

Santa Clara Stadium Authority

PROPOSED FISCAL YEAR 2019/20 OPERATING, DEBT SERVICE AND CAPITAL BUDGET

On June 8, 2010 the residents of Santa Clara voted to adopt Measure J, the Santa Clara Stadium Taxpayer Protection and Economic Progress Act, resulting in the approval to construct a new stadium to be leased by the San Francisco 49ers. Measure J called for the creation of the Santa Clara Stadium Authority (Stadium Authority) to own, develop, construct, operate, and maintain the Stadium. The Stadium Authority exists as a public body, separate and distinct from the City. The Stadium Authority is structured so that the City is not liable for the debts or obligations of the Stadium Authority.

This budget and additional financial information on the Stadium Authority can be found at: "santaclaraca.gov/government/stadium-authority".

Honorable Board Chair and Directors
SANTA CLARA STADIUM AUTHORITY

Subject: Proposed Fiscal Year 2019/20 Operating, Debt Service, and Capital Budget

Members of the Board,

As required in the Santa Clara Stadium Authority ("Stadium Authority") Management Agreement, Section 4.6, I transmit the Proposed Fiscal Year 2019/20 Operating, Debt Service, and Capital Budget for the Stadium Authority. This budget provides the necessary funding to administer the duties of the Stadium Authority, including:

- Support for operating the Stadium for Non-NFL events through the Forty-Niners Stadium Management Company ("ManagementCo");
- Advancement of the FY 2019/20 Work Plan;
- Payment of debt service obligations; and,
- Maintenance of a five-year capital plan.

The Stadium Authority, a public entity, owns Levi's® Stadium and contracts with ManagementCo for promotion of Non-NFL events and facility operations and maintenance. This operational structure is implemented by using a variety of ManagementCo staff, vendors, and public service employees through reimbursement procedures. The Stadium Authority Board ("Board") provides overall governance and oversight of this operational structure, with use of Stadium Authority staff to support the Board's efforts. Amongst other due diligence requirements to support these duties, the Board is also responsible for: setting policy; debt and fiscal management; ensuring implementation required to uphold core duties related to operations and capital projects; and oversight or due diligence efforts as necessary. While meeting the Stadium Authority's requirements, this budget continues to advance strategic initiatives necessary to ensure that the Board is responsive to various stakeholders and constituencies participating in advancing Levi's® Stadium's purpose (e.g., residents, businesses, national and regional clients, and various other interested parties).

PROPOSED BUDGET IN BRIEF

In January 2019, ManagementCo provided the Stadium Authority with an estimated Net Non-NFL Event Revenue amount of \$750,000 for events held in the current fiscal year 2018/19. Upon receipt of this information, staff requested that ManagementCo provide supporting documentation, given

that the fiscal trend information and documentation provided to date did not support this revised net revenue, and ManagementCo was unable to provide staff with the supporting documentation to determine how such a low value was calculated when compared to prior years. As such, once the event information is received and validated, a budget adjustment may be required if gross Non-NFL expenses are determined to be higher than budget. This due diligence will need to be completed in FY 2019/20 and does not assume a budget adjustment in this proposed budget. Accordingly, the Stadium Authority has elected to maintain projected revenue of \$4.0 million for Net Non-NFL Event Revenue in FY 2018/19 based on staff's analysis of the event make-up compared to prior years and draft profit and loss ("P&L") statements that were prepared by ManagementCo that support this projection.

In addition, ManagementCo requested \$929,000 for "Other expenses". This was an increase of \$824,000 when compared to the prior year. ManagementCo stated that this increase was an estimate of additional ManagementCo costs required to perform additional services requested by the Stadium Authority. Section 2.9 of the Management Agreement requires ManagementCo to "operate the Stadium as a quality NFL and multi-purpose public sports, public assembly, exhibit and entertainment facility, to a standard of quality comparable to other similar facilities". Section 2.9 also requires ManagementCo to "Control Manager Operating Expenses, StadCo Operating Expenses and Stadium Authority Operating Expenses".

The Stadium Authority believes that it has been reasonable with its requests to perform oversight based on the requirements of the various agreements. Accordingly, the Stadium Authority does not believe that our requests are above and beyond the normal costs of their day to day operations and would like to understand more details of this request and their characterization as "additional services". With that in mind, Stadium Authority staff is recommending a budget of \$110,000 in the "Other Expense" line item and, upon supporting documentation, staff is amenable to bringing forward a budget adjustment with the appropriate detail of what the expense will fund. However, if there have been additional services requested of ManagementCo, they have been either consistent with the agreements while not implemented in prior years, have been denied by ManagementCo, or, in some cases, we feel may have resulted in the Stadium Authority not fully understanding the full financial transactions of ManagementCo.

Like last year, this Proposed Budget is presented on an accrual basis which provides increased transparency for projected revenues and expenses, with added detail about financial transfers. The total Stadium Authority Operating Budget for FY 2019/20 is \$73.6 million and represents a decrease of \$58.5 million, or 44% reduction, compared to the prior fiscal year. This decrease is primarily due to the inability to budget the Non-NFL event revenue and expenses at the gross level in FY 2019/20 due to ManagementCo's reservation with forecasting fiscal activity for non-scheduled Non-NFL

events. Therefore, staff budgeted \$5.8 million which continued the past practice of budgeting at the Net Non-NFL Event Revenue level based on the Stadium Marketing and Booking Fee Benchmark for FY 2019/20 as outlined in Section 3.4 of Amendment No. 1 to the Management Agreement.

KEY ISSUES IN THE PROPOSED BUDGET

There are several key issues to surface as part of the discussion for the Proposed FY 2019/20 Operating, Debt Service, and Capital Budget: Stadium Authority Financial Management System, Naming Rights Agreement, Performance Rent, General and Administrative Expenses, Debt Service Payments, Capital Expense Budget, and Marketing Plan.

Stadium Authority Financial/Accounting Management System - On March 1, 2019, the ManagementCo and Stadium Authority staff discussed the opportunity to establish a stand-alone Stadium Authority financial/accounting management system. Over the past years, ManagementCo has commingled its portion of the revenues and expenses of the Stadium Authority into its San Francisco 49ers financial management system. There has been dispute over possession of documents, access to financial information, and overall improved knowledge of the complete set of financial information pertaining to the Stadium Authority. ManagementCo now agrees to work with the Stadium Authority to establish a segregated financial management system for the Stadium Authority, where Stadium Authority staff has full access to the system, supporting documentation, and in real-time (not at the end of the fiscal year or on other terms that require the Stadium Authority to always look backwards to understand financial activity). The Work Plan and details to support this effort still need to be established, but there is already some level of agreement on approach to achieve implementation. Not included in this budget, and subject to more due diligence, is the Stadium Authority staffing costs, along with the Stadium Authority's portion of costs to procure such system, which will be brought back to the Stadium Authority Board when completed and prepared for Board consideration.

Naming Rights Agreement between Santa Clara Stadium Authority and Levi Strauss & Co. ("Naming Rights Agreement") - It is important to note, that the Naming Rights agreement with Levi's® requires the Stadium Authority to hold at least 36 "Major Events" (with 25,000+ attendees) every three contract years. As of this report, the current number of Major Events held at Levi's® Stadium was fourteen (14) with one year remaining in the current three year period. If fewer than 36 major events are held in the three-year period, Levi's® receives a credit of \$15,000 multiplied by the difference between 36 and the actual number of events held during the three year period. The Second Amendment to the Stadium Management Agreement states that ManagementCo would pay

March 27, 2019**

the Stadium Authority as liquidated damages the amount owed by the Stadium Authority to Levi's®. Given the timing of the agreement terms, this will no doubt be an issue to address in the next fiscal year.

Naming Rights Agreement Three-Year Periods	Number of Major Events
March 1, 2014 to February 28, 2017	39
March 1, 2017 to February 29, 2020	14*

* Through February 2019

Performance Rent - As stated previously, Net Non-NFL Event Revenue directly impacts the amount of Performance Rent that is an expense to the Stadium Authority and paid to the City of Santa Clara. Performance Rent is calculated using 50% of the Net Non-NFL Event Revenue minus performance based credits (see page 28 for more detail on Performance Rent).

Performance Rent Calculation	Fiscal Year 2018/19 Projection	Fiscal Year 2019/20 Budget
Ground Rent	\$ 320,000	\$ 355,000
Net Non-NFL Event Revenue	\$ 3,956,000	\$ 5,796,000
50% of Net Non-NFL Event Revenue	\$ 1,978,000	\$ 2,898,000
Performance Rent Credit (50% of Ground Rent)	\$ (160,000)	\$ (177,500)
Total Performance Rent paid to the City of Santa Clara	\$ 1,818,000	\$ 2,720,500

General and Administrative Expenses - The General and Administrative (G&A) portion of the proposed budget funds expenses to implement the Board's direction and oversight of the Stadium per the various authoritative agreements. As more staff resources have been required to advance the Board's directives, with some remaining gaps in services, Stadium Authority staff has increased its budget to reflect the required general oversight, accounting, and new resources for neighborhood mitigation efforts and ongoing undesirable impacts to neighborhoods resulting from events at the Stadium. Stadium Authority staff recommends a G&A budget for FY 2019/20 totaling \$2.5 million, an increase of \$795,000 or 47% from the prior fiscal year. The Stadium Authority G&A budget makes up 3% of the FY 2019/20 Proposed Stadium Authority Expense Budget of \$73.6 million. A portion of the increase is due to increases in salaries and benefits per negotiated Memorandum of Understandings ("MOUs"), projected increases in the percentage of time City employees are allocating to the Stadium Authority based on increased workload, adding additional support staff approved by Council on September 18, 2018 for record keeping and administrative support, as well as the partial funding of a Deputy City Manager position with specific focus on neighborhood services, policy development pertaining to improved neighborhood conditions during events, deployment of the multi-department public services coordination and oversight, and assignment of routine Stadium issues that require City response and action.

Additionally, the Santa Clara City Council has established a policy priority that applies to the City's public services support of the Stadium Authority, which is to "Ensure Compliance with Measure J and Manage Levi's® Stadium". As part of planned separate action in this budget process, this policy priority is presented for the Board's consideration to establish the foundation for how the Board governs the Stadium Authority and how staff implements the Board's directives in compliance with Measure J.

Debt Service Budget - The FY 2019/20 Debt Service Budget of \$51.6 million is based on the required and additional payments for principal of \$34.9 million and interest of \$16.7 million. The budget reflects a total decrease of \$34.9 million of outstanding debt from \$340.1 million to \$305.2 million.

Capital Expense Budget - The FY 2019/20 Capital Expense ("CapEx") Budget totals \$14.2 million, which includes \$6.3 million in carryovers expenses from the prior year. This budget includes various security improvements, fencing on Tasman, furniture replacement and upgrades, and public safety equipment (a detailed list of CapEx projects begins on page 40).

Marketing Plan - The Stadium Management Agreement states that the Stadium Operation and Maintenance Plan (SOMP) shall include a Marketing Plan (4.10), and the Stadium Lease states that the SOMP shall be presented annually to the Stadium Authority for their consideration and approval (7.2). As part of last year's Stadium Authority budget approval process, ManagementCo and Stadium Authority staff presented the draft Marketing Plan to the Board during a Study Session. This practice allows the Board an opportunity to discuss the effectiveness of the proposed strategies and ask questions.

During discussion of last year's Marketing Plan, the Board discussion supported the mutual effort of ManagementCo and Stadium Authority to develop key performance indicators (KPIs) for the purpose of tracking marketing strategies and the outcomes achieved. The Board approved a recommendation to complete this work within 90 days and collect data. This was not completed, as discussed in November 2018 with the Board, and, unfortunately, the proposed 2019 Marketing Plan did not include KPIs.

The Management Agreement specifically provides that the marketing plan will include information in reasonable detail, as mutually agreed upon by ManagementCo and Stadium Authority. ManagementCo's submitted draft was not mutually agreed upon by the Executive Director, given the Board's discussion last year regarding KPIs. Additionally, given the above discussion relative to the Naming Rights Agreement and the Executive Director's request to include reference to the Naming Rights Agreement and strategies to achieve compliance, which were denied during development of the draft, it is the Executive Director's position that the proposed draft Marketing Plan does not

**HONORABLE BOARD CHAIR AND DIRECTORS
SANTA CLARA STADIUM AUTHORITY**

**Subject: Proposed Fiscal Year 2019/20 Operating, Debt Service, and Capital Budget
March 27, 2019**

include reasonable details that a Marketing Plan should contain, and that were committed to (e.g., KPIs) by ManagementCo last year, to monitor and track activity to book Non-NFL events successfully and in accordance with the goals as described in various agreements and documents. Further, given that ManagementCo's draft 2019 Marketing Plan does not address the various issues that we had discussed with them for over a year, Stadium Authority staff took the effort to detail our questions and comments in good faith and toward achieving a mutually agreed to 2019 Marketing Plan and ManagementCo must do the same. As such, the Executive Director does not recommend approval of the 2019 Marketing Plan given the absence of key information that is pertinent to comply with existing agreements (e.g., Naming Rights Agreement), commitments (e.g., KPIs), and good faith efforts to achieve mutual agreement.

STRATEGIC INITIATIVES AND ACCOMPLISHMENTS

In FY 2018/19, the first ever Stadium Authority Executive Director's Annual Report was published and publicly presented on November 27, 2018 at the Stadium Authority meeting. This marked a significant departure from past practice and demonstrated that the work between the Board and Executive Director were better aligned toward establishing set priorities, initiatives, and with the ability to achieve outcomes.

This past year can easily be characterized as getting the Stadium Authority's business in order, expanding transparency of this public agency's work, and ensuring compliance with Agreements in place for proper oversight of this publicly owned asset. The Board has shown great leadership and support for Stadium Authority's staff work and together we have established strong oversight practices with initial baseline data to inform public safety/public service strategic decision making.

However, our work is not complete and Stadium Authority staff has a good understanding of additional areas that require completion, review, or improved performance. For example, after a year of studying our deployment model and researching other models, we understand deficiencies in our neighborhood deployment during events at Levi's® Stadium, areas of accounting that requires reconciliation, and required communications to optimize our limited public safety/public service resources to support events. It is my opinion that these gaps in service require more resources to meet the Board's direction, establish internal policies, and implement new practices that meet community needs. Staff has been proactive in addressing these resource requirements as evidenced in our recent success with robust recruitment efforts for the "double badge" law enforcement program that resulted in over 40 applicants in one month, detailed reporting on the average value of Non-NFL events and the required activity to support the financials reported (e.g., concerts, soccer, Non-NFL football [College and High School], and non-ticketed events), and have tested new communication strategies to keep our community informed.

Stadium Authority staff initiated and/or accomplished several major work efforts over the past year including, but not limited to:

- **Community Engagement** - (1) Conducted a robust Community Outreach and Engagement work plan to obtain statistically valid data relative to public opinion on community impacts resulting from Levi's® Stadium and for future policy development. Specifically, the purpose of this work plan was to identify the community's perspectives on issues related to Levi's® Stadium such as noise, public safety, nuisances, parking, flyovers, crowd control, cleanliness, loitering, lighting, pyrotechnics/fireworks, performance curfew, and other items. (2) Established a dedicated telephone number to receive input from residents. (3) Increased social media presence to provide advance notice and information about events at Levi's® Stadium. This effort was for both ManagementCo and Stadium Authority to be informed of the community sentiment and develop strategies for addressing them.
- **Noise Monitoring** - Implemented web-based, publicly available, ongoing, real-time noise monitoring services in the areas surrounding the Stadium and training facility.
- **College Football Playoff ("CFP") Championship Game** - Stadium Authority, ManagementCo, and the Bay Area Host Committee ("BAHC") entered into an Assignment and Assumption Agreement that will result in no losses to Stadium Authority budget or the City of Santa Clara's General Fund. In accordance with this agreement, approved by the Board on July 17, 2018, BAHC is responsible for all net expenditures; will share any net revenues with Stadium Authority, if applicable; and, will provide a complete accounting of all revenues and expenses, including supporting documentation. The Stadium Authority has audit rights for which staff will pursue over FY 2019/20 and, at the timing of writing this budget cover letter, is actively closing out reimbursement requirements for public services provided to BAHC for the CFP game.
- **Implemented Measure J Compliance Audit Recommendations** - The Stadium Authority Ad Hoc Audit Committee of the Board ("Committee") maintained a regular meeting schedule to receive updates on staff's efforts to implement the 37 audit recommendation in the Harvey M. Rose Associates, LLC Comprehensive Audit of Stadium Authority Finances. As reported to the Committee on October 29, 2018, Stadium Authority has now implemented approximately 70% of the audit recommendations, and these audit recommendations have provided for strengthened oversight and increased transparency of Stadium Authority's operations for Levi's® Stadium by improved fiscal and operational data and management practices. Examples include the discovery of significant funds held by ManagementCo that have now been transferred over to the Stadium Authority, violations of procurement requirements that will require corrective action by the Board, violations of procurement requirements with respect to required reporting for financial transactions between \$100,000 to \$250,000, and changed administrative processes or formalized practices by Stadium Authority staff. Additional meetings are planned in FY 2019/20 to present additional compliance with these audit recommendations.

March 27, 2019

- **Independent Auditor Function** - The Stadium Authority Agreements allow for a designated Auditor to perform reviews of all Stadium Authority work. This past year, the Stadium Authority Ad Hoc Committee and Board reviewed and approved staff's proposal to establish a formal Stadium Authority Auditor. In turn, after a robust recruitment process, City/Stadium Authority Auditor Linh Lam was appointed to this role; she is a Certified Public Accountant who has met the State of California audit experience requirement, qualifying her to attest to reports, findings, and audit engagements. Already, the Stadium Authority Auditor has worked to address performance audits, including a proposed audit of ManagementCo's procurement practices due to their recent violation with Section 2.1 of the First Amendment to the Stadium Management Agreement. The Auditor, with support of consultant services, will also work to reconcile the past four years of general ledger entries and the Construction Fund expenditures that have been the focus of past Board meetings.
- **Policy Manual Development** - As capacity has allowed, established a Board Policy Manual as part of strengthening the Stadium Authority's policies to improve governance, transparency, and responsiveness to the Santa Clara community and Levi's® Stadium obligations.
- **Stadium Authority Coordination** - Instituted weekly Stadium Authority staff business meetings to develop stronger proactive community communications with the goal of addressing concerns revealed from the community research work. These meetings provide a forum to address community issues, and for organizational awareness of City and Stadium Authority services required to support Levi's® Stadium, staffing coverage and deployment issues for planned NFL/ Non-NFL events.
- **Rent Arbitration Award** - On June 18, 2018, the arbitrator entered an Interim Arbitration Award in favor of the Stadium Authority and on August 2, 2018 an Order Regarding the Parties' Interim Award Responses was issued essentially serving to make the Interim Award final. This adjusted the rent from \$24.5 million to \$24.8 million, an increase of \$262,000 per year. Since this increase was retroactive to the first lease year the result was an additional \$1.31 million in rent revenue for the first five years of operations. On December 10, 2018, the arbitrator entered the Final Arbitration Award which included the reimbursement of reasonable attorney's fees to the Stadium Authority in the approximate amount of \$2.3 million.
- **Average Value of Non-NFL Events** - Over the past year, staff worked diligently to respond to the long standing Board directive to report in greater detail on the Non-NFL events financial activity. Striking a balance between concern for market interest confidentiality and competitiveness and public agency transparency, for the first time since the inception of Non-NFL events at Levi's® Stadium, Stadium Authority staff presented the following table which provided information for the Board to better understand which events are profitable, money-losers, volume of events required to make up for losses, and average value of a Non-NFL event. This was a critical juncture in the history of Stadium Authority financial reporting because it

equips the Board with making informed decisions and truly understanding the financial performance for these events. As a reasonable practice, the combination of the following information and a detailed Marketing Plan can yield valuable information for understanding the deployed strategies and the impacts to the financial bottom line.

STADIUM AUTHORITY FY 2019/20 WORK PLAN

The recommended funding for G&A in the amount of \$2.5 million is set at a level to implement the FY 2019/20 Work Plan. The Work Plan includes efforts to ensure compliance with the Amended and Restated Stadium Lease and various agreements (Stadium Management Agreement, Stadium Operations Agreement, Parking Agreement, etc.), as well as with all various permit conditions (e.g. temporary field seats) and applicable City Code and other laws and regulations. As reported to the Board, together with the Stadium Authority Counsel, I have continued the Board's position that ManagementCo produce for our possession all Stadium Authority documentation, comply with our mutual agreements, and be responsive to our audits. The discussion addressing the Naming Rights Agreement, Stadium Authority Financial/Accounting Management System, and good faith efforts to achieve a mutually agreed to 2019 Marketing Plan are already included in the proposed Work Plan; however, additional actionable items are required for this fiscal year.

The Work Plan also includes developing policy options for Board consideration for two high interest topics: the Community Room and San Thomas Aquino Creek Trail access during events. As outlined extensively in my correspondence dated August 31, 2018, following Board direction in November 2017, Stadium Authority staff worked with ManagementCo to find an alternate location for a Community Room at Levi's® Stadium that is more accessible (both in location and cost) than the current space. Due to ManagementCo's active cooperation and apparent commitment to make the space available, the Stadium Authority FY 2018/19 Operating, Debt Service, and Capital Budget included a capital budget appropriation to build out that particular designated space and, as such,

**HONORABLE BOARD CHAIR AND DIRECTORS
SANTA CLARA STADIUM AUTHORITY**

**Subject: Proposed Fiscal Year 2019/20 Operating, Debt Service, and Capital Budget
March 27, 2019**

the Stadium Authority approved a specific amount of \$630,000 which was established based on a cost estimate for build out of that designated space. However, the Forty Niners Stadium SC Company, LLC (“StadCo”) sent notice on September 12, 2018 that they would not convert this space or make it available for a community room purpose. Additionally, our efforts to request documents from ManagementCo (including copies of lease agreements) were not successful and did not allow for Stadium Authority staff to fully understand the financial/lease terms required to successfully make this space available. As part of the FY 2019/20 Work Plan, and upon completion of this budget development workload, staff will seek Board input on proposed next steps, including evaluation of the other locations discussed earlier in 2018, to finally resolve this issue.

For the San Thomas Aquino Creek Trail, Stadium Authority staff will evaluate options for keeping the Trail open during Levi’s® Stadium events and/or providing alternate routes if portions of the Trail are closed. For example, the Work Plan includes comparison to other stadiums or arenas, such as the Barclays Center, SAP Center at San Jose and Madison Square Garden, where the perimeter allows for a shallower entrance. It is of particular interest to Stadium Authority staff to more fully understand how these venues have shallow security perimeters and still maintain safety levels required for large venues. These examples offer favorable opportunities to examine how to proceed with our analysis and, with added resources, it is staff’s belief that we can achieve an outcome that addresses the community concerns.

The FY 2019/20 Work Plan also continues efforts that began following the March 23, 2018 soccer match to review and improve our multi-department deployment model, with a specific focus on law enforcement deployment methodology and neighborhood protection. This includes evaluating and modifying our deployment model as well as other options, such as a parking permit program, number of public service staff deployed per event, and continuing our multi-departmental coordination to minimize effects of events at Levi’s® Stadium on the surrounding neighborhoods and the Santa Clara community as a whole. To support these efforts, I am recommending the addition of a Deputy City Manager position during the City budget process which will be partially funded by this budget, as well as capital funds to install fencing at the Lafayette Street and Tasman Drive overcrossing to prevent unsafe pedestrian traffic and discourage improper rideshare pickups and drop-offs in that area. The Board has expressed concern for the ongoing neighborhood impacts during Stadium events, along with the absence of permanently addressing these concerns.

Additionally, the statistically valid community base line data found:

- In a telephone survey of registered Santa Clara voters, 60 percent of survey takers said noise from stadium events was one of the most important issues to address.
- A survey conducted by EMC Research found that approximately a third of near neighbors and citywide voters were concerned about noise from events at night.

**HONORABLE BOARD CHAIR AND DIRECTORS
SANTA CLARA STADIUM AUTHORITY**

**Subject: Proposed Fiscal Year 2019/20 Operating, Debt Service, and Capital Budget
March 27, 2019**

- The EMC Research survey also found that roughly a third of near neighbors and citywide voters were concerned about the number of weekday events.
- Public Dialogue Consortium's 2018 engagement activities included community interviews at two events, focus groups, online questionnaire and three community events with over 400 participants echoed what the surveys told us. Near neighbors voiced concerns about noise generated by Stadium events, including post-event noise from people and traffic.
- Many residents involved in the Public Dialogue Consortium's public engagement process stated that a lack of trust developed between the City, community and ManagementCo, due to the lack of financial transparency and follow through on initial commitments made when voters approved the Stadium via Measure J.

Existing staff capacity does not allow for staff to absorb the required multi-department and agency deployment and policy development to advance these ongoing concerns and, it has become clear, that this is not a one-time assignment as event conditions and impacts change based on event type, impacts, etc. The most recent example of the multi-department and multi-agency deployment complexity for the March 26th soccer match between the 2019 Mexican National Team vs. Paraguay is an example of the need to add dedicated resources to improve coordination and deployment strategies. While staff resources exist to adequately address the administrative needs of the Stadium Authority, the Stadium Authority has never considered adding the needed resources to improve coordination between the various departments to support events and to maintain constant communication with our neighborhoods. The addition of a focused resource in this area will allow for existing staff to stay focused on the Board's direction, while also addressing community focused needs.

The FY 2019/20 Work Plan includes the following items from the Stadium Authority Auditor's Annual Audit Work Plan:

- Analyzing the Stadium Authority's review procedures for Non-NFL events' revenues and expenses and provide feedback on procedure and control issues, if any.
- Reviewing the Stadium Authority Financial Reporting Policy with staff and external auditors and providing feedback on best practices.
- Reviewing past Construction Fund and Public Safety transactions and providing feedback on the allocation of staff charges (contracted service).
- Annual External Financial Audit for the Stadium Authority (contracted audit service).

Combined, the proposed Work Plan is significant compared to year's past and will require additional dedicated resources to implement. Unfortunately, some of these task are not necessarily new, but

**HONORABLE BOARD CHAIR AND DIRECTORS

are efforts that had been delayed until resources or expertise were put into place, intentionally deferred, or disputed and for which now there is a path of how to proceed.

CONCLUSION

As with any proposed budget, there are risks that we can factor into our projections and those that we cannot. For example, some of our revenue projections are more fiscally conservative than in previous years. In some instances, this was necessary due to factors that can easily not materialize and the need to plan accordingly. For example, the Proposed Budget projects \$5.8 million of Net Non-NFL Event Revenue which can easily swing more or less favorable due to the actual number of events held, as well as increased costs of public service resources required to support these events, and the inevitable impact of a moderate or severe economic slow-down. The Proposed Budget is sensitive to each of these cost scenarios and, if changes should occur, Stadium Authority staff would be sure to bring forward any required budget amendments for the Stadium Authority Board to consider.

Within the above context, Levi's® Stadium continues to be a desirable venue for Non-NFL events such as concerts, soccer events, small and large corporate events and other gatherings (e.g., weddings, private parties, etc.). As we look forward, the following major Non-NFL events are scheduled in the near horizon for FY 2019/20, with more to come:

- Monster Jam — Saturday, April 13, 2019
- U.S. Women's National Team vs. South Africa — Sunday, May 12, 2019
- The Rolling Stones "No Filter" Tour — Saturday, May 18, 2019

This budget outlines a work program and financial strategy to assist in meeting the guiding principles of the Stadium Authority, namely that no City of Santa Clara General Fund monies are to be used to fund Stadium costs, Board oversight of its property manager, and to ensure that the Stadium Authority and ManagementCo continue to be held accountable to the various agreements. Our commitment is to continue to look for improvements within the organization and to deliver the kind of results that the public expects. I look forward to presenting this proposed budget at our upcoming sessions.

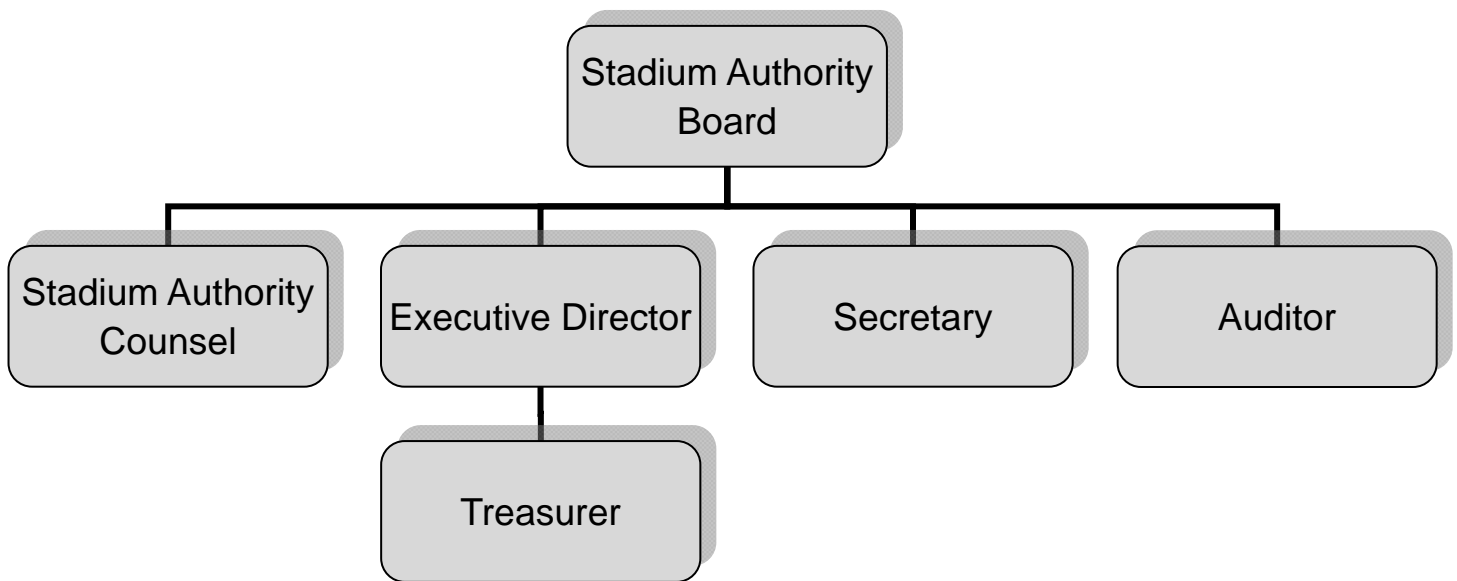

Respectfully Submitted,

Deanna J. Santana
Executive Director

GENERAL INFORMATION

This Santa Clara Stadium Authority (“Stadium Authority”) Budget Report provides information covering the Proposed FY 2019/20 Operating, Debt Service, and Capital Budget as well as comparative data from prior fiscal years. Estimated revenue and expense information (three quarters of actuals and one projected quarter) included in this report for the FY 2018/19 is unaudited and therefore subject to change as a result of the annual audit conducted by an external and independent auditing firm.

In addition to this report, the Stadium Authority produces annual financial statements within six months of the fiscal year-end (March 31st). These financial statements are audited by an external auditing firm and presented to the Stadium Authority’s Audit Committee and Board. Once presented to the Board, the financial statements are published on the Stadium Authority’s web page. The FY 2018/19 audited financial statements will be presented to the Board in August 2019.

The Stadium Authority is structured so that the City of Santa Clara (“City”) is not liable for the debts or obligations of the Stadium Authority.

All services provided by the City to ManagementCo or the Stadium Authority are fully reimbursed. Types of services include the following:

- Administrative General Fund costs that are spent during operations are separately tracked using special account codes in the City’s financial system and all such costs are billed for reimbursement.
- General Fund public safety costs for NFL and Non-NFL events are separately tracked and all such costs are billed for full reimbursement.

NFL EVENT HIGHLIGHTS - YEAR IN REVIEW

The San Francisco 49ers played ten (10) National Football League (“NFL”) games (two pre-season games and eight regular season games) in FY 2018/19. The total number of tickets sold for these games was 651,237, an average of 65,124 tickets sold for each game. The ticket sales resulted in \$8.1 million of NFL ticket surcharge revenue to Stadium Authority (based on the 10% NFL ticket surcharge on each ticket sold). A total of \$228,000 of Senior and Youth Program Fees were collected and forwarded to the City in FY 2018/19.

Operators who wish to operate a parking lot for sports or entertainment venues are required to go through the City’s permitting process. If approved, per the City’s Municipal Fee Schedule, these operators remit an offsite parking fee for each car that is parked for sports or entertainment events. This fee was designed to recover the public safety costs associated with these permitted offsite parking lots. Therefore, when invoicing for NFL or Non-NFL public safety costs for a particular event held at Levi’s® Stadium, the offsite parking fee that is collected for said event partly offsets the total public safety costs owed for that event. In the City’s FY 2017/18 (July 1, 2017 through June 30, 2018) the offsite parking fee was \$5.42 and it increased to \$5.63 in the City’s FY 2018/19.

Cars parked at the permitted offsite parking lots equaled 56,390. The associated offsite parking fee generated \$317,000. There were also 4,729 cars that were parked on the City’s Tasman lots. The Tasman lot parking fee generated \$24,000 for the City’s General Fund.

NON-NFL EVENT HIGHLIGHTS - YEAR IN REVIEW

There were a total of 290,341 tickets sold for the eleven ticketed Non-NFL events that were held in the first three quarters of FY 2018/19, resulting in \$1.2 million in Non-NFL event ticket surcharge revenue (from the \$4 per ticket Non-NFL event surcharge).

As stated in the NFL Event Highlights, Operators who wish to operate a parking lot for sports or entertainment venues are required to go through the City's permitting process. Approved operators remit an offsite parking fee, per the City's Municipal Fee Schedule, for each car that is parked for sports or entertainment events. This fee was designed to recover the public safety costs associated with these permitted offsite parking lots. Therefore, when invoicing for Non-NFL public safety costs for a particular event held at Levi's® Stadium, the offsite parking fee that is collected for said event should partly offset the public safety costs incurred with respect to the operations, parking, and traffic management. Cars parked at the permitted offsite parking lots equaled 26,041 in the first three quarters of FY 2018/19 resulting in \$144,000 in offsite parking fees from Non-NFL events.

There were also 87 smaller special events with 32,593 total attendees in the first three quarters of FY 2018/19. Examples of these special events include corporate events of various sizes, weddings, holiday parties, etc.

As mentioned previously in the transmittal letter, the Stadium Authority, ManagementCo, and the Bay Area Host Committee ("BAHC") entered into an Assignment and Assumption Agreement that would result in no losses to the Stadium Authority or the City of Santa Clara's General Fund for the College Football Playoff Championship game. Although this was not treated as a Non-NFL event, the Stadium Authority did receive the Non-NFL event ticket surcharge of \$4 per ticket for this event.

Note: One additional ticketed Non-NFL event and a number of smaller special events are scheduled before the end of the fiscal year which will result in a change in the numbers reflected in this section.

Stadium Authority Board Duties and Proposed General and Administrative Budget

The Board is a public entity responsible for governing the matters concerning Levi's® Stadium. As such, the Board is responsible for setting policy direction, ensuring implementation of its policy direction and other due diligence requirements through Stadium Authority staff, and auditing/oversight of its policy implementation, as reasonable and necessary.

To accomplish Board direction, staff recommends the following administrative budget for the 2019/20 Fiscal Year totaling \$2.5 million, or 3%, of the total Fiscal Year 2019/20 Proposed Stadium Authority Operating Expense Budget of \$73.6 million. With this recommended budget, staff will support the Board with its oversight of Levi's® Stadium per the various agreements with ManagementCo and Forty-Niners SC Stadium Company LLC (StadCo or Tenant) of the stadium, such as:

1. Uphold fiduciary responsibilities and debt obligations;
2. Maintain a productive and functional business relationship with the Tenant;
3. Develop Board policies as required for proper governance and transparency efforts concerning the Stadium Authority oversight efforts;
4. Continue the current community engagement process to address the public opinion research of the community impacts of Levi's® Stadium, with a focus on neighborhood response and public service deployment improvements;
5. Continue the current noise monitoring program;
6. Implement public safety expert's recommendations during events held at Levi's® Stadium;
7. Address the Work Plan items, as referenced in the Executive Director's transmittal letter to this budget; and,
8. Develop and implement oversight initiatives consistent with public entity organizations.

Stadium Authority staff are responsible for the programmatic oversight and audit of Stadium activities. As part of this budget, the oversight of stadium activities is allocated primarily to the Executive Director, the Chief Operating Officer, the Treasurer and supporting staff. As mentioned in the prior year budget, current staffing levels were under review and it stated that the Executive Director may bring forward staffing adjustments for the Board's consideration. As part of the review, the Executive Director is recommending a Deputy City Manager position with specific focus on neighborhood services, multi-department public services coordination, and overall deployment coordination. The Stadium Authority is already sufficiently staffed with management and financial resources to maintain the current level of operations; but, to the extent that Work Plan items continue to increase, more resources will be needed (e.g. implementation of a Stadium Authority Financial/Accounting System).

STADIUM AUTHORITY OPERATING BUDGET (CONT.)

As such, the Stadium Authority G&A expense budget of \$2.5 million provides the financial means in which to fulfill the Board policy direction and strategic initiatives. A breakdown of the Stadium Authority's portion of the overall operating expense budget of \$73.6 million is shown below.

Stadium Management Fee: ManagementCo receives an annual base management fee to manage Levi's® Stadium. The fee was \$400,000 in the first lease year and increases by 3% annually. The table below shows the first 10 years of the base management fee and the stadium marketing and booking fee benchmark. It also shows the first four years of net income from Non-NFL events and a projection of the fifth year as well as the applicable marketing and booking fee which was 5% of the net Non-NFL income over the benchmark. STADIUM MANAGER SHARED EXPENSES

The Stadium Management Agreement is between the Stadium Authority, StadCo and ManagementCo and was entered into as of March 28, 2012. This agreement provides Stadium Authority with the expertise of an outside manager to oversee the day-to-day operations of Levi's® Stadium. Additionally, the Amended and Restated Stadium Lease Agreement between Stadium Authority and StadCo was made and entered into as of June 19, 2013.

This agreement amended the original stadium lease to set the initial rent, to allow StadCo to enter into agreements with alternative energy providers, to cap Stadium Authority's share of the insurance costs at a fixed amount each year, and to require Stadium Authority to fund various reserves.

Per the terms of the stadium lease, StadCo leases the stadium from the Stadium Authority for half of each fiscal year, and is responsible for the Stadium Manager operating expenses during that period. The Stadium Manager operating expenses for the other half of the year are the responsibility of the Stadium Authority. Section 8.3.1 describes the proportionate share of Stadium Manager expenses that are owed by the Stadium Authority and StadCo. Namely that most stadium manager operating expenses are split 50/50 with grounds-keeping being the exception with a 70/30 split, StadCo being responsible for the larger share.

ManagementCo procures insurance for Levi's® Stadium for the entire year and the cost is shared between Stadium Authority and StadCo.

Section 4.7 of the management agreement notes that ManagementCo will provide an Annual Shared Stadium Expense Budget to be adopted annually by Stadium Authority and StadCo.

Once the budget has been adopted, ManagementCo invoices Stadium Authority monthly for its budgeted portion of shared expenses which include stadium manager operating expenses. As part of the year-end work, the budgeted amounts that were paid are trued up with actuals for which ManagementCo provides details.

STADIUM AUTHORITY CAPITAL EXPENSE BUDGET

The Capital Expense (CapEx) Budget is used to fund the purchase or upgrade of fixed assets for the Stadium. While the funding for appropriations occur on an annual basis, the Capital Expense Plan extends for a five year period (shown on page 44 of this report). Changes to existing projects, as well as the addition of new projects, may occur during the five year planning period as new needs are identified. The appropriations for capital projects do not lapse at year-end but carryover into future years until the project is complete.

The FY 2019/20 CapEx Budget totals \$14.2 million. Of this total, \$6.3 million of prior year appropriations are projected to be carried over from FY 2018/19 (\$1.5 million of the projected carryover amount is for warranty related construction, and the other \$4.8 million is for prior year CapEx projects). New capital improvement appropriations equal \$7.9 million.

A detailed listing of proposed FY 2019/20 projects is provided on page 40 of this report.
