6 November 25, 2003. Amendment 2 extended the term of the Contract through

8 annual inspections of SVP's Black Butte and Stony Gorge Transmission Lines.
9

10 2.4 SVP requested WAPA discontinue performing annual inspections of the

12 Amendment 3 to the Primary Contract on December 7, 2005 to terminate said
13 inspections.
14

15 2.5 In 2015, SVP requested WAPA resume performing annual inspections of
16 the Black Butte and Stony Gorge Transmission Lines, and the Parties executed
17 Amendment 4 to the Primary Contract on June 30, 2015 to provide for said
18 services.
19

20 2.6 In 2018, the Parties entered into Amendment 5 to extend the term of the
21 Primary Contract to December 31, 2023.
22

23 2.7 SVP is now requesting WAPA perform inspections of some of its other
24 transmission lines. WAPA may be agreeable to performing inspections of SVP's
25 other lines, as provided for in this Amendment 6.
