Measure A Information:

MEASURE A BALLOT QUESTION

BY-DISTRICT COUNCIL ELECTIONS & VOTING METHOD
Shall the City Charter be amended: to establish two districts starting in 2018 to be represented by three council members each; and when available, use ranked choice voting to allow voters to select candidates in order of choice to determine the winners of elections of all city elected officers?

YES

NO

Q: What is Measure A?

A: Measure A is the ballot measure setting forth a proposed charter amendment that updates the way that future local officeholders would be elected.

Q: How was Measure A developed?

A: Measure A was developed after more than a year of grassroots input and community engagement, including two separate committees composed of volunteer City residents who received input from hundreds of residents through 16 public hearings and the City's online platforms. The City Council unanimously voted to place Measure A on the June Ballot.

Q: What does Measure A do?

- A:** If enacted, Measure A would update the way Santa Clara voters elect local officeholders as follows:
- Establishes two voting districts, with registered voters electing three Council Members per district.
 - Candidates seeking election to the Santa Clara City Council will be required to live within the district. Only voters residing in the district can vote on City Council Candidates from their given district.
 - You may find the draft versions of the maps, including the district where you live, by visiting the City website at: santaclaraca.gov/MeasureA
 - The Mayor, City Clerk and Police Chief would remain elected Citywide.
 - Establishes a voting process known as "ranked choice voting" for all city candidates for office.
 - The single transferable method of ranked choice voting would be implemented by ordinance.
 - The election by the most votes cast would continue to be used to determine the winner until the Registrar of Voters can implement the new voting method.

Q: What is "Ranked Choice Voting?"

A: If approved by voters, Measure A would implement a form of Ranked Choice Voting, sometimes known as "Instant Runoff Voting." This will allow voters the opportunity to rank candidates in order of preference. Both the numbers of votes and rankings determine the winner. If Measure A is enacted, the City will continue to engage in educational outreach on Ranked Choice Voting. For more information, please visit [santaclaraca.gov/Measure A](http://santaclaraca.gov/MeasureA).

Q: How does Measure A affect voting for Mayor, Police Chief and City Clerk?

A: The Mayor, Chief of Police, and City Clerk will continue to be elected at large, but would also be elected using ranked choice voting.
