**Subject:** Design Review of a new 120 apartment mixed-use affordable housing development at 3550 El Camino Real

Hello Santa Clara City,

Address: Design Review of a new 120 apartment mixed-use affordable housing development at 3550 El Camino Real  
Meeting body: [Development Review Hearing](#)  
Date: 1/12/2022 3.00pm

A few concerns regarding this "affordable housing development"

- we find a lot of transients that come into the adjacent single family homes that border this development

- how will the security concerns of the homeowners be addressed if there are going to be many more people in the new housing complex?

- with so many houses in this new development, the number of cars entering and exiting Flora Vista

will cause severe congestion

- especially during the morning/evening commute hours and school drop/pickup times
- Can the entrance from Flora Vista be made a Left Turn only, just the entrance from ElCamino is Left Turn only?
- parking on Flora Vista is already an issue with cars from Catalina Apartment already being parked on Flora Vista
- what is being done to address this?

thanks,  
-Arvind
