**RECEIVED**

**APR 05 2018**

City Clerk's Office  
City of Santa Clara

## Written Petition

I, Vivek Khandelwal, hereby request that the following item be placed on the City of Santa Clara Council and Authorities Concurrent Meeting Agenda:

Opposition to the proposed traffic lights at the intersection of Pruneridge and Cronin. I am the homeowner of 3191 Pruneridge Ave. Santa Clara. I am directly impacted by this project. The first notice, or any information about city's plans to do this project was received on March 27th 2018, as a letter from Mr. Pratyush Bhatia. I have since then met Mr. Bhatia to express my concerns and provide suggestions in-person. In brief : - I support addressing traffic issues at Pruneridge-Cronin intersection but do not support the proposed traffic lights - The traffic light is a point solution that does not address the bigger traffic flow issues on Pruneridge Ave - Some of the problems observed will remain un-addressed even after completing the proposed project - Alternative's proposed in my attached presentation should be evaluated - City did not consult impacted residents - No flyers have been received, no boards have been put at the project site prior to this decision I have attached the reasons for my opposition in the attached PDF slides I hope the city allows me to have my voice heard and suggestions/opinions evaluated.

By submitting this form, I am confirming that I am the requestor herein listed and that the information provided is truthful and correct to the best of my knowledge. I understand that it is important that I attend the meeting in the event there are any questions the Mayor and/or Council wishes to ask me. I also understand that the City may not place my item on the Agenda if it is not verifiable and within the subject matter jurisdiction of the City.

# Pruneridge – Cronin Traffic Lights

Vivek Khandelwal

Homeowner: [REDACTED] Pruneridge Ave. Santa Clara

I support  
addressing the traffic issues

I don't support  
the current proposal

## Traffic Issues at Pruneridge-Cronin Intersection

## Proposed Traffic Light – Incomplete Solution

What we need:

- ✓ Safe left turns – every way
- ✓ Safe pedestrian crossing
- ✓ Easy flowing traffic

## City Did Not Reach Out to Residents

- City official claims “committee meeting discussed the matter”
  - No flyers were received
  - No notice was put at the project site ever
- No residents directly impacted invited or informed
- No feedback taken from residents
- No study of traffic done that was visible to residents

Suggestion:

## Two Lanes + Turning Lane + Stop Signs

- Turning lanes for left turns from Pruneridge a must
- Three-way stop signs at intersection will suffice
- Blinking on-road lights when pedestrians crossing
- Uniform two lanes all thru' for better traffic flow
