March 31, 2021. Please refer to Santa Clara Stadium Authority's separately issued Financial Statements Note 5 for details.

#### F. Debt Limitations and Restrictions

The amounts of the City's legal debt limit and debt margin (as defined by Section 1309 of the City Charter) as of June 30, 2021, is \$7.5 billion. There are a number of limitations and restrictions contained in the various bond indentures. The City is in compliance with all significant limitations, covenants, and restrictions.

#### G. Arbitrage

According to the regulations set forth by the U. S. Treasury Department, for bond issues subject to arbitrage rebate, earnings in excess of the stated bond rate must be rebated to the federal government every five years. As of June 30, 2021, the City has twelve outstanding bond issues that are subject to the arbitrage rebate regulations. The City monitors the earnings on each of these issues and records any accrued rebate liability at the end of each individual bond year.

## NOTE 11 - SOLID WASTE LANDFILL CLOSURE

The City of Santa Clara All Purpose Landfill (Landfill) was closed in September 1993. Federal and state laws and regulations require closure activities such as removal of landfill structures, decommissioning of environmental control systems, site security, and final cover construction and postclosure care such as ongoing monitoring of environmental impact. The City's postclosure plan (Plan) accepted by the California Integrated Waste Management Board, which is now the California Department of Resources Recycling and Recovery (CalRecycle), addresses all the attendant issues. Based on the Plan and pertaining laws and regulations, an estimated Landfill Postclosure Care Cost Obligation is recorded and updated annually. The postclosure care liability is accrued in the Solid Waste Enterprise Fund in accordance with GAAP. This obligation is payable from solid waste user fees.

The City also has a Pledge of Revenue Agreement establishing financial assurance for postclosure maintenance of the Landfill with CalRecycle, which was adopted on October 12, 1999. Financial assurance in the amount of \$600,000 will be maintained in a separate account. In addition, the agreement requires funds to be pledged annually for post-closure maintenance and corrective action costs.

## **NOTE 11 – SOLID WASTE LANDFILL CLOSURE (continued)**

The City has pledged \$235,000 for postclosure maintenance expenses and \$201,000 for corrective action in 2021-22. These amounts are subject to annual inflation factors, as stipulated by CalRecycle.

At June 30, 2021, a liability in the amount of \$5,695,059 was reported based on the estimated remaining postclosure care costs to meet the regulatory requirements. During fiscal year 2021, the City incurred postclosure expenses of \$460,393 and increased the liability by \$560,081 based on revised estimates of future costs. The estimated liability is based on the amount that would be paid if all equipment, facilities, and services required to monitor and maintain the landfill were acquired as of June 30, 2021. However, the actual cost of postclosure care and corrective action may be higher or lower due to inflation, changes in technology, or changes in landfill laws and regulations.

## NOTE 12 – PARTICIPATION IN JOINT VENTURES

#### A. Investments in Joint Venture

The City participates in significant joint ventures: Northern California Power Agency (NCPA), the Transmission Agency of Northern California (TANC), San Jose-Santa Clara Water Pollution Control Plant and Clean Water Financing Authority (SJSC), M-S-R Energy Authority (MSR EA), M-S-R Public Power Agency (MSR PPA) and Silicon Valley Animal Control Authority (SVACA).

The separately issued financial statements of these joint ventures (as noted below) are available on request.

| -       | Date of latest audited financial statement | Joint Venture's address                   |
|---------|--|---|
| NCPA    | 6/30/2020                                  | 651 Commerce Dr. Roseville, CA 95678      |
| TANC    | 6/30/2020                                  | P.O. Box 15129 Sacramento, CA 95851       |

| Combustion Turbine  | 41.67%                   | \$57,500,150  | Equity               |
| Lodi Energy Center  | 25.75%                   |               |                      |
| TANC                | 9.74%                    | 5,106,945     | Equity               |
| SJSC <sup>(1)</sup> | 19.46%                   | 181,568,804   | Equity               |
| MSR EA              | 33.40%                   | -             | Suspended            |
| MSR PPA             | 35.00%                   | -             | Suspended            |
| SVACA               | 56.50%                   | 4,701,248     | Equity               |
| Total               |                          | \$228,943,133 |                      |

(1) The investment in San Jose/Santa Clara Regional Wastewater Facility includes the current year capital contribution.

## **B.** Contingent Liability

Under the terms of the various joint venture agreements, the City is contingently liable for a portion of the long-term debt of the entities under take-or-pay agreements, letters of credit, guarantees or other similar agreements. Based on the most recent audited financial statements of the individual joint ventures as of June 30, 2020, the City was contingently liable for long-term debt as follows (in thousands):

|         |       | Total         | Participating | C  | Contingent |  |
|---------|-------|---------------|---------------|----|------------|--|
|         |       | Debt          | Share         | ]  | Liability  |  |
| NCPA    |       | \$<br>641,046 | 32.94%        | \$ | 211,167    |  |
| TANC    |       | 171,990       | 9.65%         |    | 16,599     |  |
| SJSC    |       | 112,376       | 19.46%        |    | 21,869     |  |
| MSR PPA | _     | 51,595        | 35.00%        |    | 18,058     |  |
|         | Total | \$<br>977,007 |               | \$ | 267,693    |  |

In addition, the City would, under certain conditions, be liable to pay a portion of the costs associated with the operations of the entities. Under certain circumstances, such as default or bankruptcy of the other participants, the City may also be liable to pay a portion of the debt of these joint ventures on behalf of those participants and seek reimbursement from those participants.

## NOTE 12 – PARTICIPATION IN JOINT VENTURES (continued)

Take-or-Pay commitments expire upon final maturity of outstanding debt for each project. Final fiscal year debt expirations as of June 30, 2020 are as follows:

|   |                 | Entitlement | Debt Service |
|---|-----------------|-------------|--------------|
| Project   | Debt Expiration | Share %     | Share %      |
| NCPA - Geothermal Project (NGP)                 | July-2024       | 44.3905%    | 44.3905%     |
| NCPA - Hydroelectric Project (NHP)              | July-2032       | 37.0200%    | 37.0200%     |
| NCPA - Lodi Energy Center (NLEC) <sup>(1)</sup> | June-2040       | 25.7500%    | 30.9657%     |
| TANC - CA-OR Transmission Project (COTP)        | May-2039        | 9.7386%     | 9.6512%      |
| MSR PPA - San Juan Plant                        | July-2022       | 35.0000%    | 35.0000%     |

(1) The SVP's debt service share in NLEC on issue one is 46.1588%, on issue two is 0%.

A summary of the City's "Take-or-Pay" contracts and related projects and its contingent liability for the debt service including principal and interest payments at June 30, 2020 is as follows (latest information available):

| Fiscal Year | NGP NHP |           | <br>NLEC CO       |                   | СОТР | TP MSR PPA |    |            | Total |             |
|-------------|---------|-----------|-------------------|-------------------|------|------------|----|------------|-------|-------------|
| 2021        | \$      | 2,195,431 | \$<br>12,827,022  | \$<br>7,568,602   | \$   | 1,003,914  | \$ | 9,712,500  | \$    | 33,307,469  |
| 2022        |         | 2,197,534 | 12,858,730        | 7,566,771         |      | 1,003,698  |    | 9,711,100  |       | 33,337,833  |
| 2023        |         | 2,198,863 | 12,870,163        | 7,567,678         |      | 1,008,307  |    | -          |       | 23,645,011  |
| 2024        |         | 1,541,819 | 14,375,558        | 7,565,130         |      | 1,348,027  |    | -          |       | 24,830,534  |
| 2025        |         | 1,545,765 | 14,399,154        | 7,565,513         |      | 1,465,120  |    | -          |       | 24,975,552  |
| 2026-2030   |         | -         | 39,531,862        | 38,473,227        |      | 7,324,272  |    | -          |       | 85,329,361  |
| 2031-2035   |         | -         | 25,115,772        | 38,621,389        |      | 7,324,708  |    | -          |       | 71,061,869  |
| 2036-2040   |         | -         | -                 | 38,616,265        |      | 5,859,927  |    | -          |       | 44,476,192  |

| Total       | \$      | 9,679,412 | \$<br>131,978,261 | \$<br>160,625,168 | \$   | 26,337,973 | \$ | 19,423,600 | \$    | 348,044,414 |

# C. Northern California Power Agency (NCPA)

NCPA was formed in 1968 as a joint powers agency in the State of California. Its membership consists of sixteen public agencies. NCPA is generally empowered to sell, purchase, generate, transmit, manage electrical energy and provide regulatory and legislative advocacy. Members participate in the projects of NCPA on an elective basis. Therefore, the participation percentage varies for each project in which it participates.

A Commission comprised of one representative for each member governs NCPA. The Commission is responsible for the general management of the affairs, property, and business of NCPA. Under the direction of the General Manager, the staff of NCPA is responsible for providing various administrative, operating and planning services for NCPA and its associated power corporations.

#### Project Financing and Construction

NCPA's project construction and development programs have been individually financed by project revenue bonds collateralized by NCPA's assignment of all payments, revenues and proceeds associated with its interest in each project. Each project participant has agreed to pay its proportionate share of debt service and

## **NOTE 12 – PARTICIPATION IN JOINT VENTURES (continued)**

other costs of the related project, notwithstanding the suspension, interruption, interference, reduction or curtailment of output from the project for any reason. Certain of the revenue bonds are additionally supported by municipal bond insurance credit enhancements.

#### Hydroelectric Project

NCPA is contracted to finance, manage, construct, and operate Hydroelectric Project Number One for the licensed owner, Calaveras County Water District (CCWD). In exchange, NCPA has the right to the electric output of the project for 50 years from February 1982. NCPA also has an option to purchase power from the project in excess of the CCWD's requirements for the subsequent 50 years, subject to regulatory approval.

#### Geothermal Project

The NCPA Geothermal Plants have historically experienced greater than anticipated declines in steam production from the existing geothermal wells. Although initially operated as baseload generation projects at full capability (238MW), NCPA changed its steam field production from baseload to load-following and reduced average annual steam production. Along with other steam field operators in the area, the Agency began implementing various operating strategies to further reduce the rate of decline in steam production. The Agency has modified both steam turbine units and the associated steam collection system to enable generation with lower pressure steam at higher mass-flow rates to optimize the utilization of the available steam resource. In fiscal year 2019-20, NCPA began a well-workover program to restore underperforming wells.

Based upon current operation protocols and forecasted operations, NCPA expects average annual generation and peak capacity to decrease further, reaching approximately 68 MW by the year 2040.

#### Combustion Turbine Project No. 1

NCPA owns five dual (natural gas and fuel oil) combustion turbine units, each of which is nominally rated at 25 MW, which are collectively known as the Combustion Turbine Project No. 1. These units were completed in 1986 and are designed to provide peak power and reserve requirements and emergency support. Each purchaser is responsible under its power sales contract for paying an entitlement share in Combustion Turbine Project No. 1 of all NCPA's costs of such project.

#### Lodi Energy Center

On May 24, 2010, SVP entered into an agreement with NCPA for a 25.75% interest in the Lodi Energy Center, a 280 MW combined cycle natural gas fired power plant, located in Lodi, California. The project received approval from the California Energy Commission in April 2010 and was placed into operation in November 2012. In January 2020, the Lodi Energy Center suffered a catastrophic turbine failure. NCPA replaced the turbine with a newer state-of-the-art turbine which could use hydrogen as a cleaner fuel source. The majority of the replacement cost was covered by NCPA's insurance resulting in relatively minimal financial impact to project participants.

## D. Transmission Agency of Northern California (TANC)

TANC was organized under the California Government Code pursuant to a joint powers agreement entered into by 15 Northern California utilities. The purpose of TANC is to provide electric transmission and other

## **NOTE 12 – PARTICIPATION IN JOINT VENTURES (continued)**

facilities for the use of its members through its authority to plan, acquire, construct, finance, operate and maintain facilities for electric power transmission. The joint powers agreement provides that the costs of TANC's activities can be financed or recovered through assessment of its members or from user charges through transmission contracts with its members. Each TANC member has agreed to pay a pro-rata share of the costs to operate TANC and for payment of debt service, and has the right to participate in future project agreements.

The joint powers agreement remains in effect until all debt obligations and interest thereon have been paid, unless otherwise extended by the members.

#### California-Oregon Transmission Project

TANC is a participant and also the Project Manager of the California-Oregon Transmission Project (Project), a 340-mile long, 500-kilovolt alternating current transmission project between Southern Oregon and Central California. As Project Manager, TANC is responsible for the overall direction and coordination of all Project operations and maintenance, additions and betterments, and for general and administrative support.

The Project was declared commercially operable on March 24, 1993, with a rated transfer capability of 1,600 megawatts and provides a third transmission path between the electric systems of the Pacific Northwest and those in California. The Project has successfully met and completed the major environmental requirements. As of June 30, 2020, the most recent data available, TANC's investment in the Project was \$541 million, less accumulated depreciation and amortization of \$283.8 million.

In connection with its participation in the Project, TANC has an entitlement balance of the Project's transfer capability of approximately 1,362 megawatts and is obligated to pay an average of approximately 80% of the operating costs associated with the Project. TANC incurred and initially capitalized all costs for project construction since they were expected to be recovered through reimbursement from Project participants and from the successful operations of the Project's transmission lines. The Project agreement among the participating members provides that each member agrees to make payments, from its revenues, to TANC for project costs incurred and for payment of debt service.

Santa Clara has historically been obligated to pay 20.47% of TANC's COTP operating and maintenance expenses and 20.70% of TANC's COTP debt service and 22.16% of the Vernon acquisition debt. Santa Clara has also been entitled to 20.4745% of TANC's share of COTP transfer capability (approximately 278 MW net of third party layoffs of TANC) on an unconditional take-or-pay basis. Starting on July 1, 2014 Santa Clara laid-off 147 MWs of this entitlement to other TANC members under a 25 year agreement. During the term of this agreement the parties taking on the entitlement will pay all associated debt service, operations and maintenance costs, and all administrative and general costs. Santa Clara's portion of the operating and maintenance expenses and the COTP debt service is 10.004 %.

# E. San Jose/Santa Clara Regional Wastewater Facility and Clean Water Financing Authority (SJSC)

The City and the City of San Jose jointly own the San Jose/Santa Clara Regional Wastewater Facility, (RWF). The RWF provides wastewater treatment services to Santa Clara, San Jose, and seven other tributary agencies. The City of San Jose is the administering agency for the RWF. The San Jose/Santa Clara Clara

## **NOTE 12 – PARTICIPATION IN JOINT VENTURES (continued)**

Water Financing Authority (Authority) was created in 1981 to provide financing for capital improvements at the RWF.

In 1959, the City and the City of San Jose entered into an agreement to construct and operate the RWF, (formerly referred to as the San Jose/Santa Clara Water Pollution Control Plant). Under the terms of the agreement, the cities own an undivided interest in the RWF and share in the capital and operating costs on a pro rata basis, determined by the ratio of each city's assessed valuation to the sum of both cities assessed valuations. Such percentages are determined annually and applied to the capital and operating costs of the RWF, determined on an accrual basis. For the fiscal year ended June 30, 2021, the City's portion of the plant capacity was approximately 19.46%, which is also its interest in the net position of the RWF.

#### Zero Waste Energy Development Company Ground Lease

On June 21, 2011, the San Jose City Council approved a ground lease with Zero Waste Energy Development Company (ZWED) to lease a portion of the former Nine Par landfill, which is a part of the San Jose/Santa Clara Regional Wastewater Facility lands. ZWED would lease the property in three phases. Under the terms of the proposed lease, ZWED will lease 40.7 acres from the City of San Jose for an initial term of seven years from the date of execution for all three leaseholds. The base rent for the initial phase (Phase 1) of the property would be payable as a proportional credit against the expenditure of site development costs estimated at \$11.8 million or as a payment of \$850,000 per year. Rent for the subsequent phases will be based on the amount of organic waste processed at the facility. Over the 30-year life of the lease, the estimate payment is a minimum of \$16.5 million. The incoming revenue will be distributed between the City of Santa Clara, City of San Jose, and the tributary agencies to the RWF based on the master agreements with each agency.

## South Bay Water Recycling Program

The South Bay Water Recycling Program (SBWR), a regional water reclamation program, is part of an action plan adopted by the Regional Water Quality Control Board (RWQCB) which limits the RWF on the amount of effluent discharged into San Francisco Bay in order to prevent conversion of salt marsh and destruction of endangered species habitat. Flow limits are not included in the current five year permit from the RQWCB. SBWR has a master plan to guide the continued operation and potential expansion of the SBWR in the absence of the previous regulatory drivers. The master plan was completed in December of 2014 and accepted by the City of San Jose and the Santa Clara Valley Water District during fiscal year 2014-15.

Under the previously approved action plan, SBWR was required to reclaim 21.1 million gallons per day (MGD) of plant effluent for nonpotable use by November 1, 1997, (Phase 1) and an additional 24.30 MGD by December 31, 2000 (Phase 2). The action plan also requires assessment of alternatives for potable reuse, including a potable pilot plant to be coordinated with the Santa Clara Valley Water District. In addition to habitat preservation, the project reduces the mass trace contaminates discharged to the San Francisco Bay and provides a reliable source of water to offset potable water demands. The current master plan recognizes that primary drivers for the continued operation and expansion of the recycled water system are based in the need for water supply, rather than wastewater discharge reduction.

When first built, the SBWR distribution system included approximately 67 miles of pipe, a four million gallon reservoir, a transmission pump station, and two booster pump stations. These facilities were constructed between 1996 and 1998 at a capital cost of approximately \$140 million funded by the tributary

## **NOTE 12 – PARTICIPATION IN JOINT VENTURES (continued)**

agencies, grants and bond proceeds. Santa Clara's share of Phase 1 costs was approximately \$20.07 million. Within Santa Clara, seven miles of distribution mains were added to the system in 2010 and 2011 and the entire SBWR distribution system now consists of over 140 miles of pipeline.

Proceeds from the City of San Jose 1995 Series A and B Bonds and other funds were used to pay for the City of San Jose's share of Phase 1. The City contributed existing capital reserves, existing recycled water distribution system, and additional construction of system extensions. Other sources for funding of Phase 1 include U.S. Bureau of Reclamation grants, State of California Revolving Fund loans, \$6.45 million transferred in fiscal year 1995 from the Clean Water Financing Authority to the City of San Jose Wastewater Treatment Plant Capital Fund, and cash contributions from other participating agencies. The 2010 and 2011 extensions of the distribution system were funded in part by a combination of grants from the American Recovery and Reinvestment Act of 2009 (ARRA) and the United State Bureau of Reclamation totaling \$10.4 million.

In June 1997, the RWQCB approved the Proposed Revision to the South Bay Action Plan (the Plan), which describes the projects necessary to reduce average dry weather effluent flow from the RWF to below 120 MGD and protect salt marsh habitat for endangered species in the South Bay as required by RWQCB Order 94-117. These projects include expanding the Phase 1 nonpotable water distribution system by extending additional piping, placing greater emphasis on water conservation programs, reducing infiltration inflow, augmenting stream flow, and creating wetlands. The estimated costs of \$127.5 million has been funded through a combination of State Revolving Fund loans, Equipment Replacement Reserves, Sewage Treatment Plant Connection Fees, federal grants, in-kind services and cash contributions.

## F. M-S-R Public Power Agency (MSR PPA)

MSR PPA is a joint power agency formed in 1980 by the Modesto Irrigation District, the City and the City of Redding, California, to develop or acquire and manage electric power resources for the benefit of the members. The personnel of its members and contract professional staff perform the administrative and management functions of MSR PPA. The member's income and expense sharing ratio is as follows: Modesto Irrigation District – 50%; City of Santa Clara – 35%; and City of Redding – 15%.

The City's equity in MSR PPA's net losses exceeds its investment and, therefore, the equity method of accounting for the investment has been suspended. As of December 31, 2020, the date of the latest available audited financial statements, the City's unrecognized share of member's deficit of MSR PPA was \$0.8 million. Under the joint exercise of power agreement, which formed MSR PPA, the City is responsible for funding up to 35 percent of MSR PPA's operating cost, to the extent such funding is necessary. During the year ended June 30, 2021, the City made no contributions to fund its share of operating deficits. If there were such contributions, they would be included in the Electric Utility Enterprise Fund expenses.

MSR PPA's principal activity is a 28.8% ownership interest in a 507-megawatt unit of a coal-fired electricity generating plant located in New Mexico (San Juan Plant). The San Juan plant was jointly owned by the Public Service Company of New Mexico (PNM) (38.5%), MSR PPA (28.8%) and other municipal power entities (32.7%). On December 31, 2017, MSR PPA divested its ownership interest in the San Juan plant and no longer receives electric energy or capacity from the San Juan Generating Station.

In 2006, MSR PPA entered into a Wholesale Purchase and Sale Agreement and a Shaping and Firming Agreement with Avangrid Renewables, Inc. to provide renewable wind energy to the Members from the Big

## **NOTE 12 – PARTICIPATION IN JOINT VENTURES (continued)**

Horn I Wind Energy Project (Big Horn I Project) with a nominal installed capacity of approximately 199.5 MW. The City receives the power purchased by MSR PPA from the Big Horn I Project. The City's share equates to approximately a 105 MW share of the output at a cost comparable to combined cycle gas-fuel generation. Power deliveries commenced on October 1, 2006 and will continue through September 30, 2026. Through an amendment of the original agreements MSR PPA has an obligation to continue to take the same output through September 30, 2031, or if the Big Horn Project is repowered MSR PPA will have a right of first offer to negotiate a long-term power purchase for such repowered project. The participation in this project is as follows: Modesto Irrigation District – 12.5%; City of Santa Clara – 52.5%; and City of Redding – 35%.

In 2009, MSR PPA entered into a Power Purchase Agreement and Redelivery Agreement with Avangrid Renewables Inc. to purchase additional wind power energy from the same site, called Big Horn II, with a nominal installed capacity of 50 MW for a twenty-year period. Deliveries of energy under this project began on November 1, 2010. The participation in this project is as follows: Modesto Irrigation District – 65%; City of Santa Clara – 35%.

#### M-S-R PPA San Juan

In 2015, the MSR PPA Commission approved a number of agreements (the "San Juan Restructuring Agreements") to provide for the interests of MSR PPA and certain other San Juan Participants (the "exiting participants") in the San Juan Generation Station to be transferred to the remaining San Juan Participants effective December 31, 2017. In addition to the ownership divesture, the San Juan Restructuring Agreements provide for, among other things, the allocation of ongoing responsibility for decommissioning costs, mine reclamation costs and any environmental remediation obligations among the exiting participants and the remaining San Juan Participants, and the establishment and funding of mine reclamation and plant decommissioning trust funds. The San Juan Restructuring Agreements were subsequently executed by all nine San Juan Generation Station owners and PNM Resources Development Company (a non-utility affiliate of PNM) and, following receipt of regulatory approvals, became effective on January 31, 2016. Various other implementing agreements and amendments to existing San Juan project agreements to effect the restructuring have also been executed. Closing of the ownership restructuring of the San Juan Generation Station and the divestiture of MSR PPA's interests in San Juan Unit No. 4 was completed on schedule on December 31, 2017.

## G. M-S-R Energy Authority (MSR EA)

MSR EA is a joint power agency formed in 2008 by the Modesto Irrigation District, the City of Santa Clara, and the City of Redding, California, to develop or acquire and manage natural gas resources for the benefit of the members. The personnel of its members and contract professional staff perform the administrative and management functions of MSR EA. The member's income and expense sharing ratio is as follows: Modesto Irrigation District – 33.3%; City of Santa Clara – 33.4%; and City of Redding – 33.3%.

The City's equity in MSR EA's net losses exceeds its investment and, therefore, the equity method of accounting for the investment has been suspended. As of December 31, 2020, the date of the latest available audited financial statements, the City's unrecognized share of member's deficit of MSR EA was \$27.2 million. Under the joint exercise of power agreement, which formed MSR EA, the City is responsible for funding up to 33.4% of MSR EA's operating cost, to the extent such funding is necessary. During the year

## **NOTE 12 – PARTICIPATION IN JOINT VENTURES (continued)**

ended June 30, 2021, the City made no contributions to fund its share of operating deficits. If there were such contributions, they would be included in the Electric Utility Enterprise Fund expenses.

In 2009, the City of Santa Clara, along with the Cities of Modesto and Redding participated in the M-S-R Energy Authority Gas Prepay Project. The Gas Prepay Project provides the City of Santa Clara, through a Gas Supply Agreement with MSR EA dated September 10, 2009, a secure and long-term supply of natural gas of 7,500 MM Btu (Million British thermal unit) daily or 2,730,500 MM Btu annually through December 31, 2012, and 12,500 MM Btu daily, or 4,562,500 MM Btu annually thereafter until September 30, 2039. The agreement provides this supply at a discounted price below the spot market price (the Pacific Gas & Electric City gate index) over the next 30 years. As of December 31, 2020, bonds issued by MSR EA to finance the City's share of the Gas Prepay Project were outstanding in the principal amount of \$500,200,000. These bonds were initially sold on August 27, 2009. Under the Gas Supply Agreement, MSR EA will bill the City for actual quantities of natural gas delivered each month on a "take-and-pay" basis. MSR EA has contracted with Citigroup Energy, Inc. ("CEI") to use the proceeds of the Gas Prepay bond issue to prepay CEI for natural gas. CEI has guaranteed repayment of the bonds, and responsibility for bond repayment is non-recourse to the City of Santa Clara. Moreover, any default by the other Gas Prepay Project participants is also non-recourse to the City.

## H. Silicon Valley Animal Control Authority

The City is a member of the Silicon Valley Animal Control Authority, (SVACA), established in 2000 to deliver animal control and sheltering services to three communities: the cities of Santa Clara, Campbell, and Monte Sereno. SVACA provides field and shelter services and staffing to support adoption and spay/neuter programs. SVACA purchased and retrofitted an existing cold-shell office building in Santa Clara that became a fully operating animal shelter. The shelter opened in the third quarter of 2006. SVACA is governed by a Board of Directors comprised of one appointed Councilmember from each of the four member cities.

During the fiscal year ended June 30, 2021, the City of Santa Clara contributed \$1,063,542 to SVACA. The City's equity interest in SVACA was \$4,701,248 at June 30, 2020 (the most recent audited information available). Audited financial statements are available from SVACA, located at 3370 Thomas Road, Santa Clara, CA 95051.

# NOTE 13 – RETIREMENT PLAN – DEFINED BENEFIT PENSION PLAN

## A. Plan Description

The City contributes to the California Public Employees Retirement System (CalPERS), an agent multipleemployer defined benefit plan, which is a public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State of California. CalPERS offers a menu of benefit provisions and other requirements that are established by State statutes within the Public Employee Retirement law. The City selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. CalPERS issues a separate Annual Comprehensive Financial Report. Copies of the CalPERS' annual financial report may be obtained from the CalPERS website at www.calpers.ca.gov.

## NOTE 13 – RETIREMENT PLAN – DEFINED BENEFIT PENSION PLAN (continued)

The City's defined benefit pension plans for Miscellaneous and Safety employees with CalPERS provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. All permanent (full-time and part-time) and eligible "as-needed" hourly City employees are required to participate in CalPERS. Employees fall under two categories, Classic and PEPRA. Employees hired on or before December 31, 2012 are considered Classic PERS members. Employees hired on or after January 1, 2013 fall into the PEPRA PERS members.

## **B.** Pension Plan Benefits

On September 12, 2012, the State of California passed Assembly Bill (AB) 340, which created the Public Employees' Pension Reform Act (PEPRA). PEPRA implemented new benefit formulas and final compensation period, as well as new contribution requirements for new employees hired on or after January 1, 2013 who meet the definition of new member under PEPRA. Please refer to the Pension Reform section of the CalPERS website for more information regarding when an employee will be considered a new member under PEPRA.

Benefits for employees in the Miscellaneous Plan and Safety Plan vest after five years of CalPERS credited service. The retirement benefits are based on the retiree's age, years of CalPERS credited service, and benefit factor of 2.7% at 55 for the Classic Miscellaneous Plan members and 3% at 50 for the Classic Safety Plan members. For members under PEPRA, the benefit factor is reduced to 2% at 62 for the Miscellaneous Plan and 2.7% at 57 for the Safety Plan.

#### **Miscellaneous Plan**

Participants in this plan are eligible for service retirement and receive graduated benefits upon attaining the age of 50 and with at least five years of credited service with a CalPERS employer. The service retirement benefit is a monthly allowance equal to the product of the benefit factor (2.7% at 55 for Classic members or 2% at 62 for PEPRA members), years of service, and final compensation (monthly average of member's highest 12 or 36 (for new members) consecutive months full-time equivalent monthly pay). The service retirement benefit for this group is not capped. The compensation limit for Classic members for the 2021 calendar year is \$290,000. Employees with membership dates prior to July 1, 1996 are not impacted by this limit. The compensation limit for PEPRA for calendar year 2021 is \$128,059 for employees covered by Social Security and is adjusted annually with the CPI for all Urban Consumers.

#### Safety Plan

Participants in this plan are eligible for service retirement upon attaining the age of 50 and with at least five years of credited service with a CalPERS employer. The service retirement benefit is a monthly allowance equal to the product of the benefit factor (3% at 50 for Classic members or 2.7% at 57 for new members), years of service, and final compensation. For Classic Fire Safety employees, the final compensation is the monthly average of member's highest 36 consecutive months full-time equivalent monthly average of the members, and for Classic Police Safety employees, it is the monthly average of the member's highest 12 or 36 (for new members) consecutive months full-time equivalent monthly

The service retirement benefit for the Safety Plan group is capped at 90% of final compensation for the Classic members. PEPRA members have an annual compensation limit on reportable earnings. The compensation limit for calendar year 2021 is \$153,671 for employees not covered by Social Security and is adjusted annually with the CPI for all Urban Consumers.

#### NOTE 13 – RETIREMENT PLAN – DEFINED BENEFIT PENSION PLAN (continued)

The Plans provisions and benefits in effect at June 30, 20211 are summarized as follows:

|   | Miscel                      | laneous                        | Safety                      |                                |  |
|---|-----------------------------|--------------------------------|-----------------------------|--------------------------------|--|
| Hire date   | Prior to January<br>1, 2013 | On or After<br>January 1, 2013 | Prior to January<br>1, 2013 | On or After<br>January 1, 2013 |  |
| Benefit formula                                   | 2.7% @ 55                   | 2.0% @ 62                      | 3.0% @ 50                   | 2.7% @ 57                      |  |
| Benefit vesting schedule                          | 5 years service             | 5 years service                | 5 years service             | 5 years service                |  |
| Benefit payments                                  | monthly for life            | monthly for life               | monthly for life            | monthly for life               |  |
| Retirement age                                    | 50 - 55                     | 52 - 67                        | 50                          | 50 - 57                        |  |
| Monthly benefits, as a % of eligible compensation | 2.00% - 2.70%               | 1.00% - 2.50%                  | 3.00%                       | 2.00% - 2.70%                  |  |
| Required employee contribution rates              | 8.00%                       | 6.50%                          |                             |                                |  |
| Public Safety - Fire                              |                             |                                | 9.00%                       | 11.75%                         |  |
| Public Safety - Police                            |                             |                                | 9.00%                       | 11.75%                         |  |
| Required employer contribution rates              | 11.425%                     | 11.425%                        | 22.003%                     | 22.003%                        |  |
| Required unfunded liability contribution          | \$21,519,754                |                                | \$17,74                     | 13,771                         |  |
|   |                             |                                |                             |                                |  |

Beginning in fiscal year 2015-16, CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability. The dollar amounts are billed on a monthly basis. The City's required contribution for the miscellaneous plan's unfunded liability was \$21,519,754 in fiscal year 2020-21. The City's required contribution for the safety plan's unfunded liability was \$17,743,771 in fiscal year 2020-21.

#### **Employees Covered**

At the valuation date, June 30, 2019, the following employees were covered by the benefits terms for each Plan:

|  | Miscellaneous | Safety |
|--|---------------|--------|
| Inactive employees or beneficiaries currently receiving benefits | 1,002         | 481    |
| Inactive employees entitled to but not yet receiving benefits    | 482           | 71     |
| Active employees   | 745           | 296    |
| Total  | 2,229         | 848    |

#### NOTE 13 – RETIREMENT PLAN – DEFINED BENEFIT PENSION PLAN (continued)

#### **C.** Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the year ended June 30, 2021, the City's contributions to the miscellaneous and safety plans were \$31,035,143 and \$29,295,456, respectively.

#### **D.** Net Pension Liability

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plans' fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2020, using an annual actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

|  | All Plans   |
|--|---|
| Valuation Date                           | June 30, 2019   |
| Measurement Date                         | June 30, 2020   |
| Actuarial Cost Method                    | Entry-Age Normal Cost Method  |
| Actuarial Assumptions:                   |   |
| Discount Rate                            | 7.15%   |
| Inflation                                | 2.50%   |
| Payroll Growth                           | 2.75%   |
| Projected Salary Increase                | Varies by Entry-Age and Service   |
| Investment Rate of Return <sup>(1)</sup> | 7.15%   |
| Post Retirement Benefit Increase         | The lesser of Contract COLA or 2.5% until Purchasing Power applies, 2.5% thereafter |
| Mortality <sup>(2)</sup>                 | Derived using CalPERS' membership data for all funds                                |

(1) Net of pension plan investment and administrative expenses; including inflation

(2) The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS' December 2017 experience study report available on CalPERS' website.

#### NOTE 13 – RETIREMENT PLAN – DEFINED BENEFIT PENSION PLAN (continued)

The underlying mortality assumptions and all other actual assumption used in the June 30, 2019 valuation were based on the results of a December 2017 actuarial experience study for the period 1997 to 2015. Further details of the Experience Study can be found on the CalPERS website.

#### **Discount Rate**

The discount rate used to measure the total pension liability for the Plan was 7.15%. The projection of cash flows used to determine the discount rate for the Plan assumed that contributions from all plan members in the Public Employees Retirement Fund (PERF) will be made at the current member contribution rates and that contributions from employers will be made statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members for all plans in the PERF. Therefore, the long-term expected rate of return on plan investments was applied to all period of projected benefit payments to determine the total pension liability for the Plan.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and longterm market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' assets classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects the long-term expected real rates of return by asset class.

#### NOTE 13 – RETIREMENT PLAN – DEFINED BENEFIT PENSION PLAN (continued)

|                            | Current Target | Real Return                 | Real Return   |
|----------------------------|----------------|-----------------------------|---------------|
| Asset Class <sup>(1)</sup> | Allocation     | Years 1 - 10 <sup>(2)</sup> | Years 11+ (3) |
| Global Equity              | 50.00%         | 4.80%                       | 5.98%         |
| Fixed Income               | 28.00%         | 1.00%                       | 2.62%         |
| Inflation Assets           | -              | 0.77%                       | 1.81%         |
| Private Equity             | 8.00%          | 6.30%                       | 7.23%         |
| Real Assets                | 13.00%         | 3.75%                       | 4.93%         |
| Liquidly                   | 1.00%          | -                           | -0.92%        |
|                            | 100.00%        |                             |               |

(1) In the CalPERS Annual Comprehensive Financial Report, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

- (2) An expected inflation of 2.00% used for this period.
- (3) An expected inflation of 2.92% used for this period.

#### E. Changes in the Net Pension Liability

The changes in the Net Pension Liability for each Plan follows:

Miscellaneous Plan:

|   | Increase (Decrease) |                    |                   |  |
|---|---------------------|--------------------|-------------------|--|
|   | Total Pension       | Plan Fiduciary Net | Net Pension       |  |
|   | Liability           | Position           | Liability/(Asset) |  |
| Balance at June 30, 2019 measurement date | \$ 763,875,314      | \$ 479,111,639     | \$ 284,763,675    |  |
| Changes in the year:                      |                     |                    |                   |  |
| Service cost                              | 15,079,332          | -                  | 15,079,332        |  |
| Interest on the total pension liability   | 54,277,035          | -                  | 54,277,035        |  |
| Differences between expected and actual   |                     |                    |                   |  |
| experience                                | 9,229,485           | -                  | 9,229,485         |  |
| Contributions - employer                  | -                   | 28,827,466         | (28,827,466)      |  |
| Contributions - employees                 | -                   | 6,650,350          | (6,650,350)       |  |
| Net investment income                     | -                   | 24,008,623         | (24,008,623)      |  |
| Benefit payments, including refunds of    |                     |                    |                   |  |

| Combined Total                            | \$ 1,635,190,923    | \$ 1,036,173,674   | \$ 599,017,249    |  |

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City for each Plan, calculated using the discount rate for each Plan, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

|                       | Mi | scellaneous | <br>Safety        |
|-----------------------|----|-------------|-------------------|
| 1% Decrease           |    | 6.15%       | 6.15%             |
| Net Pension Liability | \$ | 403,337,976 | \$<br>404,389,038 |
| Current Discount Rate |    | 7.15%       | 7.15%             |
| Net Pension Liability | \$ | 304,538,518 | \$<br>294,478,731 |
| 1% Increase           |    | 8.15%       | 8.15%             |
| Net Pension Liability | \$ | 222,204,054 | \$<br>203,945,675 |

#### **Pension Plan Fiduciary Net Position**

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

#### NOTE 13 – RETIREMENT PLAN – DEFINED BENEFIT PENSION PLAN (continued)

#### F. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the City recognized pension expense of \$40,523,301 for the Miscellaneous Plan and \$48,152,060 for the Safety Plan, for total pension expense of \$88,675,361.

At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Miscellaneous Plan:

|   | Deferred Outflows<br>of Resources | Deferred Inflows<br>of Resources |
|---|-----------------------------------|----------------------------------|
| Pension contributions subsequent to measurement date  | \$ 31,035,143                     | \$ -                             |
| Changes of assumptions                                | -                                 | (460,704)                        |
| Differences between expected and actual experience    | 12,005,873                        | -                                |
| Net differences between projected and actual earnings |                                   |                                  |
| on pension plan investments                           | 3,233,801                         | -                                |
| Total   | \$ 46,274,817                     | \$ (460,704)                     |
|   |                                   |                                  |

Safety Plan:

|   | Deferred Outflows<br>of Resources |            | Deferred Inflows<br>of Resources |             |
|---|-----------------------------------|------------|----------------------------------|-------------|
| Pension contributions subsequent to measurement date  | \$                                | 29,295,456 | \$                               | -           |
| Changes of assumptions                                |                                   | 3,712,946  |                                  | (952,533)   |
| Differences between expected and actual experience    |                                   | 14,048,183 |                                  | (164,983)   |
| Net differences between projected and actual earnings |                                   |            |                                  |             |
| on pension plan investments                           |                                   | 3,673,599  |                                  | -           |
| Total   | \$                                | 50,730,184 | \$                               | (1,117,516) |
| Combined Total  | \$                                | 97,005,001 | \$                               | (1,578,220) |

#### NOTE 13 – RETIREMENT PLAN – DEFINED BENEFIT PENSION PLAN (continued)

The reported \$31,035,143 for the Miscellaneous Plan and \$29,295,456 for the Safety Plan deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows:

| Measurement Period<br>Ended June 30 | <br>ellaneous Plan<br>al Amortization | afety Plan<br>I Amortization |
|-------------------------------------|---------------------------------------|------------------------------|
| 2021                                | \$<br>4,117,201                       | \$<br>6,012,846              |
| 2022                                | 4,993,465                             | 5,647,686                    |
| 2023                                | 3,692,149                             | 5,775,362                    |
| 2024                                | 1,976,155                             | 2,881,318                    |

#### G. Reduction of CalPERS Discount Rate

In July 2021, CalPERS reported a preliminary 21.3% net return on investments for the 12-month period that ended June 30, 2021. Under the Funding Risk Mitigation Policy, approved by the CalPERS Board of Administration in 2015, the 21.3% net return will trigger a reduction in the discount rate used to calculate employer and Public Employees' Pension Reform Act (PEPRA) member contributions. The Funding Risk Mitigation Policy seeks to reduce CalPERS funding risk over time, in which CalPERS investment performance that significantly outperforms the discount rate will trigger adjustments to the discount rate, expected investment return, and strategic asset allocation targets. This is the first time it has been triggered. The discount rate, or assumed rate of return, will drop to 6.8%, from its current level of 7%.

Based on these preliminary fiscal year returns, the CalPERS has announced the funded status of the overall Public Employees Retirement Fund (PERF) is an estimated 82%. This estimate is based on a 7% discount rate. Under the new 6.8% discount rate, however, CalPERS indicated the funded status of the overall PERF drops to 80%. This is because existing assets are assumed to grow at a slightly slower rate annually into the future. As intended under the Funding Risk Mitigation Policy, the lower discount rate increases the likelihood that CalPERS can reach its target over the longer term. The CalPERS Board of Administration will continue to review the discount rate through its Asset Liability Management process during the rest of the calendar year.

CalPERS' final fiscal year 2021 investment performance will be calculated based on audited figures and will be reflected in contribution levels for contracting cities, counties, and special districts in fiscal year 2024.

#### NOTE 14 – RETIREMENT PLAN - DEFINED CONTRIBUTION PLAN

The City's Public Agency Retirement System Plan (PARS Plan) is a compulsory retirement plan that qualifies under Section 401 of the Internal Revenue Code covering City employees who are not members of CalPERS. Under the provisions of the PARS Plan, the City makes no contributions; however, all administrative costs of the plan are funded by the City. The PARS Plan administrator is Phase II Systems. The total assets of the PARS Plan are held in trust for the employees and are not included in the City's assets or equity.

#### NOTE 15 – DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

The laws governing deferred compensation plan assets require plan assets to be held by a Trust for the exclusive benefit of plan participants and their beneficiaries. Since the assets held under these plans are not the City's property and are not subject to City control, they have been excluded from these financial statements.

#### **NOTE 16 – OTHER POST EMPLOYMENT BENEFITS**

#### A. Plan Description

The City's agent multiple-employer defined benefit Other Post Employment Benefit (OPEB) Plan, which was established by City Council in fiscal year 2007-08 in accordance with GAAP, provides reimbursements to retirees for qualified expenses. Employees who have retired from the City with at least ten years of service and meet certain criterion based upon retirement date, household income in the most recent calendar year and age are entitled to reimbursements for qualified expenses. Annual maximum reimbursement amounts differ depending on when an employee retired from City service. The majority of retirees may be eligible for a maximum of \$4,524 in annual reimbursements. Amendments to benefit provisions are negotiated by the various bargaining units at the City and must be approved by Council. In fiscal year 2007-08, the City established an irrevocable exclusive agent multiple-employer defined benefit trust which is administered by Public Agency Retirement Services (PARS). The City is the Plan administrator, and PARS administers the investment trust for the City's Plan. The trust is used to accumulate and invest assets necessary to reimburse retirees. Separate financial reports are issued by PARS for the OPEB Plan Trust. The report can be obtained by writing to PARS at 4350 Von Karman Avenue, Suite 100, Newport Beach, CA 92660, or by calling 1-800-540-6369.

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB plan and additions to and deduction from the OPEB's fiduciary net position have been determined on the same bases. For this purpose OPEB benefit payments are recognized when currently due and payable in accordance with the benefits terms. Investments are report at fair value.

Generally accepted accounting principles require that the reporting results must pertain to liability and asset information within certain defined timeframes. For the fiscal year 2020-21, the following time frames were used.

#### **NOTE 16 – OTHER POST EMPLOYMENT BENEFITS (continued)**

| Measurement Date                        | June 30, 2021                 |
|---|-------------------------------|
| Measurement Period                      | July 1, 2020 to June 30, 2021 |
| Actuarial valuation date <sup>(1)</sup> | June 30, 2020                 |

(1) Update procedures were used to roll forward the Total OPEB liability from the valuation date to the measurement date.

#### **B.** Plan Membership

As of June 30, 2021, membership in the plan consisted of the following:

| Inactive employees currently receiving benefits 652                       |   | Number of     | f     |
|---|---|---------------|-------|
| Inactive employees currently receiving benefits 652                       |   | Covered Emple | oyees |
|   | Inactive employees currently receiving benefits |               | 652   |
| Inactive employees entitled to but not yet receiving 288 benefit payments |   |               | 288   |
| Active employees 956  | Active employees                                |               | 956   |
| Total 1,896   | Total   |               | 1,896 |

#### C. Contributions

The OPEB Plan trust annual contributions are based upon actuarial determine contributions. The contribution requirements are established and may be amended by the City Council. Plan members do not make contributions to the plan; the plan is funded entirely by employer contributions. For the fiscal year ending June 30, 2021 the City's cash contributions were \$3,361,417 in payments to the trust, \$14,498 in administrative expenses paid outside of the trust, and the estimated implied subsidy was \$1,159,257, for total contributions of \$4,535,172.

#### **NOTE 16 – OTHER POST EMPLOYMENT BENEFITS (continued)**

#### **D.** Net OPEB Liability

The City's net OPEB liability was measured as of June 30, 2021 and the total OPEB liability used to calculate the Net OPEB liability was determined by an actuarial valuation dated June 30, 2020, rolled forward to June 30, 2021 using standard actuarial methods, based on the following actuarial methods and assumptions:

#### **Actuarial Assumptions**

| Significant Actuarial Assumptions Used in Total OPEB Liability |   |  |  |  |
|--|---|--|--|--|
| Actuarial Assumption   | June 30, 2021 Measurement Date  |  |  |  |
| Actuarial valuation date                                       | June 30, 2020   |  |  |  |
| Discount rate  | 4.75% at June 30, 2021  |  |  |  |

| retirees - PEMHCA implied subsidy                              | Currently covered: 80% Waived: 25%                                      |  |  |  |

#### **NOTE 16 – OTHER POST EMPLOYMENT BENEFITS (continued)**

#### E. Discount Rate

The discount rates used to measure the total OPEB liability was 4.75% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rate equal to the actuarially determined contributions rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

|                             | Target     | Long-Term Expected  |
|-----------------------------|------------|---------------------|
| Asset Class                 | Allocation | Real Rate of Return |
| Mutual Funds - Equity       | 29%        | 4.57%               |
| Mutual Funds - Fixed Income | 65%        | 0.72%               |
| REIT'S                      | 1%         | 3.96%               |
| Cash and equivalent         | 5%         | 0.06%               |
| -                           | 100%       |                     |
| Expected Inflation          |            | 2.75%               |
| Discount Rate               |            | 4.75%               |
|                             |            |                     |

#### F. Changes in the OPEB Liability

The changes in the Net OPEB liability and Fiduciary Net Position are as follows:

| Net OPEB<br>(In Thou  | •  | 7        |              |
|---|----|----------|--------------|
|   |    | 2021     | 2020         |
| Total OPEB Liability  | \$ | 65,587   | \$<br>62,412 |
| Fiduciary Net Position  |    | (28,877) | <br>(25,035) |
| Net OPEB Liability  | \$ | 36,710   | \$<br>37,377 |
| Plan Fiduciary Net Position as a percentage of the Total OPEB Liability |    | 44.0%    | <br>40.1%    |

#### **NOTE 16 – OTHER POST EMPLOYMENT BENEFITS (continued)**

The changes in Net OPEB details as follow:

| (   | In Thousa | nds)    |     |              |          |              |

| (1) Includes implied subsidy of \$1,159   |           |         |     |              |          |              |

#### G. Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following table presents the net OPEB liability of the Plan as of June 30, 2021, calculated using the discount rate of 4.75%, as well as what the plan's net OPEB liability would be if it were calculated using a discount rate that is 1% point lower or 1% point higher than the current rate.

|                    |                | Sensitivity of Net OPEB Liability to Changes in Discount Rate |              |        |             |         |
|--------------------|----------------|---|--------------|--------|-------------|---------|
|                    | (In Thousands) |   |              |        |             |         |
|                    | 1% Decrease    |   | Current Rate |        | 1% Increase |         |

| Net OPEB Liability | \$ 28,266   | \$ 36,710              | \$ 47,215              |  |  |  |

#### I. OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the City recognized OPEB expense as follows:

10.0

| nse<br>ds) |       |
|------------|-------|
|            | 2021  |
| \$         | 3,371 |
|            | (626) |
| \$         | 2,745 |
|            |       |

As of fiscal year ended June 30, 2021, the City reported deferred outflows as of resources related to OPEB from the following sources.

1 T (1

D 1

| Deferred Outflows and Inf.                            | ows Bala | nce                      |                         |

#### NOTE 17 – ELECTRIC UTILITY - SILICON VALLEY POWER (SVP)

The City's Electric Utility Department provides electricity to City residents and businesses under the name Silicon Valley Power (SVP).

#### A. Long-term Power Purchase Contracts

The City purchases wholesale electric power from various participants of the Western Systems Power Pool (WSPP), NCPA, MSR Public Power Agency (Note 12), Western Area Power Administration, and other sources to supply the power requirements of the City's electric utility customers under long-term power purchase agreements (PPAs). The City actively manages the financial risks inherent in these PPAs, including the risks arising from the changing spot market prices that move above and below the contract prices and from contract disputes that may arise from time to time. The cost of power under PPAs is included in enterprise fund materials, services and supplies expense and excluded from wholesale resources purchase.

#### **B.** Restructuring of the California Electric Industry

#### Deregulation Legislation and Direct Access

The passage of AB1890 in 1998 triggered fundamental changes in the structure of the electric industry in California. Generally, AB1890 provided for creation of the California Power Exchange (Cal PX), which was to be a clearinghouse for energy transactions among investor-owned utilities, independent generators and power marketers, who in turn would serve so called direct-access customers. AB1890 also created the California Independent System Operator (CAISO), which was to manage the state's bulk transmission grid.

However, in 2000 and 2001, the price of electricity at the Cal PX became extremely high, and investorowned utilities were unable to pay for the energy that they needed from the Cal PX. Eventually the Cal PX filed for bankruptcy and was dismantled. Investor-owned utility PG&E and several energy marketers would also file for bankruptcy and over a decade of litigation ensued.

The CAISO, however, continues to manage the state's bulk electric system and the day-ahead and day-of markets, and it has implemented various price controls and tariffs in an effort to avoid repeating the mistakes

#### NOTE 17 – ELECTRIC UTILITY – SILICON VALLEY POWER (SVP) (continued)

of 2000 and 2001. Along with balancing control area responsibility, the CAISO has also announced that it will take on the role of reliability coordinator for the region.

#### Energy Wholesale Trading and Risk Management

SVP participates in the wholesale gas and power market and the CAISO's centralized market. Since CAISO's Market Redesign and Technology Upgrade (MRTU), CAISO has become the ultimate buyer and seller in the California day ahead market. Therefore, SVP engages in the trading of commodity forward contracts (gas and electric energy contracts) to secure fuel supply and hedge daily power purchase/sales from/to CAISO. Activities during the fiscal year were substantially considered hedging transactions and, as such, have been accounted for using the settlement method of accounting. Accordingly, related gross purchases and sales totaling \$22.3 million and \$12.2 million, respectively, for fiscal year ended June 30, 2021, have been separately reported on the statement of revenues, expenses and changes in net position.

The restructured electric wholesale market exposes SVP to various risks including market, credit and operational risks. Active and effective management of these risks associated with the power trading activity is critical to its continued success and contribution to the entire utility. A Risk Management Committee, separate from the units that create the risk exposures, overseen by a Risk Oversight Committee that reports ultimately to the City Council, administers and monitors compliance with the risk policies and procedures on a regular basis. The City and SVP believe that it has the resource commitment, and effective policies and procedures, and is continuing to improve the control structure and oversight for evaluating and controlling the market and credit risks to which it is exposed.

#### Credit Arrangements

The City of Santa Clara electric utility maintains credit policies, procedures, and systems that help mitigate credit risk and minimize overall credit risk exposure. The policies include transacting only with investment grade counterparties, evaluating potential counterparties' financial condition and assigning credit limits as applicable. These credit limits are established based on risk and return considerations under terms customarily available in the industry. Additionally, SVP is a signatory to the WSPP netting agreement supplement and otherwise, enters into master netting arrangements whenever possible and, where appropriate, obtains collateral prior to trade execution. Master netting agreements incorporate rights of setoff that provide for the net settlement of subject contracts with the same counterparty in the event of default.

#### **NOTE 18 – NET POSITION/FUND EQUITY**

Net Position is measured on the full accrual basis and presented in the Government-wide Financial Statements, while Fund Balance is measured on the modified accrual basis and presented in the Governmental Funds Financial Statements.

#### A. Government-wide Financial Statements - Net Position

Net Position is the excess of all the City's assets and deferred outflow of resources over all its liabilities and deferred inflow of resources, regardless of fund. Net Position is divided into three captions. These captions apply only to Net Position, which is determined only at the government–wide level, and are described below:

#### NOTE 18 – NET POSITION/FUND EQUITY (continued)

*Net investment in capital assets* describes the portion of Net Position which is represented by the current net book value of the City's capital assets, less the outstanding balance of any debt issued to finance these assets.

*Restricted* describes the portion of Net Position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter. These principally include developer fees received for use on capital projects, debt service requirements, and redevelopment funds restricted to low and moderate-income purposes.

Unrestricted describes the portion of Net Position which is not restricted as to use.

#### B. Governmental Fund Financial Statements - Fund Balances

The City categorizes fund balance in accordance with GAAP. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

#### Nonspendable Fund Balance

Amounts that cannot be spent either because they are in a nonspendable form or are required to be maintained intact.

#### **Restricted Fund Balance**

Amounts that are constrained to specific purposes by federal, state, county, local laws, or externally imposed conditions by grantors or creditors.

#### **Committed Fund Balance**

Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Council, the City's highest level of decision-making authority, through resolutions. These committed amounts cannot be used for any other purpose unless the Council removes or changes the specific uses through the same type of formal action taken to establish the commitment. These Council actions must occur prior to June 30th of the applicable fiscal year.

#### **Assigned Fund Balance**

Amounts that are constrained by the City's intent are to be used for specific purposes, but are neither restricted nor committed. The City Council delegated the authority to assign amounts to be used for specific purposes to the City Manager per Ordinance 1784, September 16, 2003.

#### **Unassigned Fund Balance**

These are either residual positive net resources of the General Fund in excess of what can properly be classified in one of the other four categories in the General Fund, or negative balances in all other funds. The Unassigned Fund Balance includes the Budget Stabilization (Emergency) and Capital Projects Reserves, and other undesignated fund balances. The balances in these accounts are \$57 million, \$14 million, and \$16 million, respectively. Additional information is described in the Stabilization Arrangement section of this note.

#### **NOTE 18 – NET POSITION/FUND EQUITY (continued)**

Under the City's encumbrance system of accounting, a portion of fund balance that has been encumbered for a specific future use is classified in the appropriate fund balance component based on the nature of the encumbrance.

## NOTE 18 – NET POSITION/FUND EQUITY (continued)

#### NOTE 18 – NET POSITION/FUND EQUITY (continued)

#### C. Fund Balance Policy

When both restricted and unrestricted funds are available for expenditure, the City's Fund Balance Policy reduces all Governmental Funds Balances in the following order: Restricted, Committed, Assigned, and Unassigned fund balances unless disallowed by City Council or legal requirements.

#### Stabilization Arrangement

Maintaining financial stabilization is a necessity for sound financial management and fiscal accountability. Its purpose is to ensure funds are available to cover occasional budgetary shortfalls (i.e., when general unrestricted revenues decline) or other unexpected urgent events. The City's Budget Stabilization Reserves (Emergency) and Capital Projects Reserves are maintained for these purposes. As of June 30, 2021, the Budget Stabilization and Capital Projects Reserves were \$57 million and \$14 million, respectively, and are a component of the General Fund's Unassigned Fund Balance.

In 1985-86, the City Council established a policy regarding the City's General Contingency Reserve, under which two separate reserves were established.

- The Budget Stabilization Reserve is set aside primarily for weathering economic downturns, emergency financial crisis, or disaster situations. The reserve target is equal to the cost of the City's General Fund operations for three months (90-days or 25% General Fund operating budget).
- The Capital Projects Reserve, earmarks funds for a five-year capital improvement program. The minimum target for this reserve is \$5 million.

One of the strategic objectives on the 2017-18 Council Goals and Strategic Objectives list is to continue to replenish City reserves and maintain strong, fiscally-sound management policies of City revenues with long term goals in mind.

#### Pension Rate Stabilization Program Trust

In fiscal year 2016-17, the City established an irrevocable trust account with PARS to pre-fund retirement plan obligations. The contributions placed in the trust will reduce the City's net pension liability for financial purposes as required by GAAP. As of June 30, 2021, the balances in the pension rate stabilization program trust for the General Fund and Enterprise Funds are listed as follows:

#### NOTE 18 – NET POSITION/FUND EQUITY (continued)

| Fund Name         |   | ension Rate<br>tabilization<br>Balances |
|-------------------|---|---|
| General Fund:     |   | \$<br>23,978,098                        |
| Enterprise Funds: |   |   |
| Electric Utility  |   | 6,808,996                               |
| Water Utility     |   | 1,422,251                               |
| Sewer Utility     |   | 557,999                                 |
| Water Recycling   |   | 70,450                                  |
| Solid Waste       |   | 305,929                                 |
|                   | - | \$<br>33,143,723                        |

#### **D.** Net Position/Fund Balance Deficits

The funds listed below had an accumulated deficit as of June 30, 2021:

| Fund Name                              | A  | ccumulated<br>Deficit |
|--|----|-----------------------|
| Enterprise Funds:                      |    |                       |
| Cemetery                               | \$ | 5,122,682             |
| Solid Waste                            | \$ | 2,348,145             |
| Internal Service Funds:                |    |                       |
| Information Technology Services        | \$ | 1,382,599             |
| Special Liability Insurance Claims     | \$ | 2,730,421             |
| Workers' Compensation Insurance Claims | \$ | 13,706,453            |

The City's long term plans include construction of additional facilities that will help bring the Cemetery Enterprise Fund closer towards recovery. The Solid Waste deficit is mainly due to liabilities incurred for landfill postclosure care and is expected to be funded by charges for services in future years. The, Information Technology Services, Special Liability Insurance Claims, and Workers Compensation Insurance Claims' Internal Service Fund accumulated deficits are expected to be offset by future charges to the General Fund and the proprietary funds.

#### **E.** Prior Period Adjustments

Management adopted the provisions of the following Governmental Accounting Standards Board (GASB) Statement, which became effective during the year ended June 30, 2021.

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84, Accounting and Financial Reporting for Fiduciary Activities (GASB 84). The objective of this statement is to

#### NOTE 18 – NET POSITION/FUND EQUITY (continued)

improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

The implementation of the above Statement required the City to make prior period adjustments. As a result, the OPEB Trust Fund was closed as of July 1, 2020 and net position restated in the amount of \$25,892,029 and the beginning fund balances of the General Fund, Non-Major Governmental Funds, and Custodial Fund were increased by \$206,549, \$8,450,744, and \$2,825,838, respectively.

#### NOTE 19 – RISK MANAGEMENT

The City is exposed to various risks of losses related to torts, errors and omissions, general liability, injuries to employees and unemployment claims. The City currently reports all of its risk management activities in its Internal Service Funds. Claims, expenditures and liabilities are reported when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated using actuarial methods or other estimating techniques.

The City records a liability to reflect an actuarial estimate of ultimate uninsured losses for both general liability claims and workers' compensation claims. The estimated liabilities for general liability and workers' compensation claims are based on case reserves and include amounts for claims incurred but not reported (IBNR). At June 30, 2021, the estimated claims payable of \$28,737,000, consisting of reserves for both reported and IBNR losses, as well as, allocated loss adjustment expenses, have been recorded in the Special Liability and Workers' Compensation Internal Service Funds, respectively. The claims payable are reported at their present value using expected future investment yield assumptions of 2.5%, and the undiscounted claims at June 30, 2021, totaled \$7,394,000 and \$25,127,000 for general liability and workers' compensation claims, respectively.

The estimate of claims due in one year is the City's best estimate based upon available information which is included in accrued liabilities.

Changes in the reported liability since June 30, 2019 resulted from the following:

|  | Special<br>Liability |              | Workers'<br><u>Compensation</u> |             |    | Total        |
|--|----------------------|--------------|---------------------------------|-------------|----|--------------|
| Liability as of June 30, 2019                      | \$                   | 6,735,000    | \$                              | 19,997,000  | \$ | 26,732,000   |
| Claims and changes in estimates during fiscal 2020 |                      | 8,823,751    |                                 | 5,613,921   |    | 14,437,672   |
| Claim payments                                     |                      | (7,861,751)  |                                 | (4,007,921) |    | (11,869,672) |
| Liability as of June 30, 2020                      | \$                   | 7,697,000    | \$                              | 21,603,000  | \$ | 29,300,000   |
| Claims and changes in estimates during fiscal 2021 |                      | 11,449,175   |                                 | 4,529,703   |    | 15,978,878   |
| Claim payments                                     |                      | (12,212,175) |                                 | (4,329,703) |    | (16,541,878) |
| Liability as of June 30, 2021                      | \$                   | 6,934,000    | \$                              | 21,803,000  | \$ | 28,737,000   |
|  |                      |              |                                 |             |    |              |
| Current Claims Payable                             | \$                   | 2,151,000    | \$                              | 3,604,000   | \$ | 5,755,000    |
| Long Term Claims Payable                           |                      | 4,783,000    |                                 | 18,199,000  |    | 22,982,000   |
| Liability as of June 30, 2021                      | \$                   | 6,934,000    | \$                              | 21,803,000  | \$ | 28,737,000   |
|  |                      |              | -                               |             | -  |              |

#### NOTE 19 – RISK MANAGEMENT (continued)

With respect to the Special Liability accrual of \$6.9 million, the City has numerous unsettled lawsuits filed or claims asserted against it as of June 30, 2021. The City has reviewed these claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the City and to arrive at an estimate of the amount or ranges of potential loss to the City. As a result of such review, the City has categorized the various claims and lawsuits as "probable," "reasonably possible," and "remote" loss contingencies, as defined by current accounting standards.

The City has determined that the City's probable loss contingencies, which are accrued for as the estimated liability for claims and lawsuits as of June 30, 2021, are approximately \$6.9 million. The final outcome of claims and lawsuits, which have been categorized as reasonably possible loss contingencies, is not presently determinable and any associated potential loss cannot be estimated. Accordingly, no provision has been made in the accompanying basic financial statements relative to the potential outcome of such claims and lawsuits. However, the ultimate resolution of such claims and lawsuits is not expected to have a material effect on the accompanying basic financial statements.

#### NOTE 20 – COMMITMENTS AND CONTINGENCIES

#### A. Electricity Purchase Contracts

The City has future commitments under electricity purchase contracts as discussed in Note 17A, and is contingently liable under joint venture agreements discussed in Note 12B.

#### **B.** Grant Programs

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

#### C. Encumbrances

The City uses encumbrances to control expenditure commitments for the year and to enhance cash management. Encumbrances represent commitments related to contracts not yet performed and purchase orders not yet filled (executory contracts; and open purchase orders). Commitments for such expenditure of monies are encumbered to reserve a portion of applicable appropriations. Encumbrances still open at year end are not accounted for as expenditures and liabilities but, rather, as restricted or committed governmental fund balance. As of June 30, 2021, total governmental fund encumbrance balances for the City are as follows:

| General Fund                  | \$<br>4,817,658  |
|-------------------------------|------------------|
| Santa Clara Housing Successor | 344,361          |
| Nonmajor Governmental Funds   | <br>33,892,816   |
| Total Governmental Funds      | \$<br>39,054,835 |

#### **NOTE 20 – COMMITMENTS AND CONTINGENCIES (continued)**

#### D. Bay Area Water Supply and Conservation Agency Revenue Bonds Surcharge

The City contracts with the City and County of San Francisco for the purchase of water from the Hetch Hetchy System operated by the San Francisco Public Utilities Commission (SFPUC). The City is also a member of the Bay Area Water Supply and Conservation Agency (BAWSCA) which represents the interests of all the 24 cities and water districts, as well as two private utilities, that purchase wholesale water from the SFPUC.

In 2009 the City entered into a new 25 year agreement with the SFPUC. One of the ways that the new agreement differs from the old is in how facilities constructed by the SFPUC that benefit the regional customers are treated from a rate and financial perspective. Under the old agreement, facilities were built, capitalized, and added to the rate base with a rate of return (interest), and then paid for over their useful lives through wholesale rates. Under the new agreement, the SFPUC issues revenue bonds and the debt service (which also includes an interest component) is paid for through rates over the life of the bonds.

During the transition from the old to the new contracts, one of the issues addressed was how to deal with the \$370 million in assets that were still being paid for by the wholesale customers under the old agreement. The assets were transferred to the new agreement, assigned a life with an agreed upon rate of return of 5.13%. Also negotiated was a provision to allow the wholesale customers to prepay any remaining existing assets' unpaid principal balance without penalty or premium. This prepayment was executed through the issuance of bonds by BAWSCA which provide a better interest rate given the favorable rate environment.

BAWSCA issued Revenue Bonds in the principal amount of \$335,780,000 in January 2013 to prepay the capital cost recovery payment obligation and fund a stabilization fund. The Bonds mature in October 2034 and are secured by surcharges to the monthly water purchase charges imposed upon the participating members. The Bonds are not a debt obligation of any member, and BAWSCA's failure to pay its Bonds would not constitute a default by any participating member.

Should any participating member fail to pay its share, BAWSCA will rely on the stabilization fund and will pursue all legal remedies to collect the shortfall from the delinquent member. In the interim, other participating members may have their portion adjusted to insure the continued payment of the debt service surcharge.

The risk of bearing the debt service expense of a defaulting member is not significantly different than the risk each member assumes currently for fluctuations in water purchase charges. Under the Bond indenture, BAWSCA maintains a stabilization fund. If surcharge revenues collected are less than needed (due to a member's failure to pay timely), BAWSCA uses the stabilization fund to fund the debt service deficiency, and increases the surcharge in the subsequent year to make up for the prior year shortfall and reimburse the stabilization fund account. Also, given that each participating agency's governing body adopted a Resolution to participate in the Bond issue, Management believes that default is generally very unlikely.

The annual debt service surcharges are a fixed amount for each participant and are calculated by taking the subsequent fiscal year's debt service, multiplied by each participant's actual water purchase as a percent of total wholesale customer water purchases from the prior fiscal year. One-twelfth of the annual surcharge is included in the monthly bill from SFPUC. Because each participant's share of the debt service surcharge is proportional to the amount of water purchased during the prior fiscal year, the City's share of the debt service will fluctuate from year to year.

#### **NOTE 20 – COMMITMENTS AND CONTINGENCIES (continued)**

The City paid its surcharge of \$762,384 during fiscal year 2020-21, which is included as a component of purchased water expenses in the Water Enterprise Fund. The surcharge for fiscal year 2021-22 is estimated to be \$836,796.

#### E. Santa Clara Stadium Authority and Litigation

#### Asset Retirement Obligation

Pursuant to the Ground Lease, the Stadium Authority may be required to demolish the Stadium and other improvements at the end of the lease term, upon written notice from the City. Pursuant to the Stadium Lease, the Stadium Authority will establish reserves to fund the cost of demolishing the stadium at the end of the lease term. While such reserves are projected to cover the entire demolition cost, StadCo will be responsible for funding any shortfall.

#### ManagementCo Expenses

On June 13, 2019, the Stadium Authority partially suspended payments to ManagementCo for Operating and Management Expenses and Shared Expenses incurred by ManagementCo due to its continued procurement violations of State laws. The Stadium Authority was concerned with releasing public funds to ManagementCo while it continued to violate State laws. StadCo and ManagementCo have initiated arbitration proceedings to dispute the Stadium Authority's position. Since the Stadium Authority has reasonable justification for the suspension and the case is still under litigation, the Stadium Authority does not recognize the suspended payments as an expense as of March 31, 2021 and 2020.

On July 3, 2019, ManagementCo, acting independently, began issuing certificates of loan to the Stadium Authority under the Management Company Revolving Loan in accordance with Sections 5.2 and 5.3 of the Stadium Management Agreement to pay for the suspended Shared Expenses of approximately \$6,634,000, which covers expenses from June 2019 thru February 2020. The draw incurred \$109,436 in interest expense and increased the Management Company Revolving Loan balance amount to \$6,300,653 in principal and interest for fiscal year 2019-20.

In addition to drawing from the Management Company Revolving Loan, ManagementCo charged the Stadium Authority \$544,000 for March 2020's Shared Expenses, \$750,000 in Lender and Administrative Fees, and \$ 271,398 in Capital Expenditures in fiscal year 2019-20.

On April 1, 2020, the Stadium Authority completed the Trust Excess Cash Flow funding instructions and provided it to the FinanceCo and StadCo to complete fiscal year 2019-20's year-end Trust Excess Cash Flow funding distribution per the Deposit and Disbursement Agreement. The Trust Excess Cash Flow instruction specifically excluded payments to the Revolving Loan of \$6,300,653 because the Stadium Authority did not recognize this as an expense due to the fact that it is currently under litigation. StadCo deviated from the funding instructions and took the Excess Revenues from the distribution to pay off the Management Company Revolving Loan. The Stadium Authority was informed of this deviation in a letter dated April 27, 2020. On May 18, 2020, the Stadium Authority notified StadCo and the Trust that the deviation is in direct contravention of the Stadium Authority's instructions to the Trustee with regards to the use of Excess Revenue. Subsequently, the Stadium Authority recorded a receivable from StadCo for \$6,300,653 as of June 30, 2020.

#### **NOTE 20 – COMMITMENTS AND CONTINGENCIES (continued)**

ManagementCo continued to issue certificates of loan to the Stadium Authority for the suspended Shared Expenses of approximately \$7,249,747, which covers expenses from March 2020 through March 2021, in fiscal year 2020-21. ManagementCo also issued a certificate of loan for \$1,601,538 to pay for a portion of the \$2,741,014 invoice from fiscal year 2019-20's Non-NFL Events' net loss reported by ManagementCo. The remaining balance of \$1,139,476 in the Non-NFL Events' net loss invoice was from the City's Public Safety costs, which ManagementCo had requested that the City recoup the costs directly with the Stadium Authority. The Stadium Authority included the Non-NFL Events' net loss draw of \$1,601,538 in the overall dispute with ManagementCo. On March 31, 2021, the Stadium Authority completed the Trust Excess Cash Flow funding distribution per the Deposit and Disbursement Agreement. The Trust Excess Cash Flow funding distribution per the Deposit and Disbursement Agreement. The amount of \$5,796,711. However, StadCo deviated from the funding instructions and used \$2,167,689 from the distribution to pay off the Management Company Revolving Loan instead. The Stadium Authority was informed of this deviation in a letter dated May 18, 2021. Subsequently, the Stadium Authority recorded a receivable from StadCo for \$2,167,689.

#### Historical SBL Buffet Costs

On April 30, 2020, the Stadium Authority received an invoice in the amount of \$4,388,709 for previously unbilled "complimentary" buffet costs associated with certain SBL holders for the NFL seasons from 2014 thru 2018. On May 13, 2020, the Stadium Authority issued a response letter disputing the newly-billed costs citing that the costs were not presented in a reasonable manner relative to the financial planning and reporting requirements of the Lease Agreement and Stadium Management Agreement and there is no justification for delaying presentment and demand for payment. The invoices presented also lack sufficient supporting documentations in order to confirm the validity of the costs and charges under the Lease Agreement terms. StadCo and ManagementCo have initiated arbitration proceedings to dispute the Stadium Authority's position and dispute is still outstanding as of March 31, 2021.

#### F. Housing Successor Excess Surplus

Health and Safety Code (HSC) Section 34176.1(d) defines an excess surplus as an unencumbered balance held by the housing successor that exceeds the greater of \$1,000,000 or the aggregate amount deposited into the housing successor fund during the housing successor's preceding four fiscal years, whichever is greater. If a housing successor has an excess surplus, the HSC Section requires that the housing successor encumber the excess surplus for eligible purposes described in the HSC Section 34176.1(a)(3) or transfer the funds to another local housing successor within three fiscal years. If the housing successor fails to comply with this provision, the housing successor, within 90 days of the end of the third fiscal year, is required to transfer any excess surplus to the Department of Housing and Community Development for expenditure pursuant to the Multifamily Housing Program or the Joe Serna, Jr. Farmworker Housing Grant Program.

The City's housing successor activities are reported in the Santa Clara Housing Successor Special Revenue Fund and as of July 1, 2018, the fund had an excess surplus balance of \$1,392,193. In March 2019, the City approved a loan agreement in the amount of \$15.7 million that encumbered the excess surplus as of June 30, 2019. In May 2019, the City approved an additional loan agreement in the amount of \$5 million. The excess surplus balances as of July 1, 2019, July 1, 2020, and July 1, 2021 were \$0. \$15.7 million Agrihood project loans have been disbursed in June 2021. The other loan was expected to be disbursed to the developer in the

#### **NOTE 20 – COMMITMENTS AND CONTINGENCIES (continued)**

calendar year 2021. Due to the extended COVID-19 impact, this loan is expected to be disbursed in the calendar year 2022.

#### G. COVID-19 Global Pandemic

On March 11, 2020, The World Health Organization declared the novel stain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses and shelter in place orders for all but those deemed essential services. While the business disruption is currently expected to be temporary, there is a considerable uncertainty around the duration of the closings and whether shelter in place orders will be reinstated. Although many of the City's services are considered essential, City Hall was closed to the public, certain other services transitioned to online-only and because the City's major revenue sources, including businesses that collect sales and transient occupancy taxes, are directly impacted by these events, it is probable that this matter will negatively impact the City. However, the ultimate financial impact and duration cannot be reasonable estimated at this time.

# NOTE 21 – REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES

#### A. Defeased Bonds

#### Bayshore North Project 2011 Tax Allocation Bonds

On May 11, 2011, the former RDA issued \$31.41 million of Bayshore North Project 2011 Tax Allocation Bonds (RDA 2011 Bonds) with an interest rate ranging from 2% to 7.86%, and a final maturity of 2026, to finance various redevelopment activities associated with the former RDA's Bayshore North Project Area. The 2011 Bonds were defeased on June 1, 2017.

The following schedule summarizes the defeased 2011 Tax Allocation Bonds:

| 2011 Series                | Ptincipal Issued            | Date Issued  | Princ | pipal Defeased           | Maturities Defeased                  | Redemption<br>Date |
|----------------------------|-----------------------------|--------------|-------|--------------------------|--------------------------------------|--------------------|
| Current Interest Bonds     | \$ 11,440,000               | May 18, 2011 | \$    | 11,315,000               | June 1, 2026                         | June 1, 2021       |
| Capital Appreciation Bonds | 19,971,295<br>\$ 31,411,295 | May 18, 2011 | \$    | 10,643,264<br>21,958,264 | From June 1, 2022 to<br>June 1, 2026 | June 1, 2021       |

#### **B.** Enforceable Obligations

On November 20, 2020, the City, Successor Agency, Santa Clara Parking District No. 122 and Santa Clara Bridge District entered into a Compensation Agreement for the City to acquire the Convention Center Complex Parcels, which is the land under the Convention Center building and the Convention Center Common Area parcels. The agreement provides that the City pay the taxing entities \$15 million for all the parcels. The City shall also continue to allow existing Hotel Ground Lease and Office Ground Lease access

#### **NOTE 21 – REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES (continued)**

to parking, uses and hotel expansion to the common area of the Convention Center. The term of use will be for the term of the existing Ground Leases. The agreement also described categories of credits the City will receive to effectively reduce the purchase price including: foregoing its distribution of sales proceeds (\$1,459,232); waiving its rights to payments for any previously re-entered agreements on a future Recognized Obligation Payment Schedule as allowable under Dissolution Laws (\$5,682,287); and waving its rights to use a portion of the 2011 bond proceeds for City purposes (\$3,750,086). The resulting final purchase price for the Convention Center parcels is \$4,108,395. The City completed the purchase with the fund transfer to the County on December 21, 2020.

As part of the Compensation Agreement with the Successor Agency, the City waived its rights to the longterm advances owed by the Successor Agency. The long-term advances in the amount of \$2.40 million for the Franklin Mall Cooperation and Reimbursement Reentry Agreement and \$1.96 million for the Agreement Reentering into Promissory Note to Facilitate Implementation of the Affordable Housing Program were written off as of June 30, 2021, respectively. As of June 30, 2021, the City does not have any enforceable obligations with the Successor Agency.

#### NOTE 22 – SUCCESSOR AGENCY LEASE AGREEMENTS

On January 8, 2016 the City executed the Settlement Agreement for Sharma vs Successor Agency to Redevelopment Agency of the City of Santa Clara. This Settlement Agreement calls for the City to return to the Successor Agency certain properties that the former Redevelopment Agency transferred to the City prior to dissolution. The properties transferred are as follows: the Great America Theme Park Property (not including the parking lot, see Note 4B), the Hilton Hotel Property, the North/South Parking Lots, the Gateway Parcel 2 Property, the Hyatt Hotel Property (not including the ballroom, see Note 4B), the Techmart Property, and the Martinson Childcare Center Property. All the properties, other than the Martinson Childcare Center Property will be sold by the Successor Agency. Until the properties are sold the rent revenues will be used to pay the Successor Agency's enforceable obligations. The Settlement Agreement requires the City to forego the long term lease revenues generated by the properties.

#### A. Techmart Office Building Ground Lease

In May 1998, the former RDA entered into a long-term ground lease of the Techmart parcel with CarrAmerica. The lease has a 55 year term with options for two additional ten-year terms. The former RDA received \$1 million annual rent for each of the first ten years of the lease, which lease revenues were paid by the former RDA to the City pursuant to the First Amended Cooperation Agreement. Rent increases are scheduled as follows: 10% in the eleventh year and every five years thereafter during the initial term and 15% in the first and sixth year of each option term. Under the terms of the lease, CarrAmerica assumed responsibility for all taxes and assessments levied against the Techmart parcel and the Lessor's interest in the ground lease is unsubordinated to any other financing. On July 13, 2006, CarrAmerica merged with Nantucket Acquisition, Inc., a wholly owned subsidiary of The Blackstone Group; the terms and conditions of the lease agreement remain in effect.

Lease revenues collected from July 1, 2012 to June 30, 2020 in the amount of \$9,942,167 were passed on to the Successor Agency. For the fiscal year ended June 30, 2021, Lessee paid rent of \$1,331,000.

#### **NOTE 22 – SUCCESSOR AGENCY LEASE AGREEMENTS (continued)**

The following schedule summarizes the future lease payments to be received from the Techmart lease agreement:

| Fiscal Year | Amount        |
|-------------|---------------|
| 2022        | \$ 1,331,000  |
| 2023        | 1,342,092     |
| 2024        | 1,464,100     |
| 2025        | 1,464,100     |
| 2026        | 1,464,100     |
| Thereafter  | 52,189,646    |
| Total       | \$ 59,255,038 |
|             |               |

#### **B.** Hyatt Regency Hotel Ground Lease and Ballroom Lease

In April 1985, the former RDA entered into a long-term ground lease with SCCC Associates (Lessee) for the development of a certain portion of that piece of land – the Bayshore North Redevelopment Project Area, and eventual operation of a high quality hotel and related facilities, amenities and improvements including one of the Ballrooms in the Convention Center. The lease is for an initial term of 50 years. The Lessee has options to renew the lease for four additional periods of ten years each and one additional period of nine years. In 2005, SHC New Santa Clara, LLC, the successor-in-interest to SCCC Associates at that time, sold the interest to Hyatt Equities, LLC. In 2013, Hyatt Equities, LLC. sold its interest to Inland American Lodging Acquisitions, Inc.; the terms and conditions of the lease agreements remain in effect. Under the terms of the lease, the former RDA is entitled to receive a specified amount of minimum rent subject to adjustment at times specified in the lease. Lessee may also have an obligation for additional rent calculated as a predetermined percentage of the hotel gross revenues which exceed the amount specified in the lease.

The Settlement Agreement states that a portion of the ground lease payments from the Hyatt Hotel are derived from the Convention Center Ballroom space rental and are not related to the Hyatt Hotel ground lease. The Settlement Agreement states the City shall retain all revenues generated from the Ballroom Agreement starting July 1, 2015. Lease revenues collected from July 1, 2012 to June 30, 2015 in the amount of \$921,270 were passed on to the Successor Agency. Additional information concerning the Ballroom Lease can be found in Note 4B.

Lease revenues collected from Hyatt from July 1, 2012 to June 30, 2020 in the amount of \$14,293,169 were passed on to the Successor Agency. For the fiscal year ended June 30, 2021, the City applied the \$166,667 percentage rent for January and February 2021 to the minimum due. Lessee paid minimum rent of \$200,000 through May 2021. The remaining minimum lease of \$33,333 is due and expected to be paid in fiscal year 2021-22.

## **NOTE 22 – SUCCESSOR AGENCY LEASE AGREEMENTS (continued)**

The following schedule summarizes the approximate minimum future revenues to be received from this lease:

|                                | G        | round Lease |   |
|--------------------------------|----------|-------------|---|
| <b>E</b> <sup>1</sup> <b>V</b> | U        |             |   |

#### Notes to schedule:

(1) Fiscal year 2014-15 was the first year of implementation.

(2) During fiscal year 2017-18, as a result of GASB No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions, CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB No. 75.

Additionally, CalPERS employees participate in various State of California agent pension plans and during fiscal year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pension.

**Changes in assumptions:** None in 2016, 2019 and 2020. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of the Actuarial Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65% to 7.15%. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5% (net of administrative expense) to 7.65% (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5% discount rate.

#### Notes to schedule:

(1) Fiscal year 2014-15 was the first year of implementation.

(2) During fiscal year 2017-18, as a result of GASB No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions, CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB No. 75.

Additionally, CalPERS employees participate in various State of California agent pension plans and during fiscal year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pension.

**Changes in assumptions:** None in 2016, 2019 and 2020. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of the Actuarial Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65% to 7.15%. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5% (net of administrative expense) to 7.65% (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5% discount rate.

Varies by Entry Age and Service

7.50% for 2015 to 2018, 7.375%, for 2019, 7.25% for 2020, and 7% for 2021, net of pension plan investment expense, including inflation

Retirement age

Salary increases Investment rate of return

Mortality

Inflation

The probabilities of Retirement are based on the CalPERS Experience Study

2.75% for 2015 to 2019, 2.625% for 2020 and 2.50% for 2021

The probabilities of mortality are based on CalPERS Experience Study. Pre-retirement and Post-retirement mortality rates include 20 years of projected mortality improvement using Scale BB published by the Society of Actuaries for 2015 to 2018. For 2019, 2020, and 2021, pre-retirement and post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries.

(1) Fiscal year 2014-15 was the first year of implementation.

## CITY OF SANTA CLARA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2021

## **NOTE 1 – REQUIRED SUPPLEMENTARY INFORMATION**

## A. BUDGETS AND BUDGETARY ACCOUNTING

The results of operations are presented in the budget and actual comparison statement in accordance with the budgetary process (budgetary basis) to provide a meaningful comparison with the budget.

The major differences between the budgetary basis actual and GAAP basis actual are as follows:

- Year-end encumbrances are recognized as the equivalent of expenditures in the budgetary basis financial statements, while encumbered amounts are not recognized as expenditures on the GAAP basis until the liability is incurred.
- Expenditures of prior year encumbrances are recognized on the GAAP basis in the current year, while on the budgetary basis prior year encumbrances were recognized in the prior year.
- Accrued liabilities and compensated absences are recognized on the GAAP basis, while the budgetary basis does not recognize accrued liabilities.
- Revenues considered susceptible to accrual on the GAAP basis are not recognized on the budgetary basis until received.
- Special item resulted from dissolution of the Agency are included in the City's GAAP basis financial statements. However, formal budgets are not prepared for non-cash transactions, and as such are excluded from the budgetary basis financial schedules.
- Increases to certain GAAP basis advances to other funds are treated as expenditures for budgetary basis financial statements.

# Supplementary Information

## CITY OF SANTA CLARA NON-MAJOR GOVERNMENTAL FUNDS

## SPECIAL REVENUE FUNDS

## GAS TAX

The fund accounts for revenues and expenditures received from the State under Street and Highways Codes Sections 2105 (Gas Tax 2105), 2106 (Collier-Unruh) and 2107 (Special Gas Tax) and from the State under the Road Repair and Accountability Act of 2017 under the Streets and Highways Code Section 2030. The allocations must be spent for street maintenance or construction and a limited amount for engineering.

## HUD PROGRAMS

This fund accounts for grant funds received from other governmental agencies for the purpose of developing viable urban communities.

## CITY AFFORDABLE HOUSING

This fund accounts for the City's Below Market Housing Program for low and moderate income residents.

## SANTA CLARA HOUSING AUTHORITY FUND

On February 22, 2011, the Santa Clara Housing Authority (SCHA), a special revenue fund, was established to account for housing loans to assist in providing affordable housing. On March 8, 2011, the City, former RDA, and the SCHA executed an assignment and assumption agreement whereby the SCHA assumed responsibility for housing loans for qualifying individuals and groups. Loans assigned were made under various programs; substantially all are long-term in nature.

## MAINTENANCE

This fund accounts for the maintenance of the Lawrence Station Community Facility District and two Parking Districts located near the City's Convention Center and the downtown area. Funds are received by means of a Special Benefit Assessment levied against the property owners in the respective districts.

#### OPERATING GRANTS FUND

This fund accounts for grant funds received from other governmental agencies for various operating activities.

#### NEW DEVELOPMENT SERVICE FEE

This fund accounts for the revenues and expenditures from the new development-related activities across the City departments.

## CITY OF SANTA CLARA NON-MAJOR GOVERNMENTAL FUNDS (continued)

## DEBT SERVICE FUNDS

## PUBLIC FACILITIES FINANCING CORPORATION (PFFC)

This fund accumulates monies for the repayment of Certificates of Participation, which are financed by lease payments made by the City's General Fund to the PFFC for use of the Police Administration Building and Library sites.

## CAPITAL PROJECTS FUNDS

## PARKS AND RECREATION FACILITIES

This fund was established to account for revenues, contributions and reimbursements received and costs incurred in connection with the acquisition and construction of the City parks.

## STREETS AND HIGHWAYS IMPROVEMENT

This fund is used to account for revenues and expenditures related to road construction and traffic improvements.

## STORM DRAIN IMPROVEMENT

This fund is used to account for revenues and expenditures related to the construction or modification of the City's storm drainage system.

## FIRE DEPARTMENT IMPROVEMENT

This fund is used to account for revenues and expenditures related to the construction or modification of City fire stations.

## LIBRARY DEPARTMENT IMPROVEMENT

This fund is used to account for revenues and expenditures related to the construction or modification of the City's library facilities.

#### PUBLIC FACILITIES

This fund is used to account for revenues and expenditures related to the construction, acquisition or modification of public improvements not accounted for in another Capital Projects Fund.

#### SPECIAL ASSESSMENTS

Special Assessment District funds are used to finance public improvements deemed to benefit the properties against which special assessments are made.

## CITY OF SANTA CLARA NON-MAJOR ENTERPRISE FUNDS

Non-Major Enterprise Funds are used to finance and account for operations and activities performed by designated departments in the City or through third party agreements.

## SOLID WASTE FUND

This fund accounts for the administration of the City's garbage and rubbish collection service.

## CEMETERY FUND

This fund accounts for the activities of the Mission City Memorial Park.

## SANTA CLARA GOLF AND TENNIS CLUB FUND (SCG&TC)

The SCG&TC was established in 1984 to account for the operations of the City's Public Golf Course or through third party agreements.

## SANTA CLARA CONVENTION CENTER FUND

The Santa Clara Convention Center Fund was established in 1984 to account for the operations of the City's Convention Center or through third party agreements.

## SPORTS AND OPEN SPACE AUTHORITY FUND (SOSA)

SOSA was created by the City Council in 1974 for the acquisition and development of open space within the City and the development of local sports activities.

## CITY OF SANTA CLARA INTERNAL SERVICE FUNDS

Internal Service Funds are used to finance and account for special activities and services performed by a designated department for other departments in the City on a cost reimbursement basis.

The concept of major funds does not extend to internal service funds because they do not do business with outside parties. For the Statement of Activities, the net revenues or expenses of each internal service fund are eliminated by netting them against the operations of the other City departments which generated them. The remaining balance sheet items are consolidated with these same funds in the Statement of Net Position.

However, internal service funds are still presented separately in the Fund financial statements, including the funds below.

#### AUTOMOTIVE SERVICES

This fund accounts for the maintenance and replacement of vehicles and equipment used by all City departments. The source of revenue for this fund is rental fees charged to the various departments.

#### TECHNICAL EQUIPMENT SERVICES

This fund accounts for the maintenance and replacement of communication and computer equipment used by City departments. The source of revenue for this fund is rental fees charged to the various departments.

#### PUBLIC WORKS CAPITAL PROJECTS MANAGEMENT

This fund accounts for the Public Works staff time and non-personnel costs utilized to manage and work on specific capital improvement programs of the City. The source of revenue for this fund is fees charged to the departments requiring Public Works capital project services.

#### INFORMATION TECHNOLOGY SERVICES

This fund accounts for citywide cost associated with computer and telephone equipment replacement as well as other services including new or upgraded software, additional licenses for new users, and general information technology services provided to all City departments. The source of revenue for this fund is fees charged to the departments that require information technology services.

#### SPECIAL LIABILITY INSURANCE CLAIMS

This fund was established to account for the cost of claims and administrative costs for the City's selfinsured general liability program.

#### WORKERS' COMPENSATION INSURANCE CLAIMS

This fund is used to account for the cost of claims for service connected with injuries and illnesses sustained by members of the City's work force.

## CITY OF SANTA CLARA COMBINING FIDUCIARY FUNDS

#### PRIVATE PURPOSE TRUST FUNDS

Private Purpose Trust Funds are used to report trust arrangements, other than pension and investment trusts, under which principal and income benefit individuals, private organizations, or other governments. The Private Purpose Trust Funds are described below:

#### CHARITABLE TRUST

This fund accounts for the various gifts, donations and bequests received by the City.

#### SUCCESSOR AGENCY

California State laws ABx1 26 and AB 1484 provided for the dissolution of California Redevelopment Agencies effective January 31, 2012 and the transfer of all non-housing Agency assets to the Successor Agency Redevelopment Obligation Retirement Fund.

#### CUSTODIAL FUNDS

Custodial Funds are presented separately from the Government-wide and Fund financial statements.

Custodial Funds account for assets held by the City as an agent for individuals, governmental entities, and non-public organizations. These funds include the following:

## EMPLOYEE SUPPLEMENTAL FUND

This fund is used to account for monies collected and disbursed for the employees paid leave program that is administered by respective bargaining units.

# SPECIAL ASSESSMENTS

This fund accounts for monies collected and disbursed from special assessment districts where the City is not obligated for the outstanding debt payments.

## CUSTODIAL DEPOSITS

This fund accounts for various miscellaneous deposits for other entities.

(1) With the State dissolving all RDAs on 02/01/2012, the structure of Tax Increment Revenue has changed. Starting in fiscal year 2012-13, the County's property tax distribution to the Successor Agency was changed to the Redevelopment Property Tax Trust Fund (RPTTF). The RPTTF reported in this table is the amount calculated by the County Auditor-Controller. Under the provisions of the laws dissolving the Redevelopment Agency, the Successor Agency only receives the funds necessary to fulfill its approved obligations.

(2) On June 28, 2012, AB 1484 became law which made a number of significant changes to ABXI 26. In particular, the new Health and Safety Code Section 34183.5 required the Santa Clara County Auditor-Controller to conduct a "true-up" of the June 1, 2012 distribution from the RPTTF for each former RDA. In accordance with the new law, the Successor Agency was required to make a "true-up" payment of \$378,540.37 by July 12, 2012.
