

MONTHLY FINANCIAL STATUS REPORT

January 2018

Financial Status Report as of January 31, 2018

This report summarizes the City's financial performance for the seven months ended January 31, 2018. Financial analysis for the report is provided for the General Fund, select Special Revenue Funds, Enterprise Operating Funds, and Capital Improvement Funds. Financial information included in this report is unaudited.

General Fund

The General Fund is the major operating fund for the City and includes multiple programs, services, and activities for the citizens of the City.

For the fiscal year 2017-18, the City is projected to maintain a positive operating position. At the end of January, revenues slightly exceeded expenditures as a result of the timing of property tax and sales tax receipts, which are the City's largest two revenues sources. Revenues and expenditures are within budgetary expectations for this time of the year.

As of January 31, 2018, General Fund revenues were at 59.8% of projections which was consistent with this time of year due to the cyclical receipts of most revenues. Expenditures were at 55.7% which is in line with the budget.

The adopted budget for operating revenues and expenditures for fiscal year 2017-18 is \$227.8 million and \$223.1 respectively. The amended budget has been revised to \$232.9 million and \$228.6 million due to carryover appropriations from fiscal year 2016-17 and various budget amendments in the current fiscal year.

General Fund Revenues

Sales Tax: The seven months of local one percent of sales tax reached \$31.5 million, which was 53.4% of annual estimated sales tax revenue. In addition, the sales tax was 22.3% lower than the comparable month of 2017. The large decrease was mainly due to the one-time true-up payment of \$7 million in fiscal year 2016-17 related to the unwinding of the state's Triple Flip.

Property Tax: The majority of property tax revenue is collected in December and April each year. Compared to the prior year, property tax increased 8.1% as a result of the continued rise in home values and new construction.

Transient Occupancy Tax (TOT): TOT is calculated as a percentage of City hotel/motel room charges. The City's current TOT rate is 9.5%. In comparison to the same period in the prior year, the TOT collection increased 4.7%. Collection has been positively impacted by Levi's Stadium events which have helped fill hotel rooms on weekends that were traditionally more difficult to book.

Financial Status Report as of January 31, 2018

Other Taxes: Includes franchise tax and documentary transfer tax. Documentary transfer tax increased significantly due to more transfers of ownership in real properties and legal entities. Franchise tax stayed consistent with prior year.

Licenses & Permits: Includes business licenses, building permits, and other building and planning permits and fees. Building permits and other permit receipts decreased significantly from the previous year due to fewer development activities compared to the prior fiscal year.

Fines & Penalties: Includes vehicle, parking, court fines, and miscellaneous penalty fines. These revenues are trending ahead of the budget

Intergovernmental: Includes motor vehicle fees, state homeowner tax relief, state mandated reimbursement, and redistribution of land sale proceeds and ground leases from the Successor Agency. The majority of the \$2.5 million decrease from the prior fiscal year was due to the redistribution of \$6.2 million from the sale of Successor Agency property in December 2016.

Charges for Services: Includes various plan check and zoning related fees, engineering fees, administrative fees, and community service revenue from various recreational activities. This revenue is slightly under budget for the current year due to less development activities.

Contribution in Lieu: In accordance with the City's charter, Silicon Valley Power pays 5% of gross revenues as contribution-in-lieu of taxes. These revenues provide funding for general government services such as public safety, public works, parks and recreation, library, and administration. The 10.2% increase from the comparable previous year is a result of the increase in Electric Utility revenues.

Use of Money & Property: Includes realized investment income and rental income. The interest income is at 98.7% of the annual budget and 52.4% higher than the prior year due to higher interest rates in fiscal year 2017-18. The rent revenue varies from time to time based on activities.

Miscellaneous Revenues: Includes developer fees, donations, damage recovery, sale of scrap, and one time miscellaneous revenues. These revenues vary from year to year. Revenue was higher in the previous fiscal year due to the \$1.5 million right of way sale to Santa Clara University.

Financial Status Report as of January 31, 2018

General Fund Revenues

As of January 31, 2018, \$139.2 million or 59.8% of the General Fund estimated revenue had been received. Revenues in the General Fund are performing at the expected budgeted levels.

Governmental Capital Improvement Funds

The re-appropriation of prior year budget amounts "carryforwards" is necessary when services or projects are started but not completed at the end of the fiscal year. This is especially true for Capital Improvement Program (CIP) that typically span several years.

The table below lists the total amended budget amount which consists of current year appropriations and prior year carryforwards in Governmental Capital Improvement Funds.

Financial Status Report as of January 31, 2018

Fund Reserves

By policy, City Council established the City's General Contingency Reserve, under which Budget Stabilization Reserve and Capital Projects Reserve were established.

- Budget Stabilization Reserve is set aside for weathering economic downturns, emergency financial crisis, or disaster situations. The reserve target is equal to the expenditures of the City's General Fund operations for three months (90-day or 25.0% General Fund Adopted Operating Budget).
- Capital Projects Reserve earmarks funds for the Capital Improvement Program.

Other General Reserves and Enterprise Fund Reserves included in this report are highlighted as follows:

- Building Inspection Reserve is to account for surplus funds from user fees in the Community
 Development Department's Building Inspection Division, and is restricted to fund Building
 Division Costs.
- Land Sale Reserve is from net proceeds from the sale of City owned land, and is available to be appropriated for General Fund expenditures.
- The reserves in Electric Utility Fund assure that rates were set properly and sufficient operating cash is available to ensure debt service coverage.
- The Water Conservation Reserve is to enhance water conservation activities in response to the drought.
- The Replacement and Improvement Reserve in Water and Sewer Utility is for future capital improvement.

The table below summarizes the reserve balances.

	GE	NERAL FUND	ELECTRIC	 WATER	SEWER
Budget Stabilization Reserve	\$	55,541,210			
Capital Projects Reserve		31,934,560			
Building Inspection Reserve		9,729,766			
Land Sale Reserve		39,299,901			
Rate Stabilization Fund Reserve			\$ 25,000,000		
Cost Reduction Fund Reserve			95,708,577		
DVR Power Plant Contracts Reserve			5,078,163		
Replacement & Improvement				\$ 303,090	\$ 1,507,553
Water Conservation				33,125	
TOTALS	\$	136,505,437	\$ 125,786,740	\$ 336,215	\$ 1,507,553
