Subject: Comments on 3066 Harding Ave Development Review Hearing

Dear Planning Department of Santa Clara,

I apologize if you have received the email from me already. I have sent my comments to this email address in two separated emails but didn't get any response.

I am writing this email to comment on the proposal of the property at 3066 Harding Ave for which the Development Review Hearing is going to be held on Wednesday, Jan 12, 2022.

As the close neighbor of the applicant, we have great concern for our privacy if the plan gets approved. The request includes a large balcony on the second story which literally allows anyone to see not only the adjacent neighbors' yard, but also the apart neighbors' houses and yard from that. To be the only house with a second story on Harding Ave, this plan infringes our privacy rights. We oppose this plan and request the applicant to remove the balcony and add other necessary changes to address the privacy concerns.

Thanks.
Hongjiang
