SUBJECT: APPROVAL OF CHIEF OF POLICE SALARY AND BENEFITS

EXECUTIVE SUMMARY: At the February 15, 1994 City Council meeting the Council took action to establish the Chief of Police salary and benefits package as follows:

That the salary and benefit (total compensation) package for the Chief of Police be set at five percent (5%) above the total compensation of the Assistant Police Chief, excluding any special extra compensation which is being paid as a result of assignment to perform certain duties of the Chief of Police between February 13, 1994 and the date the new Chief takes office, at the time the new Chief of Police takes office.

It is further recommended that the Chief of Police not be assigned as a represented employee in any employee bargaining unit, but that annual cost-of-living and other benefit increases be the same as those negotiated by Bargaining Unit #9A (Unclassified Police Management).

Therefore, the salary for Chief of Police Charles Arolla should be set at \$9,494 per month (5% above his prior salary of \$9,042 per month), effective July 5, 1994.
