Help Shape the Future of Santa Clara District Elections

The City is seeking input from the community on the number of districts. Is the current six-district model working or would some other model be preferred?

Introduction

A majority of Santa Clarans have indicated support for moving to district-based elections for its councilmembers, with the Mayor being elected at-large. Currently, the City of Santa Clara is operating under an interim six council district system, with one councilmember elected to represent each district.
