We support adding the El Camino Specific Plan to the Capital Improvement Program Budget to conduct additional planning work to revise the draft Specific Plan per City Council direction. The Specific Plan is the result of over 4 years of planning, outreach, community involvement, environmental review and vetting for the 250 acre ECR corridor. The Plan will ensure that future development meets the objective standards defined by our community.

As to item 13. Doyle petition. Doyle brings his current petition over alleged “discrepancies” in Council member Park’s FPPC filings. This Council is not the proper body, nor has jurisdiction to act on such complaints. Rather, those issues are for the FPPC state body to address, as a threshold matter. His petition must be summarily denied by this Council on that basis.
