Conclusion

- Is structurally balanced between revenues and expenditures, but does not integrate new information received on March 14, 2019
- Maintains required reserves for operating, discretionary, and capital funds
- Maintains debt service commitments and identifies anticipated excess revenue that can be used toward debt.
- Invests in strategic capital expenditures
- Provides for greater transparency of expenditures
- Additional budget adjustments may be required after thorough review of ManCo's March 14 budget submittal
- These last minute developments, with new information, raise serious questions about how ManCo is managing the City's asset and cause for concern of Standard of Care
