PROS & CONS OF RHNA SUBREGION FORMATION

		necessarily confined by a city boundary.
Creates a forum to discuss sharing of planning resources		'Share resources - - may share in cost to pay consultants for housing element preparation or program ideas (for those who want to share).
	Time, effort & resources which may end in same result.	What if subregion fails to produce a different allocation?
	Lack of trust for fair and equitable process.	Some cities may shirk their responsibility to step up and accept housing.
Increases local control		Ability to control own numbers and improve county-wide performance.
	Loss of political distance from MTC and ABAG	Pressure on community to produce additional housing.
	Lack of clarity of the benefits to accept someone's numbers/housing	City worried about allocation dumping
Still need to plan for housing for all income levels		Can't go to zero. Every jurisdiction still has an allocation in every income level.
	No role model	No other subregion has such large population variances.
Increased use of ADUs		ADUs more feasible with cities with large residential lots.
