

## FY 2018/19 Budget Amendments

### General Fund (001)

Department	Source of Funds	Use of Funds	Explanation
Police		(1,300,000)	Annually, as part of the budget process, budgetary savings are assumed in each department's budget to reflect the assumption that vacancies will occur during the year. This action reallocates vacancy savings allocations from the Fire Department to the Police Department. Because the bulk of Fire Department vacancies require minimum staffing overtime to backfill, the department will not be able to meet vacancy savings targets originally included in the FY 2018/19 Adopted Budget. Police Department vacancies are expected to be able to generate sufficient salaries and benefits savings to cover the recommended reallocation.
Fire		1,300,000	Reallocates vacancy savings from the Fire Department to the Police Department. Because the bulk of Fire Department vacancies require minimum staffing overtime to backfill, the department will not be able to meet vacancy savings targets originally included in the FY 2018/19 Adopted Budget.
Finance		384,515	Reallocates funding from Non-Departmental City-Wide for the funding of 1.0 Management Analyst and 1.0 Contracts Manager approved as part of the FY 2018/19 Adopted Budget.
City Manager's Office		357,432	Reallocates funding from Non-Departmental City-Wide for the funding of 1.0 Risk Manager and 1.0 Public Records Manager approved as part of the FY 2018/19 Adopted Budget.
Non-Departmental City-Wide		(741,947)	Reallocates funding from Non-Departmental City-Wide to the Finance Department and City Manager's Office approved as part of the FY 2018/19 Adopted Budget.
Transfer Out - Capital Improvement Program		150,000	Increases the transfer out to the Capital Improvement Program's Computer Replacement Program project to accelerate funding that was originally approved for FY 2019/20.
Capital Project Reserve		(150,000)	Offsets the accelerated transfer to the Capital Improvement Program's Computer Replacement Program project described above.
<b>Total General Fund</b>		-	

### Electric Utility Fund (091)

Department	Source of Funds	Use of Funds	Explanation
Electric Utility		(967,074)	In some department budgets, staff costs are budgeted in the respective operating budget allocations and funds. As staff work on specific capital projects, the actual time spent working on projects are charged directly to the project budget. As a result, an increase in project funding is required to fund staff time charged to the respective projects. A corresponding decrease the Electric Utility Department's salary allocation is recommended to reflect the reallocation of charged capital staff time. Future amendments to this budgeting practice is underway and will be reflected in the upcoming budget development cycles to correctly budget for these expenditures.
Transfer to the Electric Utility Capital Fund		967,074	Increases the Electric Utility Department's transfers out allocation to fund labor costs not included in various capital improvement program projects.

## Water Utility Fund (092)

Department	Source of Funds	Use of Funds	Explanation
Water Utility		(270,689)	In some department budgets, staff costs are budgeted in the respective operating budget allocations and funds. As staff work on specific capital projects, the actual time spent working on projects are charged directly to the project budget. As a result, an increase in project funding is required to fund staff time charged to the respective projects. A corresponding decrease the Water Utility Department's salary allocation is recommended to reflect the reallocation of charged capital staff time. Future amendments to this budgeting practice is underway and will be reflected in the upcoming budget development cycles to correctly budget for these expenditures.
Transfer to the Water Utility Capital Fund		270,689	Increases the Water Utility Department's transfers out allocation to fund labor costs not included in various capital improvement program projects.

## Traffic Mitigation Fund (123)

Department	Source of Funds	Use of Funds	Explanation
Charges for Services - Traffic Mitigation Fee Revenue	(200,000)		Decrease the fund's estimated revenue to correct an inadvertent budgeting error.
Transfer Out to Parks and Recreation CIP Fund		(200,000)	Decrease the fund's transfer to the CIP funds to correct and inadvertent error in the budgeting of revenue associated with the Park Impact Fees Monitoring Project (3181).
<b>Total Traffic Mitigation Fund</b>	<b>(200,000)</b>	<b>(200,000)</b>	

## Electric Utility Debt Service Fund (491)

Project	Source of Funds	Use of Funds	Explanation
Bond Proceeds	55,202,481		Recognizes Bond Proceeds from the Series 2018A Bond Refunding approved by the City Council on November 13, 2018. This action reduced interest rate risk through the refunding of refunding variable rate bonds with fixed rate revenue bonds.
2008 B Bond Refund		58,906,963	Appropriates funding for the refunding of Series 2008B Revenue Bonds including principal, interest, and refunding costs.
Ending Fund Balance		(3,704,482)	Allocates funding from Ending Fund Balance to offset the transaction above.
<b>Total Electric Utility Debt Service Fund</b>	<b>55,202,481</b>	<b>55,202,481</b>	

## Parks & Recreation CIP Fund (532)

Project	Source of Funds	Use of Funds	Explanation
Transfers In from the Traffic Mitigation Fund	(200,000)		Decreases the Transfer In from the Traffic Mitigation Fund for the Park Impact Fees Monitoring Project (Project 3181) to correct and inadvertent error in the budget. Existing Park Mitigation Fee Act proceeds are available in the Ending Fund Balance to offset this action.
Ending Fund Balance		(200,000)	Decreases the Ending Fund Balance to offset the action recommended above.
<b>Total Parks &amp; Recreation CIP Fund</b>	<b>(200,000)</b>	<b>(200,000)</b>	

## FY 2018/19 Budget Amendments

### General Government Capital Fund (539)

Project	Source of Funds	Use of Funds	Explanation
Transfer from the General Fund - Capital Project Reserve	150,000		Recognizes an increased transfer from the General Fund in order to accelerate the Computer Replacement Program project. This funding was originally approved for FY 2019/20; however, due to the Information Technology's upgrade plan to roll out new Windows 10 and Office 365 computers for all city staff. Some of the existing computers will require replacement due to the computing needs of the new software.
Computer Replacement Program		150,000	Appropriates funding to accelerate the Computer Replacement Program project. Funding of \$150,000 was originally planned and approved for FY 2019/20. Due to the Information Technology Department's upgrade plan to roll out new computers for staff citywide by the end of FY 2018/19, the funding programmed in FY 2019/20 is required sooner.
