Good Morning Dr. Kaskowitz,

Your email has been received by the Planning Division and the appropriate Planning Division staff has been included for their review of your comments. I've also included Mayor and Council on this email since you addressed your email to them.

Thank you for taking the time to notify us of your concerns.

Regards,
Elizabeth Elliott
Planning Division

Subject: I support homekey housing in SCC

Dear Esteemed Council Members,
I am a doctor in Santa Clara County and see the devastating effects of housing insecurity in our community.

- This project brings an urgently needed 120 units of Affordable and Permanent Supportive Housing to the City of Santa Clara.
- Clara Gardens development will be a positive improvement to the current Bella Vista Hotel site.
- This development meets the objective standards of the city.
- It is very exciting that there will be a Homekey development in Santa Clara.
- I applaud the City of Santa Clara for embracing this development and for getting much needed affordable housing as quickly as possible in Santa Clara.
- And I encourage the City of Santa Clara to continue to support this development.

Kind regards,
Alexa Kaskowitz, MD, MPH
