Hi Debby,

Thank you for helping my neighbor Ravi and Pallavi Chennoju, through the planning process for the remodel of their house at 3066 Harding Avenue (PLN21-15378).

Ravi and Pallavi showed me the plans and explained to me the changes between the current structure and the new proposed structure. I have understood the changes and have no objections to the new proposed structure.

I am sending this email to you to extend my support.

Regards,

Rohan and Manisha Pai
