1. That the Planning Commission hereby finds that the above Recitals are true and correct and by this reference makes them a part hereof.

3. That the Planning Commission hereby finds as follows:

A. The establishment or operation of the use or building applied for, under the circumstances of the particular case, is essential or desirable to the public convenience or welfare in that the proposal would serve to expand the options available to local and regional customers by providing additional retail services at an existing warehouse to meet the interests of local customers and residents from the greater region;

B. Said use will not be detrimental to any of the following:

1) The health, safety, peace, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, in that the proposal would allow the sale of alcohol for consumption off the premises where sold in an existing warehouse which meets all City of Santa Clara codes and regulations; the warehouse will be routinely manned

and maintained; and the business will comply with all City and state laws regarding the sale of prepackaged alcoholic beverages;

2) The property or improvements in the neighborhood of such proposed use, in that the proposed use will occur in an existing warehouse, and on-site parking is sufficient and available to service the proposed use and the existing uses;

3) The general welfare of the City, in that the proposed use expands the options available to the local and regional population by providing additional services to support businesses and residents in the vicinity of the Site Location;

C. That said use will not impair the integrity and character of the zoning district, in that the proposal is designed and conditioned in a manner to be compatible with adjacent industrial development, on a developed parcel, with adequate parking, and properly designed ingress and egress points; and,

D. That said use is in keeping with the purposes and intent of the Zoning Code, in that sale of off-sale alcoholic beverages for consumption off the premises, may be conditionally permitted when the use would not be objectionable or detrimental to the adjacent properties in this Heavy Industrial zoning district.

4. That the Planning Commission hereby approves Use Permit PLN2019-14207 to allow the sale of alcoholic beverages for consumption off the premises (ABC License Type 21) in a 320 square-foot portion of the existing 57,077 square-foot warehouse at 750 Laurelwood Road, subject to the Conditions of Approval and development plans, attached hereto and incorporated herein by this reference.
